Equitable Poverty Reduction & Prevention Plan Update

Office of Shared Prosperity & Neighborhood Support

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

History

- In 2018, the Dubuque City Council identified the creation of an Equitable Poverty Prevention Plan as a top priority.
- In 2019, Public Works LLC was awarded to co-create a Community Action Plan to Reduce Poverty.
    - Public Works LLC developed a comprehensive community engagement strategy to gather feedback and insights from service providers, civic leaders, and individuals experiencing poverty.
- On March 1, 2021, the Equitable Poverty Reduction & Prevention Plan was formally adopted.
    - The Neighborhood Development Division was transformed into the Office of Shared Prosperity and Neighborhood Support.

Key Findings

- Public Works identified eight (8) determinants of poverty and fifty-seven (57) action steps, through literature review, conversation with people experiencing poverty and input from service providers.

- Through research and conversation, it became clear how interconnected these determinants are especially around four core issues;
  - Lack of Jobs Paying a Living Wage
  - Lack of Affordable Safe Housing
  - Lack of Affordable Quality Child Care
  - Lack of Accessible Transportation

Determinants of Poverty

Creation of the Office Shared Prosperity & Neighborhood Support (OSPNS)

- The OSPNS is design to strategically develop and implement strategies in partnership with internal and external stakeholders to implement the community action plan.
- The OSPNS does not provide direct service to individuals. Instead, we focus on systemic change (e.g., improving polices, process and practices).
- Additionally, the OSPNS is responsible for creating and supporting neighborhood associations to strengthen community connections and resident engagement.
- Addressing poverty is an “**all hands-on deck**” effort.

Community Outreach on Opportunity Dubuque programming

Accomplishments

- In 2023:
  - **Provided technology resources and outreach support to Hawkeye Area Community Action Program (HACAP) for the Volunteer Income Tax Assistance (VITA) program.**
  - Created letter of support for Crescent Community Healthy Community Center to establish a Community Health Worker to improve health equity.
  - Partnered with the Community Foundation of Greater Dubuque to defined what is a Living Wage.
  - Established a Data Collaborative team to explore how to better understand data strengths and challenges.
  - Served on Urban Institute advisory committee to better understand upward mobility metrics.
  - Selected one of three cities to participate in National League of Cities and Urban Institute Cities if Opportunity Policy & System Change Compass pilot program

Employment Fair & Panel Discussion

Accomplishments

- In 2024:
  - **Co-led the Community Equity Profile in partnership with the Community Foundation and Telegraph Herald**.
  - Co-created North End Neighborhood Annual Community & Job Fair.
  - Designed and Implemented City Life in Spanish.
  - Developed Neighborhood Association Tool-kit.
  - **Participated in ICMA Economic Mobility and Opportunity Cohort**.
  - Partnered with Porchlight Insight to develop a data governance policy.

- In 2025:
  - Co-sponsored Poverty Informed Practice Workshop
  - Designed and Implemented City Life in Marshallese.
  - **Partnered with Women's Leader Network on challenges impacting women in male-dominated sectors.**

Facilitated Business Conversation

How Poverty is Measured

- **Official Poverty Measure (OPM):**
  - First calculated in the 1960s as the cost of a minimum food diet multiplied by 3
  - Since then, this figure has primarily been adjusted for inflation
  - Remains a primary eligibility metric for financial assistance programs, sometimes using a multiple of the OPM
- **Supplemental Poverty Measure (SPM):**
  - An additional metric developed by federal agencies including the Census Bureau and Bureau of Labor Statistics, which aims to better represent poverty

Household/ Family Size	100%
1	15,060.00
2	20,440.00
3	25,820.00
4	31,200.00
5	36,580.00
6	41,960.00

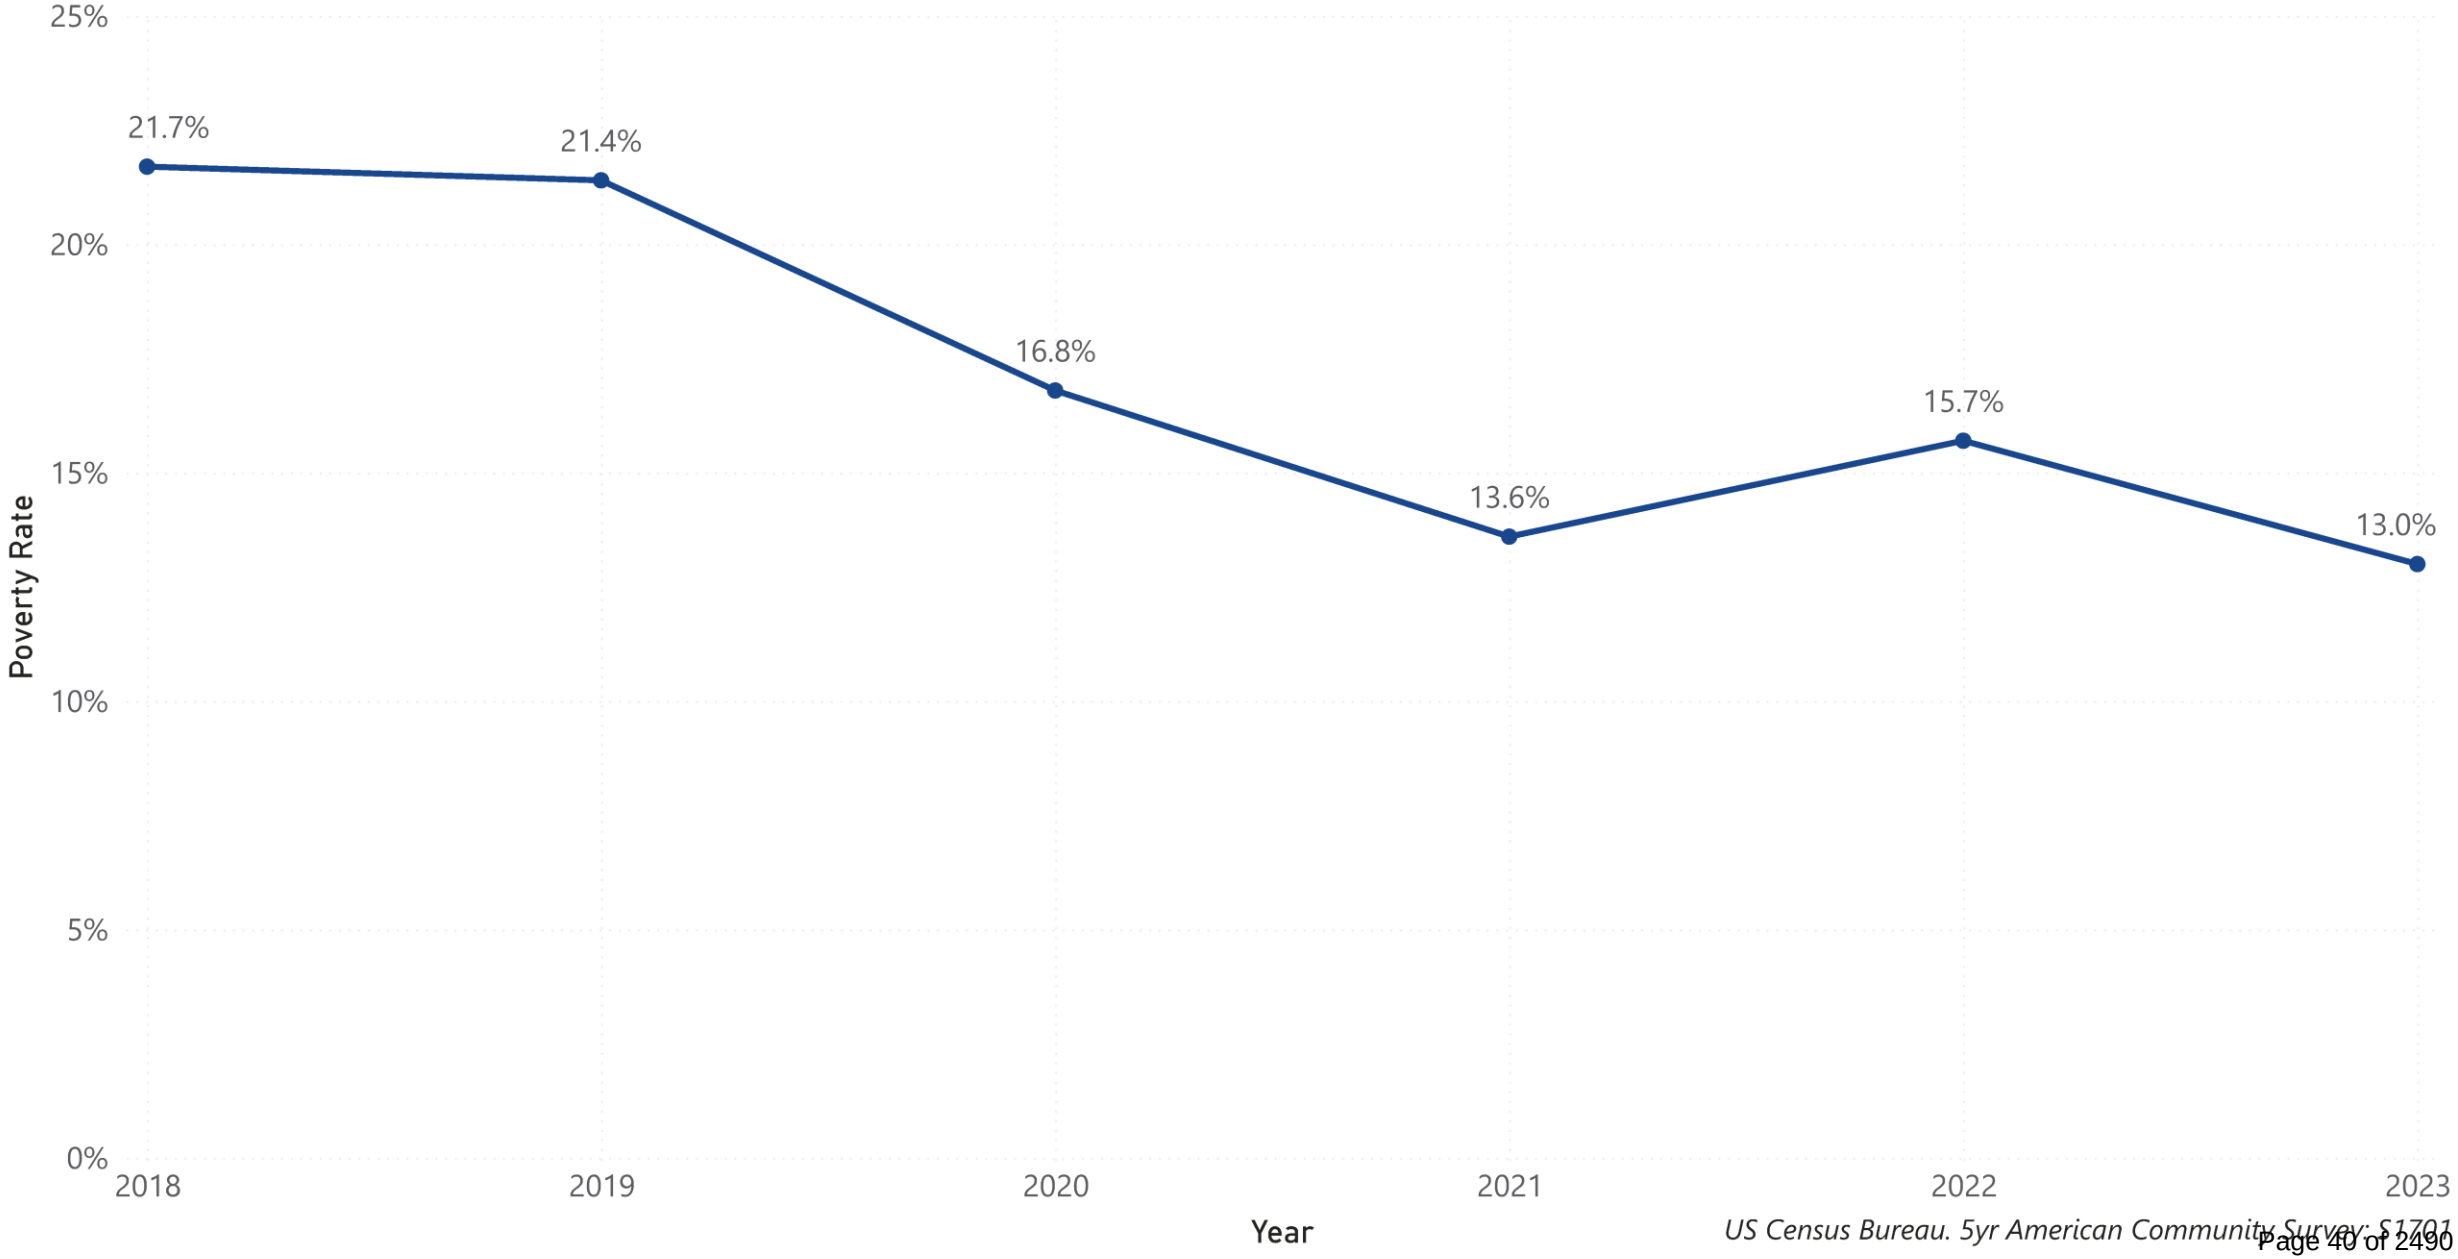
US Census Bureau. 5yr American Community Survey: B17010

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Child Poverty



US Census Bureau. 5yr American Community Survey: S1701

Key Takeaways: Poverty

- City-wide poverty fell by 24%, from 16% to 12.2%, marking the second largest percent decrease among Iowa's 11 biggest cities.
- Dubuque's poverty rate is now the 4th lowest of these cities, after being the 6th lowest in 2018.
- Poverty fell for every race/ethnicity group except Native Hawaiian/Pacific Islander residents.
- As of 2023, poverty was highest among the Black/African American and Native Hawaiian/Pacific Islander populations. Within both groups, more than 2 in 5 residents are experiencing poverty.

- Women in Dubuque experience poverty at a higher rate than men across both years.
- Both women and men experienced a decrease in poverty between 2018 and 2023, but the decrease was smaller for women.
- Almost half of all households in poverty are comprised of a single female householder with children.
- Child poverty fell by 40% between 2018 and 2023, with the largest decreases happening in 2020/2021.

Masterpiece on the Mississippi

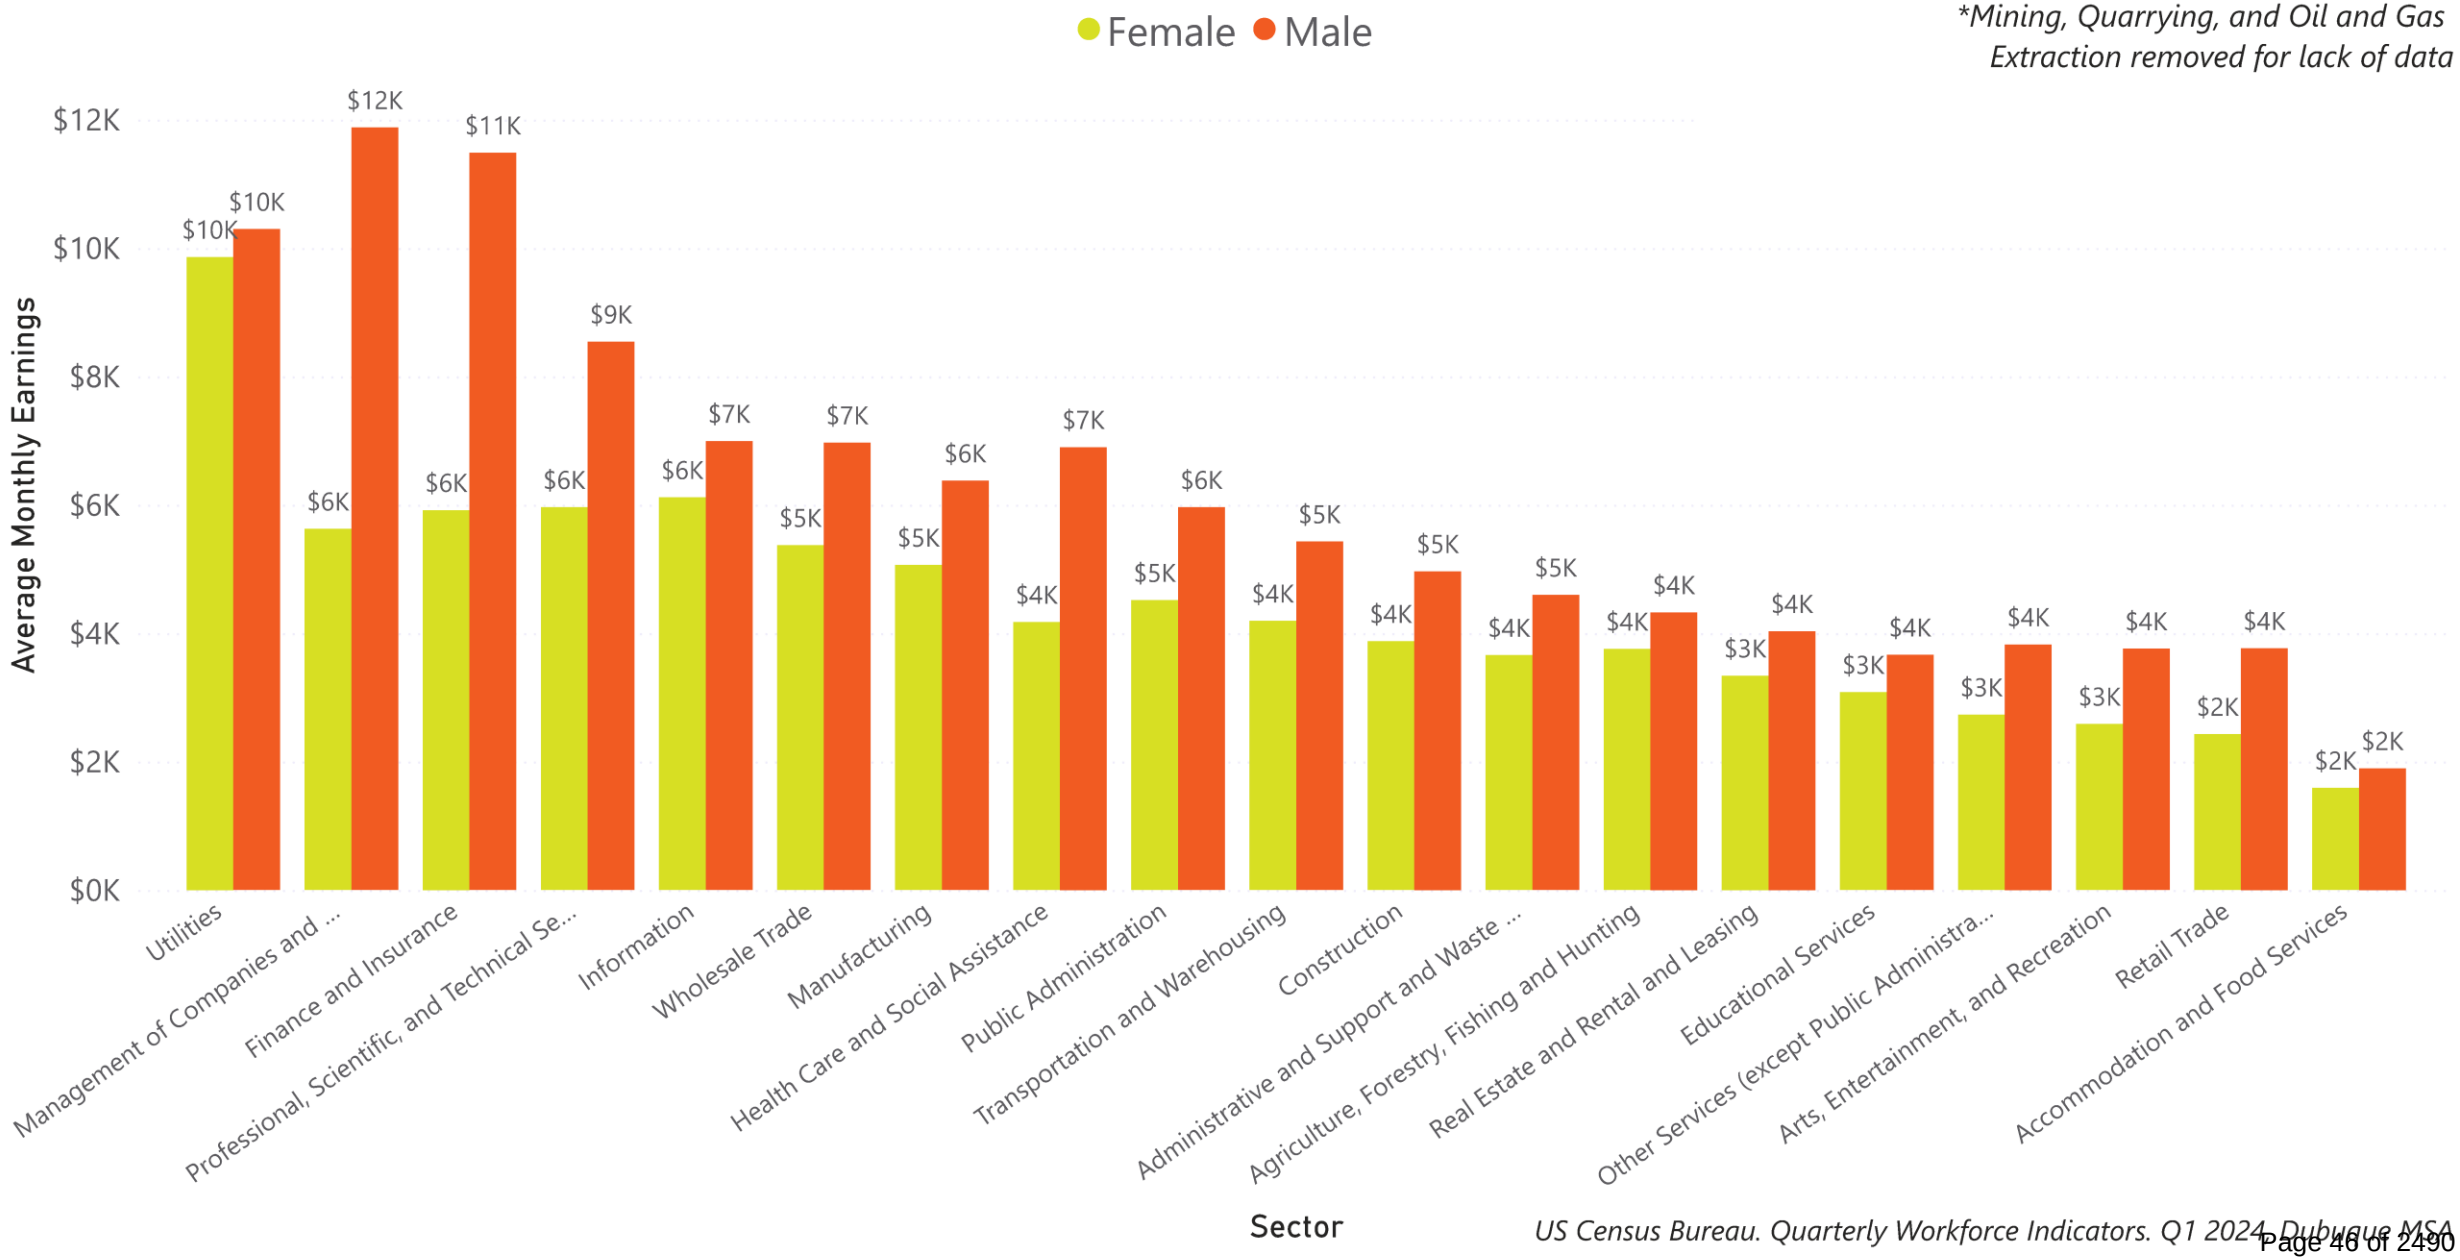
Average Monthly Earnings by Gender & Sector

**Mining, Quarrying, and Oil and Gas Extraction removed for lack of data*



US Census Bureau. Quarterly Workforce Indicators. Q1 2024. Dubuque MSA

Key Takeaways: Income

- Median household incomes slightly outpaced inflation between 2018 and 2023, rising for all race/ethnicity groups.
- The Some Other Race, Black/African American, and Hispanic/Latino populations had the largest increases in household incomes.
- Black/African American households still have the lowest median income of any group.
- The Some Other Race and Hispanic/Latino increases were also at least partially driven by household consolidation as fewer people reported living alone.
- The Native Hawaiian/Pacific Islander median household income grew, but only half as quickly as inflation.
- As of 2023, the Black/African American, Multiracial, and Native Hawaiian/Pacific Islander populations had the lowest median household incomes, all well below the citywide median.

- The median income for women who were employed full-time was 76% of that of men, although this disparity improved slightly from 75% in 2018.
- As of Q1 2024, women made less than men within every economic sector in Dubuque County.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

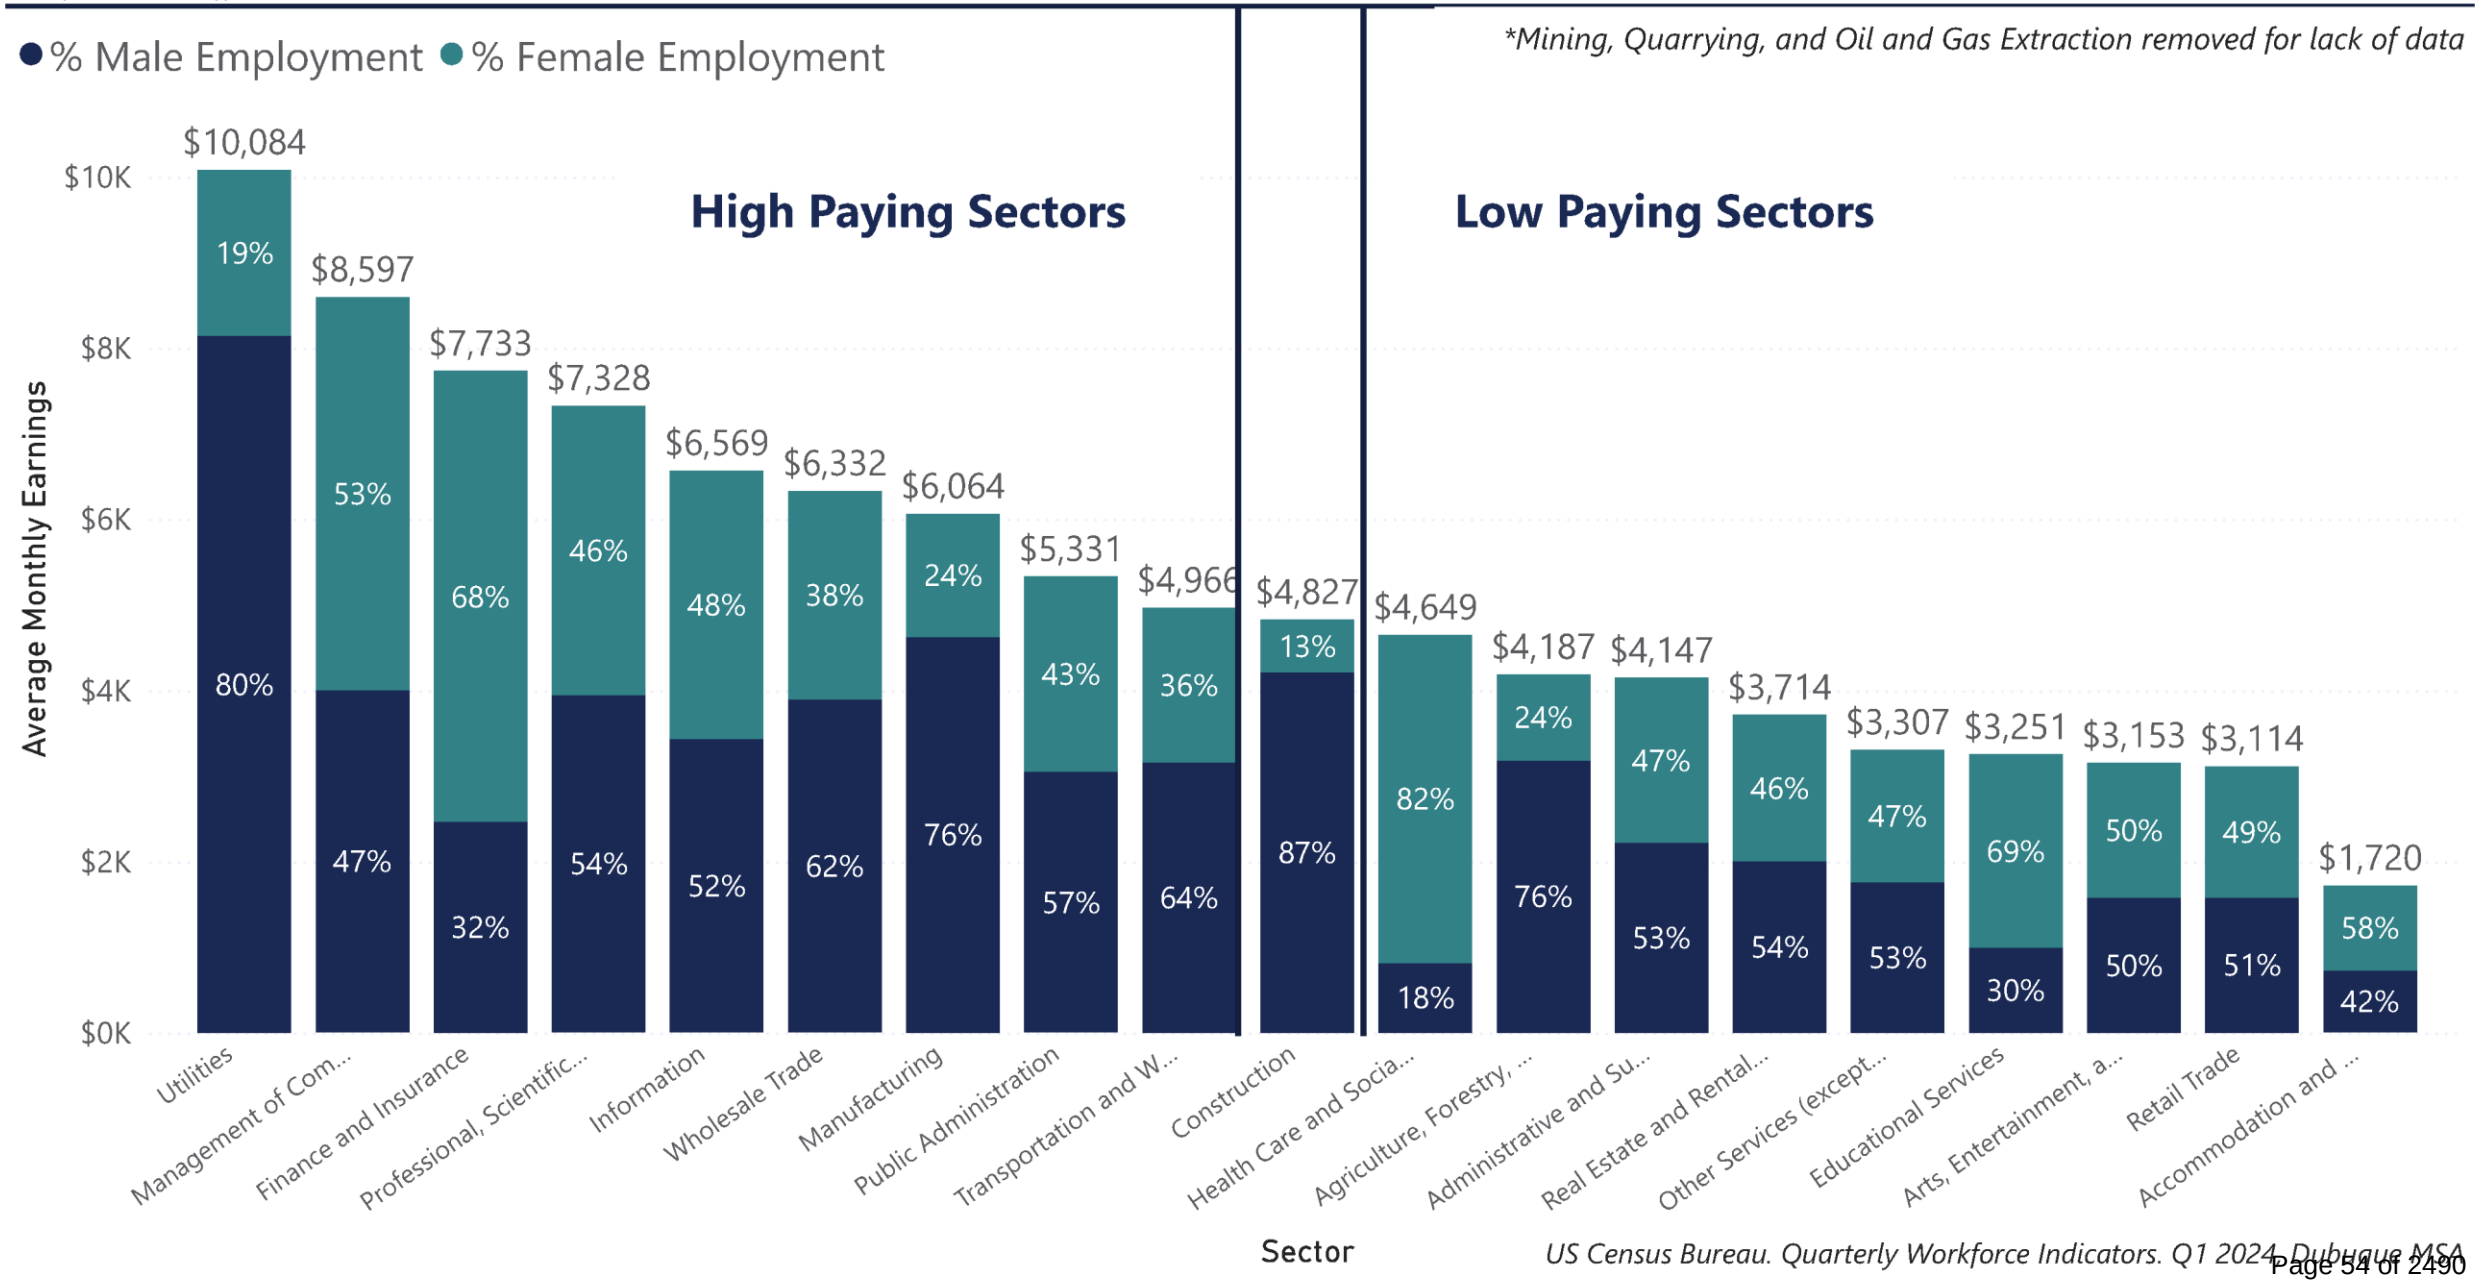
Employment by Gender & Sector

**Mining, Quarrying, and Oil and Gas Extraction removed for lack of data*



US Census Bureau. Quarterly Workforce Indicators. Q1 2024, Dubuque MSA

Key Takeaways: Workforce

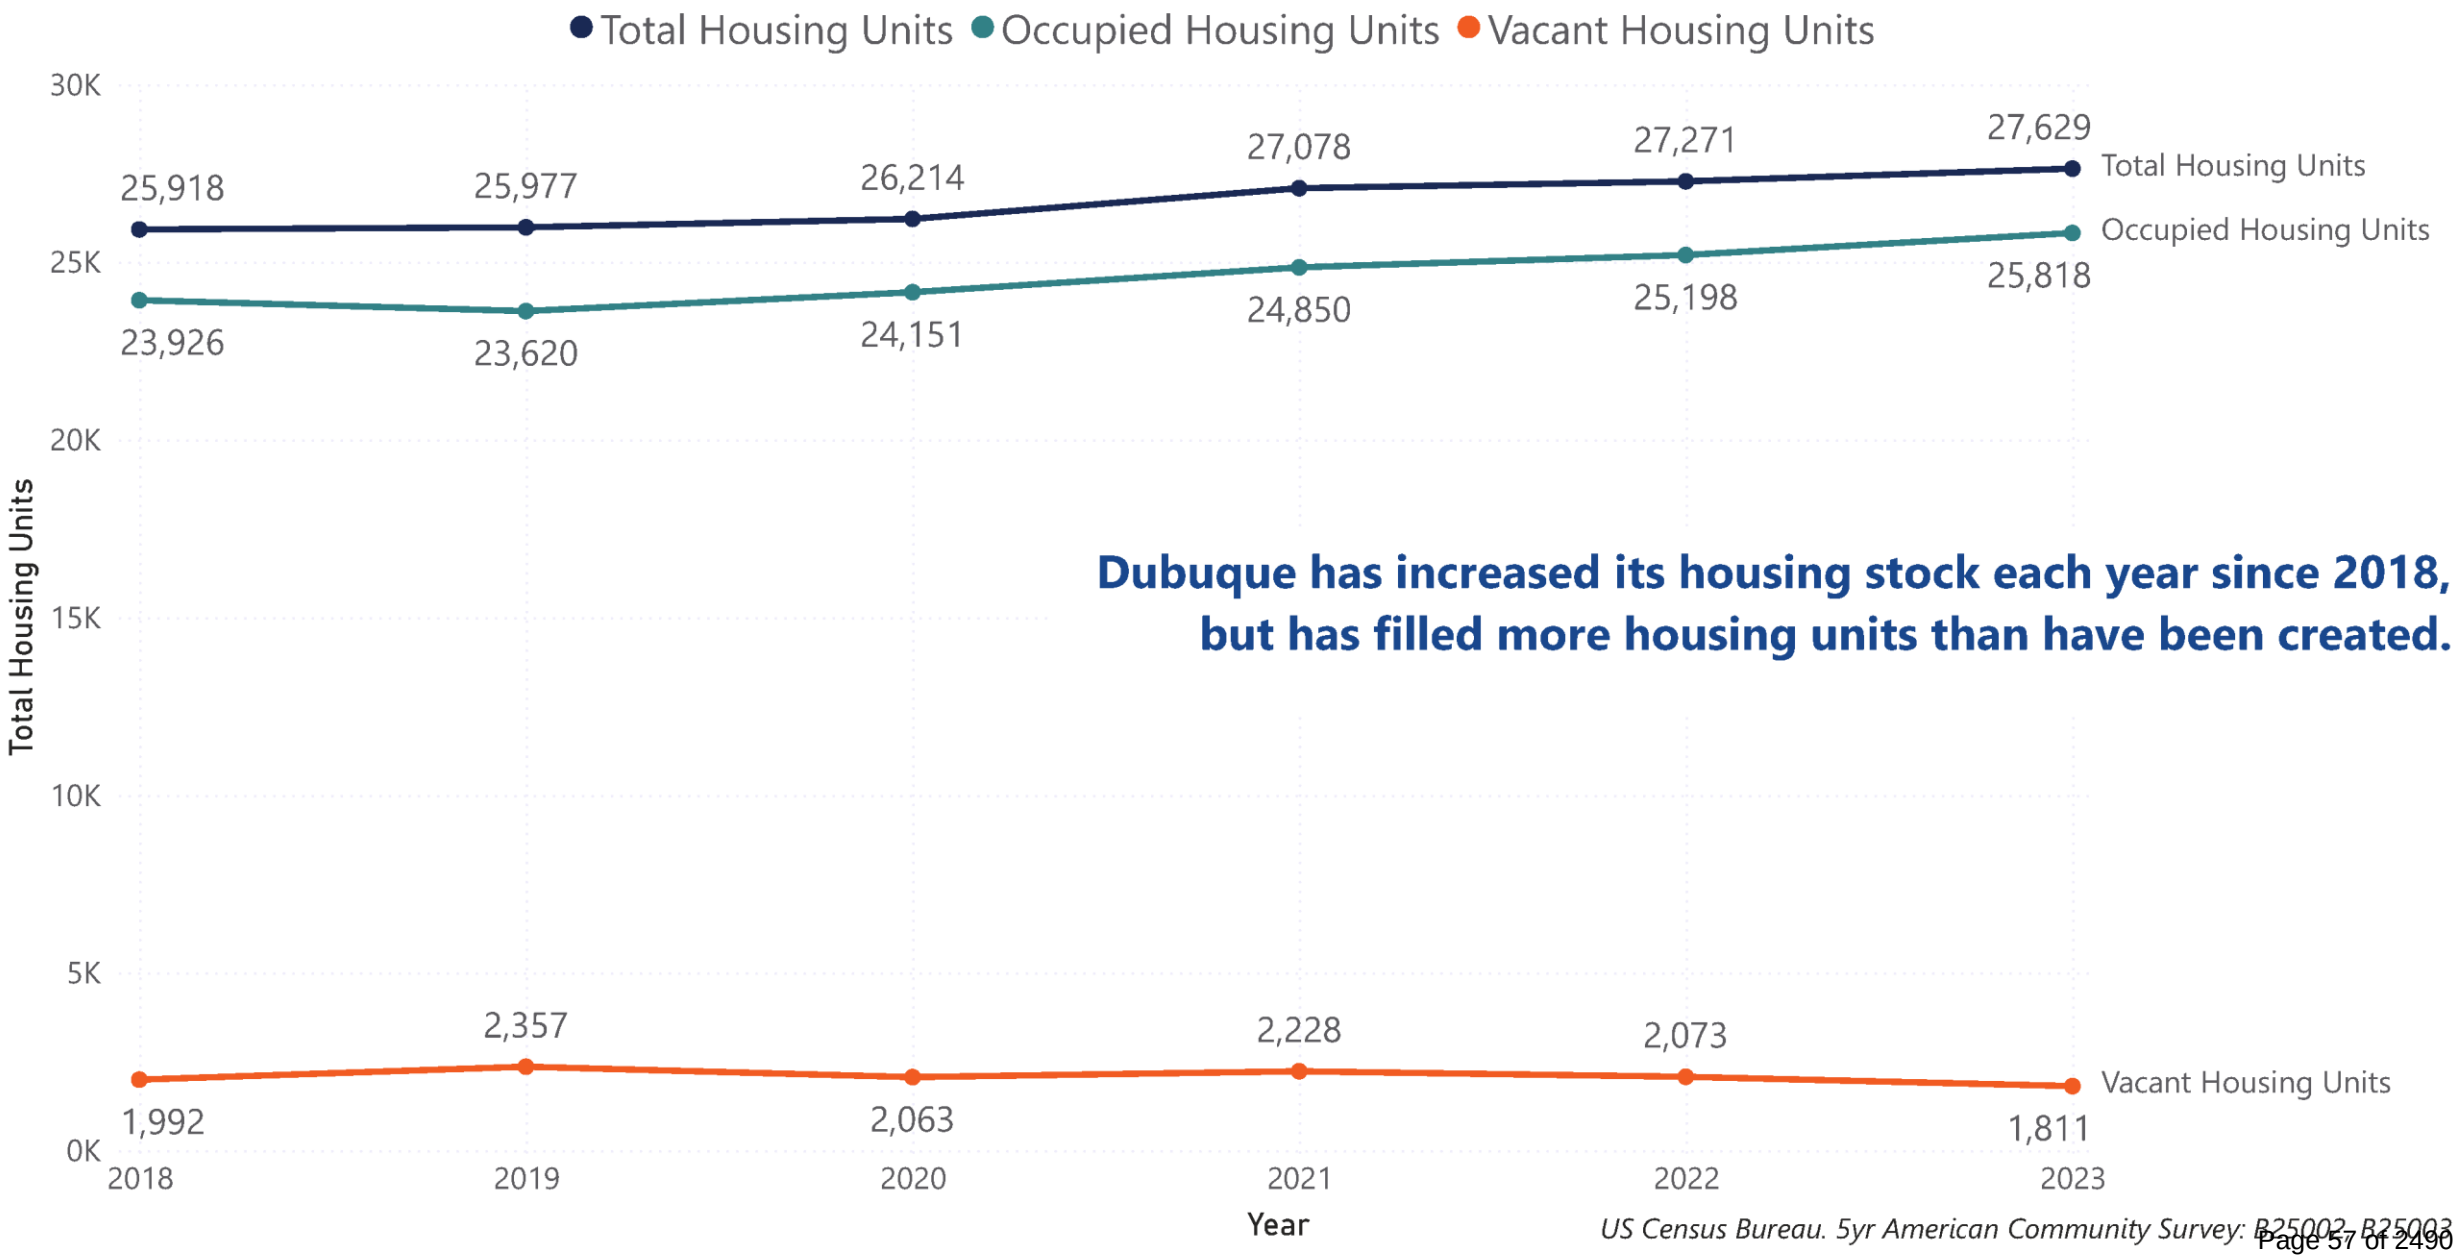
- Labor Force participation rose for the Asian, Some Other Race, Multiracial and Black/African American populations, and fell for other groups.
- Unemployment highest among the American Indian/Alaska Native and Black/African American populations, although the American Indian/Alaska Native estimate has a high error margin.
- Employees of minority race/ethnicity status made up 12% of employees in low paying sectors, but only 8.5% of the employees in high paying sectors.

- Labor force participation rates fell for men and rose for women, shrinking the difference between those values to just 0.3% from 6%.
- Unemployment is higher for men than women, although the female unemployment rate has grown since 2018 while the male unemployment rate stagnated.
- Women made up 63.5% of employees in low paying sectors, but only 38.7% of employees in high paying sectors.

Housing

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Housing Unit Status by Year



Dubuque has increased its housing stock each year since 2018, but has filled more housing units than have been created.

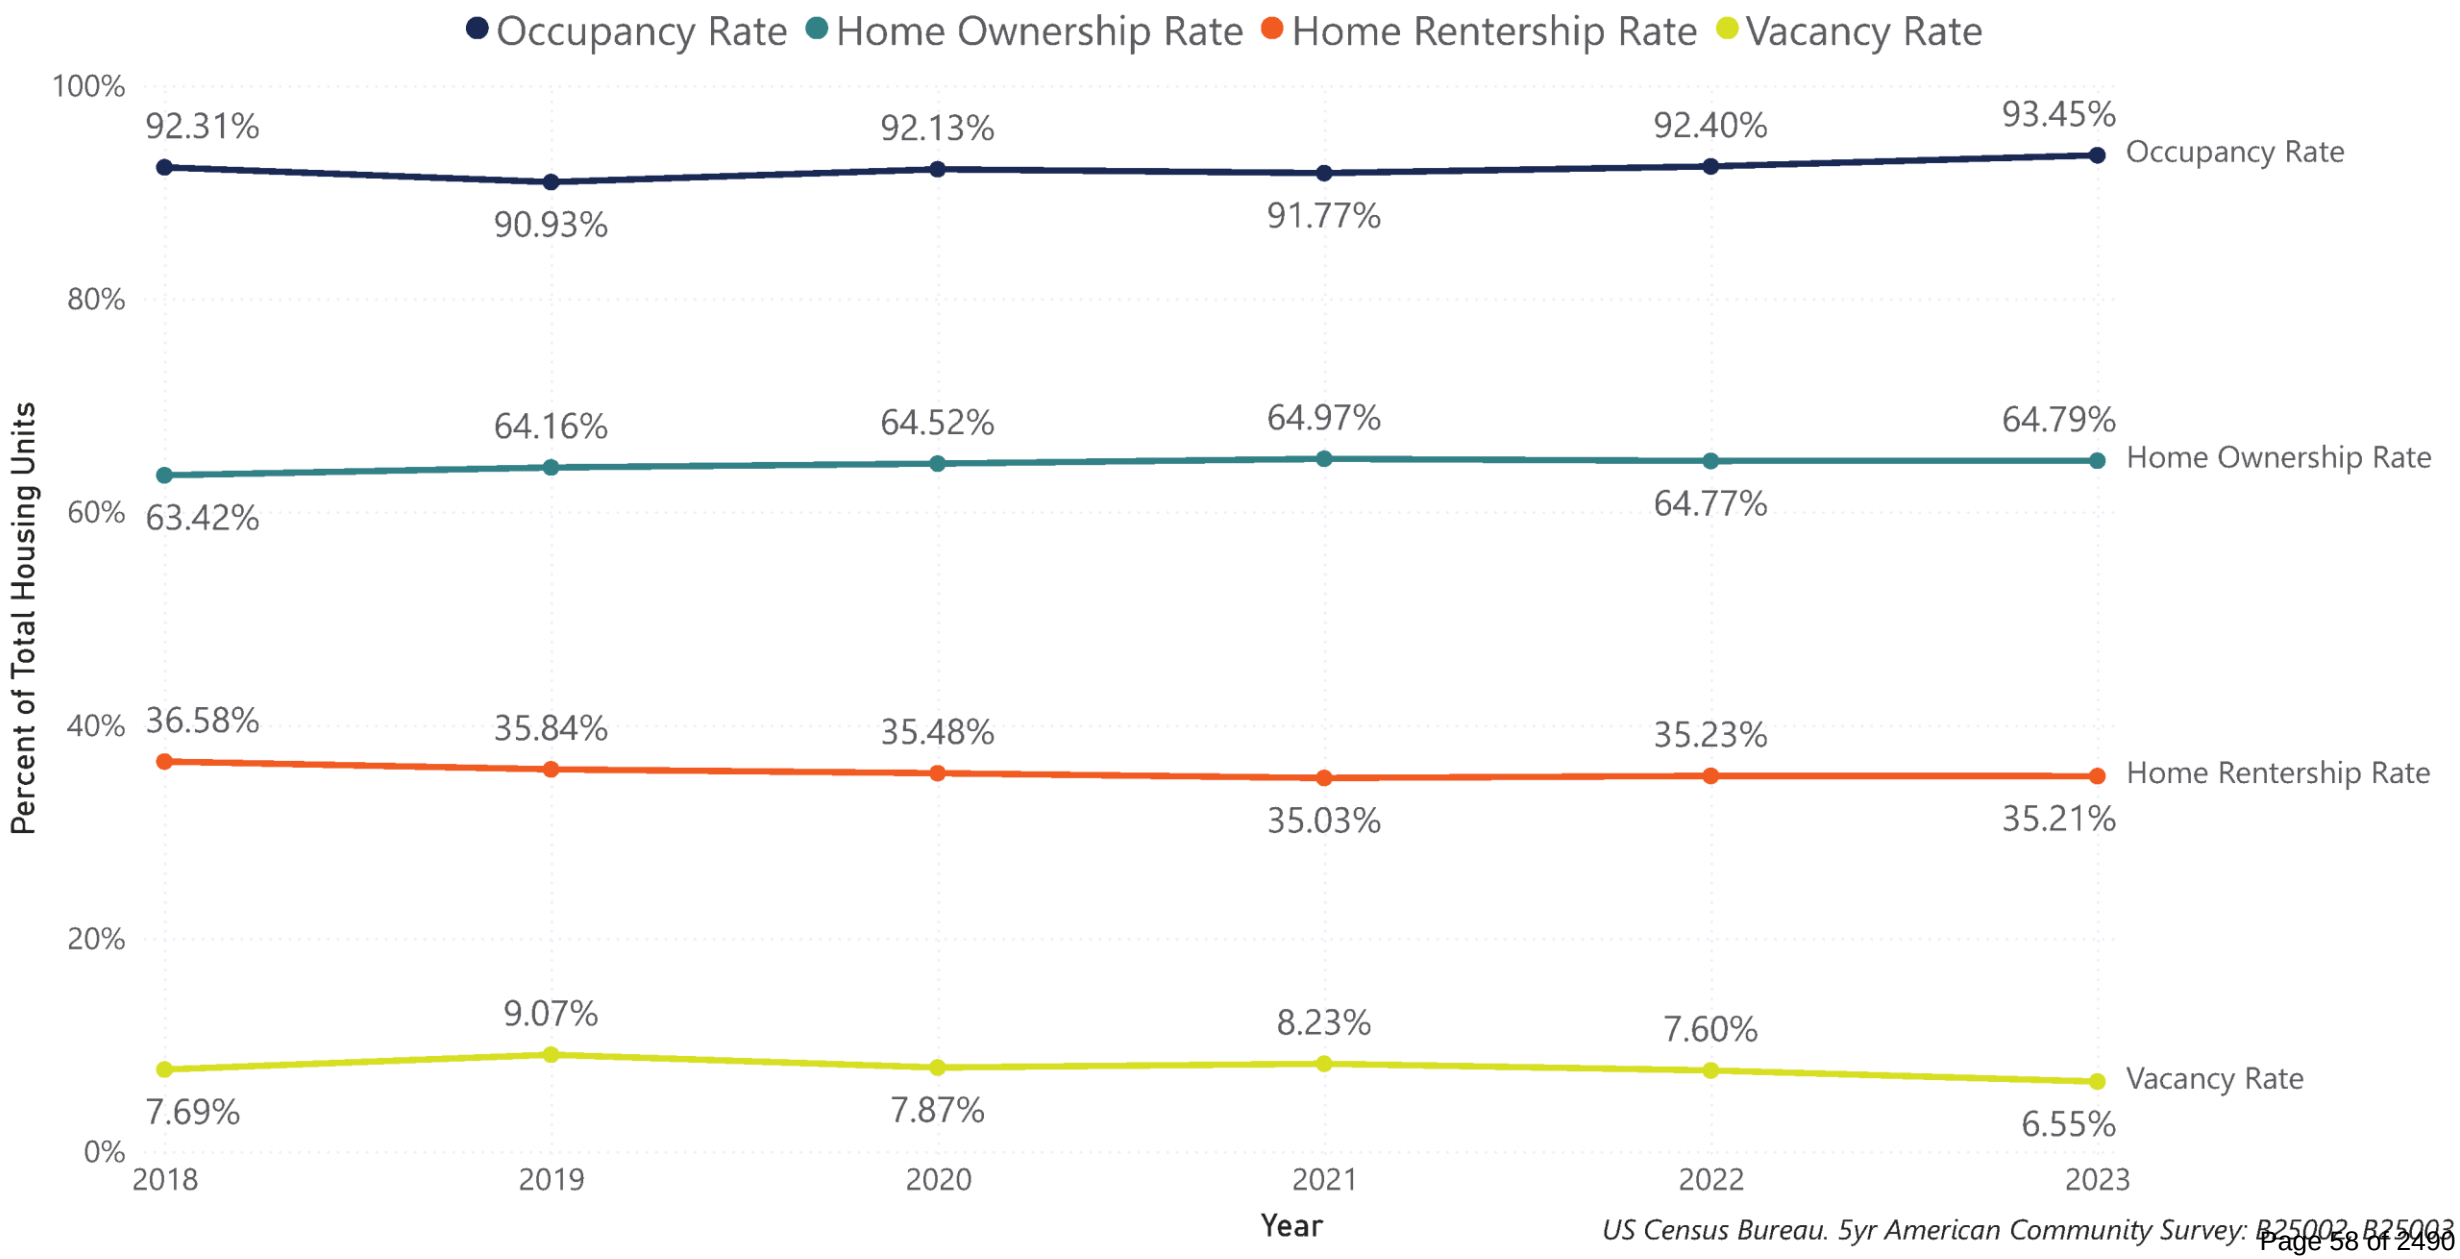
THE CITY OF DUBUQUE
Masterpiece on the Mississippi

House Occupancy/Ownership Rates by Year



US Census Bureau. 5yr American Community Survey: B25002, B25003

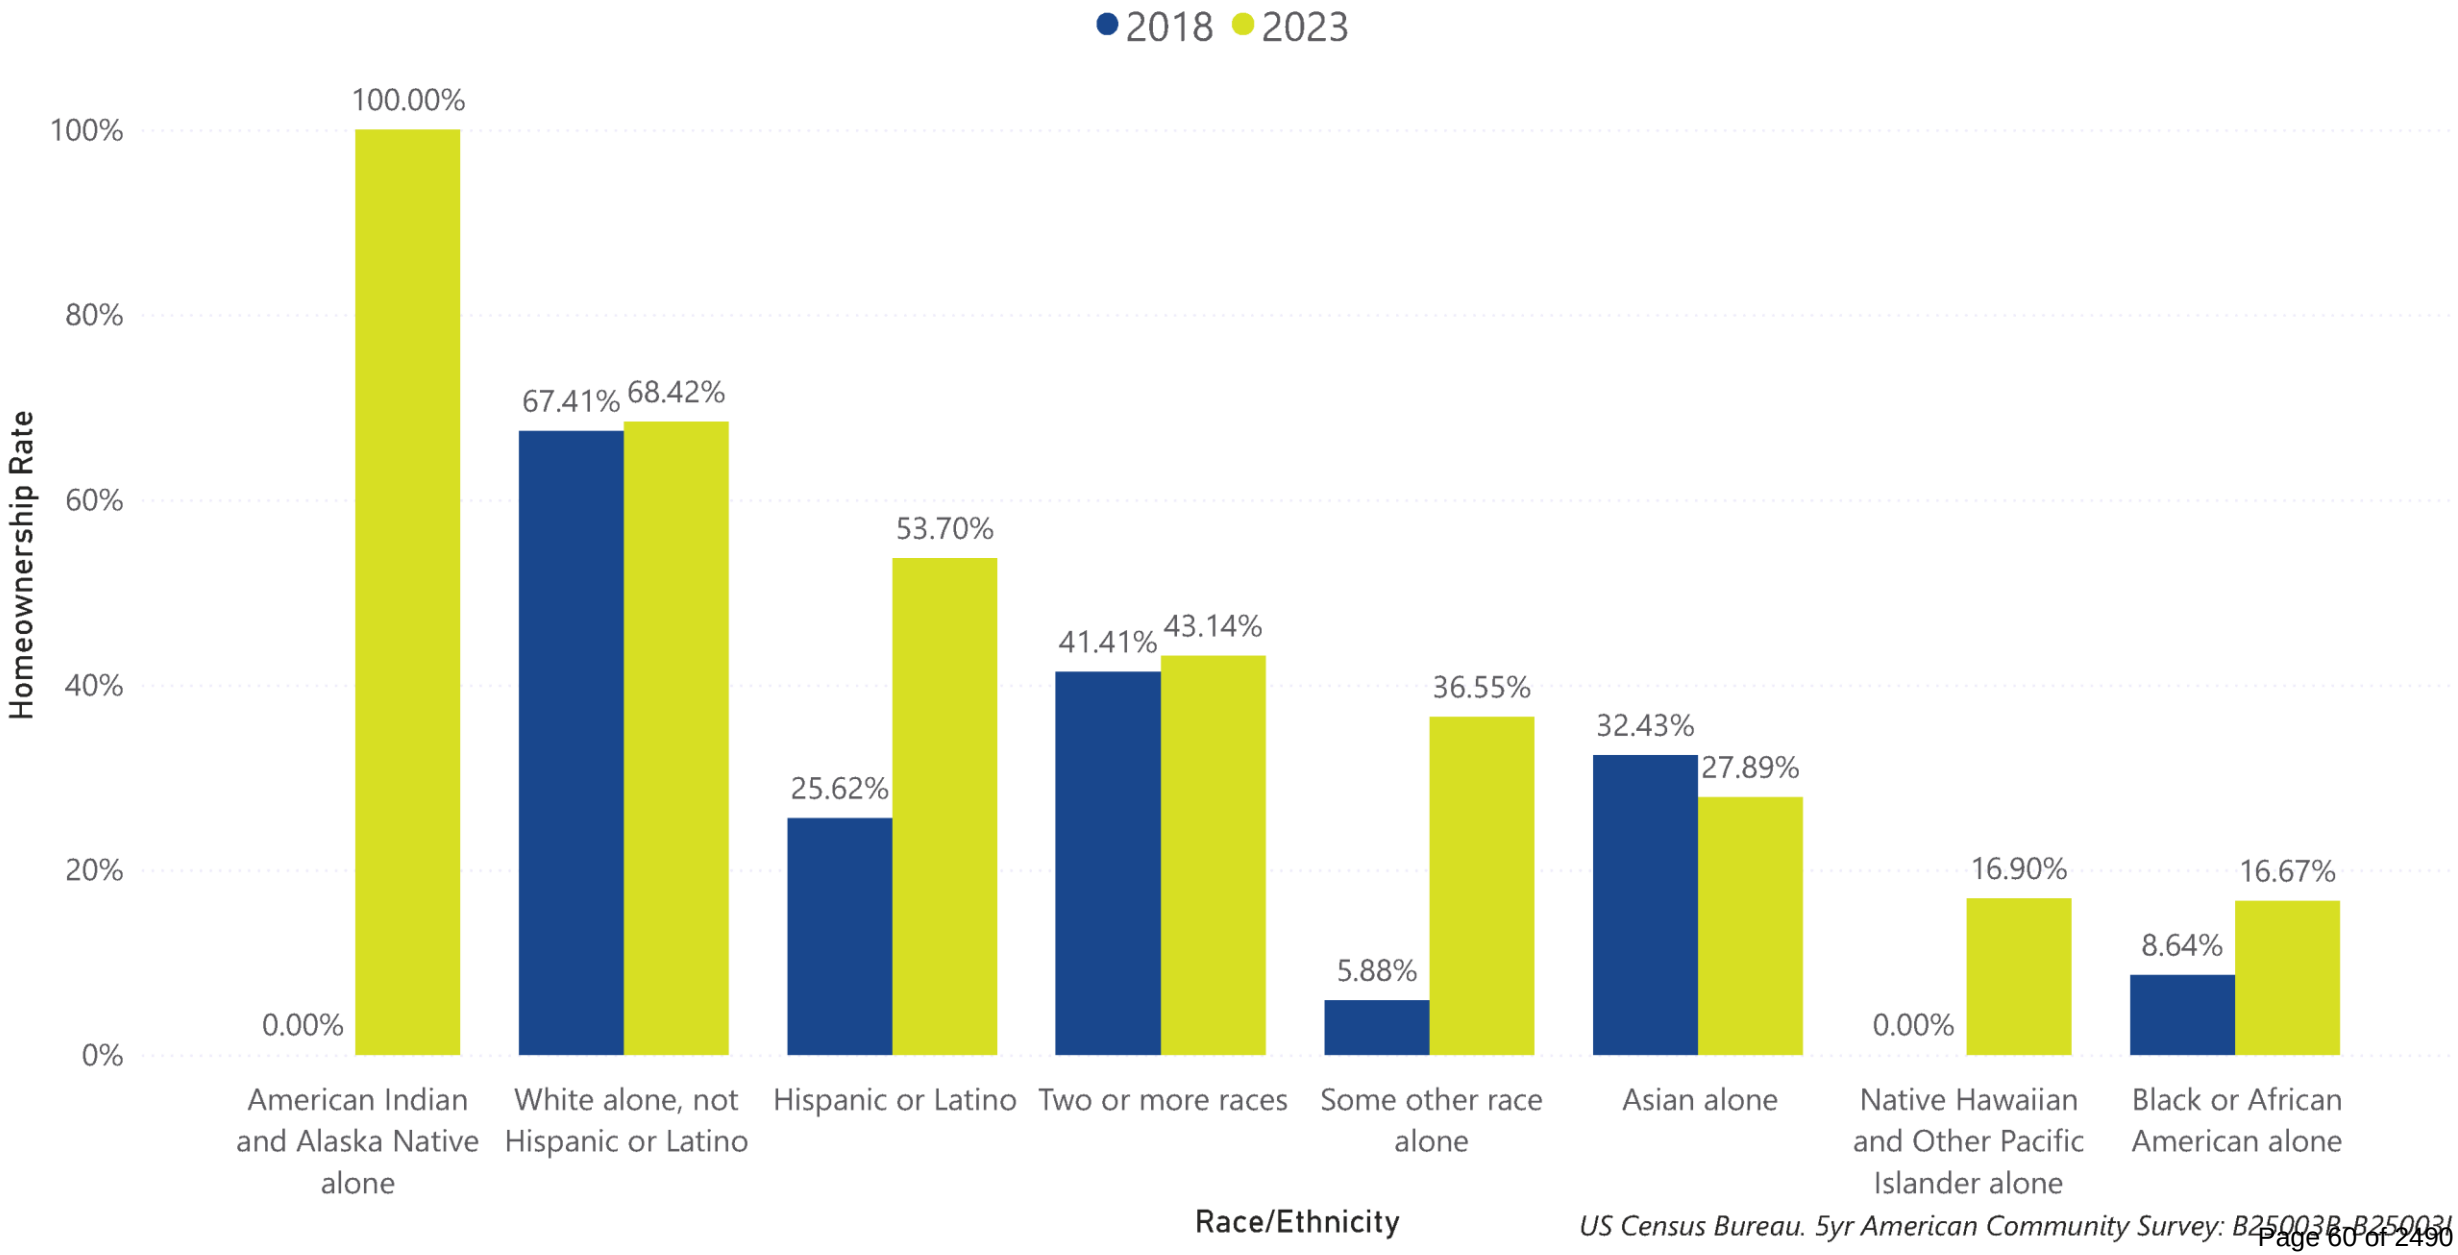
2,603 Total Lots/Units Proposed

as of May 28, 2025, including

392 Affordable Units

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Homeownership Rates by Race/Ethnicity



US Census Bureau. 5yr American Community Survey: B25003B-B25003I

Key Takeaways: Housing

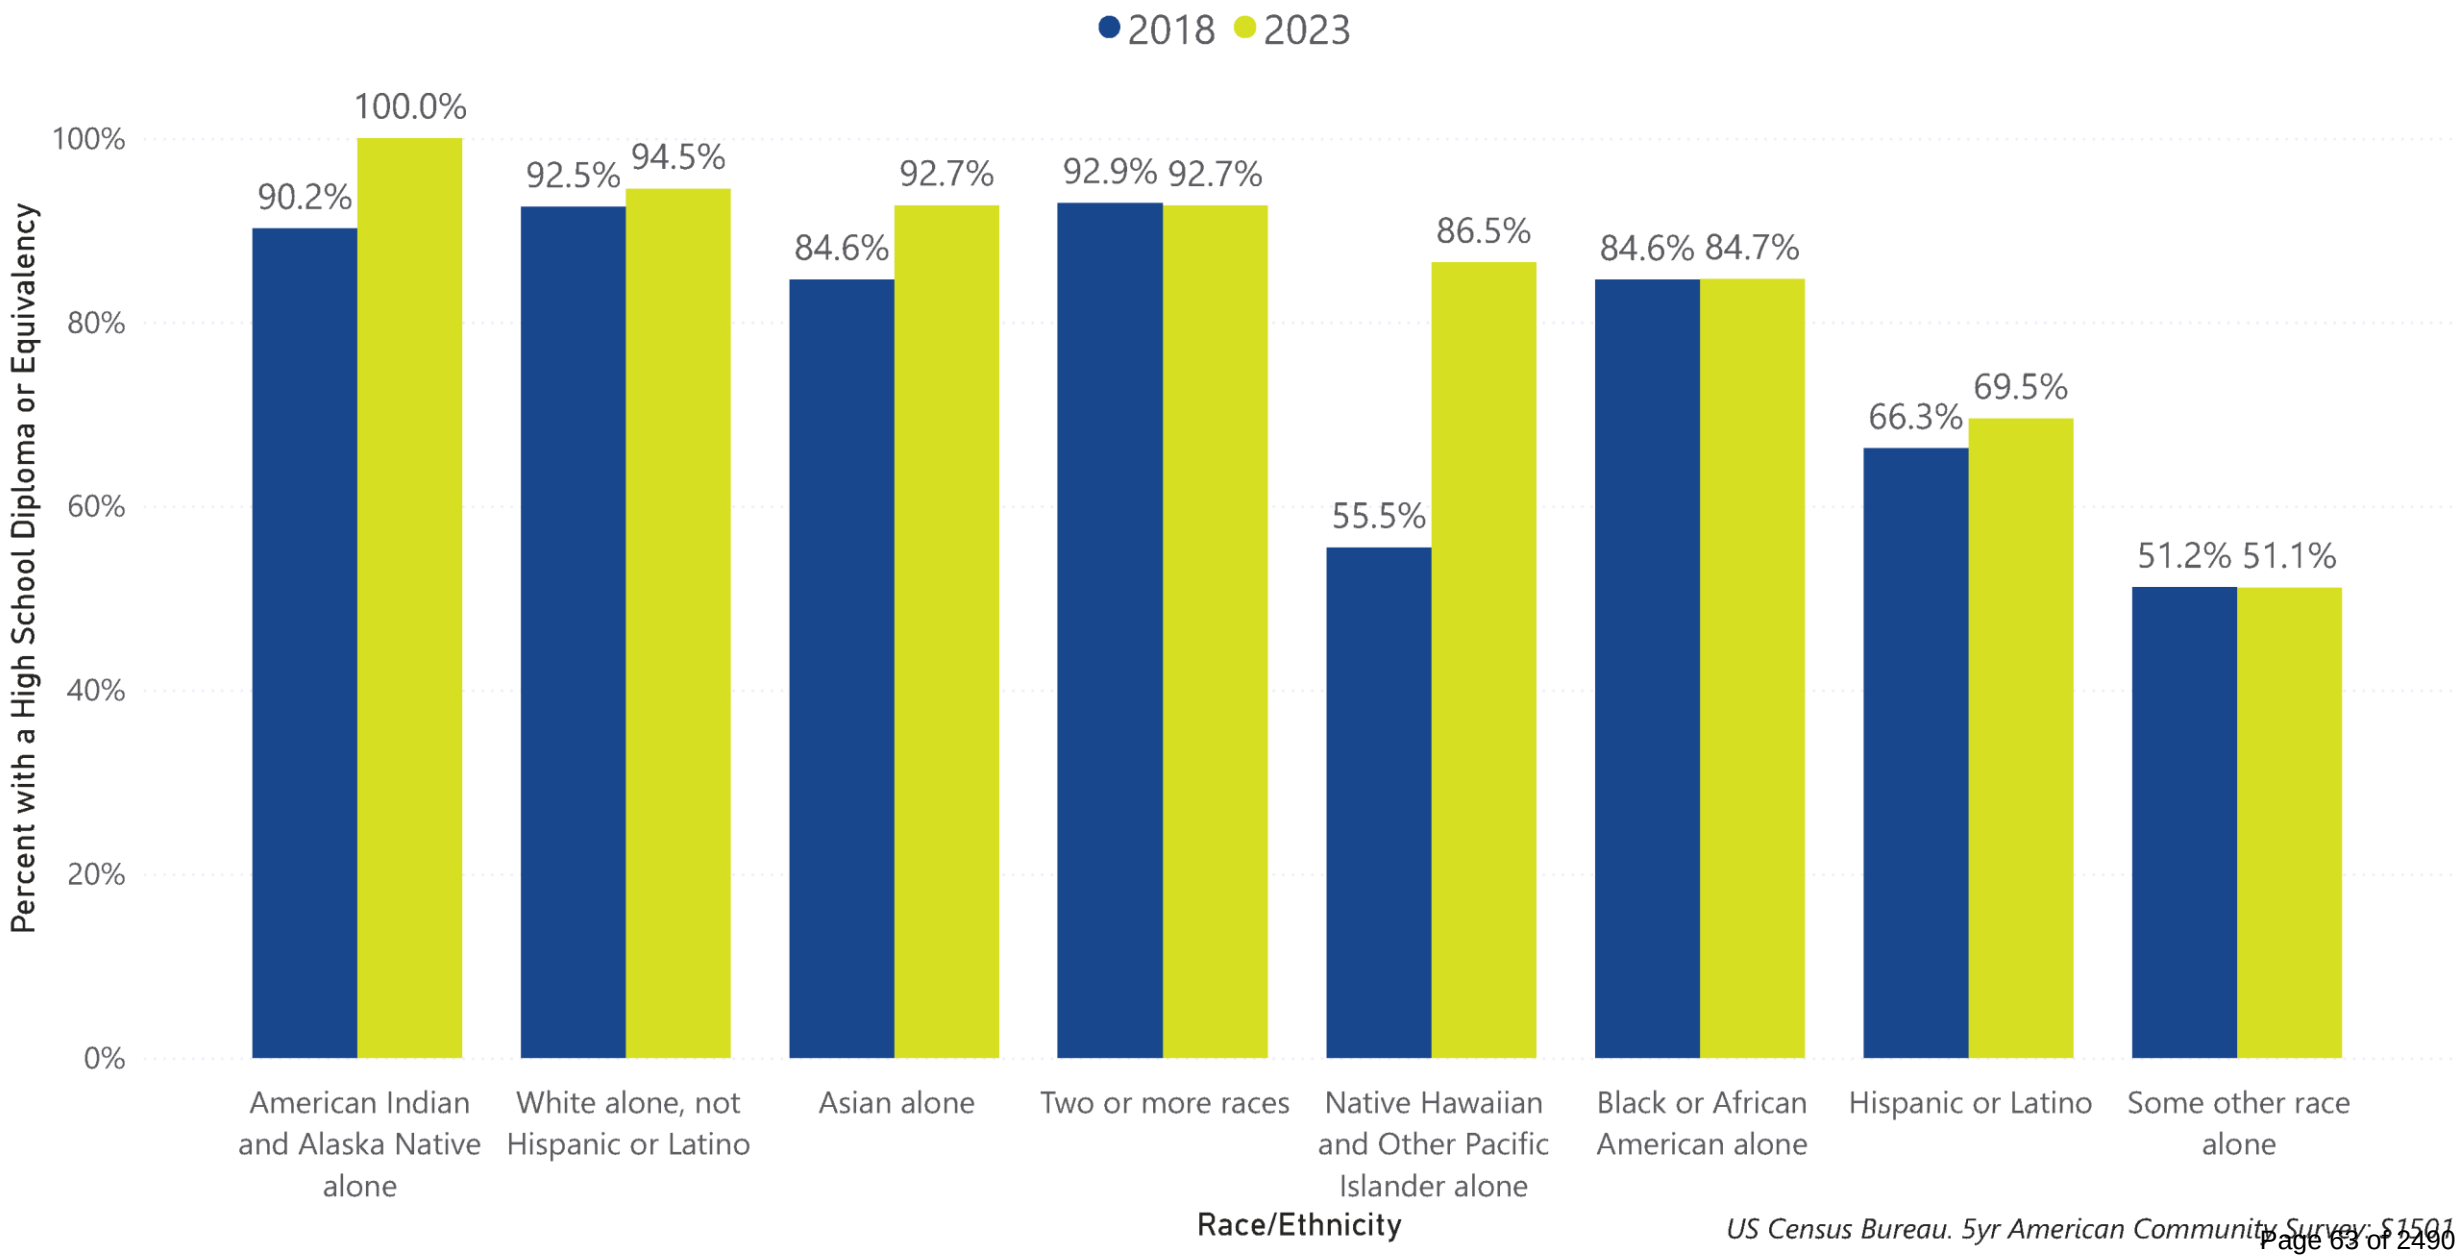
- Dubuque's housing stock has increased, but the occupancy rate has also increased, meaning the supply of available housing units was lower in 2023 than 2018.

- As of last week, the city had 2,603 proposed units which will help offset our declining vacancy rates and can accommodate future population growth.

- Home ownership rates have slightly increased city-wide, and for all race/ethnicity groups except Asian alone.
- Those rates grew significantly for the Hispanic/Latino, Some other race, and Native Hawaiian/Pacific Islander populations, but this may be driven by a decrease in people living alone among those same groups.
- Home ownership rates have also significantly increased for the Black/African American population, which simultaneously experienced an increase in people living alone, suggesting that more members of this community have been able to to achieve home-ownership without widespread household consolidation.

Education

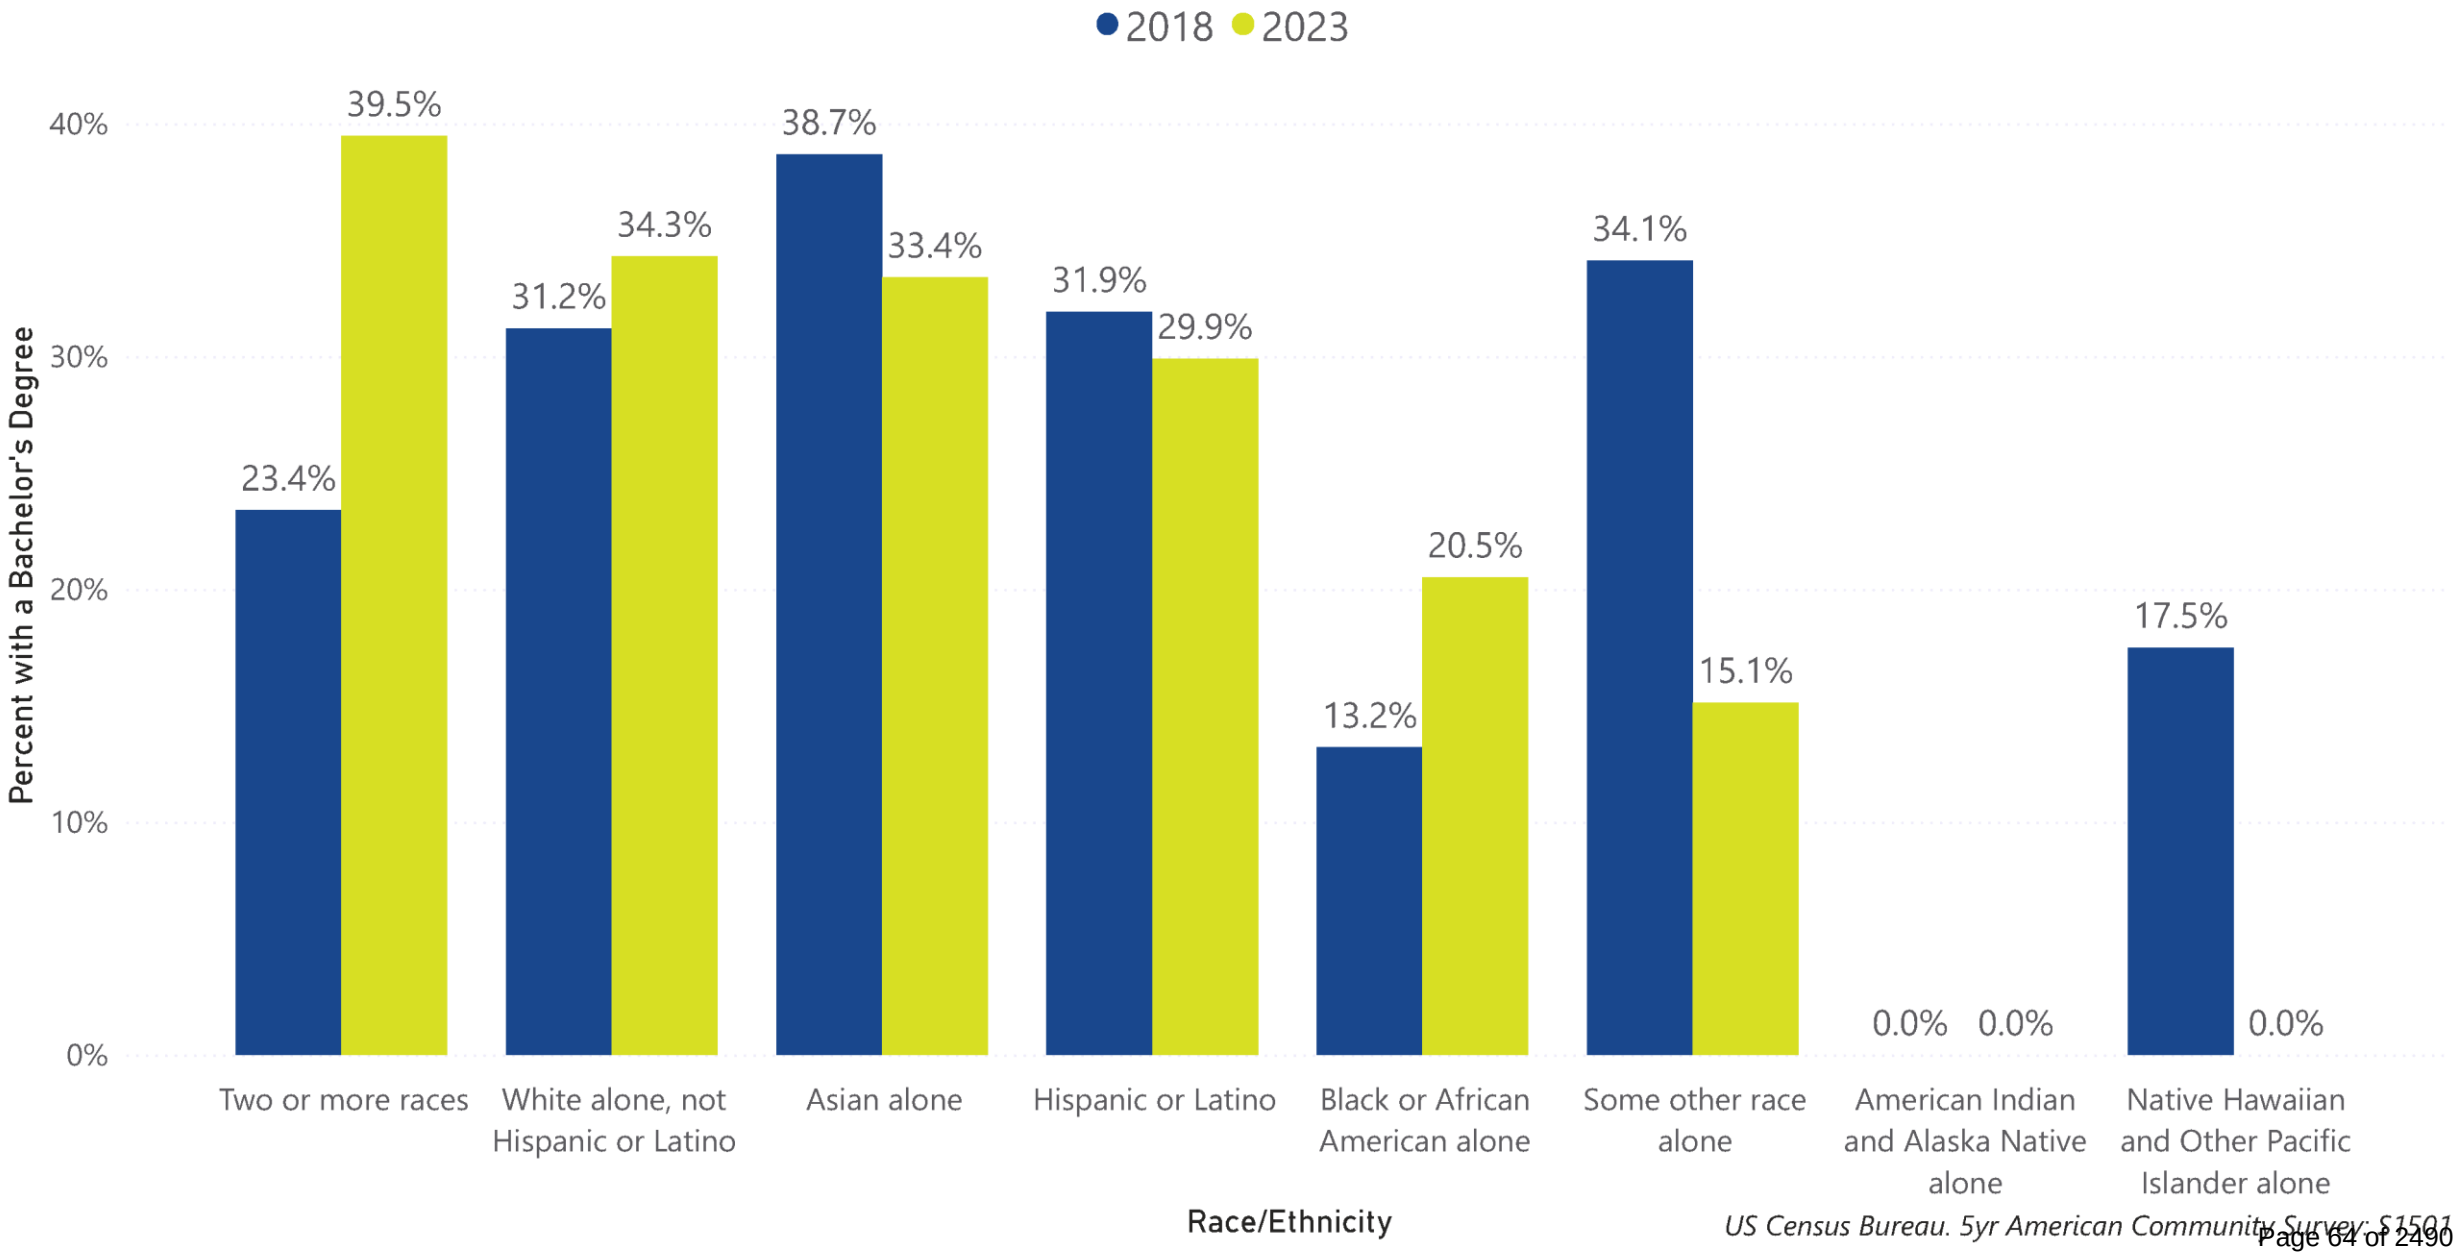
High School Graduation Rate by Race/Ethnicity (Age 25+)



US Census Bureau. 5yr American Community Survey: S1501

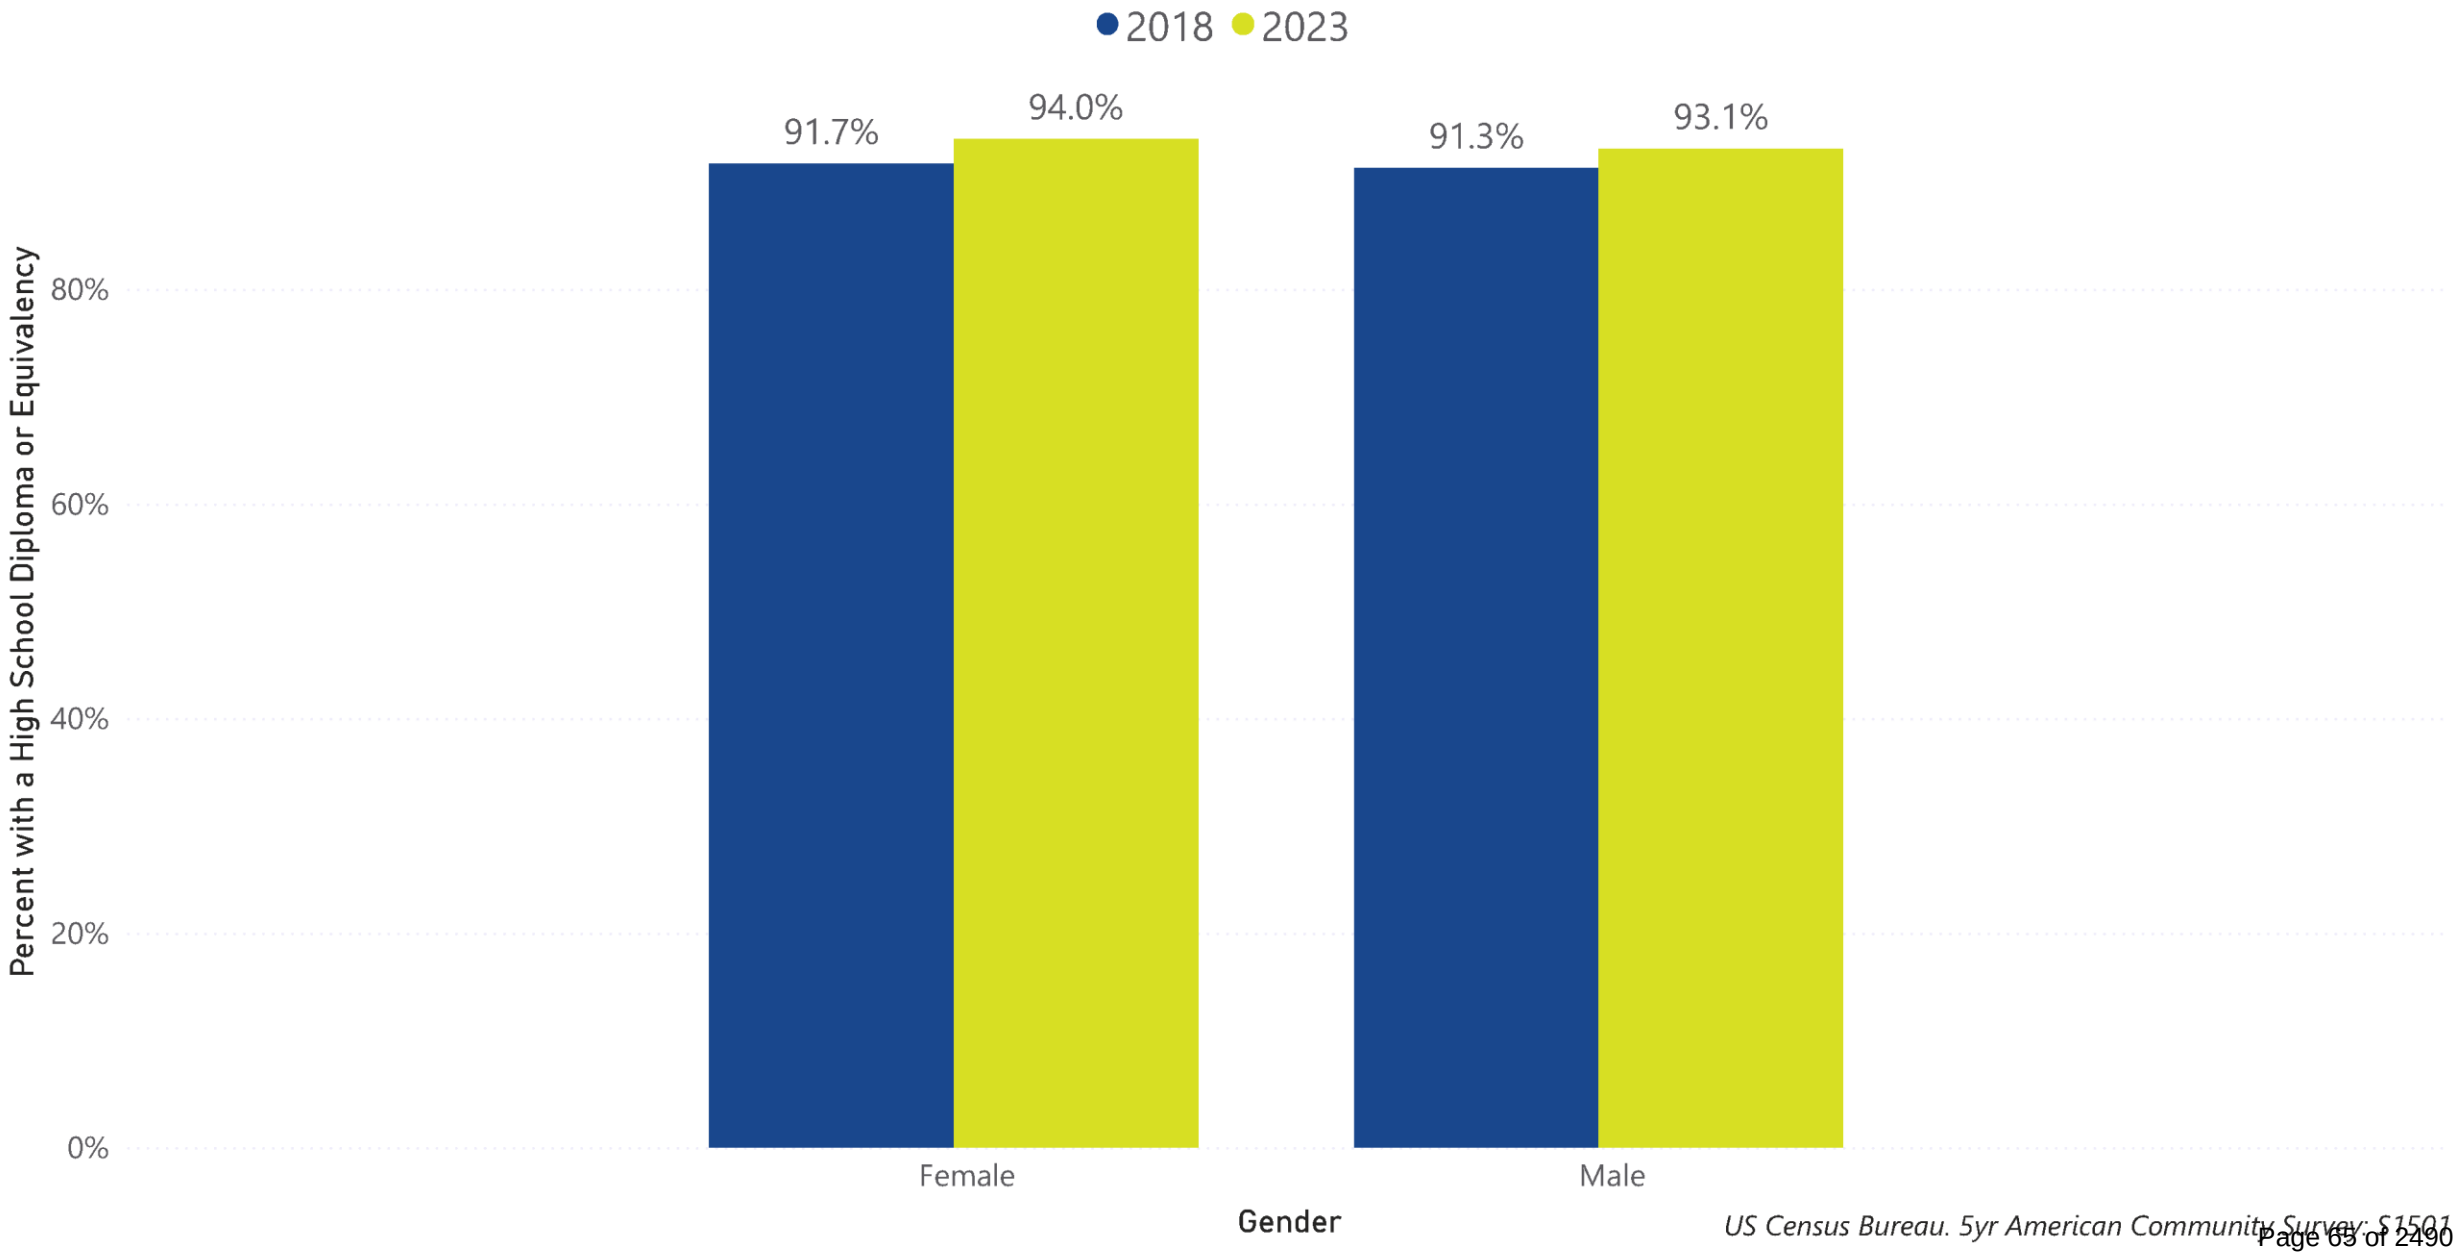
THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Bachelor's Attainment Rate by Race/Ethnicity (Age 25+)



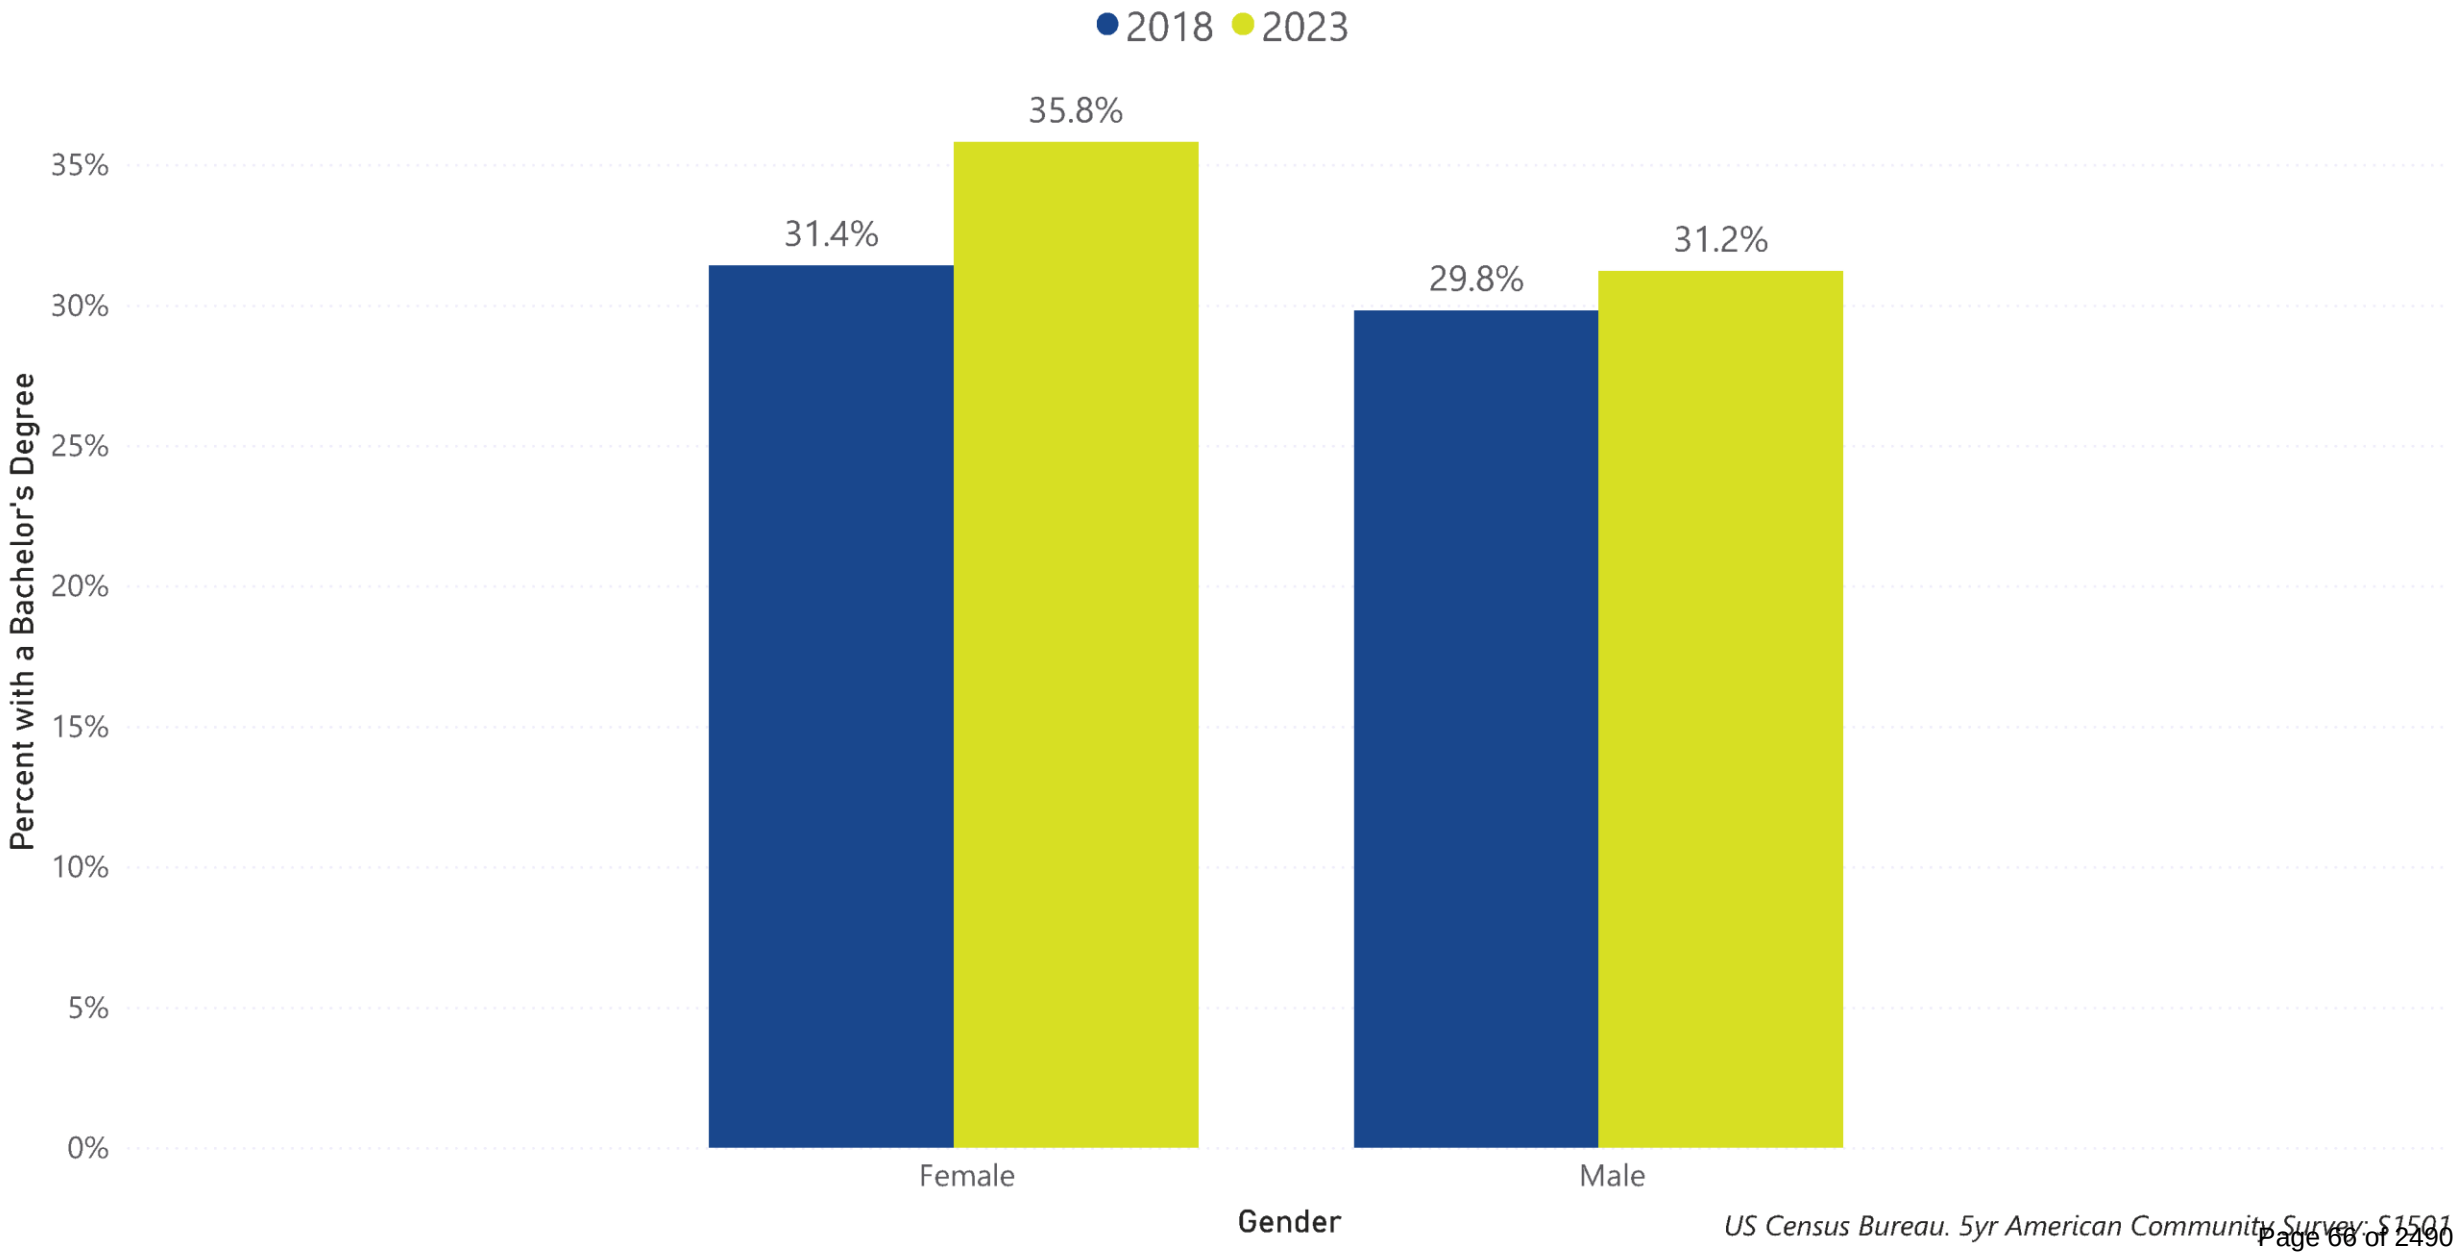
US Census Bureau. 5yr American Community Survey: S1501

High School Graduation Rate by Gender (Age 25+)



US Census Bureau. 5yr American Community Survey: S1501

Bachelor's Attainment Rate by Gender (Age 25+)



US Census Bureau. 5yr American Community Survey: S1501

Key Takeaways: Education

- The high school graduation rate for Native Hawaiian/Pacific Islander residents rose by 56%, but bachelor's degree attainment is still lacking.
- High school graduation rates were lowest among the Hispanic/Latino and Some Other Race populations.
- Bachelor’s degree attainment rates were lowest among the Native Hawaiian/Pacific Islander, American Indian/Alaska Native, Other Race, and Black/African American groups, although data for the American Indian/Alaska Native population had a high margin of error.

- Women have slightly higher high school diploma and bachelor's degree attainment rates than men across both years.
- High school diploma and bachelor’s degree attainment rates rose for both men and women between 2018 and 2023, with women’s rates rising slightly faster.

PROCLAMATIONS # 1.

ITEM TITLE: LGBTQIA+ Pride Month (June 2025)

SUMMARY: On behalf of Dubuque Pride, Inc., The Dubuque LGBTQ+ Resource Network, and Ritual Beauty.

SUGGUESTED DISPOSITION:

ATTACHMENTS:

1. Proclamation

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

PROCLAMATION

WHEREAS, the City of Dubuque is a progressive and inclusive community that celebrates culture and heritage and supports efforts to ensure everyone has the right to live in conditions of dignity, respect, and peace; and

WHEREAS, the City of Dubuque strives to offer our residents a safe community and to put an end to taunting, bullying, and intolerance; and

WHEREAS, the City of Dubuque advocates for the elimination of all forms of discrimination and displays a commitment to the equal treatment of all people. We recognize the need for intersectionality and work toward social justice as we understand there is no true equality until there is equity for all; and

WHEREAS, the City of Dubuque understands the importance for LGBTQ+ people to have access to excellent health care in LGBTQ-affirmative environments, the necessity to have the legal and institutional freedom to pursue their own lives as they wish, and the need to have their liberty and safety affirmed by society; and

WHEREAS, the celebration of Pride Month brings together dedicated and committed community members, allies, volunteers, businesses, and organizations to celebrate diversity, inclusion, and the contributions of LGBTQ+ individuals; and

WHEREAS, this aims to foster community engagement, promote awareness, and advocate for equality through entertainment, education, and celebration with programming that highlights the vibrancy and resilience of the LGBTQ+ community in an environment which is inclusive and welcoming to all; and

WHEREAS, this proclamation sends a positive message of validation to LGBTQ+ residents that the City embraces these individuals and their families as a part of the community.

NOW THEREFORE, I, BRAD M. CAVANAGH, MAYOR THE CITY OF DUBUQUE, IOWA, ON BEHALF OF THE CITY COUNCIL, STAFF, AND RESIDENTS OF DUBUQUE, DO HEREBY PROCLAIM THE MONTH OF JUNE 2025 AS

"LGBTQIA+ PRIDE MONTH"

IN THE CITY OF DUBUQUE, IOWA, AND ENCOURAGE THE RESIDENTS OF DUBUQUE TO OBSERVE THIS MONTH WITH PROGRAMS, ACTIVITIES, AND CEREMONIES IN RECOGNITION OF OUR CITY'S DIVERSITY, INCLUDING: THE DUBUQUE PRIDE FESTIVAL ON JUNE 7TH AT THE TOWN CLOCK PLAZA, AND THE PRIDE RALLY ON JUNE 29TH AT JACKSON PARK.

IN WITNESS THEREOF, I have hereunto set my hand and caused the Great Seal of the City of Dubuque to be affixed this

PROCLAMATIONS # 2.

ITEM TITLE: Juneteenth National Independence Day (June 19, 2025)

SUMMARY: On behalf of the Multicultural Family Center.

SUGGUESTED DISPOSITION:

ATTACHMENTS:

1. Proclamation

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

PROCLAMATION

WHEREAS, on June 19th, 1865, more than 2 years after President Lincoln signed the Emancipation Proclamation, Enslaved Americans in Galveston, Texas finally received word that they were free from bondage; and

WHEREAS, Juneteenth commemorates this day when those who were formerly enslaved began to build new lives and new traditions that we honor today; and

WHEREAS, Juneteenth is the oldest, nationally celebrated commemoration of the ending of slavery in the United States and commemorates African American achievement, and reminds us of our willingness to learn and emerge from our darkest moments with hope, purpose, and resolve; and

WHEREAS, on this commemoration, we recommit ourselves to the work of equity, equality, and justice and we celebrate more than a century of African American resilience in the City of Dubuque and beyond; and

WHEREAS, on June 17, 2021, President Biden signed the bill making Juneteenth the eleventh American federal holiday and the first to obtain legal observance as a federal holiday since Martin Luther King Jr. Day was designated in 1983; and

WHEREAS, since 2023, the City of Dubuque has recognized Juneteenth as a paid holiday; and

WHEREAS, Dubuque's Multicultural Family Center is hosting a Juneteenth celebration weekend from Friday, June 13th through Sunday, June 15th at Jackson Park.

NOW THEREFORE, I, BRAD M. CAVANAGH, MAYOR OF THE CITY OF DUBUQUE, IOWA, ON BEHALF OF THE CITY COUNCIL, STAFF, AND RESIDENTS OF DUBUQUE DO HEREBY PROCLAIM THE 19TH OF JUNE, 2025, AS

"JUNETEENTH NATIONAL INDEPENDENCE DAY"

IN THE CITY OF DUBUQUE, IOWA, AND URGE RESIDENTS TO SUPPORT AND ENDORSE THE PRACTICE AND POLICY OF EQUITY AND FREEDOM FOR ALL.

IN WITNESS THEREOF, I have hereunto set my hand and caused the Great Seal of the City of Dubuque to be affixed this 2nd day of June 2025.

CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
SPECIAL SESSION

The Dubuque City Council met in special session at 6:00 p.m. on May 19, 2025, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen, Senior Counsel Lindahl.

Mayor Cavanagh read the call and stated this is a special session of the City Council called for the purpose of conducting a work session on the Community Foundation of Greater Dubuque's Contracted Services Agreement Update.

WORK SESSION
Community Foundation of Greater Dubuque Contracted Services Agreement Update

Community Foundation of Greater Dubuque's Director of Advocacy, Data and Learning Alex Baum presented updates on its programs supported by Fiscal Year 2025 City Contracted Service Agreements. Baum responded to questions by confirming that housing data will be part of the Foundation's upcoming data walk and that a broad definition of 'immigrants' is used in the Foundation's work.

There being no further business, Mayor Cavanagh declared the meeting adjourned at 6:29 p.m.

/s/Adrienne N. Breitfelder, CMC
City Clerk

CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
REGULAR SESSION

The Dubuque City Council met in regular session at 6:30 p.m. on May 19, 2025, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen, Senior Counsel Lindahl.

Mayor Cavanagh read the call and stated this is a regular session of the City Council called for the purpose of conducting such business that may properly come before the City Council.

PLEDGE OF ALLEGIANCE

Breitfelder stated that the resolution for CCI5, LLC under Action Item No. 3 was removed from the agenda.

PROCLAMATIONS

1. Apples for Students (May - July, 2025) was accepted by Beth McGorry on behalf of St. Mark Youth Enrichment.

2. Women Veterans Recognition Day (June 12, 2025) was accepted by Dawn Fleming and Christina Schauer on behalf of the Tri-State Women Warriors.

Mayor Cavanagh welcomed Van Milligen to his first in-person meeting since his recovery from a car accident.

Motion by Roussell to receive and file the documents, adopt the resolutions, and set the public hearings as indicated. Seconded by Sprank. Motion carried 7-0.

1. Cedar Cross Road Urban Revitalization Plan: Upon motion the documents were received and filed and Resolution No. 165-25 Fixing The Date For A Public Hearing Of The City Council Of The City Of Dubuque, Iowa, Finding An Area Referred To As The Cedar Cross Road Urban Revitalization Area Hereinafter Described, Appropriate For Public Improvements Related To Housing And Residential Development And Construction Of Residential Development, Including Single Or Multifamily Housing Necessary In The Interest Of Public Health, Safety, Or Welfare Of The Residents Of The City And Setting A Public Hearing On Creation Of The Cedar Cross Road Urban Revitalization Area was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on June 2, 2025 in the Historic Federal Building.

2. Development Agreement with 1301 Central, LLC: Upon motion the documents were received and filed and Resolution No. 166-25 Fixing The Date For A Public Hearing Of The City Council Of The City Of Dubuque, Iowa On A Development Agreement By And Between The City Of Dubuque, Iowa And 1301 Central, LLC, Including The Proposed Issuance Of Urban Renewal Tax Increment Revenue Obligations Relating Thereto, And Providing For The Publication Of Notice Thereof was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on June 2, 2025 in the Historic Federal Building.

3. 2025 Pavement Marking Project - Initiate Public Bidding Process and Setting Date for a Public Hearing: Upon motion the documents were received and filed and Resolution No. 167-25 2025 Pavement Marking Project: Preliminary Approval Of Plans, Specifications, Form Of Contract, And Estimated Cost; Setting Date Of Public Hearing On Plans, Specifications, Form Of Contract, And Estimated Cost; And Ordering The Advertisement For Bids was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on June 2, 2025 in the Historic Federal Building.

4. Fire Headquarters HVAC Project: Upon motion the documents were received and filed and Resolution No. 168-25 Fire Headquarters HVAC Replacement Project: Preliminary Approval Of Plans, Specifications, Form Of Contract, And Estimated Cost; Setting Date Of Public Hearing On Plans, Specifications, Form Of Contract, And Estimated Cost; And Ordering The Advertisement For Bids was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on June 2, 2025 in the Historic Federal Building.

5. Proceedings to Set Public Hearing on June 2, 2025 for the Issuance of Not to Exceed $2,000,000 Water Revenue Capital Loan Notes (State Revolving Loan Fund Program) Private Lead Service Line Replacement Pilot Program – Phase I: Upon motion the documents were received and filed and Resolution No. 169-25 To fix a date for a public hearing on proposal to enter into a Water Revenue Loan and Disbursement Agreement and to borrow money thereunder in a principal amount not to exceed $2,000,000 was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on June 2, 2025 in the Historic Federal Building.

PUBLIC HEARINGS

1. Request to Rezone 101 Airborne Road: Jones stated that the Dubuque Metropolitan Area Solid Waste Agency (DMASWA) Board met on Friday and recommended Ordinance Option No. 2, the reduced zoning area. Motion by Roussell to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended for Ordinance Option No. 2. Seconded by Farber. Steve Ingalsbe, 15680 Estate Ln., stated that he had spoken in opposition to the rezoning at the Zoning Advisory Commission (ZAC) meeting and expressed support for the reduced zoning option. Breitfelder stated that written input was received from Kari Voss, 11140 Cottingham Rd. In response to questions, DMASWA Administrator Ken Miller explained that the property must be rezoned prior to obtaining a state permit and emphasized the agency's intent to be transparent about its long-term expansion plans. Planning Services Director Wally Wernimont clarified that because Ordinance Option No. 2 reduced the proposed zoning area, the request did not need to return to the ZAC, as the City Council has the authority to modify recommendations provided the change results in a reduction rather than an expansion of the request. It was noted by City Council that neither Jones nor Resnick has a conflict of interest voting on this rezoning as DMASWA Board Members, as there is no personal financial benefit involved. City Council Members thanked those who provided input and commented that, while the rezoning request was complex, they were in support of the outcome. Motion carried 7-0.

Motion by Roussell for final consideration and passage of Ordinance No. 16-25 An Ordinance Amending Title 16 Of The City Of Dubuque Code Of Ordinances, Unified Development Code, By Reclassifying Hereinafter Described Property Located At 101 Airborne Road From AG Agriculture District To HIC Heavy Industrial With Conditions District [Option 2 - Reduced Zoning Area]. Seconded by Farber. Motion carried 7-0.

2. Request to Rezone 405-575 Cedar Cross Road: Motion by Roussell to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Sprank. Mike Reinert, 401 Cedar Cross Rd., spoke in opposition to the rezoning, stating that rezoning to R-2 would be more acceptable. Carol Maas, 3095 Nightengale, inquired about the access road serving the property. Applicant Julie Merfeld, 10713 Cottingham Rd., stated that there was no interest in the property when it was previously listed for sale under R-1 zoning, and noted that Cedar Cross Road is a commercial corridor with residential subdivisions located along it. Breitfelder stated that written input was received by Maas. In response to questions, Wernimont stated that access to the site is yet to be determined, as it will depend on the size and layout of the future development. He also noted that meeting setback requirements will enable the property to connect to water and sewer services. City Council Members expressed support for the rezoning, describing it as a reasonable compromise, and encouraged continued dialogue among neighboring residents. They also thanked Wernimont for recommending that the original R-4 rezoning request be remanded back to the ZAC for further review. Motion carried 7-0.

Motion by Roussell for final consideration and passage of Ordinance No. 17-25 Amending Title 16 Of The City Of Dubuque Code Of Ordinances, Unified Development Code, By Reclassifying Hereinafter Described Property Located At 405 Cedar Cross Road And 595 Cedar Cross Road From R-1 Single-Family Residential District To R-3 Moderate Density Multi-Family Residential District. Seconded by Sprank. Motion carried 7-0.

3. Request to Rezone Radford Road: Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Farber. In response to a question, Wernimont clarified that there are currently no plans for an outdoor play area

and that the Unified Development Code (UDC) does not require one. He also confirmed that a sidewalk along Radford Road will be required as part of the development. Tony Nadermann, one of the project developers, noted that while an outdoor play area has not been discussed, it is something they are open to considering. Director of Transportation Services Ryan Knuckey stated that Radford Road is currently served by city buses, and the department will evaluate the development to determine whether an additional bus stop is warranted. City Council Members expressed support for the project, citing its proximity to childcare, employment opportunities, and housing. Motion carried 7-0.

Motion by Jones for final consideration and passage of Ordinance No. 18-25 Amending Title 16 Of The Unified Development Code Of The City Of Dubuque Code Of Ordinances By Reclassifying Hereinafter Described Property From PUD Planned Unit Development District With PI Planned Industrial Designation To PUD Planned Unit Development District With PR Planned Residential Designation And Adopting A Conceptual Development Plan. Seconded by Farber. Motion carried 7-0.

4. Conducting a Public Hearing for the Jule's-Iowa Department of Transportation Consolidated Funding Application: Motion by Sprank to receive and file the documents and adopt Resolution No. 170-25 Authorizing Resolution: Approval Of Consolidated Funding Application To Iowa DOT. Seconded by Wethal. Motion carried 7-0.

5. Fiscal Year 2025 First Budget Amendment: Motion by Roussell to receive and file the documents and adopt Resolution No. 171-25 Amending The Current Budget For Fiscal Year Ending June 2025. Seconded by Jones. Chief Financial Officer Jennifer Larson provided an overview of the fund transfers included in the amendment, noting that the amendment primarily supports capital projects. Motion carried 7-0.

PUBLIC INPUT

Regarding Action Item No. 1, Developer Joey Callahan, 7629 Commerce Park, expressed enthusiasm for the project and indicated his availability to answer any questions.

ACTION ITEMS

1. Resolution Approving a Development Agreement by and between the City of Dubuque, Iowa and CCI5, LLC Providing for the Use of Urban Revitalization District Tax Abatement Pursuant to the Development Agreement: Motion by Jones to receive and file the documents and adopt Resolution No. 172-25 Approving A Development Agreement By And Between The City Of Dubuque, Iowa, And CCI5, LLC. Seconded by Sprank. In response to a question regarding sewer capacity, City Engineer Gus Psihoyos explained that two oversized manholes equipped with valves will be installed as a temporary sanitary sewer solution. This measure will remain in place until the Iowa Department of Natural Resources (IDNR) issues a permit for the permanent sewer design and construction. Psihoyos estimated the cost of the temporary solution at $30,000. Van Milligen noted that the developer will be responsible for sewer-related charges, providing the City with a revenue source. City Council Members expressed appreciation to the developer for moving forward with the project, particularly with the current capacity challenges with the Catfish Creek sewer system. Motion carried 7-0.

2. Reject Bids 2025 Repair and Maintenance of the Iowa Street Parking Garage: Motion by Roussell to receive and file the documents and adopt Resolution No. 173-25 Rejecting Competitive Bid Proposal Received For The 2025 Repair And Maintenance Of The Iowa Street Parking Garage. Seconded by Wethal. Project Manager Jim Bousley reported that current safety concerns have been addressed, with the affected area now closed and structural monitoring taking place on a monthly basis. Knuckey stated

that narrowing the project's scope is expected to encourage more competitive bidding. Motion carried 7-0.

3. Resolutions of Support for Workforce Housing Tax Credit Applications for Multiple Housing Developments: Motion by Jones to receive and file the documents and adopt Resolution No. 174-25 Supporting The Submission Of An Iowa Economic Development Authority Application To The Workforce Housing Tax Credit Program By Millwork Flats, L.L.C; Resolution No. 175-25 Supporting The Submission Of An Iowa Economic Development Authority Application To The Workforce Housing Tax Credit Program By Gronen Development, Inc.; Resolution No. 176-25 Supporting The Submission Of An Iowa Economic Development Authority Application To The Workforce Housing Tax Credit Program By Wilson House Apts, LLC; and Resolution No. 177-25 Supporting The Submission Of An Iowa Economic Development Authority Application To The Workforce Housing Tax Credit Program By 1301 Central, LLC. Seconded by Wethal. Motion carried 7-0.

4. Amendment to City Code – Solicitor and Transient Merchant Licenses: Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Farber. Breitfelder confirmed that a solicitor's license is required for business-related door-to-door sales and that solicitors are required to carry the license while conducting business. Residents have the right to request to see a solicitor's license. If concerns arise, they are encouraged to gather as much information as possible—such as the solicitor's name, company affiliation, and contact details—and report it to the City Clerk's Office. Motion carried 7-0.

Motion by Jones for final consideration and passage of Ordinance No. 19-25 Repealing Title 4 Business And License Regulations, Chapter 5 Solicitor's License And Replacing It With New Chapter 5 Containing Articles A And B For Solicitors And Transient Merchants. Seconded by Farber. Motion carried 7-0.

5. Fiscal Year 2026 Dollars & Cents Brochure: Motion by Wethal to receive and file the documents. Seconded by Sprank. Motion carried 7-0.

COUNCIL MEMBER REPORTS

Resnick reported on Bike Week.

Farber reported on Chris Kohlmann's recent retirement from the City in the role of Chief Information Officer, the recent press tour at the City's new Data Center, an Information Technology and Communications Committee (ITC) meeting for the National League of Cities (NLC), and her upcoming trip to Amazon's headquarters to discuss information technology topics.

Roussell reported on the Heart Program graduation at Four Mounds.

Jones reported on the City's employee recognition breakfast, a Dubuque Metropolitan Area Transportation Study (DMATS) Policy Committee Meeting, Kohlmann's retirement, the Dubuque Area Chamber of Commerce's Washington, D.C. Fly-In Event, and playing with the East Dubuque Drum Corp. to welcome back honor flight participants.

Wethal reported on the Heart Program graduation and attending an NAACP Housing Committee meeting.

Sprank reported on the Washington, D.C. Fly-In Event.

Cavanagh reported on Bike Week, Travel Dubuque's hospitality breakfast, the employee recognition breakfast, the state legislature's recent adjournment, and the Washington, D.C. Fly-In Event.

Van Milligen thanked Cavanagh for co-presenting the keynote at the employee recognition breakfast and expressed appreciation to all City Council Members for their participation in presenting awards at the breakfast.

CLOSED SESSION

Motion by Jones to convene in closed session at 8:47 p.m. to discuss Pending Litigation and Purchase or Sale of Real Estate – Chapter 21.5(1)©,(j) Code of Iowa. Seconded by Resnick. Mayor Cavanagh stated for the record that the attorney who will consult with City Council on the issues to be discussed in the closed session is Senior Counsel Lindahl. Motion carried 7-0.

The City Council reconvened in open session at 9:16 p.m. stating that staff had been given proper direction.

ADJOURNMENT

There being no further business, Mayor Cavanagh declared the meeting adjourned at 9:16 p.m.

City Clerk

DUBUQUE REGIONAL AIRPORT
COMMISSION MEETING

Tuesday, March 25, 2025
4:00 p.m.
Dubuque Regional Airport
Terminal Conference Room

PRESENT: RJ Blocker (on phone), Doug Brotherton, Mariann Kurtz Weber (on phone), Michael Phillips

ABSENT: None

STAFF: Todd Dalsing, Dan Klaas (on phone), Jenny Messerich

GUESTS: University of Dubuque students (in person and on phone)

*Note: Commissioner Bob Woodward completed his oath of office after roll call.

AIRPORT COMMISSION MINUTES

Commissioner Doug Brotherton moved to approve the minutes of the February 25, 2025 meeting. Commissioner Bob Woodward seconded the motion. The motion passed unanimously.

PUBLIC INPUT

None.

ACTION ITEMS

1. Airfield Pavement Management Program

Commissioner Mariann Kurtz Weber moved to approve Resolution Nos. A800-1-2025 Authorizing FAA Grant Agreements for Airfield Pavement Management Program (PMP) Updates Project and A800-2-2025 Authorizing an Agreement for Engineering Services for Airfield Pavement Management Program (PMP) Update Project. Commissioner Doug Brotherton seconded the motion. The motion passed unanimously.

2. Runway Marking Improvement Project

Commissioner Doug Brotherton moved to open the public hearing. Commissioner Bob Woodward seconded the motion. The motion passed unanimously.

No discussion during public hearing.

Commissioner Doug Brotherton moved to close the public hearing. Commissioner bob Woodward seconded the motion. The motion passed unanimously.

Commissioner Bob Woodward moved to approve Resolution No. A700-1-2025 Awarding Public Improvement Contract for Runway Markings Improvement Construction Project. Commissioner Doug Brotherton seconded the motion. The motion passed unanimously.

STAFF REPORTS

Airport Director Todd Dalsing provided the monthly staff reports.

CLOSED SESSION

Commissioner Doug Brotherton moved to go to closed session. Commissioner Bob Woodward seconded the motion. The motion passed unanimously.

NEXT COMMISSION MEETING

The next scheduled Commission meeting is April 22, 2025.

The meeting was adjourned at 5:10 p.m.

Minutes respectfully submitted by Jenny Messerich.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

EQUITY AND HUMAN RIGHTS COMMISSION MEETING MINUTES
April 8, 2025

DATE: Tuesday, April 8, 2025
TIME: 4:30 PM
LOCATION: Multicultural Family Center, 1157 Central Avenue, Dubuque, IA 52001

The meeting was called to order at 4:35 pm.

Commissioners Present: Jake Kurczek, Matthew Zanger, Michaela Freiburger, Dave Heiar, Rick Baumhover, DeLano Cain Watson, Traci Phillipson

Commissioners Absent: Luselena Bravo, Nikki Nutter

Staff Present: Gisella Aiken Shadle, Chief of Equity and Human Rights; Ann Marie Jannette, Equity and Human Rights Specialist

New commissioner Traci Phillipson was sworn in. Returning commissioner Rick Baumhover was also sworn in.

Approval of Meeting Minutes

Motion to approve the minutes as corrected from the February 11, 2025 meeting by Freiburger, seconded by Baumhover. All in favor.

Public Input

No members of the public were in attendance.

Reports

Caseload Report

- Complaints filed – number of complaints that were signed during the month
  - March amount: 0
- Active investigations – investigations that are currently active but in various stages (active, administrative review, initiated, on hold, etc.)
  - March amount: 15
- Incidents in mediation – complaints currently in mediation
  - March amount: 0
- Incidents in full hearing – complaints in full hearing process
  - March amount: 0
- Inquiries – calls/inquiries that don't result in an official complaint being filed (including outreach events)
  - March amount: 11
- Complaints closed during the month – signed complaints that were closed during the month (doesn't include inquiries or complaints that were never filed)

    - March amount: 0
- Total inquiries and complaints FY25 – signed complaints filed in FY25
    - March amount: 149

Example of EHR complaint received in March 2025:

No complaints were filed in March.

Director's Report

Aitken-Shadle reported that the department had recently attended an outreach event at Clarke University where Aitken-Shadle also presented on a panel about immigration. She is currently watching the state legislative bills, one of which would lower the commissioner's term from three years to two years. The City has different teams internally to track the bills. Community Impact, the Multicultural Family Center, and the Office of Shared Prosperity may also be affected by the bills.

Aitken-Shadle asked Chairperson Kurczek to send a letter in the mail to Bravo to respond promptly on her interest in joining the commission. If she doesn't want to join the commission then she will be invited out of the commission due to lack of attendance and lack of response to emails and phone calls.

Chairperson's Report

Chairperson Kurczek reported that he is tracking the legislative bills.

Old Business:

Freiburger reached out to Maitha Joilet about facilitating for the event who agreed to participate. The theme will center around belonging and racial incidents in the community. It will include 10-15 Marshallese individuals. The intention will be to collect stories from the individuals and share them with City Council and state legislators. There was discussion about having only one commissioner attend the event. Aitken-Shadle felt that all commissioners should attend, at least briefly, to introduce themselves and put a face to the commission.

Heiar to reach out to Alex Baum to make sure the group of Marshallese for the event are coming from different groups within the community. Freiburger will train the facilitator in understanding what information the commission is looking for.

Baumhover provided an update on the DCPRC. Everything is currently on hold with this group as they wait to see what the state legislature will pass and what the language on the bills will look like. Currently the Civil Service Commission has three members and if the DCPRC is required to disband (per one of the bills) then the commission would increase to five or six members. If the bill regarding the DCPRC doesn't pass then they will draft a new memorandum of understanding.

The DCPRC requested training from Police Chief Jeremy Jensen and Kelly Larson. Aitken-Shadle to look into doing the training. It may need to be postponed until the state legislature decides on which bills to pass.

New Business:

Antonio Mouzon and LaMetra Murdock from the Office of Community Impact and the Multicultural Family Center, and Anderson Sainci from the Office of Shared Prosperity were not able to attend. The commission will wait until after the bills are passed (or not) to invite them to the commission as the bills may affect their positions as well. There are several bills at the state and federal level that affect the Equity & Human Rights (EHR) Department and the EHR Commission.

Reflections and Updates

Kurczek has been working on filling in the partnership spreadsheet and understanding who else in the City has similar missions to partner and collaborate with. Kurczek to also reinvite state legislators to the meeting after the current session is over in May.

Adjournment:

Motion to adjourn by Heiar, seconded by Baumhover. All in favor. The meeting ended at 5:52 p.m.

The next regularly scheduled meeting is scheduled for Tuesday, May 13, 2025, at 4:30 p.m., at the Multicultural Family Center.

Minutes approved as submitted: _____

Minutes approved as corrected: Mirella M. Nitkin-Shadle

Approved

MINUTES
HISTORIC PRESERVATION COMMISSION
REGULAR SESSION
5:30 p.m.
Thursday, April 17, 2025
City Council Chambers, Historic Federal Building

Commissioners Present: Chairperson Janice Esser; Commissioners, Bill Doyle, Christina Monk, Heidi Pettitt, Rick Stuter, Chad Witthoeft, Adam Schwendinger.

Commissioners Excused: Tim Gau.

Commissioners Unexcused: None.

Staff Members Present: Chris Happ Olson and Travis Schrobilgen.

CALL TO ORDER: The meeting was called to order by Chairperson Janice Esser 5:31 p.m.

MINUTES: Motion by Pettitt seconded by Stuter, to approve the minutes of February 20, 2025, meeting as submitted. Motion carried by the following vote: Aye – Janice Esser, Bill Doyle, Christina Monk, Heidi Pettitt, Rick Stuter; Nay – none; Abstain - Chad Witthoeft, Adam Schwendinger.

ACTION ITEMS:

DEMOLITION PERMIT
Applicant: Jeffrey Streinz
Owner: *same*
Address: 2098 Central Avenue
Project: Building and portico demolition
District: Washington Neighborhood Historic District

Staff Member Happ Olson presented the staff report noting the history of the structure, showing historic and contemporary imagery and information regarding the development of this structure. She stated that the building was identified in multiple surveys as non-supportive, and not in a potential district, however, 23 years after the last survey, the structure is past the arbitrary 50 year threshold which the National Park Services uses for waiting to determine whether a structure is National Register Eligible. She said structure will be 55 years old this year, and that it is relatively intact and a good example of the time period in which it was built, as a modern service garage. She said that it is reasonable if someone wanted to try to get historic tax credits, that it might be considered National Register eligible on its own, or that an argument could also be made that it is not historic.

Jeff Streinz, 2894 Thornwood Court, spoke in favor of the request. He noted they intend to tear down the building and tear out the asphalt and concrete and in the short term replace with grass. He said they have no development plans at this point. He said they have received offers which have not been great in his opinion: mostly payday loans, bars and used car lots. He said that in his opinion the site would be better off to tear down for a better use. He noted that there is some worry from investors because it used to be a gas station, but he said he received a letter of no further action required from the Iowa Department of Natural Resources and so there is no environmental issue remaining. He said the building has been empty for seven years and that he does not want a bar in there. He said it is prime real estate with access from three sides and the size of the lot makes it desirable. He concluded that he originally did not want to pay for the demolition and was hoping whoever purchased it would take care of that.

Commissioners discussed the proposal. Commissioner Stuter prompted the applicant to speak about future plans for the site. The applicant noted no future plans. Commissioner Doyle discussed the site as it relates to the historic context of the neighborhood. He said for the older neighborhood, that he would rather not have a parking lot business in the neighborhood, noting that something with an urban form would be better there. He said the site may be listable, but infill would likely be better use of the lot. Commissioner Esser said that as a realtor she could see the concern of investors due to the former gas station use. Schwendinger asked how long the applicant owned it and how long it was on the market. The applicant noted he owned it for 18 years and it was on the market for 6-7 years. Schwendinger noted that it was an interesting structure and agreed with most of Commissioner Doyle's comments. He said the structure felt somewhat out of place in the older neighborhood but that it was not an eyesore. He expressed concern about missing teeth if it is removed and nothing else happens. He clarified to the Commission that he judges significance based on how easy it is to replicate. He said that if asked he would say it is not an architectural loss. Commissioner Monk stated she admired the structure but has no compelling reason to keep it as it appears non-contributing.

Staff member Happ Olson clarified that the demolition part of the Code is challenging, especially in a situation like there where there are probably valid arguments for significance and for not being significant. She noted the code has the Commission determine if it is significant or not, but in some cases, the significance is not very clear. The surveys we look to see it as non significant, but those are outdated and now the Commission has to evaluate it.

Commissioner Monk asked if the applicant would consider native plantings. Pettitt noted that Mowing to Monarchs would be a great contact and may even have money to help plant it. Commissioner Doyle noted that anything is better than a parking lot. Staff Member Schrobilgen noted that there are nuisance laws regarding long grass or wooded areas and it would be smart to investigate that first.

Motion by Doyle, seconded by Monk, to approve the application as submitted due to its lack of significance. Motion carried by the following vote: Aye – Janice Esser, Bill Doyle, Christina Monk, Heidi Pettitt, Rick Stuter, Adam Schwendinger; Nay – none; Abstain – Witthoeft

DEMOLITION PERMIT

Applicant: John Freund, FFFIC LLC
Owner: *same*
Address: 1005 Main Street
Project: Modification of cornice and chimneys
District: Jackson Park Conservation District

Staff member Happ Olson presented the staff report noting the physical condition of the building and cornice, stating that the applicant came to modify the cornice and she was considering it not to be a demolition, but when the applicant stated they wanted to remove the chimneys, she changed gears and asked the applicant to bring the project before the Commission, as this was typical practice with highly visible chimneys.

Commissioner Doyle asked for clarification on what the specific request is. Doyle's initial reaction was that the removal of a portion of the cornice and replacement with a metal cornice would constitute a demolition, contrary to Happ Olson's previous finding.

John Freund, 8885 Bellevue Heights, and Kelly Jackson with Fred Jackson Tuckpointing, 475 E 28th Street in Dubuque spoke as the owner and contractor. They noted that there are moisture problems including spalling of brick at the parapet and cornice. The contractor found a significant moisture problem at the parapet. He originally repaired the parapet, but it continues to spall and is now seeking to fix the issue permanently. The applicant noted that the chimneys are not well used and that they did not want them any longer as they add potential water issues. He said ultimately, they are looking to remove the 10th street chimneys and remove 10 courses of brick (about 24"), place a moisture barrier, add a concrete cap on which a new framed structure and metal cornice would be replaced. He noted that nothing can be affixed to the brick, which is why they need a concrete cap.

The Commission asked what is planned below the cornice and whether the chimneys needed to be removed due to leaking or some other issue? Freund said that lower and mid section of the cornice will be repaired and tuckpointed and that the chimney is in good condition but remains largely unutilized (with gas fireplaces at the second floor) and would introduce potential issues with being able to create a coherent in-line cornice. The chimneys are not in a state of disrepair.

Commissioner Doyle noted that the Sanborn maps indicate that a metal cornice may have been original but is a little unclear. Commissioner Monk noted that the building is of great significance, the chimneys appear solid and is well built and said she felt there would be loss of character if the chimneys were removed.

Happ Olson noted that historically something would have been over the cornice to protect it (like an overhang or cap), but couldn't find clear enough documentation to demonstrate that. The issue with the existing stepped back upper cornice is that it isn't protected from the elements, and therefore there is water infiltration, efflorescence and spalling.

Commissioner Schwendinger said the owner is doing great work so far and that they seem to be looking to do the right thing. He agreed that something needs to be done to protect the integrity of the entire building and that this could be just another stage in the history of the property. He concluded that demolition of the top section of cornice would be solving a problem when replacing it with a new metal cornice. Commissioner Pettitt found a historic image and shared it with the room. The 1891 drawing showed the building as it is now but with a metal, formed undulating cap that covers that 24" upper inches of cornice.

The applicant reiterated that the 10th street side suffers from the elements the most (south side) and is most vulnerable to the elements. He said there was an accident where a vehicle hit front of the building, and they think they probably broke the vacuum on the envelope. He noted that part of the storefront has been repaired a couple times on the 10th street side, as sunlight and elements are severe on that side.

Commissioner Pettitt noted that the chimney is a decorative and character-defining feature and that she is against demolition of them. The contractor noted that they intend to have the metal cap go straight across and through where the chimneys are and that is why they would prefer to remove them. He noted the overall height of the parapet would not change.

Commissioner Monk noted that on the list of priorities, the building is staying, which is great, that the cornice has changed over time and that the chimneys would feel less important if the cornice runs straight through, obliterating the top 3-4 feet of those chimneys. Commissioner Doyle reminded Commissioners that this review was for demolition and not a design review. He said he would vote to keep chimneys but would approve of demo of the upper cornice.

Cornice: Motion by Monk, seconded by Doyle, to approve the cornice demolition and rebuilding referring to the application as submitted. Motion carried by the following vote: Aye – Janice Esser, Bill Doyle, Christina Monk, Heidi Pettitt, Rick Stuter, Adam Schwendinger; Nay – none; Abstain – Witthoeft.

Chimney: Motion by Doyle, seconded by Pettitt, to approve the demolition of the Chimneys as submitted. Motion denied by the following vote: Aye – None; Nay – Janice Esser, Bill Doyle, Christina Monk, Heidi Pettitt, Rick Stuter, Adam Schwendinger; Abstain – Witthoeft.

ITEMS FROM PUBLIC: None.

ITEMS FROM THE COMMISSION: None.

ITEMS FROM STAFF:
Historic Preservation Awards - Esser, Monk, Doyle, Pettitt stated they would be available to attend and assist at the awards.

Training Opportunities:

- Iowa State University: Esser and Witthoeft stated they would like to attend.

- Preserve Iowa Summit: Pettitt and Witthoeft would like to attend; Doyle and Happ Olson attending and presenting. Schwendinger expressed interest and would get back.

- Prairie School Legacy in Iowa: Doyle described the federal funding cut requiring a scaling back of the symposium. Monk, Schwendinger, Doyle, and Esser want to attend.

- Past Forward in Milwaukee: Heidi, Doyle, and likely Esser hope to attend. (As well, it was noted that it conflicts with our September 18 HPC meeting.)

Eagle Point Park Historic Structures Report
Staff member Happ Olson reported that the Jeffris Family Foundation-funded Historic Structures Report for the Alfred Caldwell-designed buildings at Eagle Point Park is complete. She described the value of the document as a record of the state and condition of the buildings, a fascinating investigation of the history of the park, and possessing as-built drawings for these structures. She also noted it is a great read. Although the park only was listed for the National Register under local significance, the investigation led to the State agreeing it has state significance, and the experts agreeing it likely has national significance.

The document has a schedule of probable costs that allows us to estimate and prioritize work that needs to be done. There was further discussion about next steps for the using the document to undertake restoration. Olson asked that the commission vote to adopt and approve the document.

Motion by Monk, seconded by Schwendinger, to approve the report as submitted. Motion carried by the following vote: Aye – Janice Esser, Bill Doyle, Christina Monk, Heidi Pettitt, Rick Stuter, Chad Witthoeft, Adam Schwendinger; Nay – none.

Programmatic Agreement (PA) with State Historic Preservation Commission
Staff detailed the process of Section 106 at the city and the benefit of adopting a programmatic agreement with the State Historic Preservation Office (SHPO) to expedite review of projects where historic and cultural resources are not being harmed. She

stated the SHPO appreciates the quality of Dubuque's Section 106 work. Allowing for this PA demonstrates their trust in us to document and report back once a year to them for those special instances where historic and cultural resources are not being negatively affected. The agreement allows the city to avoid the 30-day wait period which allows us to work in a more efficient matter with those federal funds. Happ Olson noted that the City has opened a 30 day public comment period as part of the agreement drafting terms. There is a link on the City website that allows the public to review this document and comment. Schwendinger noted the completeness of the document and agreement that it was great that Dubuque is offered this opportunity.

Motion by Doyle, seconded by Pettitt, to approve the Programmatic Agreement Draft as submitted. Motion carried by the following vote: Aye – Janice Esser, Bill Doyle, Christina Monk, Heidi Pettitt, Rick Stuter, Chad Witthoeft, Adam Schwendinger; Nay – none.

ADJOURNMENT: Motion by Monk, seconded by Doyle to adjourn the April 17, 2025, Historic Preservation Commission meeting. Motion carried by the following vote: Aye – Janice Esser, Bill Doyle, Tim Gau, Christina Monk, Heidi Pettitt, Chad Witthoeft and Adam Schwendinger; Nay – none.

The meeting adjourned at 7:26 p.m.

Respectfully submitted,

Chris Happ Olson, Assistant Planner

Adopted

MINUTES FOR HOUSING COMMISSION MEETING

APPROVED
by Housing Commission on 04/01/2025

DATE: Tuesday, January 28, 2025
TIME: 4:00 p.m.
PLACE: Housing and Community Development Department
350 West 6th Street; Dubuque, IA 52001

Chairperson Rick Baumhover called the meeting to order at 4:05 p.m. following staff assurance of compliance with Iowa Open Meeting Law.

Commissioners Present: Rick Baumhover, Cathy Dickens, Amy Eudaley, Ross Janes, Renee Kehoe (arrived at 4:16 pm), Julietta Scott (left at 5:13 p.m.), Rick Merfeld

Commissioners Absent: *None*

Staff Present: Gina Hodgson, Tonya England, Hollie Ohnesorge, Allie Kutsch, Mary Bridget Corken-Deutsch

Public Present: *None*

Oath of Office – Renee Kehoe
Renee Kehoe read and accepted Oath of Office at 4:19 p.m.

Oath of Office – David Wall
David Wall was not present for the Housing Commission Meeting.

Certification of Minutes – October 22, 2024, Housing Commission Meeting
Commissioner Rick Merfeld moved to approve the Minutes for the October 22, 2024 Housing Commission Meeting. Commissioner Cathy Dickens seconded. Six (6) in favor. Zero (0) not in favor. Zero (0) abstained. Motion passed.

Correspondence/Public Input
There was no correspondence nor public input.

Old Business

a) Adopt PHA Conflict of Interest Policy – revised policy is not yet completed. It will be sent out to Housing Commission when available.

Gina Hodgson, Assisted Housing Supervisor, stated the revision of the PHA Conflict of Interest Policy has yet to be received from the Legal Department. If it is received prior to the April 2025 Housing Commission Meeting, a notification will be sent to the Commissioners by email.

New Business

a) Introduction of new FSS Coordinator: Allie Kutsch

Hodgson introduced the newest member of the in Assisted Housing team—Allie Kutsch. She formerly worked in Leisure Services and Americorp. On January 13, 2025, Kutsch started as a Family Self-Sufficiency Coordinator in the Housing & Community Development Department.

b) Election of Housing Commission Chairperson

The Housing Commission discussed appointing a Housing Commission Chairperson.

Commissioner Ross Janes moved to appoint Commissioner Rick Merfeld as the Chairperson for the Housing Commission. Commissioner Amy Eudaley seconded. Six (6) in favor. Zero (0) abstained. Motion passed.

(Commissioner Merfeld presided over the meeting from this point.)

c) Election of Housing Commission Vice Chairperson

The Housing Commission discussed appointing a Housing Commission Vice Chairperson.

Commissioner Eudaley moved to appoint Commissioner Cathy Dickens as the Vice Chairperson for the Housing Commission. Commissioner Julietta Scott seconded. Six (6) in favor. Zero (0) not in favor. Zero (0) abstained. Motion passed.

d) Appointment of Liaison to Housing Trust Fund Advisory Committee

The Housing Commission discussed appointing a Liaison to the Housing Trust Fund Advisory Committee.

Commissioner Janes moved to appoint Commissioner Amy Eudaley as the Liaison to Housing Trust Fund Advisory Committee. Commissioner Cathy Dickens seconded. Six (6) in favor. Zero (0) not in favor. Zero (0) abstained. Motion passed.

e) Appointment of Liaison to Long Range Planning Commission

The Housing Commission discussed appointing a Liaison to the.Long Range Planning Commission.

Commissioner Dickens moved to appoint Commissioner Julietta Scott as the Liaison to Long Range Planning Commission. Commissioner Eudaley seconded. Seven (7) in favor. Zero (0) not in favor. Zero (0) abstained. Motion passed.

f) Analysis of Impediments to Fair Housing Presentation

Mary Bridget Corken-Deutsch presented a summary of the Analysis of Impediments to Fair Housing 2025-2030, which had been previously approved by the CDBG Advisory Board. During her review of the goals and actions, she indicated some of the goals and actions were vague; she and Hodgson had spoken about who would possibly take ownership of the individual goals.

Corken-Deutsch also indicated the entire staff of the Housing & Community Development Department along with community partners would have a role in addressing Goal #3. She explained community gardens would be used to revitalize our community.

Hodgson added that some of the goals and actions may be utilitzed to create key performance measures in the PHA 5-Year Plan for the Housing Choice Voucher program. In the last five years, the arrest records were taken out of the background checks; background checks now show the convictions only.

g) Recommendation to City Council to approve and adopt the Analysis of Impediments to Fair Housing 2025-2030

Commissioner Scott moved to recommend to City Council to approve and adopt the Analysis of Impediments to Fair Housing 2025-2030. Commissioner Dickens seconded. Seven (7) in favor. Zero (0) not in favor. Zero (0) abstained. Motion passed.

h) PHA 5-Year Plan Discussion – Housing Goals & Objectives

Hodgson spoke about the goals and actions for the Impediments to Fair Housing and the key performance measures during the discussion regarding the PHA 5-Year Plan. She requested that the commissioners bring ideas to the Public Hearing, which will be held in April 2025. (A draft of the 5-Year plan had to be posted by February 15, 2025 for review by the public.)

It was requested that landlord education information be added to the Plan.

i) Proposal to move April Housing Commission Meeting up to 4/1/25 to meet PHA 5-Year Plan submission timeline

Hodgson explained the Public Hearing needed to be scheduled prior to next scheduled regular meeting date in order to submit the PHA 5-Year Plan to City Council for approval and HUD by the deadline.

Commissioner Dickens moved to recommend for the regular Housing Commission Meeting be moved to Tuesday, April 1, 2025 to meet the PHA 5-Year Plan submission timeline. Commissioner Eudaley seconded. Six (6) in favor. Zero (0) not in favor. Zero (0) abstained. Motion passed.

Reports

a) Community Development Advisory Commission Report

Commissioner Renee Kehoe did not provide a report on the last meeting for the Community Development Advisory Commission.

b) Assisted Housing Waiting List Statistical Summary

Hollie Ohnesorge, Assisted Housing Administrator, asked if the Commission had questions regarding the report; there were no questions. Ohnesorge did not have additional information to add regarding the report for the U.S. Department of Housing and Urban Development (HUD) requested that voucher issuances cease.

c) Housing Choice Voucher Participant Statistical Summary

Ohnesorge did not report additional information related to the Household Composition Report.

Information Sharing

a) The White House's Office of Management and Budget (OMB) issued a pause of financial assistance.
b) A suggestion was made for an evaluation be completed on upstairs units that are located downtown that are not currently utlized.
c) A suggestion was made to create landlord videos that include the success of clients going from rental assistance to homeownership.
d) Place information about housing programs in the utility billings was another suggestion offered to increase awareness.
e) Opening of waiting list is posted on Facebook and City of Dubuque's website.
f) For the next meeting, the Commissioners would like to know what sources are available that may be used for items that are not fixed in units. They would also like to know what procedures are followed when items are not fixed. (Hodgson offered to invite Ben Pothoff to the next meeting to address questions.)
g) The budget meetings with City Council will be held in April 2025.
h) St. Vincent de Paul, in conjunction with other non-profit organizations, works to provide assistance to those in need. St Vincent de Paul's hotline telephone number is (563) 584-2226.

Adjournment

There being no further business to come before the Commission, Commissioner Rick Baumhover moved to adjourn the meeting. Commissioner Renee Kehoe seconded. Motion passed by voice vote. Meeting adjourned at 5:33 p.m.

Minutes taken by:

TEngland

Tonya England
Recording Secretary

Approved

MINUTES
CITY OF DUBUQUE LONG RANGE PLANNING ADVISORY COMMISSION
REGULAR SESSION
5:30 p.m.
Wednesday, March 19, 2025
City Council Chambers, Historic Federal Building

Commissioners Present: Chairperson Michael Rabagia, Vice Chairperson Beth McGrath; Commissioners Jason Davis, Aaron Miller, and Julietta Scott; Commissioner Cliff Conrad attended virtually.

Commissioners Excused: Mark Ward.

Commissioners Unexcused: None.

Staff Members Present: Wally Wernimont and Jason Duba.

CALL TO ORDER: The meeting was called to order by Chairperson Rabagia at 5:30 p.m.

Introductions were made for new commissioner Julietta Scott, liaison from the Housing Commission.

MINUTES: Motion by Rabagia, seconded by McGrath, to approve the minutes of the February 19, 2025 Long Range Planning Advisory Commission meeting as submitted. Motion carried by the following vote: Aye – Conrad, Davis, McGrath, Miller, Scott, and Rabagia; Nay – None.

ACTION ITEM

New Urban Revitalization District: Cedar Cross Road Urban Revitalization District
Planning Services Director Wernimont explained the application of Callahan Construction and why this urban revitalization district is being created. He described the apartment complex and its proposed six 30-unit buildings, totaling 180 units. He explained that the applicant is seeking tax abatement of 100% for 10 years to pay for the off-site improvements that will be provided: a turn lane on Cedar Cross and an extension of the sanitary sewer main from Catfish Creek. He explained that this project falls under the category of housing creation. He displayed the vicinity map, conceptual plan, and 3D rendering of the proposed development, noting the locations of the buildings and amenities. He stated that the commission's task is to review the proposal for alignment with the Comprehensive Plan and make a recommendation to City Council.

Staff Member Duba reviewed the Comprehensive Plan and the proposed development's concurrence with it. He noted that the plan promotes infill and multi-family development. He referred to several recommendations in the plan that the proposed project would help to meet:

- Integrate future neighborhoods into Dubuque via access to trails, open space, and other recreational and educational amenities and connections to needed goods and services.
- Encourage a mix of housing affordable for all segments of Dubuque's populations throughout the community, including options for those who might be saving for their first home.
- Encourage new multi-family development in proximity to jobs to minimize transportation costs.

Commissioner Miller asked clarifying questions about traffic entering and exiting the property and traveling along Cedar Cross Road. Wernimont showed the concept plan and explained the entrance and exit from the property and the traffic study's conclusion that a left turn lane would need to be added on Cedar Cross Road, which would be one of the improvements the developer pays for. He also described general changes to Cedar Cross as more retail sales and service businesses get established along it and the City's goal to improve the street at some point in the future.

Commissioner McGrath asked whether there would be any other access points to the property. Wernimont explained that there was not another access due to the location along Catfish Creek and along a hill. He noted that the Fire Department approved this access per fire code with the condition that all buildings be sprinklered.

Wernimont gave an overview of the property's development history, its rezoning to PUD, and an explanation of all the aspects that were covered through that process.

Commissioner Scott asked about the makeup of the apartment units. Wernimont stated that he did not have the breakdown, but that it would be mostly one- and two-bedroom units with some three-bedroom units. He noted that developers seeking City incentives are required to accept applications from Housing Choice Voucher holders. He described Callahan's other developments around eastern Iowa, noting that he started developing in Dubuque after the passage of housing incentives by City Council to address the documented housing shortage of 1,100 units. Wernimont described other housing developments in Dubuque, some of which are also using these incentives. He noted that there are 2,400 units in various stages of review and construction.

Commissioner Miller asked about the tax incentive, and Wernimont explained that it's 10 years of tax abatement for the increase in property value above the current value, but the school district portion of the tax is still collected. He estimated the value of the development to be $30-$40 million. Commissioner Davis asked if the total 10-year abatement amount was known. Wernimont replied that he didn't have that number, and it was dependent on various factors, including whether all six apartment buildings would ultimately be constructed. Wernimont described the benefits to all parts of the housing

market when new housing of any type is constructed.

Commissioner McGrath asked about the phased approach of this development and what that means for the tax abatement. Wernimont explained that each phase would have its own schedule for tax abatement.

Wernimont described the difference between urban revitalization and urban renewal and how urban renewal allows the City to use part of the increment for affordable housing projects. He also described some of the other tax breaks that housing projects can utilize.

Commissioner Scott asked about acceptance of Housing Choice Vouchers and if there was a quota requirement. Wernimont described the amount of rent an HCV could potentially cover and there is no quota established.

Motion by Scott, seconded by McGrath, to recommend approval of the Cedar Cross Road Urban Revitalization District. Motion carried by the following vote: Aye – Conrad, McGrath, Scott and Rabagia; Nay – None; Abstain – Davis and Miller.

Note: Both Dave and Miller noted they would like to abstain from the vote until they know the total amount of tax abatement the development would generate.

ITEMS FROM PUBLIC: None.

ITEMS FROM COMMISSION: None.

ITEMS FROM STAFF:

Imagine Dubuque Update

Duba explained that the Local Infrastructure Hub has asked to feature Imagine Dubuque among their Transformative Projects.

UDC Update

Wernimont noted that they are reviewing the Technical Report produced by the consultant, which will eventually be released to the public along with survey results. He noted some of the topics under consideration are parking, design guidelines, and the structure of the document.

ADJOURNMENT: Motion by Rabagia, seconded by Davis, to adjourn the March 19, 2025 Long Range Planning Advisory Commission meeting. Motion carried by the following vote: Aye – Conrad, Davis, McGrath, Miller, Scott, Ward, and Rabagia; Nay – None.

The meeting adjourned at 6:30 PM.

Respectfully submitted,

Wally Wernimont, Planning Services Director

Adopted

PARK AND RECREATION COMMISSION MEETING
Monday, April 07, 2025

Comiskey Park Building, 255 E 24th Street,
Dubuque, Iowa 52001

PRESENT: Jennifer Tigges, Robin Kennicker, Ron Axtell, Josh Jorgenson, and Jessica Ochoa

ABSENT: Lori Ollendick, and Jason Henkel

STAFF PRESENT: Steve Fehsal, Dan Kroger, Angie Metcalf, and Mary Rose Corrigan with the City's Health Services Department.

CALL TO ORDER: Tigges called meeting to order at 4:35pm.

MINUTES APPROVED; VOTE:

It was moved by Jorgenson, seconded by Axtel, to approve the minutes of the March 11th, 2025, meeting. Unanimous.

PUBLIC INPUT:

Sarah Sutton 1700 North Algonquin, Dubuque Iowa – Opposed to changing the ordinance specific to Murphy and Eagle Point Park due to some people's fear of dogs, cleanliness. She also expressed her concerns about the tennis courts and that they need to be replaced.

Art Gilloon 535 Heritage Drive, Dubuque Iowa – Opposed to changing the ordinance. Recommends the commission not review or make any changes to the ordinance until after the Parks and Recreation Master Plan is complete.

Mary Klaus 1605 Lincoln, Dubuque Iowa – Opposed to changing the ordinance Does not want to have dogs in eagle point park.

PETS IN PARKS DISCUSSION:

Mary Rose Corrigan, Public Health Director, explained the Health Department's enforcement on the animal control ordinance and the department's response to complaints. After lengthy discussion and review of public input, Axtel suggested no change to the current ordinance 10-5B-4: Dogs and Cats. Axtel made a motion to recommend no change to the ordinance 10-5B-4: Dogs and Cats. Ochoa Seconded. Unanimous.

EAGLE POINT PARK HISTORIC STRUCTURES REPORT RECOMMENDATION:

Park Division Manager Fehsal explained a consulting company was hired to complete a review of the historic structures at Eagle Point Park. The Historic Structures Report includes the history, current condition, and identify appropriate treatments of three structures designed by Alfred Caldwell.

Kennicker made a motion to recommend Council's approval of the Eagle Point Historic Structures Report and Ochoa seconded. Unanimous.

REQUEST TO WAIVE EAGLE POINT PARK FEE FOR KIDS TO PARK DAY ON MAY 17TH 2025:

It was moved by Axtel, seconded by Ochoa, to approve the request to waive the Eagle Point Park fee for Kids to Park Day on May 17th 2025. Unanimous.

REVIEW AND APPROVE DUBUQUE WATERSPORTS CLUB LEASE:

It was moved by Kennicker, seconded by Jorgenson, to approve the Dubuque Watersports Club Lease. Unanimous.

RUSTIC POINT SUBDIVISION PARK NAMING RECOMMENDATION:

Axtel made a motion to recommend Council's approval of naming the park located in the Rustic Point Subdivision, Rustic Point Park and seconded by Kennicker. Unanimous.

PARKS AND RECREATION COMPREHENSIVE MASTER PLAN UPDATE:

Recreation Division Manager Dan Kroger explained the consultants were in Dubuque last week talking with staff and community members to gather input. This will be first of multiple visits to Dubuque. Kroger also provided details in which the public can provide their input regarding the master plan and provided a walk through of the website. He passed out bookmarks and flyers to the commission members to spread the word.

DIVISION MANGER REPORT:

Park Division manager Steve Fehsal provided an update on ongoing projects.

COMMISSION COMMUNICATIONS/QUESTIONS:

Jorgenson participated in an annual alumni event and wanted to thank the city for putting it together. Commission Member Tigges read aloud a letter to the editor of the TH, written by Keith Breitbach regarding his appreciation for Eagle Point Park and it's history.

Tigges read aloud an online facebook post from a community member regarding basketball at Comiskey Park. The community member mentioned her gratitude for an older group of young men including a small group of younger boys in a basketball game. Showing them sportsmanship and kindness.

ADJOURNMENT:

It was moved by Ochoa, seconded by Kennicker, to adjourn the meeting 5:51 p.m. Unanimous.

Approved

MINUTES
CITY OF DUBUQUE ZONING BOARD OF ADJUSTMENT
REGULAR SESSION
5:30 p.m.
Thursday, April 24, 2025
Jule Operations & Training Center

Board Members Present: Chairperson Jonathan McCoy, Board Members Keith Ahlvin, Gwen Kosel, Rena Stierman and Matt Mauss.

Board Members Excused: None.

Board Members Unexcused: None.

Staff Members Present: Wally Wernimont, Shena Moon, and Travis Schrobilgen

CALL TO ORDER: The meeting was called to order by Chairperson McCoy at 5:37 p.m.

MINUTES: Motion by Kosel, seconded by MCoy, to approve the minutes of the February 27, 2025, Zoning Board of Adjustment meeting as submitted. Motion carried by the following vote: Aye – Kosel, Stierman, and McCoy; Nay – None; Abstain – Mauss, Ahlvin.

DOCKET – 08-25: Application of Ries Bohr, 1255 Washington Street, to allow residential use on the first floor where it is only allowed above the first floor in a C-4 Downtown Commercial zoning district.

Ries Bohr, 1255 Washington Street, spoke in favor of the request. He explained that almost all the homes in the area have residential on the first floor. He noted that the proposal is to add a dwelling on the outside of the building. He said he could already build above the first floor and that a dwelling unit at floor level versus eight feet in the air doesn't alter the neighborhood.

Rob Bohr, 16363 Derby Grange, spoke in favor of the request. He stated that his son is looking to be at the property so he can keep an eye on the business, that he will invest in the property, and will increase the value of the property.

Staff Member Schrobilgen detailed the staff report noting that the property is in a neighborhood that consists primarily of legally nonconforming residential structures and uses. He said the intent of the requirement to have residential use above the first floor only in order to preserve commercial activity at street level in downtown districts. Staff noted that the neighborhood and this portion of Washington Street were not developed with traditional commercial storefronts. Staff also clarified that the dwellings were constructed, and the zoning district was put in place afterward which explained the neighborhood's development pattern.

The Board discussed the proposal. Chairperson McCoy noted that the variance criteria are very specific and said it was tough to meet the five criteria. He read the five criteria for the applicant's information. He noted having reservations regarding a first-floor residence in perpetuity at the site. Board Member Ahlvin agreed that the variance criteria make variance approvals difficult.

Board Member Stierman noted no concerns with the request and stated that rules are in place for constructing a residence. Board Member Kosel noted no questions or concerns. Board Member Mauss noted that the area is unique with many residential uses on the first floor. He concluded that he does not have any concerns with the proposal.

There was no public input.

Motion by McCoy, seconded by Mauss, to approve the request as submitted. Motion carried by the following vote: Aye – Kosel, Mauss, and Stierman; Nay – Ahlvin and McCoy both citing criteria 1 and 2.

DOCKET – 12-25: Application of Rudy and Shawn Vera, 560 Jefferson Street, to construct a shed 1' from front property line (along Jefferson Street) and 2' from the side property line, where 20' and 6' minimum is required, respectively, and to construct a pergola 0' from the front property line (along Wilbur Street) where 20' minimum is required in the R-2 Two-Family Residential zoning district.

Shawn Vera, 560 Jefferson Street, spoke in favor of the request. She explained that the shed is a replacement of the previous shed which was too small. She noted they wanted it to look historic to fit into the neighborhood and went to the historic preservation commission for approval. She then described how the pergola was installed after they had received approval for a deck, but it turned out it didn't work with the site. She said they made changes, including constructing a new retaining wall and they decided to place a pergola instead of a deck.

Staff Member Schrobilgen detailed the staff report noting that both the shed and pergola were reviewed by the Historic Preservation Commission (HPC) and that both were approved. He said the property is unique and has two addresses because it sits on a bluff which divides the property in two. He noted that the case was found due to a complaint regarding building permits and that the Board approval, as well as the approval of the HPC, would be necessary for Planning staff to sign off on any building permit(s).

Board Members discussed the proposal, finding it appropriate. Board Member Alvin noted that the pergola should have the condition to remain of an open design and Board Member Stierman concurred. Chairperson McCoy asked the applicant if they were ok with the condition. They replied that they were.

There was no public input.

Motion by Ahlvin, seconded by Kosel, to approve the request with the following condition:
1. The pergola remain of an open design.

Motion carried by the following vote: Aye – Ahlvin, Kosel, Mauss, Stierman, and McCoy; Nay – None.

DOCKET – 13-25: Application of Donna Vaske, 2595 White Street, to store a vehicle 2' from the front and side property lines where 10' and 3' minimum is required, respectively, in an R-2A Alternate Two-Family Residential zoning district.

Donna Vaske, spoke in favor of the request. She explained that the van is in good condition and licensed, but the property only has one space. She said that parking availability is limited on the street and the school still operates.

Staff Member Moon detailed the staff report noting that the property formerly had a small garage in the same location. She explained that request came from a zoning enforcement action and the applicant was seeking approval to store a van on the existing concrete pad where the garage once stood. She shared a street view image of the site showing the existing curb cut onto the property.

The Board discussed the proposal noting no concerns. Chairperson McCoy asked the applicant if she was ok with a condition for a hard surface pad to the outside dimensions of the vehicle. Ms. Vaske replied that she was ok with that condition and that hard surface was already there.

There was no public input.

Motion by Ahlvin, seconded by Mauss, to approve the request with the following condition:
1. That vehicle storage is on a hard surface pad to the outside dimensions of the vehicle being stored.

Motion carried by the following vote: Aye – Ahlvin, Kosel, Mauss, Stierman, and McCoy; Nay – None.

ITEMS FROM PUBLIC: None.

ITEMS FROM BOARD: None.

ITEMS FROM STAFF:
Chairperson McCoy administered the oath of office to Vice-Chair Ahlvin. Ahlvin read the oath in to the record.

Election of Officers:
Staff stated that it was time to elect officers. Board Member Mauss made a recommendation for McCoy to be Chair and Ahlvin to be Vice-Chair.

Motion by Mauss, seconded by Kosel to approve the election of McCoy as Chair and Ahlvin as Vice Chair. Motion carried by the following vote: Aye – Ahlvin, Kosel, Mauss, Stierman, and McCoy; Nay – None.

Appointment to the Airport Zoning Board of Adjustment:
Staff stated that it was time to appoint two Board Members to the Airport Zoning Board of Adjustment. The Board discussed appoint Stierman and Mauss.

Motion by McCoy, seconded by Ahlvin to approve appointment of Stierman and Mauss to the Airport Zoning Board of Adjustment. Motion carried by the following vote: Aye – Ahlvin, Kosel, Mauss, Stierman, and McCoy; Nay – None.

Board Member Meeting Availability:
Planning Services Director Wernimont briefly discussed the memo provided by staff. He noted that the Board is the only City Board or Commissions that is quasi-judicial which means their decisions are final and do not go to the City Council for approval. He explained that the Board Members do a great job in their reviews of each case and expressed gratitude for their commitment. Mr. Wernimont explained that the planning for Board meetings in order to ensure a quorum and preferably the attendance of all members at each meeting is critical to the Board being able to conduct the necessary reviews in a timely manner. He said last minute notification from Board Members who cannot attend is not ideal as applicants rely on having a quorum and that applicants need three affirmative votes in order to have a request approved. He explained that a late meeting cancelation is the worst case scenario for all parties involved. He said that if staff is aware that members cannot attend prior to publishing a meeting agenda, then staff can work to try to find an alternative date that will work for all Board members. This ensures a full Board attendance more consistently and would hopefully avoid scenarios where a meeting would have to be canceled last minute. Mr. Wernimont asked if the Board is interested in changing the time or date of the meetings in general. The Board noted that there are some days of the week and times of the year which allow charities the best rate on venues and that has caused some problems. The Board discussed that the current start time works. They also requested for staff to send out a ‘availability’ email a minimum of four weeks prior to a meeting date to get feedback from the Board. Staff also stated they would add a “next meeting date” discussion item to each meeting agenda going forward so as to prompt a conversation with the Board Members regarding availability for the next months’ meeting.

Kosel left the meeting at 6:37 p.m.

Unified Development Code Update:
Planning Services Director Wally Wernimont updated the Board on where in the process the UDC update was. He said they will be reaching out for more specific reviews and changes and that final adoption is June 2026.

ADJOURNMENT: Motion by McCoy, seconded by Mauss, to adjourn the April 24, 2025, Zoning Board of Adjustment meeting. Motion carried by the following vote: Aye – Ahlvin, Mauss, Stierman and McCoy; Nay – None

The meeting adjourned at 6:45 p.m.

Respectfully submitted,

CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
SPECIAL SESSION

The Dubuque City Council met in special session at 6:30 p.m. on April 24, 2025, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen (attended virtually).

Mayor Cavanagh read the call and stated this is a special session of the City Council called for the purpose of receiving presentations on certain Fiscal Year 2026 Department Budgets.

PUBLIC HEARINGS

City staff presented Fiscal Year 2026 departmental budgets and responded to City Council questions following each presentation. Presentations were given by representatives from the following departments:

1. Community Impact Fiscal Year 2026 Budget Presentation: Community Impact Director Antonio Mouzon; AmeriCorps Program Director Sarah Berna; Community Service and Outreach Coordinator Brittney Hayes; and Community Diversion and Prevention Coordinator Miranda Onofre. Kinde Tariq, 2069 University Ave., provided input on how she has personally benefited from the community impact service program.

2. Multicultural Family Center (MFC) Fiscal Year 2026 Budget Presentation: Multicultural Family Center Director LaMetra Murdock. MFC Board Members Marlene Waller, 13322 Sherill Rd., and Claudette Bees, 1401 Henion St., provided input on increased adult programming and the MFCs ongoing goal of connecting the community.

3. Transportation Services Fiscal Year 2026 Budget Presentation: Director of Transportation Services Ryan Knuckey. At the request of City Council, Greg Orwoll, 2635 W. 32nd St., provided a summary of DuRide, a local non-profit service that provides transportation option for seniors.

4. Engineering Fiscal Year 2026 Budget Presentation: City Engineer Gus Psihoyos, Professional Land Surveyor and Civil Engineer Nate Kieffer, Civil Engineer Jon Dienst, Civil Engineer Nate Steffen, Traffic Engineer Dave Ness, Traffic Engineer Justine Hull, Facilities Manager Justin Hogan, Project Manager Jim Bousley, and Civil Engineer Max O'Brien. Clark Schloz, 2925 Burlington St., provided input on the departments cost estimates and the citys traffic studies concerning speed cameras. City Clerk Breitfelder stated written input was received from Sheri Henschel, 995 June Dr.

ADJOURNMENT

There being no further business, Mayor Cavanagh declared the meeting adjourned at 11:50 p.m.

CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
SPECIAL SESSION

The Dubuque City Council met in special session at 6:30 p.m. on April 28, 2025 in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen (attended virtually), City Attorney Brumwell (attended virtually).

Mayor Cavanagh read the call and stated this is a special session of the City Council called for the purpose of adopting the Fiscal Year 2026 Annual Budget and Five-Year Capital Improvement Program.

PUBLIC HEARINGS

1. Amended Fiscal Year 2026 Budget Recommendation: Motion by Jones to receive and file the documents and adopt Resolution No. 144-25 Adopting The City Of Dubuque Fiscal Year 2026 Annual Budget and Resolution No. 145-25 Adopting The City Of Dubuque Five Year Capital Improvement Program. Seconded by Sprank. During her presentation, Chief Financial Officer Jennifer Larson shared that the City had been issued a termination notice that day from the Federal Administration for a portion of its federal AmeriCorps funding. However, due to limited information available currently, the potential impact on the Fiscal Year 2026 budget remains unclear. She therefore recommended that the City Council adopt the budget as presented. Clark Schloz, 2925 Burlington St., provided input on the citys budgeting process and tax rate. City Clerk Breitfelder announced written input was received by Schloz, along with John Klostermann, 1755 Bristol Dr.; Tammy Wehrspann, 1695 Avoca St.; Marc Onken, 2142 Seippel Rd.; Chris Miller, 2273 Southway Dr.; Emma Chambers, 940 Kelly Ln.; Jennifer Chambers, 940 Kelly Ln.; Heather Rath, 15350 Wood Vale Ct.; Natalie Nemmers, 1290 Arrowhead Dr.; Jennifer Nielsen, 200 Fremont Ave.; Jeni Bormann, 1595 Kane; Blaine Nielsen, 200 Fremont Ave.; Kim Finn, 1490 Kaufmann Ave.; Jeff Ronek, 15618 White Oak Dr.; Kelly King, 11123 Hidden Springs Ct.; Kelly Lemm, 2489 Hacidenda Dr.; Susan Kono, 82 Nevada St.; Amanda Saylor, 2450 University Ave.; Mark Matel, 2059 Golden Eagle Dr.; and Jacob Mozena, 900 Jackson St. The amended Fiscal Year 2026 budget recommendation includes a recurring $10,000 allocation for additional Airport advertising. In response to questions, Larson explained that the balance between operating and capital budgets varies depending on the capital projects proposed, but this years ratio of two-thirds operating and one-third capital is about average for the City. City Council Members expressed appreciation to staff for their efforts throughout the budget process, thanked residents for their input, and identified potential focus areas for future goal-setting sessions. Council Members also voiced disappointment regarding cuts to AmeriCorps funding. Mayor Cavanagh requested that funding be identified to enable the Director of Strategic Partnerships position to be filled before the originally proposed date of January 1. Van Milligen summarized the budgeting process and noted the citys consistent record of closing each fiscal year with a surplus. If Fiscal Year 2025 also ends with a surplus,

some of those funds could be used to accelerate hiring for the Director of Strategic Partnerships position, enabling it to be filled before January 1. The city currently contracts with Teri Goodmann, who previously held the position, for federal relations. The new Director would collaborate with Goodmann while also developing state and local partnerships. After discussion, Council Members agreed with Van Milligens recommendation to adopt the budget as proposed and to use any surplus funds from Fiscal Year 2025 to expedite filling the position. Motion carried 7-0.

ACTION ITEMS

1. Establishing Water Utility Rates for Fiscal Year 2026: Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
SPECIAL SESSION

The Dubuque City Council met in special session at 6:00 p.m. on May 5, 2025, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen (attended virtually but experienced technical difficulties during roll call), City Attorney Brumwell.

Mayor Cavanagh read the call and stated this is a special session of the City Council called for the purpose of conducting a work session on Iowa Jobs for Americas Graduates (iJAG) City Life Student Presentation.

WORK SESSION

Iowa Jobs for Americas Graduates (iJAG) City Life Student Presentation to City Council

Community Engagement Coordinator Temwa Phiri introduced iJAG Program Manager Casey Smith and iJAG Education Specialist Janie Hassong, who presented on this semesters City Life session for students. Students Shayla Murphy, Tanner Mueller, and Jay Bermudez then presented on their experiences in the program. In response to questions, Smith explained that the program can accommodate 60 students in grades 910 and another 60 in grades 1112. She stated that all funding comes from the state, participating school districts, and employer partners. Murphy noted that iJAG fosters a welcoming environment, which encourages students to enroll in the program in subsequent years. City Council Members commended the program and encouraged the students to continue sharing input with them.

There being no further business, Mayor Cavanagh declared the meeting adjourned at 6:28 p.m.

4. Language Access Plan: City Manager recommended City Council approval of the language access plan in the amount of $3,600 for fiscal year 2026 to ensure all residents, regardless of their language proficiency or ability, can access vital city services and information. Upon motion the documents were received, filed, and approved.

5. Assignment of Stormwater Facilities Fee Agreement for the Northwest Arterial Detention Basin for Lot 2 of Holliday Fourth Addition to Dubuque Hotel LLC: Upon motion the documents were received and filed, and Resolution No. 149-25

Consenting To The Assignment Of The Stormwater Facilities Fee Agreement Between The City Of Dubuque And QHQ Properties For The Northwest Arterial Detention Basin To Dubuque Hotel LLC was adopted.

6. Crescent Community Health Center Letter of Support for Health Resources and Services Administration (HRSA) Health Center Program Funding: City Manager provided a letter of support from Mayor Brad Cavanagh to the Department of Health and Human Services in support of Crescent Community Health Centers Fiscal Year 2026 Service Area Competition application for continued HRSA Health Center Program Funding. Upon motion the documents were received, filed, and approved.

7. City Letter of Support for William M Black Dredgeboat: City Manager recommended City Council approval of a letter of support for the Dubuque County Historical Societys application to the State Historical Society of Iowas Historical Resource Development Program (HRDP) grant program. Upon motion the documents were received, filed, and approved.

8. Housing Commissioner Removal Recommendation: Housing Commission recommended City Council remove David Wall from the commission and declare the term vacant due to a lack of response in executing the oath of office and in replying to other city staff communications. Upon motion the documents were received, filed, and approved.

9. Community Development Block Grant (CDBG) Subrecipient Agreement - ZTM Sober Living: Upon motion the documents were received and filed, and Resolution No. 150-25 Authorizing Execution Of CDBG Subrecipient Agreement With ZTM Sober Living was adopted.

10. Schmitt Island Development Corporation Fundraising and Naming Request City Manager recommending City Council approval of the fundraising and naming recognition request made by Schmitt Island Development Corporation for the installation of benches on Chaplain Schmitt Island. Upon motion the documents were received, filed, and approved.

11. City IT Department Commercial Office Renovation Project - Acceptance of Public Improvement Construction Contract: Upon motion the documents were received and filed, and Resolution No. 151-25 Accepting The City IT Department Commercial Office Renovation Project And Authorizing Final Payment To The Contractor was adopted.

12. Proposed Fiber Licensing Agreement MVLink: City Manager recommended City Council approval of a Fiber Licensing Agreement between the City of Dubuque and Maquoketa Valley Electric Cooperatives internet service provider, MVLink. Upon motion the documents were received, filed, and approved.

13. Proposed Revised Project Statement to Master Co-location and Shared Services Agreement Between the City of Dubuque and Dubuque County: City Manager recommended City Council approval of a Revised Project Statement for the collaboration between the City and Dubuque County on providing fiber connectivity to the Emergency Operations Center and County Data Center under the Master Colocation and Shared Services Agreement in place between the City of Dubuque and Dubuque County. Upon motion the documents were received, filed, and approved.

14. Approval of Retail Tobacco, Tobacco Products, Alternative Nicotine Products, Vapor Products, and Device Permit Applications: Upon motion the documents were received and filed, and Resolution No. 152-25 Approving Applications for Retail Tobacco, Tobacco Products, Alternative Nicotine

Products, Vapor Products, and Device Permits, as Required by Iowa Code 453A.47A and Senate File 345 was adopted.

ITEMS SET FOR PUBLIC HEARING

Motion by Roussell to receive and file the documents, adopt the resolutions, and set the public hearings as indicated. Seconded by Wethal. Motion carried 7-0.

1. Fiscal Year 2025 First Budget Amendment: Upon motion the documents were received and filed and Resolution No. 153-25 Setting The Date For The Public Hearing On Amendment No. 1 To The Fiscal Year 2025 Budget For The City Of Dubuque was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on May 19, 2025 in the Historic Federal Building.

2. Setting a Public Hearing for the Adoption of the Public Housing Authority Annual Plan for Federal Fiscal Year 2025: Upon motion the documents were received and filed and Resolution No. 154-25 Setting A Public Hearing To Review And Approve The Public Housing Authority Federal Fiscal Year 2025 Annual Plan was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on July 7, 2025 in the Historic Federal Building.

PUBLIC HEARINGS

1. 2025 Repair and Preventative Maintenance of the Iowa Street Parking Garage Public Hearing: Motion by Jones to receive and file the documents and adopt Resolution No. 155-25 Approval Of Plans, Specifications, Form Of Contract, And Estimated Cost For The 2025 Repair And Maintenance Of The Iowa Street Parking Garage. Seconded by Sprank. In response to questions, Director of Transportation Services Ryan Knuckey stated that the parking garage was constructed between 1964 and 1968. He noted that while the goal is for the repairs to last 10 to 15 years, the actual lifespan will ultimately depend on usage. While installing a pitch was considered, it was deemed too costly, and a new membrane will be installed instead. Motion carried 7-0.

2. Resolution Approving a Development Agreement with FitzGerald EnterpriZes, L.L.C.: Motion by Sprank to receive and file the documents and adopt Resolution No. 156-25 Approving A Development Agreement By And Between The City Of Dubuque, Iowa And Fitzgerald EnterpriZes, L.L.C., Including The Proposed Issuance Of Urban Renewal Tax Increment Revenue Obligations. Seconded by Wethal. City Council Members voiced support for the project, as well as for the agreement's language restricting short-term rentals. Motion carried 7-0.

ACTION ITEMS

1. Private Lead Service Line Replacement Pilot Program - Phase 1 Award Construction Contract: Motion by Sprank to receive and file the documents and adopt Resolution No. 157-25 Awarding contract for the Lead Service Line Replacement - Phase 1 Project. Seconded by Farber. In response to questions, Water Department Director Chris Lester noted that, as the first program of its kind in the state, the project estimate was challenging to determine. He added that the contract requires Phase 1 to be completed by the end of this year. Motion carried 7-0.

2. Proposed Ordinance Prohibiting the Feeding and Harassment of Bears: Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Roussell. In response to questions, Ross Ellingson

of the Iowa Department of Natural Resources (IDNR) and Brian Preston of Dubuque County Conservation explained that bears are food-motivated, and once they become accustomed to a consistent food source, it becomes more difficult for them to leave urban areas. Ellingson noted that the current estimate is four bears in northeastern Iowa, all believed to be male, though that has not been confirmed. Brumwell clarified that the proposed ordinance specifies that negligently making food available could result in citations, with the City retaining discretion in determining whether actions are considered negligent. Brumwell emphasized that the ordinance is intended to deter residents from interacting with or following bears, as such behavior can alter the animals natural patterns. Public Health Director Mary Rose Corrigan advised residents to report bear sightings within city limits to the Police Department or the Health Services Department. Ellingson and Preston confirmed that sightings outside city limits should be reported to the IDNR or Dubuque County Conservation. City Council Members thanked staff for modeling the ordinance from other city codes and acknowledged that public behavior toward bears in past years was inappropriate. Motion carried 7-0.

Motion by Jones for final consideration and passage of Ordinance No. 15-25 Amending City Of Dubuque Code Of Ordinances Title 7 Police, Fire, And Public Safety, Chapter 6 Animal Control And Adopting A New Article G Prohibiting The Feeding Of And Harassment Of Bears Within The Corporate City. Seconded by Roussell. Motion carried 7-0.

COUNCIL MEMBER REPORTS

Roussell reported on recent tree planting events and the Arbor Day celebration.

Farber reported on the Visiting Nurses Association (VNA) and NAMI Dubuque recently hosting fundraisers.

Sprank reported on the annual Dubuque County Emergency Responder Training Facility fundraising event, the opening of the summer farmers market, attending neighborhood association meetings, the City's upcoming employee recognition event, the Dubuque Labor Harvest food giveaway, and Dubuque Main Streets Architecture Days.

Wethal reported on the Fenelon Hill neighborhood association cleanup, the Forever 17 Foundation meeting with area high schools, and Hempstead and Wahlert High School students utilizing the riverwalk for prom pictures.

Jones reported on attending a Dubuque Racing Association (DRA) meeting, a local emergency management commission meeting, the workers memorial day event at the Labor Temple, the ribbon cutting for Roses and Berries, and the annual Dubuque County Emergency Responder Training Facility fundraising event. Jones also reported on the City recently adopting the Fiscal Year 2026 budget, Fire Chief Cal Motschs recent retirement, and the 133rd infantry divisions upcoming deployment.

Resnick reported on the Dubuque Symphony Orchestra and Heartland Ballets performance of Swan Lake.

Cavanagh reported on attending Dubuque Senior High Schools production of Peter and the Starcatcher, the Julien Dubuque International Film Festival (JDIFF), an Iowa League of Cities (ILC) meeting, and the Mississippi River Cities and Towns Initiative Midwest Climate Summit. Cavanagh also reported on speaking about the iJAG Program at Hempstead High School, sustainability at Dubuque Senior High School, and proposed

property tax legislation in the Iowa Legislature.

CLOSED SESSION

Motion by Jones to convene in closed session at 8:02 p.m. to discuss Purchase or Sale of Real Estate Chapter 21.5(1)(j) Code of Iowa. Seconded by Roussell. Mayor Cavanagh stated for the record that the attorney who will consult with City Council on the issues to be discussed in the closed session is City Attorney Brumwell. Motion carried 7-0.

The City Council reconvened in open session at 8:31 p.m. stating that staff had been given proper direction.

ADJOURNMENT

There being no further business, Mayor Cavanagh declared the meeting adjourned at 8:31 p.m.

MINUTES FOR MAYOR AND CITY COUNCIL COMPENSATION TASK FORCE

DATE: May 21, 2025
TIME: 4:00 P.M.
PLACE: City Hall, 50 W. 13 St., Conference Room A

City Clerk Breitfelder called the meeting to order at 4:00 p.m.

Present: Roy Buol (representing Ric Jones), Kristin Dietzel (representing Brad Cavanagh), Kevin Firnstahl (representing Laura Roussell), Joe Gonzalez (representing David Resnick), Katherine Sorenson (representing Danny Sprank), Malissa Sprenger (representing Katy Wethal), Carrie Tedore (representing Susan Farber), and members of the media from the Telegraph Herald and KCRG.

Breitfelder provided a high-level summary of documents provided to the Task Force, including Iowa Code requirements for adjusting Mayor and City Council compensation, overview of Mayor and City Council responsibilities and compensation, and Consumer Price Index (CPI) data.

The Task Force discussed several factors, including the roles and responsibilities of the Mayor and Council Members, the time elapsed since the last compensation adjustment, salary comparisons with peer communities in Iowa, and the CPI. The Task Force also considered whether the Mayor's salary should be equal to that of City Council Members. After reviewing the differences in responsibilities between the two roles, a majority of Task Force members concluded that the Mayor's compensation should remain higher. The group reviewed the CPI over the past four years, which totaled 19.8%, but ultimately chose to base their recommendation on the two most recent CPI figures, totaling 6.3%.

By a vote of 7 to 0, the Task Force recommended a 6.3% increase in compensation, which would set the annual salary at $15,732 for the Mayor and $11,799 for City Council members, effective January 1, 2026.

Breitfelder outlined the next steps, noting that the recommendation will be compiled into a memo for the Task Force to review and sign. The recommendation will then be scheduled for inclusion on either the June 2 or June 16, 2025, City Council meeting agenda.

ADJOURNMENT

Motion by Firnstahl to adjourn at 5:27 p.m. Seconded by Tedore. Motion carried 7 to 0.

RESOLUTION NO.

AUTHORIZING THE CHIEF FINANCIAL OFFICER / CITY TREASURER TO MAKE CERTAIN PAYMENTS OF BILLS THAT MUST BE PAID AND APPROVED FOR PAYMENT IN ACCORDANCE WITH CITY PROCEDURES

Whereas, Section 1-7-7(E) of the Municipal Code of the City of Dubuque provides that the Finance Director-City Treasurer shall keep an accurate account of all disbursements, money, or property, specifying date, to whom, and from what fund paid; and

Whereas, the invoices, presented by those firms and persons providing such goods and services have been pre-audited by Finance Department personnel in accordance with generally accepted internal control procedures and have been determined to have been requisitioned for a lawful municipal purpose; and

Whereas, the Chief Financial Officer-City Treasurer has provided a list of Expenditures attached hereto, and by this reference made a part hereof, to be drawn to pay for goods and services provided for City purposes; and

Whereas, the City Council of the City of Dubuque has heretofore, by Resolution 142-18 adopted May 7, 2018, authorized the Chief Financial Officer-City Treasurer to issue checks in payment of certain expenditures known as Exception Expenditures prior to City Council approval and such list is attached hereto.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The Chief Financial Officer-City Treasurer is hereby authorized to issue payment for goods and services provided for City purposes in response to the purchase orders and contracts issued in compliance with state and municipal code requirements as requested by designated requisitioning authorities in accordance with approved budget appropriations.

Section 2. In accordance with Iowa Code Section 372.13(6), the City Clerk and Chief Financial Officer are hereby authorized and directed to provide the statement of receipts and disbursements to the City Council, and to publish a summary thereof.

Passed, approved, and adopted this _____ day of _____, 20__.

_____
Brad M. Cavanagh, Mayor

Attest:

_____
Adrienne N. Breitfelder, City Clerk

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Resolution Supporting Iowa State Historic Preservation Tax Credit Part 2B Application for St. Elias The Prophet Greek Orthodox Church at 419 N. Grandview Avenue

DATE: May 28, 2025

Assistant Economic Development Director Ian Hatch is recommending City Council approval a resolution in support of Iowa State Historic Preservation Tax Credit Part 2B Application for a project by St. Elias The Prophet Greek Orthodox Church at 419 N. Grandview Avenue.

This Project includes exterior and interior rehabilitation of the church and fellowship hall. Rehabilitation of the interior of the church to conform with Greek Orthodox liturgical practice, including installation of a new commercial kitchen in the basement and renovation of the social hall.

City Council previously approved a Resolution of Support for this project in September 2024. However, the project was unsuccessful in receiving the approval for the Part 2B. St. Elias is reapplying with Iowa State Historic Preservation Office and requires a resolution of Support signed not more than six months from submission of the application.

There is no impact on the City's budget in order to express support for the projects.

I concur with the recommendation and respectfully request Mayor and City Council approval.

SUBJECT: Resolution Supporting Iowa State Historic Preservation Tax Credit Part 2B Application for St. Elias The Prophet Greek Orthodox Church at 419 N. Grandview Avenue

DATE: May 27, 2025

INTRODUCTION

This memorandum presents for City Council review and approval a resolution in support of Iowa State Historic Preservation Tax Credit Part 2B Application for a project by St. Elias The Prophet Greek Orthodox Church at 419 N. Grandview Avenue.

BACKGROUND

The Iowa State Historic Preservation Office awards tax credits and exemptions to encourage the reuse of historic properties, while retaining historic character defining features. The State Tax Credit, Federal Tax Credit, and County Tax Credit Exemption programs contribute to the revitalization and preservation of historic properties across the state. All three programs utilize the Secretary of the Interior's Standards for Rehabilitation of Historic Buildings and the Guidelines for Rehabilitating Historic Buildings. City support helps project applications score higher and increases the likelihood that a Part 2B application will result in an award of Historic Preservation Tax Credits for a project.

DISCUSSION

This Project includes exterior and interior rehabilitation of the church and fellowship hall. Rehabilitation of the interior of the church to conform with Greek Orthodox liturgical practice, including installation of a new commercial kitchen in the basement and renovation of the social hall.

City Council previously approved a Resolution of Support for this project in September 2024. However, the project was unsuccessful in receiving the approval for the Part 2B. St. Elias is reapplying with Iowa State Historic Preservation Office and requires a resolution of Support signed not more than six months from submission of the application.

BUDGET IMPACT

There is no impact on the City's budget in order to express support for the projects.

RECOMMENDATION

I respectfully request City Council approve the attached Resolution of Support for the Iowa State Historic Preservation Tax Credit Part 2B Application for St. Elias The Prophet Greek Orthodox Church at 419 N. Grandview Avenue.

Prepared by Ian C. Hatch, Assistant Economic Development Director, 1300 Main Street, Dubuque, IA 52001, (563) 589-4105
Return to Adrienne N. Breitfelder, City Clerk, 50 W. 13th St., Dubuque, IA 52001, (563) 589-4100

RESOLUTION NO. ___-25

IN SUPPORT OF IOWA STATE HISTORIC PRESERVATION TAX CREDIT PART 2B APPLICATION SUBMITTED TO THE IOWA ECONOMIC DEVELOPMENT AUTHORITY BY ST. ELIAS THE PROPHET GREEK ORTHODOX CHURCH FOR A HISTORIC REHABILITATION PROJECT AT 419 N. GRANDVIEW AVE.

WHEREAS, St. Elias the Prophet Greek Orthodox Church has requested City support for its Historic Preservation Tax Credit Part 2B application to the Iowa Economic Development Authority ("IEDA") for the rehabilitation of its historic church building located at 419 N. Grandview Avenue (the "Building", Dubuque, Iowa (the "Project"); and

WHEREAS, the Building has been deemed eligible for listing on the National Register of Historic Places and is eligible for State Historic Preservation Tax Credits for the rehabilitation of the building; and

WHEREAS, the successful completion of the Project requires funding from a number of sources, including the State of Iowa Historic Preservation Tax Credit; and

WHEREAS, the Historic Preservation Tax Credit Part 2B application is a competitive application that gives points for various aspects, including local government support of the Project in the jurisdiction of which it is located; and

WHEREAS, City support will help the Project to score higher on its application and increase the likelihood that the Part 2B application results in an award of Historic Preservation Tax Credits for the Project.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The City Council of the City of Dubuque does hereby express its support for the Project and for St. Elias the Prophet Greek Orthodox Church to submit its Historic Preservation Tax Credit Part 2B application to the IEDA seeking an award of Historic Preservation Tax Credits for the Project.

Section 2. The City's Office of Economic Development is directed to transmit a copy of this Resolution to St. Elias the Prophet Greek Orthodox Church.

Passed, approved, and adopted this 2nd day of June, 2025.

_____
Brad M. Cavanagh, Mayor

RE: July 3rd Fireworks Permit

INTRODUCTION

Perry Mason with Radio Dubuque has applied for a Fireworks Permit to be held along Volunteer Dr. on July 3, 2025. Aerial fireworks displays require the approval of the City Council prior to permit issuance.

BACKGROUND

A permit application has been received from Perry Mason with Radio Dubuque for a fireworks display on Volunteer Dr. on July 3, 2025, at approximately 9:45 p.m. The fireworks display will be a public display and advertised to the public. The applicant has submitted all required documentation including a certificate of liability insurance and the qualifications of the pyrotechnics operator.

RECOMMENDATION

I recommend submittal to the City Council requesting approval to issue a permit to Perry Mason with Radio Dubuque for a fireworks display on July 3, 2025.

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Rustic Point Park Concept Plan Approval

DATE: May 28, 2025

Parks and Recreation Director Marie Ware is recommending City Council approval of the Rustic Point Park concept plan.

The concept plan is reflective of the consensus the public input. The Parks and Recreation Commission reviewed the plan and unanimously recommended approval.

The next step is the creation of plans and specifications based upon the adopted concept. It is intended that the plans and specifications will be brought to the Council in mid-August with construction to begin in the fall of 2025 and completion in the late spring/early summer of 2026.

The funding for the construction of Rustic Point Park was approved in the FY26 CIP budget in the amount of $305,000. This subdivision is in a TIF and according to Chief Financial Officer Jenny Larson the city must "budget from general funds to reimburse from the Rustic TIF in order to certify the debt for the park." The funding approved by Council was G.O. Debt (Sales Tax Fund 20%).

I concur with the recommendation and respectfully request Mayor and City Council approval.

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: Michael C. Van Milligen, City Manager

FROM: Marie L. Ware, Parks and Recreation Director

SUBJECT: Rustic Point Park Concept Plan Approval

DATE: May 22, 2025

INTRODUCTION

The purpose of this memo is to recommend approval of the Rustic Point Park concept plan.

BACKGROUND

Lot K in the Rustic Point subdivision was donated by the developer to be developed into a park. The lot is owned by the city of Dubuque currently. The development agreement between the city and Derby Grange LLC outlined that when fifty percent of the residential homes within the Development are completed the park will be constructed.

$17,900 of ARPA funding was approved to engage WHKS for public engagement, topographic survey, and conceptual design services for the park. A similar planning process was used for the three mini parks (Eagle Valley, English Ridge, and Westbrook Parks) with the same consultant team.

The City Council recently approved the naming of the park Rustic Point Park, which is located on Rustic Point Lane just off John F Kennedy Road.

DISCUSSION

WHKS along with the team of Ritland + Kuiper Landscape Architects, and Lovely City Consulting completed public engagement related to development of the park. Neighborhood residents and the broader community were invited to participate in the planning process online, by mail, and/or in-person with the in-person event held on Saturday, March 29, 2025. Postcards were sent directly to local residents, while the wider community was encouraged to engage through a press release and social media announcements. Most attendees at the in-person event were from the neighborhood and 85% walked to the event.

The overarching consensus from the survey and event was a desire for tree-shaded spaces and gathering areas for adults and a small play area for children. Rustic Point Neighborhood residents expressed a desire for their neighborhood park to serve as a quiet space that accommodates a variety of uses and provides safe accessible space for all residents. They envision a park filled with trees where they can add some steps to their daily walking route, drink coffee with a friend under shade trees, or watch birds while children run and play in a nature-based play space.

The concept plan is reflective of the consensus the public input as described above. The Parks and Recreation Commission reviewed the plan and unanimously recommended approval.

The next step is the creation of plans and specifications based upon the adopted concept. It is intended that the plans and specifications will be brought to the Council in mid-August with construction to begin in the fall of 2025 and completion in the late spring/early summer of 2026.

BUDGET IMPACT

The funding for the construction of Rustic Point Park was approved in the FY26 CIP budget in the amount of $305,000. This subdivision is in a TIF and according to Chief Financial Officer Jenny Larson the city must “budget from general funds to reimburse from the Rustic TIF in order to certify the debt for the park.” The funding approved by Council was G.O. Debt (Sales Tax Fund 20%).

ACTION REQUESTED

I respectfully request approval of the Rustic Point Park concept plan.

Let's Go!

Engagement Results

Overview

The Rustic Point Neighborhood park will be developed to serve as a social and recreational focal point for the neighborhood, providing opportunities to connect with nature and each other.

The goals for the engagement process were to:

- Understand preferred high-level uses for the site
- Determine and prioritize key site elements
- Determine preferred equipment styles and landscaping aesthetics
- Utilize symbol and activity-based engagement and multiple platforms (in-person, online).

Neighborhood residents and the broader community were invited to participate in the planning process online, by mail and/or in-person with the in-person event held on Saturday March 29, 2025. Postcards were sent directly to local residents, while the wider community was encouraged to engage through a press release and social media announcements. Most attendees at the in-person event were from the neighborhood and 85% walked to the event.

Result: A natural space for neighborhood connection

The overarching consensus from the survey and event was a desire for tree-shaded spaces and gathering areas for adults and a small play area for children.

Engagement Summary

At the in-person event, participants were encouraged to find and mark their house on the neighborhood map. In the online survey, participants noted which street they live on to help understand whether responses were coming from the neighborhood or the broader community.

The majority of the survey results were from community members, not neighborhood residents. However, residents from all streets in the Rustic Point Neighborhood were represented through either the online survey or in-person event.

In-Person Event

12 Total Households

18 Neighborhood Residents

2 Community Members

Online Survey

56 Total Households

41 Neighborhood Residents

54 Community Members

The survey and in-person data were analyzed both as a whole (including non-neighborhood residents) and as neighborhood-only to ensure that where there was disagreement on a park element between the broader community and the Rustic Point Neighborhood, the neighborhood input was given priority.

Space Usage and Equipment Needs

Residents were asked to imagine their ideal day at this new park. Would they have a picnic? Fly a kite? Toss a ball or frisbee? Climb on equipment? Play tag? Meet up with friends?

Once they had a clear picture of their ideal day's activities, they were asked to select up to three images that depicted what type of space or equipment they needed to achieve their ideal day at the park. The results are below in the order of preference.

1. Shade Trees
2. Seating
3. Park Shelter
4. Playground Equipment

Playground equipment was a lower priority for the neighborhood residents than for the larger community. Residents were also given the ability to type in an idea that was not listed. There were no ideas with more than one entry, however there were conflicting opinions on whether dogs should be allowed.

Play Equipment Preferences

Play Activity Options

While playground equipment was not the highest priority for the neighborhood residents, it was second only to shade trees for the larger community. Residents were asked which types of activities they would like to see accommodated in the playground equipment. They were also provided with the option of having no opinion on the topic. The results are below in the order of preference.

1. Climbing Structures
2. Slides

Play Equipment Style Preference

Residents were asked how they would like the playground equipment to look. They were also provided with the option of having no opinion on the topic. Both neighborhood residents and the larger community were in strong agreement that the equipment style should be **nature-based, using boulders and logs as play items**.

Play Equipment Color Scheme Preference

Residents were asked to select their preferred play equipment color scheme. They were also provided with the option of having no opinion on the topic. Both neighborhood residents and the larger community remained in strong agreement that the equipment style should be **nature-based, using natural materials**.

Park Shelter and Amenity Preferences

Residents were provided with three shelter styles, four shelter color palettes, and two amenity styles (bench, bike rack, waste receptacles) and were asked to select their preference for each. They were also provided with the option of having no opinion on the topic.

Park Shelter: Hip-end structure (four sided roof)

The hip-end park shelter style was supported by both the neighborhood and community respondents.

Park Shelter Color Scheme: Sandstone Roof, Beige Posts

The park shelter color scheme of a sandstone roof with beige posts was supported by both the neighborhood and community respondents.

Amenity Options: Option One

The amenity style option one was the clear winner with the neighborhood while the community respondents preferred option two.

Landscaping Preferences

Residents were asked to select up to two preferred landscaping themes. They were also provided with the option of having no opinion on the topic. The results are below in the order of preference. Edible landscaping and a microforest were equally supported by the neighborhood.

1. Edible Landscaping
2. Pocket or Microforest (a small, dense forest of native trees, bushes, and other plants that grows quickly in urban and rural areas).
3. Bird Habitat or Pollinator Plantings

Edible Landscaping and a pocket or microforest, and bird habitat and/or pollinator planting were the most popular with the neighborhood, while the larger community ranked turf as high as the options preferred by the neighborhood.

In Summary

Rustic Point Neighborhood residents expressed a desire for their neighborhood park to serve as a quiet space that accommodates a variety of uses and provides safe accessible space for all residents. They envision a park filled with trees where they can add some steps to their daily walking route, drink coffee with a friend under shade trees, or watch birds while children run and play in a nature-based play space.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Fiscal Year 2025 Contracted Services Agreements

DATE: May 28, 2025

Interim Housing & Community Development Director Cori Burbach is recommending City Council approval of the following Fiscal Year 2025 Contracted Services Agreements:

1. Community Solutions of Eastern Iowa in the amount of $13,000 to ensure Community Solutions of Eastern Iowa can continue to provide and answer the homeless hotline.

2. Four Mounds Heart Program in the amount of $10,000 to provide youth education where participants experience hands-on learning while promoting neighborhood revitalization and earning a high school diploma.

3. Hawkeye Area Community Action Program in the amount of $70,000 to provide Volunteer Income Tax Assistance (VITA) program, a free, reliable, and trusted source for preparing tax returns for eligible individuals and families.

All of the above agreements also have the following reporting requirements:
1. Progress reports will be submitted.
2. Reports will be submitted using a form on the City's website
3. Reports will include equity and inclusion reporting.
4. Audit reports are due within 60 days of audit completion.

I concur with the recommendation and respectfully request Mayor and City Council approval.

SUBJECT: Fiscal Year 2025 Contracted Services Agreement- Community Solutions of Eastern Iowa

DATE: May 27, 2025

Introduction
This memorandum transmits the Fiscal Year 2025 Contracted Services Agreement with Community Solutions of Eastern Iowa for the City's financial support in the Fiscal Year 2025. Community Solutions of Eastern Iowa furthers the City of Dubuque Goal of Livable Neighborhoods and Housing: Great Place to Live.

Discussion
The adopted Fiscal Year 2025 operating budget provides a payment of 13,000 to Community Solutions of Eastern Iowa to ensure Community Solutions of Eastern Iowa can continue to provide and answer the homeless hotline.

The reporting requirements are as follows:

1. Progress reports will be submitted.
2. Reports will be submitted using a form on the City's website
3. Reports will include equity and inclusion reporting.
4. Audit reports are due within 60 days of audit completion.

Recommendation
I respectfully request the City Council approve the attached Contracted Services Agreement with Community Solutions of Eastern Iowa and authorize the Mayor to execute the Agreement on behalf of the City.

This memorandum transmits the Fiscal Year 2025 Contracted Services Agreement with Four Mounds Heart Program for the City's financial support in the Fiscal Year 2025. Four Mounds Heart Program furthers the City of Dubuque Goal of Livable Neighborhoods and Housing: Great Place to Live.

Discussion
The adopted Fiscal Year 2025 operating budget provides a payment of 10,000 to Four Mounds Heart Program to provide youth education where participants experience hands-on learning while promoting neighborhood revitalization and earning a high school diploma.

The reporting requirements are as follows:

1. Progress reports will be submitted.
2. Reports will be submitted using a form on the City's website
3. Reports will include equity and inclusion reporting.
4. Audit reports are due within 60 days of audit completion.

Recommendation
I respectfully request the City Council approve the attached Contracted Services Agreement with Four Mounds Heart Program and authorize the Mayor to execute the Agreement on behalf of the City.

TO: Michael C. Van Milligen, City Manager

FROM: Cori Burbach, Interim Housing and Community Development Director

SUBJECT: Fiscal Year 2025 Contracted Services Agreement- Hawkeye Area Community Action Program

DATE: May 27, 2025

Introduction
This memorandum transmits the Fiscal Year 2025 Contracted Services Agreement with Hawkeye Area Community Action Program for the City's financial support in the Fiscal Year 2025. Hawkeye Area Community Action Program furthers the City of Dubuque Goal of Livable Neighborhoods and Housing: Great Place to Live.

Discussion
The adopted Fiscal Year 2025 operating budget provides a payment of 70,000 to Hawkeye Area Community Action Program to provide Volunteer Income Tax Assistance (VITA) program, a free, reliable, and trusted source for preparing tax returns for eligible individuals and families.

The reporting requirements are as follows:

1. Progress reports will be submitted.
2. Reports will be submitted using a form on the City's website
3. Reports will include equity and inclusion reporting.
4. Audit reports are due within 60 days of audit completion.

Recommendation
I respectfully request the City Council approve the attached Contracted Services Agreement with Hawkeye Area Community Action Program and authorize the Mayor to execute the Agreement on behalf of the City.

Prepared by: Mary Bridget Corken-Deutsch, Community Development Specialist

AGREEMENT
BETWEEN
THE CITY OF DUBUQUE, IOWA
AND
COMMUNITY SOLUTIONS OF EASTERN IOWA

THIS AGREEMENT dated for reference purposes the 2nd day of June 2025, is made and entered into by and between the City of Dubuque, Iowa (City) and Community Solutions of Eastern Iowa (Agency).

WHEREAS, the City desires to engage the services to ensure Community Solutions of Eastern Iowa can continue to provide and answer the homeless hotline; and

WHEREAS, the Agency is willing to provide such services to the City upon the terms and conditions set forth herein.

NOW THEREFORE, the parties hereto agree as follows:

1. Scope of Services

Agency shall:

a) further the City of Dubuque Goal of Livable Neighborhoods and Housing: Great Place to Live;
b) ensure Community Solutions of Eastern Iowa can continue to provide and answer the homeless hotline;
c) comply with City Council goals and priorities; and
d) support the City's efforts to be a viable, livable, and equitable community, and to advance equity and inclusion.

2. City Responsibilities

The City designates its Community Development Specialist, to act as its representative with respect to the work to be performed under this Agreement, and such person shall have authority to transmit instructions, receive information, interpret and define the City's policies, and provide decisions in a timely manner pertinent to the work covered by this Agreement. The City's Community Development Specialist shall serve in this role until Agency has been advised in writing by City that such authority has been revoked.

City will provide opportunities to demonstrate this support by inviting the President of the Board of the Agency and any volunteers working on services covered by this Agreement to participate in the following professional development opportunities and supporting activities:

a) The opportunity to be active and engaged participants in Inclusive Dubuque peer learning opportunities and strategic efforts to advance Diversity, Equity, and Inclusion;
b) The opportunity to attend intercultural and equity workshops offered by the City, including trainings that focus on developing an intercultural team with a strategic plan for advancing equity and inclusion within the Agency and through the Agency's work;

c) Assistance in creating quarterly status reports that demonstrate the ways in which the Agency's efforts are advancing equity and inclusion; and
d) Access to the City's equity toolkit and SMART Goals Worksheet.

3. Time of Performance

The term of this Agreement shall be from July 1, 2024 through June 30, 2025 (the "Term").

4. Compensation

The City shall pay the Agency $13,000 as compensation for the services provided by the Agency, which payment shall constitute full and complete compensation for such services.

The compensation shall be paid upon receipt by the City of a requisition for such sum from the Agency.

5. Audit and Evaluation

Inasmuch as the funds to be provided to the Agency by the City are public funds, the Agency agrees that it will maintain books of account in accordance with generally accepted accounting standards together with necessary documentation to support all expenditures. The records of the Agency, including payroll accounts and other records of disbursements and receipts, and other records relating to the performance of the activities herein specified, shall be made available for inspection by the City or any certified public accountant acting on its behalf, in order to ascertain performance and compliance of the Agency under this Agreement. The Agency agrees to retain such records for not less than three (3) years after the end of the Term of this Agreement.

6. Reporting and Monitoring

Agency shall comply with the City of Dubuque's reporting and monitoring requirements by using the following link to submit online reports detailing Agency activities related to the use of City funds provided to Agency.

The online reports shall include a performance report on the program(s) supported by City funds and a financial report on the use of City funds.

If the Agency has an annual audit performed, the Agency shall provide the City a copy of the annual audit report within 60 days of audit completion. The audit shall be submitted as either an electronic or paper document to the City's Community Development Specialist.

8. Discrimination

In carrying out the services under this Agreement, Agency shall not discriminate against any employee or applicant for employment because of race, creed, color, sex, age, national origin, religion, sexual orientation, gender identity, or disability. Agency shall take affirmative action to ensure that applicants for employment are employed and that employees are treated during employment without regard to race, creed, color, sex, age, national origin, religion, sexual orientation, gender identity, or disability. Such action shall

include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Agency assures that all qualified applicants will receive consideration for employment without regard to race, creed, color, sex, age, national origin, religion, sexual orientation, gender identity or disability.

Agency agrees and will undertake whatever affirmative measures are necessary so that no person shall be excluded from participation in, be denied the benefits of, nor be subjected to discrimination under any program or activities funded in whole or in part with any of the funds made available to Agency under the terms of this Agreement because of race, color, creed, religion, sex, national origin, age, sexual orientation, gender identity or disability.

9. Termination of Agreement

If, through any cause, the Agency shall fail to fulfill in a timely and proper manner its obligations under this Agreement, or if the Agency shall violate any of the covenants, agreements, or stipulations of this Agreement, the City shall thereupon have the right to terminate this Agreement by giving written notice thereof to the Agency and specifying the effective date of termination, which shall be not less than seven days from the date of the City's written notice to the Agency.

If the Agency shall fail to cure its default to the satisfaction of the City, in the City's sole and absolute discretion, within such seven-day period, this Agreement shall be deemed terminated at the end of such seven-day period without further action of either party.

Upon termination of this Agreement, the Agency shall immediately return to the City all unexpended funds and any funds utilized for purposes other than stated in this Agreement.

10. Assignability

The Agency shall not assign or transfer any interest in this Agreement without the prior written approval of the City.

11. Acknowledgement

The Agency will acknowledge the City's financial support in appropriate signage, program materials, publicity, advertising activities, websites, and other online media pertaining to this Agreement and the work performed with funds from this Agreement. Recognition guidelines are located at: https://www.cityofdubuque.org/2805/Funding-Recognition. The Agency will provide evidence of such acknowledgement as an addendum to the Final Report.

12. Conflict of Interest

No member, officer, or employee of the City, its designees, or its agents, nor any member of the Dubuque City Council nor other public official of the City who exercises any function or responsibility with respect to the program assisted under this Agreement during such person's tenure, may have any direct or indirect interest in this Agreement, the proceeds

from this Agreement, or work performed in connection with the program assisted under this Agreement.

13. Insurance

At the time of execution of this Agreement by Agency, Agency shall provide City copies of Agency's insurance certificates showing compliance with the insurance requirements of Insurance Schedule G, included as Attachment A.

14. Miscellaneous

14.1 Forbearance Not a Waiver; Rights and Remedies Cumulative. No delay by the City in exercising any right or remedy provided herein, or otherwise afforded by law or in equity, shall be deemed a waiver or otherwise preclude the exercise of such right or remedy, and no waiver by the City of any particular provision of this Agreement shall be deemed effective unless in writing and signed by the City. All rights and remedies provided for herein or which the City may have otherwise, at law or in equity, shall be distinct, separate, and cumulative and may be exercised concurrently, independently, or successively in any order whatsoever, as often as the occasion therefor arises.

14.2 Severability. In the event any provision of this Agreement shall, for any reason, be held by a court of competent jurisdiction to be invalid, illegal, or unenforceable, whether in whole or in part, the remaining provisions hereof shall not be affected thereby and shall continue to be valid and enforceable. If, for any reason, a court of competent jurisdiction finds that any provision of this Agreement is invalid, illegal, or unenforceable as written, but that by limiting such provision it would become valid, legal, and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

14.3 Successors and Assigns Bound; Number; Gender; Agents; Captions and Headings. The rights, covenants, and agreements contained herein shall be binding upon and inure to the benefit of the respective legal representatives, successors, and permitted assigns of the parties. Words and phrases contained herein, including the acknowledgments hereof, shall be construed as in the singular or plural number, and as masculine, feminine, or neuter gender, according to the contexts. The captions and headings of the section and paragraphs of this Agreement are for convenience only and are not intended to be used to interpret or enforce the provisions hereof.

14.4 Governing Law; Venue. This Agreement is entered into under and pursuant to, and is to be construed and enforced in accordance with, the laws of the State of Iowa, without regard to its conflict of laws principles. Venue for any action arising out of this Agreement shall be in the Iowa District Court for Dubuque County, Iowa or the Federal District Court for the Northern District of Iowa, Eastern Division, and the parties hereby irrevocably consent to the jurisdiction of such courts.

14.5 Counterparts; Facsimile and Electronic Signatures. This Agreement may be executed in counterparts, each of which shall constitute an original, and all of which together shall constitute one and the same document. This Agreement may be electronically executed by the parties and transmitted by facsimile or electronic transmission, and if so executed and transmitted, shall be effective as if the parties had delivered an executed original of this Agreement.

14.6 Signatory Authority. Each person signing this Agreement hereby represents and warrants that they have the full legal right, power, and authority to enter into this Agreement on behalf of the party for whom they are signing and to cause such party to grant the rights and perform the obligations contained herein, and that no third-party consent or approval is required to grant such rights or perform such obligations.

14.7 Amendments. This Agreement may only be amended by a written instrument, duly signed by the parties hereto.

14.8 Indemnification. The Agency hereby releases the City and its governing body members, officers, agents, employees, and volunteers from any and all liability associated with implementation of this Agreement and agrees to indemnify and hold harmless the City and its governing body members, officers, agents, employees, and volunteers against any loss, damage, or claim of any nature whatsoever arising from this Agreement.

14.9 Notices. Any notice required or permitted this Agreement shall be in writing and sent to the following physical or email address of the party:

City of Dubuque Insurance Requirements for Vendors (Suppliers, Service Providers)

INSURANCE SCHEDULE G

1. Vendor shall furnish a signed certificate of insurance to the City of Dubuque, Iowa for the coverage required in Exhibit I prior to the contract commencement. Each certificate shall be prepared on the most current ACORD form approved by the Iowa Insurance Division or an equivalent. Each certificate shall include a statement under Description of Operations as to why the certificate was issued. Vendor Service Agreement dated June 2, 2025.

2. All policies of insurance required hereunder shall be with an insurer authorized to do business in Iowa and all insurers shall have a rating of A or better in the current A.M. Best's Rating Guide.

3. Each certificate shall be furnished to the Finance Department of the City of Dubuque.

4. The service provider shall be required to carry the minimum coverage/limits, or greater if required by law or other legal agreement, in Exhibit I. Failure to provide the required minimum coverage shall not be deemed a waiver of such requirements by the City of Dubuque.

5. Failure to obtain or maintain the required insurance shall be considered a material breach of this agreement.

6. All required endorsements shall be attached to the certificate. The certificate is due before the contract/agreement can be approved.

7. Whenever a specific ISO form is referenced the current edition of the form must be used unless an equivalent form is approved by the Director of Finance and Budget. The service provider must identify or list in writing all deviations and exclusions from the ISO form.

8. If vendor's limits of liability are higher than the required minimum limits then the vendor's limits shall be this agreement's required limits.

9. Vendor shall require all subcontractors and sub-subcontractors to obtain and maintain during the performance of work insurance for the coverages described in this Insurance Schedule and shall obtain certificates of insurance from all such subcontractors and sub-subcontractors. Vendor agrees that it shall be liable for the failure of a subcontractor and sub-subcontractor to obtain and maintain such coverage. The City may request a copy of such certificates from the Vendor.

10. Vendor shall be responsible for deductibles/self-insured retention for payment of all policy premiums and other costs associated with the insurance policies required below.

11. All certificates of insurance must include agents name, phone number, and email address.

12. The City of Dubuque reserves the right to require complete, certified copies of all required insurance policies, including endorsements, required by this Schedule at any time.

13. The City of Dubuque reserves the right to modify these requirements, including limits, based on changes in the risk or other special circumstances during the term of the agreement, subject to written mutual agreement attached hereto.

INSURANCE SCHEDULE G (continued)

EXHIBIT I

A) COMMERCIAL GENERAL LIABILITY

General Aggregate Limit	$2,000,000
Products-Completed Operations Aggregate Limit	$1,000,000
Personal and Advertising Injury Limit	$1,000,000
Each Occurrence	$1,000,000
Fire Damage Limit (any one occurrence)	$50,000
Medical Payments	$5,000

1) Coverage shall be written on an occurrence, not claims made, form. The general liability coverage shall be written in accord with ISO form CG 00 01 or business owners form BP 00 02. All deviations from the standard ISO commercial general liability form CG 00 01, or Business owners form BP 00 02, shall be clearly identified.
2) Include ISO endorsement form CG 25 04 "Designated Location(s) General Aggregate Limit."
3) Include endorsement indicating that coverage is primary and non-contributory.
4) Include Preservation of Governmental Immunities Endorsement (Sample attached).
5) Include additional insured endorsement for:
   The City of Dubuque, including all its elected and appointed officials, all its employees and volunteers, all its boards, commissions and/or authorities and their board members, employees and volunteers. Use ISO form CG 20 10 (Ongoing operations) or its equivalent.
6) Policy shall include Waiver of Right to Recover from Others endorsement.
7) Policy shall include cancellation and material change endorsement providing thirty (30) days advance written notice of cancellation, non-renewal, reduction in insurance coverage and/or limits and ten (10) days written notice of non-payment of premium shall be sent to: City of Dubuque Finance Department, 50 West 13th Street Dubuque, Iowa 52001.

B) WORKERS' COMPENSATION & EMPLOYERS LIABILITY

Statutory Benefits covering all employees injured on the job by accident or disease as prescribed by Iowa Code Chapter 85.

Coverage A	Statutory—State of Iowa	
Coverage B	Employers Liability	
	Each Accident	$100,000
	Each Employee-Disease	$100,000
	Policy Limit-Disease	$500,000

Policy shall include Waiver of Right to Recover from Others endorsement.

Coverage B limits shall be greater if required by the umbrella/excess insurer.

OR

If, by Iowa Code Section 85.1A, the Vendor is not required to purchase Workers' Compensation Insurance, the Vendor shall have a copy of the State's Nonelection of

Workers' Compensation or Employers' Liability Coverage form on file with the Iowa Workers' Compensation Insurance Commissioner, as required by Iowa Code Section 87.22. Completed form must be attached.

INSURANCE SCHEDULE G (continued)

C) POLLUTION LIABILITY

Coverage required: ☐ Yes ☑ No

Pollution liability coverage shall be required if the lessee, contracting party, or permittee has any pollution exposure for abatement of hazardous or contaminated materials including, but not limited to, petroleum products, the removal of lead, asbestos, or PCBs. Pollution product and completed operations coverage shall also be covered.

Each Occurrence	$2,000,000
Policy Aggregate	$4,000,000

1) Policy to include job site and transportation coverage.
2) Include additional insured for:
   The City of Dubuque, including all its elected and appointed officials, all its employees and volunteers, all its boards, commissions and/or authorities and their board members, employees and volunteers. Use ISO form CG 20 10. (Ongoing operations) or its equivalent and CG 20 37(competed operations).
3) Include Preservation of Governmental Immunities Endorsement.
4) Provide evidence of coverage for 5 years after completion of project.
5) Include endorsement indicating that coverage is primary and non-contributory.
6) Policy shall include waiver of right to recovery from others endorsement.

D) PROFESSIONAL LIABILITY $1,000,000

Coverage required: ☐ Yes ☑ No

If the required policy provides claims-made coverage:

1) The Retroactive Date must be shown and must be before the date of the agreement.
2) Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the work or services.
3) If coverage is canceled or non-renewed and not replaced with another claims-made policy form with a Retroactive Date prior to the date of the agreement, the contractor must provide "extended reporting" coverage for a minimum of five (5) years after completion of the work or services.

E) CYBER LIABILITY/BREACH $1,000,000

Coverage required: ☐ Yes ☑ No

Coverage for First and Third Party breach liability including but not limited to lost data and restoration, loss of income and cyber breach of information.

F) UMBRELLA/EXCESS $1,000,000

Coverage required: ☑ Yes ☐ No

The General Liability, Automobile Liability and Employer's Liability Insurance requirements may be satisfied with a combination of primary and Umbrella or Excess Liability Insurance. If the Umbrella or Excess Insurance policy does not follow the form of the primary policies, it shall include the same endorsements as required of the primary policies including but not limited to Waiver of Subrogation and Primary and Non-contributory in favor of the City.

Please be aware that naming the City of Dubuque as an additional insured as is required by this Insurance Schedule may result in the waiver of the City's governmental immunities provided in Iowa Code sec. 670.4. If you would like to preserve those immunities, please use this endorsement or an equivalent form.

PRESERVATION OF GOVERNMENTAL IMMUNITIES ENDORSEMENT

1. Nonwaiver of Governmental Immunity. The insurer expressly agrees and states that the purchase of this policy and the including of the City of Dubuque, Iowa as an Additional Insured does not waive any of the defenses of governmental immunity available to the City of Dubuque, Iowa under Code of Iowa Section 670.4 as it now exists and as it may be amended from time to time.

2. Claims Coverage. The insurer further agrees that this policy of insurance shall cover only those claims not subject to the defense of governmental immunity under the Code of Iowa Section 670.4 as it now exists and as it may be amended from time to time. Those claims not subject to Code of Iowa Section 670.4 shall be covered by the terms and conditions of this insurance policy.

3. Assertion of Government Immunity. The City of Dubuque, Iowa shall be responsible for asserting any defense of governmental immunity, and may do so at any time and shall do so upon the timely written request of the insurer.

4. Non-Denial of Coverage. The insurer shall not deny coverage under this policy and the insurer shall not deny any of the rights and benefits accruing to the City of Dubuque, Iowa under this policy for reasons of governmental immunity unless and until a court of competent jurisdiction has ruled in favor of the defense(s) of governmental immunity asserted by the City of Dubuque, Iowa.

No Other Change in Policy. The above preservation of governmental immunities shall not otherwise change or alter the coverage available under the policy.

SPECIMEN

(DEPARTMENT MANAGER: FILL IN ALL BLANKS AND CHECK BOXES)

AGREEMENT
BETWEEN
THE CITY OF DUBUQUE, IOWA
AND
FOUR MOUNDS HEART

THIS AGREEMENT dated for reference purposes the 2nd day of June 2025, is made and entered into by and between the City of Dubuque, Iowa (City) and Four Mounds Foundation (Agency).

WHEREAS, the City desires to engage the service of Agency to provide youth education where participants experience hands-on learning while promoting neighborhood revitalization and earning a high school diploma; and

WHEREAS, the Agency is willing to provide such services to the City upon the terms and conditions set forth herein.

NOW THEREFORE, the parties hereto agree as follows:

1. Scope of Services

Agency shall:

a) further the City of Dubuque Goal of Livable Neighborhoods and Housing: Great Place to Live;
b) provide youth education where participants experience hands-on learning while promoting neighborhood revitalization and earning a high school diploma;
c) comply with City Council goals and priorities; and
d) support the City's efforts to be a viable, livable, and equitable community, and to advance equity and inclusion.

2. City Responsibilities

The City designates its Community Development Specialist, to act as its representative with respect to the work to be performed under this Agreement, and such person shall have authority to transmit instructions, receive information, interpret and define the City's policies, and provide decisions in a timely manner pertinent to the work covered by this Agreement. The City's Community Development Specialist shall serve in this role until Agency has been advised in writing by City that such authority has been revoked.

City will provide opportunities to demonstrate this support by inviting the President of the Board of the Agency and any volunteers working on services covered by this Agreement to participate in the following professional development opportunities and supporting activities:

a) The opportunity to be active and engaged participants in Inclusive Dubuque peer learning opportunities and strategic efforts to advance Diversity, Equity, and Inclusion;
b) The opportunity to attend intercultural and equity workshops offered by the City, including trainings that focus on developing an intercultural team with a strategic plan for advancing equity and inclusion within the Agency and through the Agency's work;

c) Assistance in creating quarterly status reports that demonstrate the ways in which the Agency's efforts are advancing equity and inclusion; and
d) Access to the City's equity toolkit and SMART Goals Worksheet.

3. Time of Performance

The term of this Agreement shall be from July 1, 2024 through June 30, 2025 (the "Term").

4. Compensation

The City shall pay the Agency $10,000 as compensation for the services provided by the Agency, which payment shall constitute full and complete compensation for such services.

The compensation shall be paid upon receipt by the City of a requisition for such sum from the Agency.

5. Audit and Evaluation

Inasmuch as the funds to be provided to the Agency by the City are public funds, the Agency agrees that it will maintain books of account in accordance with generally accepted accounting standards together with necessary documentation to support all expenditures. The records of the Agency, including payroll accounts and other records of disbursements and receipts, and other records relating to the performance of the activities herein specified, shall be made available for inspection by the City or any certified public accountant acting on its behalf, in order to ascertain performance and compliance of the Agency under this Agreement. The Agency agrees to retain such records for not less than three (3) years after the end of the Term of this Agreement.

6. Reporting and Monitoring

Agency shall comply with the City of Dubuque's reporting and monitoring requirements by using the following link to submit online reports detailing Agency activities related to the use of City funds provided to Agency.

The online reports shall include a performance report on the program(s) supported by City funds and a financial report on the use of City funds.

If the Agency has an annual audit performed, the Agency shall provide the City a copy of the annual audit report within 60 days of audit completion. The audit shall be submitted as either an electronic or paper document to the City's Community Development Specialist.

8. Discrimination

In carrying out the services under this Agreement, Agency shall not discriminate against any employee or applicant for employment because of race, creed, color, sex, age, national origin, religion, sexual orientation, gender identity, or disability. Agency shall take affirmative action to ensure that applicants for employment are employed and that employees are treated during employment without regard to race, creed, color, sex, age, national origin, religion, sexual orientation, gender identity, or disability. Such action shall

include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Agency assures that all qualified applicants will receive consideration for employment without regard to race, creed, color, sex, age, national origin, religion, sexual orientation, gender identity or disability.

Agency agrees and will undertake whatever affirmative measures are necessary so that no person shall be excluded from participation in, be denied the benefits of, nor be subjected to discrimination under any program or activities funded in whole or in part with any of the funds made available to Agency under the terms of this Agreement because of race, color, creed, religion, sex, national origin, age, sexual orientation, gender identity or disability.

9. Termination of Agreement

If, through any cause, the Agency shall fail to fulfill in a timely and proper manner its obligations under this Agreement, or if the Agency shall violate any of the covenants, agreements, or stipulations of this Agreement, the City shall thereupon have the right to terminate this Agreement by giving written notice thereof to the Agency and specifying the effective date of termination, which shall be not less than seven days from the date of the City's written notice to the Agency.

If the Agency shall fail to cure its default to the satisfaction of the City, in the City's sole and absolute discretion, within such seven-day period, this Agreement shall be deemed terminated at the end of such seven-day period without further action of either party.

Upon termination of this Agreement, the Agency shall immediately return to the City all unexpended funds and any funds utilized for purposes other than stated in this Agreement.

10. Assignability

The Agency shall not assign or transfer any interest in this Agreement without the prior written approval of the City.

11. Acknowledgement

The Agency will acknowledge the City's financial support in appropriate signage, program materials, publicity, advertising activities, websites, and other online media pertaining to this Agreement and the work performed with funds from this Agreement. Recognition guidelines are located at: https://www.cityofdubuque.org/2805/Funding-Recognition. The Agency will provide evidence of such acknowledgement as an addendum to the Final Report.

12. Conflict of Interest

No member, officer, or employee of the City, its designees, or its agents, nor any member of the Dubuque City Council nor other public official of the City who exercises any function or responsibility with respect to the program assisted under this Agreement during such person's tenure, may have any direct or indirect interest in this Agreement, the proceeds

from this Agreement, or work performed in connection with the program assisted under this Agreement.

13. Insurance

At the time of execution of this Agreement by Agency, Agency shall provide City copies of Agency's insurance certificates showing compliance with the insurance requirements of Insurance Schedule G, included as Attachment A.

14. Miscellaneous

14.1 Forbearance Not a Waiver; Rights and Remedies Cumulative. No delay by the City in exercising any right or remedy provided herein, or otherwise afforded by law or in equity, shall be deemed a waiver or otherwise preclude the exercise of such right or remedy, and no waiver by the City of any particular provision of this Agreement shall be deemed effective unless in writing and signed by the City. All rights and remedies provided for herein or which the City may have otherwise, at law or in equity, shall be distinct, separate, and cumulative and may be exercised concurrently, independently, or successively in any order whatsoever, as often as the occasion therefor arises.

14.2 Severability. In the event any provision of this Agreement shall, for any reason, be held by a court of competent jurisdiction to be invalid, illegal, or unenforceable, whether in whole or in part, the remaining provisions hereof shall not be affected thereby and shall continue to be valid and enforceable. If, for any reason, a court of competent jurisdiction finds that any provision of this Agreement is invalid, illegal, or unenforceable as written, but that by limiting such provision it would become valid, legal, and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

14.3 Successors and Assigns Bound; Number; Gender; Agents; Captions and Headings. The rights, covenants, and agreements contained herein shall be binding upon and inure to the benefit of the respective legal representatives, successors, and permitted assigns of the parties. Words and phrases contained herein, including the acknowledgments hereof, shall be construed as in the singular or plural number, and as masculine, feminine, or neuter gender, according to the contexts. The captions and headings of the section and paragraphs of this Agreement are for convenience only and are not intended to be used to interpret or enforce the provisions hereof.

14.4 Governing Law; Venue. This Agreement is entered into under and pursuant to, and is to be construed and enforced in accordance with, the laws of the State of Iowa, without regard to its conflict of laws principles. Venue for any action arising out of this Agreement shall be in the Iowa District Court for Dubuque County, Iowa or the Federal District Court for the Northern District of Iowa, Eastern Division, and the parties hereby irrevocably consent to the jurisdiction of such courts.

14.5 Counterparts; Facsimile and Electronic Signatures. This Agreement may be executed in counterparts, each of which shall constitute an original, and all of which together shall constitute one and the same document. This Agreement may be electronically executed by the parties and transmitted by facsimile or electronic transmission, and if so executed and transmitted, shall be effective as if the parties had delivered an executed original of this Agreement.

14.6 Signatory Authority. Each person signing this Agreement hereby represents and warrants that they have the full legal right, power, and authority to enter into this Agreement on behalf of the party for whom they are signing and to cause such party to grant the rights and perform the obligations contained herein, and that no third-party consent or approval is required to grant such rights or perform such obligations.

14.7 Amendments. This Agreement may only be amended by a written instrument, duly signed by the parties hereto.

14.8 Indemnification. The Agency hereby releases the City and its governing body members, officers, agents, employees, and volunteers from any and all liability associated with implementation of this Agreement and agrees to indemnify and hold harmless the City and its governing body members, officers, agents, employees, and volunteers against any loss, damage, or claim of any nature whatsoever arising from this Agreement.

14.9 Notices. Any notice required or permitted this Agreement shall be in writing and sent to the following physical or email address of the party:

City of Dubuque Insurance Requirements for Vendors (Suppliers, Service Providers)

INSURANCE SCHEDULE G

1. Vendor shall furnish a signed certificate of insurance to the City of Dubuque, Iowa for the coverage required in Exhibit I prior to the contract commencement. Each certificate shall be prepared on the most current ACORD form approved by the Iowa Insurance Division or an equivalent. Each certificate shall include a statement under Description of Operations as to why the certificate was issued. Vendor Service Agreement dated June 2, 2025.

2. All policies of insurance required hereunder shall be with an insurer authorized to do business in Iowa and all insurers shall have a rating of A or better in the current A.M. Best's Rating Guide.

3. Each certificate shall be furnished to the Finance Department of the City of Dubuque.

4. The service provider shall be required to carry the minimum coverage/limits, or greater if required by law or other legal agreement, in Exhibit I. Failure to provide the required minimum coverage shall not be deemed a waiver of such requirements by the City of Dubuque.

5. Failure to obtain or maintain the required insurance shall be considered a material breach of this agreement.

6. All required endorsements shall be attached to the certificate. The certificate is due before the contract/agreement can be approved.

7. Whenever a specific ISO form is referenced the current edition of the form must be used unless an equivalent form is approved by the Director of Finance and Budget. The service provider must identify or list in writing all deviations and exclusions from the ISO form.

8. If vendor's limits of liability are higher than the required minimum limits then the vendor's limits shall be this agreement's required limits.

9. Vendor shall require all subcontractors and sub-subcontractors to obtain and maintain during the performance of work insurance for the coverages described in this Insurance Schedule and shall obtain certificates of insurance from all such subcontractors and sub-subcontractors. Vendor agrees that it shall be liable for the failure of a subcontractor and sub-subcontractor to obtain and maintain such coverage. The City may request a copy of such certificates from the Vendor.

10. Vendor shall be responsible for deductibles/self-insured retention for payment of all policy premiums and other costs associated with the insurance policies required below.

11. All certificates of insurance must include agents name, phone number, and email address.

12. The City of Dubuque reserves the right to require complete, certified copies of all required insurance policies, including endorsements, required by this Schedule at any time.

13. The City of Dubuque reserves the right to modify these requirements, including limits, based on changes in the risk or other special circumstances during the term of the agreement, subject to written mutual agreement attached hereto.

INSURANCE SCHEDULE G (continued)

EXHIBIT I

A) COMMERCIAL GENERAL LIABILITY

General Aggregate Limit	$2,000,000
Products-Completed Operations Aggregate Limit	$1,000,000
Personal and Advertising Injury Limit	$1,000,000
Each Occurrence	$1,000,000
Fire Damage Limit (any one occurrence)	$50,000
Medical Payments	$5,000

1) Coverage shall be written on an occurrence, not claims made, form. The general liability coverage shall be written in accord with ISO form CG 00 01 or business owners form BP 00 02. All deviations from the standard ISO commercial general liability form CG 00 01, or Business owners form BP 00 02, shall be clearly identified.
2) Include ISO endorsement form CG 25 04 "Designated Location(s) General Aggregate Limit."
3) Include endorsement indicating that coverage is primary and non-contributory.
4) Include Preservation of Governmental Immunities Endorsement (Sample attached).
5) Include additional insured endorsement for:
   The City of Dubuque, including all its elected and appointed officials, all its employees and volunteers, all its boards, commissions and/or authorities and their board members, employees and volunteers. Use ISO form CG 20 10 (Ongoing operations) or its equivalent.
6) Policy shall include Waiver of Right to Recover from Others endorsement.
7) Policy shall include cancellation and material change endorsement providing thirty (30) days advance written notice of cancellation, non-renewal, reduction in insurance coverage and/or limits and ten (10) days written notice of non-payment of premium shall be sent to: City of Dubuque Finance Department, 50 West 13th Street Dubuque, Iowa 52001.

B) WORKERS' COMPENSATION & EMPLOYERS LIABILITY

Statutory Benefits covering all employees injured on the job by accident or disease as prescribed by Iowa Code Chapter 85.

Coverage A	Statutory—State of Iowa	
Coverage B	Employers Liability	
	Each Accident	$100,000
	Each Employee-Disease	$100,000
	Policy Limit-Disease	$500,000

Policy shall include Waiver of Right to Recover from Others endorsement.

Coverage B limits shall be greater if required by the umbrella/excess insurer.

OR

If, by Iowa Code Section 85.1A, the Vendor is not required to purchase Workers' Compensation Insurance, the Vendor shall have a copy of the State's Nonelection of

Workers' Compensation or Employers' Liability Coverage form on file with the Iowa Workers' Compensation Insurance Commissioner, as required by Iowa Code Section 87.22. Completed form must be attached.

INSURANCE SCHEDULE G (continued)

C) POLLUTION LIABILITY

Coverage required: ☐ Yes ☑ No

Pollution liability coverage shall be required if the lessee, contracting party, or permittee has any pollution exposure for abatement of hazardous or contaminated materials including, but not limited to, petroleum products, the removal of lead, asbestos, or PCBs. Pollution product and completed operations coverage shall also be covered.

Each Occurrence	$2,000,000
Policy Aggregate	$4,000,000

1) Policy to include job site and transportation coverage.
2) Include additional insured for:
   The City of Dubuque, including all its elected and appointed officials, all its employees and volunteers, all its boards, commissions and/or authorities and their board members, employees and volunteers. Use ISO form CG 20 10. (Ongoing operations) or its equivalent and CG 20 37(competed operations).
3) Include Preservation of Governmental Immunities Endorsement.
4) Provide evidence of coverage for 5 years after completion of project.
5) Include endorsement indicating that coverage is primary and non-contributory.
6) Policy shall include waiver of right to recovery from others endorsement.

D) PROFESSIONAL LIABILITY $1,000,000

Coverage required: ☐ Yes ☑ No

If the required policy provides claims-made coverage:

1) The Retroactive Date must be shown and must be before the date of the agreement.
2) Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the work or services.
3) If coverage is canceled or non-renewed and not replaced with another claims-made policy form with a Retroactive Date prior to the date of the agreement, the contractor must provide "extended reporting" coverage for a minimum of five (5) years after completion of the work or services.

E) CYBER LIABILITY/BREACH $1,000,000

Coverage required: ☐ Yes ☑ No

Coverage for First and Third Party breach liability including but not limited to lost data and restoration, loss of income and cyber breach of information.

F) UMBRELLA/EXCESS $1,000,000

Coverage required: ☑ Yes ☐ No

The General Liability, Automobile Liability and Employer's Liability Insurance requirements may be satisfied with a combination of primary and Umbrella or Excess Liability Insurance. If the Umbrella or Excess Insurance policy does not follow the form of the primary policies, it shall include the same endorsements as required of the primary policies including but not limited to Waiver of Subrogation and Primary and Non-contributory in favor of the City.

Please be aware that naming the City of Dubuque as an additional insured as is required by this Insurance Schedule may result in the waiver of the City's governmental immunities provided in Iowa Code sec. 670.4. If you would like to preserve those immunities, please use this endorsement or an equivalent form.

PRESERVATION OF GOVERNMENTAL IMMUNITIES ENDORSEMENT

1. Nonwaiver of Governmental Immunity. The insurer expressly agrees and states that the purchase of this policy and the including of the City of Dubuque, Iowa as an Additional Insured does not waive any of the defenses of governmental immunity available to the City of Dubuque, Iowa under Code of Iowa Section 670.4 as it now exists and as it may be amended from time to time.

2. Claims Coverage. The insurer further agrees that this policy of insurance shall cover only those claims not subject to the defense of governmental immunity under the Code of Iowa Section 670.4 as it now exists and as it may be amended from time to time. Those claims not subject to Code of Iowa Section 670.4 shall be covered by the terms and conditions of this insurance policy.

3. Assertion of Government Immunity. The City of Dubuque, Iowa shall be responsible for asserting any defense of governmental immunity, and may do so at any time and shall do so upon the timely written request of the insurer.

4. Non-Denial of Coverage. The insurer shall not deny coverage under this policy and the insurer shall not deny any of the rights and benefits accruing to the City of Dubuque, Iowa under this policy for reasons of governmental immunity unless and until a court of competent jurisdiction has ruled in favor of the defense(s) of governmental immunity asserted by the City of Dubuque, Iowa.

No Other Change in Policy. The above preservation of governmental immunities shall not otherwise change or alter the coverage available under the policy.

(DEPARTMENT MANAGER: FILL IN ALL BLANKS AND CHECK BOXES)

AGREEMENT
BETWEEN
THE CITY OF DUBUQUE, IOWA
AND
HAWKEYE AREA COMMUNITY ACTION PROGRAM

THIS AGREEMENT dated for reference purposes the 2nd day of June 2025, is made and entered into by and between the City of Dubuque, Iowa (City) and Hawkeye Area Community Action Program (Agency).

WHEREAS, the City desires to engage the service of Agency to provide Volunteer Income Tax Assistance (VITA) program, a free, reliable, and trusted source for preparing tax returns for eligible individuals and families; and

WHEREAS, the Agency is willing to provide such services to the City upon the terms and conditions set forth herein.

NOW THEREFORE, the parties hereto agree as follows:

1. Scope of Services

Agency shall:

a) further the City of Dubuque Goal of Livable Neighborhoods and Housing: Great Place to Live;
b) to provide Volunteer Income Tax Assistance (VITA) program, a free, reliable, and trusted source for preparing tax returns for eligible individuals and families;
c) comply with City Council goals and priorities; and
d) support the City's efforts to be a viable, livable, and equitable community, and to advance equity and inclusion.

2. City Responsibilities

The City designates its Community Development Specialist, to act as its representative with respect to the work to be performed under this Agreement, and such person shall have authority to transmit instructions, receive information, interpret and define the City's policies, and provide decisions in a timely manner pertinent to the work covered by this Agreement. The City's Community Development Specialist shall serve in this role until Agency has been advised in writing by City that such authority has been revoked.

City will provide opportunities to demonstrate this support by inviting the President of the Board of the Agency and any volunteers working on services covered by this Agreement to participate in the following professional development opportunities and supporting activities:

a) The opportunity to be active and engaged participants in Inclusive Dubuque peer learning opportunities and strategic efforts to advance Diversity, Equity, and Inclusion;
b) The opportunity to attend intercultural and equity workshops offered by the City, including trainings that focus on developing an intercultural team with a strategic plan for advancing equity and inclusion within the Agency and through the Agency's work;

c) Assistance in creating quarterly status reports that demonstrate the ways in which the Agency's efforts are advancing equity and inclusion; and
d) Access to the City's equity toolkit and SMART Goals Worksheet.

3. Time of Performance

The term of this Agreement shall be from July 1, 2024 through June 30, 2025 (the "Term").

4. Compensation

The City shall pay the Agency $70,000 as compensation for the services provided by the Agency, which payment shall constitute full and complete compensation for such services.

The compensation shall be paid upon receipt by the City of a requisition for such sum from the Agency.

5. Audit and Evaluation

Inasmuch as the funds to be provided to the Agency by the City are public funds, the Agency agrees that it will maintain books of account in accordance with generally accepted accounting standards together with necessary documentation to support all expenditures. The records of the Agency, including payroll accounts and other records of disbursements and receipts, and other records relating to the performance of the activities herein specified, shall be made available for inspection by the City or any certified public accountant acting on its behalf, in order to ascertain performance and compliance of the Agency under this Agreement. The Agency agrees to retain such records for not less than three (3) years after the end of the Term of this Agreement.

6. Reporting and Monitoring

Agency shall comply with the City of Dubuque's reporting and monitoring requirements by using the following link to submit online reports detailing Agency activities related to the use of City funds provided to Agency.

The online reports shall include a performance report on the program(s) supported by City funds and a financial report on the use of City funds.

If the Agency has an annual audit performed, the Agency shall provide the City a copy of the annual audit report within 60 days of audit completion. The audit shall be submitted as either an electronic or paper document to the City's Community Development Specialist.

8. Discrimination

In carrying out the services under this Agreement, Agency shall not discriminate against any employee or applicant for employment because of race, creed, color, sex, age, national origin, religion, sexual orientation, gender identity, or disability. Agency shall take affirmative action to ensure that applicants for employment are employed and that employees are treated during employment without regard to race, creed, color, sex, age, national origin, religion, sexual orientation, gender identity, or disability. Such action shall

include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Agency assures that all qualified applicants will receive consideration for employment without regard to race, creed, color, sex, age, national origin, religion, sexual orientation, gender identity or disability.

Agency agrees and will undertake whatever affirmative measures are necessary so that no person shall be excluded from participation in, be denied the benefits of, nor be subjected to discrimination under any program or activities funded in whole or in part with any of the funds made available to Agency under the terms of this Agreement because of race, color, creed, religion, sex, national origin, age, sexual orientation, gender identity or disability.

9. Termination of Agreement

If, through any cause, the Agency shall fail to fulfill in a timely and proper manner its obligations under this Agreement, or if the Agency shall violate any of the covenants, agreements, or stipulations of this Agreement, the City shall thereupon have the right to terminate this Agreement by giving written notice thereof to the Agency and specifying the effective date of termination, which shall be not less than seven days from the date of the City's written notice to the Agency.

If the Agency shall fail to cure its default to the satisfaction of the City, in the City's sole and absolute discretion, within such seven-day period, this Agreement shall be deemed terminated at the end of such seven-day period without further action of either party.

Upon termination of this Agreement, the Agency shall immediately return to the City all unexpended funds and any funds utilized for purposes other than stated in this Agreement.

10. Assignability

The Agency shall not assign or transfer any interest in this Agreement without the prior written approval of the City.

11. Acknowledgement

The Agency will acknowledge the City's financial support in appropriate signage, program materials, publicity, advertising activities, websites, and other online media pertaining to this Agreement and the work performed with funds from this Agreement. Recognition guidelines are located at: https://www.cityofdubuque.org/2805/Funding-Recognition. The Agency will provide evidence of such acknowledgement as an addendum to the Final Report.

12. Conflict of Interest

No member, officer, or employee of the City, its designees, or its agents, nor any member of the Dubuque City Council nor other public official of the City who exercises any function or responsibility with respect to the program assisted under this Agreement during such person's tenure, may have any direct or indirect interest in this Agreement, the proceeds

from this Agreement, or work performed in connection with the program assisted under this Agreement.

13. Insurance

At the time of execution of this Agreement by Agency, Agency shall provide City copies of Agency's insurance certificates showing compliance with the insurance requirements of Insurance Schedule G, included as Attachment A.

14. Miscellaneous

14.1 Forbearance Not a Waiver; Rights and Remedies Cumulative. No delay by the City in exercising any right or remedy provided herein, or otherwise afforded by law or in equity, shall be deemed a waiver or otherwise preclude the exercise of such right or remedy, and no waiver by the City of any particular provision of this Agreement shall be deemed effective unless in writing and signed by the City. All rights and remedies provided for herein or which the City may have otherwise, at law or in equity, shall be distinct, separate, and cumulative and may be exercised concurrently, independently, or successively in any order whatsoever, as often as the occasion therefor arises.

14.2 Severability. In the event any provision of this Agreement shall, for any reason, be held by a court of competent jurisdiction to be invalid, illegal, or unenforceable, whether in whole or in part, the remaining provisions hereof shall not be affected thereby and shall continue to be valid and enforceable. If, for any reason, a court of competent jurisdiction finds that any provision of this Agreement is invalid, illegal, or unenforceable as written, but that by limiting such provision it would become valid, legal, and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

14.3 Successors and Assigns Bound; Number; Gender; Agents; Captions and Headings. The rights, covenants, and agreements contained herein shall be binding upon and inure to the benefit of the respective legal representatives, successors, and permitted assigns of the parties. Words and phrases contained herein, including the acknowledgments hereof, shall be construed as in the singular or plural number, and as masculine, feminine, or neuter gender, according to the contexts. The captions and headings of the section and paragraphs of this Agreement are for convenience only and are not intended to be used to interpret or enforce the provisions hereof.

14.4 Governing Law; Venue. This Agreement is entered into under and pursuant to, and is to be construed and enforced in accordance with, the laws of the State of Iowa, without regard to its conflict of laws principles. Venue for any action arising out of this Agreement shall be in the Iowa District Court for Dubuque County, Iowa or the Federal District Court for the Northern District of Iowa, Eastern Division, and the parties hereby irrevocably consent to the jurisdiction of such courts.

14.5 Counterparts; Facsimile and Electronic Signatures. This Agreement may be executed in counterparts, each of which shall constitute an original, and all of which together shall constitute one and the same document. This Agreement may be electronically executed by the parties and transmitted by facsimile or electronic transmission, and if so executed and transmitted, shall be effective as if the parties had delivered an executed original of this Agreement.

14.6 Signatory Authority. Each person signing this Agreement hereby represents and warrants that they have the full legal right, power, and authority to enter into this Agreement on behalf of the party for whom they are signing and to cause such party to grant the rights and perform the obligations contained herein, and that no third-party consent or approval is required to grant such rights or perform such obligations.

14.7 Amendments. This Agreement may only be amended by a written instrument, duly signed by the parties hereto.

14.8 Indemnification. The Agency hereby releases the City and its governing body members, officers, agents, employees, and volunteers from any and all liability associated with implementation of this Agreement and agrees to indemnify and hold harmless the City and its governing body members, officers, agents, employees, and volunteers against any loss, damage, or claim of any nature whatsoever arising from this Agreement.

14.9 Notices. Any notice required or permitted this Agreement shall be in writing and sent to the following physical or email address of the party:

ATTACHMENT A

City of Dubuque Insurance Requirements for Vendors (Suppliers, Service Providers)

INSURANCE SCHEDULE G

1. Vendor shall furnish a signed certificate of insurance to the City of Dubuque, Iowa for the coverage required in Exhibit I prior to the contract commencement. Each certificate shall be prepared on the most current ACORD form approved by the Iowa Insurance Division or an equivalent. Each certificate shall include a statement under Description of Operations as to why the certificate was issued. Vendor Service Agreement dated June 2, 2025.

2. All policies of insurance required hereunder shall be with an insurer authorized to do business in Iowa and all insurers shall have a rating of A or better in the current A.M. Best's Rating Guide.

3. Each certificate shall be furnished to the Finance Department of the City of Dubuque.

4. The service provider shall be required to carry the minimum coverage/limits, or greater if required by law or other legal agreement, in Exhibit I. Failure to provide the required minimum coverage shall not be deemed a waiver of such requirements by the City of Dubuque.

5. Failure to obtain or maintain the required insurance shall be considered a material breach of this agreement.

6. All required endorsements shall be attached to the certificate. The certificate is due before the contract/agreement can be approved.

7. Whenever a specific ISO form is referenced the current edition of the form must be used unless an equivalent form is approved by the Director of Finance and Budget. The service provider must identify or list in writing all deviations and exclusions from the ISO form.

8. If vendor's limits of liability are higher than the required minimum limits then the vendor's limits shall be this agreement's required limits.

9. Vendor shall require all subcontractors and sub-subcontractors to obtain and maintain during the performance of work insurance for the coverages described in this Insurance Schedule and shall obtain certificates of insurance from all such subcontractors and sub-subcontractors. Vendor agrees that it shall be liable for the failure of a subcontractor and sub-subcontractor to obtain and maintain such coverage. The City may request a copy of such certificates from the Vendor.

10. Vendor shall be responsible for deductibles/self-insured retention for payment of all policy premiums and other costs associated with the insurance policies required below.

11. All certificates of insurance must include agents name, phone number, and email address.

12. The City of Dubuque reserves the right to require complete, certified copies of all required insurance policies, including endorsements, required by this Schedule at any time.

13. The City of Dubuque reserves the right to modify these requirements, including limits, based on changes in the risk or other special circumstances during the term of the agreement, subject to written mutual agreement attached hereto.

INSURANCE SCHEDULE G (continued)

EXHIBIT I

A) COMMERCIAL GENERAL LIABILITY

General Aggregate Limit	$2,000,000
Products-Completed Operations Aggregate Limit	$1,000,000

1) Coverage shall be written on an occurrence, not claims made, form. The general liability coverage shall be written in accord with ISO form CG 00 01 or business owners form BP 00 02. All deviations from the standard ISO commercial general liability form CG 00 01, or Business owners form BP 00 02, shall be clearly identified.
2) Include ISO endorsement form CG 25 04 "Designated Location(s) General Aggregate Limit."
3) Include endorsement indicating that coverage is primary and non-contributory.
4) Include Preservation of Governmental Immunities Endorsement (Sample attached).
5) Include additional insured endorsement for:
   The City of Dubuque, including all its elected and appointed officials, all its employees and volunteers, all its boards, commissions and/or authorities and their board members, employees and volunteers. Use ISO form CG 20 10 (Ongoing operations) or its equivalent.
6) Policy shall include Waiver of Right to Recover from Others endorsement.
7) Policy shall include cancellation and material change endorsement providing thirty (30) days advance written notice of cancellation, non-renewal, reduction in insurance coverage and/or limits and ten (10) days written notice of non-payment of premium shall be sent to: City of Dubuque Finance Department, 50 West 13th Street Dubuque, Iowa 52001.

B) WORKERS' COMPENSATION & EMPLOYERS LIABILITY

Statutory Benefits covering all employees injured on the job by accident or disease as prescribed by Iowa Code Chapter 85.

Coverage A	Statutory—State of Iowa	
Coverage B	Employers Liability	
	Each Accident	$100,000
	Each Employee-Disease	$100,000
	Policy Limit-Disease	$500,000

Policy shall include Waiver of Right to Recover from Others endorsement.

Coverage B limits shall be greater if required by the umbrella/excess insurer.

OR

If, by Iowa Code Section 85.1A, the Vendor is not required to purchase Workers' Compensation Insurance, the Vendor shall have a copy of the State's Nonelection of

Workers' Compensation or Employers' Liability Coverage form on file with the Iowa Workers' Compensation Insurance Commissioner, as required by Iowa Code Section 87.22. Completed form must be attached.

INSURANCE SCHEDULE G (continued)

C) **POLLUTION LIABILITY**

Coverage required: ☐ Yes ☑ No

Pollution liability coverage shall be required if the lessee, contracting party, or permittee has any pollution exposure for abatement of hazardous or contaminated materials including, but not limited to, petroleum products, the removal of lead, asbestos, or PCBs. Pollution product and completed operations coverage shall also be covered.

Each Occurrence	$2,000,000
Policy Aggregate	$4,000,000

1) Policy to include job site and transportation coverage.
2) Include additional insured for:
   The City of Dubuque, including all its elected and appointed officials, all its employees and volunteers, all its boards, commissions and/or authorities and their board members, employees and volunteers. Use ISO form CG 20 10. (Ongoing operations) or its equivalent and CG 20 37(competed operations).
3) Include Preservation of Governmental Immunities Endorsement.
4) Provide evidence of coverage for 5 years after completion of project.
5) Include endorsement indicating that coverage is primary and non-contributory.
6) Policy shall include waiver of right to recovery from others endorsement.

D) **PROFESSIONAL LIABILITY** $1,000,000

Coverage required: ☐ Yes ☑ No

If the required policy provides claims-made coverage:

1) The Retroactive Date must be shown and must be before the date of the agreement.
2) Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the work or services.
3) If coverage is canceled or non-renewed and not replaced with another claims-made policy form with a Retroactive Date prior to the date of the agreement, the contractor must provide "extended reporting" coverage for a minimum of five (5) years after completion of the work or services.

E) **CYBER LIABILITY/BREACH** $1,000,000

Coverage required: ☐ Yes ☑ No

Coverage for First and Third Party breach liability including but not limited to lost data and restoration, loss of income and cyber breach of information.

F) **UMBRELLA/EXCESS** $1,000,000

Coverage required: ☑ Yes ☐ No

The General Liability, Automobile Liability and Employer's Liability Insurance requirements may be satisfied with a combination of primary and Umbrella or Excess Liability Insurance. If the Umbrella or Excess Insurance policy does not follow the form of the primary policies, it shall include the same endorsements as required of the primary policies including but not limited to Waiver of Subrogation and Primary and Non-contributory in favor of the City.

Please be aware that naming the City of Dubuque as an additional insured as is required by this Insurance Schedule may result in the waiver of the City's governmental immunities provided in Iowa Code sec. 670.4. If you would like to preserve those immunities, please use this endorsement or an equivalent form.

PRESERVATION OF GOVERNMENTAL IMMUNITIES ENDORSEMENT

1. Nonwaiver of Governmental Immunity. The insurer expressly agrees and states that the purchase of this policy and the including of the City of Dubuque, Iowa as an Additional Insured does not waive any of the defenses of governmental immunity available to the City of Dubuque, Iowa under Code of Iowa Section 670.4 as it now exists and as it may be amended from time to time.

2. Claims Coverage. The insurer further agrees that this policy of insurance shall cover only those claims not subject to the defense of governmental immunity under the Code of Iowa Section 670.4 as it now exists and as it may be amended from time to time. Those claims not subject to Code of Iowa Section 670.4 shall be covered by the terms and conditions of this insurance policy.

3. Assertion of Government Immunity. The City of Dubuque, Iowa shall be responsible for asserting any defense of governmental immunity, and may do so at any time and shall do so upon the timely written request of the insurer.

4. Non-Denial of Coverage. The insurer shall not deny coverage under this policy and the insurer shall not deny any of the rights and benefits accruing to the City of Dubuque, Iowa under this policy for reasons of governmental immunity unless and until a court of competent jurisdiction has ruled in favor of the defense(s) of governmental immunity asserted by the City of Dubuque, Iowa.

No Other Change in Policy. The above preservation of governmental immunities shall not otherwise change or alter the coverage available under the policy.

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Adoption of the FY 2026-2030 Community Development Block Grant Consolidated Plan and FY 2026 Annual Action Plan

DATE: May 28, 2025

Interim Housing & Community Development Director Cori Burbach is recommending City Council approve the attached resolution adopting the FY 2026-2030 Consolidated Plan and the FY 2026 Annual Action Plan as recommended by the Community Development Advisory Commission and direct staff to transmit this plan to the U.S. Department of Housing and Urban Development as required.

The Draft FY2026-2030 Consolidated Plan and the FY2026 Annual Action Plan were out for public comment from January 16, 2025-February 16, 2025. The Community Development Advisory Commission held a public hearing on February 19, 2025 for the draft Consolidated Plan and Annual Action Plan.

Additionally, the Final FY2026-2030 Consolidated Plan and the Final FY2026 Annual Action Plan were out for public comment from February 20, 2025-March 23, 2025. The Community Development Advisory Commission held a public hearing on March 26, 2025 for the final Consolidated Plan and Annual Action Plan. On March 26, 2025, CDAC unanimously approved the final Consolidated Plan and Annual Action Plan and recommended the City Council adopt the final Consolidated Plan and Annual Action Plan.

The FY2026-2030 Consolidated Plan includes 5 year Strategic Goals including:

- Repair and Rehabilitation of Existing Affordable Housing
- Create Neighborhood Youth Services
- Provide Inspection and Code Enforcement
- Support Community Development and Improvements

The identified Priorities are:

- Improve Existing Owner-Occupied Structure
- Eliminate Lead Based Paint and other Hazards
- Accessible Housing Improvements for Special Needs Population
- Improve Mobile Home Affordable Housing Stock
- Improve Existing Affordable Rental Units

- Support Services- Connections for Youth
- Maintain Safety through Code Enforcement
- Improve Physical Environments

FY 2026 Annual Action Plan provides for the use of CDBG funds for the actual entitlement allocation of $1,037,080 and revenues of $94,868 in program income, for a total of $1,131,948. Based on the contingency provision on the Pre-Allocation Estimated Annual Action Plan, the slight increase of $1,359 in formula entitlement allocation will go toward Neighborhood Recreation Program- Public Services, increasing their allocation from $95,761 to $97,120.

I concur with the recommendation and respectfully request Mayor and City Council approval.

RE: Adoption of the FY 2026-2030 Community Development Block Grant Consolidated Plan and FY 2026 Annual Action Plan

INTRODUCTION
The Housing & Community Development Department is submitting the attached FY2026-2030 Consolidated Plan and the FY 2026 Annual Action Plan for the City Council to adopt at the June 2, 2025 meeting. This memo transmits a resolution to adopt the FY2026-2030 Consolidated Plan and the FY 2026 Annual Action Plan.

BACKGROUND
The FY2026-2030 Consolidated Plan and the FY 2026 Annual Action Plan are required by the U.S. Department of Housing and Urban Development (HUD) for communities receiving Community Development Block Grant (CDBG) funds. This five-year plan is designed to be a collaborative process to help communities establish a unified vision for housing and community development initiatives. The Consolidated Plan was developed through an extensive community engagement process, which included focus groups with over 60 community partners and residents from diverse organizations, backgrounds, and demographics in the Dubuque community. Additionally, 11 stakeholder interviews and 458 survey responses informed the plan. To guide citizen participation and ensure compliance, staff followed the requirements outlined in 24 CFR 91.100 Subpart B-Citizen Participation and Consultation. Beyond community engagement, the plan was shaped by a comprehensive analysis of data sources, including HUD's Comprehensive Housing Affordability Strategy (CHAS) data, local data, a community needs assessment survey, census data, and a study of barriers to fair housing.

DISCUSSION
The FY2026-2030 Consolidated Plan outlines the city of Dubuque's housing and community development needs and presents strategies to address them. Serving as the City's blueprint for utilizing Community Development Block Grant (CDBG) funds, the plan focuses on providing decent, affordable housing, expanding economic opportunities, and fostering a suitable living environment. City staff and partner organizations deliver activities designed to increase affordability, availability and accessibility, and sustainability of resources in the community. As part of this effort, the

Consolidated Plan includes the FY2026 Annual Action Plan, which details specific activities and funding allocations for the first year of the five-year plan.

Citizen participation is a crucial part of the Consolidated Plan, ensuring a collaborative process that helps the community establish a unified vision for housing and community development. Throughout the plan's development, residents had multiple opportunities to provide feedback. Both the draft and final versions were made available at various locations across the community, in both physical and digital formats, to encourage public comment. The online documents included a feature for submitting comments directly, while all physical copies featured a cover page with a QR code, making it easy for residents to share their public comments.

The Draft FY2026-2030 Consolidated Plan and the FY2026 Annual Action Plan were out for public comment from January 16, 2025-February 16, 2025. The Community Development Advisory Commission held a public hearing on February 19, 2025 for the draft Consolidated Plan and Annual Action Plan.

Additionally, the Final FY2026-2030 Consolidated Plan and the Final FY2026 Annual Action Plan were out for public comment from February 20, 2025-March 23, 2025. The Community Development Advisory Commission held a public hearing on March 26, 2025 for the final Consolidated Plan and Annual Action Plan. On March 26, 2025, CDAC unanimously approved the final Consolidated Plan and Annual Action Plan and recommended the City Council adopt the final Consolidated Plan and Annual Action Plan.

The FY2026-2030 Consolidated Plan includes 5 year Strategic Goals including:

- Repair and Rehabilitation of Existing Affordable Housing
- Create Neighborhood Youth Services
- Provide Inspection and Code Enforcement
- Support Community Development and Improvements

The identified Priorities are:

- Improve Existing Owner-Occupied Structure
- Eliminate Lead Based Paint and other Hazards
- Accessible Housing Improvements for Special Needs Population
- Improve Mobile Home Affordable Housing Stock
- Improve Existing Affordable Rental Units
- Support Services- Connections for Youth
- Maintain Safety through Code Enforcement
- Improve Physical Environments

FY 2026 Annual Action Plan provides for the use of CDBG funds for the actual entitlement allocation of $1,037,080 and revenues of $94,868 in program income, for a total of $1,131,948. Based on the contingency provision on the Pre-Allocation Estimated Annual Action Plan, the slight increase of $1,359 in formula entitlement

allocation will go toward Neighborhood Recreation Program- Public Services, increasing their allocation from $95,761 to $97,120.

FY 2026 Annual Action Plan has several programs under Housing Developments including Housing Activities such as Rehab Program, Roof Replacement, and Accessibility improvements. There are several reoccurring programs such as Lead and Healthy Homes Program, Neighborhood Recreation Program, Zoning Enforcement, Rehab Services and Staff and a CDBG Community Application program. One new program includes Healthy Homes Grant Match which includes a roof replacement program. These activities will meet the 5-year Consolidated Plan Goals as well as the Goals and Priorities of the City Council.

RECOMMENDATION

I respectfully request the City Council approve the attached resolution adopting the FY 2026-2030 Consolidated Plan and the FY 2026 Annual Action Plan as recommended by the Community Development Advisory Commission and direct staff to transmit this plan to the U.S. Department of Housing and Urban Development as required.

RESOLUTION NO. ___ 2025

A RESOLUTION ADOPTING THE FISCAL YEAR 2026-2030 (PROGRAM YEAR 2025-2029) COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) CONSOLIDATED PLAN AND FISCAL YEAR 2026 (PROGRAM YEAR 2025) ANNUAL ACTION PLAN.

Whereas, the U.S. Department of Housing and Urban Development requires each entitlement city to submit a Consolidated Plan for Housing and Community Development, including the proposed use of its Community Development Block Grant funds at least 45 days prior to its program year; and

Whereas, the City of Dubuque has, through a series of public meetings and hearings, finalized a Consolidated Plan and Annual Action Plan addressing both housing and non-housing needs in the community; and

Whereas, copies of the draft and final FY 2026-2030 Consolidated Plan and draft and final FY26 Annual Action Plan were available for public comment 30 days, respectively, prior to the Community Development Advisory Commission's public hearings; and

Whereas, Community Development Advisory Commission held a public hearing on February 19, 2025 to receive community input on the FY 2026-2030 Community Development Block Grant Draft Consolidated Plan and the FY 2026 Draft Annual Action Plan; and

Whereas, the Community Development Advisory Commission held a public hearing on March 26, 2025 and unanimously recommended the City Council adopt the FY 2026-2030 Community Development Block Grant Final Consolidated Plan and the FY 2026 Final Annual Action Plan.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the City of Dubuque FY 2026-2030 Community Development Block Grant Consolidated Plan and FY26 Annual Action Plan for Housing and Community Development is hereby approved and adopted.

Section 2. That the City Council authorizes the Mayor to sign on behalf of the City of Dubuque, Iowa any documents in connection herewith.

Section 3. The City Manager or his designee of the City of Dubuque is hereby authorized to direct staff to prepare and submit to the United States Department of Housing and Urban Development the FY 2026-2030 Community Development Block Grant Consolidated Plan and FY26 Annual Action Plan with all related documents, for

the use of Community Development Block Grant funds based on this adopted budget and execute standard contracts and agreements.

Passed, approved and adopted this 2nd day of June 2025.

CONSOLIDATED PLAN

FY 2026-2030

For submittal to

U.S. Department of Housing and Urban Development

Executive Summary

ES-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

Consolidated planning is a collaborative process whereby the City of Dubuque establishes a unified vision for community development actions. The U.S. Department of Housing and Urban Development (HUD) requires communities who receive funding under the HUD programs to complete a Consolidated Plan. The City of Dubuque is an entitlement city only for Community Development Block Grant (CDBG) funds on an annual basis.

The Consolidated Plan integrates economic, physical, environmental, community, and human development data in a comprehensive and coordinated fashion. The Consolidated Plan planning process incorporated broad resident input, identified community needs, and local strengths and assets. From this qualitative and quantitative date, the Consolidated Plan is a coordinated response directly guided by the input, needs, and strengths of the community. The Consolidated Plan is an overall strategic plan that will guide our community for the next five years.

From the data and broad resident input, the Consolidated Plan provides a guide to address the identified needs and offers a valuable opportunity to address specific challenges and trends. The Consolidated Plan will guide the work of the Housing & Community Development Department and other city departments for the next five years.

The Consolidated Plan suggests Dubuque continues to exhibit strengths and simultaneously, faces increased challenges and pressures. One such challenge is the need for quality, affordable housing. Housing affordability continues to be the largest housing problem experienced in Dubuque. The aging housing stock also presents issues with deterioration due to neglect, inability to afford repairs, presence of lead-based paints, and high costs associated with rehabilitating historic properties. The Consolidated Plan identified these housing problems that disproportionately impact low, extremely low, renters, elderly and people of color. The city of Dubuque will look to increase quality, safe, affordable housing opportunities and remove barriers for working families and people of color to access these opportunities. The city is addressing barriers to fair housing and taking proactive steps to affirmatively further fair housing.

The Consolidated Plan for the City of Dubuque is for a five-year period, from July 1, 2025 (FY 2026) to June 30, 2030 (FY 2030). The City of Dubuque Housing and Community Development Department is the lead agency responsible for the development and administration of the Consolidated Plan. The Community Development Advisory Commission has ongoing review for the planning, implementation and assessment of the CDBG program to ensure citizen involvement in the use of these federal funds.

As the entitlement from CDBG continues to decline, the city has found creative solutions to funding gaps by leveraging community resources and creating new opportunities to successfully complete projects. The city focuses on partnerships and collaboration with the public and private sector to continue work that provides opportunity and better quality of life for working families of Dubuque.

2. Summary of the objectives and outcomes identified in the Plan Needs Assessment Overview

The City of Dubuque distinguishes between four different but complementary areas of program development in its overall CDBG program: Administration, Housing Development, Neighborhood Development, and Public Facilities. Administration ensures management, oversight, coordination, and compliance with federal regulations and reporting requirements.

The City of Dubuque will address CDBG goals of affordability, sustainability, and accessibility through the following strategic goals over the five-year consolidated plan period.

- Repair and Rehabilitation of Existing Affordable Housing
- Create Neighborhood Youth Services
- Provide Inspection and Code Enforcement
- Support Neighborhood Development and Improvements

3. Evaluation of past performance

In previous years, CDBG funds have been used to advance housing, economic development, neighborhood, and community goals. The Community Development Advisory Commission reviews

performance for housing activities. The Commission evaluates CDBG funded activities for equitable service delivery that affirmatively reaches out to minority populations.

The City of Dubuque strives to meet or exceed the goals stated in the Consolidated Plan and Annual Action Plan. The City continues to obligate and disburse its CDBG funds in a timely manner and proposes to provide 100% overall benefit in FY 2026/PY2025 to low- and moderate-income persons, exceeding the regulatory 70%. CDBG Administrative Staff continue to provide technical assistance and develop monitoring and oversight skills for department staff responsible for administration of CDBG funded activities.

4. Summary of citizen participation process and consultation process

Citizen participation drove the Consolidated Plan. The process involved focus groups, stakeholder interviews, a communitywide survey, public meetings/hearings of the Community Development Advisory Commission, and the City Council.

The draft plan was compiled and presented to the Community Development Advisory Commission. This commission is comprised of 9 members, four must reside in areas where over 51% of residents earn less than 80% area median income (AMI), four are from the community at large, and one member is also a member of the Housing Commission. Members of the commission advise on the strategies, use, and effectiveness of activities and programs funded with CDBG and on the plan itself. Those recommendations are forwarded to the City Council for final adoption into the approved plan.

Citizens may make public comment on an ongoing basis through the City's website, and drafts with a public comment half cover page are available at the Housing Department, City Hall, Carnegie Stout Public Library and Multicultural Family Center. Drafts are available during the planning process and the execution of the CDBG plan. The CDAC meets on a monthly basis in an open public meeting in an accessible location. The CDAC is empowered to ensure and encourage citizen participation though conducting public hearings, identifying community needs, advising the City Council is the prioritization of CDBG funding and policy decisions, advising the City Manager in the review of complaints and grievances, and participating in public information efforts.

5. Summary of public comments

Draft and Final Drafts of the Consolidated Plan were submitted to CDAC and posted for 30 days for public comment on the City's website, Housing Department, City Hall, Carnegie Stout Public Library and Multicultural Family Center. No public comments were received. Public Hearings were set by the CDAC and advertised. The results of the survey and Focus Groups included open-ended comments. These and comments collected by other means are included in the Citizen Participation Comments appendix of this document.

6. Summary of comments or views not accepted and the reasons for not accepting them

All public comments are accepted.

7. Summary

During the FY 2026-2030 Consolidated Plan Period, the city will continue to focus on increasing quality, safe, and affordable housing opportunities and removing barriers for working families and people of color can access. The city continuously evaluates past strategies and adjusts aimed at improving timely reporting, expenditure of funds, and monitoring of existing programming.

The Community Development Advisory Commission will continue to evaluate equity in services, using data-driven approaches informed by the experience of providers and participants benefiting from CDBG funded services. The City of Dubuque Housing and Community Development funding continues to devote considerable resources to allow for community engagement in the development, evaluation, and execution of activities described in the plan.

The Process

PR-05 Lead & Responsible Agencies 24 CFR 91.200(b)

1. Describe agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
CDBG Administrator	DUBUQUE	Housing & Community Development Department

Table 1 – Responsible Agencies

Narrative

The City of Dubuque Housing and Community Development Department is the agency responsible for development and administration of the Consolidated Plan. This department coordinates the citizen participation process, researches the analysis of the needs and prepares the Five-Year Consolidated Plan and Annual Action Plan document. Under the direction of the Housing & Community Development Director, the Community Development Specialist works with the Community Development Advisory Commission to identify needs, recommend funding allocations, and monitor progress for the CDBG program.

It is also the lead entity responsible for coordinating the administration of the funding allocation process, monitoring oversight of all public and private agencies that administer programs that will implement the Action Plans and prepares the CAPER report.

The Council-appointed resident advisory board, the Community Development Advisory Commission (CDAC), reviews the Five-Year Consolidated Plan and the Annual Action Plans. CDAC provides ongoing review of planning, implementation and assessment of the CDBG Program and meets in a public forum to ensure citizen involvement in the use of federal funds.

Consolidated Plan Public Contact Information

The City of Dubuque Housing & Community Development Department is the primary entity responsible for the development and implementation of the Consolidated Plan.

PR-10 Consultation – 91.100, 91.110, 91.200(b), 91.300(b), 91.215(l) and 91.315(l)

1. Introduction

As part of the consolidated planning process, the lead agency must consult with a wide variety of organizations to gain understanding of housing and community development needs. The process involved focus groups, stakeholder interviews, a communitywide survey, public meetings/hearings of the Community Development Advisory Commission, and the City Council. Additionally, the city made deliberate and thoughtful efforts to prioritize breadth of input and conducted targeted outreach to get input from organizations identified in 24 CFR 91.100 including agencies representing non-English speaking persons, minorities, persons with disabilities, and other vulnerable and/or marginalized communities.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The city actively partners with public and private agencies to ensure funding priorities align with community development goals. The city engages in multiple community collaborations focused on increasing coordination and access to services. The City of Dubuque strives to use data-driven decision making and engagement with residents to better serve the community.

The city has and will continue to seek out opportunities to meet with a variety of groups to better understand and address short-term and long-term community needs. Specifically, the Community Development Specialist meets regularly with community groups such as; the Homeless Advisory Coalition, Project HOPE, Food Network Providers, and others. Community partners continue to report lack of mental health services as a barrier to permanent housing. The city conducted community focus groups and stakeholder interviews to inform the CDBG plan that included representation from multiple city departments, non-governmental groups, schools, and non-profit organizations with representation from health, mental health, substance abuse, housing, and human services.

The City Manager holds regular meetings with the Dubuque Area Landlord Association to discuss needs and concerns of housing providers. These meetings are attended by staff from multiple city departments and help to identify concerns and coordinate to achieve desirable outcomes.

The City Manager facilitates meetings with the Equity and Human Rights Department, Friends of Fair Housing (a subgroup of NAACP members), the City's Legal Department, and Housing and Community Development Department to discuss needs of vulnerable populations living in substandard housing. Friends of Fair Housing is focused on building relationships with populations at-risk for homelessness and connecting them with resources to improve housing conditions.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

The Housing & Community Development Department works closely with the local Continuum of Care (CoC). Community Development and Housing Department staff participate in the local Homeless Advisory Coalition to remain informed and align priorities and funding to address the needs of residents experiencing or at risk of homelessness. The Community Development Department also partners with the CoC to ensure programming aligns with the needs identified in the Consolidated Plan.

The city actively engages to partner with public and private agencies to ensure funding priorities align with community development goals. The city engages in multiple community collaborations focused on increasing coordination and access to services. The City of Dubuque strives to use data-driven decision making and engagement with residents to better serve the community. As a member of the Homeless Advisory Coalition, the Housing & Community Development Department staff participate in the coordinated entry meetings and the city provides support for the point in time homeless count.

The city does not provide any public housing, and as such, needs to partner with area housing providers to ensure enough housing providers are willing and able to accept Housing Choice Vouchers (HCV), providing rental subsidies for homeless, disabled participants. As a member of the Continuum of Care and Homeless Advisory Coalition, the Housing & Community Development Department staff participate in the coordinated point-of-entry meetings, needs assessment, and the city provides support for the point-in-time homeless count.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

The City of Dubuque Housing & Community Development Department coordinates with the Iowa Finance Authority to maintain information on the Balance of State, changes in needs, barriers to addressing those needs, funding resources, and fair housing issues.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdictions consultations with housing, social service agencies and other entities

Table 2 – Agencies, groups, organizations who participated

1	**Agency/Group/Organization**	COMMUNITY FOUNDATION OF GREATER DUBUQUE
	Agency/Group/Organization Type	Services-Children Services-Elderly Persons Services-Persons with Disabilities Services-Health Services-Education Services-Employment Foundation
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs Anti-poverty Strategy
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	The city consulted with the Foundation regarding Project Hope, and identifying community needs. The Foundation has identified lack of quality childcare as a significant barrier to self-sufficiency for people living in poverty. They participated in focus groups, and to provide input into homeless and other community needs and best practices.
3	**Agency/Group/Organization**	City of Dubuque Health Department
	Agency/Group/Organization Type	Services-Persons with HIV/AIDS Services-Health Grantee Department
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Lead-based Paint Strategy Non-Homeless Special Needs
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	The City Housing and Community Development Department coordinates with the Health Department to deliver lead-based paint testing and remediation activities. They were also consulted on needs and data related to persons with HIV/AIDS as well as Non-Homeless Special needs populations.

8	**Agency/Group/Organization**	Greater Dubuque Development Corp
	Agency/Group/Organization Type	Services - Housing Services-Children Services-Employment Services - Broadband Internet Service Providers Business Leaders Business and Civic Leaders
	What section of the Plan was addressed by Consultation?	Economic Development Market Analysis
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	The City of Dubuque partners with GDDC to provide workforce solutions, newcomer services, data and resources for employers and job seekers, and technical assistance for small businesses. Consultation is primarily focused on needs of workforce and employers.
9	**Agency/Group/Organization**	Affordable Housing Network, Inc. (AHNI)
	Agency/Group/Organization Type	Housing
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs Market Analysis
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	The Affordable Housing Network, Inc.(AHNI) is a partner with the City to bring affordable housing and identify needs to support affordable housing for low/moderate income renters.
11	**Agency/Group/Organization**	CRESCENT COMMUNITY HEALTH CENTER
	Agency/Group/Organization Type	Services-Children Services-Health
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs Anti-poverty Strategy
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	Crescent Community Health Center leads efforts to remove barriers for healthcare for low-income populations as well as traditionally under-served populations. They provide critical services to recent immigrants predominantly from the Marshall Islands.
12	**Agency/Group/Organization**	Community Solutions of Eastern Iowa
	Agency/Group/Organization Type	Services-homeless

	What section of the Plan was addressed by Consultation?	Homelessness Strategy Homeless Needs - Chronically homeless
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	Community Solutions of Eastern Iowa (CSEI) is the lead agency coordinating the CoC Eastern Iowa Service Region for single point of entry homeless services and provides funding, education, resources and capacity building. CSEI participated in focus groups that informed the Community Development Block Grant (CDBG) Consolidated plan and provided critical insight through Key Informant interviews to identify additional priority needs. The organization is a partner with the city providing shelter and homeless services. They were interviewed as key stakeholder to provide input into homeless and other community needs and best practices.
13	**Agency/Group/Organization**	Planning Department
	Agency/Group/Organization Type	Agency - Managing Flood Prone Areas Agency - Management of Public Land or Water Resources Other government - Local Grantee Department
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Economic Development
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	The city has begun a year-long initiative to engage the community in updating the Unified Development Code (UDC). The UDC has a significant impact on how our city develops, including how community development resources are allocated.
14	**Agency/Group/Organization**	United Way of Dubuque Area Tri-States
	Agency/Group/Organization Type	Services-homeless Services-Health
	What section of the Plan was addressed by Consultation?	Homelessness Strategy Non-Homeless Special Needs Anti-poverty Strategy
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	United Way a partner in anti-poverty efforts and emergency preparedness.

15	**Agency/Group/Organization**	Fountain of Youth
	Agency/Group/Organization Type	Services-Employment Civic Leaders Neighborhood Organization
	What section of the Plan was addressed by Consultation?	Anti-poverty Strategy
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	The Fountain of Youth hosted a focus group to gather input on community development, housing, and anti-poverty strategies.
16	**Agency/Group/Organization**	Multicultural Family Center
	Agency/Group/Organization Type	Services - Housing Services-Children Services-Education Services-Employment Service-Fair Housing Civic Leaders Services- Food Neighborhood Organization
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Economic Development Market Analysis Anti-poverty Strategy
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	Specific outreach was made to the Black Men's Coalition throughout the year. As part of the targeted effort on the Consolidated Plan and Analysis of Impediments to Fair Housing an additional interview was held. Specific strategies presented around Fair Housing, safe affordable quality housing, equity in housing, services needed in the downtown area have been incorporated into these plans and linkages made for incorporation into to Equitable Poverty Prevention planning.
17	**Agency/Group/Organization**	IOWA FINANCE AUTHORITY
	Agency/Group/Organization Type	Other government - State
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homelessness Strategy Market Analysis

	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	The City of Dubuque Housing & Community Development Department coordinates with the Iowa Finance Authority to maintain information on the Balance of State, changes in needs, barriers to addressing those need, funding resources, and fair housing issues.
18	**Agency/Group/Organization**	Iowa Legal Aid
	Agency/Group/Organization Type	Services - Housing Service-Fair Housing
	What section of the Plan was addressed by Consultation?	Housing Need Assessment
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	Iowa Legal Aid provides annual Fair Housing training to City staff, the CDAC, and the community at large. The agency provides legal support on tenant-landlord as well as homeowner issues for income eligible residents. The city plans to continue to work with Legal Aid for training and technical assistance on Fair Housing and other Fair Housing events.
19	**Agency/Group/Organization**	Dubuque Police Department
	Agency/Group/Organization Type	Services - Housing Services-Children Services-Elderly Persons Services-Persons with Disabilities Services-Persons with HIV/AIDS Services-Victims of Domestic Violence Services-homeless Civic Leaders Grantee Department
	What section of the Plan was addressed by Consultation?	Homelessness Strategy Homeless Needs - Chronically homeless Non-Homeless Special Needs

	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	City's Police Department recently created a division, Crisis Intervention Team (CIT), due to the uptick in brain health related calls. CIT is tasked with brain health crisis response, follow-up, and training. In addition, CIT coordinates with outreach workers with Community Solutions of Eastern Iowa (CSEI), a CoC member, to identify unsheltered individuals and provide access to services. Many of these homeless individuals are chronically homeless and/or have substance/use abuse. CIT and community partners work to keep people with brain health issues out of jail, in treatment, and on the road to recovery and participated in stakeholder interviews.
20	**Agency/Group/Organization**	Dubuque County Emergency Management
	Agency/Group/Organization Type	Agency - Emergency Management
	What section of the Plan was addressed by Consultation?	Disaster Preparedness
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	The Housing & Community Development Department is part of the Dubuque County Emergency Management Emergency Operations Center. Through this partnership, disaster preparedness is practiced to support low-moderate income persons during a disaster. Tom Berger, Director, was consulted in the assessment of needs of low-moderate income residents in the City of Dubuque in the development of this plan, in regards to the support during a disaster. This consultation was through informal meetings and partnership training opportunities.
21	**Agency/Group/Organization**	Information Technology
	Agency/Group/Organization Type	Services - Broadband Internet Service Providers Services - Narrowing the Digital Divide
	What section of the Plan was addressed by Consultation?	Economic Development Market Analysis

	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	City of Dubuque Information Technology (IT) Department provided critical insight through Key Informant interviews regarding Broadband internet services provides and organization engaged in narrowing the digital divide. IT provides efficient, effective and functional use of resources to create a resilient and sustainable information technology deployment for the City of Dubuque.

Identify any Agency Types not consulted and provide rationale for not consulting

The consultation outreach and effort reflect the City's commitment to ensuring that all community members have a voice in the citizen participation process and that a wide net of partners was included in guiding Dubuque's CDBG planning.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Iowa Finance Authority Balance of State	Move homeless families quickly to permanent housing reducing the time individuals and families experience homelessness and coordinate resources to provide a continuum of services.

Iowa Homeless Needs Assessment	Iowa Finance Authority	This 2024 Needs Assessment Report documents the extent and scope of homelessness throughout the State of Iowa. The Report also identifies housing resources and service strategies needed to achieve a more optimal result where homelessness is prevented, when possible, quickly resolved when not preventable, and all persons experiencing a housing crisis are able to achieve housing stability and economic self-sufficiency.

Table 3 – Other local / regional / federal planning efforts

Describe cooperation and coordination with other public entities, including the State and any adjacent units of general local government, in the implementation of the Consolidated Plan (91.215(l))

The City works in close coordination with the Omaha HUD office, Iowa Finance Authority, State of Iowa, and Dubuque County.

Narrative (optional):

Public and private partnerships remain a high priority for the City of Dubuque to identify and address community needs. The city has taken significant steps to coordinate resources to increase the quality of living for all residents. Effectively reducing barriers to fair housing requires coordination between government, housing providers, advocacy groups, residents, law-enforcement, legal, and policy makers. The city's coordinated approach hinges on providing education and resources about fair housing, successful rental property management, affordable housing resources, and expectations for safety and equity**.**

PR-15 Citizen Participation – 91.105, 91.115, 91.200(c) and 91.300(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation
Summarize citizen participation process and how it impacted goal-setting

The City of Dubuque facilitated a comprehensive citizen participation process that actively engaged diverse members of the community. The process involved focus groups, stakeholder interviews, a communitywide survey, public meetings/hearings of the Community Development Advisory Commission, and the City Council. Insights gathered from the public meetings, focus groups, and community forums that comprised the citizen participation process directly inform the Consolidated Plan goals. Additionally, the city made deliberate and thoughtful efforts to prioritize breadth of input and conducted targeted outreach to get input from organizations identified in 24 CFR 91.100 including agencies representing non-English speaking persons, minorities, persons with disabilities, and other vulnerable and/or marginalized communities.

Efforts to broaden citizen participation centered around ensuring low- and middle-income residents were actively engaged. Outreach was conducted through city staff and the nonprofits that hosted focus groups. The community survey was available at the National Night Out, a large annual event, and widely distributed with help from government and community partners.

The city ensures meaningful input in the planning, implementation, and assessment of the CDBG program through a Community Development Advisory Commission (CDAC). The 9-member council is comprised of four citizens-at-large, four citizens representing census tracts with 51% low/moderate income persons, and one representative from the housing commission. The commission is charged with ensuring meaningful community input in the plan, identifying community needs, advising the city council, and monitoring activities among other responsibilities.

The Community Development Advisory Commission meets monthly and is open to the public. Meetings are at 5:30 pm in the Housing Conference Room, located in Dubuque's downtown on a bus route. The Community Development Advisory Commission reviews the Citizen Participation Plan annually. Agendas are posted in the Housing Department, City Hall, Carnegie Stout Public Library and Multicultural Family Center and distributed to a list serve where anyone can receive notification when agendas and reports are posted online. The commission provides citizens an opportunity to comment on proposed plans, performance, and reports. Comments can also be submitted in writing, by phone, or electronically through the City's website. The Citizen Participation Plan describes the roles, responsibilities, and contact information of entities involved in administering, reviewing, and approving activities included in this report.

The Community Development Advisory Commission accepts comments on performance at all meetings but also has an online form for comments throughout the year. City staff is also available to accept comments on performance on a daily basis over the phone or through email

and brings any comments received to the Community Development Advisory Commission to be recorded in the minutes and commented on by the public/commission members.

The Draft Consolidated Plan was posted on the city's website, Housing Department, City Hall, Carnegie Stout Public Library and Multicultural Family Center for public comment from January 16, 2025-February 16, 2025. A public hearing for the Draft Consolidated Plan will be held on February 19, 2025. The Final Consolidated Plan will be posted on the city's website, Housing Department, City Hall, Carnegie Stout Public Library and Multicultural Family Center for public comment from February 20, 2025-March 23, 2025. A public hearing for the Final Consolidated Plan will be presented to Community Development Advisory Commission on March 26, 2025. Public Comment and Public Hearing notices were posted and are attached in the appendices.

Table 4 – Citizen Participation Outreach

Needs Assessment

NA-05 Overview

Needs Assessment Overview

The Needs Assessment provides an understanding of the environment, and in conjunction with information gathered through consultations, and the citizen participation process, and the Analysis of Impediments provides the picture for the City's needs related to affordable housing, special needs housing, and community development in which the jurisdiction administers its programs over the course of the Consolidated Plan period.

Together with Consultation, the Market Analysis, the Needs Assessment with the highest priority provide the basis for the strategic plan and the programs and projects to be administered. Many of the Housing and Urban Development tables have been prepopulated by HUD with a default data set based on the most recent comparable data available. The tables have been supplemented in some cases with alternative data sources and supporting information to provide the clearest and most current picture of the Needs in the City of Dubuque.

During this time period, the total White population is estimated to have decreased by 3.9%. The total Black or African American population is estimated to have increased by 0.10%. Asian population is estimated to have increased by 0.50%. Native Hawaiian and Other Pacific Islander have increased by 0.60%.

NA-10 Housing Needs Assessment - 24 CFR 91.205 (a,b,c)

Summary of Housing Needs

The percentage of household income spent for mortgage costs or gross rent, commonly called cost-burden, is by far the most prevalent problem in Dubuque, for owned and rented households alike. According to Housing and Urban Development guidelines, households spending more than 30 percent of income for these housing costs are "cost-burdened".

Cost-burdened is an emerging and legacy issue with the City's housing stock. It affects low- and moderate-income persons and working families disproportionally. In addition to being cost burdened, low- and moderate-income persons and working families also encounter potential added cost and health burden of energy-inefficient and/or aging housing. The lack of energy efficiency measures, lack of accessibility, and the persistence of lead paint in the city's aging housing stock create health, economic and equity challenges. These challenges exist in both renter and owner-occupied structures. These challenges exist in both renter and owner-occupied structures. Specifically, placing increasing economic stress on renting households, especially renting households who fall in the 0-30% AMI.

Families make up most households in Dubuque. According to 2022 Five-year ACS, there were an estimated 25,198 households in the City of Dubuque. Families made up 56.24% of these households including both married-couple families (42.05%) and male householder, no spouse present (4.5%) and female householder, no spouse present (9.67%). Nonfamily households made up 43.76% of total households.

Children are often present in these households. 46% of all households have one or more children under the age of 18 and 20.8% of household with at least one person 62-74 years of age. Additionally, 71% of Dubuque households are 1-2 person households. 67% of owner occupied households are 1-2 person households. 77% of renter occupied households are 1-2 persons households.

Household average annual incomes have increased since 2010. Specifically, annual incomes have increased placing more households into the category of earning more than 100,000 dollars per year. In 2010, 11.3% of households earned more than 100,000 dollars per year. However, in 2022, 27.6% of households earned more than 100,000 dollars per year. In 2010, 13% of households earned less than 15,000 dollars a year. That percentage dropped in 2022 to 9.2% of households earning less than 15,000. This indicates that households in the extremely low-income category have decreased.

Despite rising incomes, according to 2022 Five-year ACS, households continue to have at least one of four problems: (1) 2.4% of households have incomplete kitchen facilities, (2) 1.4% of households have incomplete plumbing facilities, (3) 1.4% of households have more than 1 person per room (overcrowding), and (4) 27% of households are cost burden greater than 30%. Overall, 15.9% of renters are costs burdened and 11.1% of homeowners are cost burdened. Renters who fall in the 0–

30% AMI and the >30-50% AMI are more likely to be cost burdened. Elderly homeowners are also impacted by cost-burdenedness.

A 2024 CDBG community specific survey, focus groups, key stakeholder interviews and citizen participation in the Community Development Advisory Commission (CDAC) provided additional updates, ideas and confirmation of these resident driven ideas.

Housing Problems

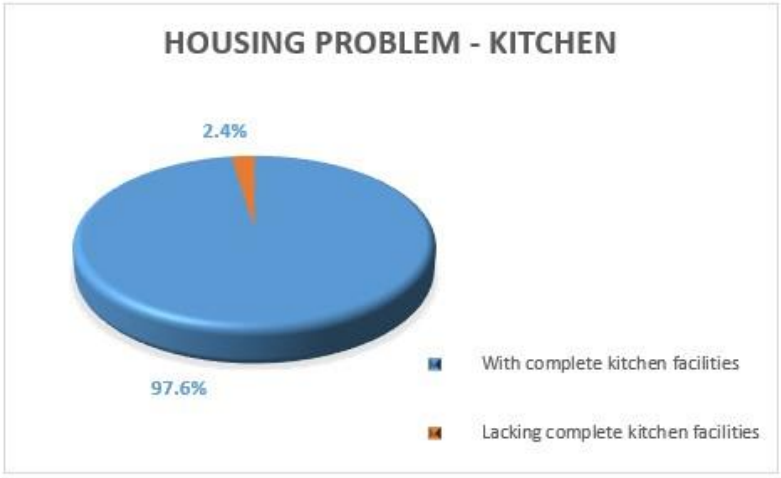
Housing Problems- Text

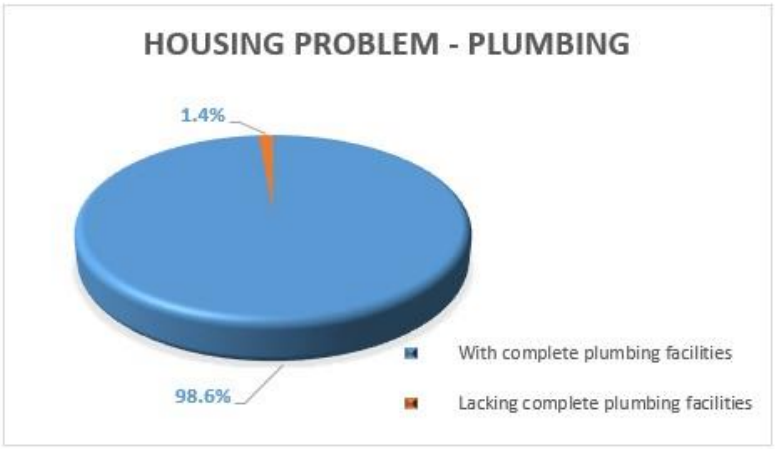
Households are classified as having housing problems if they face incomplete kitchen or plumbing facilities, overcrowding, or cost burdens. Cost is by far the most predominant housing issue in the City of Dubuque. According to 2022 Five Year ACS, 27% of households, owners and renters, experiencing some type of cost burden overall. 11.1% of homeowners are cost burdened and 15.9% of renters are cost burdened.

Housing Problems- Kitchen Facilities:



Housing Problems- Kitchen Facilities

Housing Problems- Plumbing:



Housing Problems- Plumbing

Kitchen and Plumbing Facilities- Text

Incomplete plumbing and kitchen facilities are an indicator of housing problems. Incomplete plumbing facilities are when any of the following are not present: The lack of piped hot and cold water, a flush

toilet, and a bathtub or shower. There was a total of 100 units without complete plumbing facilities or 1.4% of Dubuque households. (2022-Five-year ACS). This is up compared to 0.4% in 2017.

Incomplete kitchen facilities are when any of the following are not present: A sink with piped hot and cold water, a range or cook top oven, and a refrigerator. There was a total of 300 complete kitchen facilities or 2.4% of Dubuque households (2022 Five-year ACS). This is down compared to 1.3% in 2017.

Overcrowding

Overcrowding- Text

Overcrowding is defined as having from 1.1 to 1.5 people per room per residence, with severe overcrowding defined as having more than 1.5 people per room. In 2022, an estimated 162 households were overcrowded, and an additional 209 households were severely overcrowded.

Describe the number and type of single person households in need of housing assistance.

The 2022 5-Year ACS estimates that 8,790, or about 34.8%, are 1 person households, both owner and renter occupied. 4,225 owner occupied units housing units are single person and 4,565 are single person renters. As of January 2025, there were 88 single persons on the Housing Choice Voucher waiting list which constituted 55% of the total wait list.

Estimate the number and type of families in need of housing assistance who are disabled or victims of domestic violence, dating violence, sexual assault and stalking.

As estimated by the 2022 Five-year ACS, the disability rate for females was 12.9%, compared to 12.87% for males. Among them, 6.6% have an ambulatory disability, 5.3% have an independent living disability, 4.7% have a cognitive disability, 3.2% hearing, 2.1% self-care disability, and 1.7% visual disability.

What are the most common housing problems?

Cost Burden is by far the most prevalent problem. Affordability, housing choice, and ensuring healthy homes are all important components of quality housing in Dubuque. Across the stakeholder groups, affordable housing was repeatedly mentioned as a barrier, and the data supports this. The percentage of household income spent for mortgage costs or gross rent, commonly called cost-burden, is by far the most prevalent problem in Dubuque, for owned and rented households alike.

Overall overcrowding has decreased slightly, however severe overcrowding has increased significantly (with 1.01-1.5 people per room) to severely overcrowded (with >1.51 people per room).

The lack of energy efficiency measures in much of Dubuque's housing stock and the persistence of lead paint in many structures, are a documented health, economic, and equity challenge for the city.

Regulations at 24 CFR 91.100 require the plan to include the definitions for "standard condition" and "substandard condition but suitable for rehabilitation." The City of Dubuque defines Standard Condition as a housing unit that meets the standards set forth in the City of Dubuque Building & Property Maintenance Codes. A housing unit is in substandard condition but suitable for rehabilitation if the unit has at least three major systems in need of replacement (HVAC, plumbing, and electrical). Additionally, a housing unit is in substandard condition but suitable for rehabilitation if the repair an the estimated cost of making the needed replacements and repairs is less than 75% of the estimated cost of new construction of a comparable unit.

Are any populations/household types more affected than others by these problems?

Cost Burdened

55% of total renters who fall in the 0-30% AMI are cost burdened at greater than 30%. 31% of total renters who fall in the >30-50% AMI are cost burdened at greater than 30%.

50% of the renters who fall into the "Other" Household Types, which includes non-related and non-elderly households, are the most likely to be cost burdened.

36% of total homeowners who fall in the >50-80% AMI are cost burdened at greater than 30%. 32% of total homeowners who fall in the >30-50% AMI are cost burdened at greater than 30%.

41% of the homeowners who fall into the "Elderly" Household Types, which includes households with at least 1 person aged 62 or over, are the most likely to be cost burdened.

Severely Cost Burdened

77% of total renters who fall in the 0-30% AMI are severely cost burdened at greater than 50%.

59% of the renters who fall into the "Other" Household Types, which includes non-related and non-elderly households, are the most likely to be severely cost burdened.

68% of total homeowners who fall in 0-30% AMI are severely cost burdened greater than 50%.

43% of homeowners who fall into the "Elderly" Household Types, which includes households with at least 1 person aged 62 or over, are the most likely to be severely cost burdened.

Describe the characteristics and needs of Low-income individuals and families with children (especially extremely low-income) who are currently housed but are at imminent risk of either residing in shelters or becoming unsheltered 91.205(c)/91.305(c)). Also discuss the needs of formerly homeless families and individuals who are receiving rapid re-housing assistance and are nearing the termination of that assistance

High housing costs, low vacancy rates for affordable housing, and poor-quality housing are most associated with instability and increased risk of homelessness. Single female head of households are more likely to be cost-burdened. Many individuals and families in the City of Dubuque may sleep in temporary arrangements (on the floors or couches of friends and family) due to the high cost burden and low availability of affordable housing. There were 200 children designated as homeless in the local school system at the time of the point in time study and their sleeping and family situation is unknown.

HUD also does not consider those who may be frequently moving from on unstable housing situation to another as literally homeless, but many individuals and families in the City of Dubuque may sleep in temporary arrangements (on the floors or couches of friends and family) due to the high cost burden and low availability of affordable housing.

Expansion and supporting the availability of rapid re-housing programs and resources has been identified as a need by local service providers. Housing and Community Development staff continue to partner with our community's Coordinated Entry. Coordinated Entry is considered one of the many interventions in a community's united effort to end and prevent homelessness. This process is an established, system-wide process to quickly coordinate access, assessment, prioritization, and referrals

to housing and services for people experiencing or at risk of homelessness. Coordinated Entry utilizes the Housing Helpline for families who are homeless and/or at risk of homelessness to access services.

Coordinated Entry refers to the process used to assess and assist in meeting the housing needs of people at-risk of homelessness and people experiencing homelessness. It allows for a streamlined approach to services and prioritizes those with the highest barriers to housing instead of a "first come, first served" approach.

Extremely Low-income and Low-income renters are more likely to be cost burdened. 55% of total renters who fall in the 0-30% AMI are cost burdened at greater than 30%. 31% of total renters who fall in the >30-50% AMI are cost burdened at greater than 30%. Almost half of large-family renters and half of small-family renters with extremely low incomes are cost burdened.

If a jurisdiction provides estimates of the at-risk population(s), it should also include a description of the operational definition of the at-risk group and the methodology used to generate the estimates:

Dubuque does not provide estimates of the at-risk populations.

Specify particular housing characteristics that have been linked with instability and an increased risk of homelessness

High housing costs, low vacancy rates for affordable housing, and poor-quality housing are most associated with instability and increased risk of homelessness. Single female head of households are more likely to be cost-burdened. Many individuals and families in the City of Dubuque may sleep in temporary arrangements (on the floors or couches of friends and family) due to the high cost burden and low availability of affordable housing. There were 162 children designated as homeless in the local school system at the time of the point in time study and their sleeping and family situation is unknown.

Discussion

The population in City of Dubuque remained steady increasing slightly from 57,637 persons in 2010 to an estimated 59,315 people in 2022, or by 2.9%. Household income has increased for $100,000 to $149,999 from 11.3% in 2010 to 27.6% in 2022. However, household income for $35,000 to $49,999 decreased from 17.1% to 13.5%. Additionally, household income for $50,000 to $74,999 stayed the same from 19.1% to 19%.

Despite rising incomes, according to 2022 5-Year ACS data, households continue to have at least one of four problems: (1) 2.4% of households have incomplete kitchen facilities, (2) 1.4% of households have incomplete plumbing facilities, (3) 1.4% of households have more than 1 person per room (overcrowding), and (4) 27% of households are cost burden greater than 30%. Overall, 15.9% of renters are costs burdened and 11.1% of homeowners are cost burdened.

The percentage of household income spent for mortgage costs or gross rent, commonly called cost-burden, is by far the most prevalent problem in Dubuque, for owned and rented households alike. According to Housing and Urban Development guidelines, households spending more than 30 percent of income for these housing costs are "cost-burdened". Low income renters have a higher percentage of being cost burdened than moderate income homeowners.

NA-15 Disproportionately Greater Need: Housing Problems – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

Introduction

The City of Dubuque continues to make Equity and Affirmatively Furthering Fair Housing a priority. Fair Housing Training is provided to all direct service staff yearly. Training and development of staff regarding understanding implicit bias is ongoing. Outreach efforts and education materials for landlords to provide equitable access to affordable housing is continuous. Populations that may have increased barriers to affordable housing choice are targeted for outreach. The Housing & Community Development Department has a team dedicated to equitable serves that will focus on policy barriers, structural barriers, and other barriers to affordable housing option for all residents, especially those that have been marginalized.

HUD defines a population as having a disproportionate share when the percentage of persons in a category of need who are members of a particular racial or ethnic group is at least 10 percentage points higher than the percentage of persons in category as a whole. Cost burden is by far the most common housing problem and impacts both low- and moderate-income households. In the lowest income category, 0-30% AMI it is not surprising that more than 80% of the income category has one or more housing problems.

For the purposes of comparability, we default to the most recently available by race CHAS data for our analysis.

Table 16 - Disproportionally Greater Need 80 - 100% AMI

Data Source: 2016-2020 CHAS

*The four housing problems are:
1. Lacks complete kitchen facilities, 2. Lacks complete plumbing facilities, 3. More than one person per room, 4.Cost Burden greater than 30%

Discussion

In the lowest income category 0-30% AMI, more than 80% of the jurisdiction have one or more of the housing problems. The small number of minority households make it difficult to make inferences.

In the 30-50% AMI, more than 63% of the jurisdiction have one or more of the housing problems.

In the 50-80% AMI, more than 31% of the jurisdiction have one or more of the housing problems.

In the 80-100% AMI, only 8% of the jurisdiction have one or more of the housing problems.

The trend is the lowest AMI has the highest percentage of one or more housing problems and the highest AMI has the lowest percentage of one or more housing problems.

It's notable that in the 30-50% AMI, each of the following subgroups had 100% of the subgroup population have 1 or more of 4 housing problems:

- Black or African-American alone, non-Hispanic
- Asian alone, non-Hispanic
- American Indian or Alaska Native alone, non-Hispanic

- Pacific Islander alone, non-Hispanic

The small numbers of minority groups make it difficult to establish disproportionality, and cost-burden is such a prevailing issue in the City of Dubuque. Therefore, all broad strategies to increase the affordability and accessibility of housing would likely benefit the small numbers of minority groups as well as the whole CDBG grantee area.

NA-20 Disproportionately Greater Need: Severe Housing Problems – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

Introduction

A disproportionately greater need exists when the members of a racial or ethnic group at a given income level experience housing problems at a greater rate (10 percentage points or more) that the income level as a whole.

Severe housing problems include: 1. Lacks complete kitchen facilities, 2. Lacks complete plumbing facilities, 3. More than 1.5 persons per room, 4. Cost burden over 50%

Severe overcrowding exists when a household has more than 1.5 persons per room, not including bathrooms, porches, foyers, halls, or half-rooms.

Cost burden is by far the most common housing problem and impacts both low- and moderate-income households.

0%-30% of Area Median Income

Severe Housing Problems*	Has one or more of four housing problems	Has none of the four housing problems	Household has no/negative income, but none of the other housing problems

Data Source: 2016-2020 CHAS

*The four severe housing problems are:
1. Lacks complete kitchen facilities, 2. Lacks complete plumbing facilities, 3. More than 1.5 persons per room, 4.Cost Burden over 50%

Discussion

In the lowest income category 0-30% AMI, more than 65% of the jurisdiction as a whole have one or more of the severe housing problems.

In the next income category, 30-50% AMI, 21% of households had one or more of the severe housing problems.

In the next income category, 50-80% AMI, only 8.8% of households had one or more severe housing problems.

In the next income category, 80-100% AMI, only 1% of households had one or more severe housing problems.

The trend is the lowest AMI has the highest percentage of one or more severe housing problems and the highest AMI has the lowest percentage of one or more severe housing problems.

Even though the small numbers make it difficult to establish disproportionality and cost-burden is such a prevailing issue in the city of Dubuque, all broad strategies to increase the affordability, safety, and accessibility of housing would likely benefit these small minority groups as well as the whole CDBG grantee area. Income is relative to severe housing problems. 65% of 0-30% AMI households experience

severe housing problems compared to 1% of the 80-100% AMI households experience severe housing problems.

NA-25 Disproportionately Greater Need: Housing Cost Burdens – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

Introduction:

Cost burden is defined as gross housing costs that range from 30 to 50 percent of gross household income; severe cost burden is defined as gross housing costs that exceed 50 percent of gross household income. For homeowners, gross housing costs include property taxes, insurance, energy payments, water and sewer service, and refuse collection. If the homeowner has a mortgage, the determination also includes principal and interest payments on the mortgage loan. For renters, this figure represents monthly rent and selected electricity and natural gas energy charges.

Housing Cost Burden

Housing Cost Burden	<=30%	30-50%	>50%	No / negative income (not computed)
Jurisdiction as a whole	17,755	3,385	2,780	230
White	16,665	3,040	2,325	160
Black / African American	380	155	335	45
Asian	265	40	30	20
American Indian, Alaska Native	0	50	50	0
Pacific Islander	45	50	0	4
Hispanic	245	15	40	0

Table 21 – Greater Need: Housing Cost Burdens AMI

Data Source: 2016-2020 CHAS

Discussion:

In the City of Dubuque, 14% of households were cost-burdened and 11.5% of households were severely cost-burdened. The small number of minority households make it difficult to make inferences.

White households dominate all categories due to their large population size, making up 93.9% of households in the low cost burden category (<=30%), 89.8% of moderately cost-burdened households (30-50%), and 83.6% of severely cost-burdened households (>50%). Black households make up only 3.8% of the total households but represent 12.1% (335 of 2,780) of those with severe cost burdens (>50%) and 4.6% (155 of 3,385) of those with moderate cost burdens (30-50%). American Indian households make up less than 0.5% of the total households, but 100% of this group is cost-burdened, with 50% facing moderate cost burdens and 50% facing severe cost burdens. Asian, Pacific Islander, and Hispanic households generally show lower levels of housing cost burden. However, small

disparities remain in moderate to severe cost-burden cases, with 8.3% of Asians and 13.3% of Hispanics experiencing severe cost burdens (>50%), and 50% of Pacific Islanders are moderate cost burdened (30-50%).

While the small numbers of the minority group make it difficult to establish disproportionality and cost-burden is such a prevailing issue in the city of Dubuque, all broad strategies to increase the affordability, safety, and accessibility of housing would likely benefit these small minority groups as well as the whole CDBG grantee area.

NA-30 Disproportionately Greater Need: Discussion – 91.205(b)(2)

Are there any Income categories in which a racial or ethnic group has disproportionately greater need than the needs of that income category as a whole?

In general, minority populations experience a disproportionately higher percentage of housing problems in all income categories compared to the total population. HUD defines a population as having a disproportionate share when a portion of a population is more than 10 percentage points higher than the jurisdiction average. In Dubuque, minority groups comprise only 7.7% of the total population. The small number of minority households, 6.1%, make it difficult to make inferences of disproportionately greater needs. (2022 Five-Year ACS, Table: CP05)

However, while the small numbers make it difficult to establish disproportionality and cost-burden is such a prevailing issue in the city of Dubuque, all broad strategies to increase the affordability, safety, and accessibility of housing would likely benefit these small minority groups as well as the whole CDBG grantee area.

If they have needs not identified above, what are those needs?

A targeted approach to address minority populations, including the small sample sizes of Black or African American, Asian, American Indian or Alaska Native, and Pacific Islander, is warranted as affordability of rental units for these populations is crucial. Cultural and communication issues are a barrier for all minority populations to access affordable housing and the Housing Choice Voucher. However, Housing and Community Development staff is working diligently to remove these barriers as noted in this Consolidated Plan.

Are any of those racial or ethnic groups located in specific areas or neighborhoods in your community?

There are no large concentrations of housing problems by ethnic groups in specific areas. However, there is evidence that cost-burden is disproportionate among Black or African American, other minority groups, and 0-30% AMI. According to CPD maps, Census Tracts 1 and 5 have the highest rates of poverty and are also home to most Black or African American residents. Locally, the downtown area is referred to the as "the Flats”.

NA-35 Public Housing – 91.205(b)

Introduction

The City of Dubuque does not manage any public housing. This section will address Assisted Housing needs, including the Section 8 Housing Choice Voucher Program, Project Based Voucher Program, and Special Purpose Vouchers. These programs are restricted to low-income renters with incomes at 50% of area median income or less. The Housing Authority was serving 985 families in the voucher program as of December 1, 2024.

In April of 2020, the City of Dubuque was awarded 24 Family Unification Program (FUP) Vouchers. FUP vouchers are reserved for families who face family separation or family reunification delays due to lack of adequate housing, as well as individuals who have aged out of the Foster Care system up to the age of 24. The Department of Health & Human Services make referrals to the City of Dubuque for qualified families and individuals to utilize these vouchers.

In the subsequent year, the City of Dubuque acquired 6 VASH vouchers to house Veteran's who struggle with chronic homelessness. The City of Dubuque works with the Iowa City Veteran's Medical Center who provide case management to Veteran's and refer them to the City of Dubuque for a VASH voucher. All 6 vouchers were quickly filled and another 6 were awarded in 2022 for a total of 12 VASH Vouchers.

In April 2023, the City of Dubuque ended its Mod-Rehab Program. At that time, Mod-Rehab was serving 11 tenants. All 11 tenants were provided with Tenant Protection Vouchers which allowed them to continue to be assisted at their current unit, but also to participate in all the benefits of the Housing Choice Voucher program.

Data Source Comments:

Section 504 Needs Assessment: Describe the needs of public housing tenants and applicants on the waiting list for accessible units:

Most applicants are cost-burdened and do not have enough income to pay fair market rent. The Housing Choice Voucher (HCV) Waiting List indicates that 77% of applicants are considered to have extremely low-income and 15% are considered very low-income. Similarly, the Project Based Voucher (PBV) Waiting List indicates 75% of applicants are considered extremely low-income, while 25% of the applicants are considered very low-income.

As of January 2025, the HCV waiting list is currently made up of 160 applicants. Of those applicants, 24 (15%) are disabled. The PBV waiting currently has 12 applicants. Of the applicants, 100% are elderly and a third are disabled. All PBV applicants indicate the need for assistance with daily living activities.

Most immediate needs of residents of Public Housing and Housing Choice voucher holders

The Housing Choice Voucher program is the primary way that the city provides affordable housing, however there are not enough vouchers for all the households in need of affordable housing. As of January 2025, the HCV waiting list was at 160.

Housing choice is also an issue with a limited number of landlords accepting housing vouchers, and a subsequent concentration of vouchers in specific areas of town. There continues to be a need to distribute assisted housing/vouchers throughout the city.

This coupled with the over representation of Black/African Americans in assisted living programs creates potential issues with neighborhoods segregated on both race and income.

How do these needs compare to the housing needs of the population at large

Recipients are more likely to be extremely low-income, and/or Black/African American. The Housing Choice Voucher (HCV) Waiting List indicates that 77% of applicants are considered to have extremely low-income and 15% are considered very low-income. Similarly, the Project Based Voucher (PBV) Waiting List indicates 75% of applicants are considered extremely low-income, while 25% of the applicants are considered very low-income.

Where the general population is about 4.1% Black/African American, the Housing Choice Voucher program waiting list was 70% Black/African American at latest (January 2025) report. Most people on the HCV waiting lists are singles but 45% are families. For this population and the population at-large there is a need for affordable housing opportunities outside of areas of concentrated poverty.

Discussion

The city is consistently reviewing policies to ensure more equitable housing policies are in place and there is equal access throughout the city of Dubuque. The city has made many changes to improve access to Fair Housing. The Analysis of Impediments to Fair Housing is updated in 2025 and attached as an appendix to this plan.

NA-40 Homeless Needs Assessment – 91.205(c)

Introduction:

The Housing & Community Development Department works closely with the local Continuum of Care (CoC). Community Development and Housing Department staff participate in the local Homeless Advisory Council to remain informed and align priorities and funding to address the needs of residents experiencing or at risk of homelessness. The Community Development Department also partners with the CoC to ensure programming aligns with the needs identified in the Consolidated Plan.

The local CoC established a Coordinated Entry System which includes a network of service providers offering a range of services for homeless and at-risk of homelessness. The CoC conducts point-in-time homeless counts in January, as required, but also in summer months to identify people who may seek shelter during severe winter weather but are usually unsheltered. In addition to the Coordinated Entry System the City's Police Department recently created a division, Crisis Intervention Team (CIT), due to the uptick in brain health related calls. CIT is tasked with brain health crisis response, follow-up, and training. In addition, CIT coordinates with outreach workers with Community Solutions of Eastern Iowa (CSEI), a CoC member, to identify unsheltered individuals and provide access to services. Many of these homeless individuals are chronically homeless and/or have substance/use abuse. CIT and community partners work to keep people with brain health issues out of jail, in treatment, and on the road to recovery.

The City has 5 organizations including Opening Doors (Theresa Shelter- Emergency, Maria House- Transitional), Dubuque Community Y Domestic Violence Shelter, Mary's Inn, St. John's Almost Home, Dubuque Rescue Mission (Emergency, Short Term, Transitional) providing access to emergency and transitional shelter services during the January 2025 point in time homeless count. Some of these organizations serve specific populations, such as pregnant women and victims of domestic violence. The bed capacity for these organizations is 201 and 134 persons were sheltered.

The City Purchase of Services Grants provide funding opportunities for organizations meeting identified human services needs in the community. Organizations providing homeless services will continue applying for these resources to meet needs.

Homeless Needs Assessment

Population	Estimate the # of persons experiencing homelessness on a given night		Estimate the # experiencing homelessness each year	Estimate the # becoming homeless each year	Estimate the # exiting homelessness each year	Estimate the # of days persons experience homelessness

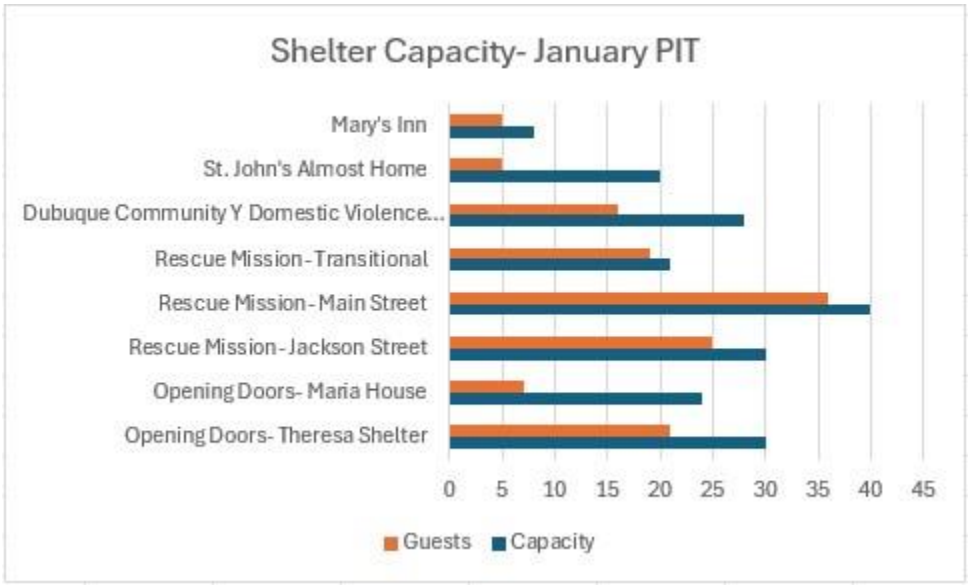
January Point in Time- Sheltered Data



January Point in Time- Sheltered Capacity

Indicate if the homeless population is: Has No Rural Homeless

If data is not available for the categories "number of persons becoming and exiting homelessness each year," and "number of days that persons experience homelessness," describe these categories for each homeless population type (including chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth):

Data is not readily available for the number of persons becoming homeless and exiting homelessness each year, nor is data readily available for number of days that persons experience homeless.

However, providers of services report that they have seen recent increases in both individuals dealing with brain health or other disabilities, specifically for chronically homeless individuals but also families and children. The Dubuque Community School District reported 200 children with a homeless designation at the time of the January 2025 PIT study. As for veterans and their families, Dubuque has an active Dubuque County Veteran's Affairs Office that outreaches and provides financial assistance and other services such as a regional organization which supports homeless veterans outside of the city limits. Unaccompanied youth are connected with the City of Dubuque's Family Unification Program (FUP) vouchers which support youth who are in the foster care system. These vouchers are used as a prevention tool for unaccompanied youth to be housed once leaving the foster care system.

Nature and Extent of Homelessness: (Optional)

Race:	Sheltered:	Unsheltered (optional)
White	0	0
Black or African American	0	0
Asian	0	0
American Indian or Alaska Native	0	0
Pacific Islander	0	0
Ethnicity:	**Sheltered:**	**Unsheltered (optional)**
Hispanic	0	0
Not Hispanic	0	0

Data Source Comments: The Dubuque PIT study does not collect information on race and ethnicity.

Estimate the number and type of families in need of housing assistance for families with children and the families of veterans.

The shelter statistics do not necessarily capture everyone who needs housing assistance. Providers of homeless services and stakeholders have reported many families with children doubling or tripling up. Often, families with children will move from one home to another by staying with friends or family. The number of children who were designated as homeless by the Dubuque Community School District in January 2025 was 200 children. Providers understand this number is underestimated due to the stigma surrounding homelessness and at-risk of homelessness.

Families with children could benefit from homeless prevention dollars in order to stay in stable housing instead of losing housing. When families with children lose housing, it forces many to double or triple up and/or constantly move from place to place. Families with children could also end up in a homeless shelter once friends or family are no longer willing to share their housing.

Describe the Nature and Extent of Homelessness by Racial and Ethnic Group.

According to Institute for Community Alliance, the 2024 County Point in Time count totaled 116 individuals sheltered and 4 unsheltered. Of the 116 individuals sheltered, 32 were Black, 2 Multi-Racial (Non-Hispanic), 5 Multi-Racial & Hispanic and 72 White.

Describe the Nature and Extent of Unsheltered and Sheltered Homelessness.

The City has 5 organizations providing sheltered homelessness during the January 2025 point in time count. Some of these organizations serve specific populations, such as pregnant women and victims of

domestic violence. In our community, the CoC member, Community Solutions of Eastern Iowa (CSEI), manages Coordinated Entry. Coordinated Entry is considered one of the many interventions in a community's united effort to end and prevent homelessness. This process is an established, system-wide process to quickly coordinate access, assessment, prioritization, and referrals to housing and services for people experiencing or at risk of homelessness. The Housing Helpline is a tool utilized by the coordinated entry for homeless, both unsheltered and sheltered, needing access to services. The Housing Helpline supports the following subgroups.

At Risk:

As part of the Coordinated Entry, service providers meet weekly to identify individuals on the Housing Helpline who are most at risk of becoming homeless. CSEI utilizes homeless prevention dollars and works closely with service agencies in the Dubuque community such as St. Vincent DePaul, Dubuque County's General Assistance and Hillcrest to provide services, delivery, and referrals for individuals most at risk of becoming homeless.

Additionally, the City's competitive purchase of services grant is available to agencies that deliver homeless prevention assistance.

Individuals:

Demand for beds remains relatively low in the summer months gradually increasing through the fall. Men's emergency shelter beds are reaching capacity in the winter months. Rescue Mission has increased their capacity to provide overflow during winter months and transitional opportunities for men during periods of high need. The shelter statistics do not necessarily capture everyone who is struggling. Providers of homeless services and stakeholders have reported that many others are doubling or tripling in a home or are moving from one home to another staying with friends or family.

Families:

Opening Doors, specifically, Theresa Shelter and Maria House, Mary's Inn, and the YMCA Domestic Violence Shelter serve women and children including emergency and transitional options. St. John's Almost Home primarily serves men and children. However, St. John's Almost Home has some space available for families, including men, women, and children.

Chronically Homeless/Disabled:

Service providers continue to stretch limited resources to coordinate shelter for chronically homeless people and people with disabilities. Many residents at the men's emergency shelter are dealing with chronic mental health issues, while others are dealing with an acute problem and struggling to make ends meet financially. Regardless, Permanent Supportive Housing is a huge need in our community for housing homeless individuals with substance abuse, mental illness, HIV/AIDS related illness, or other

disabilities impacting their ability to maintain housing. Resources for support services, particularly mental health, have long waiting periods and limited beds for emergency treatment.

Discussion:

In the Dubuque community, there are fewer programs available for people seeking services. According to data collected through the Iowa Statewide Needs Assessment, the greatest need in Dubuque is for Permanent Supportive Housing. The Iowa Statewide Needs Assessment included system modeling which is a structured, data-informed process to develop estimates of the size and needs of a population of people experiences homelessness and assumption about the types and amounts of assistance that would effectively and equitably meet those needs. The Statewide Needs Assessment monitored these pathways:

- Crisis Response programs including prevention, diversion, emergency shelter, and Direct to Housing
- Moderate Intensity programs including Emergency Shelter and Rapid Rehousing which is a time-limited subsidy and case management
- High Intensity programs including Emergency Shelter and Permanent Supportive Housing which is a long-term subsidy and optional services.

Using the Statewide Needs Assessment data for Dubuque, our current system for singles utilizing the Crisis Response programs has more availability than the assessed need. However, for singles utilizing the Moderate Intensity programs, the current system is at 67% capacity compared to the assessed need. High Intensity programs are in a more dire state. For singles, our current system is only reaching 17% of the assessed need. The data show similar trends for families. For families utilizing Crisis Responses programs, the current system has 63% capacity based on the assessed need. For families utilizing the Moderate Intensity programs, the current system is only reaching 15% of the assessed need. Lastly, for families utilizing the High Intensity programs, again, the current system is only reaching 18% of the assessed need. This data shows the High Intensity programs including Emergency Shelter and Permanent Supportive Housing which is a long-term subsidy and optional services is our communities biggest gap.

The City of Dubuque will continue to support Rapid Rehousing program. The expansion of permanent supportive housing has been identified as a need by local service providers in addition to the data provided in the Consolidated Plan. Housing and Community Development staff continue to work with the our CoC members to identify trends and needs in our community and create systems and supports to address these identified needs.

NA-45 Non-Homeless Special Needs Assessment - 91.205 (b,d)

Introduction:

According to HUD, special needs populations are not homeless but require supportive housing, including the elderly, frail elderly, persons with disabilities (mental, physical, developmental), persons with alcohol or other drug addiction, persons with HIV/AIDS and their families, and victims of domestic violence, dating violence, sexual assault and stalking. Because individuals in these groups face unique housing challenges and are vulnerable to becoming homeless, a variety of support services are needed in order for them to achieve and maintain a suitable and stable living environment.

Describe the characteristics of special needs populations in your community:

Disability

Disability by age is estimated in the 2022 5-year ACS data. The disability rate for females was 12.9%, and 12.84% for males. The disability rate grew precipitously higher with age, with 39.36% of those over 75 experiencing a disability. The number of disabilities by type, as also estimated by the 2022 5-year ACS data; 6.6% have an ambulatory disability, 5.3% have an independent living disability, and 23.2% have a hearing difficulty.

Elderly data

Age is estimated in the 2022 5-year ACS data. Those 75 years and over represent 9.2% of our community.

Domestic Violence

The City of Dubuque had 382 Domestic Abuse Offenders from January 1, 2023-December 31, 2023. 74.08% were male, 25.92% were female.

What are the housing and supportive service needs of these populations and how are these needs determined?

Some respondents in the 2024 Housing and Community Development Survey indicated the need for expanded mental health services, childcare, services for abused or neglected children, and services for victims of domestic violence.

Services for mental health services

Mental health providers report that diminishing resources and rigid funding structures hinder their ability to meet the growing community needs. There's a call for more flexible and increased funding to

expand services. Additionally, there's a recognized need to increase the availability of prescribing providers to ensure timely access to necessary medications. Improving collaboration and communication among mental health service providers is essential to offer comprehensive and seamless care to individuals. Challenges such as transportation, appointment availability, and awareness of services prevent individuals from accessing mental health care. Efforts to mitigate these barriers are crucial. Lastly, expanding awareness and preventative education efforts in schools and the broader community is necessary to reduce stigma and promote early intervention.

Services for Victims of Domestic Violence

Immediate access to safe and confidential emergency shelters is crucial for individuals escaping abusive situations. Organizations like Dubuque Y Crisis Services provide such shelters, offering protection and support to victimized individuals and their families. Continuous availability of crisis hotlines and support lines is essential for victims seeking immediate assistance, guidance, and emotional support. The Iowa Victim Service Call Center offers such support, providing guidance, resources, and a listening ear to any Iowan in need. Navigating the legal system can be daunting for victims. Access to legal advocacy helps individuals obtain protective orders, understand their rights, and receive representation during legal proceedings. Waypoint's Domestic Violence Victim Services Program offers legal advocacy among its services. Beyond emergency shelter, access to transitional and permanent housing solutions is critical for victims rebuilding their lives independently. Friends of the Family offers services to help victims of domestic violence, sexual assault, and human trafficking find safe and secure housing.

Additionally, the elderly are much more likely to be disabled, lower income, and in need of accessible affordable housing and services.

Discuss the size and characteristics of the population with HIV/AIDS and their families within the Eligible Metropolitan Statistical Area:

According to the Iowa Department of Public Health, at the end of 2022, the number of new diagnoses reported to the Iowa Department of Health and Human Services totaled one hundred and twenty (see chart below), which is 7% higher than the five-year average of 113 diagnoses between 2017 to 2021. In 2022, notable increases in diagnoses were observed among males, men who have sex with men (MSM), and people of Hispanic/Latino origin, for the third year in a row.

Dubuque County sits just below the state average of 101 persons per 100,000 population according to the Iowa Department of Public Health.

If the PJ will establish a preference for a HOME TBRA activity for persons with a specific category of disabilities (e.g., persons with HIV/AIDS or chronic mental illness), describe their unmet need for housing and services needed to narrow the gap in benefits and services received by such persons. (See 24 CFR 92.209(c)(2) (ii))

NA

Discussion:

The city is committed to furthering fair housing through strategies identified in our Goals, Priorities, and planned activities.

The city's Purchase of Services Grants provide funding opportunities for organizations meeting identified human services needs in the community. Organizations providing homeless services will continue applying for these resources to meet needs.

NA-50 Non-Housing Community Development Needs – 91.215 (f)

Describe the jurisdiction's need for Public Facilities:

While there are no current CDBG public facilities projects underway, the city of Dubuque's Top and High Priorities include several public facilities to ensure safety in our community. Preliminary exploration has begun but there may be an opportunity for eligibility or coordination with Community Development Block Grant Programs.

- Central Avenue Revitalization Plan Implementation
- Construction of 14th Street Railroad Overpass and 16th Street Corridor Complete Streets Improvements: RAISE Grant and Matching Funds
- Street Maintenance/Rehabilitation Program
- Catfish Creek Sanitary Sewer Project: Old Mill Road Lift Station Project
- Chaplain Schmitt Island Development

How were these needs determined?

Many of these needs were identified through the Imagine Dubuque 2037 comprehensive stakeholder engagement and planning process. These needs are also determined by City Council Goal Setting Sessions.

A 2024 CDBG community survey, focus groups, key stakeholder interviews and citizen participation in the Community Development Advisory Commission (CDAC) provided additional updates, ideas and confirmation of these resident driven ideas.

Describe the jurisdiction's need for Public Improvements:

The City of Dubuque's comprehensive plan includes identification of needs to provide services that enhance the quality of life of the community with an eye on promoting mixed-use development both downtown, and key intersections. These mixed-use areas should provide a variety of residential choices, access to goods and services, and neighborhood amenities like parks and schools within a walkable environment.

A 2024 CDBG community survey, focus groups, key stakeholder interviews and citizen participation in the Community Development Advisory Commission (CDAC) provided additional updates, ideas and confirmation of these resident driven ideas. Some of the ideas included:

Transportation, Recreation/Parks

To support existing and future residents, key recommendations for Public Improvements include:

- Central Avenue Revitalization Plan Implementation

- Construction of 14th Street Railroad Overpass and 16th Street Corridor Complete Streets Improvements: RAISE Grant and Matching Funds
- Street Maintenance/Rehabilitation Program
- Catfish Creek Sanitary Sewer Project: Old Mill Road Lift Station Project
- Chaplain Schmitt Island Development

Key resident-driven land use recommendations include:

- Promoting mixed-use, walkable, development patterns including residential, commercial, and institutional uses.
- Encourage infill development where possible and protect important environmental assets as growth occurs to the west and south.

How were these needs determined?

Many of these needs were identified through the Imagine Dubuque 2037 comprehensive stakeholder engagement and planning process. These needs are also determined by City Council Goal Setting Sessions.

A 2024 CDBG and poverty community survey, focus groups, key stakeholder interviews and citizen participation in the Community Development Advisory Commission (CDAC) provided additional updates, ideas and confirmation of these resident driven ideas.

Describe the jurisdiction's need for Public Services:

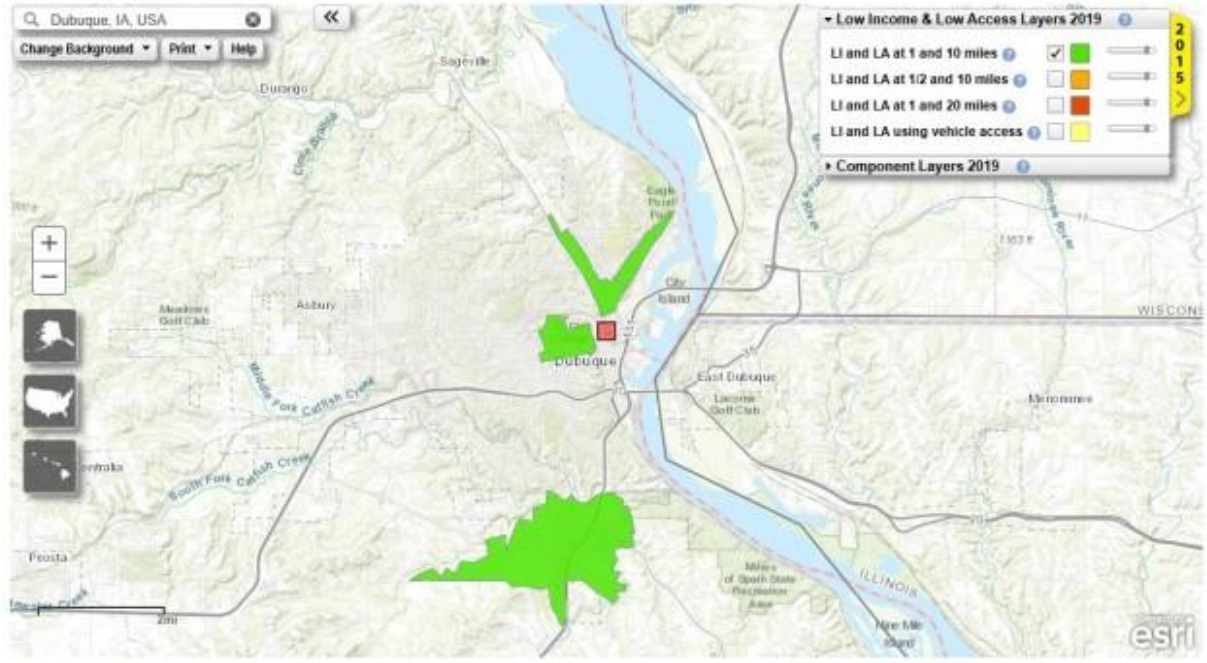
How were these needs determined?

Many of these needs were identified through the *Imagine Dubuque 2037, the City's* comprehensive stakeholder engagement and planning process. Imagine Dubuque, was a community-driven approach, based on inclusive community engagement, issues and initiatives. The result is a focused, meaningful community plan with 32 goals and 110 recommendations in 7 major categories.

A 2024 CDBG community specific survey, focus groups, key stakeholder interviews and citizen participation in the Community Development Advisory Commission (CDAC) provided additional updates, ideas and confirmation of these resident driven ideas.

Food Access

Figure 36: Low Income and Low Access Map.



Last updated: Thursday, July 06, 2023

For more information, contact: Alana Rhone

Source: USDA ERS - Food Access Research Atlas

Food Access- Low Income and Low Access Map

Food Access- Low Income and Low Access Map- Text

While slightly older data, the U.S. Department of Agriculture's Food Access Research Atlas map above gives a spatial overview of food access indicators for low-income and other census tracts using different measures of supermarket accessibility. The map shows food access by census tract based on 2019 data (which was then updated July 6, 2023) and the distance one would need to travel to reach a full-service grocery store – the same areas within Dubuque where residents are more likely to live in poverty and rely upon public transit.

Figure 32 shows that Tracts 3, 5, and 7.01 within the City of Dubuque have lower levels of food access than other areas in the community. The average person would have to travel at least a mile in order to reach a full-service grocery store.

Housing Market Analysis

MA-05 Overview

Housing Market Analysis Overview:

The purpose of the Market Analysis is to provide an understanding of the environment in which the jurisdiction administers its programs over the course of the Consolidated Plan. Together with the Needs Assessment, the Market Analysis provides the basis for the Strategic Plan and the programs and projects to be administered. Based on the data provided, the City of Dubuque expects to focus its entitlement funds on preserving and increasing quality, safe, affordable housing for low- and moderate-income residents. In addition, there is a shortage of affordable housing units for low- and moderate-income residents. The housing market analysis provides information on the supply, demand, conditions, and cost of housing for families and households, renters and owners, minorities, elderly, and the disabled.

The City of Dubuque developed around industry close to the Mississippi River during the 18th and 19th centuries. Consequently, its core is remarkably historic, with older neighborhoods in and around downtown exhibiting grid street patterns and walkable characteristics. In contrast, Dubuque's West End peripheral neighborhoods are auto oriented, higher income, and newer homes, developed during the mid to late 20th century. Downtown neighborhoods and those surrounding the City's Universities and Colleges provide a wide array of housing types. The historic nature of downtown Dubuque presents significant challenges and opportunities. Close to 75% of housing was built before 1980 and before regulations were in place for lead paint and before energy efficiency measures were standard in housing. The homes are affordable and in established neighborhoods, however it also increases housing issues with deferred maintenance, lead-based paints, inaccessibility, and energy inefficiencies.

According the 2022 Five-Year American Community Survey (ACS)

- The median house value is $178,000
- Owner-occupied housing rate is 64.7%
- Owner costs with mortgage $1,301, without mortgage $598
- Median gross rent at $915
- 87.5% of households have a broadband internet subscription
- Median real estate property tax, with mortgage $2,532, without mortgage $2,623
- Unemployment Rate is 5%

- Average temperature is 27 degrees Fahrenheit in January, 82 degrees Fahrenheit in July

CPD Map of Poverty Rate

CPD Map of Poverty Rate- Text

As can be seen in Figure 6, tracts 1 and 5 which have the highest poverty rate in the City are also home to the most Black or African American residents.

Figure 7: Map of Low-Income Households.

CPD Map of Low -Income Households

CPD Map of Low-Income Households- Text

Low-income households are predominantly located in the eastern side of the City in census tracts 1, 3, 4, 5, 7.01, and 7.02. These tracts are also home to older housing stock and higher concentrations of rental units. Poverty rate and low income are similar, but different in the fact that poverty rate measures those below the poverty threshold, while low incomes is more broad and covers a range of individuals and families that are above the poverty threshold, but still face financial difficulties. Low-income households are also present on the western side of the city, specifically in tracts 12.02 and 12.05.

Figure 13: Rental Housing Built Before 1949.

CPD Map of Rental Housing Built Before 1949

CPD Map of Rental Housing Built Before 1949- Text

Over 50% of the rental units in census tracts 1, 3, and 7.02 were built before 1949. This does not immediately mean that they are in poor condition, but they are more prone to having issues due to their age and require more maintenance, which can be expensive for both the owner and renters.

Figure 14: Renter Occupied Housing.

CPD Map of Low Poverty Index Map

CPD Map of Low Poverty Index Map- Text

The Poverty Index map above shows the poverty rate in each tract of Dubuque. The smaller circles indicate where areas of poverty are present. As can be seen here, tracts 1 and 5 in Downtown Dubuque have the highest rates of poverty in the City.

The median income for the City of Dubuque is $59,317 (ACS 2022). For White Alone householders, the median income is $ 64,949 and for African American householders it is $ 38,262. The 20% Gender Income Gap (females less than males) disparately impacts all households but especially female-led households (5,946) which are nearly 42% of the percent of total family households (14,172) in Dubuque. Female-led households with no spouse present had a median income of $41, 411 and $38,180 for those with children under the age of 18.

Dubuque residents have a higher likelihood of having health insurance than the population of the nation as a whole. The Greater Dubuque Development Council reports that health insurance is the most highly desired employment benefit among Dubuque's workforce.

MA-10 Number of Housing Units – 91.210(a)&(b)(2)

Introduction

With a strong and growing employment base, demand for affordable housing is increasing. Affordability and the age of housing stock continue to pose significant challenges for the city.

The following Market Analysis considers the volume and quality of housing stock, affordability, and other non-housing needs.

All residential properties by number of units

Property Type	Number	%
1-unit detached structure	16,886	62%

City of Dubuque: Single-family permits

Single-family permits and Dubuque Unit Market- Text

According to 2022 5-year ACS, there were 27,271 housing units in 2022, compared with 25,932 in 2017. Single family units accounted for 66% of units in 2022, compared to 65.9% of units in 2017. Apartment units accounted for 18.8% in 2022, compared to 15.9% in 2017.

The Census Bureau reports building permit authorizations and "per unit" valuation of building permits by county annually. Single-Family Construction usually represents most residential development in the county. Single-Family building permit authorizations in the City of Dubuque increased from 51 to 111 in 2022 to 2023. The real value of single-family building permits decreased from $453,722 to $418,569 in 2022 to 2023. The 2022 ACS data indicated that several hundred units have been added to the housing market in recent years.

2030 Housing Forecast- Text

The 2024 Iowa Finance Authority Housing Needs Forecast for Dubuque County offers prediction of the demand for housing until 2030.

The Dubuque, Iowa Housing Needs Forecast Model predicts that in 2030 there will be a projected 41,275 households.

The owner and renter-occupied housing split in Dubuque is expected to stay about the same, at around 30% rental units and 70% owner units being supplied.

The forecast predicts an increase in homes that would fall between 51-100% AMI (area median income) and a decrease in those above 100%. This means Dubuque would be looking to develop more affordable housing that would fall between 31-50% AMI and more expensive options for those that fall into the 115%+ AMI column.

Disposition of Vacant Housing Units

Disposition of Vacant Housing Units

Disposition of Vacant Housing Units- Text

According to the 2022 5 Year ACS, "For Rent" units accounted for 34.35% of vacant units, while for sale units accounted for 4.63%. "Other" vacant units accounted for 45.9% of vacant units, representing a total of 952 "other" vacant units.T he large percentage of "other" vacant units (45.9%) indicates that a substantial number of properties are held off the market for potential reasons such as seasonal use, abandoned property, caught in foreclosure, or awaiting major renovation. This could be limiting housing options, potentially impacting affordability and availability for both renters and buyers.

Unit Size by Tenure

	Owners		Renters	
	Number	%	Number	%
No bedroom	24	0%	843	9%
1 bedroom	286	2%	2,410	27%

Total	***16,321***	***100%***	***8,877***	***99%***

Table 28 – Unit Size by Tenure

Alternate Data Source Name:
2022: ACS 5-Year Estimates Data Profiles
Data Source Comments:

Describe the number and targeting (income level/type of family served) of units assisted with federal, state, and local programs.

There are many programs addressing affordability and rehabilitation including:

Provide an assessment of units expected to be lost from the affordable housing inventory for any reason, such as expiration of Section 8 contracts.

Applewood I, a 46-unit apartment complex that has been a Section 42 property, is transitioning to Fair Market Rent as of January 1, 2025. Since the completion of its construction in 1994, this property has had rent and income restrictions, as well as housing seniors only. The 30-year term for Section 42 expired on December 31, 2024, so the owners of this complex will lift the senior-only restriction until December 31, 2026, at which time they will also eliminate the income restrictions.

Does the availability of housing units meet the needs of the population?

According to 2022 5-year ACS, there were 27,271 housing units in 2022, compared with 25,932 in 2017. Single family units continued to account for 66% of units in 2022. Apartment units accounted for 18.8% in 2022, compared to 15.9% in 2017.

According to the 2022 5 Year ACS, "For Rent" units accounted for 34.35% of vacant units, while for sale units accounted for 4.63%. "Other" vacant units accounted for 45.9% of vacant units, representing a total of 952 "other" vacant units.

The Census Bureau reports building permit authorizations and "per unit" valuation of building permits by county annually. Single-Family Construction usually represents most residential development in the county. Single-Family building permit authorizations in the City of Dubuque increased from 51 to 111 in 2022 to 2023. The real value of single-family building permits decreased from $453,722 to $418,569 in 2022 to 2023. The 2022 ACS data indicated that several hundred units have been added to the housing market in recent years.

Since March 2024, over 2,300 lots or units have been proposed for housing development in the City of Dubuque. As of December 31, 2024, 390 units have been completed, including 50 Affordable Family Housing Apartments, 44 Affordable Senior Housing Apartments, and 244 Units at Mount Carmel, which houses the Sisters of Charity. There are 56 Affordable apartments currently under construction, and an additional 245 affordable housing units under review. The remaining ~1,600 units will be single-family, duplex, townhouse, and multi-family units offered at market rate.

The City of Dubuque does not manage public housing units. The city monitors the number of affordable tax credit units and Section 8 units within the city. The affordable housing stock is not high enough to meet needs of renters and homeowners at or below 80% of the area median income. This is supported by data in the Needs Assessment with more renters earning under 80% Area Median Income are cost

burdened, meaning they pay more than 30% of their income for housing-related costs. The American Community Survey estimates verify nearly half of all renters experience cost burden. The city promotes CDBG funded programming to voucher participants in efforts to increase awareness and participation in activities.

Describe the need for specific types of housing:

The city needs all types of affordable housing. The use of mobile homes (700 units) fills a significant gap particularly for elderly populations. Reportedly, mobile homes are necessariy to meet the housing demand. There is also a demand for more accessible or modified housing for both disabled and elderly populations.

The increase in development of market-rate housing is projected to relieve the stress on the current affordable housing options by providing an array of housing options and locations for households over 80% AMI to move into. According to the Dubuque Affordable Housing Action Plan created in May 2024, "Households with higher incomes are competing for housing units with households with lower incomes, creating gaps in affordable units for households with lower incomes. [These new units will help] close the gap in affordable housing options."

Discussion

The Housing Authority adopted Small Area Fair Market Rents (SAFMR) in 2021 for zip codes 52001, 52002, and 52003. The advantage of SAFMR's is that the PHA can set voucher payment standards that more accurately reflect the rental markets in the area and allows voucher holders better access to low-poverty and/or high-opportunity neighborhoods. The basic range for SAFMR's is 90 to 110%.

The City of Dubuque Housing Authority has adopted in their administrative plan that they will set the SAFMR's to 120% when the success rate is fewer than 75% for families who were issued a voucher during the most recent 12 month period, and/or more than 40% of current participants pay more than 30% of their adjusted income as the family share of rent. The City of Dubuque has utilized 120% SAFMR for all zip codes for calendar year 2024 and 2025.

The Dubuque Affordable Housing Action Plan was created through collaborative efforts between the City of Dubuque Housing & Community Development Department, the University of Iowa School of Planning & Public Affairs, the University of Iowa Sustainable Development Program, and the Iowa Initiative for Sustainable Communities (IISC), and was published in May 2024.

Led by University of Iowa students as part of their graduate capstone course, this joint initiative addresses the pressing issue of affordable housing in Dubuque, Iowa.

MA-15 Housing Market Analysis: Cost of Housing - 91.210(a)

Introduction

According to 2022 Five-Year ACS, the median property value for owner-occupied houses in the City of Dubuque was estimated at $178,000, a 9% increase since 2017. Of the owner-occupied households, 64.8% had a mortgage. The median monthly costs for owners with a mortgage was $1,301 and for owners without a mortgage it was $598.

For renter-occupied houses, the median gross rent was $915, a 2% increase since 2017. Gross rent includes the monthly contract rent and any monthly payments made for electricity, gas, water and sewer, and any other fuels to heat the house.

Households that pay thirty percent or more of their income on housing costs are considered cost-burdened. According to 2022 Five-Year ACS, cost burdened households in Dubuque accounted for 11.1% of homeowners with a mortgage, and 15.9% of renters.

Table 32 – Monthly Rent

Alternate Data Source Name:
FY2024 Fair Market Rent Documentation System
Data Source Comments:

Is there sufficient housing for households at all income levels?

As seen in the cost-burden section of the Needs Assessment, and in this section, there is not enough housing for households at 30% AMI, specifically rental home supply.

How is affordability of housing likely to change considering changes to home values and/or rents?

The trend continues to be increasing home and rental prices and decreasing availability. This correlation makes the need for affordable housing a priority.

How do HOME rents / Fair Market Rent compare to Area Median Rent? How might this impact your strategy to produce or preserve affordable housing?

HOME rents

Low Home Rent Limit

- Efficiency: $650
- One Bedroom: $712
- Two Bedroom: $936
- Three Bedroom: $1259
- Four Bedroom: $1476
- Five Bedroom: $1629
- Six Bedroom: $1781

High Home Rent Limit

- Efficiency: $650
- One Bedroom: $712
- Two Bedroom: $936
- Three Bedroom: $1259
- Four Bedroom: $1588
- Five Bedroom: $1826

- Six Bedroom: $2064

Fair Market Rent

- Efficiency: $600
- One Bedroom: $712
- Two Bedroom: $936
- Three Bedroom: $1259
- Four Bedroom: $1588
- Five Bedroom: $1826
- Six Bedroom: $2064

Area Median Rent

- Efficiency: $585
- One Bedroom: $717
- Two Bedroom: $9356
- Three Bedroom: $1159
- Four Bedroom: $1551
- Five or more bedrooms: $1781

Discussion

To assist in preserving housing choice, the Housing Authority adopted Small Area Fair Market Rents (SAFMR) in 2021 for zip codes 52001, 52002, and 52003. The advantage of SAFMR's is that the PHA can set voucher payment standards that more accurately reflect the rental markets in the area and allows voucher holders better access to low-poverty and/or high-opportunity neighborhoods. The basic range for SAFMR's is 90 to 110%.

The City of Dubuque Housing Authority has adopted in their administrative plan that they will set the SAFMR's to 120% when the success rate is fewer than 75% for families who were issued a voucher during the most recent 12 month period, and/or more than 40% of current participants pay more than 30% of their adjusted income as the family share of rent. The City of Dubuque has utilized 120% SAFMR for all zip codes for calendar year 2024 and 2025.

As the city moves forward to produce and preserve the affordable housing stock, consideration will be given to neighborhoods where traditionally lower income groups are priced out of the market, creating diversity of income and more housing choices for very low income groups.

MA-20 Housing Market Analysis: Condition of Housing – 91.210(a)

Introduction

The following section describes the condition of housing throughout the City of Dubuque. This includes the number of housing units with risks of lead-based paint exposure, the age of the housing stock, and the low vacancy rates for affordable housing.

Describe the jurisdiction's definition of "standard condition" and "substandard condition but suitable for rehabilitation":

Units that are classified as standard condition meet all state and local codes. Units that are classified to be in "substandard condition but suitable for rehabilitation" are both structurally and financially feasible to rehabilitate to a condition that meet all state and local codes. The city utilizes the International Property Maintenance Code, along with local amendments, to promote sound safety and quality property maintenance. The city is focused on maintaining and improving the existing affordable housing stock.

Condition of Units

Condition of Units	Owner-Occupied		Renter-Occupied	
	Number	%	Number	%
With one selected Condition	2,747	17%	3,929	44%
With two selected Conditions	16	0%	402	5%
With three selected Conditions	0	0%	128	1%
With four selected Conditions	0	0%	0	0%
No selected Conditions	13,558	83%	4,418	50%
Total	***16,321***	***100%***	***8,877***	***100%***

Households by Year Home Built
Households by Year Home Built- Text

A significant challenge for the City of Dubuque is the age of its housing. Housing units built between 2000 or later account for 13.58% owner occupied and 13.14% renter occupied. However, housing units built between 1950-1979 account for 43.84% owner occupied and 35.95% renter occupied. Additional housing units built before 1950 account for 30.87% owner occupied and 39.04% renter occupied.

Close to 75% of housing was built before 1980 and before regulations were in place for lead paint and before energy efficiency measures were standard in housing.

Risk of Lead-Based Paint Hazard

Risk of Lead-Based Paint Hazard	Owner-Occupied		Renter-Occupied	
	Number	%	Number	%
Total Number of Units Built Before 1980	12,194	75%	6,658	75%
Housing Units build before 1980 with children present	1,815	11%	835	9%

Need for Owner and Rental Rehabilitation

The City of Dubuque's Housing and Community Development department has several programs that assists low- and moderate-income households with addressing the need for owner and rental rehabilitation.

For example, the Homeowner Rehabilitation Loan Program provides low-interest, long-term loans of up to $25,000 to rehabilitate properties provided by the City of Dubuque Housing and Community Development Department. The Accessibility Improvements Program provides forgivable loans to homeowners to remove architectural barriers and provide modifications to increase physical accessibility. These programs are available to households earning no more than 80% of area median income.

Additionally, the Lead Hazard Control & Healthy Homes Program mitigates lead and other home/health safety hazards by providing forgivable loans to households in need, particularly those with young children who are most vulnerable to environmental hazards. The city aims to assist approximately 100 units within Dubuque city limits using $5,197,053 million of U.S. Department of Housing and Urban Development funding over 48 months. The Healthy Homes Production Grant also addresses concerns with our aging housing stock. The Healthy Homes Program prioritizes the following, damp and mold growth, carbon monoxide and fuel combustion products, electrical hazards, radiation, domestic hygiene, pests and refuse, lighting, and falls. The city aims to assist approximately 95 units within Dubuque city limits using $2 million of U.S. Department of Housing and Urban Development funding.

Estimated Number of Housing Units Occupied by Low or Moderate Income Families with LBP Hazards

Dubuque’s housing stock is older, and, in some cases, safety interventions are necessary. Since 1990, the city has facilitated lead remediation in 1,250 (9%) of 14,413 residential properties built prior to 1978. Most of Dubuque’s housing (>75%) was built prior to 1978, when lead paint was no longer allowed for residential use.

Discussion

As part of the Healthy Homes Production Grant in 2022, the city completed 67 houses to address moisture intrusion and mold growth, lead, asbestos, radon, and energy efficiency and weatherization. A Healthy Home Advocate works with individuals and families to develop a resilience plan for each home. As part of the Older Adults Home Modification Grant in 2021, the city assisted 96 homes for residents that are age 65 and older who are choosing to age in place. As part of the Lead Hazard Control & Healthy Homes Program Grant in 2021, the city completed 70 units to mitigate lead and other home/health safety hazards.

MA-25 Public and Assisted Housing – 91.210(b)

Introduction

The Housing & Community Development Department's Assisted Housing program serves as the Public Housing Authority (PHA) for the City of Dubuque. The Assisted Housing program provides information for the PHA sections of the Plan and coordinates with other city departments to affirmatively further fair housing and assess housing needs. Assisted Housing staff serve on the CoC.

The city actively engages to partner with public and private agencies to ensure funding priorities align with community development goals. The city engages in multiple community collaborations focused on increasing coordination and access to services. The City of Dubuque strives to use data-driven decision making and engagement with residents to better serve the community. The city does not manage any public housing, and as such, needs to partner with area housing providers to ensure enough housing providers are willing and able to accept Housing Choice Vouchers (HCV).

Totals Number of Units

Data Source Comments:

Describe the supply of public housing developments:

Describe the number and physical condition of public housing units in the jurisdiction, including those that are participating in an approved Public Housing Agency Plan:

The City of Dubuque does not manage public housing units. However, several affordable housing options are financed with HOME and LITC in addition to the Housing Choice Voucher Program.

Public Housing Condition

Public Housing Development	Average Inspection Score

Table 38 - Public Housing Condition

Public Housing Condition

The city does not administer any public housing so there are no inspection scores to report.

Describe the restoration and revitalization needs of public housing units in the jurisdiction:

As stated previously, the city does not manage any public housing units.

Describe the public housing agency's strategy for improving the living environment of low- and moderate-income families residing in public housing:

The city continues to work with a diverse team of city staff, housing advocates, housing providers, and commission members to carryout recommendations and evaluate outcomes. The Housing Choice Voucher program is the primary way that the city improves the living environment of low- and moderate-income families residing in public housing. Additionally, all Housing Choice Voucher participants are invited to join the City's Family Self-Sufficiency (FSS) and Next Level Savings programs. These programs offer unique, person-centered coaching to support the individual's needs. Goal planning, resource coordination, job readiness, and family supports are all provided. The Project Managers regularly visit Family Self-Sufficiency caseworkers and FSS participating families. The programs coordinate resources to help buyers establish bank accounts, Individual Development Accounts (IDA's), homeownership counseling, and resources to purchase a home.

Beyond the Housing Choice Voucher program itself, staff continue to evolve and formulate creative strategies for improving the living environment of low- and moderate-income families residing in public housing. For example, City of Dubuque staff update the Vacant Unit Listing on the City's Website weekly (every Tuesday) once property owners notify the City of vacancy. On that same page, other resources are listed that may have units listed to aid in the search for a rental unit. Collect voucher acceptance & vacancy data for every licensed rental property in the city.

The City of Dubuque has increased landlord education about the HCV program as well as created a landlord education video to be shared among that specific group to clarify how HCV benefits the entire community. PHA also implemented a new, easier to use software that aids owners and tenants in communication and document transmittal. The City of Dubuque meets monthly with the Landlord Association to further connection and collaboration efforts. FY24 was focused on recruitment of landlord participation through the Successful Property Maintenance Course and through the networking of individuals through the Landlord Association. The city also runs free background checks for landlords

on prospective tenants for the HCV program. Arrest records were removed from the landlord background checks provided by the city – reviewed in April 2021 to ensure compliance with new forms.

The city is still implementing efforts to increase landlord education surrounding the HCV program. A landlord education video was released in Spring of 2022. Despite efforts to promote landlord incentives in 2021, these incentives were not successful in increasing landlord participation. Moving forward, the city focused more on the landlord/PHA communication to ensure those landlords that do participate in the HCV program continue to accept vouchers. The city aims to enhance education and training for landlords through the Successful Property Maintenance course that the PHA presents regarding the HCV Program.

The city also is continuing efforts of re-branding the HCV Program, including translating all necessary documents into Spanish and Marshallese to break down communication barriers and allow easier accessibility to programs and information for the entire community. Additionally, the PHA is focusing efforts on translation services and interpreter needs and accessibility. The PHA also assessed & revised HCV general forms for readability and adapted them all to a 6-7th grade level. This includes reducing our applications/forms for unneeded information to make the processes less burdensome on participants.

Lastly, the PHA has increased their social media presence to engage the community through education and awareness. City staff are also researching the benefits of offering a tenant education course and other ways to lessen the burden of moving and unit damage.

Discussion:

The Equity and Human Rights, Housing Department, and Police Department continue to evaluate and monitor participation in the voucher program and collaborate to increase awareness and reporting of Civil Rights violations and housing discrimination.

MA-30 Homeless Facilities and Services – 91.210(c)

Introduction

The Housing & Community Development Department works closely with the local Continuum of Care (CoC). Community Development and Housing Department staff participate in the local Homeless Advisory Coalition to remain informed and align priorities and funding to address the needs of residents experiencing or at risk of homelessness. The Community Development Department also partners with the CoC to ensure programming aligns with the needs identified in the Consolidated Plan.

The city actively engages to partner with public and private agencies to ensure funding priorities align with community development goals. The city engages in multiple community collaborations focused on increasing coordination and access to services. The City of Dubuque strives to use data-driven decision making and engagement with residents to better serve the community. As a member of the Homeless Advisory Coalition, the Housing & Community Development Department staff participate in the coordinated entry meetings and the city provides support for the point in time homeless count.

January Point in Time- Sheltered Data

Describe mainstream services, such as health, mental health, and employment services to the extent those services are use to complement services targeted to homeless persons

CoC mandates that mainstream services, such as health, mental health and employment services, complement services targeted to homeless persons. In our community, there are several homeless assistance programs that connect individuals to mainstream services.

List and describe services and facilities that meet the needs of homeless persons, particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth. If the services and facilities are listed on screen SP-40 Institutional Delivery Structure or screen MA-35 Special Needs Facilities and Services, describe how these facilities and services specifically address the needs of these populations.

The City has 5 organizations including Opening Doors (Theresa Shelter- Emergency, Maria House-Transitional), Dubuque Community Y Domestic Violence Shelter, Mary's Inn, St. John's Almost Home, Dubuque Rescue Mission (Emergency, Short Term, Transitional) providing access to emergency and transitional shelter services during the January 2025 point in time homeless count. Some of these organizations serve specific populations, such as pregnant women and victims of domestic violence. The bed capacity for these organizations is 201 and 134 persons were sheltered. During the January 2025 point in time homeless count, all organizations had vacancies.

Chronically Homeless: Rescue Mission Emergency, Short Term, and Transitional

Families with children: Theresa Shelter, Maria House, Dubuque Community Y Domestic Violence Shelter, Mary's Inn, and St. John's Almost Home

Veterans and their families: Rescue Mission Emergency, Short Term, and Transitional, and St. John's Almost Home

Unaccompanied youth: There is no facility for unaccompanied youth.

Dubuque Community Y provides a continuum of services for families impacted by domestic violence,

Opening Doors is an umbrella agency for Maria House and Theresa Shetler. Opening Doors provides services through the continuum of services including shelter through Teresa Shelter offering emergency and extended stay programs and offering transitional housing for Maria House for up to two years.

St. John's Almost Home is a homeless facility for men with children and families with children.

MA-35 Special Needs Facilities and Services – 91.210(d)

Introduction

As the population ages and the demand for affordable housing continues to increase, there is an increase in the need for safe and affordable housing for the elderly. For both families and the elderly there is lack of affordable and accessible housing for persons with disabilities. As estimated by the 2022 Five-year ACS, the disability rate for females was 12.9%, compared to 12.87% for males. Some 6.6% have an ambulatory disability, 5.3% have an independent living disability, 4.7% have a cognitive disability, 3.2% hearing, 2.1% self-care disability, and 1.7% visual.

Including the elderly, frail elderly, persons with disabilities (mental, physical, developmental), persons with alcohol or other drug addictions, persons with HIV/AIDS and their families, public housing residents and any other categories the jurisdiction may specify, and describe their supportive housing needs

Many of the persons with disabilities are elderly as well and require accessible, affordable, and safe housing. Per the 2022 Five-year ACS, the disability rate grew precipitously higher with age, with 37.73% of those over 75 experiencing a disability. There are waiting lists for Dubuque's elderly housing complexes. Additional housing units for elderly, populations with disabilities, and special needs are needed in our community. The city's strategy is to leverage partnerships with non-profits and developers and others to develop this type of housing.

However, many elderly are homeowners. Per the 2022 Five-year ACS, 33% of homeowners are over the age of 65. Many of these homes are a part of the aging housing stock and our affordable housing stock.

Disability by Age

	Male		Female		Total	
	Disabled Population	Disability rate	Disabled Population	Disability rate	Disabled Population	Disability rate
Under 5 years	0	0%	18	1.01%	18	0.53%
5 to 17 years	214	5.47%	60	1.41%	274	3.35%

Tenure by Age of Householder

City of Dubuque 2022 Five-Year ACS (B25007)

Tenure by Age of Householder

Tenure by Age of Householder- Text

According to 2022 5-Year ACS data, 33% of homeowners are over the age of 65.

Describe programs for ensuring that persons returning from mental and physical health institutions receive appropriate supportive housing

The Iowa Department of Human Services is responsible for persons returning home receiving supportive housing. Discharge plans include housing arrangement, supportive services, and financial assistance. As part of a legal mandate in July 2014, the responsibility for mental health and disability services was transitioned from Iowa Counties to the state to standardize service delivery and the level and standards of care. Discharge planning includes housing and financial assistance along with supportive care.

Specify the activities that the jurisdiction plans to undertake during the next year to address the housing and supportive services needs identified in accordance with 91.215(e) with respect to persons who are not homeless but have other special needs. Link to one-year goals. 91.315(e)

The city's Purchase of Services Grants provide funding opportunities for organizations meeting identified human services needs for the year. Its anticipated that local service organizations will continue to apply for these resources to meet needs.

For entitlement/consortia grantees: Specify the activities that the jurisdiction plans to undertake during the next year to address the housing and supportive services needs identified in accordance with 91.215(e) with respect to persons who are not homeless but have other special needs. Link to one-year goals. (91.220(2))

Special Needs populations continue to have a variety of unmet needs including affordable and accessible housing. The following Goals, Priorities, and planned activities will positively impact the special needs populations. For example:

Goal:

- Repair and Rehabilitation of Existing Affordable Housing

Priorities:

- Eliminate Lead Based Paint and Other Hazards
- Improve Mobile Home Affordable Housing Stock
- Improve Existing Owner-Occupied Structures
- Improve Existing Affordable Rental Units
- Accessible Housing for Special Needs Populations

Potential planned activities include:

- Lead Grant Match Funds
- Manufactured Homes Rehab and Reconstruction
- Housing Activities- Homeowner Rehab, Healthy Homes Match- Roof Replacement, Purchase, Rehab, Resale, Rental Rehab, Accessibility Improvements

MA-40 Barriers to Affordable Housing – 91.210(e)

Negative Effects of Public Policies on Affordable Housing and Residential Investment

Since 2019, Dubuque's total housing units have increased from 23,620 to 25,198 in 2022, adding 1,578 units. Although total housing units have increased, vacancy rates remain a significant barrier, especially for those seeking affordable housing (housing that a household can pay for while still having money left over for other necessities). Vacant units are scattered throughout Dubuque, with the largest concentrations on the east side and downtown—areas noted in this document for high poverty and racial/ethnic diversity.

The Housing and Community Development Act of 1974 created Section 8 rental assistance programs. Section 8, also referred to as the Housing Choice Voucher (HCV) program. Tenant-based vouchers are the process by which voucher recipients can find and receive help paying for rental housing on the private market. The city, as the Public Housing Authority, makes monthly housing assistance payments to landlords to help the voucher-holder households pay their rent each month. Participating households pay a minimum of 30% of their adjusted income for rent and utilities. Inadequate federal funding to meet the HCV need negatively affects Dubuque residents too, which is a barrier in itself.

Also, a nationwide issue, few landlords in Dubuque are willing to accept vouchers as rental applicants *"source of income."* In 2015, the City reported just 17% of property owners accepted HCVs; however, this data was found to be an unreliable assumption based on poor data. To obtain accurate data, the City of Dubuque passed an Ordinance January 22, 2019, that requires landlords report if and where they will accept HCVs to receive a rental license. In 2023, 32% landlords accept HCVs. Eighty landlords stated that they would need more information on the HCV program to decide whether they would be for or against it.

One concern is that the Housing Choice Voucher Program is still not accepted city-wide. Current locations of HCVs show higher usage in concentrated areas of poverty and older housing stock. The city now requires housing developers to accept HCV participants in conjunction with approval of an affordable housing development agreement related to an urban revitalization plan. The City of Dubuque has also increased landlord education about the HCV program as well as created a landlord education video to be shared among that specific group to clarify how HCV benefits the entire community. PHA also implemented a new, easier to use software that aids owners and tenants in communication and document transmittal. The City of Dubuque meets monthly with the Landlord Association to further connection and collaboration efforts. FY24 was focused on recruitment of landlord participation through the Successful Property Maintenance Course and through the networking of individuals through the Landlord Association. The city also runs free background checks for landlords on prospective tenants for the HCV program. Arrest records were removed from the landlord background checks provided by the city – reviewed in April 2021 to ensure compliance with new forms.

MA-45 Non-Housing Community Development Assets – 91.215 (f)

Introduction

The Market Analysis provides an understanding of the environment in which the jurisdiction administers its programs over the course of the Consolidated Plan period. Together with Consultation, the Needs Assessment, and the Market Analysis provides the basis for the strategic plan and the programs and projects to be administered.

Based on the data provided, the City of Dubuque expects to focus its entitlement funds on preserving and increasing quality, safe, affordable housing for low- and moderate-income resident and invest in low- and moderate-income neighborhoods. Many of the Housing and Urban Development tables have been prepopulated by HUD with a default data set based on the most recent comparable data available. The tables have been supplemented in some cases with alternative data sources and supporting information to provide the clearest and most current picture of the environment in the City of Dubuque where the data is available.

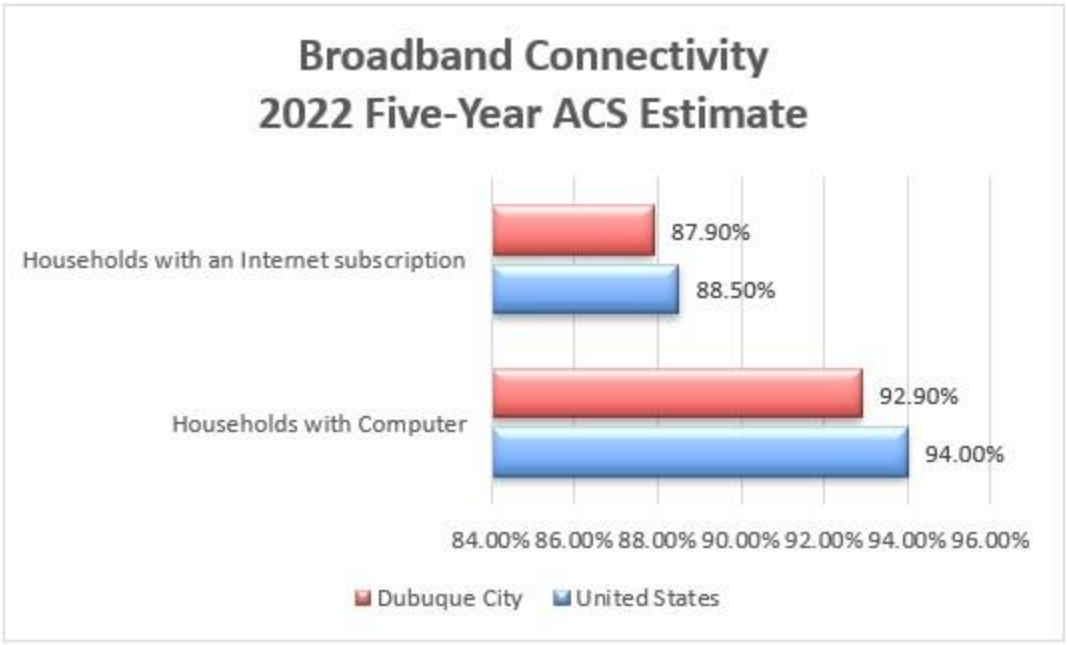
Broadband Connectivity- Text

According to 2022 Five-Year ACS estimate, 87.9% of households in Dubuque had a Broadband Internet Subscription. An estimated 92.9% of households had a computer.



Data Source: 2022 5-Year ACS (S2801)

Broadband Connectivity

Based on the Business Activity table above, what are the major employment sectors within your jurisdiction?

The economy has diversified and is substantially bolstered by other sectors such as healthcare, education, insurance agencies, and warehousing and distribution, while manufacturing jobs are still a strong sector.

Healthcare and Education led the way with 26% of overall jobs in 2022 Five-Year ACS, with manufacturing making up the next 16%, retail trade making up the next 13%, and arts, entertainment and recreation making up the next 9%.

Nationally and in Dubuque, the combination of an aging workforce, decreases in workforce numbers, and skills gaps between available work and workers present challenges for all sectors, but is most evident in the manufacturing sector. Manufacturing remains one of Dubuque's major employment sectors. John Deere Dubuque and Hormel represent that estimated 3,360 employees.

Describe the workforce and infrastructure needs of the business community:

Integrating the needs of the city's small and mid-size manufacturers into workforce development will be critical to the growth and retention of these smaller firms. The city, the Greater Dubuque Development Corporation, and their economic development partners maintain strong relationship with local industries to address their workforce issues, specifically how Dubuque's future workers are prepared for careers in advanced manufacturing and technology.

Retaining and recruiting talent to replace retiring experienced workers remains an important challenge for the community in the next decade. Local public and private sector groups and employers have initiated efforts to address workforce concerns in the community. The issue for Dubuque isn't the demand for but the supply of qualified workers and for wages that keep up the rise in costs of housing and other goods and services. The manufacturing sector continues to be an important sector for the city and is expected to have an ongoing need for workers.

Childcare has increasingly become thought of as infrastructure. Greater Dubuque Development Corporation leveraged State of Iowa grant to raise private funds to support child care providers county-wide with wage enhancement and capacity expansion efforts. While childcare has grown over the past few years, there is still a need for more affordable childcare and childcare for special needs children and children whose parents work the 2nd or 3rd shift.

The 2022 Five-Year ACS data show 32,010 persons in the workforce as compared to 2017 Five-Year ACS data show 31,913 persons.

The Greater Dubuque Development Corporation reports the following on its website:

As of June 2024, the Dubuque MSA reached an all-time employment level high at 62,200.

In May 2023, Dubuque MSA's median hourly earnings per worker is $27.44 compared to the nationwide average of $31.48. Of the MSA's in the region, Dubuque ranks 4th.

IOWA MSA's:

- Iowa City $28.82
- Davenport $28.07
- Cedar Rapids $27.71
- Dubuque $27.44

Describe any major changes that may have an economic impact, such as planned local or regional public or private sector investments or initiatives that have affected or may affect job and business growth opportunities during the planning period. Describe any needs for workforce development, business support or infrastructure these changes may create.

Established in November 1984, Greater Dubuque Development Corporation is a public/private non-profit partnership formed for the purpose of creating and retaining quality employment within our region while maintaining and enhancing our quality of life for the benefit of all businesses and residents. Our 2022-2027 **YOU can be great here** campaign is a five-year plan with aggressive goals, clear strategies, and actionable steps aimed at population growth, job creation, increased wages, construction investment, and poverty reduction. Through our three pillars of Workforce Solutions, Business Services, and Strategic Initiatives, we support and grow our business community and their workforce while

constantly improving our region's quality of life. With the help of regional leaders, businesses, non-profits, educational institutions, and citizens working closely together, we can create a vibrant region of choice that delivers on the promise **YOU can be great here.**

Our region's economic future and delivering on the promise that **YOU can be great here** will be built on the strength and stability of three critical priorities:

WORKFORCE solutions:

- Manage resources and facilitate relationships that streamline connections between employers and job seekers
- Recruit and retain newcomers through direct programming and targeted marketing strategies.
- Connect untapped talent with opportunities for personal and professional growth in the community

BUSINESS services

- Establish and maintain trusted relationships with business community and public sector to advocate and support regional growth.
- Identify and promote opportunities for business relocation and business expansion within the region.
- Provide access to labor data and market insights to maximize resources and promote adoption of best practices.

STRATEGIC initiatives

- Facilitate economic growth by analyzing and cooperatively addressing gaps in community services
- Bring the public and private sectors together to secure and utilize diverse resources to deliver on community priorities.
- Identify and remove barriers, improve public policy and incentives to empower the private sector and inspire bold development.

Additionally, a component of the city's overall Comprehensive Planning process was a look at Dubuque's economic future and how the Dubuque community can translate current opportunities into economic successes for all residents and business interests. This broader market assessment was combined with local market data and public engagement themes to develop a portrait of Dubuque's markets by sector. These sectors include: Commercial Uses, specifically Stores, or Retail, and Office, Housing, Industrial, Higher Education, and Healthcare.

The city as a whole has committed in its Imagine Dubuque 2037 plan to diversify Dubuque's economy by retaining, expanding, and growing local businesses; attracting new businesses; maintaining an

abundance of employment opportunities; and offering top quality-of-life options that create an equitable community where young professionals want to live and raise their families, supporting the availability of a diverse, skilled workforce

How do the skills and education of the current workforce correspond to employment opportunities in the jurisdiction?

Dubuque's economic challenges are the same as those faced by communities nationally— how to grow the local economy, and by extension, the city; how to attract the right talent; how to develop the skilled workforce of the future, despite structural full employment; and how to integrate all of this work equitably, efficiently, and inventively. Dubuque has also experienced minimal population growth since the 1980s—how the City attracts talent and increases overall employment will drive future housing demand and additional market-supported housing options.

Describe any current workforce training initiatives, including those supported by Workforce Investment Boards, community colleges and other organizations. Describe how these efforts will support the jurisdiction's Consolidated Plan.

Dubuque has the initiatives in place that provide the foundation for achieving economic prosperity. Along side of traditional workforce supports such as a resource center, career counseling, job seeking, placement and other specialized employment services, the City of Dubuque has two major initiatives: Childcare, Opportunity Dubuque, and Housing Needs Assessment, Inclusive Dubuque.

- Child Care Analysis: Leveraged State of Iowa grant to raise private funds to support child care providers county-wide with wage enhancement and capacity expansion efforts.
- Opportunity Dubuque is the Dubuque area's collaboration for workforce training and development: These local training and education programs to aid the region's underemployed have had successes. The first group of 250 trainees through Opportunity Dubuque achieved a 94 percent placement rate.
- Housing Needs Assessment
- Inclusive Dubuque, a citywide partnership of over 60 groups, also addresses workforce issues and equity, specifically available job quality, career advancement, childcare, and transportation to and from work.

Does your jurisdiction participate in a Comprehensive Economic Development Strategy (CEDS)?

Yes

If so, what economic development initiatives are you undertaking that may be coordinated with the Consolidated Plan? If not, describe other local/regional plans or initiatives that impact economic growth.

Dubuque has the initiatives in place that provide the foundation for achieving economic prosperity. Along side of traditional workforce supports such as a resource center, career counseling, job seeking, placement and other specialized employment services, the City of Dubuque has two major initiatives: Childcare, Opportunity Dubuque, and Housing Needs Assessment

- Child Care Analysis: Leveraged State of Iowa grant to raise private funds to support child care providers county-wide with wage enhancement and capacity expansion efforts.
- Opportunity Dubuque is the Dubuque area's collaboration for workforce training and development: These local training and education programs to aid the region's underemployed have had successes. The first group of 250 trainees through Opportunity Dubuque achieved a 94 percent placement rate.
- Housing Needs Assessment
- Inclusive Dubuque, a citywide partnership of over 60 groups, also addresses workforce issues and equity, specifically available job quality, career advancement, childcare, and transportation to and from work.

Discussion

In the past 35 years, Dubuque has reinvented itself – investing in downtown neighborhoods and capitalizing on place-based differentiators such historic preservation and unique natural resources. Today, the community serves as the employment hub in the tri-state region, with thriving tourism, health care, education, and financial services sectors.

Resiliency

Key principles of environmental integrity are including in both the City's *Imagine Dubuque Comprehensive Plan 2037* and in *Sustainable Dubuque.* Potential overlapping activities include:

- Expanded sustainable stormwater management practices to address flooding prevention
- Community Gardens
- Youth Eco-education programs
- Implementations of watershed plans
- Expanding programs to reduce, reuse, and recycle, including composting and building materials.

The Dubuque Community Climate Action & Resiliency Plan establishes a goal of 50% reduction of greenhouse gas emissions to 2003 levels by the year 2030. The plan identifies contributors to greenhouse gases in Dubuque and sets forth an impact reduction target to achieve the 50% goal. Important to this effort is Dubuque, along with its partners, should regularly update the 50% by 2030 Community Climate Action & Resiliency Plan to stay current on best practices in greenhouse gas mitigation, climate adaptation, and resiliency.

The Bee Branch Watershed lies completely within one of Dubuque's oldest and most dense neighborhoods. Six Presidential Disaster Declarations, resulting in $70 million in damages, occurred between 1999 and 2011. To address this issue, the City initiated the Bee Branch Watershed Flood Mitigation Project, a multifaceted approach that incorporates permeable pavement, two upstream retention basins, daylighting of Bee Branch Creek, and resiliency efforts of storm drains.

The Bee Branch Healthy Homes initiative has also allotted $8.4 million in forgivable loans to flood-proof 320 flood-prone houses, mitigating mold growth, structural issues, and electrical hazards. A Healthy Home Advocate works with individuals and families to develop a resilience plan for each home.

MA-50 Needs and Market Analysis Discussion

Are there areas where households with multiple housing problems are concentrated? (include a definition of "concentration")

Housing problems (incomplete kitchen facilities, incomplete plumbing facilities, overcrowding, or cost burden greater than 30%) tend to be concentrated in areas with high rates of poverty. Data confirms this trend when the lowest AMI has the highest percentage of one or more housing problems. Conversely, the highest AMI has the lowest percentage of one or more housing problems. Additionally, as previously stated, of households in the lowest income category (0-30% AMI), more than 80% have one of more housing problems. In our community, census Tract 1 and census Tract 5 has the highest poverty rates. Tract 1 has 25.80% of residents below the poverty level and in Tract 5, 24.10% are below the poverty level. Tract 1 and Tract 5 also have lower median household income. Tract 1 median household income is $48,589 and Tract 5 is $37,952, whereas the city's median household income is $63,520.

In addition to having the highest poverty rates, Tract 1 and Tract 5 also have higher population density, more affordable units, low vacancy rates, and an older housing stock.

Tract 1 and Tract 5 homes and units may be more affordable because they are also our community's aging housing stock. In Tract 1, there are 1,566 (7.6% of the city total) structures built before 1980. In Tract 5, there are 1,730 (8.4% of the city total) structures built before 1980. Tract 5 have the highest number of old buildings compared to other tracts. Homes built before 1980 is an important indicator because homes built before 1979 did not follow lead paint regulations. Both Tract 1 and Tract 5 have a majority of houses built before 1980 (98% and 89% respectively). The age of the home can also increase housing issues including but not limited to deferred maintenance, inaccessibility and energy inefficiencies. Housing problems continue when looking at HUD defined Housing Problems.

Cost burden is a significant issue for both Tract 1 and Tract 5. Over half of low-income households in Tract 1 (50.65%) and nearly half in Tract 5 (44.51%) face a severe cost burden, meaning they spend more than 50% of their income on housing. While the situation is slightly better for moderate-income households, a significant portion still struggles with affordability. In Tract 1, 34.39% of moderate-income households experience severe cost burden, compared to 26.74% in Tract 5.

The total number of households lacking complete plumbing facilities in City of Dubuque is 344. Tract 5 has the highest concentration of this issue, with 267 households (78%) lacking complete plumbing. Tract 5 also has more owner-occupied households. Therefore, our Rehab Program, an activity identified in this Consolidated Plan, can support Tract 5 with homeowner repair and rehab projects.

The total number of households lacking complete kitchen facilities in City of Dubuque is 594. In Tract 5, there are 267 households (45%) are lacking complete kitchen facilities. Again, our Rehab Program can support Tract 5 with homeowner repair and rehab projects. Even though Tract 5 has a smaller number of renters, 25% of the renters in Tract 5 have multiple housing conditions.

Housing problems tend to be concentrated in areas with high rates of poverty. In our community, the areas of high rates of poverty also have higher population density, more affordable units, low vacancy rates, and an older housing stock. The age of housing subsequently brings about more housing problems such as deferred maintenance, lead-based paints, inaccessibility, and energy inefficiencies.

Are there any areas in the jurisdiction where racial or ethnic minorities or low-income families are concentrated? (include a definition of "concentration")

Geographic analysis of racial distribution was conducted by calculating the percentage share of total population within each census tract of the sub-population; i.e., racial or ethnic group. That share was then plotted on a geographic map.

The City of Dubuque has a very small minority population and Black or African American residents make up 4.1 percent of the total population. Tract 1 and Tract 5 have higher numbers of minorities compared to our total population, specifically Black and Pacific Islander. Tract 5 have the highest Black and African American population at 14% and Tract 1 is the third highest at 13%.

What are the characteristics of the market in these areas/neighborhoods?

Tract 1 data:

- Poverty rate of 24.5% (2022 ACS 5-Year Estimate: Table-S1701)
- Unemployment at 6.8% (2022 ACS 5-Year Estimate: Table-S2301)
- Median Household Income at $48,589 (2022 ACS 5-Year Estimate: Table-S1901)
- Median home value for owner-occupied houses $117,500 (2022 ACS 5-Year Estimate: Table-DP04)
- 15,66 housing units built before 1980 and 1,222 currently owner occupied (2022 ACS 5-Year Estimate: Table-DP04 and S2504)
- Housing Cost Burden at more than 29.06% (CPD Maps)
- Low income households with severe house burden 50.65% (CPD Maps)
- Moderate Income households with severe house burden 34.39% (CPD Maps)

Tract 5 data:

- Poverty rate of 24.1% (2022 ACS 5-Year Estimate: Table-S1701)
- Unemployment at 25.8% (2022 ACS 5-Year Estimate: Table-S2301)
- Median Household Income at $37,952 (2022 ACS 5-Year Estimate: Table-S1901)
- Median home value for owner-occupied houses $97,000 (2022 ACS 5-Year Estimate: Table-DP04)
- 17,30 housing units built before 1980 and 1,673 currently owner occupied (2022 ACS 5-Year Estimate: Table-DP04 and S2504)
- Housing Cost Burden at more than 42.68% (CPD Maps)

- Low income households with severe house burden 44.51% (CPD Maps)
- Moderate Income households with severe house burden 26.74% (CPD Maps)

Both these neighborhoods are some of the oldest and most diverse in Dubuque. The neighborhoods are in the center of Dubuque's urban core and borders the Historic Millwork District, Bee Branch, North End District and Downtown. The Washington Neighborhood has many historically significant residential and commercial structures. 86% of the properties were built prior to 1939, with many dating back to the late nineteenth century. Exterior architecture on these older buildings remains fairly intact; however, the age of the housing and commercial stock creates challenges for maintenance and property values.

Are there any community assets in these areas/neighborhoods?

Census Tract 1 has several amenities including downtown staples Port of Dubuque, Millwork District, Washington Residential Historic District, Bee Branch Creek Greenway, and Chaplain Schmitt Island. Tract 1 also houses Kerper Boulevard home to several manufacturing companies.

Census Tract 5 has additional amenities including Bee Branch Creek Greenway, Comiskey Park and Central Avenue Corridor. Comiskey Park and Central Avenue Corridor are two major projects the city continues to invest in economic development and family, youth, and education projects in addition to supporting housing improvements and neighborhood grants and afterschool programs.

Are there other strategic opportunities in any of these areas?

This area has been the target of considerable rehabilitation efforts and infrastructure improvements. There are multiple efforts targeting the downtown and surrounding areas including CDBG investment.

The city has historic homes and areas suitable for new single-family housing development. In addition, Dubuque has multiple strong housing programs available to residents to ensure sustained improvements and investments in housing stock in residential neighborhoods throughout the city. Senior housing units continue to be developed in Dubuque. The City of Dubuque has also committed to using Tax Increment Financing, to incent local housing development. Tax Increment Financing remains the best local financing mechanism to support local economic development, whether in Dubuque, Iowa, or elsewhere in the U.S. The use of Tax Increment Financing for potential new housing development can complement the City’s current housing programs.

Tax Increment Financing has been become essential to compete for much needed development. Housing Tax Increment Financing is used judiciously in Dubuque to benefit both public and private development efforts through the use of tax increment funds in form of rebates for the creation of public infrastructure to facilitate new residential development. In Dubuque, 38.1% of the increment is required by state law to benefit the creation of affordable housing in the city.

Dubuque's comprehensive housing incentives to stabilize or enable rehabilitation of historic residential building stock remain effective, attracting purchasers to Dubuque's historic neighborhoods. Successful multi-family housing developments, particularly in downtown Dubuque, have used Historic Tax Credits and New Markets Tax Credits, in addition to local and state incentives and funding sources.

MA-60 Broadband Needs of Housing occupied by Low- and Moderate-Income Households - 91.210(a)(4), 91.310(a)(2)

Describe the need for broadband wiring and connections for households, including low- and moderate-income households and neighborhoods.

Access to reliable broadband internet is essential for households in Dubuque, Iowa, as it facilitates education, employment opportunities, healthcare access, and social connectivity. However, low- and moderate-income households often face significant barriers to obtaining affordable and dependable internet services.

Challenges Faced by Low- and Moderate-Income Households:

1. Financial Constraints: The cost of internet service can be prohibitive for many families, limiting their ability to participate fully in the digital economy.
2. Limited Service Availability: Some neighborhoods may lack adequate broadband infrastructure, resulting in slower speeds or unreliable connections.
3. Digital Literacy: A lack of digital skills can prevent individuals from effectively utilizing online resources, further exacerbating the digital divide.

Describe the need for increased competition by having more than one broadband Internet service provider serve the jurisdiction.

Enhancing competition among broadband internet service providers (ISPs) in Dubuque, Iowa, is crucial for several reasons:

1. Improved Service Quality: Increased competition often leads ISPs to enhance their service offerings, resulting in faster speeds, more reliable connections, and better customer support. For instance, in markets with multiple providers, companies are incentivized to invest in infrastructure upgrades to attract and retain customers.
2. Lower Prices: When multiple ISPs operate in the same area, the competitive pressure can lead to more affordable pricing plans, making high-speed internet access more attainable for a broader range of residents. This is particularly beneficial for low- and moderate-income households.
3. Innovation and Diverse Offerings: Competition encourages ISPs to innovate, offering diverse services and packages tailored to different consumer needs. This can include flexible data plans, bundled services, and value-added features that enhance the user experience.
4. Enhanced Customer Service: Providers in competitive markets are more likely to prioritize customer satisfaction, leading to improved support services and responsiveness to consumer concerns. This focus on quality service can significantly enhance the overall user experience.

In Dubuque, residents have access to several ISPs, including Mediacom, CenturyLink, ImOn Communications, and Comelec Internet Services. Despite the presence of multiple providers, certain areas and demographics in Dubuque may still experience limited options or face barriers to accessing high-quality, affordable internet services. Therefore, fostering increased competition remains essential to ensure that all residents can benefit from improved services, lower costs, and greater innovation in broadband offerings.

MA-65 Hazard Mitigation - 91.210(a)(5), 91.310(a)(3)

Describe the jurisdiction's increased natural hazard risks associated with climate change.

The climate in City of Dubuque has already changed. From 1980 through 2018, the City has experienced an increase in annual average temperature, an increase in the number of days above 95 degrees, an increase in the number of heavy rain events, and a decrease in the number of days below 32 degrees.

Some of the most significant changes in the climate relate to variability. Climate variability can be seen in the changes in annual precipitation for Dubuque. Overall annual precipitation has increased, however, this increase is not evenly distributed throughout the year. Spring and Fall precipitation have increased up to 25%, while Summer and Winter precipitation have decreased 3-6%. (Sources: US Climate Resilience Toolkit, High Plains Regional Climate Center, US NOAA, Union of Concerned Scientists)

These are the primary issues for the Midwest, including Dubuque.

- Impacts to Agriculture: Increases will continue in growing seasons, likely boosting some crop yields. Increases in extreme weather, number of very-hot days, flooding, and days without precipitation will likely decrease other yields. Overall, Midwest productivity is expected to decrease through the century.
- Forest Composition: Rising air and soil temperatures, and variability in soil moisture will stress tree species. Forest compositions will change as habitats are driven Northward by as much as 300 miles. Due to these ecosystem disruptions, the region's forests may cease acting as a carbon sink, exacerbating greenhouse gas emission impacts.
- Public Health Risks: Increases incident rate of days over 95 degrees, and humidity are anticipated to contribute to degradations in air and water quality. Each of these will increase public health risk, especially for at-risk populations.
- Increased Rainfall and Flooding: The frequency and size of extreme rainfall events and flooding has increased over the last century. In addition, the number of days without precipitation have increased. These trends are expected to continue, causing erosion, declining water quality, and impacts on human health, and infrastructure.

The City's climate is anticipated to continue to warm through this century. Precipitation is anticipated to increase in Spring and Fall while remaining the same or decreasing in the Summer and Winter seasons. The primary changes to climate characteristics for the City include:

- Warmer annual average temperatures with a more significant warming in winter months.
- Increase in extreme heat days.
- Increase in heavy rain fall events, with increase in flood potential.
- Increase in time between precipitation with increase in drought potential.

- Greater variability in temperature and precipitation trends.

Describe the vulnerability to these risks of housing occupied by low- and moderate-income households based on an analysis of data, findings, and methods.

According to the City of Dubuque's Climate and Vulnerability Assessment, children, older adults, and people with disabilities are vulnerable to health impacts associated with climate change and weather extremes. The potential climate change related health impacts are rising temperatures, heat waves, increased risk of more intense floods, droughts, and wildfire; degraded air quality; exposure to infection diseases; and other climate-related hazards.

Individuals and families living under economic stress, defined here as "low income" individuals (200% poverty level), are frequently the most adaptive demographic group in our communities. Those living under economic stress exhibit ongoing adaptation capabilities simply navigating day-to-day challenges with less than needed resources. This adaptive capacity, however, is overwhelmed in times of emergency as lack of sufficient economic resources greatly reduce the range of options available in response to crisis. For those in poverty, weather-related disasters or family members falling ill can facilitate crippling economic shocks.

With limited economic adaptive capacity, this portion of our population is especially vulnerable to every projected climate impact. Frequently the most effective measures in avoiding extreme heat such as efficiently functioning air conditioning or high performing building enclosures are simply not available to those in poverty while many work in outdoor or industrial jobs which are particularly vulnerable to climate conditions. Diseases which may result from exposure to vector-borne, water-borne, and air-borne pathways may go untreated due to lack of medical access or ability to pay and may increase the level of economic stress due to missed work days or even loss of employment. Those living under economic stress usually carry a heavy housing cost burden, including higher utility costs. This burden can be exacerbated from damaged sustained by their home in extreme weather or flooding events.

Those in economic stress are also frequently food insecure. In Iowa, food insecurity affects 1 in 9 people. Many of the projected climate change impacts are likely to effect agricultural production and distribution, which in turn, may cause spikes in food costs and increase food and nutrition insecurity among those in economic stress.

Individuals experiencing economic stress, defined as those at 200% poverty level (the common definition of "Low Income") are particularly sensitive to the following Climate Risks: extreme weather/temperature, floods, air quality, vector-borne diseases, food insecurity, water quality, and waterborne.

Strategic Plan

SP-05 Overview

Strategic Plan Overview

The City of Dubuque distinguishes between four different but complementary areas of program development in its overall CDBG program: Administration, Housing Development, Neighborhood Development, and Public Facilities. Administration ensures management, oversight, coordination, and compliance with federal regulations and reporting requirements.

The City of Dubuque will address CDBG goals of affordability, sustainability, and accessibility through the following strategic goals over the five-year consolidated plan period.

- Repair and Rehabilitation of Existing Affordable Housing
- Create Neighborhood Youth Services
- Provide Inspection and Code Enforcement
- Support Community Development and Improvements

SP-10 Geographic Priorities – 91.215 (a)(1)

Geographic Area

Table 47 - Geographic Priority Areas

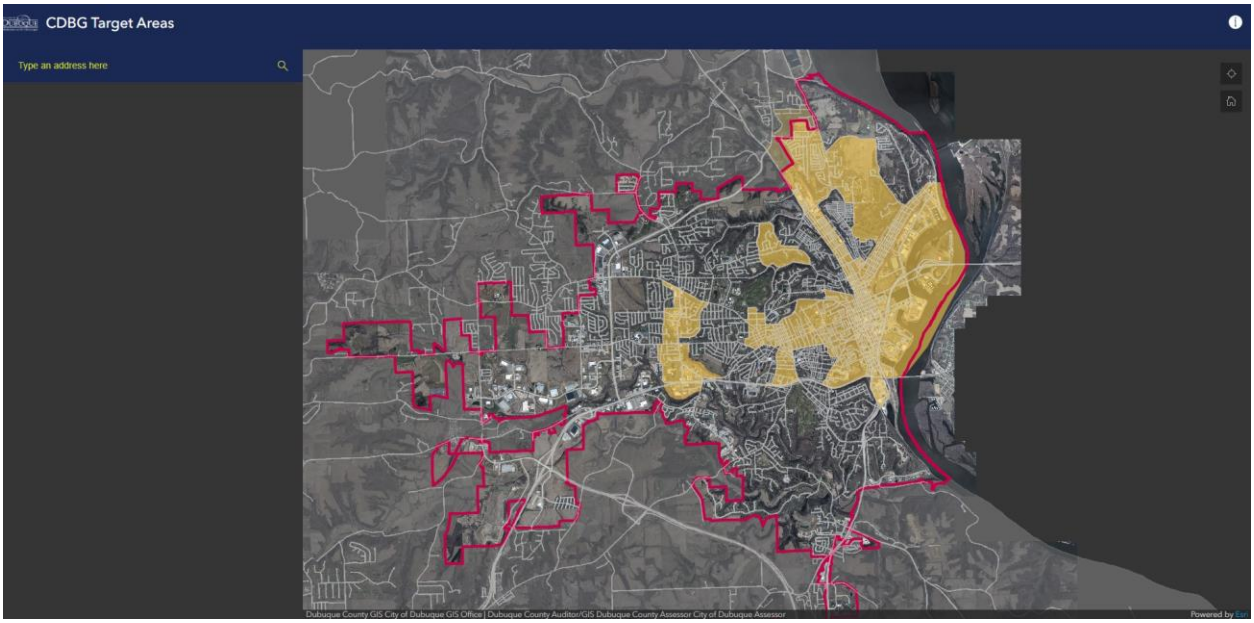
1	**Area Name:**	City Wide
	Area Type:	Local Target area
	Other Target Area Description:	
	HUD Approval Date:	
	% of Low/ Mod:	
	Revital Type:	Comprehensive
	Other Revital Description:	
	Identify the neighborhood boundaries for this target area.	
	Include specific housing and commercial characteristics of this target area.	
	How did your consultation and citizen participation process help you to identify this neighborhood as a target area?	
	Identify the needs in this target area.	
	What are the opportunities for improvement in this target area?	
	Are there barriers to improvement in this target area?	
2	**Area Name:**	Low/Moderate Area Benefit
	Area Type:	Local Target area
	Other Target Area Description:	
	HUD Approval Date:	
	% of Low/ Mod:	
	Revital Type:	Comprehensive
	Other Revital Description:	
	Identify the neighborhood boundaries for this target area.	
	Include specific housing and commercial characteristics of this target area.	
	How did your consultation and citizen participation process help you to identify this neighborhood as a target area?	
	Identify the needs in this target area.	
	What are the opportunities for improvement in this target area?	

	Are there barriers to improvement in this target area?	

General Allocation Priorities

Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA)

The city encourages income diversity in neighborhoods by incentivizing purchasing in low- and moderate-income areas for higher income households and providing additional financial resources for extremely low, low, and moderate-income populations to increase affordability outside areas of high-poverty concentration. By leveraging multiple sources of funding, including program income generated from CDBG funded housing activities, increases resources for lower-income households, more equitable outcomes are achieved.



City of Dubuque CDBG Target Area Map

SP-25 Priority Needs - 91.215(a)(2)

Priority Needs

Table 48 – Priority Needs Summary

1	**Priority Need Name**	Improve Physical Environments
	Priority Level	High
	Population	Extremely Low Low Moderate Large Families Families with Children Elderly Elderly Persons with Mental Disabilities Persons with Physical Disabilities Persons with Developmental Disabilities Persons with Alcohol or Other Addictions Victims of Domestic Violence Non-housing Community Development
	Geographic Areas Affected	Low/Moderate Area Benefit
	Associated Goals	Support Community Development and Improvements
	Description	Improve infrastructure and public facilities in low and moderate income neighborhoods.
	Basis for Relative Priority	This need was established through the assessment of current programs, Resident Participation, Consultations, and the Market Analysis.
2	**Priority Need Name**	Support Services- Connections for Youth
	Priority Level	High

	Population	Extremely Low Low Moderate Large Families Families with Children Elderly Non-housing Community Development
	Geographic Areas Affected	City Wide
	Associated Goals	Create Neighborhood Youth Services
	Description	Enhance recreation programs to support low- and moderate- income residents, specifically youth.
	Basis for Relative Priority	This priority was identified through Resident Participation and Consultation.
3	**Priority Need Name**	Maintain Safety through Code Enforcement
	Priority Level	High
	Population	Extremely Low Low Moderate Large Families Families with Children Elderly Non-housing Community Development
	Geographic Areas Affected	City Wide Low/Moderate Area Benefit
	Associated Goals	Provide Inspection and Code Enforcement
	Description	Enforce code in existing low- and moderate-income housing stock which will help preserve existing affordable housing. Enforce zoning ordinances to ensure low- and moderate-income neighborhoods are clean and safe.
	Basis for Relative Priority	This need was established through Consultation, Analysis of Impediments to Fair Housing, and current Code Enforcement efforts.

4	**Priority Need Name**	Eliminate Lead Based Paint and other Hazards
	Priority Level	High
	Population	Extremely Low Low Moderate Families with Children
	Geographic Areas Affected	City Wide
	Associated Goals	Repair and Rehab of Existing Affordable Housing
	Description	The age of housing in Dubuque necessitates the need to continue to rehabilitate older housing stock to remove lead-based paint and other hazards.
	Basis for Relative Priority	The priority was established through the Needs Assessment, Market Analysis, and stakeholder interviews.
5	**Priority Need Name**	Improve Mobile Home Affordable Housing Stock
	Priority Level	High
	Population	Extremely Low Low Moderate Elderly Persons with Mental Disabilities Persons with Physical Disabilities Persons with Developmental Disabilities
	Geographic Areas Affected	City Wide
	Associated Goals	Repair and Rehab of Existing Affordable Housing
	Description	Manufactured homes are considered a part of our low- and moderate-income housing stock and provides housing units for elderly and disabled residents of Dubuque. There is a need to maintain manufactured homes as affordable units in the housing stock.

	Basis for Relative Priority	This priority was established through Resident Participation, Consultation, and the Market Analysis.
6	**Priority Need Name**	Improve Existing Owner-Occupied Structures
	Priority Level	High
	Population	Extremely Low Low Moderate Large Families Families with Children Elderly Elderly Persons with Mental Disabilities Persons with Physical Disabilities Persons with Developmental Disabilities
	Geographic Areas Affected	City Wide
	Associated Goals	Repair and Rehab of Existing Affordable Housing
	Description	Financing for homeowners to improve existing owner-occupied structures that are considered apart of the low- and moderate-income housing stock. There is a need to maintain owner-occupied affordable units in the housing stock.
	Basis for Relative Priority	This was determined through the Consultation, current program efforts, Needs Assessment, and the Market Analysis.
7	**Priority Need Name**	Improve Existing Affordable Rental Units
	Priority Level	High
	Population	Extremely Low Low Moderate Large Families Families with Children Elderly Elderly

	Geographic Areas Affected	City Wide
	Associated Goals	Repair and Rehab of Existing Affordable Housing
	Description	Providing financial assistance to responsible property owners renting to low- and moderate-income residents will be essential to providing safe, healthy, and affordable housing choice in the community. There is a need to maintain rental units in the low and moderate income housing stock.
	Basis for Relative Priority	This need was established through Resident Participation, Consultation and Needs Assessment.
8	**Priority Need Name**	Accessible Housing for Special Needs Population
	Priority Level	High
	Population	Extremely Low Low Moderate Elderly Elderly Frail Elderly Persons with Mental Disabilities Persons with Physical Disabilities Persons with Developmental Disabilities
	Geographic Areas Affected	City Wide
	Associated Goals	Repair and Rehab of Existing Affordable Housing
	Description	There continues to be a demand for quality, affordable housing for special needs populations.
	Basis for Relative Priority	This need was identified through the Needs Assessment and Market Analysis.

Narrative (Optional)

Dubuque's priority needs were identified through an extensive public input process. Goals were developed directly from priority needs identified through the public input process. All needs and goals were identified through the context of eligible uses of HUD funding. The City will use its available CDBG resources to fund activities that will achieve the goals identified in the plan and address the priority needs identified by the public as funding allows.

The City of Dubuque expects to focus its entitlement funds on preserving and increasing quality, safe, affordable housing for working families. The city is already investing in its affordable housing stock and, along with the federal and state agencies, to support owner-occupants seeking to repair and rehab their properties. The following actions can help ensure that Dubuque's affordable housing stock and neighborhoods are viable, livable, and equitable well into the future. CDBG funds will be used for eligible housing activities, such as homeowner repair and rehabilitation, lead hazard reduction, manufactured homes rehab and reconstruction, roof replacement, rental rehabilitation, accessibility improvements, and rehabilitation services and staff costs.

SP-30 Influence of Market Conditions – 91.215 (b)

Influence of Market Conditions

Affordable Housing Type	Market Characteristics that will influence the use of funds available for housing type
Tenant Based Rental Assistance (TBRA)	The Housing Choice Voucher program is the primary way that the city provides affordable housing, however there are not enough vouchers for all the households in need of affordable housing. There continues to be a need to provide affordable housing outside of high poverty areas. Most of the waiting list for the voucher program are extremely low income and cost burdened. As shown by the previous sections, the demand for rental units has increased and is expected to increase throughout the course of this plan as the number of cost-burdened families and individuals continues to grow.
TBRA for Non-Homeless Special Needs	This population is already cost-burdened, and the availability of accessible housing is scarce. The Non-Homeless Special Needs populations within the city have a variety of housing needs. The increase in demand for rentals places an especially high need for affordable and available special need populations within the state--particularly where physical accessibility needs exist.
New Unit Production	The city utilizes tax rebates, abatements, land donations, and direct financial assistance to provide resources developers need to produce financially feasible projects. Effective relationships with developers of affordable housing, potential buyers of at-risk housing, advocacy groups, lenders, community groups, and education about how to maintain existing affordable housing helps ensure the number of affordable units is maintained.
Rehabilitation	Dubuque has some of the oldest housing stock in Iowa with 80% being built before 1980, putting it at greater risk for lead based paint hazards. Based on data and feedback from stakeholders, there is a great demand for rental unit rehabilitation to ensure existing housing stock is safe and remains affordable and remains in the market as demand increases.
Acquisition, including preservation	The city uses several strategies for acquisition, including preservation. The City of Dubuque purchases homes that are in poor condition or acquires them via petitioning the Court for Title of an Abandoned Property. The properties are then rehabilitated and sold to low-mod income households. The city also has a partnership with the Affordable Housing Network, Inc. to rehabilitate single family homes to sell to low- and moderate-income families. The city would help with the acquisition of land for development when opportunities arise.

Table 49 – Influence of Market Conditions

SP-35 Anticipated Resources - 91.215(a)(4), 91.220(c)(1,2)

Introduction

The city combines public and private funding to carryout affordable housing activities described in the Plan. The city's Urban Renewal Plan designates Tax Increment Financing (TIF) districts that provide aid related to housing and residential development when a portion of the increment generated is dedicated to housing assistance for low- and moderate-income family housing. Non-profit developers use TIF resources set aside for low- and moderate-income housing to fill financing gaps often associated with the rehabilitation of historic housing. Other development funding can be obtained through application for private and public sources that include local tax incentives and funding, federal and state low-income and historic tax credits, and private sources. The city supports housing developers applying for other sources of funding when their projects align with the city's goals and priorities identified in the Consolidated Plan. Tax abatement and local resources to incentivize new rental unit development allow housing developers to show local support and increase the financial feasibility and competitiveness when applying for scarce affordable housing resources.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan $	Narrative Description
			Annual Allocation: $	Program Income: $	Prior Year Resources: $	Total: $		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	1,037,080	94,868	0	1,131,948	0	

Table 50 - Anticipated Resources

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Leveraging of private and nonfederal resources by using of federal funds will be attempted whenever possible. Leveraging of resources in conjunction with the use of federal CDBG funds will continue to be a priority to maximize accomplishments. Program Income is also generated from CDBG funded housing activities. City departments receiving entitlement funds leverage CDBG dollars with other resources. For example, the City's Housing & Community Development Department leverages CDBG funding with federal grants for lead-based paint testing and remediation activities.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

None.

Discussion

Please see above.

SP-40 Institutional Delivery Structure – 91.215(k)

Explain the institutional structure through which the jurisdiction will carry out its consolidated plan including private industry, non-profit organizations, and public institutions.

Responsible Entity	Responsible Entity Type	Role	Geographic Area Served
City of Dubuque	Government	Non-homeless special needs Ownership Planning Rental neighborhood improvements public facilities	Jurisdiction

Table 51 - Institutional Delivery Structure

Assess of Strengths and Gaps in the Institutional Delivery System

The city as a whole has committed in its Imagine Dubuque 2037 plan to diversify Dubuque's economy by retaining, expanding, and growing local businesses; attracting new businesses; maintaining an abundance of employment opportunities; and offering top quality-of-life options that create an equitable community where young professionals want to live and raise their families, supporting the availability of a diverse, skilled workforce. The city has partnerships across sectors to support its community and housing goals.

Availability of services targeted to homeless persons and persons with HIV and mainstream services

Homelessness Prevention Services	Available in the Community	Targeted to Homeless	Targeted to People with HIV

Table 52 - Homeless Prevention Services Summary

Describe how the service delivery system including, but not limited to, the services listed above meet the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth)

The Housing and Community Development Department supports our partners in the Continuum of Care who provide permanent supportive housing for homeless individuals with substance abuse, mental illness, HIV/AIDS related illness, or other disabilities impacting their ability to maintain housing. The Continuum of Care's housing-first model allows chronically homeless and hard-to-house families an opportunity to transition into housing and then receive support services specifically tailored to meet the family's unique needs.

Describe the strengths and gaps of the service delivery system for special needs population and persons experiencing homelessness, including, but not limited to, the services listed above

While the Continuum of Care's program and housing first model is effective, there are long waiting lists. The low supply of affordable housing and housing vouchers are a challenge to move participants to self-sufficiency and create openings for new participants. There currently are no shelter beds in the area for unaccompanied youth.

Provide a summary of the strategy for overcoming gaps in the institutional structure and service delivery system for carrying out a strategy to address priority needs

The city partners with the CoC, area shelters, and non-profits provide grants for purchase of services. The city works with the Homeless Advisory Coalition to identify on going and evolving needs in our community.

SP-45 Goals Summary – 91.215(a)(4)

Goals Summary Information

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
1	Support Community Development and Improvements	2025	2030	Non-Housing Community Development	Low/Moderate Area Benefit	Improve Physical Environments	CDBG: $0	Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit: 5000 Persons Assisted
2	Create Neighborhood Youth Services	2025	2030	Non-Housing Community Development	City Wide	Support Services-Connections for Youth	CDBG: $97,120	Public service activities other than Low/Moderate Income Housing Benefit: 1500 Persons Assisted
3	Provide Inspection and Code Enforcement	2025	2030	Affordable Housing Non-Housing Community Development	City Wide Low/Moderate Area Benefit	Maintain Safety through Code Enforcement	CDBG: $8,710	Housing Code Enforcement/Foreclosed Property Care: 500 Household Housing Unit

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
4	Repair and Rehab of Existing Affordable Housing	2025	2030	Affordable Housing Non-Homeless Special Needs	City Wide	Improve Mobile Home Affordable Housing Stock Accessible Housing for Special Needs Population Eliminate Lead Based Paint and other Hazards Improve Existing Affordable Rental Units Improve Existing Owner-Occupied Structures	CDBG: $1,026,118	Rental units rehabilitated: 200 Household Housing Unit Homeowner Housing Rehabilitated: 100 Household Housing Unit

Table 53 – Goals Summary

Goal Descriptions

1	**Goal Name**	Support Community Development and Improvements
	Goal Description	The purpose of this goal is to preserve, improve, and provide safe public facilities that serve a high percentage of low income or special needs residents. The city will use CDBG funds as feasible and available to rehabilitate public facilities and public infrastructure.

2	**Goal Name**	Create Neighborhood Youth Services
	Goal Description	The purpose of this goal is to enhance recreation programs offered in the city's low and moderate-income neighborhoods and to low and moderate-income residents, and ultimately support working families. The city will use CDBG funds to build connections for at-risk youth, promote self-esteem, and build community. Activities may include expanded after-school programs, community partnerships, and scholarships.
3	**Goal Name**	Provide Inspection and Code Enforcement
	Goal Description	The purpose of this goal is to preserve existing affordable housing, protect resident safety, and improve the quality of housing. The city will use CDBG funds to support inspection and enforcement staff. Inspection and enforcement will occur in the city's low and moderate-income neighborhoods and to low and moderate-income residents. Activities may include staff enforcement for zoning ordinance infractions, and/or housing inspection staff.
4	**Goal Name**	Repair and Rehab of Existing Affordable Housing
	Goal Description	The purpose of this goal is to increase the availability, accessibility, affordability, and sustainability of affordable housing units. The city will use CDBG funds to identify and improve the existing housing stock in Dubuque and maintain the current affordable housing stock. Potential activities to meet this goal include homeowner rehab, lead paint hazard remediation, mobile home rehab and repair, rental rehab, accessible improvements, and purchase, rehab, resale.

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.315(b)(2)

5000 persons will be assisted with public facilities and infrastructure. 1500 low- and moderate- income persons will have access to public services activities. 500 household housing units will receive Housing Code Enforcement. 300 Households will be assisted with affordable housing. Of the 300 households assisted with affordable housing, the City of Dubuque anticipates 75 of those households will be extremely low-income, 150 of those households will be low-income, and 75 of those households will be moderate income families.

SP-50 Public Housing Accessibility and Involvement – 91.215(c)

Need to Increase the Number of Accessible Units (if Required by a Section 504 Voluntary Compliance Agreement)

The City of Dubuque does not manage any public housing. The city uses the Section 8 Housing Choice Voucher Program, Project Based Voucher Program, and Special Purpose Vouchers to provide affordable housing options. These programs are restricted to low-income renters with incomes at 50% of area median income or less. The Housing & Community Development Department is the Public Housing Authority (PHA) for the city. The city has 985 vouchers but is unable to issue to capacity due to budgetary constraints. The Housing Authority was serving 985 families in the voucher program as of December 1, 2024.

All Housing Choice Voucher participants are invited to join the City's Family Self-Sufficiency (FSS) and Next Level Savings programs. These programs offer unique, person-centered coaching to support the individual's needs. Goal planning, resource coordination, job readiness, and family supports are all provided. The Project Managers regularly visit Family Self-Sufficiency caseworkers and FSS participating families. The programs coordinate resources to help buyers establish bank accounts, Individual Development Accounts (IDA's), homeownership counseling, and resources to purchase a home.

Activities to Increase Resident Involvements

The City of Dubuque Housing and Community Development Department does support resident involvement in its voucher program through a resident advisory board. The board meets monthly and advises on relevant issues.

Is the public housing agency designated as troubled under 24 CFR part 902?

No

Plan to remove the 'troubled' designation

The agency is not designated as troubled.

SP-55 Barriers to affordable housing – 91.215(h)

Barriers to Affordable Housing

Since 2019, Dubuque's total housing units have increased from 23,620 to 25,198 in 2022, adding 1,578 units. Although total housing units have increased, vacancy rates remain a significant barrier, especially for those seeking affordable housing (housing that a household can pay for while still having money left over for other necessities). Vacant units are scattered throughout Dubuque, with the largest concentrations on the east side and downtown—areas noted in this document for high poverty and racial/ethnic diversity.

The Housing and Community Development Act of 1974 created Section 8 rental assistance programs. Section 8, also referred to as the Housing Choice Voucher (HCV) program. Tenant-based vouchers are the process by which voucher recipients can find and receive help paying for rental housing on the private market. The city, as the Public Housing Authority, makes monthly housing assistance payments to landlords to help the voucher-holder households pay their rent each month. Participating households pay a minimum of 30% of their adjusted income for rent and utilities. Inadequate federal funding to meet the HCV need negatively affects Dubuque residents too, which is a barrier in itself.

Also, a nationwide issue, few landlords in Dubuque are willing to accept vouchers as rental applicants *"source of income."* In 2015, the City reported just 17% of property owners accepted HCVs; however, this data was found to be an unreliable assumption based on poor data. To obtain accurate data, the City of Dubuque passed an Ordinance January 22, 2019, that requires landlords report if and where they will accept HCVs to receive a rental license. In 2023, 32% landlords accept HCVs. Eighty landlords stated that they would need more information on the HCV program to decide whether they would be for or against it.

One concern is that the Housing Choice Voucher Program is still not accepted city-wide. Current locations of HCVs show higher usage in concentrated areas of poverty and older housing stock. The city now requires housing developers to accept HCV participants in conjunction with approval of an affordable housing development agreement related to an urban revitalization plan. The City of Dubuque has also increased landlord education about the HCV program as well as created a landlord education video to be shared among that specific group to clarify how HCV benefits the entire community. PHA also implemented a new, easier to use software that aids owners and tenants in communication and document transmittal. The City of Dubuque meets monthly with the Landlord Association to further connection and collaboration efforts. FY24 was focused on recruitment of landlord participation through the Successful Property Maintenance Course and through the networking of individuals through the Landlord Association. The city also runs free background checks for landlords on prospective tenants for the HCV program. Arrest records were removed from the landlord background checks provided by the city – reviewed in April 2021 to ensure compliance with new forms.

Strategy to Remove or Ameliorate the Barriers to Affordable Housing

Within the City of Dubuque Housing and Community Development Department, the Housing Choice Voucher Program, will continue its efforts to address barriers which included:

- Maximizing voucher lease ups for five years
- Maintaining a monthly accounting of the voucher waiting list including information on applications received, rejected and accepted, and applicant information on race ethnicity, and current or originating address.
- Utilizing future funding to target minority groups who have been adversely impacted in the past.

Additionally, the City of Dubuque's Housing and Community Development Department offers programs beyond the Housing Choice Voucher to remove barriers to affordable housing. Some of these programs include the home improvement programs which provide loans for low- and moderate-income homeowners. These home improvement programs provide necessary repairs and rehabs for the existing affordable housing stock in Dubuque. These initiatives aim to enhance housing accessibility and affordability for residents.

The City of Dubuque Housing & Community Development Department also utilizes Urban Revitalization Program which targets older neighborhoods in the city through incentives such as property tax exemptions that can go towards new improvements. Owners within designated Urban Revitalization districts are eligible to receive a 10-year exemption from property tax liability that would normally be associated with improvements.

The City of Dubuque's Planning Department is also removing barriers to affordable housing by currently updating the Unified Development Code. This update will be crucial to ensuring that zoning and land use regulations support the needs of the community, promote equitable access to development opportunities, and continue to address the specific needs of underserved populations as identified in the CDBG program.

The city cannot do this work alone. The City of Dubuque has engaged several partners along the way to remove barriers to affordable housing. In collaboration with the Iowa Initiative for Sustainable Communities, Dubuque created the Development of an Affordable Housing Action Plan. This plan is a comprehensive action plan focused on affordable housing. This plan aims to consolidate existing housing data, engage community stakeholders, and outline actionable steps to be implemented over the next five years. Key objectives include alleviating housing cost burdens for low and moderate-income residents, maximizing land use for diverse housing options, and promoting environmental sustainability in housing developments.

Further partnerships include leveraging various state and federal programs to enhance affordable housing. For instance, the city has been designated as an Iowa Finance Authority Thriving Community, providing bonus points for obtaining workforce housing tax credits in specific areas like the Central Avenue corridor. Additionally, programs administered by the Iowa Economic Development Authority

and the Iowa Finance Authority offer resources such as mortgage or down payment assistance and rental programs to support affordable housing initiatives.

Locally, the city partners with nonprofit entities like Catholic Charities and Affordable Housing Network, INC. which contribute to affordable housing by owning and managing properties for families, seniors, and adults with disabilities in Dubuque and surrounding areas. These organizations play a crucial role in providing safe and affordable housing options for vulnerable populations

Through these multifaceted strategies, Dubuque is actively working to remove or ameliorate barriers to affordable housing, striving to create a more inclusive and accessible community for all residents.

SP-60 Homelessness Strategy – 91.215(d)

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Dubuque is in the Balance of State for Iowa's Continuum of Care (CoC). Community Solutions of Eastern Iowa (CSEI) leads the coordinated entry, street outreach, and Housing Helpline for homeless individuals and individuals at risk of becoming homeless. The Community Development Specialist supports local Continuum of Care applicants with implementing programs consistent with the identified need in the Consolidated Plan. Staff from Housing & Community Development attend coordinated entry meetings to assist in identifying and responding to the needs of homeless persons.

Over 50 individuals make up the Homeless Advisory Council (HAC). The Community Development Specialist is on HAC and works with partners to streamline and coordinate services and resources to meet the needs of homeless and individuals at risk of becoming homeless. Some of the partners on HAC are non-profit organizations providing homeless services including but not limited to referrals, outreach, point-in-time count, coordinated entry, emergency & transitional shelter, rapid rehousing and permanent supportive housing. Other organizations provide family self-sufficiency, advocacy, employment, employment services & job training, substance abuse services, health, wellness, domestic violence, sexual assault, mental health and dental services are available, as well as representation from the City of Dubuque Police Department, Housing Authority, and Dubuque County Commission of Veteran's affairs.

The Community Solutions of Eastern Iowa (CSEI) conducts point-in-time homeless counts in July and January to evaluate capacity and need for services. Hillcrest Family Services provides outreach, in partnership with other organizations, coordinating access for unsheltered people.

The city's Purchase of Services Grants provide funding opportunities for organizations meeting identified human services needs in the community. Organizations providing homeless services will continue applying for these resources to meet needs.

Addressing the emergency and transitional housing needs of homeless persons

The city had 5 organizations providing access to emergency and transitional shelter services during the January 2025 point in time homeless count. Some of these organizations serve specific populations, such as pregnant women and victims of domestic violence. The bed capacity for these organizations is 167 and 116 persons were sheltered on that day

In our community, the biggest gap in services is for Permanent Supportive Programs. The next largest gap is for Rapid Rehousing Programs. Our community has worked to close the gap regarding emergency shelter beds for men, women, and families. Homeless outreach, emergency, transitional, permanent, and support services are coordinated with local providers.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

The local CoC established a Coordinated Entry System which includes a network of service providers offering a range of services for homeless and at-risk of homelessness. The CoC conducts point-in-time homeless counts in January, as required, but also in summer months to identify people who may seek shelter during severe winter weather but are usually unsheltered. In addition to the Coordinated Entry System the City's Police Department recently created a division, Crisis Intervention Team (CIT), due to the uptick in brain health related calls. CIT is tasked with brain health crisis response, follow-up, and training. In addition, CIT coordinates with outreach workers with Community Solutions of Eastern Iowa (CSEI), a CoC member, to identify unsheltered individuals and provide access to services. Many of these homeless individuals are chronically homeless and/or have substance/use abuse. CIT and community partners work to keep people with brain health issues out of jail, in treatment, and on the road to recovery.

The city's Purchase of Services Grants provide funding opportunities for organizations meeting identified human services needs in the community. Organizations providing homeless services will continue applying for these resources to meet needs.

Help low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families who are likely to become homeless after being discharged from a publicly funded institution or system of care, or who are receiving assistance from public and private agencies that address housing, health, social services, employment, education or youth needs

The City of Dubuque and State of Iowa require publicly funded institutions and facilities to have discharge plans that include adequate and stable housing; however, the follow-up on those plans is difficult in many situations. The local CoC established a Coordinated Entry System which includes a network of service providers offering a range of services for homeless and at-risk of homelessness. The CoC conducts point-in-time homeless counts in January, as required, but also in summer months to identify people who may seek shelter during severe winter weather but are usually unsheltered. In addition to the Coordinated Entry System the City's Police Department recently created a division, Crisis Intervention Team (CIT), due to the uptick in brain health related calls. CIT is tasked with brain health crisis response, follow-up, and training. In addition, CIT coordinates with outreach workers with Community Solutions of Eastern Iowa (CSEI), a CoC member, to identify unsheltered individuals and provide access to services. Many of these homeless individuals are chronically homeless and/or have

substance/use abuse. CIT and community partners work to keep people with brain health issues out of jail, in treatment, and on the road to recovery.

SP-65 Lead based paint Hazards – 91.215(i)

Actions to address LBP hazards and increase access to housing without LBP hazards

The city has an aging housing stock and therefore has focused on improving the existing aging, yet affordable, housing stock. To do this, the city utilizes the 2021 International Property Maintenance Code, along with local amendments, to promote sound safety and quality property maintenance. The city of Dubuque also has a robust rehab program to offer residents.

All CDBG funded rehab activities use the required level of lead assessment when performing rehab on homes. Homeowners and renters are provided information and resources about lead and lead poisoning, as well as information on where and when children should be tested. Code enforcement activities identify visible hazards from peeling paint and housing code to ensure the health and wellbeing of children living in these units.

Dubuque has been fortunate to have the Lead Hazard Control & Healthy Homes Program since the 1990s. The Lead Hazard Control & Healthy Homes Program allocates money to households in need, particularly those with young children who are most vulnerable to environmental hazards.

In 2024, the City received $5.2 million in Lead Hazard Control funds to remediate lead hazards in 100 housing units over the next 48 months. The grant provides opportunity for outreach, education about lead safety hazards, remediation, and training. The program secured funding to train and certify lead contractors. The Lead and Healthy Homes Program effectively delivers successful lead remediation activities for income eligible households. The grant provides additional funds to address health and safety hazards in the home, and coordinates with a Home Advocate to build social capacity for participating families.

How are the actions listed above related to the extent of lead poisoning and hazards?

Since 1994, the Lead Hazard Control Program has and continues to coordinate with the Health Department's Childhood Lead Poisoning Prevention Program (CLPPP) in conjunction with the Iowa Department of Public Health's (IDPH) statewide strategic plan to reduce childhood lead poisoning; focusing on primary prevention, coordinating the delivery of services, and ensuring secondary prevention services are provided through: Blood lead testing of children between 12 and 35 months of age, ensuring that all children under the age of six years receive blood lead testing according to IDPH protocol, Confirmation rates for blood lead levels greater than or equal to 10 µg/dL, Awareness of housing-based primary prevention measures and providing environmental investigations and case management to families with lead poisoned children, Coordination and collaboration between public health agencies, child service agencies, and community-based organizations serving children, including medical case management of lead poisoned children, Education, outreach, and training on primary prevention strategies, and exposures related to housing and occupational lead. This partnership is facilitated through our relationship with the Health Department.

Additionally, property owners must certify the above preference at specified intervals provided by the City and failure to comply will result in remaining balance of forgivable loan becoming due and payable on the date of notification of non- compliance.

How are the actions listed above integrated into housing policies and procedures?

Housing and Community Development proposed that property owners participating the Lead & Healthy Homes program be required, for the term of the forgivable loan, for any funded unit, to give preference to low to moderate income families, being defined as below 80% area Median Income, and accept HCVs if the prospective tenant is otherwise qualified.

SP-70 Anti-Poverty Strategy – 91.215(j)

Jurisdiction Goals, Programs and Policies for reducing the number of Poverty-Level Families

The City of Dubuque, led by the newly formed Office of Shared Prosperity and Neighborhood Support, is currently implementing the Equitable Poverty Reduction and Prevention Plan. The mission of the Office of Shared Prosperity and Neighborhood Support is, "Through strategic partnership and collaboration, the Office of Shared Prosperity and Neighborhood Support will address, prevent and reduce poverty". Their Vision Statement is, "An accessible city of equitable opportunities for all residents and neighborhoods to prosper". The approach includes identifying the poverty determinants including Economic Insecurity, Lack of Transportation, Lack of Education & Skills, Physical & Brain Health Conditions, Food Insecurity, Racial Inequity, Bias Towards Poor, Lack of Affordable/Safe Housing & Neighborhoods, Lack of Childcare & Early Learning and Generational & Situational Poverty. While looking at all these poverty determinants, the Office of Shared Prosperity and Neighborhood Support will inform others of data and promising practices to measure and accelerate collective impact. Facilitate collaboration and convene to address poverty, racial equity, and socioeconomic opportunity. Initiate new partnerships and nurture existing ones to advance prosperity. Invest in initiatives that address poverty and enhance neighborhoods.

A core goal of the Equitable Poverty Prevention Plan is self-sufficiency for all individuals and families in Dubuque. The city partners with a number of providers and leads several initiatives to support residents in achieving self-sufficiency, including:

Increasing Income

- Opportunity Dubuque
- Family Self-Sufficiency
- Fountain of Youth
- Dream Center
- Small Business Development Program
- Employment and Empowerment Expo

Building Savings

- Work with local financial institutions to set up Individual Development Accounts
- Promote Bank On Dubuque to increase financial literacy
- Promote the Family Self Sufficiency Program and the escrowed savings account

Acquiring Assets

- Provide direct homeownership assistance to homebuyers

Other

- City Life
- Neighborhood Associations
- Re-Engage Dubuque

How are the Jurisdiction poverty reducing goals, programs, and policies coordinated with this affordable housing plan

Multiple stakeholder focus groups, interviews, and surveys were coordinated to discuss housing and community development issues in the context of poverty, and poverty in the context of affordable housing, or lack thereof. Many people seeking affordable housing face a wide range of additional obstacles in achieving self-sufficiency (transportation, food access, education) and many people receiving services to address poverty face housing challenges. Efforts included in the Equitable Poverty Prevention Plan will incorporate housing, alongside various wraparound services, to comprehensively address barriers to self-sufficiency.

All community feedback that has been collected so far has been incorporated into the Consolidated Plan. As work on the Equitable Poverty Prevention Plan is completed, the city will assess alignment opportunities and areas of leveraged funding.

SP-80 Monitoring – 91.230

Describe the standards and procedures that the jurisdiction will use to monitor activities carried out in furtherance of the plan and will use to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The Community Development Advisory Commission reviews applications, Annual Action Plans, Amendments, Analysis of Impediments to Fair Housing, Consolidated Plan, Consolidated Annual Performance Evaluation Report, Citizen Participation Plan, and receives quarterly reports from funded partners. Furthermore, presentations, updates, and status reports are presented at Commission meetings as requested throughout the program year.

Agencies allocated funding from the City of Dubuque submit progress reports toward meeting stated goals and objectives for their program on a monthly or quarterly basis. The specific reporting periods were established according to the federal program requirements and the fiscal year of the funding sources.

Subrecipients receiving CDBG funds are monitored annually for contract compliance with all regulations governing their administrative, financial and programmatic operations and to ensure performance objectives within schedule and budget. Timely expenditure of funds is reviewed on a continual basis to ensure compliance with program regulations.

The city identified performance measures on progress to increase participation in the HCV program. These metrics are indicative of progress toward the outcomes of providing affordable housing, Affirmatively Furthering Fair Housing, and increasing participation in the HCV program. The voluntary nature of reporting from landlords has made collecting some information reliably and consistently difficult and there is a current effort to review the indicators identify strategies to gather additional or missing data.

- Voucher Lease up Rate
- Assisted Units by Census Tract
- New Affordable Units Created
- Location of Assisted Vacant Units
- Rent Reasonableness
- Analysis of essential services across the community

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The city combines public and private funding to carryout affordable housing activities described in the Plan. The city's Urban Renewal Plan designates Tax Increment Financing (TIF) districts that provide aid related to housing and residential development when a portion of the increment generated is dedicated to housing assistance for low- and moderate-income family housing. Non-profit developers use TIF resources set aside for low- and moderate-income housing to fill financing gaps often associated with the rehabilitation of historic housing. Other development funding can be obtained through application for private and public sources that include local tax incentives and funding, federal and state low-income and historic tax credits, and private sources. The city supports housing developers applying for other sources of funding when their projects align with the city's goals and priorities identified in the Consolidated Plan. Tax abatement and local resources to incentivize new rental unit development allow housing developers to show local support and increase the financial feasibility and competitiveness when applying for scarce affordable housing resources.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan $	Narrative Description

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan $	Narrative Description
			Annual Allocation: $	Program Income: $	Prior Year Resources: $	Total: $		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	1,037,080.00	94,868.00	0.00	1,131,948.00	0.00	

Table 54 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Leveraging of private and nonfederal resources by using of federal funds will be attempted whenever possible. Leveraging of resources in conjunction with the use of federal CDBG funds will continue to be a priority to maximize accomplishments. Program Income is also generated from CDBG funded housing activities. City departments receiving entitlement funds leverage CDBG dollars with other resources. For example, the City's Housing & Community Development Department leverages CDBG funding with federal grants for lead-based paint testing and remediation activities.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

None.

Discussion

Please see above.

Annual Goals and Objectives

AP-20 Annual Goals and Objectives

Goals Summary Information

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
1	Support Community Development and Improvements	2020	2024	Non-Housing Community Development	Low/Moderate Area Benefit	Improve Physical Environments	CDBG: $.00	Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit: 5000 Persons Assisted
2	Create Neighborhood Youth Services	2020	2024	Non-Housing Community Development	City Wide	Support Services-Connections for Youth	CDBG: $97,120.00	Public service activities other than Low/Moderate Income Housing Benefit: 1500 Persons Assisted
3	Provide Inspection and Code Enforcement	2020	2024	Affordable Housing Non-Housing Community Development	City Wide Low/Moderate Area Benefit	Maintain Safety through Code Enforcement	CDBG: $8,710.00	Housing Code Enforcement/Foreclosed Property Care: 500 Household Housing Unit

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
4	Repair and Rehab of Existing Affordable Housing	2020	2024	Affordable Housing Non-Homeless Special Needs	City Wide	Improve Mobile Home Affordable Housing Stock Accessible Housing for Special Needs Population Eliminate Lead Based Paint and other Hazards Improve Existing Affordable Rental Units Improve Existing Owner-Occupied Structures	CDBG: $1,026,118.00	Rental units rehabilitated: 200 Household Housing Unit Homeowner Housing Rehabilitated: 100 Household Housing Unit

Table 55 – Goals Summary

Goal Descriptions

1	**Goal Name**	Support Community Development and Improvements
	Goal Description	The purpose of this goal is to preserve and improve public facilities that serve a high percentage of low income or special needs residents. The city will use CDBG funds as feasible and available to rehabilitate public facilities and public infrastructure.

2	**Goal Name**	Create Neighborhood Youth Services
	Goal Description	The purpose of this goal is to enhance recreation programs offered in the city's low and moderate-income neighborhoods and to low and moderate-income residents. The city will use CDBG funds to build connections for at-risk youth, promote self-esteem, and build community. Activities may include expanded after-school programs, community partnerships, and scholarships.
3	**Goal Name**	Provide Inspection and Code Enforcement
	Goal Description	The purpose of this goal is to preserve existing affordable housing, protect resident safety, and improve quality of housing. The city will use CDBG funds to support inspection and enforcement staff. Inspection and enforcement will occur in the city's low and moderate-income neighborhoods and to low and moderate-income residents. Activities may include staff enforcement for zoning ordinance infractions, and/or housing inspection staff.
4	**Goal Name**	Repair and Rehab of Existing Affordable Housing
	Goal Description	The purpose of this goal is to increase the availability, accessibility, affordability and sustainability of affordable housing units. The city will use CDBG funds to identify and improve the existing housing stock in Dubuque and maintain the current affordable housing stock. Potential activities to meet this goal include homeowner rehab, lead paint hazard remediation, mobile home rehab and repair, rental rehab, accessible improvements, and purchase, rehab, resale.

Projects

AP-35 Projects – 91.220(d)

Introduction

The following projects are planned to be funded with CDBG for FY26/PY25 Annual Action Plan.

Projects

#	Project Name
1	Planning and Administration
2	Home Repair and Rehab
3	Public Facilities
4	Neighborhood Recreation Programs
5	Code Enforcement

Table 56 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Allocations are driven by data and resident input. The Community Development Advisory Commission convenes the process to assess needs and make budget allocations. Funds have been allocated based on the needs identified in this Consolidated plan and in line with the objectives or the Community Development Block Grant Program.

The city provides funding for some public service activities through a yearly grant process. When preparing the Consolidated Plan, estimates are used to project the level of funding and the number of persons or households to be served. The city distinguishes between four different but complementary areas of program development in its overall CDBG program: Administration, Housing Development, Neighborhood Development, and Public Facilities

AP-38 Project Summary

Project Summary Information

1	**Project Name**	Planning and Administration
	Target Area	City Wide Low/Moderate Area Benefit
	Goals Supported	Repair and Rehab of Existing Affordable Housing
	Needs Addressed	Improve Physical Environments Support Services- Connections for Youth Maintain Safety through Code Enforcement Eliminate Lead Based Paint and other Hazards Improve Mobile Home Affordable Housing Stock Improve Existing Owner-Occupied Structures Improve Existing Affordable Rental Units Accessible Housing for Special Needs Population
	Funding	CDBG: $226,118.00
	Description	This project includes staff support for general management, oversight and coordination of the Community Development Block Grant program; assures compliance with federal regulations and report requirements. Ongoing staff support for general housing planning activities, including the housing needs assessment and department administration.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	60 households, all low- and moderate-income, will benefit from Repair and Rehab of Existing Affordable Housing.
	Location Description	
	Planned Activities	Activities include administration of programming and monitoring for compliance with Federal and other applicable regulations.
2	**Project Name**	Home Repair and Rehab
	Target Area	City Wide
	Goals Supported	Repair and Rehab of Existing Affordable Housing
	Needs Addressed	Eliminate Lead Based Paint and other Hazards Improve Mobile Home Affordable Housing Stock Improve Existing Owner-Occupied Structures Improve Existing Affordable Rental Units Accessible Housing for Special Needs Population
	Funding	CDBG: $800,000.00

	Description	This project includes residential repair and rehab for low and moderate income homeowners and renters and staff support for program management activities, technical assistance, and loan packaging for the city's Community Development programs.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	60 households, all low- and moderate-income , will benefit from Repair and Rehab of Existing Affordable Housing.
	Location Description	
	Planned Activities	Activities include residential repair and rehabilitation loans to low- and moderate-income homeowners and property owners, zero and low-interest loans for lead hazard control in conjunction with our Lead and Healthy homes grant, and zero and low-interest loans for roof replacement in conjunction with our Healthy Homes grants. Activities also include capital improvement projects for low- and moderate-income housing. Additionally, activities include Accessibility Improvements. Lastly, activities also includes ongoing staff support for program management, technical assistance, and loan packaging for the city's Community Development programs.
3	**Project Name**	Public Facilities
	Target Area	Low/Moderate Area Benefit
	Goals Supported	Support Community Development and Improvements
	Needs Addressed	Improve Physical Environments
	Funding	:
	Description	This project includes improving physical environments including public facilities and infrastructure in low- and moderate-income areas.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	1,000 persons, all low- and moderate-income, will benefit from Support Community Development and Improvements.
	Location Description	

	Planned Activities	Activities include capital improvements with the City of Dubuque and community partners including public facilities and infrastructure.
4	**Project Name**	Neighborhood Recreation Programs
	Target Area	City Wide
	Goals Supported	Create Neighborhood Youth Services
	Needs Addressed	Support Services- Connections for Youth
	Funding	CDBG: $97,120.00
	Description	This project includes enhanced recreation programing offered in low and moderate income areas and to low- and moderate-income residents.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	300 persons, all low- and moderate-income, will benefit from Create Neighborhood Youth Services.
	Location Description	
	Planned Activities	Activities include expanded after-school programs, community partnerships, and scholarships.
5	**Project Name**	Code Enforcement
	Target Area	City Wide Low/Moderate Area Benefit
	Goals Supported	Provide Inspection and Code Enforcement
	Needs Addressed	Maintain Safety through Code Enforcement
	Funding	CDBG: $8,710.00
	Description	This project includes preserving existing affordable housing, protecting resident safety, and improving quality of housing.
	Target Date	6/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	100 households, all low- and moderate-income , will benefit from Provide Inspection and Code Enforcement.
	Location Description	

	Planned Activities	Activities include staff enforcement for zoning ordinance infractions, and/or housing inspection staff.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

While the city focuses some investment such as public facility and infrastructure improvements in low- and moderate-income neighborhoods to ensure safety, efforts to maintain and expand affordable housing options and other supports are targeted to support low and moderate income and minority persons across the city rather than in targeted areas.

Geographic Distribution

Target Area	Percentage of Funds
City Wide	87
Low/Moderate Area Benefit	13

Table 57 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The city is considerate of the location of services and evaluates equitable distribution of resources to serve families in need across the community. The goal of providing services in low- and moderate-income areas is to ensure populations with fewer financial, transportation, recreation, and other resources can enjoy the quality of life associated with these activities.

Resources for housing are intended to bring about positive outcomes and opportunity for residents who have historically been underserved. Whenever possible, programs are delivered in ways to promote housing choice and access areas and neighborhoods close to resources families need and use. Currently, the city does not have designated target areas for block grant funds.

Discussion

Block groups that have more than 51% low- and moderate-income residents are an area of focus for funding, but funding is not exclusive to those areas based on the city's goals to provide affordable housing options across all census tracts in the city and encourage diversity in neighborhoods across the city and location choices for affordable housing.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The city employs a variety of approaches to maintain, increase, and improve the availability, accessibility, and quality of affordable housing for low- and moderate-income residents in the city including enforcement and rehab activities, Housing Choice Vouchers, and Low-Income Housing Tax Credits.

Affordable housing options continue to be limited within the city, and often restricted to certain geographic areas. The city's goals to increase income diversity in neighborhoods has a need for additional funding and programming designed to support these efforts. The production of Housing TIF to serve this purpose was created by the City of Dubuque, and it currently being used to rehabilitate homes that are affordable and sell them to low- and moderate-income residents.

One Year Goals for the Number of Households to be Supported	
Homeless	0
Non-Homeless	0
Special-Needs	3
Total	3

Table 58 - One Year Goals for Affordable Housing by Support Requirement

One Year Goals for the Number of Households Supported Through	
Rental Assistance	0
The Production of New Units	0
Rehab of Existing Units	20
Acquisition of Existing Units	0
Total	20

Table 59 - One Year Goals for Affordable Housing by Support Type

Discussion

The purpose of Repair and Rehabilitation of Existing Affordable Housing is to increase and maintain the availability, accessibility, affordability, and sustainability of affordable housing units. The city will use CDBG funds to identify and improve the existing affordable housing stock in Dubuque and maintain the current affordable housing stock. Potential activities to meet this goal include homeowner rehab, lead paint hazard remediation, manufactured home rehab and repair, rental rehab, accessible improvements, and purchase, rehab, resale.

AP-60 Public Housing – 91.220(h)

Introduction

The City of Dubuque does not manage any public housing. The city uses the Section 8 Housing Choice Voucher Program, Project Based Voucher Program, and Special Purpose Vouchers to provide affordable housing options.

Actions planned during the next year to address the needs to public housing

The city continues to work with a diverse team of city staff, housing advocates, housing providers, and commission members to carryout recommendations and evaluate outcomes. The Housing Choice Voucher program is the primary way that the city improves the living environment of low- and moderate-income families residing in public housing. Additionally, all Housing Choice Voucher participants are invited to join the City's Family Self-Sufficiency (FSS) and Next Level Savings programs. These programs offer unique, person-centered coaching to support the individual's needs. Goal planning, resource coordination, job readiness, and family supports are all provided. The Project Managers regularly visit Family Self-Sufficiency caseworkers and FSS participating families. The programs coordinate resources to help buyers establish bank accounts, Individual Development Accounts (IDA's), homeownership counseling, and resources to purchase a home.

Beyond the Housing Choice Voucher program itself, staff continue to evolve and formulate creative strategies for improving the living environment of low- and moderate-income families residing in public housing. For example, City of Dubuque staff update the Vacant Unit Listing on the City's Website weekly (every Tuesday) once property owners notify the City of vacancy. On that same page, other resources are listed that may have units listed to aid in the search for a rental unit. Collect voucher acceptance & vacancy data for every licensed rental property in the city.

The city is still implementing efforts to increase landlord education surrounding the HCV program. A landlord education video was released in Spring of 2022. Despite efforts to promote landlord incentives in 2021, these incentives were not successful in increasing landlord participation. Moving forward, the city focused more on the landlord/PHA communication to ensure those landlords that do participate in the HCV program continue to accept vouchers. The city aims to enhance education and training for landlords through the Successful Property Maintenance course that the PHA presents regarding the HCV Program.

The city also is continuing efforts of re-branding the HCV Program, including translating all necessary documents into Spanish and Marshallese to break down communication barriers and allow easier accessibility to programs and information for the entire community. Additionally, the PHA is focusing efforts on translation services and interpreter needs and accessibility. The PHA also assessed & revised HCV general forms for readability and adapted them all to a 6-7th grade level. This includes reducing our applications/forms for unneeded information to make the processes less burdensome on participants.

Lastly, the PHA has increased their social media presence to engage the community through education and awareness. City staff are also researching the benefits of offering a tenant education course and other ways to lessen the burden of moving and unit damage.

The Equity and Human Rights, Housing Department, and Police Department continue to evaluate and monitor participation in the voucher program and collaborate to increase awareness and reporting of Civil Rights violations and housing discrimination.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Housing and Community Development Department employs multiple strategies to promote homeownership opportunities to voucher participants. The PHA Plan was amended to remove the year-long employment history required to utilize the Authorities Homeownership Voucher Program. Participants that demonstrate enough income and financing can transition to homeownership as soon as financially feasible. The HA coordinates partnerships with Habitat for Humanity, local financial institutions, Family Self-Sufficiency, and provides local, state, and federal direct financial assistance to remove barriers associated with affordability. The city offers a HOME Workshop designed to familiarize participants with the process of searching for, acquiring, and maintaining a home.

This Housing and Urban Development-funded program is designed to assist first-time homebuyers. Instead of going toward rent, funds go to pay the mortgage lender. As of December 31, 2024, there are households 8 Housing Choice Voucher Homeowners receiving assistance.

The City of Dubuque also purchases homes that are in poor condition or acquires them via petitioning the Court for Title of an Abandoned Property. The properties are then rehabilitated and sold to low-mod income households. The city also has a partnership with the Affordable Housing Network, Inc. to rehabilitate single family homes to sell to low- and moderate-income families.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

PHA is not designated as troubled.

Discussion

Interdepartmental collaboration and coordination of inspection, enforcement, lead-based paint hazard reduction, and rehabilitation have been critical to improving housing options for voucher participants. While there are still a significant number of households experiencing cost burden, most households receiving vouchers utilize those vouchers to keep housing costs affordable. The city continues to provide outreach, education, and resources to housing providers wishing to make units available for voucher participants.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The Housing & Community Development Department works closely with the local Continuum of Care (CoC). Community Development and Housing Department staff participate in the local Homeless Advisory Council to remain informed and align priorities and funding to address the needs of residents experiencing or at risk of homelessness. The Community Development Department also partners with the CoC to ensure programming aligns with the needs identified in the Consolidated Plan.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The local CoC established a Coordinated Entry System which includes a network of service providers offering a range of services for homeless and at-risk of homelessness. The CoC conducts point-in-time homeless counts in January, as required, but also in summer months to identify people who may seek shelter during severe winter weather but are usually unsheltered. In addition to the Coordinated Entry System the City's Police Department recently created a division, Crisis Intervention Team (CIT), due to the uptick in brain health related calls. CIT is tasked with brain health crisis response, follow-up, and training. In addition, CIT coordinates with outreach workers with Community Solutions of Eastern Iowa (CSEI), a CoC member, to identify unsheltered individuals and provide access to services. Many of these homeless individuals are chronically homeless and/or have substance/use abuse. CIT and community partners work to keep people with brain health issues out of jail, in treatment, and on the road to recovery.

The city's Purchase of Services Grants provide funding opportunities for organizations meeting identified human services needs in the community. Organizations providing homeless services will continue applying for these resources to meet needs.

Addressing the emergency shelter and transitional housing needs of homeless persons

The city has 5 organizations providing sheltered homelessness during the January 2025 point in time count. Some of these organizations serve specific populations, such as pregnant women and victims of domestic violence. In our community, the CoC member, Community Solutions of Eastern Iowa (CSEI), manages Coordinated Entry. Coordinated Entry is considered one of the many interventions in a community's united effort to end and prevent homelessness. This process is an established, system-wide process to quickly coordinate access, assessment, prioritization, and referrals to housing and services for people experiencing or at risk of homelessness. The Housing Helpline is a tool utilized by the coordinated entry for homeless, both unsheltered, sheltered, and at-risk of homelessness to access services. The Housing Helpline supports the following subgroups: At-Risk, Individuals, Families,

Chronically Homeless/Disabled.

The city will continue to partner to support the existing shelter beds and collaborate with the Homeless Advisory Coalition to fill additional needs as identified.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The city will continue to collaborate with the Homeless Advisory Coalition to support rapid rehousing programs and the expansion of permanent supportive housing. Permanent supportive housing has been identified as a need by local service providers. Housing and Community Development staff continue to work with our CoC members to identify trends and needs in our community and create systems to address these identified needs.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The city will continue to support the 5 organizations providing sheltered homelessness during the January 2025 point in time count. Some of these organizations serve specific populations, such as pregnant women and victims of domestic violence. Additionally, in our community, the CoC member, Community Solutions of Eastern Iowa (CSEI), manages Coordinated Entry. Coordinated Entry is considered one of the many interventions in a community's united effort to end and prevent homelessness. This process is an established, system-wide process to quickly coordinate access, assessment, prioritization, and referrals to housing and services for people experiencing or at risk of homelessness. The Housing Helpline is a tool utilized by the coordinated entry for homeless, both unsheltered and sheltered, needing access to services.

The city's Purchase of Services Grants provide funding opportunities for organizations meeting identified human services needs in the community. Organizations providing homeless services will continue applying for these resources to meet needs.

Discussion

Cost burden continues to be a significant housing problem experienced in Dubuque and one of the main reasons households are at risk for homelessness. The city will continue to partner with organizations that provide access to quality, affordable rental housing while connecting people with resources to increase their income.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Since 2019, Dubuque's total housing units have increased from 23,620 to 25,198 in 2022, adding 1,578 units. However, vacancy rates remain a significant barrier, especially for those seeking affordable housing (housing that a household can pay for while still having money left over for other necessities). Vacant units are scattered throughout Dubuque, with the largest concentrations on the east side and downtown—areas noted in this document for high poverty and racial/ethnic diversity.

The Housing and Community Development Act of 1974 created Section 8 rental assistance programs. Section 8, also referred to as the Housing Choice Voucher (HCV) program. Tenant-based vouchers are the process by which voucher recipients can find and receive help paying for rental housing on the private market. The City, as the Public Housing Authority, makes monthly housing assistance payments to landlords to help the voucher-holder households pay their rent each month. Participating households pay a minimum of 30% of their adjusted income for rent and utilities. Inadequate federal funding to meet the HCV need negatively affects Dubuque residents too, which is a barrier in itself.

Also, a nationwide issue, few landlords in Dubuque are willing to accept vouchers as rental applicants *"source of income."* In 2015, the City reported just 17% of property owners accepted HCVs; however, this data was found to be an unreliable assumption based on poor data. To obtain accurate data, the City of Dubuque passed an Ordinance January 22, 2019, that requires landlords report if and where they will accept HCVs to receive a rental license. In 2023, 32% landlords accept HCVs. Eighty landlords stated that they would need more information on the HCV program to decide whether they would be for or against it.

The lack of affordable quality housing for low-income individuals and families is not keeping pace with the demand. Homeownership is disproportionately low among African Americans. Additionally, low income housing is concentrated in specific neighborhoods. One concern is that not all landlords accept HCVs. Some landlords specifically advertise that they do not accept these vouchers (typically called Section 8) as a source of income for rent.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Within the City of Dubuque Housing and Community Development Department, the Housing Choice Voucher Program, will continue its efforts to address barriers which included:

- Maximizing voucher lease ups for five years
- Maintaining a monthly accounting of the voucher waiting list including information on

applications received, rejected and accepted, and applicant information on race ethnicity, and current or originating address.

- Utilizing future funding to target minority groups who have been adversely impacted in the past.

Additionally, the City of Dubuque's Housing and Community Development Department offers programs beyond the Housing Choice Voucher to remove barriers to affordable housing. Some of these programs include the home improvement programs which provide loans for low- and moderate-income homeowners. These home improvement programs provide necessary repairs and rehabs for the existing affordable housing stock in Dubuque. These initiatives aim to enhance housing accessibility and affordability for residents.

The City of Dubuque Housing & Community Development Department also utilizes Urban Revitalization Program which targets older neighborhoods in the city through incentives such as property tax exemptions that can go towards new improvements. Owners within designated Urban Revitalization districts are eligible to receive a 10-year exemption from property tax liability that would normally be associated with improvements.

The City of Dubuque's Planning Department also removing barriers to affordable housing by currently updating the Unified Development Code. This update will be crucial to ensuring that zoning and land use regulations support the needs of the community, promote equitable access to development opportunities, and continue to address the specific needs of underserved populations as identified in the CDBG program.

The city cannot do this work alone. The City of Dubuque has engaged several partners along the way to remove barriers to affordable housing. In collaboration with the Iowa Initiative for Sustainable Communities, Dubuque created the Development of an Affordable Housing Action Plan. This plan is a comprehensive action plan focused on affordable housing. This plan aims to consolidate existing housing data, engage community stakeholders, and outline actionable steps to be implemented over the next five years. Key objectives include alleviating housing cost burdens for low and moderate-income residents, maximizing land use for diverse housing options, and promoting environmental sustainability in housing developments.

Further partnerships include leveraging various state and federal programs to enhance affordable housing. For instance, the city has been designated as an Iowa Finance Authority Thriving Community, providing bonus points for obtaining workforce housing tax credits in specific areas like the Central Avenue corridor. Additionally, programs administered by the Iowa Economic Development Authority and the Iowa Finance Authority offer resources such as mortgage or down payment assistance and rental programs to support affordable housing initiatives.

Locally, the city partners with nonprofit entities like Catholic Charities and Affordable Housing Network, INC. which contribute to affordable housing by owning and managing properties for families, seniors, and adults with disabilities in Dubuque and surrounding areas. These organizations play a crucial role in

providing safe and affordable housing options for vulnerable populations.

Through these multifaceted strategies, Dubuque is actively working to remove or reduce barriers to affordable housing, striving to create a more inclusive and accessible community for all residents.

Discussion:

The city's Housing & Community Development Department utilizes City commissions and other advisory groups to play an important role in the governance of department programs. Members of the commissions and advisory groups are community volunteers, many with lived experiences in homelessness, Housing Choice Voucher, and reside in low- and moderate-income neighborhoods. Their contributions help the Housing & Community Development Department continue to remove barriers to affordable housing, therefore, improving the quality of life for Dubuque residents.

AP-85 Other Actions – 91.220(k)

Introduction:

The data-driven approach to analyzing equity in services is allowing staff and residents to better understand the needs of underserved populations in the community. Evaluating access to services is no longer sufficient to determine success. The focus has shifted to examine output and outcomes on impacted populations.

Actions planned to address obstacles to meeting underserved needs

The city will continue to support infrastructure, public facilities, code enforcement, recreation programming, and housing efforts and ensure those benefiting from the resources are populations with an identified need. The city continues to seek out and apply for competitive grant opportunities to enhance quality of life for residents. Requests for proposals for public facilities and multifamily developments may be evaluated for projects that leverage other funding sources with entitlement funds to have greater impact for underserved populations.

The City's Planning & Zoning, Economic Development, and Housing Departments coordinate to receive and process requests for development of affordable housing. The Housing & Community Development Department works closely with the City's Legal and Equity and Human Rights Departments to inform city staff, housing providers, developers, and the community at large about the barriers to fair housing and the strategic steps the city is taking to eliminate barriers as identified in the Analysis of Impediments. To encourage public support for affordable housing development, the city partners with organizations wishing to develop affordable housing to engage neighborhood residents about the proposed projects. Through a series of informational meetings, housing developers and residents can discuss the community needs, obtain facts about the need for affordable housing, and identify target populations and needs unique to the proposed location within the Dubuque community. These meetings have proven successful for developers proposing Low Income Housing Tax Credit projects.

To help with the financial feasibility of these projects, the city offers developers the opportunity to request support from the city for the project. If the project aligns with the City's goals, Consolidated Plan, and Comprehensive Plan, the city facilitates a public engagement process where incentives for the project are presented to City Council. Projects seeking support must apply to the city for a review and the City Council makes final recommendations.

Actions planned to foster and maintain affordable housing

The city uses a number of strategies to maintain affordable housing. Conservation districts, local tax abatement options, and low-interest and forgivable loans increase the availability of resources to improve housing while maintaining affordability.

In the period covered by this Plan, the city will refine procedures to identify and support multi-family

housing projects that meet the goals outlined in this and other adopted city plans. The city utilizes tax rebates, abatements, land donations, and direct financial assistance to provide resources developers need to produce financially feasible projects. Effective relationships with developers of affordable housing, potential buyers of at-risk housing, advocacy groups, lenders, community groups, and education about how to maintain existing affordable housing helps ensure the number of affordable units is maintained.

Actions planned to reduce lead-based paint hazards

The city has an aging housing stock and therefore has focused on improving the existing aging, yet affordable, housing stock. To do this, the city utilizes the 2021 International Property Maintenance Code, along with local amendments, to promote sound safety and quality property maintenance. The city of Dubuque also has a robust rehab program to offer residents.

All CDBG funded rehab activities use the required level of lead assessment when performing rehab on homes. Homeowners and renters are provided information and resources about lead and lead poisoning, as well as information on where and when children should be tested. Code enforcement activities identify visible hazards from peeling paint and housing code to ensure the health and wellbeing of children living in these units.

Dubuque has been fortunate to have the Lead Hazard Control & Healthy Homes Program since the 1990s. The Lead Hazard Control & Healthy Homes Program allocates money to households in need, particularly those with young children who are most vulnerable to environmental hazards.

In 2024, the City received $5.2 million in Lead Hazard Control funds to remediate lead hazards in 100 housing units over the next 48 months. The grant provides opportunity for outreach, education about lead safety hazards, remediation, and training. The program secured funding to train and certify lead contractors. The Lead and Healthy Homes Program effectively delivers successful lead remediation activities for income eligible households. The grant provides additional funds to address health and safety hazards in the home, and coordinates with a Home Advocate to build social capacity for participating families.

Actions planned to reduce the number of poverty-level families

The City of Dubuque, led by the newly formed Office of Shared Prosperity and Neighborhood Support, is currently implementing the Equitable Poverty Reduction and Prevention Plan. The mission of the Office of Shared Prosperity and Neighborhood Support is, “Through strategic partnership and collaboration, the Office of Shared Prosperity and Neighborhood Support will address, prevent and reduce poverty”. Their Vision Statement is, “An accessible city of equitable opportunities for all residents and neighborhoods to prosper”. The approach includes identifying the poverty determinants including Economic Insecurity, Lack of Transportation, Lack of Education & Skills, Physical & Briand Health Conditions, Food Insecurity, Racial Inequity, Bias Towards Poor, Lack of Affordable/Safe Housing &

Neighborhoods, Lack of Childcare & early Learning and Generational & Situational Poverty. While looking at all these poverty determinants, the Office of Shared Prosperity and Neighborhood Support will inform others of data and promising practices to measure and accelerate collective impact. Facilitate collaboration and convene to address poverty, racial equity, and socioeconomic opportunity. Initiate new partnerships and nurture existing ones to advance prosperity. Invest in initiatives that address poverty and enhance neighborhoods.

A core goal of the Equitable Poverty Prevention Plan is self-sufficiency for all individuals and families in Dubuque. The city partners with a number of providers and leads several initiatives to support residents in achieving self-sufficiency, including:

Increasing Income

- Opportunity Dubuque
- Family Self-Sufficiency
- Fountain of Youth
- Dream Center
- Small Business Development Program
- Employment and Empowerment Expo

Building Savings

- Work with local financial institutions to set up Individual Development Accounts
- Promote Bank On Dubuque to increase financial literacy
- Promote the Family Self Sufficiency Program and the escrowed savings account

Acquiring Assets

- Provide direct homeownership assistance to homebuyers

Other

- City Life
- Neighborhood Associations
- Re-Engage Dubuque

Actions planned to develop institutional structure

High performance government is recognized as essential to coordinating effective community development activities. The program areas of administration, housing, neighborhood development and public facilities are designed to ensure all functions perform in a complementary manner to efficiently and effectively use public and private resources to accomplish goals. The data-driven approach to

decision making allows evaluations based on outcomes designed to identify: 1. What did we do? And 2. Who is better off because of our work.

The city will continue to cultivate partnerships with the goal of creating opportunity for residents to access wealth building resources.

Within the institution, steps are being taken to encourage and promote high-performing, fiscally responsible government. This outcome-driven process is focused on data analysis, community engagement, and strategic initiatives designed to support and retain Dubuque's population. Employers in Dubuque are looking for a skilled workforce, and the Housing & Community Development Department has strategically partnered with the private sector to connect unemployed and underemployed populations to training and skills necessary to meet local employer's needs.

Multiple departments continue compiling a data library and develop uniform data collection and tracking systems across departments to more effectively address neighborhood, housing, and economic development concerns identified by citizens and staff. The work being completed by these departments focuses on equity and identifying how the institution can provide more equitable services.

To address housing discrimination, the city took steps to increase staff understanding of fair housing, discrimination, and the history of racism in the community. Fair housing training was completed yearly. Staff from multiple City Departments, including Police Department Staff, attended the training Fair housing training was also provided to specific departments and organizations serving the public with housing needs. New employees, board and commission members receive fair housing training and education within 30 days of beginning service.

Actions planned to enhance coordination between public and private housing and social service agencies

The city has a strong region-wide network of housing and community development partners at the local, county, state and federal level. The city coordinates regular meetings with neighborhood groups, housing providers, and advocacy groups working to promote quality, affordable housing. The Community Development Advisory Commission, Resilient Community Advisory Commission, Equity and Human Rights Commission, and Housing Commission members work to enhance coordination and create strategies for citizen involvement in the planning process. The city requires housing developers seeking city support to hold neighborhood meetings for residents, service providers, businesses, and other impacted populations to learn about the project. This approach allows residents time to learn about the project and has resulted in stronger community support for affordable housing projects.

The city has developed strategies to ensure housing developers relate to the community in which they plan to provide housing, as well as local service providers. Programs seeking city support must demonstrate active public engagement in the planning of the project and demonstrate what support services will be available to residents. Locations of projects are carefully considered to ensure residents

will have access to areas of opportunity relevant to the target population being served. The city actively seeks out federal, state, local, and private sector partners that can meet the range of housing needs across the community.

Discussion:

The City of Dubuque works to be responsive to the needs in the community and continually improves strategies to encourage and support the development of affordable housing. These efforts, in conjunction with opportunities for recreation, art, education, health living environments, and safe, desirable neighborhoods combine to further the city's community development goals.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(l)(1,2,4)

Introduction:

The City of Dubuque will use a yearly period to determine the minimum overall benefit of 100% CDBG benefitting persons of low and moderate income. This will cover FY26/PY25, FY27/PY26, FY28/PY27, FY29/PY28, FY30/PY29.

Community Development Block Grant Program (CDBG)
Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	**0**

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	100.00%

If applicable to a planned HOME TBRA activity, a description of the preference for persons with special needs or disabilities. (See 24 CFR 92.209(c)(2)(i) and CFR 91.220(l)(2)(vii)).

Discussion:

The City of Dubuque will use a yearly period to determine the minimum overall benefit of 100% CDBG benefitting persons of low and moderate income. This will cover FY26/PY25, FY27/PY26, FY28/PY27, FY29/PY28, FY30/PY29.

- Food Access
- Neighborhood & Youth Activities, and etc.

Annually, the City of Dubuque receives approximately $1.3 million in Community Development Block Grant funds (CDBG) funds from the U.S. Department of Housing and Urban Development (HUD) to assist persons of low- and moderate-income; support housing, economic development, neighborhoods, and public services; and meet urgent needs.

Every five years, HUD requires communities that receive CDBG funds to complete a Consolidated Plan, which sets goals and priorities for the funds. The public is invited to participate by completing a short survey at www.citofdubuque.org/cdbgsurvey or by calling 563-690-6094. The survey will be open through November 27, 2024.

The feedback collected will be used by City staff to draft the Consolidated Plan which will determine how CDBG funding is allocated over the next five years.

Additional Comments

Response	Count
Young adults with no direction needing guidance. More awareness on where to get help	1
You need more affordable housing for middle income people. A lot of people are in the middle income that m ake more that than allowed for any rent help.	1
Where is small business development supposed to fit in here? Small businesses, especially brick and morta r, are desperately needed in Dubuque and fulfill specific needs, including in job creation, yet are treated ineq uitably by the City of Dubuque government. How's the city's investment in Duluth trading company working out?	1

What's missing is programs for fathers learning how to stay involved and engaged with their children. Mentoring programs that begin with youths (Jr. High) but continues into adults. Fatherhood, men with godly values will reduce most of those high needs above. Encourage and solicitate churches and faith base agency to lead the way on development. Obvious funding must be allocated to offset time and activities.	1
-What kind of outreach is available for assistance with housing, mental health care, and child care? -Iowa is a low wage state and that certainly doesn't help...especially in light of corporate profits!	1
We should leverage our CDGB grants to create a revolving loan fund to create more housing units for working class people.	1
We really need a roundabout at university Ave and asbury road.	1
We need to get more people working and off of public assistance. They need a purpose and if we give them everything they want more (not everyone). Our senior citizens always seem to be the ones who get screwed over	1
We need signs that say "No Parking. Drop Off Only." These need to be anywhere there is an ability to drop someone off.	1
We need more resources for public safety, police, fire, and EMS. They're equipment and stations, although getting better, look like they need a lot of attention. A recent tour at station 5 makes one wonder how the fire fighters can live with peeling paint in their bunk room.	1
We need housing options for early career professionals to retain the talent our local universities and higher educational institutions are recruiting to Dubuque. We have invested heavily in development of senior centers, car washes, gas stations, and now hotels. We need to address the root of the issue preventing our community from growing - which is the lack of affordable housing in safe neighborhoods with close proximity to amenities. Low income citizens who receiving housing assistance, probably don't have reliable transportation, and access to grocery stores (Walmart specifically). They may have access to Eagles and Hy-Vee, but the prices are not as competitive as Walmart, meaning folks with limited resources are not able to make their budgets cover all of their necessities. We should consider developing a Walmart at the old Pac site, as it would drive revenue and address accessibility issues from citizens living in that area. Additionally, we may see neighbors from smaller communities (Kieler, Cuba City, East Dubuque, etc.) who travel to Dubuque for their essentials, instead of Platteville or Galena. Affordable housing, specifically rental options, are severely lacking in our community.	1
We need an Aldi's or Walmart grocery store within walking distance of downtown for lower cost food options for low income people.	1
We have to create fatherhood programs that engage and encourage dads to partake in their children lives. Family programs must include dads in the participating. Fatherless homes is the main contributor to poverty/ social disparagement.	1

We have plenty of resources for seniors and parks. There are no housing available for people who have vou chers and don't have a place to live. This puts these people on the streets because landlords just choose to not renew a lease. Yet there are plenty of vacant buildings. Why can't those be turned into low income housi ng. Also the bus system could run later so people can get to/from work. People that rely on buses have limit ed availability to find a job because they can only work when the busses run.	1
We definitely need more for our youth in regards for activities. The only baseball field in town doesn't have e nough parking, the complex is in an area that floods easily. Maybe the former soccer fields along JFK and th e Arterial could be used for baseball instead. Families constantly travel out of town for tournaments, let's bri ng families here instead. There isn't even a decent miniature golf course in town for families or our youth to enjoy. The once beautiful Eagle Point park is an embarrassment, bring back the beautiful flower beds, take out the ancient water fountain and put in a splash pad. The park use to be a place for residents and people f rom out of town that would come for views of the river and stay for hours to visit and enjoy a picnic lunch. Th is town has a lot to offer if we utilize what we have.	1
Very high need for more domestic abuse support	1
Update Eagle Point Park features like tennis courts. More for senior citizens	1
Transportation! The city bus schedule makes things inaccessible. People can't get to work or other necessiti es in a timely manner. They can't even access the DMV! It doesn't run on Saturdays, the hours it runs M-F & Sat are not adequate. We should have a free 24/7 bus system. This should be a top priority.	1
Transportation services, assistance to elderly living in their homes who lack familial support, better access t o in-home medical services	1
Too much money given to people able to work. Takes $ from truly needy. Developmental issues don't exclud e people from working. They play video games together everyday.	1
This question might be better phrased to include that which we have a high need for and some access to, b ut there is a lack of quality services. Also, there's plenty of health facilities, but there's many that don't accep t types of insurances. In Dubuque there are only two mental health counselors that accept my insurance an d one is religious-based, the other doesn't respond. There are plenty of senior centers, but some aren't affor dable or offer the quality of care needed.	1
They are all high need, but I choose the ones that were essential needs to survive as high and the rest as lo w, which I guess I would have preferred Highest need and then High need as the categories.	1
There's a lot of programs for people with low incomes, but anyone with a mid-level income is left in the dark in this city. It would be nice if the city would allow us no interest loans to make necessary upgrades to our pr operties or add solar, but since I make a decent living I don't qualify. Just because I make a decent living do esn't mean I couldn't benefit from a program like that instead of having to take out horrible interest loans fro m the bank. Make the community work for everyone. That doesn't exist here now.	1

There seems to be a need for affordable senior housing. $200,000 on up is not affordable in my budget.	1
There is nothing for family recreation. Why not build a huge mini golf course for tourists and residents. Any why not utilize or build little league fields so you can host tournaments on weekends. We need family friendly options in this town. There are none.	1
There is a need for advanced jobs/skilled jobs for those that have not received a college degree.	1
There are so many great intentioned, but duplicated things in our community due to ego. Dream Center and Multi Cultural Family Center if combined could be way more impressive. Community Foundation competes with St. Marks and other non-profits who actually deliver services. Chamber and GDDC and City are all on different planets and reduce impact due to politics. There is a tendency to favor effort over outcome in our collective work. Stop rewarding effort and reward outcomes. Accessible housing and other infrastructure is a major barrier. Appears to be a bias against "the nuclear family" which is the number one indicator of a child's growth, health, and development in a community. We talk about growing the population but don't encourage having children. Housing on north end needs to be addressed. Rip down every other house to give some elbow room and allow for in-fill. Stop letting people put siding over siding over siding; makes everything look cheap. Keep up on being touch on Crime; all of it is imported from Illinois. Housing voucher program should favor residents of Dubuque and Iowans, not people from Oklahoma (literally know of someone living in Oklahoma being approved for a voucher). City needs to be more aggressive with supporting growth and not settling for mediocre. What are we doing to retain lifelong companies? AY McDonald, C&B, HTLF? We spend more time recruiting IBMs at the expense of the vitality of our life long supporters. Also, how do any of us sleep at night knowing that a major revenue source of our "community impact" dollars comes at the exploitation of people with a gambling addiction (DRA?). So sad. We are all ok with supporting and facilitating this addiction as long as pay out a chunk to the local fire station. We can do better. Its no different than selling drugs to addicts as long as the profits go to school.	1
There are all kinds of services and grant programs for people in the city that have low income or large families. There are no grant programs for homeowners who make just enough to get by and want to improve our properties. All of your programs I make way too much money to qualify, yet I don't have the money to be able to do any of the upgrades/fixes I would like to because even though I make a decent living I have debt that comes first (student loans in particular). Just because someone makes a decent living doesn't mean they aren't struggling.	1
The City of Dubuque government needs to stop supporting and incentivizing urban sprawl and tacky casinos (and other fake non-profits) and "districts and corridors" and, instead, work toward a cohesive, connected Dubuque with a clear urban center Downtown. Some cities raze parking lots and put in Apple stores, just saying.	1
Thank you for polling the public :)	1

Thank you for asking for community input. I tried to answer from a perspective other than just my own. Resources Unite provides so much for the community. If there was a way to expand for them or piggyback on their services it would be great.	1
Support for schools! Teachers need support, more trained counselors and protection	1
Stop wasting tax dollars that we work too hard for on nonsense programs and/or supposed needs that don't exist. Start trying to keep our population safe and do your jobs better.	1
Stop squandering tax dollars	1
Spelling. There are two spelling errors on this page alone.	1
Speaking for the Ecumenical Tower area downtown (6th Street and Locust) where residents are senior citizens and people with disabilities, there is NO grocery store within walking. Yes, there are restaurants but who can afford them with incomes of Social Security or Disability? A number of folks cannot take the bus. For those who can take the bus, be ready for a 30-45 minute ride to go from here at 6th and Locust to the HyVee on So. Locust. A bus rider is allowed only 2 bags of groceries/carry-ons. The busstop near HyVee is NOT a covered busstop making it dangerous for senior citizens and people with disabilities, those housed at Ecumenical Tower. Please respond! Sincerely, Josephine Reuter	1
Retail opportunities in North end	1
Public health support, navigating Iowa's system	1
Providers don't work well together, the silos have a detrimental effect for the client.	1
Our top five requests for 211 Information and Referral line continue to be for housing, food scarcity, utility help, brain health and family/community support.	1

One MAJOR issue I see, which is not listed above, is TRANSPORTATION. Taxis and Uber are SO expensiv e. I see it right now as the single most expensive and important barrier between a lot of people who are see king employment. They try to walk everywhere or bike everywhere and in our city it takes forever and is ofte n not safe. For example, my home which is only 1.8 miles from my workplace would take 1 hr. & 45 min. eac h way to walk - and I could not take the bus if I wanted to because bus service ends at 6:00p.m., and 2-3 ni ghts per week I finish work between 7PM-8:30PM. Most immigrants and refugees or TPS seekers who are new to town, or college kids or recent graduates who try to live and work here who are from here or who are foreign-born... NONE of them can afford private reliable transportation or to buy their own car. Many attempt to buy one but we are CONSTANTLY (multiple times a month) getting requests for help with driver's ed cost s - $400/teen or adult, requests for help finding ANY kind of vehicle - so that a person can get to the most co mmon shift jobs they are needed, to work at - such as second shift or third shift at hospitals, factories, hotel s, restaurants, janitorial services, and other places that they wish to apply at. It is an embarrassing and abh orrent burden that we place on people, not having the ability to get an affordable ride to or from work. I know of workers who make what we see as "excellent" wages who have NO choice but to sadly spend nearly 1/3 of their take home pay either on car payments, insurance, gas, etc. - families with a breadwinner making $5 0k or more per year who are having to rely on the food pantry, church giveaways, go into credit card debt, et c., because of the burden of transportation costs to get to and from their job. That is, (IF they can even get a car loan or find a way to save up for a car in the first place...as they need a long-standing good job and payc heck stubs to even be offered credit...which they cannot get without first having a job and way to get there). Re: my comment above in an earlier question - it is difficult to communicate with a lot of local residents, as t hey may not be able to afford a phone plan nor a monthly internet plan - we see that a LOT and we are goin g to get a WhatsApp phone/number as well, like Catholic Charities and other orgs are doing, so that we can serve more people from more income levels, more readily. Right now they are at a great disadvantage and no phone poses a safety risk to them and their roommates or family members, as well as does not allow the m to make or receive calls from schools, potential employers, etc.	1
Neglected Children, Food, Mental Health, Domestic Violence are all things that we see on a regular basis.	1
Need more jobs	1
Need for affordable senior housing. The current price of a condo, duplex, apartment is far above what a retir ee who is living on SS and perhaps a small retirement fund can afford. Or even if they sell their current hom e which may be a small cottage or ranch home will not match today's prices.	1
Most of us need lots of counseling. :) But where are counselors available?	1
Lots of conversations around the general housing need topic. Consensus is that there are some folks in nee d of affordable housing who are not adequately trained or motivated to care for their housing environment. Until that is addressed at a fundamental level, the disparity between tenants and landlords will persist.	1
Less people from Chicago would make Dubuque a better placr	1

It's hard to answer some of the questions unless you're in that specific situation. I can only say what I have noticed with some people that I know. Some have pride and think they can do things on their own.	1
It would make a lot of sense to build a multi-purpose recreational park for public use in the district of 16th St. that used to be Dubuque packing house. That's a lot of wasted space and it has a very prominent access be cause of its location. A simple matter of a perimeter fence and re-landscaping as a public use football or soc cer field or large area for open air on land activities.	1
It is apparent to me that the management of this city is out dated and inept. The best thing that could happe n is we get a new city manager with ability to move us in the right direction. We have infrastructure issues fr om years of inept engineering. We have multiple housing issues that have never been addressed. We have capable staff who could be effective if they had leadership	1
I'm just a citizen; not sure of what value my take is on quantifying any of these things. Opinions such as min e aren't worth much; ground-level data from a community needs assessment seems like it would be infinitel y more valuable.	1
If the persons who are encouraged to reside in Dubuque are able bodied, mentally competent, educated, an d motivated - then the need for public services is lower. Dubuque City and County continually try to grow the ir services to justify bigger government and higher taxes/fees. The citizens of Dubuque want BASIC service s. Government should not be trying to solve every problem that exists in society. EQUAL OPPORTUNITY is the goal NOT EQUAL OUTCOMES.	1
I wish a Moderate Need was available to select. I believe some of the older population has so much pride th ey don't want to ask for assistance. Some may even be shamed because they do seek assistance.	1
I know our city organizations are doing a great deal to improve the lives of all Dubuque residents, but there i s still a long way to go.	1
I find this question difficult to answer. In some categories I believe there is high need while also recognizing that organizations in Dubuque offers significant services to address that need. I've chosen to answer based on my perception of need, regardless of the availability of services.	1
I don't know how you could suggest anything less than high need for all of these. It would probably be better to ask that we rank them, but I'm not sure I have the knowledge and expertise to do that.	1
I couldn't drag and drop the first question. Housing, food banks, jobs, parks	1
I believe we are a resource rich community. We already have SO many of the needed things, but we have a communication/relationship problem. How do we get the community more activated/aware of the available o pportunities. However, there are still many needs that we do not have. Including enough childcare options a nd the city is not built for you if you cannot physically walk and/or drive.	1

I believe there is a need for off-street parking for tenants renting on Loras near Bluff Street.	1
I believe there is a need for affordable childcare for working families.	1
Housing. I am uncertain how the facilities designated for seniors 65+ are doing on occupancy, but I believe conversion to apartments would resolve the housing shortage and rent hikes. I personally live in a small 2 bedroom apartment and pay roughly $1,600 a month in utilities and rent. I have lived there for a year and a half and seen three rent increases without any improvements to the facilities. As a non-Dubuquer and Gen Zer it makes it difficult to stay in this communities when places like Madison and Iowa City would accrue similar costs with may more opportunity.	1
Housing that allows pets. Pets are people's children	1
Housing is being addressed for low income ie. teachers, etc. However, there is not housing for very low income. I know there are difficulties on both sides, tenants and landlords. City hosted a meeting for the 16th Street overpass but it was not accessible. Residents had to cross railroad tracts and it wasn't in walking distance, etc. And it wouldn't have been completed until 7:00pm when it was dark out. I spoke to a City Engineer and he was very thankful for the feedback. He was the head of the department. He took the feedback very positively. Women who are older without children have a difficult time finding shelter. There's places for women and children but not elderly, single women. I use the bus system and it is very bad. They take Sundays off. Saturday is half the time. And holidays and holiday eves are also off.	1
Generally not a fan of surveys like this that attempt to direct spending dollars based on potentially personally-biased perceptions / politically charged understandings of an issue. Hopefully real time community data will balance out survey results. Also concerned that the folks with the time, resources, and interest in competed such a survey are not truly representative of the communities / people that have real world experience in needing the benefits of CDBG funding. No listed in the above could include transportation access/resources or personal mobility, activities that improve neighborhood relations and thus public safety, sustainability / community resilience through climate action, entrepreneurship / small business startup support, arts and culture activities for community relations/civic pride development, and maintaining or improving property value through home improvement / maintenance training.	1
Food deserts - overwhelming & an embarrassment for our city!	1
Food access downtown is non existent! There needs to be a healthy grocery store and healthy food options that are affordable to the population. Trash management is also a need around several downtown neighborhoods- like the north end and Washington conservation district. Trash receptacles are few and far between and often not at bus stops. Litter is frequent.	1

Fight like hell to get the minimum wage raised to a living wage . That will help more people than you can wit h all the ither costly programs , However that will never happen because the intellectual bleeding hearts wo uld find themselves out of a job . For all these other programs that are supposed to help , we seem to be inc reasing the numbers instead of decreasing the number of people needing help . Proof that another approac h is badly needed !	1
Eagle Point Park has a lighting project that has never been completed. The parks need attention around Du buque!	1
Dubuque offers housing vouchers to single mothers, seniors citizens, and people with disabilities but no lan dlord seems to want to accept the housing vouchers. I've been working since the age of 14. Assisting the vu lnerable individuals in our community; people with disabilities, seniors citizens, and children. Now I'm almost 40 years old and I suffer from major back pain and other health issues. I came here from Chicago to help ou t in the community, raise my kid and have a quality of life. Being from Chicago I'm automatically judged. Eve ryone from Chicago isn't being a menace to society. I'm an afraid American woman, law abiding citizen with a good heart trying to make a difference in my community. It's not fair the racism I experience in the workpla ce or out in public.	1
Dubuque is very racist! It seems as if it is getting worse as time goes by! STOP JUDGING PEOPLE BY TH E COLOR OF THEIR SKIN! Not all Black peoples are the same but we can sense the tension because peo ple aren't hiding it!!!	1
Dubuque focuses on attracting minorities and immigrants for low-skilled labor while ignoring or excluding th em from higher-skilled professional opportunities. Ironically, this can lead to greater discrimination by creatin g the impression that minorities are low-potential individuals who strain social services and contribute to cri me, reinforcing the stereotype that immigrants and minorities lack capability. Significant bias exists in hiring, particularly for professional positions. Immigrants and minorities with professional qualifications often have v irtually no chance of securing employment commensurate with their education and abilities. An employer on ce criticized me for having too many minority friends on Facebook, suggesting it would create a negative im pression with the firm's clients. What is uniquely Dubuque, in sharp contrast with major metropolitan areas, i s that immigrants and minorities often face significant barriers to employment, particularly in professional rol es. These barriers can include unconscious bias, lack of recognition of foreign qualifications, and stereotype s about their capabilities. This segmentation perpetuates economic disparities and limits the potential contri butions of a diverse workforce. In summary, this bias indicates a broader issue of workplace discrimination where associations with minority groups are unfairly judged and penalized. Such behavior is likely illegal, bu t enforcement mechanisms are either biased or out of reach for those affected, and employer retaliation aga inst those who stand up for their rights further exacerbates the problem.	1

Community development efforts could be inclusive of small business and commercial property. Dubuque is sorely lacking in small businesses, especially downtown, which is the heart of Dubuque's tourism and is rife with vacant commercial properties. Small businesses do not receive treatment that is remotely equitable to the City of Dubuque's treatment of big businesses and the well-connected and well- liked persons with deep Dubuque roots. Small businesses have a harder time surviving in this community than even non-profits because they lack the revenue that comes from gifts. There are serious reasons that are addressable behind the fact that small businesses with brick and mortar locations are constantly closing in Dubuque, even those with seemingly over 30 successful years in business.	1
Better public transportation	1
As a mom of two little ones, and small business owner, we need more support for small businesses and desperately need more affordable childcare!	1
All of this goes back to jobs. All of these things can be eliminated if people are working. People refuse to work. No need for half of this stuff because it's all self-inflicted.	1
All are very important to a thriving community, although the budget has to be prioritized accordingly to availability of funds.	1
Affordable housing needs to be addressed. The cost of living in Dubuque is insane compared to other areas in Iowa. Landlords and rental management companies are increasing rents to an unjust amount for no just reason, while doing the bare minimum in upkeeping the property.	1
Affordable housing for low-income people is a huge issue in our community. The city needs to take a hard look at how they are administering section 8, as well as how landlords are trained on the benefits of the program. It seems like the can has been kicked down the road several times without any real change happening.	1
Additional items: Education/continuing education - high need Complete streets - high need	1
Access to transportation is a huge factor when it comes to getting services in Dubuque. Yes, RTA will take my patients to the food pantry, but that trip takes up a huge chunk of their day because they are so busy. Lugging bags of food onto RTA and the Jule is also inconvenient and very difficult, especially for elderly people or those with physical disabilities. Having more options for getting food pantry food delivered would be very helpful. Dubuque seems to do very well when it comes to activities and services for children. There is always something going on at the Multicultural Family Center, the library, the Dream Center, the Mississippi River Museum, or the Mines of Spain/Swiss Valley. Most activities in this town seem very centered on kids and families to the point that I've thought about moving because there isn't much for me to do here as a single person other than volunteer work (which I do often) or going to the bars (which I generally avoid).	1
Access to specialty health care, ie surgery, oral surgery, dental care, orthopedics, behavioral health, endocrinology (diabetes care) ophthalmology etc	1

"Low need" is meant to communicate the following: very important issue but there are services currently ava 1
ilable.

Community Development Block Grant (CDBG) Consolidated Plan Focus Group

Agenda

- Introduction
- CDBG Consolidated Plan
- Determining Needs Activity
- Debrief
- Close the Gap

CDBG- What is it?

- Overall goal:
  - Develop viable urban communities by providing:
    - Decent housing
    - Suitable living environment
    - Expand economic opportunities
    - Principally for low- and moderate-income persons

CDBG- Consolidated Plan

Identified Priorities

Housing Needs

- AFH: Fair Housing Education and Outreach
- Analysis of rent increase in Mobile Home Housing
- Accessible housing for Special Needs Population
- Diversified Neighborhoods
- Eliminate Lead Based Paint and other Hazards
- Expand acceptance of HCVs community wide
- Rapid Rehousing
- Homeless- Shelter Beds
- Home ownership Opportunities
- Improve existing owner-occupied structures
- Improve physical environments
- Legal Support and Education on Fair Housing
- Maintain Safety through Code Enforcement
- More Affordable Housing Units
- New Affordable Housing

Non Housing Needs

- Non-Housing Community Needs
- High Speed Internet Access
- Increase Self Sufficiency
- Increasing Social Capital
- Support Services- Employment and Child Care
- Support Services- Employment Wages and income
- Support Services- Human Services
- Support Services- Mental Health & Substance Abuse

2021-2025 CDBG Consolidated 5 Year Plan

Five Year Strategic Goals

Assist the Homeless and At-Risk of Homelessness
Support partners to meet service, rapid rehousing and shelter needs

Support Neighborhood Development and Improvements
Neighborhood initiated projects, clean-ups
Public Infrastructure
Accessibility needs

Assist Special Needs Population
Accessible Housing
Rental Rehabilitation
Accessible Neighborhoods

Neighborhood Youth Services and After Care
After School Care
Summer Camps
Recreational Programs

Develop New Affordable Housing Units
Partnerships, Loans, Tax incentives and policies that encourage affordable housing

Encourage Self-Sufficiency Public/Human Services
Basic Needs
Purchase of Services
Employment Supports that increase real wages

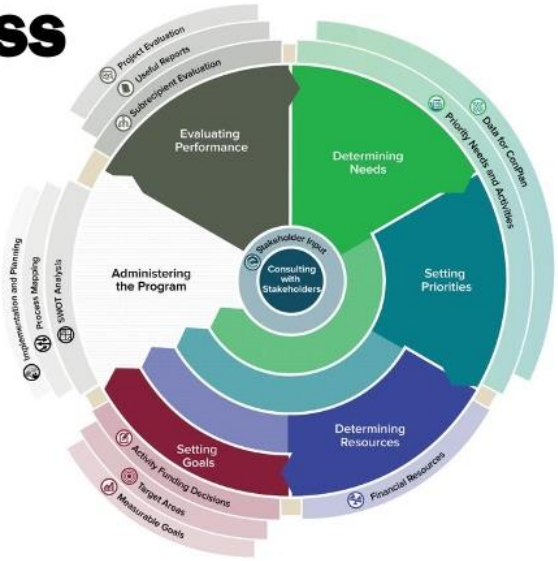
Direct Home Ownership Assistance
Down payments
Loans
First time homebuyer program

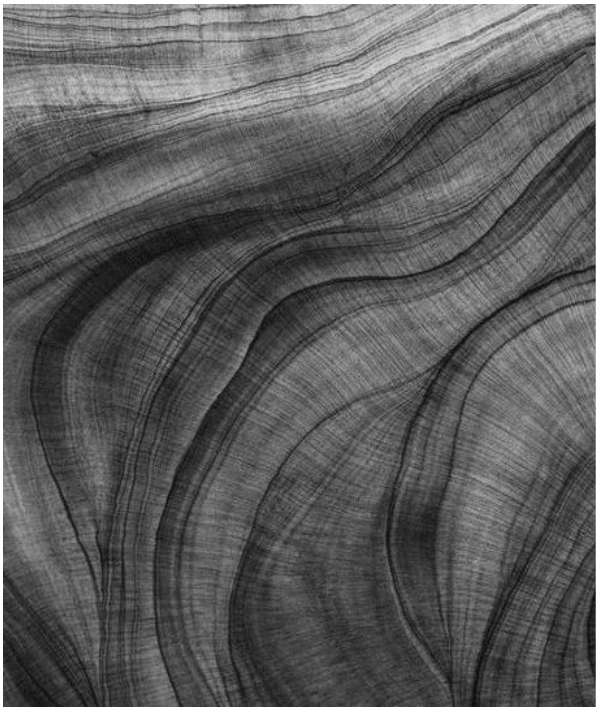
Provide Inspection and Code Enforcement
Code Enforcement Staff
Enforcement initiated clean-ups
Safety and Equality

Advance Equity with Fair Housing Activities
Fair Housing Training
Policy and Administration that promotes equity
Legal Assistance

Maintain Existing Affordable Housing
Acquisition-Rehabilitation
Lead Remediation
Loans

Con Plan Process





Determining Needs Activity

Help us build the Consolidated Plan

CDBG Eligible Activities

- **Economic Development** (job training, start up grants for small businesses)
- **Housing** (homeowner rehab, rental rehab, first time homebuyer program, purchase, rehab, resale)
- **Public Facilities** (park equipment, senior centers, childcare centers, neighborhood health clinics)
- **Public Services** (recreation activities, brain health services, food banks)

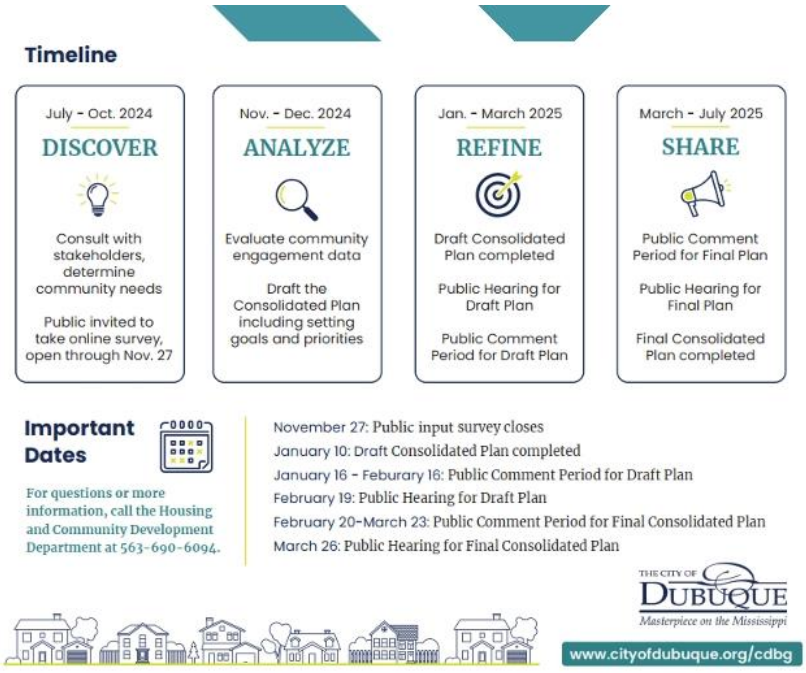
Where are the gaps?

- Each group will start at one "Eligible Activity".
- Think about the "Eligible Activity", the families you work with, and the problems you run into under each activity. What are the problems you can't solve? What are the gaps? Needs?
- Write each problem, gap, and/or need on a post it note.
- 5 minutes for each Eligible Activity and then rotate.
- Parking Lot. If you run into a problem, gap, need that you don't think fits under an Eligible Activity. Post it here.

Debrief

Con Plan Process

Close the Gap



Thank you!

Focus Group- Key Themes according to MSA

1. Challenges with Landlords:
   Reluctance to Take Risks:

Individuals with limited rental history
Those with poor or no credit
Funding to maintain properties.
Non-Acceptance of Vouchers

2. The cost to rent or buy is too high for many.
3. Multigenerational households are not understood.
4. Cultural and communication barriers.
5. More educational opportunities for house buyers, renters, and landlords.
6. More expansive public transportation throughout Dubuque.

Additional Comments
Eagle Point Park has a lighting project that has never been completed. The parks need attention around Dubuque!
There is nothing for family recreation. Why not build a huge mini golf course for tourists and residents. Any why not utilize or build little league fields so you can host tournaments on weekends. We need family friendly options in this town. There are none.
We definitely need more for our youth in regards for activities. The only baseball field in town doesn't have enough parking, the complex is in an area that floods easily. Maybe the former soccer fields along JFK and the Arterial could be used for baseball instead. Families constantly travel out of town for tournaments, let's bring families here instead. There isn't even a decent miniature golf course in town for families or our youth to enjoy. The once beautiful Eagle Point park is an embarrassment, bring back the beautiful flower beds, take out the ancient water fountain and put in a splash pad. The park use to be a place for residents and people from out of town that would come for views of the river and stay for hours to visit and enjoy a picnic lunch. This town has a lot to offer if we utilize what we have.
Most of us need lots of counseling. :) But where are counselors available?

Dubuque offers housing vouchers to single mothers, seniors citizens, and people with disabilities but no landlord seems to want to accept the housing vouchers. I've been working since the age of 14. Assisting the vulnerable individuals in our community; people with disabilities, seniors citizens, and children. Now I'm almost 40 years old and I suffer from major back pain and other health issues. I came here from Chicago to help out in the community, raise my kid and have a quality of life. Being from Chicago I'm automatically judged. Everyone from Chicago isn't being a menace to society. I'm an afraid American woman, law abiding citizen with a good heart trying to make a difference in my community. It's not fair the racism I experience in the workplace or out in public.
We need an Aldi's or Walmart grocery store within walking distance of downtown for lower cost food options for low income people.
This question might be better phrased to include that which we have a high need for and some access to, but there is a lack of quality services. Also, there's plenty of health facilities, but there's many that don't accept types of insurances. In Dubuque there are only two mental health counselors that accept my insurance and one is religious-based, the other doesn't respond. There are plenty of senior centers, but some aren't affordable or offer the quality of care needed.
Better public transportation
I believe there is a need for affordable childcare for working families.
Support for schools! Teachers need support, more trained counselors and protection
Transportation! The city bus schedule makes things inaccessible. People can't get to work or other necessities in a timely manner. They can't even access the DMV! It doesn't run on Saturdays, the hours it runs M-F & Sat are not adequate. We should have a free 24/7 bus system. This should be a top priority.
We need signs that say "No Parking. Drop Off Only." These need to be anywhere there is an ability to drop someone off.
Affordable housing for low-income people is a huge issue in our community. The city needs to take a hard look at how they are administering section 8, as well as how landlords are trained on the benefits of the program. It seems like the can has been kicked down the road several times without any real change happening.
Food deserts - overwhelming & an embarrassment for our city!
I wish a Moderate Need was available to select. I believe some of the older population has so much pride they don't want to ask for assistance. Some may even be shamed because they do seek assistance.
I believe there is a need for off-street parking for tenants renting on Loras near Bluff Street.
Fight like hell to get the minimum wage raised to a living wage . That will help more people than you can with all the ither costly programs , However that will never happen because the intellectual bleeding hearts would find themselves out of a job . For all these other programs that are supposed to help , we seem to be increasing the numbers instead of decreasing the number of people needing help . Proof that another approach is badly needed !
Thank you for polling the public :)
Stop wasting tax dollars that we work too hard for on nonsense programs and:or supposed needs that don't exist. Start trying to keep our population safe and do your jobs better.

Access to specialty health care, ie surgery, oral surgery, dental care, orthopedics, behavioral health, endocrinology (diabetes care) ophthalmology etc
We need more resources for public safety, police, fire, and EMS. They're equipment and stations, although getting better, look like they need a lot of attention. A recent tour at station 5 makes one wonder how the firefighters can live with peeling paint in their bunk room.
Transportation services, assistance to elderly living in their homes who lack familial support, better access to in-home medical services
Housing. I am uncertain how the facilities designated for seniors 65+ are doing on occupancy, but I believe conversion to apartments would resolve the housing shortage and rent hikes. I personally live in a small 2 bedroom apartment and pay roughly $1,600 a month in utilities and rent. I have lived there for a year and a half and seen three rent increases without any improvements to the facilities. As a non-Dubuquer and Gen Zer it makes it difficult to stay in this communities when places like Madison and Iowa City would accrue similar costs with may more opportunity.
You need more affordable housing for middle income people. A lot of people are in the middle income that make more that than allowed for any rent help.
Spelling. There are two spelling errors on this page alone.
If the persons who are encouraged to reside in Dubuque are able bodied, mentally competent, educated, and motivated - then the need for public services is lower. Dubuque City and County continually try to grow their services to justify bigger government and higher taxes/fees. The citizens of Dubuque want BASIC services. Government should not be trying to solve every problem that exists in society. EQUAL OPPORTUNITY is the goal NOT EQUAL OUTCOMES.
All of this goes back to jobs. All of these things can be eliminated if people are working. People refuse to work. No need for half of this stuff because it's all self-inflicted.
Stop squandering tax dollars
Less people from Chicago would make Dubuque a better placr
We need to get more people working and off of public assistance. They need a purpose and if we give them everything they want more (not everyone). Our senior citizens always seem to be the ones who get screwed over

There are so many great intentioned, but duplicated things in our community due to ego. Dream Center and Multi Cultural Family Center if combined could be way more impressive. Community Foundation competes with St. Marks and other non-profits who actually deliver services. Chamber and GDDC and City are all on different planets and reduce impact due to politics. There is a tendency to favor effort over outcome in our collective work. Stop rewarding effort and reward outcomes. Accessible housing and other infrastructure is a major barrier. Appears to be a bias against "the nuclear family" which is the number one indicator of a child's growth, health, and development in a community. We talk about growing the population but don't encourage having children. Housing on north end needs to be addressed. Rip down every other house to give some elbow room and allow for in-fill. Stop letting people put siding over siding over siding; makes everything look cheap. Keep up on being touch on Crime; all of it is imported from Illinois. Housing voucher program should favor residents of Dubuque and Iowans, not people from Oklahoma (literally know of someone living in Oklahoma being approved for a voucher). City needs to be more aggressive with supporting growth and not settling for mediocre. What are we doing to retain lifelong companies? AY McDonald, C&B, HTLF? We spend more time recruiting IBMs at the expense of the vitality of our life long supporters. Also, how do any of us sleep at night knowing that a major revenue source of our "community impact" dollars comes at the exploitation of people with a gambling addiction (DRA?). So sad. We are all ok with supporting and facilitating this addiction as long as pay out a chunk to the local fire station. We can do better. Its no different than selling drugs to addicts as long as the profits go to school.
I don't know how you could suggest anything less than high need for all of these. It would probably be better to ask that we rank them, but I'm not sure I have the knowledge and expertise to do that.
Neglected Children, Food, Mental Health, Domestic Violence are all things that we see on a regular basis.
We have to create fatherhood programs that engage and encourage dads to partake in their children lives. Family programs must include dads in the participating. Fatherless homes is the main contributor to poverty/social disparagement.
The City of Dubuque government needs to stop supporting and incentivizing urban sprawl and tacky casinos (and other fake non-profits) and "districts and corridors" and, instead, work toward a cohesive, connected Dubuque with a clear urban center Downtown. Some cities raze parking lots and put in Apple stores, just saying.
There seems to be a need for affordable senior housing. $200,000 on up is not affordable in my budget.
Additional items: Education/continuing education - high need Complete streets - high need
Food access downtown is non existent! There needs to be a healthy grocery store and healthy food options that are affordable to the population. Trash management is also a need around several downtown neighborhoods- like the north end and Washington conservation district. Trash receptacles are few and far between and often not at bus stops. Litter is frequent.
Lots of conversations around the general housing need topic. Consensus is that there are some folks in need of affordable housing who are not adequately trained or motivated to care for their housing environment. Until that is addressed at a fundamental level, the disparity between tenants and landlords will persist.

Dubuque focuses on attracting minorities and immigrants for low-skilled labor while ignoring or excluding them from higher-skilled professional opportunities. Ironically, this can lead to greater discrimination by creating the impression that minorities are low-potential individuals who strain social services and contribute to crime, reinforcing the stereotype that immigrants and minorities lack capability. Significant bias exists in hiring, particularly for professional positions. Immigrants and minorities with professional qualifications often have virtually no chance of securing employment commensurate with their education and abilities. An employer once criticized me for having too many minority friends on Facebook, suggesting it would create a negative impression with the firm's clients. What is uniquely Dubuque, in sharp contrast with major metropolitan areas, is that immigrants and minorities often face significant barriers to employment, particularly in professional roles. These barriers can include unconscious bias, lack of recognition of foreign qualifications, and stereotypes about their capabilities. This segmentation perpetuates economic disparities and limits the potential contributions of a diverse workforce. In summary, this bias indicates a broader issue of workplace discrimination where associations with minority groups are unfairly judged and penalized. Such behavior is likely illegal, but enforcement mechanisms are either biased or out of reach for those affected, and employer retaliation against those who stand up for their rights further exacerbates the problem.
Speaking for the Ecumenical Tower area downtown (6th Street and Locust) where residents are senior citizens and people with disabilities, there is NO grocery store within walking. Yes, there are restaurants but who can afford them with incomes of Social Security or Disability? A number of folks cannot take the bus. For those who can take the bus, be ready for a 30-45 minute ride to go from here at 6th and Locust to the HyVee on So. Locust. A bus rider is allowed only 2 bags of groceries/carry-ons. The busstop near HyVee is NOT a covered busstop making it dangerous for senior citizens and people with disabilities, those housed at Ecumenical Tower. Please respond! Sincerely, Josephine Reuter
Community development efforts could be inclusive of small business and commercial property. Dubuque is sorely lacking in small businesses, especially downtown, which is the heart of Dubuque's tourism and is rife with vacant commercial properties. Small businesses do not receive treatment that is remotely equitable to the City of Dubuque's treatment of big businesses and the well-connected and well- liked persons with deep Dubuque roots. Small businesses have a harder time surviving in this community than even non-profits because they lack the revenue that comes from gifts. There are serious reasons that are addressable behind the fact that small businesses with brick and mortar locations are constantly closing in Dubuque, even those with seemingly over 30 successful years in business.
I find this question difficult to answer. In some categories I believe there is high need while also recognizing that organizations in Dubuque offers significant services to address that need. I've chosen to answer based on my perception of need, regardless of the availability of services.
I'm just a citizen; not sure of what value my take is on quantifying any of these things. Opinions such as mine aren't worth much; ground-level data from a community needs assessment seems like it would be infinitely more valuable.
I couldn't drag and drop the first question. Housing, food banks, jobs, parks

I believe we are a resource rich community. We already have SO many of the needed things, but we have a communication/relationship problem. How do we get the community more activated/aware of the available opportunities. However, there are still many needs that we do not have. Including enough childcare options and the city is not built for you if you cannot physically walk and/or drive.
I know our city organizations are doing a great deal to improve the lives of all Dubuque residents, but there is still a long way to go.
They are all high need, but I choose the ones that were essential needs to survive as high and the rest as low, which I guess I would have preferred Highest need and then High need as the categories.
Generally not a fan of surveys like this that attempt to direct spending dollars based on potentially personally-biased perceptions / politically charged understandings of an issue. Hopefully real time community data will balance out survey results. Also concerned that the folks with the time, resources, and interest in competed such a survey are not truly representative of the communities / people that have real world experience in needing the benefits of CDBG funding. No listed in the above could include transportation access/resources or personal mobility, activities that improve neighborhood relations and thus public safety, sustainability / community resilience through climate action, entrepreneurship / small business startup support, arts and culture activities for community relations/civic pride development, and maintaining or improving property value through home improvement / maintenance training.
Access to transportation is a huge factor when it comes to getting services in Dubuque. Yes, RTA will take my patients to the food pantry, but that trip takes up a huge chunk of their day because they are so busy. Lugging bags of food onto RTA and the Jule is also inconvenient and very difficult, especially for elderly people or those with physical disabilities. Having more options for getting food pantry food delivered would be very helpful. Dubuque seems to do very well when it comes to activities and services for children. There is always something going on at the Multicultural Family Center, the library, the Dream Center, the Mississippi River Museum, or the Mines of Spain/Swiss Valley. Most activities in this town seem very centered on kids and families to the point that I've thought about moving because there isn't much for me to do here as a single person other than volunteer work (which I do often) or going to the bars (which I generally avoid).
Our top five requests for 211 Information and Referral line continue to be for housing, food scarcity, utility help, brain health and family/community support.
Very high need for more domestic abuse support
Too much money given to people able to work. Takes $ from truly needy. Developmental issues don't exclude people from working. They play video games together everyday.
Update Eagle Point Park features like tennis courts. More for senior citizens
Need more jobs
All are very important to a thriving community, although the budget has to be prioritized accordingly to availability of funds.
There's a lot of programs for people with low incomes, but anyone with a mid-level income is left in the dark in this city. It would be nice if the city would allow us no interest loans to make necessary upgrades to our properties or add solar, but since I make a decent living I don't qualify. Just because I make a decent living doesn't mean I couldn't benefit from a program like that instead of having to take out horrible interest loans from the bank. Make the community work for everyone. That doesn't exist here now.

We should leverage our CDGB grants to create a revolving loan fund to create more housing units for working class people.
It would make a lot of sense to build a multi-purpose recreational park for public use in the district of 16th St. that used to be Dubuque packing house. That's a lot of wasted space and it has a very prominent access because of its location. A simple matter of a perimeter fence and re-landscaping as a public use football or soccer field or large area for open air on land activities.
There is a need for advanced jobs/skilled jobs for those that have not received a college degree.
Affordable housing needs to be addressed. The cost of living in Dubuque is insane compared to other areas in Iowa. Landlords and rental management companies are increasing rents to an unjust amount for no just reason, while doing the bare minimum in upkeeping the property.
Public health support, navigating Iowa's system
"Low need" is meant to communicate the following: very important issue but there are services currently available.
We need housing options for early career professionals to retain the talent our local universities and high educational institutions are recruiting to Dubuque. We have invested heavily in development of senior centers, car washes, gas stations, and now hotels. We need to address the root of the issue preventing our community from growing - which is the lack of affordable housing in safe neighborhoods with close proximity to amenities. Low income citizens who receiving housing assistance, probably don't have reliable transportation, and access to grocery stores (Walmart specifically). They may have access to Eagles and Hy-Vee, but the prices are not as competitive as Walmart, meaning folks with limited resources are not able to make their budgets cover all of their necessities. We should consider developing a Walmart at the old Pac site, as it would drive revenue and address accessibility issues from citizens living in that area. Additionally, we may see neighbors from smaller communities (Kieler, Cuba City, East Dubuque, etc.) who travel to Dubuque for their essentials, instead of Platteville or Galena. Affordable housing, specifically rental options, are severely lacking in our community.
It's hard to answer some of the questions unless you're in that specific situation. I can only say what I have noticed with some people that I know. Some have pride and think they can do things on their own.
Where is small business development supposed to fit in here? Small businesses, especially brick and mortar, are desperately needed in Dubuque and fulfill specific needs, including in job creation, yet are treated inequitably by the City of Dubuque government. How's the city's investment in Duluth trading company working out?

One MAJOR issue I see, which is not listed above, is TRANSPORTATION. Taxis and Uber are SO expensive. I see it right now as the single most expensive and important barrier between a lot of people who are seeking employment. They try to walk everywhere or bike everywhere and in our city it takes forever and is often not safe. For example, my home which is only 1.8 miles from my workplace would take 1 hr. & 45 min. each way to walk - and I could not take the bus if I wanted to because bus service ends at 6:00p.m., and 2-3 nights per week I finish work between 7PM-8:30PM. Most immigrants and refugees or TPS seekers who are new to town, or college kids or recent graduates who try to live and work here who are from here or who are foreign-born... NONE of them can afford private reliable transportation or to buy their own car. Many attempt to buy one but we are CONSTANTLY (multiple times a month) getting requests for help with driver's ed costs - $400/teen or adult, requests for help finding ANY kind of vehicle - so that a person can get to the most common shift jobs they are needed, to work at - such as second shift or third shift at hospitals, factories, hotels, restaurants, janitorial services, and other places that they wish to apply at. It is an embarrassing and abhorrent burden that we place on people, not having the ability to get an affordable ride to or from work. I know of workers who make what we see as "excellent" wages who have NO choice but to sadly spend nearly 1/3 of their take home pay either on car payments, insurance, gas, etc. - families with a breadwinner making $50k or more per year who are having to rely on the food pantry, church giveaways, go into credit card debt, etc., because of the burden of transportation costs to get to and from their job. That is, (IF they can even get a car loan or find a way to save up for a car in the first place...as they need a long-standing good job and paycheck stubs to even be offered credit...which they cannot get without first having a job and way to get there). Re: my comment above in an earlier question - it is difficult to communicate with a lot of local residents, as they may not be able to afford a phone plan nor a monthly internet plan - we see that a LOT and we are going to get a WhatsApp phone/number as well, like Catholic Charities and other orgs are doing, so that we can serve more people from more income levels, more readily. Right now they are at a great disadvantage and no phone poses a safety risk to them and their roommates or family members, as well as does not allow them to make or receive calls from schools, potential employers, etc.
Dubuque is very racist! It seems as if it is getting worse as time goes by! STOP JUDGING PEOPLE BY THE COLOR OF THEIR SKIN! Not all Black peoples are the same but we can sense the tension because people aren't hiding it!!!
What kind of outreach is available for assistance with housing, mental health care, and child care? Iowa is a low wage state and that certainly doesn't help...especially in light of corporate profits!
Retail opportunities in North end
What's missing is programs for fathers learning how to stay involved and engaged with their children. Mentoring programs that begin with youths (Jr. High) but continues into adults. Fatherhood, men with godly values will reduce most of those high needs above. Encourage and solicitate churches and faith base agency to lead the way on development. Obvious funding must be allocated to offset time and activities.
Providers don't work well together, the silos have a detrimental effect for the client.
We really need a roundabout at university Ave and asbury road.
It is apparent to me that the management of this city is out dated and inept. The best thing that could happen is we get a new city manager with ability to move us in the right direction. We have infrastructure issues from years of inept engineering. We have multiple housing issues that have never been addressed. We have capable staff who could be effective if they had leadership

There are all kinds of services and grant programs for people in the city that have low income or large families. There are no grant programs for homeowners who make just enough to get by and want to improve our properties. All of your programs I make way too much money to qualify, yet I don't have the money to be able to do any of the upgrades/fixes I would like to because even though I make a decent living I have debt that comes first (student loans in particular). Just because someone makes a decent living doesn't mean they aren't struggling.
Housing that allows pets. Pets are people's children
Need for affordable senior housing. The current price of a condo, duplex, apartment is far above what a retiree who is living on SS and perhaps a small retirement fund can afford. Or even if they sell their current home which may be a small cottage or ranch home will not match today's prices.
Young adults with no direction needing guidance. More awareness on where to get help
Thank you for asking for community input. I tried to answer from a perspective other than just my own. Resources Unite provides so much for the community. If there was a way to expand for them or piggyback on their services it would be great.
We have plenty of resources for seniors and parks. There are no housing available for people who have vouchers and don't have a place to live. This puts these people on the streets because landlords just choose to not renew a lease. Yet there are plenty of vacant buildings. Why can't those be turned into low income housing. Also the bus system could run later so people can get to/from work. People that rely on buses have limited availability to find a job because they can only work when the busses run,
As a mom of two little ones, and small business owner, we need more support for small businesses and desperately need more affordable childcare!
Housing is being addressed for low income ie. teachers, etc. However, there is not housing for very low income. I know there are difficulties on both sides, tenants and landlords. City hosted a meeting for the 16th Street overpass but it was not accessible. Residents had to cross railroad tracts and it wasn't in walking distance, etc. And it wouldn't have been completed until 7:00pm when it was dark out. I spoke to a City Engineer and he was very thankful for the feedback. He was the head of the department. He took the feedback very positively. Women who are older without children have a difficult time finding shelter. There's places for women and children but not elderly, single women. I use the bus system and it is very bad. They take Sundays off. Saturday is half the time. And holidays and holiday eves are also off.

CDBG Consolidated Plan Focus Group: Determining Needs Activity

	Date: 9/17/2024	
Housing: Community Foundation of Greater Dubuque	**Housing: ECIA**	**Housing: GDDC**
Additional Challenges for Immigrant/Underserved Populations • Reliance on "word of mouth," existing relationships for housing • Communication/cultural barriers • Poor/no credit history • Legal requirements (SSN for background checks) • Fear of reporting poor quality housing • Multigenerational Households	Shelby: Matt White did Gap Analysis for state of Iowa. Many barriers that ppl face are barriers that could be addressed through supportive services. Permanent Supportive Housing or Rapid Rehousing. PSH is what is most needed.	Nic Hockenberry – IFA assessment. Understanding AMI, the demographics in a community. Understanding the housing shortages within those income brackets.
Suggestions From Recent Conversation for BTC 1. Help the City identify a provider that can do background checks without requiring an SSN 2. Creating a template to help individuals (especially Marshallese) easily get their SSN 3. Connecting advocates/service providers with City inspection teams 4. Connecting with landlords, offering translation	There are so many barriers that folks face to getting their foot in the door, getting financially stable and set up, then transitioning to permanent housing. HUD doesn't have any operational PSH programs.	Nic will send PDFs out to Alex. One of the interesting things they highlight. Deficiencies in rental housing in the 0-30% AMI and over 150% AMI are projected to be the shortages.
Suggestions From Recent Conversation for BTC 5. Helping tenants build credit history 6. Conducting a housing assessment a. Detailed assessment (costs money) b. Based on focus groups (possibly University of Iowa) 7. Education for landlords about multigenerational households and incoming families • Working with landlords to understand the context of families		GDDC, they are looking to identify the development opportunities, whether they're looking at LMI or market rate housing, or ideally a mix. Worked with City on adjusting housing incentives moving forward, but it's slow going.

	PSH identifies highest need individuals that need shelter, some programs require that they meet the definition of chronic homelessness.	Lots of programs and best practices for rapid rehousing and PSH, but there are not as many programs/targeted efforts related to those targeted on outside "income eligibility". Need a broader view of what the needs are. Another need is independent senior housing. YES. Right sizing.
	People who need permanent supportive housing are actually in rapid rehousing programs. Rapid Rehousing isn't made for people who need permanent supportive housing so it generally doesn't work.	
1,100 Units by 2030	People who need Rapid Rehousing can't access it because the Permanent Supportive Housing people are taking it. These people are just left with little resources	
Marshall Islands will be largely underwater in the coming 15-20 years. Will we have the housing availability for Marshallese families by that time?	Biggest problem is not having a permanent supportive housing program.	
Are there other things that we can do to contribute to the lack of housing units other than build new units?		
ALICE housing costs are rising steadily		

CDBG Consolidated Plan Focus Group: Determining Needs Activity

Focus Group Title: **Homeless Advisory Coalition**		Date: 9/10/2024	
Economic Development:	**Housing:**	**Public Facilities**	**Public Services:**
Scrubs and steel toes boots available to work	Public/non-profit owned housing stock	Restrooms, Public Showers (staffed)	Public restrooms- open 24/7
Childcare with extended hours (overnight and 2nd shift)	Short-term transitional housing	Community center for Homeless	Substance use- Eval Center, Sobering Facility
Transportation and bus passes (relocation to avaiable job)	Wrap around services	Easily accessible short-term housing for drug users/brain health	Needle Exchange
Ride share	Utilities assistance programs	Before and after school programs (safety)	Narcan
Generally more robust public transportation x2	Permanent Supportive Housing- Housing First, Consolidated Site with Tenant Manager	Affordable Daycare	Community outreach (drug and alcohol)
Affordable college and GED courses, apprentices, support services	Tenant Advocay Group Programs	Satelite care for kids	Local inpatient treatment (MTT/SA)
Supportive services to appropriate job placement and retention	Less Restirctions on Approvals	Expanded brain health services for children	DOT Services in a downtown location
Job placement- Iowa Works tells almost everyone to "just go on the website" and many have technology issues- part of the reason they need help in the first place	Criminal Background Timeline and Leniency	Middle school and older kids to safely "hang out" - affordable and unrestrictive	Bus Stop on the same side of the street as Resources Unite

Client background, criminal record	Deposit Assistance	Expanded low-income sponsorship programs (pool passess, pavilion rentals)	Mobile case management independent of meeting requirements
Public transportation (time of day)	Income Based Housing	Expand existing successful facilities	Incentivized financial literacy programming
Program to place previousily incarcerated people into jobs	All Levels of Income	Bike lankes	Prison/Jail Re-entry services
Many employers do not accept applicants with records	Apartments under $500	Accessable sidewalks, water fountains (drinking) around the city	Accessible Services outside of business hours
Financial Literacy classes	Family Shelters- Keep families together	Bus after 6pm and weekend	24/7 Brain Health Access Center
Financial support for elderly with low SSI	More Shelters	West end needs a "Comiskey"	Food Pantries that deliver
	Emergency Shelter without Sobriety Requirements	Low-income fitness center	Food Patnry- more location and more hours
	Sober Housing	Additional resources for homeless esp. aging	Food Delivery Services
	Buildings Specifically for People on Disability	Senior Center	Thanksgiving dinner
	Housing for older population	Elderly needs more housing close to services	Expansion of existing successful services- food
	# of available units compared to # of citizens		
	Good landlord incentives to take assistance and keep units nice		
	Landlords who accept vouchers		
	# of accessible units, wheel chair, ramps		
	habitable units, up keep, clean, pest free		

	Shitty landlord accountability		
	Support for Landlord/funding for damage		

CDBG Consolidated Plan Focus Group: Determining Needs Activity

Focus Group Title: **Fountain of Youth- Real Talk**		Date: 9/10/2024	
Economic Development:	**Housing:**	**Public Facilities**	**Public Services:**
Criminal Background Check (to apply for job)	Homelessness has increased	Heightened security for public schools, Check points for entry	After School Programs - with parent involvement
Financial Literacy	Cost (rent, buying)	Physical impatient drug facility	Narcan Machines
Credit Knowledge/Understanding - kids and adults	Rent background check/ Criminal Record	After school programs	Big Brother/Big Sister - Mentoring
Programs for release - clothes, hygiene, basic necessities	Don't accept housing choice voucher (single father housing)	State parks for kidsPublic Restrooms	Summer Outdoor Theater
Unemployment/Underemployment - parks and trail maintenance are employment opportunities	DHS - keeps info from one parent, keeps parent away from child sneakily	Public Transportation (elderly)	Gaming Facility - Recreation Center
Advocate Center	not enough housing for people with SSI	Health Clinics (sometimes insurance doesn't care	Portal Pest Control

Benefits -difficult to come by with a two parent household	Medicaid is a road block during application process	Community Gardens (in neighborhoods that need it - food deserts)	Activities for kids
	Don't have any rental history (not going to take a chance on you)	Crime Safety Zones (security booths at parks)	Resources for kids (substance use, behavioral, mental/brain health)
	Bad Credit and/or No Credit (not going to take a chance on you)	Cheaper Nursing Homes (senior centers)	Advocate Center
	Divorced and they have ex as home address (can't prove they live with you)	Life Crisis Center (in-person)	Increase of Perscription Drug Costs
	Housing for Men		Anti Bullying (positive culture) for kids
	Supportive Housing with Services		

CDBG Consolidated Plan Focus Group: Determining Needs Activity

Focus Group Title: **Dubuque Community School District Staff**		Date: 9/11/2024	
Economic Development:	**Housing:**	**Public Facilities**	**Public Services:**
Benefits threshold needs to go up	Landlords aren't taking vouchers of any kind	Affordable Childcare	Mental health supports
Incentives for people to take jobs	People don't know their rights when it comes to eviction	"Night care" childcare for 2nd and 3rd shift	Medical Needs
Childcare assistance - Flexible, Affordable	Lack of organization around organizations that serve the homeless population	Childcare openings	Terapies for adolscents

Reward system for keeping/maintaining jobs	Homeless men and family	Childcare for children with special needs	Medical emotional services for kids
Job assistance/applying/mock interviews	Length of time it takes for applications to go through	Mobile medical centers/partnered with pulblic facilities	Parentsing services/class
Interview closets	Density creating a segregated system	Public water fountains/garbages	Budgeting classes for parents
Paperwork Assistance	Monopoly on landlords	Lack of funding for play spaces that are safe and accesssible	Financial literacy
	More accessible ways for people to buy houses	Lack of public transport to all areas of the city	Awareness of current services: Parent as Teachers, Families First

PUBLIC NOTICE
PUBLIC HEARING FOR CITY OF DUBUQUE HOUSING AND COMMUNITY DEVELOPMENT FY26-FY30 DRAFT CONSOLIDATED PLAN

Notice is hereby given that the City of Dubuque's Community Development Advisory Commission will hold a public hearing on Wednesday, February 19, 2025 during the Community Development Advisory Commission, to commence at 5:30 p.m. at the Multicultural Family Center, 1157 Central Ave, Dubuque, IA 52001. Housing and Community Development Department will hold a 30-day public comment period from Thursday, January 16, 2025-Sunday, February 16, 2025 to comment on the Draft FY26-FY30 Consolidated Plan.

The Commission will consider a Draft Consolidated Plan. A Consolidated Plan is required by the U.S. Department of Housing and Urban Development (HUD) for communities receiving Community Development Block Grant (CDBG) and other federal grants. It is a Five-Year Plan that establishes a unified vision for housing and community development actions using these funds.

At the meeting, the Commission will receive in-person comments from any resident or property owner of said City to the above action. The official agenda will be posted the Friday before the meeting and will contain public input options. The agenda can be accessed at https://www.cityofdubuque.org/822/Community-Development-Advisory-Commissio, or by contacting the Housing and Community Development Department at 563-690-6094, or emailing mdeutsch@cityofdubuque.org. At said time and place of public hearings all interested citizens and parties will be given an opportunity to be heard for or against said proposal.

Written comments regarding the above public hearing may be submitted on or before the time of the public hearing to the City of Dubuque Housing and Community Development Department via email at mdeutsch@cityofdubuque.org or by mail to Housing and Community Development Office, 350 W 6th St, Suite 312, Dubuque, Iowa, 52001 (563-690-6094), or online at https://www.cityofdubuque.org/2678/Community-Development-Block-Grant. At said time and place of public hearing the Commission will receive any written comments received by the Housing and Community Development Department before said time of public hearing.

Copies of supporting documents for the public hearing are on file in the City Clerks Office, City Hall, 50 W. 13th St., Dubuque, IA 52001; Carnegie-Stout Public Library, 360 W. 11th St., Dubuque, IA 52001; Multicultural Family Center, 1157 Central Ave, Dubuque, IA 52001 and may be viewed Monday through Friday between 8:00 a.m. and 5:00 p.m. in the Housing and Community Development Department, 350 West 6th Street, Suite 312, Dubuque Iowa, and online at https://www.cityofdubuque.org/2678/Community-Development-Block-Grant.

Individuals with limited English proficiency, vision, hearing, or speech impairments requiring special assistance should contact the Housing and Community Development office at (563) 690-6094, TDD (563) 690-6678, mdeutsch@cityofdubuque.org as soon as feasible. New Business
a. Hold Public Hearing for Draft Consolidated Plan and FY26 Pre-Allocation Annual Action Plan
Corken-Deutsch requested the Community Development Advisory Commission hold a public hearing on February 19, 2025, at 5:30pm for the FY2026-FY2030 Draft Consolidated Plan and FY26 Pre-Allocation Annual Action Plan. Motion by Commissioner Kehoe to open the public hearing for Draft Consolidated Plan and FY26 Pre-Allocation Annual Action Plan. Seconded by Commissioner Brown. Motion carried 5-0.

Chair Woodyard asked if there were any public comments. No public present to comment.

Corken-Deutsch reported there were no public comments received during the 30-day public comment period prior to the public hearing.

Corken-Deutsch provided a power point presentation of the Consolidated Plan and Annual Action Plan. Some of the comments received from the Commission regarding the plan include the following:

- The cost to rehab and repair households lacking plumbing and kitchen facilities
- How can residents access accessible improvements to the current affordable housing stock because the current affordable housing stock is mostly two-story
    - Accessibility Improvement Program offered in FY26
- Is rental rehab currently part of the FY26 Annual Action Plan?

  - No, but can be offered within the next 5 years due to being apart of 5 year Consolidated Plan
- Are the Recreation Expanding Programs existing subrecipients or new subrecipients?
  - New subrecipients
- What other funding exists to support Housing efforts? Ie. TIF, IFA. What percentage is CDBG contribution to the entire Housing Department's effort?

Motion by Commissioner Boles to close the public hearing for Draft Consolidated Plan and FY26 Pre-Allocation Annual Action Plan. Seconded by Commissioner Brown. Motion carried 5-0.

Motion by Commissioner Kehoe to approve the public hearing for Draft Consolidated Plan and FY26 Pre-Allocation Annual Action Plan. Seconded by Commissioner Campbell. Motion carried 5-0.

b. Set Public Hearing for FINAL Consolidated Plan and FY26 Pre-Allocation Annual Action Plan
Corken-Deutsch provided a memo requesting the Community Development Advisory Commission set a public hearing on March 26, 2025, at 5:30pm for the FY2026-FY2030 Final Consolidated Plan and FY26 Pre-Allocation Annual Action Plan for the use of Community Development Block Grant funds. Motion by Kehoe to set the public hearing for Final Consolidated Plan and FY26 Pre-Allocation Annual Action Plan for March 26, 2025, at 5:30 p.m., and authorize staff to publish public notice of public hearing and public comment period for 30 days from February 19th-March 23rd. Seconded by Commissioner Brown. Motion carried 5-0.

c. Set Public Hearing For FY25 Annual Action Plan Amendment #2-Substantial Amendment
Corken-Deutsch provided a memo requesting the Community Development Advisory Commission set a public hearing on March 26, 2025, at 5:30pm for the attached proposed changes to the FY2025 Annual Action Plan Amendment #2 for the use of Community Development Block Grant funds. Motion by Commissioner Brown to set the public hearing for FY25 Annual Action Plan Amendment #2 March 26, 2025, at 5:30 p.m., and authorize staff to publish public notice of public hearing and public comment period for 30 days from February 19th-March 23rd. Seconded by Commissioner Kehoe.

d. Approve Homeowner Rehab Program and Accessibility Program Loan Terms
There was a group discussion with Commissioners asking about the Homeowner Rehabilitation Loan Program and Accessibility Program, current loan portfolio, the breakdown of programs by division, and clarification of Homeowner Rehabilitation Loan Program Terms. Corken-Deutsch will provide more information and a power point presentation at an upcoming Commission meeting. Motion by Boles to approve Homeowner Rehab Program and Accessibility Program Loan Terms with additional follow up. Seconded by Campbell.

Reports

a. Community Development Programs
Corken-Deutsch referenced memo by Maddy Haverland, Urban Development & Housing Rehabilitation Project Manager, regarding the Community Development Programs Quarterly Updates.

b. Housing Commission
Corken-Deutsch referenced the meeting minutes in the packet. Commissioner Boles had nothing to report.

c. Resilient Community Advisory Commission
Corken-Deutsch referenced the meeting minutes in the packet.

d. **Equity and Human Rights Commission**
Corken-Deutsch referenced the meeting minutes in the packet.

Information Sharing

MINUTES
COMMUNITY DEVELOPMENT ADVISORY COMMISSION
(APPROVED)

a) Review FY26 Purchase of Service Guidelines and Rubric
Corken-Deutsch provided the guidelines and rubric in the packet. No comments from the Commision.

b) Environmental Review Postings
Corken-Deutsch stated Maddy Haverland (Urban Development & Housing Rehabilitation Project Manager) provided information regarding where to find Dubuque's public environmental reviews.

c) CDAC meeting reminder, 4th Wednesday of March 26, 2025
Corken-Deutsch stated the meeting will be held again at the Multicultural Family Center.

d) Basically CDBG-Chapter 11-Financial Management
The commission commended Corken-Deutsch on the financial management of CDBG funds.

Adjournment

There being no further business to come before the Commission, Commissioner Brown moved to adjourn the meeting. Commissioner Kehoe seconded. Motion passed by voice vote. Meeting adjourned at 7:05 p.m.

New Business
a. Hold Public Hearing for Final Consolidated Plan and FY26 Pre-Allocation Annual Action Plan
Corken-Deutsch requested the Community Development Advisory Commission hold a public hearing on March 26, 2025, at 5:30pm for the FY2026-FY2030 Final Consolidated Plan and FY26 Pre-Allocation Annual Action Plan. Motion by Commissioner Mozena to open the public hearing for Final Consolidated Plan and FY26 Pre-Allocation Annual Action Plan. Seconded by Commissioner Kehoe. Motion carried 6-0.

Vice Chair Hinke asked if there were any public comments. No public present to comment.

Corken-Deutsch reported there were no public comments received during the 30-day public comment period prior to the public hearing.

Corken-Deutsch provided a power point presentation of the Final Consolidated Plan and Annual Action Plan. Some of the comments received from the Commission regarding the plan include the following:

- Commissioner Boles asked what the latest date the plan can be submitted?
  - Corken-Deutsch stated August 16, 2025. The City Council must first adopt the plan and then staff must submit the plan to Housing and Urban Development by August 16, 2025.
- Commissioner Boles commented on the HUD housing problem chart, specifically the percentage of total households.
  - Corken-Deutsch stated HUD provides us with the definitions of Housing Problems and she will show a comparative to last 5 year plan at the next CDAC meeting.

- Commissioner Boles added it is hard to support multiple projects with limited funds.
  - Corken-Deutsch stated the Consolidated Plan focuses on housing activities, specifically rehabbing homes at a more rapid pace, adding specialized rehab programs such as roof replacement and accessibility improvements.
- Commissioner Mozena asked if there was any direction from the Federal Government regarding Community Development Block Grant funds.
  - Corken-Deutsch stated that CDBG was in the Continuing Resolution passed on March 15, 2024.
- Commission Mozena and Commissioner Campbell asked why mobile homes were included in the plan.
  - Corken-Deutsch stated per CDP notice, CDBG funds can now be used to rehab mobile homes, also known as manufactured homes. The activity of manufactured home rehab and reconstruction is not written into the FY26 Annual Action Plan but is included in the 5-year plan. There was conversation from commissioners about mobile homes depreciating in value, however, commissioners supported the idea of using funds for rehabbing and reconstructing mobile homes for residents to remain in their home.

Motion by Commissioner Brown to close the public hearing for Final Consolidated Plan and FY26 Pre-Allocation Annual Action Plan. Seconded by Commissioner Mozena. Motion carried 6-0.

Motion by Commissioner Mozena to approve the public hearing for the current Draft Consolidated Plan and FY26 Pre-Allocation Annual Action Plan and recommend staff only make required adjustments per HUD up to the date the City Council adopts the final Consolidated Plan and Annual Action Plan. Seconded by Commissioner Campbell. Motion carried 6-0.

b. Hold Public Hearing for FY25 Annual Action Plan Amendment #2
Corken-Deutsch provided a memo requesting the Community Development Advisory hold a public hearing on March 26, 2025, at 5:30pm for the attached proposed changes to the FY2025 Annual Action Plan Amendment #2. Motion by Commissioner Kehoe to open the public hearing for FY25 Annual Action Plan Amendment #2. Seconded by Commissioner Brown. Motion carried 6-0.

No public present to comment.

Motion by Commissioner Brown to close the public hearing for FY25 Annual Action Plan Amendment #2. Seconded by Commissioner Kehoe. Motion carried 6-0.

Motion by Commissioner Boles to approve the public hearing for FY25 Annual Action Plan Amendment #2 and recommend City Council adopt the FY25 Annual Action Plan Amendment #2. Seconded by Commissioner Campbell. Motion carried 6-0.

c. CDBG Revolving Application – ZTM Sober Living
Corken-Deutsch provided a packet with ZTM Sober Living Application, Amenities and Services Provided, and ZTM Sober Living Budget/Operating expenses. Commissioners discussed application materials, non-profit status, and CDBG funds for acquistion.

Motion by Commissioner Boles to approve CDBG support from ZTM Sober Living in the amount of $26,000.00 for Acquisition of Real Property. Seconded by Commissioner Mozena. Motion carried 6-0.

Corken-Deutsch referenced the meeting minutes in the packet.

Information Sharing

a) Budget Hearing Schedule
Corken-Deutsch provided the date of April 3rd, 2025 at 6:30 p.m. held in the City Council Chambers, also available online to watch virtually.

Adjournment

There being no further business to come before the Commission, Commissioner Kehoe moved to adjourn the meeting. Commissioner Brown seconded. Motion passed by voice vote. Meeting adjourned at 7:05 p.m.

Minutes taken by:

Stacey Weeber
Housing Financial Specialist

Respectfully Submitted:

Mary Bridget Corken-Deutsch
Community Development Specialist

Appendix - Alternate/Local Data Sources

1	**Data Source Name** 2022: ACS 5-Year Estimates Data Profiles
	List the name of the organization or individual who originated the data set. American Community Survey, United States Census Bureau.
	Provide a brief summary of the data set. Data on poverty, economic, race, gender, age, disability, and housing tenure were used to compliment CHAS data. Data is collected by the U.S. Census Bureau every ten years and estimates are subsequently released every year. It is the largest household survey administered by the US Census Bureau sent on a monthly basis to 295,000 addresses monthly.
	What was the purpose for developing this data set? The ACS is an ongoing survey that gathers information previously only available in the decennial census. Data is used by many public and private and not-for-profit stakeholders as the standard for allocating funding, track shifting demographics, and describe local communities.
	Provide the year (and optionally month, or month and day) for when the data was collected. 2018-2022
	Briefly describe the methodology for the data collection. Data is collected by the U.S. Census Bureau every ten years and estimates are subsequently released every year. Approximately 295,000 household surveys are sent out every month, or 3.5 million per year.
	Describe the total population from which the sample was taken. Total population of the United States by Census
	Describe the demographics of the respondents or characteristics of the unit of measure, and the number of respondents or units surveyed. Total population of the United States.
2	**Data Source Name** Vacant and Abandoned Buildings
	List the name of the organization or individual who originated the data set. Housing and Community Development Housing Inspector Supervisor Bob Boge
	Provide a brief summary of the data set. 78 Vacant Buildings and 2 Vacant and Abandoned Buildings

	What was the purpose for developing this data set? Identify vacant and abandoned buildings in the city of Dubuque
	Provide the year (and optionally month, or month and day) for when the data was collected. Information is collected annually, and updated on a monthly basis as properties become vacant for a period of 6 months or longer.
	Briefly describe the methodology for the data collection. Vacant properties require a license and information is collected through licensing and code enforcement.
	Describe the total population from which the sample was taken. Licensed structures within the City of Dubuque.
	Describe the demographics of the respondents or characteristics of the unit of measure, and the number of respondents or units surveyed. NA
3	**Data Source Name** 2016-2020 CHAS Data
	List the name of the organization or individual who originated the data set. US Department of Housing and Urban Development
	Provide a brief summary of the data set. Comprehensive Housing Affordability Strategy (CHAS) demonstrate the extent of housing problems and housing needs, particularly for low income households. Data are available at the state, county, place and census tract level.
	What was the purpose for developing this data set? The CHAS data are used by local governments to plan how to spend HUD funds, and may also be used by HUD to distribute grant funds.
	Provide the year (and optionally month, or month and day) for when the data was collected. 2016-2020
	Briefly describe the methodology for the data collection. Each year the U.S. Department of Housing and Urban Development receives custom tabulations of American Community Survey (ACS) data.
	Describe the total population from which the sample was taken. Total population of the United States by Census.
	Describe the demographics of the respondents or characteristics of the unit of measure, and the number of respondents or units surveyed. Total population of the United States by Census.

4	**Data Source Name** Climate Vulnerability Assessment
	List the name of the organization or individual who originated the data set. paleBLUEdot LLC
	Provide a brief summary of the data set. The 2019 Profile of Iowa, sponsored by the Iowa Finance authority is undertaken annually to continue improving, enhancing, expanding, and making more readily available information about homeownership and rental housing needs in the State that includes some County-wide and City-wide analyses.
	What was the purpose for developing this data set? To better understand Climate Change and Climate Change Vulnerability across the state of Iowa and specifically the City of Dubuque.
	Provide the year (and optionally month, or month and day) for when the data was collected. Fall 2019
	Briefly describe the methodology for the data collection. Climate Vulnerability Assessment has been developed in conjunction with the City of Dubuque's Climate Action Plan update effort. This report seeks to: · Increase awareness of potential climate impacts and population vulnerabilities. · Increase inclusion of climate adaptation dialogue within City planning and decision making processes. · Strengthen adaptive capacity based on the best available information on regional climate change projections and impacts. · Outline priority risks, and vulnerabilities in support of establishing strategies and actions through the Climate Action Planning effort. · Prevent or reduce the risks to populations most vulnerable to the impacts of climate change.
	Describe the total population from which the sample was taken. Iowa, City of Dubuque
	Describe the demographics of the respondents or characteristics of the unit of measure, and the number of respondents or units surveyed. Iowa, City of Dubuque
5	**Data Source Name** Homeless Point-in-Time Study 2025

	List the name of the organization or individual who originated the data set. Community Solutions of Eastern Iowa
	Provide a brief summary of the data set. January 29, 2025 Point in Time Study.
	What was the purpose for developing this data set? This is the required annual point-in-time study to understand the homeless population by counting those in need of shelter on a given day.
	Provide the year (and optionally month, or month and day) for when the data was collected. January 2025
	Briefly describe the methodology for the data collection. Point-in-Time (PIT) Counts are a measure of the number of homeless people on a specific day. The PIT used the census count method and followed HUD standards for the sheltered and unsheltered count.
	Describe the total population from which the sample was taken. Sheltered and unsheltered homeless with in the Coc's geography- here the City of Dubuque metropolitan area.
	Describe the demographics of the respondents or characteristics of the unit of measure, and the number of respondents or units surveyed. Each sheltered and unsheltered person was counted in the winter study. The Community Solutions of Eastern Iowa also conducts a summer point in time study of unsheltered persons. Some area shelters operate seasonally due to funding constraints and close in the summer months.
6	**Data Source Name** 2010 Decennial Census
	List the name of the organization or individual who originated the data set. US Census Bureau
	Provide a brief summary of the data set. Data on poverty, economic, race, gender, age, disability, and housing tenure were used to compliment CHAS and ACS data. Data is collected by the U.S. Census Bureau every ten years. The primary purpose of this dataset is to provide an official population count.
	What was the purpose for developing this data set? Data on poverty, economic, race, gender, age, disability, and housing tenure were used to compliment CHAS and ACS data. Data is collected by the U.S. Census Bureau every ten years. The primary purpose of this dataset is to provide an official population count.

	Provide the year (and optionally month, or month and day) for when the data was collected. 2010
	Briefly describe the methodology for the data collection. Data is collected by the U.S. Census Bureau every ten years. The data collection process starts by first updating address lists, then inviting households to respond online, by mail, or phone, followed by in-person visits to non-responding households, and finally processing and verifying data for accuracy and confidentiality.
	Describe the total population from which the sample was taken. City of Dubuque, Iowa
	Describe the demographics of the respondents or characteristics of the unit of measure, and the number of respondents or units surveyed. The unit of measure is typically the actual number of household or individual, and the census aims to count every person living in the USA regardless of citizenship or legal status.
7	**Data Source Name** Public and Indian Housing Information Center
	List the name of the organization or individual who originated the data set. IMS/PIC is responsible for maintaining and gathering data about all of PIH's inventories of Housing Agencies (HAs), Developments, Buildings, Units, HA Officials, HUD Offices and Field Staff and IMS/PIC Users.
	Provide a brief summary of the data set. PIC allows Housing Authorities to electronically submit information to HUD. The first release was successfully implemented on December 15, 1999 and introduced a flexible, scalable, Internet-based approach which enables Housing Authority users and Department personnel to access a common database of Housing Authority information via their web browser from anywhere. Due to the success of this application, the IMS/PIC technical architecture will continue to be used as the foundation for future PIH systems.
	What was the purpose for developing this data set? The Office of Public and Indian Housing (PIH) developed a state of the art system to improve the submission of information to the Department of Housing and Urban Development (HUD). The IMS/PIC facilitates more timely and accurate exchanges of data between Housing Authorities (HAs) and Local HUD Offices.

	How comprehensive is the coverage of this administrative data? Is data collection concentrated in one geographic area or among a certain population? IMS/PIC centralizes information regarding the monitoring and recovery efforts of Housing Authorities undertaken by the Field or Headquarters Offices. HUD PIH users also require a central repository to view Housing Authority characteristics and contact information. IMS/PIC enables Housing Authorities to update their data online. This allows field personnel to focus on providing assistance to Housing Authorities and reduces the burden of paper submission and data entry. IMS/PIC also enables Local HUD Offices to focus on upholding fair housing practices. IMS/PIC supports the Office of the Inspector General (OIG) requirement for PIH to maintain a detailed audit trail of interactions with Housing Authorities and to track issues to closure.
	What time period (provide the year, and optionally month, or month and day) is covered by this data set? 2025
	What is the status of the data set (complete, in progress, or planned)? Complete
8	**Data Source Name** FY2024 Fair Market Rent Documentation System
	List the name of the organization or individual who originated the data set. US Department of Housing and Urban Development
	Provide a brief summary of the data set. HUD uses 2017-2021 5-year American Community Survey (ACS) estimates of 2-bedroom adjusted standard quality gross rents calculated for each FMR area as the new basis for FY2024, provided the estimate is statistically reliable. For FY2024, the test for reliability is whether the margin of error for the estimate is less than 50% of the estimate itself and whether the ACS estimate is based on at least 100 survey cases. HUD does not receive the exact number of survey cases, but rather a categorical variable known as the count indicator indicating a range of cases. An estimate based on at least 100 cases corresponds to a count indicator of 4 or higher.
	What was the purpose for developing this data set? The HUD data is used by local governments to plan how to spend HUD funds, and may also be used by HUD to distribute grant funds.
	Provide the year (and optionally month, or month and day) for when the data was collected. If an area does not have a reliable 2017-2021 5-year estimate, HUD checks whether the area has had at least 2 minimally reliable estimates in the past 3 years, or estimates that meet the 50% margin of error test described above. If so, the FY2024 base rent is the average of the inflated ACS estimates. If an area has not had a minimally reliable estimate in the past 3 years, HUD uses the estimate for the area's corresponding metropolitan area (if applicable) or State non-metropolitan area as the basis for FY2024.

	Briefly describe the methodology for the data collection. Each year the U.S. Department of Housing and Urban Development receives custom tabulations of American Community Survey (ACS) data.
	Describe the total population from which the sample was taken. Total US households.
	Describe the demographics of the respondents or characteristics of the unit of measure, and the number of respondents or units surveyed. Custom tabulation of housing data from the American community survey data. The ACS is a monthly sampling of approximately 295,000 US households.

FY 26 ANNUAL PLAN
Actual Allocation

FOR USE OF PROGRAM YEAR 2025

COMMUNITY DEVELOPMENT BLOCK GRANT

(CDBG) FUNDS

For Inclusion in the Fiscal Year 2026 City Budget.

PREPARED BY THE CITY OF DUBUQUE HOUSING & COMMUNITY DEVELOPMENT DEPARTMENT

CITY OF DUBUQUE, IOWA
FY 2026 ANNUAL ACTION PLAN
FOR THE USE OF PROGRAM YEAR 2025
COMMUNITY DEVELOPMENT BLOCK GRANT FUNDS

The City of Dubuque distinguishes between four different but complementary areas of program development in its overall CDBG program: Administration, Housing Development, Neighborhood Development, and Public Facilities. The following description of activities summarizes the projects to be completed in the FY 2026 Annual Action Plan with the use of CDBG funds.

RESOURCES

CDBG Entitlement FY 2026 **$1,037,080**

Program Income **$94,868**

Program income projections are based on forecast for loan repayments based on the loan portfolio and program income generated from CDBG funded programs.

TOTAL RESOURCES **$1,131,948**

ADMINISTRATION $226,118

CDBG regulations limit expenditure on planning and administrative funds to 20% of the current year program income plus the current entitlement. The proposed resources for administration support the plan's current requirements.

CDBG Planning, Monitoring, & Budgeting **$115,000**

Staff support for general management. Oversight and coordination of the Community Development Block Grant program; assures compliance with federal regulations and reporting requirements.

Housing & Community Development Administration **$111,118**

On-going staff support for general management, oversight, and coordination of the Community Development Block Grant housing programs.

Priority: High
Objective/Outcome: Provide Decent Affordable Housing/Affordability

HOUSING DEVELOPMENT $800,000

Housing Activities **$250,000**

This project includes residential repair and rehab for low- and moderate-income homeowners and renters. Potential Activities include homeowner rehab, roof replacement, and accessibility improvements.

National Objective: Low- and Moderate-Income Housing
Location: City wide
Proposed Accomplishments: 20 Housing Units
Priority: High
Objective/Outcome: Decent Housing/Affordability

Lead & Healthy Homes Grant Match (2024) **$100,000**

This project includes residential repair and rehab for low- and moderate-income homeowners and renters. Potential activities include lead assessment and lead paint reduction of abatement with forgivable loans to low- and moderate-income residents. This activity is match funding for the Lead and Healthy Homes Grant awarded in FY25.

National Objective: Low- and Moderate-Income Housing

Location: City wide
Proposed Accomplishments: 20 Housing units
Priority: High
Objective/Outcome: Decent Housing/Affordability

Healthy Homes Grant Match (2024) **$100,000**

This project includes residential repair and rehab for low- and moderate-income homeowners and renters. Potential activities include roof replacement with forgivable loans to low- and moderate-income residents. This activity is match funding for the Healthy Homes Grant awarded in FY25.

National Objective: Low- and Moderate-Income Housing
Location: City wide
Proposed Accomplishments: 20 Housing units
Priority: High
Objective/Outcome: Decent Housing/Affordability

Housing Rehabilitation Services and Staff **$150,000**

This project includes staff support for program management activities, technical assistance, and loan packaging for the city's Community Development programs.

Priority: High
Objective/Outcome: Decent Housing/Affordability

CDBG Community Applications **$200,000**

This project includes community applications to support residential repair and rehab for low- and moderate-income homeowners and renters. Potential activities include homeowner rehab and/or rental rehab.

National Objective: Low- and Moderate-Income Housing
Location: City wide
Proposed Accomplishments: 30 Housing Units
Priority: High
Objective/Outcome: Decent Housing/Affordability

NEIGHBORHOOD DEVELOPMENT $105,830

Public Services activities are restricted to 15% of the previous year program income and the current year entitlement. Public Service activities in this plan represent 15% of the proposed expenditures.

Neighborhood Recreation Programs- Public Services **$97,120**

This project includes enhanced recreation programing offered in low- and moderate-income areas and to low and moderate income residents. Potential activities include expanded after-school programs, community partnerships, and scholarships.

National Objective: Low- and Moderate-Income Benefit
Location: City wide
Proposed Accomplishments: 300 Persons
Priority: High
Objective/Outcome: Suitable Living/Accessibility

Zoning Enforcement **$8,710**

This project provides funding for inspection/enforcement staff services to low/mod income areas for zoning ordinance infractions and to provide support for neighborhood clean-up efforts. Potential activities include staff enforcement for zoning ordinance infractions, and/or housing inspection staff.

National Objective: Low- and Moderate-Income Benefit
Location: City wide, Low and Mod Area
Proposed Accomplishments: 100 Housing Units
Objective/Outcome: Suitable Living/Sustainability

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing.

Uniform Relocation Act and Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction’s consolidated plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 75.

Title

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2025 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.

TO: Michael C. Van Milligen, City Manager

FROM: Cori Burbach, Interim Housing and Community Development Director

SUBJECT: Amended Citizen Participation Plan

DATE: May 26, 2025

INTRODUCTION

The purpose of this memorandum is to provide information regarding the recommended Amendment to the Citizen Participation Plan.

BACKGROUND

This Citizen Participation Plan is a revision of a plan adopted by the City of Dubuque, Iowa on September 8, 1992. The Plan reflects changes required by amendments to the Housing and Community Development Act for the Consolidated Plan process. This Plan shall provide for and encourage citizens to participate in the development of the Consolidated Plan and each Annual Action Plan, any substantial amendments to the Consolidated Plan or Annual Action Plan and the annual Performance Report. This Plan follows all requirements of 24 CFR Part 91 Subpart B.

DISCUSSION

Changes proposed provide updates in Section II. Development of the Consolidated Plan and Annual Action Plans, Section III. Amendments to the Consolidated Plan and Annual Action Plans and Section IV. Performance Reports. Most updates provide clarification around where documents can be reviewed. Changes were also made to Section V. Citizen Access to provide more opportunities for residents to access, educate, and inform the Community Development Block Grant program, specifically the Public Input Cover Page and the Public Hearings. The Plan specifically provides opportunity for persons with disabilities, hearing impaired, and/or non-English speaking residents. Lastly, changes to Section VIII. Amendments to Citizen Participation Plan are explicit in this Amended Citizen Participation Plan.

Per our Citizen Participation Plan, interested parties could examine and comment on the contents of FY25 Amended Citizen Participation Plan for at least 30 days from April 16, 2025 to May 16, 2025. The FY25 Amended Citizen Participation Plan was available at the City Clerk's Office, City Hall, 50 West 13th Street, the Housing and Community Development Department, 350 West 6th Street, Suite 312, Dubuque, Iowa and could be

viewed Monday through Friday between 8:00 a.m. and 5:00 p.m., and the City Website at www.cityofdubuque.org/housing.

Individuals with limited English proficiency, vision, hearing, or speech impairments requiring special assistance were able to contact the Community Development Specialist. Deaf or hard-of-hearing individuals were able to use Relay Iowa by dialing 711 or (800) 735-2942. Written comments regarding the public hearing were able to be submitted on or before the time of the Public Hearing. During the Public Hearing, in-person and virtual comments from any resident or property owner of said City to the above action can occur. No public comments were submitted. The Community Development Advisory Commission approved this Amendment at their May 21, 2025 meeting.

RECOMMENDATION

I respectfully request the City Council approve the attached resolution adopting the Amended Citizen Participation Plan as recommended by the Community Development Advisory Commission.

Prepared by: Mary Bridget Corken-Deutsch, Community Development Specialist

Prepared by Mary Bridget Corken-Deutsch, Community Development Specialist, 350 W. 6th St, Dubuque, IA 52001, (563) 690-6094
Return to Adrienne N. Breitfelder, City Clerk, 50 W. 13th St., Dubuque, IA 52001, (563) 589-4100

RESOLUTION NO. ___-25

A RESOLUTION ADOPTING THE AMENDMENT OF THE CITIZEN PARTICIPATION PLAN FOR THE COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM.

Whereas, the City of Dubuque, through a public meeting proposed the Amended Citizen Participation Plan for the Community Development Block Grant Program; and

Whereas, the Community Development Advisory Commission held a public meeting on May 21th, 2025 to receive community input on the Amended Citizen Participation Plan for the Community Development Block Grant Program; and

Whereas, the Community Development Advisory Commission unanimously recommended the City Council approve the Amended Citizen Participation plan for the Community Development Block Grant Program on May 21th, 2025.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. That the Amended Citizen Participation Plan for the Community Development Block Grant Program, attached hereto and by this reference made a part hereof, is hereby adopted.

Section 2. The City Manager or his designee of the City of Dubuque is hereby authorized to direct staff to implement the Amended Citizen Participation Plan for the Community Development Block Grant Program based on this adopted Plan.

Passed, approved, and adopted this 2nd day of June 2025.

- 24 CFR Part 91 Subpart B

Section I. Introduction

This CITIZEN PARTICIPATION PLAN (the "Plan") is a revision of a plan adopted by the City of Dubuque, Iowa (the "City") on September 8, 1992. This Plan reflects changes required by amendments to the Housing and Community Development Act for the Consolidated Plan process. This Plan shall provide for and encourage citizens to participate in the development of the Consolidated Plan and each Annual Action Plan, any substantial amendments to the Consolidated Plan or Annual Action Plan and the annual Performance Report. This Plan follows all requirements of 24 CFR Part 91 Subpart B (Appendix I).

The Consolidated Plan and each year's Annual Action Plan guide the City's use of Community Development Block Grant (CDBG), HOME, and other federal funds which are made available from the U.S. Department of Housing and Urban Development (HUD). The Performance Report provides an assessment of funds expended and a quantitative analysis of program or project outcomes. This entire Consolidated Plan process shall be integrated into the City's overall yearly goal setting and budget process and shall provide for citizen access designed to encourage participation by low- and moderate-income persons, as well as the general public.

The City Community Development Advisory Commission, as provided in Chapter 15 of the City Code, shall sponsor the Consolidated Plan process and shall ensure that this Citizen Participation Plan is followed by the City. The Community Development Advisory Commission shall work with the City Housing Commission and other appropriate City Boards or Commissions in the development of the Consolidated Plan and Annual Action Plan.

Section II. Development of the Consolidated Plan and Annual Action Plans

The Community Development Advisory Commission will hold a series of public meetings and public hearings during the development of the Consolidated Plan and/or Annual Action Plan that would include identification of community housing and non-housing needs, prioritization of needs, strategy development to meet identified needs and budget recommendations to implement those strategies. Citizen access opportunities, as identified in Section V of this Plan, shall be utilized to increase participation in Consolidated Plan development.

In the case of a draft Consolidated Plan and/or Annual Action Plan, a summary of the draft Consolidated Plan and/or Annual Action Plan shall be available for review and distribution as outlined in Section V of this Plan, prior to the commencement of the 30-day public comment period.

In the case of a draft Consolidated Plan and/or Annual Action Plan, **following a 30-day public comment period,** the Community Development Advisory Commission shall hold at least one public hearing as outlined in Section V of this Citizen Participation Plan.

In the case of a final Consolidated Plan and/or Annual Action Plan, the final Consolidated Plan and/or Annual Action Plan shall be available for review and distribution as outlined in Section V of this Plan, prior to the commencement of the 30-day public comment period.

In the case of a final Consolidated Plan and/or Annual Action Plan, **following a 30-day public comment period**, the Community Development Advisory Commission shall hold a public hearing as outlined in Section V of this Citizen Participation Plan.
The final Consolidated Plan and/or Annual Action Plans shall be approved by the Community Development Advisory Commission and forwarded to the City Manager. The City Manager shall forward his or her

recommendation to the City Council, along with the Commission's recommendation, for final action. The City Council shall adopt the Consolidated Plan and/or Annual Action Plan by Resolution prior to submission to HUD.

Any public comments received during the comment period or at the public hearings, written or orally, shall be considered, summarized, and attached to the Consolidated Plan and/or Annual Action Plan prior to submission to HUD. This shall include a summary of any comments or views not accepted and the reasons therefore.

The complete final document shall be available for review as outlined in Section V of this Plan.

Section III. Amendments to the Consolidated Plan and Annual Action Plans

Amendments to the Consolidated Plan and/or Annual Action Plan shall be required whenever the City seeks to:

a) make a change in its allocation priorities or a change in the method of distribution of funds;
b) carry out an activity, using funds from any program covered by the Consolidated Plan, not previously described in the Annual Action Plan; or
c) change the purpose, scope, location or beneficiaries of an activity.

Amendments shall be categorized as "substantial" or "non-substantial". "Substantial" amendments shall mean:

a) Any change in the purpose, scope, location or beneficiaries of an activity;
b) The addition of any activity not previously described in the Annual Action Plan, unless its addition is a result of an increase of less than 10% of total funding and anticipated Program Income for the year;
c) The deletion of any activity in the Annual Action Plan, unless its deletion is a result of a decrease of less than 10% of total funding and anticipated Program Income for the year;
d) Any change reflecting the increase or decrease of more than 10% of total funding and anticipated Program Income for the year;
e) Any increase or decrease in allocation priorities defined as:
    a. 50% change in the project, if the project is funded at 50,000 or less.
    b. 25% change in the project if the project is funded at 50,001 or more.
f) Any application for M108 funding.

All other amendments shall be considered "non-substantial". Non-substantial amendments shall be approved by the Community Development Advisory Commission and forwarded to the City Manager. The City Manager shall forward his or her recommendation to the City Council, along with the Commission's recommendation, for final action. The City Council shall adopt the "non-substantial" amendment by Resolution.

In the case of substantial amendment, the substantial amendment shall be available for review and distribution as outlined in Section V of this Plan, prior to the commencement of the 30-day public comment period.

In the case of substantial amendment, **following a 30-day public comment period**, the Community Development Advisory Commission shall hold a public hearing as outlined in Section V of this Citizen Participation Plan.

The substantial amendment shall be approved by the Community Development Advisory Commission and forwarded to the City Manager. The City Manager shall forward his or her recommendation to the City

Council, along with the Commission's recommendation, for final action. The City Council shall adopt the substantial amendment by Resolution prior to submission to HUD. Amendments shall be submitted to HUD as each occurs or at the end of the program year.

Any public comments received during the comment period or at the public hearing, written or orally, shall be considered, summarized, and attached to the substantial amendment prior to submission to HUD. This shall include a summary of any comments or views not accepted and the reasons therefore.

The complete final substantial amendment shall be available for review as outlined in Section V of this Plan.

Section IV. Performance Reports

A Performance Report identifies the final budget expenditure and performance results for each Annual Action Plan activity from the currently completed program year and any outstanding activities from prior program years.

Performance Reports shall be submitted to HUD within 90 days after the close of the City's CDBG program year. The City's program year corresponds to the City's fiscal year which runs from July 1 to June 30 of each year. A Performance Report shall be submitted to HUD by September 30. The Performance Report will include successes and challenges regarding activities with Section V Citizen Access.

In the case of a Performance Report, a summary of the Performance Report shall be available for review and distribution as outlined in Section V of this Plan, prior to the commencement of the 15-day public comment period.

In the case of a Performance Report, the Community Development Commission shall, following a **15-day public comment period**, hold a public hearing as outlined in Section V of this Plan.

The Performance Report shall be approved by the Community Development Advisory Commission and forwarded to the City Manager. The City Manager shall forward his or her recommendation to the City Council, along with the Commission's recommendation, for final action. The City Council shall adopt the Performance Report by Resolution prior to submission to HUD.

Any public comments received during the comment period or at the public hearing, written or orally, shall be considered, summarized, and attached to the Performance Report prior to submission to HUD. This shall include a summary of any comments or views not accepted and the reasons therefore.

The complete Performance Report shall be available for review as outlined in Section V of this Plan.

Section V. Citizen Access

Outreach Efforts

The City is committed to making reasonable and timely access to the needs assessment, strategy development, and budget recommendation process of the Consolidated Plan and/or Annual Action Plans possible for all members of the community, especially low and moderate income persons. The following outreach efforts are illustrative of measures that may be taken as appropriate to provide citizen access to the Consolidated Plan process. Failure to use any one of these shall not be considered a violation of this Plan.

Mailing List: Develop a comprehensive mailing/emailing list of interested parties, public and private agencies that provide assisted housing, health services and social services and use to send summary information and public hearing or comment period notices.

Targeted Survey: Survey service providers, community agencies, and key stakeholder prior to Consolidated

Plan and/or Annual Action Plan development for information regarding community needs, existing services to meet those needs, and their assessment of any gaps in meeting those needs, including new strategies to address outstanding needs.

CityChannel Dubuque: Create and run public service announcements about the CDBG program and Consolidated Plan and/or Annual Action Plan process to inform, educate, and promote citizen participation.

Neighborhood Associations: Invite neighborhood groups to inform, educate and participate in planning and implementation efforts.

Community Events- Engage with residents at community events to meet residents where they are and gather information to inform and develop Consolidated Plan and/or Annual Action Plan**.**

Church Bulletins: Publicize public comment and public hearing participation opportunities through this medium, especially in churches located in the low/mod income area.

Partner meetings: Engage with stakeholders from public and private agencies to assist with the development, planning and implementation of Consolidated Plan and Annual Action Plans**.**

Educational Institutions: Engage with area K-12 schools and higher education institutions to engage students and parents of all ages. This may include sharing information via newsletters and PTO groups, attending fairs at colleges and universities, and engaging directly with school administration and students.

CDBG Week: Use this national recognition week to promote local success stories related to CDBG funding. This may include awards, special project open houses, keynote speakers and neighborhood walks with City Council members or other promotion activities.

Print Media: Publicize the proposed Consolidated Plan and/or Annual Action Plan during the 30-day comment period between draft publication and final publication.

All Media: Use media releases, video and online posts, social media, and news and radio to promote the Consolidated Plan and/or Annual Action Plan process and citizen participation opportunities throughout the CDBG program year.

City Website: Use this electronic format to publicize public hearing participation opportunities and to highlight the Consolidated Plan and/or Annual Action Plan development, implementation, and monitoring process.

Public Input Cover Page: Use Public Input One Pager on the cover of any documents that are out for public comment. The Public Input One Pager explains CDBG funds and uses a QR code to encourage the public to comment on the corresponding document in real time.

Public Meetings

The Community Development Advisory Commission shall hold regular monthly public meetings in the Housing Conference Room, Historic Federal Building, 350 West 6th Street, Room 250, Dubuque, Iowa 52001, unless otherwise determined and proper notice given. These meetings shall be used for regular Commission business and when a public hearing is not necessary.

Notice of public meetings shall be sent to all media in accordance with the Iowa Open Meetings Law and shall be posted on the City Clerk's Bulletin Board located on the First Floor of City Hall, 50 W. 13th Street, Dubuque, Iowa 52001 and Housing and Community Development office, Historic Federal Building, 350 West 6th Street, Suite 312, Dubuque, Iowa 52001

Minutes shall be taken of all public meetings and shall be available for public review at the Housing and Community Department, 350 West 6th Street, Suite 312, Dubuque, Iowa 52001 during regular working hours.

All meetings shall be accessible to persons with disabilities, and, upon adequate notice and subject to the availability of assistance, a translator shall be provided for hearing impaired or non-English speaking

residents.

Public Hearings

The Community Development Advisory Commission shall hold public hearings as required by the Consolidated Plan and/or Annual Action Plan process, at times and locations appropriate and convenient for maximum public participation. The Commission shall attempt to hold these hearings at their regularly scheduled meeting time and place. Alternate dates, times and locations may be used as necessary.

Notice of all public hearings shall be published in the official newspaper as designated by the City Council. The notice shall include the time, day, and date of the hearing, its location, a general statement regarding its purpose, date references for comment periods with the listed start and end date (30 days for substantial amendment, Annual Action Plans, and Citizen Participation Plan Amendment, 15 days for CAPER) and any other more specific information required by the Consolidated Plan and/or Annual Action Plan, amendments, Performance Report or Citizen Participation Plan Amendment. Notices shall also be sent to all media in accordance with the Iowa Open Meetings Law.

Minutes shall be taken of all public hearings and shall be available for public review at the Housing and Community Development Department, 350 West 6th Street, Suite 312, Dubuque, Iowa 52001 during regular working hours.

All meetings shall be accessible to persons with disabilities and, upon adequate notice and subject to the availability of assistance, a translator shall be provided for hearing impaired or non-English speaking residents.

Information and Records Availability

The Consolidated Plan [as proposed, adopted or amended], Performance Reports and this Citizen Participation Plan shall be available in print format for public review during regular working hours at the following locations:

City Clerk's Office
50 W. 13th Street
Dubuque, Iowa 52001
563-589-4120

Housing and Community Development Department
350 West 6th Street
Suite 312
Dubuque, Iowa 52001
563-589-4230

Carnegie-Stout Public Library
Reference Desk
360 West 11th Street
Dubuque, Iowa 52001
563-589-4227

Multicultural Family Center
1157 Central Ave
Dubuque, Iowa 52001
563-582-3681

Additional information is available for public review in print format at the offices of the Housing and Community Development Department during regular working hours and includes:

a) amount of assistance the City expects to receive (including grant funds and program income);
b) the range of eligible activities that may be undertaken;
c) the estimated amount of funds anticipated to benefit low and moderate income persons;

d) the adopted Uniform Relocation Act which regulates public responsibility and actions associated with the displacement of persons resulting from a HUD-funded project; and
e) records relating to the Consolidated Plan and the City's use of assistance during the preceding five (5) years.
f) HUD-provided data and any other supplemental information incorporated into plans

This information shall be provided in a format accessible to persons with disabilities, upon adequate notice.

Requests for additional information may be made to the Director of Housing and Community Development at the address and phone listed above. A response shall be provided within fifteen (15) working days of receipt of the request, where practicable.

Summary materials regarding the Consolidated Plan and/or Annual Action Plan, amendments and Performance Reports shall be available without charge. A reasonable number of free copies of the entire Consolidated Plan shall be made available to citizens and groups upon request. Photocopier charges and miscellaneous charges for other related services and materials shall be assessed in accordance with the City's Administrative Policies.

Technical Assistance

Technical assistance shall be provided to groups representative of persons of low and moderate income that request such assistance in developing proposals for funding under any of the activities covered by the Consolidated Plan. The level and type of assistance provided shall be on a case-by-case basis as determined by the City Manager or his or her designee and shall be subject to budgeted resources authorized by the City Council.

Activity Promotion

After the adoption of each Annual Action Plan by the City Council, activities funded in the plan shall be actively promoted to ensure full access to and utilization of funds as budgeted. The Housing and Community Development Department shall have primary responsibility for activity promotion; however, other City departments and subrecipients shall be responsible for ensuring reasonable and timely promotion and access to the projects, programs and services made possible by CDBG and other HUD funding.

Section VI. Complaints

Complaint Procedure

Citizen complaints related to the Consolidated Plan, amendments and/or Performance Report shall be handled in the following manner:

a) The Director of the Housing and Community Development Department shall accept complaints at any time during the course of the CDBG program year. Although verbal complaints will be accepted, only written complaints will be responded to in writing.

b) Written complaints, filed in writing, either electronically via the City's web site, or on paper by mail, fax, or e-mail, shall contain a concise statement of the complaint and an explanation of the action desired. The form attached to this Citizen Participation Plan may be used as a template for complaint(s).

c) Complaints shall be investigated and responses to written complaints shall be made within fifteen (15) working days after a complaint is received.

d) Copies of the complaint and the response shall be forwarded to the City Manager and the Community Development Advisory Commission.

Should the complainant not be satisfied with the response, the aggrieved person(s) shall:

e) File the complaint with the City Manager, City Hall, 50 W. 13th Street, Dubuque, Iowa 52001.

Complaints must be received by the City Manager within one (1) year of the alleged occurrence.

f) Complaints shall be filed in writing and shall contain a concise statement of the complaint, an explanation of the action desired and the reason for dissatisfaction with the initial response.

g) The City Manager shall forward the complaint to the Community Development Advisory Commission.

h) The Community Development Advisory Commission shall, at its next regularly scheduled meeting, set a date for a hearing. The aggrieved person(s) shall be notified in writing of the time and place of the hearing. If a complaint is resolved prior to the date of the hearing, the aggrieved person(s) shall request in writing that the complaint be withdrawn.

i) The Community Development Advisory Commission shall conduct a hearing to review the filed complaint. The hearing shall be open to the public. The aggrieved person(s) may appear in person, by agent or by attorney. All persons wishing to appear before the Commission shall have an opportunity to be heard. Minutes shall be kept of the proceedings of the hearing.

j) The Community Development Advisory Commission shall forward its recommendation, in writing, to the City Manager within ten (10) working days following the hearing.

k) The City Manager shall receive and review the recommendation of the Community Development Advisory Commission and shall respond to the aggrieved person(s) within ten (10) working days of the receipt of the recommendation. The Community Development Advisory Commission shall be advised of the action of the City Manager.

Standards for Review

The Community Development Advisory Commission, in its review of the complaint, shall be guided by standards set by HUD under Title I of the Housing and Community Development Act of 1974, as amended, the Code of Ordinances of the City of Dubuque, Iowa and the City's Administrative Policies.

Opportunity for Appeal

If the aggrieved person(s) is unsatisfied with the response of the City Manager, an appeal may be made to the City Council. Such an appeal shall be filed, in writing, with the City Clerk, City Hall, 50 W. 13th Street, Dubuque, Iowa 52001. The appeal shall be forwarded by the City Clerk to the City Council. The Council may, at its discretion, hold a hearing to consider the concerns of the aggrieved person(s).

Upon the completion of their review of the appeal, the City Council shall move to 1) accept the response of the City Manager; or 2) modify the response of the City Manager; or 3) return the complaint to the City Manager for further review.

If the outcome of such an appeal is unsatisfactory, the aggrieved person(s) may file a written appeal with HUD. Correspondence with HUD should be directed to the Community Planning and Development Division, Omaha Office Region VII, Executive Tower, 10909 Mill Valley Road, Omaha, Nebraska, 68154-3955.

Section VII. Anti-Displacement and Relocation Assistance Plan

It is the policy of the City to comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 as amended (URA); the government-wide URA regulations at 49 CFR Part 24, revised section 104 (d) of the Housing and Community Development Act of 1974, as amended; and the final rule at 24 CFR 570.606.

As required under section 104 (d) of the Act, the City will follow a residential anti-displacement and relocation assistance plan providing one-for-one replacement of units [(570.606 (c)(1)]. Consistent with other goals and objectives of the CDBG, HOME, and other funds made available through HUD, the City will comply with its Anti-Displacement/Relocation Policy to minimize the displacement of persons from their homes as a result of any activities assisted under the programs.

Relocation assistance will be provided to each low/moderate income household displaced by the demolition of any housing unit or by the conversion of a low/moderate income dwelling to another use, occurring as a direct result of assisted activities. Persons will be provided assistance as described in 570.606(c)(1) or as described in the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.

A copy of the Local Anti-Displacement and Relocation Policy can be obtained from the City of Dubuque Housing & Community Development Department.

Section VIII. Amendments to Citizen Participation Plan

The Citizen Participation Plan may be amended following a 30-day public comment period. An Amended Citizen Participation Plan shall be available for review and distribution as outlined in Section V of this Plan, prior to the commencement of the 30-day public comment period.

In the case of an Amended Citizen Participation Plan, **following a 30-day public comment period,** the Community Development Advisory Commission shall hold at least one public hearing as outlined in Section V of this Citizen Participation Plan.

The Amended Citizen Participation Plan shall be approved by the Community Development Advisory Commission and forwarded to the City Manager. The City Manager shall forward his or her recommendation to the City Council, along with the Commission's recommendation, for final action. The City Council shall adopt the Amended Citizen Participation Plan by Resolution.

Any public comments received during the comment period or at the public hearings, written or orally, shall be considered, summarized, and attached to the Amended Citizen Participation Plan prior to the approval of the Community Development Advisory Commission. This shall include a summary of any comments or views not accepted and the reasons therefore.

The complete final document shall be available for review as outlined in Section V of this Plan.

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Delegation of Authority for Environmental Certifying Officer in accordance with 24 CFR Part 58

DATE: May 28, 2025

Assistant City Manager and Interim Housing & Community Development Director Cori Burbach is recommending that City Council approve the delegation of the responsibilities of the Certifying Officer under HUD regulations to the acting Housing and Community Development Director. This delegation would remain until revoked by Mayor Brad Cavanagh or the end of his term.

I concur with the recommendation and respectfully request Mayor and City Council approval.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: Michael C. Van Milligen, City Manager

FROM: Cori Burbach, Assistant City Manager and Acting Housing and Community Development Director

SUBJECT: Delegation of Authority for Environmental Certifying Officer in accordance with 24 CFR Part 58

DATE: May 27, 2025

Introduction
The City of Dubuque Housing and Community Development Department is a recipient of multiple streams of funding from the U.S. Department of Housing and Urban Development (HUD). These funds are subject to environmental review, decision-making, and action responsibilities under the National Environmental Policy Act (NEPA) and 24 CFR Part 58, “Environmental Review Procedures for Entities Assuming HUD Environmental Responsibilities”.

Discussion
The Certifying Officer (CO) is an important role for environmental review and compliance and defaults to the highest-ranking official in a jurisdiction, which in the City of Dubuque, is Mayor. The CO authorizes requests for release of funds upon completion of Environmental Reviews under 24 CFR Part 58, as well as accepting on behalf of the City of Dubuque the jurisdiction of the federal courts for the enforcement of all these responsibilities. Therefore, it is essential that the CO understands the responsibilities provided in 24 CFR Part 58, its related Federal authorities listed in Sections 58.5 and 58.6, as well as Section 102 of NEPA and its related provisions in 40 CFR Parts 1500-1508.

Delegation of the CO role from the Mayor to the Housing and Community Development Department Director, Alexis Steger, was authorized in January 2022 to provide a safeguard to the City, as the Housing and Community Development Department (HCDD) Director is familiar with HUD’s regulations governing environmental compliance. Additionally, the HCDD Director is readily available to certify Environmental Review Records, Requests for Release of Funds, and other documents requiring certification. This expedites approval timelines and allows for faster service delivery to the community.

Due to the time-sensitive nature of Environmental Reviews and their importance to project progress, it is necessary to assign this responsibility to the individual acting in the role of the Housing and Community Development Department Director.

Recommendation
I respectfully request the authority to carry out the responsibilities of the Certifying Officer under the HUD regulations be delegated to the individual acting as the Housing and Community Development Director, and that this delegation shall run until revoked by Mayor Brad Cavanagh, or until the end of his term in office.

Prepared by: Maddy Haverland, Urban Development and Housing Rehabilitation Project Manager

RESOLUTION NO. ____-2025

RESOLUTION DELEGATING AUTHORITY FOR ENVIRONMENTAL CERTIFYING OFFICER.

Whereas, the City of Dubuque Housing and Community Development Department receives multiple sources of funding from the Federal Department of Housing and Urban Development; and

Whereas, these funds are subject to environmental review, decision-making and action responsibilities under the National Environmental Policy Act, and 24 CFR Part 58; and

Whereas, the Certifying Officer is responsible for authorizing the release of funds, certifying environmental records, and representing the City of Dubuque in federal courts for the enforcement of these responsibilities; and

Whereas, the Certifying Officer role is typically held by the highest-ranking official in the City of Dubuque, Mayor Brad Cavanagh, and this responsibility may be delegated by formal resolution. The Certifying Officer role was delegated by formal resolution on January 2, 2022 from Mayor Brad Cavanagh to Housing and Community Development Director, Alexis Steger; and

Whereas, it is necessary to designate the individual acting in the role of the Housing and Community Development Department Director as the Certifying Officer.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the individual acting as the Housing and Community Development Director is delegated the authority to act as the Certifying Officer for the City of Dubuque for all HUD funding and environmental review requirements.

Section 2. This delegation shall be effective immediately and remain effective until revoked by Mayor Cavanagh or until the end of his term in office.

Passed, approved, and adopted this 2nd day of June 2025.

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: WRRC Fee Schedule for Fiscal Year 2026

DATE: May 28, 2025

Water and Resource Recovery Center Director Deron Muehring is recommending City Council adoption of the attached resolutions adjusting the fees charged for services performed at the Water & Resource Recovery Center (WRRC) for Fiscal Year 2026.

As part of this year's budget process, staff is recommending formal memorialization of the Environmental Lab fee schedule through City Council resolution. This step ensures transparency, consistent documentation, and a clear approval process. Going forward, any proposed adjustments to the Environmental Lab fee schedule will likewise be submitted to the City Council for formal consideration and adoption.

These changes are intended to ensure that the fees appropriately reflect the cost of providing services and infrastructure.

I concur with the recommendation and respectfully request Mayor and City Council approval.

FROM: Deron Muehring, Water & Resource Recovery Center Director

SUBJECT: WRRC Fee Schedule for Fiscal Year 2026

DATE: May 28, 2025

INTRODUCTION:
The purpose of this memo is to recommend adjustments and formal adoption of fees charged for services performed at the Water & Resource Recovery Center (WRRC) for Fiscal Year 2026. These changes are intended to ensure that the fees appropriately reflect the cost of providing services and infrastructure.

BACKGROUND:
The WRRC's hauled waste program serves an important role in supporting the broader Dubuque-area economy. By accepting high-strength and domestic waste transported by regional haulers—including waste from industries, commercial kitchens, food processors, car washes, and septic systems—the WRRC enables local businesses to operate in compliance with environmental regulations without building costly, stand-alone treatment systems. This service benefits employers ranging from industrial manufacturers that support hundreds of local jobs to restaurants that serve thousands of patrons each week. It also provides a safe, regulated destination for residential septic and holding tank waste, protecting groundwater and public health. Hauled waste services are priced to reflect the full cost of treatment and are reviewed annually to ensure appropriate cost recovery without subsidizing from general utility revenues.

The WRRC's Environmental Lab is a state-certified facility that plays a critical role in maintaining public health and environmental quality throughout the region. In addition to monitoring water samples throughout the WRRC treatment process to ensure permit compliance and operational efficiency, the lab provides fee-based analytical services for private well owners, small community water systems, industrial clients, and wastewater operators across the tri-state area. These services enable customers to meet regulatory requirements, investigate water quality concerns, and verify the safety of drinking water and recreational water sources. The lab's certification ensures that all analyses meet state standards and produce legally defensible results. Lab fees are reviewed annually to ensure they reflect the true cost of service, including consumables and staff time, without generating a profit.

The services provided by the Environmental Lab—and the WRRC's acceptance of hauled waste—directly support several of the City of Dubuque's core priorities, including

protecting the environment, delivering high-quality municipal services, and fostering regional partnerships. The hauled waste program reduces the need for redundant infrastructure across the region and ensures that commercial, industrial, and residential waste is treated in a centralized, compliant, and environmentally responsible manner. The Environmental Lab strengthens the City's capacity to respond to water quality concerns, ensures compliance with state and federal standards, and builds trust with residents and businesses who depend on accurate and timely data.

DISCUSSION:

The WRRC's current fee schedule for hauled waste disposal was updated in FY25 after remaining unchanged since FY17. The increased fees helped offset the rising cost of operations, biosolids disposal, chemical and energy use, labor, and equipment wear related to hauled waste.

The current hauled waste fee schedule was first proposed as part of an FY25 improvement package request and approved by City Council in spring 2024. That request established a multi-year strategy to incrementally increase fees to better recover the costs associated with accepting and treating hauled waste. In addition to offsetting current operating costs, these revenues are intended to help fund a $7.3 million capital improvement project for hauled waste receiving upgrades at the WRRC. This project—approved as part of the FY25 Capital Improvement Program—will construct a new receiving facility, improve sample collection and waste screening capabilities, and enhance site access and control. These upgrades are essential to maintaining system reliability and permit compliance as hauled waste volumes and pollutant loads increase. Under the adopted funding strategy, disposal fees are scheduled to increase again with the FY27 budget. Based on the FY25 improvement package adopted as part of the FY25 budget, the proposed rate schedule for hauled waste is outlined below:

Waste Type	FY25 Rate	Proposed FY26 Rate
High Strength Waste	$0.08	$0.105
Fats, Oils & Grease (FOG)	$0.063	$0.08
FOG (outside city)	$0.075	$0.10
Septage	$0.09	$0.11
Septage (outside city)	$0.12	$0.14
Inorganic Waste (e.g., grit, etc.)	$0.15/gal	$0.165
Inorganic Waste (outside city)	$0.15/gal	$0.18

The City has submitted a request for federal Community Project Funding through Representative Ashley Hinson's office to support this project. If a grant is awarded, the federal funding could eliminate the need to raise fees further. In fact, depending on the amount secured through the federal budget process, the City may be able to avoid the FY27 fee increase or potentially lower fees in FY26. Staff will monitor the status of the funding request and evaluate the fee structure accordingly in coordination with future budget development.

The proposed fee schedule is based on the actual cost of handling, treating, and disposing of hauled waste at the WRRC, including labor, energy, chemical usage, biosolids management, and infrastructure maintenance. For waste originating outside the

City of Dubuque, an additional charge is applied because out-of-city customers do not contribute to all of the fixed costs associated with the WRRC. These fixed costs—funded entirely by WRRC ratepayers—support the infrastructure, maintenance, and operational readiness of the facility year-round, regardless of the volume of waste treated. Out-of-city users benefit from the availability and reliability of that system without participating in the underlying financial obligation to maintain it. Additionally, out-of-city waste utilizes treatment capacity that could otherwise be reserved for local needs or future growth. The higher rates for out-of-city waste ensure that regional users pay a proportionate share of the operational and capital burden their waste places on the system.

The WRRC Environmental Lab is a state-certified facility that performs water sample testing to support regulatory compliance and facility optimization at the WRRC. This includes sampling of influent and effluent flows, monitoring of intermediate process streams, and calculation of permit-mandated performance metrics such as the required 85% reduction in total suspended solids. State certification requires routine audits and adherence to standard methods, which makes the lab's results legally defensible for regulatory purposes.

In addition to internal testing, the lab provides analytical services to residents and organizations throughout the tri-state area, including tests for private wells and small treatment systems. These services are priced to recover only the cost of analysis, not to generate profit. The WRRC reviews these fees annually to ensure they remain aligned with supply and labor costs. The fees charged by the WRRC Environmental Lab are generally comparable to those charged by other municipal and private laboratories in the region.

As part of this year's budget process, staff is recommending formal memorialization of the Environmental Lab fee schedule through City Council resolution. This step ensures transparency, consistent documentation, and a clear approval process. Going forward, any proposed adjustments to the Environmental Lab fee schedule will likewise be submitted to the City Council for formal consideration and adoption. The following table presents the proposed Environmental Lab fee schedule for FY26:

Laboratory Test	**FY25 Fee**	**FY26 Fee**	**Increase**
Ammonia Nitrogen	$20	$20	$0
Bacteria (18 hour)	$22	$32	**$10**
Bacteria (24 hour)	$20	$30	**$10**
Biochemical Oxygen Demand (BOD)	$25	$25	$0
Chemical Oxygen Demand (COD)	$30	$32	**$2**
E. coli (Quantitray Method)	$30	$40	**$10**
Fecal Coliform (MPN)	$27	$27	$0
Grease and Oil (Hexane Extraction)	$50	$54	**$4**
Nitrate	$20	$20	$0
Nitrite	$20	$20	$0
pH	$10	$10	$0
Pseudomonas	$20	$30	**$10**
Total Dissolved Solids	$19	$19	$0
Total Kjeldahl Nitrogen (TKN)	$29	$31	**$2**

Laboratory Test	FY25 Fee	FY26 Fee	Increase
Total Phosphorus	$19	$19	$0
Total Suspended Solids (TSS)	$20	$20	$0
Volatile Suspended Solids (VSS)	$19	$19	$0

RECOMMENDATION:

I recommend adjusting the adjustments and formal adoption of fees charged for services performed at the Water & Resource Recovery Center (WRRC) for Fiscal Year 2026 as outlined herein.

ACTION REQUESTED

I respectfully request adoption of the attached resolutions adjusting the fees charged for services performed at the Water & Resource Recovery Center (WRRC) for Fiscal Year 2026.

RESOLUTION NO. - 25

ESTABLISHING THE SCHEDULE OF RATES FOR THE DISPOSAL OF PRIVATE HAULED WASTE TO THE WATER & RESOURCE RECOVERY CENTER AS PROVIDED FOR IN 13-2B-8(F) OF THE CITY OF DUBUQUE CODE OF ORDINANCES

WHEREAS, the Water & Resource Recovery Center (WRRC) provides wastewater treatment for residential, commercial, and industrial users in the city of Dubuque and surrounding areas; and

WHEREAS, the WRRC receives wastewater through the sanitary sewer collection system and permitted waste hauled to the treatment facility; and

WHEREAS, hauled waste can be categorized as domestic septage; high strength waste (waste with higher levels of pollutants than domestic waste); fats, oils, and grease (FOG); and inorganic waste.

WHEREAS, provided for in 13-2B-8(F) of the City Code of Ordinances, the rate to be charged for domestic sewage discharged at the wastewater plant by private haulers shall be established by resolution;

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. Establishes the rates for the disposal of private hauled waste at the WRRC pursuant to the schedule of rates as follows:

Private Hauled Waste Disposal Rate Schedule

High Strength Waste	$0.105 per gallon
Fats, Oils, & Grease (FOG)	$0.080 per gallon
FOG [originating outside city limits]	$0.100 per gallon
Septage	$0.110 per gallon
Septage [originating outside city limits]	$0.140 per gallon
Inorganic waste (e.g., car wash grit)	$0.165 per gallon
Inorganic waste [originating outside city limits]	$0.180 per gallon

Section 2. The given rate schedule shall take effect on July 1, 2025.

Passed, approved and adopted this _____ day of _____, 2025.

RESOLUTION NO. - 25

ESTABLISHING THE SCHEDULE OF RATES FOR THE ANALYSIS OF WATER SAMPLES AT THE WATER & RESOURCE RECOVERY CENTER STATE-CERTIFIED ENVIRONMENTAL LAB

WHEREAS, the Water & Resource Recovery Center (WRRC) Environmental Lab is a state-certified facility that performs water and wastewater sample analysis to support regulatory compliance, process monitoring, and public health protection; and

WHEREAS, the WRRC Environmental Lab supports the operations of the WRRC and also offers testing services to residents and organizations across the tri-state area, including services for private well owners and small water treatment systems; and

WHEREAS, the WRRC Environmental Lab fees are designed to recover the actual costs of testing services, including staff time and laboratory consumables, and are reviewed annually to ensure continued cost alignment; and

WHEREAS, it's in the best interest of the City to memorialize the WRRC Environmental Lab fee schedule in support of the approved Fiscal Year 2026 budget.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. Establishes the fee schedule for WRRC Environmental Laboratory testing services as follows:

WRRC Environmental Laboratory Fee Schedule

Laboratory Test	**FY26 Fee**
Ammonia Nitrogen	$20.00
Bacteria (18 hour)	$32.00
Bacteria (24 hour)	$30.00
Biochemical Oxygen Demand (BOD)	$25.00
Chemical Oxygen Demand (COD)	$32.00
E. coli (Quantitray Method)	$40.00
Fecal Coliform (MPN)	$27.00
Grease and Oil (Hexane Extraction)	$54.00
Nitrate	$20.00
Nitrite	$20.00
pH	$10.00

Laboratory Test	FY26 Fee
Pseudomonas	$30.00
Total Dissolved Solids	$19.00
Total Kjeldahl Nitrogen (TKN)	$31.00
Total Phosphorus	$19.00
Total Suspended Solids (TSS)	$20.00
Volatile Suspended Solids (VSS)	$19.00

Section 2. The given rate schedule shall take effect on July 1, 2025.

SUBJECT: Acceptance of Grant of Easement for Sanitary Sewer Utility and Sanitary Sewer Access across Switch Development at JFK, LLC and Atera 194, 3339 JFK Rd, Dubuque, LLC Property at JFK Rd. and West 32nd Street in Dubuque

DATE: May 13, 2025

INTRODUCTION

The purpose of this memorandum is to seek acceptance of a grant of easement for sanitary sewer utility and sanitary sewer access from Switch Development at JFK, LLC and Atera 194, 3339 JFK Rd, Dubuque, LLC for a public sanitary sewer extension across parts of Lot 1 and Lot 2 of Switch Development @ JFK No. 4, and Lot 2 of Switch Development @ JKF No. 2, and Lot 1 of Switch Development @ JFK No. 3, in the City of Dubuque, Iowa.

BACKGROUND

Per the Development Agreement between the City of Dubuque and Switch Development, LLC, approved by the City Council via Resolution 36-23, the developer was to construct a public sanitary sewer extension serving two proposed commercial lots on the south side of the intersection of West 32nd Street and JFK Road in Dubuque.

The public sanitary sewer extension was recently completed by the owner as per the agreement. The new sanitary sewer construction has been inspected and approved by Engineering Department staff. The City of Dubuque will own and maintain the public sanitary sewer utility extension (see attached map).

Recently, Switch Development at JFK, LLC conveyed a portion of their property, being said Lot 2 of Switch Development at JKF No. 2, to Atera 194, 3339 JFK Rd, Dubuque, LLC.

DISCUSSION

The attached Grant of Easement shows the new sanitary sewer easement across Parts of Lot 1 and Lot 2 of Switch Development @ JFK No. 4, and Lot 2 of Switch Development @ JKF No. 2, and Lot 1 of Switch Development @ JFK No. 3, in the City of Dubuque, Iowa. Switch Development at JFK, LLC and Atera 194, 3339 JFK Rd, Dubuque, LLC have executed the Grant of Easement which allows the City to own, access, and maintain the sanitary sewer improvements. The easement has been

executed by the property owners and has been recorded in the Dubuque County Recorder's Office as Document No. 2025-00004724. A copy of the recorded, fully executed easement is attached.

RECOMMENDATION

I recommend accepting the Grant of Easement for Sanitary Sewer Utility and Sanitary Sewer Access Utility through, under and Parts of Lot 1 and Lot 2 of Switch Development @ JFK No. 4, and Lot 2 of Switch Development @ JKF No. 2, and Lot 1 of Switch Development @ JFK No. 3, in the City of Dubuque, Iowa, as shown on Exhibit A on the attached Grant of Easement.

ACTION TO BE TAKEN

I respectfully request acceptance of the Grant of Easement for Sanitary Sewer Utility and Sanitary Sewer Access from Switch Development at JFK, LLC and Atera 194, 3339 JFK Rd, Dubuque, LLC through the adoption of the enclosed resolution.

Prepared by Nate Kieffer, PLS

Prepared by: Nate Kieffer, City of Dubuque, 50 W. 13th Street, Dubuque, IA 52001 (563) 589-4270
Return to: Nate Kieffer, City of Dubuque, 50 W. 13th Street, Dubuque, IA 52001 (563) 589-4270

RESOLUTION NO. -25

ACCEPTING A GRANT OF EASEMENT FOR SANITARY SEWER UTILITY AND SANITARY SEWER ACCESS THROUGH, UNDER AND ACROSS PARTS OF LOT 1 AND LOT 2 OF SWITCH DEVELOPMENT @ JFK NO. 4, AND LOT 2 OF SWITCH DEVELOPMENT @ JFK NO. 2, AND LOT 1 OF SWITCH DEVELOPMENT @ JFK NO. 3, IN THE CITY OF DUBUQUE, IOWA

Whereas, per the Development Agreement between the City of Dubuque and Switch Development at JFK, LLC, approved by the City Council via Resolution 36-23, the parties wished to set forth terms for the extension of a proposed public sanitary sewer utility located in Parts of Lot 1 and Lot 2 of Switch Development @ JFK No. 4, and Lot 2 of Switch Development @ JKF No. 2, and Lot 1 of Switch Development @ JFK No. 3, in the City of Dubuque, Iowa; and

Whereas, per said agreement Switch Development at JFK, LLC was to dedicate an easement to the City of Dubuque for the City's ownership and maintenance of the sewer improvements; and

Whereas, Switch Development at JFK, LLC has conveyed said Lot 2 of Switch Development at JKF No. 2 to Atera 194, 3339 JFK Rd, Dubuque, LLC; and

Whereas, Switch Development at JFK, LLC and Atera 194, 3339 JFK Rd, Dubuque, LLC have executed a Grant Easement for Sanitary Sewer Utility and Sanitary Sewer Access through, over and across Parts of Lot 1 and Lot 2 of Switch Development @ JFK No. 4, and Lot 2 of Switch Development @ JKF No. 2, and Lot 1 of Switch Development @ JFK No. 3, in the City of Dubuque, Iowa, said grant of easement has been recorded in the Dubuque County Recorder's Office as Document No. 2025-00004724.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The City Council of the City of Dubuque, Iowa, hereby approves of, accepts and consents to the Grant of Easement for Sanitary Sewer Utility and Sanitary

Sewer Access through, over and across Parts of Lot 1 and Lot 2 of Switch Development @ JFK No. 4, and Lot 2 of Switch Development @ JKF No. 2, and Lot 1 of Switch Development @ JFK No. 3, in the City of Dubuque, Iowa from Switch Development at JKF, LLC, and Atera 194, 3339 JFK Rd, Dubuque, LLC, a copy of which is attached hereto.

Section 2. The Mayor is hereby authorized and directed to execute and acknowledge on behalf of the City of Dubuque any instruments in connection herewith.

Passed, approved and adopted this 2nd day of June, 2025.

GRANT OF EASEMENT FOR SANITARY SEWER UTILITY AND SANITARY SEWER ACCESS

For and in consideration of the sum of Ten and 00/100's Dollars ($10.00) and other good and valuable consideration, the receipt whereof is hereby acknowledged, SWITCH DEVELOPMENT AT JFK, LLC, an Iowa Limited Liability Company, of Dubuque County, State of Iowa, and Aterra 194, 3339 JFK RD, DUBUQUE, LLC, an Iowa Limited Liability Company, of Polk County, State of Iowa, ("Grantors"), for themselves, their heirs and assigns, do hereby grant, sell and convey to the CITY OF DUBUQUE, IOWA, ("Grantee"), a municipal corporation, its agents and contractors, from the date hereof, rights of ways and easements through, under and across the following described real estate situated in Dubuque, Iowa, to wit:

> Parts of Lot 1 and Lot 2 of Switch Development @ JFK No. 4, and Lot 2 of Switch Development @ JKF No. 2, and Lot 1 of Switch Development @ JFK No. 3, in the City of Dubuque, Iowa, as shown on Exhibit A attached hereto and by reference made a part hereof.

Said easement shall be as shown on the attached Exhibit A for the purpose of accessing, constructing, and maintaining a sanitary sewer utility and other appurtenances, along with the right, privilege and authority to construct, reconstruct, maintain, operate, repair, patrol and remove said improvements. Said easement shall also include the right to cut, trim or remove trees, bushes and roots as may be required incident to rights given herein.

It is understood and agreed that the Grantee herein shall restore the disturbed area due to the construction, maintenance or repair of said sanitary sewer and appurtenances.

Grantors shall not erect any structure over or within the easement area without obtaining the prior written approval of the City Engineer. Grantors shall not change the grade, elevation, and contour or perform any construction or

excavation that will diminish the lateral support or integrity of said improvements without obtaining the prior written consent of the City Engineer.

Grantors agree that any future improvements placed within said easement by Grantors, and their heirs and assigns, excluding turf grass and existing driveways and pavements, may be removed and not replaced by the City of Dubuque in the process of maintaining, repairing or reconstructing the sanitary sewer main utility. City of Dubuque will not be responsible for the replacement, repair, or relocation of any future improvements, besides turf grass and existing driveways and pavements, that encroach in the proposed easement.

To have and to hold unto the said City of Dubuque, Iowa, forever, and the undersigned do hereby expressly covenant that they are the owners in fee of said real estate and have good right to execute this agreement, and that the Grantee, its agents or contractors, shall at all times have free access to and egress from and over said real estate to maintain or repair said sanitary sewer utility thereon or therein.

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Project Statement to Master Co-location and Shared Services Agreement Between the City of Dubuque and Dubuque County

DATE: May 28, 2025

Civil Engineer II David Ness, Sustainable Innovation Consultant David Lyons, and Chief Information Officer Joe Pregler are recommending City Council approval of a Project Statement for the collaboration between the City and County on providing fiber connectivity that will allow the County to connect multiple County facilities in a redundant “loop”, increasing capacity, safety and security of the County IT system. This Project Statement would be entered into under the existing Master Co-location and Shared Services Agreement in place between the City of Dubuque and Dubuque County.

There is no negative budgetary impact to the City as this Project Statement sets aside County funds that the City can use when it has costs associated with this Project Statement. In return, the County would be receiving fiber capacity at costs far below any other option available to it.

I concur with the recommendation and respectfully request Mayor and City Council approval.

Michael C. Van Milligen

RE: Project Statement to Master Co-location and Shared Services Agreement Between the City of Dubuque and Dubuque County

INTRODUCTION

The purpose of this memo is to request approval of a Project Statement for the collaboration between the City and County on providing fiber connectivity that will allow the County to connect multiple County facilities in a redundant "loop", increasing capacity, safety and security of the County IT system. This Project Statement would be entered into under the existing Master Co-location and Shared Services Agreement in place between the City of Dubuque and Dubuque County.

BACKGROUND

In 2016 the City of Dubuque undertook its Broadband Acceleration Initiative. The Initiative focuses on public/private collaborations and includes a comprehensive strategy to reduce the cost and time required for broadband expansions in Dubuque. One effort within that strategy is the use of "Master Agreements", where an overall legal, structural and financial relationship is established between the City and broadband providers or partners and approved by City Council. Project Statements carried out pursuant to that Master Agreement can then be quickly considered and approved.

In 2021 City of Dubuque and Dubuque County entered into a Master Co-location and Shared Services Agreement to accelerate the deployment of new broadband capacity to improve public services throughout the region. The City and County have entered into multiple projects under this Master Agreement, including a major collaboration to provide improved connectivity from the County Courthouse to the new County data and 911 center at the Bright Minds Campus. The success of that project led County and City to explore the ability to tie that project into a larger route that could directly connect more County facilities in a redundant "loop". The City has excess fiber on this route with the exception of the SW Arterial, which is under planning/construction now. County has requested that City consider integrating into its network a set of dedicated fibers that would run from the County data and 911 center south and across the SW Arterial and then up the Highway 151/61 route to enter the County Courthouse on the south side.

County would contribute $150,000 to the costs of completing this route in order to make it economically feasible for the City to provide the requested service.

Budget Impact

There is no negative budgetary impact to the City as this Project Statement sets aside County funds that the City can use when it has costs associated with this Project Statement. In return, the County would be receiving fiber capacity at costs far below any other option available to it.

RECOMMENDATION

This Project Statement with the County supports the City's broadband acceleration initiative, reduces overall costs to City and County taxpayers and improves the safety and security of multiple county facilities. We would respectfully request your approval and recommendation to City Council

RESOLUTION NO. ____-25

A RESOLUTION APPROVING A PROJECT STATEMENT UNDER THE MASTER CO-LOCATIONS AND SHARED SERVICES AGREEMENT BETWEEN THE CITY OF DUBUQUE AND DUBUQUE COUNTY

WHEREAS, the City of Dubuque, Iowa (“City”) and Dubuque County, Iowa (“County”) entered into a Master Co-locations and Shared Services Agreement dated May 10, 2021 (“Master Agreement”) to support collaboration in the use of broadband infrastructure and shared services; and

WHEREAS, pursuant to the terms of the Master Agreement, the City and County have prepared and mutually agreed to a new Project Statement, attached hereto as Exhibit A, titled “PROJECT STATEMENT FOR CO-LOCATION AND SERVICE SHARING,” which outlines the County’s use of specific segments of unused City fiber optic infrastructure to enhance and support broadband communication services for County facilities; and

WHEREAS, the Project Statement provides for the County’s access to approximately 81,840 linear feet of 12-strand fiber optic cable from the County 911 and Data Center on Chavenelle Road to the Dubuque County Courthouse, and includes the terms under which County shall pay a one-time fee of $150,000 to the City to offset fiber loop completion costs; and

WHEREAS, the Project Statement also includes provisions for expansion, future County facility connections, and cost-sharing for repair or relocation of the fiber, in accordance with Section 2.7 of the Master Agreement; and

WHEREAS, the City Council finds that this Project Statement supports the shared goal of providing robust and redundant broadband access to public facilities, promotes intergovernmental cooperation, and enhances community infrastructure;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

1. The Project Statement under the Master Co-locations and Shared Services Agreement between the City of Dubuque and Dubuque County, as outlined in Exhibit A, is hereby approved.
2. The City Manager is hereby authorized to execute the Project Statement and take such further actions as may be necessary to implement the terms of the agreement.
3. This Resolution shall be in full force and effect upon its passage and approval.

PROJECT STATEMENT
FOR
MASTER CO-LOCATIONS AND SHARED SERVICES AGREEMENT
BETWEEN
THE CITY OF DUBUQUE
AND
DUBUQUE COUNTY

Pursuant to the Master Co-locations and Shared Services Agreement between the City of Dubuque (City) and Dubuque County (County) dated May 10, 2021, the Parties hereby agree to the following PROJECT STATEMENT:

PROJECT STATEMENT

CO-LOCATION AND SERVICE SHARING:

City will license to County access to and use of certain presently unused fiber, shown on Exhibit A attached hereto, for purposes of County providing broadband communication services and support to County facilities.

CO-LOCATION OR SERVICE SITE: The co-location and/or service site for this PROJECT STATEMENT is generally described below and shown on Exhibit A:

City will provide approximately 81,840 linear feet of 12 strand (6 pair) of fiber optic cable running from:

- County 911 and Data Center located at 7900 Chavenelle Road to the NW corner of the intersection of Seippel Road and SW Arterial, approximately 14,256 linear feet.
- From the NW corner of the intersection of Seippel Road and SW Arterial Dubuque to the NE corner of intersection of SW Arterial and Elmwood Drive, approximately 43,296 linear feet.
- From the NE corner of intersection of SW Arterial and Elmwood Drive to County Courthouse, approximately 24,288 linear feet.

Costs associated with County connecting to the provided fiber shall be paid for by County.

As City fiber capacity is expanded and County's needs identified, if excess capacity is available, County may request up to an additional 6 pair/12pair strands under this PROJECT STATEMENT.

When County connects to City fiber loop to service existing or future County facilities, County shall be responsible for all costs relating to that connection.

City and County agree that robust and redundant fiber access to County facilities is the ultimate goal and is mutually beneficial to the Parties. City and County will continue to explore the most cost-effective means to achieve that objective.

City and County agree to work collaboratively to identify and share repair or relocation costs as contemplated under Section 2.7 of the Master Shared Services Agreement.

CHARGES AND PAYMENT TERMS:

This PROJECT STATEMENT is a joint collaboration of City and County to provide enhanced, and in the future, redundant fiber capacity for County facilities. County shall pay City a one-time fee of $150,000 to be used by City to off-set costs relating to completing the fiber loop contemplated under this PROJECT STATEMENT.

TERM OF PROJECT:

City will provide County an indefeasible right of use (IRU) to the fiber outlined within this PROJECT STATEMENT. Should City discontinue its use and maintenance of the fiber, City will provide County the opportunity to assume ownership and control of the fiber.

PROJECT STATEMENT ACCEPTED:

RE: City of Dubuque Consumer Confidence Water Quality Report 2025

PURPOSE
The purpose of this memorandum is to provide notification that the City of Dubuque will be publishing its annual consumer confidence report documenting the 2024 water quality results.

BACKGROUND
The Iowa Administrative Code (the Code) 567-42.1(2) identifies the notification and procedure requirements for publicly owned and operated water supplies. The purpose of the notification procedure is to protect public health. The Iowa Department of Natural Resources assists local water supply owners with compliance of the Code and provides a detailed report containing information regarding the water quality of each public water supply.

DISCUSSION
The reports are required to be published and distributed to each water system's customers on or before July 1, 2025. The report may be found digitally at https://www.cityofdubuque.org/2025waterquality. Hard copies are also available from the following locations: the Eagle Point Water Treatment Plant, Water Distribution Office in the Municipal Service Center, City Hall, the City Hall Annex, Multicultural Family Center, Carnegie-Stout Public Library, Water & Resource Recovery Center, City of Dubuque Jule Intermodal, and upon request by contacting the Water Department.

The City of Dubuque drinking water met all state and federal water quality requirements and had no drinking water violations in 2024.

REQUESTED ACTION
I respectfully request the Consumer Confidence Report be placed on file.

Attachment: 2025 Consumer Confidence Report

2024 DRINKING WATER SUMMARY

The City of Dubuque's Water Department is proud of the high quality of the City's readily available water supply, which meets all state and federal drinking water quality requirements.

We are pleased to inform you that Dubuque had no drinking water violations in 2024.

The City's water quality testing results shown in this report include testing for regulated contaminants that were at detectable levels in the distributed water. The contaminants or analytes are reported in comparison to a maximum contaminant level (MCL) established by the U.S. Environmental Protection Agency's (EPA) Safe Drinking Water Act. Testing is not required for each parameter every year.

For questions regarding this information, please contact Christopher Lester, Water Department Director, at 563-589-4291.

Drinking Water Information

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants or potential health effects can be obtained by submitting a form on the Environmental Protection Agency's website (www.epa.gov/ground-water-and-drinking-water) or from the Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to contaminants in drinking water than the general population. Immunocompromised persons, including those with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers.

EPA/CDC guidelines on appropriate means to lower the risk of infection by Cryptosporidium and other microbial contaminants are available on the Environmental Protection Agency's website (www.epa.gov/ground-water-and-drinking water) or from the Safe Drinking Water Hotline (800-426-4791.

Source Water Information

The City of Dubuque obtains water from the sand and gravel of the Apple-Plum Alluvial aquifer and the Jordan (Cambrian-Ordovician) aquifer. Every aquifer has a degree of susceptibility to contamination because of the characteristics of the aquifer, overlying materials, and human activity, including contamination from leaking underground storage tanks, contaminant spills, and excess fertilizer application.

Susceptibility to contamination generally increases with shallower aquifers because the characteristics of the aquifer and the overlying materials provide little protection from contamination at the land surface. Susceptibility to contamination generally decreases with deeper wells in the Jordan aquifer because the characteristics of the aquifer and the overlying materials provide moderate protection from contamination at the land surface.

The Apple-Plum Alluvial aquifer was determined to be highly susceptible to contamination, while the Jordan (Cambrian-Ordovician) aquifer has been determined to be slightly susceptible to contamination.

A detailed evaluation of your source water was completed by the Iowa Department of Natural Resources and is available on our website, www.cityofdubuque.org/water. You may also call 563-589-4291 to obtain a copy of the report.

Dubuque's average household water rate for fiscal year 2026 is $43.74 per month. This is the fourth lowest of Iowa's largest cities that soften their water. The highest (Des Moines) is 5.2% higher than Dubuque and the average is 5.2% lower than Dubuque.

100 gallons of City water costs only $0.65

Compare to 100 gallons of bottled water (20 oz. at $1.99 each), which costs over $1,270.

CITY OF DUBUQUE

WATER DEPARTMENT

The Dubuque Water Department is dedicated to producing and delivering drinking water that is in compliance with all state and federal drinking water standards.

The City of Dubuque's distribution system is composed of 330.4 miles of water mains ranging from 4-inches to 30-inches in diameter, 8,008 control valves, and 2,606 fire hydrants throughout the city.

It is our goal to operate and maintain a water distribution system consistent with established procedures recognized by the American Water Works Association for efficient management practices. We continually strive to adopt new and better methods of delivering the best quality drinking water.

2025

WATER QUALITY REPORT

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

TABLE DEFINITIONS

Action Level (AL) - The concentration of a contaminant that, if exceeded, triggers treatment or other requirements that a water system must follow.

LRAA - Locational Running Annual Average

Maximum Contaminant Level (MCL) - The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available technology.

Maximum Contaminant Level Goal (MCLG) - The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

Maximum Residual Disinfectant Level (MRDL) - The highest level of a drinking water disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.

Maximum Residual Disinfectant Level Goal (MRDLG) - The level of a drinking water disinfectant below which there is no known or expected risk to health.

N/A - Not Applicable

ND - Not Detected

ppb - Parts Per Billion

ppm - Parts Per Million

RAA - Running Annual Average

Revised Total Coliform Rule (RTCR) - Establishes a maximum contaminant level (MCL) based on the presence or absence of total coliforms, modifies monitoring requirements including testing for fecal coliforms or E. coli, requires use of a sample siting plan.

SGL - Single Sample Result

Treatment Technique (TT) - A required process intended to reduce the level of a contaminant in drinking water.

DISTRIBUTION SYSTEM REPORT

ANALYTE	MCL - (MCLG)	COMPLIANCE		RANGE		DATE	VIOLATION	TYPICAL SOURCE

	MIN	MAX		
PFOA (ppt)	2	4	2024	0.004 (interim)
PFOS (ppt)	32.4	4.2	2024	0.020 (interim)

PFAS CHEMICALS

In 2024, the City of Dubuque Water system exceeded and Environmental Protection Agency drinking water lifetime interim health advisory for the PFAS compounds shown above.

According to the EPA, PFAS are a group of man-made chemicals that have been in use since the 1940s. PFAS are (or have been) found in a wide variety of consumer products and as an ingredient in firefighting foam. PFAS manufacturing and processing facilities, airports, and military installations are some of the contributors of PFAS releases into the air, soil, and water. Because of their widespread use, most people have been exposed to PFAS and there is evidence that exposure to certain PFAS may lead to adverse health effects.

Health Effecs of Exposure to PFAS

Exposure to PFAS may result in a wide range of adverse health outcomes, including:

- developmental effects including to fetuses after exposure during pregnancy or postnatal development (e.g., low birth weight, accelerated puberty, skeletal variations, development of the immune system);
- cancer (e.g., testicular, kidney);
- liver effects (e.g., cellular lesions);
- immune effects (e.g., decreased antibody response to vaccination, decreased immune response immunity);
- thyroid effects and other effects (e.g., cholesterol changes).

TO: Michael C. Van Milligen, City Manager

FROM: Adrienne N. Breitfelder, City Clerk

SUBJECT: Approval of Retail Tobacco, Tobacco Products, Alternative Nicotine Products, Vapor Products, and Device Permit Applications

DATE: May 27, 2025

Pursuant to Iowa Code §453A.47A and §453E.3, a retail permit is required to sell tobacco, tobacco products, alternative nicotine products, vapor products, or devices at any place of business or through delivery sales within the state of Iowa. All permits expire annually on June 30 and are classified as either device retailer permits or retail tobacco permits, with the latter covering tobacco, tobacco products, alternative nicotine products, and vapor products. The Iowa Department of Revenue (IDOR) administers the retail permitting requirements outlined in these sections and coordinates with local governments on permit approvals. The City Clerk's Office is responsible for processing all permit applications for businesses located within city limits. Once a completed application is received, it is approved by the City Council before it is submitted to the IDOR for further action.

Upon confirmation that the City Clerk's Office has received the completed applications, I recommend approving the permits for retail tobacco, tobacco products, alternative nicotine products, vapor products, and devices effective July 1, 2025 to June 30, 2026 for the following retailers.

SUBJECT: Setting a Public Hearing for the Granting of a Storm Sewer Utility Easement to Switch Development at JFK, LLC across a Part of the Northwest Arterial Right of Way adjacent to Lot 1 of Switch Development @ JFK No. 4, in the City of Dubuque, Iowa

INTRODUCTION
This is in response to a request from Switch Development at JFK, LLC for the granting of private storm sewer utility easement across city owned Northwest Arterial Right of Way as part of a recent shopping mall site development project on at the intersection of JFK Road and the Northwest Arterial for a storm water detention basin outfall pipe and rip rap.

BACKGROUND
Per the Development Agreement between the City of Dubuque and Switch Development, LLC, approved by the City Council via Resolution 36-23, the developer was to construct a private storm sewer outfall pipe across a portion of the Northwest Arterial Right of Way that serves a shopping mall development at the intersection of the Northwest Arterial and JFK Road in Dubuque. Per the agreement, the City was to grant a private storm sewer utility easement to the developer for the construction and maintenance of the private utility in the City owned right of way.

DISCUSSION
The attached exhibit shows the City owned right of way and the proposed private utility improvements and easement. The developer submitted construction plans for the improvements and associated work on the City owned property. City Engineering has reviewed and approved the drawings and the improvements were recently constructed by the developer.

City Engineering has determined that the proposed storm sewer easement area is not needed for any current or future plans for the Northwest Arterial and is recommending approval of the easement request.

BUDGET IMPACTS
This request includes no budget impacts.

RECOMMENDATION

I would recommend that the “Grant of Storm Sewer Utility Easement” for the private storm sewer and rip rap improvements on the Northwest Arterial Right of Way be forwarded to City Council to be set for public hearing.

ACTION TO BE TAKEN

The attached resolution should be submitted to the City Council for consideration and to set a public hearing on June 16, 2025 for the granting of an embankment easement to Switch Development at JFK, LLC for private storm sewer and rip rap over City owned Northwest Arterial Right of Way.

RESOLUTION NO.

RESOLUTION OF INTENT TO DISPOSE OF CITY INTEREST BY GRANT OF STORM SEWER UTILITY EASEMENT TO SWITCH DEVELOPMENT AT JFK, LLC ACROSS PART OF THE NORTHWEST ARTERIAL RIGHT OF WAY ADJACENT TO LOT 1 OF SWITCH DEVELOPMENT @ JFK NO. 4, IN THE CITY OF DUBUQUE, IOWA

Whereas, Switch Development at JFK, LLC has requested a "Grant of Storm Sewer Utility Easement" across Part of the Northwest Arterial Right of Way adjacent to Lot 1 of Switch Development @ JFK No. 4, in the City of Dubuque, Iowa, for a private storm sewer utility and rip rap; and

Whereas, the City of Dubuque Engineering Department has prepared and submitted to the City Council an exhibit showing the easement area for the proposed Grant of Storm Sewer Utility Easement across Part of the Northwest Arterial Right of Way adjacent to Lot 1 of Switch Development @ JFK No. 4, in the City of Dubuque, Iowa.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the City of Dubuque intends to grant a Storm Sewer Utility Easement across Part of the Northwest Arterial Right of Way adjacent to Lot 1 of Switch Development @ JFK No. 4, in the City of Dubuque, Iowa, as shown on the attached Exhibit A.

Section 2. That a public hearing on the intent to dispose of City interest by Grant of Storm Sewer Utility Easement to Switch Development at JFK, LLC across Part of the Northwest Arterial Right of Way adjacent to Lot 1 of Switch Development @ JFK No. 4, in the City of Dubuque, Iowa, is hereby set for the 16th day of June 2025, at the Historic Federal Building (and/or by virtual means), 350 W. 6th Street, Dubuque, Iowa, beginning at 6:30 p.m., and the City Clerk be and is hereby authorized and directed to cause a notice of public hearing on the intent to dispose of said interest to be published in the manner as prescribed by law.

Passed, approved and adopted this 2nd day of June 2025.

GRANT OF STORM SEWER UTILITY EASEMENT

For and in consideration of the sum of One Dollar ($1.00) and other good and valuable consideration, the receipt whereof is hereby acknowledged, the City of Dubuque ("Grantor"), of Dubuque County, State of Iowa, does hereby grant, sell and convey to Switch Development at JFK, LLC ("Grantee"), its lessees, licensees, successors and assigns, from the date hereof, an easement through, under and across the following described real estate situated in Dubuque, Iowa, to wit:

PART OF THE NORTHWEST ARTERIAL RIGHT OF WAY ADJACENT TO LOT 1 OF SWITCH DEVELOPMENT @ JFK NO. 4, IN THE CITY OF DUBUQUE, IOWA, AS SHOWN ON THE ATTACHED EASEMENT EXHIBIT A.

Said easement shall be as shown on the attached Easement Exhibit A, for the purpose of constructing and maintaining a storm sewer utility and rip rap as shown in the approved Site Plan on file with the City Engineer (the Improvements), along with the right, privilege and authority to survey, inspect, construct, reconstruct, alter, maintain, repair, replace, patrol and remove said Improvements. Said easement shall also include the right to cut, trim or remove trees, bushes and roots as may be required incident to rights given herein.

Grantee is solely responsible for the maintenance of the Improvements in the easement area and shall keep the area in an orderly fashion, including turf maintenance and mowing. Grantee, its successors and assigns, agrees to pay for any damage caused to the land, fences, or other personal property of Grantor from the construction or maintenance of said Improvements.

The City reserves unto itself the perpetual right for the purpose of erecting, installing,

constructing, reconstructing, maintaining, owning, operating and repair of storm and sanitary sewers, watermain, gas, telephone, television, fiber optics cable, and electrical lines above or below said private Improvements as such utilities would not interfere with the existence and maintenance of the private Improvements.

Indemnification. Grantee shall defend, indemnify and hold harmless Grantor, its officers, agents and employees from and against any claim and cost of any kind, including without limitation, attorneys' fees and consulting fees, arising out any surveying, inspection, construction, reconstruction, alteration, replacement, maintenance, repair, patrol or removal of said Improvements. This obligation shall survive the termination of this Grant of Storm Sewer Utility Easement.

Insurance. Grantee shall provide insurance as set forth in the attached Insurance Schedule during surveying, inspection, construction, reconstruction, alteration replacement, maintenance, repair, patrol or removal of said Improvements.

To have and to hold unto the said Grantee forever, and the undersigned does hereby expressly covenant that Grantor is the owner in fee of said real estate and has good right to execute this Grant of Storm Sewer Utility Easement.

Dated at Dubuque, Iowa this _____ day of _____, 2025.

Each certificate shall be prepared on the most current ACORD form approved by the Iowa Department of Insurance or an equivalent approved by the Director of Finance and Budget or Designee. The certificate must clearly indicate the project number, project name, or project description for which it is being provided Eg: Project #_____ Project name: _____or Project Location at _____or construction of _____.

2. All policies of insurance required hereunder shall be with an insurer authorized to do business in Iowa and all insurers shall have a rating of A or better in the current A.M. Best's Rating Guide.

3. Each Certificate required shall be furnished to the _____ Department of the City of Dubuque.

4. Failure to provide the coverages described in this Insurance Schedule shall not be deemed a waiver of these requirements by the City of Dubuque. Failure to obtain or maintain the required insurance shall be considered a material breach of this contract.

5. Contractor shall require all subcontractors and sub-subcontractors to obtain and maintain during the performance of work insurance for the coverages described in this Insurance Schedule and shall obtain certificates of insurance from all such subcontractors and sub-subcontractors. Contractor agrees that it shall be liable for the failure of a subcontractor and sub-subcontractor to obtain and maintain such coverage. The City may request a copy of such certificates from the Contractor.

6. All required endorsements shall be attached to the certificate. The certificate is due before the contract/agreement can be approved.

7. Whenever an ISO form is referenced the current edition must be provided.

8. Contractor shall be required to carry the minimum coverage/limit, or greater if required by law or other legal agreement, in Exhibit I - Insurance Schedule F. If the contractor's limits of liability are higher than the required minimum limit, then the contractor's limits shall be this agreement's required limits.

9. Contractor shall be responsible for deductibles and self-insured retention for payment of all policy premiums and other cost associated with the insurance policies required below.

10. All certificates of insurance must include agents name, phone number, and email address.

11. The City of Dubuque reserves the right to require complete, certified copies of all required insurance policies, including endorsements, required by this Schedule at any time.

12. The City of Dubuque reserves the right to modify these requirements, including limits, based on changes in the risk or other special circumstances during the term of the contract, subject to mutual agreement of the parties.

INSURANCE SCHEDULE F (continued)

EXHIBIT I

A) COMMERCIAL GENERAL LIABILITY

Any contract for construction or demolition work on or within fifty feet (50') from the edge of the tracks of a railroad and affecting any railroad bridge, trestle, tracks, roadbeds, tunnel, underpass, or crossing, for which an easement, license or indemnification of the railroad is required, shall require evidence of the following additional coverages.

Railroad Protective Liability:

$_____ each occurrence (per limits required by Railroad)

$_____ policy aggregate (per limits required by Railroad)

OR

An endorsement to the Commercial General Liability policy equal to ISO CG 24 17 (Contractual Liability-Railroads). A copy of this endorsement shall be attached to the certificate of insurance.

City of Dubuque Insurance Requirements for General, Artisan or Trade Contractors, Subcontractors or Sub Subcontractors

Please be aware that naming the City of Dubuque as an additional insured as is required by this Insurance Schedule may result in the waiver of the City's governmental immunities provided in Iowa Code sec. 670.4. If you would like to preserve those immunities, please use this endorsement or an equivalent form.

PRESERVATION OF GOVERNMENTAL IMMUNITIES ENDORSEMENT

1. Nonwaiver of Governmental Immunity. The insurer expressly agrees and states that the purchase of this policy and the including of the City of Dubuque, Iowa as an Additional Insured does not waive any of the defenses of governmental immunity available to the City of Dubuque, Iowa under Code of Iowa Section 670.4 as it is now exists and as it may be amended from time to time.

2. Claims Coverage. The insurer further agrees that this policy of insurance shall cover only those claims not subject to the defense of governmental immunity under the Code of Iowa Section 670.4 as it now exists and as it may be amended from time to time. Those claims not subject to Code of Iowa Section 670.4 shall be covered by the terms and conditions of this insurance policy.

3. Assertion of Government Immunity. The City of Dubuque, Iowa shall be responsible for asserting any defense of governmental immunity, and may do so at any time and shall do so upon the timely written request of the insurer.

4. Non-Denial of Coverage. The insurer shall not deny coverage under this policy and the insurer shall not deny any of the rights and benefits accruing to the City of Dubuque, Iowa under this policy for reasons of governmental immunity unless and until a court of competent jurisdiction has ruled in favor of the defense(s) of governmental immunity asserted by the City of Dubuque, Iowa.

No Other Change in Policy. The above preservation of governmental immunities shall not otherwise change or alter the coverage available under the policy.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Setting a Public Hearing on the Proposed Amended and Restated Lease between the City of Dubuque and Viterra USA Grain, LLC

DATE: May 28, 2025

City Engineer Gus Psihoyos is recommending City Council set a public hearing on June 16, 2025, to approve the Amended and Restated Lease Agreement between the City of Dubuque and Viterra USA Grain, LLC Commercial Street (aka East Seventh Street) Lease.

Upon execution of this Lease Agreement, there is no direct budget impact. However, there is an Option to lease the Option Property of 1.13 acres, that if elected, would create an annual rent increase of $47,292.58 per acre per year with a 3% or CPI whichever is greater annual increase.

I concur with the recommendation and respectfully request Mayor and City Council approval.

RE: Setting a Public Hearing on the Proposed Amended and Restated Lease between the City of Dubuque and Viterra USA Grain, LLC

INTRODUCTION
This memorandum requests the City Council set a public hearing on June 16, 2025, to approve the Amended and Restated Lease Agreement between the City of Dubuque and Viterra USA Grain, LLC Commercial Street (aka East Seventh Street) Lease

BACKGROUND
The City of Dubuque and Viterra USA Grain, LLC, at the time Gavilon Grain, LLC, entered into a Lease Agreement on July 1, 2020 for property at 505 East 7th Street. The Demised Premises comprises of 9.2 acres. Viterra would like to reduce the acreage by 1.13 acres if the company decides it no longer wants to lease that area by January 1, 2027 (the Premises Reduction Area). Thus, the Demised Premises will automatically be reduced on that date unless Viterra elects to exercise an option to continue leasing that 1.13 acres with a corresponding increase in rent.

DISCUSSION
Due to some redevelopment and railroad track improvements, the City and Viterra have also negotiated some new terms in regard to improvements, railroad track usage and insurance requirements.

In the Lease dated July 1, 2020, Viterra was granted exclusive rights to use the rail track that connected the Demised Premises to the additional sites the company also leases from the City. However, after some discoveries, it was made aware that some of those tracks were located on property that the City did not own. The City then acquired those land parcels from the Dubuque County and Faith Temple United Pentecostal Church. With the recent land acquisitions, the City had renegotiated some of the terms within the Lease Agreement in regard to the Demised Premises for use of track. The option property reduction date has now been extended to be able to allow Viterra to upgrade and improve the railroad track as described in the original Lease Agreement.

Senior Council Barry Lindahl has reviewed and approved this Amended and Restate Lease Agreement.

BUDGET IMPACT
Upon execution of this Lease Agreement, there is no direct budget impact. However, there is an Option to lease the Option Property of 1.13 acres, that if elected, would create an annual rent increase of $47,292.58 per acre per year with a 3% or CPI whichever is greater annual increase.

RECOMMENDATION
I respectfully request the City Council set a public hearing for June 16, 2025, to approve the Amended and Restated Lease Agreement between the City of Dubuque and Viterra USA Grain, LLC.

RESOLUTION NO. _____ - 25

SETTING A PUBLIC HEARING TO CONSIDER THE AMENDED AND RESTATED LEASE AGREEMENT BY AND BETWEEN THE CITY OF DUBUQUE AND VITERRA USA GRAIN, LLC FOR COMMERCIAL STREET PROPERTY

WHEREAS, The City of Dubuque, Iowa (City) previously entered into a Lease Agreement dated July 1, 2020, with Viterra USA Grain, LLC (Viterra) (formerly Gavilon Grain, LLC) under which Viterra leases certain real property located on Commercial Street (aka East Seventh Street) in Dubuque, Iowa; and

WHEREAS, Viterra and City wish to amend and restate the Lease Agreement with the Amended and Restated Lease Agreement attached hereto; and

WHEREAS, the City Council finds that it is in the best interest of the City of Dubuque to approve the Amended and Restated Lease Agreement, subject to the required public hearing.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA, AS FOLLOWS:

SECTION 1. The City Clerk is hereby authorized and directed to cause this Resolution and a Notice to be published as prescribed by Iowa Code Section 364.7 of a public hearing on the City Council's intent to approve the proposed Amended and Restated Lease Agreement, to be held on the 16th day of June, 2025 at 6:30 p.m. , to be held at 350 West 6th Street, for the purpose of receiving public input and comment regarding the proposed Amended and Restated Lease Agreement between City of Dubuque and Viterra USA Grain, LLC.

SECTION 2. The City Council will meet at said time and place for the purpose of taking action on the matter of authorizing the Amended and Restated Lease Agreement by and between the City of Dubuque, Iowa and Viterra USA Grain, LLC.

SECTION 3. The City Clerk is hereby directed to cause at least one publication to be made of a notice of said meeting, in a newspaper, printed wholly in the English language, published at least once weekly, and having general circulation in said City, said publication to be not less than four days nor more than twenty days before the date of said meeting.

Passed, approved and adopted this ___ day of _____ 2025.

Attest: _____
Brad M. Cavanagh, Mayor

AMENDED AND RESTATED LEASE AGREEMENT
BETWEEN
THE CITY OF DUBUQUE, IOWA
AND
VITERRA USA GRAIN, LLC
COMMERCIAL STREET (aka EAST SEVENTH STREET) LEASE

This Amended and Restated Lease Agreement ("Lease") is dated May 5, 2025 between the City of Dubuque, Iowa, an Iowa municipal corporation ("Lessor" or "City"), and Viterra USA Grain, LLC (formerly known as Gavilon Grain, LLC), a Delaware limited liability company ("Lessee").

RECITALS

WHEREAS, Lessee and Lessor are parties to a Lease Agreement dated July 1, 2020 ("Prior Agreement"), under which Lessee leases certain real propery located on Commercial Street (aka East Seventh Street) in Dubuque, Iowa;

WHEREAS, Lessee and Lessor wish to amend and restate the Prior Agreement with this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants made herein with the intent to be legally bound thereby, the parties hereto agree as follows:

SECTION 1. DEMISE AND TERM.

1.1 In consideration of the rents hereinafter reserved and the terms, covenants, conditions and agreements set forth in this Lease, Lessor hereby leases to Lessee the real property shown on Exhibit A (the "Demised Premises"), to have and to hold for an initial term commencing as of July 1, 2020, (the "Commencement Date"), and ending at midnight on June 30, 2048 (the "Term"), subject to all of the terms, covenants, conditions and agreements contained herein. On January 1, 2027 (the "Premises Reduction Date"), the area of the Demised Premises shall automatically be reduced to the area of real property shown on Exhibit A-1, provided that, upon written notice from Lessee to Lessor, the Premises Reduction Date may be extended for a reasonable period (not to exceed one year) in the event all necessary approvals for the construction of the New Improvements (defined below) have not been timely received.

(1) Lessee's use of the areas along the shoreline of the Demised Premises and the City's adjacent property located to the southeast of the Demised Premises, and the channel adjacent thereto, is strictly limited to maneuvering or mooring watercraft or barges and transferring the products permitted in Section 1.5 of this Lease. Lessee may not moor any watercraft or barges in any other area controlled by the City unless otherwise provided in a separate lease or written agreement with the City. Lessee's use of the shoreline along the Demised Premises and the

City's adjacent property located to the southeast of the Demised Premises as shown on Exhibit A-1 (the "Option Property") subject to Section 1.1(2), and the channel adjacent to thereto, must not block access to the harbor or unreasonably interfere with the use of any other Lessor-owned site leased by any other tenant, with City's maintenance of the flood wall, or with use of the flood wall for flood fighting purposes.

(2) Lessee may, at its sole option, elect to also lease the Option Property for a cost of $47,292.58 per acre per year ("Option Rent"), by providing written notice to Lessor at any time within the six (6) months following the Premises Reduction Date. In the event Lessee exercises such option the Option Property shall be deemed to be part of the Demised Premises and the annual Rent in Section 2.1 shall be increased by the Option Rent effective on the first day of the month immediately following the date on which Lessee exercises such option. In the event (i) Lessee does not choose to exercise its option and (ii) City in its sole discretion determine another use for the Option Property, City may upon three (3) months' written notice to Lessee restrict, with such restrictions City determines appropriate in its sole discretion, Lessee's use of the shoreline of the Option Property for mooring of Lessee's barges.

1.2 Lessee agrees to cooperate with Lessor in surveying and platting the Demised Premises and amending this Lease to include the final legal description; provided, however, that Lessee shall not be required to pay for the cost of any such surveying and platting.

1.3 The Demised Premises is subject to a Lease Agreement between Lessor and Swift Agricultural Chemicals Corporation dated November 29, 1971, as subsequently assigned to The Pillsbury Company, as subsequently assigned to ConAgra Foods, Inc., and as subsequently amended and assigned to Lessee (the "1971 Lease Agreement"). Upon commencement of the Term of this Lease, the 1971 Lease Agreement shall terminate.

1.4 Use of Premises. Lessee acknowledges that the Demised Premises is currently zoned HI Heavy Industrial. Notwithstanding such zoning, Lessee agrees that the Demised Premises shall not be used for any of the following uses:

Slaughterhouses or stockyards;
Manufacture or processing of the following materials: ammonia or chlorine;
Manufacture of acid, lime or lime products, and detergent;
Sanitary landfills;
Sewage treatment plants;
Crematoriums; reduction plants; foundries, forges or smelters; and
Junk yards, salvage yards.

1.5 Lessee further agrees that the Demised Premises shall be used only for the handling of bulk commodities (grain, solid or liquid fertilizer, salt, whole cotton seed, oilseeds) and or other bulk commodities, steel rebar, and dried distillers grains with

solubles (DDGS), and no other purposes without the prior written consent of Lessor, which consent shall not be unreasonably withheld or delayed.

1.6 Lessee may store the permitted products set forth in Section 1.5 outdoors, provided any such outdoor storage shall be in accordance with applicable laws, permits and customary industry practices, including not less than the six (6) foot fencing improvements shown on Exhibit B.

1.7 Storm Sewer Easement. Lessor reserves to itself an easement and the right, at its sole cost and expense, to construct, reconstruct, maintain, operate, repair, and remove through, under and across the Demised Premises an underground storm sewer as shown on Exhibit D. Lessee shall not erect any structure over the storm sewer without obtaining the prior written approval of Lessor, which shall not be unreasonably withheld or delayed. By executing this Lease, Lessor hereby consents to any existing structure now in place and grants Lessee written approval to construct or install the railroad track extensions, roads, flat storage and other New Improvements (defined below) over the storm sewer as shown on Exhibit B attached hereto and made a part hereof, as further set forth in Section 3. However, prior to any construction over the storm sewer, Lessee shall provide Lessor with an engineer's report reasonably acceptable to Lessor showing that such construction will not cause any damage to the storm sewer. Lessor agrees to cooperate with Lessee in its preparation of any engineer's report by providing Lessee, upon request, with all available information concerning the storm sewer. Lessee shall be responsible for maintaining any structure constructed over the storm sewer and any damage which to the storm sewer which results from such construction. Lessor, its agents or contractors, shall at all times upon reasonable notice of not less than two (2) weeks to Lessee, or such shorter period of notice as is reasonably possible in the event of an emergency reasonably determined by City, have free access to and egress from and over the Demised Premises to maintain or repair the storm sewer, provided that Lessor shall make all reasonable efforts not to interfere with Lessee's operations on the Demised Premises. In the event any Lessee property or improvements located immediately over the storm sewer must be removed or dismantled to perform any work pursuant to this paragraph, Lessor shall take reasonable measures to prevent damage to such property or improvements, perform its work as quickly as possible to reduce interruptions in Lessee's business, and shall reconstruct the storm sewer in a manner which will support the reconstruction of Lessee's improvements, and following completion of such work, Lessor shall restore and recompact the soil to the level of the property prior to performing such work. Lessor shall not be responsible for any damage to Lessee's property or improvements located directly over the storm sewer caused in the course of Lessor exercising any of its rights pursuant to this paragraph, but shall be responsible for any other damage of injury caused by Lessor exercising its rights pursuant to this paragraph.

1.8 Lessee agrees to cooperate with Lessor and not object to the renaming of Commercial Street as East 7th Street.

1.9 Docking Privilege. City grants unto Lessee the exclusive right to dock its vessels and/or barges, according to the terms and provisions herein, along the shoreline of the

Demised Premises and the Option Property, and in the channel adjacent thereto during the Term of the Lease, subject to Section 1.1.

(1) Docking Fee; Exclusive Use; Maintenance.

(a) Lessee agrees to pay to City an annual fee (the Docking Fee) of $19,691.00, payable in twelve equal monthly payments of $1,640.92, due in advance on the first day of each month during the Term. The Docking Fee shall be adjusted on an annual basis as provided in Sec. 2.2.

(b) Lessee shall have the exclusive right to use the mooring dolphins in the channel adjacent to the Demised Premises.

(c) Lessee takes said premises in their present condition except for any environmental hazard or condition existing on the channel adjacent to the Demised Premises.

(d) City's Duty Of Care And Maintenance. City shall have no duty of care or maintenance, including no duty to dredge; provided, however, that the City will cooperate with Lessee and obtain any permits required for such dredging work to be performed by Lessee or its contractor, and shall coordinate joint contribution from all harbor tenants in the event the harbor required dredging.

(e) Lessee's Duty Of Care And Maintenance. Lessee shall at all times during the term of this Lease, at Lessee's own costs and expense, keep and maintain the mooring dolphins adjacent to the Demised Premises and Lessee's owned barges and vessels in good condition and repair. City may, at its discretion, upon reasonable notice to Lessee, conduct an inspection during Lessee's normal business hours and while accompanied by Lessee to determine Lessee's compliance with this Section 1.9. Lessee on a reasonable basis shall remove all dead wood, weeds, trash and debris along the shoreline of the Demised Premises; provided, however, that Lessee shall not be required to perform the same if, in Lessee's reasonable judgment, such maintenance cannot be performed in a safe and reasonable manner.

(f) Lessee will make no unlawful use of said premises and agrees to comply with all city ordinances, and the laws of the State of Iowa and the United States.

(g) On delivery of possession of the Demised Premises to Lessee, Lessee shall not construct any improvements within the channel adjacent to the Demised Premises except as agreed upon in advance, in writing, by City. City shall have the right in its sole discretion to approve the design,

appearance and quality of any such improvements, which approval shall not be unreasonably withheld or delayed.

(h) Lessee shall not encumber by mortgage, deed of trust, or other instrument, its interest granted in this Section 1.9 without the prior written consent of Lessor which consent shall not be unreasonably withheld.

SECTION 2. RENT, AND OTHER PAYMENTS.

2.1 Rent. Lessee shall pay Lessor, in addition to taxes, fees (including but not limited to storm water fees), rates, charges, levies, assessments, and all other charges required to be paid under this Lease by Lessee, annual rent ("Rent") in the amount of $349,264.84 payable in twelve equal monthly payments of $29,105.40, due in advance on the first day of each month during the Term. Such Rent shall be increased as provided in Section 1.1 in the event Lessee exercises its option on the Option Property.

2.2 Rent Adjustment. The Rent for each year of the Term, beginning on the first anniversary date of the Commencement Date and continuing on each subsequent anniversary date thereof, shall be determined by multiplying the Rent in effect immediately prior to the applicable anniversary of the Commencement Date by the CPI Adjustment (as hereinafter defined) and then adding the resulting product, if positive ("CPI Increase"), to the Rent in effect immediately prior to the applicable anniversary date; provided, however, in no event shall the CPI Increase exceed three percent (3%) of the then-current Rent and provided, further, that in no event shall the Rent for any year be less than the Rent for the immediately preceding year.

The "CPI Adjustment" shall be a fraction expressed as a decimal, the numerator of which shall be the Current CPI minus the Prior CPI and the denominator of which is the Prior CPI, or 3% whichever amount is less. The "Current CPI" is the latest CPI published prior to the anniversary date of the lease term. The "Prior CPI" is the CPI published in the immediately preceding calendar year for the same month as the Current CPI.

The term "CPI" shall mean the "Consumer Price Index for All Urban Consumers (CPI-U)" published by the Bureau of Labor Statistics of the U.S. Department of Labor, All Items (1982-84=100), U.S. City Average, or any successor index thereto, appropriately adjusted. If the CPI ceases to be published and there is no successor thereto, such other government or nonpartisan index or computation shall be used which would obtain a substantially similar result as if the CPI had not been discontinued.

2.3 Payments to City. All invoice payments required by this Lease shall be made payable to "The City of Dubuque, Iowa" and delivered to the City of Dubuque Finance Department, City Hall. Any payments due not paid in full by the due date shall be subject to the lesser of the maximum interest provided by law or the following rates:

- 1% per month

2.4 Wharfage.

(1) Lessee shall pay Lessor for all goods, including liquids, transferred to the Demised Premises by water, rail or motor vehicle for every ton received at the Demised Premises as follows:

Grain/DDGS/Oilseeds	$ 0.1000/ton
All other goods	$ 0.2500/ton

Lessee shall not be required to pay said fee for Lessor's inbound cargo.

(2) Wharfage Adjustment for Section 2.4(1). The wharfage for each year of the Term, beginning on the first anniversary date of the Commencement Date and continuing on each subsequent anniversary date thereof, shall be determined by multiplying the wharfage in effect immediately prior to the applicable anniversary date of the Commencement Date by the CPI Adjustment (as hereinafter defined) and then adding the resulting product, if positive ("CPI Increase"), to the wharfage in effect immediately prior to the applicable anniversary date; provided, however, in no event shall any increase in the wharfage rate exceed three percent (3%) of the then-current wharfage rate and provided, further, that in no event shall the wharfage rate for any year be less than the wharfage rate for the immediately preceding year.

The "CPI Adjustment" shall be a fraction expressed as a decimal, the numerator of which shall be the Current CPI minus the Prior CPI and the denominator of which is the Prior CPI, or 3% whichever amount is less. The "Current CPI" is the latest CPI published prior to the anniversary date of the lease term. The "Prior CPI" is the CPI published in the immediately preceding calendar year for the same month as the Current CPI.

The term "CPI" shall mean the "Consumer Price Index for All Urban Consumers (CPI-U)" published by the Bureau of Labor Statistics of the U.S. Department of Labor, All Items (1982-84=100), U.S. City Average, or any successor index thereto, appropriately adjusted. If the CPI ceases to be published and there is no successor thereto, such other government or nonpartisan index or computation shall be used which would obtain a substantially similar result as if the CPI had not been discontinued.

(3) Tonnage reports shall be provided to Lessor by January 15 of each year for the preceding calendar year with the payment for each year due by no later than February 1 immediately following the end of each such year.

SECTION 3. TITLE TO IMPROVEMENTS AND TRADE FIXTURES.

3.1 Trade Fixtures. For the purposes of this Lease, "Trade Fixtures" shall mean all of Lessee's personal property located on the Demised Premises used in connection with

Lessee's business. Title to Lessee's Trade Fixtures is and shall be the sole and exclusive property of Lessee during the Term of this Lease and shall remain the sole and exclusive property of Lessee after the expiration or termination of this Lease, for whatever reason. Lessor acknowledges and understands that it shall have no right, title or interest in or to Lessee's Trade Fixtures either during the Term of this Lease, or thereafter (except as hereinafter provided). Lessor acknowledges and agrees that Lessee shall have the right to encumber, sell, or hypothecate Lessee's Trade Fixtures, to remove them from the Demised Premises, or to otherwise deal with all or any portion of such Lessee's Trade Fixtures, at Lessee's sole discretion. Upon ten (10) days' prior written notice to Lessor, Lessor shall execute and deliver to Lessee a certificate in recordable form prepared by Lessee stating that Lessor has no interest or right in or to Lessee's Trade Fixtures, as well as any other or further document which Lessee may reasonably request from Lessor.

3.2 Improvements. Existing Improvements on the Demised Premises as of the commencement of the Term are as follows:

Any existing tanks, silos, permanently anchored and installed belt conveying systems or piped conveying systems, hard wired electrical systems, railroad tracks and buildings.

Lessee shall not construct any new improvements on the Demised Premises without the prior written consent of Lessor, which consent shall not be unreasonably withheld or delayed. By executing this Lease, Lessor hereby grants Lessee written consent, but Lessee is not obligated, to construct or install on the Demised Premises a new shop/office, rail track, truck scale, fence, trees and other improvements generally as shown on Exhibit B attached hereto and made a part hereof (the "New Improvements"), subject to Secs. 1.7 and 3.4 and in compliance with all applicable requirements of the City of Dubuque Code of Ordinances and which, if constructed, shall be completed on or before Premises Reduction Date. Lessee may make minor alterations to the design of the New Improvements, provided that any material alterations must be approved by Lessor, which approval shall not be unreasonably withheld, and that in the event such approval is not granted, Lessee shall have the option to terminate this Lease. All Existing Improvements and New Improvements (collectively the "Improvements") on the Demised Premises are and shall be the property of Lessee during the Term of this Lease and no longer. Upon the expiration or any termination of this Lease, by reason of any cause whatsoever, if the Improvements or any part thereof shall then be on the Demised Premises, all of Lessee's right, title, and interest therein shall cease and terminate, and title to the Improvements shall vest in Lessor, and the Improvements or the part thereof then within the Demised Premises shall be surrendered by Lessee to Lessor. No further deed or other instrument shall be necessary to confirm the vesting in Lessor of title to the Improvements. However, upon any termination of this Lease, Lessee, upon request of Lessor, shall execute, acknowledge and deliver to Lessor a quitclaim deed confirming that all of Lessee's right, title and interest in or to the Improvements has expired, and that title to the Improvements has vested in Lessor. Lessor reserves the right to require Lessee to remove some or all of the Improvements, which Lessee shall accomplish within 30 days of the expiration of this Lease Agreement, provided that Lessor must provide Lessee written notice of which Improvements must be removed not less than 180 days prior to

the expiration of the Lease Term.

3.3 Removal of Existing Building. Lessee shall remove the existing dry fertilizer building on the Demised Premises as shown on Exhibit A by December 31, 2023; provided, however, that the deadline for removing the fertilizer building shall be extended for a reasonable period of time in the event of Force Majeure (defined below).

3.4 Compliance with City Ordinances. Lessee shall comply with all applicable City of Dubuque Code of Ordinances with respect to Lessee's construction or installation of the New Improvements. City shall reasonably assist Lessee in obtaining any necessary approvals regarding the New Improvements.

3.5 Landscaping.

(1) No fence shall be installed on the Demised Premises without the approval of Lessor, which consent shall not be unreasonably withheld; provided, however, that if such fencing is otherwise required by applicable law, rule or regulation, Lessee may install such fencing without Lessor's consent.

(2) Lessee shall, in connection with its installation of the New Improvements, install landscaping in the areas identified on Exhibit B substantially similar to the landscaping shown on Exhibit C. Lessee shall maintain all landscaping on the Demised Premises during the Term of this Lease.

3.6 Flagpoles. Lessee shall, in connection with its installation of the New Improvements, construct on the Demised Premises in the location shown on Exhibit B not less than three (3) 35-foot lighted flag poles, one of which shall display a minimum 5-foot by 8-foot official flag of the City of Dubuque, which official flag Lessor shall provide to Lessee. All flags shall be maintained in a state of good repair at all times and replaced at least every six months.

3.7 Railroad Extensions.

(1) Lessee shall have the exclusive right (subject to this paragraph) to use the Lessor owned railroad spur track connecting to the Demised Premises and located off of the Demised Premises shown in yellow on Exhibit E (the "Lessor Track"). Lessor hereby grants Lessee written consent, but Lessee is not obligated, to construct and install the railroad improvements to the Lessor Track shown on Exhibit E (the "Rail Improvements") attached hereto incorporated herein. Lessor shall upon the request of Lessee, request that the CN Railroad, or other applicable party, reinstall the switch serving the Lessor Track. Lessor and Lessee acknowledge that the estimated cost of the Rail Improvements and the associated materials and equipment is $1,500,000.00 based on the estimate provided by Lessee. If Lessor or East Central Intergovernmental Agency receives a state or federal grant and/or loan to rebuild the Rail Improvements, Lessor or East Central Intergovernmental Agency shall contribute such funds to Lessee for the Rail

Improvements, or if Lessor or East Central Intergovernmental Agency is prohibited by such grants or loans from contributing the funds to Lessee, then Lessor or East Central Intergovernmental Agency shall pay such funds to the entity constructing the Rail Improvements, and Lessee shall pay the balance of the costs. Lessor's or East Central Intergovernmental Agency's contribution to the Rail Improvements shall not be due and payable to Lessee until thirty (30) days after the Rail Improvements are completed and fully operational and approved by Lessor in Lessor's sole discretion, which shall not be unreasonably withheld or delayed. Provided the Rail Improvements are completed, Lessee at its expense shall maintain the Lessor Track and Rail Improvements in accordance with all applicable laws governing its use thereof; provided, however, that Lessor and its other tenants at the port shall be permitted to use the Lessor Track and Rail Improvements upon the following conditions: (i) use of the Lessor Track and Rail Improvements by any third parties pursuant to this Section shall not interfere with Lessee's use of the Lessor Track or Rail Improvements, (ii) Lessee shall retain first priority to use the Lessor Track and Rail Improvements, (iii) Lessee may charge Lessor or any such third party a reasonable switching charge or other fee for use of the Lessor Track or Rail Improvements and may require any such third party to sign a reasonable indemnity agreement, and (iv) Lessor shall defend, indemnify and hold harmless Lessee from and against all liabilities, obligations, claims, damages, penalties, causes of action, costs and expenses (including reasonable attorney fees) imposed upon, incurred by or asserted against Lessee in connection with Lessor's use of the Lessor Track or Rail Improvements. Lessor may install and maintain underground utility crossings under the Lessor Track, provided that any such crossings are approved in accordance with and otherwise meet the requirements of the serving railroad with respect to industry track, and the installation and maintenance of any such crossings shall be coordinated so as not to interfere with Lessee's operations. Lessee agrees that in moving cars with its own locomotives it shall not unreasonably block any public rail crossing of the Lessor Track (East Seventh Street or East Commercial Street), excepting any blocking of a crossing caused by mechanical breakdown, track or switch icing, derailment or other matter beyond Lessee's reasonable control provided that Lessee take reasonable steps to timely address any such issue. The parties hereto acknowledge and agree that this Section 3.7 is part of the consideration for this Lease, and Lessee, subject to the foregoing, agrees to cooperate with said parties to make such connections to the track of Lessee.

(2) For any railroad tracks on the Demised Premises shown on Exhibit E existing as of the commencement of this Lease and in the event Lessee installs any track on the Demised Premises (together, the "Demised Premises Tracks"), Lessee at its expense shall maintain the Demised Premises Tracks , including at-grade crossings, in accordance with all applicable laws governing its use thereof. Lessee shall have the exclusive right to use the Demised Premises Tracks, and neither Lessor nor any other tenant shall be permitted to use the Demised Premises Tracks without the prior written authorization of Lessee.

3.8 [Reserved].

3.9 Commercial Street (aka East 7th Street) Reconstruction. If Lessor reconstructs Commercial Street (aka East 7th Street) during the Term of this Lease, Lessee shall reimburse Lessor the lesser of (i) an amount equal to the assessment or (ii) $145,000.00 increased by the CPI Adjustment which shall be a fraction expressed as a decimal, the numerator of which shall be the CPI as of the date of this Lease and the denominator of which is the CPI as of the date of reconstruction, not to exceed 3 percent per year ("7th Street Assessment"). All costs related to the removal, repair, or replacement of any railroad track owned by Lessee effected by such reconstruction, including the cost of constructing any street crossing, shall be the sole responsibility of Lessor, and Lessor shall promptly remove, repair, or replace such track and/or construct such new or replacement and crossing. Lessee shall design any railroad tracks constructed or reconstructed by Lessee as part of the New Improvements consistent with the design shown on Exhibit B. In the event any future reconstruction of 7th Street requires modification of the design, grade, elevation or materials of Lessee's railroad crossing(s), Lessee's 7th Street Assessment shall be reduced by any costs incurred by Lessee to redesign or modify its railroad crossing(s).

3.10 Paving. Lessee shall not later than Premises Reduction Date pave all areas of the Demised Premises used by Lessee for vehicle traffic and parking. Paving shall include asphalt or concrete.

3.11 Dust Mitigation. Lessee shall implement and comply with reasonable policies and procedures designed to mitigate against dust emissions caused by vehicular traffic on the Demised Premises.

SECTION 4. ENCUMBRANCE OF LESSEE'S LEASEHOLD INTEREST. Lessee may not encumber by mortgage, deed of trust or other financial instrument, the Demised Premises without the prior written consent of Lessor which consent shall not be unreasonably withheld.

SECTION 5. TAXES.

5.1 Lessee agrees to pay to City as additional rent an amount equal to real estate taxes upon the real estate of the Demised Premises that accrue during the Term of this Lease (including taxes accrued during the Term but not due and payable until after the Term), upon receipt of a statement from City, accompanied with all statements from any other taxing authority verifying the amount of such accrued taxes.

5.2 During the Term of this Lease, Lessee further agrees to pay all other taxes, fees, rates, charges, levies, general assessments and special assessments for which Lessor is entitled to impose under statute or ordinance due to the actions or inactions of Lessee, of every name, nature and kind, whether now known to the law or hereafter created which may be taxed, charged, assessed, levied or imposed upon the real estate of the Demised Premises and which become payable during the term hereof and which would become

delinquent if not so paid during the term hereof, any buildings or improvements thereon which may be taxed, charged, assessed, levied or imposed upon the leasehold estate hereby created and upon the real estate of the Demised Premises during the Term hereof and which become payable during the term hereof and which would become delinquent if not so paid during the Term hereof, and all such taxes, fees, rates, charges, levies and assessments shall be paid by Lessee as they become due and before they become delinquent during the Term hereof.

5.3 Lessee agrees to timely pay all taxes, fees, assessments or other public charges levied or assessed by lawful authority (but reasonably preserving Lessee's rights of appeal) against its personal property on the Demised Premises, during the Term of this Lease.

5.4 Nothing herein shall require Lessee to pay any of Lessor's income taxes, surtaxes, excess profit taxes or any taxes on the rents or other amounts reserved or paid to Lessor hereunder.

5.5 Lessee shall at all times have the right to challenge or contest in good faith, in any proper proceedings, in the name of Lessor if necessary, the amount, valuation, payment or satisfaction of any such taxes, fees, assessments, rates, charges or levies so agreed to be paid by Lessee if the amount, valuation or validity thereof, or the right to assess or levy the same against or collect the same from said Demised Premises or Lessee's improvements, shall be disputed, and Lessor shall provide reasonable cooperation in support of any such challenge or contest by Lessee unless Lessor is the entity imposing such taxes, fees, assessments, rates, charges or levies. Upon the conclusion of any such suit or proceedings Lessee shall promptly pay and satisfy such disputed tax, fee, assessment or other charge as finally determined, together with all expenses, costs and attorneys' fees whatsoever incurred in connection therewith.

SECTION 6. REPAIRS.

6.1 Lessee shall at all times during the term of this Lease, at Lessee's own costs and expense, keep the Demised Premises and the improvements thereon, including all sidewalks, curbs, and all appurtenances upon Demised Premises, and the dolphins and structures in the channel adjacent to and serving the Demised Premises and the Option Property for so long as the Option Property is used by Lessee, in good order, condition and repair, and in a safe, clean and neat condition, casualties and ordinary wear and tear excepted. Lessee shall keep the Demised Premises in such condition as may be required by law and by the terms of the insurance policies furnished pursuant to this Lease, whether or not such repair shall be interior or exterior, and whether or not such repair shall be of a structural nature. Upon reasonable notice to Lessee, Lessor may, at its discretion and at its cost, during Lessee's normal business hours and while accompanied by Lessee, conduct an annual inspection of the Demised Premises to determine Lessee's compliance with this Section 6.

6.2 Except for the storm sewer, levee, and floodwall, Lessor shall have no obligation

to Lessee for any maintenance expense of any kind on the Demised Premises, including but not limited to sidewalks, private roads, or railroad tracks. Lessor reserves a right of access to the levee and floodwall at all times with reasonable advance notice to Lessee for Lessor's operation and maintenance of the levee and floodwall, provided that Lessor shall make reasonable efforts not to interfere with Lessee's operations.

SECTION 7. ALTERATIONS. Lessee shall not, without Lessor's prior written consent, which consent shall not be unreasonably withheld or delayed, make any alteration, addition, or modification to any improvement on the Demised Premises that exceeds One Hundred Thousand Dollars ($100,000.00) in cost. Any alteration, addition, or modification of less than One Hundred Thousand Dollars ($100,000.00) shall not require Lessor's consent. By executing this Lease, Lessor hereby grants Lessee written consent to construct or modify the Improvements on the Demised Premises described in Section 3 as well as the Rail Improvements, subject to the requirements in Section 3.

SECTION 8. COMPLIANCE WITH LAW.

8.1 During the term of this Lease, Lessee shall comply with all local, state and federal laws applicable to Lessee's use of the Demised Premises, including but not limited to the Americans with Disabilities Act and the Smokefree Air Act, Iowa Code Section 142D.3. Lessee shall not commit waste on the Demised Premises except as necessary for its business purposes including the removal or construction of any buildings and improvements on the Demised Premises.

8.2 Lessee shall also at all times comply with all regulations governing the use of the USACE Permitted Area shown on Exhibit A. In the event Lessee elects to construct an entrance to the USACE Permitted Area, any such construction shall require the prior written approval of Lessor, which shall not be unreasonably withheld, and the United States Army Corps of Engineers. Lessee shall be solely responsible for the cost of any such entrance.

SECTION 9. USE OF DEMISED PREMISES.

9.1 Lessee shall not knowingly use or allow the Demised Premises or any buildings or improvements thereon, to be used or occupied for any unlawful purpose or in violation of any certificate of occupancy. Lessee shall not engage in any act or permit any condition to exist within the Demised Premises or in any improvement thereon, or permit any article to be brought therein, which is inherently dangerous, unless safeguarded as required by law, or which, in law, constitutes a public nuisance, or which makes void or voidable any insurance in force with respect thereto.

SECTION 10. PARKING. Lessee shall prohibit its employees from parking in City-owned parking stalls anywhere southwest of the railroad bridge in the Port of Dubuque.

SECTION 11. INSURANCE.

11.1 Lessee shall maintain during the Term of this Lease insurance as set forth in the City's Standard Insurance Schedule for Lessees of City Property. The insurance coverage limits in such uniform, standardized schedule may from time to time be reasonably amended. The Insurance Schedule is attached to this Lease as Insurance Schedule A. Lessor shall provide written notice of any rate limit amendment to the Insurance Schedule not less than sixty days prior to the effective date of such amendment.

11.2 Lessee shall maintain, or cause to be maintained, at its cost and expense (and from time to time at the reasonable request of City shall furnish proof of such insurance), property insurance against loss and/or damage to improvements under an insurance policy written on the Special Perils Form in an amount not less than the full insurable replacement value of the Improvements. The term "replacement value" shall mean the actual replacement cost of the Improvements (excluding foundation and excavation costs and costs of underground flues**,** pipes, drains and other uninsurable items) and equipment, and shall be determined from time to time at the reasonable request of City, but not more frequently than once every three years, and paid for by Lessee.

11.3 Lessee agrees to promptly notify City in the case of damage exceeding $250,000 in amount to, or destruction of, Improvements or any portion thereof resulting from fire or other casualty. Net proceeds of any such insurance ("Net Proceeds"), shall be paid directly to Lessee, and Lessee, in its sole discretion, may remove or repair, reconstruct, restore, or replace the Improvements to substantially the same or an improved condition or value as they existed prior to the event causing such damage subject to the requirements of the City of Dubuque Code of Ordinances and, to the extent necessary to accomplish such repair, reconstruction and restoration, Lessee may apply the Net Proceeds of any insurance relating to such damage received by Lessee to the payment or reimbursement of the costs thereof. Lessee shall notify Lessor of any damage to the flood wall regardless of the amount of such damage.

11.4 Lessee shall complete the removal, replacement, repair, reconstruction or restoration of improvements, whether or not the Net Proceeds of insurance received by Lessee for such purposes are sufficient.

SECTION 12. LESSOR'S WARRANTIES AND REPRESENTATIONS.

12.1 Lessor's Representation of Good Title. Lessor covenants and warrants that Lessor is lawfully seized in possession of the Demised Premises, and that it has full right and authority to enter into this Lease for the full Term hereof, and covenants and agrees that upon paying the rent provided for herein, and upon Lessee's performing the covenants and agreements of this Lease required to be performed by said Lessee, that it will have, hold and enjoy quiet possession of the Demised Premises. Lessor warrants to Lessee that the Demised Premises are properly zoned for the conduct of the operation of Lessee's business. Lessor otherwise covenants and warrants that it has full authority to grant the rights set forth herein.

12.2 Lessor makes no representations or warranties as to the condition, including environmental condition, of the Demised Premises and Lessee accepts the Demised Premises as is.

SECTION 13. LESSEE'S WARRANTIES AND REPRESENTATION.

13.1 Lessee Compliance With Law. Lessee shall comply with all applicable local, state and federal laws, rules, regulations and permits with regard to the Demised Premises and its use and occupancy of the Demised Premises.

13.2 Environmental Matters.

(1) Lessee covenants and agrees that Lessor shall have no responsibility for or liability arising from any release of a Hazardous Substance which is caused by or results from Lessee or Lessee's use of the Demised Premises, except for Lessor Hazardous Substances (any Hazardous Substance which leaches or migrates upon the Demised Premises from any property owned by Lessor) of Lessor or any third party authorized by Lessor to use the Demised Premises and relating to the use of Demised Premises Tracks by the same. Notwithstanding any other provision of this Lease, Lessee shall not have any responsibility for any Hazardous Substance which leaches or migrates upon the Demised Premises from any adjacent property or any release of a Hazardous Substances which is caused by Lessor or any third party utilizing the Demised Premises Tracks or which pre-exists the date of this Lease; provided, however, that Lessee shall be responsible for pre-existing releases to the extent caused by Lessee. Lessee shall provide reasonable cooperation, assistance, and access to Lessor or other parties investigating and/or responding to a threatened or actual release of a Hazardous Substance.

(2) Lessee covenants and agrees to promptly notify Lessor of any release of a Hazardous Substance in, on or about the Demised Premises, the shoreline along the Demised Premises or the channel adjacent to the Demised Premises, of which Lessee has actual knowledge.

(3) Lessee covenants and agrees to promptly take any and all necessary response required by an environmental regulatory authority having jurisdiction to address any release of a Hazardous Substance for which Lessee is responsible under this Section following advance notice to Lessor. Such response shall include, without limitation, notification to appropriate governmental authorities, as may be required by law.

(4) Lessee covenants and agrees to not manufacture, treat or dispose of Hazardous Substances at the Demised Premises, the shoreline along the Demised Premises or the channel adjacent to the Demised Premises, or allow the manufacture, treatment, or disposal of Hazardous Substances on the Demised Premises, the shoreline along the Demised Premises or the channel adjacent to the Demised Premises. Lessee shall use and store on the Demised Premises, the

shoreline along the Demised Premises or the channel adjacent to the Demised Premises, only those Hazardous Substances as are associated with its regular business activities, and then only as allowed by law.

(5) For the purposes of this Lease, “Hazardous Substance” or “Hazardous Substances” means any hazardous or toxic substance, material or waste which is or becomes regulated by any local government, the State of Iowa or the United States Government. It includes, without limitation, any material or substance that is (i) defined as a “hazardous substance” or “hazardous waste” under Chapter 455B, Iowa Code, (ii) petroleum and petroleum products, (iii) asbestos containing materials in any form or condition, (iv) designated as a “hazardous substance” pursuant to 311 of the Federal Water Pollution Control Act (33 U.S.C. § 1321), (v) defined as a “hazardous waste" pursuant to § 1004of the Federal Resource Conservation and Recovery Act, 42 U.S.C. §6901 et seq., (vi) defined as a “hazardous substance” pursuant to § 101 of the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C § 9601 et seq., or (vii) defined as a “regulated substance” pursuant to Subchapter IX, Solid Waste Disposal Act (Regulation of Underground Storage Tanks), 42 U.S.C. § 6991 et seq. The term "Hazardous Substance" shall not include any air emissions discharged into the atmosphere as allowed by a duly issued permit from the applicable governmental agency.

SECTION 14. INDEMNIFICATION.

14.1 Indemnification of Lessee. To the extent allowed by law, Lessor will defend, indemnify and save harmless Lessee from and against all liabilities, obligations, claims, damages, penalties, causes of action, costs and expenses (including, without limitation, reasonable attorneys’ fees and expenses) imposed upon or incurred by or asserted against Lessee by reason of (a) any accident, injury to or death of persons or loss of or damage to property occurring on or about the Demised Premises, the shoreline along the Demised Premises, the channel adjacent to the Demised Premises or, if Lessee constructs the Rail Improvements pursuant to Section 3.7, the Rail Improvements, resulting from any act or omission of Lessor its agents, employees, lessee’s or invitees, (b) any failure on the part of Lessor to perform or comply with any of the terms of this Lease,(c) any breach on the part of Lessor of any warranty or representation contained in Section 12, and (d) any Hazardous Substance on the Demised Premises, the shoreline along the Demised Premises or the channel adjacent to the Demised Premises, which is not the responsibility of Lessee pursuant to Section 13.2(1). In case any action, suit or proceeding is brought against Lessee by reason of such occurrence, Lessor will, at Lessor’s expense and discretion, either defend such action, suit or proceeding, or cause the same to be defended by counsel approved by Lessee, which approval will not be unreasonably withheld.

14.2 Indemnification of Lessor. Lessee will defend, indemnify and save harmless Lessor from and against all liabilities, obligations, claims, damages, penalties, causes of action, costs and expenses (including, without limitation, reasonable attorneys’ fees and

expenses) imposed upon or incurred by or asserted against Lessor by reason of (a) any accident, injury to or death of persons or loss of or damage to property occurring on or about the Demised Premises, the shoreline along the Demised Premises, the channel adjacent to the Demised Premises or, if Lessee constructs the Rail Improvements pursuant to Section 3.7, the Rail Improvements, during the Term of this Lease and resulting from any negligence of Lessee or anyone claiming by, through or under Lessee during the Term of the Lease and (b) any failure on the part of Lessee to perform or comply in any material respect with any of the material terms of this Lease, (c) any material breach on the part of Lessee of any warranty or representation contained in Section 12, and (d) any Hazardous Substance on the Demised Premises, the shoreline along the Demised Premises or the channel adjacent to the Demised Premises and the area shown on Exhibit E, which is the responsibility of Lessee pursuant to Section 13.2(1). In case any action, suit or proceeding is brought against Lessor by reason of such occurrence, Lessee will, at Lessee's expense and discretion, either defend such action, suit or proceeding, or cause the same to be defended by counsel approved by Lessor, which approval will not be unreasonably withheld.

14.3 Survival. The obligations and liabilities under this Section shall survive and continue in full force and effect and shall not be terminated, discharged or released, in whole or in part, irrespective of the termination or expiration of the term of this Lease.

SECTION 15. CONDEMNATION.

15.1 Entire Condemnation. If at any time during the term of this Lease all or substantially all of the Demised Premises or the improvements thereon shall be taken in the exercise of the power of eminent domain by any sovereign, municipality or other public or private authority, then this Lease shall terminate on the date of vesting of title in such taking and any prepaid rent shall be apportioned as of said date. Substantially all of the Demised Premises and the improvements thereon shall be deemed to have been taken if the remaining portion of the Demised Premises shall not be of sufficient size to permit Lessee, in Lessee's sole discretion, to operate its business thereon in a manner similar to that prior to such taking.

15.2 Allocation of Award. Any award for such taking of all or substantially all of the Demised Premises shall be paid to the parties hereto in accordance with the following:

(1) To Lessor, the amount of the award attributable to the real estate constituting the Demised Premises, determined as if this Lease was not in effect at the time of such award, excluding therefrom the amount of the award attributable to improvements constructed and all other sums not directly attributable to the value of the real estate constituting the Demised Premises;

(2) To Lessee, the entire award except that portion allocated to Lessor above.

15.3 Partial Condemnation.

(1) If less than all or substantially all of the Demised Premises or the improvements thereon shall be taken in the exercise of the power of eminent domain by any sovereign, municipality or other public or private authority, then Lessee, at its option, may elect to continue this Lease in full force and effect or terminate this Lease. If Lessee shall elect to maintain this Lease in full force and effect, the award for such partial condemnation shall be allocated as provided in Section 15.2, and Lessee shall proceed with reasonable diligence to carry out any necessary repair and restoration so that the remaining improvements and appurtenances shall constitute a complete structural unit or units which can be operated on an economically feasible basis under the provisions of this Lease. In the event Lessee elects to continue this Lease in full force and effect after a partial condemnation, the Rent shall be reduced in proportion to the area of the Demised Premises taken.

(2) Should Lessee elect to terminate this Lease upon a partial condemnation, Lessee shall provide Lessor with written notice of such election within thirty (30) days after the date of vesting of title for such taking. Lessee shall specify in such written notice the date on which this Lease shall terminate, which date shall be not less than 60 days nor more than 360 days after delivery of such notice to Lessor (the Termination Date). In the event Lessee terminates this Lease, Lessee shall be entitled to the entire award for such partial taking.

15.4 Temporary Taking. If the temporary use of the whole or any part of the Demised Premises or the improvements thereon or the appurtenances thereto shall be taken at any time during the term of this Lease in the exercise of the power of eminent domain by any sovereign, municipality, or other authority, the term of this Lease shall not be reduced or affected in any way, and Lessee shall continue to pay in full the Rent, additional rent and other sum or sums of money and charges herein reserved and provided to be paid by Lessee, and the entire award for such temporary taking shall be paid to Lessee. Lessee shall repair and restore any and all damage to the Demised Premises and the improvements as soon as reasonably practicable after such temporary taking.

SECTION 16. ASSIGNMENT AND SUBLETTING. This Lease may not be assigned by Lessee without the prior written consent of Lessor, which consent shall not be unreasonably withheld or delayed, except to a third party acquiring all or substantially all of Lessee's assets related to this Lease.

SECTION 17. DEFAULT.

17.1 Lessor's Rights in the Event of Lessee's Default. If Lessee shall fail or neglect to observe, keep or perform any of the covenants, terms or conditions contained in this Lease on its part to be observed, kept or performed, and the default shall continue for a period of thirty (30) days after written notice from Lessor setting forth the nature of Lessee's default (it being intended that in connection with a default not susceptible of being cured with diligence within thirty (30) days, the time within which Lessee has to cure the same shall be extended for such period as may be necessary to complete the same

with all due diligence but in no event longer than one hundred eighty (180) days or in the event such cure relies on the consent or involvement of any regulatory authority, railroad or other third party or is due to Force Majeure such time as a cure can reasonably be effected by promptly initiating and diligently continuing reasonable efforts, then and in any such event, Lessor shall have the right at its option, on written notice to Lessee, to terminate this Lease. Lessor shall thereafter have the right to enter and take possession of the Demised Premises with process of law and to remove all personal property from the Demised Premises and all persons occupying the Demised Premises and to use all necessary force therefor and in all respects to take the actual, full and exclusive possession of the Demised Premises and every part of the Demised Premises as of Lessor's original estate, without incurring any liability to Lessee or to any persons occupying or using the Demised Premises for any damage caused or sustained by reason of such entry on the Demised Premises or the removal of persons or property from the Demised Premises.

17.2 Lessee's Rights in the Event of Lessor's Default. If Lessor shall fail or neglect to observe, keep or perform any of the covenants, terms or conditions contained in this Lease on its part to be observed, kept or performed, and the default shall continue for a period of thirty (30) days after written notice from Lessee setting forth the nature of Lessor's default (it being intended that in connection with a default not susceptible of being cured with diligence within thirty (30) days, the time within which Lessor has to cure the same shall be extended for such period as may be necessary to complete the same with all due diligence but in no event longer than one hundred eighty (180) days, or in the event such cure relies on the consent or involvement of any regulatory authority, railroad or other third party or is due to Force Majeure such time as a cure can reasonably be effected by promptly initiating and diligently continuing reasonable efforts, then and in any such event, Lessee shall have all rights available to it provided by law or equity.

SECTION 18. RIGHT TO CURE OTHER'S DEFAULTS. Whenever and as often as a party shall fail or neglect to comply with and perform any term, covenant, condition or agreement to be complied with or performed by such party hereunder, then, following thirty (30) days' prior written notice to such defaulting party (or such additional time to cure as may be accorded pursuant to 17.1 above, but in no event longer than ninety (90) days), the other party, at such other party's option, in addition to all other remedies available to such other party, may perform or cause to be performed such work, labor, services, acts or things, and take such other steps, including entry onto the Demised Premises and the improvements thereon, as such other party may deem advisable, to comply with and perform any such term, covenant, condition or agreement which is in default, in which event such defaulting party shall reimburse such other party upon demand, and from time to time, for all costs and expenses suffered or incurred by such other party in so complying with or performing such term, covenant, condition or agreement. The commencement of any work or the taking of any other steps or performance of any other act by such other party pursuant to the immediately preceding sentence shall not be deemed to obligate such other party to complete the curing of any term, covenant, condition or agreement which is in default.

SECTION 19. QUIET ENJOYMENT. Lessor covenants that at all times during the term of this Lease, so long as Lessee is not in default hereunder, Lessee's quiet enjoyment of the Demised Premises or any part thereof shall not be disturbed by any act of Lessor, or of anyone acting by, through or under Lessor. Notwithstanding the foregoing, Lessor shall have the right upon reasonable notice to Lessee, but not more frequently than once per calendar quarter, to enter the Demised Premised at any reasonable time during Lessee's normal business hours to determine whether Lessee is in compliance with the requirements of this Lease.

SECTION 20. ESTOPPEL CERTIFICATES. Each party hereto agrees that at any time and from time to time during the term of this Lease, within ten (10) days after request by the other party hereto or by any lender having an interest in Lessee's leasehold estate, it will execute, acknowledge and deliver to the other party or to such lender or any prospective purchaser, assignee or any mortgagee designated by such other party to the extent true, a certificate stating (a) that this Lease is unmodified and in force and effect (or if there have been modifications, that this Lease is in force and effect as modified, and identifying the modification agreements), (b) the date to which rent has been paid, (c) whether or not there is any existing default by Lessee in the payment of any rent or other sum of money hereunder, and whether or not there is any other existing default by either party hereto with respect to which a notice of default has been served, and, if there is any such default, specifying the nature and extent thereof; and (d) whether or not there are any setoffs, defenses or counterclaims against enforcement of the obligations to be performed hereunder existing in favor of the party executing such certificate.

SECTION 21. WAIVER. No waiver by either party hereto of any breach by the other of any term, covenant, condition or agreement herein and no failure by any party to exercise any right or remedy in respect of any breach hereunder, shall constitute a waiver or relinquishment for the future of any such term, covenant, condition or agreement or of any subsequent breach of any such term, covenant, condition or agreement, nor bar any right or remedy of the other party in respect of any such subsequent breach, nor shall the receipt of any rent, or any portion thereof, by Lessor, operate as a waiver of the rights of Lessor to enforce the payment of any other rent then or thereafter in default, or to terminate this Lease, or to recover the Demised Premises, or to invoke any other appropriate remedy which Lessor may select as herein or by law provided.

SECTION 22. SURRENDER. Lessee shall, on the last day of the Term of this Lease or upon any termination of this Lease, surrender and deliver the Demised Premises, with the improvements then located thereon into the possession and use of Lessor, without fraud or delay and in good order, condition and repair, reasonable wear and tear excepted, free and clear of all lettings and occupancies, free and clear of all liens and encumbrances other than those existing on the date of this Lease and those, if any, created by Lessor, without (except as otherwise provided herein) any payment or allowance whatsoever by Lessor on account of or for any buildings and improvements erected or maintained on the Demised Premises at the time of the surrender. Lessee's Trade Fixtures, personal property, equipment, materials and other belongings of Lessee or of any sublessee or other occupant of space in the Demised Premises shall be and

remain the property of Lessee, and Lessee shall have a reasonable time after the expiration of the term of this Lease (not to exceed thirty (30) days) to remove the same. If Lessee fails to remove any Lessee's Trade Fixtures, personal property, equipment, materials or other belongings from the Demised Premises within 30 days of the expiration date of this lease, they will immediately become property of the Lessor. Any costs incurred by Lessor having to remove, relocate, handle, store, sell or dispose of Lessee's items described in this Section shall be paid for by Lessee.

SECTION 23. MEMORANDUM OF LEASE. Each of the parties hereto will, promptly upon request of the other, execute a memorandum of this Lease in a form suitable for recording setting forth the names of the parties hereto and the term of this Lease, identifying the Demised Premises, and also including such other clauses therein as either party may desire, except the amounts of Rent payable hereunder.

SECTION 24. NOTICES.

24.1 All notices, demands or other writings in this Lease provided to be given or made or sent, or which may be given or made or sent, by either party to the other, shall be deemed to have been fully given or made or sent when made in writing and deposited in the United States mail, registered and postage prepaid, or by UPS or FEDEX with proof of receipt addressed as follows:

24.2 The address to which any notice, demand or other writing may be given or made or sent to any party as above provided may be changed by written notice given by the party as above provided.

SECTION 25. MISCELLANEOUS.

25.1 Time of the Essence. Time is of the essence of this Lease and all of its provisions.

25.2 Governing Law. It is agreed that this Lease shall be governed by, construed and enforced in accordance with the laws of the State of Iowa.

25.3 Paragraph Headings. The titles to the paragraphs of this Lease are solely for the convenience of the parties and shall not be used to explain, modify, simplify or aid in the interpretation of the provisions of this Lease.

25.4 Modification of Agreement. Any modification of this Lease or additional obligation assumed by either party in connection with this Lease shall be binding only if evidenced in a writing signed by each party or an authorized representative of each party.

25.5 Parties Bound. This Lease shall be binding on and shall inure to the benefit of and shall apply to the respective successors and assigns of Lessor and Lessee. All references in this Lease to "Lessor" or "Lessee" shall be deemed to refer to and include successors and assigns of Lessor or Lessee without specific mention of such successors or assigns.

25.6 Force Majeure. In the event that either party hereto shall be delayed or hindered in or prevented from the performance of any act required hereunder by reason of strikes, lockouts, labor troubles, unavailability of construction materials, unavailability or excessive price of fuel, power failure, riots, insurrection, war, terrorist activities, explosions, hazardous conditions, fire, flood, weather or acts of God, or by reason of any other cause beyond the exclusive and reasonable control of the party delayed in performing work or doing acts required under the terms of this Lease (collectively "Force Majeure"), then performance of such act shall be excused for the period of the delay and the period for the performance of any such act shall be extended for a period equivalent to the period of such delay.

SECTION 26. DISPUTE RESOLUTION. Lessor and Lessee agree that prior to the commencement of any judicial proceeding for any controversy arising out of or relating to the construction or interpretation of this Lease, the parties will engage in mediation in accordance with the Commercial Arbitration Rules of the U. S. Arbitration & Mediation, Midwest ("USA&M") or the American Arbitration Association ("AAA"). The parties shall divide equally all costs of mediation which shall be paid immediately upon billing by the mediation service.

CITY OF DUBUQUE, IOWA
OFFICIAL NOTICE

PUBLIC NOTICE is hereby given that the Dubuque City Council will conduct a public hearing on the proposed Amended and Restated Lease between the City of Dubuque and Viterra USA Grain, LLC, in accordance with the provisions of Chapter 26, Code of Iowa, on the 16th day of June, 2025, at 6:30 p.m., in the Historic Federal Building, 350 W. 6th Street, 2nd floor, Dubuque, Iowa.

Said proposed lease agreement are now on file in the office of the City Clerk.

At the meeting, the City Council will receive oral and written comments from any resident or property owner of said City to the above action. The official City Council agenda will be posted the Friday before the meeting and will contain public input options. The agenda can be accessed at https://dubuqueia.portal.civicclerk.com/ or by contacting the City Clerk's Office at 563-589-4100, ctyclerk@cityofdubuque.org.

Written comments on the public hearing may be submitted to the City Clerk's Office by email at ctyclerk@cityofdubuque.org or by mail to City Hall, 50 W. 13th St., Dubuque, IA 52001, before the scheduled hearing. The City Council will review all written comments at the time of the hearing.

Documents related to the public hearing are on file in the City Clerk's Office and may be viewed Monday through Friday between 8:00 a.m. and 5:00 p.m.

Individuals requiring special assistance should contact the City Clerk's Office as soon as feasible. Deaf or hard-of-hearing individuals can use Relay Iowa by dialing 711 or (800) 735-2942.

Published by order of the City Council given on the 2nd day of June 2025.

TO: Michael C. Van Milligen, City Manager

FROM: Jennifer Larson, Chief Financial Officer

SUBJECT: Proceedings to Set Public Hearing on June 16, 2025 for the Issuance of Not to Exceed $15,000,000 Sewer Revenue Capital Loan Notes (State Revolving Loan Fund Program) Old Mill Rd. Lift Station Project – Phase 2

DATE: May 28, 2025

INTRODUCTION
The purpose of this memorandum is to provide suggested proceedings to set a public hearing on the issuance of a not to exceed $15,000,000 Sewer Revenue Capital Loan Notes (State Revolving Loan Fund Program) Old Mill Rd. Lift Station Project – Phase 2.

BACKGROUND
The older sections of the Catfish Creek Sanitary Sewer (CCSS) that deliver wastewater to the Catfish Creek Pump Station (CCPS) were constructed circa late 1960s. It is common for sanitary sewer pipes to remain in service for 60 years or longer. However, when sizing an interceptor sewer, it is not common to design it to handle predicted flows more than 50 years into the future, most often a 25-year timespan is considered. The CCPS was last upgraded in 1995 based on predicting growth over the next 20-30 years, consistent with a 25-year life for a lift station.

Despite challenges due to terrain (i.e. steep slopes, bluffs, shallow rock, etc.), the City has experienced significant growth within the Catfish Creek sewer shed in the last 20 years. Based on land use mapping in GIS,and only considering development that has occurred over the last twenty years, within the tributary area, the design flow to the CCSS and the CCPS has grown by 6.5 MGD (million gallons per day) since the pump station was last upgraded in 1995 to a capacity of 8.0 MGD.

Due to potential development area within the CCSS tributary area, the City hired Strand Associates, Inc. (Strand) in late 2018 to develop a better understanding of the hydraulic capacity of the Catfish Creek Sanitary Sewer collection system. The analysis of the CCSS and the CCPS involved the implementation of a flow metering program and the development of a sanitary sewer model. One of the things that the computer model revealed is that some

wet weather events will result in the flow rising above the top of the pipe, at certain locations, such that the sanitary system becomes pressurized which is an indicator of possible SSO's

In late December of 2020, Strand provided the City with final drafts of both the study, for Catfish Creek Sanitary Sewer collection system, and a more focused technical memo which evaluated the effect of adding new industrial flow to the existing system.

On January 4, 2021, a State Revolving Fund (SRF) Planning and Design Loan Intended Use Plan (IUP) application in the amount of $350,000 was submitted to the State for the "Catfish Creek Lift Station & Force Main Project (that) involves system improvements to address wet-weather related overflows at the Catfish Creek Lift Station and provide capacity for future development within the Catfish Creek sewer shed".

On April 28, 2021, the City authorized Strand Task Order One, which provided for the development of a facility plan and design of the Old Mill road lift station to a 30% level. This level of design provided the City with a basis of design, a refined cost estimate, and the necessary information to allow the City to submit a facility Plan to IDNR to begin the SRF construction loan process. The 30% design followed the recommended improvement option identified in the January 7, 2021, memo regarding the results of the Catfish Creek Sanitary Sewer Interceptor system study, which evaluated the existing system capacity and identified improvements to ensure that it has adequate capacity for existing developments and for growth throughout the tributary area.

The City of Dubuque submitted a facility plan to Iowa Department of Natural Resources (IDNR), in May of 2021, for the construction of a 20 MGD sanitary sewer lift station and 30" dual force mains. The facility plan is based on the results of an intensive evaluation of the existing interceptor collection and pumping systems that transport sewage to the Water Resource Recovery Center (WRRC). Several options were considered, and the City chose to proceed with the design and construction of the Old Mill Road Lift Station and Force Main Project, a recommended option. At the June 7, 2021, the City Council meeting, the City Council approved the facility plan and IUP application for the Old Mill Rd. Lift Station and Force Main Project.

Part of the SRF process is to complete an environmental review for the effected project area, which is conducted by IDNR staff along with other state agencies. One of the items that is looked at is the history of the area to determine the historical significance of the area, if any. The Office of the State Archaeologist (OSA) conducted a phase I archaeological study, due to a portion of the project alignment running through the old Town of Rockdale. Some artifacts, from the settlement, were recovered and it was determined that a more in-depth phase II study was warranted. OSA and the State Historic Preservation Office (SHPO) directed the City to complete a Phase II archeological study. Due to the results of the phase II study, it was determined that an alternate alignment needed to be evaluated to avoid the Town of Rockdale. Once the alternate alignment was selected, a second phase II archeological study was completed for the alternate alignment. The alternate alignment was cleared by SHPO and the design was able to be completed for the entire project.

Due to available funding and the funding being spread over five fiscal years, a revised facility plan was submitted in May of 2024, that split the project into two phases. The first phase being the lift station and site development and the second phase being the force main, from the lift station to WRRC, along with the force main structures. The revised facility plan was approved by IDNR in June of 2024. The phased approach allowed the City to begin with the longest duration portion of the project, currently under construction, and start the second phase of the project a year later, when the remainder of the funding becomes available in FY26 and FY27. The completion for both phases is December 18, 2026.

DISCUSSION

The Old Mill Road Lift Station and Force Main Project is the first of several improvements that are needed, within the Catfish Creek Interceptor Sewer system, to provide adequate capacity to serve existing and future development within the City, and to allow for future additional flow from future growth areas.

Once constructed and in service, the 20 MGD Old Mill Road Lift Station will intercept over 80% of the flow which is currently conveyed to the undersized 8 MGD Catfish Creek Lift Station. With the reduction in flow coming from the Catfish Creek Interceptor System (West end of town), the Catfish Creek Lift Station will then be primarily dedicated to the Key West area and the growth areas along US Highway 151/61, to the airport, which is served by the Granger Creek Interceptor Sewer. Currently, IDNR has issued sanitary sewer permits with peak flows totaling approximately 3.5 MGD, for the areas south of town, since 2017. The reduction in flow from the Catfish Creek Interceptor System will provide the Catfish Creek Lift Station with enough capacity to adequately serve the Granger Creek sewer shed into the near future.

The State Revolving Fund loan will have a variable interest rate of 2.84% plus a servicing fee of 0.25%, a twenty-year term, and will be abated from the sanitary sewer fund.

ACTION TO BE TAKEN

I respectfully recommend the adoption of the enclosed resolution fixing the date of June 16, 2025, for a public hearing on the proposed issuance not to exceed $15 million in Sewer Revenue Capital Loan Notes (State Revolving Loan Fund Program) for the Old Mill Rd. Lift Station and Force Main Project – Phase II.

VIA EMAIL

Jenny Larson
Chief Financial Officer
Dubuque, Iowa

Re: $15,000,000 SRF Sewer Revenue Loan and Disbursement Agreement
File No. 430411-19

Dear Jenny:

We have prepared and attach proceedings for use at the June 2, 2025, City Council meeting to set June 16, 2025, as the date for a hearing on the proposal to enter into the SRF Sewer Revenue Loan and Disbursement Agreement (the "Agreement") in connection with the Old Mill Lift Station and Force Main Project - Phase II.

The documents attached include the following items:

1. Resolution fixing the date of meeting at which it is proposed to take action to enter into the Agreement. The form of notice is set out in Section 2 of the resolution.

2. Attestation Certificate with respect to the validity of the transcript.

3. Organization and Establishment Certificate.

4. Outstanding Debt Certificate with respect to the outstanding debt of the Sewer Utility.

5. Publication Certificate with respect to publication of the notice, to which must be attached the publisher's affidavit of publication with a clipping of the notice as published.

The notice must be published at least once, not less than four (4) and not more than twenty (20) days before the meeting date set for the hearing, in a legal newspaper which has a general circulation in Dubuque. The last date on which this notice can be effectively published is June 12, 2025.

As soon as the notice appears in the newspaper, please have a copy scanned and emailed to me.

Please return one fully executed copy of these proceedings to us as soon as they are available.

Please call me if you have questions.

Best regards,

David D. Grossklaus

MINUTES TO SET DATE FOR HEARING ON ENTERING INTO A LOAN AND DISBURSEMENT AGREEMENT

430411-19 (N/I)

Dubuque, Iowa

June 2, 2025

The City Council of the City of Dubuque, Iowa, met on June 2, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, Dubuque, Iowa.

The Mayor presided and the roll was called showing the following members of the Council present and absent:

Present: _____

Absent: _____.

• • Other Business• •

MOTION TO APPROVE RESOLUTION

Council Member _____ introduced the resolution hereinafter next set out and moved its adoption, seconded by Council Member _____; and after due consideration thereof by the Council, the Mayor put the question upon the adoption of the said resolution and the roll being called, the following named Council Members voted:

Ayes: _____

Nays: _____.

Whereupon, the Mayor declared the resolution duly adopted as follows:

RESOLUTION NO._____

Resolution to fix a date for a public hearing on proposal to enter into a Sewer Revenue Loan and Disbursement Agreement and to borrow money thereunder in a principal amount not to exceed $15,000,000

WHEREAS, the City of Dubuque (the "City"), in Dubuque County, State of Iowa, did heretofore establish a Municipal Sanitary Sewer System (the "Utility") in and for the City which has continuously supplied sanitary sewer service in and to the City and its inhabitants since its establishment; and

WHEREAS, the management and control of the Utility are vested in the City Council (the "Council") and no board of trustees exists for this purpose; and

WHEREAS, pursuant to prior resolutions of the Council, the City has heretofore issued Sewer Revenue bonds or notes as set forth on attached outstanding debt certificate, and a portion of such prior Sewer Revenue debt remains outstanding (the "Outstanding Indebtedness"); and

WHEREAS, pursuant to the resolutions relating to and authorizing the Outstanding Indebtedness (the "Outstanding Bond Resolutions") the City reserved the right to issue additional obligations payable from the net revenues of the Utility and ranking on a parity with the Outstanding Indebtedness under the terms and conditions set forth in the Outstanding Bond Resolutions; and

WHEREAS, the City now proposes to enter into a Sewer Revenue Loan and Disbursement Agreement (the "Agreement") and to borrow money thereunder in a principal amount not to exceed $15,000,000, pursuant to the provisions of Section 384.24A of the Code of Iowa, for the purpose of paying the cost, to that extent, of planning, designing and constructing improvements and extensions to the Utility (the "Project"), and it is necessary to fix a date of meeting of the Council at which it is proposed to take action to enter into the Agreement and to give notice thereof as required by such law;

NOW, THEREFORE, Be It Resolved by the City Council of the City of Dubuque, Iowa, as follows:

Section 1. This City Council shall meet on June 16, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, at which time and place a hearing will be held and proceedings will be instituted and action taken to enter into the Agreement.

Section 2. The City Clerk is hereby directed to give notice of the proposed action on the Agreement setting forth the amount and purpose thereof, the time when and place where the said meeting will be held, by publication at least once, not less than four (4) and not more than twenty (20) days before the meeting, in a legal newspaper which has a general circulation in the City. The notice shall be in substantially the following form:

NOTICE OF PROPOSED ACTION TO INSTITUTE
PROCEEDINGS TO ENTER INTO A LOAN AND DISBURSEMENT AGREEMENT
IN A PRINCIPAL AMOUNT NOT TO EXCEED $15,000,000

(SEWER REVENUE)

The City Council of the City of Dubuque, Iowa, will meet on June 16, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, for the purpose of instituting proceedings and taking action to enter into a loan and disbursement agreement (the "Agreement") and to borrow money thereunder in a principal amount not to exceed $15,000,000 for the purpose of paying the cost, to that extent, of planning, designing and constructing improvements and extensions to the Municipal Sanitary Sewer System (the "Utility") of the City.

The Agreement will not constitute a general obligation of the City, nor will it be payable in any manner by taxation but, together with the City's outstanding Sewer Revenue Indebtedness and any additional obligations of the City as may be hereafter issued and outstanding from time to time ranking on a parity therewith, will be payable solely and only from the Net Revenues of the Utility.

At that time and place, oral or written objections may be filed or made to the proposal to enter into the Agreement. After receiving objections, the City may determine to enter into the Agreement, in which case, the decision will be final unless appealed to the District Court within fifteen (15) days thereafter.

By order of the City Council of the City of Dubuque, Iowa.

Adrienne Breitfelder
City Clerk

Section 3. Pursuant to Section 1.150-2 of the Income Tax Regulations (the "Regulations") of the Internal Revenue Service, the City declares (a) that it intends to undertake the Project which is reasonably estimated to cost approximately $15,000,000, (b) that other than (i) expenditures to be paid or reimbursed from sources other than the issuance of bonds, notes or other obligations (the "Bonds"), or (ii) expenditures made not earlier than 60 days prior to the date of this Resolution or a previous intent resolution of the City, or (iii) expenditures amounting to the lesser of $100,000 or 5% of the proceeds of the Bonds, or (iv) expenditures constituting preliminary expenditures as defined in Section 1.150-2(f)(2) of the Regulations, no expenditures for the Project have heretofore been made by the City and no expenditures will be made by the City until after the date of this Resolution or a prior intent resolution of the City, and (c) that the City reasonably expects to reimburse the expenditures made for costs of the City out of the proceeds of the Bonds. This declaration is a declaration of official intent adopted pursuant to Section 1.150-2 of the Regulations.

Section 4. All resolutions or parts of resolutions in conflict herewith are hereby repealed to the extent of such conflict.

Section 5. This resolution shall be in full force and effect immediately upon its adoption and approval, as provided by law.

Passed and approved June 2, 2025.

TO: Michael C. Van Milligen, City Manager

FROM: Jennifer Larson, Chief Financial Officer

SUBJECT: Proceedings to Set Public Hearing on June 16, 2025 for the Issuance of Not to Exceed $3,600,000 Sewer Revenue Capital Loan Notes Planning and Design Loan (State Revolving Loan Fund Program) Old Mill Phase III Project – Catfish Creek Sanitary Interceptor Sewer System Middle Fork

DATE: May 28, 2025

INTRODUCTION
The purpose of this memorandum is to provide suggested proceedings to set a public hearing on the issuance of a not to exceed $3,600,000 Sewer Revenue Capital Loan Notes Planning and Design Loan (State Revolving Loan Fund Program) Old Mill Phase III Project – Catfish Creek Sanitary Interceptor Sewer System Middle Fork Project.

BACKGROUND
The adopted FY26 CIP budget includes funds to begin the design of this project utilizing SRF funds.

DISCUSSION
This project provides systematic upgrades to the Catfish Creek Sanitary Interceptor Sewer system which branches out along the Middle Fork Catfish creek. The system will also be upsized along the Middle Fork Catfish Creek from Old Mill Road 9.9 miles to the Dubuque Industrial Center West. The Catfish Creek Interceptor Sewer was constructed circa 1960. Extending westward from the Water & Resource Recovery Center, it has allowed for the development of nearly 2,500 acres over the last two decades which includes residential subdivisions, the Dubuque Industrial Center West, and service to the Dubuque Metro Solid Waste Agency. The existing sanitary sewer was identified as being at or exceeding capacity. The funding request will provide for the design, permitting, and easement acquisition for sewer upsizing along the Middle Fork interceptor from Old Mill Road to Brunskill Road.

Approved P&D loans are 0% interest for up to three years to cover the costs of engineering to prepare facility plans and project plans & specifications. The loans are then typically rolled into a SRF construction loan or repaid by another source of permanent financing.

ACTION TO BE TAKEN

I respectfully recommend the adoption of the enclosed resolution fixing the date of June 16, 2025, for a public hearing on the proposed issuance not to exceed $3.6 million in Sewer Revenue Capital Loan Notes Planning and Design Loan (State Revolving Loan Fund Program) for the Old Mill Phase III Project – Catfish Creek Sanitary Interceptor Sewer System Middle Fork.

Re: $3,600,000 SRF Sewer Revenue Loan and Disbursement Agreement
File No. 430411

Dear Jenny:

We have prepared and attach proceedings for use at the June 2, 2025, City Council meeting to set June 16, 2025, as the date for a hearing on the proposal to enter into the SRF Sewer Revenue Loan and Disbursement Agreement (the "Agreement") in connection with the Old Mill Phase III Project – Catfish Creek Sanitary Interceptor Sewer System Middle Fork.

The documents attached include the following items:

1. Resolution fixing the date of meeting at which it is proposed to take action to enter into the Agreement. The form of notice is set out in Section 2 of the resolution.

2. Attestation Certificate with respect to the validity of the transcript.

3. Organization and Establishment Certificate.

4. Outstanding Debt Certificate with respect to the outstanding debt of the Sewer Utility.

5. Publication Certificate with respect to publication of the notice, to which must be attached the publisher's affidavit of publication with a clipping of the notice as published.

The notice must be published at least once, not less than four (4) and not more than twenty (20) days before the meeting date set for the hearing, in a legal newspaper which has a general circulation in Dubuque. The last date on which this notice can be effectively published is June 12, 2025.

As soon as the notice appears in the newspaper, please have a copy scanned and emailed to me.

Please return one fully executed copy of these proceedings to us as soon as they are available.

Please call me if you have questions.

MINUTES TO SET DATE FOR HEARING ON ENTERING INTO A LOAN AND DISBURSEMENT AGREEMENT

430411 (N/I)

Dubuque, Iowa

June 2, 2025

The City Council of the City of Dubuque, Iowa, met on June 2, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, Dubuque, Iowa.

The Mayor presided and the roll was called showing the following members of the Council present and absent:

Present: _____

Absent: _____.

• • Other Business• •

MOTION TO APPROVE RESOLUTION

Council Member _____ introduced the resolution hereinafter next set out and moved its adoption, seconded by Council Member _____; and after due consideration thereof by the Council, the Mayor put the question upon the adoption of the said resolution and the roll being called, the following named Council Members voted:

Ayes: _____

Nays: _____.

Whereupon, the Mayor declared the resolution duly adopted as follows:

RESOLUTION NO._____

Resolution to fix a date for a public hearing on proposal to enter into a Sewer Revenue Loan and Disbursement Agreement and to borrow money thereunder in a principal amount not to exceed $3,600,000

WHEREAS, the City of Dubuque (the "City"), in Dubuque County, State of Iowa, did heretofore establish a Municipal Sanitary Sewer System (the "Utility") in and for the City which has continuously supplied sanitary sewer service in and to the City and its inhabitants since its establishment; and

WHEREAS, the management and control of the Utility are vested in the City Council (the "Council") and no board of trustees exists for this purpose; and

WHEREAS, pursuant to prior resolutions of the Council, the City has heretofore issued Sewer Revenue bonds or notes as set forth on attached outstanding debt certificate, and a portion of such prior Sewer Revenue debt remains outstanding (the "Outstanding Indebtedness"); and

WHEREAS, pursuant to the resolutions relating to and authorizing the Outstanding Indebtedness (the "Outstanding Bond Resolutions") the City reserved the right to issue additional obligations payable from the net revenues of the Utility and ranking on a parity with the Outstanding Indebtedness under the terms and conditions set forth in the Outstanding Bond Resolutions; and

WHEREAS, the City now proposes to enter into a Sewer Revenue Loan and Disbursement Agreement (the "Agreement") and to borrow money thereunder in a principal amount not to exceed $3,600,000, pursuant to the provisions of Section 384.24A of the Code of Iowa, for the purpose of paying the cost, to that extent, of planning, designing and constructing improvements and extensions to the Utility (the "Project"), and it is necessary to fix a date of meeting of the Council at which it is proposed to take action to enter into the Agreement and to give notice thereof as required by such law;

NOW, THEREFORE, Be It Resolved by the City Council of the City of Dubuque, Iowa, as follows:

Section 1. This City Council shall meet on June 16, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, at which time and place a hearing will be held and proceedings will be instituted and action taken to enter into the Agreement.

Section 2. The City Clerk is hereby directed to give notice of the proposed action on the Agreement setting forth the amount and purpose thereof, the time when and place where the said meeting will be held, by publication at least once, not less than four (4) and not more than twenty (20) days before the meeting, in a legal newspaper which has a general circulation in the City. The notice shall be in substantially the following form:

NOTICE OF PROPOSED ACTION TO INSTITUTE
PROCEEDINGS TO ENTER INTO A LOAN AND DISBURSEMENT AGREEMENT
IN A PRINCIPAL AMOUNT NOT TO EXCEED $3,600,000

(SEWER REVENUE)

The City Council of the City of Dubuque, Iowa, will meet on June 16, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, for the purpose of instituting proceedings and taking action to enter into a loan and disbursement agreement (the "Agreement") and to borrow money thereunder in a principal amount not to exceed $3,600,000 for the purpose of paying the cost, to that extent, of planning, designing and constructing improvements and extensions to the Municipal Sanitary Sewer System (the "Utility") of the City.

The Agreement will not constitute a general obligation of the City, nor will it be payable in any manner by taxation but, together with the City's outstanding Sewer Revenue Indebtedness and any additional obligations of the City as may be hereafter issued and outstanding from time to time ranking on a parity therewith, will be payable solely and only from the Net Revenues of the Utility.

At that time and place, oral or written objections may be filed or made to the proposal to enter into the Agreement. After receiving objections, the City may determine to enter into the Agreement, in which case, the decision will be final unless appealed to the District Court within fifteen (15) days thereafter.

By order of the City Council of the City of Dubuque, Iowa.

Adrienne Breitfelder
City Clerk

Section 3. Pursuant to Section 1.150-2 of the Income Tax Regulations (the "Regulations") of the Internal Revenue Service, the City declares (a) that it intends to undertake the Project which is reasonably estimated to cost approximately $23,000,000, (b) that other than (i) expenditures to be paid or reimbursed from sources other than the issuance of bonds, notes or other obligations (the "Bonds"), or (ii) expenditures made not earlier than 60 days prior to the date of this Resolution or a previous intent resolution of the City, or (iii) expenditures amounting to the lesser of $100,000 or 5% of the proceeds of the Bonds, or (iv) expenditures constituting preliminary expenditures as defined in Section 1.150-2(f)(2) of the Regulations, no expenditures for the Project have heretofore been made by the City and no expenditures will be made by the City until after the date of this Resolution or a prior intent resolution of the City, and (c) that the City reasonably expects to reimburse the expenditures made for costs of the City out of the proceeds of the Bonds. This declaration is a declaration of official intent adopted pursuant to Section 1.150-2 of the Regulations.

Section 4. All resolutions or parts of resolutions in conflict herewith are hereby repealed to the extent of such conflict.

Section 5. This resolution shall be in full force and effect immediately upon its adoption and approval, as provided by law.

Passed and approved June 2, 2025.

City Clerk

Section 3. Pursuant to Section 1.150-2 of the Income Tax Regulations (the "Regulations") of the Internal Revenue Service, the City declares (a) that it intends to undertake the Project which is reasonably estimated to cost approximately $14,000,000, (b) that other than (i) expenditures to be paid or reimbursed from sources other than the issuance of bonds, notes or other obligations (the "Bonds"), or (ii) expenditures made not earlier than 60 days prior to the date of this Resolution or a previous intent resolution of the City, or (iii) expenditures amounting to the lesser of $100,000 or 5% of the proceeds of the Bonds, or (iv) expenditures constituting preliminary expenditures as defined in Section 1.150-2(f)(2) of the Regulations, no expenditures for the Project have heretofore been made by the City and no expenditures will be made by the City until after the date of this Resolution or a prior intent resolution of the City, and (c) that the City reasonably expects to reimburse the expenditures made for costs of the City out of the proceeds of the Bonds. This declaration is a declaration of official intent adopted pursuant to Section 1.150-2 of the Regulations.

Section 4. All resolutions or parts of resolutions in conflict herewith are hereby repealed to the extent of such conflict.

Section 5. This resolution shall be in full force and effect immediately upon its adoption and approval, as provided by law.

Passed and approved June 2, 2025.

TO: Michael C. Van Milligen, City Manager

FROM: Jennifer Larson, Chief Financial Officer

SUBJECT: Proceedings to Set Public Hearing on June 16, 2025 for the Issuance of Not to Exceed $500,000 Sewer Revenue Capital Loan Notes Planning and Design Loan (State Revolving Loan Fund Program) Track Line Sanitary Sewer Reconstruction Project

DATE: May 28, 2025

INTRODUCTION
The purpose of this memorandum is to provide suggested proceedings to set a public hearing on the issuance of a not to exceed $500,000 Sewer Revenue Capital Loan Notes Planning and Design Loan (State Revolving Loan Fund Program) Track Line Sanitary Sewer Reconstruction Project.

BACKGROUND
The adopted FY26 CIP budget includes funds to begin the design of this project utilizing SRF funds.

DISCUSSION
This project provides for the phased relocation of 5,150 feet of the 12-inch diameter sanitary sewer that runs along the railroad tracks from Hawthorne Street to Fengler Street. The existing clay tile sewer that was installed in the 1920's still functions; however, the influx of sand and proximity of the adjacent railroad tracks has increasingly made the sewer difficult to maintain and indicates that groundwater is infiltrating into the pipe. The sewer has multiple failing sections and is undersized from hydraulic modeling results. Proximity to the adjacent railroad prohibits access for maintenance or rehabilitation activities. The sewer requires relocation to City right of way, with redirection of private laterals. The project is located adjacent to Consent Decree Sewershed 10. The funding request will provide for the initial phase design, permitting, and easement acquisition for the relocation of the track line sewer located between Hawthorne St and Roosevelt St.

Approved P&D loans are 0% interest for up to three years to cover the costs of engineering to prepare facility plans and project plans & specifications. The loans are then typically rolled into a SRF construction loan or repaid by another source of permanent financing.

ACTION TO BE TAKEN

I respectfully recommend the adoption of the enclosed resolution fixing the date of June 16, 2025, for a public hearing on the proposed issuance not to exceed $500,000 in Sewer Revenue Capital Loan Notes Planning and Design Loan (State Revolving Loan Fund Program) for the Track Line Sanitary Sewer Reconstruction Project.

Re: $500,000 SRF Sewer Revenue Loan and Disbursement Agreement
File No. 430411

Dear Jenny:

We have prepared and attach proceedings for use at the June 2, 2025, City Council meeting to set June 16, 2025, as the date for a hearing on the proposal to enter into the SRF Sewer Revenue Loan and Disbursement Agreement (the "Agreement") in connection with the Track Line Sanitary Sewer Reconstruction Project.

The documents attached include the following items:

1. Resolution fixing the date of meeting at which it is proposed to take action to enter into the Agreement. The form of notice is set out in Section 2 of the resolution.

2. Attestation Certificate with respect to the validity of the transcript.

3. Organization and Establishment Certificate.

4. Outstanding Debt Certificate with respect to the outstanding debt of the Sewer Utility.

5. Publication Certificate with respect to publication of the notice, to which must be attached the publisher's affidavit of publication with a clipping of the notice as published.

The notice must be published at least once, not less than four (4) and not more than twenty (20) days before the meeting date set for the hearing, in a legal newspaper which has a general circulation in Dubuque. The last date on which this notice can be effectively published is June 12, 2025.

As soon as the notice appears in the newspaper, please have a copy scanned and emailed to me.

Please return one fully executed copy of these proceedings to us as soon as they are available.

Please call me if you have questions.

Best regards,

David D. Grossklaus

MINUTES TO SET DATE FOR HEARING ON ENTERING INTO A LOAN AND DISBURSEMENT AGREEMENT

430411 (N/I)

Dubuque, Iowa

June 2, 2025

The City Council of the City of Dubuque, Iowa, met on June 2, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, Dubuque, Iowa.

The Mayor presided and the roll was called showing the following members of the Council present and absent:

Present: _____

Absent: _____.

• • Other Business• •

MOTION TO APPROVE RESOLUTION

Council Member _____ introduced the resolution hereinafter next set out and moved its adoption, seconded by Council Member _____; and after due consideration thereof by the Council, the Mayor put the question upon the adoption of the said resolution and the roll being called, the following named Council Members voted:

Ayes: _____

Nays: _____.

Whereupon, the Mayor declared the resolution duly adopted as follows:

RESOLUTION NO._____

Resolution to fix a date for a public hearing on proposal to enter into a Sewer Revenue Loan and Disbursement Agreement and to borrow money thereunder in a principal amount not to exceed $500,000

WHEREAS, the City of Dubuque (the "City"), in Dubuque County, State of Iowa, did heretofore establish a Municipal Sanitary Sewer System (the "Utility") in and for the City which has continuously supplied sanitary sewer service in and to the City and its inhabitants since its establishment; and

WHEREAS, the management and control of the Utility are vested in the City Council (the "Council") and no board of trustees exists for this purpose; and

WHEREAS, pursuant to prior resolutions of the Council, the City has heretofore issued Sewer Revenue bonds or notes as set forth on attached outstanding debt certificate, and a portion of such prior Sewer Revenue debt remains outstanding (the "Outstanding Indebtedness"); and

WHEREAS, pursuant to the resolutions relating to and authorizing the Outstanding Indebtedness (the "Outstanding Bond Resolutions") the City reserved the right to issue additional obligations payable from the net revenues of the Utility and ranking on a parity with the Outstanding Indebtedness under the terms and conditions set forth in the Outstanding Bond Resolutions; and

WHEREAS, the City now proposes to enter into a Sewer Revenue Loan and Disbursement Agreement (the "Agreement") and to borrow money thereunder in a principal amount not to exceed $500,000, pursuant to the provisions of Section 384.24A of the Code of Iowa, for the purpose of paying the cost, to that extent, of planning, designing and constructing improvements and extensions to the Utility (the "Project"), and it is necessary to fix a date of meeting of the Council at which it is proposed to take action to enter into the Agreement and to give notice thereof as required by such law;

NOW, THEREFORE, Be It Resolved by the City Council of the City of Dubuque, Iowa, as follows:

Section 1. This City Council shall meet on June 16, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, at which time and place a hearing will be held and proceedings will be instituted and action taken to enter into the Agreement.

Section 2. The City Clerk is hereby directed to give notice of the proposed action on the Agreement setting forth the amount and purpose thereof, the time when and place where the said meeting will be held, by publication at least once, not less than four (4) and not more than twenty (20) days before the meeting, in a legal newspaper which has a general circulation in the City. The notice shall be in substantially the following form:

NOTICE OF PROPOSED ACTION TO INSTITUTE PROCEEDINGS TO ENTER INTO A LOAN AND DISBURSEMENT AGREEMENT IN A PRINCIPAL AMOUNT NOT TO EXCEED $500,000

(SEWER REVENUE)

The City Council of the City of Dubuque, Iowa, will meet on June 16, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, for the purpose of instituting proceedings and taking action to enter into a loan and disbursement agreement (the "Agreement") and to borrow money thereunder in a principal amount not to exceed $500,000 for the purpose of paying the cost, to that extent, of planning, designing and constructing improvements and extensions to the Municipal Sanitary Sewer System (the "Utility") of the City.

The Agreement will not constitute a general obligation of the City, nor will it be payable in any manner by taxation but, together with the City's outstanding Sewer Revenue Indebtedness and any additional obligations of the City as may be hereafter issued and outstanding from time to time ranking on a parity therewith, will be payable solely and only from the Net Revenues of the Utility.

At that time and place, oral or written objections may be filed or made to the proposal to enter into the Agreement. After receiving objections, the City may determine to enter into the Agreement, in which case, the decision will be final unless appealed to the District Court within fifteen (15) days thereafter.

By order of the City Council of the City of Dubuque, Iowa.

Adrienne Breitfelder
City Clerk

Section 3. Pursuant to Section 1.150-2 of the Income Tax Regulations (the "Regulations") of the Internal Revenue Service, the City declares (a) that it intends to undertake the Project which is reasonably estimated to cost approximately $3,000,000, (b) that other than (i) expenditures to be paid or reimbursed from sources other than the issuance of bonds, notes or other obligations (the "Bonds"), or (ii) expenditures made not earlier than 60 days prior to the date of this Resolution or a previous intent resolution of the City, or (iii) expenditures amounting to the lesser of $100,000 or 5% of the proceeds of the Bonds, or (iv) expenditures constituting preliminary expenditures as defined in Section 1.150-2(f)(2) of the Regulations, no expenditures for the Project have heretofore been made by the City and no expenditures will be made by the City until after the date of this Resolution or a prior intent resolution of the City, and (c) that the City reasonably expects to reimburse the expenditures made for costs of the City out of the proceeds of the Bonds. This declaration is a declaration of official intent adopted pursuant to Section 1.150-2 of the Regulations.

Section 4. All resolutions or parts of resolutions in conflict herewith are hereby repealed to the extent of such conflict.

Section 5. This resolution shall be in full force and effect immediately upon its adoption and approval, as provided by law.

Passed and approved June 2, 2025.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Resolution Setting Public Hearing on a Proposed Development Agreement with Plastic Center, Inc.

DATE: May 28, 2025

Economic Development Director Jill Connors is recommending City Council adopt a resolution setting a public hearing for June 16, 2025, on the proposed Development Agreement including the issuance of Urban Renewal Tax Increment Revenue Grant Obligations (TIF).

Key elements of the Development Agreement are as follows:

1. Developer to make a capital investment of approximately $3.2 million to create nine new residential rental units and restore the façade of the structure.
2. City to award a Downtown Rehabilitation Grant in an amount not to exceed $35,000 for costs associated with the restoration of the building's façade.
3. City to award a Downtown Housing Creation Grant in an amount not to exceed $90,000 ($10,000 per unit up to 9 units).
4. City to award a 15-year tax increment financing incentive in the form of semi-annual rebates. The tax increment financing incentive is estimated to not exceed $325,000.

The Development Agreement requires Developer to accept applications from prospective tenants with housing choice vouchers (issued under the U.S. HUD's Section 8 voucher program or a similar program) that are otherwise qualified prospective tenants.

I concur with the recommendation and respectfully request Mayor and City Council approval.

TO: Michael C. Van Milligen, City Manager

FROM: Jill M. Connors, Economic Development Director

SUBJECT: Resolution Setting Public Hearing on a Proposed Development Agreement with Plastic Center, Inc.

DATE: May 28, 2025

INTRODUCTION

This memorandum presents for review and approval a resolution setting a public hearing for a proposed Development Agreement by and between the City of Dubuque, Iowa and Plastic Center, Inc. for the redevelopment of 408 W 5th Street.

BACKGROUND

Plastic Center, Inc., as Developer, intends to transform the property creating nine new residential rental units. The project, utilizing historic tax credits and workforce housing tax credits, will also restore the façade of the building. The property, a highly visible anchor for Dubuque's Cable Car Square District, has deteriorated significantly requiring complete gutting and restoration.

DISCUSSION

Developer is proposing to create nine new residential rental units in the building and restoring the façade of the structure. The project will cost approximately $3.2 million and represents a significant investment in the downtown area.

Key elements of the Development Agreement are as follows:

1. Developer to make a capital investment of approximately $3.2 million to create nine new residential rental units and restore the façade of the structure.
2. City to award a Downtown Rehabilitation Grant in an amount not to exceed $35,000 for costs associated with the restoration of the building's façade.

3. City to award a Downtown Housing Creation Grant in an amount not to exceed $90,000 ($10,000 per unit up to 9 units).
4. City to award a 15-year tax increment financing incentive in the form of semi-annual rebates. The tax increment financing incentive is estimated to not exceed $325,000.

The Development Agreement requires Developer to accept applications from prospective tenants with housing choice vouchers (issued under the U.S. HUD's Section 8 voucher program or a similar program) that are otherwise qualified prospective tenants.

RECOMMENDATION

I recommend City Councill adopt the attached resolution setting a public hearing for June 16, 2025 on the proposed Development Agreement including the issuance of Urban Renewal Tax Increment Revenue Grant Obligations (TIF).

DEVELOPMENT AGREEMENT
BY AND BETWEEN
THE CITY OF DUBUQUE, IOWA
AND
PLASTIC CENTER, INC.

This Development Agreement (Agreement), dated for reference purposes the _____ day of _____, 2025, is made and entered into by and between the City of Dubuque, Iowa (City), and Plastic Center, Inc. (Developer).

WHEREAS, Developer is the owner of the real estate locally known as 408 W 5th Street, Dubuque, Iowa and legally described as follows (the Property):

The West 107.5 feet of the West 170 feet of Lot 614 in the City of Dubuque, Iowa, according to the Plat of the Survey thereof in Book of Plats #10 page 88, records of Dubuque County, Iowa; and

Lot 46 in the City of Dubuque, Iowa, according to the United States Commissioners' Map of the Town of Dubuque; and

The East 110 feet of Lot 614 in the City of Dubuque, Iowa, according to the Plat of the Survey thereof in Book of Plats #10 page 88, records of Dubuque County, Iowa.

; and

WHEREAS, the Property is located in the Greater Downtown Urban Renewal District (the District) which has been so designated by City Council Resolution 123-67, on May 18, 1967 as a slum and blighted area (the Project Area) defined by Iowa Code Chapter 403 (the Urban Renewal Law); and

WHEREAS, Developer will undertake the redevelopment of a building (the Building) located on the Property (the Project) and will be operating the same during the term of this Agreement; and

WHEREAS, the Building is historically significant and it is in the City's best interest to preserve the Building; and

WHEREAS, pursuant to Iowa Code Section 403.6(1), and in conformance with the Urban Renewal Plan for the Project Area adopted on May 18, 1967 and last amended on April 21, 2025, City has the authority to enter into contracts and agreements to implement

the Urban Renewal Plan, as amended; and

WHEREAS, the Dubuque City Council believes it is in the best interests of the City to encourage Developer in the development of the Property by providing certain incentives as set forth herein.

NOW, THEREFORE, the parties to this Development Agreement, in consideration of the promises, covenants and agreements made by each other, do hereby agree as follows:

SECTION 1. REPRESENTATIONS AND WARRANTIES

1.1 Representations and Warranties of City. In order to induce Developer to enter into this Agreement, City hereby represents and warrants to Developer that to the best of City's knowledge:

(1) City has duly obtained all necessary approvals and consents for its execution, delivery and performance of this Agreement and that it has full power and authority to execute, deliver and perform its obligations under this Agreement. City's attorney shall issue a legal opinion to Developer at the time of closing confirming the representations contained herein, in the form attached hereto as Exhibit A.

(2) City shall exercise its best efforts to cooperate with Developer in the development process.

(3) City shall exercise its best efforts to resolve any disputes arising during the development process in a reasonable and prompt fashion.

(4) The execution and delivery of this Agreement, the consummation of the transactions contemplated hereby, and the fulfillment of or compliance with the terms and conditions of this Agreement are not prevented by, limited by, in conflict with, or result in a violation or breach of, the terms, conditions or provisions of the charter of City, any evidence of indebtedness, agreement or instrument of whatever nature to which City is now a party or by which it or its property is bound, or constitute a default under any of the foregoing.

(5) There are no actions, suits or proceedings pending or threatened against or affecting City in any court or before any arbitrator or before or by any governmental body in which there is a reasonable possibility of an adverse decision which could materially adversely affect the financial position or operations of City, or which affects the validity of the Agreement or City's ability to perform its obligations under

this Agreement.

(6) No ordinance or hearing is now before any local governmental body that either contemplates or authorizes any public improvements or special tax levies, the cost of which may be assessed against the Property. To the best of City's knowledge, there are no plans or efforts by any government agency to widen, modify, or re-align any street or highway providing access to the Property and there are no pending or intended public improvements or special assessments affecting the Property which will result in any charge or lien be levied or assessed against the Property.

(7) The representations and warranties contained in this section shall be correct in all respects on and as of the Closing Date with the same force and effect as if such representations and warranties had been made on and as of the Closing Date.

(8) As of the date of this Agreement there has been prepared and approved by City an Urban Renewal Plan for the Project Area consisting of the Urban Renewal Plan for the Greater Downtown Urban Renewal Plan, most recently approved by City Council of City on April 21, 2025, and as subsequently amended through and including the date hereof, attached as Exhibit E (the Urban Renewal Plan). A copy of the Urban Renewal Plan, as constituted on the date of this Agreement and in the form attached hereto, has been recorded among the land records in the office of the Recorder of Dubuque County, Iowa.

1.2 Representations and Warranties of Developer. The Developer makes the following representations and warranties:

(1) Developer is an S Corporation duly organized and validly existing under the laws of the State of New York and has all requisite power and authority to own and operate its properties, to carry on its business as now conducted and as presently proposed to be conducted, and to enter into and perform its obligations under this Agreement.

(2) This Agreement has been duly authorized, executed and delivered by Developer and, assuming due authorization, execution and delivery by City, is in full force and effect and is a valid and legally binding instrument of Developer enforceable in accordance with its terms, except as the same may be limited by bankruptcy, insolvency, reorganization or other laws relating to or affecting creditors' rights generally. Developer's counsel shall issue a legal opinion to City, at the time

of closing, confirming the representations contained herein, in the form attached hereto as Exhibit B.

(3) The execution and delivery of this Agreement, the consummation of the transactions contemplated hereby, and the fulfillment of or compliance with the terms and conditions of this Agreement are not prevented by, limited by, in conflict with, or result in a violation or breach of, the terms, conditions or provisions of the articles of incorporation or the bylaws of Developer or any contractual restriction, evidence of indebtedness, agreement or instrument of whatever nature to which Developer is now a party or by which it or its property is bound, or constitute a default under any of the foregoing.

(4) There are no actions, suits or proceedings pending or threatened against or affecting Developer in any court or before any arbitrator or before or by any governmental body in which there is a reasonable possibility of an adverse decision which could materially adversely affect the business, financial position or result of operations of Developer or which affects the validity of the Agreement or Developer's ability to perform its obligations under this Agreement.

(5) Developer will perform its obligations under this Agreement in accordance with the material terms of this Agreement, the Urban Renewal Plan and all local, state and federal laws and regulations.

(6) Developer will use its best efforts to obtain, or cause to be obtained, in a timely manner, all material requirements of all applicable local, state, and federal laws and regulations which must be obtained or met.

(7) Developer has firm commitments for permanent financing for the Project in an amount sufficient, together with equity commitments, to successfully complete the requirements of this Agreement and shall provide evidence thereof to City prior to the Public Hearing.

1.3 Closing. The closing shall take place on the Closing Date which shall be the 3rd day of June, 2025, or such other date as the parties shall agree in writing but in no event shall the Closing Date be later than the 26th day of June, 2025. Consummation of the closing shall be deemed an agreement of the parties to this Agreement that the conditions of closing shall have been satisfied or waived.

1.4 Conditions to Closing. The closing of the transaction contemplated by this Agreement and all the obligations of Developer under this Agreement are subject to fulfillment, on or before the Closing Date, of the following conditions:

(1) The representations and warranties made by City in Section 1.1 shall be correct as of the Closing Date with the same force and effect as if such representations were made at such time. At the closing, City shall deliver a certificate to that effect in the form of Exhibit C.

(2) Developer shall have the right to terminate this Agreement at any time prior to the consummation of the closing on the Closing Date if Developer determines in its sole discretion that conditions necessary for the successful completion of the Project contemplated herein have not been satisfied in Developer's sole discretion. Upon the giving notice of termination by Developer to City, this Agreement shall be deemed null and void.

(3) Developer and City shall be in material compliance with all the terms and provisions of this Agreement.

(4) Developer shall have furnished City with evidence, prior to the Public Hearing, in a form satisfactory to City (such as a letter of commitment from a bank or other lending institution), that Developer has firm financial commitments in an amount sufficient, together with equity commitments, to complete the Minimum Improvements (as defined herein) in conformance with the Construction Plans (as defined herein), or City shall have received such other evidence of Developer's financial ability as City in its reasonable judgment City requires.

(5) Developer's counsel shall issue a legal opinion to City confirming the representations contained herein in the form attached hereto as Exhibit B.

(6) Developer shall deliver a signed acknowledgement committing to provide and maintain the insurance requirements as indicated in Section 5.6 of this Agreement in the form attached hereto as Exhibit H.

1.5 City's Obligations at Closing. At or prior to the Closing Date, City shall deliver to Developer such other documents as may be required by this Agreement, all in a form satisfactory to Developer.

SECTION 2. DEVELOPMENT ACTIVITIES

2.1 Required Minimum Improvements. Developer will make a capital investment of approximately Three Million Two Hundred Thousand Dollars ($3,200,000.00) to improve the Building (the Minimum Improvements). The Minimum Improvements include creating nine (9) new residential units and rehabilitating the Building façade, including doors and windows.

2.2 Plans for Construction of Minimum Improvements. Plans and specifications with respect to the development of the Property and the construction of the Minimum Improvements thereon (the Construction Plans) shall be in conformity with Urban Renewal Plan, this Agreement, and all applicable state and local laws and regulations, including but not limited to any covenants, conditions, restrictions, reservations, easements, liens and charges, recorded in the records of Dubuque County, Iowa. Developer shall submit to City, for approval by City, plans, drawings, specifications, and related documents with respect to the improvements to be constructed by Developer on the Property. All work with respect to the Minimum Improvements shall be in substantial conformity with the Construction Plans approved by City.

2.3 Timing of Improvements. Developer hereby agrees that construction of the Minimum Improvements on the Property shall begin by July 1, 2025, and shall be substantially completed by December 31, 2026. The time for the performance of these obligations shall be suspended due to unavoidable delays meaning delays, outside the control of the party claiming its occurrence in good faith, which are the direct result of strikes, other labor troubles, unusual shortages of materials or labor, unusually severe or prolonged bad weather, acts of God, fire or other casualty to the Minimum Improvements, litigation commenced by third parties which, by injunction or other similar judicial action or by the exercise of reasonable discretion directly results in delays, or acts of any federal, state or local government which directly result in extraordinary delays. The time for performance of such obligations shall be extended only for the period of such delay.

2.4 Certificate of Completion. Promptly following the request of Developer upon completion of the Minimum Improvements, City shall furnish Developer with an appropriate instrument so certifying. Such certification (the Certificate of Completion) shall be in the form attached as Exhibit I and shall be a conclusive determination of the satisfaction of Developer's obligations to make the Minimum Improvements under this Agreement and completion of the Minimum Improvements by Developer as required by this Agreement.

2.5 Security Cameras. Developer shall install security cameras on the exterior of all buildings on the Property and register said cameras with the "Secure Dubuque Personal Surveillance System" described at https://cityofdubuque.org/2980/Secure-Dubuque.

SECTION 3. CITY PARTICIPATION

3.1 Economic Development Grants to Developer. For and in consideration of Developer's obligations hereunder, and in furtherance of the goals and objectives of the urban renewal plan for the Project Area and the Urban Renewal Law, City agrees, subject to Developer being and remaining in compliance with the terms of this Agreement, to make thirty (30) consecutive semi-annual payments (such payments being referred to collectively as the Economic Development Grants) to Developer:

November 1, 2028	May 1, 2029
November 1, 2029	May 1, 2030
November 1, 2030	May 1, 2031
November 1, 2031	May 1, 2032
November 1, 2032	May 1, 2033
November 1, 2033	May 1, 2034
November 1, 2034	May 1, 2035
November 1, 2035	May 1, 2036
November 1, 2036	May 1, 2037
November 1, 2037	May 1, 2038
November 1, 2038	May 1, 2039
November 1, 2039	May 1, 2040
November 1, 2040	May 1, 2041
November 1, 2041	May 1, 2042
November 1, 2042	May 1, 2043

pursuant to Iowa Code Section 403.9 of the Urban Renewal Law, in amounts equal to a portion of the tax increment revenues collected by City under Iowa Code Section 403.19 (without regard to any averaging that may otherwise be utilized under Iowa Code Section 403.19 and excluding any interest that may accrue thereon prior to payment to Developer) during the preceding six-month period in respect of the Minimum Improvements constructed by Developer (the Developer Tax Increments). For purposes of calculating the amount of the Economic Development Grants provided in this Section, the Developer Tax Increments shall be only those tax increment revenues collected by City in respect of the increase in the taxable value of the Property above the assessed value on January 1, 2025 of Three Hundred Thirty-Two Thousand One Hundred Dollars ($332,100) (the Baseline Valuation). The Developer Tax Increments shall not include (i) any property taxes collected for the payment of bonds and interest of each taxing district, (ii) any taxes for the regular and voter-approved physical plant and equipment levy, (iii) the remaining actual amount of tax increment revenues collected by City in respect of the valuations of the Property prior to January 1, 2025 and (iv) any other portion required to be excluded by Iowa law, and thus

such incremental taxes will not include all amounts paid by Developer as regular property taxes.

3.2 To fund the Economic Development Grants, City shall certify to the County prior to December 1, 2026 its request for the available Developer Tax Increments resulting from the assessments imposed by the County as of January 1 of that year and each year thereafter until and including January 1, 2043, to be collected by City as taxes are paid during the following fiscal year and which shall thereafter be disbursed to the Developer on November 1 and May 1 of that fiscal year. (Example: if City certifies in December, 2026, the Economic Development Grants in respect thereof would be paid to the Developer on November 1, 2028, and May 1, 2029.)

3.3 The Economic Development Grants shall be payable from and secured solely and only by the Developer Tax Increments paid to City that, upon receipt, shall be deposited and held in a special account created for such purpose and designated as the Plastic Center, Inc. TIF Account of City. City hereby covenants and agrees to maintain its TIF ordinance in force during the term hereof and to apply the incremental taxes collected in respect of the Minimum Improvements and allocated to the Plastic Center, Inc. TIF Account to pay the Economic Development Grants, as and to the extent set forth in Section 3.1 hereof. The Economic Development Grants shall not be payable in any manner by other tax increments revenues, or by general taxation or from any other City funds. City makes no representation with respect to the amounts that may be paid to Developer as the Economic Development Grants in any one year and under no circumstances shall City in any manner be liable to Developer so long as City timely applies the Developer Tax Increments actually collected and held in the Plastic Center, Inc. TIF Account (regardless of the amounts thereof) to the payment of the Economic Development Grants to Developer as and to the extent described in this Section.

3.4 City shall be free to use any and all tax increment revenues collected in respect of other properties within the Project Area and the remaining actual amount of the property taxes paid by Developer to City, or any available Developer Tax Increments resulting from the termination of the annual Economic Development Grants under Section 3.1 hereof, for any purpose for which such tax increment revenues may lawfully be used pursuant to the provisions of the Urban Renewal Law, and City shall have no obligations to Developer with respect to the use thereof.

3.5 Downtown Housing Incentive.

(1) City agrees to provide to Developer on the terms and conditions set forth in the Downtown Housing Incentive Program attached hereto as Exhibit F, a grant in

an amount not to exceed Ninety Thousand Dollars ($90,000.00) (the Housing Incentive Grant).

(2) Grant funds will not be disbursed to Developer until City has issued a Certificate of Completion for the Project. The Grant shall be paid in Ten Thousand Dollar ($10,000.00) payments for each apartment that receives a Certificate of Completion up to a maximum of nine apartments. Prior to the disbursement of any funds, Developer shall provide evidence satisfactory to City that the Minimum Improvements have been completed in accordance with the Plans and other documentation submitted to City with the Downtown Housing Assistance application.

3.6 Downtown Rehabilitation Grant. City agrees to provide a matching (1:1) grant (the Downtown Rehabilitation Grant) not to exceed Thirty-Five Thousand Dollars ($35,000) to reimburse Developer for documented costs related to the following eligible activities: for each parcel as follows:

(1) Planning & Design predevelopment costs, architectural and engineering fees and other authorized soft costs associated with the rehabilitation of the Development Property on the terms and conditions set forth by the State Historic Preservation Office, as set forth in Exhibit G.

(2) Façade documented costs that improve the overall appearance of the Development Property, provided the Project meets the criteria of the Façade Grant Program and on the terms and conditions set forth by the State Historic Preservation Office, as set forth in Exhibit G.

(3) Financial Consultant documented costs related to hiring a financial consultant to evaluate the Project's feasibility on the terms and conditions set forth in Exhibit G.

3.8 Payment of the Grants. The Grants shall be payable as follows:

(1) Any and all portions of the Grants shall be funded solely and only from available Program funds;

(2) Prior to the release of any grant funds, (i) Developer shall have submitted documentation of its eligible expenses under the corresponding eligible activity;

(3) City shall have issued a Certificate of Completion; and

(4) The Grant funds shall be disbursed directly to Developer.

SECTION 4. NON- APPROPRIATION / LIMITED SOURCE OF FUNDING.

4.1 Non-Appropriation.

(1) Notwithstanding anything in this Agreement to the contrary, the obligation of City to pay any installment of the Economic Development Grants from the pledged tax increment revenues shall be an obligation limited to currently budgeted funds, and not a general obligation or other indebtedness of City or a pledge of its full faith and credit within the meaning of any constitutional or statutory debt limitation, and shall be subject in all respects to the right of non-appropriation by the City Council of City as provided in this Section. City may exercise its right of non-appropriation as to the amount of the installments to be paid during any fiscal year during the term of this Agreement without causing a termination of this Agreement. The right of non-appropriation shall be exercised only by resolution affirmatively declaring City's election to non-appropriate funds otherwise required to be paid in the next fiscal year under this Agreement.

(2) In the event the City Council of City elects to not appropriate sufficient funds in the budget for any future fiscal year for the payment in full of the installments on the Economic Development Grants due and payable in that future fiscal year, then City shall have no further obligation to Employer or Developers for the payment of any installments due in that future fiscal year which cannot be paid with the funds then appropriated for that purpose.

4.2 The right of non-appropriation reserved to City in this Section is intended by the parties, and shall be construed at all times, so as to ensure that City's obligation to pay future installments on the Economic Development Grants shall not constitute a legal indebtedness of City within the meaning of any applicable constitutional or statutory debt limitation prior to the adoption of a budget which appropriates funds for the payment of that installment or amount. In the event that any of the provisions of this Agreement are determined by a court of competent jurisdiction to create, or result in the creation of, such a legal indebtedness of City, the enforcement of the said provision shall be suspended, and the Agreement shall at all times be construed and applied in such a manner as will preserve the foregoing intent of the parties, and no event of default shall be deemed to have occurred as a result thereof. If any provision of this Agreement or the application thereof to any circumstance is so suspended, the suspension shall not affect other provisions of this Agreement which can be given effect without the suspended provision, and to this end the provisions of this Agreement are severable.

SECTION 5. COVENANTS OF DEVELOPER

5.1 The Minimum Improvements shall conform to the U.S. Secretary of the Interior's Standards for Rehabilitation.

5.2. Operation of Property.

(1) Housing Vouchers. For and in consideration of the Grant offered under this Agreement, during the operation of the Development Property as a rental residential property, Developer shall accept, or cause to be accepted, applications from prospective tenants with housing vouchers issued under the U.S. HUD's Section 8 voucher program or a similar program who are otherwise qualified prospective tenants. Developer shall not deny any tenant a lease based on a public assistance source of income. A public assistance source of income means income and support derived from any tax supported federal, state or local funds, including, but not limited to, social security, supplemental security income, temporary assistance for needy families, family investment program, general relief, food stamps, and unemployment compensation, housing choice voucher subsidies and similar rent subsidy programs. This Section 5.2 shall survive the termination of this Agreement. If Developer or Developer's successors or assigns violates the requirements of this Section 5.2 as determined by the City Manager in the City Manager's sole discretion after the termination of this Agreement, Developer or Developer's successors or assigns shall not be eligible for any City financial assistance programs.

(2) Short-Term Rental. For and in consideration of the Grant offered under this Agreement, during the operation of the Development Property as residential rental property and during the term of this Agreement, no residential rental unit shall be leased to any tenant for an initial term of fewer than thirty (30) days, and no portion of the Development Property may be used for short-term rental purposes. Developer agrees to include similar prohibitions regarding short-terms rentals in each lease agreement for each residential rental unit of the Development Property during the term of this Agreement. Developer further agrees to include such prohibitions in each and every lease agreement for any residential rental unit of the Development Property for so long as any single residential rental unit of the Development Property remains subject to the terms and conditions of this Agreement.

5.3 Books and Records. During the term of this Agreement, Developer shall keep at all times and make available to City upon reasonable request proper books of record and account in which full, true and correct entries will be made of all dealings and transactions of or in relation to the business and affairs of Developer in accordance with generally

accepted accounting principles consistently applied throughout the period involved, and Developer shall provide reasonable protection against loss or damage to such books of record and account.

5.4 Real Property Taxes. Developer shall pay or cause to be paid, when due, all real property taxes and assessments payable with respect to all and any parts of the Property unless Developer's obligations have been assumed by another person pursuant to the provisions of this Agreement.

5.5 No Other Exemptions. During the term of this Agreement, Developer agrees not to apply for any state or local property tax exemptions which are available with respect to the Property or the Minimum Improvements located thereon that may now be, or hereafter become, available under state law or city ordinance during the term of this Agreement, including those that arise under Iowa Code Chapters 404 and 427, as amended.

5.6 Insurance Requirements.

(1) Developer shall provide and maintain or cause to be maintained at all times during the process of constructing the Minimum Improvements and at its sole cost and expense builder's risk insurance, written on a Completed Value Form in an amount equal to one hundred percent (100%) of the Building (including Minimum Improvements) replacement value when construction is completed, naming City as a lender loss payable. Coverage shall include the “special perils” form and developer shall furnish City with proof of insurance in the form of a certificate of insurance.

(2) Upon completion of construction of the Minimum Improvements and up to the Termination Date, Developer shall maintain, or cause to be maintained, at its cost and expense property insurance against loss and/or damage to the Building (including the Minimum Improvements) under an insurance policy written with the “special perils” form and in an amount not less than the full insurable replacement value of the Building (including the Minimum Improvements), listing City as lender loss payable. Developer shall furnish to City proof of insurance in the form of a certificate of insurance.

(3) The term "replacement value" shall mean the actual replacement cost of the building with Minimum Improvements (excluding foundation and excavation costs and costs of underground flues, pipes, drains and other uninsurable items) and equipment, and shall be reasonably determined from time to time at the request of City, but not more frequently than once every three (3) years.

(4) Developer shall notify City immediately in the case of damage exceeding Fifty Thousand Dollars ($50,000) in amount to, or destruction of, the Minimum Improvements or any portion thereof resulting from fire or other casualty. Net proceeds of any such insurance (Net Proceeds), shall be paid directly to Developer as its interests may appear, and Developer shall forthwith repair, reconstruct and restore the Minimum Improvements to substantially the same or an improved condition or value as they existed prior to the event causing such damage and, to the extent necessary to accomplish such repair, reconstruction and restoration, Developer shall apply the Net Proceeds of any insurance relating to such damage received by Developer to the payment or reimbursement of the costs thereof, subject, however, to the terms of any mortgage encumbering title to the Property (as its interests may appear). Developer shall complete the repair, reconstruction and restoration of Minimum Improvements whether or not the Net Proceeds of insurance received by Developer for such purposes are sufficient.

5.7 Preservation of Property. During the term of this Agreement, Developer shall maintain, preserve and keep, or cause others to maintain, preserve and keep, the Minimum Improvements in good repair and working order, ordinary wear and tear accepted, and from time to time shall make all necessary repairs, replacements, renewals and additions.

5.8 Non-Discrimination. In carrying out the project, Developers shall not discriminate against any employee or applicant for employment because of age, color, familial status, gender identity, marital status, mental/physical disability, national origin, race, religion/creed, sex, or sexual orientation.

5.9 Conflict of Interest. Developer agrees that no member, officer or employee of City, or its designees or agents, nor any consultant or member of the governing body of City, and no other public official of City who exercises or has exercised any functions or responsibilities with respect to the project during his or her tenure, or who is in a position to participate in a decision-making process or gain insider information with regard to the project, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed in connection with the project, or in any activity, or benefit therefrom, which is part of this project at any time during or after such person's tenure. In connection with this obligation, Developer shall have the right to rely upon the representations of any party with whom it does business and shall not be obligated to perform any further examination into such party's background.

5.10 Non-Transferability. Until such time as the Minimum Improvements are complete (as certified by City under Section 2.5), this Agreement may not be assigned by Developer nor may the Property be transferred by Developer to another party. Thereafter, with the prior

written consent of City, which shall not be unreasonably withheld, Developer shall have the right to assign this Agreement, and upon assumption of the Agreement by the assignee, Developer shall no longer be responsible for its obligations under this Agreement.

5.11 No change in Tax Classification. Developer agrees that it will not take any action to change, or otherwise allow, the classification of the Property for property tax purposes to become other than commercial property and to be taxed as such under Iowa law. This restriction shall terminate upon the termination of this Agreement. However, Developer may apply for a reclassification of the Property in the event Iowa law is modified to allow a building containing four apartments within one building to be classified as residential for property tax purposes.

5.12 Restrictions on Use. Developer agrees for itself, and its successors and assigns, and every successor in interest to the Property or any part thereof, for the duration of this Agreement, that they, and their respective successors and assigns, shall:

(1) Devote the Property to, and only to and in accordance with, the uses specified in the Urban Renewal Plan (and City represents and agrees that use of the Property as a restaurant and upper-story housing, is in full compliance with the Urban Renewal Plan) (however, Developer shall not have any liability to City to the extent that a successor in interest shall breach this covenant and City shall seek enforcement of this covenant directly against the party in breach of same); and

(2) Not discriminate upon the basis of race, religion, color, sex, sexual orientation, gender identity, national origin, age or disability in the sale, lease, rental, use or occupancy of the Property or any improvements erected or to be erected thereon, or any part thereof (however, Developer shall not have any liability to City to the extent that a successor in interest shall breach this covenant and City shall seek enforcement of this covenant directly against the party in breach of same).

5.13 Compliance with Laws. Developer shall comply with all laws, rules and regulations relating to its businesses, other than laws, rules and regulations the failure to comply with or the sanctions and penalties resulting therefrom, would not have a material adverse effect on the business, property, operations, financial or otherwise, of Developer.

SECTION 6. EVENTS OF DEFAULT AND REMEDIES

6.1 Events of Default Defined. The following shall be Events of Default under this Agreement and the term Event of Default shall mean, whenever it is used in this Agreement, any one or more of the following events:

(1) Failure by Developer to pay or cause to be paid, before delinquency, all real property taxes assessed with respect to the Minimum Improvements and the Property.

(2) Failure by Developer to cause the construction of the Minimum Improvements to be commenced and completed pursuant to the terms, conditions and limitations of this Agreement.

(3) Transfer of any interest by Developer of the Minimum Improvements in violation of the provisions of this Agreement prior to the issuance of the final Certificate of Completion.

(4) Failure by Developer or City to substantially observe or perform any other material covenant, condition, obligation or agreement on its part to be observed or performed under this Agreement.

6.2. Remedies on Default by Developer. Whenever any Event of Default referred to in Section 5.1 of this Agreement occurs and is continuing, City, as specified below, may take any one or more of the following actions after the giving of written notice by City to Developer (and the holder of any mortgage encumbering any interest in the Property of which City has been notified of in writing) of the Event of Default, but only if the Event of Default has not been cured within sixty (60) days following such notice, or if the Event of Default cannot be cured within sixty (60) days and Developer does not provide assurances to City that the Event of Default will be cured as soon as reasonably possible thereafter:

(1) City may suspend its performance under this Agreement until it receives assurances from the Developer deemed adequate by City, that the Developer will cure its default and continue its performance under this Agreement;

(2) Until the Closing Date, City may cancel and rescind this Agreement;

(3) Until issuance of the Certificate of Completion, City shall be entitled to recover from Developer the sum of all amounts expended by City in connection with the funding of the Downtown Rehab Grant and Economic Development Grant to Developer and City may take any action, including any legal action it deems necessary, to recover such amounts from the Developer;

(4) City may withhold the Certificate of Completion; or

(5) City may take any action, including legal, equitable or administrative action, which may appear necessary or desirable to collect any payments due under this Agreement or to enforce performance and observance of any obligation, agreement, or covenant under this Agreement.

6.3 No Remedy Exclusive. No remedy herein conferred upon or reserved to City is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient.

6.4 No Implied Waiver. In the event any agreement contained in this Agreement should be breached by any party and thereafter waived by any other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

6.5 Agreement to Pay Attorneys' Fees and Expenses. If any action at law or in equity, including an action for declaratory relief or arbitration, is brought to enforce or interpret the provisions of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs of litigation from the other party. Such fees and costs of litigation may be set by the court in the trial of such action or by the arbitrator, as the case may be, or may be enforced in a separate action brought for that purpose. Such fees and costs of litigation shall be in addition to any other relief that may be awarded.

6.6 Remedies on Default by City. If City defaults in the performance of this Agreement, Developer may take any action, including legal, equitable or administrative action that may appear necessary or desirable to collect any payments due under this Agreement, to recover expenses of Developer, or to enforce performance and observance of any obligation, agreement, or covenant of City under this Agreement. Developer may suspend their performance under this Agreement until they receive assurances from City, deemed adequate by Developer, that City will cure its default and continue its performance under this Agreement.

SECTION 7. GENERAL TERMS AND PROVISIONS

7.1 Notices and Demands. Whenever this Agreement requires or permits any notice or written request by one party to another, it shall be deemed to have been properly given if and when delivered in person or three (3) business days after having been deposited in any

U.S. Postal Service and sent by registered or certified mail, postage prepaid, addressed as follows:

If to Developer: Tony Pfohl
Plastic Center, Inc.
290 Main Street
Dubuque, Iowa 52001

With copy to: Kane Norby & Reddick, P.C.
Brian J. Kane
2100 Asbury Rd #2
Dubuque, IA 52001

If to City: City Manager
50 W. 13th Street
Dubuque, Iowa 52001
Phone: (563) 589-4110
Fax: (563) 589-4149

With copy to: City Attorney
City Hall
50 W. 13th Street
Dubuque IA 52001

or at such other address with respect to either party as that party may, from time to time designate in writing and forward to the other as provided in this Section.

7.2 Binding Effect. This Agreement shall be binding upon and shall inure to the benefit of City and Developer and their respective successors and assigns.

7.3 Force Majeure. A party shall be excused from its obligations under this Agreement if and to the extent and during such time as the party is prevented, impeded, or hindered, unable to perform its obligations or is delayed in doing so due to events or conditions outside of the party's reasonable control and after the party has taken reasonable steps to avoid or mitigate such event or its consequences (each a "Force Majeure Event") including, without limitation in any way, as the result of any acts of God, war, fire, or other casualty, riot, civil unrest, extreme weather conditions, terrorism, strikes and/or labor disputes, pandemic, epidemic, quarantines, government stay-at-home orders, municipal and other government orders, failure of Internet, or other matter beyond the control of such party. Upon the occurrence of a Force Majeure Event, the party incurring such Force Majeure

Event will promptly give notice to the other party identifying the Force Majeure Event, explaining how it impacts performance and the estimated duration, identifying the relief requested, agreeing to limit damages to the other party and to immediately resume performance upon termination of the Force Majeure Event, and agreeing to supplement the notice as more information becomes available, and thereafter the parties shall meet and confer in good faith in order to identify a cure of the condition affecting its performance as expeditiously as possible. No obligation to make a payment required by this Agreement is excused by a Force Majeure Event. The nonperforming party shall not be entitled to any damages or additional payments of any kind for any such delay.

7.4 Termination Date. This Agreement and the rights and obligations of the parties hereunder shall terminate on December 31, 2043 (the Termination Date).

7.5 Execution by Facsimile. The parties agree that this Agreement may be transmitted between them by facsimile machine. The parties intend that the faxed signatures constitute original signatures and that a faxed Agreement containing the signatures (original or faxed) of all the parties is binding on the parties.

7.6 Memorandum of Development Agreement. Developer shall promptly record a Memorandum of Development Agreement in the form attached hereto as Exhibit D in the office of the Recorder of Dubuque County, Iowa. Developer shall pay the costs for so recording.

IN WITNESS WHEREOF, City has caused this Agreement to be duly executed in its name and behalf by its Mayor and attested to by its City Clerk and Developer has caused this Agreement to be duly executed on or as of the first above written.

RE:

Dear _____:

I have acted as counsel for the City of Dubuque, Iowa, in connection with the execution and delivery of a certain Development Agreement between Plastic Center, Inc. (Developer) and the City of Dubuque, Iowa (City) dated for reference purposes the ___ day of _____, 20__.

The City has duly obtained all necessary approvals and consents for its execution, delivery and performance of this Agreement and has full power and authority to execute, deliver and perform its obligations under this Agreement, and to the best of my knowledge, the representations of the City Manager in his letter dated the ___ day of _____, 20__, are correct.

Very sincerely,

Barry A. Lindahl, Esq.
City Attorney

Re: Development Agreement Between the City of Dubuque, Iowa and

Dear Mayor and City Councilmembers:

We have acted as counsel for Plastic Center, Inc., in connection with the execution and delivery of a certain Development Agreement (Development Agreement) between Developer and the City of Dubuque, Iowa (City) dated for reference purposes the ___ day of _____, 20__.

We have examined the original certified copy, or copies otherwise identified to our satisfaction as being true copies, of the Development Agreement and such other documents and records as we have deemed relevant and necessary as a basis for the opinions set forth herein.

Based on the pertinent law, the foregoing examination and such other inquiries as we have deemed appropriate, we are of the opinion that:

1. Developer is a limited liability company organized and existing under the laws of the State of Iowa and has full power and authority to execute, deliver and perform in full the Development Agreement. The Development Agreement has been duly and validly authorized, executed and delivered by Developer and, assuming due authorization, execution and delivery by City, is in full force and effect and is a valid and legally binding instrument of Developer enforceable in accordance with its terms, except as the same may be limited by bankruptcy, insolvency, reorganization or other laws relating to or affecting creditors' rights generally.

2. To our actual knowledge with no duty to inquire, the execution, delivery and performance by Developer of the Development Agreement and the carrying out of the terms thereof, will not result in violation of any provision of, or in default under, the articles of incorporation and bylaws of Developer, any indenture, mortgage, deed of trust, indebtedness, agreement, judgment, decree, order, statute, rule, regulation or restriction to which Developer is a party or by which Developer's property is bound or subject.

3. To our actual knowledge with no duty to inquire, there are no actions, suits or

proceedings pending or threatened against or affecting Developer in any court or before any arbitrator or before or by any governmental body in which there is a reasonable possibility of an adverse decision which could materially adversely affect the business (present or prospective), financial position or results of operations of Developer or which in any manner raises any questions affecting the validity of the Agreement or the Developer's ability to perform Developer's obligations thereunder.

This opinion is rendered for the sole benefit of the City of Dubuque and no other party may rely on this opinion.

This opinion is rendered and valid as of the date of this letter and we have no duty to update this opinion for any matters which come to our knowledge after the date of this letter.

Sincerely,

EXHIBIT C

(DATE)

Dear _____:

I am the City Manager of the City of Dubuque, Iowa and have acted in that capacity in connection with the execution and delivery of a certain Development Agreement between Plastic Center, Inc. (Developer) and the City of Dubuque, Iowa (City) dated for reference purposes the ___ day of _____, 20__.

On behalf of the City of Dubuque, I hereby represent and warrant to Developer that:

(1) City has duly obtained all necessary approvals and consents for its execution, delivery and performance of this Agreement and that it has full power and authority to execute, deliver and perform its obligations under this Agreement. City's attorney shall issue a legal opinion to Developer at time of closing confirming the representation contained herein, in the form attached hereto as Exhibit B.

(2) City shall exercise its best efforts to cooperate with Developer in the development process.

(3) City shall exercise its best efforts to resolve any disputes arising during the development process in a reasonable and prompt fashion.

(4) The execution and delivery of this Agreement, the consummation of the transactions contemplated hereby, and the fulfillment of or compliance with the terms and conditions of this Agreement are not prevented by, limited by, in conflict with, or result in a violation or breach of, the terms, conditions or provisions of the charter of City, any evidence of indebtedness, agreement or instrument of whatever nature to which City is now a party or by which it or its property is bound, or constitute a default under any of the foregoing.

(5) There are no actions, suits or proceedings pending or threatened against or affecting City in any court or before any arbitrator or before or by any governmental body in which there is a reasonable possibility of an adverse decision which could materially adversely affect the financial position or operations of City or which affects the validity of the Agreement or City's ability to perform its obligations under this Agreement.

(6) No ordinance or hearing is now or before any local governmental body that either contemplates or authorizes any public improvements or special tax levies, the cost of which may be assessed against the Property. To the best of City's knowledge, there are no plans or efforts by any government agency to widen, modify, or re-align any street or highway providing access to the Property and there are no pending or intended public improvements or special assessments affecting the Property which will result in any charge or lien be levied or assessed against the Property.

(7) The representations and warranties contained in this article shall be correct in all respects on and as of the Closing Date with the same force and effect as if such representations and warranties had been made on and as of the Closing Date.

Sincerely,

Michael C. Van Milligen
City Manager

MEMORANDUM OF DEVELOPMENT AGREEMENT

Prepared by: Barry A. Lindahl 300 Main Street Suite 330 Dubuque IA 52001 563 583-4113
Return to: Barry A. Lindahl 300 Main Street Suite 330 Dubuque IA 52001 563 583-4113

MEMORANDUM OF DEVELOPMENT AGREEMENT

A Development Agreement by and among the City of Dubuque, Iowa, an Iowa municipal corporation, of Dubuque, Iowa, and Plastic Center, Inc. was made regarding the following described premises:

The West 107.5 feet of the West 170 feet of Lot 614 in the City of Dubuque, Iowa, according to the Plat of the Survey thereof in Book of Plats #10 page 88, records of Dubuque County, Iowa; and

Lot 46 in the City of Dubuque, Iowa, according to the United States Commissioners' Map of the Town of Dubuque; and

The East 110 feet of Lot 614 in the City of Dubuque, Iowa, according to the Plat of the Survey thereof in Book of Plats #10 page 88, records of Dubuque County, Iowa.

The Development Agreement is dated for reference purposes the ____ day of _____, 20__, and contains covenants, conditions, and restrictions concerning the sale and use of said premises.

This Memorandum of Development Agreement is recorded for the purpose of constructive notice. In the event of any conflict between the provisions of this Memorandum and the Development Agreement itself, executed by the parties, the terms and provisions of the Development Agreement shall prevail. A complete counterpart of the Development Agreement, together with any amendments thereto, is in the possession of the City of Dubuque and may be examined at its offices as above provided.

DOWNTOWN HOUSING INCENTIVE PROGRAM

Projects eligible to receive assistance from this established pool of funds must meet the following requirements:

- The project must assist in the creation of new market-rate downtown rental and/or owner-occupied residential units within the Greater Downtown Urban Renewal District (see attached map) and have timely commencement & completion dates identified.
- The project must be the rehabilitation of an existing structure.
- Within the Washington Neighborhood, rental units must be located above a commercial component on the first floor of the building unless the project is rehabilitating or reusing a former church or school building.
- Exterior alterations are subject to design review and approval. The *Historic District Guidelines* shall apply to projects located in Historic Preservation District. The *Downtown Design Guidelines* shall apply to all other project locations. Projects which conform to the applicable guidelines may be reviewed and approved by the City Planner. Projects that do not strictly conform to the applicable guidelines will be forwarded to the Historic Preservation Commission (HPC) for consideration. New construction or substantial rehabilitation projects may also be considered by the HPC. The process for review is at the discretion of the City Planner. Guidelines can be viewed and downloaded at http://cityofdubuque.org/1295/Design-Guidelines.
- Any signs on the property that do not comply with City zoning regulations and design guidelines must be included in the design review and improved to comply with applicable City Codes. Submittal must include the design materials and colors that will be used on the sign face, how the sign will be displayed, and any lighting proposed.
- A detailed rendering/drawing of the proposed project must be included. The plans should include dimensions and architectural details and label materials. Plans prepared by a design professional (e.g. architect or draftsperson) are strongly recommended. Applications without detailed drawings will not be considered complete and will not be accepted by the City.
- Deviation from an approved project plan may disqualify the project from the program.
- City funded projects may be required to meet sound proofing, lighting, security, or other standards – as determined by the City of Dubuque following an internal neighborhood impact study – particularly when units are located in mixed-use neighborhoods.

05022025bal

- Preference will be given to projects that also utilize Federal and/or State Historic Tax Credits.
- No more than $10,000 in assistance will be considered per residential unit.
- In general, no more than $750,000 will be provided to a single project.
- No developer fee will be permitted until all city assistance is paid or satisfied in full.
- The City will disburse committed funds after the project is complete and a Certificate of Occupancy has been provided for the housing units.
- A minimum of 2 new housing units must be created in the project.
- Owner of property must certify that all property in the City of Dubuque, for which the owner has any interest, complies with all applicable City of Dubuque ordinances and regulations, including, but not limited to, housing, building, zoning, fire, health, and vacant and abandoned building regulations.
- Applications will be reviewed monthly by the Review Committee, consisting of at least one representative from the City's Economic Development, Planning, and Building Services Departments. The Review Committee will score each application and will fund projects that meet the program criteria and are ready to commence within three months.

EXHIBIT G

DOWNTOWN REHABILITATION GRANT PROGRAM

Downtown Rehabilitation Grant Program

PROGRAM GUIDELINES

(2024)

The Downtown Rehabilitation Grant Program is designed to further the goals and objectives of the Greater Downtown Urban Renewal Plan by creating the financial incentives needed to eliminate conditions of blight, encourage revitalization efforts and to retain or create employment opportunities and/or new housing units within the district. This program will address building code deficiencies as part of each approved project.

Eligible Applicants: Owners of property within the Greater Downtown Urban Renewal District (map attached).

Grant Award: The grant is a 1:1 matching grant up to a maximum of Thirty-Five Thousand Dollars ($35,000).

Eligible Activities and Assistance:

Façade Costs – to provide assistance on labor or material costs for front (or occasionally other major) façade renovations to restore a building's historic appearance or eliminate inappropriate additions or alterations to improve overall appearance.

Financial Consultant Costs – to provide assistance on hiring a financial consultant used to analyze the feasibility of a project.

Planning & Design Grant Program – to provide assistance on pre-development costs associated with a project.

FOR MORE INFORMATION, please contact:
City of Dubuque Economic Development Department
50 West 13th Street, Dubuque, Iowa 52001
(563) 589-4393

General Conditions:

- Property must be located in Greater Downtown Urban Renewal District (see attached map) and with timely commencement & completion dates identified.
- Projects must be the rehabilitation of an existing structure.
- Property must be classified for tax purposes as a commercial or multi-residential property.
- All existing code deficiencies within a scope of a project must be corrected and new improvements must comply with all applicable codes and ordinances.
- Owner of property must certify that all property in the City of Dubuque, for which the owner has any interest, complies with all applicable City of Dubuque ordinances and regulations, including, but not limited to, housing, building, zoning, fire, health, and vacant and abandoned building regulations.
- Exterior alterations are subject to design review and approval. The Historic District Guidelines shall apply to projects located in Historic Preservation Districts. The Downtown Design Guidelines shall apply to all other project locations. Projects which conform to the applicable guidelines may be reviewed and approved by the City Planner. Projects that do not strictly conform to the applicable guidelines will be forwarded to the Historic Preservation Commission (HPC) for consideration. Substantial rehabilitation projects may also be considered by the HPC. The process for review is at the discretion of the City Planner. Guidelines can be viewed and downloaded at http://cityofdubuque.org/1295/Design-Guidelines.
- Any signs on the property that do not comply with City zoning regulations and design guidelines must be included in the design review and improved to comply with applicable City Codes. Submittal must include the design materials and colors that will be used on the sign face, how the sign will be displayed, and any lighting proposed.
- A detailed rendering/drawing of the proposed project must be included. The plans should include dimensions and architectural details and label materials. Plans prepared by a design professional (e.g. architect or draftsperson) are required. Applications without detailed drawings will not be considered complete. Only preliminary eligibility may be determined until professional drawings are submitted.
- Applicant will not be reimbursed for personal labor costs or labor costs of family members, nor can these costs be counted in the total project costs.
- Projects may not receive the maximum amount of each form of assistance more than once.
- Deviation from an approved project plan shall disqualify the project from the program.
- City funded projects may be required to meet sound proofing, lighting, security, or other standards – as determined by the City of Dubuque, in its sole discretion, following an internal neighborhood impact study – particularly when units are located in mixed-use neighborhoods.
- Applications will be reviewed quarterly by the Economic Development and Planning department with funda awarded to projects that meet the program criteria and are ready to commence within three months.

FAÇADE INFORMATION

This program provides funding in the Greater Downtown Urban Renewal District for front (or occasionally other major) façade renovation to restore the façade to its historic appearance or improve the overall appearance. This assistance is intended to address historically inappropriate exteriors. It is not intended to address normal building maintenance.

Specific Conditions:

- Reimbursement is for labor and material costs associated with façade improvements, including but not limited to, rehabilitating or improving windows, paint, signage, or awnings to significantly transform overall appearance.
- Landscaping or screening with fencing or retaining walls may be a reimbursable expense if a determination is made that property is improved adjacent to public right-of-way.
- In order to receive reimbursement for repointing, a mortar analysis sample may be requested for each façade that will be repointed. The applicant must adhere to the results of that analysis in their rehabilitation work as part of their approved project plan. The City may request verification that the new mortar matches the results of the mortar analysis.
- Language from the National Park Service Technical Preservation Services Briefs may be attached as a condition for a building permit if the applicant chooses to perform repointing on the project.
- Reimbursable expenditures must be documented.
- Funding will be disbursed upon completion of work at a 1:1 match of qualified costs.

Approval Process:

1. Design review by the City Planning Department and/or the Historical Preservation Commission is required for exterior work on the project.
2. Grant applications will be reviewed by City staff Review Committee and approved by the City Manager.
3. Funding will be disbursed upon staff review of documented expenditures and inspection of a completed project.

FINANCIAL CONSULTANT INFORMATION

This program provides funding in the Greater Downtown Urban Renewal District for hiring a financial consultant to analyze the feasibility of projects.

Specific Conditions:

- Reimbursement is for fees associated with hiring a professional financial consultant (i.e. accountant, attorney, tax credit consultant)
- Reimbursable expenditures must be documented.
- This financial consultant funding shall not exceed ten percent (10%) of total project costs.
- The rehabilitation project must be completed for the Financial Consultant costs to be reimbursed.
- Funding will be disbursed upon completion of work at a 1:1 match of qualified costs.

Approval Process:

1. Design review by the City Planning Department and/or the Historical Preservation Commission is required for exterior work on the project.
2. Grant applications will be reviewed by City staff Review Committee and approved by the City Manager.
3. Funding will be disbursed upon staff review of documented expenditures and inspection of a completed project.

PLANNING & DESIGN INFORMATION

This program provides funding in the Greater Downtown Urban Renewal District for hiring architects, engineers or other professional services used prior to construction.

Grant Specific Conditions:

- Reimbursement is for architectural and engineering fees, feasibility studies, environmental assessments or other related soft costs.
- Reimbursable expenditures must be documented.
- Owner / developer fees are not permitted as reimbursable expenditures.
- The planning and design funding shall not exceed ten percent (10%) of total project costs.
- Funding will be disbursed upon completion of the project at a 1:1 match of qualified costs.

Approval Process:

1. Design review by the City Planning Department and/or the Historical Preservation Commission is required for exterior work on the project.
2. Grant applications will be reviewed by City staff Review Committee and approved by the City Manager.
3. Funding will be disbursed upon staff review of documented expenditures and inspection of a completed project.

EXHIBIT H

INSURANCE ACKNOWLEDGMENT

Acknowledgment of Insurance Requirements

Section 5.6(1) of the Development Agreement provides:

(1) Developer shall provide and maintain or cause to be maintained at all times during the process of constructing the Minimum Improvements and at its sole cost and expense builder's risk insurance, written on a Completed Value Form in an amount equal to one hundred percent (100%) of the Building (including Minimum Improvements) replacement value when construction is completed, naming City as a lender loss payable. Coverage shall include the "special perils" form and developer shall furnish City with proof of insurance in the form of a certificate of insurance. of insurance in the form of a certificate of insurance.

Developer specifically acknowledges that replacement value means one hundred percent of the replacement value when construction is completed, that the City must be named as lender loss payable, and that evidence of builders risk must be provided prior to closing.

By: L. Anthony Pfohl, Director

EXHIBIT I

CERTIFICATE OF COMPLETION

CERTIFICATE OF COMPLETION

WHEREAS, the City of Dubuque, Iowa, a municipal corporation (the "Grantor"), has granted incentives to Plastic Center, Inc. (the "Grantee"), in accordance with a Development Agreement dated as of [Date] (the "Agreement"), by and among the Grantor, and the Grantee (collectively, the "Agreement"), certain real property located within the Greater Downtown Urban Renewal District of the Grantor and as more particularly described as follows:

> The West 107.5 feet of the West 170 feet of Lot 614 in the City of Dubuque, Iowa, according to the Plat of the Survey thereof in Book of Plats #10 page 88, records of Dubuque County, Iowa; and
>
> Lot 46 in the City of Dubuque, Iowa, according to the United States Commissioners' Map of the Town of Dubuque; and
>
> The East 110 feet of Lot 614 in the City of Dubuque, Iowa, according to the Plat of the Survey thereof in Book of Plats #10 page 88, records of Dubuque County, Iowa.

(the "Development Property"); and

WHEREAS, said Agreement incorporated and contained certain covenants and conditions with respect to the rehabilitation of the Development Property, and obligated the Grantee to construct certain Minimum Improvements (as defined therein) in accordance with the Agreement; and

WHEREAS, the Grantee has to the present date performed said covenants and conditions insofar as they relate to the construction of the Minimum Improvements in a manner deemed sufficient by the Grantor to permit the execution and recording of this certification; and

NOW, THEREFORE, pursuant to Section 2.4 of the Agreement, this is to certify that all covenants and conditions of the Agreement with respect to the obligations of the Grantee, and its successors and assigns, to construct the Minimum Improvements on the Development Property have been completed and performed by the Grantee to the satisfaction of the Grantor and such covenants and conditions are hereby satisfied.

The County Recorder of Dubuque County is hereby authorized to accept for recording and to record the filing of this instrument, to be a conclusive determination of the satisfaction of the covenants and conditions as set forth in said Agreement, and that the Agreement shall otherwise remain in full force and effect.

CITY OF DUBUQUE, IOWA
OFFICIAL NOTICE

PUBLIC NOTICE is hereby given that the Dubuque City Council will conduct a public hearing on the 16th day of June, 2025, at 6:30 p.m., in the Historic Federal Building, 350 W. 6th Street, 2nd floor, Dubuque, Iowa, at which meeting the City Council proposes to take action to approve a Development Agreement between the City of Dubuque, Iowa and Plastic Center, Inc., a copy of which is now on file at the Office of the City Clerk, City Hall, 50 W 13th Street, Dubuque, Iowa, providing for the issuance of economic development grants (Urban Renewal Tax Increment Revenue Grant Obligations) described therein in order to carry out the purposes and objectives of the Urban Renewal Plan for the Greater Downtown Urban Renewal Area Economic Development District, consisting of the funding of economic development grants for Plastic Center, Inc., under the terms and conditions of the Urban Renewal Plan for the Greater Downtown Urban Renewal Area Economic Development District. The aggregate amount of the Urban Renewal Tax Increment Revenue Grant Obligations cannot be determined at the present time but is not expected to exceed $325,000.

At the meeting, the City Council will receive oral and written comments from any resident or property owner of said City to the above action. The official City Council agenda will be posted the Friday before the meeting and will contain public input options. The agenda can be accessed at https://dubuqueia.portal.civicclerk.com/ or by contacting the City Clerk's Office at 563-589-4100, ctyclerk@cityofdubuque.org.

Written comments on the public hearing may be submitted to the City Clerk's Office by email at ctyclerk@cityofdubuque.org or by mail to City Hall, 50 W. 13th St., Dubuque, IA 52001, before the scheduled hearing. The City Council will review all written comments at the time of the hearing.

Documents related to the public hearing are on file in the City Clerk's Office and may be viewed Monday through Friday between 8:00 a.m. and 5:00 p.m.

Individuals requiring special assistance should contact the City Clerk's Office as soon as feasible. Deaf or hard-of-hearing individuals can use Relay Iowa by dialing 711 or (800) 735-2942.

Published by order of the City Council given on the 2nd day of June, 2025.

Return to Adrienne N. Breitfelder, City Clerk, 50 W. 13th St., Dubuque, IA 52001, (563) 589-4100

RESOLUTION NO. ___-25

FIXING THE DATE FOR A PUBLIC HEARING OF THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA ON A DEVELOPMENT AGREEMENT BY AND BETWEEN THE CITY OF DUBUQUE, IOWA AND PLASTIC CENTER, INC., INCLUDING THE PROPOSED ISSUANCE OF URBAN RENEWAL TAX INCREMENT REVENUE OBLIGATIONS RELATING THERETO, AND PROVIDING FOR THE PUBLICATION OF NOTICE THEROF

Whereas, Plastic Center, Inc. is the owner of the following described real property, locally known as at 408 W 5th Street:

The West 107.5 feet of the West 170 feet of Lot 614 in the City of Dubuque, Iowa, according to the Plat of the Survey thereof in Book of Plats #10 page 88, records of Dubuque County, Iowa; and

Lot 46 in the City of Dubuque, Iowa, according to the United States Commissioners' Map of the Town of Dubuque; and

The East 110 feet of Lot 614 in the City of Dubuque, Iowa, according to the Plat of Survey thereof in Book of Plats #10 page 88, records of Dubuque County, Iowa.

(the Property); and

Whereas, the City of Dubuque and Plastic Center, Inc. have tentatively entered into a Development Agreement, subject to the approval of the City Council, a copy of which is now on file at the Office of the City clerk, City Hall, 50 W 13th Street, Dubuque, Iowa for the development of the Property; and

Whereas, the City Council has tentatively determined that it would be in the best interests of the City to approve the Development Agreement with Plastic Center, Inc.; and

Whereas, it is deemed necessary and advisable that City should authorize Urban Renewal Tax Increment Revenue Obligations, as provided by Iowa Code Chapter 403, pursuant to the Development Agreement; and

Whereas, before said Obligations may be approved, Iowa Code Chapter 403 requires that the City Clerk publish a notice of the proposal and of the time and place of the meeting at which the City Council proposes to take action thereon and at which meeting the City Council shall receive oral and/or written objections from any resident or property owner of said City to such proposed action.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The City Clerk is hereby authorized and directed to cause a notice to be published as prescribed by Iowa Code Section 403.9 of a public hearing on the City's intent to approve

the Development Agreement, including the authorization of Urban Renewal Tax Increment Revenue Obligations, to be held on the 16th day of June, 2025 at 6:30 p.m. The official agenda will be posted on Friday, June 13, 2025 and will contain listening, viewing, and public input options. The City Council agenda may be accessed at https://dubuqueia.portal.civicclerk.com/ or by contacting the City Clerk's Office at 563-589-4100, ctyclerk@cityofdubuque.org.

Section 2. The City Council will meet at said time and place for the purpose of taking action on the matter of approving the Development Agreement, including authorizing Urban Renewal Tax Increment Revenue Obligations, with Plastic Center, Inc., the proceeds of which Obligations will be used to carry out certain of the special financing activities described in the Urban Renewal Plan for the Greater Downtown Urban Renewal District, consisting of the funding of economic developments grants to Plastic Center, Inc. pursuant to the Development Agreement. It is expected that the aggregate amount of the Tax Increment Revenue Obligations to be issued will be approximately $325,000.

Section 3. The Clerk is hereby directed to cause at least one publication to be made of a notice of said meeting, in a newspaper, printed wholly in the English language, published at least once weekly, and having general circulation in said City, said publication to be not less than four days nor more than twenty days before the date of said meeting on the issuance of said obligations.

Section 4. That the notice of the proposed action shall be in substantially the form attached hereto.

Passed, approved, and adopted this 2nd day of June, 2025.

CHAPTER 8

ARTS AND CULTURAL AFFAIRS ADVISORY COMMISSION

SECTION:

2-8-1: Commission Created

2-8-2: Purpose

2-8-3: Internal Organization And Rules

2-8-4: Procedures For Operation

2-8-5: Membership

2-8-6: Oath

2-8-7: Terms

2-8-8: Vacancies

2-8-9: Officers/Organization

2-8-10: Meetings

2-8-11: Compensation

2-8-12: Removal

2-8-13: Powers

2-8-14: Cooperation With Other Agencies

2-8-15: Solicitation And Acceptance Of Donations

2-8-1: COMMISSION CREATED:
There is hereby created the arts and cultural affairs advisory commission. (Ord. 59-14, 10-6-2014)

2-8-2: PURPOSE:
The purpose of the commission is to build the community through arts and cultural programs by developing visibility, funding, audiences, information, and partnerships. The commission plans, promotes, and encourages programs to further public awareness of, accessibility to, participation in, and support for the artistic and cultural development of the city and makes recommendations to the city council regarding the establishment of arts and cultural policies and programs, the expenditure of budgeted funds on arts and cultural activities, and the implementation of programs. (Ord. 59-14, 10-6-2014)

2-8-3: INTERNAL ORGANIZATION AND RULES:
The commission may adopt rules and regulations to govern its organizational procedures as may be necessary and which are not in conflict with this code or the Iowa Code. (Ord. 59-14, 10-6-2014)

2-8-4: PROCEDURES FOR OPERATION:
All administrative, personnel, accounting, budgetary, and procurement policies of the city govern the commission in all its operations. (Ord. 59-14, 10-6-2014)

2-8-5: MEMBERSHIP:
A. The commission comprises seven (7) residents of the city, appointed by the city council.

B. Special qualifications:

1. Four (4) members must have significant knowledge and demonstrate interest in one or more areas of the arts including music, dance, literature, visual arts, theater, folk arts, media arts, design, or arts education.

2. Two (2) members must be from the business and professional community, one of whom lives or works in the cultural and entertainment district.

3. One member must be at large who lives or works outside the cultural and entertainment district. (Ord. 59-14, 10-6-2014)

2-8-6: OATH:
Each person, upon appointment to the commission, must execute an oath of office at the first meeting of the commission following the appointment or at the city clerk's office any time prior to the first meeting of the commission. (Ord. 59-14, 10-6-2014; amd. Ord. 23-24, 6-17-2024)

2-8-7: TERMS:
The term of office for commissioners is three (3) years or until such commissioner's successor is appointed and qualified. (Ord. 59-14, 10-6-2014; amd. Ord. 5-23, 2-10-2023; Ord. 23-24, 6-17-2024)

2-8-8: VACANCIES:

Vacancies must be filled in the same manner as original appointments. (Ord. 59-14, 10-6-2014)

2-8-9: OFFICERS/ORGANIZATION:
The commissioners must choose annually a chairperson and vice chairperson, each to serve a term of one year. The chairperson must appoint a secretary, who need not be a member of the commission. The commissioners must fill a vacancy among its officers for the remainder of the officer's unexpired term. (Ord. 59-14, 10-6-2014)

2-8-10: MEETINGS:
A. Regular Meetings: The commission must meet monthly.

B. Special Meetings: Special meetings may be called by the chairperson or at the written request of a majority of the commissioners.

C. Open Meetings: All meetings must be called and held in conformance with the Iowa open meetings law.

D. Attendance:

1. In the event a commissioner has been absent for three (3) or more consecutive meetings of the commission, without being excused by the chairperson, such absence will be grounds for the commission to recommend to the city council that the position be declared vacant and a replacement appointed.

2. Attendance must be entered upon the minutes of all meetings.

E. Minutes: A copy of the minutes of all regular and special meetings of the commission must be filed with the city council within ten (10) working days after approval by the commission, or by the next regularly scheduled city council meeting, whichever is later.

F. Quorum: Four (4) commissioners constitute a quorum for the transaction of business. The affirmative vote of a majority of the commissioners present and voting is necessary for the adoption of any motion or resolution. (Ord. 59-14, 10-6-2014; amd. Ord. 55-19, 12-16-2019; Ord. 23-24, 6-17-2024)

2-8-11: COMPENSATION:
Commissioners serve without compensation, provided that they may receive reimbursement for necessary travel and other expenses while on official commission business within the limits established in the city administrative policies and budget. (Ord. 59-14, 10-6-2014)

2-8-12: REMOVAL:
Except as provided in subsection 2-8-10D1 of this chapter, the city council may remove any commissioner for good cause. (Ord. 31-15, 5-18-2015)

2-8-13: POWERS:
The commission has the following powers, duties, and responsibilities:

A. To promote, educate, and create awareness for arts and cultural activities;

B. To develop and increase the market for arts and cultural activities;

C. To facilitate and convene partnerships for arts and cultural activities;

D. To develop funding options and allocate budgeted funding for arts and cultural activities;

E. To act in an advisory capacity to the city council in all matters pertaining to the arts and cultural environment;

F. To make recommendations to the city council on the allocation of budgeted city funding for arts programs and services;

G. To recommend applications and solicitations for grants, gifts, and donations from individuals, groups, organizations, and agencies, both private and public, for any purpose consistent with the purposes of the commission;

H. To make recommendations regarding city sponsorship of public programs to further the development of public awareness of and accessibility to arts and culture programs and activities;

I. To work with area organizations on broad community issues in which a cultural perspective is relevant and desirable; and

J. To engage in comprehensive planning for the cultural development of the city. (Ord. 59-14, 10-6-2014)

2-8-14: COOPERATION WITH OTHER AGENCIES:
The commission cooperates with other arts and culture groups interested in the promotion and implementation of arts and cultural activities which are in the best interest of the city. (Ord. 59-14, 10-6-2014)

2-8-15: SOLICITATION AND ACCEPTANCE OF DONATIONS:
The commission may solicit and otherwise accept donations and gifts of money, personal and real property, and personal services on behalf of the city. All such donations and gifts received become the property of the city for the general use or support of arts and cultural programs as determined by the city council unless such items have been designated by the donor for specific purposes. (Ord. 59-14, 10-6-2014)

How did you hear about City of Dubuque Boards and Commission?	Other:
If other, please specify:	personal interest
Have you participated in the City of Dubuque City Life Program Life program?	No
If so, when?	*Field not completed.*
Are you currently serving on other Boards, Commissions, or Committees?	No
If yes, which?	*Field not completed.*
Have you served on a Board, Commission, or Committee before?	No
If yes, which?	*Field not completed.*

Why are you interested in applying for this Board or Commission?	I am passionate about the transformative power of the arts and their ability to foster community, celebrate diversity, and enrich public life. My interest in joining the Arts and Cultural Affairs Advisory Commission stems from a desire to contribute meaningfully to the cultural vitality of our community. I believe that arts and culture are not only essential for personal expression and creativity but also serve as powerful tools for education, economic development, and social cohesion. With a background in music, politics, and leadership, I bring both a creative perspective and a commitment to inclusive cultural representation. I am particularly interested in supporting initiatives that amplify underrepresented voices, promote accessibility to the arts, and encourage cross-cultural dialogue. Serving on this commission would allow me to collaborate with fellow advocates, advise on impactful programming, and help shape policies that ensure the arts remain a vibrant and integral part of our community's identity.
Describe your experiences (professional, personal, or volunteer), skills, and /or education that have prepared you for service on this Board or Commission?	I am involved in the Dubuque arts community. For over 10 years, I have been performing in Dubuque and the surrounding area trying to expand the level of exposure electronic music has in our community. I have a degree from Loras college in Politics and am very familiar with how our government operates and its impact on our community. I am also part of the leadership team for my employer. We employ around 700-800 individuals from various cultures and backgrounds around our community. I am familiar and comfortable setting strategic directing and implementing policy.
Share your experience working in diverse environments:	Where I work, we have a very diverse workforce with varying skill sets and invest and support DE&I initiatives. We have a large focus on creating a work environment that accommodates this diversity. Some examples would be providing ESL classes for free, integrating real time language translation software to ensure everyone is able to communicate with each other, and accommodating various physical restrictions and placing individuals into roles where there skill sets and abilities set them up for success.
List two professional references: (Examples: employer, coworker, client, vendor, mentor, volunteer organizer, etc.))	Jodi Schubert - HR Manager - Coworker - Andersen Corporation - 815-668-2500 Todd Gilligan - Environmental, Health, and Safety Manager - Coworker - Andersen Corporation - 563-451-3610

Acknowledgement: I acknowledge that I have accurately and truthfully completed the application to the best of my knowledge. I also confirm that I meet the eligibility requirements for the Board or Commission to which I am applying.

Are you currently serving on other Boards, Commissions, or Committees?	Yes
If yes, which?	Dubuque Arts Council
Have you served on a Board, Commission, or Committee before?	Yes
If yes, which?	Arts and Cultural Affairs Commission

Why are you interested in applying for this Board or Commission?	I am interested in continuing on the board to provide some continuity since we recently welcomed three new board members and I know from experience it takes some time to understand the role that the commission plays in awarding grants and preparing for the annual Art on the River reception.
Describe your experiences (professional, personal, or volunteer), skills, and /or education that have prepared you for service on this Board or Commission?	I have served as the K-12 Fine Arts Coordinator for the Dubuque Community School District for the last eleven years and have taught K-5 general music for over twenty years. In addition, I am a music therapist that has worked with students with special needs and Alzheimer's patients in a nursing home. I also serve on the Dubuque Arts Council and volunteer for DuRide and play at church.
Share your experience working in diverse environments:	In addition to Fine Arts Coordinator, I am a District Mentor that meets with new teachers weekly that serve in schools with a predominately diverse population and low-socioeconomic status.

How did you hear about City of Dubuque Boards and Commission?	Other:
If other, please specify:	Current Commissioner
Have you participated in the City of Dubuque City Life Program Life program?	No
If so, when?	*Field not completed.*
Are you currently serving on other Boards, Commissions, or Committees?	Yes
If yes, which?	Arts and Cultural Affairs Advisory Commission
Have you served on a Board, Commission, or Committee before?	No
If yes, which?	*Field not completed.*

Why are you interested in applying for this Board or Commission?	I wish to reapply to the Arts and Cultural Affairs Advisory Commission to work alongside my fellow Commissioners to advance the priorities in the Commission's current strategic plan and the City of Dubuque's Arts Master Plan. In addition, I would like to be a part of helping create the next incarnation of the Arts Master Plan, sharing my knowledge of the current plan and the process/progress of its goals. Finally, I would see my involvement with this commission as a way of continuing to give back to a community that has given me so much.
Describe your experiences (professional, personal, or volunteer), skills, and /or education that have prepared you for service on this Board or Commission?	I am currently finishing my second term as a Commissioner of the Arts and Cultural Affairs Advisory Commission. It has been a true pleasure to work with my fellow Commissioners and City representatives to advance our goals and add to the quality of life in Dubuque. Prior to joining the Commission, I completed a BA in theatre from the University of Northern Iowa, a MFA in Theatre Arts, and doctoral studies in arts administration and directing at Texas Tech University. Since moving to Dubuque, I have had the good fortune to have a career in my field of study first at Clarke University and Rising Star Theatre Company, and in my current position as the executive and artistic director for The Grand Opera House. Throughout that time, I have had the privilege to work with countless community members to add to the rich arts and culture scene that makes Dubuque what it is.
Share your experience working in diverse environments:	Throughout my education and professional career I have worked in various diverse environments. Theatre in itself is a collaborative art-form that relies on working with others towards a common goal. Through each experience, I have become more empathetic and have a greater appreciation for others' viewpoints. Additionally, working alongside the members of the various boards and committees that I have served on has given me new perspectives and ways of thinking that I have taken with me into future opportunities.

Please list your experience, skills and or education that have prepared you for service on this board/commission:	I am writing to express my keen interest in serving on the [Board/Commission Name]. As a Latina with a deep-rooted passion for the arts and a strong commitment to community engagement, I believe I can contribute meaningfully to your organization’s mission. My journey in the arts began at Clarke University, where I earned a Bachelor of Arts degree in 2024. Prior to that, I completed an Associate of Arts degree in Liberal Arts from NICC in 2020. Throughout my academic career, I have actively engaged in various artistic endeavors, from painting and drawing to performance and event planning. My practical experience in the arts is extensive. As a volunteer at the Dubuque Area Arts Collective since 2020, I have assisted curators in shaping exhibitions and fostering a vibrant artistic community. I initiated the Morbid Muse Gala, a unique event that invites community members to share their emotionally charged artwork, demonstrating my ability to conceptualize and execute innovative projects. My passion for sharing art with others led me to lead art lessons at the Greater Dubuque Boys & Girls Club for over a year. Additionally, I have gained valuable experience in the business side of the arts, having started my own caricature business in 2022 and assisting with several mural projects. My involvement in local film and theater has further enriched my understanding of the arts industry. I have acted in a short film screened at the Julien Dubuque International Film Festival and worked as a production assistant on a Subway commercial. My volunteer work at the Dubuque Museum of Arts Gala has provided me with firsthand experience in event planning, guest relations, and financial management. As a fluent Spanish speaker, I am uniquely positioned to bridge cultural divides and foster inclusivity within the arts community. I am eager to bring my diverse skill set, cultural perspective, and enthusiasm to the [Board/Commission Name]. I believe my ability to connect with people from various backgrounds, my understanding of the challenges and opportunities facing artists, and my commitment to fostering a thriving arts community make me a strong candidate for this position.
What contributions can you make or state reason for applying?	Diverse Cultural Perspective: As a Latina with fluency in Spanish, I can bring a unique cultural perspective to the board's decision-making process. I can help ensure that the board's programs and initiatives are inclusive and accessible to diverse communities. Community Engagement: My experience with the Dubuque Area Arts

Collective and the Morbid Muse Gala has equipped me with the skills to engage with the community and foster a sense of belonging. I can help develop programs and initiatives that connect artists and audiences, promoting cultural exchange.

Artistic Expertise: My background in various artistic disciplines, including painting, drawing, performance, and event planning, provides me with a well-rounded understanding of the arts. I can offer valuable insights into the needs of artists and arts organizations in the community.

Business Acumen: My experience with my own caricature business and my work on mural projects demonstrates my business acumen. I can help the board make sound financial decisions and develop sustainable strategies for the arts.

Volunteerism and Community Service: My volunteer work at the Dubuque Museum of Arts Gala and the Greater Dubuque Boys & Girls Club highlights my commitment to community service. I can inspire others to volunteer their time and talents to support the arts.

By combining my passion for the arts, my cultural perspective, and my practical experience, I believe I can make a significant contribution to the Arts & Culture Board.

Describe your experience working in diverse environments:

Throughout my experiences, I've had the opportunity to work in diverse environments, interacting with people from various backgrounds, cultures, and perspectives. This has allowed me to develop strong interpersonal skills and a deep appreciation for different viewpoints.

For example, my current role in the medical field involves assisting individuals with special needs. This experience has been incredibly rewarding, as it allows me to make a tangible difference in people's lives. It has also taught me the importance of patience, empathy, and effective communication. By working closely with individuals with diverse needs, I have learned to adapt to different situations and to find creative solutions to challenges.

Additionally, my volunteer work at the Dubuque Museum of Arts Gala and the Greater Dubuque Boys & Girls Club exposed me to people from all walks of life, including artists, donors, and community members. I had the opportunity to interact with individuals from different age groups, cultural backgrounds, and socioeconomic statuses. These experiences have helped me to develop strong interpersonal skills and the ability to build rapport with people from diverse backgrounds.

I also learned to adapt my teaching style to accommodate different learning styles and cultural sensitivities. These experiences taught

	me the importance of effective communication, empathy, and respect for individual differences.
Describe your experience engaging other community members to gather their input and opinions:	I have a strong track record of engaging with community members and gathering their input. For example, when organizing the Morbid Muse Gala, I actively sought out artists to share their personal and often painful artistic expressions. This required sensitivity, empathy, and effective communication. During my time at the Greater Dubuque Boys & Girls Club, I led art lessons for children from diverse backgrounds. I adapted my teaching style to accommodate different learning styles and cultural sensitivities, fostering a sense of inclusion and encouraging open expression. Additionally, my volunteer work at the Dubuque Museum of Arts Gala involved interacting with guests from various backgrounds. I actively listened to their feedback and suggestions, which helped to see where I can step in to help. These experiences have equipped me with the skills to create inclusive spaces, actively listen to others, and value diverse perspectives. I have a knack for building rapport and fostering open communication, which are essential for engaging with community members.

If yes, which?	*Field not completed.*
Have you served on a Board, Commission, or Committee before?	Yes
If yes, which?	Historic Preservation Commission for apx 10 years

Why are you interested in applying for this Board or Commission?	Having recently been to both Mineral Point and Spring Green, WI I was amazed at the variety of events tied into community enriching businesses they have for a town of their size. I would like to see Dubuque's Arts and Events Community work towards expanding events that would draw tourists and interesting businesses to its historic neighborhoods... much like Mineral Point, Cedarburg and Spring Green all of which are in Wisconsin. They do a great job capitalizing on their distinctive history, architecture and natural resources with events that draw tourists and further support the growth of small businesses. Dubuque has much in common with these towns and I would like to see us utilize some of their ideas to expand on what we do here. Our historic neighborhoods and architecture present unique venues. It's up to us to create fun and interesting events that present a draw to our citizens and tourists plus grow small our businesses. I believe that Dubuque is a treasure...a work of art that I would like to help showcase in enjoyable and creative ways.
Describe your experiences (professional, personal, or volunteer), skills, and /or education that have prepared you for service on this Board or Commission?	I have deep knowledge and passion for Dubuque's history. Having worked in the hospitality industry both at the Desoto House in Galena and the Holiday Inn in Dubuque one often plays the part of an community ambassador/concierge. I have been a past member of the Dubuque Fine Arts Society and gained experience in the Arts community as I am married to a ceramic artist. I also enjoy organizing events.
Share your experience working in diverse environments:	As a recruiter of IT talent at InfoWeb Systems, Inc. I deal with people from many different countries and diverse environments. On this commission I will bring lived experience as a lifelong Dubuquer; one who values our history and appreciates our arts community; experience in the hospitality industry and has managed a small software consulting business (InfoWeb Systems) for the past 20+ years.

How did you hear about City of Dubuque Boards and Commission?	City Life or another City of Dubuque Program, Through a Friend
If other, please specify:	*Field not completed.*
Have you participated in the City of Dubuque City Life Program Life program?	Yes
If so, when?	currently in it. 2025
Are you currently serving on other Boards, Commissions, or Committees?	No
If yes, which?	*Field not completed.*
Have you served on a Board, Commission, or Committee before?	No
If yes, which?	*Field not completed.*

Why are you interested in applying for this Board or Commission?	I currently work in a vital Customer Service role at a local Credit Union. The feeling of being able to give back to the members in a positive way is something I align with. I believe in the mission that is posted on the city website for the commission. I also downloaded the Strategic Plan to get an understanding of the objectives the commission is working towards. I agree with the work that is being done and would love to contribute to the plans. I have been committed to helping in local organizations as well. I want to be a voice for our local artists and art enthusiasts who may not be inform or be involved. I even tend to create my own work as a hobby.
Describe your experiences (professional, personal, or volunteer), skills, and /or education that have prepared you for service on this Board or Commission?	I am a consistent volunteer at the Dubuque Museum of Art and also contribute to a smaller group, Dubuque Art Collectives. With that being said, I have witnessed first hand, the misconceptions of what really goes into creating events and making them accessible to the public. Not to mention I earned a Bachelor's of Fine Arts from UW - Platteville and years of design experience. I have practical office experience. Great communication and presentation skills. I know how to use various different software, like Microsoft and Adobe.
Share your experience working in diverse environments:	Currently, my role is being a bilingual member service representative. I work with members from all walks of life. I help translate in Spanish to members that need assistance.

Why are you interested in applying for this Board or Commission?	I am passionate about using arts and culture as tools for community engagement, education, and cultural preservation. Dubuque’s growing diversity presents an opportunity to celebrate and integrate cultural expressions that reflect our community's evolving identity. As an experienced Art practitioner and founder of a new venture in Dubuque, AfriWell Hub, an organization dedicated to promoting African arts and culture through workshops, performances, and educational programs, I have seen firsthand how cultural programming can strengthen communities and foster understanding. By joining the Arts & Cultural Affairs Advisory Commission, I want to contribute my experience in cultural advocacy and arts programming to support the Commission's mission to make arts and culture accessible, inclusive, and impactful for all Dubuque residents. I believe my background in creating inclusive and culturally engaging programs aligns with the Commission’s goals of increasing access to and appreciation for diverse cultural experiences.
Describe your experiences (professional, personal, or volunteer), skills, and /or education that have prepared you for service on this Board or Commission?	I have over a decade of experience as a performing artist and cultural educator. Professionally, I have organized and facilitated numerous workshops, storytelling sessions, and cultural events that celebrate African arts and traditions, fostering cross-cultural understanding and engagement. As a founder of a new venture in Dubuque - AfriWell Hub, I am actively involved in designing programs that will integrate arts, education, and wellness to benefit diverse communities. My volunteer experience includes working with youth organizations to deliver arts-based programming, collaborating with educational institutions to integrate cultural education into their curricula, and mentoring emerging artists. These efforts have honed my skills in event planning, community outreach, and building partnerships. Additionally, my educational background includes training in public relations and health and social care, which has strengthened my ability to effectively communicate, manage resources, and address community needs. My experience living and working in the cultural and entertainment sector has provided me with a deep understanding of the challenges and opportunities faced by local artists, venues, and organizations. I am committed to using my skills and experiences to promote accessibility, inclusivity, and growth within the arts and cultural sector
Share your experience working in diverse environments:	Throughout my career, I have actively worked in diverse cultural and community settings. As a performing artist and cultural educator, I have led workshops and performances in schools, community centers, and international festivals across East Africa, Europe, and now in the United States.

	I have extensive experience working in diverse environments that have enriched my ability to connect with people from various cultural, socioeconomic, and professional backgrounds. As a performing artist and cultural educator, I have facilitated workshops, storytelling sessions, and performances across multiple countries, collaborating with artists, educators, and community leaders from a wide range of cultural traditions. These experiences have strengthened my ability to adapt my approach to meet the needs and interests of diverse audiences. As a volunteer, I have worked with youth organizations, underserved communities, and schools to promote arts and cultural awareness, ensuring inclusivity and accessibility for individuals of all ages and abilities. My professional work with therapeutic arts programs has allowed me to engage with individuals facing mental health challenges, trauma, and social isolation, further deepening my understanding of diverse perspectives and experiences. I am committed to fostering environments where people feel valued, respected, and empowered to contribute their unique perspectives, and I believe this commitment is essential to enhancing the impact of arts and culture in our community.

Job Title/ Duties:	Substitute teacher
Please list your experience, skills and or education that have prepared you for service on this board/commission:	I have a degree in Art from the University of Iowa. I have been an educator for the past 20 years, always using Art as a tool to help people in many different circumstances. I have designed and implemented numerous Arts programs for children and adults throughout the States and abroad.
What contributions can	I bring a wealth of experiences with me. I bring the perspective of being in the education field and the non-profit world. I see and

you make or state reason for applying?	experience on a day to day basis how important it is to bring more Arts and Culture to our city to influence our children. Art opens doors and brings much needed skills to all people, young and old.
Describe your experience working in diverse environments:	I have a lot of experience working in diverse environments. I spent a year living in Montana, traveling from Native American Reservations helping the communities start up their own non-profits. I taught leadership skills also while working with the people of the Reservations, using Art as my tool to do this. I spent two years living in Taiwan as an English teacher. During this time, I was also able to travel to numerous countries throughout Asia and volunteer teaching English. I currently work at Our Lady of Guadalupe, which Dubuque is lucky to have because it is it's own little bit of culture in our city.
Describe your experience engaging other community members to gather their input and opinions:	I spent three years serving as an Americorps member in various locations. Through these three years I learned how to create focus groups and implement those in communities. Through my work on the Reservations, we did a lot of focus groups and gathering of various peoples to discuss, explore and weigh the many options they were facing. As a member of the Parks and Recreation Commission, I have learned how to listen to what the public has to say, gather the facts and then make the best decision possible as a group.

June 1, 2025

Dear City Council Members,

I am sorry I am unable to attend tonight's meeting in person, but I wanted to express to you my interest in continuing as an appointment member of the Arts Commission.

I have served for one three-year term, and I am interested in continuing to serve for another term.

As you can see from my application, I bring a unique and varied background in the arts that allows me to add a valuable perspective to the commission's work.

The work the commission does on behalf of the citizens of Dubuque is important and adds to the quality of life for all of us.

I am pleased I have been able to contribute and look forward to the opportunity to continue to do so.

Thank you for your consideration.

Sincerely,

/S/

nick.a.halder@gmaiI.com

Dear Council Members,

My name is Nick Halder, and it is my pleasure to submit my name for consideration to serve on the Arts and Cultural Affairs Advisory Commission. I apologize that I cannot make this introduction in person, as I will be in rehearsal for an upcoming production during the City Council meeting. Below is a brief background about myself and my experience in the arts to date. Additionally, I have included information on how I could contribute to the commission, if I were selected to serve.

I grew up in a small town in northwest Iowa and from the earliest age I participated in the arts, which is why I have since dedicated my life and career to continue this passion. I was first introduced to the arts and culture scene in Dubuque in the summer of 2004 when I was studying theatre as an undergraduate at the University of Northern Iowa. What struck me then, and continues to resonate with me now, is how vibrant and well supported arts and culture are in Dubuque. The following summer, I decided to spend my whole summer in Dubuque working for a local theatre company, a tradition that I continued for the next three summers.

Upon completion of my BA in Theatre, I continued my studies at the University of Arizona, pursuing an MFA in Theatre Arts. Throughout my time in Arizona, I still made a point to come back to Dubuque in the summers to continue my theatrical work. 2009 marked an important milestone in my personal and professional life. That summer, I co-founded Rising Star Theatre Company (RSTC), a Dubuque non-profit organization. That fall, I headed to Texas Tech University (TTU) to pursue a Ph.D. in Theatre with tracks in arts administration and directing.

I continued to serve as the producing artistic director for RSTC for the next ten years, overseeing the day-to-day business and artistic operations of the company. Each summer returning to Dubuque, which really became my second home.

Once I completed my coursework at TTU, I decided to make Dubuque my permanent residence. For seven years I worked at Clarke University in the drama program. In May of 2021 I started as the executive and artistic director at the Grand Opera House. My work with both organization's has only deepened my ties to Dubuque and its arts and culture scene.

It has been a true pleasure to have served two terms on the Arts and Cultural Affairs Advisory Commission, and currently as chair. I have valued the work that I have been able to participate in on the commission's grants sub-committee, helping align the current programs to meet the needs of Dubuque. Four years ago, the commissioners took on the task of creating a strategic plan to help guide the commission's work for the next five years. My desire to reapply for appointment to the commission is to help see this plan through with my fellow commissioners. Additionally, the City's Arts and Culture Master Plan is also in its final year with the possibility of building upon the incredible accomplishments of this first plan into a new plan. It is my hope by being reappointed to the commission that I will be able to work with my fellow commissioners, City staff, and members of the community to further the work of these two plans and help maximize the community impact that arts and culture creates in Dubuque.

Looking back on my life and career thus far, I hope to continue to bring my various knowledge and expertise of the arts industry in and out of Dubuque to the commission. I have benefitted both personally and professionally through being involved in the arts and culture scene here in Dubuque and feel an obligation and duty to give back. I would see my involvement with this commission as a way of continuing to give back to a community that has given me so much.

Once again, it is my pleasure to put my name forward to serve on the Arts and Cultural Affairs Advisory Commission. It is my hope that my education paired with my experiences will make me an ideal candidate for this position. Thank you for considering my application.

Thank you so much,

Nick Halder

Type	Contact City Council
Address	1536 KEHL CT, Dubuque
Origin	Website
Comments	Dear Dubuque City Council Member, My name is Sarah Ndagire, and I recently submitted an application for consideration to serve on a City of Dubuque Board or Commission. I am writing to introduce myself and express my appreciation for the opportunity to be considered. I am a dedicated resident of Dubuque and the founder of AfriWell Hub, a nonprofit organization that uses the arts to celebrate African culture and foster inclusive, vibrant communities. With a background in cultural programming, community engagement, and the creative arts, I bring a passion for collaboration, equity, and civic participation. I am excited about the possibility of contributing to the city's efforts through service on a board or commission, and I am committed to working toward a stronger, more inclusive Dubuque for all. Thank you for your time and consideration. Warm regards,

Sarah Ndagire

CHAPTER 7

BOARD OF LIBRARY TRUSTEES

SECTION:

2-7-1: Board Created

2-7-2: Purpose

2-7-3: Internal Organization And Rules

2-7-4: Procedures For Operation

2-7-5: Membership

2-7-6: Oath

2-7-7: Terms

2-7-8: Vacancies

2-7-9: Officers/Organization

2-7-10: Meetings

2-7-11: Compensation

2-7-12: Removal

2-7-13: Powers

2-7-14: Charge Of Building, Donations

2-7-15: Annual Reports

2-7-1: BOARD CREATED:
There is hereby created the board of library trustees. (Ord. 37-16, 8-1-2016)

2-7-2: PURPOSE:
The purpose of the board is to control and direct the Carnegie- Stout Public Library. (Ord. 37-16, 8-1-2016)

2-7-3: INTERNAL ORGANIZATION AND RULES:
The board may adopt rules and regulations to govern its organizational procedures as outlined in the board of trustees bylaws, which are not in conflict with this code of ordinances or the Iowa Code. (Ord. 37-16, 8-1-2016)

2-7-4: PROCEDURES FOR OPERATION:
Except where the board's operations are governed by the Iowa Code, the board may adopt policies to govern its operation. (Ord. 37-16, 8-1-2016)

2-7-5: MEMBERSHIP:
The board comprises seven (7) residents of the city, appointed by city council. (Ord. 37-16, 8-1-2016; amd. Ord. 46-22, 12-19-2022; Ord. 24-24, 6-17-2024)

2-7-6: OATH:
Each person, upon selection to the board, must execute an oath of office at the first meeting of the board following the selection or at the city clerk's office any time prior to the first meeting of the board. (Ord. 37-16, 8-1-2016; amd. Ord. 24-24, 6-17-2024)

2-7-7: TERMS:
The term of office for members of the board is four (4) years or until such member's successor is appointed and qualified. (Ord. 37-16, 8-1-2016)

2-7-8: VACANCIES:
Vacancies must be filled in the same manner as original appointments. (Ord. 37-16, 8-1-2016)

2-7-9: OFFICERS/ORGANIZATION:
The board must choose annually a chairperson and vice chairperson, each to serve a term of one year. The chairperson must appoint a secretary, who need not be a member of the commission. The board must fill a vacancy among its officers for the remainder of the officer's unexpired term. (Ord. 37-16, 8-1-2016; amd. Ord. 24-24, 6-17-2024)

2-7-10: MEETINGS:
A. Regular Meetings: The board must meet not less than what is required by the State Library Of Iowa standards for accreditation.

B. Special Meetings: Special meetings may be called by the chairperson or at the written request of a majority of the members.

C. Open Meetings: All meetings must be called and held in conformance with the Iowa open meetings law.

D. Attendance:

1. The board must declare the office of a trustee vacant when the trustee is removed from the library board or the unexcused absence from six (6) consecutive regular meetings.

2. Attendance must be entered upon the minutes of all meetings.

E. Minutes: A copy of the minutes of all regular and special meetings of the board must be filed with the city council within ten (10) working days after approval by the board.

F. Quorum: Four (4) members of the board constitute a quorum for the transaction of business. The affirmative vote of a majority of the members present and voting is necessary for the adoption of any motion or resolution. (Ord. 37-16, 8-1-2016; amd. Ord. 24-24, 6-17-2024)

2-7-11: COMPENSATION:
Members serve without compensation, provided that they may receive reimbursement for necessary travel and other expenses while on official board business within the limits established in the city administrative policies and budget. (Ord. 37-16, 8-1-2016)

2-7-12: REMOVAL:
The mayor may remove any member for cause upon written charges and after a public hearing. (Ord. 37-16, 8-1-2016)

2-7-13: POWERS:
The board has the following powers, duties, and responsibilities:

A. To have charge, control, and supervision of the public library, its appurtenances and fixtures, and rooms containing the same, directing and controlling all the affairs of such library;

B. To employ a librarian, such assistants, and employees as may be necessary for the proper management of said library, and fix their compensation; but, prior to such employment, the compensation of such librarian, assistants, and employees shall be fixed for the term of employment by a majority of the members of said board voting in favor thereof;

C. To remove such librarian, assistants, or employees by a vote of two-thirds (2/3) of such board for good cause;

D. To select and make purchases of print and nonprint materials for the collection, furniture, fixtures, stationery, and supplies for such library;

E. To authorize the use of such library by nonresidents of the city and to fix charges therefor;

F. To make, adopt, amend, modify, or repeal bylaws, rules, and regulations not inconsistent with law, for the care, use, government, and management of such library and the business of said board, fixing and enforcing penalties for the violation thereof;

G. To have exclusive control of the expenditures of all taxes levied for library purposes as provided by law, and of the expenditure of all monies available by gift or otherwise, for the erection of library buildings and of all other monies belonging to the library fund; and

H. To contract with the trustees of the township or the Dubuque County board of supervisors or of adjacent townships or counties, or with the trustees or governing bodies of neighboring towns or cities not having library facilities for the public, to loan the books of said library, either singly or in groups, upon such terms as may be agreed upon in such contract. (Ord. 37-16, 8-1-2016)

2-7-14: CHARGE OF BUILDING, DONATIONS:
The board has charge and control of the Carnegie-Stout Public Library building and all gifts and donations to the city for library purposes, and sees that the same are properly preserved for public use. (Ord. 37-16, 8-1-2016)

2-7-15: ANNUAL REPORTS:
The board must each year make a report to the city council for the year ending December 31, giving a statement of the condition of the library, the number of books added thereto, the number circulated, the number not returned or lost, the amount of fines collected, and the amount of money expended in the maintenance thereof during such year, together with such other information as may be deemed important. (Ord. 37-16, 8-1-2016)

Please enter the best way to pronounce your name below:	*Field not completed.*
How did you hear about City of Dubuque Boards and Commission?	City of Dubuque Social Media
If other, please specify:	*Field not completed.*
Gender (choose all that apply)	Man
If trans or transgender please specify:	*Field not completed.*

If another identity please specify:	*Field not completed.*
Street Address: PLEASE NOTE: you must live within the Dubuque city limits to apply/serve on a City of Dubuque board or commission.	3275 Cider Rdg
City	Dubuque
State	IA
Zip Code:	52001
Preferred Phone Number:	(773) 414-0638
Email Address(es):	bbcindbq@yahoo.com
Place of Employment:	Bible Baptist Church
Business Phone Number:	(563) 258-8123
Job Title/ Duties:	pastor
Please list your experience, skills and or education that have prepared you for service on this board/commission:	I own thousands of books. I've read thousands of books. I've authored five books. The library has been an integral part of our parenting for over twenty years. I'm a leader in the community, interacting with numerous people. I'm a homeowner in Dubuque, and have been a resident here for five years.
What contributions can you make or state reason for applying?	I intend to bring a reasonable conservative voice to discussions. I am conscious that sentence may well prevent me from being accepted, but it is the simple truth.
Describe your experience working in	For sixteen years, I pastored in inner-city Chicago. My congregation, composed of Asians, Latinos, African-Americans, and Caucasians, was minority majority. I lived in the same community where the

diverse environments:	church was. My children were raised in a minority majority neighborhood.
Describe your experience engaging other community members to gather their input and opinions:	As a pastor, I facilitate conversations amongst people on a weekly basis. I solicit their input and proffer counter suggestions or positions. Conversations of this type involve considerable thought, and the resulting decisions are often better than those reached by any one particularly skilled individual.
List two references: (Include their name and phone number)	Don Long - 563-564-1712 Tim Lary - 563-235-9874
Are you currently serving on other Boards, Commissions, or Committees?	No

Name:	Jessica Connery
Pronunciation:	*Field not completed.*
Street Address: You must live within the Dubuque city	4612 Camelot Drive

limits to apply/serve on a City of Dubuque board or commission.	
Zip Code:	52002
Preferred Phone Number:	(563) 528-2350
Email Address(es):	jessicaconnery@gmail.com
How did you hear about City of Dubuque Boards and Commission?	Through a Friend
If other, please specify:	*Field not completed.*
Have you participated in the City of Dubuque City Life Program Life program?	No
If so, when?	*Field not completed.*
Are you currently serving on other Boards, Commissions, or Committees?	No
If yes, which?	*Field not completed.*
Have you served on a Board, Commission, or Committee before?	No
If yes, which?	*Field not completed.*
Why are you interested in applying for this Board or Commission?	I'm applying to serve on the Board of Library Trustees because libraries have always been a meaningful part of my life and a valued resource for my family. Some of my favorite memories are from story time and hours spent at my childhood library, traditions I've continued with my own children. We moved to Dubuque from Texas two years ago to be closer to family and I'm eager to get more involved in the

	community, especially as my children are getting older. I strongly support the library's mission to enrich lives through access to experiences and information, and I would be honored to contribute to that work. With a leadership background in Human Resources, I bring experience in thoughtful decision-making, strategic planning, and collaboration. I'm excited to support the library's continued growth and impact in our community.
Describe your experiences (professional, personal, or volunteer), skills, and /or education that have prepared you for service on this Board or Commission?	I have 16 years of experience working in Human Resources for Fortune 10 companies (ExxonMobil and Amazon). I was most recently an HR Manager of an HR Business Partner team at Amazon Web Services. My HR background brings experience in strategic planning, policy development, change management, and diversity, equity and inclusion. I've led HR teams, supported large organizations through periods of change, and worked closely with diverse stakeholders to align people strategies with broader goals. I have experience in analyzing data to inform decision making and in navigating difficult situations. I have a Bachelor of Arts in Psychology from Bradley University and a Masters of Arts in Human Resources & Industrial Relations from University of Minnesota.
Share your experience working in diverse environments:	In my career in HR, I've had the opportunity to work with and support global employees from a wide range of cultural, socioeconomic, and professional backgrounds. I've led initiatives focused on inclusion, equity & diversity, and I believe that diverse perspectives lead to stronger outcomes. I'm committed to fostering inclusive spaces where everyone feels welcome.
List two professional references: (Examples: employer, coworker, client, vendor, mentor, volunteer organizer, etc.))	Hannah Giardina, (479) 799-1779 (my manager for 3.5 years at Amazon Web Services) Brandon English, (803) 771-1539 (coworker; peer manager for 2.5 years at Amazon Web Services)

Acknowledgement: I acknowledge that I have accurately and truthfully completed the application to the best of my knowledge. I also confirm that I meet the eligibility requirements for the Board or Commission to which I am applying.

CHAPTER 4

CIVIC CENTER ADVISORY COMMISSION

SECTION:

2-4-1: Commission Created

2-4-2: Purpose

2-4-3: Internal Organization And Rules

2-4-4: Procedures For Operation

2-4-5: Membership

2-4-6: Oath

2-4-7: Terms

2-4-8: Vacancies

2-4-9: Officers/Organization

2-4-10: Meetings

2-4-11: Compensation

2-4-12: Removal

2-4-13: Powers

2-4-14: Solicitation And Acceptance Of Donations

2-4-1: COMMISSION CREATED:
There is hereby created the civic center advisory commission. (Ord. 66-15, 10-19-2015)

2-4-2: PURPOSE:
The purpose of the commission is to advise the parks and recreation department, the city manager, and the city council and to make recommendations for the optimum utilization of the civic center facility by the widest possible range of users and uses to respond to community needs and demands at the least possible cost to the city. (Ord. 66-15, 10-19-2015; amd. Ord. 5-25, 2-17-2025)

2-4-3: INTERNAL ORGANIZATION AND RULES:
The commission may adopt rules and regulations to govern its organizational procedures as may be necessary and which are not in conflict with this code or the Iowa Code. (Ord. 66-15, 10-19-2015)

2-4-4: PROCEDURES FOR OPERATION:
All administrative, personnel, accounting, budgetary, and procurement policies of the city govern the commission in all its operations. (Ord. 66-15, 10-19-2015)

2-4-5: MEMBERSHIP:
The commission comprises five (5) residents of the city, appointed by the city council. (Ord. 66-15, 10-19-2015; amd. Ord. 27-24, 6-17-2024)

2-4-6: OATH:
Each person, upon appointment to the commission, must execute an oath of office at the first meeting of the commission following the appointment or at the city clerk's office any time prior to the first meeting of the commission. (Ord. 66-15, 10-19-2015; amd. Ord. 27-24, 6-17-2024)

2-4-7: TERMS:
The term of office for commissioners is three (3) years or until such commissioner's successor is appointed and qualified. (Ord. 66-15, 10-19-2015)

2-4-8: VACANCIES:
Vacancies must be filled in the same manner as original appointments. (Ord. 66-15, 10-19-2015)

2-4-9: OFFICERS/ORGANIZATION:
The commissioners must choose annually a chairperson and vice chairperson, each to serve a term of one year. The chairperson must appoint a secretary, who need not be a member of the commission. The commissioners must fill a vacancy among its officers for the remainder of the officer's unexpired term. (Ord. 66-15, 10-19-2015)

2-4-10: MEETINGS:
A. Regular Meetings: The commission must meet quarterly.

B. Special Meetings: Special meetings may be called by the chairperson or at the written request of a majority of the commissioners.

C. Open Meetings: All meetings must be called and held in conformance with the Iowa open meetings law.

D. Attendance:

1. In the event a commissioner has been absent for three (3) or more consecutive meetings of the commission, without being excused by the chairperson, such absence will be grounds for the commission to recommend to the city council that the position be declared vacant and a replacement appointed.

2. Attendance must be entered upon the minutes of all meetings.

E. Minutes: A copy of the minutes of all regular and special meetings of the commission must be filed with the city council within ten (10) working days after approval by the commission, or by the next regularly scheduled city council meeting, whichever is later.

F. Quorum: Three (3) commissioners constitute a quorum for the transaction of business. The affirmative vote of a majority of the commissioners present and voting is necessary for the adoption of any motion or resolution. (Ord. 66-15, 10-19-2015; amd. Ord. 27-24, 6-17-2024)

2-4-11: COMPENSATION:
Commissioners serve without compensation, provided that they may receive reimbursement for necessary travel and other expenses while on official commission business within the limits established in the city administrative policies and budget. (Ord. 66-15, 10-19-2015)

2-4-12: REMOVAL:
Except as provided in subsection2-4-10D1 of this chapter, the city council may remove any commissioner for good cause. (Ord. 66-15, 10-19-2015)

2-4-13: POWERS:
The commission has the following powers, duties, and responsibilities:

A. Provide the city council with recommendations that further the general and specific purposes of the commission.

B. All funds derived from taxation or otherwise for airport purposes are under the control of the commission for the purposes of management, operation, and control of the airport and must be deposited with the Chief Financial Officer to the credit of the commission and must be disbursed only on the written warrant or order of the commission including the payment of all indebtedness arising from the acquisition and construction of airports and the maintenance, operation, and extension thereof.

C. Recommend programs to provide a variety of year round intellectual, cultural, enjoyable, and attractive leisure time activities which contribute to the physical and mental well being of residents and visitors.

D. Recommend programs which contribute to the economic base of the community by encouraging business use of the civic center facility.

E. Recommend schedules of fees and charges for special building services, equipment, special building features, and rental rates.

F. Recommend informational and promotional programs to secure the full support and participation of the community.

G. Recommend the annual operating budget and an ongoing capital improvements budget that provide a safe, secure, sanitary, clean, and attractive facility.

H. Recommend development of community partnerships related to tourism for optimum utilization of the civic center facility. (Ord. 66-15, 10-19-2015; amd. Ord. 6-25, 2-17-2025)

2-4-14: SOLICITATION AND ACCEPTANCE OF DONATIONS:
The commission may solicit donations and gifts of money, personal and real property, and personal services, which must be donated or gifted to the City of Dubuque, for the general support of the civic center unless such donations or gifts are designated by the donor for a specific purpose. (Ord. 66-15, 10-19-2015)

16-10-1: HISTORIC PRESERVATION COMMISSION:

A. Commission Created: There is hereby created the historic preservation commission.

B. Purpose: The purpose of the commission is to:

1. Promote the educational, cultural, economic, and general welfare of the public through the protection, enhancement, and perpetuation of districts, individually designated historic properties, landmarks, and landmark sites of prehistoric, historic, architectural, archaeological, and cultural significance;

2. Safeguard the city's prehistoric, historic, aesthetic, architectural, archaeological and cultural heritage by preserving historic properties, districts, landmarks, and landmark sites of historical, architectural, and cultural significance;

3. Stabilize and improve property values;

4. Foster civil pride in the legacy of beauty and achievements of the past;

5. Protect and enhance the city's attractions to tourists and visitors and the support and stimulus to business thereby provided;

6. Strengthen the economy of the city; and

7. Promote the use of properties, districts, landmarks, and landmark sites of prehistoric, historic, architectural, archaeological, and cultural significance as sites for the education, pleasure, and welfare of the people of the city.

C. Internal Organization And Rules: The commission may adopt rules and regulations to govern its organizational procedures as may be necessary and which are not in conflict with this code or the Iowa Code.

D. Procedures For Operation: All administrative, personnel, accounting, budgetary, and procurement policies of the city govern the commission in all its operations.

E. Membership:

1. Number: The commission comprises nine (9) residents of the city, appointed by the city council.

2. Special Qualifications:

a. One resident from each designated historic preservation district, including historic districts hereinafter established.

b. Four (4) at large members.

c. Each member must possess qualifications evidencing expertise or interest in architecture, history, archaeology, law, construction, building rehabilitation, city planning, or conservation in general.

d. One member must be a licensed architect.

3. Compliance With Iowa Code: Membership on the commission must comply with the provisions of Iowa Code section 303.34, subsection 3, relating to establishment of a commission to deal with matters involving areas of historical significance.

F. Oath: Each person, upon appointment to the commission, must execute an oath of office at the first meeting of the commission following the appointment or at the city clerk's office any time prior to the first meeting of the commission.

G. Terms: The term of office for a commissioner is three (3) years or until such commissioner's successor is appointed and qualified.

H. Vacancies: Vacancies must be filled in the same manner as original appointments. In the event that a vacancy occurs in a seat which requires that the appointee be a resident of a historic preservation district and for which there is no application from a qualified resident, the city council must appoint a tenth commissioner, which appointment is temporary, and upon appointment of a qualified resident to the vacancy, the temporary appointment terminates.

I. Officers/Organization: The commissioners must elect from its membership a chairperson and vice chairperson, whose terms of office are fixed by bylaws adopted by the commission. The chairperson presides over the meetings of the commission and has the right to vote. The vice chairperson, in cases of absence or disability of the chairperson, may perform the duties of the chairperson. The city manager must designate a city employee to serve as secretary to the commission. The secretary must keep a record of all resolutions, proceedings, and actions of the commission.

J. Meetings:

1. Regular Meetings: The commission must meet at least three (3) times in a calendar year to maintain certified local government status.

2. Special Meetings: Special meetings may be called by the chairperson or at the written request of a majority of the commissioners.

3. Open Meetings: All meetings must be called and held in conformance with the Iowa open meetings law.

4. Attendance:

a. In the event a commissioner has been absent for three (3) or more consecutive meetings of the commission,

without being excused by the chairperson, such absence will be grounds for the commission to recommend to the city council that the position be declared vacant and a replacement appointed.

b. Attendance must be entered upon the minutes of all meetings.

5. Minutes: A copy of the minutes of all regular and special meetings of the commission must be filed with the city council within ten (10) working days after approval by the commission, or by the next regularly scheduled city council meeting, whichever is later.

6. Quorum: Five (5) commissioners constitute a quorum for the transaction of business. The affirmative vote of a majority of the commissioners present and voting is necessary for the adoption of any motion or resolution.

K. Compensation: Commissioners serve without compensation, provided that they may receive reimbursement for necessary travel and other expenses while on official commission business within the limits established in the city administrative policies and budget.

L. Removal: The city council may remove any commissioner for cause upon written charges and after a public hearing.

M. Powers: The commission has the following powers, duties, and responsibilities:

1. To promote and conduct educational and interpretive programs on historic properties within its jurisdiction.

2. To develop and adopt specific standards for review and design guidelines, in addition to those set forth in section 16-10-4 of this chapter, for the alteration of landmarks, landmark sites, individually designated historic properties and property and structures within historic districts.

3. To adopt its own bylaws.

4. To identify, evaluate, register, manage and protect significant prehistoric and historic archaeological sites.

5. To conduct an ongoing survey to identify historically, archaeologically and architecturally significant properties, structures and areas that exemplify the cultural, social, economic, political, archaeological or architectural history of the nation, state or city.

6. To research and recommend to the city council the adoption of ordinances designating areas as having historic, architectural, archaeological or cultural value or significance as historic districts.

7. To research and recommend to the city council the adoption of ordinances designating properties or structures having historic, architectural, archaeological or cultural value or significance as landmarks or landmark sites.

8. To research and recommend to the city council the adoption of ordinances designating properties as having historic, architectural, archaeological or cultural value or significance as individually designated historic properties.

9. To research and recommend to the city council the adoption of ordinances designating areas as having historic, architectural, archaeological or cultural value as "conservation districts".

10. To research and recommend to the city council the adoption of ordinances designating areas as having historic, architectural, archaeological or cultural value as "conservation planning areas".

11. To maintain a register of all properties and structures which have been designated as landmarks, landmark sites or historic districts, including all information required for each designation.

12. To assist and encourage the nomination of landmarks, landmark sites and historic districts to the national register of historic places, and review and comment at a public hearing on any national register nomination submitted to the commission upon the request of the mayor, city council or the state historic preservation office.

13. To confer recognition upon the owners of landmarks, individually designated historic properties or of property or structures within historic districts.

14. To review in progress or completed work to determine compliance with specific certificates of appropriateness or certificates of economic nonviability.

15. To serve as an advisory design review body to the city council for review of public works projects which have historic preservation implications in historic districts, individually designated historic properties, or for alteration of landmarks, landmark sites or structures, that would result in a material change in appearance or be visible from the public way.

16. To serve as an advisory review body to the city council for the review of public planning, design, construction, and maintenance needs in conservation planning areas upon request from the city council. (Ord. 40-15, 6-1-2015; amd. Ord. 31-24, 6-17-2024)

10-5A-2: PARK AND RECREATION ADVISORY COMMISSION:

A. Commission Created: There is hereby created the Park and Recreation Advisory Commission.

B. Purpose: The purpose of the commission is to advise on the general beautification and maintenance of the City, parks, trails and open spaces and facilities, advise and recommend the provision of facilities for active and passive parks and recreation and advise and recommend year-round opportunities for organized, inclusive recreation activities for all residents.

C. Internal Organization And Rules: The commission may adopt rules and regulations to govern its organizational procedures as may be necessary and which are not in conflict with this Code or the Iowa Code.

D. Procedures For Operation: All administrative, personnel, accounting, budgetary, and procurement policies of the City govern the commission in all its operations.

E. Membership: The commission comprises seven (7) residents of the City, appointed by the City Council.

F. Oath: Each person, upon appointment to the commission, must execute an oath of office at the first meeting of the commission following the appointment or at the City Clerk's Office any time prior to the first meeting of the commission.

G. Terms: The term of office for Commissioners is three (3) years or until such Commissioner's successor is appointed and qualified.

H. Vacancies: Vacancies must be filled in the same manner as original appointments.

I. Officers/Organization: The Commissioners must choose annually a Chairperson and Vice-Chairperson, each to serve a term of one year. The Chairperson must appoint a Secretary, who need not be a member of the commission. The Commissioners must fill a vacancy among its officers for the remainder of the officer's unexpired term.

J. Meetings:

1. Regular Meetings: The commission must meet not less than bi-monthly.

2. Special Meetings: Special meetings may be called by the Chairperson or at the written request of a majority of the Commissioners.

3. Open Meetings: All meetings must be called and held in conformance with the Iowa Open Meetings Law.

4. Attendance:

a. In the event a Commissioner has been absent for three (3) or more consecutive meetings of the commission, without being excused by the Chairperson, such absence will be grounds for the commission to recommend to the City Council that the position be declared vacant and a replacement appointed.

b. Attendance must be entered upon the minutes of all meetings.

5. Minutes: A copy of the minutes of all regular and special meetings of the commission must be filed with the City Council within ten (10) working days after approval by the commission, or by the next regularly scheduled City Council meeting, whichever is later.

6. Quorum: Four (4) Commissioners constitute a quorum for the transaction of business. The affirmative vote of a majority of the Commissioners present and voting is necessary for the adoption of any motion or resolution.

K. Compensation: Commissioners serve without compensation, provided that they may receive reimbursement for necessary travel and other expenses while on official commission business within the limits established in the City administrative policies and budget.

L. Removal: Except as provided in subsection J4a of this section, the City Council may remove any Commissioner for good cause.

M. Powers: The commission has the following powers, duties, and responsibilities:

1. Provide the City Council with recommendations that further the general and specific purposes of the commission.

2. Recommend the annual operating budgets and ongoing capital improvements budgets.

3. Recommend establishment of or changes to fees, user fees, or rental fees.

4. Recommend issuance of permits, rental or special use agreements for public use of all park and recreation facilities for activities outside of the special events permit process.

5. Recommend development of community partnerships, agreements, leases and/or plans specific to the department.

6. Recommend the establishment of policies, rules and regulations or ordinance changes governing the use of all grounds and facilities that have been or may be set aside as public parks, trails, open spaces, playgrounds, and other such park and recreation facilities. Such recommendations include but are not limited to opening and closing hours for the use of all park and recreation facilities by the general public.

7. Recommend the establishment of general rules and regulations for all park and recreational programs provided by

the City, including fees for league participation, facility usage and rentals by the public.

8. Recommend agreements, leases and other methods to cooperate with the Dubuque Community School District, Holy Family school system, non-profits and other groups interested in the promotion and implementation of recreational activities which are in the best interest of the City.

9. Recommend conceptual and/or final park and recreational area related development plans.

N. Solicitation And Acceptance Of Donations: The commission may solicit donations and gifts of money, personal and real property, and personal services. All such donations and gifts will become the property of the City for the general support of park and recreation programs unless such items have been designated by the donors for specific purposes. (Ord. 22-18, 7-2-2018; amd. Ord. 37-24, 6-17-2024)

Personal Information

Select the Board, Commission, or Committee applying for:	Park and Recreation Advisory Commission
Name:	Jason Henkel
Pronunciation:	*Field not completed.*
Street Address: You must live within the Dubuque city	1888 Saint Joseph St

limits to apply/serve on a City of Dubuque board or commission.	
Zip Code:	52003
Preferred Phone Number:	5635436934
Email Address(es):	jason.m.henkel@gmail.com
How did you hear about City of Dubuque Boards and Commission?	Through a Friend
If other, please specify:	*Field not completed.*
Have you participated in the City of Dubuque City Life Program Life program?	No
If so, when?	*Field not completed.*
Are you currently serving on other Boards, Commissions, or Committees?	No
If yes, which?	*Field not completed.*
Have you served on a Board, Commission, or Committee before?	Yes
If yes, which?	Parks and Recreation
Why are you interested in applying for this Board or Commission?	I want to serve on the Parks and Recreation Commission to help create vibrant, inclusive spaces that promote wellness, community connection, and outdoor activity. As a business owner and youth advocate, I’m passionate about supporting accessible programming and enhancing our parks to reflect the needs and energy of all residents.

Describe your experiences (professional, personal, or volunteer), skills, and /or education that have prepared you for service on this Board or Commission?	My background combines firsthand experience in recreation, leadership, and community development. I began as an instructor for City of Dubuque recreation programs and later served on the boards of Dubuque Montessori, TMBR, and KIDS, where I helped lead the development of the Flora Park skatepark. As Executive Director of a recreation-focused nonprofit, I manage youth programs and events that align with the city's mission to promote wellness and inclusion. Personally, I'm an active user of our parks—hiking, camping, cycling, and more—giving me a well-rounded perspective on the value and needs of our outdoor spaces.
Share your experience working in diverse environments:	I have extensive experience working in diverse environments across age groups, backgrounds, and recreational interests. As an instructor for City of Dubuque recreation programs, I worked with youth from varied socioeconomic and cultural backgrounds, adapting my approach to meet their individual needs. Through my leadership on the Dubuque Montessori, TMBR, and KIDS boards, I collaborated with parents, educators, city officials, and advocates with diverse perspectives to build inclusive programs—most notably helping develop the Flora Park concrete skatepark, a space designed to welcome youth of all abilities and interests. As Executive Director of the OAS Foundation, I lead programs that serve a wide range of participants, including at-risk youth, families, and individuals of all skill levels and identities. Our nonprofit intentionally lowers barriers to access for action sports, creating a welcoming and supportive community. Personally, I engage with Dubuque's recreational assets through hiking, biking, camping, and events, which has allowed me to build connections with people across generational, racial, and economic lines. These experiences have deepened my belief that parks and recreation can—and should—be for everyone.

Personal Information

Select the Board, Commission, or Committee applying for:	Park and Recreation Advisory Commission
Name:	Josh Jorgenson
Pronunciation:	*Field not completed.*
Street Address: You must live within the Dubuque city	3030 Judson Court

limits to apply/serve on a City of Dubuque board or commission.	
Zip Code:	52001
Preferred Phone Number:	5636630580
Email Address(es):	jorgenson.josh@gmail.com
How did you hear about City of Dubuque Boards and Commission?	City of Dubuque Website
If other, please specify:	*Field not completed.*
Have you participated in the City of Dubuque City Life Program Life program?	No
If so, when?	*Field not completed.*
Are you currently serving on other Boards, Commissions, or Committees?	Yes
If yes, which?	Parks and Recreation Advisory Commission
Have you served on a Board, Commission, or Committee before?	No
If yes, which?	Currently a member of the Parks and Recreation Advisory Commission
Why are you interested in applying for this Board or Commission?	As a current member of the Parks and Recreation Advisory Commission, I seek another term to help oversee the future direction of the community's parks and recreation offerings. After serving on the commission for two-plus years, I have learned a lot about the

	workings of the department and the important role it plays in enhancing the community.
Describe your experiences (professional, personal, or volunteer), skills, and /or education that have prepared you for service on this Board or Commission?	In addition to being a first-term member of the Parks and Recreation Advisory Commission, I have a long background of being a volunteer youth sports coach in the community. I am also a former board member of the Dubuque Girls Independent League softball organization. My family has a long history of being "consumers" of the community's parks and recreation programs over the years.
Share your experience working in diverse environments:	During my years coaching youth sports, I have a history of working with a variety of young athletes from diverse backgrounds. Over the years, I have served as a volunteer coach for the former Central Alternative High School's club basketball team, a softball coach for both travel and recreation teams in the area, and a coach for the Dubuque Senior's boys and girls youth basketball programs.
List two professional references: (Examples: employer, coworker, client, vendor, mentor, volunteer organizer, etc.))	Ronni Oberbroeckling, coworker at McCoy Group. 563-920-3308 Ryan Brown, friend and co-coach for youth sports teams, 563-543-5454

Name:	Lori Ollendick
Pronunciation:	*Field not completed.*
Street Address: You must live within the Dubuque city	1390 Oak Park Pl

limits to apply/serve on a City of Dubuque board or commission.	
Zip Code:	52002
Preferred Phone Number:	563-590-5998
Email Address(es):	Lbruflodt3@gmail.com
How did you hear about City of Dubuque Boards and Commission?	City Life or another City of Dubuque Program
If other, please specify:	*Field not completed.*
Have you participated in the City of Dubuque City Life Program Life program?	Yes
If so, when?	Spring 2022
Are you currently serving on other Boards, Commissions, or Committees?	Yes
If yes, which?	Park & Recreation
Have you served on a Board, Commission, or Committee before?	Yes
If yes, which?	Park & Recreation
Why are you interested in applying for this Board or Commission?	I have served on Park & Recreation Commission since July 2022. In 2018 I had a surgery that resulted my being paralyzed and needing to use a wheelchair for my mobility. I continue to utilize city parks and trails from my wheelchair and feel I have been able to bring a different perspective to park and recreation services usage as a disabled user.

Describe your experiences (professional, personal, or volunteer), skills, and /or education that have prepared you for service on this Board or Commission?	I have worked in leadership roles in my former career in the Information Technology field which included managing budgets, problem solving and recommending solutions, and working collaboratively within a team. In my current career as Mental Health Therapist I understand the value and role parks and recreation can play in positive brain health. I also currently served on several non-profit boards.
Share your experience working in diverse environments:	In both of my careers I have worked with people of different races, genders, and abilities.

Comments	I am just completing my first 3 year term on the Park and Recreation Commision and have applied to be considered for re-appointment. In the past 3 years I have learned a lot about city government processes and the scope of the Park and Recreation Department. As a disabled person who uses a wheelchair, I feel have been able to bring a different accessibility perspective to park usage and recreation programs. With the current work on the Park and Recreation Master Plan, it is also an exciting time to be part of this planning and process. Please consider my application for the Park and Recreation Commission appointment.

CHAPTER 6

RESILIENT COMMUNITY ADVISORY COMMISSION

SECTION:

2-6-1: Commission Created

2-6-2: Purpose

2-6-3: Internal Organization And Rules

2-6-4: Procedures For Operation

2-6-5: Membership

2-6-6: Oath

2-6-7: Terms

2-6-8: Vacancies

2-6-9: Officers/Organization

2-6-10: Meetings

2-6-11: Compensation

2-6-12: Removal

2-6-13: Powers

2-6-1: COMMISSION CREATED:
There is hereby created the resilient community advisory commission. (Ord. 32-16, 7-5-2016)

2-6-2: PURPOSE:
The purpose of the commission is to advise on city policies and practices to assure resilient outcomes; facilitate the ability to adapt to factors influencing the social/cultural, economic and environmental well being of the community; prevent, prepare for, and recover from adverse vulnerabilities and change through coordination, data analysis, evaluation and citizen engagement; and to create a viable, livable and equitable community. (Ord. 32-16, 7-5-2016)

2-6-3: INTERNAL ORGANIZATION AND RULES:
The commission may adopt rules and regulations to govern its organizational procedures as may be necessary and which are not in conflict with this code or the Iowa Code. (Ord. 32-16, 7-5-2016)

2-6-4: PROCEDURES FOR OPERATION:
All administrative, personnel, accounting, budgetary, and procurement policies of the city govern the commission in all its operations. (Ord. 32-16, 7-5-2016)

2-6-5: MEMBERSHIP:

A. Composition: The commission comprises nine (9) residents of the city, appointed by the city council.

B. Qualifications: Efforts should be taken to balance the composition of the commission as follows:

1. Members must be able to think systemically and analyze data in order to meet the stated purpose of the commission.

2. Members' interest and/or expertise must represent the three (3) pillars of the sustainable Dubuque model: economic prosperity, environmental integrity, and social/cultural vibrancy.

3. Members should represent a wide range of sectors within the community, including business, neighborhoods, nonprofit, and educational institutions.

4. Three (3) or more members should also hold positions on one of the following commissions: arts and cultural advisory commission, Catfish Creek Watershed management authority, community development advisory commission, historic preservation commission, housing commission, human rights commission, long range planning advisory commission, parks and recreation advisory commission, transit advisory commission, and/or zoning advisory commission.

5. Members should represent the socioeconomic, geographic, and demographic diversity of the community, including youth representation. (Ord. 32-16, 7-5-2016)

2-6-6: OATH:
Each person, upon appointment to the commission, must execute an oath of office at the first meeting of the commission following the appointment or at the city clerk's office any time prior to the first meeting of the commission. (Ord. 32-16, 7-5-2016; amd. Ord. 38-24, 6-17-2024)

2-6-7: TERMS:

The term of office for commissioners is three (3) years or until such commissioner's successor is appointed and qualified. The terms of the cross representatives appointed from the arts and cultural affairs advisory commission, Catfish Creek Watershed management authority, community development advisory commission, historic preservation commission, housing commission, human rights commission, long range planning advisory commission, park and recreation advisory commission, transit advisory board, and/or zoning advisory commission must coincide with their terms on the resilient community advisory commission. (Ord. 1-17, 1-3-2017; amd. Ord. 38-24, 6-17-2024)

2-6-8: VACANCIES:
Vacancies must be filled in the same manner as original appointments. (Ord. 32-16, 7-5-2016)

2-6-9: OFFICERS/ORGANIZATION:
The commissioners must choose annually a chairperson and vice chairperson, each to serve a term of one year. The chairperson must appoint a secretary, who need not be a member of the commission. The commissioners must fill a vacancy among the officers for the remainder of the officer's unexpired term. (Ord. 32-16, 7-5-2016)

2-6-10: MEETINGS:
A. Regular Meetings: The commission generally meets monthly. When there is no business, there is no obligation to meet.

B. Special Meetings: Special meetings may be called by the chairperson or at the written request of a majority of the commissioners.

C. Open Meetings: All meetings must be called and held in conformance with the Iowa open meetings law.

D. Attendance:

1. In the event a commissioner has been absent for three (3) or more consecutive meetings of the commission, without being excused by the chairperson, such absence will be grounds for the commission to recommend to the city council that the position be declared vacant and a replacement appointed.

2. Attendance must be entered upon the minutes of all meetings.

E. Minutes: A copy of the minutes of all regular and special meetings of the commission must be filed with the city council within ten (10) working days after approval by the commission, or by the next regularly scheduled city council meeting, whichever is later.

F. Quorum: Five (5) commissioners constitute a quorum for the transaction of business. The affirmative vote of a majority of the commissioners present and voting is necessary for the adoption of any motion or resolution. (Ord. 32-16, 7-5-2016; amd. Ord. 42-21, 11-15-2021; Ord. 38-24, 6-17-2024)

2-6-11: COMPENSATION:
Commissioners serve without compensation, provided that they may receive reimbursement for necessary travel and other expenses while on official commission business within the limits established in the city administrative policies budget. (Ord. 32-16, 7-5-2016)

2-6-12: REMOVAL:
Except as provided in subsection2-6-10D1 of this chapter, the city council may remove any commissioner for good cause. (Ord. 32-16, 7-5-2016)

2-6-13: POWERS:
The commission has the following powers, duties, and responsibilities:

A. To review research and data in order to provide input on reidentification, prevention, and plans for potential economic, environmental, and social/cultural vulnerabilities.

B. To review plans for long term prevention, preparedness, and recovery efforts.

C. To review policy and program recommendations to the city council in order to influence resilient outcomes for the community.

D. To provide comment to the city council on the allocation of budgeted city funding to achieve adopted resiliency goals.

E. To educate and engage the public on commission priorities.

F. To provide input on and review strategies to address identified vulnerabilities in collaboration with city staff, other city commissions and community partners.

G. To review and make recommendations regarding sustainable Dubuque community grant allocations.

H. To respect the policy making authority of the city council, the city manager's responsibilities to implement the goals and priorities the council establishes (council manager form of government) and the responsibility of city staff to report to the city manager.

I. To ensure coordination and communication with other commissions. (Ord. 32-16, 7-5-2016)

5-1-6: OATH:
Each person, upon appointment to the board, must execute an oath of office at the first meeting of the board following the appointment or at the City Clerk's Office any time prior to the first meeting of the board. (Ord. 50-14, 7-21-2014; amd. Ord. 39-24, 6-17-2024)

5-1-7: TERMS:
The term of office for members of the board is three (3) years or until such member's successor is appointed and qualified. (Ord. 50-14, 7-21-2014)

5-1-8: VACANCIES:
Vacancies must be filled in the same manner as original appointments. (Ord. 50-14, 7-21-2014)

5-1-9: OFFICERS; ORGANIZATION:
The board must choose annually a Chairperson and Vice Chairperson, each to serve a term of one year. The Chairperson must appoint a Secretary, who need not be a member of the board. The board must fill a vacancy among its officers for the remainder of the officer's unexpired term. (Ord. 50-14, 7-21-2014)

5-1-10: MEETINGS:

A. Regular Meetings: The board will meet bimonthly, September through May, meeting no less than four (4) times per year.

B. Special Meetings: Special meetings may be called by the Chairperson or at the written request of a majority of the members.

C. Open Meetings: All meetings must be called and held in conformance with the Iowa Open Meetings Law.

D. Attendance:

1. In the event a member of the board has been absent for three (3) or more consecutive meetings of the board, without being excused by the Chairperson, such absence will be grounds for the board to recommend to the City Council that the position be declared vacant and a replacement appointed.

2. Attendance must be entered upon the minutes of all meetings.

E. Minutes: A copy of the minutes of all regular and special meetings of the board must be filed with the City Council within ten (10) working days after approval by the board, or by the next regularly scheduled City Council meeting, whichever is later.

F. Quorum: Three (3) members of the board constitute a quorum for the transaction of business. The affirmative vote of a majority of the members present and voting is necessary for the adoption of any motion or resolution. (Ord. 11-18, 3-19-2018; amd. Ord. 39-24, 6-17-2024)

5-1-11: COMPENSATION:
Members serve without compensation, provided that they may receive reimbursement for necessary travel and other expenses while on official board business within the limits established in the City administrative policies and budget. (Ord. 50-14, 7-21-2014)

5-1-12: REMOVAL:
Except as provided in subsection 5-1-10D1 of this chapter, the City Council may remove any member for good cause. (Ord. 32-15, 5-18-2015)

5-1-13: POWERS:
The board has the following powers, duties, and responsibilities:

A. Advise the City Council on executing agreements and grants relating to the transit system operation and the purchase of new equipment.

B. Advise the City Council on rates, fares, or charges for the transportation of passengers and any incidental services and the rates or charges to be made for advertising in buses or any other facility. (Ord. 50-14, 7-21-2014)

5-1-14: FARE INCREASE OR REDUCTION IN SERVICE, PROCEDURE:
A. Definitions: The following words and phrases, when used in this title shall, for the purpose of this title, have the meanings respectively ascribed to them in this section:

SUBSTANTIAL REDUCTION IN SERVICE: 1. Routes: Elimination of a route;

2. Service Hours: Reduction of ten percent (10%) of service hours of a route;

3. Service Miles: Reduction of ten percent (10%) of service miles of a route; and/or

4. Bus Stops: Elimination of one or more stops on a route that would result in a greater than one-fourth (1/4) mile walking distance between bus stops.

B. Public Hearing: Prior to the adoption of any fare increase or a substantial reduction in service by the City Council, the City Council must set a time and place for public hearing on such proposed fare increase or reduction in service, and must cause a notice of the time and place of such hearing to be published in a newspaper of general circulation in the City not less than four (4) nor more than twenty (20) days prior to such hearing. All notices must comply with all Federal, State, and local regulations.

C. Contents Of Notice: The notice must state the time and place of hearing, include a summary of the proposed fare increase or reduction in service level, indicate who the increase or reduction will affect, indicate the date the increase or reduction will take effect, and request that interested persons comment, in writing filed with the City Clerk prior to the time of the public hearing or in person at the public hearing, on the proposed increase or reduction. The notice must also state that any comments submitted will be considered by the City Council, and that following the public hearing, the City Council will act to adopt, modify or reject the proposed fare increase or reduction in service. All notices must comply with all Federal, State, and local regulations. (Ord. 60-14, 10-6-2014)

16-9-1: ZONING ADVISORY COMMISSION:

A. Commission Created: There is hereby created the zoning advisory commission.

B. Purpose: The purpose of the commission is to make recommendations to the city council on applications for rezoning, subdivision plat approval, and text amendments to the zoning ordinance; to receive input from applicants, neighboring property owners, citizens, and city staff; to review applications in terms of their impact on the neighborhood, community, environment, and the city's utilities and transportation systems; and to forward to the city council the commission's recommendations with the assistance of planning services staff.

C. Internal Organization And Rules: The commission may adopt rules and regulations to govern its organizational procedures as may be necessary and which are not in conflict with this code or the Iowa Code.

D. Procedures For Operation: All administrative, personnel, accounting, budgetary, and procurement policies of the city govern the commission in all its operations.

E. Membership:

1. Number Of Commissioners: The commission comprises seven (7) residents of the city, appointed by the city council.

2. Qualifications:

a. Members must be qualified by knowledge, experience, and ability to act in matters pertaining to short range planning and zoning, none of whom hold an elective position in the city.

b. Two (2) members of the zoning advisory commission must be selected by the city council to serve on the airport zoning advisory commission.

F. Oath: Each person, upon appointment to the commission, must execute an oath of office at the first meeting of the commission or at the city clerk's office any time prior to the first meeting of the commission.

G. Terms: The term of office for commissioners is three (3) years or until such commissioner's successor is appointed and qualified. The terms of the cross representative appointees to the airport zoning advisory commission must coincide with their terms on the Airport Zoning Advisory Commission.

H. Vacancies: Vacancies must be filled in the same manner as original appointments.

I. Officers/Organization: The Commissioners must choose annually a Chairperson and Vice Chairperson, each to serve a term of one year. The Chairperson must appoint a Secretary, who need not be a member of the commission. The Commissioners must fill a vacancy among its officers for the remainder of the officer's unexpired term. (Ord. 43-15, 7-6-2015)

J. Meetings:

1. Meetings: Meetings may be called by the Chairperson or at the written request of a majority of the Commissioners.

2. Open Meetings: All meetings must be called and held in conformance with the Iowa Open Meetings Law.

3. Attendance:

a. In the event a Commissioner has been absent for three (3) or more consecutive meetings of the commission, without being excused by the Chairperson, such absence will be grounds for the commission to recommend to the City Council that the position be declared vacant and a replacement appointed.

b. Attendance must be entered upon the minutes of all meetings.

4. Minutes: A copy of the minutes of all regular and special meetings of the commission must be filed with the City Council within ten (10) working days after approval by the commission, or by the next regularly scheduled City Council meeting, whichever is later.

5. Quorum: Four (4) Commissioners constitute a quorum for the transaction of business. The affirmative vote of a majority of the Commissioners present and voting is necessary for the adoption of any motion or resolution.

K. Compensation: Commissioners serve without compensation, provided that they may receive reimbursement for necessary travel and other expenses while on official commission business within the limits established in the City administrative policies budget.

L. Removal: The City Council may remove any Commissioner for cause upon written charges and after a public hearing.

M. Powers: The commission has the following powers, duties, and responsibilities:

1. To prepare and recommend a zoning ordinance to exercise the powers conferred by State law. Such zoning ordinance must include the boundaries of the various zoning districts; the height, number of stories, and size of buildings and other structures in each district; the percentage of ground that may be occupied; setback requirements; the size of yards, courts, and other open space; the density of population; the location and use of buildings, structures, and land for trade, industry, commercial, residential, or other purposes; and such regulations and restrictions necessary to enforce such zoning provisions. To this end the commission must prepare a preliminary zoning ordinance and hold public hearings thereon and after such hearings have been held, and submit a final zoning ordinance and its recommendations to the City

Council;

2. To recommend to the City Council, from time to time, as conditions require, amendments, supplements, changes, or modifications to the zoning ordinance but only after a public hearing;

3. To make such surveys, studies, maps, plans, or plats of the whole or any portion of the City and of any land outside thereof, which in the opinion of the commission are consistent with the comprehensive plan and are necessary to carry out the purposes of the commission;

4. To make recommendations to the City Council upon plans, plats, or replats of subdivisions or resubdivisions within the City which show streets, alleys, or other portions of the same intended to be dedicated for public use;

5. To make recommendations to the Long Range Planning Advisory Commission on the preparation and maintenance of the comprehensive plan;

6. To fulfill those duties and responsibilities assigned to a City Planning Commission in State law; and

7. To undertake from time to time other specific short range planning projects which may be referred to it by the City Council.

N. Waiver From Site Design Standards: The commission has the power to grant such waivers from the site design standards of this Code, as may be reasonable and within the general purpose and intent of the site plan review and approval provisions of this Code if the literal enforcement of one or more provisions of this Code is impracticable or will exact an undue hardship because of peculiar conditions pertaining to the land in question. The affirmative vote of at least four (4) Commissioners shall be necessary to grant a waiver. The waiver may be granted subject to such conditions as the commission may establish to ensure the general purpose and intent of the provisions of this Code are followed. At the commission meeting, the applicant and all other interested parties must be presented a reasonable opportunity to present their views. Decisions of the commission may be appealed to the Zoning Board of Adjustment in the same manner as appeals from a decision of an Administrative Officer. (Ord. 43-15, 7-6-2015; amd. Ord. 48-16, 9-19-2016; Ord. 2-19, 1-22-2019; Ord. 40-24, 6-17-2024)

Are you currently serving on other Boards, Commissions, or Committees?	Yes
If yes, which?	ZAC
Have you served on a Board, Commission, or Committee before?	Yes
If yes, which?	ZAC
Why are you interested in applying for this Board or Commission?	I would like to continue serving on the ZAC, especially now, with the rewrite of the UDC underway. I would like to offer input from both a ZAC commissioner perspective, but also as a local civil engineer that uses the code on an almost daily basis.

Describe your experiences (professional, personal, or volunteer), skills, and /or education that have prepared you for service on this Board or Commission?	I am a licensed professional engineer in the states of Iowa, Illinois, Wisconsin and Missouri. I can share experiences (positive and negative) regarding using various codes around both the Midwest and country.
Share your experience working in diverse environments:	I have been a civil engineer for 30+ years. While working for former employers, I have worked on projects across the country and in a few foreign countries. In doing so, I have dealt with people of all color, religion, identify, etc. As a volunteer for the Dubuque Senior High Drama Dept, I again interact with people of all races, and identities. I am not saying I have a complete understanding of everyone's beliefs, but I do treat everyone respectfully and equally.

If yes, which?	*Field not completed.*
Have you served on a Board, Commission, or Committee before?	No
If yes, which?	*Field not completed.*
Why are you interested in applying for this Board or Commission?	I want to help Dubuque strive to make the city more accessible and fair to every person who lives in and wants to come to this beautiful city, and I think that this starts with the behind the scenes work done by committees such as the zoning advisory commission. This along with my interest in city planning, I believe that this commission is the

	perfect place for me to get experience and try to make a positive difference in my community.
Describe your experiences (professional, personal, or volunteer), skills, and /or education that have prepared you for service on this Board or Commission?	I have varied experience in both professional and volunteer settings that have prepared me for joining this commission. On the professional side, I have worked in an administrative role at the Iowa DOT, this position gave me experience working in and with government officials as well as bridging the gap between members of the public and members of government. On the volunteer side, I work with a disaster response organization that helps communities recover from natural disasters all over the state of Iowa and across the country. Through this work I have gained organizational skills, crisis response skills, and advanced my communication abilities.
Share your experience working in diverse environments:	I have worked in many different environments both professionally and in volunteer roles. In my professional roles, I have worked in retail positions, in food preparation and maintenance in a nursing home environment, in an administrative role with the state government, and currently I am working at a high school as a paraprofessional. In my volunteer work I have worked in disaster response warehouses, in food delivery, and environmental cleanup.

CHAPTER 2

CIVIL SERVICE COMMISSION

SECTION:

2-2-1: Commission Created

2-2-2: Purpose

2-2-3: Internal Organization And Rules

2-2-4: Procedures For Operation

2-2-5: Membership

2-2-6: Oath

2-2-7: Terms

2-2-8: Vacancies

2-2-9: Officers/Organization

2-2-10: Meetings

2-2-11: Compensation

2-2-12: Removal

2-2-13: Powers

2-2-14: City Council To Furnish Meeting Room, Equipment, Recorder

2-2-15: Record Of Meetings And Personnel

2-2-16: Examination Of Applicants

2-2-17: Conduct Of Examinations; Certification Of Qualified Persons

2-2-18: Procedure For Conduct Of Hearing Appeals

2-2-1: COMMISSION CREATED:
There is hereby created the civil service commission. (Ord. 56-15, 9-8-2015)

2-2-2: PURPOSE:
The purpose of the commission is to conduct entrance examinations, conduct promotional examinations, and act as an appeals board as provided in chapter 400 of the Iowa Code. (Ord. 56-15, 9-8-2015)

2-2-3: INTERNAL ORGANIZATION AND RULES:
The commission may adopt rules and regulations to govern its organizational procedures as may be necessary and which are not in conflict with this code or the Iowa Code. (Ord. 56-15, 9-8-2015)

2-2-4: PROCEDURES FOR OPERATION:
All administrative, personnel, accounting, budgetary, and procurement policies of the city govern the commission in all its operations. (Ord. 56-15, 9-8-2015)

2-2-5: MEMBERSHIP:
A. Composition: The commission comprises three (3) residents of the city, appointed by the mayor with approval of the city council.

B. Special Qualifications:

1. Commissioners must be citizens of Iowa, eligible electors as defined in the Iowa Code, and may not hold or be a candidate for any office of public trust.

2. The equity and human rights director shall, ex officio, be a member, without vote.

3. Commissioners may not do any of the following:

a. Sell, or in any manner become parties, directly or indirectly, to any contract to furnish supplies, material, or labor to the city unless the sale is made or the contract is awarded by competitive bid in writing, publicly invited and opened.

b. Have an interest, direct or indirect, in any contract or job of work or material or the profits thereof or services to be furnished or performed for the city unless the contract or job is awarded by competitive bid in writing, publicly invited and opened. (Ord. 56-15, 9-8-2015; amd. Ord. 47-22, 12-19-2022; Ord. 28-24, 6-17-2024)

2-2-6: OATH:
Each person, upon appointment to the commission, must execute an oath of office at the first meeting of the commission

following the appointment or at the city clerk's office any time prior to the first meeting of the commission. (Ord. 56-15, 9-8-2015; amd. Ord. 28-24, 6-17-2024)

2-2-7: TERMS:
The term of office for commissioners is four (4) years or until such commissioner's successor is appointed and qualified. (Ord. 56-15, 9-8-2015)

2-2-8: VACANCIES:
Vacancies must be filled in the same manner as original appointments. (Ord. 56-15, 9-8-2015)

2-2-9: OFFICERS/ORGANIZATION:
The commissioners must choose annually a chairperson and vice chairperson, each to serve a term of one year. The city clerk, or the city clerk's designee, is the clerk of the commission. The commissioners must fill a vacancy among its officers for the remainder of the officer's unexpired term. (Ord. 56-15, 9-8-2015)

2-2-10: MEETINGS:
A. Regular Meetings: The commission meets monthly. When there is no business, there is no obligation to meet.

B. Special Meetings: Special meetings may be called by the chairperson or at the written request of a majority of the commissioners.

C. Open Meetings: All meetings must be called and held in conformance with the Iowa open meetings law.

D. Attendance:

1. In the event a commissioner has been absent for three (3) or more consecutive meetings of the commission, without being excused by the chairperson, such absence will be grounds for the commission to recommend to the city council that the position be declared vacant and a replacement appointed.

2. Attendance must be entered upon the minutes of all meetings.

E. Minutes: A copy of the minutes of all regular and special meetings of the commission must be filed with the city council within ten (10) working days after approval by the commission, or by the next regularly scheduled city council meeting, whichever is later.

F. Quorum: Two (2) commissioners constitute a quorum for the transaction of business. The affirmative vote of a majority of the commissioners present and voting is necessary for the adoption of any motion or resolution. (Ord. 56-15, 9-8-2015; amd. Ord. 37-22, 11-7-2022; Ord. 28-24, 6-17-2024)

2-2-11: COMPENSATION:
Commissioners serve without compensation, provided that they may receive reimbursement for necessary travel and other expenses while on official commission business within the limits established in the city administrative policies and budget. (Ord. 56-15, 9-8-2015)

2-2-12: REMOVAL:
The mayor may remove any commissioner for cause upon written charges and after public hearing. (Ord. 56-15, 9-8-2015)

2-2-13: POWERS:
The commission has the powers, duties, and responsibilities as outlined in chapter 400 of the Iowa Code. (Ord. 56-15, 9-8-2015)

2-2-14: CITY COUNCIL TO FURNISH MEETING ROOM, EQUIPMENT, RECORDER:
The city council must provide suitable rooms in which the commission may hold its meetings and supply the commission with all necessary equipment and a qualified shorthand reporter to enable it properly to perform its duties. (Ord. 56-15, 9-8-2015)

2-2-15: RECORD OF MEETINGS AND PERSONNEL:
The commission must keep a record of all its meetings and also a complete individual service record of each civil service employee which record must be permanent and kept up to date. (Ord. 56-15, 9-8-2015)

2-2-16: EXAMINATION OF APPLICANTS:
Examinations for the positions in the city civil service are to be applicable and required of all applicants in accordance with the Iowa Code. (Ord. 56-15, 9-8-2015)

2-2-17: CONDUCT OF EXAMINATIONS; CERTIFICATION OF QUALIFIED PERSONS:
The commission must conduct examinations in accordance with the provisions of the laws of the state relative thereto, and for the purpose of determining the qualifications of applicants for positions under civil service, and must duly certify to the city council a list of the qualified persons as set forth in the Iowa Code. (Ord. 56-15, 9-8-2015)

2-2-18: PROCEDURE FOR CONDUCT OF HEARING APPEALS:
Notwithstanding chapter 1 of this title, the commission may adopt its own rules governing the procedure for the conduct of hearing appeals. (Ord. 56-15, 9-8-2015)

Board/Commission Application Form

This application is a public document and as such can be reproduced and distributed for the public. Specific attention should be directed to the possible conflict of interest. For further clarification, if a situation arises, contact the City Clerk's Office or the City Attorney's Office. The City Clerk's Office, City Hall, 50 West 13th Street, Dubuque, IA. accepts applications for any Board and or Commission at any time. Applications stay active for one year from the date of receipt.
General Eligibility Requirements for All Boards and Commissions

- Residency within the corporate city limits
- Minimum age of 18
- Can not be employed by the City of Dubuque

NOTE: Additional requirements may apply to certain boards and commissions. Please refer to the specific Board or Commission details for more information

Please complete the online application and separate optional demographic information below

Personal Information

Select the Board, Commission, or Committee applying for:	Civil Service Commission
Name:	Miquel Jackson
Pronunciation:	[My-Kel Jack-Son
Street Address: You must live within the Dubuque city	2827 Pennsylvania Ave #13

limits to apply/serve on a City of Dubuque board or commission.	
Zip Code:	52001
Preferred Phone Number:	443-521-9251
Email Address(es):	miquel.jackson67@gmail.com
How did you hear about City of Dubuque Boards and Commission?	Other:
If other, please specify:	Police Chief recommended me
Have you participated in the City of Dubuque City Life Program Life program?	No
If so, when?	*Field not completed.*
Are you currently serving on other Boards, Commissions, or Committees?	No
If yes, which?	*Field not completed.*
Have you served on a Board, Commission, or Committee before?	Yes
If yes, which?	Human Rights Commission
Why are you interested in applying for this Board or Commission?	It was recommended that I apply because of my ability to be able to make decisions based on information from multiple angles rather than from an emotional stand point. I've had a good working relationship with both Chief Jensen and former Chief Dalsing (RIP). I've served the Dubuque Community for 14 years (even from afar for 2 years). Through the MOU between the NAACP, Police department,

	City of Dubuque, and DPPA, the DCPRC (formerly DCAP) has been the hub to provide a voice to the community and improve relations between the PD and the community. With uncertainty on the future of the group, this is me taking action to be able to continue to be of service to my community in a capacity that relates very closely to that work.
Describe your experiences (professional, personal, or volunteer), skills, and /or education that have prepared you for service on this Board or Commission?	DCAP/DCPRC for more than a decade Human Rights Commission for a decade NAACP for over a decade Organized Race in the Heartland Conference to educate local citizens and businesses on DEI topics surrounding housing, criminal justice, education, and the workplace.
Share your experience working in diverse environments:	Think I pretty much covered it in the first two.
List two professional references: (Examples: employer, coworker, client, vendor, mentor, volunteer organizer, etc.))	Chief Jeremy Jensen, (563) 589-4415, Working relationship Anthony Allen, , Mentor

Acknowledgement: I acknowledge that I have accurately and truthfully completed the application to the best of my knowledge. I also confirm that I meet the eligibility requirements for the Board or Commission to which I am applying.

Signature (type your name here as electronic verification):	Miquel Jackson

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Resolution Adopting the Cedar Cross Road Urban Revitalization Plan

DATE: May 28, 2025

Economic Development Director Jill Connors is recommending City Council adopt the Resolution adopting the Cedar Cross Road Urban Revitalization Plan.

The plan recommends a ten-year period of 100% abatement on the increased property value due to a shortage of housing inventory and significant development costs.

In September 2022, following a housing study which indicated the need for over 1.100 housing units before the year 2030, the Dubuque City Council approved the expansion of incentives to be offered to developers of housing units. This slate of incentives included the creation of Urban Revitalization Areas in order to facilitate the development of multifamily housing.

Previously, Urban Revitalization Areas had been used in Dubuque for low-income housing tax credit projects; however, the Council approved the use of Urban Revitalization Areas for market-rate and workforce housing per Iowa Code Chapter 404.

At that time, the recommended abatement schedule for market-rate units was a declining scale over a ten-year period. However, due to the ongoing dearth of housing inventory, the decreased value of abatement under Chapter 404 due to the school district levy being excluded from the allowed abatement, and significant development costs for a proposed project along Cedar Cross Road, including off-site public improvements on the street and for sanitary sewer extensions – staff is recommending the creation of an Urban Revitalization Area that provides ten years of 100% abatement on the increased value of the property.

From 2010 to 2020, according to the US Census Bureau, of the 99 counties in the State of Iowa only 30 grew in population, and only 8 of those grew by more than 5,000 people. Of those 8 counties that grew by more than 5,000 people only Dubuque County (City of Dubuque) and Scott County (City of Davenport) were outside the Polk County (City of Des Moines)/Story County (City of Ames) and Johnson County (City of Iowa City)/ Linn County (City of Cedar Rapids) corridors.

From 2020 to 2024, according to the US Census Bureau's Vintage 2024 population estimates, only 7 counties in the State of Iowa showed a population increase of more than 900 people, and only Dubuque County (+934) was outside the Polk County/Story County and Johnson County/Linn County corridors.

This means that according to the US Census Bureau Dubuque County population grew by almost 6,000 people from 2010 to 2024, approaching 100,000 population.

Since July 1, 2022, Greater Dubuque Development Corporation reports there has been over $805 million in new construction in Dubuque County creating over 1,000 jobs.

The Long-Range Planning Advisory Commission, finding consistency with the 2017 Imagine Dubuque Comprehensive Plan, voted 4-0-2 to recommend approval.

A development agreement with the developer, CCI5, LLC, has been approved by City Council.

I concur with the recommendation and respectfully request Mayor and City Council approval.

SUBJECT: Resolution Adopting the Cedar Cross Road Urban Revitalization Plan

DATE: May 27, 2025

INTRODUCTION

This memorandum is a request for the City Council a Resolution adopting the Cedar Cross Road Urban Revitalization Plan.

BACKGROUND

In September 2022, following a housing study which indicated the need for over 1.100 housing units before the year 2030, the Dubuque City Council approved the expansion of incentives to be offered to developers of housing units. This slate of incentives included the creation of Urban Revitalization Areas in order to facilitate the development of multifamily housing.

Previously, Urban Revitalization Areas had been used in Dubuque for low-income housing tax credit projects; however, the Council approved the use of Urban Revitalization Areas for market-rate and workforce housing per Iowa Code Chapter 404.

DISCUSSION

At that time, the recommended abatement schedule for market-rate units was a declining scale over a ten-year period. However, due to the ongoing dearth of housing inventory, the decreased value of abatement under Chapter 404 due to the school district levy being excluded from the allowed abatement, and significant development costs for a proposed project along Cedar Cross Road, including off-site public improvements on the street and for sanitary sewer extensions – staff is recommending the creation of an Urban Revitalization Area that provides ten years of 100% abatement on the increased value of the property.

The Long Range Planning Advisory Commission has reviewed the proposed plan for the Cedar Cross Road Urban Revitalization Area for consistency with the 2017 Imagine Dubuque Comprehensive Plan in accordance with Section 15-2-13G of the City Code. By a vote of 4-0-2, the Commission recommends approval of the Urban Revitalization Plan for the creation of the Cedar Cross Road Urban Revitalization District.

A development agreement with the developer, CCI5, LLC, has been approved by City Council.

RECOMMENDATION

I recommend the City Council adopt the attached Resolution adopting the Cedar Cross Road Urban Revitalization Plan.

Cedar Cross Road Urban Revitalization Plan

1.0 Introduction

The following plan describes certain provisions of the Iowa Urban Revitalization Act for the Cedar Cross Road Urban Revitalization Area.

The State of Iowa, under Iowa Code Chapter 404, allows cities to designate areas as urban revitalization districts. Under this Act, improvements to qualified areas may receive a total or partial exemption from property taxes for a specified number of years. The exemptions are intended to stimulate private investment by the reduction of tax increases related to property improvements.

Once an area is deemed to meet the requirements established in Chapter 404, a plan must be established which identifies the district boundaries, property owners, existing conditions, proposed plans, and the basic abatement provisions for the revitalization area.

Iowa Code Chapter 404.1 lists five reasons for which a city or county may establish urban revitalization plans. These include:

1. The existence of numerous buildings that are dilapidated or deteriorated, detrimental to the public health, safety or welfare of the area
2. An area challenged by the presence of a substantial number of deteriorated or deteriorating structures along with additional other defective or unsafe conditions impairing the provision of housing
3. An area in which there is a predominance of buildings or improvements which by reason of age, history, architecture or significance should be preserved or restored to productive use.
4. An area which is appropriate as an economic development area as defined in section 403.17.
5. An area designated as appropriate for public improvements related to housing and residential development, or construction of housing and residential development, including single or multifamily housing.

The Cedar Cross Road Urban Revitalization Plan will be based upon the need for construction of housing and residential development.

2.0 The Area

2.1 Location

Exhibit A identifies the location of the Revitalization District in the City of Dubuque. The area encompasses three undeveloped parcels situated on Cedar Cross Road.

2.2 Zoning

Lot 1, Lot 2 and Lot 3 of Cedar Ridge Commercial Park in the City of Dubuque, Iowa, are zoned PR Planned Residential PUD and allows for multi-family structures.

2.3 Existing and Proposed Land Use

The existing land use of the property is vacant and consists of grassland.

The proposed land use is multi-residential for multi-family structures.

2.4 Assessed Valuation and Owners of Records

Legal Description	Owner of Record	Land Value	Building Value	Dwelling Value	Total Value
Lot 1, Lot 2 and Lot 3 Cedar Ridge Commercial Park	**CC15, LLC**	**$309,700**	**$0**	**$0**	**$309,700**

2.5 City Services

This area is served by city services.

3.0 Relocation

No relocation should occur due to the rehabilitation of the parcels identified for expansion of this district. Should relocation occur because of rehabilitation in the proposed district, the person(s) causing a qualified tenant to be displaced shall pay all the relocation costs of the tenant as a condition for receiving a tax-exemption under Iowa Code Section 404.3. "Qualified tenant" shall mean the legal occupant of a residential dwelling unit which is located within this designated revitalization area and who has occupied the same dwelling unit continuously for one year prior to the city's adoption of this plan pursuant to Iowa Code Section 404.2.

4.0 Qualification of Areas

This revitalization area is for new construction on undeveloped or underdeveloped parcels, of multi-family housing units. Only parcels properly zoned and provide new housing units are eligible.

Parcels in the Cedar Cross Road Urban Revitalization Area that are not in need of economic development for the purposes of new construction multi-family housing as provided for in this plan are excluded from eligibility for tax incentives provided for in this plan.

There are housing, retail and commercial properties in the immediate surrounding areas.

The Revitalization Area is adjacent to several retail establishments. Within one mile of the Revitalization Area there is a grocery store, pharmacy, local transit, and restaurants.

Additionally, there are several employment opportunities within one mile of the Revitalization Area, which include the establishments listed above as well as several commercial employers within four miles.

4.1 Historic Significance

The Cedar Cross Road Urban Revitalization Area has historically been used as farmland. A farmhouse on the site was demolished May 14, 2013. There have been no buildings constructed on the qualifying parcels to date.

5.0 Revitalization Program

5.1 Tax Exemption

a) New construction multi-family residential property assessed as residential will be eligible for property tax exemption. The property tax exemption will be in accordance with the Code of Iowa, Chapter 404.3(4), providing for a ten-year, 100% exemption of the actual value added by the improvements.

b) "Qualified real estate" means real property, other than land, which is located in a designated revitalization area and to which improvements have been added, during the time the area was so designated, which have increased the actual value by at least ten percent in the case of real property assessed as residential.

c) Property tax exemption shall be available only for 'new construction'. "Actual value added" means the actual value added as of the first year for which the exemption was received as certified by the City Assessor.

d) Any construction or improvements that were assessed before the area was officially designated will not be eligible for exemption. Construction beginning greater than one year prior to the area becoming designated will not be eligible for exemption. All exemptions existing at the time of the repeal of the Cedar Cross Road Urban Revitalization District shall continue until their expiration.

e) New Construction must result in a structure meeting applicable building, plumbing, mechanical, electrical, and other code requirements of the City of Dubuque.

f) The actual value of the improvements must result in an increase in assessed value as stated above in (b). Each year that an application is made for tax exemption, the assessed value must have increased in that year by the required percentage.

g) The area will become a Revitalization Area commencing upon the adoption of the ordinance approving this Revitalization Area by the City Council. The

designation of the Cedar Cross Road Urban Revitalization Area will remain in effect until the desired level of revitalization has been attained. Upon repeal of the ordinance establishing this revitalization area, all existing exemptions would continue until their previously established expiration date.

h) All rental units created must accept the U.S. Department of Housing and Urban Development housing assistance in the form of Housing Choice Vouchers that are administered through the City of Dubuque Public Housing Authority to be eligible for the tax abatement, for all ten years of the abatement period. Denying a prospective tenant based on their source of income will terminate eligibility for tax abatement under this plan.

5.2 Availability of funding

There are two active programs, which may provide a source of funding for residential housing units should they transition to affordable units according to the U.S. Department of Housing and Urban Development Area Median Income limits for the City of Dubuque. These include Community Development Block Grant Funds (CDBG) and Housing Tax Increment Financing.

6.0 Application Procedure

This area, upon designation, will follow the procedures for application and granting property tax exemption within the City of Dubuque.

a) The property owner must apply for an exemption by February 1st of the assessment year for which the exemption is first claimed, but not later than the year in which all the improvements included in the project are first assessed for taxation, or the following two assessment years, in which case the exemption is allowed for the total number of years in the exemption schedule. Upon the request of the owner, the governing body of the City may provide by resolution that the owner may file an application no later than February 1 of the tenth assessment year.

b) The application must contain, at a minimum, the following (if applicable):
   a. The nature of the improvements,
   b. The cost of the improvements,
   c. The actual or estimated date of completion, and
   d. The tenants occupying the property as of the date of the City's resolution adopting this plan.

c) The city reviews all applications to determine whether the improvement project conforms to the revitalization plan, is within a designated area, and if the improvements were made during the appropriate period. If the project meets all three criteria, the City shall forward the application to the assessor

by March 1st, with a statement as to which exemption applies. Applications for exemptions for succeeding years on approved projects are not required.

d) The local assessor shall review each application by making a physical review of the property, to determine if the improvements made increased the actual value of the qualified real estate by at least ten percent in the case of real property assessed as residential property. If the assessor determines that the actual value of that real estate has increased by at least the requisite percent, the assessor shall certify the property valuation, determined pursuant to the tax exemption schedule, to the County Auditor at the time of transmitting the assessment rolls. The assessor shall notify the applicant of the determination, and the assessor's decision may be appealed to the local board of review at the time specified in Iowa Code. The property owner may also refile an application in a subsequent year after additional improvements have been made.

e) After the tax exemption is granted, the assessor shall continue to grant the tax exemption, with periodic physical review by the assessor, for the ten-year time specified in the tax exemption schedule.

f) An application for exemption received by February 1 in any year after the year in which the improvement was completed and first assessed for taxation, is a late application. Late application may be made in any year up to the tenth year following completion of the improvement. The exemption period will be the remainder of the ten-year period, which began upon completion of the improvement, except the total number of years in the exemption schedule will be allowed if a claim for exemption is filed within two years of the February 1 filing deadline.

7.0 Conclusion

The proposed urban revitalization district will encourage new construction to provide needed housing units. After the ten-year abatement period lapses, the full assessed value of the property will go on the tax rolls to the benefit of the entire community.

RESOLUTION NO. ___-25

APPROVING THE URBAN REVITALIZATION PLAN FOR THE CEDAR CROSS ROAD URBAN REVITALIZATION AREA

WHEREAS, by Resolution No. 165-25, adopted May 19th, 2025, the City Council of the City of Dubuque, Iowa authorized the preparation of an Urban Revitalization Plan for the Cedar Cross Road Urban Revitalization Area; and

WHEREAS, the City of Dubuque's primary objective for the Urban Revitalization Plan is to provide opportunities which will further economic development purposes and objectives and remediate blighting conditions; and

WHEREAS, housing creation remains a priority for the City Council of the City of Dubuque, Iowa; and

WHEREAS, Lot 1, Lot 2 and Lot 3 of Cedar Ridge Commercial Park in the City of Dubuque, Iowa, according to the recorded plat thereof, is the location of a proposed 180-unit apartment development by CCI5, LLC (the Property) in the proposed Cedar Cross Road Urban Revitalization Area; and

WHEREAS, pursuant to published notice, a public hearing was held on June 2nd, 2025 at 6:30 p.m. on the proposed Cedar Cross Road Urban Revitalization Area Urban Revitalization Plan.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the Cedar Cross Road Urban Revitalization Area Urban Revitalization Plan, on file in the City Clerk's Office and made reference to herein, is hereby approved.

Section 2. That the City Clerk of the City of Dubuque, Iowa is hereby authorized and directed to file a certified copy of this Resolution in the Office of the Dubuque County Auditor.

Passed, approved and adopted this 2nd day of June, 2025.

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Resolution Approving a Development Agreement with 1301 Central, LLC

DATE: May 28, 2025

Economic Development Director Jill Connors is recommending City Council approval of a Resolution approving a Development Agreement including the issuance of Urban Renewal Tax Increment Revenue Grant Obligations (TIF), by and between the City of Dubuque, Iowa and 1301 Central, LLC for the redevelopment of 1301 Central Avenue.

Developer is proposing to create thirty new residential rental units in the upper stories as well as seven commercial storefronts on the first floor. The project will cost approximately $8 million dollars and represents a major investment in the downtown area.

Key elements of the Development Agreement are as follows:

1. Developer to make a capital investment of approximately $8 million dollars to create thirty new residential rental units and seven commercial storefronts.
2. City to award a Downtown Rehabilitation Grant in an amount not to exceed $35,000, for costs associated with the restoration of the building's façade.
3. City to award a Downtown Housing Creation Grant in an amount not to exceed $300,000 ($10,000 per unit up to 30 units).
4. City to award a 15-year tax increment financing incentive in the form of semi-annual rebates. It is expected the tax increment financing incentive will likely not exceed $1,000,000.

The Development Agreement requires Developer to accept applications from prospective tenants with housing choice vouchers (issued under the U.S. HUD's Section 8 voucher program or a similar program) who are otherwise qualified prospective tenants.

I concur with the recommendation and respectfully request Mayor and City Council approval.

TO: Michael C. Van Milligen, City Manager

FROM: Jill M. Connors, Economic Development Director

SUBJECT: Resolution Approving a Development Agreement with 1301 Central, LLC

DATE: May 27, 2025

INTRODUCTION

This memorandum presents for review and approval a Resolution approving a Development Agreement by and between the City of Dubuque, Iowa and 1301 Central, LLC for the redevelopment of 1301 Central Avenue.

BACKGROUND

1301 Central, LLC, as Developer, intends to transform the property into market rate residential rental units. The project, utilizing historic tax credits, will also restore the façade of the building. The property, formerly owned by Heartland Financial, has remained largely vacant since the company moved into the Roshek Building on Locust Street in 2020.

DISCUSSION

Developer is proposing to create thirty new residential rental units in the upper stories as well as seven commercial storefronts on the first floor. The project will cost approximately $8 million dollars and represents a major investment in the downtown area.

Key elements of the Development Agreement are as follows:

1. Developer to make a capital investment of approximately $8 million dollars to create thirty new residential rental units and seven commercial storefronts.
2. City to award a Downtown Rehabilitation Grant in an amount not to exceed $35,000, for costs associated with the restoration of the building's façade.
3. City to award a Downtown Housing Creation Grant in an amount not to exceed $300,000 ($10,000 per unit up to 30 units).

4. City to award a 15-year tax increment financing incentive in the form of semi-annual rebates. It is expected the tax increment financing incentive will likely not exceed $1,000,000.

The Development Agreement requires Developer to accept applications from prospective tenants with housing choice vouchers (issued under the U.S. HUD's Section 8 voucher program or a similar program) who are otherwise qualified prospective tenants.

RECOMMENDATION

I recommend City Councill adopt the attached Resolution approving the Development Agreement including the issuance of Urban Renewal Tax Increment Revenue Grant Obligations (TIF).

DEVELOPMENT AGREEMENT
BY AND BETWEEN
THE CITY OF DUBUQUE, IOWA
AND
1301 CENTRAL, LLC

This Development Agreement (Agreement) dated for reference purposes the _____ day of _____, 2025 is made and entered into by and between the City of Dubuque, Iowa (City), and 1301 Central, LLC (Developer).

WHEREAS, Developer is the owner of the real estate locally known as 1301 Central Avenue, Dubuque, Iowa and legally described as follows (the Property):

TRACT I.
Lot 1, Lot 2, and Lot 2 of Lot 3 all of the subdivision of the south half of Out Lot 456, in the City of Dubuque, Iowa according to the recorded Plats of said respective Subdivision.

TRACT II.
The Middle 1/5 of Out Lot 449 in the City of Dubuque, Iowa, according to the United States Commissioners' Map thereof.
The South ½ of the North Middle 1/5 of Out Lot 449, in the City of Dubuque, Iowa, according to the United States Commissioners' Map thereof.
The North 1/5 and the North ½ of the North Middle 1/5 of Out Lot 449 in the City of Dubuque, Iowa, according to the United States Commissioners' Map thereof.
Lot 4 of the South ½ of Out Lot 456, and
Lot 1 of Lot 3 of the South ½ of Out Lot 456, in the City of Dubuque, Iowa, according to the recorded Plats thereof.
The Southerly 2/5ths of Out Lot 449 in the City of Dubuque, Iowa, according to the United States Commissioners' Map of the Survey of Said Town of Dubuque, Iowa.

TRACT III.
The North ½ of the Middle 1/5 of Out Lot 456 in the City of Dubuque, Iowa, according to the United States Commissioners' Map thereof.

Tract IV.
City Lot 449A in the City of Dubuque, Iowa, according to the Plat recorded as Instrument #16133-02, records of Dubuque County, Iowa.

; and

WHEREAS, the Property is located in the Greater Downtown Urban Renewal District (the District) which has been so designated by City Council Resolution 123-67, on May 18, 1967 as a slum and blighted area (the Project Area) defined by Iowa Code Chapter 403 (the Urban Renewal Law); and

WHEREAS, Developer will undertake the redevelopment of a building (the Building) located on the Property (the Project) and will be operating the same during the term of this Agreement; and

WHEREAS, the Building is historically significant and it is in the City's best interest to preserve the Building; and

WHEREAS, pursuant to Iowa Code Section 403.6(1), and in conformance with the Urban Renewal Plan for the Project Area adopted on May 18, 1967 and last amended on April 21, 2025, City has the authority to enter into contracts and agreements to implement the Urban Renewal Plan, as amended; and

WHEREAS, the Dubuque City Council believes it is in the best interests of the City to encourage Developer in the development of the Property by providing certain incentives as set forth herein.

NOW, THEREFORE, the parties to this Development Agreement, in consideration of the promises, covenants and agreements made by each other, do hereby agree as follows:

SECTION 1. REPRESENTATIONS AND WARRANTIES

1.1 Representations and Warranties of City. In order to induce Developer to enter into this Agreement, City hereby represents and warrants to Developer that to the best of City's knowledge:

(1) City has duly obtained all necessary approvals and consents for its execution, delivery and performance of this Agreement and that it has full power and authority to execute, deliver and perform its obligations under this Agreement. City's attorney shall issue a legal opinion to Developer at the time of closing confirming the representations contained herein, in the form attached hereto as Exhibit A.

(2) City shall exercise its best efforts to cooperate with Developer in the development process.

(3) City shall exercise its best efforts to resolve any disputes arising during the development process in a reasonable and prompt fashion.

(4) The execution and delivery of this Agreement, the consummation of the transactions contemplated hereby, and the fulfillment of or compliance with the terms and conditions of this Agreement are not prevented by, limited by, in conflict with, or result in a violation or breach of, the terms, conditions or provisions of the charter of City, any evidence of indebtedness, agreement or instrument of whatever nature to which City is now a party or by which it or its property is bound, or constitute a default under any of the foregoing.

(5) There are no actions, suits or proceedings pending or threatened against or affecting City in any court or before any arbitrator or before or by any governmental body in which there is a reasonable possibility of an adverse decision which could materially adversely affect the financial position or operations of City, or which affects the validity of the Agreement or City's ability to perform its obligations under this Agreement.

(6) No ordinance or hearing is now before any local governmental body that either contemplates or authorizes any public improvements or special tax levies, the cost of which may be assessed against the Property. To the best of City's knowledge, there are no plans or efforts by any government agency to widen, modify, or re-align any street or highway providing access to the Property and there are no pending or intended public improvements or special assessments affecting the Property which will result in any charge or lien be levied or assessed against the Property.

(7) The representations and warranties contained in this section shall be correct in all respects on and as of the Closing Date with the same force and effect as if such representations and warranties had been made on and as of the Closing Date.

(8) As of the date of this Agreement there has been prepared and approved by City an Urban Renewal Plan for the Project Area consisting of the Urban Renewal Plan for the Greater Downtown Urban Renewal Plan, most recently approved by City Council of City on April 21, 2025, and as subsequently amended through and including the date hereof, attached as Exhibit E (the Urban Renewal Plan). A copy of the Urban Renewal Plan, as constituted on the date of this Agreement and in the form attached hereto, has been recorded among the land records in the office of the Recorder of Dubuque County, Iowa.

1.2 Representations and Warranties of Developer. The Developer makes the following representations and warranties:

(1) Developer is a limited liability corporation duly organized and validly existing under the laws of the State of Iowa and has all requisite power and authority to own and operate its properties, to carry on its business as now conducted and as presently proposed to be conducted, and to enter into and perform its obligations under this Agreement.

(2) This Agreement has been duly authorized, executed and delivered by Developer and, assuming due authorization, execution and delivery by City, is in full force and effect and is a valid and legally binding instrument of Developer enforceable in accordance with its terms, except as the same may be limited by bankruptcy, insolvency, reorganization or other laws relating to or affecting creditors' rights generally. Developer's counsel shall issue a legal opinion to City, at the time of closing, confirming the representations contained herein, in the form attached hereto as Exhibit B.

(3) The execution and delivery of this Agreement, the consummation of the transactions contemplated hereby, and the fulfillment of or compliance with the terms and conditions of this Agreement are not prevented by, limited by, in conflict with, or result in a violation or breach of, the terms, conditions or provisions of the articles of incorporation or the bylaws of Developer or any contractual restriction, evidence of indebtedness, agreement or instrument of whatever nature to which Developer is now a party or by which it or its property is bound, or constitute a default under any of the foregoing.

(4) There are no actions, suits or proceedings pending or threatened against or affecting Developer in any court or before any arbitrator or before or by any governmental body in which there is a reasonable possibility of an adverse decision which could materially adversely affect the business, financial position or result of operations of Developer or which affects the validity of the Agreement or Developer's ability to perform its obligations under this Agreement.

(5) Developer will perform its obligations under this Agreement in accordance with the material terms of this Agreement, the Urban Renewal Plan and all local, state and federal laws and regulations.

(6) Developer will use its best efforts to obtain, or cause to be obtained, in a

timely manner, all material requirements of all applicable local, state, and federal laws and regulations which must be obtained or met.

(7) Developer has firm commitments for permanent financing for the Project in an amount sufficient, together with equity commitments, to successfully complete the requirements of this Agreement and shall provide evidence thereof to City prior to the Public Hearing.

1.3 Closing. The closing shall take place on the Closing Date which shall be the 5th day of August, 2025, or such other date as the parties shall agree in writing but in no event shall the Closing Date be later than the 28th day of August, 2025. Consummation of the closing shall be deemed an agreement of the parties to this Agreement that the conditions of closing shall have been satisfied or waived.

1.4 Conditions to Closing. The closing of the transaction contemplated by this Agreement and all the obligations of Developer under this Agreement are subject to fulfillment, on or before the Closing Date, of the following conditions:

(1) The representations and warranties made by City in Section 1.1 shall be correct as of the Closing Date with the same force and effect as if such representations were made at such time. At the closing, City shall deliver a certificate to that effect in the form of Exhibit C.

(2) Developer shall have the right to terminate this Agreement at any time prior to the consummation of the closing on the Closing Date if Developer determines in its sole discretion that conditions necessary for the successful completion of the Project contemplated herein have not been satisfied in Developer's sole discretion. Upon the giving notice of termination by Developer to City, this Agreement shall be deemed null and void.

(3) Developer and City shall be in material compliance with all the terms and provisions of this Agreement.

(4) Developer shall have furnished City with evidence, prior to the Public Hearing, in a form satisfactory to City (such as a letter of commitment from a bank or other lending institution), that Developer has firm financial commitments in an amount sufficient, together with equity commitments, to complete the Minimum Improvements (as defined herein) in conformance with the Construction Plans (as defined herein), or City shall have received such other evidence of Developer's financial ability as City in its reasonable judgment City requires.

(5) Developer's counsel shall issue a legal opinion to City confirming the representations contained herein in the form attached hereto as Exhibit B.

(6) Developer shall deliver a signed acknowledgement committing to provide and maintain the insurance requirements as indicated in Section 5.6 of this Agreement in the form attached hereto as Exhibit H.

1.5 City's Obligations at Closing. At or prior to the Closing Date, City shall deliver to Developer such other documents as may be required by this Agreement, all in a form satisfactory to Developer.

SECTION 2. DEVELOPMENT ACTIVITIES

2.1 Required Minimum Improvements. Developer will make a capital investment of approximately Eight Million Dollars ($8,000,000.00) to improve the Building (the Minimum Improvements). The Minimum Improvements include creating thirty (30) new residential units and rehabilitating the Building façade including doors and windows.

2.2 Plans for Construction of Minimum Improvements. Plans and specifications with respect to the development of the Property and the construction of the Minimum Improvements thereon (the Construction Plans) shall be in conformity with Urban Renewal Plan, this Agreement, and all applicable state and local laws and regulations, including but not limited to any covenants, conditions, restrictions, reservations, easements, liens and charges, recorded in the records of Dubuque County, Iowa. Developer shall submit to City, for approval by City, plans, drawings, specifications, and related documents with respect to the improvements to be constructed by Developer on the Property. All work with respect to the Minimum Improvements shall be in substantial conformity with the Construction Plans approved by City.

2.3 Timing of Improvements. Developer hereby agrees that construction of the Minimum Improvements on the Property shall begin by September 1, 2025, and shall be substantially completed by December 31, 2026. The time for the performance of these obligations shall be suspended due to unavoidable delays meaning delays, outside the control of the party claiming its occurrence in good faith, which are the direct result of strikes, other labor troubles, unusual shortages of materials or labor, unusually severe or prolonged bad weather, acts of God, fire or other casualty to the Minimum Improvements, litigation commenced by third parties which, by injunction or other similar judicial action or by the exercise of reasonable discretion directly results in delays, or acts of any federal, state or

local government which directly result in extraordinary delays. The time for performance of such obligations shall be extended only for the period of such delay.

2.4 Certificate of Completion. Promptly following the request of Developer upon completion of the Minimum Improvements, City shall furnish Developer with an appropriate instrument so certifying. Such certification (the Certificate of Completion) shall be in the form attached as Exhibit I and shall be a conclusive determination of the satisfaction of Developer's obligations to make the Minimum Improvements under this Agreement and completion of the Minimum Improvements by Developer as required by this Agreement.

2.5 Security Cameras. Developer shall install security cameras on the exterior of all buildings on the Property and register said cameras with the "Secure Dubuque Personal Surveillance System" described at https://cityofdubuque.org/2980/Secure-Dubuque.

SECTION 3. CITY PARTICIPATION

3.1 Economic Development Grants to Developer. For and in consideration of Developer's obligations hereunder, and in furtherance of the goals and objectives of the urban renewal plan for the Project Area and the Urban Renewal Law, City agrees, subject to Developer being and remaining in compliance with the terms of this Agreement, to make thirty (30) consecutive semi-annual payments (such payments being referred to collectively as the Economic Development Grants) to Developer:

November 1, 2028	May 1, 2029
November 1, 2029	May 1, 2030
November 1, 2030	May 1, 2031
November 1, 2031	May 1, 2032
November 1, 2032	May 1, 2033
November 1, 2033	May 1, 2034
November 1, 2034	May 1, 2035
November 1, 2035	May 1, 2036
November 1, 2036	May 1, 2037
November 1, 2037	May 1, 2038
November 1, 2038	May 1, 2039
November 1, 2039	May 1, 2040
November 1, 2040	May 1, 2041
November 1, 2041	May 1, 2042
November 1, 2042	May 1, 2043

pursuant to Iowa Code Section 403.9 of the Urban Renewal Law, in amounts equal to a

portion of the tax increment revenues collected by City under Iowa Code Section 403.19 (without regard to any averaging that may otherwise be utilized under Iowa Code Section 403.19 and excluding any interest that may accrue thereon prior to payment to Developer) during the preceding six-month period in respect of the Minimum Improvements constructed by Developer (the Developer Tax Increments). For purposes of calculating the amount of the Economic Development Grants provided in this Section, the Developer Tax Increments shall be only those tax increment revenues collected by City in respect of the increase in the taxable value of the Property above the assessed value on January 1, 2025 of One Million Thirty-Seven Thousand One Hundred Dollars ($1,037,100) (the Baseline Valuation). The Developer Tax Increments shall not include (i) any property taxes collected for the payment of bonds and interest of each taxing district, (ii) any taxes for the regular and voter-approved physical plant and equipment levy, (iii) the remaining actual amount of tax increment revenues collected by City in respect of the valuations of the Property prior to January 1, 2025 and (iv) any other portion required to be excluded by Iowa law, and thus such incremental taxes will not include all amounts paid by Developer as regular property taxes.

3.2 To fund the Economic Development Grants, City shall certify to the County prior to December 1, 2026 its request for the available Developer Tax Increments resulting from the assessments imposed by the County as of January 1 of that year and each year thereafter until and including January 1, 2043, to be collected by City as taxes are paid during the following fiscal year and which shall thereafter be disbursed to the Developer on November 1 and May 1 of that fiscal year. (Example: if City certifies in December, 2026, the Economic Development Grants in respect thereof would be paid to the Developer on November 1, 2028, and May 1, 2029.)

3.3 The Economic Development Grants shall be payable from and secured solely and only by the Developer Tax Increments paid to City that, upon receipt, shall be deposited and held in a special account created for such purpose and designated as the 1301 Central, LLC TIF Account of City. City hereby covenants and agrees to maintain its TIF ordinance in force during the term hereof and to apply the incremental taxes collected in respect of the Minimum Improvements and allocated to the 1301 Central, LLC TIF Account to pay the Economic Development Grants, as and to the extent set forth in Section 3.1 hereof. The Economic Development Grants shall not be payable in any manner by other tax increments revenues, or by general taxation or from any other City funds. City makes no representation with respect to the amounts that may be paid to Developer as the Economic Development Grants in any one year and under no circumstances shall City in any manner be liable to Developer so long as City timely applies the Developer Tax Increments actually collected and held in the 1301 Central, LLC TIF Account (regardless of

the amounts thereof) to the payment of the Economic Development Grants to Developer as and to the extent described in this Section.

3.4 City shall be free to use any and all tax increment revenues collected in respect of other properties within the Project Area and the remaining actual amount of the property taxes paid by Developer to City, or any available Developer Tax Increments resulting from the termination of the annual Economic Development Grants under Section 3.1 hereof, for any purpose for which such tax increment revenues may lawfully be used pursuant to the provisions of the Urban Renewal Law, and City shall have no obligations to Developer with respect to the use thereof.

3.5 Downtown Housing Incentive.

(1) City agrees to provide to Developer on the terms and conditions set forth in the Downtown Housing Incentive Program attached hereto as Exhibit F, a grant in an amount not to exceed Three Hundred Thousand Dollars ($300,000.00) (the Housing Incentive Grant).

(2) Grant funds will not be disbursed to Developer until City has issued a Certificate of Completion for the Project. The Grant shall be paid in Ten Thousand Dollar ($10,000.00) payments for each apartment that receives a Certificate of Completion up to a maximum of thirty apartments. Prior to the disbursement of any funds, Developer shall provide evidence satisfactory to City that the Minimum Improvements have been completed in accordance with the Plans and other documentation submitted to City with the Downtown Housing Assistance application.

3.6 Downtown Rehabilitation Grant. City agrees to provide a matching (1:1) grant (the Downtown Rehabilitation Grant) not to exceed Thirty-Five Thousand Dollars ($35,000) to reimburse Developer for documented costs related to the following eligible activities: for each parcel as follows:

(1) Planning & Design predevelopment costs, architectural and engineering fees and other authorized soft costs associated with the rehabilitation of the Development Property on the terms and conditions set forth by the State Historic Preservation Office, as set forth in Exhibit G.

(2) Façade documented costs that improve the overall appearance of the Development Property, provided the Project meets the criteria of the Façade Grant Program and on the terms and conditions set forth by the State Historic Preservation Office, as set forth in Exhibit G.

(3) Financial Consultant documented costs related to hiring a financial consultant to evaluate the Project's feasibility on the terms and conditions set forth in Exhibit G.

3.8 Payment of the Grants. The Grants shall be payable as follows:

(1) Any and all portions of the Grants shall be funded solely and only from available Program funds;

(2) Prior to the release of any grant funds, (i) Developer shall have submitted documentation of its eligible expenses under the corresponding eligible activity;

(3) City shall have issued a Certificate of Completion; and

(4) The Grant funds shall be disbursed directly to Developer.

SECTION 4. NON- APPROPRIATION / LIMITED SOURCE OF FUNDING.

4.1 Non-Appropriation.

(1) Notwithstanding anything in this Agreement to the contrary, the obligation of City to pay any installment of the Economic Development Grants from the pledged tax increment revenues shall be an obligation limited to currently budgeted funds, and not a general obligation or other indebtedness of City or a pledge of its full faith and credit within the meaning of any constitutional or statutory debt limitation, and shall be subject in all respects to the right of non-appropriation by the City Council of City as provided in this Section. City may exercise its right of non-appropriation as to the amount of the installments to be paid during any fiscal year during the term of this Agreement without causing a termination of this Agreement. The right of non-appropriation shall be exercised only by resolution affirmatively declaring City's election to non-appropriate funds otherwise required to be paid in the next fiscal year under this Agreement.

(2) In the event the City Council of City elects to not appropriate sufficient funds in the budget for any future fiscal year for the payment in full of the installments on the Economic Development Grants due and payable in that future fiscal year, then City shall have no further obligation to Employer or Developers for the payment of any installments due in that future fiscal year which cannot be paid with the funds then appropriated for that purpose.

4.2 The right of non-appropriation reserved to City in this Section is intended by the parties, and shall be construed at all times, so as to ensure that City's obligation to pay future installments on the Economic Development Grants shall not constitute a legal indebtedness of City within the meaning of any applicable constitutional or statutory debt limitation prior to the adoption of a budget which appropriates funds for the payment of that installment or amount. In the event that any of the provisions of this Agreement are determined by a court of competent jurisdiction to create, or result in the creation of, such a legal indebtedness of City, the enforcement of the said provision shall be suspended, and the Agreement shall at all times be construed and applied in such a manner as will preserve the foregoing intent of the parties, and no event of default shall be deemed to have occurred as a result thereof. If any provision of this Agreement or the application thereof to any circumstance is so suspended, the suspension shall not affect other provisions of this Agreement which can be given effect without the suspended provision, and to this end the provisions of this Agreement are severable.

SECTION 5. COVENANTS OF DEVELOPER

5.1 The Minimum Improvements shall conform to the U.S. Secretary of the Interior's Standards for Rehabilitation.

5.2. Operation of Property.

(1) Housing Vouchers. For and in consideration of the Grant offered under this Agreement, during the operation of the Development Property as a rental residential property, Developer shall accept, or cause to be accepted, applications from prospective tenants with housing vouchers issued under the U.S. HUD's Section 8 voucher program or a similar program who are otherwise qualified prospective tenants. Developer shall not deny any tenant a lease based on a public assistance source of income. A public assistance source of income means income and support derived from any tax supported federal, state or local funds, including, but not limited to, social security, supplemental security income, temporary assistance for needy families, family investment program, general relief, food stamps, and unemployment compensation, housing choice voucher subsidies and similar rent subsidy programs. This Section 5.2 shall survive the termination of this Agreement. If Developer or Developer's successors or assigns violates the requirements of this Section 5.2 as determined by the City Manager in the City Manager's sole discretion after the termination of this Agreement, Developer or Developer's successors or assigns shall not be eligible for any City financial assistance programs.

(2) Short-Term Rental. For and in consideration of the Grant offered under this Agreement, during the operation of the Development Property as residential rental property and during the term of this Agreement, no residential rental unit shall be leased to any tenant for an initial term of fewer than thirty (30) days, and no portion of the Development Property may be used for short-term rental purposes. Developer agrees to include similar prohibitions regarding short-terms rentals in each lease agreement for each residential rental unit of the Development Property during the term of this Agreement. Developer further agrees to include such prohibitions in each and every lease agreement for any residential rental unit of the Development Property for so long as any single residential rental unit of the Development Property remains subject to the terms and conditions of this Agreement.

5.3 Books and Records. During the term of this Agreement, Developer shall keep at all times and make available to City upon reasonable request proper books of record and account in which full, true and correct entries will be made of all dealings and transactions of or in relation to the business and affairs of Developer in accordance with generally accepted accounting principles consistently applied throughout the period involved, and Developer shall provide reasonable protection against loss or damage to such books of record and account.

5.4 Real Property Taxes. Developer shall pay or cause to be paid, when due, all real property taxes and assessments payable with respect to all and any parts of the Property unless Developer's obligations have been assumed by another person pursuant to the provisions of this Agreement.

5.5 No Other Exemptions. During the term of this Agreement, Developer agrees not to apply for any state or local property tax exemptions which are available with respect to the Property or the Minimum Improvements located thereon that may now be, or hereafter become, available under state law or city ordinance during the term of this Agreement, including those that arise under Iowa Code Chapters 404 and 427, as amended.

5.6 Insurance Requirements.

(1) Developer shall provide and maintain or cause to be maintained at all times during the process of constructing the Minimum Improvements and at its sole cost and expense builder's risk insurance, written on a Completed Value Form in an amount equal to one hundred percent (100%) of the Building (including Minimum Improvements) replacement value when construction is completed, naming City as a lender loss payable. Coverage shall include the “special perils” form and developer shall furnish City with proof of insurance in the form of a certificate of insurance.

(2) Upon completion of construction of the Minimum Improvements and up to the Termination Date, Developer shall maintain, or cause to be maintained, at its cost and expense property insurance against loss and/or damage to the Building (including the Minimum Improvements) under an insurance policy written with the “special perils” form and in an amount not less than the full insurable replacement value of the Building (including the Minimum Improvements), listing City as lender loss payable. Developer shall furnish to City proof of insurance in the form of a certificate of insurance.

(3) The term "replacement value" shall mean the actual replacement cost of the building with Minimum Improvements (excluding foundation and excavation costs and costs of underground flues, pipes, drains and other uninsurable items) and equipment, and shall be reasonably determined from time to time at the request of City, but not more frequently than once every three (3) years.

(4) Developer shall notify City immediately in the case of damage exceeding Fifty Thousand Dollars ($50,000) in amount to, or destruction of, the Minimum Improvements or any portion thereof resulting from fire or other casualty. Net proceeds of any such insurance (Net Proceeds), shall be paid directly to Developer as its interests may appear, and Developer shall forthwith repair, reconstruct and restore the Minimum Improvements to substantially the same or an improved condition or value as they existed prior to the event causing such damage and, to the extent necessary to accomplish such repair, reconstruction and restoration, Developer shall apply the Net Proceeds of any insurance relating to such damage received by Developer to the payment or reimbursement of the costs thereof, subject, however, to the terms of any mortgage encumbering title to the Property (as its interests may appear). Developer shall complete the repair, reconstruction and restoration of Minimum Improvements whether or not the Net Proceeds of insurance received by Developer for such purposes are sufficient.

5.7 Preservation of Property. During the term of this Agreement, Developer shall maintain, preserve and keep, or cause others to maintain, preserve and keep, the Minimum Improvements in good repair and working order, ordinary wear and tear accepted, and from time to time shall make all necessary repairs, replacements, renewals and additions.

5.8 Non-Discrimination. In carrying out the project, Developers shall not discriminate against any employee or applicant for employment because of age, color, familial status, gender identity, marital status, mental/physical disability, national origin, race, religion/creed, sex, or sexual orientation.

5.9 Conflict of Interest. Developer agrees that no member, officer or employee of City, or its designees or agents, nor any consultant or member of the governing body of City, and no other public official of City who exercises or has exercised any functions or responsibilities with respect to the project during his or her tenure, or who is in a position to participate in a decision-making process or gain insider information with regard to the project, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed in connection with the project, or in any activity, or benefit therefrom, which is part of this project at any time during or after such person's tenure. In connection with this obligation, Developer shall have the right to rely upon the representations of any party with whom it does business and shall not be obligated to perform any further examination into such party's background.

5.10 Non-Transferability. Until such time as the Minimum Improvements are complete (as certified by City under Section 2.5), this Agreement may not be assigned by Developer nor may the Property be transferred by Developer to another party. Thereafter, with the prior written consent of City, which shall not be unreasonably withheld, Developer shall have the right to assign this Agreement, and upon assumption of the Agreement by the assignee, Developer shall no longer be responsible for its obligations under this Agreement.

5.11 No change in Tax Classification. Developer agrees that it will not take any action to change, or otherwise allow, the classification of the Property for property tax purposes to become other than commercial property and to be taxed as such under Iowa law. This restriction shall terminate upon the termination of this Agreement. However, Developer may apply for a reclassification of the Property in the event Iowa law is modified to allow a building containing four apartments within one building to be classified as residential for property tax purposes.

5.12 Restrictions on Use. Developer agrees for itself, and its successors and assigns, and every successor in interest to the Property or any part thereof, for the duration of this Agreement, that they, and their respective successors and assigns, shall:

(1) Devote the Property to, and only to and in accordance with, the uses specified in the Urban Renewal Plan (and City represents and agrees that use of the Property as a restaurant and upper-story housing, is in full compliance with the Urban Renewal Plan) (however, Developer shall not have any liability to City to the extent that a successor in interest shall breach this covenant and City shall seek enforcement of this covenant directly against the party in breach of same); and

(2) Not discriminate upon the basis of race, religion, color, sex, sexual orientation, gender identity, national origin, age or disability in the sale, lease, rental, use or occupancy of the Property or any improvements erected or to be erected thereon, or any part thereof (however, Developer shall not have any liability to City to the extent that a successor in interest shall breach this covenant and City shall seek enforcement of this covenant directly against the party in breach of same).

5.13 Compliance with Laws. Developer shall comply with all laws, rules and regulations relating to its businesses, other than laws, rules and regulations the failure to comply with or the sanctions and penalties resulting therefrom, would not have a material adverse effect on the business, property, operations, financial or otherwise, of Developer.

SECTION 6. EVENTS OF DEFAULT AND REMEDIES

6.1 Events of Default Defined. The following shall be Events of Default under this Agreement and the term Event of Default shall mean, whenever it is used in this Agreement, any one or more of the following events:

(1) Failure by Developer to pay or cause to be paid, before delinquency, all real property taxes assessed with respect to the Minimum Improvements and the Property.

(2) Failure by Developer to cause the construction of the Minimum Improvements to be commenced and completed pursuant to the terms, conditions and limitations of this Agreement.

(3) Transfer of any interest by Developer of the Minimum Improvements in violation of the provisions of this Agreement prior to the issuance of the final Certificate of Completion.

(4) Failure by Developer or City to substantially observe or perform any other material covenant, condition, obligation or agreement on its part to be observed or performed under this Agreement.

6.2. Remedies on Default by Developer. Whenever any Event of Default referred to in Section 5.1 of this Agreement occurs and is continuing, City, as specified below, may take any one or more of the following actions after the giving of written notice by City to Developer (and the holder of any mortgage encumbering any interest in the Property of which City has been notified of in writing) of the Event of Default, but only if the Event of Default has not been cured within sixty (60) days following such notice, or if the Event of

Default cannot be cured within sixty (60) days and Developer does not provide assurances to City that the Event of Default will be cured as soon as reasonably possible thereafter:

(1) City may suspend its performance under this Agreement until it receives assurances from the Developer deemed adequate by City, that the Developer will cure its default and continue its performance under this Agreement;

(2) Until the Closing Date, City may cancel and rescind this Agreement;

(3) Until issuance of the Certificate of Completion, City shall be entitled to recover from Developer the sum of all amounts expended by City in connection with the funding of the Downtown Rehab Grant and Economic Development Grant to Developer and City may take any action, including any legal action it deems necessary, to recover such amounts from the Developer;

(4) City may withhold the Certificate of Completion; or

(5) City may take any action, including legal, equitable or administrative action, which may appear necessary or desirable to collect any payments due under this Agreement or to enforce performance and observance of any obligation, agreement, or covenant under this Agreement.

6.3 No Remedy Exclusive. No remedy herein conferred upon or reserved to City is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient.

6.4 No Implied Waiver. In the event any agreement contained in this Agreement should be breached by any party and thereafter waived by any other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

6.5 Agreement to Pay Attorneys' Fees and Expenses. If any action at law or in equity, including an action for declaratory relief or arbitration, is brought to enforce or interpret the provisions of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs of litigation from the other party. Such fees and costs of litigation may be set by the court in the trial of such action or by the arbitrator, as the case may be,

or may be enforced in a separate action brought for that purpose. Such fees and costs of litigation shall be in addition to any other relief that may be awarded.

6.6 Remedies on Default by City. If City defaults in the performance of this Agreement, Developer may take any action, including legal, equitable or administrative action that may appear necessary or desirable to collect any payments due under this Agreement, to recover expenses of Developer, or to enforce performance and observance of any obligation, agreement, or covenant of City under this Agreement. Developer may suspend their performance under this Agreement until they receive assurances from City, deemed adequate by Developer, that City will cure its default and continue its performance under this Agreement.

SECTION 7. GENERAL TERMS AND PROVISIONS

7.1 Notices and Demands. Whenever this Agreement requires or permits any notice or written request by one party to another, it shall be deemed to have been properly given if and when delivered in person or three (3) business days after having been deposited in any U.S. Postal Service and sent by registered or certified mail, postage prepaid, addressed as follows:

If to Developer: Chris Miller
1301 Central, LLC
790 Main Street
Dubuque, Iowa 52001

With copy to: Drake Law Firm, P.C.
Flint Drake
300 Main Street, STE 323
Dubuque, IA 52001

If to City: City Manager
50 W. 13th Street
Dubuque, Iowa 52001
Phone: (563) 589-4110
Fax: (563) 589-4149

With copy to: City Attorney
City Hall
50 W. 13th Street
Dubuque IA 52001

or at such other address with respect to either party as that party may, from time to time designate in writing and forward to the other as provided in this Section.

7.2 Binding Effect. This Agreement shall be binding upon and shall inure to the benefit of City and Developer and their respective successors and assigns.

7.3 Force Majeure. A party shall be excused from its obligations under this Agreement if and to the extent and during such time as the party is prevented, impeded, or hindered, unable to perform its obligations or is delayed in doing so due to events or conditions outside of the party's reasonable control and after the party has taken reasonable steps to avoid or mitigate such event or its consequences (each a "Force Majeure Event") including, without limitation in any way, as the result of any acts of God, war, fire, or other casualty, riot, civil unrest, extreme weather conditions, terrorism, strikes and/or labor disputes, pandemic, epidemic, quarantines, government stay-at-home orders, municipal and other government orders, failure of Internet, or other matter beyond the control of such party. Upon the occurrence of a Force Majeure Event, the party incurring such Force Majeure Event will promptly give notice to the other party identifying the Force Majeure Event, explaining how it impacts performance and the estimated duration, identifying the relief requested, agreeing to limit damages to the other party and to immediately resume performance upon termination of the Force Majeure Event, and agreeing to supplement the notice as more information becomes available, and thereafter the parties shall meet and confer in good faith in order to identify a cure of the condition affecting its performance as expeditiously as possible. No obligation to make a payment required by this Agreement is excused by a Force Majeure Event. The nonperforming party shall not be entitled to any damages or additional payments of any kind for any such delay.

7.4 Termination Date. This Agreement and the rights and obligations of the parties hereunder shall terminate on December 31, 2043 (the Termination Date).

7.5 Execution by Facsimile. The parties agree that this Agreement may be transmitted between them by facsimile machine. The parties intend that the faxed signatures constitute original signatures and that a faxed Agreement containing the signatures (original or faxed) of all the parties is binding on the parties.

7.6 Memorandum of Development Agreement. Developer shall promptly record a Memorandum of Development Agreement in the form attached hereto as Exhibit D in the office of the Recorder of Dubuque County, Iowa. Developer shall pay the costs for so recording.

IN WITNESS WHEREOF, City has caused this Agreement to be duly executed in its name and behalf by its Mayor and attested to by its City Clerk and Developer has caused this Agreement to be duly executed on or as of the first above written.

OPINION OF DEVELOPER'S COUNSEL

Mayor and City Councilmembers
City Hall
13th and Central Avenue
Dubuque IA 52001

Re: Development Agreement Between the City of Dubuque, Iowa and

Dear Mayor and City Councilmembers:

We have acted as counsel for 1301 Central, LLC, in connection with the execution and delivery of a certain Development Agreement (Development Agreement) between Developer and the City of Dubuque, Iowa (City) dated for reference purposes the ___ day of _____, 20__.

We have examined the original certified copy, or copies otherwise identified to our satisfaction as being true copies, of the Development Agreement and such other documents and records as we have deemed relevant and necessary as a basis for the opinions set forth herein.

Based on the pertinent law, the foregoing examination and such other inquiries as we have deemed appropriate, we are of the opinion that:

1. Developer is a limited liability company organized and existing under the laws of the State of Iowa and has full power and authority to execute, deliver and perform in full the Development Agreement. The Development Agreement has been duly and validly authorized, executed and delivered by Developer and, assuming due authorization, execution and delivery by City, is in full force and effect and is a valid and legally binding instrument of Developer enforceable in accordance with its terms, except as the same may be limited by bankruptcy, insolvency, reorganization or other laws relating to or affecting creditors' rights generally.

2. To our actual knowledge with no duty to inquire, the execution, delivery and performance by Developer of the Development Agreement and the carrying out of the terms thereof, will not result in violation of any provision of, or in default under, the articles of incorporation and bylaws of Developer, any indenture, mortgage, deed of trust, indebtedness, agreement, judgment, decree, order, statute, rule, regulation or restriction to which Developer is a party or by which Developer's property is bound or subject.

3. To our actual knowledge with no duty to inquire, there are no actions, suits or

proceedings pending or threatened against or affecting Developer in any court or before any arbitrator or before or by any governmental body in which there is a reasonable possibility of an adverse decision which could materially adversely affect the business (present or prospective), financial position or results of operations of Developer or which in any manner raises any questions affecting the validity of the Agreement or the Developer's ability to perform Developer's obligations thereunder.

This opinion is rendered for the sole benefit of the City of Dubuque and no other party may rely on this opinion.

This opinion is rendered and valid as of the date of this letter and we have no duty to update this opinion for any matters which come to our knowledge after the date of this letter.

Sincerely,

EXHIBIT C

(DATE)

Dear _____:

I am the City Manager of the City of Dubuque, Iowa and have acted in that capacity in connection with the execution and delivery of a certain Development Agreement between 1301 Central, LLC (Developer) and the City of Dubuque, Iowa (City) dated for reference purposes the ___ day of _____, 20__.

On behalf of the City of Dubuque, I hereby represent and warrant to Developer that:

(1) City has duly obtained all necessary approvals and consents for its execution, delivery and performance of this Agreement and that it has full power and authority to execute, deliver and perform its obligations under this Agreement. City's attorney shall issue a legal opinion to Developer at time of closing confirming the representation contained herein, in the form attached hereto as Exhibit B.

(2) City shall exercise its best efforts to cooperate with Developer in the development process.

(3) City shall exercise its best efforts to resolve any disputes arising during the development process in a reasonable and prompt fashion.

(4) The execution and delivery of this Agreement, the consummation of the transactions contemplated hereby, and the fulfillment of or compliance with the terms and conditions of this Agreement are not prevented by, limited by, in conflict with, or result in a violation or breach of, the terms, conditions or provisions of the charter of City, any evidence of indebtedness, agreement or instrument of whatever nature to which City is now a party or by which it or its property is bound, or constitute a default under any of the foregoing.

(5) There are no actions, suits or proceedings pending or threatened against or affecting City in any court or before any arbitrator or before or by any governmental body in which there is a reasonable possibility of an adverse decision which could materially adversely affect the financial position or operations of City or which affects the validity of the Agreement or City's ability to perform its obligations under this Agreement.

(6) No ordinance or hearing is now or before any local governmental body that either contemplates or authorizes any public improvements or special tax levies, the cost of which may be assessed against the Property. To the best of City's knowledge, there are no plans or efforts by any government agency to widen, modify, or re-align any street or highway providing access to the Property and there are no pending or intended public improvements or special assessments affecting the Property which will result in any charge or lien be levied or assessed against the Property.

(7) The representations and warranties contained in this article shall be correct in all respects on and as of the Closing Date with the same force and effect as if such representations and warranties had been made on and as of the Closing Date.

Sincerely,

Michael C. Van Milligen
City Manager

MEMORANDUM OF DEVELOPMENT AGREEMENT

A Development Agreement by and among the City of Dubuque, Iowa, an Iowa municipal corporation, of Dubuque, Iowa, and 1301 Central, LLC was made regarding the following described premises:

TRACT I.
Lot 1, Lot 2, and Lot 2 of Lot 3 all of the subdivision of the south half of Out Lot 456, in the City of Dubuque, Iowa according to the recorded Plats of said respective Subdivision.

TRACT II.
The Middle 1/5 of Out Lot 449 in the City of Dubuque, Iowa, according to the United States Commissioners' Map thereof.
The South ½ of the North Middle 1/5 of Out Lot 449, in the City of Dubuque, Iowa, according to the United States Commissioners' Map thereof.
The North 1/5 and the North ½ of the North Middle 1/5 of Out Lot 449 in the City of Dubuque, Iowa, according to the United States Commissioners' Map thereof.
Lot 4 of the South ½ of Out Lot 456, and
Lot 1 of Lot 3 of the South ½ of Out Lot 456, in the City of Dubuque, Iowa, according to the recorded Plats thereof.
The Southerly 2/5ths of Out Lot 449 in the City of Dubuque, Iowa, according to the United States Commissioners' Map of the Survey of Said Town of Dubuque, Iowa.

TRACT III.
The North ½ of the Middle 1/5 of Out Lot 456 in the City of Dubuque, Iowa, according to the United States Commissioners' Map thereof.

Tract IV.

City Lot 449A in the City of Dubuque, Iowa, according to the Plat recorded as Instrument #16133-02, records of Dubuque County, Iowa.

The Development Agreement is dated for reference purposes the ____ day of _____, 20__, and contains covenants, conditions, and restrictions concerning the sale and use of said premises.

This Memorandum of Development Agreement is recorded for the purpose of constructive notice. In the event of any conflict between the provisions of this Memorandum and the Development Agreement itself, executed by the parties, the terms and provisions of the Development Agreement shall prevail. A complete counterpart of the Development Agreement, together with any amendments thereto, is in the possession of the City of Dubuque and may be examined at its offices as above provided.

DOWNTOWN HOUSING INCENTIVE PROGRAM

Projects eligible to receive assistance from this established pool of funds must meet the following requirements:

- The project must assist in the creation of new market-rate downtown rental and/or owner-occupied residential units within the Greater Downtown Urban Renewal District (see attached map) and have timely commencement & completion dates identified.
- The project must be the rehabilitation of an existing structure.
- Within the Washington Neighborhood, rental units must be located above a commercial component on the first floor of the building unless the project is rehabilitating or reusing a former church or school building.
- Exterior alterations are subject to design review and approval. The *Historic District Guidelines* shall apply to projects located in Historic Preservation District. The *Downtown Design Guidelines* shall apply to all other project locations. Projects which conform to the applicable guidelines may be reviewed and approved by the City Planner. Projects that do not strictly conform to the applicable guidelines will be forwarded to the Historic Preservation Commission (HPC) for consideration. New construction or substantial rehabilitation projects may also be considered by the HPC. The process for review is at the discretion of the City Planner. Guidelines can be viewed and downloaded at http://cityofdubuque.org/1295/Design-Guidelines.
- Any signs on the property that do not comply with City zoning regulations and design guidelines must be included in the design review and improved to comply with applicable City Codes. Submittal must include the design materials and colors that will be used on the sign face, how the sign will be displayed, and any lighting proposed.
- A detailed rendering/drawing of the proposed project must be included. The plans should include dimensions and architectural details and label materials. Plans prepared by a design professional (e.g. architect or draftsperson) are strongly recommended. Applications without detailed drawings will not be considered complete and will not be accepted by the City.
- Deviation from an approved project plan may disqualify the project from the program.
- City funded projects may be required to meet sound proofing, lighting, security, or other standards – as determined by the City of Dubuque following an internal neighborhood impact study – particularly when units are located in mixed-use neighborhoods.

- Preference will be given to projects that also utilize Federal and/or State Historic Tax Credits.
- No more than $10,000 in assistance will be considered per residential unit.
- In general, no more than $750,000 will be provided to a single project.
- No developer fee will be permitted until all city assistance is paid or satisfied in full.
- The City will disburse committed funds after the project is complete and a Certificate of Occupancy has been provided for the housing units.
- A minimum of 2 new housing units must be created in the project.
- Owner of property must certify that all property in the City of Dubuque, for which the owner has any interest, complies with all applicable City of Dubuque ordinances and regulations, including, but not limited to, housing, building, zoning, fire, health, and vacant and abandoned building regulations.
- Applications will be reviewed monthly by the Review Committee, consisting of at least one representative from the City's Economic Development, Planning, and Building Services Departments. The Review Committee will score each application and will fund projects that meet the program criteria and are ready to commence within three months.

EXHIBIT G

DOWNTOWN REHABILITATION GRANT PROGRAM

Downtown Rehabilitation Grant Program

PROGRAM GUIDELINES

(2024)

The Downtown Rehabilitation Grant Program is designed to further the goals and objectives of the Greater Downtown Urban Renewal Plan by creating the financial incentives needed to eliminate conditions of blight, encourage revitalization efforts and to retain or create employment opportunities and/or new housing units within the district. This program will address building code deficiencies as part of each approved project.

Eligible Applicants: Owners of property within the Greater Downtown Urban Renewal District (map attached).

Grant Award: The grant is a 1:1 matching grant up to a maximum of Thirty-Five Thousand Dollars ($35,000).

Eligible Activities and Assistance:

Façade Costs – to provide assistance on labor or material costs for front (or occasionally other major) façade renovations to restore a building's historic appearance or eliminate inappropriate additions or alterations to improve overall appearance.

Financial Consultant Costs – to provide assistance on hiring a financial consultant used to analyze the feasibility of a project.

Planning & Design Grant Program – to provide assistance on pre-development costs associated with a project.

FOR MORE INFORMATION, please contact:
City of Dubuque Economic Development Department
50 West 13th Street, Dubuque, Iowa 52001
(563) 589-4393

General Conditions:

- Property must be located in Greater Downtown Urban Renewal District (see attached map) and with timely commencement & completion dates identified.
- Projects must be the rehabilitation of an existing structure.
- Property must be classified for tax purposes as a commercial or multi-residential property.
- All existing code deficiencies within a scope of a project must be corrected and new improvements must comply with all applicable codes and ordinances.
- Owner of property must certify that all property in the City of Dubuque, for which the owner has any interest, complies with all applicable City of Dubuque ordinances and regulations, including, but not limited to, housing, building, zoning, fire, health, and vacant and abandoned building regulations.
- Exterior alterations are subject to design review and approval. The Historic District Guidelines shall apply to projects located in Historic Preservation Districts. The Downtown Design Guidelines shall apply to all other project locations. Projects which conform to the applicable guidelines may be reviewed and approved by the City Planner. Projects that do not strictly conform to the applicable guidelines will be forwarded to the Historic Preservation Commission (HPC) for consideration. Substantial rehabilitation projects may also be considered by the HPC. The process for review is at the discretion of the City Planner. Guidelines can be viewed and downloaded at http://cityofdubuque.org/1295/Design-Guidelines.
- Any signs on the property that do not comply with City zoning regulations and design guidelines must be included in the design review and improved to comply with applicable City Codes. Submittal must include the design materials and colors that will be used on the sign face, how the sign will be displayed, and any lighting proposed.
- A detailed rendering/drawing of the proposed project must be included. The plans should include dimensions and architectural details and label materials. Plans prepared by a design professional (e.g. architect or draftsperson) are required. Applications without detailed drawings will not be considered complete. Only preliminary eligibility may be determined until professional drawings are submitted.
- Applicant will not be reimbursed for personal labor costs or labor costs of family members, nor can these costs be counted in the total project costs.
- Projects may not receive the maximum amount of each form of assistance more than once.
- Deviation from an approved project plan shall disqualify the project from the program.
- City funded projects may be required to meet sound proofing, lighting, security, or other standards – as determined by the City of Dubuque, in its sole discretion, following an internal neighborhood impact study – particularly when units are located in mixed-use neighborhoods.
- Applications will be reviewed quarterly by the Economic Development and Planning department with funda awarded to projects that meet the program criteria and are ready to commence within three months.

FAÇADE INFORMATION

This program provides funding in the Greater Downtown Urban Renewal District for front (or occasionally other major) façade renovation to restore the façade to its historic appearance or improve the overall appearance. This assistance is intended to address historically inappropriate exteriors. It is not intended to address normal building maintenance.

Specific Conditions:

- Reimbursement is for labor and material costs associated with façade improvements, including but not limited to, rehabilitating or improving windows, paint, signage, or awnings to significantly transform overall appearance.
- Landscaping or screening with fencing or retaining walls may be a reimbursable expense if a determination is made that property is improved adjacent to public right-of-way.
- In order to receive reimbursement for repointing, a mortar analysis sample may be requested for each façade that will be repointed. The applicant must adhere to the results of that analysis in their rehabilitation work as part of their approved project plan. The City may request verification that the new mortar matches the results of the mortar analysis.
- Language from the National Park Service Technical Preservation Services Briefs may be attached as a condition for a building permit if the applicant chooses to perform repointing on the project.
- Reimbursable expenditures must be documented.
- Funding will be disbursed upon completion of work at a 1:1 match of qualified costs.

Approval Process:

1. Design review by the City Planning Department and/or the Historical Preservation Commission is required for exterior work on the project.
2. Grant applications will be reviewed by City staff Review Committee and approved by the City Manager.
3. Funding will be disbursed upon staff review of documented expenditures and inspection of a completed project.

FINANCIAL CONSULTANT INFORMATION

This program provides funding in the Greater Downtown Urban Renewal District for hiring a financial consultant to analyze the feasibility of projects.

Specific Conditions:

- Reimbursement is for fees associated with hiring a professional financial consultant (i.e. accountant, attorney, tax credit consultant)
- Reimbursable expenditures must be documented.
- This financial consultant funding shall not exceed ten percent (10%) of total project costs.
- The rehabilitation project must be completed for the Financial Consultant costs to be reimbursed.
- Funding will be disbursed upon completion of work at a 1:1 match of qualified costs.

Approval Process:

1. Design review by the City Planning Department and/or the Historical Preservation Commission is required for exterior work on the project.
2. Grant applications will be reviewed by City staff Review Committee and approved by the City Manager.
3. Funding will be disbursed upon staff review of documented expenditures and inspection of a completed project.

PLANNING & DESIGN INFORMATION

This program provides funding in the Greater Downtown Urban Renewal District for hiring architects, engineers or other professional services used prior to construction.

Grant Specific Conditions:

- Reimbursement is for architectural and engineering fees, feasibility studies, environmental assessments or other related soft costs.
- Reimbursable expenditures must be documented.
- Owner / developer fees are not permitted as reimbursable expenditures.
- The planning and design funding shall not exceed ten percent (10%) of total project costs.
- Funding will be disbursed upon completion of the project at a 1:1 match of qualified costs.

Approval Process:

1. Design review by the City Planning Department and/or the Historical Preservation Commission is required for exterior work on the project.
2. Grant applications will be reviewed by City staff Review Committee and approved by the City Manager.
3. Funding will be disbursed upon staff review of documented expenditures and inspection of a completed project.

EXHIBIT H

INSURANCE ACKNOWLEDGMENT

Acknowledgment of Insurance Requirements

Section 5.6

(1) Developer shall provide and maintain or cause to be maintained at all times during the process of constructing the Minimum Improvements and at its sole cost and expense builder's risk insurance, written on a Completed Value Form in an amount equal to one hundred percent (100%) of the Building (including Minimum Improvements) replacement value when construction is completed, naming City as a lender loss payable. Coverage shall include the “special perils” form and developer shall furnish City with proof of insurance in the form of a certificate of insurance.
of insurance in the form of a certificate of insurance.

Developer specifically acknowledges that replacement value means one hundred percent of the replacement value when construction is completed, that the City must be named as lender loss payable, and that evidence of builders risk must be provided prior to closing.

CERTIFICATE OF COMPLETION

CERTIFICATE OF COMPLETION

WHEREAS, the City of Dubuque, Iowa, a municipal corporation (the "Grantor"), has granted incentives to 1301 Central, LLC (the "Grantee"), in accordance with a Development Agreement dated as of [Date] (the "Agreement"), by and among the Grantor, and the Grantee (collectively, the "Agreement"), certain real property located within the Greater Downtown Urban Renewal District of the Grantor and as more particularly described as follows:

TRACT I.
Lot 1, Lot 2, and Lot 2 of Lot 3 all of the subdivision of the south half of Out Lot 456, in the City of Dubuque, Iowa according to the recorded Plats of said respective Subdivision.

TRACT II.
The Middle 1/5 of Out Lot 449 in the City of Dubuque, Iowa, according to the United States Commissioners' Map thereof.
The South ½ of the North Middle 1/5 of Out Lot 449, in the City of Dubuque, Iowa, according to the United States Commissioners' Map thereof.
The North 1/5 and the North ½ of the North Middle 1/5 of Out Lot 449 in the City of Dubuque, Iowa, according to the United States Commissioners' Map thereof.
Lot 4 of the South ½ of Out Lot 456, and
Lot 1 of Lot 3 of the South ½ of Out Lot 456, in the City of Dubuque, Iowa, according to the recorded Plats thereof.
The Southerly 2/5ths of Out Lot 449 in the City of Dubuque, Iowa, according to the United States Commissioners' Map of the Survey of Said Town of Dubuque, Iowa.

TRACT III.
The North ½ of the Middle 1/5 of Out Lot 456 in the City of Dubuque, Iowa, according to the United States Commissioners' Map thereof.

Tract IV.

City Lot 449A in the City of Dubuque, Iowa, according to the Plat recorded as Instrument #16133-02, records of Dubuque County, Iowa.

(the "Development Property"); and

WHEREAS, said Agreement incorporated and contained certain covenants and conditions with respect to the rehabilitation of the Development Property, and obligated the Grantee to construct certain Minimum Improvements (as defined therein) in accordance with the Agreement; and

WHEREAS, the Grantee has to the present date performed said covenants and conditions insofar as they relate to the construction of the Minimum Improvements in a manner deemed sufficient by the Grantor to permit the execution and recording of this certification; and

NOW, THEREFORE, pursuant to Section 2.4 of the Agreement, this is to certify that all covenants and conditions of the Agreement with respect to the obligations of the Grantee, and its successors and assigns, to construct the Minimum Improvements on the Development Property have been completed and performed by the Grantee to the satisfaction of the Grantor and such covenants and conditions are hereby satisfied.

The County Recorder of Dubuque County is hereby authorized to accept for recording and to record the filing of this instrument, to be a conclusive determination of the satisfaction of the covenants and conditions as set forth in said Agreement, and that the Agreement shall otherwise remain in full force and effect.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: 2025 Pavement Marking Project
Public Hearing
Project Code: 5521000013

DATE: May 27, 2025

City Engineer Gus Psihoyos is recommending City Council approve the plans, specifications, form of contract and estimated cost of $229,200.00 for the 2025 Pavement Marking Project through the adoption of the attached resolution.

The Pavement Marking Project is completed annually due to a more rapid deterioration on higher volume, high vehicular movement roadways. Pavement markings are applied using waterborne paint with a service life of approximately two (2) years.

As part of a cooperative Maintenance Agreement with the Iowa Department of Transportation (Iowa DOT), the City will include portions of Iowa DOT jurisdictional pavement markings with the City's annual pavement marking program. The Maintenance Agreement includes all Symbols and Legends and a portion of center Lines on Iowa DOT routes within the City. The Iowa DOT will reimburse the City for their share of project costs after the project is completed and accepted.

I concur with the recommendation and respectfully request Mayor and City Council approval.

RE: 2025 Pavement Marking Project
Public Hearing
Project Code: 5521000013

INTRODUCTION

This memorandum requests the City Council conduct a public hearing for the 2025 Pavement Marking Project.

BACKGROUND

The pavement marking program is vital to our transportation system as it provides safety to drivers and pedestrians on the public road system. Well-defined crosswalk stripping for example provides areas where pedestrians can traverse a roadway safely.

The City contracts for a city-wide pavement marking project to furnish, install, maintain, and remove permanent pavement markings to include Lines and Symbols and Legends on City streets as directed by the Engineering Department.

DISCUSSION

The Pavement Marking Project is completed annually due to a more rapid deterioration on higher volume, high vehicular movement roadways. Pavement markings are applied using waterborne paint with a service life of approximately two (2) years.

As part of a cooperative Maintenance Agreement with the Iowa Department of Transportation (Iowa DOT), the City will include portions of Iowa DOT jurisdictional pavement markings with the City's annual pavement marking program. The Maintenance Agreement includes all Symbols and Legends and a portion of center Lines on Iowa DOT routes within the City. The Iowa DOT will reimburse the City for their share of project costs after the project is completed and accepted.

PROJECT SCHEDULE

The schedule for the project will be as follows:

Initiate Bidding and Set Public Hearing	May 19, 2025
Publish Notice to Bidders, Advertisement for Bids	May 23, 2025
Publish Notice of Hearing on Plans & Specifications	May 23, 2025
Public Hearing	June 2, 2025
Receipt of Bids	June 5, 2025

Award of Contract June 16, 2025
Completion Date November 14, 2025

RECOMMENDATION

I recommend the City Council conduct a public hearing and approve the plans, specifications, form of contract and construction estimate for the 2025 Pavement Marking Project.

BUDGET IMPACT

The estimate of probable cost for the 2025 Pavement Marking Project is summarized in the following table:

Description	Cost Estimate
Construction - City Pavement Markings	$ 196,700.00
Construction - Iowa DOT Pavement Markings	22,500.00
Construction – City Surface Lots (Parking)	5,000.00
Engineering Design and Administration	5,000.00
Total Construction Cost Estimate	**$ 229,200.00**

The proposed project funding is summarized as follows:

Project Code	Fund Description	Fund Amount
5521000013	Pavement Markings (FY25)	$ 201,700.00
	Iowa DOT Funding	22,500.00
4683000001	Transit – Parking Maintenance	5,000.00
Total Project Funding		**$ 229,200.00**

REQUESTED ACTION

I respectfully request the City Council approve the plans, specifications, form of contract and estimated cost for the 2025 Pavement Marking Project through the adoption of the attached resolution.

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Fire Headquarters HVAC Replacement Project
Public Hearing
Project No. 1315000008

DATE: May 28, 2025

Fire Chief Amy Scheller and Project Manager Jim Bousley are recommending City Council approve the plans, specifications, form of contract, and estimated cost of $650,000.00, for the 2025 Repair and Maintenance of the Fire Headquarters HVAC Replacement Project through the adoption of the attached resolution.

Fire Headquarters HVAC Replacement Project will provide for the replacement of the existing boiler system that is original to the building when it was constructed in 1970. The project will remove the existing boiler and replace it with eight commercial, forced air units that will supply heating and cooling to the different zones within the building. Using the forced air units will provide consistent temperature control within each zone. The system will be less expensive to install and operate more efficiently than a new boiler. In the garage area where the fire and rescue vehicles are parked, two smaller boilers will provide the necessary heat for that area. There will also be upgrades to the duct system within the building and new controls that will operate the system.

I concur with the recommendation and respectfully request Mayor and City Council approval.

DATE: May 27, 2025

SUBJECT: Fire Headquarters HVAC Replacement Project
Public Hearing
Project No. 1315000008

INTRODUCTION

This memorandum requests the City Council conduct a public hearing for the Fire Headquarters HVAC Replacement Project.

BACKGROUND

In 2023, the City entered into a professional services agreement with Shive Hattery to provide engineering services for the mechanical systems serving Fire Headquarters. Shive Hattery was tasked with a pre-design phase for a station renovation study as well as a design and documentation phase for mechanical system upgrades. This two-phase approach defined the scope for the station renovation and project budget. It also defined the sizing requirements and scope of the mechanical systems.

DISCUSSION

Fire Headquarters HVAC Replacement Project will provide for the replacement of the existing boiler system that is original to the building when it was constructed in 1970. The project will remove the existing boiler and replace it with eight commercial, forced air units that will supply heating and cooling to the different zones within the building. Using the forced air units will provide consistent temperature control within each zone. The system will be less expensive to install and will operate more efficiently than a new boiler. In the garage area where the fire and rescue vehicles are parked, two smaller boilers will provide the necessary heat for that area. There will also be upgrades to the duct system within the building and new controls that will operate the system.

PROJECT SCHEDULE

The project development schedule is as follows:

Initiate Public Bidding Process & Notice of Public Hearing	May 19, 2025
Publish Notice to Bidders, Advertise for Bids	May 23,2025
Publish Notice of Public Hearing on Plans and Specs	May 23,2025
Prebid Meeting	May 28, 2025
Public Hearing on Plans and Specifications	June 2, 2025
Receipt of Bid Proposals (Bid Letting)	June 5, 2025
Award Construction Contract	June16, 2025
Project Completion Date	December 30, 2025

RECOMMENDATION

I recommend the City Council conduct a public hearing and approve the plans, specifications, form of contract and estimated cost for the Fire Headquarters HVAC Replacement Project.

BUDGET IMPACT

The estimate of probable cost for the Fire Headquarters HVAC Replacement Project is summarized as follows:

PROJECT COSTS	ESTIMATE
Construction Contract	$ 650,000.00
Contingency	65,000.00
Consultant Services Design, Construction Administration	228,850.00
Total Project Cost	**$ 943,850.00**

The proposed funding for the project is summarized in the following table:

Project No.	Fund Description	Fund Amount
1315000008	HVAC Replacement Fire HQ	$943,850.00
Total Project Funding		**$ 943,850.00**

ACTION TO BE TAKEN

I respectfully request the City Council conduct a public hearing and approve the plans, specifications, form of contract, and estimated cost, for the 2025 Repair and Maintenance of the Fire Headquarters HVAC Replacement Project through the adoption of the attached resolution.

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Proceedings to Hold Public Hearing for the Issuance of Not to Exceed $761,000 Stormwater Revenue Loan and Disbursement Agreement – Sponsorship Project Amendment 2024 Green Alley Project)

DATE: May 28, 2025

Chief Financial Officer Jennifer Larson is recommending City Council approval of the suggested proceedings for a public hearing on the issuance of not to exceed $761,000 Stormwater Revenue Loan and Disbursement Agreement – Sponsorship Project Amendment Green Alley. The Upper Bee Branch Stormwater Management Utility Revenue Capital Loan Note, Series 2019, dated April 12, 2019, will also be amended by decreasing the interest rate to fund the 2024 Green Alley sponsorship project.
The proceeds of which will be used to pay construction costs for the reconstruction of three alleys in the downtown area. These alleys include the reconstruction of the alleys (2) between Iowa Street and Central Avenue from 15th to 17th streets. The third alley will be reconstructed between Central Avenue and White Street from 17th to 18th streets. The project will include replacement of water and sewer utilities in the corridor, including replacing private services for water and sewer. The private water services that are lead will be replaced from the main to the buildings.

The City of Dubuque was approved for partial funding for this project through the Clean Water SRF Sponsorship Project program. The SRF Sponsorship Project is related to the Upper Bee Branch Stormwater SRF loan and will provide $761,000 needed to construct the improvements associated with the three alleys in the downtown area.

The funding of the $761,000 in improvements will come from interest payments of the City's Upper Bee Branch Stormwater loan which will be returned to the City to fund the 2024 Green Alley Project.

In 2009, legislation was passed in Iowa that allows water utilities that issue debt through the Clean Water State Revolving Fund Program to sponsor and help finance other water quality improvement (CWSRF) projects within or outside its service limits. This new funding mechanism, called Water Resource Restoration Sponsored Projects, will provide cities, counties, local watershed organizations, watershed management authorities, county conservation boards, and soil and water conservation districts a funding source to

construct improvements throughout a watershed that keep sediment, nutrients, chemicals and other pollutants out of streams and lakes.

Repayment of a standard Clean Water SRF (CWSRF) loan includes the repayment of the original loan amount, the principal, and the cost to finance the loan, interest, and fees. On a CWSRF loan with a sponsored project, the financing costs are reduced by the amount of the cost of the sponsored project improvements. Figure 1 shows a comparison between a standard CWSRF loan and a CWSRF loan with a sponsorship project. As shown, the total cost to the utility (the total of loan repayments) remains unchanged as the cost of funding for the sponsorship project is offset by a reduction in loan financing costs. In essence, two water quality projects are completed for the price of one.

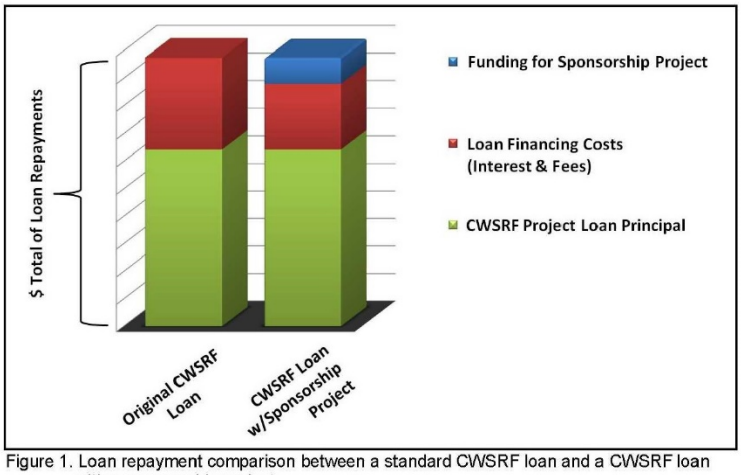

Figure 1. Loan repayment comparison between a standard CWSRF loan and a CWSRF loan with a sponsorship project.

The State of Iowa has discontinued the sponsored project option for future debt issuances.

I concur with the recommendation and respectfully request Mayor and City Council approval.

Dubuque All-America City 2007 • 2012 • 2013

TO: Michael C. Van Milligen, City Manager

FROM: Jennifer Larson, Chief Financial Officer

SUBJECT: Proceedings to Hold Public Hearing for the Issuance of Not to Exceed $761,000 Stormwater Revenue Loan and Disbursement Agreement – Sponsorship Project Amendment 2024 Green Alley Project

DATE: May 28, 2025

INTRODUCTION
The purpose of this memorandum is to provide suggested proceedings for a public hearing on the issuance of a not to exceed $761,000 Stormwater Revenue Loan and Disbursement Agreement – Sponsorship Project Amendment Green Alley. The Upper Bee Branch Stormwater Management Utility Revenue Capital Loan Note, Series 2019, dated April 12, 2019, will also be amended by decreasing the interest rate to fund the 2024 Green Alley sponsorship project.

DISCUSSION
This project will include the reconstruction of three alleys in the downtown area. These alleys include the reconstruction of the alleys (2) between Iowa Street and Central Avenue from 15th to 17th streets. The third alley will be reconstructed between Central Avenue and White Street from 17th to 18th streets. The project will include replacement of water and sewer utilities in the corridor, including replacing private services for water and sewer. The private water services that are lead will be replaced from the main to the buildings.

The alley between Iowa Street and Central Avenue from 15th to 16th streets is planned to have special design for the pavers. Voices Studio approached the city to consider installing the pavers in this alley using a mosaic look. This mosaic pattern was developed by regional artists to pay respect to the native people of the land Dubuque occupies

The City of Dubuque was approved for partial funding for this project through the Clean Water SRF Sponsorship Project program. The SRF Sponsorship Project is related to the Upper Bee Branch Stormwater SRF loan and will provide $761,000 needed to construct the improvements associated with the three alleys in the downtown area.

The funding of the $761,000 in improvements will come from interest payments of the City's Upper Bee Branch Stormwater loan which will be returned to the City to fund the 2024 Green Alley Project.

In 2009, legislation was passed in Iowa that allows water utilities that issue debt through the Clean Water State Revolving Fund Program to sponsor and help finance other water quality improvement (CWSRF) projects within or outside its service limits. This new funding mechanism, called Water Resource Restoration Sponsored Projects, will provide cities, counties, local watershed organizations, watershed management authorities, county conservation boards, and soil and water conservation districts a funding source to construct improvements throughout a watershed that keep sediment, nutrients, chemicals and other pollutants out of streams and lakes.

Repayment of a standard Clean Water SRF (CWSRF) loan includes the repayment of the original loan amount, the principal, and the cost to finance the loan, interest, and fees. On a CWSRF loan with a sponsored project, the financing costs are reduced by the amount of the cost of the sponsored project improvements. Figure 1 shows a comparison between a standard CWSRF loan and a CWSRF loan with a sponsorship project. As shown, the total cost to the utility (the total of loan repayments) remains unchanged as the cost of funding for the sponsorship project is offset by a reduction in loan financing costs. In essence, two water quality projects are completed for the price of one.

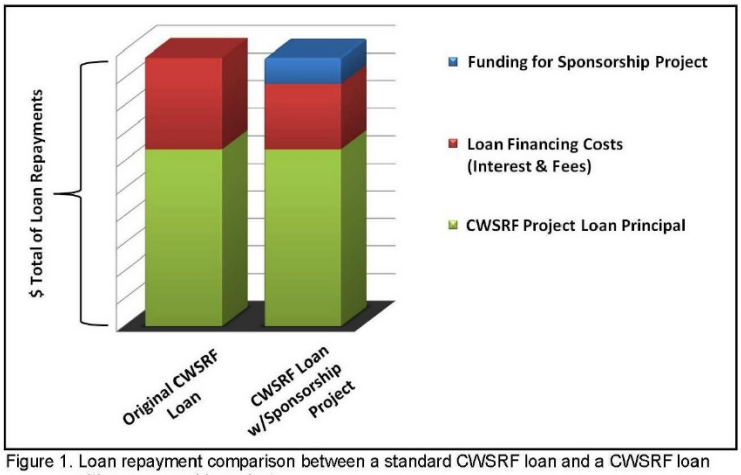

Figure 1. Loan repayment comparison between a standard CWSRF loan and a CWSRF loan with a sponsorship project.

The State of Iowa has discontinued the sponsored project option for future debt issuances.

ACTION TO BE TAKEN

I respectfully recommend the adoption of the enclosed resolution on the proposed issuance not to exceed $761,000 in Stormwater Revenue Loan Notes (State Revolving Loan Fund Program) for the 2024 Green Alley Sponsorship Project.

Re: $761,000 SRF Stormwater Revenue Loan and Disbursement Agreement
Our File No. 430411-21

Dear Jenny:

We have prepared and attach proceedings for the June 2, 2025, City Council meeting related to the public hearing and additional action on the Stormwater Revenue Loan and Disbursement Agreement (the "Agreement") in connection with the SRF Green Alley Sponsored Project.

The proceedings attached include the following items:

1. Minutes of the meeting covering the public hearing, followed by the resolution taking additional action in connection with the Agreement. This resolution simply sets forth the City Council's determination to enter into the Agreement in the future and its adoption constitutes the "additional action" required by the Iowa Code.

2. Attestation Certificate with respect to the validity of the transcript.

On June 2, 2025, the City Council should meet as scheduled and hold the hearing on its intention to enter into the Agreement. The minutes as drafted assume that no objections will be filed or made.

Please return one fully executed copy of these proceedings to our office as soon as possible. Please call me if you have questions.

Best regards,

David D. Grossklaus

(Hearing – Stormwater Revenue)

430411-21

Dubuque, Iowa

June 2, 2025

The City Council of the City of Dubuque, Iowa, met on June 2, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, Dubuque, Iowa. The meeting was called to order by the Mayor, and the roll was called showing the following members of the Council present and absent:

Present: _____

Absent: _____.

• • Other Business• •

PUBLIC HEARING

This being the time and place specified for holding the public hearing and taking action on the proposal to enter into a Stormwater Revenue Loan and Disbursement Agreement, the City Clerk announced that no written objections had been placed on file. Whereupon, the Mayor called for any written or oral objections, and there being none, the Mayor declared the public hearing closed.

MOTION TO APPROVE RESOLUTION

After due consideration and discussion, Council Member _____ introduced the following resolution and moved its adoption, seconded by Council Member _____. The Mayor put the question upon the adoption of said resolution, and the roll being called, the following Council Members voted:

Ayes: _____

Nays: _____.

Whereupon, the Mayor declared the resolution duly adopted, as follows:

RESOLUTION NO. ____

Resolution taking additional action on proposal to enter into a Stormwater Revenue Loan and Disbursement Agreement

WHEREAS, the City of Dubuque (the "City"), in Dubuque County, State of Iowa, did heretofore establish a Stormwater Management Utility System (the "Utility") in and for the City; and

WHEREAS, the management and control of the Utility are vested in the City Council (the "Council") and no board of trustees exists for this purpose; and

WHEREAS, pursuant to prior resolutions of the Council, the City has heretofore issued Stormwater Revenue bonds or notes as set forth in prior proceedings of the Council, and a portion of such prior Stormwater Revenue debt remains outstanding (the "Outstanding Indebtedness"); and

WHEREAS, pursuant to the resolutions relating to and authorizing the Outstanding Indebtedness (the "Outstanding Bond Resolutions") the City reserved the right to issue additional obligations payable from the net revenues of the Utility and ranking on a parity with the Outstanding Indebtedness under the terms and conditions set forth in the Outstanding Bond Resolutions; and

WHEREAS, the City will undertake the construction of a certain water resource restoration project (the "Project"); and

WHEREAS, pursuant to Section 384.84 of the Code of Iowa, the City has the authority to issue revenue bonds to pay for such qualifying water resource restoration projects; and

WHEREAS, the Iowa Finance Authority (the "Lender") has agreed to provide financing for the Project by decreasing the interest rate on the City's outstanding Stormwater Management Utility Revenue Capital Loan Note No. R-1, Series 2019, dated April 12, 2019 and providing a 0% interest loan to the City for the Project; and

WHEREAS, the City has heretofore proposed to contract indebtedness and enter into a certain Stormwater Revenue Loan and Disbursement Agreement (the "Agreement") and to borrow money thereunder in a principal amount not to exceed $761,000, pursuant to the provisions of Sections 384.24A and 384.84A of the Code of Iowa, for the purpose of paying the cost, to that extent, of planning, designing and constructing the Project, and has published notice of the proposed action and has held a hearing thereon on June 2, 2025;

NOW, THEREFORE, Be It Resolved by the City Council of the City of Dubuque, Iowa, as follows:

Section 1. The City Council hereby determines to enter into the Agreement in the future and orders that Stormwater Revenue Bonds be issued at such time in evidence thereof. The City Council further declares that this resolution constitutes the "additional action" required by Section 384.24A of the Code of Iowa.

Section 2. All resolutions or parts thereof in conflict herewith are hereby repealed, to the extent of such conflict.

Section 3. This resolution shall be in full force and effect immediately upon its adoption and approval, as provided by law.

Passed and approved June 2, 2025.

NOTICE OF PROPOSED ACTION TO INSTITUTE
PROCEEDINGS TO ENTER INTO A LOAN AND DISBURSEMENT AGREEMENT
IN A PRINCIPAL AMOUNT NOT TO EXCEED $761,000
(STORMWATER REVENUE)

The City Council of the City of Dubuque, Iowa, will meet on June 2, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, for the purpose of instituting proceedings and taking action to enter into a loan and disbursement agreement (the ?Agreement?) and to borrow money thereunder in a principal amount not to exceed $761,000 for the purpose of paying the cost, to that extent, of constructing a certain water resource restoration project to the benefit of the Stormwater Management Utility System (the ?Utility?) of the City.

The Agreement will not constitute a general obligation of the City, nor will it be payable in any manner by taxation, but together with the Citys outstanding Stormwater Revenue Indebtedness and any additional such obligations of the City as may be hereafter issued and outstanding from time to time ranking on a parity therewith, will be payable solely and only from the net revenues of the Utility.

The Agreement is proposed to be entered into pursuant to authority contained in Sections 384.24A and 384.84A of the Code of Iowa. The maximum rate of interest to be paid on the Agreement is 8% per annum.

The formula by which rates are determined for users of the Utility is set out in the City of Dubuque Code of Ordinances Section 13-4-5. Such rates will be increased as necessary by ordinance of the City Council to make the required payments under the Agreement.

At that time and place, oral or written objections may be filed or made to the proposal to enter into the Agreement. After receiving objections, the City may determine to enter into the Agreement, in which case, the decision will be final unless appealed to the District Court within fifteen (15) days thereafter.

By order of the City Council of the City of Dubuque, Iowa.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Proceedings for Public Hearing for the Issuance of Not to Exceed $1,600,000 Stormwater Revenue Capital Loan Notes (State Revolving Loan Fund Program) Bee Branch Gate and Pump Project

DATE: May 28, 2025

Chief Financial Officer Jennifer Larson is recommending City Council approval of the suggested proceedings for a public hearing on the issuance of not to exceed $1,600,000 Stormwater Revenue Capital Loan Notes, State Revolving Loan Fund Program, the proceeds of which will be used to fund the Bee Branch Gate and Pump Project.

The proposed Dubuque Gate & Pump Station Flood Mitigation (16th St Detention Basin) (Project) involves construction of a new pump station that includes the following elements:

- New flood gates.
- Replacement of the two existing flood pumps with four new pumps.
- Replacement and updating of the electrical service to current standards; and
- Installation of a back-up generator for the additional pumps to address the needed resiliency being demanded by the storms of recent years.

The new flood gates will be constructed on the basin side of the levee (on the west side of Kerper Boulevard) across the street from the existing pump station which allows for the pumps to operate more efficiently, eliminates the environmental concerns on the river side of the levee, and allows for operation of the existing facility to maintain flood protection during construction of the new facility. Instead of utilizing the two existing 90,000 gallon per minute (gpm) pumps that are more than 50 years old, the new facility will have four 90,000 gpm pumps. This allows for redundancy in the event of a pump failure. In concert with the Bee Branch Creek Restoration Project (including the Bee Branch Railroad Culverts Project), the proposed project improvements will provide a system that can accommodate the flooding that occurred between 1999 and 2011 – flooding that has resulted in six presidential disaster declarations due to public and private property damage, flooding that has impacted more than 1,300 homes and

businesses. It also provides for additional resiliency options as rainstorms increase in both depth and intensity.

The State Revolving Fund loan will have a variable interest rate of 2.84% plus a servicing fee of 0.25%, a twenty-year term, and will be abated from the stormwater fund.

The proceedings have been prepared to show as a first step the receipt of any oral or written objections from any resident or property owner to the proposed action of the Council to authorize the form of Loan and Disbursement Agreement and issue the Notes to the Iowa Finance Authority. A summary of objections received or made, if any, should be attached to the proceedings. After all objections have been received and considered if the Council decides to enter into the Agreement and issue the Notes, a form of resolution follows that should be introduced and adopted, entitled “Resolution taking additional action on proposal to enter into a Stormwater Revenue Loan and Disbursement Agreement.”

In the event the Council decides to abandon the proposal, then the form of resolution included in said proceedings should not be adopted. In this event, a motion merely be adopted to the effect that such proposal is abandoned.

I concur with the recommendation and respectfully request Mayor and City Council approval.

TO: Michael C. Van Milligen, City Manager

FROM: Jennifer Larson, Chief Financial Officer

SUBJECT: Proceedings for Public Hearing for the Issuance of Not to Exceed $1,600,000 Stormwater Revenue Capital Loan Notes (State Revolving Loan Fund Program) Bee Branch Gate and Pump Project

DATE: May 28, 2025

INTRODUCTION
The purpose of this memorandum is to provide suggested proceedings for a public hearing on the issuance of a not to exceed $1,600,000 Stormwater Revenue Capital Loan Notes.

DISCUSSION
The proposed Dubuque Gate & Pump Station Flood Mitigation (16th St Detention Basin) (Project) involves construction of a new pump station that includes the following elements:

- New flood gates.
- Replacement of the two existing flood pumps with four new pumps.
- Replacement and updating of the electrical service to current standards; and
- Installation of a back-up generator for the additional pumps to address the needed resiliency being demanded by the storms of recent years.

The new flood gates will be constructed on the basin side of the levee (on the west side of Kerper Boulevard) across the street from the existing pump station which allows for the pumps to operate more efficiently, eliminates the environmental concerns on the river side of the levee, and allows for operation of the existing facility to maintain flood protection during construction of the new facility. Instead of utilizing the two existing 90,000 gallon per minute (gpm) pumps that are more than 50 years old, the new facility will have four 90,000 gpm pumps. This allows for redundancy in the event of a pump failure. In concert with the Bee Branch Creek Restoration Project (including the Bee Branch Railroad Culverts Project), the proposed project improvements will provide a system that can accommodate the flooding that occurred between 1999 and 2011 – flooding that has resulted in six presidential disaster declarations due to public and private property damage, flooding that has impacted more than 1,300 homes and businesses. It also

provides for additional resiliency options as rainstorms increase in both depth and intensity.

The State Revolving Fund loan will have a variable interest rate of 2.84% plus a servicing fee of 0.25%, a twenty-year term, and will be abated from the stormwater fund.

ACTION TO BE TAKEN
I respectfully recommend the adoption of the enclosed resolution on the proposed issuance not to exceed $1.6 million in Stormwater Revenue Capital Loan Notes (State Revolving Loan Fund Program) for the Bee Branch Gate and Pump Project.

Re: $1,600,000 SRF Stormwater Revenue Loan and Disbursement Agreement
Our File No. 430411-18

Dear Jenny:

We have prepared and attach proceedings for the June 2, 2025, City Council meeting related to the public hearing and additional action on the Stormwater Revenue Loan and Disbursement Agreement (the "Agreement") in connection with the Dubuque Gate & Pump Station Flood Mitigation (16th Street Detention Basin) Project.

The proceedings attached include the following items:

1. Minutes of the meeting covering the public hearing, followed by the resolution taking additional action in connection with the Agreement. This resolution simply sets forth the City Council's determination to enter into the Agreement in the future and its adoption constitutes the "additional action" required by the Iowa Code.

2. Attestation Certificate with respect to the validity of the transcript.

On June 2, 2025, the City Council should meet as scheduled and hold the hearing on its intention to enter into the Agreement. The minutes as drafted assume that no petition will be filed asking that the question of entering into the Agreement be submitted to the registered voters of the City. If such a petition is filed, please contact us right away.

Please return one fully executed copy of these proceedings to our office as soon as possible. Please call me if you have questions.

Best regards,

David D. Grossklaus

(Hearing – Stormwater Revenue)

430411-18

Dubuque, Iowa

June 2, 2025

The City Council of the City of Dubuque, Iowa, met on June 2, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, Dubuque, Iowa. The meeting was called to order by the Mayor, and the roll was called showing the following members of the Council present and absent:

Present: _____

Absent: _____.

• • Other Business• •

PUBLIC HEARING

This being the time and place specified for holding the public hearing and taking action on the proposal to enter into a Stormwater Revenue Loan and Disbursement Agreement, the City Clerk announced that no petition had been filed asking that the question of entering into the Agreement be submitted to the registered voters of the City, and that the City Council may proceed with the authorization of the Agreement. Whereupon, the Mayor called for any written or oral objections, and there being none, the Mayor declared the public hearing closed.

MOTION TO APPROVE RESOLUTION

After due consideration and discussion, Council Member _____ introduced the following resolution and moved its adoption, seconded by Council Member _____. The Mayor put the question upon the adoption of said resolution, and the roll being called, the following Council Members voted:

Ayes: _____

Nays: _____.

Whereupon, the Mayor declared the resolution duly adopted, as follows:

RESOLUTION NO. ____

Resolution taking additional action on proposal to enter into a Stormwater Revenue Loan and Disbursement Agreement

WHEREAS, the City of Dubuque (the "City"), in Dubuque County, State of Iowa, did heretofore establish a Stormwater Management Utility System (the "Utility") in and for the City; and

WHEREAS, the management and control of the Utility are vested in the City Council (the "Council") and no board of trustees exists for this purpose; and

WHEREAS, pursuant to prior resolutions of the Council, the City has heretofore issued Stormwater Revenue bonds or notes as set forth in prior proceedings of the Council, and a portion of such prior Stormwater Revenue debt remains outstanding (the "Outstanding Indebtedness"); and

WHEREAS, pursuant to the resolutions relating to and authorizing the Outstanding Indebtedness (the "Outstanding Bond Resolutions") the City reserved the right to issue additional obligations payable from the net revenues of the Utility and ranking on a parity with the Outstanding Indebtedness under the terms and conditions set forth in the Outstanding Bond Resolutions; and

WHEREAS, the City has heretofore proposed to contract indebtedness and enter into a certain Stormwater Revenue Loan and Disbursement Agreement (the "Agreement") and to borrow money thereunder in a principal amount not to exceed $1,600,000, pursuant to the provisions of Sections 384.24A and 384.84A of the Code of Iowa, for the purpose of paying the cost, to that extent, of planning, designing and constructing improvements and extensions to the Utility, and has published notice of the proposed action and has held a hearing thereon on June 2, 2025, and as of such date, no petition has been filed with the City asking that the question of entering into the Agreement be submitted to the registered voters of the City;

NOW, THEREFORE, Be It Resolved by the City Council of the City of Dubuque, Iowa, as follows:

Section 1. The City Council hereby determines to enter into the Agreement in the future and orders that Stormwater Revenue Bonds be issued at such time in evidence thereof. The City Council further declares that this resolution constitutes the "additional action" required by Section 384.24A of the Code of Iowa.

Section 2. All resolutions or parts thereof in conflict herewith are hereby repealed, to the extent of such conflict.

Section 3. This resolution shall be in full force and effect immediately upon its adoption and approval, as provided by law.

Passed and approved June 2, 2025.

NOTICE OF PROPOSED ACTION TO INSTITUTE
PROCEEDINGS TO ENTER INTO A LOAN AND DISBURSEMENT AGREEMENT
IN A PRINCIPAL AMOUNT NOT TO EXCEED $1,600,000
(STORMWATER REVENUE)

The City Council of the City of Dubuque, Iowa, will meet on June 2, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, for the purpose of instituting proceedings and taking action to enter into a loan and disbursement agreement (the ?Agreement?) and to borrow money thereunder in a principal amount not to exceed $1,600,000 for the purpose of paying the cost, to that extent, of planning, designing and constructing improvements and extensions to the Stormwater Management Utility System (the ?Utility?) of the City.

The Agreement will not constitute a general obligation of the City, nor will it be payable in any manner by taxation, but together with the City's outstanding Stormwater Revenue Indebtedness and any additional such obligations of the City as may be hereafter issued and outstanding from time to time ranking on a parity therewith, will be payable solely and only from the net revenues of the Utility.

The Agreement is proposed to be entered into pursuant to authority contained in Sections 384.24A and 384.84A of the Code of Iowa. The maximum rate of interest to be paid on the Agreement is 8% per annum.

The formula by which rates are determined for users of the Utility is set out in the City of Dubuque Code of Ordinances Section 13-4-5. Such rates will be increased as necessary by ordinance of the City Council to make the required payments under the Agreement.

At any time before the date fixed for taking action to enter into the Agreement, a petition may be filed with the City Clerk of the City asking that the question of entering into the Agreement be submitted to the registered voters of the City, pursuant to the provisions of Section 384.84A of the Code of Iowa.

By order of the City Council of the City of Dubuque, Iowa.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Proceedings for Public Hearing for the Issuance of Not to Exceed $2,000,000 Water Revenue Capital Loan Notes (State Revolving Loan Fund Program) Private Lead Service Line Replacement Pilot Program – Phase I

DATE: May 28, 2025

Chief Financial Officer Jennifer Larson is recommending City Council approval of the suggested proceedings for a public hearing on the issuance of not to exceed $2,000,000 Water Revenue Capital Loan Notes (State Revolving Loan Fund Program) Private Lead Service Line Replacement Pilot Program – Phase I. The City of Dubuque is taking part in a unique opportunity to assist approximately 585 homes in three phases (owner occupied or rented) within the city with the functional replacement of private lead-water service lines by trenching or pull-through methods to prevent the potential for drinking water contamination at a house-by-house level. This phase of the pilot program is 100% voluntary and is open to those residents with a verified drinking water lead service line meeting the socioeconomic guidelines established by the Bipartisan Infrastructure Law.

The scope of work in the first phase includes the replacement of approximately 200 lead service lines identified throughout the City's water distribution service area. The nature of the replacements will vary by site, ranging from full replacements (public water main to interior plumbing) to partial replacements (a portion of the service line between the public water main and the interior plumbing). Work will be conducted within the City's right-of-way and on private properties with authorization from property owners

The city is moving forward with this unique opportunity and has secured a level of BIL funding to conduct the first of its kind in the community, Lead Service Line Replacement Pilot Program. The BIL funds are being administered locally through the Iowa Department of Natural Resources' State Revolving Fund (Iowa SRF) program, with 49% of construction costs being forgivable.

The State Revolving Fund loan will have an interest rate of 2.84%, a maturity date of June 1, 2045, and will be abated from the water fund.

The proceedings have been prepared to show as a first step the receipt of any oral or written objections from any resident or property owner to the proposed action of the Council to authorize the form of Loan and Disbursement Agreement and issue the Notes to the Iowa Finance Authority. A summary of objections received or made, if any, should be attached to the proceedings. After all objections have been received and considered if the Council decides to enter into the Agreement and issue the Notes, a form of resolution follows that should be introduced and adopted, entitled "Resolution taking additional action on proposal to enter into a Water Revenue Loan and Disbursement Agreement."

In the event the Council decides to abandon the proposal, then the form of resolution included in said proceedings should not be adopted. In this event, a motion merely be adopted to the effect that such proposal is abandoned.

I concur with the recommendation and respectfully request Mayor and City Council approval.

Michael C. Van Milligen

SUBJECT: Proceedings for Public Hearing for the Issuance of Not to Exceed $2,000,000 Water Revenue Capital Loan Notes (State Revolving Loan Fund Program) Private Lead Service Line Replacement Pilot Program – Phase I

DATE: May 28, 2025

INTRODUCTION
The purpose of this memorandum is to provide suggested proceedings to set a public hearing on the issuance of not to exceed $2,000,000 Water Revenue Capital Loan Notes (State Revolving Loan Fund Program) Private Lead Service Line Replacement Pilot Program – Phase I.

BACKGROUND
On November 15, 2021, the Bipartisan Infrastructure Law (BIL) was signed by President Biden, which includes $50 billion to the Environmental Protection Agency (EPA) to strengthen the nation's drinking water and wastewater systems—the single largest investment in clean water that the federal government has ever made.

The City of Dubuque is taking part in a unique opportunity to assist approximately 585 homes in three phases (owner occupied or rented) within the city with the functional replacement of private lead-water service lines by trenching or pull-through methods to prevent the potential for drinking water contamination at a house-by-house level. This phase of the pilot program is 100% voluntary and is open to those residents with a verified drinking water lead service line meeting the socioeconomic guidelines established by the Bipartisan Infrastructure Law.

The city is moving forward with this unique opportunity and has secured a level of BIL funding to conduct the first of its kind in the community, Lead Service Line Replacement Pilot Program. The BIL funds are being administered locally through the Iowa Department of Natural Resources' State Revolving Fund (Iowa SRF) program, with 49% of construction costs being forgivable.

DISCUSSION
The scope of work in the first phase includes the replacement of approximately 200 lead service lines identified throughout the City's water distribution service area. The nature of the replacements will vary by site, ranging from full replacements (public water main to interior plumbing) to partial replacements (a portion of the service line between the public water main and the interior plumbing). Work will be conducted within the City's right-of-way and on private properties with authorization from property owners.

Water Department staff visited property owners and verified the service line material was lead piping, and to reduce lead exposure to both the homeowner/tenant and the contractors during construction, the preferred methods of replacement by the Iowa DNR are the "pull-through" and directional-drill techniques for service line replacements. These methods also minimize property and soil disturbance beyond the original service trench.

As the project is being funded using BIL funds, there are specific requirements that must be adhered to in determining project costs that are eligible for loan forgiveness and overall SRF Funding. Due to the nature of the project, such that the project extends to the interior of a private home, premise plumbing is considered not an eligible expense for either traditional SRF or BIL SRF funds. Some interior or premise plumbing will be required as part of the service line replacement, which will be funded by water funds to cover premise plumbing.

The State Revolving Fund loan will have an interest rate of 2.84%, a maturity date of June 1, 2045, and will be abated from the water fund.

ACTION TO BE TAKEN
I respectfully recommend the adoption of the enclosed resolution on the proposed issuance not to exceed $2 million in Water Revenue Capital Loan Notes (State Revolving Loan Fund Program) for the Private Lead Service Line Replacement Pilot Program – Phase I.

SUBJECT: Background for Council on Ordinance 10-5B-4: Dogs and Cats

DATE: **May 22, 2025**

INTRODUCTION

The purpose of this memo is to provide the background information and documents provided to the Commission and related history regarding the City Council's request to the Park and Recreation Commission to review code section10-5B-4: Dogs and Cats.

BACKGROUND

In September of 2024, City Council requested the Park and Recreation Commission review the current ordinance related to pets in parks. The discussion included whether dogs should be allowed in the remainder of the parks that currently do not allow them by the City's current ordinance. Some council members referred specifically to Murphy and Eagle Point Parks where dogs and cats are allowed only if they remain in the vehicle at all times.

Additional information was requested including data for fines, impoundment and enforcement, and pet waste station data.

DISCUSSION

ENFORCEMENT

Steve Fehsal, Park Division Manager has been working with Mary Rose Corrigan, Public Health Director on the fines, impoundment and enforcement of pets in parks. There are a number of issues related to this. If someone calls in about a pet in a park, there is response time. Typically, when staff arrives the pet is gone. As far as pet waste, there has to be proof that the person's pet actually deposited the waste. Again, most times the pet and owner are gone when staff arrives.

The goal has been education over enforcement. Park Division Park Patrol, Health Services Animal Control and the Dubuque Police Department have typically educated the person about the ordinance and the policies in place. Park Patrol does not have the authority to issue citations since they are all temporary employees. See pages 18-20 of attached packet for complaints filed with the Police Department.

Staffing coverage regarding dogs and cat issues is covered by Park Division Park Patrol, Health Services Animal Control, and the Dubuque Police Department.

Park Patrol staff only work evenings from the first Saturday in May through fourth Sunday in October. The schedule is as follows:

Monday-Thursday:	3:30 PM -10:30 PM	1 Ranger
Friday-Saturday:	3:30 PM -10:30 PM	2 Rangers
Sunday:	3:30 PM -10:30 PM	2 Rangers

Animal Control has two full-time staff members. Animal Control staff schedule is as follows:

Spring / Summer Monday coverage is 8 AM - 5 PM
Tues- Friday coverage is 7 AM - 7 PM
Sat coverage is 8 AM - 4 PM

Fall/Winter Monday coverage is 8 AM- 5 PM
Tues- Friday coverage is 8 AM- 6 PM
Sat coverage is 8 AM- 4PM

The Police Department responds to calls based on priority. Typical dog and cat issues like pets in parks or stray animal reports are low on the priority list. If there is a dog or cat running loose and biting or posing a risk to motorists or pedestrians, the call would be a higher priority. The Police Department does not have the proper equipment or training for handling animals and most calls are referred to animal control.

If a legitimate concern is identified, a warning violation is completed by the enforcing officer with a copy sent to Animal Control in Health Services. Animal Control monitors for repeat violators. Anyone receiving more than one warning notice will be issued a civil citation, provided proper documentation and witness of the event is available. If the responding officer is aware that a second violation has occurred, a citation can be issued immediately.

Police will be instructed to issue a warning or citation via their process and document in the Police report that is forwarded to Health Services on a daily basis.

Fine costs are as follows:
$95 Court Costs
Up to $750 First Offense
Up to $1,000 Second Offense

WASTE

Waste stations have been strategically placed throughout the community (see page 17 of attached packet). The 25 of the locations for the waste stations were determined by the Pet Friendly committee in 2020. Waste stations only work if they are used. They are and have been generally effective in most locations when used by responsible pet owners. There has not been an increase in pet waste in locations where pet waste stations are not located. Locations that have waste stations still see non-responsible pet owners that do not use the resources of the waste stations. Waste station additions may be helpful, however it has not solved the problem in a variety of locations. It is important to note that Park Division staff does not pick up pet waste.

ADA/SERVICE ANIMALS

Persons with dogs or other animals must be approached in a specific manner. When staff approaches someone with a dog in a park whether they seemingly have a disability or not, due to ADA rights, there are only two questions the staff member can ask. Is the dog a service animal because of a disability? What work or task has the dog been trained to perform? The person does not need to provide any sort of documentation that the dog is registered, licensed, or certified as a service animal. Staff cannot ask that the dog demonstrate its task or inquire about the person's disability. Additional information can be found on pages 22-28 of the attached packet.

PRIOR ACTIONS AND PUBLIC INPUT

There have been a number of prior actions related to pets in parks. Links to prior actions by City Council from 2013, 2015, and 2020 are provided on pages 6-8 of the attached packet. Links to the Pet Friendly Community Assessment and Information are provided on page 6 of the attached packet. The Parks and Recreation Commission Meeting minutes for the most recent request are provided on pages 9-15 of the attached packet. Public input is provided on pages 29-94.

The current pets in parks ordinance and animal control ordinance are provided on pages 1-5 of the attached packet. The Council agenda item has attachments of the full packet for each meeting agenda.

FROM: Jennifer Tigges, Chair, Parks and Recreation Commission

SUBJECT: Parks and Recreation Commission Recommendation for 10-5B-4 Related to Allowing Dogs and Cats in Additional Parks

DATE: **May 22, 2025**

INTRODUCTION

The purpose of this memo is to forward the Parks and Recreation Commission's recommendation regarding 10-5B-4 Dogs and Cats that was referred to the Commission by the City Council.

BACKGROUND

In September of 2024, City Council requested the Parks and Recreation Commission review the current ordinance related to pets in parks. The discussion included whether dogs should be allowed in the remainder of the parks that currently do not allow them by the City's current ordinance.

DISCUSSION

In January of 2025, the Parks and Recreation Commission began the discussion whether dogs should be allowed in the remainder of parks that currently do not allow them (Eagle Point Park and Murphy Park). It was decided that the Commission would evaluate the entire section (10-5B-4) to determine if any changes needed to be made to the current ordinance.

The Commission determined community input was important on this topic again. A survey was created and posted on the City's website that was open from February 17th and promoted to March 3rd, 2025. Community input was gathered through online, mail, and social media outreach. Paper copies of the survey were also available at the Multicultural Family Center. One hundred and sixty-three responses were submitted.

There was also an opportunity for in-person input at the March 11th, 2025 Parks and Recreation Commission meeting held at the City Council Chambers. Ten individuals shared their input at this public meeting.

The Commission was provided all input received in writing as well as the survey results. The Commission had access and reviewed not only the input now but past actions regarding this topic as several Commission members were new since the previous updates to the ordinance.

The Commission discussed the public input gathered at their April 7th, 2025 meeting. Three individuals shared their input at the meeting. After discussion, the Commission unanimously decided 5 to 0 that they recommend no changes made to the current ordinance 10-5B-4.

Minutes of the Commission meetings are attached to this Council agenda item along with documentation of input received and information provided by staff.

RECOMMENDATION

The Parks and Recreation Commission recommends no changes to the current ordinance 10-5B-4.

PARKS AND RECREATION ORDINANCE
10-5B-4: DOGS AND CATS

A. Dogs And Cats Permitted: Leashed dogs and cats are permitted in parks, parkways, trails, or open spaces. Any unleashed or unattended animal in a park, parkway, trail, or open space may be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.

B. Dogs And Cats Prohibited: Notwithstanding section A, dogs and cats are prohibited in the following parks, parkways, trails, and open spaces or areas of parks, parkways, trails, and open spaces:

1. Bunker Hill golf course.

2. Marshall Park and Dubuque Arboretum and Botanical Gardens.

3. Eagle Point Park.

4. Murphy Park.

5. Nicholas J. Sutton Swimming Pool.

6. Flora Park Swimming Pool.

7. The Veterans Memorial Plaza within the Gerald "Red" McAleece Park and Recreation Complex.

8. Fenced-in sporting areas, including, but not limited to, courts, fields, rinks, arenas, and skate parks.

9. Buildings or facilities within parks which are listed on the National Register of Historic Places.

10. On playground and recreational areas designed for use by children.

11. Where a prohibitory sign is posted.

C. Exceptions: The prohibitions in section B do not apply to:

1. Service animals used by persons with disabilities;

2. Animals present as part of an approved and permitted special event under chapter 4 of this title;

3. Animals which are part of the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park; and

4. Animals confined to an automobile, camper, motor home (a.k.a. recreational vehicle), or other similar conveyance during the entirety of their time within Marshall Park and Dubuque Arboretum and Botanical Gardens, Eagle Point Park, and Murphy Park so long as the owner is compliant with the state code related to the safety and health of the animal.

D. Animal Control Ordinance Compliance: Leashed dogs and cats are subject to and must comply with the provisions of title 7, chapter 6 of this code.

E. Waste Disposal: The owner or keeper must pick up and dispose of or take away the dog or cat's waste.

F. Liability: The owner or keeper is responsible for the actions of its dogs and cats.

G. Unleashed Dogs Allowed: Unleashed dogs shall be permitted in the following areas:

1. Pet park.

2. John G. Bergfeld Recreation Area ponds, but only when an owner or keeper is working or exercising a dog by tossing a retrieval dummy or other object into a pond for out-and-back exercise. At all other times the dog must be leashed. (Ord. 23-17, 5-15-2017; amd. Ord. 10-20, 3-2-2020)

ANIMAL CONTROL ORDINANCE
7-6B-1 THROUGH 7-6B10: DOGS AND CATS

7-6B-1: DEFINITIONS:

The following definitions shall apply in the interpretation of this article:

AT LARGE: Any dog, cat or livestock, fowl or ferret found off the premises of the owner or keeper. A dog or cat shall not be deemed at large if the dog or cat is:

A. Attached to a leash of sufficient strength and appropriate length to control the animal where such leash is held by its owner or keeper; or

B. Restrained within an enclosed motor vehicle or by crate or leash of sufficient strength and appropriate length to keep the dog or cat within the motor vehicle; or

C. Housed in a licensed veterinarian's animal hospital; or

D. Accompanied by the owner or keeper on the premises of another with such person's consent and restrained by an adequate protective fence or by leash, cord, chain or other similar restraint that does not allow the dog or cat to go beyond such person's property line or to come into contact with anyone outside such person's property line.

CAT: Both male and female animals in the family Felis catus whether neutered or not.

DOG: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.

HEALTH CARE PROVIDER: A person who is trained and licensed to give health care.

KEEPER: Any person other than the owner keeping, sheltering, having control or custody of or harboring an animal.

KENNEL: A place or establishment where dogs or cats are kept or raised for the purpose of breeding, boarding, racing at a licensed parimutuel track, exchanged or offered for sale to the general public and which are kept under constant restraint.

NEUTERED: A surgical procedure that has been performed on a dog or a cat that renders it incapable of siring or bearing offspring.

NUISANCE: A dog or cat shall be considered a nuisance if it:

A. Damages, soils, defiles or defecates on private property other than the owner's or keeper's or on public walks and recreation areas unless such waste is immediately removed and properly disposed of by the owner or keeper.

B. Causes unsanitary, dangerous or offensive conditions.

C. Causes a disturbance by excessive barking or other noisemaking that can be heard from a position in the public right-of-way.

D. Chases vehicles, or molests, attacks or interferes with persons or other domestic animals off the premises of the owner or keeper.

OWNER: Any person owning a cat, dog, or other animal.

VICIOUS ANIMAL: A vicious cat or dog is deemed so when it shall have attacked or bitten any person on more than one (1) occasion without provocation or when an attack or bite results in serious bodily injury. (Ord. 28-17, 6-5-2017)

7-6B-2: LICENSING; TAGS AND FEES:

A. License Required: No person shall keep a dog or cat in the City unless such dog or cat is licensed by the City as provided in this article. This section shall not apply to veterinary clinics and boarding facilities.

B. Application For License: The owner or keeper shall make application for a license with the City Manager. The application shall give the name, physical address, date of birth or social security number of the owner or keeper, the sex and description of the dog or cat, and if known, its breed and age. In the event of a change of ownership, the license holder shall notify the City Manager of such change. All dogs and cats shall be licensed by not later than six (6) months of age. If an animal is older than six (6) months of age, the dog or cat must be licensed within thirty (30) days of ownership or residing in the City of Dubuque, whichever is first.

C. Dogs:

1. License Fee; Neutering:

a. The license fee per calendar year, or fraction thereof, for a dog license shall be as established by the City Manager.

b. The applicant or licensee shall furnish written proof from a licensed veterinarian that surgical procedures have been performed that render either male or female dogs incapable of reproduction, which may result in a reduced licensed fee.

2. Expiration; Renewal; Delinquent Fee: All dog licenses issued under this subsection shall expire one (1) year from the date the license was issued and shall become delinquent thirty (30) days after the license anniversary date. A delinquent fee as established by the City Manager, shall be added to the required license fee for each delinquent dog license.

D. Cats:

1. License Fee; Neutering:

a. The license fee per calendar year, or fraction thereof, shall be as established by the City Manager.

b. The applicant or licensee shall furnish written proof from a licensed veterinarian that surgical procedures have been performed that render either male or female cats incapable of reproduction, which may result in a reduced licensed fee.

2. Expiration; Renewal; Delinquent Fees: All cat licenses issued under this subsection shall expire one (1) year from the date the license was purchased and shall become delinquent thirty (30) days after the license anniversary date. A delinquent fee as established by the City Manager shall be added to the required license fee for each delinquent cat license.

E. Tags:

1. Tags Not Transferable: A license issued for any dog or cat shall not be transferred to another dog or cat.

2. Tags Attached To Collar Or Harness: The owner or keeper of a dog or cat, upon procurement of the license, shall securely attach the license tag to a collar or harness and this collar or harness, with the tag attached, shall at all times be kept on the dog or cat. Any dog or cat found at large without a collar or harness with license tag attached shall be deemed unlicensed and shall be impounded.

F. Fee For Duplicate License: The fee for a duplicate license for either a dog or cat shall be as established by the City Manager.

G. Consent Implied From Application And Receipt: The application for and the receipt of a license as required in this section shall include an implied consent by the owner or keeper to permit an inspection of both real and personal property under the owner's or keeper's control for the purpose of carrying out the provisions of this article relating to the harborage of vicious animals or to the control of rabies outbreak or relating to the provisions of law relative to the prohibition of cruelty to animals. (Ord. 28-17, 6-5-2017)

7-6B-3: KEEPING DOMESTIC ANIMALS ON UNOCCUPIED RESIDENTIAL PROPERTY OR IN DANGEROUS BUILDINGS PROHIBITED:

The owner or keeper of a dog or cat shall not keep or allow the dog or cat to be kept on unoccupied property or in any building that meets the definition of a dangerous building as set forth in section 14-3-2 of this Code. For purposes of this provision, "unoccupied property" shall include but is not limited to property that is not the primary residence of the owner or keeper or any other occupant. (Ord. 28-17, 6-5-2017)

7-6B-4: HARBORING VICIOUS DOG OR CAT:

It shall be unlawful for any person or persons to harbor or keep a vicious dog or cat within the City. The City may abate violations of this section with penalties including, but not limited to, euthanization of the animal. (Ord. 28-17, 6-5-2017)

7-6B-5: NUISANCE:

It shall be unlawful for any owner or keeper to permit a dog or cat to commit a nuisance. (Ord. 76-08, 11-3-2008)

7-6B-6: FEMALE DOGS IN SEASON:

It shall be unlawful for any owner or keeper to allow a female dog in season to run at large or to so confine such dog as to attract male dogs to the area and by their presence cause a nuisance. (Ord. 76-08, 11-3-2008)

7-6B-7: RUNNING AT LARGE:

It shall be unlawful for any owner or keeper to permit or allow a dog, cat, ferret, livestock or fowl to run at large. (Ord. 76-08, 11-3-2008)

7-6B-8: DIRECTING DOG WITH MALICIOUS INTENT:

No person shall direct, encourage, cause, allow or otherwise aid or assist any dog to threaten, charge at, intimidate, bite, harass, menace or attack any person. (Ord. 76-08, 11-3-2008)

7-6B-9: USE OF DOG IN ILLEGAL ACTIVITY PROHIBITED:

No person shall keep, maintain, control or retain custody of any dog in conjunction with, or for the purpose, whether in whole or in part, of aiding, abetting or conducting illegal activity or committing any crime. (Ord. 76-08, 11-3-2008)

7-6B-10: IMPOUNDMENT, REDEMPTION AND DISPOSITION OF UNCLAIMED ANIMALS:

A. Contract For Pound Or Shelter: The City Manager is hereby authorized to contract from year to year with any pound or animal shelter as defined by section 162.2 of the Code of Iowa for carrying out the provisions of this article including the collection, protection and disposition of dogs, cats and other animals and the collection of fees for licensing and care of seized and impounded dogs and cats.

B. Impoundment: Any unlicensed dog or cat except kennel dogs or cats and any licensed dog or cat found at large shall be subject to seizure and impoundment in a place provided by the City.

C. Notice To Owners Of Licensed Dogs Or Cats: Whenever any licensed dog or cat has been seized or impounded pursuant to this article, notice of such action shall be given as provided in this article.

D. Redemption:

1. Except as otherwise provided, the possession of any licensed dog or cat seized or impounded pursuant to this article may be obtained by the owner or keeper by paying an impoundment fee as established by the City Manager, together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time that such dog or cat is impounded. Upon the second subsequent impoundment of the same animal within three hundred sixty five (365) days, an impoundment fee as established by the City Manager shall be assessed together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time which said dog or cat is impounded.

2. Upon proper identification the owner may redeem an unlicensed dog or cat seized or impounded pursuant to this article after licensing the animal or agreeing to purchase a license within ten (10) working days. Failure to do so shall result in an additional fee as established by the City Manager, added to the license fee.

E. Disposition Of Unredeemed Dogs:

1. Licensed Dog: If the owner or keeper of a licensed dog impounded pursuant to this article does not redeem such animal within seven (7) days after the mailing of the notice provided for in this article, the license shall automatically be revoked and the animal disposed of as directed by the City Manager.

2. Unlicensed Dog: Any unlicensed dog not redeemed by the owner within three (3) days after it has been seized or impounded shall be disposed of as directed by the City Manager.

F. Disposition Of Unredeemed Cats:

1. Licensed Cat: If the owner or keeper of a licensed cat impounded pursuant to this article does not redeem such animal within five (5) days after the mailing of the notice provided for in this article, the license shall automatically be revoked and the animal disposed of as directed by the City Manager.

2. Unlicensed Cat: Any unlicensed cat not redeemed by the owner within three (3) days after it has been seized or impounded shall be disposed of as directed by the City Manager. (Ord. 28-17, 6-5-2017)

PAST COUNCIL MEETING MINUTES REGARDING PETS IN PARKS OR TRAILS

- **March 4, 2013 Council Meeting Minutes:**

Park & Recreation Commission - Pets in Parks Recommendation: Park & Recreation Commission submitting its recommendations regarding pets in city parks and on trails. by amending City of Dubuque Code of Ordinances Title 10 Public Ways and Property, Chapter 5 Parks and Recreation By Adding Definitions Relating to Animals; Restricting Horsedrawn Vehicles; Permitting Dogs, Cats, and Domesticated Animals in Certain Parks, Open Spaces, and Trails Subject to Conditions; Establishing Leash and Waste Clean-Up Requirements; Prohibiting Animals Running At-Large Within Parks, Open Spaces, or Trails; Permitting the Exercising of Dogs off Leash in Certain Areas; and Revising Park, Open Spaces and Trail Descriptions.

City Council discussion included conversation about child safety, health concerns, enforcement, compromises, possible monitoring for future revision, and acknowledging the Commission's work and research.

Motion by Jones to consider the first reading of the proposed ordinance. Seconded by Braig. Motion failed 5-1 with Braig voting yay.

- **March 18, 2013 Council Meeting Minutes:**

Park & Recreation Commission - Pets in Parks Recommendation: Council Member Ric Jones submitting a request to reconsider a proposed ordinance allowing leashed, licensed dogs in City parks.

Correspondence from the Park & Recreation Commission relaying additional recommendations related to Veteran's Memorial Plaza and play areas. Correspondence from Health Services relaying current violation statistics related to pets in parks. Correspondence from Leisure Services relaying research about other cities related to pets in parks. Materials from the March 4, 2013 Council Meeting.

Motion by Jones to reconsider the proposed ordinance. Seconded by Braig. Motion carried 7-0.

Restated motion by Jones to consider the first reading of a proposed ordinance (with recommended changes) amending City of Dubuque Code of Ordinances Title 10 Public Ways and Property, Chapter 5 Parks and Recreation By Adding Definitions Relating to Animals; Restricting Horsedrawn Vehicles; Permitting Dogs, Cats, and Domesticated Animals in Certain Parks, Open Spaces, and Trails Subject to Conditions; Establishing Leash and Waste Clean-Up Requirements; Prohibiting Animals Running At-Large Within Parks, Open Spaces, or Trails; Permitting the Exercising of Dogs off Leash in Certain Areas; and Revising Park, Open Spaces and Trail Descriptions. Seconded by Braig. Motion carried 4-3 with Connors, Lynch, and Sutton voting nay.

City Council requested the following changes be made to the ordinance for the second reading: 1) One-year trial period with evaluation; 2) Evaluation on enforcement options; 3) Shorten the list of eligible parks; and 4) A clear definition of the geography of play areas. Council also requested information from staff related to funding of the associated costs of amenities such as waste bag, signage and public education. Council discussion included concerns over health and safety, increased enforcement options, additional costs, and impact on hosted events and pavilions. Leisure Services Manager responded to questions from the City Council. (The second reading of this ordinance is scheduled for April 15, 2013).

- **April 15, 2013 Council Meeting Notes**

Park & Recreation Commission - Pets in Parks Recommendation (Second Reading): Park & Recreation Commission submitting revised recommendations regarding allowing pets in City parks. City Manager submitting informational memos. Motion by Jones to receive and file the documents and consider the second reading of a proposed ordinance amending City of Dubuque Code of Ordinances Title 10 Public Ways and Property, Chapter 5 Parks and Recreation by adding definitions relating to Animals; Restricting Horse drawn Vehicles; Permitting Dogs, Cats, and Domesticated Animals in Certain Parks, Open Spaces, and Trails Subject to Conditions; Establishing Leash and Waste Clean-Up Requirements; Prohibiting Animals Running At-Large Within Parks, Open Spaces, or Trails; Permitting the Exercising of Dogs off Leash in Certain Areas; and Revising Park, Open Spaces and Trail Descriptions. Seconded by Braig. Park and Recreation Commissioner Chuck Harris provided information on the amendments recommended by the City Council at the April 1, 2013 meeting. City Council discussed concerns about enforcement, safety, sanitation and cost issues, and a trial period with evaluations. Motion failed 5-2 with Braig and Jones voting yay.

- **August 5, 2013 Council Meeting Minutes**

Code of Ordinances Title 10 Amendment - Animals, Definitions and Descriptions: City Manager recommending an ordinance amendment permitting leashed dogs and cats on certain trails, adding definitions, restricting horse drawn vehicles, establishing clean-up requirements, and revising park, open space and trail descriptions.

Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Resnick. Motion carried 7-0.

Ordinance added four more trails, AY McDonald and Pyatigorsk Park and Port of Dubuque Marina. Added dogs and cats can be in auto in Eagle Point, Murphy and Flora Parks.

- **February 2, 2015 Council Meeting Minutes**

1. Code of Ordinances Amendment Title 10 - Allowing Pets in Most City Parks: Parks and Recreation Commission recommending an amendment to the City of Dubuque Code of Ordinances 10-5B-4 to allow dogs and cats in most park areas, all trails and other department areas. Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Braig. Leisure Services Manager Marie Ware, Police Chief Mark Dalsing, and Public Health Specialist Mary Rose Corrigan responded to questions from the City Council regarding waste stations, enforcement and citations, and outreach. Motion failed 5-2 with Braig and Jones voting yay.

Motion by Jones for consideration of the first reading of a proposed ordinance allowing Dogs, Cats and Other Domestic Animals in Parks, Trails, Open Spaces, and Areas. Seconded by Braig. Motion failed 5-2 with Braig and Jones voting yay.

- **April 20, 2015 Council Meeting Minutes**

3. Code of Ordinances Amendment Title 10 – Parks: City Manager recommending approval an amendment to City of Dubuque Code of Ordinances 10-5B-4A removing the word "unleashed" related to prohibiting animals in parks. Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Connors. Motion carried 7-0.

Motion by Jones for final consideration and passage of Ordinance No. 26-15 Amending City of Dubuque Code of Ordinances Title 10 Public Ways and Property, Chapter 5 Parks and Recreation, Article B Use Regulations, Section 10-5B-4 Dogs, Cats and Other Domestic Animals by correcting the Title to Subsection A. Seconded by Connors. Motion carried 7-0.

Ordinance amended a section title that should have been amended to say Animals Prohibited vs. Unleashed Animals Prohibited.

- **March 2, 2020 Council Meeting Minutes**

4. Code of Ordinance Amendment - Title 10 Allowing Leashed Dogs and Cats in Designated Parks: Park and Recreation Advisory Commission recommending amendments to the City of Dubuque Code of Ordinances allowing leashed dogs and cats in designated parks.

Motion by Cavanagh to amend the second of the two proposed ordinances to include Eagle Point Park and Murphy Park on the list of prohibited areas. Seconded by Roussell. Motion carried 5-2 with Jones and Shaw voting nay.

Restated motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Shaw. Motion carried 7-0.

Motion by Jones for final consideration and passage of Ordinance No. 9-20 (as amended) Amending City of Dubuque Code of Ordinances Title 10 Public Ways and Property, Chapter 5 Parks and Recreation, Article B Use Regulations, Section 10-5B-1 Definitions; and Ordinance No. 10-20 Amending City of Dubuque Code of Ordinances Title 10 Public Ways and Property, Chapter 5 Parks and Recreation, Article B Use Regulations by repealing Section 10-5B-4 Dogs, Cats and other Domestic Animals and adopting a new Section 10-5B-4 Dogs and Cats in lieu thereof. Seconded by Shaw. Motion carried 7-0.

Ordinance amended to allow dogs and cats except Eagle Point Park and Murphy Park.

Unanimous.

PARKS AND RECREATION COMPREHENSIVE MASTER PLAN UPDATE:

Park Division Manager Steve Fehsal and Recreation Division Manager Dan Kroger advised the consulting firm, Kimley-Horn is working closely with the Parks and Recreation leadership team to kick things off and determine public engagement.

PETS IN PARKS ORDINANCE DISCUSSION AND SETTING A DATE FOR PUBLIC ENGAGEMENT:

The commission members discussed the ordinance and their desire for community engagement on the ordinance. The commission reviewed the options to focus solely on the 2 parks (Eagle Point Park and Murphy), the whole ordinance and/or section 10-5B-4 of the ordinance specific to dogs and cats. Jennifer Tigges then suggested to the group that the focus should be on the section 10-5B-4 which covers the parks/spaces where dogs and cats are currently permitted and prohibited. The group all agreed to move forward with the review of section 10-5B-4 and solicit feedback from the community. Tigges suggested to send a press release for public input for. Park Division Manager Steve Fehsal and Recreation Division Manager Dan Kroger confirmed that they would work with the City's Communications Office to solicit Public Engagement.

DIVISION MANAGER REPORTS:

None

COMMISSION COMMUNICATIONS/QUESTIONS:

Lori Ollendick asked how the hiring for temporary positions is going. Kroger explained that the department is getting a lot of applicants and the City's Communications department has done a great job getting job postings out and marketed to the community.

ADJOURNMENT:

It was moved by Kennicker, seconded by Ochoa, to adjourn the meeting 5:41 p.m. Unanimous.

STAFF PRESENT: Steve Fehsal, Dan Kroger, Jared Charland, Marie Ware and Angie Metcalf.

CALL TO ORDER: Jennifer called meeting to order at 5:01pm.

MINUTES APPROVED; VOTE:

It was moved by Axtel, seconded by Kennicker, to approve the minutes of the February 11th, 2025, meeting. Unanimous.

PUBLIC INPUT:

Arthur Gilloon: 535 Heritage Drive, Dubuque Iowa – Opposed to changing the ordinance, provided multiple examples of parks with no dogs in larger cities. Also expressed concern regarding parks staff if dogs we allowed in additional parks.

Lisa Johnson: 206 Southgate Drive, Dubuque Iowa – Supports changing the ordinance to allow dogs into Murphy and Eagle Point Park. Provided detail regarding data showing it is not dangerous.

Deb Evan: 2535 Hillcrest Road, Dubuque Iowa - Opposed to changing ordinance specifically due to Eagle Point Park, Murphy and Arboretum due to people not picking up after them.

Joan Dahlguist: 790 Caledonia Place, Dubuque Iowa - Opposed to changing ordinance due to the nature in Eagle Point Park.

Mariaum Kirkendell: 1215 Valentine Drive, Dubuque Iowa - Supports changing the ordinance to open up for Murphy and Eagle Point Park due to supporting health and social activities.

Craig Reber: 2854 White Street, Dubuque Iowa - Opposed to changing the ordinance due to Eagle Point Park being the jewel of Dubuque and we need to keep it clean and keep it a human only park.

Terry Leibold: 2530 Millstone Drive, Dubuque Iowa – Opposed to changing the ordinance as he believes we need to leave the couple parks that do not allow dogs.

Victoria Vail: 10809 Davis Street, Dubuque Iowa – Supports changing the ordinance as she would love to see Dubuque become more dog friendly.

Tom Green: 980 Davis Street, Dubuque Iowa – Opposed to changing the ordinance because of people who are not responsible pet owners.

Jenna Hirtz 3800 Arboretum Drive, Dubuque Iowa - Opposed to changing the ordinance specifically in regard to the Arboretum. This is a quiet space to relax and a memorial space.

Closed public input at 5:36

PETS IN PARKS DISCUSSION:

Tigges suggested allowing time for all members of the commission to review the information and time to think more about the public input. All agreed.

MILLER RIVERVIEW CAMPGROUND FEE INCREASE RECOMMENDATION:

Park Division Manager Fehsal explained the campsite fees at the Miller River Campground have not been increased since 2022. He proposed a $5 increase for an electrical site and a $3 increase for a primitive site. This increase would bring the pricing for an electrical site to $25. This increase would bring the pricing for a primitive site to $18. Jason Henkel asked to see budget documents to see what the financial impact would be. Fehsal said he will send those documents to the commission members. Axtel made a motion to recommend Commission approve the fee increase noted above. Kennicker seconded. Unanimous.

DIVISION MANAGER REPORTS:

Recreation Division Manager Kroger provided an update on hiring temporary employees. The recreation department has received 70 lifeguard applications. Henkel asked about the Miracle League program. Dan explained the program and the gym space being used. Golf course is opening 3/12/2025, walking only. The golf pro-shop renovation looks really nice and is almost finished. Park Division Manager Fehsal provided an update on the parks division and hiring temporary employees. He informed the commission of the budget hearing and presentation for Parks and Recreation is scheduled for April, 9. Campground will open on 4/15.

PARKS AND RECREATION COMPREHENSIVE MASTER PLAN UPDATE:

Recreation Division Manager Kroger advised public engagement will kick off in April and go through August. Engagement will include public workshops, staff workshops and community events throughout the summer. The website will be live in a few weeks, and it will provide useful information, dates of events as well as a public survey. Lori asked if the stakeholder list could be shared. Angie Metcalf will email the draft list to the commission members the following day.

COMMISSION COMMUNICATIONS/QUESTIONS:

Kennicker went over the Envision 2030 project and urged people to get engaged. Tigges requested the April meeting be moved as she was not available on the second Tuesday of April. It was decided to move the April commission meeting date to April 7, location will be determined once date gets closer.

ADJOURNMENT:

It was moved by Kennicker, seconded by Henkel, to adjourn the meeting 6:02 p.m. Unanimous.

PARK AND RECREATION COMMISSION MEETING

Monday, April 07, 2025

Comiskey Park Building, 255 E 24th Street, Dubuque, Iowa 52001

PRESENT: Jennifer Tigges, Robin Kennicker, Ron Axtell, Josh Jorgenson, and Jessica Ochoa

ABSENT: Lori Ollendick, and Jason Henkel

STAFF PRESENT: Steve Fehsal, Dan Kroger, Angie Metcalf, and Mary Rose Corrigan with the City's Health Services Department.

CALL TO ORDER: Tigges called meeting to order at 4:35pm.

MINUTES APPROVED; VOTE:

It was moved by Jorgenson, seconded by Axtel, to approve the minutes of the March 11th, 2025, meeting. Unanimous.

PUBLIC INPUT:

Sarah Sutton 1700 North Algonquin, Dubuque Iowa – Opposed to changing the ordinance specific to Murphy and Eagle Point Park due to some people's fear of dogs, cleanliness. She also expressed her concerns about the tennis courts and that they need to be replaced.

Art Gilloon 535 Heritage Drive, Dubuque Iowa – Opposed to changing the ordinance. Recommends the commission not review or make any changes to the ordinance until after the Parks and Recreation Master Plan is complete.

Mary Klaus 1605 Lincoln, Dubuque Iowa – Opposed to changing the ordinance Does not want to have dogs in eagle point park.

PETS IN PARKS DISCUSSION:

Mary Rose Corrigan, Public Health Director, explained the Health Department's enforcement on the animal control ordinance and the department's response to complaints. After lengthy discussion and review of public input, Axtel suggested no change to the current ordinance 10-5B-4: Dogs and Cats. Axtel made a motion to recommend no change to the ordinance 10-5B-4: Dogs and Cats. Ochoa Seconded. Unanimous.

EAGLE POINT PARK HISTORIC STRUCTURES REPORT RECOMMENDATION:

Park Division Manager Fehsal explained a consulting company was hired to complete a review of the historic structures at Eagle Point Park. The Historic Structures Report includes the history, current condition, and identify appropriate treatments of three structures designed by Alfred Caldwell. Kennicker made a motion to recommend Council's approval of the Eagle Point Historic Structures Report and Ochoa seconded. Unanimous.

REQUEST TO WAIVE EAGLE POINT PARK FEE FOR KIDS TO PARK DAY ON MAY 17TH 2025:

It was moved by Axtel, seconded by Ochoa, to approve the request to waive the Eagle Point Park fee for Kids to Park Day on May 17th 2025. Unanimous.

REVIEW AND APPROVE DUBUQUE WATERSPORTS CLUB LEASE:

It was moved by Kennicker, seconded by Jorgenson, to approve the Dubuque Watersports Club Lease. Unanimous.

RUSTIC POINT SUBDIVISION PARK NAMING RECOMMENDATION:

Axtel made a motion to recommend Council's approval of naming the park located in the Rustic Point Subdivision, Rustic Point Park and seconded by Kennicker. Unanimous.

PARKS AND RECREATION COMPREHENSIVE MASTER PLAN UPDATE:

Recreation Division Manager Dan Kroger explained the consultants were in Dubuque last week talking with staff and community members to gather input. This will be first of multiple visits to Dubuque. Kroger also provided details in which the public can provide their input regarding the master plan and provided a walk through of the website. He passed out bookmarks and flyers to the commission members to spread the word.

DIVISION MANGER REPORT:

Park Division manager Steve Fehsal provided an update on ongoing projects.

COMMISSION COMMUNICATIONS/QUESTIONS:

Jorgenson participated in an annual alumni event and wanted to thank the city for putting it together. Commission Member Tigges read aloud a letter to the editor of the TH, written by Keith Breitbach regarding his appreciation for Eagle Point Park and it's history.

Tigges read aloud an online facebook post from a community member regarding basketball at Comiskey Park. The community member mentioned her gratitude for an older group of young men including a small group of younger boys in a basketball game. Showing them sportsmanship and kindness.

ADJOURNMENT:

It was moved by Ochoa, seconded by Kennicker, to adjourn the meeting 5:51 p.m. Unanimous.

IOWA'S LARGEST 11 CITIES BY POPULATION: CITY ORDINANCES REGARDING DOGS IN PARKS AND TRAILS

City	Leashed dogs allowed in all parks and trails	Notes
Des Moines	Yes	
Cedar Rapids	Yes	City of Cedar Rapids Ordinance 10.11 Below
Davenport	Yes	
Sioux City	Yes	
Iowa City	Yes	
Ankeny	Yes	
West Des Moines	Yes	
Waterloo	Yes	
Ames	Yes	No dogs at Homewood Golf Course during open play. The course is open play when the flag poles are in the cups at the greens.
Council Bluffs	Yes	
Dubuque	No	Dogs are allowed in many parks, but not all

CITY OF CEDAR RAPIDS ODRINANCE: 10.11

10.11 - DOGS PROHIBITED AND REGULATED IN CERTAIN AREAS OF PARKS AND GOLF COURSES.

(a) No dog shall be allowed in or within 50 feet of any wading pool, pavilion, or ball field in a city park, except properly trained dog guides for the blind or deaf are permitted in and within 50 feet of pavilions.

(b) No dog shall be allowed on any golf course operated by the City of Cedar Rapids.

(c) No dog shall be allowed in any other area of a city park unless it is attached to a leash not more than 6 feet in length and have sufficient strength to restrain the dog when the leash is held by a person capable of restraining and controlling the dog.

(d) All excrement or droppings from a dog in a public park shall be immediately cleaned up and deposited in a sanitary and enclosed litter bag by the owner or person in charge of the dog and disposed of in a sanitary manner.

(e) Any person who owns, keeps, harbors, or who has control or custody of a dog, who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction thereof, subject to the penalties provided for a violation of the Municipal Code of the City of Cedar Rapids.

(f) It shall be the duty of every police officer and any other person authorized by the City Council to enforce the provisions of this section.

Service Animals

The ADA explains what businesses and state/local governments must do to make sure that they do not discriminate against a member of the public with a disability who uses a service animal.

Generally, businesses and non-profits that are open to the public as well as state/local governments must allow service animals to go most places where the public can go. This is true even if they have a "no pets" policy.

Topic

Read this to get a basic understanding of this topic.

For more detailed information on a topic, view Guidance & Resource materials
For information about the legal requirements, visit Law, Regulations & Standards

About Service Animals

Service animals are:

- Dogs
- Any breed and any size of dog
- Trained to perform a task directly related to a person's disability

Service animals are not:

- Required to be certified or go through a professional training program
- Required to wear a vest or other ID that indicates they're a service dog
- Emotional support or comfort dogs, because providing emotional support or comfort is not a task related to a person's disability

More about the difference between emotional support animals and service animals

If the dog's mere presence provides comfort, it is not a service animal under the ADA. But if the dog is trained to perform a task related to a person's disability, it is a service animal under the ADA. For example, if the dog has been trained to sense that an anxiety attack is about to happen and take a specific action to help avoid the attack or lessen its impact, the dog is a service animal.

Examples of Service Animal Tasks

A person who uses a wheelchair may have a dog that is **trained to retrieve objects for them**.

A person with depression may have a dog that is **trained to perform a task to remind them to take their medication**.

A person with PTSD may have a dog that is **trained to lick their hand to alert them to an oncoming panic attack**.

A person who has epilepsy may have a dog that is **trained to detect the onset of a seizure and then help the person remain safe during the seizure**.

Where Service Animals Can Go

Generally, service animals are allowed to be with their person, even in places that don't allow pets. For example, service dogs can go into:

- Restaurants
- Shops
- Hospitals
- Schools
- Hotels

EXAMPLE: A restaurant offers indoor and outdoor seating. A woman arrives at the restaurant with her service dog and asks to sit inside. The restaurant cannot require the woman to dine outside because of her service dog.

The ADA also applies to certain types of housing, including:

- Housing at public and private universities
- Public housing programs run by state, county, and city governments
- Emergency shelters

Other laws apply to housing

The **Fair Housing Act** applies to many types of housing, both public and privately owned, including housing covered by the ADA. Under the Fair Housing Act, there

may be different rules that apply when a resident or applicant with a disability uses a service animal or other animal to assist with their disability. The U.S. Department of Housing and Urban Development is responsible for administering the Fair Housing Act. Learn more at the U.S. Department of Housing and Urban Development or contact your Regional Fair Housing and Equal Opportunity Office.

Other laws apply to airplanes

The Air Carrier Access Act, not the ADA, protects the rights of people with disabilities in air travel. For information or to file a complaint, contact the U.S. Department of Transportation, Aviation Consumer Protection Division: 202-366-2220.

Other rules apply to employment

The Equal Employment Opportunity Commission (EEOC) is responsible for administering the ADA in employment settings.

Asking if a Dog is a Service Animal

If you are working at a business or state/local government facility and it is unclear to you whether someone's dog is a service dog, **you may ask for certain information using two questions**.

You may ask:

- Is the dog a service animal required because of a disability?
- What work or task has the dog been trained to perform?

You are *not* allowed to:

- ⊗ Request any documentation that the dog is registered, licensed, or certified as a service animal
- ⊗ Require that the dog demonstrate its task, or inquire about the nature of the person's disability

Because service animals are not required to wear vests, a dog that is wearing a vest is not necessarily a service animal. The dog still needs to be trained to perform a task for a person with a disability to be a service animal.

When a Service Animal Can Be Kept Out

A business or state/local government does not need to allow a service animal if the dog's presence would fundamentally alter the nature of the goods, services, programs, or activities provided to the public.

What does *fundamentally alter* mean?

In most settings, a service animal will not fundamentally alter the situation. But in some settings, a service dog could change the nature of the service or program. For example, it may be appropriate to keep a service animal out of an operating room or burn unit where the animal's presence could compromise a sterile environment. But in general, service animals cannot be restricted from other areas of the hospital where patients or members of the public can go.

Learn more about when a service animal can be kept out in questions 23-26 in FAQs about service animals and the ADA.

Asking Someone to Remove Their Service Animal

A business or state/local government can ask someone to remove their service animal if:

- The dog is not housebroken.
- The dog is out of control, and the person cannot get the dog under control.

What does *out of control* mean?

Learn more in question 27 in FAQs about service animals and the ADA.

State and Local Laws

State/local governments can:

- Require service dogs to be licensed and vaccinated, if all dogs are required to be licensed and vaccinated
- Offer *voluntary* service dog registration programs

State/local governments can't:

- Require certification or registration of service dogs
- Ban a service dog based on its breed

Dubuque Commission Seeks Input on Pets in Parks Ordinance

FEBRUARY 17, 2025

The City of Dubuque Parks and Recreation Commission is welcoming public input as it reviews a city ordinance that allows dogs and cats in some city parks. Input will be accepted at a public meeting on March 11 and can also be provided online until March 3.

Residents are invited to provide in-person input at the next parks and recreation commission meeting on Tuesday, March 11, at 5 p.m. in the City Council Chambers on the second floor of the Historic Federal Building, 350 W. Sixth Street. Residents can also provide input through an online form at www.cityofdubuque.org/petsinparks until 11:59 p.m. Monday, March 3.

The ordinance was last updated in 2020 when it was modified to permit leashed dogs and cats in most Dubuque parks, parkways, trails, and open spaces. The current ordinance prohibits dogs and cats from:

- Bunker Hill Golf Course,
- Eagle Point Park,
- Flora Park Swimming Pool,
- Marshall Park and Dubuque Arboretum and Botanical Gardens,

1

- Murphy Park,
- Nicholas J. Sutton Swimming Pool, ?
- Veterans Memorial Plaza within the Gerald "Red" McAleece Park and Recreation Complex,
- buildings or facilities within?parks?which are listed on the National Register of Historic Places,
- fenced-in?sporting areas,?including, but not limited to, courts, fields, rinks, arenas, and skate?parks, and
- on playground and recreational areas designed for use by children.

As directed by the Dubuque City Council, the parks and recreation commission is reviewing the current ordinance. Any recommended modifications to the ordinance would then be considered by the city council.

For additional information, or to view the current ordinance, visit www.cityofdubuque.org/petsinparks. To request a paper copy of the input form, please call 563.589.4263.

First Name	Last Name	Address	City	Share Your Input:
Christiana	Bailey	2935 Balke Street	Dubuque	When this issue was previously open for public discussion, I stood in support of allowing dogs in our public park and I stand here again today with the same belief. Dubuque remains the only city in Iowa that does not allow dogs in all parks, and it's time for that to change. In past discussions, concerns were raised about waste in parks, yet much of what people assumed came from dogs was actually from birds. Responsible dog owners are among the most vigilant park users, always keeping an eye on their surroundings and ensuring public spaces remain clean and safe. Dogs are more than just pets they're family. They belong in the parks alongside us, enjoying the same outdoor spaces that make Dubuque such a great place to live.
Nikkia	Kramer	45 gandolfo street	Dubuque	I believe pets should be allowed in these places. Dubuque has grown to be a not pet friendly city for a long time now. As long as owners are keeping them leashed and picking up after them I believe they should be allowed. We need more places we can bring our pets along with our children to see.
Bob	Wissing	195 N. Grandview	Dubuque	I'm a pet owner and anyone who walks their dog can see some people will not follow the rules and pick up after their animals so yes it ruins it for those that do and thes parks listed should continue to ban pets from those parks and they should also be banned from farmers market and anywhere else food is served, consumed or prepared absolutely disgusting
Shawna	Connolly	2718 Beverly Ave	Dubuque	As a Dubuque resident and pet owner, I appreciate the opportunity to provide input on the city's pets in parks ordinance. I strongly encourage Dubuque to expand its pet-friendly policies to better accommodate responsible dog owners and keep pace with other cities like Iowa City and Des Moines. Currently, our city offers limited options for dog owners who want to enjoy outdoor spaces with their pets. Many larger cities have successfully implemented pet-friendly policies that not only enhance residents' quality of life but also boost local businesses and tourism. Expanding access to parks and public spaces for leashed dogs would create a more inclusive community while still promoting responsible pet ownership. I urge the city to consider: - Allowing leashed dogs in more public parks and trails rather than restricting access. - Designating pet-friendly zones within parks to accommodate both pet owners and those who prefer pet-free areas. - Adding waste stations and clear signage to encourage cleanliness and accountability. - Collaborating with local businesses to establish more dog-friendly public spaces and events. - Additional unleashed and dog park locations throughout the city. A more pet-friendly Dubuque would benefit both residents and visitors while fostering a greater sense of community. Thank you for your time and consideration.
Ali	Levasseur	1318 Jackson Street	Dubuque	I support the current pets in park ordinance #10-5B-4 Dogs and Cats. I believe it should continue as is. The pets must be leashed in the majority of locations which provides an element of safety, keeping the animal near the owner. Responsible pet owners should understand this and have no trouble following the ordinance. Ali.

Marisa	Wissing	1380 Mount Pleasant st.	Dubuque	I think they need to be allowed at Eagle point and Murphy park because if they are able to go to the other parks they should be allowed in all parks that you have family gatherings at. Though I do think the on leash and pop clean up needs to be enforce more.
Terry	Mozena	1036 w 3rd	Dubuque	I am in favor of dogs and cats being allowed in all city parks. They must be leashed and under owners control at all times. Fines should increased substantially for not following leash law and for not immediately picking up animal waste. Thanks for asking Terry
Stephanie	Sanders	1670 White Street	Dubuque	Please add the below to the list of dog friendly places: Eagle Point Park Marshall Park and Dubuque Arboretum and Botanical Gardens Murphy Park
Sara	Steuer	2140 Elm St	Dubuque	While I'd like to bring my well behaved, friendly dog into more parks with me, I unfortunately agree that with the unpredictability of dogs, through poor training and lacking owners, and the irresponsibility of owners to pick up after their pets and to observe the rights of human park goes to peace and calm, I believe the current stance on prohibitions is best for the safety and enjoyability of all involved. I wish we could go to certain parks with my dog, but for the better of the community, I believe that current rules are necessary.
Jim	Swenson	17646 Gondola Drive	Dubuque	I don't live in the city limits, but use many of the above places off and on. I also hike at several area trails that allow dogs. Even when the dogs are on leashes, which isn't every time, my experience is about 50-50 with the animals causing me concern. Just the other day, an owner was holding his large black dog tightly on a leash as I walked by, and the dog still was able to leap and bump me in the arm with his snout. No injury, but it wasn't the first near miss. I also understand that dogs need to get outside and walk/run, so I appreciate their owners' wishes for more spaces. A compromise might be choosing 3-4 of the least used spaces and test it out on a one-year or so trial basis. Perhaps periodic checks/surveys could help determine the way forward.
Michael	Mickelson	135 FREMONT AVE	Dubuque	I think that if pet owners can be responsible by keeping leashes on pets, to take them along to Murphy and Eagle Point parks would be fine! I think that Marshall Park would also be ok to take a dog, again as long as they have leashes on.
Ann	Skemp	1323 Rhomberg Ave	Dubuque	NOOOOOOO!!! I live on Rhomberg, a very walkable street. Although most pet walkers in my area are great.....there are several who are not. I have picked up poop from my sidewalk (not even the grass) more times than anyone should have to. I have a camera so I know its from pets on a leash who's owners stand and watch and walk away. Everyone wants to have the privilege but they must think that only one little poop doesn't matter. Bad apples ruin it for the rest.
Amber	Wenzel	1438 Garfield ave	Dubuque	I love most pets! What I don't love is that a lot of pet owners do not feel the need to pick up after their pets. I have children and we as a family utilize a lot of our parks in Dubuque. I don't like having to worry about kids running and playing in areas designated and designed for them and stepping in pet waste. I wish people were better and would take responsibility but they just Don't!!! Please continue to keep dogs out of parks unless designated for them.
Sam	Wilson	1475 S Grandview Ave	Dubuque	The cities prohibition on dogs in parks is one of DBQ's least desirable traits. The current dog park is inadequate and there are no other options for dogs to run off-leash. If the city wants to remain a competitive option for you professionals, it's time to address this issue and expand access for dog owners in the city.

Alicia	Murphy	4019 Flamingo Drive	Dubuque	These are beautiful parks that can be enjoyed by responsible pet owners! Urban cities have successfully allowed dogs into public spaces, such as parks and restaurant/bar patios. It would be amazing to see Dubuque shift to a more dog-friendly atmosphere. Working in hospitality, I often get questions from travelers about dog-friendly spaces they can travel to. More often than not, they are shocked and disappointed that we are not there yet. Allowing dogs into these parks is a great start!
Kaitlyn	Howard	273 N Booth St	Dubuque	I'm all for pets in more parks!
Yara	Lopez	1374 W 5th St	Dubuque	As someone who does not have a yard at home I consistently take my dogs to parks on leash so that can walk around with me. The dog park is also a way to be able to get his energy out. This town is filled with dog lovers and if we want to support our humane society then we need access to parks so that we can make sure our pets are receiving the right amount of exercise even if we don't have the yard ourselves.
Sarah	Murphy	116 Alpine Street	Dubuque	I very much appreciate being able to take my dogs into city parks. We frequent AY McDonald Park, the riverwalk, and Flora Park. I wish we could use Murphy Park and Eagle Point Park. There are so many areas in those parks where we could be away from people and other dogs. In Flora Park, we love that we can run from tree to tree as the dogs chase squirrels (dogs are ALWAYS on leash). It is nice that we are able to redirect to a different direction if we see another dog coming (still working with my dog and puppy on meeting other dogs). My last dog was very reactive, so being able to redirect was vital. I do wish others were more respectful and would clean up after their dogs. I always have bags with me and always clean up after my dogs. However, that is not the case with many others - especially along the riverwalk. Also, I have seen people having their dogs off leash at AY McDonald park. I honestly don't mind, IF they have their dogs under control (playing frisbee). It does make me sort of panic seeing a loose dog as one has run up to me and my dogs at the Mines of Spain and caused me to fall over as my dogs reacted. Thanks for letting us have dogs in the park. Please keep it and expand it to Murphy Park and Eagle Point Park.
Sara	Amberg	648 Sapphire Circle	Dubuque	Would love to get more dog friendly parks in dubuque...especially eagle point and murphy park. And trails that aren't heavily salted in the winter.
Christie	Rang	1505 Brian Dr	Dubuque	I would love for Eagle Point Park to be added to the list of leashed dog allowed parks. It is large enough for there to be enough space. I think the current policy has gone well since it was implemented.
Miranda	Onofre	1810 Adair Street	Dubuque	LET THEM IN as long as they remain on their leashes!
Tina	Wolff	3188 Highland Park	Dubuque	No dogs in the parks! If I wanted a dog I would have bought one. Keep the animals out. The owners aren't respectful and don't pick the waste. Just walk out at Berfeld pond and you will see the problem.
Sarah	Metcalf	4962 Asbury Circle	Dubuque	Please do not allow pets in parks. I am dog owner myself. Whenever I walk along any trail, public walking path or residential sidewalk, there is dog poop everywhere. People simply do not clean up after their pet, it does not matter if bags and garbage bins are provided on site. Also, people do not keep their pets on leashes or they put them on too long of a leash. There are too many irresponsible pet owners. As a resident of Dubuque County, I would ask for the safety of our small children and dogs, please keep our beautiful parks pet free. I do not want this input made public or my name quoted anywhere. Thank you, Sarah Metcalf
Heather	Kubik	17646 Hales Mill Rd	Durango	I believe pets (dogs and cats) should be allowed in all city parks. Especially Eagle Point Park, Murphy Park, and Marshall Park.
Jaime	Lake	1735 Lawndale St	Dubuque	Pets should be allowed in all parks
Evan	Anderson	1232 W Pleasant St	Freeport	Im a Dubuque native, and one of the key reasons I moved out of Dubuque was the lack of pet friendly places I could take my dog to. Allowing pets in more public places would definitely encourage me to move back.

Jennifer	Jelinek	2882 Meadow Wood Dr	Dubuque	I don't think dogs and cats should be allowed in parks or public areas because there is too many irresponsible owners. Owners don't pick up their dogs poop and some people don't keep their dogs on a leash. I really don't want my kids or I stepping in dog poop when we visit the parks or to get bit by a dog that wasn't on a leash. It's a health and safety hazard. If my input is shared with others, I'd like my name and address kept anonymous. Thank you.
Jeff	Wilson	80 West 28th	Dubuque	I think the ordinance is actually to wide open now but I can accept it. I do not however want any more of the restricted areas opened up to allow pets. The ones listed should continue as closed to pets. I am a pet owner and a dog lover but still feel there are some places pets should not be allowed. Even in the places they are allowed there are way to many irresponsible pet owners that do not pick up after their pets. So, I say no to any changes. Thank You.
Jason	Keeler	3259 arrowwood lane	Dubuque	Leashed pets should be allowed in all city parks except pool areas of Sutton and Flora.
Mary	Derby	875 Goethe St	Dubuque	Please keep pets out of parks. There are too many irresponsible owners. My on-leash dogs have been in numerous altercations with off-leash dogs. If pets are allowed in parks, it will be my kids next. The city doesn't have the man power to enforce the rules with owners who disregard the laws which means being reactive instead of proactive. No good can come from this. Keep them out!! I would, however, be in favor of allowing on-leash dogs in Eagle Point during the off-season.
Victoria	Pickel	2815 Burden St.	Dubuque	As a dog owner, I appreciate being able to take my dog to the city parks. It's nice to have some place to let him sniff around and experience something other than our backyard or our walk route. We have noticed that not everyone uses the same courtesy we do, either by leaving droppings or letting their dogs off leash. We live a few blocks up from Burden Park and walk by it relatively frequently. Multiple times we've had dogs charge out of the park at us while walking, and the owners seem to do very little about it. I don't know how you, the city, could or would even go about better enforcement of the leash laws in the parks or making people clean up after their pet. We would be happy to see other people and dogs possibly use long lines in the parks so the dogs can get the benefit of running around but the owner still has control of the dog. I'm unsure if other know that these are a thing and that they can be purchased locally, or if they would care. Overall, I think it's a great benefit to the dogs in the city to have somewhere else to explore other than their own yards, but I do think that the current system isn't perfect.
Thaeley	Holzer	900 Hawkeye drive	Dubuque	Please allow dogs to visit Eagle Point and the Arboretum. We love visiting those places, but often do not go because we go to other places that do allow dogs. Also bring back the doggy swim day at the pools at the end of the season.

Jessica	Riedl	2215 Green St	Dubuque	I support the current Pets in Parks Ordinance which took effect July 1, 2020. I believe the current policy is a good compromise. It allows for pets in parks but protects those who do not want to encounter animals in public. However, I would like to see further protections. I have encountered dogs on multiple occasions while with my young child at the Flora Park north playground. The dogs have been in the mulched area very near the play structures. I believe that bringing dogs there goes against the spirit of the current pet policy. But what recourse do I have? Dog owners always say their dog is friendly but I know of 4 people in my immediate family who have been badly bitten by what I'm sure the owner considered to be "friendly" dogs. I strongly urge the council to better define the areas where pets are not allowed in parks by specifying a minimum distance leashed and unleashed pets must stay from children's play structures. It would not take long for a dog to bite an unsuspecting child. Please don't give them the chance.
Susan	Price	653 1/2 White St	Dubuque	Leashed pets can be allowed safely in all parks, except botanic gardens, swimming pools, golf courses, sporting facilities, children's playgrounds, and inside of buildings. Downtown needs a dog run.
Danielle	Kinkade	2946 Central Avenue	Dubuque	I think having the parks open to pets is wonderful. Although I think it would be great if the parks had stations for waste and dog waste bags to pick up messes left behind by dogs or cats. It takes a community to keep parks in great condition ðŸ˜.
Stacy	Tauke	1627 Bianca Dr	Dubuque	I fully believe pets should be allowed in all parks, including eagle point park and murphy park. Animal friendly places increase the use of these areas and promotes public support for the upkeep.
Margaret	Owens	1905 Rhomberg Ave	Dubuque	I think dogs should be allowed in parks. If people are caught not having a bag on them, $50 fine. Same with not picking up their poop.
Ann	Woodward-Klostermann	1379 Mount Pleasant St	Dubuque	Yes to pets!! People need to be responsible pet owners and pickup sh!t. Hopefully more responsible pet parents than lazy ones utilize these places. Idiots leave dirty diapers and everything else. The dog doo doo will at least break down.
Karen	Jubeck	10699 Chickadee Dr	Peosta	I support allowing dogs in parks. They are members of the family and if they can not be outside in a park, where can they be? Many may live in apartments that don't have an outdoor space if their own. Dogs enhance the lives of their humans and by restricting them from parks, it is really restricting the right of the dogs human the use the park. Thank you!
Cadalina	Sand	2345 Kevindale Street	Dubuque	Allowing dogs will help many people and their pets have a nice place to all go together. So long as people are respectful of others space and keep dog on leash. Know your dog too, some are reactive and that can lead to problems in the dogs communication. It falls on the owner to be responsible
Teresa	Reeder	2179 Northstar dr	Dubuque	Please vote no on this. As a dog lover who works in the animal industry in town, people here are not responsible enough for this privilege. Too many off leash dogs and owners who don't clean up after their pets as it is. I don't want to have to worry about my child stepping in dog poop or getting attacked by an untrained offleash dog while at the park or a pool.
Samantha	Duehr	122 State street	Dubuque	I think pets should be allowed at all city parks as long as they are friendly and on a leash
Chloe	Runde	353 peach st	East Dubuque	Allow then in eagle point park!

Melanie	McDonough	2203 Jaeger Dr	Dubuque	As an avid walker, dog owner and new mom I would love to walk my dog on leash at many of the Dubuque parks such as Eagle Point, AY McDonald, Flora I often have to choose a neighborhood location to walk or leave my dog behind if I want to choose to enjoy the beautiful parks of Dubuque. I would use a fenced in dog area if other owners cared for their dogs. I frequently drive to epworth to use their fenced in dog area due to have bad experience at Dubuques dog park with other owners not obeying by the rules. Thank you for considering dog friendly options in Dubuque.
Lindsey	Topping	3244 honeysuckle ln	Dubuque	I think pets should be allowed everywhere as long as they're on a leash & you pick up after them.
Kaley	Rigdon Burgmeier	4963 Wild Flower Drive	Dubuque	I have absolutely loved being able to walk my dog through various park areas over the last few years! As we have added children to our family, being able to include our leashed dog with us on family walks has been such a wonderful activity for us that has kept everyone active and has dramatically improved the wellbeing of ourselves and our dog. While we always come prepared with proper supplies for picking up after our dog, the availability of bags at several of the parks is very helpful. I do think that Murphy park should be added to the list of acceptable places to include dogs because it is a prime location for walking as it has a large paved area that works well with bikes, strollers, scooters, and is conveniently located off of grand view, which is also a major draw for runners and walkers. It is also near many houses and would be convenient for families and pet owners to add to their walk route. I believe as a whole, most individuals who walk their dogs or bring them to local parks are responsible. I have never had an issue with a dog being off leash or noticed excessive waste or other problems. Being seen as a pet friendly community is an incredible asset and is one that could hinder tourists or those looking to relocate to call Dubuque home. I think we still have a lot of work to do to be truly seen as pet friendly, but allowing leashed dogs at select city parks and public places is a huge step in the right direction. Please keep the ordinance!
Kait	Tysver	2766 Carlton Ave	Dubuque	I would love my dog to be able to accompany me in more parks that are currently prohibited. My family and I would love to go to Eagle Point Park more, but don't because our dog is not allowed. We would support and visit more parks listed above is dogs were allowed.
Sam	Schmitz	1694 Radford Rd	Dubuque	I think pets should be allowed in all public parks
Joseph	Baggot	1856 Key Way Dr.	Dubuque	Please maintain current pet access with the request to expand to places such are Eagle Point park and Veterans Memorial (disc golf course in particular). I do not frequent Marshall/Arboretum /Botanical or Murphy to say I would use if access was increased. For swimming pools, a noted exception for facility defined event would be good to add. Flora Park used to have a Doggie Dip at the end of the season.
Gabrielle	Lensing	2792 Meadow Wood Dr.	Dubuque	I agree with the current ordinances and do not believe they should be made any more lenient for pets at parks.
Sarah	Jahnke	2193 Keyway dr	Dubuque	I think there should still be areas of the city that are off limits to pets. There are plenty of area that's pets are allowed. I think the city should be able to provide areas that are free from pets so people who do not want to interact with domesticated animals have an area to do that. Also, people not picking up after dogs will be a problem. This will drive away wildlife. I know in Eagle Point park especially, people go there specially to see the wildlife.
Julie	Miller	720 LAUREL ST	Dubuque	I think that pets should be allowed everywhere.

Julia	Feltes	2616 Stafford St	Dubuque	I am not opposed to animals being in the parks as long as they are leashed and people clean up after their animals. So often when walking on the paths and in the parks including Eagle Point Park there are animals not leashed and animal feces. There are people that follow the rules but there are a lot that don't. When I go for a walk or go to the park I don't appreciate having to watch that I don't step in feces. I don't appreciate dogs running and jumping on me.
Dennis	Frank	1220 Miller Rd	Dubuque	I am 100% in favor of the current Ordinance in regard to dogs and cats in parks. I am especially against dogs and cats at Eagle point Park.
Ellen	Pfohl	1077 Key West Drive	Dubuque	I am against pets in parks. There are many people who do not keep kids away from pets which can be a major disaster for pets who do not trust them. Also, when I go to a park I do not like having to hear the barking of dogs. Finally, I don't like stepping in animal feces. Not everyone likes animals...we should be respectful of this.
Casandera	Dessel	895 Lowell St	Dubuque	I believe dogs/cats should be allowed into more areas/parks because, there are responsible pet owners who do take care of picking up after pets. I feel like iresponsible pet owners ruin it for those of us who want to take our pets to more areas that are prohibited. To some families, pets are part of the family and do travel with us most places we go. No matter where anybody goes in public there will be droppings from wildlife animals and dogs/cats. No matter how hard we try to keep areas clean it isn't 100% clean as there is always something that is making a mess, let it be trash or poop. People are the most irresponsible things on this planet over animals. I would be more upset with a trashed venue or park by people then dog poop on the ground. Animals are trained to go outside and use the bathroom, and that's exactly what they are doing. Some pet owners suck, but there are responsible ones out there! Please don't punish the ones doing their job by picking it up. Let us spend time with our family at the parks, animals included.
Linda	Culbertson	2313 Deerborn Dr	Asbury	NO TO PETS IN THE PARK! ESPECIALLY WHERE CHILDREN ARE PLAYING. YOU DONT PICK IT UP.. WE WALK IN IT. While your at it, thin out the trees in Eagle Point so the grass will grow.
Caleb	Baker	235 Valley St	DBQ	Allow them and give out fines for anyone not following the rules. E collars should count as leashed outside of buildings or within confined spaces.
Ray	Werner	16911 Muntz Ct	Dubuque	It is time to get it right. Allow families with leashed pets to enjoy our wonderful parks. In your heart, you know it is right.
Rob	Reinert	2326 Gordon Dr	Dubuque	I have been a pet owner myself and enjoyed the opportunity to take our dog out in public and to places where pets were allowed. I would like for that to remain the case for others as the current ordinance states. I ask that this ordinance not be expanded to add any additional parks or public areas. I have seen on most visits to Eagle Point Park the past several years dogs on leash and not on a leash with their owner(s) inside the park. If you were to go to Eagle Point Park today, you would clearly see at the entrances dog urine and waste in the snow. Walking along the trails at Heritage Pond where pets are allowed you will find dog waste on the paved walkways and along the sides of the walkways. On occasion you will see a pet owner not cleaning up after their dog while being at the park. I know that most pet owners are responsible and that it is the few that ruin it for others. We already have parks and public areas where pets are not allowed, yet they are there, and areas where pets are allowed, where their owners are irresponsible with cleaning up after their pet. I ask that you not expand the current ordinance and work to better in-force those parks and public areas where pet are not permitted.

Edith	Cornett	2096 Chaney Rd.	Dubuque	I personally think the ordinance is liberal enough as is. Some of these choices are obvious--ie., no pets at swimming pools, playgrounds, tennis courts. The Arboretum is an absolute no. Please leave some places we can relax free of dogs barking, worrying about what we"re stepping in or loose animals. If you could extend that to Farmer's Market, it'd be a full win! The crux of the problem is that there are entitled owners who seem to think consideration and responsibility don't pertain to them. They don't consistently train, control or clean up after their animals. Not sure how to fix that!
Angie	Thill	2836 Shiras Ave	Dubuque	Please let dogs be allowed in all parks. I'm so impressed with other community's where dogs are welcome and are accepted. We want more tourism here in Dubuque and more and more people travel with pets please make us a more welcoming place for them.
Norene	Ruden	1006 Clarke Crest Ct	Dubuque	Only if owners have them on lease and pick up their poop EVERY time . There must be multiple cameras installed to catch violators and HUGE fines for guilty parties. All dogs must be registered with tags allowing for park entrance, including Photos should be taken for identification in case of incident. Additional personnel should be hired to enforce these regulations.
Elizabeth	Martin	4120 Peru Rd.	Dubuque	I am writing to express my strong support for the current ordinance (#10-5B-4 Dogs and Cats) that permits leashed dogs and cats in most Dubuque parks, parkways, trails, and open spaces. The updated ordinance, modified in 2020, has struck a commendable balance between accommodating pet owners and ensuring the safety and enjoyment of all park visitors. Allowing leashed dogs and cats in these areas fosters a sense of community and encourages responsible pet ownership. It gives pet owners the opportunity to engage in outdoor activities with their pets, promoting physical and mental well-being for both humans and animals. Additionally, it strengthens the social fabric of our community, as interactions among pet owners often lead to stronger neighborhood connections. The current restrictions, which prohibit pets in specific areas such as swimming pools, golf courses, facilities within parks listed on the National Register of Historic Places, fenced-in sporting areas, and playgrounds, are reasonable and ensure that spaces designated for particular uses remain free from potential disruptions caused by pets. In conclusion, I believe the ordinance strikes an appropriate balance between allowing pet owners to enjoy public spaces with their pets and maintaining the integrity of areas designated for specific purposes. I urge the Commission to continue supporting this ordinance and to consider any future modifications that would further enhance our community's experience with their pets.
Ann	Fautsch	1312 Tomahawk Dr.	Dubuque	I would prefer to have the above named parks and recreational areas remain pet/ animal free. Thank you for the opportunity to express my desire. Ann Fautsch
Denise	McCullough	1265 Madera	Dubuque	I think the fact that dogs aren't ,and or weren't, allowed in City Parks is very strange. I've never been to a City where this is the case. I, like many people travel with my dog. When deciding where to go and stay I always research how dog friendly the city is first. If it's not dog friendly I'm skipping it. When I have out of towners visit they are shocked to hear the City of Dubuque only recently allowed dogs in the parks. My only suggestion would be to put poop bags at the busy parks. I know some bad humans don't pick up their pets waste, but these are the same people that will take their dogs to the park even if they aren't allowed. Please keep Dubuque a dog friendly city!

Anna	Roling	2750 N Grandview Ave	Dubuque	I support the current ordinance as written and believe that pets should continue to be prohibited from the designated parks and facilities. Eagle Point Park, due to its historical significance, should remain pet-free. However, I recognize that some may advocate for limited access on designated trails or walkways. That said, ensuring compliance with such restrictions could be challenging, making the current restriction reasonable. The Dubuque Arboretum and Botanical Gardens should also remain pet-free to preserve the integrity of its plant life and ensure the safety of pets, as some plant species may be harmful if ingested. Additionally, I fully agree with restricting pets from fenced-in sporting areas, playgrounds, and recreational spaces designed for children. This helps maintain a safe environment for both children and pets.
Diana	Helling	3075 Powers Ct	Dubuque	I feel pets do not belong in public parks. They have their own dog parks to go to. They are suppose to be on leashes and most of the time they are not and itâ€™s not enforced. All it would take is a child to get bit at one of the parks and the city gets sued. Please do NOT let them. Build another pet park if they feel they need another but the parks now are for humans!
Nicole	Miller	2851 Danlin Ct	Dubuque	Please let leashed dogs be in all the parks! Most people just want to be able to walk their dog through the park. Perhaps dogs and cats can be permitted in the parks that they are current prohibited from if people are just walking through, rather than being at the park for an extend time period. I do not think dogs should be allowed to be in the area of an event. For example, music at the arboretum. Too many people would bring their dogs and could create chaos or a distraction to the other guests of the area.
Cole	Thill	2030 Chaney	Dubuque	Eagle point park is a beautiful park and would definitely get more traffic if dogs were allowed .
Jill	Connors	2326 Gordon Drive	Dubuque	I am not in favor of having pets in the parks, and certainly not the most-visited parks (by residents as well as tourists and other visitors). It has been my experience that enough people do not clean up after their pet in locations where pets are currently allowed (Bergfeld Pond, City ROW, other parks, etc.) to the point of putting a burden on our City staff to clean up after them. I am also concerned for the safety of other park visitors, in particular the children (and myself, honestly), as it's my observation that many people trust their dogs more than they maybe should - and believe that having their dog leashed is unnecessary. The Parks & Rec department is already stretched thin from a staffing capacity standpoint, so to have enough staff on-hand to address any issues that would come up (pet waste, unleashed pets) would be difficult to afford without raising park entrance fees. Thanks for your consideration.

Travis	Schrobilgen	3538 Keymont Drive	DUBUQUE	First, have there been issues since the modification in 2020? If so, maybe restrict more places where there have been issues. If not see below: I think leashed animals in most places are ok. Need to ensure people are picking up after their animals. However, its not clear to me regarding the pools. Is this saying within the fenced area of the pools.. or in the pools... or just on pool property but outside the pool areas? At pools... Not unless there is an animal control officer stationed at the pools. The potential for conflict is high (excited kids/dogs, ppl food, feces) Bunker Hill Golf Course, sure Eagle Point Park, sure Flora Park Swimming Pool, no Marshall Park and Dubuque Arboretum and Botanical Gardens, sure Murphy Park, sure Nicholas J. Sutton Swimming Pool, â€¯no Veterans Memorial Plaza within the Gerald McAleece Park and Recreation Complex, sure buildings or facilities within parks which are listed on the National Register of Historic Places, Like the Hamm House? no, like a pavilion? sure. fenced-in sporting areas, including, but not limited to, courts, fields, rinks, arenas, and skate parks, and sure on playground and recreational areas designed for use by children. (define this... on Comiskey splash pad - no. on the field and sidewalks next to the splash pad - sure. In all instances the animal should be leashed and owner needs to clean up after the pet. Who walks a cat?
Sarah	Otting	940 Southern Avenue	Dubuque	First off, please don't share my address in the public comments, even the street name, I think it is important for my safety that it shouldn't have to be included in public record, why can't it just say resident of Dubuque and you keep someones address out of the official public records. Thank you. My comments on pets in the parks is simply a pet is a very personal thing, I grew up on a farm so my view of pets is much different than someone in the city but at the same time I do not like dogs or cats and so I think that Murphy and Eagle Point should still be a pet free zone, as we still need that for some people. My mother was bitten by a dog and is terribly afraid of them. I tolerate dogs and they don't like me as they bark all the time around me. For me it is more about my safety and I feel pet owners today only care how cute their pet is, etc. and don't care about others around their pets as they think everyone likes them. For some of us we prefer to keep away and many owners don't follow the rules of keeping them leashed. A pet at your home is one thing but a pet in a public space is another, pets I feel are treated better than people some places. Please consider those who like our parks and want some peace and quiet and not a dog running around or even present. I tend not to use many of the public spaces where pets were allowed thus keeping 2 major spots pet free makes sense. Thank you.

Robert	Tigges	9248 Olde Davenport Road	Dubuque	Dogs and cats are NOT allowed in the following areas: Buildings or facilities within parks which are listed on the National Register of Historic Places, Bunker Hill Golf Course, Eagle Point Park, Flora Park Swimming Pool, Marshall Park and Dubuque Arboretum and Botanical Gardens, Murphy Park, Nicholas J. Sutton Swimming Pool, Veterans Memorial Plaza within the Gerald McAleece Park and Recreation Complex, fenced-in sporting areas, including, but not limited to, courts, fields, rinks, arenas, and skate parks, and on playground and recreational areas designed for use by children. ********** I would like to have the above restriction remain as they are.....Parks are for Families. Children are delighted to Run and Rome about without danger of animals (DOGS) inhibibting there activities. Also there are Waste materials from DOGS that would be a nuisance that causes annoyance, inconvenience, or makes life more difficult, and that causes annoyance, inconvenience, or makes life more difficult. The Dog Parks are a welcome place that provides all and any activity for their leisure and pastime or enjoyable activity. Thank You.. Keep our wonderful parks a place for enjoyment for only the two(2) legged inhabitants.
Sally	Maier	23584 Centerville Road	LaMotte	We frequently walk in Eagle Point Park, the Arboretum, along the Riverwalk, and on the Heritage trail. I cannot count the number of times we have encountered unleashed dogs (or dogs with leashes that are not held by a person - just dragging on the ground loose) along the Heritage trail - the owners almost always say something to the effect that he's friendly or he won't hurt you. Maybe true, maybe not; don't really want to find out. It's such a pleasure to be in Eagle Point, the Arboretum, and Murphy parks and not have to watch for dog waste, listen to barking, or wonder if that dog will come after you. I have had various pets for over 50 years - dogs, cats, fish, hamsters, and horses. I love animals. Seems like there are enough places where dogs are allowed already. At a minimum, please keep pets (especially dogs) out of Eagle Point Park, the Arboretum, and Murphy Park.
Debra	Jarding	3735 Mount Alpine St	Dubuque	I am allergic to both dogs and cats. Furthermore, if I wanted to be around these dogs, I would have one for a pet. Tho not all, but many pet owners are not responsible for their pets. They often believe that everyone will love their pooch. I don't want a dog running up to me or jumping on me. And then there's those who do not clean up after their pet. That is unsanitary, unsightly, and nothing I want to look at or smell while I'm relaxing at the park. I think it's a liability to allow dogs in all parks. Opening the city to being sued. If an incident occurs, it will happen on city of Dubuque property.

Paul	Davis	17502 melody cr.	Dubuque	What the Parks department, barely able to keep up minimum maintenance on our Parks how do we expect them to maintain picking up pet waste in our parks? Are we planning on increasing staff?
Carol	Oglesby	115 Princeton Pl	Dubuque	Please keep ordinance as is. There are ample parks for pets. We need to think about families with children and adults that have anxiety when encountering unfamiliar pets.
Alan	Davis	2560 Matthew John Dr	Dubuque	I dont believe that the ordinance on dogs in parks should not be changed. The idea of relaxing in our beautiful parks and then hearing barking from two or more dogs when they cross paths is not what I want hear when enjoying my day at the park. Also although most people pick up their dogs poop, there will always people that don't. Some people have severe allergies and their rights should also be considered in this decision.
Patricia	Sunseri	3285 Bittersweet Ln	Dubuque	Please keep the ordinance as is. Don't make any changes. A park area is for children and adults to relax. Who is going to check to make sure the animals are current with rabies shots, etc? Will they have police monitoring this? Who will control the barking that could be a nuisance? Many animals are not friendly. Imagine an excited child running up to a dog that is not friendly? Who is going to pick up the poop that owners neglect to pick up? Who is going to monitor this? Parents won't want their children playing n any grass areas. Parks are a place for people to relax, play and meet friends. Thank you.
John	Even	3130 Eagle point drive	Dubuque	No pets in parks.
Gary	Stoppelman	1140 Pamela Ct	Dubuque	Murphy and eagle point are giant road ways built for cars. I do not understand why we don't encourage pedestrians to walk with a leashed dog. Seems counter intuitive to me. Why in the middle of a mental health crisis would we not have a movement to get people out and walking, talking, and sharing the love of pets. Why are cars more important?
Gil	Hinz	6620 Wellington Ln	Dubuque	I don't want to see any more animals in our parks. A small number of owners are not responsible. Dog feces in parks and vicious animals can and will eventually attack someone who is unable to try to defend themselves. Whether it be a child or elderly adult. I would like to see Dubuque show some leadership in this situation and not follow a trend that other cities are doing by opening their parks to animals. Keep our parks for human enjoyment. It is not the city's responsibility to provide an area for residents with small dwellings and large pets to walk their animals and let them run. The pet owners need to be responsible and consider the health and well being of others.
Liz	Willems	1010 Melrose	Dubuque	I am NOT in favor of pets in parks. I understand that families want to share their fur babies but there are also families especially some children that you have to be considered of. I have been in public places (Farmers Market) where I have seen aggressive dogs and have walked through pee and poop. I have seen dogs jump up on people where their owner say oh he's friendly. If you could train the owners to be respectful that's a whole another story. These fur babies and owners have a lot of other options where they don't have to infringe on the rights of others. Where other people want just to have a peaceful place to have a picnic. The way I understand it there are only two places that can happen. Where most every place else alllows dogs. Why take the rights of others to enjoy just these two places. Please be considerate of the taxpayers who want to be at a place that's pet free

Paul	Kern	74 south Grandview	Dubuque	I am opposed to allowing pets in the additional city parks. Most pet owners are responsible and pick up their dogs feces, but there is a good percentage that don't. I can attest to this fact on how many pet owners do not pick up the dog feces on my lawn and the green space between the sidewalk and curb. Grandview has quite a presence of pets being walked and based on my experience over many years what happens on Grandview will most likely be the same in the additional parks. We do not need to deal with this problem and this is why I am opposed to allowing pets in the additional suggested parks. Regards, Paul Kern
Dawn	Pregler	13235 Terrell Ridge Rd	Dubuque	I would like the the committee to consider keeping pets out of Eagle Point Park. I feel too many pet owners think the general population should accept their pets with open arms in every public space, but I'd like to see Eagle Point Park kept free of irresponsible pet owners and the problems their pets leave behind. Pets are creeping into more public spaces than ever before, but it would be nice to keep our best park as a no pets zone for those who choose not to interact with pets and the behaviors and mess that some irresponsible pet owners allow.
Karen	Kascel	2620 Renaissance Dr	Dubuque	I love dogs, but, I love knowing when I visit a park, the arboretum, green spaces, I am not going to encounter the "left overs" from dogs/cats. There are many great responsible dog ownerst but also many who ignore the basic rule of cleaning up after their pet. Also, every dog owner I now swears their dog is not agressive but in unfamiliar surroundings and around other dogs/owners even the mildest dog can be protective. Dubuque has dog parks, trails and city wide walkways where pets are welcoe. Leave our parks for the people.
Ronald	Hoefer	2535 Knob Hill Drive	Dubuque	I am not a pet owner but do respect people who have pets. (I have friends and family who's pets are welcomed in our home) I walk in Valentine Park almost every day where I meet folks with their pets. Overall, the experience is ok, but occasionally dogs are barking at other dogs or me. However, I consider Valentine Park a 'neighborhood park' ... so the folks there are from the neighborhood and there are not that many pets there at the same time. Now... parks like Eagle Point, and Murphy... I consider them more 'public parks', where more people and pets will be there. My concern is, I have family members who are totally afraid of dogs (If there is a dog in our house when they are there, we have to find another location for that dog when that person is present... sad by true). I also envision that allowing pets in these 'public parks', will increase the noise factor (dogs barking and people yelling at their dogs), as well as keeping people out of these parks who are not dog/cat lovers, or are freighted by them. Also, with small children who like to run up to a pretty dog, may not get a warm welcome from that dog, which could cause a problem with parents and the pet owner. So, I am against having pets in the parks that currently do not allow them. However, I would not be opposed to having set hours for pets to be allowed for walking purposes, like early in the AM for the folks that live close to those parks.
Jeannette	Rieder	4734 Colonel Dr	Dubuque	We are against allowing pets in our public parks. We've been on trails where dogs are allowed and unfortunately people do not pick up after their pets. We don't feel this would be any different in our parks
Anita	Wild	1025 Grove Terrace	Dubuque	It would be nice to include people's pets when they are enjoying our wonderful parks if only every pet owner were a responsible pet owner. This is not the case. Let the rest of us have a few places where we don't have to worry about where we step or having a dog jump on us, even when leashed. I have not been to the Farmers Market in years because I find the idea of having dogs that close to food (and crowds of people) to be very off-putting. Please leave the rest of us some animal-free spaces.

Priscilla	Wood	955 Washington St., Unit 325	Dubuque	Of all the places listed, the two I absolutely beg you to keep dog free are Marshall Park/ Dubuque Arboretum and Eagle Point Park - the two places I love and visit the most. They also have more traffic, more children running around, more seniors walking slowly and carefully. I appreciate people's love of pets, but I also feel like people come first and for anyone, including myself, who has had a painful encounter with a dog, or is afraid of being knocked over or jumped on by a dog, should have some place to go without concern or fear. There has to be a balance for those who really want and need some pet-free areas and the ubiquitous dog lovers who feel they belong everywhere. Thank you.
Dennis	Leick	1801	Dubuque	I think of pets as family. I've walked every street in the Dbq with my dogs. Exploring this beautiful city while exercising my dog and myself. Pets are a great stress reducer and encourage movement. Isn't that want we want for everyone? Why not the parks? As the city tries to retain and recruit people to move here this is another benefit. It's really kind of embarrassing and backwards that we don't. If you were considering moving here and you have a pet what would your impression of the city would be? Backwards? Behind the times?
Mary Jo	Mai	2168 Northstar Drive	Dubuque	Please consider the citizens who don't have pets and let us enjoy Eagle Point, the beautiful setting of the Arboretum, or the swimming pools. You have to worry about swim diapers on babies at the pools what about the dogs/cats having an accident? In a perfect world all pet owners are responsible and maintain their pets vaccinations and clean up after their pets, BUT we recognize that isn't true. Please protect all of the citizens who choose not to be around animals. Thank you.
Judy	Sheridan	1986 Deborah	Dubuque	I think dogs should be allowed in parks and on trails. Dogs need to be exercised, and these are safe places for people to go. Most dogs are like family to people and dogs should be with their owners, not cooped up alone in houses. or tied up outside. That being said, dog owners should be held responsible for picking up after their dogs. It is never acceptable to leave dog feces on trails or sidewalks. I admire Dubuque for having so many dog bags available at most park entrances. Another dog park complete with more dog friendly things like bushes, trees, water accessibility, bathrooms, etc. would be awesome. Most cities have these amenities, and Dubuque is way behind in this area. The current dog park does not meet the needs of the rising number of dogs in Dubuque.
Juliana	Casey	605 Woodland Ridge	Dubuque	The current ordinance that prohibits dogs and cats in the listed parks and areas should remain the same.
George	Casey	605 Woodland Ridge	Dubuque	The current ordinance concerning dogs and cats in certain public areas should not be changed.
Rosean	Schromen	1570 Seippel	Dubuque	I have 3 grand dogs that when they visit Dubuque it would be nice to be able to take them to the park. Of course the owner needs to clean up after them and keep them leashed. Many people would enjoy the parks more if they could take their favorite "kid" with them. If nothing else try it for a year and at that time decide whether it works or not. Make sure there is a place for comments in the park.

Christine	Efferding	754 Caledonia Place	Dubuque	As a life-long Dubuquer, I appreciate the initiatives Dubuque has taken to support pet owners. According to the American Veterinary Medical Association (AVMA), as of October 2024, 45.5% of U.S. households own dogs. With dog owners making up half of the city's population, it is critical for the city to continue to offer safe, controlled options for pet owners to socialize animals. In my experience as a dog owner the last three years, it appears that private citizens and organizations have been most responsible for providing these opportunities. We have been part of Dog Mom Club, and also have a membership for the Dubuque Humane Society's Hadley's Dog Park. When it comes to the Dubuque public dog park, I've been a little disappointed in the safety for owners and pets. The Dubuque dog park, while an excellent resource, does not require proof of vaccination, bite history certification, nor licensing to attend. Literally anyone can walk in. I am a huge proponent of low-barrier access to public services, but for the protection of our animals and owners, the park would benefit from a system to put these safe guards in place. Perhaps a paid membership city park could be created in conjunction with the free park? That way owners would have the choice of risk level when wanting to socialize their animals in city-run facilities. Additionally, leashed dogs not being allowed at Eagle Point, Marshall Park, and the Arboretum seems silly. I recognize that these are the "nicest" or perhaps most "prominent" parks in the community, but when half the population has to actively avoid these areas when it comes to outdoor pet friendly recreation, there are missed opportunities here. As of 2019â€“2023, there were 25,818 households in Dubuque. If half of these are dog owners who attend Eagle Point park with their pet just once per year, that would be an additional $12,500 in revenue for the park. One option, to offset any potential damage or additional cleanup costs from allowing pets, would be to increase the entry fee if you have an animal with you. I'll let you handle the math on that one, but I know many people who would be happy to pay $5 per trip. One trip per year per dog owner would sure add up! Dubuque would also benefit from an all year round indoor dog park facility. During the winter months, Five Flags center provides a once a week indoor dog park for $5 per dog. However, winter is not the only time our pets would benefit from indoor play opportunities. Rain, heat, humidity, air quality, and many other environmental factors lead to dogs and their owners staying inside. An all year round indoor park would be a massive attraction for both current and prospective residents of Dubuque. According to the AVMA, providing regular, positive, and diverse experiences encourage dogs to enjoy new experiences without becoming fearful or aggressive. Therefore, increasing accessibility to safe opportunities for pet owners could decrease the number of dog related incidents in our community. I am confident the city will continue to move forward toward making Dubuque a positive place to live by increasing opportunities for pets and their owners. Thank you for your time and consideration.
Cyndy	Billmeyer	18836 BREEZY RIDGE RD	Dubuque	I urge you to deny further incursion of pets into our parks and green spaces. Please keep our green spaces and parks free of pets. While most are well=mannered, and most owners are responsible for pet droppings, there are enough offenders that make it unpleasant for other park goers. As an elderly Dubuquer, frankly large dogs scare me...not because of fear of getting bit. The fear is the dog will knock me down in friendliness. Most owners say their dogs are friendly, and allow them to come close to people. Thank you. Cyndybillmeyer

Victoria	Collins	1290 Belmont St.	Dubuque	I think pets should be allowed in Eagle Point Park & Murphy Park. Iâ€™m not sure what the difference is between Murphy Park & Flora Park so if dogs are allowed in Flora, why not Murphy. I think the people that are in charge of Marshall Park and Dubuque Arboretum and Botanical Garden should be the ones to determine if pets should be allowed because they will know best what the impact of pets will do to the park & gardens. Eagle Point Park should be open for people to enjoy with their pets. There are many responsible pet owners that will abide by established requirements & irresponsible pet owners will continue to be irresponsible. Why punish the responsible pet owners. Would negligent /irresponsible pet owners be deterred if there is a record of them & their pet being in the park? Would park visitors be willing to report pets that are violating park rules? Would it be helpful, or too costly, to provide a hand out to all visitors that provides the rules & regulations for pets & pet owner responsibilities & what to do if a visitor witnesses violation(s)? Bunker Hill, both pools, & buildings or facilities within parks which are listed on the National Register of Historic Places should remain off limits to pets. Fenced-in sporting areas should be determined based on each individual area. If spectators want to take their pets to outdoor games that should be allowed but only in the spectator sections. Whether to allow pets at recreational areas should be determined based on criteria for each area. Such as, playground and recreational areas designed for use by children. Are these neighborhood playgrounds where an adult walks children to the playground? If so, why not allow the pet to go on that walk to the playground. The current ordinance should be expanded to list each recreational area, fenced-in area & playground by name. Whether to allow pets or not should be based on the purpose for these areas, why anyone would want to take their pets & is it safe for people & pets. There is just too much generalization in the current ordinance.
Alan	Dostal	10757 Daisy Hill Ln	Dubuque	I visit many parks where pets are welcome and observe owners continue to behave as if they are exceptions to the rules. There is disregard for leashing and clean up. I am against expanding pet access to parks. I will add that I own both dogs and cats.
Alice	Boland	5208 Grand Meadow Drive	Asbury	I don't live in Dubuque. I don't have a dog or a cat. I do use most of the Dubuque parks listed. Do not change the Dogs and Cats Ordinance as updated in 2020.
Austin	Kline	2455 Spires Ct	Dubuque	I would like to see more parks within the city limits open up to those with families and pets. I understand there are many that may be afraid of certain pets, have allergies or other concerns, but if there are designated parks that can remain pet free while opening others to those with pets, then I believe their would be a good balance. Right not, if we are interested in taking our boys and our dogs to the park our only option is really Swiss Valley, which we appreciate, but on those shorter park visits it would be nice to have something in town that would be an option for us. Thanks, Austin

LAVONNE	STEFFENSMEIER	124 6th St NW	Dyersville	Please do not change the current city ordinance. I have been a dog owner and enjoy animals, but do not want to see animals in the new areas that you want to permit them in. To many times I have been out walking and have had an unleashed dog coming running toward me not knowing what to expect. Especially if you have small children with you. Also, I know most owners are respectful and pick up there pet's feces, but there are always a few that turn a blind eye to what there pet has done. I can't imagine walking thru the beautiful gardens at the Arboretum and stepping into "poo". Please, please do not change the ordinance. Thank you.
Judy	Nauman	2992 Deerwood Circle	Dubuque	I do not want pets in these parks. Some people pick up after their pets but many don't. i walk a lot for exercise and there is always dog poop on sidewalks so it would be nice to keep these poop free.
Matt	Nadermann	12747 Whispering Ridge	Dubuque	There's no need to open up additional parks for dog usage. The evidence of pet owners not cleaning up after their pets is laying in grassy areas all over the city and their treatment of parks is no different. Any pet owner that wishes to enjoy these properties is welcome to do so without their pet, with the benefit of dedicated dog parks and other pet friendly options already available to them. The city is already struggling to maintain it's existing parks (Eagle Point continues to decline each year with many structures at the end of their useful life) and pools (Sutton continues to show it's age with costly annual maintenance). Cleaning up after pets in city parks shouldn't be an added responsibility for the parks department employees, but failure to adequately clean the parks will undoubtedly lead to decreased usage by the general public. Additionally, the parks are heavily utilized by toddlers and children and based on the number of aggressive, and oftentimes larger, dog breeds that have become prevalent it's a mathematical certainty that mixing a large number of dogs with children will result in bite incidents. *In the United States, about 4.5 million people are bitten by dogs each year, and 30 to 50 people die from dog bites annually. *In 2022, 56 people died from dog bites in the U.S. *Children ages 1 to 4 are most likely to die from dog bites. From a risk/reward perspective there is no compelling reason to allow dogs in more parks. Making this change will not meaningfully enhance the publics ability to enjoy all the city has to offer in terms of parks and recreation.
Sue	Huerter	12042 Cottingham Rd	Peosta	I would love to walk in Eagle Point with my dog. I grew up in Dubuque and know the park well. I try to walk daily at Swiss Valley or Bergfeld. If I get over to Eagle Point to enjoy the views I don't think I could do both very often. And I would be more comfortable with my dog for company as I'm usually a solo walker. Please consider letting my pup and I enjoy Eagle Point together!
Pam	Sejkora	3566 Keymont Dr	Dubuque	I am not in favor of expanding the ordinance that allows dogs in parks and other public spaces. In my experience, dog owners, in general, are not considerate of other people, who may have physical conditions, or a fear of animals. In addition, I and several of my friends do not go to the farmer's market on Saturdays because of the dogs. I do not think dogs should be around the produce or among the crowds, including small children.
Bernie	Hanson	1652 Auburn	Dubuque	I agree with the current ordinance and do not think dogs should be allowed. I vote NO

Donna	Shaw	2210 Evergreen Dr	Dubuque	Dear City of Dubuque Parks and Recreation Commission, I would like to share my opinion of the current policy on dogs and cats in city parks. My husband and I enjoy walking in the parks when the parks are open. Regardless of which park we are walking in, we often encounter dogs on and off their leashes. Many times when we are approached with a dog walker, the dog is off of the leash and the dog jumps on us and the owner seems to be pleased, as if we are supposed to enjoy this encounter. I, in particular, do not like this. It does not seem that we are able to find outdoors areas to walk without the issue of dogs on and off leashes. Sometimes, the dog is on a leash, but the owner does not have proper control of the animal and we have to walk a ways into the grass to avoid a problem. Another issue with dogs in the parks is when the owners pick up the dog's poop and put in a plastic bag and then leave it along the sidewalk in the park. I do not understand this behavior, but unfortunately it happens frequently. I like dogs when they keep their distance, but I have been bitten twice when out walking, and am quite concerned when I am approached by a dog - will they behave or won't they. I am not sure how the city can truly regulate dogs and cats in the parks, but I wanted to share my point since it has impeded my ability to walk safely in our parks. Thank you for reading my concerns, Donna M. Shaw
Karen	McCarthy	110 S Booth St	Dubuque	Please keep at least Eagle Point and Murphy Parks pet-free. It is so lovely to be able to visit a park without worrying that there will be a dog. I do not like dogs. Even on a leash they can be menacing and scary. I stopped going to Farmers Market because of dogs. Please let there be places I can go without worry. Thank you.
Kim	Haas	2289 Palmer Dr	Asbury	I think the City should keep some parks pet-free for families who want to take their kids to a park without having to worry about a loose dog biting their child; or having to watch where they walk to avoid stepping on dog poop that an owner didn't clean up. I have a dog and have taken her to Swiss Valley (on a leash) so I am not anti-dogs. I just would like to keep a few parks pet-free for those who would like the opportunity to take their family to such a park. It makes sense to keep the Arboretum pet-free to keep all their flower and plants from getting trampled or chewed on, and keep the adjoining Marshall Park also pet-free. Thank you for asking for input. It is great that our city is allowing some parks to be pet-free and others to allow pets.
Tara	Beckett	2739 Beverly Ave	Dubuque	Continue not allowing dogs in the above listed parks. Many people are not responsible pet owners and don't cleanup after their dogs. I don't want my kids running through the grass and stepping in dog crap.
Deborah	Even	2535 Hillcrest Rd.	Dubuque	I'm very hopeful that the committee NOT add additional pet friendly parks. I strongly believe that we need parks that DO NOT allow pets. We should continue to accomodate people who don't want pets or their waste (that is not always picked up) in some of our parks.I walk at Eagke Point Park almost daily, PLEASE keep this park pet free.Not every person walking their pet picks up after them.I think we need to have options for both. PLEASE continue with the existing plan.

Mary Pat	Ament	2418 Winterwood Drive	Asbury	I do not have a problem with this as long as the animals are on a leash. I would hope there would be a hefty fine for people who simply bring their dogs to these areas and let them run loose. I myself have inner ear, balance issues and osteoporosis of the spine so when a dog jumps on me and I fall The other thing to consider about dogs not being on a leash and there being no consequences is that many people are simply afraid of dogs, and to encroach on their enjoyment of the facilities, doesn't seem right to me. I realize some people consider their pets to be members of the family, but there are other options for them if they do not want to leave their animals at home. Simply choose a location where their dogs/other pets are allowed. I wonder if the city has the personnel to monitor people who fail to follow the law. I appreciate the opportunity to share my thoughts
Kerry	Habel	2597 Rosewood Drive	Dubuque	I am writing to share my thoughts on pets in parks. I do not believe that pets belong at Bunker Hill Golf Course, Eagle Point Park, Flora Park, Marshall Park, & Dubuque Arboretum and Botanical Gardens, Murphy Park, Nicholas J Sutton, Vets Memorial Plaza, or the other areas that are under restriction at this time. There are many people who are either allergic to pet dander or are afraid of animals. Not everyone even like pets. There are abundant places for people to take their pets for walks and outside recreation. Even though the animals are supposed to be leashed, there are always those who do not comply. I have been the victim of having an unleased dog charge at me as I was walking. It was very scary as I had no way to protect myself. Personally I do not feel that the animals belong at Farmers Market either, but that is another issue. I am an animal lover but there are places they just do not belong. Please keep our parks pet free. Thank you for your time and consideration in this matter, and please do the right thing.
Karen	Meyer	825 lawther	Dubuque	I would prefer you NOT expand access for the pets. Living on the north end, for a quick walk, I go to the cemeteries to avoid the animals that bark continously and want my attention, if I am walking on the sidewalks. I realize lots of pets are friendly and well-trained, but you never know for sure what triggers their behavior. Also, not all pets owners pickup after their pets. I often see their messes along Windsor, and elsewhere while walking. I also go to Eagle Point Park to walk and enjoy the non hassle of the pet free area. Why subject visitors to the stress or the mess of an environment that allows pets? Thank you for your consideration.
Mary	Kaune	1310 Kaufmann Ave	Dubuque	It really saddens me to think that we have to even give this a vote. Think about how many people would be affected by allowing animals to come in. I am thinking about children and the elderly. How would you feel if a dog came face to face to you as a child in a stroller , or walking and are startled or suddenly frightened by something in your face. Think about the people who want to walk and play Frisbee without having to worry about stepping in the CRAP that the owners do not pick up after.I myself LOVE going to the park and enjoying them and their beauty, but if they allow pets in it will loose it's beauty. I like going for the quietness and serenity. PLEASE PLEASE PLEASE DO NOT ALLOW them .After all we did gave to build a dog park specifically for this reason.

Kelsey	Slaght	3502 Westway St	Dubuque	My six year old son is severely allergic to dog dander. It is important to my family that we have public playgrounds available for us to use without fear of having dogs around. His allergy is critical where he needs a rescue inhaler and a steroid inhaler to give his lungs an extra boost if he is near dogs. His reaction is near immediate. My son is not the only person in Dubuque who has allergies to animals. Although his is more severe than others, I want anyone else who also has allergies to have dedicated public places that they are welcome without fear of an allergic reaction. The few parks we are able to go to mean a great deal to my young family and I request you carefully consider the impact this decision can have on my son and others. Thank you for your time and consideration.
Lynn	LeBlanc	2181 Orchard Drive	Dubuque	I walk dogs at McDonald and Miller park on a regular basis. Also along the bike path on the flood wall. Many people do NOT clean up after their dogs. Iâ€™d hate to see the parks in a similar state.
Tamara	Standorf	3201 Bittersweet Lane	Dubuque	I think the current ordinace should remain the same. There are enough parks where pets are allowed and no more need to be added. My main concern is owners not picking up after their dogs. Walk along the floodwall or the Bee Branch any day and you will see dog waste everywhere.
John	Meyer	2895 ASBURY RD, DUBUQUE, IA, 52001	DUBUQUE	I would love to be able to walk my dog and play in city parks. However, I do not think it is fair to those that do not have pets. They would have to tolerate "loose animals" and poo in too many places, as you know not everyone cleans up after themselves or pets.
LUCAS	DELANEY	1284 UNIVERSITY AVENUE	DUBUQUE	I support having pets in parks as long as dog owners keep their dogs leashed + pick up after them!
Vicky	Conzett	3441 Wagon Wheel Ln	Dubuque	I do not beleive dogs should be in our public parks. People do not pick up after them and they don't keep them on leashes. Kids will get bitten.
Mark	Pregler	2600 St Anne Dr	Dubuque	I believe the current policy is fine. Please do not add any new / additional pet friendly park language. What we already have in place is not adhered to and abused or not enforced.
Kyle	Berg	420 Summit St	Dubuque	I've really enjoyed being able to take my dog to many Dubuque parks since the ordinance was last modified. It would be really great to allow dogs at Eagle Point Park, Murphy Park, Marshall Park, and the Dubuque Arboretum and Botanical Gardens as well. Thank you for your consideration.
Lori	Kolfenbach	16841 Muntz Court	Dubuque	I would love for the parks to allow pets, as I believe most pet owners treat their pets as family and it would allow them some quality outdoor time together, which helps with depression and anxiety, among many other things. I understand some people dislike having pets due to owners not picking up pet waste, so perhaps fining anyone that doesn't pick up after their pet, would help alleviate this problem, while contributing money to the park, as the violators money could go to the park funds.
Linda	Connolly	3863 Short	Dubuque	I firmly believe Eagle Point Park should be left a NO dog park. If you must compromise to please dog owners open Murphy Park. There should be at least one park in our city that the public doesn't have to put up with dogs.
Theresa	Crabill	2757 Balboa	Dubuque	The only park I can see adding leashed dogs to is the Red McAleece Park and Recreation Complex. I believe it would be an added attraction for our tourists staying in the downtown area. Other than that, maybe leashed dogs could be added to the Arboretum but only after careful consideration. Thanks so much for the opportunity to have some input into our parks decision making process. Theresa Crabill

Jim	Willems	1010 Melrose Terrace	Dubuque	I would prefer dogs allowed in the parks where dogs are not allowed now. Safety for all individuals no matter what their age, is my major concern. Dog owners now have plenty of parks/recreational areas both city and county where they can exercise their dog. Please give serious consideration to the Dubuque citizens wishes of not allowing dogs in our current â€œno dogs allowed city parks.
Ethan	Schrodt	717 Ramona street	Dubuque	Dogs and cats should still be prohibited at the locations listed above.
Benjamin	MacDonald	715 Kaufmann ave	Dubuque	In my opinion, the allowance of pets in city parks would unfortunately lead to less cleanly and peaceful public spaces for the citizens of dubuque. Pet owners have sufficient options currently and and we need not sacrifice tranquil, waste free parks. Thankyou for hearing my opinion.
Thomas	Stierman	3055 Huntington Dr	DUBUQUE	I'm opposed to allowing pets in Eagle Point Park, Murphy Park and Flora Park. My grandchildren go to those parks and the owners of and cats can't prevent their pets from urinating in the parks presenting a sanitation problem for people who sit on the grass. Additionally, pet feces contain parasites that can't be cleaned up by simply removing visible fecal matter. We should keep those places per free to ensure that visitors have clean areas to play. We don't frequent the other areas of the city that are to be discussed by the city council members, but those should be scrutinized for the same reasons. I am also opposed to the continuing permitting dogs in the farmers' market. I have witnessed dogs urinating there while the owners stand with no effort to direct the dogs to an area with less traffic.
Elle	Burgmeier	377 Fremont Ave	Dubuque	I believe the changes to allow pets in parks has been an awesome addition to the Dubuque county. It allows pet owners to safely walk their animals. I personally think leashed pets should be allowed at Murphy park, as many pet owners like to walk around the park. Itâ€™s important for pet owners to continue to pick up waste. The city garbage and pet waste bags that are provided are an awesome resource.
Kristin	Angel	530 galena st	Benton	I am a dog trainer in the area and do training in the tristate area. Many owners want to go out and do things with their pup and it can often be limiting. There are so many good owners out there and the few bad ones often ruin it for others. Education and fining bad owners is better than banning dogs just in general. Dogs have physical and mental needs and when we limit what options there are for their owners to do with them, they tend to not get their needs met and act significantly worse. What we need is more education about responsible ownership. Otherwise dogs should be allowed more places but there can also be fines for people not being responsible with their dogs.
Tracy	Clemens	935 Kane St.	Dubuque	Being able to bring my leashed dogs to parks has increased the number of different places I can take them which in turn increases their happiness!! I love that I'm able to bring my kids to a park to play and my dogs as well so we're all getting outside play time! I hope this ordinance stays in place and keeps expanding to even more parks!
Jean	Schlueter	1920 Shelby Street	Dubuque	Please Please keep the pet restrictions as written. I love walking at Eagle Point Park with the nature that exists there. Adding dogs will disrupt the natural nature that is there. Also, I've witnessed many unleashed running dogs there already. Am I supposed to police park behavior? Thank you.

Dinae	Kalmes	1658 Kathy Dr	Dubuque	Leave the ordinance "as is" with current restrictions in place. There are still adequate places they can take their pets. As much as we like to think that all dog owners love their pets as family there are still enough of them around who have no consideration nor inclination to train pets for possible interaction with the public, clean up after their pets, or can prove their pets meet licensing and vaccination requirements (unless they must prove that before entering the park). Same with tourists that come only to visit but don't have pet-side manners.
Hiram	Melendez	1920 Shelby Street	Dubuque	To all concerned and esteemed councilpersons: As the City reviews the city ordinance (#10-5B-4 Dogs and Cats) that allows dogs and cats in some city parks last updated in 2020 when it was modified to permit leashed dogs and cats in most Dubuque parks, parkways, trails, and open spaces. While the current ordinance prohibits dogs and cats from: Bunker Hill Golf Course, Eagle Point Park, Flora Park Swimming Pool, Marshall Park and Dubuque Arboretum and Botanical Gardens, Murphy Park, Nicholas J. Sutton Swimming Pool, â€¯ Veterans Memorial Plaza within the Gerald McAleece Park and Recreation Complex, buildings or facilities within parks which are listed on the National Register of Historic Places, fenced-in sporting areas including, but not limited to, courts, fields, rinks, arenas, and skate parks, and on playground and recreational areas designed for use by children. I've witnessed pet owners who thumb their noses at signage placed in noticable, visible, and stategic locations at the above named prohibited parks/public places that I truely believe even if written in multiple languages, floated on drones, or subliminally broadcasted these offenders would still not comply. The expansion of the privilege of allowing pet owners and their pets additional access to more public spaces is unnecessary at this time and intrusive to those who appreciate public spaces devoid of pets. Thank you for your consideration.
Laurie	Birch	3389 Peach Tree Ln	Dubuque	I am a dog owner and a fairly responsible one. I do not believe that many dog owners will clean up properly after their dogs, nor can they be trusted to keep them on leashes. Children will be hurt and the city could get sued. Dogs don't belong on the playgrounds with children.
Lisa	Johnson	206 Southgate Drive	Dubuque	I would like to see the current ordinance changed to allow leashed pets access to Murphy and Eagle Point Parks. From a review of the data collected over the past 4+ years (July of 2020 to September of 2024), not a single dog bite was noted. None--which was one of the biggest fears of those involved in the previous discussion of the pets in parks ordinance. The largest category of complaints was a dog or cat running loose, which averaged out to less than one incident per month in the entire city. The park with the greatest number of complaints was Maus Park with 10 infractions over this 4 year period (one complaint every 5 months). Clearly pet owners in Dubuque have demonstrated they are responsible individuals who deserve access to Murphy and Eagle Point Parks. I am sure visitors to Dubuque would also appreciate being able to walk their leashed pets in these two additional parks as well.

Jean	McDonald	3120 Eagle Point Drive	Dubuque	Thank you in advance for your consideration of not allowing dogs or cats into the places which are proposed. Dogs/cats should be excluded from public parks for several reasons related to safety, hygiene, and environmental concerns. Firstly, not all dog owners maintain control over their pets, leading to the potential for aggressive behavior, bites, or other safety issues for park-goers, especially children or individuals who are fearful of dogs. It's bad enough to have to tolerate this behavior at Farmer's Market. Secondly, pet waste, whether picked up or not, can still pose a hygiene risk as some owners may fail to properly clean up after their pets or discard waste irresponsibly. Furthermore, dogs running off-leash can disrupt the peace and tranquility of public spaces, disturbing other visitors who are there to relax or engage in activities such as picnicking or jogging. Many families host weddings and reunions in many of these places. Who wants to hear a dog barking in the background? Lastly, dogs can damage park landscapes, including plants, grass, and trees, which are often fragile and require careful maintenance. Eagle Point Park has enough of these issues and doesn't need anymore! For these reasons, keeping public parks dog-free would ensure a safer, cleaner, and more peaceful environment for everyone.
Kalla	Kalloway	W2668 Clarence Ct	La Crosse	It is misleading to say that DBQ is pet friendly, with only two areas allowing dogs. DBQ is my hometown and I frequently visit family there with my dog. I've lived in the Twin Cities where there are parks everywhere and in all, pets are welcomed. Somehow an area of millions of people and their pets manage to make this work. I also have worked in animal rescue for over 20 years. There are too many animals in shelters. Not everyone who wants to have a dog has the means to have a yard to exercise or play with the dog. And visitors with dogs have few options to interact with their dogs outside in DBQ. I want to say that overall people are a lot dirtier and more disruptive than most dogs are. This is a ridiculous restriction, especially since DBQ has some beautiful parks. More people should be able to enjoy them.
Bob	Splinter	3120 EAGLE POINT DR	Dubuque	There is a lot of things Eagle Point park needs. One is not pets. They have weddings, reunions, etc. and no one wants to hear or fear being bitten by pets. Drive up to the park, both front and rear entrance and observe the condition you have let it turn into. It used to be the most beautiful park in Iowa, but is a disgrace now. The last thing we need is pets. Remember, not everyone loves dogs or cats, etc. Why impose the minority pet owners on the rest of us. If nothing else, go build another pet park where they can take their pets and not bother the anyone else. Farmers market is worse. Dogs barking and fighting all the time. And we all have to put up with it. The only farmers market around that allows dogs. Fix it!!! Bob Splinter 563 590 1920

Marylou	Driscoll	2070 Embassy West Drive	DUBUQUE	I strongly feel the prohibited parks and recreation facilities should remain pet free. Someone commented that allowing pets in more areas might draw young people to Dubuque. I find that idea very unlikely. But even if it would bring a person or two, that possibility should not be prioritized over the people who do already live here. I, as well as several relatives and friends, have been bitten, scratched, or knocked down by dogs. In some instances, even though the dog was leashed. I've also had the misfortune to step in, and am always on the lookout, for dog poop left behind. There are more pleasant things to be looking at than the ground in front of you. Having pets near smaller children, elderly, or anyone who may be unsteady on their feet, and around food at picnics, is not a thoughtful idea. I don't believe there is any benefit that outweighs the very real negatives.
Linda	Duffy	5440 Rashid Ln	East Dubuque	There will always be concern about those pet owners who demonstrate their irresponsibleness by failing to clean up after their pet. Unfortunately, this currently occurs wherever pets are allowed. I walk the Riverwalk daily with my dog and it is not uncommon to find dog feces on the sidewalk. This is occurring even though the city has provided several bag stations and an abundance of trash containers to dispose of the filled bags. This inconsiderate, irresponsible behavior will always occur, yet the majority of pet owners do not fit this profile and should not be punished for the behavior of those in the minority. I support expanding the current pets in parks ordinance to allow for pets in all parks. I do not support expanding the policy to include pets at Bunker Hill Golf Course, Flora or Sutton pools or on playgrounds or recreation areas designed for children.
Jenny	Meyer	1155 Race St	Dubuque	as a former dog/cat owner I understand pets being "part of the family" Allowing them into all city parks leaves those people with health concerns, balance issues, fears/phobias, frightened children, disgust at the mess.....with no option of enjoying our beautiful parks! When the parks were established, they were done so for the people! Establish more city dog parks for the dogs.

Marianne	Kirkendall	1215 Valentine Dr	Dubuque	I would like to voice my support for amending the city ordinance regarding pets in parks by allowing leashed pets in Eagle Point Park and Murphy Park. As a longtime Dubuque resident, veterinarian, dog owner, and a member of the community group that worked on the Pet Friendly Initiative in 2019, this is a topic that I am passionate about. Through our discussion and research as part of the Pet Friendly Initiative, we ascertained that access to area parks is one key piece of having a community more desirable to pet owners. Pet ownership has grown over the years, and more and more families take pet friendliness into account when making decisions about where to work and live. The norm throughout the country (and, indeed, the world in many cases) is more opportunities for pet access to public spaces, particularly parks. I am grateful to the City Council and their decision in early 2020 to change the ordinance. Particularly as the global pandemic shut the world down, the ability to walk my dogs in my neighborhood park was a great source of comfort for myself and many neighbors. Every time I walk in my neighborhood park with my dogs, other citizens are walking their dogs as well. This access creates immediate social connections with our neighbors, a particularly important consideration in a world where such connections are often harder to establish and maintain. Walking your dog is recognized by many health professionals as a great method of both physical, mental, emotional, and social activity, and the ability to do so in community parks lets us do so on safe walkways away from the noise and pollution of walking along roadsides. The main arguments against the initial ordinance change - and, likely, any widening amendment, thereof - are of cleanliness and safety. To my knowledge, there is no data to show that there have been dramatic increases in either dog feces in these areas or a threat to public safety at all from the potential of more people and dogs interacting. Addressing the cleanliness issue first, I have personally investigated some public claims I have seen on social media regarding dog feces in some area parks and public walkways. When I arrived in those areas, I either found no or exceptionally little evidence of such claims or - in the most dramatic cases - a large amount of goose feces instead of dog feces. While it is understandable that people may mistake such things, I was relieved to find that area dog owners were not to blame. The reports particularly regarding increases in fecal material in these areas are anecdotal, and I am well-aware that my own observations to the contrary could be categorized as such. And I am not naÃ¯ve enough to state that all dog owners pick up after their dogs. However, I could easily say the same for litter in our public parks. Just because some people toss their fast-food cups, plastic wraps, and cigarettes onto the ground instead of into garbage cans, it doesn't mean that all people should be barred from public access to these areas. In the same way, just because there are some irresponsible pet owners, it shouldn't bar the vast majority of us who would just like access to walk our dogs in safe, clean spaces away from busy roadways. With regards to the safety aspect, this is somewhat easier to comment on as there is more opportunity for data. If someone is bitten by a dog, those are reported to the city when they receive medical attention, and the city records those incidents and â€“ in most cases â€“ requires that the pet go to a veterinarian for rabies observation examinations. As a veterinarian, when I see these cases, I ask the context of the incident that led to the bite in order to provide advice to hopefully help prevent such a scenario from happening again. Since the ordinance change 5 years ago, I have not seen a single case of a dog that had to come in for rabies observation due to biting someone in one of our public parks. To my knowledge, that potential concern has ultimately come up as a non-issue, which is a relief to all and proof of concept that this ordinance change has not affected public safety in any negative way. Some may ask why the need for access to Eagle Point and Murphy Park when

				other parks are now available. While there are many reasons for it, ultimately in my opinion, it comes down to consistency of messaging and access. These two parks are, arguably, some of the most popular and walkable in our community â€“ true beacons and highlights of our city. Like Central Park in New York City (where pets are allowed), these spaces provide even further safe access to nature and walking areas close to but out of the hustle and bustle of our more urbanized neighborhoods. The request to open Eagle Point Park and Murphy Park to access to leashed pets establishes a consistent message as to where leashed pets are allowed â€“ the spaces that are true parks by any classical metric. I know of many people who are confused by the difference in access to these areas. The ordinance still prevents access to areas such as the Arboretum and Bunker Hill Golf Course where other services and activities already make it clear that those spaces are more unique. These last 5 years have given us a wide and reasonable test of allowing pet access to area parks. The benefits of that access have been clear, and the concerns brought before the ordinance change have not manifested. I thank the parks commission and council members for considering the expansion of this ordinance to include Eagle Point Park and Murphy Park for leashed pets.

Arthur	Gilloon	535 Heritage Dr.	Dubuque	Dear Commission Members- Tigges, Kennicker, Axtell, Ochoa, Jorgenson, Ollendick, and Henkel- I hope this email finds you all well. Thank you for donating your time to the Commission's work. I expect to speak in person on March 11th, but please allow me to offer a few quick thoughts in advance of that evening. There are many well-founded and compelling reasons to reserve at least two certain parks for people only: Eagle Point and Murphy. Currently, the following locations are protected: 1.Bunker Hill golf course. 2.Marshall Park and Dubuque Arboretum and Botanical Gardens. 3.Eagle Point Park. 4.Murphy Park. 5.Nicholas J. Sutton Swimming Pool. 6. Flora Park Swimming Pool. 7.The Veterans Memorial Plaza within the Gerald â€œRedâ€□ McAleece Park and Recreation Complex. 8. Fenced-in sporting areas, including, but not limited to, courts, fields, rinks, arenas, and skate parks. 9. Buildings or facilities within parks which are listed on the National Register of Historic Places. 10.On playground and recreational areas designed for use by children. 11.Where a prohibitory sign is posted. These 11 items should remain unchanged, and in particular, Eagle Point and Murphy need to remain people only parks. We will not lose our pet-friendly reputation if we keep some parks/green space for humans only. According to the City's August 5, 2019 assessment entitled "Better Cities for Pets Assessment," the total percentage of dog-owning households is only 36.50% of ALL households in Dubuque. That means over 63% of Dubuque households do NOT own dogs. Similarly, 67% of Dubuque households do NOT own cats. (See Assessment page 11.) Why should this small number of residents have total control of all of the parks? Dogs and cats are currently allowed in almost all of our parks. Eagle Point and Murphy should remain people-only parks. According to the same assessment cited above, there are 26 miles of Pet Friendly trails and/or greenways present in the City of Dubuque, and more than 111 acres, 88 % of which are pet-friendly!(See Assessment pages 34-35.) Any claim that Dubuque is not currently pet-friendly is false. We will still be considered pet-friendly if we reserve Eagle Point and Murphy for people, not animals. We will only be reserving some small space for humans, as it should be. Human rights exceed animal rights. Please look at the attached two items that were part of the March 3, 2020 City Council Meeting which amended the dog ordinance to protect Murphy Park, Eagle Point, and other special areas from pet intrusion. (These will be given to you on March 11th, as the City's comment website did not allow for attachments.) Attachment #1 refers to the Eagle Point Environmental Restoration Project. (I will have Attachments #1 and #2 at the March 11 meeting. The comment website did not allow attachments.) Dubuque spent more than $290,000 on this project, enhancing the ecological systems of the park. Importantly, Dubuque's application to add Eagle Point Park to the National Register of Historic Places was granted in by the U.S. Park Service in 2017. See the highlighted portions on both pages, please. Attachment #2 is from the City Manager's memo on the Pet

				Ordinance for the March 3, 2020 Council Meeting, making it clear that the dog and cat excrement that remains in a park each day will NOT be cleaned up or addressed by park staff, and no citizen complaints re same will be addressed by the city. That means feces left by inconsiderate dog owners and inadequate clean up by even well intentioned dog owners will be present in the picnic, walking areas, green spaces, and roads of Eagle Point and Murphy if allowed. It is unthinkable that we would spend almost $300,000.00 protecting Eagle Point environmentally, and then open it up to dogs and cats defecating on every play area, picnic area, and green space, which will ruin the ambience of the park and spread to the groundwater. In addition, human and animal feces is treated as a biohazard in airplanes by the FAA. Shouldn't we treat it the same way? If a dog or cat defecated anywhere in the area next to your meeting space, the staff would clean it, spray it with chemicals, and keep people away from it for at least 8 hours. Why should human beings be exposed to untreated dog and cat feces in our protected parks? Using doggie bags and plastic gloves does not address these issues. Also, if you allow dogs in the current protected areas, many of the warnings set out below and posted in Dubuque's parks where dogs are currently allowed would need to be posted. (These posted rules are taken from the City of Dubuque website.) Owners are legally responsible for their dogs and any injuries caused by their dog(s) Owners must remain within the fenced area at all times Dogs must be leashed prior to entering and upon leaving the area. Gates to the area must remain closed at all times Owners must immediately clean up after their dogs. Failure to do so can result in a fine up to $750 Dogs with known history of, or who exhibit dangerous behavior are prohibited Dogs must be healthy, fully immunized, de-wormed, and wearing license and rabies tags An adult must accompany children under 14; young children must be closely supervised Puppies under four months old and female dogs in heat are prohibited Only two dogs per adult are allowed Dogs must be watched at all times Cooperation between dog owners is essential Enter at your own risk (Colorization added.) The warning "Enter at your own risk" seems wildly inappropriate for a park on the National Register of Historic Places. Do we want that sign as the welcome to Eagle Point and Murphy Park for Dubuque citizens and visitors? I think not. Please take a moment to review the City of Dubuque's 2017 successful 103-page application to place Eagle Point Park on the National Register of Historic Places. https://www.cityofdubuque.org/DocumentCenter/View/35243/Eagle-Point-Park-Historic-District?bidId=

This conclusion appears on page 38:

"FEELING

Eagle Point Park is considered both a community park and a regional park because of its size, abundant recreational facilities, and many visitors from Dubuque County and the tri-state region. Eagle Point Park is a community asset and a regional destination where visitors and residents can reconnect with nature by experiencing the natural, cultural and ecological aspects of the environment through cultured grounds and natural areas. Key park amenities experienced by generations of area residents, such as those listed below, remain intact. Previous generations of park-users would recognize these features, making the integrity of feeling excellent for this historic park."

Why would we allow dogs and cats to defecate and urinate on the "cultured grounds" of this masterpiece?

Similar arguments apply to Murphy Park. It is a south-end treasure that will mark its 100th birthday in 2026. Are we going to mark this anniversary by allowing dogs and cats to take it over?

Your Commission is currently paying consultants to study the overall park/recreation metrics for our fair city. Why not have the consultants explore a new dog- only park and plan it out? Or, like Ankeny, Iowa did, consider having the dog owners and others who support the idea develop a new dog-only park and then donate it to the city of Dubuque?

Did you know that Chicago's 24.5 acre Millennium Park on Michigan Avenue does not allow dogs or other pets? Here is the warning on their website and as posted at Millennium Park. No one can credibly accuse Chicago, Illinois of not being pet-friendly.

(I will have the sign from July 2025 posted at Millennium Park for you at the March 11, 2025 meeting. The City's comment website would not facilitate its posting here.)

The same is true for Miami Beach, Florida. Miami Beach draws tourists from around the world. But dogs are not allowed. The beach is appropriately reserved for people to sunbathe, picnic, walk, and enjoy without dogs. Here is the current sign (January 2025) as you enter upon Miami Beach. (Again, I will have a copy for you on March 11th.)

It is crucial that we keep the current list of 11 spaces for people only, particularly Eagle Point and Murphy parks. Doing this will insure Dubuque remains the great "All America" city it is. We don't need all parks open to dogs to remain the pet-friendly city we are.

Thank you for taking the time to read this, and I look forward to your favorable consideration of these ideas on March 11th. Dubuque is our Masterpiece on the Mississippi. We have achieved this lofty status by reserving some areas just for people. The same is true today. Keep the original 11 areas and especially Eagle Point and Murphy Parks as people-only parks. Thank you.

Arthur F. Gilloon
535 Heritage Dr.
Dubuque, Iowa 52003

Kelsey	Smith	1095 Clara Ct	Dubuque	Having no kids or elderly family in town, nor taking any public aid, allowing dogs in the park is the only thing I use on a consistent basis that the city provides. I pay in for all these other people to benefit, why can't people like me have something to enjoy? The city of Dubuque has come a long way since when I moved here in 2008. The one thing still quite lacking is the dog friendly status. If you want to attract more young professionals, you should continue to strive to be more dog friendly. More people are waiting to get married and some are holding off on kids for now or altogether, but more and more are getting pets. I don't dispute there could be improvements, including fining those that don't pick up poop or who let their dogs off leash as I have encountered it all, but posting signs and potentially having a poop bag dispenser at some higher traffic areas might be a good start. Nothing will ever be perfect, but why take us back in time when we should be evolving as a community? The community must evolve or risk losing people that could generate additional revenue and bring in new insights.
Niki	Winter	16002 Majestic Dr	Dubuque	I believe leashed dogs should be allowed in all public parks
Matthew	Schromen	2651 Lobo Lane	Dubuque	No pets in parks. Dubuque citizens aren't responsible enough.
Dori	Breitbach	3275 Pennsylvania Ave #232	Dubuque	I don't think dogs should be allowed in any parks! People don't clean up after their pets. We have dog parks for them. They get better treatment than humans do. It's getting ridiculous. Why don't you think about fixing up parks (Eagle Point Park) and quit worrying about the animals. Their owners are responsible for them not the rest of us.
Karen	Egan	92 Clarke drive	Dubuque	Of course us taxpayers should be allowed to take our dogs in any park we choose! If not we shouldn't have to pay any taxes! I remember being able to walk my dogs anywhere until powers at be decided to deny our civil liberties! Well we want our rights back! Who died and made you our kings and queens? Look at how you only allow the serfs a few parks to take our dogs! Disgusting! Stop this!
Kathy	Day	3144 SHIRAS AVE, DUBUQUE, IA 52001-8359	Dubuque	No dogs or cats in Eagle Point or Murphy Parks. People don't pick up after them as they should.
Rita	Johnson	3148 Shiras Ave	Dubuque	NO pets. People do not pick up their pets messes
Jason	Carroll	8716 Route 52 South	Dubuque	Leave it the way it is, or make the ordnance stricter. Give them an inch - they'll take it a mile. Next they will want to take their pet to work or in stores and restaurants. Plus Safety Concerns with animal bites posing a threat to others, especially children and elderly people. Pet waste is not always cleaned up by their owner leading to unsanitary conditions and spread diseases. - Do you want your kid playing in the grass that dogs defecate on? Pets can create noise, such as barking, which can be disruptive to people seeking peace and relaxation. Managing pets in parks can require additional resources, such as more frequent waste disposal and increased patrolling by park staff. This can divert resources from other important park maintenance and improvement activities. Some people are allergic to pet dander, and others have a fear of animals. Banning pets in parks can make these public spaces more inclusive for everyone.
Clint	Johnson	3148 Shiras Ave	Dubuque	There are people afraid of dogs and there should be parks for them to enjoy.

I want to give Dubuque citizen feedback on a the topic of allowing dog-walking on Bunker Hill Golf Course. I am against dog-walking on a busy golf course. There would be a liability issue of dogs and dog-walkers getting hit by golf balls. I am not concerned about dog-walking anywhere else in Dubuque. I am only concerned about dogs and people getting whacked by flying golf balls.

I support the current Pets in Parks Ordinance which took effect July 1, 2020. I believe the current policy is a good compromise. It allows for pets in parks but protects those who do not want to encounter animals in public. However, I would like to see further protections.

I have encountered dogs on multiple occasions while with my child at the Flora Park north playground. The dogs have been in the mulched area very near the play structures. I believe that bringing dogs there goes against the spirit of the current pet policy. But what recourse do I have?

Dog owners always say their dog is friendly but I know of 4 people in my immediate family who have been badly bitten by what I'm sure the owner considered to be "friendly" dogs.

I strongly urge the council to better define the areas where pets are not allowed in parks by specifying a minimum distance leashed and unleashed pets must stay from children's play structures.

It would not take long for a dog to bite an unsuspecting child. Please don't give them the chance.

Thank you,
Jessica Riedl

Subject: Council Discussion tonight on Agenda Action Item #9- Dogs in parks

Caution! This message was sent from outside your organization. Never give your login information and password over email! Allow sender | Block sender | Report

Dear Mayor Cavanaugh and Council Members Jones, Resnick, Farber, Sprank, Wethal, and Rousell-

I hope this email finds you all well.

I see tonight's Council meeting will revisit the question of whether all city parks should allow the presence of cats and dogs. It appears there will be no public comment at this meeting, so allow me to offer a few quick thoughts. I have no objection to revisiting this issue, but I offer now the following well-grounded and compelling reasons to reserve certain parks for people only, in view of the fact that some council discussion is expected this evening. (I will share these also with the Park Commission when their public hearing is held.)

Currently, the following locations are protected:

1. Bunker Hill golf course.
2. Marshall Park and Dubuque Arboretum and Botanical Gardens.
3. Eagle Point Park.
4. Murphy Park.
5. Nicholas J. Sutton Swimming Pool.
6. Flora Park Swimming Pool.
7. The Veterans Memorial Plaza within the Gerald "Red" McAleece Park and Recreation Complex.
8. Fenced-in sporting areas, including, but not limited to, courts, fields, rinks, arenas, and skate parks.
9. Buildings or facilities within parks which are listed on the National Register of Historic Places.
10. On playground and recreational areas designed for use by children.
11. Where a prohibitory sign is posted.

These should remain as people-only parks and other areas.

While my thoughts below apply to all 11 categories, in the interest of brevity, let me speak only as to Eagle Point Park.

Please look at the attached two items that were part of the March 3, 2020 Council Meeting that amended the dog ordinance protect Murphy Park, Eagle Point, and other special areas from pet intrusion.

Attachment #1 refers to the Eagle Point Environmental Restoration Project. Dubuque spent more than $290,000 on this project, enhancing the "ecological systems" of the park, which is on the National Register of Historic Places. See the highlighted portions on both pages, please.

Attachment #2 is from the City Manager's memo on the Pet Ordinance for the March 3, 2020 Council Meeting , making it clear that the dog and cat excrement that remains in a park each day will **NOT** be cleaned up or addressed by park staff, and no citizen complaints re same will be addressed by the city. That means the feces left by inconsiderate dogs owners and inadequate clean up by others will be continually present in the picnic, walking areas, green spaces, and roads of the park.

It seems incongruous to spend hundreds of thousands of dollars protecting Eagle Point environmentally, and then open it up to dogs and cats defecating on every concrete and green space, which will spread to the groundwater. In addition, feces is treated as a biohazard in airplanes by the FAA. Shouldn't we consider it the same way? If a dog or cat defecated anywhere in the city council chambers, the staff would clean it, spray it with chemicals, and keep people away from it for at least 8 hours. Why should human beings be exposed to untreated dog and cat feces in our protected parks? Using doggie bags does not address these issues.

Also, if the City expands the ordinance to allow dogs in the current protected areas, the same sign currently posted in the dog parks under Dubuque's current ordinance would have to be posted. (These posted rules are taken from the City website.)

- "Owners are legally responsible for their dogs and any injuries caused by their dog(s)
- Owners must remain within the fenced area at all times
- Dogs must be leashed prior to entering and upon leaving the area. Gates to the area must remain closed at all times
- Owners must immediately clean up after their dogs. Failure to do so can result in a fine up to $750
- Dogs with known history of, or who exhibit dangerous behavior are prohibited
- Dogs must be healthy, fully immunized, de-wormed, and wearing license and rabies tags
- An adult must accompany children under 14; young children must be closely supervised
- Puppies under four months old and female dogs in heat are prohibited
- Only two dogs per adult are allowed
- Dogs must be watched at all times
- Cooperation between dog owners is essential
- Enter at your own risk (Colorization added.)

The warning "Enter at your own risk" seems wildly inappropriate for a park on the National Register of Historic Places.

Lastly, please take a moment to review Dubuque's 2017 successful 103-page application to place Eagle Point Park on the National Register of Historic Places.

https://www.cityofdubuque.org/DocumentCenter/View/35243/Eagle-Point-Park-Historic-District?bidId=

This appears on page 38:

"*FEELING*

Eagle Point Park is considered both a community park and a regional park because of its size, ***abundant recreational facilities, and many visitors from Dubuque County and the tri-state region.***

Eagle Point Park is a community asset and a regional destination where visitors and residents can reconnect with nature by experiencing the natural, cultural and ecological aspects of the environment through cultured grounds and natural areas. Key park amenities experienced by generations of area residents, such as those listed below, remain intact. Previous generations of park-users would recognize these features, making the integrity of feeling excellent for this historic park. **(Highlighting added.)**

Why would we ever want dogs and cats in to defecate on the "cultured grounds" of this masterpiece?

For these and other reasons to be offered at the appropriate time, I urge you not curtail the list of protected areas in Dubuque.

Thank you for taking the time to read this, and I look forward to your favorable consideration of these ideas. Dubuque is an All-America City and our Masterpiece on the Mississippi….we have achieved this lofty status while still preserving some areas just for people. It is not necessary to change the decision that was wise in 2022 and remains so today.

SUBJECT: **Eagle Point Park Environmental Restoration Project – Phase 2) Bioretention Basin Construction, Tree Removal, and Native Vegetation Establishment – Public Hearing for Approval of Plans and Specs (CIP #720-2301)**

DATE: February 25, 2020

INTRODUCTION

The purpose of this memo is to provide the City Council with information for the Public Hearing for Approval of Plans and Specs for Phase 2) Bioretention Basin Construction, Tree Removal, and Native Vegetation Establishment to continue construction work implementing the Eagle Point Park Environmental Restoration Management Plan (CIP #720-2301). Supporting documentation and a resolution are enclosed.

BACKGROUND

The Eagle Point Park Environmental Restoration Management Plan, approved by the City Council in January 2017, outlines the unique nature and value of this park and the importance of making the site more resilient. The report focuses on the restoration of native plants to improve the health of the ecosystem and enhance ecological functions such as water purification, groundwater recharge and pollinator support. Another major area of focus is the reduction of stormwater runoff and the use of stormwater best practices to reduce soil erosion and improve water quality.

The City Council approved a $185,244 Contract with Emmons and Olivier Resources, Inc. (EOR) in October 2018 for Project Design, Construction Management, and Grant Administration Services. EOR is assisting the City with implementing best practices outlined in the Environmental Restoration Management Plan as well as grant administration and Section 106 historic preservation review. . EOR was also awarded an additional $16,466.08 for design and archaeological monitoring relating to the federal review process. EOR's total budget is $201,710.08.

DISCUSSION

The City team for this project includes staff from Leisure Services, Engineering, and Planning Services Departments. City Staff and the EOR team are receiving guidance from the Iowa Department of Natural Resources (IDNR) and the Iowa Department of

Eagle Point Park is listed in the National Register of Historic Places. The park has been determined to possess historic, architectural, cultural, and archeological resources. The commentary from the State Historic Preservation Office (SHPO) required additional information from our consultants re: design aspects of bio-retention basins along the park road and the question of removal of potential legacy trees in that specific basin area. This in turn generated additional design work by EOR and archeological monitoring by Bear Creek Archeology. The bio-retention basin work recently was cleared by SHPO and the National Park Service.

Consequently, City staff have been working with EOR consultants and IDNR and IDALS staff to move the project forward through two bidding packages. Phase 1) Turf Conversion and Soil Quality Restoration (SQR) was initiated in July 2019. Phase 2) Bioretention Basin Construction, Tree Removal, and Native Vegetation Establishment was delayed until February 2020. Due to the different type of the work involved for these phases, we expect to receive favorable bids by separating the construction work.

The general nature of the work involved with Phase 2 is: grading, drainage pipes and structures, erosion and sediment control, native landscaping, vegetation establishment and maintenance. EOR estimated Phase 2 will cost $290,665.65 as shown below.

Phase 2 - Cost Estimate	**Amount**
Construction Total	$264,241.50
Construction Contingency (10%)	$26,424.15
Total	**$290,665.65**

PROJECT SCHEDULE
The proposed project schedule for Phase 2 is summarized below:

Post Notice to Bidders	February 20, 2020
Notice of Public Hearing on Plans and Specs	February 20, 2020
Pre-Bid Meeting	February 27, 2020
Public Hearing on Plans and Specs	March 2, 2020
Receipt of Bid Proposals (Bid Opening)	March 9, 2020
Award Construction Contract	March 16, 2020
Project Substantial Completion Date	June 30, 2020

BUDGET IMPACT
The IDNR is a major funding partner with $801,300 in state and federal pass-through grants awarded for this project, leveraged by $79,597 from the Leisure Services Department's FY14 Capital Improvement Project (CIP) #7202301 for Eagle Point Park.

The City has two Resource Enhancement and Protection (REAP) grants from IDNR, a $175,000 Land and Water Conservation Fund (LWCF) federal pass-through grant from the National Park Service (NPS) to the IDNR, and a State Revolving Fund (SRF) Sponsored Project of $259,722 from the IDNR. Total project funding is $832,452.00 as set forth below:

removed. Staff time is required to complete this process. Pet waste stations could also be installed in specific parks using the input of the Work Group for these locations.

Funding was approved in the FY19 budget to begin the planning process for developing a second dog park in the community. The amount approved was $20,000 for planning (CIP #3502737 62716). There is no additional funding in the FY20 budget or in the proposed FY21-25 CIP budget for construction of a second dog park. The planning money would not be useful without the construction money. The current funding for the planning of the dog park could be used to fund signage and pet waste stations if the proposed ordinance change is approved by City Council. The Pet-Friendly Work Group and the Park and Recreation Commission reviewed this possibility of change of use of funds and they were supportive of this use if an ordinance change was to be approved.

An improvement level package for $15,000 is also proposed in the FY 21 Park Division budget that the Council is considering in the coming month. This improvement level request is for the addition of pet friendly amenities throughout the City. This would include amenities such as pet waste stations, and educational signage and materials. Costs include purchase and installation of these amenities as well pet waste bags. These costs do not include staff time that will be needed to maintain and restock waste stations with bags as needed. That would become a duty of current staff. Additionally, it should be noted that Park Division staff would not be available to pick up pet waste should a citizen call and report pet waste in parks or public areas. The Division staff does not have additional hours to monitor, police and pick up pet waste should that happen.

An improvement package is also being proposed in the FY 21 budget in the Health Services Department to take a part time Animal Control Officer from part-time to full-time.

CONCLUSION

This memo is for informational purposes only as well as share a potential funding source for signage and pet waste stations should the City Council wish to approve the ordinance change being proposed by the Parks and Recreation Commission.

Letter: Dogs don't belong in local parks

CRAIG REBER White Street, Dubuque
Sep 12, 2024

No dogs in Murphy Park or Eagle Point. Somehow numerous Dubuquers entertain an anthropomorphic idea that dogs have human characteristics, i.e.: are “family members,” according to Dubuque City Council Member Ric Jones. Sorry Ric, dogs are animals, critters, not humans, period. And to treat them otherwise is ludicrous. Leave them at your residence, in your yard, or run them at the dog “park” on North Grandview, and out of public places — including the farmers market.

Letter: No more Dubuque park land needed for pet access

KAREN ROKUSEK Augusta Court, Dubuque
Sep 20, 2024

Per Dubuque's city website, the city has 1,200 acres of parkland. Since July, 2020, leashed dogs and cats are permitted in "most" Dubuque parks, parkways, trails and open spaces.

Now the City Council's discussion turns to wanting "even more" acres made available to pets. Seriously? Why are we entertaining that Eagle Point Park (164 acres) and Murphy Park (80 acres) be added to the list of places that pets access? I for one think the remaining 956 acres is enough land to provide outdoor activities for pets. Plus think of all the potential county area that's available.

Families, visitors, citizens deserve a place to know they can walk, run, play without having a feces intervention. Is dog and cat waste hazardous? Dog and cat feces is so dangerous, the EPA actually classifies pet waste as a nonpoint source pollutant, putting it in the same category as toxic chemicals and pesticides. Some think more data would help the decision-making process.

Ask yourselves: when was the last time you called or wrote anybody at city hall to complain about washing feces off your kid's toes or shoes or stepping in the proverbial pile when getting your walk in each day? Be realistic, this comprehensive data doesn't exist. I vote "no" to amending the current Pets in Park Ordinance No. 10-5B-4.

The council needs to move onto more pressing issues.

https://www.telegraphherald.com/news/tri-state/article_ea57a7bc-7089-11ef-90f3-63387f928884.html

Dubuque establishments increasingly welcome dogs on outdoor patios

BY CHRIS GRAY chris.gray@thmedia.com
Sep 12, 2024

Jenna Sarazin (left) and her dog, Jack, sit with Sara Eckstein and her dog, Hondo, at Yardarm Riverfront Bar & Grill in Dubuque on Wednesday.

Stephen Gassman

Throughout the summer, boats cruise the Mississippi River and dock in the harbor at Yardarm Riverfront Bar & Grill in Dubuque, where boaters know their canines will be welcome.

"That's one of the reasons people like coming here," said bar supervisor Bama Ohnesorge. "When they're out on the boats all day, they like to come off here with their dogs."

Ohnesorge said Yardarm offers paper water bowls and dog snacks for free and grills up doggie burgers for $1 a patty. Bacon or cheese is 50 cents extra.

As city of Dubuque leaders consider whether to allow dogs at Murphy Park and Eagle Point Park, private businesses are taking advantage of regulations that allow customers' furry friends to hang out on outdoor patios of restaurants, breweries and taverns.

In the Millwork District, the inner courtyard of the Novelty Iron Works Building has been decked out as an outdoor play area adjacent to Gary Dolphin's Iron Bar. A sandwich board at the entrance on 10th Street welcomes dogs.

The courtyard has a big screen to watch the game, along with a number of games such as beer pong, giant chess, Jenga and darts. The business doesn't sell prepared food, but dogs can join in on the free popcorn.

Iowa regulations were updated in 2020 to allow "pet dogs" in outdoor portions of businesses under certain stipulations: water dishes must be disposable, employees may not pet the dogs and any bodily fluids or excrement must be cleaned up immediately.

State regulations forbid non-service animals from inside restaurants and taverns, even at bars that do not serve food.

"Any beverage is considered food," said city of Dubuque Public Health Director Mary Rose Corrigan. "Bars are considered food establishments."

Corrigan said true service animals are exempt under the Americans with Disabilities Act, but emotional support animals, which are accommodated under the Fair Housing Act, are not permitted in businesses.

Dogs are not allowed inside food and drink establishments in Jo Daviess County, Ill. In Wisconsin, a new law took effect in 2022 allowing companion animals inside any business where food makes up less than 5% of sales, such as hardware stores and sporting goods shops.

Monk's on Bluff Street is actually named after a dog, and it's another establishment where dogs are welcome on the porch. Bartender Ty Steerman said he noticed an uptick in dogs after the COVID-19 lockdowns.

"I think a lot of people got pets during COVID, so I think I see more of them now," Steerman said. He said dogs can be better behaved than some of his customers. While an owner may be asked to remove their dog once or twice a year, customers are booted on a weekly basis.

"The dogs generally aren't getting drunk," he said.

Up on the hill, dogs are not allowed inside Dog House Lounge, but there is a roped-off area outside with some tables where dogs are welcome.

The lounge gained some notoriety years ago after a customer waltzed in with his pet macaw and zebra colt. That wasn't tolerated, and police were called.

"We don't promote (being dog-friendly), but we're OK with it," said manager Logan Klinge, who said the business offers water bowls. "Being a food establishment, we can't allow dogs inside here."

our view

Pets in more parks? Concept makes sense, but better data would help

It was in 2018 that Dubuque City Council named being a "pet-friendly community" a high priority for future city projects and policies. And that was six years after city officials had begun earnest discussions about allowing pets in parks.

A dozen years later, folks are still arguing about it.

For citizens — both pet lovers and those with concerns — the decision to allow dogs in most of the community's parks was either the greatest idea or the worst when council passed the ordinance in spring of 2020. Now, more than four years later, council members are again considering whether to broaden that allowance.

Most Dubuque City Council members last week appeared interested in opening up Eagle Point Park and Murphy Park to pets.

Local economic development officials note that a pet-friendly environment is a top priority for young people considering a move to the Dubuque area. In addition to outdoor spaces, these young people seek housing options that are welcoming to animals. While there are still opponents to such changes, it's important to look at the issue as more than just a pet issue. It's a people issue. It's a quality-of-life issue. And yes, as we often say about amenities, it's a workforce issue.

Still, Council Member David Resnick is not wrong to express some frustration over a lack good data from the city detailing the number of complaints of unruly dogs and doggy droppings in the parks where pets are welcome. Did the concerns of those opposed to dogs in parks come to pass? Or have pets and people coexisted peacefully in local parks?

It seems that, particularly when an issue draws legitimate concerns on both sides of the discussion, some attention should be paid to how the reality measures up to the conjecture. Yet, it appears there is not good information on just how big an impact pets in parks have had. Surely there has been anecdotal incidents of dogs running off leash and people not picking up after their pets, but are those incidents significant enough to bar pets from a couple more parks?

Understandably, it's a difficult issue to police. How much city resources do we want to expend patrolling parks for errant dog deposits? But we could at least know the number of complaints received, the number of citations issued and dog bites reported.

From what we know at this point, having pets in multiple city parks has not been to a great detriment. And seeing the uptick among a generation in love with its "fur babies," it seems reasonable to add two more city parks to the list.

Thank you for your reply. We really hope that access is not expanded. Dubuque is unlike New York city and Central Park. We have lots of access to rural areas for pet owners. I was just at Tony Roma's this past week to listen to live music on the patio and unfortunately, 2 pet owners arrived and the dogs commenced to bark and growl at each other and it continued for a few minutes. This atmosphere is not acceptable. Disrespectful to the performer and those who just want to relax and eat and drink.

In referencing my previous email, the dog at Dolph's was not on a leash, nor did anyone pick up the landscape bark where the dog peed. This is the reality of what is truly happening. Best of luck to you as you discern the proposal.

With regards, Kathy Roberts

Comment	I want to offer my comments about the " pets in the park ". Pets should not be allowed in either Eagle Point or Murphy parks. Let pet owners use the parks that are already designated for pets. If this is such a major and economic issue for our city, then invest in a true pet park designed for pets and people. Leave the current parks to the enjoyment of the people who don't want to share with pets (which I suspect is a silent majorly). Thank you

Allow sender | Block sender | Report

Good morning,

I am writing in regard to the article in the paper this morning regarding allowing dogs in public parks. I just do not understand the thinking here! Responsible dog owners either have their own property for dogs to run and defecate on their own property or they can go to the dog park. Why do they need to go to public parks because they definitely are not being responsible when it comes to picking up the animal waste. Walk the Bergfeld pond trail, walk the Seiple road trail, walk the city sidewalks. All you see is dog poo. Do you think these same people that are letting their animals defecate on these trails are the same people who would take their animals to the parks? I would venture to guess the answer is yes so why would they be any more responsible in parks than they are showing their behavior on the trails? People go to parks for fun and relaxation, not to listen to someone's dog bark or have to worry about walking over dog poo. If people want a dog, great, get one, but keep them at home where they belong because many, many dog owners are not responsible enough to clean up after their animal and it certainly should not be the rest of the world who suffers because of their irresponsibility. I have been a dog owner so I understand people wanting the love animals provide, but I would NEVER have thought of not cleaning up after my animal which is why I had a yard for an animal to run in. If I didn't...I would not own an animal! You who heads up this division must be sensible about this because who you hear from I am guessing, is the minority of dog owners (the loud ones) and not the majority of the public (the quieter ones) who will just stop going to parks all together as I will. It is amazing to me how people think because they love their dog that everybody should also and tolerate bad behavior. I always say it is not the dogs that are the problem...it is the dog owners! Please be sensible and do not extend this madness further!

Thank you for listening.

Good morning Danny!

First of all, thank you for your service to our community and for the good job you do representing the residents of Dubuque's North End. We deeply appreciate your efforts on our behalf.

Again, we see that the topic of dogs in parks is coming up at a City Council meeting. In light of the troubling times we find ourselves in, this seems like a minor issue. But to those of us who walk in Eagle Point Park several times a week, we'd like to see the rules that don't allow dogs to stay in place. For us, it's a matter of safety and cleanliness. There are so many places in Dubuque where dogs are allowed to walk on a leash, city sidewalks being a big walking area for anyone. Eagle Point Park is one place we are able to walk outdoors and enjoy the wildlife without having to worry about "friendly" dogs, especially those that are unleashed. It takes only one dog, walking several times a week to make a stinky, unsightly mess for park crews. I do hope that input was received from those that do such a good job, working to keep the parks clean, especially Eagle Point Park.

We love animals, we've had 4 dogs in our lives, but we never had a problem with pets not being allowed in the park.

Regardless of your position on this topic, we support and respect the outcome of any decision.

Thanks again, Danny!

Subject: FW: Input for March 11, 2025 Park and Rec Commission Meeting regarding keeping people-only parks

Dear Commission Members- Tigges, Kennicker, Axtell, Ochoa, Jorgenson, Ollendick, and Henkel-

I hope this email finds you all well. Thank you for donating your time to the Commission's work.

I expect to speak in person on March 11th, but please allow me to offer a few quick thoughts in advance of that evening. There are many well-founded and compelling reasons to reserve at least two certain parks for people only: Eagle Point and Murphy.

Currently, the following locations are protected:

1. Bunker Hill golf course.
2. Marshall Park and Dubuque Arboretum and Botanical Gardens.
3. Eagle Point Park.
4. Murphy Park.
5. Nicholas J. Sutton Swimming Pool.
6. Flora Park Swimming Pool.
7. The Veterans Memorial Plaza within the Gerald "Red" McAleece Park and Recreation Complex.
8. Fenced-in sporting areas, including, but not limited to, courts, fields, rinks, arenas, and skate parks.
9. Buildings or facilities within parks which are listed on the National Register of Historic Places.
10. On playground and recreational areas designed for use by children.
11. Where a prohibitory sign is posted.

These 11 items should remain unchanged, and in particular, Eagle Point and Murphy need to remain people only parks. We will not lose our pet-friendly reputation if we keep some parks/green space for humans only.

According to the City's August 5, 2019 assessment entitled "Better Cities for Pets Assessment," the total percentage of dog-owning households is only 36.50% of ALL households in Dubuque. That means over 63% of Dubuque households do NOT own dogs. Similarly, 67% of Dubuque households

do NOT own cats. (See Assessment page 11.) Why should this small number of residents have total control of all of the parks? Dogs and cats are currently allowed in almost all of our parks.

Eagle Point and Murphy should remain people-only parks.

According to the same assessment cited above, there are **26 miles** of "Pet Friendly trails and/or Greenways" present in the City of Dubuque, and more than **111 acres**, 88 % of which are pet-friendly!(See Assessment pages 34-35.) Any claim that Dubuque is not currently pet-friendly is false.

We will still be considered pet-friendly if we reserve Eagle Point and Murphy for people, not animals. We will only be reserving some small space for our families only….as it should be. Human rights exceed animal rights.

Please look at the attached two items that were part of the March 3, 2020 City Council Meeting which amended the dog ordinance to protect Murphy Park, Eagle Point, and other special areas from pet intrusion.

Attachment #1 refers to the Eagle Point Environmental Restoration Project. Dubuque spent more than $290,000 on this project, enhancing the "ecological systems" of the park. **Importantly, Dubuque's application to add Eagle Point Park to the National Register of Historic Places was granted in by the U.S. Park Service in 2017.** See the highlighted portions on both pages, please.

Attachment #2 is from the City Manager's memo on the Pet Ordinance for the March 3, 2020 Council Meeting, making it clear that the dog and cat excrement that remains in a park each day will **NOT** be cleaned up or addressed by park staff, and no citizen complaints re same will be addressed by the city. That means the feces left by inconsiderate dog owners and inadequate clean up by others will be continually present in the picnic, walking areas, green spaces, and roads of Eagle Point and Murphy if allowed.

It is unthinkable that we would spend almost $300,000.00 protecting Eagle Point environmentally, and then open it up to dogs and cats defecating on every play area, picnic area, and green space, which will ruin the ambience of the park and spread to the groundwater. In addition, **human and animal feces is treated as a biohazard in airplanes by the FAA. Shouldn't we treat it the same way?** If a dog or cat defecated anywhere in the area next to your meeting space, the staff would clean it, spray it with chemicals, and keep people away from it for at least 8 hours. Why should human beings be exposed to untreated dog and cat feces in our protected parks? Using doggie bags does not address these issues.

Also, if you allow dogs in the current protected areas, most of the warnings set out in blue below and currently posted in Dubuque's parks where dogs are currently allowed would need to be posted. (These posted rules are taken from the City of Dubuque website.)

- "Owners are legally responsible for their dogs and any injuries caused by their dog(s)
- Owners must remain within the fenced area at all times
- Dogs must be leashed prior to entering and upon leaving the area. Gates to the area must remain closed at all times
- Owners must immediately clean up after their dogs. Failure to do so can result in a fine up to $750
- Dogs with known history of, or who exhibit dangerous behavior are prohibited

- Dogs must be healthy, fully immunized, de-wormed, and wearing license and rabies tags
- An adult must accompany children under 14; young children must be closely supervised
- Puppies under four months old and female dogs in heat are prohibited
- Only two dogs per adult are allowed
- Dogs must be watched at all times
- Cooperation between dog owners is essential
- Enter at your own risk (Colorization added.)

The warning "Enter at your own risk" seems wildly inappropriate for a park on the National Register of Historic Places. Do we want that sign as the welcome to Eagle Point and Murphy Park for Dubuque citizens and visitors? I think not.

Please take a moment to review the City of Dubuque's 2017 successful 103-page application to place Eagle Point Park on the National Register of Historic Places.

https://www.cityofdubuque.org/DocumentCenter/View/35243/Eagle-Point-Park-Historic-District?bidId=

This conclusion appears on page 38:

"*FEELING*

Eagle Point Park is considered both a community park and a regional park because of its size, ***abundant recreational facilities, and many visitors from Dubuque County and the tri-state region.***

Eagle Point Park is a community asset and a regional destination where visitors and residents can reconnect with nature by experiencing the natural, cultural and ecological aspects of the environment through cultured grounds and natural areas. Key park amenities experienced by generations of area residents, such as those listed below, remain intact. Previous generations of park-users would recognize these features, making the integrity of feeling excellent for this historic park. **(Highlighting added.)**

Why would we allow dogs and cats to defecate and urinate on the "cultured grounds" of this masterpiece?

Similar arguments apply to **Murphy Park**. It is a south-end treasure that will mark its 100th birthday in 2026. Are we going to mark this anniversary by allowing dogs and cats to take it over?

Your Commission is currently paying consultants to study the overall park recreation metrics for our fair city….why not have the consultants recommend a beautiful new dog park and plan it out? Or, like Ankeny did, consider have the dog owners and others who support the idea develop it and then donate it to the city of Dubuque?

Did you know that Chicago's 24.5 acre Millenium Park on Michigan Avenue does not allow dogs or other pets? Here is the warning on their website and as posted at Millenium Park. No one accuses Chicago of not being pet-friendly!

The same is true for Miami Beach, Florida. The beach draws tourists from around the world….but dogs are not allowed. It is reserved for people to sunbathe, picnic, walk and enjoy without fear of dogs. Here is the current sign (January 2025) as you enter upon Miami Beach:

It is crucial that we keep the current list of 11 spaces for people only, particularly Eagle Point and Murphy parks. Doing this will insure Dubuque remains the great "All America" city it is. We don't need all parks open to dogs to remain the pet-friendly city we are.

Thank you for taking the time to read this, and I look forward to your favorable consideration of these ideas on March 11th. Dubuque is our Masterpiece on the Mississippi….we have achieved this lofty status by reserving some areas just for people. It is not necessary to change the decision that was wise in 2022 and remains so today.

FROM: Marie Ware, Leisure Services Manager
Laura Carstens, Planning Services Manager

SUBJECT: **Eagle Point Park Environmental Restoration Project – Phase 2) Bioretention Basin Construction, Tree Removal, and Native Vegetation Establishment – Public Hearing for Approval of Plans and Specs (CIP #720-2301)**

DATE: February 25, 2020

INTRODUCTION
The purpose of this memo is to provide the City Council with information for the Public Hearing for Approval of Plans and Specs for Phase 2) Bioretention Basin Construction, Tree Removal, and Native Vegetation Establishment to continue construction work implementing the Eagle Point Park Environmental Restoration Management Plan (CIP #720-2301). Supporting documentation and a resolution are enclosed.

BACKGROUND
The Eagle Point Park Environmental Restoration Management Plan, approved by the City Council in January 2017, outlines the unique nature and value of this park and the importance of making the site more resilient. The report focuses on the restoration of native plants to improve the health of the ecosystem and enhance ecological functions such as water purification, groundwater recharge and pollinator support. Another major area of focus is the reduction of stormwater runoff and the use of stormwater best practices to reduce soil erosion and improve water quality.

The City Council approved a $185,244 Contract with Emmons and Olivier Resources, Inc. (EOR) in October 2018 for Project Design, Construction Management, and Grant Administration Services. EOR is assisting the City with implementing best practices outlined in the Environmental Restoration Management Plan as well as grant administration and Section 106 historic preservation review. . EOR was also awarded an additional $16,466.08 for design and archaeological monitoring relating to the federal review process. EOR's total budget is $201,710.08.

DISCUSSION
The City team for this project includes staff from Leisure Services, Engineering, and Planning Services Departments. City Staff and the EOR team are receiving guidance from the Iowa Department of Natural Resources (IDNR) and the Iowa Department of

Eagle Point Park is listed in the National Register of Historic Places. The park has been determined to possess historic, architectural, cultural, and archeological resources. The commentary from the State Historic Preservation Office (SHPO) required additional information from our consultants re: design aspects of bio-retention basins along the park road and the question of removal of potential legacy trees in that specific basin area. This in turn generated additional design work by EOR and archeological monitoring by Bear Creek Archeology. The bio-retention basin work recently was cleared by SHPO and the National Park Service.

Consequently, City staff have been working with EOR consultants and IDNR and IDALS staff to move the project forward through two bidding packages. Phase 1) Turf Conversion and Soil Quality Restoration (SQR) was initiated in July 2019. Phase 2) Bioretention Basin Construction, Tree Removal, and Native Vegetation Establishment was delayed until February 2020. Due to the different type of the work involved for these phases, we expect to receive favorable bids by separating the construction work.

The general nature of the work involved with Phase 2 is: grading, drainage pipes and structures, erosion and sediment control, native landscaping, vegetation establishment and maintenance. EOR estimated Phase 2 will cost $290,665.65 as shown below.

Phase 2 - Cost Estimate	**Amount**
Construction Total	$264,241.50
Construction Contingency (10%)	$26,424.15
Total	**$290,665.65**

PROJECT SCHEDULE
The proposed project schedule for Phase 2 is summarized below:

Post Notice to Bidders	February 20, 2020
Notice of Public Hearing on Plans and Specs	February 20, 2020
Pre-Bid Meeting	February 27, 2020
Public Hearing on Plans and Specs	March 2, 2020
Receipt of Bid Proposals (Bid Opening)	March 9, 2020
Award Construction Contract	March 16, 2020
Project Substantial Completion Date	June 30, 2020

BUDGET IMPACT
The IDNR is a major funding partner with $801,300 in state and federal pass-through grants awarded for this project, leveraged by $79,597 from the Leisure Services Department's FY14 Capital Improvement Project (CIP) #7202301 for Eagle Point Park.

The City has two Resource Enhancement and Protection (REAP) grants from IDNR, a $175,000 Land and Water Conservation Fund (LWCF) federal pass-through grant from the National Park Service (NPS) to the IDNR, and a State Revolving Fund (SRF) Sponsored Project of $259,722 from the IDNR. Total project funding is $832,452.00 as set forth below:

removed. Staff time is required to complete this process. Pet waste stations could also be installed in specific parks using the input of the Work Group for these locations.

Funding was approved in the FY19 budget to begin the planning process for developing a second dog park in the community. The amount approved was $20,000 for planning (CIP #3502737 62716). There is no additional funding in the FY20 budget or in the proposed FY21-25 CIP budget for construction of a second dog park. The planning money would not be useful without the construction money. The current funding for the planning of the dog park could be used to fund signage and pet waste stations if the proposed ordinance change is approved by City Council. The Pet-Friendly Work Group and the Park and Recreation Commission reviewed this possibility of change of use of funds and they were supportive of this use if an ordinance change was to be approved.

An improvement level package for $15,000 is also proposed in the FY 21 Park Division budget that the Council is considering in the coming month. This improvement level request is for the addition of pet friendly amenities throughout the City. This would include amenities such as pet waste stations, and educational signage and materials. Costs include purchase and installation of these amenities as well pet waste bags. These costs do not include staff time that will be needed to maintain and restock waste stations with bags as needed. That would become a duty of current staff. Additionally, it should be noted that Park Division staff would not be available to pick up pet waste should a citizen call and report pet waste in parks or public areas. The Division staff does not have additional hours to monitor, police and pick up pet waste should that happen.

An improvement package is also being proposed in the FY 21 budget in the Health Services Department to take a part time Animal Control Officer from part-time to full-time.

CONCLUSION

This memo is for informational purposes only as well as share a potential funding source for signage and pet waste stations should the City Council wish to approve the ordinance change being proposed by the Parks and Recreation Commission.

Public engagement for Dubuque dogs in parks debate set for March 11

Telegraph Herald
Feb 13, 2025

The Dubuque Parks & Recreation Commission has set its March 11 meeting for public engagement on a possible revision of the city's ordinance regarding dogs and other domestic animals in public parks.

Leashed dogs currently are allowed in most city parks but are banned from two of the city's most popular parks — Murphy Park and Eagle Point Park, where signs are posted requiring domestic animals to stay in vehicles.

The City Council is considering revising the ordinance to allow dogs in these two parks but has asked the parks board to review the ordinance and conduct public outreach.

Aside from a chance to speak at the March 11 meeting, the public is invited to submit comments through the "Contact Us" option on the city of Dubuque website. The Parks and Recreation Department plans additional opportunities for public input in the coming weeks.

Parks & Recreation meetings are held each month at the Bunker Hill Golf Course clubhouse, but Recreation Division Manager Dan Kroger said his department likely would seek a larger venue in March to accommodate the public.

Hello Marie. Could you please forward this to the city council members, the mayor, and anyone else you think should know about this.

Today I was playing golf at bunker hill golf course with 2 other golfers.
When we approached number 7 tee we saw two dogs running off leash on the tee. As we got closer to the tee one of the dogs, a bit bull charged at us three different times, only stopping when yelled at him. He was barking and very aggressive.

1

Then a man came out of the woods. The owner of the dogs. We told him dogs weren't allowed on the course. He said. "I'm a taxpayer, I can do what I want" then he lead the dogs down over the hill towards Kaufman avenue. The dog owner was breaking two laws and didn't seem to care.
This incident came close to ending in violence. I am hoping that the city council never allows pets at bunker hill golf course. Even When the course is closed you will have young children sledding and they won't be safe with dogs running on the course.
Thank you, a concerned citizen

April 2, 2025

Members of the Parks and Recreation Commission

I appreciated the opportunity to speak to you at your March 11th meeting about allowing dogs in more city parks. I am not able to attend your next meeting but wish to share additional concerns about allowing dogs specifically in Eagle Point Park.

It seems that dog owners are seeking more places to walk their dogs, If Eagle Point Park is opened to dogs, it opens all the pavilions to dogs as well. As I stated in my previous comments, some pavilions can be rented by multiple groups at the same time. Changing the ordinance to allow dogs in the park may cause some individuals to decline invitations to family or friend parties, weddings, receptions or other events because they may be susceptible to a dog allergy or anxiety. That seems unfair simply for the sake of offering dog owners more places to walk their dogs.

Another point to consider is that Eagle Point Park is used as a destination for school field trips. Busloads of children use the numerous playgrounds and picnic areas. Should parents, teachers, and chaperones be burdened with the added concerns of protecting children who have allergies to dogs or are fearful of dogs, let alone keeping children away from dog feces.

Currently people walk their dogs in Eagle Point Park during the off season, and some dog owners allow their dogs off leash. If dogs are allowed in Eagle Point Park, the number of dogs let off leash by their owners during the off season is likely to increase, thereby increasing chances of injury to people and disturbances to the wildlife.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: Mayor Roy Buol and the Dubuque City Council

FROM: City of Dubuque Park and Recreation Commission Members

SUBJECT: Park and Recreation Commission Recommendation to Amend 10-5B-4 Related to Allowing Leashed Dogs and Cats in Designated Parks

DATE: **February 20, 2020**

Dear Mayor and City Council Members,

The City of Dubuque Park and Recreation Commission, along with members of the Pet-Friendly Work Group, have been working diligently to determine an action plan related to becoming a more pet-friendly community. It is after much discussion, review, public input, and drafts that we bring the City of Dubuque Park and Recreation Commission's proposal and **unanimous** recommendation to a change in ordinance 10-5B-4 related to allowing leashed dogs and cats in designated city parks. Below is a timeline with background, and history, detailing the efforts of both the Commission and the Pet-Friendly Work Group which has brought us to this point.

Background
Becoming a pet-friendly community was selected as a City Council policy agenda high priority item during the 2018 goal setting session. The guidance from the City Council included that this would not only be about leashed dogs and cats in parks, but also would engage partners in how we could become a more pet-friendly community.

Imagine Dubuque 2037: A Call to Action, 2017 Comprehensive Plan, included "dog-friendliness" as an important consideration in helping Dubuque's appeal as a socially vibrant and desirable place to live.

The 2017 Imagine Dubuque Comprehensive Plan also contained these recommendations related to becoming a pet-friendly community:

- Re-evaluate the Parks and Recreation Plan, potentially through a strategic update or addendum, to identify opportunities to provide flexible, programmable space; improve active recreation connectivity in neighborhoods; and enhance Dubuque's "dog-friendliness."
- Evaluate and revise, as appropriate, the dog-related policies for all of Dubuque's park and recreation facilities.

At the November 19, 2018 City Council meeting, a "Pet-Friendly Community Action Plan Process" was approved. The process would include developing an action plan for

becoming a more pet-friendly community and completion of a community assessment. The assessment chosen, the U.S. Conference of Mayors Pet-Friendly City Assessment, had been recommended to Mayor Roy Buol at the United States Conference of Mayors and served as the basis for the Pet-Friendly Work Group.

After the approval of an action plan process by the City Council, representatives were selected/appointed by each of the groups/organizations outlined in the council memo. Those representatives are listed below. The Work Group began meeting on February 20, 2019 and met almost every other week to review information, facts and data, listen to presentations, review drafts, work on the community survey, and research information.

The Work Group consists/has consisted of the following members:

Cori Burbach, Assistant City Manager (Co-Facilitator of Work Group)
Jeremy Jensen, Assistant Police Chief (Co-Facilitator of Work Group)
Laura Carstens, Planning Services Manager
Steve Fehsal, Park Division Manager
Marie Ware, Leisure Services Manager
Mary Rose Corrigan, Public Health Specialist
Amanda Shaffer, Dubuque Humane Society Representative
Rebecca Kuhle, Park and Recreation Commission Representative
Lisa Johnson, Friendly Intelligent Dog Owners (FIDO) Representative
Marianne Kirkendall, Pet Business Representative (Colonial Terrace Vet)
Paul Hoffmann, Community Representative
Robin MacFarlane, Pet Business Representative (That's My Dog!)

Alternates:

Ray Werner, Park and Recreation Commission Representative Alternate
Jennifer Tigges, Park and Recreation Commission Representative Alternate #2
Cori Burbach left the committee in June of 2019 and Marie Ware was designated as Cori's replacement for Co-Facilitator of Work Group.

The Pet-Friendly Assessment represents the collaborative effort of this work group to amass information and statistics for review of this topic. The assessment looks at four foundational pillars of a Pet-Friendly Community: Shelters, Homes, Parks and Businesses. This information is preceded by an in-depth City Profile section. A major part of this assessment also included a community survey based on these four foundational pillars. A summary of these results is included in the work group's assessment of each section, and the full results are attached.

Once the Pet-Friendly Assessment was completed, it was determined by the Commission and the Pet-Friendly Work Group to delve into the Parks section of the assessment first.

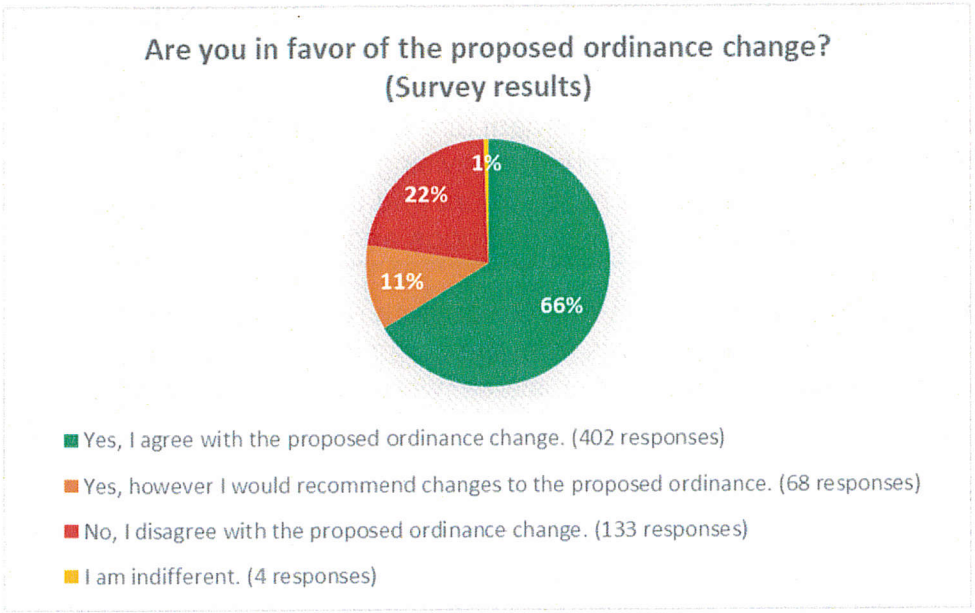
After reviewing the Pet-Friendly Assessment and comments from the community survey, members of the Commission began revising the current pets in parks ordinance. It was determined through both the assessment and the survey that Dubuque was behind the times regarding allowing leashed dogs and cats in parks.

The Commission and Pet-Friendly Work Group both reviewed the proposed ordinance numerous times to ensure comments from the community received through the assessment, including any concerns or issues, were being considered and addressed. Once both groups found the proposed ordinance acceptable, the Commission set a public input meeting date of January 14, 2020. The goal of the public input meeting was to allow citizens to directly provide feedback related to the ordinance proposal. Along with the public input meeting, a survey was made available (online and in-person), with the options of "Yes, I agree with the proposed ordinance change", "Yes, however I would recommend changes to the proposed ordinance", "No, I disagree with the proposed ordinance change", or "I am indifferent." Comments were also allowed on the form.

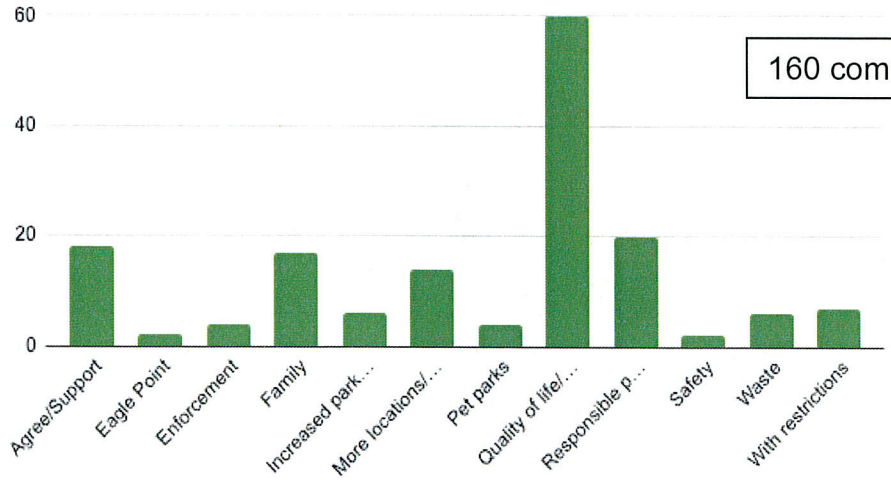
Information regarding the public input meeting and the survey was distributed through multiple channels. A press release was issued by the City of Dubuque, which the Telegraph Herald also published. Paper surveys were available at the following locations: Carnegie Stout Library, Multicultural Family Center and the Leisure Services Administrative Office. City staff added the information to the Pet-Friendly Community webpage on the City's website (cityofdubuque.org/PetFriendlyCommunity). Interviews regarding the proposed ordinance change were completed with both KDTH and KCRG and included information on how to complete the survey.

The survey was available from January 2, 2020 through January 17, 2020. Overall results from the proposed ordinance survey and public input meeting, as well as parks-related survey results from the Pet-Friendly Community Assessment, are shown below. Comments from both surveys can be found in their entirety in the attached documents.

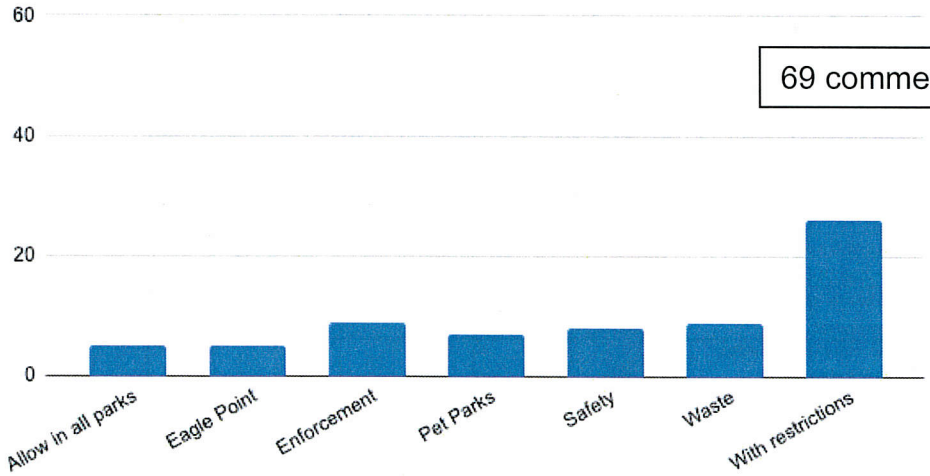
Survey Results



Comments from: "Yes, I agree with proposed ordinance change."



Comments from: "Yes, however I would recommend changes to the proposed ordinance."



Comments from: "No, I disagree with proposed ordinance change."

History

The Commission first began working on a change to the pets in parks ordinance in 2012. A full timeline of Commission and City Council actions relating to the pets in parks ordinance proposals can be found on pages 75-84 of the Pet-Friendly Assessment. The timeline also includes links to the corresponding minutes from the meetings.

A summary of previous public input sessions held, survey results through the years, and various other polls regarding allowing pets in designated city parks is below:

Data Source	For Pets in Parks	Against Pets in Parks	Percentage
Total comments received by the City of Dubuque through 2015 (website, email, petitions, public sessions, phone calls, and letters)	203	84	73% for
Petition Signatures, Received by 3-16-2013	1,750	1,050	63% for
Petition Signatures, Received by 1-10-2015	2,019	1,057	66% for

Telegraph-Herald Online Poll, December 2014	62	38	62% for

While there is a lot of history to read through, the most important item to note is this has been an ongoing matter for the past eight years. The proposed ordinance survey and public input meeting results indicate community support continues to be in line with the historic trend.

In the past eight years, the Commission has recommended a change to the ordinance twice, and it has failed at City Council for a variety of reasons. The Commission, along with the Pet-Friendly Work Group, has been working on these concerns we have heard in the past from City Council as well as concerns we have received from the community through the assessment and surveys. In the following section, we will discuss common concerns we have received and viable solutions.

Discussion
The majority of the concerns received regarding allowing leashed dogs and cats in parks can be summarized into several different categories: signage and waste disposal, education, enforcement, fear, safety, nuisance concerns related to leashed dogs and cats, and support of pet parks as an alternative.

The Pet-Friendly Work Group discussed these issues, both during the process of developing the ordinance change as well as considering the comments returned from the community. The following points have been discussed as areas of focus to help address these concerns:

1. Appropriate signage and waste bags/disposal stations would be needed. These items represent the financial and logistical parts of the ordinance change, should it be adopted.
    a. Designs and costs of various signs and waste stations have been reviewed by the Work Group.
    b. Work Group members have made maps of the various parks in Dubuque with suggested locations for waste stations.
    c. Cost of these items can be mitigated by:
        i. Use of funds already set aside in the budget to explore another pet park.
        ii. Business sponsors have expressed interest for financial support of these items. The Work Group can discuss ways to more formally proceed with these donations should the ordinance pass.
    d. The Park and Recreation Commission recommends and encourages the funding for signage and pet waste stations. The Work Group reviewed the possibility of reallocating the current funding for planning a new pet park to be used for signage and pet waste stations. We support this reallocation for FY 2020 and allowing for additional signage and pet waste stations as needed in funding for FY 2021.
    e. We recommend the ordinance go in effect July 1st, 2020.

2. Education represents a large area of opportunity to mitigate many of these concerns.
    a. As mentioned above, clear signage including ways to easily access the ordinance, would be a priority.
    b. Two-By-Two, a local educational program that all Dubuque 2nd graders participate in, provides character-building lessons that include responsible pet ownership and engagement.
    c. The BE AWARE program that is in development by Robin MacFarlane of That's My Dog! provides an engaging and direct opportunity to teach responsible pet ownership and how pet owning and non-pet owning

citizens can interact safely. Documents and lessons for this program are available for review and discussion. Distribution of the information from this program involves trained volunteers.

3. Enforcement concerns were discussed along with ways citizens could assist with enforcement. Review of needs regarding animal control enforcement in general will be continued by city staff in the Health, Police, and Leisure Services Departments.

4. To accommodate public concerns, a number of parks and specific areas located throughout the City have been designated pet-free.

5. The Pet-Friendly Work Group will continue to discuss the issue of pet parks as well. Off-leash pet parks have different reach and implications than the current focus of leashed dogs and cats in parks.

Conclusion

This ordinance change is supported by the community, which is evident from the public engagement process and survey. Dubuque has had a trial run of allowing leashed pets in at least eight different areas for the past six-and-a-half years with minimal issues as noted in the Pet-Friendly City Assessment. The Pet-Friendly Work Group, as formed by the City Council, and the Commission will continue to work on concerns from the community through public awareness and education should the ordinance proposal pass.

We believe, as a Commission, allowing leashed dogs and cats in designated city parks will enhance the Dubuque experience and allow Dubuque to become a more inclusive city for pet owners. We recommend the City Council pass the ordinance as presented and that it becomes effective July 1st, 2020.

Respectfully submitted, Rebecca Kuhle, Chairperson

SUBJECT: Information Related to Proposed Pets in Parks Ordinance Changes

DATE: **February 24, 2020**

INTRODUCTION

The purpose of this memorandum is to provide information for the City Council related to the proposed pets in parks ordinance changes.

BACKGROUND

The City Council at their 2018 goal setting session adopted Pet-Friendly Community: Policy Direction and Actions as a 2018-20 Policy Agenda High Priority. The guidance from the Council included that this would not be only about pets in parks but would engage partners in how we could become a more pet-friendly community.

At the November 19, 2018 City Council meeting the City Council approved a process to create a Pet-Friendly Community Action Plan. The first step was to establish the members of the Pet-Friendly Work Group as outlined at that meeting.

The Work Group members are as follows:
Cori Burbach, Assistant City Manager (Co-Facilitator of Work Group)
Jeremy Jensen, Assistant Police Chief (Co-Facilitator of Work Group)
Laura Carstens, Planning Services Manager
Steve Fehsal, Parks Division Manager
Marie Ware, Leisure Services Manager
Mary Rose Corrigan, Public Health Specialist
Amanda Shaffer, Dubuque Humane Society Representative
Rebecca Kuhle, Parks and Recreation Commission Representative
Lisa Johnson, Friendly Intelligent Dog Owners (FIDO) Representative
Marianne Kirkendall, Pet Business Representative (Colonial Terrace Vet)
Paul Hoffmann, Community Representative
Robin MacFarlane, Pet Business Representative (That's My Dog)

Alternates:
Mallory Schmid, Friendly Intelligent Dog Owners (FIDO) Alternate

Ray Werner, Parks and Recreation Commission Representative Alternate
Jennifer Tigges, Parks and Recreation Commission Representative Alternate #2
Cori Burbach left the committee in June of 2019 and Marie Ware was designated as Cori's replacement for Co-Facilitator of Work Group.

The Work Group, once established set guiding principles and ground rules, created a shared understanding of definitions and established timing. The action plan approved by Council anticipated that data collection and assessment completion could take six-nine months to complete. The first identified deliverable of the Work Group was to complete the Pet-Friendly Community Assessment.

The Work Group met biweekly to review information, facts and data, listen to presentations, review drafts, work on the community survey, call a sampling of landlords and research information. The Pet-Friendly Community Assessment is the compilation of that work and was recommended on July 16, 2019 by the Parks and Recreation Commission that the City Council receive and file the assessment. The assessment was received and filed by City Council on July 28, 2019. The Assessment is attached to this action item.

DISCUSSION

The Park and Recreation Commission at their August 2019 meeting began the process of proposing an ordinance change to allow pets in most City parks. The process included public engagement, involvement and feedback from the Pet-Friendly Work Group. The Commission drafted a proposed ordinance to allow pets in parks. The Park and Recreation Commission and the Pet-Friendly Work Group then reviewed a draft proposed ordinance that was prepared by the City Attorney's Office in December of 2019. Once reviewed and recommended for approval, the commission began the public engagement related to the proposed ordinance change.

A survey was created by the Park and Recreation Commission to determine if the public was in favor of the proposed ordinance, in favor with recommended changes, not in favor, or indifferent and asked for comments. The survey was posted on-line, and paper surveys were available at the Carnegie Stout Library, Multicultural Family Center and the Leisure Services Administrative Office. City staff added the information to the Pet Friendly Community webpage on the City's website, www.cityofdubuque.org/Pet-Friendly-Community. Press releases, news flashes and social media posts were also posted to notify the public about the survey. The public was advised to call Rebecca Kuhle, Chairperson of the Park and Recreation Commission with any questions related to the survey. The survey was available from January 2, 2020 through January 17, 2020. The survey was filled out by 607 individuals via online and paper surveys.

The Park and Recreation Commission also held a two-hour Special Meeting on January 14, 2020 at the City Council Chambers to take public input related to the proposed ordinance change. Approximately 50 people attended the meeting with about 30 voicing their opinions. A compilation of the public meeting input, surveys, phone calls,

WebQA Citizen Request system, emails, letters and any other form of input is attached to this action item.

Community and commission members asked questions related to the liability of the City during the public input meeting. Questions included: Can someone sue the City if they get bit by a dog? How is the City protected if a dog bites someone in a City park? What if a dog knocks over an elderly person or small child in a park? City Attorney Crenna Brumwell shared three statutory exemptions that would apply.

> **670.4 Claims exempted.**
> 1. The liability imposed by section 670.2 shall have no application to any claim enumerated in this section. As to any such claim, a municipality shall be liable only to the extent liability may be imposed by the express statute dealing with such claims and, in the absence of such express statute, the municipality shall be immune from liability.
>
> > **c. Any claim based upon an act or omission of an officer or employee of the municipality, exercising due care, in the execution of a statute, ordinance, or regulation whether the statute, ordinance or regulation is valid, or based upon the exercise or performance or the failure to exercise or perform a discretionary function or duty on the part of the municipality or an officer or employee of the municipality, whether or not the discretion is abused.**
> >
> > **j. Any claim based upon an act or omission of an officer or employee of the municipality, whether by issuance of permit, inspection, investigation, or otherwise, and whether the statute, ordinance, or regulation is valid, if the damage was caused by a third party, event, or property not under the supervision or control of the municipality, unless the act or omission of the officer or employee constitutes actual malice or a criminal offense.**
> >
> > **o. Any claim for injuries or damages based upon or arising out of an act or omission of an officer or employee of the municipality or the municipality's governing body and arising out of a recreational activity occurring on public property where the claimed injuries or damages resulted from the normal and expected risks inherent in the recreational activity and the person engaging in the recreational activity was voluntarily on the public property where the injuries or damages occurred and knew or reasonably should have known that the recreational activity created a substantial risk of injuries or damages.**

The Pet-Friendly Work Group has remained very involved during the process. The survey results were reviewed by the Work Group as well as the ordinance changes. The Work Group provided input and feedback to the Parks and Recreation Commission.

The Work Group provided a letter regarding this ordinance change that is a part of the action item and was shared with the Commission prior to their action.

The Pet-Friendly Work Group has continued to work on other agenda items including public education. Robin MacFarlane, owner of That's My Dog, has created an educational campaign called Be Aware. This provides education on how to teach responsible pet ownership and how pet owners and non-pet owners can interact safely. She is working with City staff on an agreement to share her campaign program and materials.

Two by Two, a nonprofit group also spoke about pets at the December 2019 Pet-Friendly Work Group meeting. Two by Two is a 5-week program presented to all Dubuque public and parochial second graders. The program labeled Kindhearted Kids teaches students about responsible pet ownership. Two by Two is very interested in partnering for a more Pet-Friendly Dubuque Community. Two by Two information is attached to this action item.

The Pet-Friendly Work Group has worked on potential locations for additional pet waste stations and drinking fountains in specific parks. Signage is also a priority of the Work Group. They continue to discuss the issues of pet parks and discussed working with the organizers of the summer Farmer's Market to coordinate polices as it relates to pets.

The proposed draft ordinance and all input received was discussed at the February 11, 2020 Park and Recreation Commission meeting. The discussion included whether there needs to be changes to the proposed ordinance based on feedback from the survey, public input, and the Pet-Friendly Work Group. The timeline for when this ordinance should take affect was considered as it relates to funding, signage, education, staff time and costs for implementation of ordinance if it is approved as proposed.

The Park and Recreation Commission is recommending that the current ordinance 10-5B-4:DOGS, CATS AND OTHER DOMESTIC ANIMALS be updated to the proposed ordinance 10-5B-4: DOGS AND CATS to allow leashed pets in the majority of city parks. Ordinance 10-5B-1: DEFINITIONS would also need to be updated to reflect the ordinance change. The resolution and ordinance changes recommended by the Parks and Recreation Commission are attached to this action item as well as a letter from the Commission to the City Council.

The Park and Recreation Commission is unanimously recommending that the ordinance go into effect on July 1, 2020. This will allow time for budget requests to be considered for the current and FY 21 budget cycle. It also allows for time to begin the education campaign as well as install appropriate signs and begin public education of a change if adopted.

BUDGET IMPACT

Should the City Council wish to move forward with the ordinance change, funding is needed for new signage at park and trail locations. Old no pets signs will need to be

removed. Staff time is required to complete this process. Pet waste stations could also be installed in specific parks using the input of the Work Group for these locations.

Funding was approved in the FY19 budget to begin the planning process for developing a second dog park in the community. The amount approved was $20,000 for planning (CIP #3502737 62716). There is no additional funding in the FY20 budget or in the proposed FY21-25 CIP budget for construction of a second dog park. The planning money would not be useful without the construction money. The current funding for the planning of the dog park could be used to fund signage and pet waste stations if the proposed ordinance change is approved by City Council. The Pet-Friendly Work Group and the Park and Recreation Commission reviewed this possibility of change of use of funds and they were supportive of this use if an ordinance change was to be approved.

An improvement level package for $15,000 is also proposed in the FY 21 Park Division budget that the Council is considering in the coming month. This improvement level request is for the addition of pet friendly amenities throughout the City. This would include amenities such as pet waste stations, and educational signage and materials. Costs include purchase and installation of these amenities as well pet waste bags. These costs do not include staff time that will be needed to maintain and restock waste stations with bags as needed. That would become a duty of current staff. Additionally, it should be noted that Park Division staff would not be available to pick up pet waste should a citizen call and report pet waste in parks or public areas. The Division staff does not have additional hours to monitor, police and pick up pet waste should that happen.

An improvement package is also being proposed in the FY 21 budget in the Health Services Department to take a part time Animal Control Officer from part-time to full-time.

CONCLUSION

This memo is for informational purposes only as well as share a potential funding source for signage and pet waste stations should the City Council wish to approve the ordinance change being proposed by the Parks and Recreation Commission.

10-5B-1: DEFINITIONS:

As used in this article, the following terms shall have the following meanings:

AT LARGE: Any dog, cat or livestock, fowl or ferret found off the premises of the owner or keeper.

CAT: Both male and female animals in the family Felis catus whether neutered or not.

CITY MANAGER: City Manager or City Manager's designee.

COMMISSION OR THE COMMISSION: The Park and Recreation Advisory Commission.

DOG: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.

DOMESTICATED ANIMAL: An animal commonly referred to as a bovine, swine, sheep, goat, domesticated deer, llama, poultry, rabbit, horse, pony, mule, jenny, donkey, or hinny.

KEEPER: A person other than the owner keeping, sheltering, having control or custody of or harboring an animal.

LEISURE SERVICES MANAGER: Leisure Services Manager or Leisure Services Manager's designee.

MULTIPURPOSE USE TRAIL OR TRAILS: A hardened trail of asphalt, concrete or other impervious surface, typically ten feet (10') to twelve feet (12') wide and physically separated from the motorized vehicular traffic by an open space or barrier and either within highway public right-of-way or private property within an independent alignment for use by pedestrians, skaters, joggers, bicyclists, and City maintenance vehicles.

OPEN SPACES: Available to the public for passive recreational use in and adjacent to the City, which are under the responsibility of the commission.

OWNER: A person owning a cat, dog, or other animal.

PARKS OR PARKWAYS: Parks, parkways, buildings, park roads or driveways, and all public service facilities or grounds, buildings and structures in and adjacent to the City, which are under the responsibility of the commission. (Ord. 42-13, 8-5-2013)

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:

A. Animals Prohibited: No person shall be permitted to bring into any park, parkway, trail, or open space, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animal to run at large in any park, parkway, trail, or open space. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.

B. Leashed Dogs And Cats Allowed In Certain Parks And Areas:

1. Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following:

A.Y. McDonald Park
Bee Branch Creek Greenway
Granger Creek Nature Trail
Heritage Trail
Jaycee Trail
John G. Bergfeld Recreation Area
Medical Associates Greenbelt Park
Miller-Riverview Park
Northwest Arterial Trail
Port of Dubuque Marina
Port of Dubuque Riverwalk Trail
Powerline Trail
Pyatigorsk Park
Southern Levy Trail

2. Leashed dogs and cats as allowed in subsection B1 of this section are subject to and must comply with the provisions of title 7, chapter 6 of this Code.

3. The owner or keeper must pick up and dispose of or take away the dog or cat's waste.

4. The owner or keeper is responsible for the actions of the dog or cat.

C. Unleashed Pets Allowed in Pet Park: Unleashed pets shall be permitted in the pet park.

D. Exceptions: This section does not apply to:

1. Service animals used by persons with disabilities;

2. As part of an approved and permitted special event under chapter 4 of this title;

3. Animals which are part of the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park; and

4. Animals within Eagle Point Park, Murphy Park and Flora Park which are confined to an automobile, camper, motor home (aka recreational vehicle), or other similar conveyance during the entirety of their time within the designated park(s), parkway(s), trail(s), or open space(s). (Ord. 23-17, 5-15-2017)

ORDINANCE NO. _____ - 20

AMENDING CITY OF DUBUQUE CODE OF ORDINANCES TITLE 10 PUBLIC WAYS AND PROPERTY, CHAPTER 5 PARKS AND RECREATION, ARTICLE B USE REGULATIONS BY REPEALING SECTION 10-5B-4 DOGS, CATS AND OTHER DOMESTIC ANIMALS AND ADOPTING A NEW SECTION 10-5B-4 DOGS AND CATS IN LIEU THEREOF

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. Section 10-5B-4 of the City of Dubuque Code of Ordinances is hereby repealed and the following adopted in lieu thereof:

10-5B-4: DOGS AND CATS:

A. Dogs and Cats Permitted: Leashed dogs and cats are permitted in parks, parkways, trails, or open spaces. Any unleashed or unattended animal in a park, parkway, trail, or open space may be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.

B. Dogs and Cats Prohibited: Notwithstanding Section A, dogs and cats are prohibited in the following parks, parkways, trails, and open spaces or areas of parks, parkways, trails, and open spaces:

1. Bunker Hill golf course

2. Marshall Park and Dubuque Arboretum and Botanical Gardens

3. Nicholas J. Sutton Swimming Pool

4. Flora Park Swimming Pool

5. The Veterans Memorial Plaza within the Gerald “Red” McAleece Park and Recreation Complex

6. Fenced-in sporting areas, including, but not limited to, courts, fields, rinks, arenas, and skate parks

7. Buildings or facilities within parks which are listed on the National Register of Historic Places

8. On playground and recreational areas designed for use by children

9. Where a prohibitory sign is posted

C. Exceptions: The prohibitions in Section B do not apply to:

1. Service animals used by persons with disabilities.

2. Animals present as part of an approved and permitted special event under Chapter 4 of this Title.

3. Animals which are part of the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park.

4. Animals confined to an automobile, camper, motor home (a.k.a. recreational vehicle), or other similar conveyance during the entirety of their time within Marshall Park and Dubuque Arboretum and Botanical Gardens so long as the owner is compliant with the state code related to the safety and health of the animal.

D. Animal Control Ordinance Compliance: Leashed dogs and cats are subject to and must comply with the provisions of title 7, chapter 6 of this Code.

E. Waste Disposal: The owner or keeper must pick up and dispose of or take away the dog or cat's waste.

F. Liability: The owner or keeper is responsible for the actions of its dogs and cats.

G. Unleashed Dogs Allowed: Unleashed dogs shall be permitted in the following areas:

1. Pet Park.

2. John G. Bergfeld Recreation Area ponds, but only when an owner or keeper is working or exercising a dog by tossing a retrieval dummy or other object into a pond for out-and-back exercise. At all other times the dog must be leashed.

Section 2. This Ordinance takes effect July 1, 2020.

Passed, approved, and adopted the ____ day of _____, 2020.

BACKGROUND

PET-FRIENDLY COMMUNITY CITY COUNCIL PRIORITY

At the 2018 goal setting session, The City Council adopted the Pet-Friendly Community: Policy Direction and Actions as a Policy Agenda High Priority. The guidance from the Council included that this would not be only about pets in parks but would engage partners in how we could become a more pet-friendly community. According to Iowa Code Chapter 717E, "pet" means a living animal which is limited to a dog, cat, or an animal normally maintained in a small tank or cage in or near a residence, including but not limited to a rabbit, gerbil, hamster, mouse, parrot, canary, mynah, finch, tropical fish, goldfish, snake, turtle, gecko, or iguana.

IMAGINE DUBUQUE 2037: A CALL TO ACTION, 2017 COMPREHENSIVE PLAN

Dog-friendliness: Making Dubuque "dog friendly" is an important consideration in helping the City's appeal as a socially vibrant and desirable place to live. While public management in the past typically confined canine issues to enforcement of the municipal code around public health, animal control, and leash laws today, "dog friendliness" and dog infrastructure are part of a socially vibrant city. As noted on the Travel Dubuque website, dogs are part and parcel of family life for locals and travelers alike, and the ability to walk to "dog friendly" recreation areas is increasingly seen as an expected part of a municipal recreation system. Dog parks (i.e. fully fenced off-leash areas with water and trash services where dogs may run freely) are an expected feature of any community that purports to attract millennials; at present, the City has only the Pet Park adjacent to Bunker Hill Golf Course. The need to revisit limits on dogs in public parks, and to provide park infrastructure, was emphasized in the public engagement process.

This Comprehensive Plan also contained these recommendations related to pet-friendly community.

• Re-evaluate the Parks and Recreation Plan, potentially through a strategic update or addendum, to identify opportunities to provide flexible, programmable space; improve active recreation connectivity in neighborhoods; and enhance Dubuque's "dog-friendliness."
• Evaluate and revise, as appropriate, the dog-related policies for all of Dubuque's park and recreation facilities.

TOOLS USED IN ASSESSMENT

Mayor Roy Buol returned from the United States Conference of Mayors with a Playbook for Pet-Friendly Cities (https://www.bettercitiesforpets.com/wp-content/uploads/2019/01/Mars-Petcare-Playbook-For-Pet-Friendly-Cities-2019-LR.pdf), Pet-Friendly City Assessment(https://www.marspetnutrition.us/pet-friendly-city-assessment/), Pet-Friendly How-To Guide (http://www.usmayors.org/wp-content/uploads/2017/06/FINAL_USCM_HowToGuide_PRINT-sm.pdf) , and 12 Traits of

Friendly Cities. This information was used as the basis for this assessment and document as well as a reference for potential best practices.

THE PROCESS

After the approval of an action plan process by the City Council at the November 19, 2018 City Council Meeting, representatives were selected/appointed by each of the groups/organizations out lined in the council memo. Those representatives are listed below. The work group met most every other week to review information, facts and data, listen to presentations, review drafts, work on the Community survey, and research information.

It was anticipated the data collection and assessment would take six to nine months to complete. The first identified deliverable of the work group was to complete the Pet-Friendly Community Assessment.

The work group used the U.S. Conference of Mayors Pet-Friendly City Assessment as their guide in developing this assessment of Dubuque.

The work group members are:

Cori Burbach, Assistant City Manager (Co-Facilitator of Work Group)
Jeremy Jensen, Assistant Police Chief (Co-Facilitator of Work Group)
Laura Carstens, Planning Services Manager
Steve Fehsal, Parks Division Manager
Marie Ware, Leisure Services Manager
Mary Rose Corrigan, Public Health Specialist
Laura Merrick, Dubuque Humane Society Representative
Rebecca Kuhle, Parks and Recreation Commission Representative
Lisa Johnson, Friendly Intelligent Dog Owners (FIDO) Representative
Marianne Kirkendall, Pet Business Representative (Colonial Terrace Vet)
Paul Hoffmann, Community Representative

Alternates:
Mallory Schmid, Friendly Intelligent Dog Owners (FIDO) Alternate
Ray Werner, Parks and Recreation Commission Representative Alternate
Jennifer Tigges, Parks and Recreation Commission Representative Alternate #2
Robin MacFarlane, Pet Business Representative (That's My Dog)

EXECUTIVE SUMMARY – Pet-Friendly Community Assessment

In 2018, the Dubuque City Council identified “pet-friendly community” as a high priority for assessment and action in future policy direction. The City has recognized that “pet friendliness,” and specifically “dog friendliness,” is an important consideration in the social and cultural fabric of a community and contributes to expectations of a vibrant and desirable place to live.

As part of this initiative, the City Council directed formation of a working group made up of city officials and representatives, businesses, and citizens. This group worked through an assessment tool called the “Better Cities for Better Pets” Program (https://www.marspetnutrition.us/pet-friendly-city-assessment/) which has been promoted by the US Conference of Mayors.

The following report represents the collaborative effort of this working group to amass information and statistics for review of this topic. The assessment looks at 4 foundational pillars of a pet-friendly community: Shelters, Homes, Parks and Businesses. This information is preceded by an in-depth City Profile section. A major part of this assessment also included a community survey based on these four foundational pillars. A summary of these results is included in the working group’s assessment of each section, and the full results are part of the appendix.

City Profile

- Dubuque has a population of 58,410 making up 23,934 households
- Using statistics by the American Veterinary Medical Association, it is estimated that 8,735 of those households own dogs and 7,883 households own cats.
- Over 10,000 pets are licensed in the city. Dubuque has a robust and successful (when compared to other communities) level of licensure for these pets.

Shelter Profile

An important aspect of pet-friendliness is the accessibility and quality of animal shelter and rescue services available.

- Animal shelters not only provide a safe place for lost or stray animals, but also a potential center for education on pet ownership.
- According to the assessment and survey results, the community has an overall positive image of the shelter services provided by the Dubuque Regional Humane Society.

Homes Profile

- A central part of promoting pet-friendliness is access to housing that allows for pets, both in the rental and owned properties.

- With regards to owned properties, developers need to consider aspects such as allowances for fencing, installation of sidewalks and walking trails (even in developments where the city does not require this), access to greenspace, and waterproof flooring materials.
- The pet-friendliness of rental housing in Dubuque was assessed by several means, notably a phone survey of a sampling of landlords in Dubuque regarding pet access, and by the results of the community survey.
- Overall, it was noted that pet-friendly housing options are limited in Dubuque.

Parks Profile

- Parks are an important aspect of pet-friendliness, particularly for dog owners. For proper care, dogs should have access to greenspace available several times a day.
- This need for frequent and regular use of outside spaces has the added benefit of promoting physical and social health. As citizens are more active and outside several times daily, there are more opportunities for interacting with neighbors and building social capital, for dog owners and non-owners.
- Dubuque has a large and diverse network of parks, trails, and greenspaces. Pets are restricted from most parks in Dubuque but can access trails and greenspaces.
- Ability to interact with dogs off-leash in a safe, contained, appropriately designed space helps foster training, exercise, and socialization interactions for dogs, helping to make them “better citizens.” There are two off-leash dog parks in Dubuque, one city-owned and one managed by the Dubuque Regional Humane Society.
- As part of this assessment, the top 15 population centers in Iowa were surveyed and assessed on park access for pets. It was found that Dubuque is the only community on this list that does not allow leashed pets to all public park spaces. [link to community park access table]

Businesses Profile

- The pet component of the economy is one of vigorous growth. According to the American Pet Products Association, the US Pet Industry is expected to top $75.38 billion dollars in 2019. Even during times of recession, the pet industry has continued to grow.
- In this evaluation, the working group looked at businesses that provide vet services, training services, boarding, and supplies. Additionally, pet access to restaurants and businesses was assessed. Only one restaurant has applied for a variance from the state code that prohibits pets in restaurants.
- The results of the community survey indicated there is significant room for growth in pet-related businesses, particularly boarding and grooming.

Pet-friendly Community Survey

- The community survey has been referenced several times in this document and provides key information about respondent's views regarding pet-friendliness in Dubuque. This survey was distributed to gather citizen responses to questions in all of the above categories. It was completed by 615 people. The full results and comments are available for your review.

The information in this analysis has shown that Dubuque has significant opportunities for growth in pet-friendly criteria. Members of this working group are available to discuss these issues further along with ideas for progress. We submit this document to the Dubuque Parks & Recreation Commission and the Dubuque City Council for their consideration.

CITY PROFILE

The City of Dubuque, Iowa, is located to the west of the Mississippi River with bridges connecting the infrastructure to Wisconsin and Illinois. First settled in 1833, this community has been enjoying a recent surge in growth due to its social and cultural opportunities, broadening economy, revitalization programs, environmental protection initiatives and high marks for livability. Dubuque has won an All-America City Award 5 times, most recently in 2019. [https://www.nationalcivicleague.org/america-city-award/]

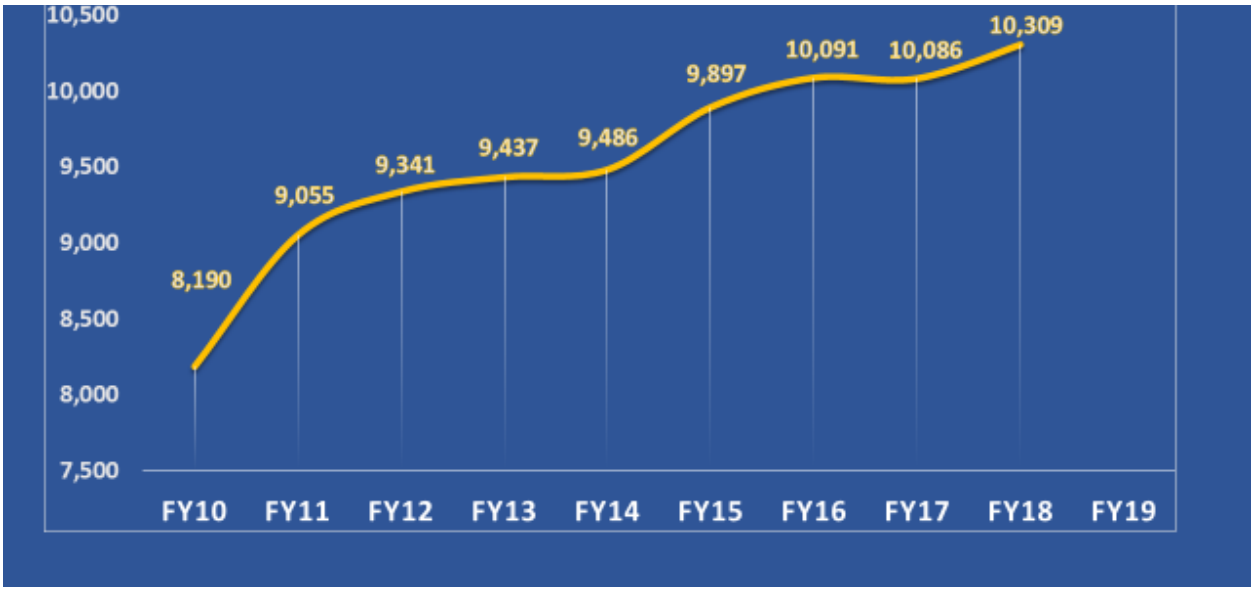
LICENSING INFORMATION

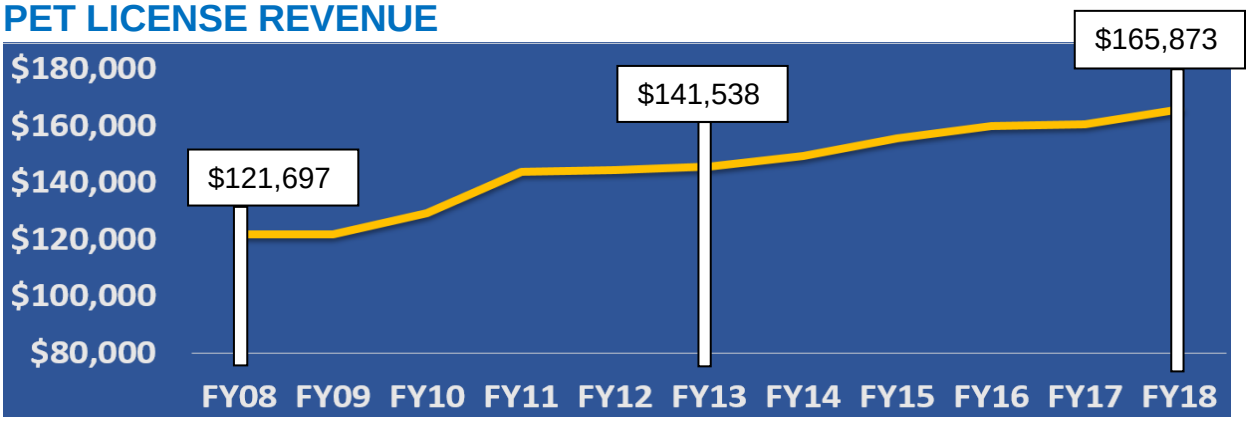
The City of Dubuque requires all dogs and cats to be licensed when they are six (6) months or older within 30 days of obtaining the animal. Annual license fees are $12 per year for spayed and neutered for each pet and $30 for not spayed/neutered pet. Annual pet license renewal reminders are sent at least one month prior to renewal dates with a following post card reminder.

PET LICENSE STATISTICS BY YEAR



Since 2007, the City has outsourced pet license sales. The Health Services Department researched various software packages for pet licensing, and ultimately contracted with PetData, a firm whose only function is to provide full-service pet licensing to communities. Since contracting with PetData in 2007, license revenue has increased by 31% and the number of licenses sold has increased 26%.

PET LICENSE REVENUE



WHY THE CITY OF DUBUQUE USES PETDATA?

The Health Services Department investigated outsourcing pet license sales in 2007 due to the incredibly time consuming, cumbersome, and often inefficient system used. The City's pet licensing database was housed through the Information Services Department's Pentamation system, primarily administered by the City Clerk's Office and also utilized and updated by the Health Services Department. The Health Services Department also entered all animal rabies certificates into the database; which are supplied by local veterinarians as required by the City Ordinance. Since Pentamation was primarily a finance software system, it was tailored to track and issue pet licenses, but was cumbersome at best.

The Health Services Department researched various software packages for pet licensing, and also had discussions with PetData, a firm whose only function is to provide full-service pet licensing to communities.

- PetData's system enables the City to sell pet licenses year-round, instead of only the three-month time periods of January – March (for dogs) and July – September (for cats). Selling licenses year-round, with renewals on the date of purchase, does not penalize citizens buying licenses for their dogs in, for example, November or December when they have to turn around and buy a new one sometime between January – March. Licenses can also be able to be purchased online and via credit and/or debit card with PetData.
- Partly due to the amount of workload required for inputting pet license data, the City Clerk proposed adding a part-time secretary beginning January 1, 2008. This position was no longer necessary by utilizing PetData.
- In addition to staff time savings in the Clerk's office, Health Services and Information Services Departments staff do not have to maintain a pet licensing software system.
- Local veterinarians can send rabies information directly to PetData, eliminating the data entry step performed by City staff.
- To date, license revenue is increased by 31% and the number of licenses sold has increased 26%. This revenue helps pay for the animal control activity.

The City evaluates PetData upon contract renewal which occurs approximately every 2 years.

DUBUQUE ANIMAL CONTROL LAWS AND RULES

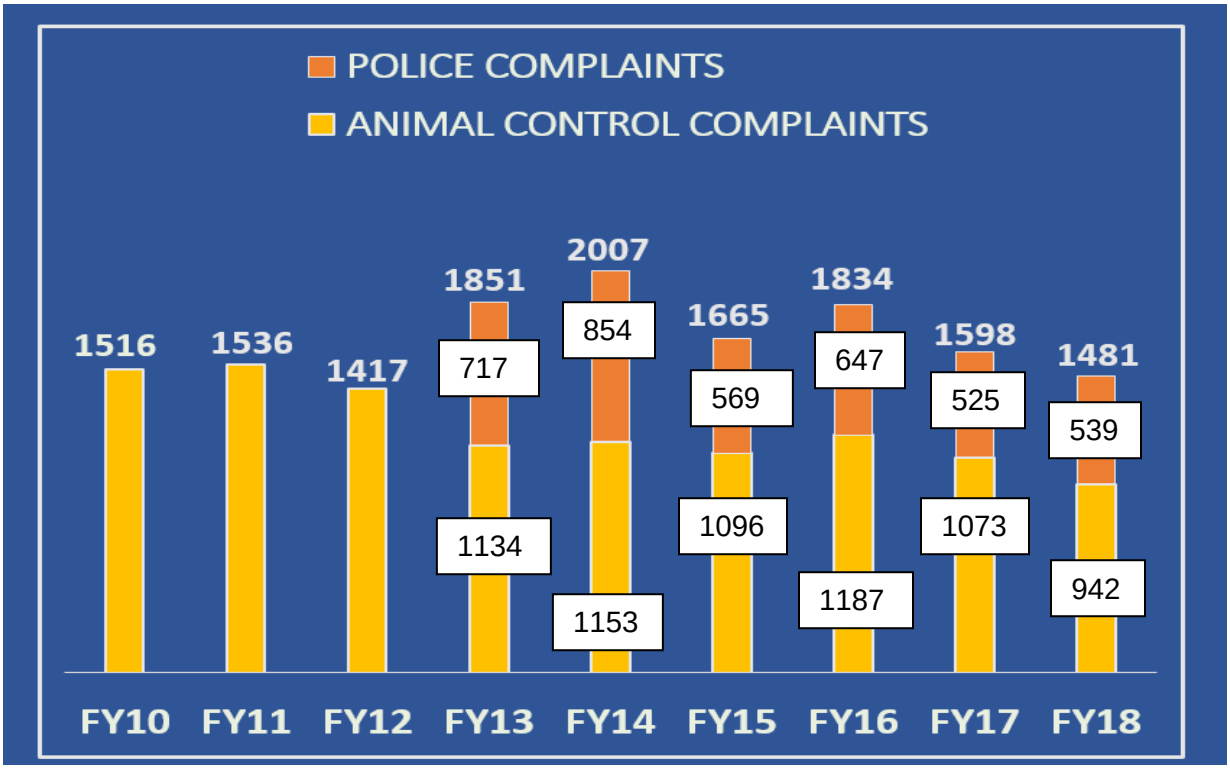
The City of Dubuque has an Animal Control Unit that is a part of the Health Department. Appendix B on pages 54 to 55 is a quick reference guide to Dubuque's Animal Control Rules and Laws. Appendix C on pages 56 to 69 is the Animal Control Ordinances and Appendix D on page 70 is the Parks Ordinance regarding dogs, cats, and other domestic animals.

ANIMAL CONTROL DUTIES

Animal Control enforces the City Animal Ordinance which provides for licensing of all cats and dogs, the prohibition of dogs and cats running at-large within the city, inoculation of all dogs and cats against rabies, investigation of animal bites and assurance of proper rabies confinement, prohibition of harboring a vicious or potentially vicious animal or dangerous animal and prohibition of animals causing serious disturbance or nuisance. Current Animal Control staffing levels do not allow time for community outreach and education on animal control and responsible pet ownership issues.

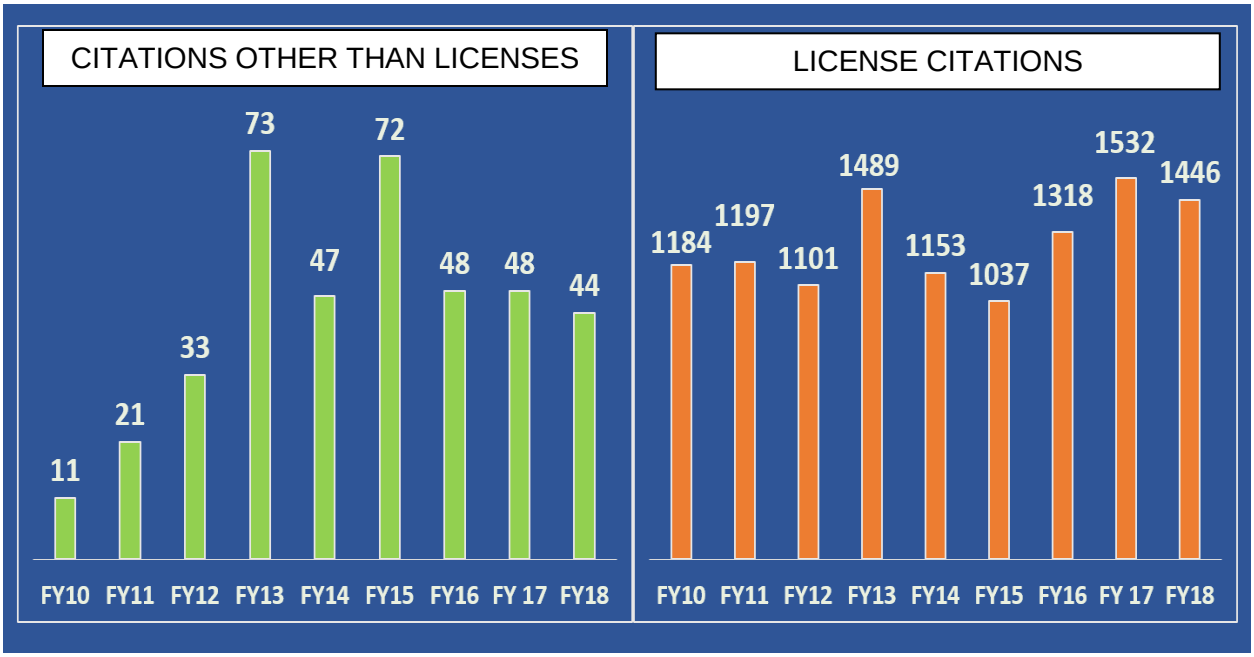
CITY/COMMUNITY ENFORCEMENT STATISTICS

ANIMAL CONTROL COMPLAINTS



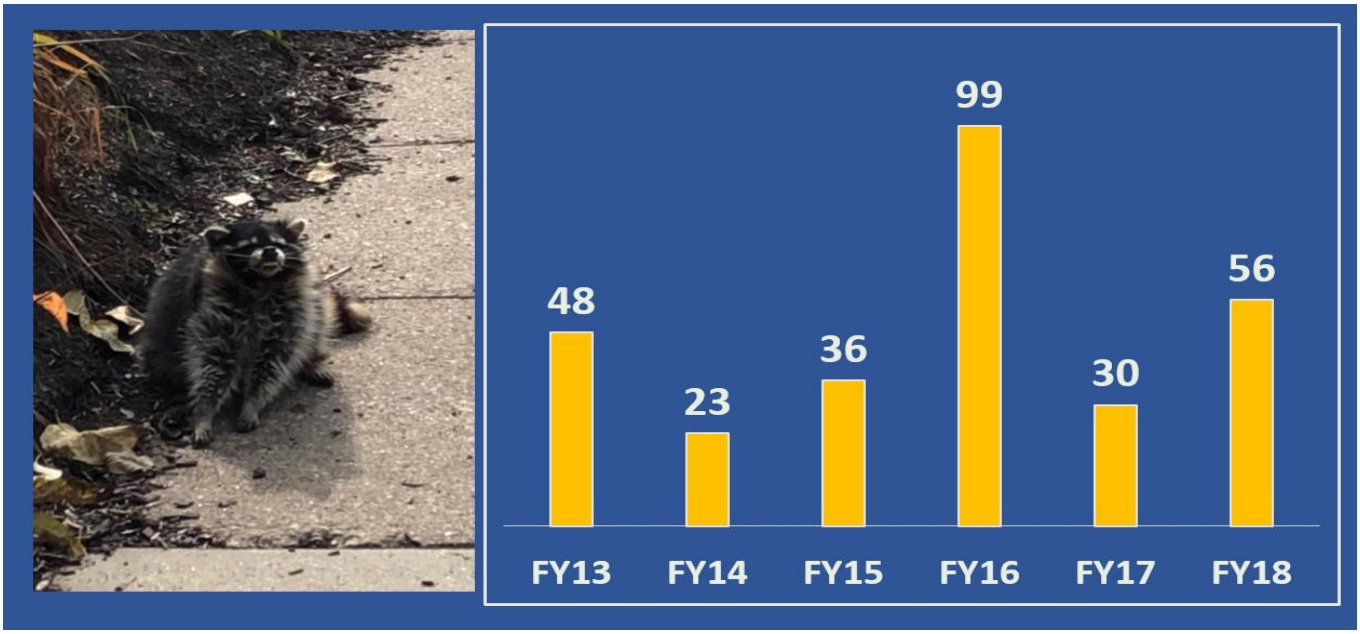
When Animal control is not on-duty (i.e., evenings, nights, weekends, holidays, training, etc.), Police cover animal emergencies and complaints. This amounts to significant time and expenditure for the Police Department, who are not as thoroughly trained in animal control.

ANIMAL CONTROL CITATIONS ISSUED

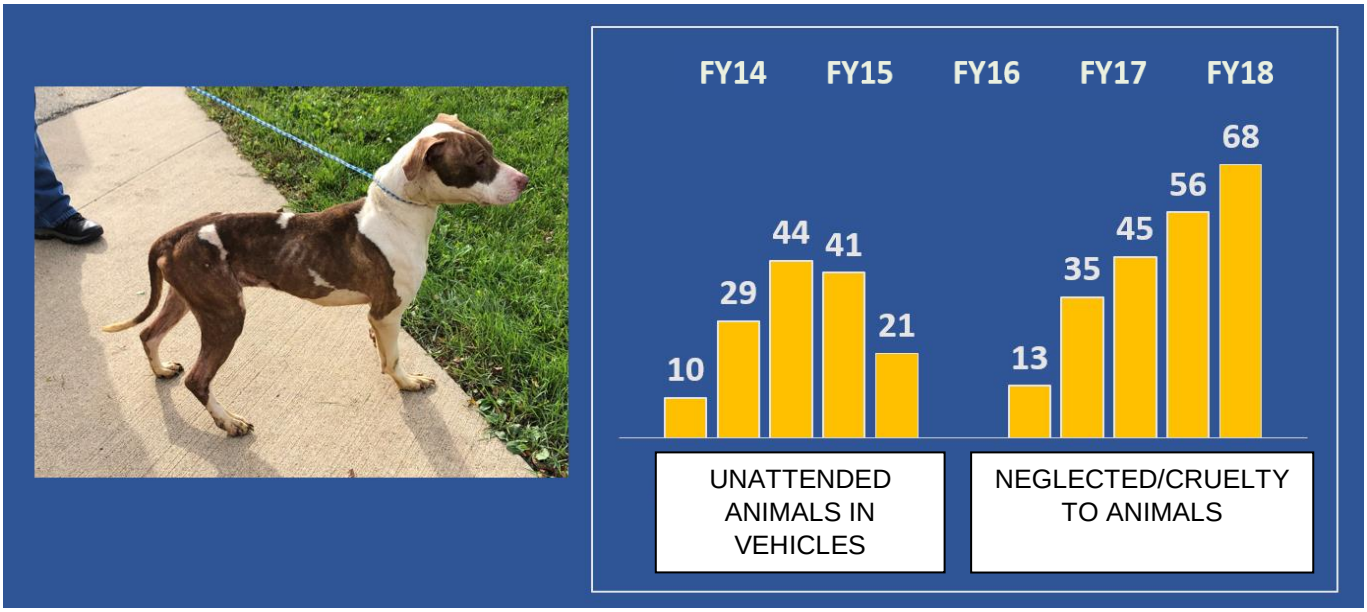


Citations other than licensing are issued for failure to vaccinate for rabies, running loose, failure to confine an animal that has bitten a person, improper waste disposal, harboring a vicious animal, improper restraint, failure to restrain, nuisance, keeping an animal in an unoccupied property, etc.

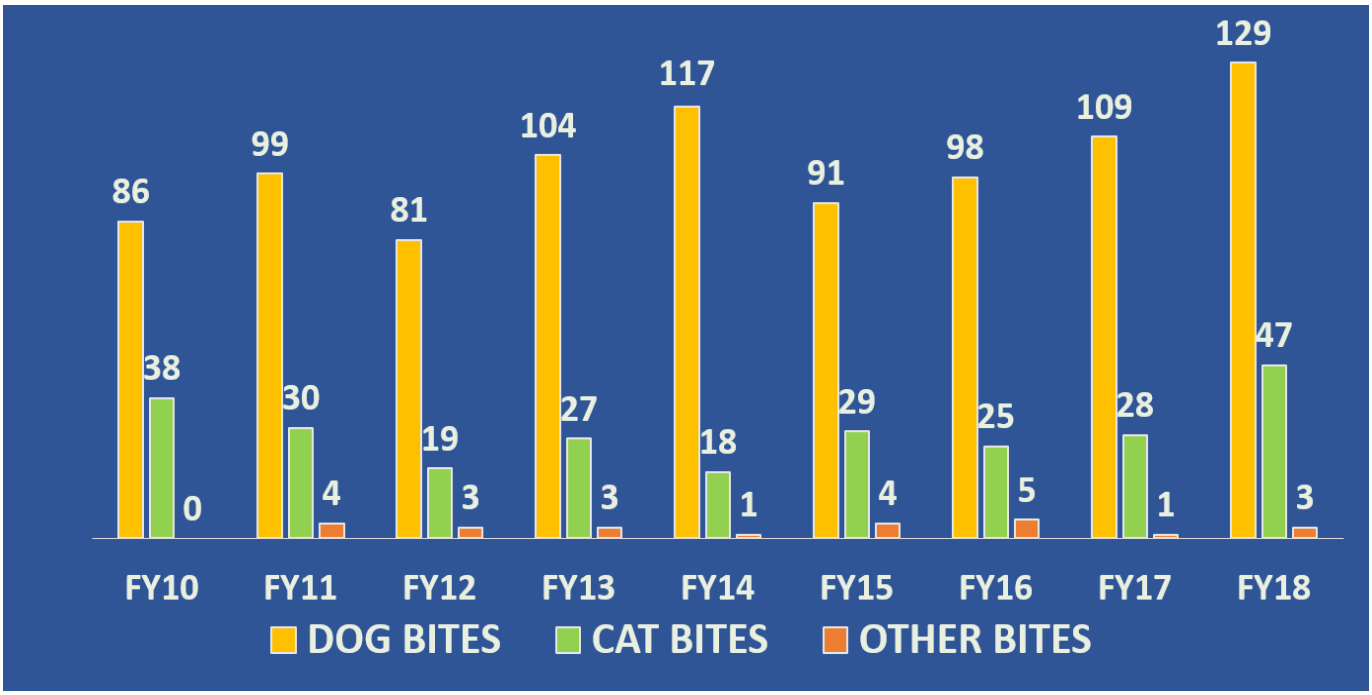
WILD ANIMAL COMPLAINTS



CRUELTY/NEGLECT VIOLATIONS AND INVESTIGATIONS



ANIMAL BITES



Note: Average number of bites each calendar year from 2006 to 2016 is 131. The average number of bites for 2017 and 2018 is 178, a 36% increase.

RESPONSIBLE PET OWNERSHIP

SURVEY SUMMARY

The Pet-friendly Community work group wanted to gain insights from the community related to the areas of the assessment including homes, shelters, businesses, and parks. Using the questions from the Better Cities for Pets Assessment as a starting point, a survey was developed and distributed online as well as in paper form. It was completed by 615 citizens over a three-week period from May 14 to June 7, 2019. The survey was advertised via media releases by the City of Dubuque to all media channels, published article in Telegraph Herald on May 17, 2019, flyers in pet businesses including Petco, PetSmart, and the Dubuque Regional Humane Society, paper surveys at the Carnegie Stout Public Library and by several media television including KWWL and radio interviews including KDTH Voice of the Tri-State. A flyer and survey was sent to all Pet-Friendly Work Group Committee Members to distribute via their networks. The City of Dubuque shared via social media including Facebook and Next Door. The survey was sent to the City of Dubuque Leadership team, to distribute to the city board and commission members. Complete results for each survey question are available in Appendix J on pages 85 to 97 as well as in table form under each pillar (Homes, Parks, Shelters, and Businesses).

Responses 1-4 are "Disagree" (red on bar graphs with 1 strongly disagree to 4 slightly disagree), 5 is "Neutral" (yellow), and 6-9 are "Agree" (green with 6 being slightly agree to 9 being strongly agree). N/A or Unknown is colored gray on the graphs.

When looking at the four main areas of Homes, Parks, Shelters, and Businesses, the results showed:

- The responses for Shelters were the most positive of the four areas surveyed.
- The responses for Parks reflected the most negative of the four areas surveyed.
- Citizen's indicated that pet needs are not included in green space, park, and city planning.
- Respondents felt that pet-friendly housing options were limited and amenities such as relief areas, hydration stations, and green space are not available.
- Restaurants and retailers are not perceived as pet-friendly by those completing this survey.

Parks

- Only 13% of respondents agree that our parks offer pet-friendly spaces and basic amenities or that our parks and public spaces have visible and accessible pet waste stations with free waste bags and trash receptacles.

- Approximately 78% of respondents disagree that pet-friendly parks and public spaces are located throughout our city and 82% disagree that green space planning includes consideration for pets (on- or off-leash).

Homes

- Greater than 75% of respondents disagree that rental and residential communities provide pet relief areas with waste bags and hydration stations, or that these communities have pet-friendly green space within walking distance.

- Over 80% of people responding disagreed that most rental housing allow common household pets.

Shelters

- Approximately 84% of respondents agree that the Dubuque Regional Humane Society has adoptable pets readily available for viewing and interaction.
- A large majority of respondents marked NA or Unknown for the questions regarding community cat programs.

Businesses

- Less than 10% of respondents agree that our city has restaurants that welcome pets or that our city has local ordinances that enable businesses and restaurants to welcome pets.

- More than 80% of survey respondents disagreed that retailers in our city welcome pets.

- Over 80% of respondents do not agree that our city promotes itself as pet-friendly or has plans to do so in the near future.

NOTE: All percentages were figured after subtracting NA/Unknown responses from total survey responses.

SHELTERS PROFILE

HAPPY PETS

RESPONSIBLE PET OWNERSHIP

SHELTERS PROFILE

The availability and accessibility to animal shelters in a community is important to pet-friendliness. Animal shelters not only provide a place for lost or stray pets to be cared for, but also a center for education about pet care and ownership. An educated pet-owning population is important to helping to maintain the health and safety of all community residents.

In the city of Dubuque, there is one animal shelter, the Dubuque Regional Humane Society.

The following was provided by Dubuque Regional Humane Society. The flyers on the following pages have statistics, stories, and services of DRHS. They were also provided by DRHS.

HUMANE
DUBUQUE REGIONAL
SOCIETY
COMMUNITY OF UNCONDITIONAL LOVE

DUBUQUE REGIONAL HUMANE SOCIETY (DRHS)

The Dubuque Regional Humane Society (DRHS) is so much more than an animal shelter. It is an animal resource center that delivers upon the mission of protecting and promoting the well-being of companion animals by building life-long bonds between pets and people through adoption, humane education, community outreach, and the prevention of cruelty. The DRHS operates as the largest open-admission no-kill animal shelter in the tri-state area providing critical medical and behavioral interventions and compassionate care for over 2,700 companion animals who are lost, abandoned, surrendered by owners, or rescued from neglect. This includes providing animal sheltering services for Dubuque (population 97,000), Jo Daviess (population 21,600), and Grant (population 52,000) counties spanning three states and five local municipalities (Asbury, Dubuque, Dyersville, Epworth, and Peosta). In addition to the animals we help locally, the DRHS is an in-demand transport destination campus for over 700 animals from overcrowded shelter and animal welfare agency relocation partners. Annually, the DRHS enriches the lives of over 2,300 community members with the addition of a companion animal adopted from our campus, as well as, reunites over 260 lost pets with the families that love them and welcomes over 12,000 visitors. We actively serve our community through other avenues such as providing numerous volunteering opportunities to be engaged in service (over 300 volunteers trained), offering character-building youth humane education programming to over 200 campers, students and youth groups, coordinating surrender appointments for over 250 owners, hosting a pet pantry for nearly 30 owners to aid with pet retention and facilitating a membership only dog park for over 60 members and their canine companions to enjoy extended periods of time at play and socialization year-round. Additionally, functioning as an animal resource center means we provide rehoming suggestions, behavior interventions guidance, and care recommendations to countless community members.

Being a successful animal resource center is not just about the work of the DRHS. It is also about the support of our community. A community that backs the mission and sets the

precedence of a cooperative commitment to creating pathways to new homes and brighter futures in the tri-state area and beyond for the animals at the DRHS. However, achieving and maintaining no-kill status means instituting additional programs are necessary as well as additional challenges. Hence, all our dogs and cats are microchipped in hopes that they are reunited with their families faster. We expanded our foster program for those animals that need a bit more TLC to thrive, and have been researching and implementing new training interventions (Dogs Playing for Life), environment techniques (decompression rooms) and innovative measures (working cat program) to open more adoption opportunities for the harder to place animals in care. Lastly, we have made the transition to be a breed free organization with the goal of helping people find a dog whose personality fits the adopter's lifestyle rather than depending on breed stereotypes.

HOURS:
Tuesday - Thursday: 11 AM to 5 PM
Friday: 11 AM to 7 PM
Saturday & Sunday: 11 AM to 5 PM
Monday: Closed

The DRHS is Here for the Animals Because of You.

Dedication to the animals we care for means we work on the guiding belief that companion animals deserve compassionate care, comfortable and safe harbor, and a permanent and loving home where they can thrive and be a beloved member of a family.

And We Are Here for You, Our Community, Too!

Commitment to you, our community, means we provide the services necessary to build families through adoption, cultivate character development through humane education, and foster the greater good through community outreach and the prevention of cruelty.

80¢

Nearly 80 CENTS of every dollar we raise is reinvested to provide care for thousands of animals on their journey home and services to our community.

WHAT IS SEASON OF PAWSIBILITIES?

Season of Pawsibilities is the Dubuque Regional Humane Society's (DRHS) annual appeal to build a community of unconditional love by connecting people and pets. This is achieved by engaging our community in raising much needed funds to create new pathways home for the animals at the DRHS, recruit new volunteers, and create greater awareness about the DRHS in our tri-state community.

Get Involved. Change Their Lives & Yours!

Give.
Unquestionably, financial support and in-kind gifts make a direct and profound difference in the lives of the animals at the DRHS.

Volunteer.
From students to retirees, computer geeks to animal lovers, every volunteer at the DRHS makes a valued impact.

Adopt.
Adopting not only saves lives but builds families, creates unconditional friendships and promotes the human-animal bond.

DRHS Stats

About the DRHS

The Dubuque Regional Humane Society (DRHS) is so much more than an animal shelter. It is an animal resource center that delivers upon the mission of protecting and promoting the well-being of companion animals by building life-long bonds between pets and people through adoption, humane education, community outreach, and the prevention of cruelty. Operating as a 501(c)3 non-profit, open admission, no-kill shelter the DRHS provides critical medical and behavioral interventions and compassionate care for over 2,500 animals annually that are lost, abandoned, surrendered by owners, or rescued from neglect. Our commitment to our mission, in tandem with our supportive community, creates new pathway to home and brighter futures for 100% of the safe, healthy, and treatable animals in our care.

ADOPTION PAWSIBILITIES

Going the Distance

"I look forward to the process of us growing together. I love him."
– Carly, Adopter

Carly, a student at Loras College, was visiting the Dubuque Regional Humane Society (DRHS) in search of a canine companion when she laid eyes on Oliver. At just two months old, Oliver was being carried into the DRHS after arriving on a transport from Arkansas. "I saw him and just fell in love," Carly recalls. While Carly's search to find Oliver was short, Oliver's road to her was long and hit a bump or two.

Oliver had been badly injured after being hit by a car. With two fractured bones in his forelimb and broken bones in his paw, he required a splint, pain management, antibiotics, time to heal, and lots of TLC. Once cleared to make the trip, Oliver journeyed 630 miles from an uncertain future at an overcrowded shelter to the DRHS. The DRHS has become a destination shelter that offers adoptable animals like Oliver their best chance at finding a new home and a forever family. Carly adopted Oliver as soon as he was available. She has big plans to enroll Oliver in obedience training and eventually certify him for visits to children's hospitals, however, for the time being, Oliver has settled quite comfortably into being Carly's copilot as they travel the road of life together.

ASPCA Original story by Anita Kelso Edson. Edited with permission from the ASPCA.

"Animal transport is a symbiotic partnership. While we're helping other animal welfare organizations, we're also meeting demands for companion animals in our tri-state region and beyond and achieving our goals of saving lives and building families."
– Amanda, DRHS Shelter Manager

FOSTER PAWSIBILITIES

Cat Burglar

Eliza, her mom, and sister actually adopted Roxy for themselves. However, her brother, who never wanted anything to do with animals took a liking to her, and Roxy is now his cat. Roxy is his constant companion always slumbering on his lap or near him. He's always playing with her and researching online all of the best ways to be a great cat parent. It is safe to say that Roxy stole his heart.

"Every single day my brother tells me new stories of what Roxy has been up to, and the crazy things she does that make him laugh. I think it's safe to say that my brother loves Roxy as his own fur child."
– Eliza, Adopter

"My wife and I foster kittens and cats and it's so rewarding when they get adopted. I feel like I actually helped them find their forever home."
–Jan, Volunteer and Foster Parent

DONOR PAWSIBILITIES

"Dogs have always been a part of my life. They have been my loyal friends, companions and great listeners. I have chosen to support the Dubuque Regional Humane Society because it rescues all kinds of animals, provides medical care, shelter, food and water, as well as, finds forever homes for them."
— Cheryl, Donor

This is what your gift can make PAWSIBLE!

Your gift to the DRHS is 100% tax deductible and directly supports our animals on their paths home; builds families in the tri-states and beyond; and promotes the life enhancing bonds between animals and people.

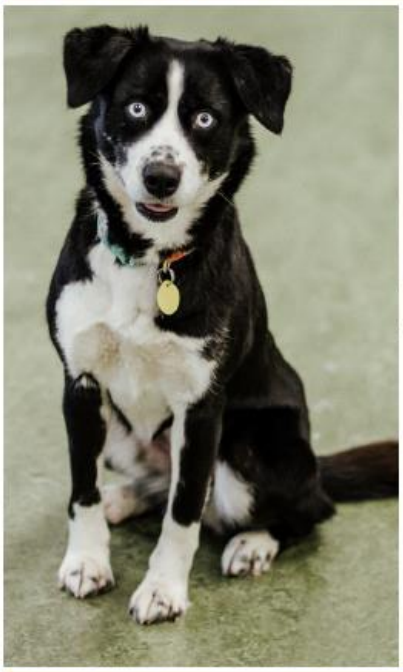
$2,500	**Reduces Pet Overpopulation** Grants spay/neuter surgery for 50 animals.
$1,000	**Creates Healthy Companions** Enables 200 animals to receive the rabies vaccination.
$500	**Delivers Compassionate Care** Sponsors a week of comfort and safety for 2 animals.
$250	**Provides Healing Procedures** Affords interventions that eliminate painful conditions for an animal in need.
$100	**Enriches Daily Life** Furnishes treats, toys, and activities for countless animals.
$25	**Reunites Families** Provides 4 animals with a microchip.

HOW TO GIVE!

Gifts can be made by sending in the attached response card or ONLINE at **dbqhumane.org** by clicking on the **DONATE** button.

NO-KILL

HUMANE SOCIETY



NO-KILL, OPEN ADMISSION SHELTER AT THE DRHS.

The Dubuque Regional Humane Society (DRHS) operates as a 501(c)(3) non-profit, open admission, no-kill shelter providing each animal in our care the best opportunity to be placed in a safe and loving home. We will never euthanize a healthy, treatable animal for lack of space, length of time, or any other reason that is not in the best interest of the animal. The DRHS continues to partner with residents to affirm the tri-state region is a compassionate, humane, no-kill community.

We meet and exceed the industry standards as advocated by Best Friends and Maddie's Fund to operate as a no-kill, open admission shelter. As part of the Best Friends and Maddie's Fund standards, the DRHS only euthanizes animals that are irremediably suffering, unhealthy, untreatable, and cannot be rehabilitated. The benchmark for achieving a no-kill status is saving at least 90% of the homeless animals the DRHS takes in. The DRHS has proudly held a no-kill status since 2017.

In addition to helping animals find permanent homes, the DRHS also has implemented programs to reduce the number of animals coming into the shelter and increase adoption rates.

Is the DRHS a no-kill shelter?

Yes! The DRHS places 100% of our safe, healthy treatable animals into safe and loving homes while maintaining an over 90% save rate. This is the most widely accepted definition of no-kill, as endorsed by Best Friends and Maddie's Fund.

Does no-kill mean no euthanasia?

No. Euthanasia is reserved solely for animals that are suffering from illness or injury with no chance at recovery or quality of life. It is also for animals with behaviors that make them a danger to the community. While these decisions are difficult, they provide the most compassionate outcome for these animals.

How do you determine which animals are euthanized?

The DRHS staff looks at each animal as an individual, assessing his or her situation and needs. This, in addition to determining the quality of life moving forward, aids our staff in making these tough decisions. We do not make generalizations about an animal due to its age, breed, illness, etc. It's truly about the individual animal.

What does open admission mean?

We will not turn away any stray animal due to its breed, age, temperament, etc.

RESPONSIBLE PET OWNERSHIP

HOMES PROFILE

Any pet-friendly community needs to have access for housing for people with pets. The National Association of Realtors recently conducted a study and presented a report entitled “Remodeling Impact: Animals in Homes.” [https://www.nar.realtor/research-and-statistics/research-reports/remodeling-impact-animals-in-homes]. This report highlighted the importance of pets in peoples’ home choices. Some key highlights:

- 81% of households say that animal-related considerations play a key role in deciding their next living situation.
- 61% of buyers who own animals say it is very difficult or difficult to find rental properties and homeowner associations that accommodates pets.
- 52% of homeowners undertook renovations to accommodate their pets.

The report cited several important home and subdivision considerations for pets including allowances for fencing, access to walking paths and greenspaces, and waterproof flooring materials in construction.

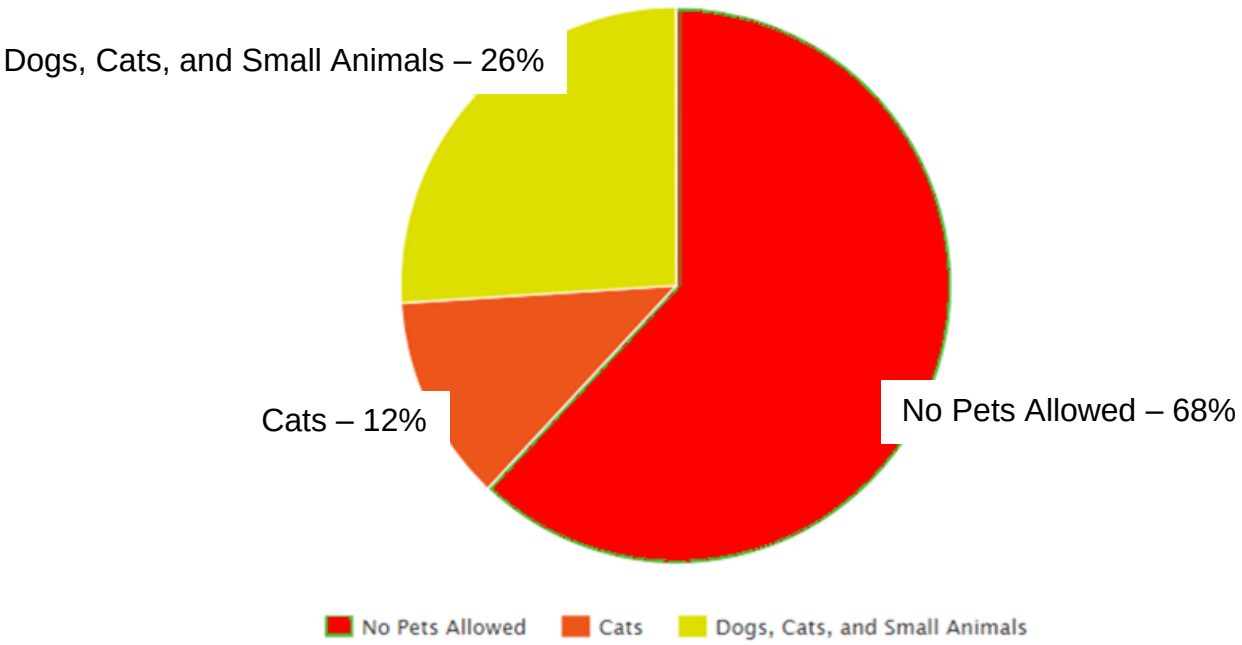
As part of this evaluation for pet-friendliness in Dubuque, landlords were also surveyed. Following is the information obtained from this evaluation:

SUMMARY OF LANDLORD CALLS CONDUCTED

Research was conducted on the pet-friendliness of rental housing. There are over 1800 landlords in Dubuque and over 10,000 rental units according to the Dubuque Housing and Community Development Department. Greater Dubuque Development Corporations (GDDC) rental housing list was used to conduct phone interviews with a representative sample of Dubuque landlords by Pet-Friendly Work Group members.

Greater Dubuque Development Corporation list included 33 properties of which 19 were interviewed.

Survey respondents represented approximately 1815 units in Dubuque, with the smallest landlord managing one unit and the largest operating “200-300”. One of these landlords manages 20 Air b-N-b units.



Additional Observations: 68% of responding landlords allow pets of some kind, but only 38% of total units surveyed do. Landlords with smaller numbers of units were more likely to allow pets. Of the 1815 total rental units surveyed, 38% allow pets or approximately 690 units.

Restrictions:
Of 13 landlords (68%) who said they allowed pets:

- 2 only allow cats
- 4 enforce some type of size restrictions
- 7 enforce breed restrictions
- 3 enforce total # of pet restrictions
- 1 does not allow puppies

Enforcement procedures:
Of the 13 landlords who said they allowed pets:

- 11 indicated they charged a higher rent and/or deposit
- 1 indicated they charged a higher fee for unit cleaning if needed
- 2 indicated they kept a “closer eye” on these units in some way

Amenities: One landlord indicated they had a pet relief area. Landlords of smaller properties indicated that most units had yards which the pets could use. No other landlords identified any additional pet-friendly amenities in their properties.

If you don’t allow pets, why not?

- Damage to units/yard (4)
- Irresponsible owners (4)
- Other renters object (3)

- Noise/smell (3)
- Picking up dog waste (2)
- Unknown reason (1)
- Allergies of other/future tenants (1)
- Not enough green space (1)

Are there resources the community could offer, or other incentives, that might change your mind about allowing pets in more units?

- Unknown (3)
- Nothing would change my mind (2)
- Understanding re: certified therapy, emotional support animals (2)
- More off-leash areas for pets in community (2)
- Better enforcement of owners who don't pick up dog waste (2)
- Responsible pet owner training (1)
- Certification/documentation of history of responsible pet ownership/no damage to units (1)

The landlord survey questions are listed on Appendix E on page 71.

PARKS PROFILE

HAPPY PETS

WELCOME PETS

HEALTHY PETS

RESPONSIBLE PET OWNERSHIP

PARKS PROFILE

Access to public parks and greenspaces is vital when assessing pet-friendliness. Pet owners, particularly dog owners, need access to greenspaces in order to properly care for their dogs. Beyond those basic needs, owning a dog has been shown to help people be more active which contributes to many physical and mental health benefits. In this age of social isolationism and virtual interactions superseding face-to-face interactions, dog ownership and access to public spaces provides for far greater opportunities for growth of local neighborhood social relationships.

- Dog owners spend an additional 22 minutes walking each day compared to non-dog owners [https://bmcpublichealth.biomedcentral.com/articles/10.1186/s12889-017-4422-5]
- Dog ownership and interaction with neighbors builds social capital and connections, for dog owners and nonowners. [https://www.sciencedirect.com/science/article/pii/S2352827317300344]

With those facts regarding both physical and social health benefits related to dog ownership, it is clear that access to parks and greenspaces is an important consideration in any pet-friendly community, and the benefits of that access extend to non-pet owners as well.

DOGS IN PARKS COMPARISION WITH TOP 15 IOWA CITIES

Leisure Services staff surveyed the 15 largest Iowa cities asking about their ordinance related to dogs in parks as well as their dog parks.

- Of the 15 cities surveyed all cities but Dubuque allow leashed dogs in parks.
- The cities have between 1 and 3 dog parks.
- Annual dog park fees range from $15 to $57 and no fees to $6 for a daily fee.
- Acreage range from 2.5 to 24.8 acres.
- Of those that charge daily fees Dubuque fee of $1 is the lowest.
- Four cities charge less, and five cities charge more for annual passes.

Top 14 Cities averages:		**Dubuque:**
Average Dog Park Annual Fee*	$30.40	$25
Average Daily Fee*	$4.50	$1.00
Average Park Size	10.23 acres	2.50 acres
Dogs allowed in city parks	Yes	No

* of those parks that charge a fee

The detailed chart is on the next page.

City	Population	Leashed dogs allowed in all parks/trails	Dog Parks	Annual Fee	Daily Fee	Dog Park Acres	Other
Des Moines	217,521	Yes	3	$20.00	No Fee	16	Pin numbers to open gate

2019*	$200.00	8	$35.00	1	$620.46	$855.46

* 2 019 is as of March 5, 2019

PET PARK EXPENSES

On average each year the expenses for the Dog Park is $3197. Grass mowing is $945, portable restroom is $1800 and lighting is $400. In addition, we spent $311 in 2013 and $399 in 2018 for envelopes. On average $52 is spent on dog tags each year.

These costs do not include performed work by Park Division Staff such as litter control, fee collection, general repairs and maintenance and snow removal.

PET PARK SCHOLARSHIP FUNDS

The Leisure Services Department gives out 150 scholarships ($125.00) to low income residents of Dubuque. The amounts listed below were used to purchase pet park passes.

FY 17 - $25.00 (1)
FY 18 - $50.00 (2)
FY 19 - $25.00 (1)

CITY OF DUBUQUE PET PARK RULES

1. Owners are legally responsible for their dogs and any injuries caused by their dogs.
2. Owners must remain within the fenced area at all times.
3. Dogs must be leashed prior to entering and upon leaving the area. Gates to the area must remain closed at all times.
4. Owners must immediately clean up after their dogs. Failure to do so can result in a fine up to $750.
5. Dogs with a known history of, or who exhibit dangerous behavior are prohibited.
6. Dogs must be healthy, fully immunized, de-wormed, and wearing license and rabies tags.
7. An adult must accompany children under 14; young children must be closely supervised.
8. Puppies under four months old and female dogs in heat are prohibited.
9. Only two dogs per adult are allowed.
10. Dogs must be watched at all times.
11. Cooperation between dog owners is essential.
12. Enter at your own risk.

CURRENT POTENTIAL CITY PET PARK PLANS

The City of Dubuque has discussed the potential of a second pet park since when the first pet park opened in 2005. Currently two plans exist related to future, potential dog parks.

FDR PARK

The conceptual master plan shows of FDR Park was completed in 2009 and approved by the City Council. The conceptual plan shows a large dog area of 5 acres, a small dog area, a 1-acre training area, dog park shelters, pond, and parking area. The plan was developed with public input at the time. Other amenities were planned for the park. This remains a potential location. The concept plan showing the dog park and other improvements is in Appendix F on page 72.

SOUTHEAST CORNER OF LOCUST AND DODGE

This property is owned by the State of Iowa. The City has requested the opportunity to develop a dog park at this location and funding for construction had been approved. The Iowa Department of Transportation representatives verbally felt they would issue a permit for use as a dog park. A concept plan and cost estimate were developed. Budget

cuts mid-year in Fiscal Year 2014 meant the project was halted at the time as the funding for construction was zeroed out. The concept had a 3.15-acre area for large and small dogs. Parking was to be on-street parking with a phase 2 project of off-street parking. The concept plan cost estimate is in Appendix G and H on pages 73 to 74.

PARK AND RECREATION COMMISSION AND CITY COUNCIL ACTIONS RELATED TO PETS 2012-2019

There have been many actions taken by the City's Park and Recreation Commission as well as the City Council the last seven years. The actions and support documentation are shown in Appendix I on pages 75 to 84. The topic of both pet parks as well as dogs in parks have been research, studied, had public hearings, much public engagement and comment as well as numerous votes. This Appendix is for historical reference and referral as needed.

RESPONSIBLE PET OWNERSHIP

BUSINESSES PROFILE

The pet component of the economy is one of vigorous growth. According to the American Pet Products Association, the US Pet Industry is expected to top $75.38 billion dollars in 2019. [https://www.americanpetproducts.org/press_industrytrends.asp] Even during times of recession, the pet industry has continued to grow.

Dubuque's economy can benefit from taking advantage of this vast economic trend. Encouraging pet-friendliness and giving businesses more opportunity to grow in this sector will have tax revenue and job benefits.

When considering the total influence of pets on Dubuque's economy, it is difficult to accurately assess the full extent of impact. While there are many pet-specific businesses in the community, many retailers add pet sections of varying sizes to cater to the needs of pet owners.

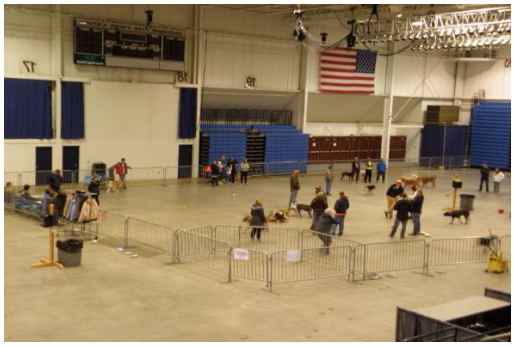
Theisen's Wags at the Flags is Dubuque's indoor dog park. It is held most Wednesday evenings from 4:30pm to 8:00pm and runs November to March in Five Flags Arena. It accommodates both large and small dogs as well as their human counterparts. There are cleaning supplies available, as well as the Barka Lounge for pet owners to purchase refreshments and adult beverages. Entry is $4.00 per dog while humans are FREE. A portion of the entry fee is donated to a charity, with this past year netting Dubuque Regional Humane Society $1,600!



Hadley's (Humane Society) Pet Park - Size, a little over an acre. A drinking fountain is available as well as three waste stations inside the park and one outside. There are five benches throughout the park and the hours are 6:00am to 8:00pm. Members must pay a fee to use and show proof of vaccinations. Membership fees start at $10 for a one-time pass, $25 for a quarterly pass, $75.00 for the year with $10 for each additional dog. There is a $10 FOB key deposit for access to the park but the $10 is returned at the end when the FOB is turned back in.

STRUT YOUR MUTT – Get ready to Strut Your Mutt at one of the only dog-friendly walks in the area for the Dubuque Regional Humane Society (DRHS). Whether you have a mutt to strut or simply want to strut for a great cause you are invited to join the DRHS in raising awareness and funds for the homeless animals in our community. This unique and furry friendly community event is open to all ages and breeds. In addition to the strut, there will be vendor booths, agility equipment, doggie pools, and a dog training demonstration.

DOG-O-WEEN – An annual canine costume contest hosted by Theisen's Home-Farm-Auto. This event gives canines — and their creative owners — a chance to have a howling good time together. Spectators can watch the parade of pets free of charge. Proceeds benefit the Dubuque Regional Humane Society!

DUBUQUE SUMMER FARMERS' MARKET -
Saturdays, May - October, 7 A.M. - 12 P.M.
1300 Iowa Street | Dubuque, IA Shop for locally grown produce and handmade goods at the Dubuque Summer Farmers' Market. Well behaved, vaccinated, leashed dogs are allowed at the Dubuque Farmers' Market. Leashes may not be longer than 36 inches.

YAPPY HOUR - Wednesday, 11:00 A.M. to CLOSE
7 Hills Brewing Co. | 1085 Washington St, Dubuque Get your dog out of the house for some social drinking! Enjoy drinks and the beautiful atmosphere of the Millwork District. The lower patio is dog friendly for Yappy Hour. No food allowed on lower patio.

FENELON PLACE ELEVATOR COMPANY - Open April 1 thru November 30 8 A.M. – 10 P.M.
512 Fenelon Place Street | Dubuque, IA Hailed as the world's shortest, steepest elevator ride, the Fenelon Place Elevator Company cars elevate passengers 189 feet from Fourth Street to Fenelon Place. At the top, you and Fido will be able to see a panoramic view of the historic Dubuque business district, the Mississippi River, and three states. The cars are very small, so only small lap dogs are welcome to join their humans.

BARKS, BOURBON, AND BREWS –
405 Main Street | Dubuque, IA The Barks Dog Park will have enclosed safe play areas for both big dogs and small dogs, live music, dog related vendors, and dog themed films. The bourbon and beer tasting event will feature local and national breweries and distilleries including Buffalo Trace, Eagle Rare, Single Speed, 7 Hills, among others. Proceeds from the event will benefit the Dubuque area Toys for Tots as they kick off the giving season. Barks Brews and Bourbon kicks off the seasonal Wags at the Flags, a weekly indoor dog park.

APPENDIX A: CALCULATIONS OF PET STATISTICS

Dog/Cat population estimates for City of Dubuque- June 2019
(2012 AVA US Pet Ownership & Demographics Sourcebook)

The American Veterinary Medical Association statistics estimate the following number of pets averaged per household:

	Percentage of households owning a pet	Number of pets per household
Dogs	36.5	1.6
Cats	30.4	2.1

25,932 (American Fact Finder 2017 estimate households in the city of Dubuque)

25,932 X 36.5% =9465 X 1.6= **15,144 dogs**

25,932 X 30.4%= 7883 X 2.1= **16,555 cats**

Trails and Parks

DOGS AND CATS ARE ALLOWED ON LEASH AT:

- A.Y. McDonald Park
- John G. Bergfeld Recreation Area Trail
- Granger Creek Nature Trail
- Heritage Trail
- Jaycee Trail
- Medical Associates Greenbelt Park
- Miller Riverview Park (including trail on Chaplain Schmitt Island)
- Northwest Arterial Trail
- Port of Dubuque Marina
- Mississippi Riverwalk Trail (Port of Dubuque)
- Powerline Trail
- Pyatigorsk Park
- Southern Levy Trail

Dogs and cats are allowed in vehicles in the following parks: (As long as they stay in vehicle the entire time and have access to water while unattended)

- Eagle Point Park
- Flora Park
- Murphy Park

Pet Park

Dogs are allowed off leash at the City's Pet Park located off North Grandview Avenue adjacent to Bunker Hill Golf Course. The park is fenced in and offers separate areas for large and small dogs.

Park hours are 8 a.m. to 8 p.m. daily. The Pet Park has a $1.00 daily user fee per pet. Annual passes are available for $25 for Dubuque residents or $35 for non-residents.

For more information and a map of City park locations, call 563.589.4263 or visit www.cityofdubuque.org/petpark

Pet Waste Disposal

Pet owners must pick up all droppings deposited when walking their pet on public walks, recreation areas, or other private property. Waste must be removed immediately and disposed of properly.

Owner Responsibilities

Do:

- Create a safe and secure environment for your pet...they count on you.
- Provide fresh food and water daily.
- Confine a female dog in heat so it cannot attract male dogs.

Don't:

- Allow animal waste to accumulate. The odors are offensive and unhealthy to both humans and animals.
- Allow pets to endanger any person or domestic animal.
- Allow pets to make excessive, persistent noise (barking, etc.) that disturbs others.

City of Dubuque Animal Control

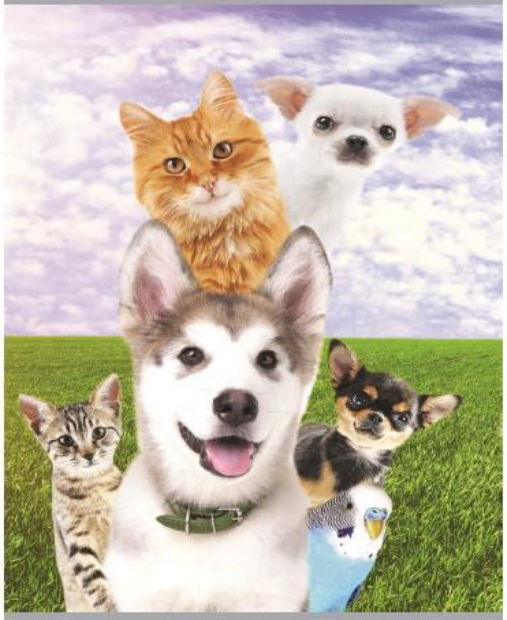
LAWS & RULES



APPENDIX B: QUICK REFERENCE GUIDE OF ANIMAL CONTROL LAWS & RULES (BACK)

Licensing Your Cat or Dog

Dogs and cats must be licensed when they are six (6) months old or within 30 days of obtaining the animal. Licensing provides evidence that the animal has been vaccinated against rabies and also helps identify a pet if it goes missing.

The City of Dubuque sells dog and cat licenses through PetData, Inc., a firm that specializes in handling pet licensing services throughout the country.

Annual licensing fees are as follows:

- $12 for spayed/neutered pets
- $30 for NOT spayed/neutered
- $10 delinquent fee

LICENSING A NEW PET

Via mail

Mail current rabies vaccination certificate and proof of spaying/neutering (if applicable) for each pet to:

Dubuque Animal Licensing
c/o PetData
P.O. Box 141929
Irving, TX 75014-1929

Make check or money order payable to: Dubuque Animal Licensing

Online (small transaction fee applies)

If you receive an invoice from PetData, the license may be purchased online at www.petdata.com under the "For Pet Owners" tab. Under that tab, click on "License Now" and enter your zip code, and select the Online option.

You will need the reference number from the mailing to purchase the license online. Each animal has it's own reference number.

For questions on licensing, contact Animal Control at 563-589-4185.

The City of Dubuque's animal control laws protect both people and pets. Even though people have the right to own pets, sometimes animals cause health, safety and nuisance problems.

Rabies Vaccinations

All dogs and cats must be vaccinated for rabies when they are four (4) months old. The vaccinations are either done on a one year or three year schedule.

Animal Bites

All bites must be reported to the Health Services Department by calling 589-4185. An investigation and follow-up will be conducted. The animal may be confined for ten (10) days at a veterinarian clinic or the animal may be observed with home confinement if it meets very specific criteria, and is approved by the Animal Control Officer.

Leash Law and Impoundment

Pets must be leashed at all times when off the owner or keeper's property (except at the pet park—see back side). Unleashed pets accompanied by the owner while jogging, cycling, visiting parks, etc., violate city regulations.

Dogs and cats running "at-large" will be impounded at the Dubuque Regional Humane Society, 4242 Chavenelle Road, 563-582-6766.

1st offense—$30
2nd & subsequent offenses—$60

Impoundment fee must be paid at City Clerk's Office, City Hall, before the animal may be claimed from the Humane Society.

Animals must be leashed OR restrained to not go beyond an owner's property line.

Prohibited Animals

City Ordinance prohibits the keeping, sheltering or harboring for any purpose within the City of Dubuque, any dangerous animal, as defined in Section 7-6D-1. Dangerous animal includes, but is not limited to, the following:

- lions, tigers, jaguars, leopards, cougars, lynx and bobcats;
- wolves, coyotes and foxes;
- badgers, wolverines, weasels, skunks and mink;
- raccoons;
- bears;
- all apes, baboons, macaques, monkeys and chimpanzees;
- alligators and crocodiles;
- scorpions;
- snakes and reptiles that are venomous;
- snakes that are constrictors, with the exception of sand boa constrictors and some ball pythons (see City Code Section 7-6D-1 C, 9);
- gila monsters;
- opossums; and
- any crossbreed of such animals which have similar characteristics of the animals specified above.

APPENDIX C: ANIMAL CONTROL ORDINANCE

Title 7 - POLICE, FIRE AND PUBLIC SAFETY
Chapter 6 - ANIMAL CONTROL

ARTICLE A. MISCELLANEOUS PROVISIONS

7-6A-1: SALE OF BABY CHICKENS AND DUCKLINGS:
A. Sale As Pets Or Novelties: It shall be unlawful for any person to sell, or offer for sale, barter, or give away, baby chicks or ducklings or other fowl as pets or novelties.
B. Selling For Commercial Purposes Allowed: This section shall not be construed to prohibit the display or sale of natural chicks, ducklings in proper brooder facilities, by hatcheries or stores engaged in the business of selling the same to be raised for commercial purposes.
C. State License Required: No person shall engage in the business of selling baby chicks, poultry or domestic fowl within the City unless such person has been licensed to do so by the Department of Agriculture of the State.

7-6A-2: RESTRICTIONS ON MAINTAINING LIVESTOCK:
A. Maintenance Of Pens, Yards And Enclosures: No person shall keep or maintain within the corporate limits of the City any pens, buildings, yards, sheds or enclosures wherein any cattle, sheep, swine or other livestock are collected, kept or fed for commercial purposes unless such pens, buildings, yards, sheds or enclosures are erected, constructed and maintained as provided in this section.
B. Concrete Floors: All such pens, buildings, yards, sheds or enclosures shall be erected and maintained with floors constructed of concrete at least four inches (4") thick with a smoothly troweled wearing surface.
C. Drainage; Catch Basins: All such concrete floors shall be constructed so as to drain to a catch basin or basins connected with the sanitary sewage system of the City, or in the event there is no such sewage system within two hundred feet (200') from the property line, such basin or basins shall be connected with a sewage disposal system approved by the City Manager.
D. Controlled Livestock Grazing:
1. A controlled livestock grazing contractor may temporarily keep or maintain within the corporate limits of the City any pens, yards, sheds or enclosures wherein any grazing livestock approved by the City are temporarily kept for the limited and express purposes of controlled livestock grazing in accordance with the City's controlled livestock grazing program. Controlled livestock grazing within the corporate limits will not be allowed in any one location for more than thirty (30) consecutive days.
2. All such pens, yards, sheds or enclosures used for the limited and express purpose of controlled livestock grazing will be temporary and may not remain in place more than thirty (30) consecutive days. Due to the temporary nature of such pens, yards, sheds, or enclosures used for the limited and express purpose of controlled livestock grazing, concrete floors will not be required for pens, yards, sheds or enclosures used to shelter and keep animals participating in controlled livestock grazing.
3. All fences used to keep or maintain livestock used for controlled livestock grazing within corporate limits must comply with the fencing regulations set forth in the City's Controlled Livestock Grazing Policy.

4. Any controlled livestock grazing contractor who wishes to keep or maintain livestock within the corporate limits for controlled livestock grazing must obtain a permit from the City and comply with all terms and conditions of the City's controlled livestock grazing program.

7-6A-3: STORAGE OF ANIMAL FOOD: All food and feed within the City for feeding chickens, cows, pigs, horses, and other animals shall be stored in rat free and ratproof containers, compartments, or rooms unless stored in a ratproof building.

ARTICLE B. DOGS AND CATS

7-6B-1: DEFINITIONS: The following definitions shall apply in the interpretation of this article:
AT LARGE: Any dog, cat or livestock, fowl or ferret found off the premises of the owner or keeper. A dog or cat shall not be deemed at large if the dog or cat is:
A. Attached to a leash of sufficient strength and appropriate length to control the animal where such leash is held by its owner or keeper; or
B. Restrained within an enclosed motor vehicle or by crate or leash of sufficient strength and appropriate length to keep the dog or cat within the motor vehicle; or
C. Housed in a licensed veterinarian's animal hospital; or
D. Accompanied by the owner or keeper on the premises of another with such person's consent and restrained by an adequate protective fence or by leash, cord, chain or other similar restraint that does not allow the dog or cat to go beyond such person's property line or to come into contact with anyone outside such person's property line.
CAT: Both male and female animals in the family Felis catus whether neutered or not.
DOG: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.
HEALTH CARE PROVIDER: A person who is trained and licensed to give health care.
KEEPER: Any person other than the owner keeping, sheltering, having control or custody of or harboring an animal.
KENNEL: A place or establishment where dogs or cats are kept or raised for the purpose of breeding, boarding, racing at a licensed parimutuel track, exchanged or offered for sale to the general public and which are kept under constant restraint.
NEUTERED: A surgical procedure that has been performed on a dog or a cat that renders it incapable of siring or bearing offspring.
NUISANCE: A dog or cat shall be considered a nuisance if it:
A. Damages, soils, defiles or defecates on private property other than the owner's or keeper's or on public walks and recreation areas unless such waste is immediately removed and properly disposed of by the owner or keeper.
B. Causes unsanitary, dangerous or offensive conditions.
C. Causes a disturbance by excessive barking or other noisemaking that can be heard from a position in the public right-of-way.
D. Chases vehicles, or molests, attacks or interferes with persons or other domestic animals off the premises of the owner or keeper.
OWNER: Any person owning a cat, dog, or other animal.
VICIOUS ANIMAL: A vicious cat or dog is deemed so when it shall have attacked or bitten any person on more than one (1) occasion without provocation or when an attack or bite results in serious bodily injury.

7-6B-2: LICENSING; TAGS AND FEES:
A. License Required: No person shall keep a dog or cat in the City unless such dog or cat is licensed by the City as provided in this article. This section shall not apply to veterinary clinics and boarding facilities.

B. Application For License: The owner or keeper shall make application for a license with the City Manager. The application shall give the name, physical address, date of birth or social security number of the owner or keeper, the sex and description of the dog or cat, and if known, its breed and age. In the event of a change of ownership, the license holder shall notify the City Manager of such change. All dogs and cats shall be licensed by not later than six (6) months of age. If an animal is older than six (6) months of age, the dog or cat must be licensed within thirty (30) days of ownership or residing in the City of Dubuque, whichever is first.

C. Dogs:

1. License Fee; Neutering:

a. The license fee per calendar year, or fraction thereof, for a dog license shall be as established by the City Manager.

b. The applicant or licensee shall furnish written proof from a licensed veterinarian that surgical procedures have been performed that render either male or female dogs incapable of reproduction, which may result in a reduced licensed fee.

2. Expiration; Renewal; Delinquent Fee: All dog licenses issued under this subsection shall expire one (1) year from the date the license was issued and shall become delinquent thirty (30) days after the license anniversary date. A delinquent fee as established by the City Manager, shall be added to the required license fee for each delinquent dog license.

D. Cats:

1. License Fee; Neutering:

a. The license fee per calendar year, or fraction thereof, shall be as established by the City Manager.

b. The applicant or licensee shall furnish written proof from a licensed veterinarian that surgical procedures have been performed that render either male or female cats incapable of reproduction, which may result in a reduced licensed fee.

2. Expiration; Renewal; Delinquent Fees: All cat licenses issued under this subsection shall expire one (1) year from the date the license was purchased and shall become delinquent thirty (30) days after the license anniversary date. A delinquent fee as established by the City Manager shall be added to the required license fee for each delinquent cat license.

E. Tags:

1. Tags Not Transferable: A license issued for any dog or cat shall not be transferred to another dog or cat.

2. Tags Attached To Collar Or Harness: The owner or keeper of a dog or cat, upon procurement of the license, shall securely attach the license tag to a collar or harness and this collar or harness, with the tag attached, shall at all times be kept on the dog or cat. Any dog or cat found at large without a collar or harness with license tag attached shall be deemed unlicensed and shall be impounded.

F. Fee For Duplicate License: The fee for a duplicate license for either a dog or cat shall be as established by the City Manager.

G. Consent Implied From Application And Receipt: The application for and the receipt of a license as required in this section shall include an implied consent by the owner or keeper to permit an inspection of both real and personal property under the owner's or keeper's control for the purpose of carrying out the provisions of this article relating to the harborage of vicious animals or to the control of rabies outbreak or relating to the provisions of law relative to the prohibition of cruelty to animals.

7-6B-3: KEEPING DOMESTIC ANIMALS ON UNOCCUPIED RESIDENTIAL PROPERTY OR IN DANGEROUS BUILDINGS PROHIBITED: The owner or keeper of a dog or cat shall not keep or allow the dog or cat to be kept on unoccupied property or in any building that meets the definition of a dangerous building as set forth in section 14-3-2 of this Code. For purposes of

this provision, "unoccupied property" shall include but is not limited to property that is not the primary residence of the owner or keeper or any other occupant.

7-6B-4: HARBORING VICIOUS DOG OR CAT: It shall be unlawful for any person or persons to harbor or keep a vicious dog or cat within the City. The City may abate violations of this section with penalties including, but not limited to, euthanization of the animal.

7-6B-5: NUISANCE: It shall be unlawful for any owner or keeper to permit a dog or cat to commit a nuisance.

7-6B-6: FEMALE DOGS IN SEASON: It shall be unlawful for any owner or keeper to allow a female dog in season to run at large or to so confine such dog as to attract male dogs to the area and by their presence cause a nuisance.

7-6B-7: RUNNING AT LARGE: It shall be unlawful for any owner or keeper to permit or allow a dog, cat, ferret, livestock or fowl to run at large.

7-6B-8: DIRECTING DOG WITH MALICIOUS INTENT: No person shall direct, encourage, cause, allow or otherwise aid or assist any dog to threaten, charge at, intimidate, bite, harass, menace or attack any person.

7-6B-9: USE OF DOG IN ILLEGAL ACTIVITY PROHIBITED: No person shall keep, maintain, control or retain custody of any dog in conjunction with, or for the purpose, whether in whole or in part, of aiding, abetting or conducting illegal activity or committing any crime.

7-6B-10: IMPOUNDMENT, REDEMPTION AND DISPOSITION OF UNCLAIMED ANIMALS:

A. Contract For Pound Or Shelter: The City Manager is hereby authorized to contract from year to year with any pound or animal shelter as defined by section 162.2 of the Code of Iowa for carrying out the provisions of this article including the collection, protection and disposition of dogs, cats and other animals and the collection of fees for licensing and care of seized and impounded dogs and cats.

B. Impoundment: Any unlicensed dog or cat except kennel dogs or cats and any licensed dog or cat found at large shall be subject to seizure and impoundment in a place provided by the City.

C. Notice To Owners Of Licensed Dogs Or Cats: Whenever any licensed dog or cat has been seized or impounded pursuant to this article, notice of such action shall be given as provided in this article.

D. Redemption:

1. Except as otherwise provided, the possession of any licensed dog or cat seized or impounded pursuant to this article may be obtained by the owner or keeper by paying an impoundment fee as established by the City Manager, together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time that such dog or cat is impounded. Upon the second subsequent impoundment of the same animal within three hundred sixty five (365) days, an impoundment fee as established by the City Manager shall be assessed together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time which said dog or cat is impounded.

2. Upon proper identification the owner may redeem an unlicensed dog or cat seized or impounded pursuant to this article after licensing the animal or agreeing to purchase a license within ten (10) working days. Failure to do so shall result in an additional fee as established by the City Manager, added to the license fee.

E. Disposition Of Unredeemed Dogs:

1. Licensed Dog: If the owner or keeper of a licensed dog impounded pursuant to this article does not redeem such animal within seven (7) days after the mailing of the notice provided for in this article, the license shall automatically be revoked and the animal disposed of as directed by the City Manager.
2. Unlicensed Dog: Any unlicensed dog not redeemed by the owner within three (3) days after it has been seized or impounded shall be disposed of as directed by the City Manager.
F. Disposition Of Unredeemed Cats:
1. Licensed Cat: If the owner or keeper of a licensed cat impounded pursuant to this article does not redeem such animal within five (5) days after the mailing of the notice provided for in this article, the license shall automatically be revoked and the animal disposed of as directed by the City Manager.
2. Unlicensed Cat: Any unlicensed cat not redeemed by the owner within three (3) days after it has been seized or impounded shall be disposed of as directed by the City Manager.

ARTICLE C. RABIES CONTROL

7-6C-1: VACCINATION REQUIRED:
A. Dogs And Cats; Schedule: It shall be unlawful for the owner or keeper of any domesticated species of dog or cat to keep or maintain such animal unless the dog or cat shall be vaccinated against rabies by a licensed veterinarian with a vaccine approved by the Iowa Department of Agriculture and administered in accordance with the following schedule:

Class Of Animal	Age At Primary Vaccination	Booster[1]
Dogs	6 months	1 year later, triennially thereafter
Cats	6 months	Annually or 1 year later, triennially thereafter

Note:
1. Approved 3 year vaccine may be substituted.
B. Ferrets; Schedule: It shall be unlawful for the owner or keeper of any ferret to keep or maintain such animal unless the ferret shall be vaccinated against rabies by a licensed veterinarian with a vaccine licensed for the use in ferrets and administered in accordance with the following schedule:

Class Of Animal	Age At Primary Vaccination	Booster
Ferret	6 months	Annually

C. Inactivated Nervous Tissue: Inactivated nervous tissue vaccine may only be used in accordance with the rules of the Iowa State Department of Agriculture.
D. Certificate Required: A copy of the official rabies vaccination certificate approved by the Iowa State Department of Agriculture shall be a condition precedent to the issuance of any license authorized by this article.
E. Veterinarian Furnish Copies: Each veterinarian within the City limits shall forward to the City Manager by no later than the tenth of each month a copy of each official rabies vaccination certificate, with the owner's or keeper's address, issued by the veterinarian during the preceding month.

7-6C-2: CONFINEMENT AUTHORIZED:

A. Animal Suspected Of Having Rabies: The owner or keeper of any dog or cat or other animal which has contracted rabies, or which has been subject to rabies, or which has bitten or caused skin abrasion to any person shall produce and surrender up such dog, cat or other animal to be held in confinement in a licensed veterinarian's animal hospital under the supervision of a licensed veterinarian and in quarantine for observation for a period of ten (10) days from the date the bite occurred at the expense of the owner or keeper of the animal.

B. Quarantine Of Animal Bitten By Rabid Animal: Any animal bitten or attacked by any known rabid animal shall be quarantined under direction of the Health Officer by being confined and in quarantine as provided above for a minimum of ninety (90) days.

C. Application For Home Quarantine; Conditions: The owner or keeper of any dog or cat or other animal which has bitten a person may apply to the City Manager to have the animal released for the purpose of home quarantine. Home quarantine may be permitted at the City Manager's sole discretion. If the City Manager allows home confinement, all of the following conditions must be met, including but not limited to:

1. The animal must have a current rabies vaccination. The vaccination certification must bear the description of the animal, the type of vaccine used, the expiration of the vaccination, and the signature of the veterinarian administering the vaccination.
2. The animal must have a current City license, if the animal is six (6) months of age or older.
3. The animal must not have been running at large at the time of the bite.
4. The animal has not previously bitten any person.
5. Prior to approval of home quarantine, the owner or keeper must have the animal examined by a veterinarian, licensed in the State of Iowa, who shall certify that the animal appears to be free of rabies or any other zoonosis. Such examination and certification must be repeated on the tenth day.
6. The owner or keeper must demonstrate to the satisfaction of the City Manager that the owner or keeper has the proper facilities and the ability to adequately and properly confine the animal to the owner or keeper's home or property during the quarantine period.
7. The owner or keeper must agree to immediately notify the City Manager of any changes in the animal's health or disposition, to allow representatives of the City Manager to enter upon the property and to examine the animal at any time and to immediately take the animal to a licensed veterinarian for examination at any time when directed by the City Manager.
8. The owner or keeper must agree to promptly pay all costs of veterinarian examinations during the quarantine period.
9. The owner or keeper must further agree to immediately surrender the animal at any time the City Manager determines that the home quarantine should be terminated, or at any time that any provisions or conditions of home quarantine are violated, in which event the animal shall be put in the custody of a licensed veterinarian of the State of Iowa in the City of Dubuque for the remainder of the quarantine period.
10. If the City Manager determines at any time that home confinement is not appropriate for the animal, quarantine at a veterinary hospital shall be ordered.
11. The person bitten, or, if a minor, the person's parent or guardian, must sign an acknowledgment indicating that the person has been advised of the risks of rabies, that if the animal disappears during home quarantine, the person may have to undergo postexposure rabies prophylaxis, and that the person does not object to home quarantine. The acknowledgment shall also relieve the City of Dubuque, its agents, officers, and employees from any liability if the animal disappears during home quarantine.
12. The owner or keeper shall also execute an indemnity agreement in favor of the City of Dubuque, which shall provide that the owner or keeper shall save harmless, defend and indemnify the City of Dubuque and its officers, agents and employees from any or all claims of any kind arising out of the home quarantine.

13. The owner or keeper shall agree in writing that if the animal disappears during the home quarantine, the owner or keeper shall indemnify the person bitten for any and all medical expenses incurred as a result of the disappearance of the animal. Acceptance of any such payments by the person bitten shall not in any way release the owner or keeper from any other liability the owner may have to the person bitten by reason of the animal bite. It shall be the sole responsibility of the person bitten, and not the responsibility of the City, to enforce such agreement. This subsection shall not apply if the person bitten is the owner or keeper of the animal or any person residing with the owner or keeper.

D. Wild Animals: If an undomesticated or wild animal such as a skunk, bat, fox, raccoon or other carnivore bites a person, whether or not the animal's owner or keeper is known, the animal shall be humanely destroyed and examined for rabies immediately.

7-6C-3: REPORTING RABIES; NOTICE TO CITY MANAGER:

A. It shall be the duty of the owner or keeper of any cat, dog or other domesticated animal suspected of being rabid that has attacked, bitten or caused any skin abrasion upon any person to report such incident to the City Manager.

B. It shall be the duty of the victim who has been attacked, bitten or caused a skin abrasion by any cat, dog or other domesticated animal suspected of being rabid to report such incident to the City Manager.

C. It shall be the duty of any health care provider or veterinarian practice immediately to transmit information to the City Manager that may come to such health care provider or veterinarian practice through such health care provider's or veterinarian practice's professional capacity with reference to any person having been attacked, bitten or having skin abrasions by any dog, cat or other domestic animal.

7-6C-4: NOTIFICATION TO POLICE OR CITY MANAGER OF DEAD ANIMALS: Any person finding a dead dog or cat shall at once notify the Police Department or the City Manager.

7-6C-5: PUNISHMENT FOR HARBORING KNOWN RABID DOG, CAT OR OTHER DOMESTIC ANIMAL: Any person or keeper who shall knowingly harbor or keep any dog, cat or other animal infected with rabies, or with knowledge that their animal was bitten by a rabid animal, fails to report such incident to the City Manager or police, shall be punished as provided in section 1-4-1 of this Code.

7-6C-6: PROHIBITED ACTIONS AFTER MAYOR'S PROCLAMATION OF EMERGENCY:

When the Mayor, pursuant to resolution of the City shall declare an emergency due to rabies:

A. It shall be unlawful for the owner of any dog, cat or other domestic animal to permit such animal to be at large. Any dog, cat or domesticated animal found to be at large shall be deemed to be so with the permission or at the sufferance of its owner or keeper.

B. It shall be unlawful for any person except the owner or keeper of a dog, cat or other domestic animal, or the owner's or keeper's agent to open any door or gate of any private premises for the purpose or result of setting such animal at large.

C. Any licensed or unlicensed dog, cat or other domestic animal found at large shall be impounded by the City Manager or Police Department.

ARTICLE D. DANGEROUS ANIMALS

7-6D-1: DEFINITIONS: Unless otherwise expressly stated or the context clearly indicates a different intention, the following terms shall, for the purpose of this article, have the meanings in this section:

CITY: The City of Dubuque.

CITY MANAGER, CHIEF OF POLICE, AND CITY CLERK: Those employees of the City of Dubuque duly appointed and holding those positions.
DANGEROUS ANIMAL:
A. Any animal which is not naturally tame or gentle, and which is of a wild nature or disposition, and which is capable of killing, inflicting serious injury upon, or causing disease among, human beings or domestic animals and having known tendencies as a species to do so;
B. Any animal(s) declared to be dangerous by the City Manager or the City Manager's designee; or
C. The following animals which shall be deemed to be dangerous animals per se:
1. Lions, tigers, jaguars, leopards, cougars, lynx and bobcats;
2. Wolves, coyotes and foxes;
3. Badgers, wolverines, weasels, skunks and mink;
4. Raccoons;
5. Bears;
6. All apes, baboons, macaques, monkeys and chimpanzees;
7. Alligators and crocodiles;
8. Scorpions;
9. Snakes that are:
a. Any member of the family atractaspidae, including but not limited to mole vipers and burrowing asps.
b. Any member of the family elapidae, voperidae, crotalidae, atractaspidae, or hydrophidae which are venomous, including but not limited to cobras, mambas, coral snakes, kraits, adders, vipers, rattlesnakes, copperheads, pit vipers, keelbacks, cottonmouths, and sea snakes.
c. Any member of the superfamily henophidia, which are limited to reticulated pythons, anacondas, and African rock pythons;
10. Reptiles that are venomous;
11. Gila monsters;
12. Opossums; and
13. Any crossbreed of such animals which have similar characteristics of the animals specified above.

7-6D-2: DOGS, CATS EXEMPTED: The provisions of this article shall not apply to domestic dogs or cats.

7-6D-3: KEEPING OF DANGEROUS ANIMALS RESTRICTED: No person shall keep, shelter, or harbor for any purpose within the City a dangerous animal except as provided in sections 7-6D-4, 7-6D-5, and 7-6D-7 of this article.

7-6D-4: EXCEPTIONS TO KEEPING AND LICENSING RESTRICTIONS: The prohibition contained in section 7-6D-3 of this article and the provisions of section 7-6D-5 of this article shall not apply to the keeping of dangerous animals in the following circumstances:
A. The keeping of dangerous animals in a public zoo, bona fide educational or medical institution, humane society, or museum where they are kept as live specimens for the public to view, or for the purpose of instruction, research or study.
B. The keeping of dangerous animals for exhibition to the public by a bona fide traveling circus, carnival, exhibit or show licensed to perform in the City.
C. The keeping of dangerous animals in a bona fide, licensed veterinary hospital for treatment.
D. The keeping of dangerous animals by a wildlife rescue organization, with appropriate permit from the Iowa Conservation Commission or the Iowa Department of Natural Resources.

E. Any dangerous animals under the jurisdiction of and in the possession of the Iowa Conservation Commission, pursuant to chapter 717F of the Iowa Code.
F. A bona fide commercial pet shop licensed and inspected by the Iowa Department of Agriculture. Any such pet shop shall post in a conspicuous place, the following notice:
NOTICE
Section 7-6D-3 of the City of Dubuque Code of Ordinances prohibits the keeping, sheltering or harboring for any purpose within the City of Dubuque, any dangerous animal, as defined in Section 7-6D-1. Dangerous animal includes, but is not limited to, the following:
1. Lions, tigers, jaguars, leopards, cougars, lynx and bobcats;
2. Wolves, coyotes and foxes;
3. Badgers, wolverines, weasels, skunks and mink;
4. Raccoons;
5. Bears;
6. All apes, baboons, macaques, monkeys and chimpanzees;
7. Alligators and crocodiles;
8. Scorpions;
9. Snakes that are:
a. Any member of the family atractaspidae, including but not limited to mole vipers and burrowing asps.
b. Any member of the family elapidae, voperidae, crotalidae, atractaspidae, or hydrophidae which are venomous, including but not limited to cobras, mambas, coral snakes, kraits, adders, vipers, rattlesnakes, copperheads, pit vipers, keelbacks, cottonmouths, and sea snakes.
c. Any member of the superfamily henophidia, which are limited to reticulated pythons, anacondas, and African rock pythons.
10. Reptiles that are venomous;
11. Gila monsters;
12. Opossums; and
13. Any crossbreed of such animals which have similar characteristics of the animals specified above.

7-6D-5: REGULATIONS FOR KEEPING:
A. Keeping Animal Confined: Any person keeping, sheltering or harboring a dangerous animal shall at all times keep such animal securely confined within a cage or other enclosure approved by the Health Services Officer.
B. Prohibited From Public Property: No person keeping, sheltering or harboring a dangerous animal shall permit or allow such animal to enter upon or traverse any public property, park property, public right-of-way, or any business establishment licensed by the City, or the property of another except when such animal is being transported while caged or confined.
C. Report Animal Missing: It shall be the duty of the animal keeper, shelterer or harborer to report to the City Manager/Police Department when a dangerous animal is found missing.
D. Keeping Animals Which Attack Or Bite Prohibited: No person shall keep, shelter or harbor a dangerous animal which has demonstrated without provocation to attack or bite.

7-6D-6: GENERAL PROHIBITION AND DUTY: No person shall aid or cause any dangerous animal, whether owned by such person or not, to escape confinement or impoundment, whether such confinement or impoundment be upon such person's property or that of another by opening any gate, door or window or making any opening of any fence, enclosure or structure or by unleashing such animal.

7-6D-7: SEIZURE, IMPOUNDMENT AND DISPOSITION OF DANGEROUS ANIMALS:

A. Authority To Destroy: In the event that a dangerous animal is found at large upon public property, park property, public right(s)-of-way, or the property of someone other than its keeper, harborer or shelterer thereby creating a hazard to person or property, such animal may, in the discretion of the City Manager, be destroyed if it cannot be confined or captured. The City shall be under no duty to attempt the confinement or capture of dangerous animal found at large, nor shall it have a duty to notify the keeper, harborer, or shelterer of such animal prior to its destruction.

B. Procedure Upon Complaint; Order Removal Of Animal: Upon the complaint of any individual that a person is keeping, sheltering, or harboring a dangerous animal on premises in the City in violation of sections 7-6D-3, 7-6D-5 and 7-6D-6 of this article or that a person is keeping, sheltering or harboring a dangerous animal which has demonstrated a propensity to attack or bite without provocation, the City Manager shall order the person named in the complaint to safely remove such animal from the City, permanently place the animal with an organization or group allowed under section 7-6D-4 of this article to possess dangerous animals, or destroy the animal, within three (3) days of the receipt of such order. Such order shall be contained in a notice to remove the dangerous animal, which notice shall be in writing and delivered personally or by certified mail to the person keeping, sheltering or harboring the dangerous animal. Such order and notice to remove the dangerous animal shall not be required where the Health Services Officer determines that such dangerous animal has previously caused serious physical harm or death to any person in which case the Health Services Officer shall cause the animal to be immediately seized and impounded or killed if seizure and impoundment are not possible without risk of serious physical harm or death to any person.

C. Appeal; Notice; Hearing: The order to remove a dangerous animal issued by the City Manager may be appealed to the City Council. To appeal such order, written notice of appeal stating the grounds for the appeal must be filed with the City Clerk within three (3) days after receipt of the order and notice to remove the dangerous animal. Failure to file such written notice of appeal shall constitute a waiver of the right to appeal the order of the Health Services Officer.

1. The hearing on the appeal shall be within fourteen (14) days of the filing of the notice of appeal with the City Clerk. The hearing may be continued for good cause.

2. After such hearing, the City Council may affirm or reverse the order of the City Manager. Such determination shall be contained in a written decision and shall be filed with the City Clerk within three (3) days after the hearing, or any continued session thereof.

3. If the City Council affirms the action of the City Manager, the City Council shall order in its written decision that the person sheltering, harboring, or keeping such dangerous animal, remove such animal from the City, permanently place such animal with an organization or group allowed under section 7-6D-4 of this article to possess dangerous animals, or destroy it. The decision and order shall immediately be served upon the person against whom rendered in the same manner as the notice of removal.

D. Seizure And Impoundment: If the order of the City Manager is not appealed and is not complied with within three (3) days of its issuance, the City Manager is authorized to seize and impound such dangerous animal. If the written decision of the City Council is not complied with within three (3) days of this issuance, the City Manager is authorized to seize and impound such dangerous animal. An animal so seized shall be impounded for a period of seven (7) days.

E. Disposition Of Animal: If at the end of the impoundment period, the person against whom the decision and order of the City Manager or City Council was issued has not petitioned the Dubuque County District Court for review of said order, the City Manager shall cause the animal to be disposed of by sale, permanently place such animal to be disposed of by sale, permanently place such animal with an organization or group allowed under section 7-6D-4 of this article to possess dangerous animals, or destroy such animal in a humane manner.

ARTICLE E. POTENTIALLY VICIOUS DOGS

7-6E-1: DEFINITION: A "potentially vicious dog" is a dog that:
A. When unprovoked, on two (2) separate occasions, has engaged in any behavior that has required a defensive action by any person to prevent bodily injury when the person and dog were off of the property of the owner or keeper of the dog;
B. When unprovoked, has attacked or bitten a person;
C. When unprovoked, has inflicted a serious injury or caused the death of a domestic animal, either on public or private property other than the property of the owner or keeper; or
D. When unprovoked, chases or approaches a person or domestic animal upon the streets, sidewalks, or any public or private property other than the property of the owner or keeper, in a menacing fashion or apparent attitude of attack.

7-6E-2: PROCEDURE FOR DECLARATION OF POTENTIALLY VICIOUS DOG:
A. Basis For Declaration: The City Manager may find and declare an animal potentially vicious based upon the following:
1. The written complaint of a citizen that the animal has acted in a manner set forth in section 7-6E-1 of this article;
2. Dog bite reports filed with the Health Services Department;
3. Actions of the dog witnessed by any animal control officer or law enforcement officer; or
4. Other substantial evidence.
B. Service Of Declaration Upon Owner: The declaration of a potentially vicious dog shall be in writing and shall be served on the owner or keeper in one (1) of the following methods: personally, by certified mail to the owner at the owner's or keeper's last known address, or if the owner or keeper cannot be served personally or by mail, by publication in a newspaper of general circulation in the County.
C. Contents Of Declaration: The declaration shall state:
1. The description of the animal;
2. The name and address of the owner or keeper of the animal, if known;
3. The whereabouts of the animal, if not in the custody of the owner or keeper;
4. The facts upon which the declaration of potentially vicious dog is based;
5. The owner's or keeper's right to a hearing if the person objects to the declaration;
6. The restrictions placed upon the animal as a result of the declaration of potentially vicious dog; and
7. The penalties for a violation of such restrictions.
8. If the City Manager so determines, that the owner or keeper be required to have microchip identification implanted in the dog.
D. Objections Of Owner: The owner or keeper may object to the declaration of potentially vicious dog by requesting a hearing before the City Manager by submitting a written request to the City Manager within ten (10) days of the date of mailing of the declaration, or within ten (10) days of the publication of the declaration.
1. If the City Manager finds that there is insufficient evidence to support the declaration, it shall be rescinded, and the restrictions imposed thereby annulled.
2. If the City Manager finds sufficient evidence to support the declaration, the City Manager shall provide the owner with written notice of such determination within five (5) working days after the hearing.
3. Prior to and pending the outcome of the hearing, the owner or keeper of a dog that has been declared potentially vicious must comply with all conditions and restrictions set forth by the City Manager.
4. If it is determined by the animal control officer or law enforcement officer that probable cause exists to believe the dog in question poses an immediate threat to public safety, then the

animal control officer or law enforcement officer may seize and impound the dog pending the hearing to be held pursuant to this article. The owner or keeper of the dog shall be liable to the City or County where the dog is impounded for the costs and expenses of keeping the dog if the dog is later determined to be potentially vicious. When a dog has been impounded and it is not contrary to public safety, the animal control officer shall permit the animal to be confined at the owner's expense in a Health Services Department approved kennel or veterinary facility.

7-6E-3: NOTIFICATION OF STATUS OF POTENTIALLY VICIOUS DOG:

A. The owner or keeper shall immediately notify the Health Services Department when a dog which has been classified as potentially vicious:

1. Is loose or unconfined;
2. Has bitten a human being or attacked another animal;
3. Is sold or given away, or dies; or
4. Is moved to another address.

B. Prior to a potentially vicious dog being sold or given away, the owner or keeper shall provide the name, address and telephone number of the new owner or keeper to the Health Services Department. The new owner or keeper shall comply with all the requirements of this chapter.

7-6E-4: EXCEPTIONS TO CLASSIFICATION:

A. No dog may be declared potentially vicious if:

1. Any injury or damage was sustained by a person who, at the time of the injury or damage was sustained, was committing a wilful trespass or other tort upon premises occupied by the owner or keeper of the dog, or was teasing, tormenting, abusing, or assaulting the dog, or was committing or attempting to commit a crime;
2. The dog was protecting or defending a person within the immediate vicinity of the dog from an unjustified attack or assault; or
3. The injury or damage was sustained by a person or a domestic animal, which at the time of the injury or damage was sustained, was teasing, tormenting, abusing or assaulting the dog.

B. No dog may be declared potentially vicious if the injury or damage to a domestic animal was sustained while the dog was working as a hunting dog, herding dog or predator control dog on the property of, or under the control of, its owner or keeper, and the damage or injury was to a species or type of domestic animal appropriate to the work of the dog.

7-6E-5: DISPOSITION OF POTENTIALLY VICIOUS DOG:

A. License And Vaccination; Fee: A potentially vicious dog shall be properly licensed and vaccinated. The potentially vicious designation shall be included in the registration records of the dog. The City may charge a potentially vicious dog fee in addition to the regular licensing fee to provide for the increased costs of maintaining the records of the dog.

B. Confinement; Restraint: A potentially vicious dog, while on the owner's or keeper's property, shall at all times be kept indoors or in a securely fenced yard from which the dog cannot escape and into which children cannot trespass. A potentially vicious animal may be off the owner's or keeper's premises only if restrained by a substantial leash, of appropriate length, and if the dog is under the control of a responsible adult and is humanely muzzled.

C. Notice Of Change Of Ownership And Location: If a potentially vicious dog dies, or is sold, transferred or permanently removed from the City, the owner or keeper of the dog shall notify the Health Services Department of the changed condition and new location of the dog in writing within two (2) working days.

ARTICLE F. VICIOUS DOGS AND CATS

7-6F-1: DEFINITION: A "vicious animal" is deemed so when it has attacked or bitten any person on more than one (1) occasion without provocation or when an attack or bite results in serious bodily injury.

7-6F-2: PROCEDURE FOR DECLARATION OF VICIOUS ANIMAL:

A. Basis For Declaration: The City Manager may find and declare an animal vicious based upon the following:

1. When the animal has attacked or bitten any person on more than one (1) occasion without provocation or when an attack or bite results in serious bodily injury.

B. Service Of Declaration Upon Owner: The declaration of a vicious animal shall be in writing and shall be served on the owner or keeper in one (1) of the following methods: personally, by certified mail to the owner at the owner's or keeper's last known address, or if the owner or keeper cannot be served personally or by mail, by publication in a newspaper of general circulation in the County.

C. Contents Of Declaration: The declaration shall state:

1. The description of the animal;
2. The name and address of the owner or keeper of the animal, if known;
3. The facts upon which the declaration of vicious animal is based;
4. The restrictions placed upon the animal as a result of the declaration of vicious animal;
5. The penalties for a violation of such restrictions;
6. If the City Manager so determines, that the owner or keeper be required to have microchip identification implanted in the animal; and
7. The owner or keeper must keep the vicious animal within the City and under the owner or keeper's ownership until resolution of the matter through City administration or the judicial system.

D. Seizure And Impoundment: If it is determined by the animal control officer or law enforcement officer that probable cause exists to believe the animal in question poses an immediate threat to public safety, then the animal control officer or law enforcement officer may seize and impound the animal pending the resolution pursuant to this article. The owner or keeper of the animal shall be liable to the City or County where the animal is impounded for the costs and expenses of keeping the animal if the dog is determined to be vicious.

7-6F-3: NOTIFICATION OF STATUS OF VICIOUS ANIMAL:

A. The owner or keeper shall immediately notify the City Manager when an animal which has been classified as vicious:

1. Is loose or unconfined;
2. Has bitten a human being or attacked another animal; or
3. Dies.

B. A vicious animal may not be sold, given away, or moved to another location prior to resolution of the matter through City administration or the judicial system.

7-6F-4: EXCEPTIONS TO CLASSIFICATION:

A. No animal may be declared vicious if:

1. Any injury or damage was sustained by a person who, at the time of the injury or damage was sustained, was committing a wilful trespass or other tort upon premises occupied by the owner or keeper of the animal, or was teasing, tormenting, abusing, or assaulting the animal, or was committing or attempting to commit a crime;
2. The animal was protecting or defending a person within the immediate vicinity of the animal from an unjustified attack or assault; or

3. The injury or damage was sustained by a person or a domestic animal, which at the time of the injury or damage was sustained, was teasing, tormenting, abusing or assaulting the animal.

B. No animal may be declared vicious if the injury or damage to a domestic animal was sustained while the animal was working as a hunting dog, herding dog or predator control dog on the property of, or under the control of, its owner or keeper, and the damage or injury was to a species or type of domestic animal appropriate to the work of the dog.

7-6F-5: DISPOSITION OF VICIOUS ANIMAL:

A. License And Vaccination; Fee: A vicious animal shall be properly licensed and vaccinated. The vicious designation shall be included in the registration records of the animal. The City may charge a vicious animal fee in addition to the regular licensing fee to provide for the increased costs of maintaining the records of the animal.

B. Confinement; Restraint: A vicious animal, while on the owner's or keeper's property, shall at all times be kept indoors or in a securely fenced yard from which the animal cannot escape and into which people cannot trespass. A vicious animal may be off the owner's or keeper's premises only if restrained by a substantial leash, of appropriate length, and if the animal is under the control of a responsible adult and is humanely muzzled.

C. Notice Of Death: If a vicious animal dies, the owner or keeper of the animal shall notify the City Manager of the death of the animal in writing within two (2) working days.

APPENDIX D: PARKS ORDINANCE

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:

A. Animals Prohibited: No person shall be permitted to bring into any park, parkway, trail, or open space, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animal to run at large in any park, parkway, trail, or open space. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.

B. Leashed Dogs And Cats Allowed In Certain Parks And Areas:

1. Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following:

A.Y. McDonald Park
Bee Branch Creek Greenway
Granger Creek Nature Trail
Heritage Trail
Jaycee Trail
John G. Bergfeld Recreation Area
Medical Associates Greenbelt Park
Miller-Riverview Park
Northwest Arterial Trail
Port of Dubuque Marina
Port of Dubuque Riverwalk Trail
Powerline Trail
Pyatigorsk Park
Southern Levy Trail

2. Leashed dogs and cats as allowed in subsection B1 of this section are subject to and must comply with the provisions of title 7, chapter 6 of this Code.

3. The owner or keeper must pick up and dispose of or take away the dog or cat's waste.

4. The owner or keeper is responsible for the actions of the dog or cat.

C. Unleashed Pets Allowed In Pet Park: Unleashed pets shall be permitted in the pet park.

D. Exceptions: This section does not apply to:

1. Service animals used by persons with disabilities;

2. As part of an approved and permitted special event under chapter 4 of this title;

3. Animals which are part of the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park; and

4. Animals within Eagle Point Park, Murphy Park and Flora Park which are confined to an automobile, camper, motor home (aka recreational vehicle), or other similar conveyance during the entirety of their time within the designated park(s), parkway(s), trail(s), or open space(s). (Ord. 23-17, 5-15-2017)

APPENDIX E: LANDLORD SURVEY QUESTIONS

1. **Landlord Name**
2. **Number of units owned in Dubuque**
3. **Number of Pet-Friendly units owned in Dubuque**
4. **What type of pets do you allow?**
5. **If you allow pets, are any of the following restrictions enforced?**
    - **Breed restrictions**
    - **Size restrictions**
    - **Total number of pets**
6. **If you allow pets, how do you enforce any rules related to them? (choose all that apply)**
    - **Charge a higher rent and/or deposit**
    - **Regular inspections of unit**
7. **Do you offer any of the following amenities for your Pet-Friendly units?**
    - **Pet waste stations**
    - **Designated pet relief area**
8. **If you do not allow pets at your facilities, what are the primary reason(s) you have chosen not to?**
9. **Are there resources the community could offer, or other incentives, that might change your mind about allowing pets in more units?**

APPENDIX I:
CITY COUNCIL AND COMMISSION ACTIONS RELATED TO PETS 2012-2019

APRIL 17, 2012	Status of second Pet Park Area selected for second pet park is owned by IDOT at SE corner of Locust and Highway 20. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/2879
JUNE 12, 2012	Commission meeting: at City Council Chambers. Voted to Receive/file petition for pets to be allowed in parks, referred by City Council. Reviewed current ordinance and history known (1953 CC established ordinance prohibiting unleashed pets in public areas including parks; current ordinance in place since at least 1969 with few changes). Discussed other input received or referred to Leisure Services; sharing information related to dogs in parks; proposed web survey; citizens present could share input (3-minute limit); **no action or voting.** Input session resulted in 3 for, 2 against (60% in favor of) allowing pets in parks. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/3011
JULY 10, 2012	Commission meeting: at City Council Chambers. Public comment session limited to 3 minutes per person; commissioners discussed their individual proposals regarding dogs in parks and Leisure Services areas; **no action or voting**. Input session resulted in 10 for, 6 against (63% in favor of) allowing pets in parks. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/3050
JULY 24, 2012	Commission special work session: info from staff on fines, liability, commissioner comments, discussion, commissioner proposal, more discussion; special gated areas and/or areas within a park; **no action or voting**. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/3051

AUGUST 14, 2012	Commission meeting: Dogs in park draft ordinance review / discussion; **no action or voting**. At conclusion of discussion, LS Manager said goal is to incorporate current ordinance draft, changes made with today's discussion, feedback from other City staff/departments and type up a final format to share with all commissioners at September commission meeting. Can then post proposal for the public to see so public is aware of what the Ordinance is, that is being reviewed and potentially recommended to Council. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/3149
NOVEMBER 13, 2012	Commission meeting: discussion of draft ordinance changes related to dogs and other animals in parks suggested by Legal Department; **no action or voting**. *Minutes*: https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/3393
DECEMBER 18, 2012	Commission meeting: Chapter 5 Parks and Recreation Ordinance Review and Recommendation (includes dogs in parks); vote. Approve Chapter 5 Parks and Recreation Ordinance Review and Recommendation (includes dogs in parks) with some revisions; MOTION PASSED 6-1. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/3339
MARCH 4, 2013	CITY COUNCIL: voted down the ordinance change that was recommended by Commission at their December 2012 meeting, 5-1. On March 18 the recommendation will go back on the Council agenda as a first voting and they can discuss, ask for changes, etc. *Agenda:* https://cityofdubuque.novusagenda.com/AgendaPublic/MeetingView.aspx?MeetingID=104&MinutesMeetingID=-1&doctype=Agenda *Video:* http://cityofdubuque.granicus.com/player/clip/1487?meta_id=40500

MARCH 12, 2013	Commission meeting: Pet Ordinance: council meeting action; upcoming meeting; Veterans' Memorial request for consideration; correspondence from Council Member Ric Jones; recommendations regarding requests for consideration / reconsideration; Vote. Add to recommended ordinance to make all Veterans' memorials and playground equipment areas in parks as "no pet" areas; MOTION PASSED 5-2. Agreement with Dubuque Humane Society related to reallocation of Pet Park C.I.P.; **VOTE** to table for further consideration. MOTION PASSED 5-2. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/3499
MARCH 18, 2013	CITY COUNCIL: Voted to reconsider proposed ordinance changes recommended by Park & Recreation Commission; MOTION PASSED 7-0. Voted to consider 1st reading of proposed ordinance w recommended changes – adding definitions relating to animals; restricting horse drawn vehicles; permitting dogs, cats, and domesticated animals in certain parks, open spaces and trails subject to conditions; establishing leash and waste clean-up requirements; prohibiting animals running at-large with parks, open spaces or trails; permitting the exercising of dogs off leash in certain areas; and revising park, open spaces and trail descriptions. MOTION PASSED 4-3. CC requested following changes be made to ordinance for second reading (scheduled for 4-15-13): 1) one-year trial period w evaluation; 2) evaluation on enforcement options; 3) shorten list of eligible parks; and 4) a clear definition of the geography of play areas. CC also requested info from staff related to funding of associated costs of amenities such as waste bags, signage and public education. *Agenda:* https://cityofdubuque.novusagenda.com/AgendaPublic/MeetingView.aspx?MeetingID=116&MinutesMeetingID=-1&doctype=Agenda *Video:* http://cityofdubuque.granicus.com/player/clip/1494?meta_id=40637 *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/3473

APRIL 2, 2013	Commission meeting: Pets in Parks Recommendation: Council review request of 1-year trial period with evaluation; evaluation of enforcement options; shorter list of eligible parks; clear definition of geography of play equipment areas; costs of waste bag dispensers, waste bags and signs. Several motion / several votes. Trial period, vote: Approve a one-year trial period for allowing pets in parks, to end one year from date the ordinance change is enacted; MOTION PASSED UNANIMOUSLY. ENFORCEMENT, VOTE: Have Police, Animal Control and seasonal and full time Park Patrol be in charge of enforcing the ordinance and use their own discretion as to whether to issue a citation or note; MOTION PASSED 6-1. Consideration of additional areas, Vote: Add Allison-Henderson Park, tennis courts, basketball courts and skate parks to the present proposed no pets list; MOTION PASSED 6-1. Geographic boundary, Vote: Define the geographic area to be 10' from the border of mulch or hard surface play equipment or play area; MOTION PASSED UNANIMOUSLY. Costs and signage, Vote: Not provide waste bag dispensers or bags in any areas not currently provided and to place less signs but larger informational and rules signs ($60 size) at entrance to parks. Signs placed in parks would be appropriate to size of park; MOTION PASSED UNANIMOUSLY. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/3588
APRIL 15, 2013	CITY COUNCIL: Receive & file documents and consider second reading of proposed ordinance amending Title 10 Public Ways and Property, Chapter 5 Parks and Recreation …… (see list of proposed changes above on March 18). MOTION FAILED 5-2. Petition signatures resulted in 1,750 for, 1,050 against (63% in favor of) allowing pets in parks. *Agenda:* https://cityofdubuque.novusagenda.com/AgendaPublic/MeetingView.aspx?MeetingID=117&MinutesMeetingID=-1&doctype=Agenda *Video:* http://cityofdubuque.granicus.com/player/clip/1522?meta_id=41504

	Minutes: https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/3545
JUNE 25, 2013	Commission meeting: Park and Recreation Ordinance Revisions: adding definitions; restricting horse-drawn vehicles; permitting leashed dogs and cats in certain trails; referencing leash in Animal Control Ordinance; establishing clean-up requirements; revise Park, revise Open Spaces and Trail descriptions; vote Approve ordinance revisions as proposed; MOTION PASSED 6-1. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/3768
AUGUST 5, 2013	CITY COUNCIL: Code of Ordinances Title 10 Amendment - Animals, Definitions and Descriptions: City Manager recommending an ordinance amendment permitting leashed dogs and cats on certain trails, adding definitions, restricting horse drawn vehicles, establishing clean-up requirements, and revising park, open space and trail descriptions. Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings 10 prior to the meeting at which it is to be passed be suspended. Seconded by Resnick. Motion carried 7-0. Motion by Jones for final consideration and passage of Amended Ordinance No. 42-13 Amending City of Dubuque Code of Ordinances Title 10 Public Ways and Property, Chapter 5 Parks and Recreation by adding definitions relating to animals; restricting horse drawn vehicles; permitting dogs, cats, and domesticated animals in certain parks, open spaces, and trails subject to conditions; establishing leash and waste clean-up requirements; prohibiting animals running at-large within parks, open spaces, or trails; and revising park, open spaces and trail descriptions. Seconded by Resnick. Motion carried 7-0. *Agenda:* https://cityofdubuque.novusagenda.com/AgendaPublic/MeetingView.aspx?MeetingID=109&MinutesMeetingID=-1&doctype=Agenda *Video:* http://cityofdubuque.granicus.com/player/clip/1621 *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/3766

AUGUST 13, 2013	Commission meeting: Review of past pet park location options (IDOT property, Terminal Street, DICW, East 12th Street, McAleece Complex); no action or voting. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/3853
MARCH 11, 2014	Commission meeting: Commissioner Lydon asked if we could bring back the issue of allowing pets in parks on next agenda since second pet park funds are on chopping block. Discussion / consensus was to wait until May meeting and see what action City Council took on FY 2014 cuts. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/4492
MAY 13, 2014	Commission meeting: Commissioner Lydon asked Commission to reconsider proposing that leashed and licensed pets be allowed in city parks. She would like original ordinance that included all parks except Eagle Point and Murphy to be reviewed, along with the most recent approved version. Commissioners agreed to place on June agenda. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/4308
JULY 8, 2014	Commission meeting: report on communications with All Veterans' Memorial representative and Arboretum Association Board related to pets in parks. Decided to discuss a specific ordinance change proposal by commissioner Lydon at august meeting. if action was taken at that meeting, then hold public meeting in September. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/4491
AUGUST 12, 2014	Commission meeting: recommend changing the pet section of Park and Recreation Ordinance as proposed by Commissioner Lydon; vote. MOTION PASSED 4-3. Manager Ware said next step is to have Legal Department review the proposal. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/4533

SEPTEMBER 9, 2014	Commissioner Lydon distributed copies of a Web Poll compiled from 2013 to 2014 asking "Should dogs be allowed in Dubuque parks?" Plus an e-mail communication from citizen in favor of pets in parks. Web poll resulted in 454 for, 204 against (69% for) allowing dogs in Dubuque parks. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/4584
OCTOBER 14, 2014	Commission meeting: review ordinance recommendation after proposed changes from ICAP and Legal Department and set public input process; Votes continued Accept changes to the language of the ordinance recommended by Legal Department and to set a date for public input meeting. MOTION PASSED 6-1. Hold public input meeting at City Council Chambers on Tuesday, November 18 as part of the regular commission meeting with two-minute per person limit. MOTION PASSED UNANIMOUSLY. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/4657
NOVEMBER 18, 2014	Commission meeting / public hearing: recorded public opinions / concerns regarding possible ordinance change related to pets in parks issue as part of the regular commission meeting; no action or voting. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/4693
DECEMBER 9, 2014	Commission meeting: vote to accept changes to language of ordinance recommended by Legal Department on December 9 and recommend proposed ordinance amendment to City Council; MOTION FAILED 3-3 (one commissioner absent). Manager Ware will check with Legal Department on what proper procedure is now since vote ended in a tie with one commissioner missing. Records of public hearing resulted in 19 for, 10 against (66% in favor of) allowing pets in parks. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/4736

JANUARY 13, 2015	Commission meeting: Pets in parks ordinance recommendation; votes. Retain current ordinance was passed by City Council in 2013 where pets are allowed in several parks on a test basis; MOTION FAILED 2-5. Recommend proposed changed ordinance to City Council which allows pets in all parks with certain exceptions; MOTION PASSED 4-3. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/4782
FEBRUARY 2, 2015	CITY COUNCIL: Park and Recreation Commission recommended amendment to Code of Ordinances to allow dogs and cats in all park areas, all trails and other department areas, with certain exceptions. Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Braig. Leisure Services Manager Marie Ware, Police Chief Mark Dalsing, and Public Health Specialist Mary Rose Corrigan responded to questions from the City Council regarding waste stations, enforcement and citations, and outreach. Motion failed 5-2 with Braig and Jones voting yay. Motion by Jones for consideration of the first reading of a proposed ordinance allowing Dogs, Cats and Other Domestic Animals in Parks, Trails, Open Spaces, and Areas. Seconded by Braig. Motion failed 5-2 with Braig and Jones voting yay. *Agenda:* https://cityofdubuque.novusagenda.com/AgendaPublic/MeetingView.aspx?MeetingID=320&MinutesMeetingID=-1&doctype=Agenda *Video:* http://cityofdubuque.granicus.com/player/clip/1996?meta_id=51666 *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/4775
SEPTEMBER 13, 2016	Commissioner Hoffmann wondering about enforcement of no dogs allowed in Washington Park. He witnessed two unleashed dogs fighting in the park and owners did not clean up waste left by dogs. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/6042
APRIL 11, 2017	Discussion on pet-friendly amenities / input for City Council: commissioners discussed more pet-friendly amenities and parks. Visitors to Dubuque are confused about where their pets are allowed.

	Consensus was to make sure that legalizing licensed pets on leashes in additional parks and updating amenities and making improvements at current pet park were on recommendation list to City Council. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/6436
MAY 8, 2018	Dog Park engagement process explained by Manager Marie Ware. Discussions for another pet park will now be taken through an engagement process similar to selecting the Skate Park location. FIDO group's request to reconsider location of proposed pet park since they feel IDOT property is not a suitable site. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/7170
OCTOBER 9, 2018	Pet-friendly Community Work Group; vote. FIDO group addressed commission and wanted to help as discussions continue on constructing new dog park. Pet-friendly community discussion: Document called *Playbook for Pet-friendly Communities* was provided to commissioners and discussed. It provides tools to assess where a community is at and what are the next steps to be considered. This will be good to work through, but commissioners want to take action now to allow pets in parks and not have it held up by going through all the steps / processes suggested in the document. Recommended creating pet-friendly community work group to work on pet-friendly assessment and policies; vote**.** MOTION PASSED UNANIMOUSLY. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/7460
NOVEMBER 13, 2018	Dog Friendly Community update: Manager Ware distributed handouts of information related to pet licenses as requested from last meeting. Staff recommendation to establish a dog friendly community work group will be on City Council agenda for November 19, 2018 meeting. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/7513

DECEMBER 11, 2018	Select commission representative and alternate for Dog Friendly Community Work Group. Recommended Commissioner Kuhle to serve as representative, Werner to serve as first alternate and Tigges to serve as second alternate; vote**.** MOTION PASSED UNANIMOUSLY. Commissioner Werner wants commission to move forward on action to allow pets in parks and work parallel to the Pet-friendly Community Work Group. He would like to have an ordinance change recommendation ready to present to City Council in Spring. After discussion it was decided to put ordinance change related to pets in parks on January2019 agenda. Commissioners should bring ideas to January meeting. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/7535
JANUARY 8, 2019	Update on Pet-friendly Community Action Plan process the City Council approved; directed staff that there needs to be data collection and assessment completed and then community engagement process. *Minutes:* https://www.cityofdubuque.org/ArchiveCenter/ViewFile/Item/7605
