DOCUMENTS INCLUDED FOR REFERENCE

1. **Recommended Capital Improvement Program for Fiscal Years 2026-2030**

2. **Resident's Guide to the Recommended Fiscal Year 2026 Budget**

ROLL CALL ORDER FOR MEETING

Cavanagh, Farber, Jones, Resnick, Roussell, Sprank, Wethal

ITEMS SET FOR PUBLIC HEARING

These agenda items are being scheduled for a future public hearing on the date indicated.

1. **Set Public Hearing on Fiscal Year 2026 City Budget**
   City Manager recommending that the City Council set a public hearing for April 28, 2025, on the Fiscal Year 2026 City budget, operating and capital improvement program, for the City of Dubuque.

RESOLUTION Setting The Date For The Public Hearing On The Fiscal Year 2026 Budget For The City Of Dubuque
RESOLUTION Setting The Date For The Public Hearing On The Five-Year Capital Improvement Program For Fiscal Years 2026 Through 2030 For The City Of Dubuque
Suggested Disposition: Receive and File; Adopt Resolution(s), Set Public Hearing for April 28, 2025

PUBLIC HEARINGS

1. **Emergency Management Fiscal Year 2026 Budget Presentation**

2. **Emergency Communications Fiscal Year 2026 Budget Presentation**

3. **Police Fiscal Year 2026 Budget Presentation**

4. **Fire Fiscal Year 2026 Budget Presentation**

ADJOURNMENT

The agenda with supporting documents may be accessed at www.cityofdubuque.org or at the City Clerk's Office at ctyclerk@cityofdubuque.org or by mail to 50 W. 13th Street, during regular business hours.

This notice is given pursuant to Chapter 21, Code of Iowa, and applicable local regulations of the City of Dubuque, Iowa and/or governmental body holding the meeting.

Written comments regarding the above items may be submitted to the City Clerk's Office at ctyclerk@cityofdubuque.org or by mail to 50 W. 13th St., Dubuque, IA 52001, before said time of meeting.

Individuals requiring special assistance should contact the City Clerk's Office as soon as feasible at (563) 589-4100, ctyclerk@cityofdubuque.org. Deaf or hard-of-hearing individuals can use Relay Iowa by dialing 711 or (800) 735-2942.

CITY OF DUBUQUE

CITY OF DUBUQUE, IOWA
Fiscal Year 2026-2030 Capital Improvement Program (CIP)

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

Attached is the Fiscal Year 2026-2030 Capital Improvement Program (CIP). State law requires that a five-year CIP be adopted by the City Council after a public hearing. The required CIP public hearing will be held April 28, 2025, at the same time as the public hearing on the Fiscal Year 2026 Operating Budget.

The CIP, as the plan for the City's physical development effort, attempts to address a variety of needs that the City must meet if it is to maintain its physical facilities, meet its service commitments and provide for its future development. The CIP adoption reflects the City's comprehensive plan and the goals and priorities established by the City Council and are shown in each of the State mandated budget program areas.

With the pledge of the $1.1 trillion dollar federal infrastructure package and other opportunities to compete for grants, the City was successful in obtaining several large grants an now will be implementing those projects, especially the Bee Branch Flood Mitigation Project, 16th Street Pumping Station, and the 14th Street Overpass project.

A particular emphasis in this five-year CIP is modernization, maintenance, and extension of the City sanitary sewer system to accommodate the growth the City is currently experiencing, and anticipating in the next few years and beyond. In the current fiscal year (FY 2025), the City will have allocated $40,809,198 and in this new five-year CIP, the City will have allocated an additional $90,406,304 for a total of $131,215,502 from January 2025 through December 2029.

The Fiscal Year 2026 CIP budget recommendation of $91,803,749 is a 3.44% increase from the Fiscal Year 2025 CIP budget of $88,753,825.

The City will issue $152,147,710 in new debt in the recommended five-year CIP, mostly for fire equipment replacement, fire station improvements, fire station expansion, airport improvements, Chaplain Schmitt Island Iowa Amphitheater, reimagine Comiskey park development, neighborhood park developments, Federal Building renovations, solid waste collection vehicles, sanitary sewer improvements, water improvements, stormwater improvements, parking improvements, and renovation of Five Flags, for a total of $152,147,710 of debt in FY 2026-2030. **The City will retire $139,519,604 of existing debt, increasing the amount of City debt by $12,628,106. By far the greatest use of debt over the next five years is for sanitary sewer maintenance and improvements ($78,399,027).**

For Fiscal Year 2026, the use of the statutory debt limit would be 33.50%, and by the end of the Recommended 5-Year Capital Improvement Program (CIP) budget in Fiscal Year 2030, the City of Dubuque would be at 32.90% of the statutory debt limit.

In this budget recommendation, the Mayor and City Council are currently reviewing, projections out 10 years to Fiscal Year 2035 show the City of Dubuque at 19.66% of the statutory debt limit. This is an improvement on the debt reduction plan adopted in August 2015, that first began implementation in Fiscal Year 2016.

In the extremely low interest rate environment prior to 2015, the City had been increasing the use of debt to accomplish the projects that need to be done. To have any success, a community must have a sound infrastructure. The Mayor and City Council has recognized the infrastructure issues Dubuque faces and has been responsive. While there was some criticism of City use of debt to deal with those infrastructure challenges, that criticism fails to recognize that not financing the needed infrastructure maintenance and improvements is also a form of debt that is passed down to future generations. This was a strategic decision by the City Council realizing that infrastructure investment just gets more expensive over time for these reasons: a) the older a piece of infrastructure gets and the more it is allowed to deteriorate increases costs; b) the longer the wait to invest in infrastructure the costs are increased by inflation; and c) If the investment in infrastructure is not made in this low interest rate environment this investment will eventually need to be made when interest rates are higher, thereby increasing costs. However, beginning in FY 2016 the City Council at their 2015 Goal Setting Session debt reduction was adopted as a High Priority. So the amount of outstanding debt began to decrease and in Fiscal Year 2026 the City will be issuing slightly more debt ($4,698,236) than is retired and many projects will become pay-as-you-go. However, in 2022 a fourth reason was created for considering using debt for infrastructure projects and that is the massive amount of federal grant money that was being made available.Most of these grants require matching dollars and most require that the engineering work already be financed and completed to make the projects shovel ready.

The debt principal outstanding projected as of June 30, 2025, is currently $281,085,184. The breakdown of the debt principle outstanding as of June 30, 2025, is as follows:

Debt Obligation	**6/30/2025 Principle Outstanding**
General Obligation Essential Corporate Purpose	$100,598,999
Less General Obligation Debt Subject to Annual Appropriation	$(14,625,570)
Tax Increment Notes and Bonds	$15,565,000
Economic Development TIF Rebate Agreements	$5,561,674
Other Revenue-Backed Loans	$2,664,171
Total Indebtedness Subject to Statutory Debt Limit of $262,722,395	$109,764,274
Percent of Statutory Debt Limit Used as of June 30, 2025	34.10%
Revenue Bonds	$156,695,340
Less Revenue Bonds Subject to Annual Appropriation	($11,803,968)
Add Debt Subject to Annual Appropriation	$26,429,538
Total City Indebtedness as of June 30, 2025	**$281,085,184**

The City will issue $152,147,710 in new debt in the Recommended 5-year CIP, mostly for fire equipment replacement ($4,163,408), fire station improvements, fire station expansion, airport improvements, reimagine Comiskey Park ($1,697,000), neighborhood park developments, Federal Building renovations ($5,640,600), solid waste collection vehicles, sanitary sewer improvements ($90,406,304), water system projects ($15,956,673), stormwater improvements, parking maintenance ($5,240,000), renovation of Five Flags ($22,890,869), and Central Avenue improvements ($6,440,000).

Project	FY 2026	FY 2027	FY 2028	FY 2029	FY 2030	Total
Fire Equipment Replacement (LOST)	$ 401,060	$ 544,000	$ —	$ —	$ —	$ 945,060
Fire Station Expansion/Relocation (LOST)	$ —	$ —	$ —	$ —	$ 500,900	$ 500,900

Central Avenue Corridor (GDTIF)	$ —	$ —	$ 1,760,000	$ 1,780,000	$ 2,900,000	$ 6,440,000
Federal Building Renovation (GDTIF)	$ 945,600	$ —	$ —	$ —	$ 4,695,000	$ 5,640,600
Five Flags Renovation (GDTIF)	$ —	$ 2,750,000	$ 3,040,000	$ 8,128,869	$ 8,972,000	$ 22,890,869
Parking Ramp Major Maintenance (GDTIF)	$ 2,857,400	$ 350,000	$ —	$ —	$ 2,033,000	$ 5,240,400
Solid Waste Collection Vehicles - Refuse	$ 220,000	$ 375,000	$ 595,000	$ 375,000	$ 845,000	$ 2,410,000
Sanitary Sewer Projects	$ 20,079,873	$ 17,796,826	$ 19,938,126	$ 12,413,852	$ 8,170,350	$ 78,399,027
Stormwater Projects	$ 632,643	$ 820,000	$ 723,500			$ 2,176,143
Water Projects	$ 750,000	$ 1,524,715	$ 9,158,146	$ 4,523,812	$ —	$ 15,956,673
Total New Debt	**$ 29,189,076**	**$ 27,215,540**	**$ 36,856,772**	**$ 28,856,664**	**$ 30,029,658**	**$ 152,147,710**

The City will retire $139,519,604 of existing debt over the next five-years (FY26-FY30).

The following chart shows the net reduction of debt from Fiscal Year 2026 - Fiscal Year 2030:

Project	FY 2026	FY 2027	FY 2028	FY 2029	FY 2030	Total
New Debt	$ 29,189,076	$ 27,215,540	$ 36,856,772	$ 28,856,664	$ 30,029,658	$ 152,147,710
Retired Debt	-$24,490,840	-$26,781,297	-$28,355,118	-$29,751,697	-$30,140,652	-$139,519,604
Net Debt Increase (Reduction)	**$4,698,236**	**$434,243**	**$8,501,654**	**-$895,033**	**-$110,994**	**$12,628,106**

There was a 0.53% increase in assessed value effective January 1, 2024, which is the assessment the Fiscal Year 2026 statutory debt limit is based on. The statutory debt limit effective June 30, 2026 is $323,629,585. **The City will be at 33.50% of statutory debt limit by June 30, 2026**. In FY 16 the City was at 86.13% of statutory debt limit, so **33.50% in Fiscal Year 2026 is a 53.04% decrease in use of the statutory debt limit.**

The ten year history of the City's use of the statutory debt limit is as follows:

FY 15	FY 16	FY 17	FY 18	FY 19	FY 20	FY 21	FY 22	FY 23	FY24	FY25
90.00%	86.54%	66.06%	59.79%	52.90%	46.91%	43.51%	43.33%	39.36%	40.07%	34.85%

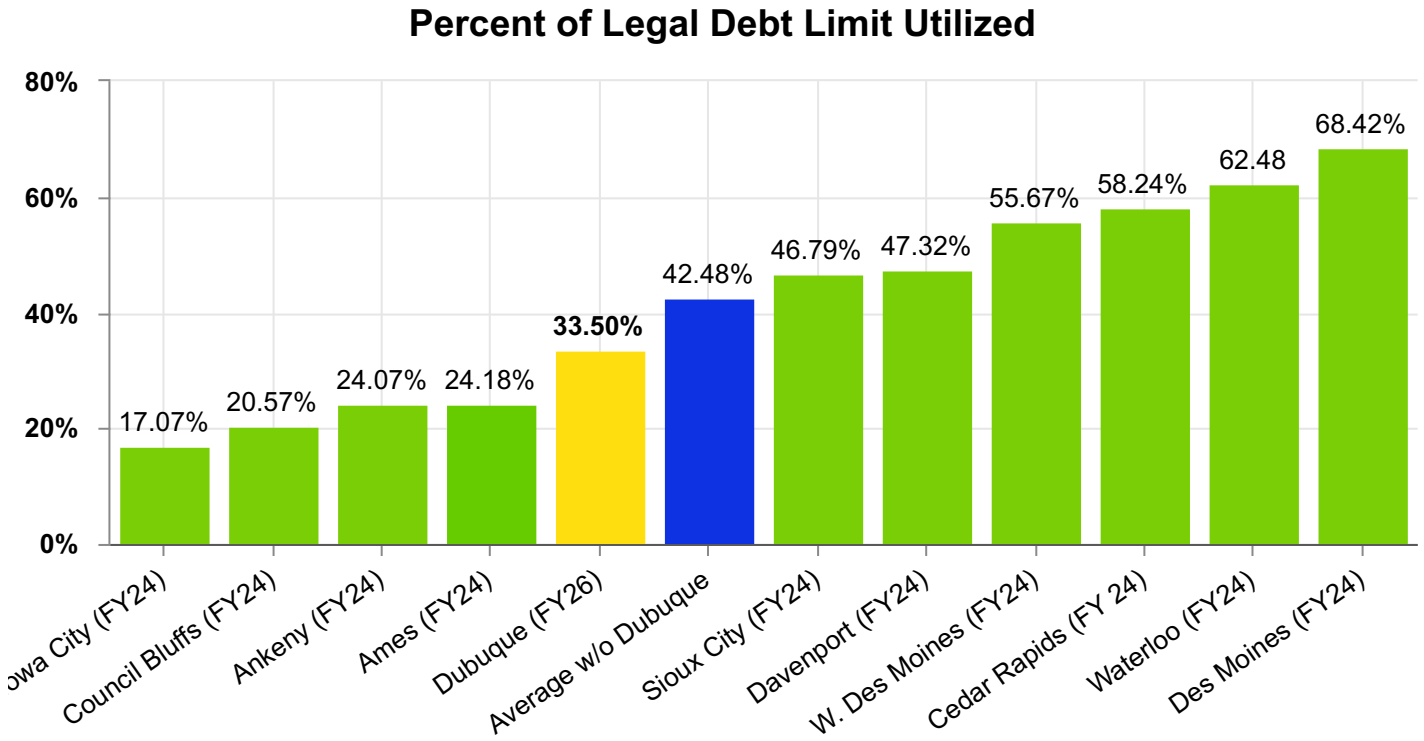

The five year projection of the City's use of the statutory debt limit from Fiscal Year 2026–2030 including all planned debt issuances subject to the statutory limit and assuming a 2% growth in the City's assessed valuation beginning in Fiscal Year 2026 is as follows:

FY 26	FY 27	FY 28	FY 29	FY 30
33.50%	32.13%	30.65%	30.58%	32.90%

The following chart shows Dubuque's relative position pertaining to use of the statutory debt limit for Fiscal Year 2026 compared to the other cities in Iowa for Fiscal Year 2024 with a population over 50,000:

Fiscal Year 2024 Legal Debt Limit Comparison for Eleven Largest Iowa Cities

Rank	City	Legal Debt Limit (5%)	Statutory Debt Outstanding	Percentage of Legal Debt Limit Utilized
11	Des Moines (FY24)	$ 803,564,354	$ 549,760,000	68.42 %
10	W. Des Moines (FY24)	$ 551,635,692	$ 307,090,000	55.67 %
9	Cedar Rapids (FY 24)	$ 681,383,619	$ 396,830,000	58.24 %
8	Waterloo (FY24)	$ 221,546,701	$ 138,428,824	62.48 %
7	Davenport (FY24)	$ 423,816,425	$ 200,540,000	47.32 %
6	Sioux City (FY24)	$ 309,734,920	$ 144,929,999	46.79 %
5	**Dubuque (FY26)**	**$ 323,629,585**	**$ 108,410,164**	**33.50 %**
4	Ankeny (FY24)	$ 416,454,919	$ 100,260,000	24.07 %
3	Ames (FY24)	$ 277,278,426	$ 67,035,000	24.18 %
2	Iowa City (FY24)	$ 368,416,450	$ 62,905,000	17.07 %
1	Council Bluffs (FY24)	$ 365,780,288	$ 75,240,467	20.57 %
	Average w/o Dubuque			**42.48 %**

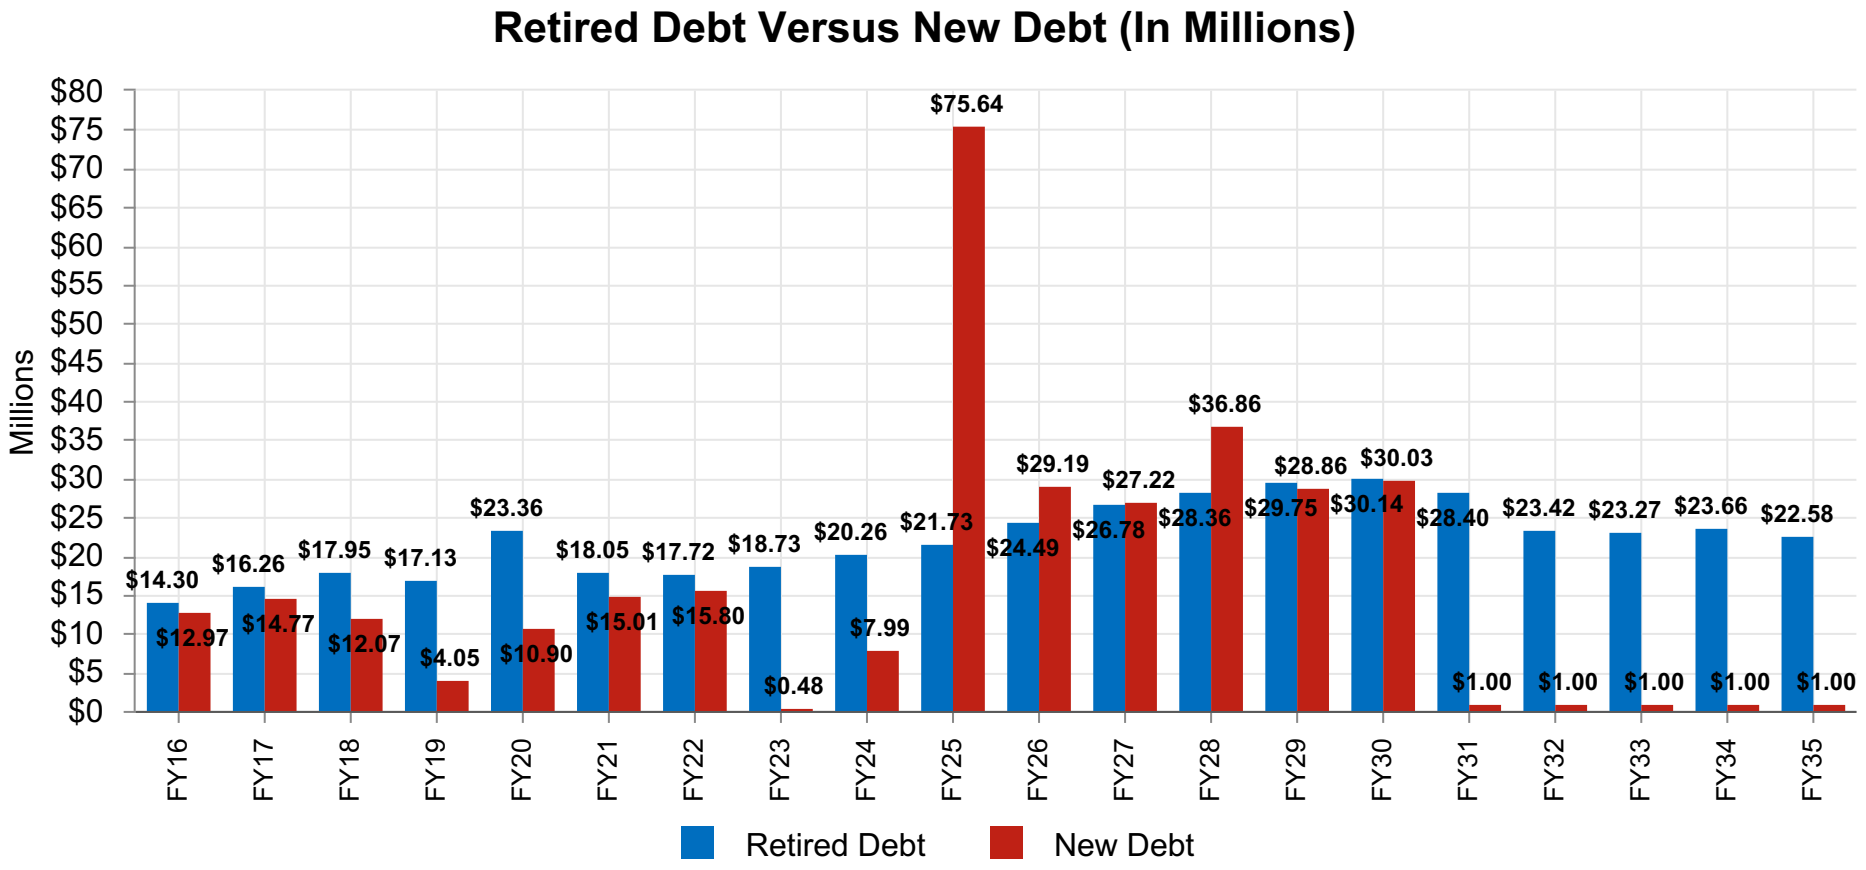

Dubuque ranks as the fifth lowest of the use of statutory debt limit of the 11 cities in Iowa with a population over 50,000 and Dubuque is below the average of the other Cities. **The average (42.48%) is 26.82% higher than Dubuque (33.50%).**

Retired Debt Versus New Debt

The total City indebtedness as of June 30, 2026, is projected to be $167,789,201 (33.50% of statutory debt limit). The total City indebtedness as of June 30, 2015, was $295,561,181 (90% of statutory debt limit). **The City is projected to have $8,483,725 more in debt as of June 30, 2026.**

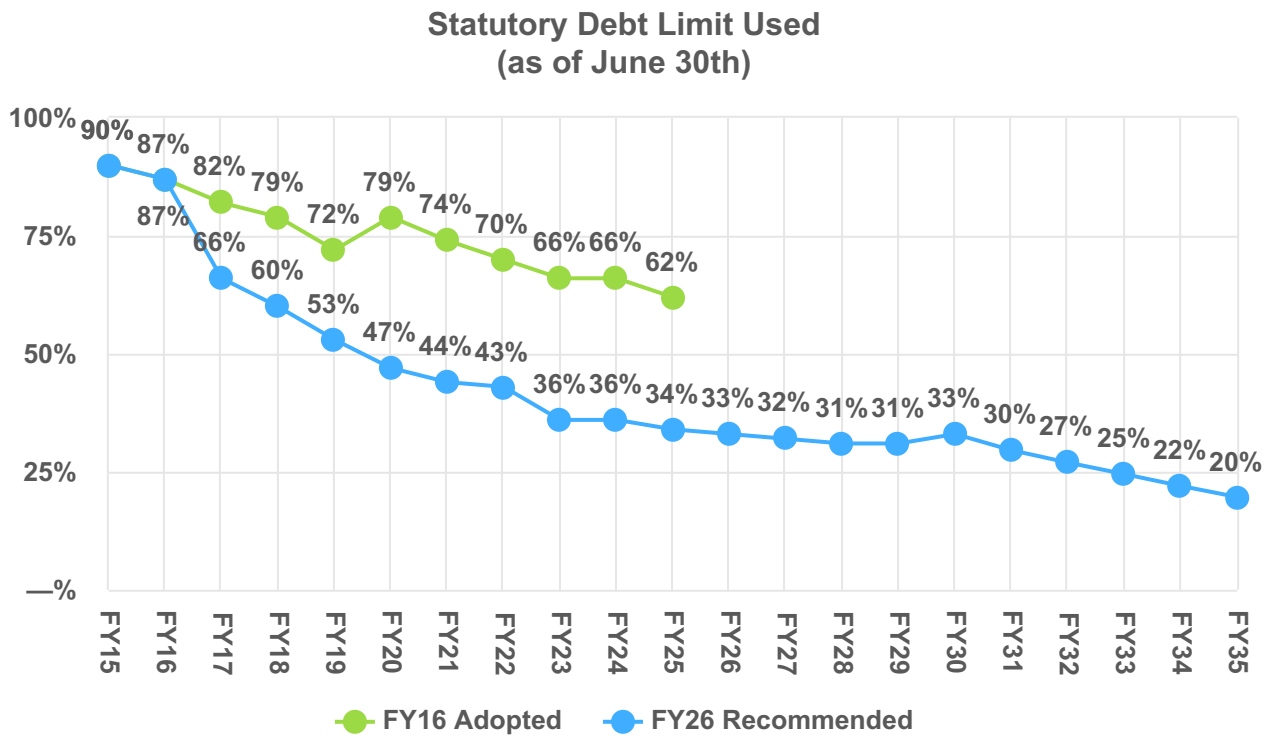

The combination of reduced debt and increased utility rates partially reflects the movement to a more "pay as you go" strategy, which could lead to larger tax and fee increases than with the use of debt. In Fiscal Year 2020, the City had $5,908,200 forgiven of the Bee Branch Upper Bee Branch Loan on June 30, 2020 which increased principal payments reflected.

Based on the timing of projects, the City issued very little debt in FY23 ($0.48 million) and FY24 ($7.99 million), so the FY25 debt issuance was a combination of three years of debt funding for projects. In that three-year period, the City retired $60.72 million in debt and issued $84.11 million in debt. The following chart shows the amount of retired debt as compared to new debt. The new debt includes new debt issuances as well as draw downs on existing state revolving fund loans:

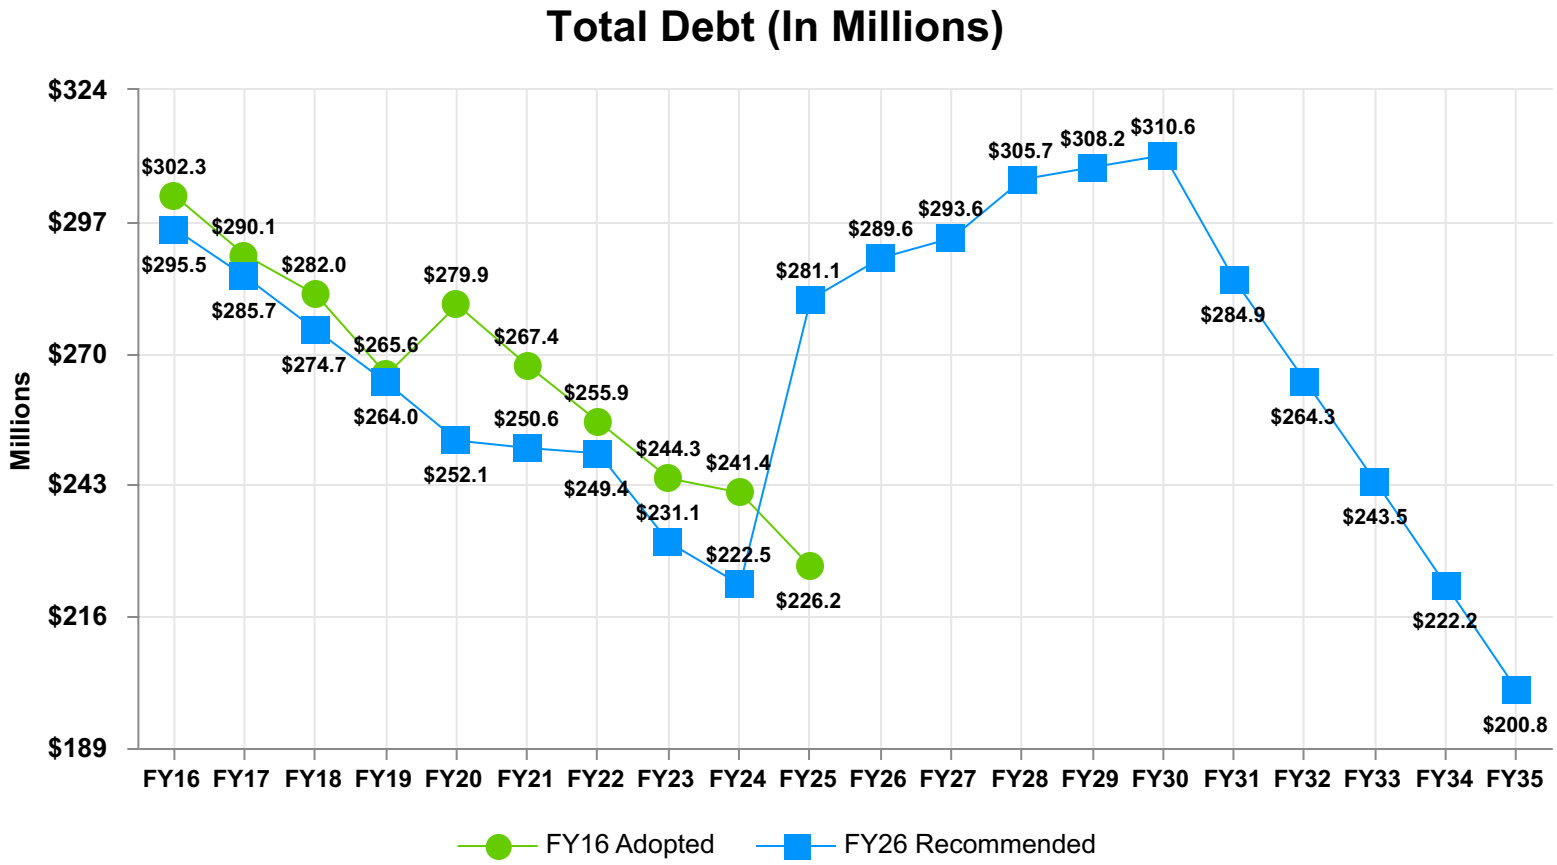

Statutory Debt and Total Debt

In August 2015, the Mayor and City Council adopted a debt reduction strategy which targeted retiring more debt each year than was issued by the City. The recommended FY 2026 budget will exceed that target in FY 2026, FY 2027, and FY 2028 due to issuing necessary debt for Five Flags, Fire Equipment and Station Improvements, Central Avenue Corridor Improvements, Water Lead Lines, PFAS, Old Mill Road Lift Station and Force Main, Catfish Creek Sewershed Interceptor Sewer Improvements, Track Line Sanitary Sewer Reconstruction, Force Main Stabilization, and Park Improvements.However, Fiscal Year 2029 and Fiscal Year 2030 will meet the target. **You can see that the Mayor and City Council have significantly impacted the City's use of the statutory debt limit established by the State of Iowa. In Fiscal Year 2015, the City of Dubuque used 90% of the statutory debt limit. In this budget recommendation, the Mayor and City Council are currently reviewing for Fiscal Year 2026, the use of the statutory debt limit would be 33.50%, and by the end of the recommended 5-Year Capital Improvement Program (CIP) budget in Fiscal Year 2030, the City of Dubuque would be at 32.90% of the statutory debt limit. Projections out 10 years to Fiscal Year 2035 show the City of Dubuque at 19.66% of the statutory debt limit.** This is an improvement on the debt reduction plan adopted in August 2015, that first began implementation in Fiscal Year 2016.

By the end of the Recommended 5-Year Capital Improvement Program (CIP) budget, the total amount of debt for the City of Dubuque would be $310.62 million (32.90% of the statutory debt limit). **Projections out 10 years to Fiscal Year 2035 show the City of Dubuque at 19.66% of the statutory debt limit**, and the projection is to be at $200.79 million (19.66% of statutory debt limit) within 10 years.

General Fund Reserves

The City maintains a general fund reserve, or working balance, to allow for unforeseen expenses that may occur. Moody's Investor Service recommends a 35% General Fund Operating Reserve for “AA” rated cities.

In January 2025, Moody’s Investor Services affirmed the Aa2 credit rating on general obligation bonds. Moody’s credit analysis states, “the City of Dubuque’s local economy benefits from its role as a regional economic center, with solid resident income and full value per capita. Financial operations are strong and will remain so despite declines in fund balance over the next few years, as it expends funds from the pandemic. Long-term liabilities and fixed cost ratios are moderate and will remain so despite future borrowing needs.” According to Moody’s, the Aa2 issuer rating for the City of Dubuque’s bonds reflects the city’s healthy economic base, which serves as a regional economic center. Other rationale stated for the rating include full value per capita and adjusted resident income are solid at around $109,000 and 98% respectively, though weaker than Aa peers, in part because of a large student population, available fund balance was strong at around 60% of revenue at the close of fiscal 2023 (year-end June 30), and cash was stronger at 85% of revenue. The City’s available fund balance will likely remain well over 45%, despite some planned draws in fiscal 2024 and fiscal 2025 to spend down federal funds from the pandemic. Despite the state adopting new property tax restrictions, revenue raising flexibility remains strong because the City maintains significant margin in its employee benefits fund and is not utilizing its emergency levy. The long-term liabilities ratio will likely remain well under 300% inclusive of the current issuances and future borrowing plans, and fixed-costs ratio will remain well below 20%.

In July 2023, Moody’s Investor Service upgraded the City’s outstanding general obligation bonds from Aa3 to Aa2, as well as the outstanding Sales Tax Increment Revenue bonds from A2 to A1. Notable credit factors include strong financial operations and ample revenue-raising flexibility, which has resulted in steadily improved available fund balance and cash. The City serves as a regional economic center and its regional economic growth rate has outpaced the nation over the past five years.

In November of 2022, Moody’s Investors Service (“Moodys”) released a new rating methodology for cities and counties. Two significant changes result from the new methodology; cities are now assigned an issuer rating meant to convey the creditworthiness of the issuer as a whole without regard to a specific borrowing, and business-type enterprise funds are now being considered together with general fund revenues and balances in the determination of financial performance.

Under the new methodology, there are two metrics that contribute to financial performance. Available Fund Balance Ratio (“AFBR”) = (Available Fund Balance + Net Current Assets/Revenue) and Liquidity Ratio (“LR”) = (Unrestricted Cash/Revenue). For Aa credits, AFBR ranges from 25-35, and LR ranges from 30-40%.

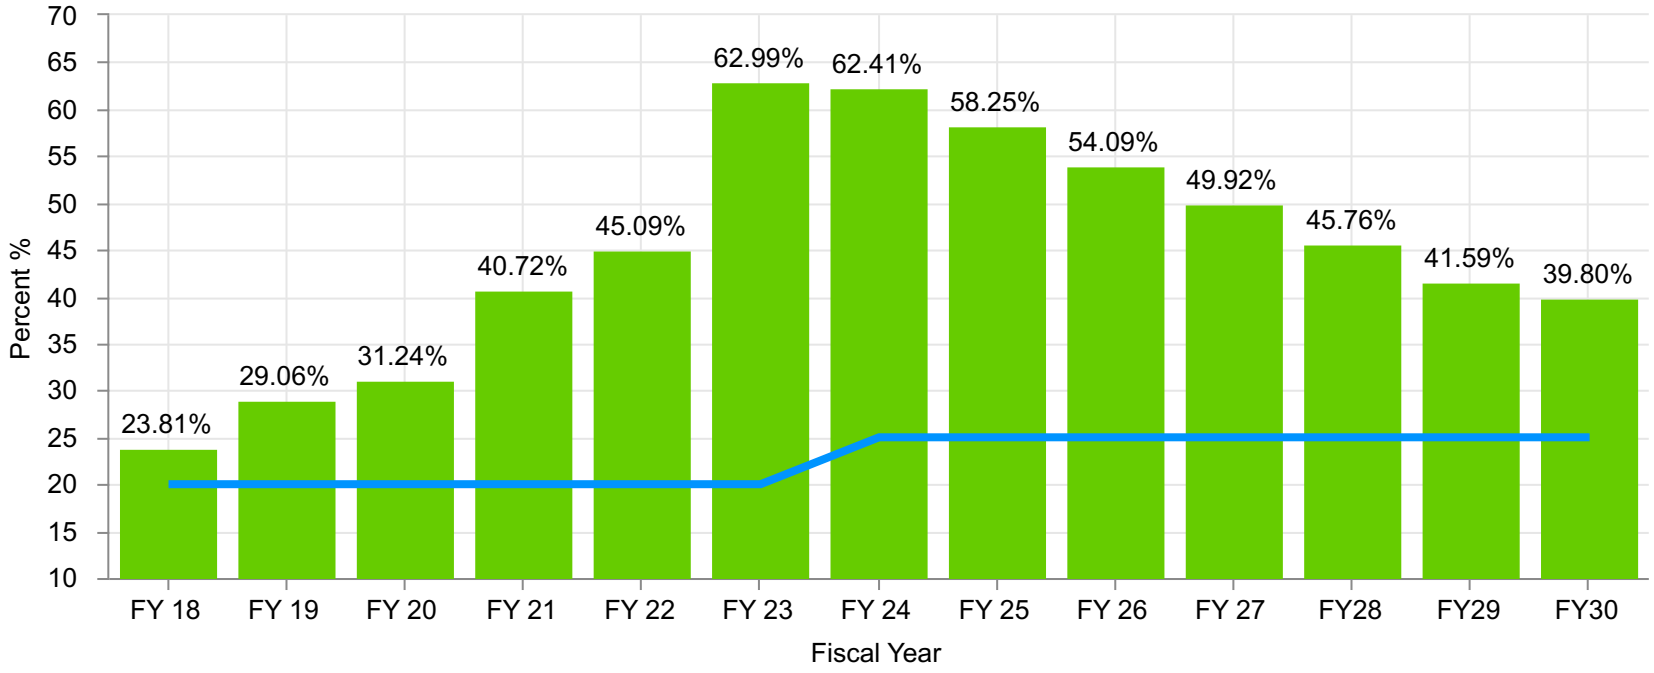

The City was evaluated by Moody’s under the old methodology in May of 2022 in connection to its annual issuance of bonds. At that time, Moody’s calculated the City’s AFBR to be 45.2%, and its LR to be 59.8%. The balances used in these calculations were likely elevated due to unspent ARPA funds. The change in methodology will now consider revenues and net assets from business-type activities in these calculations. As such, the City’s general obligation rating will now be directly impacted by the financial performance of enterprise funds. Establishing rates and charges adequate to provide both debt service coverage and significant liquidity will be necessary to maintain the City’s ratings.

In May 2021, Moody's Investor Service upgraded the City's Water Enterprise's outstanding revenue bonds from A1 to A2 and affirmed the Aa3 credit rating on general obligation bonds. Notable credit factors include a sizable tax base, a wealth and income profile that is slightly below similarly rated peers, and increased financial position that will decline in fiscal years 2021 and 2022 and somewhat elevated debt and pension liabilities.

These credit ratings are affirmation of the sound fiscal management of the mayor and city council, put Dubuque in a strong position to capitalize on favorable financial markets, borrow at low interest rate when necessary, and make critical investments in the community.

Fiscal Year	Fund Reserve (As percent of General Fund revenues)	New Moody's Methodology	Reason for change from previous Fiscal Year
FY 2019	29.06%		Increase due to capital projects not expended before the end of the FY.
FY 2020	31.24%		Increase due to freezing vacant positions and most capital projects due to the pandemic.
FY 2021	40.72%		Increase due to American Rescue Plan Act funds received ($13.2 million), frozen positions and capital projects through Feb 2021.
FY 2022	49.16%	45.09%	Increase due to American Rescue Plan Act funds received ($13.2 million), capital projects not expended before the end of the FY, and vacant positions.
FY 2023	55.82%	62.99%	Increase due to American Rescue Plan Act funds not spent ($26.4 million), capital projects not expended before the end of the FY, and vacant positions.
FY 2024	51.19%	62.41%	Decrease due to spend down of American Rescue Plan Act funds.

Fund Reserve as a Percent of General Fund and Enterprise Fund Revenue
New Moody's Methodology

The City of Dubuque has historically adopted a general fund reserve policy as part of the Fiscal and Budget Policy Guidelines which is adopted each year as part of the budget process. During Fiscal Year 2013, the City adopted a formal Fund Reserve Policy which states the City may continue to add to the General Fund minimum balance of 10% when additional funds are available until 20% of Net General Fund Operating Cost is reached. During Fiscal Year 2024, the General Fund minimum balance was increased to 25%.

After all planned expenditures in FY 2025, the City of Dubuque will have a general fund reserve of 44.41% of general fund revenues as a percent of general fund revenues computed by the accrual basis or 58.25% of general fund, debt service, and enterprise fund revenues as computed by the accrual basis methodology now used by Moody's Investors Service. The general fund reserve cash balance is projected to be $81,140,352 on June 30, 2025 as compared to the general fund reserve balance on an accrual basis of $38,026,193. The general fund reserve balance on an accrual basis exceeds 27% in FY 2025, which is the margin of error used to ensure the City always has a general fund reserve of at least 25% as computed by Moody's Investors Service.

In Fiscal Year 2017, the City had projected reaching this consistent and sustainable 20% reserve level in Fiscal Year 2022. **In fact, the City met the 20% reserve requirement in FY 2017, five years ahead of schedule and has sustained a greater than 20% reserve.**

	FY2023	FY2024	FY2025	FY2026	FY2027	FY2028	FY2029	FY2030
Contribution	$2,717,339	$4,419,668	$—	$—	$—	$—	$—	$—
City's Spendable General Fund Cash Reserve Fund Balance	$48,403,917	$43,826,193	$38,026,193	$32,226,193	$32,226,193	$32,226,193	$32,226,193	$32,226,193
% of Projected Revenue (Moody's)	55.82%	51.19%	44.41%	37.64%	37.64%	37.64%	37.64%	37.64%

State Revolving Fund Sponsorship Projects and Green Project Loans

The City uses State Revolving Fund (SRF) loans for water and sanitary sewer projects whenever possible because of the **very low annual interest rate of 1.75% with an annual servicing fee of 0.25%**.

In 2009, legislation was passed in Iowa that allows water utilities that issue debt through the Clean Water State Revolving Fund Program to sponsor and help finance other water quality improvement (CWSRF) projects within or outside its service limits. This new funding mechanism, called Water Resource Restoration Sponsored Projects, will provide cities, counties, local watershed organizations, watershed management authorities, county conservation boards, and soil and water conservation districts a funding source to construct improvements throughout a watershed that keep sediment, nutrients, chemicals and other pollutants out of streams and lakes.

Repayment of a standard Clean Water SRF (CWSRF) loan includes the repayment of the original loan amount, the principal, and the cost to finance the loan, interest, and fees. On a CWSRF loan with a sponsored project, the financing costs are reduced by the amount of the cost of the sponsored project improvements. Figure 1 shows a comparison between a standard CWSRF loan and a CWSRF loan with a sponsorship project. As shown, the total cost to the utility (the total of loan repayments) remains unchanged as the cost of funding for the sponsorship project is offset by a reduction in loan financing costs. In essence, two water quality projects are completed for the price of one.

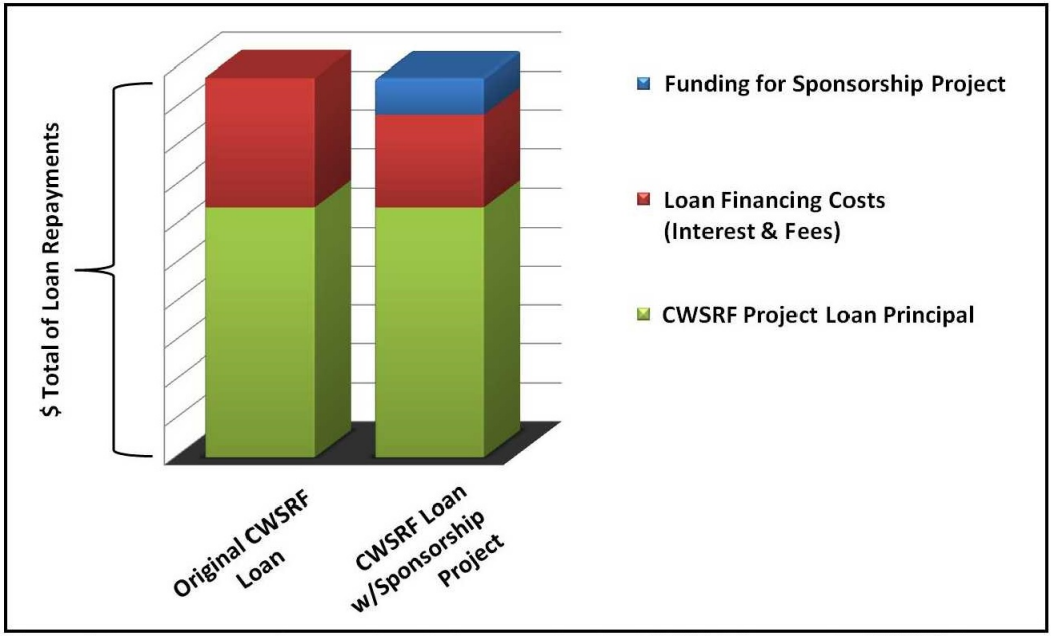

Figure 1. Loan repayment comparison between a standard CWSRF loan and a CWSRF loan with a sponsorship project.

After three years of the State of Iowa being unsuccessful in completing one of these modified loans, the City of Dubuque had the first successful application for the state when, in April 2013, the City was awarded $9.4 million of the interest paid on the Water and Resource Recovery Center to be used to reconstruct over 70 Green Alleys in the Bee Branch Watershed. The principal for the Water & Resource Recovery Center Upgrade was increased from $64,885,000 to $75,145,579 and the interest rate plus annual servicing fee was decreased from 3.25% to 2.00% to add the Green Alley sponsorship project. This reduction allowed for increased proceeds **and resulted in a true interest cost of 1.96% and gross borrowing savings of $11.4 million. The State of Iowa has discontinued the sponsored project option for future debt issuances.**

The Federal Fiscal Years 2010, 2011, and 2012 State Revolving Fund capitalization grants included requirements for certain percentages of the funds to be allocated for green projects. Each green infrastructure project receives a portion of loan forgiveness not to exceed 30%. In June 2015, the City of Dubuque Upper Bee Branch Creek Restoration Project (Upper Bee Branch Project) qualified for a Green Project Loan from the CWSRF Program in the amount of $29,541,000. The loan includes a principal forgiveness provision. The amount of the loan to be forgiven is 20% of the total loan disbursements made under the loan agreement. **The amount of the loan that was forgiven in June 2020 was $5,908,200. The actual true interest cost for total funds received was not the 2.00% borrowing rate (1.75% interest and 0.25% administrative fee), but just 0.07% after reflecting the receipt of interest free funds (forgiven portion).**

Then, in August 2017, the City was awarded $1.4 million in funding for improvements with the Catfish Creek Watershed through the State of Iowa Water Resource Restoration Sponsored Project program as part of the City State Revolving Fund loan for the Upper Bee Branch Creek Restoration Project. The funding for the $1.4 million in improvements will come from the interest payments on the City's Upper Bee Branch SRF loan. The Upper Bee Branch Creek SRF loan principal was increased to $30,941,000 and **the interest rate plus the annual servicing fee was reduced from 2.00% to 1.43%. On a gross basis, the borrowing costs for the new loan were $1.38 million less than the original loan.**

In May 2018, the City was awarded $1.0 million in funding for pervious green alley improvements with the Bee Branch Creek and Catfish Creek Watersheds through the State of Iowa Water Resource Restoration Sponsored Project program as part of the City State Revolving Fund loan for the Upper Bee Branch Creek Railroad Culverts Project. The funding for the $1.0 million in improvements will come from the interest payments on the City's Upper Bee Branch Railroad Culvert SRF loan. The Upper Bee Branch Creek Railroad Culvert SRF loan principal was increased to $17,387,000 and **the interest rate plus the annual servicing fee was reduced from 2.00% to 1.43%. On a gross basis, the borrowing costs for the new loan were $1.05 million less than the original loan.**

In February 2019, the City was awarded $276,300 in funding for Eagle Point Park Environmental Restoration through the State of Iowa Water Resource Restoration Sponsored Project program as part of the City State Revolving Fund loan for the Kerper Boulevard Sanitary Sewer Project. The funding for the $276,300 in improvements will come from the interest payments on the City's Kerper Boulevard Sanitary Sewer SRF loan. The Iowa Finance Authority now requires that sponsorship projects are included in the initial loan amount so that the repayment schedule does not have to be adjusted**. On a gross basis, the borrowing costs for the new loan were $278,000 less than if there was not a sponsorship project included.**

The five-year CIP adopted through the current year (Fiscal Year 2025) budget process covered Fiscal Year 2025 through 2029 and is $354,574,409. The recommended five-year CIP for the upcoming budget process (Fiscal Year 2026) will cover Fiscal Year 2026 through 2030 and will be $351,594,553. This is a $-2,979,856 (0.84%) decrease.

FY 2025-2029 Capital Improvement Program (CIP) compared to the FY 2026-2030 Capital Improvement Program is as follows:

	FY 2025	FY 2026	FY 2027	FY 2028	FY 2029	FY 2030	Total
FY25 CIP	$88,753,825	$106,564,058	$55,048,354	$50,987,905	$53,220,267	—	$354,574,409
FY26 CIP	—	$91,803,749	$64,823,518	$69,843,768	$74,478,605	$50,644,913	$351,594,553
$ Difference	—	-$14,760,309	+$9,775,164	+$18,855,863	+$21,258,338	—	-$2,979,856
% Change	—	-13.85%	+17.76%	+36.98%	+39.94%	—	-0.84%

Further information about the changes to capital improvement projects can be found on pages xx-xxxiv.

Fiscal Year 2026 will be the nineteenth fiscal year that the Stormwater Fund is recommended to be fully funded by stormwater user fees. The General Fund will continue to provide funding for the stormwater fee subsidies that provide a 50% subsidy for the stormwater fee charged to property tax exempt properties, low-to-moderate income residents, and a 75% subsidy for the stormwater fee charged to residential farms. The FY 2026 Stormwater User Fee is proposed to increase from $10.50 per SFU to $11.03 per SFU, a 5.00% increase.

	Rate Per Single Family Unit (SFU)
Fiscal Year 2021 - Adopted Per Ordinance 21-20	$ 8.29
Fiscal Year 2022 - Adopted Per Ordinance 10-21	$ 8.85
Fiscal Year 2023 - Adopted Per Ordinance 13-22	$ 9.00
Fiscal Year 2024 - Adopted Per Ordinance 14-23	$ 10.00
Fiscal Year 2025 - Adopted Per Ordinance 14-24	$ 10.50
Fiscal Year 2026 - Recommended	$ 11.03

The Stormwater Utility was formed on July 1, 2003, to update and expand the City's aging infrastructure, comply with the National Pollution Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) permit, and implement the various elements of the 2001 Drainage Basin Master Plan Stormwater Management Plan (amended in 2013), which outlined improvements in both the Catfish Creek and Bee Branch watersheds. The flood mitigation improvements in the Catfish Creek Watershed have been completed. The improvements in the Bee Branch Watershed are part of the multi-phased, fiscally responsible, holistic Bee Branch Watershed Flood Mitigation Project which will mitigate flooding, improve water quality, stimulate investment, and enhance the quality of life. The City's has been able to garner support from

local, state, and federal partners with over $169 million in outside funding to help offset the cost of the overall $250 million project. Since 2001, the City has made steady progress on the various phases of the project.

The phases of the Bee Branch Watershed Flood Mitigation Project are as follows:

Phase	Description	Status
1	Carter Road Detention Basin	Complete
2	West 32nd Street Detention Basin	Complete
3	Historic Millwork District	Complete
4	Lower Bee Branch Creek Restoration	Complete
5	Flood Mitigation Gate & Pump Replacement	Under Construction
6	Impervious Surface Reduction	1/3 of alleys converted to “Green Alleys”
7	Upper Bee Branch Creek Restoration/Railroad Culverts	Complete
8	22nd Street Storm Sewer Improvements	Complete from Elm Street to N. Main
9	Flood Mitigation Maintenance Facility	Site Cleanup/Preparation
10	North End Storm Sewer Improvements	Initiate Design in 2028
11	Water Plant Flood Protection	Initiate Design in 2024
12	17th Street Storm Sewer Improvements	Complete from Elm St. to Heeb St.

Each of the 12 phases provides some incremental benefit. But the risk of flash flooding remains until all improvements are implemented. But it is also true that with the completion of each subsequent phase, the threat of flash flood damage is lessened and the resulting damage will be mitigated. When complete, it is expected to prevent an estimated $582 million in damages over its 100-year design life.

When the City Council adopted Ordinance 21-12 (passed and approved on March 7, 2012), they established that the stormwater utility fee would increase to $9.00 per month on July 1, 2016 in order to fund the operational and capital costs of the public stormwater management system, including improvements such as the Bee Branch Creek Restoration Project. But later in 2012, the Iowa General Assembly created the Flood Mitigation Program which provides funding for flood mitigation projects undertaken by local governments such as the City of Dubuque. Managed by the Iowa Flood Mitigation Board, the funding source established involves taking a portion of the incremental growth of State sales tax revenue collected within a city and diverting from the State General Fund to cities approved for the funding. Having updated the Drainage Basin Master Plan in the fall of 2013, which outlined the improvements associated with the 12-phase Bee Branch Watershed Flood Mitigation Project, the City was successful in securing $98.5 million in State sales tax increment funding. With the infusion of funding, the City Council adopted Ordinance 16-14 (passed and approved on March 5, 2014) establishing that the stormwater utility fee did not reach $9.00 per month until July 1, 2021, five years later than later than previously scheduled.

The CIP budget reflects the **Dubuque Five-Year (2024-2026) City Council Goals and 2024-2026 Policy Agenda, established by the City Council August, 2024.**

Dubuque Five-Year City Council Goals

Vibrant Community: Healthy and Safe
Financially Responsible, High Performance City Organization: Sustainable, Equitable, and Effective Service Delivery
Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity
Livable Neighborhoods and Housing: Great Place to Live
Sustainable Environment: Preserving and Enhancing Natural Resources
Connected Community: Equitable Transportation, Technology, Infrastructure, and Mobility
Diverse Arts, Culture, Parks, and Recreation Experiences and Activities
Partnership for a Better Dubuque: Building our Community that is Viable, Livable, and Equitable

Policy Agenda 2024 - 2026

Top Priority (in alphabetical order)

- Air Service Future Strategy and Action Plan: Major Airline Hub Connections
- Central Avenue Revitalization Plan Implementation
- Construction of the 14th Street Railroad Overpass and the 16th Street Corridor Complete Street Improvements: RAISE Grant and Matching Funds
- Police Department Staffing and Hiring
- Street Maintenance/ Rehabilitation Program

High Priority

- Catfish Creek Sanitary Sewer Project: Old Mill Road Lift Station
- Chaplain Schmitt Island Development
- City Workforce Retention and Attraction
- Comprehensive Study of Fire Station Locations and Staffing
- Parks Maintenance/Refresh Action Plan

Attachment 3 provides a summary of these projects organized by City Council's five-year goals and Fiscal Year 2026 priorities reflect how these goals are addressed.

Finally, **Attachment 4** provides detail on the source of funds and highlights important points about the 5-year CIP Program.

CIP FORMAT

The format for the Fiscal Year 2026-2030 CIP is substantially the same as previous fiscal years. First, an index referencing the 2026-2030 Capital Improvement Budget follows the budget message. The index identifies each capital improvement first by city department and then by all applicable State programs as a subcategory under each department. The index serves as a quick reference for each CIP, and the far right hand column shows the page number of each project. Secondly, a separate project page is provided to show the detail for each individual project. These projects pages are also arranged first by city department and then by State program as a subcategory within each department.

As in previous CIP budget documents, each detailed project page identifies the city department, the state program, project title, account code (consisting of program number, department number, fund and capital project number), and total project cost. The project page then shows any funds expended for the project in Fiscal Year 2024 and the adopted budget in Fiscal Year 2025. In Section A of the project form entitled “Expenditure Items”, project costs are shown by major expenditure item (i.e., Design and Engineering, Land and Right-of-Way Purchase, Construction and Other Expense). In Section B, entitled “Project Financing”, the project funding is presented by major revenue source (i.e., General Fund, Sales Tax Fund, Water Depreciation Fund, Sanitary Sewer Construction Fund, and Road Use Tax Fund). In Section C, entitled “Impact – Operations,” the dollar impact on operations in terms of greater or lesser operating costs and/or greater or lesser revenue is provided when available. Lastly, there is a narrative section, which provides a description of the project, a justification for the project and, where appropriate, how it relates to other projects or plans. A small map may also be provided to further identify the location of the project.

Each detailed project page identifies the budget for each fiscal year in the next five years. There is a sixth column labeled "2031". This column is included to show that the project does not end in the next five years and that additional budget will be needed to fully complete the project. The "2031" column will show the total remaining estimate for the project, unless the project is annual. This column could also be known as "Beyond Fiscal Year 2030." If a project is annual, the "2031" column will only show one years worth of budget.

Lastly, there is a section in the detailed project pages called "First Year Submitted". This information represents the year the capital improvement project was first submitted for consideration. This is not the first year that the capital project was adopted for funding, but instead represents the first year a staff member identified a need for the project and created a CIP to present to the City Manager.

CONCLUSION

The Capital Improvement Program represents the City of Dubuque's commitment to a maintenance and physical development plan for the next five years. The first year of the five-year CIP goes into the budget for next year and deserves the most attention. As you know, the CIP is updated each year so that City Council will have an opportunity in the next year to change Fiscal Year 2027 through Fiscal Year 2030 projects, as well as to add projects for Fiscal Year 2031.

A ranking system was established in Fiscal Year 2019 to more readily identify capital projects that directly meet City Council Goals and Priorities and address City needs. This ranking process also included several collaborative meetings with staff to determine which projects should be recommended for funding with the limited resources available.

Notable FY2026 Capital Improvement Projects

Department	Project Title	Total City Investment FY2026-FY2030	Page
Fire	Bunk Room Remodel	$1,175,000	1
Fire	Outdoor Warning Siren Repair/Replace	$107,060	3
Fire	Fire Station Expansion	$500,900	4
Fire	2027 Fire Engine Replacement (1907)	$900,000	6
Fire	2027 Ambulance Replacement (1914)	$450,000	7
Fire	2028 Fire Engine Replacement (1905)	$950,000	8
Fire	Portable Radio Replacements	$838,000	9
Fire	2030 Fire Engine Replacement (1910)	$1,288,408	12
Fire	2030 Ambulance Replacement (1915)	$575,000	13
Parks	Reimagine Comiskey	$1,697,000	16
Parks	Rustic Point Park Development	$305,000	18
Parks	South Pointe Park Development	$200,000	19
Parks	Washington Community Gateway	$99,000	21
Parks	Second Dog Park Planning	$60,000	22
Parks	Ash Tree Removal and Tree Replacement	$464,611	23
Civic Center	Five Flags Building Improvements	$23,454,000	27
Recreation	Port of Dubuque Flood Wall Dubuque Welcome Sign	$33,000	34
Conference Center	Roof Restoration	$1,383,000	36
Conference Center	Public Restroom Remodels	$385,000	38
Water	Admiral Sheehy Drive Water Main Loop	$686,400	40

Department	Project Title	Total City Investment FY2026-FY2030	Page
Water	Public Lead Line Water Main Replacement	$45,000	53
Water	Source Water PFAS Reduction Project - Granular Activated Carbon Filter Rehabilitation	$9,600,000	55
Water	Source Water PFAS Reduction Project	$1,121,199	56
Water	Water Main Replacement Consent	$1,280,000	67
Water	Water Meter Replacement Program	$937,000	69
Water	Water Storage Maintenance Program	$3,000,000	70
W&RRC	Bar Screen Replacement	$2,500,000	80
W&RRC	WRRC Plant Nutrient Reduction Improvements and BOD/Flow Capacity Improvements	$7,035,000	82
W&RRC	Industrial Controls Upgrade	$1,900,000	84
Airport	Reconstruct Taxiway A	$18,709,994	93
Airport	Reconstruct General Aviation Apron	$2,480,000	94
Airport	Asphalt Pavement Repair/T-Hangar Apron Rehabilitation	$1,425,000	96
Airport	Taxiway D Extension	$2,940,000	98
Public Works	Asphalt Milling Program	$739,616	101
Public Works	Curb Ramp Program	$2,900,000	103
Public Works	Vehicle Fuel Island Rehabilitation	$510,200	109
Public Works	58,000 Gross Vehicle Weight (GVW) Dump Truck Replacement	$1,721,768	114
Public Works	Solid Waste Collection Vehicles - 3401 & 3405	$220,000	119
Public Works	Solid Waste Collection Vehicles - 3404 & 3410	$375,000	120
Public Works	Solid Waste Collection Vehicles -3403 & 3407	$595,000	121
Public Works	Solid Waste Collection Vehicles 3412 & 3413	$375,000	122
Public Works	Solid Waste Collection Vehicles 3411 & 54003	$845,000	123
Public Works	Landfill 3C Project	$4,000,000	137
Engineering	Stormwater Management Program	$1,000,000	159
Engineering	Bee Branch Creek Gate & Pump Replacement	$13,696,697	161
Engineering	Flood Control Maintenance Facility	$3,556,000	163
Engineering	Sanitary Sewer Lining Program	$1,000,000	175
Engineering	Sanitary Sewer CCTV Inspection, Cleaning, & Assessment	$1,000,000	176

Department	Project Title	Total City Investment FY2026-FY2030	Page
Engineering	Cedar and Terminal Street Lift Station and Force Main Assessment and Improvements	$1,500,000	181
Engineering	Old Mill Road Lift Station & Force Main - Phase 1	$9,694,574	183
Engineering	Old Mill Road Lift Station & Force Main - Phase 2	$11,968,650	185
Engineering	Track Line Sanitary Sewer Reconstruction	$5,000,000	187
Engineering	Catfish Creek Sewershed Interceptor Sewer Improvements - South Fork	$13,927,212	190
Engineering	Catfish Creek Sewershed Interceptor Sewer Improvements - Middle Fork	$23,800,000	192
Engineering	South West Arterial Interchange Sewer Extension	$4,829,838	194
Engineering	Force Main Stabilization	$1,700,000	195
Engineering	East - West Corridor Capacity Improvements	$1,085,000	198
Engineering	7th Street Extension to Pine Street	$2,000,000	201
Engineering	14th St Overpass	$39,120,000	204
Engineering	US 20 - Northwest Arterial Intersection Operational and Capacity Improvements	$5,497,000	207
Engineering	Central Avenue Corridor Streetscape Master Plan Implementation Improvements 11th - 22nd Street	$8,170,000	208
Engineering	Public Electric Vehicle Chargers	$1,888,760	225
Engineering	Iowa Amphitheater on Schmitt Island	$9,641,563	228
Engineering	STREETS Traffic Control Project Phase 1	$250,000	243
Engineering	STREETS Traffic Control Project Phase 2	$282,350	244
Engineering	Traffic Signal Network Communications Program	$395,000	245
Engineering	Fiber Infrastructure Management System	$275,000	252
Engineering	Federal Building Renovation	$7,893,225	256
Economic Development	Greater Downtown Housing Creation Grant Program	$3,750,000	259
Economic Development	Workforce Development	$1,857,500	261
Economic Development	Downtown Rehab Grant Program	$1,000,000	262
Economic Development	Central Avenue Housing Forgivable Loan	$750,000	263
Transportation	Transit Vehicle Replacement	$3,152,568	266
Transportation	Smart Parking System	$780,000	267
Transportation	Parking Ramp Major Maintenance Repairs	$7,198,400	270

Department	Project Title	Total City Investment FY2026-FY2030	Page
Housing	Assistance for Homeownership	$1,356,151	271
Housing	Washington Neighborhood Home Purchase Program	$1,269,896	273
Housing	Homeowner Rehabilitation Program	$1,325,000	275
Housing	Lead and Healthy Homes Grant	$6,000,000	278
Housing	Healthy Homes Production Grant	$2,000,000	279
Planning	Historic Preservation Technical Assistance Program	$80,000	280
Communications Office	Aerial Orthophotography	$252,000	281
City Manager's Office	Community Green House Gas Inventory and Climate Action Planning	$100,000	282
Information Technology	City-Wide Computer and Printer Replacements - General Gov	$3,323,473	283
Information Technology	City-Wide Computer and Printer Replacements- Business	$643,000	285

There are many capital projects that have been added to meet City Council Goals and Priorities and address City needs ($54,175,447). Those new projects that appear in the five-year CIP are as follows:

Department	New Project	Total CIP
Fire	Elevator at Fire Headquarters	$ 50,000
Fire	Fire Station 6 Roof Replacement	$ 325,000
Parks	Parks and Recreation Master Plan	$ 50,000
Parks	Rustic Point Park Development	$ 305,000
Parks	South Pointe Park Development	$ 200,000
Parks	Ash Tree Removal	$ 464,611
Civic Center	Marquee Replacement	$ 131,000
Civic Center	Standby Emergency Generator Replacement	$ 855,000
Civic Center	Recirculating Pump Replacement	$ 37,000
Recreation	Bunker Hill #7 Fairway Fencing	$ 15,000
Water	8th Street 20" Transmission Water Main Connection (Jackson to Central)	$ 166,000
Water	Admiral Sheehy Drive Water Main Loop	$ 686,400
Water	Enterprise Asset Management System Software-Water	$ 150,000
Water	Fire Hydrant Stock	$ 615,000

Department	New Project	Total CIP
Water	Green Alley Water Main Improvements	$ 306,000
Water	Greyhound Park Rd Water Main Loop	$ 120,000
Water	Highway 20/Dodge St Water Main Relocation - Devon Drive to Concord St	$ 199,000
Water	Municipal Services Center Roof Mounted HVAC Replacement Unit	$ 94,500
Water	Municipal Service Center Roof Replacement	$ 187,380
Water	South Algona 12" Water Main Replacement	$ 729,103
Water	Vehicle 4901 Replacement	$ 130,000
Water	Vehicle 4908 Replacement	$ 115,000
Water	Deere X738	$ 38,000
Water	West End Annexation Phase II	$ 1,994,598
Water	Water Treatment Plant and Pump Station Pipe Rehabilitation	$ 150,000
Water	Water Treatment Plant Third Floor Conference Room	$ 114,000
Water & Resource Recovery Center	RAS and Scum Pump Replacement	$ 138,000
Water & Resource Recovery Center	WRRC Uninterruptible Power Supply (UPS) Replacement	$ 85,000
Water & Resource Recovery Center	UV System Cable & Harness Replacement	$ 50,500
Water & Resource Recovery Center	Biogas Chiller Replacement	$ 58,000
Water & Resource Recovery Center	WRRC Odor Monitoring System	$ 46,000
Water & Resource Recovery Center	Water & Resource Recovery Center Vehicle Replacements	$ 75,000
Water & Resource Recovery Center	Water & Resource Recovery Center Electronic Hydraulic Shop Press	$ 13,000
Airport	Equipment Storage Building	$ 275,000
Airport	Airfield Runway/Taxiway Marking Improvements	$ 412,000
Public Works	Electric Vehicle Charging Infrastructure Located at the Municipal Services Center	$ 157,222
Public Works	Paver Replacement	$ 610,000
Public Works	Landfill Sewer Line Extension	$ 250,000
Public Works	Landfill EMS Grant Matching Funds	$ 125,000
Public Works	Landfill Portable Litter Fencing	$ 255,000

Department	New Project	Total CIP
Public Works	Landfill Rolloff Container - Glass	$ 12,100
Public Works	Landfill 3C Project	$ 4,000,000
Public Works	Landfill Shop Renovation	$ 200,000
Public Works	Landfill Minivan Replacement Project	$ 58,583
Public Works	Landfill Forklift Replacement	$ 30,690
Public Works	Landfill Dozer Replacement Project	$ 593,500
Public Works	Landfill 3453 Dozer Rebuild	$ 296,750
Public Works	Landfill 3456 Dozer Rebuild Project	$ 256,900
Engineering	Enterprise Asset Management System Software	$ 150,000
Engineering	Stormwater Management Program	$ 1,000,000
Engineering	Pennsylvania Culvert Replacement	$ 150,000
Engineering	Levi & Sullivan Intersection Storm Sewer Extension	$ 100,000
Engineering	Tanglewood Court Outfall Stabilization	$ 160,000
Engineering	Enterprise Asset Management System Software - Sanitary	$ 150,000
Engineering	Inflow and Infiltration Inspection Vehicle Replacement	$ 44,000
Engineering	Track Line Sanitary Sewer Reconstruction	$ 5,000,000
Engineering	Brunskill Road Collector Sewer Reconstruction	$ 600,000
Engineering	Kerper Boulevard Lift Station Replacement	$ 402,850
Engineering	Catfish Creek Sewershed Interceptor Sewer Improvements - Middle Fork	$ 23,800,000
Engineering	Force Main Stabilization	$ 1,700,000
Engineering	Green Alleys - Non Bee Branch	$ 350,000
Engineering	Safe Routes to School	$ 44,000
Engineering	Villa Street Retaining Wall Reconstruction	$ 800,000
Engineering	Complete Street Elements - Trails, Sidewalks and Signs	$ 32,500
Engineering	Enterprise Asset Management System Software - Roadways	$ 150,000
Engineering	Parking Lot Materials at Union at Marina Project	$ 50,000
Engineering	Public Electric Vehicle Chargers	$ 1,888,760
Engineering	Harbor Area Maintenance - Dredging	$ 677,500
Engineering	Wayfinding Signage	$ 20,000
Engineering	Iowa St Streetlight Replacement Project	$ 138,000
Engineering	Enterprise Asset Management System Software - Fiber	$ 150,000

Department	New Project	Total CIP
Economic Development	Central Avenue Alley Lighting Program	$ 40,000
Communications Office	Aerial Orthophotography	$ 252,000
City Manager's Office	Community Green House Gas Inventory and Climate Action Planning	$ 100,000
	TOTAL	**$ 54,175,447**

The Capital Improvement requests that were previously funded in the five-year CIP that are not included in this five-year CIP total $22,091,087. To put these back into the five-year CIP, other projects will need to be removed, property taxes would need to be raised and/or more debt would need to be issued. Of those removed, $1,686,784 are identified as deferred maintenance items, delineated with an asterisks below. The removed CIPs are as follows:

Department	Existing Project Not Funded	Total CIP	
Parks	AY McDonald Park Pavilion Installation	$ 200,000	
Parks	Pebble Cove Park Development	$ 305,000	
Parks	Eagle Point Park - Riverfront Pavilion Restoration	$ 118,000	
Parks	Ham House Improvements	$ 90,000	
Parks	Murphy Park - Bennett Pavilion Roof Replacement	$ 165,000	
Recreation	Flora & Sutton Pool - Operational Projects	$ 360,000	
Conference Center	Replace Fabric Wall Covering	$ 227,000	*
Conference Center	Replace Clouds	$ 98,000	
Conference Center	Parking Island and Venue Landscape Renovations	$ 48,500	
Ice Center	Locker Room Ventilation Replacement	$ 396,375	
Ice Center	New Northwest Corner Service Bar	$ 241,500	
Ice Center	TPO Roof Replacement	$ 181,125	
Airport	Corporate Hangar Facilities Maintenance	$ 120,000	
Airport	Taxiway J Improvements	$ 8,585,000	
Airport	Extend Runway 18/36	$ 645,000	
Public Works	Hawthorne St Boat Ramp Repair	$ 388,125	
Public Works	Backhoe Loader Purchase 3214	$ 106,605	*
Public Works	Sign Truck Replacement 3236	$ 275,000	
Public Works	Mechanical Sweeper Replacement 4007	$ 290,466	*

Department	Existing Project Not Funded	Total CIP	
Public Works	Wheel Loader Purchase 3255	$ 268,800	
Public Works	Solid Waste Collection Vehicles 3402 & 54006	$ 375,000	*
Engineering	Sanitary Sewer Extensions - Existing Development, Pre-Annexation and Annexation Agreements	$ 1,000,000	
Engineering	Dubuque Industrial Center Crossroads Sanitary Sewer Extension	$ 521,000	
Engineering	Abbott & Cottage Sanitary Sewer Reconstruction	$ 322,364	*
Engineering	Cooper Place and Maiden Lane Sanitary Sewer Reconstruction	$ 481,115	
Engineering	Harvard Street Sanitary Sewer Reconstruction	$ 264,310	
Engineering	Hempstead Sanitary Sewer Reconstruction	$ 458,803	
Engineering	Knob Hill-Duggan Drive Sanitary Sewer Reconstruction	$ 187,779	*
Engineering	Brunswick Sanitary Sewer	$ 129,000	
Engineering	King Street Sanitary Sewer Reconstruction	$ 177,570	*
Engineering	Pavement Rehabilitation - Concrete Street Repair	$ 3,500,000	
Engineering	Hillcrest Road Sidewalk	$ 50,000	
Engineering	Bee Branch Creek Trail: 16th to 9th	$ 675,000	
Engineering	Trail Planning	$ 100,000	
Engineering	Port of Dubuque - Security Camera Expansion	$ 20,000	
Engineering	Traffic Signal Intersection Reconstruction	$ 425,000	
Economic Development	Low Income Small Business Grant	$ 250,000	
Information Technology	Network Security Risk Assessment	$ 15,000	
Information Technology	Mitel Phone Replacement	$ 29,650	
	Total	**$ 22,091,087**	
	Total Deferred Maintenance	*$ 1,686,784*	

As is the case every year, there were new projects requested that were not able to be included in whole or in part in this five year CIP ($40,815,326). Of those $10,157,212 are identified as deferred maintenance, delineated with an asterisks below. CIP requests that were not funded include:

Department	New Project Not Funded	Total CIP	
Police	Rescue Vehicle	$400,000	
Fire	Exterior Building Maintenance	$500,000	
Parks	Vehicle Replacement #4491	$60,000	
Parks	Eagle Point Park - Clear Trees from Bluff	$50,000	*
Parks	Park Office Replace Roof	$10,000	*
Parks	Comiskey Park Replace Roof	$30,000	*
Parks	Hillcrest Park Replace Play Unit	$210,000	*
Parks	Allison Henderson - Replace Roof	$15,000	*
Parks	EB Lyons Carpet Replacement	$63,000	
Parks	Silver Oaks Park Development	$305,000	
Parks	All Parks - Renovate Water Systems	$44,000	*
Parks	All Parks - Replace Trash Cans	$140,000	
Parks	Eagle Point Park - Concrete Improvements	$30,000	
Parks	Replace Roof on Eagles View Pavilion	$45,000	*
Parks	Eagle Point Park - Replace Roof on Terrace Room	$38,000	*
Parks	Eagle Point Park Rest Room Renovation	$110,000	*
Parks	Flora Park - Pave Wilbright, Pool, Tennis Court, and Slattery Center Park Lots	$46,000	*
Parks	Jefferson Park Playground Replacement	$230,000	*
Parks	Madison Park - Renovate Pavilion	$44,000	*
Parks	Madison Park - Flag Pole	$30,000	
Parks	Murphy Park - Replace Restroom Roof	$16,000	*
Parks	Valentine Park Land Acquisition	$120,000	
Parks	Veterans Park - Pickleball Improvements	$50,000	
Parks	Ecological Restoration	$30,000	
Parks	Street Tree Program	$60,000	
Parks	Resurface Tennis Courts	$304,000	*
Parks	Replace Interpretive Signs	$16,000	*
Parks	Park Drinking Fountains	$80,000	
Parks	Trail Maintenance/Repair	$80,000	*
Parks	Highway 20 Trees/Invasive Removal	$55,000	
Parks	Town Clock Lighting	$60,000	

Department	New Project Not Funded	Total CIP	
Parks	Greenhouse Shop Roof Replacement	$75,000	*
Parks	Greenhouse Replace Lexan	$100,000	
Parks	EB Lyons Center - Stain, Patio, Ridge Beam	$170,000	*
Parks	Allison Henderson Storm Water Project	$27,500	
Parks	Parks - Paint Light Poles	$20,000	*
Parks	Chaplain Schmitt Island-Landscaping	$50,000	
Parks	Chaplain Schmitt Island-Entrance Sign	$72,500	
Parks	Eagle Point Park Stone Work	$50,000	*
Parks	Flora Park - Replace Lights on Tennis Courts	$112,000	*
Parks	Forestry Building - Replace Roof	$77,000	
Parks	Ham House Masonry	$125,000	*
Parks	Hilltop Park - Replace Play Unit	$289,615	*
Parks	Marshall Park - Replace Play Unit	$228,000	*
Parks	Miller Riverview Park - Quick Connects for Pedestals	$55,000	
Parks	Miller Riverview Park - Pave Secondary Roads and Concrete Campsites	$220,000	*
Parks	Teddy Bear Park - Play Equipment	$197,000	*
Parks	Maintenance Headquarters - Wash Bay	$25,000	
Parks	Paint Railings	$50,000	*
Parks	Install and/or Replace Park Name Signs	$105,000	*
Parks	Electric Locks - Restrooms	$35,000	
Parks	Parks Fleet Automated Vehicle Location	$50,000	
Parks	Grandview Avenue Landscape Renovation Plan	$55,000	
Parks	North Fork Trail Park Development	$305,000	
Parks	Granger Creek Nature Trail-Asphalt Trail	$420,000	
Parks	Roosevelt Park Redevelopment	$73,000	
Parks	All Parks - Cameras/Code Blue Phones	$230,000	
Parks	EB Lyons Center - Roof Rehabilitation	$60,000	*
Parks	Eagle Point Park - Renovate Log Cabin	$50,000	*
Parks	Eagle Point Park - Accessible Walkway to the Log Cabin Pavilion	$405,000	
Parks	Eagle Point Park - Trail Project Invasive Remediation	$70,500	
Parks	Eagle Point Park - Light Trolley Line Trail	$165,000	

Department	New Project Not Funded	Total CIP	
Parks	Eagle Point Park - Native American Room Restoration	$122,000	
Parks	Eagle Point Park - Develop Wading Pool Replacement Plans	$427,000	
Parks	FDR Park - Native Landscaping Installation	$40,000	
Parks	Usha Park Development	$127,000	
Parks	Valentine Park Pavilion Installation	$86,000	
Parks	Valley High Park - Replace Play Unit	$210,000	*
Parks	Installation of Flag Poles in Community Parks	$100,000	
Parks	Re-landscape Locust Street Connector	$30,000	
Parks	Parks - Irrigation to Planters and Flower Beds	$150,000	
Parks	Greenhouse - Remove Trees on Hillside	$25,000	
Parks	Welcome Sign East	$84,000	
Parks	Welcome Sign North	$84,000	
Parks	Chaplain Schmitt Island Environmental Restoration	$430,000	
Parks	Chaplain Schmitt Island Campground Entrance Enhancement	$50,000	
Recreation	Flora and Sutton Swimming Pools Site Repair/ Replacement	$360,000	*
Recreation	Flora and Sutton Swimming Pools Water Playground Replacements	$315,000	*
Recreation	Flora and Sutton Swimming Pools Renovate Locker Rooms	$726,000	*
Recreation	Sutton Pool - Zero Depth Survey & Remediation	$60,000	*
Recreation	Flora Pool Water Slide Repairs	$50,000	*
Recreation	Bunker Hill Golf Course - Range Project	$200,000	
Recreation	Bunker - Sand Trap Repair/Removal	$50,000	
Recreation	Port of Dubuque - Signage Replacement	$20,000	
Recreation	Marina Dock Fuel & Electrical System Rehabilitation	$50,000	*
Recreation	Comiskey Building Restroom Expansion	$112,500	
Recreation	McAleece Irrigation Renovation	$112,500	*
Conference Center	HVAC Master Control Replacement	$119,000	*
Conference Center	AV Rental Upgrades	$61,000	
Conference Center	Ballroom and Meeting Room Chair Replacements	$312,500	

Department	New Project Not Funded	Total CIP	
Conference Center	Paint Exterior Metal	$132,000	*
Conference Center	Sound System Replacement	$364,000	
Conference Center	Elevator Passenger and Freight Car Replacement	$253,000	
Conference Center	Window Replacement	$364,000	*
Conference Center	Security Camera System	$63,000	
Conference Center	Escalator Replacement	$742,000	*
Conference Center	Loading Dock Leveler Replacement	$364,000	*
Conference Center	Wi-Fi Upgrades	$94,000	
Conference Center	Magnetic Dance Floor Replacement	$36,500	*
Conference Center	HVAC Commissioning	$107,000	*
Conference Center	Furniture and Decor Replacement	$126,500	*
Conference Center	Concrete Restoration, Raising & Caulk	$240,000	*
Conference Center	Paint Interior Rooms	$122,500	*
Conference Center	Overhead Door Replacement	$77,500	*
Conference Center	Replace/Rehab Room Doors	$69,000	*
Conference Center	Fire Panel Replacement	$142,000	*
Conference Center	Support Column Repairs	$22,000	*
Conference Center	Digital Marquee	$92,000	*
Conference Center	Repaint Exhibit Hall Airways	$49,000	*
Conference Center	Paint Bridge	$53,600	*
Conference Center	Window Panel Replacements	$19,800	*
Conference Center	Replace Exterior Building Sign	$58,500	*
Conference Center	Trash Compactor Rehab	$34,000	*
Conference Center	Stage and Riser Replacement	$88,000	*
Conference Center	Wood Bench Replacement	$28,000	*
Ice Center	Water Heater Replacement	$36,250	
Ice Center	American Society of Mechanical Engineers (ASME) Storage Tank Replacement	$13,100	
Ice Center	Air Conditioning Addition	$4,270,000	
Ice Center	Emergency Generator Addition	$875,000	
Ice Center	Security Camera System Replacement	$229,000	
Ice Center	Ice Resurfacer Replacement	$172,500	

Department	New Project Not Funded	Total CIP	
Ice Center	Second Sheet of Ice	$3,250,000	
Library	Boiler Exhaust Stack Rehabilitation	$171,675	*
Library	Water Pipe Replacements	$121,909	*
Library	Library Landscaping and Plaza Redesign	$103,601	
Library	Refrigerant Leak Detection System	$18,900	
Library	Bookdrop Waterproofing	$52,500	
Library	Rear Exterior Painting	$38,588	
Library	Server Room Mini Split Replacement	$49,980	
Airport	Terminal Apron Lighting Conversion	$43,000	
Airport	AFFF Transition Plan	$258,400	
Public Works	NW Arterial Shoulder Paving Project	$4,100,000	
Public Works	Steps, Hand Railing and Wall-Top Fencing	$65,000	
Public Works	MSC HVAC Replacement	$430,500	
Public Works	2727 Off-Road Vehicle	$12,000	
Public Works	2730 - Portable Jet	$40,000	
Public Works	Vacuum Street Sweeper Replacement - 4002	$375,000	*
Public Works	Backhoe Loader 3213	$375,000	
Public Works	Vacuum Street Sweeper Replacement - 4008	$371,613	*
Engineering	Schmitt Island Stormwater Rehabilitation	$435,000	*
Engineering	Flow Meters	$400,000	*
Engineering	Dubuque Industrial Center Chavenelle Sewer Extension to Pennsylvania	$234,989	
Engineering	Manhole Inspection Equipment (2 Cameras)	$28,000	*
Engineering	Pavement Rehabilitation - Dowel Bar Concrete Joint Repair	$2,112,000	
Engineering	Guardrail Replacement	$40,000	*
Engineering	Chaplain Schmitt Island Connector Trail	$213,000	
Engineering	Third Street Overpass Decorative Railing Re-Painting Project	$125,000	
Engineering	Railroad Crossing Safety Improvements and Quiet Zone Implementation	$592,000	
Engineering	Riverfront Leasehold Improvements	$50,000	
Engineering	Chavenelle Street Light Replacement	$48,000	

Department	New Project Not Funded	Total CIP	
Engineering	City Facility Integrated Access Control and Security System Upgrade	$204,000	*
Engineering	City Hall Annex Renovation	$1,160,000	
Engineering	City Hall First Floor Renovation	$465,000	
Economic Development	Greater Downtown Infill Housing Creation Grant Program	$ 2,500,000	
Economic Development	Arts & Culture Master Plan Update	$100,000	
Housing and Community Development	Permit, Plans, and Rental Licensing Software	$50,000	
Communications Office	ArcGis Indoor Mapping	$150,000	
City Manager's Office	Renew DBQ: Low-Income Solar Pilot Project	$80,000	
Information Technology	Data Center and IT Office Move Phase 2	$685,936	
Information Technology	Wireless Access Point and Controller Upgrade	$125,370	
Information Technology	Replacement of Audiovisual Equipment at the JOTC	$50,000	
	Total	**$40,815,326**	
	Total Deferred Maintenance	*$10,157,212*	

The CIP budget is the product of the hard work of a large number of people. It begins with department and division managers and their staff who prepared, ranked and updated the CIP requests. It extends to Boards and Commissions who review staff's recommendations and make modifications and establish priorities.

I wish to express my thanks to all who were involved in preparing the Fiscal Year 2026-2030 version of the City's Capital Improvement Program. Special thanks go to Chief Financial Officer, Jennifer Larson; Budget Manager Laura Bendorf; Budget/Financial Analysts, Nathan Kelleher and Joe Link; Assistant City Manager Cori Burbach, Executive Assistant, Stephanie Valentine; Administrative Assistant Mia Burbach; Finance Confidential Account Clerk, Kaia Humpal. I am proud of the work completed by City staff and the end-result. I hope after you have had an opportunity to review this document that you feel it is responsive to your priorities.

ATTACHMENTS – PROVIDE OVERVIEW OF THE FISCAL YEAR 2026-2030 CAPITAL IMPROVEMENT PROGRAM

Attachment 1

FISCAL YEARS 2026-2030 CIP SOURCE OF FUNDS

To finance the CIP projects, a variety of funding sources are used. The following table shows the source of funds for each year of the 5 year CIP.

SOURCE OF FUNDS IN CAPITAL BUDGET	2026	2027	2028	2029	2030	TOTAL	PERCENT
Current Revenue							
Rental Dwelling Rehab Loan Repayments	15,000	15,000	15,000	15,000	15,000	75,000	0.02 %
Homeownership Loan Repayments	5,000	5,000	5,000	5,000	5,000	25,000	0.01 %
Historic Preservation Loan Repayments	7,000	7,000	5,000	5,000	5,000	29,000	0.01 %
Washington Neighborhood Loan Repayments	30,000	30,000	30,000	30,000	—	120,000	0.03 %
Insurance and Other Reimbursements	10,000	10,000	10,000	10,000	10,000	50,000	0.01 %
Golf Revenue	45,000	40,000	25,000	—	—	110,000	0.03 %
Subtotal Current Revenue	**112,000**	**107,000**	**90,000**	**65,000**	**35,000**	**409,000**	**0.12 %**

TOTAL	91,803,749	64,823,518	69,843,768	74,478,605	50,644,913	351,594,553	100%

The State Mandated Budget Program Areas and the City Departments/Activities that fall under each of these areas are as follows:

Public Safety – Includes Police, Emergency Communication Center, Fire, Disaster Services, Health Services: Animal Control, Public Works: Flood Control, Housing: Code Inspection and Construction Services
Public Works – Includes Airport, Public Works, Engineering
Health and Social Services – Office of Equity and Human Rights, Health Services, Purchase of Services
Culture and Recreation – Parks, Civic Center, Conference Center, Ice Center, Recreation, AmeriCorps, Multicultural Family Center, Library, City Manager: Arts and Cultural Affairs
Community and Economic Development - Economic Development, Housing and Community Development, Planning Services, Purchase of Services, City Manager: Office of Shared Prosperity and Neighborhood Support
General Government – Engineering: Facilities Management: City Hall/Annex Maintenance/Grand River Center Maintenance, City Council, City Manager, Public Information, Human Resources, Sustainability, City Clerk, Finance,Media Services, City Attorney , Information Services
Business Type – Water, Water Resource & Recovery Center, Parking, Transit, Public Works: Landfill, Refuse, Salt Operations, Engineering: Sewer, Stormwater

FISCAL YEAR 2026 - 2030 CIP BUDGET HIGHLIGHTS BY CITY COUNCIL GOALS & PRIORITIES
CITY COUNCIL POLICY AGENDA

The City Council Policy Agenda includes items that require major policy direction decision and/or funding. It includes the City Council's Top and High Priorities.

VIBRANT COMMUNITY: HEALTHY & SAFE

(None)

FINANCIALLY RESPONSIBLE, HIGH-PERFORMANCE CITY ORGANIZATION: SUSTAINABLE, EQUITABLE, AND EFFECTIVE SERVICE DELIVERY

Priority: City Workforce Retention and Attraction: Direction and Funding
Priority classification: High priority
CIP projects supporting this Priority: This priority is supported through the proposed FY26 Human Resources and City Managers Office operating budgets as well as the efforts of all City departments.

Priority: Police Department Staffing and Hiring:
Priority classification: Top Priority
CIP projects supporting this Priority: This priority is supported through the proposed FY26 Police operating budget.

ROBUST LOCAL ECONOMY: DIVERSE BUSINESSES & JOBS WITH ECONOMIC PROSPERITY

Priority: Air Service Future Strategy and Action Plan
Priority classification: Top Priority
CIP projects supporting this Priority: This priority is supported through the proposed FY24 Airport operating budget and CIPs located on pages 93-100.

LIVABLE NEIGHBORHOODS & HOUSING: GREAT PLACE TO LIVE

Priority: Comprehensive Study of Fire Stations Locations Staffing
Priority classification: High Priority
CIP projects supporting this Priority: This priority is supported through the proposed FY26 Fire operating budget and Fire Station Expansion/Relocation CIP located on page 4.

Priority: Central Avenue Revitalization Plan: Adoption, Direction, and City Actions
Priority classification: High Priority
CIP projects supporting this Priority: Central Avenue White Street Corridor Master Plan Design and Implementation Improvements 4th - 22nd Street (205), Greater Downtown Housing Creation Grant Program (259), Downtown Rehabilitation Grant Program (262), Central Ave Housing Forgivable Loan (263), Central Ave Alley Lighting Program (264).

SUSTAINABLE ENVIRONMENT: PRESERVING & ENHANCING NATURAL RESOURCES

Priority: Catfish Creek Sanitary Sewer Project: Old Mill Road Lift Station Project
Priority classification: High Priority
CIP projects supporting this Priority: Old Mill Road Lift Station & Force Main – Phase I (183),Old Mill Road Lift Station & Force Main – Phase 2 (185), Catfish Creek Sewershed Interceptor Sewer Improvements – South Fork (190), Catfish Creek Sewershed Interceptor Sewer Improvements – Middle Fork (192), Southwest Arterial Middle Interchange Sewer Extension (194).

CONNECTED COMMUNITY: EQUITABLE TRANSPORTATION, TECHNOLOGY, INFRASTRUCTURE & MOBILITY

Priority: Construction of 14th St Railroad Overpass and 16th St Corridor Complete Streets Improvements: RAISE Grant
Priority classification: Top Priority
CIP projects supporting this Priority: 14th Street Overpass (204).

Priority: Street Maintenance/Rehabilitation Program: Direction and Funding
Priority classification: Top Priority
CIP projects supporting this Priority: Asphalt, Concrete, and Curb Replacement Program (101-104), Engineering Streets CIPs (196-210)

DIVERSE ARTS, CULTURE, PARKS AND RECREATION EXPERIENCES & ACTIVITIES

Priority: Chaplain Schmitt Island Master Plan Implementation - Next Phase
Priority classification: High Priority
CIP projects supporting this Priority: Admiral Sheehy Drive Water Main Loop (40), Iowa Amphitheater on Schmitt Island (228)

Priority: Parks Maintenance/Refresh Action Plan: Condition Assessment, Needs, Plan Development, Direction and Funding
Priority classification: High Priority
CIP projects supporting this Priority: Parks & Recreation Comprehensive Master Plan (14)

PARTNERSHIP FOR A BETTER DUBUQUE: BUILDING OUR COMMUNITY THAT IS VIABLE, LIVABLE & EQUITABLE

(none)

MANAGEMENT IN PROGRESS AND MAJOR PROJECTS:

The following are projects that were identified as the 2024 - 2026 Management in Progress and Major Projects by the City Council and are included in the 2026 CIP budget according to one of the Council's goals.

2024 - 2026 Management in Progress

Management in Progress are items that were previously a City Council Goal and are now in the implementation phase. These items are included in the existing FY 2025 and proposed FY 2026 Operating budgets unless noted for additional funding. The items are identified under their corresponding City Council Goal:

Management in Progress are items that were previously a City Council Goal and are now in the implementation phase. These items are included in the existing FY 2025 and proposed FY 2026 Operating budgets unless noted for additional funding. The items are identified under their corresponding City Council Goal:

Vibrant Community: Healthy & Safe

- 911 Center Accreditation
- SRO Program Expansion
- Public Safety Workforce Diversification
- Fire Protective Gear Replacement Year 3 (Frontline Gear)
- Equitable Fines and Fees Reform
- Traffic and Security Cameras Deployment: Engineering Traffic CIPs (234-248)
- Diversity Equity and Inclusion Belong City Action Plan
- LPR Cameras
- New CAD Computer System
- Prepared Live – Paid Version
- Fire Equipment (6-8, 12-13)
- Public Safety Radios Upgrade
- Community Risk Reduction (AED Program (slips and falls, mental health response, elderly resources) Strategic Plan
- Opioid Misuse Planning and Response in conjunction with Dubuque County
- Animal Control Ordinance Update
- Public Safety Answer Point Back-Up
- Veterinarian Services Contract
- Pet Licensing Systems (including in-house or outsourcing)
- Public Health Preparedness Emergency Response Plan Update
- Law Enforcement Mental Health and Wellness Check-Ins

Financially Responsible, High Performance City Organization: Sustainable, Equitable, and Effective Service Delivery

- Organizational Culture Continuous Improvement

- Rightsizing Departments – Services and Staffing
- Future City Employee Career Development Program(s)
- City Legislative Lobbying/Advocacy Agenda 2025
- Enterprise Resource Planning (ERP) Software Implementation
- ERP Software Implementation
    - Employee Expense
    - Financial Asset Management
    - Employee Self-Service
- HRIS Implementation
    - Selection
    - Implementation
- CRM Service Model: Implementation
- Data Governance: Direction and Funding
- City Bond Rating: Updated Credit Rating Fall 2024 and Bond Sale
- City-Wide Safety Program
- Debt and Investment Management Software
- Banking Services
- Cyber Security Enhancements: Training and Tool
- Leisure Services Director Replacement
- Adopt A Spot/Volunteer Management Hub Site GIS Application

Robust Local Economy: Diverse Business & Jobs with Economic Prosperity

- Business Incentives Policy/Processes: Review and Refinement
- Office of Shared Prosperity/Poverty Reduction Plan: Update Report
- Flexsteel Site for Redevelopment: Pump Agreement
- Minority-, Women-, Disabled-, and LGBT Business Enterprises (MWDBE) Procurement Policy
- MWDBE) Procurement Policy, Process Revision and Recruitment
- Port New Hotel Development: Closing
- Comprehensive Hotel Attraction/Incentive Policy and Strategy –Port and Rehabilitation
- Grand Harbor Hotel Transition to New Ownership: City Actions

Livable Neighborhoods: Great Place to Live

- Unified Development Code Update
- Neighborhood Associations Development: Public Awareness
- NSPIRE Implementation from HQS for the HCV Program
- HOTMA Implementation for HCV Program

- Terminus for all Permits, Data Governance and Storage: Completion
- Permitting and Inspection Software Implementation: Completion
- New Housing Development Support: Report (Starts and Additional Permits)
- Code Compliance/Enforcement Enhancements:

Sustainable Environment: Preserving & Enhancing Natural Resources

- Water Distribution and Treatment System Master Plan: Budget Decision FY 25
- Trees Planting Program Enhancement: Report Options, Direction and City Actions (Planting: 5,280 trees)
- Water Resource Recovery Plant – Odor Abatement Implementation (90)
- Sewer System Infrastructure Asset Master Plan: Analysis Completion and Update Report (158)
- Pollinator Habitat in Park System Implementation: Complete Natural Resources Plan Actions (20)
- Electric Bus Implementation: Acquisition (1)
- Emerald Ash Borer (23)
- Air Quality EPA Path Forward: Update Reports
- Consumer Confidence Report 2024: Creation and Publication
- Waste Temporarily Stored in the Open-Air excess Flow Tank: Removal and Disposal
- Vacant Maintenance Supervisor Position: Evaluation and Direction
- HVAC Mini-split System Installation: Completion
- Fats, Oils, and Grease Program: Software Update Implementation
- WRRC State Certified Lab Expanding the Testing Capability: Completion

Connected Community: Equitable Transportation, Technology, Infrastructure & Mobility

- Traffic on Central Avenue/White Corridor Short Term Action (209)
- Parking System and Technology Master Plan: Work Session (269)
- STREETS Program: Phase 1 – Arterials Design (245-246)
- Community Broadband Project – Fiber-to-the-Home: Phase 2 Funding Sources (255)
- Smart Parking and Mobility Study: Parking Implementation (269)
- Jule Services Study Planning Grant: Selection of Consultant and Completion

Diverse Arts, Culture, Parks, and Recreation Experiences and Activities

- Chaplain Schmitt Island Amphitheater Development: Implementation Direction and Funding (229)
- Comiskey Park Upgrades – Phase 2 Park Renovation Complete (16)
- Eagle Point Park Enhancements/Reinvestment: Challenge Grant (17)
- Comprehensive Parks Master Plan (15)
- 5-Flags Facility Capital Improvement Project (24-28)
- Arts and Culture Master Plan: Revised
- Five Flags Civic Center Management: Selection

- Historic Millwork District Park Plan
- Culture Definition: Report
- Cultural Experiences and Programming: Report

Partnership For A Better Dubuque: Building Our Community That Is Viable, Livable, & Equitable

- Succession Plan for Intergovernmental Relations Position: Development
- Community Impact Department: Mission/Vision
- City Life in Marshallese or Other Language: Implementation
- Equitable Fine and Fee Work Plan

Major Projects

Major Projects are projects that are underway and budgeted. Staff is implementing and providing updates to City Council. These items are included in the existing FY 2025 and proposed FY 2026 Operating budgets unless noted for additional funding. The items are identified under their corresponding City Council Goal:

Vibrant Community: Healthy & Safe

- Fire Headquarters Bunk Room Remodel, HVAC, and Fire Administration Office Update: Engineering Design (1)
- Burn Tower Improvement Project: Construction

Financially Responsible, High Performance City Organization: Sustainable, Equitable, and Effective Service Delivery

- City Hall and Annex Project: Design
- Federal Building Upgrade Project: Completion
- Multicultural Family Center Project: Completions
- City Data Center Project– Phase 1: Completion
- City Facility Integrated Access Control
- Federal Building HVAC System Condition Assessment and Long-term Replacement Plan: Completion

Robust Local Economy: Diverse Business & Jobs with Economic Prosperity

- Dubuque Brewing & Malting Building Project: Deconstruction Completion and Site Remediation Enforcement Action
- River Boat Docking Project: Environmental Study and Temporary Dock Installation (227)

Livable Neighborhoods: Great Place to Live

- (none)

Sustainable Environment: Preserving & Enhancing Natural Resources

- Bee Branch Stormwater Pumping Station Project (16th Street/Kerper Pumping Station) (161)
- SCADA Overhaul: Water (54, 247)
- Lead Water Lines Replacement (Grant Dependent) (53)

- Auburn and Custer Water Main, Sanitary Sewer, Street Reconstruction Project: Construction (66)
- Green Alley Project: Construction (46, 211)
- 42-inch Diameter Sanitary Sewer Force Main Stabilization Project (USACE partnership): Completion (196)
- Cedar and Terminal Street Lift Station and Force Main: Bid (182)
- Tamarack Sanitary Sewer Extension Project: Construction
- Twin Ridge Sanitary Sewer Extension and Lagoon Abandonment Project: Construction
- Granger Creek Lift Station Improvements: Construction (184)
- Old Mill Road Lift Station & Force Main: Construction (184-186)
- Grove Terrace Sanitary Sewer Reconstruction: Construction (66)
- Advancing New Deep Well No. 11 (as part of PFAS Remediation Plan) (56)
- North Cascade/Southwest Arterial Water/Sewer Main Extension from Edval Lane to North. English Mill Road): Construction
- City-Wide Fiber Project – Water Department Pump, Stations, Tanks and Towers: Completion (251, 253)
- Tamarack Park/HWY 61 Water Main Extension project (per development agreement.): Construction
- Deep Well No. 7 Rehabilitation: Completion
- Creek Crossing Restoration Project: Construction
- High Strength Waste Receiving & Storage Project

Connected Community: Equitable Transportation, Technology, Infrastructure & Mobility

- East-West Corridor/Roundabout Policy/Projects: Preliminary Design (199)
- Highway 20/Northwest Arterial Intersection Project: (IDOT Funding FY 26) (208)
- SW Arterial ITS Project: Construction Completion
- Connection to Data Center Project: Phase 2 Construction Completion
- Building Connection to Additional City Locations Project: Completion
- Taxiway Alpha Construction Project – Phase 2: Completion (93)
- Terminal Solar Photovoltaic Project: Completion
- General Aviation Apron Reconstruction Project: Construction (94)
- Bee Branch Trail - Phase 1 Project: Completion, Significant Audit Preparation and Project Close Out
- Chaplain Schmitt Federal Community Project Trail Grant Project: Construction and Audit
- Heeb Street Reconstruction Project – South of Kaufmann Avenue
- 2024 Pavement Marking Project: Completion (197, 222)
- Wildwood Drive Bridge Replacement: Design (207)
- Relocation of Fiber Optics on Bridge (Highway 20)

Diverse Arts, Culture, Parks and Recreation Experiences and Activities

- Eagle Valley Subdivision Park: Completion
- English Ridge Subdivision Park: Completion

- Westbrook Park: Completion
- Jackson Park Restrooms/Amenities
- ImOn Arena – Dehumidification, HVAC, Generator Set System Project
- Design Dehumidification
- Bid and Construction
- HVAC/Generator (Budget Decision FY 26)

Partnership For A Better Dubuque: Building Our Community That Is Viable, Livable, & Equitable (None)

Source of Funds and Important Details

The Fiscal Year 2026-2030 CIP presents a financial plan that reflects a $285,791 general fund property tax levy supported annual debt service for the FY 2010 purchase of a replacement pumper truck ($1,035,000) and the FY 2016 franchise fee litigation settlement judgment bond ($2,800,000). No other borrowings included in the Fiscal Year 2026-2030 CIP utilize a debt service levy. It is anticipated that other borrowing from non-utility funds can and will be minimized by using other sources of funds such as future DRA annual distributions of operating surplus and sales tax revenue.

The following important details are about the source of funds:

UTILITIES

Stormwater

The Stormwater Utility was formed on July 1, 2003, to update and expand the City's aging infrastructure, comply with the National Pollution Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) permit, and implement the various elements of the 2001 Drainage Basin Master Plan (amended in 2013), which outlined improvements in both the Catfish Creek and Bee Branch watersheds. The City has been able to garner support from local, state, and federal partners with over $163 million in outside funding to help offset the cost of the overall $254 million project. Since 2001, the City has made steady progress on the various phases of the project.

When the City Council adopted Ordinance 21-12 (passed and approved on March 7, 2012), they established that the stormwater utility fee would increase to $9.00 per month on July 1, 2016 in order to fund the operational and capital costs of the public stormwater management system, including improvements such as the Bee Branch Creek Restoration Project. But later in 2012, the Iowa General Assembly created the Flood Mitigation Program which provides funding for flood mitigation projects undertaken by local governments such as the City of Dubuque. Managed by the Iowa Flood Mitigation Board, the funding source established involves taking a portion of the incremental growth of State sales tax revenue collected within a city and diverting from the State General Fund to cities approved for the funding. Having updated the Drainage Basin Master Plan in the fall of 2013, which outlined the improvements associated with the 12-phase Bee Branch Watershed Flood Mitigation Project, the City was successful in securing $98.5 million in State sales tax increment funding. With the infusion of funding, the City Council adopted Ordinance 16-14 (passed and approved on March 5, 2014) establishing that the stormwater utility fee did not reach $9.00 per month until July 1, 2021, five years later than later than previously scheduled.

The City has been able to provide stormwater management services within the rate structure established by Ordinance 16-14. Due to the uncertain economic impacts of the COVID-19 pandemic, there was no increase in FY2021 as part of the City's Coronavirus relief response. With some minor adjustments to planned Capital Improvement Program projects, reducing some budgets and delaying a few others, the City was able to delay the planned increases for a year such that the rate did not reach $9.00 per month until FY 2023, six years later than previously scheduled.

The recommended Fiscal Year 2026-2030 Capital Improvement Program Budget includes $13,696,697 for the Flood Mitigation Gate & Pump Replacement as part of the Bee Branch Creek Restoration Project (Phase 5 of the Bee Branch Watershed Flood Mitigation Project). Additional funding was provided for the project in the Fiscal Years 2024 and 2025 Capital Improvement Program Budgets.

The recommended Fiscal Year 2026-2030 Capital Improvement Program Budget includes $3,556,000 for construction in Fiscal Year 2028 for the Flood Control Maintenance Facility as part of the Bee Branch Creek Restoration Project (Phase 9 of the Bee Branch Watershed Flood Mitigation Project). Additional Funding was provided for the project design in the Fiscal Year 2025 Capital Improvement Program Budget.

The recommended Fiscal Year 2026-2030 Capital Improvement Program Budget includes $1,120,000 for the North End Storm Sewer Improvements as part of the Bee Branch Creek Restoration Project (Phase 10 of the Bee Branch Watershed Flood Mitigation Project).

Fiscal Year 2026 will be the nineteenth fiscal year that the Stormwater Fund is recommended to be fully funded by stormwater user fees. The General Fund will continue to provide funding for the stormwater fee subsidies that provide a 50% subsidy for the stormwater fee charged to property tax exempt properties, low-to-moderate income residents, and a 75% subsidy for the stormwater fee charged to residential farms. The FY 2026 Stormwater User Fee is proposed to increase from $10.50 per SFU to $11.03 per SFU, a 5.00% increase.

	Rate Per Single Family Unit (SFU)
Fiscal Year 2021 - Adopted Per Ordinance 21-20	$ 8.29
Fiscal Year 2022 - Adopted Per Ordinance 10-21	$ 8.85
Fiscal Year 2023 - Adopted Per Ordinance 13-22	$ 9.00
Fiscal Year 2024 - Adopted Per Ordinance 14-23	$ 10.00
Fiscal Year 2025 - Adopted Per Ordinance 14-24	$ 10.50
Fiscal Year 2026 - Recommended	$ 11.03

Water
Water revenue represents a portion of the monthly water bill that goes for maintenance, repair, replacement and improvement of the Eagle Point Water Plant and water distribution system on a pay-as-you-go basis for all projects except the major extensions. The annual payment to the depreciation fund in Fiscal Year 2025 is $60,000. The Fiscal Year 2026-2030 CIP anticipates $2,908,280 in Fiscal Year 2026, $1,555,195 in Fiscal Year 2027, $2,468,211 in Fiscal Year 2028, $2,950,541 in Fiscal Year 2029, and $2,034,800 in Fiscal Year 2030.

Water State Revolving Fund Loans will be used to finance sewer projects in FY 2026-2030 as follows: $750,000 FY 2026; $1,524,715 FY 2027; $9,158,146 FY 2028; $4,523,812 FY 2029; and $0 FY 2030. The debt service related to the total $15,956,673 State Revolving Fund Loans over the 5-years will be paid from water fees and offset by reduced payments to Depreciation (Construction Fund). The State Revolving Fund Loans support West End Annexation Study and Implementation Phase I, Tamarack Park Drive/Wood Gate Drive Frontage Road Water Main Extension, Source Water PFAS Reduction Project Granular Filter, Water Main Replacements - Consent Decree, Third Pressure Zone Connection (from Tanzanite Dr to Olympic Heights Pump Station), Highway 20/Dodge St. Water Main Relocation - Devon Drive to Concord Street, Green Alley Water Main Improvements, Water Storage Rehabilitation Program, Water Main Replacements - Streets, and West End Annexation Phase II.

Prior to FY 2013, the General fund has been subsidizing a portion of the utility funds use of administrative services such as Engineering administration, Engineering Project Management, Finance accounting services, Economic Development, Planning Services, Workforce Development, City Clerk services, Legal services, City Manager's Office including Budget, Geographic Information Systems, Sustainability, Neighborhood Development, Arts and Cultural Affairs and Personnel. Prior to FY 2013, the Engineering department estimated the amount of time spent on projects and allocated that time to an Internal Service Fund which is then allocated to the various capital improvement projects that the personnel work on. The remaining time not allocated to the Internal Service Fund was considered administrative and has been charged to the General Fund. In addition, administrative departments such as the City Manager's Office, Legal, Planning, Economic Development, City Clerk's Office and Workforce Development recharged expenses based upon each enterprise fund's percent of the City-wide operating budget, excluding debt service. The accounting activity of the Finance Department has not been recharged to the other funds with exception of payroll and loan processing, parking tickets and landfill billing.

Beginning in FY 2013, additional overhead recharges to the utility funds is being phased in over several years. Engineering administrative and project management expenses that are not recharged to capital projects will be split evenly between the Water, Sewer, Stormwater and General Funds. Finance accounting expenses and all other administrative departments such as Economic Development, Planning, Workforce Development, City Clerk, Legal Services and City Manager's Office will be split evenly between Water, Sewer, Stormwater, Refuse Collection and General Funds, with overhead costs being shared by the Landfill and Parking. This will be fully implemented over time.

Beginning in Fiscal Year 2018, Neighborhood Development, Economic Development and Workforce Development expenses will not be recharged to utility funds. In addition, the Landfill will not be recharged GIS and Planning expenses.

The Water Fund's share of the City's administrative overhead is 18.75%. In FY 2026, the Water Fund will support 17.81% of administrative overhead.

The water fees in FY 2026 are recommended to increase 9.0%.

Sewer
Sewer revenue represents a portion of the monthly sewer bill that goes for the maintenance, repair, replacement and improvement of the Water & Resource Recovery Center Plant; lift stations, and sewer lines on a pay-as-you-go basis. The annual payment to the depreciation fund in Fiscal Year 2025 was $1,600,000. The Fiscal Year 2026-2030 CIP anticipates $1,946,377 in Fiscal Year 2026, $2,900,000 in Fiscal Year 2027, $2,100,000 in Fiscal Year 2028, $2,238,000 in Fiscal Year 2029 and $2,822,900 in Fiscal Year 2030.

Sanitary Sewer State Revolving Fund Loans will be used to finance sewer projects in FY 2026-2030 as follows: $20,079,873 FY 2026; $17,796,826 FY 2027; $19,938,126 FY 2028; $12,413,852 FY 2029; and $8,170,350 FY 2030. The debt service related to the total $78,399,027 State Revolving Fund Loans over the 5-years will be paid from sewer fees and offset by reduced payments to Depreciation (Construction Fund). The State Revolving Fund Loans support such projects as Fore main Stabilization, Catfish Creek Sewershed Interceptor Improvements (South Fork and Middle Fork), Cedar and Terminal Street Lift Station and Force Main Improvements, South West Arterial Middle Interchange Sewer Extension, Old Mill Road Lift Station & Force Main Phases (1 and 2), Outfall Manhole Reconstruction, Track Line Sewer Reconstruction, W&RRC Plant Nutrient Reduction Improvements, W&RRC Industrial Control Upgrade, W&RRC Headworks Bar Screen Replacement, RAS and Scum Pump Replacement.

The sewer fees in FY 2026 are recommended to increase 9.0%.

Prior to FY 2013, the General fund has been subsidizing a portion of the utility funds use of administrative services such as Engineering administration, Engineering Project Management, Finance accounting services, Economic Development, Planning Services, Workforce Development, City Clerk services, Legal services, City Manager's Office including Budget, Geographic Information Systems, Sustainability, Neighborhood Development, Arts and Cultural Affairs and Personnel. Prior to FY 2013, the Engineering department estimated the amount of time spent on projects and allocated that time to an Internal Service Fund which is then allocated to the various capital improvement projects that the personnel work on. The remaining time not allocated to the Internal Service Fund was considered administrative and has been charged to the General Fund. In addition, administrative departments such as the City Manager's Office, Legal, Planning, Economic Development, City Clerk's Office and Workforce Development recharged expenses based upon each enterprise fund's percent of the City-wide operating budget, excluding debt service. The accounting activity of the Finance Department has not been recharged to the other funds with exception of payroll and loan processing, parking tickets and landfill billing.

Beginning in FY 2013, additional overhead recharges to the utility funds is being phased in over several years. Engineering administrative and project management expenses that are not recharged to capital projects will be split evenly between the Water, Sewer, Stormwater and General Funds. Finance accounting expenses and all other administrative departments such as Economic Development, Planning, Workforce Development, City Clerk, Legal Services and City Manager's Office will be split evenly between Water, Sewer, Stormwater, Refuse Collection and General Funds, with overhead costs being shared by the Landfill and Parking. This will be fully implemented over time.

Beginning in Fiscal Year 2018, Neighborhood Development, Economic Development and Workforce Development expenses will not be recharged to utility funds. In addition, the Landfill will not be recharged GIS and Planning expenses.

The Sanitary Sewer Fund's share of the City's administrative overhead is 18.75%. In FY 2026, the Sanitary Sewer Fund will support 18.28% of the administrative overhead.

Parking
Parking revenue represents three primary sources: (a) the balance of prior year depreciation funds set aside for the maintenance and repair of parking ramps; (b) future payments to the depreciation fund for repair and maintenance of the parking system (there are no budgeted payments to the depreciation fund in future years due to using existing cash balance); and (c) interest income.

A $5.2 million Greater Downtown TIF borrowing is anticipated in FY 2026-2030 for parking ramp major maintenance. New debt service will be paid from the Greater Downtown TIF fund.

The Greater Downtown TIF will support parking related debt in the downtown as follows: $2,012,375 in FY 2026; $2,014,000 in FY 2027; $2,010,750 in FY 2028; $2,012,625 in FY 2029; and $2,013,875 in FY 2030.

Prior to FY 2013, the General fund has been subsidizing a portion of the utility funds use of administrative services such as Engineering administration, Engineering Project Management, Finance accounting services, Economic Development, Planning Services, Workforce Development, City Clerk services, Legal services, City Manager's Office including Budget, Geographic Information Systems, Sustainability, Neighborhood Development, Arts and Cultural Affairs and Personnel. Prior to FY 2013, the Engineering department estimated the amount of time spent on projects and allocated that time to an Internal Service Fund which is then allocated to the various capital improvement projects that the personnel work on. The remaining time not allocated to the Internal Service Fund was considered administrative and has been charged to the General Fund. In addition, administrative departments such as the City Manager's Office, Legal, Planning, Economic Development, City Clerk's Office and Workforce Development recharged expenses based upon each enterprise fund's percent of the City-wide operating budget, excluding debt service. The accounting activity of the Finance Department has not been recharged to the other funds with exception of payroll and loan processing, parking tickets and landfill billing.

Beginning in FY 2013, additional overhead recharges to the utility funds is being phased in over several years. Engineering administrative and project management expenses that are not recharged to capital projects will be split evenly between the Water, Sewer, Stormwater and General Funds. Finance accounting expenses and all other administrative departments such as Economic Development, Planning, Workforce Development, City Clerk, Legal Services and City Manager's Office will be split evenly between Water, Sewer, Stormwater, Refuse Collection and General Funds, with overhead costs being shared by the Landfill and Parking. This will be fully implemented over time.

Beginning in Fiscal Year 2018, Neighborhood Development, Economic Development and Workforce Development expenses will not be recharged to utility funds. In addition, the Landfill will not be recharged GIS and Planning expenses.

The Parking Fund's share of the City's administrative overhead is 6.93%. In FY 2026, the Parking Fund will support 2.77% of the administrative overhead.

Solid Waste Collection Activities

Solid waste collection activities revenue represents a portion of the monthly refuse bill that goes for the purchase of solid waste collection vehicles. The annual payment to the depreciation fund in Fiscal Year 2025 was $325,000. The Fiscal Year 2026-2030 CIP anticipates $— in FY 2026, $108,450 in FY 2027; $1,880 in FY 2028; $— in FY 2029; and $— in FY 2030.

The Solid Waste Collection will support solid waste related debt for solid waste collection vehicles as follows: $220,000 in FY 2026; $375,000 in FY 2027; $595,000 in FY 2028; $375,000 in FY 2029 ; $845,000 in FY 2030.

Prior to FY 2013, the General fund has been subsidizing a portion of the utility funds use of administrative services such as Engineering administration, Engineering Project Management, Finance accounting services, Economic Development, Planning Services, Workforce Development, City Clerk services, Legal services, City Manager's Office including Budget, Geographic Information Systems, Sustainability, Neighborhood Development, Arts and Cultural Affairs and Personnel. Prior to FY 2013, the Engineering department estimated the amount of time spent on projects and allocated that time to an Internal Service Fund which is then allocated to the various capital improvement projects that the personnel work on. The remaining time not allocated to the Internal Service Fund was considered administrative and has been charged to the General Fund. In addition, administrative departments such as the City Manager's Office, Legal, Planning, Economic Development, City Clerk's Office and Workforce Development recharged expenses based upon each enterprise fund's percent of the City-wide operating budget, excluding debt service. The accounting activity of the Finance Department has not been recharged to the other funds with exception of payroll and loan processing, parking tickets and landfill billing.

Beginning in FY 2013, additional overhead recharges to the utility funds is being phased in over several years. Engineering administrative and project management expenses that are not recharged to capital projects will be split evenly between the Water, Sewer, Stormwater and General Funds. Finance accounting expenses and all other administrative departments such as Economic Development, Planning, Workforce Development, City Clerk, Legal Services and City Manager's Office will be split evenly between Water, Sewer, Stormwater, Refuse Collection and General Funds, with overhead costs being shared by the Landfill and Parking. This will be fully implemented over time.

Beginning in Fiscal Year 2018, Neighborhood Development, Economic Development and Workforce Development expenses will not be recharged to utility funds. In addition, the Landfill will not be recharged GIS and Planning expenses.

The Solid Waste Fund's share of the City's administrative overhead is 18.75%. In FY 2026, the Solid Waste Fund will support 18.64% of the administrative overhead.

The solid waste collection fees in FY 2026 are recommended to increase 5%.

GENERAL FUND

The current revenue amount of $409,000 (0.12% of CIP Total) during the five-year period represents $110,000 in golf funds for improvements to the Bunker Hill Golf Course, $29,000 in Historic Preservation Loan repayments, $75,000 in Rental Dwelling Rehab Repayments, $120,000 in Washington Neighborhood Loan Repayments, $50,000 in insurance and other reimbursements, and $25,000 in repayments to the Homeownership Loan Program.

LOCAL OPTION SALES TAX (LOST)

The local option Sales and Services Tax approved by the voters on February 2, 1988, provided that 20 percent of the proceeds would be used for: (a) the upkeep of City-owned property such as sidewalks, steps, storm sewers, walks, curbs, traffic signals and signs, bridges, and buildings and facilities; (b) transit equipment such as buses; (c) riverfront and wetland developments; and (d) economic development projects. This portion of the Sales and Services Tax shows up on the CIP Source of Funds Summary as “Sales Tax (20%)” totals $2,076,092 and represents 0.59% of the total CIP.

The local option Sales and Services Tax approved by the voters on February 2, 1988, provided that 30 percent of the proceeds would be used to: (a) reduce street special assessments by at least 75 percent; and (b) maintain and repair streets. This portion of the Sales and Services Tax shows up on the CIP Source of Funds Summary as “Sales Tax/Street Projects (30 percent)” and totals $21,760,781, or 6.19% of the total CIP.

GAMING

DRA payments represent 0% in FY 2026 of the projected gaming taxes, rent, and admissions from the race track, slots and riverboat operations ($0 or 0.00% of the total CIP) over the five-year period. When practical in future years, additional revenues will be moved to capital from operating. To the extent that there is any revenue shortfall in future years, capital projects will be eliminated or deferred. DRA distribution revenue projections ($2,498,676 or 0.71% of the total CIP) are discounted consistent with the adopted budget guidelines by 5% in FY 2028, 10% in FY 2029 and 15% in FY 2030. **In Fiscal Year 2026, all DRA Distribution is diverted to the operating budget instead of being used in the capital budget. This was also done in Fiscal Year 2025 and 2024, which is a change from past practice.**

On December 14, 2021, an amended lease took effect with the Dubuque Racing Association for lease of the Q Casino. This lease amendment raised the lease payment from 1% of coin-in to 1.5% of coin-in.The amendment increased the amount retained by the DRA for the operating budget reserve from 5% to 10%. The lease amendment eliminates the $10,000 per month DRA payment to the Depreciation and Improvement Fund for facility maintenance. In addition, the distribution of net profit is now split three ways between the City, charities, and the Schmitt Island Master Plan Implementation from a two-way split between the City and charities. The amended lease has an expiration date of December 31, 2055.

In calendar year 2024, the DRA saw a decline of -4.85% in gross gaming revenues, while Diamond Jo experienced a slight increase of +1.61% compared to 2023. The Dubuque market in 2024 was approximately $122.6 million annually, showing a decrease of -0.8% from the $123.6 million market in 2023. This decline was expected due to construction disruptions throughout the year. The DRA's gross gaming revenue was significantly impacted by redevelopment work on the property, which continued throughout the year. Additionally, the main highway leading to our facility was closed for extended repairs. An exit ramp that was initially scheduled for a brief closure ended up being closed for several months, further affecting traffic and access.

Despite these challenges, the DRA saw growth in other areas in 2023, including food and beverage sales, as well as new revenue from the opening of the Island Social (Family Entertainment Center) and the new banquet event space. However, total gross revenue for the DRA in 2024 was down -4.2% compared to 2023.

FEDERAL FUNDING

Community Development Block Grant (CDBG)
The Fiscal year 2026-2030 CIP anticipates that Community Development Block Grant (CDBG) funds will be $450,000 in FY 2026; $450,000 in 2027; $350,000 in FY 2028; $250,000 in FY 2029; and $250,000 in FY 2030 (0.50% of the total CIP). CDBG is budgeted at the same funding level as FY 2025.

Federal Aviation Administration (FAA)
The FAA funding of $21,888,495 (6.23% of the total CIP) provides 90 percent match on most airfield related improvements. The Fiscal Year 2026-2030 budget includes Reconstruct Taxiway A, Terminal Building Modifications, Taxiway D Extension, Westside D Extension, Reconstruct General Aviation Apron, and Update Airport Pavement Management System.

Federal Lead Paint/Healthy Homes Grant (1.62% of Total CIP)
The Fiscal year 2026-2030 CIP anticipates that Lead Paint/Healthy Homes Grant funds will be $1,300,000 in FY 2026; $2,700,000 in 2027; $1,700,000 in FY 2028; — in FY 2029; and — in FY 2030 (1.62% of the total CIP).

Healthy Homes Production Grant (0.51% of Total CIP)
The Fiscal year 2026-2030 CIP anticipates that Healthy Homes Production Grant funds will be $550,000 in FY 2026; $1,000,000 in 2027; $250,000 in FY 2028; — in FY 2029; and — in FY 2030 (0.51% of the total CIP).

Federal Assistance
Federal Assistance funding of $38,327,815 (10.90% of the total CIP) includes EDA, EPA, Infrastructure grants, and other federal grants. The Fiscal Year 2026-2030 budget includes Bee Branch Creek Gate and Pump Replacement, Public Electric Vehicle Chargers, and 14th Street Overpass, .

Federal STP Funds
Federal STP Funds funding of $13,653,598 (3.88% of the total CIP) includes DMATS funds for 14th Street Overpass, and US Highway 20 - Northwest Arterial Intersection Operational and Capacity Improvements.

STATE FUNDING

Road Use Tax
Road Use Tax Funds (RUTF) of $0 (0.00% of the total CIP) over five years represents the balance of annual payments not required for support of the operating budget and funds that had been reserved to finance high priority transportation projects. The Iowa Department of Transportation (IDOT) provides annual projections on the amount of RUTF the City of Dubuque will receive over the next five years based on a per capita amount.

The State Road Use Tax Fund consist of revenues from fuel tax, vehicle registration fees, use tax, driver's license fees and other miscellaneous sources and is distributed to cities on a per capita basis. It should be noted that in FY 2010, the Iowa Department of Revenue increased Road Use Tax Funds (RUT) as a result of higher vehicle registration fees passed into law in 2008. The gas tax was increased ten cents beginning in February 2015. The city is estimated to receive $44,519,265 for FY 2026-2030, all used for operations.

Sales Tax Increment Revenue
The City secured a $98.5 million grant through the State of Iowa Flood Mitigation program funded by 70% of the sales tax increment revenue received from the State of Iowa's 5% portion of sales tax received from sales in the City of Dubuque. This revenue will fund the debt service payable on Sales Tax increment Revenue bonds and Iowa Finance Authority State Revolving Fund Loans issued for the Flood Mitigation project known as the Bee Branch Watershed Project. In the five year capital program, $3,956,000 of sales tax increment revenue will fund pay-as-you-go projects related to the Bee Branch Watershed project.

Other State Grants (0.61% of Total CIP)
State funding includes Iowa Department of Transportation Funding for street projects and trails and Historic Preservation Surveys and Regulations of $2,155,000 are anticipated over the five-year program.

Iowa Finance Authority funding of $919,896 is anticipated over the five-year program for the Housing Department's Housing Trust Fund to provide permanently affordable housing or assistance to nonprofit organizations providing the same.

TAX INCREMENT FINANCING (TIF)

Dubuque Industrial Center West TIF District
In FY 2006 and 2007, Tax Increment Financing (TIF) funds were committed towards abatement of the 20 year G.O. Bond issue for a Dubuque Industrial Center West (DICW) expansion and Chavenelle Road extension project, thereby delaying payback to the general fund for prior year development costs. In FY 2007, the TIF assessed values increased, allowing for additional increment for projects and cost recovery to continue. In FY 2017, the TIF assessed values increased again from a commercial 12% state equalization order.

The FY 2026-2030 CIP includes $1,857,500 in land sale proceeds to provide funding for the new campaign by the Greater Dubuque Development Corporation to improve the economy in Dubuque, $60,000 for a second dog park planning, and $30,000 for native plantings.

Annexation Initiatives
As annexation and development continues, the City has taken the following initiatives to provide services to annexed areas:

Additional Police Officers (Operating Budget)
With the Police Department's crime strategy, Territory Accountability Design, in full implementation, the department projected the need to increase Dubuque's current six patrol territories to seven as new areas of the city are developed. To add a seventh territory, five additional police officers were needed.

Partly in response to this need, the Police Department developed a Sworn Officer Plan which proposed the addition of 15 sworn police officers over a five-year period, with the first five (four Police Officers and one Police Corporal acting as a Section 8 Investigator) approved in December 2007, four more were approved in FY 2009, three more were approved in FY 2010, two more were approved in FY 2011 and one more was approved in FY 2012. The plan's staff increases created sufficient staffing to establish an additional patrol territory. In FY 2019, an additional sworn police officer was added, an existing position was promoted to Captain and one Corporal position was eliminated in order to create a Specialty Unit Commander. The Fiscal Year 2020 budget approved the expansion of the Dubuque Police Department School Resource Officer Program. To spread the expenses over time, three SRO's were to have been added over three consecutive years: Fiscal Year 2020, Fiscal Year 2021, and Fiscal Year 2022 budget. However, the expansion was frozen in FY21 due to the pandemic causing the final position and was added in FY23 instead of FY22 as originally planned. The Dubuque Community School District (DCSD) will still gradually pay 50% of the salary of the existing SRO Lieutenant, and the DARE Officer. This DCSD payment will be implemented in increments of 45% of 50% reimbursement in year 1, or Fiscal Year 20, 75% of 50% reimbursement in year 2, or Fiscal Year 21, and 100% of 50% reimbursement in year 3, or Fiscal Year 22. In Fiscal Year 2024, two Crisis Intervention Team Officers were approved. In late 2024, the Precision Policing Center (PPC) was established. It is expected to serve as a critical "force multiplier" for the department, supporting rapid police response, informed decision-making, and proactive crime prevention. This is also supporting officer safety. The PPC is staffed by five non-sworn (civilian) employees in three roles: three Precision Policing Center Technicians, one Crime Analyst, and one Criminal Computer Forensics.

Fire Station and Additional Firefighters/Paramedics

An additional west end fire station is currently projected to be designed in FY 2030 and built in FY 2031. In fact, this might not be an additional station but might be a relocation of the Grandview fire station. This station would be approximately 10,000 square feet and house two response apparatus, plus storage for other reserve units. The City of Dubuque currently has an annexation study and not an annexation plan. However, addition of this fire station and associated ambulance and firefighting response capability and capacity positions the City well to develop an annexation plan and begin the process of annexation in the future. The City Development Board, that approves annexation expects services to be provided within 3 years of annexation. For a new station, operating costs include insurance, utilities, equipment, maintenance, and furniture. In FY2020, one (1) new employee was added, one (1) additional new employee was added in FY 2021 as well. The position that was to be added in FY2022 was delayed. In FY2023, 4 new employees were added. In FY2024, one new firefighter was added. In FY 2025 an additional EMS Captain and an additional EMS Bureau Chief were approved, and the additional employees may be added in future years. In addition, 3 firefighter/paramedic positions were added in FY2023 to provide one additional staff member on each of the three duty shifts. The additional ambulance for the additional fire station was purchased in FY2023. The current minimum staffing per shift is 22, with 28 personnel assigned to cover leave. The additional personnel will reduce the need for overtime as each shift will have more positions available to cover vacations and other leave.

Additional Snow Plow Drivers and Snow Plow Route (Operating Budget)

Dubuque's expansion also increased the number of streets and roads that must be maintained by the City's Public Works Department. In order to maintain the current level of street maintenance, street cleaning, and snow and ice control to all areas of the city, the Public Works Department was approved for the addition of a snow plow driver in FY 2009 and another is expected to be requested in a future year. Two drivers are needed to staff a route 24 hours a day in a snow event. The Public Works Department plans to create another snowplow route with these two employees as annexation and development dictates. In the warm months, this position will be assigned to the Parks and Recreation Department to maintain City parks and landscaping in the Washington Neighborhood, Port of Dubuque, Iowa Street and the Locust Street connector. In Fiscal Year 2009, the Public Works Department also began using Refuse, Recycling and Yard Waste Collection employees at the end of their collection routes and on overtime to assist in snow removal duties. The City has also developed a plan to use personnel and equipment from other City departments to go

from 22 pieces of snow removal equipment to 32 pieces of snow removal equipment in a snow storm that exceeds 5 inches. With the recommendation to eliminate full-time positions in the Engineering Department and create one part-time position, there will be less opportunity to supplement the snow plowing effort.

Water and Sanitary Sewer Service
The City is in the process of extending sanitary sewers and water service into new development areas or recently annexed areas as part of pre-annexation agreements and replacing undersized sanitary sewers along with new lift stations. Requests have been received for sanitary sewer and water service on North Cascade Road near Highway 20 and for water service further North on John F. Kennedy Road.

In 2003, a new water main was activated from Highway 20 north on the east side of the Northwest Arterial to John F. Kennedy Road then west to a new 1.25 million gallon water tower located at the Dubuque Soccer Complex. By constructing this tower and with this water main extension in the fourth pressure zone of the City's water distribution system, it allowed growth to take place for residential, commercial and industry to the west of the community.

To date, both sanitary sewer and water service have been extended through the Dubuque Industrial Center West, along Seippel Road to the north edge of the Callahan subdivision. Additional funds are available to extend water and sewer service to the 643 acres annexed and to other areas under consideration for annexation. The City has spent in excess of $2 million to replace much of the North Fork Catfish Creek Sanitary Sewer Line. The City extended the Granger Creek Interceptor sewer and the public water main from the Technology Park South along highway 151/61 to the north side of the Dubuque Regional Airport. The Granger Creek sanitary sewer and water main extension provided immediate sanitary sewer and water services to the Dubuque Regional Airport and portions of the annexation areas that are adjacent to the highway 151/61 corridor.

Greater Downtown TIF District
This district was formally the Downtown and Ice Harbor TIF districts but now have been combined to the Greater Downtown TIF district. Many projects, which are City Council priorities, are able to move forward due to the availability of Greater Downtown TIF revenue due to continued growth to further sustain a rejuvenated downtown and port of Dubuque. The following are projects included in the FY 2026-2030 CIP:

Reimagine Comiskey (page 16) – This project ($1,697,000) provides for funding related to the park development for Phase 2 of Re-Imagine Comiskey. Phase 2 includes additional basketball courts, a large turf field, parking lot, additional sidewalks, lighting and pavilions.

Washington Community Gateway (page 21) – This project ($99,000) provides for developing the vacant lot at 1401 Elm Street as a Washington Community Gateway. The city purchased this property in 2014. The structure has been removed and the lot is currently grass. This project would provide for such amenities as three flag poles, park lighting, security cameras, a welcome sign to the Washington neighborhood and a drinking fountain.

Five Flags Marquee Replacement (page 24) – This project ($131,000) provides for replacement of the video marquee located at 4th and Locust. It is critical to relaying information to people driving or walking by the building. The current marquee was installed in 2018. The life expectancy is 7-9 years. A new marquee would have an upgraded screen with higher resolution resulting in better clarity, more user friendly, and more efficient.

Five Flags Standby Emergency Generator Replacement (page 25) – This project ($855,000) provides for replacement of the emergency standby generator located at 5th Street which provides power to critical systems inside of the building during a sudden loss of power. The current

generator was installed in 2000 and is nearing the end of life expectancy of 30 years. A new generator would be more efficient and environmentally friendly.

Five Flags Recirculating Pump Replacement (page 26) – This project ($37,000) provides for the replacement of two recirculating pumps that are responsible for keeping the warm water for sinks readily available by circulating the hot water.

Five Flags Building Improvements (page 27) – This project ($23,454,000) provides funding for improvements to the building (arena, theater, lobby areas, exterior) and its equipment.

Five Flags Boiler Replacement (page 28) – This project ($410,000) provides funding for replacement of three 2 million BTU boilers which provide heating for the arena. The current boiler system was installed in 2006 and has a replacement schedule of 20 years. Future boilers are more energy efficient.

Port of Dubuque Welcome Sign (page 34) - This project ($33,000) provides for the design, development, and installation of an 8 foot by 200 foot "Welcome to Dubuque" sign located on the flood wall near the Ice Harbor flood gates. There is currently no signage along the river to let patrons know that they have either arrived or are passing by Dubuque. Such a sign on the wall would not only be a welcoming visual for those visiting on cruise ships or other vessels but can create awareness on the river that this is an area they may approach in order to visit the City. This sign could also indirectly filter boat traffic into the Port of Dubuque Marina to dock and/or fuel. Included in this CIP would be the purchase and installation of solar lighting with a 5-year replacement cost of $3,500.

Grand River Center Replace Carpet (page 35) - This project ($364,000) provides for the replacement of carpeting at the Grand River Center.

Grand River Center Roof Restoration (page 36) - This project ($1,383,000) provides for restoration of the roof on the Grand River Center. The roof was installed in 2002 and restoration is critical to prevent expensive damage if the roof begins leaking.

Grand River Center Dishwasher and Water Softener Replacement (page 37) - This project ($181,000) provides for a dishwasher and water softener replacement as they are original to the venue and reached its industry standard life span. After running dishes through the current dishwasher, they are coming back spotted which leads to concerns when placed in front of the guests. Oak View Group (OVG) conducted an in-depth review of the venue's kitchen requirements. The examination focused on on elevating the culinary experience for the guests to delivering a refined and exceptional food experience.

Grand River Center Public Restroom Remodels (page 38) - This project ($385,000) provides for improvement of the overall quality of the guest experience. A comprehensive remodel and renovation of all public bathrooms would be completed. The current design of these facilities has become outdated and is in need of a look that matches the rest of our venue and better meets the expectations of the guests of today. This project aims to revitalize the appearance of the restrooms and upgrade the existing fixtures, many of which have remained untouched since the facility's initial opening in 2003.

East - West Corridor Capacity Improvements (page 198) - This project ($1,085,000) funds capacity improvements along University Avenue and Pennsylvania Avenue to Delhi.

7th Street Extension to Pine Street (page 201) - This project ($2,000,000) funds an environmental assessment of potential site development and the potential acquisition of the real estate. FY27 and FY28 programmed funding would allow for the design development and potential construction of a roadway through the Alliant site which would connect Pine Street at 9th / Kerper Boulevard to 7th Street.

14th Street Overpass (page 204) - This project ($39,120,000) funds planning, design, and construction of a multimodal transportation corridor project for proposed improvements to the Elm Street corridor, the 16th Street corridor, the Kerper Boulevard corridor, Chaplain Schmitt Island corridor, and the proposed 14th Street railroad (vehicular and pedestrian) overpass bridge project. The City was awarded a $2.28 million US DOT RAISE Infrastructure Planning grant and a $25 million RAISE Capital grant to assist in funding for the project entitled “Building Bridges to Employment and Equity (B2E2)."

Central Avenue White Street Corridor Master Plan Design and Implementation Improvements 4th - 22nd Street (page 205) - This project ($8,170,000) provides for funding to implement recommendations outlined in the adopted Central Avenue Streetscape Master Plan along Central Avenue between 11th and 22nd Streets, as well as potential recommendations from the traffic study currently underway for the Central and White Street corridors, with 4th Street to 11th Street coming beyond 2030. The FY26 includes $400,000 for engineering design services and $1 million to create new public parking opportunities to replace on street spaces lost on Central and White Streets. FY27 is to restripe the entire Central Avenue and White Street corridor, 4th-22nd, and continue the FY26 work. FY28 is improvements from 14th - 17th Street. FY29 is improvements from 17th - 20th Street, and continue improvements to 14th -17th Streets. FY30 is installation of the Cycle Truck Lane on the west side of White Street from 5th to 19th Street, and to continue improvements from 17th - 20th Streets. FY2031 and beyond will require $14 million in additional investment to do 20th - 22nd, and 4th -14th Street on Central Avenue and White Street.

South Port Redevelopment Concept Plan (page 224) - This project ($40,000) provides for the creation of a clear and consolidated redevelopment vision for the South Port where all existing property owners entering into a partnering agreement thus providing prospective developers a high level of assurance that all key players are in agreement and on-board with proceeding with a proposed redevelopment concept.

Iowa Amphitheater on Schmitt Island (page 227) - This project ($9,641,563) provides for a match to the Destination Iowa grant that would construct the Iowa Amphitheater on Chaplain Schmitt Island in the location of the former dog kennels for the greyhounds. This project relates to the City Council top priority goal of Chaplain Schmitt Island Master Plan Implementation.

Greater Downtown Street Lights (page 232) - This project ($180,000) provides funding for replacement of the existing 30-foot white streetlights located in downtown Dubuque. Currently, there are approximately 60 white streetlights remaining. The project would replace all remaining white poles and install lighting controllers with meters. In certain cases, these would be replaced with historical streetlights. Many of the streetlights in the downtown area were installed in early 1950's. This program would promote the use of high efficiently, long life LED street lighting throughout the City of Dubuque which saves energy and operating expenses.

Downtown Security Camera Program (page 239) - This project ($350,000) provides equipment, installation, and software licenses for the placement of fixed cameras ($2,500 each) installed near roadways, alleys, and signalized intersections in Downtown Dubuque.

Iowa Street Streetlight Replacement Project (page 254) - This project ($138,000) replaces the rusting poles that are failing along Iowa St from 4th St to 9th St. The current white poles are rusting from variable of factors, including, quality, age, and winter solutions. This would include the replacement of 16 poles with foundations and new conduit for power, along with light fixtures and pull boxes. These replacements will help by being proactive on failing infrastructure in the downtown area.

Federal Building Renovation (page 256) - This project ($7,893,225) provides funding in FY26 for major HVAC upgrades to replace existing equipment that is beyond its expected service life and subject to frequent or catastrophic breakdown. FY29 provides funding for the second phase of HVAC upgrades.

ADA Compliance and Facilities Management Consulting (page 257) - This project ($50,000) provides for consulting services related to ADA Compliance Phase II and further implementation of the City's ADA compliance application, called InVision Facilities Management. In Phase I, we were able to have the floor plans of 2 city buildings added to InVision Facilities Management, as well as buildings and pavilions located in parks. In the second phase, we will add additional building footprints and work with a consultant to fully implement the application and possibly tie it into GIS software, ArcGIS Indoors. The funding for this phase is spread out over three years.

Downtown Bike Lockers (page 258) - This project ($30,000) funds the installation of 4-5 weatherproof bike lockers per year at the downtown building facilities assigned to the Facilities Management Team.

Greater Downtown Housing Creation Grant Program (page 259) - This program ($3,750,000) provides grants for rehabilitation and adaptive reuse of buildings in the Greater Downtown Urban Renewal District. Tax increment proceeds are used to capitalize the pool of funds for these grant. The program provides grants up to $10,000 for each new housing unit created in the District. The program creates affordable, quality rental housing units for our workforce.

Small Business Grant Administration (page 260) - This project ($60,000) provides the funding to Fountain of Youth for its administration of the grant, which reduces barriers for low- to moderate-income individuals who are in the early stages of operating a small business.

Downtown Rehab Grant Program - Includes Central Avenue, Historic Millwork District and Washington Neighborhood (page 262) – This program ($1,000,000) grants for rehabilitation and adaptive reuse of buildings in the Greater Downtown Urban Renewal District. Tax increment proceeds are used to capitalize the pool of funds for these grants. This grant program provides a 1:1 match for eligible expenses for improvements to façades, as well as accompanying costs for financial consulting and planning & design work for the project. This grant program receives the most inquiries and interest of all Economic Development Department's programs. The program promotes the redevelopment of the downtown, maintains its historic appeal, and complements grant/loan programs provided by our partners at Dubuque Main Street.

Central Avenue Housing Forgivable Loan (page 263) - This project ($750,000) provides for use along the Central Avenue Corridor between 11th Street and 22nd Street. For this program, a unit could be considered eligible even if recently occupied if the project involves a substantial rehabilitation of the unit and buildings. The program provides a loan, forgivable at the 10-year mark, if the developer has maintained the terms of the agreement. Projects can not discriminate based on the tenant's source of income.

Central Avenue Alley Lighting Program (page 264) - This project ($40,000) provides for a matching 1:1 grant to reimburse property owners for acquisition and installation of lighting fixtures (minimum of 250 watts) in the alleys between Central Avenue and White Street from 1400 Block to 2400 Block. Individual grant awards will be limited to $500 per property owner. Lighting will be required to be installed in the alleyways at the rear of the property and verified by City staff. Studies have shown a strong correlation between increased alley lighting in urban areas and a reduction in crime rates. From a public perception standpoint, increased lighting will improve the look and feel of the Central Corridor and allow residents and visitors to the area to feel safer.

Smart Parking System (page 267) - This project ($780,000) provides funds for the installation of head end equipment that will form the backbone of a phased installation of smart parking technology eventually to be deployed at all parking garages and public parking lots in Dubuque over the next several years. A smart parking system will provide parking customers with on-demand space availability and thus maximize traveler convenience, reduce travel time and reduce congestion in the downtown area.

Municipal Parking Lot Maintenance (page 268) - This project ($172,500) provides for maintaining the surface of 14 off-street municipal parking lots. This project also includes signage, landscaping, and screening improvements to surface lots. Lots include: Lot 2 (9th and Bluff), Lot 3 (5th and Bluff), Lot 5 (City Hall Lot), Lot 6 (Library Lot), Lot 7 (3rd and Main), Lot 10 (5th and Main), Lot 12 (4th and Central), Crescent Community Health Center Parking Lot, Lot 4 (12th and Bluff), Port of Dubuque Surface Lot, Federal Building Parking Lot, Elm Street Parking Lot, Ice Harbor Drive Parking Lot, and Lot 9 (3rd and Locust). The funding for maintenance of municipal parking lots provides for pavement crack sealing, repairs, line striping, and seal coating surfaces of municipal parking lots.

Parking Ramp Major Maintenance Repairs (page 270) - This project ($7,198,400) funds major renovation work needed at the Iowa, Locust, 5th Street, Five Flags, 10th and Central, and Intermodal ramps. Funding will address structural repair items and needed mechanical, electrical & plumbing repairs.

Washington Neighborhood Home Purchase Program (page 273) - This project ($1,269,896) supports and encourages homeownership in the Washington Neighborhood. The program operates under the oversight of the Housing Trust Fund Committee and is capitalized by annual grants received from the Iowa Finance Authority (IFA). IFA requires a match for the program and the City provides IFA Trust Match of $50,000 from the Greater Downtown TIF (GDTIF). The primary purpose is to complement housing assistance provided through the CDBG program by providing loans to low-to-mod income homeowners and buyers in the Washington Neighborhood and for households earning less than 30% MI are eligible to purchase any property within the City limits.

Downtown ADA Assistance Program (page 277) - This project ($150,000) provides assistance to residents and businesses to ensure facilities in the Downtown Urban Renewal Area are fully accessible and inclusive to all persons regardless of abilities. This includes parking lots, retail and wholesale stores, restaurants, cafés, taverns, gas stations, public buildings, lodging, schools, parks, and entertainment venues. The program is designed to assist businesses with the cost of becoming ADA compliant. Qualified applicants can receive up to 50% of the cost of the project from the City of Dubuque, at a maximum amount of $5,000 per property.

North Cascade Housing TIF District

In FY 2014 the City created the first housing TIF district in the Timber Hyrst subdivision off of North Cascade Road. This is a ten year TIF which requires at least 38.1% of the income generated to be used for Low and Moderate Income residents anywhere in the City of Dubuque. The

percentage to Low and Moderate Income residents can be higher than the required 38.1%. The LMI Housing TIF revenue can be used for City initiatives other than the Homeownership Grants in Targeted Neighborhoods & Purchase/Rehab/Resale and can be used outside the Greater Downtown TIF Area. This district expires in 2026 and all certified debt has been collected.

English Ridge Housing TIF District
In FY 2015 the City created a housing TIF district in the English Ridge subdivision off of Stone Valley Drive. This is a ten year TIF which requires at least 38.1% of the income generated to be used for Low and Moderate Income residents anywhere in the City of Dubuque. The percentage to Low and Moderate Income residents can be higher than the required 38.1%. The LMI Housing TIF revenue can be used for City initiatives other than the Homeownership Grants in Targeted Neighborhoods & Purchase/Rehab/Resale and can be used outside the Greater Downtown TIF Area. This district expires in FY 2026.

Assistance for Homeownership (page 271) - This project ($68,642) provides for acquisition activities where the City may purchase abandoned, derelict buildings and houses; or it may purchase housing subject to mortgage foreclosure actions in order to secure City funds previously loaned as part of rehabilitation activities or other housing to accomplish the goals. Certain improvements will be made to the properties in order to make them marketable for resale. In this manner, neighborhood conditions are improved, dwellings are resold to responsible owners and City dollars are returned to the revolving fund.

South Pointe Housing TIF District
In FY 2017 the City created a housing TIF district in the South Pointe subdivision off of Highway 151 South. This is a ten year TIF which requires at least 38.1% of the income generated to be used for Low and Moderate Income residents anywhere in the City of Dubuque. The percentage to Low and Moderate Income residents can be higher than the required 38.1%. The LMI Housing TIF revenue can be used for City initiatives other than the Homeownership Grants in Targeted Neighborhoods & Purchase/Rehab/Resale and can be used outside the Greater Downtown TIF Area.

Assistance for Homeownership (page 271) - This project ($517,214) provides for acquisition activities where the City may purchase abandoned, derelict buildings and houses; or it may purchase housing subject to mortgage foreclosure actions in order to secure City funds previously loaned as part of rehabilitation activities or other housing to accomplish the goals. Certain improvements will be made to the properties in order to make them marketable for resale. In this manner, neighborhood conditions are improved, dwellings are resold to responsible owners and City dollars are returned to the revolving fund.

Rustic Point Housing TIF District
In FY 2017 the City created a housing TIF district in the Rustic Point subdivision off of Derby Grange Road. This is a ten year TIF which requires at least 38.1% of the income generated to be used for Low and Moderate Income residents anywhere in the City of Dubuque. The percentage to Low and Moderate Income residents can be higher than the required 38.1%. The LMI Housing TIF revenue can be used for City initiatives other than the Homeownership Grants in Targeted Neighborhoods & Purchase/Rehab/Resale and can be used outside the Greater Downtown TIF Area.

Assistance for Homeownership (page 271) - This project ($245,295) provides for acquisition activities where the City may purchase abandoned, derelict buildings and houses; or it may purchase housing subject to mortgage foreclosure actions in order to secure City funds previously loaned as part of rehabilitation activities or other housing to accomplish the goals. Certain improvements will be made to the

properties in order to make them marketable for resale. In this manner, neighborhood conditions are improved, dwellings are resold to responsible owners and City dollars are returned to the revolving fund.

MISCELLANEOUS SOURCES

Private Participation (0.83% of Total CIP)
Private contributions represents the non-City share of the cost of several projects including private participation, fund raising, loans, grants and future resource allocation of City funds. Private participation funds included in the five year CIP include: Boyd Gaming contribution for the Port of Dubuque Ramp Maintenance ($457,996); Street Lighting and Traffic Signal Knockdown insurance reimbursements ($50,000); Canadian Pacific Kansas City Southern (CPKC) Railroad contribution for 14th Street Overpass project ($1,000,000); Milling sales from the Asphalt Milling Program ($527,616); Private Marina Companies contribution for Harbor Area Maintenance Dredging ($117,500); Dubuque Racing Association contribution for Iowa Amphitheater on Schmitt Island ($831,602); and IDOT reimbursement for the Pavement Marking program ($125,000).

Special Assessments (0.07% of Total CIP)
Special Assessments represent that portion of street and sanitary sewer improvement projects anticipated to be assessed to benefiting property owners. The $250,000 amount breaks down: (a) $215,000 for sidewalk lien special assessments, and (b) $35,000 for green alleys (non Bee Branch) special assessments.

PROJECT DESCRIPTION/JUSTIFICATION

This project consists of the evaluation, design, architecture, and construction of individualized bunk space in each of the City's Fire Stations. The current layout utilizes one common bunk space for all members on shift for each station. Up to 8 members bunk in one common space within the bunk room. Modern layouts provide for more private options for bunking within fire stations and improve privacy while being progressive and financially responsible in design. The project is closely related to the fire headquarters HVAC CIP due to the configuration, design and engineering needs for the bunk room, the administration office upgrade and the impacts the HVAC design would have on these spaces. The CIPs listed above, all have an engineering and design component that will be impacted heavily by the HVAC redesign and configuration CIP. Creating individual bunk rooms from an open space will require HVAC engineering as well as changing the fire headquarters office layout. Finally, ensuring the exhaust system selected works in harmony with the building HVAC design will be critical, working each of these projects separately will be a duplication of engineering efforts and increase the overall cost. Budgeting includes $50,0000 to complete the design study of Station 1 and $125,000 to complete the design study of Stations 2-6. Construction funding is as follows: Station 1: $450,000, Station 2: $150,000, Station 3: $185,000, Station 4: $185,000, Station 5: 125,000, Station 6: $125,000

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Fire Headquarters HVAC project (CIP1315000008), the Mechanical and Electrical System upgrade project (CIP 1315000006), the Fire Station Exhaust System project (CIP 1315000009), and the Fire Administration Office Upgrade project (CIP 1315000029). All of the CIPs mentioned have an engineering and design component that will be impacted heavily by the HVAC redesign and configuration CIP. Creating individual bunk rooms from an open space will require HVAC engineering, as well as changing the fire headquarters office layout. Ensuring the exhaust system selected works in harmony with the building HVAC design will be critical. Working each of these projects separately will be a duplication of engineering efforts and increase the overall cost.

DEPARTMENT:	STATE PROGRAM:	PROJECT TITLE:	YEAR FIRST SUBMITTED:	2024	TOTAL PROJECT COST
13 - Fire	1C - Public Safety	Fire Department Bunk Room Remodel	PROJECT NO:	1315000025	$ 1,045,000

OUTCOME
Liveable Neighborhoods and Housing Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

PROJECT ADDRESS/SERVICE AREA
All 6 fire stations

DEPARTMENT: 13 - Fire		STATE PROGRAM: 1C - Public Safety	PROJECT TITLE: Outdoor Warning Siren Repair/Replace			YEAR FIRST SUBMITTED: FY 2021 PROJECT NO: 1315000002 102-1135		TOTAL PROJECT COST $ 107,060

PROJECT DESCRIPTION/JUSTIFICATION
This project seeks to extend the service life of the City-wide outdoor warning siren system. The components of this system are now over twenty years old and failure of siren components is starting to drive up repair costs. Additionally, any failure of this warning system could have serious safety ramifications. The project is designed to replace and/or repair the system of 17 outdoor warning sirens over a five-year period. This project started with an FY21 request for $100,000 however, those funds were frozen during much of FY21 and the project was not started on time. In FY 2023, several components were updated which included siren modules, wiring, and back up batteries to ensure the sirens continue to receive the maintenance they require to remain effective. Additional repairs and maintenance was completed in FY 2024, and an evaluation of the current siren locations will be conducted in FY 2025 to ensure appropriate coverage for the area.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Healthy and Safe: Provide high-quality emergency services that are accredited and uses best practices.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

PROJECT ADDRESS/SERVICE AREA
Various siren sites across the entire city.

DEPARTMENT: 13 - Fire		STATE PROGRAM: 1C - Public Safety	PROJECT TITLE: Fire Station Expansion/Relocation			YEAR FIRST SUBMITTED: FY 2007 PROJECT NO: 1315000005		TOTAL PROJECT COST $ 4,773,700

		C. IMPACT - OPERATIONS						
		Operating Cost (Savings)	$ —	$ —	$ —	$ —	$ 829,653	$ 1,075,673

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the third-party analysis of the City of Dubuque fire station locations and the verification of current station locations as well as the identification of an additional fire station as development and annexation occurs, including approximate timeline for implementation if confirmed. The station location study is projected to be completed in FY 2025 or FY 2026 with presentation to the city manager and council to review results. A new station would be approximately 10,000 square feet and house two response apparatus, plus storage for other reserve units. The City of Dubuque currently has an annexation study and not an annexation plan. The City Development Board, which approves annexation, expects services to be provided within 3 years of annexation. For a new station, operating costs include insurance, utilities, equipment, maintenance, furniture, and the cost of employees. Based on this CIP, in FY2020, one (1) new employee was added, one (1) additional new employee was hired in FY 2021. In FY2022 no additional personnel were funded. An improvement request for additional staffing was also submitted and approved in conjunction with this fire station expansion/relocation project. The department added 4 personnel in FY 2023 and staffed its third paramedic unit in October of 2023 which required 6 personnel (2 for each shift). To accommodate staffing of an additional engine company in FY2026, operating costs also include an increase of three (3) additional staff in each coming year, FY 2027, FY 2028, and FY2029 for a total of 9 positions. If no expansion unit is utilized/funded, the personnel would be utilized to bring 3 suppression units to a minimum staffing strategy of 3 personnel rather than the current 2. This project does not include costs for an additional fire engine and ambulance, these costs will be listed in separate CIPs. In 2006 a study on Municipal Fire and Emergency Service Response and Deployment was done by Matrix Consulting Group. The study included an evaluation of station needs based on near-term and long-term growth projections and evaluation of alternative station locations. Over 164,000 different scenarios were evaluated. The report states, "As development occurs, the city should add one additional station and relocate one current station to accommodate the increase in fire department workload. This scenario would consist of adding a station at or near Chavenelle & Radford to provide service to the west side of the city."

DEPARTMENT:	STATE PROGRAM:	PROJECT TITLE:	YEAR FIRST SUBMITTED: FY 2007	TOTAL PROJECT COST
13 - Fire	1C - Public Safety	Fire Station Expansion/Relocation	PROJECT NO: 1315000005	$ 4,773,700

PROJECT DESCRIPTION/JUSTIFICATION (Continued)

This project also provides for the 2006 study to be updated to ensure the proper location and size of station is constructed based on the years of growth that will have occurred since 2006. Should the study show that only the relocation of an existing station should occur in FY 2028, six personnel would move from the station being relocated. The design of this station is estimated to occur in Fiscal Year 2027, with construction in the following year; however, the timing is completely dependent on future development/annexation and could change. This new fire station would provide coverage to several areas identified in the 2018 Annexation Study prepared by the Planning Services Department. This includes areas along the Southwest Arterial corridor identified in sections L, I, and G of the study. As annexation and development occurs in these areas, revenue derived would help support the fire station cost. Additionally, any expansion station would positively impact service within the existing city limits and address current response time weaknesses identified during accreditation review. The cumulative cost for staff and operating the station would be approximately $1,500,000 per year. Should the study show an existing station could be relocated or consolidated this would reduce operating expenses. Once an expansion fire station and two units are in service the daily minimum will increase to 29, with 35 personnel assigned per shift. The department is currently utilizing a third-party software "Darkhorse" to confirm a variety of scenarios and options for fire and EMS service delivery in a growing community. Currently, (2024), the department is working with dispatch to update response plans and evaluate opportunities for improvement in response times which may impact the recommendations for station location. Both call handling and turn out times have been identified as areas of opportunity for improvement. The department expects to leverage these efficiencies and reevaluate the findings for the station location and planning data in December of 2024.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Healthy and Safe: Provide high-quality emergency services that are accredited and uses best practices.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

PROJECT ADDRESS/SERVICE AREA

Fire Station coverage area will include all areas from John F Kennedy RD./Cedar Cross RD. & Kelly Lane West and South to City Limits.

PROJECT DESCRIPTION/JUSTIFICATION
This CIP requests funding to replace fire apparatus based on a schedule of 20-year service life for pumpers. The current environment of ordering and building fire apparatus has aggressively changed over the past several years. Departments can no longer build, order, and take delivery of fire apparatus in 12 months. The build times, at best, are at least 18 to 24 months. Vendors are also pushing aggressive price increases multiple times in a year. The environment places extreme difficulties on the ability to budget and predict delivery. Identifying vehicles that are scheduled for replacement and receive an approval from vehicle services should be ordered in a staggered manner to prevent large spikes in vehicle replacement requests. This engine would replace the departments 2007 Simon rescue pumper in Fiscal Year 2027. The vehicle (1907) served 17 years in front line capacity and another 3 years in reserve and is due for replacement in 2026-2027.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other projects

OUTCOME
Vibrant Community Healthy and Safe: Provide high-quality emergency services that are accredited and uses best practices.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

PROJECT ADDRESS/SERVICE AREA

PROJECT DESCRIPTION/JUSTIFICATION
This CIP requests funding to replace an ambulance based on a schedule of 10-12-year service life for ambulances. The current environment of ordering and building apparatus has aggressively changed over the past several years. Departments can no longer build, order, and take delivery of apparatus in 12 months. The build times, at best, are at least 18 months for ambulances. Vendors are also pushing aggressive price increases multiple times in a year. The environment places extreme difficulties on the ability to budget and predict delivery. Identifying vehicles that are scheduled for replacement and receive an approval from vehicle services should be ordered in a staggered manner to prevent large spikes in vehicle replacement requests. This ambulance would replace the departments 2016 AEV Ambulance. The vehicle (1914) served 8 years in front line capacity and another 2 years in reserve and is due for replacement in 2026-2027.

$ —	$ —	TOTAL	$ 348,000	$ 490,000	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This capital improvement project is requesting funding to begin to replace the Fire Department's inventory of portable radios. Currently, the Fire Department has 55 portable radios which are kept on each fire response vehicle (this includes each riding position). The portable radios are also issued to staff officers and a small number of radios are maintained in a reserve capacity to issue out for damaged radios and in the event of a larger scale incident. As of now, 95% of the department's radios have reached the end of service life and will no longer be supported for maintenance and repair. The department would like to replace 50% of the end-of-service-life radios this year and the balance of the radios in the following year (FY 2026). This strategy will ensure similar technology is provided to the end users while absorbing the cost over two years. It would be important to provide radios that are the same in design and functionality to ensure responders are familiar with the technology and function. The request includes antennas, P25 trunking, P25 phase 2 features, over the air programming, chargers, belt clips, batteries, radios, speaker mics, and standard programming. In FY 2026, this request also adds radio replacements for police and airport, this increased the number of radios by 121 (176 total portable radios).

PROJECT DESCRIPTION/JUSTIFICATION

This capital improvement project requests funds for the installation of an elevator to enhance the Main Fire Headquarters, ensuring it meets current codes and standards, and supports our mission of providing excellent service to the community. The Main Fire Headquarters, built in 1970, is due for important upgrades to meet current building codes and improve functionality. A primary improvement is the installation of an elevator. Installation of an elevator is necessary to comply with the Americans with Disabilities Act (ADA). This upgrade will ensure that all individuals, including those with disabilities, can access the training and conference meeting rooms located on the lower level, promoting inclusivity and equal access. The ability to safely and efficiently move large and heavy items is also important. An elevator will significantly reduce the physical strain on personnel and minimize the risk of injury, thereby improving overall safety within headquarters. Fire headquarters is a location for community meetings and interdepartmental collaboration as well as department training and future educational opportunities for the community. An elevator will make the building more accessible to all visitors, including those with mobility impairments, ensuring a welcoming environment for community members and other city departments. This upgrade is essential for future-proofing the facility, allowing it to adapt to changing needs and demographics. The installation of an elevator will ensure that the headquarters remains functional and accessible for many years to come.

PROJECT DESCRIPTION/JUSTIFICATION

This CIP requests funding to replace fire apparatus based on a schedule of 20-year service life for pumpers. The current environment of ordering and building fire apparatus has aggressively changed over the past several years. Departments can no longer build, order, and take delivery of fire apparatus in 12 months. The build times, at best, are at least 18 to 24 months and in some cases 36 to 48 months. Vendors are also pushing aggressive price increases multiple times in a year. The environment places extreme difficulties on the ability to budget and predict delivery. Identifying vehicles that are scheduled for replacement and receive an approval from vehicle services should be ordered in a staggered manner to prevent large spikes in vehicle replacement requests. This engine would replace the departments 2010 Simon rescue pumper in 2030. The vehicle (1910) will serve 17 years in front line capacity and another 3 years in reserve and is due for replacement in 2030. The current process for purchasing requires orders to be placed before the vehicle will be placed on the build list and receive a manufacturing build number and placed in line for manufacturing. This step is completed 18-36 months in advanced and crosses multiple budget years.

PROJECT DESCRIPTION/JUSTIFICATION

This project requests funding to replace the roof at Fire Station 6. The roof at Fire Station 6 was previously evaluated as part of the Station 6 Roof Replacement & Stairwell Addition Project (CIP #1315000007), and the roof was intended to be addressed at that time. The roof was unable to be completed as part of that CIP due to delays in the station stairwell and bay floor construction project. Emergency repairs were made to the roof in FY2023 which should last for 2-3 years until a full replacement can be finalized and completed. Confirmation of quotes/ engineering will be completed in FY 2026 and construction to be completed in FY 2027. During the roof replacement, there will be modifications made to the hose tower to improve space for the crews in the living areas to inclue a small utility/ bathroom area.

RELATIONSHIP TO OTHER PROJECTS

OUTCOME

Liveable Neighborhoods and Housing Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for additional funding for the Leisure Services Comprehensive Master Plan. This report will include a Quality of Life Assessment, Natural Resources, Plan and a Comprehensive Parks and Open Spaces and Recreation Plan. The scope of this project is extremely complex and all inclusive of the Leisure Services Department and will provide a road map for the Departments future. $397,000 is currently budgeted for the Leisure Services Comprehensive Master Plan through four separate CIP's. The City Council 2024-2026 Goals and Priorities includes a High Priority Goal of a Park Maintenance/Refresh Action Plan. To be sure that the Master Plan is as detailed and comprehensive as needed especially in the areas of park maintenance and upkeep, additional funding is being requested.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the FY2023 Comprehensive Parks Master Plan (CIP # 3043000001)

OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-built, well-maintained, upgraded and expanded parks, park amenities and recreational/park facilities.

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for replacing water lines throughout Eagle Point Park. The water system at Eagle Point park is failing. The galvanized piping in the system has begun to fail and there are numerous leaks throughout the park. Replacement of these lines is necessary to not only conserve water but to keep the correct water pressure within the system. A small portion (phase 1) of the water lines were replaced in FY19 with savings from two capital projects and use of other current capital projects related to Eagle Point Park. The remaining phases need to be completed.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-built, well-maintained, upgraded and expanded parks, park amenities and recreational/park facilities.

FUNDING RESTRICTIONS
This project is restricted to Water Construction Fund, Sales Tax Fund (20%) and DRA funding.

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for developing the vacant lot at 1401 Elm Street as a Washington Community Gateway. The city purchased this property in 2014. The structure has been removed and the lot is currently grass.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Livable Neighborhoods and Housing: Increase the visual appeal and beauty of the city with attractive gateways, corridors, neighborhoods, streetscapes/ landscaping.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for planning a second dog park. A Pet-Friendly Community Committee was formed in 2019 to begin to assess how the City can become more pet friendly. The Playbook for Pet-Friendly Cities assessment was used to complete a Pet-Friendly City Assessment. The assessment is broken into 4 parts: Parks, Housing, Businesses, and Shelters. The assessment was presented to City Council in July of 2019. A next step from the assessment is expansion of opportunities an additional dog park. A second one has been budgeted for various times and been cut in budget cuts. The planning would provide accurate construction costs to be able to budget for construction.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Diverse Arts, Culture, Parks and Recreation Experiences and Activities: Have well-built, well-maintained, upgraded and expanded parks, park amenities and recreational/park facilities.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%), and DRA funding.

PROJECT DESCRIPTION/JUSTIFICATION

This capital improvement project provides funds for the removal of ash tree stumps due to Emerald Ash Borer (EAB) and tree replacements. This number includes City-owned street ash trees, ash trees in parks, and ash trees on other city properties. This funding provides for contract removal of stumps along sidewalks and tree replacements. The backlog of stumps has increased and needs to be addressed related to sidewalk safety concerns.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Street Tree Program capital project.

OUTCOME

Sustainable Environment: Preserving and Enhancing Natural Resources. Have healthy urban tree canopy and preserve current trees.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) and DRA funding.

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for replacement of the video marquee located at 4th and Locust. It is critical to relaying information to people driving or walking by the building. The current marquee was installed in 2018. The life expectancy is 7-9 years. A new marquee would have an upgraded screen with higher resolution resulting in better clarity, more user friendly, and more efficient.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Diverse Arts, Culture, Parks and Recreation: Experiences and Activities - Have well-built, well-maintained, upgraded and expanded parks, park amenities and recreational/park facilities.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for improvements to the building (arena, theater, lobby areas, exterior) and its equipment. This would be used on the current facility at its current footprint in its current state. The building is in need of air wall replacement, wood window repairs, painting of the steel exterior, resealing the ballroom floor, remodeling/upgrading concession stands and restrooms, carpet and tile replacement, room upgrades throughout, stage dimmer light replacement, elevator upgrades, placement, refurbishing the stage floor, restoration of theater seats, painting walls and ceilings, satellite ticket booth , theater counter weight and grid system, roof repairs, lighting upgrades and retrofits and other building needs. Equipment replacement needs include items like the sound system, floor scrubber, tables and portable chairs, water fountains, concession equipment, lighting, masking equipment, and other equipment replacements. New equipment necessary for a venue doing the level of business of Five Flags include wireless internet, tech upgrades, and more. All projects listed have been submitted previously as individual projects with the oldest continuously submitted in the budget process since 2003 and the majority have been submitted and cut from the budget for 15 years. Civic Center opened its doors in 1979, alongside the restored Theater with $3.7 million bond. Additional upgrades and renovations were completed in 2005 for just over $2.0 million.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Diverse Arts, Culture, Parks and Recreation: Experiences and Activities - Have well-built, well-maintained, upgraded and expanded parks, park amenities and recreational/park facilities.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

$ —		Golf Fees	$ —	$ 30,000	$ —	$ —	$ —	$ —
$ —	$ —	TOTAL	$ —	$ 30,000	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for construction of asphalt cart paths on areas heavily used by motorized carts. With the increasing use of golf carts, several sections of the golf course, particularly the grass areas, are being damaged. As a result of the grass being destroyed, erosion takes place causing an increase in maintenance expense. Asphalt paths enable the City to regulate usage of carts on the golf course and reduce maintenance costs. Phasing the project as proposed will allow the areas of greatest need to be constructed each year. The paths constructed in previous Fiscal Years greatly improved both the appearance and ability to maintain those areas. Repair of existing cart paths as needed is also included in this project.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Diverse Arts, Culture, Parks and Recreation: Plan, develop, and maintain specialty parks and venues.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%), Golf Fees, and DRA funding.

PROJECT ADDRESS/SERVICE AREA

$ —	$ —	TOTAL	$ 20,000	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for renovating tee areas. This project will be accomplished by utilizing golf course personnel and golf course revenue. Several tee areas have a shallow dirt layer over rock; thus the health of the tee suffers most years. These will be renovated, and dirt added. Red tee areas will be moved and enlarged on several tees. Enlarging the areas and improving the soil conditions will improve play for our patrons. Seventy-five percent of our players are recreational golfers that have a higher maintenance impact and will benefit from the improved red tees. Tee improvements completed to date have met with very positive comments from our golfers.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Diverse Arts, Culture, Parks and Recreation: Plan, develop, and maintain specialty parks and venues.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%), Golf Fees, and DRA funding.

$ —	$ —	TOTAL	$ 15,000	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding to install split rail fencing along the entire length of the fairway on hole #7 at the Bunker Hill Golf Course. Due to the hilly terrain, there are several areas along the fairway that can become hazardous for golf cart riders in wet conditions. These conditions have resulted in the carts sliding down the hills into the trees below. The result is often damage to carts and either staff or a contractor having to bring in equipment to remove the carts. This can add additional damage to the golf course which in turn will need added staff time to repair. Over the years, staff have used less permenant methods to deter golfers from riding in these areas during wet conditions, but these are commonly ignored. Providing a more permenant barrier with entry points for golfers to access their golf balls along the entire fairway, will ensure the safety of our golfers as well as mitigate the additional maintenance and equipment repair costs occurred as a result of past accidents.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Diverse Arts, Culture, Parks and Recreation: Plan, develop, and maintain specialty parks and venues.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%), Golf Fees, and DRA funding.

$ —	$ 10,000	TOTAL	$ 10,000	$ 10,000	$ 10,000	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding for the removal of over 20 trees located within the field of play at the Bunker Hill Golf Course. There are currently 24 trees throughout the golf course which have been identified by the Departments Urban Forester as either a safety hazard and/or potential detriment to the golf course itself. Due to the location and size of the many of these trees, the department will have to contract with a local tree service for their removal. This project is also in partnership with Dubuque Trees Forever who have committed to $5,000 in replacement trees over the next 3 years.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Diverse Arts, Culture, Parks and Recreation: Plan, develop, and maintain specialty parks and venues.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%), Golf Fees, and DRA funding.

$ —	$ —	TOTAL	$ 33,000	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for the design, development, and installation of an 8 foot by 200 foot "Welcome to Dubuque" sign located on the flood wall near the Ice Harbor flood gates. There is currently no signage along the river to let patrons know that they have either arrived or are passing by Dubuque. Such a sign on the wall would not only be a welcoming visual for those visiting on cruise ships or other vessels but can create awareness on the river that this is an area they may approach in order to visit the City. This sign could also indirectly filter boat traffic into the Port of Dubuque Marina to dock and/or fuel. Included in this CIP would be the purchase and installation of solar lighting with a 5-year replacement cost of $3,500.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Livable Neighborhoods and Housing: Increase the visual appeal and beauty of the city with attractive gateways, corridors, neighborhoods, homes and businesses.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for replacing the carpet in various rooms and areas throughout the Grand River Center. Higher use areas of the convention center are on an ten-year replacement cycle. The carpeting establishes a new, fresh look to the room. Replacement of specific rooms will be determined by wear and need for replacement.

RELATIONSHIP TO OTHER PROJECTS
This project is related to the Grand River Center Replace Fabric Wall Covering (CIP 3346000002). This project is also related to Paint Interior Room and Areas. The carpet and painting relate to the wall coverings in that all colors, fabrics and patterns are selected to redecorate the room at the time of the project.

OUTCOME
Diverse Arts, Culture, Parks and Recreation: Experiences and Activities: Have well-built, well-maintained, upgraded and expanded parks, park amenities and recreational/park facilities.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%), Greater Downtown TIF, and DRA funding.

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for a dishwasher and water softener replacement as they are original to the venue and reached its industry standard life span. After running dishes through the current dishwasher, they are coming back spotted which leads to concerns when placed in front of the guests. Oak View Group (OVG) conducted an in-depth review of the venue's kitchen requirements. The examination focused on on elevating the culinary experience for the guests to delivering a refined and exceptional food experience.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other projects.

OUTCOME
Diverse Arts, Culture, Parks and Recreation: Experiences and Activities: Have well-built, well-maintained, upgraded and expanded parks, park amenities and recreational/park facilities.

FUNDING RESTRICTIONS

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for improvement of the overall quality of the guest experience. A comprehensive remodel and renovation of all public bathrooms would be completed. The current design of these facilities has become outdated and is in need of a look that matches the rest of our venue and better meets the expectations of the guests of today. This project aims to revitalize the appearance of the restrooms and upgrade the existing fixtures, many of which have remained untouched since the facility's initial opening in 2003.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other projects.

OUTCOME
Diverse Arts, Culture, Parks and Recreation: Experiences and Activities: Have well-built, well-maintained, upgraded and expanded parks, park amenities and recreational/park facilities.

PROJECT DESCRIPTION/JUSTIFICATION
This project consist of the 8th Street 20" transmission water main connection between Jackson Street (Millwork District Project 2011) and Dubuque Police building expansion (Central Avenue 2001). Connecting the water main enhances the availability of water supply through the downtown area from the Water Plant west to the higher pressure zones. This project is adjacent to the proposed White Street City Parking Ramp which would include the replacement of the water main in the alley east of Central Avenue between 8th and 9th Streets that ties in to this 20" transmission water main.

RELATIONSHIP TO OTHER PROJECTS
This project is related to Engineering Project White Street Parking Ramp.

OUTCOME
Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity: Expand the Infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS
This project may only be funded with Water Construction Funds.

$ —	$ —	TOTAL	$ —	$ —	$ —	$ —	$ 686,400	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the installation of approximately 2,860 linear feet of 8-inch ductile iron pipe (DIP) along Admiral Sheehy Drive. Currently, water does not circumnavigate the entire island. The island's water supply comes through a 12" water main connection along the E. 16th Street bridge. To ensure a sound, fully functioning system, a backup/redundant supply of water that does circumnavigate the island is needed, allowing repairs anywhere on the island to have access to water. The new water main will create a looped system and provide a redundant water supply, supporting improved reliability and service. This initiative is a component of the 2024 Chaplain Schmitt Island Development Plan.

RELATIONSHIP TO OTHER PROJECTS

This project is part of the 2024 Chaplin Schmitt Island Development plan along with the Greyhound Park Rd Water Main Loop and the Hamilton St Water Main Extension to City Island

OUTCOME

Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity: Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS

This project may only be funded with State Revolving Funds.

$ —	$ —	TOTAL	$ 37,800	$ —	$ 27,300	$ —	$ 27,300	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This project funds the Water Distribution system Combination pressure reducing & Pressure sustaining valves, Pressure relief valves, Altitude valves, Modulating altitude valves, Check valves - flapper type, Swing flex check valve w/ backflow actuator and Electric check valves. These specialty valves require annual maintenance. Dorner Company of Sussex, WI has staff that are trained and certified in these specialty valves along with their Link2Valves maintenance management program. This CIP is to contract with Dorner Company for a two year period for valve cataloging, inspection, functionality, confirm stroke, clean, replace miscellaneous small fittings-if needed, and provide service report with repair suggestions. Cost is $3,500 a day cataloged, inspected, and tested. Additional parts used during repairs are estimated to be between $3,000 to $10,000 per valve depending on size and condition. Currently there are 21 specialty valves in the system and they estimate this taking three days to catalog.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects

OUTCOME
Robust Local Economy Diverse Businesses and Jobs with Economic Prosperity: Expand the infrastructure and facilities capacity to support economic development and growth.

PROJECT DESCRIPTION/JUSTIFICATION

This project is to provide a share of funding from the water construction funds in support of the City's efforts to meeting the City Council goal of implementing an enterprise asset management system through use of a computerized maintenance management system (CMMS). Enterprise asset management combines software, systems and services, and system support to maintain and optimize the functionality of operational assets across the lifecycle of an asset. Municipal enterprise infrastructure assets refer to the physical and digital assets owned and managed by local governments for which they are accountable.

A CMMS is utilized to generate work orders and preventative maintenance schedules, track equipment usage and maintenance history, generate alerts for needed action, track spare parts, maintain asset condition assessment data, and much more.The City currently utilizes several separate CMM software for different functions or assets, and a broader scope or single vendor solution for a consistent CMMS tracking each utility's enterprise assets is desired.

RELATIONSHIP TO OTHER PROJECTS

This project is related to Enterprise Asset Management System Software - Sanitary, Enterprise Asset Management System Software - Water, Enterprise Asset Management System Software - Roadway. and Enterprise Asset Management System Software - Fiber

OUTCOME

Financially Responsible, High Performance City Organization: Sustainable, Equitable and Effective Service Delivery:Have residents and businesses receiving service value for their taxes and fees by providing services in a cost-effective and financially responsible manner.

FUNDING RESTRICTIONS

This project may only be funded with Water Construction Funds..

PROJECT DESCRIPTION/JUSTIFICATION
This project provides fire hydrant assemblies to be relocated, replaced and installed for damaged hydrants, Water Department projects, asphalt overlay projects and replacements due to normal wear and tear. Typical fire hydrant life expectancy is 30 years. This was always part of the operating budget, but due to auditor guidance in FY 2025, this type of expense should now be part of the capital budget.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects

OUTCOME
Vibrant Community: Healthy and Safe: Provide high-quality emergency services that are accredited and uses best practices.

FUNDING RESTRICTIONS
This project may only be funded with Water Construction Funds.

PROJECT ADDRESS/SERVICE AREA

$ —	$ —	TOTAL	$ 20,000	$ 20,000	$ 20,000	$ 20,000	$ 20,000	$ 20,000

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for fire hydrant assemblies to be relocated/replaced as needed related to the City's sidewalk and curb ramp inspection and replacement program. Replacement of sidewalks, particularly those abutting the curb line at an intersection, will require the installation of curb ramps, typically fire hydrants are also located behind the curb line at an intersection and often conflict with the location where curb ramps will be located or replaced. It is anticipated in future years this program will increase with the installation of curb ramps with detectable warnings required by the Americans with Disabilities Act (ADA).

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Curb and Catch Basin Replacement Program CIP (5521000002), Sidewalk City Owned (CIP 5521000010), and Sidewalk Inspection Program (CIP 5521000006).

OUTCOME

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for the future of two permanent auxiliary power emergency generators. Two pumping stations, Park Hill and Mt. Carmel, do not currently have auxiliary power supplies, while there are back up pumping facilities in each of the zones where Park Hill and Mt. Carmel are located, it is recommended that each site have a dedicated emergency power supply. The United States Environmental Protection Agency states that "Power loss can have devastating impacts on drinking water and wastewater utilities and the communities they serve." Funding in FY23 & FY24 is for Park Hill pump station and funding in FY26 is for Mt. Carmel pump station.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding for the replacement of water main along Highway 20/Dodge Street from Devon Drive to Concord Street. The majority of the water main was installed in the 1939 era. As the highway improvements have been made, including widening, the city's water main is under or adjacent to the travel lanes in certain locations. Due to several recurrent water main breaks and the challenges associated with traffic control, it is necessary to relocate water main that is near or beneath the Dodge Street travel lanes.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects

OUTCOME

Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity: Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS

$ —	$ 25,000	TOTAL	$ —	$ 35,000	$ —	$ —	$ 35,000	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This Project request is to update and replace two of our existing Subsurface LC2500 Leak Detection Equipment. FY2025 we replaced one unit and in FY2027 we will replace the second one. The current equipment is scheduled for replacement every five years and the continued use of leak detection equipment results in significant savings due to reduced time detecting the leak and improved accuracy of location and overall construction costs.

RELATIONSHIP TO OTHER PROJECTS
This project does not relate to other capital projects.

OUTCOME
Roust Local Economy: Diverse Businesses and Jobs with Economic Prosperity: Expand the infrastructure and facilities capacity to support economic development and growth,

FUNDING RESTRICTIONS
This project may only be funded with Water Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION
Funding for this project provides for repair or relocation of existing water mains that may be impacted by repair work associated with retaining walls that are owned or are the responsibility of the City of Dubuque. It is necessary for the department to evaluate the water mains adjacent to or crossing retaining walls as they may need to be replaced, supported, or relocated during the retaining wall repair. Access to the water mains in these locations is often difficult and a condition assessment is completed as part of this project to determine if there is strain or issues with the water main. This ongoing program allows for maintenance, repair and reconstruction of the water main in coordination with Engineering.

RELATIONSHIP TO OTHER PROJECTS
This project is related to the Stone Retaining Wall Program (CIP #5524000003).

OUTCOME
Roust Local Economy: Diverse Businesses and Jobs with Economic Prosperity: Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS
This project may only be funded with Water Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION

This project will provide funds for the replacement of the rooftop HVAC units at the Municipal Services Center. The facility was constructed and opened in 2005, and the expected life of a rooftop HVAC unit is 20 years. The current small rooftop unit (10-ton) serves the sign and traffic signal maintenance shops and is in need of replacement. If funded, this project will provide funding for the replacement and installation of a new unit for the sign and traffic signal shops. The second unit, also scheduled for replacement, provides air exchange for the administration areas of the Public Works and Water Distribution area, Garage support areas and employee support areas in the facility. When this unit fails, there is no circulation in these areas, and the work spaces become nearly unusable during the hottest days of the year. Replacing this unit will allow the building to function as designed and will provide operational savings related to maintaining the current unit.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital improvement projects.

OUTCOME

Financially Responsible, High-Performance City Organization: Sustainable, Equitable and Effective Service Delivery: Have residents and businesses receiving service value for their taxes and fees by providing services in a cost-effective and financially responsible manner.

FUNDING RESTRICTIONS

This project may only be funded with Water Construction Funds.

PROJECT ADDRESS/SERVICE AREA

The Municipal Services Center is located at 925 Kerper Court.

PROJECT DESCRIPTION/JUSTIFICATION
This project will provide funds for the replacement of the roof at the Municipal Services Center. The facility was constructed and opened in 2005, and the expected life of a roof is 15-20 years and has experienced extensive leaking over the last 5 years. Replacing the roof will allow the building to function as designed and will provide operational savings related to maintaining the current roof and continue to protect millions of dollars in equipment and vehicles housed within.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital improvement projects.

OUTCOME
Financially Responsible, High-Performance City Organization: Sustainable, Equitable and Effective Service Delivery: Have residents and businesses receiving service value for their taxes and fees by providing services in a cost-effective and financially responsible manner.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (30%), Garage, Refuse and Road Use Tax funds.

PROJECT ADDRESS/SERVICE AREA
925 Kerper Court.

PROJECT DESCRIPTION/JUSTIFICATION
This project provides funding for the removal and replacement of the Water Department's existing public lead water mains. May Place, Union Street, Austin Street, Washington Street, and Roland Street. This project will eliminate the Water Department's public lead line water mains that were installed in the early 1920's.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Sustainable Environment: Preserving and Enhancing Natural Resources: Continue to provide safe, affordable and dependable drinking water for all residents through a high performing water treatment plant.

FUNDING RESTRICTIONS
This project may only be funded with Water Construction Funds - but we believe it will be eligible for Federal Infrastructure funding.

$ 55,109	$ 200,000	TOTAL	$ 200,000	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the replacement of existing Supervisory Control and Data Acquisition (SCADA) hardware and software and the installation of replacement radio communications with fiber optic communications at the Eagle Point Water Treatment Plant, wells, pump stations, tanks, and towers. The existing SCADA programming and operating system RSLogix 500 is outdated and the hardware is no longer supported by the manufacturer/vendor and will need to be replaced for continued remote operations from and at the water treatment plant. The existing hardware has reached its capacity for installing new infrastructure controls and devices required to communicate with tanks, towers, and other distribution hardware. This project also provides for the replacement of the existing communications channel. Currently, SCADA data is relayed to and from the water treatment plant from the remote sites via radio, however, the radio path is experiencing significant interference due to other devices transmitting data. The interference results in loss of communications and an immediate response is required by a technician to problem solve and restore communications. Over time this method of communication has become more challenging, continues to be prone to failure, and presents safety concerns as the radio antenna must be inspected by City staff requiring them to climb the tanks and towers. The project also provides funding for the installation of fiber conduit and fiber optic lines as a replacement of the existing radio system to all current remote sites, with improved ability to expand to further locations as the City grows. The fiber optic portion of the project, complements the City's existing fiber optic network and is supported by Information Services and Engineering as an approved solution to improved communications. The enhanced fiber optic network will loop areas currently not connected and will increase the City's opportunities to work with cellular companies that look to install their hardware on tanks and towers and transmit data via fiber optic lines.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects

OUTCOME

Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity: Expand the infrastructure and facilities capacity to support economic development and growth..

FUNDING RESTRICTIONS

PROJECT DESCRIPTION/JUSTIFICATION

This request is for PFOA/PFAS reduction at the Eagle Point Water Treatment Plant. This option includes rehabilitating the existing gravity filters with granular activated carbon for PFAS removal instead of a straightforward, in-kind replacement of the existing sand and anthracite media. The rehabilitation of the filter underdrains and related appurtenances is also necessary as identified by performance testing completed in 2022. Environmental Protection Administration compliance date for PFAS regulations is April 26, 2029, in which systems must have implemented treatment for PFAS maximum contanimate limit.

RELATIONSHIP TO OTHER PROJECTS

This project is related to Source Water PFAS Reduction Project - Deep Well (4281000051).

OUTCOME

Sustainable Environment: Preserving and Enhancing Natural Resources: Continue to provide safe, affordable and dependable drinking water for all residents through a high performing water treatment plant.

$ —	$ —	TOTAL	$ —	$ —	$ —	$ 729,103	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

The South Algona water main replacement project provides funding to replace a section of water main that has given the Water and Public Works Department issues for several years. The water main was installed in 1923 and has 8 documented breaks on a half block section of pipe from 1996 to 2024. Due to the terrain at this location, often when the main fails it undermines a portion of South Algona Street and a large section of Saint Joesph Street. In 2013 the water main and street repairs cost $73,381 and only repaired 5 feet of water main. Most of the 2013 cost was related to street repair. The water main break in 2024 replaced about 8 feet of water main and damaged and/or undermined approximately 20 concrete panels, some of which were already replaced during the 2013 repairs. Not only are the residents inconvenienced with unplanned water outages, but they are also inconvenienced with frequent street repairs limiting access to their homes and affecting their parking options. The water main has been identified as a project that should be scheduled for replacement as budget and scheduling permits.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity: Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS

$ —	$ —	TOTAL	$ —	$ —	$ 2,000,000	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the connection between the 5th pressure zone (Olympic Heights Subdivision) the 2nd Pressure Zone, and the 3rd Pressure Zone. The Roosevelt St Water Tower project was designed to provide effective storage for both the 2nd and 3rd pressure zones. The connection between the two zones is recommended by the Iowa DNR and was stated in the SRF funding commitment letter for the tower project. In addition to the benefits of effective water storage for fire suppression and daily water demand, additional benefits are from the connection of a looped system and the ability to fill the Roosevelt St tower not only from the treatment plant but also from the 3rd Pressure Zone while eliminating the 5th Pressure Zone (Olympic Heights). This connection would also be able to provide water north of the NW Arterial (Sageville Area), and west of Highway 52 North along the N. W. Arterial and Kennedy Road. This project would include the installation of approx. 5,020 feet of 12" diameter water main. There would also be electrical and maintenance savings cost with the removal of Olympic Heights pump station. This project optimizes the full benefits of the Roosevelt Water Tower.

RELATIONSHIP TO OTHER PROJECTS

This project is related to Kennedy Road to Tanzanite Drive Connection (Zone 3 to Zone 4) with Pump Station.

OUTCOME

Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity: Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS

This project may only be funded by SRF Funding.

PROJECT DESCRIPTION/JUSTIFICATION

This project is for the replacement of Standard Utility Service Truck, regular cab, 4X4, 4500 series Water Distribution service/emergency response truck specifications. This vehicle will include a front valve turner, rear crane lift, heated service truck box and hydraulic pump. The existing vehicle is showing signs of rust throughout the vehicle and has several mechanical issues during its time in service which have added up to $12,000. The vehicle is undersized for the load it carries. The vehicle replacement is for operational adjustments which includes a more diverse service worker for better efficiency and response times, employee safety in performing water distribution system maintenance, and responding to emergency calls affecting the health and safety of the residents of the City of Dubuque.

RELATIONSHIP TO OTHER PROJECTS

This project does not relate to other capital projects.

OUTCOME

Vibrant Community: Healthy and Safe: Provide high-quality emergency services that are accredited and uses best practices.

PROJECT DESCRIPTION/JUSTIFICATION
This project is for the replacement of Standard Utility Service Van to a Standard Utility Service Truck, regular cab, 4X4, 3500 series Water Distribution service/ emergency response truck specifications. This vehicle will include rear crane lift, heated service truck box and hydraulic pump. The existing vehicle is showing signs of rust around the wheel wells and has several mechanical issues during its time in service which have added up to $14,800. The vehicle is undersized for the load it carries. The vehicle replacement is for operational adjustments which includes a more diverse service worker for better efficiency and response times, employee safety in performing water distribution system maintenance, and responding to emergency calls affecting the health and safety of the residents of the City of Dubuque.

RELATIONSHIP TO OTHER PROJECTS
This project does not relate to other capital projects.

OUTCOME
Vibrant Community: Healthy and Safe: Provide high-quality emergency services that are accredited and uses best practices.

FUNDING RESTRICTIONS
This project may only be funded with Water Construction Funds.

$ —	$ —	TOTAL	$ 38,000	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This project is for a John Deere X738 garden tractor equipped with a 47" snowblower and heated cab for the Eagle Point Water Treatment Plant maintenance team. This vehicle would primarily be used for snow removal at the plant and across 19 remote facilities, including pump stations, tanks, and towers. The addition of a garden tractor with a front-mounted snowblower and heated cab will enhance the efficiency of snow removal on city-owned properties, allowing faster access for maintenance and administrative staff to perform their duties. The estimated cost of the vehicle with trailer is $38,000. This aligns with Trailer #4933 and will be shared between Water Operations and Distribution.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital improvement projects.

OUTCOME
Robust Local Economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing, bandwidth redundancy.

FUNDING RESTRICTIONS
This project may only be funded with Water Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the development of a City of Dubuque Water Supply, Process Evaluation, and Distribution Master Plan. Over the past few decades, the City of Dubuque has experienced an increase in development, both residential and commercial, and growth of the community beyond the distribution and storage system original footprint. Most notably, the water infrastructure has expanded to include Twin Ridge to the south and Vernon and Barrington Lakes water systems to the west, and having reliable and dependable water infrastructure is critical to supporting all of the City's customers today and tomorrow. As the City looks to the future outlined in the Comprehensive Plan and with the completion of the SW Arterial, it is increasingly important that the existing water infrastructure is hydraulically analyzed to determine its capacity and capability to serve. FY24 included funding via the current City Wide Improvements SRF loan to complete a master plan. A master plan will serve to provide direction in the development of alternative and additional water supply sources and treatment facilities, improve customer service through the evaluation of the pressure zones serving Dubuque, evaluate the existing aging water treatment plant and its processes, and determine a strategy for systematically replacing/rehabilitating aging infrastructure.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the City Wide Distribution Storage and Pumping Improvements,SW Arterial projects, and the Water Storage Maintenance Program

OUTCOME

Financially Responsible, High Performance City Organization: Sustainable, Equitable and Effective Service Delivery: Have residents and businesses receiving service value for their taxes and fees by providing services in a cost-effective and financially responsible manner.

FUNDING RESTRICTIONS

This project may only be funded with Water Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for the scheduled replacement/relocation of water mains as part of the Sanitary Sewer Manhole Replacement/Rehabilitation project. This fund covers the cost of material and labor for the relocation of water mains currently located in sewer manholes. Due to health and safety concerns, along with meeting water and sewer separation requirements of the Iowa Department of Natural Resources and Ten State Standards, this project remains an ongoing need.

RELATIONSHIP TO OTHER PROJECTS
This project is related to the City Engineering Sanitary Sewer Manhole Replacement/Rehabilitation program, (CIP #5581500020), and needs to be scheduled in the same fiscal year(s) as those Engineering projects.

OUTCOME
Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity: Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS
This project may only be funded with Water Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for ongoing water main replacement associated with the City sanitary sewer improvement and consent decree program. The water mains for the sanitary sewer and consent decree programs have been evaluated. Several sections of water main, valves and hydrants have reached the end of their design life and should be replaced as part of this project. This project reduces service outages and lessens excavation in newly resurfaced areas. FY24 funds are available for Heeb Street. FY26 Auburn Custer, FY27 Cooper PL, Maiden LN, Harvard, Hempstead. FY29 Funds are available for King Street, and Grove Terrace.

RELATIONSHIP TO OTHER PROJECTS

This project is related to other capital projects. CIP # 710-1289 Sewer Consent Decree. Heeb Street reconstruction CIP 300-2612

OUTCOME

Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity: Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS

This project may only be funded with Water Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for ongoing annual replacement and repair of impaired water system infrastructure associated with the City Street Improvement Program. Many sections of water mains, valves and hydrants are subject to failing due to fatigue, corrosion, and weathering. Funding for future water main replacement projects is evaluated annually in conjunction with the city-wide street improvement projects. FY26 funding is for Century Drive reconstruction (Hwy 20 to Bies Drive with boring under Hwy 20).

RELATIONSHIP TO OTHER PROJECTS
This project is related to the Street Replacement Program: Cedar Cross Road Construction, 14th Street Overpass Design, Seippel Road Reconstruction, Rockdale Road Reconstruction - Maquoketa to South Pointe, Pine Street Extension from 7th to 9th, Century Drive Reconstruction (No CIP#) Sylvan Drive Reconstruction. This project needs to be scheduled in the same fiscal year at those projects.

OUTCOME
Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity: Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS

PROJECT DESCRIPTION/JUSTIFICATION

This project requests the replacement of Water Meter Interface Units and Registers used for the purpose of Water and Sewer billing. The costs per year include the replacement of the estimated number of units of MIUs and Registers based on known failure rates and the labor that may be required to replace the units when internal resources are not available. In 2009, the City of Dubuque conducted a city-wide water meter replacement program. All meters were replaced with Neptune brand water meters. Each part and product warranty varied with the meter assemblies. Meter interface unites (MIUs) replacement warranty was 100% for the first 10 years. For each year thereafter, the warranty was pro-rated, and the City would be required to pay a portion of the MIU replacement. Starting in year eleven (11) the City pays 30% and each year thereafter the City's percentage goes up 5%, until the warranty is finished in 2034. Having discussed a proactive replacement program with Neptune and local supplier Ferguson Water Works, a cost-effective way to replace the meters at a lower cost to the City would be to conduct a 5-year replacement program, in lieu of replacing the MIUs over the remaining prorated warranty period. This will reset the full warranty on replaced MIUs. The project provides funding for a proactive 5-year MIU replacement program which can be funded through SRF. Note that the project is to be carried by both Water and Sanitary Sewer funding. FY22 Funding reflects the replacement of 4557 MIUs to be replaced at a reduced cost as they would still be under full warranty, and years FY23 thru FY32 reflect the replacement of 5,000 MIUs per year to complete the project for those MIUs no longer under warranty. As part of the program, Ferguson Water Works will be making an investment estimated to be $240,000 in the necessary infrastructure to support the City's transition from the R450 system to the R900 System. The investment includes new collectors and necessary wiring and conduit at 15 sites to support the new technology. This Project also provides funding for water registers. The Registers carry a 10-year full replacement warranty, after which, the City will be responsible for the costs of replacement parts. There are currently 18,067 Registers that will need to be replaced as they fail. The rate of failure is estimated at 1,350 per year equating to $130,950 per year.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Financially Responsible, High Performance City Organization: Sustainable, Equitable and Effective Service Delivery: Maintain all reserve funds to 25%

FUNDING RESTRICTIONS

This project may only be funded with Water Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides the funding to clean, spot prime and paint the interior and exterior of the Water Storage Tanks. Painting of water tanks is a cyclical program; coatings can last up to 20-25 years. A study was conducted in 2009. College Tower rehabilitation in FY27 $1.5M, Pennsylvania (FY2029, $500,00), Park Hill (2029, $500,000), Westside Water Tower $500,000 FY31. Tank coatings required to maintain the structure of the tank, the water quality to reduce biofilm, as well as enhancing the aesthetics of the tanks. This project is related to Water Treatment Plant condition assessment and master planning in FY21. Starting in FY21 this project provides funding for the inspection of the former Vernon Water Tower located west on Hwy 20 prior to recoating. This project provides for Annual Tank Inspection for all tanks and towers of $25,000. Tank maintenance may be adjusted to reflect possible operational and capital improvements recommended in the Water Master Plan. Further analysis following installation of the Roosevelt Street Water Tower will provide the information necessary to determine the prioritization of tank coating work on the other water tanks.

RELATIONSHIP TO OTHER PROJECTS

This project is related to SW Arterial and City Wide Improvements; and Master Plan

OUTCOME

Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity: Expand the infrastructure and facilities capacity to support economic development and growth.

PROJECT DESCRIPTION/JUSTIFICATION
This project provides funding for replacement of the aging boilers at the Eagle Point Water Treatment Plant. Initial conversations with vendors and insurance inspectors has brought to light the need for engineering of the boiler system. Changes to HVAC/Boiler codes will require changes to the water treatment facility to be compliant with said codes. FY25 funding will be used to hire a boiler engineering consultant to appropriately size and design a system to replace the main Water Plant Treatment's two boilers. FY26 funding will supplement any additional Engineering costs and retrofit the building to bring it up to current code. The existing boilers were installed in 1995 and are at the end of their service life. New boilers will be more fuel efficient and will contribute to less carbon emissions.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects

OUTCOME
Sustainable Environment: Preserving and Enhancing Natural Resources: Reduce the community's carbon footprint (50% by 2030) and explore sicence-based outcomes in the future.

FUNDING RESTRICTIONS
This project may only be funded with Water Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION
This project provides funding for the systematic replacement of aging roofing systems at the Eagle Point Water Plant. The membrane roofing systems were inspected in September 2020 and noticeable failures were identified. FY26 provides funding for roof replacement over the sludge plant wet well walkway between sludge clarifiers. FY28 funding will replace the roof over the North plant filter bay. FY29 funding will replace the roof over South Plant clarifiers, administration offices and plant filter motor control room, sludge plant, and east clearwell. Roofing systems will be replaced with Thermoplastic Membrane, including new vapor barrier, R30 insulation, and protective hardboard and will carry a minimum 20-year warranty. The new roofing systems provide additional insulation capable of reducing carbon emissions.

RELATIONSHIP TO OTHER PROJECTS
This project is related to the Water Treatment Plant Condition Assessment and Master Plan (CIP # 4281000026)

OUTCOME
Sustainable Environment: Preserving and Enhancing Natural Resources: Continue to provide safe, affordable and dependable drinking water for all residents through a high performing water treatment plant.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding for repairs and rehabilitation associated with the City's groundwater supply (wells, pumps, motors) including source water protection of the well field and the raw water transmission lines from the wells to the treatment plant. The City draws from both shallow and deep wells and each well should be inspected every 5 years and 10 years respectively, barring any known issues. The wells should be inspected, and the well screen cleaned to remove sediment or debris that may be reducing well output. FY26 funding provides for the rehabilitation of Well 10. FY27 funding provides for the rehabilitation of Wells 2 & 9. FY28 funding provides for the Rehabilitation of Well 5. The out years provides funding to continue the 5-year program maintenance. The well field from where the City draws its drinking water supply was subject to the Safe Drinking Water Act amendments of 1996, which required a Source Water Assessment. The Assessment included evaluating the level of protection that was in place to protect sources of drinking water. The well field should be evaluated to determine what improvements are necessary to ensure the City is continuing to assess the protective measures in place for the City's drinking water supply.

.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Sustainable Environment: Preserving and Enhancing Natural Resources: Continue to provide safe, affordable and dependable drinking water for all residents through a high performing water treatment plant.

FUNDING RESTRICTIONS

This project may only be funded with Water Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding for the installation of water main on Seippel Rd to Pennsylvania Ave and along Middle Rd to Sundown Rd. The project includes 13,300 feet of water main and a pump station. The utilities have not been requested by property owners for the previously annexed areas and the City does not know when it will be necessary to construct the utilities. Due to this uncertainty, design and construction are budgeted beyond Fiscal Year 2030. If the utilities are requested prior to Fiscal Year 2028, the City will adjust the budget as necessary to comply with the requests. The City has completed action steps adopted by the City Council as a result of the previous annexation study and has either completed or budgeted the balance of utility extensions necessary to serve citizens and businesses within the annexed areas. To maintain the City's ability to meet new growth demands, it is necessary to position ourselves for the future demand by identifying those growth areas and the costs associated with extending City services. As land develops, the City anticipates recovering a portion of costs through connection fees.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity: Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS

This project may only be funded with Water Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides the funding to conduct an engineering and environmental analysis of the piping in the pipe gallery at the water treatment plant, and the Asbury and West Third Pump stations. This project also provides for construction funding associated with the piping rehabilitation. The current pipe protective coatings are starting to fail. The failure can be observed as the pipes and fasteners are beginning to corrode due to highly humid environment.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Liveable Neighborhoods and Housing Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods

FUNDING RESTRICTIONS

This project may only be funded with Water Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION

This funding request aims to remodel the third floor of the Water Treatment Plant into a dedicated conference room. This space will support departmental training initiatives, including the City of Dubuque's DEIB training, IDNR continuing education, and staff training on City and Department policies and procedures. Additionally, it will serve as a meeting venue for all City departments, accommodating off-site events such as City Life. Staff at the water plant conduct tours and educational sessions for local schools, colleges, and various community groups, including the Dubuque Realtors Association. The new conference room will provide a professional environment and eliminate the use of the staff break room for meeting events.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Partnership for a better Dubuque: Building our community that is viable, livable and equitable. Partner with local universities, colleges and institutions of high education.

FUNDING RESTRICTIONS

This project may only be funded with Water Construction Funds.

PROJECT ADDRESS/SERVICE AREA

1902 Hawthorne St - Eagle Point Water Treatment Plant

DEPARTMENT:		STATE PROGRAM:	PROJECT TITLE:			YEAR FIRST SUBMITTED: 2024		TOTAL PROJECT COST

PROJECT DESCRIPTION/JUSTIFICATION
4911 is a 2009 International tandem dump truck. This is being replaced with a Western Star 4700SF series dump truck with an included standard 18.5' Beau Roc dump body, box vibrator and bed liner. Vehicle replacement is for operation adjustment for better efficiency. Proposed dump truck in most cases during water main repairs will complete hauling spoils out and clean backfill in with in one trip. This machine will also be used by Public Works through winter salt and snow hauling.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Robust Local economy: Have the infrastructure and amenities to support economic development and growth: industrial/business parks, streets and utilities, air service and housing, bandwidth redundancy.

FUNDING RESTRICTIONS
This project may only be funded with Water Construction Funds.

PROJECT ADDRESS/SERVICE AREA

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for establishing reliable communication for all 22 remote lift stations connected to the Water & Resource Recovery Center (WRRC). Major lift stations will be upgraded with fiber optic communication for a fast and stable connection. Currently, eight stations use an aging Alvarion 900 MHz radio system, which is over 15 years old. Five lift stations have no communication systems in place at all. By integrating all 22 remote lift stations into the WRRC's monitoring system, WRRC staff will receive real-time updates on pump status, water flow, and potential issues, enabling quicker responses to any problems.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Liveable Neighborhoods and Housing Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS

PROJECT DESCRIPTION/JUSTIFICATION

This project funds the replacement of aging HVAC equipment at the Water & Resource Recovery Center (W&RRC) and sanitary sewer lift stations. The W&RRC and lift station HVAC systems use a number of components including, but not limited to: louvers, fans, gravity roof ventilators, rooftop units, make-up air units, gas-fired unit heaters, electric unit heaters, and water source heat pumps. Corrosive gasses, including hydrogen sulfide, reduce the life expectancy of many of these components. Corrosion of copper and electronic components has resulted in more frequent HVAC repairs over the last several years. Functioning HVAC units are particularly important for maintaining the climate in the electronic motor control centers for each builidng at the WRRC and at each lift station.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Liveable Neighborhoods and Housing Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS

This project may only be funded by Sanitary Sewer Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the replacement of the facility's bar screens, which are a vital part of our wastewater treatment process. Bar screens are the first line of defense, designed to remove large debris and non-biodegradable materials from incoming wastewater. Over time, the existing bar screens have aged and require replacement to maintain the facility's efficiency and ensure proper operation. The new bar screens are also needed to accommodate the increased flow to the WRRC due to upstream capacity improvements. The new, more efficient bar screens, which will enhance the WRRC's ability to handle increased volumes of wastewater, reduce the risk of equipment damage, and minimize disruptions caused by debris buildup. The new screens will improve the overall treatment process, contribute to the protection of the environment, and ensure the reliability of Dubuque’s wastewater infrastructure for years to come. A FY25 allocation for Bar Screen Replacement provides funding to refurbish the existing bar screens to operate until the capacity issues require the replacement with new screens outlined for FY30 and FY31.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Old Mill Road List Station Project (CIP #5581500006) and the Catfish Creek Interceptor Sewer Upgrades Project

OUTCOME

Liveable Neighborhoods and Housing Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS

This project may be funded by Sanitary Sewer Construction Funds.

PROJECT ADDRESS/SERVICE AREA

The improvements will be at the WRRC at 795 Julien Dubuque Drive. The improvements will serve all properties connected to the sanitary sewer collection system.

PROJECT DESCRIPTION/JUSTIFICATION
This project replaces the six return activated sludge (RAS) pumps and two scum pumps used in the secondary treatment process. The RAS pumps help remove sludge from the four final clarifiers and convey it to the front of the activated sludge basins. The scum pumps convey floatable materials, removed from the surface of the final clarifiers, to the headworks of the treatment plant for treatment. These pumps were last replaced in the 1990s and are reaching the end of their intended, useful life. Replacement of the pumps will improve pumping performance and reliability and reduce maintenance costs.

RELATIONSHIP TO OTHER PROJECTS
The project is related to the Final Clarifier Rehabilitation project

OUTCOME
Liveable Neighborhoods and Housing Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS
This project may only be funded by Sanitary Sewer Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for improvements to the WRRC facility to address nutrient reduction requirements and increase plant BOD. TSS, and flow treatment capacity. In October of 2022, the WRRC's NPDES permit was amended based on a nutrient reduction study commissioned by the City and submitted to the Iowa Department of Natural Resources (IDNR). The permit requires the City to prepare and submit an updated nutrient reduction study report no later than November 1, 2027. The study will involve researching new or additional treatment technologies for the reduction of nitrogen and phosphorus. The updated report must include an updated schedule for making operational changes and/or installing new or additional treatment technologies to achieve the goal of 66% reduction in total nitrogen and a 75% reduction in phosphorus. It is anticipated that nutrient reduction upgrades such as the MLE treatment process will be done in conjunction with the next major facility upgrades necessitated by pollutant loadings (e.g., BOD, TSS, and flow) and influent flow from the community.

While treatment technology might provide other options to consider, it is anticipated that the nutrient reduction improvements will involve modifications to the high-purity oxygen-activated sludge basins for the implementation of a Modified Ludzack Ettinger (MLE) nitrification/denitrification process for the removal of nitrogen. For phosphorus removal, it is anticipated that a sidestream removal system might be employed that results in the harvesting or sequestering struvite (magnesium ammonium phosphate) to remove phosphorus from the centrate or directly from the digested sludge. To accomodate increased BOD and TSS loading, it is anticipated that a cloth media filtration system will be used. It uses specially designed cloth filters to trap fine particles and reduce BOD levels in treated effluent. Wastewater passes through the cloth media, where solids are captured, while the filtered water moves through for further treatment or discharge.

RELATIONSHIP TO OTHER PROJECTS

The project is related to the FY25 WRRC Facility Plan Update Project (CIP # 4381500016)

OUTCOME

PROJECT DESCRIPTION/JUSTIFICATION

This project funds the replacement of outdated, obsolete industrial control components at the Water & Resource Recovery Center (WRRC). The WRRC currently relies on a set of programmable logic controllers (PLC) and DeviceNet® systems to gather and disseminate crucial data for process monitoring and control. The existing DeviceNet® systems and PLCs at the Center have become obsolete, posing significant challenges in sourcing replacement parts or conducting necessary repairs. The project entails two major phases: planning and design, followed by construction. These phases are dedicated to modernizing the Center's infrastructure by upgrading 16 PLCs, including their power supplies and other peripheral devices, to the latest models. Additionally, 11 outdated DeviceNet® systems will be replaced with 8 Ethernet control networks. Replacing the DeviceNet® systems is a complex task, involving the replacement of digital scanners, power supplies, wiring networks, communication cards, and motor control center electrical buckets.This comprehensive update will ensure the Center's continued operational efficiency, with the replacement of the DeviceNet® systems being a key component of this initiative.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to any other capital improvement projects.

$ —	$ —	TOTAL	$ 85,000	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for the replacement of the 30KVA Uninterruptible Power Supply (UPS) unit located in Building 80. This UPS is essential for providing continuous power to critical systems, including the SCADA servers, City Network data racks, original site access controls, and burglar/fire alarms. In the event of a power outage, the UPS ensures that these systems remain operational long enough for backup generators to start and transfer power, preventing any damage or disruption to vital monitoring and control functions at the facility.

The existing UPS is nearing the end of its lifecycle and is being phased out, meaning it will no longer be supported by the manufacturer in the near future. Continued use of this outdated unit could lead to increased maintenance costs and higher risks of system failure during power outages. Additionally, the batteries, fan, and capacitors require replacement, further justifying the need for a more reliable solution. Replacing the UPS with a new unit will ensure uninterrupted service, protect critical infrastructure, and reduce the risk of downtime or data loss. This investment is necessary to maintain the operational integrity of the WRRC's systems and to safeguard the facility's ability to respond to power interruptions.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to any other capital improvement projects.

OUTCOME
Liveable Neighborhoods and Housing Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS
This project can be funded by Sanitary Sewer Construction Funds.

PROJECT ADDRESS/SERVICE AREA
Project located at the WRRC, 795 Julien Dubuque Drive. Service area is the tri-state region.

DEPARTMENT:		STATE PROGRAM:	PROJECT TITLE:			YEAR FIRST SUBMITTED: FY 2026		TOTAL PROJECT COST
43 - Water & Resource Recovery Center		8C - Business Type	UV System Cable & Harness Replacement			PROJECT NO:		$ 50,500

		C. IMPACT - OPERATIONS						
		Operating Cost (Savings)	$ —	$ (1,500)	$ (15,500)	$ (1,600)	$ (1,650)	$ (1,700)

PROJECT DESCRIPTION/JUSTIFICATION

The project involves replacing various cable assemblies and wiring harnesses within the UV system at the WRRC. This includes the installation of new 20-foot lamp cables (red, white, and blue), limit switch cables, sensor and lid cables, as well as different lengths of wiring harnesses for lamp power, motor/limit switches, and sensor connections. The replacement work is aimed at ensuring reliable connectivity and proper functioning of the UV module system, critical for effective wastewater treatment operations. The UV cable assemblies and wiring harnesses typically have a useful life of 5-7 years. They have been in service for over ten years resulting in reliability issues.

The replacement of the UV cable assemblies and wiring harnesses is necessary to maintain the integrity and reliability of the UV disinfection system is required for the City to meet its NPDES permit disinfection requirements. Over time, cables and harnesses can degrade due to exposure to moisture, UV radiation, and electrical loads, leading to potential failures or reduced efficiency. Upgrading these components ensures consistent performance, minimizes the risk of unplanned downtime, and extends the overall lifespan of the UV system. The proactive replacement also aligns with best practices for preventive maintenance, helping to avoid costly repairs and ensuring compliance with regulatory standards for water quality.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to any other capital improvement projects.

OUTCOME

Liveable Neighborhoods and Housing Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS

This project can be funded by Sanitary Sewer Construction Funds.

DEPARTMENT:	STATE PROGRAM:	PROJECT TITLE:	YEAR FIRST SUBMITTED: FY 2026 PROJECT NO:	TOTAL PROJECT COST
43 - Water & Resource Recovery Center	8C - Business Type	UV System Cable & Harness Replacement		$ 250,000

PROJECT ADDRESS/SERVICE AREA

Project located at the WRRC, 795 Julien Dubuque Drive. Service area is the tri-state region.

DEPARTMENT: 43 - Water & Resource Recovery Center		STATE PROGRAM: 8C - Business Type	PROJECT TITLE: Biogas Chiller Replacement			YEAR FIRST SUBMITTED: FY 2026 PROJECT NO:		TOTAL PROJECT COST $ 58,000
2024 EXPENSE	**2025 BUDGET**	**PROJECT BUDGET**	**2026**	**2027**	**2028**	**2029**	**2030**	**2031**

$ —	$ —	TOTAL	$ 58,000	$ —	$ —	$ —	$ —	$ —
		C. IMPACT - OPERATIONS						
		Operating Cost (Savings)	$ —	$ (2,500)	$ (2,550)	$ (2,600)	$ (2,650)	$ (2,700)

PROJECT DESCRIPTION/JUSTIFICATION
The project involves replacing the existing chiller used in the gas production and handling system at the Water & Resource Recovery Center. The current chiller is an integral component of the biogas conditioning process, working alongside low-pressure and high-pressure skids to cool biogas and remove excess moisture before further compression and conditioning.

The current chiller, in service for 12 years, is approaching the end of its typical 10-15 year lifespan and has required increased maintenance over the past year to remain operational. Replacing the chiller will improve reliability, reduce downtime, and prevent moisture-related issues that could damage downstream equipment. A new, more efficient chiller will enhance the overall performance of the biogas system, lower maintenance costs, and ensure continued compliance with best practices for critical infrastructure.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to any other capital improvement projects.

OUTCOME
Liveable Neighborhoods and Housing Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS
This project can be funded by Sanitary Sewer Construction Funds.

PROJECT ADDRESS/SERVICE AREA
Project located at the WRRC, 795 Julien Dubuque Drive. Service area is the tri-state region.

DEPARTMENT:		STATE PROGRAM:	PROJECT TITLE:			YEAR FIRST SUBMITTED: FY 2026		TOTAL PROJECT COST
43 - Water & Resource Recovery Center		8C - Business Type	WRRC Odor Monitoring System			PROJECT NO:		$ 46,000

		B. PROJECT FINANCING						
$ —	$ —	Sanitary Sewer Construction Fund	$ 46,000	$ —	$ —	$ —	$ —	$ —
$ —	$ —	TOTAL	$ 46,000	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
Project involves the installation of an odor monitoring system at the Water & Resource Recovery Center (WRRC). It consists of a network of electronic nose (e-nose) units around the perimeter of the WRRC for real-time monitoring of odor emissions from the treatment plant, helping to identify and address any potential odor issues before they impact surrounding communities. The e-nose units will be mounted on existing light poles and connected to the facility's Supervisory Control and Data Acquisition (SCADA) system.

Current odor monitoring methods rely heavily on measured reductions in hydrogen sulfide within the treatment systems, manual inspections, and community feedback. Because the WRRC is not the only odor producing facility in the city/county, tracking odor complaints have limited value as to how effective our odor reduction efforts are. The use of multiple odor detectors around the perimeter of the WRRC will allow for data-driven decision-making based on the odors actually originating from the site. The information from the odor monitoring system will allow for adjusting operations and addressing odor control activities more strategically, making it possible to target specific problem areas rather than applying general solutions with immeasurable results.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to any other CIP project. It is related to operational changes and chemical dosing activities to control odor at the WRRC.

OUTCOME
Liveable Neighborhoods and Housing Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS
This project can be funded by Sanitary Sewer Construction Funds.

PROJECT ADDRESS/SERVICE AREA
Project located at the WRRC, 795 Julien Dubuque Drive. Improvements will benefit the surrounding neighborhoods.

DEPARTMENT:		STATE PROGRAM:	PROJECT TITLE:			YEAR FIRST SUBMITTED: 2026		TOTAL PROJECT COST

$ —	$ —	TOTAL	$ 75,000	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This capital improvement involves purchasing two replacement vehicles used by the Water & Resource Recovery Center (WRRC), one for conducting inspections of industrial facilities as part of the industrial pretreatment program and another for conducting inspections of food establishments as part of the City's fates, oils, and grease (FOG) program.

Providing the Industrial Pretreatment Coordinator with a dedicated vehicle for traveling to industrial facilities ensures efficient and timely performance of essential inspections and compliance monitoring. The coordinator frequently visits various industrial sites to verify discharges, conduct sampling, and respond to issues—tasks that require specialized equipment that is cumbersome to transport without proper storage.

The Environmental Coordinator frequently travels to numerous food establishments to perform on-site inspections to ensure compliance with FOG regulations, thereby preventing blockages and overflows in the wastewater system. Having a dedicated vehicle enables the coordinator to carry specialized equipment and materials needed for inspections. It also allows for timely responses to potential non-compliance issues, demonstrating the City's commitment to public health, environmental protection, and effective wastewater management.

RELATIONSHIP TO OTHER PROJECTS

This CIP expense is not related to any other CIP projects.

OUTCOME

This capital improvement program expense is related to the City Council's five-year goal of a sustainable environment - preserving and enhancing natural resources.

FUNDING RESTRICTIONS

This project can be funded by Sanitary Sewer Funds.

PROJECT ADDRESS/SERVICE AREA

Equipment will be used by WRRC staff to travel to various locations throughout the city of Dubuque.

DEPARTMENT: 43 - Water & Resource Recovery Center		STATE PROGRAM: 8C - Business Type	PROJECT TITLE: Water & Resource Recovery Center Electronic Hydraulic Shop Press			YEAR FIRST SUBMITTED: 2026 PROJECT NO:		TOTAL PROJECT COST $ 13,000

		B. PROJECT FINANCING						
$ —	$ —	Sanitary Sewer Construction Fund	$ 13,000	$ —	$ —	$ —	$ —	$ —
$ —	$ —	TOTAL	$ 13,000	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This CIP provides for a 100-Ton Electric Hydraulic Shop Press. The heavy-duty, electric-powered press is designed for industrial maintenance tasks. Capable of delivering 100 tons of force, it features an adjustable work table, a hydraulic cylinder with an electric pump, and a built-in pressure gauge for precision. Its durable steel construction and safety shields ensure reliable performance and operator safety, making it ideal for pressing bearings, bushings, and other components.

The WRRC's existing press, which is over 25 years old, no longer meets current safety and operational standards. The outdated press lacks modern safety features such as shields and force gauges, increasing risks during use and limiting its functionality. A new 100-Ton Electric Hydraulic Shop Press offers significantly higher capacity and improved precision, enabling the WRRC maintenance team to perform complex repairs in-house. This upgrade will reduce reliance on external vendors, lower repair costs, and minimize equipment downtime, ensuring uninterrupted operation of critical facility systems. This investment reflects WRRC's commitment to safety, operational efficiency, and cost-effective maintenance solutions.

RELATIONSHIP TO OTHER PROJECTS
This CIP is not related to any other CIP.

OUTCOME
Financial Responsible, High-Performance City Organization: Sustainable, Equitable, and Effective Service Delivery

FUNDING RESTRICTIONS
The equipment should be purchased using sanitary sewer funds.

PROJECT ADDRESS/SERVICE AREA
Equipment will be used at the WRRC, serving the greater city of Dubuque.

PROJECT DESCRIPTION/JUSTIFICATION

This will provide for rehabilitating Taxiway Alpha over seven years and six construction phases. The preliminary design phase for the rehabilitation of Taxiway Alpha including planning, schematic design, and environmental assessment, was completed in FY22. Construction has begun on the southeast end of the Airport at the end of Runway 31 and is to include all aspects of taxiway reconstruction, including grading finishes, drainage, under drains, paving, airfield lighting, marking, and turfing. Each phase will include approximately 1,300 linear feet of Taxiway A relocation, working to the northwest at a standard parallel offset distance of 400 feet from Runway 13/31. Construction phase one of this project has been completed. Bids have been received, and the contract has been awarded for construction phase two which will be completed in calendar year 2025.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Reconstruct General Aviation Apron capital project (not funded yet).

OUTCOME

Robust Local Economy: Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%), DRA or Airport Operating Funds and FAA Funds.

PROJECT ADDRESS/SERVICE AREA

Dubuque Regional Airport - 11000 Airport Rd/Airfield

PROJECT DESCRIPTION/JUSTIFICATION
This project will provide for sitework, concrete floor installation, and construction of an equipment storage building. A facility for storage of equipment is needed for airfield mowers, small equipment, and an isolated bay location for approved snow and ice control products for winter storm management. Currently, airfield mowing equipment is not stored in a covered location.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Robust Local Economy: Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%), DRA Funding or IDOT Commercial Service Vertical Infrastructure funds.

PROJECT DESCRIPTION/JUSTIFICATION
This will provide for asphalt repairs to the aircraft hangar area. These types of projects are coordinated with the Engineering Department to determine which repairs are needed. FY27 and FY28 funds will provide for replacing the pavement in the corporate hangar and T-hangar areas identified in the most recently-completed Airport Pavement Management System. Work includes, but is not limited to, full and partial depth patching and joint/crack sealing to prolong the life of the pavement. Iowa Department of Transportation Airport Improvement Program funds will also be used for these projects. Maintaining the airfield pavement is included as a sponsor grant assurance when receiving Federal Aviation Administration funds. FY31 funds will provide for repairing the general aviation entrance road.

RELATIONSHIP TO OTHER PROJECTS
This project is related to Reconstruct General Aviation Apron project (not funded yet).

OUTCOME
Robust Local Economy: Expand the infrastructure and facilities capacity to support economic development and growth.

$ —	$ —	TOTAL	$ —	$ —	$ 100,000	$ —	$ —	$ 125,000

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for an Airport Pavement Management System (APMS) update, which is a review and analysis of all airfield pavement to document pavement condition and develop a strategy for airfield pavement maintenance. This study is required by the Federal Aviation Administration as justification for all airfield reconstruction or rehabilitation projects and facilitates capital improvement planning. Formerly, airports were required to report runway strength as a pavement condition number (PCN). The Federal Aviation Administration has updated this requirement to be in alignment with International Civil Aviation Organization guidelines and now requires airports to report runway strength as a pavement classification rating (PCR). Aircraft operators and airports use/compare these numbers to aircraft classification ratings (ACR) to determine if a pavement is suitable to operate a given aircraft on. This APMS is required every three years by the Federal Aviation Administration.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Robust Local Economy: Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%), DRA Funding or Airport Operating Funds and FAA Funds.

PROJECT DESCRIPTION/JUSTIFICATION
This project will provide for construction of approximately 1,700 feet of taxiway between the terminal building and Runway 31. This project will increase efficiency by allowing aircraft to taxi directly to Runway 31 in lieu of back-taxiing and will significantly increase safety by not requiring aircraft to cross Runway 13/31 midfield. This project will consist of grading, storm sewer drainage and underdrains, concrete paving, taxiway edge lighting and airfield signage, pavement markings, and turf grass stabilization.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Robust Local Economy: Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%), or DRA and FAA Funds.

PROJECT DESCRIPTION/JUSTIFICATION
This project will modify and expand the existing Airport terminal building hold room to provide for the upgauge and current frequency of air carrier aircraft that has taken place since the original construction. The proposed project will expand the existing hold room from 2,700 square feet to about 6,800 square feet which will provide the necessary space and passenger level of service to support simultaneous operations of two, 737-800 aircraft (189 passengers each). The hold room expansion will also include the necessary engineering, architectural, mechanical, electrical, passenger boarding bridge and furnishing improvements.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Robust Local Economy: Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%), DRA Funding, CSVI Funds or CFC Funds, and FAA funding.

PROJECT ADDRESS/SERVICE AREA
10965 Aviation Road

PROJECT DESCRIPTION/JUSTIFICATION

This project is a Federal Aviation Administration (FAA) requirement. This will provide for the mechanical removal of existing painted markings, the layout of new markings, and repainting of both runways (18/36 and 13/31) to Federal Aviation Administration standards. During the annual FAA Part 139 inspection in 2023, the inspector noted that "existing markings are beginning to flake and peel because of the thickness of the paint. Markings are also starting to exceed the layout parameters". This project will utilize the planned closures of each runway during the next construction phase of Taxiway Alpha.

RELATIONSHIP TO OTHER PROJECTS

This project relates to the Reconstruct Taxiway Alpha project (#5128000008).

OUTCOME

Robust Local Economy: Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%), DRA or Airport Operating Funds and State of Iowa Funds.

PROJECT ADDRESS/SERVICE AREA

11000 Airport Road/Airfield

PROJECT DESCRIPTION/JUSTIFICATION

This project provides funds for the milling of ten (10) centerline miles of asphalt streets and ten (10) centerline miles in the following years. This project provides for the hiring of a private milling contractor to grind a full-street-width pass to remove up to 2 inches of old asphalt from the street. The millings are then loaded onto city trucks and hauled to a local asphalt plant to be recycled into new hot mix asphalt. All milling is done by a private contractor with cleanup, hauling, and repaving of the streets completed by Public Works department crews. Keeping road pavement in good shape saves money and energy and reduces greenhouse gas emissions, more than offsetting pollution generated during road construction, according to a new study. Over the past twenty-six years, the Public Works Department has made great progress in maintaining Dubuque's asphalt pavements by completing overlay projects on 247,10 centerline miles of asphalt streets. Since January 1, 2014, the City has been required to construct or reconstruct virtually all curb ramps at all street intersections and crosswalks included in the annual asphalt overlay program forcing a reduction in centerline miles overlayed.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the ADA curb ramp replacement project 5421000002 and curb replacement project (#5421000001).

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility: Have well-designed, well maintained Complete Streets (including streets, sidewalks, and bike lanes) throughout our Dubuque community.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides funds for an annual program to install ADA curb ramps at various locations throughout the city in conjunction with the Public Works five (5) centerline mile asphalt overlay program and also in the following years. This program is managed by the Engineering Department and coordinated with the Public Works Department's asphalt overlay program. In July of 2013, the Iowa Department of Transportation (IDOT) received additional information from the Federal Department of Justice further clarifying what constitutes resurfacing. Based on these clarifications, as of January 1, 2014, any alterations to an existing street's crosswalk, including asphalt resurfacing and "mill and fill" projects, require that existing curb ramps adhere to the latest ADA standards. While many of these corners have existing ramps, only a few of Dubuque's streets and alleys have curb ramps that meet current ADA standards. This project ensures that each intersection would be retrofitted with ADA-mandated curb ramps when a street receives a maintenance overlay. With the installation and upgrade to the ADA curb ramps as part of the asphalt overlay program, we improve accessibility for those with disabilities in our community as well as pedestrians seeking to travel the streets and sidewalks safely.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Asphalt Milling Program, CIP # 5421000003.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility: Have well-designed, well maintained Complete Streets (including streets, sidewalks, and bike lanes) throughout our Dubuque community.

FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for an annual program to replace deteriorated curb and gutter and related pavement at locations throughout the city. Priority is given to streets scheduled for the Public Works Department's asphalt paving program and projects associated with improvements to sidewalks and driveways by homeowners. All work is done by private contractors. This project supplements the Public Works Department's regular curb reconstruction program. There are many streets in Dubuque that have good driving surfaces but have badly deteriorated limestone or concrete curbing. This program provides for hiring private contractors to replace curbing in poor condition on streets that are not scheduled, or anticipated to be scheduled, for reconstruction. Priority is also given to replacing poor curbing on streets where ADA curb ramps are being installed. On any given year, the Public Works Department receives numerous curb replacement requests related to the asphalt overlay program and property owner projects that are not able to be completed due to workloads.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Asphalt Milling Program and the ADA Curb Ramp Program

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility: Have well-designed, well maintained Complete Streets (including streets, sidewalks, and bike lanes) throughout our Dubuque community.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for hiring private contractors to remove and replace, or assist the Public Works Department in removing and replacing, deteriorated concrete panels in concrete streets. All work is closely coordinated with, or under the direction of, the Engineering Department and its street reconstruction program. Many concrete streets in the City are in need of full-depth concrete section replacement. Defects such as offset or spalling transverse joints create a poor riding surface. Surface and joint defects usually lead to other pavement deformation, such as pavement blow ups, settlements, cracks, and/or potholes. Timely panel replacements and section repairs extend the life of these concrete streets and usually preclude the need for asphalt overlays or total reconstruction projects.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility: Have well-designed, well maintained Complete Streets (including streets, sidewalks, and bike lanes) throughout our Dubuque community.

FUNDING RESTRICTIONS

$ —	$ 15,000	TOTAL	$ —	$ 25,000	$ 25,000	$ 25,000	$ 25,000	$ 25,000

PROJECT DESCRIPTION/JUSTIFICATION
This project provides funds to replace traffic and street name signs, along with rusted and/or twisted street and traffic signposts and poles, located along street right-of-way throughout the city. Progress has been made over the past years to replace street name signs with new signs that meet federal requirements for size and reflectivity, as required by the Federal Manual on Uniform Traffic Control Devices. However, regulatory, warning, and ground-mounted guide signs must be more reflective than many of the City's current signs are. While all compliance dates for replacing sub-standard signs have been removed from the Federal Register, the responsibility to upgrade replacement signs to the new standard has not been diminished; therefore, all new signs that are installed must meet the new standards. This project also provides for the replacement of older signposts and poles with new powder-coat-painted channel posts, square tubing galvanized posts or 2" powder- coat-painted poles. Galvanized or powder-coated signposts and poles are much more resistant to corrosion and discoloration due to abrasion, winter weather, exposure to chlorides, and UV rays. Replacing Dubuque's substandard signs, and concurrently replacing the old signposts and poles, would significantly improve public right-of-way aesthetics.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Livable Neighborhoods and Housing: Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT ADDRESS/SERVICE AREA
Citywide

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for an annual program to perform post-flood repairs and Corps-of-Engineers-required maintenance along the City's flood control protection system. This project supplements the Public Works Department's floodwall operations activity budget by providing funding that would allow for post-flood and Corps-of-Engineers-required infrastructure repairs. As the floodwall's infrastructure age and the frequency of flood events continues to increase, the almost-regular need for extraordinary repairs also has increased. This appropriation request would provide adequate funds to perform timely repairs, which in turn assures the integrity of the flood control system. Repairs may include rip-rap replacement, pump overhauls, gate repairs, floodwall, and levee repairs, dredging, debris removal, and associated storm sewer outlet remedial work.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Sustainable Environment: Preserving and Enhancing Natural Resources: Reduce potential flooding through flood plain management, mitigation and protection through a well-maintained, operational stormwater system.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Stormwater Construction Fund.

PROJECT ADDRESS/SERVICE AREA

Along the 5.8 mile Flood Control System

		TOTAL	$ —	$551,730	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This project will provide funds for the replacement of the roof at the Municipal Services Center. The facility was constructed and opened in 2005, and the expected life of a roof is 15-20 years and has experienced extensive leaking over the last 5 years. Replacing the roof will allow the building to function as designed and continue to protect millions of dollars in equipment and vehicles housed within.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital improvement projects.

OUTCOME
Financially Responsible, High-Performance City Organization: Sustainable, Equitable and Effective Service Delivery: Have residents and businesses receiving service value for their taxes and fees by providing services in a cost-effective and financially responsible manner.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (30%), Garage, Refuse and Road Use Tax funds.

PROJECT ADDRESS/SERVICE AREA
The Municipal Services Center is located at 925 Kerper Court.

DEPARTMENT: 54 - Public Works		STATE PROGRAM: 2C - Public Works	PROJECT TITLE: Fuel Island Rehabilitation			YEAR FIRST SUBMITTED: 2026 PROJECT NO:		TOTAL PROJECT COST $ 510,200

$ —	$ —	TOTAL	$ 510,200	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for the rehabilitation of the fuel island at the Municipal Services Center. The fuel stations would be used to fuel vehicles used by various City departments and parked at the Municipal Services Center. In Fiscal Year 2025, the Fuel Island went down during a historic snow storm, rendering the card reader kiosk unusable. While looking for an interim solution, the underground tanks were found to not had ongoing maintenance completed, leaving an estimated ten year life left on them.

RELATIONSHIP TO OTHER PROJECTS

OUTCOME
Financially Responsible, High-Performance City Organization: Sustainable, Equitable and Effective Service Delivery: Have residents and businesses receiving service value for their taxes and fees by providing services in a cost-effective and financially responsible manner.

FUNDING RESTRICTIONS
This project is restricted to Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for the installation of electric vehicle charging stations at the Municipal Services Center. The charging stations would be used to charge electric vehicles used by various City departments and parked at the Municipal Services Center. In Fiscal Year 2023, the design for the underground infrastructure for a total of 22 charging stations serving 41 current parking spaces at the Municipal Services Center was completed. In Fiscal Year 2029, sixteen additional charging stations would be installed to support 29 parking spaces as the need for charging stations increases.

RELATIONSHIP TO OTHER PROJECTS
The project is not related to other capital projects.

OUTCOME
Sustainable Environment: Create a network of electric charging stations through public-private partnerships

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (30%).

PROJECT ADDRESS/SERVICE AREA

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for the replacement of the Public Works Department's paving machine. This machine is over 20 years old and has broken down multiple times over the last four (4) years. The paver is utilized by staff to complete the annual overlay program. Hot mix asphalt is put into the machine and is then laid flat by the screen attached on the back end. Once that has been laid, a roller comes behind to compact the hot mix into a smooth top lift of road.

RELATIONSHIP TO OTHER PROJECTS
This project is related to the Asphalt Milling Program (#5421000003)

OUTCOME
Financially Responsible, High-Performance City Organization: Sustainable, Equitable and Effective Service Delivery: Have residents and businesses receiving service value for their taxes and fees by providing services in a cost-effective and financially responsible manner.

FUNDING RESTRICTIONS
This project may only be funded by General, Sales Tax Fund (30%) and Road Use Tax Funding.

$ —	$ —	TOTAL	$ —	$ —	$ 275,520	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This project would provide for the replacement of unit # 3209, a 2009 John Deere 624K wheel loader. The replacement wheel loader will be equipped with a front-mount snow plow with plow gate attachment. During the warm weather months, wheel loaders are used to lift and load stone, asphalt, and demolition materials on various street and sewer maintenance repair projects. During the winter months, wheel loaders are used to not only plow streets and cul-de-sacs during major winter snow storms, but also subsequently remove snow accumulations from downtown streets and residential cul-de-sacs.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Financially Responsible, High-Performance City Organization: Sustainable, Equitable and Effective Service Delivery: Have residents and businesses receiving service value for their taxes and fees by providing services in a cost-effective and financially responsible manner.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

$ —	$ —	TOTAL	$ —	$ 327,540	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This project would provide funds for the replacement of one aerial bucket truck equipped with an electrical-hydraulic boom system. The unit being replaced is unit #3230, a 2019 Ford F 550 4x4 with an aerial bucket unit, after 8 years of service. This truck is used by our traffic signal technicians to perform necessary maintenance and repairs to all city-owned traffic control equipment, streetlights, security camera equipment, and related electrical systems. It is estimated that this truck will be driven over 100,000 miles before its tentative trade-in date. It is important that this unit is replaced on a timely basis to ensure that it retains fair trade-in value and is always ready to perform timely repairs to Dubuque's growing number of signalized intersections, expanding security camera system, and numerous city-owned street lights.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital improvement projects

OUTCOME
Financially Responsible, High Performance City Organization: Provide City services responsive to the community

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Funds (30%) or Road Use Tax Funds

PROJECT ADDRESS/SERVICE AREA
This unit is used citywide

$ —	$ —	TOTAL	$ —	$ 559,811	$ 573,806	$ 588,151	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This project provides funds for the replacement of six (6) of the Public Works Department's seven 58,000 gross vehicle weight (GVW) street maintenance/snow and ice control dump trucks. The new trucks will be purchased with 58,000 GVW chassis and equipped with combination dump/spreader boxes, front plow mounts and wing snowplow blades, along with other related snow and ice control equipment. The vehicle # and corresponding replacement years is as follows:

FY2026 :: NEW Tandem & 4004
FY2027 :: 3223 & 4003
FY2028 :: 3207 & 3233
FY2029 :: 3222

These units are used year-round for both street maintenance projects and snow and ice control. In the winter months, these trucks are used to apply deicer material and plow snow accumulations during, and immediately after, winter storms. The trucks are also used to haul snow during cleanup operations after winter storms. During the warm weather months, these units are used to haul asphalt for our street paving program, and stone, rock, curb, and concrete for other street maintenance projects. After eight years of continuous use, the trucks will be due for replacement.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Financially Responsible, High-Performance City Organization: Sustainable, Equitable and Effective Service Delivery: Have residents and businesses receiving service value for their taxes and fees by providing services in a cost-effective and financially responsible manner.

FUNDING RESTRICTIONS

This project can only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

$ —	$ 200,000	TOTAL	$ —	$ —	$ 231,124	$ 242,680	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This project provides funds for the replacement of seven (7) of the nine (9) Public Works Department's 35,000 - 44,000 gross vehicle weight (GVW) street maintenance and snow/ice control dump trucks. These trucks are equipped in various configurations to provide operators with the tools to meet the goals of Dubuque's snow and ice control program. All trucks are recommended for replacement based on an eight (8) year replacement schedule:

FY2026 :: 3206, 3236, & 3241
FY2027 :: 3201, 3203, & 3204
FY2028 :: 3201
FY2029 :: 3212

All units will be replaced with 44,000 GVW and will be equipped with a combination dump/spreader box and front-mounted snowplow. Some will also be equipped with a wing blade plow. All of these trucks are used year-round, with warm weather work dedicated to street paving and repair.They are used in the winter of plowing and deicing operations.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Financially Responsible, High-Performance City Organization: Sustainable, Equitable and Effective Service Delivery: Have residents and businesses receiving service value for their taxes and fees by providing services in a cost-effective and financially responsible manner.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides funds for the replacement of sewer maintenance unit # 2703. This unit is a 2014 Freightliner. It is used daily to clean sewer pipe manholes for the City's gravity-flow sanitary sewer collection system and the City's stormwater collection systems. The self-contained, high-pressure water jet and vacuum units use various types of cleaner heads to remove debris and roots form Dubuque’s sanitary sewer system to prevent basement backups and above-ground overflows. This unit is also used to clean storm sewer pipes, intakes and litter control baskets along the Bee Branch waterway. Replacing this unit in 2030 will provide the Public Works Department with a reliable unit for maintaining Dubuque's sanitary sewer system, as required by the United States Environmental Protection Agency (EPA) and the federal Clean Water Act.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital improvement projects

OUTCOME

Livable Neighborhoods and Housing: Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS

This project may only be funded by Sanitary or Storm Sewer Construction Fund

PROJECT ADDRESS/SERVICE AREA

This unit is used citywide

DEPARTMENT: 54 - Public Works		STATE PROGRAM: 8C - Business Type	PROJECT TITLE: Municipal Services Center Roof Replacement			YEAR FIRST SUBMITTED: 2023 PROJECT NO:		TOTAL PROJECT COST $ 551,730

		TOTAL	$ —	$ 301,890	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This project will provide funds for the replacement of the roof at the Municipal Services Center. The facility was constructed and opened in 2005, and the expected life of a roof is 15-20 years and has experienced extensive leaking over the last 5 years. Replacing the roof will allow the building to function as designed and continue to protect millions of dollars in equipment and vehicles housed within.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital improvement projects.

OUTCOME

Financially Responsible, High-Performance City Organization: Sustainable, Equitable and Effective Service Delivery: Have residents and businesses receiving service value for their taxes and fees by providing services in a cost-effective and financially responsible manner.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%), Garage, Refuse and Road Use Tax funds.

PROJECT ADDRESS/SERVICE AREA

The Municipal Services Center is located at 925 Kerper Court.

PROJECT DESCRIPTION/JUSTIFICATION
This project provides funds to hire a private contractor to chemically treat up to 12,000 lineal feet of sanitary sewer lines throughout the city each year. Tree roots in sanitary sewer lines are one of the major causes of sanitary sewer clogs, backups into homes, and overflows onto streets and private properties. Tree roots are extremely invasive when seeking moisture and typically invade sanitary sewer pipes through cracks and open joints. They then grow into thick natural curtains, collecting solids and greases and eventually causing major clogs, backups, and overflows. In-pipe chemical treatment of roots kills the invasive roots and mitigates future root growth for up to five years. This annual program reduces the number of sanitary sewer overflows and the number of private homes damaged due to sewer backups each year. This program is also noted in the City's Capacity, Management, Operations, and Maintenance (CMOM) Program, which was approved by the United States Environmental Protection Agency in 2012.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Connected Community: Equitable Transportation, Technology Infrastructure and Mobility: Have well-designed, well maintained Complete Streets (including streets, sidewalks, and bike lanes) throughout our Dubuque community.

FUNDING RESTRICTIONS
This project may only be funded by the Sanitary Sewer Construction Fund.

$ —	$ 1,113,843	TOTAL	$ 220,000	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This annual project provides for the replacement of one (1) solid waste collection vehicles in FY2026 (# 3401).

The different styles of trucks will be used to collect customers' garbage, bulky items, recyclables, and yard waste and/or food scraps manually and/or by using a hydraulic lifting system for tipper carts. The city will continue to phase in automated sideloaders. Phasing in automated collection trucks will help improve collection efficiency, improve workers' safety, and increase neighborhood aesthetics through reduced litter associated with the use of garbage bags. These trucks will be eight to ten years old by their proposed replacement years.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Financially Responsible, High-Performance City Organization: Sustainable, Equitable and Effective Service Delivery: Have residents and businesses receiving service value for their taxes and fees by providing services in a cost-effective and financially responsible manner.

$ —	$ —	TOTAL	$ 250,000	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This project provides funds for a sewer line extension to decouple the landfill building sanitary from the leachate sanitary to prevent methane gas backflow.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital improvement projects.

OUTCOME
Sustainable Environment

FUNDING RESTRICTIONS
This project can only be funded by DMASWA Funds

PROJECT ADDRESS/SERVICE AREA
101 Airborne Road/ DMASWA Landfill Facility

PROJECT DESCRIPTION/JUSTIFICATION
This project provides supplemental funds for the Landfill Waste Minimization Grants Project due to funds being reduced by the Board to $75,000 per year until FY2026 in order to support the UD Campus Sustainability Position ($25,000). The DMASWA offers funding of up to $25,000 to successful applicants whose efforts result in effective waste minimization and/or related education in Dubuque County. Waste minimization efforts for the purposes of this grant include, but are not limited to: composting, hazardous materials disposal and alternatives, recycling, reuse methods, source reduction.

RELATIONSHIP TO OTHER PROJECTS
This is not related to other projects.

OUTCOME
Sustainable Environment: Reduce the community's carbon footprint (50% by 2030).

FUNDING RESTRICTIONS
This project can only be funded by DMASWA Funds

$ —	$ —	TOTAL	$ 85,000	$ 85,000	$ 85,000	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This improvement package is to replace portable litter fencing which has reached the end of its service life and provide additional portable units to be used near the open face area at the landfill. Containing litter within the working area is the most effective way to manage litter caused by lightweight plastic materials, such as bags and films, which often come in loose loads to the facility.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Financially Responsible, High Performance City Organization: Maintain and enhance City infrastructure and facilities

FUNDING RESTRICTIONS
This project can only be funded using DMASWA funds.

$ —	$ 70,000	TOTAL	$ —	$ —	$ —	$ —	$ 95,082	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This project provides funds to replace the Landfill's Tarpomatic, unit #3458. The Tarpomatic machine is used to unspool alternative daily cover tarps, which are used to cover the daily waste delivered to the facility to reduce the use of soil in the landfill cell and increase waste capacity. This equipment is on a 15 year replacement schedule.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Financially Responsible, High Performance City Organization: Maintain and enhance City infrastructure and facilities

FUNDING RESTRICTIONS
This project can only be funded using DMASWA Funds.

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for the unanticipated replacement of stormwater management facilities within the City's storm sewer system. While efforts are taken to identify and prioritize and proactively replace storm sewer facilities (intakes, manholes, storm sewer pipes, culverts, ditches, detention basins, etc.), this funding allows for addressing facilities found to have deteriorated to the extent that they are more likely to fail if not replaced in the short term.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce potential flooding through flood plain management, mitigation and protection through a well-maintained, operational stormwater system.

FUNDING RESTRICTIONS
This project may only be funded by Stormwater Construction Fund.

PROJECT ADDRESS/SERVICE AREA
This project funds improvements at various locations throughout the city.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding for the reconstruction of catch basins due to their condition and effectiveness. It also provides for the systematic replacement of the approximately 800 older model curb opening style catch basins throughout the city which were the standard prior to 1990. The current standard catch basin is much more efficient at collecting stormwater than the old style catch basins. Old catch basins do not collect the desired amount of street drainage causing unnecessary street flooding. Some old style catch basins have larger openings which can pose a safety risk to pedestrians. Finally, this project provides funding to replace catch basins as needed as part of the City's annual asphalt overlay program.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce potential flooding through flood plain management, mitigation and protection through a well-maintained, operational stormwater system.

FUNDING RESTRICTIONS

This project may only be funded by Stormwater Construction Funds.

PROJECT ADDRESS/SERVICE AREA

The improvements occur at various locations to be determined.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the installation of drain tile to collect sump pump discharge and direct it to a storm sewer. A significant number of homes in Dubuque utilize sump pumps to prevent groundwater from damaging basements. In many instances, sump pump discharge is directed through the curb into the street. While streets serve as part of the public stormwater drainage system, constant flow of tile discharge can damage streets and, in some instances, result in hazardous, slick street surfaces. This funding provides for addressing trouble spots where icing or algae impact intersections or where icing becomes extreme and its removal is beyond the capability of the average homeowner. When possible, the work is done in conjunction with street resurfacing projects and other Public Works efforts. Since 2007, over thirty of the more severe problem areas have been addressed. The cost per site has varied from $3,500 to $45,000. Some sites are more costly because they require the installation of additional storm sewer and catch basins; these are usually funded through unique CIP projects. With approximately $100,000 budgeted per year, the remaining identified and verified problem areas will be addressed by the end of FY2029. Two higher priority areas (Trygg and Westmore) are to be addresses as unique capital improvement program projects.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects but can be coordinated with the Public Works Asphalt Overlay Program.

OUTCOME

Livable Neighborhoods and Housing: Great Place to Live - Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS

This project may only be funded by Stormwater Construction Funds.

PROJECT ADDRESS/SERVICE AREA

Project involves improvements at multiple locations.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the elimination of the City's brick sanitary sewer manholes and replacement/rehabilitation of sewers as needed to eliminate stormwater from entering into the wastewater collection system. Brick manholes are highly susceptible to allowing stormwater into the sanitary sewer system which can overwhelm the system and cause the stormwater/wastewater mixture to overflow into basements, streets, creeks, streams, and rivers. The City's NPDES stormwater permit requires the City to eliminate this discharge in order to protect the biological integrity of the receiving waters. Replacing porous brick manholes with water-tight manholes reduces the flow of stormwater into the sanitary sewer system and supports the city's efforts to comply with the requirements identified in the USEPA/IDNR/City of Dubuque Consent Decree.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Sanitary Sewer Manhole Replacement project (CIP# 5581500020).

OUTCOME

Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce potential flooding through flood plain management, mitigation and protection through a well-maintained, operational stormwater system.

FUNDING RESTRICTIONS

This project may only be funded by Stormwater Construction Fund and the Sanitary Sewer Construction Fund.

PROJECT ADDRESS/SERVICE AREA

Project involves improvements in various sanitary sewersheds throughout the city.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for various storm sewer improvements such as adding storm sewer and catch basins. It also provides for City participation in the extension of public drainage facilities on private property. The extent of City participation will be limited to the City supplying construction materials on private projects. These monies are used on a case-by-case basis, based on benefit to the City. Priorities are based upon the number and scope of citizen requests and the severity of the problem or issues to be addressed.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce potential flooding through flood plain management, mitigation and protection through a well-maintained, operational stormwater system.

FUNDING RESTRICTIONS

This project may only be funded by Stormwater Construction Fund.

PROJECT ADDRESS/SERVICE AREA

The location of the various improvements is yet to be determined.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the proactive repair and replacement of storm sewer outfalls that have fallen into disrepair. There are over fifty locations throughout the city where storm sewers outlet into a drainage ditch. Some of these are in remote locations which are difficult to access making even routine maintenance of end-of-pipe erosion protection challenging. When end-of-pipe erosion controls fail, it compromises the integrity of the storm sewer requiring repairs. Repairing a single outfall can cost between $30,000 and $40,000. This funding allows for repairing two or three outfalls per year, prioritizing and repairing outfalls with the highest need. The City's NPDES Municipal Separate Storm Sewer System (MS4) federal Clean Water Act permit requires proper maintenance of the drainage system with the ultimate goal of restoring and maintaining the integrity of U.S. waters such as Catfish Creek and the Mississippi.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce potential flooding through flood plain management, mitigation and protection through a well-maintained, operational stormwater system.

FUNDING RESTRICTIONS

This project may only be funded by Stormwater Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION

This project is to provide a share of funding from the stormwater sewer utility in support of the City's efforts to meeting the City Council goal of implementing an enterprise asset management system through use of a computerized maintenance management system (CMMS). Enterprise asset management combines software, systems and services, and system support to maintain and optimize the functionality of operational assets across the lifecycle of an asset. Municipal enterprise infrastructure assets refer to the physical and digital assets owned and managed by local governments for which they are accountable.

A CMMS is utilized to generate work orders and preventative maintenance schedules, track equipment usage and maintenance history, generate alerts for needed action, track spare parts, maintain asset condition assessment data, and much more.The City currently utilizes several separate CMM software for different functions or assets, and a broader scope or single vendor solution for a consistent CMMS tracking each utility's enterprise assets is desired.

RELATIONSHIP TO OTHER PROJECTS

This project is related to Enterprise Asset Management System Software - Sanitary, Enterprise Asset Management System Software - Water, and Enterprise Asset Management System Software - Roadway. and Enterprise Asset Management System Software - Fiber

OUTCOME

Financially Responsible, High-Performance City Organization: Sustainable, Equitable and Effective Service Delivery - Keep pace and leverage information technology and artificial intelligence to enhance City service delivery, City processes and project planning and to enhance cybersecurity - "Zero Trust Security Policy".

FUNDING RESTRICTIONS

This project may only be funded by Stormwater Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION

This project is in support of the City's efforts to meeting the City Council goal to reduce potential flooding through floodplain management, mitigation, and protection through a well-maintained and operational stormwater system. In 2001, the City hired a consultant to generate a citywide stormwater hydraulic model and to identify/delineate the major drainage basins within the City. This Drainage Basin Master Plan was utilized and updated in 2013 to include the multiple phases of the Bee Branch Watershed Flood Mitigation Project. This project is intended to expand upon these previous efforts by the City to more effectively evaluate and implement stormwater improvements to meet the City's goals to provide floodplain management, mitigation and protection throughout the City.

Management of the City's Municipal Separate Storm Sewer System (MS4) Program requires an understanding of how the infrastructure is performing and how potential, rapid expansion related to growth might impact the system. To maximize the return on investment as to how all stormwater sewer utility dollars are spent in combination with constrained capital and operating budgets, a stormwater management program that identifies and helps prioritize necessary improvements in the short-, mid-, and long-term helps to ensure the system continues to meet the needs of the community and to provide planning level budgets for all recommendations.

The project will assist City staff in establishing a strategic and proactive plan for the management of the sanitary sewer system that shall:

- Develop repeatable and dynamic processes that enable staff to quickly evaluate asset data to assess condition, level of service, and criticality.
- Rank stormwater capital improvement projects based on risk analysis and system performance.
- Identify stormwater utility staffing and resource needs.
- Optimize existing operations and maintenance procedures.
- Evaluate system capacity and improvement requirements to facilitate future city growth areas identified in the Annexation Study.

RELATIONSHIP TO OTHER PROJECTS

This project is related to Enterprise Asset Management System Software - Stormwater

PROJECT DESCRIPTION/JUSTIFICATION

This project funds the construction of a new stormwater pumping station on Kerper Boulevard so that the City can decommission the existing pump station system installed as part of the John C. Culver Floodwall/Levee system that prevents the Mississippi from flooding the Bee Branch Watershed. The new facility will include a new flood gate, four new 90,000 gallon per minute pumps (roughly double the capacity of the existing facility), new electrical service, and the installation of an back-up generators. The improvements will provide a system that can accommodate the flooding that has been occurring since 1999, flooding that has resulted in six presidential disaster declarations due to public and private property damage, impacting more than 1,300 homes and businesses. It also provides for additional resiliency options as rainstorms increase in both depth and intensity. This project is Phase 5 of the Bee Branch Watershed Flood Mitigation Project.

RELATIONSHIP TO OTHER PROJECTS

This project is one phase of the Bee Branch Watershed Flood Mitigation Project whose phases are as follows: Phase 1 - Carter Road Detention Basin; Phase 2 - W.32nd Street Detention Basin; Phase 3 - Historic Millwork District; Phase 4 - Lower Bee Branch Creek Restoration; Phase 5 - Bee Branch Flood Mitigation Gate Replacement Project; Phase 6 - Impervious Surface Reduction (Previous Pavement Systems); Phase 7 - Upper Bee Branch Creek Restoration; Phase 8 - 22nd St/ Kaufmann Ave Storm Sewer Improvements; Phase 9 - Flood Maintenance Facility; Phase 10 - North End Storm Sewer Improvements; Phase 11 - Water Plant Flood Protection System; Phase 12 - 17th St/W. Locust Street Storm Sewer Improvements.

OUTCOME

Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce potential flooding through flood plain management, mitigation and protection through a well-maintained, operational stormwater system.

PROJECT DESCRIPTION/JUSTIFICATION

This project involves the construction of a maintenance facility near 16th and Elm Streets near the Bee Branch Creek on the former Blum Metal Recycling facility. The Flood Mitigation Maintenance Facility will provide the work space and equipment storage areas necessary to provide adequate maintenance of the Bee Branch Creek and the 16th Street Detention Basin (Bee Branch Pond) to ensure that the facilities are able to function at an optimum level when a flash flood occurs. In addition to providing work space for City employees assigned to maintaining the Bee Branch Creek Greenway, it will provide space for the boat used to access all areas of the creek. It will provide public restrooms which will double as a storm shelter for people within the greenway in the event that severe weather approaches. Parking will also be provided as part of the project. The use of the existing buildings is still under consideration and if the property will be shared with an outside organization. EPA funded cleanup activities were concluded in FY23. Depending on the ultimate use of the property and how it is redeveloped, additional environmental work may be necessary. Design of the facility will begin in FY25 with construction anticipated in FY28 based on available State Flood Mitigation Program funding. This project is Phase 9 of the Bee Branch Watershed Flood Mitigation Project.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce potential flooding through flood plain management, mitigation and protection through a well-maintained, operational stormwater system.

FUNDING RESTRICTIONS

This project may only be funded by Stormwater Construction Fund and the State Flood Mitigation Funds.

PROJECT ADDRESS/SERVICE AREA

This project will serve the maintenance needs of the Bee Branch Creek from Kerper Boulevard to 24th Street.

DEPARTMENT:	STATE PROGRAM:	PROJECT TITLE:	YEAR FIRST SUBMITTED: FY2017	TOTAL PROJECT COST
55 - Engineering / Stormwater	8C - Business Type	North End Storm Sewer Improvements (Phase 10 of Bee Branch Watershed Flood Mitigation Project)	PROJECT NO:	$ 1,120,000

$ —	$ —	TOTAL	$ —	$ —	$ 180,000	$ 470,000	$ 470,000	$ 470,000

PROJECT DESCRIPTION/JUSTIFICATION

This provides for the upgrading of the storm sewers on 25th, 26th, 27th, 28th, 29th, and 30th Streets between White and Elm Streets. Storm sewers will be upsized to handle stormwater runoff from heavy rains. While each street will be considered individually, the storm sewer capacity will be expanded to ten times the current capacity. Typically, storm sewers are designed to handle rain in small quantities. But with the completion of the Bee Branch Creek Restoration Project, upgrading the local storm sewers will significantly decrease localized street flooding that can also lead to basement flooding. To limit the sewer upgrade costs, upgrading the various local street drainage systems will be done when possible in concert with the Street Program and the Public Works Department's annual asphalt overlay program. The funding in FY28 will provide for the design of the improvements.

RELATIONSHIP TO OTHER PROJECTS

This project is one phase of the Bee Branch Watershed Flood Mitigation Project whose phases are as follows: Phase 1 - Carter Road Detention Basin; Phase 2 - W.32nd Street Detention Basin; Phase 3 - Historic Millwork District; Phase 4 - Lower Bee Branch Creek Restoration; Phase 5 - Bee Branch Flood Mitigation Gate Replacement Project; Phase 6 - Impervious Surface Reduction (Pervious Pavement Systems); Phase 7 - Upper Bee Branch Creek Restoration; Phase 8 - 22nd St/ Kaufmann Ave Storm Sewer Improvements; Phase 9 - Flood Maintenance Facility; Phase 10 - North End Storm Sewer Improvements; Phase 11 - Water Plant Flood Protection System; Phase 12 - 17th St/W. Locust Street Storm Sewer Improvements.

OUTCOME

Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce potential flooding through flood plain management, mitigation and protection through a well-maintained, operational stormwater system.

FUNDING RESTRICTIONS

This project may only be funded by Stormwater Construction Fund or State Flood Mitigation funds.

PROJECT ADDRESS/SERVICE AREA

25th, 26th, 27th, 28th, 29th, and 30th Streets between White and Elm Streets.

DEPARTMENT:		STATE PROGRAM:	PROJECT TITLE:			YEAR FIRST SUBMITTED:	FY 2017	TOTAL PROJECT COST
55 - Engineering / Stormwater		8C - Business Type	Windsor Storm Extension (Buena Vista to Strauss)			PROJECT NO:	720-2414	$ 136,000

$ —	$ —	TOTAL	$ —	$ 136,000	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
The project provides for the construction of 265 feet of 15-inch diameter storm sewer on Windsor Avenue from Buena Vista to Strauss. This project was budgeted previously but was delayed as a result of prioritizing other pressing stormwater management needs. The additional storm sewer will reduce the threat of stormwater entering onto private property and causing property damage just south of Buena Vista.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce potential flooding through flood plain management, mitigation and protection through a well-maintained, operational stormwater system.

FUNDING RESTRICTIONS
This project may only be funded by Stormwater Construction Fund.

PROJECT ADDRESS/SERVICE AREA
Improvements to be constructed along Windsor Avenue from 2757 Windsor to Strauss Street.

DEPARTMENT:		STATE PROGRAM:	PROJECT TITLE:			YEAR FIRST SUBMITTED:	FY2018	TOTAL PROJECT COST
55 - Engineering / Stormwater		8C - Business Type	NW Arterial Detention Basin Improvements			PROJECT NO:	720-1086	$ 252,000

$ —	$ —	TOTAL	$ —	$ —	$ 252,000	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the installation of an energy dissipation, let-down structure where stormwater flows into the NW Arterial Detention Basin from the west. Currently, stormwater from the west flows down into the detention basin over a rip-rap (rock) flume. On multiple occasions over the past few years, the stormwater flows have washed away the rip-rap and caused erosion and damage to the detention basin with maintenance and repair costs becoming increasingly excessive. Construction of the energy dissipation, let-down structure will eliminate the recurring erosion and maintenance issues. The project was previously budgeted. However, the cost of the recommended improvements exceeded the established budget.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce potential flooding through flood plain management, mitigation and protection through a well-maintained, operational stormwater system.

FUNDING RESTRICTIONS

This project may only be funded by Stormwater Construction Fund.

PROJECT ADDRESS/SERVICE AREA

Improvements to be constructed in the vicinity of Teddy Bear Park.

DEPARTMENT:		STATE PROGRAM:	PROJECT TITLE:			YEAR FIRST SUBMITTED: FY2024		TOTAL PROJECT COST

$ —	$ —	TOTAL	$ 153,000	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for the extension of 380 feet of storm sewer along Embassy West Drive to address a drainage issue on Ambassador Court. The current drainage system for Ambassador Court is tasked with accommodating drainage from parts of Pennsylvania and and Embassy West Drive. Due to capacity issues, stormwater overwhelms the existing storm sewer such that stormwater will flow out of the system and flood Ambassador Court from curb to curb and flooding adjacent homes. It would be most cost-effective to construct the improvements along with the Public Works Department's asphalt overlay program.

RELATIONSHIP TO OTHER PROJECTS
This work should be done in conjunction with the City's annual asphalt overlay program.

OUTCOME
Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce potential flooding through flood plain management, mitigation and protection through a well-maintained, operational stormwater system.

FUNDING RESTRICTIONS
This project may only be funded by Stormwater Construction Fund.

PROJECT ADDRESS/SERVICE AREA
Ambassador Court

DEPARTMENT: 55 - Engineering / Stormwater		STATE PROGRAM: 8C - Business Type	PROJECT TITLE: Trygg Storm Sewer Extension Project			YEAR FIRST SUBMITTED: FY 2025 PROJECT NO:		TOTAL PROJECT COST $ 312,500

$ —	$ —	TOTAL	$ —	$ —	$ 312,500	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
The purpose of this project is to extend storm sewer and drain tile from Kaufmann Avenue, south along Trygg Drive, to Theda Drive to address a constant icing problem on Theda and icing and algae buildup on Trygg Drive. Private drain tile and sump pump discharge is directed through the curb into both Theda Drive and Trygg Drive. With curb and gutter sections, the streets serve as part of the public stormwater drainage system. However, the constant flow of tile and sump pump discharge can damage streets and result in hazardous, slick street surfaces. This funding provides for addressing the conditions on both Trygg and Theda where icing becomes extreme and removal requires significant efforts by Public Works crews in the winter. It would be best to coordinate the construction to coincide with the Public Works Annual Asphalt Overlay Program.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Livable Neighborhoods and Housing: Great Place to Live - Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS
This project may be funded by the Stormwater Construction Fund or the funds available to reconstruct the street such as the Sales Tax Fund (30%) and the Road Use Tax Fund.

PROJECT ADDRESS/SERVICE AREA
Trygg Drive from Kaufmann Avenue to Theda Drive.

DEPARTMENT: 55 - Engineering / Stormwater		STATE PROGRAM: 8C - Business Type	PROJECT TITLE: Carter Road and Westmore Storm Sewer Extension			YEAR FIRST SUBMITTED: FY 2025 PROJECT NO:		TOTAL PROJECT COST $ 159,000

$ —	$ —	TOTAL	$ 84,000	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for the reconstruction of the storm sewer within the Loras Boulevard and Locust Street. The work is to be coordinated with street reconstruction, water main reconstruction, and curb ramp reconstruction. The condition of the pavement and storm sewer has deteriorated. A storm sewer structure failed within the last year requiring an emergency repair. This project will provide for the complete replacement of the aging storm sewer and is to be done in conjunction with other utilities and street replacement. There will be cost savings if the utility and street work is performed as one project.

RELATIONSHIP TO OTHER PROJECTS
This project is related to street, curb ramp, and water main improvements and should be budget as one project.

OUTCOME
Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce potential flooding through flood plain management, mitigation and protection through a well-maintained, operational stormwater system.

FUNDING RESTRICTIONS
This project may be funded by the Stormwater Construction Fund or the funds available to reconstruct the street such as the Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT ADDRESS/SERVICE AREA
14th Street and Bluff Street intersection.

PROJECT DESCRIPTION/JUSTIFICATION
The project provides for the replacement/rehab of a large diameter corrugated metal culvert under Pennsylvania west of Radford Road near 6505 Pennsylvania Avenue. The culvert is in poor condition and requires repeated maintenance.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce potential flooding through flood plain management, mitigation and protection through a well-maintained, operational stormwater system.

FUNDING RESTRICTIONS
This project may only be funded by Stormwater Construction Funds.

PROJECT ADDRESS/SERVICE AREA
Improvements to be constructed near 6505 Pennsylvania Ave.

DEPARTMENT:		STATE PROGRAM:	PROJECT TITLE:			YEAR FIRST SUBMITTED: 2026		TOTAL PROJECT COST

PROJECT DESCRIPTION/JUSTIFICATION
The City has identified poor drainage conditions that has caused icing and other potential hazards at the intersection of Levi Street and Sullivan Street. This project is for the extension of storm sewer infrastructure from the intersection of English Lane and Sullivant Street, approximately 500 linear feet to the intersection with Levi Street. Additional intakes will be provided in the intersection to allow for adequate drainage conditions within the intersection.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Livable Neighborhoods and Housing: Great Place to Live - Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS
This project may only be funded by Stormwater Construction Funds.

PROJECT ADDRESS/SERVICE AREA
Intersection of Levi Street and Sullivan Street.

DEPARTMENT:		STATE PROGRAM:	PROJECT TITLE:			YEAR FIRST SUBMITTED: 2026		TOTAL PROJECT COST

$ —	$ —	TOTAL	$ 160,000	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

The City has identified a failing stormwater sewer outfall that has caused significant erosion along City property located behind residences along Thornwood Court, Thornwood Drive, and Tanglewood Court. The increased erosion along the outfall has created potential hazard that requires outfall reconstruction and stabilization. This project will include the extension of storm sewer, additional stormwater intakes, and the construction of an outfall stabilization structure that would restore the eroded areas.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce potential flooding through flood plain management, mitigation and protection through a well-maintained, operational stormwater system.

FUNDING RESTRICTIONS

This project may only be funded by Stormwater Construction Funds.

PROJECT ADDRESS/SERVICE AREA

City owned property located between Thornwood Court, Thornwood Drive, and Tanglewood Court.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for emergency replacement of the City's sanitary sewer system when significant and potentially hazardous defects are discovered. The City has initiated efforts to inspect and characterize the condition of the 300+ mile sanitary sewer system in order to prioritize and address high risk sections (see Sanitary Sewer CCTV Inspection, Cleaning, & Assessment CIP). However, until that process is completed, funding is necessary to replace higher risk sewers discovered during the course of the year. Budget has been increased to reflect the rising cost of sewer improvements each year.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Sanitary Sewer CCTV Inspection, Cleaning, & Assessment (CIP 5581500013) and the Sanitary Sewer Asset Management Program (CIP 5581500026).

OUTCOME

Livable Neighborhoods and Housing: Great Place to Live - Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS

This project may only be funded by Sanitary Sewer Construction Funds.

PROJECT ADDRESS/SERVICE AREA

This project provides for improvements on a case-by-case basis with locations to be determined.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for lining and associated grouting of sanitary sewers at various locations throughout the city. Lining a sewer pipe results in a new sewer pipe (inside the old) with a useful life of 50 years or more. Lining a pipe can be far more cost effective as it does not require excavation and associated surface restoration. Pipe lining improves flow characteristics, reduces I&I, and eliminates maintenance issues such as roots and debris buildup. The City's Capacity, Management, Operation, and Maintenance (CMOM) program approved by the U. S. Environmental Protection Agency, indicates that the City will budget for lining sanitary sewers and associated manholes.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Sanitary Sewer Asset Management Program (CIP #5581500026) and the Sanitary Sewer CCTV Inspection, Cleaning, & Assessment project (CIP #5581500013), which will identify and prioritize the sewers for lining.

OUTCOME

Livable Neighborhoods and Housing: Great Place to Live - Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS

This project may only be funded by Sanitary Sewer Construction Funds or SRF Funds.

PROJECT ADDRESS/SERVICE AREA

Project locations to be determined.

PROJECT DESCRIPTION/JUSTIFICATION

As of Fiscal Year 2019, the City had Closed Circuit Television (CCTV) records and condition assessments of 50% of the gravity sewer system. This project provides for the systematic CCTV inspection, cleaning, and condition assessment of the remaining 50% within a 10-year period (FY20-FY29). Inspecting each sewer pipe will provide the condition of each pipe so that the City can schedule and undertake proactive measures to improve performance levels of the system - identify degeneration that might lead to blockages, collapses, and/or sanitary sewer overflows. While the Public Works Department does inspect several miles of sewer each year, their efforts are rightly concentrated on sewers with known maintenance issues. As a result, there are sections of the City system that have not been televised within the past fifteen years and their condition remains unknown. Although not directly related to other capital projects, it will inform the prioritization of sewer replacement and sewer lining efforts.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Sanitary Sewer Asset Management Program (CIP #5581500023).

OUTCOME

Livable Neighborhoods and Housing: Great Place to Live - Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS

This project may only be funded by Sanitary Sewer Construction Funds and SRF Funding.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the replacement/rehabilitation of aging and deteriorated sanitary sewer manholes. The City sanitary sewer system includes more than 7,500 manholes. With a typical design life of 60 years, over 2,000 have outlived their expected service life. There are 600 that are over 100 years old. Every year, in the course of their daily maintenance activities inspecting manholes and sewer mains, the Public Works Department identifies manholes in need of replacement, either due to structural/safety issues or due to excessive levels of I&I. While some manholes are replaced along with sanitary sewer pipes, this project provides for the timely rehab/replacement of individual sanitary sewer manholes. It also provides for the replacement of manholes in conjunction with the street overlay program undertaken annually by the Public Works Department. Structural defects can lead to collapse. Excessive inflow or infiltration (I&I) of groundwater or surface water into the sanitary sewer can lead to sanitary sewer overflows and basement backups. This project is related to Stormwater Infiltration & Inflow Elimination Program that is for the replacement/rehab of brick sanitary sewer manholes that are prone to I&I.

RELATIONSHIP TO OTHER PROJECTS

This capital project is related to the Stormwater Infiltration & Inflow Elimination Program (CIP #5586500006). This also provides for the replacement of manholes in conjunction with the Public Works Department asphalt overlay program (CIP # 5421000003).

OUTCOME

Livable Neighborhoods and Housing: Great Place to Live - Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS

This project may only be funded by Sanitary Sewer Construction Funds.

PROJECT ADDRESS/SERVICE AREA

This project provides for improvements on a case-by-case basis with locations to be determined.

PROJECT DESCRIPTION/JUSTIFICATION
This project is to provide a share of funding from the sanitary sewer utility in support of the City's efforts to meeting the City Council Goal of implementing an enterprise asset management system through use of a computerized maintenance management system (CMMS). Enterprise asset management combines software, systems and services, and system support to maintain and optimize the functionality of operational assets across the lifecycle of an asset. Municipal enterprise infrastructure assets refer to the physical and digital assets owned and managed by local governments for which they are accountable.

A CMMS is utilized to generate work orders and preventative maintenance schedules, track equipment usage and maintenance history, generate alerts for needed action, track spare parts, maintain asset condition assessment data, and much more.The City currently utilizes several separate CMM software for different functions or assets, and a broader scope or single vendor solution for a consistent CMMS tracking each utility's enterprise assets is desired.

RELATIONSHIP TO OTHER PROJECTS
This project is related to Enterprise Asset Management System Software - Stormwater, Enterprise Asset Management System Software - Water, Enterprise Asset Management System Software - Roadway. and Enterprise Asset Management System Software - Fiber (all currently unfunded)

OUTCOME
Financially Responsible, High-Performance City Organization: Sustainable, Equitable and Effective Service Delivery - Keep pace and leverage information technology and artificial intelligence to enhance City service delivery, City processes and project planning and to enhance cybersecurity - "Zero Trust Security Policy".

FUNDING RESTRICTIONS
This project may only be funded by Sanitary Sewer Construction Funds.

PROJECT DESCRIPTION/JUSTIFICATION

This project addresses reliability improvements to the Terminal Street Lift Station and Cedar Street Lift Station, as well as, the associated 30-inch diameter Cedar Street and 42-inch diameter Terminal Street force mains that connect the two lift stations to the Water & Resource Recovery Center (WRRC). The original project was developed in FY 2016 to examine the force mains first and lift stations second. However, the priority order was shifted to first examine Terminal Street Lift Station. Funding provides for new sluice gates, pump gates and repairs to the lift station foundation wall along with dry weather pumps and a new wet well to handle smaller average daily flows that will reduce stress and strain on the larger pumps currently in the lift station which are not designed to operate with current daily/low flows. The funds also provide for ancillary improvements including a new gravity sewer connecting the new wet well to the existing lift station influent manhole, a new magnetic flow meter, and hot-tap to the 42-inch FM to allow routing wastewater to the WRRC without it passing through Terminal Street lift station or the valve house. The project funding is also for the replacement of the wet weather pumps, replace piping in the drywell, replacement piping inside Terminal Street lift station that has deteriorated, complete new hardware and protective paint coatings of the lift station mechanical systems along with replacement plumbing and needed electrical improvements and similar improvements to the Valve House. This project will also install camera and audio monitoring at the lift station to reduce in-person staff inspections.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

PROJECT DESCRIPTION/JUSTIFICATION

This project provides Phase 1 for a new lift station within the Catfish Creek Interceptor Sewershed near Old Mill Road and 5,100 feet of new force main between the lift station and the Water & Resource Recovery Center (W&RRC). The improvements include a 20 million gallon per day (MGD) lift station, dual force main pipe to the Water & Recourse Recovery Center (W&RRC), and improvements at the W&RRC to accommodate the additional flow at the headworks of the treatment system. The existing Catfish Creek Lift Station (CCLS) will remain in place, primarily serving the Granger Creek sewershed and properties along HWY 151-61.

The existing CCLS and W&RRC, were originally constructed in the late 1960's. Since then, the community has grown and expanded. While the W&RRC was updated in 2010, the CCLS was last studied and updated in 1995 based on a 25-year planning period. Based on the actual growth that has occurred since 1995, the wastewater flows to the lift station are slightly higher than what was anticipated. Operating beyond the 25-year planning period, it was time to reevaluate the CCLS. FY22 funding provided for the development of a facility plan to evaluate the existing CCLS and identify the need for potential upgrades. Multiple options were considered, including upgrades to the existing lift station. The engineering analysis ultimately identified a preferred alternative: the Old Mill Road Lift Station and Force Main improvements. Increased construction costs for FY25-26 was included to account for up to date equipment pricing and revised force main alignments required from archeological review.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Catfish Creek Sewershed Interceptor Sewer Improvements projects (not funded yet).

OUTCOME

Livable Neighborhoods and Housing: Great Place to Live - Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the phased relocation of 5,150 feet of the 12-inch diameter sanitary sewer that runs along the railroad tracks from Hawthorne Street to Fengler Street. The existing clay tile sewer that was installed in the 1920's still functions; however, the influx of sand and proximity of the adjacent railroad tracks has increasingly made the sewer difficult to maintain and indicates that groundwater is infiltrating into the pipe. The sewer has multiple failing sections and is undersized from hydraulic modeling results. Proximity to the adjacent railroad prohibits access for maintenance or rehabilitation activities. The sewer requires relocation to City right of way, with redirection of private laterals. The project is located adjacent to Consent Decree Sewershed 10.

The funding in FY28-29 will also provide for the design, permitting, and easement acquisition for the relocation of the track line sewer located between Hawthorne St and Roosevelt St. The funding in FY29-30 will provide for the actual relocation of the track line sewer located between Hawthorne St and Roosevelt St.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Livable Neighborhoods and Housing: Great Place to Live - Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS

This project may only be funded by Sanitary Sewer Construction Funds or an SRF loan.

PROJECT ADDRESS/SERVICE AREA

The project is located along the railroad right of way between Kerper Blvd and Garfield Ave, and between Fengler St and Hawthorne St

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for the reconstruction of the sanitary sewer collector located just north of Brunskill Road from the Brunskill Road Bridge 800 feet to the East. This will address the maintenance concerns regarding root intrusion and reduce the inflow and infiltration identified in this portion of the sanitary sewer system. Project will also stabilize and protect the sanitary sewer from creek flows. Currently, segments of the sewer are exposed within the creek embankments.

RELATIONSHIP TO OTHER PROJECTS
This project is related to the Coates Street Sewer Relocation (CIP #5581500031) capital project.

OUTCOME
Livable Neighborhoods and Housing: Great Place to Live - Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS
This project may only be funded by Sanitary Sewer Construction Funds or an SRF loan.

PROJECT ADDRESS/SERVICE AREA
Located just north of Brunskill Road from the Brunskill Road Bridge 800 feet to the East.

$ 51,220	$ —	TOTAL	$ 402,850	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the replacement of the existing Kerper Boulevard Lift Station, approximately 500 feet of new force main, and the redirection of approximately 400 feet of gravity sewer to the new lift station. The new lift station will be located near the existing lift station but outside of the Kerper Boulevard median and within the Kerper Boulevard right of way. The existing lift station was constructed in 1957, with the pumps being replaced in 2005. The existing lift station has reached the end of its useful life, incurring extraneous maintenance costs to maintain service. The existing lift station cannot be upgraded within the constraints of the existing structure and accommodate existing and future flow within the service area limits. The existing lift station will be removed upon completion of the new lift station, force main, and gravity sewer. This project meets the requirements of the development agreement for the proposed Union at Marina development.

RELATIONSHIP TO OTHER PROJECTS

This is not related to any other capital project.

OUTCOME

Livable Neighborhoods and Housing: Great Place to Live - Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS

This project may only be funded by Sanitary Sewer Construction funds or SRF funds.

PROJECT ADDRESS/SERVICE AREA

The Kerper Blvd Lift Station is located within the right-of-way along Kerper Blvd, near the intersection with Roosevelt St Ext.

$ —	$ —	TOTAL	$ 750,000	$ 4,937,212	$ 8,240,000	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for systematic upgrades to the Catfish Creek Sanitary Interceptor Sewer system which branches out along the South Fork Catfish, Middle Fork Catfish, and North Fork Catfish creeks. The sewer system will be upsized from Old Mill Road along the South Fork Catfish Creek 6.9 miles to the Dubuque Metropolitan Solid Waste Agency. The system will also be upsized along the Middle Fork Catfish Creek from Old Mill Road 9.9 miles to the Dubuque Industrial Center West.

The Catfish Creek Interceptor Sewer was constructed circa 1960. Extending westward from the Water & Resource Recovery Center, it has allowed for the development of nearly 2,500 acres over the last two decades which includes residential subdivisions, the Dubuque Industrial Center West, and service to the Dubuque Metro Solid Waste Agency. The existing sanitary sewer collection system can accommodate the development to date. In order to accommodate the wastewater flow from an additional 8,500 acres within the city (or possibly more than 20,000 acres in annexation areas) that can be served by the Catfish Creek Sanitary Interceptor Sewer, upsizing the capacity of the sewer system is necessary.

The funding in FY25-26 will provide for the design, permitting, and easement acquisition for the improvements of the interceptor sewer system from Old Mill Road, along the South Fork Catfish Creek, to North Cascade Road. The funding in FY26-27 will provide for the construction of the Southfork Catfish Creek Interceptor Sewer from Old Mill Road to North Cascade Road.

The funding in FY27-28 will also provide for the design, permitting, and easement acquisition for the improvements of the interceptor sewer system from Old Mill Road, along the Middle Fork Catfish Creek, to Brunskill Road. The funding in FY28-29 will provide for the construction of the Southfork Catfish Creek interceptor sewer from Old Mill Road to Brunskill Road.

The funding for the design, permitting, easement acquisition, and construction for the improvements of the interceptor sewer system along the remainder of the South Fork, the Middle Fork, and the North Fork was adjusted to the out years of the CIP budget based on the prioritization of improvements provided to staff.

DEPARTMENT:	STATE PROGRAM:	PROJECT TITLE:	YEAR FIRST SUBMITTED: FY2023	TOTAL PROJECT COST
55 - Engineering / Sanitary Sewer	8C - Business Type	Catfish Creek Sewershed Interceptor Sewer Improvements - South Fork	PROJECT NO:	$ 13,927,212

PROJECT DESCRIPTION/JUSTIFICATION
The original total estimated cost in 2019 for all of the sewer upgrades was $66,930,500. The cost of the improvements have been increased by a 2% inflation rate per year since the original CIP recommendation. Projects using State Revolving Fund (SRF) loan proceeds may be eligible for some level of loan forgiveness as a result of the federal Infrastructure Investment & Jobs Act which included a $300 million SRF allocation, requiring a portion of the loans to be forgivable. Based on information from the State, Dubuque projects may be eligible for 20% loan forgiveness; however, the amount of forgivable loans available across the state is $14.6 million per year. As a result, the State will likely cap the amount of loan forgiveness available for each project.

RELATIONSHIP TO OTHER PROJECTS
This project is related to the Sanitary Sewer Master Plan Asset Management (CIP# 5581500026) and the SWA Middle Interchange Sewer Extension projects.

OUTCOME
Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity - Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS
Project funding limited to the Sanitary Sewer Construction Fund and SRF loans.

PROJECT ADDRESS/SERVICE AREA
Along the Catfish Creek.

$ 80,570	$ —	TOTAL	$ 1,700,000	$ —	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the stabilization of approximately 3,000 feet the City's 42-inch diameter sanitary sewer force main that runs along the main channel of the Mississippi from Maus Lake to the south. The work entails the reconstruction of the river embankment so that there is adequate cover and protection from the river and debris floating along the river. It will also provide protection from river barges that travel up and down the river, sometimes tying off in areas where the existing force main is exposed. The project will be done by the U. S. Army Corps of Engineers (USACE) through their Emergency Streambank Repair and Shoreline Protection program (Section 14 of the Flood Control Act of 1946). Through that program, the USACE will design and construct the improvements. The USACE began the Planning Design Analysis (PDA) in FY21. The USACE covers the initial $100,000. Anything above that amount is cost shared 50/50. The City budgeted $100,000 in FY21 to cover its share of PDA costs. Currently estimated at $7.7 million, the construction costs will be known following the PDA to be completed in early FY22. The City's share of the construction cost will be 35% of the total cost and it is due to the USACE up front, prior to construction. The City's 42-inch diameter sanitary sewer force main was constructed in 1977 with about 3,000 feet located along the banks of the Mississippi. It carries approximately 80 percent (80%) of the City's daily average flows to the Water and Resource Recovery Center. Over the years, erosion of the banks of the Mississippi have reduced the ground cover (and protection) to the point where the pipe is showing in a few places. Because the flow is under pressure, if the force main was to be ruptured, it would result in the discharge of thousands of gallons of untreated wastewater directly into the Mississippi.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Sustainable Environment: Have clean water – ground and surface.

FUNDING RESTRICTIONS

This project may only be funded by Sanitary Sewer Construction Funds and SRF Funding.

PROJECT DESCRIPTION/JUSTIFICATION

This annual recurring budget provides for pavement markings on City streets. Markings typically include centerlines, lane lines, edge lines, curb medians, diagonal gore markings, crosswalks, stop bars, arrows, word messages, railroad crossings, and disability symbols. Bike lanes and other multi- mobility elements are included in the annual pavement marking program. In 2016 the City entered into an agreement with the Iowa Department of Transportation (DOT) to include pavement markings on DOT-designated roadway segments within the City, and the Iowa DOT would reimburse the City for actual costs incurred. The City follows Statewide Urban Design and Specification (SUDAS), Iowa DOT, and the Manual on Uniform Traffic Control Devices (MUTCD) standards when implementing the annual pavement marking program throughout the City.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility : Have well-designed, well maintained Complete Streets (including streets, sidewalks, and bike lanes) throughout our Dubuque community.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax (20%), Sales Tax Fund (30%) and Road Use Tax.

PROJECT ADDRESS/SERVICE AREA

PROJECT DESCRIPTION/JUSTIFICATION

This annual reoccurring budget provides funding for an annual program to perform design and construction for general street construction-related improvements. In prior years, the City had an annual capital improvement budget that would collectively fund all construction-related improvements and the 5-Year Annual Street Construction Program. This policy has been changed, and now the Annual Street Construction Program is budgeted as individual CIP's. As a result, an annual program is needed to provide a funding mechanism to allow for the construction for general street construction repairs and related improvements as miscellaneous projects develop. The Engineering Department routinely works on miscellaneous repair projects that occur, require a quick response and that are both unexpected and not budgeted. This annual program will provide a funding source to cover the construction costs for those unanticipated small repair projects.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Public Works annual overlay program, Pavement Rehabilitation - Concrete Street Repair, Mill and Asphalt Resurfacing (5521000018), Pavement Preservation Joint Sealing (5521000034), Pavement Rehabilitation - Dowel Bar Concrete Joint Repair

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility: Have well-designed, well maintained Complete Streets (including streets, sidewalks, and bike lanes) throughout our Dubuque community.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax (20%), Sales Tax Fund (30%) and Road Use Tax.

PROJECT DESCRIPTION/JUSTIFICATION

The City Council listed the East - West Corridor Capacity Improvement Implementation as a “top-priority” in their goals and priorities. In an effort to advance this top priority, the City has already completed the following improvements:

2016 - Property Acquisition for $853,000
2017 - Grandview / Delhi Roundabout for $827,000
2018 - Loras / Grandview Traffic Signals for $370,300
2019 - University / Grandview Roundabout for $1,200,000
TOTAL $3,250,300 in improvements to date.

In December of 2021, the Mayor and City Council approved the selection of HDR, Inc. as the consultant to complete the preliminary engineering design and environmental clearance phase to advance the development of east-west corridor capacity improvements along University Avenue.

Planning, preliminary engineering design, and the NEPA level clearance process has progressed on the east-west corridor capacity improvements but along the way there have been changes for use of federal and state transportation funds that have created obstacles and challenges for completion of this project.

In March of 2022, with the Infrastructure Investment and Jobs Act (IIJA) funding allocation to the State of Iowa, the Iowa DOT announced the increase in new federal funds will require additional Primary Road Funds (PRF) to be used as the State’s local match, which will impact the Iowa DOT’s ability to provide SWAP (100%) funds for Local Public Agency (City) projects. As a result, effective January 2023, SWAP (100%) funding will no longer be available, and all DMATS STBG allocations will be federal (80%) funds and will require a 20% local match.

DEPARTMENT:	STATE PROGRAM:	PROJECT TITLE:	YEAR FIRST SUBMITTED:	TOTAL PROJECT COST
55 - Engineering / Street	2C - Public Works	East - West Corridor Capacity Improvements	FY 2010	
			PROJECT: 5521000001	
			300-1039, 360-1039	$ 1,085,000

PROJECT DESCRIPTION/JUSTIFICATION (Continued)
In December 2023, the City received official guidance from the Iowa DOT that the DMATS STBG funds allocated for the east-west corridor project, which were converted from SWAP (100%) to now federal aid (80% / 20%). Those funds can only be used for eligible construction costs moving forward. Since the City previously budgeted the east-west corridor project based on grant funds assisting with all phases of project development, including final design, property acquisition, and construction, the City will need to evaluate how this significant shift in funding eligibility will impact the City's ability to develop and advance the project.

Since the east-west corridor capacity improvements are a multi-year, multi-phased project, which transitioned from SWAP (100%) to Federal aid (80%/20%), and that DMATS STBG funds can only be used for construction moving forward, the City has to identify local funding or grants to complete final design and conduct property acquisition. Also, DMATS STBG funds can only pay for 80% of the construction costs, so the City must also identify local funding or grants to pay 20% of the costs.

Because the DMATS STBG funding allocation cannot remain idle and unobligated while additional funding sources are identified for final design, property acquisition, and construction, the City Council and DMATS Board authorized the reallocation of local STBG funds ($5,869,825) from this project funding to support the RAISE Capital Infrastructure Implementation grant for the 14th Street Overpass project.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have well-designed, well maintained Complete Streets (including streets, sidewalks, and bike lanes) throughout our Dubuque community.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax (20%), Sales Tax Fund (30%), Road Use Tax, Greater Downtown TIF, DMATS STBG funding and other eligible State grant funding.

PROJECT DESCRIPTION/JUSTIFICATION

This annual reoccurring budget provides funding to either purchase material for Public Works to perform joint sealing or contract for the routing, cleaning and sealing of pavement joints around the City of Dubuque. It is very important to seal cracks in asphalt and concrete pavements as a proactive preservation practice to minimize water intrusion to extend the service life of the pavement. This will also include crack sealing of trail pavements. This project funding would supplement the work Public Works currently performs. In FY 26 this work includes sealing joints on the Northwest Arterial bike trail. This also includes work to re-surface the bike trail. It's been 19 years since the trail was paved and needs maintenance.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Public Works annual overlay program (5421000003), Street Construction General Repairs (5521000012), Pavement Rehabilitation - Concrete Street Repair, Mill and Asphalt Resurfacing (5521000018), Pavement Rehabilitation - Dowel Bar Concrete Joint Repair

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have well-designed, well maintained Complete Streets (including streets, sidewalks, and bike lanes) throughout our Dubuque community.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax (20%), Sales Tax Fund (30%) and Road Use Tax.

PROJECT ADDRESS/SERVICE AREA

This project addresses pavement conditions citywide

PROJECT DESCRIPTION/JUSTIFICATION

With the decommissioning of the Alliant Energy Power Generation Plant on 7th Street and the eventual redevelopment / reuse of the property, this may allow the City an opportunity to evaluate alternatives and the feasibility of developing a roadway through the Alliant site which would extend and connect Pine Street at 9th / Kerper Boulevard to 7th Street. The potential extension of Pine Street to 7th Street would allow commercial traffic to use the US 61-151 on / off ramps at 9th Street to access Pine Street to 7th. This would provide commercial vehicles that currently use 7th, 9th, Central, Washington and Jackson Streets through the Historic Millwork District to get to the industrial businesses on 7th / Commercial Street a more efficient, safe, and direct route. The potential extension of Pine Street to 7th Street would allow commercial traffic to bypass the Historic Mill District creating a safer neighborhood for residents, pedestrians, and bicyclists.

In May 2023, the City and Interstate Power and Light Company (IPL) executed a Memorandum of Understanding (MOU) Agreement for the potential purchase of excess property at former power plant site. The City and IPL are currently working on survey plats and appraisal of the real estate. Upon completion, the City shall either (a) provide written notice to IPL that City does not intend to purchase the real estate; or (b) provide written notice to IPL that City does intend to purchase the real estate upon such terms and conditions as City approves in its sole discretion.

The FY26 programmed funding would allow for the City to perform an environmental assessment of potential site development and the potential acquisition of the real estate. FY27 and FY28 programmed funding would allow for the design development and potential construction of a roadway through the Alliant site which would connect Pine Street at 9th / Kerper Boulevard to 7th Street.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the development of the Historic Millwork District, the adopted Central Avenue Streetscape Master Plan, the Central Avenue / White Street Corridor Traffic Study (Project #5524000038), Central Ave White Street Corridor Master Plan Design and Implementation Improvements 4th - 22nd Street (5521000017), Central Avenue Corridor Streetscape Master Plan Implementation (Project #6051000001), and 14th Street Overpass (5521000009)

PROJECT DESCRIPTION/JUSTIFICATION

This project would provide for the installation of flashing LED traffic signs and crosswalk warning devices at one location per year. The City receives several requests each year for flashing stop signs and flashing pedestrian crossings. These devices would be solar-powered LED lights which use less power than traditional bulbs. The device utilizes super-bright LED technology and a "stutter flash" that would flash at motorists 190 times in 30 seconds when activated called a Rectangular Rapid Flashing Beacons (RRFBs) . Results have shown that more than 90% of motorists stop when the LED stutter lights are activated by the pedestrian. When the activation button is pushed, a friendly voice explains to pedestrians how to use the crosswalk. At night the button placards are illuminated so pedestrians can see them. Upon activation, the entire area is illuminated, including where the pedestrian is standing, the pedestrian street signs, and the center of the roadway in divided highways so the motorist can clearly see the entire crossing. The system would be radio-controlled and solar powered for maximum efficiency. On the other years where a flashing cross-walk sign is not installed, funding is shown for flashing yield and stop signs as needed around the City for additional reinforcement for the sign. The aviability of these flashing crosswalks at select intersection, midblock crossings or high pedestrian walk-ways will continue to increase the connectivity and complete street elements throughout the City.This project funding will include money allocated for the foundations, poles, signage and installation costs.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have well-designed, well maintained Complete Streets (including streets, sidewalks, and bike lanes) throughout our Dubuque community.

PROJECT DESCRIPTION/JUSTIFICATION

The City was awarded a $2.28 million US DOT RAISE Infrastructure Planning grant and a $25 million RAISE Capital grant to assist in funding for the project entitled “Building Bridges to Employment and Equity (B2E2)”. The multi-year funding for this project will provide for the planning, design, and construction of a multimodal transportation corridor project for proposed improvements to the Elm Street corridor, the 16th Street corridor, the Kerper Boulevard corridor, Chaplain Schmitt Island corridor, and the proposed 14th Street railroad (vehicular and pedestrian) overpass bridge project.

The improved multimodal transportation corridors will connect vulnerable neighborhoods and low-income residents with economic opportunities, recreational amenities and key community resources in the Kerper Boulevard Industrial Park, on Chaplain Schmitt Island, in downtown Dubuque and its Historic Millwork District, and on the west side of the City via the downtown Intermodal Transportation Center.

Improving safety for all users is a key goal of the B2E2 project. The impending increase in train traffic due to the merger of the Canadian Pacific and Kansas City Southern railroads is projected to double the number of trains passing daily through the downtown urban core of the City from 9 trains to 18 trains by 2027. A primary focus of the B2E2 project is the elimination of an at-grade rail crossing conflict on 14th Street and provide for a proposed vehicular and pedestrian

overpass bridge which will connect downtown residents to job opportunities while avoiding train crossing delays that negatively impact the safe and efficient movement of people and goods to and from the Kerper Boulevard Industrial Park and Chaplain Schmitt Island.

The entire B2E2 project has been broken down into 15 separate elements with 9 elements needing to be delayed to future phases, and 6 elements were included and awarded as part of the RAISE Capital grant. The project will focus on multimodal transportation corridors with “complete streets enhancements” along the Elm Street and 16th Street corridors, an improved pedestrian/bike shared use path on the existing 16th Street Peosta Channel bridge to Chaplain Schmitt Island, proposed roundabout intersections at 16th/Sycamore and at 16th/Greyhound Park/Admiral Sheehy Drive intersection, and vehicular and pedestrian overpass bridge on 14th Street over the railroad tracks.

PROJECT DESCRIPTION/JUSTIFICATION

This project will provide for the complete reconstruction and replacement of the Wildwood Drive Bridge which was originally constructed in 1970. Based on the October 2023 bridge inspection, the bridge was classified as structurally deficient and recommended for replacement. Based on the age of the structure (53 years) and the structural load rating of the existing concrete box culvert bridge (the sufficiency rating of 72.9), the bridge will now require a 12 month inspection cycle until it can be replaced.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have sage, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax.

PROJECT ADDRESS/SERVICE AREA

PROJECT DESCRIPTION/JUSTIFICATION

In 2022, the Iowa Department of Transportation (Iowa DOT) completed a study to evaluate operational and capacity improvements along US20, between Cresent Ridge and Old Highway, with a specific emphasis on the US20 / Northwest Arterial intersection. Several concepts and design variations were vetted, and a preferred

alternative was selected. The proposed improvements recommend closing all at-grade accesses on the south side of US 20 between Old Highway and Crescent Ridge, close the south leg of the NW Arterial intersection, and add a new south side frontage road between Old Highway and Crescent Ridge. The plan also recommends closing all at-grade accesses on the north side of US 20 between Old Highway and Northwest Arterial and provide a new north side frontage road extending east from Old Highway intersection. Additionally, the project proposes adding dual eastbound left turn lanes onto the Northwest Arterial, adding a westbound bypass right turn lane onto the Northwest Arterial, and operational reconfiguration at the Northwest Arterial and Crescent Ridge intersections.

In partnership with the Iowa DOT, the City has identified approximately $5.5 million to assist in funding the proposed US20 / Northwest Arterial intersection improvements, which will leverage a $12 million allocation from the Iowa DOT. The $17.5 million operational and capacity improvements have been recommended by Iowa DOT staff for consideration in the Iowa DOT's FY26-30 Transportation Improvement Program.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Northwest Arterial State of Good Repair Project (5521000035) and STREETS Project (5524000018)

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have safe, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax 20%, Sales Tax 30%, Road Use Tax, DMATS STBG, State and Federal Grants

PROJECT DESCRIPTION/JUSTIFICATION

This project is identified in the comprehensive plan and is a City Council 2022-2024 High Priority. This project will provide funding to implement recommendations outlined in the adopted Central Avenue Streetscape Master Plan along Central Avenue between 11th and 22nd Streets, as well as potential recommendations from the traffic study currently underway for the Central and White Street corridors, with 4th Street to 11th Street coming beyond 2030.

The current Central Avenue and White Street corridor traffic study was completed in January 2025. These funds are intended to be flexible, whether that be design, construction, amenities (such as transit stops, moveable amenities, and beautification efforts, etc.), or other needed improvements to implement the recommendations of the Streetscape Master Plan and complete streets traffic study, especially additional offstreet parking. This project would utilize complete street concepts and standards to accommodate pedestrians, bicyclists, transit, and other motor vehicles in the corridor. Special attention would be made to creating a sense of place for this corridor. Requested funding between FY25 and FY30 totals $8,170,000 to support incremental improvements along the corridor. However, full implementation of future Central Avenue Streetscape Master Plan improvements is programmed beyond FY30, at a planning level estimated cost of $14 million.

The FY26 includes $400,000 for engineering design services and $1 million to create new public parking opportunities to replace on street spaces lost on Central and White Streets. FY27 is to restripe the entire Central Avenue and White Street corridor, 4th-22nd, and continue the FY26 work. FY28 is improvements from 14th - 17th Street. FY29 is improvements from 17th - 20th Street, and continue improvements to 14th -17th Streets. FY30 is installation of the Cycle Truck Lane on the west side of White Street from 5th to 19th Street, and to continue improvements from 17th - 20th Streets. FY2031 and beyond will require $14 million in additional investment to do 20th - 22nd, and 4th -14th Street on Central Avenue and White Street.

DEPARTMENT:	STATE PROGRAM:	PROJECT TITLE:	YEAR FIRST SUBMITTED: FY 2023	TOTAL PROJECT COST
55 - Engineering / Street	2C - Public Works	Central Avenue White Street Corridor Master Plan Design and Implementation Improvements 4th - 22nd Street	PROJECT NO:	$ 8,170,000

The Corridor is beginning to see private investment in building improvements and business location. The implementation of public infrastructure improvements is needed to support and leverage that private investment by creating a more pedestrian-friendly, complete streets corridor and attracting residents from other areas of the community.

It is anticipated that this project may have an impact on operating costs associated with infrastructure improvements, although those costs are unknown until the specific improvements and amenities in the corridor are identified and implemented. These costs will be integrated into the budgets of departments whose staff will be maintaining these improvements, as progress is made. This effort addresses the Comprehensive Plan goal of creating walkable, mixed-use areas.

RELATIONSHIP TO OTHER PROJECTS
This project is related to the adopted Central Avenue Streetscape Master Plan, the Central Avenue / White Street Traffic Study for 1-Way to 2-Way Conversion (Project #5524000038), Central Avenue Streetscape Design 1-Way to 2-Way (Project #5521000017), and Central Avenue Corridor Streetscape Master Plan Implementation (Project #6051000001).

OUTCOME
Livable Neighborhoods and Housing: Great Place to Live - Increase the visual appeal and beauty of the city with attractive gateways, corridors, streetscapes/ landscaping.

FUNDING RESTRICTIONS
Downtown TIF, G.O. Debt (GDTIF), Sales Tax 30%, Road Use Tax

PROJECT DESCRIPTION/JUSTIFICATION

This project provides funding to be used throughout the City for the reconstruction of alleys using pervious pavements. This will fund one alley per year as property owners agree to an assessable project. This project addresses alleys not in the Bee Branch Watershed. Potential funding includes the Storm Water Utility. This project helps with the reconstruction of alleys that are badly deteriorated and help reduce the stormwater runoff from these areas. The pavement system allows the water to infiltrate the pavement and recharge the water table rather than be diverted to the storm sewer system and discharged to the river.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce potential flooding through flood plain management, mitigation and protection through a well maintained, operational stormwater system.

FUNDING RESTRICTIONS

This project is restricted to Sales Tax (20%), Sales Tax Fund (30%) and Road Use Tax, along with SRF Clean water funds can be used if available.

PROJECT ADDRESS/SERVICE AREA

Non Bee Branch alleys throughout the city

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the replacement of defective sidewalks by private contractors. City Ordinances #41-102 through #41-105 provide that a property owner be given a thirty day notice to replace a hazardous or defective sidewalk and, if they fail to do so, the City will have the repair made and the cost assessed to the property owner. In Fiscal Year 1989, the City began an inspection and reconstruction program for City sidewalks. Reconstruction is required on these walks when defective conditions are found. These funds enable the City to have the reconstruction done by contractors if the property owner does not make the corrections after proper notice and reasonable time. These costs are then placed as liens against the properties and property tax receipts are collected in the next fiscal year in the amount of the original expenditure.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have well-designed, well maintained Complete Streets (including streets, sidewalks, and bike lanes) throughout our Dubuque community.

FUNDING RESTRICTIONS

This project may only be funded by Special Assessment Funds specific to this project.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for a multi-year program for the installation and reconstruction of public sidewalks adjacent to City-owned property and City-owned infrastructures (i.e., catch basins, hydrants, signals, financial assistance). This appropriation also provides for tree and stump removal when trees need to be removed as part of the reconstruction of the sidewalks. This project may also include the installation and reconstruction of curb ramps which is required by the Americans with Disabilities Act (ADA). The reconstruction of public sidewalks is necessary for the safety of pedestrians and to keep the City's liability to a minimum. ADA requires installation of curb ramps whenever a sidewalk is repaired at an intersection and a ramp is not currently constructed. With the recent Iowa Supreme Court ruling, the City is liable for all sidewalk defects in the public right of way. When defects are brought to our attention, we have an obligation to remove the liability. In 2024, over 250 areas behind trees were addressed due to known defects.

RELATIONSHIP TO OTHER PROJECTS

This project may impact the Water Department due to hydrant relocations, project #4281000018 Fire Hydrant Replacement.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility: Have well-designed, well maintained Complete Streets (including streets, sidewalks, and bike lanes) throughout our Dubuque community.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax (20%), Sales Tax Fund (30%), and Road Use Tax.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacement of curbs and catch basins related to the sidewalk inspection and replacement program. Replacement of sidewalks, particularly those abutting the curb line or an intersection, frequently requires replacement of curbs and catch basins. It is anticipated in future years this program will increase with the installation of curb ramps with detectable warnings required by the Americans with Disabilities Act (ADA). Without funding for replacement of the curbs and catch basins, the program is restricted or delayed until funding can be secured. With funding earmarked for curb and catch basin replacement, the program can move forward on an established schedule. With an increase in curb and catch basin inspections at time of sidewalk inspections, additional curb and catch basins are identified for replacement, especially if the street is to be overlaid in the near future. The anticipated cost for curb and catch basin repairs has been increasing over the past few years and is anticipated to continue when the ramps needing walls, foundations, railings, and special designs are addressed.

RELATIONSHIP TO OTHER PROJECTS

This project is related to City-Owned Sidewalk Replacements (project #5521000010) and needs to be scheduled in the same fiscal years as that project. This project may also impact the Water Department due to hydrant relocations- project #4281000018, Fire Hydrant Replacement.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility: Have safe, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax.

PROJECT DESCRIPTION/JUSTIFICATION

This annual program provides funding to the Decorative Concrete Maintenance Program to perform preventative maintenance, cleaning, sealing and the repair of decorative concrete pavement at the Mississippi Riverwalk, Alliant Amphitheater, River's Edge Plaza, Ice Harbor West Road, Grand River Center, Main Street, Peosta Channel Trail, Flat Iron Park, City Hall, 5-Flags, Federal Building, Washington Park, Chamber Building Plaza Area, and the Locust and 5th Street Gateway Locations to maintain the quality appearance and integrity of the decorative concrete surface. An annual maintenance program is needed to remove dirt, oils, stains and apply a new protective sealer on the surface. The FY2026 funding will allow for the Decorative Concrete Maintenance to take place prior to the Iowa League of Cities Conference that will be hosted in Dubuque in September 2027.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Livable Neighborhoods and Housing: Great Place to Live - Increase the visual appeal and beauty of the city with attractive gateways, corridors, streetscapes/ landscaping.

PROJECT DESCRIPTION/JUSTIFICATION

This project is for Safe Routes to School-related safety improvements at various school locations throughout the City. The City in coordination with our Metropolitan Planning Organization (MPO), which is the Dubuque Metropolitan Area Transportation Study (DMATS), and the Dubuque Community School District have established a Safe Routes to School committee for the implementation of safety improvements at select elementary schools per the 2009 Dubuque Area Safe Routes to School Plan. A multi-year phased approach is anticipated to complete all schools that are ready for recommended improvements. The Safe Routes to School-related improvements can be pavement markings, flashing crosswalk signage, pedestrian countdown timers for signals and/or speed limit school zone signage. The first phase of school areas to be considered are Carver and Hoover with pedestrian crossing improvements at Radford/Saratoga/Camelot intersection, and the Carter/St. Anne intersection, respectively. In FY27, the second phase of school areas to be considered are Irving with mobility improvements at Pennsylvania/Green intersection and crossing improvements at Pennsylvania/University intersection (East-West Corridor Study). Prescott would be evaluated after the completion of the Central and White Corridor Traffic Study. Lincoln, Bryant, and Eisenhower will be evaluated for future improvements. Federal and state grants may potentially be an alternate source of funding, and the City and DMATS will continue to consider these grant opportunities.

PROJECT DESCRIPTION/JUSTIFICATION

This annual funding provides for maintenance and repair of existing retaining walls that are owned by or are the responsibility of the City of Dubuque in various locations throughout the City. This annual program will allow for maintenance, repair and reconstruction of city-owned retaining walls as needed. Based on the recommendation of the City's Legal Department, there are a significant number of private-owner retaining walls which are adjacent to City right-of-way in which a mutual benefit could be established through litigation. As a result, the annual funding for retaining wall maintenance, repair and reconstruction has been increased to address this potential liable cost to the City. This annual program would provide for proactive maintenance, reconstruction and emergency repairs to city-owned retaining walls.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Livable Neighborhoods and Housing: Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax.

PROJECT ADDRESS/SERVICE AREA

Lowell street and other citywide areas as needed

PROJECT DESCRIPTION/JUSTIFICATION

The Villa Street retaining wall between Cleveland Avenue and Rush Street is showing signs of distress. Engineering staff have been monitoring the retaining wall for several years and have observed movement in the wall. This retaining wall supports Villa Street and is a very tall wall. It is estimated to be roughly 7400 SF of wall repair. Failure of the wall could impact city water and sanitary sewer utilities, limit access to homes and potentially impact private property. The current FY25 funding balance in the Villa Wall CIP is approx. $950,000 and additional funding is needed in FY26 to complete the project.

RELATIONSHIP TO OTHER PROJECTS

This project is related to Maintenance of Public Water Main, Sanitary Sewer, Storm Sewer, Stone Retaining Wall Repair CIP (5524000003).

OUTCOME

Liveable Neighborhoods and Housing Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and Road Use Tax.

PROJECT DESCRIPTION/JUSTIFICATION

The annual Bridge Repair and Maintenance program allocates funding for the maintenance, inspection, and load rating of bridges & culverts throughout the City. The periodic maintenance efforts are intended to maximize the serviceable life of these structures and mitigate any premature deterioration which would ultimately result in costly replacements. Some of the most common repair efforts include concrete rehabilitation of bridge decks, substructure, barrier rails, and various culvert components. Other activities include the painting of steel elements, sealing of concrete cracks on bridge decks and railings, and expansion joint maintenance and repairs. The installation and reconstruction of erosion and scour countermeasure systems are also included in this program. This funding also provides for the inspection, program management, and load rating efforts required to comply with the federally-mandated National Bridge Inspection Standards (NBIS). The City's bridges are currently inspected on a biennial basis with one structure requiring an underwater inspection every 60 months. The City currently has 27 structures under its jurisdiction, which includes 18 bridges and 9 culverts. The last inspection, dated October 2023, indicated the City has no structures classified as functionally obsolete, or fracture critical, with one structure classified as structurally deficient. The structurally deficient structure will require rehabilitation or replacement within the next five years and several other structures require routine maintenance and repair efforts. The annual Bridge Repair and Maintenance program funding has been increased to account for the changing bridge load rating requirements and to allow for the increased preventative maintenance and repair needs of bridges and culverts throughout the City.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have sage, available, equitable and accessible daily travel through multiple mobility mode for all
Dubuque residents

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the incorporation of complete streets elements specifically within the public right of way, including pavement markings/signs and improved sidewalk/connections to expand Dubuque's Complete Streets network. This project will also be used to fund bike lane markings, bike route signs, and if needed, sidewalks in areas where none exist. A planning group of staff from Engineering, Planning, Budget and Leisure Services met and proposed this project as a way to track all complete street items and costs in one location. This project will have some relationship to Public Works' ADA ramp program, the Smart Parking & Mobility Management Plan, city-owned sidewalks, curb and catch basin replacements related to city-owned sidewalks and the sidewalk inspection program.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have well-designed, well maintained Complete Streets (including streets, sidewalks, and bike lanes) throughout our Dubuque community.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax. TAP funds can be used as an outside funding source.

PROJECT DESCRIPTION/JUSTIFICATION
This project is to provide a share of funding from the roadway and sidewalk enterprise funds in support of the City's efforts to meeting the City Council goal of implementing an enterprise asset management system through use of a computerized maintenance management system (CMMS). Enterprise asset management combines software, systems and services, and system support to maintain and optimize the functionality of operational assets across the lifecycle of an asset. Municipal enterprise infrastructure assets refer to the physical and digital assets owned and managed by local governments for which they are accountable.

A CMMS is utilized to generate work orders and preventative maintenance schedules, track equipment usage and maintenance history, generate alerts for needed action, track spare parts, maintain asset condition assessment data, and much more.The City currently utilizes several separate CMM software for different functions or assets, and a broader scope or single vendor solution for a consistent CMMS tracking each utility's enterprise assets is desired.

PROJECT DESCRIPTION/JUSTIFICATION

The South Port of Dubuque is a City-owned land area that is available for redevelopment, yet it remains blighted and underutilized. In the recent past, the City has developed a master plan for this area that includes several updates, yet no redevelopment has materialized. The ongoing United States Environmental Protection Agency Multipurpose Grant will clean up two contaminated sites that are prime for redevelopment; however, the grant funds will not be enough to fully complete the needed remediation. These CIP funds will be used to support the planning and design of additional contamination clean-up efforts in the South Port to maximize the redevelopment potential of the area. City staff are planning to apply for a $2 million USEPA clean-up grant in FY25 that will primarialy happen in FY26. This project directly supports the implementation of the Imagine Dubuque Plan. An additional benefit to cleaning-up the South Port will be improved accessibility to the south port levee trail.

RELATIONSHIP TO OTHER PROJECTS

EPA Multipurpose Grant

OUTCOME

Robust Local Economy: Great Place to Live - Expand the infrastructure and facilities capacity to support economic development and growth.

PROJECT DESCRIPTION/JUSTIFICATION

This project is being funded by a grant from the U.S. Department of Transportation's (DOT) charging and fueling infrastructure (CFI) funds to install electric vehicle (EV) charging infastructures at five locations in the downtown area of Dubuque. The five locations were determined by the outcomes of the on-going Smart Parking & Mobility Management Plan project and other community input. Site 1 is located in the parking lot at the corner of 22nd and Price Streets; Site 2 is located in a parking lot behind the Hilton Garden Inn on Chaplain Schmitt Island; Site 3 is located in a parking lot at the corner of East 12th Street and Elm Street; Site 4 is located at the corner of Jones Street and Harrison Street; Site 5 is located just off Main Street near the River City Church.

RELATIONSHIP TO OTHER PROJECTS

Smart Parking & Mobility Management Plan (CIP # 4683000005).

OUTCOME

Sustainable Environment: Preserving and Enhancing Natural Resources - Reduce the community's carbon footprint (50% by 2030) and explore science-based outcomes in the
future.

PROJECT DESCRIPTION/JUSTIFICATION

This annual recurring Harbor Area Dredging Capital Improvement Program (CIP) budget provides for maintenance dredging at multiple riverfront locations to maintain adequate harbor and channel depths for recreational and transient boat navigation. This funding allows for annual riverfront maintenance dredging as required at Schmitt Island and AY McDonald Park public boat ramp launch locations; River's Edge Plaza and along the Riverwalk lower pier wall to accommodate excursion boat mooring; Ice Harbor gates; and Port of Dubuque Marina.

The City also has a contractual obligation to maintain city-owned and leased property under current lease terms to perform maintenance dredging at Dubuque Marina (Pleasure Boat Harbor) and at Dubuque Yacht Basin (Schmitt Harbor) to maintain adequate harbor depth for recreational and transient boat navigational access. While not contractually obligated, there are areas outside the City’s Lease obligation to maintain that need dredging to create a safe open water way channel for navigating vessels from the Peosta Channel and Mississippi River to and from the marina harbor locations. Assuming the marinas are willing to partner and provide matching funds, and if in the public’s best interests, the City will consider aiding in performing maintenance dredging.

Due to abnormally low river levels over the past several years, staff anticipates needed to perform more frequent maintenance dredging along the Port of Dubuque riverfront to accommodate excursion boat docking.

Through partnerships with both Dubuque Marina and American Marine, the City applied for US Fish and Wildlife Service (FWS) and Iowa Department of Natural Recourses (Iowa DNR) for a 2024 Boating Infrastructure Tier 1 Grant (BIG Tier 1) to assist with funding to perform maintenance dredging at Dubuque Marina. The 2024 BIG Tier 1 grant will assist with funding to perform maintenance dredging at Dubuque Yacht Basin.

PROJECT DESCRIPTION/JUSTIFICATION

Iowa Amphitheater on Schmitt Island will be an open-air performance amphitheater and planned as a versatile space to host varied audiences up to 8,000 people. The stage will be constructed with an artful canopy that will help create a sense of place, enhance acoustics, and protect performers from sun and weather. The amphitheater will be accessed by ADA-compliant paths and trails connecting from other places on the island. The City of Dubuque was awarded a Destination Iowa Outdoor Recreation Fund grant administered by the Iowa Economic Development Authority in the amount of $3,000,000. The required local match is $12,442,961 of which $8,784,961 will be G.O debt (greater downtown tax increment financing) with future payments to be made by the Dubuque Racing Association (DRA). The remaining local match of $3,658,000 is provided as a private contribution from the DRA. Of the $3,658,000 private contribution, $1,550,000 is included in this project for the work that will be included in the city bid project, the remaining $2,108,000 will be spent by the DRA on projects within the vicinity to enhance the overall amphitheater project. The items associated with the DRA local match funds include deconstructing the current dog track and kennels to provide the location where the new amphitheater will be constructed (Bid Package No. 1). In addition, the DRA will be revamping its surface parking and striping to accommodate the additional parking demand created by the new outdoor amphitheater and tourists visiting Schmitt Island. The Destination Iowa grant funding is not paying for the Bid Package No. 1 (demolition and mass grading) work because it is included in the local match required for the overall Iowa Amphitheater project. A portion of the parking lot work will be incorporated into Bid Package No. 2 (utilities, paving and amphitheater stage). The overall project addresses the master plan, creative placemaking goals, and a top priority of the Dubuque City Council: increase foot traffic on Schmitt Island; build a recreational landmark and create a gateway and the “front door” to Iowa and Dubuque; bring people to Schmitt Island; leverage island programming for economic development; connect the island to Dubuque and the region; create a year-round destination; and create opportunities for education.

DEPARTMENT:	STATE PROGRAM:	PROJECT TITLE:	YEAR FIRST SUBMITTED: FY 2024	TOTAL PROJECT COST
55 - Engineering / Misc		Iowa Amphitheater on Schmitt Island	PROJECT NO: 5575000022	$ 9,641,563

RELATIONSHIP TO OTHER PROJECTS

This project is connected to the Schmitt Island Veterans Memorial (3049900003), Schmitt Island Trail Expansion (CIP # 5544000004), and the Schmitt Island Sanitary Sewer Improvements (5581500049)

OUTCOME

Diverse Arts, Culture, Parks and Recreation: Experience and Activities - Establish Chaplain Schmitt Island as a community and tourism destination with a variety of activity venues and experiences for residents and guests.

FUNDING RESTRICTIONS

This project may only be funded by State & Federal Grants, Greater Downtown TIF, and DRA Distribution

PROJECT DESCRIPTION/JUSTIFICATION
This project is for the replacement and changes needed for the City's current vehicular wayfinding signage. There are 6 City districts with 2 "others:" College-Grandview (19), Downtown (37), Eagle Point (40), Port of Dubuque (7), Southend (6) and Westend (19), along with the Intermodal (5) wayfinding signage and the DOT (37), which is along US 20 & US 151/61. The City is working with Schmitt Island on redistricting some signage to coordinate with the new development on Schmitt Island.

The replacement of faded and/or outdated signage is needed. These construction costs will include the labor, equipment and materials with our Public Works department along with the cost of the signs. The first priority would be faded and incorrect/outdated signage that has been determined for each district. With previous modifications made to the 40 signs in the Eagle Point District, a simple name change can be around $20,000.

Since work is being done with Schmitt Island for wayfinding signage, the Eagle Point District is going to have less signs as some will be transferred to the Island District.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to another project

OUTCOME
Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have well-designed, well maintained Complete Streets (including streets, sidewalks, and bike lanes) throughout our Dubuque community.

FUNDING RESTRICTIONS
This project can only be funded by Sales Tax Fund (30%).

DEPARTMENT: 55 - Engineering / Traffic		STATE PROGRAM: 6C - General Government	PROJECT TITLE: Speed Shields and Traffic Calming Measures			YEAR FIRST SUBMITTED: FY 2020 PROJECT NO:		TOTAL PROJECT COST $ 98,000

PROJECT DESCRIPTION/JUSTIFICATION
This project will fund 10 portable speed shields a year to be used along various streets in the community. The speed shields are used to bring awareness to drivers on their speed and helps reduce speeds in areas known to have speeding issues. The speed shields are installed and managed by the Dubuque Police Department to assist in enforcement.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Connected Community Equitable Transportation, Technology Infrastructure and Mobility: Have safe, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax (20%), and Sales Tax Fund (30%) and DRA Distribution

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for a replacement program of the existing 30-foot white streetlights and some traffic signals located in downtown Dubuque. Currently, there are approximately 60 white streetlights remaining. The project would replace all remaining white poles and install lighting controllers with meters. In certain cases, these would be replaced with historical streetlights. Many of the streetlights in the downtown area were installed in the early 1950's. These are the white 30-foot style found along Central, Main, Iowa, Locust and Bluff Streets. Many of these streetlights utilize a direct burial style feed and unique service panel which makes it very difficult and costly to maintain. The new downtown streetlights will be capable of having banners brackets added. This project would also fund LED replacement luminaries throughout the City. Currently when street light fixtures burn out, they are replaced with matching style, high pressure sodium streetlights. This program would promote the use of highly efficient, long life LED street lighting throughout the City of Dubuque which saves energy and operating expenses. Current locations of interest include the Port of Dubuque Riverwalk, Bridge Lighting locations and miscellaneous subdivision locations. This project also initiates a scheduled replacement of older streetlights throughout the City and will also include the installation of new streetlights when conditions warrant. Currently, the City owns approximately 2,500 streetlights. In many older subdivisions, the entire light fixture, base, pole, and conduits need replacing. Currently there are around 60 lights in 24 locations outside of the downtown lights that are in need of replacement. Average cost of reconstruction is around $1,500 to $2,000 each.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Livable Neighborhoods and Housing: Great Place to Live - Increase the visual appeal and beauty of the city with attractive gateways, corridors, streetscapes/landscaping.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%), Greater Downtown TIF, CDBG, and Road Use Tax Fund.

PROJECT ADDRESS/SERVICE AREA

Varies throughout the City. Mostly in the downtown area

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the improvement of existing traffic signals, replacement of signal controllers, removal of traffic signals where no longer needed, and/or the signalization of additional intersections as the need may arise. This project also covers engineering staff time related to additional signals and is combined with other programs such as theTraffic Signal Intersection Reconstruction and the Traffic Signal Interconnect to make a project viable. Each year appropriations are intended to fund the signalization of intersections through the City as the need may arise. New signals will be given consideration utilizing the warrants established in the Iowa Manual on Uniform Traffic Control Devices. Currently, each new signal installation can cost approximately $300,000 and there are multiple locations under consideration.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Traffic Signal Intersection Reconstruction (#55240000008) and Traffic Signal Mastarm Retrofit (#55240000004).

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have safe, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION

This program would provide for reconstruction of intersection mastarm retrofit for key intersections in the Central Business District. White and Central Avenue contain a mix of different styles of traffic signalization. Some locations have pedestal mounted signal heads, while other locations have mastarm mounted heads. The differing location of the traffic signals sometimes causes motorists to react to the 2nd signal ahead as opposed to their nearer intersection. This program would provide for installing mastarm mounted signals along Loras, White, Jackson, Elm and Central Corridors. Intersections included in this project are: 4th & Locust, 7th & Iowa, 9th & Bluff, 10th & Bluff,14th at Jackson, 14th and Elm, 16th & Elm. This would standardize the location of the signal heads along the major arterial routes. This project has been extended out to cover increased costs. High priority locations are signals along Loras Boulevard including Jackson, and Elm.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have safe, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for reconstruction of a portion of the underground wiring system for the traffic signal interconnect system. It will also tie in some miscellaneous intersections that were not part of the original interconnect. Although the focus of this program is to connect traffic signals, the conduit will be upsized to a multi-duct conduit system so that it can be utilized as part of the City's Fiber Optic Network that will enhance public safety, improve a wide range of city services and enable equitable and universal access to broadband. During construction of this conduit, the City will collaborate with other public entities and private carriers to leverage private sector investments in Dubuque to reduce right-of-way usage by utilizing a "dig once" policy to install a multipath fiber duct. This will reduce costs and improve services for multiple city agencies and create public assets which can in turn be licensed to private partners to recover costs and support future broadband expansion and innovation. Much of the underground galvanized steel conduit and wiring is in excess of 25 years old and is in need of replacement. Currently, annual repairs are needed to maintain the traffic signal coordination system operating in the downtown area. Much of the system is corroded to the extent that new wiring cannot be pulled through the old conduit, thereby requiring several spotted areas of conduit removal and replacement each year. The majority of the new conduit would be bored under the streets and sidewalks to minimize the need for street patches. When this interconnect fails, traffic lights go out of coordination and run free. Many times the power feed is also interrupted. This fiber conduit allows for the coordination of traffic signals and will also be used to leverage private/public partnerships for broadband expansion. High priority signals to interconnect include: Asbury at Carter and at Chaney and St. Ambrose; 14th at Elm and Jackson; Locust at Charter; and Bryant and Mt. Loretta.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Water System SCADA Buildout (#42810000001), Community Broadband Expansion Project (#6100200044), Traffic Signal Synchronization/STREETS Program (#5524000018), and Traffic Camera System (#5524000016).

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have safe, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents.

$ 18,100	$ —	TOTAL	$ —	$ 25,000	$ 25,000	$ 45,000	$ 45,000	$ 45,000

PROJECT DESCRIPTION/JUSTIFICATION

This project initiates a scheduled replacement of the older traffic signal controllers throughout the City. This project would provide for the replacement of approximately 2-3 of the City's 115 traffic signal controllers per year. The new controllers are needed for signal coordination, traffic cameras, and compatibility with the preemption program for the traffic signals being proposed by the Fire and Police Departments. All new intersections are currently compatible. The cost of a single controller is approximately $14,000 plus $6,000 for a battery backup system and $6,000 for preemption. Recently, the cost of these cabinets has increased due to advanced technical equipment within the cabinet. This replacement schedule would also keep up with the replacement needs for the older controllers, purely from a maintenance perspective. High priority intersections in need of new controllers and cabinets include: Iowa at 5th, Iowa at 7th, 10th at Bluff, 5th and Bluff, Loras at Jackson, Loras at Elm, 16th at Elm, Locust at Charter and Carter and Chaney on Asbury Road.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Street Camera Installation (#5524000016).

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have safe, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION

This capital improvement request will be used to purchase and track replacement traffic control and street lighting equipment and would be used as a depository to track insurance claims. The City of Dubuque replaces equipment that is damaged or destroyed due to accidents and weather-related activities. Many of the new traffic cabinets along the major corridors may contain $60,000 to $75,000 of equipment. In some instances, this equipment is purchased to replace equipment that was damaged due to an accident in which there is an insurance claim. Insurance reimbursements are put back into the project to fund expenditures which helps track the costs due to accidents and how much the City spends on hit-and-run or uninsured accidents. Major storm events due to lightning alone can expend the budget.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have sage, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION

This project funds the equipment, installation and software license for the placement of fixed cameras at $2,500 each, to be installed near roadways, alleys and signalized intersections throughout the City of Dubuque. Currently, the Traffic Operations Center has communication lines throughout the City along major and minor arterials, city streets and near signalized intersections. Engineering uses these cameras to remotely monitor and adjust traffic operations. Over the last few years, Engineering and Police have worked together using these cameras to aid the police in accident and crime investigations on a daily basis making them an integral part of public safety. These funds would also be available to add fiber optics communications lines to areas in need of cameras and to replace existing cameras as they age and as technology advances.

With IMON's public-private partnership with the fiber-to-the-home projects, the communications infrastructure has increased location opportunities for camera locations. We have collaborated with other departments on proposed camera locations and have gotten those locations placed with those public-private partnerships. Clarke Drive and Grandview Avenue are high priority..

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Vibrant Community: Healthy and Safe - Provide high-quality emergency services that are accredited and uses best practices.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION

In 2001-2002, the city traffic signals were converted from 150-watt incandescent bulbs to 10 watt LED lamps. This conversion also included a large rebate incentive from the local power company along with drastically reduced electrical consumption. These new LED fixtures have a lifespan of 5 - 7 years. This appropriation will provide for the re-lamping of approximately 1/10th of the City-owned traffic signal lamps in each year. Currently the City has 115 traffic signals that with an average of about 40 lamps per intersection. Each lamp runs approximately $70 each. New LED signal heads can be purchased with a 15-year warranty. This project will reduce maintenance problems (burnouts/failures) with traffic signals in future years. These existing LED's have lasted approximately twice their warrantied lifespan, and instead of burning out, they dim over time and become non-compliant with MUTCD guidelines. This capital improvement program will systematically replace these lamps by corridor starting with the oldest LED's.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have safe, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides needed traffic control at signalized intersections during times of power outages. This project will provide for the purchase and installation of battery backup systems by City traffic signal technicians in existing traffic signal controllers at various locations throughout the City. These battery backups will provide backup power to run each intersection on in full colors for up to eight hours during power outages. When power is restored, the controllers will automatically reset and go back into service. These battery backup units also serve as lighting controllers and can be placed midblock in the Central Business District to serve two intersections with one battery backup system. Each battery backup system costs between $8,500 to $11,000. This project will fund the addition of 2 to 3 BBS per year. In the City of Dubuque, there are 115 traffic controllers located at various intersections and crosswalks throughout the city. During times of power outages, crews are dispatched to the signalized intersections to place portable stop signs. Depending on when these power outages occur, the response time for crews to load stop signs and place them averages thirty minutes to one hour. The response time is even longer when outages occur at night and/or on a weekend. During this time, police officers are dispatched to direct traffic until stop signs can be placed. When major outages occur, many intersections at one time can be affected, which endangers public safety and severely interrupts both police and maintenance operations. This project allows the City of Dubuque to provide normal traffic control at intersections during power outages, with the least interruption to the driving public, police and maintenance operations.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have safe, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION

This project would add additional surge protection to the 115 traffic signals and miscellaneous camera systems currently operated by the City of Dubuque. Newer ITS signalized intersections are becoming more complex with advanced communications networks, battery backup systems, preemption equipment, cameras and high-end detection equipment -- a recipe which makes these units more susceptible to lightning, surge and grounding issues. This project would fund the retrofitting of these signals and cameras systems with surge protection ranging from $500 to $2000 at each intersection (depending on the degree of equipment at each location). During the summer of 2011, twenty intersections were struck by lightning during two storm events that caused an estimated $100,000 in damages. All newly installed intersections and camera locations will be designed with this additional surge protection to prevent a similar occurrence. This program has proven successful with a lower rate of damaged equipment after installation of this surge equipment. This surge equipment does require frequent analysis to ensure it continues to protect as it ages and often times will need replacement after multiple storm events. Typically these existing units get replaced as they fail or as they age out with the equipment they are protecting.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have safe, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION

This project will cover the City staff, engineering, and administrative costs associated with the STREETS (Smart Traffic Routing with Efficient and Effective Traffic Signals) project. This program will also be used to fund match funding required for grants associated with this project. Once STREETS is implemented and US 52 is rerouted, this program will study traffic patterns in the downtown to determine which streets may be converted into two-way streets and if any signalized intersections can be removed. FY 2022-23 costs cover consulting services to improve the efficiency of the STREETS system. FY24 was the starting point for Phase I after delays with the Department of Transportation. Starting in FY26, City staff is applying for a secondary grant for Phase II of the STREETS project, which covers more downtown signals.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have safe, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents.

FUNDING RESTRICTIONS

This project may only be funded by state grants, Sales Tax Fund (30%), Road Use Tax Fund, and DRA Distribution/Gaming.

PROJECT DESCRIPTION/JUSTIFICATION

This project will cover the City staff, engineering, and administrative costs associated with the STREETS (Smart Traffic Routing with Efficient and Effective Traffic Signals) project Phase 2. This program will also be used to cover match funding required for grants associated with this project. The City of Dubuque, East Central Intergovernmental Association (ECIA), the Dubuque Metropolitan Area Transportation Study (DMATS) and the Iowa Department of Transportation (Iowa DOT) have partnered to develop the Smart Traffic Routing with Efficient & Effective Traffic Systems (STREETS) project. The goal of the STREETS project is to develop a smart, next generation traffic management and control system that will provide sound information to the stakeholders and serve as a framework for the deployment of similar systems in small urban areas with populations under 100,000. The City of Dubuque is applying for $1.1 million in Iowa Clean Air Attainment Program (ICAAP) funding to implement Phase II of the streets project after completion of the Phase I in April 2024. This project includes 77 additional signals mostly in the downtown area that were not covered by phase 1 of STREETS.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the STREETS Traffic Control Project Phase 1 (#5524000018).

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have well-designed, well maintained Complete Streets (including streets, sidewalks, and bike lanes) throughout our Dubuque community.

FUNDING RESTRICTIONS

This project may only be funded by state grants, Sales Tax Fund (30%), Road Use Tax Fund, and DRA Distribution/Gaming.

PROJECT DESCRIPTION/JUSTIFICATION

This will be an annual project that provides for the necessary fiber optics communications cabling and equipment to be installed along key corridors. This will allow for the interconnection network of traffic signals via fiber optics back to the Traffic Operations Center at City Hall and the Traffic Shop located at the Municipal Service Center. Fiber to the signals allow for remote management of the signal and allows for the addition of cameras at the signal to feed back to the Traffic Operations Center and Dispatch. It also allows improved security via network monitoring and improves coordination of traffic signals (thus lowering carbon emissions) and will also be used to leverage private/public partnerships for broadband expansion. Although this fiber is installed for traffic operations, it is oversized to accommodate all city department needs in the future. All new traffic signal installations since 2007 have been installed to be fiber ready. Now there are communications standards in place, and the City will be installing fiber optics and communication equipment throughout the City starting with the major traffic corridors including US 20, NW Arterial, Central Ave, White Street, Loras Blvd, Locust Connector, and US 61/151. One of the primary goals of this project is to complete fiber optic communications loops around the City utilizing US 20, NW Arterial, Pennsylvania, Asbury Road and US 52 down to Central to Locust and back onto US 20. Fiber optics communications will also replace the existing Central Business District traffic 7 wire interconnect. This change-out to fiber will occur over the upcoming years. There are many older signals throughout the City that need to be updated prior to going on this new system. These signals will be added to the system as they are updated. Many of these will be in partnership with ImOn Communications as they extend fiber throughout the community over the next 3 years.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Water Department's SCADA Overhaul project (#4281000001).

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have safe, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents.

FUNDING RESTRICTIONS

$ —	$ 25,000	TOTAL	$ —	$ 25,000	$ 25,000	$ 25,000	$ 25,000	$ 25,000

PROJECT DESCRIPTION/JUSTIFICATION

This project provides funds for the maintenance and expansion of the Traffic Management Center's ITS Improvements, including remote management and monitoring of the City's traffic signals along with automated vehicle counters, cameras, classifiers, connected vehicles infrastructure, and roadside units broadcasting Spat data and variable message boards along key city corridors. In addition, funds will be used for ITS equipment located within the Traffic Management Center located at City Hall. This fund would also be used as match money in joint projects which are suggested by the Iowa Department of Transportation. Using state-of-the-art electronics, ITS technologies improve the efficiency of traffic control equipment, congestion, air improvement, travel improvements, citizen concerns, and green communities. Examples of these technologies include traffic counters, traffic monitoring equipment for speeds and occupancy, and variable message boards to inform the traveling public. The I-80 detour through Dubuque in the summer of 2008 used some of the City's existing ITS technologies to aid the flow of traffic through Dubuque. Future funds will support the installation of DSRC radios and updated equipment for connected vehicle equipment. FY 20 funds were used to install roadside units along the signalized intersections of US 20. These devices broadcast signal phasing and timing data to newer cars that have this technology built in. Dubuque is the first city in the state to install this technology.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have safe, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for the conversion of two signalized intersections per year to a new vehicle detection system and stop bar video cameras. Traffic signals require vehicle detection to minimize delay. Some older installations did not have vehicle detection or have faulty loop detectors (loops cut into the roadway that measure inductance to detect if a car is waiting or not). Microwave detection is an easy, safe alternative that the City has been using at new installations. Future locations targeted intersections along Asbury Road including Sam's South entrance, JFK, Carter, Chaney and St. Ambrose. Locations that currently are in need of maintenance and potential candidates include Locust at 151, Locust at Locust Connector, Hwy 151 at Jones, Locust at Charter, and Elm at 16th. The newest model of equipment allows this technology to be installed at more existing locations. This technology and equipment upgrade offers some of the best performance enhancements to a signal for the dollar spent.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Have safe, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents.

PROJECT DESCRIPTION/JUSTIFICATION

This capital improvement project would fund the replacement of 60 concrete streetlights along Grandview Avenue with historic LED fixtures. The project boundaries include Grandview at Delhi to the North to Grandview at 151 to the South. The existing streetlights along Grandview Avenue are constructed from concrete poles which require yearly maintenance and replacement due to rebar rusting from within. The Engineering Department buys replacement poles, but the newer poles seem to be breaking down quicker than the older poles. This capital improvement request would fund the replacement of these 60 poles with a lower maintenance nostalgic-style light pole. New conduit and lighting cabinets were completed for this project in previous years. $250,000 is needed to complete the pole installation of this project. Pole delivery lead time is 4-6 months with 2-3 week installation time.

The Grandview Avenue corridor is a great opportunity to connect fiber optic lines between major roadways. Included in this project is 12,000 feet of fiber optic cable and 20 security cameras at key locations along Grandview, which will be completed with previous fiscal year funding. This fiber line will tie US 61/151 into US 20 fiber optics and provide future feeds to neighborhoods along the way. This fiber will create a redundant route between US 20 and Hwy 151 and be used for private/public partnerships with broadband carriers during FY 23. All the underground improvements have been installed north of US 20. FY 21 funds used to install the new light pole equipment on the section North of US 20. FY 22-24 funding along with a private/public construction project with ImOn during their fiber to the home construction allowed all of the underground infrastructure to be installed between US 151 and US 20 during the summer of 2023. FY 25 funds will be used to install new light poles between US 151 and US 20.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Livable Neighborhoods and Housing: Great Place to Live - Increase the visual appeal and beauty of the City with attractive gateways, corridors, streetscapes/ landscaping

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION

In 2005 the City entered into a franchise agreement with Mediacom. Part of that agreement was to install “dark fiber” to 77 city, county, non-profit, schools and medical sites. Although that agreement was converted to a State of Iowa franchise in 2008, I-Net fiber optic cabling is supported through 2020 by Mediacom, and the contract will be extended by Mediacom for two years. At the expiration of the extension, the City has the option to purchase the I-Net contract. The fiber is 15+ years old, is mostly aerial and is co-located with Mediacom residential/business fiber in termination cabinets. This makes it a less than reliable and difficult to maintain asset. Since 2016, the City of Dubuque undertook its Broadband Acceleration Initiative. The Initiative focuses on public/private collaborations and includes a comprehensive strategy to reduce the cost and time required for broadband expansions in Dubuque. Although many of the sites served originally by I-Net fiber have now been converted to city fiber, some still remain that will need connectivity for data, phones and other devices. It is recommended to leverage existing telecommunications public/private partnerships in addition to building out the City’s own fiber to ensure connectivity. The locations impacted for voice/data/device connectivity are: Leisure Services/Bunker Hill, EOC (public/private partnership with CS Tech), Fire Station 6 Rhomberg (+Solar Collector) (public/private partnership with ImOn), Fire Station 2 JFK (+Solar Collector), Fire Station 5 Grandview (+Solar Collector), WRRC. In addition, connectivity at the following sites will need connectivity to serve water meter collectors: Key West St. Joe School, Wartburg, Wahlert, Table Mound. There are still a number of the 77 sites that need fiber connectivity installed to them with this capital improvement program.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Increase availability, accessible and affordable broadband and redundancy through public-private partnerships.

FUNDING RESTRICTIONS

This project may only be funded by DRA Distribution/Gaming, Road Use Tax and Sales Tax (20%) & (30%).

189**PROJECT DESCRIPTION/JUSTIFICATION**

Emergency Preemption equipment was originally started in 2000, but this project request is for the installation of GPS-based equipment at new locations and the replacement of equipment at older intersections. This system can be used by fire, ambulance and police units responding to emergencies to provide for quicker response times by removing stopped traffic due to red signals at busy intersections. It will also improve safety for the community and emergency personnel. The optical system provides the capability of placing this on other vehicles, such as snow plows, allowing them to hold green lights to expedite the task of snow removal, but does not allow the snowplow driver to change the light from red to green. It also has the capability of supervision so that there is a record of units using the preemption system. The priority can be set into this system which would allow emergency vehicles to have priority over non-emergency vehicles using the system. The City of Dubuque is currently using Optical Preemption while new GPS technologies are now more popular and minimize roadway delays by only preempting the direction (straight or left) as needed. Current optical preemption disrupts the opposing lane because it always brings up both the left and the through for the direction of travel. New equipment is tied to the direction on the vehicle and will not disrupt the left turn if not needed. New replacement equipment for the older optical equipment can operate both optical or GPS-based communications.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity - Expand the infrastructure and facilities capacity to support economic development and growth.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION

This capital improvement project provides an annual program for installing conduit for fiber optic in miscellaneous projects throughout the community. Installation of fiber conduit into existing infrastructure typically ranges from $25 to $35 a linear foot when installed in a stand alone project. When combined with other projects, the cost can drop to around $10 to $20 a linear foot. This improvement item funds the installation of fiber conduit along other unscheduled city projects and in conjunction with other private utility projects where it is convenient and at a cost savings to the community.

This conduit will be upsized to a multi-duct conduit system so that it can be utilized as part of the City's Fiber Optic Network project that will enhance public safety, improve a wide range of city services and enable equitable and universal access to broadband. During construction of this conduit, the City will collaborate with other public entities and private carriers to leverage private sector investments in Dubuque to reduce right-of-way usage by utilizing a "dig once" policy to install a multipath fiber duct that reduces costs and improves services for multiple city agencies and creates public assets which can in turn be licensed to private partners to recover costs and support future broadband expansion and innovation. This budgeted item would extend fiber optic conduit as part of the city-wide effort to create a network of city-owned fiber optic systems and will also aid linking adjacent projects together and can be shared with public/private partnerships. This fiber, once installed, is used by many city entities including the Information Services, Fire, and Police Departments.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Water SCADA Overhaul (#4281000001) and the Broadband Acceleration and Universal Access projects (#5524000019).

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Increase availability, accessible and affordable broadband and redundancy through public-private partnerships

FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (30%) and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION

This program would fund the purchase and implementation of a fiber infrastructure management program. Currently fiber infrastructure is documented on spreadsheets and drawings located in various locations throughout the City. This program will consolidate all this information into one software program with the ability to include network information that documents failover redundancy paths and Virtual Local Area Networks within the City. This program would also be used to document and assist in the exchange of assets to grow broadband in the Dubuque area via public/private partnerships to help cover underserved neighborhoods. Documentation of this information is crucial for the maintenance and operation of a fiber communications network that will be used to serve all departments along with public/private partnerships. Fiber communications is becoming a critical driver of economic growth in the City of Dubuque. This request would also help cover employees' time with fiber data collection.

RELATIONSHIP TO OTHER PROJECTS

This project is related to Broadband Acceleration and Universal Access (#5524000019), Water SCADA Overhaul (#42810000001) and City Information and Network Security projects (#77699000006).

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Increase availability, accessible and affordable broadband and redundancy through public-private partnerships

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%) and Road Use Tax Fund.

$ —	$ —	TOTAL	$ —	$ 25,000	$ 25,000	$ 80,000	$ 80,000	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This program will fund the expansion of communication duct and fiber that will significantly enhance public safety, improve a wide-range of city services and enable equitable and universal access to broadband (high-speed internet). The City will collaborate with other public entities and private carriers and specifically target its funds to "last block" undertakings, ranging from connecting widely-dispersed city facilities and assets to specifically connecting low income or geographically stranded neighborhoods that the private sector cannot/will not connect.

This program will leverage significantly larger private sector investments in Dubuque (usually 5X to 7X city investment), provides City infrastructure that reduces costs/improves services for multiple City agencies and create public assets which can in turn be leased or licensed to private partners to recover costs and support future broadband expansion and innovation. Incorporated into this project are several traditional, stand-alone CIP's such as extending the City's fiber backbone from 27th and Elm up to Jackson and 32nd and over to Central and 32nd. This brings broadband and surveillance infrastructure to this area of the City. These types of projects have been folded into this request in order to be positioned to reduce costs through public/private partnerships.

RELATIONSHIP TO OTHER PROJECTS

This capital improvement project is related to the Water SCADA Overhaul (project #42810000001).

OUTCOME

Connected Community: Equitable Transportation, Technology Infrastructure and Mobility - Increase availability, accessible and affordable broadband and redundancy through public-private
partnerships.

FUNDING RESTRICTIONS

This project may only be funded with Sales Tax Fund (30%), Road Use Tax, and TIF funding in TIF districts.

PROJECT ADDRESS/SERVICE AREA

This project spans the City but includes many low/moderate income areas and will promote broadband access to these areas.

DEPARTMENT:		STATE PROGRAM:	PROJECT TITLE:			YEAR FIRST SUBMITTED: FY26 PROJECT NO:		TOTAL PROJECT COST

PROJECT DESCRIPTION/JUSTIFICATION

This project would replace the rusting poles that are failing along Iowa St from 4th St to 9th St. The current white poles are rusting from avariable of factors, including, quality, age, and winter solutions. This would include the replacement of 16 poles with foundations and new conduit for power, along with light fixtures and pull boxes.

These replacements will help by being proactive on failing infrastructure in the downtown area.

RELATIONSHIP TO OTHER PROJECTS

This project would be related to Street Light Replacement & New Installation

OUTCOME

Livable Neighborhoods and Housing: Great Place to Live - Increase the visual appeal and beauty of the city with attractive gateways, corridors, streetscapes/landscaping.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (30%), Greater Downtown TIF, CDBG, and Road Use Tax Fund.

PROJECT DESCRIPTION/JUSTIFICATION

This project is to provide a share of funding from the fiber utility in support of the City's efforts to meeting the City Council Goal of implementing an Enterprise Asset Management System through use of a Computerized Maintenance Management System (CMMS). Enterprise asset management combines software, systems and services, system support to maintain and optimize the functionality of operational assets across the lifecycle of an asset. Municipal Enterprise Infrastructure Assets refer to the physical and digital assets owned and managed by local governments for which they are accountable.

A CMMS is utilized to generate work orders and preventative maintenance schedules, track equipment usage and maintenance history, generate alerts for needed action, track spare parts, maintain asset condition assessment data, and much more.The City currently utilizes several separate CMM software for different functions or assets, and a broader scope or single vendor solution for a consistent CMMS tracking each utility's enterprise assets is desired.

RELATIONSHIP TO OTHER PROJECTS

This project is related to Enterprise Asset Management System Software - Stormwater, Enterprise Asset Management System Software - Water, and Enterprise Asset Management System Software - Roadway. and Enterprise Asset Management System Software - Sanitary

OUTCOME

Financially Responsible, High Performance City Organization: Keep pace and leverage information technology and artificial intelligence to enhance City service delivery, City processes and project planning and to enhance cybersecurity - "Zero Trust Security Policy".

PROJECT DESCRIPTION/JUSTIFICATION

In 2008, significant updates to the Historic Federal Building were completed to improve its overall condition and to ensure it remained as a historic structure anchoring downtown. Now, 14 years later, this historic building requires additional funding to ensure it remains in solid condition. Due to the COVID-19 pandemic, funding over the past two fiscal years has been reduced from this capital improvement project budget. The listed funding request attempts to replenish building components currently in deferred maintenance status and address emerging concerns. In FY26 funding is budgeted for major HVAC upgrades to replace existing equipment that is beyond its expected service life and subject to frequent or catastrophic breakdown. FY29 provides funding for the second phase of HVAC upgrades.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Healthy and Safe Vibrant Community: Healthy and Safe - Be inclusive and equitable community in which all feel welcome, included and belonging.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%), Greater Downtown TIF, and DRA Funding.

PROJECT ADDRESS/SERVICE AREA

350 W. 6th Street

PROJECT DESCRIPTION/JUSTIFICATION
This funding request is for consulting services related to ADA Compliance Phase II and further implementation of the City's ADA compliance application, called InVision Facilities Management. In Phase I, we were able to have the floor plans of 2 city buildings added to InVision Facilities Management, as well as buildings and pavilions located in parks. In the second phase, we will add additional building footprints and work with a consultant to fully implement the application and possibly tie it into GIS software, ArcGIS Indoors. The funding for this phase is spread out over three years. With a full-time facilities manager now employed, it is expected this project will progress significantly with funding and professional resources.

This project is listed in City Council's Goals & Priorities Management Agenda, under ADA Compliance Funding Phase II and InVision Facility Management Software Implementation. While there are currently no related project requests for this, implementation of this project will allow for future budgeting of required maintenance to city property where there are accessibility deficiencies.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Diverse Arts, Culture, Parks, and Recreation Experiences and Activities - Provide accessible recreational, library, culture and arts programs/activities and parks amenities that are responsive to the emerging workforce/community expectations.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

PROJECT DESCRIPTION/JUSTIFICATION
This project funds the installation of 4-5 weatherproof bike lockers per year at the downtown building facilities assigned to the Facilities Management Team. In the past two years, more city employees are biking to work and are parking their bikes inside the building of their assigned work space. This is causing several problems for the Facilities Team. On bad weather days, bikes are bringing additional rain and snow into the buildings that can increase risk of slip-and-fall incidents. Bikes stored haphazardly in hallways can also interfere with emergency egress walkways. Some bikers can own bikes costing as much as $10,000 and thus are reluctant to store them in the open air at exterior bike racks. Weatherized bike lockers will provide riders with the needed protection and security to allow bikes not to be stored indoors.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Livable Neighborhoods and Housing: Great Place to Live - Increase the visual appeal and beauty of the City with attractive gateways, corridors, streetscapes/ landscaping

FUNDING RESTRICTIONS

PROJECT DESCRIPTION/JUSTIFICATION

This program provides grants and loans for rehabilitation and adaptive reuse of buildings (up to 75 units). in the Greater Downtown Urban Renewal District. Tax increment proceeds are used to capitalize the pool of funds for these grants. The program provides grants of $10,000 for each new housing unit created in the District. The program creates affordable, quality rental housing units for our workforce in areas well-served by public transit. All projects must commit to accepting all sources of income for otherwise eligible tenants. Providing housing incentives is a high priority of the City Council.

This project assists in removing barriers by creating new housing inventory in low-income census tracts near public transportation.

Potential projects identified at this time are: 1602 Central Avenue (3 units); 1390 Iowa Street (2 units); 1248 Iowa Street (14 units); 408 W. 5th (9 units); 2400 Central Avenue (1-2 units).

In addition, we typically receive requests for 5-6 smaller projects (10-20 units) annually.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Downtown Rehab Grant Program (project #6052000002). These grants are typically used on the same properties simultaneously.

OUTCOME

Livable Neighborhoods and Housing: Have a vibrant Dubuque Downtown with an increase in housing opportunities both market-rate and affordable

FUNDING RESTRICTIONS

This project may only be funded by Greater Downtown TIF funding.

PROJECT DESCRIPTION/JUSTIFICATION
The Small Business Grant program began in 2019 with this project being a new phase of the existing program using a different funding source. This project is related to the Low-Moderate Income (LMI) Small Business Grants Program (project # 61002000051). The LMI Small Business Grants Program provides $5,000 grants to eligible business owners for eligible costs to support and expand their business. That program utilizes Community Development Block Grant (CDBG) funds. Due to CDBG restrictions, another funding source must be identified to pay for supporting work for the program such as administration costs and other ancillary expenses (i.e. event costs). The City currently has a contract with Fountain of Youth to administer the program. This project provides the funding to Fountain of Youth for its administration of the grant, which reduces barriers for low- to moderate-income individuals who are in the early stages of operating a small business.

RELATIONSHIP TO OTHER PROJECTS
This project is related to Low-Moderate Income Small Business Grants (project # 6100200051).

OUTCOME
Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity

FUNDING RESTRICTIONS
This project may not be funded with CDBG.

PROJECT DESCRIPTION/JUSTIFICATION

The Greater Dubuque Development Corporation (GDDC) has embarked on the Greater Dubuque 2027 Campaign, which will conclude in 2027. FY25 is the 2nd year of the campaign. The main focus during the five-year campaign is the retention, recruitment and creation of workforce in the Greater Dubuque area. The creation of workforce includes connecting to the unemployed and underemployed population, disproportionately minority, and connecting those citizens with educational opportunities through Opportunity Dubuque in partnership with Northeast Iowa Community College. Upon completion of the participants' certificate of training, GDDC will work with community employers and provide livable wage employment. The five-year goals for the initiative include: population growth to 105,000 from 99,266; employment growth to 64,000 from 58,733; median household income increased to $76,000 from $63,031; residential and commercial construction of $1 billion; reduce the number of households below the Dubuque County Supplemental Poverty Measurement by 5 percent.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Robust Local Economy: Create a resilient, sustainable and diverse regional Dubuque economy

FUNDING RESTRICTIONS

This project may only be funded by Dubuque Industrial Center West land sales and TIF funding.

PROJECT DESCRIPTION/JUSTIFICATION

This program provides grants for rehabilitation and adaptive reuse of buildings in the Greater Downtown Urban Renewal District. Tax increment proceeds are used to capitalize the pool of funds for these grants. This grant program provides a 1:1 match for eligible expenses for improvements to façades, as well as accompanying costs for financial consulting and planning & design work for the project. This grant program receives the most inquiries and interest of all Economic Development's programs. The program promotes the redevelopment of the downtown, maintains its historic appeal, and complements grant/loan programs provided by our partners at Dubuque Main Street. Revitalization of the Central Avenue corridor is a top priority of City Council, which is one area where this program can be used.

This project assists in removing barriers by creating new housing inventory in low-income census tracts near public transportation.

Potential projects identified at this time are: 1527 Central Avenue; 1701 Central Avenue; 408 W. 5th Street. In addition, we typically receive requests for 5-6 smaller projects annually.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Greater Downtown Housing Creation Grant (project #6052000004). These grants are typically used on the same properties simultaneously.

OUTCOME

Livable Neighborhoods and Housing: Great Place to Live

FUNDING RESTRICTIONS

This project may only be funded by Greater Downtown TIF funding.

PROJECT DESCRIPTION/JUSTIFICATION

The current Housing Creation Grant of $10,000/unit supports the creation of downtown rental, residential inventory. Eligibility for that program is determined by whether the building is creating housing where none has existed before (such as the adaptive reuse of a warehouse) or where units have been vacant for at least 3 years. As the City Council has prioritized the revitalization of the Central Avenue corridor, and the Comprehensive Plan calls for encouraging multi-family development near jobs/walkable, mixed-use areas, this program aims to accelerate the creation of affordable downtown housing options by creating a more flexible program for projects that propose the rehabilitation of more than one building and a minimum of 4 units. The program is currently proposed for use along the Central Avenue corridor between 11th Street and 22nd Street. For this program, a unit could be considered eligible, even if recently occupied, if the project involves a substantial rehabilitation of the unit and buildings. The program provides a loan, forgivable at the 10-year mark, if the developer has maintained the terms of the agreement. Projects cannot discriminate based on the tenant's source of income.

This project assists in removing barriers for low-income and disabled residents by supporting the creation of housing in the Central Avenue Corridor, which is walkable and has access to public transportation. Approximately 16% of households in this census tract are without a vehicle.

Potential projects identified at this time are: 1701 Central Avenue (4 units); 1739-1763 Central Avenue (7 units); 1527 Central Avenue (10 units).

RELATIONSHIP TO OTHER PROJECTS

This is similar to the Greater Downtown Housing Creation Grant Program (Project # 6052000004). It can be combined with the Downtown Rehabilitation Grant Program which includes Central Avenue, Historic Millwork District, and Washington Neighborhood (Project # 6052000002).

OUTCOME

Livable Neighborhoods and Housing: Revitalize the Central Avenue corridor

FUNDING RESTRICTIONS

Greater Downtown Urban Renewal District

DEPARTMENT:		STATE PROGRAM:	PROJECT TITLE:			YEAR FIRST SUBMITTED: FY 2026		TOTAL PROJECT COST

		Greater Downtown TIF	$ 20,000	$ 20,000	$ —	$ —	$ —	$ —
$ —	$ —	TOTAL	$ 20,000	$ 20,000	$ —	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION

This project will be a matching 1:1 grant to reimburse property owners for acquisition and installation of lighting fixtures (minimum of 250 watts) in the alleys between Central Avenue and White Street from 1400 Block to 2400 Block. Individual grant awards will be limited to $500 per property owner. Lighting will be required to be installed in the alleyways at the rear of the property and verified by City staff. Studies have shown a strong correlation between increased alley lighting in urban areas and a reduction in crime rates. From a public perception standpoint, increased lighting will improve the look and feel of the Central Corridor and allow residents and visitors to the area to feel safer.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Central Avenue Streetscape Plan (6051000001), Central Avenue Corridor Initiative (6052000006), and Central Avenue Housing Loan (6052000009).

OUTCOME

Livable Neighborhoods & Housing: Great Place to Live: Revitalize the Central Avenue Corridor

FUNDING RESTRICTIONS

This project may only be funded by TIF, Sales Tax 20, or DRA Distribution funds.

PROJECT DESCRIPTION/JUSTIFICATION

This project requests funds to add bus shelters at various bus stops throughout the City, as well as improve existing bus shelters at various bus stops. This project would upgrade and replace bus shelters with solar-powered lighting, as well as ensure compliance with Federal Transit Authority ADA bus stop requirements. In addition, this project will enhance rider experience by providing safe boarding and deboarding of Jule passengers, and this project will aslo improve the appearance of Jule bus stops.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Healthy and Safe: Be inclusive and equitable community in which all feel welcome, included and belonging.

FUNDING RESTRICTIONS

This project is restricted to Sales Tax Fund (20%), and DRA funding. Purchase of the vertical infrastructure items/equipment are eligible for the Public Transit Infrastructure grant program, however, there is no guarantee that funds will be received.

PROJECT DESCRIPTION/JUSTIFICATION

This CIP requests funds to replace City busses. Vehicle reliability is essential in securing choice riders, and the City's bus fleet is notably aged. Bus replacements are based on vehicle assessment scores, as well as year of eligibility for state and federal funding. Eligibility does not guarantee funding, only that vehicles are beyond an age or mileage where funding could be requested. As grant funding is unlikely because of the age of the City’s fleet when compared to other Iowa cities, it is important to budget for the cost of replacement. This CIP requests funds in FY26 for the purchase of one new light duty ADA accessible low floor mini buses, as well as one heavy duty ADA accessible low floor fixed-route bus. Funds are requested in subsequent years for additional bus replacements as the fleet surpasses the FTA useful life guidelines. Maintenance costs have increased as old buses are requiring major component replacements. It is important for the City to have a funding plan for vehicle replacement that does not assume large grants will be received. Minibuses transport individuals with disabilities who are unable to utilize the fixed-route service for ADA compliance, The Jule fixed-route service must provide equally reliable service. Replacing these vehicles at the end of their useful life is essential to avoid delays in service. As the Jule continues to improve and provide additional services, the quality and efficiency of its vehicles will continue to be a priority. Vehicles beyond their useful life increase maintenance costs and the likelihood of breakdowns causing interruption of service. As vehicles age, their fuel efficiency is also reduced. As new vehicle technologies develop, newer buses offer increased fuel efficiency or utilize alternative fuels.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Connected Community: Have sage, available, equitable and accessible daily travel through multiple mobility mode for all Dubuque residents.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%), and DRA funding. The project may be eligible for state and federal grant funds.

PROJECT DESCRIPTION/JUSTIFICATION

This project requests funds for Wayfinding signage. FY 26 funds will be used to replace Wayfinding Signs throughout the City of Dubuque. Wayfinding signs provide directions to City buildings, facilities, and locations. Wayfinding signs are important to assist the public and visitors in navigating the city. The exisitng signage is older and needs to be replaced, as sign retroreflectivity (reflectiveness in light) decreases with age. As City facilities and amenities expand, new wayfinding is needed. The project is based on recommendations that were outlined in the "Smart Parking Mobility Management Plan" that was adopted by the city in 2024.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Financially Responsible, High Performance City Organization: Maintain and enhance City infrastructure and facilities

FUNDING RESTRICTIONS

This project is restricted to the Parking Construction Fund.

PROJECT ADDRESS/SERVICE AREA

Various Parking Ramps/Wayfinding Signage Throughout the City

PROJECT DESCRIPTION/JUSTIFICATION
This project provides for maintaining the surface of 14 off-street municipal parking lots. This project also includes signage, landscaping, and screening improvements to surface lots. Lots include: Lot 2 (9th and Bluff), Lot 3 (5th and Bluff), Lot 5 (City Hall Lot), Lot 6 (Library Lot), Lot 7 (3rd and Main), Lot 10 (5th and Main), Lot 12 (4th and Central), Crescent Community Health Center Parking Lot, Lot 4 (12th and Bluff), Port of Dubuque Surface Lot, Federal Building Parking Lot, Elm Street Parking Lot, Ice Harbor Drive Parking Lot, and Lot 9 (3rd and Locust). The funding for maintenance of municipal parking lots provides for pavement crack sealing, repairs, line striping, and seal coating surfaces.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital improvement projects

OUTCOME
Livable Neighborhoods and Housing Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS
This project is restricted to Parking Fees and Greater Downtown TIF funding.

PROJECT ADDRESS/SERVICE AREA
All at-grade, city-owned parking lots.

ROJECT DESCRIPTION/JUSTIFICATION

This project covers major repairs and maintenance issues for the Port of Dubuque Parking Ramp. The Diamond Jo contributes an annual amount as determined by their development agreement with the City and adjusted annually by Consumer Price Index. Prioritized projects will be identified in the CIP budget, and major ramp maintenance projects will be budgeted on an as-needed basis. Although there is no impact on the operating budget, operating revenue is manufactured by an ongoing maintenance program. Maintenance and repairs extend the life of the ramps and reduce costs by repairing degraded areas prior to damage becoming serious. Major repair maintenance programs are funded on an annual basis. All expenses related to the ramp are reimbursed to the City by the Diamond Jo. The capital improvement project balance accumulates to fund future parking maintenance projects.

Available funding in FY24 was used to conduct a major concrete slab crack-sealing investigation and the associated repairs. Due to the ramp being permanently classified as an open structure, an investigation of the sprinkler system will be conducted to see if some sections can be taken off line in order to save on long-term system maintenance and replacement costs. Additionally, repairs will be made to the mechanical, electrical, and plumbing systems.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Livable Neighborhoods and Housing Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS

This project is restricted to Private Participant funding.

PROJECT DESCRIPTION/JUSTIFICATION

This project funds major repairs at City Parking ramps. The projects that are listed under the Project Description/Justification were part of the Condition Assessment Reports for each Parking Ramp, completed by an outside engineering consultant. This list includes the largest repair costs but does not list all repairs. The project funds are required for major renovation work needed at the Locust Street Parking Garage ($291,500.00, Structural Repair Items) , 5th Street Parking Garage ($275,000.00, Modernize Elevator 1-North), Five Flags Parking Garage ($201,000.00, Waterproofing Maintenance), 10th and Central Avenue Parking Facility ($279,000.00, Waterproofing Maintenance), Port of Dubuque Parking Garage ($110,300.00, MEP Maintenance) and Intermodal Parking Ramp ($74,000.00, MEP Maintenance). Funding will address structural repair items to the concrete beams, columns and slabs, stairwell maintenance, waterproofing, elevator system repairs and upgrades to the mechanical, electrical and plumbing systems.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Livable Neighborhoods and Housing Great Place to Live: Have well-designed and well-maintained public infrastructure and facilities serving neighborhoods.

FUNDING RESTRICTIONS

This project is restricted to the Parking Construction Fund and/or Greater Downtown TIF

PROJECT DESCRIPTION/JUSTIFICATION

The Comprehensive Housing Activities for Neighborhood Growth and Enrichment or CHANGE Initiative is a holistic approach to sustainability that addresses ecological, environmental integrity, economic prosperity, and social/cultural vibrancy. CHANGE is a campaign of neighborhood revitalization and an extension of sustainability to specifically address marginal properties, affordable housing, and homeownership. Under the umbrella of CHANGE, this initiative provides funding towards the City's strategy of revitalization for the downtown neighborhoods and centers on increasing homeownership. The City administers a number of programs of federal and state-provided financial assistance for low-moderate income households (earning less than 80% of area median income) to achieve this. This Program also provides for acquisition activities where the City may purchase abandoned, derelict buildings and houses; or it may purchase housing subject to mortgage foreclosure actions in order to secure City funds previously loaned as part of rehabilitation activities or other housing to accomplish the goals. Certain improvements will be made to the properties in order to make them marketable for resale. In this manner, neighborhood conditions are improved, dwellings are resold to responsible owners and City dollars are returned to the revolving fund. The program offers approximately $30,000 to subsidize rehabilitation. .

DEPARTMENT:	STATE PROGRAM:	PROJECT TITLE:	YEAR FIRST SUBMITTED:	FY 2017	TOTAL PROJECT COST
61 - Housing & Community Development	5C - Community & Economic Development	Assistance for Homeownership	PROJECT NO:	6100200005	
				101-1595, 360-1595	$1,356,151

PROJECT DESCRIPTION/JUSTIFICATION (Continued)
This program is offered to households below 80% of median income as an incentive to purchase and improve properties citywide. Consideration will be given to increasing the amounts for purchase of rental properties converted to owner-occupied. Beginning in 2008, selective purchases have been made. Certain properties are targeted to be voluntarily acquired, for reason of poor maintenance and the inability or refusal of the owner to make improvements. These are then resold to qualifying owner-occupied households committed to the restoration of the home. This program helps support the Four Mounds HEART program partnership. This is a ten-year TIF which requires 38.1% of the income generated to be used for Low and Moderate Income residents anywhere in the City of Dubuque. The percentage to Low and Moderate Income residents can be higher than the required 38.1%. This Housing TIF revenue can be used for City initiatives other than Homeownership Grants in Targeted Neighborhoods & Purchase/Rehab/Resale and can be used outside the Greater Downtown TIF Urban Renewal area.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other projects.

OUTCOME
Livable Neighborhoods and Housing: Have the availability and connectivity of affordable housing throughout the city, not in concentrated areas of poverty and low-income housing

FUNDING RESTRICTIONS
This project may only be funded by Housing TIF and General Fund loan repayments.

PROJECT DESCRIPTION/JUSTIFICATION

The Comprehensive Housing Activities for Neighborhood Growth and Enrichment, or CHANGE, is an initiative with a holistic approach to sustainability that addresses ecological, environmental integrity, economic prosperity, and social/cultural vibrancy. CHANGE is a campaign of neighborhood revitalization and an extension of sustainability to specifically address marginal properties, affordable housing, and homeownership. Under CHANGE, the Washington Neighborhood Homebuyer Program supports and encourages homeownership in the Washington Neighborhood. The program operates under the oversight of the Housing Trust Fund Committee and is capitalized by annual grants received from the Iowa Finance Authority (IFA). IFA requires a match for the program and the City provides IFA Trust Match from the Greater Downtown TIF (GDTIF). The primary purpose is to complement homebuyer programs provided through the CDBG program by providing loans to low-to-mod income homeowners and buyers in the Washington Neighborhood. Homebuyer loans are offered on a sliding scale. Households earning less than 30% of median income (MI) are eligible for $25,000; less than 50% MI are eligible for $20,000; less than 80% MI are eligible for $15,000. All loans are 0% interest and have a monthly payment of $60 per month until paid in full or it is no longer their principal place of residence. Homeowners are eligible for up to $25,000 for the rehabilitation of their property. The new boundaries are 11th Street to 32nd Street; Elm Street to Central Avenue.

RELATIONSHIP TO OTHER PROJECTS

This project is related to Assistance for Homeownership (CIP #6100200005)

OUTCOME

Livable Neighborhoods and Housing: Have strong vibrant 24/7 residential/central business core (Dubuque Main Street Service Area Downtown, Central Avenue Corridor and Dubuque Millwork District, North End including residential opportunities, retail, jobs, recreation and entertainment)

PROJECT DESCRIPTION/JUSTIFICATION

The Comprehensive Housing Activities for Neighborhood Growth and Enrichment, or CHANGE Initiative is a holistic approach to sustainability that addresses ecological, environmental integrity, economic prosperity, and social/cultural vibrancy. CHANGE is a campaign of neighborhood revitalization and an extension of sustainability to specifically address marginal properties, affordable housing and homeownership. Under the umbrella of CHANGE, the Homeowner Rehabilitation Program provides Community Development Block Grant (CDBG) funding for loans to owner-occupied single family or duplex properties for comprehensive rehabilitation of their homes. The Homeowner Rehabilitation Loan Program provides loans up to $25,000, at 0% interest. For households below 30% median income loans will be deferred until sale of property; households below 50% median income loans will be $40/mo. repayment and households below 80% median income $60/mo. repayment. Loans may be made for greater amounts if approved on a case-by-case basis by the Community Development Advisory Commission. This program has been in operation since 1978.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Livable Neighborhoods and Housing: Have the availability and connectivity of affordable housing throughout the city, not in concentrated areas of poverty and low-income housing

FUNDING RESTRICTIONS

This project may only be funded by Community Development Block Grant, Housing TIF, or General Funds.

PROJECT DESCRIPTION/JUSTIFICATION

This program was created as revolving loan fund available on a competitive basis to property owners in the Jackson Park, Cathedral, W 11th Street, Old Main and Langworthy Historic Preservation and Conservation Districts. Low interest loans are made to support exterior rehabilitation projects that result in saving, restoring or reconstructing original building elements using original materials that reflect the architectural character or significance of the building. This program provides a financial resource to property owners in the city's historic district and acts as an incentive to maintain and improve the community's architectural heritage. There is no requirement that an applicant is low-moderate income.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Livable Neighborhoods and Housing: Increase the visual appeal and beauty of the city with attractive gateways, corridors, neighborhoods, homes and businesses.

FUNDING RESTRICTIONS

This project may only be funded by UDAG Loan Repayments

PROJECT DESCRIPTION/JUSTIFICATION
This program funds the City of Dubuque Downtown Urban Renewal District ADA Assistance Program. The program supports residents and businesses to ensure facilities in the Downtown Urban Renewal Area are fully accessible and inclusive to all persons regardless of abilities. This includes parking lots, retail and wholesale stores, restaurants, cafes, taverns, gas stations, public buildings, lodging, schools, parks, and entertainment venues. The program is designed to assist businesses with the cost of becoming ADA compliant. Qualified applicants can receive up to 50% of the cost of the project from the City of Dubuque, at a maximum amount of $5,000 per property.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital projects.

OUTCOME
Healthy and Safe: Become an inclusive and equitable community in which all feel welcome, included, and leave no one behind

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%), DRA Distribution/Gaming, or TIF.

PROJECT ADDRESS/SERVICE AREA
Downtown Urban Renewal Area

$ —	$ —	TOTAL	$ 1,400,000	$ 2,800,000	$ 1,800,000	$ —	$ —	$ —

PROJECT DESCRIPTION/JUSTIFICATION
This project is for the Lead and Healthy Homes Production Grant that was awarded to Dubuque in 2025 and will continue for 48 months. This grant will assist 90-100 residential units with remediating any lead based paint hazards present in the unit. This grant targets units that house children under the age of 6, as well as units that have a child under the age of 6 frequently visiting. This grant helps prevent childhood lead poisoning which has irreversible effects on a child. The City of Dubuque experiences 5-10 cases of lead poisoned children each year, with blood lead levels over 15 ugl. Their is no acceptable level of lead in the blood, but the EPA considers any level over 3.5ugl as elevated and requires action. Structures built before 1978 often contain lead based paint, and the City housing stock consists of mostly structures built prior to this, requiring continued efforts to remediate the hazards.

RELATIONSHIP TO OTHER PROJECTS
This grant is used in conjunction with the Healthy Homes Production Grant and the Homeowner Rehab program to make the biggest impact for residents.

OUTCOME
Reduced lead paint hazards in Dubuque Homes, resulting in less lead poisoned children.

FUNDING RESTRICTIONS
Federal Grant and CDBG Funding Only

PROGRAM ADDRESS/SERVICE AREA
Citywide

PROJECT DESCRIPTION/JUSTIFICATION

This Program takes a comprehensive approach to addressing multiple diseases and injuries for those who are low-to-moderate income and at high risk in the home by focusing on housing-related hazards in a coordinated fashion using the Eight Healthy Homes Principles: 1. Keep it dry; 2. Keep it clean; 3. Keep it Safe; 4. Keep it well-ventilated; 5. Keep it pest-free; 6. Keep it contaminant-free; 7. Keep your home maintained; 8. Thermally-controlled. The high-risk population contains, but is not limited to: children, older adults and families with persons with disabilities. Creating healthier housing promotes the healthy growth and development of children and has the potential to save billions in health care costs. All units served must be the residence of families with income at or below 80% of the area median income. All addresses within the City of Dubuque are eligible. This program seeks to complete construction on 126 units and ends September 2025.

RELATIONSHIP TO OTHER PROJECTS

This project is related to the Lead and Health Homes project (CIP #6100100016). If healthy homes funding is exhausted in the Lead and Healthy Homes grant, this grant may be utilized in partnership with that grant to provide both the removal of lead hazards and healthy homes principles to the same unit.

OUTCOME

Livable Neighborhoods and Housing: Have safe, healthy, inclusive and affordable neighborhoods citywide

FUNDING RESTRICTIONS

This project may only be funded by Federal Grants provided by HUD.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for a phased program of historic and architectural surveys of Dubuque's older neighborhoods to identify cultural resources for planning and program implementation as well as neighborhood revitalization and sustainability. This project also supports registrations through nomination and listing of local historic districts, sites, and properties to the National Register of Historic Places, which facilitates access to historic tax credits and other preservation funding sources. This project can also assist with historic structure reports or surveys to facilitate rehabilitation and adaptive reuse. City funds would be used to leverage state grants where feasible; state grants are highly competitive and can extend project timeline. This project helps to maintain status as a Certified Local Government (CLG) with the State of Iowa. The CLG program requires that historic and architectural surveys and registrations be conducted on a periodic basis. Between 2000 and 2016, nearly 5,800 structures in Dubuque's historic districts, conservation districts, and conservation planning areas were surveyed. These surveys and registrations assist Planning Services staff with conducting mandated Section 106 reviews of potential impacts to cultural resources for federally-funded housing rehabilitation and other City projects. CLG status allows the City to conduct these reviews in-house, which streamlines project review. These surveys and registrations also assist with federal and state tax credit applications and disaster assistance. This project implements the Historic Preservation Commission's annual work plan, a key component of the City's Historic Preservation Program.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Livable Neighborhoods and Housing: Increase the visual appeal and beauty of the city with attractive gateways, corridors, streetscape/landscaping

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution.

PROJECT ADDRESS/SERVICE AREA

Dubuque's older neighborhoods, generally east of John F. Kennedy Road.

PROJECT DESCRIPTION/JUSTIFICATION

This funding is requested for the completion of a bi-yearly aerial orthophotography project which also includes consulting services for project management and quality control/assurance. Aerial orthophotography will be flown in Spring 2026 on our current flight schedule and covers the City of Dubuque, the 2-mile development review area, and the Dubuque Regional Airport. The updated photography continually assists in a number of organizational activities, including mapping, land management, urban planning, environmental monitoring, economic development, public safety, and requirements by the Federal Aviation Administration for the electronic airport layout plan (eALP).

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Financially Responsible, High-Performance City Organization: Sustainable, Equitable and Effective Service Delivery

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

PROJECT ADDRESS/SERVICE AREA

Greater Dubuque area, including city limits, the Dubuque Regional Airport (11000 Airport Road), and a 2-mile development review area within the State of Iowa.

PROJECT DESCRIPTION/JUSTIFICATION

This project will provide funding for the City to hire a consultant to update the community's greenhouse gas (GHG) inventory and community climate action plan (as needed). The community inventory was first completed in 2011, and best practices indicate it should be updated every three years. The updated inventory will track progress towards the 50% by 2030 Community Climate Action & Resiliency Plan approved by City Council in 2013. The contract would request a consultant to work closely with City departments to collect data regarding building energy use, fleet operations, and other GHG-emitting municipal sources. The contract would also request a consultant to work with the City and other community partners to update the community's GHG inventory and ensure complete final documentation to comply with the City's national commitments, including the Compact of Mayors. In 2015, then Mayor Buol signed on to the Compact of Mayors, which commits Dubuque to developing a GHG mitigation and climate adaptation plan within three years. Part of this requirement is reporting municipal and community data via an internationally-recognized reporting protocol such as the Carbon Disclosure Project. Lastly, the hired consultant would work with a community-based steering committee to update the community climate action plan, which should be updated on a regular basis. The City's last GHG inventory was completed in 2022. This funding may also be used for a municiple-only inventory, communitywide inventory as well as exploration of a goal that is science-based and goes beyond the initial 2030 timeframe.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Sustainable Environment: Preserving & Enhancing Natural Resources

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

PROJECT DESCRIPTION/JUSTIFICATION

This project provides for replacement of computers and printers for all City departments except those funded through Community Development Block Grant or Housing grant funds. This reflects a four-year replacement schedule for computers, a five-year replacement schedule for printers and a two-year replacement schedule for computer tablets. Software capabilities continue to outpace hardware and also provide continued opportunity for productivity enhancement. In the past we tried to maintain a five-year replacement schedule; however, this has been ineffective and is at least a year too long based on the pace of hardware and software industries.

RELATIONSHIP TO OTHER PROJECTS

This project is not related to other capital projects.

OUTCOME

Financially Responsible, High Performance City Organization: Sustainable, Equitable and Effective Service Delivery.

FUNDING RESTRICTIONS

This project may only be funded by Sales Tax Funds, CDBG, and DRA Gaming/Distribution.

$ —	$ 120,000	TOTAL	$ —	$ —	$ —	$ 466,000	$ 177,000	$ 195,000

PROJECT DESCRIPTION/JUSTIFICATION
This project will replace network switches and related battery backup equipment on an 8 year cycle. Network switches are crucial components of computer networks, responsible for routing and managing data traffic between connected devices. The lifespan of a network switch is typically determined by reaching end of life (EOL), environmental factors or maxing out capacity in terms of connections or bandwidth. Proper power management, including the use of surge protectors and uninterruptible power supplies (UPS), can also help prevent damage from power surges and outages, which can shorten the lifespan of network switches.

RELATIONSHIP TO OTHER PROJECTS
This project is not related to other capital improvement projects.

OUTCOME
Financially Responsible, High Performance City Organization: Secure City information and data using the “Best Practices” of the Dubuque community, including regular replacement of end of life equipment.

FUNDING RESTRICTIONS
This project may only be funded by Sales Tax Fund (20%) or DRA Distribution/Gaming.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

City of Dubuque
Iowa

For the Fiscal Year Beginning

July 01, 2024

Executive Director

Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to City of Dubuque, Iowa, for its Annual Budget for the fiscal year beginning July 1, 2024. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

This City of Dubuque has been awarded this honor for the past 19 years in a row.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007 · 2012 2013 · 2017

BUDGET INTRODUCTION

Attached for your review is the Fiscal Year 2026 Recommended Budget.

The Budget and Fiscal Policy Guidelines are developed and adopted by City Council early in the budgeting process in order to provide targets or parameters within which the budget recommendation is to be formulated.

The budget recommendation presented by the City Manager may not meet all of these targets due to changing conditions and updated information during budget preparation. To the extent the adopted budget varies from the guidelines, an explanation is provided following the Budget Transmittal Message.

The following Fiscal Year 2026 Budget Transmittal Message is written in February as recommended by the City Manager to the Honorable Mayor and City Council.

A series of Budget Hearings take place following the presentation of the recommended budget, to allow for public input and analysis.

This budget was presented on March 31, 2025 to the Honorable Mayor and City Council.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007★2012★2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Fiscal Year 2026 Recommended Budget

DATE: March 26, 2025

It is my goal that the Fiscal Year (FY) 2026 budget recommendation will reflect the City Vision and Mission Statements as established by the Mayor and City Council and be responsive to the goals and priorities established by the Mayor and City Council in their August 2024 annual goal setting session.

In August 2024 the Mayor and City Council met for their annual three-day strategic planning session and established the following:

2024 Vision Statement
Dubuque 2039 is a sustainable and resilient city, an inclusive and equitable community where ALL are welcome. Dubuque 2039 has preserved our Masterpiece on the Mississippi, has a strong, diverse economy and expanding connectivity. Our residents experience healthy living and active lifestyles; have choices of quality, affordable, livable neighborhoods; have an abundance of diverse, fun things to do; and are successfully and actively engaged in the community.

Mission Statement
Dubuque city government is progressive and financially sound with residents receiving value for their tax dollars and achieving goals through partnerships. Dubuque city government's mission is to deliver excellent municipal services that support urban living; contribute to an equitable, sustainable city; plan for the community's future; and facilitate access to critical human services.

Five-Year Goals: 2024-2026

1. Vibrant Community: Healthy and Safe
2. Financially Responsible, High-Performance City Organization: Sustainable, Equitable, and Effective Service Delivery
3. Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity
4. Livable Neighborhoods and Housing: Great Place to Live
5. Sustainable Environment: Preserving and Enhancing Natural Resources
6. Connected Community: Equitable Transportation, Technology Infrastructure, and Mobility
7. Diverse Arts, Culture, Parks, and Recreation Experiences and Activities
8. Partnership for a Better Dubuque: Building Our Community that is Viable, Livable, and Equitable

2024-2026 Top Priorities (in alphabetical order)

1. Air Service: Future Strategy and Action Plan: Major Airline Hub Connections
2. Central Avenue Revitalization Plan Implementation
3. Construction of 14th Street Railroad Overpass and 16th Street Corridor Complete Street Improvements: RAISE Grant and Matching Funds
4. Police Department Staffing and Hiring
5. Street Maintenance/Rehabilitation Program

2024-2026 High Priorities (in alphabetical order)

1. Catfish Creek Sanitary Sewer Project: Old Mill Road Lift Station Project
2. Chaplain Schmitt Island Development
3. City Workforce Retention and Attraction
4. Comprehensive Study of Fire Station Locations and Staffing
5. Parks Maintenance/Refresh Action Plan.

“The two most important days in a person life are they day they are born, and the day they find out why.” Mark Twain

I feel so fortunate to work with a hard working, committed group of city employees who have determined that their “why” is to lift up and serve others. Recognizing the value of our current city workforce and the need to continue to recruit talented and committed employees the City Council again chose as a priority, “City Workforce Retention and Attraction.” While this has been a consistent challenge since the pandemic across the city organization the problem has been especially acute in the Police Department with a consistent vacancy rate of about 15 police officers.

This budget recommendation includes implementation of a recently completed classification and compensation study to ensure the City is paying competitive wages, including all levels in the Police Department, and it includes implementation of a previously City Council approved Precision Policing Center that will be a force multiplier for the Police Department and is funded by eliminating six sworn positions to create five non-sworn positions and equip the Precision Policing Center.

This budget recommendation is built on:

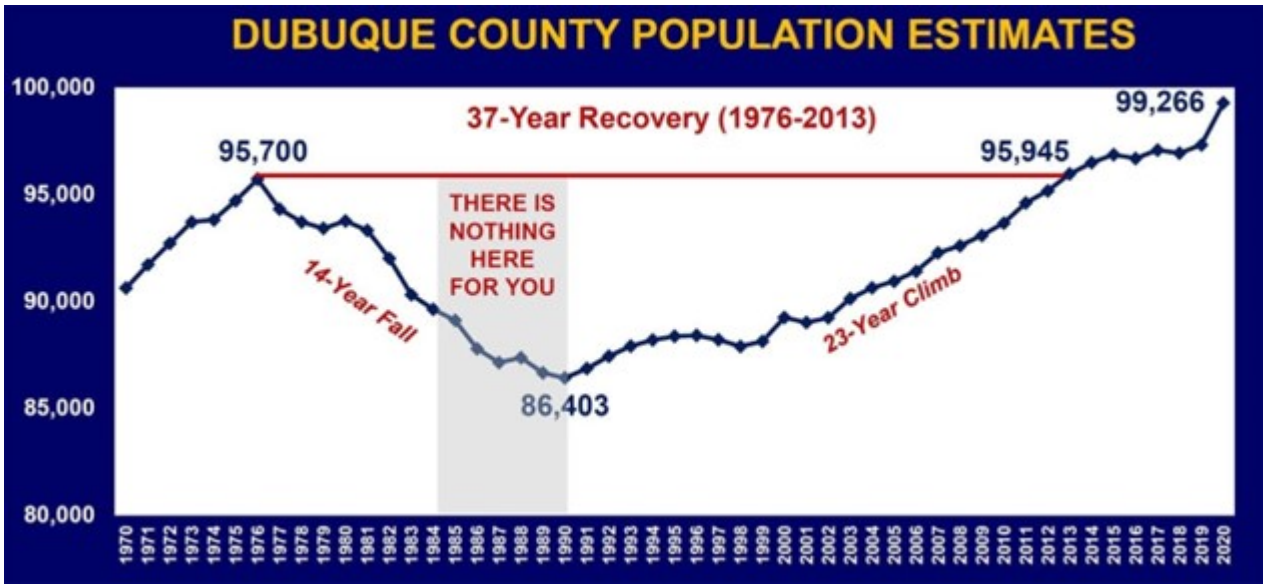

1. City Council Goals & Priorities
2. Major Capital Improvement Projects
3. Public Safety
4. Streets

In July 2023, the prudent financial management by the Mayor and City Council was being recognized. Moody's Investors Service upgraded the City of Dubuque, IA's issuer rating and outstanding general obligation bonds to Aa2 from Aa3, as well as its outstanding moral obligation SalesTax Increment Revenue Bonds, Senior Bond Series 2015A toA1 from A2.

The issuer rating was upgraded to Aa2 because the city has strong financial operations and ample revenue-raising flexibility, which has resulted in steadily improved available fund balance and cash. The city serves as a regional economic center and its regional economic growth rate has outpaced the nation over the past five years. The city's local economy is likely to remain strong because of its mix of commercial and industrial industries, stable population and steady tax base growth. Resident wealth and income ratios are a little below rated peers, in part because of a large student population. Leverage is elevated and could grow further because of outstanding capital needs.

In January 2025, Moody's Investor Services reaffirmed the July 2023 bond rating upgrade.

Fortunately, Dubuque is outperforming most of our peers across the state of Iowa and the Midwest. As you can see in the following chart, the city has climbed out of a decades long hole, achieving growth that few other Midwest communities have experienced. To maintain and accelerate this momentum there must be continued investment. The good news for the city is that the federal government has decided to be a financial partner with local governments to spur growth and investment and the City of Dubuque has received several very important federal grants.

Reviewing the five-year Dubuque County goals (2022-2027) for the Greater Dubuque Development Corporation (GDDC) you can see significant progress is being made. This is especially true in the areas of increasing Median Household Income and Construction Investment.

Median Household Income has increased from $68,198 in 2021 to $75,919 as of December 2024 ($7,721, 11.3%).

The GDDC target for Construction Investment is $1 billion by 2027 and only 31 months into the five-year plan the amount of investment in Dubuque County alone is over $783,422,883. At this pace the amount of investment over 5 years could hit over $1.5 billion in Dubuque County, and far exceed that total on a regional basis.

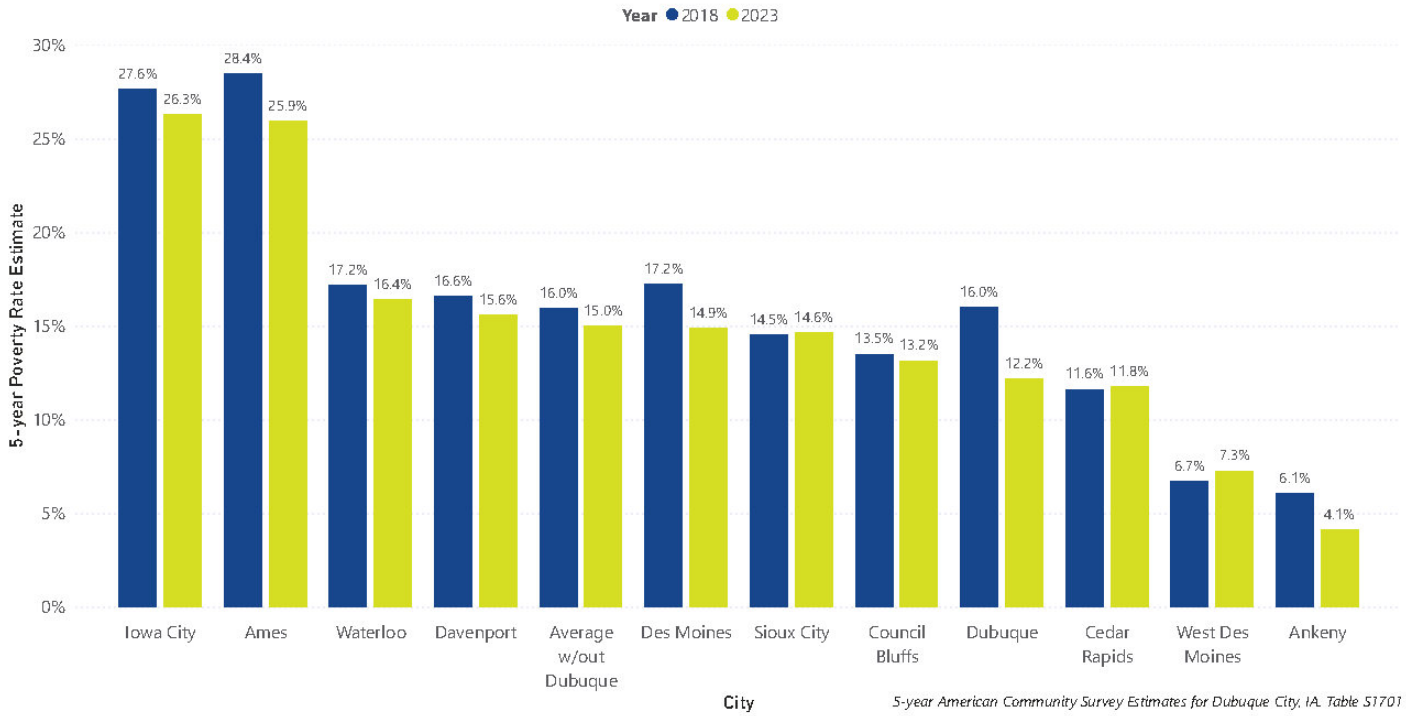

The Office of Shared Prosperity and Neighborhood Services reports that progress is being made on poverty prevention and reduction and Dubuque is again outperforming our peer cities in the State of Iowa, though the reduction of direct federal assistance to families caused a slight poverty uptick in 2022:

Dubuque, Iowa, US Poverty Rates

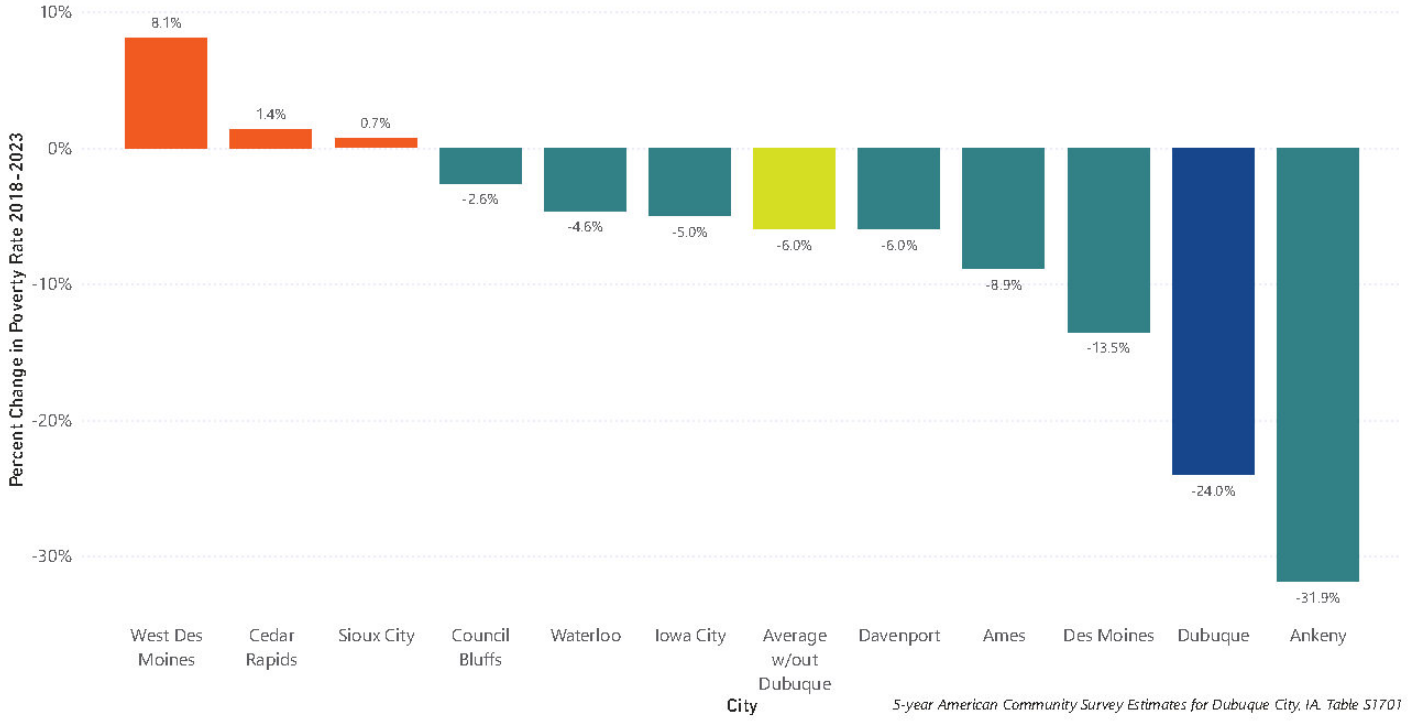

5-year American Community Survey Estimates for Dubuque City, IA. Table S1701

Poverty Rates by City

5-year American Community Survey Estimates for Dubuque City, IA. Table S1701

5-year Percent Change in Poverty City

5-year American Community Survey Estimates for Dubuque City, IA. Table S1701

Cost Increases

Supply chain issues and rising prices for fuel, vehicles, equipment, construction materials, electronics, and more are impacting the operating expenses of many City departments. Like the private sector, the City is also facing significant challenges in filling staff vacancies and new positions as Iowa's workforce crisis continues to manifest itself through record low unemployment and significant employee turnover.

To enhance the City's employee retention and recruitment efforts and to respond to core inflation, I am recommending that non-bargaining unit employees receive a 3% wage increase. The Dubuque Police Protective Association (DPPA) 5-year contract was approved last year with a 5% wage cost in FY25, and 5% in FY26, after a 6% increase in FY24. The City successfully negotiated new agreements with the Operating Engineers and the Dubuque Professional Firefighters last year with Operating Engineers wage cost of 3.25% in FY25 and 3.5% in FY26 and the Firefighters wage cost of 5% in FY25 and 3.5% in FY26. The two Teamster collective bargaining agreements are currently in negotiations.

I am recommending a 3% cost of living wage increase this year for non-bargaining employees along with implementation of the results of Carlson Dettman (Cottingham & Butler) Compensation and Classification Study results. If this is approved, non-bargaining unit employees have averaged a 2.3% annual wage increase over 11 years, including no wage increase in FY2021 at the beginning of the pandemic. The average change in the Consumer Price Index over that period was 2.7%.

Community Safety

In the area of public safety, the City has added ten positions to the Fire Department over the last few years. There will also be a replacement of 4 major pieces of equipment at a cost of over $2 million. This further enhances a Fire Department that, as an Insurance Services Office Class II Fire Department, is ranked in the top 3% of the over 48,000 Fire Departments in the United States. The Dubuque Fire Department is one of less than 300 Fire Departments internationally to receive accreditation by the Commission on Fire Accreditation International. It is no wonder that when asked to rate all of Dubuque's public services, local CEOs, business owners, and top managers rated Dubuque's fire service #1 and its ambulance service #2.

The City will also continue the aggressive deployment of security cameras, which is being made easier as ImOn Communications has committed to deploying fiber optic cable across the entire Dubuque community over the next three years with the goals of serving every home and business with fiber optics. The City Council approved in 2023 technology as police force multipliers with Automated License Plate Readers.

In 2024 the Mayor and City Council approved the request from Chief of Police Jeremy Jensen to convert 6 vacant sworn Police Officer positions to cover most of the costs to create a Precision Policing Center staffed with five civilian employees who will bring even greater technology improvements to crime prevention, criminal apprehension and Police Officer safety in our community.

I have attached the 2024 Dubuque Police Department Annual Report. You will see Dubuque has had a 44% reduction overall cases from 2015-2024. The crime clearance rate for property crimes is 91% compared to 13% nationally.

The City is committed to aggressively filling the many vacancies in the **Police Department** triggered, in part, by the hiring freeze during the economic crisis caused by the pandemic. The 6% wage increase in FY24, the 5% wage increase in FY25, and the 5% wage increase in FY26, along with the midyear pay boost for command staff will help with retention and recruitment.

The City and Dubuque County are partnering on two important projects. The first is a 50/50 split on the $5 million in costs to move the 911 Emergency Communications Center to a new facility, and a 50/50 cost split on the $3 million to replace the Police, Fire, 911, and Sheriff's Office operating software.

In Dubuque, Iowa, access to clean drinking water is crucial for public safety, preventing waterborne diseases, and promoting overall public health. **Water Department** staff work diligently to ensure that the water meets both federal and state regulatory standards. Clean, treated water is vital in reducing the risks of diseases like cholera, giardia, and E. coli—illnesses that could overwhelm healthcare systems and trigger public health emergencies. Moreover, it supports essential hygiene and sanitation practices, such as handwashing, cooking, and cleaning, helping to prevent infections and safeguard the community's well-being.

Clean drinking water supports other City Departments, including Parks & Recreation. It ensures hydration for park visitors during outdoor activities, particularly in warm weather, through fountains, water stations, pools, and splash pads, promoting health and preventing dehydration. A reliable water distribution system is crucial for Dubuque's emergency preparedness. The fire department depends on this system to fight fires. Fire hydrants provide a high-pressure water supply, enabling swift action to control fires, minimize damage, and save lives. A stable water distribution system is essential for ensuring that emergency services, especially firefighting efforts, can respond effectively and efficiently. The exceptional water system is taking into consideration as the Fire Department earns a prestigious Class II ISO rating.

The City of **Dubuque Planning Services Department** plays a vital role in ensuring the safety of the public by guiding the city's growth in accordance with the City of Dubuque Unified Development Code (UDC) and the Imagine Dubuque Comprehensive Plan. Through the UDC, the department enforces zoning regulations that prevent incompatible land uses, such as separating residential and industrial areas. Additionally, the UDC mandates important safety features in the design of buildings, such as required building setbacks, ensuring safe distances between structures to prevent overcrowding and allow for proper emergency access. It also enforces standards for light and ventilation to ensure buildings have sufficient airflow and natural light, contributing to healthier and safer living environments. The UDC includes fire separation requirements to minimize the risk of fire spreading between structures, providing vital protection for both residents and property. Furthermore, the department's oversight of site plans, subdivisions, and other developments ensures that safety considerations are central to the design and construction of all projects, creating safer communities for everyone.

The Imagine Dubuque Comprehensive Plan further complements these efforts by providing a long-term vision for the city's growth, which prioritizes the creation of safe, livable communities. This plan incorporates strategies for improving transportation networks, enhancing pedestrian and cyclist safety, and creating well-lit, accessible public spaces and to promote overall safety within neighborhoods. The Planning Services Department, working in coordination with other city departments, ensures that these safety-focused strategies are incorporated into every aspect of the city's growth, from infrastructure planning to community engagement.

In addition to the UDC and comprehensive planning, the Planning Services Department also oversees specialized functions such as floodplain management and development review facilitation. As the city's Flood Plain Manager, the department ensures that development within flood-prone areas complies with regulations that minimize flood risks, protecting both public safety and property. Furthermore, the department leads the development review team, which consists of key city staff members who evaluate projects for compliance with safety standards, zoning codes, and environmental regulations. By providing this thorough review process, the Planning Services Department ensures that developments not only meet regulatory requirements but also enhance the safety, sustainability, and resilience of the community.

The Office of Shared Prosperity and Neighborhood Support is implementing the Poverty Prevention and Reduction Plan. Poverty is defined as "an economic state in which an individual's or family's income can't cover the basic needs of everyday life." These needs typically include housing, food, child-care, clothing, health, transportation, and internet access. The impact of poverty is a safety concern to our community.

The struggles and trauma associated with poverty weakens families and individuals, some of whom struggle within poverty's grip for generations. Families are the building block of a thriving society; if those blocks are compromised or fractured, so too, is the whole of society. Poverty poses barriers to securing an education, acquiring a job with a living wage, and affording safe and affordable housing for individuals and families.

Addressing poverty in the City of Dubuque requires a collaborative, community-wide "all hands-on deck" effort. Our department partners with multiple city departments and community partners across sectors to implement the Equitable Poverty Reduction and Prevention Plan.

Dubuque 911 Emergency Communications Center acts as a central hub for receiving emergency calls, and dispatching the appropriate response (Police, Fire & EMS). Dispatchers coordinate communications with the responding agencies, doing their best to get everyone a better understanding of what is happening. Dubuque is very fortunate all the calls whether emergency and non-emergency calls come to the same location. All our staff is trained in Emergency Medical Dispatch (EMD), Emergency Fire Dispatch (EFD) and Emergency Police Dispatch (EPD). Dispatchers do ask a lot of questions but just know as you are answering those very important questions with information for the responders, all that information is being passed along to those coming to help you! We ask the questions to better inform our responders and to keep our callers safe.

There are many ways the Emergency Communications Department supports other departments in Public Safety.

- When calling 911 you can help the dispatcher by providing detailed information about what is happening. We quickly gather information from the callers to assess what is happening and what units are needed (EMS, Fire & Police). The quicker we can get the information the better response time for responding agencies.

- Dispatchers can facilitate communications across multiple different responding agencies, making sure everyone has access to important details of the incident. These include but not limited to Iowa State Patrol, DNR, Dubuque County Sheriff, Dubuque County Conservation, Iowa DOT, County DOT, etc.

- Dispatchers have the ability to use advanced forms of technology to pinpoint exact location of emergency callers. Ensuring that responders get to the correct location. They're also able to connect 911 callers to adjacent counties communication centers both IA, WI, and IL.

- We have smart 911. Callers and businesses have ability to make personal/ business profiles that will share needed information on a 911 call. It only shares information provided in the profile; and only when you call 911 from the specific number provided in your profile. This information can gives us door codes or certain directions about how to get to the residence.

- Dispatch has on call lists for most City of Dubuque Departments. We are the answering point for all City of Dubuque departments after normal business hours. Dispatchers use numerous resources to assist our callers in eventually speaking with the department they need. We work closely with Public Works (road conditions), the Water Department (water main breaks) and Traffic Signal Technicians (traffic light issues), records and Courthouse.

- Dispatchers utilize City Cameras – to provide live, up-to-date information to the responding units, as well as play back footage to assist for a multitude of calls for service.

- Dispatchers are trained to stay on the line with callers during emergency event until responders arrive. We want the caller to feel safe and protected with us on the line talking or listening and offering whatever help we can until responders arrive.

- Dispatchers complete ongoing training and keeping up to date on all the new things in 911! We have multiple platforms of online training that they work through alongside of their regular responsibilities. We want to be as prepared as possible to respond during a crisis!

While I am now a City Manager, I was once a Police Officer. I referred to the 911 dispatchers as our "Guardian Angels" as we knew they were sitting on our shoulders ready to get us help on a moments notice.

Sustainability is playing the long game, but it impacts our lives today. If we hope for a better city and world for our children and grandchildren, and all those who come after, we must prioritize our environment. This means protecting and preserving our air quality and water, rather than continuing to degrade them. As Jayla Rousseau-Thomas, an Anishinaabe woman, mother and social worker living on the traditional territories of the Kwanlin Dun First Nation and Ta'an Kwachan Council in Whitehorse, Yukon shared, " Simply put, the Seven Generations Principle puts the onus on decision makers to consider the options and their impacts outside of just the current context when making decisions at the individual, family, and community levels. Each person is to consider the decision they are seeking to make, in addition to considering what would the seven generations before them have done, and how will this decision impact seven generations into the future."

At its core, sustainability means ensuring our ability to continue and survive. Community sustainability initiatives involve local policies that consider multiple human needs. A sustainable community is a place where people of diverse backgrounds and perspectives feel welcome and safe, where every group has a voice in decision-making, and where prosperity is shared. Through thoughtful planning and strong sustainability efforts, we can build resource-efficient, stable, and cohesive communities. These efforts not only protect us from economic shocks, but strengthen our resilience to other threats, such as severe weather. Sustainability touches nearly every aspect of our daily lives, many of which we often take for granted: the air we breathe, the food we eat, the water we drink, the clothes we wear, and the homes we live in. It influences our physical health, our modes of transportation, land use, biodiversity, and even how we handle waste. By promoting sustainability, we create safer, healthier, and more productive environments. We empower communities to focus on the well-being of all residents, fostering resilience and justice.

Our sustainability work cultivates and maintains deep relationships within the community by identifying assets, skills, knowledge, and vulnerabilities. These connections support quotidian life as well as during times of disruption. The link between poverty and environmental degradation underscores the importance of addressing poverty prevention as a part of sustainability efforts. By working on energy efficiency and conservation, we reduce the economic burden on vulnerable populations. We also work to mitigate the impacts of disasters, as extreme weather events can lead to economic crises.

Ultimately, sustainability provides a path forward, overcoming the fear, confusion, and apathy that often accompany our changing climate. It empowers individuals, neighborhoods, businesses, non-profits, and cities to take collective action. By considering our relationship to the land, our infrastructure, and one another, we can create a resilient and lasting future where all can thrive.

The **Health Services** Department is an integral component of the City's public safety, primarily through Animal Control and Environmental Health activities. Animal Control enforces the Animal Control ordinance through the prohibition and enforcement of dogs and cats running at-large within the city, inoculation of all dogs and cats against rabies, investigation of animal bites and assurance of proper rabies confinement, prohibition of harboring a vicious or potentially vicious animal or dangerous animal and prohibition of animals causing serious disturbance or nuisance. The Environmental Health activity provides public safety through the inspection of food establishments (grocery stores, restaurants, etc.) to assure food safety limit food borne illness, along with public swimming pool and spa inspection. The department also plans for and responds to public health emergencies such as disease outbreaks, epidemics and pandemics and assures children with lead poisoning receive medical case management.

There is no greater concern for residents than ensuring their safety, and the Dubuque **Fire Department** plays a crucial role in safeguarding both our community and visitors. As a nationally accredited department, part of an elite group of fewer than 300 worldwide, and holding an ISO Class 2 rating—placing Dubuque among the top 3% of over 48,000 U.S. fire departments—the department sets a high standard in emergency response. The Fire Department provides essential services, including fire suppression, advanced life support (ALS) medical care and transport, technical rescues, water rescues, and hazardous materials response. In 2024 alone, the department responded to nearly 8,000 incidents, averaging 22 incidents per day, approximately 50 vehicle responses per day, showcasing the community's reliance on swift and effective action in times of crisis. The Greater Dubuque Development Corporation has recognized the department's value, presenting fire a 6.27 rating and ambulance a 6.16 rating out of 7 in its FY2023-2024 Public Services Index, ranking them first and second in overall service satisfaction. This feedback reflects the community's trust in the department's ability to deliver top-tier emergency services that directly contribute to the safety and well-being of everyone in Dubuque.

At the heart of the Fire Department's service is a team of dedicated firefighter-paramedics, each trained to the highest fire, EMS, and special response standards and equipped to provide life-saving care during any emergency. Dubuque's fire suppression vehicles and ambulances are all fully equipped with advanced medical equipment, ensuring we can provide critical care immediately when it's needed most. In addition to emergency response, the Dubuque Fire Department is also committed to community risk reduction through public education and proactive efforts to reduce fire and injury risks. By offering educational programs, safety inspections, and fire prevention initiatives, the department works to minimize the likelihood of emergencies and help the public better protect themselves. Beyond responding to emergencies, the Fire Department collaborates closely with law enforcement, public health, and other local agencies, creating a coordinated and effective approach to public safety. The Dubuque Fire Department contributes to the safety of the public not only through emergency response efforts but also through our commitment to excellence, community education, and collaboration, ensuring that the Dubuque community remains as safe as possible at all times.

Dubuque Regional Airport's highest priority is to provide safety and security to public, tenants and staff using DBQ facilities for entering the global network of general aviation, commercial airline travel and commerce. This is achieved through physical monitoring, advancements in technology and the close adherence to Federal Laws and Regulations.

Passenger and staff safety are achieved using physical screening, baggage screening, remote monitoring, and access control. These protocols are derived through frequent training and inspections to ensure Dubuque is following regulations set forth by the Federal Aviation Administration (FAA) and the Transportation Security Administration. (TSA).

Facility safety is closely monitored by highly trained airfield operations, aircraft rescue firefighting, public safety, airfield maintenance, airfield ground handlers and administration staff and airfield tenants to mitigate areas of concern using equipment, frequent safety inspections, and building strong relationships with other City Departments directly through Dubuque Police, Fire, Health, Dispatch as well as other city departments and numerous mutual aid and outside safety organizations.

Airport safety and security is a global priority and achieved only when there is great cooperation between staff, associates, and the traveling public.

The City of Dubuque's **Public Works Department** has a critical role in public safety through disaster response, community protection, and various supporting operations.

Disaster response from Public Works ensures roads are cleared from debris, snow and ice, low hanging or downed wires for the community and Police and Fire to navigate to and from emergency situations as they arise. These operations continue as needed without regard to weekends, or holidays. Staff in Public Works also ensure traffic signs, lights, and signals are back up and running post-storms, accidents, or other incidents.

Community protection comes through operating and monitoring the flood control system that prevents the Mississippi River from inundating the community during high water events and keeps the storm water system free of debris. Part of this system includes the Bee Branch storm water system designed to prevent water from backing into community homes. Public Works oversees the maintenance of the city-wide network of storm water and sanitary sewer pipes throughout the city to make sure they are functioning properly and in compliance with the consent decree. Additionally, Public Works oversees the curbside collection of trash, recycling, and organics from residential properties to keep the community free from disease and vector control. Staff also operate the landfill to ensure proper disposal and diversion of materials collected both inside and outside the community.

Other supporting operations include maintaining Police fleet and Fire Apparatuses for operational readiness. Fleet services division within Public Works also maintains The Jule buses used to carry community members to various locations for appointments and groceries. Staff and fleet within the field operations division have also been used to barricade community events and even Presidential visits coordinated with Police and Fire for the safety of those attending.

Public Works does not undergo all these operations single-handedly, though. Public Works partners with Engineering, Housing, Police, Fire, Water Resource & Recovery Center, Water Department, Health Services, Parks Division, and others every day to accomplish these operations for public safety.

The **Transportation Services Department** plays a major role in keeping the community safe. Whether it is daily riders on The Jule or downtown shoppers utilizing the public parking system, The Transportation Services Department strives to ensure a safe and pleasant experience. The Jule has upgraded our cameras systems, increased driver training, and identified additional support during peak passenger hours. The Jule strives to be on time and accessible to the community to allow passengers to reach their final destinations, including critical medical appointments, places of employment, and grocery stores. The Transportation Services Parking Division is in the middle of a system update for off-street and on-street technology. To promote a safe experience in the parking ramps, new lighting has been installed in a majority of the ramps along with updating camera systems. The Transit and Parking teams monitor all weather conditions to allow for clear parking locations along with safe driving conditions.

Cybersecurity is the cornerstone of the city's **Information Technology** framework, safeguarding sensitive data and protecting critical systems from cyber threats. With the rise in cyberattacks, robust cybersecurity measures and incident response are essential to maintain public trust and ensure the uninterrupted operation of city services. IT utilizes advanced firewalls, encryption techniques, and intrusion detection systems to prevent unauthorized access and mitigate potential breaches. Regular monitoring, security audits and vulnerability assessments further bolster the city's defenses, ensuring that any weaknesses are promptly addressed.

Security cameras are a crucial component of the city's safety infrastructure, providing real-time surveillance and acting as a deterrent to criminal activity. IT supports the network and system used for high-definition cameras with advanced features allowing law enforcement agencies to monitor public spaces more effectively. A robust network enables seamless data sharing and analysis across departments assisting precision policing, investigations and enhancing public safety.

IT infrastructure is integral to the efficient operation of emergency management services, including the 911 dispatch center, police, sheriff, and fire/EMS departments. Advanced communication systems ensure that emergency responders can quickly and accurately coordinate their efforts, reducing response times and improving outcomes. IT support extends to the maintenance of critical databases, such as criminal records and emergency contact information, which are essential for informed decision-making during crises. Additionally, IT systems facilitate the integration of various integrated emergency management tools, such as geographic information systems (GIS), mobile in-car computers, EMS cardiac monitors, body cameras and real-time incident reporting, further enhancing the city's ability to respond to emergencies and keep personnel safe. Support is provided for all emergency operations center events.

The resilience of the city's IT infrastructure is critical in maintaining uninterrupted service delivery and ensuring the safety of residents. Fiber optic connectivity and redundancies are key components of this resiliency, providing high-speed, reliable internet and network connections and minimizing the risk of outages. By implementing redundant systems and backup protocols, IT can quickly recover from equipment failures or cyberattacks, ensuring that critical services remain operational. This resilience not only enhances the efficiency of city departments but also fosters public confidence in the city's ability to manage and respond to emergencies. The use of cloud-based solutions and virtualization technologies enables seamless scalability and flexibility, allowing city departments to adapt to changing needs, demands and priorities.

Ultimately, the primary goal of IT infrastructure in city departments is to enhance the quality of life for residents by providing reliable, efficient, and secure services. Information technology is a critical enabler of public safety and the efficient operation of city departments. Through cybersecurity measures, equipment replacements, and support for emergency management, the city's IT infrastructure enhances the overall resiliency and service delivery of the city. By maximizing uptime and operational efficiency, IT systems ensure that residents receive the highest quality of service, contributing to a safer city.

The **Parks and Recreation Department** maintains a robust park system and offers recreational program opportunities that give individuals and families access to many opportunities for their free time to enjoy life. Our parks and trails offer many benefits. They provide a place where people of all ages can be active leading to reduced stress and improved physical and brain health and well-being creating a higher quality of life and extending life. Time spent in nature positively impacts mental health by increasing cognitive performance and well-being and alleviating illnesses such as depression, attention deficit disorders, and Alzheimer's.

Parks and recreational facilities and programs provide places where neighbors, friends, and families can meet, which improves community connections. This counters social isolation by connecting people with each other through festivals, parades, fundraisers, social events, performing arts, tours, and other programming. Special places like the Miracle League facilities in Veterans Park are accessible to all ages and abilities, especially those with disabilities. These are safe places for people to play and exercise away from busy city streets.

The Parks Division is on the forefront of our communities' emergency response. One example is our forestry tree crew that keep the city's extensive tree network trimmed, removes dead trees, and clear streets of tree debris on a daily basis and in storm responses to windstorms, ice, and heavy snow weather events. Parks Division employees are called upon to serve during heavy snowfall as a secondary snow crews aiding Public Works in the clearing of streets and sidewalks. Parks also partners with Dubuque Trees Forever to replace and add trees to the urban forest reducing heat islands and adding to community beautification. Much of Dubuque's beauty is captured by its forested bluffs, tree lined streets, and colorful foliage displays in the fall.

Active recreation such as playgrounds, hiking and biking trails, sports fields and courts, splash pad, and swimming pools are places to run off steam and burn excess energy in a positive way. Access to parks and recreation opportunities has been strongly linked to reductions in crime and to reduced juvenile delinquency and vandalism. Strong community engagement and support of these parks and recreational facilities create a sense of pride in our places and spaces, places you want to share when someone comes to visit. Examples of this include the skatepark and renovated volleyball/pickleball courts at Flora Park or the recently renovated Comiskey Park. They are a tangible reflection of the quality of life of our community and provide an identity for our community. Extensive planting and maintenance of the many public flower beds and baskets and landscaped areas throughout the community such as the Riverwalk, Main Street, and Bee Branch Greenways make Dubuque a very special place to live, work, and play.

The **City Attorney's Office** facilitates the activities of other departments and supports the Mayor and City Council. Examples related to public safety include:

- Enforcement (Building codes, nuisance codes, animal control codes, zoning codes, traffic codes, simple misdemeanor codes)

- Search warrants
- Petition/Abandoned properties
- Review of contracts, specifications, and insurance which result in public improvements impacting public safety
- Training
- Consultation

One major crime prevention tool is access to a living wage job. **Economic Development** supports the creation of housing in our walkable downtown neighborhoods. Walkable neighborhoods often feature better lighting, crosswalks, and traffic-calming measures, reducing the risk of accidents and enhancing overall safety. The presence of more pedestrians can also deter crime, as streets are less likely to be desolate and more likely to have “eyes on the street.”

In addition, all of our development agreements now require the developer to install exterior security cameras on their buildings and to register for the Secure Dubuque Personal Surveillance System program. In the event a crime occurs in the area, footage from the system could be of assistance to the department, increasing the efficiency of the investigation - however, the property owner reserves the right to decline access to their system at any time.

Aside from being a welcoming place for residents that may have nowhere else to turn, **libraries** help promote psychological safety, brain health, social and emotional safety to members of our community across all demographics.

The library can be a hub for all members of our community to expand their understanding of the world around them, learn something new about an interest or community they've never experienced before, and simply be a warm, cool, or dry, place to spend a day out of the harsh Midwest swings of weather. We also can help provide economic safety and support for community members that want to stay informed and entertained by borrowing library materials and utilizing library resources.

The **Engineering Department** promotes the health, safety, and welfare of ALL through sound engineering principles, practices, and partnerships applied to the planning, design, maintenance, and preservation of the City's infrastructure and property.

The activities the department is involved include street design, stormwater management, sanitary sewer design, traffic engineering, security cameras, fiber optic design and expansion, right of way management, sidewalk and trail design, bridge design, retaining wall design and flood protection through the design of flood walls and levees that protect the city from flooding. Some of the recent efforts to improve health and safety has been construction of the Bee Branch Greenway Project to eliminate flooding in over 1300 homes, the construction of multiple roundabouts to improve traffic flow and reduce the possibility of major injuries at those intersections, ADA pedestrian ramp upgrades to allow all people access to the sidewalk network, and expansion of security cameras around the city to help in traffic safety and assist police.

Through all these activities, the department is following state and federal design standards to ensure proper design and maintenance occurs. The engineering department works with many city departments and outside agencies working in partnership to coordinate this work and ensure the public’s safety. Protection of the public is paramount to what the engineering department does.

The **Office of Community Impact** enhances the safety and well-being of Dubuque residents by fostering community engagement, providing essential support services, and addressing barriers that lead to instability.

The **Equitable Fine and Fee Program** in partnership with utility billing and other internal departments address financial hardship from escalating into crises by offering alternative payment options or community service alternatives. By ensuring that penalties do not disproportionately impact low-income or marginalized residents, we help individuals maintain housing, employment, and overall stability—reducing the risks associated with financial insecurity.

The **AmeriCorps program** strengthens safety by fostering social and emotional competencies in K-12 students. By teaching self-awareness, emotional regulation, and responsible decision-making, AmeriCorps members equip youth with the skills needed to navigate challenges constructively. This proactive approach reduces behavioral issues, prevents violence, and creates safer schools and communities.

The **Multicultural Family Center (MFC)** provides psychological safety and a deep sense of belonging for all community members. As a welcoming and inclusive space, the MFC offers culturally responsive programming, mentorship, and leadership development—helping individuals build confidence, establish meaningful connections, and feel secure in their community.

Additionally, the **Office of Community Impact volunteer initiatives mobilize residents to support projects that strengthen neighborhood resilience and public safety**. The **Adopt-A-Spot initiative** encourages individuals, businesses, and community groups to take ownership of public spaces by maintaining parks, streets, and neighborhoods. Reducing litter, improving landscaping, and creating well-kept environments, will deter crime and promote community pride. Research shows that well-maintained spaces experience lower crime rates, as visible community care signals vigilance and discourages vandalism or illegal activity.

Another key aspect of our commitment to public safety is the **collaboration with the Dubuque Police Department through the Chief's Forum**. This partnership and collaboration strengthens communication, builds trust, and ensures that community voices inform policing strategies. Fostering transparency and cooperative problem-solving contributes to safer neighborhoods and a more connected Dubuque.

The **Housing and Community Development Department** contributes to public safety through a combination of housing assistance, code enforcement, and health-focused initiatives. Assisted Housing Programs provide stable, affordable homes for low-income families, seniors, and disabled residents, reducing the risks associated with housing instability and homelessness. By administering Housing Choice Vouchers and project-based assistance, the department ensures safe living environments for vulnerable populations while promoting self-sufficiency. Additionally, rehabilitation and home purchase programs offer loans to income qualified homeowners and buyers, allowing them to maintain and improve their properties, preventing deterioration that could lead to unsafe conditions.

The department's Inspection and Construction Services division plays a key role in public safety by enforcing building codes, inspecting rental properties, and addressing nuisance violations. Through regular rental property inspections, construction permitting and inspections, and code enforcement, they mitigate risks such as structural hazards, fire dangers, and sanitation issues. These efforts extend to vacant and abandoned property licensing and inspections, ensuring that neglected structures do not become safety threats. In addition, the Lead and Healthy Homes programs proactively reduce exposure to lead-based paint and other health risks, particularly for children and older adults.

Money from the Community Development Block Grant (CDBG) program further supports public safety by funding essential housing, economic development, neighborhood improvement, and public facility projects. In housing development, CDBG funds assist in homebuyer programs, homeowner rehabilitation, and provides the grant match for lead hazard reduction efforts, ensuring that low- and moderate-income families have access to safe, well-maintained homes. Economic development initiatives, such as the Microenterprise Assistance Program, provide financial and professional support to small business owners, fostering economic stability in the community.

Neighborhood and community development programs funded by CDBG include zoning enforcement and neighborhood recreation programs designed to enhance public spaces, reduce crime, and provide safe activities for at-risk youth. Investments in public facilities, such as low- and moderate-income area park upgrades and the Lincoln Wellness Project, improve community infrastructure and create safe, accessible recreational spaces. Additionally, CDBG funding supports local nonprofit organizations through a revolving fund, helping to ensure resources are available for services that benefit vulnerable populations.

By integrating these functions, the Housing and Community Development Department ensures that residents live in secure, well-maintained homes., contributing to a healthier and more resilient community.

Human Resource Department staff conduct post offer, pre-employment background checks, including but not limited to driving record checks, criminal background check, drug screening (as required/appropriate for positions) to ensure that City staff providing services to residents have a demonstrated ability to do so safely. These checks also occur post-employment where permissible.

Human Resource Department staff in the development and learning offerings do focus on best practice processes and procedures, including safe operation of equipment and tools for the employee and the public.

The City Clerk's Office provides administrative support during the civil service hiring process for police and fire departments by coordinating exams and preparing candidate lists, playing an integral part in fulfilling positions in these critical public safety roles.

The City Clerk's Office oversees many license and permit processes that require background checks, including applicants for solicitor licenses, taxi driver permits, and retail alcohol licenses —businesses that frequently interact with the public. By coordinating background checks with the police department, our departments ensure that individuals applying for these permits have no criminal history or other issues that could pose a risk to public safety.

The City Clerk's Office oversees the special event permit process, which involves coordination with departments including the city's safety coordinator, health department, police department and fire department, to ensure that community events are executed safely.

Safety is a top priority for residents, and the City of Dubuque is dedicated to protecting the health, safety, and well-being of both employees and the public. **The Finance Department** plays a key role in fostering a strong safety culture by ensuring compliance with state and federal regulations while supporting city departments in maintaining safe operations.

Through the City's Safety Committee, we lead the development and implementation of city-wide safety policies and best practices, identifying corrective actions, preventive measures, and training needs. Our goal is to instill a culture of “If you see something, say something” in all aspects of safety.

Additionally, the Incident Review Team conducts thorough investigations of workplace incidents and near misses, identifying root causes and recommending corrective actions to prevent recurrence. Meanwhile, the Safety Audit Team proactively assesses workplace conditions, identifying potential hazards and ensuring compliance with safety protocols to protect employees, facilities, and the public.

Together, these efforts equip employees with the knowledge and resources to prevent accidents and enhance overall safety. By promoting a proactive approach to hazard identification, injury prevention, and risk management, we help create a safer work environment for all. Our collaborative commitment ensures that safety is not just a policy but a core value that protects both employees and the community we serve.

Public safety is at the core the **Water & Resource Recovery Center's (WRRC)** mission. The WRRC plays a vital role in protecting the health and well-being of the community. This is done in multiple ways.

The WRRC ensures the safe and effective treatment of wastewater. Every day, the WRRC manages and treats millions of gallons of wastewater, removing contaminants and pollutants before returning clean water to the environment. This prevents the spread of waterborne diseases, protects drinking water sources, and supports the overall health of the Mississippi River ecosystem. This essential function safeguards both public health and the region’s natural resources.

The WRRC industrial pretreatment program helps local businesses comply with environmental regulations, preventing hazardous discharges that could endanger workers, emergency responders, and the wider community.

The WRRC manages the City’s Fats, Oils, and Grease (FOG) Program designed to prevent FOG from entering the sewer system, where it can accumulate and cause blockages. When a blockage occurs, it can lead to sanitary sewer overflows, resulting in untreated wastewater spilling into streets or backing up into homes and businesses. By working with restaurants, businesses, and residents to properly dispose of FOG, we help prevent costly and hazardous sewer backups that could pose serious health and safety risks to citizens.

The WRRC Environmental Lab provides water testing services for the Water Department to help ensure that the drinking water they produce is safe for human consumption. By conducting critical water quality analyses, we help verify that the city's drinking water meets regulatory standards and is free of harmful contaminants. This collaboration plays a direct role in protecting public health and ensuring that Dubuque residents have access to clean, safe drinking water.

Ultimately, the WRRC is more than just a treatment facility—it is a public health guardian and a key partner in the City's overall safety strategy. By maintaining high standards for wastewater treatment, infrastructure resilience, and interdepartmental cooperation, we ensure that Dubuque remains a safe, healthy, and thriving community.

The City's **Communications Office** contributes to the safety of the community in a variety of ways, ranging from emergency responses to proactive safety education campaigns.

Communications staff manage the City's main communication channels to reach residents (social media, website, videos, publications, public access television, signage, and more) and coordinate media relations to amplify messaging through traditional media outlets. The Communications Office also provides communications support to the City's key public safety departments: police, fire, emergency communications, health services, housing and community development, engineering, and emergency management. Staff work with those departments to promote safety initiatives and programs, develop communications plans and campaign, and even recruit new staff to those departments. Communications staff also provide public notification support to the City water department during boil water advisories/orders and major water main breaks

Additionally, the Communications Office is involved in crisis communications for the organization and is a critical part of the City's emergency management and operations plans. Communications staff are responsible for one of the primary emergency operations center (EOC) roles: public information. The public information officer is part of the City's EOC team and all Communications staff provide support to the public information function of the EOC when it is activated by assisting with public alerts and messaging during emergencies, media relations, and outreach during recovery efforts following major incidents. The Communications Office also manages the City's use of the AlertIowa emergency notification system which is used during emergencies to reach residents by phone, text, email, and through the AlertIowa app.

The Communications Office includes the City's GIS Office, which provides overall management the City's GIS system and the hundreds of layers of data it contains. GIS is a critical tool used by all City departments, including public safety applications by police, fire, health services, housing and community development, and more. Those departments rely upon the data within the City's GIS and mapping functions it provides to respond to emergencies, develop response/patrol policies and strategies, visualize data for analysis and planning, monitor critical infrastructure and assets, track incident response efforts, and more. GIS provides the data for data-driven decision-making related to safety.

The City of Dubuque Department of **Equity and Human Rights** plays an important role in promoting public safety in the community. First, Equity and Human Rights works directly with the Dubuque Police Department to build relationships between the community and the police department and to ensure that the concerns of community members regarding the police are heard. For example, the Chief of Equity and Human Rights participates in the Chief of Police's Forum, in which City staff and residents discuss current issues of concern.

Another way the Department of Equity and Human Rights directly contributes to public safety is by assisting residents who believe they have been discriminated against or that their rights have been violated. Public safety is not limited to physical safety; it also includes feeling that your rights are protected and your dignity as a person is respected. One of the important roles of the Department of Equity and Human Rights is helping residents complete complaint intake forms and assisting them in finding the right place to file their complaints. These complaints include situations in which residents believe they have been discriminated against by an employer or a business, or when they believe their rights have been violated by a City employee other than a police officer. The Department of Equity and Human Rights also assists in facilitating mediation in conflicts between tenants and landlords, neighbors, or others who seek such assistance.

The City of Dubuque's Equity and Human Rights Commission, which is appointed by the City Council but works in collaboration with the Department of Equity and Human Rights, also contributes to public safety by investigating issues of concern in the community related to human rights and discrimination. The Commission also provides the community with public information about these issues.

Finally, the Department of Equity and Human Rights indirectly contributes to public safety by working with City staff and other City departments to ensure that all people are treated in a welcoming and respectful manner and that all residents have fair access to eligible City services. For example, the Department coordinates Intercultural Competency and other trainings for City staff that help create a welcoming and safe environment for City employees and similarly foster welcoming and safe interactions with the public. As another example, the Office of Equity and Human Rights works with the City's Communication Office and other departments to ensure that important public announcements and other public information are translated into languages such as Spanish and Marshallese. These announcements often involve public safety or public health, and providing people with access to information promotes public safety in general.

Road and Infrastructure

Following the opening of the Southwest Arterial in 2020, the opening of the new Highway 20 interchange at Swiss Valley Road in 2021, the reconstruction of Chavenelle Road, the reconstruction of North Cascade Road, the resurfacing and reconstruction of the Northwest Arterial, and the resurfacing of over 5 miles of streets by Public Works crews in 2023 and over 8 miles in 2024, the City will be further pursuing street improvements. The Fiscal year 2026 budget recommends that **Public Works** pave 10 miles of streets.

The Iowa Department of Transportation is beginning to study the eventual full reconstruction of the intersection of Highway 20 and the Northwest Arterial, including the closure of the southern leg of the intersection, to greatly improve traffic flow. They have submitted an over $15 million project to the IDOT commission for consideration which includes an over $5 million local match.

The City received a grant for an over $3 million planning effort followed in 2024 with award of an over $37 million federal infrastructure grant application build a railroad overpass at 14th Street and improvements to Elm Street and 16th Street, with multiple intersection improvements all in the complete streets format. In 2024, the City received a $25 million federal grant to construct the over $40 million project.

In partnership with the US Army Corps of Engineers, the City will be improving the Mississippi River floodwall in the South Port of Dubuque to better protect the sanitary sewer force main from river traffic accidents.

The five-year CIP includes $8,170,000 to begin the Central Avenue and White Street improvements project.

Phase II of Comiskey Park Development is included for $1,697,000.

The City will spend approximately $50 million to improve the Catfish Creek Sanitary Sewer Shed, replacing and upsizing much of the 70-year-old sanitary sewer system and adding a major sanitary sewer lift station. This will allow the City to further eliminate polluting sanitary sewer overflows and be prepared for future growth to the West. The goal is to be eligible for tens of millions of dollars in federal infrastructure dollars to support this project.

Between January, 2025 and December, 2029 the City has budgeted over $131 million to upgrade and maintain existing sanitary sewers and to install new sanitary sewers opening up areas of the community for development and making sure existing areas of the community continue to have high quality sanitary sewer service.

The City will also be spending almost $6 million to replace over 500 private lead service lines with a 49% Iowa Finance Authority forgivable loan program to assist low-income residents, with the 51% balance being absorbed by the City.

The City capital improvement budget includes $9.6 million to do Granular Activated Carbon Filter Rehabilitation to assist with PFAS mitigation. This is in addition to creating a new deep well at a cost of approximately $4.5 million. **The FY26-FY30 Water Department CIP is a total of approximately $27.8 million.** The City is anticipating receiving some settlement funds from the PFAS litigation the City joined, but as of the submittal of the budget we do not know the amount.

Economic Development

The City will be investing in the downtown, the Central Avenue corridor, the West End industrial parks, and improving Schmitt Island access.

The CIP includes over $23 million to complete Five Flags Building improvements.

One dramatic success story for the Mayor and City Council is addressing the need for additional housing options. In 2022, the Greater Dubuque Development Corporation conducted a study that showed the City of Dubuque was short over 1,000 housing units. At the same time population growth is a top priority with a huge demand for workforce.

The Mayor and City Council adopted financial incentives in the summer of 2022 to encourage housing development. **The City of Dubuque currently has over 2,400 developable single-family lots and multi-unit residential rental units that have either been completed, are under construction, or have been approved for development.**

Dyersville Events has acquired the Field of Dreams site and has broken ground on a new almost $40 million baseball stadium for major league baseball games, concerts, business meetings and other events. The Field of Dreams has also secured financing for a robust youth baseball and softball complex breaking ground in 2025. Opening in the 2026 baseball season this will host over 1,000 baseball and softball teams a year.

This has led to the city approving a development agreement for two new hotels in the Port of Dubuque and the city has received multiple inquiries about additional hotels.

In December 2024 the University of Dubuque announced the formation of the John and Alice Butler School of Osteopathic Medicine. This new medical school will be located in downtown Dubuque with 800 students and over 200 faculty and staff.

Improved Customer Service

A significant customer service enhancement has been the move to automated collection of refuse carts. This will not only increase customer convenience, but it will improve the appearance of neighborhoods. The City refuse collection employees are currently required to handle people's trash, exposing them to fleas, bedbugs, viruses, and germs. They are also required to exit and enter the vehicle almost 700 times each day, over 3,000 times a week, and over 170,000 times a year. This is even in the winter, risking slipping on the ice and snow and constantly battering their feet, ankles, knees, hips and back.

Identifying and Funding Important Initiatives to Support Employees

In FY24 the Mayor and City Council approved the addition of some new City positions in the organization to advance important initiatives and meet existing needs. In FY2023, the City Council approved through amendment two new positions in the Human Resources Department and a Project Manager position in Parks and Recreation.

During the FY 2023 budget process the following recurring improvement packages creating new positions was approved:

- Full-Assistant FBO Supervisor at the Airport to ensure supervisory coverage for the Fixed Base Operations (FBO).
- Full-Time Secretary in AmeriCorps to assist as part of the creation of the new division.
- Full-Time Secretary in City Clerk's Office to serve as the main point of contact for all public inquiries.
- Full-Time Climate Action Coordinator in the City Manager's Office dedicated to implementing the 50% by 2030 Community Action and Resiliency Plan.
- Full-Time Grant Analyst in the City Manager's Office to address the continued need for grant management.
- Full-Time Public Safety Dispatcher in the Emergency Communication to cover forty hours of current part-time hours.
- Full-Time Utility Locator in Engineering to address the growing demand for locating buried City utilities.

- Seasonal Business Administration Intern in Engineering to assist the administrative staff with an ever-growing workload.
- Seasonal OSHA Intern in Engineering to update and customize the current department Construction Safety Manual.
- Seasonal Broadband Intern in Engineering to assist Traffic Operations Center staff with populating a database of broadband infrastructure.
- Seasonal Finance Intern to assist with large projects and ongoing work.
- Four Full-Time Firefighters to increase the number of personnel per shift, resulting in the ability to increase minimum staffing to 24 personnel each day, thereby staffing a third full-time ambulance crew.
- Three Full-Time Firefighters in increase the available personnel to cover various leave requirements and help reduce the need for overtime.
- Full-Time Confidential Account Clerk in Housing to help with administrative duties of the department.
- Full-Time Help Desk Technical Support in Information Services to provide assistance for the implementation of e-mail for additional uses, help in implementation of MFA for all, help address the need for backlog of service request tickets, aid in monthly on-boarding for technology additional WebQA user and backend support.
- Full-Time User Technology Specialist in Information Services to provide ERP support.
- Full-Time Chief Security Officer in Information Services to help improve cybersecurity, manage the on-going complexity of threats, and manage the network infrastructure (fiber, switches, routers).
- Full-Time maker Space Assistance at the Library to provide full-time coverage for Maker's Space.
- Full-Time Patrol Officer in Police added as part of the 20 officers by 2022.
- Seasonal Community Resource Officers in Police to help continue the success the program has had in both the value to the public and as a recruiting tool for the department.
- Full-Time Sanitation Driver in Public Works added due to the increase in lane miles to plow and employee turnover rate.
- Part-Time Secretary in Public Works added to help with coverage issues during lunch, vacation, and sick leave.
- Full-Time Landfill Equipment Operator in Public Works to support operations in the Agency's Regional Collection Center.
- Four Full-Time Bus Operators in Transportation Services to minimize employee turnover, associated, cost, and offer more consistency in schedules for residents.

In the FY2024 budget, the following personnel additions were made:

- two Police Officer positions were approved as part of the crisis intervention team and enhancements to the Secondary Responder Model.
- at the Fire Department, there was addition of a Firefighter position and an additional Administrative Assistant.
- In 911 Emergency Communications, there was the addition of a full-time Dispatcher position.
- at the Airport, more Fixed Based Operator Line Service hours
- in Housing, elimination of a part-time position and creation of a full-time Combination Inspector.
- an additional 910 hours of site supervision at the Multicultural Family Center.
- a new full-time Confidential Account Clerk in Parks and Recreation s.

- upgrade of a part-time Circulation Lead Library Assistant to a full-time position at the Library.
- a Data Scientist position in Public Works.
- a part-time AmeriCorps Position in the Engineering Department.
- two intern positions in the Engineering Department,
- a full-time Water Distribution Maintenance Worker in the Water Department,
- elimination of a Water Meter Repair Worker.
- creation of a Water Meter Foreman position in the Water Department.
- the creation of the position of Assistant Water and Resource Recovery Manager position.
- creation of the Industrial Pretreatment Coordinator position at the Water and Resource Recovery Center.
- creation of a part-time intern position in the Public Works Department.

After approval of the FY24 budget there were other personnel changes as follows:

- added a civilian Fire Inspector
- Transportation added Laborer +1.0 FTE; eliminated part-time Laborers -0.55 FTE; increased Dispatcher from 0.1 FTE to 0.5 FTE; added 0.34 FTE to the Parking Meter Checker.
- Engineering added Engineering Technician +1.0 FTE; eliminated Lease Management Intern -0.25 FTE; added Confidential Account Clerk +1.0 FTE, three limited term Engineering Intern positions ended -0.32 each.
- Water & Resource Recovery Center had the addition of Maintenance Supervisor 0.25 FTE.
- Public Works eliminated Assistant Public Works Director -1.0 FTE; added Fleet Maintenance Procurement Specialist +1.0 FTE; eliminated Stock Clerk -1.0 FTE; part-time Administrative Assistant was changed to full-time +0.33 FTE; added Field Supervisor +1.0 FTE.
- Office of Prosperity and Neighborhood Support part-time Administrative Assistant was moved to full-time +0.34 FTE.
- Communications Office eliminated Communications Assistant -0.50 FTE; added Communications Assistant +1.0 FTE. Airport eliminated Marketing Coordinator -0.70 FTE.
- The Finance Department eliminated Finance Director -1.0 FTE; eliminated Budget Director -1.0 FTE; added Finance Manager +1.0 FTE; added Budget Manager +1.0 FTE; eliminated Budget/Financial Analyst -1.0 FTE; eliminated Accountant -1.0 FTE; added Payroll Systems Analyst +1.0 FTE; added Project Manager 0.50 FTE, added Finance Intern positions 1.50 FTE.

In the FY25 budget, you approved the addition of 2 full-time positions in the Fire Department. There is an additional Captain to serve as a Field Training Officer/Safety Officer and a Bureau Chief position in EMS.

After adoption of the FY2025 budget you approved the addition of a Project and Facilities Manager position in the Public Works Department.

The FY 2026 budget recommendation includes a reorganization in the Engineering Department that includes a slight increase in full-time equivalent positions, but is more an effort to reorganize the work being performed with the correct titles and compensation. This has a FY26 cost of just over $40,000. A reorganization in the City Manager's Office eliminates a full-time position and takes the currently vacant Director of Strategic Partnerships position from part-time to full-time. This change has no increase in costs. The temporary position in the Sustainability Office was set to expire in June 2025 and that position is extended through June 2026.

Opportunities for Grants and Forgivable Loans

The City of Dubuque has had tremendous success pursuing federal and state grants. To implement these grants the City has invested in making projects "shovel ready" and has budgeted for the local match required to receive the grants. While this is expensive for the city the benefits to the community by having important projects completed with mostly federal and state dollars is tremendous.

Teri Goodmann recently retired as the City of Dubuque Director of Strategic Partnerships and the city has executed a service agreement with Teri. Over the last 25 years the City has received or partnered with others to receive close to one billion dollars of Federal and State grants.

The City Manager's staff in the Office of Strategic Partnerships work to assist our city departments, community partners, and non-profits seek competitive grant funding at the state and federal levels. Other work includes advocacy for the city with county, state and federal elected officials and staff.

Staff continue to convene and engage with more than 180 individuals from more than 20 local organizations to identify, apply for, and secure grants to address local needs. As part of this process, staff continues to work with numerous community non-profit leaders to help them identify funding opportunities.

The City of Dubuque committed all of the ARPA money by December 2024 as required by law in the following projects.

Summary of Uses	Rescue Plan Amount
Police Patrol Vehicles	$224,122
Police Vehicle Accessories	$112,938
Grand River Center Equipment Acquisition	$84,740
Public Works Street Overlay – Additional 5 Miles	$850,085
Flood Control Levee Certification	$177,618
Purina Drive Floodwall	$102,888
Five Flags Spotlights	$123,186
Operating GRC Equipment	$187,235
Five Flags Sound Equipment	$69,886
GRC Chairs	$18,440
Eagle Valley Park	$290,105
Westbrook Park Development	$287,492
English Ridge Park Development	$287,345
Parks Resurface Tennis Courts	$50,000

Summary of Uses	Rescue Plan Amount
Jefferson Park Retaining Wall	$302,278
Eagle Point Park Retaining Wall	$59,195
Parks Retaining Walls	$5,800
Eagle Point Park Building and Structures Assessment	$1,301
Comprehensive Parks Master Plan	$129,977
Eagle Point Park Rest Room Renovation	$40,886
Flora Park Asphalt Paving	$9,114
Five Flags table replacement	$50,484
Five Flags Arena Pipe, Drape and Barricades	$28,869
Flora and Sutton Pool Heaters	$17,913
Parks Maintenance	$95,442
Parks Maintenance Headquarters Storage Area	$9,808
Parks Irrigation to Planters/Flower Beds	$52,280
Re-imagine Comiskey	$46,689
Parks Natural Resources Plan	$60,000
Pets in Parks Signage and Drinking Fountains	$19,820
Plan Highway 20 Roses	$6,379
Travel Dubuque 501(c)(6) Loss	$270,427
Utility Bill Assistance	$52,399
Business, Non-For-Profit, and Arts Groups Assistance	$62,774
Fiber Backbone Project	$1,078,083
Fiber East-West Redundant Loop	$216,141
Old Mill Road Lift Stations & Force Main Improvements - Design	$2,311,288
Kerper Blvd Lift Station	$1,798,266
$9.4 Green Alleys	$348,000
Schmitt Island Sanitary Improvements	$218,380
Center Place Alley Sewer Reconstruction	$21,968
PERV PAVE BB RR Sponsor	$350,032
W&RRC UV Disinfection System	$216,818
W&RRC Sludge/Grease Grinders	$18,182
W&RRC High Strength Waste Receiving and Storage	$186,750
Terminal Street Project	$670,645
Water SCADA System Upgrade	$745,893
Orchard Drive Water Main Replacement	$339,654
Chesterfield Drive Water Main	$47,331
Public Lead Water Line Replacement	$63,178
North Cascade Water Main	$23,896
Briarwood Sub Main Extension	$106,324
Fiber Purchase	$478,200
Police Patrol Vehicles	$178,060
Police Vehicle Accessories	$33,940
Fire Ambulance Replacement	$415,000
FY 2024 Fire Pumper Replacement	$450,000

Summary of Uses	Rescue Plan Amount
Field of Dreams	$1,000,000
Asset Management	$723,574
Broadway Sanitary Sewer	$103,472
Webber Property Development	$111,284
E911 Relocation	$2,500,000
Data Center	$461,747
Public Safety Software	$925,708
MFC 2nd Floor	$796,043
Bee Branch Interceptor Sanitary Sewer Project	$3,340,387
Airport Minimum Revenue Guarantee	$350,000
Conduit/Fiber Extension to Public Facilities	$1,333,635
Broadband IMON Buildout	$372,488
Total ARPA Funded Projects	**$26,522,282**

To Partners:

- Riverview Center received a Transitional Housing Assistance Grant from the Office on Violence Against Women, Dept. of Justice $575,000
- 374 local businesses received Economic Injury Disaster Loans & Grants (EIDL) from the US Small Business Administration (SBA) $19,805,500
- 30 local businesses received Restaurant Revitalization Funds (RRF) from the US Small Business Administration (SBA) $4,240,794
- PHOENIX THEATRES DUBUQUE, LLC received a Shuttered Venue Operators Grant (SVOG) from the US Small Business Administration (SBA) $989,658
- Dubuque County Historical Society received a Shuttered Venue Operators Grant (SVOG) from the US Small Business Administration (SBA) $940,247
- Legion-Aires Drum and Bugle Corps received a Shuttered Venue Operators Grant (SVOG) from the US Small Business Administration (SBA) $696,794
- The Grand Opera House received a Shuttered Venue Operators Grant (SVOG) from the US Small Business Administration (SBA) $180,492
- Bell Tower Productions received a Shuttered Venue Operators Grant (SVOG) from the US Small Business Administration (SBA) $72,335
- Dubuque Symphony Orchestra received a Shuttered Venue Operators Grant (SVOG) from the US Small Business Administration (SBA) $62,087
- Dyersville Field of Dreams received a grant from the Iowa Economic Development Authority (IEDA) | Destination Iowa for Tourism & Economic Development (Stadium) $12,500,000
- Dyersville Field of Dreams received a Tourism & Economic Development grant from Iowa's Water Infrastructure Fund (WIF) for Water Infrastructure & Connectivity $11,000,000
- Cottingham & Butler, Inc. received a grant from Future Ready Iowa | 2022 Child Care Business Incentive Infrastructure and Slots Awards for the Cottingham & Butler Project Stork (182 new slots) $3,000,000
- Dubuque Initiatives received a grant from Future Ready Iowa | 2022 Child Care Business Incentive Infrastructure and Slots Awards for the Dubuque Industrial Center West Multi-Employer Childcare Center Project (120 new slots) $2,154,800
- Hills and Dales received a grant from the Iowa Economic Development Authority's (IEDA) Nonprofit Innovation Fund for the Autism Center for Youth $1,250,000

- Dubuque/Jackson Counties Habitat for Humanity received a 2022 State HOME Grant from the Iowa Finance Authority (IFA) $1,066,895
- Holy Family Catholic Schools: Saint Joseph the Worker Early Childhood received a grant from Future Ready Iowa | Child Care Challenge for Child Care Slots (creation/opening) $850,000
- Dubuque Dream Center received a grant from Future Ready Iowa | Child Care Challenge for Child Care Slots (creation/opening) $750,000
- Holy Family Catholic Schools: Holy Ghost Early Childhood Center received a grant from Future Ready Iowa | Child Care Challenge for Child Care Slots (creation/opening) $750,000
- Hirshbach Motor Lines, Inc. received a grant from Future Ready Iowa | Child Care Challenge for Child Care Slots (creation/opening) $630,000
- Romper Room Child Care Center received a Future Ready Iowa | Child Care Challenge grant for Child Care Slots (creation/opening) $452,591
- Holy Family Catholic Schools: Our Lady of Guadalupe Early Childhood received a Future Ready Iowa | Child Care Challenge grant for Child Care Slots (creation/opening) $345,000
- The Dept. Of Economic Development was awarded a grant from the Iowa Dept. of Cultural Affairs for Community Initiatives & Creative Projects $205,000
- Voices received a grant from the Iowa Economic Development Authority (IEDA) for Accessible Restrooms $100,000
- Aspire Home Daycare LLC received a Future Ready Iowa | Child Care Challenge grant for Child Care Slots (creation/opening) $78,300
- Crescent Community Health Center received a grant from the Iowa Cancer Consortium for a Community Health Worker $75,000
- Four Mounds Foundation received a grant from the Future Ready Iowa | 2022 Employer Innovation Fund for Job & Skills Training $50,000
- Friends of St. Mary's were awarded a grant from the Future Ready Iowa | 2022 Employer Innovation Fund for Job & Skills Training $50,000
- Stonehill Franciscan Services received a grant from the Future Ready Iowa | 2022 Employer Innovation Fund for Job & Skills Training $46,000
- Mercy Health Services-Iowa, Corp. received a grant from the Future Ready Iowa | 2022 Employer Innovation Fund for Job & Skills Training $44,760
- Heritage Works received an American Rescue Plan Humanities Grant for Heritage Works Job Support $18,000
- Dubuque County Historical Society received an American Rescue Plan Humanities Grant for the Mathias Ham Historic Site Programs and Expanded Marketing Campaign $18,000
- Hills and Dales Child Development Center received a grant from the Future Ready Iowa | 2022 Employer Innovation Fund for Job & Skills Training $16,165
- Julien Dubuque International Film Festival was granted an American Rescue Plan Arts Grant – Organizations for JDIFF Contract Position Support $15,000
- Dubuque Museum of Art received an American Rescue Plan Arts Grant – Organizations to Diversify engagement, build equity, add capacity $15,000
- Heritage Center received an American Rescue Plan Arts Grant – Organizations for 2021-22 Live at Heritage Guest Artist Fee Subsidy $10,000
- Grand Opera House received an American Rescue Plan Arts Grant – Organizations for Contracted Artists $7,500
- Bell Tower Theater was awarded an American Rescue Plan Arts Grant – Organizations for Artist Stipends $7,500
- Creative Adventure Lab, Inc. received an American Rescue Plan Arts Grant - Organizations for Supporting Staff and contract artists $7,500.

- Dubuque Symphony Orchestra received an American Rescue Plan Arts Grant – Organizations for Dubuque Symphony Orchestra Holiday Concert $7,500
- Aspire Home Childcare Network received a grant from the Future Ready Iowa | 2022 Employer Innovation Fund for Job & Skills Training $5,800
- Ellyn Holzhuter Daycare received a grant from the Future Ready Iowa | Child Care Challenge for Child Care Slots (creation/opening) $5,621
- Thomasin Ringler received an American Rescue Plan Arts Grant – Artists for Mammalia Series/Public Metal Pours/Studio Exhibit $5,000
- Laura Konecne received an American Rescue Plan Arts Grant – Artists for Sculptural Pachypodium Vessels $3,500
- Northeast Iowa School of Music was awarded an American Rescue Plan Arts Grant – Organizations for Office Manager and Business Manager Support $3,500
- Gail Chavenelle received an American Rescue Plan Arts Grant – Artists for Website for the Future $2,500
- Amy Dunker received an American Rescue Plan Arts Grant – Artists for Rising Strong $2,500
- Samantha Hilby-Beck was awarded an American Rescue Plan Arts Grant – Artists for Reengagement of Emerging Artist & Arts Educator $2,500
- Dubuque Chorale received an American Rescue Plan Arts Grant – Organizations for Artistic Stipends for Two Piano Accompanists $2,500
- Rising Star Theatre Company received an American Rescue Plan Arts Grant - Organizations for Contracted Artists for 2021 Summer Programming $2,000

BIL Funding

To City of Dubuque:

- 2022 RAISE Infrastructure Planning Grant from the United States Department of Transportation (USDOT) for 14th Street Overpass & 16th Street Corridor, Elm Street Complete Streets, & Roundabouts $2,280,000
- 2024 RAISE Infrastructure Grant from US Department of Transportation to build the 14th Street Overpass Project exceeds $43,000,000
- Dubuque Regional Airport was awarded a grant from the United States Department of Transportation (USDOT – FAA) for Solar Panels & Improvements with the General Aviation Terminal $413,350
- Dubuque Metropolitan Area Transit was awarded a Safe Streets for All grant from the United States Department of Transportation (USDOT) for transportation safety planning $394,186.
- The Transit Department was awarded a Low- or No-Emissions Bus Program (Second Round) grant from the United States Department of Transportation (USDOT) for EV Buses & Charging Station & Solar Panels $2,359,072
- The Transit Department was awarded a US Dept. Of Transportation (USDOT) Areas of Persistent Poverty grant to study and analyze the Jule Services & Route Optimization $225,000
- Dubuque Regional Airport was awarded an Airport Infrastructure Grant from the US Dept. Of Transportation (USDOT – FAA) for Reconstruction of the outdated transient aircraft parking apron $2,600,000

IRA Funding

To City of Dubuque:

- The Dept. of Parks and Recreation was awarded a U.S. Dept. Of Agriculture (USDA) – Urban & Community Forestry Grant (UCF) IRA Grant to strengthen the city's tree canopy in the most vulnerable and historically disinvested census tracts. $1,499,978

Misc. Regular Appropriations

To City of Dubuque:

- The City Planning Dept. received a grant from the Iowa Dept. of Cultural Affairs - Historical Resource Development Program for Dubuque's Black Heritage Survey $30,000
- The City received a grant from the Iowa Finance Authority (IFA) Destination Iowa for the development of a Chaplain Schmitt Island Amphitheater $3,000,000
- Received a grant from the Iowa Economic Development Authority/Iowa Tourism's Travel Iowa Partnership Program for Communications Campaign/DBQ Arts & Culture Sector $10,000
- Received a grant from the United States Department of Transportation (USDOT) Via Community Project Funding (CPF) for Chaplain Schmitt Island Trail Connection $615,000
- Local Arts Agencies for Subgranting Local Arts Agencies for Subgranting National Endowment for the Arts - Regular Appropriations $500,000
- Dubuque Police received a COPS Hiring grant from the Department of Justice for Community Oriented Policing - Brain Health Trained Officers $250,000
- Received a grant for the Granger Creek Lift Station from the Federal Emergency Management Agency (FEMA) Via Community Project Funding $1,000,000
- Voices & Office of Shared Prosperity and Neighborhood Support (OSPNS) received a National Endowment for the Arts (NEA) Our Town Grant for Arts programming & placemaking $50,000.
- Received an Economic Development Administration (EDA) grant from their Economic Adjustment Assistance (EAA) Program for Bee Branch Gates & Pumps $7,700,000
- Dubuque Regional Airport received a Small Community Air Service Development Program (SCASDP) grant from the US Dept. Of Transportation (USDOT – FAA) to address solutions to renewing commercial air service $1,500,000.

Totals to Date

Grants to the City of Dubuque (Applicant):	**$33,384,233**
Grants/Funds received Community-Wide:	
ARPA Directed Allocated Funds:	**$26,522,200**
County ARPA Funds to Community Organizations:	**$15,743,338**
Total Federal, State, & Private Funds:	**$123,819,444**
Total Federal, State, County, & Private Funds:	**$141,562,782**

CITY PROPERTY TAX RATE

In the FY2022 City budget that was adopted by the Mayor and City Council in March 2021, there was a property tax rate reduction of 2.5%, which resulted in no increase in city property taxes for residential property, and a city property tax decrease for commercial property, industrial property, and multi-residential property.

In the FY2023 city budget the Mayor and City Council adopted a property tax rate reduction of 1.74% which resulted in a 2.96% increase for the average homeowner.

In the FY2024 city budget the Mayor and City Council adopted a property tax rate increase of 1.96% which resulted in 3% increase for the average homeowner.

In FY 2025, the City levied for $28,233,757 in property tax revenue to support the general fund and in FY 2026 the budget guidelines would levy for $29,861,915 in property tax revenue to support the general fund. The FY 2026 budget guidelines call for a 1.38% increase in the property tax rate, which increases the property tax rate from $9.92638 in FY 25 to $10.06372 in FY 26, which would be a 3.90% or $33.38 tax increase for the average Dubuque residential property owner, an increase in property tax for commercial (1.78%, $74.27), and an increase for industrial (1.71%, $85.68).

	% Change	$ Change
Property Tax Rate	1.38 %	$ 0.14
Property Tax Asking	5.77 %	$ 1,628,158.08
Average Residential Payment	3.90 %	$ 33.38
Average Commercial Payment	1.78 %	$ 74.27
Average Industrial Property	1.71 %	$ 85.68

Since 1989, the average homeowner has averaged an annual increase in costs in the City portion of their property taxes of +1.45%, or about +$9.28 a year. If the State had been fully funding the Homestead Tax Credit, the increase would have averaged about +$6.62 a year.

For the purpose of this budget, the City Council is only considering the FY2026 property tax rate. The FY2027 - 2030 tax rates are only projections. The future budget projections will be updated each year so that City Council will have an opportunity in the next year to change FY2027.

The City property tax rate projected in these budget guidelines and impact on the average residential property owner ($159,503 assessed value) is as follows:

Fiscal Year	City Tax Rate	% Change in Tax Rate
FY 2026	$ 10.0637	1.38%
FY 2027	$ 10.5957	5.29%
FY 2028	$ 11.0623	4.40%
FY 2029	$ 11.1686	0.96%
FY 2030	$ 11.4436	2.43%

Fiscal Year	"City" Property Tax Askings	% Change in Tax Askings	% Impact on Avg. Residential Property	$ Impact on Avg. Residential Property
FY 2025	$ 28,233,757			
FY 2026	$ 29,861,915	+5.77%	+3.90%	$ +33.38
FY 2027	$ 32,052,686	+10.89%	+5.29%	$ +47.00
FY 2028	$ 34,130,077	+6.40%	+4.40%	$ +41.23
FY 2029	$ 35,146,352	+3.00%	+0.96%	$ +9.39
FY 2030	$ 36,723,553	+4.46%	+2.46%	$ +24.30

The State's residential rollback factor will increase from 46.3428% in 2025 to 47.4316% or a 2.35% increase in FY 2026. The increase in the residential rollback factor increases the value that each residence is taxed on. This increased taxable value for the average homeowner ($91,067 taxable value in FY 2025 and $93,207 taxable value in 2026) results in more taxes to be paid per $1,000 of assessed value.

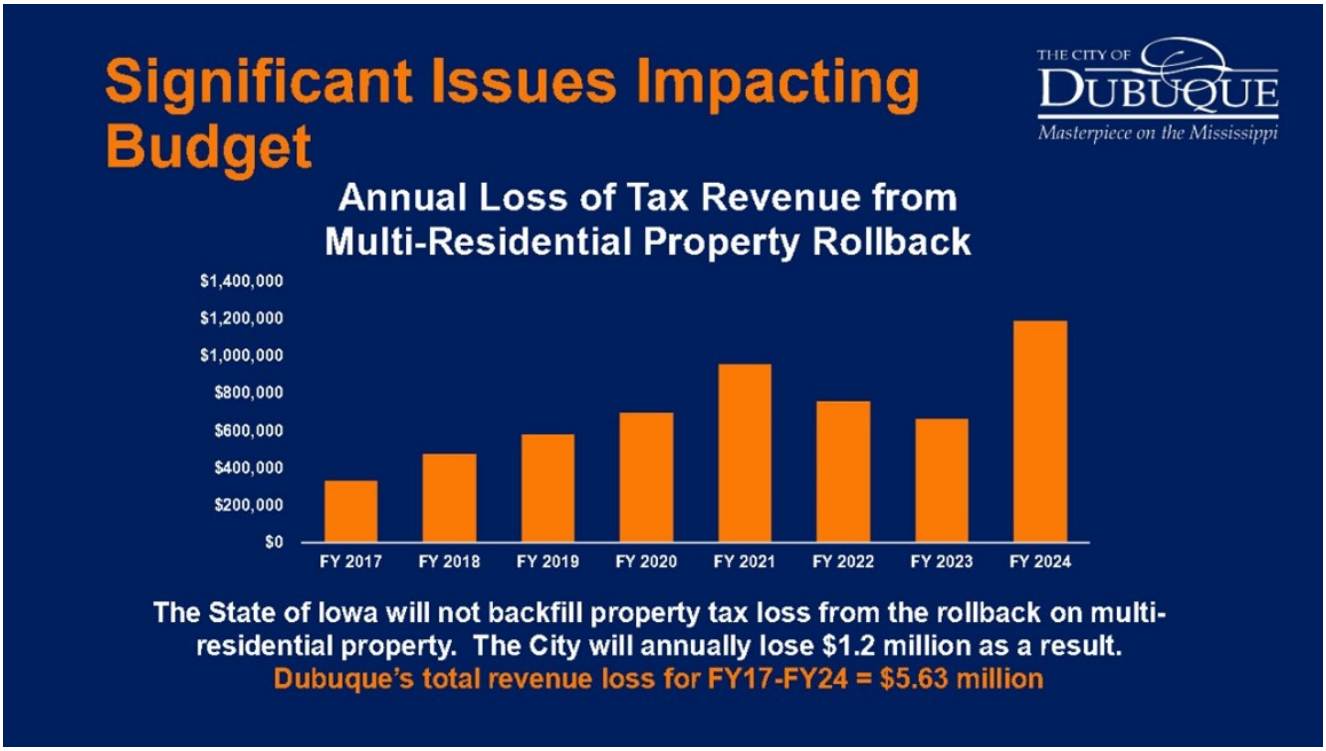

For the proposed Fiscal Year 2026, Dubuque has the LOWEST property tax rate as compared to the eleven largest cities in the state. The highest rate (Waterloo (FY26)) is 116.54% higher than Dubuque's rate, and the average is 55.15% higher than Dubuque. Dubuque's recommended FY 2026 property tax rate is $10.06 (increase of 1.38% from FY 2025).

Fiscal Year 2026 City Property Tax Rate Comparison for Eleven Largest Iowa Cities

Rank	City	Tax Rate
11	Waterloo (FY25)	$21.79
10	Council Bluffs (FY26)	$17.69
9	Sioux City (FY26)	$17.66
8	Des Moines (FY26)*	$17.56
7	Cedar Rapids (FY26)	$16.66
6	Davenport (FY26)	$16.61
5	Iowa City (FY26)	$15.63
4	West Des Moines (FY25)*	$11.75
3	Ankeny (FY25)*	$10.53
2	Ames (FY26)	$10.25
1	**Dubuque (FY26)**	**$10.06**
	AVERAGE w/o Dubuque	$15.61

Includes Des Moines Area Transit Levy

Significant issues impacting the FY 2026 budget:

1. 

Multi-Residential Property was combined with Residential Property in FY 2025.

2. Homestead Exemption 65+
    a. HF718 created new exemption
    b. 3,427 Homeowners filed for exemption
    c. FY25 $3,250 in taxable value
    d. FY26 $6,500 in taxable value
    e. FY2026 revenue reduction to City of $224,174

3. Military Exemption
    a. HF718 changed Military Credit to Exemption
    b. Increased from $1,852 to $4,000
    c. 1,937 Homeowners receive Military Exemption
    d. FY2026 revenue reduction to City of $68,016

4. Residential Rollback
    a. Residential Rollback factor increases from 46.3428% in 2025 to 47.4316%.
    b. Impacts taxable value of residential and commercial/industrial impacted due to two-tier assessment limitation on first $150,000

5. Riverfront Property Lease Revenue
    a. Riverfront Property Lease revenue increased $162,758 in FY 2026 to $4,273,045 due to the estimated consumer price index increase and inclusion of property tax reimbursement from leaseholders.

6. Local Option Sales Tax
    a. Decreased from $12,927,516 in FY2025 to $12,905,936 in FY2026. The FY2026 budget is based on FY 2025 actual plus 2.00%.

b. 50% to property tax relief, 50% to capital improvements (20% for maintenance of City buildings and 30% for street maintenance)

7. Hotel Motel Tax
   a. Increased from $3,376,382.62 in FY2025 to $3,910,460.00 in FY2026. The FY2026 budget is based on FY2025 actual plus 3%.

8. January 2025: Moody's Affirmed City's Bond Rating
   a. Moody's Affirmed the Aa2 credit rating on general obligation bonds.
   b. Moody's credit analysis states, "the City of Dubuque's local economy benefits from its role as a regional economic center, with solid resident income and full value per capita. Financial operations are strong and will remain so despite declines in fund balance over the next few years, as it expends funds from the pandemic. Long-term liabilities and fixed cost ratios are moderate and will remain so despite future borrowing needs." According to Moody's, the Aa2 issuer rating for the City of Dubuque's bonds reflects the city's healthy economic base, which serves as a regional economic center. Other rationale stated for the rating include full value per capita and adjusted resident income are solid at around $109,000 and 98% respectively, though weaker than Aa peers, in part because of a large student population, available fund balance was strong at around 60% of revenue at the close of fiscal 2023 (year-end June 30), and cash was stronger at 85% of revenue. The City's available fund balance will likely remain well over 45%, despite some planned draws in fiscal 2024 and fiscal 2025 to spend down federal funds from the pandemic. Despite the state adopting new property tax restrictions, revenue raising flexibility remains strong because the City maintains significant margin in its employee benefits fund and is not utilizing its emergency levy. The long-term liabilities ratio will likely remain well under 300% inclusive of the current issuances and future borrowing plans, and fixed-costs ratio will remain well below 20%.

9. The already approved collective bargaining agreements for Dubuque Professional Fire Fighters Association and International Union of Operating Engineers is 3.5%.

10. The already approved collective bargaining agreement Dubuque Police Protective Association is 5%.

11. The Teamsters Local Union No. 120 Bus Operators and Teamsters Local Union No. 120 are in contract negotiations.

12. Non-represented employees include a 3.00% wage increase.

13. Fiscal Year 2026 includes the cost of the implementation of the classification and compensation study. A classification and compensation study analyzes the job positions (not individuals) in an organization. The purpose of a classification and compensation study is to ensure jobs with comparable minimum qualifications, job responsibilities, supervisory expectations, working conditions and environments are grouped closely in a compensation plan. Salary ranges are competitive within the identified market, and to equip the human resources team to consistently administer classification and compensation programs on an ongoing basis. The City's strategy through this study has been to recommend a new compensation strategy in which the City is competitive at the 50% percentile of employers.

14. Estimated cost to General Fund = $2,026,133

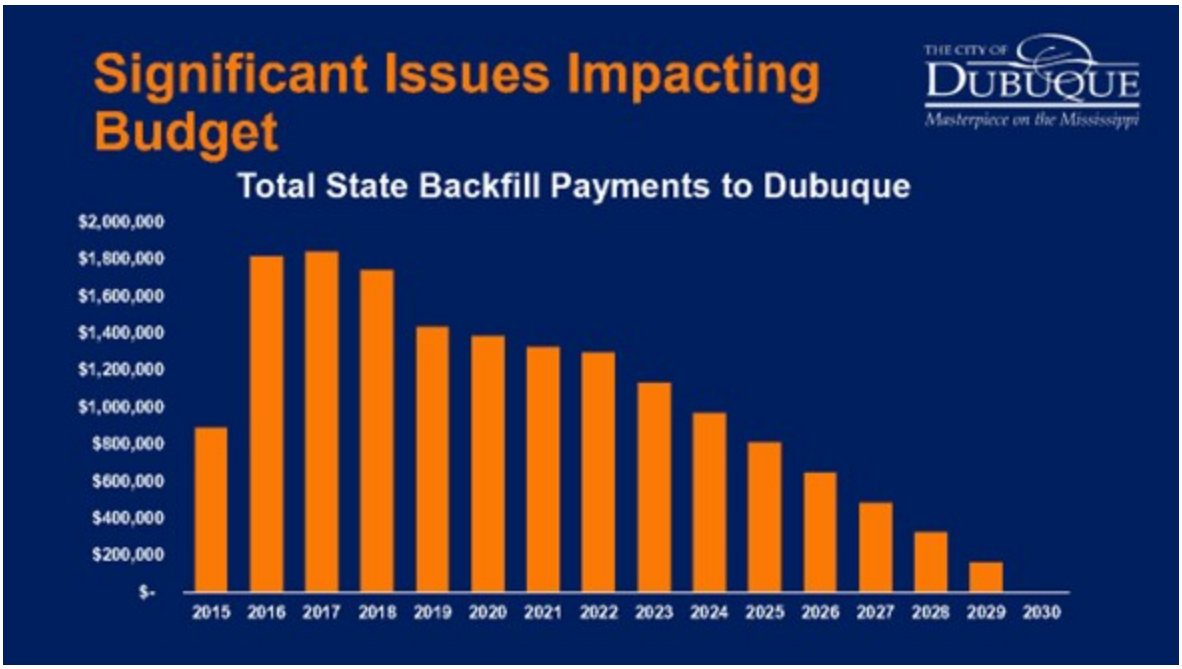

15. The Municipal Fire and Police Retirement System of Iowa Board of Trustees City contribution for Police and Fire retirement increased from 22.66% percent in FY 2025 to 22.68% percent in FY 2026 (general fund cost of $2,185 for Police and $1,821 for Fire or a total of $4,007)

16. The City portion of health insurance expense is projected to remain unchanged from $1,119 per month per contract to $1,119 per month per contract (based on 648 contracts) in FY 2026 (no general fund impact). The City of Dubuque is self-insured, and actual expenses are paid each year with the City only having stop-loss coverage for major claims. In FY 2017, The City went out for bid for third party administrator and the estimated savings has resulted from the new contract and actual claims paid with there being actual reductions in cost in FY 2018 (19.42%) and FY 2019 (0.35%). In addition, firefighters began paying an increased employee health care premium sharing from 10% to 15% and there was a 7% increase in the premium on July 1, 2018. During FY 2019, the City went out for bid for third party administrator for the prescription drug plan and Fiscal Year 2022 included additional prescription drug plan savings.There was a decrease of $639,758 in prescription drug cost in FY 2022. Based on FY 2024 actual experience, Fiscal Year 2026 is projected to have a 4.61% increase in health insurance costs. Estimates for FY 2027 were increased 4.62%; FY 2028 were increased 4.63%; FY 2029 were increased 4.64%; and FY 2030 were increased 4.65%.

17. The decrease in property tax support for Transit from FY 2025 to FY 2026 is $34,152, which reflects an increase in Federal Transportation Administration Operating revenue ($40,167); an increase in Federal Transportation Administration Capital ($9,474), an increase in employee expense ($138,076); decrease in supplies and services ($41,013); a reduction in equipment replacements ($18,576), an increase in passenger fare revenue ($20,693).

18. Electrical energy expense is estimated to increase 16% over FY 2024 actual expense based on approved rate increases.

19. State Funded Backfill on Commercial and Industrial Property Tax
    a. Iowa Senate File 619 was signed into law by Governor Reynolds on June 16, 2021. The Bill provides that, beginning with the FY 2023 payment, the General Fund standing appropriation for commercial and industrial property tax replacement for cities and counties will be phased out in four or seven years, depending on how the tax base of the city or county grew relative to the rest of the state since FY 2014. Cities and counties where the tax base grew at a faster rate than the statewide average from FY 2014 through FY 2021 will have the backfill phased out over a four-year period from FY 2023 to FY 2026, while those that grew at a rate less than the statewide average will have the backfill phased out over an eight-year period from FY 2023 to FY 2030. The City of Dubuque's tax base grew at a rate less than the statewide average and will have a backfill phase out over an eight-year period from FY 2023 to FY 2030. **The FY 2026 State backfill for property tax loss is estimated to be $646,603 for all funds (General Fund, Tort Liability Fund, Trust and Agency Fund, Debt Service Fund, and Tax Increment Financing Funds).**

b. House File 2552, Division 11, passed in the 2022 legislative session and signed by the Governor on May 2, 2022, repeals the Business Property Tax Credit (BPTC). In lieu of the BPTC, beginning with assessment year 2022, all commercial, industrial, and railroad properties will receive a property assessment limitation on the first $150,000 of value of the property unit equal to the assessment limitation for residential property. The value of the property unit that exceeds $150,000 receives the same ninety percent assessment limitation it has in the past.

c. The $125 million fund will continue to be appropriated each year for reimbursements to counties. County auditors will file a claim for the first tier of the assessment limitations in September. Assessors will continue to provide the unit configuration for auditors as these definitions remain the same. Taxpayers are not required to file an application to receive the first $150,000 of assessed value at the residential assessment limitation rate. If the total for all claims is more than the appropriated amounts, the claims will be prorated, and the Iowa Department of Revenue will notify the county auditors of prorated percentage by September 30th. Lawmakers believe the new standing general fund will exceed the projected level of claims for fiscal years 2024 through 2029. Then in fiscal year 2030, the local government reimbursement claims will begin being prorated.

d. **The projected backfill for Dubuque for the two-tier assessment limitation in Fiscal Year 2025 is estimated to be $387,318.**

20. Gaming Revenue.

a Gaming revenues generated from lease payments from the Dubuque Racing Association (DRA) are estimated to decrease $192,217 from $7,405,579 in FY 2025 to $7,213,362 in FY 2026 based on revised projections from the DRA. This follows a $2,283,319 increase from budget in FY 2025 and a $43,621 increase from budget in FY 2024.

b February 2026 DRA distributions ($1,267,993) will be used used to fund FY2026 non-recurring improvement packages and implementation of the classification and compensation study. This is a change from past use of DRA distributions because all funds will be used for Fiscal Year 2026 operations. All of DRA distributions were used in operations in Fiscal Years 2025 and 2024.

21. Interest Revenue
    a Interest revenue increased from $1,718,055 in FY 2025 to $2,300,097 in FY 2026. The FY 2026 budget is based on projected general fund cash balance, projected interest rates, and the new banking services agreement tied to a thirteen week T-bill plus five basis points.

22. Franchise Fee Revenue
    a Natural Gas franchise fees have been projected to increase 11.7 percent over FY 2024 actual of $923,628. Also, Electric franchise fees are based on FY 2024 Actual of $4,924,839 plus rate increases of 20.0 percent.

23. Fiscal Year 2026 Debt
a With the pledge of the $1.1 trillion dollar federal infrastructure package and other opportunities to compete for grants, the City was successful in obtaining several large grants an now will be implementing those projects, especially the Bee Branch Flood Mitigation Project, 16th Street Pumping Station, and the 14th Street Overpass project.

A particular emphasis in this five-year CIP is modernization, maintenance, and extension of the City sanitary sewer system to accommodate the growth the City is currently experiencing, and anticipating in the next few years and beyond. In the current fiscal year (FY 2025), the City will have allocated $40,809,198 and in this new five-year CIP, the City will have allocated an additional $90,406,304 for a total of $131,215,502 over a six-year period.

The Fiscal Year 2026 CIP budget recommendation of $91,803,749 is a 3.44% increase from the Fiscal Year 2025 CIP budget of $88,753,825.

The City will issue $152,147,710 in new debt in the recommended five-year CIP, mostly for fire equipment replacement, fire station improvements, fire station expansion, airport improvements, Chaplain Schmitt Island Iowa Amphitheater, reimagine Comiskey park development, neighborhood park developments, Federal Building renovations, solid waste collection vehicles, sanitary sewer improvements, water improvements, stormwater improvements, parking improvements, and renovation of Five Flags, for a total of $152,147,710 of debt in FY 2026-2030. The City will retire $139,519,604 of existing debt, increasing the amount of City debt by $12,628,106. By far the greatest use of debt over the next five years is for sanitary sewer maintenance and improvements ($78,399,027).

For Fiscal Year 2026, the use of the statutory debt limit would be 33.50%, and by the end of the Recommended 5-Year Capital Improvement Program (CIP) budget in Fiscal Year 2030, the City of Dubuque would be at 32.90% of the statutory debt limit.

In this budget recommendation, the Mayor and City Council are currently reviewing, projections out 10 years to Fiscal Year 2035 show the City of Dubuque at 19.66% of the statutory debt limit. This is an improvement on the debt reduction plan adopted in August 2015, that first began implementation in Fiscal Year 2016.

In the extremely low interest rate environment prior to 2015, the City had been increasing the use of debt to accomplish the projects that need to be done. To have any success, a community must have a sound infrastructure. The Mayor and City Council has recognized the infrastructure issues Dubuque faces and has been responsive. While there was some criticism of City use of debt to deal with those infrastructure challenges, that criticism fails to recognize that not financing the needed infrastructure maintenance and improvements is also a form of debt that is passed down to future generations. This was a strategic decision by the City Council realizing that infrastructure investment just gets more expensive over time for these reasons: a) the older a piece of infrastructure gets and the more it is allowed to deteriorate increases costs; b) the longer the wait to invest in infrastructure the costs are increased by inflation; and c) If the investment in infrastructure is not made in this low interest rate environment this investment will eventually need to be made when interest rates are higher, thereby increasing costs. However, beginning in FY 2016 the City Council at their 2015 Goal Setting Session debt reduction was adopted as a High Priority. So the amount of outstanding debt began to decrease and in Fiscal Year 2026 the City will be issuing slightly more debt ($4,698,236) than is retired and many projects will become pay-as-you-go. However, in 2022 a fourth reason was created for considering using debt for infrastructure projects and that is the massive amount of federal grant money that was being made available.Most of these grants require matching dollars and most require that the engineering work already be financed and completed to make the projects shovel ready.

The debt principal outstanding projected as of June 30, 2025, is currently $281,085,184. The breakdown of the debt principle outstanding as of June 30, 2025, is as follows:

Debt Obligation	6/30/2025 Principle Outstanding
General Obligation Essential Corporate Purpose	$100,598,999
Less General Obligation Debt Subject to Annual Appropriation	($14,625,570)
Tax Increment Notes and Bonds	$15,565,000
Economic Development TIF Rebate Agreements	$5,561,674
Other Revenue-Backed Loans	$2,664,171
Total Indebtedness Subject to Statutory Debt Limit of	$109,764,274
Percent of Statutory Debt Limit Used as of June 30, 2025	34.10%
Revenue Bonds	$156,695,340
Less Revenue Bonds Subject to Annual Appropriation	($11,803,968)
Add Debt Subject to Annual Appropriation	$26,429,538
Total City Indebtedness as of June 30, 2025	$281,085,184

The City will issue $152,147,710 in new debt in the Recommended 5-year CIP, mostly for fire equipment replacement ($4,163,408), fire station improvements, fire station expansion, airport improvements, reimagine Comiskey Park ($1,697,000), neighborhood park developments, Federal Building renovations ($5,640,600), solid waste collection vehicles, sanitary sewer improvements ($90,406,304), water system projects ($15,956,673), stormwater improvements, parking maintenance ($5,240,000), renovation of Five Flags ($22,890,869), and Central Avenue improvements ($6,440,000).

Project	FY 2026	FY 2027	FY 2028	FY 2029	FY 2030	Total
Fire Equipment Replacement (LOST)	$401,060	$544,000	$—	$—	$—	$945,060
Fire Station Expansion/ Relocation (LOST)	$—	$—	$—	$—	$500,900	$500,900
Fire Station Improvements (LOST)	$100,000	$900,000	$500,000	$—	$50,000	$1,550,000

Water Projects	$750,000	$1,524,715	$9,158,146	$4,523,812	$—	$15,956,673
Total New Debt	$29,189,076	$27,215,540	$36,856,772	$28,856,664	$30,029,658	$152,147,710

The City will retire $139,519,604 of existing debt over the next five-years (FY26-FY30).

The following chart shows the net reduction of debt from Fiscal Year 2026 - Fiscal Year 2030:

Project	FY 2026	FY 2027	FY 2028	FY 2029	FY 2030	Total
New Debt	$29,189,076	$27,215,540	$36,856,772	$28,856,664	$30,029,658	$152,147,710
Retired Debt	-$24,490,840	-$26,781,297	-$28,355,118	-$29,751,697	-$30,140,652	-$139,519,604
Net Debt Increase (Reduction)	$4,698,236	$434,243	$8,501,654	-$895,033	-$110,994	$12,628,106

There was a 0.53% increase in assessed value effective January 1, 2024, which is the assessment the Fiscal Year 2026 statutory debt limit is based on. The statutory debt limit effective June 30, 2026 is $323,629,585. The City will be at 33.50% of statutory debt limit by June 30, 2026. In FY 16 the City was at 86.13% of statutory debt limit, so 33.50% in Fiscal Year 2026 is a 53.04% decrease in use of the statutory debt limit.

The ten year history of the City's use of the statutory debt limit is as follows:

FY 15	FY 16	FY 17	FY 18	FY 19	FY 20	FY 21	FY 22	FY 23	FY24	FY25
90.00%	86.54%	66.06%	59.79%	52.90%	46.91%	43.51%	43.33%	39.36%	40.07%	34.85%

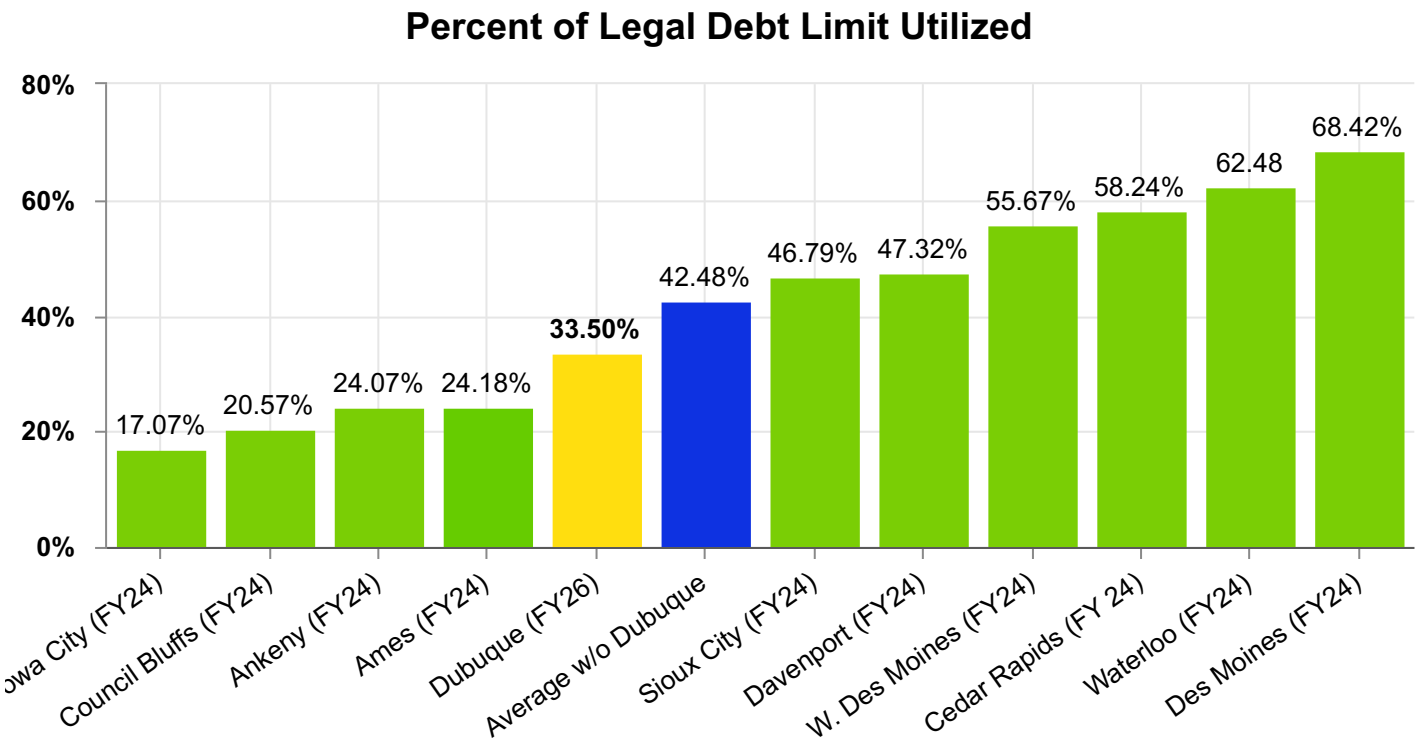

The five year projection of the City's use of the statutory debt limit from Fiscal Year 2026–2030 including all planned debt issuances subject to the statutory limit and assuming a 2% growth in the City's assessed valuation beginning in Fiscal Year 2026 is as follows:

FY 26	FY 27	FY 28	FY 29	FY 30
33.50%	32.13%	30.65%	30.58%	32.90%

The following chart shows Dubuque's relative position pertaining to use of the statutory debt limit for Fiscal Year 2026 compared to the other cities in Iowa for Fiscal Year 2024 with a population over 50,000:

Fiscal Year 2024 Legal Debt Limit Comparison for Eleven Largest Iowa Cities

Rank	City	Legal Debt Limit (5%)	Statutory Debt Outstanding	Percentage of Legal Debt Limit Utilized
11	Des Moines (FY24)	$803,564,354	$549,760,000	68.42%
10	(FY24)	$551,635,692	$307,090,000	55.67%
9	24)	$681,383,619	$396,830,000	58.24%
8	Waterloo (FY24)	$221,546,701	$138,428,824	62.48%
7	Davenport (FY24)	$423,816,425	$200,540,000	47.32%
6	Sioux City (FY24)	$309,734,920	$144,929,999	46.79%
5	Dubuque (FY26)	$323,629,585	$108,410,164	33.50%
4	Ankeny (FY24)	$416,454,919	$100,260,000	24.07%
3	Ames (FY24)	$277,278,426	$67,035,000	24.18%
2	Iowa City (FY24)	$368,416,450	$62,905,000	17.07%
1	Council Bluffs (FY24)	$365,780,288	$75,240,467	20.57%
	Average w/o Dubuque			42.48%

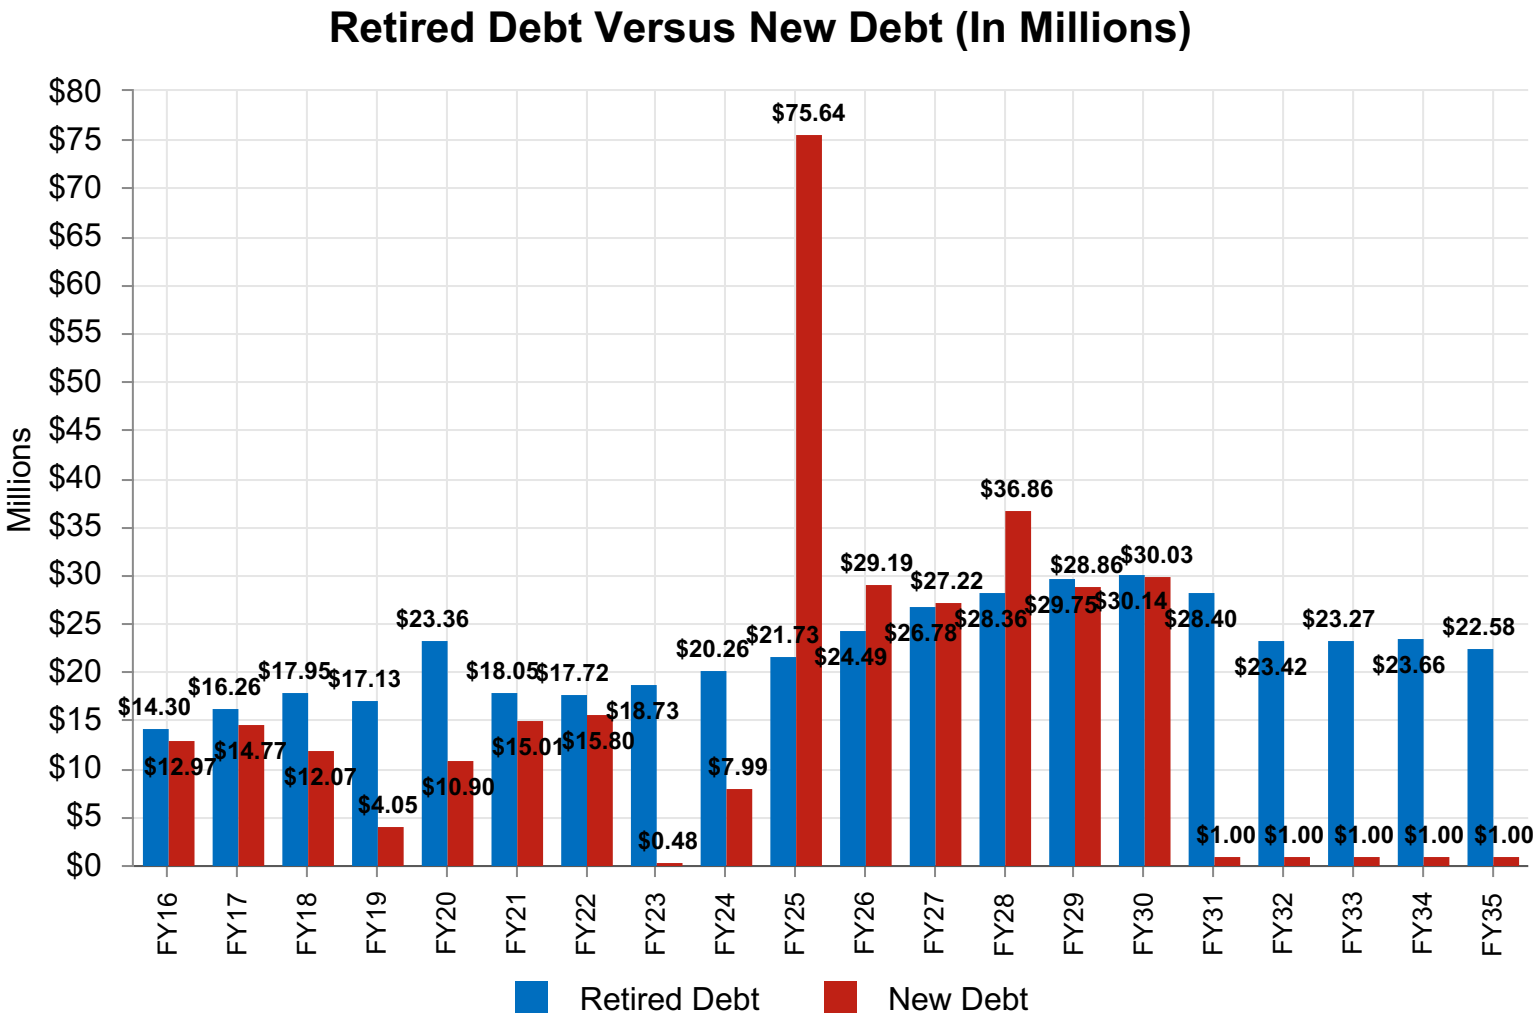

Dubuque ranks as the fifth lowest of the use of statutory debt limit of the 11 cities in Iowa with a population over 50,000 and Dubuque is below the average of the other Cities. The average (42.48%) is 26.82% higher than Dubuque (33.50%).

Retired Debt Versus New Debt

The total City indebtedness as of June 30, 2026, is projected to be $167,789,201 (33.50% of statutory debt limit). The total City indebtedness as of June 30, 2015, was $295,561,181 (90% of statutory debt limit). The City is projected to have $8,483,725 more in debt as of June 30, 2026.

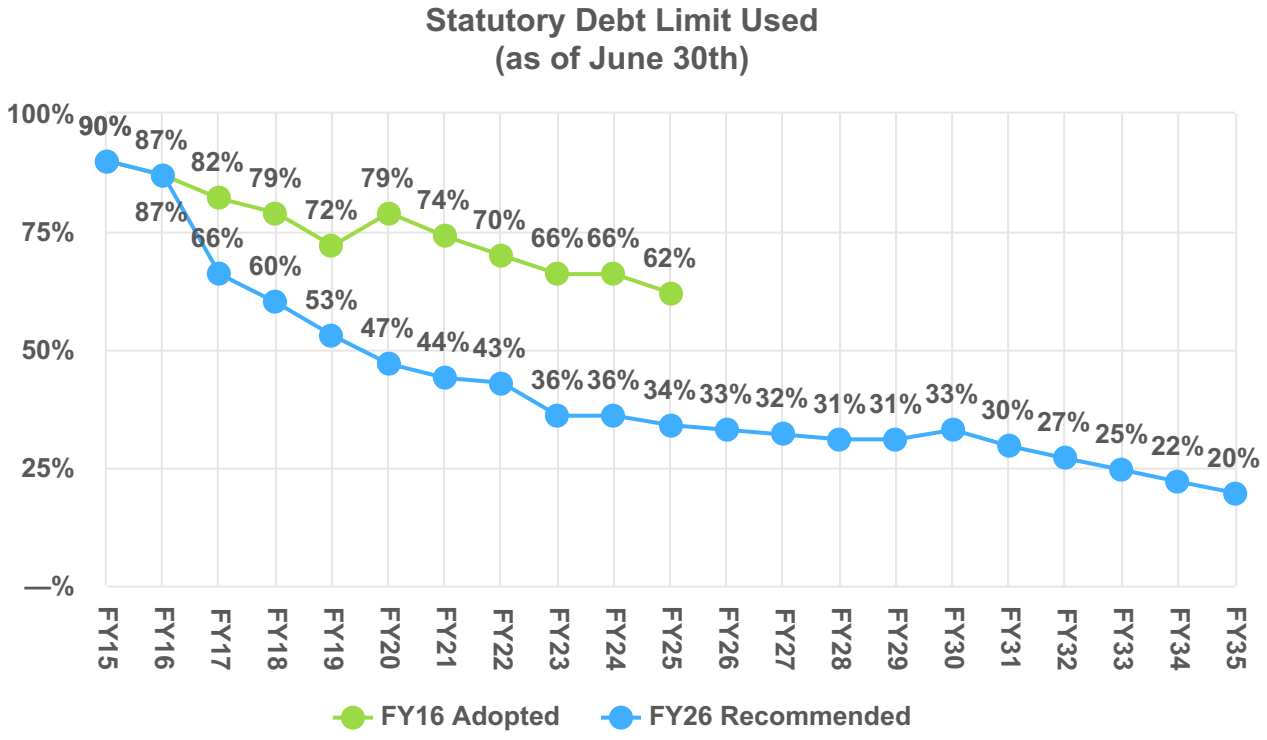

The combination of reduced debt and increased utility rates partially reflects the movement to a more "pay as you go" strategy, which could lead to larger tax and fee increases than with the use of debt. In Fiscal Year 2020, the City had $5,908,200 forgiven of the Bee Branch Upper Bee Branch Loan on June 30, 2020 which increased principal payments reflected.

Based on the timing of projects, the City issued very little debt in FY23 ($0.48 million) and FY24 **($7.99 million), so the FY25 debt issuance was a combination of three years of debt funding for projects. In that three-year period, the City retired $60.72 million in debt and issued $84.11 million in debt.** The following chart shows the amount of retired debt as compared to new debt. The new debt includes new debt issuances as well as draw downs on existing state revolving fund loans:

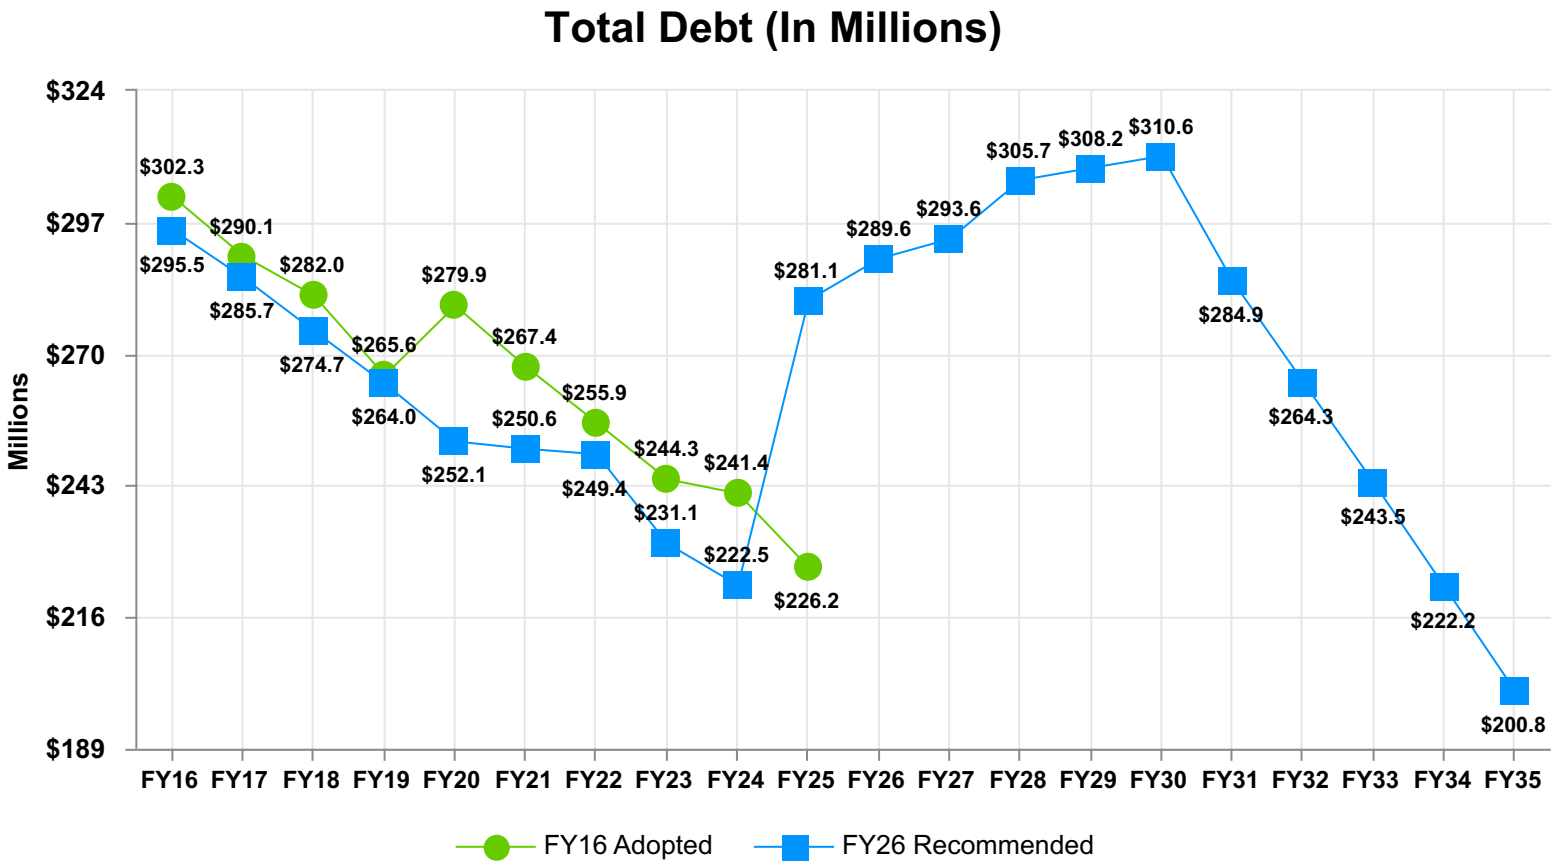

Statutory Debt and Total Debt

In August 2015, the Mayor and City Council adopted a debt reduction strategy which targeted retiring more debt each year than was issued by the City. The recommended FY 2026 budget will exceed that target in FY 2026, FY 2027, and FY 2028 due to issuing necessary debt for Five Flags, Fire Equipment and Station Improvements, Central Avenue Corridor Improvements, Water Lead Lines, PFAS, Old Mill Road Lift Station and Force Main, Catfish Creek Sewershed Interceptor Sewer Improvements, Track Line Sanitary Sewer Reconstruction, Force Main Stabilization, and Park Improvements.However, Fiscal Year 2029 and Fiscal Year 2030 will meet the target. You can see that the Mayor and City Council have significantly impacted the City's use of the statutory debt limit established by the State of Iowa. In Fiscal Year 2015, the City of Dubuque used 90% of the statutory debt limit. In this budget recommendation, the Mayor and City Council are currently reviewing for Fiscal Year 2026, the use of the statutory debt limit would be 33.50%, and by the end of the recommended 5-Year Capital Improvement Program (CIP) budget in Fiscal Year 2030, the City of Dubuque would be at 32.90% of the statutory debt limit. Projections out 10 years to Fiscal Year 2035 show the City of Dubuque at 19.66% of the statutory debt limit. This is an improvement on the debt reduction plan adopted in August 2015, that first began implementation in Fiscal Year 2016.

By the end of the Recommended 5-Year Capital Improvement Program (CIP) budget, the total amount of debt for the City of Dubuque would be $310.62 million (32.90% of the statutory debt limit). Projections out 10 years to Fiscal Year 2035 show the City of Dubuque at 19.66% of the statutory debt limit, and the projection is to be at $200.79 million (19.66% of statutory debt limit) within 10 years.

General Fund Reserves

The City maintains a general fund reserve, or working balance, to allow for unforeseen expenses that may occur. Moody's Investor Service recommends a 35% General Fund Operating Reserve for “AA” rated cities.

In January 2025, Moody’s Investor Services affirmed the Aa2 credit rating on general obligation bonds. Moody’s credit analysis states, “the City of Dubuque’s local economy benefits from its role as a regional economic center, with solid resident income and full value per capita. Financial operations are strong and will remain so despite declines in fund balance over the next few years, as it expends funds from the pandemic. Long-term liabilities and fixed cost ratios are moderate and will remain so despite future borrowing needs.” According to Moody’s, the Aa2 issuer rating for the City of Dubuque’s bonds reflects the city’s healthy economic base, which serves as a regional economic center. Other rationale stated for the rating include full value per capita and adjusted resident income are solid at around $109,000 and 98% respectively, though weaker than Aa peers, in part because of a large student population, available fund balance was strong at around 60% of revenue at the close of fiscal 2023 (year-end June 30), and cash was stronger at 85% of revenue. The City’s available fund balance will likely remain well over 45%, despite some planned draws in fiscal 2024 and fiscal 2025 to spend down federal funds from the pandemic. Despite the state adopting new property tax restrictions, revenue raising flexibility remains strong because the City maintains significant margin in its employee benefits fund and is not utilizing its emergency levy. The long-term liabilities ratio will likely remain well under 300% inclusive of the current issuances and future borrowing plans, and fixed-costs ratio will remain well below 20%.

In July 2023, Moody’s Investor Service upgraded the City’s outstanding general obligation bonds from Aa3 to Aa2, as well as the outstanding Sales Tax Increment Revenue bonds from A2 to A1. Notable credit factors include strong financial operations and ample revenue-raising flexibility, which has resulted in steadily improved available fund balance and cash. The City serves as a regional economic center and its regional economic growth rate has outpaced the nation over the past five years.

In November of 2022, Moody’s Investors Service (“Moodys”) released a new rating methodology for cities and counties. Two significant changes result from the new methodology; cities are now assigned an issuer rating meant to convey the creditworthiness of the issuer as a whole without regard to a specific borrowing, and business-type enterprise funds are now being considered together with general fund revenues and balances in the determination of financial performance.

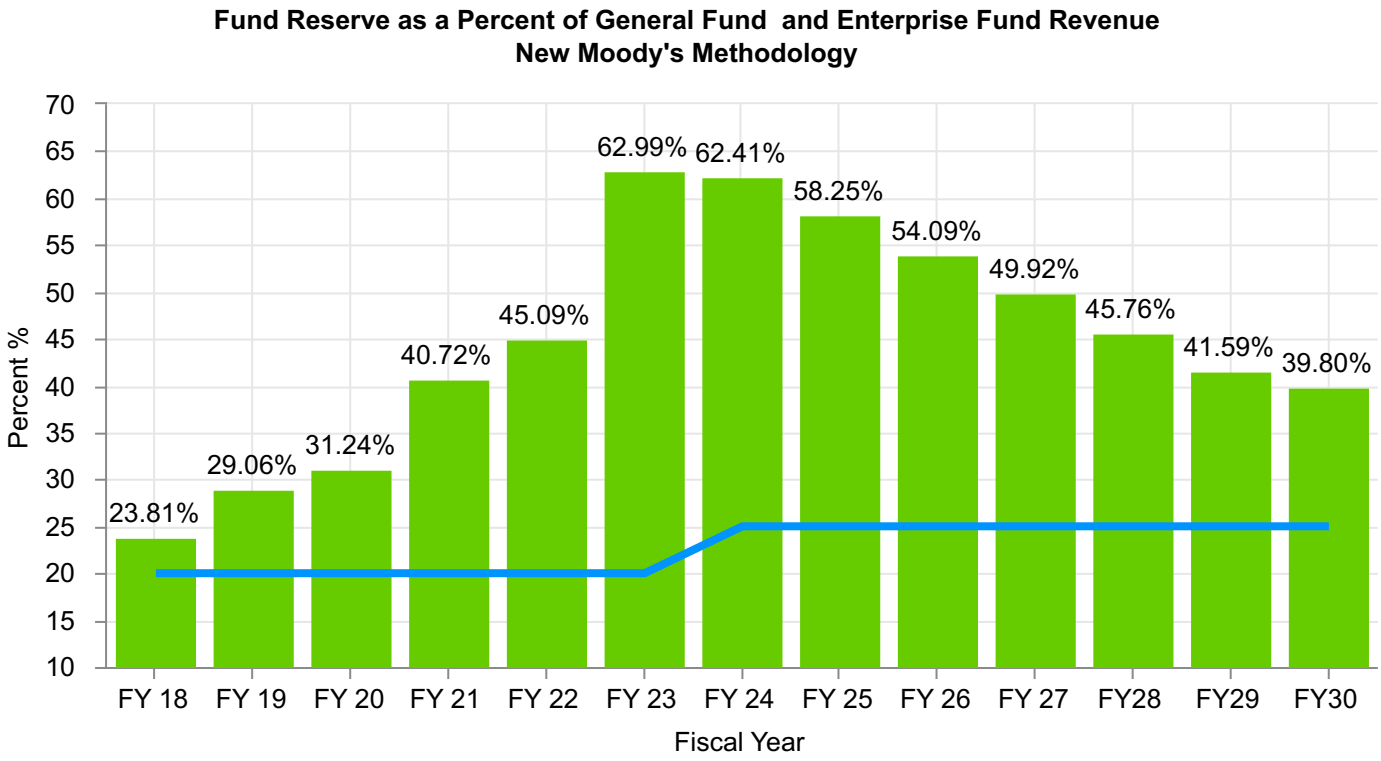

Under the new methodology, there are two metrics that contribute to financial performance. Available Fund Balance Ratio (“AFBR”) = (Available Fund Balance + Net Current Assets/ Revenue) and Liquidity Ratio (“LR”) = (Unrestricted Cash/Revenue). For Aa credits, AFBR ranges from 25-35, and LR ranges from 30-40%.

The City was evaluated by Moody's under the old methodology in May of 2022 in connection to its annual issuance of bonds. At that time, Moody's calculated the City's AFBR to be 45.2%, and its LR to be 59.8%. The balances used in these calculations were likely elevated due to unspent ARPA funds. The change in methodology will now consider revenues and net assets from business-type activities in these calculations. As such, the City's general obligation rating will now be directly impacted by the financial performance of enterprise funds. Establishing rates and charges adequate to provide both debt service coverage and significant liquidity will be necessary to maintain the City's ratings.

In May 2021, Moody's Investor Service upgraded the City's Water Enterprise's outstanding revenue bonds from A1 to A2 and affirmed the Aa3 credit rating on general obligation bonds. Notable credit factors include a sizable tax base, a wealth and income profile that is slightly below similarly rated peers, and increased financial position that will decline in fiscal years 2021 and 2022 and somewhat elevated debt and pension liabilities.

These credit ratings are affirmation of the sound fiscal management of the mayor and city council, put Dubuque in a strong position to capitalize on favorable financial markets, borrow at low interest rate when necessary, and make critical investments in the community.

Fiscal Year	Fund Reserve (As percent of General Fund revenues)	New Moody's Methodology	Reason for change from previous Fiscal Year
FY 2019	29.06%		Increase due to capital projects not expended before the end of the FY.
FY 2020	31.24%		Increase due to freezing vacant positions and most capital projects due to the pandemic.
FY 2021	40.72%		Increase due to American Rescue Plan Act funds received ($13.2 million), frozen positions and capital projects through Feb 2021.
FY 2022	49.16%	45.09%	Increase due to American Rescue Plan Act funds received ($13.2 million), capital projects not expended before the end of the FY, and vacant positions.
FY 2023	55.82%	62.99%	Increase due to American Rescue Plan Act funds not spent ($26.4 million), capital projects not expended before the end of the FY, and vacant positions.
FY 2024	51.19%	62.41%	Decrease due to spend down of American Rescue Plan Act funds.

The City of Dubuque has historically adopted a general fund reserve policy as part of the Fiscal and Budget Policy Guidelines which is adopted each year as part of the budget process. During Fiscal Year 2013, the City adopted a formal Fund Reserve Policy which states the City may continue to add to the General Fund minimum balance of 10% when additional funds are available until 20% of Net General Fund Operating Cost is reached. During Fiscal Year 2024, the General Fund minimum balance was increased to 25%.

After all planned expenditures in FY 2025, the City of Dubuque will have a general fund reserve of 44.41% of general fund revenues as a percent of general fund revenues computed by the accrual basis or 58.25% of general fund, debt service, and enterprise fund revenues as computed by the accrual basis methodology now used by Moody's Investors Service. The general fund reserve cash balance is projected to be $81,140,352 on June 30, 2025 as compared to the general fund reserve balance on an accrual basis of $38,026,193. The general fund reserve balance on an accrual basis exceeds 27% in FY 2025, which is the margin of error used to ensure the City always has a general fund reserve of at least 25% as computed by Moody's Investors Service.

In Fiscal Year 2017, the City had projected reaching this consistent and sustainable 20% reserve level in Fiscal Year 2022. In fact, the City met the 20% reserve requirement in FY 2017, five years ahead of schedule and has sustained a greater than 20% reserve.

	FY2023	FY2024	FY2025	FY2026	FY2027	FY2028	FY2029	FY2030
Contribution	$2,717,339	$4,419,668	$—	$—	$—	$—	$—	$—
City's Spendable General Fund Cash Reserve Fund Balance	$48,403,917	$43,826,193	$38,026,193	$32,226,193	$32,226,193	$32,226,193	$32,226,193	$32,226,193
% of Projected Revenue (Moody's)	55.82%	51.19%	44.41%	37.64%	37.64%	37.64%	37.64%	37.64%

State Revolving Fund Sponsorship Projects and Green Project Loans

The City uses State Revolving Fund (SRF) loans for water and sanitary sewer projects whenever possible because of the very low annual interest rate of 1.75% with an annual servicing fee of 0.25%.

In 2009, legislation was passed in Iowa that allows water utilities that issue debt through the Clean Water State Revolving Fund Program to sponsor and help finance other water quality improvement (CWSRF) projects within or outside its service limits. This new funding mechanism, called Water Resource Restoration Sponsored Projects, will provide cities, counties, local watershed organizations, watershed management authorities, county conservation boards, and soil and water conservation districts a funding source to construct improvements throughout a watershed that keep sediment, nutrients, chemicals and other pollutants out of streams and lakes.

Repayment of a standard Clean Water SRF (CWSRF) loan includes the repayment of the original loan amount, the principal, and the cost to finance the loan, interest, and fees. On a CWSRF loan with a sponsored project, the financing costs are reduced by the amount of the cost of the sponsored project improvements. Figure 1 shows a comparison between a standard CWSRF loan and a CWSRF loan with a sponsorship project. As shown, the total cost to the utility (the total of loan repayments) remains unchanged as the cost of funding for the sponsorship project is offset by a reduction in loan financing costs. In essence, two water quality projects are completed for the price of one.

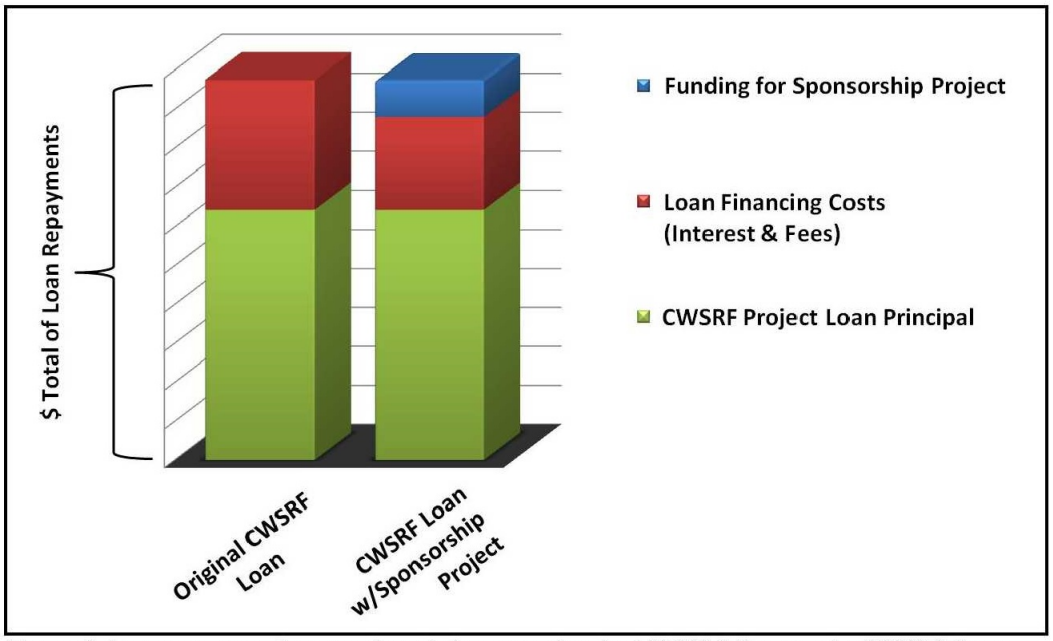

Figure 1. Loan repayment comparison between a standard CWSRF loan and a CWSRF loan with a sponsorship project.

After three years of the State of Iowa being unsuccessful in completing one of these modified loans, the City of Dubuque had the first successful application for the state when, in April 2013, the City was awarded $9.4 million of the interest paid on the Water and Resource Recovery Center to be used to reconstruct over 70 Green Alleys in the Bee Branch Watershed. The principal for the Water & Resource Recovery Center Upgrade was increased from $64,885,000 to $75,145,579 and the interest rate plus annual servicing fee was decreased from 3.25% to 2.00% to add the Green Alley sponsorship project. This reduction allowed for increased proceeds and resulted in a true interest cost of 1.96% and gross borrowing savings of $11.4 million. The State of Iowa has discontinued the sponsored project optin for future debt issuances.

The Federal Fiscal Years 2010, 2011, and 2012 State Revolving Fund capitalization grants included requirements for certain percentages of the funds to be allocated for green projects. Each green infrastructure project receives a portion of loan forgiveness not to exceed 30%. In June 2015, the City of Dubuque Upper Bee Branch Creek Restoration Project (Upper Bee Branch Project) qualified for a Green Project Loan from the CWSRF Program in the amount of $29,541,000. The loan includes a principal forgiveness provision. The amount of the loan to be forgiven is 20% of the total loan disbursements made under the loan agreement. The amount of the loan that was forgiven in June 2020 was $5,908,200. The actual true interest cost for total funds received was not the 2.00% borrowing rate (1.75% interest and 0.25% administrative fee), but just 0.07% after reflecting the receipt of interest free funds (forgiven portion).

Then, in August 2017, the City was awarded $1.4 million in funding for improvements with the Catfish Creek Watershed through the State of Iowa Water Resource Restoration Sponsored Project program as part of the City State Revolving Fund loan for the Upper Bee Branch Creek Restoration Project. The funding for the $1.4 million in improvements will come from the interest payments on the City's Upper Bee Branch SRF loan. The Upper Bee Branch Creek SRF loan principal was increased to $30,941,000 and the interest rate plus the annual servicing fee was reduced from 2.00% to 1.43%. On a gross basis, the borrowing costs for the new loan were $1.38 million less than the original loan.

In May 2018, the City was awarded $1.0 million in funding for pervious green alley improvements with the Bee Branch Creek and Catfish Creek Watersheds through the State of Iowa Water Resource Restoration Sponsored Project program as part of the City State Revolving Fund loan for the Upper Bee Branch Creek Railroad Culverts Project. The funding for the $1.0 million in improvements will come from the interest payments on the City's Upper Bee Branch Railroad Culvert SRF loan. The Upper Bee Branch Creek Railroad Culvert SRF loan principal was increased to $17,387,000 and the interest rate plus the annual servicing fee was reduced from 2.00% to 1.43%. On a gross basis, the borrowing costs for the new loan were $1.05 million less than the original loan.

In February 2019, the City was awarded $276,300 in funding for Eagle Point Park Environmental Restoration through the State of Iowa Water Resource Restoration Sponsored Project program as part of the City State Revolving Fund loan for the Kerper Boulevard Sanitary Sewer Project. The funding for the $276,300 in improvements will come from the interest payments on the City's Kerper Boulevard Sanitary Sewer SRF loan. The Iowa Finance Authority now requires that sponsorship projects are included in the initial loan amount so that the repayment schedule does not have to be adjusted. On a gross basis, the borrowing costs for the new loan were $278,000 less than if there was not a sponsorship project included.

Capital Improvement Projects

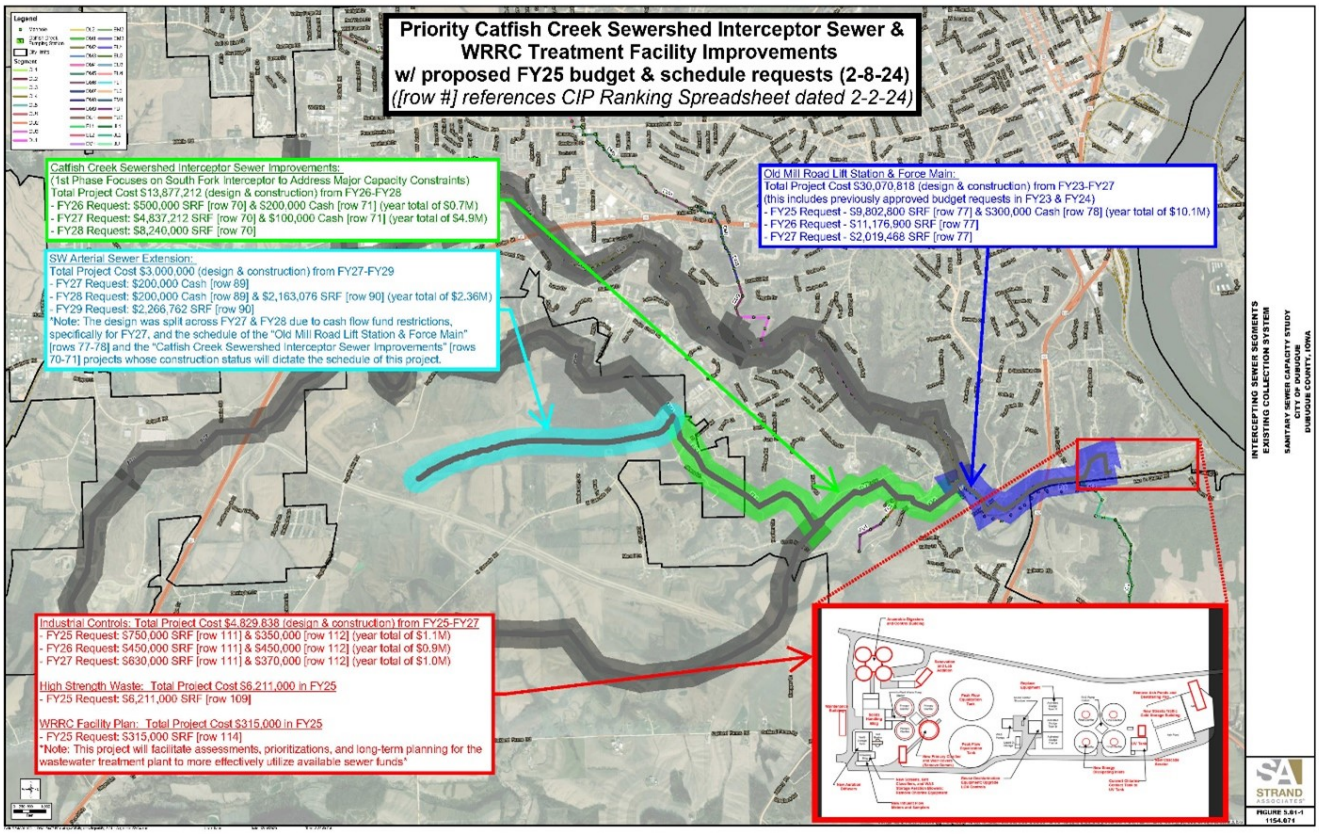

The City is a partner with the Dubuque Racing Association (DRA) on redevelopment of Chaplain Schmitt Island. The DRA is doing over $80 million in improvements to the Q Casino, including building a new Hilton hotel and adding a family entertainment zone. The City is building an over $15 million outdoor amphitheater on Chaplain Schmitt Island, millions of dollars of trails and investing over $2.5 million in replacement of sanitary sewer and an addition of a new sanitary sewer lift station.

Complimentary to the Chaplain Schmitt Island project the city is planning an over $40 million project to build a railroad overpass on 14th Street, which would include a complete street design on Elm Street and 16th Street, an added hike bike lane to the 16th Street bridge over Peosta Channel and roundabout on 16th Street at Sycamore Street and Admiral Sheehy Drive

The 5-year Capital Improvement Program (CIP) includes several major projects:

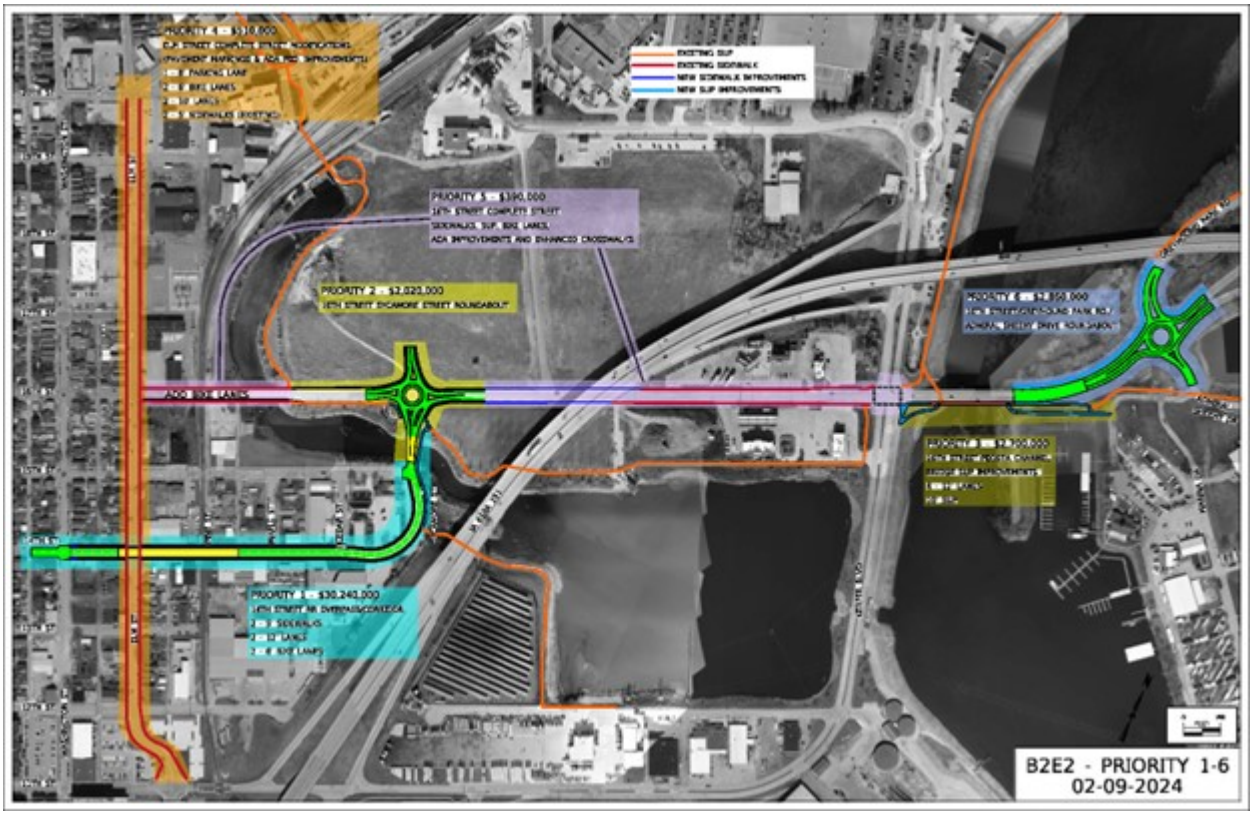

1. Catfish Creek Sewershed Interceptor Sanitary Sewer Improvements $47 million total.

2. Water & Resource Recovery Center High Strength Waste $6.2 million total

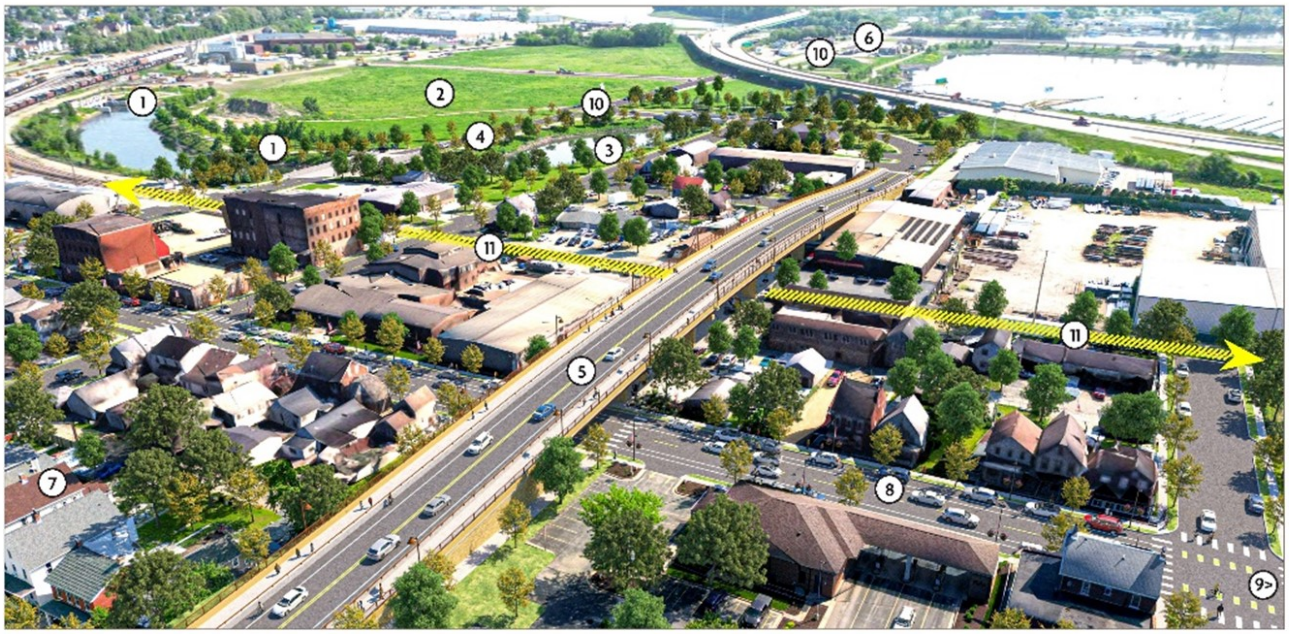

3. Water & Resource Recovery Center Industrial Controls Update $3 million total
4. Water & Resource Recovery Center BOD Capacity Upgrades $1.1 million total
5. Southwest Arterial Water Main Extension $1.7 million total
6. Private Lead Water Service Line Replacement Project $5.7 million total
    i. Construction costs are 49% forgivable, whereas non-construction costs such as engineering services are non-forgivable per BIL Funds.
7. Source Water PFAS Reduction Project $9.5 million total
8. Water Third Pressure Zone Connection (from Tanzanite Drive to Olympic Heights) $2.0 million total
9. Kerper Blvd. Sanitary Sewer Lift Station Replacement $1.5 million ARPA Grant (Total project cost = $1.5 million)
10. Bee Branch Gate & Pump Replacement $28.2 million total ($8 million US EDA Grant)
11. 14th Street Overpass
    i. $25 million RAISE Grant
    ii. $9.2 million DMATS
    iii. Support from Dubuque Racing Association

iv. Total project cost = $43 million)

BUILDING BRIDGES TO EMPLOYMENT AND EQUITY

CITY OF DUBUQUE RAISE GRANT - 14TH STREET OVERPASS

U.S. Department of Transportation Federal Highway Administration | RAISE Grants | DUBUQUE

12. Northwest Arterial & US20/Dodge Street Intersection Improvements
    i. $17.5 million total cost
    ii. $12 million Iowa DOT allocation
    iii. $5.5 million City Contribution
13. Streets
    i. 8 miles of asphalt overlay projects by Public Works Department
    ii. 14th Street Overpass, Roundabouts, & Related Improvements
    iii. Northwest Arterial & US20/Dodge Street Intersection Improvements
    iv. Central Avenue Corridor Streetscape Improvements

Timeline of Public Input Opportunities

The Budget Office conducted community outreach using print and digital marketing and presentations.

- July: City staff presented on the budget process to all Neighborhood Associations at the Multicultural Family Center and attendees had the opportunity to prioritize real City projects.

- November: The City Manager hosted an evening public budget input meeting.

Open Budget

https://dollarsandcents.cityofdubuque.org/

During Fiscal Year 2016, the City launched a web based open data platform. The City of Dubuque's Open Budget application provides an opportunity for the public to explore and visually interact with Dubuque's operating and capital budgets. This application is in support of the five-year organizational goal of a financially responsible city government and high-performance organization and allows users with and without budget data experience, to better understand expenditures in these categories.

Open Expenses
http://expenses.cityofdubuque.org/

During Fiscal Year 2017, an additional module was added to the open data platform which included an interactive checkbook which will allow residents to view the City's payments to vendors. The final step will be adding performance measures to the open data platform to allow residents to view outcomes of the services provided by the City.

Balancing Act

During Fiscal Year 2019, the City of Dubuque launched a new interactive budget simulation tool called Balancing Act. The online simulation invites community members to learn about the City's budget process and submit their own version of a balanced budget under the same constraints faced by City Council, respond to high-priority budget input questions, and leave comments.

Taxpayer Receipt

During Fiscal Year 2019, the City launched an online application which allows users to generate an estimate of how their tax dollars are spent. The tool uses data inputted by the user such as income, age, taxable value of home, and percentage of goods purchased within City limits. The resulting customized receipt demonstrates an estimate of how much in City taxes the user contributes to Police, Fire, Library, Parks, and other city services. This tool is in support of the City Council goal of a financially responsible and high-performance organization and addresses a Council-identified outcome of providing opportunities for residents to engage in City governance and enhance transparency of City decision-making.

Enterprise Fund Utility Rates

	FY 2025 Rate	Recommended FY 2026 Rate	% Change
Water	$40.14	$43.74	9 %
Sanitary Sewer	$54.78	$59.70	9 %
Curbside Collection	$17.25	$18.11	5 %
Stormwater	$10.50	$11.03	5 %

Conclusion

If the City Council approves the budget recommendation, it will support continued investment in people, businesses, and organizations that are making a difference in our community, and continued investment in the infrastructure that must exist for Dubuque to continue to thrive.

This budget recommendation fits the original tax levy recommendation that was submitted. However, I respect the Mayor and City Council's establishment of a higher property tax rate creating more flexibility as you go through the budget process.

There will be seven City Council special meetings prior to the adoption of the FY 2026 budget before the state-mandated deadline of April 30, 2025. I want to thank Chief Financial Officer Jennifer Larson, Assistant City Manager Cori Burbach, Public Information Officer Randy Gehl, Budget Manager Laura Bendorf, Budget/Financial Analyst Nathan Kelleher, Budget/Financial Analyst Joe Link, and Executive Assistant Stephanie Valentine for all their hard work and dedication in preparation of this budget recommendation.

Police Chief Jeremy Jensen

CHIEF'S MESSAGE

The Dubuque Police Department is dedicated to delivering exceptional police services, a commitment realized through robust community partnerships. Our annual report serves as a tool for both the department and the community, offering valuable insights into trends, informing resource allocation decisions, and highlighting opportunities for supporting our community.

What insights does the report offer? It underscores Dubuque as a safe community...one of the safest in Iowa, which continues to rank as one of the safest states in the country. This report also showcases our department's dedication to transparency and excellence, and reaffirms our unwavering commitment to serving the people with integrity and care.

Dubuque's Approach to PUBLIC SAFETY

The goal of the City's approach to public safety is to make Dubuque the safest community possible with the understanding that community safety is not just about injury prevention and crime prevention; it is about increasing well-being and building a vibrant, engaged, and equitable community.

The Dubuque Police Department has an authorized staff of **109 sworn officers** and **12 civilian positions** across six divisions:

- Administration & Staff Services
- Community-Oriented Policing
- Criminal Investigations
- Emergency Operations
- Patrol
- Records

Working to ensure residents experience an increased sense of well-being, a sustainable quality of life, a reduction in the numbers and cost of injuries, the preservation of income and assets, and improved perceptions of safety is a top priority for Dubuque city government.

Accredited For Over 30 Years

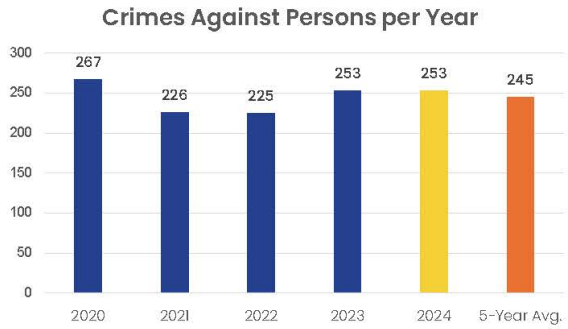

The Dubuque Police Department has been accredited by the **Commission on Accreditation of Law Enforcement Agencies (CALEA)** since 1993. The department has to demonstrate compliance with 459 standards to retain accredited status. Accreditation is an important achievement as it tells the citizens and persons dealing with the department that it is operating consistent with best practice professional standards.

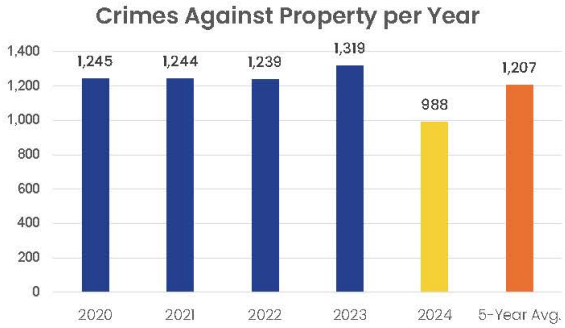

Responding to COMMUNITY NEEDS

Dubuque Police Department: There When You Need Them

Part I Crimes

The U.S. Federal Bureau of Investigation's Uniform Crime Reporting (UCR) Program collects data about Part I offenses in order to measure the level and scope of crime occurring throughout the nation. The program collects data on these offenses because they are serious crimes, they occur with regularity in all areas of the country, and they are likely to be reported to police.

	2023	2024
Aggravated Assault	171	159
Sexual Assault	73	79
Robbery	7	14
Murder	2	1
Total	253	253

	2023	2024
Theft of Motor Vehicle	46	55
Arson	8	6
Burglary	237	270
Theft	1,028	657
Total	1,319	988

A robbery happens to a person and a burglary happens to a place (home, garage, car, etc.). **From 2020 to 2024, reported sexual assaults in Dubuque decreased by approximately 25%.**

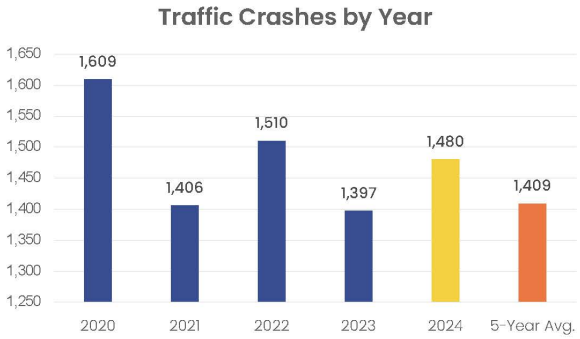

Calls for Service

Calls for service fell by 6.4% from 2023 to 2024. Because of the 24/7 nature of law enforcement, the Dubuque Police Department continues to respond to calls for service ranging from nuisance calls to the Part I crimes listed in the chart on page 3.

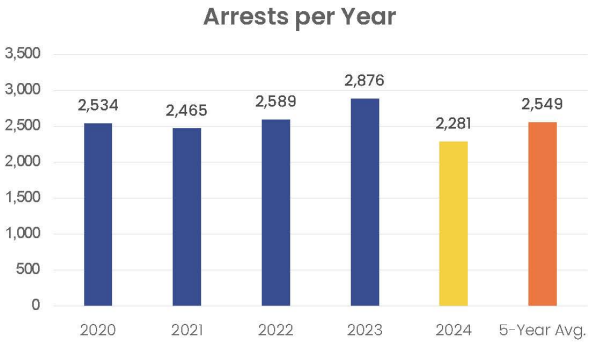

Traffic Crashes

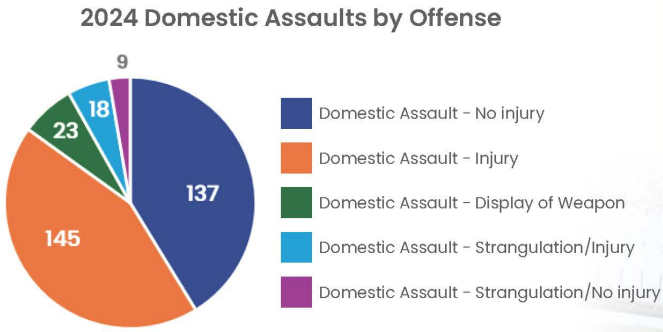

Traffic crashes consist of property damage, personal injury, and fatality crashes. **In 2024, there were seven fatality crashes, representing a significant increase from 2023 (one).** Sixteen other crashes resulted in serious injuries. Overall, 239 injuries were reported. Speed and distracted driving were factors in many of these incidents. Rear-end crashes were the most common type of collision in 2024.

Arrests

Data includes custodial arrests as well as arrests when suspects were cited and released. This does not include simple misdemeanor traffic violations. Arrests range from simple misdemeanors such as public intoxication to Class A felonies such as murder.

Secure Dubuque

Secure Dubuque is a community partnership program that gives residents the option to register their home surveillance system with the Dubuque Police Department. In the event a crime occurs in the area, footage from the system could be of assistance to the department, increasing the efficiency of the investigation. Personal surveillance systems can include security cameras and doorbell cameras. Visit www.cityofdubuque.org/securedubuque to learn more.

Submit a Tip

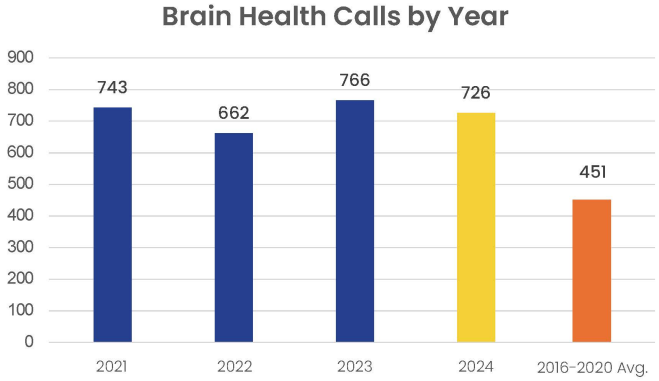

If you would like to report criminal or suspicious activity to police, or have information about a crime that police are investigating, submit a tip at www.cityofdubuque.org/police. In a non-emergency situation, call 563-589-4415. As always, if the situation is an emergency, call 911.

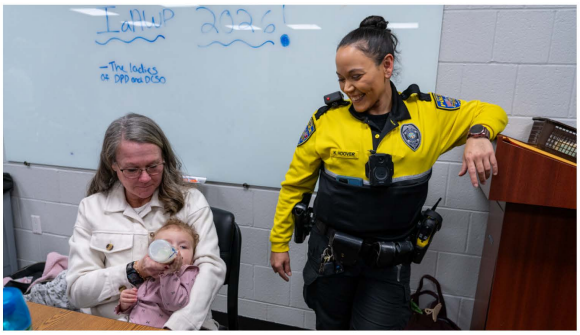

Crisis Intervention Team

The Dubuque Police Department's Crisis Intervention Team (CIT) aims to use the Secondary Responder model to assist individuals who may be experiencing a brain health or substance abuse crisis. In situations where first responders identify the subject is dealing with these issues, a secondary responder trained to specifically deal with mental health, substance abuse, and homelessness provides assistance and follow-up.

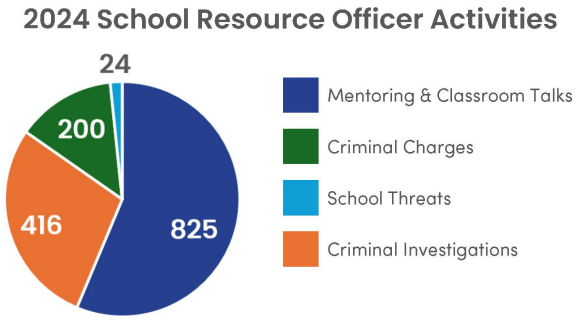

Community-Oriented Policing

The Dubuque Police Department subscribes to the Community Oriented Policing strategy of working directly with residents to address crime, perceptions of police, and overall community quality of life through positive police interactions and relationship building in the community. DPD's Community Policing Division includes three bicycle patrol unit officers, six School Resource Officers, and a crime prevention and public information unit.

School Resource Officers

Six School Resource Officers (SROs) serve within all public schools within the Dubuque city limits, as well as Holy Family Catholic Schools on a limited basis, providing support ranging from counseling and mentoring to addressing crimes committed on campus. SROs are paid 50% by Dubuque Community Schools and are vital members of their school's administrative team, helping to solve problems in the school community, while being an educational resource and positive role model for students.

Professional Standards

All allegations of employee misconduct or complaints made against the Department, including anonymous complaints, are appropriately received, recorded, and investigated.

Complaints which are less serious in nature, such as alleged rudeness, tardiness, etc. are referred to and investigated by the employee's immediate supervisor.

Complaints of a serious nature, such as, allegations of criminal misconduct, corruption, excessive force, breach of civil rights, or ongoing negative behavior are referred to the Police Chief, Assistant Chief, or Professional Standards Supervisor for formal investigation. Thirty-nine complaint cases were completed in 2024:

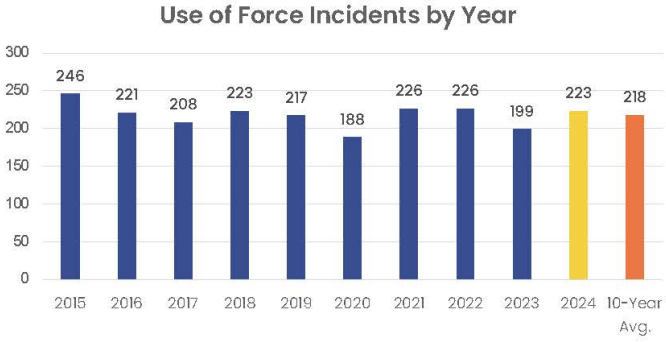

- 38 cases were initiated by citizens, one was initiated by a DPD employee. Three cases rose to the level of a Formal Investigation.
- 36 cases remained at the Inquiry or Informal Complaint level. Five of these cases were founded.
- 32 complaints were for poor job performance. Only one complaint of excessive force was submitted, which was deemed unfounded.
- 31 of 39 complaints were deemed unfounded once the investigation had concluded.

Due to the use of body worn cameras and in-car camera systems, Professional Standards investigators are able to accurately review most officer/citizen interactions.

Use of Force

Dubuque Police Department policy states a Use of Force Report is to be applied under the following circumstances:

> *All incidents requiring the application of force involving lethal or less-lethal weapons will be reported in writing to the chief of police. A Reportable Use of Force report will be submitted in all cases where an injury or death results from, or is alleged to have resulted from, actions by an employee of the department whether through the use of lethal, less-lethal, or weaponless physical force; or when physical force is used at a level greater than soft hand techniques or simple handcuffing.*
>
> *Officers will file a use of force report through their immediate commanding officer, detailing any incident in which the officer draws and displays a departmental firearm. A use of force report will generally not be required in instances where an officer draws a weapon as a safety precaution, such as during a building search.*

2024 Percentage of Arrests Involving Use of Force	
Arrests without Use of Force	91.3%
Arrests with Use of Force	8.7%

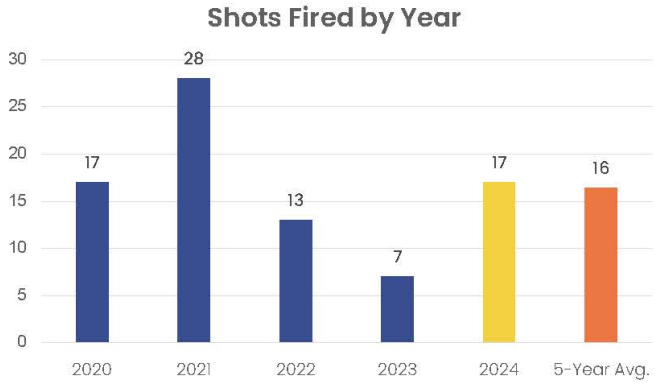

2024 Taser Deployment & Voluntary Compliance	
Voluntary Compliance Obtained	61%
Voluntary Compliance Not Attained	39%

Incidents of Shots Fired

In 2024, the Dubuque Police Department responded to 17 incidents of shots fired. While there was an increase from 2023, the number of incidents in 2024 is in line with the five-year average. Maintaining a low number of shots fired incidents is a result of several factors, including an extensive public safety camera network and diligent police work. This is far below other similar-sized cities in the Midwest.

Additionally, a Dubuque police officer is assigned as a Task Force Officer (TFO) to the Bureau of Alcohol, Tobacco, and Firearms. In 2024, this officer investigated 35 Federal firearms violations.

Dubuque Drug Task Force (DDTF)

The Dubuque Police Department is in a joint drug task force with the Dubuque County Sheriff's Department. While marijuana accounts for the majority of drug investigations, opioids and drug overdoses constitute additional issues of concern.

The most concerning drug currently is Fentanyl, which is being found in all types of drugs and is being made to look like common over-the-counter drugs or even candy. Fentanyl was a contributing factor in all of the opioid death cases in 2024. However, the continued investigative focus on Fentanyl contributed to a 31% decrease in overdoses and a 57% reduction in opioid deaths from 2023.

Drug Investigations - 2024	
General Investigations	323
Overdose Investigations	20
Opioid Death Investigations	3

In addition to investigations, DDTF made **20 educational presentations** to the public.

PRECISION POLICING CENTER ESTABLISHED

New Initiative Leverages Advanced Technology and Real-Time Data

As police departments around the country continue to address staff recruitment and retention challenges, many are seeking new solutions to continue to maintain public safety and respond to service requests. The Dubuque Police Department is no different and has identified "leveraging technology" as a partial solution and departmental priority in response to these challenges.

To better leverage new technology and utilize real-time data, the mayor and city council recently approved the creation of a Precision Policing Center (PPC). It is expected to serve as a critical "force multiplier" for the department, supporting rapid police response, informed decision-making, and proactive crime prevention. This is also supporting officer safety.

The PPC was established in late 2024 and staff have begun implementing total system integration software, which links several existing technologies, including the City's traffic and security camera system. This robust camera network is being enhanced by the addition of authorized private security cameras, live feeds from police body-worn cameras, and the department's automated license plate reader cameras.

These tools, while all force multipliers which have been shown to improve crime response and resolution on their own, they are much more effective and efficient when integrated through this more comprehensive system.

The police department's drones can also be deployed by staff in coordination with the PPC. In many situations, a drone can be activated and flown to the location of an incident prior to officer response, allowing police to have "eyes" on the situation. Video relayed by the drones can assist command staff in their decision-making, allowing for a more efficient and effective use of staff resources. This is also a tool that can be used to support the fire department and emergency management.

The integration of all of these tools and technology is providing officers with a more comprehensive view of ongoing incidents, as well as real-time intelligence to better prepare for and respond to potential threats.

To pursue the objectives of the PPC and support the work of the entire police department, the PPC is staffed by five non-sworn (civilian) employees in three roles: three Precision Policing Center Technicians, one Crime Analyst, and one Criminal Computer Forensics.

PPC Technicians

- Data monitoring and analysis, technology management, and incident documentation.
- Monitor live feeds from security cameras, license plate readers, and other surveillance systems.
- Identify signs of criminal activity or emerging threats.
- Serve as a communication hub between field officers and the PPC, relaying real-time information and updates during ongoing incidents.
- Log actions taken and data reviewed to support after-action reviews and legal proceedings.

- Coordination of activities with the City traffic and security camera system.

Crime Analyst

- Data-driven position focused on data analysis, reporting, pattern recognition, and intelligence gathering.
- Review crime data to identify trends, patterns, and potential hot spots, using statistical and geographic analysis tools to support decision-making.
- Gather, evaluate, and analyze intelligence from various sources, including public tips, social media, and law enforcement databases, to support ongoing investigations and proactive crime prevention.
- Work closely with all members of the police department, PPC Technicians, and other stakeholders to ensure that analytical insights are integrated into daily operations.

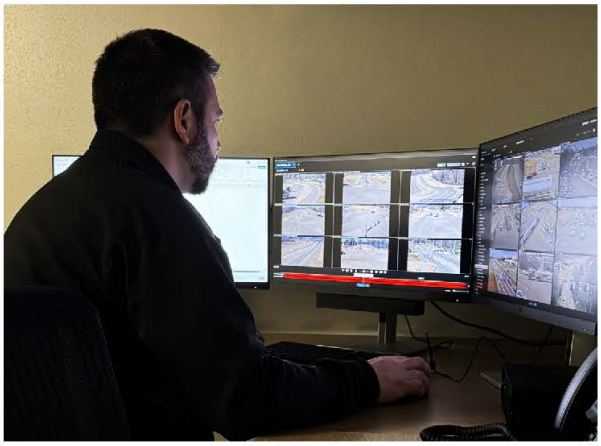

Criminal Computer Forensics

- Process computer forensics, including both mobile devices and desktop/laptop computers.
- Position created to provide more timely support of efforts previously outsourced to other agencies, leading to faster response times.
- Report operationally to the police department with some technical aspects involving the City's information technology (IT) department.

Benefits of the non-sworn positions are that they can be very specialized, do not need an extensive field training program and are more suited to on- the-job training, and do not have state-mandated academy requirements. To fund these positions and related software and hardware purchases for the PPC, the department shifted funding from six unfilled/vacant sworn officer positions. The police department has also received a scholarship from the Crime Analyst in Residence (CAR) program which provides free training, support and technical assistance in building a crime analyst position and program.

"The department's overall goal is to create a safe and secure environment for the residents we serve," said Dubuque Police Chief Jeremy Jensen. "The addition of the Precision Policing Center provides critical support to our efforts and is an example of the City's commitment to modern policing and adapting to the changing needs of our profession."

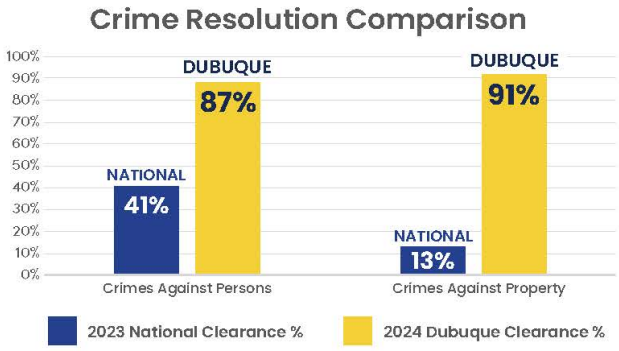

The PPC is located within the Dubuque Law Enforcement Center and it is expected to be fully staffed and operational by the end of April 2025.

Dubuque PPC Objectives:

- Improve Response Times
- Enhance Situational Awareness
- Proactive Crime Prevention
- Police Force Multiplier
- Enhanced Officer Safety
- Increased Efficiency
- Proactive Policing
- Improved Resource Allocation
- Enhanced Public Trust
- Support for Investiations

The Dubuque Police Department excels in solving crimes.

The calculation of the resolution rate of the Dubuque Police Department encompasses cases which have been suspended due to exhausted leads, thus halting further investigation. It is important to note that the methodology of calculating the national resolution data may differ from Dubuque's.

LEVERAGING TECHNOLOGY

Traffic Cameras & License Plate Readers

Dubuque continues to boast one of the most robust municipally-owned camera systems in the country. Dubuque's system, utilizing Milestone System technology, has significantly contributed to Dubuque's high crime resolution rate.

In 2024, the Dubuque City Council approved the Police Department's request to implement a license plate reader (LPR) camera system, utilizing the Flock Corporation's national network.

The system uses 22 cameras installed at Dubuque's major intersections and entry points to record vehicle license plate data. The technology serves as a force multiplier for the department, helping authorities identify and track wanted vehicles and aiding in criminal investigations.

Dubuque's LPRs are set up to only capture license plate numbers and vehicle information, such as vehicle make, model, and color. They do not have facial recognition technology and cannot identify drivers based on gender, age, or race.

License plate numbers captured by the system are cross referenced with the National Crime Information Center database of missing persons and criminal

information. They can also be checked for any active Amber Alerts.

In December 2024, LPRs were used in the arrest of an out-of-state murder suspect traveling in Dubuque. Police were notified that 30-year-old Steven Burrell could be in the city the day after a warrant was issued for his arrest on a North Dakota charge of Conspiracy to Commit Murder. An LPR identified a vehicle tied to Burrell, who was arrested that day at a local gas station.

Through their first few months of implementation, the LPRs have recognized an average of roughly 250,000 vehicles each month.

Real-Time Intelligence Gathering

The police department also utilizes Axon Fusus, a "real-time crime center" platform designed to help agencies respond to critical incidents more efficiently and effectively. The software accesses real-time intelligence through video and data feeds from a variety of sources and applications.

This intelligence is primarily developed using the City of Dubuque's existing camera network. It can then be expanded and enhanced by citizens and organizations who are given to the opportunity to become part of the network by simply installing a low-cost device within their security camera system.

The software can integrate camera systems from full or selective access to their camera feeds, expanding the existing network exponentially.

Axon Fusus also allows for enhanced mutual aid through collaboration with neighboring agencies during events, natural disasters, and critical incidents which cross jurisdictional borders. Community members can also share live video streams, and submit multimedia text tips through the platform.

Other notable capabilities include the ability to issue mass notifications and alerts, crime analysis through the use of heat mapping, vehicle tracking from camera to camera, and a live 911 feed which can be accessed by officers within their patrol vehicles and by personnel working in the Precision Policing Center. citizens, businesses, schools, hospitals, and more. These entities are given the option to allow police personnel working in the Precision Policing Center.

CELEBRATING POLICE WOMEN

The Dubuque Police Department will join its colleagues from the Dubuque County Sheriff's Office to host the Iowa Association of Women Police's (IaAWP) annual conference in March of 2026 at Q Casino + Resort's new conference center. This will be the first time Dubuque has hosted the conference since 2008.

Local organizers have compiled a schedule of sessions and speakers to cover topics including case studies, officer wellness and resiliency, and brain health. Dubuque officers will lead some of the sessions, though other speakers will be coming from agencies across the country, including the Federal Bureau of Investigation.

The Iowa Association of Women Police was created in 1982 and serves as the state's affiliate of the International Association of Women Police. IaAWP's stated goals include:

- Promoting professionalism through excellence and training,
- Serving as a network for learning and mentorship,
- Creating a pool of knowledge for every member,
- Increasing the number of qualified women hired for law enforcement positions,
- Training members for promotions to leadership roles in their departments.

30x30 Women in Policing Initiative

The 30×30 initiative is a national coalition of police leaders, researchers, and professional organizations formed to support and advance the representation, experiences, and well-being of women in policing agencies across the U.S. and beyond. The Dubuque Police Department is participating in the initiative and its goal to increase the number of female police officers to represent 30% of the department's sworn officers by 2030.

Dubuque is already ahead of the curve. Women currently make up 21% of DPD's officers compared to the nationwide average of 14%.

Research has shown that female police officers are less likely to use excessive force, be named in complaints or lawsuits, and are perceived by the public as more honest and compassionate.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

DIFFERENCES OF FISCAL YEAR 2026 RECOMMENDED BUDGET FROM MAXIMUM PROPERTY TAX DOLLARS RESOLUTION

Tax Asking

The proposed property tax dollars resolution approved by the City Council on March 25, 2025 totaled $26,832,471 (including the debt service levy of $285,870). The recommended tax asking was unchanged from the proposed property tax dollars tax asking.

Property Tax Paid by Average Homeowner

The proposed property tax dollars resolution included a 3.90% increase for the average homeowner property tax payment for the City portion of their property tax bill assuming the Homestead Property Tax Credit is fully funded. The recommendation included in this budget provides a 3.90% increase.

Property Tax Paid by Average Commercial Property

The proposed property tax dollars resolution included a 1.78% increase for the average commercial property owner. The recommendation included in this budget is a 1.78% increase for the average commercial property owner.

Property Tax Paid by Average Industrial Property

The proposed property tax dollars resolution included a 1.71% increase for the average industrial property owner. The recommendation included in this budget is a 1.71% increase for the average industrial property owner.

Tax Rate

The Fiscal Year 2026 “City” portion of the tax rate is being increased by $0.13734 from the Fiscal Year 2025 rate of $9.92638 to a tax rate of $10.06372 per $1,000 of taxable assessed valuation. The proposed property tax dollars resolution established by City Council included a rate of $10.06372. The recommendation included in this budget is a rate of $9.90135 (1.38% more than FY 2025).

MANAGEMENT PHILOSOPHY

Mike Van Milligen
Dubuque City Manager

As a leader, it is my responsibility to not only manage tasks and processes but also to understand and support the emotional well-being of our team members. Emotional intelligence is the cornerstone of effective leadership. Through self-awareness, managing our own emotions, and exercising empathy for ourselves and others, we create a work environment where everyone feels valued and understood. This approach not only fosters collaboration and innovation but also drives long-term success. Let us lead with empathy, nurture a culture of trust, and empower our teams to thrive both personally and professionally.

Dubuque
2007•2012•2013
2017★2019

ABOUT MIKE

I learned my secrets to success from my parents:

- Work hard
- Have a good attitude
- Be humble and kind
- Make good choices
- Family is all about love and respect

"The conductor of an orchestra does not make a sound. He depends, for his power, on his ability to make other people powerful."

- Benjamin Zander, Conductor, Boston Philharmonic

Guiding Principles

1. Be curious.

Curiosity leads to a culture of learning and continuous improvement for our self and our organization.

- Be approachable and open to the input of others.
- Being curious about various cultural approaches and backgrounds allows us to improve communication, navigate conflict, and helps everyone feel like they belong.
- Strive to continually improve methods, process and policies

2. Be problem solvers.

Team members' approaches to issues should be to focus on what can be done to solve the problem.

- Create processes that allow for creativity and innovation.
- Be willing to ask for help and create a culture that supports risk-taking.
- Adapt decision-making processes to include a variety of voices and communication styles.
- Be data-driven and focus on improving community outcomes for all.

3. Develop Partnerships

Team members can be more effective by developing partnerships with other departments, residents, and other organizations.

- Form teams that capitalize on individuals' strengths.
- Develop shared goals, objectives, and decision-making processes.
- Form partnerships that reflect the variety of backgrounds and interests in the community we serve.

4. Hold each other accountable.

Two-way accountability involves both parties taking personal responsibility for their actions and commitments in a constructive and supportive manner.

- Relationships are built at the speed of trust.
- Self-accountability involves holding ourselves to a high standard and demonstrating the behaviors and characteristics we desire.
- Mutual accountability requires consistent communication, and creates an environment where feedback is welcomed and the team works together towards common objectives.

Dubuque operates under the council-manager form of local government.
The City Council are elected by residents and hold policy-making power. They appoint a professional, non-partisan city manager to oversee the day-to-day operations of the city. The council-manager form of government was adopted by citizen referendum in 1920.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

BUDGET PROCESS

This page intentionally left blank.

OVERVIEW OF BUDGETING

INTRODUCTION

The review and adoption of the budget is the single most important thing that a City Council does each year. The budget sets the tempo, capabilities, commitments and direction of the city government for an entire year. It is the yardstick against which the city operations can be evaluated. But what is a budget?

The purpose of this narrative is to identify:

a) what a budget is;

b) why we prepare a budget;

c) alternative types of budgets;

d) major characteristics of the Dubuque budget system; and

e) roles and responsibilities in preparing the annual budget.

WHAT IS A BUDGET?

A budget is several things:

1. The budget is a fiscal plan setting out anticipated revenue and expenditures for accomplishing a variety of services over a given time frame. The fiscal plan includes:

   a) an explanation of the services, activities, programs and projects to be provided by the City to the residents;

   b) the resultant expenditure requirements; and

   c) the resources available for meeting the expenditure requirements.

2. The budget is a process concerned with the allocation of available resources among alternatives and competing departments, activities and programs. Cities rarely have enough money to be able to appropriate all the funds requested to all departments and activities and, as a result, there is considerable competition for whatever money is available. Budgeting, as a process, is concerned with developing an acceptable mix or balance between costs and services and represents the decisions made with respect to:

   a) quality and quantity of activities and projects to be undertaken; and

   b) financing of those activities and projects.

3. The budget is a policy document which:

   a) establishes the authority to spend funds, and levy and collect property taxes;

   b) represents a commitment to provide a specific level of service within a given amount of resources; and establishes criteria (objectives, measures and dollar limits) for evaluating and controlling expenditures, revenue collections and performance. Through the budget, policies are made, put into effect, and controlled.

4. The budget is a legal requirement. State law requires the City Manager to prepare the annual budget and the City Council to adopt the annual budget and certify it to the County Auditor by April 30th of each year preceding the beginning of the fiscal year on July 1st. The budget must be on a program - performance basis and show:

   a) expenditures for each program;

   b) income from sources other than property taxes; and

   c) amount to be raised by the property taxation and the property tax rate expressed in dollars per thousand of assessed value.

   d) The budget must also show comparisons between expenditures in each program and between levels of service.

WHY DO WE BUDGET? WHY IS IT IMPORTANT?

Why do we go through the agony and the work? There are several reasons:

1. To meet the legal requirement.
2. To establish spending and income-raising authority.
3. To establish a work program for the fiscal year (objectives) and present it to the public.
4. To manage and control resources and their use.
5. To assure the proper mix of costs and services.
6. To assure the most effective and efficient use of available resources.
7. To set the tempo and direction of the city government.
8. To prioritize policies and objectives.
9. To link dollars with results.

ALTERNATIVE TYPES OF BUDGETS

Line-Item Budget

The most commonly used budget format in local government today is the line-item budget. A line- item budget is one which allocates money for specific expense items or objects of expenditure without reference to the purpose, activities or program they will serve. This type of budget lists expenditures by such categories as full-time salaries, overtime, office supplies, postage, travel, rental expense, maintenance of buildings and grounds, office furniture and equipment, etc. The principal advantage of a line-item budget is that it is easy to prepare and facilitates expenditure control. However, this form of budget tells very little about the purposes, activities and programs of the city it serves. For example, it shows the amount of money that has been budgeted for personnel, but it does not show the nature of the services such personnel are to provide.

Furthermore, the traditional line-item approach does not show comparative costs and benefits of competing programs, thus making it difficult for the City Council and management to evaluate individual activities and allocate resources. These characteristics limit its usefulness as a device for giving direction and purpose to public service activities and programs.

Program Budget

Local governments usually spend money to accomplish something more than purchasing goods and services. They are also concerned about programs, missions, or functions. A budget organized on the basis of its intended purpose is called a program budget. A program budget allocates money to functions or activities rather than to specific items of costs. A municipal budget of this type lists expenditures for such cost categories as protective services, leisure time opportunities, and administration.

Few, if any, budgets are prepared exclusively on a program basis. Instead, program costs are usually broken into line items.

The primary advantage of a program budget is that it shows the broad goals and purposes for which we are spending money and allows for setting priorities. The disadvantage is that it does not show the level of services that will be produced by the functions for which money has been allocated. This characteristic weakens its value as a tool for managing the quality and quantity of public service programs.

Performance Budgeting

Performance budgeting goes a step further than program budgeting by requiring the breakdown of service into workload or units of performance and the assigning of unit costs. A system of work measurement is used to evaluate productivity and effectiveness.

The principal advantage of the performance type budget is that it shows both the activities of the city and the service levels of those activities and their respective costs. Thus, it can be a useful tool for regulating in a positive way, both the quality and quantity of city services. This characteristic makes the performance type budget the most useful of those types mentioned so far. However, it is also the most difficult to prepare. There are three reasons for this. First, it is difficult to define the units by which the work of the department or an activity or program can be measured. Second, even when the work unit can be defined, it may not be easy to establish a system, which will supply a reliable measure of the work output. And third, it requires much thought and study to establish acceptable service levels for various activities and programs.

Zero Base Budgeting

Traditional budgeting, whether line-item or program-oriented, tends to focus on how much you spent last year as a beginning point for budget preparation. That is to say that it is incremental, it adds an increment on top of last year's spending level generally without challenge and without consideration of alternatives or trade-offs.

Zero Base Budgeting (ZBB) is a system whereby each activity or program, regardless of whether it is a new or existing program, must be justified in its entirety each time a new budget is formulated. Rather than using the previous year's budget as a base, ZBB assumes no base; all activities old and new must be explained and justified each year. The agency starts at zero.

ZBB measures the desirability, need and beneficiaries of services as well as the reasonableness of the proposed costs, alternatives to the activity, and trade-offs between partial achievement of goals and the ability to fund all proposed budget expenditures. ZBB accomplishes this by dividing all the proposed activities or services of the governmental body into units of manageable size, subjecting them to detailed examination, and ranking them according to their importance.

Revenues are matched against the list of services according to their rank. High-priority services are funded first. If money runs out, the low-priority services are not funded.

The characteristics of ZBB can be summarized as follows:

1. Scrutiny of old or existing activities as closely as new or proposed activities;

2. Reallocation of resources from low-priority activities to high-priority activities;

3. Emphasis on alternatives (levels of expenditures and services and methods of providing services); and

4. Allowance for budget reduction or expansion in a planned, logical manner.

Dubuque Budget Approach

The budget system being utilized by the City of Dubuque incorporates aspects of each of the several budget alternative types discussed here. The major characteristics of our budget system are:

1. It has line items for control and fiscal management purposes.

2. It is organized by program, department and fund.

3. It attempts to identify, analyze, and articulate the fundamental purposes and objectives of the Dubuque City government. This approach is intended to place emphasis upon commitments, accomplishments, and activities performed rather than upon items purchased and to provide for the establishment of priorities. It attempts to identify, quantify, and analyze the demands on and accomplishments of organizational units in terms of established goals, objectives, and purposes. Are we achieving our goals and living up to our promises? This requires the establishment of workload and demand indicators and evaluation criterion. It is performance that counts.

4. It attempts to identify all costs of each department, activity, and program, including capital expenditure, debt service, and employee benefit costs. What does an activity or department really cost?

5. It presents alternative service and funding levels for all activities in the operating budget. The purpose is to provide the City Council with the widest possible range of alternatives to maximize their opportunity for making policy decisions, assigning priorities and allocating scarce resources to accomplish their policy objectives.

   The City's budget approach involves the preparation of three budget documents. **The Policy Budget,** the **Capital Improvement Program (CIP) Budget**, and the **Resident's Guide**.

   The Policy Budget includes the City department detail, by defining goals and objectives for all City departments and activities, relates them to cost and resource requirements and attempts to establish measures for evaluating accomplishment. Specific improvement packages are developed and included in the Policy Budget for alternative funding and service levels. The Policy Budget document shows the budget by line item for each Department and provides a basis for fiscal control once the budget is adopted. The Policy Budget emphasizes objectives, accomplishments, and alternative funding and service levels and is intended to keep the attention of the City Council and public on the major policy decisions involving what services the City government will provide, who will pay for them, and the implications of such decisions.

   The Capital Improvement Program (CIP) Budget represents the City of Dubuque's five year physical development effort, attempts to address a variety of needs, which the City must meet if it is to maintain its physical facilities, meet its service commitments and provide for its future development. The CIP Budget reflects the City's comprehensive plan and the goals and priorities established by the City Council. The first year of the five-year CIP Budget goes into the budget for the next year and deserves the most attention. The CIP Budget is updated each year so that City Council has the opportunity to change the next four years and add a new year.

   The Resident's Guide pulls the entire budget together through visuals, narratives and summaries. It explains the budget, provides revenue, expenditure and personnel summaries and provides the City Council vision, goals and priorities on which the budget is based.

ROLES AND RESPONSIBILITIES

Budget preparation and administration is a shared responsibility between the City Council, City Manager, Finance Department, department manager, division manager, and supervisor. Each plays an important role in the fiscal management system and the quality of and satisfaction derived from the fiscal management system is a direct result of the efforts of the several participants. Lack of attention, failure to follow procedures and/or poor follow through at any level can undermine the best fiscal management system.

Let's look at the roles each plays.

City Council

In a very real sense, budget preparation and administration begins and ends with the City Council. The City Council has the following responsibilities:

1. Establish City goals and major performance objectives.
2. Approve guidelines for preparing the annual operating budget.
3. Establish through adoption of an annual budget what services and the level of services to be provided and how they will be financed.
4. Establish rules for the conduct of the City's fiscal operations.
5. Monitor progress toward achievement of objectives.
6. Require independent audit of fiscal records and transactions.

The City Manager

The City Manager is responsible to the City Council for the day-to-day operation and administration of the City government. In terms of fiscal management, the City Manager has the following responsibilities:

1. Develop policy guidelines for City Council review and adoption.
2. Develop Maximum Property Tax Levy Resolution for City Council review and adoption.
3. Prepare and submit an annual operating budget and a five-year Capital Improvement Budget premised upon Council guidelines and goals and major performance objectives.
4. Ensure the adopted budget is properly administered.
5. Supervise the performance of all contracts for work to be done by the City. Authorize and direct the purchase of all supplies and materials used by the City.
6. Keep Council fully advised on financial conditions of the City.
7. Establish rules for conduct of fiscal operations for which he is responsible.

Finance Department

The Finance Department becomes an extension of the City Manager's Office for purposes of performing the delegated responsibilities. The responsibilities of the Finance Department include the following:

1. Administer the approved budget on a day-to-day basis to see that funds are being expended for the purposes approved and that all claims are supported by proper documentation.
2. Supervise sale of bond issues.
3. Administer centralized payroll system.
4. Administer decentralized purchase order system.
5. Assist the City Manager’s Office in preparing the budget.

Department Managers, Division Managers, and Supervisors

The critical role in the fiscal management system is performed by department managers and their division managers and supervisors. The fiscal management system will be only as good as they make it. Their role includes:

1. Responsibility for the efficient and effective operation of the activities and tasks under their direction. Line supervisors are expected to control costs and achieve results.
2. Responsibility for preparation of budget requests, which emphasize objectives and service levels as well as traditional line item explanations and justifications for various funding levels and development of measures for evaluating progress toward objectives. What is the level of accomplishment, which can be expected from various funding levels, and how do we measure it? It is absolutely essential in our approach to budget preparation that accomplishments, objectives, and estimated costs be established by those in the organization who know the most about it and can be held accountable. Those are the department managers and their division managers and supervisors.
3. Responsibility for recommending and explaining needs and opportunities for service changes; reductions as well as expansions.
4. Responsibility for providing the planned and approved service level within budget limitations.
5. Responsibility for day-to-day department and activity budget administration.

BUDGET CYCLE

The budget cycle is a sequence of events covering the life of a budget from beginning to end; from the City Manager's review of prior year accomplishments and future initiatives, to the City Council approval of the final budget amendment. The budget cycle is approximately twelve months long. The critical dates are spelled out in State law: April 30th is when the budget for the following fiscal year must be adopted by the City Council; and July 1st as the beginning of the fiscal year. Throughout the entire budget cycle, public input is encouraged to insure the adopted budget is resident-based. The budget cycle can be summarized as follows:

SPRING	**City Council** formulates negotiation strategy for collective bargaining.
JUNE - JULY	**City Manager** recommends budget carryover amendment for City Council approval. **City Manager,** along with Department Managers, review fiscal year accomplishments and identify future initiatives for City Council consideration during goal setting.
AUGUST	**City Council** holds 2-day goal setting to develop Vision and Mission statements, identify 5 year goals and establish Policy agenda including Top Priorities for upcoming fiscal year and Management Agenda/ special projects.
SEPTEMBER OCTOBER	**City departments** prepare Capital Improvement project information and budget requests for review by City Manager.
OCTOBER NOVEMBER DECEMBER	**City departments** prepare operating budget and other budget requests for review by City Manager. **City Manager** holds Public Input meetings to review issues and priorities for the capital budget and the operating budget.
JANUARY FEBRUARY	**City Manager** and **Chief Financial Officer** analyze, review and balance capital and operating budget requests and prepare final budget recommendation.
MARCH	**City Manager** presents draft Policy guidelines and Maximum Property Tax Resolution to City Council for City Council approval.
MARCH APRIL	**City Council** holds public meetings to review recommended budget by department. Meetings are held in the evening and are available for live viewing on City Channel Dubuque.
APRIL	**City Council** holds final public hearing on the recommended. The meeting is held in the evening and is available for live viewing on City Channel Dubuque. **City Council** adopts budget and city staff certifies budget by April 30 in compliance with State law.
APRIL MAY	**Chief Financial Officer** reviews budgeted revenues and expenses and recommends adjustments to more accurately reflect the anticipated revenues and expenses for the fiscal year ending June 30. **City Council** reviews and approves an amended fiscal year budget and city staff certifies the budget amendments by May 31 in compliance with State law.

BUDGET AMENDMENT PROCESS

Budget estimates may be amended and increased as the need arises to permit appropriation and expenditure of unexpended cash balances on hand and unanticipated revenues. Such amendment may be considered and adopted at any time during the fiscal year covered by the budget (but prior to May 31) by filing the amendments and upon publishing them and giving notice of the public hearing in the manner required in the State Code. Within ten days of the decision or order of the City Council, the proposed amendment of the budget is subject to protest, hearing on the protest, appeal to the state appeal board, and review by that body. A local budget must be amended by May 31 of the current fiscal year-to allow time for a protest hearing to be held and a decision to be rendered before June 30.

Except as specifically provided elsewhere in the Iowa Administrative Code rules, all appropriation transfers between programs or funds are budget amendments and shall be prepared as provided in Iowa Code section 384.16. The program reference means any one of the following nine major areas of public service that the City Finance Committee requires cities in Iowa to use in defining its program structure: Public Safety, Public Works, Health & Social Services, Culture & Recreation, Community & Economic Development, General Government, Debt Service/Capital Improvement Projects, Business Type, and Non-Program.

BUDGET ACCOUNTING BASIS

The operating budget of the City of Dubuque is written so that available resources and anticipated expenditures are equal. The City's accounting and budget records for general governmental operations are maintained on a modified accrual basis, with the revenue being recorded when available and measurable and expenditures being recorded when the services or goods are received and the liabilities incurred. Accounting records for the Enterprise and Internal Service Funds are maintained on the accrual basis, while the budget records are maintained on the modified accrual basis.

Differences between budgetary policies and Generally Accepted Accounting Principles (GAAP) in the Enterprise and Internal Service Funds exist for several reasons. One reason is that existing procedures have worked well and continue to work well for administrative and control purposes. Some other reasons for differences between budget and GAAP are the treatment of interfund transfers, departmental capital outlay, debt service principal payments, and depreciation. The City's budgeting practices include interfund transfers as revenue and expenditures, while GAAP classifies interfund transactions as other financing sources and uses. Also City management desires an operating statement budget line item for each anticipated cash outflow, including debt service and capital outlay. If the City budgeted the enterprise funds on a full accrual basis, capital outlay and debt service payments would not be reported in the operating statement.

Depreciation expense, which is recognized in the accounting records, is not budgeted. Not providing for depreciation in the budget is a policy decision that has not adversely affected the funds.

FUND ACCOUNTING BASIS

The accounts of the City are organized on the basis of funds and groups of accounts, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts, which comprise its assets, liabilities, equities, revenues and expenditures or expenses.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Employee Benefits Fund* is used to account for pension and related employee benefit costs for those employees paid wages from the General Fund.

The *Community Development Fund* is used to account for the use of Community Development Block Grant funds as received from federal and state governmental agencies.

The *Street Construction Fund* is used to account for the resources and costs related to street capital improvements.

The *General Construction Fund* is used to account for the resources and costs related to nonassignable capital improvements.

The City reports the following major proprietary funds:

The *Sewage Disposal Works Fund* is used to account for the operations of the City's sewage disposal works and services.

The *Water Utility Fund* is used to account for the operations of the City's water facilities and services.

The *Stormwater Utility Fund* is used to account for the operations of the City's stormwater services.

The *Parking Facilities Fund* is used to account for the operations of the City-owned parking ramps and other parking facilities.

The *America's River Project* is used to account for the construction of all projects covered by the Vision Iowa Grant, including all matching funds.

The City reports the following non-major governmental funds:

Airport Construction Fund - This fund is used to account for the resources and costs related to airport capital improvements.

Sales Tax Construction Fund - This fund is used to account for the resources and costs related to capital improvements financed through the local option sales tax.

Road Use Tax Fund - This fund is used to account for state revenues allocated to the City for maintenance and improvement of City streets.

Section VIII Housing Fund - This fund is used to account for the operations of federal Section VIII existing, voucher, and moderate rehabilitation projects.

Tort Liability Fund - This fund is used to collect a special property tax levy which is then transferred to the General Fund. The General Fund accounts for the administration and payment of damage claims against the City.

Special Assessments Fund - This fund is used to account for the financing of public improvements that are deemed to benefit primarily the properties against which special assessments are levied and to accumulate monies for the payment of principal and interest on the outstanding long-term debt service.

Tax Increment Financing Fund - This fund is used to account for the receipt of property taxes, for the payment of projects within the tax increment financing district, and for the payment of remaining principal and interest costs on the tax increment financing districts' long-term debt service.

Cable TV Fund - This fund is used to account for the monies and related costs as set forth in the cable franchise agreement between the City of Dubuque and the cable franchisee.

Library Expendable Gifts Trust - This fund is used to account for contributions given to the library to be spent for specific purposes.

IFA Housing Trust- This fund is used to account for funds received under the Iowa Finance Authority State Housing Trust Fund Program.

Debt service fund – This fund is used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the payment.

Ella Lyons Peony Trail Trust Fund - This fund is used for dividends and maintenance cost related to the City Peony Trail, per trust agreement.

Library Gifts Trust Fund - This fund is used to account for testamentary gifts to the City

The City reports the following non-major proprietary funds:

Refuse Collection Fund - This fund is used to account for the operations of the City's refuse collection services.

Transit System Fund - This fund is used to account for the operations of the City's bus and other transit services.

Governmental Fund Types (Budgetary)

Governmental funds are those through which most governmental functions of the City are financed. The acquisition, use, and balances of the City's expendable financial resources and the related liabilities (other than those in proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position. The following are the City's governmental fund types:

- **The General Fund** is the principal operating fund of the City and accounts for all financial transactions not accounted for in other funds. The general operating expenditures, fixed charges, and capital improvement costs that are not paid through other funds are financed through revenues received by the General Fund.
- **Special Revenue Funds** are used to account for revenues derived from specific taxes, governmental grants, or other revenue sources, which are restricted to finance particular functions or activities of the City. The City's special revenue funds include such funds as Road Use Tax, Community Development, UDAG Repayments, Section 8 Housing, Lead Paint Grant, State Rental Rehab, Cable TV, Special Assessment, Expendable Library Gifts Trust, Tort Liability, Employee Benefits, and TIF funds.
- **Debt Service Funds** are used to account for the accumulation of resources for, and the payment of, principal, interest, and other related costs of the City's general obligation debt. The City uses this fund to pay some of the debt service paid from other funds with the revenue transferred in.

- **Permanent Funds** are used to account for resources that are legally restricted to the extent that only the earnings, and not principal, may be used for purposes that support the reporting of governmental programs. The City's permanent funds include: Lyons Peony Trust and Library Gifts Trusts.
- **Capital Improvement Funds** are used to account for financial resources segregated for the acquisition or construction of major capital facilities. (Even if a capital project fund is used, not all capital acquisitions need be accounted for in the fund). For example, the routine purchases of capitalizable items (e.g., police vehicles, copy equipment) are typically budgeted and reported in the General Fund or other governmental fund.

Proprietary Fund Types (Budgetary)

The City also has proprietary fund types, which are different from governmental fund types in that their focus is on the determination of net income or loss. The revenue from these funds is assumed to be adequate to fund the operation of the funds. The City's proprietary funds are as follows:

- **Enterprise Funds** are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through use charges or where the periodic determination of net income or loss is deemed appropriate. The City's enterprise funds include Water, Sewer, Stormwater, Refuse/Solid Waste, Transit, Parking and America's River Project.
- The **Internal Service Fund** accounts for the financing of goods and/or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, on a cost reimbursement basis. The City's Internal Service Funds include Engineering Service, Garage Service, General Service and Stores/Printing.

Self-Insurance Funds (Non-Budgetary)

- The **Self Insurance Funds** are considered Internal Service Funds, are not budgeted, but are summarized in the audited financial statements. These include Health Insurance Reserve and Workers' Compensation Insurance Reserve.

Fiduciary Fund Types (Non-Budgetary)

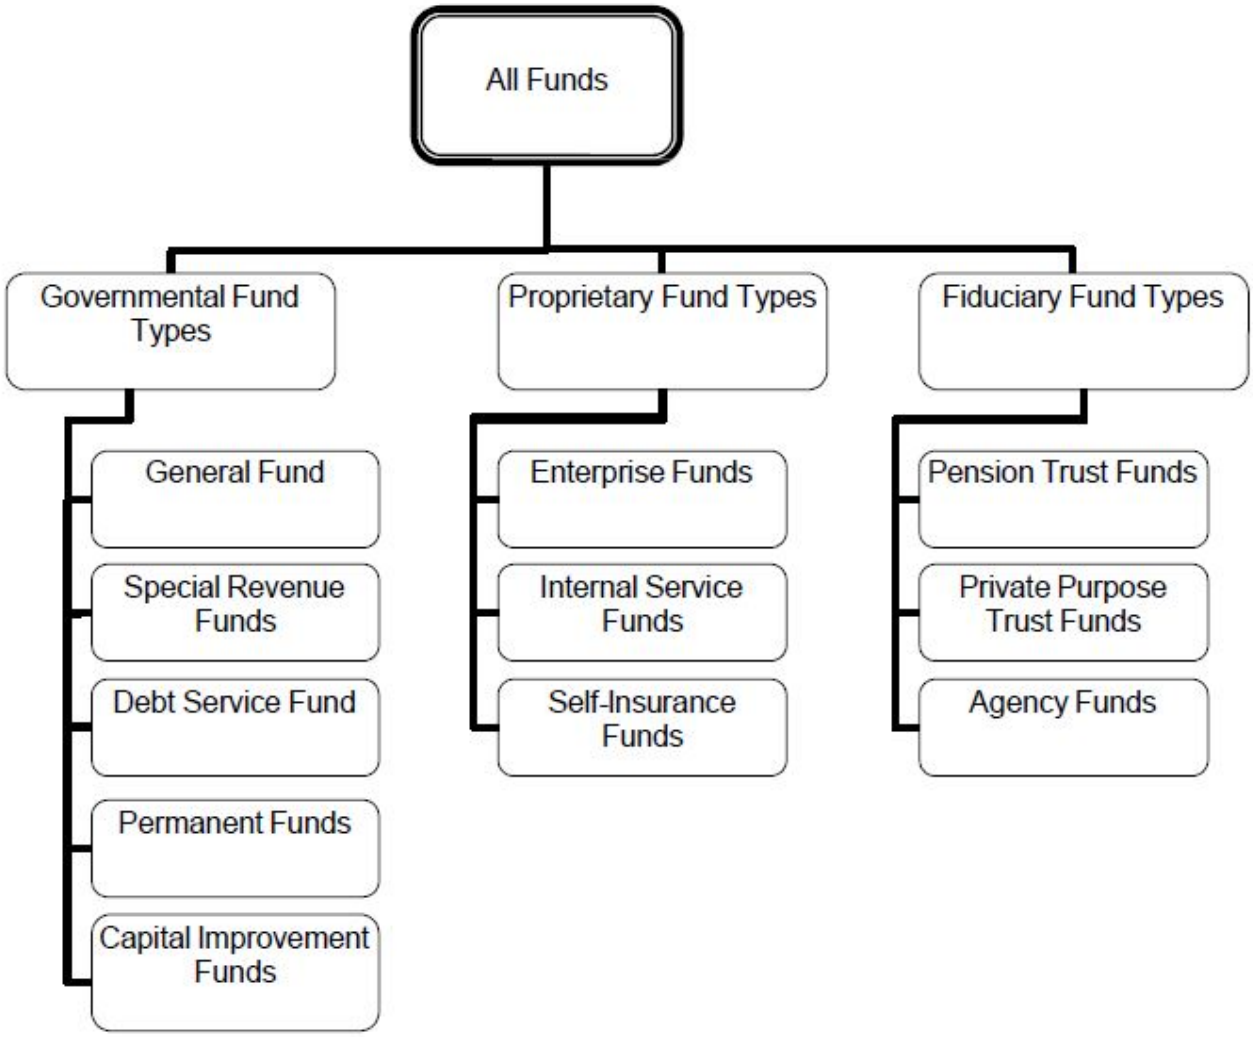

The City also has fiduciary fund types, which account for assets in a trustee or custodial capacity:

- **Pension Trust Funds** account for assets of pension plans held by a government in a trustee capacity. The City of Dubuque has no such funds.
- **Private Purpose Trust Funds** account for trust arrangements, including those for escheat property, where principal and income benefit individuals, private organizations, or other governments. The major use of private purpose funds is for escheat property. The City has no such funds.

- **Agency Funds** account for those assets held solely in a custodial capacity by the City as an agent for individuals, private organizations, other governmental units, and/or other funds. The City's Agency Funds include the Cable Equipment Fund (monies received from Mediacom through the Cable Franchise Agreement for distribution), Dog Track Bond Depreciation (monies held for dog track infrastructure needs), and the Dubuque Metropolitan Area Solid Waste Agency General and DNR Planning. These funds are not budgeted.

FUND - DEPARTMENT RELATIONSHIP

The various funds are grouped by type in the budget. The following fund types are used by the City:

The following table shows each City department and its associated funds.

		Special Revenue																Construction						Enterprise									Internal Service				Perm-anent		Debt

KEY TERMS FOR UNDERSTANDING DUBUQUE'S BUDGET

Program

Programs are presented as general statements, which define a major purpose of City government. Each program is divided into several departments and activities representing a separate and significant segment of the program of which it is an integral part. The state budget law requires that the budget be certified on a program basis. The City of Dubuque uses the following nine programs:

1. **Public Safety:** Police Department, Emergency Communication Center, Fire Department, Disaster Services, Health Services-Animal Control activity, Public Works-Flood Control activity, Building Services-Inspection activities.
2. **Public Works:** Airport Department, Public Works Department, Engineering Department.
3. **Health and Social Services:** Human Rights Department, Health Services Department, Purchase of Services
4. **Culture and Recreation:** Parks Division, Recreation Division, Civic Center Division, Conference Center, Library Department, City Manager-Arts and Cultural Affairs activity.
5. **Community and Economic Development:** Economic Development Department, Housing and Community Development Department, Planning Services, Purchase of Services, City Manager-Neighborhood Development activity.
6. **General Government:** Building Services-City Hall/Annex Maintenance, City Council, City Manager, City Clerk, Finance Department, Cable TV Division, City Attorney I Department, Information Services Department.
7. **Debt Service** and **Capital Projects** in programs 1-6 for governmental funds.
8. **Business Type (includes business type operating, capital and debt service):** Water Department, Water Pollution Control Department, Parking Division, Transit Division, Public Works-Landfill activities and Garage internal service fund activities, Engineering-Sewer and Stormwater activities, Finance-Utility Meter Reads activity and Stores internal service fund activities.
9. **Non-Program:** City Manager-Health and Worker's Compensation Insurance Reserve fund activities and Public Works-Dubuque Metropolitan Area Solid Waste activities.

* Prior to Fiscal Year 2004, the State of Iowa, City Finance Committee changed the number of programs from 4 to 9 on the expenditure side.

Operating Budget

The Operating Budget represents the various recurring activities and services provided by the several departments in the City government. The Operating Budget provides those services normally associated with the City government (e.g., police, fire, street maintenance, recreation) and involves expenditures which benefit the current fiscal year. (That is, items purchased are used up during the current fiscal period.) Expenditures in the Operating Budget are for such categories as Employee Expense, Supplies and Services, and Debt Service. Funding of the Operating Budget includes property taxes, shared state and federal revenues, fees, fines, licenses, permits, user charges and cash balances.

Capital Budget

The Capital Budget represents major "permanent" capital improvement projects requiring the nonrecurring expenditures of public funds for the acquisition of property or easement, construction, renovation or replacement of a physical asset of the City and any studies, engineering or surveys which are an integral part thereof. The Capital Budget is multi-year in scope, is updated annually and includes project-funding information. The first year of the Capital Budget (or Capital Improvement Program) is included with the Operating Budget for the same year to arrive at a total or gross budget amount. Capital budget financing comes primarily from bond proceeds, state and federal grants, Road Use Tax funds, Dubuque Racing Association profit distribution, and utility depreciation funds.

Expenditure Category

Expenditure category or classification is the basis for classifying and codifying costs. Categories of expense include: (a) Employee Expense; (b) Supplies and Services; (c) Capital Outlay (Machinery and Equipment); (d) Debt Service; and (e) Capital Improvements. Categories of expense consist of various expense accounts. For example, Employee Expense is divided into expense accounts such as full-time, part-time & seasonal employees, overtime pay, holiday pay, social security expense and health insurance. Supplies and Services include accounts such as postage, telephone expense, office supplies, dues and memberships, utility expense - electricity, motor vehicle expense - fuel, library books, and architectural services.

Revenue Category

Revenue category or classification is a basis for classifying and codifying revenue. There are eight major categories or revenue, each divided into specific revenue items.

The eight major categories of revenue are as follows:

1. Taxes
2. Licenses and permits
3. Use of Money and Property
4. Intergovernmental Revenue
5. Charges for services
6. Special Assessments
7. Miscellaneous Revenue
8. Other Financing Sources

An example of the specific revenue items would include the following items in the licenses and permits revenue category: business licenses, cigarette licenses, beer permits, building permits, plumbing permits, heating permits, etc.

Alternative Budget Levels

The Dubuque budget system utilizes a variation of the zero-based budget (ZBB) approach utilizing three alternative funding or budget levels: Maintenance Budget Level, Base Budget Level and Improvement Level.

Each alternative funding level includes specific objectives to be accomplished (service levels to be offered) and associated costs. The budget decision becomes one of selecting alternatives, which maximize the achievements of City objectives according to established priorities within the context of limited resources and City Council policy.

BUDGET IN BRIEF

This page intentionally left blank.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007★2012★2013 2017★2019

BUDGET IN BRIEF

The City Council will approve the fiscal year 2026 operating and capital budgets on April 28, 2025. The recommended FY 26 budget is balanced and includes a 3.90% property tax increase to the average homeowner for the City portion of their taxes.

The keys to the City of Dubuque's financial success include a continued growth in assessed property valuation (4.39% in FY 26); efficient operation with a 12.27% increase in the City's workforce since the 1980's; increased use of Federal and State grants; diversified revenue streams; minimal property tax supported debt; increased public and private partnerships; entrepreneurial City Council policy decisions; and caring residents, committed elected officials, hard-working not-for-profits, and talented city employees.

The City's five-year capital improvement plan (CIP) continues to allocate funding for the maintenance and refurbishment of city facilities. The approved five-year CIP totals $351,594,553.

This budget in brief is intended to provide the residents of Dubuque with an overview of the approved operating and capital budgets. Throughout this document, you will find highlighted sections noting the location of detailed information in the approved budget document. Detailed information related to the approved budget can also be found on the City's website at www.cityofdubuque.org.

Fee Increases for Fiscal Year 2026

Various fee increases will be implemented beginning on July 1, 2025. These fee increases are intended to provide additional revenues to maintain and expand the level of service in various areas. The following is a summary of the increased fees:

Water, Sewer, & Stormwater Increases - Fee increases for water, sewer, and stormwater will be effective July 1, 2025: sewer rates will increase by $4.92 per month for an average residential customer, water rates will increase by $3.60 per month for an average residential customer; solid waste collection rates will increase by $0.86 per month for an average residential customer; and stormwater rates will increase $0.53 per month per standard family unit (SFU) equivalent.

Recreation Fee Increases - Annual Golf fee increases/decreases to maintain 100% self-support guideline: $1 increase on all golf daily fees.

Planning Services Fee Increases - Increase multiple planning and zoning application fees by 2% to accurately reflect the cost of providing service.

FY26 RECOMMENDED BUDGET

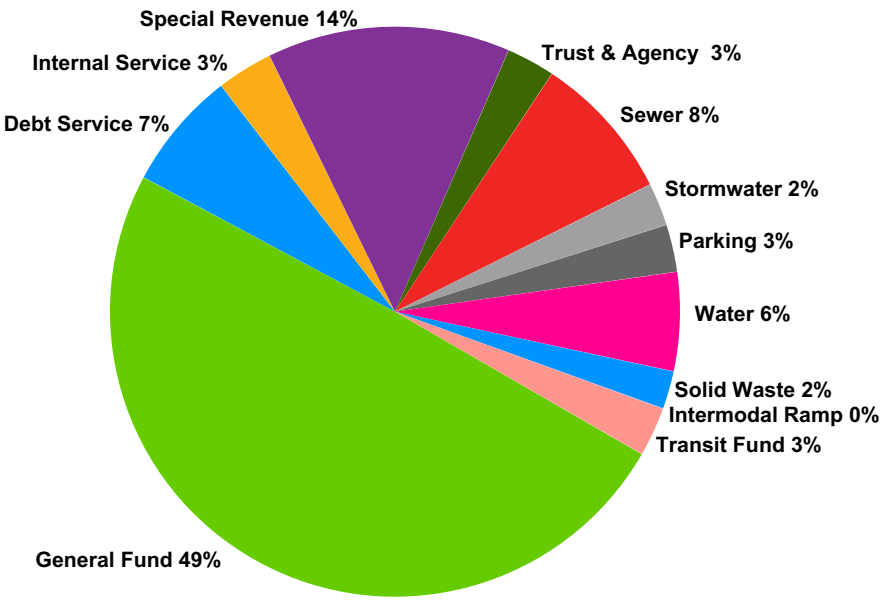

The City's recommended budget provides estimated revenues and expenditures for programs and services to be provided during the fiscal year from July 1, 2025 through June 30, 2026. A separate capital budget includes appropriations for infrastructure related to projects, such as roads, buildings, and equipment that may require more than one fiscal year to complete or to acquire.

OPERATING & CAPITAL BUDGET SUMMARY					
OPERATING	$	184,381,340	CAPITAL	$	91,803,749
General Fund	$	91,188,483	General Fund	$	320,817
Special Revenue Funds	$	25,407,182	Special Revenue Funds	$	2,639,474
Debt Service Fund	$	12,424,200	Capital Projects Funds	$	45,344,449
Enterprise Funds	$	44,439,403	Enterprise Funds	$	36,818,354
Internal Service Funds	$	5,855,145	Internal Service Funds	$	0
Trust & Agency Funds	$	5,066,927	Trust & Agency Funds	$	6,680,655

APPROPRIATED BUDGET BY FUND

The City's total appropriated operating budget of $184.4 million is made up of the general, special revenue, debt service, enterprise, internal service, and trust and agency funds. A complete self-contained budget, including both revenues and expenses, is prepared for each of these funds.

FY26 Operating Appropriations by Fund

Transfers from one fund to another, such as a transfer from the general fund to a capital project fund to offset costs of a capital project, are shown as an expense (or transfer) for the entity fund providing the funding and as revenue to the fund receiving the transfer. In order to determine the actual amount of expenditures authorized by the budget, the transfer amount must be excluded.

All funds are balanced in fiscal year 2026. The City's general fund is balanced in 2026.

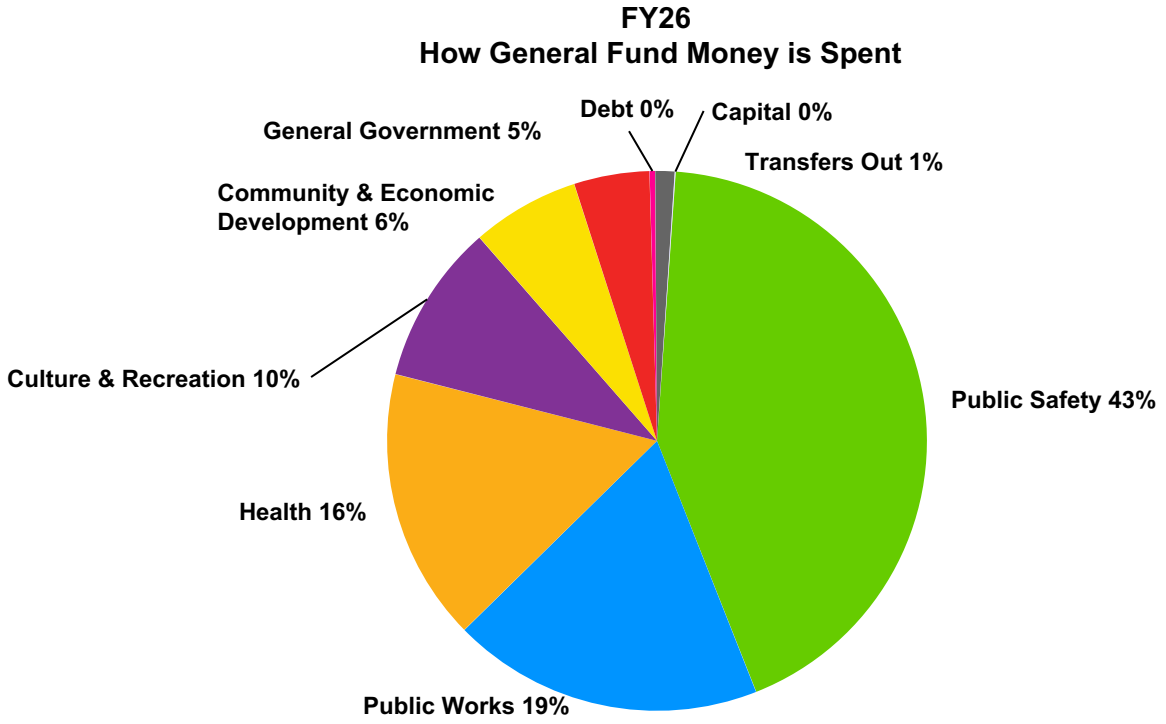

Utility funds are balanced in fiscal year 2026 as a result of rate increases.

For additional information on the amount of funding included for each fund, total funding by department, and detailed information on reserves, see the Financial Summaries section.

How General Fund Money is Spent

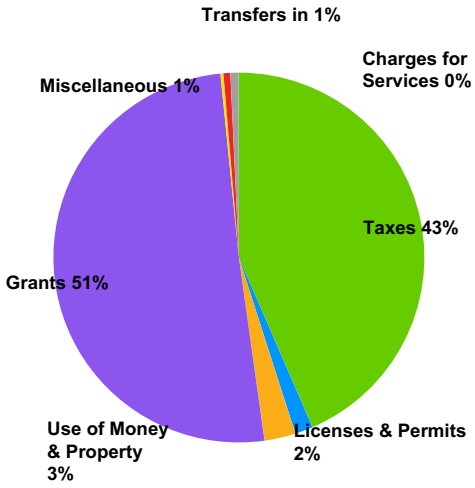

The general fund is the operating fund of the City for general service departments. The general fund has an operating budget of $91.2 million and a capital budget of $0.3 million. This fund encompasses the bulk of activities that are traditionally considered basic governmental services such as public safety, culture & recreation, health & social services, and general government.

42.9 %	PUBLIC SAFETY	(animal control, building inspections, crime prevention, emergency management, flood control, fire police, etc.)
18.6 %	CULTURE & RECREATION	(AmeriCorps, arts & cultural affairs, civic center, conference center, library, marina, parks, recreation, etc.)
16.3 %	GENERAL GOVERNMENT	(city attorney & legal services, city clerk, city council, city hall & general buildings, city manager, finance, information services, etc.)
9.6 %	PUBLIC WORKS	(airport, maintenance of streets, bridges, and sidewalks, snow removal, street cleaning, street lighting, traffic control, etc.)
6.5 %	COMMUNITY & ECONOMIC DEVELOPMENT	(economic development, housing and community development, neighborhood development, planning and zoning, etc.)
4.5 %	TRANSFERS OUT	(to funds other than General Fund)
0.3 %	CAPITAL PROJECTS	(City infrastructure improvements or major equipment purchases)
1.2 %	HEALTH & SOCIAL SERVICES	(community health, health regulation and inspection, human rights, etc.)
0.1 %	DEBT SERVICE	(government capital projects, tax-increment financing [TIF] capital projects)

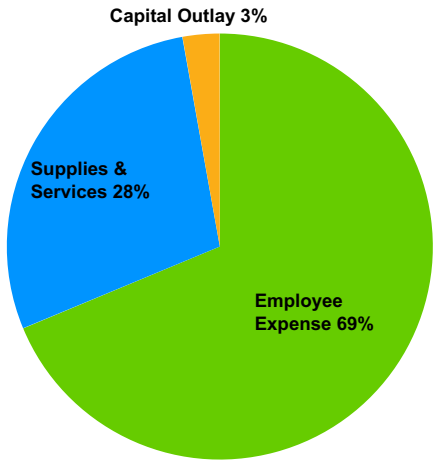

GENERAL FUND REVENUE & EXPENDITURES

General Fund Operating Sources

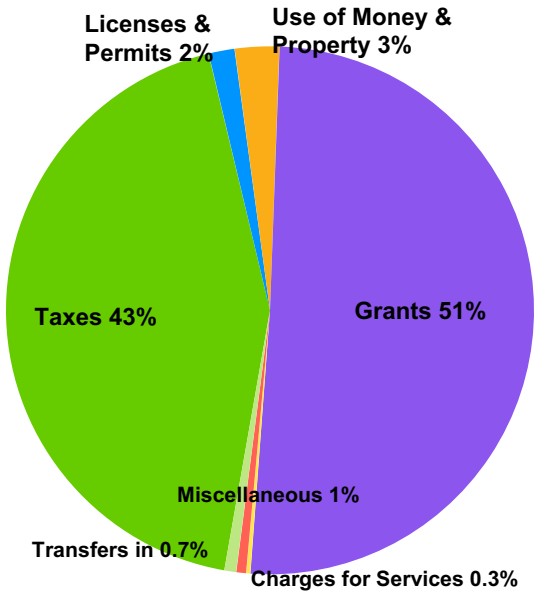

General Fund Operating Uses

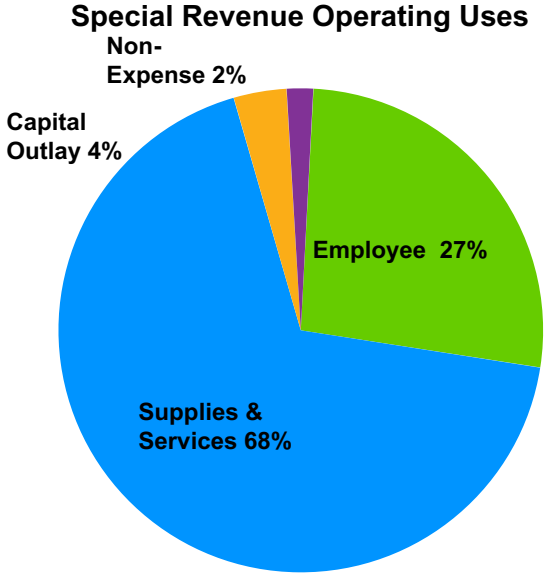

SPECIAL REVENUE FUNDS

The special revenue funds have an operating budget of $25.4 million and a capital budget of $2.6 million. Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes. The City's special revenue funds include: Employee Benefits; Community Development; Road Use Tax; Section 8 Housing; Tort Liability; Special Assessments; Tax Increment Financing; HUD Disaster Relief; Housing Trust; Cable TV; and Library Expendable Gifts.

Special Revenue Operating Sources

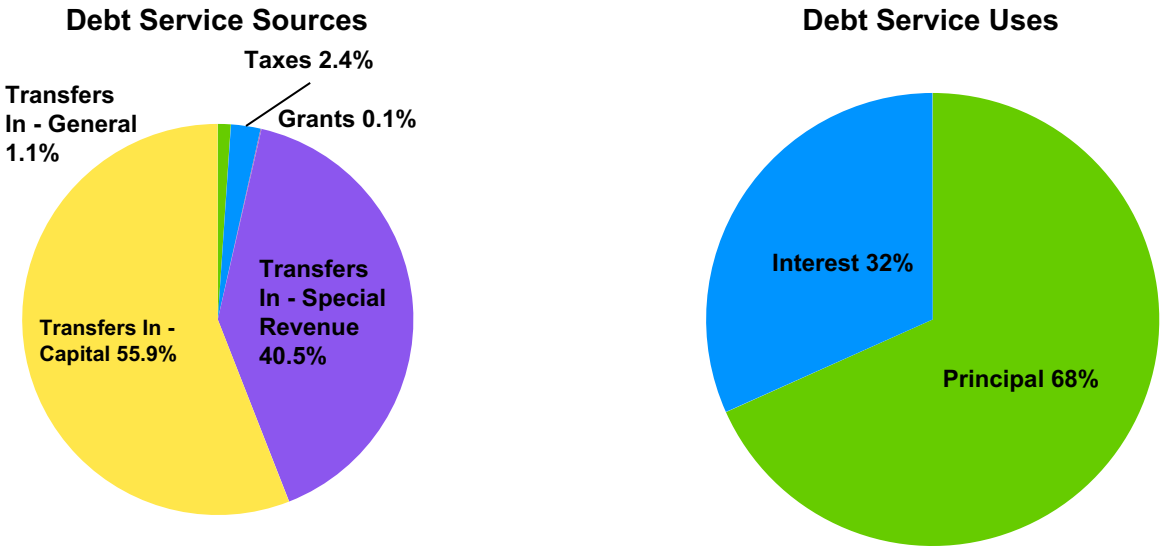

Special Revenue Operating Uses

Special Revenue Funds budgets are shown in the Financial Summaries section.

DEBT SERVICE FUND

The debt service fund has an operating budget of $12.4 million. The debt service fund is used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the payment.

Additional information on the Debt Service Fund is shown in the Debt Summaries section.

ENTERPRISE FUNDS

Enterprise funds are expected to be self-supporting and expected to be funded entirely from user fees for services. Except for Transit, no tax revenues are used for these activities in the FY 2026 budget. A transfer from the general fund to the Transit fund is budgeted to fund transit operations in the City. Each utility transfers revenue to the general fund for general government services. Transfers from the utilities in FY 2026 to support general government services total $6,972,816.

- Sewer Utility $1,980,288
- Stormwater Utility $1,192,164
- Parking $254,963
- Water Utility $1,512,215
- Solid Waste $1,508,564
- Landfill $524,622

Enterprise Funds budgets are shown in the Financial Summaries section.

INTERNAL SERVICE FUNDS

Internal service funds provide goods or services to other department within the City, with full costs to be recovered. An example of this would be the City's Garage Service. These expenses are included in both the department budget providing the service, as well as in the budget of the department receiving the service. To avoid double counting, the appropriated budget includes only the budgets for the departments receiving internal services (Engineering Service $2,315,426 and Garage Service $3,539,719).

STAFFING CHANGES

The City of Dubuque has 775.82 (FTE) employees budgeted in FY 2026. This represents a net decrease of -0.40 FTE's from FY 2025. Since 1981, the city has minimized the number of positions added. The recommended budget provides funding for a net decrease of -0.40 FTE's related to general fund departments. Funding has been changes to include the following changes to FTE's:

- The Communications Office had the following change: removed the part-time Commutations Assistant (-0.75 FTE).
- The Office of Equity and Human Rights had the following change: removed a full-time Equity and Human Right Specialist position (-1.00 FTE).
- The Finance Department had the following changes: added a full-time Budget/Financial Accounting Analyst (+1.00 FTE).
- The Police Department had the following changes: removed six full-time Police Officer positions (-6.00 FTE). Added three full-time Precision Police Technicians (+3.00 FTE). Added one full-time Crime Analyst Position (+1.00 FTE). Added one full-time Criminal Computer Forensics position (+1.00 FTE).
- The Public Works Department had the following changes: added a full-time Project and Facilities Manager (+1.00 FTE). Increased a Custodian position from part-time to full-time (+0.32 FTE).
- The Human Resources Department had the following changes: limited term temporary Scanning Clerk position (one year) was originally approved in FY25 and therefore not budgeted in FY26 (-.50 FTE).
- Airport had the following changes: removed two part-time customer service representatives (-1.50 FTE) and added Administrative Support Professional (+1.00 FTE).
- The City Manager's Office had the following changes: removed a part-time Director of Strategic Partnerships (-0.75 FTE), a full-time, temporary Management Intern (-1.00 FTE), and a full-time Grant Analyst (-1.00 FTE). Added a full-time Director of Strategic Partnerships (+1.00 FTE), and a full-time Management/Grant Analyst (+1.00 FTE).
- Economic Development added the following position: full-time Financial/Project Specialist (+1.00 FTE).
- Emergency Communications had the following changes: removed part-time dispatchers (-0.94 FTE) and added full-time dispatchers (1.00 FTE).
- Engineering had the following changes: removed part-time I & I Inspector (-1.46 FTE) and added full-time I & I Inspector (1.0 FTE) and part-time Sidewalk Inspector (0.73 FTE).

- The Parks division had the following changes: removed part-time Laborer (-0.61 FTE) and added full-time Maintenance Worker (+1.00 FTE).
- Recreation had the following change: changed part-time Golf Pro (-0.94 FTE) to full-time Golf Pro (+1.00 FTE).

Total FTE's FY 2025	**776.22**
Airport: PT Customer Service Representative	-1.50

HOW IS THE BUDGET FUNDED?

Property Taxes

General fund, transit, payroll benefit costs, and general liability insurance expenses are supported by property tax dollars. The property tax rate for fiscal year 2026 is $10.06373 per $1,000 of taxable valuation. It is estimated that a total of $29,855,822 will be received from property taxes in FY 2026. This is increase from fiscal year 2025. For FY 2026 there is a 3.90% or $33.38 property tax increase for the City portion of property taxes paid by the average homeowner.

Other Taxes

Other taxes that the City collects include local option sales tax, hotel/motel tax, and tax on agricultural land. In 2026, approximately $12,905,936 will be received in local option sales tax. This decreased 0.17% under FY 2025. Of this amount, 50% is for property tax relief ($6,264,403), 20% is for City facilities maintenance ($2,505,761), and 30% is for special assessment relief ($3,758,642). In 2026 approximately $3,910,460 will be received in hotel/motel tax. By resolution, 50% of this amount is to be used for promotion and encouragement of tourism and convention business and the remaining 50% goes into the General Fund for property tax relief.

Licenses and Permits

Fees from licenses include business, beer, liquor, cigarette, dog, cat, bicycle, housing, and other miscellaneous. Fees from permits include building, electrical, mechanical, plumbing, refuse hauling, excavation, subdivision inspection, swimming pool inspection, animal impoundments, and other miscellaneous. The City estimates $4,477,648 in licenses and permits in FY 2026. Also included are cable TV franchise fees (5%) and utility franchise fees (5% gas & 5% electric). The FY 2026 projection for cable franchise fees is $339,336 and utility franchise fee projection is $6,106,745. The utility franchise fees are all used for property tax relief.

Use of Money and Property

This category includes interest and investment earnings collected, rent received from City owned property, and lease revenue, which is estimated at $22,190,268 in FY 2026. The gaming related leases generate the most revenue. The lease with the Dubuque Racing Association (DRA) includes collection of 1.5% of coin-in (1% prior to 1/1/22), 4.8% of gross revenue from table games, 0.5% of sports wagering, and a distribution of profit from the DRA of 50%. Diamond Jo also pays a parking lease. City Council's policy is to use 100% of the DRA distribution of profit to support the Capital Improvement Budget and the total received from DRA operating and taxes is split 100% for property tax relief and —% for capital projects. Gaming leases are projected to be $7,213,362 in FY 2026. Riverfront leases are expected to generate $4,273,045 in FY 2026.

Intergovernmental Revenue

Intergovernmental revenues are projected to increase 22.46% from FY 2025. The city is estimated to receive $58,245,768 in Federal and State grants, State Road Use Tax Funds, and County Contributions. Prior years included large increases due to American Rescue Plan Act Funds.

Charges for Services

This includes revenue from charges for services for Water, Sewer, Stormwater, Solid Waste, Transit, Parking and Landfill. Rate increases have been incorporated into all utilities (as shown on the "Fact Sheet" under the Budget Overviews tab). Rate increases were necessary due to a combination of operating costs rising, additional capital projects to support additional debt service and to meet revenue bond covenants. Utility charges are projected to be $46,462,310. Other charges for services include copy charges, sales of maps and publications, street, sidewalk, and curb repairs, special Police services, Library services, Recreation programs, etc. Other charges for services are estimated at $6,236,051 in FY 2026.

Special Assessments

Special assessments are an additional tax levied on private property for public improvements that enhance the value of the property. In FY 2026, special assessment revenue is estimated at $117,657.

Miscellaneous Revenue

This category includes internal charges for services, proceeds from bonds, and revenues of a non-recurring nature. Miscellaneous revenues are estimated at $44,584,339 in FY 2026.

RECOMMENDED CAPITAL IMPROVEMENT PLAN

The City of Dubuque's Capital Improvement Plan (CIP) represents the City's five-year plan for capital improvements and totals $351,594,553. Appropriations of funding are made on an annual basis. The capital budget is therefore the first year of the five-year CIP. The approved capital budget for fiscal year 2026 totals $91,803,749.

The recommended CIP reflects the City's comprehensive plan and the goals and priorities established by the City Council. Funding required to meet the capital needs for FY 2026 totals $91.8 million. Approximately 75.89% ($56.8 million) of this will be provided by issuance of new debt, primarily for sewer utility related projects ($18.0 million) and Greater Downtown TIF related projects ($5.3 million). Another funding source representing approximately 21.09% of total sources is operating receipts. Operating receipts come from current year revenues and essentially represent the amount of "cash" or pay as you go financing provided by each enterprise operation.

A major focus of the capital budget and capital improvement plan is the maintenance and refurbishment of existing city facilities. To this end, significant resources are dedicated for these types of projects including, Bee Branch Creek Watershed, Airport, Fire facilities, Civic Center, Grand River Center and Street, Sanitary and Water Improvements.

The following page provides a listing of some of the highlighted projects in the fiscal year 2026 capital budget.

The Capital Budget in the Resident's Guide includes a summary by department of all projects planned through FY 2030.

FY26 RECOMMENDED CAPITAL BUDGET HIGHLIGHTS

Department	Project Title	Total City Investment FY2026-FY2030
Fire	Bunk Room Remodel	$1,175,000
Fire	Outdoor Warning Siren Repair/Replace	$107,060
Fire	Fire Station Expansion	$500,900
Fire	2027 Fire Engine Replacement (1907)	$900,000
Fire	2027 Ambulance Replacement (1914)	$450,000
Fire	2028 Fire Engine Replacement (1905)	$950,000
Fire	Portable Radio Replacements	$838,000
Fire	2030 Fire Engine Replacement (1910)	$1,288,408
Fire	2030 Ambulance Replacement (1915)	$575,000
Parks	Reimagine Comiskey	$1,697,000
Parks	Rustic Point Park Development	$305,000
Parks	South Pointe Park Development	$200,000
Parks	Washington Community Gateway	$99,000
Parks	Second Dog Park Planning	$60,000
Parks	Ash Tree Removal and Tree Replacement	$464,611

Water	Admiral Sheehy Drive Water Main Loop	$686,400
Water	Public Lead Line Water Main Replacement	$45,000
Water	Source Water PFAS Reduction Project - Granular Activated Carbon Filter Rehabilitation	$9,600,000
Water	Source Water PFAS Reduction Project	$1,121,199
Water	Water Main Replacement Consent	$1,280,000
Water	Water Meter Replacement Program	$937,000
Water	Water Storage Maintenance Program	$3,000,000
W&RRC	Bar Screen Replacement	$2,500,000
W&RRC	WRRC Plant Nutrient Reduction Improvements and BOD/Flow Capacity Improvements	$7,035,000
W&RRC	Industrial Controls Upgrade	$1,900,000
Airport	Reconstruct Taxiway A	$18,709,994
Airport	Reconstruct General Aviation Apron	$2,480,000
Airport	Asphalt Pavement Repair/T-Hangar Apron Rehabilitation	$1,425,000
Airport	Taxiway D Extension	$2,940,000
Public Works	Asphalt Milling Program	$739,616
Public Works	Curb Ramp Program	$2,900,000
Public Works	Vehicle Fuel Island Rehabilitation	$510,200
Public Works	58,000 Gross Vehicle Weight (GVW) Dump Truck Replacement	$1,721,768

Department	Project Title	Total City Investment FY2026-FY2030
Public Works	Solid Waste Collection Vehicles - 3401 & 3405	$220,000
Public Works	Solid Waste Collection Vehicles - 3404 & 3410	$375,000
Public Works	Solid Waste Collection Vehicles -3403 & 3407	$595,000
Public Works	Solid Waste Collection Vehicles 3412 & 3413	$375,000
Public Works	Solid Waste Collection Vehicles 3411 & 54003	$845,000
Public Works	Landfill 3C Project	$4,000,000
Engineering	Stormwater Management Program	$1,000,000
Engineering	Bee Branch Creek Gate & Pump Replacement	$13,696,697
Engineering	Flood Control Maintenance Facility	$3,556,000
Engineering	Sanitary Sewer Lining Program	$1,000,000
Engineering	Sanitary Sewer CCTV Inspection, Cleaning, & Assessment	$1,000,000
Engineering	Cedar and Terminal Street Lift Station and Force Main Assessment and Improvements	$1,500,000
Engineering	Old Mill Road Lift Station & Force Main - Phase 1	$9,694,574
Engineering	Old Mill Road Lift Station & Force Main - Phase 2	$11,968,650
Engineering	Track Line Sanitary Sewer Reconstruction	$5,000,000
Engineering	Catfish Creek Sewershed Interceptor Sewer Improvements - South Fork	$13,927,212
Engineering	Catfish Creek Sewershed Interceptor Sewer Improvements - Middle Fork	$23,800,000
Engineering	South West Arterial Interchange Sewer Extension	$4,829,838
Engineering	Force Main Stabilization	$1,700,000
Engineering	East - West Corridor Capacity Improvements	$1,085,000
Engineering	7th Street Extension to Pine Street	$2,000,000
Engineering	14th St Overpass	$39,120,000
Engineering	US 20 - Northwest Arterial Intersection Operational and Capacity Improvements	$5,497,000
Engineering	Central Avenue Corridor Streetscape Master Plan Implementation Improvements 11th - 22nd Street	$8,170,000
Engineering	Public Electric Vehicle Chargers	$1,888,760
Engineering	Iowa Amphitheater on Schmitt Island	$9,641,563
Engineering	STREETS Traffic Control Project Phase 1	$250,000
Engineering	STREETS Traffic Control Project Phase 2	$282,350
Engineering	Traffic Signal Network Communications Program	$395,000
Engineering	Fiber Infrastructure Management System	$275,000
Engineering	Federal Building Renovation	$7,893,225
Economic Development	Greater Downtown Housing Creation Grant Program	$3,750,000
Economic Development	Workforce Development	$1,857,500

Department	Project Title	Total City Investment FY2026-FY2030
Economic Development	Downtown Rehab Grant Program	$1,000,000
Economic Development	Central Avenue Housing Forgivable Loan	$750,000
Transportation	Transit Vehicle Replacement	$3,152,568
Transportation	Smart Parking System	$780,000
Transportation	Parking Ramp Major Maintenance Repairs	$7,198,400
Housing	Assistance for Homeownership	$1,356,151
Housing	Washington Neighborhood Home Purchase Program	$1,269,896
Housing	Homeowner Rehabilitation Program	$1,325,000
Housing	Lead and Healthy Homes Grant	$6,000,000
Housing	Healthy Homes Production Grant	$2,000,000
Planning	Historic Preservation Technical Assistance Program	$80,000
Communications Office	Aerial Orthophotography	$252,000
City Manager's Office	Community Green House Gas Inventory and Climate Action Planning	$100,000
Information Technology	City-Wide Computer and Printer Replacements - General Gov	$3,323,473
Information Technology	City-Wide Computer and Printer Replacements- Business	$643,000

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007 • 2012 2013 • 2017

Dubuque is Iowa's oldest city and is among the oldest settlements west of the Mississippi River. The first permanent settler to the area was French-Canadian fur trader Julien Dubuque. When he arrived in 1785, the Mesquakie (Fox) Indians occupied the region which included an abundant amount of lead mines. On June 1, 1833, the land was opened for settlement by the United States government under the Black Hawk Purchase Treaty and came to be known as the city of Dubuque.

Dubuque has long been a historical and cultural center with its numerous historic sites, architectural Historic Districts with well-preserved buildings and homes, a revitalized main street, history and art museums, live theaters, ballet troupes, a symphony, three private colleges, two seminaries, a Bible college, libraries and a local history research center, recreational and sports venues, beautiful parks, a state park and nature interpretive center, miles of hiking and biking trails and the great Mississippi River.

Recent recognitions include being named an Iowa Thriving Community for using innovative solutions to enhance housing offerings to residents of all income levels, one of the 100 Best Communities for Young People, the Most Livable Small City in the US, an Iowa Great Place, an All-America City five times between 2007 and 2019, and a LEED- Certified City (Leadership in Energy and Environmental Design). Dubuque scored 100 out of 100 on the 2021 Municipal Equality Index, issued by the Human Rights Campaign (HRC), based on the inclusiveness of its laws, policies, and services for lesbian, gay, bisexual, transgender, and queer (LGBTQ) residents. Dubuque was named the 2024 Iowa Community of Character by the Robert D. and Billie Ray Center at Drake University as part of its annual Iowa Character Awards, which annually recognize Iowa individuals, organizations, and communities which demonstrate the six pillars of CHARACTER COUNTS®: trustworthiness, respect, responsibility, fairness, caring, and good citizenship.Dubuque is truly a "Masterpiece on the Mississippi."

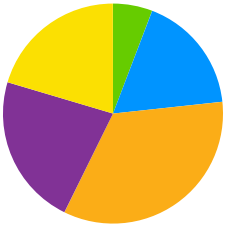

ACCORDING TO THE 2023 AMERICAN COMMUNITY SURVEY (ACS), THE CITY OF DUBUQUE'S DEMOGRAPHICS INCLUDE THE FOLLOWING:

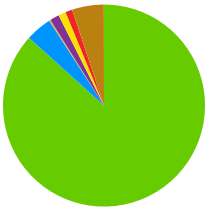

AGE

- Under 5 Years 5.8%
- 5-19 Years 17.5%
- 20-44 Years 34%
- 45-64 Years 22.3%
- 65 years and better 20.4%

RACE

- White or Caucasian 86.6%
- Black or African American 4.2%
- American Indian and Alaska Native 0.2%
- Asian 1.5%
- Hawaiian & Other Pacific Islander 1.2%
- Some Other Race 1.1%
- Two or More Races 5.1%

POPULATION

Total Population: 59,271
- Female Population: 51.1%
- Male Population: 48.9%

Average Household Size: 2.15
- Family Households: 59.1%
- Non-Family Households: 40.9%

Average Family Size: 2.85
Median Age: 38.3 years

HOUSING

Total Housing Units: 27,629
- Housing Occupancy: 93.4%
- Owner-Occupied: 64.8%
- Renter-Occupied: 35.2%

INCOME

- Median Household Income: $64,985
- Median Family Income: $86,224
- Families below poverty: 6.9%
- Individuals below poverty: 12.2%

DUBUQUE'S LOCATION

Situated at the intersection of Iowa, Illinois, and Wisconsin, the community of Dubuque, Iowa, stands among the Mississippi River bluffs as a metropolitan service area for seven surrounding counties.

Dubuque is connected by four-lane highways to Davenport, Des Moines, Madison and Minneapolis. The majority of the way to Chicago is also four-lane highway. Dubuque is centrally located amongst several major metropolitan areas.

The Dubuque Regional Airport serves both business and leisure travelers with service through Envoy (formerly American Eagle) between Dubuque and Chicago's O'Hare International Airport. Private and corporate jets also make use of the great central location of the airport as well.

Land Area: 32.0 square miles
Riverfront shoreline: 8.8 miles

Current Land Use

A review of existing land use within the Dubuque city limits (as of 2017) shows a balance of development among commercial, industrial, and institutional uses. (See Figure 9-2)

- Residential uses, separated as single-family and multi-family categories when combined are 5,355 acres, or 31% of Dubuque's total land area.
- Large swaths of agricultural land, particularly in the western portion of Dubuque, total 3,529 acres. Many of these agricultural properties were annexed into the city with the intent of being developed for another use in the future.
- An Existing Land Use Map can be found in Figure 9.1.

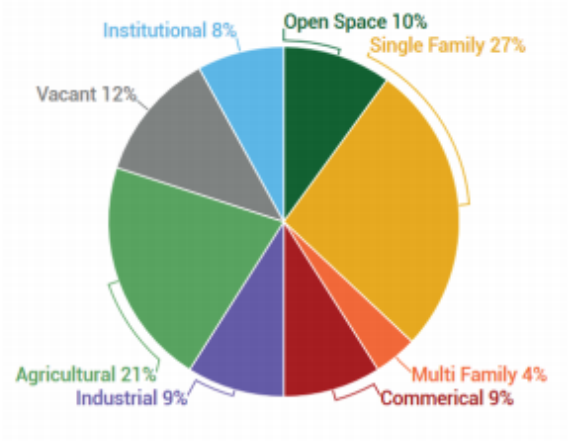

Current Zoning

Existing land use and current zoning are similar, but not the same. Within the city limits of Dubuque, land is 100% zoned -- including vacant land. Most land is zoned for its current use, but not always.

- Using the same broad categories examined for existing land use, the most prevalent zoning is 8,105 acres (48%) of single-family residential (which includes the small amount of two-family residential).
- The rest of the current zoning in Dubuque is divided about equally among agricultural with 3,067 acres (18%), commercial at 2,629 acres (15%), and industrial with 2,253 acres (13%). Multi-family zoning encompasses only 636 acres (4%) and institutional only 314 acres (2%).
- A breakdown of current zoning is shown in Figure 9.3. A current zoning map can be found in the Appendix.

FIGURE 9.2

Current Land Use in Acres

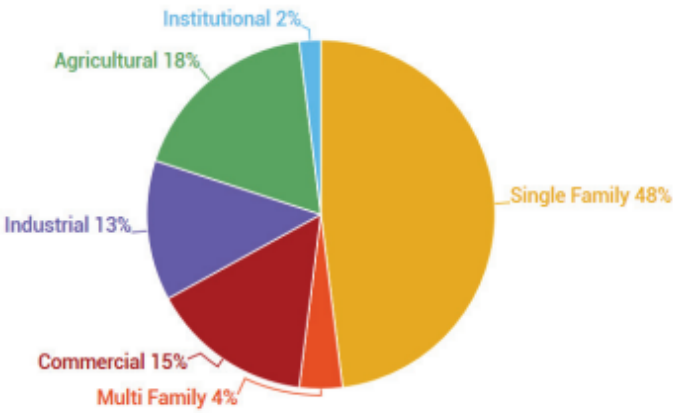

10% Open Space (1,777 Acres)
9% Industrial (1,438 Acres)
27% Single Family (4,661 Acres)
21% Agricultural (3,529 Acres)
4% Multi Family (694 Acres)
8% Institutional (1,286 Acres)
9% Commercial (1,507 Acres)
12% Vacant (2,110 Acres)

Total Acres: 17,003

(Note: Total Acres excludes roads and river.)

FIGURE 9.3

Current Zoning in Acres

18% Agricultural (3,067 Acres)
15% Commercial (2,629 Acres)
48% Single Family (8,105Acres)
13% Industrial (2,253 Acres)
4% Multi Family (636 Acres)
2% Institutional (314 Acres)

Total Acres: 17,003

(Note: Total Acres excludes roads and river.)

2 amphitheaters
17 horseshoe pits
1 splash pad

CULTURAL AMENITIES

In Dubuque there are over 45 non-profit arts and cultural organizations that provide year-round cultural programming in Dubuque and the surrounding area. Dubuque is home to a world-class Symphony Orchestra and Arboretum, two Smithsonian Affiliates - the Dubuque Museum of Art and the National Mississippi River Museum and Aquarium, the Julien Dubuque International Film Festival (JDIFF), multiple community theater groups including Grand Opera House, Bell Tower, Rising Star and Fly By Night. There are on average over 125 special events throughout the year from community festivals to outdoor music venues to parades and neighborhood events.

WORKFORCE

Today there are over 12,000 employees working in downtown Dubuque. Dubuque leads the State in downtown rehabilitation and development with over $896 million of public and private investment since 1985.

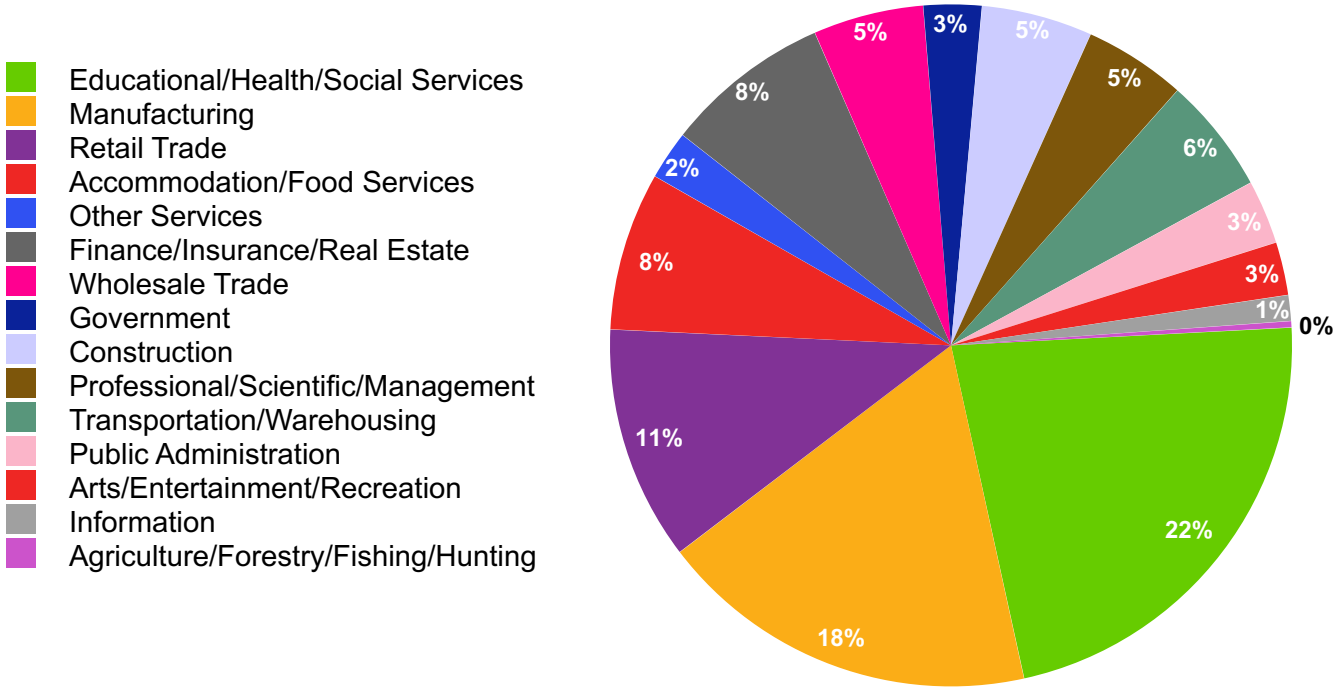

According to the latest data from Iowa Workforce Development (December 2024), Dubuque's employment is at 60,100. Dubuque County's unemployment rate for December 2024 was 3.4% while Iowa's rate was 3.3% and the nation's was 4.1%.

The top ten employers in the area employ less than 21% of the total workforce. Peninsula Gaming Co. LLC, the greatest revenue source among all taxpayers, contributes approximately 2% of the City's taxable valuation.

EMPLOYMENT BY INDUSTRY

City of Dubuque Mayor and City Council Non-profit & Partner Board Representation

As elected officials, the Mayor and City Council serve as a City Council Representative on a number of local, not-for-profit and partner organizations. Appointments are made at the request of the organization or are included in the organization's Bylaws or Articles of Incorporation. These appointments are affirmed every year by the City Council at an official meeting.

Dubuque County Conference Board
Convention & Visitor's Bureau Board of Directors
Convention and Visitors Bureau Advisory Committee
Convention and Visitors Bureau Sister City Committee
County Resource Enhancement and Protection Act (REAP) Committee
Dubuque County Early Childhood Board
Dubuque County Emergency Management Council
Dubuque Initiatives
Dubuque Main Street
Dubuque Metropolitan Area Solid Waste Agency
Dubuque Metropolitan Area Transportation System (DMATS)
Dubuque Racing Association
Four Mounds Foundation
Friends of the Mines of Spain Advisory Board
Greater Dubuque Development Corporation (GDDC)
Pre-Disaster Mitigation Plan Committee (PDMP)
River Valley Initiative Foundation Board of Directors

City of Dubuque
Boards and Commissions

Individuals serving on Boards and Commissions play an important role in advising the City Council on matters of interest to our community and its future. The City Clerk's Office accepts applications for any Board or Commission at any time, and the application stays active for one year from the date of receipt in the Clerk's Office. Applicants must be a resident of the City of Dubuque. Some boards and commissions may require compliance with the State of Iowa Gender Balance Law.

2024-2026

DUBUQUE CITY COUNCIL GOALS & PRIORITIES

LOOKING AHEAD

Over the course of three sessions in August, City Council members affirmed the 15-year vision statement and mission statement and identified eight five-year goals for the city.

They also identified top and high priorities for a 2024-2026 policy agenda as well as in-progress projects and capital projects for 2024-2026.

POLICY AGENDA

Policy agenda items are issues that need direction or a policy decision by the City Council, or need a major funding decision by the City Council, or issues that need City Council leadership in the community or with other governmental bodies. The policy agenda is divided into top priorities and high priorities.

2024 - 2026 Top Priorities *(in alphabetical order)*

- Air Service Future Strategy and Action Plan: Major Airline Hub Connections
- Central Avenue Revitalization Plan Implementation
- Construction of 14th Street Railroad Overpass and 16th Street Corridor Complete Streets Improvements: RAISE Grant and Matching Funds
- Police Department Staffing and Hiring
- Street Maintenance/Rehabilitation Program

2024 - 2026 High Priorities *(in alphabetical order)*

- Catfish Creek Sanitary Sewer Project: Old Mill Road Lift Station Project
- Chaplain Schmitt Island Development
- City Workforce Retention and Attraction
- Comprehensive Study of Fire Station Locations and Staffing
- Parks Maintenance/Refresh Action Plan

VISION STATEMENT

Dubuque 2039 is a sustainable and resilient city and an inclusive and equitable community where ALL are welcome. Dubuque 2039 has preserved our Masterpiece on the Mississippi, has a strong diverse economy and expanding connectivity. Our residents experience healthy living and active lifestyle; have a choice of quality, livable neighborhoods; and have an abundance of fun things to do; and are engaged in the community.

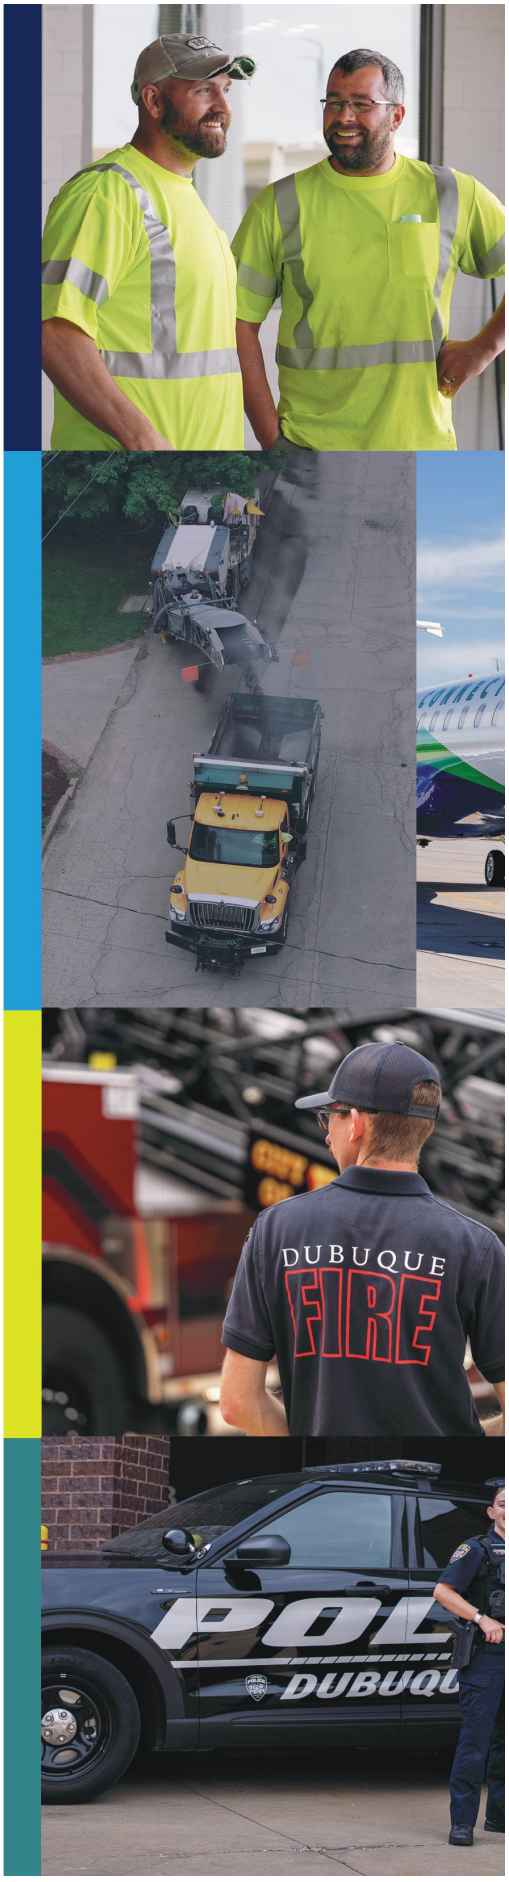

MISSION STATEMENT

Dubuque city government is progressive and financially sound with residents receiving value for their tax dollars and achieving goals through partnerships. Dubuque city government's mission is to deliver excellent municipal services that support urban living; contribute to an equitable, sustainable city; plan for the community's future; and facilitate access to critical human services.

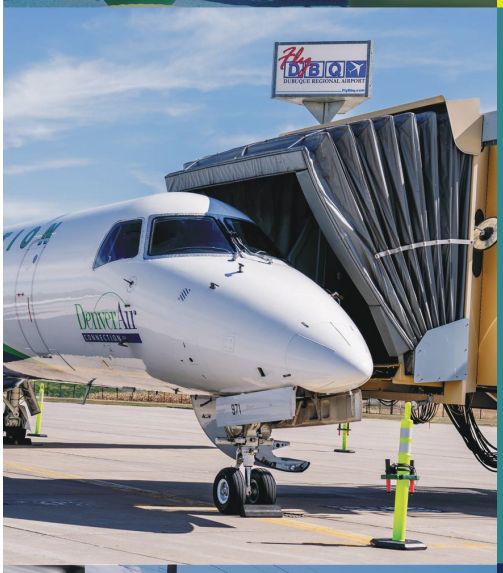

FIVE-YEAR GOALS: 2024 - 2026

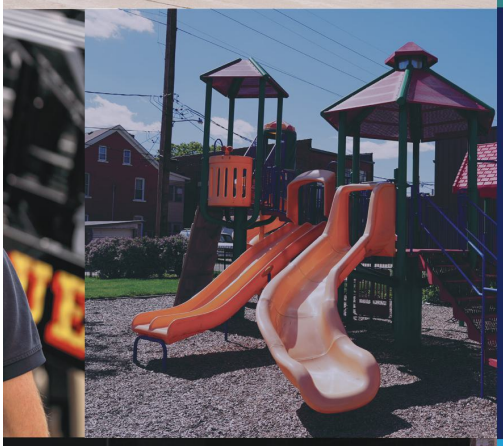

- **Vibrant Community:**
  Healthy and Safe
- **Financially Responsible, High-Performance City Organization:**
  Sustainable, Equitable, and Effective Service Delivery
- **Robust Local Economy:**
  Diverse Businesses and Jobs with Economic Prosperity
- **Livable Neighborhoods and Housing:**
  Great Place to Live
- **Sustainable Environment:**
  Preserving and Enhancing Natural Resources
- **Connected Community:**
  Equitable Transportation, Technology Infrastructure, and Mobility
- **Diverse Arts, Culture, Parks, and Recreation Experiences and Activities**
- **Partnership for a Better Dubuque:**
  Building Our Community that is Viable, Livable, and Equitable

MANAGEMENT IN PROGRESS & MAJOR PROJECTS

Under each City Council goal are items listed as **Management in Progress** and **Major Projects**. These are items and projects that are underway and budgeted. Staff is implementing and providing updates to City Council.

Vibrant Community

Management in Progress

- 911 Center Prepared Live Software: Funding
- 911 Center Relocation, Technology, and Staffing
- Animal Control Ordinance Update: Adoption
- Diversity, Equity, Inclusion, and Belonging: City & Department Action Plans
- Equitable Fines and Fees Reform Pilot Program Implementation
- Fire Department Community Risk Reduction Strategic Plan
- Fire Equipment Acquisition: Two Ambulances and Fire Boat
- Fire Protective Gear Replacement: Funding and Acquisition
- Law Enforcement Mental Health and Wellness Check-Ins
- License Plate Reader Cameras: Implementation
- Opioid Settlement Planning and Response in Partnership with Dubuque County
- Pet Licensing Systems Implementation
- Public Health Preparedness Emergency Response Plan Update
- Public Safety Radios Upgrade
- Public Safety Workforce Diversification
- School Resource Office Program Expansion: Report
- Traffic and Security Cameras Deployment
- Veterinarian Services Contract with Animal Control

Major Projects

- Fire Headquarters Bunk Room Remodel, HVAC, and Fire Administration Office Update
- Fire Training Center Burn Tower Improvement Project

Financially Responsible, High-Performance City

Management in Progress

- Adopt-A-Spot/Volunteer Management GIS Application
- City Bond Rating: Updated Credit Rating
- City Legislative Advocacy Agenda and Action Plan 2025
- City Organization Safety Program: Review, Update, and Training
- Commercial Banking Services: Implementation
- Citizen Response Management System Replacement: Implementation
- Cyber Security Enhancements: Training and Tool
- Data Governance: Direction and Funding
- Debt and Investment Management Software: RFP and Installation
- Enterprise Asset Management System and Work Order System: Funding & RFQ
- Enterprise Resource Planning Software Implementation
- Future City Employee Career Development Program(s): Report
- Human Resource Information System: Implementation
- Leisure Services Director Replacement
- Organizational Culture Continuous Improvement
- Review of City Departments: Services and Staffing

Major Projects

- City Data Center Project– Phase 1: Completion
- City Facilities Integrated Access Control Project
- City Hall and City Hall Annex Renovations: Design
- Federal Building HVAC System Condition Assessment and Long-term Replacement Plan: Completion
- Federal Building Upgrade Project: Completion
- Multicultural Family Center Project: Completion

Robust Local Economy

Management in Progress

- Business Incentives Policy: Review and Refine
- Comprehensive Hotel Incentive Policy and Strategy
- Field of Dreams: Next Steps for City
- Flexsteel Site Redevelopment: Pump Agreement
- Grand Harbor Hotel
- Minority- and/or Women-Owned Business Enterprise Procurement Policy: Revision and Public Awareness Report
- Port of Dubuque New Hotel Development
- Poverty Reduction Plan: Update Report

Major Projects

- Dubuque Brewing & Malting Building Project: Deconstruction Completion and Site Remediation Enforcement Action
- River Boat Docking Project: Environmental Study and Temporary Dock Installation

Livable Neighborhoods and Housing

Management in Progress

- Code Compliance/Enforcement Enhancements
- Housing Opportunity Through Modernization Act Implementation for Housing Choice Voucher Program
- National Standards for the Physical Inspection of Real Estate Implementation from Housing Quality Standards for Housing Choice Voucher Program
- Neighborhood Associations Development
- New Housing Development Support: Report
- Permitting and Inspection Software Implementation
- Terminus for all Permits, Data Governance, and Storage
- Unified Development Code: Completion

Sustainable Environment

Management in Progress

- Air Quality EPA Path Forward: Update Reports
- Annual Water Quality (Consumer Confidence) Report
- Electric Bus Implementation: Acquisition
- Emerald Ash Borer: Funding for Planting, Stump Removal, and Sidewalk Replacement
- Expand Testing Capability of Water & Resource Recovery Center State-Certified Lab
- Fats, Oils, and Grease Program: Software Update
- Pollinator Habitat in Park System: Completion
- Sewer System Infrastructure Asset Master Plan: Analysis and Update Report
- Branching Out Dubuque Tree Planting Program
- Water Distribution and Treatment System Master Plan
- Water & Resource Recovery Center HVAC System Improvements
- Water & Resource Recovery Center Odor Abatement

Major Projects

- 42-inch Sanitary Sewer Force Main Stabilization Project
- Advancing New Deep Water Well No. 11
- Auburn and Custer Street Reconstruction Project
- Bee Branch Stormwater Pumping Station Project
- Cedar and Terminal St. Lift Station and Force Main Project
- City-Wide Fiber Project: Water Department Pump Stations, Tanks, and Towers
- Creek Crossing Restoration Project
- Deep Water Well No. 7 Rehabilitation
- Edval Ln. to N. English Mill Rd. Water and Sewer Main Extension
- Granger Creek Lift Station Improvements
- Green Alley Projects:
  - 15th St. to 17th St. between Iowa St. and Central Ave.
  - 17th St. to 18th St. between Central Ave. and White St.
- Grove Terrace Sanitary Sewer Reconstruction
- High-Strength Waste Receiving and Storage Project
- Lead Water Service Line Replacement Pilot Program
- Old Mill Rd. Lift Station and Force Main Project
- Supervisory Control and Data Acquisition Overhaul: Water
- Tamarack Park/HWY 61 Water and Sewer Main Extension
- Twin Ridge Sanitary Sewer Extension and Lagoon Abandonment

Connected Community

Management in Progress

- Community Broadband Project Fiber-to-the-Home: Phase 2
- Jule Services Study Planning Grant Completion
- Parking System and Technology Master Plan
- Smart Parking and Mobility Study: Parking Implementation
- Smart Traffic Routing with Efficient and Effective Traffic Signals (STREETS) Program: Phase 1
- Central Ave. and White St. Corridor Short-Term Action: Report

Major Projects

- 2024 Pavement Marking Project: Completion
- Bee Branch Trail - Phase 1 Project: Completion
- Camera Connections to Additional City Locations Project: Completion
- Connection to Data Center Project: Phase 2 Completion
- East-West Corridor/Roundabout Policy/Projects: Preliminary Design
- General Aviation Apron Reconstruction Project: Construction
- Heeb St. Reconstruction Project: South of Kaufmann Ave.
- US 20 and Northwest Arterial Intersection Project
- Relocation of Fiber Optics on US 20 Catfish Creek Bridge
- Schmitt Island Community Project Trail Grant
- Southwest Arterial Intelligent Transportation Systems Project: Completion
- Taxiway Alpha Construction Project – Phase 2: Completion
- Wildwood Dr. Bridge Replacement: Design

Diverse Arts, Culture, Parks, & Recreation Experiences & Activities

Management in Progress

- Arts and Culture Master Plan: Report and Engagement Strategy
- Chaplain Schmitt Island Amphitheater Construction
- Comiskey Park Phase 2 Construction
- Comprehensive Parks Master Plan
- Culture Definition in Community Programming: Report
- Eagle Point Park Enhancements/Reinvestment
- Five Flags Civic Center Management Selection
- Five Flags Facility Project: Update Report
- Historic Millwork District Park: Plan Adoption
- Multicultural Family Center Cultural Experiences and Programming: Report

Major Projects

- Eagle Valley Neighborhood Park: Completion
- English Ridge Neighborhood Park: Completion
- ImOn Ice Arena Dehumidification, HVAC, and Generator Project
- Jackson Park Restrooms and Amenities: Design
- Westbrook Neighborhood Park: Completion

Partnership for a Better Dubuque

Management in Progress

- City Life in Marshallese or Other Languages: Implementation
- Community Impact Department: Mission and Vision
- Equitable Fines and Fees Work Plan
- Succession Plan for Intergovernmental Relations Position

REVENUE CATEGORY EXPLANATIONS

PROPERTY TAXES

All property taxes collected for the City are levied on the assessed valuation of real and personal property as determined by the City Assessor. For Fiscal Year 2026, the total tax collection of $29,855,822 is a 5.78% increase as compared to FY 2025. The total tax collection includes $10,388 for agricultural land. The overall levy is made up of five parts as described below.

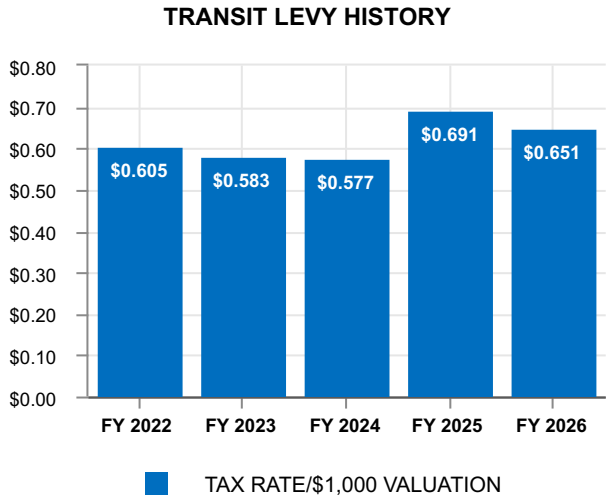

GENERAL LEVY HISTORY

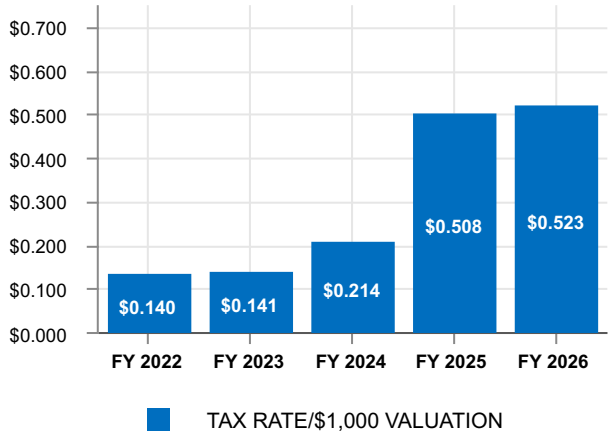

The **General Levy** for the general fund is limited by the State of Iowa to 2% or 3% growth each year, depending on the trigger hit, except for specific levies authorized outside the limit. The City of Dubuque general levy for FY 2026 is just $4.06959, which is down from $3.00466 the year before. The General Levy is certified with the State of Iowa at the maximum levy allowed by moving eligible Employee Trust & Agency expenses (allowable in the Trust & Agency Levy) into the General Levy.

The State of Iowa requires this shift to maximize the General Levy first. Also, 50% of the one cent local option sales tax and 100% of the gaming revenues (taxes and lease) is applied for property tax relief which has created a savings in the total City tax rate of $6.24775/$1,000 valuation.

Outside of the General Fund levy, a **Transit Levy** can be used without the vote of the electors to fund the operations of a municipal transit system. This levy may not exceed 95 cents/$1,000 valuation. The levy is collected in the General Fund, and then transferred to the Transit Fund. The FY 2026 levy of 0.650560 cents will generate $1,927,336 which is a 12.81% decrease from FY 2025.

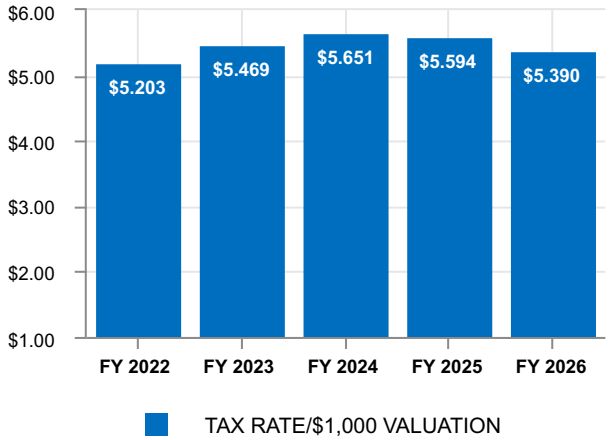

TORT LIABILITY LEVY HISTORY

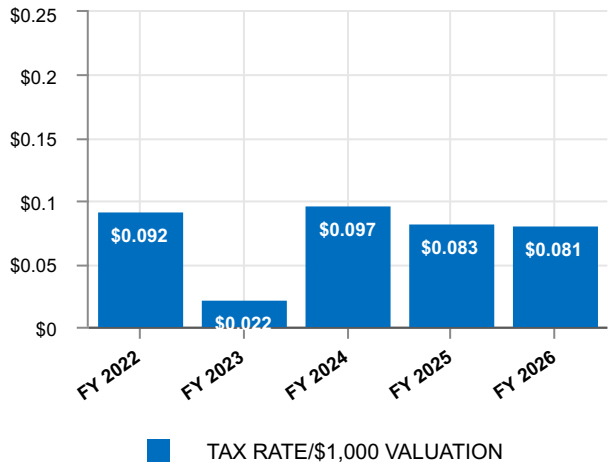

Outside of the General Fund levy, a **Tort Liability Levy** can be used without the vote of the electors to fund the cost of general liability insurance to the total amount necessary. The levy is collected in the Tort Liability fund and then transferred into the General Fund to pay general liability insurance expense. The FY 2026 levy of 0.52317 cents generates $1,549,924. The City is a member of the Iowa Community Assurance Pool (ICAP) which is a local government risk-sharing pool in the State of Iowa. The tort liability levy request changes based on risk adjustments received from ICAP.

The **Trust and Agency Levy** is available for payroll benefit costs (as defined by the City Finance Committee) including Retirement (IPERS), Municipal Fire and Police Retirement (MFPRSI), Police Pensions, Social Security/ Medicare, Police and Fire medical costs, Health Insurance, Worker's Compensation, Life Insurance, and Unemployment. The total payroll benefit costs allowable in this levy are $15,969,639. The trust and agency levy has increased to $5.39045 in FY 2026 .

TRUST & AGENCY LEVY HISTORY

DEBT SERVICE LEVY HISTORY

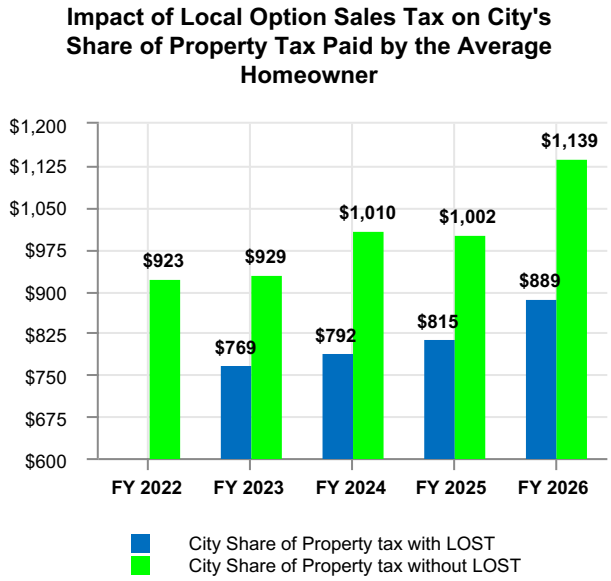

The final portion of the levy is for **Debt Service**. This levy is restricted to General Obligation (GO) bond debt and judgments. The City of Dubuque has a GO bond issuance for the replacement of fire trucks and an ambulance issued in FY 2011 for $1,355,500 and a franchise fee judgment bond issued in FY 2016 for $2,800,000 with debt service abated by the debt service levy of $285,870 in FY 2026.

OTHER TAXES

Local Option Sales Tax (LOST)

Beginning April 1, 1988, an additional 1% local option sales tax is applied to all goods and services delivered within the City of Dubuque, to which the State of Iowa sales tax already applies. This was approved by the voters in February of 1988. Of the total received, 50% of the funds are marked for property tax relief; 20% for City facilities maintenance (upkeep of City-owned property, transit equipment, riverfront and wetland development, and economic development); and 30% for special assessment relief (street special assessments and the maintenance and repair of streets). Annually the State sends the City an estimate of the amount of local option sales tax it will receive monthly for the year. The amount is 95% of the estimated collection and then in November, the City will receive an adjustment to actual for the prior year. This estimate along with actual receipt and sales growth trends, are used to budget. The budget for FY 2026 decreased 0.17% compared to FY 2025, which reflects stabilized sales growth.

In FY 2026 approximately $6,452,968 will be generated for property tax relief. This translates into a reduction of the City share of property tax paid by the Average Homeowner of $250.12. This chart illustrates the amount the total levy would have to be if the Local Option Sales Tax had not been approved.

Hotel/Motel Tax

Beginning in November of 1991, a referendum was passed to increase hotel/motel tax from 5% to 7% (limit). This tax is levied upon the occupancy of any room furnished by a hotel/motel in the City. By Resolution, 50% of the hotel/motel tax is to be used for promotion and encouragement of tourism and convention business. City Council's policy is to provide 50% of the past 4 quarters actual receipts to the Convention & Visitors Bureau (CVB) in the next fiscal year's budget. The remaining 50% goes into the General Fund for property tax relief. Additional commitments include, 25% of actual hotel/motel tax paid by the Grand Harbor Hotel and Water Park be returned to them.

Hotel/motel tax has increased gradually over the years until FY 2004, when a 35% increase was realized. This was due to the addition of several new hotel/motels in Dubuque. FY 2026 is budgeted with an increase of 15.82% over FY 2025, which reflects the actual trend.

Other Taxes

Other taxes include tax on agricultural land (state levy limit is $3.00375), military service, county monies & credits, gaming taxes (Greyhound Park and Casino para-mutual and slot machine tax and Diamond Jo riverboat tax on bets), mobile home tax, and tax increment property tax revenues.

LICENSES AND PERMITS

Fees from licenses include business, beer, liquor, cigarette, dog, cat, bicycle, housing, and other miscellaneous. Fees from permits include building, electrical, mechanical, plumbing, refuse hauling, excavation, subdivision inspection, swimming pool inspection, animal impoundments, and other miscellaneous.

Also included are cable TV franchise fees (5%) and utility franchise fees (5% gas and 5% electric) – with a decrease of (12.07)% in FY 2026. The Fiscal Year 2026 projection for Cable Franchise Fees is $410,873. The Utility Franchise Fees from Electric and Natural Gas FY 2026 projection is $6,106,745, all for property tax relief.

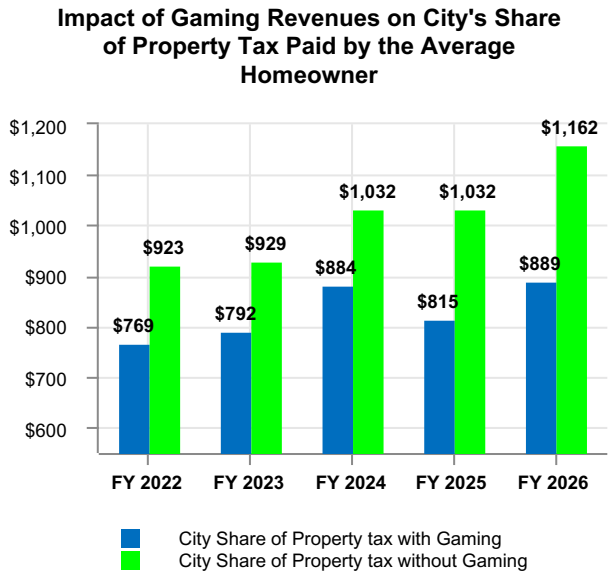

USE OF MONEY AND PROPERTY

This category includes interest and investment earnings collected, rent received from City owned property, and lease revenue. The gaming related leases generate the most revenue. In 1984, the resident's of Dubuque approved a referendum allowing dog racing. In 1987, this expanded to include riverboat gaming and in 1994 slot machines at the dog track. The Greyhound Park and Casino expanded with a bigger and better facility and in June 2005, slot machines were added to go from 600 to 1,000 and in March 2006, table games were added.

Effective April 1, 2004 the lease with the Dubuque Racing Association (DRA) was revised to collect 1% of coin-in and unadjusted drop from .5% previously, and its end date changed from 2009 to 2018. The City receives a distribution of profit from the DRA annually that was previously split 40% to the City, 30% to local charities and 30 % retained by the DRA. A lease amendment in FY 2010 changed this split to 50% City / 50% Charities / DRA. In addition, this lease amendment changed the unadjusted drop from .5% for table games to 4.8 percent of adjusted gross receipts.

On December 14, 2021, an amended lease took effect with the Dubuque Racing Association for lease of the Q Casino. This lease amendment raised the lease payment from 1% of coin-in to 1.5% of coin-in.The amendment increased the amount retained by the DRA for the operating budget reserve from 5% to 10%. The lease amendment eliminates the $10,000 per month DRA payment to the Depreciation and Improvement Fund for facility maintenance. In addition, the distribution of net profit is now split three ways between the City, charities, and the Schmitt Island Master Plan Implementation from a two-way split between the City and charities. The amended lease has an expiration date of December 31, 2055. The change in market share and changes in the lease agreement impacts the City's lease payment from the DRA. The new lease effective 1/1/22 requires the DRA to pay the City 1.5 percent of coin in from slot machines (previously 1 percent),4.8 percent of gross revenue from table games, and 0.5 percent of sports wagering. Diamond Jo admissions are also collected through their lease.

City Council policy is to use 100% of the DRA distribution of profit to support the Capital Improvement budget, however in Fiscal Year 2025 and 2024 100% of DRA distribution of profit is was used for the operating budget. City Council policy for the total received from the DRA operating lease and taxes, and the Diamond Jo admissions and taxes, is to split it 100% for property tax relief in the General Fund and 0% to support the Capital Improvement program.

In 2026, 100% of the total or approximately $6,452,968 is projected to be generated and reduce the amount paid by the average homeowner by $273. This chart illustrates the total the average homeowner would have to pay without the contribution of gaming revenue. FY 2026 and beyond gaming projections include the impact of the renovated Q Casino and additional casinos opening in Illinois, Wisconsin, and Iowa.

INTERGOVERNMENTAL REVENUE

Intergovernmental revenues include Federal grants and reimbursements, State grants and reimbursements, State shared revenues, and County or other local grants and reimbursements. Many of these revenues are construction project related and thus significantly increase and decrease with the timing of projects. Federal and State grants received by the City are listed on the 'Summary of How Budgeted Expenditures are Funded by Source of Income" under the Financial Summaries tab.

In FY 03/04, the State of Iowa discontinued State shared recurring revenues (liquor tax, personal property tax replacement, municipal assistance, and state funded monies and credits) due to a budget crisis at the State level. This caused a shortfall of $1,051,625 in the City of Dubuque's General Fund. Then in FY 04/05 the bank franchise tax was eliminated by the State causing a shortfall of $145,000. This was addressed by making cuts, shifting funding and increasing revenues by adding a 2% gas and electric franchise fee.

The Iowa Department of Transportation (IDOT) provides annual projections on the amount of Road Use Tax Funds the City of Dubuque will receive over the next five years based on a per capita amount. The State Road Use Tax Fund consist of revenues from fuel tax, vehicle registration fees, use tax, driver's license fees and other miscellaneous sources and is distributed to cities on a per capita basis. It should be noted that in FY 2010, the Iowa Department of Revenue increased Road Use Tax Funds (RUT) as a result of higher vehicle registration fees passed into law in 2008. The gas tax was increased ten cents beginning in February 2015. The city is estimated to receive $44,519,265 for FY 2026-2030.

CHARGES FOR SERVICES

Utility Charges

This includes revenue from charges for services for Water, Sewer, Stormwater, Solid Waste, and Landfill. Rate increases have been incorporated in all utilities (as listed on the "Fact Sheet" under the Budget Overviews tab). Rate increases were necessary due to a combination of operating costs rising (fuel, gas/ electric, supplies), additional capital projects, to support additional debt service, and to meet revenue bond covenants.

Other Charges for Services

This includes revenue from all charges for current services exclusive of utilities, such as:

General Government - Copy charges, sale of maps and publications, zoning adjustment fees, sub plat review fees, plan check fees, and temporary use fees.

Highways/Streets/Sanitation – Street, sidewalk, and curb repairs, engineering and inspection fees, and weed cutting charges.

Public Safety – Special Police services and ambulance fees.

Municipal Enterprises – Library services, transit services, airport charges and fuel sales, and parking meters and lot collections.

Recreation – Recreation programs, golf course fees, aquatics, and park fees.

SPECIAL ASSESSMENTS

Special Assessments are an additional tax levied on private property for public improvements that enhance the value of the property. Principal and interest payments received on special assessments are included in this revenue category.

MISCELLANEOUS REVENUE

Internal Charges

These are the charges for labor, equipment, materials, printing, and messenger service which City departments pay to internal services departments or to other City departments.

Proceeds from Bonds

This includes proceeds from sale of bonds for the principal, premium, and accrued interest.

Miscellaneous Revenue

This includes revenues of a non-recurring nature which are not assigned above.

Transfers

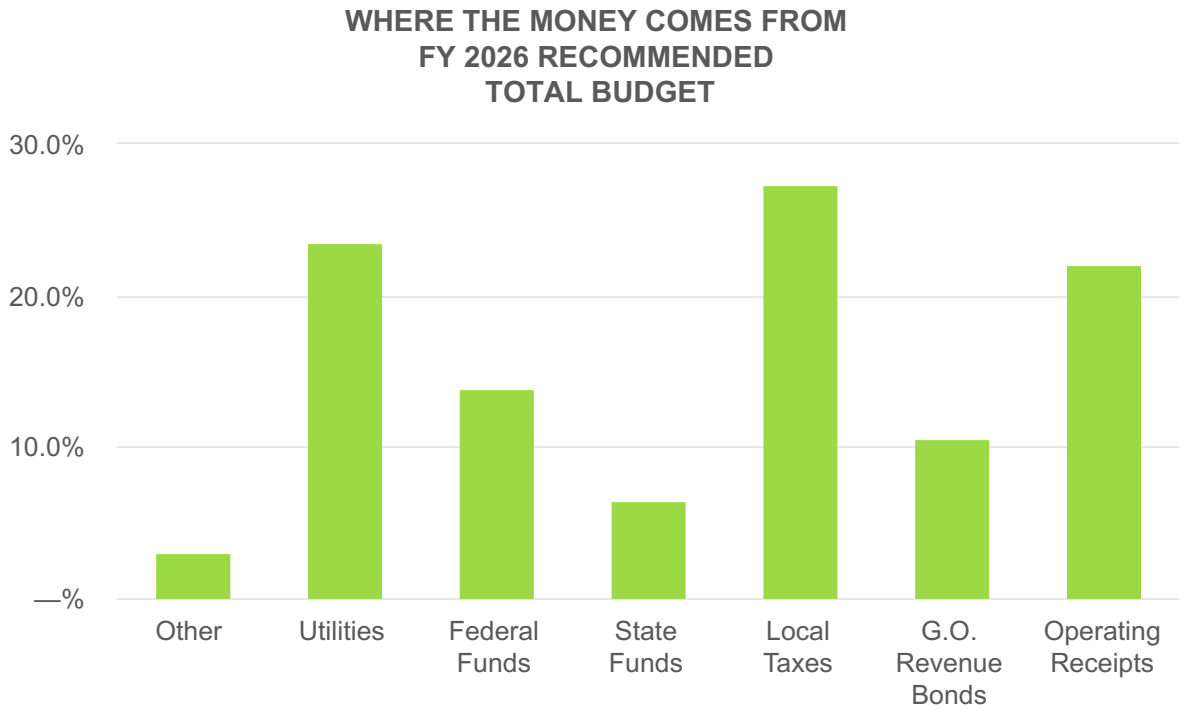

This is for the transfer of money between City funds.

REVENUE HIGHLIGHTS

REVENUE PROJECTIONS

The revenue projection process starts with five year projections calculated on all tax levied funds (General, Transit, Debt, Tort, and Trust & Agency). Prior year's actual and current year-to-date amounts are used to project both the current year and next four year's revenues. Information received from the State, County, and Iowa League of Municipalities is utilized to project recent trends and anticipated amounts. The City Manager and the Chief Financial Officer review estimates, with input from the Human Resources Director, to make informed judgments on all revenues city wide. The Budget and Fiscal Policy Guidelines are recommended to City Council for adoption.

The Departments then submit their estimates and the Chief Financial Officer review all detail, discusses with Departments, makes appropriate adjustments and prepares the Budget Financial Summary for their Department. Budget Hearings begin with the City Manager, Assistant City Manager, Chief Financial Officer, and each Department. At the Hearings, reviews are completed of Department revenues, expenses, and ending fund balances or property tax support change to determine if fees and charges need to be adjusted. Many funds have a restricted or a minimum fund balance required for cash flow or other purposes. Fund balances above the restricted amounts are used to fund nonrecurring expenses.

Total Recommended Budget $276,185,089

*Excludes Transfers

The major resource assumptions used in preparing the Fiscal Year 2026 recommended budget include the following:

a) **Cash Balance.** Unencumbered funds or cash balances of $200,000 will be available in FY 2026 and each succeeding year to support the operating budget.

b) **Interest Revenue.** Interest revenue increased from $1,718,055 in FY 2025 to $2,300,097 in FY 2026. The FY 2026 budget is based on is based on projected general fund cash balance, projected interest rates, and the new banking services agreement tied to a thirteen week T-bill plus five basis points.

c) **Sales Tax Revenue.** By resolution, 50% of sales tax funds must be used in the General Fund for property tax relief in FY 2026. Sales tax receipts are projected to decrease (0.17)% ($21,580) under FY 2025 budget and 2.00% over FY 2025 actual of $12,652,878 based on FY 2025 revised revenue estimate which includes actuals through December 2024, and then increase at an annual rate of 2.00% percent per year beginning in FY 2027. The following chart shows the past four years of actual sales tax funds and projected FY 2026 for the General Fund:

Sales Tax Funds	FY 2022	FY 2023	FY 2024	FY 2025	FY 2026
PY Q4	$419,551	$475,037	$451,920	$574,416	$585,904
Quarter 1	$1,361,526	$1,177,196	$1,545,777	$1,592,834	$1,624,691
Quarter 2	$1,425,968	$1,522,885	$1,596,421	$1,605,397	$1,637,505
Quarter 3	$1,211,388	$1,443,097	$1,524,508	$1,554,999	$1,586,099
Quarter 4	$950,069	$1,110,593	$979,209	$998,793	$1,018,769
Reconciliation	$945,466	$371,388	$—	$—	$—
Total	$ 6,313,968	$ 6,100,196	$ 6,097,835	$ 6,326,439	$ 6,452,968
% Change	**+0.87%**	**-3.50%**	**-0.04%**	**+3.75%**	**+2.00%**

d) Hotel/Motel Tax Revenue. Hotel/motel tax receipts are projected to increase 15.82% ($534,077) over FY 2025 budget and 3.00% over FY 2025 re-estimated receipts of $3,796,563, and then increase at an annual rate of 3.00% per year.

e) FTA Revenue. Federal Transportation Administration (FTA) transit operating assistance increased from $558,000 in FY 2025 to $598,167 in FY 2026. The FY 2026 budget is based on the revised FY 2025 budget received from the FTA. Federal operating assistance is based on a comparison of larger cities. Previously the allocation was based on population and population density.

Ambulance Revenue. Ambulance Ground Emergency Medical Transport Payments increased from $2,401,917 in FY 2025 to $2,413,018 in FY 2026. GEMT is a federally-funded supplement to state Medicaid payments to EMS providers transporting Medicaid patients which began in FY 2021. FY 2026 is based on calculated projections using historical averages. This revenue is projected using the first quarter of performance in FY 2025 and the previous 11 quarters of performance. Based on that formula, the 3-year quarterly average growth of Medicaid transports is 0.8%. The projected number of transports for FY 2025 is 1,084 and for FY 2026 is 1,092. The FY 2024 actual was 1,075. Based on the unaudited FY 2024 cost report, the FY 2026 revenue per transport is estimated to be $2,209.18. This line item is offset by GEMT Pay to Other Agency expense for local match of $804,331 resulting in net revenue of $1,608,687.

Ambulance Fees decreased from $2,074,232 in FY 2025 ($361 per call) to $1,756,870 in FY 2026 ($357 per call) based on calculated projections using historical averages. The FY 2024 actual was $1,763,339. In FY 2026, it is currently estimated that there will be 4,924 calls with $357 per call average. The FY 2026 ambulance revenue projection is based on the average transport volume growth of the past 12 quarters (which is 0.2% growth). This includes the first quarter of performance in FY 2025 and the prior 11 quarters.

f) **Miscellaneous Revenue.** Miscellaneous revenue has been estimated at 2% growth per year over budgeted FY 2025.

g) **Building Fee Revenue.** Building fees (Building Permits, Electrical Permits, Mechanical Permits and Plumbing Permits) are anticipated to increase $167,827 from $932,030 in FY 2025 to $1,099,857 in FY 2026.

h) **DRA Revenue.** Gaming revenues generated from lease payments from the Dubuque Racing Association (DRA) are estimated to decrease $192,217 from $7,405,579 in FY 2025 to $7,213,362 in FY 2026 based on revised projections from the DRA. This follows a $2,283,319 increase from budget in FY 2025 and a $43,621 increase from budget in FY 2024.

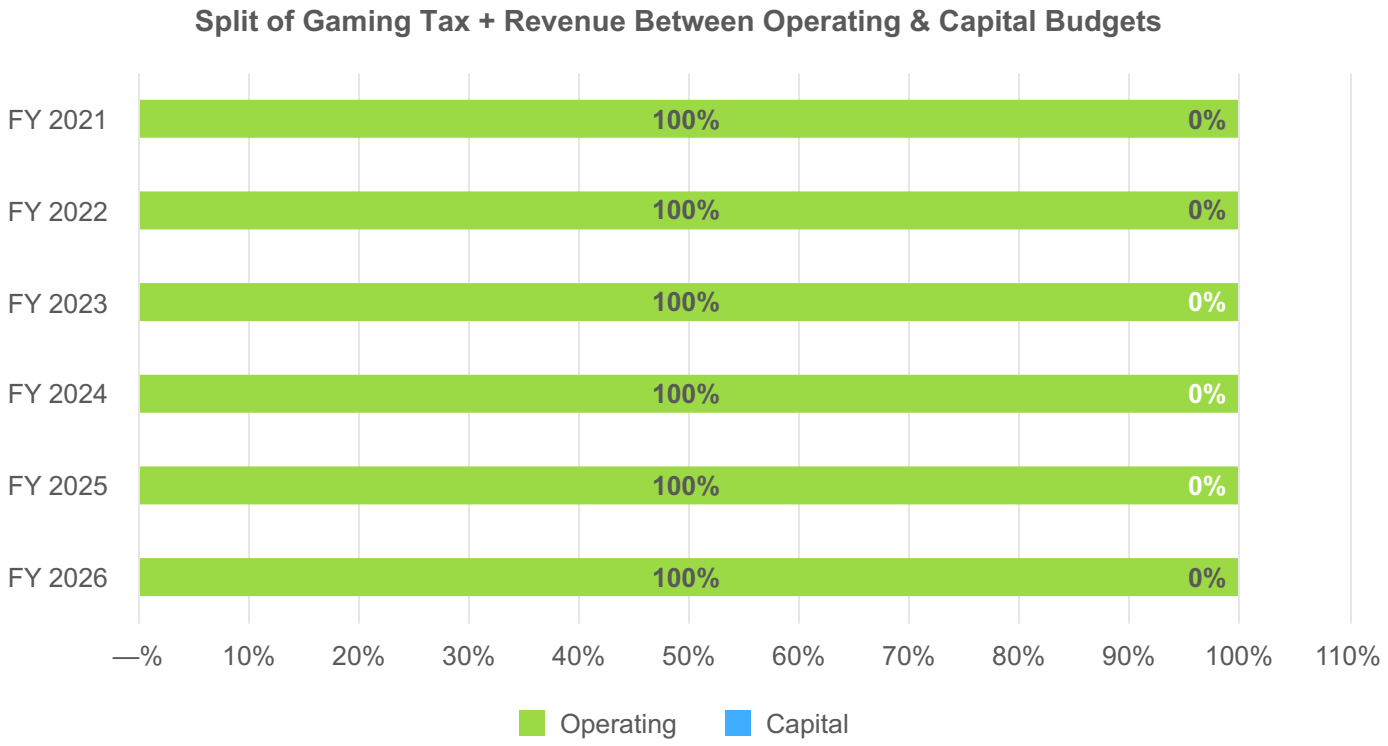

The following is a ten-year history of DRA lease payments to the City of Dubuque:

Fiscal Year	DRA Lease	$ Change	%
FY 2026 Projected	$7,213,362	$ 601,496	9%
FY 2025 Revised	$6,611,866	$ (793,713)	-11%
FY 2025 Budget	$7,405,579	$ 1,131,553	18%
FY 2024 Actual	$6,274,026	$ (917,449)	-13%
FY 2023 Actual	$7,191,475	$ 583,944	9%
FY 2022 Actual	$6,607,531	$ 2,645,535	67%
FY 2021 Actual	$3,961,996	$ (1,187,192)	-23%
FY 2020 Actual	$5,149,188	$ 293,177	6%
FY 2019 Actual	$4,856,011	$ 18,879	0%
FY 2018 Actual	$4,837,132	$ (195,083)	-4%
FY 2017 Actual	$5,032,215	$ (155,297)	-3%
FY 2016 Actual	$5,187,512	$ (158,104)	-3%
FY 2015 Actual	$5,345,616	$ (1,474,667)	-22%

The Diamond Jo payment related to the revised parking agreement increased from $624,377 in FY 2025 to $687,003 in 2026 based on estimated Consumer Price Index adjustment.

i) **DRA Gaming.** The split of gaming revenues from taxes and the DRA lease (not distributions) in FY 2026 remains at a split of 100% operating and 0% capital. When practical in future years, additional revenues will be moved to the capital budget from the operating budget.

The following shows the annual split of gaming taxes and rents between operating and capital budgets from FY2021– FY2026:

j) **Diamond Jo Revenue.** The Diamond Jo Patio lease ($25,000 in FY 2026) and the Diamond Jo parking privileges ($687,003 in FY 2026) have not been included in the split with gaming revenues. This revenue is allocated to the operating budget.

k) **Residential Rollback.** The residential rollback factor will increase from 46.3428% in 2025 to 47.4316% or a 2.35% increase in FY 2026. The rollback has been estimated to remain the same from Fiscal Years 2027 through 2030.

The percent of growth from revaluation is to be the same for agricultural and residential property; therefore, if one of these classes has less than 3% growth for a year, the other class is limited to the same percent of growth. A balance is maintained between the two classes by ensuring that they increase from revaluation at the same rate. In FY 2026, agricultural property had more growth than residential property which caused the rollback factor to increase.

The increase in the residential rollback factor increases the value that each residence is taxed on. This increased taxable value for the average homeowner ($91,067 taxable value in FY 2025 and $93,207 taxable value in 2026) results in more taxes to be paid per $1,000 of assessed value. In an effort to keep property taxes low to the average homeowner, the City calculates the property tax impact to the average residential property based on the residential rollback factor and property tax rate. In a year that the residential rollback factor increases, the City recommends a lower property tax rate than what would be recommended had the rollback factor remained the same.

The residential rollback in Fiscal Year 1987 was 75.6481 percent as compared to 47.4316 percent in Fiscal Year 2026. The rollback percent had steadily decreased since FY 1987, which has resulted in less taxable value and an increase in the City's tax rate. However, that trend began reversing in FY 2009 when the rollback reached a low of 44.0803 percent. If the rollback had remained at 75.6481 percent in FY 2025, the City's tax rate would have been $5.95 per $1,000 of assessed value instead of $9.93 in FY 2025.

l) **State Equalization Order/Property Tax Reform.** There was not an equalization order for commercial, industrial or multi-residential property in Fiscal Year 2026. The Iowa Department of Revenue is responsible for "equalizing" assessments every two years. Also, equalization occurs on an assessing jurisdiction basis, not on a statewide basis.

Commercial and Industrial taxpayers previously were taxed at 100 percent of assessed value; however due to legislative changes in FY 2013, a 95% rollback factor was applied in FY 2015 and a 90% rollback factor will be applied in FY 2016 and beyond. The State of Iowa backfilled the loss in property tax revenue from the rollback 100% in FY 2015 through FY 2017 and the backfill was capped at the FY 2017 level in FY 2018 and beyond. **The FY 2026 State backfill for property tax loss is estimated to be $646,603 for all funds (General Fund, Tort Liability Fund, Trust and Agency Fund, Debt Service Fund, and Tax Increment Financing Funds).**

Senate File 619 was signed into law by Governor Reynolds on June 16, 2021. The Bill provides that beginning with the FY 2023 payment, the General Fund standing appropriation for commercial and industrial property tax replacement for cities and counties will be phased out in four or seven years, depending on how the tax base of the city or county grew relative to the rest of the state since FY 2014. Cities and counties where the tax base grew at a faster rate than the statewide average from FY 2014 through FY 2021 will have the backfill phased out over a four-year period from FY 2023 to FY 2026, while those that grew at a rate less than the statewide average will have the backfill phased out over a seven-year period from FY 2023 to FY 2029. The City of Dubuque's tax base grew at a rate less than the statewide average and will have a backfill phase out over a seven year period from FY 2023 to FY 2029. **Beginning in FY 2023, the backfill will be eliminated over a eight year period.**

The projected reduction of State backfill revenue to only the general fund is as follows:

Fiscal Year	State Backfill
2026	$ (97,981)
2027	$ (97,981)
2028	$ (97,981)
2029	$ (97,981)
2030	$ (97,981)
Total	**$ (489,905)**

Business Property Tax Credit Law Changes and Implementation of Two-Tier Assessment Limitations

From FY 2015 through FY 2023, commercial, industrial and railroad properties were eligible for a Business Property Tax Credit. The Business Property Tax Credit was deducted from the property taxes owed and the credit was funded by the State of Iowa. The average commercial and industrial properties ($432,475 Commercial / $599,500 Industrial) received a Business Property Tax Credit from the State of Iowa for the City share of their property taxes of $148 in FY 2015, $693 in FY 2016, $982 in FY 2017, $959 in FY 2018, $843 in FY 2019, $861 in FY 2020, $779 in FY 2021, $780 in FY 2022, and $722 in FY 2023.

House File 2552, Division 11 passed in the 2022 legislative session and signed by the Governor on May 2, 2022 repeals the Business Property Tax Credit (BPTC). In lieu of the BPTC, beginning with assessment year 2022, all commercial, industrial, and railroad properties will receive a property assessment limitation on the first $150,000 of value of the property unit equal to the assessment limitation for residential property. The value of the property unit that exceeds $150,000 receives the same ninety percent assessment limitation it has in the past.

The $125 million fund will continue to be appropriated each year for reimbursements to counties. County auditors will file a claim for the first tier of the assessment limitations in September. Assessors will continue to provide the unit configuration for auditors as these definitions remained the same. Taxpayers are not required to file an application to receive the first $150,000 of assessed value at the residential assessment limitation rate.

If the total for all claims is more than the appropriated amounts, the claims will be prorated and the Iowa Department of Revenue will notify the county auditors of prorated percentage by September 30th. Lawmakers believe the new standing general fund will exceed the projected level of claims for fiscal years 2024 through 2029. Then in fiscal year 2030, the local government reimbursement claims will begin being prorated.

The projected backfill for Dubuque for the two-tier assessment limitation in Fiscal Year 2026 is estimated to be $387,318.

m) Multi-Residential Property Class/Eliminated State Shared Revenue. Beginning in FY 2017 (July 1, 2016), new State legislation created a new property tax classification for rental properties called multi-residential, which requires a rollback, or assessment limitations order, on multi-residential property which will eventually equal the residential rollback. Multi-residential property includes apartments with 3 or more units. Rental properties of 2 units were already classified as residential property.

The State of Iowa did not backfill property tax loss from the rollback on multi-residential property. The rollback will occur as follows:

Fiscal Year	Rollback %	Annual Loss of Tax Revenue
FY 2017	86.25%	$ 331,239.03
FY 2018	82.50%	$ 472,126.87
FY 2019	78.75%	$ 576,503.10
FY 2020	75.00%	$ 691,639.58
FY 2021	71.25%	$ 952,887.71
FY 2022	67.50%	$ 752,366.11
FY 2023	63.75%	$ 662,820.79
FY 2024	54.65%	$ 1,186,077.35
Total		**$ 5,625,660.54**

This annual loss in tax revenue of $1,186,077 from multi-residential property was not backfilled by the State. From Fiscal Year 2017 through Fiscal Year 2024 the City lost $5,625,661 in total, meaning landlords paid that much less in property taxes. The state did not require landlords to charge lower rents or to make additional investment in their property.

In Fiscal Year 2024, the multi-residential property class was eliminated and is reported with the residential property class.

State Shared Revenue Eliminations

In addition, the State of Iowa eliminated the:

A. Machinery and Equipment Tax Replacement in FY 2003 (-$200,000)
B. Personal Property Tax Replacement in FY 2004 (-$350,000)
C. Municipal Assistance in FY 2004 (-$300,000)
D. Liquor Sales Revenue in FY 2004 (-$250,000)
E. Bank Franchise Tax in FY 2005 (-$145,000)
F. Alcohol License Revenue in FY 2023 (-$85,000)

The combination of the decreased residential rollback, State funding cuts and increased expenses has forced the City's tax rate to increase since 1987 when the residents passed a referendum to establish a one percent local option sales tax with 50% of the revenue going to property tax relief.

n) **Taxable Value.** FY 2026 will reflect the following impacts of taxable values of various property types:

Property Type	Percent Change in Taxable Value
Residential (Includes Multi-Residential)	+2.77 %
Commercial	+1.84 %
Industrial	+2.41 %
Overall	+4.39 %

*Overall taxable value increased 4.39% percent after deducting Tax Increment Financing values

Assessed valuations were increased 2 percent per year beyond FY 2026.

o) **Riverfront Property Lease Revenue.** Riverfront property lease revenue is projected to increase by $162,758 in FY 2026 to $4,273,045 due to the estimated consumer price index increase and inclusion of property tax reimbursement from leaseholders.

p) **Franchise Fees.** Natural Gas franchise fees have been projected to increase 11.7 percent over FY 2024 actual of $923,628. Also, Electric franchise fees are based on FY 2024 Actual of $4,924,839 plus rate increases of 20.0 percent. The franchise fee revenues are projected to increase at an annual rate of 4 percent per year from FY 2027 through FY 2030.

The City provides franchise fee rebates to gas and electric customers who are exempt from State of Iowa sales tax. Franchise fee rebates are provided at the same exemption percent as the State of Iowa sales tax exemption indicated on the individual gas and or electric bill. To receive a franchise fee rebate, a rebate request form must be completed by the customer, the gas and/or electric bill must be attached, and requests for rebates for franchise fees must be submitted during the fiscal year in which the franchise fees were paid except for June. Natural Gas franchise fee rebates have been projected to decrease 46 percent under 2025 budget of $101,399 and Electric franchise fee rebates have been projected to decrease 3 percent under 2025 budget of $845,095.

The franchise fee charged on gas and electric bills increased from 3% to 5%, the legal maximum, on June 1, 2015.

q) **Property Tax Rate.** For purposes of budget projections only, it is assumed that City property taxes will continue to increase at a rate necessary to meet additional requirements over resources beyond FY 2026.

r) **Police & Fire Protection.** FY 2026 reflects the fourteenth year that payment in lieu of taxes is charged to the Water and Sanitary Sewer funds for Police and Fire Protection. In FY 2026, the Sanitary Sewer fund is charged 0.43% of building value and the Water fund is charged 0.62% of building value, for payment in lieu of taxes for Police and Fire Protection. This revenue is reflected in the General Fund and is used for general property tax relief.

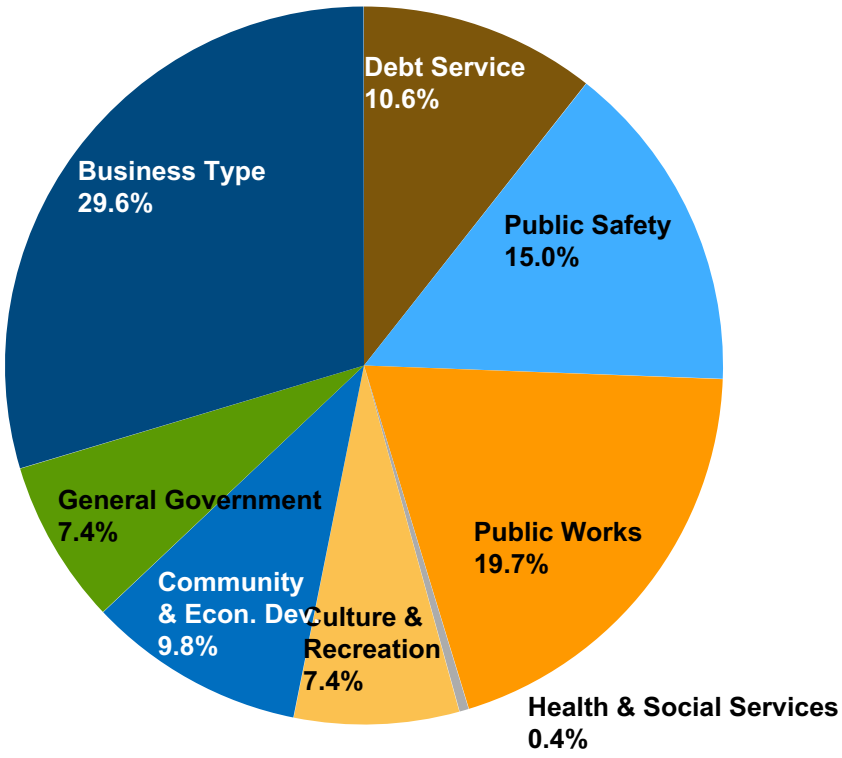

EXPENDITURE HIGHLIGHTS

EXPENDITURE PROJECTIONS

The expenditure projection process starts with 5 year projections calculated on all tax levied funds (General, Transit, Debt, Tort, and Trust & Agency). Prior year actual's and current year-to-date amounts are used to project both the current year and next four year's revenues. The City Manager and the Chief Financial Officer review estimates, with input from the Finance Director, to make informed judgments on expenditure trends and economic conditions. The Budget and Fiscal Policy Guidelines are recommended to City Council for adoption.

The Departments then submit their estimates and the Chief Financial Officer, Budget Manager, and Budget Analysts review all details, discusses with Departments, makes appropriate adjustments and prepare the Budget Financial Summary for their Department. Budget Hearings begin with the City Manager, Assistant City Manager, Chief Financial Officer, Budget Manager, Budget Analysts, and each Department. At the Hearings, reviews are completed of Department revenues, expenses, and ending fund balances or property tax support change to determine if fees and charges need to be adjusted. Many funds have a restricted or a minimum fund balance required for cash flow or other purposes. Fund balances above the restricted amounts are used to fund nonrecurring expenses.

HOW THE MONEY IS SPENT RECOMMENDED FY2026 BUDGET

TOTAL RECOMMENDED BUDGET $276,185,089

*Excludes transfers and non-program expense for self-insurance, Metro Landfill accounts & Agency Fund accounts.

The major requirement assumptions used in preparing the Fiscal Year 2026 recommended budget include the following:

Employee Expense ($+2,524,899/ +3.08% over FY 2025 Adopted Budget)

a) **Pension Systems.**

i) The **Municipal Fire and Police Retirement System of Iowa (MFPRSI)** Board of Trustees City contribution for Police and Fire retirement increased from 22.66% percent in FY 2025 to 22.68% percent in FY 2026 (general fund cost of $2,185 for Police and $1,821 for Fire or a total of $4,007).

ii) The **Iowa Public Employee Retirement System (IPERS)** City contribution is unchanged from the FY 2025 contribution rate of 9.44% (no general fund impact). The IPERS employee contribution is unchanged from the FY 2025 contribution rate of 6.29% (which does not affect the City's portion of the budget). The IPERS rate is anticipated to increase 1 percent each succeeding year.

b) **Collective Bargaining.** The already approved collective bargaining agreements for Dubuque Professional Fire Fighters Association and International Union of Operating Engineers include a 3.50% wage increase. The already approved collective bargaining agreement for the Dubuque Police Protective Association includes a 5% wage increase. The Teamsters Local Union No. 120 Bus Operators and Teamsters Local Union No. 120 are in contract negotiations.Non-represented employees include a 3.00% wage increase. Fiscal Year 2026 includes the cost of the implementation of the classification and compensation study. A classification and compensation study analyzes the job positions (not individuals) in an organization. The purpose of a classification and compensation study is to ensure jobs with comparable minimum qualifications, job responsibilities, supervisory expectations, working conditions and environments are grouped closely in a compensation plan. Salary ranges are competitive within the identified market, and to equip the human resources team to consistently administer classification and compensation programs on an ongoing basis. The City's strategy through this study has been to recommend a new compensation strategy in which the City is competitive at the 50% percentile of employers. Total cost of the wage increases for collective bargaining and non-represented employees, and classification and compensation study is $2,026,133 to the General Fund.

c) **Health Insurance.** The City portion of health insurance expense is projected to remain unchanged from $1,119 per month per contract to $1,119 per month per contract (based on 648 contracts) in FY 2026 (no general fund impact). The City of Dubuque is self-insured, and actual expenses are paid each year with the City only having stop-loss coverage for major claims. In FY 2017, The City went out for bid for third party administrator and the estimated savings has resulted from the new contract and actual claims paid with there being actual reductions in cost in FY 2018 (19.42%) and FY 2019 (0.35%). In addition, firefighters began paying an increased employee health care premium sharing from 10% to 15% and there was a 7% increase in the premium on July 1, 2018. During FY 2019, the City went out for bid for third party administrator for the prescription drug plan and Fiscal Year 2022 included additional prescription drug plan savings.There was a decrease of $639,758 in prescription drug cost in FY 2022. Based on FY 2024 actual experience, Fiscal Year 2026 is projected to have a 4.61% increase in health insurance costs. Estimates for FY 2027 were increased 4.62%; FY 2028 were increased 4.63%; FY 2029 were increased 4.64%; and FY 2030 were increased 4.65%.

d) **Five-Year Retiree Sick Leave Payout.** FY 2013 was the first year that eligible retirees with at least twenty years of continuous service in a full-time position or employees who retired as a result of a disability and are eligible for pension payments from the pension system can receive payment of their sick leave balance with a maximum payment of 120 sick days, payable bi-weekly over a five-year period. The sick leave payout expense budget in the General Fund in FY 2025 was $283,061 as compared to FY 2026 of $288,742, based on qualifying employees officially giving notice of retirement.

e) **50% Sick Leave Payout.** Effective July 1, 2019, employees over the sick leave cap can convert 50% of the sick leave over the cap to vacation or be paid out. The 50% sick leave payout expense budget in the General Fund in FY 2025 was $124,908 as compared to FY 2026 of $128,496, based on FY 2025 year-to-date expense.

f) **Parental Leave.** Effective March 8, 2019, employees may use Parental leave to take paid time away from work for the birth or the adoption of a child under 18 years old. Eligible employees receive their regular base pay (plus longevity) and benefits for twelve weeks following the date of birth, adoption event or foster-to-adopt placement. If both parents are eligible employees, each receive the leave benefit. There is no parental leave expense budgeted in the General Fund based on departments covering parental leave with existing employees and not incurring additional cost for temporary help.

Supplies and Service ($+5,611,333 / +9.62% over 2025 Adopted Budget)

g) **Supplies & Services.** General operating supplies and services are estimated to increase 2% over actual in FY 2024. A 2% increase is estimated in succeeding years.

h) **Electricity.** Electrical energy expense is estimated to increase 16% over FY 2024 actual expense, then 2% per year beyond.

i) **Natural Gas.** Natural gas expense is estimated to increase 36% over FY 2024 actual then 2% per year beyond.

j) **Travel Dubuque.** The Dubuque Area Convention and Visitors Bureau contract will continue at 50% of actual hotel/motel tax receipts.

k) **Equipment & Machinery.** Equipment costs for FY 2026 are estimated to decrease 22.45% under FY 2025 budget, then remain constant per year beyond.

l) **Debt Service.** Debt service is estimated based on the tax-supported, unabated General Obligation bond sale for fire truck and franchise fee litigation settlement.

m) **Unemployment.** Unemployment expense in the General Fund decreased from $33,922 in FY 2025 to $23,824 in FY 2026 based on estimated premium for FY2025.

n) **Motor Vehicle Fuel.** Motor vehicle fuel is estimated to decrease 9% under the FY 2025 budget, then increase 2.0% per year beyond.

o) **Motor Vehicle Maintenance.** Motor vehicle maintenance is estimated to increase 1% from the FY 2025 budget based on FY 2024 actual, then increase 2.0% per year and beyond.

p) **Public Transit.** The decrease in property tax support for Transit from FY 2025 to FY 2026 is $34,152, which reflects an increase in Federal Transportation Administration Operating revenue ($40,167); an increase in Federal Transportation Administration Capital ($9,474), an increase in employee expense ($138,076); decrease in supplies and services ($41,013); a reduction in equipment replacements ($18,576), an increase in passenger fare revenue ($20,693).

q) Public Transit (continued):

The following is a ten-year history of the Transit subsidy:

Fiscal Year	Amount	% Change
2026 Projection	$ 1,927,336	(3.10)%
2025 Budget	$ 1,961,488	26.70 %
2024 Actual	$ 1,548,127	(1.52)%
2023 Actual	$ 1,571,981	(1.83)%
2022 Actual	$ 1,601,290	(2.09)%
2021 Actual	$ 1,635,441	4.94 %
2020 Actual	$ 1,558,460	(0.82)%
2019 Actual	$ 1,571,307	(0.10)%
2018 Actual	$ 1,572,825	34.10 %
2017 Actual	$ 1,172,885	24.41 %
2016 Actual	$ 942,752	(13.20)%
2015 Actual	$ 1,086,080	45.51 %

r) Shipping & Postage. Postage rates for FY 2026 are estimated to increase 3% over FY 2024 actual expense and proposed cost increases by United States Postal Service. A 3.0 percent increase is estimated in succeeding years.

s) Insurance. Insurance costs are estimated to change as follows:

- Workers Compensation is increasing 6.88% based on rate change.
- General Liability is increasing 1.25% based on based on FY 2025 actual plus 1.25%.
- Damage claims is increasing 35.26% based on a three year average.
- Property insurance is decreasing based on FY 2025 actual less 1%.

t) Housing. The Housing Choice Voucher subsidy payment from the General Fund is estimated to increase $78,583 in FY 2026. The budgeted administrative cost of the Housing Choice Voucher Program increased from $875,932 in FY 2025 to $909,225 in FY 2026. Administrative revenue of the Housing Choice Voucher Program decreased from $759,336 in FY 2025 to $713,338 in FY 2026. The resulting Housing Choice Voucher Program deficit increased from $116,596 in FY 2025 to $195,887 in FY 2026. This deficit is funded by property taxes.

u) Media Services Fund. The Media Services Fund no longer funds Police and Fire public education, Information Services, Health Services, Building Services, Legal Services, and City Manager's Office due to reduced revenues from the cable franchise. **In FY26, the Media Services Fund will no longer fund Communication Department positions and positions have been shifted to the General Fund with a partial offset to administrative overhead recharges to enterprise funds.** This is due to Mediacom's conversion from a Dubuque franchise to a state franchise in October 2009 which changed the timing and calculation of the franchise fee payments. Effective June 2020, Mediacom will no longer contribute to the Public, Educational, and Governmental Access Cable Grant (PEG) Fund, and after the balance in that fund is expended, the City will be responsible for all City Media Service equipment replacement costs. Other jurisdictions will need to plan accordingly.

v) **Communications Department.** In Fiscal Year 2026, Cable Utility Franchise Tax revenue paid to the City by Mediacom and ImOn, as required by the state franchise fee agreement, will no longer be enough to support Communications Department employee expense. A vacant part-time (0.75 FTE) Communications Assistant position is recommended to be eliminated. All remaining Cable Utility Franchise Tax supported positions are recommended to be moved to the General Fund. This General Fund expense will be partially offset by administrative overhead recharges to the enterprise funds. The Cable Utility Franchise Tax revenue will support Communications Department supplies and services only going forward.

w) **Greater Dubuque Development Corporation.** Greater Dubuque Development Corporation support of $836,135 is budgeted to be paid mostly from Dubuque Industrial Center Land Sales in FY 2026, with $26,500 for True North strategy paid from the Greater Downtown TIF. In FY 2027 and beyond Greater Dubuque Development Corporation will be paid from the Greater Downtown TIF and Dubuque Industrial Center West land sales.

Capital Outlay ($-1,807,871 / (28.24)% under FY 2025 Adopted Budget)

x) Equipment costs for FY 2026 are estimated to decrease (3.67)% under FY 2025 budget, then remain constant per year beyond.

Debt Service ($+2,556,885 / +9.55% under FY 2025 Adopted Budget)

y) Debt service is estimated based on the tax-supported, unabated General Obligation bond sale for fire truck and franchise fee litigation settlement.

CITY OF DUBUQUE COSTS OF MUNICIPAL SERVICES

*These projections do not include any anticipated tax burden shifts as a result of state-issued equalization orders or rollback factors.

The projections for the cost of municipal services are based on average water usage of 6,000 gallons per month and assessed value on the home in FY 2026 of $196,508 (before rollback). State increased property taxes to the average homeowner by underfunding the Homestead property tax credit. FY 2020-2026 residential property tax projections assume Homestead property tax credit funded 100%, which has happened since FY 2014. The Utility Franchise Fee for gas and electric is calculated for all years using the FY 2015 electric gas rates for average residential customers.

RATES AND COMPARISONS

Water Rate Comparison for Largest Iowa Cities with Water Softening

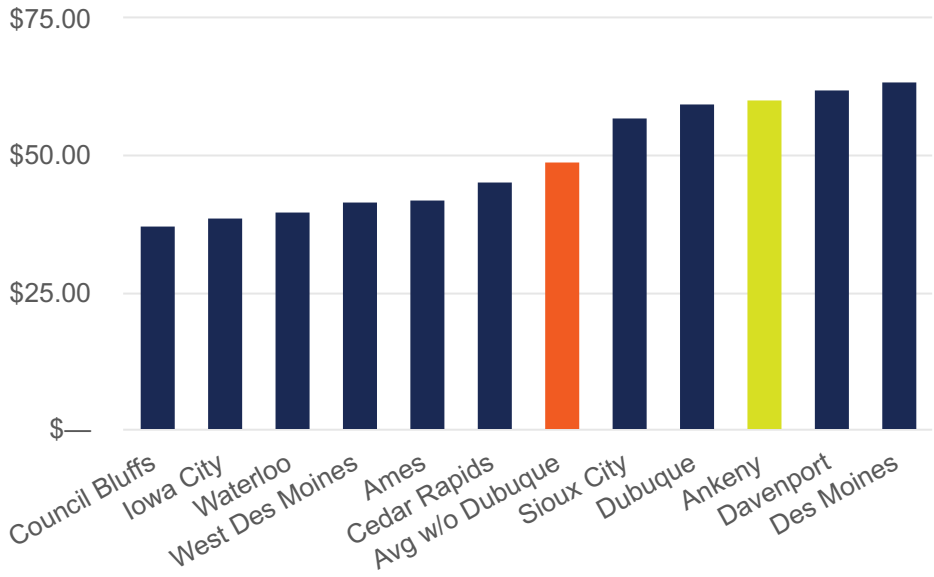

Rank	City	Water Rate (6,000 Gallons/residence avg.)
7	Des Moines (FY26)	46.00
6	West Des Moines (FY26)	45.41
5	Cedar Rapids (FY26)	44.02
4	**Dubuque (FY26)**	**43.74**
3	Iowa City (FY26)	38.59
2	Ames (FY26)	37.77
1	Council Bluffs (FY26)	37.13
	Average w/o Dubuque	41.49

Dubuque's water is some of the best in the world! The highest rate (Des Moines (FY26)) is 5% higher than Dubuque's rate, and the average is (5)% lower than Dubuque.

Sanitary Sewer Rate Comparison for Eleven Largest Iowa Cities

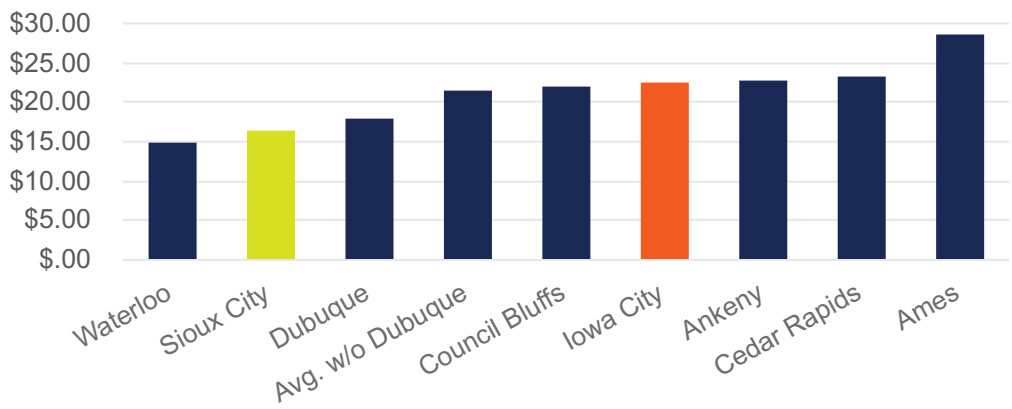

Rank	City	Sanitary Sewer Rate (Based on 6,000 Gallons/month)
11	Des Moines (FY26)	63.70
10	Davenport (FY26)	62.29

City Property Tax Rate Comparison for Eleven Largest Iowa Cities

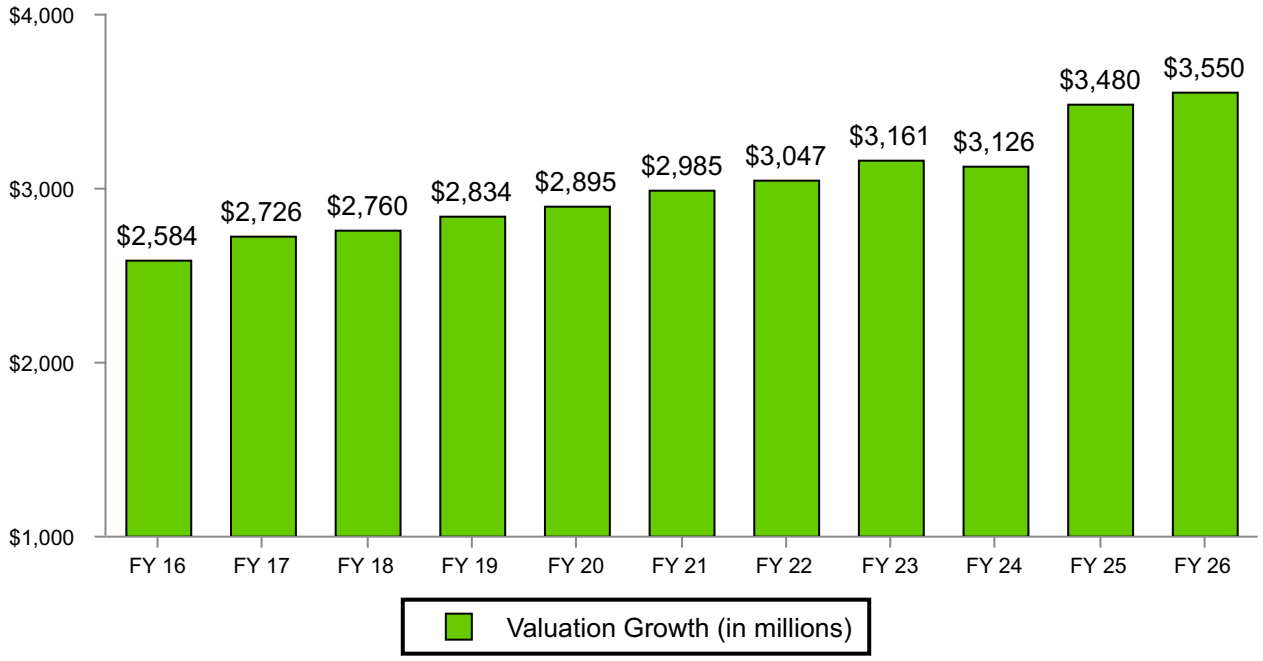

Rank	City	Tax Rate
11	Waterloo (FY26)	$ 21.79
10	Council Bluffs (FY26)	$ 17.69
9	Sioux City (FY26)	$ 17.66
8	Des Moines (FY26)*	$ 17.56
7	Cedar Rapids (FY26)	$ 16.66
6	Davenport (FY26)	$ 16.61
5	Iowa City (FY26)	$ 15.63
4	West Des Moines (FY26)*	$ 11.75
3	Ankeny (FY25)*	$ 10.53
2	Ames (FY26)	$ 10.25
1	Dubuque (FY26)	$ 10.06
	AVERAGE w/o Dubuque	**$ 15.61**

Dubuque has the LOWEST property tax rate as compared to the eleven largest cities in the state. The highest rate (Waterloo (FY26)) is 116.54% higher than Dubuque's rate, and the average is 55.15% higher than Dubuque. Dubuque's adopted FY 2026 property tax is $10.06 (increase of 1.38% from FY 2025)

*Includes the transit tax levy adopted by the Des Moines Area Regional Transit Authority for comparability.

VALUATION GROWTH

History of Taxable Debt Valuation (in millions)

The FY 2026 budget is based upon a 2.01% decrease ($70,023,375) to the taxable debt valuation for the City. Without Tax Increment Financing there is a 4.39% increase in the taxable valuation for all other levies (General Fund property tax levy). The total taxable debt valuation of $3,550,421,468 is made up of the following components:

Valuation by Class of Property	Taxable Debt Valuation	Percentage of Valuation	Change from Prior Year
Residential & Ag property	$ 2,066,506,326	58.20 %	2.77 %
Ag Land & building	3,458,250	0.10 %	1.10 %
Commercial property	1,284,555,835	36.18 %	1.84 %
Industrial property	155,382,134	4.38 %	2.41 %
Railroad bridge	4,642,387	0.13 %	0.26 %
Other	570,764	0.02 %	0.29 %
Utilities	69,623,692	1.96 %	(0.54)%
Less: Veterans credit	(30,859,670)	(0.87)%	65.29 %
Ag Land & building	(3,458,250)	(0.10)%	1.10 %
Total	$ 3,550,421,468	100 %	2.01 %
Tax Increment Financing (TIF)	($587,840,561)		(8.51)%
Taxable Levy	$ 2,962,580,907		4.39 %

Utilities - Excise Tax

Legislation in FY 2001 changed the taxation of utilities from a property tax to an excise tax. The City's tax rate/$1,000 is first calculated on a valuation which includes utilities, then those calculated rates are used against a valuation figure with utilities removed. The excise tax makes up the difference in each levy.

Rollback

The growth in the valuation for the City of Dubuque continues to be impacted by the State of Iowa rollback adjustment. The State adjusts taxable valuations based upon a formula using the growth of the value of agricultural land. In the late 1980's the rollback was 80.6%, meaning only 80.6% of the value was taxable. For FY 2024 the State issued rollback for residential property is 46.34%.

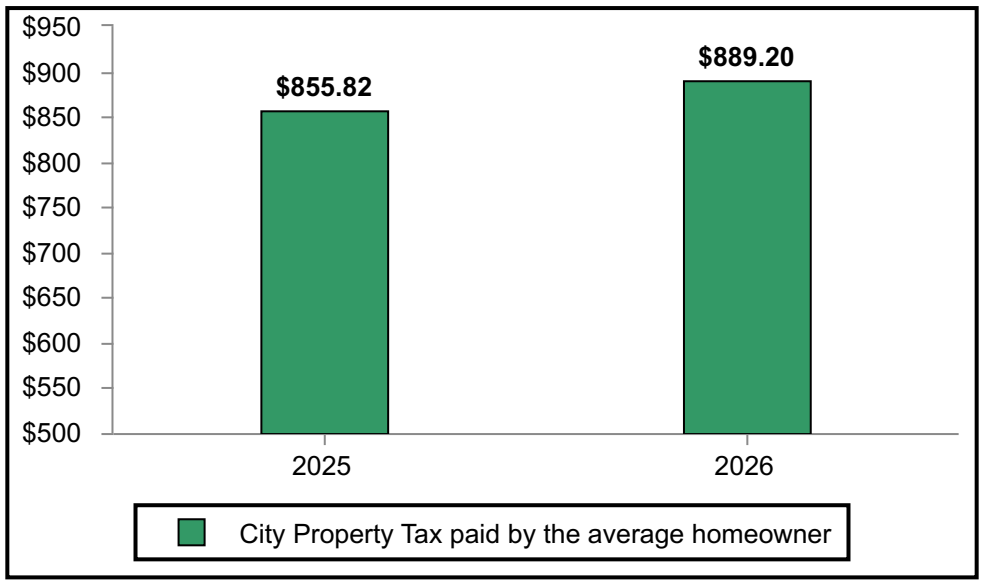

Comparison for Eleven Largest Iowa Cities
Taxable Value per Capita

Rank	City	Taxes Per Capita	Tax Rate	2020 Census Population	Taxable Value With Gas & Electric
11	West Des Moines	$ 1,369.26	$ 11.7500	68,723	8,008,456,794
10	Council Bluffs	$ 1,070.30	$ 17.6928	62,799	3,798,941,941
8	Cedar Rapids	$ 1,033.25	$ 16.6562	137,710	8,542,691,980
9	Waterloo	$ 975.19	$ 21.7916	67,314	3,012,359,619

Engineering	Implement Engineering personnel reclassification - Eliminate 1.46 FTE in PT Inflow and Infiltration Inspectors and replace with 1.00 FT Inflow and Infiltration (Stormwater Fund). Also Creation of a 0.73 FTE Sidewalk Inspector position (Tax Funds). This portion is for the creation of the Sidewalk Inspector.	R	52,575		52,575
Engineering	Funding to allow the Engineering Department to serve as a host site for an AmeriCorps member through the AmeriCorps program administered by the City of Dubuque. The Engineering department has hosted an AmeriCorps member in the past, but a dedicated budget has not existed for it	R	15,000		15,000
Engineering	Fund request from East Central Intergovernmental Association (ECIA) for an additional $20,000 in local match funding for STREETS project. These matching planning funds are utilized to aid the engineering department with special projects and grants.	R	20,000		20,000
Finance	A bilingual, self-service payment kiosk providing residents with an around the clock bill payment solution. The kiosk can be installed indoors or outdoors. Also includes a non-recurring portion of $40,000	R	8,000	8,000	—
Fire	Software for property preplanning to use for fire responses.	R	5,650		5,650
Fire	Data analytics software solution to analyze risk data to support risk reduction and risk management plans	R	20,000		20,000
Fire	Add a Firefighter position, 1.00 FTE, F-01 to reach appropriate staff levels for frontline fire suppression vehicles (two positions requested in FY26, this is request 1 of 2)	R	100,646		100,646
Fire	Add a Firefighter position, 1.00 FTE, F-01 to reach appropriate staff levels for frontline fire suppression vehicles (two positions requested in FY26, this is request 2 of 2)	R	100,646		100,646
Health	Microchip implantation program for animals brought to the Humane Society	R	5,000		5,000
Health	Low cost rabies vaccinations for low income pet owners	R	5,000		5,000
Health	2 staff to attend NEHA Conference	R	2,063		2,063
Health	1 employee to attend the Emergency Preparedness Summit	R	4,810		4,810
Health	1 employee to attend the IAEM (Intl Assoc of Emergency Managers) Conference	R	2,100		2,100
Housing	Increase financial assistance to ensure Community Solutions of Eastern Iowa (CSEI) is able to continue to staff and manage the Housing Hotline	R	35,000		35,000
Housing	1 employee to attend the AACE Conference.	R	2,000		2,000
Human Resources	Establish a Leadership Institute for City of Dubuque employees. A series of courses designed to build and strengthen skills necessary to perform at the highest levels of the City of Dubuque Universal Competencies and behave consistently with the City's values as set forth in the SPIRIT statement.	R	20,000	15,412	4,588
Human Resources	Increase the amount of annual funding available through the City's Tuition Reimbursement Program.This will allow for accepting new applicants into the program in FY 2026.	R	25,000	19,265	5,735

Department	Description	R/N	ADDL Expense	ADDL Revenue	Net Tax Impact
Human Resources	Additional branding supplies and outreach giveaways for the City of Dubuque at recruitment fairs, job fairs, and other city-wide events to help promote career opportunities and the overall City of Dubuque brand.	R	1,000	771	229
Human Resources	Establish a conferences budget (enough for two conferences) for the Employee Relations Manager Positions. Currently no conference budget for that position.	R	5,000	3,853	1,147
Human Resources	Employment Specialist position from 0.75 FTE to 1.0 FTE	R	31,481	24,259	7,222
Human Resources	Funding to allow the Administrative Assistant position to attend the Office Dynamics International conference each year	R	2,000	1,541	459
Information Services	Purchase of 100 licenses of Microsoft Copilot to enhance productivity	R	36,000		36,000
Information Services	Hire an additional User Technology Specialist 1.0 FTE. Also includes a non-recurring portion for technology	R	85,494		85,494
Information Services	To provide ongoing training annually for help desk and user technology specialist staff at the Tyler Conference, Neogov HRIS conference and local training conferences.	R	13,000		13,000
Information Services	To provide ongoing training for two Senior Network/System Administrators and Chief Information Technology Security Officer	R	21,000		21,000
Information Services	Purchase compact rapid deployable system (CRD system), which delivers cellular and high speed internet anywhere communications are needed. Also includes a non-recurring portion for initial purchase	R	3,000		3,000
Library	Replace the 0.5 FTE NA-38 intern position with a 0.5 FTE G-25 Library Assistant to be added to the Information Technology activity to support increased usage of the Maker Space	R	5,587		5,587
Library	Replace 1.0 FTE G-30 Library Aide-Adult Services to 1.0 FTE G-32 Librarian I	R	10,416		10,416
Library	Replace 1.0 FTE G-30 Library Aide-Youth Services to 1.0 FTE G-32 Librarian I	R	10,416		10,416
Library	Replace 1.0 FTE G-30 Library Aide-Teen Services to 1.0 FTE G-32 Librarian I	R	10,416		10,416
Multicultural Family Center	Create a new part-time Teen Night Specialist position at the Multicultural Family Center (0.75 FTE, NA-25). This position will provide support to the teen program and is critical to ensuring a structured, engaging, and secure environment for the growing number of teens participating in these popular evening programs.	R	40,197		40,197
Parks	Addition of 1.00 FTE Full Time Maintenance Technician (GD-06) for the Bee Branch Greenway, which would be partially offset by the elimination of 0.11 FTE Temporary Groundskeeper position (NA-12) and elimination of 0.50 FTE Temporary Landscape Crew position (NA-12). Contains parts in the Stormwater Fund as well	R	(20,490)		(20,490)
Parks	Addition of 1.00 FTE Full Time Forestry Technician (GD-06), which is offset by eliminating a 0.50 FTE Temporary Forestry Laborer Position (GD-06)	R	43,638		43,638
Parks	Addition of 1.0 FTE GD-06 Parks Maintenance position, which would be partially offset by the elimination of 0.96 FTE Temporary Parks Groundskeeper position	R	42,791		42,791
Parks	Addition of 1510 hours 0.72 FTE for Temporary Park Rangers during the park season	R	38,233		38,233
Parks	Funding to send Park Division Forestry staff to an out of town conference	R	1,731		1,731

Department	Description	R/N	ADDL Expense	ADDL Revenue	Net Tax Impact
Police	Costs to send 1/3 of each ERG to conferences annually.	R	20,000		20,000
Police	Recurring subscription cost of virtual driving training software	R	5,400		5,400
Police	Upgrade of 7 gas only cars to hybrid cars	R	52,668		52,668
Planning	Zoning Enforcement Officer to attend the Iowa Association of Code Enforcement Officials (IowACE) Conference Annually.	R	800	548	252
Planning	Funds for an additional planner position to attend the National American Planning Association Conference (APA).	R	3,000	2,057	943
Planning	This improvement package request is to increase fees for multiple Planning and Zoning Applications by 2% to accurately reflect the cost of service after deep analysis of current costs. These changes will create an additional $1,533 in revenue each year. This improvement package furthers the City Council goal of Financially Responsible, High-Performance City Organization: Sustainable, Equitable, and Effective Service Delivery.	R	—	1,533	(1,533)
Public Works	Centralize and expand camera/Automatic Vehicle Location (AVL) capabilities to the entire city-wide fleet. AVL systems allow for real-time GPS tracking of all fleet vehicles, providing complete visibility over vehicle locations, routes, and status. This enables fleet managers to optimize route planning, reduce fuel consumption, and improve delivery times. The cost of this package is in the garage fund, with cost savings in the general fund, road use tax fund, sanitary sewer fund, and stormwater fund	R	(4,080)		(4,080)
Public Works	Purchase single point operation point monitoring. These devices can be utilized on construction sites, snow and ice operations, flood monitoring, and more. This allows for notifications to be sent if an unexpected operational concern arise and also allows for remote monitoring resulting in a a decrease in overtime costs for certain operations as it relates to security of job sites and other operations	R	(2,250)		(2,250)
Public Works	This improvement package would provide funding to recognize Public Works employees, such as City SWAG, additional leave time, etc.	R	1,249		1,249
Public Works	Increase the number of uniform shirts (short sleeve and long sleeve) from three (3) to six (6) annually and add funding for two (2) stocking caps per employee.	R	961		961
Public Works	Centralize and expand camera/Automatic Vehicle Location (AVL) capabilities to the entire city-wide fleet. AVL systems allow for real-time GPS tracking of all fleet vehicles, providing complete visibility over vehicle locations, routes, and status. This enables fleet managers to optimize route planning, reduce fuel consumption, and improve delivery times. The cost of this package is in the garage fund, with cost savings in the general fund, road use tax fund, sanitary sewer fund, and stormwater fund	R	(23,160)		(23,160)
Public Works	Purchase single point operation point monitoring. These devices can be utilized on construction sites, snow and ice operations, flood monitoring, and more. This allows for notifications to be sent if an unexpected operational concern arise and also allows for remote monitoring resulting in a a decrease in overtime costs for certain operations as it relates to security of job sites and other operations	R	7,605		7,605
Public Works	Increase the number of uniform shirts (short sleeve and long sleeve) from three (3) to six (6) annually and add funding for two (2) stocking caps per employee.	R	3,512		3,512

Department	Description	R/N	ADDL Expense	ADDL Revenue	Net Tax Impact
Public Works	Add two full-time Utility Worker Positions (2.00 FTE, GD-05). These positions would provide flagger safety to street and sewer maintenance operations. y hiring 2.00 FTEs, this would allow the city to take on more hauling, and the Port of Dubuque parking lots internally, instead of outsourcing.	R	113,630		113,630
Public Works	This improvement package would purchase vehicle safety kits (first aid, thermal blankets, sunscreen, etc) for each vehicle in the Public Works fleet.	N	6,600		6,600
Public Works	Centralize and expand camera/Automatic Vehicle Location (AVL) capabilities to the entire city-wide fleet. AVL systems allow for real-time GPS tracking of all fleet vehicles, providing complete visibility over vehicle locations, routes, and status. This enables fleet managers to optimize route planning, reduce fuel consumption, and improve delivery times. The cost of this package is in the garage fund, with cost savings in the general fund, road use tax fund, sanitary sewer fund, and stormwater fund	R	125,000		125,000
Public Works	Increase the tool allowance for each Fleet Maintenance Technician. The fleet operations assessment recommends the best practice is to provide a $750 annual tool allowance for mechanics required to provide and keep their own tools at work.	R	4,500		4,500
Public Works	Funding for the purchase of steel toe boots for Fleet Maintenance staff, increasing safety. The fleet operations assessment recommends providing an annual boot allowance for mechanics' safety. With this shoe allowance, a policy on shoe specifications will be developed utilizing partnerships with private and other public entities' requirements.	R	880		880
Public Works	Increase the number of uniform shirts (short sleeve and long sleeve) from three (3) to six (6) annually and add funding for two (2) stocking caps per employee.	R	287		287
Public Works	Extend the asphalt overlay program from 8 miles to 10 miles.	R	256,170	20,000	236,170
Recreation	$700 increase in education funding for two supervisor level positions and the addition of $2,200 in education funding for the new Business Development Manager position	R	3,600		3,600
Recreation	As hiring is still expected to be a challenge in future years, this request seeks to increase the Recreation advertising line item by $25,000 on a recurring basis.	R	25,000		25,000
Recreation	Option 1 of 2 for Four Mounds Summer Camp: Permanent funding to continue to support the Four Mounds Adventure Day Camp--CDBG funding is no longer available. Option 2 of 2 is in the non-recurring section.	R	57,000		57,000
Recreation	Increases of $1 in golf fees and cart rentals	R		48,000	(48,000)
Recreation	Increase the Golf Pro Position from 0.94 FTE to 1.00 FTE. The current Part Time position already has Health Care and Life Insurance as the position was contracted. This requests changes the position to be a normal City Employee	R	4,278		4,278
Transportation Services - Transit	Funding to create a new part-time Bus Attendant Position (0.50 FTE, GE-23A). This position is needed due to safety concerns with student on the afternoon buses. Student ridership continues to increase, which also results in increases in safety concerns and distractions for driver.	R	25,484		25,484
	TOTAL GENERAL FUND RECURRING PACKAGES		**2,315,544**	**548,252**	**1,767,292**

Department	Description	R/N	ADDL Expense	ADDL Revenue	Net Tax Impact
NON-RECURRING DECISION PACKAGE COSTS				**GENERAL FUND**	
Airport	Purchase of 4 column lifts to provide a safe lifting environment when repairing large snow removal equipment/ vehicles.	N	59,950		59,950
Airport	Purchase of an airfield deice brining system. This portion is for initial purchase of system	N	11,330		11,330
Airport	Purchase of a second terminal belt loader.	N	28,000		28,000
City Attorney's Office	Creating Assistant Attorney 1 position. 1.0 FTE. This is the technology portion	N	5,590	4,308	1,282
City Manager's Office	Funding to update the 2011 Urban Forestry Evaluation	N	37,500	28,898	8,603
City Manager's Office	Establishing bike infrastructure policies, executing a cross-departmental implementation agenda, and creating and executing an alternative transportation education and communication campaign. If improvement package for permanent Climate Action Coordinator Position is not funded, then this package is not needed as there will not be capacity to implement	N	26,450	20,382	6,068
City Manager's Office	Make the Climate Action Coordinator position permanent or extend position for one more year, which is currently limited term and set to expire at the end of FY25. This reflected non-recurring funding to help offset the cost in FY26 ($12,000 through a grant, and $48,911 in FY25 carryovers related to vacancy savings from the time period that the position was not filled).	N	46,148	38,315	7,833
Communications Office	Addition of 1.00 FTE (GE-33) GIS Developer to the GIS (Geographic Information System) Office. This is non-recurring technology (computer, etc)	N	5,308	3,647	1,661
Communications Office	Addition of 1.00 FTE (GE-30) GIS Applications Specialist to the GIS (Geographic Information System) Office. This is non-recurring technology (computer, etc)	N	5,308	3,647	1,661
Communications Office	Addition of a 1.00 FTE (GE-30) GIS Data Analyst to the GIS (Geographic Information System) Office. This is non-recurring technology (computer, etc)	N	5,308	3,647	1,661
Communications Office	Office space remodeling to accommodate new GIS (Geographic Information System) Office positions requested	N	25,000	17,178	7,823
Communications Office	Online form solution to accept electronic form submittals for grant and assistance applications, some licenses and permits, resident feedback, and more through the City website. This is non-recurring implementation fees	N	5,000		5,000
Communications Office	This improvement package request is integrate an artificial intelligence (AI)-based chat solution into the City website to offer the option of automated customer service. This service would provide smart text messaging, web chat, and interactive text alerts for residents and stakeholders. This is non-recurring portion for implementation	N	7,990		7,990
Communications Office	This improvement package request is integrate an artificial intelligence (AI)-based chat solution into the City website to offer the option of automated customer service. This service would provide smart text messaging, web chat, and interactive text alerts for residents and stakeholders. This is one time implementation costs	N	7,990		7,990
Community Impact	Four public computers to enhance the Office of Community Impact's ability to connect residents with critical resources.	N	10,600		10,600

Department	Description	R/N	ADDL Expense	ADDL Revenue	Net Tax Impact
Conference Center	The addition of 10 cameras in the public areas of the Grand River Center. No security cameras are in the public space, entrances or exits. This project includes cameras, cabling and installation.	N	50,000		50,000
Economic Development	Addition of an Economic Development Financial and Project Specialist 1.00 FTE GE-31. This is non-recurring portion for technology	N	4,590	3,443	1,148
Economic Development	Addition of an Economic Development Project Coordinator 1.00 FTE GE-30. This is non-recurring portion for technology	N	4,590		4,590
Emergency Communications	Purchase a paid version of a program called Prepared Assist - Unlimited, which would include features like two way text for dispatchers, the ability to received live video and pictures, and live auditor translation in 19 languages and texting translation in 140 languages. This portion is non-recurring cost of $5,000 for one time implementation	N	5,000		5,000
Emergency Communications	Purchase a laptop, mouse, and backpack for Public Safety dispatchers to use for required courses/certifications that are now offered online and require a quiet space/location	N	2,500		2,500
Engineering	Upgrade an existing smaller 2 Wheel Drive truck (unit 911) to a full size 4 Wheel Drive pickup truck. The current smaller truck struggles to get around with poor or wet project site conditions and not safe when trying to navigate snow-packed roads for sidewalk inspections in the winter on Dubuque's hills and side streets.	N	19,000		19,000
Finance	A bilingual, self-service payment kiosk providing residents with an around the clock bill payment solution. The kiosk can be installed indoors or outdoors. This is the one time portion for implementation cost	N	40,000	40,000	—
Fire	Funding to accommodate the Center for Public Safety Excellence (CPSE) site visit. Includes lodging/ accommodations, flight, per diem, transportation, and other minor costs associated with the site visit.	N	9,800		9,800
Health Services	Hire a company to wrap the Animal Control truck with graphics/design to make the truck more vibrant and welcoming.	N	2,500		2,500
Housing	Purchase of a computer kiosk and scanner at the Federal Building for Inspection & Construction Services for residents to submit permit applications online	N	5,400		5,400
Housing	Switch to laptop computers with docking stations as opposed to desktop computers for inspectors.	N	2,000		2,000
Human Resources	The purchase of City of Dubuque shirts. The shirts consist of polos and long sleeve shirts with an embroidered "City of Dubuque Masterpiece on the Mississippi" logo and the text "Human Resources Department."	N	875	674	201
Human Resources	Provide Crucial Conversations training (including lunch) to all City Staff — Option 1A is being requested, but see other options below, which reduce costs by training staff over multiple fiscal years and cutting lunch costs. Option 3C is recommended.	N	25,488	19,641	5,847
Information Services	Hire an additional User Technology Specialist 1.0 FTE. Technology for the position. This is the technology portion	N	2,900		2,900
Information Services	Purchase of a fluke optical time domain reflectometer (ODTR) tester. An OTDR tester is necessary for analyzing fiber optic cable performance from end to end by testing components along the cable, including connection points, bends, and splices. The device would also indicate strength of the signal to distance intended.	N	29,000		29,000

Department	Description	R/N	ADDL Expense	ADDL Revenue	Net Tax Impact
Information Services	Provide for secure storage for the new offices at the Chavenelle site. The existing site has little to no storage included.	N	10,000		10,000
Information Services	Purchase compact rapid deployable system (CRD system), which delivers cellular and high speed internet anywhere communications are needed. This is the portion for initial purchase	N	34,997		34,997
Office of Equity and Human Rights	Purchase a bus wrap and implement a social media campaign to advertise the existence of this department.	N	5,875		5,875
Office of Equity and Human Rights	Implement a new program called "Bridge Building for a New Dubuque"	N	8,750		8,750
Parks	Installation of network switches and additional equipment at Veterans Memorial Park and the Eagle Point Park tollbooth.	N	25,000		25,000
Parks	Equipment trailer for the Park Division. This trailer will be used to transport the Park Division's mini excavator. Currently the Park Division has to borrow a trailer from the Public Works Department when it is available to transport the mini excavator.	N	24,000		24,000
Planning Services	The purchase of bike gear to be distributed to youth through the Dubuque Safe Routes to School committee. This is a partnership between the City of Dubuque, Dubuque Community School District, Dubuque Metropolitan Area Transportation Study (DMATS), the Bike Coop, and the Iowa Safe Routes to School program	N	563	386	177
Planning Services	Sending the Assistant Planner to Leadership Dubuque.	N	1,525	1,046	479
Planning Services	Sending the Planning Technician to Dale Carnegie training.	N	2,350	1,611	739
Planning Services	Purchase of City of Dubuque shirts	N	480	329	151
Police	Purchase of car cameras for patrol vehicles	N	16,148		16,148
Police	Keep two squad cars for driver training instead of trading in	N		(22,000)	22,000
Public Works	Replace the current asphalt roller, powered by diesel, with an electric roller.	N	40,000		40,000
Public Works	Funding to support and build reliability and trust within the Public Works Team utilizing Dale Carnegie team building consultant and resources.	N	26,000		26,000
Public Works	Funding to support and team building within the Public Works Team utilizing Dale Carnegie team building consultant and resources.	N	26,000		26,000
Recreation	Option 2 of 2 for Four Mounds Summer Camp: One time funding to continue to support the Four Mounds Adventure Day Camp through the summer 2025 season--CDBG funding is no longer available	N	47,745		47,745

SUMMARY OF ALL DECISION (IMPROVEMENT) PACKAGES FOR NON-PROPERTY TAX FUNDS

Department	Description	R/N	ADDL Expense	ADDL Revenue	Net Impact
ENTERPRISE FUNDS					
Stormwater Fund					
Engineering	Increase the available operating stormwater repair funds due to increased construction costs, increase backlog of deferred maintenance, additional identification of high-risk stormwater management infrastructure requiring immediate repairs, and the observed increase in more intense wet weather events that have further deteriorated existing stormwater infrastructure	R	$50,000		$50,000
Engineering	Upgrade the scheduled FY26 replacement of a current Engineering staff computer from a desktop to a laptop. The City does not allow the use of personal computers and personal mobile phones to remotely access resources directly on the City's network.	N	$1,200		$1,200
Engineering	Delay the scheduled FY 2025 replacement of a current Engineering staff desktop computer and upgrade it to a laptop in FY 2026. To offset the cost of the increase, the staff member has elected to forego their assigned tablet (and tablet data plan) that was also scheduled for replacement in FY 2025.	N	$260		$260
Engineering	Cost savings of tablet data plan in the above package	R	($480)		($480)
Engineering	Implement Engineering personnel reclassification - Eliminate 1.46 FTE in PT Inflow and Infiltration Inspectors and replace with 1.00 FT Inflow and Infiltration (Stormwater Fund). Also Creation of a 0.73 FTE Sidewalk Inspector position (Tax Funds). This portion is for the Inflow and Infiltration Inspectors	R	($2,695)		($2,695)
Public Works	Centralize and expand camera/Automatic Vehicle Location (AVL) capabilities to the entire city-wide fleet. AVL systems allow for real-time GPS tracking of all fleet vehicles, providing complete visibility over vehicle locations, routes, and status. This enables fleet managers to optimize route planning, reduce fuel consumption, and improve delivery times. The cost of this package is in the garage fund, with cost savings in the general fund, road use tax fund, sanitary sewer fund, and stormwater fund	R	($960)		($960)
Public Works	Increase the number of uniform shirts (short sleeve and long sleeve) from three (3) to six (6) annually and add funding for two (2) stocking caps per employee.	R	$611		$611
Parks	Addition of 1.00 FTE Full Time Maintenance Technician (GD-06) for the Bee Branch Greenway, which would be partially offset by the elimination of 0.11 FTE Temporary Groundskeeper position (NA-12) and elimination of 0.50 FTE Temporary Landscape Crew position (NA-12). This is the portion in the Stormwater Fund, other portion is in the general fund	R	$77,628		$77,628
	Subtotal Stormwater Fund		**$125,564**	**$—**	**$125,564**

SUMMARY OF ALL DECISION (IMPROVEMENT) PACKAGES FOR NON-PROPERTY TAX FUNDS

Department	Description	R/N	ADDL Expense	ADDL Revenue	Net Impact
Water Fund					
Water	Secure funding for valve maintenance needs that arise due to long periods of time between valve exercising	R	$80,000		$80,000
	Subtotal Water Fund		**$80,000**	**$—**	**$80,000**
Sanitary Sewer Fund					
Engineering	Add an additional $128,000 to the available operating sanitary sewer repair funds due to increased construction costs, increase backlog of deferred maintenance, and additional identification of high-risk sewer main requiring immediate repairs through the Asset Management Program	R	$128,000		$128,000
WRRC	Ongoing training for the Industrial Pretreatment Coordinator position within the WRRC Department.	R	$300		$300
WRRC	The addition of an intern position at the WRRC (0.40 FTE, . This intern position would assist the WRRC director with managing large Capital Improvement Plan (CIP) projects. This internship will charge their time to CIP projects	R	$19,767		$19,767
WRRC	funding for the City to join the National Association of Clean Water Agencies. NACWA offers strong advocacy and representation at the federal level, ensuring that the city's interests are considered in the development of national regulatory and legislative policies, especially on emerging issues such as PFAS (per- and polyfluoroalkyl substances) and microplastics.	R	$1,100		$1,100
WRRC	Funding for the WRRC Director, WRRC Plant Manager, Industrial Pretreatment Coordinator, and Administrative Support Professional to attend the annual Growing Sustainability Conference held annually in Dubuque.	R	$1,220		$1,220
WRRC	Allows for the WRRC Industrial Pretreatment Coordinator to attend the National Association of Clean Water Agencies' annual National Pretreatment Workshop & Training event.	R	$2,850		$2,850
WRRC	The purchase and implementation of SwiftComply, a cloud-based compliance management platform designed to enhance the efficiency and effectiveness of the City of Dubuque’s Industrial Pretreatment Program.	R	$18,500		$18,500
WRRC	One time cost of the above package	N	$5,000		$5,000
Public Works	Centralize and expand camera/Automatic Vehicle Location (AVL) capabilities to the entire city-wide fleet. AVL systems allow for real-time GPS tracking of all fleet vehicles, providing complete visibility over vehicle locations, routes, and status. This enables fleet managers to optimize route planning, reduce fuel consumption, and improve delivery times. The cost of this package is in the garage fund, with cost savings in the general fund, road use tax fund, sanitary sewer fund, and stormwater fund	R	($1,440)		($1,440)
Public Works	Increase the number of uniform shirts (short sleeve and long sleeve) from three (3) to six (6) annually and add funding for two (2) stocking caps per employee.	R	$790		$790
	Subtotal Sanitary Sewer Fund		**$176,087**	**$—**	**$176,087**

SUMMARY OF ALL DECISION (IMPROVEMENT) PACKAGES FOR NON-PROPERTY TAX FUNDS

Department	Description	R/N	ADDL Expense	ADDL Revenue	Net Impact
Solid Waste Fund					
Public Works	Purchase additional 96-Gallon Recycling Carts to support customer requests, and expansion of the Commingled Recycling Diversion Program	N	$31,515		$31,515
Public Works	Purchase additional 65-Gallon Yard Waste and 13-Gallon Food Scraps carts to support expansion of the Organics Diversion Activity	N	$11,600		$11,600
Public Works	Purchase spill cleanup kits for each of the vehicles in the Resource Management fleet. As operations moves toward Automated Curbside Collection, the vehicles require more hydraulic lines which leak. To prevent these leaks from entering the storm water system, we are recommending spill kits be added to all vehicles for drivers to apply to hydraulic leaks, in the field, as they occur.	N	$5,100		$5,100
Public Works	Increase the number of uniform shirts (short sleeve and long sleeve) from three (3) to six (6) annually and add funding for two (2) stocking caps per employee.	R	$3,243		$3,243

FULL-TIME EQUIVALENT (FTE) PERSONNEL CHANGES IN RECOMMENDED FY 2026 BUDGET

The Fiscal Year 2026 budget increases the full-time equivalents by 7.00 FTE, decreases part-time equivalents by 6.90 FTE, and increases temporary equivalents by 0.50 FTE. The changes can be summarized as follows:

DEPARTMENT	POSITION	FULL-TIME	PART-TIME	TEMPORARY	
Airport	Customer Service Representative		-1.50		Eliminated to offset the creation of a full time position to help recruitment and provide faster and more effective customer service to passengers
Airport	Administrative Support Professional	1.00			Created full time position to help recruitment and provide faster and more effective customer service to passengers
City Manager's Office	Management Intern	-1.00			Eliminated as part of Strategic Partnerships Staff Restructure
City Manager's Office	Grant Analyst	-1.00			Eliminated as part of Strategic Partnerships Staff Restructure
City Manager's Office	Management/Grant Analyst	1.00			Created as part of Strategic Partnerships Staff Restructure
City Manager's Office	PT Director of Strategic Partnerships		-0.75		Eliminated as part of Strategic Partnerships Staff Restructure
City Manager's Office	FT Director of Strategic Partnerships	1.00			Created as part of Strategic Partnerships Staff Restructure
Communications Office	Communications Assistant		-0.75		Eliminated due to the reduction in the Cable Utility Franchise Fee Revenue
Economic Development	Financial/Project Specialist	1.00			Created to help administer Tax Increment Financing and Economic Development projects
Emergency Communications	Public Safety Dispatcher	1.00	-0.94		Created FT dispatcher position to draw more qualified applicants and better work environment.
Engineering	PT I & I Inspector Removed		-1.46		Eliminated to implement the results of a recent personnel reclassification study in the Engineering Department
Engineering	PT Sidewalk Inspector		0.73		Created to implement the results of a recent personnel reclassification study in the Engineering Department
Engineering	FT I & I Inspector	1.00			Created to implement the results of a recent personnel reclassification study in the Engineering Department
Engineering	Land Surveyor	-1.00			Position was reclassified to Civil Engineer II during the Compensation and Classification Study
Engineering	Civil Engineer II	1.00			Position created as a result of the Compensation and Classification Study

DEPARTMENT	POSITION	FULL-TIME	PART-TIME	TEMPORARY	
Engineering	Civil Engineer I	-1.00			Position was reclassified to Civil Engineer II during the Compensation and Classification Study
Engineering	Civil Engineer II	1.00			Position created as a result of the Compensation and Classification Study
Engineering	Confidential Account Clerk	-1.00			Position was reclassified to Engineering Grant Accountant during the Compensation and Classification Study
Engineering	Engineering Grant Accountant	1.00			Position created as a result of the Compensation and Classification Study
Engineering	Engineering Technician	-1.00			Position was reclassified to Water Resources Project Supervisor during the Compensation and Classification Study
Engineering	Water Resources Project Supervisor	1.00			Position created as a result of the Compensation and Classification Study
Finance	Budget/Financial Accounting Analyst	1.00			Created to assist with audit processing, reporting, and support growing Finance Department workload.
Housing	Assisted Housing Coordinator	-1.00			Position was reclassified to Assisted Housing Administrator during the Compensation and Classification Study
Housing	Assisted Housing Administrator	1.00			Position created as a result of the Compensation and Classification Study
Human Resources	Limited Term Scanning Clerk			-0.50	Was approved as a limited term position, therefore is no longer budgeted for
Equity and Human Rights	Equity and Human Rights Specialist	-1.00			Eliminated due to staffing levels being adequate to handle work load while this position has been vacant
Parks	Maintenance Worker	1.00			Created to help maintain the Bee Branch Area
Parks	Laborer		-0.61		Eliminated to help offset new Maintenance Worker position
Police	Police Officers	-6.00			Eliminated due to ongoing recruiting challenges, cost savings used to establish a new Precision Policing Center.
Police	Precision Police Technicians	3.00			Created to staff the newly formed Precision Policing Center
Police	Crime Analyst	1.00			Created to staff the newly formed Precision Policing Center
Police	Crime Analyst	1.00			Created to staff the newly formed Precision Policing Center
Police	Confidential Account Clerk	-1.00			Payroll Specialist during the Compensation and Classification Study

DEPARTMENT	POSITION	FULL-TIME	PART-TIME	TEMPORARY	
Police	Police Payroll Specialist	1.00			Position created as a result of the Compensation and Classification Study
Police	Administrative Assistant	-1.00			Position was reclassified to Police Accountant during the Compensation and Classification Study
Police	Police Accountant	1.00			Position created as a result of the Compensation and Classification Study
Public Works	Projects and Facilities Manager	1.00			Created to assist the Public Works Director and reduce workload
Public Works	Custodian		-0.68		Increased from part time to full time
Public Works	Custodian	1.00			Increased from part time to full time
Recreation	PT Golf Pro		-0.94		Golf Pro position increased from Part-Time contract to Full-Time to eliminate an anomaly in the wage plan.
Recreation	FT Golf Pro	1.00			Golf Pro position increased from Part-Time contract to Full-Time to eliminate an anomaly in the wage plan.

1. Use of fund balance will be used to pay for projects in the City's five-year Capital Improvement Program.
2. Tax Increment & Reserve Fund use of fund balance will be used to pay for projects in the City's five-year Capital Improvement Program and to repay internal loans for developing the City's industrial parks / technology parks.
3. UDAG Repayments Fund use of fund balance will be used for Economic Development initiatives.
4. Section 8 Fund use of balance is reserved for housing assistance payments.
5. Cable TV & Equipment Fund use of fund balance will be used for future capital projects.
6. Expendable Library Gift Trusts Fund use of fund balance will be used for programs and speakers at the Library.
7. Increase in fund balance is required to maintain the operating reserve requirement of 20% of operating expenditures.
8. Stormwater Operation Fund use of fund balance represents spending down cash balance due to debt being issued for the Bee Branch project at a much slower time line which reduced debt service costs and increased fund balance.
9. Refuse Collection Fund use of fund balance will be used for future capital projects.
10. Service Fund Charges addition to fund balance will be used to purchase equipment in future years.
11. Salt Operations Fund addition to fund balance will be used to fund future capital purchases.
12. Passenger Facility Charge Fund balance will be used to pay for debt issued for the new Airport terminal project.
13. Customer Facility Charge Fund balance will be used to pay for parking lot improvements at the Airport.
14. Expendable Police Gift Trusts Fund use of fund balance will be used for maintenance of 1948 Stylemaster and canine expenses.
15. Veteran's Memorial Fund balance will be used for maintenance of the Veteran's Memorial.

DISTRIBUTION OF COMMUNITY DEVELOPMENT FUNDS

This page intentionally left blank.

FY 26 ANNUAL PLAN
Pre-Allocation

FOR USE OF PROGRAM YEAR 2025

COMMUNITY DEVELOPMENT BLOCK GRANT

(CDBG) FUNDS

For Inclusion in the Fiscal Year 2026 City Budget.
This document is subject to revision due to the estimated allocation amount.

***Contingency Provision:** If Actual Allocation is an increase from Pre-Allocation, funds up to 15% of previous year program income and the current year entitlement, will increase the allocation of Neighborhood Recreation Programs. If Actual Allocation is a decrease from Pre-Allocation, funds will decrease the allocation of CDBG Community Applications.

PREPARED BY THE CITY OF DUBUQUE HOUSING & COMMUNITY DEVELOPMENT DEPARTMENT

CITY OF DUBUQUE, IOWA
FY 2026 ANNUAL ACTION PLAN
FOR THE USE OF PROGRAM YEAR 2025
COMMUNITY DEVELOPMENT BLOCK GRANT FUNDS

The City of Dubuque distinguishes between four different but complementary areas of program development in its overall CDBG program: Administration, Housing Development, Neighborhood Development, and Public Facilities. The following description of activities summarizes the projects to be completed in the FY 2026 Annual Action Plan with the use of CDBG funds.

RESOURCES

CDBG Estimated Entitlement FY 2026 **$1,035,721**

Program Income **$94,868**
Program income projections are based on forecast for loan repayments based on the loan portfolio and program income generated from CDBG funded programs.

TOTAL RESOURCES **$1,130,589**

ADMINISTRATION $226,118

CDBG regulations limit expenditure on planning and administrative funds to 20% of the current year program income plus the current entitlement. The proposed resources for administration support the plan's current requirements.

CDBG Planning, Monitoring, & Budgeting **$115,000**
Staff support for general management. Oversight and coordination of the Community Development Block Grant program; assures compliance with federal regulations and reporting requirements.

Housing & Community Development Administration **$111,118**
On-going staff support for general management, oversight, and coordination of the Community Development Block Grant housing programs.

Priority:	High
Objective/Outcome:	Provide Decent Affordable Housing/Affordability

HOUSING DEVELOPMENT $800,000

Housing Activities **$250,000**
This project includes residential repair and rehab for low- and moderate-income homeowners and renters. Potential Activities include homeowner rehab, roof replacement, and accessibility improvements.

National Objective:	Low- and Moderate-Income Housing
Location:	City wide
Proposed Accomplishments:	20 Housing Units
Priority:	High
Objective/Outcome:	Decent Housing/Affordability

Lead & Healthy Homes Grant Match (2024) **$100,000**
This project includes residential repair and rehab for low- and moderate-income homeowners and renters. Potential activities include lead assessment and lead paint reduction of abatement with forgivable loans to low- and moderate-income residents. This activity is match funding for the Lead and Healthy Homes

Grant awarded in FY25.

National Objective:	Low- and Moderate-Income Housing
Location:	City wide
Proposed Accomplishments:	20 Housing units
Priority:	High
Objective/Outcome:	Decent Housing/Affordability

Healthy Homes Grant Match (2024) **$100,000**

This project includes residential repair and rehab for low- and moderate-income homeowners and renters. Potential activities include roof replacement with forgivable loans to low- and moderate-income residents. This activity is match funding for the Healthy Homes Grant awarded in FY25.

National Objective:	Low- and Moderate-Income Housing
Location:	City wide
Proposed Accomplishments:	20 Housing units
Priority:	High
Objective/Outcome:	Decent Housing/Affordability

Housing Rehabilitation Services and Staff **$150,000**

This project includes staff support for program management activities, technical assistance, and loan packaging for the city's Community Development programs.

Priority:	High
Objective/Outcome:	Decent Housing/Affordability

CDBG Community Applications **$200,000**

This project includes community applications to support residential repair and rehab for low- and moderate-income homeowners and renters. Potential activities include homeowner rehab and/or rental rehab.

National Objective:	Low- and Moderate-Income Housing
Location:	City wide
Proposed Accomplishments:	30 Housing Units
Priority:	High
Objective/Outcome:	Decent Housing/Affordability

NEIGHBORHOOD DEVELOPMENT $104,323

Public Services activities are restricted to 15% of the previous year program income and the current year entitlement. Public Service activities in this plan represent 15% of the proposed expenditures.

Neighborhood Recreation Programs- Public Services **$95,761**

This project includes enhanced recreation programing offered in low- and moderate-income areas and to low and moderate income residents. Potential activities include expanded after-school programs, community partnerships, and scholarships.

National Objective:	Low- and Moderate-Income Benefit
Location:	City wide
Proposed Accomplishments:	300 Persons
Priority:	High
Objective/Outcome:	Suitable Living/Accessibility

Zoning Enforcement **$8,710**

This project provides funding for inspection/enforcement staff services to low/mod income areas for zoning ordinance infractions and to provide support for neighborhood clean-up efforts. Potential activities include staff enforcement for zoning ordinance infractions, and/or housing inspection staff.

National Objective:	Low- and Moderate-Income Benefit
Location:	City wide, Low and Mod Area
Proposed Accomplishments:	100 Housing Units
Objective/Outcome:	Suitable Living/Sustainability

DEBT MANAGEMENT

This page intentionally left blank.

DEBT SERVICE FUND

The Debt Service Fund is a legally required fund. The fund administers the payments for all of the City's general obligation debt. Revenue bonds, other than those from tax increment revenues, are administered in the enterprise fund that is securing the debt.

For the majority of projects funded through general obligation debt, the City usually issues twenty-year general obligation bonds. In Fiscal Year 2026, there is anticipated to be an additional $7,726,560 in general obligation debt issued that would apply against the statutory debt limit and $14,122,187 in principal retired will be applied against the statutory debt limit.

In fiscal year 2026, debt service expense related to general obligation bonds that counts against the statutory debt limit will increase 4.07% under fiscal year 2025 in the debt service fund. New general obligation bond debt which counts against the statutory debt limit planned to be issued (non-enterprise fund) in fiscal year 2026 is as follows:

Project	Amount of Debt Issue	FY 2026 Debt Service
Fire Equipment Replacement (LOST)	401,060	$ —
Fire Station Improvements (LOST)	100,000	—
Airport Improvements (LOST)	1,000,500	—
Park Development (LOST)	505,000	—
Reimagine Comiskey Park (GDTIF)	1,697,000	—
Federal Building Renovation (GDTIF)	945,600	—
Parking Ramp Major Maintenance (GDTIF)	2,857,400	—
Solid Waste Collection Vehicles - Refuse	220,000	—
GRAND TOTAL	**$ 7,726,560**	**$ —**

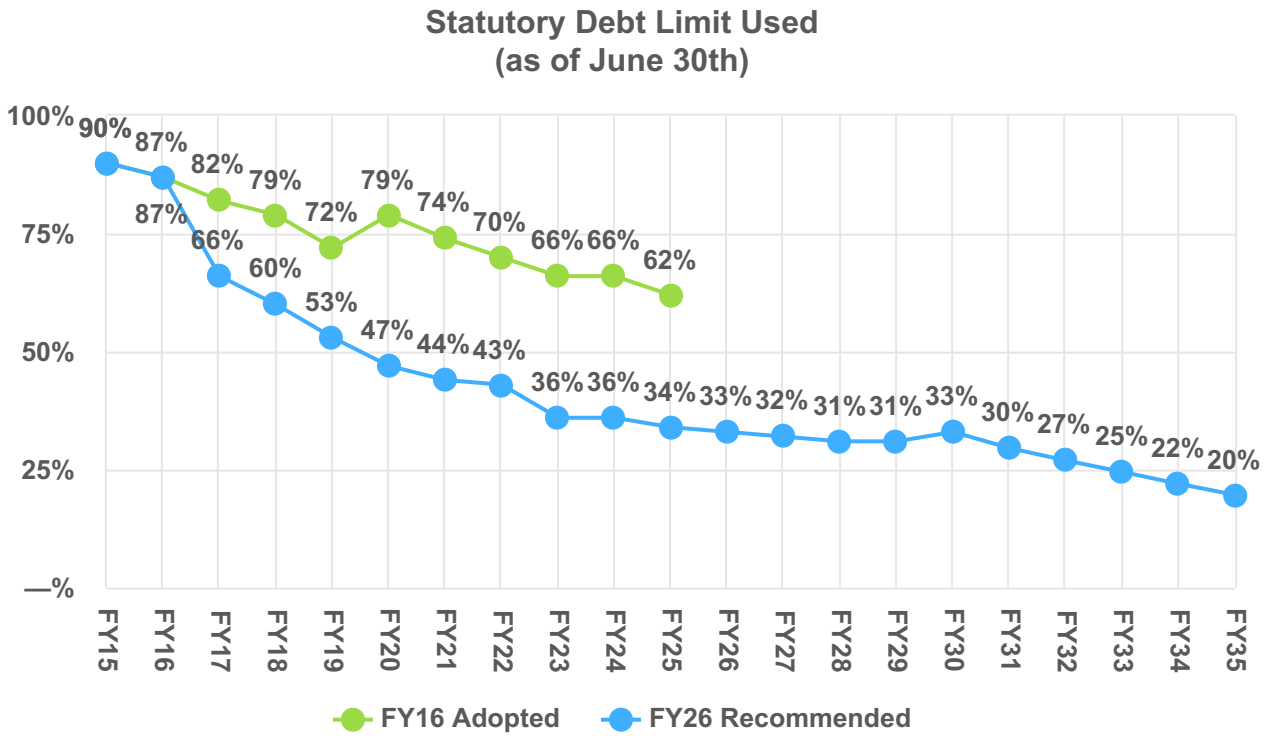

The new debt issued in fiscal year 2026 will be issued in April, which delays principal payments until fiscal year 2027.

The debt service property tax levy finances the bond and interest payments that are not being secured from other revenue sources. The levy rate for debt service will decrease by -0.02 to 0.08052 in fiscal year 2026. The debt service property tax levy represents the repayment of bonds related to the Fire Department pumper truck replacement and the franchise fee litigation judgment bond.

Funding sources other than property taxes are also used to repay general obligation debt. The City's general obligation debt is also funded by other revenues including water, sewer and tax increment financing. One percent of the City's general obligation debt service is funded from the debt service property tax levy. Other revenues being used to repay debt service are shown as transfers in.

Statutory Debt Limit

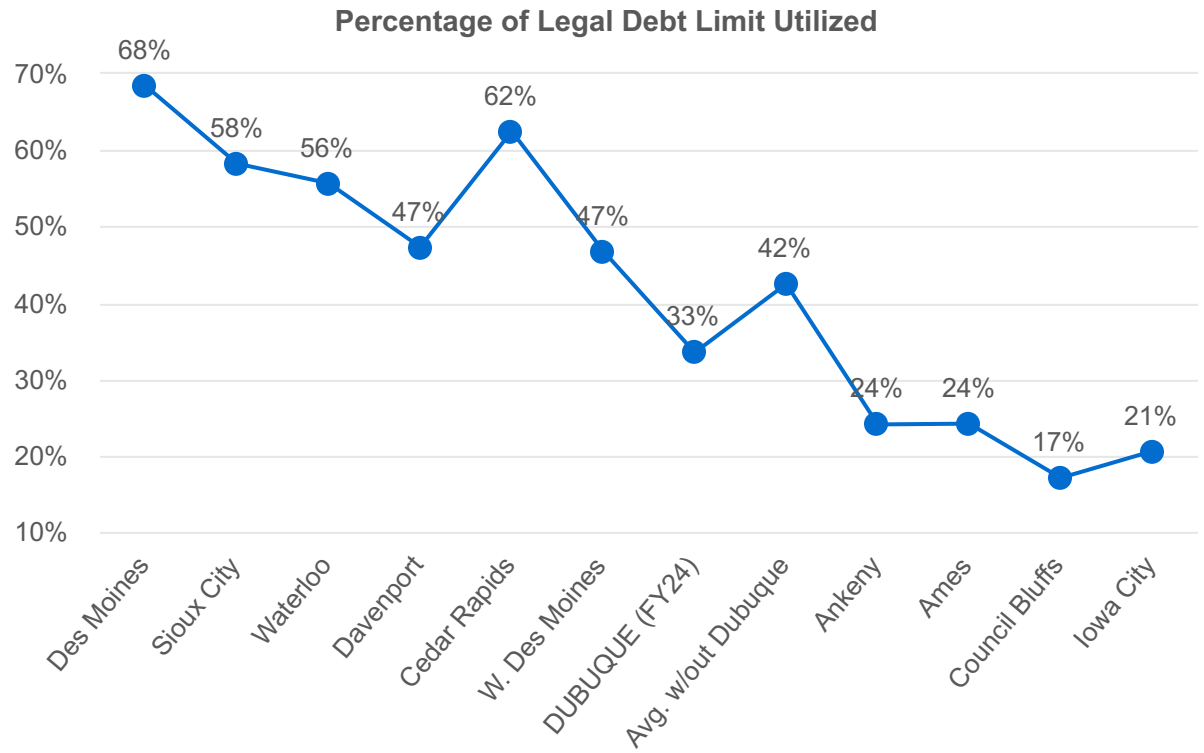

In August 2015, the Mayor and City Council adopted a debt reduction strategy which targeted retiring more debt each year than was issued by the City. The recommended FY 2026 budget will exceed that target in FY 2026, FY 2027, and FY 2028 due to issuing necessary debt for Five Flags, Fire Equipment and Station Improvements, Central Avenue Corridor Improvements, Water Lead Lines, PFAS, Old Mill Road Lift Station and Force Main, Catfish Creek Sewershed Interceptor Sewer Improvements, Track Line Sanitary Sewer Reconstruction, Force Main Stabilization, and Park Improvements.However, Fiscal Year 2029 and Fiscal Year 2030 will meet the target. **You can see that the Mayor and City Council have significantly impacted the City's use of the statutory debt limit established by the State of Iowa. In Fiscal Year 2015, the City of Dubuque used 90% of the statutory debt limit. In this budget recommendation, the Mayor and City Council are currently reviewing for Fiscal Year 2026, the use of the statutory debt limit would be 33.50%, and by the end of the recommended 5-Year Capital Improvement Program (CIP) budget in Fiscal Year 2030, the City of Dubuque would be at 32.90% of the statutory debt limit. Projections out 10 years to Fiscal Year 2035 show the City of Dubuque at 19.66% of the statutory debt limit.** This is an improvement on the debt reduction plan adopted in August 2015, that first began implementation in Fiscal Year 2016.

The following chart shows Dubuque's relative position pertaining to use of the statutory debt limit for Fiscal Year 2026 compared to the other cities in Iowa for Fiscal Year 2024 with a population over 50,000:

Fiscal Year 2024 Legal Debt Limit Comparison for Eleven Largest Iowa Cities

Rank	City	Legal Debt Limit (5%)	Statutory Debt Outstanding	Percentage of Legal Debt Limit Utilized
11	Des Moines (FY24)	$ 803,564,354	$ 549,760,000	68.42 %
10	W. Des Moines (FY24)	$ 551,635,692	$ 307,090,000	55.67 %
9	Cedar Rapids (FY 24)	$ 681,383,619	$ 396,830,000	58.24 %
8	Waterloo (FY24)	$ 221,546,701	$ 138,428,824	62.48 %
7	Davenport (FY24)	$ 423,816,425	$ 200,540,000	47.32 %
6	Sioux City (FY24)	$ 309,734,920	$ 144,929,999	46.79 %
5	**Dubuque (FY26)**	**$ 323,629,585**	**$ 108,410,164**	**33.50 %**
4	Ankeny (FY24)	$ 416,454,919	$ 100,260,000	24.07 %
3	Ames (FY24)	$ 277,278,426	$ 67,035,000	24.18 %
2	Iowa City (FY24)	$ 368,416,450	$ 62,905,000	17.07 %
1	Council Bluffs (FY24)	$ 365,780,288	$ 75,240,467	20.57 %

STATUTORY DEBT CAPACITY

FISCAL YEAR 2026 RECOMMENDED BUDGET

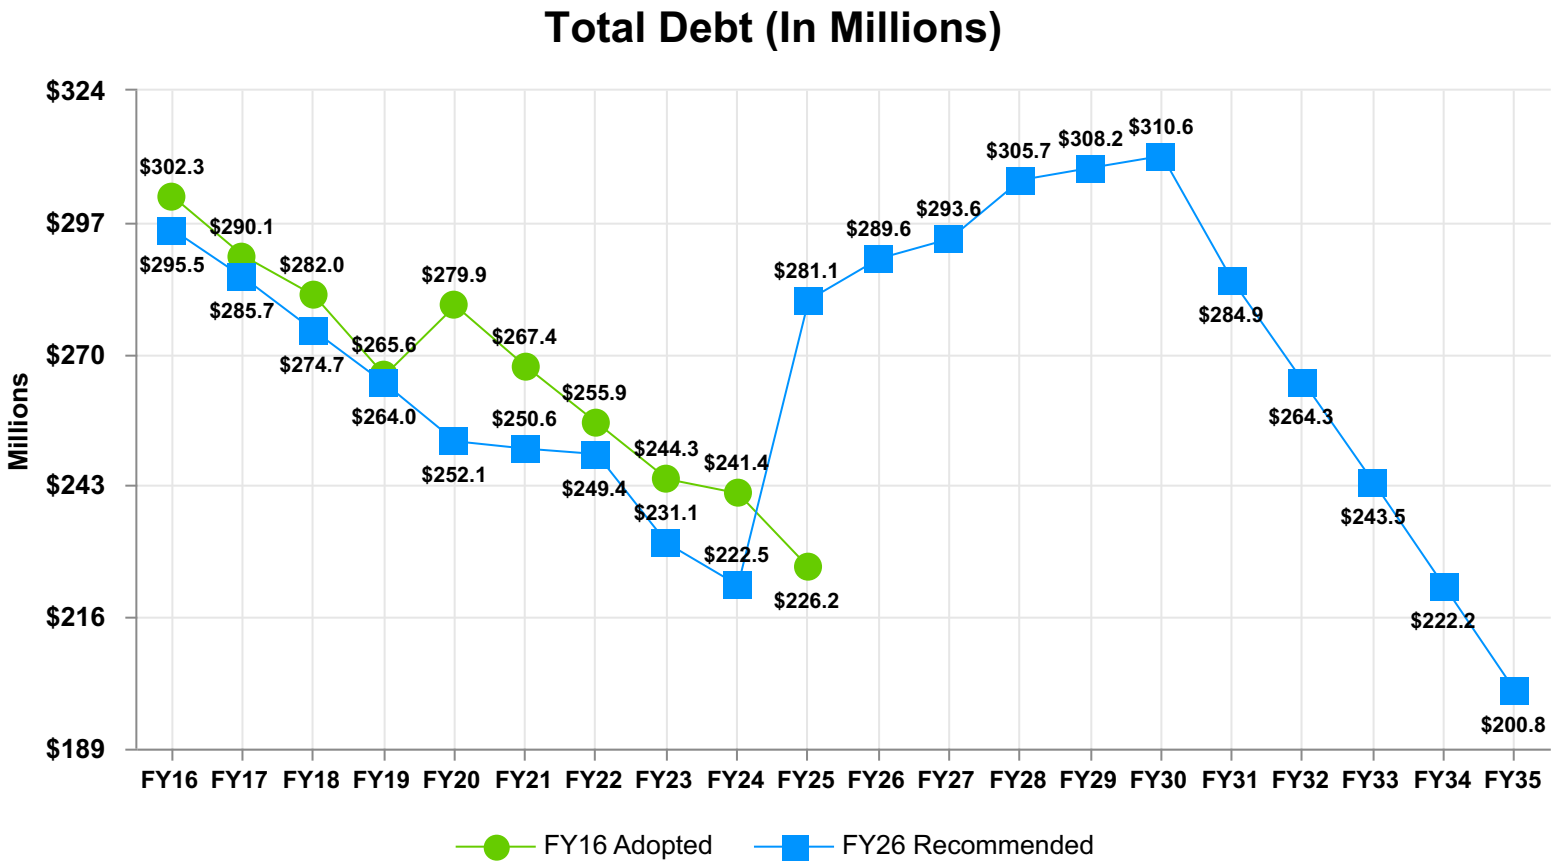

The Iowa Constitution (Article XI, Section 3) stipulates that the debt of a community may not exceed five percent of the Actual Assessed Value of Taxable Property (debt levy) within the city or town.

General Obligations, TIF debt (bonds, notes and rebates), and leases paid from the general fund are included as indebtedness of the City under the statutory debt limit.

		January 1, 2024 FY 2026
ASSESSED VALUE OF REAL PROPERTY	$	6,055,803,220
Less Veterans' Exemption		(30,859,670)
Subtotal		6,024,943,550
UTILITIES ASSESSED VALUE		447,648,143
PROPERTY		6,472,591,693
		June 30, 2026
STATUTORY DEBT (5% OF TOTAL ASSESSED VALUE)		323,629,585
Less Outstanding G.O. Debt, TIF Debt & Lease Obligations paid from General Fund		108,410,164.41
STATUTORY DEBT CAPACITY	$	215,219,420.59
PERCENT OF LEGAL DEBT MARGIN UTILIZED		33.50 %

Total Debt Outstanding

By the end of the Recommended 5-Year Capital Improvement Program (CIP) budget, the total amount of debt for the City of Dubuque would be $310.62 million (32.90% of the statutory debt limit). **Projections out 10 years to Fiscal Year 2035 show the City of Dubuque at 19.66% of the statutory debt limit**, and the projection is to be at $200.79 million (19.66% of statutory debt limit) within 10 years.

General Obligation Debt Per Capita

General Obligation Debt Per Capita reflects all general obligation bonds, both tax supported and enterprise fund supported. The decrease in G.O. Debt Per Capita is related to the City Council debt reduction strategy which targeted retiring more debt each year than was issued by the City.

City of Dubuque
Summary of Bonded Indebtedness

Description	Date of Issue	Average Interest Rate	Year of Final Payment	Amount of Issue	Principal Outstanding 6/30/25	Principal Due FY 2026	Interest Due FY 2026	Principal Outstanding 6/30/26

Remaining Debt Capacity					$212,161,846.			$215,219,420

Retired Debt Versus New Debt

The total City indebtedness as of June 30, 2026, is projected to be $167,789,201 (33.50% of statutory debt limit). The total City indebtedness as of June 30, 2015, was $295,561,181 (90% of statutory debt limit). **The City is projected to have $8,483,725 more in debt as of June 30, 2026.**

The combination of reduced debt and increased utility rates partially reflects the movement to a more "pay as you go" strategy, which could lead to larger tax and fee increases than with the use of debt. In Fiscal Year 2020, the City had $5,908,200 forgiven of the Bee Branch Upper Bee Branch Loan on June 30, 2020 which increased principal payments reflected.

Based on the timing of projects, the City issued very little debt in FY23 ($0.48 million) and FY24 ($7.99 million), so the FY25 debt issuance was a combination of three years of debt funding for projects. In that three-year period, the City retired $60.72 million in debt and issued $84.11 million in debt. The following chart shows the amount of retired debt as compared to new debt. The new debt includes new debt issuances as well as draw downs on existing state revolving fund loans:

Bond Rating

The City's General Obligation Debt ratings with Moody's Investors Service is Aa2. In July 2023, Moody's Investor Service upgraded the City's outstanding general obligation bonds from Aa3 to Aa2, as well as the outstanding Sales Tax Increment Revenue bonds from A2 to A1.

Credit Strengths:

- Strong financial operations and ample revenue-raising flexibility
- City serves as a regional economic center and its regional economic growth rate has outpaced the nation over the past five years

Credit Challenges:

- Full value per capita and median family income trail medians for the rating category
- Elevated leverage

Moody's Investors Service Rating Scale

FY 2026 Moody's Investors Service Bond Ratings Comparison for Iowa Cities

Ranking	City	Rating
1	Iowa City	AAA
	West Des Moines	AAA
	Cedar Falls	AAA
2	Cedar Rapids	Aa1
	Ames	Aa1
	Ankeny	Aa1
	Clive	Aa1
	Urbandale	Aa1
	Marion	Aa1
3	**Dubuque**	**Aa2**
	Des Moines	Aa2
	Davenport	Aa2
	Waterloo	Aa2
	Sioux City	Aa2
	Bettendorf	Aa2
	Council Bluffs	Aa2

In January 2025, Moody's Investor Services affirmed the Aa2 credit rating on general obligation bonds. Moody's credit analysis states, "the City of Dubuque's local economy benefits from its role as a regional economic center, with solid resident income and full value per capita. Financial operations are strong and will remain so despite declines in fund balance over the next few years, as it expends funds from the pandemic. Long-term liabilities and fixed cost ratios are moderate and will remain so despite future borrowing needs." According to Moody's, the Aa2 issuer rating for the City of Dubuque's bonds reflects the city's healthy economic base, which serves as a regional economic center. Other rationale stated for the rating include full value per capita and adjusted resident income are solid at around $109,000 and 98% respectively, though weaker than Aa peers, in part because of a large student population, available fund balance was strong at around 60% of revenue at the close of fiscal 2023 (year-end June 30), and cash was stronger at 85% of revenue. The City's available fund balance will likely remain well over 45%, despite some planned draws in fiscal 2024 and fiscal 2025 to spend down federal funds from the pandemic. Despite the state adopting new property tax restrictions, revenue raising flexibility remains strong because the City maintains significant margin in its employee benefits fund and is not utilizing its emergency levy. The long-term liabilities ratio will likely remain well under 300% inclusive of the current issuances and future borrowing plans, and fixed-costs ratio will remain well below 20%.

CAPITAL BUDGET

This page intentionally left blank.

CAPITAL IMPROVEMENTS PROGRAM (CIP)

The City's five-year Capital Improvement Program (CIP), contained in a separate document, and is used to plan for major changes to the City's infrastructure and other capital improvements. Departments propose projects in the fall and a draft of the CIP is developed before operational budgets are submitted. The CIP by department is reviewed with the operating budgets during budget hearings with City Council in February. The CIP is approved in March with the operating budget.

The CIP document has a page for every project and the format includes description of the project, City Council Goals & Priority outcome, funding restrictions, effect on operations, and relationship to other projects. The CIP recommendation reflects the City's comprehensive plan and the goals and priorities established by City Council.

The FY 2026 recommended capital projects are incorporated into the budget as capital programs. They are found at the end of each applicable program section. Projects which have an effect on operations are noted. The City's CIP Policies are shown in the Policy Budget documents.

The five-year CIP recommended through the current year (Fiscal Year 2025) budget process covered Fiscal Year 2025 through 2029 and is $354,574,409. The recommended five-year CIP for the upcoming budget process (Fiscal Year 2026) will cover Fiscal Year 2026 through 2030 and is $351,594,553. This is a $(2,979,856), or 0.84% decrease.

The Fiscal Year 2026 CIP budget recommendation of $91,803,749 is a 3.44% increase from the Fiscal Year 2025 CIP budget of $88,753,825.

The City will issue $152,147,710 in new debt in the recommended five-year CIP, mostly for fire equipment replacement, fire station improvements, fire station expansion, airport improvements, Chaplain Schmitt Island Iowa Amphitheater, reimagine Comiskey park development, neighborhood park developments, Federal Building renovations, solid waste collection vehicles, sanitary sewer improvements, water improvements, stormwater improvements, parking improvements, and renovation of Five Flags, for a total of $152,147,710 of debt in FY 2026-2030. **The City will retire $139,519,604 of existing debt, increasing the amount of City debt by $12,628,106. By far the greatest use of debt over the next five years is for sanitary sewer maintenance and improvements ($78,399,027).**

For Fiscal Year 2026, the use of the statutory debt limit would be 33.50%, and by the end of the Recommended 5-Year Capital Improvement Program (CIP) budget in Fiscal Year 2030, the City of Dubuque would be at 32.90% of the statutory debt limit.

In this budget recommendation, the Mayor and City Council are currently reviewing, projections out 10 years to Fiscal Year 2035 show the City of Dubuque at 19.66% of the statutory debt limit. This is an improvement on the debt reduction plan adopted in August 2015, that first began implementation in Fiscal Year 2016.

In the extremely low interest rate environment prior to 2015, the City had been increasing the use of debt to accomplish the projects that need to be done. To have any success, a community must have a sound infrastructure. The Mayor and City Council has recognized the infrastructure issues Dubuque faces and has been responsive. While there was some criticism of City use of debt to deal with those infrastructure challenges, that criticism fails to recognize that not financing the needed infrastructure maintenance and improvements is also a form of debt that is passed down to future generations. This was a strategic decision by the City Council realizing that infrastructure investment just gets more expensive over time for these reasons: a) the older a piece of infrastructure gets and the more it is allowed to deteriorate increases costs; b) the longer the wait to invest in infrastructure the costs are increased by inflation; and c) If the investment in infrastructure is not made in this low interest rate environment this investment will eventually need to be made when interest rates are higher, thereby increasing costs. However, beginning in FY 2016 the City Council at their 2015 Goal Setting Session debt reduction was adopted as a High Priority. So the amount of outstanding debt began to decrease and in Fiscal Year 2026 the City will be issuing slightly more debt ($4,698,236) than is retired and many projects will become pay-as-you-go. However, in 2022 a fourth reason was created for considering using debt for infrastructure projects and that is the massive amount of federal grant money that was being made available.Most of these grants require matching dollars and most require that the engineering work already be financed and completed to make the projects shovel ready.

The debt principal outstanding projected as of June 30, 2025, is currently $281,085,184. The breakdown of the debt principle outstanding as of June 30, 2025, is as follows:

Debt Obligation	**6/30/2025 Principle Outstanding**
General Obligation Essential Corporate Purpose	$100,598,999
Less General Obligation Debt Subject to Annual Appropriation	($14,625,570)
Tax Increment Notes and Bonds	$15,565,000
Economic Development TIF Rebate Agreements	$5,561,674
Other Revenue-Backed Loans	$2,664,171
Total Indebtedness Subject to Statutory Debt Limit of $262,722,395	$109,764,274
Percent of Statutory Debt Limit Used as of June 30, 2025	34.10 %
Revenue Bonds	$156,695,340
Less Revenue Bonds Subject to Annual Appropriation	($11,803,968)
Add Debt Subject to Annual Appropriation	$26,429,538
Total City Indebtedness as of June 30, 2025	**$281,085,184**

The City will issue $152,147,710 in new debt in the Recommended 5-year CIP, mostly for fire equipment replacement ($4,163,408), fire station improvements, fire station expansion, airport improvements, reimagine Comiskey, neighborhood park developments, Federal Building renovations ($5,640,600), solid waste collection vehicles, sanitary sewer improvements ($78,399,027), water system projects ($15,956,673), stormwater improvements, parking maintenance ($5,240,000), renovation of Five Flags ($22,890,869), and Central Avenue improvements ($6,440,000).

Project	FY 2026	FY 2027	FY 2028	FY 2029	FY 2030	Total

Solid Waste Collection Vehicles - Refuse	$220,000	$375,000	$595,000	$375,000	$845,000	$2,410,000
Sanitary Sewer Projects	$20,079,873	$17,796,826	$19,938,126	$12,413,852	$8,170,350	$78,399,027
Stormwater Projects	$632,643	$820,000	$723,500			$2,176,143
Water Projects	$750,000	$1,524,715	$9,158,146	$4,523,812	$—	$15,956,673
Total New Debt	$29,189,076	$27,215,540	$36,856,772	$28,856,664	$30,029,658	$152,147,710

The City will retire $139,519,604 of existing debt over the next five-years (FY26-FY30).

The following chart shows the net reduction of debt from Fiscal Year 2026 - Fiscal Year 2030:

Project	FY 2026	FY 2027	FY 2028	FY 2029	FY 2030	Total
New Debt	$29,189,076	$27,215,540	$36,856,772	$28,856,664	$30,029,658	$152,147,710
Retired Debt	-$24,490,840	-$26,781,297	-$28,355,118	-$29,751,697	-$30,140,652	-$139,519,604
Net Debt Increase (Reduction)	**$4,698,236**	**$434,243**	**$8,501,654**	**-$895,033**	**-$110,994**	**$12,628,106**

Capital improvement activities have been established in the City's budget to separate CIP projects and project expense (i.e., Storm Sewer Capital Improvement Activity, Street Capital Improvement Activity, Park Capital Improvement Activity) from operating expense (i.e., supplies, insurance salaries). The State of Iowa budget law requires that a city's budget be prepared and certified on a program basis. This means that each activity must fall under one of the State mandated budget program areas.

Table 1 below shows a summary of the five-year CIP by State Program. This is a decrease of -$2,979,856 from the FY 2025-2029 total CIP budget of $354,574,409.

TABLE 1 - FISCAL YEAR 2026-2030 CIP CAPITAL IMPROVEMENT PROGRAM

CITY OF DUBUQUE, IOWA

Fiscal Year 2026-2030 Capital Improvement Program (CIP)

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

Attached is the Fiscal Year 2026-2030 Capital Improvement Program (CIP). State law requires that a five-year CIP be adopted by the City Council after a public hearing. The required CIP public hearing will be held March 23, 2023, at the same time as the public hearing on the Fiscal Year 2026 Operating Budget.

The CIP, as the plan for the City's physical development effort, attempts to address a variety of needs that the City must meet if it is to maintain its physical facilities, meet its service commitments and provide for its future development. The CIP adoption reflects the City's comprehensive plan and the goals and priorities established by the City Council and are shown in each of the State mandated budget program areas.

With the pledge of the $1.1 trillion dollar federal infrastructure package and other opportunities to compete for grants, the City was successful in obtaining several large grants an now will be implementing those projects, especially the Bee Branch Flood Mitigation Project, 16th Street Pumping Station, and the 14th Street Overpass project.

A particular emphasis in this five-year CIP is modernization, maintenance, and extension of the City sanitary sewer system to accommodate the growth the City is currently experiencing, and anticipating in the next few years and beyond. In the current fiscal year (FY 2025), the City will have allocated $40,809,198 and in this new five-year CIP, the City will have allocated an additional $90,406,304 for a total of $131,215,502 over a six-year period.

The Fiscal Year 2026 CIP budget recommendation of $91,803,749 is a 3.44% increase from the Fiscal Year 2025 CIP budget of $88,753,825.

The City will issue $152,147,710 in new debt in the recommended five-year CIP, mostly for fire equipment replacement, fire station improvements, fire station expansion, airport improvements, Chaplain Schmitt Island Iowa Amphitheater, reimagine Comiskey park development, neighborhood park developments, Federal Building renovations, solid waste collection vehicles, sanitary sewer improvements, water improvements, stormwater improvements, parking improvements, and renovation of Five Flags, for a total of $152,147,710 of debt in FY 2026-2030. The City will retire $139,519,604 of existing debt, increasing the amount of City debt by $12,628,106. By far the greatest use of debt over the next five years is for sanitary sewer maintenance and improvements ($78,399,027).

For Fiscal Year 2026, the use of the statutory debt limit would be 33.50%, and by the end of the Recommended 5-Year Capital Improvement Program (CIP) budget in Fiscal Year 2030, the City of Dubuque would be at 32.90% of the statutory debt limit.

In this budget recommendation, the Mayor and City Council are currently reviewing, projections out 10 years to Fiscal Year 2035 show the City of Dubuque at 19.66% of the statutory debt limit. This is an improvement on the debt reduction plan adopted in August 2015, that first began implementation in Fiscal Year 2016.

In the extremely low interest rate environment prior to 2015, the City had been increasing the use of debt to accomplish the projects that need to be done. To have any success, a community must have a sound infrastructure. The Mayor and City Council has recognized the infrastructure issues Dubuque faces and has been responsive. While there was some criticism of City use of debt to deal with those infrastructure challenges, that criticism fails to recognize that not financing the needed infrastructure maintenance and improvements is also a form of debt that is passed down to future generations. This was a strategic decision by the City Council realizing that infrastructure investment just gets more expensive over time for these reasons: a) the older a piece of infrastructure gets and the more it is allowed to deteriorate increases costs; b) the longer the wait to invest in infrastructure the costs are increased by inflation; and c) If the investment in infrastructure is not made in this low interest rate environment this investment will eventually need to be made when interest rates are higher, thereby increasing costs. However, beginning in FY 2016 the City Council at their 2015 Goal Setting Session debt reduction was adopted as a High Priority. So the amount of outstanding debt began to decrease and in Fiscal Year 2026 the City will be issuing slightly more debt ($4,698,236) than is retired and many projects will become pay-as-you-go. However, in 2022 a fourth reason was created for considering using debt for infrastructure projects and that is the massive amount of federal grant money that was being made available.Most of these grants require matching dollars and most require that the engineering work already be financed and completed to make the projects shovel ready.

The debt principal outstanding projected as of June 30, 2025, is currently $281,085,184. The breakdown of the debt principle outstanding as of June 30, 2025, is as follows:

Debt Obligation	**6/30/2025 Principle Outstanding**
General Obligation Essential Corporate Purpose	$100,598,999
Less General Obligation Debt Subject to Annual Appropriation	($14,625,570)
Tax Increment Notes and Bonds	$15,565,000
Economic Development TIF Rebate Agreements	$5,561,674
Other Revenue-Backed Loans	$2,664,171
Total Indebtedness Subject to Statutory Debt Limit of $262,722,395	$109,764,274
Percent of Statutory Debt Limit Used as of June 30, 2025	34.10%
Revenue Bonds	$156,695,340
Less Revenue Bonds Subject to Annual Appropriation	($11,803,968)
Add Debt Subject to Annual Appropriation	$26,429,538
Total City Indebtedness as of June 30, 2025	**$281,085,184**

The City will issue $152,147,710 in new debt in the Recommended 5-year CIP, mostly for fire equipment replacement ($4,163,408), fire station improvements, fire station expansion, airport improvements, reimagine Comiskey, neighborhood park developments, Federal Building renovations ($5,640,600), solid waste collection vehicles, sanitary sewer improvements ($78,399,027), water system projects ($15,956,673), stormwater improvements, parking maintenance ($5,240,000), renovation of Five Flags ($22,890,869), and Central Avenue improvements ($6,440,000).

Project	FY 2026	FY 2027	FY 2028	FY 2029	FY 2030	Total
Fire Equipment Replacement (LOST)	$401,060	$544,000	$—	$—	$—	$ 945,060
Fire Station Expansion/Relocation (LOST)	$—	$—	$—	$—	$500,900	$ 500,900
Fire Station Improvements (LOST)	$100,000	$900,000	$500,000	$—	$50,000	$ 1,550,000
Fire Truck/ Ambulance Replacements (LOST)	$—	$1,350,000	$950,000	$—	$1,863,408	$ 4,163,408

Parking Ramp Major Maintenance (GDTIF)	$2,857,400	$350,000	$—	$—	$2,033,000	$ 5,240,400
Solid Waste Collection Vehicles - Refuse	$220,000	$375,000	$595,000	$375,000	$845,000	$ 2,410,000
Sanitary Sewer Projects	$20,079,873	$17,796,826	$19,938,126	$12,413,852	$8,170,350	$ 78,399,027
Stormwater Projects	$632,643	$820,000	$723,500			$ 2,176,143
Water Projects	$750,000	$1,524,715	$9,158,146	$4,523,812	$—	$ 15,956,673
Total New Debt	$ 29,189,076	$ 27,215,540	$ 36,856,772	$ 28,856,664	$ 30,029,658	$ 152,147,710

The City will retire $139,519,604 of existing debt over the next five-years (FY26-FY30).

The following chart shows the net reduction of debt from Fiscal Year 2026 - Fiscal Year 2030:

Project	2026	2027	2028	2029	203
New Debt	$29,189,076	$27,215,540	$36,856,772	$28,856,664	$30
Retired Debt	-$24,490,840	-$26,781,297	-$28,355,118	-$29,751,697	-$3
Net Debt Increase (Reduction)	$4,698,236	$434,243	$8,501,654	-$895,033	-$1

There was a 0.53% increase in assessed value effective January 1, 2024, which is the assessment the Fiscal Year 2026 statutory debt limit is based on. The statutory debt limit effective June 30, 2026 is $323,629,585. The City will be at 33.50% of statutory debt limit by June 30, 2026. In FY 16 the City was at 86.13% of statutory debt limit, so 33.50% in Fiscal Year 2026 is a 53.04% decrease in use of the statutory debt limit.

The ten year history of the City's use of the statutory debt limit is as follows:

FY 15	FY 16	FY 17	FY 18	FY 19	FY 20	FY 21	FY 22	FY 23	FY24	FY25
90.00%	86.54%	66.06%	59.79%	52.90%	46.91%	43.51%	43.33%	39.36%	40.07%	34.85%

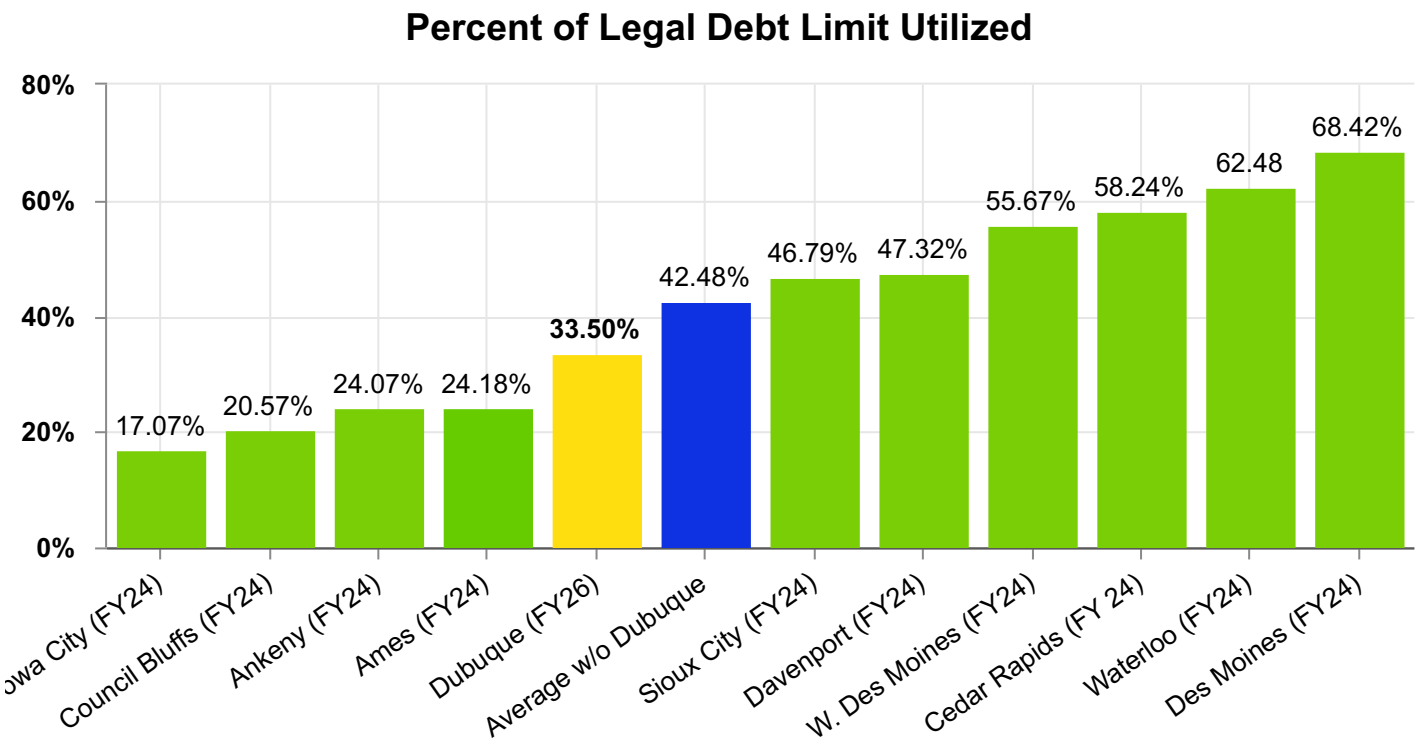

The five year projection of the City's use of the statutory debt limit from Fiscal Year 2026–2030 including all planned debt issuances subject to the statutory limit and assuming a 2% growth in the City's assessed valuation beginning in Fiscal Year 2026 is as follows:

FY 26	FY 27	FY 28	FY 29	FY 30
33.50%	32.13%	30.65%	30.58%	32.90%

The following chart shows Dubuque's relative position pertaining to use of the statutory debt limit for Fiscal Year 2026 compared to the other cities in Iowa for Fiscal Year 2024 with a population over 50,000:

Fiscal Year 2024 Legal Debt Limit Comparison for Eleven Largest Iowa Cities

Rank	City	Legal Debt Limit (5%)	Statutory Debt Outstanding	Percentage of Legal Debt Limit Utilized
11	Des Moines (FY24)	$803,564,354	$549,760,000	68.42%
10	W. Des Moines (FY24)	$551,635,692	$307,090,000	55.67%
9	Cedar Rapids (FY 24)	$681,383,619	$396,830,000	58.24%
8	Waterloo (FY24)	$221,546,701	$138,428,824	62.48%
7	Davenport (FY24)	$423,816,425	$200,540,000	47.32%
6	Sioux City (FY24)	$309,734,920	$144,929,999	46.79%
5	Dubuque (FY26)	$323,629,585	$108,410,164	33.50%
4	Ankeny (FY24)	$416,454,919	$100,260,000	24.07%
3	Ames (FY24)	$277,278,426	$67,035,000	24.18%
2	Iowa City (FY24)	$368,416,450	$62,905,000	17.07%
1	Council Bluffs (FY24)	$365,780,288	$75,240,467	20.57%
	Average w/o Dubuque			42.48%

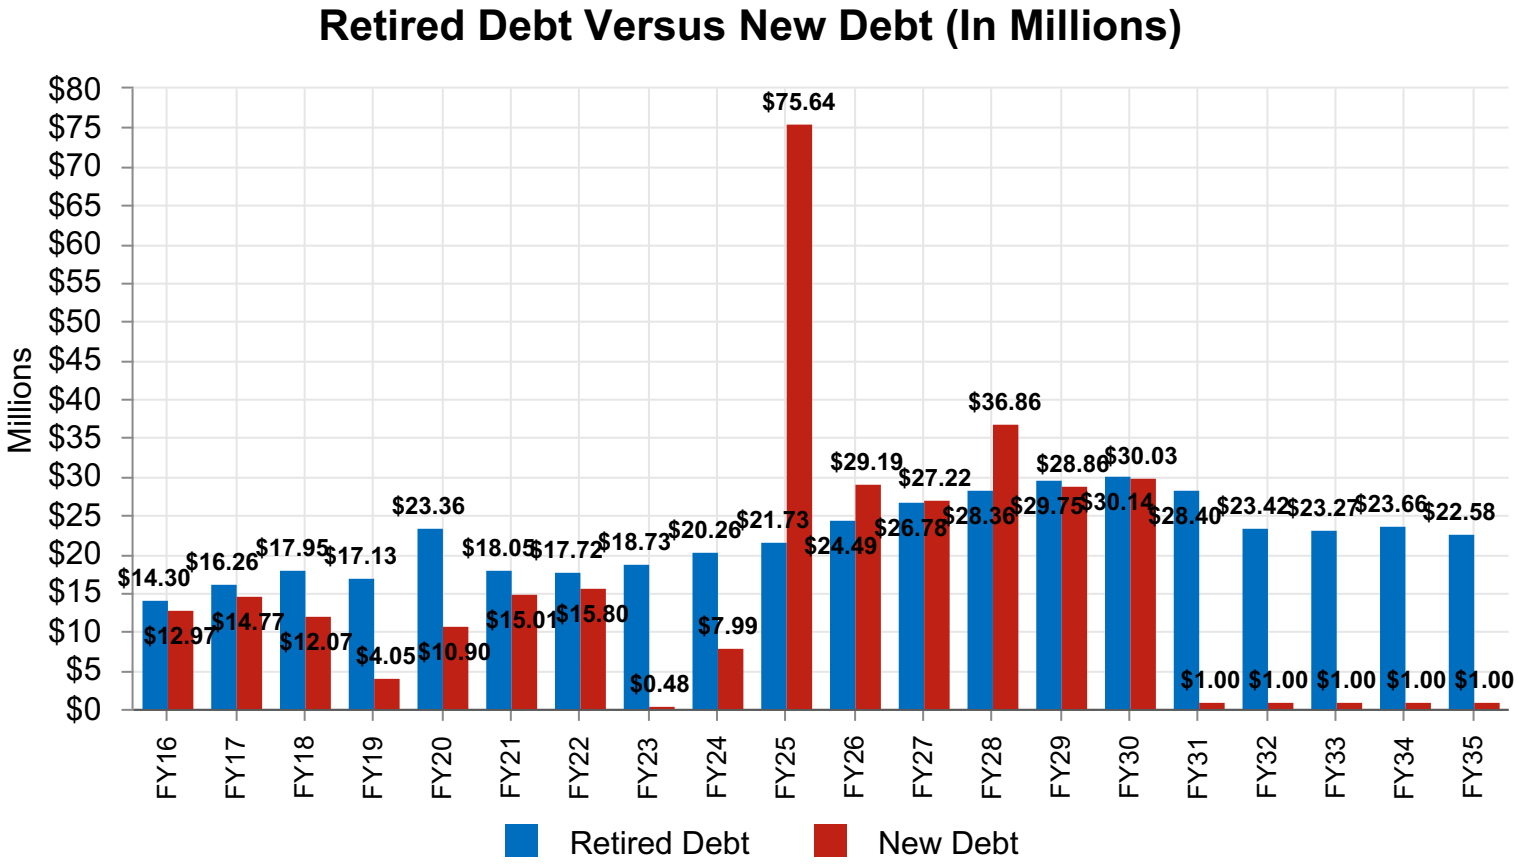

Dubuque ranks as the fifth lowest of the use of statutory debt limit of the 11 cities in Iowa with a population over 50,000 and Dubuque is below the average of the other Cities. The average (42.48%) is 26.82% higher than Dubuque (33.50%).

Retired Debt Versus New Debt

The total City indebtedness as of June 30, 2026, is projected to be $167,789,201 (33.50% of statutory debt limit). The total City indebtedness as of June 30, 2015, was $295,561,181 (90% of statutory debt limit). The City is projected to have $8,483,725 more in debt as of June 30, 2026.

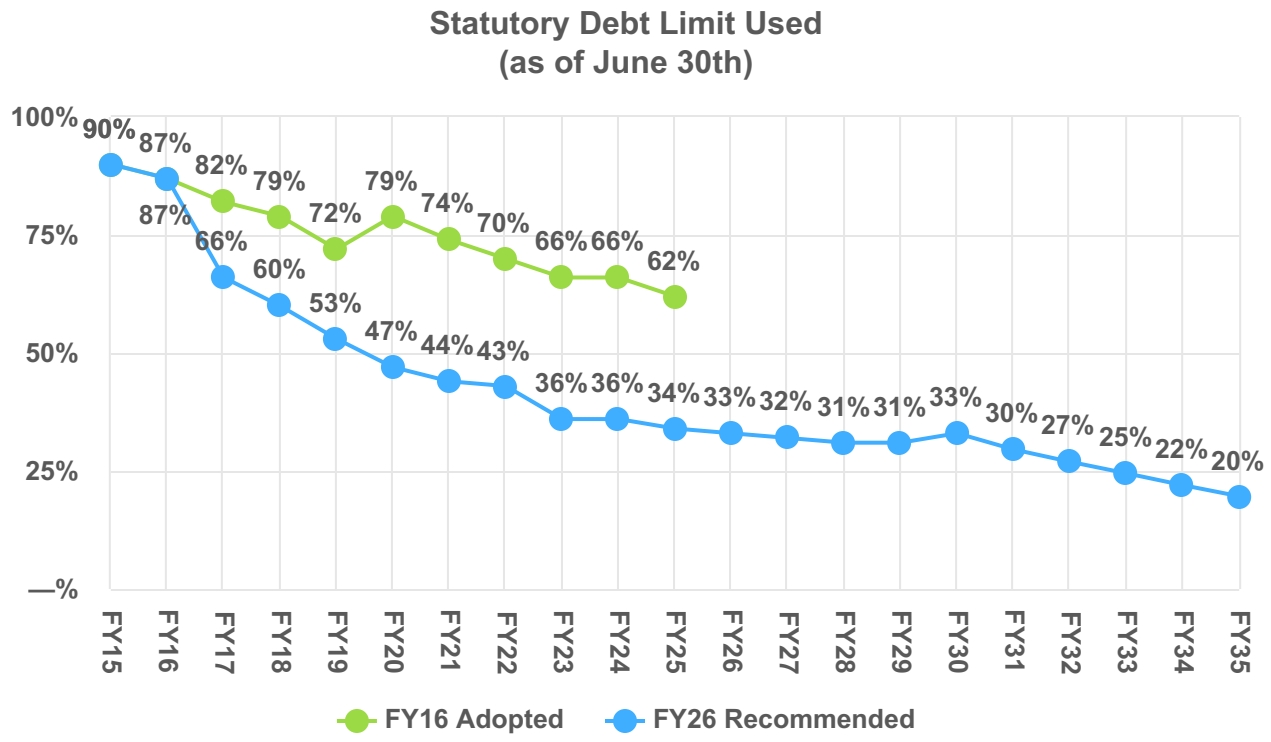

The combination of reduced debt and increased utility rates partially reflects the movement to a more "pay as you go" strategy, which could lead to larger tax and fee increases than with the use of debt. In Fiscal Year 2020, the City had $5,908,200 forgiven of the Bee Branch Upper Bee Branch Loan on June 30, 2020 which increased principal payments reflected.

Based on the timing of projects, the City issued very little debt in FY23 ($0.48 million) and FY24 ($7.99 million), so the FY25 debt issuance was a combination of three years of debt funding for projects. In that three-year period, the City retired $60.72 million in debt and issued $84.11 million in debt. The following chart shows the amount of retired debt as compared to new debt. The new debt includes new debt issuances as well as draw downs on existing state revolving fund loans:

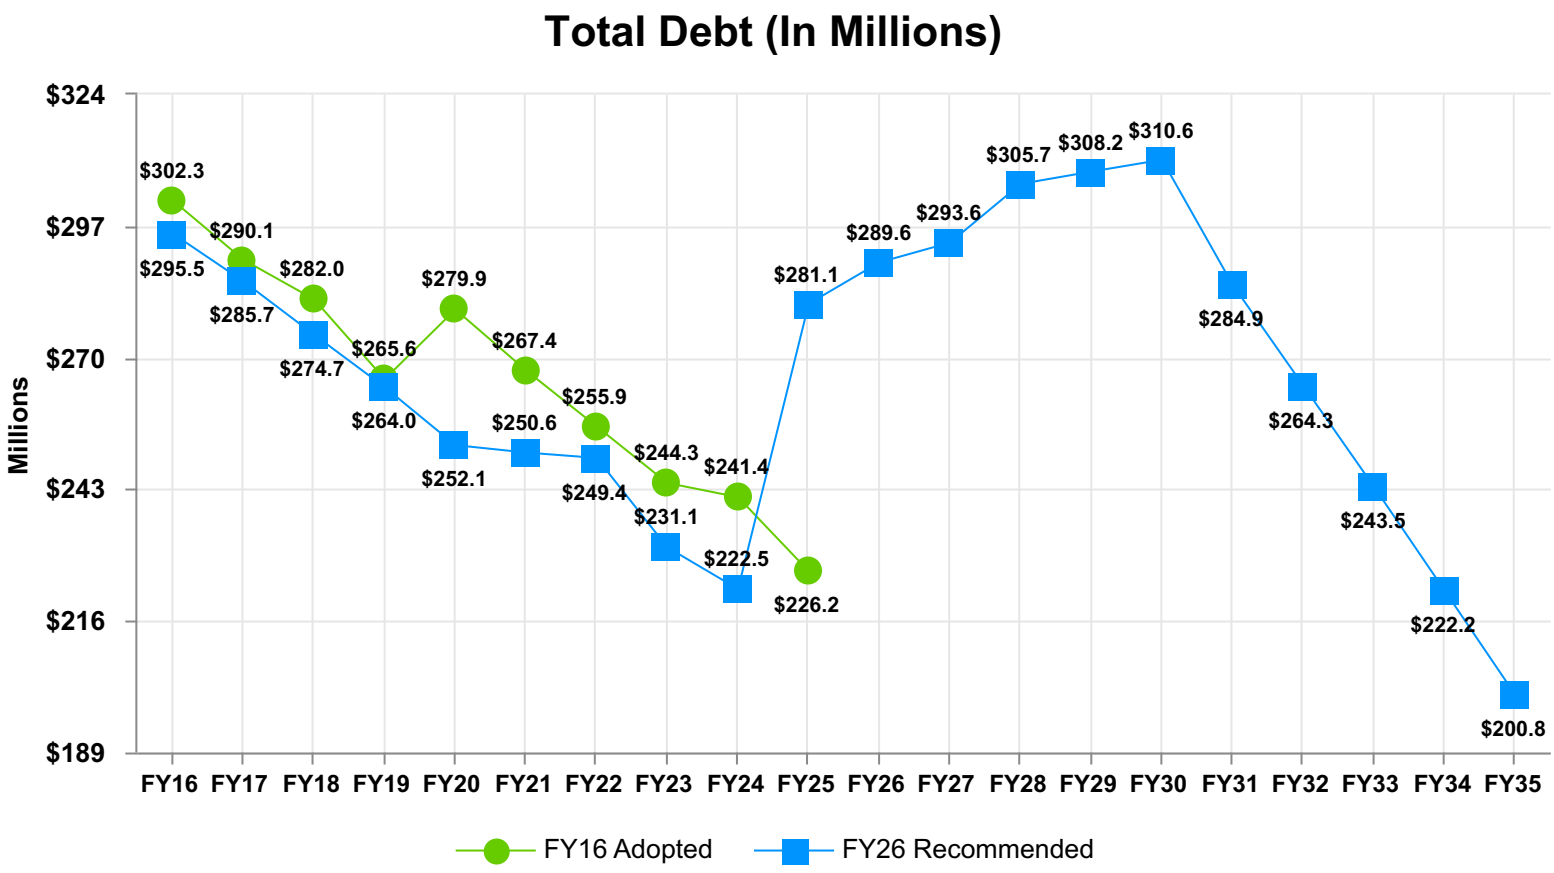

Statutory Debt and Total Debt

In August 2015, the Mayor and City Council adopted a debt reduction strategy which targeted retiring more debt each year than was issued by the City. The recommended FY 2026 budget will exceed that target in FY 2026, FY 2027, and FY 2028 due to issuing necessary debt for Five Flags, Fire Equipment and Station Improvements, Central Avenue Corridor Improvements, Water Lead Lines, PFAS, Old Mill Road Lift Station and Force Main, Catfish Creek Sewershed Interceptor Sewer Improvements, Track Line Sanitary Sewer Reconstruction, Force Main Stabilization, and Park Improvements.However, Fiscal Year 2029 and Fiscal Year 2030 will meet the target. You can see that the Mayor and City Council have significantly impacted the City's use of the statutory debt limit established by the State of Iowa. In Fiscal Year 2015, the City of Dubuque used 90% of the statutory debt limit. In this budget recommendation, the Mayor and City Council are currently reviewing for Fiscal Year 2026, the use of the statutory debt limit would be 33.50%, and by the end of the recommended 5-Year Capital Improvement Program (CIP) budget in Fiscal Year 2030, the City of Dubuque would be at 32.90% of the statutory debt limit. Projections out 10 years to Fiscal Year 2035 show the City of Dubuque at 19.66% of the statutory debt limit. This is an improvement on the debt reduction plan adopted in August 2015, that first began implementation in Fiscal Year 2016.

By the end of the Recommended 5-Year Capital Improvement Program (CIP) budget, the total amount of debt for the City of Dubuque would be $310.62 million (32.90% of the statutory debt limit). Projections out 10 years to Fiscal Year 2035 show the City of Dubuque at 19.66% of the statutory debt limit, and the projection is to be at $200.79 million (19.66% of statutory debt limit) within 10 years.

General Fund Reserves

The City maintains a general fund reserve, or working balance, to allow for unforeseen expenses that may occur. Moody's Investor Service recommends a 35% General Fund Operating Reserve for "AA" rated cities.

In January 2025, Moody's Investor Services affirmed the Aa2 credit rating on general obligation bonds. Moody's credit analysis states, "the City of Dubuque's local economy benefits from its role as a regional economic center, with solid resident income and full value per capita. Financial operations are strong and will remain so despite declines in fund balance over the next few years, as it expends funds from the pandemic. Long-term liabilities and fixed cost ratios are moderate and will remain so despite future borrowing needs." According to Moody's, the Aa2 issuer rating for the City of Dubuque's bonds reflects the city's healthy economic base, which serves as a regional economic center. Other rationale stated for the rating include full value per capita and adjusted resident income are solid at around $109,000 and 98% respectively, though weaker than Aa peers, in part because of a large student population, available fund balance was strong at around 60% of revenue at the close of fiscal 2023 (year-end June 30), and cash was stronger at 85% of revenue. The City's available fund balance will likely remain well over 45%, despite some planned draws in fiscal 2024 and fiscal 2025 to spend down federal funds from the pandemic. Despite the state adopting new property tax restrictions, revenue raising flexibility remains strong because the City maintains significant margin in its employee benefits fund and is not utilizing its emergency levy. The long-term liabilities ratio will likely remain well under 300% inclusive of the current issuances and future borrowing plans, and fixed-costs ratio will remain well below 20%.

In July 2023, Moody's Investor Service upgraded the City's outstanding general obligation bonds from Aa3 to Aa2, as well as the outstanding Sales Tax Increment Revenue bonds from A2 to A1. Notable credit factors include strong financial operations and ample revenue-raising flexibility, which has resulted in steadily improved available fund balance and cash. The City serves as a regional economic center and its regional economic growth rate has outpaced the nation over the past five years.

In November of 2022, Moody's Investors Service ("Moodys") released a new rating methodology for cities and counties. Two significant changes result from the new methodology; cities are now assigned an issuer rating meant to convey the creditworthiness of the issuer as a whole without regard to a specific borrowing, and business-type enterprise funds are now being considered together with general fund revenues and balances in the determination of financial performance.

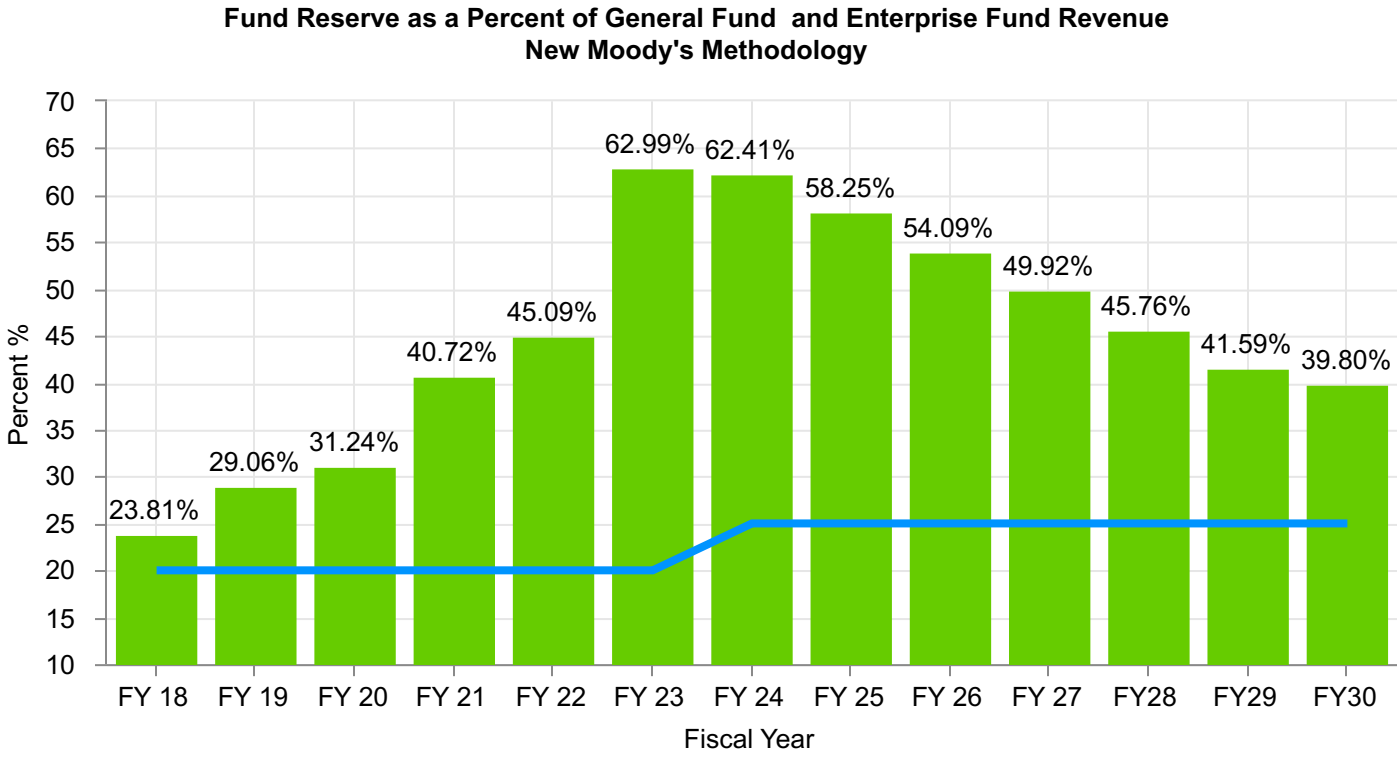

Under the new methodology, there are two metrics that contribute to financial performance. Available Fund Balance Ratio ("AFBR") = (Available Fund Balance + Net Current Assets/Revenue) and Liquidity Ratio ("LR") = (Unrestricted Cash/Revenue). For Aa credits, AFBR ranges from 25-35, and LR ranges from 30-40%.

The City was evaluated by Moody's under the old methodology in May of 2022 in connection to its annual issuance of bonds. At that time, Moody's calculated the City's AFBR to be 45.2%, and its LR to be 59.8%. The balances used in these calculations were likely elevated due to unspent ARPA funds. The change in methodology will now consider revenues and net assets from business-type activities in these calculations. As such, the City's general obligation rating will now be directly impacted by the financial performance of enterprise funds. Establishing rates and charges adequate to provide both debt service coverage and significant liquidity will be necessary to maintain the City's ratings.

In May 2021, Moody's Investor Service upgraded the City's Water Enterprise's outstanding revenue bonds from A1 to A2 and affirmed the Aa3 credit rating on general obligation bonds. Notable credit factors include a sizable tax base, a wealth and income profile that is slightly below similarly rated peers, and increased financial position that will decline in fiscal years 2021 and 2022 and somewhat elevated debt and pension liabilities.

These credit ratings are affirmation of the sound fiscal management of the mayor and city council, put Dubuque in a strong position to capitalize on favorable financial markets, borrow at low interest rate when necessary, and make critical investments in the community.

Fiscal Year	Fund Reserve (As percent of General Fund revenues)	New Moody's Methodology	Reason for change from previous Fiscal Year
FY 2019	29.06%		Increase due to capital projects not expended before the end of the FY.
FY 2020	31.24%		Increase due to freezing vacant positions and most capital projects due to the pandemic.
FY 2021	40.72%		Increase due to American Rescue Plan Act funds received ($13.2 million), frozen positions and capital projects through Feb 2021.
FY 2022	49.16%	45.09%	Increase due to American Rescue Plan Act funds received ($13.2 million), capital projects not expended before the end of the FY, and vacant positions.
FY 2023	55.82%	62.99%	Increase due to American Rescue Plan Act funds not spent ($26.4 million), capital projects not expended before the end of the FY, and vacant positions.
FY 2024	51.19%	62.41%	Decrease due to spend down of American Rescue Plan Act funds.

The City of Dubuque has historically adopted a general fund reserve policy as part of the Fiscal and Budget Policy Guidelines which is adopted each year as part of the budget process. During Fiscal Year 2013, the City adopted a formal Fund Reserve Policy which states the City may continue to add to the General Fund minimum balance of 10% when additional funds are available until 20% of Net General Fund Operating Cost is reached. During Fiscal Year 2024, the General Fund minimum balance was increased to 25%.

After all planned expenditures in FY 2025, the City of Dubuque will have a general fund reserve of 44.41% of general fund revenues as a percent of general fund revenues computed by the accrual basis or 58.25% of general fund, debt service, and enterprise fund revenues as computed by the accrual basis methodology now used by Moody's Investors Service. The general fund reserve cash balance is projected to be $81,140,352 on June 30, 2025 as compared to the general fund reserve balance on an accrual basis of $38,026,193. The general fund reserve balance on an accrual basis exceeds 27% in FY 2025, which is the margin of error used to ensure the City always has a general fund reserve of at least 25% as computed by Moody's Investors Service.

In Fiscal Year 2017, the City had projected reaching this consistent and sustainable 20% reserve level in Fiscal Year 2022. In fact, the City met the 20% reserve requirement in FY 2017, five years ahead of schedule and has sustained a greater than 20% reserve.

	FY2023	FY2024	FY2025	FY2026	FY2027	FY2028	FY2029	FY2030
Contribution	$2,717,339	$4,419,668	$—	$—	$—	$—	$—	$—
City's Spendable General Fund Cash Reserve Fund Balance	$48,403,917	$43,826,193	$38,026,193	$32,226,193	$32,226,193	$32,226,193	$32,226,193	$32,226,193
% of Projected Revenue (Moody's)	55.82%	51.19%	44.41%	37.64%	37.64%	37.64%	37.64%	37.64%

State Revolving Fund Sponsorship Projects and Green Project Loans

The City uses State Revolving Fund (SRF) loans for water and sanitary sewer projects whenever possible because of the very low annual interest rate of 1.75% with an annual servicing fee of 0.25%.

In 2009, legislation was passed in Iowa that allows water utilities that issue debt through the Clean Water State Revolving Fund Program to sponsor and help finance other water quality improvement (CWSRF) projects within or outside its service limits. This new funding mechanism, called Water Resource Restoration Sponsored Projects, will provide cities, counties, local watershed organizations, watershed management authorities, county conservation boards, and soil and water conservation districts a funding source to construct improvements throughout a watershed that keep sediment, nutrients, chemicals and other pollutants out of streams and lakes.

Repayment of a standard Clean Water SRF (CWSRF) loan includes the repayment of the original loan amount, the principal, and the cost to finance the loan, interest, and fees. On a CWSRF loan with a sponsored project, the financing costs are reduced by the amount of the cost of the sponsored project improvements. Figure 1 shows a comparison between a standard CWSRF loan and a CWSRF loan with a sponsorship project. As shown, the total cost to the utility (the total of loan repayments) remains unchanged as the cost of funding for the sponsorship project is offset by a reduction in loan financing costs. In essence, two water quality projects are completed for the price of one.

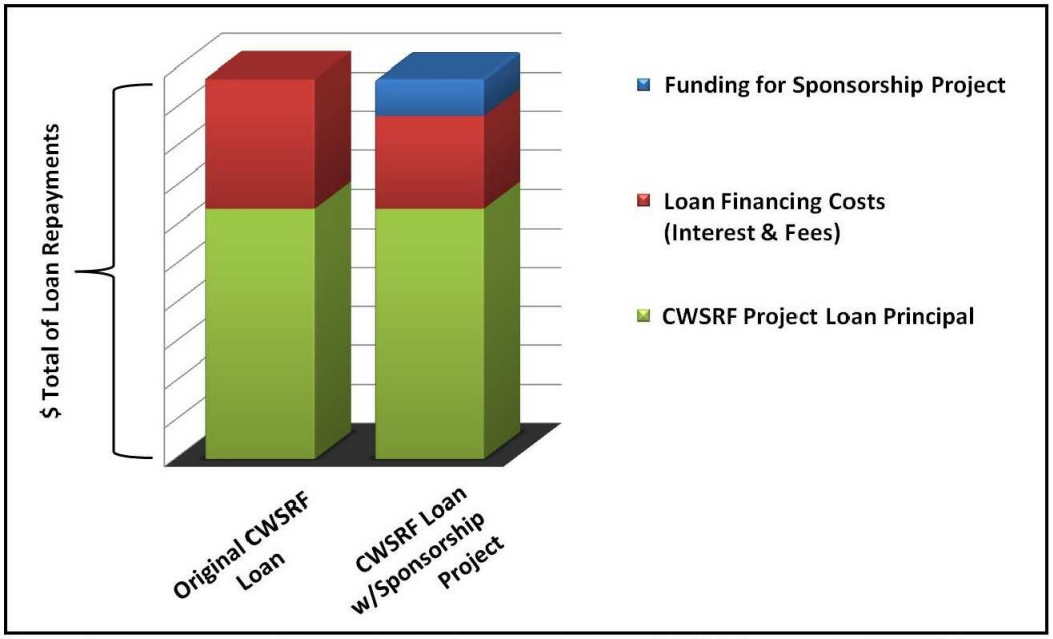

Figure 1. Loan repayment comparison between a standard CWSRF loan and a CWSRF loan with a sponsorship project.

After three years of the State of Iowa being unsuccessful in completing one of these modified loans, the City of Dubuque had the first successful application for the state when, in April 2013, the City was awarded $9.4 million of the interest paid on the Water and Resource Recovery Center to be used to reconstruct over 70 Green Alleys in the Bee Branch Watershed. The principal for the Water & Resource Recovery Center Upgrade was increased from $64,885,000 to $75,145,579 and the interest rate plus annual servicing fee was decreased from 3.25% to 2.00% to add the Green Alley sponsorship project. This reduction allowed for increased proceeds and resulted in a true interest cost of 1.96% and gross borrowing savings of $11.4 million. The State of Iowa has discontinued the sponsored project option for future debt issuances.

The Federal Fiscal Years 2010, 2011, and 2012 State Revolving Fund capitalization grants included requirements for certain percentages of the funds to be allocated for green projects. Each green infrastructure project receives a portion of loan forgiveness not to exceed 30%. In June 2015, the City of Dubuque Upper Bee Branch Creek Restoration Project (Upper Bee Branch Project) qualified for a Green Project Loan from the CWSRF Program in the amount of $29,541,000. The loan includes a principal forgiveness provision. The amount of the loan to be forgiven is 20% of the total loan disbursements made under the loan agreement. The amount of the loan that was forgiven in June 2020 was $5,908,200. The actual true interest cost for total funds received was not the 2.00% borrowing rate (1.75% interest and 0.25% administrative fee), but just 0.07% after reflecting the receipt of interest free funds (forgiven portion).

Then, in August 2017, the City was awarded $1.4 million in funding for improvements with the Catfish Creek Watershed through the State of Iowa Water Resource Restoration Sponsored Project program as part of the City State Revolving Fund loan for the Upper Bee Branch Creek Restoration Project. The funding for the $1.4 million in improvements will come from the interest payments on the City's Upper Bee Branch SRF loan. The Upper Bee Branch Creek SRF loan principal was increased to $30,941,000 and the interest rate plus the annual servicing fee was reduced from 2.00% to 1.43%. On a gross basis, the borrowing costs for the new loan were $1.38 million less than the original loan.

In May 2018, the City was awarded $1.0 million in funding for pervious green alley improvements with the Bee Branch Creek and Catfish Creek Watersheds through the State of Iowa Water Resource Restoration Sponsored Project program as part of the City State Revolving Fund loan for the Upper Bee Branch Creek Railroad Culverts Project. The funding for the $1.0 million in improvements will come from the interest payments on the City's Upper Bee Branch Railroad Culvert SRF loan. The Upper Bee Branch Creek Railroad Culvert SRF loan principal was increased to $17,387,000 and **the interest rate plus the annual servicing fee was reduced from 2.00% to 1.43%. On a gross basis, the borrowing costs for the new loan were $1.05 million less than the original loan.**

In February 2019, the City was awarded $276,300 in funding for Eagle Point Park Environmental Restoration through the State of Iowa Water Resource Restoration Sponsored Project program as part of the City State Revolving Fund loan for the Kerper Boulevard Sanitary Sewer Project. The funding for the $276,300 in improvements will come from the interest payments on the City's Kerper Boulevard Sanitary Sewer SRF loan. The Iowa Finance Authority now requires that sponsorship projects are included in the initial loan amount so that the repayment schedule does not have to be adjusted. **On a gross basis, the borrowing costs for the new loan were $278,000 less than if there was not a sponsorship project included.**

The five-year CIP adopted through the current year (Fiscal Year 2025) budget process covered Fiscal Year 2025 through 2029 and is $354,574,409. The adopted five-year CIP for the upcoming budget process (Fiscal Year 2026) will cover Fiscal Year 2026 through 2030 and will be $351,594,553. This is a -$2,979,856 ((0.84)%) decrease.

FY 2025-2029 Capital Improvement Program (CIP) compared to the FY 2026-2030 Capital Improvement Program is as follows:

	FY 2025	FY 2026	FY 2027	FY 2028	FY 2029	FY 2030	Total
FY25 CIP	$88,753,825	$106,564,058	$55,048,354	$50,987,905	$53,220,267	$ —	$354,574,409
FY26 CIP	$ —	$91,803,749	$64,823,518	$69,843,768	$74,478,605	$50,644,913	$351,594,553
$ Difference	—	-$14,760,309	+$9,775,164	+$18,855,863	+$21,258,33	—	-$2,979,856
% Change	—	-13.85%	+17.76%	+36.98%	+39.94%	—	-0.84%

Further information about the changes to capital improvement projects can be found on pages xv-xxi.

Fiscal Year 2026 will be the nineteenth fiscal year that the Stormwater Fund is recommended to be fully funded by stormwater user fees. The General Fund will continue to provide funding for the stormwater fee subsidies that provide a 50% subsidy for the stormwater fee charged to property tax exempt properties, low-to-moderate income residents, and a 75% subsidy for the stormwater fee charged to residential farms. The FY 2026 Stormwater User Fee is proposed to increase from $10.50 per SFU to $11.03 per SFU, a 5.00% increase.

	Rate Per Single Family Unit (SFU)
Fiscal Year 2021 - Adopted Per Ordinance 21-20	$ 8.29
Fiscal Year 2022 - Adopted Per Ordinance 10-21	$ 8.85
Fiscal Year 2023 - Adopted Per Ordinance 13-22	$ 9.00
Fiscal Year 2024 - Adopted Per Ordinance 14-23	$ 10.00
Fiscal Year 2025 - Adopted Per Ordinance 14-24	$ 10.50
Fiscal Year 2026 - Recommended	$ 11.03

The Stormwater Utility was formed on July 1, 2003, to update and expand the City's aging infrastructure, comply with the National Pollution Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) permit, and implement the various elements of the 2001 Drainage Basin Master Plan Stormwater Management Plan (amended in 2013), which outlined improvements in both the Catfish Creek and Bee Branch watersheds. The flood mitigation improvements in the Catfish Creek Watershed have been completed. The improvements in the Bee Branch Watershed are part of the multi-phased, fiscally responsible, holistic Bee Branch Watershed Flood Mitigation Project which will mitigate flooding, improve water quality, stimulate investment, and enhance the quality of life. The City's has been able to garner support from local, state, and federal partners with over $163 million in outside funding to help offset the cost of the overall $237 million project. Since 2001, the City has made steady progress on the various phases of the project.

The phases of the Bee Branch Watershed Flood Mitigation Project are as follows:

Phase	Description	Status
1	Carter Road Detention Basin	Complete
2	West 32nd Street Detention Basin	Complete
3	Historic Millwork District	Complete
4	Lower Bee Branch Creek Restoration	Complete
5	Flood Mitigation Gate & Pump Replacement	Under Design
6	Impervious Surface Reduction	1/3 of alleys converted to “Green Alleys”
7	Upper Bee Branch Creek Restoration/Railroad Culverts	Complete
8	22nd Street Storm Sewer Improvements	Complete from Elm Street to N. Main
9	Flood Mitigation Maintenance Facility	Site Cleanup/Preparation
10	North End Storm Sewer Improvements	Initiate Design in 2028
11	Water Plant Flood Protection	Initiate Design in 2024
12	17th Street Storm Sewer Improvements	Complete from Elm St. to Heeb St.

Each of the 12 phases provides some incremental benefit. But the risk of flash flooding remains until all improvements are implemented. But it is also true that with the completion of each subsequent phase, the threat of flash flood damage is lessened and the resulting damage will be mitigated. When complete, it is expected to prevent an estimated $582 million in damages over its 100-year design life.

When the City Council adopted Ordinance 21-12 (passed and approved on March 7, 2012), they established that the stormwater utility fee would increase to $9.00 per month on July 1, 2016 in order to fund the operational and capital costs of the public stormwater management system, including improvements such as the Bee Branch Creek Restoration Project. But later in 2012, the Iowa General Assembly created the Flood Mitigation Program which provides funding for flood mitigation projects undertaken by local governments such as the City of Dubuque. Managed by the Iowa Flood Mitigation Board, the funding source established involves taking a portion of the incremental growth of State sales tax revenue collected within a city and diverting from the State General Fund to cities approved for the funding. Having updated the Drainage Basin Master Plan in the fall of 2013, which outlined the improvements associated with the 12-phase Bee Branch Watershed Flood Mitigation Project, the City was successful in securing $98.5 million in State sales tax increment funding. With the infusion of funding, the City Council adopted Ordinance 16-14 (passed and approved on March 5, 2014) establishing that the stormwater utility fee did not reach $9.00 per month until July 1, 2021, five years later than later than previously scheduled.

The CIP budget reflects the Dubuque Five-Year (2024-2026) City Council Goals and 2024-2026 Policy Agenda, established by the City Council August, 2024.

Dubuque Five-Year City Council Goals

Vibrant Community: Healthy and Safe

Financially Responsible, High Performance City Organization: Sustainable, Equitable, and Effective Service Delivery

Robust Local Economy: Diverse Businesses and Jobs with Economic Prosperity

Livable Neighborhoods and Housing: Great Place to Live

Sustainable Environment: Preserving and Enhancing Natural Resources

Connected Community: Equitable Transportation, Technology, Infrastructure, and Mobility

Diverse Arts, Culture, Parks, and Recreation Experiences and Activities

Partnership for a Better Dubuque: Building our Community that is Viable, Livable, and Equitable

Policy Agenda 2024 - 2026

Top Priority (in alphabetical order)

- Air Service Future Strategy and Action Plan: Major Airline Hub Connections
- Central Avenue Revitalization Plan Implementation
- Construction of the 14th Street Railroad Overpass and the 16th Street Corridor Complete Street Improvements: RAISE Grant and Matching Funds
- Police Department Staffing and Hiring
- Street Maintenance/ Rehabilitation Program

High Priority

- Catfish Creek Sanitary Sewer Project: Old Mill Road Lift Station
- Chaplain Schmitt Island Development
- City Workforce Retention and Attraction
- Comprehensive Study of Fire Station Locations and Staffing
- Parks Maintenance/Refresh Action Plan

Attachment 3 provides a summary of these projects organized by City Council's five-year goals and Fiscal Year 2026 priorities reflect how these goals are addressed.

Finally, Attachment 4 provides detail on the source of funds and highlights important points about the 5-year CIP Program.

CIP FORMAT

The format for the Fiscal Year 2026-2030 CIP is substantially the same as previous fiscal years. First, an index referencing the 2026-2030 Capital Improvement Budget follows the budget message. The index identifies each capital improvement first by city department and then by all applicable State programs as a subcategory under each department. The index serves as a quick reference for each CIP, and the far right hand column shows the page number of each project. Secondly, a separate project page is provided to show the detail for each individual project. These projects pages are also arranged first by city department and then by State program as a subcategory within each department.

As in previous CIP budget documents, each detailed project page identifies the city department, the state program, project title, account code (consisting of program number, department number, fund and capital project number), and total project cost. The project page then shows any funds expended for the project in Fiscal Year 2024 and the adopted budget in Fiscal Year 2025. In Section A of the project form entitled “Expenditure Items”, project costs are shown by major expenditure item (i.e., Design and Engineering, Land and Right-of-Way Purchase, Construction and Other Expense). In Section B, entitled “Project Financing”, the project funding is presented by major revenue source (i.e., General Fund, Sales Tax Fund, Water Depreciation Fund, Sanitary Sewer Construction Fund, and Road Use Tax Fund). In Section C, entitled “Impact – Operations,” the dollar impact on operations in terms of greater or lesser operating costs and/or greater or lesser revenue is provided when available. Lastly, there is a narrative section, which provides a description of the project, a justification for the project and, where appropriate, how it relates to other projects or plans. A small map may also be provided to further identify the location of the project.

Each detailed project page identifies the budget for each fiscal year in the next five years. There is a sixth column labeled "2031". This column is included to show that the project does not end in the next five years and that additional budget will be needed to fully complete the project. The "2031" column will show the total remaining estimate for the project, unless the project is annual. This column could also be known as "Beyond Fiscal Year 2030." If a project is annual the "2031" column will only show one years worth of budget.

New this fiscal year is a section in the detailed project pages called "First Year Submitted". This information represents the year the capital improvement project was first submitted for consideration. This is not the first year that the capital project was adopted for funding, but instead represents the first year a staff member identified a need for the project and created a CIP to present to the City Manager.

CONCLUSION

The Capital Improvement Program represents the City of Dubuque’s commitment to a maintenance and physical development plan for the next five years. The first year of the five-year CIP goes into the budget for next year and deserves the most attention. As you know, the CIP is updated each year so that City Council will have an opportunity in the next year to change Fiscal Year 2027 through Fiscal Year 2030 projects, as well as to add projects for Fiscal Year 2031.

A ranking system was established in Fiscal Year 2019 to more readily identify capital projects that directly meet City Council Goals and Priorities and address City needs. This ranking process also included several collaborative meetings with staff to determine which projects should be recommended for funding with the limited resources available.

Notable FY2026 Capital Improvement Projects

Department	Project Title	Total City Investment FY2026-FY2030
Fire	Bunk Room Remodel	$1,175,000
Fire	Outdoor Warning Siren Repair/Replace	$107,060
Fire	Fire Station Expansion	$500,900
Fire	2027 Fire Engine Replacement (1907)	$900,000
Fire	2027 Ambulance Replacement (1914)	$450,000
Fire	2028 Fire Engine Replacement (1905)	$950,000
Fire	Portable Radio Replacements	$838,000
Fire	2030 Fire Engine Replacement (1910)	$1,288,408
Fire	2030 Ambulance Replacement (1915)	$575,000
Parks	Reimagine Comiskey	$1,697,000
Parks	Rustic Point Park Development	$305,000
Parks	South Pointe Park Development	$200,000
Parks	Washington Community Gateway	$99,000
Parks	Second Dog Park Planning	$60,000
Parks	Ash Tree Removal and Tree Replacement	$464,611
Civic Center	Five Flags Building Improvements	$23,454,000
Recreation	Port of Dubuque Flood Wall Dubuque Welcome Sign	$33,000
Conference Center	Roof Restoration	$1,383,000
Conference Center	Public Restroom Remodels	$385,000
Water	Admiral Sheehy Drive Water Main Loop	$686,400
Water	Public Lead Line Water Main Replacement	$45,000
Water	Source Water PFAS Reduction Project - Granular Activated Carbon Filter Rehabilitation	$9,600,000
Water	Source Water PFAS Reduction Project	$1,121,199
Water	Water Main Replacement Consent	$1,280,000
Water	Water Meter Replacement Program	$937,000
Water	Water Storage Maintenance Program	$3,000,000
W&RRC	Bar Screen Replacement	$2,500,000
W&RRC	WRRC Plant Nutrient Reduction Improvements and BOD/Flow Capacity Improvements	$7,035,000
W&RRC	Industrial Controls Upgrade	$1,900,000
Airport	Reconstruct Taxiway A	$18,709,994
Airport	Reconstruct General Aviation Apron	$2,480,000
Airport	Asphalt Pavement Repair/T-Hangar Apron Rehabilitation	$1,425,000
Airport	Taxiway D Extension	$2,940,000
Public Works	Asphalt Milling Program	$739,616
Public Works	Curb Ramp Program	$2,900,000
Public Works	Vehicle Fuel Island Rehabilitation	$510,200
Public Works	58,000 Gross Vehicle Weight (GVW) Dump Truck Replacement	$1,721,768
Public Works	Solid Waste Collection Vehicles - 3401 & 3405	$220,000
Public Works	Solid Waste Collection Vehicles - 3404 & 3410	$375,000

Department	Project Title	Total City Investment FY2026-FY2030
Public Works	Solid Waste Collection Vehicles -3403 & 3407	$595,000
Public Works	Solid Waste Collection Vehicles 3412 & 3413	$375,000
Public Works	Solid Waste Collection Vehicles 3411 & 54003	$845,000
Public Works	Landfill 3C Project	$4,000,000
Engineering	Stormwater Management Program	$1,000,000
Engineering	Bee Branch Creek Gate & Pump Replacement	$13,696,697
Engineering	Flood Control Maintenance Facility	$3,556,000
Engineering	Sanitary Sewer Lining Program	$1,000,000
Engineering	Sanitary Sewer CCTV Inspection, Cleaning, & Assessment	$1,000,000
Engineering	Cedar and Terminal Street Lift Station and Force Main Assessment and Improvements	$1,500,000
Engineering	Old Mill Road Lift Station & Force Main - Phase 1	$9,694,574
Engineering	Old Mill Road Lift Station & Force Main - Phase 2	$11,968,650
Engineering	Track Line Sanitary Sewer Reconstruction	$5,000,000
Engineering	Catfish Creek Sewershed Interceptor Sewer Improvements - South Fork	$13,927,212
Engineering	Catfish Creek Sewershed Interceptor Sewer Improvements - Middle Fork	$23,800,000
Engineering	South West Arterial Interchange Sewer Extension	$4,829,838
Engineering	Force Main Stabilization	$1,700,000
Engineering	East - West Corridor Capacity Improvements	$1,085,000
Engineering	7th Street Extension to Pine Street	$2,000,000
Engineering	14th St Overpass	$39,120,000
Engineering	US 20 - Northwest Arterial Intersection Operational and Capacity Improvements	$5,497,000
Engineering	Central Avenue Corridor Streetscape Master Plan Implementation Improvements 11th - 22nd Street	$8,170,000
Engineering	Public Electric Vehicle Chargers	$1,888,760
Engineering	Iowa Amphitheater on Schmitt Island	$9,641,563
Engineering	STREETS Traffic Control Project Phase 1	$250,000
Engineering	STREETS Traffic Control Project Phase 2	$282,350
Engineering	Traffic Signal Network Communications Program	$395,000
Engineering	Fiber Infrastructure Management System	$275,000
Engineering	Federal Building Renovation	$7,893,225
Economic Development	Greater Downtown Housing Creation Grant Program	$3,750,000
Economic Development	Workforce Development	$1,857,500
Economic Development	Downtown Rehab Grant Program	$1,000,000
Economic Development	Central Avenue Housing Forgivable Loan	$750,000
Transportation	Transit Vehicle Replacement	$3,152,568
Transportation	Smart Parking System	$780,000
Transportation	Parking Ramp Major Maintenance Repairs	$7,198,400
Housing	Assistance for Homeownership	$1,356,151
Housing	Washington Neighborhood Home Purchase Program	$1,269,896

Department	Project Title	Total City Investment FY2026-FY2030
Housing	Homeowner Rehabilitation Program	$1,325,000
Housing	Lead and Healthy Homes Grant	$6,000,000
Housing	Healthy Homes Production Grant	$2,000,000
Planning	Historic Preservation Technical Assistance Program	$80,000
Communications Office	Aerial Orthophotography	$252,000
City Manager's Office	Community Green House Gas Inventory and Climate Action Planning	$100,000
Information Technology	City-Wide Computer and Printer Replacements - General Gov	$3,323,473
Information Technology	City-Wide Computer and Printer Replacements- Business	$643,000

There are many capital projects that have been added to meet City Council Goals and Priorities and address City needs ($54,175,447). Those new projects that appear in the five-year CIP are as follows:

Department	New Project	Total CIP
Fire	Elevator at Fire Headquarters	$50,000
Fire	Fire Station 6 Roof Replacement	$325,000
Parks	Parks and Recreation Master Plan	$50,000
Parks	Rustic Point Park Development	$305,000
Parks	South Pointe Park Development	$200,000
Parks	Ash Tree Removal	$464,611
Civic Center	Marquee Replacement	$131,000
Civic Center	Standby Emergency Generator Replacement	$855,000
Civic Center	Recirculating Pump Replacement	$37,000
Recreation	Bunker Hill #7 Fairway Fencing	$15,000
Water	8th Street 20" Transmission Water Main Connection (Jackson to Central)	$166,000
Water	Admiral Sheehy Drive Water Main Loop	$686,400
Water	Enterprise Asset Management System Software-Water	$150,000
Water	Fire Hydrant Stock	$615,000
Water	Green Alley Water Main Improvements	$306,000
Water	Greyhound Park Rd Water Main Loop	$120,000
Water	Highway 20/Dodge St Water Main Relocation - Devon Drive to Concord St	$199,000
Water	Municipal Services Center Roof Mounted HVAC Replacement Unit	$94,500
Water	Municipal Service Center Roof Replacement	$187,380
Water	South Algona 12" Water Main Replacement	$729,103
Water	Vehicle 4901 Replacement	$130,000
Water	Vehicle 4908 Replacement	$115,000
Water	Deere X738	$38,000
Water	West End Annexation Phase II	$1,994,598
Water	Water Treatment Plant and Pump Station Pipe Rehabilitation	$150,000

Department	New Project	Total CIP
Water	Water Treatment Plant Third Floor Conference Room	$114,000
Water & Resource Recovery Center	RAS and Scum Pump Replacement	$138,000
Water & Resource Recovery Center	WRRC Uninterruptible Power Supply (UPS) Replacement	$85,000
Water & Resource Recovery Center	UV System Cable & Harness Replacement	$50,500
Water & Resource Recovery Center	Biogas Chiller Replacement	$58,000
Water & Resource Recovery Center	WRRC Odor Monitoring System	$46,000
Water & Resource Recovery Center	Water & Resource Recovery Center Vehicle Replacements	$75,000
Water & Resource Recovery Center	Water & Resource Recovery Center Electronic Hydraulic Shop Press	$13,000
Airport	Equipment Storage Building	$275,000
Airport	Airfield Runway/Taxiway Marking Improvements	$412,000
Public Works	Electric Vehicle Charging Infrastructure Located at the Municipal Services Center	$157,222
Public Works	Paver Replacement	$610,000
Public Works	Landfill Sewer Line Extension	$250,000
Public Works	Landfill EMS Grant Matching Funds	$125,000
Public Works	Landfill Portable Litter Fencing	$255,000
Public Works	Landfill Rolloff Container - Glass	$12,100
Public Works	Landfill 3C Project	$4,000,000
Public Works	Landfill Shop Renovation	$200,000
Public Works	Landfill Minivan Replacement Project	$58,583
Public Works	Landfill Forklift Replacement	$30,690
Public Works	Landfill Dozer Replacement Project	$593,500
Public Works	Landfill 3453 Dozer Rebuild	$296,750
Public Works	Landfill 3456 Dozer Rebuild Project	$256,900
Engineering	Enterprise Asset Management System Software	$150,000
Engineering	Stormwater Management Program	$1,000,000
Engineering	Pennsylvania Culvert Replacement	$150,000
Engineering	Levi & Sullivan Intersection Storm Sewer Extension	$100,000
Engineering	Tanglewood Court Outfall Stabilization	$160,000
Engineering	Enterprise Asset Management System Software - Sanitary	$150,000
Engineering	Inflow and Infiltration Inspection Vehicle Replacement	$44,000
Engineering	Track Line Sanitary Sewer Reconstruction	$5,000,000
Engineering	Brunskill Road Collector Sewer Reconstruction	$600,000
Engineering	Kerper Boulevard Lift Station Replacement	$402,850
Engineering	Catfish Creek Sewershed Interceptor Sewer Improvements - Middle Fork	$23,800,000
Engineering	Force Main Stabilization	$1,700,000
Engineering	Green Alleys - Non Bee Branch	$350,000
Engineering	Safe Routes to School	$44,000

Department	New Project	Total CIP
Engineering	Villa Street Retaining Wall Reconstruction	$800,000
Engineering	Complete Street Elements - Trails, Sidewalks and Signs	$32,500
Engineering	Enterprise Asset Management System Software - Roadways	$150,000
Engineering	Parking Lot Materials at Union at Marina Project	$50,000
Engineering	Public Electric Vehicle Chargers	$1,888,760
Engineering	Harbor Area Maintenance - Dredging	$677,500
Engineering	Wayfinding Signage	$20,000
Engineering	Iowa St Streetlight Replacement Project	$138,000
Engineering	Enterprise Asset Management System Software - Fiber	$150,000
Economic Development	Central Avenue Alley Lighting Program	$40,000
Communications Office	Aerial Orthophotography	$252,000
City Manager's Office	Community Green House Gas Inventory and Climate Action Planning	$100,000
	TOTAL	$54,175,447

The Capital Improvement requests that were previously funded in the five-year CIP that are not included in this five-year CIP total $22,091,087. To put these back into the five-year CIP, other projects will need to be removed, property taxes would need to be raised and/or more debt would need to be issued. Of those removed, $1,686,784 are identified as deferred maintenance items, delineated with an asterisks below. The removed CIPs are as follows:

Department	Existing Project Not Funded	Total CIP	
Parks	AY McDonald Park Pavilion Installation	$200,000	
Parks	Pebble Cove Park Development	$305,000	
Parks	Eagle Point Park - Riverfront Pavilion Restoration	$118,000	
Parks	Ham House Improvements	$90,000	
Parks	Murphy Park - Bennett Pavilion Roof Replacement	$165,000	
Recreation	Flora & Sutton Pool - Operational Projects	$360,000	
Conference Center	Replace Fabric Wall Covering	$227,000	*
Conference Center	Replace Clouds	$98,000	
Conference Center	Parking Island and Venue Landscape Renovations	$48,500	
Ice Center	Locker Room Ventilation Replacement	$396,375	
Ice Center	New Northwest Corner Service Bar	$241,500	
Ice Center	TPO Roof Replacement	$181,125	
Airport	Corporate Hangar Facilities Maintenance	$120,000	
Airport	Taxiway J Improvements	$8,585,000	
Airport	Extend Runway 18/36	$645,000	
Public Works	Hawthorne St Boat Ramp Repair	$388,125	
Public Works	Backhoe Loader Purchase 3214	$106,605	*
Public Works	Sign Truck Replacement 3236	$275,000	
Public Works	Mechanical Sweeper Replacement 4007	$290,466	*
Public Works	Wheel Loader Purchase 3255	$268,800	
Public Works	Solid Waste Collection Vehicles 3402 & 54006	$375,000	*

Department	Existing Project Not Funded	Total CIP	
Engineering	Sanitary Sewer Extensions - Existing Development, Pre-Annexation and Annexation Agreements	$1,000,000	
Engineering	Dubuque Industrial Center Crossroads Sanitary Sewer Extension	$521,000	
Engineering	Abbott & Cottage Sanitary Sewer Reconstruction	$322,364	*
Engineering	Cooper Place and Maiden Lane Sanitary Sewer Reconstruction	$481,115	
Engineering	Harvard Street Sanitary Sewer Reconstruction	$264,310	
Engineering	Hempstead Sanitary Sewer Reconstruction	$458,803	
Engineering	Knob Hill-Duggan Drive Sanitary Sewer Reconstruction	$187,779	*
Engineering	Brunswick Sanitary Sewer	$129,000	
Engineering	King Street Sanitary Sewer Reconstruction	$177,570	*
Engineering	Pavement Rehabilitation - Concrete Street Repair, Mill and Asphalt Resurfacing	$3,500,000	
Engineering	Hillcrest Road Sidewalk	$50,000	
Engineering	Bee Branch Creek Trail: 16th to 9th	$675,000	
Engineering	Trail Planning	$100,000	
Engineering	Port of Dubuque - Security Camera Expansion	$20,000	
Engineering	Traffic Signal Intersection Reconstruction	$425,000	
Economic Development	Low Income Small Business Grant	$250,000	
Information Technology	Network Security Risk Assessment	$15,000	
Information Technology	Mitel Phone Replacement	$29,650	
	Total	$22,091,087	
	Total Deferred Maintenance	$1,686,784	

As is the case every year, there were new projects requested that were not able to be included in whole or in part in this five year CIP ($40,815,326). Of those $10,157,212 are identified as deferred maintenance, delineated with an asterisks below. CIP requests that were not funded include:

Department	New Project Not Funded	Total CIP	
Police	Rescue Vehicle	$400,000	
Fire	Exterior Building Maintenance	$500,000	
Parks	Vehicle Replacement #4491	$60,000	
Parks	Eagle Point Park - Clear Trees from Bluff	$50,000	*
Parks	Park Office Replace Roof	$10,000	*
Parks	Comiskey Park Replace Roof	$30,000	*
Parks	Hillcrest Park Replace Play Unit	$210,000	*
Parks	Allison Henderson - Replace Roof	$15,000	*
Parks	EB Lyons Carpet Replacement	$63,000	
Parks	Silver Oaks Park Development	$305,000	
Parks	All Parks - Renovate Water Systems	$44,000	*
Parks	All Parks - Replace Trash Cans	$140,000	
Parks	Eagle Point Park - Concrete Improvements	$30,000	

Department	New Project Not Funded	Total CIP	
Parks	Replace Roof on Eagles View Pavilion	$45,000	*
Parks	Eagle Point Park - Replace Roof on Terrace Room	$38,000	*
Parks	Eagle Point Park Rest Room Renovation	$110,000	*
Parks	Flora Park - Pave Wilbright, Pool, Tennis Court, and Slattery Center Park Lots	$46,000	*
Parks	Jefferson Park Playground Replacement	$230,000	*
Parks	Madison Park - Renovate Pavilion	$44,000	*
Parks	Madison Park - Flag Pole	$30,000	
Parks	Murphy Park - Replace Restroom Roof	$16,000	*
Parks	Valentine Park Land Acquisition	$120,000	
Parks	Veterans Park - Pickleball Improvements	$50,000	
Parks	Ecological Restoration	$30,000	
Parks	Street Tree Program	$60,000	
Parks	Resurface Tennis Courts	$304,000	*
Parks	Replace Interpretive Signs	$16,000	*
Parks	Park Drinking Fountains	$80,000	
Parks	Trail Maintenance/Repair	$80,000	*
Parks	Highway 20 Trees/Invasive Removal	$55,000	
Parks	Town Clock Lighting	$60,000	
Parks	Greenhouse Shop Roof Replacement	$75,000	*
Parks	Greenhouse Replace Lexan	$100,000	
Parks	EB Lyons Center - Stain, Patio, Ridge Beam	$170,000	*
Parks	Allison Henderson Storm Water Project	$27,500	
Parks	Parks - Paint Light Poles	$20,000	*
Parks	Chaplain Schmitt Island-Landscaping	$50,000	
Parks	Chaplain Schmitt Island-Entrance Sign	$72,500	
Parks	Eagle Point Park Stone Work	$50,000	*
Parks	Flora Park - Replace Lights on Tennis Courts	$112,000	*
Parks	Forestry Building - Replace Roof	$77,000	
Parks	Ham House Masonry	$125,000	*
Parks	Hilltop Park - Replace Play Unit	$289,615	*
Parks	Marshall Park - Replace Play Unit	$228,000	*
Parks	Miller Riverview Park - Quick Connects for Pedestals	$55,000	
Parks	Miller Riverview Park - Pave Secondary Roads and Concrete Campsites	$220,000	*
Parks	Teddy Bear Park - Play Equipment	$197,000	*
Parks	Maintenance Headquarters - Wash Bay	$25,000	
Parks	Paint Railings	$50,000	*
Parks	Install and/or Replace Park Name Signs	$105,000	*
Parks	Electric Locks - Restrooms	$35,000	
Parks	Parks Fleet Automated Vehicle Location	$50,000	
Parks	Grandview Avenue Landscape Renovation Plan	$55,000	
Parks	North Fork Trail Park Development	$305,000	
Parks	Granger Creek Nature Trail-Asphalt Trail	$420,000	

Department	New Project Not Funded	Total CIP	
Parks	Roosevelt Park Redevelopment	$73,000	
Parks	All Parks - Cameras/Code Blue Phones	$230,000	
Parks	EB Lyons Center - Roof Rehabilitation	$60,000	*
Parks	Eagle Point Park - Renovate Log Cabin	$50,000	*
Parks	Eagle Point Park - Accessible Walkway to the Log Cabin Pavilion	$405,000	
Parks	Eagle Point Park - Trail Project Invasive Remediation	$70,500	
Parks	Eagle Point Park - Light Trolley Line Trail	$165,000	
Parks	Eagle Point Park - Native American Room Restoration	$122,000	
Parks	Eagle Point Park - Develop Wading Pool Replacement Plans	$427,000	
Parks	FDR Park - Native Landscaping Installation	$40,000	
Parks	Usha Park Development	$127,000	
Parks	Valentine Park Pavilion Installation	$86,000	
Parks	Valley High Park - Replace Play Unit	$210,000	*
Parks	Installation of Flag Poles in Community Parks	$100,000	
Parks	Re-landscape Locust Street Connector	$30,000	
Parks	Parks - Irrigation to Planters and Flower Beds	$150,000	
Parks	Greenhouse - Remove Trees on Hillside	$25,000	
Parks	Welcome Sign East	$84,000	
Parks	Welcome Sign North	$84,000	
Parks	Chaplain Schmitt Island Environmental Restoration	$430,000	
Parks	Chaplain Schmitt Island Campground Entrance Enhancement	$50,000	
Recreation	Flora and Sutton Swimming Pools Site Repair/ Replacement	$360,000	*
Recreation	Flora and Sutton Swimming Pools Water Playground Replacements	$315,000	*
Recreation	Flora and Sutton Swimming Pools Renovate Locker Rooms	$726,000	*
Recreation	Sutton Pool - Zero Depth Survey & Remediation	$60,000	*
Recreation	Flora Pool Water Slide Repairs	$50,000	*
Recreation	Bunker Hill Golf Course - Range Project	$200,000	
Recreation	Bunker - Sand Trap Repair/Removal	$50,000	
Recreation	Port of Dubuque - Signage Replacement	$20,000	
Recreation	Marina Dock Fuel & Electrical System Rehabilitation	$50,000	*
Recreation	Comiskey Building Restroom Expansion	$112,500	
Recreation	McAleece Irrigation Renovation	$112,500	*
Conference Center	HVAC Master Control Replacement	$119,000	*
Conference Center	AV Rental Upgrades	$61,000	
Conference Center	Ballroom and Meeting Room Chair Replacements	$312,500	
Conference Center	Paint Exterior Metal	$132,000	*
Conference Center	Sound System Replacement	$364,000	
Conference Center	Elevator Passenger and Freight Car Replacement	$253,000	
Conference Center	Window Replacement	$364,000	*

Department	New Project Not Funded	Total CIP	
Conference Center	Security Camera System	$63,000	
Conference Center	Escalator Replacement	$742,000	*
Conference Center	Loading Dock Leveler Replacement	$364,000	*
Conference Center	Wi-Fi Upgrades	$94,000	
Conference Center	Magnetic Dance Floor Replacement	$36,500	*
Conference Center	HVAC Commissioning	$107,000	*
Conference Center	Furniture and Decor Replacement	$126,500	*
Conference Center	Concrete Restoration, Raising & Caulk	$240,000	*
Conference Center	Paint Interior Rooms	$122,500	*
Conference Center	Overhead Door Replacement	$77,500	*
Conference Center	Replace/Rehab Room Doors	$69,000	*
Conference Center	Fire Panel Replacement	$142,000	*
Conference Center	Support Column Repairs	$22,000	*
Conference Center	Digital Marquee	$92,000	*
Conference Center	Repaint Exhibit Hall Airways	$49,000	*
Conference Center	Paint Bridge	$53,600	*
Conference Center	Window Panel Replacements	$19,800	*
Conference Center	Replace Exterior Building Sign	$58,500	*
Conference Center	Trash Compactor Rehab	$34,000	*
Conference Center	Stage and Riser Replacement	$88,000	*
Conference Center	Wood Bench Replacement	$28,000	*
Ice Center	Water Heater Replacement	$36,250	
Ice Center	American Society of Mechanical Engineers (ASME) Storage Tank Replacement	$13,100	
Ice Center	Air Conditioning Addition	$4,270,000	
Ice Center	Emergency Generator Addition	$875,000	
Ice Center	Security Camera System Replacement	$229,000	
Ice Center	Ice Resurfacer Replacement	$172,500	
Ice Center	Second Sheet of Ice	$3,250,000	
Library	Boiler Exhaust Stack Rehabilitation	$171,675	*
Library	Water Pipe Replacements	$121,909	*
Library	Library Landscaping and Plaza Redesign	$103,601	
Library	Refrigerant Leak Detection System	$18,900	
Library	Bookdrop Waterproofing	$52,500

Information Technology	Replacement of Audiovisual Equipment at the JOTC	$50,000	
	Total	$40,815,326	
	Total Deferred Maintenance	$10,157,212	

The CIP budget is the product of the hard work of a large number of people. It begins with department and division managers and their staff who prepared, ranked and updated the CIP requests. It extends to Boards and Commissions who review staff's recommendations and make modifications and establish priorities.

I wish to express my thanks to all who were involved in preparing the Fiscal Year 2026-2030 version of the City's Capital Improvement Program. Special thanks go to Chief Financial Officer, Jennifer Larson; Budget Manager Laura Bendorf; Budget/Financial Analysts, Nathan Kelleher and Joe Link; Assistant City Manager Cori Burbach, Executive Assistant, Stephanie Valentine; Administrative Assistant Mia Burbach; Finance Confidential Account Clerk, Kaia Humpal. I am proud of the work completed by City staff and the end-result. I hope after you have had an opportunity to review this document that you feel it is responsive to your priorities.

FISCAL YEARS 2026-2030 CIP SOURCE OF FUNDS

To finance the CIP projects, a variety of funding sources are used. The following table shows the source of funds for each year of the 5 year CIP.

SOURCE OF FUNDS IN CAPITAL BUDGET	2026	2027	2028	2029	2030	TOTAL	PERCENT
Current Revenue							
Rental Dwelling Rehab Loan Repayments	$ 15,000	$ 15,000	$ 15,000	$ 15,000	$ 15,000	$ 75,000	0.02 %

Business Type – Water, Water Resource & Recovery Center, Parking, Transit, Public Works: Landfill, Refuse, Salt Operations, Engineering: Sewer, Stormwater

Attachment 3

FISCAL YEAR 2026-2030 CIP BUDGET HIGHLIGHTS BY CITY COUNCIL GOALS & PRIORITIES
CITY COUNCIL POLICY AGENDA

The City Council Policy Agenda includes items that require major policy direction decision and/or funding. It includes the City Council's Top and High Priorities.

VIBRANT COMMUNITY: HEALTHY & SAFE

(None)

FINANCIALLY RESPONSIBLE, HIGH-PERFORMANCE CITY ORGANIZATION: SUSTAINABLE, EQUITABLE, AND EFFECTIVE SERVICE DELIVERY

Priority: City Workforce Retention and Attraction: Direction and Funding
Priority classification: High priority
CIP projects supporting this Priority: This priority is supported through the proposed FY26 Human Resources and City Managers Office operating budgets as well as the efforts of all City departments.

Priority: Police Department Staffing and Hiring:
Priority classification: Top Priority
CIP projects supporting this Priority: This priority is supported through the proposed FY26 Police operating budget.

ROBUST LOCAL ECONOMY: DIVERSE BUSINESSES & JOBS WITH ECONOMIC PROSPERITY

Priority: Air Service Future Strategy and Action Plan
Priority classification: Top Priority
CIP projects supporting this Priority: This priority is supported through the proposed FY24 Airport operating budget and CIPs located on pages 93-100.

LIVABLE NEIGHBORHOODS & HOUSING: GREAT PLACE TO LIVE

Priority: Comprehensive Study of Fire Stations Locations Staffing
Priority classification: High Priority
CIP projects supporting this Priority: This priority is supported through the proposed FY26 Fire operating budget and Fire Station Expansion/Relocation CIP located on page 4.

Priority: Central Avenue Revitalization Plan: Adoption, Direction, and City Actions
Priority classification: High Priority
CIP projects supporting this Priority: Central Avenue White Street Corridor Master Plan Design and Implementation Improvements 4th - 22nd Street (205), Greater Downtown Housing Creation Grant Program (259), Downtown Rehabilitation Grant Program (262), Central Ave Housing Forgivable Loan (263), Central Ave Alley Lighting Program (264).

SUSTAINABLE ENVIRONMENT: PRESERVING & ENHANCING NATURAL RESOURCES

Priority: Catfish Creek Sanitary Sewer Project: Old Mill Road Lift Station Project
Priority classification: High Priority

CIP projects supporting this Priority: Old Mill Road Lift Station & Force Main – Phase I (183),Old Mill Road Lift Station & Force Main – Phase 2 (185), Catfish Creek Sewershed Interceptor Sewer Improvements – South Fork (190), Catfish Creek Sewershed Interceptor Sewer Improvements – Middle Fork (192), Southwest Arterial Middle Interchange Sewer Extension (194).

CONNECTED COMMUNITY: EQUITABLE TRANSPORTATION, TECHNOLOGY, INFRASTRUCTURE & MOBILITY

Priority: Construction of 14th St Railroad Overpass and 16th St Corridor Complete Streets Improvements: RAISE Grant
Priority classification: Top Priority
CIP projects supporting this Priority: 14th Street Overpass (204).

Priority: Street Maintenance/Rehabilitation Program: Direction and Funding
Priority classification: Top Priority
CIP projects supporting this Priority: Asphalt, Concrete, and Curb Replacement Program (101-104), Engineering Streets CIPs (196-210)

DIVERSE ARTS, CULTURE, PARKS AND RECREATION EXPERIENCES & ACTIVITIES

Priority: Chaplain Schmitt Island Master Plan Implementation - Next Phase
Priority classification: High Priority
CIP projects supporting this Priority: Admiral Sheehy Drive Water Main Loop (40), Iowa Amphitheater on Schmitt Island (228)

Priority: Parks Maintenance/Refresh Action Plan: Condition Assessment, Needs, Plan Development, Direction and Funding Priority classification: High Priority
CIP projects supporting this Priority: Parks & Recreation Comprehensive Master Plan (14)

PARTNERSHIP FOR A BETTER DUBUQUE: BUILDING OUR COMMUNITY THAT IS VIABLE, LIVABLE & EQUITABLE

(none)

MANAGEMENT IN PROGRESS AND MAJOR PROJECTS:

The following are projects that were identified as the 2024 - 2026 Management in Progress and Major Projects by the City Council and are included in the 2026 CIP budget according to one of the Council's goals.

2024 - 2026 Management in Progress

Management in Progress are items that were previously a City Council Goal and are now in the implementation phase. These items are included in the existing FY 2025 and proposed FY 2026 Operating budgets unless noted for additional funding. The items are identified under their corresponding City Council Goal:

Vibrant Community: Healthy & Safe

- 911 Center Accreditation
- SRO Program Expansion
- Public Safety Workforce Diversification
- Fire Protective Gear Replacement Year 3 (Frontline Gear)
- Equitable Fines and Fees Reform
- Traffic and Security Cameras Deployment: Engineering Traffic CIPs (234-248)
- Diversity Equity and Inclusion Belong City Action Plan
- LPR Cameras
- New CAD Computer System
- Prepared Live – Paid Version
- Fire Equipment (6-8, 12-13)
- Public Safety Radios Upgrade
- Community Risk Reduction (AED Program (slips and falls, mental health response, elderly resources) Strategic Plan
- Opioid Misuse Planning and Response in conjunction with Dubuque County
- Animal Control Ordinance Update
- Public Safety Answer Point Back-Up
- Veterinarian Services Contract
- Pet Licensing Systems (including in-house or outsourcing)
- Public Health Preparedness Emergency Response Plan Update
- Law Enforcement Mental Health and Wellness Check-Ins

Financially Responsible, High Performance City Organization: Sustainable, Equitable, and Effective Service Delivery

- Organizational Culture Continuous Improvement
- Rightsizing Departments – Services and Staffing
- Future City Employee Career Development Program(s)
- City Legislative Lobbying/Advocacy Agenda 2025
- Enterprise Resource Planning (ERP) Software Implementation
- ERP Software Implementation
  - Employee Expense
  - Financial Asset Management
  - Employee Self-Service
- HRIS Implementation
  - Selection
  - Implementation

- CRM Service Model: Implementation
- Data Governance: Direction and Funding
- City Bond Rating: Updated Credit Rating Fall 2024 and Bond Sale
- City-Wide Safety Program
- Debt and Investment Management Software
- Banking Services
- Cyber Security Enhancements: Training and Tool
- Leisure Services Director Replacement
- Adopt A Spot/Volunteer Management Hub Site GIS Application

Robust Local Economy: Diverse Business & Jobs with Economic Prosperity

- Business Incentives Policy/Processes: Review and Refinement
- Office of Shared Prosperity/Poverty Reduction Plan: Update Report
- Flexsteel Site for Redevelopment: Pump Agreement
- Minority-, Women-, Disabled-, and LGBT Business Enterprises (MWDBE) Procurement Policy
- MWDBE) Procurement Policy, Process Revision and Recruitment
- Port New Hotel Development: Closing
- Comprehensive Hotel Attraction/Incentive Policy and Strategy –Port and Rehabilitation
- Grand Harbor Hotel Transition to New Ownership: City Actions

Livable Neighborhoods: Great Place to Live

- Unified Development Code Update
- Neighborhood Associations Development: Public Awareness
- NSPIRE Implementation from HQS for the HCV Program
- HOTMA Implementation for HCV Program
- Terminus for all Permits, Data Governance and Storage: Completion
- Permitting and Inspection Software Implementation: Completion
- New Housing Development Support: Report (Starts and Additional Permits)
- Code Compliance/Enforcement Enhancements:

Sustainable Environment: Preserving & Enhancing Natural Resources

- Water Distribution and Treatment System Master Plan: Budget Decision FY 25
- Trees Planting Program Enhancement: Report Options, Direction and City Actions (Planting: 5,280 trees)
- Water Resource Recovery Plant – Odor Abatement Implementation (90)
- Sewer System Infrastructure Asset Master Plan: Analysis Completion and Update Report (158)
- Pollinator Habitat in Park System Implementation: Complete Natural Resources Plan Actions (20)
- Electric Bus Implementation: Acquisition (1)
- Emerald Ash Borer (23)
- Air Quality EPA Path Forward: Update Reports
- Consumer Confidence Report 2024: Creation and Publication
- Waste Temporarily Stored in the Open-Air excess Flow Tank: Removal and Disposal
- Vacant Maintenance Supervisor Position: Evaluation and Direction
- HVAC Mini-split System Installation: Completion
- Fats, Oils, and Grease Program: Software Update Implementation

- WRRC State Certified Lab Expanding the Testing Capability: Completion

Connected Community: Equitable Transportation, Technology, Infrastructure & Mobility

- Traffic on Central Avenue/White Corridor Short Term Action (209)
- Parking System and Technology Master Plan: Work Session (269)
- STREETS Program: Phase 1 – Arterials Design (245-246)
- Community Broadband Project – Fiber-to-the-Home: Phase 2 Funding Sources (255)
- Smart Parking and Mobility Study: Parking Implementation (269)
- Jule Services Study Planning Grant: Selection of Consultant and Completion

Diverse Arts, Culture, Parks, and Recreation Experiences and Activities

- Chaplain Schmitt Island Amphitheater Development: Implementation Direction and Funding (229)
- Comiskey Park Upgrades – Phase 2 Park Renovation Complete (16)
- Eagle Point Park Enhancements/Reinvestment: Challenge Grant (17)
- Comprehensive Parks Master Plan (15)
- 5-Flags Facility Capital Improvement Project (24-28)
- Arts and Culture Master Plan: Revised
- Five Flags Civic Center Management: Selection
- Historic Millwork District Park Plan
- Culture Definition: Report
- Cultural Experiences and Programming: Report

Partnership For A Better Dubuque: Building Our Community That Is Viable, Livable, & Equitable

- Succession Plan for Intergovernmental Relations Position: Development
- Community Impact Department: Mission/Vision
- City Life in Marshallese or Other Language: Implementation
- Equitable Fine and Fee Work Plan

Major Projects

Major Projects are projects that are underway and budgeted. Staff is implementing and providing updates to City Council. These items are included in the existing FY 2025 and proposed FY 2026 Operating budgets unless noted for additional funding. The items are identified under their corresponding City Council Goal:

Vibrant Community: Healthy & Safe

- Fire Headquarters Bunk Room Remodel, HVAC, and Fire Administration Office Update: Engineering Design (1)
- Burn Tower Improvement Project: Construction

Financially Responsible, High Performance City Organization: Sustainable, Equitable, and Effective Service Delivery

- City Hall and Annex Project: Design

- Federal Building Upgrade Project: Completion
- Multicultural Family Center Project: Completions
- City Data Center Project– Phase 1: Completion
- City Facility Integrated Access Control
- Federal Building HVAC System Condition Assessment and Long-term Replacement Plan: Completion

Robust Local Economy: Diverse Business & Jobs with Economic Prosperity

- Dubuque Brewing & Malting Building Project: Deconstruction Completion and Site Remediation Enforcement Action
- River Boat Docking Project: Environmental Study and Temporary Dock Installation (227)

Livable Neighborhoods: Great Place to Live

- (none)

Sustainable Environment: Preserving & Enhancing Natural Resources

- Bee Branch Stormwater Pumping Station Project (16th Street/Kerper Pumping Station) (161)
- SCADA Overhaul: Water (54, 247)
- Lead Water Lines Replacement (Grant Dependent) (53)
- Auburn and Custer Water Main, Sanitary Sewer, Street Reconstruction Project: Construction (66)
- Green Alley Project: Construction (46, 211)
- 42-inch Diameter Sanitary Sewer Force Main Stabilization Project (USACE partnership): Completion (196)
- Cedar and Terminal Street Lift Station and Force Main: Bid (182)
- Tamarack Sanitary Sewer Extension Project: Construction
- Twin Ridge Sanitary Sewer Extension and Lagoon Abandonment Project: Construction
- Granger Creek Lift Station Improvements: Construction (184)
- Old Mill Road Lift Station & Force Main: Construction (184-186)
- Grove Terrace Sanitary Sewer Reconstruction: Construction (66)
- Advancing New Deep Well No. 11 (as part of PFAS Remediation Plan) (56)
- North Cascade/Southwest Arterial Water/Sewer Main Extension from Edval Lane to North. English Mill Road): Construction
- City-Wide Fiber Project – Water Department Pump, Stations, Tanks and Towers: Completion (251, 253)
- Tamarack Park/HWY 61 Water Main Extension project (per development agreement.): Construction
- Deep Well No. 7 Rehabilitation: Completion
- Creek Crossing Restoration Project: Construction
- High Strength Waste Receiving & Storage Project

Connected Community: Equitable Transportation, Technology, Infrastructure & Mobility

- East-West Corridor/Roundabout Policy/Projects: Preliminary Design (199)
- Highway 20/Northwest Arterial Intersection Project: (IDOT Funding FY 26) (208)
- SW Arterial ITS Project: Construction Completion
- Connection to Data Center Project: Phase 2 Construction Completion

- Building Connection to Additional City Locations Project: Completion
- Taxiway Alpha Construction Project – Phase 2: Completion (93)
- Terminal Solar Photovoltaic Project: Completion
- General Aviation Apron Reconstruction Project: Construction (94)
- Bee Branch Trail - Phase 1 Project: Completion, Significant Audit Preparation and Project Close Out
- Chaplain Schmitt Federal Community Project Trail Grant Project: Construction and Audit
- Heeb Street Reconstruction Project – South of Kaufmann Avenue
- 2024 Pavement Marking Project: Completion (197, 222)
- Wildwood Drive Bridge Replacement: Design (207)
- Relocation of Fiber Optics on Bridge (Highway 20)

Diverse Arts, Culture, Parks and Recreation Experiences and Activities

- Eagle Valley Subdivision Park: Completion
- English Ridge Subdivision Park: Completion
- Westbrook Park: Completion
- Jackson Park Restrooms/Amenities
- ImOn Arena – Dehumidification, HVAC, Generator Set System Project
- Design Dehumidification
- Bid and Construction
- HVAC/Generator (Budget Decision FY 26)

Partnership For A Better Dubuque: Building Our Community That Is Viable, Livable, & Equitable (None)

SOURCE OF FUNDS AND IMPORTANT DETAILS

The Fiscal Year 2026-2030 CIP presents a financial plan that reflects a $285,870 general fund property tax levy supported annual debt service for the FY 2010 purchase of a replacement pumper truck ($1,035,000) and the FY 2016 franchise fee litigation settlement judgment bond ($2,800,000). No other borrowings included in the Fiscal Year 2026-2030 CIP utilize a debt service levy. It is anticipated that other borrowing from non-utility funds can and will be minimized by using other sources of funds such as future DRA annual distributions of operating surplus and sales tax revenue.

The following important details are about the source of funds:

UTILITIES

Stormwater

The Stormwater Utility was formed on July 1, 2003, to update and expand the City's aging infrastructure, comply with the National Pollution Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) permit, and implement the various elements of the 2001 Drainage Basin Master Plan (amended in 2013), which outlined improvements in both the Catfish Creek and Bee Branch watersheds. The City has been able to garner support from local, state, and federal partners with over $163 million in outside funding to help offset the cost of the overall $254 million project. Since 2001, the City has made steady progress on the various phases of the project.

When the City Council adopted Ordinance 21-12 (passed and approved on March 7, 2012), they established that the stormwater utility fee would increase to $9.00 per month on July 1, 2016 in order to fund the operational and capital costs of the public stormwater management system, including improvements such as the Bee Branch Creek Restoration Project. But later in 2012, the Iowa General Assembly created the Flood Mitigation Program which provides funding for flood mitigation projects undertaken by local governments such as the City of Dubuque. Managed by the Iowa Flood Mitigation Board, the funding source established involves taking a portion of the incremental growth of State sales tax revenue collected within a city and diverting from the State General Fund to cities approved for the funding. Having updated the Drainage Basin Master Plan in the fall of 2013, which outlined the improvements associated with the 12-phase Bee Branch Watershed Flood Mitigation Project, the City was successful in securing $98.5 million in State sales tax increment funding. With the infusion of funding, the City Council adopted Ordinance 16-14 (passed and approved on March 5, 2014) establishing that the stormwater utility fee did not reach $9.00 per month until July 1, 2021, five years later than later than previously scheduled.

The City has been able to provide stormwater management services within the rate structure established by Ordinance 16-14. Due to the uncertain economic impacts of the COVID-19 pandemic, there was no increase in FY2021 as part of the City's Coronavirus relief response. With some minor adjustments to planned Capital Improvement Program projects, reducing some budgets and delaying a few others, the City was able to delay the planned increases for a year such that the rate did not reach $9.00 per month until FY 2023, six years later than previously scheduled.

The recommended Fiscal Year 2026-2030 Capital Improvement Program Budget includes $13,696,697 for the Flood Mitigation Gate & Pump Replacement as part of the Bee Branch Creek Restoration Project (Phase 5 of the Bee Branch Watershed Flood Mitigation Project). Additional funding was provided for the project in the Fiscal Years 2024 and 2025 Capital Improvement Program Budgets.

The recommended Fiscal Year 2026-2030 Capital Improvement Program Budget includes $3,556,000 for construction in Fiscal Year 2028 for the Flood Control Maintenance Facility as part of the Bee Branch Creek Restoration Project (Phase 9 of the Bee Branch Watershed Flood Mitigation Project). Additional Funding was provided for the project design in the Fiscal Year 2025 Capital Improvement Program Budget.

The recommended Fiscal Year 2026-2030 Capital Improvement Program Budget includes $1,120,000 for the North End Storm Sewer Improvements as part of the Bee Branch Creek Restoration Project (Phase 10 of the Bee Branch Watershed Flood Mitigation Project).

Fiscal Year 2026 will be the nineteenth fiscal year that the Stormwater Fund is recommended to be fully funded by stormwater user fees. The General Fund will continue to provide funding for the stormwater fee subsidies that provide a 50% subsidy for the stormwater fee charged to property tax exempt properties, low-to-moderate income residents, and a 75% subsidy for the stormwater fee charged to residential farms. The FY 2026 Stormwater User Fee is proposed to increase from $10.50 per SFU to $11.03 per SFU, a 5.00% increase.

	Rate Per Single Family Unit (SFU)
Fiscal Year 2021 - Adopted Per Ordinance 21-20	$ 8.29
Fiscal Year 2022 - Adopted Per Ordinance 10-21	$ 8.85
Fiscal Year 2023 - Adopted Per Ordinance 13-22	$ 9.00
Fiscal Year 2024 - Adopted Per Ordinance 14-23	$ 10.00
Fiscal Year 2025 - Adopted Per Ordinance 14-24	$ 10.50
Fiscal Year 2026 - Recommended	$ 11.03

Water

Water revenue represents a portion of the monthly water bill that goes for maintenance, repair, replacement and improvement of the Eagle Point Water Plant and water distribution system on a pay-as-you-go basis for all projects except the major extensions. The annual payment to the depreciation fund in Fiscal Year 2025 is $60,000. The Fiscal Year 2026-2030 CIP anticipates $2,908,280 in Fiscal Year 2026, $1,555,195 in Fiscal Year 2027, $2,468,211 in Fiscal Year 2028, $2,950,541 in Fiscal Year 2029, and $2,034,800 in Fiscal Year 2030.

Water State Revolving Fund Loans will be used to finance sewer projects in FY 2026-2030 as follows: $750,000 FY 2026; $1,524,715 FY 2027; $9,158,146 FY 2028; $4,523,812 FY 2029; and $0 FY 2030. The debt service related to the total $15,956,673 State Revolving Fund Loans over the 5-years will be paid from water fees and offset by reduced payments to Depreciation (Construction Fund). The State Revolving Fund Loans support West End Annexation Study and Implementation Phase I, Tamarack Park Drive/Wood Gate Drive Frontage Road Water Main Extension, Source Water PFAS Reduction Project Granular Filter, Water Main Replacements - Consent Decree, Third Pressure Zone Connection (from Tanzanite Dr to Olympic Heights Pump Station), Highway 20/Dodge St. Water Main Relocation - Devon Drive to Concord Street, Green Alley Water Main Improvements, Water Storage Rehabilitation Program, Water Main Replacements - Streets, and West End Annexation Phase II.

Prior to FY 2013, the General fund has been subsidizing a portion of the utility funds use of administrative services such as Engineering administration, Engineering Project Management, Finance accounting services, Economic Development, Planning Services, Workforce Development, City Clerk services, Legal services, City Manager's Office including Budget, Geographic Information Systems, Sustainability, Neighborhood Development, Arts and Cultural Affairs and Personnel. Prior to FY 2013, the Engineering department estimated the amount of time spent on projects and allocated that time to an Internal Service Fund which is then allocated to the various capital improvement projects that the personnel work on. The remaining time not allocated to the Internal Service Fund was considered administrative and has been charged to the General Fund. In addition, administrative departments such as the City Manager's Office, Legal, Planning, Economic Development, City Clerk's Office and Workforce Development recharged expenses based upon each enterprise fund's percent of the City-wide operating budget, excluding debt service. The accounting activity of the Finance Department has not been recharged to the other funds with exception of payroll and loan processing, parking tickets and landfill billing.

Beginning in FY 2013, additional overhead recharges to the utility funds is being phased in over several years. Engineering administrative and project management expenses that are not recharged to capital projects will be split evenly between the Water, Sewer, Stormwater and General Funds. Finance accounting expenses and all other administrative departments such as Economic Development, Planning, Workforce Development, City Clerk, Legal Services and City Manager's Office will be split evenly between Water, Sewer, Stormwater, Refuse Collection and General Funds, with overhead costs being shared by the Landfill and Parking. This will be fully implemented over time.

Beginning in Fiscal Year 2018, Neighborhood Development, Economic Development and Workforce Development expenses will not be recharged to utility funds. In addition, the Landfill will not be recharged GIS and Planning expenses.

The Water Fund's share of the City's administrative overhead is 18.75%. In FY 2026, the Water Fund will support 17.99% of administrative overhead.

The water fees in FY 2026 are recommended to increase 9.0%.

Sewer

Sewer revenue represents a portion of the monthly sewer bill that goes for the maintenance, repair, replacement and improvement of the Water & Resource Recovery Center Plant; lift stations, and sewer lines on a pay-as-you-go basis. The annual payment to the depreciation fund in Fiscal Year 2025 was $1,600,000. The Fiscal Year 2026-2030 CIP anticipates $1,946,377 in Fiscal Year 2026, $2,900,000 in Fiscal Year 2027, $2,100,000 in Fiscal Year 2028, $2,238,000 in Fiscal Year 2029 and $2,822,900 in Fiscal Year 2030.

Sanitary Sewer State Revolving Fund Loans will be used to finance sewer projects in FY 2026-2030 as follows: $20,079,873 FY 2026; $17,796,826 FY 2027; $19,938,126 FY 2028; $12,413,852 FY 2029; and $8,170,350 FY 2030. The debt service related to the total $78,399,027 State Revolving Fund Loans over the 5-years will be paid from sewer fees and offset by reduced payments to Depreciation (Construction Fund). The State Revolving Fund Loans support such projects as Fore main Stabilization, Catfish Creek Sewershed Interceptor Improvements (South Fork and Middle Fork), Cedar and Terminal Street Lift Station and Force Main Improvements, South West Arterial Middle Interchange Sewer Extension, Old Mill Road Lift Station & Force Main Phases (1 and 2), Outfall Manhole Reconstruction, Track Line Sewer Reconstruction, W&RRC Plant Nutrient Reduction Improvements, W&RRC Industrial Control Upgrade, W&RRC Headworks Bar Screen Replacement, RAS and Scum Pump Replacement.

The sewer fees in FY 2026 are recommended to increase 9.0%.

Prior to FY 2013, the General fund has been subsidizing a portion of the utility funds use of administrative services such as Engineering administration, Engineering Project Management, Finance accounting services, Economic Development, Planning Services, Workforce Development, City Clerk services, Legal services, City Manager's Office including Budget, Geographic Information Systems, Sustainability, Neighborhood Development, Arts and Cultural Affairs and Personnel. Prior to FY 2013, the Engineering department estimated the amount of time spent on projects and allocated that time to an Internal Service Fund which is then allocated to the various capital improvement projects that the personnel work on. The remaining time not allocated to the Internal Service Fund was considered administrative and has been charged to the General Fund. In addition, administrative departments such as the City Manager's Office, Legal, Planning, Economic Development, City Clerk's Office and Workforce Development recharged expenses based upon each enterprise fund's percent of the City-wide operating budget, excluding debt service. The accounting activity of the Finance Department has not been recharged to the other funds with exception of payroll and loan processing, parking tickets and landfill billing.

Beginning in FY 2013, additional overhead recharges to the utility funds is being phased in over several years. Engineering administrative and project management expenses that are not recharged to capital projects will be split evenly between the Water, Sewer, Stormwater and General Funds. Finance accounting expenses and all other administrative departments such as Economic Development, Planning, Workforce Development, City Clerk, Legal Services and City Manager's Office will be split evenly between Water, Sewer, Stormwater, Refuse Collection and General Funds, with overhead costs being shared by the Landfill and Parking. This will be fully implemented over time.

Beginning in Fiscal Year 2018, Neighborhood Development, Economic Development and Workforce Development expenses will not be recharged to utility funds. In addition, the Landfill will not be recharged GIS and Planning expenses.

The Sanitary Sewer Fund's share of the City's administrative overhead is 18.75%. In FY 2026, the Sanitary Sewer Fund will support 18.46% of the administrative overhead.

Parking

Parking revenue represents three primary sources: (a) the balance of prior year depreciation funds set aside for the maintenance and repair of parking ramps; (b) future payments to the depreciation fund for repair and maintenance of the parking system (there are no budgeted payments to the depreciation fund in future years due to using existing cash balance); and (c) interest income.

A $5.2 million Greater Downtown TIF borrowing is anticipated in FY 2026-2030 for parking ramp major maintenance. New debt service will be paid from the Greater Downtown TIF fund.

The Greater Downtown TIF will support parking related debt in the downtown as follows: $2,012,375 in FY 2026; $2,014,000 in FY 2027; $2,010,750 in FY 2028; $2,012,625 in FY 2029; and $2,013,875 in FY 2030.

Prior to FY 2013, the General fund has been subsidizing a portion of the utility funds use of administrative services such as Engineering administration, Engineering Project Management, Finance accounting services, Economic Development, Planning Services, Workforce Development, City Clerk services, Legal services, City Manager's Office including Budget, Geographic Information Systems, Sustainability, Neighborhood Development, Arts and Cultural Affairs and Personnel. Prior to FY 2013, the Engineering department estimated the amount of time spent on projects and allocated that time to an Internal Service Fund which is then allocated to the various capital improvement projects that the personnel work on. The remaining time not allocated to the Internal Service Fund was considered administrative and has been charged to the General Fund. In addition, administrative departments such as the City Manager's Office, Legal, Planning, Economic Development, City Clerk's Office and Workforce Development recharged expenses based upon each enterprise fund's percent of the City-wide operating budget, excluding debt service. The accounting activity of the Finance Department has not been recharged to the other funds with exception of payroll and loan processing, parking tickets and landfill billing.

Beginning in FY 2013, additional overhead recharges to the utility funds is being phased in over several years. Engineering administrative and project management expenses that are not recharged to capital projects will be split evenly between the Water, Sewer, Stormwater and General Funds. Finance accounting expenses and all other administrative departments such as Economic Development, Planning, Workforce Development, City Clerk, Legal Services and City Manager's Office will be split evenly between Water, Sewer, Stormwater, Refuse Collection and General Funds, with overhead costs being shared by the Landfill and Parking. This will be fully implemented over time.

Beginning in Fiscal Year 2018, Neighborhood Development, Economic Development and Workforce Development expenses will not be recharged to utility funds. In addition, the Landfill will not be recharged GIS and Planning expenses.

The Parking Fund's share of the City's administrative overhead is 6.93%. In FY 2026, the Parking Fund will support 2.84% of the administrative overhead.

Solid Waste Collection Activities

Solid waste collection activities revenue represents a portion of the monthly refuse bill that goes for the purchase of solid waste collection vehicles. The annual payment to the depreciation fund in Fiscal Year 2025 was $325,000. The Fiscal Year 2026-2030 CIP anticipates $— in FY 2026, $108,450 in FY 2027; $1,880 in FY 2028; $— in FY 2029; and $— in FY 2030.

The Solid Waste Collection will support solid waste related debt for solid waste collection vehicles as follows: $220,000 in FY 2026; $375,000 in FY 2027; $595,000 in FY 2028; $375,000 in FY 2029 ; $845,000 in FY 2030.

Prior to FY 2013, the General fund has been subsidizing a portion of the utility funds use of administrative services such as Engineering administration, Engineering Project Management, Finance accounting services, Economic Development, Planning Services, Workforce Development, City Clerk services, Legal services, City Manager's Office including Budget, Geographic Information Systems, Sustainability, Neighborhood Development, Arts and Cultural Affairs and Personnel. Prior to FY 2013, the Engineering department estimated the amount of time spent on projects and allocated that time to an Internal Service Fund which is then allocated to the various capital improvement projects that the personnel work on. The remaining time not allocated to the Internal Service Fund was considered administrative and has been charged to the General Fund. In addition, administrative departments such as the City Manager's Office, Legal, Planning, Economic Development, City Clerk's Office and Workforce Development recharged expenses based upon each enterprise fund's percent of the City-wide operating budget, excluding debt service. The accounting activity of the Finance Department has not been recharged to the other funds with exception of payroll and loan processing, parking tickets and landfill billing.

Beginning in FY 2013, additional overhead recharges to the utility funds is being phased in over several years. Engineering administrative and project management expenses that are not recharged to capital projects will be split evenly between the Water, Sewer, Stormwater and General Funds. Finance accounting expenses and all other administrative departments such as Economic Development, Planning, Workforce Development, City Clerk, Legal Services and City Manager's Office will be split evenly between Water, Sewer, Stormwater, Refuse Collection and General Funds, with overhead costs being shared by the Landfill and Parking. This will be fully implemented over time.

Beginning in Fiscal Year 2018, Neighborhood Development, Economic Development and Workforce Development expenses will not be recharged to utility funds. In addition, the Landfill will not be recharged GIS and Planning expenses.

The Solid Waste Fund's share of the City's administrative overhead is 18.75%. In FY 2026, the Solid Waste Fund will support 18.64% of the administrative overhead.

The solid waste collection fees in FY 2026 are recommended to increase 5%.

GENERAL FUND

The current revenue amount of $409,000 (0.12% of CIP Total) during the five-year period represents $110,000 in golf funds for improvements to the Bunker Hill Golf Course, $29,000 in Historic Preservation Loan repayments, $75,000 in Rental Dwelling Rehab Repayments, $120,000 in Washington Neighborhood Loan Repayments, $50,000 in insurance and other reimbursements, and $25,000 in repayments to the Homeownership Loan Program.

LOCAL OPTION SALES TAX (LOST)

The local option Sales and Services Tax approved by the voters on February 2, 1988, provided that 20 percent of the proceeds would be used for: (a) the upkeep of City-owned property such as sidewalks, steps, storm sewers, walks, curbs, traffic signals and signs, bridges, and buildings and facilities; (b) transit equipment such as buses; (c) riverfront and wetland developments; and (d) economic development projects. This portion of the Sales and Services Tax shows up on the CIP Source of Funds Summary as “Sales Tax (20%)” totals $2,076,092 and represents 0.59% of the total CIP.

The local option Sales and Services Tax approved by the voters on February 2, 1988, provided that 30 percent of the proceeds would be used to: (a) reduce street special assessments by at least 75 percent; and (b) maintain and repair streets. This portion of the Sales and Services Tax shows up on the CIP Source of Funds Summary as “Sales Tax/Street Projects (30 percent)” and totals $21,760,781, or 6.19% of the total CIP.

GAMING

DRA payments represent 0% in FY 2026 of the projected gaming taxes, rent, and admissions from the race track, slots and riverboat operations ($0 or 0.00% of the total CIP) over the five-year period. When practical in future years, additional revenues will be moved to capital from operating. To the extent that there is any revenue shortfall in future years, capital projects will be eliminated or deferred. DRA distribution revenue projections ($2,498,676 or 0.71% of the total CIP) are discounted consistent with the adopted budget guidelines by 5% in FY 2028, 10% in FY 2029 and 15% in FY 2030. In Fiscal Year 2026, all DRA Distribution is diverted to the operating budget instead of being used in the capital budget. This was also done in Fiscal Year 2025 and 2024, which is a change from past practice.

On December 14, 2021, an amended lease took effect with the Dubuque Racing Association for lease of the Q Casino. This lease amendment raised the lease payment from 1% of coin-in to 1.5% of coin-in.The amendment increased the amount retained by the DRA for the operating budget reserve from 5% to 10%. The lease amendment eliminates the $10,000 per month DRA payment to the Depreciation and Improvement Fund for facility maintenance. In addition, the distribution of net profit is now split three ways between the City, charities, and the Schmitt Island Master Plan Implementation from a two-way split between the City and charities. The amended lease has an expiration date of December 31, 2055.

In calendar year 2024, the DRA saw a decline of -4.85% in gross gaming revenues, while Diamond Jo experienced a slight increase of +1.61% compared to 2023. The Dubuque market in 2024 was approximately $122.6 million annually, showing a decrease of -0.8% from the $123.6 million market in 2023. This decline was expected due to construction disruptions throughout the year. The DRA's gross gaming revenue was significantly impacted by redevelopment work on the property, which continued throughout the year. Additionally, the main highway leading to our facility was closed for extended repairs. An exit ramp that was initially scheduled for a brief closure ended up being closed for several months, further affecting traffic and access.

Despite these challenges, the DRA saw growth in other areas in 2023, including food and beverage sales, as well as new revenue from the opening of the Island Social (Family Entertainment Center) and the new banquet event space. However, total gross revenue for the DRA in 2024 was down -4.2% compared to 2023.

FEDERAL FUNDING

Community Development Block Grant (CDBG)
The Fiscal year 2026-2030 CIP anticipates that Community Development Block Grant (CDBG) funds will be $450,000 in FY 2026; $450,000 in 2027; $350,000 in FY 2028; $250,000 in FY 2029; and $250,000 in FY 2030 (0.50% of the total CIP). CDBG is budgeted at the same funding level as FY 2025.

Federal Aviation Administration (FAA)
The FAA funding of $21,888,495 (6.23% of the total CIP) provides 90 percent match on most airfield related improvements. The Fiscal Year 2026-2030 budget includes Reconstruct Taxiway A, Terminal Building Modifications, Taxiway D Extension, Westside D Extension, Reconstruct General Aviation Apron, and Update Airport Pavement Management System.

Federal Lead Paint/Healthy Homes Grant (1.62% of Total CIP)

The Fiscal year 2026-2030 CIP anticipates that Lead Paint/Healthy Homes Grant funds will be $1,300,000 in FY 2026; $2,700,000 in 2027; $1,700,000 in FY 2028; — in FY 2029; and — in FY 2030 (1.62% of the total CIP).

Healthy Homes Production Grant (0.51% of Total CIP)

The Fiscal year 2026-2030 CIP anticipates that Healthy Homes Production Grant funds will be $550,000 in FY 2026; $1,000,000 in 2027; $250,000 in FY 2028; — in FY 2029; and — in FY 2030 (0.51% of the total CIP).

Federal Assistance
Federal Assistance funding of $38,327,815 (10.90% of the total CIP) includes EDA, EPA, Infrastructure grants, and other federal grants. The Fiscal Year 2026-2030 budget includes Bee Branch Creek Gate and Pump Replacement, Public Electric Vehicle Chargers, and 14th Street Overpass, .

Federal STP Funds
Federal STP Funds funding of $13,653,598 (3.88% of the total CIP) includes DMATS funds for 14th Street Overpass, and US Highway 20 - Northwest Arterial Intersection Operational and Capacity Improvements.

STATE FUNDING

Road Use Tax
Road Use Tax Funds (RUTF) of $0 (0.00% of the total CIP) over five years represents the balance of annual payments not required for support of the operating budget and funds that had been reserved to finance high priority transportation projects. The Iowa Department of Transportation (IDOT) provides annual projections on the amount of RUTF the City of Dubuque will receive over the next five years based on a per capita amount. The State Road Use Tax Fund consist of revenues from fuel tax, vehicle registration fees, use tax, driver's license fees and other miscellaneous sources and is distributed to cities on a per capita basis. It should be noted that in FY 2010, the Iowa Department of Revenue increased Road Use Tax Funds (RUT) as a result of higher vehicle registration fees passed into law in 2008. The gas tax was increased ten cents beginning in February 2015. The city is estimated to receive $44,519,265 for FY 2026-2030.

Sales Tax Increment Revenue
The City secured a $98.5 million grant through the State of Iowa Flood Mitigation program funded by 70% of the sales tax increment revenue received from the State of Iowa's 5% portion of sales tax received from sales in the City of Dubuque. This revenue will fund the debt service payable on Sales Tax increment Revenue bonds and Iowa Finance Authority State Revolving Fund Loans issued for the Flood Mitigation project known as the Bee Branch Watershed Project. In the five year capital program, $3,956,000 of sales tax increment revenue will fund pay-as-you-go projects related to the Bee Branch Watershed project.

Other State Grants (0.61% of Total CIP)
State funding includes Iowa Department of Transportation Funding for street projects and trails and Historic Preservation Surveys and Regulations of $2,155,000 are anticipated over the five-year program.

State transit funding includes $37,492 over the five-year program for bus stop improvements.

Iowa Finance Authority funding of $919,896 is anticipated over the five-year program for the Housing Department's Housing Trust Fund to provide permanently affordable housing or assistance to nonprofit organizations providing the same.

TAX INCREMENT FINANCING (TIF)

Dubuque Industrial Center West TIF District
In FY 2006 and 2007, Tax Increment Financing (TIF) funds were committed towards abatement of the 20 year G.O. Bond issue for a Dubuque Industrial Center West (DICW) expansion and Chavenelle Road extension project, thereby delaying payback to the general fund for prior year development costs. In FY 2007, the TIF assessed values increased, allowing for additional increment for projects and cost recovery to continue. In FY 2017, the TIF assessed values increased again from a commercial 12% state equalization order.

The FY 2026-2030 CIP includes $1,857,500 in land sale proceeds to provide funding for the new campaign by the Greater Dubuque Development Corporation to improve the economy in Dubuque, $60,000 for a second dog park planning, and $30,000 for native plantings.

Annexation Initiatives
As annexation and development continues, the City has taken the following initiatives to provide services to annexed areas:

Additional Police Officers (Operating Budget)
With the Police Department's crime strategy, Territory Accountability Design, in full implementation, the department projected the need to increase Dubuque's current six patrol territories to seven as new areas of the city are developed. To add a seventh territory, five additional police officers were needed.

Partly in response to this need, the Police Department developed a Sworn Officer Plan which proposed the addition of 15 sworn police officers over a five-year period, with the first five (four Police Officers and one Police Corporal acting as a Section 8 Investigator) approved in December 2007, four more were approved in FY 2009, three more were approved in FY 2010, two more were approved in FY 2011 and one more was approved in FY 2012. The plan's staff increases created sufficient staffing to establish an additional patrol territory. In FY 2019, an additional sworn police officer was added, an existing position was promoted to Captain and one Corporal position was eliminated in order to create a Specialty Unit Commander. The Fiscal Year 2020 budget approved the expansion of the Dubuque Police Department School Resource Officer Program. To spread the expenses over time, three SRO's were to have been added over three consecutive years: Fiscal Year 2020, Fiscal Year 2021, and Fiscal Year 2022 budget. However, the expansion was frozen in FY21 due to the pandemic causing the final position and was added in FY23 instead of FY22 as originally planned. The Dubuque Community School District (DCSD) will still gradually pay 50% of the salary of the existing SRO Lieutenant, and the DARE Officer. This DCSD payment will be implemented in increments of 45% of 50% reimbursement in year 1, or Fiscal Year 20, 75% of 50% reimbursement in year 2, or Fiscal Year 21, and 100% of 50% reimbursement in year 3, or Fiscal Year 22. In Fiscal Year 2024, two Crisis Intervention Team Officers were approved. In late 2024, the Precision Policing Center (PPC) was established. It is expected to serve as a critical "force multiplier" for the department, supporting rapid police response, informed decision-making, and proactive crime prevention. This is also supporting officer safety. The PPC is staffed by five non-sworn (civilian) employees in three roles: three Precision Policing Center Technicians, one Crime Analyst, and one Criminal Computer Forensics.

Fire Station and Additional Firefighters/Paramedics
An additional west end fire station is currently projected to be designed in FY 2030 and built in FY 2031. In fact, this might not be an additional station but might be a relocation of the Grandview fire station. This station would be approximately 10,000 square feet and house two response apparatus, plus storage for other reserve units. The City of Dubuque currently has an annexation study and not an annexation plan. However, addition of this fire station and associated ambulance and firefighting response capability and capacity positions the City well to develop an annexation plan and begin the process of annexation in the future. The City Development Board, that approves annexation expects services to be provided within 3 years of annexation. For a new station, operating costs include insurance, utilities, equipment, maintenance, and furniture. In FY2020, one (1) new employee was added, one (1) additional new employee was added in FY 2021 as well. The position that was to be added in FY2022 was delayed. In FY2023, 4 new employees were added. In FY2024, one new firefighter was added. In FY 2025 an additional EMS Captain and an additional EMS Bureau Chief were approved, and the additional employees may be added in future years. In addition, 3 firefighter/paramedic positions were added in FY2023 to provide one additional staff member on each of the three duty shifts. The additional ambulance for the additional fire station was purchased in FY2023. The current minimum staffing per shift is 22, with 28 personnel assigned to cover leave. The additional personnel will reduce the need for overtime as each shift will have more positions available to cover vacations and other leave.

Additional Snow Plow Drivers and Snow Plow Route (Operating Budget)
Dubuque's expansion also increased the number of streets and roads that must be maintained by the City's Public Works Department. In order to maintain the current level of street maintenance, street cleaning, and snow and ice control to all areas of the city, the Public Works Department was approved for the addition of a snow plow driver in FY 2009 and another is expected to be requested in a future year. Two drivers are needed to staff a route 24 hours a day in a snow event. The Public Works Department plans to create another snowplow route with these two employees as annexation and development dictates. In the warm months, this position will be assigned to the Parks and Recreation Department to maintain City parks and landscaping in the Washington Neighborhood, Port of Dubuque, Iowa Street and the Locust Street connector. In Fiscal Year 2009, the Public Works Department also began using Refuse, Recycling and Yard Waste Collection employees at the end of their collection routes and on overtime to assist in snow removal duties. The City has also developed a plan to use personnel and equipment from other City departments to go from 22 pieces of snow removal equipment to 32 pieces of snow removal equipment in a snow storm that exceeds 5 inches. With the recommendation to eliminate full-time positions in the Engineering Department and create one part-time position, there will be less opportunity to supplement the snow plowing effort.

Water and Sanitary Sewer Service
The City is in the process of extending sanitary sewers and water service into new development areas or recently annexed areas as part of pre-annexation agreements and replacing undersized sanitary sewers along with new lift stations. Requests have been received for sanitary sewer and water service on North Cascade Road near Highway 20 and for water service further North on John F. Kennedy Road.

In 2003, a new water main was activated from Highway 20 north on the east side of the Northwest Arterial to John F. Kennedy Road then west to a new 1.25 million gallon water tower located at the Dubuque Soccer Complex. By constructing this tower and with this water main extension in the fourth pressure zone of the City's water distribution system, it allowed growth to take place for residential, commercial and industry to the west of the community.

To date, both sanitary sewer and water service have been extended through the Dubuque Industrial Center West, along Seippel Road to the north edge of the Callahan subdivision. Additional funds are available to extend water and sewer service to the 643 acres annexed and to other areas under consideration for annexation. The City has spent in excess of $2 million to replace much of the North Fork Catfish Creek Sanitary Sewer Line. The City extended the Granger Creek Interceptor sewer and the public water main from the Technology Park South along highway 151/61 to the north side of the Dubuque Regional Airport. The Granger Creek sanitary sewer and water main extension provided immediate sanitary sewer and water services to the Dubuque Regional Airport and portions of the annexation areas that are adjacent to the highway 151/61 corridor.

Greater Downtown TIF District
This district was formally the Downtown and Ice Harbor TIF districts but now have been combined to the Greater Downtown TIF district. Many projects, which are City Council priorities, are able to move forward due to the availability of Greater Downtown TIF revenue due to continued growth to further sustain a rejuvenated downtown and port of Dubuque. The following are projects included in the FY 2026-2030 CIP:

Reimagine Comiskey (page 16) – This project ($1,697,000) provides for funding related to the park development for Phase 2 of Re-Imagine Comiskey. Phase 2 includes additional basketball courts, a large turf field, parking lot, additional sidewalks, lighting and pavilions.

Washington Community Gateway (page 21) – This project ($99,000) provides for developing the vacant lot at 1401 Elm Street as a Washington Community Gateway. The city purchased this property in 2014. The structure has been removed and the lot is currently grass. This project would provide for such amenities as three flag poles, park lighting, security cameras, a welcome sign to the Washington neighborhood and a drinking fountain.

Five Flags Marquee Replacement (page 24) – This project ($131,000) provides for replacement of the video marquee located at 4th and Locust. It is critical to relaying information to people driving or walking by the building. The current marquee was installed in 2018. The life expectancy is 7-9 years. A new marquee would have an upgraded screen with higher resolution resulting in better clarity, more user friendly, and more efficient.

Five Flags Standby Emergency Generator Replacement (page 25) – This project ($855,000) provides for replacement of the emergency standby generator located at 5th Street which provides power to critical systems inside of the building during a sudden loss of power. The current generator was installed in 2000 and is nearing the end of life expectancy of 30 years. A new generator would be more efficient and environmentally friendly.

Five Flags Recirculating Pump Replacement (page 26) – This project ($37,000) provides for the replacement of two recirculating pumps that are responsible for keeping the warm water for sinks readily available by circulating the hot water.

Five Flags Building Improvements (page 27) – This project ($23,454,000) provides funding for improvements to the building (arena, theater, lobby areas, exterior) and its equipment.

Five Flags Boiler Replacement (page 28) – This project ($410,000) provides funding for replacement of three 2 million BTU boilers which provide heating for the arena. The current boiler system was installed in 2006 and has a replacement schedule of 20 years. Future boilers are more energy efficient.

Port of Dubuque Welcome Sign (page 34) - This project ($33,000) provides for the design, development, and installation of an 8 foot by 200 foot "Welcome to Dubuque" sign located on the flood wall near the Ice Harbor flood gates. There is currently no signage along the river to let patrons know that they have either arrived or are passing by Dubuque. Such a sign on the wall would not only be a welcoming visual for those visiting on cruise ships or other vessels but can create awareness on the river that this is an area they may approach in order to visit the City. This sign could also indirectly filter boat traffic into the Port of Dubuque Marina to dock and/or fuel. Included in this CIP would be the purchase and installation of solar lighting with a 5-year replacement cost of $3,500.

Grand River Center Replace Carpet (page 35) - This project ($364,000) provides for the replacement of carpeting at the Grand River Center.

Grand River Center Roof Restoration (page 36) - This project ($1,383,000) provides for restoration of the roof on the Grand River Center. The roof was installed in 2002 and restoration is critical to prevent expensive damage if the roof begins leaking.

Grand River Center Dishwasher and Water Softener Replacement (page 37) - This project ($181,000) provides for a dishwasher and water softener replacement as they are original to the venue and reached its industry standard life span. After running dishes through the current dishwasher, they are coming back spotted which leads to concerns when placed in front of the guests. Oak View Group (OVG) conducted an in-depth review of the venue's kitchen requirements. The examination focused on on elevating the culinary experience for the guests to delivering a refined and exceptional food experience.

Grand River Center Public Restroom Remodels (page 38) - This project ($385,000) provides for improvement of the overall quality of the guest experience. A comprehensive remodel and renovation of all public bathrooms would be completed. The current design of these facilities has become outdated and is in need of a look that matches the rest of our venue and better meets the expectations of the guests of today. This project aims to revitalize the appearance of the restrooms and upgrade the existing fixtures, many of which have remained untouched since the facility's initial opening in 2003.

East - West Corridor Capacity Improvements (page 198) - This project ($1,085,000) funds capacity improvements along University Avenue and Pennsylvania Avenue to Delhi.

7th Street Extension to Pine Street (page 201) - This project ($2,000,000) funds an environmental assessment of potential site development and the potential acquisition of the real estate. FY27 and FY28 programmed funding would allow for the design development and potential construction of a roadway through the Alliant site which would connect Pine Street at 9th / Kerper Boulevard to 7th Street.

14th Street Overpass (page 204) - This project ($39,120,000) funds planning, design, and construction of a multimodal transportation corridor project for proposed improvements to the Elm Street corridor, the 16th Street corridor, the Kerper Boulevard corridor, Chaplain Schmitt Island corridor, and the proposed 14th Street railroad (vehicular and pedestrian) overpass bridge project. The City was awarded a $2.28 million US DOT RAISE Infrastructure Planning grant and a $25 million RAISE Capital grant to assist in funding for the project entitled "Building Bridges to Employment and Equity (B2E2)."

Central Avenue White Street Corridor Master Plan Design and Implementation Improvements 4th - 22nd Street (page 205) - This project ($8,170,000) provides for funding to implement recommendations outlined in the adopted Central Avenue Streetscape Master Plan along Central Avenue between 11th and 22nd Streets, as well as potential recommendations from the traffic study currently underway for the Central and White Street corridors, with 4th Street to 11th Street coming beyond 2030. The FY26 includes $400,000 for engineering design services and $1 million to create new public parking opportunities to replace on street spaces lost on Central and White Streets. FY27 is to restripe the entire Central Avenue and White Street corridor, 4th-22nd, and continue the FY26 work. FY28 is improvements from 14th - 17th Street. FY29 is improvements from 17th - 20th Street, and continue improvements to 14th -17th Streets. FY30 is installation of the Cycle Truck Lane on the west side of White Street from 5th to 19th Street, and to continue improvements from 17th - 20th Streets. FY2031 and beyond will require $14 million in additional investment to do 20th - 22nd, and 4th -14th Street on Central Avenue and White Street.

South Port Redevelopment Concept Plan (page 224) - This project ($40,000) provides for the creation of a clear and consolidated redevelopment vision for the South Port where all existing property owners entering into a partnering agreement thus providing prospective developers a high level of assurance that all key players are in agreement and on-board with proceeding with a proposed redevelopment concept.

Iowa Amphitheater on Schmitt Island (page 227) - This project ($9,641,563) provides for a match to the Destination Iowa grant that would construct the Iowa Amphitheater on Chaplain Schmitt Island in the location of the former dog kennels for the greyhounds. This project relates to the City Council top priority goal of Chaplain Schmitt Island Master Plan Implementation.

Greater Downtown Street Lights (page 232) - This project ($180,000) provides funding for replacement of the existing 30-foot white streetlights located in downtown Dubuque. Currently, there are approximately 60 white streetlights remaining. The project would replace all remaining white poles and install lighting controllers with meters. In certain cases, these would be replaced with historical streetlights. Many of the streetlights in the downtown area were installed in early 1950's. This program would promote the use of high efficiently, long life LED street lighting throughout the City of Dubuque which saves energy and operating expenses.

Downtown Security Camera Program (page 239) - This project ($350,000) provides equipment, installation, and software licenses for the placement of fixed cameras ($2,500 each) installed near roadways, alleys, and signalized intersections in Downtown Dubuque.

Iowa Street Streetlight Replacement Project (page 254) - This project ($138,000) replaces the rusting poles that are failing along Iowa St from 4th St to 9th St. The current white poles are rusting from variable of factors, including, quality, age, and winter solutions. This would include the replacement of 16 poles with foundations and new conduit for power, along with light fixtures and pull boxes. These replacements will help by being proactive on failing infrastructure in the downtown area.

Federal Building Renovation (page 256) - This project ($7,893,225) provides funding in FY26 for major HVAC upgrades to replace existing equipment that is beyond its expected service life and subject to frequent or catastrophic breakdown. FY29 provides funding for the second phase of HVAC upgrades.

ADA Compliance and Facilities Management Consulting (page 257) - This project ($50,000) provides for consulting services related to ADA Compliance Phase II and further implementation of the City's ADA compliance application, called InVision Facilities Management. In Phase I, we were able to have the floor plans of 2 city buildings added to InVision Facilities Management, as well as buildings and pavilions located in parks. In the second phase, we will add additional building footprints and work with a consultant to fully implement the application and possibly tie it into GIS software, ArcGIS Indoors. The funding for this phase is spread out over three years.

Downtown Bike Lockers (page 258) - This project ($30,000) funds the installation of 4-5 weatherproof bike lockers per year at the downtown building facilities assigned to the Facilities Management Team.

Greater Downtown Housing Creation Grant Program (page 259) - This program ($3,750,000) provides grants for rehabilitation and adaptive reuse of buildings in the Greater Downtown Urban Renewal District. Tax increment proceeds are used to capitalize the pool of funds for these grant. The program provides grants up to $10,000 for each new housing unit created in the District. The program creates affordable, quality rental housing units for our workforce.

Small Business Grant Administration (page 260) - This project ($60,000) provides the funding to Fountain of Youth for its administration of the grant, which reduces barriers for low- to moderate-income individuals who are in the early stages of operating a small business.

Downtown Rehab Grant Program - Includes Central Avenue, Historic Millwork District and Washington Neighborhood (page 262) – This program ($1,000,000) grants for rehabilitation and adaptive reuse of buildings in the Greater Downtown Urban Renewal District. Tax increment proceeds are used to capitalize the pool of funds for these grants. This grant program provides a 1:1 match for eligible expenses for improvements to façades, as well as accompanying costs for financial consulting and planning & design work for the project. This grant program receives the most inquiries and interest of all Economic Development Department's programs. The program promotes the redevelopment of the downtown, maintains its historic appeal, and complements grant/loan programs provided by our partners at Dubuque Main Street.

Central Avenue Housing Forgivable Loan (page 263) - This project ($750,000) provides for use along the Central Avenue Corridor between 11th Street and 22nd Street. For this program, a unit could be considered eligible even if recently occupied if the project involves a substantial rehabilitation of the unit and buildings. The program provides a loan, forgivable at the 10-year mark, if the developer has maintained the terms of the agreement. Projects can not discriminate based on the tenant's source of income.

Central Avenue Alley Lighting Program (page 264) - This project ($40,000) provides for a matching 1:1 grant to reimburse property owners for acquisition and installation of lighting fixtures (minimum of 250 watts) in the alleys between Central Avenue and White Street from 1400 Block to 2400 Block. Individual grant awards will be limited to $500 per property owner. Lighting will be required to be installed in the alleyways at the rear of the property and verified by City staff. Studies have shown a strong correlation between increased alley lighting in urban areas and a reduction in crime rates. From a public perception standpoint, increased lighting will improve the look and feel of the Central Corridor and allow residents and visitors to the area to feel safer.

Smart Parking System (page 267) - This project ($780,000) provides funds for the installation of head end equipment that will form the backbone of a phased installation of smart parking technology eventually to be deployed at all parking garages and public parking lots in Dubuque over the next several years. A smart parking system will provide parking customers with on-demand space availability and thus maximize traveler convenience, reduce travel time and reduce congestion in the downtown area.

Municipal Parking Lot Maintenance (page 268) - This project ($172,500) provides for maintaining the surface of 14 off-street municipal parking lots. This project also includes signage, landscaping, and screening improvements to surface lots. Lots include: Lot 2 (9th and Bluff), Lot 3 (5th and Bluff), Lot 5 (City Hall Lot), Lot 6 (Library Lot), Lot 7 (3rd and Main), Lot 10 (5th and Main), Lot 12 (4th and Central), Crescent Community Health Center Parking Lot, Lot 4 (12th and Bluff), Port of Dubuque Surface Lot, Federal Building Parking Lot, Elm Street Parking Lot, Ice Harbor Drive Parking Lot, and Lot 9 (3rd and Locust). The funding for maintenance of municipal parking lots provides for pavement crack sealing, repairs, line striping, and seal coating surfaces of municipal parking lots.

Parking Ramp Major Maintenance Repairs (page 270) - This project ($7,198,400) funds major renovation work needed at the Iowa, Locust, 5th Street, Five Flags, 10th and Central, and Intermodal ramps. Funding will address structural repair items and needed mechanical, electrical & plumbing repairs.

Washington Neighborhood Home Purchase Program (page 273) - This project ($1,269,896) supports and encourages homeownership in the Washington Neighborhood. The program operates under the oversight of the Housing Trust Fund Committee and is capitalized by annual grants received from the Iowa Finance Authority (IFA). IFA requires a match for the program and the City provides IFA Trust Match of $50,000 from the Greater Downtown TIF (GDTIF). The primary purpose is to complement housing assistance provided through the CDBG program by providing loans to low-to-mod income homeowners and buyers in the Washington Neighborhood and for households earning less than 30% MI are eligible to purchase any property within the City limits.

Downtown ADA Assistance Program (page 277) - This project ($150,000) provides assistance to residents and businesses to ensure facilities in the Downtown Urban Renewal Area are fully accessible and inclusive to all persons regardless of abilities. This includes parking lots, retail and wholesale stores, restaurants, cafés, taverns, gas stations, public buildings, lodging, schools, parks, and entertainment venues. The program is designed to assist businesses with the cost of becoming ADA compliant. Qualified applicants can receive up to 50% of the cost of the project from the City of Dubuque, at a maximum amount of $5,000 per property.

North Cascade Housing TIF District

In FY 2014 the City created the first housing TIF district in the Timber Hyrst subdivision off of North Cascade Road. This is a ten year TIF which requires at least 38.1% of the income generated to be used for Low and Moderate Income residents anywhere in the City of Dubuque. The percentage to Low and Moderate Income residents can be higher than the required 38.1%. The LMI Housing TIF revenue can be used for City initiatives other than the Homeownership Grants in Targeted Neighborhoods & Purchase/Rehab/Resale and can be used outside the Greater Downtown TIF Area. This district expires in 2026 and all certified debt has been collected.

English Ridge Housing TIF District

In FY 2015 the City created a housing TIF district in the English Ridge subdivision off of Stone Valley Drive. This is a ten year TIF which requires at least 38.1% of the income generated to be used for Low and Moderate Income residents anywhere in the City of Dubuque. The percentage to Low and Moderate Income residents can be higher than the required 38.1%. The LMI Housing TIF revenue can be used for City initiatives other than the Homeownership Grants in Targeted Neighborhoods & Purchase/Rehab/Resale and can be used outside the Greater Downtown TIF Area. This district expires in FY 2026.

Assistance for Homeownership (page 271) - This project ($68,642) provides for acquisition activities where the City may purchase abandoned, derelict buildings and houses; or it may purchase housing subject to mortgage foreclosure actions in order to secure City funds previously loaned as part of rehabilitation activities or other housing to accomplish the goals. Certain improvements will be made to the properties in order to make them marketable for resale. In this manner, neighborhood conditions are improved, dwellings are resold to responsible owners and City dollars are returned to the revolving fund.

South Pointe Housing TIF District

In FY 2017 the City created a housing TIF district in the South Pointe subdivision off of Highway 151 South. This is a ten year TIF which requires at least 38.1% of the income generated to be used for Low and Moderate Income residents anywhere in the City of Dubuque. The percentage to Low and Moderate Income residents can be higher than the required 38.1%. The LMI Housing TIF revenue can be used for City initiatives other than the Homeownership Grants in Targeted Neighborhoods & Purchase/Rehab/Resale and can be used outside the Greater Downtown TIF Area.

Assistance for Homeownership (page 271) - This project ($517,214) provides for acquisition activities where the City may purchase abandoned, derelict buildings and houses; or it may purchase housing subject to mortgage foreclosure actions in order to secure City funds previously loaned as part of rehabilitation activities or other housing to accomplish the goals. Certain improvements will be made to the properties in order to make them marketable for resale. In this manner, neighborhood conditions are improved, dwellings are resold to responsible owners and City dollars are returned to the revolving fund.

Rustic Point Housing TIF District

In FY 2017 the City created a housing TIF district in the Rustic Point subdivision off of Derby Grange Road. This is a ten year TIF which requires at least 38.1% of the income generated to be used for Low and Moderate Income residents anywhere in the City of Dubuque. The percentage to Low and Moderate Income residents can be higher than the required 38.1%. The LMI Housing TIF revenue can be used for City initiatives other than the Homeownership Grants in Targeted Neighborhoods & Purchase/Rehab/Resale and can be used outside the Greater Downtown TIF Area.

Assistance for Homeownership (page 271) - This project ($245,295) provides for acquisition activities where the City may purchase abandoned, derelict buildings and houses; or it may purchase housing subject to mortgage foreclosure actions in order to secure City funds previously loaned as part of rehabilitation activities or other housing to accomplish the goals. Certain improvements will be made to the properties in order to make them marketable for resale. In this manner, neighborhood conditions are improved, dwellings are resold to responsible owners and City dollars are returned to the revolving fund.

MISCELLANEOUS SOURCES

Private Participation (0.83% of Total CIP)
Private contributions represents the non-City share of the cost of several projects including private participation, fund raising, loans, grants and future resource allocation of City funds. Private participation funds included in the five year CIP include: Boyd Gaming contribution for the Port of Dubuque Ramp Maintenance ($457,996); Street Lighting and Traffic Signal Knockdown insurance reimbursements ($50,000); Canadian Pacific Kansas City Southern (CPKC) Railroad contribution for 14th Street Overpass project ($1,000,000); Milling sales from the Asphalt Milling Program ($527,616); Private Marina Companies contribution for Harbor Area Maintenance Dredging ($117,500); Dubuque Racing Association contribution for Iowa Amphitheater on Schmitt Island ($831,602); and IDOT reimbursement for the Pavement Marking program ($125,000).

Special Assessments (0.07% of Total CIP)
Special Assessments represent that portion of street and sanitary sewer improvement projects anticipated to be assessed to benefiting property owners. The $250,000 amount breaks down: (a) $215,000 for sidewalk lien special assessments, and (b) $35,000 for green alleys (non Bee Branch) special assessments.

POLICY GUIDELINES

This page intentionally left blank.

CITY OF DUBUQUE

BUDGET & FISCAL POLICY

FISCAL YEAR 2026

Operating Budget Guidelines

The Policy Guidelines are developed and adopted by City Council during the budgeting process to provide targets or parameters within which the budget recommendation will be formulated, in the context of the City Council Goals and Priorities established in August 2024. The final budget presented by the City Manager may not meet all these targets due to changing conditions and updated information during budget preparation. To the extent the recommended budget varies from the guidelines, an explanation will be provided in the printed budget document. By State law, the budget that begins July 1, 2025 must be adopted by April 30, 2025.

A. RESIDENT PARTICIPATION

GUIDELINE

To encourage resident participation in the budget process, City Council will hold multiple special meetings in addition to the budget public hearing for the purpose of reviewing the budget recommendations for each City department and requesting public input following each departmental review.

The budget will be prepared in such a way as to maximize its understanding by residents. Copies of the recommended budget documents will be accessed via the following:

1. The City Clerk's office, located in City Hall (printed)
2. The government documents section at the Carnegie Stout Public Library (printed)
3. On the City's website at www.cityofdubuque.org/budget (digital)

Opportunities are provided for resident input prior to formulation of the City Manager's recommended budget and will be provided again prior to final Council adoption, both at City Council budget special meetings and at the required budget public hearing.

Timeline of Public Input Opportunities

The Budget Office conducted community outreach with Balancing Act using print and digital marketing and presentations.

- **July:** City staff presented on the budget process to all Neighborhood Associations at the Multicultural Family Center and attendees had the opportunity to prioritize real City projects.
- **November:** The City Manager hosted an evening public budget input meeting.

Open Budget

https://dubuqueia.finance.socrata.com/#!/dashboard

During Fiscal Year 2016, the City launched a web based open data platform. The City of Dubuque's Open Budget application provides an opportunity for the public to explore and visually interact with Dubuque's operating and capital budgets. This application is in support of the five-year organizational goal of a financially responsible city government and high-performance organization and allows users with and without budget data experience, to better understand expenditures in these categories.

During Fiscal Year 2017, an additional module was added to the open data platform which included an interactive checkbook which will allow residents to view the City's payments to vendors. The final step will be adding performance measures to the open data platform to allow residents to view outcomes of the services provided by the City.

Balancing Act

During Fiscal Year 2019, the City of Dubuque launched a new interactive budget simulation tool called Balancing Act. The online simulation invites community members to learn about the City's budget process and submit their own version of a balanced budget under the same constraints faced by City Council, respond to high-priority budget input questions, and leave comments.

Taxpayer Receipt

During Fiscal Year 2019, the City launched an online application which allows users to generate an estimate of how their tax dollars are spent. The tool uses data inputted by the user such as income, age, taxable value of home, and percentage of goods purchased within City limits. The resulting customized receipt demonstrates an estimate of how much in City taxes the user contributes to Police, Fire, Library, Parks, and other city services. This tool is in support of the City Council goal of a financially responsible and high-performance organization and addresses a Council-identified outcome of providing opportunities for residents to engage in City governance and enhance transparency of City decision-making.

B. SERVICE OBJECTIVES AND SERVICE LEVELS

GUIDELINE

The budget will identify specific objectives to be accomplished during the budget year, July 1 through June 30, for each activity of the City government. The objectives serve as a commitment to the citizens from the City Council and City organization and identify the level of service which the citizen can anticipate.

C. TWO TYPES OF BUDGET DOCUMENTS TO BE PREPARED

GUIDELINE

Two types of budget documents will be prepared for public dissemination. The recommended City operating budget for Fiscal Year 2026 will consist of a Recommended City Council Policy Budget that is a collection of information that has been prepared for department hearings and a Residents Guide to the Recommended FY 2026 Budget. These documents will be available in mid-March.

1. **Recommended City Council Policy Budget** The purpose of this documents is to focus attention on policy decisions involving what services the City government will provide, who will pay for them, and the implications of such decisions. The document will emphasize objectives, accomplishments and associated costs for the budget being recommended by the City Manager.

   The Recommended City Council Policy Budget will include the following information for each department:

   - Highlights of prior year's accomplishments and Future Year's Initiatives
   - A financial summary
   - A summary of improvement packages requested and recommended significant line items

- Capital improvement projects in the current year and those recommended over the next five years
- Organizational chart for larger departments and major goals, objectives and performance measures for each cost center within that department
- Line item expense and revenue financial summaries.

2. **The Residents Guide** This section of the Recommended FY 2026 Budget will be a supplementary composite of tables, financial summaries and explanations. It will include the operating and capital budget transmittal messages and the adopted City Council Budget Policy Guidelines. Through graphs, charts and tables it presents financial summaries which provide an overview of the total operating and capital budgets.

D. ADOPT A BALANCED BUDGET

GUIDELINE

The City will adopt a balanced budget in which expenditures will not be allowed to exceed reasonable estimated resources. The City will pay for all current expenditures with current revenues.

E. BALANCE BETWEEN SERVICES AND TAX BURDEN

GUIDELINE

The budget should reflect a balance between services provided and the burden of paying taxes and/or fees for those services. It is not possible or desirable for the City to provide all the services requested by individual residents. The City must consider the ability of residents to pay for services in setting service levels and priorities.

F. MAINTENANCE EXISTING LEVEL OF SERVICE

GUIDELINE

To the extent possible with the financial resources available, the City should attempt to maintain the existing level of services. As often as reasonably possible, each service should be tested against the following questions:

a) Is this service truly necessary?
b) Should the City provide it?
c) What level of service should be provided?
d) Is there a better, less costly way to provide it?
e) What is its priority compared to other services?
f) What is the level of demand for the service?
g) Should this service be supported by property tax, user fees, or a combination?

G. IMPROVE PRODUCTIVITY

GUIDELINE

Continue efforts to stretch the value of each tax dollar and maximize the level of City services purchased with tax dollars through continual improvements in efficiency and effectiveness. Developing innovative and imaginative approaches for old tasks, reducing duplication of service effort, creative application of new technologies, and more effective organizational arrangements are approaches to this challenge.

H. USE OF VOLUNTEERS

DISCUSSION

To respect residents who must pay taxes, the City must seek to expand resources and supplement service-delivery capacity by continuing to increase direct resident involvement with service delivery. Residents are encouraged to assume tasks previously performed or provided by City government. This may require the City to change and expand the approach to service delivery by providing organizational skills and training and coordinating staff, office space, meeting space, equipment, supplies and materials rather than directly providing more expensive full-time City staff. Activities in which residents can continue to take an active role include: Library, Recreation, Parks, Five Flags Center, and Police.

GUIDELINE

Future maintenance of City service levels may depend partially or largely on volunteer resident staffs. Efforts shall continue to identify and implement areas of City government where (a) volunteers can be utilized to supplement City employees to maintain service levels (i.e., Library, Recreation, Parks, Police) or (b) service delivery can be adopted by to non-government groups and sponsors -- usually with some corresponding financial support.

I. RESTRICTIONS ON INITIATING NEW SERVICE

GUIDELINE

New service shall only be considered: (a) when additional revenue or offsetting reduction in expenditures is proposed; or (b) when mandated by state or federal law.

J. SALARY INCREASES OVER THE AMOUNT BUDGETED SHALL BE FINANCED FROM BUDGET REDUCTIONS IN THE DEPARTMENT(S) OF THE BENEFITING EMPLOYEES

DISCUSSION

The recommended budget includes salary amounts for all City employees. However, experience shows that budgeted amounts are often exceeded by fact finder and/or arbitrator awards. Such "neutrals" do not consider the overall financial capabilities and needs of the community and the fact that the budget is carefully balanced and fragile. Such awards have caused overdrawn budgets, deferral of necessary budgeted expenditures, expenditure of working balances and reserves, and have generally reduced the financial condition or health of the City government. To protect the financial integrity of the City government, it is recommended the cost of any salary adjustment over the amount financed in the budget is paid for by reductions in the budget of the department(s) of the benefiting employees.

The City has five collective bargaining agreements. The current contracts expire as follows:

Bargaining Unit	Contract Expires
Teamsters Local Union No. 120	June 30, 2025
Teamsters Local Union No. 120 Bus Operators	June 30, 2025
Dubuque Professional Firefighters Association	June 30, 2027
Dubuque Police Protective Association	June 30, 2029
International Union of Operating Engineers	June 30, 2029

GUIDELINE

Salary increases over the amount budgeted for salaries shall be financed from operating budget reductions in the department(s) of the benefiting employees.

K. THE AFFORDABLE CARE ACT

GUIDELINE

The Affordable Care Act is a health care law that aims to improve the current health care system by increasing access to health coverage for Americans and introducing new protections for people who have health insurance. The Affordable Care Act (ACA) was signed into law on March 23, 2010. Under the ACA, employers with more than 50 full-time equivalent employees must provide affordable "minimum essential coverage" to full-time equivalent employees. The definition of a full-time equivalent employee under the Affordable Care Act is any employee that works 30 hours per week or more on average over a twelve-month period (1,660 hours or more). There is a twelve-month monitoring period for part-time employees. If a part-time employee meets or exceeds 30 hours per week on average during that twelve-month period, the City must provide health insurance. On July 2, 2013, the Treasury Department announced that it postponed the employer shared responsibility mandate for one year. Based on the initial requirements of the Affordable Health Care Act, the Fiscal Year 2014 budget provided for insurance coverage effective February 1, 2014 for several part-time employees. In addition, the Fiscal Year 2014 budget provided for making several part- time positions full-time on June 1, 2014. Due to the delay of the employer shared responsibility mandate for the Affordable Health Care Act, the City delayed providing insurance coverage for eligible part-time employees and delayed making eligible part- time positions full-time until January 1, 2015.The Standard Measurement Period was delayed from January 1, 2013 through December 31, 2013 to December 1, 2013 through November 30, 2014 with the first provision of health insurance date being January 1, 2015.

The impact of the Affordable Care Act on the City of Dubuque included changing nine part-time positions to full-time (Bus Operators (4), Police Clerk Typist (1), Building Services Custodians (3), and Finance Cashier (1) in Fiscal Year 2016. In addition, nine part-time positions were offered health insurance benefits due to working more than1,560 hours (Bus Operators (4), Golf Professional, Assistant Golf Professional, Golf Maintenance Worker, Parks Maintenance Worker , and Water Meter Service Worker). The number of these part-time positions with health insurance benefits has been reduced as employees in these positions accept other positions or leave employment with the City of Dubuque. As of February 24, 2025, there is one part-time position with health insurance benefits that remains which includes the Golf Professional.

L. BALANCE BETWEEN CAPITAL AND OPERATING EXPENSES

GUIDELINE

The provision of City services in the most economical and effective manner requires a balance between capital (with emphasis upon replacement of equipment and capital projects involving maintenance and reconstruction) and operating expenditures. This balance should be reflected in the budget each year.

M. USER CHARGES

DISCUSSION

User charges or fees represent a significant portion of the income generated to support the operating budget. It is the policy that user charges or fees be established when possible so those who benefit from a service or activity also help pay for it. Municipal utility funds have been established for certain activities, which are intended to be self- supporting Enterprise Funds. Examples of utility funds operating as Enterprise Funds include Water User Fund, Sewer User Fund, Stormwater User Fund, Refuse Collection Fund, and Parking Fund. In other cases, a user charge is established after the City Council determines the extent to which an activity must be self-supporting. Examples of this arrangement are fees for swimming, golf, recreation programs, and certain inspection programs such as rental inspections and building permits.

The Stormwater User Fund is fully funded by stormwater use fees. The General Fund will continue to provide funding for the stormwater fee subsidies which provide a 50% subsidy for the stormwater fee charged to property tax exempt properties and low-to- moderate income residents and a 75% subsidy for residential farms. The General Fund will also continue to provide funding for the refuse, water, and sanitary sewer fee subsidies which provide a 50% subsidy for the fees charged to low-to-moderate income residents.

GUIDELINE

User fees and charges should be established where possible so that those who utilize or directly benefit from a service, activity or facility also help pay for it.

User fees and charges for each utility enterprise fund (Water User Fund, Sewer User Fund, Stormwater User Fund, Refuse Collection Fund, and Parking Fund) shall be set at a level that fully supports the total direct and indirect cost of the activity, including the cost of annual depreciation of capital assets, the administrative overhead to support the system and financing for future capital improvement projects.

	Percent Self-Supporting			
Activity	**FY 2023**	**FY 2024**	**FY 2025**	**FY 2026**
Adult Athletics	70.7%	77.2%	61.1%	61.7%

Federal Building	69.8%	62.2%	67.8%	86.2%

N. ADMINISTRATIVE OVERHEAD RECHARGES

DISCUSSION

While the Enterprise Funds have contributed to administrative overhead, the majority has been provided by the General Fund. This is not reasonable and unduly impacts property taxes, which causes a subsidy to the Enterprise Funds. Prior to FY 2013, the administrative overhead was charged by computing the operating expense budget for each enterprise fund and dividing the result by the total City-wide operating expense budget which resulted in the following percentages of administrative overhead charged to each enterprise fund: Water 5.32%; Sanitary Sewer 4.84%; Stormwater 0.55%; Solid Waste 2.83%; Parking 1.71%; and Landfill 2.71%. The adopted Fiscal Year 2013 budget changed the administrative overhead to be more evenly split between the general fund and enterprise funds and is phased in over many years.

The Fiscal Year 2018 administrative overhead formula was recommended modified. The modification removed Neighborhood Development, Economic Development and Workforce Development from all recharges to utility funds. In addition, the Landfill calculation is modified to remove Geographic Information Systems and Planning Services.

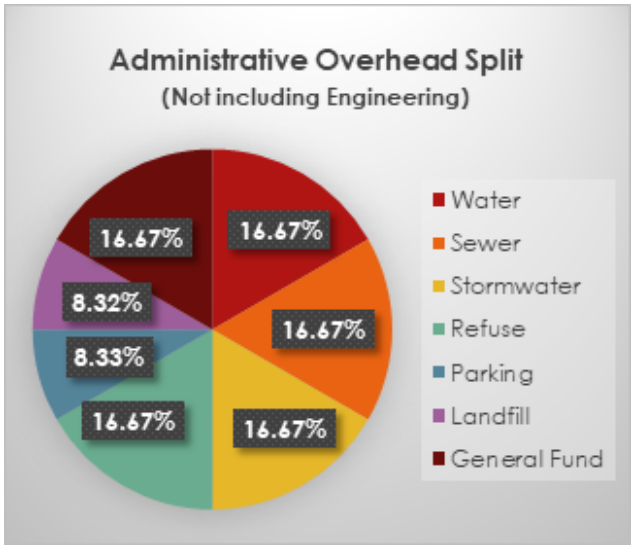

In Fiscal Year 2026, the general fund is recommended to support $1,662,795 in administrative overhead using the recharge method adopted in Fiscal Year 2013 and revised in Fiscal Year 2018.

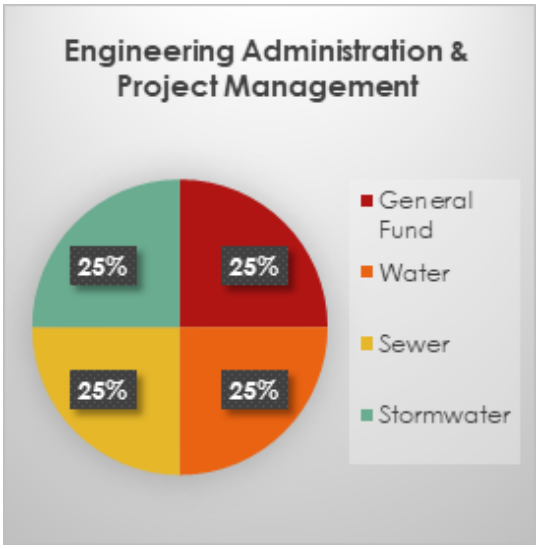

GUIDELINE

Beginning in FY 2013, additional overhead recharges to the utility funds is being phased in over several years. Engineering administrative and project management expenses that are not recharged to capital projects will be split evenly between the Water, Sewer, Stormwater and General Funds. Finance accounting expenses and all other administrative departments such as Planning, City Clerk, Legal Services and City Manager's Office will be split evenly between Water, Sewer, Stormwater, Refuse Collection and General Funds, with overhead costs being shared by the Landfill and Parking. This will be fully implemented over time.

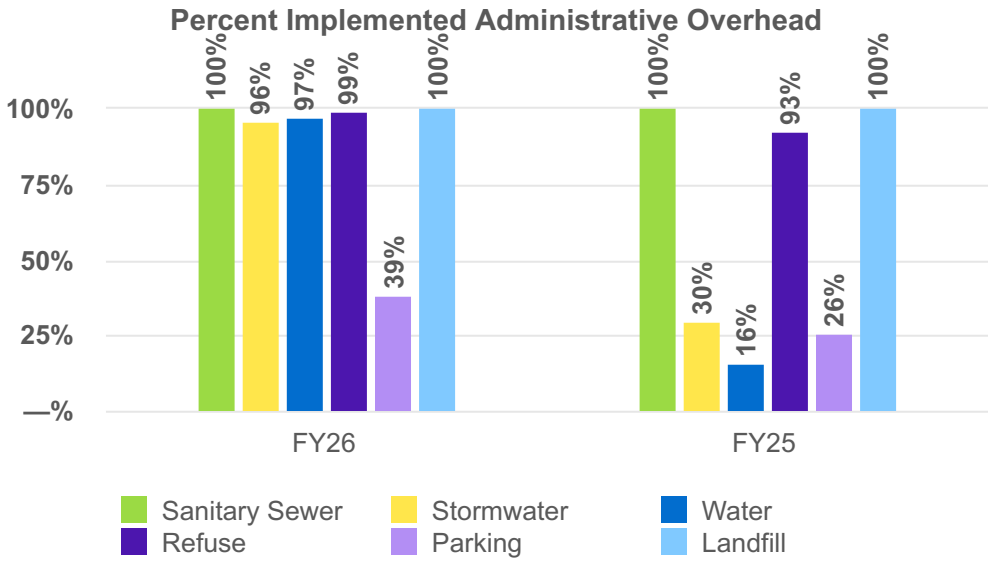

Beginning in Fiscal Year 2018, Neighborhood Development, Economic Development and Workforce Development expenses will not be recharged to utility funds. In addition, the Landfill will not be recharged GIS and Planning expenses.

When the overhead recharges are fully implemented, the split of the cost of administrative overhead excluding Engineering will be as follows:

The implementation percent of the administrative overhead recharges in Fiscal Year 2025 as compared to Fiscal Year 2026 is as follows:

O. OUTSIDE FUNDING

DISCUSSION

The purpose of this guideline is to establish the policy that the City should aggressively pursue outside funding to assist in financing its operating and capital budgets.

However, the long-term commitments required for such funding must be carefully evaluated before any agreements are made. Commitments to assume an ongoing increased level of service or level of funding once the outside funding ends must be minimized.

GUIDELINE

To minimize the property tax burden, the City of Dubuque will make every effort to obtain federal, state and private funding to assist in financing its operating and capital budgets. However, commitments to guarantee a level of service or level of funding after the outside funding ends shall be minimized. Also, any matching funds required for capital grants will be identified.

P. GENERAL FUND OPERATING RESERVE (WORKING BALANCE)

DISCUSSION

An operating reserve or working balance is an amount of cash, which must be carried into a fiscal year to pay operating costs until tax money, or other anticipated revenue comes in. Without a working balance, there would not be sufficient cash in the fund to meet its obligations and money would have to be borrowed. Working balances are not available for funding a budget; they are required for cash flow (i.e., to be able to pay bills before taxes are collected).

Moody's Investor Service recommends a factor of 35 percent for “AA” rated cities. **In January 2025, Moody’s Investor Services affirmed the Aa2 credit rating on general obligation bonds. Moody’s credit analysis states, “the City of Dubuque’s local economy benefits from its role as a regional economic center, with solid resident income and full value per capita. Financial operations are strong and will remain so despite declines in fund balance over the next few years, as it expends funds from the pandemic. Long-term liabilities and fixed cost ratios are moderate and will remain so despite future borrowing needs.” According to Moody’s, the Aa2 issuer rating for the City of Dubuque’s bonds reflects the city’s healthy economic base, which serves as a regional economic center. Other rationale stated for the rating include full value per capita and adjusted resident income are solid at around $109,000 and 98% respectively, though weaker than Aa peers, in part because of a large student population, available fund balance was strong at around 60% of revenue at the close of fiscal 2023 (year-end June 30), and cash was stronger at 85% of revenue. The City’s available fund balance will likely remain well over 45%, despite some planned draws in fiscal 2024 and fiscal 2025 to spend down federal funds from the pandemic. Despite the state adopting new property tax restrictions, revenue raising flexibility remains strong because the City maintains significant margin in its employee benefits fund and is not utilizing its emergency levy. The long-term liabilities ratio will likely remain well under 300% inclusive of the current issuances and future borrowing plans, and fixed-costs ratio will remain well below 20%.**

In July 2023, Moody’s Investor Service upgraded the City’s outstanding general obligation bonds from Aa3 to Aa2, as well as the outstanding Sales Tax Increment Revenue bonds from A2 to A1. Notable credit factors include strong financial operations and ample revenue-raising flexibility, which has resulted in steadily improved available fund balance and cash. The City serves as a regional economic center and its regional economic growth rate has outpaced the nation over the past five years.

In November of 2022, Moody’s Investors Service (“Moodys”) released a new rating methodology for cities and counties. Two significant changes result from the new methodology; cities are now assigned an issuer rating meant to convey the creditworthiness of the issuer as a whole without regard to a specific borrowing, and business-type enterprise funds are now being considered together with general fund revenues and balances in the determination of financial performance.

Under the new methodology, there are two metrics that contribute to financial performance. Available Fund Balance Ratio (“AFBR”) = (Available Fund Balance + Net Current Assets/Revenue) and Liquidity Ratio (“LR”) = (Unrestricted Cash/Revenue). For Aa credits, AFBR ranges from 25-35, and LR ranges from 30-40%.

The City was evaluated by Moody’s under the old methodology in May of 2022 in connection to its annual issuance of bonds. At that time, Moody’s calculated the City’s AFBR to be 45.2%, and its LR to be 59.8%. The balances used in these calculations were likely elevated due to unspent ARPA funds. The change in methodology will now consider revenues and net assets from business-type activities in these calculations. As such, the City’s general obligation rating will now be directly impacted by the financial performance of enterprise funds. Establishing rates and charges adequate to provide both debt service coverage and significant liquidity will be necessary to maintain the City’s ratings.

In May 2021, Moody’s Investor Service upgraded the City’s Water Enterprise’s outstanding revenue bonds from A1 to A2 and affirmed the Aa3 credit rating on general obligation bonds. Notable credit factors include a sizable tax base, a wealth and income profile that is slightly below similarly rated peers, and increased financial position that will decline in fiscal years 2021 and 2022 and somewhat elevated debt and pension liabilities.

These credit ratings are affirmation of the sound fiscal management of the mayor and city council, put Dubuque in a strong position to capitalize on favorable financial markets, borrow at low interest rate when necessary, and make critical investments in the community.

Fiscal Year	Fund Reserve (As % of General Fund revenues)	New Moody's Calculation	Reason for change from previous FY
FY 2016	17.52%		
FY 2017	20.09%		Increase due to capital projects not expended before the
FY 2018	23.81%		Increase due to capital projects not expended before the end of the FY and additional contributions to general fund reserve
FY 2019	29.06%		Increase due to capital projects not expended before the end of the FY.
FY 2020	31.42%		Increase due to freezing vacant positions and most capital projects due to the pandemic.
FY 2021	40.72%		Increase due to American Rescue Plan Act funds received ($13.2 million), frozen positions and capital projects through
FY 2022	49.16%	45.09%	Increase due to American Rescue Plan Act funds not spent ($13.2 million), capital projects not expended before the
FY 2023	55.82%	62.99%	Increase due to American Rescue Plan Act funds not spent ($26.4 million), capital projects not expended before the end of the FY, and vacant positions.
FY 2024	48.54%	58.67%	Decrease due to spend down of American Rescue Plan Act funds.

The City of Dubuque has historically adopted a general fund reserve policy as part of the Fiscal and Budget Policy Guidelines which are adopted each year as part of the budget process. During Fiscal Year 2013, the City adopted a formal Fund Reserve Policy. Per the policy for the General Fund, the City will maintain a minimum fund balance of at least 20 percent of the sum of (a) annual operating expenditures not including interfund transfers in the General Fund less (b) the amounts levied in the Trust and Agency fund and the Tort Liability Fund ("Net General Fund Operating Cost"). The City may increase the minimum fund balance by a portion of any operating surplus above the carryover balance of $200,000 that remains in the General Fund at the close of each fiscal year. The City continued to add to the General Fund minimum balance when additional funds were available until 20 percent of Net General Fund Operating Cost was reached in Fiscal Year 2017. **During Fiscal Year 2024, the General Fund minimum balance was increased to 25 percent.**

After all planned expenditures in FY 2025, the City of Dubuque will have a general fund reserve of 44.41% of general fund revenues as a percent of general fund revenues computed by the accrual basis or 58.25% of general fund, debt service, and enterprise fund revenues as computed by the accrual basis methodology now used by Moody's Investors Service. The general fund reserve cash balance is projected to be $23,504,637 on June 30, 2025 as compared to the general fund reserve balance on an accrual basis of $42,603,917. The general fund reserve balance on an accrual basis exceeds 27% in FY 2025, which is the margin of error used to ensure the City always has a general fund reserve of at least 25% as computed by Moody's Investors Service.

GUIDELINE

The guideline of the City of Dubuque is to maintain a General Fund working balance or operating reserve of 25% (27% to maintain a margin of error of 2%) in FY 2026 and beyond. In Fiscal Year 2017, the City had projected reaching this consistent and sustainable 20% reserve level in Fiscal Year 2023. **In fact, the City met the 20% reserve requirement in FY 2017, five years ahead of schedule and has sustained a greater than 20% reserve.**

General Fund Reserve Projections:

Fiscal Year	Contribution	City's Spendable General Fund Cash Reserve	% of Projected Revenue	Moody's New Methodology
FY2019	$ 1,050,000	$ 20,945,090	29.06 %	
FY2020	$ —	$ 21,744,160	31.24 %	
FY2021	$ 500,000	$ 31,089,468	40.72 %	
FY2022	$ —	$ 41,259,518	49.16 %	45.09 %
FY2023	$ 2,717,339	$ 48,403,917	55.82 %	62.99 %
FY2024	$ 4,419,668	$ 43,826,193	51.19 %	62.41 %
FY2025	$ —	$ 38,026,193	44.41 %	58.25 %
FY2026	$	$ 32,226,193	37.64 %	54.09 %
FY2027	$	$ 32,226,193	37.64 %	49.92 %
FY2028	$	$ 32,226,193	37.64 %	45.76 %
FY2029	$	$ 26,388,917	37.64 %	41.59 %
FY2030	$	$ 32,226,193	37.64 %	39.80 %

* Capital projects and large equipment purchases that are not completed in the year budgeted will temporarily increase the amount of fund balance remaining at the end of the fiscal year. After resources are allocated to the next fiscal year to complete unfinished capital projects and equipment purchases, **any amount of general fund reserve balance over 27% creates resources for additional capital projects or other mid-year expenses.**

Q. USE OF UNANTICIPATED, UNOBLIGATED, NONRECURRING INCOME

DISCUSSION

Occasionally, the City receives income that was not anticipated and was not budgeted. Often, this money is non-recurring and reflects a one-time occurrence which generated the unanticipated increase in income.

Non-recurring income generally will not be spent on recurring expenses. This would result in a funding shortfall in the following budget year before even starting budget preparation. However, eligible non-recurring expenditures would include capital improvements and equipment purchases.

GUIDELINE

Nonrecurring unobligated income shall generally only be spent for nonrecurring expenses. Capital improvement projects and major equipment purchases tend to be nonrecurring expenditures.

R. USE OF "UNENCUMBERED FUND BALANCES"

DISCUSSION

Historically, 100% of a budget is not spent by the end of the fiscal year and a small unencumbered balance remains on June 30th. In addition, income sometimes exceeds revenue estimates or there are cost savings resulting in some unanticipated balances at the end of the year. These amounts of unobligated, year-end balances are "carried over" into the new fiscal year to help finance it.

The FY 2025 General Fund budget, which went into effect July 1, 2024, anticipated a "carryover balance" of $200,000 or approximately 0.7 percent of the City tax asking. For multi-year budget planning purposes, these guidelines assume a carryover balance of $200,000 in FY 2026 through FY 2030.

GUIDELINE

Carryover General Fund balance shall generally be used to help finance the next fiscal year budget and reduce the demand for increased taxation. The available carryover General Fund balance shall be anticipated not to exceed $200,000 for FY 2027 and beyond through the budget planning period. Any amount over that shall usually be programmed in the next budget cycle as part of the capital improvement budgeting process.

S. PROPERTY TAX DISCUSSION

I. ASSUMPTIONS - RESOURCES

1. Local, Federal and State Resources

a) **Cash Balance.** Unencumbered funds or cash balances of $200,000 will be available in FY 2026 and each succeeding year to support the operating budget.

b) **Interest Revenue.** Interest revenue increased from $1,718,055 in FY 2025 to $2,300,097 in FY 2026. The FY 2026 budget is based on projected general fund cash balance, projected interest rates, and the new banking services agreement tied to a thirteen week T-bill plus five basis points.

c) **Sales Tax Revenue.** By resolution, 50% of sales tax funds must be used in the General Fund for property tax relief in FY 2026. Sales tax receipts are projected to decrease (0.17)% ($21,580) under FY 2025 budget and 2.00% over FY 2025 actual of $12,652,878 based on FY 2025 revised revenue estimate which includes actuals through December 2024, and then increase at an annual rate of 2.00% percent per year beginning in FY 2027. The following chart shows the past four years of actual sales tax funds and projected FY 2026 for the General Fund:

Sales Tax Funds	FY 2022	FY 2023	FY 2024	FY 2025	FY 2026
PY Q4	$ 419,551	$ 475,037	$ 451,920	$ 574,416	$ 585,904
Quarter 1	1,361,526	1,177,196	1,545,777	1,592,834	1,624,691
Quarter 2	1,425,968	1,522,885	1,596,421	1,605,397	1,637,505
Quarter 3	1,211,388	1,443,097	1,524,508	1,554,999	1,586,099
Quarter 4	950,069	1,110,593	979,209	998,793	1,018,769
Reconciliation	945,466	371,388	—	—	—
Total	$ 6,313,968	$ 6,100,196	$ 6,097,835	$ 6,326,439	$ 6,452,968
% Change	**+10.91%**	**-3.50%**	**-0.04%**	**+3.75%**	**+2.00%**

d) **Hotel/Motel Tax Revenue.** Hotel/motel tax receipts are projected to increase 15.82% ($534,077) over FY 2025 budget and 3.00% over FY 2025 re-estimated receipts of $3,796,563, and then increase at an annual rate of 3.00% per year.

e) **FTA Revenue.** Federal Transportation Administration (FTA) transit operating assistance increased from $558,000 in FY 2025 to $598,167 in FY 2026. The FY 2026 budget is based on the revised FY 2025 budget received from the FTA. Federal operating assistance is based on a comparison of larger cities. Previously the allocation was based on population and population density.

f) **Ambulance Revenue.** Ambulance Ground Emergency Medical Transport Payments increased from $2,401,917 in FY 2025 to $2,413,018 in FY 2026. GEMT is a federally-funded supplement to state Medicaid payments to EMS providers transporting Medicaid patients which began in FY 2021. FY 2026 is based on calculated projections using historical averages. This revenue is projected using the first quarter of performance in FY 2025 and the previous 11 quarters of performance. Based on that formula, the 3-year quarterly average growth of Medicaid transports is 0.8%. The projected number of transports for FY 2025 is 1,084 and for FY 2026 is 1,092. The FY 2024 actual was 1,075. Based on the unaudited FY 2024 cost report, the FY 2026 revenue per transport is estimated to be $2,209.18. This line item is offset by GEMT Pay to Other Agency expense for local match of $804,331 resulting in net revenue of $1,608,687. Ambulance Fees decreased from $2,074,232 in FY 2025 ($361 per call) to $1,756,870 in FY 2026 ($357 per call) based on calculated projections using historical averages. The FY 2024 actual was $1,763,339. In FY 2026, it is currently estimated that there will be 4,924 calls with $357 per call average. The FY 2026 ambulance revenue projection is based on the average transport volume growth of the past 12 quarters (which is 0.2% growth). This includes the first quarter of performance in FY 2025 and the prior 11 quarters.

g) **Miscellaneous Revenue.** Miscellaneous revenue has been estimated at 2% growth per year over budgeted FY 2025.

h) **Building Fee Revenue.** Building fees (Building Permits, Electrical Permits, Mechanical Permits and Plumbing Permits) are anticipated to increase $167,827 from $932,030 in FY 2025 to $1,099,857 in FY 2026.

i) **DRA Revenue.** Gaming revenues generated from lease payments from the Dubuque Racing Association (DRA) are estimated to decrease $192,217 from $7,405,579 in FY 2025 to $7,213,362 in FY 2026 based on revised projections from the DRA. This follows a $2,283,319 increase from budget in FY 2025 and a $43,621 increase from budget in FY 2024.

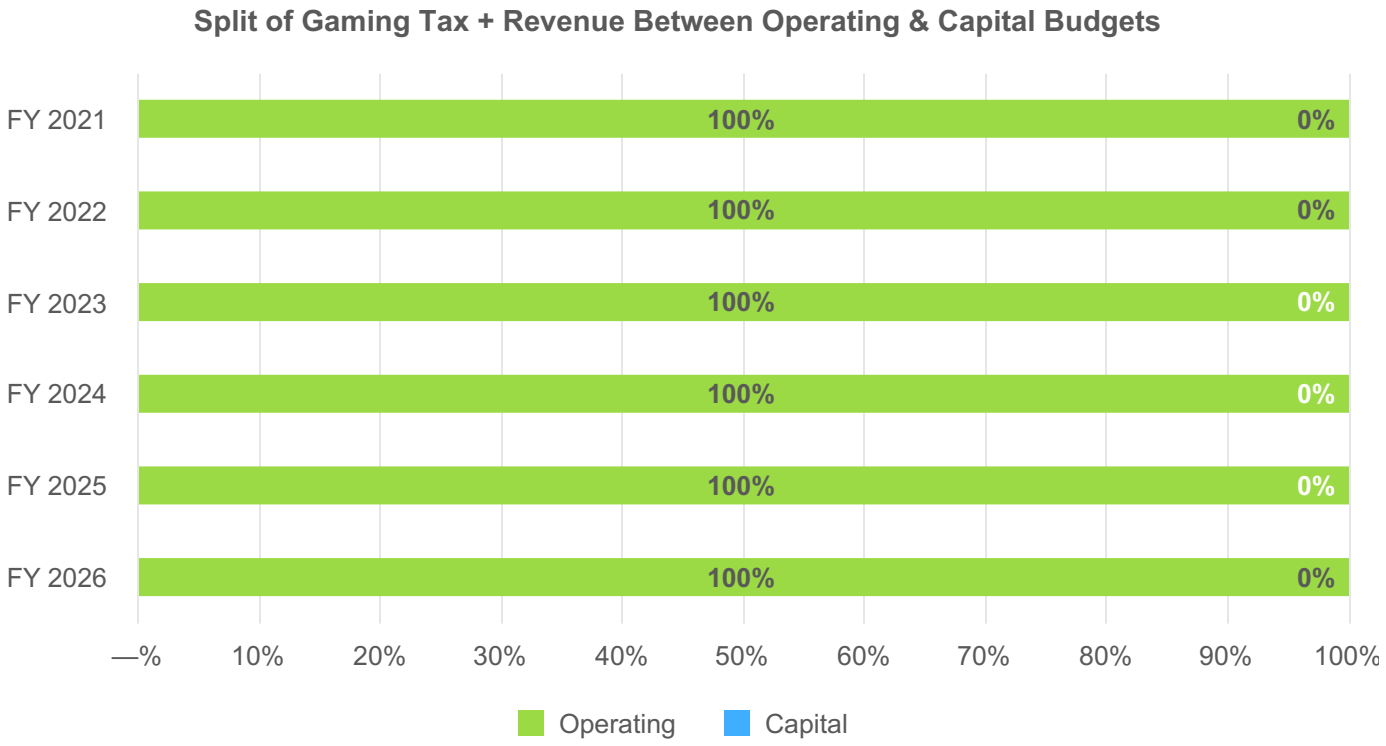

The following is a ten-year history of DRA lease payments to the City of Dubuque:

Fiscal Year	DRA Lease	$ Change	%
FY 2026 Projected	$ 7,213,362	$ 601,496	9.10%
FY 2025 Revised	$ 6,611,866	$ (793,713)	-10.72%
FY 2025 Budget	$ 7,405,579	$ 1,131,553	18.04%
FY 2024 Actual	$ 6,274,026	$ (917,449)	-12.76%
FY 2023 Actual	$ 7,191,475	$ 583,944	8.84%
FY 2022 Actual	$ 6,607,531	$ 2,645,535	66.77%
FY 2021 Actual	$ 3,961,996	$ (1,187,192)	-23.06%
FY 2020 Actual	$ 5,149,188	$ 293,177	6.04%
FY 2019 Actual	$ 4,856,011	$ 18,879	0.39%
FY 2018 Actual	$ 4,837,132	$ (195,083)	-3.88%
FY 2017 Actual	$ 5,032,215	$ (155,297)	-2.99%
FY 2016 Actual	$ 5,187,512	$ (158,104)	-2.96%
FY 2015 Actual	$ 5,345,616	$ (1,474,667)	-10.90%

The Diamond Jo payment related to the revised parking agreement increased from $624,377 in FY 2025 to $687,003 in 2026 based on estimated Consumer Price Index adjustment.

j) **DRA Gaming.** The split of gaming revenues from taxes and the DRA lease (not distributions) in FY 2026 remains at a split of 100% operating and 0% capital. When practical in future years, additional revenues will be moved to the capital budget from the operating budget.

The following shows the annual split of gaming taxes and rents between operating and capital budgets from FY2021– FY2026:

k) **Diamond Jo Revenue.** The Diamond Jo Patio lease ($25,000 in FY 2026) and the Diamond Jo parking privileges ($687,003 in FY 2026) have not been included in the split with gaming revenues. This revenue is allocated to the operating budget.

2. Property Taxes

l) **Residential Rollback.** The residential rollback factor will increase from 46.3428% in 2025 to 47.4316% or a 2.35% increase in FY 2026. The rollback has been estimated to remain the same from Fiscal Years 2027 through 2030.

The percent of growth from revaluation is to be the same for agricultural and residential property; therefore, if one of these classes has less than 3% growth for a year, the other class is limited to the same percent of growth. A balance is maintained between the two classes by ensuring that they increase from revaluation at the same rate. In FY 2026, agricultural property had more growth than residential property which caused the rollback factor to decrease.

The percent of growth from revaluation is to be the same for agricultural and residential property; therefore, if one of these classes has less than 3% growth for a year, the other class is limited to the same percent of growth. A balance is maintained between the two classes by ensuring that they increase from revaluation at the same rate. In FY 2026, agricultural property had more growth than residential property which caused the rollback factor to increase.

The increase in the residential rollback factor increases the value that each residence is taxed on. This increased taxable value for the average homeowner ($91,067 taxable value in FY 2025 and $93,207 taxable value in 2026) results in more taxes to be paid per $1,000 of assessed value. In an effort to keep property taxes low to the average homeowner, the City calculates the property tax impact to the average residential property based on the residential rollback factor and property tax rate. In a year that the residential rollback factor increases, the City recommends a lower property tax rate than what would be recommended had the rollback factor remained the same.

The residential rollback in Fiscal Year 1987 was 75.6481 percent as compared to 47.4316 percent in Fiscal Year 2026. The rollback percent had steadily decreased since FY 1987, which has resulted in less taxable value and an increase in the City's tax rate. However, that trend began reversing in FY 2009 when the rollback reached a low of 44.0803 percent. If the rollback had remained at 75.6481 percent in FY 2025, the City's tax rate would have been $5.95 per $1,000 of assessed value instead of $9.93 in FY 2025.

m) State Equalization Order/Property Tax Reform. There was not an equalization order for commercial, industrial or multi-residential property in Fiscal Year 2026. The Iowa Department of Revenue is responsible for "equalizing" assessments every two years. Also, equalization occurs on an assessing jurisdiction basis, not on a statewide basis.

Commercial and Industrial taxpayers previously were taxed at 100 percent of assessed value; however due to legislative changes in FY 2013, a 95% rollback factor was applied in FY 2015 and a 90% rollback factor will be applied in FY 2016 and beyond. The State of Iowa backfilled the loss in property tax revenue from the rollback 100% in FY 2015 through FY 2017 and the backfill was capped at the FY 2017 level in FY 2018 and beyond. **The FY 2026 State backfill for property tax loss is estimated to be $646,603 for all funds (General Fund, Tort Liability Fund, Trust and Agency Fund, Debt Service Fund, and Tax Increment Financing Funds).**

Senate File 619 was signed into law by Governor Reynolds on June 16, 2021. The Bill provides that beginning with the FY 2023 payment, the General Fund standing appropriation for commercial and industrial property tax replacement for cities and counties will be phased out in four or seven years, depending on how the tax base of the city or county grew relative to the rest of the state since FY 2014. Cities and counties where the tax base grew at a faster rate than the statewide average from FY 2014 through FY 2021 will have the backfill phased out over a four-year period from FY 2023 to FY 2026, while those that grew at a rate less than the statewide average will have the backfill phased out over a seven-year period from FY 2023 to FY 2029. The City of Dubuque's tax base grew at a rate less than the statewide average and will have a backfill phase out over a seven year period from FY 2023 to FY 2029. **Beginning in FY 2023, the backfill will be eliminated over a eight year period.**

The projected reduction of State backfill revenue to only the general fund is as follows:

Fiscal Year	State Backfill
2026	$ (97,981)
2027	(97,981)
2028	(97,981)
2029	(97,981)
2030	(97,981)
Total	**$ (489,905)**

Business Property Tax Credit Law Changes and Implementation of Two-Tier Assessment Limitations

From FY 2015 through FY 2023, commercial, industrial and railroad properties were eligible for a Business Property Tax Credit. The Business Property Tax Credit was deducted from the property taxes owed and the credit was funded by the State of Iowa. The average commercial and industrial properties ($432,475 Commercial / $599,500 Industrial) received a Business Property Tax Credit from the State of Iowa for the City share of their property taxes of $148 in FY 2015, $693 in FY 2016, $982 in FY 2017, $959 in FY 2018, $843 in FY 2019, $861 in FY 2020, $779 in FY 2021, $780 in FY 2022, and $722 in FY 2023.

House File 2552, Division 11 passed in the 2022 legislative session and signed by the Governor on May 2, 2022 repeals the Business Property Tax Credit (BPTC). In lieu of the BPTC, beginning with assessment year 2022, all commercial, industrial, and railroad properties will receive a property assessment limitation on the first $150,000 of value of the property unit equal to the assessment limitation for residential property. The value of the property unit that exceeds $150,000 receives the same ninety percent assessment limitation it has in the past.

The $125 million fund will continue to be appropriated each year for reimbursements to counties. County auditors will file a claim for the first tier of the assessment limitations in September. Assessors will continue to provide the unit configuration for auditors as these definitions remained the same. Taxpayers are not required to file an application to receive the first $150,000 of assessed value at the residential assessment limitation rate.

If the total for all claims is more than the appropriated amounts, the claims will be prorated and the Iowa Department of Revenue will notify the county auditors of prorated percentage by September 30th. Lawmakers believe the new standing general fund will exceed the projected level of claims for fiscal years 2024 through 2029. Then in fiscal year 2030, the local government reimbursement claims will begin being prorated.

The projected backfill for Dubuque for the two-tier assessment limitation in Fiscal Year 2026 is estimated to be $387,318.

n) Multi-Residential Property Class/Eliminated State Shared Revenue.

Beginning in FY 2017 (July 1, 2016), new State legislation created a new property tax classification for rental properties called multi-residential, which requires a rollback, or assessment limitations order, on multi-residential property which will eventually equal the residential rollback. Multi-residential property includes apartments with 3 or more units. Rental properties of 2 units were already classified as residential property.

The State of Iowa did not backfill property tax loss from the rollback on multi-residential property. The rollback occurred as follows:

Fiscal Year	Rollback %	Annual Loss of Tax Revenue
FY 2017	86.25%	$ 331,239
FY 2018	82.50%	472,127
FY 2019	78.75%	576,503
FY 2020	75.00%	691,640
FY 2021	71.25%	952,888
FY 2022	67.50%	752,366
FY 2023	63.75%	662,821
FY 2024	54.65%	1,186,077
Total		**$ 5,625,661**

This annual loss in tax revenue of $1,186,077 from multi-residential property was not backfilled by the State. From Fiscal Year 2017 through Fiscal Year 2024 the City lost $5,625,661 in total, meaning landlords paid that much less in property taxes. The state did not require landlords to charge lower rents or to make additional investment in their property.

In Fiscal Year 2024, the multi-residential property class was eliminated and is reported with the residential property class.

State Shared Revenue Eliminations

In addition, the State of Iowa eliminated the:

a) Machinery and Equipment Tax Replacement in FY 2003 (-$200,000)
b) Personal Property Tax Replacement in FY 2004 (-$350,000)
c) Municipal Assistance in FY 2004 (-$300,000)
d) Liquor Sales Revenue in FY 2004 (-$250,000)
e) Bank Franchise Tax in FY 2005 (-$145,000)
f) Alcohol License Revenue in FY 2023 (-$85,000)

The combination of the decreased residential rollback, State funding cuts and increased expenses has forced the City's tax rate to increase since 1987 when the residents passed a referendum to establish a one percent local option sales tax with 50% of the revenue going to property tax relief.

g) **Taxable Value.** FY 2026 will reflect the following impacts of taxable values of various property types:

Property Type	Percent Change in Taxable Value
Residential (Includes Multi-Residential)	+2.77 %
Commercial	+1.84 %
Industrial	+2.41 %
Overall	+4.39 %

*Overall taxable value increased +4.39% percent after deducting Tax Increment Financing values

Assessed valuations were increased 2 percent per year beyond FY 2026.

h) **Riverfront Property Lease Revenue.** Riverfront property lease revenue is projected to increase by $162,758 in FY 2026 to $4,273,045 due to the estimated consumer price index increase and inclusion of property tax reimbursement from leaseholders.

3. Fees, Tax Rates & Services

i) **Franchise Fees.** Natural Gas franchise fees have been projected to increase 11.7 percent over FY 2024 actual of $923,628. Also, Electric franchise fees are based on FY 2024 Actual of $4,924,839 plus rate increases of 20.0 percent. The franchise fee revenues are projected to increase at an annual rate of 4 percent per year from FY 2027 through FY 2030.

The City provides franchise fee rebates to gas and electric customers who are exempt from State of Iowa sales tax. Franchise fee rebates are provided at the same exemption percent as the State of Iowa sales tax exemption indicated on the individual gas and or electric bill. To receive a franchise fee rebate, a rebate request form must be completed by the customer, the gas and/or electric bill must be attached, and requests for rebates for franchise fees must be submitted during the fiscal year in which the franchise fees were paid except for June. Natural Gas franchise fee rebates have been projected to decrease 46 percent under 2025 budget of $101,399 and Electric franchise fee rebates have been projected to decrease 3 percent under 2025 budget of $845,095.

The franchise fee charged on gas and electric bills increased from 3% to 5%, the legal maximum, on June 1, 2015.

j) **Property Tax Rate.** For purposes of budget projections only, it is assumed that City property taxes will continue to increase at a rate necessary to meet additional requirements over resources beyond FY 2026.

k) **Police & Fire Protection.** FY 2026 reflects the fourteenth year that payment in lieu of taxes is charged to the Water and Sanitary Sewer funds for Police and Fire Protection. In FY 2026, the Sanitary Sewer fund is charged 0.43% of building value and the Water fund is charged 0.62% of building value, for payment in lieu of taxes for Police and Fire Protection. This revenue is reflected in the General Fund and is used for general property tax relief.

II. ASSUMPTIONS - REQUIREMENTS

a) **Pension Systems.**

- The **Municipal Fire and Police Retirement System of Iowa (MFPRSI)** Board of Trustees City contribution for Police and Fire retirement increased from 22.66% percent in FY 2025 to 22.68% percent in FY 2026 (general fund cost of $2,185 for Police and $1,821 for Fire or a total of $4,007).

- The **Iowa Public Employee Retirement System (IPERS)** City contribution is unchanged from the FY 2025 contribution rate of 9.44% (no general fund impact). The IPERS employee contribution is unchanged from the FY 2025 contribution rate of 6.29% (which does not affect the City's portion of the budget). The IPERS rate is anticipated to increase 1 percent each succeeding year.

b) Collective Bargaining and Non-Represented. The already approved collective bargaining agreements for Dubuque Professional Fire Fighters Association and International Union of Operating Engineers include a 3.50% wage increase. The already approved collective bargaining agreement for the Dubuque Police Protective Association includes a 5% wage increase. The Teamsters Local Union No. 120 Bus Operators and Teamsters Local Union No. 120 are in contract negotiations. Non-represented employees include a 3.00% wage increase. Fiscal Year 2026 includes the cost of the implementation of the classification and compensation study. A classification and compensation study analyzes the job positions (not individuals) in an organization. The purpose of a classification and compensation study is to ensure jobs with comparable minimum qualifications, job responsibilities, supervisory expectations, working conditions and environments are grouped closely in a compensation plan. Salary ranges are competitive within the identified market, and to equip the human resources team to consistently administer classification and compensation programs on an ongoing basis. The City's strategy through this study has been to recommend a new compensation strategy in which the City is competitive at the 50% percentile of employers. Total cost of the wage increases for collective bargaining and non-represented employees, and classification and compensation study is $2,026,133 to the General Fund.

c) Health Insurance. The City portion of health insurance expense is projected to remain unchanged from $1,119 per month per contract to $1,119 per month per contract (based on 648 contracts) in FY 2026 (no general fund impact). The City of Dubuque is self-insured, and actual expenses are paid each year with the City only having stop-loss coverage for major claims. In FY 2017, The City went out for bid for third party administrator and the estimated savings has resulted from the new contract and actual claims paid with there being actual reductions in cost in FY 2018 (19.42%) and FY 2019 (0.35%). In addition, firefighters began paying an increased employee health care premium sharing from 10% to 15% and there was a 7% increase in the premium on July 1, 2018. During FY 2019, the City went out for bid for third party administrator for the prescription drug plan and Fiscal Year 2022 included additional prescription drug plan savings.There was a decrease of $639,758 in prescription drug cost in FY 2022. Based on FY 2024 actual experience, Fiscal Year 2026 is projected to have a 4.61% increase in health insurance costs. Estimates for FY 2027 were increased 4.62%; FY 2028 were increased 4.63%; FY 2029 were increased 4.64%; and FY 2030 were increased 4.65%.

d) Five-Year Retiree Sick Leave Payout. FY 2013 was the first year that eligible retirees with at least twenty years of continuous service in a full-time position or employees who retired as a result of a disability and are eligible for pension payments from the pension system can receive payment of their sick leave balance with a maximum payment of 120 sick days, payable bi-weekly over a five-year period. The sick leave payout expense budget in the General Fund in FY 2025 was $283,061 as compared to FY 2026 of $288,742, based on qualifying employees officially giving notice of retirement.

e) **50% Sick Leave Payout.** Effective July 1, 2019, employees over the sick leave cap can convert 50% of the sick leave over the cap to vacation or be paid out. The 50% sick leave payout expense budget in the General Fund in FY 2025 was $124,908 as compared to FY 2026 of $128,496, based on FY 2025 year-to-date expense.

f) **Parental Leave.** Effective March 8, 2019, employees may use Parental leave to take paid time away from work for the birth or the adoption of a child under 18 years old. Eligible employees receive their regular base pay (plus longevity) and benefits for twelve weeks following the date of birth, adoption event or foster-to-adopt placement. If both parents are eligible employees, each receive the leave benefit. There is no parental leave expense budgeted in the General Fund based on departments covering parental leave with existing employees and not incurring additional cost for temporary help.

g) **Supplies & Services.** General operating supplies and services are estimated to increase 2% over actual in FY 2024. A 2% increase is estimated in succeeding years.

h) **Electricity.** Electrical energy expense is estimated to increase 16% over FY 2024 actual expense, then 2% per year beyond.

i) **Natural Gas.** Natural gas expense is estimated to increase 36% over FY 2024 actual then 2% per year beyond.

j) **Travel Dubuque.** The Dubuque Area Convention and Visitors Bureau contract will continue at 50% of actual hotel/motel tax receipts.

k) **Equipment & Machinery.** Equipment costs for FY 2026 are estimated to decrease 22.45% under FY 2025 budget, then remain constant per year beyond.

l) **Debt Service.** Debt service is estimated based on the tax-supported, unabated General Obligation bond sale for fire truck and franchise fee litigation settlement.

m) **Unemployment.** Unemployment expense in the General Fund decreased from $33,922 in FY 2025 to $23,824 in FY 2026 based on estimated premium for FY2025.

n) **Motor Vehicle Fuel.** Motor vehicle fuel is estimated to decrease 9% under the FY 2025 budget, then increase 2.0% per year beyond.

o) **Motor Vehicle Maintenance**. Motor vehicle maintenance is estimated to increase 1% from the FY 2025 budget based on FY 2024 actual, then increase 2.0% per year and beyond.

p) **Public Transit.** The decrease in property tax support for Transit from FY 2025 to FY 2026 is $34,152, which reflects an increase in Federal Transportation Administration Operating revenue ($40,167); an increase in Federal Transportation Administration Capital ($9,474), an increase in employee expense ($138,076); decrease in supplies and services ($41,013); a reduction in equipment replacements ($18,576), an increase in passenger fare revenue ($20,693).

The following is a ten-year history of the Transit subsidy:

Fiscal Year	Amount	% Change
2026 Projection	$ 1,927,336	(3.10)%
2025 Budget	$ 1,961,488	26.70 %
2024 Actual	$ 1,548,127	(1.52)%
2023 Actual	$ 1,571,981	(1.83)%
2022 Actual	$ 1,601,290	(2.09)%
2021 Actual	$ 1,635,441	4.94 %
2020 Actual	$ 1,558,460	(0.82)%
2019 Actual	$ 1,571,307	(0.10)%
2018 Actual	$ 1,572,825	34.10 %
2017 Actual	$ 1,172,885	24.41 %
2016 Actual	$ 942,752	(13.20)%
2015 Actual	$ 1,086,080	45.51 %

q) **Shipping & Postage.** Postage rates for FY 2026 are estimated to increase 3% over FY 2024 actual expense and proposed cost increases by United States Postal Service. A 3.0 percent increase is estimated in succeeding years.

r) **Insurance.** Insurance costs are estimated to change as follows:

- Workers Compensation is increasing 6.88% based on rate change.
- General Liability is increasing 1.25% based on FY 2025 actual plus 1.25%.
- Damage claims is increasing 35.26% based on a three year average.
- Property insurance is decreasing based on FY 2025 actual less 1%.

s) **Housing.** The Housing Choice Voucher subsidy payment from the General Fund is estimated to increase $78,583 in FY 2026. The budgeted administrative cost of the Housing Choice Voucher Program increased from $875,932 in FY 2025 to $909,225 in FY 2026. Administrative revenue of the Housing Choice Voucher Program decreased from $759,336 in FY 2025 to $713,338 in FY 2026. The resulting Housing Choice Voucher Program deficit increased from $116,596 in FY 2025 to $195,887 in FY 2026. This deficit is funded by property taxes.

t) **Media Services Fund.** The Media Services Fund no longer funds Police and Fire public education, Information Services, Health Services, Building Services, Legal Services, and City Manager's Office due to reduced revenues from the cable franchise. **In FY26, the Media Services Fund will no longer fund Communication Department positions and positions have been shifted to the General Fund with a partial offset to administrative overhead recharges to enterprise funds.** This is due to Mediacom's conversion from a Dubuque franchise to a state franchise in October 2009 which changed the timing and calculation of the franchise fee payments. Effective June 2020, Mediacom will no longer contribute to the Public, Educational, and Governmental Access Cable Grant (PEG) Fund, and after the balance in that fund is expended, the City will be responsible for all City Media Service equipment replacement costs. Other jurisdictions will need to plan accordingly.

u) **Communications Department.** In Fiscal Year 2026, Cable Utility Franchise Tax revenue paid to the City by Mediacom and ImOn, as required by the state franchise fee agreement, will no longer be enough to support Communications Department employee expense. A vacant part-time (0.75 FTE) Communications Assistant position is recommended to be eliminated. All remaining Cable Utility Franchise Tax supported positions are recommended to be moved to the General Fund. This General Fund expense will be partially offset by administrative overhead recharges to the enterprise funds. The Cable Utility Franchise Tax revenue will support Communications Department supplies and services only going forward.

v) **Greater Dubuque Development Corporation.** Greater Dubuque Development Corporation support of $836,135 is budgeted to be paid mostly from Dubuque Industrial Center Land Sales in FY 2026, with $26,500 for True North strategy paid from the Greater Downtown TIF. In FY 2027 and beyond Greater Dubuque Development Corporation will be paid from the Greater Downtown TIF and Dubuque Industrial Center West land sales.

PROPERTY TAX IMPACT

The recommended Fiscal Year 2026 property tax rate increased 1.38% and will have the following impact:

	FY 2026	FY 2025	% Change	$ Change
Property Tax Rate	$ 10.06372	$ 9.92638	1.38%	$ 0.1373
Average Residential Payment	$ 889.20	$ 855.82	3.90%	$ 33.38
Average Commercial Payment	$ 4,253.76	$ 4,179.49	1.78%	$ 74.26
Average Industrial Property	$ 5,090.27	$ 5,004.59	1.71%	$ 85.68

Historical Impact on Tax Askings and Average Residential Property Tax Rates

The following is a historical City tax rate comparison. The average percent change in tax rate from 1987–2026 is -0.88%. The average annual change over the last five years is -0.14%.

The following pages show historical and projected property tax impacts.

FY 2029	“City” Property Tax	$ 986.82	+0.96%	$ +9.39
FY 2030	“City” Property Tax	$ 1,011.12	+2.46%	$ +24.30

* Denotes year of State-issued equalization orders.
^ Impact to average homeowner if the State funds the Homestead Property Tax Credit at 62%.
(1) The FY 2006 property tax calculation considers the 6.2% valuation increase for the average residential homeowner as determined by the reappraisal.
(2) Offsets the impact of the State reduced Homestead Property Tax Credit in FY 2005 & 2006.
(3) The City adopted a budget in FY 2011 and 2012 that provided no increase to the average homeowner. The State of Iowa underfunded the Homestead Property Tax Credit in both years costing the average homeowner an additional $18.59 in FY 2012 and $11.51 in FY 2013. This provided no additional revenues to the City, as this money would have come to the City from the State if they appropriated the proper amount of funds.

Homestead Property Tax Credit

The Homestead Property Tax Credit was established by the state legislature to reduce the amount of property tax collected. The intent of the credit was to be a form of tax relief and provide an incentive for home ownership. The State Homestead Property Tax Credit works by discounting the tax collected on the first $4,850 of a property's taxable value. This has no impact on what the City receives from property tax collections, but provides tax relief for the average homeowner.

Beginning FY 2004, the State of Iowa did not fully fund the State Homestead Property Tax Credit resulting in the average homeowner paying the unfunded portion. Again, this has no impact on what the City receives, however as a result has caused the average homeowner to pay more taxes.

*Net of Business Property Tax Credit

The average annual dollar change in commercial property taxes from 1989-2025 is a increase of $45.65. The average annual dollar change over the last five years is a increase of +$203.76.

Projected impact on average commercial property:

PROJECTED		CITY TAX CALCULATION	DOLLAR CHANGE	PERCENT CHANGE
FY 2026	"City" Property Tax	$ 4,253.76	$ 74.27	$ +0.02
FY 2027	"City" Property Tax	$ 4,478.59	$ 224.83	$ +0.07
FY 2028	"City" Property Tax	$ 4,675.83	$ 197.24	$ +0.04
FY 2029	"City" Property Tax	$ 4,720.79	$ 44.96	$ +0.01
FY 2030	"City" Property Tax	$ 4,837.02	$ 116.23	$ +0.02

(1) The FY 2006 property tax calculation considers the 19.9% valuation increase for industrial property as determined by the reappraisal.
(2) The Business Property Tax Credit was $148 and rollback to 95% in FY 2015.
(3) The Business Property Tax Credit was $693 and rollback to 90% in FY 2016.
(4) The Business Property Tax Credit was $982 and rollback to 90% in FY 2017.
(5) The Business Property Tax Credit was $959 and rollback to 90% in FY 2018.
(6) The Business Property Tax Credit was $843 and rollback to 90% in FY 2019.
(7) The Business Property Tax Credit was $861 and rollback to 90% in FY 2020.
(8) The Business Property Tax Credit was $779 and rollback to 90% in FY 2021.
(9) The Business Property Tax Credit was $780 and rollback to 90% in FY 2022.
(10) The Business Property Tax Credit was $722 and rollback to 90% in FY 2023.
(11)From FY 2015 through FY 2023, commercial, industrial and railroad properties were eligible for a Business Property Tax Credit. The Business Property Tax Credit was deducted from the property taxes owed and the credit was funded by the State of Iowa. Beginning in FY 2024, all commercial, industrial, and railroad properties will receive a property assessment limitation on the first $150,000 of value of the property unit equal to the assessment limitation for residential property. The value of the property unit that exceeds $150,000 receives the same ninety percent assessment limitation it has in the past.The $125 million fund will continue to be appropriated each year for reimbursements to counties. County auditors will file a claim for the first tier of the assessment limitations in September. Assessors will continue to provide the unit configuration for auditors as these definitions remained the same. Taxpayers are not required to file an application to receive the first $150,000 of assessed value at the residential assessment limitation rate. Lawmakers believe the new standing general fund will exceed the projected level of claims for fiscal years 2024 through 2029. Then in fiscal year 2030, the local government reimbursement claims will begin being prorated. The projected backfill for Dubuque for the two-tier assessment limitation in Fiscal Year 2024 is estimated to be $587,446.

FY 1989-2025 Average Change				**$ -53.25**	**-0.75%**
2021-2025 Average Change				**$ +58.17**	**+1.26%**

*Net of Business Property Tax Credit

The average annual dollar change in industrial property taxes from 1989-2025 is a decrease of $53.25. The average annual dollar change over the last five years is a increase of $58.17.

Projected impact on average industrial property:

PROJECTED		CITY TAX CALCULATION	DOLLAR CHANGE	PERCENT CHANGE
FY 2026	"City" Property Tax	$ 5,090.27	$ +85.68	+1.71%
FY 2027	"City" Property Tax	$ 5,359.33	$ +369.16	+7.25%
FY 2028	"City" Property Tax	$ 5,595.34	$ +238.23	+4.36%
FY 2029	"City" Property Tax	$ 5,649.15	$ +56.77	+1.00%
FY 2030	"City" Property Tax	$ 5,788.24	$ +141.20	+2.45%

(1) The FY 2006 property tax calculation considers the 19.9% valuation increase for industrial property as determined by the reappraisal.
(2) The Business Property Tax Credit was $148 and rollback to 95% in FY 2015.
(3) The Business Property Tax Credit was $693 and rollback to 90% in FY 2016.
(4) The Business Property Tax Credit was $982 and rollback to 90% in FY 2017.
(5) The Business Property Tax Credit was $959 and rollback to 90% in FY 2018.
(6) The Business Property Tax Credit was $843 and rollback to 90% in FY 2019.
(7) The Business Property Tax Credit was $861 and rollback to 90% in FY 2020.
(8) The Business Property Tax Credit was $779 and rollback to 90% in FY 2021.
(9) The Business Property Tax Credit was $780 and rollback to 90% in FY 2022.
(10) The Business Property Tax Credit was $722 and rollback to 90% in FY 2023.
(11) From FY 2015 through FY 2023, commercial, industrial and railroad properties were eligible for a Business Property Tax Credit. The Business Property Tax Credit was deducted from the property taxes owed and the credit was funded by the State of Iowa. Beginning in FY 2024, all commercial, industrial, and railroad properties will receive a property assessment limitation on the first $150,000 of value of the property unit equal to the assessment limitation for residential property. The value of the property unit that exceeds $150,000 receives the same ninety percent assessment limitation it has in the past.The $125 million fund will continue to be appropriated each year for reimbursements to counties. County auditors will file a claim for the first tier of the assessment limitations in September. Assessors will continue to provide the unit configuration for auditors as these definitions remained the same. Taxpayers are not required to file an application to receive the first $150,000 of assessed value at the residential assessment limitation rate. Lawmakers believe the new standing general fund will exceed the projected level of claims for fiscal years 2024 through 2029. Then in fiscal year 2030, the local government reimbursement claims will begin being prorated. The projected backfill for Dubuque for the two-tier assessment limitation in Fiscal Year 2024 is estimated to be $587,446.

IMPACT ON MULTI-RESIDENTIAL PROPERTY - EXAMPLE

ACTUAL – HISTORICAL		CITY TAX CALCULATION	DOLLAR CHANGE	PERCENT CHANGE
FY 2015	"City" Property Tax	$ 2,349.34		
FY 2016	"City" Property Tax	$ 2,225.69	$ -123.65	-5.26%
FY 2017	"City" Property Tax	$ 2,160.39	$ -65.30	-2.93%
FY 2018	"City" Property Tax	$ 2,015.48	$ -144.91	-6.71%
FY 2019	"City" Property Tax	$ 1,870.21	$ -145.27	-7.21%
FY 2020	"City" Property Tax	$ 1,737.92	$ -132.29	-7.07%
FY 2021	"City" Property Tax	$ 1,896.65	$ +158.73	+9.13%
FY 2022	"City" Property Tax	$ 1,751.66	$ -144.99	-7.64%
FY 2023	"City" Property Tax	$ 1,625.55	$ -126.11	-7.20%
FY 2024	"City" Property Tax	$ 1,419.97	$ -205.58	-12.65%
Average FY 2016-FY 2024			**$ -103.26**	**-5.28%**

Beginning in FY 2017 (July 1, 2016), new State legislation created a new property tax classification for rental properties called multi-residential, which requires a rollback, or assessment limitations order, on multi-residential property which will eventually equal the residential rollback. Multi-residential property includes apartments with 3 or more units. Rental properties of 2 units were already classified as residential property.

The State of Iowa will not backfill property tax loss from the rollback on multi-residential property. The rollback will occur as follows:

Fiscal Year	Rollback %	Annual Loss of Tax Revenue
FY 2017	86.25%	$ 331,239.03
FY 2018	82.50%	472,126.87
FY 2019	78.75%	576,503.10
FY 2020	75.00%	691,639.58
FY 2021	71.25%	952,887.71
FY 2022	67.50%	752,366.11
FY 2023	63.75%	662,820.79
FY 2024	+54.65%	1,186,077.35
Total		$ 5,625,661.00

*54.65% = Current residential rollback

This annual loss in tax revenue of $1,186,077 from multi-residential property when fully implemented in FY 2024 will not be backfilled by the State. From Fiscal Year 2017 through Fiscal Year 2024 the City will lose $5,625,661 in total, meaning landlords will have paid that much less in property taxes. The state did not require landlords to charge lower rents or to make additional investment in their property.

In Fiscal Year 2024, the multi-residential property class was eliminated and is reported with the residential property class.

HISTORY OF INCREASES IN PROPERTY TAX ASKINGS

Year	Tax Askings	% Change in Tax Askings	Impact on Homeowner**
FY 1989	$10,918,759	-12.00%	-11.40%

Average FY 1989-2025		**+2.71%**	**+0.96%**

**Does not reflect State unfunded portion of Homestead Credit.

IMPACT ON TAX ASKINGS AND AVERAGE RESIDENTIAL PROPERTY

To maintain the current level of service based on the previous assumptions would require the following property tax asking increases:

Fiscal Year	"City" Property Tax Askings	% Change in Tax Askings	% Impact on Avg. Residential Property	$ Impact on Avg. Residential Property
FY 2025	$ 29,861,915	+5.77%	+5.00%	$ +40.75
FY 2026	$ 32,052,686	+7.34%	+3.90%	$ +33.38
FY 2027	$ 34,130,077	+6.48%	+5.29%	$ +47.00
FY 2028	$ 35,146,352	+2.98%	+4.40%	$ +41.23
FY 2029	$ 36,723,553	+4.49%	+23.56%	$ +16.47

GUIDELINE

The recommended guideline is a 3.90% or $33.38 increase for the average residential property owner assuming the Homestead Property Tax Credit is fully funded. A one percent increase in the tax rate will generate approximately $294,092.

These guidelines include an estimated $897,297 for improvement packages funded by property taxes, although this figure may change as the FY2026 budget is not yet finalized.

Iowa House File 718 passed during the 2023 legislative sessions, replaces previous changes made through Iowa Senate File 634 passed during the 2019 legislative sessions, makes changes to Iowa city and county budgets and taxes for Fiscal Year 2025 and later. Additional steps have been added to the budget approval process. The City of Dubuque is specifically impacted by the following steps of this new legislation:

1. Limits the General Fund levy by constraining growth by 2% or 3% each year, depending on the trigger hit:

   Non-TIF taxable growth under 3%, no reduction
   Non-TIF taxable growth over 3% but less than 6%, 2% reduction factor applied
   Non-TIF taxable growth over 6%, 3% reduction factor is applied

   The City of Dubuque Non-TIF taxable growth for FY2026 is 4.39%, the General Fund levy is constrained by a growth reduction factor of 2%. The General Fund levy for FY2026 is $7.78547 instead of the maximum levy of $8.10.

   Although the City is restricted to $7.78547 in the General Fund levy, the City has the flexibility to levy up to $16.0 million or a levy rate of $5.4174 in the Special Revenue Levies for employee benefits. In Fiscal Year 2025, the Special Revenue levy was $0.70307 and totaled $2.0 million. Any reduction in the General Fund levy can be shifted to the Special Revenue levies.

2. March 5: Cities must file a report with Iowa Department of Management containing information specified by new law to be contained in mailings.

3. March 20: County Auditor must send each property owner or taxpayer with the county by regular mail an individual statement with the specified information broken out by political subdivision comprising the taxpayer's district.

4. Taxpayer Statements must include:

    - Total Current Year Tax Rate and Dollars
    - Combined effective property tax rate for the city calculated using the sum of the current fiscal year's actual property tax certified for levy of all of city's levies
    - Proposed Budget Year Tax Rate and Dollars
    - If the Proposed Budget Property Tax Dollars exceed the current fiscal year's actual property tax dollars, a detailed statement of the major reasons for the increase, including the specific purposes or programs for which the city is proposing an increase
    - An example comparing the amount of property taxes on a residential property with an actual value of $100,000 in the current fiscal year and such amount on the residential property using the proposed property tax dollars for the budget year, including the percentage difference in such amounts.
    - An example comparing the amount of property taxes on a commercial property with an actual value of $100,000 in the current fiscal year and such amount on the commercial property using the proposed property tax dollars for the budget year, including the percentage difference in such amounts.
    - The city's percentage of total property taxes certified for levy in the owner's or taxpayer's taxing district in the current fiscal year amount all taxing authorities.
    - The date, time, and location of the city's public hearing on the information contained in the statements.
    - Information on how to access the city's internet site, the city's statements, and other budget documents for prior fiscal years.

5. Public hearing on proposed property tax amounts for the budget year and new taxpayer statements.

    - In addition to public hearing to adopt the budget.
    - Replaces maximum property tax dollars public hearing held in prior years.
    - Must be separate from any other meeting of City Council, including any other meeting or hearing related to the budget.
    - City Council can decrease, but not increase, the proposed property tax amount to be included in the budget.

6. Budget Certification deadline to Iowa Department of Management is April 30th instead of March 31st.

    - If City is issuing new debt that uses the debt service levy, budget must be adopted by April 15th.

CAPITAL IMPROVEMENT BUDGET GUIDELINES

T. INTEGRATION OF CAPITAL RESOURCES

GUIDELINE

To obtain maximum utilization, coordination and impact of all capital improvement resources available to the City, state and federal block and categorical capital grants and funds shall be integrated into a comprehensive five-year Capital Improvement Program (CIP) for the City of Dubuque.

U. INTEGRITY OF CIP PROCESS

GUIDELINE

The City shall make all capital improvements in accordance with an adopted Capital Improvement Program (CIP). If conditions change and projects must be added and/or removed from the CIP, the changes require approval by the City Council.

V. RENOVATION AND MAINTENANCE

GUIDELINE

Capital improvement expenditures should concentrate on renovating and maintaining existing facilities to preserve prior community investment.

W. NEW CAPITAL FACILITIES

GUIDELINE

Construction of new or expanded facilities which would result in new or substantially increased operating costs will be considered only if:
1) their necessity has been clearly demonstrated
2) their operating cost estimates and plans for providing those operating costs have been developed
3) they can be financed in the long term; and
4) they can be coordinated and supported within the entire system.

X. COOPERATIVE PROJECTS

GUIDELINE

Increased efforts should be undertaken to enter mutually beneficial cooperative capital improvement projects with the county, school district and private groups. Examples include cost-sharing to develop joint-use facilities and cost-sharing to improve roads and bridges are examples.

Y. USE OF GENERAL OBLIGATION BONDS

DISCUSSION

The Iowa Constitution limits the General Obligation debt of any city to 5% of the actual value of the taxable property within the city. The Iowa legislature has determined that the value for calculating the debt limit shall be the actual value of the taxable property prior to any "rollback" mandated by state statute.

On October 15, 2012, the City Council adopted a formal Debt Management Policy for the City of Dubuque. Prior to adoption of the formal policy, the City had already been practicing much of the policy, although the formal policy included some new additions. The most significant components of the Debt Management Policy include an internal policy of maintaining the City's general obligation outstanding debt at no more than 95% (except as a result of disasters) of the limit prescribed by the State constitution as of June 30th of each year. It is projected as of June 30, 2025 the City will be at 34.10%. City will not use short-term borrowing to finance operating needs except in the case of an extreme financial emergency which is beyond its control or reasonable ability to forecast. Currently there is no such debt, and none will be recommended in this process.

Bond Financing Stipulations

- Recognizing that bond issuance costs (bond counsel, bond rating, and financial management fees) add to the total interest costs of financing:
- Bond financing should not be used if the aggregate cost of projects to be financed by the bond issue is less than $500,000
- City will consider long-term financing for the construction, acquisition, maintenance, replacement, or expansion of physical assets (including land) only if they have a useful life of at least six years
- City shall strive to repay 20 percent of the principal amount of its general obligation debt within five years and at least 40 percent within ten years.
- The City shall strive to repay 40 percent of the principal amount of its revenue debt within ten years.

Debt Service Payments

Total annual debt service payments on all outstanding debt of the City shall not exceed 25% of total annual receipts across all the City's funds. As of June 30, 2025, it is projected the City will be at 15%

Internal Reserve

It shall be the goal of the City to establish an internal reserve equal to maximum annual debt service on future general obligation bonds issued that are to be abated by revenues and not paid from ad-valorem property taxes in the debt service fund. This shall begin with debt issued after July 1, 2013. This reserve shall be established by the fund or revenue source that expects to abate the levy, and shall be carried in said fund or revenue source on the balance sheet as a restricted reserve. This reserve does not exist now, except where required by bond covenants. This internal reserve would be implemented by adding the cost of the reserve to each debt issuance.

In January 2025, Moody's Investor Services affirmed the Aa2 credit rating on general obligation bonds. Moody's credit analysis states, "the City of Dubuque's local economy benefits from its role as a regional economic center, with solid resident income and full value per capita. Financial operations are strong and will remain so despite declines in fund balance over the next few years, as it expends funds from the pandemic. Long-term liabilities and fixed cost ratios are moderate and will remain so despite future borrowing needs." According to Moody's, the Aa2 issuer rating for the City of Dubuque's bonds reflects the city's healthy economic base, which serves as a regional economic center. Other rationale stated for the rating include full value per capita and adjusted resident income are solid at around $109,000 and 98% respectively, though weaker than Aa peers, in part because of a large student population, available fund balance was strong at around 60% of revenue at the close of fiscal 2023 (year-end June 30), and cash was stronger at 85% of revenue. The City's available fund balance will likely remain well over 45%, despite some planned draws in fiscal 2024 and fiscal 2025 to spend down federal funds from the pandemic. Despite the state adopting new property tax restrictions, revenue raising flexibility remains strong because the City maintains significant margin in its employee benefits fund and is not utilizing its emergency levy. The long-term liabilities ratio will likely remain well under 300% inclusive of the current issuances and future borrowing plans, and fixed-costs ratio will remain well below 20%.

In July 2023, Moody's Investor Service upgraded the City's outstanding general obligation bonds from Aa3 to Aa2, as well as the outstanding Sales Tax Increment Revenue bonds from A2 to A1. Notable credit factors include strong financial operations and ample revenue-raising flexibility, which has resulted in steadily improved available fund balance and cash. The City serves as a regional economic center and its regional economic growth rate has outpaced the nation over the past five years.

In November of 2022, Moody's Investors Service ("Moodys") released a new rating methodology for cities and counties. Two significant changes result from the new methodology; cities are now assigned an issuer rating meant to convey the creditworthiness of the issuer as a whole without regard to a specific borrowing, and business-type enterprise funds are now being considered together with general fund revenues and balances in the determination of financial performance.

Under the new methodology, there are two metrics that contribute to financial performance. Available Fund Balance Ratio ("AFBR") = (Available Fund Balance + Net Current Assets/Revenue) and Liquidity Ratio ("LR") = (Unrestricted Cash/Revenue). For Aa credits, AFBR ranges from 25-35, and LR ranges from 30-40%.

The City was evaluated by Moody's under the old methodology in May of 2022 in connection to its annual issuance of bonds. At that time, Moody's calculated the City's AFBR to be 45.2%, and its LR to be 59.8%. The balances used in these calculations were likely elevated due to unspent ARPA funds. The change in methodology will now consider revenues and net assets from business-type activities in these calculations. As such, the City's general obligation rating will now be directly impacted by the financial performance of enterprise funds. Establishing rates and charges adequate to provide both debt service coverage and significant liquidity will be necessary to maintain the City's ratings.

In May 2021, Moody's Investor Service upgraded the City's Water Enterprise's outstanding revenue bonds from A1 to A2 and affirmed the Aa3 credit rating on general obligation bonds. Notable credit factors include a sizable tax base, a wealth and income profile that is slightly below similarly rated peers, and increased financial position that will decline in fiscal years 2021 and 2022 and somewhat elevated debt and pension liabilities.

General Obligation Debt

Fiscal Year 2026 Debt

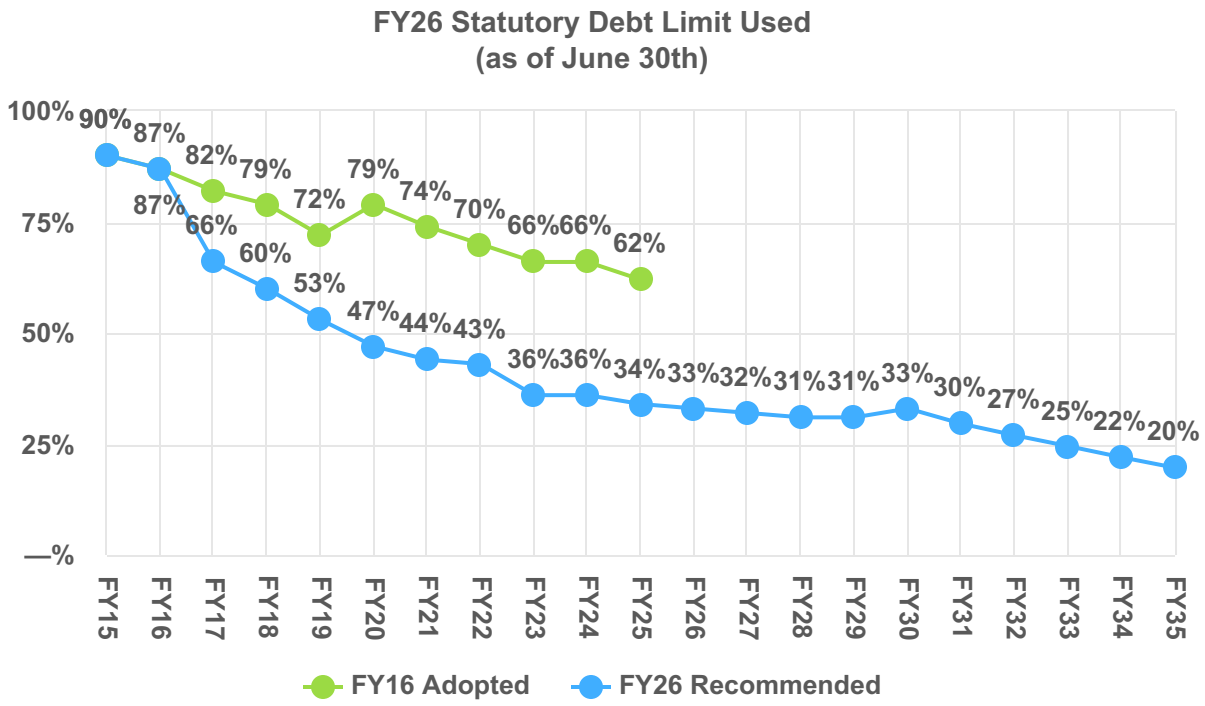

FY 2026 Debt Limit: The FY 2024 assessable value of the community for calculating the statutory debt limit is $6,472,591,693, which at 5%, indicates a total General Obligation debt capacity of $323,629,585.

Based on Outstanding G.O. debt (including tax increment debt, remaining payments on economic development TIF rebates, and general fund lease agreement) on June 30, 2026 will be $ $108,410,164 (33.50% of the statutory debt limit) leaving an available debt capacity of $215,219,421 (66.50%).

It should be noted that most of the City of Dubuque's outstanding debt is not paid for with property taxes (except TIF), but is abated from other revenues. Exceptions include one issuance for the replacement of a Fire Pumper truck in the amount of $1,410,000 with debt service of $95,421 in FY 2026 and one issuance for the franchise fee litigation settlement in the amount of $2,800,000 with debt service of $195,825 in FY 2026. Included in the debt is $4,661,120 of property tax rebates to businesses creating and retaining jobs and investing in their businesses.

Statutory Debt Limit

Fiscal Year	Statutory Debt Limit	Amount of Debt Subject to Statutory Debt Limit	% Debt Limit Used
2025	$321,926,120	$109,764,274	34.10%
2026	$323,629,585	$108,410,164	33.50%

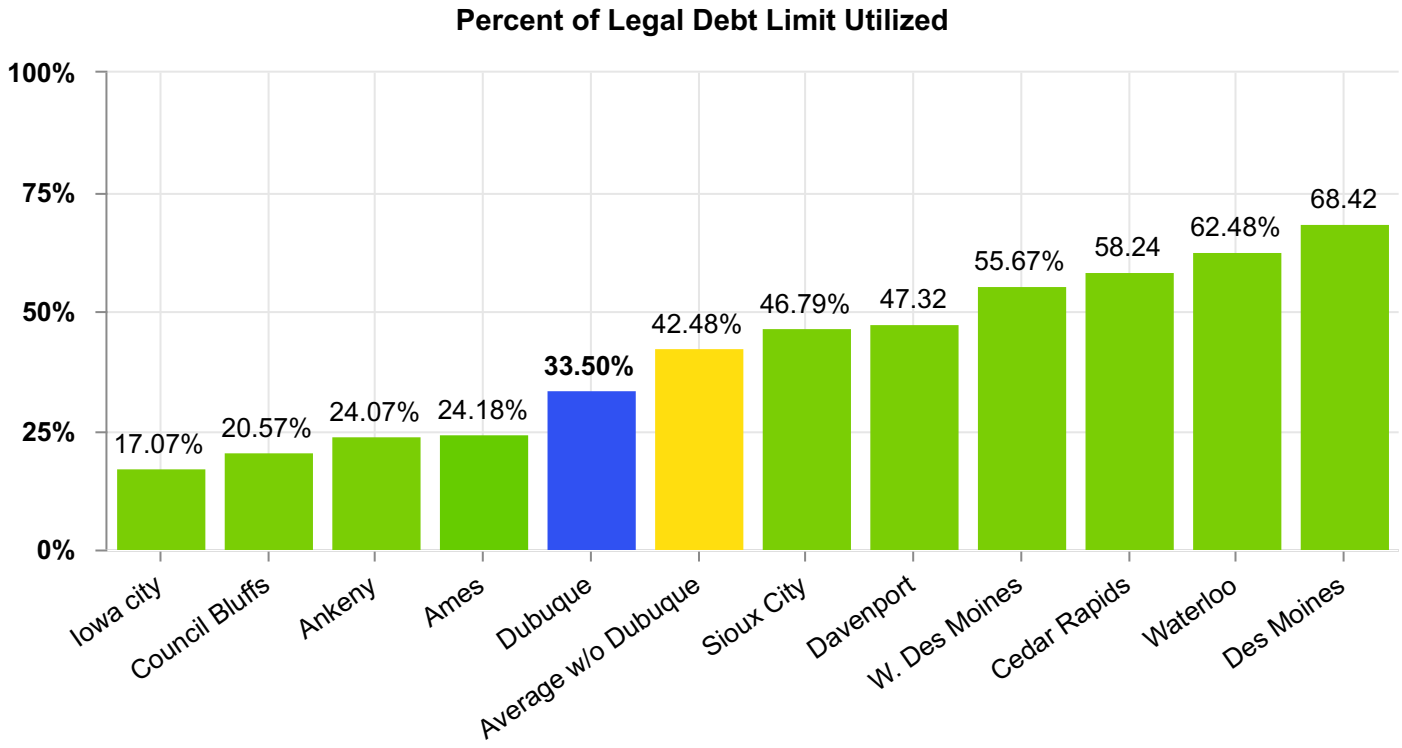

The City also has debt that is not subject to the statutory debt limit. This debt includes revenue bonds. Outstanding revenue bonds payable by water, sewer and stormwater fees on June 30, 2026 will have a balance of $167,789,201. The total City indebtedness as of June 30, 2026, is projected to be $289,568,909. The total City indebtedness as of June 30, 2025, was $281,085,184. **In FY 2026, the City will have a projected $8,483,725 or 3.02% more in debt.** The City is using debt to accomplish necessary projects.

The following chart shows Dubuque's relative position pertaining to use of the statutory debt limit for Fiscal Year 2026 compared to the other cities in Iowa for Fiscal Year 2024 with a population over 50,000:

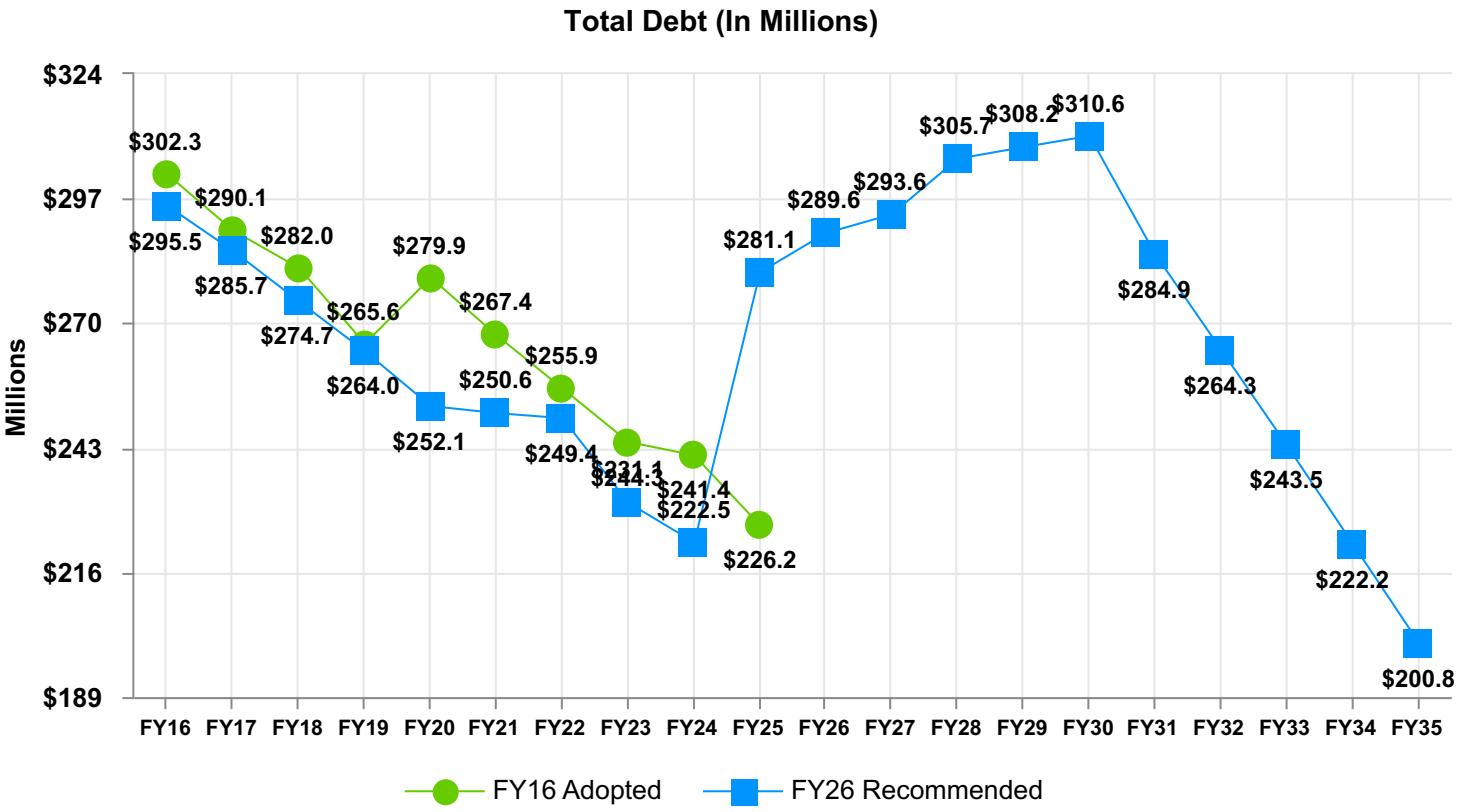

Fiscal Year 2024 Legal Debt Limit Comparison for Eleven Largest Iowa Cities

11	Des Moines (FY24)	803564354	549760000	0.68415180098942
10	W. Des Moines (FY24)	$ 551,635,692	$ 307,090,000	55.67 %
9	Cedar Rapids (FY 24)	$ 681,383,619	$ 396,830,000	58.24 %
8	Waterloo (FY24)	$ 221,546,701	$ 138,428,824	62.48 %
7	Davenport (FY24)	$ 423,816,425	$ 200,540,000	47.32 %
6	Sioux City (FY24)	$ 309,734,920	$ 144,929,999	46.79 %
5	Dubuque (FY26)	$ 323,629,585	$ 108,410,164	33.50 %
4	**Ankeny (FY24)**	**$ 416,454,919**	**$ 100,260,000**	**24.07 %**
3	Ames (FY24)	$ 277,278,426	$ 67,035,000	24.18 %
2	Iowa City (FY24)	$ 368,416,450	$ 62,905,000	17.07 %
1	Council Bluffs (FY24)	$ 365,780,288	$ 75,240,467	20.57 %
	Average w/o Dubuque			42.48 %
	Average w/o Dubuque	**$ 441,961,179**	**$ 204,301,929**	**42.48 %**

Dubuque ranks as the fifth lowest of the use of statutory debt limit of the 11 cities in Iowa with a population over 50,000 and Dubuque is below the average of the other Cities. **The average (42.48%) is 26.82% higher than Dubuque (33.50%).**

By the end of the Recommended 5-Year Capital Improvement Program (CIP) budget, the total amount of debt for the City of Dubuque would be $310.62 million (32.90% of the statutory debt limit). **Projections out 10 years to Fiscal Year 2035 show the City of Dubuque at 19.66% of the statutory debt limit,** and the projection is to be at $200.79 million (19.66% of statutory debt limit) within 10 years.

Part of the City's FY 2014 debt was in the form of a grant from the Iowa Flood Mitigation Program. Through a new state program, the City is able to issue $28.25 million in revenue bonds payable from the 5 percent State Sales Tax increment for projects in the Bee Branch Watershed allowing the City to complete the Bee Branch Creek Restoration, construct permeable alleys, replace the Bee Branch flood gates, complete North End Storm Sewers, construct a Flood Control Maintenance Facility, install Water Plant Flood Control and complete 17th Street Storm Sewer over the next twenty years.

The City will issue $152,147,710 in new debt in the Recommended 5-year CIP, mostly for fire equipment replacement ($4,163,408), fire station improvements, fire station expansion, airport improvements, reimagine Comiskey, neighborhood park developments, Federal Building renovations ($5,640,600), solid waste collection vehicles, sanitary sewer improvements ($78,399,027), water system projects ($15,956,673), stormwater improvements, parking improvements, renovation of Five Flags ($22,890,869), and Central Avenue improvements ($6,440,000). **By far the greatest use of debt over the next five years is for sanitary sewer maintenance and improvements ($78,399,027).**

Project	FY 2026	FY 2027	FY 2028	FY 2029	FY 2030	Total
Fire Equipment Replacement (LOST)	$401,060	$544,000	$—	$—	$—	$945,060
Fire Station Expansion/Relocation (LOST)	$—	$—	$—	$—	$500,900	$500,900
Fire Station Improvements (LOST)	$100,000	$900,000	$500,000	$—	$50,000	$1,550,000
Fire Truck/Ambulance Replacements (LOST)	$—	$1,350,000	$950,000	$—	$1,863,408	$4,163,408
Airport Improvements (LOST)	$1,000,500	$804,999	$192,000	$294,000	$—	$2,291,499
Park Development (LOST)	$505,000	$—	$—	$—	$—	$505,000
14th Street Overpass (GDTIF)	$—	$—	$—	$1,341,131	$—	$1,341,131
Reimagine Comiskey Park (GDTIF)	$1,697,000	$—	$—	$—	$—	$1,697,000
Central Avenue Corridor (GDTIF)	$—	$—	$1,760,000	$1,780,000	$2,900,000	$6,440,000
Federal Building Renovation (GDTIF)	$945,600	$—	$—	$—	$4,695,000	$5,640,600
Five Flags Renovation (GDTIF)	$—	$2,750,000	$3,040,000	$8,128,869	$8,972,000	$22,890,869
Parking Ramp Major Maintenance (GDTIF)	$2,857,400	$350,000	$—	$—	$2,033,000	$5,240,400
Solid Waste Collection Vehicles - Refuse	$220,000	$375,000	$595,000	$375,000	$845,000	$2,410,000
Sanitary Sewer Projects	$20,079,873	$17,796,826	$19,938,126	$12,413,852	$8,170,350	$78,399,027
Stormwater Projects	$632,643	$820,000	$723,500			$2,176,143
Water Projects	$750,000	$1,524,715	$9,158,146	$4,523,812	$—	$15,956,673
Total New Debt	**$ 29,189,076**	**$ 27,215,540**	**$ 36,856,772**	**$ 28,856,664**	**$ 30,029,658**	**$ 152,147,710**

The City will retire $139,519,604 of existing debt over the next five-years (FY26-FY30).

The following chart shows the net reduction of debt from Fiscal Year 2026 - Fiscal Year 2030:

Project	FY 2026	FY 2027	FY 2028	FY 2029	FY 2030	Total
New Debt	$ 29,189,076	$ 27,215,540	$ 36,856,772	$ 28,856,664	$ 30,029,658	$152,147,710
Retired Debt	-$24,490,840	-$26,781,297	-$28,355,118	-$29,751,697	-$30,140,652	-$139,519,604
Net Debt Increase (Reduction)	**$4,698,236**	**$434,243**	**$8,501,654**	**-$895,033**	**-$110,994**	**$12,628,106**

There was a 0.53% increase in assessed value effective January 1, 2024, which is the assessment the Fiscal Year 2026 statutory debt limit is based on. The statutory debt limit effective June 30, 2026 is $323,629,585. **The City will be at 33.50% of statutory debt limit by June 30, 2026**. In FY 16 the City was at 86.13% of statutory debt limit, so **33.50% in Fiscal Year 2026 is a 53.04% decrease in use of the statutory debt limit.**

The ten year history of the City's use of the statutory debt limit is as follows:

FY 15	FY 16	FY 17	FY 18	FY 19	FY 20	FY 21	FY 22	FY 23	FY24	FY25
90.00%	86.54%	66.06%	59.79%	52.90%	46.91%	43.51%	43.33%	39.36%	40.07%	34.85%

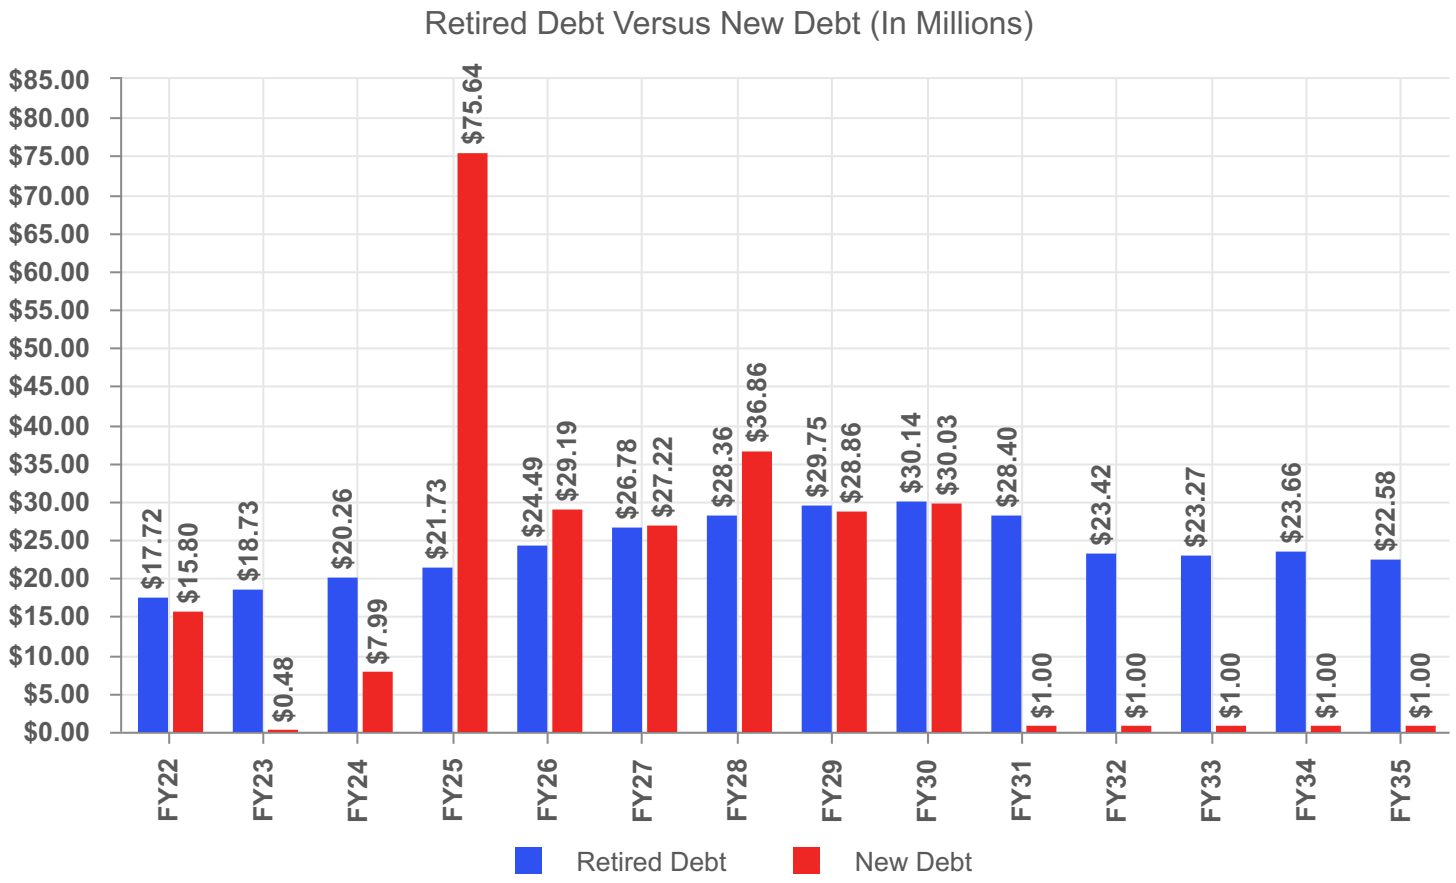

The five year projection of the City's use of the statutory debt limit from Fiscal Year 2026–2030 including all planned debt issuances subject to the statutory limit and assuming a 2% growth in the City's assessed valuation beginning in Fiscal Year 2026 is as follows:

FY 26	FY 27	FY 28	FY 29	FY 30
33.50%	32.13%	30.65%	30.58%	32.90%

The total City indebtedness as of June 30, 2026, is projected to be $167,789,201 (33.50% of statutory debt limit). The total City indebtedness as of June 30, 2015, was $295,561,181 (90% of statutory debt limit). **The City is projected to have $8,483,725 more in debt as of June 30, 2026.**

The combination of reduced debt and increased utility rates partially reflects the movement to a more "pay as you go" strategy, which could lead to larger tax and fee increases than with the use of debt.

The following chart shows the amount of retired debt as compared to new debt. The new debt includes new debt issuances as well as draw downs on existing state revolving fund loans:

*In Fiscal Year 2020, the City had $5,908,200 forgiven of the Bee Branch Upper Bee Branch Loan on June 30, 2020 which increased principal payments reflected.

**Based on the timing of projects the City issued very little debt in FY23 ($0.48 million) and FY24 ($7.99 million), so the FY25 debt issuance was a combination of three years of debt funding for projects. In that three-year period, the City retired $60.72 million in debt and issued $84.11 million in debt.

As we approach the preparation of the FY 2026-2030 Capital Improvement Program (CIP) the challenge is not the City's capacity to borrow money but (a) how to identify, limit, and prioritize projects which justify the interest payments and; (b) how to balance high-priority projects against their impact on the property tax rate.

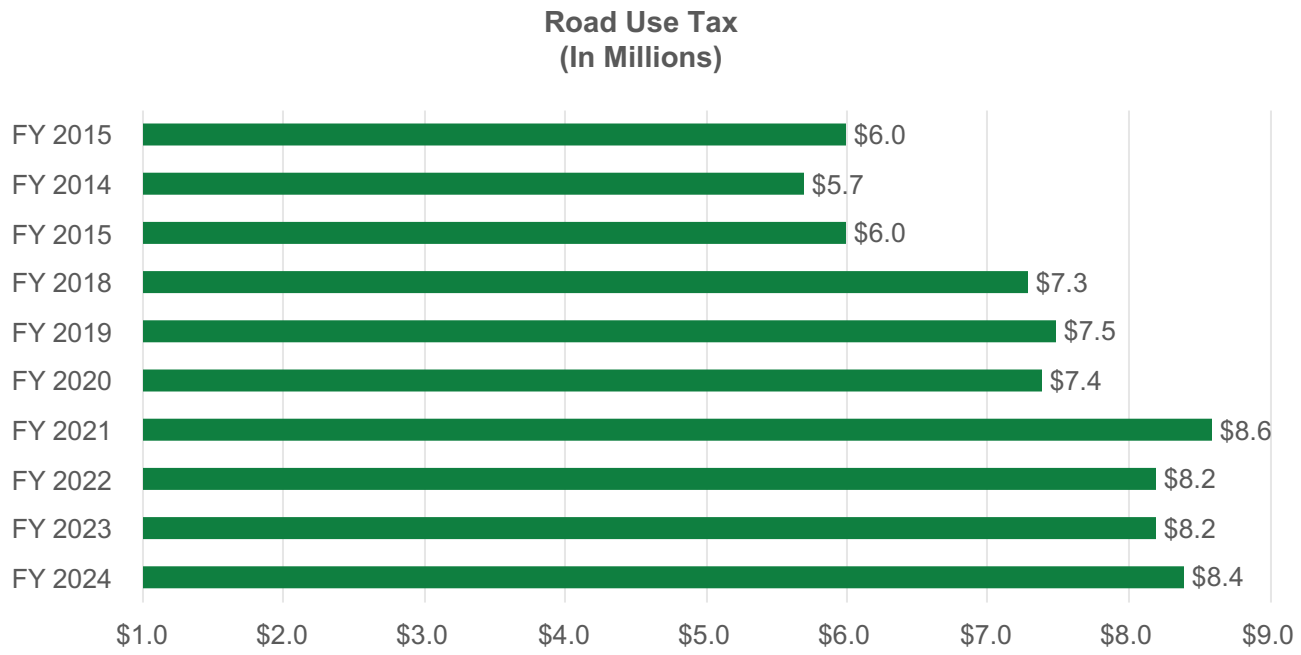

GUIDELINE

There are many high priority capital improvement projects which must be constructed during the FY 2026 - FY 2030 period. The potential of partially forgivable State Revolving Fund Loans and an increase in grant funding may impact the need to borrow for projects. As in the past, debt will be required on several major capital projects, including the Bee Branch Watershed Project, Airport Improvements, Park Improvements, Sidewalk and Street Improvements, Sanitary Sewer Fund, Parking Fund, and Water Fund. Borrowings will also include smaller projects and equipment replacements such as Park developments and Public Works equipment. These smaller borrowings will be for a term not exceeding the life of the asset and not less than six years in accordance to the Debt Management Policy. Alternative sources of funds will always be evaluated (i.e. State Revolving Loan Funds) to maintain the lowest debt service cost.

AA. ROAD USE TAX FUND

DISCUSSION

Actual Road Use Tax Fund receipts are as follows:

The FY 2025 budget was based on receiving $8,400,000 in Road Use Tax funds. In FY 2025, 100% of the Road Use Tax income is in the operating budget. The State of Iowa increased the gas tax 10 cents per gallon in FY 2016.

With increases in City DMATS and State Road Use Tax funds, the City will be able to substantially add to the number of street lights and continue with major road improvements.

GUIDELINE

It is preferable to shift Road Use Tax funds to the capital budget for street maintenance and repair to reduce the need to borrow funds for routine street maintenance and improvements. This shift cannot occur until there are increased revenues or reduced expense that would allow this shift without a property tax impact.

BB. COMMERCIAL AND INDUSTRIAL DEVELOPMENT

GUIDELINE

Current City, commercial and industrial development efforts should be continued to (a) preserve current jobs and create new job opportunities and (b) enlarge and diversify the economic base. Financing these efforts and programs should continue to be a high priority.

CC. HOUSING

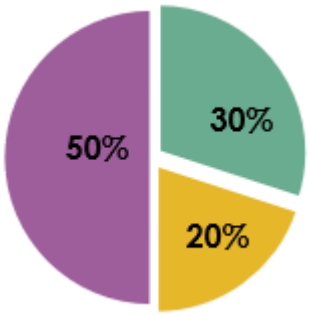

GUIDELINE

To maintain an adequate supply of safe and decent housing, the City should strive to preserve existing single family and rental housing that is not substandard and provide opportunities for development of new housing, including owner occupied, within the City's corporate limits for all residents, particularly for people of low and moderate income. Workforce rental housing is becoming increasingly important and the City provides incentives for building rehabilitations. In 2023, the City Council adopted housing incentive programs through the use of Tax Abatement and Tax Increment Financing.

DD. SALES TAX

GUIDELINE

Sales Tax revenue shall be used according to the following split:

Sales Tax 50%: Property Tax Relief

Sales Tax 30%:
(a) The reduction by at least 75% of street special assessments.
(b) The maintenance and repair of streets.

Sales Tax 20%:
(a) The upkeep of City-owned property such as sidewalks, steps, storm sewers, walls, curbs, traffic signals and signs, bridges, buildings, and facilities (e.g. Airport, Five Flags Center, Library, Law Enforcement Center, City Hall, Fire Stations, Parks, and Swimming Pools).
(b) Transit equipment, such as buses
(c) Riverfront and wetland development
(d) Economic Development Projects

EE. NET CASH PROCEEDS (SURPLUS DISTRIBUTION) FROM THE DUBUQUE RACING ASSOCIATION

DISCUSSION

The contract with the Dubuque Racing Association calls for distribution at the end of its fiscal year, December 31st, of 50 percent of its net cash operating funds to the City of Dubuque. In early-February, the City receives payment of proceeds to be distributed. These proceeds are then allocated for capital improvements, with the highest priority given to reducing the City's annual borrowing.

The Dubuque Racing Association provides the City with projections of future distributions. Since gaming is a highly volatile industry, the estimates are discounted prior to including them in the City's Five-Year CIP.

The February 2026 DRA distributions will be used in Fiscal Year 2026 to fund the implementation of the classification and compensation study and non-recurring improvement packages. This is a change from past use of DRA distributions because all funds will be used for Fiscal Year 2026 operations. A change from past use of DRA distributions, 0% of the February 2026 projections of operating surplus have been anticipated as resources to support the Fiscal Year 2026 capital improvement projects. The estimates received from the DRA will be reduced by 5 percent for FY 2028 resources, 10 percent for FY 2029, and 15 percent for FY 2030 resources, to provide a margin of error in case the estimates are not realized.

GUIDELINE

$1,258,831 of February 2026 DRA distributions will be used for FY2026 non-recurring improvement packages and implementation of the classification and compensation study. This is a change from past use of DRA distributions because all funds will be used for Fiscal Year 2026 operations.In Fiscal Year 2026 and beyond, the City anticipates distribution of a significant amount of net cash proceeds for use in the Capital Improvement Program. These amounts will be budgeted in the Five-Year CIP in the year they are received and will be used to reduce required General Obligation borrowing. The three out-years will be discounted by 5 percent, 10 percent, and 15 percent respectively.

FF. EMPHASIS ON INITIATIVES THAT REDUCE FUTURE OPERATING BUDGET EXPENSE

GUIDELINE

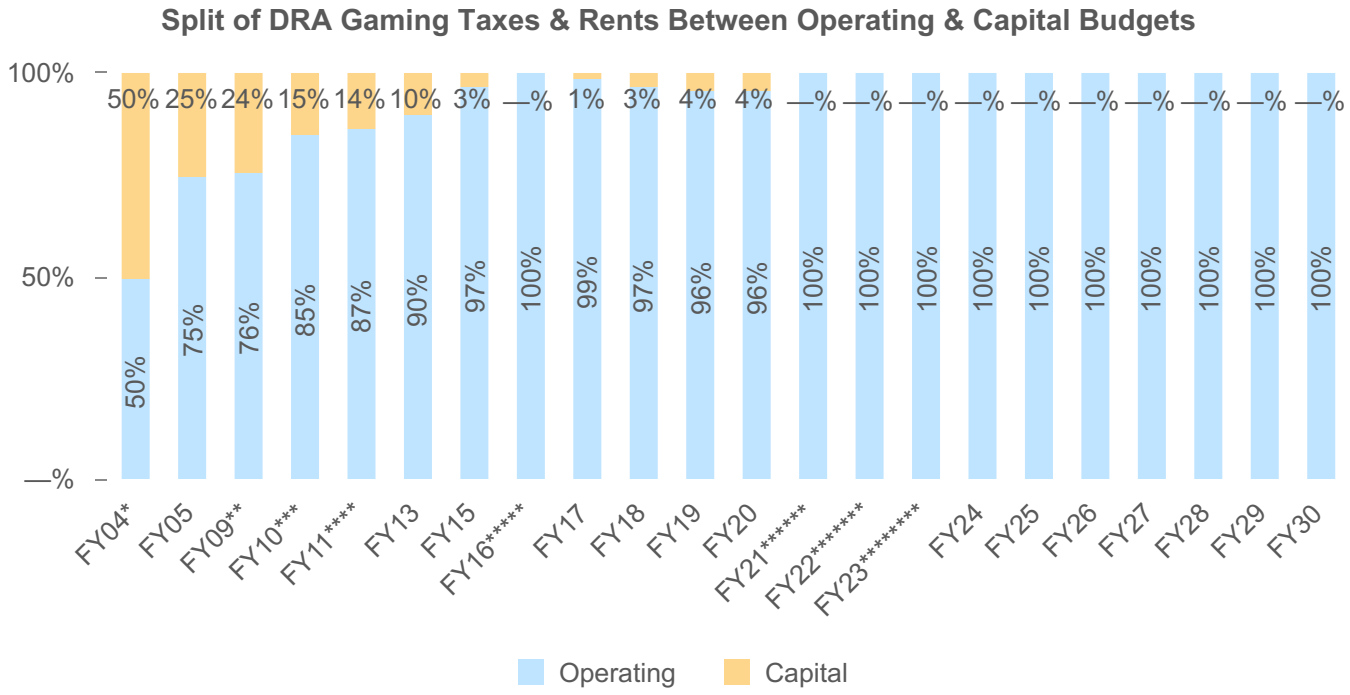

Capital improvement expenditures that will reduce future maintenance and operating expense will receive priority funding and these types of initiatives will be encouraged in all departments and funding sources as a means of maximizing the use of available resources. This emphasis reflects fiscally responsible long-range planning efforts.

GG. USE OF GAMING-RELATED RECEIPTS

DISCUSSION

On December 14, 2021, an amended lease took effect with the Dubuque Racing Association for lease of the Q Casino. This lease amendment raised the lease payment from 1% of coin-in to 1.5% of coin-in.The amendment increased the amount retained by the DRA for the operating budget reserve from 5% to 10%. The lease amendment eliminates the $10,000 per month DRA payment to the Depreciation and Improvement Fund for facility maintenance. In addition, In addition, the distribution of net profit is now split three ways between the City, charities, and the Schmitt Island Master Plan Implementation from a two-way split between the City and charities. The amended lease has an expiration date of December 31, 2055.

The following shows the historical split of DRA gaming taxes and rents between the City’s operating and capital budgets:

Notable Changes:

***FY 2004** A new lease took effect with the Dubuque Racing Association for lease of the Dubuque Greyhound Park and Casino. This new lease was negotiated after the FY 2005 budget was approved and raised the lease payment from ½% of coin-in to 1% of coin-in. This new lease and the expansion of gaming at Dubuque Greyhound Park and Casino, from 600 gaming positions to 1,000 gaming positions, effective August 1, 2005, provided additional revenues to the City of Dubuque.

****FY 2009** The Diamond Jo expanded to a land-based barge casino facility and increased to 1,100 slots on December 1, 2008. This expansion was projected to decrease the Q gaming market and correspondingly the coin-in by just over 21 percent. Based on the projected market share loss, the City did not receive a distribution of cash flows from the Dubuque Racing Association (DRA) in Fiscal Years 2009 and 2010.

*****FY 2010** The operating portion of the split now includes the debt service required on the 2002 general obligation bonds for the America's River Project that was previously considered as part of the capital portion of the DRA lease. Debt obligations are considered a continuing annual expense and are more accurately reflected as part of the operating portion of the DRA lease.

******FY 2011** DRA distributions restarted in FY 2011 instead of the projected year of FY 2012.

*******FY 2016** A reduction in revenue in the Greater Downtown TIF urban renewal area resulted in reduced revenues to make debt payments and it was necessary for the general fund to support $84,104 in FY 2015 and $78,242 in FY 2016 of debt service payments, which were funded by reducing the amount of gaming revenues from taxes and DRA lease that goes to capital recommended in FY 2016.

********FY 2021** A lease amendment took effect with the Dubuque Racing Association for the lease of the Q Casino. This lease amendment added a payment equal to ½% of monthly sports wagering conducted on Q Sportsbook retail or Q advance deposit sports wagering internet site.

*******FY 2022** A lease amendment took effect with the Dubuque Racing Association for lease of the Q Casino. This lease amendment raised the lease payment from 1% of coin-in to 1.5% of coin-in.The amendment increased the amount retained by the DRA for the operating budget reserve from 5% to 10%. The lease amendment eliminates the $10,000 per month DRA payment to the Depreciation and Improvement Fund for facility maintenance. In addition, the amended lease has an expiration date of December 31, 2036.

********FY 2023** A lease amendment took effect with the Dubuque Racing Association for lease of the Q Casino. This lease amendment extended the termination date from 2036 to 2055. The amendment allows $1.5 million of cash reserve fund as a down payment of a construction loan in FY23.

The change in market share and changes in the lease agreement impacts the City's lease payment from the DRA. The new lease effective 1/1/22 requires the DRA to pay the City 1.5 percent of coin in from slot machines (previously 1 percent),4.8 percent of gross revenue from table games, and 0.5 percent of sports wagering.

In calendar year 2024, the DRA saw a decline of -4.85% in gross gaming revenues, while Diamond Jo experienced a slight increase of +1.61% compared to 2023. The Dubuque market in 2024 was approximately $122.6 million annually, showing a decrease of -0.8% from the $123.6 million market in 2023. This decline was expected due to construction disruptions throughout the year. The DRA's gross gaming revenue was significantly impacted by redevelopment work on the property, which continued throughout the year. Additionally, the main highway leading to our facility was closed for extended repairs. An exit ramp that was initially scheduled for a brief closure ended up being closed for several months, further affecting traffic and access.

Despite these challenges, the DRA saw growth in other areas in 2023, including food and beverage sales, as well as new revenue from the opening of the Island Social (Family Entertainment Center) and the new banquet event space. However, total gross revenue for the DRA in 2024 was down -4.2% compared to 2023.

Looking ahead, the DRA has projected an increase of +11% in gross gaming revenue and +12% in total gross revenue for calendar year 2025. This growth is primarily attributed to the ongoing redevelopment efforts. Over the next five years, the DRA expects gaming revenue growth rates of +3.4% in FY 2026, +3.3% in FY 2027, a decline of -2.0% in FY 2028, and +2.1% in FY 2029. Total gross revenue projections include a +13% increase in FY 2026, +4% in FY 2027, a decline of -0.4% in FY 2028, and +2.5% in FY 2029. The expected growth in FY 2026 will be supported by the opening of the Key Hotel and rooftop restaurant.

In February 2025, the IRGC granted a casino license to Linn County (Cedar Rapids). Our five-year budget forecast indicates that the Linn County casino will become operational in calendar year 2027/2028.

Illinois passed legislation in 2019 allowing six additional casinos, sports betting, and increased Video Lottery Terminals (VLTs) throughout the state. The closest casino to our market is in Rockford. The Rockford City Council voted on October 7, 2019, to approve the Hard Rock Casino as the city's choice. On November 10, 2021, Hard Rock opened its temporary casino with 635 slot machines and Electronic Table Games. The permanent Hard Rock Casino in Rockford opened on August 29, 2024, featuring 1,300 slots and live table games. The 250-room hotel is projected to open in late 2025.

Additionally, the Ho-Chunk Nation plans to construct a $405 million casino and hotel resort in Beloit, Wisconsin, in two stages. The casino is scheduled for completion by June 2026, with the 18-story, 312-room hotel and 75,000-square-foot conference center slated for completion in 2027.

The 50¢ per patron tax previously received from the Diamond Jo was replaced by a $500,000 fixed payment based on their revised parking agreement which expires June 16, 2029.

GLOSSARY

This page intentionally left blank.

28E Agreement: Chapter 28, Section E of the Iowa Code which establishes intergovernmental agreements for two or more governmental agencies to cooperate on an issue/activity.

Accounting System: Records and procedures which are used to record, classify, and report information on the financial status and operations of an entity.

Accrual Basis of Accounting: A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Activity: A specific type of work or group of tasks performed by one or more organized units of the government. An example would be Street Maintenance.

Ad Valorem Taxes: Commonly referred to as property taxes, are levied on both real and personal property according to the property's valuation and tax rate.

Allot: To divide an appropriation into amounts which may be encumbered or expended during an allotment period.

Alternatives: This term means other possible activities or uses of funding besides those already decided upon or being considered. It also suggests the comparison between two or more possible approaches toward fulfilling the same purpose, goal or objective.

Amortization: The gradual elimination of an asset or liability, such as a bond premium, over a specified period of time.

Annualize: Taking changes that occurred mid- year and calculating their cost for a full year, for the purpose of preparing an annual budget.

Appropriation: A legal authorization to incur obligations and to make expenditures for specific purposes.

Assessed Valuation: A value established for real property for use as a basis for levying property taxes.

Assessment Ratio: The ratio at which the tax rate is applied to the tax base.

Assets: Resources owned or held by the City which has a monetary value.

Attrition: A method of achieving a reduction in personnel by not refilling the positions vacated through resignation, reassignment, transfer, retirement, or means other than layoffs.

Audit: Examination by an independent party of the City's financial books, records, accounts, funds, and securities for purposes of determining evidence of the accuracy and correctness of financial statements and ensuring management has effectively and efficiently performed responsibilities.

Authorized Positions: Employee positions which are authorized in the adopted budget to be filled during the year.

Balanced Budget: Occurs when planned expenditures equal anticipated revenues.

Base Budget: Cost of continuing the existing levels of service in the current budget year.

Bond Funds: Resources derived from issuance of bonds for specific purposes and related Federal project grants used to finance capital expenditures.

Bond Rating: A rating (made by an established bond rating company) from a schedule of grades indicating the probability of timely repayment of principal and interest on bonds issued. City of Dubuque has an Aa2 rating from Moody's Investor Services.

Bond: A long-term promise to pay a sum of money (the face amount of the bond) on a specific date(s) (the bond maturity date) at a specified interest rate.

Bonding Capacity - Debt Capacity: The State limit for general obligation debt is 5% of assessed valuation.

Bond Refinancing: The payoff and re-issuance of bonds, to obtain better interest rates and/or bond conditions.

Budget: A plan of financial operation and estimated expenditures for a specific period of time, and the monies to be used to finance the expenditures. The City of Dubuque Operating Budget is a plan for the period form July 1 through June 30.

Budget Amendment: Any change in expenditure budgets, which result in a net increase or decrease in the total dollar amount budgeted at the fund level.

Budgetary Basis: This refers to the basis of accounting used to estimate financing sources and uses in the budget. This generally takes one of three forms: GAAP, cash, or modified accrual.

Budget Calendar: The schedule of key dates or milestones, which the City follows in the preparation and adoption of the budget.

Budget Carryover: Funds unused during a financial year which are transferred to the budget for the following year.

Budgetary Control: The control or management of a government in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.

Budget Document (Program and Financial Plan): The official written statement prepared by the City staff reflecting the decisions made by the Council in their budget deliberations.

Budget Message: The City Manager's summary of the salient issues of the budget he is recommending to the City Council for their adoption. The message highlights the City Manager's views of the major aspects of the budget and provides the city Council with an overview of the major fiscal policies incorporated in the recommended budget, or which may impact future recommended budgets.

Capital Assets: Asset of significant value and having a useful life of several years. Capital assets are also called fixed assets.

Capital Expenditures: Purchases of building, improvements other than buildings, machinery, and equipment with a value over $500 and a useful life in excess of one year.

Capital Improvements: Expenditures related to the acquisition, expansion or rehabilitation of an element of the government's physical plant; sometimes referred to as infrastructure.

Capital Improvement Program (CIP): A long- range plan for providing the capital outlays necessary to insure that adequate services are provided to the residents of the City. The plan includes improvements to, or the acquisition of, structural improvements and major equipment purchases.

Capital Improvement Projects: The specific projects that make up the Capital Improvements Program. The projects involve the construction, purchase, or renovation of city facilities or property. They are generally nonrecurring major improvements to the City's physical plant, which necessitate long-term financing and are permanent in nature.

Capital Outlay: Expenditures for fixed assets, such as equipment, remodeling, minor building improvements, and vehicles, that are funded from the operating budget. Since long-term financing is not necessary and expenditures of this type are of such recurring character, these items are not part of the Capital Improvement Program.

Capital Project: A major expenditure for a public improvement that is of such magnitude as to be considered a part of the City's five-year Capital Improvement Program. Such expenditures typically include City infrastructure construction projects, and would normally have an estimated useful life of a minimum of 10-15 years. Capital projects are summarized in the City's Operating Budget and detailed in the City's Capital Improvement Program document.

Capital Projects Funds: These funds account for the financial resources to be used for the acquisition and/or construction of major facilities (usually over $10,000), other than those financed by proprietary funds. Each year the City appropriates money for the work to be completed that fiscal year; fund balances are designated for the completion of the projects over a period of years. Examples are fire stations, streets, water and sewer lines, etc. These funds use the modified accrual basis of accounting. Revenues are recognized in Capital Projects Funds when they become measurable and available to finance expenditures for the current period (such as when bonds are sold). Expenditures are recognized when the related liability is incurred.

Capital Reserve: An account used to segregate a portion of the government's equity to be used for future capital program expenditures. The amount of capital reserve is roughly equal to the government's annual equipment depreciation and an amount identified as being needed for future capital acquisition.

Cash: For purposes of our financial management system, cash refers to money, revenue, or fund balances available in the City treasury for financing an activity or project.

Cash Basis of Accounting: The basis of accounting under which revenues are recorded when received in cash and expenditures are recorded when paid.

Clearing Account: An intermediary account used to initially accumulate direct expenditures for subsequent charging to other officially reported accounts. These accounts are used in situations in which allocations are made to the reporting accounts on a percentage basis, and usually involve the ultimate distribution of expenses to a number of different accounts.

Collective Bargaining Agreement: A legal contract between the employer and a verified representative of a recognized bargaining unit for specific terms and conditions of employment (e.g., hours, working conditions, salary, fringe benefits, and matters affecting health and safety of employees.)

Commission of Accreditation for Law Enforcement Agencies (CALEA): Credentialing authority (accreditation), based in the United States, whose primary mission is to accredit public safety agencies, namely law enforcement agencies, training academies, communications centers, and campus public safety agencies.

Commodities: Items or supplies needed for routine maintenance and operations. They include cleaning, maintenance and office supplies, repair materials, minor equipment, and tools.

Community Development Block Grant (CDBG): A grant that is funded by the federal government through the Housing and Urban Development agency to the State of Iowa and then administered through the Iowa Department of Economic Development.

Community Orientated Policing Services (COPS): component of the U.S. Department of Justice responsible for advancing the practice of community policing by the nation's state, local, territorial, and tribal law enforcement agencies through information and grant resources.

Comprehensive Annual Financial Report: (CAFR) the financial report of a state, municipal or other governmental entity that complies with the accounting requirements promulgated by the Government Accounting Standards Board (GASB). GASB provides standards for the content of a CAFR in its annually updated publication Codification of Governmental Accounting and Financial Reporting Standards. A CAFR is compiled by a state, municipal or other governmental accounting staff and audited by an external American Institute of Certified Public Accountants (AICPA) certified accounting firm utilizing GASB requirements. It is composed of three sections: introductory, financial and statistical. It combines the financial information of fund accounting and enterprise authorities accounting.

Constant or Real Dollars: The presentation of dollar amounts adjusted for inflation to reflect the real purchasing power of money as compared to a certain point in time in the past.

Consumer Price Index: A statistical description of price levels provided by the U.S. Department of Labor. The index is used as a measure of the increase in the cost of living (i.e. economic inflation).

Contingency Funds: A reserve of monies set aside within the General Fund for emergency or unexpected expenditures. This is also called the Emergency Reserve.

Contractual Services: Services rendered to a government by private firms, individuals, or other governmental agencies. Examples include utilities, rent, maintenance agreement, and professional consulting services.

Cost-of-living Adjustment (COLA): an increase in salaries to offset the adverse effect of inflation on compensation.

Debt Retirement/Redemption: The expenditure of funds for the retirement of all, or a portion of, the principal amount of a long-term financial obligation of the City.

Debt Service Fund: The fund which accounts for the payment of interest and principal on all general obligation debt other than that payable from special assessments and revenue debt issued for a governmental enterprise.

Dedicated Tax: A tax levy to support a specific government program or purpose.

Deferred Compensation: Income deferred until retirement age.

Deficit: the excess of an entity's liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

Department: The basic organizational unit of government which is functionally unique in its delivery of services.

Depreciation: Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Development-related fees: Those fees and charges generated by building, development and growth in a community. Included are building and street permits, development review fees, and zoning, platting and subdivision fees.

Direct Revenues: Revenues earned by a specific General Fund division in the course of performing their assigned duties.

Disbursement: The expenditure of monies from an account.

Distinguished Budget Presentation Awards Program: A voluntary awards program administered by the Government Finance Officers Association to encourage governments to prepare effective budget documents.

Division: A major administrative organizational unit of the City which indicates overall management responsibility of one or more activities.

Employee (or Fringe) Benefits: Contributions made by a government to meet commitments or obligations for employee fringe benefits. Included are the government's share of costs for Social Security and the various pension, medical, and life insurance plans.

Encumbrances: Obligations in the form of purchase orders, contracts or salary commitments that are chargeable to an appropriation and for which a part of the appropriation is reserved by an accounting entry.

Enterprise Fund: Those funds established to finance and account for acquisition, operation and maintenance of governmental operations which are predominantly self-supporting by user charges. Such operations must be run in a manner similar to private business. Examples are the Water Utility Operation and Solid Waste Collection.

Entitlements: Payments to which local governmental units are entitled, pursuant to an allocation formula determined by the agency providing the monies, usually the state or the federal government.

Expenditures: Funds spent in accordance with budgeted appropriations on goods and services obtained.

Expense: Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest or other charges.

Federal Emergency Management Agency (FEMA): Coordinates the federal government's role in preparing for, preventing, mitigating the effects of, responding to, and recovering from all domestic disasters, whether natural or man-made, including acts of terror.

Fiscal Policy: A government's policies with respect to revenues, spending, and debt management as these relate to government services, programs and capital investment. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.

Fiscal Year (FY): The 12-month period to which the operating budget applies, and the period of time at the end of which the government determines it financial condition. For the City of Dubuque, this is July 1 through June 30.

Fixed Assets: Assets of a long-term character, which are intended to be held or used, such as land, buildings, machinery, furniture and other equipment.

Full Faith and Credit: A pledge of a government's taxing power to repay debt obligations.

Full-Time Equivalent (F.T.E.): A measure of authorized personnel calculated by equating 2,080 hours of work per year with the F.T.E. of one position.

Function: A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible (e.g. public safety).

Fund: An accounting term referring to a group of accounts recording all financial resources together with correspondence liabilities, which has a distinct balance and is used to segregate specific activities and functions from those of other groups of accounts.

Fund Balance: The balance that remains in a fund on a given date after all expenditures have been made. This balance shows the fund equity.

General Fund: The fund used to account for all financial resources and liabilities that are not required to be accounted for in another fund.

General Obligation Bonds: Bonds backed by the full faith and credit of the issuing government. Repayment of these bonds is based on the government's ability to tax its residents for such purposes.

General Revenues: Revenues deposited in the General Fund and shared by the General Fund divisions.

Generally Accepted Accounting Principles (GAAP): Accounting principles that are commonly used in preparing financial statements and generally accepted by the readers of those statements.

Geographic Information System (GIS): System designed to capture, store, manipulate, analyze, manage, and present spatial or geographic data.

Global Positioning System (GPS): Satellite-based radio navigation system owned by the United States Government and operated by the United States Air Force. It is a global navigation satellite system that provides geolocation and time information to a GPS receiver anywhere on or near the Earth where there is unobstructed line of sight to four or more GPS satellites.

Goal: A desirable end, condition, accomplishment and/or development, the attainment of which may never be fully realized, towards which organizational effort is expended according to assigned responsibilities, available resources and prepared plans. Goals are attained by means of objectives. Goals are broadly stated and useful in evaluating resource allocation decisions. For example, the Goal for the Park Areas and Maintenance Activity of the Park Division of Parks and Recreation s Department is to develop and maintain safe, clean, functional and attractive park and recreational facilities to meet the passive and active leisure time needs for all residents and visitors.

Government Accounting Standards Board (GASB): They are the authoritative source of GAAP for state and local government.

Governmental Funds: Funds generally used to account for tax-supported activities. There are five different types of governmental funds: the general fund, special revenue funds, debt service funds, capital project funds, and permanent funds.

Grant: A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.

Improvement Package: One or more objectives of an activity, which represents a standalone alternative or decision. For example, the Base Level Increment of a particular activity may have twelve objectives. Some of these objectives may be interrelated and the twelve objectives may represent only four choices or stand alone improvement packages. You may have one improvement package with one objective, two improvement packages with four objectives each and one improvement package with three objectives. The important thing is that the improvement package includes one or more stand alone objectives and is not dependent upon the approval of any other improvement package.

Indirect Cost: A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one service.

Infrastructure: The physical assets of a government (e.g. streets, water, sewer, public buildings, and parks).

Interfund Transfers: A transfer from a fund receiving the revenue, to a fund through which the authorized expenditure is to be made. An example would be a transfer of revenue from the Road Use Tax Fund to the Street Construction Fund.

Intergovernmental Revenue: Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.

Internal Service Charges: Goods or services provided by one department to others within the same government or to other governments, on a user fee basis, with full costs to be recovered. An example of this would be the City's Garage Service.

International City/County Management Association (ICMA): Advances professional local government through leadership, management, innovation, and ethics. Provides member support; publications; data and information; peer and results-orientated assistance; and training and professional development to over 11,000 city, town, and county managers, their staffs, and other individuals and organizations throughout the world.

Iowa Communities Assurance Pool (ICAP): The organization the City holds membership to cover its liability insurance.

Iowa Department of Natural Resources (IDNR): Agency that manages fish and wildlife programs, ensures the health of Iowa's forests and prairies, and provides recreational opportunities in Iowa's state parks. The DNR carries out state and federal laws that protect air, land and water through technical assistance, permitting and compliance programs. The IDNR also encourages the enjoyment and stewardship of natural resources among Iowans through outreach and education.

Iowa Department of Transportation (IDOT): Agency that is responsible for the organization, construction, and maintenance of the primary highway system. Located in Ames, IA, the IDOT is also responsible for licensing drivers and programming and planning for aviation, rail and public transit.

Iowa Economic Development Authority (IEDA): Mission is to strengthen economic and community vitality by building partnerships and leveraging resources to make Iowa the choice for people and business. Two main divisions, business development and community development. IEDA administers several state and federal programs to meet its goal of assisting individuals, communities and businesses.

Iowa League of Cities (ILC): Through membership services, research, publications, trainings and other collaborations, the Iowa League of Cities provides guidance and serves as the resource for member cities.

Iowa Municipal Finance Officers Association (IMFOA): An association of city clerks and municipal finance officers in Iowa. The purpose of IMFOA is to conduct regular instructional and informational meetings, as often as deemed necessary by the Board of Directors, for the purpose of educating municipal officers in the keeping of public records and for any other purpose deemed to be in the best interest of the public.

Lapsing Appropriation: An appropriation made for a certain period of time, generally for the budget year. At the end of the specified period, and unexpected or unencumbered balance lapses or ends, unless otherwise provided by law.

Levy: The amount of taxes, assessments or service charges imposed by a government. The maximum General Fund property tax levy allowed in Iowa is $8.10 per $1,000 of assessed valuation. Other levies may be imposed in addition to this.

Liabilities: Debts or other legal obligations arising out of transactions in the past, which must be liquidated, renewed, or refunded at some future date. This term does not include encumbrances.

Line-item Budget: A budget prepared along departmental lines that focuses on what is to be bought.

Local Option Sales Tax: A tax approved by a majority of the City’s registered voters, which collects revenue according to a percentage of the value of goods and services delivered within the corporate limits. In Dubuque, the local option sales tax applies to those goods and services to which the State of Iowa sales tax applies.

Long-term Debt: Debt with maturity of more than one year after the date of issuance.

Major Fund: Governmental fund or enterprise fund reported as a separate column in a governmental entity's basic fund financial statements and subject to a separate opinion in the independent auditor's report.

Mill: The property tax rate which is based on the valuation of property. A tax rate of one mill produces one dollar of taxes on each $1,000 of assessed property valuation.

Modified Accrual Accounting: The accrual basis of accounting modified to the governmental fund type spending measurement focus. Under it, revenues are recognized when they become both “measurable” and “available to finance expenditures of the current period.” Expenditures are recognized when the related fund liability is incurred except for: (1) prepaid insurance and similar items; (2) accumulated unpaid vacation, sick pay, and other employee benefit amounts which need not be recognized in the current period, but for which larger-than- normal accumulations must be disclosed in the notes to the financial statements; and (3) principal and interest on long-term debt which are generally recognized when due.

Municipal Fire and Police Retirement System of Iowa (MFPRSI): Provides pension benefits for municipal police officers and fire fighters in Iowa. MFPRSI is a defined benefit public retirement system created by Iowa statute.

Net Budget: The legally adopted budget less all interfund transfers and interdepartmental charges.

Nominal Dollars: The presentation of dollar amounts not adjusted for inflation. Adjusting for inflation would be done to reflect the real purchasing power of money today.

Non-Major Fund: Funds are considered non-major funds if they are less than 10% of Borough assets, liabilities, revenues and expenditures.

Object of Expenditure: An expenditure classification, referring to the lowest and most detailed level of classification, such as electricity, office supplies, asphalt, and furniture.

Objective: A statement of results to be accomplished during the fiscal year in support of the broader goal. Objectives are major steps towards accomplishing established goals. An Objective should state the result to be achieved or accomplished, the time frame, the cost and the action step.

Obligations: Amounts which a government may be legally required to meet out of its resources. They include not only actual liabilities, but also encumbrances not yet paid.

Operating Budget: The City’s financial plan that outlines proposed expenditures for the coming fiscal year and estimates the revenues which will be used to finance them.

Operating Expenses: Those expenses from a fund which are directly related to accomplishing the fund’s primary functions. Payroll would be one example of an operating expense.

Operating Revenues: Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

Other Post-Employment Benefits (OPEB): All types of post-employment benefits not offered as an integral part of a pension plan, as well as all forms of post-employment health care.

Output Indicator: A unit of work accomplished, without reference to the resources required to do the work (e.g. number of permits issued, number of refuse collections made, or number of burglary arrests made). Output indicators do not reflect the effectiveness or efficiency of the work performed.

Pay-as-you-go Basis: A term used to describe a financial policy by which capital outlays are financed from current revenues rather than through borrowing.

Pay Plan: Classifications and corresponding salary ranges of positions within the City government.

PILOT: Payment in lieu of taxes. These are payments, primarily from enterprise fund operations, that reimburse the general fund for the property tax that would have been paid if the enterprise funds were for-profit companies.

Performance Budget: A budget wherein expenditures are based primarily upon measurable performance of activities and work programs.

Performance Indicators: Specific quantitative and qualitative measures of work performed as an objective of specific departments or programs.

Performance Measures: Numbers that transmit some information about the quality or quantity of services provided by the City government. The primary reasons for attempting to measure performance are to (1) Provide information for making better decisions; (2) Report on progress made toward established objectives; (3) Improve performance, suggest improvements and change priorities; and (4) Serve as an early warning device by indicating problem areas when they first begin to develop.

Permanent Fund: Fund for resources that are restricted to the extent that only earnings, and not principal, may be used for the benefit of the state or its citizenry. Permanent funds include endowments where the funds or property donated to the City are required by contract, agreement, or trust instrument to be maintained in tact.

Personal Services: A General Fund expenditure category that includes all wages and benefits paid to employees.

Post-Employment Benefits: Payments made directly to former employees or their beneficiaries, or to third parties on their behalf as compensation for services rendered while they were still active employees.

Prior-Year Encumbrance: Obligations from previous fiscal years in the form of purchase orders, contacts or salary commitments which are chargeable to an appropriation, and for which a part of the appropriation is reserved. They cease to be encumbrance when the obligations are paid or otherwise terminated.

Program: A grouping of related work tasks or activities into a large organizational unit. An example of a program is the Public Safety Program.

Program Budget: A budget which allocates money to the functions or activities of a government rather than to specific items of cost or to specific departments.

Program Performance Budget: A method of budgeting whereby the services provided to the residents are broken down in identifiable service programs or performance units. A unit can be a department, a division, or a work group. Each program has an identifiable service or output and objectives to effectively provide the service. The effectiveness and efficiency of providing the service by the program is measured by performance indicators.

Program Revenue (Income): Revenues earned by a program, including fees for services, license and permit fees, and fines.

Property Taxes: An ad valorem tax levied on both real and personal property according to the property's valuation and the tax rate.

Proprietary Funds: Funds that focus on the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. There are two types of proprietary funds: enterprise funds and internal service funds.

Public Transit Fund: This fund is a subfund of the General Fund, and is used to account for the receipt and disbursement of property taxes generated by the levy authorized under Section 384.12(19) of the Code of Iowa. The purpose of the levy is to aid Jule Transit.

Purchasing Card (P-Card): This is the City's procurement card program of credit cards for individual City employees.

Purpose: A broad statement of the goals, in terms of meeting public service needs, that a department is organized to meet.

Refunding: The issuance of long term debt in exchange for, or to provide funds for, the retirement of long-term debt already outstanding. Refunding is essentially the “refinancing” of long-term debt.

Reserves: Amounts used to hold certain portions of a fund or types of assets as unappropriated for expenditures, or as legally set aside for a specific purpose.

Resolution: A special or temporary order of a legislative body; and order of a legislative body requiring less legal formality than an ordinance or statute.

Resources: Total amounts available for appropriation including estimated revenues, fund transfers, and beginning balances.

Revenue: Funds that the government receives as income. It includes such items as tax payments, fees from specific services, receipts from other governments, fines, forfeitures, shared revenues, and interest income.

Revenue Bonds: Bonds which are repaid in both principal and interest from the earnings of an enterprise fund operation. Storm Water Utility Revenue Bonds would be one example.

Revitalize Iowa’s Sound Economy: (RISE) grant that is funded by the Iowa Department of Transportation for the purpose of providing infrastructure for economic development projects.

Risk Management: The identification and control of risk and liabilities incurred by a local government to conserve resources from accidental loss.

Road Use Tax Fund: This fund accounts for the receipt of state revenues, allocated to the City by the State under a formula, for expenditure within the City for street maintenance/improvement/supervision.

Rollback: The State of Iowa annually adjusts the rollback percentage which is the percentage of the residential assessed valuation which is taxable.

Service Lease: A lease under which the lessor maintains and services the asset.

Service Level: Services or products which comprise actual or expected output of a given program. Focus on results, not measures of workload.

Services and Charges: A category of expenditures used for the purchase of services provided by individuals, businesses or agencies that are not in the direct employ of the City.

Sinking Funds: These funds are used to accumulate monies in order to have adequate amounts available to make required periodic debt service payments. Sinking funds are used in enterprise funds that have outstanding long- term debt.

Source of Revenue: Revenues are classified according to their source or point of origin.

Special Assessment: A levy against a property to pay for all or part of the cost of an improvement benefiting that property.

Special Revenue Funds: Special revenue funds are used to account to the proceeds of specific revenue sources that are legally restricted to expenditures for particular purposes.

Subsidy: Financial aid given to a governmental unit by another governmental unit.

Supplies and Services: Expendable materials and operating supplies necessary to conduct departmental operations.

Target Budget: Desirable expenditure levels provided to departments in developing the coming year's recommended budget. Based on the prior year's adopted budget, excluding one- time expenditures, projected revenues, and reserve requirements.

Tax Increment Financing Funds: These funds are used to account for receipt of property taxes allocated to various tax increment financing districts and used to pay the principal and interest on tax increment debt, as well as to make major infrastructure expenditures.

Tax Levy: The resultant product when the tax rate per $1,000 is multiplied by the tax base.

Tax Rate: The amount of tax stated in terms of a unit of the tax base, for example, dollars per $1,000 of assessed valuation.

Taxes: Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people. This term does not include specific charges made against particular persons or property for current or permanent benefit, such as special assessments.

Tort Liability: A tort is a wrong against an individual or property that is neither a crime nor a violation of contract. A court could find the City liable or responsible when a tort occurs on City property, as a result of the actions of a City employee, or the function of a City operated activity. The City levies a special tax to purchase tort liability and to cover the cost of tort damages for which the City is found responsible.

Transfers: Involves the movement of money between City funds.

Trust and Agency Funds: Funds used to account for assets held by the government in a trustee capacity, for individuals or other groups associated with the government. Agency monies or assets are held by a government. Agency monies or assets are held by a government acting as an agent acting as an agent for others, i.e. Landfill.

Unamortized Premium and Discount: when bonds are sold, the difference in the price above par or face value (premium) or below par (discount) is recognized over the life of the bonds. The amount of the premium or discount not yet recognized is called the unamortized premium or discount.

Unencumbered Balance: The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of money still available for future purposes.

Unreserved Fund Balance: The portion of a fund's balance that is not restricted for a specific purpose and is available for general appropriations.

User Charges: The payment of a fee for direct receipt of a public service by the party benefiting from the service.

Variable Cost: A cost that increases/decreases with increases/decreases in the amount of service provided such as the payment of a salary.

Valuation: The official value established for various properties within set State guidelines, for taxation purposes. The assessed valuation of property is that portion of the property's value upon which taxes are levied.

Working Cash: Excess of readily available assets over current liabilities or cash on hand equivalents which may be used to satisfy cash flow needs.

Workload Indicator: A unit of work to be done (e.g. number of permit applications received, the number of households receiving refuse collection service, or the number of burglaries to be investigated).

Work Years: The amount of personnel resources required for a program expressed in terms of the "full-time equivalent" number of employees. One "work year" is equal to one full- time, year round employee. For most categories, this equals 2,080 hours per year (40 hours per week times 52 weeks). The number of hours a part-time employee is budgeted to work during the year is divided by 2,080 to arrive at the equivalent number of "work years" for the position.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Set Public Hearing on Fiscal Year 2026 City Budget

DATE: April 9, 2025

Chief Financial Officer Jennifer Larson recommends that the City Council set a public hearing for April 28, 2025, on the Fiscal Year 2026 City budget, operating and capital improvement program, for the City of Dubuque.

I concur with the recommendation and respectfully request Mayor and City Council approval.

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: Michael C. Van Milligen, City Manager

FROM: Jennifer Larson, Chief Financial Officer

SUBJECT: Set Public Hearing on FY 2026 City Budget

DATE: April 9, 2025

INTRODUCTION

The purpose of this memorandum is to submit two resolutions setting the public hearing in connection with the adoption of the Fiscal Year 2026 City budget. The publication of official notices for the public hearing will be published to meet Iowa Code minimum publication requirements.

DISCUSSION

The public hearing on the Fiscal Year 2026 City budget will be conducted in the City Council Chambers at 350 W. 6th St and virtually at 6:30 p.m. on Monday, April 28, 2025. The public hearing will also cover the adoption of the Five-Year Capital Improvement Program for Fiscal Years 2026-2030.

The final budget approval cannot exceed the maximum property tax levy for Fiscal Year 2026 adopted by City Council at the March 25, 2025 public hearing.

State law requires a public hearing on the Operating Budget and the Five-Year Capital Improvement Program.

ACTION STEP

The action step is for City Council to adopt the two resolutions setting the public hearing on the Fiscal Year 2026 City budget, operating and capital improvement program, for the City of Dubuque.

RESOLUTION NO. -25

SETTING THE DATE FOR THE PUBLIC HEARING ON THE FISCAL YEAR 2026 BUDGET FOR THE CITY OF DUBUQUE

Whereas, Iowa Code Section 384.16 provides that the City Council shall set a time and place for a public hearing on the Fiscal Year 2026 budget before the final budget certification date and shall publish notice before the hearing as provided in Iowa Code Section 384.16.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the City Council shall conduct a public hearing on the proposed Fiscal Year 2026 budget for the City of Dubuque in the City Council Chambers and virtually on Monday, April 28, 2025, beginning at 6:30 p.m.

Passed, approved and adopted this 10th day of April 2025.

_____
Brad M. Cavanagh, Mayor

Attest:

_____
Adrienne N. Breitfelder, City Clerk

RESOLUTION NO. -25

SETTING THE DATE FOR THE PUBLIC HEARING ON THE FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM FOR FISCAL YEARS 2026 THROUGH 2030 FOR THE CITY OF DUBUQUE

Whereas, a proposed Five-Year Capital Improvement Program for the City of Dubuque for Fiscal Years 2026 through 2030 has been prepared and submitted to the City Council; and

Whereas, the capital projects for the first year of the program are included in the Fiscal Year 2026 budget for the City of Dubuque; and

Whereas, it is deemed to be in the best interest of the City of Dubuque to conduct a public hearing and adopt the five-year Capital Improvement Program simultaneously with the public hearing and adoption of the Fiscal Year 2026 budget for the City of Dubuque.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the City Council shall conduct a public hearing on the five-year Capital Improvement Program for Fiscal Years 2026 through 2030 in the City Council Chambers and virtually on Monday, April 28, 2025, beginning at 6:30 p.m.

Passed, approved and adopted this 10h day of April 2025.

NOTICE OF PUBLIC HEARING -- PROPOSED BUDGET

Fiscal Year July 1, 2025 - June 30, 2026

City of: DUBUQUE

The City Council will conduct a public hearing on the proposed Budget at: City Council Chambers, 350 W 6th St. Meeting Date: 4/28/2025 Meeting Time: 06:30 PM

At the public hearing any resident or taxpayer may present objections to, or arguments in favor of , any part of the proposed budget. This notice represents a summary of the supporting detail of revenues and expenditures on file with the City Clerk and County Auditor.

City budgets are subject to protest. If protest petition requirements are met, the State Appeal Board will hold a local hearing. For more information, consult https://dom.iowa.gov/local-budget-appeals.

The Budget Estimate Summary of proposed receipts and expenditures is shown below. Copies of the the detailed proposed Budget may be obtained or viewed at the offices of the Mayor, City Clerk, and at the Library.

The estimated Total tax levy rate per $1000 valuation on regular property 10.06372

The estimated tax levy rate per $1000 valuation on Agricultural property is 3.00375

At the public hearing, any resident or taxpayer may present objections to, or arguments in favor of, any part of the proposed budget.

Available Cash Balance	$150,591	$ 92,450	$ 56,326	(39.07)%
Working Cash Balance %	65.61 %	32.31 %	20.85 %	

Emergency Management Fund Balance		
Available Balance July 1, 2024		$ 150,591
Estimated Fiscal Year 2025 Draw Down/Addition for Operating Budget		(58,141)
Balance July 1, 2025 ($25,000 Designated)		$ 92,450
Estimated Fiscal Year 2026 Draw Down/Addition for Operating Budget		(36,124)
Balance July 1, 2025 ($7,500 Designated)	20% Working Cash Balance is $54,025	$ 56,326

Significant Line Items

Property Tax Support

1. Property tax support increased from $110,400 in FY 2025 to $116,400 in FY 2026.
2. Payments to Other Agencies increased from $110,400 in FY 2025 to $116,400 in FY 2026. This line item represents The City of Dubuque's contribution to the Dubuque County Emergency Management Agency Commission each year. The Dubuque County Emergency Management

Agency is funded through a federal emergency management performance grant, as well as local contributions from the City of Dubuque and Dubuque County. The contribution from the City helps fund the operations of the Dubuque County Emergency Management Agency. The City's contribution accounts for 60% of the budget shortfall, with Dubuque County picking up the remaining 40%. This increase for FY 2026 was requested by Dubuque County and was necessary to maintain an approximate 20% cash balance. Dubuque County will also increase their contribution, going from $73,600 in FY 2025 to $77,600 in FY 2026.

3. HAZMAT expense is unchanged at $200,000 in FY 2026 and is offset by Hazardous Materials (HAZMAT) reimbursement revenue of $200,000. This will allow the Dubuque County Emergency Management Agency Commission to recover costs for all agencies involved in a hazardous materials incident in the county.The Emergency Management Agency per Dubuque County code of ordinances will gather all agencies costs for response and then will invoice the responsible party. Once paid, the Commission will deposit the check and then reimburse all fire, Emergency Medical Service, Hazardous Material teams, cities and Emergency Management Agency for their costs of response.The HAZMAT budget gives the Emergency Management Agency the spending authority in the event of a major event or multiple events.

Machinery and Equipment

4. FY 2026 equipment replacements include:

Emergency Management Machinery and Equipment		
Emergency Management		
Data Processing Hardware	$	5,000
Office Equipment	$	500
Vehicle Replacement		
Total Equipment	**$**	**5,500**

Revenue

5. Federal funding is anticipated to be unchanged from $39,000 in FY 2025 to $39,000 in FY 2026. Federal funding amounts to 14.4% of the total budget excluding HAZMAT of $200,000 in FY 2026.In FY 2025, the federal share supported 13.6% of the total budget excluding HAZMAT of $200,000.

6. The City's participation of $116,400 increased from FY 2025 participation of $110,400 and reflects 50.4% of the total budget excluding HAZMAT of $200,000 and federal funding of $39,000 in FY 2026 as opposed to 44.7% of the total budget excluding HAZMAT of $200,000 and federal funding of $39,000 in FY 2025.

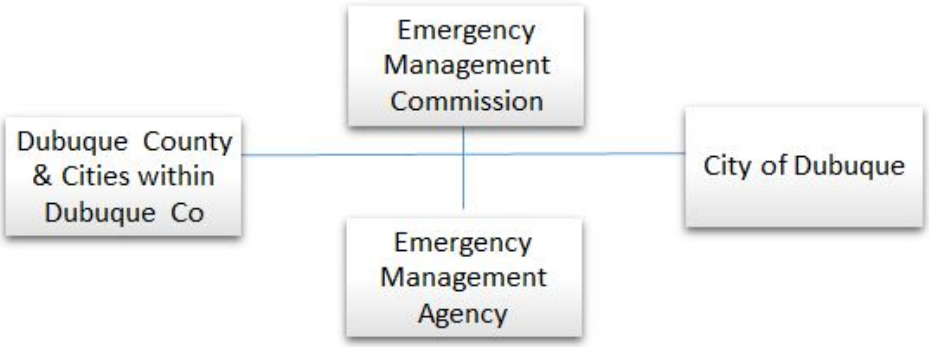

7. The County share of $77,600 is increased from the FY 2025 share of $73,600 and reflects 33.6% of the total budget excluding HAZMAT of $200,000 and federal funding of $39,000 in FY 2026 as opposed to 29.8% of the total budget excluding HAZMAT of $200,000 and federal funding of $39,000 in FY 2025.

8. Cash balances of $36,124 are being used in the FY 2026 operating budget. The goal is to keep the working cash balance at approximately 20% of the annual operating budget excluding HAZMAT

expenses which are reimbursed. In FY 2026, the working cash balance is $56,326 which is 20.85% of the annual operating budget. The working cash balance was increased to 20% in Fiscal Year 2019 based on Moody's Investors Service's standard for AAA-rated entities to maintain a 20% cash reserve. The City and County agreed to this approach and the minimum balance to be maintained in the Emergency Management Fund.

EMERGENCY MANAGEMENT

Through an all hazards approach, resilience is the basis for capacity of local jurisdictions to plan, prepare for, respond to, and recover from disasters in a coordinated response.

SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

PLANNING

The Emergency Management Director leads a planning process that contains stakeholders from the City of Dubuque, Dubuque County and local organizations to maintain a comprehensive emergency management plan.

PEOPLE

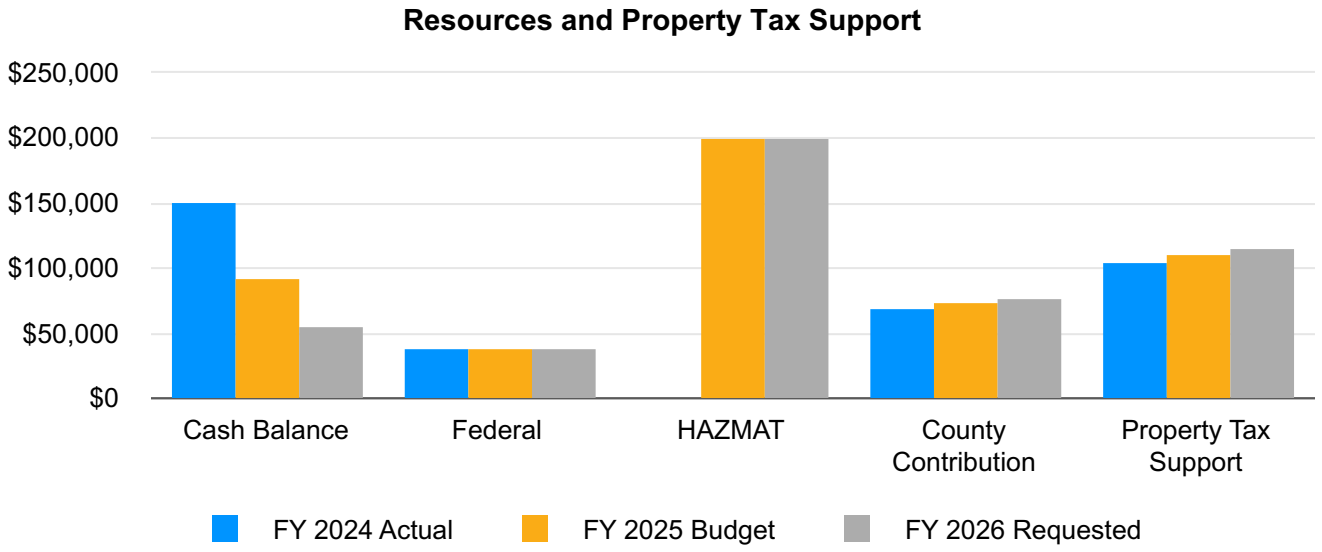

The Emergency Management Director is an Iowa Certified Emergency Manager (CEM) and exceeds the minimum standards as set in Iowa Code and Administrative Rule.

EMERGENCY MANAGEMENT DUBUQUE COUNTY

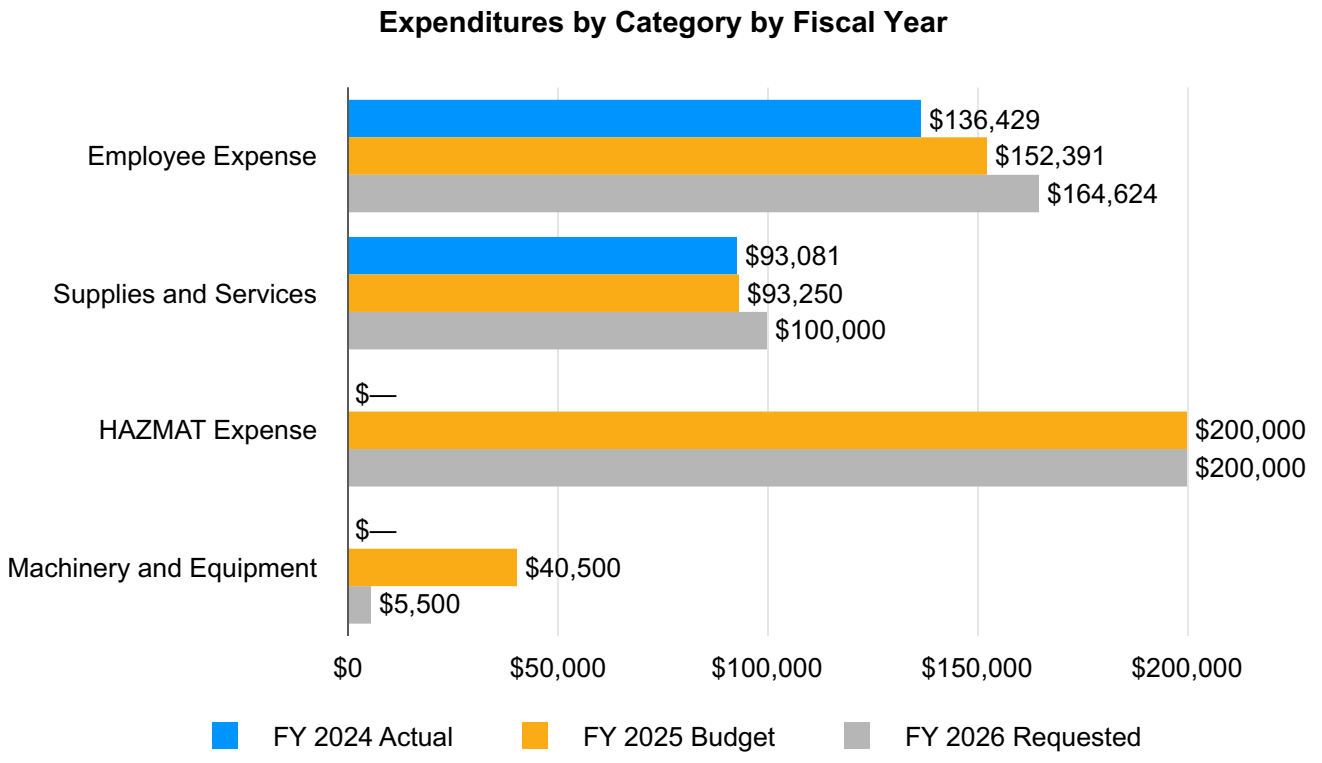

PARTNERSHIPS

The Emergency Management Agency works with the City of Dubuque, Dubuque County and its other cities, fire departments, police departments, sheriff's office, emergency medical services, area non-profit organizations active in disaster, public health, hospitals, schools and businesses to have a coordinated planning process and exercise schedule to prepare for disasters.

EMERGENCY MANAGEMENT

The Emergency Management Agency will gather agency costs for response to a disaster and then will invoice the responsible party. The HAZMAT budget gives the Emergency Management Agency the spending authority in a major event or multiple events.

EMERGENCY MANAGEMENT

Mission & Services

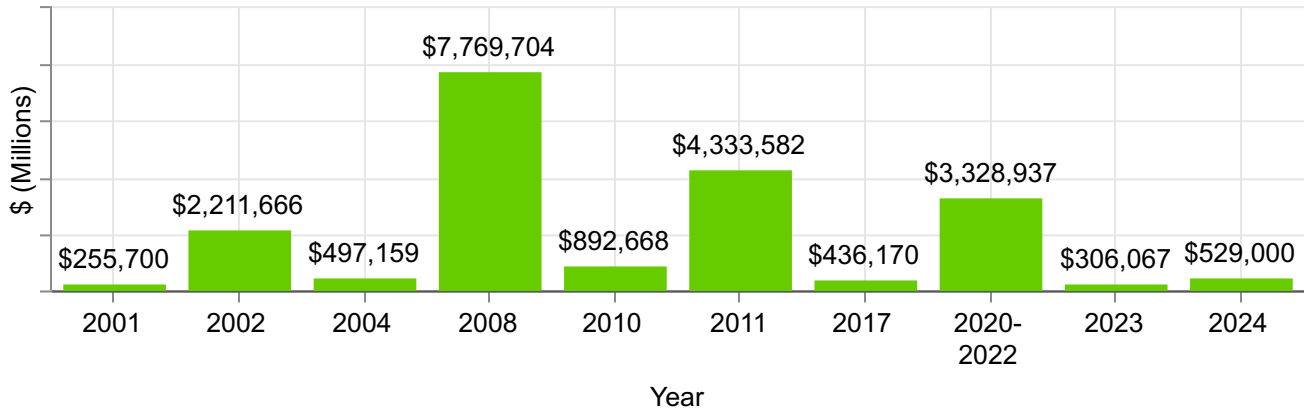

Emergency Management provides a comprehensive emergency management program that includes planning, training, response, recovery and mitigation from natural and human-made disasters. With a focus of building a resilient community, the Emergency Management Director coordinates emergency preparedness training, national incident management training and disaster recovery training for cities, staff, emergency responders and citizens.

FISCAL YEAR 2025 HIGHLIGHTS

- Response to the Mississippi River Flood in June/July 2024
- Rescue Task Force Training with full scale countywide exercise
- Hazard Mitigation Plan approved
- Collaboration with District 6 EMA’s

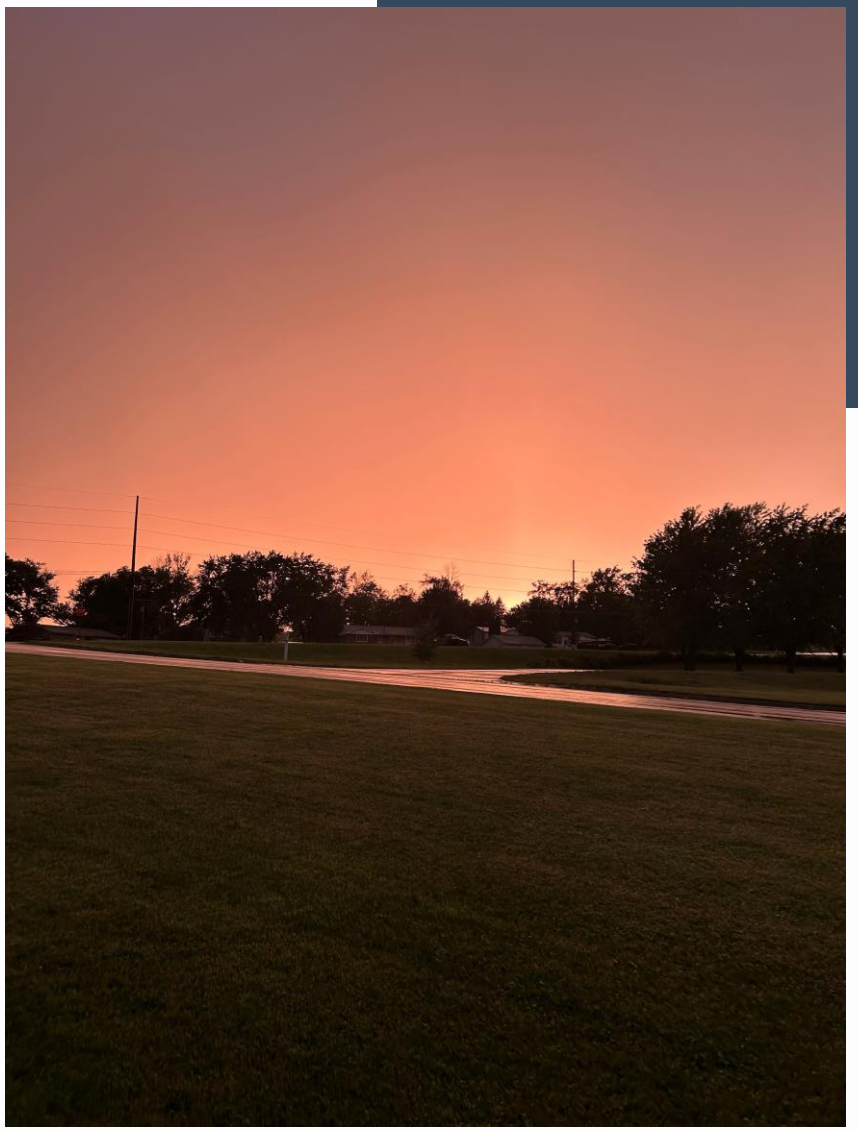

FISCAL YEAR 2025 HIGHLIGHTS

- Storm response warnings 2024
  - 14 Thunderstorm
  - 1 Derecho winds 100+
  - 1 Flood Warning

- Exceeded state training, exercise and planning requirements

- Regional COAD Exercise

- Multiple City EOC Tabletop Exercises

FUTURE INITIATIVES

- **Work with committees and 911 Board to develop the new 911 Communications Center**
- **Work with Fire Department, Public Works and Racom for outdoor siren updates**
- **Continue National Incident Management System and Incident Command System Training**
- **Continue to work with the Dubuque Community Awareness and Emergency Response Group for rail and other transportation emergencies**
- **Completion of Hazard Analysis and Risk Assessment**

FUTURE INITIATIVES

- **Continue to coordinate response to severe weather events and flooding events**
- **Update the Comprehensive Emergency Management Plan and Severe Weather Plan.**
- **Continue working with schools on safety assessment, radio procedures and expanding rescue task force training**
- **Meet grant requirements for Local Emergency Planning Committee and EMA**
- **Renew Storm Ready Status**

Improvement Package Summary

1 of 3

This improvement package request is to remove two vacant part-time Dispatcher positions (0.47 FTE each for a total of 0.94 FTE, OE-15) and replace them with one full-time Dispatcher position (1.00 FTE, OE-15). Due to the restructuring of the schedules for dispatchers that was implemented in March 2023, an additional person works Monday-Friday day shift to help with busier times. This allows the lead dispatchers time to focus & assist with administrative tasks. With the new schedule, each dispatcher works 7 out of 14 days, giving them every other weekend off. With doing this, if someone needs a vacation or time off, the Center can go down to minimum staffing of 4 during the weekday and 3 on the weekends without a large disruption of service.

There has been little interest and few applications for the part-time Dispatcher positions. Moving two part-time positions into a full time position will draw more applicants for the position. There has been great turnout for testing on our most recent positions that were filled. Adding a extra position during the week on days will reduce stress of the job and make for a more positive work environment. Improved staffing would provide opportunities to improve call handling time across all incident types which will directly impact and improve all incident on scene times.

This improvement package supports the City Council goal of Vibrant Community: Healthy and Safe. Replacing part-time positions with a full-time position will increase the likelihood of reaching full staffing levels, thus reducing and alleviating stress for all staff. By reaching full staffing levels and having additional full-time personnel, staff will be better able to provide and maintain critical services that directly contribute to the safety of the community, such as response time to emergency calls.

Related Cost:	$ 82,850	Tax Funds	Recurring	**Recommend - Yes**
Cost Saving	$ 66,708	Tax Funds	Recurring	
Related Revenue:	$ 8,071	Dubuque County	Recurring	
Net Cost:	$ 8,071			
Property Tax Impact:	$ 0.0032	0.08%		
Activity: Emergency Communications				

2 of 3
This improvement package request is for the purchase of a software called Prepared Assist. The Emergency Communication Center currently uses the free version of this program, which allows dispatchers to have text and video (no audio) capabilities with callers. This request is to purchase a paid version of the program (called Prepared Assist - Unlimited), which would include the following features:

- Up to 30,000 calls per year (911 only)
- Audio translation in 19 languages and texting translation of over 140 languages
- Live transcriptions of every call which is viewable in real-time
- Two way text, allowing dispatchers to text with callers
- The ability to receive live video and pictures
- More security and privacy controls for administrators

The cost of the software is $25,350 each year, plus an additional one-time implementation cost of $5,000.

This improvement package supports the City Council goal of Vibrant Community: Healthy and Safe. Equipping dispatchers with technology that allows drastically improved communication will contribute to the health and safety of the community. This request helps break down language barriers during emergency calls by allowing staff to use translation services and process calls from non-English speakers faster than before.

Related Cost:	$ 25,350	Tax Funds	Recurring	**Recommend - Yes**
Related Cost	$ 5,000	Tax Funds	Non Recurring	
Related Revenue:	$ 12,675	Dubuque County	Recurring	
Related Revenue:	$ 2,500	Dubuque County	Non Recurring	
Net Cost:	$ 15,175			
Property Tax Impact:	$ 0.006	0.14%		
Activity: Emergency Communications				

3 of 3
This improvement package request is for a laptop for Public Safety Dispatchers. Emergency Medical Dispatch, Emergency Fire Dispatch and Emergency Police Dispatch are now offered as online courses. Dispatchers are not able to complete these classes in the center due to the business and ongoing distractions. Having a laptop would allow them to go to a quiet room for the class outside of the

communications center. Each Dispatcher needs to also complete a 40 hour course with-in the first year of employment which is held at a variety of locations across the state of Iowa. Dispatchers no longer get paper copies of the course material, so there is now a need to bring a laptop to classroom. Pricing for this request includes the laptop with a Microsoft license, external mouse, and backpack.This improvement package supports the City Council goal of Vibrant Community: Healthy and Safe. This request would equip dispatchers to successfully complete their training, which contributes to the safety of the community.

Related Cost:	$ 2,500	Tax Funds	Non-Recurring	**Recommend - Yes**

Significant Line Items

Employee Expense

1. FY 2026 employee expense reflects a 3.00% wage package increase for non-represented employees. The collective bargaining agreement with the International Union of Operating Engineers (IUOE) also includes a 3.50% wage package increase in FY 2026 for represented employees.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2025 The employee contribution of 6.29% is unchanged from FY 2025.
3. The City portion of health insurance expense is unchanged from $1,119 in FY 2025 to $1,119 in FY 2026 per month per contract which results in an annual cost unchanged of $0 or 0%.
4. Overtime expense is unchanged from $180,127 in FY 2025 to $180,127 in FY 2026. The FY 2024 actual was $119,715. Overtime expense have increased from past years due to the change from 10 hour to 12 hour shifts in FY 2024 and a more accurate calculation of overtime costs. This is offset with a decrease in full-time wage and holiday pay costs. The department schedule builds in overtime to each employee's schedule based on shift rotations. Overtime is also used for shift coverage when employees utilize vacation and time away.
5. 50% Sick leave payout decreased from $2,439 in FY 2025 to $237 in FY 2026 based on FY 2024 actual. Effective July 1, 2019, employees over the sick leave cap can convert 50% of the sick leave over the cap to vacation or be paid out.
6. Holiday Pay unchanged from $80,844 in FY 2025 to $80,844 in FY 2026.

Supplies & Services

7. Equipment Rental is unchanged from $15,240 in FY 2025 to $15,240 in FY 2026. This line item represents the cost for the rental of the T-1 line provided by the State through the National Crime Information Center/Iowa Computer (NCIC). The direct line provides the City with access to the

computer system for law enforcement related items such as (but not limited to): wanted/missing persons; vehicle registrations; driver's licenses; and other law enforcement information from Iowa and nationally.

8. Technology Services increased from $19,532 in FY 2025 to $51,488 in FY 2026. This line item includes the annual cost of various software, including Open Fox ($1,980), Priority Dispatch ($14,075), Criti-Call ($1,253), PageGate ($407), GoToMyPC ($108), Powertime - Plan It ($3,180), and Fox Editor ($135). The cost of software increases slightly each year due to price increases from vendors.

9. Education Reimbursement decreased from $12,475 in FY 2025 to $7,926 in FY 2026. This line item represents the cost of required emergency response training, including the Iowa Law Enforcement Academy, Emergency Medical Dispatch, Emergency Fire Dispatch, Emergency Police Dispatch, and CPR training. This line item fluctuates annually and is dependent on the number of new hires and existing employees that are due to complete recertification. It is anticipated that FY 2026 will have fewer new hires than FY 2025.

10. Meetings & Conferences increased from $12,250 in FY 2025 to $13,660 in FY 2026. This line item is for the following conferences for staff: Growing Sustainable Communities Conference ($1,525); State Association of Public-Safety Communications Officials National Emergency Number Association (APCO/NENA) ($5,000); Central Square Conference ($1,340); National APCO/NENA ($3,150); Iowa Women’s Leadership Conference ($820), and Iowa League of Cities Conference ($1,225). Conference registration costs usually increase slightly each year. For FY 2026, the registration costs for the Growing Sustainable Communities Conference and National APCO/NENA are increasing, thus causing an increase to this line item. FY 2026 also includes additional one time funding of $600 to allow staff to attend the Iowa Women's Police Conference, which will be held in Dubuque during FY 2026.

11. Telecommunications increased from $6,253 in FY 2025 to $7,303 in FY 2026 based on FY 2024 actual of $7,303. This line item represents expenses for department cells phone, as well as Century Link internet service. Most of this line item is reimbursed by the Public Safety Committee, which is funded by 911 surcharge funds.

12. Technology Equipment Maintenance Contracts is unchanged from $9,500 in FY 2025 to $9,500 in FY 2026. This line item represents the contract for the RAVE Panic Button safety application for all City buildings.

13. Liability Insurance decreased from $16,754 in FY 2025 to $16,143 in FY 2026. This includes a decrease of (4)% based on information received from Iowa Communities Assurance Pool (ICAP). The FY 2024 actual was $13,072. The FY 2023 actual was $11,481.

14. Other Professional Services decreased from $71,356 in FY 2025 to $2,500 in FY 2026. This line item represents the salary of the EMS Medical Director ($2,500). The decrease from FY 2025 is due to the removal of $68,865 that was budgeted for a quality assurance company to review 911 calls, which was approved as a recurring improvement package in the FY 2023 budget. There is currently no active plan to secure and implement a quality assurance program due to the ongoing implementation of a new Computer Aided Dispatching system. Therefore, the funds previously

approved for quality assurance have been removed from the budget. A new request for quality assurance will be submitted in future fiscal years if needed.

Machinery & Equipment

15. Dispatcher computers are replaced through 911 surcharge funds. It is important to note that most of the equipment for the 911 center comes from the 911 Board, which is a County-wide Board. The list of devices that are replaced through the City's general fund in the city-wide computer replacement capital improvement project include a tablet, traffic monitoring computers, a siren computer, and a television.

16. Equipment replacement items at the maintenance level include ($3,200):

Emergency Communications Equipment		
Floor Mats (2)	$	300
Smart Phone & Laptop	$	2,900
Total Equipment	**$**	**3,200**

Debt Service

17. FY 2026 annual debt service is as follows ($14,972):

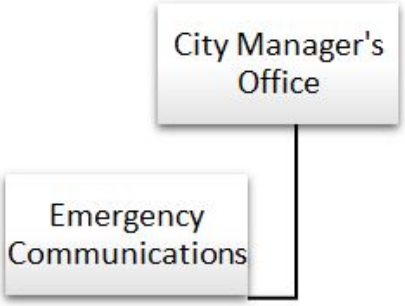

Amount	Debt Series	Payment Source	Purpose	Final Payment	Call Date
$ 14,972	2019C G.O.	Sales Tax 20%	Tower Relocation	2027	2027
$ 14,972	**Total Emergency Communications Annual Debt Service**				

Revenue

18. County Contribution revenue represents payments from Dubuque County for support of the 911 center as established in a 28E agreement. In FY 2026, the County's payment represents 50% of the total operating expenses of the 911 center. The County's share in FY 2026 is estimated to be $1,035,675 (FY 2025 was $1,136,985). As the expenses of the 911 center increase or decrease, so does the County’s contribution to the City. In FY 2024 and prior, the County's contribution represented 33% of the total operating expenses of the 911 center. A new agreement was negotiated for FY 2025, which raised the County's contribution from 33% to 50% of total operating expenses for the 911 center. The new agreement also includes the billing of direct administrative support costs from the City to the County.

EMERGENCY COMMUNICATIONS

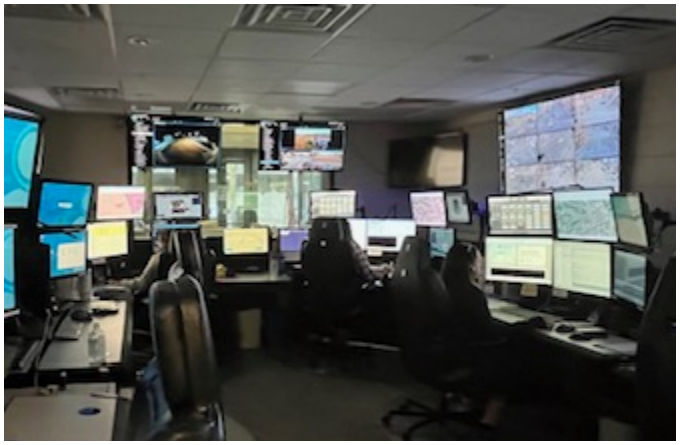

Ensure the appropriate response is dispatched that meets or exceeds the expectations and needs of the public that is requesting service through effective and efficient dispatching of emergency personnel to the scene.

SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

People
The Emergency Communications Center works with citizens and emergency responders to ensure the needs of the community are met.

Planning
The Communications Center works with different agencies in the Dubuque area to ensure that all emergency needs are provided when requested by citizens and visitors of Dubuque.

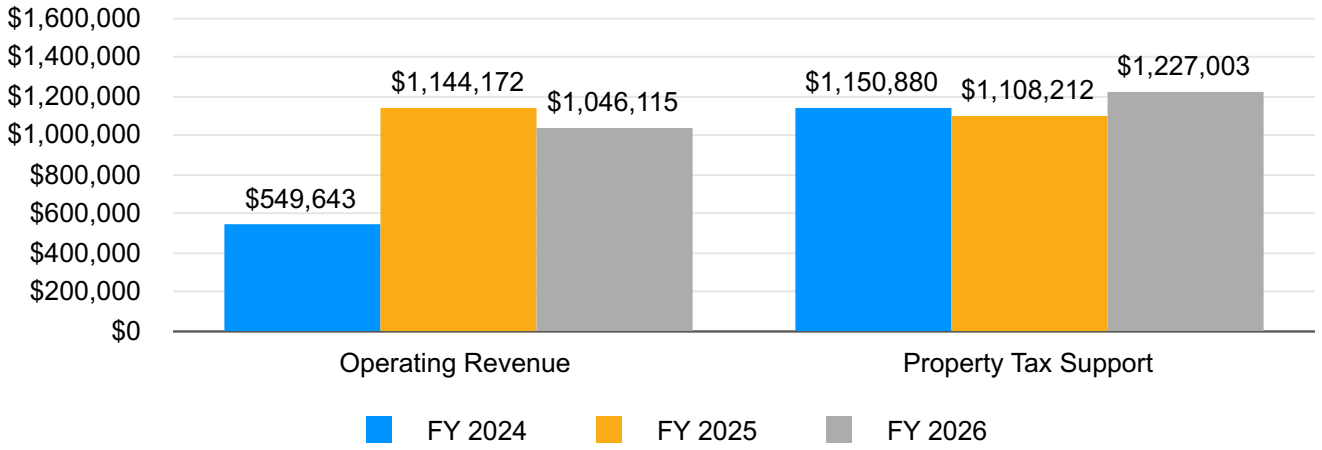

Partnerships
The Emergency Communications Department partners with many City, County, and State departments as well as 11 non-profits and organizations throughout the City and County to provide quality services that are consistent with the City Council goals and priorities.

EMERGENCY COMMUNICATIONS

	FY 2024	FY 2025	FY 2026
Full-Time Equivalent	**20.35**	**20.35**	**20.41**

Debt and Resources

The Emergency Communication Department is supported by 20.41 full-time equivalent employees, which accounts for 93.31% of the department expense as seen below. Overall, the department's expenses are expected to increase by 0.93% in FY 2026 compared to FY 2025.

Expenditures by Category by Fiscal Year

EMERGENCY COMMUNICATIONS

Mission & Services

The Emergency Communications Center employees are the first of the first responders. We are committed to answering all 9-1-1 and non-emergency calls with professionalism, integrity and compassion while efficiently dispatching police, fire and emergency medical services. Customer service is essential to our success, so we treat each caller with empathy and respect. Dedicated and highly trained professionals routinely offer life-saving medical instructions in addition to providing accurate public safety information. The Emergency Communications Center is also the after hours answering point for most city services. The Communications Center is responsible for all the 911 phone and radio equipment used in Dubuque County. Service is provided 24/7.

FISCAL YEAR 2025 HIGHLIGHTS

- New Procedure for Staff learning Tyler Time & Attendance
- State provided a new online training portal - variety of training
- Continue to assist with cameras
- Prepared Live - used 3211 time collecting 285 media (March 2024)

FUTURE INITIATIVES

New 911 Center

New CAD

New Communication Center

- **Walls are up!**
- **Each visit is showing progress**
- **Hopefully we are moved in by the end of 2025.**

New CAD Computer System

- **Ongoing meetings**
- **Staff input & involvement**
- **Go Live - End of 2026**

Emergency Communications Department

FY2026 REQUESTED PROPERTY TAX SUPPORT

$1,227,003

Net Property Tax Support

$19.20

Average homeowner's* property tax cost for 911 Services

(*Avg. home value of $196,508)

$1,136,985

County Share (1/2 of Operating Budget)

How Does 911 Impact Public Safety:

Dispatch quickly gathers information from the callers to assess what is happening and what units are needed (EMS, Fire & Police)

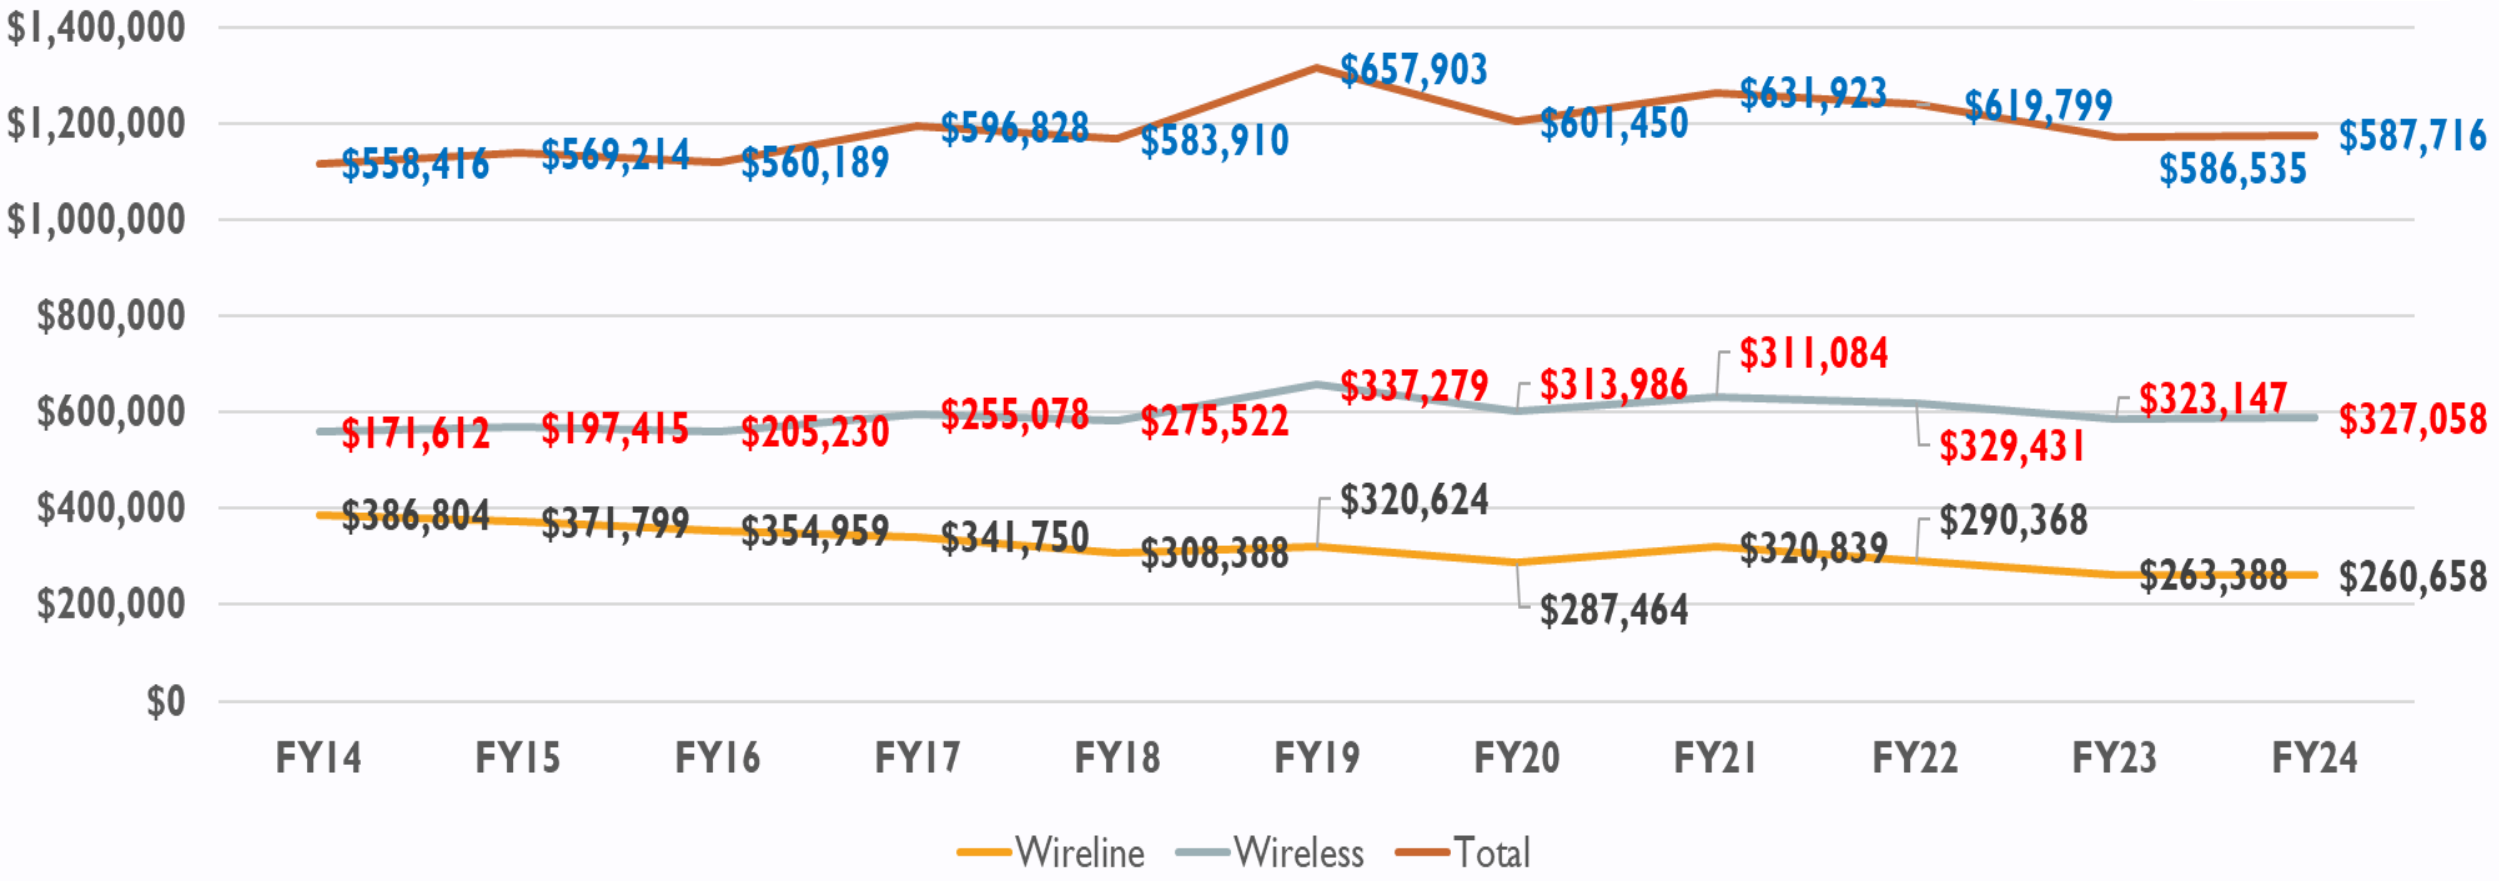

Dispatchers can facilitate communications across multiple different responding agencies, making sure everyone has access to important details of the incident. These include but not limited to Iowa State Patrol, DNR, Dubuque County Sheriff, Dubuque County Conservation, Iowa DOT, County DOT, etc.

Dispatchers have the ability to use advanced forms of technology to pinpoint exact location of emergency callers. Ensuring that responders get to the correct location.

Dispatchers utilize City Cameras – to provide live, up-to-date information to the responding units, as well as play back footage to assist for a multitude of calls for service

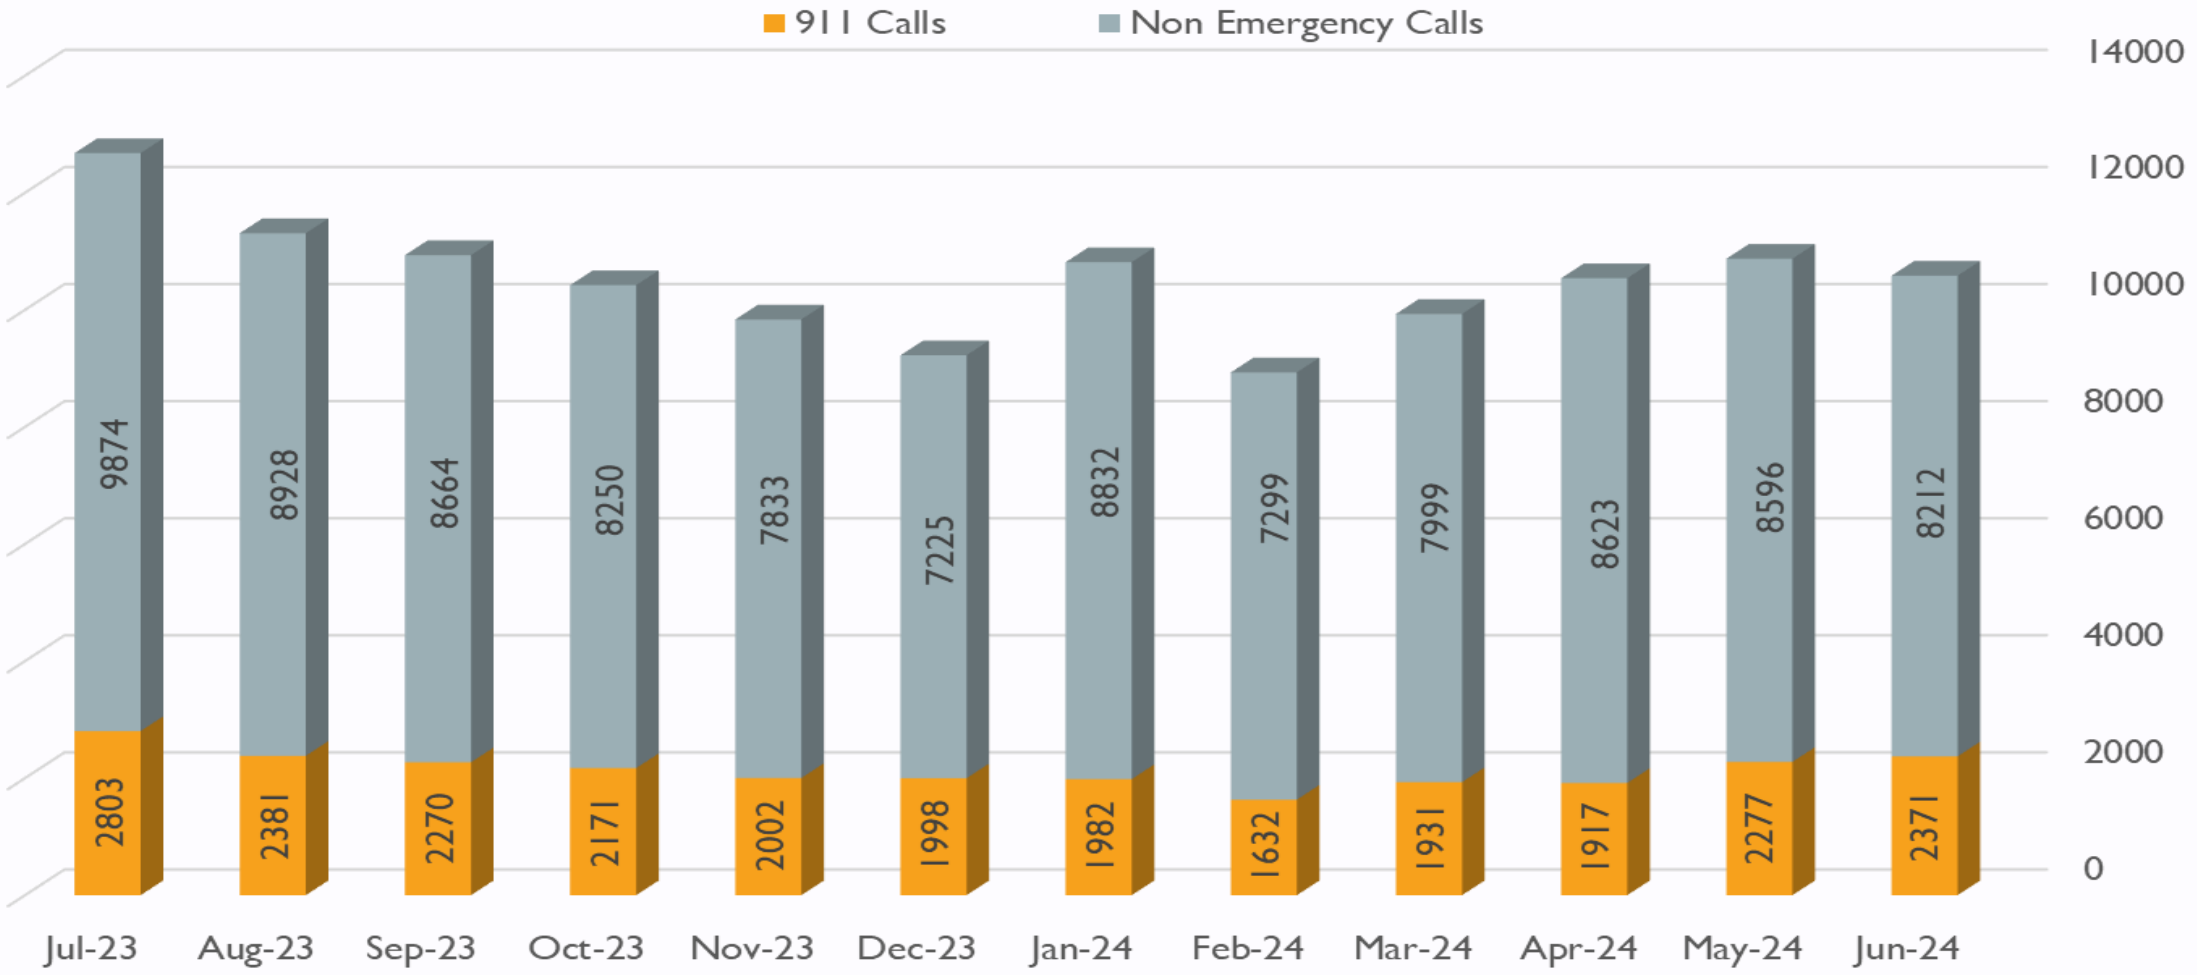

Dispatchers are trained to stay on the line with caller during emergency event until responders arrive. We want the caller to feel safe and protected with us on the line talking, listening and offering whatever help we can until responders arrive.

FY2026 RECOMMENDED IMPROVEMENT REQUEST

Improvement package request is to remove two vacant part-time Dispatcher positions (0.47 FTE each for a total of 0.94 FTE, OE-15) and replace them with one full-time Dispatcher position (1.00 FTE, OE-15). Due to the restructuring of the schedules for dispatchers that was implemented in March 2023, an additional person works Monday-Friday day shift to help with busier times

Related Cost:	$ 82,850	Tax Funds	Recurring	**Recommend - Yes**
Cost Saving	$ 66,708	Tax Funds	Recurring	
Related Revenue:	$ 8,071	Dubuque County	Recurring	
Net Cost:	$ 8,071			
Property Tax Impact:	$ 0.0032	0.08%		

Activity: Emergency Communications

Improvement package request is for a laptop for Public Safety Dispatchers. Emergency Medical Dispatch, Emergency Fire Dispatch and Emergency Police Dispatch are now offered as online courses. Dispatchers are not able to complete these classes in the center due to the business and ongoing distractions. Having a laptop would allow them to go to a quiet room for the class outside of the communications center.. Pricing for this request includes the laptop with a Microsoft license, external mouse, and backpack.

Related Cost:	$ 2,500	Tax Funds	Non-Recurring	**Recommend - Yes**
Related Revenue:	$ 1,250	Dubuque County	Non-Recurring	
Net Cost:	$ 1,250			
Property Tax Impact:	$ 0.0005	0.01%		

FY2026 RECOMMENDED IMPROVEMENT REQUEST

Improvement package request is for the purchase of a software called Prepared Assist. The Emergency Communication Center currently uses the free version of this program, which allows dispatchers to have text and video (no audio) capabilities with callers. This request is to purchase a paid version of the program (called Prepared Assist - Unlimited), which would include the following features:

- Up to 30,000 calls per year (911 only)
- Audio translation in 19 languages and texting translation of over 140 languages
- Live transcriptions of every call which is viewable in real-time
- Two-way text, allowing dispatchers to text with callers
- The ability to receive live video and pictures
- More security and privacy controls for administrators

Related Cost:	$ 25,350	Tax Funds	Recurring	**Recommend - Yes**
Related Cost	$ 5,000	Tax Funds	Non Recurring	
Related Revenue:	$ 12,675	Dubuque County	Recurring	
Related Revenue:	$ 2,500	Dubuque County	Non Recurring	
Net Cost:	$ 15,175			
Property Tax Impact:	$ 0.006	0.14%		

Performance Measures

Improvement Package Summary

1 of 5

This improvement package request is for recurring memberships, travel and training expenses to cover the costs of sending 1/3 of each employee resource group (ERG) to conferences annually. The City of Dubuque has recently placed an emphasis on establishing employee resource groups (ERG's). The Police Department currently has women officer and black officer ERG's, and both require memberships. Conferences may be held within the State of Iowa, and in the spring of 2026, the Iowa Women in Law Enforcement will be hosting the women's conference in Dubuque. The black officer ERG belongs to the National Organization for Black Law Enforcement Officers (NOBLE). This conference is a national conference. This request relates to the City Council goal/priority of: Livable Community: Healthy and Safe.

Related Cost:	$ 20,000	Tax Funds	Recurring	**Recommend - No**
Net Cost:	$ 20,000			
Property Tax Impact:	$ 0.0079	0.19%		
Activity: Patrol				

2 of 5

This improvement package request is for car cameras for the patrol vehicles. When the School Resource Officer vehicles were initially built, they were not built to be fully-functional patrol vehicles, thus were missing mobile data terminals (MDT) and car cameras. In FY25, the Police Department

reconciled and were able to outfit the MDT's; however, they were still missing the car cameras. Camera footage is crucial evidence during investigations, but particularly for when an accusation is made against disabilities, race, gender, income, etc. This request relates to the City Council goal/priority of: Livable Community: Healthy and Safe.

Related Cost:	$ 16,148	Tax Funds	Non-Recurring	**Recommend -Yes**
Net Cost:	$ 16,148			
Property Tax Impact:	$ 0.0064	0.15%		
Activity: Patrol				

3 of 5

This improvement package request is for keeping 2 squad cars for driver training instead of trading them off. There are new requirements from the State of Iowa for driver training, and because training can cause extra wear and tear, current active vehicles should not be used. This would mean a loss of revenue for the sale of said vehicles, which is based upon bid for the vehicle. Estimated revenue loss for keeping two vehicles is $22,000. This would be a one-time cost. This request relates to the City Council goal/priority of: Livable Community: Healthy and Safe.

Revenue Loss:	$ 22,000	Tax Funds	Non-Recurring	**Recommend - No**
Net Cost:	$ 22,000			
Property Tax Impact:	$ 0.0087	0.21%		
Activity: Patrol				

4 of 5

This improvement package request is for virtual driver training software. Starting in January 2025, the State of Iowa is requiring all law enforcement officers to attend 4 hours of driver training each year. The Police Department was awarded a Department of Justice Justice Assistance Grant (JAG) grant in 2024, in which those funds were used to purchase virtual reality goggles and software to do virtual driver training. Unfortunately, the software costs will only be funded in FY25, so FY26 improvement dollars are requested to continue utilizing the software. The software for these goggles has an annual recurring subscription cost. This request relates to the City Council goal/priority of: Livable Community: Healthy and Safe.

Related Cost:	$ 5,400	Tax Funds	Recurring	**Recommend - No**
Net Cost:	$ 5,400			
Property Tax Impact:	$ 0.0021	0.05%		
Activity: Patrol				

5 of 5

This improvement package request is for the upgrade of 7 gas-only cars to hybrid cars. In 2023, the Police Department ordered a single hybrid vehicle. As the result of an almost double efficiency rating, as provided by the Public Works Department, the Police Department has been ordering some hybrid cars if allowed in the current budgets. The entire marked patrol fleet is rotated every three years. This is

done to keep a fleet of operational vehicles that are not hampered with maintenance problems. Additionally, this allows the vehicle to generally stay within warranty of the vehicle.

In FY26, the cost difference between a hybrid Ford Explorer and gas-only Ford Explorer is $5,087 per vehicle for a total of $35,609. Additionally, the cost of building the squad cars to include the lighting system, storage system, electronic mounts, etc. has increased to $2,437 per vehicle for a total of $17,059. The Police Department is due to replace seven (7) vehicles in FY26 under the normal vehicle rotation.

As identified in the 50% by 2030 Community Climate Action and Resiliency Plan, a longtime priority by the City Council, the transition of City fleet to alternative fuels is critical to reach its greenhouse gas reduction goals. This improvement package supports the City Council goal of Financially Responsible, High Performance City Organization: Sustainable, Equitable and Effective Service Delivery, and Sustainable Environment: Preserving and Enhancing Natural Resources.

Related Cost:	$ 52,668	Tax Funds	Recurring	**Recommend - No**
Net Cost:	$ 52,668			
Property Tax Impact:	$ 0.0207	0.50%		
Activity: Patrol				

Significant Line Items

Employee Expense

1. FY 2026 employee expense reflects a 3.00% wage package increase for non-represented employees, with the exception of Police command staff. The already-approved collective bargaining agreement for the Dubuque Police Protective Association in FY 2026 includes a 5.00% wage increase. Police command staff (Lieutenant, Captain, Assistant Chief, and Chief) will have a wage increase of 5.00%.
2. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2025. The employee contribution of 6.29% is also unchanged from FY 2025.
3. Fire and Police Retirement rates in FY 2026 increased from 22.66% to 22.68% or an increase of 0.09%; a cost of $2,185. The history of the change in rates is as follows:

Fiscal Year	Previous Rate	New Rate	% Change	$ Change
2016	30.41 %	27.77 %	-8.68 %	$ -206,580
2017	27.77 %	25.92 %	-6.66 %	$ -146,181
2018	25.92 %	25.68 %	-0.93 %	$ -19,457
2019	25.68 %	26.02 %	+1.32 %	$ 28,508
2020	26.02 %	24.41 %	-6.19 %	$ -140,017
2021	24.41 %	25.31 %	+3.69 %	$ 79,590

Fiscal Year	Previous Rate	New Rate	% Change	$ Change
2022	25.31 %	26.18 %	3.44 %	$ 79,373
2023	26.18 %	23.90 %	(8.71)%	$ -214,276
2024	23.90 %	22.98 %	(3.85)%	$ -91,863
2025	22.98 %	22.66 %	(1.39)%	$ -34,052
2026	22.66 %	22.68 %	0.09 %	$ 2,185

4. The City portion of health insurance expense is unchanged from $1,119 in FY 2025 to $1,119 in FY 2026 per month, per contract, which results in an annual cost unchanged of $0 or 0%.
5. Police Injuries increased from $21,988 in FY 2025 to $37,215 in FY 2026 based on a ten-year average of actual expenditures.
6. Overtime is unchanged from $128,757 in FY 2025 to $128,757 in FY 2026. The FY 2024 actual was $637,856, which was high due to have 14 Police Officer positions vacant. Having vacancies requires existing staff to work overtime. This increase in overtime expenses is covered by the savings that exist from having vacant Police Officer positions.
7. Reimbursable Overtime is unchanged from $0 in FY 2025 to $0 in FY 2026. FY 2024 actual was $65,542. This line item is the reimbursed overtime pay for privately-sponsored events covered by the Police Department that are directly reimbursed by private entities.
8. Holiday Pay is decreased from $392,217 in FY 2025 to $374,835 in FY 2026 based on FY 2024 actual of $404,311. This line item fluctuates depending on what weekday the holidays fall on.
9. Five-Year Retiree Sick leave payout decreased from $86,888 in FY 2025 to $86,567 in FY 2026.
10. 50% Sick Leave Payout is increased from $42,206 in FY 2025 to $46,490 in FY 2026 based on FY 2024 actual + 3%. Effective July 1, 2019, employees over the sick leave cap can convert 50% of their sick leave to be paid out.
11. Insurance Premiums increased from $78,974 in FY 2025 to $92,532 in FY 2026 based information received from Iowa Communities Assurance Pool (ICAP). FY 2024 actual was $77,214. This line item is the Police stop loss insurance premium which is an ineligible expense under the worker's compensation reserve. The FY 2023 actual was $70,338.
12. In October 2024, during Fiscal Year 2025, the following service changes were approved by City Council:
    i. 6.0 FTE officer positions were eliminated in order to fund a new Precision Policing Center. The savings in FY 2026 from eliminating these positions is estimated to be $450,000.
    ii. 3.0 FTE Precision Policing Center Technicians were created. These are non-sworn, civilian positions. 1.0 FTE Crime Analyst position was created. This is a non-sworn, civilian position. 1.0 FTE Criminal Computer Forensics position was created. This is a non-sworn, civilian position. Software & technology costs for the Precision Policing Center are $220,000 on an annual basis. The total annual estimated expenses in FY 2026 for the Precision Policing Center are $570,000.

13. The Compensation and Classification study resulted in the following reclassifications of positions:
    i. Confidential Account Clerk - Police was reclassified to Police Payroll Specialist
    ii. Administrative Assistant - Police was reclassified to Police Accountant

Supplies & Services

14. Education and Training is increased from $288,209 in FY 2025 to $298,527 in FY 2026.This line item includes mandatory and required training which fluctuates annually and is dependent on certifications, promotions, and retirements. In FY 2026, the number of new police officers estimated to be sent to the law enforcement academy is twelve at a total cost of $201,551. Approximately $15,000 is budgeted to send Lieutenants and Captains to executive leadership trainings. Eight SROs are expected to attend a variety of trainings including Bike School, SRO certification through the National Association of School Resource Officers (NASRO), school resource officer conference, citizens police academy, and Corcon for a total cost of $13,975. Other various trainings for officers include (homicide & traffic) investigative training, crime scene tech, K9, officer safety, leadership, (firearm) instructor recertifications, Law updates, negotiations, Glock armorer schooling, incident command, legal sciences, and field training.

15. Police Liability Insurance decreased from $113,728 in FY 2025 to $109,441 in FY 2026. The FY 2024 actual was $87,483. The FY 2023 actual was $82,588.

16. Vehicle Ops - Gasoline is increased from $118,821 in FY 2025 to $141,225 in FY 2026. This line item represents gasoline purchased (normally from a city-owned gas pump) that is used to fuel the Police Department's vehicles and other equipment. The increase in FY 2026 is due to past year actuals exceeding past year budgets. The FY 2024 budget was $118,821, while the FY 2024 actual was $158,371. Actual expenses continue to be somewhat high due to the City fuel island being down, which results in the purchase of gasoline at retail prices rather than reduced rates. The FY 2026 budget is based on the expectation that the Police Department will continue to buy fuel at retail prices for a portion of FY 2026 until the fuel island is fully repaired and re-opened to all City departments.

17. Vehicle Repair - Internal increased from $144,297 in FY 2025 to $148,541 in FY 2026 based on FY 2023 actuals + 5%. FY 2024 actual was $172,992. This line item represents maintenance and repairs to Police Department Vehicles.

18. Ammunition increased from $55,088 in FY 2025 to $55,157 in FY 2026 based on FY 2024 actual plus a small increase to allow for additional training. This line item represents the purchase of all ammunition for both training and on-duty use.

19. Pay to Other Agency increased from $74,679 in FY 2025 to $79,371 in FY 2026. This line item represents one-third share of the Drug Task Force office expense, fifty percent share of the Dubuque Drug Task Force Coordinator position, and annual continuation fees for accreditation. This is based on a 3.00% increase in employee expense wage package.

20. General Liability Insurance decreased (8)% from $77,068 in FY 2025 to $71,170 in FY 2026. This is based on information received from Iowa Communities Assurance Pool (ICAP). FY 2024 was 63,354 and FY 2023 was $53,683.

21. Safety Equipment decreased from $38,364 in FY 2025 to $32,130 in FY 2026 based on replacement schedules. There are 22 units of body armor scheduled to be replaced in FY 2026. There are 12 units being ordered for new employees and 10 units for existing employees (replaced on a 5-year schedule) for a total cost of $21,208. Other Safety Equipment expenses include AED's and AED pads.

22. Police Equipment decreased from $179,195 in FY 2025 to $94,525 in FY 2026 based on equipment replacement schedules. Expenses in FY 2026 include push bumpers for 11 police vehicles (purchased with Jag Grant), a five-year contract for taser replacements, guns/rifles, magazine components, suppressors, traffic monitor batteries, helmets, throw phone, shooting ears/glass, 1 bicycle, evidence equipment, flashlights, red light visibars, handheld radars, moving radars, alcosensors, laser entry sight, gas masks, K9 inserts, sleeves, suits and vests, police canine, and entry shields.

23. IT Recharges decreased from $315,760 in FY 2025 to $309,029 in FY 2026. This line item represents the recharge of Information Technology staff time related to the maintenance of software.

24. Technology Services increased from $257,864 in FY 2025 to $1,075,194 in FY 2026. This line item represents software and technology subscriptions used by the Police Department. On October 17th, 2024, the City Council approved a resolution to establish a Precision Policing as part of the Police Department. As a result, Precision Policing software will be first purchased in FY 2025, as the new Policing Precision Center is currently underway. Cost savings have been found in other line items to help fund this new software. Other cost increases are attributed to general price increases, removal of previous discounts, and the change of Cellbrite software having to be funded with Police funds, as it is not able to be funded using forfeiture funds anymore.

Software Licenses	FY 2025 Budget	FY 2026 Budget	% Change from FY 2025 Budget
RAVE Mobile Security	$ 8,936	$ 8,150	(9)% a
Central Square Public Safety Software	$ 183,547	$ 426,533	132 % b
LEADS Online	$ 7,416	$ 10,670	44 % c
First Net - School Laptops	$ 4,912	$ 6,933	41 % d
First Net - Vehicles	$ 23,772	$ 23,772	— %
Iowa Department of Public Safety Software	$ 13,260	$ 14,688	11 % e
Crash Data Group	$ 1,500	$ 1,500	— %
Eden K9 Reporting	$ 522	$ 522	— %
Microsoft Licenses	$ 14,000	$ 14,000	— %
Power DMS		$ 6,310	— % f
Precision Policing Software		$ 220,000	— % g
Cellbrite		$ 18,600	— % h
Tasers and Support/Software		$ 84,380	— % i

Software Licenses	FY 2025 Budget	FY 2026 Budget	% Change from FY 2025 Budget
Automated License Plate Reader Software		$ 66,000	— % j
Body Worn Cameras and Support/ Software		$ 132,942	— % k
Axon Car Cameras and Support/ Software		$ 40,194	— % l
Total	**$ 257,865**	**$ 1,075,194**	**317 %**

a) RAVE Mobile Security decreased (9)% based on the terms of the agreement.

b) Central Square Public Safety Software increased 132% based on needing to purchase a new version of the software as the previous version is no longer supported by the vendor. This software is used by the Police Department, Fire Department, Emergency Communications Department, and Dubuque County Sheriff's Department, with the Sheriff's Department reimbursing half of the costs.

c) LEADS Online increased 44% based on the vendor discontinuing initial discounts and charging full price.

d) First Net - School Laptops increased 41% based on past year actuals.

e) Iowa Department of Public Safety Software increased 11% based on expected price increase from the vendor.

f) Power DMS software was previously budgeted under the Building Maintenance line item and was moved to Technology Services in FY 2026.

g) Precision Policing Software is part of the new Precision Policing Center, which was approved by the City Council on October 17th, 2024. The cost to establish the Precision Policing Center, including this new software, was fully offset by eliminating vacant Police Officer positions.

h) Cellbrite software has long been used by the Police Department, but it was not previously budgeted in the Police Department as it was covered by forfeiture funds. Forfeiture funds can no longer cover this expense, therefore, this software has been added to the Police budget in FY 2026.

i) Tasers and Support/Software was previously budgeted in Police Equipment line item, moved to Technology Services for FY 2026.

j) Automated License Plate Reader Software was previously budgeted in Technology Equipment line item, moved to Technology Services for FY 2026.

k) Body Worn Cameras and Support/Software was previously budgeted in Technology Equipment line item, moved to Technology Services for FY 2026.

l) Axon Car Cameras and Support/Software were previously budgeted in Technology Equipment line item, moved to Technology Services for FY 2026.

25. Building Maintenance decreased from $385,571 in FY 2025 to $286,355 in FY 2026 based FY 2024 actuals and factoring in wage and utility increases. The FY 2024 actual was $257,014. This line item represents building maintenance expenses at the Dubuque Law Enforcement Center (DLEC), which the City shares with Dubuque County per an agreement.

Machinery & Equipment

26. Equipment replacement items include ($552,603):

Police Machinery and Equipment		
Staff Services		
Office Furniture	$	5,483
Police Training		
Television	$	700
Criminal Investigation		
Audio/Video/Digital Equipment	$	2,500
Evidence Equipment	$	1,320
Flashlights	$	650
Community Oriented Police		
Community Oriented Police Vehicle (1)	$	50,324
Bicycle/Bag/Carrier/Lighting (1)	$	2,123
Equipment Lighting	$	1,776
Patrol		
Patrol Vehicles (6)	$	301,944
Aux Emergency Lights	$	2,154
Red Light Visibar	$	11,785
Handheld Radar	$	1,790
Moving Radar	$	3,784
Body Armor - New Officers	$	11,568
Body Armor - Replace	$	9,640
Alcosensor	$	1,026
M4 Rifles (Vehicles)	$	4,226
Handguns	$	615
M4 Magazine Components	$	769
.223 Rifle (Sniper/Scope/Access)	$	2,113
.223 Rifle (TAC Entry)	$	2,100
Suppressors	$	2,666
Laser Entry Sight	$	410
Card Readers	$	393
Bar Code Scanners	$	3,996

Police Machinery and Equipment		
Police Canine	$	15,000
Traffic Monitor Batteries Equipment	$	1,795
Gas Masks	$	1,795
Riot Helmets and Shields	$	6,859
Shooting Ears and Glass	$	1,025
K9 - Equipment	$	6,841
Handheld Radio & Batteries	$	16,355
Streamlights with Charger	$	459
Weapon Lights	$	492
Negotiating Throw Phone	$	2,490
AED (Squads)	$	9,222
AED (Replacement Pads)	$	1,700
Drone	$	25,000
Grant Funded Equipment		
Other Police Equipment	$	21,567
Total Equipment	**$**	**536,455**

Debt Service

27. In FY 2026 annual debt service payments on GO Bonds issued for Police software replacement is $21,800.

Amount	Debt Series	Payment Source	Purpose	Final Payment	Call Date
$ 21,800	2021A G.O.	General Fund	Software	2030	2028
$ 21,800	**Total Police Annual Debt Service**				

Revenue

28. Contributions - Private Sources decreased from $431,759 in FY 2025 to $104,735 in FY 2026 based on agreement changes and re-organizing the budget. In FY 2025, this line item included payment from Mercy Hospital for security services provided at the emergency room ($90,34), payment from the Dubuque Community School District for the Drug Abuse Resistance Education (DARE) Program ($9,320), and payment from the Dubuque Community School District for the School Resource Officer (SRO) program ($332,125). The FY 2026 budget includes $104,735 for emergency room security. Revenue from the DARE program is not budgeted due to the program being put on hold with the possibility of it coming back in the future. Revenue from the SRO program has been moved to the Reimbursements revenue line item.

29. County Contributions increased from $298,242 in FY 2025 to $349,767 in FY 2026. This line item represents reimbursements from the Dubuque County Sheriff's Department for sharing the cost of the Records Supervisor salary and benefits. There is a decrease in expected revenue with the

DARE program discontinuation; however, the increase overall is larger due to 2 softwares increasing in price, therefore, reimbursements will be larger as well.

30. Lease - DRA Distribution is increased from $6,000 in FY 2025 to $9,162 in FY 2026 based on agreement terms and increase of events slatted in FY 2026 compared to FY 2024. The FY 2024 actual was $6,128. This line item represents revenue paid to the Police Department for security services provided during concerts at Q Casino.

31. Federal Grants increased from $216,438 in FY 2025 to $243,519 in FY 2026 based on expected grants. FY 2024 actual was $216,512. In FY 2026, the Police Department is anticipating receiving various federal and federal pass-through to state grants, including: Community Oriented Policing Services (COPS) Hiring grant, Community Oriented Policing Services (COPS) Law Enforcement and Mental Health and Wellness Assistance grant (LEMHWA), Dubuque Drug Task Force (DDTF) grant, Patrick Leahy Bulletproof Vests grant, Meth and Heroin grants, and Justice Assistance grants.

32. State Grants increased from $0 in FY 2025 to $39,225 in FY 2026 based on a new Iowa Department of Transportation State Highway grant ($30,000) and a new alcohol/tobacco grant ($9,225).

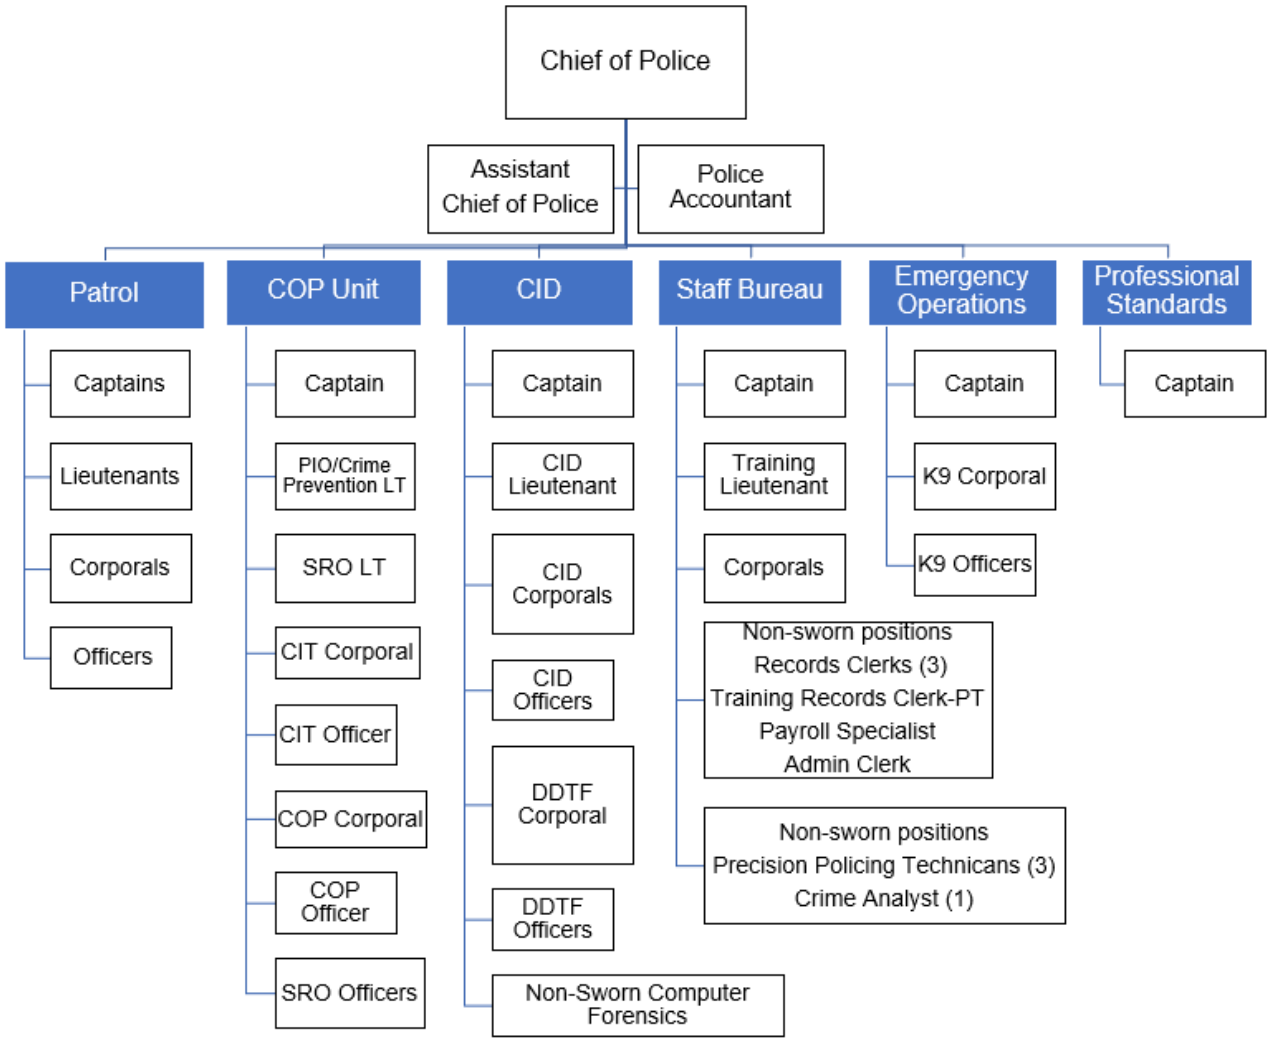

33. Iowa District Court Fines decreased from $227,212 in FY 2025 to $186,009 in FY 2026 based on FY 2024 actual of $186,009. This line item represents court fines and fees that have been paid to the Police Department, including citations and surcharges.

34. Forfeitures/Penalties decreased from $8,725 in FY 2025 to $5,030 in FY 2026 based on FY 2024 actual of $5,030. This line item includes miscellaneous penalties and fees, such as false alarm penalties and inspection penalties.

35. Reimbursements increased from $59,126 in FY 2025 to $406,387 in FY 2026. This line item has historically fluctuated. The FY 2024 actual was $412,256. The FY 2025 budget was based on FY 2023 actuals and included revenue related to various reimbursements, including: training expenses that are paid back to the Police Department if an employee's departure is before the agreement terms are met, revenues received from housing background checks, reimbursements for equipment purchases, tobacco compliance, uniform purchases, incidentals from the Dubuque County Sheriff, and reimbursement for Dubuque County taxes. The FY 2026 budget includes $17,990 for those various reimbursements based on FY 2024 actuals, as well as $388,397 paid to the City from the Dubuque Community School District for the School Resource Officer (SRO) program, which is also based on FY 2024 actuals. The payment for the SRO was previously budgeted in the Private Contributions revenue line item, however, the revenue was historically coded to this line item once received. Therefore, the budget for the SRO program was moved to this line item for FY 2026.

DUBUQUE POLICE DEPARTMENT

The Mission of the Dubuque Police Department is to provide a safe and secure environment for citizens, visitors and guests so they can experience a stable, thriving community free of danger, injury or threat of harm.

SUCCESS IS ABOUT PEOPLE, PLANNING, AND PARTNERSHIPS LEADING TO OUTCOMES

People

Dubuque Police Department offers seven opportunities for the community to become involved in policing: Auxiliary Police, Citizen's Police Academy, Youth Academy, School Resource Officers, Social Media Outreach, Dubuque Police Ride Along Program, and Police Explorer Program.

Partnerships

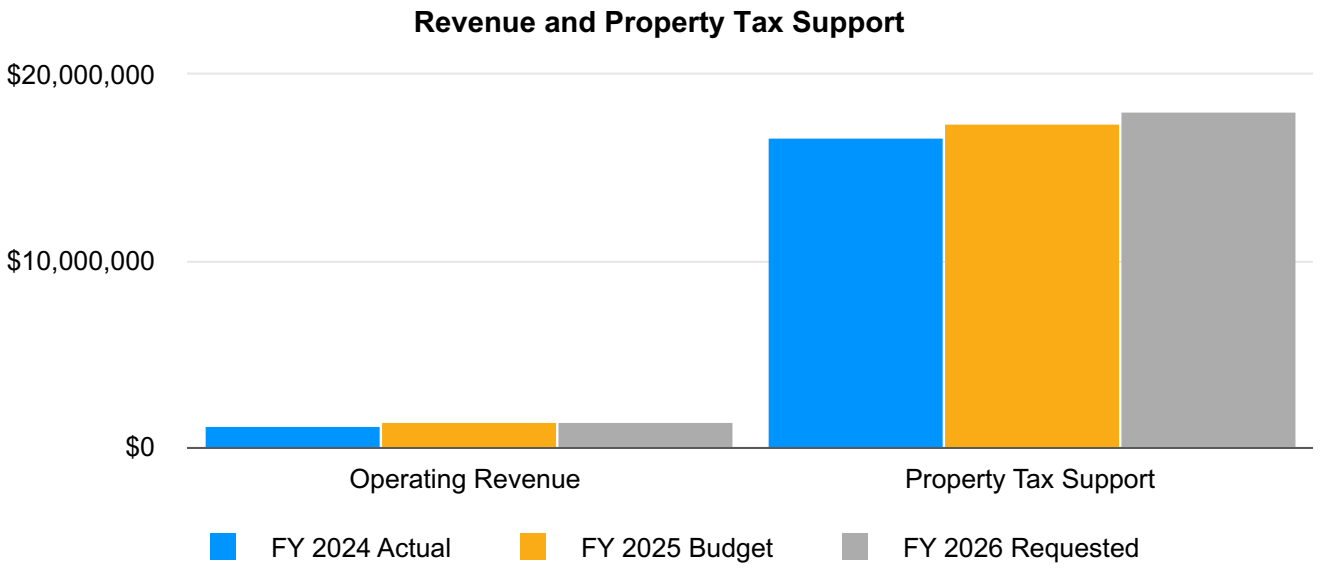

The Dubuque Police Department utilizes partnerships with other federal, local, and state entities, private organizations and individuals to support the City Council Goal of Livable Neighborhoods.

Planning

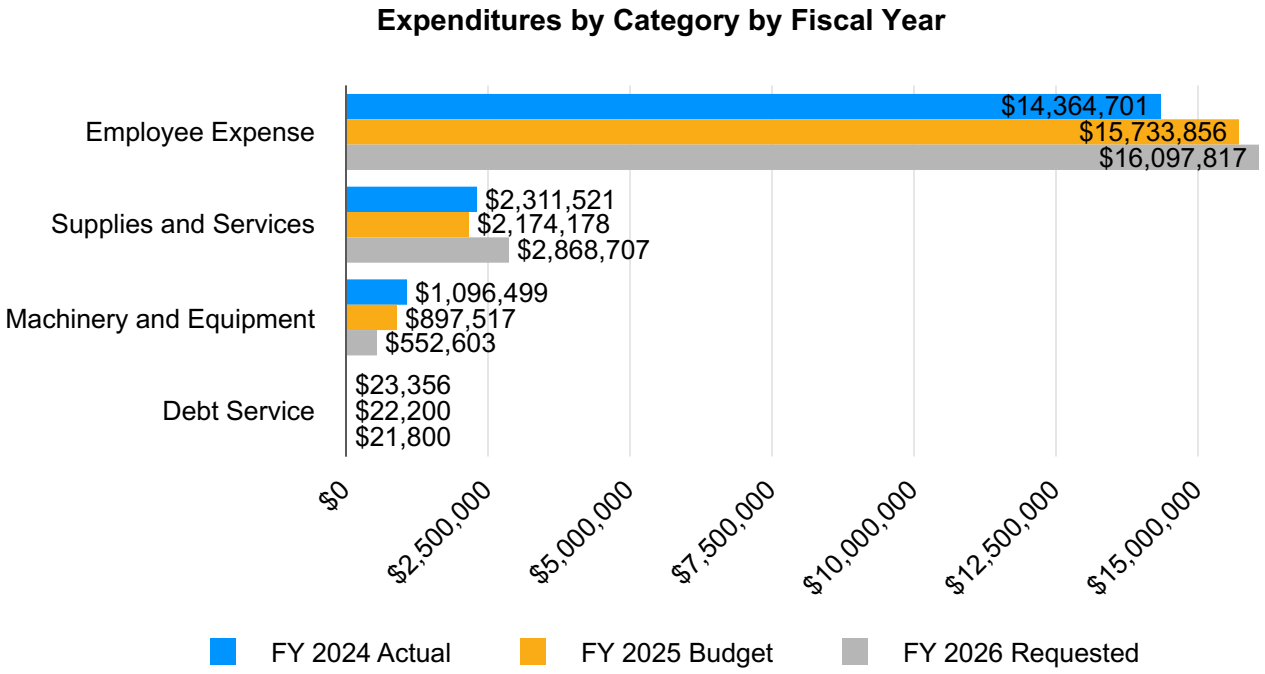

The Dubuque Police Department supports the City Council Goal of Vibrant Community: Healthy and Safe by working with all City Departments and community partners to ensure professional police service.

DUBUQUE POLICE DEPARTMENT

	FY 2024	FY 2025	FY 2026
Full-Time Equivalent	125.75	125.75	124.75

The Police Department is supported by 124.75 full-time equivalent employees, which accounts for 82.38% of the department expense as seen below. Overall, the department's expenses are expected to increase by 3.79% in FY 2026 compared to FY 2025.

DUBUQUE POLICE DEPARTMENT

Administration

Overview

The Police Department is responsible for providing community service and protection, creating a safe and secure environment for the citizens we serve. It also provides for maintenance, equipment, materials, supplies and repairs necessary for the operation of the department at the Dubuque Law Enforcement Center, as well as completing all requirements to maintain our status as an accredited law enforcement agency. Service is provided 24/7. Police Administration oversees the following divisions within the department: Community Oriented Policing, Criminal Investigation, Patrol, Staff Services, Special Units and Professional Standards. Staff Services encompasses Records and Identification and Training activities.

Administration Funding Summary

DUBUQUE POLICE DEPARTMENT

Community Oriented Policing

Mission & Services

Community Oriented Policing promotes positive relationships between police and community, establishing a problem-solving philosophy by addressing the causes of crime and encourages long-term innovative problem solving, and improving law enforcement-community partnerships with better quality communication. This activity enhances police services by shifting the focus of police work from responding to individual incidents to addressing problems identified by the community and emphasizing the use of problem-solving approaches to supplement traditional law enforcement. This is demonstrated by involvement with the City of Dubuque Housing Department, School Resource Officers, Public Information, and involvement with landlords and neighborhood associations.

Community Oriented Policing Funding Summary			
	FY 2024 Actual	FY 2025 Budget	FY 2026 Recomm'd

*The diminished number of checks can be attributed to COVID

DUBUQUE POLICE DEPARTMENT

Criminal Investigation

Mission & Services

The Criminal Investigation Division (CID) conducts in-depth investigations into major crimes that occur, including death investigations, sexual abuse, robbery, arson, child abuse, dependent adult abuse, kidnapping, serious assault, major financial crime and computer-related crimes. CID is also assigned staff who work primarily in narcotics enforcement and are assigned to the Dubuque Drug Task Force (DDTF).

Criminal Investigation Funding Summary

FISCAL YEAR 2025 HIGHLIGHTS

- **Awards & Recognition Night with Family Wellness Session**
- **New Collective Bargaining Agreement with targeted raises**
- **Automated License Plate Readers (ALPR)**
- **Departmental Training**
  - **Defensive Tactics/Scenario Based Training**
  - **Emergency Vehicle Operation Training (new State mandate as yearly training)**
  - **Rapid Deployment/Active Shooter Response**
  - **Mandatory topics (firearms, de-escalation, brain health, and Taser)**

Awards and Recognition 2024

Family Wellness Presentation

- **Dr. Keedy and Ottavi**
- **What to expect during a Wellness Visit**

CURRENT INITIATIVES - Supervisor Training

FY2025 Supervisor Training

Departmental

- First Line Leadership
  - Developing leadership before promotion.

Executive

- **FBI NATIONAL ACADEMY**
  - Chief Jensen, AC Messerich
- **NORTHWESTERN SCHOOL OF POLICE STAFF & COMMAND**
  - Capt. Bauer, Lt. Fullmer, Lt Deutsch, Lt Scherrman, Lt B. Dieujuste (FY26)
- **SENIOR MANAGEMENT INSTITUTE FOR POLICE**
  - Captain Welsh & AC Messerich

CURRENT INITIATIVES - Public Safety Software

Law Enforcement Software Transition

- Joint project with Dubuque County. Total buildout to include Records Management System (RMS), Mobile Field Reporting (MFR), Jail Management System (JMS), and Computer Aided Dispatching (CAD).
- 18 month project.
- Currently the servers are being built for the system. Once these are built the timeline will be finalized.
- Teams for each system are working with the Central Square project team to develop each module.

CURRENT INITIATIVES - Building Study

Building Study

- Council approved $50,000 for a building study (FY25).
- A building is not eminent and we know we are cramped for space.
- In May, sending a team from Police and Fire to a public safety building conference to learn what can be done with existing or new, what it takes to build, and funding options for public safety buildings, i.e. a full, comprehensive picture.
- Freshening up the building (paint, new carpet, wall graphics, optimizing what little space we have).
- The Chief and the Sheriff are exploring locker room options.

CURRENT INITIATIVES - Precision Policing Center

Crime Analyst

Computer Forensics

3 Precision Policing Center (PPC) Technicians

- 1 position filled, hiring in progress for others
- Fusus software

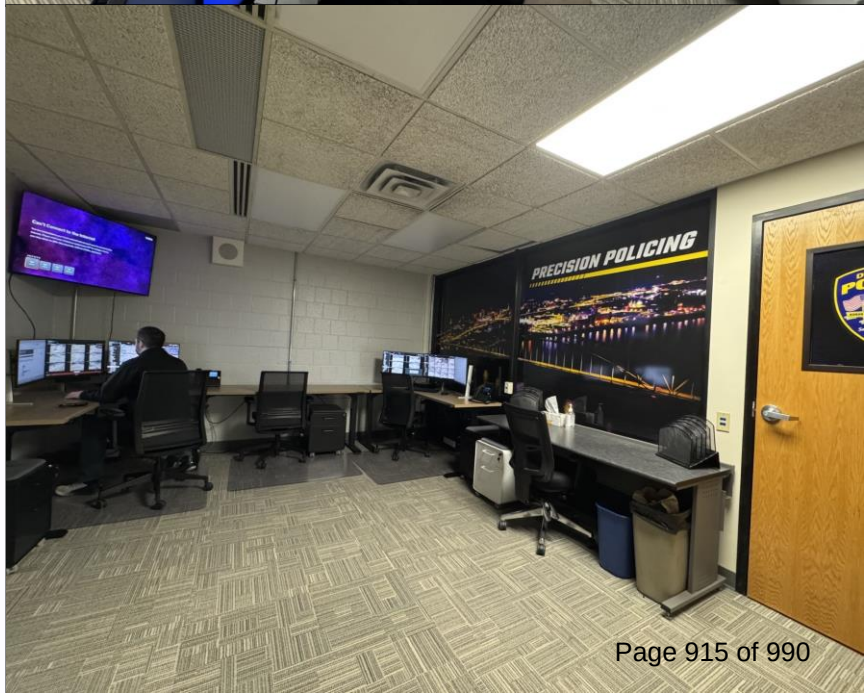

Crime Analyst (position filled)

- CAR Training

Computer Forensics Specialist

- Hiring process to begin soon

Law Enforcement Mental Health and Wellness Act Grant

$118,062.63

Annual Wellness Check-Ins for sworn staff.

Increased training for Peer Support Team.

Increased training for Law Enforcement Chaplains.

Law Enforcement specific training for our psychologists partners.

Training event for area law enforcement and families.

ACCREDITATION

- **Originally accredited in 1993**
- **Longest accredited agency in Iowa.**
- **Fully Accredited for the 10th time in July 2024.**
- **484 Standards to be met for full accreditation.**

Crisis Intervention Team (CIT)

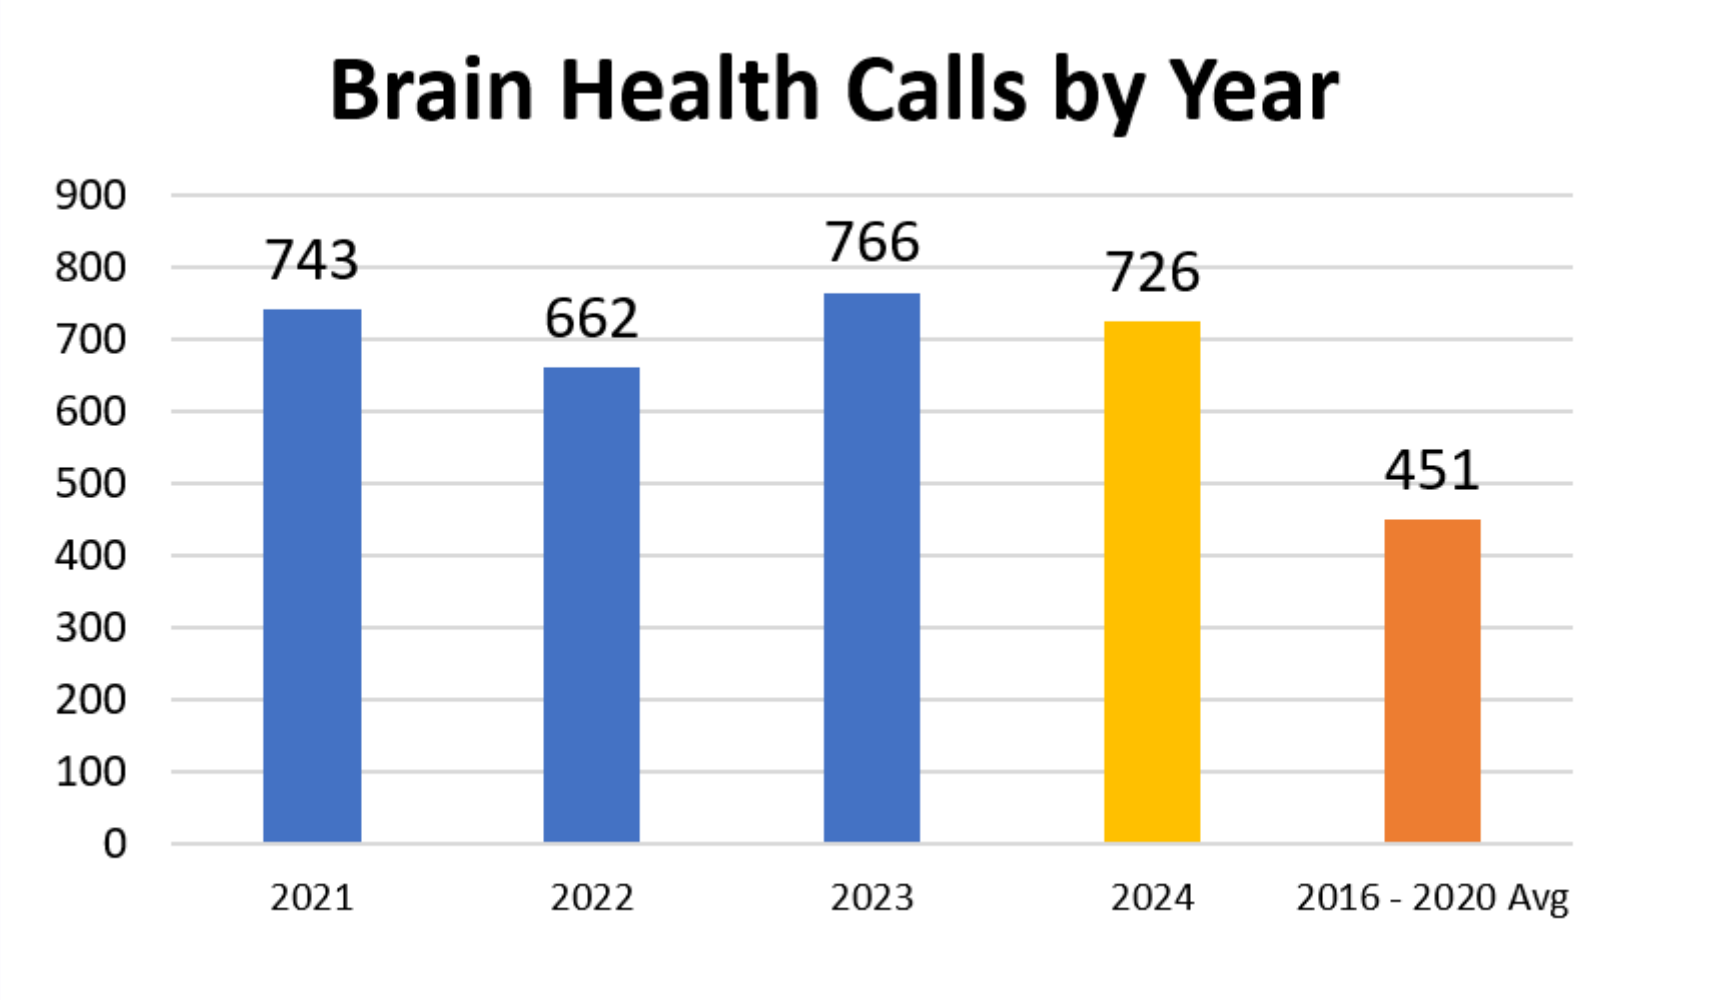

Full Time Team Created in 2023

Civilian Law Enforcement Liaison Position

2101 actions in 2024

Brain Health

School Resource Officers (SRO)

Hempstead High School

Police Department

FY2026 REQUESTED PROPERTY TAX SUPPORT

$18,072,424

Net Property Tax Support

$282.83

Average homeowner's* property tax cost for Police

(*Avg. home value of $196,508)

FY 2026 RECOMMENDED IMPROVEMENT REQUESTS

1. SRO Car Cameras

Recurring $16,148

- **School Resource Officer (SRO) vehicles were initially not built to be fully functional patrol vehicles. They were missing MDT's and car cameras.**
- **In FY25 the PD was able to outfit the SRO vehicles with MDT's.**
- **In FY26 the PD would like to outfit the SRO vehicles with car cameras. The camera footage is crucial evidence during investigations.**

Improvement Package Summary

1 of 5

This improvement package request seeks funding to accommodate the Center for Public Safety Excellence (CPSE) site visit, which may include 4 professional assessors to come on site to conduct a 4-day site visit. This request includes lodging/accommodations, flight, per diem, transportation, and other minor costs associated with the site visit. Having a site visit is crucial for going through the accreditation process. Having accreditation helps ensure better service delivery. The accreditation process occurs every 5 years and assesses the department for continuous improvement, strategic planning, response improvements and various other competencies which align with process improvements in the delivery of emergency response and risk reduction throughout the community. There are 11 categories including Governance and administration, assessment and planning, goals and objectives, financial resources, community risk reduction, physical resources, human resources, training and competency, essential resources, external system relationships, and health and safety. In total, there are 250 individual performance indicators the fire department will be assessed on, 94 of these are considered core competencies and must be met in order to be re-accredited. The department utilizes the information in strategic planning and process improvement as well as budget considerations that are tied to continuous improvement and industry best practice. This request supports the City Council Goal Financially Responsible Higher-Performance City Organization: Sustainable, Equitable, and Effective Service Delivery.

Related Costs:	$ 9,800	Tax Funds	Non-Recurring	**Recommend - Yes**
Total Cost:	$ 9,800			
Property Tax Impact:	$ 0.0033	0.03%		
Activity: Fire Administration				

2 of 5

This improvement package request is for annual funding for pre-plan software that is integrated with CAD (computer aided dispatch) software. This software was approved as a FY 2025 improvement package however, it was mistakenly classified as non-recurring. This request seeks annual recurring funding for the same software. Pre-plan information provides critical information on building size, occupancy, access, water supply, hazards and building history along with owner information. It also assists in identifying the number and type of structures throughout the city in an effort to classify and categorize our buildings based upon risk and community risk reduction initiatives. Currently, the pre-plan information is created as separate, manually created files stored separate from the response files. This system is antiquated, slow, and does not leverage new technology and open records to collect and utilize the most recent data. This process also requires our responding companies navigate to separate individual files and browse for the correct building information rather than have the file automatically populate immediately on dispatch. Year 1 cost with implementation is $5,650 (a savings of $3,000 from the initial package approval in FY 2025, year 2 maintenance is $5,250, year 3 maintenance is $5,513 with a 5% increase in price each year moving forward. This package meets the City Council Goals of Vibrant Community: Healthy and Safe and Financially Responsible, High Performance City Organization.

Related Costs:	$ 5,650	Tax Funds	Recurring	**Recommend - Yes**
Total Cost:	$ 5,650			
Property Tax Impact:	$ 0.0019	0.02%		
Activity: Fire Administration				

3 of 5

This improvement package requests funding to add a full-time Firefighter position to the Fire Department (1.00 FTE, F-01). This request is directly tied to realigning staffing to reach appropriate levels for frontline suppression vehicles. Two Firefighter positions are being requested in FY26 (improvement package request 3 of 5 and request 4 of 5) to balance the staffing numbers for two 2 of 3 shifts used in the Fire Department (the three shifts are currently staffed at 31 personnel, 31 personnel and 32 personnel). Historically, the Dubuque Fire Department has staffed several frontline suppression vehicles with two personnel (a driver and fire officer). These individuals are both firefighter and emergency medical provider trained. Industry best practice continues to advocate for staffing frontline suppression vehicles with a minimum of 4 properly trained and equipped personnel. While this has consistently been the recommendation of the National Fire Protection Association, professionals are aware this level of staffing is difficult. While the staffing of 4 members per vehicle can be challenging, the staffing of only 2 personnel is not typical and make completing single company and multi company assignments difficult. Of the entities that protect populations of 50,000-100,000, only 10% have 2 personnel per suppression vehicle. The other 90% has 3 or more personnel per vehicle. Additional personnel will continue to be requested for the next 5 years to bring the department into alignment with minimum staffing of 3 personnel for each frontline suppression vehicle. This package meets the City Council Goals of Vibrant Community: Healthy and Safe. Ensuring frontline suppression vehicles are adequately staffed helps ensure high quality emergency services.

Related Costs:	$100,646	Tax Funds	Recurring	**Recommend - No**
Total Cost:	$100,646			
Property Tax Impact:	$ 0.034	0.34%

5 of 5

This improvement package seeks approval to implement a data analytics software solution (in lieu of a position request) to pull in data from over 40 metrics encompassing all aspects of risk in the Dubuque community. These sources include response data, national data, local data, and community specific data. The data will be utilized to guide decision making in alignment with community risk reduction efforts throughout the community, including data visualization and transparency to guide and support risk management plans and strategies. It will also assist in guiding the Fire department's short-term and long-term strategic planning initiatives. This package meets the City Council Goals of Vibrant Community: Healthy and Safe.

Significant Line Items

Employee Expense

1. FY 2026 employee expense reflects a 3.00% wage package increase for non-represented employees. The collective bargaining agreement with the Dubuque Professional Firefighters Association (DPFA) also includes a FY 2026 wage packages increase for represented employees, however, the increases are not uniform across all positions. Instead, the negotiated collective bargaining agreement for FY 2026 incorporated data from the results of the City's compensation

and classification study, which results in targeted wage package increases that were specific to each individual position.

2. During Fiscal Year 2025, the City Council approved a wage package increase for command staff positions in the Fire Department. This wage package increase was not included in the FY 2025 budget that was adopted by City Council during the normal budget cycle; rather, it was presented to and approved by the City Council separately on July 1st, 2024 (during FY 2025). The wage package included targeted wage increases for certain Fire command staff positions to address issues of wage compression. The approved wage package included a 5% wage increase for Assistant Fire Marshall and Emergency Medical Services Supervisor positions, a 12% wage increase for the Assist Fire Chief, Division Chief, and Bureau Chief positions, and a 10.25% wage increase for the Fire Chief and Deputy Fire Chief positions.
3. The Iowa Public Employee Retirement System (IPERS) City contribution of 9.44% is unchanged from FY 2025. The employee contribution of 6.29% is unchanged from FY 2025.
4. Fire and Police Retirement rates in FY 2026 increased from 22.66% to 22.68%; an increase of 0.09% with a cost of $1,821.

The history of the change in rates is as follows:

Fiscal Year	Previous Rate	New Rate	% Change	$ Change
FY 2016	30.41 %	27.77 %	(2.64)%	$ (156,737)
FY 2017	27.77 %	25.92 %	(1.85)%	$ (112,900)
FY 2018	25.92 %	25.68 %	(0.24)%	$ (14,614)
FY 2019	25.68 %	26.02 %	0.34 %	$ 21,006
FY 2020	26.02 %	24.41 %	(1.61)%	$ (102,499)
FY 2021	24.41 %	25.31 %	0.90 %	$ 59,589
FY 2022	25.31 %	26.18 %	0.87 %	$ 59,244
FY 2023	26.18 %	23.90 %	(2.28)%	$ (170,463)
FY 2024	23.90 %	22.98 %	(0.92)%	$ (75,656)
FY 2025	22.98 %	22.66 %	(0.32)%	$ (29,219)
FY 2026	22.66 %	22.68 %	0.02 %	$ 1,821

5. The City portion of health insurance expense is unchanged from $1,119 in FY 2025 to $1,119 in FY 2026 per month per contract which results in an annual cost unchanged of 0%.
6. Insurance Premiums increased from $118,460 in FY 2025 to $138,799 in FY 2026, a change of $20,339. The FY 2024 actual was $115,821. This line item is the Fire stop loss insurance premium which is an ineligible expense under the worker’s compensation reserve.
7. Retiree Five-Year Sick leave payout expense decreased from $83,490 in FY 2025 to $77,022 in FY 2026. This is calculated using the current retirees.
8. 50% Sick Leave Payout increased from $24,475 in FY 2025 to $25,471 in FY 2026 based on FY 2024 actuals. Effective July 1, 2019, Fire employees over the sick leave cap can be paid out for 50% of the sick leave over the cap.
9. Fire Injuries expense increased from $120,668 in FY 2025 to $128,247 in FY 2026 based on a ten-year average.

10. Overtime is unchanged from $196,946 in FY 2025 to $196,946 in FY 2026. The FY 2024 actual was $241,827. As of the FY 2026 budget preparation, the Fire Department does not have vacancies; however, overtime is still used to meet minimum staffing requirements when staff utilize vacation, sick leave, etc. Overtime is also used for staffing special events, such as sporting event, community gatherings, and firework shows. Overtime expenses paid related to special events are directly offset by revenue received from staffing special events.

Supplies & Services

11. Pay to Other Agencies increased from $800,631 in FY 2025 to $804,331 in FY 2026 based on projected Ground Emergency Medical Transport (GEMT) revenues in FY 2026. This line item represents local match payments to the Iowa Department of Human Services for the Ground Emergency Medical Transportation Program (GEMT). This projection is based on a three year (12 quarters) average of quarterly growth in the number of transports, which includes the first quarter from FY 2025 as well as the previous 11 quarters. This line item is offset by GEMT revenue of $2,413,018 in FY 2026.

12. Uniform Purchases decreased from $188,940 in FY 2025 to $183,040 in FY 2026. This line item represents firefighter protective gear that is purchased each year, such as firefighter coats, pants, helmets, gloves, flashlights, etc.

13. Education and Training increased from $32,383 in FY 2025 to $32,783 in FY 2026. This line item represents trainings, certifications, and courses for Fire Department staff. This line item varies based on the number of staff due for training and which certifications are due for renewal in a particular year. In FY 2026, this line item includes: Iowa Fire Service Training Bureau various certification fees ($4,700); promotional testing textbooks ($1,400); Bluecard Incident Command certifications ($6,233); in-house Academy program materials ($2,250); Peer Fitness education and recertification fees ($2,100) and training course ($900); gym/equipment rental ($3,000); training props ($1,000); Fire Officer 1 Class ($1,200); Fire Instructor Class ($1,200); Emergency Vehicle Operators Course ($1,000); EMS recertification classes ($4,800); and GEMS (Geriatric Emergency Medical Services), PHTLS (Pre-hospital Trauma Life Support), AMLS (Advanced Medical Life Support), NRP (Neonatal Resuscitation Program) trainings ($3,000).

14. Vehicle Operations - Gasoline increased from $56,453 in FY 2025 to $77,581 in FY 2026 based on FY 2024 actual of $77,581. This line represents all gasoline purchased from a city-owned gas pump that is used to fuel the Fire Department's vehicles and other equipment.

15. Vehicle Repair - Internal is unchanged from $190,850 in FY 2025 to $190,850 in FY 2026. The FY 2024 actual was $297,324. This line item includes maintenance and repairs on Fire Department vehicles that is preformed by city staff. Routine maintenance and internal repairs help reduce the downtime of frontline vehicles and associated apparatuses. Several Fire Department vehicles have been recently replaced, therefore, vehicle repair costs are anticipated to decrease compared to FY 2024 actuals.

16. Vehicle Repair - Outsourced is unchanged from $81,888 in FY 2025 to $81,888 in FY 2026. This line item includes more complex, specialized repairs to Fire Department vehicles that are not performed by city staff. Actual expenses for this line item vary each year due to uncertain factors such as vehicle accidents or repairs the City Garage is unable to preform. The FY 2024 actual was $30,179, while the FY 2023 actuals was $109,709. Several Fire Department vehicles have been recently replaced, therefore, vehicle repair costs are anticipated to somewhat decrease compared to past year actuals.

17. General Liability Insurance increased from $147,040 in FY 2025 to $176,780 in FY 2026 based on information received from Iowa Communities Assurance Pool (ICAP). FY 2024 was $114,038 and FY 2023 was $110,851.

18. Electricity Utility increased from $64,918 in FY 2025 to $68,188 in FY 2026 based on the FY 2024 actual of $56,823 plus an anticipated 20% rate increase. This line item represents electricity expenses for all Fire Department facilities including Fire Headquarters and five other fire stations.

19. Collections decreased from $165,449 in FY 2025 to $154,730 in FY 2026 based on projected FY 2026 ambulance revenues. This line item represents outsourced billing services for Ambulance billing ($145,946 in FY 2026). The City pays the billing vendor 3.5% of the total revenue collected from ambulance bills (total revenue is budgeted at $4,169,888 in FY 2026). This line item also includes expense for collection agency services ($8,784 in FY 2026).

20. Technology Services increased from $147,871 in FY 2025 to $174,889 in FY 2026. This line item represents various software subscriptions utilized by the Fire Department, as well as some expenses for radios and internet services. The cost of software tends to increase slightly each year due to cost increases from software vendors. The FY 2026 budget includes the following items

Software Licenses	FY 2025 Budget	FY 2026 Budget	% Change from FY 2025 Budget	
Administration				
CA 3000 Door Control Software	$ 1,000	$ 1,000	— %

a) ESO - Electronic Health Reports App added to FY 2026 budget based on operational needs.
b) Smartphone and Case was budgeted in the incorrect account in FY 2025, corrected for FY 2026.
c) ESO - Fire Records Module increasing in FY 2026 due to a price increase from the vendor.
d) ESO - EMS Records Module increasing in FY 2026 due to a price increase from the vendor.
e) ESO - Property and Inspections Module increasing in FY 2026 due to a price increase from the vendor.
f) ESO - EMS Billing Interface increasing in FY 2026 due to a price increase from the vendor.
g) ESO - Scheduling Module increasing in FY 2026 due to a price increase from the vendor.
h) ESO - Inventory/Activity/Asset Module decreasing in FY 2026 based on the terms of the agreement.
i) ESO - Training Records Module increasing in FY 2026 due to a price increase from the vendor.
j) Power DMS Policy Software increasing in FY 2026 due to a price increase from the vendor.
k) Knox Box Security Software increasing in FY 2026 due to a price increase from the vendor.
l) Fire Data API for ESO Software increasing in FY 2026 due to a price increase from the vendor.
m) FY 2025 funding for Permit, Plans, Licensing Software was one time, not budgeted again in FY 2026.
n) FY 2025 funding for Body Camera Purchase was one time, not budgeted again in FY 2026.

21. Other Professional Services increased from $151,363 in FY 2025 to $161,154 in FY 2026. This line item includes the Ground Emergency Medical Transportation (GEMT) cost report compilation contract ($123,785). The cost of the report compilation services is equal to 6% of the actual GEMT revenue collected in the prior fiscal year. The cost of the GEMT report compilation contract increased $9,791 in FY 2026. This line item also includes the medical director contract ($37,000). Per Iowa Code, Fire departments are required to operate under a medical director's physician license. The Dubuque Fire Department contracts with a local physician for the licensing requirement.

22. Small Tools & Equipment decreased from $118,950 in FY 2025 to $111,500 in FY 2026 based on the equipment replacement schedule. This line item includes miscellaneous small tools and light

equipment used in daily Fire Department operations. Items are replaced based on expected lifespan and wear, therefore, this line item varies each year.

23. Operating Supplies is unchanged from $125,000 in FY 2025 to $125,000 in FY 2026 based on the FY 2024 actual of $122,288 and projected cost increases. This line item represents medical supplies for 4 ambulances. Effective July 1, 2022, hospitals no longer provide medical supplies to ambulance services, thus this expense will increase over previous years. Hospitals also no longer provide the drug box exchange program, resulting in increased expenses for the Fire Department.

Machinery & Equipment

24. Equipment replacement items include ($185,150):

Fire Machinery and Equipment	
Fire Administration	
Smart Phone and Case (7)	$2,800
Fire Suppression	
Furniture - Chairs (3)	$5,250
Furniture - Beds (8)	$4,000
Office Furniture	$10,000
Chainsaw Bars/Chains	$300
Window A/C	$1,000
Lawn Mowers	$800
Snowblower	$800
Weed Eaters	$250
Leaf Blowers	$250
Batteries/Charging Station	$500
Kitchen Appliances	$4,000
Kitchen Chairs	$1,800
Lights, Siren, Command Boards Replacement	$7,500
Drone	$14,000
Brush Truck	$125,000
Fire Suppression	
Filtered Respirators	$500
Ambulance	
Advanced Airway Equipment	$1,000
Flashlights	$2,500
Safety Suppression Protection	$2,000
EMS Fog-Resistant Safety Glasses (30)	$900
Total Equipment	**$185,150**

Debt Service

25. FY 2024 Annual Debt Service Payments are as follows ($795,200):

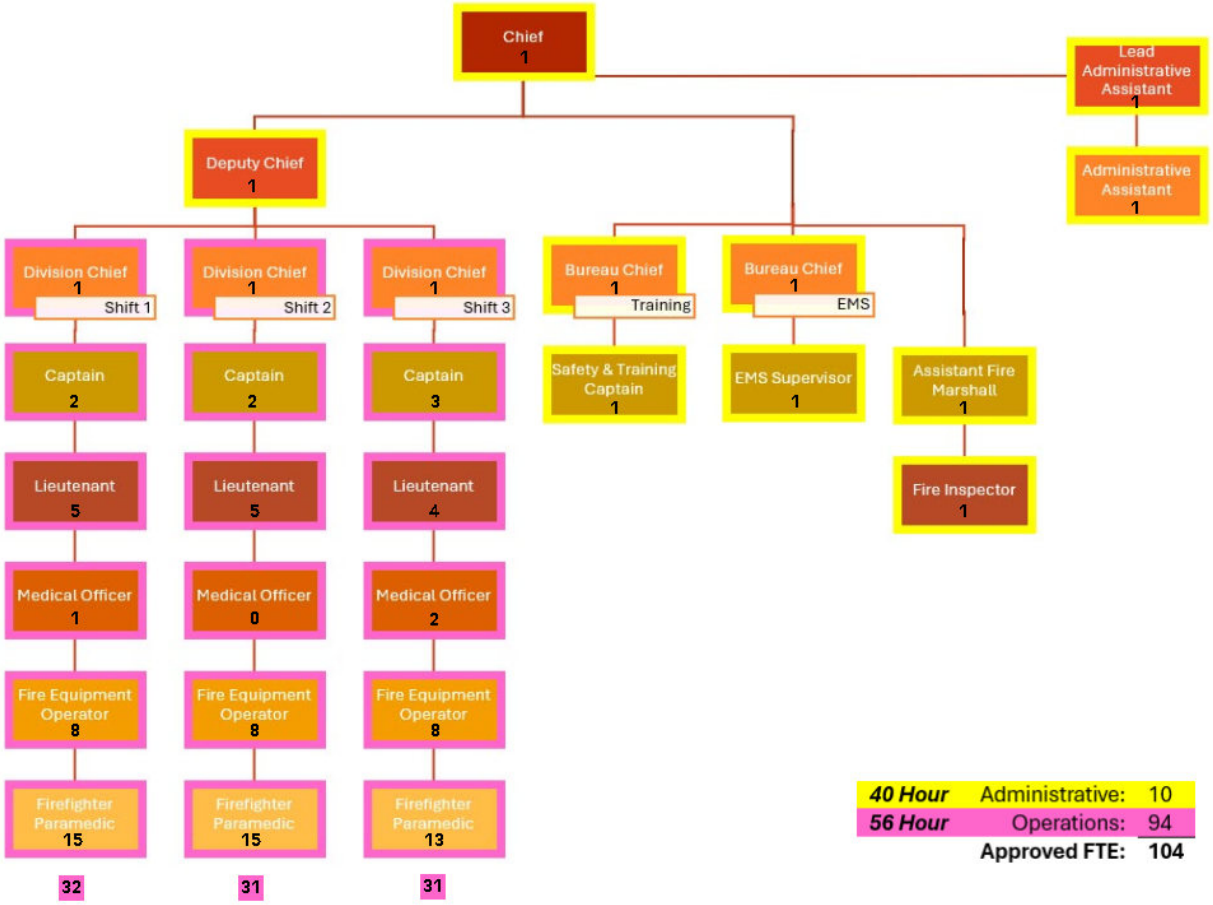

Amount	Debt Series	Source	Purpose	Final Payment	Call Date
$ 95,421	2017A G.O.	Tax Levy	Pumper Truck	2029	2025
19,850	2019C G.O.	General Fund	Station #4/Pumper Truck	2027	2026

$ 795,200	**Total Fire Annual Debt Service**				

Revenue

26. The County share of HAZMAT team support decreased from $97,530 in FY 2025 to $81,287 in FY 2026 based on the FY 2024 actual of $81,287. This line item represents revenue received from Dubuque County for HAZMAT response incidents. Per a Chapter 28E agreement, Dubuque County reimburses the City of Dubuque for one-third of the cost to respond to HAZMAT incidents, which includes expenses for consumable equipment and labor (six positions). Actual expenses vary based on the number of incidents each year, equipment replacement schedules and personnel costs.

27. Ambulance Fees decreased from $2,074,232 in FY 2025 ($361 per call) to $1,756,870 in FY 2026 ($357 per call) based on calculated projections using historical averages. The FY 2024 actual was $1,763,339. In FY 2026, it is currently estimated that there will be 4,924 calls with $357 per call average. The FY 2026 ambulance revenue projection is based on the average transport volume growth of the past 12 quarters (which is 0.2% growth). This includes the first quarter of performance in FY 2025 and the prior 11 quarters.

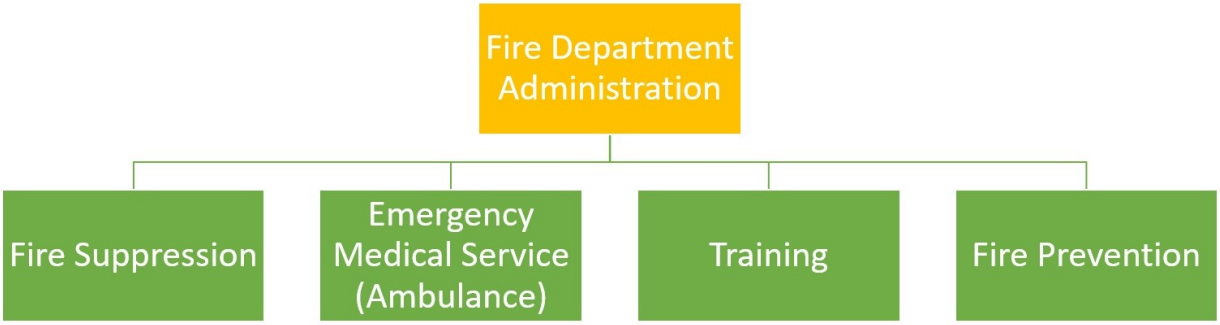

28. Ambulance Ground Emergency Medical Transportation Program (GEMT) Payments increased from $2,401,917 in FY 2025 to $2,413,018 in FY 2026 based on calculated projections using historical averages. This revenue is projected using the first quarter of performance in FY 2025 and the previous 11 quarters of performance. Based on that formula, the 3-year quarterly average growth of Medicaid transports is 0.8%. The projected number of transports for FY 2025 is 1,084 and for FY 2026 is 1,092. The FY 2024 actual was 1,075. Based on the unaudited FY 2024 cost report, the FY 2026 revenue per transport is estimated to be $2,209.18. This line item is offset by GEMT Pay to Other Agency expense for local match of $804,331, resulting in net revenue of $1,608,687.

Updated 3/2025

FIRE DEPARTMENT

Dubuque Fire Department works to protect, assist and educate our community and visitors with pride, skill and compassion.

SUCCESS IS ABOUT PLANNING, PARTNERSHIPS AND PEOPLE LEADING TO OUTCOMES

People
Provide quality assistance and solutions to our citizens and visitors who often have nowhere to turn in time of need. We engage the community through school groups, neighborhoods, and community activities.

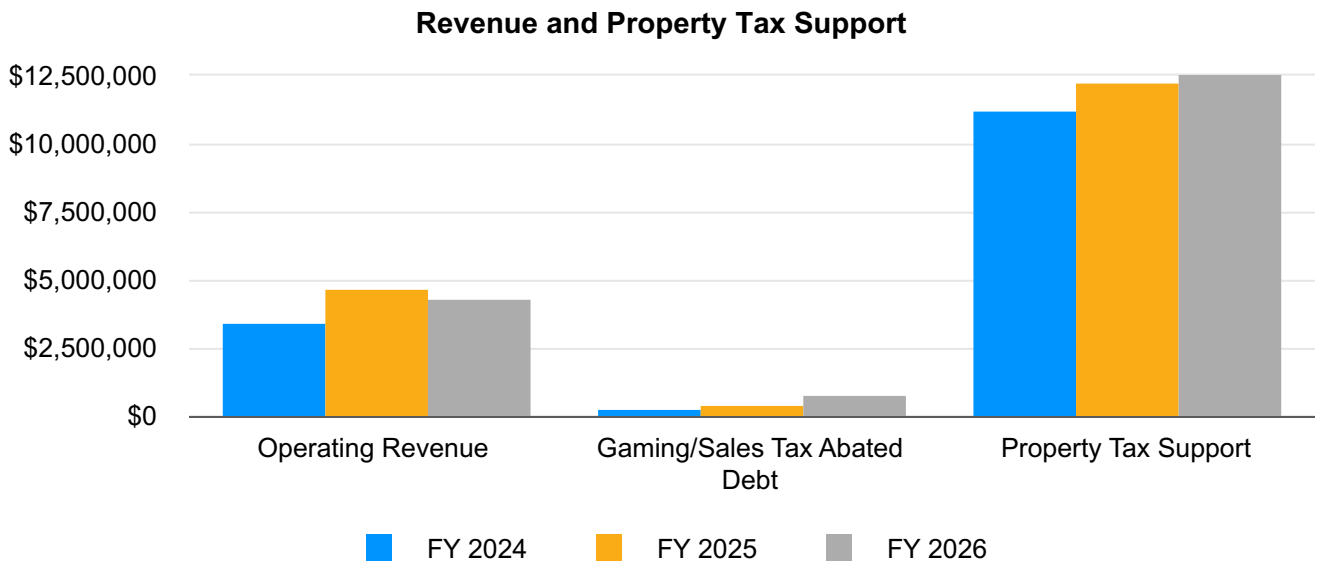

Planning
Prepare and train with other city departments, county agencies, health care providers, and private agencies to assure quick response to disasters and emergencies affecting the community.

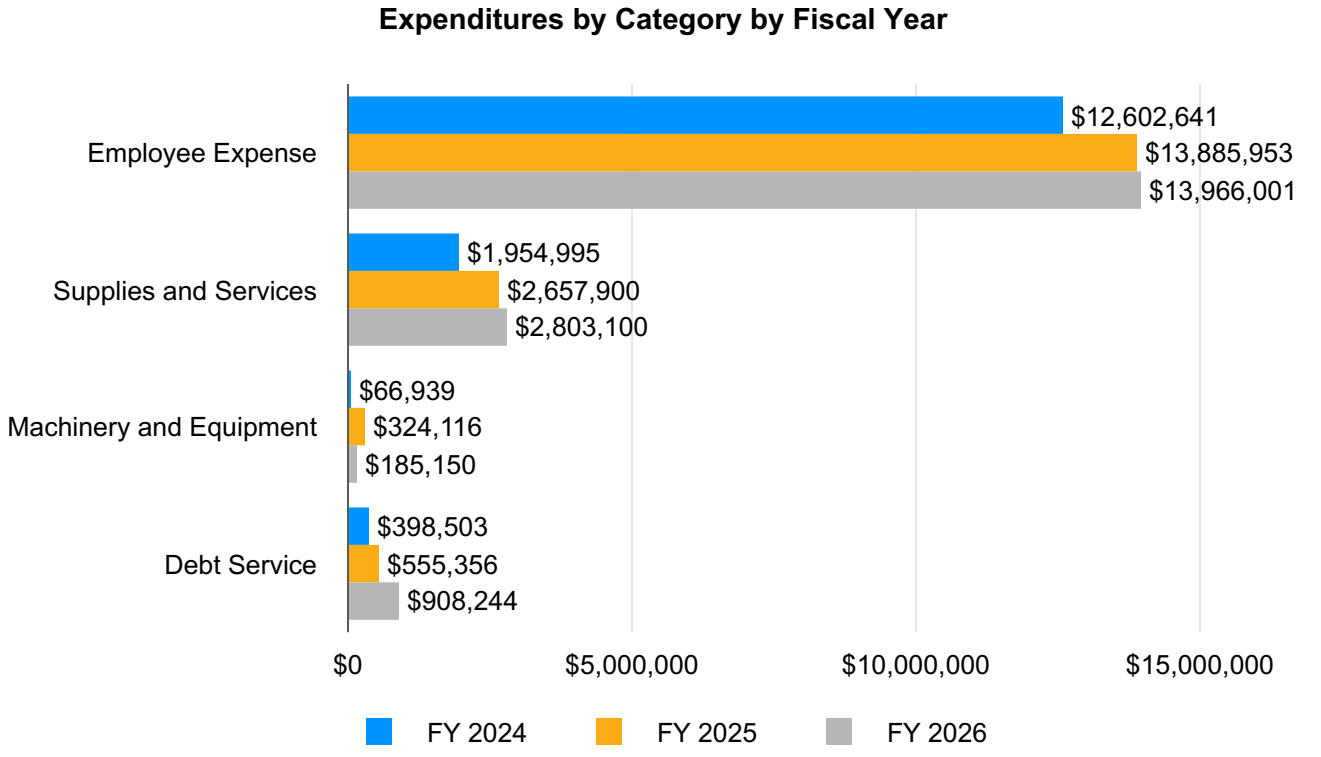

Partnerships
Create and maintain strong relationships with area Fire, EMS, law enforcement, utilities, and health care providers to assure the best-possible response to emergencies.

FIRE DEPARTMENT

	FY 2024	FY 2025	FY 2026
Full-Time Equivalent	101.16	104.16	104.16

The Fire Department is supported by 104.16 full-time equivalent employees, which accounts for 78.2% of the department expense as seen below. Overall, the department's expenses are expected to increase by 2.52% in FY 2026 compared to FY 2025.

FIRE DEPARTMENT

Fire Administration

Mission & Services

The mission of Fire Administration is to develop long and short-range goals for fire and EMS service, establishing policy for 24-hour per day operations and conducting all other administrative duties of the Fire Department.

Administration Funding Summary			
	FY 2024 Actual	FY 2025 Budget	FY 2026 Recomm'd

FIRE DEPARTMENT

Training

Mission & Services

The mission of training activity is to assure the fire department meets compliance and skill requirements for identified all-hazard responses. In addition to training, this division oversees small tool, safety equipment, hose, pumps, and ladder compliance testing. The training officer serves as the department's incident safety officer, department safety coordinator, department peer fitness coordinator, department peer support coordinator, hazardous materials coordinator, Community Awareness Emergency Response (CAER) group chair, department rescue coordinator, data and analytics processor, and the assistant accreditation manager.

Training Funding Summary			
	FY 2024 Actual	FY 2025 Budget	FY 2026 Recomm'd
Expenditures	$358,577	$358,517	$524,325

FIRE DEPARTMENT

Emergency Medical Services (Ambulance)

Mission & Services

The mission of ambulance activity is to safeguard our citizens and visitors by providing excellence in pre-hospital emergency medicine. The ambulance service delivers efficient, prompt advanced life support and transportation in times of medical and traumatic need in both emergency and non-emergency situations. Two paramedics staff each of the ambulances along with a first arriving fire engine staffed with a paramedic.

Emergency Medical Services Funding Summary			
	FY 2024 Actual	FY 2025 Budget	FY 2026 Recomm'd
Expenditures	$2,451,610	$2,427,448	$2,251,792

FIRE DEPARTMENT

Fire Suppression

Mission & Services

The mission of Fire Suppression activity is to protect life and property by responding to all types of calls for service. Call types include but are not limited to: fires, hazardous material releases, specialized rescues and emergency medical responses with the EMS activity resources. In addition, the suppression activity performs fire inspections and hydrant maintenance, personnel training and maintains/cleans all buildings, vehicles and equipment assigned. The activity is provided from 6 fire station locations.

Fire Suppression Funding Summary			
	FY 2024 Actual	FY 2025 Budget	FY 2026 Recomm'd
Expenditures	$10,732,903	$12,631,574	$12,640,891
Resources	$83,248	$145,662	$83,248

FIRE DEPARTMENT

Fire Prevention

Mission & Services

The mission of Fire Prevention is to manage the community risk reduction program. Preventing fires before they occur, and improving life safety through community education, involving schools, neighborhood associations, civic groups and businesses. Community risk reduction is also achieved through safety inspection of buildings and public education on life safety issues. If a fire does occur the Fire Marshal's office will investigate fire cause and origin of the affected property. Working with other city departments the Fire Marshal's office reviews new construction and improvement plans in an effort to promote a safe working environment and continued operation.

Fire Prevention Funding Summary			
	FY 2024 Actual	FY 2025 Budget	FY 2026 Recomm'd

FISCAL YEAR 2026
BUDGET PRESENTATION

FIRE DEPARTMENT

Fire Department

MISSION STATEMENT

To protect, assist, and educate our community and visitors with pride, skill, and compassion.

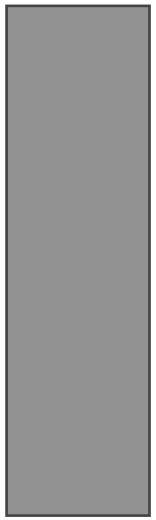

The ISO (Insurance Services Office) Fire Department Rating, also known as the Public Protection Classification (PPC), is a score given to fire departments and communities across the U.S. to measure their ability to respond to fires. The rating is used by insurance companies to help determine fire insurance premiums for homeowners and businesses.

Emergency Communications (10%)

Fire Department (50%)

Water Supply (40%)

Community Risk Reduction (5.5%) (Additional consideration)

There are 313 accredited fire agencies globally.

In Iowa, the Dubuque Fire Department is one of six accredited agencies, alongside departments in Cedar Rapids, Davenport, Iowa City, Sioux City, and West Des Moines.

New Faces This Year

Ted Krapfl-
Fire Prevention Inspector

From Left to Right:
Ethan Markin, Joseph Billmyer, Justin Steckel, Lucas Fox, Tyler Lyons

From Left to Right:
Cayden Long, Alex Hudson, Nathan Phelan, Tyler Vorwald, Ben Dugger

Retirements 2024-2025

136 Years

Fire Equipment Operator
Steve Haupert
June 2002 - April 2024

Fire Equipment Operator
Jeff Breitbach
May 2003 - Nov 2024

Fire Equipment Operator
Robert Klaas
Feb 2001 - Feb 2025

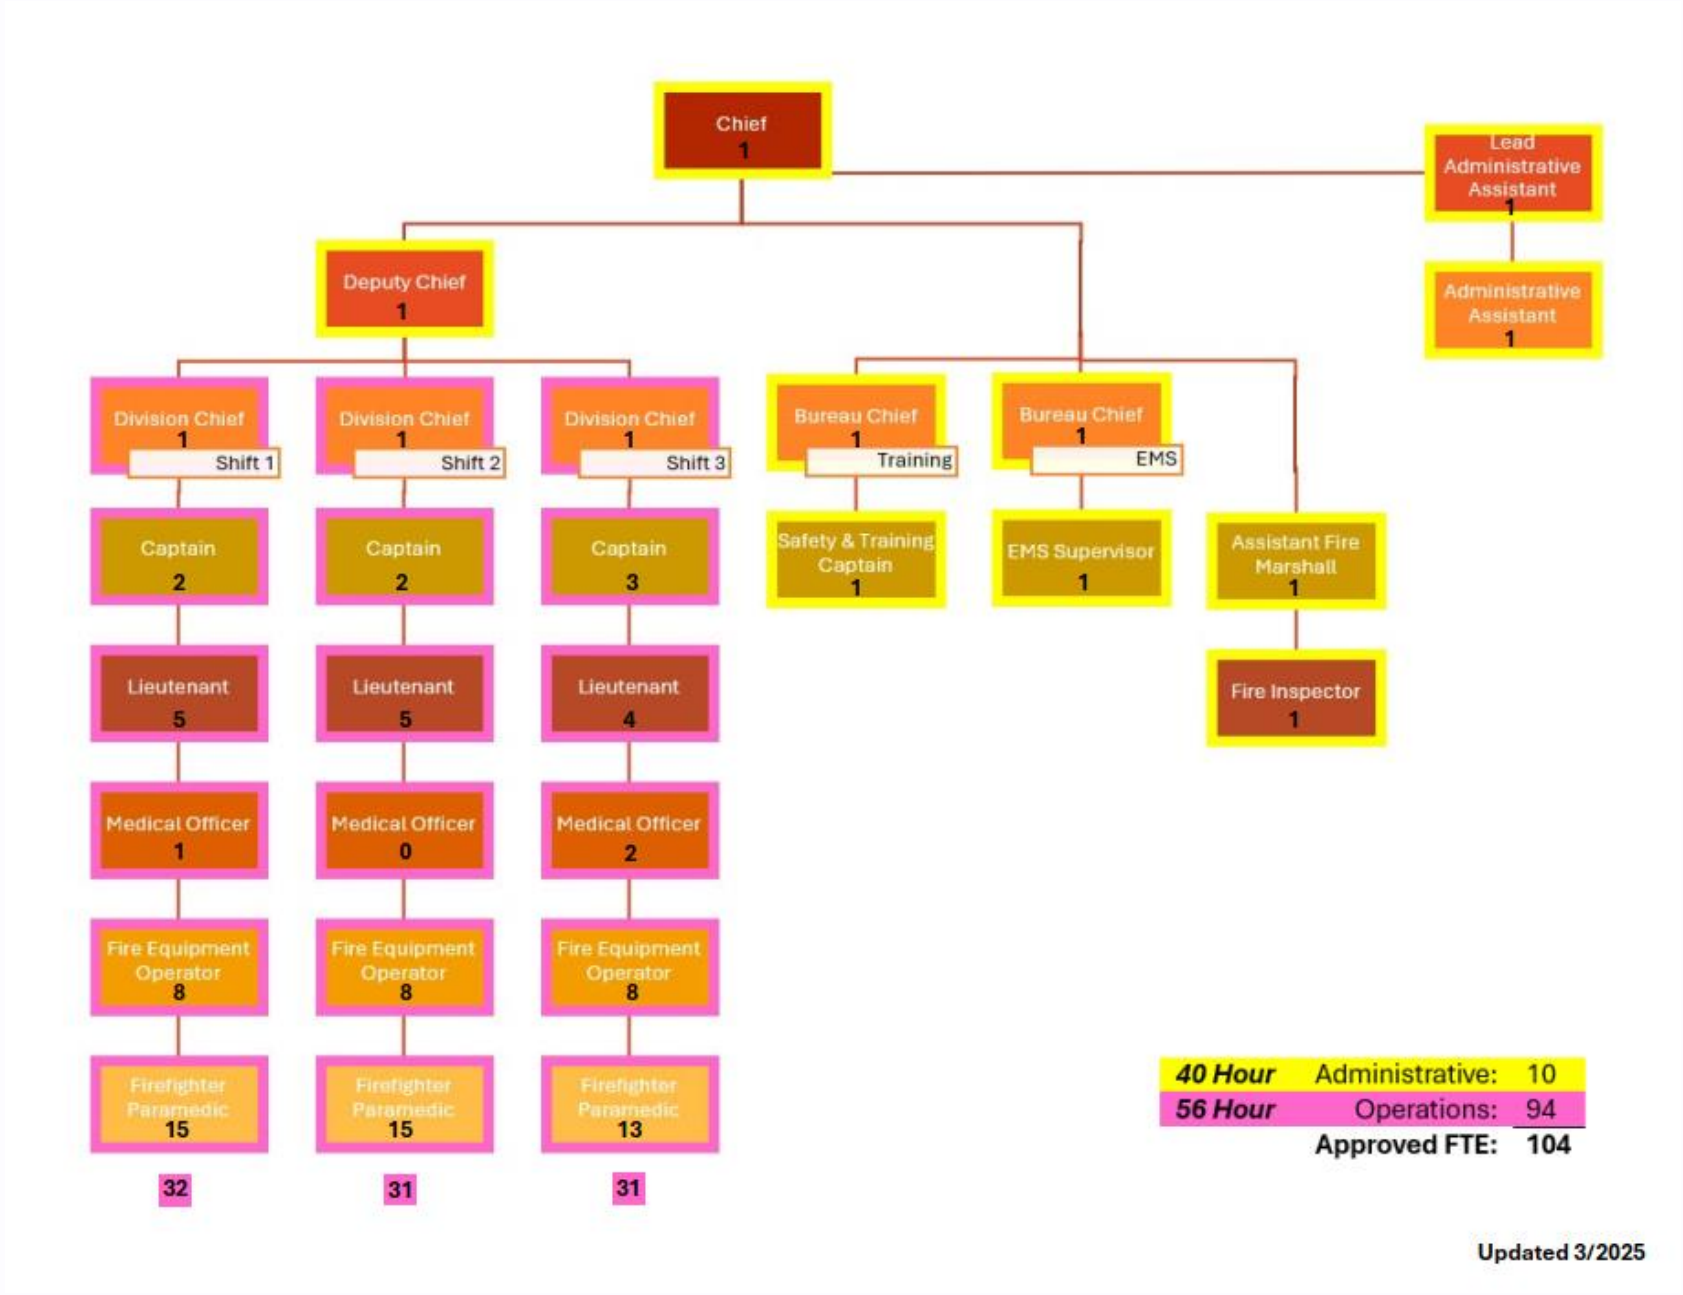

Division Chief
Greg Harris
Aug 1998 - April 2025

Division Chief
Cal Motsch
Feb 1983- May 2025

Fire Department (104.16 Full-Time Equivalents)

Administration

Annual Report

Employee Reviews

2024
Employee Performance Evaluation

Employee Name:	Job Title:
Employee Number:	Department: Fire
Supervisor Name:	Evaluation Type: Annual Employee
Evaluation Period: June 30, 2023-July 1, 2024	Evaluation Date:

Is this employee responsible for evaluating the performance of others? ☐ Yes ☐ No

A review of Policy #7.3.0 (Harassment & Harassment Reporting) was completed? ☐ Yes ☐ No

The **Rating Scale** is as follows:

Exceeds Expectations: Consistently performing above expected level for time on the job; demonstrates a thorough, efficient, and outstanding effort.

Meets Expectations: Performing at expected level for time on the job; satisfactory performance and completes all tasks as assigned.

Needs Improvement: Not performing to expectations and needs further development or improvement; inconsistent performance.

Supervisor / Employee Acknowledgement

The Employee's and Supervisor's signature below acknowledge that a performance evaluation meeting was conducted, including a discussion regarding career/professional development. A copy of the final, signed evaluation should be given to the employee.

Employee signature: _____ Date: _____

Supervisor signature: _____ Date: _____

Next level manager signature: _____ Date: _____

FISCAL YEAR 2025 HIGHLIGHTS

TRAINING

County Training Facility

Safety and Training Captain Position

FISCAL YEAR 2025 HIGHLIGHTS

AMBULANCE/ EMS

Cardiac Monitors/ Enhanced ALS Capabilities on all Suppression Vehicles

Advanced Airway- Video Laryngoscopes

FISCAL YEAR 2025 HIGHLIGHTS

SUPPRESSION/ OPERATIONS

Vehicle replacement

Response Times

Turnout Time	EMS National Standard – 1:00 Minute
	FIRE National Standard – 1:20 Minutes
Travel Time	EMS National Standard – 4:00 Minutes
	FIRE National Standard – 4:00 Minutes
Combined Time	EMS National Standard – 6:00 Minutes
	FIRE National Standard – 6:20 Minutes
Effective Response Force	FIRE National Standard – 8:00 Minutes

CALL HANDLING

Time to answer the 911 call and dispatch emergency crews

TURNOUT

The time from dispatch (alerting the responders) until the vehicles begin to respond

TRAVEL

The time it takes (from wheels first moving) to arrival at the incident.

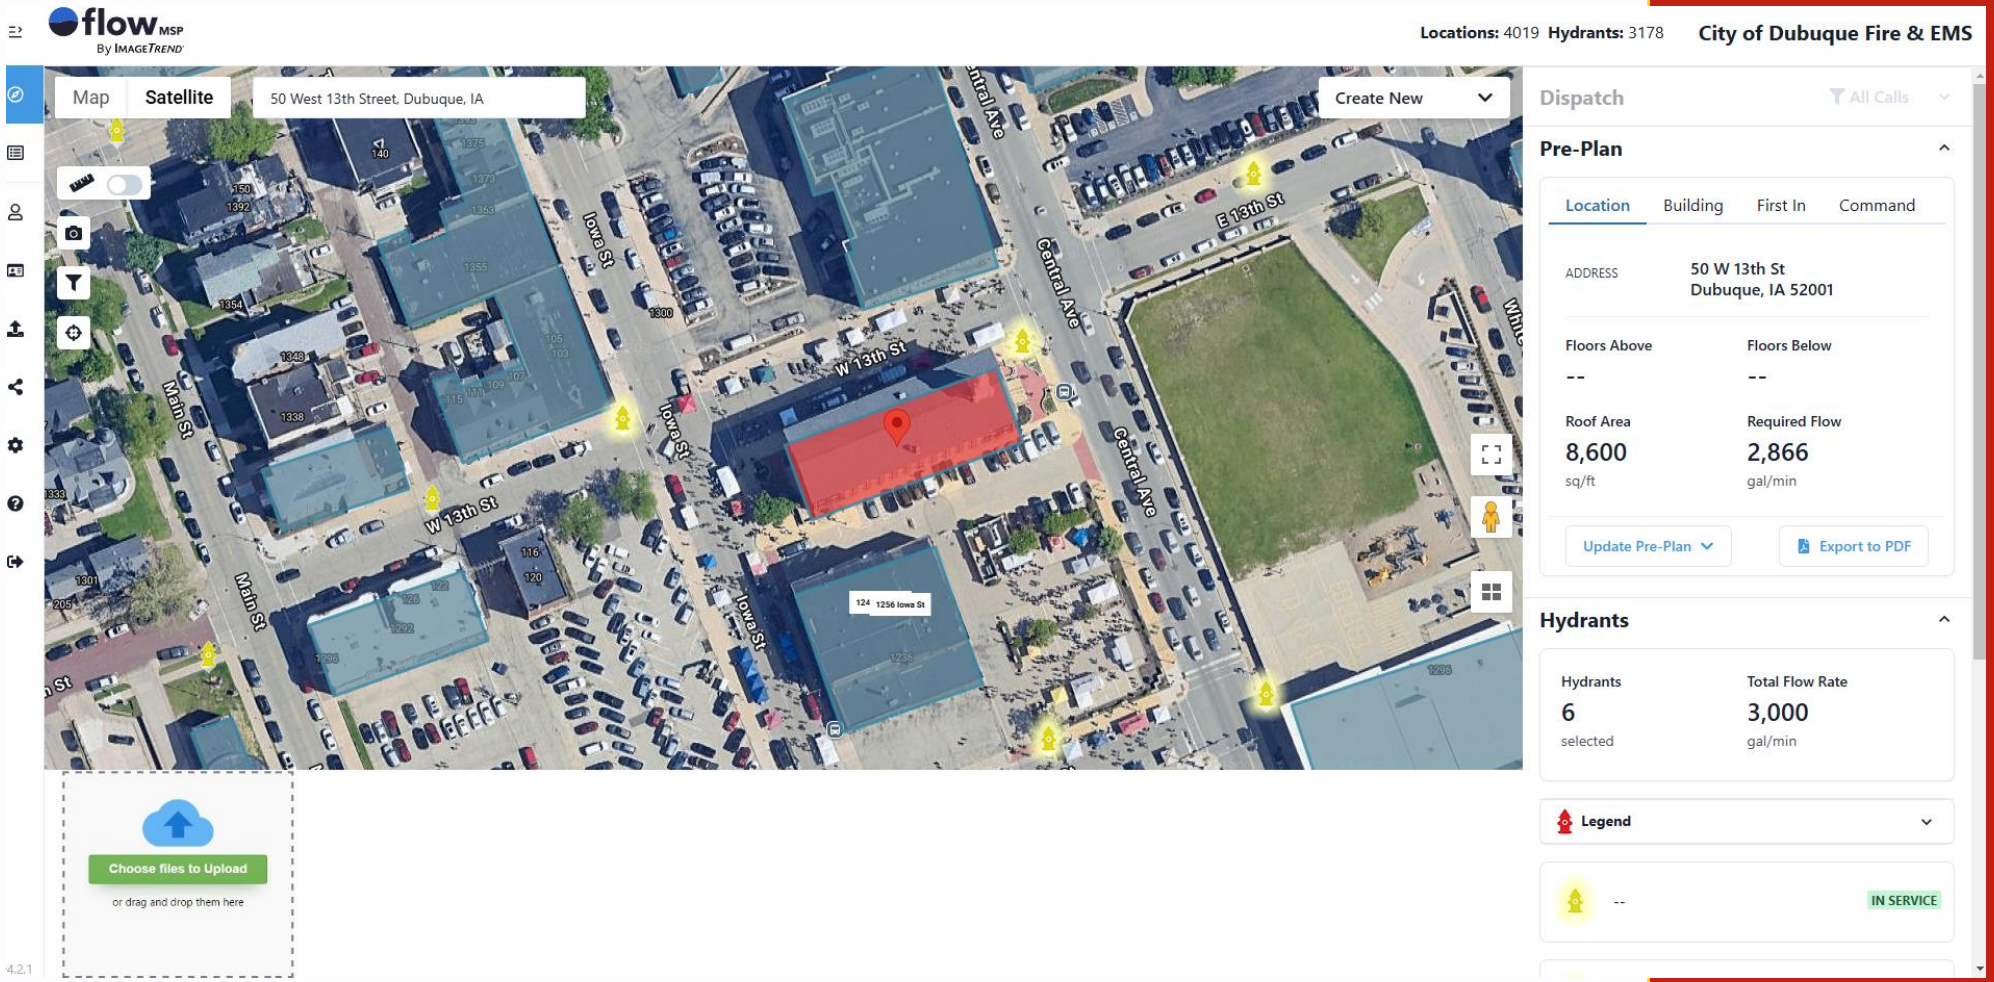

FISCAL YEAR 2025 HIGHLIGHTS

Fire Inspector

Prevention/ Community Risk

3 Year Budget Support Summary- Completed CIP

FY 2023

Budget approval for 2 Ambulance replacements- Delivered in FY 2025

Fire Station 4 Kitchen upgrade/ improvements- Completed in FY 2023

Budget approval for fire station exhaust system- Completed in FY 2025

FY 2024

Budget approval for Engine 5- Delivered in FY 2024

Budget approval for Engine 6- Delivered in FY2025

Budget approval for Truck 4- Will be delivered in FY 2026

Approval for Ambulance- Delivered in FY 2024

Fire Station storage sheds- Completed in FY 2025

Fire Station 5 bathroom remodel- Completed in FY 2025

FY 2025

Budget approval for portable radio replacement- Will be delivered in FY 26/27

Budget approval for Fire Boat Replacement- Will be delivered in FY 2026

Budget approval for Fire Station Generator Replacements- Completed FY 2025

Budget approval for Wireless Headsets for Suppression Vehicles- Completed FY 2025

Budget approval for Training Tower Improvements- Completed in FY 2025

Budget approval Fire Station 6 and 3 Window and door replacements- Completed in FY 2025

Cardiac monitor replacement- Completed in FY 2025

Took delivery of Truck 1 - FY 2022 CIP Approval

Future Initiatives

Station Location

Headquarters- 11West 9th
Constructed in 1970

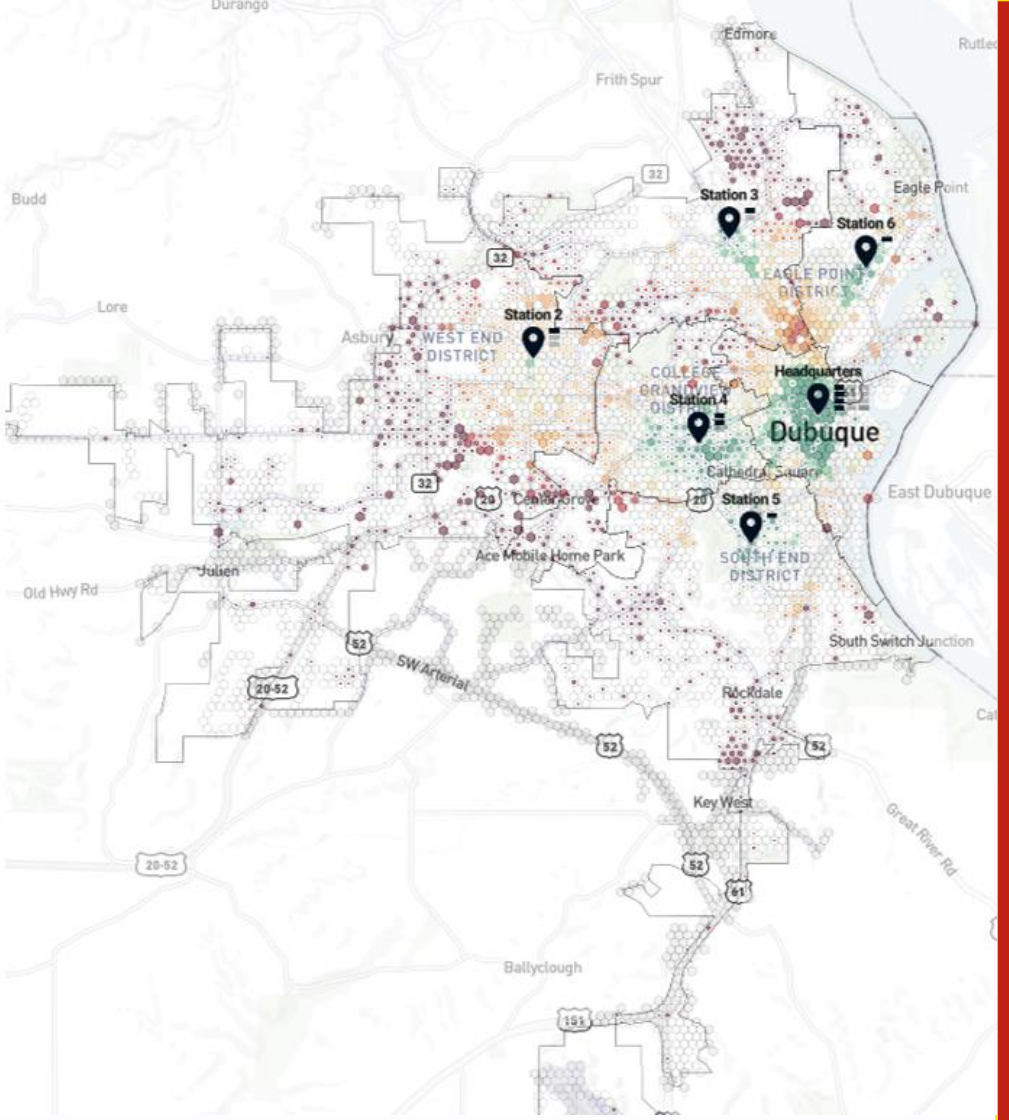

Fire Station 2- 2180 John F Kennedy
Constructed in 1967/ 1969

Fire Station 3- 3155 Central Ave
Constructed in 1979

Fire Station 4-1697 University
Constructed in 1960 / 1952

Fire Station 5- 689 S. Grandview Built in 1904
Constructed in 1902/ 1904

Fire Station 6- 1500 Rhomberg Ave Built in 1905
Constructed in 1902/ 1905

FUTURE INITIATIVES

Accreditation Process & Strategic Planning

21 Recommendations - 11 Core Competencies

CC2C.5- Recommendation to evaluate performance standards in district 2 and 5.

CC2D.1- Recommendation to work with dispatch to implement a quality assurance/ improvement program targeted at reducing alarm processing/ call handling times.

CC5C.3- Recommendation to expand fire investigation training for personnel to provide depth in supporting investigations.

CC5J.1- Recommendation to develop policies and practices to track response times for marine-based incidents.

CC5J.2- Recommendation to incorporate partner agencies for input to participate in marine rescue and firefighting services.

CC 7F.5- Recommendation to evaluate and implement an appropriate incident safety officer training program.

CC7G.1- Recommendation to enrich the physical fitness evaluations to regularly assess components critical to occupational effectiveness.

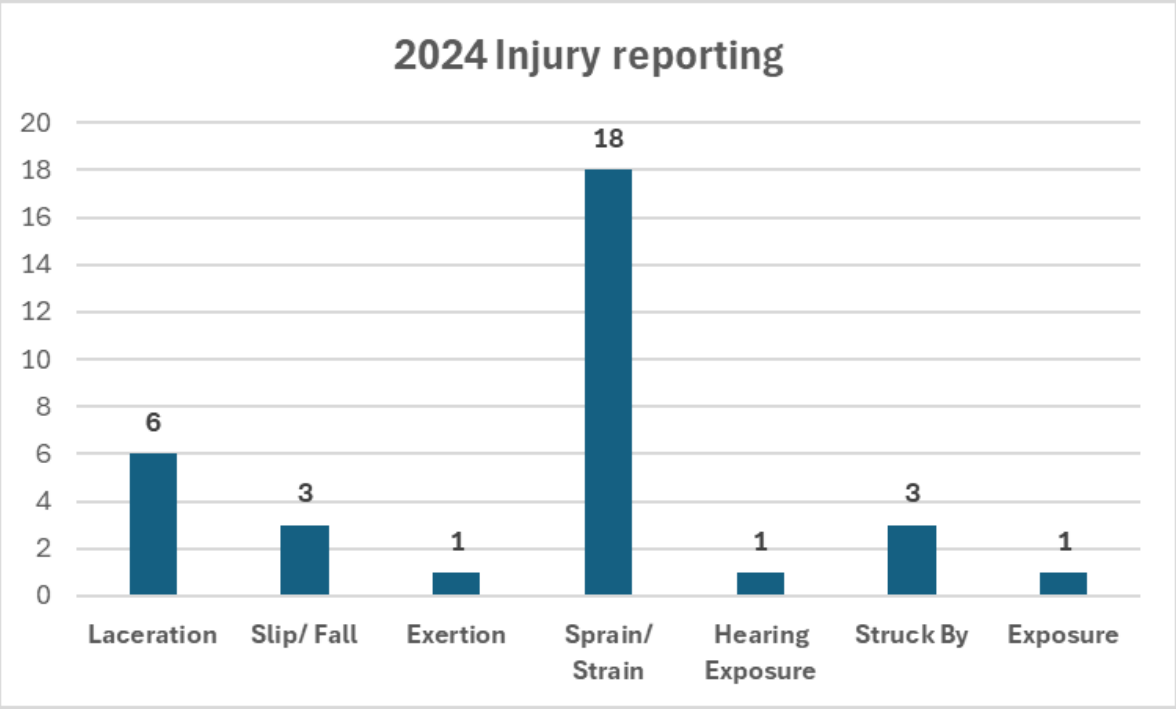

FUTURE INITIATIVES

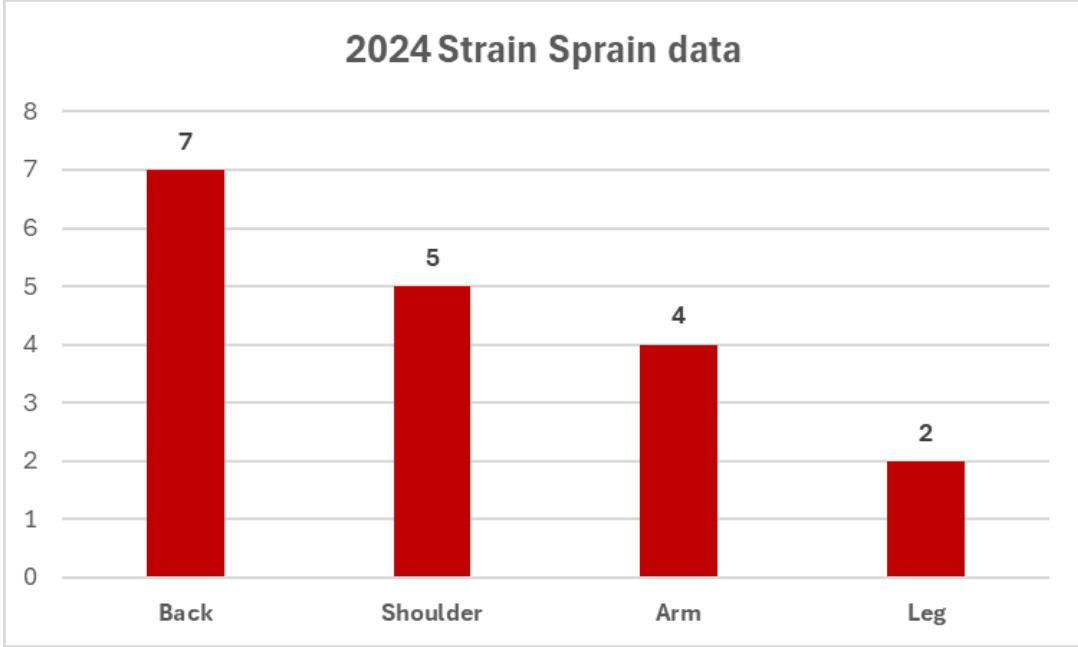

TRAINING

Specialty Team training

Safety reporting and improved department safety

Hazardous Materials Response and Training

FUTURE INITIATIVES

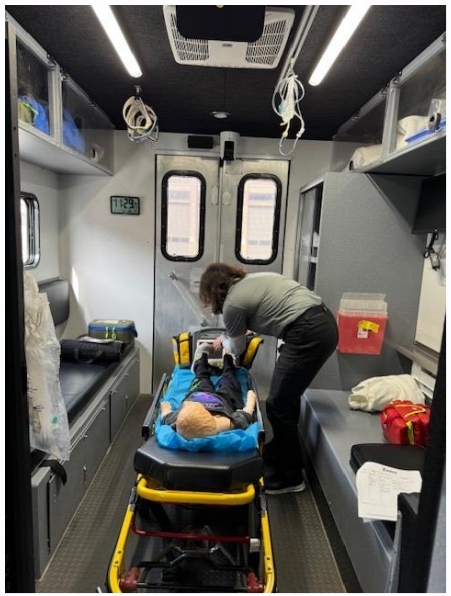

Ambulance/ EMS

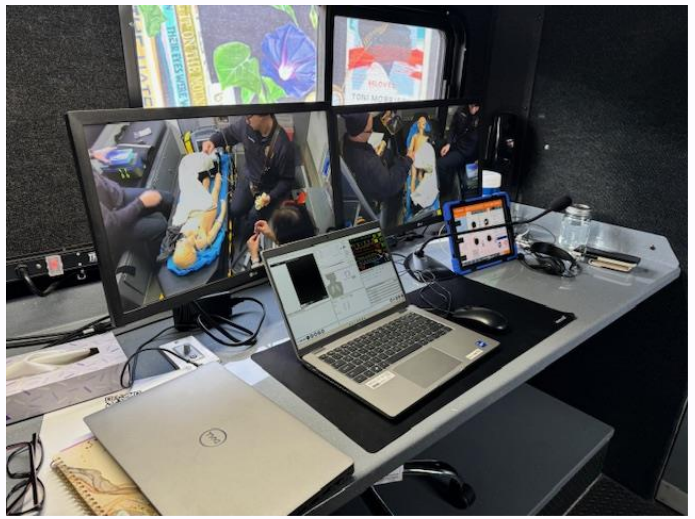

Recognition as an Iowa EMS Training Program

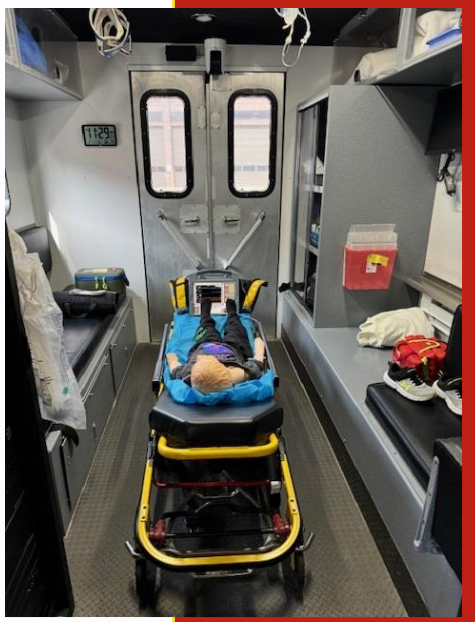

* Employee recertification and continuing education

* EMT Training and Certification Facility

FUTURE INITIATIVES

SUPPRESSION/ OPERATIONS

Continued Improvements in Response Times

CAD Implementation

Transparency in Data

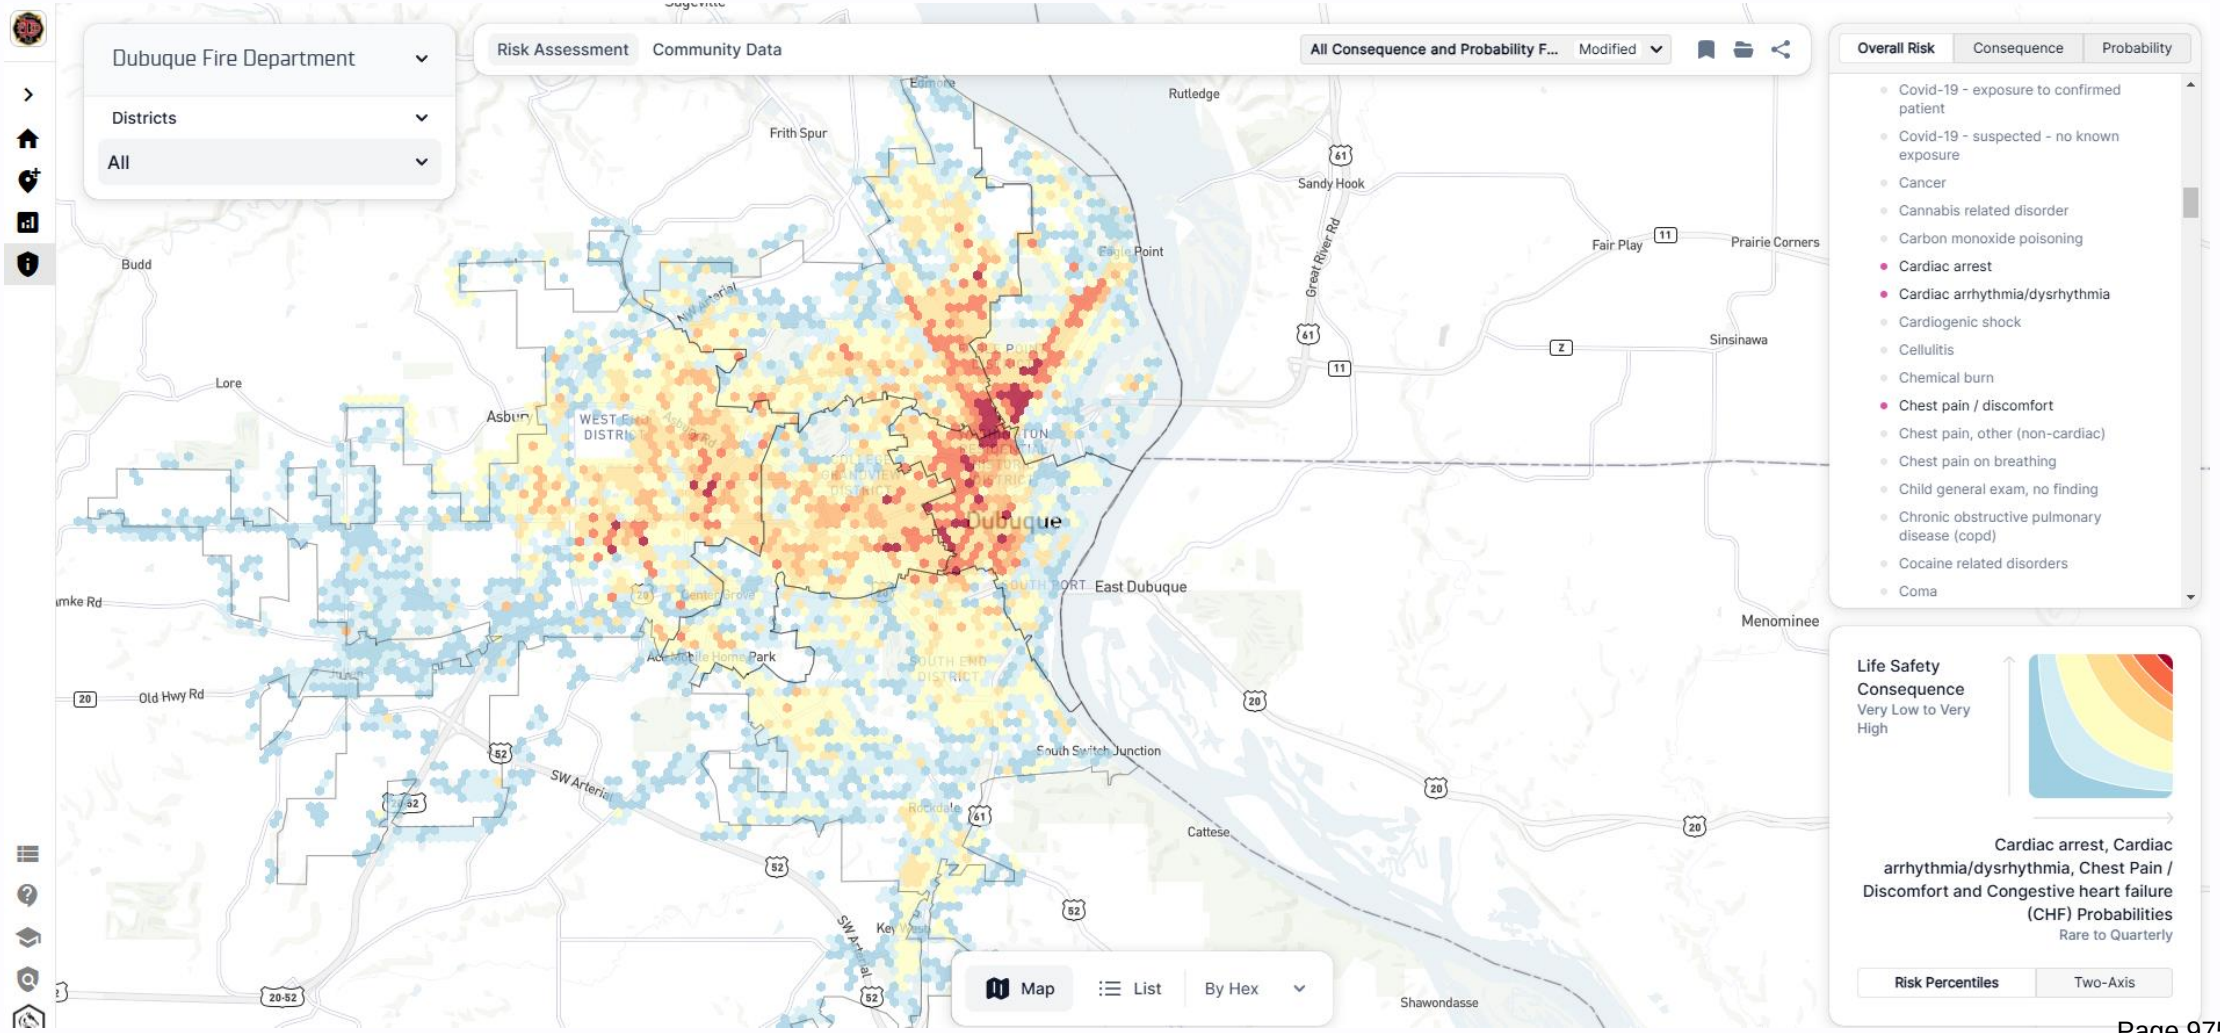

FUTURE INITIATIVES

PREVENTION/ COMMUNITY RISK

Identification of all inspectable properties

Assign a risk and response score

Community Risk Data- Program evaluation

ADMINISTRATION
PERFORMANCE MEASURES

Performance Measures

	Performance Measure (KPI)	Target	FY 2023 Actual	FY 2024 Actual	FY 2025 Estimated	Performance Indicator
Robust Local Economy: Diverse Businesses and Jobs and Economic Prosperity						
1	**Activity Objective: Recruit a diverse workforce that represents the members of the community.**					
	# of students provided ride-a-long and job-shadow opportunities	6	1	2	10	Goal Met
	# of career day events and presentations conducted	5	4	6	10	Goal Met
Vibrant Community: Healthy & Safe						
2	**Activity Objective: Continue to implement industry best practices to improve total response time.**					
	Fire Suppression: minutes/seconds of first unit to scene within 911 call pickup (Moderate Risk at 90th percentile)	6:20	7:36	8:28	7:50	Goal in Progress
	EMS: minutes/seconds of first unit to scene within 911 call pickup (High Risk at 90th percentile)	6:00	7:53	7:54	7:15	Goal in Progress

TRAINING/ PROFESSIONAL STANDARDS
PERFORMANCE MEASURES

Performance Measures

Financially Responsible, High-Performance City Organization: Sustainable, Equitable, and Effective Service Delivery

	Performance Measure (KPI)	Target	FY23 Actual	FY24 Actual	FY 2025 Estimated	Performance Indicator
1	**Activity Objective: Identify training needs and schedule appropriately for personnel; including training for high-risk, low-frequency events.**					
	# Training hours per month	1880	956	817	942	**Goal in Progress**
	# of personnel with Blue Card incident command certification	38	15	22	26	**Goal in Progress**

EMERGENCY MEDICAL SERVICES/ AMBULANCE
PERFORMANCE MEASURES

Performance Measures

Vibrant Community: Healthy & Safe						
	Performance Measure (KPI)	**Target**	**FY23 Actual**	**FY24 Actual**	**FY 2025 Estimated**	**Performance Indicator**
1	**Activity Objective: Provide advanced emergency care as quickly as possible while reducing on-scene times for ambulances**					
	% of identified patients receiving stroke exam	>90%	100%	100%	100%	**Goal Met**
	% of identified patients receiving 12-lead ECG	>90%	92.7%	90.2%	96.1%	**Goal Met**
2	**Activity Objective: Maintain cardiac survival rate above CARES Registry national average (10.2%)**					
	% of cardiac arrest incidents in which bystander CPR was performed	>40%	17%	30%	44%	**Goal Met**
	% of cardiac arrest patients alive after 14 days	>15%	19%	19%	15%	**Goal Met**
	% of cardiac arrest patients with Return of Spontaneous Circulation (ROSC) i.e. a pulse	>35%	26%	39%	35%	**Goal Met**

SUPPRESSION/ OPERATIONS
PERFORMANCE MEASURES

Performance Measures

Vibrant Community: Healthy & Safe

	Performance Measure (KPI)	Target	FY23 Actual	FY24 Actual	FY 2025 Estimated	Performance Indicator
1	**Activity Objective: Control fires while still small, keeping property damage to a minimum for property owners**					
	% of structure fires controlled within the room-of-origin	>65%	69%	83%	80%	**Goal Met**
	Moderate-Risk Effective Response Force (ERF) arrival time from 911 call pick up (90th Percentile)	10:20	16:58	13:27	12:30	**Goal in Progress**

PREVENTION/ COMMUNITY RISK PERFORMANCE MEASURES

Performance Measures

Vibrant Community: Healthy & Safe

	Performance Measure (KPI)	Target	FY23 Actual	FY24 Actual	FY 2025 Estimated	Performance Indicator
1	**Activity Objective: Improve exterior fire escape code compliance.**					
	# of completed fire escape inspections per year	8	0	2	8	**Goal Met**
2	**Activity Objective: Ensure building safety and fire code enforcement for businesses.**					
	# of fire inspections completed annually to maintain a 3-year inspection cycle for businesses	900	312	807	900	**Goal Met**
