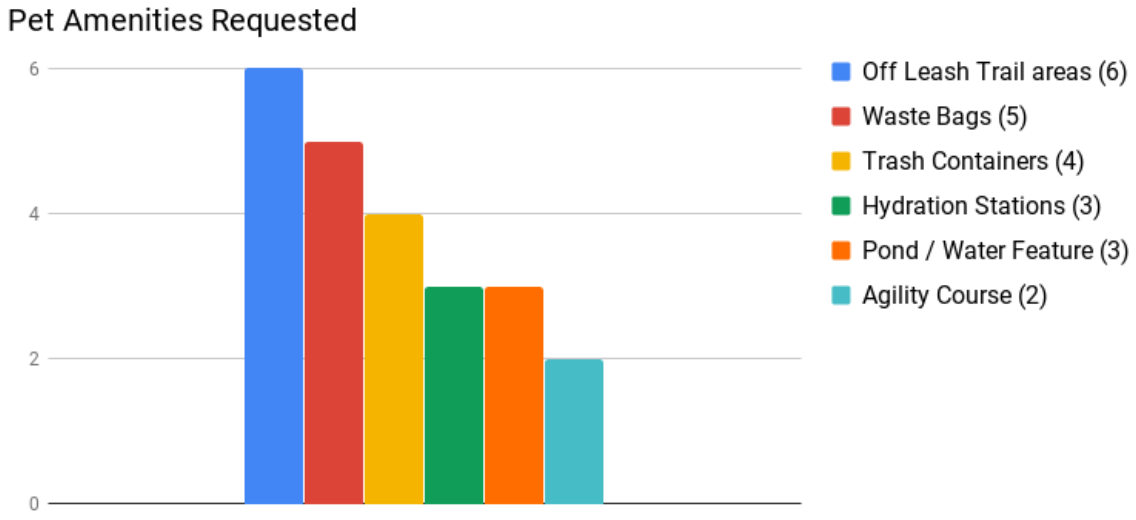
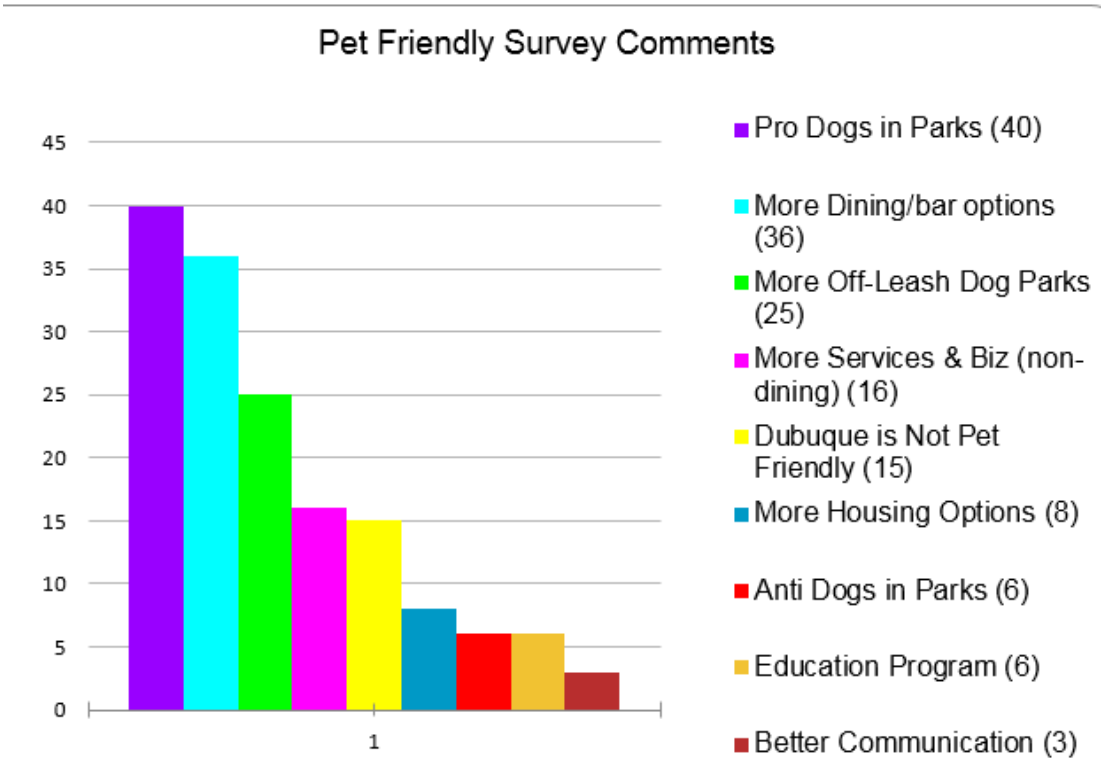
ANSWER CHOICES	RESPONSES	
No	87.33%	517
If yes, name of employer:	12.67%	75
TOTAL		592

APPENDIX K: PET-FRIENDLY COMMUNITY SURVEY COMMENTS

Comments Summary





Survey comments fall into seven general themes:

As part of the Pet-friendly Community Survey, participants were encouraged to make comments. Of those that left feedback, the comments fell into several categories such as general concerns that Dubuque is not pet-friendly, improving access to parks and other public amenities, consideration for restaurants and businesses, encouragements for growth in pet-related business areas were Dubuque is lacking, housing limitations, and responsible pet ownership and related education and enforcement.

Dubuque is Pet Unfriendly

- Nothing about Dubuque is pet friendly. It's a disgrace.
- I really feel that Dubuque is VERY pet UNFRIENDLY!!
- Dubuque is NOT pet friendly at all
- Dubuque is the least pet friendly community I know. There are slim to none pet-friendly services.
- Dubuque as a whole isn't pet-friendly!
- Dubuque is not pet friendly by a long shot.
- Dubuque is horrible for being pet friendly. Other cities such as Cedar Rapids, Madison Quad Cities are so pet friendly. It disgusts me that the City of Dubuque is so against pets in public places. I am a pet owner and always have bags to clean up. Most do. If they do have programs they are not that well publicized. Get with the program Dubuque. Don't penalize the responsible pet owners because of those that don't take care of there's. They should not have them in the first place. Thanks for this survey. Now let's get PET FRIENDLY and promote it for tourism as well.
- Dubuque is not a pet friendly city. There are many services lacking. Dubuque needs to do so much better in this area.
- Rarely saw anyone in public with pets
- All in all this town is NOT pet friendly
- Pets do not need to be everywhere.
- DBQ is far from pet friendly.
- No part of this city is pet friendly.
- I don't think pet owners feel entitled to too many services. I think it is good to limit pets in public spaces
- We need to be a more pet friendly city to attract young professionals.
- Dubuque is the most unfriendly city I have ever been in. Very disappointing. Glad to see a group working towards a city that you can take your pet to a public place and beyond .
- There isn't enough pet-friendly services or information.

Dog Park

- Another dog park that is not crowded. There are sensible homeowners who take care of their pets and would like to take their pets to public parks. Would not include Eagle Point park or the Arboretum. I would not expect my pets to be off-leash either it would be nice to take them to more public parks.
- There aren't enough public dog parks

- City parks should be pet friendly. It is absolutely absurd they aren't (need) Parks allowing pets. Dog parks, parks that are accessible for families that also allow the family pet to come along.
- If pets are allowed in parks, people living near each park WILL let their dogs off the leash in the park. Neighbors of a park will treat the park as an extension of their own back yard. That is what happened when Dubuque's Heritage Trail extension was opened to pets.
- Wish more city parks allowed dogs on leash
- I don't want pet friendly areas where dogs can be unleashed. I am terrified of dogs.
- Dogs are NOT people. Service dogs are-well-trained and calm, I feel safe around them. Many family dogs are not, jumping on you, running around the length of their leash. I grew up on a farm, we had many different pets. But I don't feel that dogs should be allowed everywhere their owners want to take them, their "rights" shouldn't supersede the rights of the rest of us to walk around not having to watch where we walk, or look to see if a barking dog is near and a danger to us. If the city feels pressured to have dogs in the park, for example, have a separate, designated, and well marked area for those who feel they must be there. Yes, they'll cry discrimination, but I'm not allowed to take my toddler to the casino either. There are laws for the protection of all. The laws say I can't drive 90 mph all the way to Dyersville, for the protection of other drivers and myself, even though I feel confident (and even if I've had 4 0r 5 beers.)
- The park restrictions are ridiculous.
- More parks should allow pets
- Pets are not allowed in any city parks.
- Most parks restrict pets even on leash. The public dog park has a very nice amenity but there's only one of them within city limits.
- I haven't been in any other community that is so restrictive when it comes to where I can walk my leashed dog. There are so many lovely parks around, but I feel like I can't enjoy them since there is little reason for me to go on a walk if I can't have my dog with me. It would be nice to have easy access to the park nearby so I don't always have to be walking beside the traffic
- Need -allowing dogs to be in public parks
- You can’t find any parks pets can go too
- we do not have a decent dog park
- More dog parks
- Parks that allow pets. Dog parks. All are needed!!
- INDOOR WALKING FACILITY FOR WHEN IT RAINS AND SNOWS.
- When we travel to other cities dogs are very much welcomed in parks. . It’s very sad that Dubuque will not allow animals in any of our parks
- Need parks
- Need Parks for on leash, parks for off leash. We can’t picnic at Flora when kids swim as dog can’t stay in hot car. We can’t play after work at Alison Henderson which is by my employer for same reason. Safe, calm pets should be widely welcomed.
- Need Well taken care of dog parks free to the public agility courses
- Need Pet friendly businesses and restaurants
- Need Dog friendly local parks that don’t cause me to drive across town to utilize.
- Need Off leash trails
- Need Parks, walking paths
- Not enough dog parks or access to public parks
- parks where kids can play while with pet
- Also, it is difficult to find out whether specific parks allow pets or not
- Need off-leash areas/dog parks

- Nice off leash dog. Park with a trail
- I wish that dogs were once again allowed in the parks with responsible pet owners who would pick up after their dogs. I live near eagle point park and would love to be able to walk there. I would like to see this reconsidered for all parks.
- Nearly 100% of our parks, and public spaces do no allow dogs. There are very few places for a dog to be off their leash. The dog park we do have in Dubuque, is extremely under par for what I have seen in other cities. It is big, but has no trees or toys, and very limited seating for owners. Dog park was recently improved by adding more gate space and a couple more benches, but gates are constantly locked- only one open to allow dogs in and out. benches are only right inside the gate causing a lot of traffic in one area. Dog park is consistently muddy.
- there are parks that aren't pet friendly, but the sidewalk leads through them.
- Need More then one off leash pet park.
- Need parks
- Need Off leash hiking trails
- Acres of wooded dog parks and hiking trails where pets can be off leash like in many other cities
- Pets should be allowed in most if not all parks in Dubuque. I have never lived in a city with such restrictions before. I have lived in at least 10 different cities.
- off leash area for dogs
- a multi-acre dog park.
- Would like to see pets allowed in parks and public areas with being told to put them back in your vehicle
- Allowing pets in parks at events (eg: Music in the Gardens at the Arboretum
- More parks/nature areas should allow leased animals
- More parks to visit with more green space to run and play
- off lead walking, jogging path
- Plus most parks aren’t dog friendly
- dogs allowed at all parks
- More than one or two parks. Only place with pet fountains are these parks.
- Very few parks allow dogs
- Dogs should be allowed in all parks. I feel sad that I can not take my dog to most of our lovely parks. I have taken her to parks in Galena because they are very dog friendly. Contact with dogs improves our lives. Think of therapy dogs. They are used to cheer people up in hospitals and even relieve stress for college students during finals week. Yet here in Dubuque, dogs are not allowed in most of our parks. I was raised in Dubuque, lived out of state for many years, then returned here. Dubuque is overall a very nice place to live; the only thing that really annoys me is that dogs are not allowed in most parks. I think this makes Dubuque a less desirable city to live in.
- I cannot find any parks near me that allow dogs.
- It’s very sad that Dubuque will not allow animals in any of our parks
- Nearly all parks clearly state no pets are allowed
- Extremely frustrating that you cannot take your dog to a city park on a leash!!!! I’m new back to Dubuque and hate that I can’t take my puppers for a walk at eagle point park. Leashes I get. No dogs is ridiculous.
- Need An agility park that doesn’t have a membership fee or associated with a company
- Parks. I can't find a park through which it is legal to walk a dog. The city's prohibition on dogs in most parks is outdated, wrongheaded, and discriminatory against people who require emotional support or other assistive dogs
- More dog parks, walking trails

Waste disposal and public pet amenities

- (need) Waste bags placed around town
- need more pet friendly water and bags along the Bee Branch
- there are no waste containers around major walking areas, Agility course, pond.
- Walking trails with trees, ponds, dog play area water fountain etc
- Would like more hydration stations on public land. The nearest to my house is almost 3 miles away.
- agility courses
- Agility course
- Finally, does the Bee Branch have doo-doo baggies?
- More parks/nature areas should have trash receptacles for waste,
- More , waste bags/garbage disposal
- almost zero dog water bowls on trails or on common walking streets
- although there are several areas to walk dogs in the city, there are not enough waste disposal containers stationed along those paths.

Restaurant and businesses

- (need) Restaurants allowing pets. Restaurants
- It is also very difficult to find a restaurant or brewery that would allow pets on their patio let alone inside.
- It is hard to find outside, even inside, patios and establishments where you can bring your dog. This makes the city feel like if you want to leave your house you have to find a dog park or leave them home alone.
- dog friendly bars and restaurants are needed
- more restaurants that allow dogs
- Restaurants allowing dogs needed
- Needed- Restaurants
- When we travel to other cities, dogs are very much welcomed in restaurant outdoor seating areas. . It's very sad that Dubuque will not allow animals in any of our parks
- It would be nice to have a restaurant/pub that allowed pets in. There was one that did allow them outside on their patio and the city stopped them from allowing that. I went to Indiana for training and there were a couple eating establishments that not only let them on the patio but ALSO inside!
- restaurants and businesses are not allowed to allow dogs/pets due to the local ordinance
- Need Pet friendly restaurants and stores
- Need Pet friendly restaurants/ businesses
- Need pet friendly restaurants, bars,
- Cannot go to a restaurant or pub and take dog anymore like when we had the Naughty Dog.
- Need pet-friendly restaurants
- Need pet-friendly restaurants
- Nearly 100% of our restaurants do not allow dogs.
- I do not want a pet friendly office at work.

- I don't believe pets belong in places of business unless that business specifically caters to pets.
- There are no restaurants, other than DQ, where you can eat on the patio with your dog. We travel to the river often with our dog, but if we're hungry and aren't going to lock our dog in a hot vehicle, we have to drive to another town to eat with them.
- Need Outdoor dining
- Very limited area for dog owners and businesses are limited friendly to pets. Those few you can bring a pet to, you are looked at as doing something wrong
- Restaurants, stores
- Need restaurants
- Need restaurants
- hardly any restaurants that you can go with your dog.
- Not allowed on restaurants patios anymore
- Allowing pets on restaurant patios
- I've lived in Europe and find it odd that dogs aren't allowed in outdoor areas of restaurants
- More dog friendly restaurants
- Yes, there are very few places that allow pets. If they do allow pets, they are small and crowded.
- More Restaurants allowing dogs
- Need Pet friendly patios at restaurants and bars.
- Most retail and restaurants aren't dog friendly
- Need Dining out with my dog at outdoor patios.
- Very few restaurants allow dogs

Private Services for dogs/pets

- (need) Canine chiropractor
- There are services but there aren't enough available to make any choice between them, and while services are available, they are limited in what they are able to offer.
- Shortage of boarding.
- Doggy day cares near downtown. Fido Fit is full with a waiting list,
- Need for Affordable dog walkers
- There are only two pet stores, I believe there should be more
- Vet services aren't well promoted.
- Vet Bill's allow to make payments
- I had trouble finding a new groomer when my previous one retired. The groomers I contacted (4 total) were full or had weight restrictions. I finally had to travel to Peosta to find a new groomer Need doggy daycares
- Doggie day camp
- More dog daycare at a reasonable price. More dog boarding options at a reasonable price.
- Agility training or places with actual clean water access for water dogs to swim in. There aren't many waste disposal options when I'm walking my dog
- Dog/cat sitters and dog walkers

- I would love to see a nice, upscale place to board pets. I have to rely on my vet office and I don't think those facilities are very nice. I'd love to see someone open a place like Stone Hollow (Cascade). I think business would boom.
- There's pet friendly services but very very few
- Yes, there are very few places that allow pets. If they do allow pets, they are small and crowded.

Rental issues

- The fact that the vast majority of landlords here don't allow pets is ridiculous!! Take a look at Cedar Rapids, most landlords there allow pets. Also, the pet deposits in Dubuque are designed, I believe, to discourage renters to have a pet. If someone wants to rent, finds a place they want, but then finds out no pets, what are they supposed to do, take their family member and surrender them to the Humane Society?? NOT FAIR!!!!
- Make all rental units accept pets.
- I cannot find rental property that allows medium/large dogs. It's not even breed restricted, they just don't allow any dogs- especially in the safer parts of town.
- Trying to rent as pet owner is impossible unless you can afford ultra high rent or deposits or are willing to live in a dump.
- There is a big shortage of pet-friendly housing in the area.
- Renting with a pet is a need
- My daughter moved here with two dogs and was unable to find suitable housing to rent. She had to rent in a less than desirable area.
- Need Places to rent that allow BIG dogs

Enforcement and responsible pet ownership

- Not all pet owners are bad, in fact, most are very responsible
- Too many dog owners fail to leash their dogs. It had improved slightly a couple of years ago but is now much worse. Dog owners need to leash their dogs and the city needs to enforce the leash ordinance possibly with stiff fines.
- Perhaps the city website could be more clear about options neighbors have regarding irresponsible pet owners: what can we do about scary off-leash dogs; neighbors who purposely let their cats go free to hunt, breed in the neighborhood, and mark on houses; and tenants who let their undocumented "therapy animals" trash rentals?
- Need Responsible pet owners. Owners need to take responsibility for their pets rather than expecting others to provide free services. I have four dogs and one cat. I make my choices based on what I can maintain and pay for. I do not expect others to pay for me. If I had children, I would choose the school district I wanted to live in. I would not expect a school to be built by my house for my convenience and expect everyone else to pay for it.
- Personally I'd like to see more education about responsible pet ownership above all else. Too many loose dogs accosting leashes dogs AND way too much nuisance barking. Can't take your pet in public if it doesn't behave or it's behavior is governed by hormones.
- Before expanding pet services, there should be a focus on responsible pet ownership. I would like to NOT be bothered by off-leash pets in public areas (even when leash rules

are posted), or waste that is not cleaned up. I dread having the same problems in restaurants and local businesses.

- One thing I would like to see in Dubuque is how to educate Dubuquers on dog behaviors. For example. there is a man that brings his dog to the dog park on Grandview - he tells everyone the dog doesn't like other dogs but needs to socialize and the dog is clearly uncomfortable there. This dog has not only bitten at my own dog but others. Now whenever he comes to the dog park. I leave. this has happened on multipole times with multipole different people. My dog suffering injuries from reckless dog owners. Maybe offer a free training class? If people see more dogs being friendly maybe Dubuque will become more dog friendly. If you want information, I would suggest talking to the people who are regulars at Grandview's and the Humane Society Dog Park
- I had trouble finding a neighborhood I could move to when I moved back to Dubuque because several of the newer communities do no allow physical fences. This is unacceptable to me. Underground (electric) fences are not an option as they do not prevent unfriendly dogs from entering my property nor do they prevent children who do not know how to behave appropriately when approaching a dog from coming on to my property.
- Annual pet licensing reminders should be sent at least a month before due.
- Annual pet license reminders are sent at least one month prior to renewal dates with a follow up postcard reminder.

APPENDIX L: CITY/COMMUNITY ENFORCEMENT REALTED TO PETS IN PARKS

Pets in Park enforcement is conducted by Park Patrol, Police, and Animal Control (AC).

A complaint may be received by:

- Dispatch- Police
- Park Division (3 seasonal employees working a total of 1809 hours for the season from May through October)
- Health Services Department (2 part time animal control officers for a total of 58 hours per week)

Response is dependent on:

- Who is on duty at the time of complaint
- Who is available at the time of complaint (i.e., not currently working on an incident)
- Proximity of the complaint to potential responding officers (i.e., if Park Patrol is at Eagle Point Park and complaint is at Murphy Park, AC or Police could respond if they're available)

Park Patrol Schedule (First Saturday in May through last Sunday in October)

Monday, Tuesday, Wednesday, Thursday	1 Ranger	3:30 p.m. - 10:30 p.m.
Friday, Saturday, Sunday	1 Ranger	3:30 p.m. - 1:30 p.m.
Friday, Saturday, Sunday	1 Ranger	5:30 p.m. - 1:30 p.m.

Animal Control Schedule

Winter

Monday	1 Officer	8:00 a.m. - 5:30 p.m.
Tuesday, Wednesday, Thursday	1 Officer	8:00 a.m. - 6:00 p.m.
Friday	1 Officer	8:00 a.m. - 5:30 p.m.
Saturday	1 Officer	9:00 a.m. - 2:00 p.m.

Summer

Monday	1 Officer	9:00 a.m. - 6:00 p.m.
Tuesday, Wednesday, Thursday	1 Officer	9:00 a.m. - 7:00 p.m.
Friday	1 Officer	9:00 a.m. - 6:00 p.m.
Saturday	1 Officer	9:00 a.m. - 2:00 p.m.

In August of 2019 Animal Control will have one full time and one part time for a total of 69 hours per week as an approved budget improvement package.

Enforcement may also occur via sightings/patrolling by Park Patrol, Police, and AC.

Park Fee collectors:

Park fee collectors is responsible for asking vehicles that are entering Eagle Point Park if they have a pet in their vehicle. If a pet is present the person will be instructed that their pet must stay in the vehicle. These patrons are recorded on a log and this serves as their first notice.

Park Maintenance employees (Seasonal and Full-time):

All employees in this job classification are required to make contact any time there is a pet in the park. These employees simply ask for compliance and inform the patron of the Ordinance. Staff inform their supervisor of the contact.

Enforcement

A warning violation is completed by the enforcing officer with a copy sent to AC in Health Services. AC monitors for repeat violators. All violators are recorded on the Pets in Park Enforcement Log by Animal Control. Anyone receiving more than one warning notice will be issued a civil citation. If the responding officer is aware that a second violation has occurred, a citation can be issued immediately. If a second violation is not noted until AC receives copy of the warning, the responding officer is notified to issue a citation.

Police issues a warning or citation via their process and document in the Police report that is forwarded to Health Services on a daily basis.

Fines

$85 Court Costs
$100 First Offence
$150 Second Offence

APPENDIX M: TRAVEL DUBUQUE PET-FRIENDLY DESTINATIONS

Flyer provided by Travel Dubuque

Pet Friendly Destinations in DUBUQUE

ATTRACTIONS

FENELON PLACE ELEVATOR

512 Fenelon Place | Dubuque, IA

Also known as the Fourth Street Elevator and the world's shortest, steepest, scenic railway – 296 feet in length. Magnificent views of Iowa, Illinois, and Wisconsin. Open April through November.

RIVER LIGHTS BOOKSTORE

1098 Main Street | Dubuque, IA

River Lights is a locally-owned indie bookstore, proudly offering culture, community, and connectedness. We feature a full spectrum of quality literature, and unique gift items, greeting cards and toys. Our terrific staff can help you find that perfect book.

DUBUQUE IOWA WELCOME CENTER

280 Main Street | Dubuque, IA

Load up on maps, brochures and merchandise that will help you get to know and remember this modernized city. Informational kiosks located conveniently throughout the downtown area will also assist you in your explorations.

ART ON THE RIVER

Mississippi River Walk | Port of Dubuque

Ten pieces of sculpture from artists across the country are selected for Art on the River, an annual outdoor exhibit, that will have you talking, smiling, and taking pictures.

A.Y. MCDONALD PARK

Hawthorne Street + Volunteer Drive | Dubuque, IA

This 8 acre park features fishing piers on the Mississippi, boat ramp, large play structures, walking/biking path, picnic tables and public restrooms.

JOHN G. BERGFELD RECREATION AREA

7600 Chavenelle Drive | Dubuque, IA

This 30 acre park features a pavilion, stocked fishing pond with two accessible fishing jetties, 0.8 mile hard surfaced walking trail, play equipment, 1.9 mile bike/hike trail and public restrooms.

MINES OF SPAIN

8991 Bellevue Heights | Dubuque, IA

1,437 acre state recreation area with 20 miles for hiking, 5 miles for cross-country skiing, EB Lyons Interpretive Center with nature and history exhibits, and the America's State Tree Woodland Walk and one mile ADA trail, Julien Dubuque Monument and the Horse Shoe Bluff area with scenic views of river.

DUBUQUE DOG PARK

N Grandview Avenue | Dubuque, IA

The 2.5 acre park is fenced and offers separate areas for large and small dogs. The park is to provide space where dogs can exercise and socialize with other dogs. Dogs can play off-leash in the Pet Park.

HADLEY'S DOG PARK

4242 Chavenelle Road | Dubuque, IA

Enjoy this private dog park courtesy of the Dubuque Humane Society. Over a acre of green-space allows your pup plenty of space to run play and socialize. Open year round and one time day passes available for purchase.

FIDO FIT

99 Main Street | Dubuque, IA

Need to do some human only exploring? Take your pets to doggy day care at FidoFit. Structured programming of agility, socialization, and rest will leave your pup happy and healthy while traveling.

EVENTS

DUBUQUE SUMMER FARMERS' MARKET

Saturdays, May - October, 7 A.M. - 12 P.M.
1300 Iowa Street | Dubuque, IA

Shop for locally grown produce and handmade goods at the Dubuque Summer Farmers' Market. Well behaved, vaccinated, leashed dogs are allowed at the Dubuque Farmers' Market. Leashes may not be longer than 36 inches.

WAGS AT THE FLAGS

Wednesdays, November - March, 4:30 - 8:00 P.M.
Five Flags Center | 405 Main Street, Dubuque

Come to downtown Dubuque's indoor dog park at Five Flags. This winter destination features separate play areas for small and large dogs, as well as the Bairaka Lounge for pet owners with food, drink, and adult refreshments.

YAPPY HOUR

Sundays - Thursdays, 2:00 - 5:00 P.M.
7 Hills Brewing Co. | 1085 Washington St, Dubuque

Get your dog out of the house for some social drinking! Enjoy drinks and the beautiful atmosphere of the Millwork District. The lower patio is dog friendly for Yappy Hour. No food allowed on lower patio.

LODGING

BEST WESTERN PLUS
3100 Dodge Street | Dubuque, IA | 563.557.8000

HOLIDAY INN DUBUQUE
450 Main Street | Dubuque, IA | 563.556.2000

Comments received by Leisure Services clerical staff via phone, voicemail, WebQA, letters and emails from 08/22/2019 to 02/17/2019	
A citizen called the City Clerk's Office on Wednesday and spoke with Trish regarding their ill feelings towards dogs in parks. Trish refered them to Leisure Services. Citizen did not reach out to Leisure Services. Kristen contacted citizen August 22 at 9:29am but no answer. A voicemail was left. -KD	No
Citizen came to the Park and Receration Commission Meeting and handed out a letter regarding their beliefs towards our current pet park and some recommendations. Citizen submitted a letter to file. - KD	N/A
Citizen came to Leisure Services on Tuesday August 13, 2019 to voice their concern of Dogs in Parks. Citizen also came to the Park and Recreation Commission Meeting. Citizen is okay with Dogs in Parks besides a select few like Eagle Point Park and the Arboretum. -KD	No
Citzen sent email to city staff voicing their concern with pets in parks. They are against it. Email added to file - KD	No
Citizens would like to recommend a specific piece of land that they own for the Dog Park idea. They wanted to speak with Lisa Johnson of FIDO to discuss this further but have been unable to reach her. They are in favor of Dogs in Parks and want to see a good piece of land used. -KD	N/A
Citizen emailed Lisa Johnson of FIDO with their opposition of dogs in city parks. Lisa Johnson forwarded the email to Kristen, Marie, and Steve. The attachment noted in citizen's email was not fowarded. Kristen emailed citizen for this attachment. -KD	No
Citizen came into the Leisure Services Office 8/26/19 around 11:12 am. Citizen is concerned about the length of leashes and would like to add a rule or regulation regarding how long the leashes can be. They are in opposition of dogs in Eagle Point Park and Marshall Park Arboretum as the citizen volunteers at these two parks and understands and can see first hand the damage dogs can do. Citizen wrote this concern on a green sheet of paper to which I handed to Marie Ware as there was other information on the sheet regarding another concern. -ED	No
Citizen sent an email to City Manager, Council Member Rios, and the health department. Citizen vocalizes their issues associated with dogs in parks and in our community. Included is citizen email sent. -KD	No
Citizen called Steve Fehsal after the article in the TH on September 10th about the discussion of an ordinance change and left a voicemail. Citizen rides their bike around the Hertiage Trail, Bee Branch, Flood Wall, and so on. Their concern is that when people have their animals on leashes that they will have the expanded leash which causes accidents for bikers. If this is something they are exploring they need to have the 6 foot leashes and not the expanded ones and we should have proper law enforcement to make sure rules are being followed. KD kept the voicemail forwarded. -KD	No
Citizen mailed a letter and attachments regarding their opposition to opening our city parks to dogs. Filed their letter and attachments into folder. Stephanie Valentine shared it with the Mayor, City Council, and MVM -KD	No
Citizen sent Randy Gehl an email following the press release against pets in parks. Copied email sent to Randy and filed it. -KD	No
Citizen emailed the department. They are opposed to any animal that could bite children. This not only would scar the child emotionally and physically, but would also set up a lawsuit against the City of Dubuque if such a bad situation would occur. Keep the Parks free of animals feces and let kids play safe. Thank You. KD has a file copy of email. - Jo	No

Please reconsider agenda related to allowing dogs in city parks. My dog is "part of my family" and would love to include her on family outings. I understand concerns about responsible people cleaning up after and controlling their pets, but I believe it is no different than responsible people puting a grocery cart back, not littering, or following rules and common courtesy. There will always be the small percent who lack responsibility. Thank you for your time. (This came to Jolene as a WebQA. Jolene printed off for Kristen on 1-13-2020.)	Yes
Letter received in the mail. Citizen vote is "no" for the ordinance change. Letter added to folder - KD	No
Steve Fehsal received an email from citizen regarding dogs at the Farmer's market. They are in favor of having dogs at the Farmer's Market. Email has been printed and added to folder. -KD	Yes
Citizen wrote a letter to the editor of the TH not in favor of allowing pets in parks and other areas. Highlighted and printed off the letter into the folder. -KD	No
Citizen emailed the department sharing their strong support for the approval of the updated ordinance and the increased attention to making our local community pet and pet-owner friendly. (Email was forwarded to Kristen on 1-14-2010.) -Jo	Yes
Citizen sent a WebQA to City Council in favor of pets in some parks. Attached is the webQA -KD	Yes
Please no pets in Eagle Point Park. Attached is the webQA -KD	No
Citizen is unable to attend the public input session. They wanted the City Council to know that they is in favor of pets in parks. Attached is the WEBQA -KD	Yes
Citizen wrote a letter to the editor of the TH in favor of pets in parks. Copy of letter added to file -KD	Yes
Citizen submitted handwritten letter describing strongly against pets in parks. Added to file - KD	No
Citizen submitted WebQA stating, "Please no dogs in Eagle Point Park. Thanks" - Attached is the WebQA. -KD	No

PARK AND RECREATION SPECIAL MEETING
Tuesday, January 14, 2020
6:00p.m., City Council Chambers, 2nd Floor of Historic Building

PRESENT: Rebecca Kuhle, Ray Werner, Matt Garrett, Hobie Wood, Jennifer Tigges, Robin Kennicker

ABSENT: Robert McCoy

STAFF PRESENT: Marie Ware, Steve Fehsal, Dan Kroger, and Kristen Dietz

PUBLIC COMMENTS REGARDING PROPOSAL TO ALLOW PETS IN MOST CITY PARKS:

Jerky Schmidt
206 Southgate
Yes - In favor of having pets in parks I am looking forward to the day when I can walk my leashed dog in City Parks.

Sue Hass
960 Matthew John Drive
Yes/No – but only certain parks. Pet owner, grateful for city putting out bags for pets. The community does not clean up after themselves. Not a lot of options available for pets to go to but irresponsible pet owners' ruin it for all pet owners. The parks need to be selective. Kids can be harmed, and things need to be enforced. It is a big task to enforce. Water fountains, bag stations, other areas need to have careful consideration.

Mary Storm
960 Mayfair Ct
No – against. Was attacked by a dog. She had damage done to her calf. She had a serious injury causing a blood clot and had danger of going to lungs. She had medical bills with treatment. Animals are unpredictable. She is fearful. City parks serve people and not pets. Pet owners are not always responsible. Develop another dog park instead of mixing the two. Do not invite dogs to a recreational environment for people even if they are on a leash.

Kathy Hartman
535 Candlewick Ct
No – against. I am not a pet owner, but I agree with Mary (above). Pets are unpredictable. I live in a nice area. Pets run next to owners without leashes. There are larger dogs that scare people in this area. My son lives in downtown Des Moines and the apartment has different floors of the apartment building in which animals are allowed to go to – it is restricted areas. Pets are currently allowed in AY McDonald Park,

Bergfeld Recreation Area, Port of Dubuque Marina and Pyatigorsk Park. There are a lot of companies and businesses that allow pets currently, as well as hotels. Pet owners need to utilize these places instead of animal non-occupied areas. Where is the compromise?

Christiana Schmitt
1377 Wood Street
Yes – for. She believes in a change. She wants to see dogs in Eagle Point Park and other City areas. Her dog is currently training to be a therapy dog. Dubuque would be taking a step in the right direction for both lifetime residents and newcomers to Dubuque. This is the only major city in Iowa that does not allow dogs in City parks. She went to college here and is employed here currently. She likes to go to Eagle Point Park but wants to be able to take her dog there. She asks that we do not blame animals that poop on the grass – it is natural for them. Most owners want to clean up after their pet. As long as the bags are available the owners will use them. We can train the owners. Dogs are family and no family member should be left behind.

Jim (James) Meder
2283 Hoyt Street
Yes/No. People need a lot of separate places from animals. There are people that do not want. There should be zones available for pets. Pet owners should be treated as equal. There is going to be too much feces. Dogs are warriors. Is there a leash length law? I would suggest 6 feet. Some areas to walk along solid surface for example Eagle Point Park where you can enjoy the river but surrender to people walking by. As far as water the owners should provide wherever they go.

Jordon Von Mulert
855 Valentine Drive
Yes – for. I came from Illinois – I would like to tell my different experience. It was 130 a.m. when a bomb went off in the park across the street. I tried to help the police find the blast, but nothing was found. It was around 430 a.m. when a dog owner/walker (our friend) went out to walk their dog. It was that dog owner that found the body of someone who had blown themselves up. It is not just the benefits for the dogs, but dog owners are the first and last people in the parks. This was also a park that was attached to a playground and if the dog walker did not find this then the children would of. Keep that in consideration.

Richard Kirkendall
1725 Alta Place
Yes – for. Five years ago, I stood in the same spot to allow dogs in parks. Commission requested to have pets on leashes in parks and the City Council shot it down. Multiple City Council people and Mayor said we need more time to see if dogs and coexist in public spaces. There has been an additional research done over the past five years and

dogs have been allowed in several places like AY McDonald, Farmer's Market and such and if we take the data, it will not show finding of dog attacks in AY McDonald that now allows it. Ay McDonald is still a beautiful park. It has not been overly contaminated with dog feces. Children are not getting diseases. No dog apocalypse. Every other city allows dogs and people to coexist peacefully. Dog owners are healthier as a result. That should be enough. We go to City Council and no one can say we have not had enough time. We had many votes. We have had a lot of people shoot this down. But majority have consistently said yes to allow pets in parks. I understand what it means to be part of Commission, I was on it originally to get pets in parks. It's not about dog feces or people getting bit. It's about having a good story and the fear will do the rest. Instead of relying solely on data I will leave you with this, I loved my dog his name was Toby. I found him in Texas, and he was with me every day. He was with my friends and family when I was deployed to Afghanistan and he went to Germany with me. I came back to Dubuque with him and we would go on adventures. We would go out to Mines of Spain, Bergfeld Pond and a few other areas. We could not go to Allison Henderson, Flora, Valentine Park and to suggest Eagle Point Park was a bad idea. NO pets allow. I hope for change. He has since passed away. Any dog owner will tell you; it hurts when your friend passes away especially when the city you live in labels dogs as dangerous and dirty – but life does go on. Five years down the road. Though I have lost him, I am blessed. I have a new dog. Nothing warms my heart like my two-year-old playing with the dog. My child gets excited. He wants his child to be able to take his dog to the park. Let my whole family go to the park.

Art Galloon
535 Heritage Drive
No – against. Thank you for serving on this Committee and volunteering your time. I oppose the proposed ordinance and here is why. I come after my good friend, Richard Kirkendahl. When I talk about the ordinance I am talking about the proposed ordinance by the Commission. Health, safety, human rights vs. animal right, cost, and tourism. The ordinance allows every park to become a pet park with a pet on a leash. Look at the current pet rules. "Dogs with a known history of, or who exhibit dangerous behavior are prohibited" , so dogs with a past history are allowed in the parks? The current pet park rules should reflect in the other parks if the proposed ordinance goes through. "Dogs must be healthy, full immunized, de-wormed, and wearing license and rabies tag". It is a good rule, but it will not be followed because it goes under the owner not the city. Last one, "Enter at your own risk" is listed on the pet park sign. That would be appropriate for the ordinance if this were to pass. For example, proposed ordinance at Eagle Point Park there would need to be sign out front at the toll booth that says, "Enter at your own risk". Is the person at the toll booth going to check to see if pets are wearing their tags or have had shots? How can the City or Commission guarantee the safety of people or children or senior citizens? Dubuque requests licensing to prevent the spread rabies. Rabies are a constant threat and can be fatal to people. Being up to date on vaccinations are a state law and that is why licenses are mandatory for everyone. But

the ordinance mentions nothing about that. Health and safety to the will of dog owners. That is not right. Dog events are currently available. Wags at the Flags charges animals ($4) to come in are we going to charge customer and people to go into the parks. Will a similar cost be assessed for dog owners or will the citizens have to pay that fee? That will cover signage, bags, staff and enforcement. The pet park rules mention about the frequent interaction you may encounter when going into the park and how the City of Dubuque is not held liable for these interactions. So, do we now tell park goers that use picnic blankets on the ground that they need to be on-call? That it is possible to lay in poo while laying on a greenspace in a park? If they are bitten, bothered or attacked do we tell them that there is no remedy towards the City and Park and Recreation Commission or anyone who is involved in installing the mechanism to keep dangerous dogs out of Eagle Point Park? Apply that to every park now that dogs are not allowed. Do children and senior citizens who walk along the bluff at Eagle point Park have the same right to the sidewalk as leashed pets do? The ordinance mentions nothing about the human right of way. Human rights are not said to be greater than animal right in every instance. Are any consideration made for Eagle Point Park, Murphy Park or Flora Park for people who want to be free in our parks from urination and defecation and with no mechanism for enforcing. When the first altercation happens between a human and a human with a dog, do dogs have equal rights like humans do? When the first child is bit in the face (yes attacks do happen), will the family of that child have to sign over paperwork going into a park with the sign, Enter at your own risk. Is that what we are going to give the citizens of Dubuque? Dogs have their own parks. Tourism is number one in the Dubuque industry. It is an All-American City without letting animals into our park. Miami Beach is an attraction but they do not take animals to the beach but what attracts people to the beach is not allowing pets on the beach. Alternatives – Rework the proposed ordinance and do not rush the city. Address the biohazard with urine and feces. Propose a fee for service operation and have to pay for signage and staff training. Allow certain parks for animals. Allows no break in period. Irresponsible pet owners will have issues and not others. Pets not allowed does not mean bad park. It is a pet-friendly community without having pets in every park. We are an All-American city without having pets in our parks. Current ordinance does not respect quality life of people who are anti cats/dogs. Enter at your own risk. Thank you for your time.

Kristin Woodward
2319 Manson Road
Yes – in favor. Husband Steve and I have dogs and cats. Here to represent Two By Two character development program has been providing education for over 15 years to every second grader – children need to learn to be kind, respect, and empathic to people, animals and the environment. Tonight, we are discussing to become a Pet-Friendly Community. The Two By Two Board of Directors are willing to promote the education and is currently working with Robin MacFarlane with the Be AWARE campaign. Two By Two is interested in co-branding signage in the parks to promote responsible pet owners.

Bob Fritsch
1264 Mount Loretta Ave
No – against. Park Division Manager previously. Refers to Arts (Art Galloon) references. Keeping pets out of our parks has worked well in the past and it should not be changed. There should be accommodation made for pets. I am a pet owner and I do well for taking care of my pet. When I came back from New Zealand – the best thing living there was what it lacked. It was not overrun by complex relationships like we are talking about getting into here. Neighborhood parks service people first. You change the space by adding pets into parks. After being a Park Manager I know that once you add pets in parks that it no longer is a space for people. Once you add pets you cannot change that.

Kim Daykin
275 Southgate Drive
No – against. Dog owner and lived in Dubuque all my life. Near EPP and not a different area. As a dog owner, do not put this ordinance into place. People are not responsible for their pets. Dogs are attacking other dogs. I rescued a dog from the humane society and even with training some dogs still attack. I walked in multiple areas. Except for the city streets pets were not on leashes but my dog was attacked. All dogs are not perfect and there needs to be a few places where we can walk without dogs. At Heritage trail my grandchild is not scared. I am no longer going to the Farmer's Market because the last time that I went, a two-year-old was circled around scared by three dogs. This is what we are dealing when we allow dogs around people. Dogs are a part of family, but they are still animals and they act like animals. Please consider everything. I hope you vote no.

Jess Ochoa
1970 Hale Street
No – against. I know Dubuque parks. Boseman, Montana is where I came from. Environmental lovers and love their dogs. The park I would regularly walk through was a dog friendly park. So, I am living in a city where people love the environment, but people are not picking up after their dogs. I was an AmeriCorps member and we chose one park to pick up dog poo and we picked up over 200 pounds of poo. Lima, Peru the only place to take the pets is parks because they are not allowed anywhere else. There are a lot of trash cans for dog poo. It is simple to pick up dog poo. My children can only play in areas that is fenced off where the playground equipment is. You cannot go to the park and lay on the ground because of poo and urine. This is my own personal experience. I want to ask, have I ever been to a city where dogs are allowed in parks? Do I want our parks to be like that?

Marianne Kirendahl
1215 Valentine
Yes – for. I am a veterinarian. My job is human and animal bond. Dogs are an opportunity to expand our network. In the age of isolation dogs provide us with social opportunities. We can connect with our neighbors. People with dogs are more likely to expand their social networks and their neighbors. Build a lot of social capital, improve overall dynamics. There have been concerns with bites and cleaning up after their pets. Look at the other places that allow people to have pets in parks. Dubuque is the only large city in Iowa in which you cannot walk your dogs in parks. Even Central park in New York City you can even walk your pets in the park. People from other city are confused as to why they cannot walk their pets in our parks. Tourism is huge in Dubuque with river and pets on leashes can be walked and we need to protect these areas but it's one of the few places you can walk your pets. The law was set back in 1969 and since then we need to look at the surrounding communities and be part of the vibrant community. All family members matter. Mentioned history with the law.

Jan Zivojnovich
1600 Amelia Circle
Yes – for. I walk my dog with my child practically every day, I was just down at AY McDonald and I walked around with my doggie bag and I am down there summer and winter. Most people are walking their dogs. It is a great way to get exercise. I am down there a lot probably at least 3-4 times per week year around and I have seen people are very responsible pet owners and they pick up after their dogs and if you happen to see someone without a leash on their dog, the responsible owners tell them to put a leash on the dogs. I would like to walk in Eagle Point Park, and it is in our neighborhood and I do not want to drive out to the Mines of Spain. There is a trail. It is good exercise. There is not a problem. I was here a few years ago saying the same things as well. I was glad they got AY back. There is nothing wrong with that.

Benjamin Carryer
450 Alpine Street
Yes – in favor. It is ridiculous that dogs are not allowed in public spaces. It is foolish not to allow dogs in parks. We pay taxes. I hear a lot of irrelevant and irrational fears. If people are not taking care of their pets that should not affect the ordinance. All this current ordinance does is punish people who are responsible.

Nan Welch
729 Brookview Square
Yes – in favor. I am thinking about history of dogs in my own life. My dog spent time in the basement as a child. My mother did not care for him. He did not get out of the basement much. Until my dad would come home from work. As an adult I now put my dog first before my family. I would not have taken my childhood dog to the park because she would have been scared to death but now with the times I would. With the

millennials I would now. They showed what a furry member can be. It's now for my children and their pets. We would like the chance to walk through parks in Dubuque with my dog and entire family. Robin with her education will come through to help educate the citizens of Dubuque, I work for Two by Two and the education with children will help with that. There are the few people that would ruin it for everyone.

Kimberly Oberbroeckling
2152 Golden Eagle Drive
Yes – in favor. I have been a Dubuquer all my life. No one understands why animals were banned from parks in1969. Likely no leash laws and we have leash laws now. I have family in Davenport, Ames, no one has had issues with dogs in parks. 2014 Cedar Rapids was named All American City. 100% compliance is ridiculous. There are traffic laws and 100% does not agree but cars are not banned. I grew up in Eagle Point Park area and I would love to take my dog there. When my extended family comes back, all my family members cannot attend because pets are not allowed in parks. I would like to see the ban lifted. Saying there is going to be bites and attacks is fear mongering. We have had pets and parks that are pet friendly (5 years ago) and I have not heard about wide spread issues with dog feces bites and attacks so I would like to see the ordinance pass and allow dogs in the rest of the City parks. Does not seem to be a problem. Some of the areas that they are allow in now are not accessible so it would be nice to have neighborhood parks accessible for those people.

Robin MacFarlane
1640 Aspen Meadow Court
Yes – in favor. I did not have intention on coming up but since my name was mentioned I figured I would step up for the benefit of the audience. This is an economic piece. I notice some hesitation that 62% majority of pet owners are millennials. Not being able to have pets in parks is crazy. I have been east to west and dogs are allowed in the parks. Dubuque is behind the times. We are used to not having dogs in parks but the fact that we are penalizing people that are responsible it is not right. Since I am a responsible pet owner, it does not give me the chance to allow my dog in the park and to clean up after him. I give what I can under my control. My Be Aware campaign and I are both against irresponsible pet owners. Not having my old dog by my side sucks. I agree with Mr. Kirkendall. Dog parks are not my thing. Quit punishing responsible owners. I want to be able to go out in the public with my dog and not just go to dog parks.

Cassie Bird
1561 Parkway Street
Yes – in favor. Want to start a family in Dubuque and it is not pet friendly. When my parents bring the dogs, we are limited on where to go due to not being able to have pet friendly. We do not have an area for the dog to properly exercise. For my generation, we give dogs the right treatment and it is beneficial for own health. It is a huge decision

for people my age on whether or not they want to stay in Dubuque once they graduate college. In order to make that happen, young professionals need to be able to go to the parks with their dogs.

Kenda Summers
514 Woodland Court
Yes – for. I have a goldendoodle dog and I frequently take him to parks that allows pets in them currently. I walk Bergfeld quite often. I have never been fearful of a dog attacking me. When I go to Bergfeld pond it is geese feces. And no one seems to be alarmed by geese or geese feces. I think there is a real danger in not being open to change. The world is in constant change. There is a worry about people being stagnant.

Joshua Bird
1561 Parkway Street
Yes – for. I come to attend Loras College. My parents have a dog and it's their 3rd child. It is tough when my parents visit because they have animals. My mother struggles with walking so taking my mother and dog to Mines of Spain is a struggle. It would be beneficial to leisurely walk. Not being able to bring others is not okay.

Nancy Bradley
2380 Clarke Crest Drive
Yes – in favor. In favor of an additional dog park as well. I live near the one on Grandview currently. I have lived in Dubuque most of my life. A whole lot of smart men and woman have brought us from a dark time. We want to be a vibrant, alive and attractive community. We are not a pet friendly community and we know that. Thanks to you, we have the opportunity to move forward. I thank you for the opportunity and consideration.

Judy Greene
980 Davis Street
No – against. I do a lot of walking and riding my bike in the parks. I go to parks where pets are not allowed. I have been on bike ride where animals have attacked. I walk in cemetery because dogs are not allowed in there and no feces. I would not be able to walk in any of the parks if this is passed. I have a lot of elderly people in family and dogs have taken them out. So, if a dog charges to a kid who is going to pay the lawyer fee and pay the bills? Is the City liable? Will there be a sign that says enter at your own risk? If we enter at our own risk and something were to happen, I would sue the City. Keep that in mind I love dogs and people but there are certain places for dogs and certain places for people. I would not be able to go to the places if animals were allowed. Elderly community would not able to go. Responsible pet owners I love them to death – I walk down Windsor and they do not pick up after themselves. It's disgusting and gross.

Marissa Joer
Grace Street
Yes – in favor. Moved to go to University of Dubuque and why I chose to stay here is because of how far the city has come so far in the past five years. Has to appeal to the younger generations. 67% of households have dogs. 80% of Millennials want to live in cities where animals are welcomed. In proposed ordinance not all direct places so people who do not want to be around animals will still have those options to go to. This is not making it so every place allows pets. Children playgrounds will not allow pets around them. Dubuque is the only major park that does not allow pets in parks. Establish families and homes. Dubuque wants to attract these people but in order to do some this would only be a step in the right direction. But clearly if most cities allow pets in parks it outweighs any negatives. I am in favor of the ordinance.

Lisa Johnson
206 Southgate Drive
Yes - in favor. One step forward towards making Dubuque a more pet friendly community.

Pat Galliart
1300 Tomahawk Drive
Yes - in favor. Thank you for your consideration.

Chuck Harris
Just a question - Does Eagle Point Park currently sit on Historic Places?

Sherry Moore
Dickeyville Wisconsin
Yes – In favor. Come at that standpoint from a tourism standpoint. If you compare to a lot of other cities, we have a unique opportunity from a historic standpoint to make this change and allow pets in parks. I am a responsible dog owner. We travel a lot. Choose our travel points based on pet friendly. 90-billion-dollar industry and in the next over 5 years 100 billion dollar industry and economically good standpoint and I do feel as though it is a loss for the city of Dubuque.

Lyle Galliart
1300 Tomahawk Drive
Yes – in favor. I think I am a boomer and it would be good for future generations. We recognize that it would be a good thing for the community.

Gerry Welch
720 Brookview Square
Yes – in favor. Golden Lab not disturbed by the animals but by the people and the mess

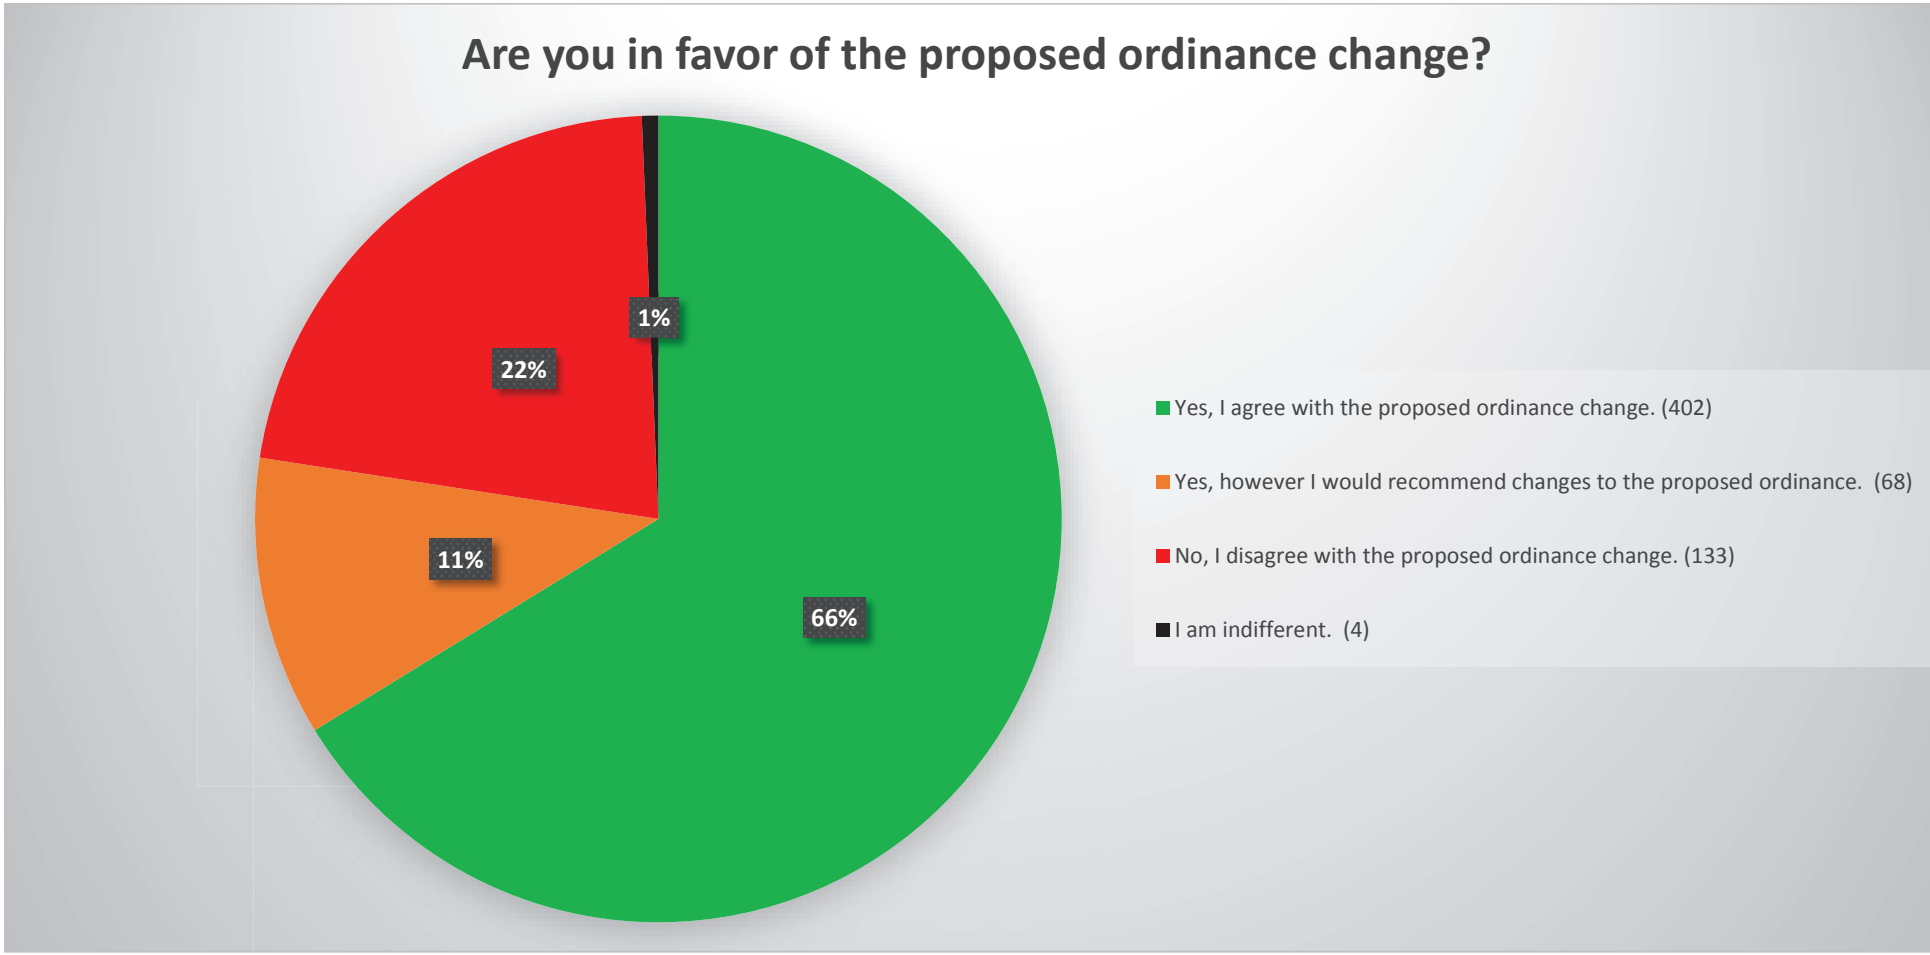
that they leave. My wife says let’s go to Swiss Valley, but I am afraid that we will get mugged. I currently live two blocks from Valentine Park and I am unable to take my dog there. Allowing pets in parks is social aspect that is needed. My family has yet to go to the park because dogs are not allowed to go.

AJOURNMENT:

It was moved by Kennicker, seconded by Tigges to adjourn the meeting at 8:00 p.m. Unanimous.

Parks and Recreation Proposed Pets in Parks Ordinance Change Survey Results

(Surveys – online and paper – was available from January 2-17th, 2020)



Yes, I agree with the proposed ordinance change.	66%	402
Yes, however I would recommend changes to the proposed ordinance.	11%	68
No, I disagree with the proposed ordinance change.	22%	133

All Parks

-I stand up for everyone should have their pets at any parks there's no reason not to have it!! Dubuque community needs to be pet friendly at all park!!! Davenport Iowa is all pet friendly at all of there parks!!

Allergies and also commented on Nuisance

- I don't like dogs, they bark. I am allergic to cats.

Enforcement and also commented on Anxiety/fear

- I'm somewhat skeptical of the ability to enforce provisions like keeping dogs on leash and picking up waste - who will be able to do that all across the city? My three-year-old daughter is scared of big dogs, and I would hate for her enjoyment of going to the park to be affected by irresponsible dog owners.

Comments from Citizens who responded “No, I disagree with the proposed ordinance change.” (122)

Allergies

- Our grandson is EXTREMELY allergic to dogs. Contact with a dog could send him to the emergency room.

- My grandchild is severely allergic to dogs

Allow

- Part B: Pets on leash should be allowed in city parks it helps build good neighborhoods.

Anxiety/fear and also commented on Waste, Enforcement, Pet Parks

-The parks are intended for people, mostly children, and many of which have a fear of animals. Whether it’s unfamiliarity or a previous traumatic event, it’s unfair to ask community members to deal with the potential distress of dealing with the presence of dogs in a place that is intended to be a safe, outdoor place to enjoy ourselves. It’s Particularly unfair to to ask our children to have to deal with these fears

- I am a pet owner, but I do not want pets in our parks. I have young children, and one of my kids is afraid of dogs, especially big dogs. If dogs were allowed in parks, we would not be able to enjoy them as we do now. Some pet owners would be responsible and keep their dogs on leashes, and pick up after them, but others would not. Even dogs on leashes, especially big dogs, can create a tension in the park for some people. Please consider adding more dog parks instead. Thank you.

- I myself am afraid of animals NOT on leashes. I feel we need to make everyone feel safe. We have enough violence in this city and why try add to this.

- My son is afraid of dogs. If almost all parks are going to allow dogs, he won’t want to go or will want to leave as soon as he sees a dog.

- Are dogs more important than the children that have anxiety over them??? Parks are for kids, families, not dogs. Believe it or not, there are many, many kids afraid of dogs. Dog owners have showing us to be irresponsible. My granddaughters already don't go to Bergfeld because of the unleashed dogs and all the feces. The taxpayers and kids should not be afraid to go to a park to worry about getting bitten or stepping on dog poop. Have you seen all the dog poop around Bergfeld park? Have you seen the amount of dogs that are no on leases around Bergfeld? I have and it is

a fact. Dog owners have already proven to be they are not capable of following the rules. Dog bites will happen, dog poop will be everywhere. Please use your common sense. Again, let me ask, are dogs more important than the children that have anxiety over them? Thanks for your service.

- I think there should be some parks where pets are not allowed for the sake of people with animal allergies and so parents can let their children play and not have to worry about pet owners not following the rules or having animals get too close. This is very traumatic for children who have a fear of animals. And lets be honest, lots of dog owners don't pick up waste and you shouldn't have to watch every step you take.

I have a very friendly dog. But I do not think they should be allowed in parks. To many irresponsible people. To many people children who are,afraid of them

- Parks should be a place where children and families can run free and play on the equipment without animals or their waste. Some children (and adults) are extremely afraid of dogs, leashed or not. Also, even though the dog feces are supposed to picked up, the dog urination still lingers in the grass where children may come in contact with it as they play or walk through it.

- My son with Down syndrome is very afraid of dogs (actually all animals) even after we have tried to train him otherwise. He screams and runs from even our neighbors' very nice dogs and won't go near our nice house cat. I would not be able to stop at a park with him if dogs were present or would need to leave if any showed up. That would be a bummer and a bit unfair. I'm wondering if this is the case with just him, or many disabilities such as autism? Can this be researched first?

- If all pet owners actually kept their pets on a leash and restrained, maybe I would agree to them in some parks, but not the majority. There are many people of all ages who have a fear of dogs. They should not be restricted from the use of the parks when they are placed in fear. Also, I do not want to be concerned with owners not picking up after their pets.

Current Ordinance is Sufficient and also commented on Eagle Point, Waste, With restrictions, Enforcement, Safety

- I do not want the city to allow pets in any more public parks.

- The current restrictions and allowances for animals in parks is sufficient

- Dogs have enough places that accept them.if If you allow changes, please keep Eagle Point as a No Pets allowed area.

- Dog are fine at places like Heritage Trail etc. I personally do not want dogs in parks where people picnic. Some dog owners pick up after their pets and some do not. Perhaps parks could have designated dog areas.

- No animals in the parks,leashes or unleashed.

- I am fine with leashed pets on trails and open spaces. I'm not sure what a parkway is. I am opposed to pets, leashed or otherwise, in parks. Enforcement of leash usage and removal of pet waste will be difficult. It is also a waste of park patrol/DNR personnel's time. Furthermore, parks are where many people gather and it will be likely that pet owner's will not be supervising their pet as closely as they would when walking them on a trail or in an open space. This increases the opportunity for kids to walk into pet waste or approach an animal that may not respond well to children.

- No. DOGS in the parks . The city needs to Stop this issue now

- No dogs in the park!

- I believe the ordinance is fine like it is with dogs not being allowed in the parks. It isn't so much that I have a problem with the dogs, it's more the problem with their owners not training them. They allow the dogs to sniff, smell, and jump on you without caring at all.

- I want to keep the parks dog and cat free. We have a dog park and I personally walk on the trail behind Kerper where dogs are allowed many times I have almost stepped in crap left behind by furry little friends no offense but it is not a good time cleaning off your shoes or wondering if this dog is going to growl or snap at you. If you ask people that have been bitten by dogs I would be willing to bet most owners will tell you that there dog has never bitten anyone before. Parks are for the residents to enjoy the beauty. Please take this to heart not everyone enjoys your dog. To each there own but let me enjoy the city parks. Thank you

Eagle Point and also commented on Waste & Farmer's Market

- Eagle Point Park is a jewel. Eagle Point Park should be a park for the people. It is used for concerts, where people sit on the grass, there is a children's wading pool, there is a fish pond and multiple play ground areas. How would you keep dogs out of these people areas? It should be kept as a preservation for these uses. Please do not take this beautiful park away from the people who currently enjoy it without the fear of dogs and there messes.

- I am absolutely opposed to all pets in Eagle Point Park. I am concerned because there are dog owners who continue to refuse to follow the rules throughout the city. I do not trust enforcement of rules would happen or be possible.

- Allowing animals within city parks, most especially Eagle Point Park, will drastically alter the character and environment of these public spaces. Children (and adults) should be free to roam and explore these parks without concern that they will encounter others' pets (and waste). Even if an owner follows the regulations, barking dogs create a noisy, chaotic, and potentially frightening environment that diminishes others' enjoyment of these public spaces and can further disrupt natural wildlife including bird species. As a lifelong Point resident, I am deeply concerned that allowing pets will forever alter the peaceful nature of Eagle Point Park, which is already on the National Register of Historic Places. Countless individuals seek out the tranquility "the Park" (as Point residents refer to it) provides. Many of our fondest family memories include the Park. Visits to the Park calmed my late sister as she endured the final stages of dementia and I so enjoy taking my grandchildren there now. A small minority of vocal pet owners has persisted in this pursuit without consideration of the impact to the rest of the community. I love animals and have owned many throughout my lifetime. I never once felt I had the right to bring my pets with me wherever I pleased. There is a time and place for all things. In this case, simply increase the city space allocated for pet parks. That way, all who choose to gather in those spaces choose to be in the presence of pets and voluntarily accept the resulting environment. This is analogous to creating skate parks or other areas designated for specific activities that would otherwise be inappropriate for general-use public recreation spaces. On a final note, the much-cited survey included in the August 5, 2019 assessment involved only 615 individuals – that is, approximately 1.4% of the adult population of Dubuque responded to this survey. Such a limited survey cannot be used as the basis to make significant decisions regarding the city's public spaces. Please do not pass this proposed ordinance. At the very least, please exclude Eagle Point Park.

- My spouse & I go to Eagle Point Park almost every day during operating season. We enjoy the tranquility, wildlife and beauty of Eagle Point Park. Dogs aren't allowed, but this last summer a day didn't go by that a dog wasn't brought in to the park. One dog didn't change the park, but what happens when we have 2 to 50 dogs? The park will not be the same with dogs.

- I feel Eagle Point Park should remain pet free. There are enough parks for them to go to, it would be nice to have one park that is free from pets. I also feel they should not be allowed at farmers market. Farmers Market is becoming a dog show.

- Not in favor of letting dogs or cats in most city parks! Eagle Point park, Flora park and children's playgrounds should not be included! I should have the right to use and enjoy the quietness and surrounding beauty of Eagle Point Park

without the concerns of barking, irresponsible pet owners not picking up after their pets! There are many irresponsible adults that seem to own pets! I am concerned about children having fun at their playgrounds without the fear of being bitten by a animal! Is the city prepared to accept some responsibility in incidents that may occur as they are allowing animals to be interacting with people (children and adults) ? I would rather support a new pet park where pet owners can take their pets and the owners can visit while the pets are confined ! Thanks for letting me voice my opinion!

- Eagle Point Park should not be allowed animals. I see people abusing the law all the time in that park. Too many kids and they play in the grassy areas. MOST people really don't "pick up" if they can get away with not. Also, people need to know that the fine is $750 if caught not picking up throughout the city.

- I don't mind pets in parks with the exception of Eagle Point park. Too many children's play areas and historic buildings are here. Children should not have to be confronted by pets, or have pet urine in their play areas.

Enforcement and also commented on Eagle Point, Farmer's Market, Nuisance, Safety, Waste

- Although the proposed ordinance imposes regulations and fines, the reality is that there will be unleashed animals; uncollected waste; and the inevitable animal bites.

- Pet owners that currently show up at parks in violation of the current ordinance often do not keep their pets on a leash or pick up after their pets. If pet owners are unwilling to follow these rules prior to a change in ordinance, what makes us think that they will change once numerous pets are present in the parks? At the very least I would change the ordinance to exclude Eagle Point, Flora, and Murphy park from the list of parks that allow pets.

- I have seen first-hand too may people violating the leash law. I have never heard of the police citing anyone for not having a dog on a leash....why?. Dog owners claim their dog doesn't bite. They have no way of knowing that, and even with that reassurance, I would never risk being near an unleashed dog. Even one dog bite is too many. Also not every dog owner is going to pick up after their dog. Dogs are being given too many privileges. I understand people's love for their dogs, but dogs are not people.

- The city parks are for families and children. The addition of cats and dogs to the area is a detriment to the activity of the kids in our parks. I have yet to see a dog on a leash - and how do you leash a cat? I understand there are some animal owners that take care of their pets, BUT most just let them run and do NOT pick up after them. I wish it were different, but that is what I see. The kids are way more important than the pets.

- I am an animal lover. However it is the owners who are the problem. We have a more restrictive ordinance now which is already not being followed. People do not use common sense in how they interact with their pets. I understand pets are like family members but many people forget that they are animals with instincts and behaviors that we cannot always control. I often walk in areas where pets need to be leashed, often they are not, and when I turn in the license plate number of the owner,it doesn't seem to deter the behavior. Dubuque is already welcoming to all people and animals. That doesn't mean pets have to be in public places. To think that you will impound animals when the ordinance is not followed is ridiculous. You will only be able to follow through on that after injury or damage is done and if owner can be identified.

- These comments are private. I do not give my permission to have these printed or read publicly except on an anonymous basis. Not everyone is a dog or cat person. We HAVE a dog park. I see people in the city regularly with pets off leash. People don't follow rules in our neighborhoods. What makes us think people will pick up after their animals in the park? Are we going to put on an enforcement officer to check dog licenses, vaccination records and "poo" pick up patrol? Obviously, the powers that be won't be happy until this is forced upon us. At the VERY least, leave more parks as PET FREE zones for those of us who don't wish to step in something or be sniffed and jumped on.

- I live across from Allison-Henderson Park for the last 40 years. We had a NO pets in the park sign on the light post across from my house. It is gone! Every week people drive up to this park, get out of their cars and let their dogs out to

run on the kids play ground. Some play catch with their dogs others just let them out to run. No leashes, NO picking up after their pets, NO control of the animals out in the play areas. I do not see them changing with or without your change in the city laws. Like your rules about not putting down chemicals on the parks grounds do NOT allow the dogs and their waste to be on the same ground the kids play on. Please vote no and just build more dog parks for the dogs. Let the kids have their parks also with out animal waste.

- The current pet restrictions are not being obeyed nor enforced. I've witnessed daily (AM and PM) over the past 10 years, pet owners curbing, walking, or otherwise letting run free their dogs in Jackson, Madison and Eagle Point parks; where it's clearly posted "No Pets Allowed". All it takes is one pet nipping, biting or merely scaring a person/child for the city to be neck deep in defending an ordinance that just isn't prudent. Build a pet park in an undeveloped or industrial area. There are reasons a majority of the the community doesn't own pets: hear us screaming into the wilderness.

- As a dog owner, I have firsthand experience with the reality that pet owners are not all responsible, law abiding citizens. On our strolls, we see the waste that is left behind and when walking at the farmers market, I experience the aggressive dogs on leashes. Seriously....who is going to police this? I want my tax dollars going towards the park police being more attentive to potential criminal and unruly behavior in the parks, rather than monitoring if someone picked up their dog poop. Also, animals get into fights which can then escalate into their owners having confrontations. Not to mention the liability if a child is bitten/attacked while in a city park. Regarding the scenery and the beauty of the parks - Eagle Point Park is a beautiful park and families can enjoy their time at the park without worrying about if they/their children are going to step in animal feces. It should be a "waste free" "pet free" zone.....a safe haven. This is just another opportunity for a lawsuit if you ask me. I feel that the City is just increasing its liability if they were to open this can of worms. You can't convince me someone is not going to relocate to Dubuque because it doesn't have "pet friendly" parks. Keep our parks beautiful and safe. Park police and other staff need to be doing what they were hired for...keeping the parks safe for all persons to enjoy.

- Not every one in Dubuque is comfortable being around dogs or cats. Yes they are supposed to be leashed, but there will be exceptions to the rule. Who is going to patrol this issue along with waste not being properly removed? Who is going to be liable if a unleashed animal attacks someone?

- I oppose this change. The inclusion of dogs in parks brings the potential of injuries from aggressive dogs, defecation, and incessant barking. People often go to the park for peace, enjoyment, and to 'get away' from the urban setting (without having to travel to a rural area). Allowing dogs will ruin this. People are forgetting that dogs will bark. A lot. Dogs will get loose from leashes. Dogs will be aggressive towards other dogs. Someone will be bitten and the owner will say the famous last words of, "He's never done that before". Having this rule is no better than loading a gun and hoping it won't go off. Eventually, something will happen. Parks are for PEOPLE, and honestly, people cause enough trouble themselves. Adding K-9 ingredient to this mix is a terrible idea and not for the greater good. This rules only appeases dog owners and is not written with the spirit or intent of being good-for-all.

- I'm strongly opposed. We at least need to exclude more parks from allowing animals - ie have some pet free parks or pet free zones within parks. I absolutely do not trust people to keep animals on leashes. It will not be enforced. I am very much looking forward to taking my son (currently an infant) to the parks and I should not have to worry about animal attacks or feces.

- Dogs are just everywhere and that isn't necessarily a bad thing but we need to remember they are dogs, not people. The restrictions listed are good ones but generally won't be enforced because they won't be seen by those who could enforce them. Children can be lured by someone with a dog to go with them and parks should be a safety zone for kids. I've witnessed dogs behavior at Farmers Market and the lack of control some people have for their pets. Dogs in parks would probably be similar. Thank you

- I strongly disagree about having pets in all our parks. You can educate pet owners all you want, and you are still going to have inconsiderate people out there. There is no way you can enorce any of the rules. A perfect example is Farmers Market. Not everyone likes dogs and some people have allergies. We can still be a pet-friendly community without letting animals control my quality of life. You can have the most well behaved animal and a good responsible owner but all it takes is once. They shouldn't be allowed in all apartments either. What if I have a cat? I should be able to bring her to the park also without the fear of having a confrontation. Maybe having one or two small parks that animals are allowed might be allowed for a trial period but that is it. There are too many ifs involved and too many things that could happen. I like animals also, but i do not agree at all that they should be allowed at parks on a leash or not.

- Maybe I'm not aware of increased funding to pay for more park staff, but without that I'm concerned about enforcement. I know several people who are dealthy afraid of dogs and would no go to parks if they were allowed and too many don't pick up their dog's waste/ I'm an animal lover, but don't think our pets need to go everywhere with us.

Farmer's Market and also commented on Waste, Safety

- dogs at Farmer market equal congestion, not child freindly/safe & dog poop not being picked up by ALL!! dogs already in parks & owners not obeying ordnances. Owners not all licensed for their dogs. picking up feces does not get it ALL, no picnics on the blanket, no leaning/setting by trees, listening to barking, no going barefoot, afraid for small children getting bit or scared. Ecoli & not all feces are solid. yuck for picnics and lawn games with dogs. How about parks for people. Already plenty of places for dogs at breweries, restaurants sidewalks & every green space along streets & curbs plus Farmers Market. Pin worms, hook worms, tape worms are in pet feces, also.

- Dubuque is oing to the dogs! 1. More attention is paid to having dogs/cats in the parks, etc. than is paid to the rights of citizens to be able to enjoy an environment free of animals. I can no longer go to the farmers market because of all the large dogs that monopolize the sidewalks. (I am afraid of large dogs and also afraid of tripping on their leashes or the dogs themselves.) 2. Despite the claims made by pet owners, the majority do not pick up after their dogs. I have walked the Riverwalk and cannot enjoy the scenery because I have to constantly be aware of where I am walking. Even in my own neighborhood, I find piles of dog shit in my yard and on my sidewalk (3 times in the last two weeks). 3. Even dogs on leashes can easily trip an elderly person or a child, or bite them. There are plenty of places for pets now. Don't add any more, which would take away the rights of the citizens, and especially the elderly, who do not care to be around animals.

Nuisance and also commented on Farmer's Market, Waste

- Not everyone is a dog lover. I don't want animals on leashes (or not) sniffing at my legs , barking, jumping at me or my grandchildren. And of course, dog poop. I stopped going to farmers market because of dogs being allowed in crowded, food areas.

- Parks are for families and kids.I haven't enjoyed my backyard in 5 years cause of barking dogs.

- I don't care for dogs coming up to me when I am out walking.

- I live across from comiskey park there enough noise and traffice there that I can here in my house do not need any more comotion in that area with dogs and cates they need to build of couple more pakrs from the owners to take there animals to if not they can build a fence around there house.

- People enjoying the parks should not have to put up with the barking, running of pets, pet waste etc. while in the park. If they are like me I get enough of it in my own neighborhood and other public places.

Pet Parks and also commented on Enforcement, Nuisance, Safety, Waste

- I appreciate those that love their pets, and I support the development of designated parks specific to pets, clearly defined spaces that meet the needs of all community members by keeping these spaces separate.

- Parks are for people. Pet Parks are for animals and people that like or tolerate other people's animals. Please keep the 2 types of parks separate.

- I disagree with the proposed ordinance because owning a pet is an individual or family decision and responsibility. It is not a community responsibility to provide for or accommodate the needs of pets and their owners. People who choose not to own a pet do not wish to meet up with other peoples' pets in public places for many reasons. Children and adults walk, run, and play in areas other than designated areas, trails, and playgrounds. Pet owners are not always watching the behavior of their animals nor consistent in cleaning up pet waste.

- Pet owners have their own dog parks now. The rest of the parks should not need to be shared with pets. When picnicking in a city park that my tax dollars pay for, I shouldn't have to worry about being bitten by or having to deal with pet waste.

- The parks that the dogs are in currently are plenty eanough. Kids play and run in parks we don't need excited dogs running after them. Some owners will push the limit and have them off their leases. Not everyone is a dog lover. I think dog parks are the answer not all over our parks!

- I like dogs, but do not feel they need to be in every park. There should be one or two parks where they are allowed and the rest should remain off limits. Most owners clean up after their dogs do their business, but many do not. The park rangers should check to make sure registration and vacciation records are up-to-date. Its hard to walk on the sidewalks with dogs even when they are on a lease and loud noise generated when they encounter other dogs or cats.

- Name one or two. parks and the rest are off limits. Dog owners should also have proof with them that the dog or cat is registered and that there shots are up-to-date

- We already have a dog park. Why does every park need to be a dog park?

- The city needs two more dog parks: One downtown, perhaps at Mauss Park, and the other on the West End. We don't need dogs in public parks. The majority are penalized by the few who don't pick up their dogs' droppings.

- There is a dog park that is fine for their use. People will have pets unsupervised and will not pick up after them. I am a dog lover but not everyone is so people should be able to enjoy themselves.

Safety and also commented on Allergies, Enforcement, Pet Parks, Nuisance, Waste, With restrictions

- I do not feel safe around dogs, even when they are on leashes. Every one of my family members have been bitten by dogs, both running loose and on leashes. I also have been chased while riding my bike and have had to stop and walk my bike even with dogs on leashes. My experience is that dog owners will not keep there dogs on leashes and will not pick up after them. If the dogs are allowed in all parks, the parks will simply become dog parks and there will be no parks for people who are afraid or allergic to dogs. Very sad!!!

- I wish to enjoy the parks and not worry about stepping in dog excrement or fearing encountering an unrestrained or unvaccinated dog. Irresponsible dog owners ruin it for all.

- Please keep pets out of all parks. They can bite or threaten build another dog park rather than allow them in parks with families.

- Years ago I saw a child bitten in Allison Henderson park by someone who illegally brought their dog to the park on a leash. The child was not only injured and bleeding but also traumatized. Luckily the dog owner did stay until the police office arrived. I am very concerned about allowing dogs into parks and interacting with children. You do not know how children will treat an animal or how any animal will respond.

- I want to enjoy the parks and trails without concern of attacks or droppings. Current restrictions are not adhered to, so loosening of those restrictions would not seem to be a logical change.

- Anecdotal or not, I have been accosted by two different dogs, off leashes, at public parks in my time in Dubuque. There are already dogowners whom fail to follow existing ordinances. To allow more lenient ordinances regarding pets in parks, the owners will become more defiant. Keep the pets in pet parks and people in other parks.

- This is just setting the City of Dubuque up for more lawsuits. It will be only a matter of time before someone gets bit.

- It is possible for dogs to break their leash or get loose from the control of their owner. My infant son was viciously attacked by a Golden Retriever and nearly lost his ear after the dog broke free from the owner. The only failsafe way to ensure 100% safety for our children is to restrict dogs in public spaces.

- I walk a lot in the city and in places like the Mines of Spain, Swiss Valley. Almost every walk I take dogs are off the leash and bounding toward me. Dog poop is everywhere even in my private gardens, where I never invite dogs.

Waste and also commented on Anxiety/fear, Eagle Point, Farmer's Market, Nuisance, Safety, With restrictions

- I oppose the ordinance proposal to allow pets in the majority of city parks in Dubuque, Iowa. Animals and the contents of their fecal material and urine and subsequent potential exposure to humans is hazardous. Consequently, I recommend rejection of a proposed ordinance change.

- The park does not have the resources and man power to clean up the messes. The liability when someone is bit or mauled will be with the City.

- 1. Past experience dog waste has not been cleaned up as it should. 2. Someone is going to get bitten. 3. The city already has a dog park. 4. People should have a park without dogs. 5. With food around it is just inviting a disaster. 6. Costly to monitor each and every dog. 7. It will be a additional expense to the city. 8. Will need additional animal control personal.

- Who turns in violations of pet owners not cleaning up the manure?? Do the the City Parks Lawn cutters pick up the manure and report a violation? I volunteer at St. Patrick Church at 1425 Iowa Street. Many times I have picked up dog manure from the church lawn and even on the sidewalks on Iowa Street. I put down Pepper powder to help deter the problem. Too many irresponsible dog owners. City officials even estimate many dogs and cats are not even licensed. Many owners have too long have a leash on the dog.

- I habe been in parks where dogs are no allowed and have "discovered" pet waste not picked up. I also believe that Murphy,Flora and Eagle Point Park should be pet free.

- There are way to many people that dont pick up after their dogs. With dogs being allowed at these parks I would no longer he able to let my kids run around in the grass for fear of finding dog poop and eating it. If you want to put up fences in most parks for dogs I would be fine with that.

- Pet waste is a hazard. Especially, for little children. Many people are afraid of animals even on a leash. They take up to much space on trails and side walks. Plus barking is an issue in this town and hardly any tickets are issued for that. No. No. No

- Owners do not pick up waste making health hazards and kids and adults tracking through poop

- I believe there are too many irresponsible pet owners that will prohibit families from enjoying the parks. In prohibit, I mean: dogs off leashes, feces not picked up, children being bitten. Dog owners in this town have yet to learn to take a bag with them as they walk along sidewalks. Parks are for our children. If a pet owner takes children to the park, they should be watching them, not a pet.

- I don't believe people will consistently comply with leash and waste rules.

- I have seen over & over that pet owners do not pick up the poop at Swiss Valley Nature Center & other parks in the county. Sure it won't be any different in the city. It's unfortunate there are always some that spoils it for others. Thank you

-I am opposed to dogs and cats in any parks in Dubuque. Although Item E in the proposed Ordinance requires that the owner pick up and dispose of the waste, I know from observing pets at Farmers Market, many owners don't bother to do it. That creates a mess and health hazard for the park patrons as well as the lawn mower operators. Although the Ordinance requires the pets to be leashed, it just takes a second for an animal to bite a child or adult. Item F requires the owner to be responsible for the actions of the pet. This will necessitate manpower for the City to oversee and prosecute.

- I feel pets do not belong in City parks. Our streets are littered with dog droppings and the parks will be the same from irresponsible pet owners. How long will it be, before the first lawsuit from someone being attacked by a vicious animal?

- I walk almost every day and some dog owner has dropped a poop bag or there is poop on the sidewalk While most pet owners are good it just takes one to ruin time in a park

- Too many people do not pick up after their pets. When the Winter Farmers Market was in the old Colts building we were always stepping over dog excrement in the area between sidewalks and street. Just a few such uncaring pet owners could leave behind smelly messy problems in our parks.

- I pick up dog droppings others leave behind on the lower river walk. Bags are provided, but, from the number of bags of waste I pick up weekly I think most dog owners do not use them. How will that be different in a park setting? It won't.

- Alot of people don't clean up after their pets, Also i don,t feel comfortable around dogs.

- If you want children playing in the park walking through dog piles, then this change is a good idea. Otherwise this is a terrible idea. I go with the latter! Parks are for families and kids - NOT dogs. Too many dog owners are not responsible - they do not keep their dogs under control, do not pick up after them, etc.

- This subject has come up often and once again I must respond. I do not think pets should be in public Parks meant for families and children. Even if the pet owner was responsible, and this is often debatable, even if they pick up waste there is residue to which little bare feet and hands can be exposed. Also, pet owners tend to unleash dogs the minute they enter Eagle Point Park. Do you think this will improve when the NO PETS sign is removed? Not likely. Who polices it, the non pet owners? I would like to keep parks free of scary running dogs. Thank you

- Absolutely ridiculous to allow pets on golf courses, and people allow their pets to poop on private property all the time without picking it up, so why would we think they would follow rules on public property. This proposed ordinance goes way too far and should be significantly scaled back.

- I walk my dog on the river walk often. There is quite a bit of dog excrement that is not picked up. It is in the grass, in the mulched areas and even on the walkway sometimes. Quite a few people walk their dogs without a leash down there also. There are too many irresponsible dog owners for pets to be allowed in parks.

- Let me first say I'm 55yrs. old and I am a pet lover . I've had dogs, cats and other animals my whole life and now have a teddy bear dog. She is my husband and my baby. She goes with us a lot and loves to ride in my car but she doesn't sit on my lap she sits in the seat next to me that's the rule . As for pets in parks I'm against it. I don't believe they should be allowed where people are preparing and eating food. Who wants to be eating and see a dog going pee or taking a dump. Yes some people clean up after but not all and you don't get rid of all the smell till it rains. It also not good to have the dogs around play areas ,kids move fast and some dogs get skittish and can change behavior and bite leaving the pet owner saying it's never done that before. Plus with older people dogs running around even on a leash can be very dangerous. I'm not against pets just not in our beautiful parks they are for people. We have dog parks and lots of sidewalks and places where you can take them now. So why in city parks? Sometimes just like our kids we have to say no, you can't go.

- I think your pets should be left at home they don't need to be in our parks! People say they will clean up after them but they don't!!

- I don't feel dogs in all city parks and trails is safe nor sanitary. I do not feel owners would clean up after dogs, just walk along Grandview or Fremont Avenue, as they just let their pets do their business. If they happen to bag it, they often leave the bag for others to throw away. Pet owners have not proven themselves responsible, why reward them with more places to mess up.

- I walk the city trails daily. It's disguising the amouts of dog feces laying on the ground plus the huge number of dogs that are running loose!!! Most dog owners are disrespectful and will carry this same mentality into our parks! Do not let dogs in our parks!! Keep our kids safe!!

- Too many irresponsible dog owners. I don't want to step in poop or fear a mean dog. Not everyone likes dogs. There are many dog parks.

- I can see having a few parks where dogs are allowed, but too many people do not pick up after their animals. Look at the poor condition of the dog park--the people who actually use it don't help do anything to maintain it, such as picking up after their dogs. I've also seen people breaking the current ban and not even using a leash by just letting their dog run.

- Too many people do not pick up their animal's 'waste', and there is no way to enforce this. Walking on the dike is disgusting with all the dog poop. The parks would end up the same way. If possible, I would also like something to be done about the dogs at farmers market. Highly annoying to get wrapped up in someone's extra long leash while their dog explores. Also highly annoying to push someone's huge dog away when they want to climb you, or stick there snout up your crotch...

- Parks should be primarily for people to enjoy, even if they dislike or are allergic to pets. No new parks should be opened for dogs or cats. Pet owners are not responsible and often do not pick up their dog's waste and sometimes cannot (dogs get diarrhea and throw up, especially when they eat strange things). Also some people are afraid of dogs and they are a potential public liability if they injure people. The city should not encourage this except in pet parks or limited parks already open to dogs. Not neighborhood playground parks or Eagle Point Park.

- I would not want to see my Great Grandchildren having to dodge dog poop in the parks. And it WILL be there & for the most part the people leaving it there will not be penalized even IF they are caught & charged. If they're found guilty & fined they won't pay or ever pay. The only people that pay are property owners because there can be a lien put against

their property. And you can blow smoke & sugar coat it BUT you KNOW this is the way it is. Look at "Iowa Courts on Line" & look at how much in fines some of these people owe. They're free loaders & it will never be paid.

- People wont clean up after them.

- I use heritage trail a lot. There is always a lot of dog droppings. Even on the trail itself! I just feel like the same thing will happen at our parks. Little kids play there and they and their parents shouldn't have to worry about them getting into that"stuff". I use the parks also.. and while I love dogs, a lot of their "parents" aren't responsible in that regard.

- They do not pick up the poop at the dog park, by the flood wall, and when walking on public streets. I have also watched a man walking his dog throw the bag down a sewer hole in my neighborhood every time he walks his bagel so why not just take it home to throw out.

- People get lazy and do not pick up after their pet and dangerous for children when unfamiliar animals in play areas. Dogs have a place and add pleasure, but not in public parks.

- People get lazy and do not pick up after their pet and dangerous for children when unfamiliar animals in play areas. Dogs have a place and add pleasure, but not in public parks.

- As someone that uses the river walk and A Y McDonald park on an almost daily basis, I am very much aware of the lack of cleanup by pet owners. I will admit I am a dog lover and I enjoy interacting with the dogs and owners, most are compliant with the rules but as with everything it only takes a few ro ruin it. As a pass holder to Eagle Point park and frequient visitor to Flora I opppse the change, I feel there are enough options for exercising your pet in the city. I know the cleanup rules are difficult to enforce and dont want my grandchilderen in that mess.

- While most dog owners are responsible there are some that ruin it for everyone. Don’t clean up after and let them run. Also I don’t think dogs should be at Farmers Market. Please ban dogs from Farmers Market.

- Some people will not pick up waste. Even if the waste is picked up, parasites can still be present on the ground. Children shouldn’t be exposed to parasites just because they’re playing in the grass.

- We are new to Dubuque and are daily walkers. Wherever we go, we see dog mess that hasn't been picked up. This includes our neighborhood, parks, riverwalk area and neighborhood. Sadly, many do not know what a trash can is for either. Eat and toss the trash, construction activity and throw the trash in the street, drink and throw the trash on the sidewalk, visit a store and trash all over the parking lot, drive down Hwy 20, NW arterial, etc and trash along the side of the road. There are some that would pick up after their dogs but many that won't. I understand this is a difficult issue to resolve and seems the negligent make it more difficult for those that pick up after their dogs to have what they desire.

- I do not believe that pets should be allowed in the public parks for children and young adults. I have to sidestep landmines on my way to Allison Henderson Park when I'm walking there with my children, so I can only imagine what kind of mess it would be for my children and I as we are trying to play on the equipment having dog poop everywhere. What about children that are allergic to animals, should they have to stay away from the parks because people want their dog's to go everywhere we go? Possibly allowing a small area of portions of certain public parks available to animals would be all right as long as they were fenced off and not anywhere near the play equipment.

- While I am a pet lover, some people will not pick up waste. People need to know some are afraid of animals.

- While I am a pet lover, some people will not pick up waste. People need to know some are afraid of animals.

- I do not believe dogs should be allowed in parks, open areas, and most of all, Farmers Market or anywhere food is being served. Dog owners are not all responsible and walking in dog waste, listening to dogs barking, and dealing with dog waste bags being left all over the park would be horrible.

- To many nonresponsible per owns, walk the bee branch green way or the Riverwalk in the port.

- Not only do neighbors allow their dogs off leash to defecate in other neighbors' yards (with no consequence if the owner is not "caught in the act"), I have also seen a large number of dog feces left on the paved trails at Bergfeld Pond. I do not believe pet owners who bring their pets to the parks would act any differently. In addition, I do not see any consequences in the ordinance for the pet owners who do not pick up after their pets. If there are no consequences for leaving piles, having an ordinance serves no purpose. Additionally, who will be providing the bags and labor to pick up those piles? If the City is responsible, this becomes a tax issue for residents to pay for staff time and materials. If the City does not take on this responsibility, I envision parks that are very unhygienic for all users.

- There are to many pet owners that do not pick up the waste from their pets and I believe it would be a huge issue. Gay park is restricted now and dog waste is a problem now.

- If you choose to go this way their needs to be a special license to cover the cost of poop clean up or very strictly enforced fines.

- I don't feel that many owners pick up the poop. Also kids all playing in parks and having them playing in dog poop areas is not healthy.

- Cause they won't pick up after the pet. (Some will) Kids and adults don't want to step in it. Once you start, people will start letting their animals off leash.

- To many dog owner's don't pick up dog waste in town. Please don't allow dogs in the parks.

- To many people do not pick-up their dog waste. Not everyone is a dog lover. If a dog is on a leash, people feel safer.

With restrictions

- Dogs / cats should be allowed on leases at outdoor sports events parks veterans memorial using upmost respect for facilities(NOT ALLOWED ON OR NEAR MEMORIAL but at a distance) and aboretum BUT in picnic area and area of band/event on lease Not allowed in area of plants or pond area.... I do NOT agree with dogs being loose At Bergfeld pond....

Comments from Citizens who responded "Yes, however I would recommend changes to the proposed ordinance." (65)

All Parks

- I think it is too restrictive, but a step in the right direction

- Since we as taxpayers paid for the parks we should be able to take our pets there. All parks need to be available to us not just designated ones you decide on.

- Dog owners should be allowed in ALL PARKS! We are tax payers and should have the right to walk our dogs anywhere. The city is very anti dog. I lived 19 years and I could take my dog to ANY PARK. They cared about the citizens opinions unlike here. You limit almost all the parks to us so I say open all of them up as we should have just as many rights as dog haters! I can't wait to one day move from this city to a more friendly, fair city where our voice counts. Big brother loves to tell us how to live!

- The proposal is a start, and I good one. I live near Murphy Park and would love to be able to take my dog (on leash) on a walk through the park. I would also like to see larger fenced in areas where dogs can be off leash.

- Overall I agree. I would like the ability to walk my dog at the Arboretum and think it is imperative that the current dog park have major renovations.

Eagle Point and also commented on Waste

- Please keep animals (not service related) out of Eagle Point Park and Murphy Park. When children run thru the parks with excitement, dogs also react. And there always will be some owners that don't have the pet on a leash. We use the park for many gatherings and family picnics with our little ones. It would still be great not to worry about strange pets invading our space while eating or enjoying the view, not to mention stepping in the feces or urinating on the beautiful flowers. And with the many budget cuts, who will monitor the parks? A few years ago, we presented a petition to the City Council with many signatures of Dubuque citizens that wanted to keep Eagle Point Park free of pets. These people had the same concerns as us. On a side note our three children have 4 dogs between them, and have said there are many places to walk their dogs in our area. Thank you.

- Please prohibit pets in eagle point park and the port of Dubuque river walk. Pets take away from the tranquility of walking at those locations.... for those of us that do not wish to encounter your pet and its demeanor, whether it be friendly or not.

- We would like to see Eagle Point Park excluded as it is our premier park and when you charge admission we should not have to tolerate animals. Everyone proclaims all pet owners follow the rules but we all know they don't. Otherwise charge an additional fee for the pet, like motels do. Please protect citizens who don't have pets.

- Please do not include Murphy Park or Eagle Point Park in this ordinance. People in my own neighborhood don't always clean up after they walk their pets. I just can't see policing could be done in these larger parks nor that those who feel entitled to take their pet everywhere are always inclined to see that they are well behaved. These are beautiful parks and very family friendly. I want them to stay that way! Barking dogs are also annoying! There is enough problems at times with loud music in the group next to you.

- Please include eagle point park restricted when the park is open. When the park is closed in winter time. Yes people can walk pets. Imagine a dog getting loose at someone's party with tables of food.

Enforcement

- "Where a prohibitory sign is posted"... are you guys just going to put up prohibitory signs everywhere?

- Section A is somewhat contradictory of the said proposal and with harsh punishments. Why would you take the animal away from their owner and make them come get them? How traumatizing for both animal and human. A simple warning or conversation could warrant a much more civilized consequence. Open areas with leashed dogs can be an accident waiting to happen. Many dogs are trained or wear collars to protect them. Open areas are where dogs want to run free, not be chained by someone. You're bound to have more human accidents than animal accidents with dogs pulling. One dog park on a super inconvenient road and with no toys or obstacles does not suffice a worthy dog park. As for Bergfeld, where exactly can an owner play fetch with their dog without being on other property? Not all dogs can swim, or want to. This is one of our favorite spots to walk and our dog stays at our side and is leashed when others come by. If an owner does not have a dog well trained, then they will easily be told by others with trained dogs to leave. If someone

who does not like dogs is walking on the trail, they should probably find a new spot since it's a super dog friendly place, and they have no business telling dog owners what to do.

- Owners be fined $5 per pet up to 3 occurances that they don't pick up after their pet. After 3 they are banned from said park. I have 2 large dogs, it's not hard to be a responsible pet owner. The money could be used towards a new dog park.

- I don't agree with a dog being impounded at least on a first offense. A ticket seems more reasonable as a first offense.

- If caught without a leash, a ticket should be issued. Second offense, impound dog and pay fees. It would be traumatic for the pet to be hauled away and thrown in a kennel because of owners stupidity on first offense.

- I feel that saying "where a prohibitory sign is posted" means that the city will just go and put signs at any of the parks where they should be permitted.

- Provide reporting and penalty system for owners who do not pick up their pet's excrement.

- There should be a hefty fine to any owner/ caretaker if pet waste is not picked up and disposed of properly.

- As a once and future dog owner I would like to bring my dog into the parks occassionally, especially when out and about with my whole family. However, I've witnessed first-hand the irresponsbile nature of many dog woners that could lead to pollution and more work for city workers. I suggest an increase in pet registration fees and increased enforcement of licensing laws to offset those costs.

Pet Parks and also commented on Enforcement

- I have a well behaved dog that I will take full responsibility it anything ever happened or maybe because I pay to register my dog with the city of Dubuque and they provide nothing other than 1 dog park that is small forever away from my house and hardly ever well taken car of. I don't understand why business can decide to allow all dogs but yet something the people pay for with tax money who also pay to register dogs are not allowed

- I feel that all city green spaces should be open to leashed pets. A pet under leashed control would not cause significant problems and frankly, people littering seem to be a bigger problem than dog/cat feces.

- I would propose permitting dogs and cats in the Veterans Memorial Plaza within the Gerald "Red" McAleece Park and Recreation Complex, as it would be nice to bring our pets with us to watch games at the softball diamond or have picnics at the picnic tables. I would also propose allowing dogs and cats on playground and recreational areas designed for use by children as our pets may actively play with our children in those areas in cities that permit them.

- It's nice to have additional options for walking/hiking. Also, more places to play fetch (outside of the dog park) is always a bonus. So if there were other locations, such as the Mines of Spain or Swiss valley, where that could take place, that would be phenomenal.

- More dog parks.

- I would like the use of pet friendly salt if needed for safety. We have never had a dog that would wear those boots I would like to see some other area where dogs could run free. An enclosed park would be good especially for elderly who may have difficulty walking any distance. An area that does not get so muddy or soggy as current park

- I would like more options as to open fields where dogs can run off leash.

Safety and also commented on Waste, Farmer's Market

- I wish we could allow dogs in our parks. However, there are some problems that should be considered. I have a disability that makes me off balance and unsteady. Although I use a cane in public, it is dangerous for me when a dog attempts to jump up on me or his/her lease crosses my path threatening to cause a serious fall. The same thing would a be danger for small children. Most owners are cognizant of this fact but many are not and seem oblivious to the harm that this could cause. I've noticed others take great care not to bump into or cause danger to someone who has a disability. Our poor pets are not capable of recognizing those situations.

- I'm concerned with the off-leash dogs at AY McDonald Park. I walk my dog their often and there's already owners not using a leash with dogs not under their control. Those of us owners who do control their dog and pick up after their pet shouldn't be punished for those that don't.

- Section A: Should address the ability and responsibility of the owner to physically handle multiple leashed dogs or dogs with aggressive behaviors.

- It may be helpful to clarify the length of allowable leash, even if defined elsewhere in the code. This would prevent confusion. A 6' leash is plenty and I have seen people with much longer leashes. This can be problematic. I definitely support pet-friendly parks, though.

- I agree in section A with the leash law. However I think impoundment takes to many resources and time. What if a dog is off leash and a animal control officer approaches and the owner places the dog on leash? I think I fine in those types of situations would be better the impoundment. This would give animal control more time to monitor for infractions rather than spending time on impoundment. Possibly impoundment after multiple infractions. Section B subsection i. I would like to see this removed or renamed to temporary signing. I could see temporarily restricting pets like at AY McDonald park during July 3rd. But having a broad statement to remove pets from any park with just a sign without any public input is not something I would like to see. Section E. The wording should be changed to solid waste or feces. It is not feasible to require urine pickup. As a responsible dog owner I hate seeing dog poop left by other owners. I would suggest adding a fine to this section for not picking up solid waste.

- I walk/ bike/jog on city owned property. The problem I often encounter is dog owners with their dog on an a lease that expands to approx.. 30 feet. Often when you come from behind the dog owner is unaware but the dog isn't and almost always approaches you. I would suggest amending the ordinance to state that all dogs must be on a 6 foot leash. There also has to be a stated fine for those dog owners who do not abide by the ordinance.

- Unleashed if wearing a remote collar

- I would like more options as to open fields where dogs can run off leash.

Waste and also commented on Enforcement

- It's not so much the problem of the pet usually but of the owner. Pose a fine to owners that do not pick up after their pet.

- There should be a fine noted for people who do not clean up after their pets. I am a dog owner and love being able to take my dog places but it frustrates me when i see piles of poop from other dogs where the pet owners ignore. This puts my pet at risk of catching something. Hence why i think it should be stated in the ordinance that pet owners are subject to a fine if caught. I love how AY Mcdonald parkvhas the waste bags making it easy to pick up and dispose of the waste. I also think that pets should be allowed in the McAleece park area. It is a nice big open flat area to walk. People who are boating like to bring their pets so they have to be allowed around the boat ramp areas. Also being so close to the campground where people also bring pets.

- Each handler should be required to have, within the range of the lease, a spare bag, for the purpose of waste collection. A leash length maximum, say, 6 feet. Animals sustaining aggressive behavior should be removed. In some cases, a proximity limit should be maintained, from restricted sites, as larger groups of people may fill a site. Say, ten feet from a perimeter. Each pet keeper should uphold all this, as a privilege, to sustain good standing in the community.

- More trash cans need to be provided by the city for owners to dispose of pet waste, not just confined to the downtown area. This would also cut down on the insane amount of litter throughout the city, as a bonus

- E. "Solid" waste. (Not urine.)

- I would suggest specific penalties for the failure to remove pet waste be included in the ordinance ("subject to but not limited to"). Monetary and/or community duty.

- I do think the park patrol should be able to give people a hefty ticket for not picking up the dog waste. I pick up after my dog and I get very upset when I see people not picking up after their dog. At least people should be able to report these people and it should be posted in the parks that citizens have the ability to report them, providing a license plate number, etc.

- The only change I would like to see is a fine for not picking up after your pets.

- I believe there should be a hefty fine for not picking up the animals waste and properly disposing of it. Possible small increase in licensing fee that would pay for waste bags to be located throughout the parks should someone run out of bags.

With Restrictions and also commented on Pet Parks

- Dogs and cats on leashes should be allowed into children parks if it is not busy or even vacant.

- Those of us who live in the Arboretum area would greatly benefit by allowing leashed pets in Marshall Park. We have a great neighborhood and the access to the park seems reasonable. If there's an issue with the flower beds, post signs preventing pets from those areas.

- I would like to see this develop in stages. Could we first have a handful of parks be pet friendly according to the ordinance, see how things go with these and then expand if things go well after a trial period? I am concerned. Most pet owners are responsible but there are always those who ruin it for the rest of us.

- Throw out part "i" under section B. City could just put up pet prohibited signs in parks to get around laws allowing pets in parks.

- There are lots of people who walk in the arboretum. It would be nice to be able to walk with our pets in these areas

- Allow leashes pets at downtown events such as Farmers Market , and others.

- Arboretum would be nice to take my dog to on her leash.

- I believe that pets should be allowed in Flora Park. The pool is enclosed by a fence and walking a dog through the main area of the park is not going to affect the pool or its patrons in any way.

- I think it would be very enjoyable for my pets and I to be able to go to the Arboretum and Gardens. As we would be able to explore the beautiful flowers and pond together. And of course, all waste would be clean up and disposed properly.

- Mcaleese should be open to dogs in the walking areas but not on the fields.

- Restaurants would be encouraged to permit well-behaved dogs to accompany their owner into the restaurant.

- Add areas where dogs can be off leash for exercise while supervised by owner. Allow dogs off leash in parks if nobody else is present or over a certain distance away.

- If your animal is restrained to a.leash, while in the proposed parks, why can they not be allowed in areas with recreational equipment (letter h)?

- Unleashed should be allowed for fetch type games with pets, on the basis that they are well behaved

- I need clarification on Flora park pool (B, d) and areas designated for children (B, h). Does this ordinance refer to only Flora pool or is the park also prohibited? And since there are play areas for children at Flora, where would the pets be allowed? I would love to be able to walk my dog through this park on a leash, but the current ordinance is not clear on what would be allowed.

- I believe pets should also be prohibited at parks with unfenced areas that are used for sporting activities. For example, the cricket ground at Usha Park, the baseball & softball areas at Flora, Gay, Valentine, and any others where citizens could potentially step, fall, or dive into animal waste.

- I think allow access to unleash dogs in fences parks.

- Be more specific and list by name which parks fall into exclusion categories so there is no doubt or question if they are excluded.

- The subdivision by the arboretum has many dog owners that would love to be able to walk their dogs through the arboretum. I assume the reason for the arboretum not being on the list is keeping the beauty? Perhaps a special permit could allow this?

- I see no mention of Eagle Point park. However, I would like to see animals prohibited from all parks, except for service dogs for persons with disabilities. If appropriate , areas of the parks can be set aside for animals with obvious restrictions. Those ares should be so designated. All other areas of the parks should be animal free as the waste matter, and affects of humans can be detrimental. Dog parks are currently available for pet owners use if exercise and well being of their pets are of concern.

- Section B, item F, H, and I should be removed, as they make no sense. If a playground or fenced in arena isn't being used there is no reason my dog shouldn't be allowed there. I play fetch with my dog in tennis courts or hockey arenas often as they provide a fence to keep the ball contained. I would accept these line items if it says "while not I use by other users." Playground equipment can be great for agility training for dogs too, but I wouldn't ever use it while kids

are on said playground equipment. The last item, I, means that section A doesn't matter. It leaves it up to any location to post a sign to prohibit animals and that defeats the entire purpose of this new ordinance.

- I would recommend allowing dogs at mcaleece park as it's already stated they are not allowed inside the fenced areas there is a lot of other grassy and open areas that would be great to use for pets without any negative consequences

- Clarify that an "emotional support animal" does not exempt the prohibitions in section B as a registered Service animal does.

- Allow pets at Vets!

- There should be more exceptions than bergfield pond to the leash requirement. Many of our parks have sufficient room for training exercises.

- I would recommend adding a clause about pet-friendly programs (ie doggie dip at flora)

Comments from Citizens who responded "Yes, I agree with the proposed ordinance change." (394)

Accessible/More Locations for Pets

- I would urge the approval of the ordinance change. The parks where dogs are allowed are all a several mile drive away. It would be so nice to be able to walk the dog in our neighborhood park, where the walks are even and not hilly, there is no traffic, and one can met with other dog walkers. And where one could walk several times a day, if so inclined. This is something the council can do to help out all of us at very low cost to the city. Please approve this change for the better!

- It has always been frustrating not being able to take my pet to one of Dubuque's great city parks. I also have considered there will be those owners who do not pick up after their dogs, but I feel this should be handled whenever witnessed by not only the park rangers, but other owners. There should be tickets written when a ranger sees this to send a message that it's not ok. It should also be communicated that self policing is a good thing in order to keep our parks clean and safe.

- I have a dog and know how difficult it is in Dubuque to find nice areas to walk him. We actively avoid going to many parks because we can't bring our dog. This ordinance will encourage more people to visit the beautiful parks around Dubuque because they can now bring their dogs.

- I would like to see leashed dogs allowed in more public places than they are today.

- I visit dubuque for shopping and to spend time walking the river trail and my dog is my companion I would love to have more areas that we are aloud in.

- I have 2 dogs and I would like to be able to take them for walks in the city parks and can't currently do so.

- Not enough green space for my dog. She needs to go to different parks and experience other things.

- Dog owner and would like t enjoy city parks with my dog

- Am a dog owner and would like to enjoy the city parks with my dog

- Allow in arboretum

- Our parks are great places to visit and would be a benefit to walk dogs through them as well. Strict adherence to owners picking up waste would be necessary and enforced.

- I have 3 dogs and they are my children. My husband and I enjoy taking our dogs with us when we walk and it would be nice to take them with is to the parks. Parks have less traffic which is safer for all pets.

- I am in support of leashed pets being allowed in almost all public spaces.

- My dog loves to be outside and it encourages me to get outside more often. My options are limited where I can take him. Flora & Eagle point are 2 parks I have lived near over the years and never went because my dog was not allowed. Give pet owners a chance to prove this can be done responsibly.

Family

- Dogs are part of families so they shhold be allowed to go into a park with its family.

- Pets are part of our families and should be allowed to accompany their families on outings in the park as long as they are leashed and picked up after

- I have children and I have dogs, often times when I get the kids and dogs out of the house for a walk we end up walking by a park since there are several in my neighborhood, the kids always want to stop and play and I have to tell them because we have to take the dogs home first and that always disappoints them to the point of not wanting to go to the park anymore.

- Our pet is like a close family member. We take our dog out for exercise at least twice a day and generally we are confined to sidewalks which are used by the walking traffic. We find the dog park to be small and most of the time muddy. We generally take our dog to Iowa City and typically shop and eat while there.

- Animals are just like us so we should be able to take them with us in parks. They need exercise just like us, too.

- Our animals are part of our family and they go every with us.

- My dog is my kid so not being able to enjoy time at a city location limits the walks and outings we can do as a family.

- Our family loves going to the beautiful parks in Dubuque and we would love to walk our dog when we go for walks as a family. This is a qualify of life that is huge for not only families but also those young, single people our companies are trying to woo to Dubuque.

- Pets are family in most cases and not being able to take them with to a park for a walk or pictures is heartbreaking.

- Pets are a very important member of the modern family and should be as important to a progressive, inclusive community that wants to promote and inspire social connections between ALL members of that community. Over the past decade, throughout the entire country, those municipalities that have actively forged a productive relationship with responsible pet owners have also shown tremendous social and economic growth within their communties. Allowing pets in the parks would be a wonderful, symbolic start to forging that win-win relationship.

- Dogs are family members to many people which is why they should be allowed to join us in parks and other places we visit. I travel with my dog and choose places to visit that are dog friendly. I believe it has been a negative for Dubuque to have such restrictive policies toward dogs in parks and other public places. I'm sure this has been a factor in whether someone chooses to visit or move into our community. Dubuque is also in need of a much larger and more enriching dog park where dogs can run free, socialize and be involved in other positive activities.

- I'm a pet owner myself and a dog lover. Getting outside and taking my dog with me is something I enjoy doing. Not many spots available to do that in Dubuque unlike other bigger or more developed cities. Some pets are like part of the family to people and taking them with is all apart of the fun.

- I believe responsible owners be allowed to have their family members and pets with them for family outings.

- Being able to enjoy the parks with my pet is important to me. Both my pet and I can get our exercise in the relaxing atmosphere of the city parks, while having the pet on a leach. Off leach dogs will still have access to the dog park. I love to take my pet to family function in the parks because they are part of the family.

- The role of pets in families has changed for some over the years where they are now family members. That's not so new to me. I've held them in that regard my entire life. It's about time Dubuque parks become pet friendly and let us take all of our family members with us.

- Our dogs are a huge part of our lives, and being to share our lives with others and enjoy the scenery of Dubuque helps us feel like part of the community we've come to love.

- I believe that allowing pets in our city parks would only be beneficial to Dubuque. There are many people in the community where their dog is extremely important to them, including my self. I know that having the ability to bring my dog with me to more venues around the city would raise my view and morale in terms of the City of Dubuque. I personally owned a Certified Therapy Dog that currently spends three days of the week at Jefferson Middle School with my fiance, who is a 6th grade science teacher there. Our dog has been able to help a multitude of situations within the school and community. This coming week he will start spending Monday nights at a local retirement home. There are so many positive attributes to the presence of pets throughout a community. The limiting factor, of dogs not being welcome within Dubuque is definitely a down side, and purely sad. I am 24 years old, and have thought of and continue to think about moving because the lack of dog friendly places. I have been to many places where dogs are allowed in an out of almost every establishment throughout a town, which is so extremely important to me. For my generation, dogs are extremely important and are an integral part of their families. There is only one dog park, in an inconvenient place to many people of Dubuque and they are not allowed in parks. That creates a restricting community for our dogs and pets. If you want to continue to make this community appealing to the younger generations, making a more pet, friendly community is a necessity. I hope you make the right decision.

Park Usage Increase

- I think our parks would be used more if they were pet friendly.

- I specifically do not go to parks because I cannot bring my dog with me. I am a responsible dog owner but it is unfortunate that even I cannot bring my dog to enjoy parks in Dubuque. Dubuque is very unfriendly to dog owners.

- Our family would use parks more if we could bring our dog.

- As a dog owner, I find it difficult and frustrating that I can't take my dog to beautiful places around Dubuque - such as Eagle Point Park. If I could take my dog to parks in Dubuque I would walk my dog all the time at various Dubuque parks. I'm 100% sure that parks around Dubuque will see a more visits.

- I am a dog owner and love taking my dogs disc golfing. It is a shame that i can't utilize the course inside dubuque even with my dogs on a leash.

- Not a dog owner but would like to see parks more utilize. Parks are for the entire community, not just traditional families. They should be a built environment that can be enjoyed by all. Let's encourage people to be apart of a community by engaging in our community.

Responsible Pet Owners

- I believe that a majority of pet owners are responsible. Our dog is part of our family.

- If they are licensed and on a leash, pets are under the control of the owner. As a taxpayer, I should be able to use the public areas (within reason) equally as all other community users.

- Its reasonable what they are asking. I walk my dog every day and in my pocket or my hand you will find a waste bag. I have had people stop and thank me for picking up after my dog.

- I believe this would be great, especially for those people who cannot drive somewhere with their pet. The pet owner must be responsible for their pet when in a public park. And if they were, maybe most parks would allow dogs. Train them right and treat them right. It is a win-win situation. I like taking my dog to a country or county park.

- If dogs are on leashes at all times and waste is picked up, there should be no problem with allowing them in parks

- I feel Dubuque is doing an in service to responsible dog owners by not allowing pets in parks. As long as pet owners keep their dog leashed and clean up after them it should be allowed.

- I believe it is in the best interest of the city and all residents to allow leashed pets in the parks as listed in the above ordinance.

- As long as a dog or cat is on a leash and the waste is picked up, I agree that they should be allowed. Pets are a big part of people's lives now and are good company for picnics and gatherings.

- I am a responsibly dog owner and feel my dogs should be able to be at the park with me on leash.

- Responsible dog owners should not be punished for irresponsible owners. Pets should be allowed in parks.

-Dogs are like family and the majority of the time less of a threat than humans. Responsible pets and owners should not be penalized due to the few irresponsible ones.

-Leashed animals should be allowe din parks. They are being controlled by there human provider and should cause no harm to others.

-Responsible pet owners should be able to walk dogs in the parks.

- For me personally. I train dogs to be therapy dogs, ESA dog and to show . I need to be able to have the freedom in the city to socialize my dogs in many different situations with people and places. Very hard to do when I'm so limited as to where I can go to socialize and introduce my dogs to situations that they might encounter on a day-to-day basis as a therapy dog.Currently I have to leave the city in order to properly socialized my dogs in all areas needed.

- We are completely responsible with our dogs and would love to be able to take him more places.

- Common sense proposal is appreciated! I trust the penalty for animal waste violations will be strong & meaningful

- The animals are not the problem, it's the pet owners. Pet owners must take responsibility for the actions of the pet, injuries, waste, and care don't fall on the Pet, but the owner. Allow pets to go where the owners want to go, and hold the owner responsible for the pets actions. It's that simple.

- Because when we walk, we walk our dog. The parks are so beautiful, we'd appreciate the opportunity to be able to stroll through them with our pet.

- I think the ordinance is still far too strict, but is a step in the right direction.

- I think that as long as owners are responsible and follow rules. Dogs can safely be at parks. I think a dog-friendly city is a pleasure. Walking your dog through a park is relaxing and enjoyable, and seeing dogs in parks is also relaxing to most pedestrains.

Welcoming Community/Progress/Quality of Life

- Dogs are an huge part of American culture. In order to attract new businesses and employees, this is an easy change to come in-line with other modern cities.

- I believe it is an improvement to our parks.

- Personal enjoyment with pet and economic development potential

- The parks seem to be underutilized as it stands. Dogs that are social are better trained and it is an opportunity for dog owners to socialize as well. Makes for a better community overall.

- Attractive dog parks and off lead hiking areas are a significant quality of life factor at nominal cost and would make Dubuque a better place to live and attractive to visitors.

- I chose yes to allow pets in parks as a pet owner and as a citizen that believes in allowing people freedom of choice. Dubuque continues to punish responsible pet owners because of a few bad ones by excluding them in the community. This has been a discussion for last 10 years in Dubuque and it's about time Dubuque steps up for all their citizens that pay taxes. You go to basically any other city, and pets are allowed in parks, which is great and makes me feel included in the community when traveling.

- Our policies to restrict pets has been a point of embarrassment for years. When I go to other pet-friendly cities, such as San Antonio, my irritation is further provoked. Aside from my personal opinions, however, I wonder what the economic impact has been due to potential newcomers deciding AGAINST choosing Dubuque as their residence due to our archaic, restrictive ordinances against animals in public.

- I believe the city has an interest in healthy citizens and expansion of areas of the city where dogs can be walked will support the health of the owners.

- It is about time that dogs are allowed into Dubuque public spaces. The policy not allowing dogs feels very regressive and puts Dubuque in a negative light.

- This is LONG overdue. With more and more young people owning pets rather than having children, how do you expect to entice them to Dubuque? Dubuque is one of the least pet friendly places that I've ever been to. You are losing out on revenue because the city council are too stubborn for their own good.

- We have to beat more welcoming community. Some times we fail and this is a place this beautiful community fails.

- I would love to take my dog on walks through city parks for leisure & exercise!!!

- Yes because it will allow for these parks and recreation areas to be better utilized and enjoyed by ALL residents and promote an active and healthy lifestyle.

- As a recent graduate, I decided to stay in the city with my husband because of the wonderful community we found here during college. We love our jobs and our home, and the small-town feel with plenty of things to do that Dubuque has to offer! However, one thing that does truly impact our lives here in Dubuque is the current lack of pet friendly facilities and areas. Our parents both live hours away, and both have dogs. When either set wants to come and stay, there are only a select number of places that they are able to stay that allow dogs, and finding places to exercise them after their long car rides can be difficult. We are also hoping to get a dog ourselves within the next year, but are concerned about the availability of places to bring them. Allowing dogs in the aforementioned parks would be a huge reason that we would feel comfortable adopting a dog, and also be a huge asset to encouraging us and our friends who have dogs to remain in Dubuque for years to come. Our pets are our family, and we want to treat them as such! Fulfilling their basic need to run off energy and play is a big deal to us in being responsible pet owners, and I think passing the above ordinance would be a huge asset to Dubuque.

- I see no issue in having a leashed, well behaved dog or cat in these areas under the supervision of an owner. Many cities across the country have already implemented these types of ordinances and it creates a more inclusive and positive environment for all.

- A welcoming community is a pet friendly community. I support this ordinance wholeheartedly and hope to see even more improvements in our city for pets and their owners. Thank you for considering the proposed ordinance.

- Dubuque needs to make being a pet friendly a top priority if the city wants to attract and retain young adults. It will also make Dubuque a better place to visit for our of town visitors since right now, they only have a muddy dog park. I travel all over the country for work and almost all cities allow dogs in parks and outdoor dining establishments. It's time for Dubuque to make the change.

- From Dubuque now living in Chicago where it is very pet friendly. Dubuque should be the same

- It hurts the standard of living to have such restrictions on where your dog can go.

- This change would encourage people to get outside for fresh air and exercise with their pets. Healthier for all. Cities like Denver are very dog friendly- you see the city providing frequently accessible dog waste bags and receptacles encouraging people to get out with their pets and be responsible to keeping city clean. In Denver, I have witnessed well managed dogs and happy pets and people being out and active socially. Why not encourage this happier and healthier lifestyle in the city of Dubuque. What to improve mental health- promote pet ownership , getting out socially and to exercise in the fresh air!

- I am in favor of moving into a dog-friendly city. The time is right!

- I would like to see Dubuque be more in line with what other cities allow in terms of dogs in parks, and this goes a long way towards that. I would also like to see more dog parks, especially in areas where the community is less mobile, perhaps a fenced-in area of an existing park.

- Inclusive environment

- Those who are responsible pet owners are those who want equal access to our City's parks. They want the right to exercise their pets in public areas, safely introduce their pets to different surroundings and situations, and have access to waste bins to properly dispose of their pets' waste. Irresponsible pet owners aren't concerned with any of the above points, and a few irresponsible owners should not mean taking these rights away from the rest of us.

- It would be amazing to be able to bring my dog to parks in town. This would make the community more approachable from a tourist point of view for those who travel with pets. Perhaps a suggestion would be to put more trash cans up for easier access when throwing away their waste.

- I used to visit Dubuque for the day 1-4 times per year. Then 8 years ago I got my first dog and discovered that pets are not welcome in Dubuque public spaces. Now, I don't even stop for gas or a rest stop in Dubuque when I am driving through to Wisconsin. I stop in Worth or Drsville instead. You lost my tourism.

- This proposed ordinance change is what I have been waiting and hoping for for several years. I believe that it would improve the quality of life here in Dubuque. We have many wonderful parks, but I do not visit them as often as I would like to due to the fact that dogs are not allowed in most. It is such a pleasure to visit A.Y. McDonald Park, where dogs are allowed. When our dog is with us, she draws people to us, and we talk and are friendly with people who we have never met before and would most likely not talk to otherwise. It helps build community!

- I think it's a huge step forward!

- These changes are common sense and long overdue for our city.

- I am a dog owner/lover and would love to see Dubuque get more pet friendly. We have kids that live in Kansas City, KS and Portland, OR. Dubuque is way behind the times. Move forward Dubuque!!!

- About time we have pets in parks. As long as people clean up waste

- It is just time.....

- I think it is about time Dubuque moved up with a new ordinance for dogs. There are a lot of responsible dog owners who would so enjoy having their pets witb them in parks. The irresponsible- ticket and fine

- This would be a fantastic addition to Dubuque.

- Dubuque needs to be more pet friendly which gets cituzens outside and enjoying tax payers dollars!

- We love walking to the park and it would be great if we could bring our dog with while our kids play.

- My dog is my best friend, and I love to be able to take him places other than just on a walk. My brother lives in Colorado and the whole entire state is so pet friendly and it is WONDERFUL to bring my dog out there to explore places and things he could NEVER here in Dubuque. Pets are FAMILY, and it’s about time we recognize that

- It is now 2020 and Dubuque is extremely far behind other metropolitan when it comes to pet friendly locations. Pets have proven to make citizens more active, involved in the community, and happier overall. Research shows people often choose where to live based on their pets and nearby pet-friendly amenities and services. Dubuque could, and will, suffer as a city if this ordinance does not change soon.

- This 50 year old ordinance is long-past its usefulness. I am a tax-paying, law-abiding, responsible Dubuque citizen, and I want to be legally able to walk my leashed dog through a city park.

- I support the proposed ordinance based on scientific research proving increased physical and mental health benefits of interactions with companion animals. Allowing companion animals in public parks and recreational areas gives individuals more space and opportunities to interact, therefore promoting greater physical and mental health. Thank you for your time and consideration.

- This is long overdue!

- Dubuque has not been a dog friendly community, to its detriment.

- The proposed change would be one step in making Dubuque a more pet-friendly community. Over 5 years ago, Dubuque allowed pets in several city parks and in the following years, and since then, there has not been a discernible change in the number of park violations involving pets in parks. The Parks Commission and the Pet-Friendly Community Group has worked hard to craft this proposed ordinance along with community-wide education programs for responsible pet ownership. Dubuque is the only city of the top 15 cities in Iowa that does not allow leashed pets in their city parks. We need to change with the current ordinance so that it's not a criminal act to walk a leashed pet in our city parks!

- I believe that Dubuque is so behind the times in being a pet friendly community. I fully support any ordinance that would allow pets in our community more.

- It’s unfortunate dogs are currently not allowed in parks.

- Having pet friendly exercise trails and parks is very attractive to people who are looking to relocate. When we moved here in August, I couldn’t believe every trail we drove to that weekend had a sign posted for no pets. Where we lived before, responsible pet owners brought there dogs everywhere, including restaurant patios and breweries. I have no idea how long the current ordinance has been on the books but change needs to take place as soon as possible. Thank you.

- This city is supposed to be an All American city, it's about time we quit living in the dark ages. People who have pets, would like to be able to include them in family outings.

- It is time to stop punishing responsible pet owners and limiting access to green space for fear of fear what “might” be the actions of some irresponsible people.

- Let's get on with it. Dubuque is one of the least pet-friendly cities in the midwest and we are way behind the times. The lowest common denominator, the one who will complain about this, and probably everything else, should NOT be accommodated any longer, on this and so many other things. Pet friendly = people friendly. Irresponsible pet owners (the very few there are) must be accountable, but enough passing rules because a few are stupid. Halloween candy in a parade rules for example, but I digress. Pass this now and be done. We've studied it to death. I was in Oregon this summer for a couple of days. Dogs everywhere. Problems with it no where. The MOST pet friendly state, I was told. It was refreshing to be in a culture where the default is to trust people to think and be responsible, rather than prohibit things to address and guard against the few idiots (who won't respond anyway). Thank you. Let's get this done now. It's not a big breakthrough to make this logical change to our overly prohibitive civic rules. The start of many improvements one would hope in civic freedoms.

- After 50 years, it's time to decriminalize dog walking in Dubuque city parks. During a 5-year trial, owners have proven to be responsible at the Mississippi Riverwalk, A.Y. McDonald Park, Bee Branch Greenway, trails, and other prized spaces. Therefore, I urge the Parks Commission and City Council to pass this ordinance and finally allow pet owners and their families to experience Dubuque's most beautiful outdoor spaces -- from their neighborhood parks to Eagle Point Park -- without feeling like criminals. This is a carefully crafted ordinance which brings Dubuque in step with cities nationwide, and aligns with many city council goals. Goals such as having a vibrant, healthy community with liveable, walkable neighborhoods and a truly inclusive atmosphere. It will improve quality of life for residents, better welcome visitors, and help Dubuque retain essential workforce to remain economically competitive. It is written to hold owners accountable for their animals, to protect children's play areas, veterans' memorials, and historic structures within parks, and to include a large pet-free park and playground (Marshall Park) for those who wish to avoid pets. Once passed, it can be enforced and adjusted if needed, and the Pongos and Perditas of Dubuque will finally have a chance to meet and mingle in the fresh air with their pet Rogers and Anitas. Tremendous thanks is owed to all Parks & Recreation

Commissioners, Pet Friendly Committee Members, and devoted staff who have worked so hard on this important policy change - now, and over the past decade. The people and pets of Dubuque will rejoice when it is finally passed into law.

- Dubuque has been anti-dog for too long. This would make Dubuque more livable for everyone with a dog.

- Pet friendly parks would attract younger people to the area and be a convenience to everyone who has a pet. There isn't a reason people shouldn't be able to cross a place like Wahington park while walking their dog.

- After living in about 10 different towns in Iowa, Wisconsin and Illinois I have landed in Dubuque. I am extremely disappointed to say that Dubuque is hands down the LEAST pet friendly town that not only I've lived in but even traveled to throughout the states. Not only should they be allowed in ALL parks, they should be allowed in restaurants if the owners so choose. I understand that not everyone enjoys pets, but allowing them into all public parks and places doesn't force the people to interact with pets, it merely offers the opportunity.

- This would be a valuable improvement to Dubuque. Please highly consider this change.

- The number one reason we consider moving out of Dubuque is the lack of pet friendly places to take our family. There is a beautiful park near our house and we were shackled when we couldn't take our dogs there. We have lived in 5 cities around America, 2 larger than Dubuque and none of the others had a pet ban.

- This makes Dubuque more dog friendly than it has ever been in the past.

- we need to be more dog/family friendly in this town

- Dubuque is behind the time. Look at all of the other bigger cities in Iowa. They all allow leashed dogs and cats in city parks. Its time for Dubuque to make the change.

- I am a native Dubuquer (64 years old) growing up in the area of what is now called Louis Murphy Park and the past 37 1/2 years in Point Area of Dubuque. Have always had dogs in my family as now we have 2 dogs, a border collie rescue and a golden retriver. My son and I walk everyday. We frequent A.Y. McDonald with our dogs and have not witnessed any issues with people not complying with rules. Dogs and people and bike riders seem to co-exist well. The parks are for everyone to enjoy including pet owners who are not only enjoying the great outdoors but getting exercise.

- Love it! Can't wait to have pets in our parks. Thanks for doing this!

Eagle Point and also commented on With restrictions

- Anything but pit bulls . Make eagle point free. Was a horrible decision to keep the tax payers out

- Opens up a great park for dogs: Eagle Point!

Enforcement

- I would like to see the License money stay here in Dubuque. I do not like sending a check to Texas for license requirements here in Dubuque.

- The owner should receive a serious warning instead of impounding the animal if found off leash for the first offense.

- I am completely in favor of fining owners that do not pick-up their pet's waste. Is this in place already?

- The only thing I would put in. If you get caught leaving animal waste, you can get fined up to $200 or something along those lines. Enough where people might actually respect the privilege to along animals in the parks.

Pet Parks

-As the pet park is the main place animals can be off leash, I would like to see other options or pet parks to be established. Can we have three pet parks, one on west end, the current "mid town" and one on east end to help those all around the city.

-Being a pet-friendly community is more and more important to people. A nice big dog park is also needed.

-I am a frequent user of the dog park. It desperately needs some maintenance. There are areas where standing water collects after rain and the areas in front of the cement are constantly muddy. Maybe they should be gravel? A hose with a sprayer would be an excellent addition to deal with muddy paws and dogs. A trail between the park and Bunker would be a welcome addition.

-Is there another spot in addition to Bergfeld for off-leash parks? Maybe something of the eastside of town? The Pet Park is sad.

Safety

-I agree, but I strongly encourage dog owners to PLEASE KEEP THEIR DOGS ON A LEASH.

- There is limited green space in most neighborhoods. Also, with more people using in-ground fencing, it is becoming more challenging to actually walk a dog on a sidewalk without getting attacked by unsupervised sogs. I would also feel safer walking in a park by myself with a dog.

Waste

-I am for dogs/cats in parks if leashes and waste disposal is enforced as I feel this will be the biggest challenge/obstacle

-I would like to take my dog on walks on trails or in parks. I do think there should be bags and receptacles provided, as too many pet owners are not responsible.

-Fines for not picking up pet's waste

-Advise that parks provide doggy clean up bag stations and available trash recepticals. Would like to see/hear what the plan is for disease control in commonly used parks- for both humans and animal concerns Please add another dog park!

-Owners can be responsible for the pick up of any poop, have trash cans available and require leashes.

- I think the proposed ordinance is fair. My concern is owners picking up waste in areas - and being held accountable if they do not.

With restrictions

-As of now 5 out of 48 Parks are Pet friendly. I propose opening up half of our Parks to start with and see how it goes. Change is alway hard for Dubuque residence but it do not make it right! So after a 2 or 3 year test lets them see it will work out for all that live in our beautiful city!! Remember we always need to move forward not stationary or backwards.....

-Signs need to be very clear about prohibited areas, for example staying away from any playground equipment. Dog waste bags and garbage containers very accessible.

-You can skip all the small print rules and just go with parks posted that let's not allowed. This is a great step in making Dubuque a livable and viable community.

-Pets are an important part of many people's lives and should be allowed in certain public areas.

-There needs to be more access for dog owners to be able to walk their dogs in the city of Dubuque. Increasing the amount of open space and off leash walking paths can improve the lives of not only dogs but their owners by making more of a community socialization.

-It would benefit many families and pet owners by allowing leashed dogs and cats in the areas listed above.

-There may be a problem with people tying up their dogs at city parks, and staying there all day long. That is when dogs can bark at everyone who walks by, and make dead areas in the grass. Would it be beneficial to address this? Maybe, allow dogs to be leashed and walking, but not allowing them to be tied up for any extended period?

Agree/support

- I support changing the ordinance to allow leashed pets in parks, as outlined above.

- I think it's reasonable to allow park users to come with their pets. I appreciate the effort the committee's efforts to solicit input and to provide educational materials. The proposed restrictions, i.e. at pools, children's playgrounds, etc. also seem reasonable.

- I also feel dogs should be able to be at restaurants that have outside seating. Even with food present. Let's get pet friendly. In Germany dogs are allowed inside restaurants

- I have 2 Golden Retrievers that are very friendly and love other people and dogs.

- I would love to see our community using our beautiful parks more and I think allowing dogs access would increase the number of people and frequency that people visit substantially

- I think it will increase the park attendance

- Neat!

- People want to be able to enjoy our beautiful parks w/their companion and best friends, their animals.

- Pets in parks is a good idea.

- Dogs should be allowed in parks

- I live by Flora park and I see dogs there a lot. Either people are not aware of the current ordinance or don't care. Most parks have plenty of room for people and dogs to enjoy the green spaces separately and so I would like to see doge allowed.

- I have a dog and would love if she could join me for walks in parks and she would love it, too!

- I support allowing dogs in parks on a leash!

- Dogs are the biggest fans of parks.

- Only change would be to allow an exception for last day of pools at Sutton / Flora.

- I like what is proposed. I think if problems arise adjustments should be made annually.

- I agree with the proposed ordinance

I love animals!

Pet-Friendly Work Group Executive Summary 02/08/2020

Pets in Parks Ordinance Change Public Input

The Pet Friendly Working Group, at the direction of the Dubuque City Council, has been exploring areas of public and social policy related to pets in our community. In 2019, this group completed an assessment with public input to identify the areas of highest priority for the community. The issue of leashed pets in parks was one of the top priorities.

The Working Group has forwarded a proposed ordinance change to the Parks Commission for review. This ordinance change was available for public review and comment. The Working Group, in cooperation with the Parks Commission, offered another survey and community public comment session with regards specifically to the ordinance change in order to gauge public support of this topic. In the following document are the results of that survey including a full list of the comments submitted.

A summary of the survey is as follows:

- 66% agreed with the ordinance change
- 11% agreed with the ordinance change with some modifications
- 22% disagreed with the ordinance change
- 1% were indifferent

The results of the comments during the public input session were comparable.

Comments in support of the ordinance change referred mostly to improved quality of life concerns, demonstrations of responsible pet ownership, and increased family activity and overall park use opportunities. The most common comments against the ordinance change centered around concerns of waste disposal, enforcement, fear, safety, and nuisance concerns related to pets; and support of pet parks as an alternative. Though outside of the purview of this ordinance change and scope of this discussion, there were also a few comments in relation to the Farmer's Market.

The Pet Friendly Working Group has discussed these issues, both during the process of developing the ordinance change as well as considering the comments returned from the community. The following points have been discussed as areas of focus to help address these concerns:

1. Appropriate signage and waste bags/disposal stations would be needed. These items represent the financial and logistical parts of the ordinance change, should it be adopted.
    a. Designs and costs of various signs and waste stations have been reviewed by the Working Group

   b. Working Group members have made maps of the various parks in Dubuque with suggested locations for waste stations
   c. Cost of these items can be mitigated by:
      i. Use of funds already set aside in the budget to explore another pet park
      ii. Business sponsors have expressed interest for financial support of these items. The Working Group can discuss ways to more formally proceed with these donations should the ordinance pass.
2. Education represents a large area of opportunity to mitigate many of these concerns.
   a. As mentioned above, clear signage including ways to easily access the ordinance, would be a priority
   b. Two-By-Two, a local educational program that all Dubuque 2nd graders participate in, provides character-building lessons that include responsible pet ownership and engagement.
   c. The BE AWARE program that is in development by Robin MacFarlane of That's My Dog! provides an engaging and direct opportunity to teach responsible pet ownership and how pet owners and nonowners can interact safely. Documents and lessons for this program are available for review and discussion. Distribution of the information from this program involves trained volunteers.
3. Enforcement concerns were discussed along with ways citizens could assist with enforcement. Review of needs regarding animal control in general will need to be reviewed by city staff in the Health, Police and Leisure Services Departments.
4. The Pet Friendly Working Group will continue to discuss the issue of pet parks as well. Off-leash pet parks have different reach and implications than the current focus of leashed pets in parks.
5. Members of the Pet Friendly Working Group are reaching out to the organizers of the Farmer's Market to coordinate policies. These members are also available for further discussion and clarification to Commission and Council members as well as other public or private entities seeking additional comment.

The public has shown support of this ordinance change. The plans to address concerns with regards to implementation costs and educational opportunities of this ordinance proposal have been conceptualized. Should this ordinance change pass, the Pet Friendly Working Group is prepared to move forward with the development of these plans, under the direction and criteria placed by the Commission and the Council.

Two by Two® Character Development

470 W. 4th Street | Dubuque, IA 52001 | twobytwoeducation.org

Pet Friendly Community Committee Meeting
December 11, 2019
Two by Two – Kindhearted Kids Program Presentation

Brief Facts About Two by Two

- Nonprofit since 2005
- Mission: *To develop responsible citizens of strong character who care for, respect, and appreciate people, animals, and the environment.*
- Annually reach over 1,500 students in Dubuque Community
- Every 2nd grader receives the Kindhearted Kids Program in Dubuque public and parochial schools
- Five-week program focuses on Kindness, Respect, Responsibility, and Empathy
- Many other character education programs are sprinkled throughout the community for after-school time, for families, and sports teams that focus on our 8 core values: Fairness, Kindness, Respect, Responsibility, Empathy, Cooperation, Perseverance, and Citizenship

Kindhearted Kids Program - Responsibility Objectives
The students learn:

- The Two by Two Golden Rule: *"Treat all living things the way you would want to be treated."*
- How to provide food, water, and shelter to a pet or lost pet
- Weekly responsibilities for a pet, like walking, playing, and cleaning up after
- The importance of taking a pet to the veterinarian for a check-up and shots
- To buy a collar with proper identification tags
- To give a loving home where the pet has toys and is given attention
- How to be responsible by loving and respecting all living things by not allowing myself or others to harm or tease pets
- Importance of keeping dogs on leashes and cats inside for their protection
- Good decision making and being responsible in regards to petting other people's animals (asking permission to pet the animal, letting the dog sniff your hand, etc.)
- How to act when a strange dog approaches you
- What to "say" or "do" to show empathy towards others
- Monetary costs of owning a pet and the responsibility that comes with that ownership
  (vaccination shots, spaying/neutering, cost of food/toys/bed/brush/etc.)
- Demonstrate how to be a responsible citizen – spay/neuter, etc.

*Kindhearted Kids Program may be tweaked to include more specific educational objectives to provide a safe and healthy pet friendly community.

Suggested Motion Wording for Ordinances - Motion B / Motion A

Motion B
I move to receive and file the communications and further move that the requirement that a proposed Ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which is to be finally passed be suspended.

Second & vote called; then:

Motion A
I move **final** consideration and passage of the Ordinance.

Second & vote called

If Motion B does not pass:
I move to receive and file the communications and I move first (or second) consideration of the Ordinance.

Upon third reading:
I move **final** consideration and passage of the Ordinance.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City 2007 • 2012 • 2013

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Park Ordinance Modification

DATE: April 10, 2015

Leisure Services Manager Marie Ware recommends City Council approval of a correction to City of Dubuque Ordinance 10-5B-4A prohibiting pets in parks. When the ordinance was amended in 2014, the title to Section 10-5B-4A "Unleashed Pets Prohibited" should have been changed to "Pets Prohibited." The attached ordinance removes the word "Unleashed," since no animals are allowed in parks. However, leashed animals are allowed in some designated parks and on trails. This is further specified in the same section and in 10-5B-4B.

I concur with the recommendation and respectfully request Mayor and City Council approval.

Dubuque All-America City 2007 • 2012 • 2013

TO: Michael C. Van Milligen, City Manager

FROM: Marie Ware, Leisure Services Manager

SUBJECT: Park Ordinance Modification

DATE: April 8, 2015

INTRODUCTION
This memorandum presents a correction to City of Dubuque Ordinance 10-5B-4A, prohibiting pets in parks.

BACKGROUND
The Leisure Services Department (Park Division), Police, and Health Services Department are drafting an enforcement Policy and procedure for enforcing Ordinance 10-5B-4, Pets in Parks. In doing so, staff identified a needed wording correction in the ordinance.

DISCUSSION
When the ordinance was amended in 2014, the title to Section 10-5B-4A "Unleashed Pets Prohibited" should have been changed to "Pets Prohibited." The attached ordinance removes the word "Unleashed," since no animals are allowed in parks. However, leashed animals are allowed in some designated parks and on trails. This is further specified in the same section and in 10-5B-4B.

The error has no impact on enforcement of the pet prohibition. Section titles do not constitute any part of the law, and are intended merely to indicate, explain, supplement or clarify the contents of a section.

RECOMMENDATION
I recommend the City Council approve the attached amended ordinance, removing the word "Unleashed" from the section title to Section 10-5B-4A.

CITY COUNCIL ACTION
Approve the attached ordinance amendment.

MRC/lh
cc Stephan Fehsal, Park Division Manager
Mary Rose Corrigan, Public Health Specialist
Mark Dalsing, Police Chief
Barry Lindahl, City Attorney

Prepared by: Crenna M. Brumwell, Esq. 300 Main Street Suite 330 Dubuque IA 52001 563 589-4381

ORDINANCE NO. ____ 15

AMENDING CITY OF DUBUQUE CODE OF ORDINANCES TITLE 10 PUBLIC WAYS AND PROPERTY, CHAPTER 5 PARKS AND RECREATION, ARTICLE B USE REGULATIONS, SECTION 10-5B-4 DOGS, CATS AND OTHER DOMESTIC ANIMALS BY CORRECTING THE TITLE TO SUBSECTION A

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. Section 10-5B-4 of the City of Dubuque Code of Ordinances is amended to read as follows:

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:

A. Animals Prohibited: No person shall be permitted to bring into any park, parkway, trail, or open space, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animal to run at large in any park, parkway, trail, or open space. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.

. . . .

Section 2. This Ordinance takes effect upon publication.

Passed, approved, and adopted the ____ day of _____, 2015.

_____
Roy D. Buol, Mayor

Attest:

_____
Kevin S. Firnstahl, City Clerk

EFFECT OF AMENDMENT

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:

A. ~~Unleashed~~ Animals Prohibited: No person shall be permitted to bring into any park, parkway, trail, or open space, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animal to run at large in any park, parkway, trail, or open space. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.

. . . .

I move to receive and file the communications and further move that the requirement that a proposed Ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which is to be finally passed be suspended. **(Motion B)**

Vote – Then

I move **final** consideration and passage of the Ordinance. **(Motion A)**

If Motion B does not pass:

I move to receive and file the communications and I move first **(second or third)** consideration of the Ordinance. **(Motion A)**

Dubuque All-America City 2007 • 2012 • 2013

TO: Mayor Roy Buol and the Dubuque City Council

FROM: Kenneth E. Klinge, Chair, Park and Recreation Commission

SUBJECT: Park and Recreation Commission Recommendation to Amend 10-5B-4 Related to Allowing Dogs and Cats in Most Parks

DATE: **January 22, 2015**

INTRODUCTION

The purpose of this memo is to forward a recommendation from the Park and Recreation Commission amending 10-5B-4 to allow dogs and cats in most park areas, all trails and other department areas.

BACKGROUND

August 5, 2013 the City Council approved amending 10-5B-4 which added A.Y. McDonald Park, Granger Creek Nature Trail, Heritage Trail, Jaycee Trail, John G. Bergfeld Recreation Area, Medical Associates Greenbelt Park, Miller-Riverview Park, Northwest Arterial Trail, Port Of Dubuque Marina, Port Of Dubuque Riverwalk Trail, Powerline Trail, Pyatigorsk Park and Southern Levy Trail to the list of places dogs and cats were allowed.

At the May 13, 2014 Park and Recreation Commission meeting Commissioner Kate Lydon requested the Commission consider adding additional areas to the current ordinance. The Commission considered this at five subsequent meetings and held a public meeting on November 18, 2014.

DISCUSSION

Attached to this memo you will find a summary of information researched and shared with the Commission as well as details of the public input since the last ordinance change in August of 2013. This information packet was developed by Leisure Services with specific information provided by Health Services and Police.

RECOMMENDATION

The Park and Recreation Commission voted 4 to 3 to recommend the amendment to 10-5B-4 related to allowing dogs in most parks and all trails at their January 13, 2015 meeting.

SUMMARY OF INFORMATION
REGARDING DOGS IN PARKS DISCUSSION
2012 - 2014

PETITION PRESENTED

Kate Lydon brought a petition on behalf of the individuals interested in repealing the ban on dogs in city parks. The petition was presented to the City Council and was subsequently referred to the Park and Recreation Commission, which they received/filed at their June 12, 2012 meeting. In December 2012 the petition had 1,101 total signatures, 841 of which were Dubuque residents.

The petition was never closed and as of November 18, 2014 there were 171 new signatures since December 2012.

Jim Kress presented a petition at the June 2012 Commission meeting that supported not changing the ordinance and keeping the ban on dogs in parks. There were 1,057 signatures and he verbally reported receiving additional signatures.

ORDINANCE HISTORY AND PROPOSED

Included in this packet:

- Original ordinance before August 2013. Research showed section A prohibiting dogs was adopted by the 1969 City Council. Since then sections B and C were added to allow dogs in few specific areas and added the dog park as unleashed area. Appendix A
- Current ordinance adopted by City Council August 5, 2013 Appendix B
- Proposed changes, redline copy Appendix C
- Ordinance if proposed changes accepted Appendix D

OTHER DUBUQUE COUNTY LOCATIONS

Dubuque County Conservation Areas and Trails – Dogs are allowed on 6' leash.
Mines of Spain State Recreation Area – Dogs allowed on 6' leash.

CORRESPONDENCE ON ISSUE

From the time the request was received to change the ordinance in June 2012 and when the City Council adopted the changes to ordinance in August 2013, the department received 47 letters, WebQA's and e-mails in support of not changing the

ordinance and 10 supporting the change that would allow dogs in parks. The Commission held a public hearing on July 10, 2012. The minutes are attached (Appendix E).

Between May 2014 when the request to change the ordinance allowing dogs in most city parks came to the Park and Recreation Commission again, and January 25, 2015, the department received 21 WebQA's and/or e-mails in support of not changing the ordinance and 18 supporting the change to allow dogs in more parks (Appendix F).

A public hearing was held on November 18, 2014. There were 19 that spoke in favor of allowing dogs in most parks and 10 spoke against (Appendix G – minutes).

CURRENT CITY OF DUBUQUE PET PARK INFORMATION

Hours 8:00 am - 8:00 pm
Pets can be off leash in this park area.

Daily Use Fee: $1
Season Pass Resident: $25
Season Pass Non-Resident: $35

		FY 2012	FY 2013	FY 2014
Resident season passes sold	$25	65 = $1,625	67 = $1,675	49 = $1,225
Nonresident season passes sold	$35	0 = $ 0	1 = $ 35	3 = $ 105
Daily revenue at park	$ 1	$1,371.31	$1,273.18	$1,086.39
TOTAL REVENUE		**$2,996.31**	**$2,983.18**	**$2,416.39**

SECOND PET PARK

Development funds were in the Fiscal Year 2014 budget for a second pet park. Due to budget cuts in the current fiscal year this project was deleted from the budget.

IOWA'S OTHER LARGE CITIES

SUMMARY OF IOWA'S 11 LARGEST CITIES
Current Ordinance Related to Dogs in Parks

largest cities in Iowa	population www.infoplease.com (2010)	dogs allowed in all city parks and along all trails	dog park available
Des Moines	203,433	yes - must be leashed - no longer than 6 ft.	yes - 8.5 acres plus 1 acre for small dogs - all fenced; $20 fee
Cedar Rapids	126,326	yes - must be leashed	yes - 14 acres fenced; building a second one - fee
Davenport	99,685	yes - must be leashed	yes - 3 acres; no fee
Sioux City	82,684	yes - must be leashed	yes - 5 acres fenced; no fee
Waterloo	68,406	yes - must be leashed - no longer than 6ft.	yes - 5 acres fenced - $10 annual fee
Iowa City	67,862	yes - must be leashed	yes - (2) 14 acres fenced; fee
Council Bluffs	62,230	yes - must be leashed	no - but expect a dog park will be in the plan soon
Ames	58,965	yes - must be leashed	yes - 10 acres fenced; fee
Dubuque	57,637	no	yes - 2.5 acres fenced; $1daily, $25 annual fee
West Des Moines	56,609	yes - must be leashed	yes - 10 acres fenced; $10 annual fee
Cedar Falls	36,145	yes - must be leashed - no longer than 6ft or on voice command	yes - 3 acres fenced; $15 annual fee

In speaking with the other cities, for as long as we have had the ordinance of no dogs in parks the other cities have allowed them. No other city has had the discussion of changing their ordinance during the 2012 - 2014 discussion of this topic.

DOG STATISTICS

Mary Rose Corrigan, Health Services Manager, provided the following updated statistics related to dogs and animals (and other information):

Dog Statistics				
Fiscal Year	***2011***	***2012***	***2013***	***2014***
Dog Licenses	6,215	6,500	6,606	6,608
Total Animal Licenses	9,066	9,341	9,437	9,486
Animal Complaints (including bites & calls to Police)	2,270	2,287	1,851	1,931
Animal Bites (Public and Private Property)	124	103	134	136

Appendix H1-3 shows maps regarding licensed dogs and animal bites. No bites have happened in parks, but one needs to understand dogs have been limited to trails and certain parks only.

According to the American Veterinary Medical Association Dubuque is estimated to have 12,312 dogs (based on 23,056 households in the city of Dubuque). As you can see many dogs are not licensed.

Patrol and Community Policing officers report that most times the incidence of a dog in a park is not documented and the person is not charged. The officer asks for corrective action (leave the park) and people comply. This is the same in regards to an officer seeing a dog do his duty and the owner not picking it up.

DUBUQUE'S ANIMAL CONTROL DEPARTMENT BUDGET

The following is updated actual expense and revenue information for animal control:

Animal Control Department Budget				
Fiscal Year	***2011***	***2012***	***2013***	***2014***
Dog License Revenue	$101,971	$104,417	$105,538	$109,001
Cat License Revenue	$40,527	$40,018	$40,301	$40,417
Animal Control Expense	$282,333	$256,297	$263,657	$274,254

PETS IN PARKS VIOLATION STATISTICS

Provided by Parks:

Pets in Parks Log - 2013-2014 Park Seasons

Parks seasonal and full time education and warning statistics

PARK NAME:	2013 Park Season		2014 Park Season
Allison Henderson	4		1
Avon	1		
Burden	2		
Comiskey	10		5
Eagle Point	3		3
Flat Iron	1		4
Flora	8		2
Jackson	5		1
McAleece	4		2
Pinard	2		
Veterans Memorial Park	5		
Valentine			1
TOTAL:	**45**		**19**
OTHER: Bergfeld(off leash)	2		1

Provided by Health Services: From 2009 through March 2013, twelve (12) calls were received for ten (10) different parks to address dogs in city parks. Eight (8) out of eleven (11) were given warnings for leashed dogs in areas where not allowed, loose dogs in the parks, leashed dogs in park when closed, etc.

From March 2013 to December 31, 2014, seven (7) calls were received for dogs being present in parks: loose dogs in the park, people walking dogs in park where dogs not allowed, etc.

Provided by Police Department:

	2008	2009	2010	2011	2012	2013	2014
All Animal Calls (Citywide)	975	923	980	1,070	1,212	1,929	1,466
All CFS in Dubuque Parks	860	886	1,057	936	957	841	724
Animal Calls within Parks	21	25	32	28	20	43	23

The Police Chief presumes that the uptick in 2013 in All Animal Calls and Animal Calls within Parks is at least based in part to the City's efforts to identify violations as well as

the public's awareness of the issue while the ordinance change discussion was in progress. These CFS do not show calls handled by Animal Control (Health Services).

SIGNAGE

All but four parks that do not allow pets have some sort of signage. These are just signs that say "no pets allowed." Signs are either 18" x 29" or 6" x 12".

DOG WASTE BAG DISPENSERS

Leisure Services provides dog bags through commercial dispensers at the Pet Park, Miller Riverview Park, A.Y. McDonald, Bergfeld Recreation Area and trail, the upper floodwall by Kerper Boulevard and the lower floodwall south of the Port. We currently go through about 24 cases a year or about 20,000 bags. The cost is $1,720 a year. The bag dispenser costs approximately $75 each. Research showed in other cities they generally only provide waste bags at the Pet Park.

LIABILITY

2012 - 2013 Information: Legal Department said that if there are usage regulations in place, in other words if dogs are allowed in parks, the city would not be at risk for any greater liability; the liability would fall on the pet owner. Commissioners, employees, and/or City Council would not personally be open to liability because they fall under the umbrella of the city and would not be liable unless there was willful, malicious intent.

October 2014 Information: Summary of ICAP Conversations - the following recommendations should be addressed if passing an ordinance allowing dogs and cats in additional proposed parks and shelters, and on the trail systems.

1. Post signs at all common entrances of parks and trails that outline the rules, including the city ordinance number. Minimum rules should include the following:
    a. All dogs must be kept on a physical restraining leash at all times while within city parks and on trails.
    b. Leashes must not exceed 6 feet in length.
    c. Leashes must be strong enough to restrain the dog.
    d. Dogs are the responsibility of the owner according to Iowa Code 351.28 and 351.38, and must be kept under control at all times.
    e. Waste must be picked up immediately, contained appropriately, and disposed of at home or in city designated receptacles.
    f. Exceptions may be made for properly trained service dogs as outlined in Iowa Code 216.C11 (e.g. Seeing Eye, Hearing, etc.)
    g. Dogs must be tagged with an updated Rabies Vaccination tag according to Iowa Code 351.33.
2. Adopt language that states the authority to enforce these rules.

3. Consider having further discussion with the city on whether or not to allow dogs within shelters to include picnic areas. Loss control is recommending prohibiting dogs from shelters and picnic areas. Shelters and picnic areas are inherently used for food distribution and consumption. Allowing dogs in these areas can pose as a health risk to shelter and picnic area patrons by the possible spread of e-coli and salmonella.

ICAP stated that if loss control recommendations are followed, there would be no increased contribution at this time.

A question was raised on whether the change to allow dogs and cats in most parks would be discriminatory. Crenna Brumwell, Assistant City Attorney said it would not be discriminatory as there is not a protected class. For example, you cannot discriminate based on such things as age, race/color, national origin, religion, sex, disability, etc. as those are protected classes.

ENFORCEMENT

Admittedly by our own police and park patrol officers, enforcement of the past and current ordinance is difficult. Enforcement will be difficult if other changes are made as well. Supporters of the change share peer pressure can be used for a leash law and for cleanup after your pet. We know from even our own employees and those in discussions that this can help but if a person doesn't want to follow the rules they won't and even with enforcement they won't.

It has been stated in many ways but the two best comments have been "it's not the dogs, it's the people" and "there are many responsible pet owners." We do find this to be true. There are many responsible pet owners. We understand that but as a public entity we deal with all pet owners – responsible and irresponsible.

ENFORCEMENT PERSONNEL

1. Park Patrol:
    a. Full-time: The Park Division has two full-time park patrol officers. Currently one position is vacant with the hiring freeze. These officers work from 4:00 p.m. to Midnight May 1st to October 31st. When at full staff, one is scheduled for Sunday through Thursday. The other is scheduled for Tuesday through Saturday. These employees are incorporated into the park division workforce in the winter months, from 7:00 a.m. to 3:00 p.m. Monday through Friday. There is no park patrol enforcement from November to May. Full time park patrol officers serve as park Maintenance Workers from November through May. With the hiring freeze some days during the season will only have one park patrol on duty for the entire season, sometimes it will be the full time and other times seasonal park patrol.
    b. Seasonal: The division also has 3 long term seasonal park rangers. These employees work from May 1st through October 31st. They assist the full-time staff from 4:00 p.m. to Midnight and also work a weekend shift from

8:00 a.m. to 4:00 p.m. At times only seasonal are on shift and with the hiring freeze at times only one seasonal park patrol is on duty.

Currently the seasonal park rangers are not able to issue citations. In speaking with the Assistant City Attorney, Crenna Brumwell, these seasonal could be authorized by the City Manager to issue citations per AP 6.02. The pay-scale for seasonal employees will not change if they are authorized by the City to issue citations.

2. Park Full-Time Employees: Full-time park employees are not authorized to issue citations. Full time and seasonal park maintenance employees were required to warn and educate persons seen in parks with dogs.
3. Animal Control Division: Animal control currently has two officers. Both of these positions are 29 hour positions. These employees work from 9:00 a.m. to 7:30 p.m. Monday through Friday during summer months and 8:00 a.m. to 6:00 p.m. Monday through Friday during the winter months. They also work Saturday mornings throughout the year.
4. Police: Police Chief, Mark Dalsing, said an animal call in the park would be a Code 3. This could get increased up to a Code 2 or a Code 1, if the animal was considered aggressive. See the chart below for code priority:

Code	Response Goal	Dispatch Priority
1	3 Minutes	Dispatched Immediately
2	6 Minutes	Dispatched Immediately, when territory unit or adjacent territory unit is available.
3	30 Minutes	Dispatched when units are available allowing for adequate reserves.
4	60 Minutes to End of Shift	Dispatched when units are available, allowing for adequate reserves and to be handled in a timely manner or at least by the end of the shift.

CODE RESPONSE:

1. **EMERGENCY RESPONSE:** Proceed to scene immediately, using emergency equipment (lights & siren) as appropriate. Response may be delayed only when life is threatened to a higher degree.
2. **RAPID RESPONSE:** Proceed to scene immediately, ensuring safe operation of the patrol vehicle, with due regard for the safety of all persons. The use of emergency equipment (lights, with siren optional) shall be limited and used only when necessary to make response timely. Response may be delayed when hazards requiring action are observed.
3. **NORMAL RESPONSE:** Proceed to the scene as soon as possible, obeying all posted traffic regulations. Response may be delayed for normal public safety actions, if response would not be seriously affected.
4. **DELAYED RESPONSE:** Proceed to the scene in a timely manner before the end of the shift. Response may be delayed for any routine problem judged by the officer to require attention

ENFORCEMENT ISSUES

Caught in the act: The most difficult enforcement issue is catching the pet and owner in the act. Most calls related to dog problems ends with the dog and owner being gone upon arrival. Having only two park patrol vehicles, 48 parks and 29 miles of trails creates response times to calls that does not allow catching a dog or person in the act. This statement holds true if the ordinance stays the same and the call is made for a dog in the park. The other way is for a witness who saw the act would have to be willing to testify.

Volunteer enforcement team: Discussion was raised to possibly have an ambassador program to promote the new pets in park regulations. Dog groups would educate pet owners and promote responsible pet etiquette in parks and on trails. Education by a group is positive. Enforcement by volunteers would have to have a list of volunteers' names nominated to the City Manager, names approved, a training given to volunteers by the City and Attorney's office regarding issuing citations. The volunteer would then at time of enforcement when issuing a citation get the violating person's name, address and date of birth or driver's license number.

FINES

There is no specific fee or fine structure defined within the Park and Recreation section of the Code of Ordinances. This means it becomes a municipal infraction which would be a minimum $50 fine + court costs + corrective action. The city goes by rates set by the state for municipal infractions: 1st offense is anywhere from $50 to $750; 2nd offense is up to $1,000 + court costs and corrective action; and 3rd offense is contempt of court with possible jail time. Pet waste not cleaned up by the owner falls under unlawful deposit under the littering ordinance and that fine structure would be the same. This is the fine structure unless commissioners and Council wanted to define a specific fine structure that would be for parks only. The Assistant City Attorney Crenna Brumwell shared fines are levied to gain compliance with rules. Commissioners felt this fine structure was appropriate.

A major issue of Municipal Infractions is that the person must show up for court. This would be onerous for a tourist to come back. It also means park patrol officers may also have to be in court during hours they are not on duty.

HEALTH ISSUES OF FECES

The question was raised if there were concerns or health issues related to dog feces/waste. According to Mary Rose Corrigan, Health Services Manager shared that feces is a source of disease causing pathogens. Feces can cause an issue for humans and other wild and domestic animals. Feces can have an overall negative impact on stormwater quality.

EDUCATION

Information regarding our pet friendly parks and trails was placed on the department website. This information was also featured in the Leisure Services brochures. Media extensively covered the change when trails were added to list where dogs are approved.

ANIMAL DEFINITIONS IN CITY OF DUBUQUE AND IOWA CODE

CITY OF DUBUQUE CODE DEFINITIONS

Cat: Both male and female animals in the family Felis catus whether neutered or not.

Dog: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.

Vicious Animal: A vicious cat or dog is deemed so when it shall have attacked or bitten any person on more than one occasion without provocation or when an attack or bite results in serious bodily injury.

Dangerous Animal: A. Any animal which is not naturally tame or gentle, and which is of a wild nature or disposition, and which is capable of killing, inflicting serious injury upon, or causing disease among, human beings or domestic animals and having known tendencies as a species to do so;

A. Any animal(s) declared to be dangerous by the city manager or the city manager's designee; or

B. The following animals which shall be deemed to be dangerous animals per se:

1. Lions, tigers, jaguars, leopards, cougars, lynx and bobcats;
2. Wolves, coyotes and foxes;
3. Badgers, wolverines, weasels, skunks and mink;
4. Raccoons;
5. Bears;
6. All apes, baboons, macaques, monkeys and chimpanzees;
7. Alligators and crocodiles;
8. Scorpions;
9. Snakes and reptiles that are venomous;
10. Snakes that are constrictors, with the exception of sand boa constrictors;
11. Gila monsters;
12. Opossums; and
13. Any crossbreed of such animals which have similar characteristics of the animals specified above.

7-6D-2: DOGS, CATS EXEMPTED: (from the dangerous animal definition)
The provisions of this article shall not apply to domestic dogs or cats.

IOWA CODE DEFINITIONS

"**Domesticated Animal"** means an animal commonly referred to as a bovine, swine, sheep, goat, domesticated deer, llama, poultry, rabbit, horse, pony, mule, jenny, donkey, or hinny.

"**Dangerous Wild Animal**" means any of the following:

1. A member of the family canidae of the order carnivora, including but not limited to wolves, coyotes, and jackals. However, a dangerous wild animal does not include a domestic dog.

2. A member of the family hyaenidae of the order of carnivora, including but not limited to hyenas.

3. A member of the family felidae of the order carnivora, including but not limited to lions, tigers, cougars, leopards, cheetahs, ocelots, and servals. However, a dangerous wild animal does not include a domestic cat.

4. A member of the family ursidae of the order carnivora, including bears and pandas.

5. A member of the family rhinocero tidae order perissodactyla, which is a rhinoceros.

6. A member of the order proboscidea, which are any species of elephant.

7. A member of the order of primates other than humans, and including the following families: callitrichiadae, cebidae, cercopithecidae, cheirogaleidae, daubentoniidae, galagonidae, hominidae, hylobatidae, indridae, lemuridae, loridae, megaladapidae, or tarsiidae. A member includes but is not limited to marmosets, tamarins, monkeys, lemurs, galagos, bushbabies, great apes, gibbons, lesser apes, indris, sifakas, and tarsiers.

8. A member of the order crocodilia, including but not limited to alligators, caimans, crocodiles, and gharials.

9. A member of the family varanidae of the order squamata, which are limited to water monitors and crocodile monitors.

10. A member of the order squamata which is any of the following:

(a) A member of the family varanidae, which are limited to water monitors and crocodile monitors.

(b) A member of the family atractaspidae, including but not limited to mole vipers and burrowing asps.

(c)A member of the family helodermatidae, including but not limited to beaded lizards and gila monsters.

(d) A member of the family elapidae, voperidae, crotalidae, atractaspidae, or hydrophidae which are venomous, including but not limited to cobras, mambas, coral snakes, kraits, adders, vipers, rattlesnakes, copperheads, pit vipers, keelbacks, cottonmouths, and sea snakes.

(e) A member of the superfamily henophidia, which are limited to reticulated pythons, anacondas, and African rock pythons.

11. Swine which is a member of the species sus scrofa linnaeus, including but not limited to swine commonly known as Russian boar or European boar of either sex.

(a) "Dangerous wild animal" includes an animal which is the offspring of an animal provided in paragraph "a", and another animal provided in that paragraph or any other animal. It also includes animals which are the offspring of each subsequent generation. However, a dangerous wild animal does not include the offspring of a domestic dog and a wolf, or the offspring from each subsequent generation in which at least one parent is a domestic dog.

o. Any other park with the prior written approval of the city manager.

2. Closed Containers: Subsection A of this section shall not apply to the transporting of closed containers of intoxicating beverages on park roadways, in park and recreation facility parking lots, in vehicles located within the park, and the public parks and park and recreation facilities listed in subsection B1 of this section.

3. Keg Beer: Notwithstanding subsection B1 of this section, beer in containers commonly referred to as "keg beer" shall only be permitted by a licensed holder of a beer permit who has obtained a permit from the city manager authorizing the use of such container. (Ord. 58-10, 11-1-2010)

10-5B-3: HORSEDRAWN VEHICLES, RIDING OF ANIMALS RESTRICTED:

Horsedrawn vehicles, riding horses or any other domesticated animal used for such purposes shall be prohibited in any park unless permission is granted by the park and recreation advisory commission of the city. (Ord. 54-06, 7-5-2006)

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:

Unleashed Animals Prohibited: No person shall be permitted to bring into any park, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animals to run at large in any park. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.

B. Leashed Dogs And Cats Allowed In Certain Parks And Areas: Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following:

Granger Creek Nature Trail
John G. Bergfeld Recreation Area
Medical Associates Greenbelt Park
Miller-Riverview Park

C. Unleashed Pets Allowed In Pet Park: Unleashed pets shall be permitted in the pet park. (Ord. 54-06, 7-5-2006)

10-5B-5: WALKING ON GRASS:

No person shall go on foot or otherwise upon the grass or turf of any park or parkway where any prohibitory sign is posted. (Ord. 54-06, 7-5-2006)

10-5B-6: THROWING STONES OR OTHER MISSILES:

No person shall throw any stone or any other missile within any park or parkway. (Ord. 54-06, 7-5-2006)

10-5B-7: INTERFERING WITH ANIMALS:

No person shall kill, trap, tease, annoy, disturb, feed or interfere with any bird or other fowl, animals or fish in any park or parkway. No person shall rob, injure or destroy the nest of any bird or any other fowl. (Ord. 54-06, 7-5-2006)

10-5B-8: UNLAWFUL DEPOSITS:

No person shall throw, deposit, place or leave in any park or parkway any paper, rubbish, waste or refuse

APPENDIX B
Current ordinance adopted by City Council 8-5-13.

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:

A. Unleashed Animals Prohibited: No person shall be permitted to bring into any park, parkway, trail, or open space, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animal to run at large in any park, parkway, trail, or open space. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.

B. Leashed Dogs And Cats Allowed In Certain Parks And Areas:

1. Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following:

A.Y. McDonald Park
Granger Creek Nature Trail
Heritage Trail
Jaycee Trail
John G. Bergfeld Recreation Area
Medical Associates Greenbelt Park
Miller-Riverview Park
Northwest Arterial Trail
Port Of Dubuque Marina
Port Of Dubuque Riverwalk Trail
Powerline Trail
Pyatigorsk Park
Southern Levy Trail

2. Leashed dogs and cats as allowed in subsection B1 of this section are subject to and must comply with the provisions of title 7, chapter 6 of this code.

3. The owner or keeper must pick up and dispose of or take away the dog or cat's waste.

4. The owner or keeper is responsible for the actions of the dog or cat.

C. Unleashed Pets Allowed In Pet Park: Unleashed pets shall be permitted in the pet park.

D. Exceptions: This section does not apply to:

1. Service animals used by persons with disabilities;

2. As part of an approved and permitted special event under chapter 4 of this title;

3. Animals which are part of the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park; and

4. Animals within Eagle Point Park, Murphy Park and Flora Park which are confined to an automobile, camper, motor home (a.k.a. recreational vehicle), or other similar conveyance during the entirety of their time within the designated park(s), parkway(s), trail(s), or open space(s).

EFFECT OF AMENDMENT

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS IN PARKS, TRAILS, OPEN SPACES AND AREAS:

A. ~~Unleashed Animals Prohibited: No person shall be permitted to bring into any park, parkway, trail, or open space, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animal to run at large in any park, parkway, trail, or open space. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.~~

~~B. Leashed~~ Dogs And Cats ~~Allowed~~Permitted In ~~Certain~~ Parks ~~And~~, Trails, Open Spaces and Areas.~~:~~ Dogs and cats are permitted in parks, trails, open spaces and areas except as provided in Section 1.

1. Exceptions. ~~Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following~~No person may bring into the following park, parkway, trail, or open space or area, any dog, cat or other domestic animal, nor may any person permit a dog, cat or other domestic animal to run at large in the following park, parkway, trail, or open space or area. Any unattended animal will be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment:

a. Bunker Hill Golf Course;
b. Marshall Park and Dubuque Arboretum and Botanical Gardens;
c. Nicholas J. Sutton Swimming Pool
d. Flora Park Swimming Pool;
e. McAleece Park and Recreation Complex, inside the fence;
f. Tennis courts;
g. Basketball courts;
h. Skate parks;
i. Enclosed and covered shelters;
j. Designated picnic areas; and
k. Any area where signage exists prohibiting dogs, cats or other animals.

~~A.Y. McDonald Park~~
~~Granger Creek Nature Trail~~
~~Heritage Trail~~
~~Jaycee Trail~~
~~John G. Bergfeld Recreation Area~~
~~Medical Associates Greenbelt Park~~
~~Miller Riverview Park~~

~~C. Unleashed Pets Allowed In Pet Park: Unleashed pets shall be permitted in the pet park.~~

2~~D~~. ~~Exceptions:~~Section 1 ~~This section~~ does not apply to a

~~1. S~~service animal~~s~~ used by a person~~s~~ with a disability~~ies~~.~~;~~

3. Dogs, cats, and other domestic animals are allowed in parks, trails, open spaces or areas a~~A~~s part of an approved and permitted special event under ~~chapter 4 of this title;3. Animals which are~~Title 10, Chapter 4, or in ~~part of~~ the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park~~; and~~.

4. Dogs, cats, or other domestic ~~A~~animals are permitted within ~~Eagle Point Park, Murphy~~Marshall Park and ~~Flora Park which are~~Dubuque Arboretum and Botanical Gardens if they remain confined to an automobile, camper, motor home~~, (a.k.a.~~ recreational vehicle~~)~~, or other similar conveyance at all times while in~~during the entirety of their time within~~ Marshall Park or Dubuque Arboretum and Botanical Gardens~~the designated park(s), parkway(s), trail(s), or open space(s)~~.

B. Requirements For Dogs and Cats While In City Parks, Trails, Open Spaces And Areas:

1. The owner or keeper must keep the dog or cat leashed and under control at all times.

a. The leash may be no more than six feet (6') in length and of sufficient strength to restrain the dog or cat.

b. Neither voice control nor wireless electronic collars may substitute for a physical leash.

c. The owner or keeper of the dog or cat must be physically capable of controlling the dog or cat.

d. The determination as to whether a leash is of sufficient strength, and whether the owner or keeper is physically capable of controlling the dog or cat will be made by the city manager.

e. Exceptions:

i. An owner or keeper who is working or exercising a dog by tossing a retrieval dummy or other object for out-and-back exercise at the Bee Branch Recreation Area, the 16th Street Pond, or the Bergfeld Recreation Area pond may allow the dog to go unleashed. At all other times the dog must be leashed.

ii. An owner or keeper who is visiting a pet park where dogs or cats are allowed to be unleashed within a designated area may allow the dog or cat to go unleashed.

2. The dog or cat must be licensed by the jurisdiction in which its owner or keeper resides, if a license is required by that jurisdiction, and the owner or keeper is subject to, and must comply with the provisions of Title 7, Chapter 6 of this Code.

3. The owner or keeper must pick up and dispose of or take away the dog or cat's waste.

APPENDIX D
Ordinance if proposed changes accepted.

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS IN PARKS, TRAILS, OPEN SPACES AND AREAS:

A. Dogs And Cats Permitted In Parks, Trails, Open Spaces and Areas. Dogs and cats are permitted in parks, trails, open spaces and areas except as provided in Section 1.

1. Exceptions. No person may bring into the following park, parkway, trail, or open space or area, any dog, cat or other domestic animal, nor may any person permit a dog, cat or other domestic animal to run at large in the following park, parkway, trail, or open space or area. Any unattended animal will be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment:

a. Bunker Hill Golf Course;
b. Marshall Park and Dubuque Arboretum and Botanical Gardens;
c. Nicholas J. Sutton Swimming Pool
d. Flora Park Swimming Pool;
e. McAleece Park and Recreation Complex, inside the fence;
f. Tennis courts;
g. Basketball courts;
h. Skate parks;
i. Enclosed and covered shelters;
j. Designated picnic areas; and
k. Any area where signage exists prohibiting dogs, cats or other animals.

2. Section 1 does not apply to a service animal used by a person with a disability.

3. Dogs, cats, and other domestic animals are allowed in parks, trails, open spaces or areas as part of an approved and permitted special event under Title 10, Chapter 4, or in the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park.

4. Dogs, cats, or other domestic animals are permitted within Marshall Park and Dubuque Arboretum and Botanical Gardens if they remain confined to an automobile, camper, motor home, recreational vehicle, or other similar conveyance at all times while in Marshall Park or Dubuque Arboretum and Botanical Gardens.

B. Requirements For Dogs and Cats While In City Parks, Trails, Open Spaces And Areas:

1. The owner or keeper must keep the dog or cat leashed and under control at all times.

a. The leash may be no more than six feet (6') in length and of sufficient strength to restrain the dog or cat.

b. Neither voice control nor wireless electronic collars may substitute for a physical leash.

c. The owner or keeper of the dog or cat must be physically capable of controlling the dog or cat.

d. The determination as to whether a leash is of sufficient strength, and whether the owner or keeper is physically capable of controlling the dog or cat will be made by the city manager.

e. Exceptions:

i. An owner or keeper who is working or exercising a dog by tossing a retrieval dummy or other object for out-and-back exercise at the Bee Branch Recreation Area, the 16th Street Pond, or the Bergfeld Recreation Area pond may allow the dog to go unleashed. At all other times the dog must be leashed.

ii. An owner or keeper who is visiting a pet park where dogs or cats are allowed to be unleashed within a designated area may allow the dog or cat to go unleashed.

2. The dog or cat must be licensed by the jurisdiction in which its owner or keeper resides, if a license is required by that jurisdiction, and the owner or keeper is subject to, and must comply with the provisions of Title 7, Chapter 6 of this Code.

3. The owner or keeper must pick up and dispose of or take away the dog or cat's waste.

APPENDIX E
Commission minutes from July 10, 2012 public hearing.

PARK AND RECREATION COMMISSION MEETING
Tuesday, July 10, 2012
4:30 p.m., City Council Chambers, Historic Federal Building

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge and Dave Schlueter

OTHERS: Staff present: Marie Ware, Pat Prevenas and Jolene Rettenberger. Twenty-two (22) people present in the chambers for public comment(s).

ADMINISTER OATH OF OFFICE AND SIGN PAPER FOR RE-APPOINTED COMMISSIONER BOB BLOCKER: At the start of our meeting (4:35 p.m.), Leisure Services Manager Marie Ware shared the Oath of Office paperwork with Paul Hoffmann to administer to our re-appointed commissioner, Bob Blocker. We welcome Bob Blocker to his extended term on the Park and Recreation Commission.

MINUTES APPROVED; VOTE: It was moved by Blocker, seconded by Harris, to approve the minutes of the June 12, 2012, meeting. The motion passed unanimously.

PUBLIC COMMENT (limited to three minutes per person): Prior to the start of public comments, Commissioner Hoffmann reminded the public speakers to address the commission by stating their name and address, as well as writing down that information for minutes. A time limit of three minutes per person was granted.

Kate Lydon, 123 Bluff Street. Moved to Dubuque three years ago. She is surprised and disappointed that no dogs are allowed in the parks. She addressed the chambers asking how many people were here to support dogs in the parks in which several people raised their hands. She has 1,677 signed supporters who are in favor of having dogs in the parks. She will continue to gather more supporters.

Nancy Winning, 2380 Trygg Drive. Has lived in Dubuque for four years. Has also lived in five states and eight cities. Dubuque is the only place that no dogs (leashed) are allowed in the parks. She is not aware of any problems with dogs in the park in the past. She sees dogs along the river walk and doesn't see any problems with people and/or dog waste. She wants to go to the park with her dog and sit and read a book. She commented on how the parks are not full with people during the week. Stated when she was at Murphy Park the other day, no one was at the park.

Robin McFarland, 390 Alpine Street. Moved to Dubuque last year (business owner). She travels a lot. She has not come across a place to walk her dog. She feels that having a discussion about limiting pets in the parks would be a mistake, especially for the tourists. This is not a good way to do business. In her opinion, responsible people will enjoy this; no enormous increases with problems.

continued

Terry Leibold, 2530 Millstone Drive. Has worked for the City of Dubuque as a park ranger and park employee for the past twenty-eight years. He has been a dog owner for thirteen years. In his opinion, NO dogs in parks due to safety reasons. It's not a good idea to mix people and dogs. No clean-up. Dogs are already allowed in certain places in Dubuque already, plus there will be an additional Pet Park opening along South Locust in the near future. His wife is very much afraid of dogs and will stand/walk behind him. He sees people carrying leashes in their hands and the dogs freely walking/running through the park. He would have no problem in getting petition signatures showing the amount of people who are not in favor of having pets in the parks. How do you think the IBM employees would feel about eating their lunch at Washington Park and having a dog do their duty while eating lunch? If we honor this, we should have certain rules and specific areas with dogs on leashes (not retractable leashes, 6' leashes). Have a 3-strike rule in effect – if you get caught twice, the third time you are banned. Terry also stated that as he served as a park ranger, if tourists came into the park with their dog, he talked with the pet owner to let them know about no pets in the parks, but as long as they were there, he didn't see any harm in the dog being allowed to come into the park and then back to their vehicle.

James Menson, 890 Rush Street. James stated that he is a responsible pet owner. He has a trained dog. He feels that the rules assume that people at the park are not responsible. His trained dog will always be on a leash. He considers his dog as a member of his family. Are people going to be responsible for their dog? There should be penalties if they are not responsible. He wants to be able to take his dog with his family to the park, but for the time being, he has to decide if taking the family members or his dog only (limited on where they can all go). Dubuque is a fast growing city. We need a system in place to monitor this.

Kathryn Hartman, 535 Candlewick Court. Has been a nurse for forty-one years; now retired. During her nursing years, it was her job to go on home visits. She has observed pet owners who love their pets and they treat them like family members. However, pets are unpredictable – their nature is to protect their owners and their territory. There are plenty of non-responsible pet owners. She was raised on a farm. During the last four weeks in her neighborhood, she has had to cleanup dog poop left on her lawn. She has noticed some people carrying a doggie bag to "look good". She commented on what a pleasure it is to take people to the park with having no fear of pets or the smell of pets. She commends the City of Dubuque for limited pets in the parks. Why are we willing to take on the liability?

William Kaiser, 3556 Keymont Drive. Against dogs. He walks everyday for about 1½ hours at Eagle Point Park. Sees a lot of dogs (leashed and

continued

unleashed) in the park before operating park hours, as well as dog waste left behind. He has also witnessed responsible dog owners drop their poop bags on the ground. He has talked with park maintenance employees and they are not in favor of dogs in the parks. Park employee comments have been "if you think it's bad now, I'm afraid to think what it will be like if dogs are allowed." If you're having a family gathering at the park, do you want to listen to dogs barking? We have a lot of wildlife in the parks (ducks/fox/deer/et cetera). It will take one severe dog bite… Parks are for people, not for pets.

Wanda Dossey, 901 Lincoln Avenue. Has been a Dubuque resident for sixteen years. It's a fact of life that we have responsible and irresponsible people in every factor of life. She is in favor of dogs in the parks. She has enrolled in American Kennel Club Obedience classes with her dog. It would be nice for people and their dogs to be able to take in the local sites (tourists) and enjoy the city. The dock dogs bring in an economic boost to the community. More people are traveling with their dogs. Look at the health benefits – keep walking and exercising. Do we have certain rules for motorcycles/motorcyclists that break the laws?

Paula Martens, no address listed. She is a responsible pet owner. When her dog is at their home, the dog is leashed in her own yard. She often stands over her dog while he's in the yard. What makes not other loose dogs from coming into her yard and attacking her dog? What do other cities do? Give it a chance.

Ryan Larson. Has a binder with handwritten petitions he shared with the Park and Recreation Commission. He owns a pit bull. He's a responsible pet owner. There are dog training facilities available in Dubuque. Penalize people if they are not responsible for picking up dog waste.

Jim Kress, 3090 Keokuk Court. Jim shared a typed note with the Park and Recreation Commission. About 1½ hours ago there was a volunteer at the Dubuque Arboretum who shared a story with him. The people were down in the Port of Dubuque (near the flood gates) when a pit bull ran out with his leash tied to a folding chair. The couple was fearful and ran back to their car. This is a safety issue – there are going to be lawsuits galore! We have to protect our children from the dogs. Who will enforce the leash ordinance since the park rangers don't come on duty until 4:00 p.m.? We have a tight budget. Don't allow dogs in the parks due to the safety of our children first. Dubuque received an award for an "All-America City".

John Betko, 1263 Jackson Street. Has lived in Dubuque for fourteen years. An "All-America City" has rights for everyone. He pays dog license tax. How can you say you can't go to any parks? Why is this a problem? Pit bulls…are

continued

they going to kill you, really? Enforce the laws that we have. Can't take your dog anywhere. Give us more options – people will be responsible.

Kim Daykin, 275 Southgate Drive. Kim is a former Park and Recreation Commissioner of 15 years. Is the owner of a Dalmatian. She has been all over the parks areas (Swiss Valley, Mines of Spain, et cetera) and has witnessed that most people do not have their dogs on a leash. Her dog has been attacked by other dogs. Mess all over – you'll step in dog poop. This will be a problem in the parks. People say that their dog is so nice and won't hurt anyone, but her dog will hurt them. Has a suggestion - if we allow dogs in the parks, limit the parks – not in Eagle Point, Murphy or Flora parks (if a tourist, OK as stated by Terry Leibold's comments above). Limit the times and parks for pets. Have an extra park ranger to enforce the rules and impose hefty fines.

Donald Koepke, 434 Emmett Street. New resident to Dubuque; moved two months ago from Milwaukee, Wisconsin. Moved to Dubuque due to the low unemployment rate. Surprised with the restrictions we have on dogs in the parks.

Sandy Kohn, 2194 North Star Drive. Owner of two mixed labs that she takes on walks. Doesn't go to the Pet Park because she sees the dog owners congregating around and the dogs have the run of the place. Eagle Point Park is a great place to go. She has noticed people dropping their dog waste bags on the ground, but they return back to pick them up as they walk back on their route. Give us a fair chance; nothing is 100% in life. Just give us a chance.

ELECT OFFICERS; VOTE:

It was moved by Schlueter, seconded by Klinge, to elect Bob Blocker as Chairperson, elect David Schlueter as Vice-Chairperson, and elect Chuck Harris as Secretary. All motions passed unanimously.

COMMISSIONERS PRESENT AND DISCUSS THEIR INDIVIDUAL PROPOSALS REGARDING DOGS IN PARKS AND LEISURE SERVICES AREAS:

At this part of the meeting, Commissioner Blocker took over as Chairperson. Below are statements from our commissioners about their proposals for dogs in the parks:

Commissioner Harris. Proposal is simple, but not. He has heard from people what they are saying. Allow dogs in all parks except for Eagle Point, Dubuque Arboretum and Botanical Gardens, Murphy, Washington, Jackson and Comiskey. Commissioner Harris lives across the street from Comiskey Park and owns two dogs. He feels that it would be too hard to enforce this since our personnel has enough work on their plates. We either do all parks, or no parks. He also added that if there is an issue in the neighborhood about dogs

continued

in the parks, add that park to the list for no pets allowed at all. Make the fine a minimum of $750, keep the leash at 6' and cleanup after your pet(s). We need to encourage responsibility.

Commissioner Schlueter. He proposals to look at the ordinance and make changes. Dave distributed copies of his amendments to 10-5B-4 as follows: A) Add the following: exception being the designated Pet Park(s); B) Revise: Leashed dogs and cats allowed in all parks and areas except the following: Eagle Point Park, Marshall Park (Dubuque Arboretum and Botanical Gardens), Louis Murphy Park and the Riverwalk by the Grand Harbor Resort/Grand River Center/Alliant Amphitheater. This will be on a one year trial period, with the City reserving the right to revoke said revision or alter. Leashes or tie outs must not be longer than 6' in length (not extend-a-leads) and owners are responsible for feces cleanup with proper disposal in an appropriate receptacle. Fines for violation of leash or feces are $200 per violation and will be administered by the park patrol and/or Dubuque Police Department; C) Delete as redundant.

Commissioner Hoffmann. He feels if people take dogs to the park, we should increase the park fees. If fines, add extra park ranger to staff and work longer hours. Have dog owners pay an extra fee ($35 or $50) for a tag for the dog to cover the costs. At Eagle Point, Flora and Murphy parks, set time limits – out by 9:00 a.m. He is concerned about the safety of the children. Possibly make an exception on the weekend during the America's River Festival when the Dock Dogs are in town. Send out *News Releases* during the times that pets are allowed in the parks.

Commissioner Klinge. He has received several telephone calls and letters regarding this topic. He spent five nights camping over the July 4th holiday at the Miller Riverview Campground. He doesn't take his dog to the parks because parks are for people. Not too long ago he went for a walk through Murphy Park and introduced himself to park patrons and brought up the issue about dogs in the parks. In doing so, he stated that most people are against the idea especially at Murphy, Flora and Eagle Point parks and the Dubuque Arboretum. Let's have a trial period. He is afraid and would feel terrible if someone gets mauled by a dog(s). He has gone on several walks throughout the city (along Grandview Avenue, Asbury Road and Carter Road) and has come across dog waste and waste bags. Keep it as is.

Commissioner Blocker. Both sides have argued their case. I don't think we can make rules and regulate them. Parks belong to us, the people. Let's compromise – dogs on 6' leashes, but not in the Arboretum. Have a trial period of 1-2 years. Take this to City Council. The thing is responsibility. He feels a fine of $750 is too high.

continued

With the absence of **Commissioner Evelyn Nadeau**, Commissioner Blocker shared her email with everyone. "Pets on a 6' leash accompanied by someone age 14 or older are allowed in city parks with the exceptions/limitations listed below:

Within the parks where they are allowed, pets may not be in playground areas, in areas where food is consumed such as picnic tables unless the pet belongs to those picnicking, and are not allowed in areas where sporting activities take place, such as athletic fields, skate areas, pools, disc golf courses and the like. All pets must be fully licensed and immunized with current tags, and pet owners are responsible for cleaning up after their animals. The exceptions/limitations are as follows:

Eagle Point Park – not allowed with the exception of the Trolley Line Trail and in the rest of the park only during open hours before 9:00 a.m. and after 9:00 p.m.

Marshall Park – not allowed in the Arboretum.

Fines for pets off leash (other than the Pet Park) up to $1,000 (I originally stated $500 and $300, but since the current Pet Park rules say up to $750 for not picking up, I upped the ante). Fine for dog waste not picked up at $750."

With the absence of **Commissioner Karen Lyness**, no report given.

Leisure Services Manager Marie Ware also shared with the commissioners to be thinking not only about dogs in parks, but trails, too. We have several trails in Dubuque (N.W. Arterial, North End Neighborhood, Mississippi Riverwalk and the Trolley Line Trail). We need to be specific about trails.

In the conversation about dogs on trails, Commissioner Harris agreed to allow all pets on all trails; Commissioner Schlueter agreed to all trails except for the Mississippi Riverwalk as stated above; Commissioner Hoffmann agreed with Schlueter stating it's not a good mix to have dogs and well-dressed people along the Riverwalk, especially since the Port of Dubuque is a highly used pedestrian area, and Commissioner Blocker shared that both sides to story and we need to compromise.

At this time, a gentleman from the chambers asked about a trial period. If we get one dog bite incident, cancel the trial period. Another person stated that we are taking the freedom away from the people. How do other cities do it? Why can't Dubuque figure it out? A lady shared that there is a website that shows dog bite statistics. Another lady asked if someone gets bit, who is liable

continued

for the dog bite? This is a legal issue.

Leisure Services Manager Marie Ware spoke and stated that we need a recommendation to be given to the City Council. Since there are so many versions, what is your recommendation as a commission? We need time to take this issue to staff for review. Since this would be an ordinance change, we need to get feedback from various departments. Time is needed for discussion.

Commissioner Hoffmann asked about scheduling a Workshop Session. At the Workshop Session, the general public can be in attendance, but will not be able to speak. We need to hear comments and have some feedback from commission members. We need to have a consensus from the Park and Recreation Commission. It will need review with the park patrol, COPS, Health Services, et cetera. I feel a Workshop Session is appropriate.

Commissioner Klinge asked how long the ordinance has been in effect – dates back to 1968. Commissioner Blocker's gut feelings are for this issue to not take place until the next season since we are half-way through the year now. Leisure Services Manager Marie Ware stated that this will take some time.

Leisure Services Manager Marie Ware stated that we either need to have a special meeting, put this item on the Park and Recreation Commission August agenda or schedule a Work Session before/after our commission meeting.

Commissioner Blocker shared that we can discuss this at the next meeting. Commissioner Hoffmann suggested to have a Work Session only. Commissioner Schlueter agreed with Hoffmann and said to have the Work Session scheduled soon. It was also stated to have the typed minutes of this meeting available this week so plenty of time is given to read and review the minutes prior to the scheduled Work Session on Tuesday, July 24th at 5:00 p.m. at the City Council Chambers, 2nd floor of the Historic Federal Building (if chambers are available). The meeting notice will be released to the media and again the public is invited to attend, but no public comments will be allowed during the Work Session.

Prior to ending this conversation, a lady in the chambers asked where does the money go to that are from the licensing of our dogs? Why can't we use this money for the different waste stations located in the parks and hiring staff to enforce the rules?

DISCUSS GOLF OUTING RATES:

Recreation Division Manager Pat Prevenas distributed a copy of the Bunker Hill Golf Course Outings proposal to all commissioners. Under the current policy, which was adopted in March of 2005, it reads that Golf Outings may be scheduled on weekdays before noon throughout the season, and weekends

continued

after 1:00 p.m. and any time in September and October. Eighteen hole rates for shotgun start during the above times include the following: 144 player minimum – league fee of $12.75; 120 player minimum – weekday 9-hole fee of $12.75; 100 player minimum – weekend 9-hole fee of $14.25 or less than 100 players – senior fee of $15. Requests for golf outings have become more numerous since 2005 and there is less competition between the golf courses to attract outings so the reduced rates are unnecessary. We also now have the ability to start outings earlier than 1:00 p.m. on the weekends because of fewer permanent tee times in the mornings which provides us greater scheduling flexibility.

To assist the Pro Shop staff with a less complicated pay rate schedule, it has been suggested that we consider the following for the 2013 season: 120 player minimum – senior fee of $15 or 80 player minimum – weekday 18 hole fee of $19. Outings with less than 80 players that do not require a shotgun start will be negotiated individually via the Golf Pro with the approval of the Leisure Services Department staff.

RECREATION DIVISION REPORT:

Recreation Division Manager Pat Prevenas shared the following recreation issues: ◆ According to the National Golf Foundation, golf rounds are nationally up 15-16% due to the weather; up 18% in the Midwest, but up 20% here at the Bunker Hill Golf Course. This is the best June Bunker Hill Golf Course has had in 11 years – year-to-date through June up 23%. ◆ FY12 golf ended with a surplus of $29,000. ◆ An all-time monthly record was set at Flora Pool with 37,000 swimmers. We have had the second highest monthly record at Sutton Pool with 19,900 swimmers. No single, daily records were set. ◆ The extreme heat has impacted the attendance to some of our programs (tennis, playground, baseball, softball). ◆ Online registration for activities has maintained 50% usage.

PARK DIVISION REPORT:

Leisure Services Manager Marie Ware spoke about the following park issues: ◆ We continue to water flower baskets and beds. Many thanks to all employees for all of their hard work in the extreme heat. ◆ The Miller Riverview Campground has been busy. ◆ Mowing weeds rather than lawns due to the extreme heat and dryness . ◆ Some of the flower baskets and beds look better than others. The self-water system with the flowering baskets is working out well. ◆ Bids were received for the North End Neighborhood Trail. We received a favorable low bidder below what the engineers estimated. ◆ Commissioner Hoffmann asked a question about the status of the house that was up for sale on South Grandview Avenue, outside of Murphy Park. Leisure Services Manager Marie Ware is looking into options related to moving the house or deconstruction. If the house gets demolished, we will have an open lot until plans are in place and money is budgeted as a CIP. ◆ Commissioner

continued

Blocker was very pleased as to how well the Miller Riverview Campground is being managed and handled. Blocker had a reservation at the campground during the July 4th holiday. Blocker asked why we do not have a hard-surfaced handicap camping site? According to the campground map, there is a handicap site available and the campground managers keep this area open for any handicap camper that needs it. Leisure Services Manager Marie Ware shared with the commissioners that the project of hard surfacing sites had been placed in the budget. With the new CIP's, they did get some money to hard-surface a few camping sites.

OTHER BUSINESS:

Commissioner Blocker asked about the status of the Port of Dubuque Marina and when that will become officially open. The new boat slips are beautiful, but there is no fuel, no rest rooms, et cetera. Since we have spent $5 million+ on the marina, why and/or when will we open? Leisure Services Manager Marie Ware explained to the commissioners that since the City received a $4 million grant, with the grant monies we cannot exchange money until the grant is completely closed due to the construction. When this becomes an acceptable project through the City Council, then you need to add 30 days for retainage and all things gathered and send to the grantee for final approval. The City of Dubuque has to follow the rules *unless* we want to pay for the entire project. The marina has docks as a courtesy currently.

ADJOURN; VOTE:

It was moved by Hoffmann, seconded by Klinge, that the meeting be adjourned at 6:24 p.m. The motion passed unanimously.

This message is a response to Kate Lydon's TH article about opening more parks to pets.

Kate, thank you for advocating for pet owners needing more areas to exercise their dogs. Dubuque has a serious need for more dog parks and for more opportunities to allow dogs places to play. The last three times I tried to use the dog park, the park was full and very busy. I plan to pay the $25 yearly fee, but not if I cannot use the dog park. I do have several suggestions.

Allow owners to use the city parks, but regulate that all waste must be picked up or be fined. Require that dogs be held on a 6 foot leash or less or be fined. Require all dogs to be kept 8 feet away from other park users for safety.

At the dog park, until there are more dog parks provided by the city, could the current dog park be divided into four sections, instead of two sections? Responsible dog owners know if their dog is safe to be with other dogs or not. If not, more sections in the current dog park could provide safety for dogs and owners. The two sections really are large enough that they could be subdivided into four sections, at minimal cost. Please consider this option, until more dog parks can be created. Our dogs need a safe place to run and the spaces do not need to be so large.

Thank you for listening. And thank you for advocating for our dogs. Dubuque really is not a dog friendly city, yet. :) **Carol Arling**

SEP 09 2014

Please put this into the correspondence related to dog issue.

>>> Karen Lyness <klynessdbq@gmail.com> 9/2/2014 7:53 PM >>>
Thank you for your input. We really do appreciate it. None of the commissioners takes this issue lightly. We would be happy to recommend to City Council another public input session if you feel this will be beneficial. Maybe there would be new concerns for the con group or new benefits for the pro group. But, we have had several public input sessions and have take into consideration the pros and cons from those sessions. We have received copies of all the petitions from both sides and they are always very close to being equal. We do believe we won't hear any NEW comments from either side but we could be wrong.

Thank you again for taking the time get in touch. Truly, it is very important for us to hear from you. I will pass this information along to the other Advisory Commissioners.

We do have an open meeting policy and the public is very welcome to call the Park and Rec office and be put on our agenda or come and sit in on any of our meeting.
Sincerely,
Karen Lyness
Park and Rec Advisory Commission

> It appears the park commission members have made up their minds on the issue and don't want any more input on their desire to force dogs in city parks "down the throats" of city residents. but as residents of the city, we still wish to voice our displeasure with their attitude.
>
> At last count, there are 13 parks or areas of the city where dogs are allowed on leashes, plus the North Grandview pet park allows them to run freely. Surely, one would think, that should satisfy Commissioner Hoffman's desire for "compromise", since we now have only 4 parks left where the rest of the public can go and not have to listen to dogs barking, or watch everywhere they step. Not to mention fear of bites. Some people fear dogs, others just don't like to be around them. Are these people now to be denied access to parks, in deference to the dogs? If, as he suggests, dogs are "limited to certain times of the day", who will come in and "clean up" before the general public is allowed back in?
>
> We hope Commissioner Lyness doesn't actually believe that irresponsible pet owners are suddenly going to develop a conscience. If so, we would suggest she take a walk along Asbury Road or Grandview Avenue, and talk to people who live there about how disrespectful dog owners can be. As for getting more personnel, if the city actually has the funds to hire more officers, they should definitely not be used for dog patrol.
>
> Commissioner Lydon moved from Des Moines to Dubuque and is unhappy about our dog policy. She says that we are different from all the other large cities of Iowa. That does not make us wrong, but maybe more sensible. Dogs are not meant to be in many places, and we don't believe we are

losing visitors because of our "dog policy", since our city provides plenty of space for them.

Thank you for allowing us to share our thoughts.

Darlene Manders
563-872-4640

The dumbest thing you could do is letting dog's in your beautiful park's! They have their OWN parks, don't they? Use some common sense. They would turn out to be dirty parks and we would not go there. Who wants to picnic with dog's running around?

WQA 73590 – 090214

John Even
eaglepoint3130@mchsi.com

Please lets keep our parks "save" and "clean" no pets in parks.
Thanks
John

WQA 73555 – 090114

Art Bush
Bush46@centurylink.net

I am disgusted with the letter dated August 25, 2014 to the mayor and city council from Kenneth Klinge, Chair of the Park and Recreation Advisory Commission. His reasoning for not holding a public input session regarding pets in the parks is that previous input has been received on the issue and therefore the commission's recommendation is unlikely to be affected by further input. To me this sounds like a group of people with an agenda that they have chosen to push forward. I can agree that further input is probably unnecessary because they have already made up their minds. How can this small group of people truly evaluate any possible change or maybe no change in behavior of dog owners that the citizens of Dubuque have experienced since the last input? I personally have not seen or experienced any improvement in the last year. In fact last summer I was bitten by a dog as an inattentive (and unapologetic) woman was walking it.
Please do not allow dog owners and their dogs to spoil more areas of Dubuque.
Thank you.

I ask that the present "dogs in parks" ordinance isn't changed. In my opinion insufficient time has passed for an adequate evaluation of the current rules. I still see too many dogs without leashes and not cleaned up after. Most owners are considerate, but certainly not all.

I'm a supporter of dogs in the parks. I lived in Dubuque or the Dubuque area for 51 years. I now live in Las Vegas All parks, and the great outdoors allow dogs, If Vegas can do it, there is no reason why Dubuque can't.. When we travel we like to take our dogs. And enjoy the parks in town. We couldn"t believe this crazy law.If I remember I think it was in effect when we lived there. This has been going on way to long and enough time and energy and money has been spent on this craziness. All the dog owners I see in the parks in Vegas and we go to a lot of parks here are usually more pleasant than non dog owners.. I just can't think it would be breaking a law to have a dog in a park it's a no brainer. If this huge city with weather for parks year round can do it so can you.

I am against letting dogs in the larger parks. They already have many areas where they can be out with their families. Consider people that have a mobility disability and the problems dogs on leash can cause. Many dog owners let their dogs sniff, jump up on, and in general have poor behavior when in public. Additionally, some people are afraid of dogs.

We have been opposed to all parks being open to dogs in Dubuque. We have sent correspondence on this previously and continue to feel the same way. This group advocating for dogs doesn't seem to listen to the directive given by the city council. We have a granddaughter who has a fear of dogs and we can take her to parks and let her enjoy the it, Apparently, these dogs pay taxes and they will be allowed to enjoy the parks but not our granddaughter, whose parents are taxpayers in Dubuque. . Dog advocates will comment that dogs have been at the Farmer's Market without problems and I will tell we don't go because the high dog attendance. Also, all pet owners aren"t responsible and we walked past a big pile of dog excrement on the river walk-a great way to welcome tourists! In our block we have 11 dogs so we hear their barking all the time please let us have a quiet place at the park! Please keep some of our parks dog free. Thank you.

I won't be able to attend the meeting, but I would like to voice my opinion on this. I am very much **against** this proposal. I adore animals especially dogs. I dog sit on a regular basis. As often as I walk the dogs and pick up after them, it's sometimes nearly impossible to clean the grass area completely.

Parks are for children and families to gather and play together. Children play and roll in the grass. It will be impossible to monitor the clean up. This is a ridiculous idea!

Departmental Email Leisure Services - Animals in Parks

From: "Michelle Freisinger" <michelle@aihchrome.com>
To: <parkrec@cityofdubuque.org>
Date: 11/14/2014 8:00 AM
Subject: Animals in Parks

I am writing to you because I will not be able to attend the meeting on the dogs and cats in the park due to my work schedule. I would ask that you do not pass this. The parks are the people's area. There are several places that people can take their animals. I enjoy the parks with my family and love the relaxed areas, they are so serene. I really don't care to listen to dogs barking, worrying about stepping in dog poo. I use the trail behind 16th Street and that is a dog friendly area, and can tell you that more times than not, there is dog poo on the trail. I am not saying that all dog owners are bad people, but, if dogs are not allowed in the park, we wouldn't have that issue now would we. Also, how many times have we heard from people, my dog doesn't bite after the dog has bitten someone. Please leave it the way that it is and everyone is a winner, some parks are available to pets, some are not. I choose to use the parks that do not allow pets and I believe that it works. It would be a shame to take away my freedom to enjoy the beauty of the parks because of the dogs in the park. We all know that people are not going to adhere to the law and quite frankly I believe that the park patrol has more important things to do than to chase dogs and dog owners. Please take my concerns into consideration. I appreciate it.
Have a good day!

Dear Citizen:
In 2012-2013 when the issue of whether to change the city ordinance relating to pets in parks came before the City Council and Park and Recreation Commission, you sent a communication expressing your feelings. We wanted you to be aware that the request to allow pets in most city parks is being considered by the Park and Recreation Commission. There is a public input meeting scheduled for Tuesday, November 18th, 5:00 p.m. in the City Council Chambers at the Historic Federal Building. Each person will be allowed up to two minutes to speak. The commission will hear the public comments and then discuss at their December meeting. To see the current and proposed ordinance, go to www.cityofdubuque.org/parks. If you are unable to attend meeting but would like to forward your comments, please respond to this e-mail address or complete a Contact Us form at http://mygovhelpadmin.org/DUBUQUEIA/_cs/RequestOpen.aspx?rqst=297.

I struggle with dogs in the park because of the safety of people in the park. It is wonderful to see how our parks are used in the summer for picnics, family reunions, weddings and music in the park on Thursdays. Let's keep our parks safe and clean. Since the park has closed for the season, I have experienced on my daily walks people are bringing their dogs to the park unleashed letting them run loose. None of the dogs have been on a leash.
In October while I was walking in Eagle Point Park I confronted an elderly gentleman who had a small dog unleashed running about, regarding the rule that there is no dogs allowed in the park. He said that the park was closed and I said that no dogs in the park is all year. His answer was "do you have a problem with it".....I answered "yes" since your dog just jumped up on my leg.

Emil_edin@icloud.com
Contacting you regarding Dogs in Parks, I will sue city of Dubuque, every time my child gets allergy from the dogs in the parks, or steps on a poop , or something worse happens like biting. In the beginning of October we went to swiss valley park , and my poor child got chased by a dog , and you know what that dog owner can thank God because my husband after more then five minutes garbed dogs leash , to finally save our child who was enjoying his day at the park , trust me if that dog bit my child outcome would be bad. For gods sake make park for dogs , where all dog owners can go and smell dog poop all day long they can sleep there if they want , but get them out of other parks in dubuque, But the biggest problem is irresponsible dog owners. When i walk around eagle point park, I see dog shit all the time! At the mines of spain (where it's legal to walk dogs), I have to step around dog shit all the time! If people wanna own dogs, they need to be responsible owners! I will sue citi of Dubuque everytime my child gets allergy from dogs at the park for medical expenses , leave us a little clean and sanitary land in this town , try walking in the backyards of peach tree ln , there is dog poop on the ground that you can shovel its just disgusting, gross and yuck.

Chairman Klinge, Dubuque Park and Recreation Commission Members, Ms Ware, Mr Fehsal, Mr Kroger
11/17/14

We would like to give some observations and opinions that would have relevance to the upcoming meetings of the Park and Recreation Commission, and eventually the DBQ City Council.

My wife and I utilize and enjoy recreational opportunities offered by the city and county... essentially the parks, trails and boat ramps.

We have owned a number of dogs and cats over our lifetime, but we have always tried to keep them reigned in... within our home and on our property.

We think that "Pet Parks" are the most logical choice for owners to take their dogs and cats. There they can exercise and compare their animals and share their delight among like-minded people, and accept any of the consequences of a mis-step or the inevitable confrontation between pets.

When pets, particularly dogs, are allowed on public property it seems that there is the unavoidable lapse in picking up after the dog. If you walk or bike any of the local trails you understand that not every pet has a responsible owner.

We've also observed numerous times that dogs are running free until the owner sees other people nearby, then they put the dog back on the leash, if possible. Running free, the larger breeds can put considerable distance between pet and owner.

We personally have experienced leashed dog confrontations at DBQ Farmer's Market. My wife has twice in the last 5 years found herself in the middle of an entanglement between large dogs that didn't like each other. We now give leashed dogs of all sizes a wide berth. A child or elderly person could easily be injured in a similar incident. It could and probably will happen eventually in the park environment.

Who in the park system is going to monitor the influx of pets on park property? There will be reports, observations, anecdotal stories and physical evidence of mishaps, close calls and confrontations, but little real-time chance of success in enforcement.

Therefore we think that more families, more citizens, are better served and protected when pets are restricted to pet parks- and that there is no need to expand this activity into parks that were designed and intended for human recreational pursuits.

Respectfully Submitted,

Richard and Alda Kaufman

Date: 11/18/2014 10:33 AM
Subject: Dogs In Our Parks

NOV 18 2014

Please read my reasons for **NOT** wanting dogs in **OUR** Parks...

. I am a dog lover but I also have toddlers in my family. When we go to the Park one of them tries to eat grass. What was on the grass beforehand?

. I lived across from a Park in San Francisco. In the morning the dogs would come and do their business and in the afternoon people would come and lay in the grass.

. We go to the Park to *get away* from barking dogs. Our neighborhood has continual barking dogs.

. If you really care about animals, as I do and I'm sure you do also, please instead see how many advertisements are in the daily newspaper about puppies for sale. Then go to the Humane Center and see how many need homes. Work on that.

. This issue is being shoved down the throats of us all by a select minority. I hate to think of all the items that need attending with our beautiful Parks and this instead is taking center stage.

Please, vote No, No and No.

Thank you,

S.A. Sutton

Departmental Email Leisure Services - Oppose pets in Parks

From: s l <sbrennan4761@msn.com>
To: "parkrec@cityofdubuque.org" <parkrec@cityofdubuque.org>
Date: 11/18/2014 12:39 PM
Subject: Oppose pets in Parks

NOV 18 2014

As a grandmother who takes grandchildren to the park, I hope you do not allow dogs in the park due to the risk of harm, sanitation issues, and potential for interfering with the peace and enjoyment of a day in the park.

The Telegraph Herald reported on May 12, 2013 that city records showed for fiscal year 2012, animal control and the police received 2,287 complaints about dogs, including 103 for bites, 204 for barking, 464 for unleashed dogs or dogs running loose and 74 for unsanitary conditions (primarily dog excrement),etc.

Taking into account that many incidents likely go unreported... or the difficulties with enforcement (dog and owner gone when code enforcer arrives at site)....what is the justification for changing the current ordinance re pets banned from parks? Why expose children to unsafe conditions and park grounds to dog litter and excrement.

Do we really want police to be dog catchers when law enforcement training, experience and pay is more suited to fighting serious crime. Also consider the added costs of enforcement and maintenance issues.

Based on my former 17 years of experience as a code enforcer, barking dogs or unleashed dogs or owners not cleaning up after their dog(s) are city- wide problems. To avoid a loose dog from turning on you or to avoid stepping in excrement, a person must necessarily leave the area as quickly as possible. Why should families face that situation at parks?

Departmental Email Leisure Services - No To Pets In the Parks!

NOV 18 2014

From: "Stacey May" <smay@yousq.net>
To: <parkrec@cityofdubuque.org>
Date: 11/18/2014 12:58 PM
Subject: No To Pets In the Parks!

To Parks and Recreation Commission,

I am opposed to allowing dogs in city parks for the following reasons:

- Pose a risk to children and nuisance to adults.
- Noise produced by barking dogs.
- Sanitation is a concern as owners do not always clean up after their dog and at some parks, garbage cans are sparse or filled.

The additional costs for Park maintenance are unjustified. Taxpayers are already paying for a dog park and the Humane Society has a dog park.
Kids often sit on the grass in the park and if you allow pets in parks, children may be sitting in a spot where a leashed dog urinated.
Added expense to enforce the leash law is also unjustified. Based on how often I have seen dogs in the city unleashed and dog poop on the side walk (including the River Walk) I do not feel the current code banning pets from parks should be changed.

Thank you for your consideration.

Stacey and Mark May

Subject: public hearing tonight

DEC 0 9 2014

Parks & Recreation Commissioners:

I'm not able to attend tonight's public hearing but wanted to pass along my comments.

I'm against an expansion of "dogs in parks" in the magnitude that has been discussed recently in the Telegraph Herald. I have nothing against dog owners, as I have several grand-dogs myself; however, see too many dogs on existing City sidewalks and trails that aren't on a leash.

I find that to be an intimidating situation at times and potentially dangerous. I fear that the commission has already made up their mind on a recommendation to the City Council. However, in hopes that isn't the case, I request that the proposal being considered for wide spread expansion of "dogs in parks" be reduced or scrapped altogether; so that the safe & peaceful status quo in our City parks can continue.

Thanks for your consideration,

Tom Henschel

I was just asked if I would vote for pets in the park. Yes!!! Absolutely!!! I miss the days when we had freedoms --in the 50s and 60s and 70s. Now with so many regulations and fees to get into the parks, nobody even uses the parks anymore, so please let people use the parks again in the way they see fit!!!

Departmental Email Leisure Services - Public Input Meeting for allowing dogs in parks

From: "Kendra" <beezer2222@mchsi.com>
To: <parkrec@cityofdubuque.org>
Date: 11/18/2014 9:50 PM
Subject: Public Input Meeting for allowing dogs in parks

DEC 09 2014

Hi, my name is Kendra Cross; I live at 2416 White St. and have lived in Dubuque all my life. I attended the public input meeting tonight for allowing dogs in city parks, but I'm not too fond of speaking in front of people so I'd like to voice my support for allowing dogs in parks by email.

Growing up my parents never allowed us to have pets so I always said the first thing I was going to do when I got a place of my own was to buy a dog. In 1998 when my husband and I bought our house, I got my first dog. I wasn't fortunate to be able to have kids so my dogs have been an important part of my family. My husband passed away several years ago after a short illness and If It wasn't for my dog being there to come home to, I really don't know what I would have done. A couple of years after that I got my 2nd dog. I would take them everywhere I went because they loved being with me and I loved being with them. One of my dogs is 16 now, so he doesn't get around so good anymore and my other one is 6 and he loves going for walks. I quit going for walks on the city sidewalks because trying to cross the street there have been a few times either myself or my dog have almost been hit because people cut the corners too sharp or don't stop before the crosswalk. I'm not risking something happening to me or my dog.
So what does this have to do with dogs in parks? Over the summer I took my dog to A.Y. McDonald Park 2-3 times a week. Since that reopened there are a lot more people walking their dogs. Every time I have been there, all the dogs have been leashed and the amount of dog poop lying around has improved too. The path goes right past the playground equipment and I haven't seen any dog bites or attacks while I was there, and yes there have been plenty of kids playing during those times. Some of the kids are even excited seeing my dog and ask if they can pet him. It sure would be nice to be able to go to a park and take a long walk instead of having to go around a circle 2 or 3 times and also be able to see different scenery.
It's been over a year since the City Council has allowed dogs in some of the parks and it's been proved it can work. I think they should try the other parks for a year and see how it goes.
Thank you

DEC 09 2014

I am sending you this message as a taxpayer and a resident of Dubuque.

It is time we change our policies on allowing dogs in our city parks. We have recruited large businesses to move here, they have moved some of their employees here into apartments, only to find out that there is no where to walk their dogs and spend quality time with them. It is amazing to me that as Dubuque grows and looks like it is keeping up with the times, that we still hold tight onto this out dated issue.

I was moved all over the country when I was younger and Dubuque is the only city (as far back as I remember) that didn't allow dogs in their parks. How can we as a city take the money, tourism and publicity from Dock Dogs, yet be so close minded about dogs?

Our dogs are licensed, they go to the vet regularly and are well behaved. They actually mind better than some children but I am not going to ask you to keep children out of the parks.

We traveled to St. Louis this summer, we took one of our dogs with us. They are pet friendly. We stayed at the Hilton in the center of the city with our 85 lb. golden retriever. He had Starbucks on the patio with us, played in the park across the street, he went to TGIF and had supper with us, he was able to walk/play under the arch, he walked downtown and had lunch with us at a wonderful restaurant. He was allowed almost everywhere we went. We were there for 4 days, not once did we witness any dog droppings, nor any bad behavior from the dogs playing in the parks. (We witnessed a few horses leaving droppings in the street)

I would love to hear some of these comments from someone visiting our beautiful city.

It would be nice for my family to go to the park and be able to take the whole family. We do walk our dogs on heritage trail (pet friendly parts) and my husband helps pick up after the humans, again I am not asking to keep humans off the trails, that throw their litter all over.

It is time to open the parks to dogs.

Thank you for your consideration in this matter.

Hi, my daughter and I went to the council meeting to speak in favor of allowing dogs in the park. I spoke...she did not, though she had a speech and son prepared, so I decided to send the song, anyway. Thanks for your time. We do not have a dog, as our 18 year old morkie died this summer, but we do spend a lot of time in the, generally sparsely attended, parks and would welcome canine encounters. Thanks for your time.

City Department: City Council

Message: I am writing to you because I will not be able to attend the meeting on the dogs and cats in the park due to my work schedule. I would ask that you do not pass this. The parks are the peoples area. There are several places that people can take their animals. I enjoy the parks with my family and love the relaxed areas, they are so serene. I really don't care to listen to dogs barking, worrying about stepping in dog poo. I use the trail behind 16th Street and that is a dog friendly area, and can tell you that more times than not, there is dog poo on the trail. I am not saying that all dog owners are bad people, but, if dogs are not allowed in the park, we wouldn't have that issue now would we. Also, how many times have we heard from people, my dog doesn't bite after the dog has bitten someone. Please leave it the way that it is and everyone is a winner, some parks are available to pets, some are not. I choose to use the parks that do not allow pets and I believe that it works. It would be a shame to take away my freedom to enjoy the beauty of the parks because of the dogs in the park. We all know that people are not going to adhere to the law and quite frankly I believe that the park patrol has more important things to do than to chase dogs and dog owners. Please take my concerns into consideration. I appreciate it. Have a good day! Michelle Freisinger 815 Harlan Street Dubuque, IA 52001 563-564-2243

Council Members, I would like to express my concern about allowing pets in the City of Dubuque parks. I oppose allowing pets in the parks for 2 reasons. First of all you cannot assure the public that all pet owners will clean up after their pets, even if they would, I still do not want my grandchildren playing in the residue of pet waste. 2nd of all and most important is the safety of all park patrons that they will not be bitten by a dog. While I understand that the pets would probably be required to be leashed, there will be occasions where this would not be obeyed and dogs are a magnet to children. The City of Dubuque by no means should have to have the added expense of patrolling parks to issue that "pet rules" are being followed. I want to enjoy the City of Dubuque parks without a pet owner assuming that I love their dog, leashed or not leashed by wrapping around my ankles or licking the grandkids face as has happened at Farmer's Market in Dubuque. Ours parks were established for the enjoyment for the Citizens of Dubuque and visitors, allowing pets would limit the freedom of just letting our kids just be kids at the park, we would always be on poop and mean dog alert. Thank you for your time.

CC: MVM

THE PEOPLE'S PARK

I owned 7 dogs over a period of 45 years: 2 hunting dogs, 2 poodles, 2 Golden Retrievers, and 1 Springer Spaniel.

A Dog's World: On the Riverfront.

The dog can begin its walk along the Mississippi River at Lock & Dam No. 11; have very good sniffing at McDonald's Park; continue the sniffing along the River Walk, continuing south under the Wisconsin bridge or east to the Veterans Memorial area. Fido can walk through our City Hall Farmer's Market; greet other canines and walk to Harbor Isle; go under the East Dubuque bridge and meet and greet on the dam: the southerly walk.

It is, also, a Peoples' World on the Riverfront.

Eagle Point Park, above Lock & Dam No. 11 to the end of the bluff: just a mile or so plus in length - We, the people can walk with serenity and confidence, enjoying the gliding eagles and birds, scampering chipmunks, squirrels, and bunnies on this precious land that is kept in pristine condition by our Park Service. Beginning on Mother's Day with the Boy Scout breakfast served to hundreds of people, the summer concerts in the park, sitting on the grass or a chair, family picnics, weddings, ringing of horseshoes, a baseball game on the field, gazing into the lily pond at the various species of goldfish, the laughter of children in the wading pool on a hot summer day. We marvel at the magnificent Dubuque limestone buildings and walls.

But Eagle Point Park does not belong in a dog's world. Even if a visitor says, "My dog is just sitting in the car," how would the gatekeeper make that judgment? Eagle Point Park is a Dubuque Treasure, a haven for all ages. Please keep Eagle Point Park "The Peoples' Park." A Park for People Only.

I hope you consider the opinions of many Dubuquers who find the serenity of Eagle Point Park as a soothing get-way for most of us in our city and visitors.

Thank you. Carole Loetscher

I presented this consideration at the November Park Board Commission meeting.

APPENDIX G
Commission minutes from November 18, 2014 public input meeting.

PARK AND RECREATION COMMISSION MEETING
Tuesday, November 18, 2014
4:30 p.m., City Council Chambers, Historic Federal Building

PRESENT: Bob Blocker, Paul Hoffmann, Robin Kennicker, Ken Klinge, Kate Lydon and Karen Lyness

ABSENT: David Schlueter

STAFF PRESENT: Marie Ware, Steve Fehsal, Dan Kroger, Eileen Trimble

MINUTES APPROVED; VOTE: It was moved by Hoffmann, seconded by Lyness, to approve the minutes of the October 14, 2014, meeting. The motion passed unanimously.

PARK DIVISION REPORT: Park Division Manager Steve Fehsal shared the following:

• Crews are already performing snow removal; • Tree crew is doing pruning and tree removal; • We are in winter mode and switching over to winter projects including some construction and house cleaning as well as the usual rebuilding picnic tables, etc.; • Ben Alden, Facilities Manager continues to work on reservation software for the campground and hope to have that in place soon; • Staff has been planning for the concrete pads at the campground. Look to install them in April; • We have hired two Maintenance Workers and hope to hire the Horticulturalist soon. Even though we are filling these positions, we will still have vacancies because the positions are being filled by city employees. The vacancies will slow our snow removal efforts but we will work through it. • Hillcrest Festival of Lights will start next week at Murphy Park. • One of the City Council priorities is the Emerald Ash Borer situation so staff is working on a readiness plan to be prepared for when it hits Dubuque. The plan includes public education, community outreach, etc. Decision will need to be made on how to manage the problem, i.e. cut all the Ash trees and not replace, cut some, try the injection option, etc. Funding will be required to put the plan into action. Right now Dubuque is surrounded by EAB so it is a question of when it will arrive, not IF. It usually takes up to four years to find it in a community and we are trying to be as proactive as possible. *Commissioner Kennicker asked* how many Ash trees are in the city. Mr. Fehsal said there are 1,750 Ash in parks and city street trees that are maintained by city, which is 24% of our street tree population. We have no numbers on Ash trees on private property. • Mr. Fehsal encouraged commissioners to stop at Jackson Park and see the newly dedicated Jackson Park sign and interpretive signs. In late September the Meskwaki tribe blessed the new Jackson Park signage and the 1913 memorial monument of Potosa, wife of Julien Dubuque at a dedication ceremony. The Downtown Neighborhood Association took the lead on this project and applied for a neighborhood grant to purchase the signage. They partnered with a couple different groups including the city and it was a really great event.

continued

RECREATION DIVISION REPORT:

Recreation Division Manager Dan Kroger shared the following:

• Staff is working hard on budget and performance measures. He is proposing moving things around with the activities so supervisors are more accountable for their budgets and funds for different activities are not combined. • Mr. Kroger distributed a map at the meeting which may be found as part of the original minutes. It is color coded and shows different areas of the city, participants in our programs, and percentage of people age 12 and under. The map is using data from the class registration software and overlaying it on a GIS map of the city. The black dots on the map are people we have served and show 16,975 unique addresses. Using this type of map will allow the department to see if we are reaching the neighborhoods and ages we are targeting and where we are missing people. • Golf course closes for the season November 23rd. Right now the pro shop and snack bar are still open from 8:00 a.m. to 5:00 p.m. We are making a change this year and the pro shop will be open for a set number of hours during the week for the entire off season. • The Marina closed at the end of October. • There is construction going on at Hempstead which will affect our swim program but we will work around it.

PUBLIC INPUT – PETS IN PARKS:

The public input meeting regarding pets in parks started at 5:00 p.m. Chairperson Ken Klinge welcomed citizens and thanked them for the taking the time to come and express their opinions and concerns. He reminded speakers to state their name and address and each person would be limited to 2 minutes.

Al Smemo, 3360 Arrowhead Lane: against pets in parks. He has an issue with the agenda of a few causing expense and liability risk for the city; lives by the Arboretum and there are dogs running loose all the time so there is already an enforcement issue; if you believe parks are safe today, put animals in there and they will be less safe.

Ron Ainley, 1075 Valentine Drive: favors pets in parks. As a truck driver, he travels cross country with his dog. Dubuque wants to be a city that includes everybody and draws tourists and tourist dollars, but if dogs are not allowed, you are discouraging a lot of tourists from coming that can't bring their dog. He also prefers an electric collar as opposed to 6' leash or other type.

Paul Andresen, 2535 Mineral Street: against pets in parks. All summer long he listens to dogs barking and has to pick up waste; at Mines of Spain even though the dogs are on a 6' leash they are sniffing at you or nipping at you; there are a lot of pet owners that not that respectable or responsible and he doesn't want to listen to dogs barking; don't let somebody come in from Des Moines and tell you this is how it should be done.

Mary Strom, 960 Mayfair Court: against pets in parks. She lives by Murphy Park and visits there and Eagle Point frequently to take her grandchildren to play and also take walks. She is a dog bite victim and the dog bite rearranged the blood vessels in her leg and she now has a fear of dogs. Please keep parks free of dogs so they are free of fear and people can enjoy the peace and quiet of nature.

Carole Loetscher, 430 Woodland Ridge: against pets in parks (Eagle Point). Owned seven dogs over the years. Dogs can currently go from A.Y. McDonald Park to Veterans' Memorial, City Hall, Farmer's Market, Southern Trail, etc. At Eagle Point

Park people can walk in serenity and have picnics, games, wedding receptions, and bring children knowing the park is safe. Eagle Point does not belong in the dog's world, keep Eagle Point for people only.

Terry Leibold, 2530 Millstone Drive: against pets in parks. Thirty-year employee and thirteen-year dog owner. Brought pictures from Telegraph Herald articles where pets were clearly shown running around not on a leash; at Allison-Henderson Park witnessed two young girls putting a dog on the slide and having it go down – the same slide his two year-old granddaughter would have played on. Sandy at the Arboretum said they rely on 300 volunteers to maintain the grounds at the Arboretum and pets would create another whole level of work. He would like to see dogs banned from Farmer's Market and All That Jazz.

Art Gilloon, 535 Heritage Drive: against pets in parks and the proposed ordinance in its current form. There are 4.5 million dog bites a year according to CDC and the most vulnerable are 5-9 year-olds. We have a three-time All America City and he thinks the pet ban is part of the reason we won the award three times, worry-free parks. Eighty-three towns and cities have banned certain kinds of dogs – Asbury, Cascade, Monticello, Dyersville, Epworth and others banned breeds from their cities altogether. Before proposal goes to City Council consider whether to ban certain kinds of dogs.

Jerry Schmidt, 206 Southgate Drive: favors pets in parks. Retired educator and feels the dogs in parks issue parallels student situations where you shouldn't penalize a whole group for the actions of a few. To penalize 90% of the pet owners that are responsible for the 10% that aren't is unfair. You need to trust the good people to bring their dogs to parks and be responsible and safe.

Ryan Larson, 2535 Broadway Street: favors pets in parks. He is a mechanical engineer and owns his own business; has a pit bull. He can't think of another All America City that does not allow pets in parks. Dubuque needs to get with the times and give it a shot for a year; unfair to discriminate against responsible pet owners.

Richard Kirkendahl, 1215 Valentine Drive: favors pets in parks. He served all over in the military and was able to take his dog with him except in Afghanistan. He came back to Dubuque after many years away and discovered that most of the beautiful parks in Dubuque do not allow dogs. Please change the ordinance – it is long overdue.

Kathy Hartman, 535 Candlewick Court: against pets in parks. She has owned pets her whole life and loves animals and she agrees that for many people the pet is part of the family. She has been bitten and chased and the pet owner is always surprised and says their dog has never done that before. We went through this process over a year ago and a compromise was reached. Pets are allowed on the Riverwalk and trails, at festivals, Farmer's Market, etc so wants to keep some areas for those who choose not to have pets. Please have some compassion for those that have been attacked by dogs and bear the scars.

Jennifer Gibbons, 2999 St. Anne Drive: favors pets in parks. She had her young daughter with her. Stay a home mom that would like to be able to take the dog to the park with the children.

Bobbi Smrcina, 1960 Avalon Road: against pets in parks. She thought this issue was settled but some people keep bringing the issue back thinking the rest of us will just give up. She likes dogs and had pets all her life on the farm, she dislikes the owners. If you take a baby somewhere you take a diaper bag; people don't take bags for their pets. There are 14 places you can take your dog and 3 peaceful parks for those who don't want pets in parks.

Dean Rampson, 670 Cleveland Avenue: against pets in parks. He was tripped by a 15' dog leash; bitten by a Chihuahua; somebody's dog jumped on their boat and

started eating their food. He sees people with pets in Cleveland Park all the time and dogs urinate in play areas and kids play there. It's nerve racking to sit in a park and see a dog coming at you, not knowing what the dog is going to do. Should not change the ordinance for a small minority of people who own dogs.

Lisa Johnson, 206 Southgate Drive: favors pets in parks. She supports licensed, leased pets in parks. The City Council changed the ordinance to allow pets in 9 specific areas over a year ago. In the fourteen months since has there been a large increase in calls to the Police Department, health issues, dog bites, etc related to allowing the pets in these areas? Pet owners have waited since 1969 to have pets in parks. Sixty percent of the people that responded to the Telegraph Herald poll responded that leashed pets should be allowed in parks. Every other large city in Iowa allows pets in parks and nationwide, the All America Cities allow pets.

Carla Siegert, 2530 Elm Street: favors pets in parks. She has lived in three different states and was able to take her dog everywhere. She understands that some people have a fear of pets in parks but you can walk down the street and some person can do something to you – there is fear everywhere. She is single person that likes to take her dog with her, especially when she takes her nieces to the park and she is being discriminated against.

Peter Kirkendahl, 1215 Valentine Drive: favors pet in parks. He lived in Dubuque all his life before he moved to Des Moines. When he found out his dog was allowed in parks in Des Moines he went three times as often. It is a quality of life issue. The city's mission statement says they would like to deliver excellent municipal services .... and citizens getting services and value for their tax dollar – he wants the best for his tax dollar by allowing pets in parks.

Jennifer Tigges, 2947 Wildflower Drive: favors pets in parks. Feels it is a quality of life issue and economic development issue – pets bring money to our city. Left Dubuque and then moved back; pets are family; need attractive outdoor attractions and spaces to attract young professionals; need to be known as pet friendly. Other national, state and county parks allow pets on leashes not to exceed 6'. We cannot allow negative fear to drive our thoughts on this issue.

Ray Werner, 2595 Greeley Street: favors pets in parks. Some families cannot have children so they count on a pet to bring joy and happiness and fill the void; the pet is a member of the family. He and his wife have do not have children but have a dog and they hike at Mines of Spain and along the Riverwalk. Every day he walks by Gay Park and almost never sees people in that park. He enjoys going to Eagle Point Park to have lunch but can't take his dog. Please change the ordinance and let him picnic with his family.

Carolyn Smemo, 3366 Arrowhead Lane: against pets in parks. People like their animals and she understands that but there are plenty of places to go with pets – give it another year before changing the ordinance. Pets are dogs not people. She was at the Arboretum and a truck pulled up with 5 dogs that the driver let out of the truck to run loose in the park – not everyone is responsible, think rules don't apply to them.

Kip Hoffmann, 1012 Kane Street: favors pets in parks. Originally from Cedar Rapids, then Iowa City and California. When he moved to Dubuque he was surprised to learn of the ban on pets, he had never heard of that before. Mines of Spain and Swiss Valley allow pets. He works around it as best he can but there are two parks within a four-minute walk of his house and he can't take his dog there. He wants to be able to take his dog to the same park he takes his children to. He feels this issue is a make or break decision for whether people move to Dubuque.

Jon Schmitz, 3598 Crescent Court: favors pets in parks. Dogs are a big part of his family and he wants to share activities in the parks with his pet. There are a lot of irresponsible pet owners but the same could be said for drivers. Give the responsible

pet owners a chance, there are a lot more of them than people think.
Kim Oberbroeckling, 2152 Golden Eagle Drive: favors pets in parks. The majority of pet owners are responsible and they should not be penalized. She takes her dog to A.Y. McDonald Park a lot and has never seen dogs off leash or dog waste. Give dog owners a chance. Pets are a boom to tourism. A lot of dog owners would like to go to Eagle Point Park.
Kimberly Pope, 495 Edith Street: favors pets in parks. She is a new pet owner and was not aware of the ordinance until after she got her dog. She has no children and wants the opportunity to celebrate Dubuque with family and her pet at Eagle Point Park.
Stacy Weires, 2556½ Washington Street: favors pets in parks. There are several groups in Dubuque that have started educating people in Dubuque about pets in parks and good dog ownership. She goes to Galena a lot because they are pet friendly. She grew up behind Gay Park and it is barely used. Maybe don't allow pets at Arboretum or Eagle Point but there are a lot of other areas where pets should be allowed.
Russell Pope, 495 Edith Street: favors pets in parks. Give pet owners a chance; educate people more.
Melissa Wonser, 2055 Schiller Street: favors pets in parks. There are a lot of good dogs and good dog owners out there and they need more places to go.
Elysa Wonser, 2055 Shiller Street: favors pets in parks. She wants dogs to be allowed in the parks so they can go to the parks and exercise and not be cooped up inside.
Brian Carpenter, 1635 West 32nd Street: favors pets in parks. It would be nice to have places to take your dog for a walk. He wants to go to Murphy Park but can't take his dog. He knows a lot of people that own pets and there would be a very large group of people that would make use of the parks if they
could take their dogs.

MANAGER REPORT:

Leisure Services Manager Marie Ware shared the following:

• Manager Ware shared information on the proposed **park** at the **Port of Dubuque** called Creative Commons. This area is the green space at the corner of 5th and Bell Streets on the south side of the McGraw-Hill building. There was always slated to be a park at that location but now an arts group is working on a design and fundraising plan. The Commons is meant to be a gathering space used for artistic expression and could be used for many different types of events so a lot of the focus is on the multi-purpose usage. The arts group will be seeking some funds from the city. The concept/plan for the park will be brought to the Park and Recreation Commission when ready. *Commissioner Lyness* asked if any of the area would be enclosed and Ms. Ware said no. • Leadership team received the management agenda today that has the rest of the list of City **Council goals and priorities**, several relating to Leisure Services. • **ITC Transmission Company** came to the city with a plan to possibly donate $15,000 per year for five years – they want to support an initiative that supports environment and asked Leisure Services to put together a proposal for how the money would be used if received. *Ms. Kennicker* asked what was ITC's goal or what do they want in return? Ms. Ware said you had to include in the proposal how you would recognize the company for the donation. • Ms. Ware and Division Manager Fehsal are

working with the **Parks to People Initiative**. At the end of September the Governor presented the first award for the state of Iowa to the Jones/Jackson/Dubuque region. The region is being called the Grant Wood Mississippi Region because there are connections to that in all three of these counties. The project has $1.9 million available. The region must match 5 to 1. There are city, state, county and tourism people from the region all working together. They are looking at the region to see what compliments, what makes us unique; what do we have to offer and then how does it connect with others. This region has a rural / urban component.

ADJOURN; VOTE: It was moved by Blocker, seconded by Hoffmann, that the meeting be adjourned at 6:18 p.m. The motion passed unanimously.

APPENDIX I

Commission minutes from December 9, 2014 meeting; motion to recommend proposed ordinance amendment failed 3-3.

PARK AND RECREATION COMMISSION MEETING
Tuesday, December 9, 2014
4:30 p.m., Snack Bar, Bunker Hill Golf Course

PRESENT: Paul Hoffmann, Robin Kennicker, Ken Klinge, Kate Lydon, Karen Lyness and David Schlueter

ABSENT: Bob Blocker

STAFF PRESENT: Marie Ware, Steve Fehsal, Dan Kroger; Eileen Trimble

MINUTES APPROVED; VOTE: It was moved by Lyness, seconded by Kennicker, to approve the minutes of the November 18, 2014, meeting. The motion passed unanimously.

FY 2016 OPERATING BUDGET SUBMITTAL REVIEW, RECOMMEN-DATION; VOTE: Expense / Revenue Summaries, Improvement Level Request lists and Park Equipment Priority List may be found as part of the original minutes.

Recreation Division Manager Dan Kroger told commissioners that currently the only fee increase proposed was to raise golf cart rental 50 cents. Golf Maintenance and Golf Operations activities combined are to be self supporting and supplement the enterprise fund. Administration expense is up over $300,000 this year due to moving full time salaries to that activity. We were looking at all the activities and trying to be more accurate for budget programming so that all the program activities are more reflective of actual expenses and revenue related to the actual programs paid for out of those activities. **Youth Sports** used to be called Children's Activities and it now includes after school sports, summer baseball / softball / golf, Karate partnerships, etc. **Therapeutic and After School** now includes the after school program along with special population activities. **Recreation Classes** used to include some of the youth sports and after school expenses but now is enrichment classes and playtime and free open gym expense. Most of the programs in this activity are 80-20 partnerships. **CD Target** budget request is consistent with past years. In **Adult Athletics** we used to pay scorekeepers and umpires/referees out of a contractual line item. We are recommending taking the scorekeeper amount and moving it to seasonal employees to pay for a site supervisor at McAleece during softball season. There would no longer be scorekeepers. **Marina:** Staff continues to look for ways to increase revenue and decrease expenses. In the C-Store we constantly reevaluate inventory – what sells the most / what are boaters asking for, etc. The actual expense over the last two years was a little lower than proposed budget. The annual report showing a lot more detail on calendar year expenses and revenue will be coming to the commission at a future meeting.

Commissioner Lyness asked what kind of shape the pools were in. Mr. Kroger said both pools are almost 25 years old but they are ok. Some of the projects in the capital improvement budget include a new heater at Flora, addressing the cracks at Sutton, both water playgrounds, and drain work at Sutton. There is a CIP request to hire a consultant to assess both pools.

Park Division Manager Steve Fehsal told commissioners the park budget was similar to the past few years. Fifteen improvement level items were being requested.

It was moved by Hoffmann, seconded by Schlueter, to accept the Park and Recreation Divisions' operating budgets as proposed by staff. The motion passed unanimously.

PETS IN PARKS-ORDINANCE RECOMMEN-DATION; VOTE:

Commission Chair Ken Klinge had the following comments regarding the public meeting: he recorded 19 in favor of changing the ordinance and 10 against. Requests were made that the commission consider banning certain types of dogs and banning dogs from Farmer's Market and All that Jazz and those types of events.

Commissioner Lydon said Dubuque Main Street is dealing with the issue of whether to allow pets at Farmer's Market and big downtown events – it would be their call. In reference to banning certain breeds of dogs, many cities are now repealing their ban on certain breeds of dogs because it comes down to the owner being responsible. Ms. Lydon distributed a list of possible extra sites to place dog waste stations, including a cost estimate. She feels having dog waste bags and trash cans at these extra locations will help the situation. Manager Ware said with the current budget restrictions, any extra funding would be unlikely.

Manager Ware told commissioners that Barry Lindahl, City Attorney reviewed the proposed amendment and made some minor changes that did not change the intent of the proposal, i.e., where it was "animals" it is now "dog or cat." He also made the wording consistent with other parts of City Ordinance related to "parks, trails, open spaces and areas."

Commissioner Hoffmann asked where we are at with enforcement. He hikes at Mines of Spain fairly often with his dogs and even though signs are posted that dogs must be on a leash there are dogs running loose all the time. He wants to know how we are going to enforce the ordinance if we allow pets in all areas – he wants this to work but is concerned that we have under-addressed the enforcement issue.

Manager Ware said we are currently tracking and logging instances where pets are in parks where they are not supposed to be. From an enforcement perspective, full time park patrol would be able to write municipal infractions but we are down to 1 full time patrol. If the City Manager approves, the seasonal patrol can get trained to write tickets for municipal infractions. There are two animal control officers but as with park patrol, they are not working all the time and are part-time. Police response would depend on what else is going on and if there were higher priority calls.

Commissioner Lydon said overall we need to have more awareness and education for the public. It is good that we kept track of parks where infractions occurred. It looks like the numbers are going down. Basically it's the same thing for vandalism, littering, etc – no enforcement. Commissioner Lyness feels the public won't take the ordinance seriously until somebody gets fined and it makes the news/newspaper.

It was moved by Schlueter, seconded by Lydon, to accept the changes to the language of the ordinance recommended by Legal Department December 9th and recommend the proposed ordinance amendment to the City Council. The motion failed 3-3 with Kennicker, Lydon and Schlueter voting yes; Hoffmann, Klinge and Lyness voting no.

Manager Ware will check with Legal Department on what the proper procedure is now since the vote ended in a tie with one commissioner missing.

EMERALD ASH BORER READINESS PLAN; VOTE:

Manager Fehsal discussed the Emerald Ash Borer Readiness Plan distributed to commissioners that may be found as part of the original minutes. The purpose of the plan is to outline what to do in preparation once EAB gets to Dubuque – our options, things we need to address, etc. Many cities have EAB readiness plans but each is unique depending on the city. The plan does not say how we will manage the problem, the City Council and staff will have to make those decisions as more information is researched and brought forward. Information regarding Emerald Ash Borer is on the city website for the public.

Commissioner Hoffmann asked if an injection would take care of an infected tree and Mr. Fehsal said it potentially could as long as the infection was not past a certain point.

The tree crew has inventoried all city parks and street trees to see how many Ash trees there are on city property; a copy of the map and the numbers will be sent to commissioners. Mr. Fehsal mentioned that there are 107 ash trees in Flora Park alone. Currently when the crew cuts down an Ash tree they check the wood over to make sure the tree was not infected.

Commissioner Kennicker asked what we will do with the wood if we cut down Ash trees. Mr. Fehsal said most cities use for firewood but that is part of the plan, to come up with those strategies. Manager Ware said we are working with other departments like Public Works and Public Information to have a good coordinated plan. The goal is to be proactive so we don't get hit and overwhelmed all at one time.

It was moved by Hoffmann, seconded by Lyness, to recommend the Emerald Ash Borer Readiness Plan to the City Council. The motion passed unanimously.

SLEDDING ORDINANCE UPDATE:

Manager Ware informed commissioners that their recommendation to amend City Ordinance to prohibit sledding, downhill skiing, snowboarding or tobogganing except in certain designated areas in certain City parks is moving forward and is on the December 15th City Council agenda.

Ms. Ware reminded commissioners that there is no immunity for sledding for municipalities right now. Last year the House passed a bill but it did not make it thought the Senate. The two designated places allowed in the proposed ordinance will be Allison-Henderson and Bunker Hill. Citizens can contact Leisure Services if they want to add a different location. Staff would then check a requested area to make sure the location is safe for possible addition to the it is safe

Commissioner Schlueter said we had signage up last year and he was wondering if there were any issues with injuries / lawsuits. Mr. Fehsal said most injuries go unreported.

PARK DIVISION REPORT:

Park Division Manager Steve Fehsal informed Commissioners:

◆ Continue to work on budget. ◆ We are working on coming up with a management strategy for EAB. ◆ Mr. Fehsal is working on an RFP for skate park consultant. ◆ The Parks to People group meets every couple weeks to work on a plan. ◆ Kelly Goossen was hired as the Horticulturist but that leaves an Assistant Horticulturist position vacant. ◆ Plants will be arriving for the greenhouse next week so staff will be working on those along with the usual work on picnic tables. ◆ Staff is working on some renovation projects and some outdoor projects that we are able to do since the weather has been nice.

RECREATION DIVISION REPORT:

Recreation Division Manager Dan Kroger informed Commissioners:

◆ New winter/spring brochures will be mailed December 19th. ◆ Staff is working on online marketing for golf and the pro shop. They will be open four hours per week Monday through Friday during the winter; 11:30 a.m. to 3:30 p.m. ◆ A revised job description to hire the new golf pro is in the works. ◆ Facilities Manager sent a survey to 200 boaters that stayed at the Marina at least one night last year to see what they were doing while in Dubuque – 31 replied back (15%). Of the 31 responses, 24 different restaurants were visited; hotel reservations were made at 8 different hotels for at least one night; 22 other places were visited. It shows there are a lot of businesses impacted by the City having the Marina.

MANAGER REPORT:

Leisure Services Manager Marie Ware informed Commissioners:

◆ A lot of time is being spent on the budget, finding savings for budget - what projects can be delayed, what equipment purchases can be delayed, etc. At the budget meeting with the City Manager and Budget Director, the City Manager was very complimentary to our leadership team and staff on the work

they have done – working together here as a team and working with other departments and partnering with outside organizations. ◆ A copy of the City Council Goals and Priorities including Management Agenda for 2014-2016 was included in commission agenda packet and may be found as part of the original minutes.

Commissioner Hoffmann asked if we would have trouble with Bee Branch with the shortage of staff yet continued expansion of the project. Ms. Ware said it takes a year to build a section and a two-year maintenance requirement for the contractor is built into the contract. Ms. Ware said the department has been very involved in the planning process to give suggestions on how to make things low maintenance and use sustainable practices.

ADJOURN; VOTE: It was moved by Hoffmann, seconded by Schlueter, that the meeting be adjourned at 6:05 p.m. The motion passed unanimously.

APPENDIX J
Commission minutes from January 13, 2015.

PARK AND RECREATION COMMISSION MEETING
Tuesday, January 13, 2015
4:30 p.m., Snack Bar, Bunker Hill Golf Course

PRESENT: Bob Blocker, Paul Hoffmann, Robin Kennicker, Ken Klinge, Kate Lydon, Karen Lyness and David Schlueter

STAFF PRESENT: Marie Ware, Steve Fehsal, Dan Kroger, Eileen Trimble

MINUTES APPROVED; VOTE: It was moved by Blocker, seconded by Kennicker, to approve the minutes of the December 9, 2014, meeting. The motion passed unanimously.

PETS IN PARKS ORDINANCE RECOMMEN-DATION; VOTES: Commissioner Hoffmann made a motion to retain the ordinance as passed by City Council in August 2013 and it was seconded by Lyness; discussion was held.

Commissioner Hoffmann feels enforcement will be too difficult, especially with the four open full time positions in the Park Division. He is not ready to have pets in parks on an unlimited basis, maybe continue as is for two years to be sure we don't have liability and if there are problems they get taken care of.

Commissioner Blocker asked how much further review do we need? For how long? The majority of the citizens seem to want pets in parks. Commissioner Lyness said the people in favor and opposed seemed to be pretty equal but the last few months she has had a lot of comments from people saying they would not go to the parks anymore if dogs are allowed.

Commissioner Kennicker asked if it is the City Council that decides or does the Park and Recreation Commission get involved in liability issues? The problem for a lot of the people opposed is that dogs would be running loose but dogs run loose in neighborhoods and citizens must call Police to file a complaint for enforcement of the ordinance. The same would have to happen with pets in parks. If a citizen calls in a complaint then it has to be checked out.

Commissioner Lydon said all the poll information and online petitions that have been shared at meetings have a higher number of people in favor of pets in most parks than opposed. All other Iowa cities have done this and the city Legal Department has given the green light twice. As far as enforcement, how do you enforce underage drinking, littering, and any other ordinance the city has? A.Y. McDonald Park has been open to dogs for one and one-half years and nothing major has happened.

It was moved by Hoffmann, seconded by Lyness, to retain the current ordinance as passed by City Council in 2013 where pets are allowed in several parks on a test basis. Because this ordinance was not fully backed by our Commission in spirit with either adequate signage or proper instruction, an adequate study of compliance, clean-up or enforcement was never completed. Enforcement today has become even more challenged with budget cuts. With a large part of our citizenry very opposed to unlimited use of parks by dogs, I

continued

strongly feel we need an adequate amount of time to study the results on a limited basis. Passing this as an unlimited access will be the start of an immediate repeal until it is proven that owners will be compliant in the approved parks. I feel we need to give the citizens a chance to grow into our expectations and certainly the repercussions of non-compliance. The motion failed 2-5 with Hoffmann and Lyness voting yes; Blocker, Kennicker, Klinge, Lydon and Schlueter voting no.

After discussion and failure of the first motion, Commissioner Lydon made a new motion.

It was moved by Lydon, seconded by Schlueter, to recommend the proposed changed ordinance to City Council which allows pets in all parks with certain exceptions. The motion passed 4-3 with Blocker, Kennicker, Lydon and Schlueter voting yes; Hoffmann, Klinge and Lyness voting no. (Attached to original minutes.)

Proposed changed ordinance referenced in motion may be found as part of the original minutes.

Leisure Services Manager Ware asked that all Park and Recreation Commissioners attend the City Council meeting that has amending the pets in parks ordinance on the agenda, most likely February 2nd, since this recommendation is coming from the Commission. Commissioner Kennicker asked staff to remind commissioners once meeting date was set.

Commissioner Lydon distributed two Excel spreadsheets she compiled that include all comments from the online surveys and citizen e-mails/Web QA's, both in favor and opposed. She wanted to send the information to the City Council and asked if the commissioners felt comfortable sending it officially from the group or should she send as an individual citizen. The general consensus was that it should not be sent from the commission since it was compiled by an individual Commissioner.

SLEDDING ORDINANCE UPDATE AND ADDITIONAL SITE REQUESTS:

Manager Ware asked if commissioners had any questions on the sledding ordinance. She said there are signs up at the two approved locations; city website has a page with all the sledding background information; department has received requests to allow sledding at three other locations – Gay (5), Burden (1) and Falk (1). Staff will check the sites along with the City's insurance carrier. There will then be follow-up recommendations.

Ms. Ware asked if commissioners would be willing to hold a special meeting to consider any additional sledding site requests and then if sites were approved, it could go on the February commission agenda to recommend adding the sites to the sledding ordinance. All commissioners said yes, staff will schedule a special meeting.

continued

Mr. Hoffman asked if we can approach the legislature to get them working on the issue. Ms. Ware said any of the commissioners as individual citizens could contact their legislators on any issue. Ms. Kennicker asked if anyone knew when the next Dubuque Crackerbarrel was scheduled since it is the Chamber of Commerce legislative forum. She asked if a forum was coming soon, should commissioners attend or should the commission invite Pam Jochum to attend a commission meeting. Mr. Hoffmann suggested just contacting Pam Jochum and asking her to make this legislation a top priority. Ms. Kennicker volunteered to contact Jochum.

FISCAL YEAR 2016 POOL FEES RECOMMEN-DATION; VOTE:

Recreation Division Manager Dan Kroger told commissioners that staff is recommending raising pool daily admission and season pass fees as a part of the budget process. A copy of proposed increases may be found as part of the original minutes. The swimming pools were built in 1990 and 1991 and as they get older more general maintenance is needed and it is very important to keep up with that maintenance. Raising pool fees would generate more revenue and help offset maintenance costs and other rising costs.

Pool fees have not been raised since Fiscal Year 1995 when the youth rate went from $1.00 to $1.25. Iowa Park and Recreation Association recently completed a survey on pool rates for the cities in Iowa. Our current youth rates are the second lowest in the state and our adult $3.00 fee is the cheapest in the state. The state average for a youth daily admission is $3.62 and we are proposing an increase from $1.25 to $2.00 which is still $1.62 lower than the state average. The state average for an adult is $4.42 and we are proposing an increase from $3.00 to $4.00 which is still .42 below the average. The state average for season passes is $60.00 for youth, $76.39 for adult and $146.53 for family. Staff is proposing increasing youth from $34.00 to $44.00; adult from $60.00 to $76.00; and family from $94.00 to $120; all still below the state average.

The potential additional revenue from increased fees for daily admissions and season passes is $59,525.

Ms. Kennicker asked if the fee increases were based on cities the same size as Dubuque and whether there would be some type of discount on daily admission for low income. Mr. Kroger said the increases were based on a percentage increase and staff is looking at some way in the future to give discount for daily admission to those that need assistance. There are already low income rates for season passes.

It was moved by Lydon, seconded by Hoffmann, to approve recommended swimming daily admission and season pass rates as proposed by staff. The motion passed unanimously.

continued

SECURITY TRAINING:

As part of the agenda packet Commissioners were sent information on Security Training for board and commission members; a copy may be found as part of the original minutes. Manager Ware explained that the training being offered by the Police Department is not mandatory but being offered to those involved in a public forum to learn best skills and practices for situations that could happen at a public meeting. Commissioners Blocker and Klinge said to register them for the February 12th session. The other commissioners will think about and get back to Lead Secretary if they wish to register.

PARK DIVISION REPORT:

Park Division Manager Steve Fehsal updated Commissioners:

◆ The **EAB** Readiness Plan was approved by the City Council so staff is moving forward and training some department and Public Works staff. We will be working through the winter on the next step, which is to present a plan on how to manage the problem. ◆ **Reservation software** for the marina and campground is in the works; contract went to Legal Department for review. ◆ It has been cold enough to flood ice rinks but due to staff shortages this year, only Allison-Henderson will be flooded. ◆ Staff is catching up on snow removal / cleanup. ◆ Mark Meyer was hired as a **new Maintenance Worker** and started January 5th. There are still four full time positions not being filled due to the hiring freeze. ◆ Staff is working on the usual winter projects.

Mr. Blocker asked about whether the city is receiving restitution for the vandalism that was done at Eagle Point Park. Mr. Fehsal said four individuals were identified and they are paying restitution. The Four Mounds Heart Program and a lot of companies donated time and supplies to re-build the covered bench next to the Bridge Complex.

RECREATION DIVISION REPORT:

Recreation Division Manager Dan Kroger updated Commissioners:

◆ The **golf pro** vacancy has been posted and we are getting a lot of interest. ◆ The golf **irrigation** project consultant has been approved and staff is now waiting for a signed contract. ◆ Ben Alden is working on the **Clean Marina certification** for the POD Marina and could be the first marina in Iowa to be certified. Iowa does not have a certification so the closest state with a certification is Wisconsin which is what he is working on. To become certified means you have policies and procedures on how you pump gas, how you get rid of waste, etc. to be environmentally safe. ◆ The Leisure Services **Facebook** page is up and running now. We posted a video of flooding ice rinks and 5,672 people viewed it. The average number of people reached per our page is 257 people. Ms. Lydon asked if people are asking questions. Mr. Kroger said right now they are just posting comments, not asking questions. ◆ Winter-Spring **brochure** is out to the public. Staff did a great job work working to offer new programs and include all ages, including Multicultural Family Center programs.

continued

MANAGER REPORT:

Leisure Services Manager Marie Ware updated Commissioners:

◆ The department has a lot of different things going on, including construction projects. ◆ The managers are all working on different pieces of the **budget** process and will be starting on the PowerPoint presentations for the budget hearing. ◆ The public **budget hearing** for Leisure Services is Monday, February 23rd at 6:30 p.m. Due to budget cuts there are no meals provided this year. ◆ Staff is currently doing prep work for some upcoming **CIP** projects so that when the good weather comes we are ready to start the projects. ◆ The POD **Marina report** for calendar year 2014 will be presented to the City Council at one of the February meetings. ◆ The first of three public input meetings for Parks to People is scheduled for January 21st from 6:00 to 8:00 p.m. at the Grand River Center. It is a collaborative effort between city / state / tourism group / economic development. Ms. Ware invited commissioners to attend.

As a point of interest, Ms. Kennicker said the Governor suggested to legislature today that he wants more opportunities for walking and biking trails and parks.

COMMISSION COMMUNICA-TIONS / QUESTIONS:

- Ms. Kennicker asked if the Marina will work with the Riverfront Museum when the Titanic exhibit comes to Dubuque in May or whatever month it is scheduled; Mr. Kroger will have to check into it.

ADD PUBLIC INPUT TO AGENDA; VOTE:

- Mr. Blocker asked if we could get an ad published when the Marina season is ready to kick off, advertising that we have some slips available for short term periods. Staff replied this has been done in the past and will continue this upcoming season.

- Ms. Lydon asked if commissioners would be open to adding a public input session on the agenda from now on, right after the minutes of the previous meeting are approved. It would be more welcoming and give people that attend a chance to introduce themselves and speak if they wanted to regarding an item on the agenda. Mr. Hoffmann said people are free to contact Leisure Services in advance of a meeting if they want to be added to the agenda, and that is the way it has been done in the past. If public input did get added he felt it should be at the end of the meeting. Ms. Lydon said if the citizen wanted to talk to the Commission about an item on the agenda that the Commission was going to take action on, public input at the end of the meeting would be too late.

  It was moved by Lydon, seconded by Blocker, to add a public input session at the beginning of the agenda right after "call to order" to allow people to introduce themselves. The motion passed 6-1 with Blocker, Kennicker, Klinge, Lydon, Lyness and Schlueter voting yes; Hoffmann voting no.

continued

ADJOURN; VOTE: It was moved by Schlueter, seconded by Kennicker, that the meeting be adjourned at 5:40 p.m. The motion passed unanimously.

> Pease allow dogs in the city parks and put this to rest. My God how long can you people possible drag this out. The majority of dog owners walk their dogs in the morning before families and large gatherings are taking place. Yes you will have your idiots with their untrained dogs make the fine hurt and stick to it. Put the warning signs by the waist bag stands. Most dog owners are wonderful people and just want a nice place to walk their dog. I currently live in Las Vegas NV dogs are allowed in all the great parks out here. We've been to lots of parks here with our dogs and I can honestly say I have never seen any problems with dogs in the parks. It gets people out of the house and enjoy the great outdoors that Dubuque has to offer. It's a shame that dogs are not welcomed where they belong outside. We visit Dubuque often and bring our dogs and would love to take them to the parks in our Great Hometown Of Dubuque.

>
> My husband and I are against allowing dogs into the city parks. Most people are responsible pet owners but not all. There will always be the ones that do not follow the laws. We know that there will be dogs allowed to run free and dog poo left where it falls. This already happens on the city streets so there is no reason to believe it won't happen in the city parks.
>
> We also believe that parents should be able to take their children to the parks and not worry about dogs. Dogs seem to be allowed everywhere else these days - is it really necessary to allow them access to the city parks also?
>
> As tax payers and parents we are against this ordinance change and are asking you to vote it down.
>
> Thank you.

> PS - I've attached a few pictures for reference--one of my dog at Hohenzollern Castle, one by the river in Dresden, one in the hills over Karlovy Vary, and one at the top of the Brocken (along with our friend, a retired military working dog). All of those places are very special to the people who live there, and somehow adding dogs to the mix has not ruined any of them.

City Council

City Clerk's Office

50 W. 13th Street

Dubuque, Iowa 52001

Dear Council Members;

Once again we would like to go on record as being opposed to opening all City Parks to dogs. There need to be some places in the city where adults and children can enjoy the outdoors without worrying about a dog bite or being subjected to dog waste. Let us share a small example: We polled 4 family members, who ARE responsible pet owners and all 4 admitted that when they don't visualize other people they let their dogs off lead. This kind of behavior then leads to the owner calling frantically for their dog when someone does come into view – the dogs do not always come when they are called and the unsuspecting non-dog owner is then approached by an unknown dog, leading to possible unknown consequences – a dog that is "too friendly," or barking or growling, etc. We have experienced both while walking up at Eagle Point Park in the winter.

Enclosed are some items cut out of our very own TH. One shows what appears to be a responsible dog owner...one dog is leashed, the other is not. Another article discusses the cost of dog waste in a small town in Iowa that tried to be dog friendly. Are the taxpayers going to have to pay for waste removal and enforcement costs? The cartoon enclosed is funny but also shows "real world."

One other point to be made is that while we value the time that volunteers put into various community commissions and committees, including the Park's Commission, we would hope that all members join the commission to serve the public and not to push one issue through a commission.

Thank you for your consideration,

Jean Schlueter

City forms committee to reduce dog waste in parks

The Associated Press

DURANT — Dogs and other pets might be banned from parks in a small eastern Iowa city if a committee of residents can't find a solution to reduce animal waste.

The Durant City Council on Monday established the committee instead of voting on a proposed ordinance that would ban pets in parks, the Muscatine Journal reported. The council created the committee after several residents objected to the ban at the meeting.

The ban sets fines that increase each time a person's pet is found in a park. People would be fined $50 on their first offense, $100 on their second and $200 for all subsequent offenses.

One solution could be to provide pet waste stations with bags, said Bill Miller, who was appointed as the committee's chairman.

Miller owns a dog that he walks on the trail at Durant's Feldhahn Park.

"I'm a police officer myself," Miller said. "Let's enforce those (current ordinances) and deal with it there instead of going to one extreme and ban dogs all together."

But Mayor Dawn Smith said that it could cost $5,000 to set the bags up at all of Durant's parks, which also include Jaycee Park and Pythian Sisters Park.

Miller and Smith said another option could be establishing a dog park. Still, Smith stressed that the committee has to find a feasible solution that the City Council would approve, otherwise the proposed ordinance will pass.

our view

Put a leash on plan for pets in more parks

A month ago, we questioned the urgency behind the Dubuque Parks and Recreation Commission's consideration of a proposal to open up more city parks to pets. After all, we don't have even one full season under the relaxed rules to determine whether it would be a good idea to be permitting nearly every city park legal territory for pets.

where we stand

What is doggone rush to make nearly every city of Dubuque park open territory for dogs?

The City Council, which has the final say on the issue, just last year opened up a few city parks and trails to pets. The general feeling was that the council and community would see how that played out before doing something more ambitious. After all, there are interests besides those of dog owners.

However, showing dogged determination — sorry, we couldn't resist — the commission is forging ahead. It plans to conduct a public input session in September.

What exactly is the rush?

Expect to see dog advocates lined up to speak in favor of letting them take their dogs in nearly every city park and on every city trail. In the run-up to the hearing, commissioners appear ready to grant exceptions for parks that have the benefit of citizens who are organized and affiliated, such as the volunteers connected to Dubuque Arboretum and Botanical Gardens as well as Veterans Memorial Plaza.

It's a sage strategy: If there is an organization that raises an objection or concern, exempt its park or recreation area, and it might go along with the broader proposal. Or at least not oppose it. Meanwhile, that still leaves dozens of locations without advocates.

After all, there are no organizations specifically overseeing or advocating for Eagle Point Park, Flora Park, Murphy Park or other city parks. There are plenty of citizens who would like to continue to be able to enjoy the parks without having the additional concern of where they step or dogs that run loose (despite the leash law) or bite people. How many citizens have the time and energy to organize and resist the dog lobby time and time again?

Yes, dog owners promise to be responsible and have their pets leashed at all times. They will vow to always clean up after their pets. Ask the people who have been bitten by dogs on the loose around town how current leash laws are working. Ask the property owners along Grandview Avenue, Asbury Road and other popular dog-walking routes how often they find excrement left on their front lawns.

There may come a time that Dubuque will give pets wide berth in city parks. But that decision should be based on experience under current regulations, over a fair amount of time.

ORDINANCE NO. ____ 15

AMENDING CITY OF DUBUQUE CODE OF ORDINANCES TITLE 10 PUBLIC WAYS AND PROPERTY, CHAPTER 5 PARKS AND RECREATION, ARTICLE B USE REGULATIONS, SECTION 10-5B-4 DOGS, CATS AND OTHER DOMESTIC ANIMALS, PERMITTING DOGS AND CATS IN PARKS, TRAILS, OPEN SPACES AND AREAS, WITH EXCEPTIONS

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. Section 10-5B-4 of the City of Dubuque Code of Ordinances is amended to read as follows:

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS IN PARKS, TRAILS, OPEN SPACES AND AREAS:

A. Dogs And Cats Permitted In Parks, Trails, Open Spaces and Areas: Dogs and cats are permitted in parks, trails, open spaces and areas except as provided in Section 1.

1. Exceptions. No person may bring into the following park, parkway, trail, or open space or area, any dog, cat or other domestic animal, nor may any person permit a dog, cat or other domestic animal to run at large in the following park, parkway, trail, or open space or area. Any unattended animal will be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment:

a. Bunker Hill Golf Course;
b. Marshall Park and Dubuque Arboretum and Botanical Gardens;
c. Nicholas J. Sutton Swimming Pool
d. Flora Park Swimming Pool;
e. McAleece Park and Recreation Complex, inside the fence;
f. Tennis courts;
g. Basketball courts;
h. Skate parks;
i. Enclosed and covered shelters;
j. Designated picnic areas; and
k. Any area where signage exists prohibiting dogs, cats or other animals.

2. Section 1 does not apply to a service animal used by a person with a disability.

3. Dogs, cats, and other domestic animals are allowed in parks, trails, open spaces or areas as part of an approved and permitted special event under Title 10, Chapter 4, or in the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park.

4. Dogs, cats, or other domestic animals are permitted within Marshall Park and Dubuque Arboretum and Botanical Gardens if they remain confined to an automobile, camper, motor home, recreational vehicle, or other similar conveyance at all times while in Marshall Park or Dubuque Arboretum and Botanical Gardens.

B. Requirements For Dogs and Cats While In City Parks, Trails, Open Spaces And Areas:

1. The owner or keeper must keep the dog or cat leashed and under control at all times.

a. The leash may be no more than six feet (6') in length and of sufficient strength to restrain the dog or cat.

b. Neither voice control nor wireless electronic collars may substitute for a physical leash.

c. The owner or keeper of the dog or cat must be physically capable of controlling the dog or cat.

d. The determination as to whether a leash is of sufficient strength, and whether the owner or keeper is physically capable of controlling the dog or cat will be made by the city manager.

e. Exceptions:

i. An owner or keeper who is working or exercising a dog by tossing a retrieval dummy or other object for out-and-back exercise at the Bee Branch Recreation Area, the 16th Street Pond, or the Bergfeld Recreation Area pond may allow the dog to go unleashed. At all other times the dog must be leashed.

ii. An owner or keeper who is visiting a pet park where dogs or cats are allowed to be unleashed within a designated area may allow the dog or cat to go unleashed.

2. The dog or cat must be licensed by the jurisdiction in which its owner or keeper resides, if a license is required by that jurisdiction, and the owner or keeper is subject to, and must comply with the provisions of Title 7, Chapter 6 of

this Code. Regardless of whether the dog or cat is licensed, the dog or cat must have current rabies vaccinations.

3. The owner or keeper must pick up and dispose of or take away the dog or cat's waste.

Section 2. This Ordinance takes effect upon publication.

Passed, approved, and adopted the ____ day of _____, 2015.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

TO: Michael C. Van Milligen, City Manager

FROM: Marie L. Ware, Leisure Services Manager

DATE: July 29, 2013

SUBJECT: Park and Recreation Ordinance Amendment Recommendations Related to Animals, Definitions and Descriptions

INTRODUCTION

The purpose of this memo is to recommend an ordinance amendment permitting leashed dogs and cats on certain trails, adding definitions, restricting horsedrawn vehicles, establishing clean-up requirements, and revising park, open space and trail descriptions.

BACKGROUND

The recent policy decision by the City Council related to pets in parks included consideration of an ordinance which contained adding definitions including trails and open spaces, restricting horsedrawn vehicles, establishing clean-up requirements and revising park, open space and trail descriptions. These section additions assisted in clarifying the current ordinance and adding trails and their descriptions. The Park and Recreation Advisory Commission had also reviewed the horsedrawn vehicle section and suggested updates. During the proposed pets in parks ordinance discussion the question of dogs on trails was asked. In reviewing that question with the city's legal department found the following:

The definition of park/parkway is as follows:

PARKS OR PARKWAYS: Parks, parkways, buildings park roads or driveways, and all public service facilities or grounds, buildings and structures in and adjacent to the city, which are under the responsibility of the commission.

The Park and Recreation Advisory Commission's responsibilities/powers include advising the City Council on the use of all grounds and facilities that have been or may be set aside as public parks, playgrounds and other such park and recreation facilities.

Based on the above information the trails and open spaces fall under the jurisdiction of the Park and Recreation Advisory Commission.

The Park and Recreation Advisory Commission and City Council currently prohibit animals in parks or parkways that includes trails and open spaces.

Trails are not specifically defined in the city's ordinance. Staff from Legal, Leisure Services, Health Services and Police worked on language so that trails and open spaces are now defined and described just as parks.

This clarity will assist staff and the public in being clear when questions are asked about trails and open spaces. The parks and trails system has grown significantly since the last update of the descriptions.

Trails have been used by pet owners with some signs of no dogs on trails and others with signs reminding pet owners to pick up after their dog. Most trails currently have no signage.

The current ordinance has a limited number of City of Dubuque parks/areas that allow leashed pets. They are permitted in Granger Creek Nature Trail, John G. Bergfeld Recreation Area, Medical Associates Greenbelt Park and Miller Riverview Park. Unleashed pets are allowed in the Pet Park.

DISCUSSION

The addition of the definition and descriptions will aid citizens and staff, including enforcement staff in the clear understanding of the ordinance and all areas that the ordinance covers. The recommended changes clearly define where

leashed cats and dogs can and cannot be.

The recommended ordinance contains the addition of four trails to the list of areas permitted for leashed dogs and cats. They include Heritage Trail, Powerline Trail, Northwest Arterial Trail and Southern Levy Trail. The addition of these trails would allow four more locations that persons with leashed dogs and cats could use. Trails are good locations for exercise of the animals as well as the owners.

RECOMMENDATION

The Park and Recreation Advisory Commission at their June 2013 meeting voted to recommend the attached ordinance. They voted 6-1 in favor of the ordinance. They recommend Council approval.

Dubuque All-America City 2007 • 2012 • 2013

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Park and Recreation Ordinance Amendment Recommendations Related to Animals, Definitions and Descriptions

DATE: July 23, 2013

Leisure Services Manager and the Park and Recreation Commission recommend an ordinance amendment permitting leashed dogs and cats on certain trails, adding definitions, restricting horse drawn vehicles, establishing clean-up requirements, and revising park, open space and trail descriptions.

The current ordinance has a limited number of City of Dubuque parks/areas that allow leashed pets. They are permitted in Granger Creek Nature Trail, John G. Bergfeld Recreation Area, Medical Associates Greenbelt Park and Miller Riverview Park. Unleashed pets are allowed in the Pet Park.

The addition of the definition and descriptions will aid citizens and staff, including enforcement staff in the clear understanding of the ordinance and all areas that the ordinance covers. The recommended changes clearly define where leashed cats and dogs can and cannot be.

The recommended ordinance contains the addition of four trails to the list of areas permitted for leashed dogs and cats. They include Heritage Trail, Powerline Trail, Northwest Arterial Trail and Southern Levy Trail.

I concur with the recommendation and respectfully request Mayor and City Council approval.

ORDINANCE NO. ____ 13

AMENDING CITY OF DUBUQUE CODE OF ORDINANCES TITLE 10 PUBLIC WAYS AND PROPERTY, CHAPTER 5 PARKS AND RECREATION BY ADDING DEFINITIONS RELATING TO ANIMALS; RESTRICTING HORSEDRAWN VEHICLES; PERMITTING DOGS, CATS, AND DOMESTICATED ANIMALS IN CERTAIN PARKS, OPEN SPACES, AND TRAILS SUBJECT TO CONDITIONS; ESTABLISHING LEASH AND WASTE CLEAN-UP REQUIREMENTS; PROHIBITING ANIMALS RUNNING AT-LARGE WITHIN PARKS, OPEN SPACES, OR TRAILS; AND REVISING PARK, OPEN SPACES AND TRAIL DESCRIPTIONS

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. Title 10, Chapter 5 of the City of Dubuque Code of Ordinances is amended to read as follows:

Chapter 5
PARKS AND RECREATION

ARTICLE A. ADMINISTRATION

. . . .

10-5A-2: PARK AND RECREATION ADVISORY COMMISSION:

. . . .

C. Powers: The responsibilities of the commission are to advise the city council on:

1. Use Of Grounds And Facilities: The establishment of rules and regulations governing the use of all grounds and facilities that have been or may be set aside as public parks, playgrounds, trails, open spaces, and other such park and recreation facilities and grounds. Such rules and regulations shall include, but are not limited to:

. . . .

ARTICLE B. USE REGULATIONS

10-5B-1: DEFINITIONS:

As used in this article, the following terms shall have the following meanings:

AT LARGE: Any dog, cat or livestock, fowl or ferret found off the premises of the owner or keeper.

CAT: Both male and female animals in the family Felis catus whether neutered or not.

CITY MANAGER: City manager or city manager's designee.

COMMISSION OR THE COMMISSION: The park and recreation advisory commission.

DOG: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.

DOMESTICATED ANIMAL: An animal commonly referred to as a bovine, swine, sheep, goat, domesticated deer, llama, poultry, rabbit, horse, pony, mule, jenny, donkey, or hinny.

KEEPER: A person other than the owner keeping, sheltering, having control or custody of or harboring an animal.

LEISURE SERVICES MANAGER: Leisure services manager or leisure services manager's designee.

MULTI-PURPOSE USE TRAIL OR TRAILS: A hardened trail of asphalt, concrete or other impervious surface, typically ten (10) to twelve (12) feet wide and physically separated from the motorized vehicular traffic by an open space or barrier and either within highway public right-of-way or private property within an independent alignment for use by pedestrians, skaters, joggers, bicyclists, and city maintenance vehicles.

OPEN SPACES: Open spaces available to the public for passive recreational use in and adjacent to the city, which are under the responsibility of the commission.

OWNER: A person owning a cat, dog, or other animal.

PARKS OR PARKWAYS: Parks, parkways, buildings, park roads or driveways, and all public service facilities or grounds, buildings and structures in and adjacent to the city, which are under the responsibility of the commission.

10-5B-2: INTOXICATING BEVERAGES:

A. Possession, Consumption, Or Use Of Alcoholic Liquor, Wine, Beer, Or Other Intoxicating Beverages Prohibited:

1. The possession, consumption, or use of alcoholic liquors, wine, and beer as defined by chapter 123 of the code of Iowa or any other intoxicating beverages is prohibited on park roadways and trails, in park and recreation facility parking lots, and in vehicles located within a park.

. . . .

B. Exemptions:

1. Locations Exempt: Subsection A2 of this section shall not apply to the possession, consumption, or use of alcoholic liquors, wine, beer, or other intoxicating beverages at:

a. Alliant Energy Amphitheater events for which a special events permit has been issued under Title 10, Chapter 4;

b. American Trust River's Edge Plaza events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

l. Mississippi Riverwalk events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

10-5B-3: HORSEDRAWN VEHICLES, RIDING OF ANIMALS RESTRICTED:

Horsedrawn vehicles or the riding of horses or any other domesticated animals used for such purposes is prohibited in any park, parkway, trail, or open space unless permission is granted by the Leisure Services Manager and thereafter authorized through the issuance of a city special event permit under Title 10, Chapter 4.

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:

. . . .

B. Leashed Dogs And Cats Allowed In Certain Parks And Areas.

1. Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following:

Granger Creek Nature Trail
Heritage Trail
John G. Bergfeld Recreation Area
Medical Associates Greenbelt Park
Miller-Riverview Park
Powerline Trail
Northwest Arterial Trail
Southern Levy Trail

2. Leashed dogs and cats as allowed in Section 10-5B-4(B)(1) are subject to and must comply with the provisions of Title 7, Chapter 6 of the City of Dubuque Code of Ordinances.

3. The owner or keeper must pick up and dispose of or take away the dog or cat's waste.

4. The owner or keeper is responsible for the actions of the dog or cat.

. . . .

D. Exceptions: This section does not apply to:

1. Service animals used by persons with disabilities;

2. As part of an approved and permitted special event under Title 10, Chapter 4; and

3. Animals which are part of the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park.

4. Animals within Eagle Point Park, Murphy Park and Flora Park which are confined to an automobile, camper, motorhome (a/k/a recreational vehicle), or other similar conveyance during the entirety of their time within the designated park(s).

10-5B-5: WALKING ON GRASS:

No person may go on foot or otherwise upon the grass or turf of any park, parkway, trail, or open space where any prohibitory sign is posted.

10-5B-6: THROWING STONES OR OTHER MISSILES:

No person may throw any stone or any other missile within any park, parkway, trail, or open space.

. . . .

10-5B-12: POSSESSION OF FIREARMS, WEAPONS AND FIREWORKS:

A. Prohibition: The possession of firearms, air rifles, bows and arrows, pellet guns or slingshots, or fireworks of any description by any person within the limits of any park, parkway, trail, or open space is hereby prohibited unless authorized through the issuance of a city special event permit under Title 10, Chapter 4.

B. Deer Hunting With Bow And Arrow:

1. Bow and arrow hunting will only be allowed on city property in accordance with the annual Deer Management Program adopted by the Environmental Advisory Commission and the city council.

2. Exception: An exception to these rules may be granted if approved through a city of Dubuque special events permit.

. . . .

10-5B-22: OPEN SEASON AND HOURS GENERALLY:

. . . .

H. The following parks and park and recreation facilities will be open for use by the public from seven o'clock (7:00) A.M. to ten o'clock (10:00) P.M. daily:

A.Y. McDonald park
Allison-Henderson park
Avon park
Bee Branch park
Burden park
Cancer Survivor park
Caledonia park
Center Grove open space
Cleveland park
Comiskey park
Eagle Valley park
Elmwood Green park
Falk park
Flat Iron park
Flora park
Gay park
Granger Creek nature trail
Grant park
Harvest View park
Heritage trail
Hillcrest park
Hilltop park
Ice Harbor park
Jackson park
Jaycee trail
Jefferson park
John G. Bergfeld recreation area
Madison park
Marna Ridge children's forest

Medical Associates Greenbelt
Northwest Arterial trail
Oakwood park
Pet park
Pinard park
Port of Dubuque Marina
Port of Dubuque Riverwalk trail
Powerline trail
Pyatigorsk park
Riley park
Rocco Buda Jr. park
Southern park
Southern Levy trail
Teddy Bear park
Trolley Line trail
Usha park
Valentine park
Valley High park
Waller-Cooper park
Washington park
Welu park
Westbrook park

. . . .

ARTICLE C. SPECIFIC PARKS, OPEN SPACES AND TRAILS

10-5C-1: SPECIFIC PARK AREAS, OPEN SPACES, AND TRAILS DESCRIBED:
Park descriptions for parks, open space descriptions for open spaces and trail descriptions for trails will be reviewed on a periodic basis and added, deleted and amended as necessary. Enforcement of use regulations will not be contingent on parks, open spaces, and trails being specifically listed in this provision.

The following described parcels of real estate are and will be used for public park purposes and will continue to be known as set forth below and placed under the jurisdiction of the park and recreation advisory commission:

A.Y. McDonald park: Blocks 1, 2, 3, 4 and 5 in River Front Subdivision No. 3.
Alliant Energy Amphitheater: The area of the Port of Dubuque west of the Mississippi Riverwalk, south of the railroad tracks, east of Bell Street, and adjacent to the former Dubuque Star Brewery.
Allison-Henderson park: Lots 1, 18, 19, 20, 21 and 22 of Pinehurst Subdivision in the city of Dubuque, Iowa.
American Trust River's Edge Plaza: That area, including the flat area, steps and ramp, outside the floodwall at the Port of Dubuque at the south end of the Mississippi Riverwalk.

Avon park: Lots 6 through 10 of Mary Ann McDaniel's Subdivision of parts of Lots 823 and 824 of A. McDaniel's Subdivision in the city of Dubuque, Iowa.

Bee Branch: The park area surrounding the 16th Street detention basin and paralleling the day lighted Bee Branch Creek.

EFFECT OF AMENDMENT

Chapter 5
PARKS AND RECREATION

ARTICLE A. ADMINISTRATION

. . . .

10-5A-2: PARK AND RECREATION ADVISORY COMMISSION:

. . . .

C. Powers: The responsibilities of the commission are to advise the city council on:

1. Use Of Grounds And Facilities: The establishment of rules and regulations governing the use of all grounds and facilities that have been or may be set aside as public parks, playgrounds, trails, open spaces, and other such park and recreation facilities and grounds. Such rules and regulations shall include, but are not limited to:

. . . .

ARTICLE B. USE REGULATIONS

10-5B-1: DEFINITIONS:

As used in this article, the following terms shall have the following meanings:

AT LARGE: Any dog, cat or livestock, fowl or ferret found off the premises of the owner or keeper.

CAT: Both male and female animals in the family Felis catus whether neutered or not.

CITY MANAGER: City manager or city manager's designee.

COMMISSION OR THE COMMISSION: The park and recreation advisory commission ~~of the city~~.

DOG: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.

DOMESTICATED ANIMAL: An animal commonly referred to as a bovine, swine, sheep, goat, domesticated deer, llama, poultry, rabbit, horse, pony, mule, jenny, donkey, or hinny.

KEEPER: A person other than the owner keeping, sheltering, having control or custody of or harboring an animal.

LEISURE SERVICES MANAGER: Leisure services manager or leisure services manager's designee.

MULTI-PURPOSE USE TRAIL OR TRAILS: A hardened trail of asphalt, concrete or other impervious surface, typically ten (10) to twelve (12) feet wide and physically separated from the motorized vehicular traffic by an open space or barrier and either within highway public right-of-way or private property within an independent alignment for use by pedestrians, skaters, joggers, bicyclists, and city maintenance vehicles.

OPEN SPACES: Open spaces available to the public for passive recreational use in and adjacent to the city, which are under the responsibility of the commission.

OWNER: A person owning a cat, dog, or other animal.

PARKS OR PARKWAYS: Parks, parkways, buildings, park roads or driveways, and all public service facilities or grounds, buildings and structures in and adjacent to the city, which are under the responsibility of the commission.

10-5B-2: INTOXICATING BEVERAGES:

A. Possession, Consumption, Or Use Of Alcoholic Liquor, Wine, Beer, Or Other Intoxicating Beverages Prohibited:

1. The possession, consumption, or use of alcoholic liquors, wine, and beer as defined by chapter 123 of the code of Iowa or any other intoxicating beverages is prohibited on park roadways and ~~recreational~~ trails, in park and recreation facility parking lots, and in vehicles located within a park.

. . . .

B. Exemptions:

1. Locations Exempt: Subsection A2 of this section shall not apply to the possession, consumption, or use of alcoholic liquors, wine, beer, or other intoxicating beverages at:

a. Alliant Energy Amphitheater events for which a special events permit has been issued under Title 10, Chapter 4;

b. American Trust River's Edge Plaza events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

l. Mississippi Riverwalk events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

10-5B-3: HORSEDRAWN VEHICLES, RIDING OF ANIMALS RESTRICTED:

Horsedrawn vehicles or the~~,~~ riding of horses or any other domesticated animals used for such purposes ~~shall be~~is prohibited in any park, parkway, trail, or open space unless permission is granted by the Leisure Services Manager and thereafter~~park and recreation advisory commission of the city~~ authorized through the issuance of a city special event permit under Title 10, Chapter 4.

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:

. . . .

B. Leashed Dogs And Cats Allowed In Certain Parks And Areas.

1. Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following:

Granger Creek Nature Trail
Heritage Trail

ARTICLE C. SPECIFIC PARKS, OPEN SPACES AND TRAILS

10-5C-1: SPECIFIC PARK AREAS, OPEN SPACES, AND TRAILS DESCRIBED:
Park descriptions for parks, open space descriptions for open spaces and trail descriptions for trails will be reviewed on a periodic basis and added, deleted and amended as necessary. Enforcement of use regulations will not be contingent on parks, open spaces, and trails being specifically listed in this provision.

The following described parcels of real estate are and will be used for public park purposes and will continue to be known as set forth below and placed under the jurisdiction of the park and recreation advisory commission:

A.Y. McDonald park: Blocks 1, 2, 3, 4 and 5 in River Front Subdivision No. 3.
Alliant Energy Amphitheater: The area of the Port of Dubuque west of the Mississippi Riverwalk, south of the railroad tracks, east of Bell Street, and adjacent to the former Dubuque Star Brewery.
Allison-Henderson park: Lots 1, 18, 19, 20, 21 and 22 of Pinehurst Subdivision in the city of Dubuque, Iowa.
American Trust River's Edge Plaza: That area, including the flat area, steps and ramp, outside the floodwall at the Port of Dubuque at the south end of the Mississippi Riverwalk.
Avon park: Lots 6 through 10 of Mary Ann McDaniel's Subdivision of parts of Lots 823 and 824 of A. McDaniel's Subdivision in the city of Dubuque, Iowa.
Bee Branch: The park area surrounding the 16th Street detention basin and paralleling the day lighted Bee Branch Creek.
Bunker Hill golf course: Part of Lot 2 in Highland Farms Addition; Lot 16 in Pfohl's Subdivision; Mineral Lots 189, 200, 201, 202, 210, 270, 336 and 370, and parts of Mineral Lots 190, 265 and 340, all in the city of Dubuque, Iowa.
Burden park: Lot 1 of Lot 1 of Lot 3 northeast quarter, Section 13, Township 89 North, Range 2 East in the city of Dubuque, Iowa.
Caledonia park: Lot 38 of Kelly's Subdivision in the city of Dubuque, Iowa.
Center Gove open space: East one fourth of City Lot 500.
Cleveland park: South two-thirds of city Lot 695 and Lots 35, 36, 37 and east 20 feet of Lot 38 of Union Addition in the city of Dubuque, Iowa.
Comiskey park: Lots 1 through 23, Lots 24 through 46 and the intervening alley in Boulevard Addition of the city of Dubuque, Iowa.

E.B. Lyons Prairie/Woodland Preserve: A. Lots 2 and 3 of the northeast one-quarter of the southeast one-quarter of section 1, township 88 north, range 2 east of fifth prime meridian; Lots 2 and 3 of the northwest one-quarter of the southwest one-quarter, Lots 2 and 3 of the northeast one-quarter of the southwest one-quarter, and Lot 2 of Lot 1 of the southwest one-quarter of the southwest one-quarter; of section 6, township 88 north, range 3 east of the fifth prime meridian in Dubuque County, Iowa, according to the respective recorded plats thereof. B. Such real estate shall be known, called and named as the "E.B. Lyons Prairie/Woodland Preserve" and accordingly such real estate is so permanently named.

Eagle Point park and Ham House Museum: Lot 1 through Lot 7 in Berendes Subdivision; Lot 2 in Chris Braun's Place; Lot 1 of Lot 1 of Lot 2 of Lot 2A in Clark's Subdivision; Lot 2 of Lot 1, Lot 2 of Lot 1 of Lot 1, and Lot 2 in Eagle Point View; Lot 2 of Lot 6, Lot 2 of Lot 1 of Lot 6, and Lot 107 through Lot 124 in Fountain Hill Resubdivisions; Lot 529 through Lot 534 in Ham's Addition; Lot 503 through Lot 515 in Ham's Addition (Eagle Point); Lot 2 of Lot 221, Lot 1 of Lot 222, Lot 223 and Lot 224 in Julien Addition; Lot 1 of Lot 6 in Katherine Place; Lot 2 of Lot 1 of Lot 1 of Lot 1 in Potter Place; Lot 1 through Lot 10 in Potter's Shiras Avenue Place; Lot 1 of Lot 2 of Lot 2 of Lot 3 and Lot 2 of Lot 3 in Shiras Subdivision; and parts of Mineral Lots 305A, 308, 309A, 310, 311 and 312, all in the city of Dubuque, Iowa.

Eagle Valley park: Lot C of Block 3 of Eagle Valley Subdivision.

Elmwood Green park: Lot 2-2-2 of Mineral Lot 349 in the city of Dubuque, Iowa.

Falk park: Lot 23 in Falks Subdivision in the city of Dubuque, Iowa.

Flat Iron park: A triangularly shaped area bounded on the easterly side by Main Street, on the southerly side by Jones Street and on the westerly side by Shields Street.

Flora park: Except for the appurtenant easements of right of way and a strip along Pennsylvania Street twenty feet (20') in width, the following real estate in the west end of the city: Sylvester Place: Lot 1 of 4 of Mineral Lot 260; Lot 2 of 1 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of Mineral Lot 259; Lot 1 of 2 of Mineral Lot 259; Lot 1 of 1 of 1 of 1 of 1 of 2 of J.P. Metel's Subdivision.

Four Mounds: Lot 1 of Lot 1 of Lot 2 of Lot 1 of Lot 1, and Lot 1 of Lot 1 of Lot 2 of Lot 1, both of the Subdivision of: "Lot 1 of Lot 7 of the southwest one-quarter of Section 1, the southwest one-quarter of the northwest one-quarter of Section 1 and Government Lot 1 (or Mineral Lot 331) of Section 1, Township 89 North, Range 2 East of the fifth principal meridian". Lot 2 of the northwest one-quarter of the northwest one-quarter of Section 1, Township 89 North, Range 2 East of the fifth principal meridian, all in the city of Dubuque, Iowa, and Lot 16 of "John Deere Dubuque Tractor Works" in Dubuque Township, and Lot 2 of Lot 1 of Lot 1 of Lot 2 of Lot 2 of Section 2, both in Township 89 North, Range 2 East of the fifth principal meridian, according to the United States Government Survey and the recorded plats thereof, subject to easements of record.

Franklin Delano Roosevelt park: Lot 1 of the west half of the northeast one-quarter of Section 4, Township 88 North, Range 2 East of fifth principal meridian in Dubuque County, Iowa and Mineral Lots 272 and 273, Lot 1 of Mineral Lot 271,

Lot 1 of Mineral Lot 274, and Lot 1 of Mineral Lot 276 in Dubuque Township, Dubuque County, Iowa.

Gay park: Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 in Young Primrose Place and Lots 3 and 4 in Grommersch Place, all in the city of Dubuque, Iowa.

Gerald "Red" McAleece park and recreation complex: Those portions of Mineral Lots 294, 295, Lots 1 and 2 of 296, 297, 298, 299 and 300 and Government Lot 1, located in Sections 17, 18, 19 and 20, Township 89 North, Range 3 East in the city of Dubuque, Dubuque County, Iowa, and bounded by Lake Peosta Channel and the Mississippi River.

Granger Creek nature trail: Area surrounding Dubuque Technology Park at corner of Highways 151/61 and Lake Eleanor Road.

Grant park: A triangularly shaped area bounded on the easterly side by Locust Street, on the westerly side by Bluff Street, and on the southerly side by Fifteenth Street.

Harvest View park: Lot A of Harvest View Estates First Addition.

Heritage trail: A linear piece of property from 22nd to 32nd Streets along Elm Street, in the city of Dubuque, Iowa.

Hillcrest park: Lot 1 of Lot 4 of Mineral Lot 261 in the city of Dubuque, Iowa.

Hilltop park: West one-half of Lot 1 of the south one-third of Lots 34 and 35; west 127 feet and 6 inches of Lot 1 of Lot 2 of the south one-third of Lots 34 and 35; west one-half of Lot 2 of Lot 2 of the south one-third of Lots 34 and 35; west one-half of the north one-half of Lot 36; west one-half of the south one-half of Lot 36; west one-half of Lot 2 of Lot 37; Lot 1 of Lot 1 of Lot 37; Lot 2 of Lot 2 of Lot 1 of Lot 37 all in Kelly's Subdivision in the city of Dubuque, Iowa.

~~Ice Harbor park: The area of the Port of Dubuque between the Portside Building and the National Mississippi River Museum and Aquarium.~~

Jackson park: An area bounded on the westerly side by Main Street, on the southerly side by Fifteenth Street, on the easterly side by Iowa Street and on the northerly side by the south property line of city Lot 746 of the original township, all in the city of Dubuque, Iowa.

Jaycee trail: A linear trail area paralleling the Peosta Channel from AY McDonald park to Pyatigorsk park.

Jefferson park: Lots 38, 39, 40 and east 21 feet of Lot 41 of Farley's Subdivision in the city of Dubuque, Iowa.

John G. Bergfeld recreation area: Lot C of the Dubuque Industrial Center West.

Louis Murphy park: That part of Lots 1, 2 and 4 of Mineral Lot 37 lying southerly of Highway 61; that part of Lots 1, 2, 3, 4 and 5 of O'Connor's Subdivision lying southerly of Highway 61; westerly 42 feet of Lot 2 and the westerly 42 feet of Lot 2 of Lot 15 in Summer Hill Addition; Lots 14, 15, 16 and 17 in Rowan's Addition; Lot 1 of Lot 1 of the subdivision of Mineral Lot 36A; Lot 1 of Lot 2 of Mineral Lot 38; and that part of Lot 6 and all of Lots 7, 8, 9, 10, 11, 12 and 13 lying easterly of Highway 61, all in the city of Dubuque, Iowa.

Madison park: Lots 32, 33, and 34 of the Subdivision of Lots 676 and 677 in L.H. Langworthy Addition; Lot 5 of the Subdivision of Lot 674 in L.H. Langworthy Addition; Lot 1 of Lot 2 of the Subdivision of Lots 676 and 677 in L.H. Langworthy Addition; Lot 3 of Lot 3 of the Subdivision of Lots 676 and 677 in L.H. Langworthy

Addition; and two (2) unnumbered Lots lying between Lots 677 and 678 in L.H. Langworthy Addition, all in the city of Dubuque, Iowa.

Marna Ridge children's forest: Lot A of Lot B, Block 1 of Marna Ridge Estates 2, as comprised of Mildreds Addition in the city of Dubuque, Iowa.

Marshall park: Northwest one-quarter of the southeast one-quarter of the southwest one-quarter of Section 10, Township 89 North, Range 2 East of the fifth principal meridian according to the United States Government Survey thereof, and the southwest quarter of the southwest quarter of Section 10, Township 89 North, Range 2 East of the fifth principal meridian according to the United States Government Survey thereof, also right-of-way over the westerly 20 feet of Lot 1 of the subdivision of Lot 1 of 1 of 1 of Mineral Lot 390, Lot 2 of 1 of Mineral Lot 386 and Lot 2 of Mineral Lot 380 according to the recorded plats thereof, all in the city of Dubuque, Iowa.

Medical Associates greenbelt: Lot 11 of Medical Associates Subdivision in the city of Dubuque, Iowa.

Miller-Riverview park: That part of Chaplain Schmitt Memorial Island located northerly of the Dubuque greyhound racing facility and easterly of the wetlands area extending easterly an average of approximately four hundred (400) feet more or less to the Mississippi River.

~~Mississippi Riverwalk: The walkway on the floodwall between the American Trust River's Edge Plaza and the Alliant Energy Amphitheater.~~

Nicholas J. Sutton swimming pool: Part of Lots 44, 45, 46, 47, 48, 331, 332 and 333 in Ham's Addition; that part of vacated Garfield Avenue lying adjacent to Lots 45, 46, 331 and 332 in Ham's Addition; that part of vacated Summer Street lying adjacent to Lots 44, 45, 46, 47, 48, 331, 332 and 333 in Ham's Addition; and that part of the vacated alley lying adjacent to Lots 46 and 47 in Ham's Addition, all in the city of Dubuque, Iowa.

Northwest Arterial trail: A linear trail in the IDOT right of way paralleling the Northwest Arterial.

Oakwood park: Lot 2 Oakwood Park Subdivision and Lot 1 of Lot 1 of Lot 1 of Heim Subdivision, both in the city of Dubuque, Iowa.

Park Tree Farm: Lots 503 and 515 in Ham's Addition of the city of Dubuque, Iowa.

Pet park: Area on North Grandview Avenue, east of the Bunker Hill golf course and south of the water department pumping station.

Pinard park: Lots 138, 139 and 140 in Glendale Addition No. 2 in the city of Dubuque, Iowa.

Port of Dubuque Marina: That part of the Port of Dubuque that serves as the Marina bordered by the Ice Harbor.

Port of Dubuque Riverwalk trail: A linear trail area paralleling the Mississippi River and Ice Harbor in the Port of Dubuque.

Power Line trail: A linear trail running from Grandview Avenue near Murphy park to Julien Dubuque Drive.

Pyatigorsk park: Area located at the northeast corner of Sixteenth Street and Kerper Boulevard, west of the Jaycees trail and south of the Highway 151 Bridge.

Riley park: Lot E of Crescent Heights Subdivision.

Rocco Buda Jr. park: Lot 1 of 1 of 1 of 810 A. McDaniels Subdivision.

Southern park: Beginning at the NW Corner of Lot 1 of said John Breakey's Addition; thence S46°22$^{3}/_{4}$'W, 315.98 ft., along the Northwesterly line of said John Breakey's Addition; thence S81°01$^{1}/_{4}$'W, 12.72 ft.; thence S38°47$^{3}/_{4}$'E, 64.04 ft.; thence S51°12$^{1}/_{4}$'W, 46.36 ft.; thence N38°47$^{3}/_{4}$'W, 78.87 ft.; thence S68°57$^{3}/_{4}$'W, 111.56 ft.; thence S35°45'W, 84.25 ft.; thence S42°39'E, 218.28 ft.

Southern Levy trail: A linear trail running on the Southern Levy along the Mississippi River south of Highway 20.

Teddy Bear park: Lot 1 of Block 19, Sunnyslopes Estates in the city of Dubuque, Iowa.

Trolley Line trail: A linear trail running from Mathia S Ham House to welcome area at entry of Eagle Point Park and a part of Eagle Point park.

Usha park: Lot 1 of Lot 2 of Lot 1 of Byrne's Subdivision in the city of Dubuque, Iowa.

Valentine park: Lot 1 of the Subdivision of Lot 1 of Lot 1 of Lot 1 of McLean Heights and Lot 4 in Block 2 of Marna Ridge Estates 2 in the city of Dubuque, Iowa.

Valley High park: Lot 2 of Lot 1 of Lot 1 of Lot 1 in Mineral Lot 337 and Lot 5 in Wiegand's Subdivision, all in the city of Dubuque, Iowa.

Veterans' Memorial park: Lot 2 of Mineral Lot 382, Lots 1 and 2 of Lot 1 of Mineral Lot 383, Mineral Lot 384 and part of Lot 1 of Lot 1 of Lot 2 of Mineral Lot 385 lying south of Thirty Second Street, all in the city of Dubuque, Iowa.

Waller-Cooper park: Lots 26, 27 and 28 in Cooper Heights Addition in the city of Dubuque, Iowa.

Washington park: An area bounded on the northerly side by West Seventh Street, on the westerly side by Bluff Street, on the southerly side by West Sixth Street, and on the easterly side by Locust Street.

Welu park: Lot 22 of Sunset Park Eighth Addition to the city of Dubuque, Iowa.

Westbrook park: Approximately three (3) acres within Lot A, Block 1 of Westbrook Subdivision.

Dubuque All-America City 2012

TO: Michael C. Van Milligen, City Manager

FROM: Marie L. Ware, Leisure Services Manager

SUBJECT: No Pets in Park Enforcement

DATE: May 25, 2013

INTRODUCTION
The purpose of this memo is to provide an enforcement plan of no pets in parks.

BACKGROUND
Several meetings were held to discuss enforcement options of the no pets in parks ordinance. Staff present included Mary Rose Corrigan, Mark Dalsing, Steve Fehsal and myself. Staff was directed to come up with a plan on how each department is going to handle, document and enforce the no pets in parks ordinance.

DISCUSSION
The pets in parks enforcement plan for Leisure Services is based on job classification.

Full-Time and Seasonal Park Maintenance employees
All employees in this job classification are now required to make contact any time there is a pet in the park. These employees request compliance, educate and fill out a detailed log sheet. They do not issue warnings or citations.

Seasonal Park Patrol employees
All employees in this job classification are now required to make contact any time there is a pet in the park. These employees will also check the tags on the pet for current licenses and vaccinations. Compliance is requested, education completed and a detailed log sheet filled out. Seasonal park patrol is not authorized to write municipal infractions. Per city ordinance, seasonal park patrol can write municipal infractions once approved and trained to do so.

Full time Park Patrol officers
The two full time employees in this job classification are required to make contact any time there is a pet in the park. They check for violations of the animal control ordinance and parks and recreation ordinance for issues such as current licenses and vaccinations, no leash, or unlawful deposit and issue municipal infractions as appropriate. All instances are logged on log sheets as well as calls for service.

The Parks Division Manager is responsible for monitoring the pets in parks enforcement plan. Log sheets are collected and reports prepared regarding enforcement efforts.

RECOMMENDATION:
This is provided for informational purposes.

SUBJECT: Signage, Pet Waste Stations and Policies Related to No Pets in Parks

DATE: **July 5, 2013**

INTRODUCTION

The purpose of this memo is to provide an update on signage and pet waste stations as well as policies related to no pets in parks.

DISCUSSION

Signs and Pet Waste Dispensers

Throughout the park system there are parks with no signs (a sign for the park and/or any rules signs) and some signed with no pets signs. There were also parks that even though the ordinance stated no dogs allowed in parks, there were signs present requesting pet owners pick up after their pets. Some of these locations also had pet waste stations.

Parks department personnel have been removing pet waste dispensers in any areas that by ordinance there is no pets allowed. They have also been removing the signs that remind persons to pick up after their pets in areas where no pets are allowed. Another inconsistent sign removed was a sign at Bergfeld Recreation Area that stated dogs must be leased when park users are present. This was inconsistent with the leash law. Most have now been removed. Signs that are on trails have not been removed at this time. The removed pet waste station will be kept and installed in locations where dogs are allowed.

Throughout the discussions related to dogs in parks the Parks and Recreation Commission felt it was very important to share the rules related to pets in parks through consistent signage. They felt it would be important to not only post rules related to pets but other rules such as park hours, whether alcohol was allowed or other specific regulations per each park area. The signs would better inform our park patrons of the rules governing each park and could serve as a welcoming sign to the park for some park areas with no park sign.

The Park and Recreation Commission at a spring meeting reviewed examples of 12" x 18" signs and 24" x 30" signs that could be used for posting regulations related to pets in parks and potentially other pertinent information. The Commission agreed that 24" x 30" sign size would be best for posting all information related to rules and information for each specific park or trail versus numerous signs. They agreed that secondary entrances would be best served with 12" x 18" signs. The Commission wanted the sign size appropriate to the park or area.

The costs for signing no pets in parks is as follows:

Signs, posts and bolts	$ 3,936
Installation of signs	$ 1,750
	$ 5,686

Jenny Larson, Budget Director, identified funding the signage and installation of approximately $5,800 with Airport rents and concessions revenue which is over budget by $5,820. Once the City Council has resolved the ordinance these signs will be designed, purchased and installed.

Park Department Policy Review

In reviewing parks department policy related to dogs in vehicles at Eagle Point Park we found that Eagle Point fee collectors followed this policy that has been established for many years: "If you observe pets inside of a vehicle entering the park, you must inform the owner of this rule (Dogs, cats, etc are not allowed in city parks) before you collect the entrance fee. If they still wish to enter the park, advise them that the pet must be kept in the vehicle the entire time that they are in the park."

This policy means that pets are and have been in parks (in vehicles). In speaking with staff many persons do come and drive through Eagle Point Park on a daily basis, especially elderly persons. Some just drive through and some leave their pets in their cars as they walk in the park. Because vehicles drive in and through Murphy and Flora Parks this likely happens at these two parks as well.

We have worked with Crenna Brumwell, Assistant City Attorney on language that has now been recommended to update our ordinances to allow for this to policy to continue as a part of the proposed ordinance change. The proposed change would be under exemptions to no pets in parks and would be proposed as "Animals within Eagle Point Park, Murphy Park and Flora Park which are confined to an automobile, camper, motorhome (a/k/a recreational vehicle), or other similar conveyance during the entirety of their time within the designated park(s)."

This proposal is a part of the ordinance proposal related to dogs on trails and other park and recreation ordinance updates contained in a separate memo.

ACTION REQUESTED

This memo is to request approval for purchase and installation of the proposed signage at each park once the City Council has acted upon the ordinance proposal.

MEMORANDUM

May 22, 2013

TO: Michael C. Van Milligen
City Manager

FR: Mark M. Dalsing
Chief of Police

RE: Animal Calls

INTRODUCTION

The purpose of this memo is to update you on past calls for service and enforcement activities, and the Dubuque Police Department's plans for future enforcement.

BACKGROUND

On April 15, 2013 a meeting was held between you, me, and representatives from the Health Dept. and Park Dept. to discuss past and future enforcement of domestic animal related issues. Everyone present was asked to review their departments' past activities and develop a plan of action for addressing ongoing issues.

DISCUSSION

Generally the Dubuque Police Department is third in lines for calls involving parks and/or animals depending on the season, day of week and hour of the day. Animal Control and the Park Officers would be the primary responding units if they are available. However, due to the limitations of staffing and staff hours of both departments and the fact the Park Officers are seasonal, the Dubuque Police Department does respond to many calls involving parks and animals and is often the primary department.

Dubuque Police Department records reflect the following animal related CFS:

	2008	2009	2010	2011	2012	2013*
All Animal Calls (Citywide)	975	923	980	1070	1212	332
All CFS in Dubuque Parks	860	886	1057	936	957	203
Animal Calls within Parks	21	25	32	28	20	10

*2013 CFS through May 14, 2013

In the above table, it should be noted that the first category *All Animal Calls (Citywide)* includes all animal calls, whether wild or domestic, and includes things such as noise complaints and sick or injured animals. The second category *All CFS in Dubuque Parks* includes any type of call from disorderly conduct to found property.

For informational purposes, an official Call for Service (CFS) occurs when a citizen reports an incident to Dispatch or an officer self-initiates a call and it is logged into the master computer system and a case number is automatically generated. Not all officer activities and citizen contacts generate a CFS. Officers are encouraged to generate a CFS on any official activities but some incidents do not warrant one based on the limited time used. Minor issues like giving directions to a motorist or removing a street hazard are common examples of situations where an officer may not generate a CFS.

Officers have a great deal of discretion when it comes to enforcement. Traditionally simple domestic animal issues that an officer might observe, whether in parks or in other public areas, have been handled through warnings and education. This would also be a common situation where officers haven't always generated a CFS as the encounters are usually brief and pet owners are usually cooperative. During the recent City Council discussion on changes to the animal ordinances, there was much discussion on enforcement of the existing ordinances and the appearance that enforcement is lacking.

At the April 15th meeting you directed staff to review past activities as well as implement a plan to increase enforcement efforts. On April 22, 2013 I issued an internal memorandum to all personnel directing them to be more aware of animal violations, act upon any violation they see, and that every call needs to be properly documented. Documentation can include written reports and citations, but also include generating a traceable computer CFS, something that I believe was missing. Officers are still authorized to use discretion in enforcement on these calls, particularly because there is still confusion by the public as to which parks and other public areas allow pets, and what are the "leash laws." Officers were also provided copies of the most common City Codes for animal control. It was highlighted for them that there should be little discretion in violations of licensing laws.

911 Center Director Mark Murphy shared my memorandum with his staff so they were aware of our activities. He also directed his staff to ensure that animal calls are dispatched in a timely manner regardless of the fact that they are considered lower priority calls.

CONCLUSION & RECOMMENDATION

Animal related calls are a regular and routine part of the Dubuque Police Department's role. Throughout the recent discussions on proposed ordinance changes we identified issues with citizen and staff knowledge of existing ordinances and with documented enforcement. I believe that the police department, in cooperation with the other City departments, has developed plans to correct these issues.

ACTION REQUESTED

This is an information memo and no further action is requested.

I move to receive and file the communications and further move that the requirement that a proposed Ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which is to be finally passed be suspended. **(Motion B)**

Vote – Then

I move **final** consideration and passage of the Ordinance. **(Motion A)**

If Motion B does not pass:

I move to receive and file the communications and I move first **(second or third)** consideration of the Ordinance. **(Motion A)**

FROM: Marie L. Ware, Leisure Services Manager

SUBJECT: Signage Related to Pets in Parks

DATE: **April 8, 2013**

INTRODUCTION

The purpose of this memo is to share signage costs and information and identify a funding source.

BACKGROUND

The Park and Recreation Commission at their last meeting were shown examples of 12" x 18" signs and 24" x 30" signs that could be used for posting regulations related to pets in parks and potentially other pertinent information.

The Commission through their discussion agreed that 24" x 30" signs costing around $60 each just for the sign would be best for posting all information versus numerous signs. The secondary entrances it was determined would be best served with 12" x 18" signs. The Commission wanted the sign size appropriate to the park or area. Additional costs include the sign posts, bolts and installation.

DISCUSSION

The costs for signing pets in parks or no pets in parks, whichever is decided is as follows:

Signs, posts and bolts	$ 3,936
Installation of signs	$ 1,750
	$ 5,686

Breakdown of the summary includes:

Pet Signage Costs

	Size	Description	Cost	Needed	Total
SIGNS					
	12" x 18"	Metal	$15.00 each	8	**$ 120.00**
	24" x 30"	Metal	$60.00 each	46	**$ 2,760.00**
POSTS					
	8 Foot	Metal	$30.00 each	8	**$ 240.00**
	8 Foot	Wood(4"X4")	$9.00 each	84	**$ 756.00**
BOLTS					
Wood Post	3/8 x 2 1/2	Lag Bolt	$0.30 per	168 (4 per sign)	**$ 50.40**
Metal Post	3/8 x 1 1/12	Bolt & Nut	$0.30 per	16 (2per sign)	**$ 4.80**
				TOTAL	**$ 3,936.00**

Installation Costs		
Contractor rate $35.00 hour		
Wood Posts	46 signs at $35.00	$ 1,610.00
Metal Posts	8 post at $17.50	$ 140.00
	TOTAL	**$ 1,750.00**

Jenny Larson, Budget Director, has identified funding the signage and installation of approximately $5,800 with Airport rents and concessions revenue which is over budget by $5,820.

ACTION REQUESTED

This memo is for informational purposes.

Dubuque All-America City 2012

TO: Michael C. Van Milligen, City Manager

FROM: Marie Ware, Leisure Services Manager

SUBJECT: Pets in Parks Additional Background Information

DATE: **April 8, 2013**

INTRODUCTION

The purpose of this memo is to share additional background information prepared and provided to the Park and Recreation Commission for their April 2, 2013 meeting.

BACKGROUND

The Mayor and City Council requested that the Commission study and discuss additional topics related to the pets in parks ordinance.

They were provided with information related to enforcement options and issues, plus education ideas; a listing of all parks, acreage and which contained play equipment and courts; a map of each park containing play equipment and play areas; and costs for signage. Each map showed the effect of a 10', 25' and 50' buffer from the play areas. A map of licensed dog locations in Dubuque was completed with data from PetData. The Commission considered this additional information prior to actions at their meeting.

All these items will be attached to the City Council action item:

- Enforcement options/issues and education ideas
- Park list with acreage and notation for which have play equipment and basketball and tennis courts
- Community park maps
- Neighborhood park maps
- Mini park maps – A – J group
- Mini park maps – M – W group
- Cost estimate for signage
- Map of licensed dog locations

RECOMMENDATION

This memo is for informational purposes.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City 2012

TO: The Honorable Mayor Roy Buol and Members of the City Council

FROM: Park and Recreation Commission

SUBJECT: Recommendations and Feedback Requested by Council

DATE: **April 4, 2013**

The Council through your motion on the March 18, 2013 meeting requested the following:

> Motion to receive and file and consider the first reading of the proposed ordinance with the following additions:
>
> 1. One-year trial period with evaluation
> 2. Evaluation on enforcement options
> 3. A shorter list of eligible parks
> 4. A clear definition of the geography of the play areas
>
> Council also wanted information on identifying funding for associated costs for amenities such as waste bags, signage, etc.
>
> Motion carried 4-3 with Connors, Lynch, and Sutton voting nay.

At our April 2nd meeting we discussed and are providing you with the following actions and feedback.

Trial Period:
It was moved by Harris, seconded by Lyness to approve a one-year trial period for allowing pets in parks, to end one year from date the ordinance change is enacted. The motion passed unanimously.

> The Commission agreed evaluation will be completed at that time including calls for service, complaints, costs, public and staff input.

Enforcement:
It was moved by Schlueter, seconded by Harris, to have Police, Animal Control and Seasonal and Full Time Park Patrol be in charge of enforcing the ordinance and use their own discretion as to whether to issue a citation or not. The motion passed 6-1 with Blocker, Harris, Klinge, Lyness, Nadeau and Schlueter voting yes; Hoffmann voting no.

> The Commission agreed that they were not interested in a no tolerance enforcement policy. They feel enforcement officials should have the responsibility and discretion to ticket as they do in all other situations. They expressed concern for visitors and tourists.

Consideration of Additional Areas:
It was moved by Schlueter, seconded by Lyness, to add Allison-Henderson Park, tennis courts, basketball courts and skate parks to the present proposed no pets list. The motion passed 6-1 with Harris, Hoffmann, Klinge, Lyness, Nadeau and Schlueter voting yes; Blocker voting no.

Geographic Boundary:
It was moved by Harris, seconded by Nadeau, to define the geographic area to be 10' from the border of mulch or hard surface play equipment or play area. The motion passed unanimously.

Costs:
It was moved by Nadeau, seconded by Lyness, not to provide waste bag dispensers or bags in any areas not currently provided and to place less signs but larger informational and rules signs ($60 size) at entrance to parks. Signs placed in parks would be appropriate to size of park. The motion passed unanimously.

> The Commission agreed that responsible pet owners will bring bags and pick up after their own pets. Staff will work on total costs based on this motion.

Prepared by: Crenna M. Brumwell, Esq. 300 Main Street Suite 330 Dubuque IA 52001 563 589-4381

ORDINANCE NO. ____ 13

AMENDING CITY OF DUBUQUE CODE OF ORDINANCES TITLE 10 PUBLIC WAYS AND PROPERTY, CHAPTER 5 PARKS AND RECREATION BY ADDING DEFINITIONS RELATING TO ANIMALS; RESTRICTING HORSEDRAWN VEHICLES; PERMITTING DOGS, CATS, AND DOMESTICATED ANIMALS IN CERTAIN PARKS, OPEN SPACES, AND TRAILS SUBJECT TO CONDITIONS; ESTABLISHING LEASH AND WASTE CLEAN-UP REQUIREMENTS; PROHIBITING ANIMALS RUNNING AT-LARGE WITHIN PARKS, OPEN SPACES, OR TRAILS; PERMITTING THE EXERCISING OF DOGS OFF LEASH IN CERTAIN AREAS; AND REVISING PARK, OPEN SPACES AND TRAIL DESCRIPTIONS

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. Title 10, Chapter 5 of the City of Dubuque Code of Ordinances is amended to read as follows:

Chapter 5
PARKS AND RECREATION

ARTICLE A. ADMINISTRATION

. . . .

10-5A-2: PARK AND RECREATION ADVISORY COMMISSION:

. . . .

C. Powers: The responsibilities of the commission are to advise the city council on:

1. Use Of Grounds And Facilities: The establishment of rules and regulations governing the use of all grounds and facilities that have been or may be set aside as public parks, playgrounds, open spaces, trails, and other such park and recreation facilities. Such rules and regulations shall include, but are not limited to:

. . . .

ARTICLE B. USE REGULATIONS

10-5B-1: DEFINITIONS:

As used in this article, the following terms shall have the following meanings:

AT LARGE: Any dog or cat found off a leash and unattended by an owner or keeper.

CAT: Both male and female animals in the family Felis catus whether neutered or not.

CITY MANAGER: City manager or city manager's designee.

COMMISSION OR THE COMMISSION: The park and recreation advisory commission.

DOG: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.

DOMESTICATED ANIMAL: An animal commonly referred to as a bovine, swine, sheep, goat, domesticated deer, llama, poultry, rabbit, horse, pony, mule, jenny, donkey, or hinny.

KEEPER: A person other than the owner keeping, sheltering, having control or custody of or harboring an animal.

LEISURE SERVICES MANAGER: Leisure services manager or leisure services manager's designee.

MULTI-PURPOSE USE TRAIL OR TRAILS: A hardened trail of asphalt, concrete or other impervious surface, typically ten (10) to twelve (12) feet wide and physically separated from the motorized vehicular traffic by an open space or barrier and either within highway public right-of-way or private property within an independent alignment for use by pedestrians, skaters, joggers, bicyclists, and city maintenance vehicles.

OPEN SPACES: Open spaces available to the public for passive recreational use in and adjacent to the city, which are under the responsibility of the commission.

OWNER: A person owning a cat, dog, or other animal.

PARKS OR PARKWAYS: Parks, parkways, buildings, park roads or driveways, and all public service facilities or grounds, buildings and structures in and adjacent to the city, which are under the responsibility of the commission.

10-5B-2: INTOXICATING BEVERAGES:

A. Possession, Consumption, Or Use Of Alcoholic Liquor, Wine, Beer, Or Other Intoxicating Beverages Prohibited:

1. The possession, consumption, or use of alcoholic liquors, wine, and beer as defined by chapter 123 of the code of Iowa or any other intoxicating beverages is prohibited on park roadways and trails, in park and recreation facility parking lots, and in vehicles located within a park.

. . . .

B. Exemptions:

1. Locations Exempt: Subsection A2 of this section shall not apply to the possession, consumption, or use of alcoholic liquors, wine, beer, or other intoxicating beverages at:

a. Alliant Energy Amphitheater events for which a special events permit has been issued under Title 10, Chapter 4;

b. American Trust River's Edge Plaza events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

l. Mississippi Riverwalk events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

10-5B-3: HORSEDRAWN VEHICLES, RIDING OF ANIMALS RESTRICTED:

Horsedrawn vehicles or the riding of horses or any other domesticated animals used for such purposes is prohibited in any park unless permission is granted by the Leisure Services Manager and thereafter authorized through the issuance of a city special event permit under Title 10, Chapter 4.

10-5B-4: DOGS, CATS AND DOMESTIC ANIMALS IN PARKS, OPEN SPACES, OR ON TRAILS:

A. Dogs And Cats.

1. Dogs and cats are allowed in parks, open spaces, and on trails for a period of one (1) year from the passage of this ordinance, with the exception of:

a. Bunker Hill Golf Course;

b. Marshall Park and Dubuque Arboretum and Botanical Gardens;

c. Eagle Point Park;

d. Nicholas J. Sutton Swimming Pool;

e. Flora Park Swimming Pool;

f. Allison-Henderson Park;

g. McAleece Park and Recreation Complex, inside the fence;

h. Veteran's Memorials;

i. Tennis courts;

j. Basketball courts;

k. Skate parks; or

l. Within ten feet (10') from the border of mulch or hard surface surrounding all playground equipment and play areas.

New or modified parks, open spaces, trails, or recreational facilities which have not yet been evaluated by the Parks and Recreation Commission and a recommendation for usage approved by the city council.

2. The exceptions in section 1 do not apply to service animals used by persons with disabilities.

3. Animals may be allowed in parks, open spaces, or on trails as part of an approved and permitted special event under Title 10, Chapter 4.

B. Domesticated Animals are not allowed in parks, open spaces, or on trails except for:

1. Service animals used by persons with disabilities;

2. As part of an approved and permitted special event under Title 10, Chapter 4; and

3. Animals which are part of the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park.

10-5B-5: REQUIREMENT FOR DOGS AND CATS WHILE IN CITY PARKS, OPEN SPACES, OR TRAILS:

A. Leashes.

1. Dogs and cats must be leashed.

2. The leash or other similar restraint may be no more than six feet (6') in length.

3. No retractable leashes or wireless electronic and/or electric leashes are allowed.

4. All leashes must be of sufficient strength to restrain the animal when the leash is held by a person capable of restraining and controlling the dog or cat.

5. The determination as to whether a leash is of sufficient strength will be made by the city manager.

B. The owner or keeper must pick up and dispose of or take away the cat or dog's waste.

C. The owner or keeper is responsible for the actions of the cat or dog.

D. No owner or keeper may permit such dog or cat to run at-large in any park, open space, or trail.

1. A dog or cat found at-large is subject to seizure and impoundment in a place provided by the city.

2. Whenever any licensed dog or cat has been seized or impounded pursuant to this article, notice of such action must be given to the dog or cat's licensed owner.

3. Except as otherwise provided, the possession of any licensed dog or cat seized or impounded pursuant to this article may be obtained by the owner or keeper by paying an impoundment fee as established by the city manager, together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time that such dog or cat is impounded. Upon the second subsequent impoundment of the same animal within three hundred sixty five (365) consecutive days, an impoundment fee as established by the city manager will be assessed together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time which said dog or cat is impounded.

4. Upon proper identification the owner or keeper may redeem an unlicensed dog or cat seized or impounded pursuant to this article after licensing the animal or agreeing to purchase a license within ten (10) working days. Failure to do so will result in an additional fee as established by the city manager, added to the license fee.

5. Disposition of Animals.

a. Licensed Dog Or Cat: If the owner or keeper of a licensed dog or cat impounded pursuant to this article does not redeem such animal within five (5) days after the mailing of the notice provided for in this article, the

license will automatically be revoked and the animal disposed of as directed by the city manager.

b. Unlicensed Dog Or Cat: Any unlicensed dog or cat not redeemed by the owner within three (3) days after it has been seized or impounded will be disposed of as directed by the city manager.

6. Exceptions.

a. An owner or keeper who is working or exercising a dog by tossing a retrieval dummy or other object for out-and-back exercise at Bee Branch Recreation Area, 16th Street pond, and Bergfeld Recreation Area pond may allow the dog or cat to go unleashed. At all other times the dog or cat must be leashed in these areas.

b. An owner or keeper who is visiting a pet park where dogs or cats are allowed to be unleashed within a designated area may allow the dog or cat to go unleashed.

10-5B-6: WALKING ON GRASS:

No person may go on foot or otherwise upon the grass or turf of any park, parkway, or trail where any prohibitory sign is posted.

10-5B-7: THROWING STONES OR OTHER MISSILES:

No person may throw any stone or any other missile within any park, parkway, or trail.

(SECTIONS 10-5B-8 THROUGH 10-5B-22 ARE RENUMBERED)

10-5B-23: OPEN SEASON AND HOURS GENERALLY:

. . . .

H. The following parks and park and recreation facilities will be open for use by the public from seven o'clock (7:00) A.M. to ten o'clock (10:00) P.M. daily:

ARTICLE C. SPECIFIC PARKS, OPEN SPACES AND TRAILS

10-5C-1: SPECIFIC PARK AREAS, OPEN SPACES AND TRAILS DESCRIBED:

Park descriptions for parks, open space descriptions for open spaces and trail descriptions for trails will be reviewed on a periodic basis and added, deleted and amended as necessary. Enforcement of use regulations will not be contingent on parks, open spaces, and trails being specifically listed in this provision.

The following described parcels of real estate are and will be used for public park purposes and will continue to be known as set forth below and placed under the jurisdiction of the park and recreation advisory commission:

A.Y. McDonald park: Blocks 1, 2, 3, 4 and 5 in River Front Subdivision No. 3.

Alliant Energy Amphitheater: The area of the Port of Dubuque west of the Mississippi Riverwalk, south of the railroad tracks east of Bell Street, and adjacent to the former Dubuque Star Brewery.

Allison-Henderson park: Lots 1, 18, 19, 20, 21 and 22 of Pinehurst Subdivision in the city of Dubuque, Iowa.

American Trust River's Edge Plaza: That area, including the flat area, steps and ramp, outside the floodwall at the Port of Dubuque at the south end of the Mississippi Riverwalk.

Avon park: Lots 6 through 10 of Mary Ann McDaniel's Subdivision of parts of Lots 823 and 824 of A. McDaniel's Subdivision in the city of Dubuque, Iowa.

Bunker Hill golf course: Part of Lot 2 in Highland Farms Addition; Lot 16 in Pfohl's Subdivision; Mineral Lots 189, 200, 201, 202, 210, 270, 336 and 370, and parts of Mineral Lots 190, 265 and 340, all in the city of Dubuque, Iowa.

Burden park: Lot 1 of Lot 1 of Lot 3 northeast quarter, Section 13, Township 89 North, Range 2 East in the city of Dubuque, Iowa.

Caledonia park: Lot 38 of Kelly's Subdivision in the city of Dubuque, Iowa.

Center Grove open space: East one fourth of City Lot 500

Cleveland park: South two-thirds of city Lot 695 and Lots 35, 36, 37 and east 20 feet of Lot 38 of Union Addition in the city of Dubuque, Iowa.

Comiskey park: Lots 1 through 23, Lots 24 through 46 and the intervening alley in Boulevard Addition of the city of Dubuque, Iowa.

E.B. Lyons Prairie/Woodland Preserve: Lots 2 and 3 of the northeast one-quarter of the southeast one-quarter of section 1, township 88 north, range 2 east of fifth prime meridian; Lots 2 and 3 of the northwest one-quarter of the southwest one-quarter, Lots 2 and 3 of the northeast one-quarter of the southwest one-quarter, and Lot 2 of Lot 1 of the southwest one-quarter of the southwest one-quarter; of section 6, township 88 north, range 3 east of the fifth prime meridian in Dubuque County, Iowa, according to the respective recorded plats thereof.

Eagle Point park and Ham House Museum: Lot 1 through Lot 7 in Berendes Subdivision; Lot 2 in Chris Braun's Place; Lot 1 of Lot 1 of Lot 2 of Lot 2A in Clark's Subdivision; Lot 2 of Lot 1, Lot 2 of Lot 1 of Lot 1, and Lot 2 in Eagle Point View; Lot 2 of Lot 6, Lot 2 of Lot 1 of Lot 6, and Lot 107 through Lot 124 in Fountain Hill Resubdivisions; Lot 529 through Lot 534 in Ham's Addition; Lot 503 through Lot 515 in Ham's Addition (Eagle Point); Lot 2 of Lot 221, Lot 1 of Lot 222, Lot 223 and Lot 224 in Julien Addition; Lot 1 of Lot 6 in Katherine Place; Lot 2 of Lot 1 of Lot 1 of Lot 1 in Potter Place; Lot 1 through Lot 10 in Potter's Shiras Avenue Place; Lot 1 of Lot 2 of Lot 2 of Lot 3 and Lot 2 of Lot 3 in Shiras Subdivision; and parts of Mineral Lots 305A, 308, 309A, 310, 311 and 312, all in the city of Dubuque, Iowa.

Eagle Valley park: Lot C of Block 3 of Eagle Valley Subdivision.

Elmwood Green park: Lot 2-2-2 of Mineral Lot 349 in the city of Dubuque, Iowa.

Falk park: Lot 23 in Falks Subdivision in the city of Dubuque, Iowa.

Flat Iron park: A triangularly shaped area bounded on the easterly side by Main Street, on the southerly side by Jones Street and on the westerly side by Shields Street.

Flora park: Except for the appurtenant easements of right of way and a strip along Pennsylvania Street twenty feet (20') in width, the following real estate in the west end of the city; Sylvester Place: Lot 1 of 4 of Mineral Lot 260; Lot 2 of 1 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of Mineral Lot 259; Lot 1 of 2 of Mineral Lot 259; Lot 1 of 1 of 1 of 1 of 2 of J.P. Metel's Subdivision.

Four Mounds: Lot 1 of Lot 1 of Lot 2 of Lot 1 of Lot 1, and Lot 1 of Lot 1 of Lot 2 of Lot 1, both of the Subdivision of "Lot 1 of Lot 7 of the southwest one-quarter of Section 1, the southwest one-quarter of the northwest one-quarter of Section 1 and Government Lot 1 (or Mineral Lot 331) of Section 1, Township 89 North, Range 2 East of the fifth principal meridian". Lot 2 of the northwest one-quarter of the northwest one-quarter of Section 1, Township 89 North, Range 2 East of the fifth principal meridian, all in the city of Dubuque, Iowa, and Lot 16 of "John Deere Dubuque Tractor Works" in Dubuque Township, and Lot 2 of Lot 1 of Lot 1 of Lot 2 of Lot 2 of Section 2, both in Township 89 North, Range 2 East of the fifth principal meridian, according to the United States Government Survey and the recorded plats thereof, subject to easements of record.

Franklin Delano Roosevelt park: Lot 1 of the west half of the northeast one-quarter of Section 4, Township 88 North, Range 2 East of fifth principal meridian in Dubuque County, Iowa and Mineral Lots 272 and 273, Lot 1 of Mineral Lot 271, Lot 1 of Mineral Lot 274, and Lot 1 of Mineral Lot 276 in Dubuque Township, Dubuque County, Iowa.

Gay park: Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 in Young Primrose Place and Lots 3 and 4 in Grommersch Place, all in the city of Dubuque, Iowa.

Gerald "Red" McAleece park and recreation complex: Those portions of Mineral Lots 294, 295, Lots 1 and 2 of 296, 297, 298, 299 and 300 and Government Lot 1, located in Sections 17, 18, 19 and 20, Township 89 North, Range 3 East in the city of Dubuque, Dubuque County, Iowa, and bounded by Lake Peosta Channel and the Mississippi River.

Granger Creek nature trail: Area surrounding Dubuque Technology Park at corner of Highways 151/61 and Lake Eleanor Road.

Grant park: A triangularly shaped area bounded on the easterly side by Locust Street, on the westerly side by Bluff Street, and on the southerly side by Fifteenth Street.

Harvest View park: Lot A of Harvest View Estates First Addition.

Heritage trail: A linear piece of property from 22nd to 32nd Streets along Elm Street, in the city of Dubuque, Iowa.

Hillcrest park: Lot 1 of Lot 4 of Mineral Lot 261 in the city of Dubuque, Iowa.

Hilltop park: West one-half of Lot 1 of the south one-third of Lots 34 and 35; west 127 feet and 6 inches of Lot 1 of Lot 2 of the south one-third of Lots 34 and 35; west one-half of Lot 2 of Lot 2 of the south one-third of Lots 34 and 35; west one-half of the north one-half of Lot 36; west one-half of the south one-half of Lot 36; west one-half of Lot 2 of Lot 37; Lot 1 of Lot 1 of Lot 37; Lot 2 of Lot 2 of Lot 1 of Lot 37 all in Kelly's Subdivision in the city of Dubuque, Iowa.

Ice Harbor park: The area of the Port of Dubuque between the Portside Building and the National Mississippi River Museum and Aquarium.

Jackson park: An area bounded on the westerly side by Main Street, on the southerly side by Fifteenth Street, on the easterly side by Iowa Street and on the northerly side by the south property line of city Lot 746 of the original township, all in the city of Dubuque, Iowa.

Jaycee Trail: A linear trail area paralleling the Peosta Channel from A.Y. McDonald Park to Pyatigorsk Park.

Jefferson park: Lots 38, 39, 40 and east 21 feet of Lot 41 of Farley's Subdivision in the city of Dubuque, Iowa.

John G. Bergfeld recreation area: Lot C of the Dubuque Industrial Center West.

Louis Murphy park: That part of Lots 1, 2 and 4 of Mineral Lot 37 lying southerly of Highway 61; that part of Lots 1, 2, 3, 4 and 5 of O'Connor's Subdivision lying southerly of Highway 61; westerly 42 feet of Lot 2 and the westerly 42 feet of Lot 2 of Lot 15 in Summer Hill Addition; Lots 14, 15, 16 and 17 in Rowan's Addition; Lot 1 of Lot 1 of the subdivision of Mineral Lot 36A; Lot 1 of Lot 2 of Mineral Lot 38; and that part of Lot 6 and all of Lots 7, 8, 9, 10, 11, 12 and 13 lying easterly of Highway 61, all in the city of Dubuque, Iowa.

Madison park: Lots 32, 33, and 34 of the Subdivision of Lots 676 and 677 in L.H. Langworthy Addition; Lot 5 of the Subdivision of Lot 674 in L.H. Langworthy Addition; Lot 1 of Lot 2 of the Subdivision of Lots 676 and 677 in L.H. Langworthy Addition; Lot 3 of Lot 3 of the Subdivision of Lots 676 and 677 in L.H. Langworthy Addition; and two (2) unnumbered Lots lying between Lots 677 and 678 in L.H. Langworthy Addition, all in the city of Dubuque, Iowa.

Marna Ridge children's forest: Lot A of Lot B, Block 1 of Marna Ridge Estates 2, as comprised of Mildreds Addition in the city of Dubuque, Iowa.

Marshall park: Northwest one-quarter of the southeast one-quarter of the southwest one-quarter of Section 10, Township 89 North, Range 2 East of the fifth principal meridian according to the United States Government Survey thereof, and the southwest quarter of the southwest quarter of Section 10, Township 89 North, Range 2 East of the fifth principal meridian according to the United States Government Survey thereof, also right-of-way over the westerly 20 feet of Lot 1 of the subdivision of Lot 1 of 1 of 1 of Mineral Lot 390, Lot 2 of 1 of Mineral Lot 386 and Lot 2 of Mineral Lot 380 according to the recorded plats thereof, all in the city of Dubuque, Iowa.

Medical Associates greenbelt: Lot 11 of Medical Associates Subdivision in the city of Dubuque, Iowa.

Miller-Riverview park: That part of Chaplain Schmitt Memorial Island located northerly of the Dubuque greyhound racing facility and easterly of the wetlands area extending easterly an average of approximately four hundred (400) feet more or less to the Mississippi River.

Mississippi Riverwalk: The walkway on the floodwall between the American Trust River's Edge Plaza and the Alliant Energy Amphitheater.

Nicholas J. Sutton swimming pool: Part of Lots 44, 45, 46, 47, 48, 331, 332 and 333 in Ham's Addition; that part of vacated Garfield Avenue lying adjacent to Lots 45, 46, 331 and 332 in Ham's Addition; that part of vacated Summer Street lying adjacent to Lots 44, 45, 46, 47, 48, 331, 332 and 333 in Ham's Addition; and that part of the vacated alley lying adjacent to Lots 46 and 47 in Ham's Addition, all in the city of Dubuque, Iowa.

Northwest Arterial Trail: A linear trail in the IDOT right-of-way paralleling the Northwest Arterial.

Oakwood park: Lot 2 Oakwood Park Subdivision and Lot 1 of Lot 1 of Lot 1 of Heim Subdivision, both in the city of Dubuque, Iowa.

Park Tree Farm: Lots 503 and 515 in Ham's Addition of the city of Dubuque, Iowa.

Pet park: Area on North Grandview Avenue, east of the Bunker Hill golf course and south of the water department pumping station.

Pinard park: Lots 138, 139 and 140 in Glendale Addition No. 2 in the city of Dubuque, Iowa.

Port of Dubuque Riverwalk: A linear trail area paralleling the Mississippi River in the Port of Dubuque.

Pyatigorsk park: Area located at the northeast corner of Sixteenth Street and Kerper Boulevard, west of the Jaycees trail and south of the Highway 151 Bridge.

Riley park: Lot E of Crescent Heights Subdivision.

Rocco Buda Jr. park: Lot 1 of 1 of 1 of 810 A. McDaniels Subdivision.

Southern park: Beginning at the NW Corner of Lot 1 of said John Breakey's Addition; thence S46°22$^{3}/_{4}$'W, 315.98 ft., along the Northwesterly line of said John Breakey's Addition; thence S81°01$^{1}/_{4}$'W, 12.72 ft.; thence S38°47$^{3}/_{4}$'E, 64.04 ft.; thence S51°12$^{1}/_{4}$'W, 46.36 ft.; thence N38°47$^{3}/_{4}$'W, 78.87 ft.; thence S68°57$^{3}/_{4}$'W, 111.56 ft.; thence S35°45'W, 84.25 ft.; thence S42°39'E, 218.28 ft.

Teddy Bear park: Lot 1 of Block 19, Sunnyslopes Estates in the city of Dubuque, Iowa.

Usha park: Lot 1 of Lot 2 of Lot 1 of Byrne's Subdivision in the city of Dubuque, Iowa.

Valentine park: Lot 1 of the Subdivision of Lot 1 of Lot 1 of Lot 1 of McLean Heights and Lot 4 in Block 2 of Marna Ridge Estates 2 in the city of Dubuque, Iowa.

Valley High park: Lot 2 of Lot 1 of Lot 1 of Lot 1 in Mineral Lot 337 and Lot 5 in Wiegand's Subdivision, all in the city of Dubuque, Iowa.

Veterans' Memorial park: Lot 2 of Mineral Lot 382, Lots 1 and 2 of Lot 1 of Mineral Lot 383, Mineral Lot 384 and part of Lot 1 of Lot 1 of Lot 2 of Mineral Lot 385 lying south of Thirty Second Street, all in the city of Dubuque, Iowa.

4. All leashes must be of sufficient strength to restrain the animal when the leash is held by a person capable of restraining and controlling the dog or cat.

5. The determination as to whether a leash is of sufficient strength will be made by the city manager.

B. The owner or keeper must pick up and dispose of or take away the cat or dog's waste.

C. The owner or keeper is responsible for the actions of the dog or cat.

D. No owner or keeper may permit such dog or cat to run at-large in any park, open space, or trail.

1. A dog or cat found at-large is subject to seizure and impoundment in a place provided by the city.

2. Whenever any licensed dog or cat has been seized or impounded pursuant to this article, notice of such action must be given to the dog or cat's licensed owner.

3. Except as otherwise provided, the possession of any licensed dog or cat seized or impounded pursuant to this article may be obtained by the owner or keeper by paying an impoundment fee as established by the city manager, together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time that such dog or cat is impounded. Upon the second subsequent impoundment of the same animal within three hundred sixty five (365) consecutive days, an impoundment fee as established by the city manager will be assessed together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time which said dog or cat is impounded.

4. Upon proper identification the owner or keeper may redeem an unlicensed dog or cat seized or impounded pursuant to this article after licensing the animal or agreeing to purchase a license within ten (10) working days. Failure to do so will result in an additional fee as established by the city manager, added to the license fee.

5. Disposition of Animals.

a. Licensed Dog Or Cat: If the owner or keeper of a licensed dog or cat impounded pursuant to this article does not redeem such animal within five (5) days after the mailing of the notice provided for in this article, the license will automatically be revoked and the animal disposed of as directed by the city manager.

b. Unlicensed Dog Or Cat: Any unlicensed dog or cat not redeemed by the owner within three (3) days after it has been seized or impounded will be disposed of as directed by the city manager.

6. Exceptions.

a. An owner or keeper who is working or exercising a dog by tossing a retrieval dummy or other object for out-and back exercise at Bee Branch Recreation Area, 16th Street pond, and Bergfeld Recreation Area pond may allow the dog or cat to go unleashed. At all other times the dog or cat must be leashed in these areas.

b. An owner or keeper who is visiting a pet park where dogs or cats are allowed to be unleashed within a designated area may allow the dog or cat to go unleashed.

10-5B-~~6~~5: WALKING ON GRASS:

No person may~~shall~~ go on foot or otherwise upon the grass or turf of any park, ~~or~~ parkway, or trail where any prohibitory sign is posted.

10-5B-~~7~~6: THROWING STONES OR OTHER MISSILES:

No person may~~shall~~ throw any stone or any other missile within any park, ~~or~~ parkway, or trail.

ARTICLE C. SPECIFIC PARKS, OPEN SPACES AND TRAILS

10-5C-1: SPECIFIC PARK AREAS, OPEN SPACES AND TRAILS DESCRIBED:

Park descriptions for parks, open space descriptions for open spaces and trail descriptions for trails will be reviewed on a periodic basis and added, deleted and amended as necessary. Enforcement of use regulations will not be contingent on parks, open spaces, and trails being specifically listed in this provision.

The following described parcels of real estate are and will be used for public park purposes and will continue to be known as set forth below and placed under the jurisdiction of the park and recreation advisory commission:

A.Y. McDonald park: Blocks 1, 2, 3, 4 and 5 in River Front Subdivision No. 3.

Formatted: Indent: Left: 0.5", Hanging: 0.5"

Alliant Energy Amphitheater: The area of the Port of Dubuque west of the Mississippi Riverwalk, south of the railroad tracks east of Bell Street, and adjacent to the former Dubuque Star Brewery.

Allison-Henderson park: Lots 1, 18, 19, 20, 21 and 22 of Pinehurst Subdivision in the city of Dubuque, Iowa.

American Trust River's Edge Plaza: That area, including the flat area, steps and ramp, outside the floodwall at the Port of Dubuque at the south end of the Mississippi Riverwalk.

Avon park: Lots 6 through 10 of Mary Ann McDaniel's Subdivision of parts of Lots 823 and 824 of A. McDaniel's Subdivision in the city of Dubuque, Iowa.

Bunker Hill golf course: Part of Lot 2 in Highland Farms Addition; Lot 16 in Pfohl's Subdivision; Mineral Lots 189, 200, 201, 202, 210, 270, 336 and 370, and parts of Mineral Lots 190, 265 and 340, all in the city of Dubuque, Iowa.

Burden park: Lot 1 of Lot 1 of Lot 3 northeast quarter, Section 13, Township 89 North, Range 2 East in the city of Dubuque, Iowa.

Caledonia park: Lot 38 of Kelly's Subdivision in the city of Dubuque, Iowa.

Center Grove open space: East one fourth of City Lot 500.

Cleveland park: South two-thirds of city Lot 695 and Lots 35, 36, 37 and east 20 feet of Lot 38 of Union Addition in the city of Dubuque, Iowa.

Comiskey park: Lots 1 through 23, Lots 24 through 46 and the intervening alley in Boulevard Addition of the city of Dubuque, Iowa.

E.B. Lyons Prairie/Woodland Preserve: Lots 2 and 3 of the northeast one-quarter of the southeast one-quarter of section 1, township 88 north, range 2 east of fifth prime meridian; Lots 2 and 3 of the northwest one-quarter of the southwest one-quarter, Lots 2 and 3 of the northeast one-quarter of the southwest one-quarter, and Lot 2 of Lot 1 of the southwest one-quarter of the southwest one-quarter; of section 6, township 88 north, range 3 east of the fifth prime meridian in Dubuque County, Iowa, according to the respective recorded plats thereof.

Eagle Point park and Ham House Museum: Lot 1 through Lot 7 in Berendes Subdivision; Lot 2 in Chris Braun's Place; Lot 1 of Lot 1 of Lot 2 of Lot 2A in Clark's Subdivision; Lot 2 of Lot 1, Lot 2 of Lot 1 of Lot 1, and Lot 2 in Eagle Point View; Lot 2 of Lot 6, Lot 2 of Lot 1 of Lot 6, and Lot 107 through Lot 124 in Fountain Hill Resubdivisions; Lot 529 through Lot 534 in Ham's Addition; Lot 503 through Lot 515 in Ham's Addition (Eagle Point); Lot 2 of Lot 221, Lot 1 of Lot 222, Lot 223 and Lot 224 in Julien Addition; Lot 1 of Lot 6 in Katherine Place; Lot 2 of Lot 1 of Lot 1 of Lot 1 in Potter Place; Lot 1 through Lot 10 in Potter's Shiras Avenue Place; Lot 1 of Lot 2 of Lot 2 of Lot 3 and Lot 2 of Lot 3 in Shiras Subdivision; and parts of Mineral Lots 305A, 308, 309A, 310, 311 and 312, all in the city of Dubuque, Iowa.

Eagle Valley park: Lot C of Block 3 of Eagle Valley Subdivision.
Elmwood Green park: Lot 2-2-2 of Mineral Lot 349 in the city of Dubuque, Iowa.
Falk park: Lot 23 in Falks Subdivision in the city of Dubuque, Iowa.
Flat Iron park: A triangularly shaped area bounded on the easterly side by Main Street, on the southerly side by Jones Street and on the westerly side by Shields Street.
Flora park: Except for the appurtenant easements of right of way and a strip along Pennsylvania Street twenty feet (20') in width, the following real estate in the west end of the city; Sylvester Place: Lot 1 of 4 of Mineral Lot 260; Lot 2 of 1 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of Mineral Lot 259; Lot 1 of 2 of Mineral Lot 259; Lot 1 of 1 of 1 of 1 of 2 of J.P. Metel's Subdivision.
Four Mounds: Lot 1 of Lot 1 of Lot 2 of Lot 1 of Lot 1, and Lot 1 of Lot 1 of Lot 2 of Lot 1, both of the Subdivision of "Lot 1 of Lot 7 of the southwest one-quarter of Section 1, the southwest one-quarter of the northwest one-quarter of Section 1 and Government Lot 1 (or Mineral Lot 331) of Section 1, Township 89 North, Range 2 East of the fifth principal meridian". Lot 2 of the northwest one-quarter of the northwest one-quarter of Section 1, Township 89 North, Range 2 East of the fifth principal meridian, all in the city of Dubuque, Iowa, and Lot 16 of "John Deere Dubuque Tractor Works" in Dubuque Township, and Lot 2 of Lot 1 of Lot 1 of Lot 2 of Lot 2 of Section 2, both in Township 89 North, Range 2 East of the fifth principal meridian, according to the United States Government Survey and the recorded plats thereof, subject to easements of record.
Franklin Delano Roosevelt park: Lot 1 of the west half of the northeast one-quarter of Section 4, Township 88 North, Range 2 East of fifth principal meridian in Dubuque County, Iowa and Mineral Lots 272 and 273, Lot 1 of Mineral Lot 271, Lot 1 of Mineral Lot 274, and Lot 1 of Mineral Lot 276 in Dubuque Township, Dubuque County, Iowa.
Gay park: Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 in Young Primrose Place and Lots 3 and 4 in Grommersch Place, all in the city of Dubuque, Iowa.
Gerald "Red" McAleece park and recreation complex: Those portions of Mineral Lots 294, 295, Lots 1 and 2 of 296, 297, 298, 299 and 300 and Government Lot 1, located in Sections 17, 18, 19 and 20, Township 89 North, Range 3 East in the city of Dubuque, Dubuque County, Iowa, and bounded by Lake Peosta Channel and the Mississippi River.
Granger Creek nature trail: Area surrounding Dubuque Technology Park at corner of Highways 151/61 and Lake Eleanor Road.
Grant park: A triangularly shaped area bounded on the easterly side by Locust Street, on the westerly side by Bluff Street, and on the southerly side by Fifteenth Street.
Harvest View park: Lot A of Harvest View Estates First Addition.
Heritage trail: A linear piece of property from 22nd to 32nd Streets along Elm Street, in the city of Dubuque, Iowa.
Hillcrest park: Lot 1 of Lot 4 of Mineral Lot 261 in the city of Dubuque, Iowa.

Hilltop park: West one-half of Lot 1 of the south one-third of Lots 34 and 35; west 127 feet and 6 inches of Lot 1 of Lot 2 of the south one-third of Lots 34 and 35; west one-half of Lot 2 of Lot 2 of the south one-third of Lots 34 and 35; west one-half of the north one-half of Lot 36; west one-half of the south one-half of Lot 36; west one-half of Lot 2 of Lot 37; Lot 1 of Lot 1 of Lot 37; Lot 2 of Lot 2 of Lot 1 of Lot 37 all in Kelly's Subdivision in the city of Dubuque, Iowa.

Ice Harbor park: The area of the Port of Dubuque between the Portside Building and the National Mississippi River Museum and Aquarium.

Jackson park: An area bounded on the westerly side by Main Street, on the southerly side by Fifteenth Street, on the easterly side by Iowa Street and on the northerly side by the south property line of city Lot 746 of the original township, all in the city of Dubuque, Iowa.

Jaycee Trail: A linear trail area paralleling the Peosta Channel from A.Y. McDonald Park to Pyatigorsk Park.

Jefferson park: Lots 38, 39, 40 and east 21 feet of Lot 41 of Farley's Subdivision in the city of Dubuque, Iowa.

John G. Bergfeld recreation area: Lot C of the Dubuque Industrial Center West.

Louis Murphy park: That part of Lots 1, 2 and 4 of Mineral Lot 37 lying southerly of Highway 61; that part of Lots 1, 2, 3, 4 and 5 of O'Connor's Subdivision lying southerly of Highway 61; westerly 42 feet of Lot 2 and the westerly 42 feet of Lot 2 of Lot 15 in Summer Hill Addition; Lots 14, 15, 16 and 17 in Rowan's Addition; Lot 1 of Lot 1 of the subdivision of Mineral Lot 36A; Lot 1 of Lot 2 of Mineral Lot 38; and that part of Lot 6 and all of Lots 7, 8, 9, 10, 11, 12 and 13 lying easterly of Highway 61, all in the city of Dubuque, Iowa.

Madison park: Lots 32, 33, and 34 of the Subdivision of Lots 676 and 677 in L.H. Langworthy Addition; Lot 5 of the Subdivision of Lot 674 in L.H. Langworthy Addition; Lot 1 of Lot 2 of the Subdivision of Lots 676 and 677 in L.H. Langworthy Addition; Lot 3 of Lot 3 of the Subdivision of Lots 676 and 677 in L.H. Langworthy Addition; and two (2) unnumbered Lots lying between Lots 677 and 678 in L.H. Langworthy Addition, all in the city of Dubuque, Iowa.

Marna Ridge children's forest: Lot A of Lot B, Block 1 of Marna Ridge Estates 2, as comprised of Mildreds Addition in the city of Dubuque, Iowa.

Marshall park: Northwest one-quarter of the southeast one-quarter of the southwest one-quarter of Section 10, Township 89 North, Range 2 East of the fifth principal meridian according to the United States Government Survey thereof, and the southwest quarter of the southwest quarter of Section 10, Township 89 North, Range 2 East of the fifth principal meridian according to the United States Government Survey thereof, also right-of-way over the westerly 20 feet of Lot 1 of the subdivision of Lot 1 of 1 of 1 of Mineral Lot 390, Lot 2 of 1 of Mineral Lot 386 and Lot 2 of Mineral Lot 380 according to the recorded plats thereof, all in the city of Dubuque, Iowa.

Medical Associates greenbelt: Lot 11 of Medical Associates Subdivision in the city of Dubuque, Iowa.

Miller-Riverview park: That part of Chaplain Schmitt Memorial Island located northerly of the Dubuque greyhound racing facility and easterly of the wetlands area extending easterly an average of approximately four hundred (400) feet more or less to the Mississippi River.

Mississippi Riverwalk: The walkway on the floodwall between the American Trust River's Edge Plaza and the Alliant Energy Amphitheater.

Nicholas J. Sutton swimming pool: Part of Lots 44, 45, 46, 47, 48, 331, 332 and 333 in Ham's Addition; that part of vacated Garfield Avenue lying adjacent to Lots 45, 46, 331 and 332 in Ham's Addition; that part of vacated Summer Street lying adjacent to Lots 44, 45, 46, 47, 48, 331, 332 and 333 in Ham's Addition; and that part of the vacated alley lying adjacent to Lots 46 and 47 in Ham's Addition, all in the city of Dubuque, Iowa. Northwest Arterial Trail A linear trail in the IDOT right-of-way paralleling the Northwest Arterial.

Oakwood park: Lot 2 Oakwood Park Subdivision and Lot 1 of Lot 1 of Lot 1 of Heim Subdivision, both in the city of Dubuque, Iowa.

Park Tree Farm: Lots 503 and 515 in Ham's Addition of the city of Dubuque, Iowa.

Pet park: Area on North Grandview Avenue, east of the Bunker Hill golf course and south of the water department pumping station.

Pinard park: Lots 138, 139 and 140 in Glendale Addition No. 2 in the city of Dubuque, Iowa.

Port of Dubuque Riverwalk: A linear trail area paralleling the Mississippi River in the Port of Dubuque.

Pyatigorsk park: Area located at the northeast corner of Sixteenth Street and Kerper Boulevard, west of the Jaycees trail and south of the Highway 151 Bridge.

Riley park: Lot E of Crescent Heights Subdivision.

Rocco Buda Jr. park: Lot 1 of 1 of 1 of 810 A. McDaniels Subdivision.

Southern park: Beginning at the NW Corner of Lot 1 of said John Breakey's Addition; thence S46°22 3/4'W, 315.98 ft., along the Northwesterly line of said John Breakey's Addition; thence S81°01 1/4'W, 12.72 ft.; thence S38°47 3/4'E, 64.04 ft.; thence S51°12 1/4'W, 46.36 ft.; thence N38°47 3/4'W, 78.87 ft.; thence S68°57 3/4'W, 111.56 ft.; thence S35°45'W, 84.25 ft.; thence S42°39'E, 218.28 ft.

Teddy Bear park: Lot 1 of Block 19, Sunnyslopes Estates in the city of Dubuque, Iowa.

Usha park: Lot 1 of Lot 2 of Lot 1 of Byrne's Subdivision in the city of Dubuque, Iowa.

Valentine park: Lot 1 of the Subdivision of Lot 1 of Lot 1 of Lot 1 of McLean Heights and Lot 4 in Block 2 of Marna Ridge Estates 2 in the city of Dubuque, Iowa.

Valley High park: Lot 2 of Lot 1 of Lot 1 of Lot 1 in Mineral Lot 337 and Lot 5 in Wiegand's Subdivision, all in the city of Dubuque, Iowa.

Veterans' Memorial park: Lot 2 of Mineral Lot 382, Lots 1 and 2 of Lot 1 of Mineral Lot 383, Mineral Lot 384 and part of Lot 1 of Lot 1 of Lot 2 of Mineral Lot 385 lying south of Thirty Second Street, all in the city of Dubuque, Iowa.

Waller-Cooper park: Lots 26, 27 and 28 in Cooper Heights Addition in the city of Dubuque, Iowa.

Washington park: An area bounded on the northerly side by West Seventh Street, on the westerly side by Bluff Street, on the southerly side by West Sixth Street, and on the easterly side by Locust Street.

Welu park: Lot 22 of Sunset Park Eighth Addition to the city of Dubuque, Iowa.

Westbrook park: Approximately three (3) acres within Lot A, Block 1 of Westbrook Subdivision.

ADDITIONAL BACKGROUND
RELATED TO PETS IN PARKS
March 29, 2013

ENFORCEMENT OPTIONS

I. Park Patrol:

a. Full-time: The Parks Division currently has two full-time park control officers. These officers work from 4:00pm to Midnight May 1st to October 31st. One is scheduled for Sunday through Thursday. The other is scheduled for Tuesday through Saturday. These employees are incorporated into the parks division workforce in the winter months, from 7am to 3pm Monday through Friday. There is no park patrol enforcement from November to May. The two full time park patrol officers serve as park Maintenance Workers from November through May. The two full-time park patrol employees are trained law enforcement officers that have attended and passed the Police Academy.

b. Seasonal: The division also has 3 long term seasonal park rangers. These employees work from May 1st through October 31st. They assist the full-time staff from 4:00pm to midnight and also work a weekend shift from 8:00am to 4:00pm. There is always one seasonal employee working with the full time park patrol officers from Saturday to Monday on the 4PM to midnight shift. From Tuesday to Thursday there is no seasonal staff working due to both full time park patrol officers working the 4PM to midnight shift. The 8AM to 4PM shift on weekends is normally covered by one of the seasonal employee.

Currently the seasonal park rangers are not able to issue citations. In speaking with the Assistant City Attorney, Crenna Brumwell, these seasonal could be authorized by the City Manager to issue citations per AP 6.02. The pay-scale for seasonal employees will not change if they are authorized by the City to issue citations. This is per Randy Peck, Personnel Manager.

II. Park Full-Time Employees: Full-time park employees could also be authorized to issue citations. However, it was highly recommended by the Assistant City Attorney, Crenna Brumwell, **not** to authorize full-time park employees. In discussing the process with parks patrol, it would take 15 to 30 minutes out of these employees regular work schedules per citation, if they were to be authorized.

III. Animal Control Division: Animal control currently has two officers. Both of these positions are 29 hour positions. These employees work from 9:00am to 7:30pm Monday through Friday during summer months and 8:00am to 6:00pm Monday through Friday during the winter months. They also work Saturday mornings throughout the year.

IV. Police: Police Chief, Mark Dalsing, said an animal call in the park would be a Code 3. This could get increased up to a Code 2 or a Code 1, if the animal was considered aggressive. See the chart below for code priority:

Code	Response Goal	Dispatch Priority
1	3 Minutes	Dispatched Immediately
2	6 Minutes	Dispatched Immediately, when territory unit or adjacent territory unit is available.
3	30 Minutes	Dispatched when units are available allowing for adequate reserves.
4	60 Minutes to End of Shift	Dispatched when units are available, allowing for adequate reserves and to be handled in a timely manner or at least by the end of the shift.

CODE RESPONSE:

1. **EMERGENCY RESPONSE:** Proceed to scene immediately, using emergency equipment (lights & siren) as appropriate. Response may be delayed only when life is threatened to a higher degree.
2. **RAPID RESPONSE:** Proceed to scene immediately, ensuring safe operation of the patrol vehicle, with due regard for the safety of all persons. The use of emergency equipment (lights, with siren optional) shall be limited and used only when necessary to make response timely. Response may be delayed when hazards requiring action are observed.
3. **NORMAL RESPONSE:** Proceed to the scene as soon as possible, obeying all posted traffic regulations. Response may be delayed for normal public safety actions, if response would not be seriously affected.
4. **DELAYED RESPONSE:** Proceed to the scene in a timely manner before the end of the shift. Response may be delayed for any routine problem judged by the officer to require attention

ENFORCEMENT ISSUES TO CONSIDER

I. Caught in the act: The most difficult enforcement issue is catching the pet and owner in the act. Most calls related to dog problems ends with the dog and owner being gone upon arrival. Having only two park patrol vehicles , 48 parks and 29 miles of trails creates response times to calls that does not allow catching a dog or person in the act. This statement holds true if the ordinance stays the same and the call is made for a dog in the park.

II. No tolerance: The city council has suggested a “no tolerance policy”. This means there would be no warnings. This would include citing tourists and visitors to the city that may not know the rules and regulations regarding pets in parks.

III. Municipal infractions: All citations issued would be municipal infractions. Currently, municipal infractions would be written with a fine of up $750.00 and a court fee of $85.00. A second offense would be written with a fine of up to $1000.00 and court fee. A major issue with these infractions is that the person must first show up in court. This would be onerous for a tourist to come back. It also means that park patrol officers may also have to be in court during hours that they are not regularly scheduled for.

IV. Volunteer enforcement team: Discussion was raised to possibly have an ambassador program to promote the new pets in park regulations. Dog groups would educate pet owners and promote responsible pet etiquette in parks and on trails.

V. Distance rule: Attempting to enforce a distance rule has its challenges. As a park patrol vehicle approaches an area, the person with the pet could simply move out of the area quickly and then move back inside the area after the park patrol vehicle has passed by or left the park. Also, since many play equipment structures are irregular shapes, there could be many discrepancies on distances. Other cities, (ex. Iowa City) have posted signs around their play equipment with a map of the area outlining the distance.

COSTS

Current Cost in Budget

Description	Cost	Photo
Pet waste boxes	$90.00	
Pet waste bags	$1,200.00 annually	

Proposed Cost

Description	Cost	Photo
Pet waste station (with receptacle)	$170.00 each	
Pet waste station bags	$40.00 (800 bags)	
Signage with Rules: 12” x 18” 18” x 24” 24” x 36”	 $15.00 each $40.00 each $60.00 each	
Sign post	$30.00 each	

EDUCATION IDEAS

I. City Focus
II. Neighborhood Newsletter
III. Utility bill inserts
IV. Short program or commercial on Public Access Channel
V. Ambassador program

Kevin Firnstahl - Motion to Reconsider Dogs in Parks

From: Ric Jones
To: Firnstahl, Kevin
Date: 3/6/2013 5:38 AM
Subject: Motion to Reconsider Dogs in Parks
CC: Buol, Roy; Van Milligen, Mike

Good Morning, Kevin.

This is a formal request that reconsideration of the proposed ordinance allowing leashed, licensed dogs in City of Dubuque parks be placed on the City Council Agenda for March 18, 2013. I intend to make that motion having preserved my ability to do so by voting with the prevailing side.

Thanks.

THE CITY OF
DUBUQUE
Masterpiece on the Mississippi

Dubuque
All-America City
2007

TO: Mike Van Milligen, City Manager

Marie Ware, Leisure Services Manager

FROM: Mary Rose Corrigan, Public Health Specialist

SUBJECT: Pet's in Parks Violation Statistics

DATE: March 13, 2013

We have researched Animal Control requests for service to address dogs in City parks. Since 2009, 12 calls were received for 10 different parks. The following is the specifics of each call:

Eight out of eleven owners were given warnings in these calls.

1. Eagle Point Park- People taking leashed dogs into park when closed. Not called in at time of incident.
2. Comiskey Park- Owner with leashed dog while playing basketball. Owner was given a warning.
3. 15th & Bluff (Not really park, green area)- Dog in area. Owner was given a warning.
4. Jackson Park- Two leashed dogs in park. Gone on arrival.
5. Unknown area- Owner given warning.
6. Jefferson Park- Owner in park with leashed dog. Owner was given a warning.
7. Bergfeld Pond- Dogs running loose. Owners were given a warning.
8. Cleveland Park- Owner with leashed dog. Owner was given a warning.
9. Jefferson Park- Loose dogs in park. No owner, not located
10. Valentine Park- Loose dog with owner. Owner was given a warning.
11. Jackson Park- Leashed dog with owner. Owner was given a warning.

If you need further information, please advise.

SUBJECT: Pet Ordinance Research From Other Cities

DATE: **March 11, 2013**

INTRODUCTION

The purpose of this memorandum is to share research that had been done with other cities prior to the Parks and Recreation Commission's recommendation.

BACKGROUND

Prior to the Commission's discussion regarding pets in parks leisure services staff reached out to other cities in Iowa. Research was done with parks and recreation personnel in these cities. A part of this research is in the background document provided to both the Commission and Council. Other information contained in the following pages had been shared verbally during discussions or was used in the preparation of the proposed ordinance.

DISCUSSION

In the majority of cities the enforcement is not done by the parks and recreation personnel. Dubuque is unique in that it has Park Patrol. Other cities do not have sworn law enforcement officers and seasonal park patrol as a part of their department. Cities we compared to did enforcement through animal control or police. You will see as a part of the chart in the last column comments related to this.

The enforcement that is done throughout our system now is to gain compliance. In the discussion with COP's and Park Patrol they request persons with a dog in the park to leave and comply with the current ordinance. In our discussion none of them ever remembered writing a ticket but gained compliance by asking persons to leave.

All comparison cities allow dogs in parks and on trails except Dubuque and have done so for as many or more years as we have not allowed dogs in parks and on trails. Because no one has made a change there is no statistics about how the change

affected the numbers of problems either in an increase or decrease. In other words no one can share if there was an increase in dog bites because they aren't tracking a change in ordinance. No one reported during our initial interviews these kinds of problems although they can exist.

Some cities do not have an ordinance to specifically address parks or trails because they are allowed. They only address animals at large.

Some cities did report they wish they had an ordinance like ours but we did not document that at the time because they also said they knew a change would not be likely as it is a divided topic, just like we see during our discussions. They understood that people fall on each side of this issue.

ACTION REQUESTED
This memorandum is for informational purposes only.

largest cities in Iowa	Popul. www.infoplease.com (2010)	dogs allowed in all city parks and all trails	dog park available	notes
Des Moines	203433	yes - must be leashed - no longer than 6 ft.	yes - 8.5 acres plus 1 acre for small dogs - all fenced; $20 fee	
Cedar Rapids	126326	yes - must be leashed	yes - 14 acres; building a second one; $27 fee	some complaints regarding waste clean-up, enforced by animal control and police
Davenport	99685	yes - must be leashed	yes - 3 acres; no fee	enforced by police, not parks
Sioux City	82684	yes - must be leashed	yes - 5 acres fenced; no fee	
Waterloo	68406	yes - must be leashed - no longer than 6ft.	yes - 5 acres fenced - $10 annual fee	enforced by police not parks; "if contacted will come and stake out"; random offenders are difficult to enforce; partner with Humane Society
Iowa City	67862	yes - must be leashed	yes - (2) 14 acres fenced; $35 fee	
Council Bluffs	62230	yes - must be leashed	no - but expect a dog park will be in the plan soon	enforced by owners, peer pressure; off leash dogs are more of a problem at rec complex with 10 fields pets discouraged there.
Ames	58965	yes - must be leashed	yes - 10 acres fenced; $40 fee	has not been a problem
Dubuque	57637	no	yes - 2.5 acres fenced; $1daily, $25 annual fee	

largest cities in Iowa	Popul. www.infopleasee.com (2010)	dogs allowed in all city parks and all trails	dog park available	notes
West Des Moines	56609	yes - must be leashed	yes - 10 acres fenced; $20 annual fee	multiple calls per week; no fines and no penalties - most violate rules; working on changing regulations. Most problems occur at parks; few problems at dog park which is monitored by a security guard.
Cedar Falls	36145	yes - must be leashed - no longer than 6ft or on voice command	yes - 3 acres fenced; $15 annual fee	not a lot of complaints, but hard to enforce

DES MOINES:
Q: Does the City of Des Moines have a leash law?
A: Yes, if the dog is on the owner's property it must be restrained by an adequate protective fence or by leash, cord, chain or other similar restraint or the pet must be at all times within the actual physical presence of and immediately obedient to the commands of the owner or person given charge of the dog and at no time be more than six feet from such person. If the dog is off the owner's premises it must be on a leash, cord, or chain or other similar restraint not more than six feet in length and under the control of a person competent to restrain and control the dog. Cats are not required to be leashed; however, if a cat is not confined within a premise, it is required to be spayed or neutered, and properly licensed.

CEDAR RAPIDS:
23.27 - ANIMALS IN PARKS AND ON GOLF COURSES.
(a) No animals shall be allowed within 50 feet of any wading pool, pavilion, playground, or ball field in a city park, except service animals are permitted in and within 50 feet of pavilions.
(b) No animal shall be allowed in any area of a city park unless it is attached to a leash not more than 6 feet in length and of sufficient strength to restrain the animal when the leash is held by a person capable of restraining and controlling the animal, unless the city park is designated by the Cedar Rapids City Council as an off leash park and the dog is within such park boundaries and displays an off-leash park permit tag.
(c) No animal shall be allowed on any golf course operated by the City of Cedar Rapids.

(d) No animal shall be allowed within the Bever Park zoo area bounded by the security fence, Old Mc Donald's farm or the Schuknecht Water Fowl Exhibit.

WATERLOO:
http://www.cityofwaterlooiowa.com/animalordinance
Dog park is monitored by volunteers and patrons with “peer pressure” supervision.

COUNCIL BLUFFS:
Council Bluffs code of ordinances Title 4, Health and Sanitation - Article 1 Humane Animal Treatment and Control 4.20.010.

AMES:
The Ames Municipal Code requires that cats - just like dogs - be restrained by their owners and kept from running at large. It is unlawful for animal owners to allow their pets to roam the neighborhoods and parks. Unless they are on their owners property or that of a neighbor who has given permission, both cats and dogs must be restrained by an appropriate leash.

Violations of the Animals at Large ordinance are municipal infractions punishable by fines of $50. Second and third offenses result in $100 fines, after which additional violations can result in fines as high as $750. In addition, cats and dogs that are roaming at large in Ames are impounded by animal control officers. The first time a cat or dog is impounded, the owner must pay $25 for the animal’s release. After the first time, the impound fee is raised to $30.

WEST DES MOINES:
5-3-9: RUNNING AT LARGE PROHIBITED:
It shall be unlawful for any animal, including, but not limited to, cats, dogs, cattle, horses, swine, sheep, fowl or any animal defined as dangerous or vicious by this chapter to run at large within the corporate limits of the city. The owner shall be held responsible and subject to penalty. (1985 Code §3-2.03)

CEDAR FALLS:
Sec. 20-279. - Recreational trails.
The following rules and regulations apply to all recreational trails within the City of Cedar Falls, Iowa:
(1) Recreational trails shall be used and classified as trails for: foot traffic, bicycling, cross-country skiing, roller-blading and other special usage authorized by permit from the Director of Human and Leisure Services or designee.
(2) The use of motorized vehicles and snowmobiles is prohibited on recreational trails within the City of Cedar Falls, Iowa, except for authorized emergency and maintenance vehicles.
(3) No person shall permit or allow a horse under their control to be on any recreational trail within the City of Cedar Falls, Iowa. No person shall permit or allow a dog on said recreational trail unless said dog is under the control of said person and is on a leash of six feet or less in length. Said person shall pick up and dispose of any feces from the dog under that person's control. For the purposes of this article, horse is defined as any equine animal including horses, mules, burros, donkeys, and all

lamas or alpaca like animals. Dog is defined as all members of the canine species, male or female, whether altered or not.

(4) Special permits may be issued by the director of human and leisure services or designee for special events on specific dates utilizing golf carts or similar motorized transportation upon a recreational trail for elderly and/or handicapped persons.

Sec. 6-56. - Permitting dog or cat to run at large.

(a) Prohibition. It shall be unlawful for the owner of a dog or cat to:

(1) Generally. Permit or allow a dog or cat to be at large. Any dog or cat found at large shall be presumed to be so with the permission of its owner and proof that such dog or cat was at large, and of ownership, shall constitute in evidence a prima facie presumption in any proceeding charging any violation of this section.

(2) Cemeteries. Permit or allow such dog or cat to be in any public cemetery at any time.

(3) Public parks and playgrounds. When signposted, permit such dog or cat to be in a public playground or park during the last Friday, Saturday and Sunday of June each and every year, except if such animal is part of an organized public activity.

(b) Exceptions. The foregoing subsections (a)(2) and (a)(3) shall not apply to guide dogs used by handicapped persons. At large means running or found within the city upon any street, alley, sidewalk or public or private grounds. A dog or cat, properly licensed as required by this article, shall not be deemed at large if it is:

(1) On the premises of the owner;

(2) Under the control of a person competent to restrain and control the dog or cat, either by leash, cord, chain or other similar restraint not more than ten feet in length, or properly restrained within a motor vehicle;

(3) Properly housed in a veterinary hospital or licensed kennel; or

(4) Accompanied by or at heel beside and obedient to the commands of the owner or a competent responsible person unless the dog is on a recreational trail. Dogs on recreational trails must be on a leash of six feet or less in length as required in section 20-279(3) of this Code.

(5) A dog which is either under the control of a person competent to restrain and control the dog, or which is accompanied by or at heel beside and obedient to the commands of the owner or a competent responsible person, and which is within the confines of an authorized off-leash dog exercise facility as described in Section 20-224 of this Code, provided that such person is at all times in compliance with all of the provisions of such section.

DATE: February 22, 2013

SUBJECT: Park Ordinance Regarding Pets in Parks

INTRODUCTION

The purpose of this memo is to share our research, public input and recommendation related to the dogs in parks petition and issue forwarded to us by you.

BACKGROUND

Extensive research and public input has been involved in the topic of dogs in parks. The information we reviewed is attached in the Background and Summary of Information Regarding Dogs in Parks Discussion.

The public has been involved in this discussion from the start. The minutes of our meetings, also attached, summarize the feedback and input received at meetings. We received 47 letters, WebQA's and e-mails in support of the current no dogs ordinance and 10 supporting the change to allow dogs. A petition which started the discussion to allow dogs had at last count 1,101 signatures and a petition of 1,057 signatures to keep the ordinance as is with no dogs was also received. The public has also been very active in calling by phone each of us as Commission members.

DISCUSSION

We have studied this topic extensively. There are persons on each side of the dog issue and are passionate in their beliefs. As you see from all the documents there are many views but most fall into two camps - allow dogs or don't allow dogs.

RECOMMENDATION

The Commission voted to allow dogs in parks and on trails except for Eagle Point Park and Mashall Park and Arboretum, Bunker Hill Golf Course, Sutton and Flora Pools and inside the fence of the McAleece Park and Recreation Complex. Please see ordinance for all the changes to put this into affect.

The vote of the Commission for approval and recommendation of an Amended Chapter 5 Parks and Recreation Ordinance was 6-1. The affirmative votes were Blocker, Harris, Klinge, Lyness, Nadeau and Schlueter. The dissenting vote was Hoffmann. This is our recommendation to you.

SUBJECT: Pet Ordinance Recommendation from Commission

DATE: March 13, 2013

INTRODUCTION

The purpose of this memo is to forward a second recommendation from the Park and Recreation Commission regarding the Pet Ordinance.

BACKGROUND

The pet ordinance recommended by the Commission was on the march 4th Council agenda. Council Member Ric Jones sent a letter requesting consideration of prohibition of pets in play areas and at the Veterans' Memorial Plaza.

RECOMMENDATION

At the march 12th meeting of the Park and Recreation Commission, it was moved by Harris, seconded by Lyness to add to the pet ordinance recommendation to make all Veterans' Memorials and playground equipment areas in parks as "no pet" areas. The vote passed 5-2 with Blocker, Harris, Klinge, Lyness and Nadeau voting yes; Schlueter voting no; and Hoffmann abstaining.

ACTION REQUESTED

This information is provided for the City Councill.

ORDINANCE NO. ____ 13

AMENDING CITY OF DUBUQUE CODE OF ORDINANCES TITLE 10 PUBLIC WAYS AND PROPERTY, CHAPTER 5 PARKS AND RECREATION BY ADDING DEFINITIONS RELATING TO ANIMALS; RESTRICTING HORSEDRAWN VEHICLES; PERMITTING DOGS, CATS, AND DOMESTICATED ANIMALS IN CERTAIN PARKS, OPEN SPACES, AND TRAILS SUBJECT TO CONDITIONS; ESTABLISHING LEASH AND WASTE CLEAN-UP REQUIREMENTS; PROHIBITING ANIMALS RUNNING AT-LARGE WITHIN PARKS, OPEN SPACES, OR TRAILS; PERMITTING THE EXERCISING OF DOGS OFF LEASH IN CERTAIN AREAS; AND REVISING PARK, OPEN SPACES AND TRAIL DESCRIPTIONS

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. Title 10, Chapter 5 of the City of Dubuque Code of Ordinances is amended to read as follows:

Chapter 5
PARKS AND RECREATION

ARTICLE A. ADMINISTRATION

. . . .

10-5A-2: PARK AND RECREATION ADVISORY COMMISSION:

. . . .

C. Powers: The responsibilities of the commission are to advise the city council on:

1. Use Of Grounds And Facilities: The establishment of rules and regulations governing the use of all grounds and facilities that have been or may be set aside as public parks, playgrounds, open spaces, trails, and other such park and recreation facilities. Such rules and regulations shall include, but are not limited to:

. . . .

ARTICLE B. USE REGULATIONS

10-5B-1: DEFINITIONS:

As used in this article, the following terms shall have the following meanings:

AT LARGE: Any dog or cat found off a leash and unattended by an owner or keeper.

CAT: Both male and female animals in the family Felis catus whether neutered or not.

CITY MANAGER: City manager or city manager's designee.

COMMISSION OR THE COMMISSION: The park and recreation advisory commission.

DOG: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.

DOMESTICATED ANIMAL: An animal commonly referred to as a bovine, swine, sheep, goat, domesticated deer, llama, poultry, rabbit, horse, pony, mule, jenny, donkey, or hinny.

KEEPER: A person other than the owner keeping, sheltering, having control or custody of or harboring an animal.

LEISURE SERVICES MANAGER: Leisure services manager or leisure services manager's designee.

MULTI-PURPOSE USE TRAIL OR TRAILS: A hardened trail of asphalt, concrete or other impervious surface, typically ten (10) to twelve (12) feet wide and physically separated from the motorized vehicular traffic by an open space or barrier and either within highway public right-of-way or private property within an independent alignment for use by pedestrians, skaters, joggers, bicyclists, and city maintenance vehicles.

OPEN SPACES: Open spaces available to the public for passive recreational use in and adjacent to the city, which are under the responsibility of the commission.

OWNER: A person owning a cat, dog, or other animal.

PARKS OR PARKWAYS: Parks, parkways, buildings, park roads or driveways, and all public service facilities or grounds, buildings and structures in and adjacent to the city, which are under the responsibility of the commission.

10-5B-2: INTOXICATING BEVERAGES:

A. Possession, Consumption, Or Use Of Alcoholic Liquor, Wine, Beer, Or Other Intoxicating Beverages Prohibited:

1. The possession, consumption, or use of alcoholic liquors, wine, and beer as defined by chapter 123 of the code of Iowa or any other intoxicating beverages is prohibited on park roadways and trails, in park and recreation facility parking lots, and in vehicles located within a park.

. . . .

B. Exemptions:

1. Locations Exempt: Subsection A2 of this section shall not apply to the possession, consumption, or use of alcoholic liquors, wine, beer, or other intoxicating beverages at:

a. Alliant Energy Amphitheater events for which a special events permit has been issued under Title 10, Chapter 4;

b. American Trust River's Edge Plaza events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

l. Mississippi Riverwalk events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

10-5B-3: HORSEDRAWN VEHICLES, RIDING OF ANIMALS RESTRICTED:

Horsedrawn vehicles or the riding of horses or any other domesticated animals used for such purposes is prohibited in any park unless permission is granted by the Leisure Services Manager and thereafter authorized through the issuance of a city special event permit under Title 10, Chapter 4.

10-5B-4: DOGS, CATS AND DOMESTIC ANIMALS IN PARKS, OPEN SPACES, OR ON TRAILS:

A. Dogs And Cats.

1. Dogs and cats are allowed in parks, open spaces, and on trails with the exception of:

a. Bunker Hill Golf Course;

b. Marshall Park and Dubuque Arboretum and Botanical Gardens;

c. Eagle Point Park;

d. Nicholas J. Sutton Swimming Pool;

e. Flora Park Swimming Pool; or

f. McAleece Park and Recreation Complex, inside the fence.

New or modified parks, open spaces, trails, or recreational facilities which have not yet been evaluated by the Parks and Recreation Commission and a recommendation for usage approved by the city council.

2. The exceptions in section 1 do not apply to service animals used by persons with disabilities.

3. Animals may be allowed in parks, open spaces, or on trails as part of an approved and permitted special event under Title 10, Chapter 4.

B. Domesticated Animals are not allowed in parks, open spaces, or on trails except for:

1. Service animals used by persons with disabilities;

2. As part of an approved and permitted special event under Title 10, Chapter 4; and

3. Animals which are part of the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park.

10-5B-5: REQUIREMENT FOR DOGS AND CATS WHILE IN CITY PARKS, OPEN SPACES, OR TRAILS:

A. Leashes.

1. Dogs and cats must be leashed.

2. The leash or other similar restraint may be no more than six feet (6') in length.

3. No retractable leashes or wireless electronic and/or electric leashes are allowed.

4. All leashes must be of sufficient strength to restrain the animal when the leash is held by a person capable of restraining and controlling the dog or cat.

5. The determination as to whether a leash is of sufficient strength will be made by the city manager.

B. The owner or keeper must pick up and dispose of or take away the cat or dog's waste.

C. The owner or keeper is responsible for the actions of the cat or dog.

D. No owner or keeper may permit such dog or cat to run at-large in any park, open space, or trail.

1. A dog or cat found at-large is subject to seizure and impoundment in a place provided by the city.

2. Whenever any licensed dog or cat has been seized or impounded pursuant to this article, notice of such action must be given to the dog or cat's licensed owner.

3. Except as otherwise provided, the possession of any licensed dog or cat seized or impounded pursuant to this article may be obtained by the owner or keeper by paying an impoundment fee as established by the city manager, together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time that such dog or cat is impounded. Upon the second subsequent impoundment of the same animal within three hundred sixty five (365) consecutive days, an impoundment fee as established by the city manager will be assessed together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time which said dog or cat is impounded.

4. Upon proper identification the owner or keeper may redeem an unlicensed dog or cat seized or impounded pursuant to this article after licensing the animal or agreeing to purchase a license within ten (10) working days. Failure to do so will result in an additional fee as established by the city manager, added to the license fee.

5. Disposition of Animals.

a. Licensed Dog Or Cat: If the owner or keeper of a licensed dog or cat impounded pursuant to this article does not redeem such animal within five (5) days after the mailing of the notice provided for in this article, the license will automatically be revoked and the animal disposed of as directed by the city manager.

b. Unlicensed Dog Or Cat: Any unlicensed dog or cat not redeemed by the owner within three (3) days after it has been seized or impounded will be disposed of as directed by the city manager.

6. Exceptions.

a. An owner or keeper who is working or exercising a dog by tossing a retrieval dummy or other object for out-and-back exercise at Bee Branch Recreation Area, 16th Street pond, and Bergfeld Recreation Area pond may allow the dog or cat to go unleashed. At all other times the dog or cat must be leashed in these areas.

b. An owner or keeper who is visiting a pet park where dogs or cats are allowed to be unleashed within a designated area may allow the dog or cat to go unleashed.

10-5B-6: WALKING ON GRASS:

No person may go on foot or otherwise upon the grass or turf of any park, parkway, or trail where any prohibitory sign is posted.

10-5B-7: THROWING STONES OR OTHER MISSILES:

No person may throw any stone or any other missile within any park, parkway, or trail.

(SECTIONS 10-5B-8 THROUGH 10-5B-22 ARE RENUMBERED)

10-5B-23: OPEN SEASON AND HOURS GENERALLY:

. . . .

H. The following parks and park and recreation facilities will be open for use by the public from seven o'clock (7:00) A.M. to ten o'clock (10:00) P.M. daily:

ARTICLE C. SPECIFIC PARKS, OPEN SPACES AND TRAILS

10-5C-1: SPECIFIC PARK AREAS, OPEN SPACES AND TRAILS DESCRIBED:

Park descriptions for parks, open space descriptions for open spaces and trail descriptions for trails will be reviewed on a periodic basis and added, deleted and amended as necessary. Enforcement of use regulations will not be contingent on parks, open spaces, and trails being specifically listed in this provision.

The following described parcels of real estate are and will be used for public park purposes and will continue to be known as set forth below and placed under the jurisdiction of the park and recreation advisory commission:

A.Y. McDonald park: Blocks 1, 2, 3, 4 and 5 in River Front Subdivision No. 3.
Alliant Energy Amphitheater: The area of the Port of Dubuque west of the Mississippi Riverwalk, south of the railroad tracks east of Bell Street, and adjacent to the former Dubuque Star Brewery.
Allison-Henderson park: Lots 1, 18, 19, 20, 21 and 22 of Pinehurst Subdivision in the city of Dubuque, Iowa.
American Trust River's Edge Plaza: That area, including the flat area, steps and ramp, outside the floodwall at the Port of Dubuque at the south end of the Mississippi Riverwalk.
Avon park: Lots 6 through 10 of Mary Ann McDaniel's Subdivision of parts of Lots 823 and 824 of A. McDaniel's Subdivision in the city of Dubuque, Iowa.

Bunker Hill golf course: Part of Lot 2 in Highland Farms Addition; Lot 16 in Pfohl's Subdivision; Mineral Lots 189, 200, 201, 202, 210, 270, 336 and 370, and parts of Mineral Lots 190, 265 and 340, all in the city of Dubuque, Iowa.

Burden park: Lot 1 of Lot 1 of Lot 3 northeast quarter, Section 13, Township 89 North, Range 2 East in the city of Dubuque, Iowa.

Caledonia park: Lot 38 of Kelly's Subdivision in the city of Dubuque, Iowa.

Center Grove open space: East one fourth of City Lot 500

Cleveland park: South two-thirds of city Lot 695 and Lots 35, 36, 37 and east 20 feet of Lot 38 of Union Addition in the city of Dubuque, Iowa.

Comiskey park: Lots 1 through 23, Lots 24 through 46 and the intervening alley in Boulevard Addition of the city of Dubuque, Iowa.

E.B. Lyons Prairie/Woodland Preserve: Lots 2 and 3 of the northeast one-quarter of the southeast one-quarter of section 1, township 88 north, range 2 east of fifth prime meridian; Lots 2 and 3 of the northwest one-quarter of the southwest one-quarter, Lots 2 and 3 of the northeast one-quarter of the southwest one-quarter, and Lot 2 of Lot 1 of the southwest one-quarter of the southwest one-quarter; of section 6, township 88 north, range 3 east of the fifth prime meridian in Dubuque County, Iowa, according to the respective recorded plats thereof.

Eagle Point park and Ham House Museum: Lot 1 through Lot 7 in Berendes Subdivision; Lot 2 in Chris Braun's Place; Lot 1 of Lot 1 of Lot 2 of Lot 2A in Clark's Subdivision; Lot 2 of Lot 1, Lot 2 of Lot 1 of Lot 1, and Lot 2 in Eagle Point View; Lot 2 of Lot 6, Lot 2 of Lot 1 of Lot 6, and Lot 107 through Lot 124 in Fountain Hill Resubdivisions; Lot 529 through Lot 534 in Ham's Addition; Lot 503 through Lot 515 in Ham's Addition (Eagle Point); Lot 2 of Lot 221, Lot 1 of Lot 222, Lot 223 and Lot 224 in Julien Addition; Lot 1 of Lot 6 in Katherine Place; Lot 2 of Lot 1 of Lot 1 of Lot 1 in Potter Place; Lot 1 through Lot 10 in Potter's Shiras Avenue Place; Lot 1 of Lot 2 of Lot 2 of Lot 3 and Lot 2 of Lot 3 in Shiras Subdivision; and parts of Mineral Lots 305A, 308, 309A, 310, 311 and 312, all in the city of Dubuque, Iowa.

Eagle Valley park: Lot C of Block 3 of Eagle Valley Subdivision.

Elmwood Green park: Lot 2-2-2 of Mineral Lot 349 in the city of Dubuque, Iowa.

Falk park: Lot 23 in Falks Subdivision in the city of Dubuque, Iowa.

Flat Iron park: A triangularly shaped area bounded on the easterly side by Main Street, on the southerly side by Jones Street and on the westerly side by Shields Street.

Flora park: Except for the appurtenant easements of right of way and a strip along Pennsylvania Street twenty feet (20') in width, the following real estate in the west end of the city; Sylvester Place: Lot 1 of 4 of Mineral Lot 260; Lot 2 of 1 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of Mineral Lot 259; Lot 1 of 2 of Mineral Lot 259; Lot 1 of 1 of 1 of 1 of 1 of 2 of J.P. Metel's Subdivision.

Four Mounds: Lot 1 of Lot 1 of Lot 2 of Lot 1 of Lot 1, and Lot 1 of Lot 1 of Lot 2 of Lot 1, both of the Subdivision of "Lot 1 of Lot 7 of the southwest one-quarter of Section 1, the southwest one-quarter of the northwest one-

quarter of Section 1 and Government Lot 1 (or Mineral Lot 331) of Section 1, Township 89 North, Range 2 East of the fifth principal meridian". Lot 2 of the northwest one-quarter of the northwest one-quarter of Section 1, Township 89 North, Range 2 East of the fifth principal meridian, all in the city of Dubuque, Iowa, and Lot 16 of "John Deere Dubuque Tractor Works" in Dubuque Township, and Lot 2 of Lot 1 of Lot 1 of Lot 2 of Lot 2 of Section 2, both in Township 89 North, Range 2 East of the fifth principal meridian, according to the United States Government Survey and the recorded plats thereof, subject to easements of record.

Franklin Delano Roosevelt park: Lot 1 of the west half of the northeast one-quarter of Section 4, Township 88 North, Range 2 East of fifth principal meridian in Dubuque County, Iowa and Mineral Lots 272 and 273, Lot 1 of Mineral Lot 271, Lot 1 of Mineral Lot 274, and Lot 1 of Mineral Lot 276 in Dubuque Township, Dubuque County, Iowa.

Gay park: Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 in Young Primrose Place and Lots 3 and 4 in Grommersch Place, all in the city of Dubuque, Iowa.

Gerald "Red" McAleece park and recreation complex: Those portions of Mineral Lots 294, 295, Lots 1 and 2 of 296, 297, 298, 299 and 300 and Government Lot 1, located in Sections 17, 18, 19 and 20, Township 89 North, Range 3 East in the city of Dubuque, Dubuque County, Iowa, and bounded by Lake Peosta Channel and the Mississippi River.

Granger Creek nature trail: Area surrounding Dubuque Technology Park at corner of Highways 151/61 and Lake Eleanor Road.

Grant park: A triangularly shaped area bounded on the easterly side by Locust Street, on the westerly side by Bluff Street, and on the southerly side by Fifteenth Street.

Harvest View park: Lot A of Harvest View Estates First Addition.

Heritage trail: A linear piece of property from 22nd to 32nd Streets along Elm Street, in the city of Dubuque, Iowa.

Hillcrest park: Lot 1 of Lot 4 of Mineral Lot 261 in the city of Dubuque, Iowa.

Hilltop park: West one-half of Lot 1 of the south one-third of Lots 34 and 35; west 127 feet and 6 inches of Lot 1 of Lot 2 of the south one-third of Lots 34 and 35; west one-half of Lot 2 of Lot 2 of the south one-third of Lots 34 and 35; west one-half of the north one-half of Lot 36; west one-half of the south one-half of Lot 36; west one-half of Lot 2 of Lot 37; Lot 1 of Lot 1 of Lot 37; Lot 2 of Lot 2 of Lot 1 of Lot 37 all in Kelly's Subdivision in the city of Dubuque, Iowa.

Ice Harbor park: The area of the Port of Dubuque between the Portside Building and the National Mississippi River Museum and Aquarium.

Jackson park: An area bounded on the westerly side by Main Street, on the southerly side by Fifteenth Street, on the easterly side by Iowa Street and on the northerly side by the south property line of city Lot 746 of the original township, all in the city of Dubuque, Iowa.

Jaycee Trail: A linear trail area paralleling the Peosta Channel from A.Y. McDonald Park to Pyatigorsk Park.

Jefferson park: Lots 38, 39, 40 and east 21 feet of Lot 41 of Farley's Subdivision in the city of Dubuque, Iowa.

John G. Bergfeld recreation area: Lot C of the Dubuque Industrial Center West.

Louis Murphy park: That part of Lots 1, 2 and 4 of Mineral Lot 37 lying southerly of Highway 61; that part of Lots 1, 2, 3, 4 and 5 of O'Connor's Subdivision lying southerly of Highway 61; westerly 42 feet of Lot 2 and the westerly 42 feet of Lot 2 of Lot 15 in Summer Hill Addition; Lots 14, 15, 16 and 17 in Rowan's Addition; Lot 1 of Lot 1 of the subdivision of Mineral Lot 36A; Lot 1 of Lot 2 of Mineral Lot 38; and that part of Lot 6 and all of Lots 7, 8, 9, 10, 11, 12 and 13 lying easterly of Highway 61, all in the city of Dubuque, Iowa.

Madison park: Lots 32, 33, and 34 of the Subdivision of Lots 676 and 677 in L.H. Langworthy Addition; Lot 5 of the Subdivision of Lot 674 in L.H. Langworthy Addition; Lot 1 of Lot 2 of the Subdivision of Lots 676 and 677 in L.H. Langworthy Addition; Lot 3 of Lot 3 of the Subdivision of Lots 676 and 677 in L.H. Langworthy Addition; and two (2) unnumbered Lots lying between Lots 677 and 678 in L.H. Langworthy Addition, all in the city of Dubuque, Iowa.

Marna Ridge children's forest: Lot A of Lot B, Block 1 of Marna Ridge Estates 2, as comprised of Mildreds Addition in the city of Dubuque, Iowa.

Marshall park: Northwest one-quarter of the southeast one-quarter of the southwest one-quarter of Section 10, Township 89 North, Range 2 East of the fifth principal meridian according to the United States Government Survey thereof, and the southwest quarter of the southwest quarter of Section 10, Township 89 North, Range 2 East of the fifth principal meridian according to the United States Government Survey thereof, also right-of-way over the westerly 20 feet of Lot 1 of the subdivision of Lot 1 of 1 of 1 of Mineral Lot 390, Lot 2 of 1 of Mineral Lot 386 and Lot 2 of Mineral Lot 380 according to the recorded plats thereof, all in the city of Dubuque, Iowa.

Medical Associates greenbelt: Lot 11 of Medical Associates Subdivision in the city of Dubuque, Iowa.

Miller-Riverview park: That part of Chaplain Schmitt Memorial Island located northerly of the Dubuque greyhound racing facility and easterly of the wetlands area extending easterly an average of approximately four hundred (400) feet more or less to the Mississippi River.

Mississippi Riverwalk: The walkway on the floodwall between the American Trust River's Edge Plaza and the Alliant Energy Amphitheater.

Nicholas J. Sutton swimming pool: Part of Lots 44, 45, 46, 47, 48, 331, 332 and 333 in Ham's Addition; that part of vacated Garfield Avenue lying adjacent to Lots 45, 46, 331 and 332 in Ham's Addition; that part of vacated Summer Street lying adjacent to Lots 44, 45, 46, 47, 48, 331, 332 and 333 in Ham's Addition; and that part of the vacated alley lying adjacent to Lots 46 and 47 in Ham's Addition, all in the city of Dubuque, Iowa.

Northwest Arterial Trail: A linear trail in the IDOT right-of-way paralleling the Northwest Arterial.

Oakwood park: Lot 2 Oakwood Park Subdivision and Lot 1 of Lot 1 of Lot 1 of Heim Subdivision, both in the city of Dubuque, Iowa.

Park Tree Farm: Lots 503 and 515 in Ham's Addition of the city of Dubuque, Iowa.

Pet park: Area on North Grandview Avenue, east of the Bunker Hill golf course and south of the water department pumping station.

Pinard park: Lots 138, 139 and 140 in Glendale Addition No. 2 in the city of Dubuque, Iowa.

Port of Dubuque Riverwalk: A linear trail area paralleling the Mississippi River in the Port of Dubuque.

Pyatigorsk park: Area located at the northeast corner of Sixteenth Street and Kerper Boulevard, west of the Jaycees trail and south of the Highway 151 Bridge.

Riley park: Lot E of Crescent Heights Subdivision.

Rocco Buda Jr. park: Lot 1 of 1 of 1 of 810 A. McDaniels Subdivision.

Teddy Bear park: Lot 1 of Block 19, Sunnyslopes Estates in the city of Dubuque, Iowa.

Usha park: Lot 1 of Lot 2 of Lot 1 of Byrne's Subdivision in the city of Dubuque, Iowa.

Valentine park: Lot 1 of the Subdivision of Lot 1 of Lot 1 of Lot 1 of McLean Heights and Lot 4 in Block 2 of Marna Ridge Estates 2 in the city of Dubuque, Iowa.

Valley High park: Lot 2 of Lot 1 of Lot 1 of Lot 1 in Mineral Lot 337 and Lot 5 in Wiegand's Subdivision, all in the city of Dubuque, Iowa.

Veterans' Memorial park: Lot 2 of Mineral Lot 382, Lots 1 and 2 of Lot 1 of Mineral Lot 383, Mineral Lot 384 and part of Lot 1 of Lot 1 of Lot 2 of Mineral Lot 385 lying south of Thirty Second Street, all in the city of Dubuque, Iowa.

Waller-Cooper park: Lots 26, 27 and 28 in Cooper Heights Addition in the city of Dubuque, Iowa.

Washington park: An area bounded on the northerly side by West Seventh Street, on the westerly side by Bluff Street, on the southerly side by West Sixth Street, and on the easterly side by Locust Street.

Welu park: Lot 22 of Sunset Park Eighth Addition to the city of Dubuque, Iowa.

Westbrook park: Approximately three (3) acres within Lot A, Block 1 of Westbrook Subdivision.

Section 2. This Ordinance takes effect upon publication.

Passed, approved, and adopted the ____ day of _____, 2013.

Roy D. Buol, Mayor

Attest:

Kevin S. Firnstahl, City Clerk

EFFECT OF AMENDMENT

Chapter 5
PARKS AND RECREATION

ARTICLE A. ADMINISTRATION

. . . .

10-5A-2: PARK AND RECREATION ADVISORY COMMISSION:

. . . .

C. Powers: The responsibilities of the commission are to advise the city council on:

1. Use Of Grounds And Facilities: The establishment of rules and regulations governing the use of all grounds and facilities that have been or may be set aside as public parks, playgrounds, open spaces, trails, and other such park and recreation facilities. Such rules and regulations shall include, but are not limited to:

. . . .

ARTICLE B. USE REGULATIONS

10-5B-1: DEFINITIONS:

As used in this article, the following terms shall have the following meanings:

AT LARGE: Any dog or cat found off a leash and unattended by an owner or keeper.

CAT: Both male and female animals in the family Felis catus whether neutered or not.

CITY MANAGER: City manager or city manager's designee.

COMMISSION OR THE COMMISSION: The park and recreation advisory commission ~~of the city~~.

DOG: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.

DOMESTICATED ANIMAL: An animal commonly referred to as a bovine, swine, sheep, goat, domesticated deer, llama, poultry, rabbit, horse, pony, mule, jenny, donkey, or hinny.

KEEPER: A person other than the owner keeping, sheltering, having control or custody of or harboring an animal.

LEISURE SERVICES MANAGER: Leisure services manager or leisure services manager's designee.

MULTI-PURPOSE USE TRAIL OR TRAILS: A hardened trail of asphalt, concrete or other impervious surface, typically ten (10) to twelve (12) feet wide and physically separated from the motorized vehicular traffic by an open space or barrier and either within highway public right-of-way or private property within an independent alignment for use by pedestrians, skaters, joggers, bicyclists, and city maintenance vehicles.

OPEN SPACES: Open spaces available to the public for passive recreational use in and adjacent to the city, which are under the responsibility of the commission.

OWNER: A person owning a cat, dog, or other animal.

PARKS OR PARKWAYS: Parks, parkways, buildings, park roads or driveways, and all public service facilities or grounds, buildings and structures in and adjacent to the city, which are under the responsibility of the commission.

10-5B-2: INTOXICATING BEVERAGES:

A. Possession, Consumption, Or Use Of Alcoholic Liquor, Wine, Beer, Or Other Intoxicating Beverages Prohibited:

1. The possession, consumption, or use of alcoholic liquors, wine, and beer as defined by chapter 123 of the code of Iowa or any other intoxicating beverages is prohibited on park roadways and ~~recreational~~ trails, in park and recreation facility parking lots, and in vehicles located within a park.

. . . .

B. Exemptions:

1. Locations Exempt: Subsection A2 of this section shall not apply to the possession, consumption, or use of alcoholic liquors, wine, beer, or other intoxicating beverages at:

a. Alliant Energy Amphitheater events for which a special events permit has been issued under Title 10, Chapter 4;

b. American Trust River's Edge Plaza events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

l. Mississippi Riverwalk events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

10-5B-3: HORSEDRAWN VEHICLES, RIDING OF ANIMALS RESTRICTED:

Horsedrawn vehicles or the~~,~~ riding of horses or any other domesticated animals used for such purposes ~~shall be~~is prohibited in any park unless permission is granted by the Leisure Services Manager and thereafter~~park and recreation advisory commission of the city~~ authorized through the issuance of a city special event permit under Title 10, Chapter 4.

~~10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:~~
~~A. Unleashed Animals Prohibited: No person shall be permitted to bring into any park, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animals to run at large in any park. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.~~
~~B. Leashed Dogs And Cats Allowed In Certain Parks And Areas: Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following:Granger Creek Nature TrailJohn G. Bergfeld Recreation AreaMedical Associates Greenbelt ParkMiller-Riverview Park~~
~~C. Unleashed Pets Allowed In Pet Park: Unleashed pets shall be permitted in the pet park.~~
10-5B-4: DOGS, CATS AND DOMESTIC ANIMALS IN PARKS, OPEN SPACES, OR ON TRAILS:

A. Dogs And Cats.

1. Dogs and cats are allowed in parks, open spaces, and on trails with the exception of:

a. Bunker Hill Golf Course;

b. Marshall Park and Dubuque Arboretum and Botanical Gardens;

c. Eagle Point Park;

d. Nicholas J. Sutton Swimming Pool;

e. Flora Park Swimming Pool; or

f. McAleece Park and Recreation Complex, inside the fence.

New or modified parks, open spaces, trails, or recreational facilities which have not yet been evaluated by the Parks and Recreation Commission and a recommendation for usage approved by the city council.

2. The exceptions in section 1 do not apply to service animals used by persons with disabilities.

3. Animals may be allowed in parks, open spaces, or on trails as part of an approved and permitted special event under Title 10, Chapter 4.

B. Domesticated animals are not allowed in parks, open spaces, or on trails except for:

1. Service animals used by persons with disabilities;

2. As part of an approved and permitted special event under Title 10, Chapter 4; and

3. Animals which are part of the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park.

10-5B-5: REQUIREMENT FOR DOGS AND CATS WHILE IN CITY PARKS, OPEN SPACES, OR TRAILS:

A. Leashes.

1. Dogs and cats must be leashed.

2. The leash or other similar restraint may be no more than six feet (6') in length.

3. No retractable leashes or wireless electronic and/or electric leashes are allowed.

4. All leashes must be of sufficient strength to restrain the animal when the leash is held by a person capable of restraining and controlling the dog or cat.

5. The determination as to whether a leash is of sufficient strength will be made by the city manager.

B. The owner or keeper must pick up and dispose of or take away the cat or dog's waste.

C. The owner or keeper is responsible for the actions of the dog or cat.

D. No owner or keeper may permit such dog or cat to run at-large in any park, open space, or trail.

1. A dog or cat found at-large is subject to seizure and impoundment in a place provided by the city.

2. Whenever any licensed dog or cat has been seized or impounded pursuant to this article, notice of such action must be given to the dog or cat's licensed owner.

3. Except as otherwise provided, the possession of any licensed dog or cat seized or impounded pursuant to this article may be obtained by the owner or keeper by paying an impoundment fee as established by the city manager, together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time that such dog or cat is impounded. Upon the second subsequent impoundment of the same animal within three hundred sixty five (365) consecutive days, an impoundment fee as established by the city manager will be assessed together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time which said dog or cat is impounded.

4. Upon proper identification the owner or keeper may redeem an unlicensed dog or cat seized or impounded pursuant to this article after licensing the animal or agreeing to purchase a license within ten (10) working days. Failure to do so will result in an additional fee as established by the city manager, added to the license fee.

5. Disposition of Animals.

a. Licensed Dog Or Cat: If the owner or keeper of a licensed dog or cat impounded pursuant to this article does not redeem such animal within five (5) days after the mailing of the notice provided for in this article, the license will automatically be revoked and the animal disposed of as directed by the city manager.

b. Unlicensed Dog Or Cat: Any unlicensed dog or cat not redeemed by the owner within three (3) days after it has been seized or impounded will be disposed of as directed by the city manager.

6. Exceptions.

a. An owner or keeper who is working or exercising a dog by tossing a retrieval dummy or other object for out-and back exercise at Bee Branch Recreation Area, 16th Street pond, and Bergfeld Recreation Area pond may allow the dog or cat to go unleashed. At all other times the dog or cat must be leashed in these areas.

b. An owner or keeper who is visiting a pet park where dogs or cats are allowed to be unleashed within a designated area may allow the dog or cat to go unleashed.

10-5B-65: WALKING ON GRASS:

No person mayshall go on foot or otherwise upon the grass or turf of any park, ~~or~~ parkway, or trail where any prohibitory sign is posted.

10-5B-76: THROWING STONES OR OTHER MISSILES:

No person mayshall throw any stone or any other missile within any park, ~~or~~ parkway, or trail.

(SECTIONS 10-5B-8 THROUGH 10-5B-22 ARE RENUMBERED)

10-5B-232: OPEN SEASON AND HOURS GENERALLY:

ARTICLE C. SPECIFIC PARKS, OPEN SPACES AND TRAILS

10-5C-1: SPECIFIC PARK AREAS, OPEN SPACES AND TRAILS DESCRIBED:

Park descriptions for parks, open space descriptions for open spaces and trail descriptions for trails will be reviewed on a periodic basis and added, deleted and amended as necessary. Enforcement of use regulations will not be contingent on parks, open spaces, and trails being specifically listed in this provision.

The following described parcels of real estate are and will be used for public park purposes and will continue to be known as set forth below and placed under the jurisdiction of the park and recreation advisory commission:

A.Y. McDonald park: Blocks 1, 2, 3, 4 and 5 in River Front Subdivision No. 3.
Alliant Energy Amphitheater: The area of the Port of Dubuque west of the Mississippi Riverwalk, south of the railroad tracks east of Bell Street, and adjacent to the former Dubuque Star Brewery.
Allison-Henderson park: Lots 1, 18, 19, 20, 21 and 22 of Pinehurst Subdivision in the city of Dubuque, Iowa.
American Trust River's Edge Plaza: That area, including the flat area, steps and ramp, outside the floodwall at the Port of Dubuque at the south end of the Mississippi Riverwalk.

Avon park: Lots 6 through 10 of Mary Ann McDaniel's Subdivision of parts of Lots 823 and 824 of A. McDaniel's Subdivision in the city of Dubuque, Iowa.

Park Tree Farm: Lots 503 and 515 in Ham's Addition of the city of Dubuque, Iowa.

Pet park: Area on North Grandview Avenue, east of the Bunker Hill golf course and south of the water department pumping station.

Pinard park: Lots 138, 139 and 140 in Glendale Addition No. 2 in the city of Dubuque, Iowa.

Port of Dubuque Riverwalk: A linear trail area paralleling the Mississippi River in the Port of Dubuque.

Pyatigorsk park: Area located at the northeast corner of Sixteenth Street and Kerper Boulevard, west of the Jaycees trail and south of the Highway 151 Bridge.

Riley park: Lot E of Crescent Heights Subdivision.

Rocco Buda Jr. park: Lot 1 of 1 of 1 of 810 A. McDaniels Subdivision.

Southern park: Beginning at the NW Corner of Lot 1 of said John Breakey's Addition; thence S46°22$^{3}/_{4}$'W, 315.98 ft., along the Northwesterly line of said John Breakey's Addition; thence S81°01$^{1}/_{4}$'W, 12.72 ft.; thence S38°47$^{3}/_{4}$'E, 64.04 ft.; thence S51°12$^{1}/_{4}$'W, 46.36 ft.; thence N38°47$^{3}/_{4}$'W, 78.87 ft.; thence S68°57$^{3}/_{4}$'W, 111.56 ft.; thence S35°45'W, 84.25 ft.; thence S42°39'E, 218.28 ft.

Teddy Bear park: Lot 1 of Block 19, Sunnyslopes Estates in the city of Dubuque, Iowa.

Usha park: Lot 1 of Lot 2 of Lot 1 of Byrne's Subdivision in the city of Dubuque, Iowa.

Valentine park: Lot 1 of the Subdivision of Lot 1 of Lot 1 of Lot 1 of McLean Heights and Lot 4 in Block 2 of Marna Ridge Estates 2 in the city of Dubuque, Iowa.

Valley High park: Lot 2 of Lot 1 of Lot 1 of Lot 1 in Mineral Lot 337 and Lot 5 in Wiegand's Subdivision, all in the city of Dubuque, Iowa.

Veterans' Memorial park: Lot 2 of Mineral Lot 382, Lots 1 and 2 of Lot 1 of Mineral Lot 383, Mineral Lot 384 and part of Lot 1 of Lot 1 of Lot 2 of Mineral Lot 385 lying south of Thirty Second Street, all in the city of Dubuque, Iowa.

Waller-Cooper park: Lots 26, 27 and 28 in Cooper Heights Addition in the city of Dubuque, Iowa.

Washington park: An area bounded on the northerly side by West Seventh Street, on the westerly side by Bluff Street, on the southerly side by West Sixth Street, and on the easterly side by Locust Street.

Welu park: Lot 22 of Sunset Park Eighth Addition to the city of Dubuque, Iowa.

Westbrook park: Approximately three (3) acres within Lot A, Block 1 of Westbrook Subdivision.

BACKGROUND AND SUMMARY OF INFORMATION REGARDING DOGS IN PARKS DISCUSSION

PETITION PRESENTED

Kate Lydon brought a petition on behalf of the individuals interested in repealing the ban on dogs in city parks. The petition was presented to the City Council and was subsequently referred to the Park and Recreation Commission. That petition now has at least 1,101 (841 Dubuque) signatures.

HISTORY OF CURRENT ORDINANCE

Research shows section A of the current ordinance prohibiting dogs was adopted by the 1969 City Council. Since then sections B and C were added to allow dogs in few specific areas and added the dog park as unleashed area.

CURRENT ORDINANCE

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:

A. Unleashed Animals Prohibited: No person shall be permitted to bring into any park, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animals to run at large in any park. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.

B. Leashed Dogs And Cats Allowed In Certain Parks And Areas: Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following:

   Granger Creek Nature Trail
   John G. Bergfeld Recreation Area
   Medical Associates Greenbelt Park
   Miller Riverview Park

C. Unleashed Pets Allowed In Pet Park: Unleashed pets shall be permitted in the pet park. (Ord. 54-06, 7-5-2006)

CORRESPONDENCE ON ISSUE

The Park and Recreation Commission minutes attached compile all verbal comments (both for and against) made at the Commission meetings by the public as well as Commissioners.

As a department we received 47 letters, WebQA's and e-mails in support of the current ordinance and 10 supporting the change that would allow dogs in parks.

Jim Kress also has a petition that supports the current ordinance with a ban on dogs in parks. He had 1,057 signatures and has verbally reported receiving additional signatures.

The public has been very active in calling Parks and Recreation Commission members as well. All correspondence is attached for review.

CURRENT PET PARK INFORMATION

Daily Use Fee:	$1
Season Pass Resident:	$25
Season Pass Non-Resident:	$35

Pets can be off leash in this park area.

OTHER DUBUQUE COUNTY LOCATIONS

Dubuque County Conservation Areas and Trails – Dogs are allowed on 6' leash.
Mines of Spain State Recreation Area – Dogs allowed on 6' leash.

IOWA'S OTHER LARGE CITIES

SUMMARY OF IOWA'S 11 LARGEST CITIES
Current Ordinance Related to Dogs in Parks

largest cities in Iowa	population www.infoplease.com (2010)	dogs allowed in all city parks and along all trails	dog park available
Des Moines	203,433	yes - must be leashed - no longer than 6 ft.	yes - 8.5 acres plus 1 acre for small dogs - all fenced; $20 fee
Cedar Rapids	126,326	yes - must be leashed	yes - 14 acres fenced; building a second one - fee
Davenport	99,685	yes - must be leashed	yes - 3 acres; no fee

largest cities in Iowa	population www.infoplease.com (2010)	dogs allowed in all city parks and along all trails	dog park available
Sioux City	82,684	yes - must be leashed	yes - 5 acres fenced; no fee
Waterloo	68,406	yes - must be leashed - no longer than 6ft.	yes - 5 acres fenced - $10 annual fee
Iowa City	67,862	yes - must be leashed	yes - (2) 14 acres fenced; fee
Council Bluffs	62,230	yes - must be leashed	no - but expect a dog park will be in the plan soon
Ames	58,965	yes - must be leashed	yes - 10 acres fenced; fee
Dubuque	57,637	no	yes - 2.5 acres fenced; $1daily, $25 annual fee
West Des Moines	56,609	yes - must be leashed	yes - 10 acres fenced; $10 annual fee
Cedar Falls	36,145	yes - must be leashed - no longer than 6ft or on voice command	yes - 3 acres fenced; $15 annual fee

In speaking with the other cities, for as long as we have had the ordinance of no dogs in parks the other cities have allowed them. No other city has had the discussion of changing their ordinance recently.

ANIMAL DEFINITIONS IN CITY OF DUBUQUE AND IOWA CODE

CITY OF DUBUQUE CODE DEFINITIONS

Cat: Both male and female animals in the family Felis catus whether neutered or not.

Dog: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.

Vicious Animal: A vicious cat or dog is deemed so when it shall have attacked or bitten any person on more than one occasion without provocation or when an attack or bite results in serious bodily injury.

Dangerous Animal: A. Any animal which is not naturally tame or gentle, and which is of a wild nature or disposition, and which is capable of killing, inflicting serious injury

upon, or causing disease among, human beings or domestic animals and having known tendencies as a species to do so;

A. Any animal(s) declared to be dangerous by the city manager or the city manager's designee; or

B. The following animals which shall be deemed to be dangerous animals per se:

1. Lions, tigers, jaguars, leopards, cougars, lynx and bobcats;
2. Wolves, coyotes and foxes;
3. Badgers, wolverines, weasels, skunks and mink;
4. Raccoons;
5. Bears;
6. All apes, baboons, macaques, monkeys and chimpanzees;
7. Alligators and crocodiles;
8. Scorpions;
9. Snakes and reptiles that are venomous;
10. Snakes that are constrictors, with the exception of sand boa constrictors;
11. Gila monsters;
12. Opossums; and
13. Any crossbreed of such animals which have similar characteristics of the animals specified above.

7-6D-2: DOGS, CATS EXEMPTED: (from the dangerous animal definition)
The provisions of this article shall not apply to domestic dogs or cats.

IOWA CODE DEFINITIONS

"**Domesticated Animal"** means an animal commonly referred to as a bovine, swine, sheep, goat, domesticated deer, llama, poultry, rabbit, horse, pony, mule, jenny, donkey, or hinny.

"**Dangerous Wild Animal**" means any of the following:
1. A member of the family canidae of the order carnivora, including but not limited to wolves, coyotes, and jackals. However, a dangerous wild animal does not include a domestic dog.
2. A member of the family hyaenidae of the order of carnivora, including but not limited to hyenas.
3. A member of the family felidae of the order carnivora, including but not limited to lions, tigers, cougars, leopards, cheetahs, ocelots, and servals. However, a dangerous wild animal does not include a domestic cat.
4. A member of the family ursidae of the order carnivora, including bears and pandas.
5. A member of the family rhinocero tidae order perissodactyla, which is a rhinoceros.
6. A member of the order proboscidea, which are any species of elephant.
7. A member of the order of primates other than humans, and including the following families: callitrichiadae, cebidae, cercopithecidae, cheirogaleidae, daubentoniidae, galagonidae, hominidae, hylobatidae, indridae, lemuridae, loridae, megaladapidae, or

tarsiidae. A member includes but is not limited to marmosets, tamarins, monkeys, lemurs, galagos, bushbabies, great apes, gibbons, lesser apes, indris, sifakas, and tarsiers.

8. A member of the order crocodilia, including but not limited to alligators, caimans, crocodiles, and gharials.

9. A member of the family varanidae of the order squamata, which are limited to water monitors and crocodile monitors.

10. A member of the order squamata which is any of the following:

(a) A member of the family varanidae, which are limited to water monitors and crocodile monitors.

(b) A member of the family atractaspidae, including but not limited to mole vipers and burrowing asps.

(c) A member of the family helodermatidae, including but not limited to beaded lizards and gila monsters.

(d) A member of the family elapidae, voperidae, crotalidae, atractaspidae, or hydrophidae which are venomous, including but not limited to cobras, mambas, coral snakes, kraits, adders, vipers, rattlesnakes, copperheads, pit vipers, keelbacks, cottonmouths, and sea snakes.

(e) A member of the superfamily henophidia, which are limited to reticulated pythons, anacondas, and African rock pythons.

11. Swine which is a member of the species sus scrofa linnaeus, including but not limited to swine commonly known as Russian boar or European boar of either sex.

(a) "Dangerous wild animal" includes an animal which is the offspring of an animal provided in paragraph "a", and another animal provided in that paragraph or any other animal. It also includes animals which are the offspring of each subsequent generation. However, a dangerous wild animal does not include the offspring of a domestic dog and a wolf, or the offspring from each subsequent generation in which at least one parent is a domestic dog.

DOG STATISTICS

Mary Rose Corrigan, Health Services Manager, reported the following statistics for 2011 related to dogs and animals:

6,215	dog licenses
9,066	total animal licenses
2,270	animal complaints (including bites and calls to Police)
124	animal bites (public and private property)

She also shared that according to the American Veterinary Medical Association Dubuque is estimated to have 12,312 dogs (based on 23,056 households in the city of Dubuque). As you can see many dogs are not licensed.

It was reported by Park Patrol and the Community Policing officers that most times the incidence of a dog in a park is not documented and the person is not charged. The officer asks for corrective action (leave the park) and people comply. This is the same in regards to an officer seeing a dog do his duty and the owner not picking it up.

DUBUQUE'S ANIMAL CONTROL DEPARTMENT BUDGET

The following is the actual expenses and revenue FY 11 for animal control:

Revenue:	
Dog License Revenue	$101,971
Cat License Revenue	$ 40,527
Expense:	
Animal Control	$282,333

DISCREPANCIES IN THE CURRENT ORDINANCE

The current ordinance calls out parks but doesn't list trails as areas for no dogs. Later in the ordinance there are some trails defined and others are not. Some trails have no pet signs but are not called out in the ordinance. The River Walk isn't listed on our parks/trails list although in a city policy it states no dogs allowed but no signs are posted there.

CURRENT SIGNAGE

Most but not all parks are signed for no pets. Some trails are signed and others are not currently.

DOG WASTE BAG DISPENSERS

Leisure Services provides dog bags through commercial dispensers at the Pet Park, A.Y. McDonald, Bergfeld Recreation Area and trail, the upper floodwall by Kerper Boulevard and the lower floodwall south of the Port. We currently go through about 20 cases a year or about 10,000 bags. The cost is $1,200 a year. The bag dispenser costs approximately $75 each. We found in other cities they generally only provide waste bags at the Pet Park.

LIABILITY

Legal Department said that if there are usage regulations in place, in other words if dogs are allowed in parks, the city would not be at risk for any greater liability; the liability would fall on the pet owner. Commissioners and/or would not personally be open to liability because they fall under the umbrella of the city and would not be liable unless there was willful, malicious intent.

ENFORCEMENT

Admittedly by our own police and park patrol officers, enforcement of the current ordinance is difficult. Enforcement will be difficult if a change is made as well. Supporters of the change share peer pressure can be used for a leash law and for

cleanup after your pet. We know from even our own employees and those in discussions that this can help but if a person doesn't want to follow the rules they won't and even with enforcement they won't. Many times our current enforcement is education, and a verbal reprimand, especially with Park Patrol and the COPS. They report most violations happen at Jackson, Grant, Flat Iron and A.Y. McDonald Parks for dog waste or dogs in parks.

It has been stated in many ways but the two best comments have been "it's not the dogs, it's the people" and "there are many responsible pet owners." We do find this to be true. There are many responsible pet owners. We understand that but as a public entity we deal with all pet owners – responsible and irresponsible.

FINES

There is no specific fee or fine structure defined within the Park and Recreation section of the Code of Ordinances. This means it becomes a municipal infraction which would be a minimum $50 fine + court costs + corrective action. The city goes by rates set by the state for municipal infractions: 1st offense is anywhere from $50 to $750; 2nd offense is up to $1,000 + court costs and corrective action; and 3rd offense is contempt of court with possible jail time. Pet waste not cleaned up by the owner falls under unlawful deposit under the littering ordinance and that fine structure would be the same. This is the fine structure unless commissioners and Council wanted to define a specific fine structure that would be for parks only. The Assistant City Attorney Crenna Brumwell shared fines are levied to gain compliance with rules. Commissioners felt this fine structure was appropriate.

HEALTH ISSUES OF FECES

The question has been raised if there are concerns or health issues related to dog feces/waste. According to Mary Rose Corrigan, Health Services Manager shared that feces is a source of disease causing pathogens. Feces can cause an issue for humans and other wild and domestic animals. Feces can have an overall negative impact on stormwater quality.

EDUCATION

It will be imperative that we do our best efforts at education. What we found is that there was already a great misunderstanding of what the current ordinance is. This also comes from newcomers and visitors coming to the community. For our local citizens we can use the press, website and Channel 8, as well as new signage.

NEW SIGNS

Signage would be updated and posted for all parks, open spaces and trails.

PARK AND RECREATION COMMISSION MEETING
Tuesday, June 12, 2012
4:30 p.m., City Council Chambers, Historic Federal Building

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge, Karen Lyness, Evelyn Nadeau and Dave Schlueter

OTHERS PRESENT: Staff present: Marie Ware, Pat Prevenas and Eileen Trimble

MINUTES APPROVED; VOTE: It was moved by Klinge, seconded by Lyness, to approve the minutes of the May 8, 2012, meeting. The motion passed unanimously.

RECREATION DIVISION REPORT: ■ Pool opened Saturday, May 26th except for the water playground at Flora because of a mechanical problem; swim lesson begin Monday. ■ Golf course had the best May since 2000 and best round for the last four years. ■ Summer programs start June 11th. Playgrounds are offered at fourteen sites with four free lunch programs and a new free breakfast at Comiskey. ■ The spring division report was sent to commissioners in agenda packet and may be found as part of the original minutes. There was one big drop in numbers from last year for the weekend open gym program but that was due to the good weather – people were outside instead of inside the gyms. ■ Registration for summer programs began April 11th and 50% of the registration was online, compared to 40% last year. ■ Facility rentals are now online but we still have a few bugs to work out. ■ Mike Denman's official last day of work is July 5th and he is using up vacation right now; Gerry Lange has been appointed Acting Golf Superintendent. The Civil Service test for the position has to be postmarked June 11th.

■ Leisure Services Manager Marie Ware told commissioners that Recreation Division Manager Pat Prevenas gave his formal retirement notice this week, effective the end of August.

PARK DIVISION REPORT: ■ Staff is busy planting flowers and doing general park maintenance. The new hanging flower baskets are up at Bee Branch and Historic Millwork District. Bee Branch has a watering system in the poles. ■ Historic Millwork District has ten planters and the hanging flower baskets with reservoirs which allow staff to water once every two to four days instead of once or twice per day. Our department will be responsible for maintaining baskets plus trash collection. ■ There are 18 people on the certified list for the **Natural Areas and Sustainable Practices Specialist**. We are getting applications now. ■ Manager Ware has reviewed the **Park Division Manager** applications.

MANAGER'S REPORT: ■ Three public meetings were held on site at the **three mini parks**, Creek Wood, Eagle Valley and Westbrook. A notification letter was sent to neighbors inviting them to the meeting so they could see the conceptual plans and we could get their feedback and comments. Creek Wood Park had two conceptual plans and neighbors liked Conceptual Plan A with the playground area. Most of the others had more detail oriented questions regarding lighting, security, et cetera. We hold the public meetings first to get neighbor feedback then take those comments to the designer for changes. We would come back to the neighbors again and if all is ok the plans would go to the Park and Recreation Commission

for approval. Eagle Valley had the highest turnout of neighbors.

- Commissioner Nadeau wanted it on the record that she objects to the development at this time of **Creek Wood** Park since there are other parks that came into the system before this one and it doesn't seem right to jump the line and get this one done first.
- A public meeting was held three weeks ago for the **North End Trail Lighting** project. The project provides lights for the Heritage Trail Extension that starts north of Comiskey Park and goes to 32nd. They will mirror the look of those in the Bee Branch. Letters were mailed to 739 residences in a three or four block radius of the area. There were mostly favorable comments. The City Council will initiate the bidding process for the project at the June 18th council meeting and we hope to complete the project in this calendar year. Commissioner Harris is also the North End Neighborhood President and he said most of the group was happy with the project.

RECEIVE AND FILE PETITION TO ALLOW DOGS IN PARKS:

It was moved by Lyness, seconded by Harris, to receive and file the petition for changing the city ordinance to allow pets in parks. The motion passed unanimously.

CURRENT ORDINANCE AND HISTORY:

Manager Ware shared the current ordinance has been in place since at least 1969 with few changes. In 1953 the Council established an ordinance prohibiting unleashed pets in public areas, including parks.

Commissioner Hoffmann asked if we were talking about dogs only or other animals too. Manager Ware said the Park and Recreation Commission has the right to recommend anything they want to the City Council, but what was presented to them was a petition limited to dogs. Commissioner Harris asked what the ordinance meant by other domestic animals. Ware told commissioner the ordinance says dogs, cats, and other domestic animals so if they want to include other animals it might be a good idea to get some input from Health Services Department. Commissioner Hoffmann said this meeting would focus on dogs.

OTHER INPUT RECEIVED OR REFERRED TO LEISURE SERVICES:

Manager Ware said the department has received letters, e-mails and phone calls that just came in to the office; there was no formal input gathering. The comments and communications from the public are ongoing. All comments are correspondence received by the department through Friday, June 8th were sent to Commissioners as part of the agenda packet and may be found as part of the original minutes.

WEB SURVEY:

Manager Ware told Commissioners since there was no formal gathering of information or request for comments, that we could put a survey on the city website. It would be done through Civic Plus Web Q/A and be very simple. A person could answer simple yes/no questions and then the comments would be compiled. A sample of what the survey might look like on the website was part of the agenda packet. Commissioners could tweak the sample and make specific questions. There would be no fee involved for the department because it would be done through the city website. Manager Ware just wanted commissioners to know the option was available.

Comments: Hoffman said commissioners received a lot of comments both for and against changing the ordinance and there were obviously strong feelings on both sides of the issue. He thinks they have a pretty good handle on the issues and doesn't know if we need a web survey or not. Nadeau thought it would be a good idea to get input from a larger group and maybe ask what they think the solutions are. Klinge said as long as the public understands it is just a survey to get input on people's feelings, not a vote looking for the highest numbers. Schlueter wants to make sure we are concerned about the issue not just the numbers because big numbers one way or the other doesn't solve the issue. Blocker said by the numbers on the "yes" paperwork, there are a lot of people that want pets in the park. Harris felt people who have strong feelings have already made their comments known and probably wouldn't go to website; no need for a survey.

INFORMATION RELATED TO DOGS IN PARKS IN OTHER CITIES:

Manager Ware distributed a handout that compared other large cities in Iowa with regard to pets in parks issue. A copy may be found as part of the original minutes.

- Are dogs allowed in your parks? All the cities asked were yes, except Dubuque. They all had their ordinance just as long as Dubuque had the ordinance prohibiting pets in parks.
- Do you have dog parks available? All were yes except Council Bluffs. Pets are not mentioned in their ordinances because their policy is to allow pets.
- Do you receive a lot of complaints? Some do, some don't. The city with the most issues is West De Moines.
- Do you offer waste bags? Most provided waste bags in the pet parks only, not all the rest of the parks.
- Do you have a leash law? All must be on a leash and many of them allowed a maximum 6' leash. One city did not allow pets within so many feet of a playground. Manager Ware said health officials, community police, park patrol, police, etc. say this would be very difficult to enforce.

Commissioner Klinge asked if there was any record of how many dog incidents there may have been in the past. Ware said they are not recorded very often and there is no way to go back and check. In Fiscal Year 2012 the Health Department had 2,270 animal-related complaints (all animals). In calendar year 2011 there were 124 bites but that included bites on private and public property. According to the American Veterinary Medical Association Dubuque is estimated to have 12,312 dogs. In calendar year 2011 only 6,215 animals were licensed. A lot of people do not license their pets.

Commissioner Klinge asked if there were fines in place now for dogs in parks. Recreation Division Manager Pat Prevenas said he thought it might be around $200 but Manager Ware said police and park patrol usually don't write tickets up for pets in parks, they warn the person.

PUBLIC INPUT REGARDING PETS IN PARKS:

- **James Kress**, 3090 Keokuk Street. I have lived in Dubuque all my life. I am retired, use the park every day and do not want dogs in parks. There will be problems with bites and dog waste – just take a look at the trail at Miller Riverview and A.Y. McDonald parks, the River Walk, Grandview Avenue and in neighborhoods and you will see dogs not on leashes and dog waste all

over. In January 2012 Linwood and Mt. Calvary cemeteries no longer allow dogs on their property due to noncompliance with the rules. There was an article in a Nebraska newspaper just the other day that listed five dog bites in parks in ten days and in three of those cases neither the dog nor owner could be located so the victims had to go through series of shots. When I Googled dog bites in city parks on the Internet there were 24,700,000 articles. If you can keep one child from getting bitten in city parks you will be doing a good job. Keep parks safe and do not allow dogs in parks.

- **Sandy Kohn**, 2491 Northstar Drive in Embassy West. I have a corner lot and I do not have to pick up dog waste; my neighbors are responsible and clean up after their dogs. I have had a dog my entire life and I enjoy socializing with my dog. If you take the dog to the Pet Park it is different. I am asking to take the dog with the family on outings and socialize – it's good for the dog too. I walk along Bergfeld pond/trail and on the floodwall and there is some waste but it's not bad. Pet owners are taxpayers too and they just want a chance to take dog to family outings in the park and socialize with their families. Maybe you could start out small and if don't want to allow in all parks, at least allow dogs in some. Please don't penalize all dog owners because of the ones that aren't responsible.
- **Lisa Johnson**, 206 Southgate Drive. I have lived in Dubuque since 1985 and I want to go in to Murphy Park when I'm walking on South Grandview Avenue. I always clean up after my dog and even carry extra bags with me. I take my dog to training classes. You could charge a hefty fine for those dogs not on leashes and for not picking up dog waste. I'm asking that you allow dogs in at least one or two parks as a trial and develop another bigger area for another dog park. I support hefty fines for those that don't have dogs on a leash and don't pick up after their dog.
- **Chris Piper**, 2820 Burlington Street. I am a lifelong Dubuquer and am not a dog owner. I was bitten as a child by a nice dog. I am at Eagle Point Park all the time and when I go to the park I don't want to see, feel, touch, hear or smell dogs. It would be ok in smaller neighborhoods or limit the areas but not in bigger parks, especially Friday through Sunday. If you were going to allow dogs in the parks, limit to certain hours and only on Monday through Thursday. Please do not allow dogs in the bigger parks, especially Eagle Point where you pay to get into the park and rent pavilions.
- **Jennifer Tigges**, 4927 Wildflower Drive. You should have a copy of the letter I sent to Marie. I live, own a home, pay taxes and run a business in the city. I am in favor of changing the ordinance to allow dogs in city parks. State parks allow dogs on leashes not to exceed 6' in length. This is exactly what should be allowed in Dubuque parks. It is a quality of life issue for our family, or fur children as I call them. Part of quality of life is retention of our young people and recruitment of young professions to our city. Some small things that help are attractive outdoor spaces and places to foster emotional connections with other people of a similar age. Dubuque is growing. We must be known as a pet friendly city and this includes city parks. The economic value of Dubuque Convention and Visitors' Bureau securing the national Dock dogs competition the next five years is expected to bring $1.5 million to Dubuque. We need to show this national group that we are a pet friendly community and city. The new public boat slips will be bringing visitors and tourists with their pets. We need this tourism for our economic development. We will soon have three new neighborhood parks that we talked about earlier. We must be known as a pet friendly city and community.

Greater Dubuque Development Corporation has shown us that Dubuque can grow and change. We have won numerous awards for our recruitment of businesses and employees. We have proven as a city that change is good. We can change and we can make this work for all. We must change the current ordinance and allow Dubuque to be known as a pet friendly city with dogs allowed on leashes in city parks. There are currently 1,105 signatures to the online petition in favor of allowing dogs in our parks and they were gathered during a two-week window. If you do a web survey, those that don't have Internet access should be given a chance to participate with some type of paper survey or through the Library.

COMMISSION DISCUSSION:

Commissioner Hoffmann told those present that they were welcome to stay and listen to discussion since it was a public meeting but no recommendation may be reached tonight and the City Council will be the body that decides whether to change the ordinance or not; what the Commission comes to is not binding.

Manager Ware informed commissioners that with an ordinance change the City Council has to enact three readings. Also, when she talked to the legal department about how the ordinance was written, it became apparent that we will need to do some clean-up of the ordinance language.

Harris: I am not totally opposed to the idea of dogs in parks but dogs will act differently when large groups of people are around. Maybe we could allow dogs in some of the neighborhood parks, but not the showcase parks. They would need to be on a leash and charge hefty fines if they aren't. It would be hard to enforce. We have 52 parks so we would need to pick which ones to allow dogs in and which ones not.

Schlueter: I am a lifelong dog owner and I would like to see some kind of compromise. I would not allow dogs in all of the parks, especially not Arboretum and Eagle Point until we see how it goes; scale down and allow in some parks. I am not opposed to Flora and Murphy to see how it goes. The problem is the ones that are not responsible. The potential for bites is scary but I would like to find a compromise. We need to put people first as much as we love our pets; safety first. Maybe have a trial period for one full year to base a decision on. Accumulate data to decide if it's a good idea or not. Some people are afraid of dogs but it doesn't seem fair to keep dogs out because of some people. I would like to try allowing dogs in certain areas on a leash with 6' length limit and police or patrol would need to ticket offenders.

Nadeau: I am a dog owner but as a parent I am afraid of unleashed dogs, but you can't make rules based on people that aren't responsible or respectful. I feel the Arboretum and Eagle Point should not have dogs. The Arboretum is a labor of love and taken care of by volunteers. Eagle Point could maybe allow dogs in certain area. I support hefty fines like $500 for not having dog on a leash and $100 for not picking up your dog's waste. I would agree with a trial period and feel there are ways to make it possible for all to enjoy the parks.

Hoffmann: I own two dogs that are well cared for and have gone to training classes but no matter what I do the one dog snaps at other dogs all the time. Dogs have become more popular in the last twenty years and people are getting more and more attached to their dogs. The Des Moines Register is running

articles on the detriment of having pets in parks. The last article had an interview with a State Farm Insurance agent and he said liability for dog bites is up 48% from last year. He thinks some cities will move away from having dogs in parks; children are attacked the most. My sister was attacked by a dog when she was young. I don't see a need to have pets in parks but after listening to everybody here tonight, maybe we can have an area to try. I think we must protect the population but also respect dog owners' desire to walk dogs in certain designated areas.

Blocker: When you look at the number of large cities in Iowa, Dubuque is the only one with an absolute ban on dogs in parks. I think the large number of names on the petition weights heavily. I think we should vote yes to change the ordinance but allow dogs in all parks on a leash, across the board on a trial basis. Setting only designated areas in only certain parks would be very confusing to people. I don't think we really need a web survey. There is a risk involved in allowing dogs in parks but you can't remove risk from life.

Lyness: I own two dogs so I see both sides of the issue. I would like to see dogs allowed on a 6' leash in designated parks except the Arboretum. I think pet owners have become more responsible in the last couple years which is evidenced by the fact that a lot of hotels now allow pets. I think waste bags should be provided in parks where dogs are allowed because people seem to use them if they are there. There should be some kind of compromise.

Klinge: I love dogs and have dogs of my own but dogs are unpredictable no matter how well trained they are and I'm worked about the safety of the kids in the parks if dogs are allowed. I would be in favor of a trial at some parks but not the Arboretum, Eagle Point, Murphy, the showcase parks. When I walk on Grandview there is waste around. If you set fines how would it be enforced? If you allow dogs then you would need to provide waste bags. I would not want dogs in the parks when there are a lot of people around because he is leery of what could happen. I think there is a lot more we need to talk about and maybe we shouldn't make a recommendation tonight.

Mr. Hoffmann said we need to work on a compromise. He asked that everyone come to the July meeting with their own ides/suggestions for a compromise and we can see if there is a trend in one direction or the other and then go from there. Mr. Blocker said it's a complex issue and there are going to be winners and losers. We don't want to go off half cocked and try and do anything in a big hurry without careful consideration. Ms. Lyness like's Hoffmann's idea of everyone bringing their ideas to the next meeting. Mr. Schlueter said we should come to the next meeting with some proposal but he doesn't want to be putting the issue off. He is hearing that some commissioners are kind of agreeable to a compromise so if they each bring their proposal in July, hopefully a recommendation can be decided. Mr. Klinge felt it will take more than one meeting to come up with a good recommendation to the City Council.

OTHER BUSINESS:

- Commissioner Blocker said he was asked about why there was no boat ramp access available for boaters during the **Catfish Festival** at A.Y. McDonald Park. He said there should be something on the news if the ramp is going to be closed, or it should not be closed. Commissioner Klinge said there are a

couple other ramps boaters could go to. Ware said the Catfish Festival has been getting bigger and bigger each year. Next year when they request their special event permit we will need to tell them.

- Blocker said he was walking in the **Port of Dubuque** and the new marina operation looks like it will be first class, and do we know opening date yet. He asked if there would be any free boat parking for a couple hours. Blocker recommends having some two-hour free boat parking spots.
- **Marina**: Manager Ware said there is no opening date. It is still a construction site and it belongs to the contractor. The boat slips are essentially done so people are using them as courtesy docks even though other areas are not done. The project is funded by federal grants and the marina operation cannot generate revenue until the grant is totally closed out. In order for that to happen, everything has to be finished.
- **MFC**. Commissioner Nadeau said she has been hearing from the Latino community that the person hired for the MFC was not required to speak Spanish. She is concerned that nobody will be able to communicate with the Spanish speaking community. Manager Ware said we have the applications for the Site Supervisor but have not begun the interview process. Speaking Spanish was not a requirement when the job was posted but it was listed as "preferred." There will be a review of the applicant pool and qualifications and look for the best skill set possible for the job the person will be doing.
- Commissioner Harris asked if it would be appropriate for us to have a public hearing regarding the pets in parks issue. Ware said commissioners could do that if they wanted to. The Commissioners would come up with a proposal and then have public hearing before the August meeting.
- Commissioner Hoffmann said this would be his last meeting as Chair and he wanted to thank commissioners for good attendance. He always encourages moving the meetings along and not dragging them out – stay focused.

ADJOURN; VOTE: It was moved by Schlueter, seconded by Klinge, that the meeting be adjourned at 6:30 p.m. The motion passed unanimously.

Chairperson

Attest

PARK AND RECREATION COMMISSION MEETING
Tuesday, July 10, 2012
4:30 p.m., City Council Chambers, Historic Federal Building

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge and Dave Schlueter

OTHERS: Staff present: Marie Ware, Pat Prevenas and Jolene Rettenberger. Twenty-two (22) people present in the chambers for public comment(s).

ADMINISTER OATH OF OFFICE AND SIGN PAPER FOR RE-APPOINTED COMMISSIONER BOB BLOCKER: At the start of our meeting (4:35 p.m.), Leisure Services Manager Marie Ware shared the Oath of Office paperwork with Paul Hoffmann to administer to our re-appointed commissioner, Bob Blocker. We welcome Bob Blocker to his extended term on the Park and Recreation Commission.

MINUTES APPROVED; VOTE: It was moved by Blocker, seconded by Harris, to approve the minutes of the June 12, 2012, meeting. The motion passed unanimously.

PUBLIC COMMENT (limited to three minutes per person): Prior to the start of public comments, Commissioner Hoffmann reminded the public speakers to address the commission by stating their name and address, as well as writing down that information for minutes. A time limit of three minutes per person was granted.

Kate Lydon, 123 Bluff Street. Moved to Dubuque three years ago. She is surprised and disappointed that no dogs are allowed in the parks. She addressed the chambers asking how many people were here to support dogs in the parks in which several people raised their hands. She has 1,677 signed supporters who are in favor of having dogs in the parks. She will continue to gather more supporters.

Nancy Winning, 2380 Trygg Drive. Has lived in Dubuque for four years. Has also lived in five states and eight cities. Dubuque is the only place that no dogs (leashed) are allowed in the parks. She is not aware of any problems with dogs in the park in the past. She sees dogs along the river walk and doesn't see any problems with people and/or dog waste. She wants to go to the park with her dog and sit and read a book. She commented on how the parks are not full with people during the week. Stated when she was at Murphy Park the other day, no one was at the park.

Robin McFarland, 390 Alpine Street. Moved to Dubuque last year (business owner). She travels a lot. She has not come across a place to walk her dog. She feels that having a discussion about limiting pets in the parks would be a mistake, especially for the tourists. This is not a good way to do business. In her opinion, responsible people will enjoy this; no enormous increases with problems.

continued

Terry Leibold, 2530 Millstone Drive. Has worked for the City of Dubuque as a park ranger and park employee for the past twenty-eight years. He has been a dog owner for thirteen years. In his opinion, NO dogs in parks due to safety reasons. It's not a good idea to mix people and dogs. No clean-up. Dogs are already allowed in certain places in Dubuque already, plus there will be an additional Pet Park opening along South Locust in the near future. His wife is very much afraid of dogs and will stand/walk behind him. He sees people carrying leashes in their hands and the dogs freely walking/running through the park. He would have no problem in getting petition signatures showing the amount of people who are not in favor of having pets in the parks. How do you think the IBM employees would feel about eating their lunch at Washington Park and having a dog do their duty while eating lunch? If we honor this, we should have certain rules and specific areas with dogs on leashes (not retractable leashes, 6' leashes). Have a 3-strike rule in effect – if you get caught twice, the third time you are banned. Terry also stated that as he served as a park ranger, if tourists came into the park with their dog, he talked with the pet owner to let them know about no pets in the parks, but as long as they were there, he didn't see any harm in the dog being allowed to come into the park and then back to their vehicle.

James Menson, 890 Rush Street. James stated that he is a responsible pet owner. He has a trained dog. He feels that the rules assume that people at the park are not responsible. His trained dog will always be on a leash. He considers his dog as a member of his family. Are people going to be responsible for their dog? There should be penalties if they are not responsible. He wants to be able to take his dog with his family to the park, but for the time being, he has to decide if taking the family members or his dog only (limited on where they can all go). Dubuque is a fast growing city. We need a system in place to monitor this.

Kathryn Hartman, 535 Candlewick Court. Has been a nurse for forty-one years; now retired. During her nursing years, it was her job to go on home visits. She has observed pet owners who love their pets and they treat them like family members. However, pets are unpredictable – their nature is to protect their owners and their territory. There are plenty of non-responsible pet owners. She was raised on a farm. During the last four weeks in her neighborhood, she has had to cleanup dog poop left on her lawn. She has noticed some people carrying a doggie bag to "look good". She commented on what a pleasure it is to take people to the park with having no fear of pets or the smell of pets. She commends the City of Dubuque for limited pets in the parks. Why are we willing to take on the liability?

William Kaiser, 3556 Keymont Drive. Against dogs. He walks everyday for about 1½ hours at Eagle Point Park. Sees a lot of dogs (leashed and

continued

unleashed) in the park before operating park hours, as well as dog waste left behind. He has also witnessed responsible dog owners drop their poop bags on the ground. He has talked with park maintenance employees and they are not in favor of dogs in the parks. Park employee comments have been "if you think it's bad now, I'm afraid to think what it will be like if dogs are allowed." If you're having a family gathering at the park, do you want to listen to dogs barking? We have a lot of wildlife in the parks (ducks/fox/deer/et cetera). It will take one severe dog bite… Parks are for people, not for pets.

Wanda Dossey, 901 Lincoln Avenue. Has been a Dubuque resident for sixteen years. It's a fact of life that we have responsible and irresponsible people in every factor of life. She is in favor of dogs in the parks. She has enrolled in American Kennel Club Obedience classes with her dog. It would be nice for people and their dogs to be able to take in the local sites (tourists) and enjoy the city. The dock dogs bring in an economic boost to the community. More people are traveling with their dogs. Look at the health benefits – keep walking and exercising. Do we have certain rules for motorcycles/motorcyclists that break the laws?

Paula Martens, no address listed. She is a responsible pet owner. When her dog is at their home, the dog is leashed in her own yard. She often stands over her dog while he's in the yard. What makes not other loose dogs from coming into her yard and attacking her dog? What do other cities do? Give it a chance.

Ryan Larson. Has a binder with handwritten petitions he shared with the Park and Recreation Commission. He owns a pit bull. He's a responsible pet owner. There are dog training facilities available in Dubuque. Penalize people if they are not responsible for picking up dog waste.

Jim Kress, 3090 Keokuk Court. Jim shared a typed note with the Park and Recreation Commission. About 1½ hours ago there was a volunteer at the Dubuque Arboretum who shared a story with him. The people were down in the Port of Dubuque (near the flood gates) when a pit bull ran out with his leash tied to a folding chair. The couple was fearful and ran back to their car. This is a safety issue – there are going to be lawsuits galore! We have to protect our children from the dogs. Who will enforce the leash ordinance since the park rangers don't come on duty until 4:00 p.m.? We have a tight budget. Don't allow dogs in the parks due to the safety of our children first. Dubuque received an award for an "All-America City".

John Betko, 1263 Jackson Street. Has lived in Dubuque for fourteen years. An "All-America City" has rights for everyone. He pays dog license tax. How can you say you can't go to any parks? Why is this a problem? Pit bulls…are

continued

they going to kill you, really? Enforce the laws that we have. Can't take your dog anywhere. Give us more options – people will be responsible.

Kim Daykin, 275 Southgate Drive. Kim is a former Park and Recreation Commissioner of 15 years. Is the owner of a Dalmatian. She has been all over the parks areas (Swiss Valley, Mines of Spain, et cetera) and has witnessed that most people do not have their dogs on a leash. Her dog has been attacked by other dogs. Mess all over – you'll step in dog poop. This will be a problem in the parks. People say that their dog is so nice and won't hurt anyone, but her dog will hurt them. Has a suggestion - if we allow dogs in the parks, limit the parks – not in Eagle Point, Murphy or Flora parks (if a tourist, OK as stated by Terry Leibold's comments above). Limit the times and parks for pets. Have an extra park ranger to enforce the rules and impose hefty fines.

Donald Koepke, 434 Emmett Street. New resident to Dubuque; moved two months ago from Milwaukee, Wisconsin. Moved to Dubuque due to the low unemployment rate. Surprised with the restrictions we have on dogs in the parks.

Sandy Kohn, 2194 North Star Drive. Owner of two mixed labs that she takes on walks. Doesn't go to the Pet Park because she sees the dog owners congregating around and the dogs have the run of the place. Eagle Point Park is a great place to go. She has noticed people dropping their dog waste bags on the ground, but they return back to pick them up as they walk back on their route. Give us a fair chance; nothing is 100% in life. Just give us a chance.

ELECT OFFICERS; VOTE:

It was moved by Schlueter, seconded by Klinge, to elect Bob Blocker as Chairperson, elect David Schlueter as Vice-Chairperson, and elect Chuck Harris as Secretary. All motions passed unanimously.

COMMISSIONERS PRESENT AND DISCUSS THEIR INDIVIDUAL PROPOSALS REGARDING DOGS IN PARKS AND LEISURE SERVICES AREAS:

At this part of the meeting, Commissioner Blocker took over as Chairperson. Below are statements from our commissioners about their proposals for dogs in the parks:

Commissioner Harris. Proposal is simple, but not. He has heard from people what they are saying. Allow dogs in all parks except for Eagle Point, Dubuque Arboretum and Botanical Gardens, Murphy, Washington, Jackson and Comiskey. Commissioner Harris lives across the street from Comiskey Park and owns two dogs. He feels that it would be too hard to enforce this since our personnel has enough work on their plates. We either do all parks, or no parks. He also added that if there is an issue in the neighborhood about dogs

continued

in the parks, add that park to the list for no pets allowed at all. Make the fine a minimum of $750, keep the leash at 6' and cleanup after your pet(s). We need to encourage responsibility.

Commissioner Schlueter. He proposals to look at the ordinance and make changes. Dave distributed copies of his amendments to 10-5B-4 as follows: A) Add the following: exception being the designated Pet Park(s); B) Revise: Leashed dogs and cats allowed in all parks and areas except the following: Eagle Point Park, Marshall Park (Dubuque Arboretum and Botanical Gardens), Louis Murphy Park and the Riverwalk by the Grand Harbor Resort/Grand River Center/Alliant Amphitheater. This will be on a one year trial period, with the City reserving the right to revoke said revision or alter. Leashes or tie outs must not be longer than 6' in length (not extend-a-leads) and owners are responsible for feces cleanup with proper disposal in an appropriate receptacle. Fines for violation of leash or feces are $200 per violation and will be administered by the park patrol and/or Dubuque Police Department; C) Delete as redundant.

Commissioner Hoffmann. He feels if people take dogs to the park, we should increase the park fees. If fines, add extra park ranger to staff and work longer hours. Have dog owners pay an extra fee ($35 or $50) for a tag for the dog to cover the costs. At Eagle Point, Flora and Murphy parks, set time limits – out by 9:00 a.m. He is concerned about the safety of the children. Possibly make an exception on the weekend during the America's River Festival when the Dock Dogs are in town. Send out *News Releases* during the times that pets are allowed in the parks.

Commissioner Klinge. He has received several telephone calls and letters regarding this topic. He spent five nights camping over the July 4th holiday at the Miller Riverview Campground. He doesn't take his dog to the parks because parks are for people. Not too long ago he went for a walk through Murphy Park and introduced himself to park patrons and brought up the issue about dogs in the parks. In doing so, he stated that most people are against the idea especially at Murphy, Flora and Eagle Point parks and the Dubuque Arboretum. Let's have a trial period. He is afraid and would feel terrible if someone gets mauled by a dog(s). He has gone on several walks throughout the city (along Grandview Avenue, Asbury Road and Carter Road) and has come across dog waste and waste bags. Keep it as is.

Commissioner Blocker. Both sides have argued their case. I don't think we can make rules and regulate them. Parks belong to us, the people. Let's compromise – dogs on 6' leashes, but not in the Arboretum. Have a trial period of 1-2 years. Take this to City Council. The thing is responsibility. He feels a fine of $750 is too high.

continued

With the absence of **Commissioner Evelyn Nadeau**, Commissioner Blocker shared her email with everyone. "Pets on a 6' leash accompanied by someone age 14 or older are allowed in city parks with the exceptions/limitations listed below:

Within the parks where they are allowed, pets may not be in playground areas, in areas where food is consumed such as picnic tables unless the pet belongs to those picnicking, and are not allowed in areas where sporting activities take place, such as athletic fields, skate areas, pools, disc golf courses and the like. All pets must be fully licensed and immunized with current tags, and pet owners are responsible for cleaning up after their animals. The exceptions/limitations are as follows:

Eagle Point Park – not allowed with the exception of the Trolley Line Trail and in the rest of the park only during open hours before 9:00 a.m. and after 9:00 p.m.

Marshall Park – not allowed in the Arboretum.

Fines for pets off leash (other than the Pet Park) up to $1,000 (I originally stated $500 and $300, but since the current Pet Park rules say up to $750 for not picking up, I upped the ante). Fine for dog waste not picked up at $750."

With the absence of **Commissioner Karen Lyness**, no report given.

Leisure Services Manager Marie Ware also shared with the commissioners to be thinking not only about dogs in parks, but trails, too. We have several trails in Dubuque (N.W. Arterial, North End Neighborhood, Mississippi Riverwalk and the Trolley Line Trail). We need to be specific about trails.

In the conversation about dogs on trails, Commissioner Harris agreed to allow all pets on all trails; Commissioner Schlueter agreed to all trails except for the Mississippi Riverwalk as stated above; Commissioner Hoffmann agreed with Schlueter stating it's not a good mix to have dogs and well-dressed people along the Riverwalk, especially since the Port of Dubuque is a highly used pedestrian area, and Commissioner Blocker shared that both sides to story and we need to compromise.

At this time, a gentleman from the chambers asked about a trial period. If we get one dog bite incident, cancel the trial period. Another person stated that we are taking the freedom away from the people. How do other cities do it? Why can't Dubuque figure it out? A lady shared that there is a website that shows dog bite statistics. Another lady asked if someone gets bit, who is liable

continued

for the dog bite? This is a legal issue.

Leisure Services Manager Marie Ware spoke and stated that we need a recommendation to be given to the City Council. Since there are so many versions, what is your recommendation as a commission? We need time to take this issue to staff for review. Since this would be an ordinance change, we need to get feedback from various departments. Time is needed for discussion.

Commissioner Hoffmann asked about scheduling a Workshop Session. At the Workshop Session, the general public can be in attendance, but will not be able to speak. We need to hear comments and have some feedback from commission members. We need to have a consensus from the Park and Recreation Commission. It will need review with the park patrol, COPS, Health Services, et cetera. I feel a Workshop Session is appropriate.

Commissioner Klinge asked how long the ordinance has been in effect – dates back to 1968. Commissioner Blocker's gut feelings are for this issue to not take place until the next season since we are half-way through the year now. Leisure Services Manager Marie Ware stated that this will take some time.

Leisure Services Manager Marie Ware stated that we either need to have a special meeting, put this item on the Park and Recreation Commission August agenda or schedule a Work Session before/after our commission meeting.

Commissioner Blocker shared that we can discuss this at the next meeting. Commissioner Hoffmann suggested to have a Work Session only. Commissioner Schlueter agreed with Hoffmann and said to have the Work Session scheduled soon. It was also stated to have the typed minutes of this meeting available this week so plenty of time is given to read and review the minutes prior to the scheduled Work Session on Tuesday, July 24th at 5:00 p.m. at the City Council Chambers, 2nd floor of the Historic Federal Building (if chambers are available). The meeting notice will be released to the media and again the public is invited to attend, but no public comments will be allowed during the Work Session.

Prior to ending this conversation, a lady in the chambers asked where does the money go to that are from the licensing of our dogs? Why can't we use this money for the different waste stations located in the parks and hiring staff to enforce the rules?

DISCUSS GOLF OUTING RATES:

Recreation Division Manager Pat Prevenas distributed a copy of the Bunker Hill Golf Course Outings proposal to all commissioners. Under the current policy, which was adopted in March of 2005, it reads that Golf Outings may be scheduled on weekdays before noon throughout the season, and weekends

continued

after 1:00 p.m. and any time in September and October. Eighteen hole rates for shotgun start during the above times include the following: 144 player minimum – league fee of $12.75; 120 player minimum – weekday 9-hole fee of $12.75; 100 player minimum – weekend 9-hole fee of $14.25 or less than 100 players – senior fee of $15. Requests for golf outings have become more numerous since 2005 and there is less competition between the golf courses to attract outings so the reduced rates are unnecessary. We also now have the ability to start outings earlier than 1:00 p.m. on the weekends because of fewer permanent tee times in the mornings which provides us greater scheduling flexibility.

To assist the Pro Shop staff with a less complicated pay rate schedule, it has been suggested that we consider the following for the 2013 season: 120 player minimum – senior fee of $15 or 80 player minimum – weekday 18 hole fee of $19. Outings with less than 80 players that do not require a shotgun start will be negotiated individually via the Golf Pro with the approval of the Leisure Services Department staff.

RECREATION DIVISION REPORT:

Recreation Division Manager Pat Prevenas shared the following recreation issues: ◆ According to the National Golf Foundation, golf rounds are nationally up 15-16% due to the weather; up 18% in the Midwest, but up 20% here at the Bunker Hill Golf Course. This is the best June Bunker Hill Golf Course has had in 11 years – year-to-date through June up 23%. ◆ FY12 golf ended with a surplus of $29,000. ◆ An all-time monthly record was set at Flora Pool with 37,000 swimmers. We have had the second highest monthly record at Sutton Pool with 19,900 swimmers. No single, daily records were set. ◆ The extreme heat has impacted the attendance to some of our programs (tennis, playground, baseball, softball). ◆ Online registration for activities has maintained 50% usage.

PARK DIVISION REPORT:

Leisure Services Manager Marie Ware spoke about the following park issues: ◆ We continue to water flower baskets and beds. Many thanks to all employees for all of their hard work in the extreme heat. ◆ The Miller Riverview Campground has been busy. ◆ Mowing weeds rather than lawns due to the extreme heat and dryness . ◆ Some of the flower baskets and beds look better than others. The self-water system with the flowering baskets is working out well. ◆ Bids were received for the North End Neighborhood Trail. We received a favorable low bidder below what the engineers estimated. ◆ Commissioner Hoffmann asked a question about the status of the house that was up for sale on South Grandview Avenue, outside of Murphy Park. Leisure Services Manager Marie Ware is looking into options related to moving the house or deconstruction. If the house gets demolished, we will have an open lot until plans are in place and money is budgeted as a CIP. ◆ Commissioner

continued

Blocker was very pleased as to how well the Miller Riverview Campground is being managed and handled. Blocker had a reservation at the campground during the July 4th holiday. Blocker asked why we do not have a hard-surfaced handicap camping site? According to the campground map, there is a handicap site available and the campground managers keep this area open for any handicap camper that needs it. Leisure Services Manager Marie Ware shared with the commissioners that the project of hard surfacing sites had been placed in the budget. With the new CIP's, they did get some money to hard-surface a few camping sites.

OTHER BUSINESS:

Commissioner Blocker asked about the status of the Port of Dubuque Marina and when that will become officially open. The new boat slips are beautiful, but there is no fuel, no rest rooms, et cetera. Since we have spent $5 million+ on the marina, why and/or when will we open? Leisure Services Manager Marie Ware explained to the commissioners that since the City received a $4 million grant, with the grant monies we cannot exchange money until the grant is completely closed due to the construction. When this becomes an acceptable project through the City Council, then you need to add 30 days for retainage and all things gathered and send to the grantee for final approval. The City of Dubuque has to follow the rules *unless* we want to pay for the entire project. The marina has docks as a courtesy currently.

ADJOURN; VOTE:

It was moved by Hoffmann, seconded by Klinge, that the meeting be adjourned at 6:24 p.m. The motion passed unanimously.

Chairperson

Attest

PARK AND RECREATION COMMISSION WORK SESSION
Tuesday, July 24, 2012
5:00 p.m., City Council Chambers, Historic Federal Building

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge, Karen Lyness, Evelyn Nadeau and Dave Schlueter

OTHERS PRESENT: Staff present: Marie Ware, Pat Prevenas and Eileen Trimble

Meeting began at 5:00 p.m.

INFORMATION FROM LEISURE SERVICES MANAGER: Leisure Services Manager Ware said she checked with the Legal Department on questions that had come up in previous meetings.

Fines: There is no specific fee or fine structure defined within the Park and Recreation section of the Code of Ordinances. This means it becomes a municipal infraction which would be a minimum $50 fine + court costs + corrective action. The city goes by rates set by the state for municipal infractions: 1st offense is anywhere from $50 to $750; 2nd offense is up to $1,000 + court costs and corrective action; and 3rd offense is contempt of court with possible jail time. Pet waste not cleaned up by the owner falls under unlawful deposit under the littering ordinance and that fine structure would be the same. This is the fine structure unless commissioners wanted to define a specific fine structure that would be for parks only. The Assistant City Attorney shared fines are levied to gain compliance with rules.

Liability: Ms. Ware asked the city Legal Department if the city would be open to liability if the ordinance was changed for pets to be allowed in parks and someone was bitten or attacked by a dog. She was told that if there are usage regulations in place, in other words if dogs are allowed in parks, the **city** would not be at risk for any greater liability; the liability would fall on the pet owner. **Commissioners** would not personally be open to liability because they fall under the umbrella of the city and would not be liable unless they had willful, malicious intent.

From department view: Iowa's other large cities have pets in parks and they get calls with concerns. If we change the ordinance the department will get the calls from people that didn't want the ordinance changed - they will expect workers to go clean up dog waste right away and tickets to be issued. Other Park and Recreation professionals would say they wished their city had it our way. Park staff is concerned about opening up parks to pets because some parks are bad now even though pets are not supposed to be there. If the ordinance is changed, and pets are allowed in parks, department staff will not clean up pet waste calls that come in; there is not the staff available for that duty.
• ***Compromise****:* If she was going to offer a compromise that hasn't been shared she would suggest allowing pets on only trails first to see how it goes. We have had people say they will police dog waste and help clean up other dog's waste. This is typically shortlived. • ***Limit to certain areas of parks****:* does not think allowing pets in only certain areas will work because people tend not to read

signs and it is more confusing. • ***Only certain parks:*** It has been said that a lot of people visit certain parks so let's not allow pets in those parks. The problem there is that those are the parks pet owners really want to go with their pets and families. • ***Leash:*** If you recommend allowing pets, Ware would suggest a maximum 6' leash, no retractables. • ***Getting hurt:*** Ware doesn't want to see anyone get hurt. People visit parks every day. There is inherent risk in participating in parks and recreation.

Ms. Ware said she observed people with pets on the Riverwalk - dogs running free; people holding leash in hand while dog ran ahead; a pile of dog waste in the middle of the Riverwalk, etc. as well as responsible pet owners. Ms. Ware thinks you have to be all in or all out with limited exceptions. The more exceptions you put on the rules, the harder it is for the public to follow and understand and the harder to explain. Whatever is decided, education of the public and consistent signage at all areas is important.

COMMISSIONER COMMENTS:

Commissioner **Blocker** said it looks like Dubuque is the odd man out in relation to other cities because their ordinances allow pets in parks and ours does not. He feels pets should be allowed in every park except Arboretum/ Marshall Park with a maximum 6' leash.

Commissioner **Schlueter** asked if there was anybody that wanted the ordinance to stay as it is currently written, and Hoffmann and Klinge both said yes. In regard to the suggestion about starting with trails only, he feels people already have trails now because they are not really addressed in the current ordinance - they are like a nondefined area.

Commissioner **Harris** thinks pets should be allowed in all parks except Eagle Point, Arboretum/Marshall, Comiskey, Jackson, Murphy and Washington. He is open to changing that but feels strongest about no pets in Eagle Point and Marshall/Arboretum. Maybe we could add Eagle Point in the future after some kind of trial period after we see how it goes.

Commissioner **Lyness** agrees with allowing pets in all parks except Arboretum/ Marshall Park but we should provide baggies and charge 25 cents per bag. There will be a cost but we are going to pay for new signs regardless of what we do. Pets should be on leashes with a maximum 6' length and we would need to educate the public on fines.

Commissioner **Blocker** said Eagle Point is the most popular park so that is where most people will want to go. He thinks pets should be allowed in all parks except the Arboretum/Marshall.

Commissioner **Nadeau** said originally she had thought to exclude pets from Eagle Point but now sees the value of consistency and thinks they should be allowed in all except Arboretum/Marshall Park. She is wondering if we should set some kind of age restriction for the person holding the pet's leash – she wouldn't want to see a 7 year-old holding a lease, for example.

Commissioner **Schlueter** said why don't we take a consensus on the parks that have been mentioned the most – Comiskey, Jackson, Eagle Point, Washington, Arboretum/Marshall, Murphy, Riverwalk and Flora. The consensus seemed to be to allow pets in all parks except the Arboretum/ Marshall Park and Eagle Point.

FURTHER DISCUSSION:

Commissioner **Hoffmann** said he was originally for some kind of compromise but after the last meeting he changed his mind. He is hearing more and more against allowing pets in parks. He was at a meeting the other day with 50 people and all 50 were against changing the ordinance to allow pets in parks. Commissioner **Harris** said he has experienced the opposite – he was at a meeting where over half the people were for changing the ordinance.

Mr. **Hoffmann** said he is not hearing any answers to the questions about who cleans up after irresponsible pet owners. Who will enforce the new ordinance and write tickets - the park patrol does not start until later in the day? Who is liable if the pet owner has no insurance and their pet bites or attacks someone in the parks? How do you collect fines if they have no money?
Mr. **Harris** said the city has general liability now if somebody goes into the park and gets injured on a piece of play equipment. Are there lawsuits out there now because of dog bites or dog -attacks in parks? How will be it any different than walking up and down a city street where dogs are? Mr. **Blocker** said if other cities don't like the ordinance, why haven't they rescinded it? Ms. **Lyness** said Mr. Harris was right on the liability, there are hazards everywhere. Ms. **Nadeau** said there are a lot of people that want the change. It would be wonderful if we could respond with a trial of two years and say "let's try it and see how it goes," then revisit. Mr. **Schlueter** feels pets should be allowed in all parks, trails, etc. except Eagle Point Park and the Arboretum/Marshall Park with a maximum 6' leash, no retractable.

Ms. **Nadeau** said we should give some kind of criteria of why pets are allowed in some parks and not in others. Mr. **Harris** said Eagle Point has some really large events including wedding receptions that are planned 23 months in advance.
Mr. **Schlueter** said the Arboretum is taken care of totally by volunteers and they put in a lot of hard work taking care of all the flowers and plants.

COMMISSIONER SCHLUETER PROPOSAL:

Mr. Schlueter proposes to change the current ordinance 10-5B-4 as follows:

A: Unleashed Animals Prohibited: No person shall be permitted to bring into any park, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animals to run at large in any park. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment. **Change to: Unleashed animals are allowed in designated pet parks.**

B: Leashed Dogs and Cats Allowed in Certain Parks and Areas: Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following: Granger Creek Nature Trail, John G. Bergfeld Recreation Area, Medical Associates Greenbelt Park, and Miller Riverview Park. **Change to: Leashed pets shall be allowed in all parks and on all trails and walkways except Eagle Point Park and the Arboretum/**

Marshall Park, on a maximum 6' leash (no retractables). Owners are responsible for their pets while in the parks, including behavior and unlawful deposits.

C: Unleashed Pets Allowed in Pet Park: Unleashed pets shall be permitted in the pet park. **Could be dropped since unleashed pets in pet park would be covered in new A.**

DISCUSSION

Nadeau thinks there is a value to a test period – it lets people know we are listening. **Hoffmann** asked about enforcement and financial aspect to changing ordinance. **Lyness** said there needs to be a time period to see how it goes. **Schlueter** said there is currently no enforcement and there are pets in all these parks now even though they are not supposed to be there. It will come down to the City Council making the decision. He does not want to see citizens going up to other citizens to try and enforce. **Klinge** said we need to recommend something as a commission and the City Council will have to make the decision. **Blocker** is open to a trial period.

SPECIAL GATED AREAS AND/OR AREAS WITHIN A PARK:

Manager Ware said we need to think about areas like McAleece – a gated facility; Flora Pool is a gated facility within a park. We have to call these types of areas out and specify.

Ms. **Nadeau** asked if we could go back to her original proposal and include the part which said pets should not be allowed in playground areas; areas where food is consumed such as picnic tables unless the pet belongs to those picnicking; areas where sporting activities take place, such as athletic fields, skate areas; pools, disc golf courses and the like.

Ms. Ware said we will work on what the commission has said tonight and create a draft, and she will take to other city departments and ask about their concerns because this issue crosses over into other departments like Police and Health and bring to the next commission meeting.

END WORK SESSION:

Work session concluded at 6:15 p.m.

Chairperson

Attest

PARK AND RECREATION COMMISSION MEETING
Tuesday, August 14, 2012
4:30 p.m., City Council Chambers, Historic Federal Building

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge, Karen Lyness, Evelyn Nadeau and Dave Schlueter. (NOTE: Paul Hoffmann left meeting at 4:34 pm to attend another meeting.)

OTHERS: Staff present: Marie Ware, Pat Prevenas and Jolene Rettenberger. Four (4) people present in the chambers.

MINUTES APPROVED; VOTE: It was moved by Klinge, seconded by Lyness, to approve the minutes of the July 10, 2012, meeting. The motion passed unanimously.

BEST WISHES TO PAT PREVENAS: Prior to the start of the Park and Recreation Commission meeting, all commissioners extended their *Best Wishes* to Pat Prevenas on his upcoming retirement after 31 years employed with the City of Dubuque, Leisure Services Department. A round of applause followed.

MINUTES APPROVED; VOTE: It was moved by Hoffmann, seconded by Schlueter, to approve the minutes of the July 24, 2012, work session. The motion passed unanimously.

DOGS IN PARK DRAFT ORDINANCE REVIEW: Please note that during the discussion, no public input was addressed.

Leisure Services Manager Marie Ware shared with the commissioners a preliminary draft of Ordinance #10-5B-4 on Dogs and Cats in Park, Trails and Open Spaces. Since commissioners last received their draft, changes have been recommended by Crenna Brumwell, Legal Services. (Updates appear in yellow on the copies that were distributed to commissioners at the meeting.)

The current ordinance covers domestic animals (pigs, cows, horses, etc.). The Commission would need to decide if these should be included or excluded. Commissioners are to consider what park(s) you are ***or*** are not able to bring your dog/cat into. Not all of the parks are currently listed in the ordinance. It was recommended by the commissioners to <u>add</u> a sentence covering new parks/trails not listed in ordinance but accepted. We will need to define trails. Manager Ware will be checking with other City departments such as Health and Police and will share those updates at our September commission meeting.

Commissioner Harris asked about creating language for new designated recreational areas as well. Commissioner Lyness agreed adding language to the ordinance about adding additions for new parks and asked if we do get new recreation fields built, signage can be posted at the site.

Commissioner Blocker shared that many people are asking him why can't we take our dogs to Eagle Point Park. Commissioner Nadeau responded to Blocker's question saying many events are held at Eagle Point Park. Manager

continued

Ware stated that the Commission's reasons will need to be shared with the City Council.

Commissioner Klinge asked about including domestic animals? Is there another ordinance for domestic animals? Commission Schlueter referred to rule #1 under 10-5B-4: Only dogs and cats will be allowed in city parks and open spaces and/or on city trails. Commissioner Lyness also agreed.

At the conclusion of this discussion, Manager Ware shared that it is our goal to incorporate the current draft, changes made with our discussion, feedback from other City staff/departments and type up a final format to share with all commissioners at the September commission meeting. We can then post the proposal for the public to see so that the public is aware of what the Ordinance is that is being reviewed and potentially recommended to the Council.

REVISE SWIMMINMG POOL RENTAL POLICY; VOTE:

Recreation Division Manager Pat Prevenas distributed a copy of the **Swimming Pool Rental Policy Revision** to all commissioners. Flora and Sutton swimming pools have been available for private rentals on Friday, Saturday and Sunday evenings from 7-9 pm since the mid 1990's. After the addition of the water playground pools in 2002, a rental policy was developed for use of these water playground pools on Saturdays and Sundays from 11 am to 1 pm. Currently these rentals require a reservation fee to be paid at the time of the reservation, with the remaining balance to be paid prior to June 1st of the pool season. Also, the evening pool rentals require a security deposit of $50.00 that is refunded following the rental. These policies were developed based upon what the department procedures were at the time with the park pavilion reservations done via paper and not using computer software until about 6-7 years ago. (Currently we offer online reservations for pavilions.) Our Aquatic Supervisor, Janna Beau, is responsible for collecting the remaining rental fees prior to June 1st and also returning the security deposits following the rentals. Unfortunately, there have been occasions this has not been done on time creating last minute issues collecting funds and/or not refunding deposits on a timely basis, primarily because of Janna's workload during the pool season. With the recent revisions to our Park Pavilion Policies during the past several years that currently require the entire rental fee be paid at the time of the reservation and the elimination of the security deposit for wedding receptions, it would be logical and consistent to follow the same policies for pool rentals. Pool rental fees are based on a sliding scale depending on the number of people that the renter tells us. Very rarely do we have rentals over 300 people where adequate lifeguard ratios become an issue. The rules could be revised indicating that a rental is for 300 people maximum, with larger groups requiring additional fees for increased number of lifeguards as determined by the Leisure Services Department for a set fee of $25 per guard.

It was moved by Schlueter, seconded by Nadeau, to approve the changes in the Swimming Pool Rental Policy to correlate with our park pavilion policies to be in effect for the 2013 pool season, requiring full payment at the time of reservation and not requiring a security deposit. The motion passed unanimously.

REVISE FEE POLICY FOR GOLF OUTINGS; VOTE:

Pat distributed a copy of the **Bunker Hill Golf Course Outings** proposal to all commissioners. Our current policy (adopted in March of 2005) reads: Golf outings may be scheduled on weekdays before noon throughout the season, and weekends after 1 pm, and any time in September and October. Eighteen-hole rates for shotgun start are as follows:

- 144 player minimum – league fee ($12.75)
- 120 player minimum – weekday 9-hole fee ($12.75)
- 100 player minimum – weekend 9-hole fee ($14.25)
- Less than 100 players – senior fee ($15.00)

Requests for golf outings have become more numerous since 2005 and there is less competition between golf courses to attract outings so reduced rates are unnecessary. At the Bunker Hill Golf Course, we average approximately 25-30 golf outings (special events) per year. The Bunker Hill Golf Course has the ability to start golf outings earlier than 1 pm on weekends because of fewer permanent tee times in the mornings which provides us greater scheduling flexibility.

To assist the Pro Shop staff with a less complicated pay rate schedule, we suggest the following be considered for the 2013 season:

- 120 player minimum – senior fee ($15.00)
- 80 player minimum – weekday 18-hole fee ($19.00)

Outings with less than 80 players that do not require a shotgun start will be negotiated individually via the Golf Pro with the Leisure Services Department staff approval.

Commissioner Lyness asked if we increase the rates, will we lose business? Recreation Manager Prevenas stated no. Commissioner Nadeau asked about the number of people and setting a fee. Pat said that we can negotiate with a group on pricing, whether it's 9 or 18 holes, cart rental(s), meal or catered meal event. Commissioner Nadeau is concerned with a negotiating rate; we need to have written guidelines. Manager Ware wants to bring us up to the range of where the majority is at – we do not want to "undercut." Commissioner Lyness shared that when people are looking to schedule a golf outing, they look at available dates and if the establishment can handle the group size.

It was moved by Schlueter, seconded by Lyness, to accept the pay rate schedule for the 2013 outings as listed above. The motion passed with Blocker, Harris, Klinge, Lyness and Schlueter voting yes; Nadeau abstaining due to the language/wording of negotiating.

RECREATION DIVISION REPORT:

Manager Prevenas shared the following:

Bunker Hill Golf Course had the highest July snack bar revenue ever. Our 2012 pool season was very good, too. In fact, Flora Pool had the third highest July attendance in 20 years and Sutton Pool's attendance was up 5%.

PARK DIVISION REPORT:

Last month, Leisure Services Manager Ware spoke briefly about Hilltop Park and how there is no street frontage. The house that was located at 735 Caledonia Place (near Hilltop Park) had a house fire. The Executor of the Estate has offered to donate the property at 735 Caledonia Place to the City "as is" as long as we agree to install an American flag on the site in memory of her father, who was a veteran. Funds are available for the deconstruction of this property and we are going through the process to update the abstract and accept the deed. With this donation, we will be able to create a handicap access and install a walkway to the playground area and offer an open field play area. This project will appear on an upcoming City Council agenda.

MANAGER REPORT:

◆ **Pet Park fees**. An information sheet was shared with all commissioners regarding the Pet Park Fees from July 1, 2011 through June 30, 2012. Total Treasurer's receipts show $2,979.14.

◆ **Skate Park enthusiasts**. A public hearing is scheduled for Tuesday, August 28th from 6:30 to 8:00 p.m. at the Carnegie-Stout Public Library Auditorium. We will be working on a long range plan for expanded skate parks in Dubuque. Group table discussions will take place.

◆ **Status on job vacancies**. We have four (4) full-time positions available at the Leisure Services Department. This coming weekend, you will see the job posting for Recreation Division Manager as Patrick Prevenas is retiring on August 31st, 2012. Telephone interviews for the Park Division Manager position will be taking place within the next two (2) weeks. In early September, we'll be conducting interviews for the Natural Resources position. We'll also be conducting interviews for the Bunker Hill Golf Course Superintendent's position in which Michael Denman retired on July 5th, 2012.

◆ **Budget talks**. In September, we'll be starting the budget process for next fiscal year.

◆ **Project Status Report for July 2012**. Copies were distributed on the Project Status Reports. Please read over and review the number of projects that are listed.

◆ On 5th Street. along Flexsteel Corporate Headquarters, we are working on a **landscape design** incorporating an area for benches and bikes.

◆ **Electronic trikes in Dubuque**. A few weeks ago, there was an article that appeared in the Telegraph Herald regarding a new Dubuque business in which you can rent and/or purchase electronic trikes. This new business is advertising trike tours in Dubuque along the Riverwalk and trails. According to the ordinance, we currently do not allow motorized vehicles on our trails. However, there is a waiver that the Leisure Services Department can allow trikes on trail areas. This is a very complicated issue and we are currently

continued

working on the issues, concerns and questions. In the near future, the Park and Recreation Commission will be working on this subject. At the present time, tours are allowed on the City sidewalks, but not on the streets.

OTHER BUSINESS:

◆ Commissioner Nadeau asked about the status of the new Pet Park. At the present time, no work has been done. *(Refer to the Project Status Report for July 2012 for more information.)*

◆ Manager Prevenas shared that we had 123 dogs participate in the *2012 Doggie Dip* at Sutton Pool on Monday, August 13th. The *2012 Doggie Dip* at Flora Pool is scheduled for Monday, August 20th.

◆ Please note that the date for the next Park and Recreation Commission is on **Tuesday, September 18th, 2012, at 4:30 p.m. at the Bunker Hill Golf Course Snack Bar**. It was suggested per Commissioner Schlueter to rotate the location of our commission meetings.

ADJOURN; VOTE:

It was moved by Lyness, seconded by Schlueter, that the meeting be adjourned at 5:33 p.m. The motion passed unanimously.

RJ Blocker
Chairperson

Attest

PARK AND RECREATION COMMISSION MEETING
Tuesday, November 13, 2012

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge, Karen Lyness, Evelyn Nadeau and David Schlueter

STAFF PRESENT: Marie Ware and Jolene Rettenberger

OTHERS PRESENT: Jim Kress and Terry Leibold

MINUTES APPROVED; VOTE: It was moved by Klinge, seconded by Harris, to approve the minutes of the September 18, 2012, meeting. The motion passed unanimously.

BUDGET RECOMMENDATION – FY 2014-2018 C.I.P.: Manager Ware shared with commissioners that Gil Spence and Pat Prevenas assisted on a temporary basis to help complete the Park Division and Recreation Division operating budgets during this transition period of both positions being vacant.

Capital Improvement Budget lists were sent to commissioners in advance of the meeting. Leisure Services Manager Marie Ware reminded commissioners that C.I.P. projects are for $10,000 or above. She reviewed the Fiscal Year 2014 through 2018 C.I.P. budget request with the commissioners. Item #74 (Parks Fleet Automatic Vehicle Locator-AVL) was placed in the FY 2018 budget request at a cost of $23,000 for twelve vehicles. It is a goal of the City Council to have all City vehicles installed with AVL, which is a device that determines the geographic location of a vehicle and transmits the information to a requester (similar to GPS). There are 25 Park Division vehicles that would have AVL installed if it is approved. This system has proven beneficial to Public Works and Transit vehicles that currently have AVL.

Under the Recreation Division CIP priority requests for the golf course, we continue to work on the irrigation system, improve the cart paths, and are requesting a new chemical storage building. Under swimming pools, items listed are for the maintenance/repairs/upkeep of the pools and waterslides, an addition of a family rest room to be built at Sutton Pool.

Commissioner Hoffmann asked about the condition of the pool tanks and the need for adding money to the budget for the swimming pools. Ware reported our maintenance practice has served the pools well. She will consider this during next year's budget.

Commissioner Nadeau is happy to see that Jackson and Usha Parks have been put into the budget and the community interest in skate parks was addressed.

Commissioner Blocker questioned item #18 (Miller Riverview Park-pave secondary roads/campsites for $25,000 each year). This cost will cover the paving of campsites and maintenance after flooding. Blocker also raised some

continued

concerns on the age and condition of the rest room facility at the campground, as well as the cost of electrical outlet boxes. Manager Ware shared that there is money available in FY 2013 for the rest rooms and money is requested in FY 2018 for the electrical outlet boxes.

BUDGET RECOMMENDATION – FY 2014 OPERATING BUDGET REQUEST:

Manager Ware shared information pertaining to the FY 2014 park and recreation operating budgets.

Fiscal Year 2014 request Equipment Priority List totals $221,120. Areas included in the Parks operating budget are: administration, forestry, park patrol, park areas, Port of Dubuque maintenance, Four Mounds maintenance, park equipment, downtown maintenance, greenhouse, Technology Park, Industrial Center West Maintenance, Lyons Peony Trust and storm area maintenance (which pays for the expenses of the Bee Branch).

Manager Ware reviewed the Recreation Division Expense and Revenue Summaries for golf maintenance, golf operations, swimming, adult athletics, McAleece concessions, children's activities, therapeutic recreation, recreation classes and neighborhood recreation programs (CD Target).

Fee changes required are:

Golf Operations. Soft drink beverage product prices will increase $ .25.

Golf Maintenance. Fee increases $ .25 for weekday and weekend 18 holes; no increases for weekday and weekend 9 hole and league play; $10 increase for Individual and Individual Weekday season golf passes; $10 increase for Family and Couples season golf passes and $5 increase for Junior season golf passes.

Adult Athletics. Softball team entry fees will increase $10 for summer leagues and $5 for fall leagues. Basketball team entry fees will increase $10 and tournament entry fee will increase $1.

Swimming, McAleece Concessions, Children's Activities, Therapeutic Recreation, Recreation Classes and CD Target - no fee increases.

BUDGET RECOMMEN-DATION – FEE CHANGES IN FY 2014 BUDGET REQUEST; VOTE:

It was moved by Harris, seconded by Nadeau, to approve the FY 2014-2018 Capital Budget, FY 2014 Operating Budget and Fee Changes in FY 2014 Budget Requests. The motion passed unanimously.

DOGS AND OTHER ANIMALS IN PARKS – DISCUSS DRAFT:

Manager Ware has had discussion with the City Attorney's office regarding the Dogs in Parks Ordinance. In reviewing the Administration, Use Regulations, Restrictions, Specific Parks and Trails, several recommendations have been made in the draft and are shown in red print. Another meeting will need to be scheduled to re-review the ordinance proposed by the Commission.

continued

Under Definitions (10-5B-1), make note of the recommendations stating City Manager or City Manager designee, as well as Leisure Services Manager or Leisure Services Manager designee. Also, note the recommendation listed under Parks or Parkways "MULTI-USE TRAIL" definition has been added.

A city special event permit requirement has been added to 10-5B-3. Section 10-5B-4 had many changes proposed. Section 10-5C-1 added: "Park descriptions for parks and trail descriptions for trails will be reviewed on a periodic basis and added, deleted and amended as necessary. Enforcement of use regulations will not be contingent on parks and trails being specifically listed in this provision to allow for use of any new facilities added between ordinance changes."

Commissioner Schlueter would like "no unleashed pets in Pet Park", as well as "trial period discussed" to be placed in the Ordinance. Manager Ware will make the change for unleashed in Pet Park as it had gotten dropped in edits. An ordinance can be changed so its trial period is until a change is proposed.

Commissioner Lyness asked about exercising of the dock dogs at the Five Flags Center this coming weekend. Manager Ware informed the commissioners that all participants received information on where they can and cannot walk their dog(s) at.

Commissioner Nadeau asked about the definition of an open space. Manager Ware will work on the definition of open spaces in the Ordinance.

Commissioner Blocker stated that we have spent many hours involved with this subject. It's time that we send it to the City Council and have them express their viewpoints on this subject.

Commissioner Hoffmann is concerned about dogs getting on the tennis courts. It is recommended to have signs posted or rules listed about no dogs on the tennis courts. There was no agreement from the commission on this at this time.

At the December 2012 Park and Recreation commission meeting Manager Ware will have the next version of Ordinance ready. No public input will be allowed during the commission meeting as agreed to by commission members.

In closing, Manager Ware is asking commissioners how they want to get this Ordinance out to the general public if changed. Several commissioners voiced their suggestions by doing news releases, newspaper articles, online information, put on City of Dubuque website, Channel 8 and post at parks.

continued

MANAGER REPORT – PERSONNEL OPENINGS UPDATE:

Manager Ware updated the commissioners on the following personnel openings/hirings:
◆ **Park Division Manager** position has been accepted, pending background check. ◆ **Recreation Division Manager** position is vacant at the present time. Questionnaires have been sent out and the process of scheduling interviews will be taking place soon. ◆ **Natural Resources and Sustainable Practices Specialist** position has been awarded to Jeffery Ahlers. With Jeff moving into his new position, his Assistant Horticulturalist position is now vacated and will be filled upon the hiring of our new Park Division Manager. ◆ **Golf Course Superintendent** position has been awarded to Jerry Lange. With Jerry moving into his new position, we have an opening for a Maintenance Worker at the Bunker Hill Golf Course. ◆ This past weekend we have advertised for the position of **Director of the Multicultural Family Center**. ◆ In addition to the above, there will be two additional jobs becoming available.

MANAGER REPORT – PROJECTS UPDATE:

Manager Ware updated the commissioners on the following projects:
◆ With the removal of the home on South Grandview Avenue, the entrance to Murphy Park will become a beautiful entry way. ◆ We have had a busy Fall season. Our plantings/flowers this past fall have been gorgeous. Currently flower baskets are being taken down and we continue to winterize. ◆ Staff has been busy working on budget.

OTHER BUSINESS:

◆ All commissioners were given a copy of the MFC 2011-2012 Annual Report. ◆ Commissioner Blocker asked about the status of the Port of Dubuque Marina and if it will offer any free marina parking. Manager Ware stated that it is under the jurisdiction of the Leisure Services Department and all slips would have a charge. It is the intention to open the marina in the Spring of 2013, as long as the Grant is closed out. At the present time, no rates and/or policies have been set. ◆ Commissioner Blocker asked about the Ice Harbor South Expansion and who is responsible for that area. Commissioner Harris has viewed the Port development and stated that they are currently brainstorming ideas on what the community is interested in doing with the 7.2 acres of land. ◆ Commissioner Harris asked about Comiskey improvements. Manager Ware had a meeting with Nikola Pavelic, Community Engagement Coordinator to begin to set a process. Money is available from FY 2012 and FY 2013. ◆ The North End Lighting Project is complete and we are awaiting a final walk-thru. Within the next month, the project should be accepted.

ADJOURN; VOTE:

It was moved by Hoffmann, seconded by Harris, that the meeting be adjourned at 5:42 p.m. The motion passed unanimously.

PARK AND RECREATION COMMISSION MEETING
Tuesday, December 18, 2012
4:30 p.m., Snack Bar, Bunker Hill Golf Course

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge, Karen Lyness, Evelyn Nadeau and David Schlueter

STAFF PRESENT: Marie Ware and Jolene Rettenberger

MINUTES APPROVED; VOTE: It was moved by Ken Klinge, seconded by Evelyn Nadeau, to approve the minutes of the November 13, 2012, meeting. The motion passed unanimously.

FISCAL YEAR 2014 BUDGET HEARING – FEBRUARY 26, 2013: Manager Ware shared with commissioners that our Fiscal Year 2014 Budget Hearing is scheduled for Tuesday, February 26th with meal being served at 6:00 p.m., followed by budget presentations beginning at 6:30 p.m. Commissioners were asked to RSVP by calling Eileen Trimble. To date, Karen Lyness and Evelyn Nadeau will be attending the dinner and budget presentation.

FEEDBACK TO STAFF ON NORTH END TRAIL LIGHTING HOURS: Manager Ware shared discussion about the North End lighting on the trail between 22nd and 32nd Street. The light pole placements look good. We are looking at feedback from the public as to the hours the trail lights/Pinard Park lights will be on. With the addition of the trail lighting, the Safety Community Task Force is pleased, as well as the neighbors who live along the trail. The question Ware proposed to commissioners was do we have the trail lights on until 10:00 p.m. *or* do we have them on from dusk to dawn? Currently the lights are on from 5:00 to 10:00 p.m. The department received a citizen request (per email) asking that the lights also be on from 5:00 to 7:00 a.m. for those that are interested in a morning walk/jog/bike ride. To date, we have not received any complaint calls about the lights being on at night.

Commissioner Blocker and Commissioner Klinge walked the trail and are very pleased with the placement of the trail lights and the trail itself. Commissioner Harris asked about the lights along the Bee Branch. Manager Ware said that the lights along the Bee Branch are on all the time, however they are not in a residential neighborhood.

All commissioners were in agreement and felt that the lights along the North End Trail should be on all the time. After the snow cleanup, the timer on the lights along the trail will be set from dusk to dawn. Manager Ware also shared that additional trees will be planted along the trail in the future.

FISCAL YEAR 2014 BUDGET IMPROVEMENT PACKAGES: Manager Ware highlighted some of the decision packages in the Fiscal Year 2014 Park and Fiscal Year 2014 Recreation Improvement Packages with the commissioners.

Commissioner Nadeau questioned Decision package 5 of 5 listed under the Fiscal Year 2014 Recreation Improvement Packages regarding providing funds for payment of interns. She asked with the hiring of interns, if we are looking at hiring any Spanish speaking (or other language) interns? Ware shared it would be considered at the time of recruitment.

CHAPTER 5 PARKS AND RECREATION ORDINANCE REVIEW AND RECOMMENDATION (includes dogs in parks); VOTE:

Manager Ware discussed the background and summary of information regarding dogs in parks discussion, as well as the two copies of the Chapter 5, Parks and Recreation Article A showing track changes, as well as a final copy with all changes made.

Additional terminology has been added throughout Article A, as well as some deletions/revisions, especially with 10-5B-4: Dogs, Cats and Other Domestic Animals in Parks and on Multi-Purpose Use Trails. In reviewing 10-5B-3: Horsedrawn Vehicles, Riding of Animals Restricted, permission is granted by the Leisure Services Manager and thereafter authorized through the issuance of a City Special Event Permit under Title 10, Chapter 4.

Under 10-5B-5: Requirement for Dogs and Cats While in City Parks and Open Spaces and/or on City Trails, under D[6a], need to add cats to the paragraph.

Under 10-5C-1: Specific Park Areas, Open Spaces and Trails, we will be adding the following areas: Jaycee Trail (Peosta Channel), as well as the Port of Dubuque Riverwalk. As new parks and trails are added to the City of Dubuque park system, we will need to add them to the listing.

All of this information (correspondence, petitions, et cetera) will be forwarded on to the City Council with agenda item so the Council has full access to all input.

Commissioner Schlueter asked about the idea that was presented in an article regarding private pickup of dog waste. That will be shared as well.

It was moved by Klinge, seconded by Harris, to approve the Chapter 5 Parks and Recreation Ordinance Review and Recommendation (includes dogs in parks), with some revisions as noted above. The motion passed 6 – 1, with Blocker, Harris, Klinge, Lyness, Nadeau and Schlueter voting yes; Hoffmann voting no.

DEPARTMENT REPORT:

Manager Ware updated the commissioners on the following personnel openings/hirings:

◆ **Park Division Manager Steve Fehsal** will begin his position on December 27th. ◆ We are currently interviewing four candidates for the position of **Director of the Multicultural Family Center**. ◆ After the hiring of the Multicultural Family Center Director, we will begin the interview process for the position of **Recreation Division Manager**. ◆ Our next position to fill is the **Assistant Director of the Multicultural Family Center**. ◆ Soon we will begin the interview process for our **Part-time Secretary at the Leisure Services Department**. ◆ Gil Spence will be working for an interim period of time at the Multicultural Family Center.

continued

Manager Ware updated commissioners on the following items:

◆ The **Parks Division** has been busy working on picnic tables and are awaiting the winter storm; as well as in the process of purchasing equipment (street sweeper, truck and mowers). ◆ The **Recreation Division** is currently working on the 2013 Winter/Spring brochure. Brochures will be available on December 27th with registration beginning on January 2nd. ◆ The **City Expo** will be held in the month of September, not in April. ◆ The Leisure Services Department will be researching the restructuring/definition of the **Family Season Swim Pass**.

OTHER BUSINESS:

◆ Dr. Hoffmann asked about the request from Jane McCall of the Dubuque Humane Society regarding interest in building a Pet Park along the far level-end of their new property on Chavenelle Road. ◆ Manager Ware met with the City Manager last week regarding the Operating Budget proposal.

ADJOURN; VOTE:

It was moved by Schlueter, seconded by Klinge, that the meeting be adjourned at 5:26 p.m. The motion passed unanimously.

Chapter 5
PARKS AND RECREATION

ARTICLE A. ADMINISTRATION

10-5A-1: PARK RANGERS:
Employees assigned duties from time to time as park rangers in the leisure services department are designated as law enforcement officers subject to the certification of the successful completion of training at an approved law training facility. (Ord. 54-06, 7-5-2006)

10-5A-2: PARK AND RECREATION ADVISORY COMMISSION:

A. Commission Created: There is hereby created a park and recreation advisory commission to have such powers and responsibilities as hereinafter provided.

B. Purpose: The purpose of the commission is to:

1. Contribute to the general beautification of the city and assist in providing facilities for active and passive recreation through landscaping and maintaining park land and facilities; and

2. Provide year round opportunities for organized recreation activities for residents of all ages and social groups.

C. Powers: The responsibilities of the commission are to advise the city council on:

1. Use Of Grounds And Facilities: The establishment of rules and regulations governing the use of all grounds and facilities that have been or may be set aside as public parks, playgrounds and other such park and recreation facilities. Such rules and regulations shall include, but are not limited to:

a. Opening and closing hours for the use of all park and recreation facilities by the general public.

b. Establishment of fees, including the issuance of permits for public use of all park and recreation facilities.

2. Recreational Programs: The establishment of rules and regulations for all recreational programs provided by the city, including the establishment of fees for participation by the public in such activities.

D. Cooperation With Other Agencies: In the conduct and operation of recreation grounds and recreation programs, the commission shall cooperate with the Dubuque Community School District, Holy Family school system and all other groups interested in the promotion and implementation of recreational activities which are in the best interest of the city.

E. Solicitation And Acceptance Of Donations: The commission may solicit donations and gifts of money, personal and real property and personal services. All such donations and gifts shall become the property of the city for the general support of park and recreation programs of the city unless such items have been designated by the donors for specific purposes.

F. Membership, Appointment:

1. Membership; Quorum: The commission shall comprise seven (7) persons who shall be appointed by the city council for terms of three (3) years. Four (4) members of the commission shall constitute a quorum for the transaction of business.

2. Terms: The expiration date for all terms of office shall be June 30 of the appropriate year.

G. Attendance:

1. Attendance Entered Upon Minutes: The attendance of all commission members shall be entered upon the minutes of all meetings by the secretary.

2. Failure To Attend; Declaration Of Vacancy: If a member does not attend at least two-thirds ($^2/_3$) of all regularly scheduled meetings within a twelve (12) month period, it shall be grounds for the commission to recommend to the city council that the position be declared vacant and a replacement appointed.

H. Compensation: Members of the commission shall serve without compensation except for reimbursement of necessary expenses.

I. Organization:

1. Officers: The officers of the commission shall be a chairperson, a vice chairperson and a secretary. All officers shall be members of the commission.

2. Election; Term: At the first meeting in July of each year, the commission shall elect officers to serve one year terms of office. All officers shall be eligible to serve successive terms of office.

J. Meetings:

1. Regular Meetings: The commission shall meet not less than bimonthly, after four thirty o'clock (4:30) P.M. on a regularly scheduled day.

2. Special Meetings: Special meetings may be called by the chairperson or at the written request of three (3) members.

3. Minutes Filed With City Clerk: A copy of the minutes of all regular and special meetings of the commission shall be filed with the city clerk within ten (10) working days after each such meeting. (Ord. 54-06, 7-5-2006)

ARTICLE B. USE REGULATIONS

10-5B-1: DEFINITIONS:

As used in this article, the following terms shall have the following meanings:

COMMISSION OR THE COMMISSION: The park and recreation advisory commission of the city.

PARKS OR PARKWAYS: Parks, parkways, buildings, park roads or driveways, and all public service facilities or grounds, buildings and structures in and adjacent to the city, which are under the responsibility of the commission. (Ord. 54-06, 7-5-2006)

10-5B-2: INTOXICATING BEVERAGES:

A. Possession, Consumption, Or Use Of Alcoholic Liquor, Wine, Beer, Or Other Intoxicating Beverages Prohibited:

1. The possession, consumption, or use of alcoholic liquors, wine, and beer as defined by chapter 123 of the code of Iowa or any other intoxicating beverages is prohibited on park roadways and recreational trails, in park and recreation facility parking lots, and in vehicles located within a park.

2. The possession, consumption, or use of alcoholic liquors, wine, and beer as defined by chapter 123 of the code of Iowa or any other intoxicating beverages is prohibited in any public park or park and recreation facility unless specifically exempted in subsection B of this section.

B. Exemptions:

1. Locations Exempt: Subsection A2 of this section shall not apply to the possession, consumption, or use of alcoholic liquors, wine, beer, or other intoxicating beverages at:

a. Alliant Energy Amphitheater events for which a special events permit has been issued;

b. American Trust River's Edge Plaza events for which a special events permit has been issued;

c. A.Y. McDonald Park;

d. Bunker Hill Golf Course;

e. Eagle Point Park;

f. Flora Park;

g. Four Mounds Park as approved by the Four Mounds Foundation;

h. John G. Bergfeld Recreation Area;

i. Marshall Park as approved by the Dubuque Arboretum Association, Inc.;

j. McAleece Park and Recreation Complex;

k. Miller Riverview Park;

l. Mississippi Riverwalk events for which a special events permit has been issued;

m. Murphy Park;

n. Veterans Park; and

o. Any other park with the prior written approval of the city manager.

2. Closed Containers: Subsection A of this section shall not apply to the transporting of closed containers of intoxicating beverages on park roadways, in park and recreation facility parking lots, in vehicles located within the park, and the public parks and park and recreation facilities listed in subsection B1 of this section.

3. Keg Beer: Notwithstanding subsection B1 of this section, beer in containers commonly referred to as "keg beer" shall only be permitted by a licensed holder of a beer permit who has obtained a permit from the city manager authorizing the use of such container. (Ord. 58-10, 11-1-2010)

10-5B-3: HORSEDRAWN VEHICLES, RIDING OF ANIMALS RESTRICTED:

Horsedrawn vehicles, riding horses or any other domesticated animal used for such purposes shall be prohibited in any park unless permission is granted by the park and recreation advisory commission of the city. (Ord. 54-06, 7-5-2006)

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:

Unleashed Animals Prohibited: No person shall be permitted to bring into any park, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animals to run at large in any park. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.

B. Leashed Dogs And Cats Allowed In Certain Parks And Areas: Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following:

Granger Creek Nature Trail
John G. Bergfeld Recreation Area
Medical Associates Greenbelt Park
Miller-Riverview Park

C. Unleashed Pets Allowed In Pet Park: Unleashed pets shall be permitted in the pet park. (Ord. 54-06, 7-5-2006)

10-5B-5: WALKING ON GRASS:

No person shall go on foot or otherwise upon the grass or turf of any park or parkway where any prohibitory sign is posted. (Ord. 54-06, 7-5-2006)

10-5B-6: THROWING STONES OR OTHER MISSILES:

No person shall throw any stone or any other missile within any park or parkway. (Ord. 54-06, 7-5-2006)

10-5B-7: INTERFERING WITH ANIMALS:

No person shall kill, trap, tease, annoy, disturb, feed or interfere with any bird or other fowl, animals or fish in any park or parkway. No person shall rob, injure or destroy the nest of any bird or any other fowl. (Ord. 54-06, 7-5-2006)

10-5B-8: UNLAWFUL DEPOSITS:

No person shall throw, deposit, place or leave in any park or parkway any paper, rubbish, waste or refuse

of any kind or nature, but shall deposit the same in the receptacles provided for such materials in the parks or parkways. (Ord. 54-06, 7-5-2006)

10-5B-9: OBSTRUCTIONS:

No person shall place or suffer to remain in any park or parkway any goods, wares, merchandise or other articles in the nature of any obstruction to the free use and enjoyment of such park or parkway without written permission from the park and recreation advisory commission of the city. (Ord. 54-06, 7-5-2006)

10-5B-10: POSTING BILLS, NOTICES OR SIGNS:

No person shall post, paste, fasten, paint or affix any placard, bill, notice or sign upon any structure, tree, stone, fence, thing, or enclosure along or within any park or parkway. (Ord. 54-06, 7-5-2006)

10-5B-11: SALES RESTRICTED:

No person shall sell or offer for sale any article or service whatsoever in any park or parkway. The provisions of this section shall not apply to sales of refreshments or any other articles from concession stands authorized by the commission. (Ord. 54-06, 7-5-2006)

10-5B-12: POSSESSION OF FIREARMS, WEAPONS AND FIREWORKS:

A. Prohibition: The possession of firearms, air rifles, bows and arrows, pellet guns or slingshots, or fireworks of any description by any person within the limits of any park or parkway is hereby prohibited.

B. Deer Hunting With Bow And Arrow: Nothing herein shall prohibit the hunting with bow and arrow of deer by persons licensed by and during the period of time authorized by the Iowa department of natural resources and issued a permit by the city. (Ord. 54-06, 7-5-2006)

10-5B-13: CLIMBING ON FENCES, ROOFS:

No person shall climb, damage, tamper with, stand or sit on any fence, rail or any other structure not intended for such use in any park or parkway. The climbing of buildings and going onto roofs, either with ladders or from the inside of the buildings through the windows or any other way is forbidden. Climbing over ledges in ledge gardens by any person is prohibited. (Ord. 54-06, 7-5-2006)

10-5B-14: MOVING BENCHES AND TABLES:

No person shall move benches, seats and tables from any building or to any building in any park or parkway without first securing permission of the city manager. (Ord. 54-06, 7-5-2006)

10-5B-15: USE OF SPOTLIGHTS, SEARCHLIGHTS:

It shall be unlawful for any person, except regular park employees, to operate or manipulate in any park or upon any parkway any spotlight or searchlight. (Ord. 54-06, 7-5-2006)

10-5B-16: MEETINGS AND GATHERINGS:

Buildings for group gatherings may be reserved during the open park season by contacting the park and recreation office. Such reservations can be made twenty three (23) months in advance. Buildings shall be cleaned up after use by the party reserving the same. Litter, cans, paper, waste and refuse shall be deposited in receptacles provided therefor. (Ord. 3-08, 1-22-2008)

10-5B-17: FIRES:

No person shall start any fire in any park or upon any parkway, except that small fires may be made in the places in parks provided by the city for that purpose. Every person who starts or uses any such fire is hereby charged with the duty of completely extinguishing such fire before leaving it. (Ord. 54-06, 7-5-2006)

10-5B-18: LOOSENING STONES FROM BLUFFS PROHIBITED:

No person shall loosen stones from bluffs or roll or throw the same down the face of the bluff. (Ord. 54-06, 7-5-2006)

10-5B-19: WASHING VEHICLES:

No person shall wash any motor vehicle, motorcycle or scooter in any city park. (Ord. 54-06, 7-5-2006)

10-5B-20: COMPLIANCE WITH MOTOR VEHICLE LAWS, ORDINANCES:

No person in a park or parkway shall fail to comply with all applicable provisions of the motor vehicle laws of the state in regard to equipment and operation of motor vehicles together with such regulations as are contained in this article and other ordinances of the city. (Ord. 54-06, 7-5-2006)

10-5B-21: REMOVAL OF UNATTENDED VEHICLES LEFT AFTER CLOSING HOURS:

Any motor vehicle left unattended in any of the parks after closing thereof shall be deemed abandoned and the city manager or the park ranger shall cause the same to be towed from such park and the same shall not be redeemed by the owner or the person responsible therefor until the reasonable towing charges and storage fees are paid. (Ord. 54-06, 7-5-2006)

10-5B-22: OPEN SEASON AND HOURS GENERALLY:

A. No person shall enter or remain in any park or park and recreation facility other than during the season and hours designated in this section.

B. For the purposes of this section, the regular park season shall mean from the first Saturday in May through the fourth Sunday of October. The pet park shall be open year round.

C. Eagle Point park and Louis Murphy park shall be open for use by the public from seven o'clock (7:00) A.M. to ten o'clock (10:00) P.M. Sunday through Thursday, and from seven o'clock (7:00) A.M. to eleven o'clock (11:00) P.M. Friday and Saturday during the regular park season.

D. Marshall park and the public use area of Franklin Delano Roosevelt park shall be open to the general public from seven o'clock (7:00) A.M. to sunset daily during the regular park season.

E. Gerald "Red" McAleece park and recreation complex and Veterans Memorial park shall be open for use by the public from seven o'clock (7:00) A.M. to twelve o'clock (12:00) midnight daily.

F. Bunker Hill golf course shall be open for use by the public from seven o'clock (7:00) A.M. to eleven o'clock (11:00) P.M. daily, March through November.

G. Flora park swimming pool and Nicholas J. Sutton swimming pool shall be open for use by the public from six o'clock (6:00) A.M. to ten o'clock (10:00) P.M. daily, June through August.

H. The following parks and park and recreation facilities shall be open for use by the public from seven o'clock (7:00) A.M. to ten o'clock (10:00) P.M. daily:

A.Y. McDonald park
Allison-Henderson park
Avon park
Burden park
Cancer Survivor park
Caledonia park
Cleveland park
Comiskey park
Eagle Valley park
Elmwood Green park
Falk park
Flat Iron park
Flora park
Gay park
Granger Creek nature trail
Grant park
Harvest View park
Heritage trail
Hillcrest park
Hilltop park
Ice Harbor park
Jackson park
Jefferson park
John G. Bergfeld recreation area
Madison park
Marna Ridge children's forest
Medical Associates Greenbelt
Oakwood park
Pet park
Pinard park
Pyatigorsk park
Riley park
Rocco Buda Jr. park
Southern park
Teddy Bear park
Usha park
Valentine park
Valley High park
Waller-Cooper park
Washington park
Welu park
Westbrook park

I. Miller-Riverview park shall be open for use by the public from seven o'clock (7:00) A.M. until ten o'clock (10:00) P.M. daily, and only registered campers shall be permitted in the area at all other hours.

J. The city manager or authorized representative shall have the authority to close any or all parks, park and recreation facilities, park roadways and park parking lots before scheduled closing hours at times it is deemed necessary in the interest and safety of the public.

K. The following parks shall be open for use by the public twenty four (24) hours per day:

Alliant Energy Amphitheater
American Trust River's Edge Plaza
Mississippi Riverwalk

(Ord. 54-06, 7-5-2006)

ARTICLE C. SPECIFIC PARKS

10-5C-1: SPECIFIC PARK AREAS DESCRIBED:

A.Y. McDonald park:		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "A.Y. McDonald park" and placed under the jurisdiction of the park and recreation advisory commission:
		Blocks 1, 2, 3, 4 and 5 in River Front Subdivision No. 3.
Alliant Energy Amphitheater		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Alliant Energy Amphitheater" and placed under the jurisdiction of the park and recreation advisory commission:
		The area of the Port of Dubuque west of the Mississippi Riverwalk, south of the railroad tracks east of Bell Street, and adjacent to the former Dubuque Star Brewery.
Allison-Henderson park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Allison-Henderson park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lots 1, 18, 19, 20, 21 and 22 of Pinehurst Subdivision in the city of Dubuque, Iowa.
American Trust River's Edge Plaza		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as the "American Trust River's Edge Plaza" and placed under the jurisdiction of the park and recreation advisory commission:
		That area, including the flat area, steps and ramp, outside the floodwall at the Port of Dubuque at the south end of the Mississippi Riverwalk.

Avon park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Avon park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lots 6 through 10 of Mary Ann McDaniel's Subdivision of parts of Lots 823 and 824 of A. McDaniel's Subdivision in the city of Dubuque, Iowa.
Bunker Hill golf course		The following described parcel of real estate is and shall be continued to be known, called and named as "Bunker Hill golf course" and placed under the jurisdiction of the park and recreation advisory commission:
		Part of Lot 2 in Highland Farms Addition; Lot 16 in Pfohl's Subdivision; Mineral Lots 189, 200, 201, 202, 210, 270, 336 and 370, and parts of Mineral Lots 190, 265 and 340, all in the city of Dubuque, Iowa.
Burden park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Burden park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lot 1 of Lot 1 of Lot 3 northeast quarter, Section 13, Township 89 North, Range 2 East in the city of Dubuque, Iowa.
Caledonia park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Caledonia park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lot 38 of Kelly's Subdivision in the city of Dubuque, Iowa.
Cleveland park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Cleveland park" and placed under the jurisdiction of the park and recreation advisory commission:
		South two-thirds of city Lot 695 and Lots 35, 36, 37 and east 20 feet of Lot 38 of Union Addition in the city of Dubuque, Iowa.

Comiskey park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Comiskey park" and placed under the jurisdiction of the park and recreation advisory commission:

		Approximately three (3) acres within Lot A, Block 1 of Westbrook Subdivision.

(Ord. 54-06, 7-5-2006)

ORIGINAL

RECEIVED
6-11-12

Dear Parks and Recreation Commission Members,

Thank you for considering the request to allow leashed dogs in Dubuque city parks. It is an issue many dog-owners in the area, and beyond, feel strongly about.

We understand that if the ordinance were to change, it would likely mean more work for the parks department staff, but we believe the benefits will quickly begin to outweigh the potential negatives if it is approved.

Our petition now has more than 1,100 signatures, 814 of which are from Dubuque.

Simply put, the current 40-year old law ruins the park experience for many families and dog-owners who want to explore the parks with their pets.

Scruffy Shuffle, Murphy Park 2011

Both locals and tourists who take dogs there for the first time are saddened to see the "No Pets Allowed" signs, and have to return home to either drop off their dog or abandon the day trip altogether. If they continue into the park with the dog, they face being harassed by park-goers, being reported to police, or of course, approached and kicked out.

Even worse, many people are advised by park staff to leave their dogs in the car. In the busiest tourism months of the summer, no pet should be left in a vehicle where dangerous temperatures could cause serious overheating and even death.

Many newcomers from out of town have expressed shock and disappointment after learning that dogs aren't allowed in City Parks, and they are happy to sign the petition to change it.

The on-going presence of DockDogs, and the new promise of a 3 year World Championship contract with them is another valid reason to consider changing the law.

Dogs mean big business for Dubuque, not only in the tourism field, but for local veterinarians, groomers, boarders, pet stores, and trainers. They have shown overwhelming support of this issue, and the majority of dog-related businesses in Dubuque have been collecting signatures from their clientele for the past few weeks.

It's time Dubuque took a step toward being a more dog-friendly city, which starts with the #1 place most people associate with walking a dog: Our city parks.

Please consider making a recommendation to the City Council that ordinance 10-5B-4, part B, be amended. Collectively, our great ideas can turn this issue into a positive, and perhaps even generate more revenue for the parks department.
Thank you for your time and consideration!

Sincerely,
Kate Lydon and the Responsible, Friendly Intelligent Dog Owners (FIDO) of Dubuque

Attached, please find our responses to anticipated objections, an updated signature list of 1,100+, a supportive comments list, letters of support from Jennifer Tigges, a lifelong Dubuque resident and business owner, and Kristen Woodward, Executive Director and Founder of Two-by-Two Non-Profit Education.

Anticipated Objections & Responses:

Objection 1) "But you have a dog park, and other certain parks."

Response A) We appreciate the pet park, and it is a great option for many dogs to experience off-leash freedom and socialization, however, it's not a good fit for all dogs. Some have trouble socializing with other dogs.

B) The pet park doesn't offer the option for the owner to exercise with the dog in the way that running or hiking in a park does. It's not as enjoyable to run or walk laps in the dog park as it is at Murphy Park. Opening all parks to dog owners would increase physical activity for a healthier Dubuque.

C) The pet park doesn't offer the beautiful natural features that Eagle Point, Louis Murphy, and other parks enjoy. There is a desire to enjoy the scenic views of the Mississippi River with the family pet.

D) Bergfeld Recreation area is a 15 minute drive from Downtown Dubuque (City Hall).
E) Medical Associates Greenbelt Park is a 10 minute drive from Downtown Dubuque without a lot of scenery.
F) Granger Creek Trail is a 13 minute drive from Downtown Dubuque.
G) Miller Riverview Park is a busy campground, not an ideal place to walk dogs.
H) Dogs are not allowed on Dubuque's most popular trails, including Heritage Trail, and The Riverwalk at the Port of Dubuque. We'd like to see this lifted, too.
I) A.Y. McDonald is great. We appreciate that there is a dog waste station there.
J) By lifting the ban on dogs in parks, over-use of the dog park may be lifted, neighbors would be happier about the decrease in barking.

Objection 2) "Some irresponsible dog owners won't pick up their dog's waste."

Solution A) Dog Waste Stations

The city may investigate adding more dog pick-up stations with plastic baggies and garbage cans throughout the parks and along trails and other high-traffic areas. The City of Des Moines builds their own out of PVC pipe to save money.

Perhaps the stations could be stocked with used plastic grocery bags, which normally end up in the landfill. Des Moines has invested in biodegradable bags in some cases, as well.

B) Official and Community Enforcement

Enforcement of basic park rules by park and police staff should help curb the dog waste problem. If someone is able to enforce dogs being in the park, they should be able to instead enforce basic park-use rules, such as picking up dog waste, keeping pets leashed, and writing citations for those who don't. Fees from citations would generate revenue.

Responsible owners will also have a vigilante attitude toward those who don't pick up after their pets. We won't want to loose the privilege because of a few bad apples, so there will be some community policing, too.

C) License Revenue, Park fees and Pet Passes

We believe owners who can present a valid pet license should be permitted in city parks. This would create an incentive to license your pet, and potentially increase revenue for the city.

According to the City Council Meeting Agenda for May 7 2012, The City of Dubuque anticipates receiving $146,000 in net revenue from animal licensing. Could this help pay for enforcement and pet waste stations?

Based on U.S.Census population data for Dubuque, there are likely around 14,500 dogs in the city. (Pet Ownership Calculator at AVMA.org) However, According to the City of Dubuque Answer Center, only 6,215 dogs were licensed in 2011.

If all dogs were licensed at the minimum $12 licensing fee, it would generate an additional $99,400 for the city. If even half of the unlicensed dogs were licensed *at the minimum*, it would generate an additional $50,000 for the city.

An additional small fee per dog could be added to the Eagle Point entry fee to help pay for the waste stations for those without city licenses.

D) Area dog advocacy groups could sponsor pet clean-up days to ensure the parks stay clean. They could be on call for the city if there is an issue with pet waste.

Objection 3) "Okay, but no "vicious" breeds of dogs will be allowed."

Response A) There are no vicious breeds, only irresponsible owners. Dubuque has done a phenomenal job of not discriminating based on breed, but instead on the actions of dogs and their owners. All dogs enjoy a long, sunny walk in the park, which can help build confidence and character in any dog, making them better canine citizens.

B) It would be reasonable to require that pets stay off of playground equipment, picnic tables, and out of pavilion buildings.

Name	City	St8	Comment
Ryan Larson	Dubuque	IA	The parks are beautiful. I want to enjoy them with my dog.
Katie Nechodom	Platteville	WI	Allowing dogs to walk in these parks would be amazing. The ban is limiting activities that we enjoy. If you are able to enforce "no dogs" you should be able to enforce that people keep their dogs on a leash and to pick up dog poop.
Robin MacFarlane	Hazel Green	WI	We have gorgeous parks here. I would like to enjoy them with my dogs and invite my out of town friends and clients to do the same when they visit. Enforce responsible dog ownership laws but lets stop punishing every dog owner because of a few who "might" cause a problem.
Lisa Johnson	Dubuque	IA	I would love to be able to walk to a neighborhood city park and have my dog accompany me in the park.
cheri manternach	cascade	IA	I'm signing because I would love to bring my dog to the park. My dog and I are best friends and when I'm not working, my dog is with me. If the parks allowed dogs, the city would have more revenue from the parks because more pet owners would go...even those of us from small neighboring communities.
Jennifer Tigges	Dubuque	IA	I do not have a dog currently but want to see more dog opportunities.
David Oliver	Dubuque	IA	I am signing because I would like to be able to take my dog to the park instead of keeping him locked up when I go to enjoy the park. The dog park is a nice option but some owners have spoiled the pleasure of going there for me.
Ryan Newhard	Dubuque	IA	I am a responsible pet owner with licensed dogs, and they would love to see some of our great parks!
Connie Twining	Dubuque	IA	I would be happy to pay a per dog fee in order to bring my dog with us to the park! Let's pass an ordinance with a hefty fine for anyone caught NOT cleaning up after their dog(s). I'll keep an up to date copy of my dog's license in my car to show the attendant at the gate as well.
Marsha Corken	Dubuque	IA	My dog is part of the family.
Lisai Flores	Dubuque	IA	Rules like No Pets Allowed in public parks makes me feel discriminated against. Finding a landlord to rent from also felt like a form of discrimination. I do not understand this law because it seems very irrational in that it discourages people to walk in public. I would think that Dubuque would want to be more pet friendly in order to encourage positive community presence.
alicia mcmillan	galena	IL	I am signing because as a responsible dog owner, that my pets should be allowed to travel with me to Dubuque Ia. For an outing and not feel that my rights are being taken away from me.
Shannon Cantril	Dubuque	IA	I would love to go to the park with my entire family...including our family dog.

Amber Bettcher	Dubuque	IA	I would love to be able to take my dog to the park with the family!!
Cynthia Nelms-Byrne	Dubuque	IA	I want to be able to walk my dog at any park in Dubuque. Just put a HUGE fine on anyone who doesn't pick up after their pooch within city limits.
Susan Barnes	des moines	IA	I lived in Dubuque for many years and I still visit WITH MY DOGS....the one thing that keep me and many of my fello dockdogs competitors from staying longer is that the city is not very dog friendly with respouces for us.THis need to change...especially since Dubuque is hosting the WORLD dockdogs event for the next 3 years!
Jane Heiar	Dubuque	IA	Dogs are part of peoples family or are their family. But we can not take our "family" pets to enjoy the beauty of our parks? I agree there needs to be enforcement of cleaning up after your pet and possibley keeping them on a long line or leash, but they SHOULD be allowed to enjoy our parks too!
Elizabeth Hemenway	Peosta	IA	As long as pet owners are responsible for themselves and their dogs, there is no reason that dogs should not be able to accompany their owners to the park!
Vicki Stinson	Urbandale	IA	If a dog doesn't like other dogs or people, the owner certainly isn't going to walk in parks.
Chelsie Cruise	Dubuque	IA	Our pets are our family. They deserve to join us in our family outings to the parks. As responsible pet owners we should know to clean up after our pets, therefor doggy "oops!" bags should be provided near trashcans. If an owner loves their dog enough to bring them to a park they should be responsible enough to pick up after them aswell
Karen Weber	Dubuque	IA	My dog and I love to play outside together - but we can't play in the most beautiful places in Dubuque. Please let us enjoy the parks with our best friends!
Mary Erschen	Dubuque	IA	I own FidoFit on Main Street and believe this cause is important to pet-related business owners.
Barb Dempsey	dubuque	IA	So I can walk my dog in the parks in DBQ
Shay Birch	Dubuque	IA	Love my dogs!
Lynn Pape	Rickardsville	IA	My girl,Hope,is a member of my family and as a family we like to share activities/share time together. This would be a great start for Dubuque to become more dog-friendly. It is long over due!

Jon Schmitz	Dubuque	IA	I think my dog should have just as much right to roam around on all fours and bark in a public park as I do.
Josie Brannon	Dubuque	IA	i have three dogs and they are my life <3>s too risky to walk through unkept woods due to poisonous plants and dangerous insects like ticks to harm my dogs. i would greatly appreciate it, even if only certain sections of some parks allow dogs. take eagle point for example- it is definitely large enough to take a fraction to allow dogs in. thanks for consideration!
Maria Menster	Dubuque	IA	I do not have my own dog, but dogsit frequently. There are many responsible dog owners that pick up what is needed and want to share a walk in the park with their pets.
Annalissa Johnson	Rochester	MN	I used to live in the Dubuque area and is was disheartening that I was unable to enjoy the city (especially the parks) with my dogs.
Matt Walsh	Dubuque	IA	I am signing because I would love to be able to enjoy time with both my dog and my children at one of our beautiful parks.. I consider my boxer dog to be a part of my family. The dog park does not have any equipment to accomodate kids. By allowing pets in the parks, I would have the opportunity to keep my entire family entertained(including my dog).
brooke jenk	dubuque	IA	if dogs are on a leash it shouldn't matter where they are :)
Kendra Cross	Dubuque	IA	I'm tired of walking my dogs down the street and having unleashed dogs come running up barking and growling at my dogs. On one occasion the dog actually started attacking my dog. Animal control needs to start doing a better job patroling the streets and fining people who's dogs aren't leashed. If dogs were allowed in parks I would be able to walk them there and not have to deal with this problem.
William Peterson	Dubuque	IA	It would be terrific to stroll the beautiful parks of Dubuque with my loyal friend at my side.
Mary Ann Vandermille n	Dubuque	IA	I walk daily with my dog and would love to be able to walk in our beautiful parks. Most dog owners are very responsible for their pets. I would like to see our town become more dog friendly.
Tina Kemmerlin g	Cedar Rapids	IA	I may live in Cedar Rapids but my fiance and I walk our dogs in a park close to our home and if we couldn't do that, I would be devastated. We enjoy walking our dogs around the park, especially because we have a toddler that enjoys the park as well.
Emily Attwood	Decorah	IA	As a former citizen of Dubuque I always was irritated with the dog ban as I am a big lover of dogs. I could not take the kids and the dog to the park to play at the same time; something I always enjoyed growing up. I still visit Dubuque and believe this old city law should be abolished or less restrictive.

Joe Gau	Dubuque	IA	Responsible pet owner
Marianne Kirkendall	Dubuque	IA	I am a longtime resident of Dubuque, and an avid dog walker. I enjoy having my dogs with me as I walk. Growing up in Dubuque, I figured such a restriction was normal. When I left Dubuque for school, I found out that assumption was very wrong. Chicago, Ames, Des Moines, Los Angeles, Houston, San Antonio...all of these areas allowed you to take your dog with you to enjoy their parks. It was an amazing, eye-opening experience. If all of these cities can handle having dogs in their parks, why can't Dubuque? The dog park is NOT a substitute for being able to walk your dog. I don't want my dogs just running around in a public yard that doesn't have any interesting features about it. I want to be able to walk my dogs up along the bluff, down by the river and in the neighborhood park just one block away.
Isabelle Kirkendall	Dubuque	IA	It works in well in other cities (Ames), and is highly overdue.
Shelly Freiburger	Dubuque	IA	I like to walk around the path in Valentine park and it would be nice to walk with my dog. Plus it is safer than walking along the street.
Henry Haas	dubuque	IA	in the land of the so called free and we cannot bring a pet to the park
Charlotte Martin	Hazel Green	WI	I am signing this petition because we are moving to Dubuque in just a few short weeks and our new home boarders Flora Park. It would be wonderful to be able to just walk out my front door and take our Golden Retriever for a walk with my children in the park.
Jeanne Stoakes	Oxford	IA	It's unbelievable that dogs are not allowed in the park! If it can happen in NYC then why not Dubuque? They deserve to be out and about with their owners. This is the 21st century--the train has left the station on this one!
karen reiter	Dubuque	IA	A pet is a part of a family and should be allowed to enjoy a picnic with his/her family instead of having to be left at home alone. Also, if a family is planning a full day at the park, someone has to drive home to let the family pet out to do his/her duty and then leave and go back to the picnic. There is no need for this if the owner is responsible and cleans up after the pet and keeps the pet on a leash or chain in the area that the family is enjoying their picnic.
Sue Dillon	Dubuque	IA	A dog-friendly city is a people-friendly city. We all want to walk our dogs in the city parks. We want to welcome visitors who travel with their dogs. Please change this ordinance.
Shea Ricketts	Dubuque	IA	I should be able to take my dog any where. We buy dog licences for the city but we can't take them anywere?

Andrea Pierce-Kightlinger	Dubuque	IA	I am a pet lover and my dogs go everywhere with us.
Mark Kightlinger	Dubuque	IA	We love our pets and they go everywhere with us they are our family.
Stephanie Ohnesorge	Dubuque	IA	I think it is about time to let dogs into parks. If a dog has an issue then we need to look at the owner and they need to be responsible and not place their dog in that environment. Please do not punish all dogs for a few irresponsible dog owners.
Elaine Herman	Dubuque	IA	I would love to walk my dog around the park its right across the street. Yes i do carry two bags with me when i do walk him.
Paula Neuhaus	Dubuque	IA	responsible pet owners & leashed dogs should enjoy the park together!
Kristine Jubeck	Dubuque	IA	I live near flora park and want to be able to walk my dog through it.
Alice Hoerner	Dubuque	IA	I am not presently a dog owner, but I believe dogs should be allowed in the parks with their owners.
lisa Sandry	Dubuque	IA	i own 2 dogs!!!
Charles Collins	Dubuque	IA	White Front Feed & Seed
Cindy Caraway	Dubuque	IA	Because I am a responsible pet owner who would love to take my pet to picnics or enjoy a walk in the park with them.
Traci Welsh	Santa Clara	UT	Dubuque was my hometown for 40 years and now in Utah I am an animal advocate and also a manager of Wellness Resort. Making Dubuque a pet friendly community is a natural, and will encourage healthier dubuquer's. Tourists will come!!!
Laurel Davis	Las Vegas	NV	I love dogs and enjoy having my dogs with me when walking,playing or just hang out in the beautiful parks the city has to offer. Dogs bring people together. If Las Vegas can do it, so can Dubuque.
Tim Brechlin	Middleton	WI	I lived in Dubuque for eight years, and I still love the city with all my heart. I love its parks, and I would love to be able to walk them and see dogs walking
Jesse Mulert	Seattle	WA	Dubuque native.
Kerry Urell	Dubuque	IA	Want to be able to walk in the parks with my dog.

Shantel Ternes	Dubuque	IA	My family loves spending time together with our dog in the outdoors. There are so many parks we're unable to enjoy because of the ban on dogs in city parks. I believe in being a responsible owner, which means having a well-behaved dog in public and cleaning up after them. If the owner's are willing to be responsible, it seems the city would only benefit from having a more dog friendly environment.
Dayna Haverland	Dubuque	IA	So long as they clean up and are on a leash.
Connie Walker	Dubuque	IA	I love taking my Dog with me on walks and we always pick up after her.
Micahael Finn	Dubuque	IA	I'm a resident of Dubuque, IA and taking my dog to the park is immensely important to me.
Val Kevan	Phoenix	AZ	I lived in DBQ for many years! Let the dogs in the parks as long as they are leashed
Chelsea Johnsen	Ames		Because parks without dogs are not really parks. :)
Kari Voss	Dubuque	IA	Our dogs are part of our family.
Kim Jaeger	Dubuque	IA	I have two dogs that would love to play with us at the park!

Park and Recreation Commission
C/o Marie Ware
Leisure Services
2200 Bunker Hill Road
Dubuque, IA 52001

Dear Commissioners:

This letter is to give my support to allowing dogs in Dubuque City parks.

As a life long Dubuquer, I thought that the absence of dogs in a city park was the norm. Traveling outside this area I found out how different we really were. There are many tax paying, dog license paying citizens that would love to be able to take their dog to their local parks. Legally. I currently am not a dog owner.

This is also an economic issue. For years the Dubuque Kennel Club Dog Show has been held at Five Flags Center and dogs are not legally allowed in Washington park. Now that the Dubuque Convention and Visitors Bureau has secured the Dock Dogs World Competition for the next three years, we must show our support to the economic impact of our dog visitors and dog lovers alike. If we are to maintain ourselves on a regional, national and world toursim draw for animal lovers, we must show our support in our parks and our businesses.

Please vote in favor to recommend change to allow dogs in our city parks. I realize that this will take some time to come up with the details on how this can be accomplished to satisfy both the dog owners and park guests.

Sincerely,

Jennifer L Tigges

June 4, 2012

Dear City of Dubuque,

I am writing on behalf of the Petition to Allow Dogs in City Parks. As the founder of the nonprofit organization Two by Two and an active citizen in the tri-state area, I would like to see the City of Dubuque amend ordnance 10-5B-4 part B, to allow dogs in all city parks.

The educational nonprofit, Two by Two, provides character education to over 10,000 students per year within the tri-state area. The unique aspect of Two by Two's programming is that it includes the extraordinary, hands-on learning tool of animals. Our mission statement is simple, but profound: Two by Two is committed to developing responsible citizens of strong character who care for, respect and appreciate people, animals and the environment. By permitting our community and out-of-town visitors the privilege of walking their dog on a leash in a city park would help children and adults experience and understand the importance of treating all living creatures with kindness and respect. However, with this privilege, I do feel there should be safety measures in place for all involved (i.e. – specific areas for dog walking within the park, playground areas restricted to people only).

In 1933, the National Parent Teacher Association Congress said it best: "Children trained to extend justice, kindness, and mercy to animals become more just, kind, and considerate in their relations with each other. Character training along these lines will result in men and women of broader sympathies, more humane, more law-abiding – in every respect more valuable citizens."

What better way to start including animals and nature into our everyday lives than by including dogs into our beautiful parks. I hope you will consider amending the current ordinance to allow dogs in city parks.

Sincerely,

Kristin Woodward

Subject: **Dubuque: Repeal the Ban on Dogs in City Parks**

Letter: To Whom it May Concern,

Dubuque is an amazing place to live and play. It is quickly becoming a tourist destination, and aspires to be one of the top places to live and work in the U.S.

But one restriction prevents Dubuque from being #1. It's that we are banned from enjoying our favorite parks and trails with our canine companions.

This ordinance was passed more than four decades ago for unknown reasons, and Dubuque is the only major city in Iowa that outlaws dogs in their city parks.

We believe it's time to repeal the antiquated law. Families should be able to walk their leashed, licensed dogs in all of Dubuque's 50+ parks without feeling like criminals.

Owners who pay local taxes and dog licensing fees, especially, should get to enjoy the beauty of all parks with their pets.

People considering a move to Dubuque often look at what amenities are available for their pets. Dubuque does a great job of welcoming newcomers, and that should include the family dog.

Tourists should also be encouraged to experience our one-of-a-kind parks with their canine friends, especially with the recent announcement that DockDogs will hold their World Championships in downtown Dubuque for the next three years. After flying in from around the globe, do we really want to greet them with "NO PETS ALLOWED" signs in the one place they expect to be able to walk their athletes?

It's clear that dogs are becoming a major part of not only our culture, but our economy. Local veterinarians, trainers, groomers, and pet stores would agree.

It is for these reasons and more, that we respectfully ask that the Dubuque City Council amend ordinance 10-5B-4, part B, to allow dogs in all city parks, and make a step toward being a more dog-friendly community.

If bigger cities like Cedar Rapids and Des Moines can handle having dogs in parks, we know Dubuque can, too. With the city's cooperation, and effort and commitment from dog owners to be responsible, Dubuque can be one step closer to the #1 city it aspires to be.

Find us online at facebook.com/DBQdogs

Anticipated Objections & Responses:

Objection 1) "But you have a dog park, and other certain parks."

Response A) We appreciate the pet park, and it is a great option for many dogs to experience off-leash freedom and socialization, however, it's not a good fit for all dogs. Some have trouble socializing with other dogs.

B) The pet park doesn't offer the option for the owner to exercise with the dog in the way that running or hiking in a park does. It's not as enjoyable to run or walk laps in the dog park as it is at Murphy Park. Opening all parks to dog owners would increase physical activity for a healthier Dubuque.

C) The pet park doesn't offer the natural beauty that Eagle Point, Louis Murphy, and other parks enjoy. There is a desire to enjoy the scenic views of the Mississippi River with the family pet.

D) Bergfeld Recreation area is a 15 minute drive from Downtown Dubuque (City Hall).
E) Medical Associates Greenbelt Park is a 10 minute drive from Downtown Dubuque without a lot of scenery.
F) Granger Creek Trail is a 13 minute drive from Downtown Dubuque.
G) Miller Riverview Park is a busy campground, not an ideal place to walk dogs.
H) Dogs are not allowed on Dubuque's most popular trails, including Heritage Trail, and The Riverwalk at the Port of Dubuque. We'd like to see this lifted, too.
I) A.Y. McDonald is great. We appreciate that there is a dog waste station there.
J) By lifting the ban on dogs in parks, over-use of the dog park may be lifted, neighbors would be happier about the decrease in barking.

Objection 2) "Some irresponsible dog owners won't pick up their dog's waste."

Solution A) Dog Waste Stations

The city may investigate adding dog pick-up stations with plastic baggies and garbage cans throughout the parks and along trails and other high-traffic areas. These cost between $80 and $200 each. The City of Des Moines builds their own out of PVC pipe to save money.

Perhaps the stations could be stocked with used plastic grocery bags, which normally end up in the landfill. Des Moines has invested in biodegradable bags in some cases, as well.

B) Enforcement

Enforcement of basic park rules should help curb the dog waste problem. If there is a park ranger on duty that is able to enforce dogs being in the park, they should be able to instead enforce basic park-use rules, such as picking up dog waste, keeping pets leashed, and writing citations for those who don't. Fees from citations would generate revenue.

Responsible owners will also have a vigilante attitude toward those who don't pick up after their pets. We won't want to loose the priviledge because of a few bad apples, so there will be some community policing, too.

C) License Revenue, Park fees and Pet Passes

According to the City Council Meeting Agenda for May 7 2012, The City of Dubuque anticipates receiving $146,000 in NET revenue from animal licensing. This could help pay for enforcement and pet waste stations.

We believe owners who can present a valid pet license should be permitted in city parks. This would create an incentive to license your pet, and potentially increase revenue for the city.

Based on U.S.Census population data for Dubuque, there are likely around 14,500 dogs in the city. (Pet Ownership Calculator at AVMA.org) However, According to the City of Dubuque Answer Center, only 6,215 dogs were licensed in 2011. If all dogs were licensed at the minimum $12 licensing fee, it would generate an additional $99,400 for the city. If even half of the unlicensed dogs were licensed at the minimum, it would generate an additional $50,000 for the city.

An additional small fee per dog could be added to the Eagle Point entry fee to help pay for the waste stations for those without city licenses.

D) Area dog advocacy groups could sponsor pet clean-up days to ensure the parks stay clean. They could be on call for the city if there is an issue with pet waste.

Objection 3) "Okay, but no "vicious" breeds of dogs will be allowed."

Response: There are no vicious breeds, only irresponsible owners. Dubuque has done a phenomenal job of not discriminating based on breed, but instead on the actions of dogs and their owners. We applaud their stance on this issue and appreciate it SO much. All dogs enjoy a long, sunny walk in the park, and the exercise and socialization that come with a park walk can help build confidence and character in any dog, making them better canine citizens.

Name	City	State	Zip	Comment
Ryan Larson	Dubuque	IA	52001	The parks are beautiful. I want to enjoy them with my dog.
Katie Nechodom	Platteville	WI	53818	Allowing dogs to walk in these parks would be amazing. The ban is limiting activities that we enjoy. If you are able to enforce "no dogs" you should be able to enforce that people keep their dogs on a leash and to pick up dog poop.
Robin MacFarlane	Hazel Greei	WI	53811	We have gorgeous parks here. I would like to enjoy them with my dogs and invite my out of town friends and clients to do the same when they visit. Enforce responsible dog ownership laws but lets stop punishing every dog owner because of a few who "might" cause a problem.
Lisa Johnson	Dubuque	IA	52003	I would love to be able to walk to a neighborhood city park and have my dog accompany me in the park.
cheri manternach	cascade	IA	52033	allowed dogs, the city would have more revenue from the parks because more pet owners would go...even those of us from small neighboring communities.
Jennifer Tigges	Dubuque	IA	52002	I do not have a dog currently but want to see more dog opportunities.
David Oliver	Dubuque	IA	52001	I am signing because I would like to be able to take my dog to the park instead of keeping him locked up when I go to enjoy the park. The dog park is a nice option but some owners have spoiled the pleasure of going there for me.
Ryan Newhard	Dubuque	IA	52001	I am a responsible pet owner with licensed dogs, and they would love to see some of our great parks!
Connie Twining	Dubuque	IA	52001	I would be happy to pay a per dog fee in order to bring my dog with us to the park! Let's pass an ordinance with a hefty fine for anyone caught NOT cleaning up after their dog(s). I'll keep an up to date copy of my dog's license in my car to show the attendant at the gate as well.
Marsha Corken	Dubuque	IA	52003	My dog is part of the family.
Lisai Flores	Dubuque	IA	52001	do not understand this law because it seems very irrational in that it discourages people to walk in public. I would think that Dubuque would want to be more pet friendly in order to encourage positive community presence.
alicia mcmillan	galena	IL	61036	I am signing because as a responsible dog owner, that my pets should be allowed to travel with me to Dubuque Ia. For an outing and not feel that my rights are being taken away from me.
Shannon Cantril	Dubuque	IA	52001	I would love to go to the park with my entire family...including our family dog.
Amber Bettcher	Dubuque	IA	52003	I would love to be able to take my dog to the park with the family!!
Cynthia Nelms-Byrne	Dubuque	IA	52001	I want to be able to walk my dog at any park in Dubuque. Just put a HUGE fine on anyone who doesn't pick up after their pooch within city limits.
Susan Barnes	des moines	IA	50310	I lived in Dubuque for many years and I still visit WITH MY DOGS....the one thing that keep me and many of my fello dockdogs competitors from staying longer is that the city is not very dog friendly with respouces for us.THis need to change...especially since Dubuque is hosting the WORLD dockdogs event for the next 3 years!
Jane Heiar	Dubuque	IA	52002	Dogs are part of peoples family or are their family. But we can not take our "family" pets to enjoy the beauty of our parks? I agree there needs to be enforcement of cleaning up after your pet and possibley keeping them on a long line or leash, but they SHOULD be allowed to enjoy our parks too!
Elizabeth Hemenway	Peosta	IA	52068	As long as pet owners are responsible for themselves and their dogs, there is no reason that dogs should not be able to accompany their owners to the park!
Vicki Stinson	Urbandale	IA	50322	If a dog doesn't like other dogs or people, the owner certainly isn't going to walk in parks.
Chelsie Cruise	Dubuque	IA	52002	Our pets are our family. They deserve to join us in our family outings to the parks. As responsible pet owners we should know to clean up after our pets, therefor doggy "oops!" bags should be provided near trashcans. If an owner loves their dog enough to bring them to a park they should be responsible enough to pick up after them aswell

comments in support

Karen Weber	Dubuque	IA	52001	My dog and I love to play outside together - but we can't play in the most beautiful places in Dubuque. Please let us enjoy the parks with our best friends!
Mary Erschen	Dubuque	IA	52001	I own FidoFit on Main Street and believe this cause is important to pet-related business owners.
Barb Dempsey	dubuque	IA	52001	So I can walk my dog in the parks in DBQ
Shay Birch	Dubuque	IA	52001	Love my dogs!
Lynn Pape	Rickardsvill	IA	52039	My girl,Hope,is a member of my family and as a family we like to share activities/share time together. This would be a great start for Dubuque to become more dog-friendly. It is long over due!
Jon Schmitz	Dubuque	IA	52001	I think my dog should have just as much right to roam around on all fours and bark in a public park as I do.
Josie Brannon	Dubuque	IA	52003	I have three dogs and they are my life <3>s too risky to walk through unkept woods due to poisonous plants and dangerous insects like ticks to harm my dogs. i would greatly appreciate it, even if only certain sections of some parks allow dogs. take eagle point for example- it is definitely large enough to take a fraction to allow dogs in. thanks for consideration!
Maria Menster	Dubuque	IA	52002	I do not have my own dog, but dogsit frequently. There are many responsible dog owners that pick up what is needed and want to share a walk in the park with their pets.
Annalissa Johnson	Rochester	MN	55901	I used to live in the Dubuque area and is was disheartening that I was unable to enjoy the city (especially the parks) with my dogs.
Matt Walsh	Dubuque	IA	52002	I am signing because I would love to be able to enjoy time with both my dog and my children at one of our beautiful parks.. I consider my boxer dog to be a part of my family. The dog park does not have any equipment to accomodate kids. By allowing pets in the parks, I would have the opportunity to keep my entire family entertained(including my dog).
brooke jenk	dubuque	IA	52001	if dogs are on a leash it shouldn't matter where they are :)
Kendra Cross	Dubuque	IA	52001	I'm tired of walking my dogs down the street and having unleashed dogs come running up barking and growling at my dogs. On one occasion the dog actually started attacking my dog. Animal control needs to start doing a better job patroling the streets and fining people who's dogs aren't leashed. If dogs were allowed in parks I would be able to walk them there and not have to deal with this problem.
William Peterson	Dubuque	IA	52001	It would be terrific to stroll the beautiful parks of Dubuque with my loyal friend at my side.
Mary Ann Vandermille	Dubuque	IA	52003	I walk daily with my dog and would love to be able to walk in our beautiful parks. Most dog owners are very responsible for their pets. I would like to see our town become more dog friendly.
Tina Kemmerling	Cedar Rapic	IA	52404	I may live in Cedar Rapids but my fiance and I walk our dogs in a park close to our home and if we couldn't do that, I would be devastated. We enjoy walking our dogs around the park, especially because we have a toddler that enjoys the park as well.
Emily Attwood	Decorah	IA	52101	As a former citizen of Dubuque I always was irritated with the dog ban as I am a big lover of dogs. I could not take the kids and the dog to the park to play at the same time; something I always enjoyed growing up. I still visit Dubuque and believe this old city law should be abolished or less restrictive.
Joe Gau	Dubuque	IA	52001	Responsible pet owner

				I am a longtime resident of Dubuque, and an avid dog walker. I enjoy having my dogs with me as I walk. Growing up in Dubuque, I figured such a restriction was normal. When I left Dubuque for school, I found out that assumption was very wrong. Chicago, Ames, Des Moines, Los Angeles, Houston, San Antonio...all of these areas allowed you to take your dog with you to enjoy their parks. It was an amazing, eye-opening experience. If all of these cities can handle having dogs in their parks, why can't Dubuque?
Marianne Kirkendall	Dubuque	IA	52003	The dog park is NOT a substitute for being able to walk your dog. I don't want my dogs just running around in a public yard that doesn't have any interesting features about it. I want to be able to walk my dogs up along the bluff, down by the river and in the neighborhood park just one block away.
Isabelle Kirkendall	Dubuque	IA	52003	It works in well in other cities (Ames), and is highly overdue.
Shelly Freiburger	Dubuque	IA	52003	I like to walk around the path in Valentine park and it would be nice to walk with my dog. Plus it is safer than walking along the street.
Henry Haas	dubuque	IA	52001	in the land of the so called free and we cannot bring a pet to the park
Charlotte Martin	Hazel Greei	WI	53811	I am signing this petition because we are moving to Dubuque in just a few short weeks and our new home boarders Flora Park. It would be wonderful to be able to just walk out my front door and take our Golden Retriever for a walk with my children in the park.
Jeanne Stoakes	Oxford	IA	52322	It's unbelievable that dogs are not allowed in the park! If it can happen in NYC then why not Dubuque? They deserve to be out and about with their owners. This is the 21st century--the train has left the station on this one!
karen reiter	Dubuque	IA	52001-3567	A pet is a part of a family and should be allowed to enjoy a picnic with his/her family instead of having to be left at home alone. Also, if a family is planning a full day at the park, someone has to drive home to let the family pet out to do his/her duty and then leave and go back to the picnic. There is no need for this if the owner is responsible and cleans up after the pet and keeps the pet on a leash or chain in the area that the family is enjoying their picnic.
Sue Dillon	Dubuque	IA	52001	A dog-friendly city is a people-friendly city. We all want to walk our dogs in the city parks. We want to welcome visitors who travel with their dogs. Please change this ordinance.
Shea Ricketts	Dubuque	IA	52001	I should be able to take my dog any where. We buy dog licences for the city but we can't take them anywere?
Andrea Pierce-Kightlin	Dubuque	IA	52001	I am a pet lover and my dogs go everywhere with us.
Mark Kightlinger	Dubuque	IA	52001	We love our pets and they go everywhere with us they are our family.
Stephanie Ohnesorge	Dubuque	IA	52001	I think it is about time to let dogs into parks. If a dog has an issue then we need to look at the owner and they need to be responsible and not place their dog in that environment. Please do not punish all dogs for a few irresponsible dog owners.
Elaine Herman	Dubuque	IA	52001	I would love to walk my dog around the park its right across the street. Yes i do carry two bags with me when i do walk him.
Paula Neuhaus	Dubuque	IA	52001	responsible pet owners & leashed dogs should enjoy the park together!
Kristine Jubeck	Dubuque	IA	52001	I live near flora park and want to be able to walk my dog through it.
Alice Hoerner	Dubuque	IA	52001	I am not presently a dog owner, but I believe dogs should be allowed in the parks with their owners.
lisa Sandry	Dubuque	IA	52001	i own 2 dogs!!!
Charles Collins	Dubuque	IA	52003	White Front Feed & Seed
Cindy Caraway	Dubuque	IA	52001	Because I am a responsible pet owner who would love to take my pet to picnics or enjoy a walk in the park with them.
Traci Welsh	Santa Clara	UT	84765	Dubuque was my hometown for 40 years and now in Utah I am an animal advocate and also a manager of Wellness Resort. Making Dubuque a pet friendly community is a natural, and will encourage healthier dubuquer's. Tourists will come!!!
Laurel Davis	Las Vegas	NV	89122	I love dogs and enjoy having my dogs with me when walking,playing or just hang out in the beautiful parks the city has to offer. Dogs bring people together. If Las Vegas can do it, so can Dubuque.

Tim Brechlin	Middleton	WI	53562	I lived in Dubuque for eight years, and I still love the city with all my heart. I love its parks, and I would love to be able to walk them and see dogs walking

Dogs are not allowed in most of Dubuque's 50+ City Parks. We responsible dog owners are petitioning the city to change that.

Park and Recreation Commission
C/o Marie Ware
Leisure Services
2200 Bunker Hill Road
Dubuque, IA 52001

Dear Commissioners:

This letter is to give my support to allowing dogs in Dubuque City parks.

As a life long Dubuquer, I thought that the absence of dogs in a city park was the norm. Traveling outside this area I found out how different we really were. There are many tax paying, dog license paying citizens that would love to be able to take their dog to their local parks. Legally. I currently am not a dog owner.

This is also an economic issue. For years the Dubuque Kennel Club Dog Show has been held at Five Flags Center and dogs are not legally allowed in Washington park. Now that the Dubuque Convention and Visitors Bureau has secured the Dock Dogs World Competition for the next three years, we must show our support to the economic impact of our dog visitors and dog lovers alike. If we are to maintain ourselves on a regional, national and world tourism draw for animal lovers, we must show our support in our parks and our businesses.

Please vote in favor to recommend change to allow dogs in our city parks. I realize that this will take some time to come up with the details on how this can be accomplished to satisfy both the dog owners and park guests.

Sincerely,

Jennifer L Tigges

06/11/12	Westemeyer	Donna			Mayor is gung ho on keeping city green - so Donna thinks if they allow dogs in parks we won't have a clean city. What is more important, clean or green? Has heard many comments about how horrible dog feces is at beautiful river walk-getting really out of hand. Don't want to listen to all the barking - make more dog parks and keep the regular parks for people only. She has walked through Flora Park grass areas and there is dog feces there now and there aren't even supposed to be dogs in that park.

Subject: Re: Dogs-in-Parks Supporters Update

Hi Chuck,

I live on lower Bluff Street, right by the Cathedral.Moved here 3 years ago from Des Moines, and before that Ames, which both allowed dogs with no problems.

I understand some North End residents aren't happy with the poo left on trails, etc, but I don't believe that should ruin the chance at taking dogs to Eagle Point, etc. It is likely people who live right near that trail who are leaving the dog poo behind.. Maybe we could empower community members to give civil citations or something?

I personally have not seen piles of poo in the places I walk. Riverwalk, Heritage Trail, Mines of Spain, Eagle Point.. I look, but I just don't see the "mountains" that people describe.

I wouldn't mind coming up to the park entrance there where people are complaining and picking up all the piles and see if it happens again. Maybe a sign with the posted fine for not cleaning up after your pet would help? I understand there are baggies already near that entrance??

I don't believe opening certain parks to dogs will really help, it's already confusing about where you can take your dog and where you can't. And because dog-owners would concentrate on those parks that were opened up to us, and that could lead to problems. I think everyone has their own neighborhood park, and they want to be able to walk their dogs there, based on the comments I got. Personally, living downtown, I want to explore Eagle Point and Murphy Park with my dog without feeling like a criminal, and hang out in Washington Park.

If you see at the very end of my "objections" section, we talk about keeping dogs off of playground areas, picnic tables, etc. I think this would solve the issue. there.

I think we can handle it, just like every other major city in Iowa does. :)

Thanks again, Chuck. Have a great week!

Kate

Message	Last thursday a group of us dog owners went down to the river walk. we enjoyed it so much and the dogs enjoyed the change in scenery also. At the pavilion there was three older individuals sitting there enjoying the river and they said to us that we could be their "entertainment" for the nite. We did basic obedience and did not disturb anyone. There are good dog owners out there, please give us an opportunity to enjoy the many nice parks and trails dubuque has to offer.

Dear Mr. Harris,

I'm writing to you in support of the new ordinance that would allow leashed dogs in city parks.

We live on Valentine Drive, and Valentine Park is our closest park area. There are quite a few elderly residents on our street, and I've always thought it a pity that they cannot walk their dogs there, where the walks are nice, even and level. They have to walk on the side walks , which we all know are uneven and due to the "invisible fences" can be quite a nuisance, as dogs shoot out from nowhere, get right up to the side walk and bark at our leashed pets, which in my opinion should not be allowed.

Our house has a long street front with side walk, and we have lived here for 18 years. There used to be some very irresponsible people who would let their dogs poop anywhere and not pick it up, but there has been a remarkable drop in this behavior within the last 10 years. People have become much more used to taking bags and picking up – it's the normal thing to do now.

I've lived in and visited many places, including Ames, where dogs are allowed in all city parks. People walking with dogs were always respectful of those walking without and made room etc, and the whole atmosphere was nice and relaxed. For many years I've lived in Europe, and there dogs are welcome everywhere, including street cafes, at fair grounds and certainly parks. Every park entrance had doggie bag dispensers and trash cans, and dogs were so used to walking in sometimes very crowded situations, it made them much calmer and better behaved .

I believe Dubuque is ready to take a step forward and allow leashed dogs in all parks. We who pay to have our pets licensed and take them to the vet regularly know how to pick up after them, and do so. Please vote to make Dubuque more dog friendly, both for the tourists, and us who live here.

Respectfully Yours,

Isabelle Kirkendall

Message	I am a dog owner an am very interested in opening the parks for Dogs. I am hoping with the partial repeal that this will include the walking trails. I live a block away from the walking trail near 22nd street and it frustrates me that I can not walk my dog on the path. I am also frustrated that this will not included Eagle Point Park. There is really no reason, if a dog needs to be leashed. Why can they not be allowed in a park? Responsible dog owners would not interrupt a wedding or other formal event. Also, I lived in Minneapolis and Iowa City and not a single one of their parks or trails are off limits to pets. It seems to me that Dubuque can do a little better at being a dog friendly city. Thank you.

Message	I moved to Dubuque a little over a year ago and along with many of my neighbors and coworkers at IBM are hoping to see a change in the NO DOGS in the PARKS ordinance. Dubuque is a great family orientated place to live but is definitely behind the times when it comes to a dog friendly place. We pay for a license that comes with no benefits except that their name is in a database... The vet offers the same service... The Merriam - Webster Dictionary defines the word License below... noun \Ë^lÄ«-sÉ™n(t)s\ Definition of LICENSE 1 a : permission to act b : freedom of action 2 a : a permission granted by competent authority to engage in a business or occupation or in an activity otherwise unlawful b : a document, plate, or tag evidencing a license granted c : a grant by the holder of a copyright or patent to another of any of the rights embodied in the copyright or patent short of an assignment of all rights . I hope this message finds its way to the City Council and will be considered when voting on this issue... Thank you..

That's My Dog

July 27, 2012
Robin MacFarlane
President
That's My Dog! Inc
5110 Wolff Rd
Dubuque, IA 52002

Dubuque City Council members, Mayor Buol, and Mr. Van Milligen

I am writing in regard to the proposal to repeal the ban on dogs from our Dubuque City Parks. I spoke in favor of the action at a previous council meeting and also at the Park Commission meeting on July 10th.

First I would like to volunteer my expertise if the council has questions or wishes to discuss issues of dangerous dogs or other pertinent matters that may be of concern while reviewing this proposal. The City of Dubuque Animal Control Dept. has contacted me in the past requesting my opinion on various dogs and issues and I am happy to assist in this discussion as well, if needed.

Secondly I would like to address a few key concepts that were mentioned at the parks commission meeting that are concerning to me as a Dubuque resident and as a business owner.

At the July 10th parks meeting it was discussed that there should be "compromise" on this issue. That going forward Dubuque dog owners may be allowed to visit "some" of the parks with their pets but our "marquee parks" such as Eagle Point and Murphy Park should remain off limits to dog owners. It was additionally suggested that dogs now be banned from the River Walk area as well (Alliant Amphitheater to south end Pavilion) because it has become a "ritzy area and even weddings are occurring there"

I would suggest that the dog owners of Dubuque have more than compromised since this ban was enacted over 50 years ago. Since that time, licensed, tax paying dog owners of this city have not been

allowed to walk their dog through our city parks. Additionally, to think that some of the Dubuque parks may be more pristine and of higher value than places such as Golden Gate Park, The Grand Canyon National Park, Rocky Mountain National Park, and Central Park (all places I have walked my personal dogs) seems a bit arrogant and makes it difficult for tourists traveling to our city who are accompanied by their dogs. Eagle Point and the River Walk in particular are destinations that should be dog friendly as it offers some of the most desirable views of the Mississippi River that our area has to offer.

I am very aware that change is disconcerting and that there are those who do not like dogs at all and therefore do not wish to share public space with them. I am also aware there are irresponsible dog owners who may create some problems. However, I do not believe creating restrictions and regulations to guard against the lowest common denominator is what our city strives to do. If it is "too big of a risk" (as some mentioned at the parks meeting) to allow dogs in these areas I would certainly think going back to two way traffic on some of our city streets after 50 years of them being one way passages would be cause for enormous concern for public safety.

The problems of unruly dogs and irresponsible owners who do not clean up their dogs waste can both be addressed by holding accountable the responsible parties. This will likely mean some increase in manpower, at least initially. However, it is my feeling if rules are strictly enforced early in the transition the message will be clear what will or will not be tolerated. If after an initial trial period the problems are significant then I believe there would be just cause to reverse a decision. I don't believe that will happen however. In May of this past year I volunteered with the Clean up Downtown Project and specifically requested to be assigned to the River Walk area. Myself and 3 other volunteers found 2 piles of dog waste in the **entire** Port of Dubuque area. This is an area that is currently heavily trafficked with visiting dogs. Conversely we retrieved numerous soda bottles, cigarette and snack packaging and literally 1000 cigarette butts, totaling 3 large bags of trash.

Quite simply, the city of Dubuque is changing. No longer does everyone own their own property with plenty of back yard space to play with and exercise their dog. We continue to work toward

attracting business and newcomers from other municipalities who are already accustom to taking their dogs to the park. These new area residents are dismayed to find the rules are dramatically different here.

Please allow me to share a few statistics (copies of resources attached)
There are approximately 74.8 million family dogs in the U.S.
39% of U.S. households own at least one dog.
The pet dog industry is currently a 50 Billion dollar industry with annual numbers continuing to grow despite the economic down turn.
Dogs are the most common type of pet to travel with (78% - 85% according to various surveys)
Of a survey of owners who do travel with their pet when possible 64% said they are likely to lengthen their stay if pets are welcome.
The July 15, 2012 issue of USA today reports that 44% of dog owners will spend an additional $50.00 – $150.00 to be able to travel with their pet, 43% will spend greater than $150.00

The data suggests that this trend in pet popularity is going to continue to rise. Becoming more pet friendly is an issue the city will face sooner or later. Adopting small changes for a "wait and see" attitude only delays further discussion that will happen in the future as dog owners continue to press for their right to walk their dogs in our city parks.

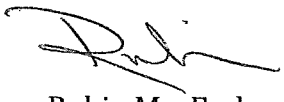
In regards to potential dog bite problems I would like to point out another statistic that 2/3 of bites occur on or near the victim's property, and most victims knew the dog. This bears out with my experience that dogs display the greatest likelihood for a potential bite when they are on their own property where they feel a sense of ownership (territorial)
Further it should be pointed out that when one is looking at dog bite statistics, a "dog bite" has a very broad classification and includes any tear of the skin caused by tooth or nail. This means that the statistics include puppy play biting, any nail scratch the tears skin, police canine apprehension bites, bites to dog professionals dealing with fearful or aggressive animals, accidental bites etc.

I am not attempting to suggest that dog bites are to be taken lightly or that our municipality should not be concerned, however I believe we have enforceable laws in place for dangerous or vicious dogs.

Individuals need to be held accountable rather than all dog owners being lumped into the "what could happen category" and therefore regulated against.

I hope the council will take this letter into consideration and vote in favor of repealing the ban on dogs in our city parks.

Respectfully,



Robin MacFarlane

States defiant, compliar — but mostly undecide

By Richard Wolf
USA TODAY

The Supreme Court's decision upholding Pr dent Obama's health care law but potent limiting its scope has created a stark polit divide among the nation's governors.

A 50-state survey by USA TODAY shows c Republican governors are refusing to expand M dicaid and only Democrats are vowing to expa it following the court's ruling that states can be penalized for failing to enlarge the progra More than half the governors are undecided.

The partisan gulf exposes problems for the law as it staggers from the 5-4 court decision, past GOP efforts to repeal it in Congress and toward a November election that could decide its fate. Wit out broad action by states, millions more Ame icans will remain uninsured, hospitals will fa continuing demands for uncompensated car and insurers may be forced to raise premiums.

▶ Sta breal

The survey found seven Republican governo refusing to expand Medicaid and 22 others doubt. Together, they represent nearly 10 millio people who were projected to join the program.

"While we absolutely need to address the cha lenges of the uninsured, expanding Medicaid ma not be the way to do it," says Utah Gov. Gar Herbert, a Republican. "Let's start this conversa tion over ... with the states at the table."

By contrast, 13 Democratic governors and independent Lincoln Chafee of Rhode Island

PET TRAVEL TRENDS AND STATISTICS

The Humane Society of the United States (March 2008)
- Approximately 74.8 million dogs and 88.3 cats live with families in the U.S.
- 39 percent of U.S. households own at least one dog and 34 percent own at least one cat

Travel Industry Association of America (January 2009)
- 14 percent of all U.S. adults (29.1 million) say they have traveled with a pet on a trip of 50 miles or more in the past three years
- The percentage of households traveling with pets increases during summer months when more families travel
- When traveling with pets, cars are the primary mode of transportation (76%), followed by RVs (10%), and airlines (6%)
- 29 percent of people traveling with pets stay at a hotel
- Dogs are the most common type of pet to travel with (78%)
- Other traveling animals include cats (15%), birds (2%) and either a ferret, rabbit, or fish (3%)

Survey of 400 Families With Pets Conducted by Lieberman Research Worldwide (August 2003)
- 78 percent of human companions consider their dog an equal member of the family
- 43 percent of travelers feel guilty about leaving their dog behind
- 37 percent of travelers would take dogs on more trips if more hotels were pet-friendly
- 75 percent said they would be more loyal to a hotel chain that accepted dogs, even when they weren't traveling with a pet
- 49 percent think about their dog 'very often' when they are away
- 94 percent of people with dogs said they ask how their dog is doing when they phone home
- 65 percent have brought a gift home for their dog following a trip

Hotel Online Special Report

Pet Travel Statistics Reported for Second Quarter of 2006

Knoxville, TN – September 12, 2006 - BringYourPet.com (www.bringyourpet.com), a leading pet friendly hotel and lodging directory continuously polls thousands of its Web site visitors, newsletter subscribers, and random households regarding their travel and purchase habits. All who participate in the surveys own at least one pet. A portion of the 2006 second quarter results are as follows:

- 82% stay at designated pet-friendly hotels or lodging each year.
- 75% take their pets with them when leaving town.
- 64% would be more likely to lengthen their stay if given the opportunity to travel with their pets.
- 85% travel with dogs.
- 6% travel with cats.
- 34% travel with dogs 50 pounds or more.
- 39% say it is 'difficult to find pet-friendly lodging'.
- 40% say their biggest grievance with pet-friendly lodging is it is difficult to find.

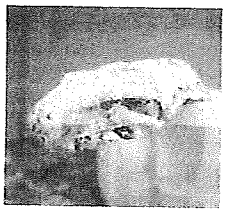
About.com Exotic Pets

American Pet Ownership Statistics

From Lianne McLeod, DVM, former About.com Guide

Numbers and statistics have always fascinated me. I found the following numbers particularly interesting, especially how many exotic pets are kept in the US and how much money is being spent on pets. Of course, the benefits of pet ownership make pets well worth the cost, and I think the numbers show that people increasingly treat their pets as a valued member of their families.



Boa Constrictor
Lianne McLeod

American Pet Products Manufacturers Association (APPMA)tracks consumer trends when it comes to pets. The 2007/2007 National Pet Owners Survey done by the APPMA found that pet ownership remains on the rise in the US. While dogs, cats, and fish remain the most popular, reptiles and other small pets are becoming more popular too. Here is the breakdown of the US pet population and a comparison to a couple of years ago:

- Reptiles - 13.4 million
  (11.0 million in 2006/2006 and 9 million in 2003/2004)

- Freshwater Fish - 142 million
  (139.0 million in 2006/2006 and 185 million in 2003/2004)

Source: AAPMA

Spending

According to the APPMA statistics on spending, Americans spend more on their pets year after year. Total pet industry expenditures in the US over the last few years are as follows:

- 2007: $41.2 billion
- 2006: $38.5 billion
- 2005: $36.3 billion
- 2004: $34.4 billion
- 2003: $32.4 billion
- 2002: $29.5 billion
- And for comparison, 1998: $17 billion

The APPMA reported the following breakdown for the areas in which money is spent on pets (2007 figures for the US):

- $16.2 billion for food
- $9.8 billion for supplies and OTC medications
- $10.1 billion for veterinarian care
- $2.1 billion for live animal purchases
- $3.0 billion for other services such as grooming and boarding

THE HUMANE SOCIETY
OF THE UNITED STATES

We're the nation's largest and most effective animal protection organization. more >>

AUGUST 12, 2011

U.S. Pet Ownership Statistics

The Humane Society of the United States

The following statistics were compiled from the American Pet Products Association 2011-2012 National Pet Owners Survey.

Dogs

- There are approximately 78.2 million owned dogs in the United States
- Thirty-nine percent of U.S. households own at least one dog
- Most owners (60 percent) own one dog

American Humane Association™
The nation's voice for the protection of children & animals

Dog Bites

Dog bite statistics

- An estimated 4.7 million dog bites occur in the U.S. each year[2,3]
- Nearly 800,000 dog bites require medical care[2]
- Approximately 92% of fatal dog attacks involved male dogs, 94% of which were not neutered[1]
- Approximately 25% of fatal dog attacks involved chained dogs1
- Approximately 71% of bites occur to the extremities (arms, legs, hands, feet)[2]
- Approximately two-thirds of bites occurred on or near the victim's property, and most victims knew the dog
- The insurance industry pays more than $1 billion in dog-bite claims each year[3]
- At least 25 different breeds of dogs have been involved in the 238 dog-bite-related fatalities in the U.S.[4]
- Approximately 24% of human deaths involved unrestrained dogs off of their owners' property[4]
- Approximately 58% of human deaths involved unrestrained dogs on their owners' property[4]

Breed-specific legislation (BSL)

- In response to these statistics, many communities have enacted breed-specific legislation (BSL) that prohibits ownership of certain breeds, such as pit bulls, Rottweilers and others.
- Any breed of dog can bite, and research suggests BSL does little to protect the community from dog-bite incidents.
- In fact, BSL can often have unintended consequences -- such as black-market interest and indiscriminant breeding practices -- resulting in subsequent breed overpopulation that leads to increases in the number of homeless, stray and euthanized dogs.
- Enforcement of BSL has been shown to be very costly and extremely difficult to enforce. One county in Maryland spent more than $560,000 maintaining pit bulls (not including payroll, cross-agency costs and utilities), while fees generated only $35,000.5
- Responsible breeding and ownership, public education and enforcement of existing laws are the most effective ways of reducing dog bites.
- American Humane supports local legislation to protect communities from dangerous animals, but does not advocate laws that target specific breeds of dogs.

Dog bites and children

- 50% of dog attacks involved children under 12 years old
- 82% of dog bites treated in the emergency room involved children under 15 years old[2]
- 70% of dog-bite fatalities occurred among children under 10 years old[5]
- Bite rates are dramatically higher among children who are 5 to 9 years old[2]
- Unsupervised newborns were 370 times more likely than an adult to be killed by a dog[5]
- 65% of bites among children occur to the head and neck[2]
- Boys under the age of 15 years old are bitten more often than girls of the same age[2]

What can parents do?

- Educate your children. Studies have found that the number-one dog-bite prevention measure is education. Children who understand how to act around dogs, how to play with dogs, when to leave dogs alone and how to properly meet a dog are much less likely to be bitten. To address this need, American Humane has created American Humane KIDS: Kids Interacting with Dogs Safely™, a dog-bite prevention program specifically for children ages 4 to 7.
- Supervise your children. Unsupervised children may innocently wander too close to a dangerous situation. Eighty-eight percent of fatal dog attacks among 2-year-olds occurred when the child was left unsupervised.[1] Supervision of children, especially around dogs, is one way to help ensure they are safe.

Safe rules of behavior for kids

Don't treat a dog unkindly.

- Never hit, kick, slap or bite a dog or pull on his ears, tail or paws.

Don't bother a dog when she is busy.

- Never bother dogs with puppies or dogs that are playing with or guarding toys, eating or sleeping. Always leave service dogs alone while they are working.

To learn more about the topic of dog bites, click here to read *Dog Bites: Problems and Solutions*, Janis Bradley, an Animals & Society Institute Policy Paper.

What is a dog bite?

"What is a dog bite?": the question seems simple enough. Most of us would describe a dog bite as an incident where a dog deliberately inflicts an injury to a person. However, animal control and public health departments consider any incident in which a dog's tooth or nail breaks a person's skin - regardless of the circumstances or any characterization of the dog's intention - to be an animal exposure that merits their notice.

Based on this definition, animal control and public health departments classify *all* of the following types of animal exposures as dog bites:

• *Nips* from playful puppies.

• *Scratches* from a dog's nail.

• *Scrapes* from a dog's tooth.

• *Accidental bites* by dogs.

• Bites from injured or ill dogs receiving assistance or comfort from Good Samaritans (e.g. dogs hit by cars).

• Bites by working K-9 dogs delivered in the performance of police duties.

• Bites delivered to canine professionals such as veterinarians. These may have occurred under extreme duress, such as if the dog was in pain or otherwise unable to control its behavior. (e.g. a vet tech bitten while removing intubation tube from a dog's throat)

Dog Bites and "Statistics"

Dog bite statistics include a range of types of dog bites. The vast majority are not severe enough to warrant a trip to the emergency

Reading Suggestions

Good afternoon, my name is Jim Kress. I live at 3090 Keokuk St. in Dubuque. I am here again to speak to you about the issue to allow dogs in our city parks and to present a petition to you against this request. The petition is still active as we have only been collecting names for just over a week. We have been letting non residents sign also as tourists have been brought into the equation. Their response is, "Oh no don't let that happen."

I am not going to dwell on the subjects of dog bites, sanitary issues and loose dogs, which I am sure you are all aware of.

The sliding boards, teeter totters, and merry go rounds, have all been removed because of safety issues. The swings are still there, but the wooden seats have been replaced with a softer one to prevent injury. The wading pool no longer has water in it due to health issues. Allowing dogs in the parks would be going against everything we have already done to make it safer for children. In the late 70's Eagle Point Park become not family friendly and the one dollar admission fee was instituted and turned the park into a family park again. I believe allowing dogs into the parks will once again keep families away from the parks.

Who will enforce the leash ordinance? The Park Ranger does not come on duty until 4:00PM. Any calls to the police department will receive a low priority and answered when they have time. Has anyone asked the park maintenance workers how they feel?

Keeping the ban on dogs in city parks will not be detrimental to the city of Dubuque. Dubuque has attracted many new businesses to our city with the dog ban in effect, and many more local businesses have expanded. The Port of Dubuque was developed with tourists in mind, so apparently the ban has not affected tourism. The Dock Dog Competition signed a three year contract with the ban in effect.

Dubuque has been awarded the status of being an All American City, so why are we trying to follow what other cities are doing. Shouldn't they be following what we do?

Allowing dogs in parks will cost money is there even any money available for this? I believe the second dog park is waiting for the funding to be available before it can be established.

It has been mentioned to use the dog registration fee, but isn't that money earmarked for the Humane Society and the animal control office, which is already on a tight budget. Does the animal control officer even work on weekends?

Dogs are already allowed on many of the trails, and A.Y. McDonald Park in Dubuque.

Has anyone done any research on the reason why pets were banned in 1969?

Don't allow dogs in our city parks. The safety of children is first and foremost for me.

Don't try fixing what isn't broken.

Thank you.

Hello again. I am Jim Kress, I live at 3090 Keokuk St. in Dubuque. I have been out talking to people and getting signatures from people who are using the parks and Farmer's Market. Very few people have been in favor of changing our current ordinance to allow dogs in our city parks and want to keep our parks dog free. Please listen to them. People can take dogs to A.Y. McDonald Park, Miller Riverfront Park, Bergfeld Pond, the dog park, and all the bike paths and walking paths in Dubuque. So there are alternatives. I talked to John Hale, our former Park Superintendent, and he has also signed my petition and told me a story to pass onto you.
When the Superintendents from across the state would come to Dubuque for their annual conference at Eagle Point Park, they all thought it was a good idea that no pets were allowed in our parks and would love to be able to do the same in their city parks. I also talked to a woman who runs a Day care and said when she takes the kids to Flora Park to play, she has to take bags with her to pick up dog droppings before she lets the kids play. And this happens while dogs are not allowed in parks. I attend the Sunday night music at Marshall Park and people will call out to me to bring the petition to them to sign. Many people who have signed, told me they are dog owners and that dogs do not belong in city parks.

Thank you

RE: Dubuque Ordinance 10-5B-4

Dear Dubuque Park and Recreation Commission:

My family and I believe Dubuque Ordinance 10-5B-4 is appropriate for the safety and welfare of residents using the park system, and that the policy should continue to be enforced as currently written. I would like to share with you why we feel this way.

A few years ago my then five-year-old triplet daughters and I were enjoying a lovely day at A.Y. McDonald Park. I was seated on a picnic blanket while my children were playing on the nearby equipment. Too soon, however, this happy spell was broken when a father, two children and unleashed Rottweiler came bounding over to play.

Two of my daughters have never taken to large dogs, so when they saw the Rottweiler, they naturally panicked and ran to me. The dog, in turn, barked and chased them, jumping at the traumatized little girls. I was beside myself in fear wondering which one I could protect.

I screamed at my daughters to freeze, but of course they couldn't. Finally, the father got control of the dog and secured him with a choke collar. He apologized by saying his dog was always good around his kids.

I could have pointed out that dogs—especially unleashed dogs—were not allowed in the park and that owners were subject to a fine. But I let it go. I wasn't in a position to argue with a physically intimidating man, barely holding back his worked up, instinctively- aggressive pet. All I could get out was that many kids have a real fear of dogs.

This traumatic situation still haunts us to this day. Despite training by Two-by-Two, my daughters remain terrified of dogs. Even so we continue to enjoy all of Dubuque's scenic parks and have been active participants in many Leisure Services programs, including Tot Lot, Play Lot, Tennis and Art. But if you amend this ordinance to permit leashed animals near our playgrounds, it could result in a situation where kids are afraid to play at the park. That, we believe, would be among the most tragic results of all.

Thank you for considering our appeal.

Sincerely yours,

Liz and Mike Schmid
Dubuque, IA

Subject: Dubuque Ordinance 10-5B-4 To Remain as Is
CC: "Mike Schmid" <mschmid@cesco.com>
Attachments: Park & Rec Letter.docx

Dear Park & Recreation Commission: I understand that you are investigating whether to allow leashed dogs in city parks. My family and I are not in favor of this measure, and I have explained why in the attached letter. A copy of this will also be sent to the City Council.

I am available to discuss the matter with you if you need additional information.
Thank you for your consideration.

From: Leonard Diederichs, 1870 Carter Ct., Dubuque
Subject: "Petition" to amend dog ordinance

I'm opposed to the thought of amending the current well crafted ordinance dealing with dogs in the park. Ms. Lydon's request for a change represents more of a business interest than a community interest in my view.

Collecting 700 names from around the country hardly seems a groundswell of support with the expanse of the internet this is a small showing.

The enjoyment of a park visit with dog droppings and dogs running loose would surely be diminished. Yes assessing fines sounds good but with no police presence to enforce them is little help.

Please don't allow a special interest to intrude on the community good.

Sincerely,
Leonard Diederichs

Message	We would just like to go on record to say keep the parks pet/dog free. Eagle Point Park is the one place in town where we can take a walk with out fear of barking/lunging dogs. In the winter people tend to bring their dogs in and they almost never keep them leashed. Unless someone is there to monitor the situation stiff fines are not going to fix problems or will end up costing $ for "policing" of dog owners. Thank You! We LOVE Eagle Point Park in particular!

Marie:

Gary Schroeder sent me the below e-mail expressing his thoughts on dogs in parks, as a former park ranger.

Gil

-----Original Message-----
From: dprangerp1 <dprangerp1@aol.com>
To: spencedufus <spencedufus@aol.com>
Sent: Wed, May 23, 2012 12:52 pm
Subject: DOGS IN PARK

Hi Gil,

I don't know if you are still being consulted about dogs in the park, but if you are, these are my thoughts:

I saw the girl on the news who is pushing for this. She told the reporter that she thought it unfair that dogs were not allowed in all parks as she paid the license for her dogs and also paid her property taxes. She said that it should be up to all dog owners to police themselves and fellow dog owners if they do have the dogs on a leash or pick up after them. Herein lies a potential for a big problem.

If I am walking my dog and see another person who has an unlicensed, or unleashed dog, or fails to clean up after their dog, and I confront this person about the situation, what happens next? In most cases I would be either be ignored, told to mind my own business or get a punch in the nose. If the person who was not doing these things was responsible or cared, I would not have to say anything in the first place. It is the person who does not care who poses a problem.

I see this approach as being very confrontational and leading to either a verbal or physical altercation or both. This will just be another thing that law enforcement has to respond to and will take away time that could be better spent elsewhere to resolve these issues. I also feel that with the added duties that the park patrol has had put on them recently, that they don't need further duties of checking for dog licenses and permits on every dog that is brought into a park.

After many years of working as a park patrol officer I have seen numerous altercations

develop simply because someone told someone else that what they were doing is wrong and they should quit doing it. Therefore, I think well enough should be left alone and just allow dogs where they are now, and leave our major parks for the people to enjoy without stepping in it, getting bit or watching the fights that could stem from this idea.

These are just my thoughts on the matter.

Gary

Message: I am voicing my displeasure with the possibility of having city parks open to dogs. This would essentially make every park in Dubuque a dog park! We live in a neighborhood with 10 dogs and have to tolerate the barking and excrement in our yard. People have a right to have their pets on their property but I pay city taxes so I should not have to tolerate other residents animals in our parks. Our grandaughter has a fear of dogs so that will inhibit her ability to enjoy the parks. My husband and I recently walked the river walk and had to avoid piles of excrement left by pets so that shows how responsible some pet owners are. Also, we go to farmer's market and that has turned into a pet experience. Please I implore not to allow are parks to be open to pets. Thank you.

City of Dubuque
Attn: Marie Ware
Leisure Services
2200 Bunker Hill
Dubuque, IA 52001

Regarding: Dogs in city parks, leashed and loose

The Dubuque Arboretum and Botanical Gardens Board of Directors would not approve of dogs in Marshall Park.

This is an arboretum and botanical garden.

Dogs mark their area and this would be hard on the plants.
Dogs digging in soft soil in our flower beds would do damage to the plants.
Dogs leave feces and it is very unsanitary for our visitors.

On May 20, 2012 we had a children's party with about 1,000 + children, parents, and grandparents. This would not mix well with dogs running free or on a leash. Sometimes we have visitors who are afraid of dogs. Some people have told us that they prefer to walk in the arboretum because it is a dog free area.

We feel that this arboretum and gardens are a unique attraction for the city of Dubuque and we hope to continue it in the future.

Sincerely,

Jack Frick

This letter is about allowing dogs, leashed and unleashed, in city parks. I retired to Dubuque nine years ago, because it had many things to do including many parks in which to walk and spend leisure time.

I enjoy walking the River Walk although many leashed dogs are walked there. You can tell by the feces on the grass and walks, more in the winter. I have had dogs as pets but have none now as I have many allergies. Dogs coats can carry pollen, dust, mold, etc.

I volunteer at the arboretum and have seen the dogs there in the winter. People will pull into a parking place and open the door for their dog. They don't even get out of their car. We have many visitors, including children. Some of them love to go barefoot in the lush grass. If dogs are allowed in the gardens, how can the areas be kept sanitary for visitors. The Lions Play Area has a sand floor where the playground equipment is. When I had a dog, she loved to dig in the soft garden soil. I can tell you that kills the plants!

If allowing dogs in the parks is necessary, there should be a larger fine and strict enforcement for those who don't cleanup after their animals. Many of us will have to do more of our walking inside the mall as being near dogs is not an option. Walking outside in the fresh air is good for overweight Dubuquers.

I chose to retire to Dubuque because it had many opportunities for entertainment. It has many places to go with friends, some free some not. The Dubuque Arboretum and Botanical Gardens is one of the best free places in the Dubuque area.

Marie

Just to follow up with this mornings phone call :
There are many miles of city sidewalk to walk dog.
There is a certain number of dog owners that will not pickup after their pets.
Ask the care takers at Linwood cemetery about this idea. They used to allow dog walking.
Is there extra cost to the city ? For bags and extra garbage pickup. Or will the dog waste sit in the hot sun and garbage can for a week .
If so how does that fit in with the Mayors sustainability plan ? They are talking about taking plastic bags out of the grocery stores
How can you enforce this. You can only do something if it is seen by a park ranger. What about after hours or after the parks close for the season.
I own a dog and I do not expect the city to provide anything for me and my dog. The cost of owning a dog are 100 % mine
Walk along the flood wall or along Asbury and Carter by the Sisters of the Presentation. Prof that not all pickup after there pets.
I know you have over 400 names on a petition. But there are approx 65000 people in Dubuque. How do the other 64600 people feel.

I am asking that you leave the no dog allowed in the parks as is. And strongly enforce it. The rule is being broke already. Please feel free to share these thoughts with the park board.

June 5, 2012

Hello, Marie –

I will make short my weigh-in on the issue of allowing dogs in parks. My perspective is fresh; my husband and I returned recently from a trip to NYC to babysit our son's family dog for ten days. They live in Park Slope, a brownstone neighborhood where response to city laws is probably about as good as it gets. What's more, nearly everyone has a dog. During the daylight hours (when people are watching), "pickups" are pretty good. We noticed, however, that when we took the dog out for its first morning walk, there was a lot more dog litter around (pickup is not so good when it is dark). This happens when there is a $250 fine for not picking up! (See enclosure) I am amazed at the amount of dumping off unwanted things, using the Arboretum dumpster, stealing, etc., that goes on at the Arboretum. Of course, there is often nobody around to observe these actions, so they happen. When animal actions can damage plants and when the area where the music presentations take place could be fouled, to name just a couple of reasons, I am against this change in the law.

Please add my voice to the "No changes."

Thanks,

Mary Reuland

Commissioner Doherty urges New Yorkers to comply with the Pooper-Scooper Law and clean up after their dogs

DOG WALKERS RESPONSIBILITY
Respect your community
By John J. Doherty, Commissioner of Sanitation

All of us take pride in keeping our homes clean and in good repair. Keeping a home clean is an every-day effort that requires constantly picking up after ourselves and reminding our children to do the same. When we visit our friends, we're also careful to treat their homes as our own and make a point of cleaning up after ourselves.

This is why average New Yorkers are both puzzled and outraged by the inconsiderate attitude of those who fail to pick up after their dogs, creating obstacles on our streets and sidewalks where every step carries a potentially unpleasant surprise. We all feel that those who fail to comply with the pooper-scooper law show a complete lack of respect for their neighbors and our communities.

The "Pooper Scooper" law -- officially known as Section 1310 of the New York State Public Health Code – became law in New York City on August 1, 1978. With its enactment, the Big Apple became the first major American city requiring dog walkers to be responsible for picking up and disposing of their dog's waste. Many other cities across the country – and around the globe – have since followed suit with similar 'pooper scooper' laws.

We all know the MO of those flouting the law. They walk their dog, and when the pooch gets the 'call of nature,' they stand by trying to look casual -- all the while carefully looking left and right, checking for possible witnesses. Even before their dog has finished its business, it's apparent they've decided not to bother to clean up after it. They think that what they do is no big deal…unless they themselves step into another lawbreaker's mess!

Sanitation's enforcement agents have a very different view and consider failure to pick up after a dog a punishable violation of the law. And while selfish dog walkers react with some embarrassment when getting caught in the act by their neighbors, they always seem to mind when embarrassment turns into a fine.

The fact is that -- whether scofflaws choose to acknowledge it or not -- failure to clean up after your dog is a violation of a State law and it carries a **fine of $250.**

I'm proud to say we've made New York City the cleanest it's been in over three decades. However, no matter how much our dedicated Sanitation Workers clean or merchants and residents sweep their sidewalks and pedestrians comply with Sanitation regulations, inconsiderate dog walkers can spoil a clean block, not to mention a pair of shoes, with their blatant disregard for the law, turning their fellow New Yorkers' daily walks into a challenge. With that in mind, the Sanitation Department's ongoing citywide outreach and enforcement efforts aim at increasing compliance with the "pooper scooper" law and, when necessary, impose fines.

It's time for all responsible dog walkers to make sure they clean up after their pets and keep them on a leash, and for all New Yorkers to reclaim their streets, sidewalks and parkland. The simple pleasure of long walks with no unpleasant surprises along the way, and most particularly… under foot , must be preserved.

The bottom line is that canine waste is not only an unsightly nuisance, but it can also pose health hazards when it's not cleaned up.

To report issues of canine waste in your area, call 311. We'll send our Canine Enforcement Agents there to try to catch these inconsiderate lawbreakers in the act. Remember: It is important for everyone to be a considerate neighbor. Respect your community and pick up after your dogs.

ORIGINAL

6-512

I grew up on a farm and love animals, but I am opposed to allowing dogs in our city parks (if allowed, I hope dogs are totally excluded from Eagle Point Park). I have many concerns about dogs in our parks. Dogs will

A. Interrupt enjoyment of special events

1. Dogs will bark during concerts or weddings, e.g., Tri-State Wind Symphony (certain instruments cause dogs to howl).
2. Dogs will interrupt concentration at a music performance or a wedding, no matter how well behaved the dog. Even well-behaved dogs tend to bark when seeing other dogs or animals such as squirrels.

B. Create problems with hygiene and safety

1. Dogs will contaminate eating areas near and inside pavilions and near picnic tables. Dogs for most people do not belong at the "dinner table."
2. Dogs may startle and cause accidents for unsteady ambulators and those using assistive devices. (I recently had a relative fall and was injured due to a dog.)

C. Diminish opportunities for peace and beauty

1. Dogs will spoil the park for those (like me) who go to the park for peace and quiet and enjoyment of the outdoors (it is one place I can get away from the barking dogs and unleashed dogs present in my neighborhood).
2. Dogs in the park will mean I can't walk without careful attention for dog feces. Many people never clean up after their dog has soiled the ground.
3. Dogs will pollute areas of the park with unsightly clumped (urine-soaked) grass.
4. Dogs may sniff people and jump on them. This happens to many people currently while walking on sidewalks. Not all people love dogs and want dogs sniffing or jumping on them. Dog owners just smile and say he/she won't bite and don't realize the dog is not welcome that close at any time and especially if the dog has dirty paws.

Not all dog owners will follow the rules (leashing and cleaning up). Rules are useless unless they are enforced; this will be costly if done adequately. Currently on city streets some dog owners just carry the unattached leash. I have not yet seen a dog owner leash his/her dog when I indicate that the dog should be leashed, no matter how courteously I express it.

Enforcing the rules adequately when allowing dogs in our parks would be costly and I'm guessing unlikely to happen. In the short time I was at Washington Park for Dubuquefest where the sign indicates No Pets, I saw more than a dozen people freely walking their dogs, and many stayed in the park with their dogs for extended periods. Since the current rules are not being enforced I doubt enforcement would occur with more access. I am opposed to my tax dollars paying for the policing and cleaning up that would be necessary if dogs are allowed in our parks. Our parks should be first of all for people. Please keep our parks quiet, safe, clean, and beautiful for the many people who use them. Dogs and their owners already have most of the city available. We already have to listen to dogs barking while we are in our homes; why should dog owners be allowed to spoil our parks? It is not progress or moving forward by allowing dogs in all of our parks, as suggested by some, but would be moving backward. Just because other cities allow it does not mean it is the right thing to do for our citizens and taxpayers. Our parks without dogs are more welcoming for people.

June 7, 2012

Marie Ware
Manager, Leisure Services
2200 Bunker Hill Road
Dubuque, IA 52001

Dear Marie,

As a member of the Green Team at the Dubuque Arboretum and Botanical Gardens, I was surprised to learn that the request to open up Dubuque parks to dogs would include the arboretum! I am a dog owner myself, but I have *never* considered bringing him to the arboretum. And I certainly don't want to have to watch out for other people's dogs while I am there working.

Our botanical garden is not a "park" like the others. It contains many collections of special--and sometimes rare--plants, which visitors come to learn about and photograph. Mowers and other heavy equipment operate almost continuously at one site or another on any given summer day, and several weddings take place every weekend, not to mention other special events. We struggle to keep the plants watered, weeded, and undamaged by insects and wild animals. We don't need them "watered" by every dog that comes by, as dogs will do. And we certainly do not have time to pick up dog waste *or* patrol for the inevitable violators of the pickup rule. There will be no way for civilians to enforce that rule, and lazy dog owners will realize that.

Thank you for considering these points as the decision to open up the parks to dogs is made.

Sincerely,

Kennie Harris

Message	I have a concern about allowing dogs in our beautiful city parks. This could open a can of worms that will become a bigger issue than our city would want to have. There are safety concerns, cleanliness concerns and annoyance concerns.. Most dog owners are conscientious about limitations with their dogs, but too many others would abuse this priveledge

June 11, 2012

Park and Recreation Commission

2200 Bunker Hill Road

Dubuque, IA 52001

Dear Commissioners:

My purpose in writing is to comment on the Dogs in the Parks issue you are dealing with. It seems dogs have taken a great deal of time over the years as dog owners are very passionate about their pets and other citizens do not want to be impacted by their dogs.

Not allowing dogs in parks has always been a health and safety issue. Picture Eagle Point Park on a busy weekend where 2,500 people are in the park and 500 of them have a dog with them. You call your 3 year old children for lunch and the trip and fall in dog waste. Or picture that same 3 year old walking up to what appears to be a friendly dog and the dog is spooked and bites the child. Or think of you going to a park for a quiet picnic and a dog is there barking the entire time you are attempting to have this quiet lunch. All of these three examples are not only possible, they are likely to happen at some point.

There are many good dog owners that control their pet and would pick up after them but there are also many not so good dog owners. People have a right to own a dog but they do not have a right to take that dog with them anywhere they want to. Other cities may allow dogs in their parks but few cities (if any) have a park like Eagle Point Park. The quiet enjoyment of our parks will be very much be impacted by allowing dogs in them.

No dogs in the parks has long been the policy and for good reason. We have had complaints over the years but very few. Out of town users have understood the policy and kept their dogs in their vehicle while they visited the parks.

I urge you to continue the policy of not allowing dogs in our parks.

Best wishes,

Gil Spence

Message	Please vote no to allowing dogs in more parks. We were in Eagle Point Sunday and it was very crowded. If dogs were allowed, it would have been complete chaos; with possible danger of dog bites and fights. This would open up many more problems. It would also drive many people away from the parks.

PETS IN PARKS ISSUE
comments by phone

today's date	last name	first name	address	phone	comments
06/11/12	Westemeyer	Donna			Mayor is gung ho on keeping city green - so Donna thinks if they allow dogs in parks we won't have a clean city. What is more important, clean or green? Has heard many comments about how horrible dog feces is at beautiful river walk-getting really out of hand. Don't want to listen to all the barking - make more dog parks and keep the regular parks for people only. She has walked through Flora Park grass areas and there is dog feces there now and there aren't even supposed to be dogs in that park.
06/11/12	Wickham	Tom	Peosta, IA		Stopped in person at Bunker Hill. IS in favor of dogs in parks.

Message	I am concerned about letting dogs into our city parks. Our parks now are so beautiful and well kept, do you want these parks go to the dogs? You know when these dogs need to go, they'll lift there leg and urinate on the first bush or flower that they see and it will burn out and die. His owner has no control over that. Don't get me started on the solid waste. Did you walk the flood wall, McDonald's Park and the bike path and see the dog's waste there? Our parks will look just like that. By leaving the dogs into the city parks, is the city responsible for dog bites, this will happen. Will this increase our city parks budget by replacing bushes, flowers, sod and other damage that these dogs will do? I thought the city had a dog park and the Humane Society will have one also at their new location. Now no pets are allowed into the parks. By passing this ordinance will this allow all pets into the parks?

Message	I am very concerned about dogs in our city parks. Not all dogs have been to school at That's My Dog. Already this spring, my husband and I have seen dogs running lose at Eagle Point Park. I worry about my grandchildren running and playing and stepping in dog waste or worse yet being attacked by a dog. If dogs are in our parks, the city better have more park officers to control the barking and fighting. Better yet, let the families have their parks and the dogs have theirs.

Message	Please no dogs in parks. 1.My son was bitten twice in his life before he was 8 years old and is deathly afraid of dogs. 2. There are many responsible dogs owners in town but there are also many irresponsible dog owners. I 'd hate to see our beautiful parks littered with dog droppings. 3. Our parks should be safe for children and humans. We pay the taxes to keep them clean and safe. It would be a shame if dogs were left to run and children were afraid to play. 4. Would the city be responsible legal for dog bites or would the owner? 5. What additional costs would the city incur if they has to hire someone to clean up after the dogs? 6. If many cities already allow dogs in parks then our dog owners should go there. I drive by the dog park every day and it seems like an appropriate space for dogs, safe and clean. 7. An article in the Telegraph Herald,two pages after the dog article this morning, is about a dog attack in WI. Ask that person how he feels about dogs in parks. 8. Parks are a place to relax not a place to worry about a dog biting you. Dog owners know that dogs aren't allowed in parks, if they don't agree with that rule then they shouldn't get a dog.

Eileen Trimble - Fwd: Dogs in parks

From: Marie Ware
To: Trimble, Eileen
Date: 6/19/2012 6:53 AM
Subject: Fwd: Dogs in parks

To add to the file for Commis and Council.

>>> Janann Sjobakken <jrssjo@me.com> 6/18/2012 9:35 PM >>>
We are writing to voice our concerns about the latest news which is considering allowing dogs in our city parks. Our thoughts are first and foremost for the safety of children around dogs who have owners that do not comply with the leash law. How many park patrol will be there be to assure compliance?
Second, owners that do not clean up after the animals, and the health consequences....same compliance issue.
Third, barking.
Fourth, city liability that we pay for as homeowners and taxpayers.
We cannot believe that visitors expect to bring their dogs to our city parks, or that they feel rejected or offended because it is not allowed.

Thank you for allowing us to voice our concerns,

John and Janann Sjobakken

Marie. Another thought I had. What if a family is having a picnic at the park and bring there dog and have it tied to a picnic table while they are near by and the dog is barking. Just another unpleasant situation for the people living near by. I have heard rumors of a compromise. Please don't. Please leave it as is. There are lots of places to walk a dog. Let's leave the parks as pristine as possible. Thank You.

I won't be able to attend the meeting Tues. aft., but I am totally opposed to dogs or pets in the parks. Dogs have their own park which I don't resent one bit, but they do not belong in our parks. There is no way to monitor the behavior of either the dogs or their owners. It is bad enough they are allowed at the farmers market, but I accept that, but please, please, please keep them out of our parks. People who are not dog lovers should not be forced to put up withl them in the park.

Attn: Park District Board, Leisure Services Department

ORIGINAL

Re: Permitting Pets in Dubuque Parks.

I have worked for almost ten years as a seasonal employee for the Leisure Services Department. I understand that some individuals wish to have existing policy changed so that they may bring their pets into Dubuque parks.

Please take no action.
Please maintain the status quo.
Spend no more time on this issue.

Once the rules are extended to allow dogs in parks, many owners will be bending to the rules further and allowing their dogs off the leash. I already see too many dogs off the leash in areas where dogs are permitted, particularly the trail on the levee along the Peosta Channel. The grass alongside the trail by the Channel Inn is covered with dog turds.

Throughout my lifetime, I have seen unresponsible behavior by dog owners. Even when I asked them to control their dogs, the response is usually silence. I ask that the Board also remain silent on the issue of pets in parks. Please do not take any action in response to their request to permit pets in parks. Many dog owners make no communication other than stating "he won't bite", and stand motionless while their dog chases me.

Each summer, I have worked at Flora Park as the Supervisor of the outdoor volleyball league. I believe that permitting dogs in Flora Park would be detrimental to a large scale gathering such as the Leisure Services volleyball league. I expect that there will always be a couple people that will bring their dog(s) to the park for extended periods of time. Even if the dogs do not bite, they will likely be barking while others are at the park to enjoy other activities.

I do not recall ever seeing a dog turd in Flora Park. If dogs are permitted in Flora Park, there will be turds left behind. I wish to continue employment at Flora Park in such an environment that is free of dog turds and barking dogs.

If dogs are going to be allowed in any parks, please consider a ban specific to Flora Park, which has heavy use by non-dog owners for activities such as horseshoes, volleyball, pickleball, tennis, and swimming.

Sincerely,

Steven M. Fuchs

GOOD AFTERNOON. MY NAME IS JAMES KRESS I HAVE BEEN A CITZEN OF DUBUQUE AND LIVED AND WORKED IN DUBIQUE ALL MY LIFE. I HAVE LIVED AT 3090 KEOKUK ST. SINCE 1969, I AM NOW RETIRED AND HAVE USED THE CITY PARKS ALMOST ON A DAILY BASIS. WALKING AND PICNICKING WITH MY FAMILY ON WEEKENDS AND HOLIDAYS. PLEASE DO NOT ALLOW DOGS IN THE CITY PARKS.

THERE ARE NUMEROUS REASONS WHY NOT TO ALLOW DOGS IN CITY PARKS. THE FIRST ONE BEING DOG BITES. AND NOT EVERYONE PICKS UP AFTER THEIR DOG. IT IS A MESS TO CLEAN OFF SHOES AND IF YOU NEED EVIDENCE JUST WALK THE PEOSTA CHANNEL FLOOD WALL, GRANDVIEW AVENUE, McDONALD PARK, MILLER PARK, EVEN THE RIVER WALK AT THE PORT OF DUBUQUE. OR JUST WALK THROUGH ANY NEIGHBORHOOD IN DUBUQUE. NOT ALL DOGS ARE ON A LEASH. NOT EVERY DOG HAS ALL THE SHOTS REQUIRED AND NOT EVERY DOG IS REGISTERED WITH THE CITY AS REQUIRED. IT IS NOT A GOOD IDEA TO PUT PIT BULLS, ROTTWEILERS, GERMAN SHEPHERDS EVEN SMALL DOGS WHERE CHILDREN PLAY.

EFFICTIVE JAN. 1, 2012 LINWOOD CEMETERY AND MOUNT CALVARY CEMETERY NO LONGER ALLOWS DOGS IN THE CEMETERY DUE TO NON COMPLIANT OWNERS.

I GOOGLED DOG BITES IN CITY PARKS AND HAVE PRINTED OFF A NEWSPAPER REPORT FROM NEBRASKA DATED MARCH 12TH, 2012. THE NEBRASKA HUMANE SOCIETY HAS REPORTED FIVE DOG BITES IN CITY PARKS IN TEN DAYS, IN THREE OF THE INCIDENTS THE DOG OR OWNER HAVE NOT BEEN LOCATED. THERE ARE MANY STORIES ON THIS SUBJECT BUT I JUST PICKED ONE.

IF YOU CAN PREVENT ONE CHILD FROM BEING BITTEN WHILE PLAYING IN THE PARK YOU WILL HAVE DONE A GOOD JOB. KEEP OUR CITY PARKS SAFE FOR EVERYONE. PLEASE DO NOT ALLOW DOGS IN OUR CITY PARKS.

THANK YOU FOR YOUR TIME

Update: Dog Bites In Public Parks

The warm weather has sped up the time table for a number of events, some good others not so good.

The pollen "explosion" is weeks ahead of schedule but many are weeks into their outdoor workouts and dog bites in the area are at mid-season levels.

Lucky, Molly and Buddy know exactly where they are and like most dogs, can't wait to be unleashed and set free inside Hefflinger Dog Park.

Maureen Krejci says, "Whenever it is a nice day we bring them here because it is great for them as well as they sleep."

The dogs love it and it burns off any excess energy so they're more obedient but Maureen and Devyn enjoy this time almost as much as the dogs.

Unfortunately some of the more recent dog outings have resulted in injury. The Nebraska Humane Society reports five dog bites over the past ten days.

ADVERTISEMENT

Mark Langan says, "The vast majority of these situations could have been prevented. One, by people not allowing there dogs to run around loose in parks and two, by those people who have their dogs on a leash, be cautious of little kids running up to pet those dogs."

They're common sense rules that some people may have forgotten. Maureen and her fiancé remain vigilant while the dogs are interacting with any other person or animal.

Maureen says everyone should.

Maureen Krejci says, "I would definitely tell the parents to watch out for the child and if they are near a dog teach them the proper way to go up to a dog. Don't approach a dog, put your hand out and let the dog come up and sniff you first."

Any other approach and the dog may become scared or feel threatened.

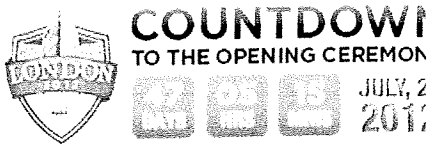
Maureen Krejci says, "Seems like all dogs are very social whether it is with people or with other dogs they are all very social."

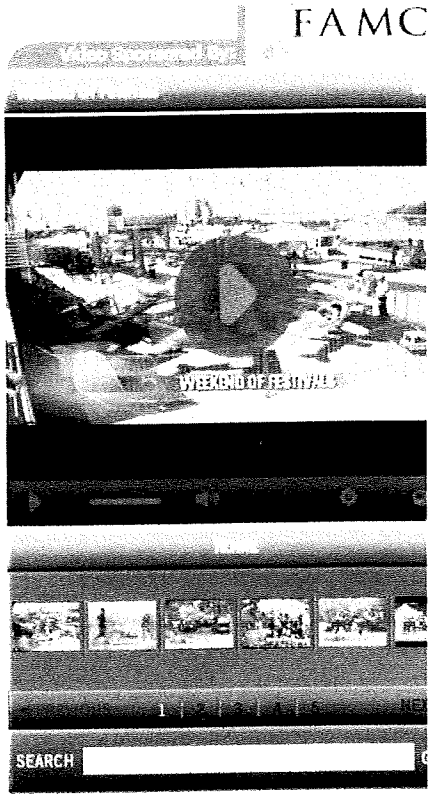
But you have to let dogs warm up to others at their own pace.

Langan says even though the bite may be traumatic someone should get the dog owner's information at the scene. That will help the Nebraska Humane Society follow up on the status of shots and licensing for the dog as well as check for any prior incidents.

Here's a recap of dog bites in parks, in the past 10-days:

3/5/12: A five-year old boy was walking in Gifford Park, 33rd and Cass Street, when he went to pet a large black and white dog that was being walked by a male. The boy asked if he could pet the dog and the owner said yes. The large dog jumped and bit the boy on the lip. The owner of this dog has not yet been





located.

3/7/1: A twenty-year old male was in Hefflinger Dog Park at 114th and West Maple when his dog and a black German Shepherd began fighting. Both the twenty-year old and his dog sustained injuries. The owner of the Shepherd has not yet been located.

3/10/12: Two adults were in Miller Park, 30th and Redick, when a large dog, possibly a Border collie, ran up to them and bit them on their hands and wrist. The dog was running stray in the park. This dog has not yet been located.

3/13/12: A five-year old girl and mother were in Aspen Park, 7300 South 53rd Street. A man was walking a dog, unknown breed. The child ran to pet the dog, and the dog bit her near the left eye and on a finger. Neither the dog nor the owner has been located.

3/14/12: A three-year old female was with her mother in Conoco Park, 84th and Papillion Parkway. A dog (Dalmatian/Dachshund mix) was tied to a tree, near its owners. The 3 year old girl was given permission to pet the dog, and when she did the dog jumped and bit her in the chin. This dog was located, and is current on rabies vaccinations.

Kevin Firnstahl - Motion to Reconsider Dogs in Parks

From: Ric Jones
To: Firnstahl, Kevin
Date: 3/6/2013 5:38 AM
Subject: Motion to Reconsider Dogs in Parks
CC: Buol, Roy; Van Milligen, Mike

Good Morning, Kevin.

This is a formal request that reconsideration of the proposed ordinance allowing leashed, licensed dogs in City of Dubuque parks be placed on the City Council Agenda for March 18, 2013. I intend to make that motion having preserved my ability to do so by voting with the prevailing side.

Thanks.

Dubuque All-America City 2012

TO: Michael C. Van Milligen, City Manager

FROM: Marie L. Ware, Leisure Services Manager

SUBJECT: Pet Ordinance Recommendation from Commission

DATE: March 13, 2013

INTRODUCTION

The purpose of this memo is to forward a second recommendation from the Park and Recreation Commission regarding the Pet Ordinance.

BACKGROUND

The pet ordinance recommended by the Commission was on the march 4th Council agenda. Council Member Ric Jones sent a letter requesting consideration of prohibition of pets in play areas and at the Veterans' Memorial Plaza.

RECOMMENDATION

At the march 12th meeting of the Park and Recreation Commission, it was moved by Harris, seconded by Lyness to add to the pet ordinance recommendation to make all Veterans' Memorials and playground equipment areas in parks as "no pet" areas. The vote passed 5-2 with Blocker, Harris, Klinge, Lyness and Nadeau voting yes; Schlueter voting no; and Hoffmann abstaining.

ACTION REQUESTED

This information is provided for the City Councill.

Marie Ware, Leisure Services Manager

FROM: Mary Rose Corrigan, Public Health Specialist

SUBJECT: Pet's in Parks Violation Statistics

DATE: March 13, 2013

We have researched Animal Control requests for service to address dogs in City parks. Since 2009, 12 calls were received for 10 different parks. The following is the specifics of each call:

Eight out of eleven owners were given warnings in these calls.

1. Eagle Point Park- People taking leashed dogs into park when closed. Not called in at time of incident.
2. Comiskey Park- Owner with leashed dog while playing basketball. Owner was given a warning.
3. 15th & Bluff (Not really park, green area)- Dog in area. Owner was given a warning.
4. Jackson Park- Two leashed dogs in park. Gone on arrival.
5. Unknown area- Owner given warning.
6. Jefferson Park- Owner in park with leashed dog. Owner was given a warning.
7. Bergfeld Pond- Dogs running loose. Owners were given a warning.
8. Cleveland Park- Owner with leashed dog. Owner was given a warning.
9. Jefferson Park- Loose dogs in park. No owner, not located
10. Valentine Park- Loose dog with owner. Owner was given a warning.
11. Jackson Park- Leashed dog with owner. Owner was given a warning.

If you need further information, please advise.

SUBJECT: Pet Ordinance Research From Other Cities

DATE: **March 11, 2013**

INTRODUCTION

The purpose of this memorandum is to share research that had been done with other cities prior to the Parks and Recreation Commission's recommendation.

BACKGROUND

Prior to the Commission's discussion regarding pets in parks leisure services staff reached out to other cities in Iowa. Research was done with parks and recreation personnel in these cities. A part of this research is in the background document provided to both the Commission and Council. Other information contained in the following pages had been shared verbally during discussions or was used in the preparation of the proposed ordinance.

DISCUSSION

In the majority of cities the enforcement is not done by the parks and recreation personnel. Dubuque is unique in that it has Park Patrol. Other cities do not have sworn law enforcement officers and seasonal park patrol as a part of their department. Cities we compared to did enforcement through animal control or police. You will see as a part of the chart in the last column comments related to this.

The enforcement that is done throughout our system now is to gain compliance. In the discussion with COP's and Park Patrol they request persons with a dog in the park to leave and comply with the current ordinance. In our discussion none of them ever remembered writing a ticket but gained compliance by asking persons to leave.

All comparison cities allow dogs in parks and on trails except Dubuque and have done so for as many or more years as we have not allowed dogs in parks and on trails. Because no one has made a change there is no statistics about how the change

affected the numbers of problems either in an increase or decrease. In other words no one can share if there was an increase in dog bites because they aren't tracking a change in ordinance. No one reported during our initial interviews these kinds of problems although they can exist.

Some cities do not have an ordinance to specifically address parks or trails because they are allowed. They only address animals at large.

Some cities did report they wish they had an ordinance like ours but we did not document that at the time because they also said they knew a change would not be likely as it is a divided topic, just like we see during our discussions. They understood that people fall on each side of this issue.

ACTION REQUESTED

This memorandum is for informational purposes only.

largest cities in Iowa	Popul. www.infoplease.com (2010)	dogs allowed in all city parks and all trails	dog park available	notes
Des Moines	203433	yes - must be leashed - no longer than 6 ft.	yes - 8.5 acres plus 1 acre for small dogs - all fenced; $20 fee	
Cedar Rapids	126326	yes - must be leashed	yes - 14 acres; building a second one; $27 fee	some complaints regarding waste clean-up, enforced by animal control and police
Davenport	99685	yes - must be leashed	yes - 3 acres; no fee	enforced by police, not parks
Sioux City	82684	yes - must be leashed	yes - 5 acres fenced; no fee	
Waterloo	68406	yes - must be leashed - no longer than 6ft.	yes - 5 acres fenced - $10 annual fee	enforced by police not parks; "if contacted will come and stake out"; random offenders are difficult to enforce; partner with Humane Society
Iowa City	67862	yes - must be leashed	yes - (2) 14 acres fenced; $35 fee	
Council Bluffs	62230	yes - must be leashed	no - but expect a dog park will be in the plan soon	enforced by owners, peer pressure; off leash dogs are more of a problem at rec complex with 10 fields pets discouraged there.
Ames	58965	yes - must be leashed	yes - 10 acres fenced; $40 fee	has not been a problem
Dubuque	57637	no	yes - 2.5 acres fenced; $1daily, $25 annual fee	

largest cities in Iowa	Popul. www.infopleasee.com (2010)	dogs allowed in all city parks and all trails	dog park available	notes
West Des Moines	56609	yes - must be leashed	yes - 10 acres fenced; $20 annual fee	multiple calls per week; no fines and no penalties - most violate rules; working on changing regulations. Most problems occur at parks; few problems at dog park which is monitored by a security guard.
Cedar Falls	36145	yes - must be leashed - no longer than 6ft or on voice command	yes - 3 acres fenced; $15 annual fee	not a lot of complaints, but hard to enforce

DES MOINES:
Q: Does the City of Des Moines have a leash law?
A: Yes, if the dog is on the owner's property it must be restrained by an adequate protective fence or by leash, cord, chain or other similar restraint or the pet must be at all times within the actual physical presence of and immediately obedient to the commands of the owner or person given charge of the dog and at no time be more than six feet from such person. If the dog is off the owner's premises it must be on a leash, cord, or chain or other similar restraint not more than six feet in length and under the control of a person competent to restrain and control the dog. Cats are not required to be leashed; however, if a cat is not confined within a premise, it is required to be spayed or neutered, and properly licensed.

CEDAR RAPIDS:
23.27 - ANIMALS IN PARKS AND ON GOLF COURSES.
(a) No animals shall be allowed within 50 feet of any wading pool, pavilion, playground, or ball field in a city park, except service animals are permitted in and within 50 feet of pavilions.
(b) No animal shall be allowed in any area of a city park unless it is attached to a leash not more than 6 feet in length and of sufficient strength to restrain the animal when the leash is held by a person capable of restraining and controlling the animal, unless the city park is designated by the Cedar Rapids City Council as an off leash park and the dog is within such park boundaries and displays an off-leash park permit tag.
(c) No animal shall be allowed on any golf course operated by the City of Cedar Rapids.

(d) No animal shall be allowed within the Bever Park zoo area bounded by the security fence, Old Mc Donald's farm or the Schuknecht Water Fowl Exhibit.

WATERLOO:
http://www.cityofwaterlooiowa.com/animalordinance
Dog park is monitored by volunteers and patrons with “peer pressure” supervision.

COUNCIL BLUFFS:
Council Bluffs code of ordinances Title 4, Health and Sanitation - Article 1 Humane Animal Treatment and Control 4.20.010.

AMES:
The Ames Municipal Code requires that cats - just like dogs - be restrained by their owners and kept from running at large. It is unlawful for animal owners to allow their pets to roam the neighborhoods and parks. Unless they are on their owners property or that of a neighbor who has given permission, both cats and dogs must be restrained by an appropriate leash.

Violations of the Animals at Large ordinance are municipal infractions punishable by fines of $50. Second and third offenses result in $100 fines, after which additional violations can result in fines as high as $750. In addition, cats and dogs that are roaming at large in Ames are impounded by animal control officers. The first time a cat or dog is impounded, the owner must pay $25 for the animal’s release. After the first time, the impound fee is raised to $30.

WEST DES MOINES:
5-3-9: RUNNING AT LARGE PROHIBITED:
It shall be unlawful for any animal, including, but not limited to, cats, dogs, cattle, horses, swine, sheep, fowl or any animal defined as dangerous or vicious by this chapter to run at large within the corporate limits of the city. The owner shall be held responsible and subject to penalty. (1985 Code §3-2.03)

CEDAR FALLS:
Sec. 20-279. - Recreational trails.
The following rules and regulations apply to all recreational trails within the City of Cedar Falls, Iowa:
(1) Recreational trails shall be used and classified as trails for: foot traffic, bicycling, cross-country skiing, roller-blading and other special usage authorized by permit from the Director of Human and Leisure Services or designee.
(2) The use of motorized vehicles and snowmobiles is prohibited on recreational trails within the City of Cedar Falls, Iowa, except for authorized emergency and maintenance vehicles.
(3) No person shall permit or allow a horse under their control to be on any recreational trail within the City of Cedar Falls, Iowa. No person shall permit or allow a dog on said recreational trail unless said dog is under the control of said person and is on a leash of six feet or less in length. Said person shall pick up and dispose of any feces from the dog under that person's control. For the purposes of this article, horse is defined as any equine animal including horses, mules, burros, donkeys, and all

lamas or alpaca like animals. Dog is defined as all members of the canine species, male or female, whether altered or not.

(4) Special permits may be issued by the director of human and leisure services or designee for special events on specific dates utilizing golf carts or similar motorized transportation upon a recreational trail for elderly and/or handicapped persons.

Sec. 6-56. - Permitting dog or cat to run at large.

(a) Prohibition. It shall be unlawful for the owner of a dog or cat to:

(1) Generally. Permit or allow a dog or cat to be at large. Any dog or cat found at large shall be presumed to be so with the permission of its owner and proof that such dog or cat was at large, and of ownership, shall constitute in evidence a prima facie presumption in any proceeding charging any violation of this section.

(2) Cemeteries. Permit or allow such dog or cat to be in any public cemetery at any time.

(3) Public parks and playgrounds. When signposted, permit such dog or cat to be in a public playground or park during the last Friday, Saturday and Sunday of June each and every year, except if such animal is part of an organized public activity.

(b) Exceptions. The foregoing subsections (a)(2) and (a)(3) shall not apply to guide dogs used by handicapped persons. At large means running or found within the city upon any street, alley, sidewalk or public or private grounds. A dog or cat, properly licensed as required by this article, shall not be deemed at large if it is:

(1) On the premises of the owner;

(2) Under the control of a person competent to restrain and control the dog or cat, either by leash, cord, chain or other similar restraint not more than ten feet in length, or properly restrained within a motor vehicle;

(3) Properly housed in a veterinary hospital or licensed kennel; or

(4) Accompanied by or at heel beside and obedient to the commands of the owner or a competent responsible person unless the dog is on a recreational trail. Dogs on recreational trails must be on a leash of six feet or less in length as required in section 20-279(3) of this Code.

(5) A dog which is either under the control of a person competent to restrain and control the dog, or which is accompanied by or at heel beside and obedient to the commands of the owner or a competent responsible person, and which is within the confines of an authorized off-leash dog exercise facility as described in Section 20-224 of this Code, provided that such person is at all times in compliance with all of the provisions of such section.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City 2007

TO: Dubuque City Council

FROM: Park and Recreation Commission

DATE: February 22, 2013

SUBJECT: Park Ordinance Regarding Pets in Parks

INTRODUCTION

The purpose of this memo is to share our research, public input and recommendation related to the dogs in parks petition and issue forwarded to us by you.

BACKGROUND

Extensive research and public input has been involved in the topic of dogs in parks. The information we reviewed is attached in the Background and Summary of Information Regarding Dogs in Parks Discussion.

The public has been involved in this discussion from the start. The minutes of our meetings, also attached, summarize the feedback and input received at meetings. We received 47 letters, WebQA's and e-mails in support of the current no dogs ordinance and 10 supporting the change to allow dogs. A petition which started the discussion to allow dogs had at last count 1,101 signatures and a petition of 1,057 signatures to keep the ordinance as is with no dogs was also received. The public has also been very active in calling by phone each of us as Commission members.

DISCUSSION

We have studied this topic extensively. There are persons on each side of the dog issue and are passionate in their beliefs. As you see from all the documents there are many views but most fall into two camps - allow dogs or don't allow dogs.

RECOMMENDATION

The Commission voted to allow dogs in parks and on trails except for Eagle Point Park and Mashall Park and Arboretum, Bunker Hill Golf Course, Sutton and Flora Pools and inside the fence of the McAleece Park and Recreation Complex. Please see ordinance for all the changes to put this into affect.

The vote of the Commission for approval and recommendation of an Amended Chapter 5 Parks and Recreation Ordinance was 6-1. The affirmative votes were Blocker, Harris, Klinge, Lyness, Nadeau and Schlueter. The dissenting vote was Hoffmann. This is our recommendation to you.

P&R C:et

Prepared by: Crenna M. Brumwell, Esq. 300 Main Street Suite 330 Dubuque IA 52001 563 589-4381

ORDINANCE NO. ____ 13

AMENDING CITY OF DUBUQUE CODE OF ORDINANCES TITLE 10 PUBLIC WAYS AND PROPERTY, CHAPTER 5 PARKS AND RECREATION BY ADDING DEFINITIONS RELATING TO ANIMALS; RESTRICTING HORSEDRAWN VEHICLES; PERMITTING DOGS, CATS, AND DOMESTICATED ANIMALS IN CERTAIN PARKS, OPEN SPACES, AND TRAILS SUBJECT TO CONDITIONS; ESTABLISHING LEASH AND WASTE CLEAN-UP REQUIREMENTS; PROHIBITING ANIMALS RUNNING AT-LARGE WITHIN PARKS, OPEN SPACES, OR TRAILS; PERMITTING THE EXERCISING OF DOGS OFF LEASH IN CERTAIN AREAS; AND REVISING PARK, OPEN SPACES AND TRAIL DESCRIPTIONS

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. Title 10, Chapter 5 of the City of Dubuque Code of Ordinances is amended to read as follows:

Chapter 5
PARKS AND RECREATION

ARTICLE A. ADMINISTRATION

. . . .

10-5A-2: PARK AND RECREATION ADVISORY COMMISSION:

. . . .

C. Powers: The responsibilities of the commission are to advise the city council on:

1. Use Of Grounds And Facilities: The establishment of rules and regulations governing the use of all grounds and facilities that have been or may be set aside as public parks, playgrounds, open spaces, trails, and other such park and recreation facilities. Such rules and regulations shall include, but are not limited to:

. . . .

ARTICLE B. USE REGULATIONS

10-5B-1: DEFINITIONS:

As used in this article, the following terms shall have the following meanings:

AT LARGE: Any dog or cat found off a leash and unattended by an owner or keeper.

CAT: Both male and female animals in the family Felis catus whether neutered or not.

CITY MANAGER: City manager or city manager's designee.

COMMISSION OR THE COMMISSION: The park and recreation advisory commission.

DOG: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.

DOMESTICATED ANIMAL: An animal commonly referred to as a bovine, swine, sheep, goat, domesticated deer, llama, poultry, rabbit, horse, pony, mule, jenny, donkey, or hinny.

KEEPER: A person other than the owner keeping, sheltering, having control or custody of or harboring an animal.

LEISURE SERVICES MANAGER: Leisure services manager or leisure services manager's designee.

MULTI-PURPOSE USE TRAIL OR TRAILS: A hardened trail of asphalt, concrete or other impervious surface, typically ten (10) to twelve (12) feet wide and physically separated from the motorized vehicular traffic by an open space or barrier and either within highway public right-of-way or private property within an independent alignment for use by pedestrians, skaters, joggers, bicyclists, and city maintenance vehicles.

OPEN SPACES: Open spaces available to the public for passive recreational use in and adjacent to the city, which are under the responsibility of the commission.

OWNER: A person owning a cat, dog, or other animal.

PARKS OR PARKWAYS: Parks, parkways, buildings, park roads or driveways, and all public service facilities or grounds, buildings and structures in and adjacent to the city, which are under the responsibility of the commission.

10-5B-2: INTOXICATING BEVERAGES:

A. Possession, Consumption, Or Use Of Alcoholic Liquor, Wine, Beer, Or Other Intoxicating Beverages Prohibited:

1. The possession, consumption, or use of alcoholic liquors, wine, and beer as defined by chapter 123 of the code of Iowa or any other intoxicating beverages is prohibited on park roadways and trails, in park and recreation facility parking lots, and in vehicles located within a park.

. . . .

B. Exemptions:

1. Locations Exempt: Subsection A2 of this section shall not apply to the possession, consumption, or use of alcoholic liquors, wine, beer, or other intoxicating beverages at:

a. Alliant Energy Amphitheater events for which a special events permit has been issued under Title 10, Chapter 4;

b. American Trust River's Edge Plaza events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

l. Mississippi Riverwalk events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

10-5B-3: HORSEDRAWN VEHICLES, RIDING OF ANIMALS RESTRICTED:

Horsedrawn vehicles or the riding of horses or any other domesticated animals used for such purposes is prohibited in any park unless permission is granted by the Leisure Services Manager and thereafter authorized through the issuance of a city special event permit under Title 10, Chapter 4.

10-5B-4: DOGS, CATS AND DOMESTIC ANIMALS IN PARKS, OPEN SPACES, OR ON TRAILS:

A. Dogs And Cats.

1. Dogs and cats are allowed in parks, open spaces, and on trails with the exception of:

a. Bunker Hill Golf Course;

b. Marshall Park and Dubuque Arboretum and Botanical Gardens;

c. Eagle Point Park;

d. Nicholas J. Sutton Swimming Pool;

e. Flora Park Swimming Pool; or

f. McAleece Park and Recreation Complex, inside the fence.

New or modified parks, open spaces, trails, or recreational facilities which have not yet been evaluated by the Parks and Recreation Commission and a recommendation for usage approved by the city council.

2. The exceptions in section 1 do not apply to service animals used by persons with disabilities.

3. Animals may be allowed in parks, open spaces, or on trails as part of an approved and permitted special event under Title 10, Chapter 4.

B. Domesticated Animals are not allowed in parks, open spaces, or on trails except for:

1. Service animals used by persons with disabilities;

2. As part of an approved and permitted special event under Title 10, Chapter 4; and

3. Animals which are part of the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park.

10-5B-5: REQUIREMENT FOR DOGS AND CATS WHILE IN CITY PARKS, OPEN SPACES, OR TRAILS:

A. Leashes.

1. Dogs and cats must be leashed.

2. The leash or other similar restraint may be no more than six feet (6') in length.

3. No retractable leashes or wireless electronic and/or electric leashes are allowed.

4. All leashes must be of sufficient strength to restrain the animal when the leash is held by a person capable of restraining and controlling the dog or cat.

5. The determination as to whether a leash is of sufficient strength will be made by the city manager.

B. The owner or keeper must pick up and dispose of or take away the cat or dog's waste.

C. The owner or keeper is responsible for the actions of the cat or dog.

D. No owner or keeper may permit such dog or cat to run at-large in any park, open space, or trail.

1. A dog or cat found at-large is subject to seizure and impoundment in a place provided by the city.

2. Whenever any licensed dog or cat has been seized or impounded pursuant to this article, notice of such action must be given to the dog or cat's licensed owner.

3. Except as otherwise provided, the possession of any licensed dog or cat seized or impounded pursuant to this article may be obtained by the owner or keeper by paying an impoundment fee as established by the city manager, together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time that such dog or cat is impounded. Upon the second subsequent impoundment of the same animal within three hundred sixty five (365) consecutive days, an impoundment fee as established by the city manager will be assessed together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time which said dog or cat is impounded.

4. Upon proper identification the owner or keeper may redeem an unlicensed dog or cat seized or impounded pursuant to this article after licensing the animal or agreeing to purchase a license within ten (10) working days. Failure to do so will result in an additional fee as established by the city manager, added to the license fee.

5. Disposition of Animals.

a. Licensed Dog Or Cat: If the owner or keeper of a licensed dog or cat impounded pursuant to this article does not redeem such animal within five (5) days after the mailing of the notice provided for in this article, the license will automatically be revoked and the animal disposed of as directed by the city manager.

b. Unlicensed Dog Or Cat: Any unlicensed dog or cat not redeemed by the owner within three (3) days after it has been seized or impounded will be disposed of as directed by the city manager.

6. Exceptions.

a. An owner or keeper who is working or exercising a dog by tossing a retrieval dummy or other object for out-and-back exercise at Bee Branch Recreation Area, 16th Street pond, and Bergfeld Recreation Area pond may allow the dog or cat to go unleashed. At all other times the dog or cat must be leashed in these areas.

b. An owner or keeper who is visiting a pet park where dogs or cats are allowed to be unleashed within a designated area may allow the dog or cat to go unleashed.

10-5B-6: WALKING ON GRASS:

No person may go on foot or otherwise upon the grass or turf of any park, parkway, or trail where any prohibitory sign is posted.

10-5B-7: THROWING STONES OR OTHER MISSILES:

No person may throw any stone or any other missile within any park, parkway, or trail.

(SECTIONS 10-5B-8 THROUGH 10-5B-22 ARE RENUMBERED)

10-5B-23: OPEN SEASON AND HOURS GENERALLY:

. . . .

H. The following parks and park and recreation facilities will be open for use by the public from seven o'clock (7:00) A.M. to ten o'clock (10:00) P.M. daily:

A.Y. McDonald park
Allison-Henderson park

ARTICLE C. SPECIFIC PARKS, OPEN SPACES AND TRAILS

10-5C-1: SPECIFIC PARK AREAS, OPEN SPACES AND TRAILS DESCRIBED:

Park descriptions for parks, open space descriptions for open spaces and trail descriptions for trails will be reviewed on a periodic basis and added, deleted and amended as necessary. Enforcement of use regulations will not be contingent on parks, open spaces, and trails being specifically listed in this provision.

The following described parcels of real estate are and will be used for public park purposes and will continue to be known as set forth below and placed under the jurisdiction of the park and recreation advisory commission:

A.Y. McDonald park: Blocks 1, 2, 3, 4 and 5 in River Front Subdivision No. 3.
Alliant Energy Amphitheater: The area of the Port of Dubuque west of the Mississippi Riverwalk, south of the railroad tracks east of Bell Street, and adjacent to the former Dubuque Star Brewery.
Allison-Henderson park: Lots 1, 18, 19, 20, 21 and 22 of Pinehurst Subdivision in the city of Dubuque, Iowa.
American Trust River's Edge Plaza: That area, including the flat area, steps and ramp, outside the floodwall at the Port of Dubuque at the south end of the Mississippi Riverwalk.
Avon park: Lots 6 through 10 of Mary Ann McDaniel's Subdivision of parts of Lots 823 and 824 of A. McDaniel's Subdivision in the city of Dubuque, Iowa.

Bunker Hill golf course: Part of Lot 2 in Highland Farms Addition; Lot 16 in Pfohl's Subdivision; Mineral Lots 189, 200, 201, 202, 210, 270, 336 and 370, and parts of Mineral Lots 190, 265 and 340, all in the city of Dubuque, Iowa.

Burden park: Lot 1 of Lot 1 of Lot 3 northeast quarter, Section 13, Township 89 North, Range 2 East in the city of Dubuque, Iowa.

Caledonia park: Lot 38 of Kelly's Subdivision in the city of Dubuque, Iowa.

Center Grove open space: East one fourth of City Lot 500

Cleveland park: South two-thirds of city Lot 695 and Lots 35, 36, 37 and east 20 feet of Lot 38 of Union Addition in the city of Dubuque, Iowa.

Comiskey park: Lots 1 through 23, Lots 24 through 46 and the intervening alley in Boulevard Addition of the city of Dubuque, Iowa.

E.B. Lyons Prairie/Woodland Preserve: Lots 2 and 3 of the northeast one-quarter of the southeast one-quarter of section 1, township 88 north, range 2 east of fifth prime meridian; Lots 2 and 3 of the northwest one-quarter of the southwest one-quarter, Lots 2 and 3 of the northeast one-quarter of the southwest one-quarter, and Lot 2 of Lot 1 of the southwest one-quarter of the southwest one-quarter; of section 6, township 88 north, range 3 east of the fifth prime meridian in Dubuque County, Iowa, according to the respective recorded plats thereof.

Eagle Point park and Ham House Museum: Lot 1 through Lot 7 in Berendes Subdivision; Lot 2 in Chris Braun's Place; Lot 1 of Lot 1 of Lot 2 of Lot 2A in Clark's Subdivision; Lot 2 of Lot 1, Lot 2 of Lot 1 of Lot 1, and Lot 2 in Eagle Point View; Lot 2 of Lot 6, Lot 2 of Lot 1 of Lot 6, and Lot 107 through Lot 124 in Fountain Hill Resubdivisions; Lot 529 through Lot 534 in Ham's Addition; Lot 503 through Lot 515 in Ham's Addition (Eagle Point); Lot 2 of Lot 221, Lot 1 of Lot 222, Lot 223 and Lot 224 in Julien Addition; Lot 1 of Lot 6 in Katherine Place; Lot 2 of Lot 1 of Lot 1 of Lot 1 in Potter Place; Lot 1 through Lot 10 in Potter's Shiras Avenue Place; Lot 1 of Lot 2 of Lot 2 of Lot 3 and Lot 2 of Lot 3 in Shiras Subdivision; and parts of Mineral Lots 305A, 308, 309A, 310, 311 and 312, all in the city of Dubuque, Iowa.

Eagle Valley park: Lot C of Block 3 of Eagle Valley Subdivision.

Elmwood Green park: Lot 2-2-2 of Mineral Lot 349 in the city of Dubuque, Iowa.

Falk park: Lot 23 in Falks Subdivision in the city of Dubuque, Iowa.

Flat Iron park: A triangularly shaped area bounded on the easterly side by Main Street, on the southerly side by Jones Street and on the westerly side by Shields Street.

Flora park: Except for the appurtenant easements of right of way and a strip along Pennsylvania Street twenty feet (20') in width, the following real estate in the west end of the city; Sylvester Place: Lot 1 of 4 of Mineral Lot 260; Lot 2 of 1 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of Mineral Lot 259; Lot 1 of 2 of Mineral Lot 259; Lot 1 of 1 of 1 of 1 of 1 of 2 of J.P. Metel's Subdivision.

Four Mounds: Lot 1 of Lot 1 of Lot 2 of Lot 1 of Lot 1, and Lot 1 of Lot 1 of Lot 2 of Lot 1, both of the Subdivision of "Lot 1 of Lot 7 of the southwest one-quarter of Section 1, the southwest one-quarter of the northwest one-

quarter of Section 1 and Government Lot 1 (or Mineral Lot 331) of Section 1, Township 89 North, Range 2 East of the fifth principal meridian". Lot 2 of the northwest one-quarter of the northwest one-quarter of Section 1, Township 89 North, Range 2 East of the fifth principal meridian, all in the city of Dubuque, Iowa, and Lot 16 of "John Deere Dubuque Tractor Works" in Dubuque Township, and Lot 2 of Lot 1 of Lot 1 of Lot 2 of Lot 2 of Section 2, both in Township 89 North, Range 2 East of the fifth principal meridian, according to the United States Government Survey and the recorded plats thereof, subject to easements of record.

Franklin Delano Roosevelt park: Lot 1 of the west half of the northeast one-quarter of Section 4, Township 88 North, Range 2 East of fifth principal meridian in Dubuque County, Iowa and Mineral Lots 272 and 273, Lot 1 of Mineral Lot 271, Lot 1 of Mineral Lot 274, and Lot 1 of Mineral Lot 276 in Dubuque Township, Dubuque County, Iowa.

Gay park: Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 in Young Primrose Place and Lots 3 and 4 in Grommersch Place, all in the city of Dubuque, Iowa.

Gerald "Red" McAleece park and recreation complex: Those portions of Mineral Lots 294, 295, Lots 1 and 2 of 296, 297, 298, 299 and 300 and Government Lot 1, located in Sections 17, 18, 19 and 20, Township 89 North, Range 3 East in the city of Dubuque, Dubuque County, Iowa, and bounded by Lake Peosta Channel and the Mississippi River.

Granger Creek nature trail: Area surrounding Dubuque Technology Park at corner of Highways 151/61 and Lake Eleanor Road.

Kevin S. Firnstahl, City Clerk

EFFECT OF AMENDMENT

Chapter 5
PARKS AND RECREATION

ARTICLE A. ADMINISTRATION

. . . .

10-5A-2: PARK AND RECREATION ADVISORY COMMISSION:

. . . .

C. Powers: The responsibilities of the commission are to advise the city council on:

1. Use Of Grounds And Facilities: The establishment of rules and regulations governing the use of all grounds and facilities that have been or may be set aside as public parks, playgrounds, open spaces, trails, and other such park and recreation facilities. Such rules and regulations shall include, but are not limited to:

. . . .

ARTICLE B. USE REGULATIONS

10-5B-1: DEFINITIONS:

As used in this article, the following terms shall have the following meanings:

AT LARGE: Any dog or cat found off a leash and unattended by an owner or keeper.

CAT: Both male and female animals in the family Felis catus whether neutered or not.

CITY MANAGER: City manager or city manager's designee.

COMMISSION OR THE COMMISSION: The park and recreation advisory commission ~~of the city~~.

DOG: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.

DOMESTICATED ANIMAL: An animal commonly referred to as a bovine, swine, sheep, goat, domesticated deer, llama, poultry, rabbit, horse, pony, mule, jenny, donkey, or hinny.

KEEPER: A person other than the owner keeping, sheltering, having control or custody of or harboring an animal.

LEISURE SERVICES MANAGER: Leisure services manager or leisure services manager's designee.

MULTI-PURPOSE USE TRAIL OR TRAILS: A hardened trail of asphalt, concrete or other impervious surface, typically ten (10) to twelve (12) feet wide and physically separated from the motorized vehicular traffic by an open space or barrier and either within highway public right-of-way or private property within an independent alignment for use by pedestrians, skaters, joggers, bicyclists, and city maintenance vehicles.

OPEN SPACES: Open spaces available to the public for passive recreational use in and adjacent to the city, which are under the responsibility of the commission.

OWNER: A person owning a cat, dog, or other animal.

PARKS OR PARKWAYS: Parks, parkways, buildings, park roads or driveways, and all public service facilities or grounds, buildings and structures in and adjacent to the city, which are under the responsibility of the commission.

10-5B-2: INTOXICATING BEVERAGES:

A. Possession, Consumption, Or Use Of Alcoholic Liquor, Wine, Beer, Or Other Intoxicating Beverages Prohibited:

1. The possession, consumption, or use of alcoholic liquors, wine, and beer as defined by chapter 123 of the code of Iowa or any other intoxicating beverages is prohibited on park roadways and ~~recreational~~ trails, in park and recreation facility parking lots, and in vehicles located within a park.

. . . .

B. Exemptions:

1. Locations Exempt: Subsection A2 of this section shall not apply to the possession, consumption, or use of alcoholic liquors, wine, beer, or other intoxicating beverages at:

a. Alliant Energy Amphitheater events for which a special events permit has been issued under Title 10, Chapter 4;

b. American Trust River's Edge Plaza events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

l. Mississippi Riverwalk events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

10-5B-3: HORSEDRAWN VEHICLES, RIDING OF ANIMALS RESTRICTED:

Horsedrawn vehicles or the~~,~~ riding of horses or any other domesticated animals used for such purposes ~~shall be~~is prohibited in any park unless permission is granted by the Leisure Services Manager and thereafter~~park and recreation advisory commission of the city~~ authorized through the issuance of a city special event permit under Title 10, Chapter 4.

~~10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:~~
~~A. Unleashed Animals Prohibited: No person shall be permitted to bring into any park, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animals to run at large in any park. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.~~
~~B. Leashed Dogs And Cats Allowed In Certain Parks And Areas: Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following:Granger Creek Nature TrailJohn G. Bergfeld Recreation AreaMedical Associates Greenbelt ParkMiller-Riverview Park~~
~~C. Unleashed Pets Allowed In Pet Park: Unleashed pets shall be permitted in the pet park.~~
10-5B-4: DOGS, CATS AND DOMESTIC ANIMALS IN PARKS, OPEN SPACES, OR ON TRAILS:

A. Dogs And Cats.

1. Dogs and cats are allowed in parks, open spaces, and on trails with the exception of:

a. Bunker Hill Golf Course;

b. Marshall Park and Dubuque Arboretum and Botanical Gardens;

c. Eagle Point Park;

d. Nicholas J. Sutton Swimming Pool;

e. Flora Park Swimming Pool; or

f. McAleece Park and Recreation Complex, inside the fence.

New or modified parks, open spaces, trails, or recreational facilities which have not yet been evaluated by the Parks and Recreation Commission and a recommendation for usage approved by the city council.

2. The exceptions in section 1 do not apply to service animals used by persons with disabilities.

3. Animals may be allowed in parks, open spaces, or on trails as part of an approved and permitted special event under Title 10, Chapter 4.

B. Domesticated animals are not allowed in parks, open spaces, or on trails except for:

1. Service animals used by persons with disabilities;

2. As part of an approved and permitted special event under Title 10, Chapter 4; and

3. Animals which are part of the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park.

10-5B-5: REQUIREMENT FOR DOGS AND CATS WHILE IN CITY PARKS, OPEN SPACES, OR TRAILS:

A. Leashes.

1. Dogs and cats must be leashed.

2. The leash or other similar restraint may be no more than six feet (6') in length.

3. No retractable leashes or wireless electronic and/or electric leashes are allowed.

4. All leashes must be of sufficient strength to restrain the animal when the leash is held by a person capable of restraining and controlling the dog or cat.

5. The determination as to whether a leash is of sufficient strength will be made by the city manager.

B. The owner or keeper must pick up and dispose of or take away the cat or dog's waste.

C. The owner or keeper is responsible for the actions of the dog or cat.

D. No owner or keeper may permit such dog or cat to run at-large in any park, open space, or trail.

1. A dog or cat found at-large is subject to seizure and impoundment in a place provided by the city.

2. Whenever any licensed dog or cat has been seized or impounded pursuant to this article, notice of such action must be given to the dog or cat's licensed owner.

3. Except as otherwise provided, the possession of any licensed dog or cat seized or impounded pursuant to this article may be obtained by the owner or keeper by paying an impoundment fee as established by the city manager, together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time that such dog or cat is impounded. Upon the second subsequent impoundment of the same animal within three hundred sixty five (365) consecutive days, an impoundment fee as established by the city manager will be assessed together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time which said dog or cat is impounded.

4. Upon proper identification the owner or keeper may redeem an unlicensed dog or cat seized or impounded pursuant to this article after licensing the animal or agreeing to purchase a license within ten (10) working days. Failure to do so will result in an additional fee as established by the city manager, added to the license fee.

5. Disposition of Animals.

a. Licensed Dog Or Cat: If the owner or keeper of a licensed dog or cat impounded pursuant to this article does not redeem such animal within five (5) days after the mailing of the notice provided for in this article, the license will automatically be revoked and the animal disposed of as directed by the city manager.

b. Unlicensed Dog Or Cat: Any unlicensed dog or cat not redeemed by the owner within three (3) days after it has been seized or impounded will be disposed of as directed by the city manager.

6. Exceptions.

a. An owner or keeper who is working or exercising a dog by tossing a retrieval dummy or other object for out-and back exercise at Bee Branch Recreation Area, 16th Street pond, and Bergfeld Recreation Area pond may allow the dog or cat to go unleashed. At all other times the dog or cat must be leashed in these areas.

b. An owner or keeper who is visiting a pet park where dogs or cats are allowed to be unleashed within a designated area may allow the dog or cat to go unleashed.

10-5B-65: WALKING ON GRASS:

No person mayshall go on foot or otherwise upon the grass or turf of any park, ~~or~~ parkway, or trail where any prohibitory sign is posted.

10-5B-76: THROWING STONES OR OTHER MISSILES:

No person mayshall throw any stone or any other missile within any park, ~~or~~ parkway, or trail.

(SECTIONS 10-5B-8 THROUGH 10-5B-22 ARE RENUMBERED)

10-5B-232: OPEN SEASON AND HOURS GENERALLY:

. . . .

ARTICLE C. SPECIFIC PARKS, OPEN SPACES AND TRAILS

10-5C-1: SPECIFIC PARK AREAS, OPEN SPACES AND TRAILS DESCRIBED:

Park descriptions for parks, open space descriptions for open spaces and trail descriptions for trails will be reviewed on a periodic basis and added, deleted and amended as necessary. Enforcement of use regulations will not be contingent on parks, open spaces, and trails being specifically listed in this provision.

The following described parcels of real estate are and will be used for public park purposes and will continue to be known as set forth below and placed under the jurisdiction of the park and recreation advisory commission:

A.Y. McDonald park: Blocks 1, 2, 3, 4 and 5 in River Front Subdivision No. 3.
Alliant Energy Amphitheater: The area of the Port of Dubuque west of the Mississippi Riverwalk, south of the railroad tracks east of Bell Street, and adjacent to the former Dubuque Star Brewery.
Allison-Henderson park: Lots 1, 18, 19, 20, 21 and 22 of Pinehurst Subdivision in the city of Dubuque, Iowa.
American Trust River's Edge Plaza: That area, including the flat area, steps and ramp, outside the floodwall at the Port of Dubuque at the south end of the Mississippi Riverwalk.

Avon park: Lots 6 through 10 of Mary Ann McDaniel's Subdivision of parts of Lots 823 and 824 of A. McDaniel's Subdivision in the city of Dubuque, Iowa.

Bunker Hill golf course: Part of Lot 2 in Highland Farms Addition; Lot 16 in Pfohl's Subdivision; Mineral Lots 189, 200, 201, 202, 210, 270, 336 and 370, and parts of Mineral Lots 190, 265 and 340, all in the city of Dubuque, Iowa.

Burden park: Lot 1 of Lot 1 of Lot 3 northeast quarter, Section 13, Township 89 North, Range 2 East in the city of Dubuque, Iowa.

Caledonia park: Lot 38 of Kelly's Subdivision in the city of Dubuque, Iowa.

Center Grove open space: East one fourth of City Lot 500.

Cleveland park: South two-thirds of city Lot 695 and Lots 35, 36, 37 and east 20 feet of Lot 38 of Union Addition in the city of Dubuque, Iowa.

Comiskey park: Lots 1 through 23, Lots 24 through 46 and the intervening alley in Boulevard Addition of the city of Dubuque, Iowa.

E.B. Lyons Prairie/Woodland Preserve: Lots 2 and 3 of the northeast one-quarter of the southeast one-quarter of section 1, township 88 north, range 2 east of fifth prime meridian; Lots 2 and 3 of the northwest one-quarter of the southwest one-quarter, Lots 2 and 3 of the northeast one-quarter of the southwest one-quarter, and Lot 2 of Lot 1 of the southwest one-quarter of the southwest one-quarter; of section 6, township 88 north, range 3 east of the fifth prime meridian in Dubuque County, Iowa, according to the respective recorded plats thereof.

Eagle Point park and Ham House Museum: Lot 1 through Lot 7 in Berendes Subdivision; Lot 2 in Chris Braun's Place; Lot 1 of Lot 1 of Lot 2 of Lot 2A in Clark's Subdivision; Lot 2 of Lot 1, Lot 2 of Lot 1 of Lot 1, and Lot 2 in Eagle Point View; Lot 2 of Lot 6, Lot 2 of Lot 1 of Lot 6, and Lot 107 through Lot 124 in Fountain Hill Resubdivisions; Lot 529 through Lot 534 in Ham's Addition; Lot 503 through Lot 515 in Ham's Addition (Eagle Point); Lot 2 of Lot 221, Lot 1 of Lot 222, Lot 223 and Lot 224 in Julien Addition; Lot 1 of Lot 6 in Katherine Place; Lot 2 of Lot 1 of Lot 1 of Lot 1 in Potter Place; Lot 1 through Lot 10 in Potter's Shiras Avenue Place; Lot 1 of Lot 2 of Lot 2 of Lot 3 and Lot 2 of Lot 3 in Shiras Subdivision; and parts of Mineral Lots 305A, 308, 309A, 310, 311 and 312, all in the city of Dubuque, Iowa.

Eagle Valley park: Lot C of Block 3 of Eagle Valley Subdivision.

Elmwood Green park: Lot 2-2-2 of Mineral Lot 349 in the city of Dubuque, Iowa.

Falk park: Lot 23 in Falks Subdivision in the city of Dubuque, Iowa.

Flat Iron park: A triangularly shaped area bounded on the easterly side by Main Street, on the southerly side by Jones Street and on the westerly side by Shields Street.

Flora park: Except for the appurtenant easements of right of way and a strip along Pennsylvania Street twenty feet (20') in width, the following real estate in the west end of the city; Sylvester Place: Lot 1 of 4 of Mineral Lot 260; Lot 2 of 1 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of Mineral Lot 259; Lot 1 of 2 of Mineral Lot 259; Lot 1 of 1 of 1 of 1 of 1 of 2 of J.P. Metel's Subdivision.

Four Mounds: Lot 1 of Lot 1 of Lot 2 of Lot 1 of Lot 1, and Lot 1 of Lot 1 of Lot 2 of Lot 1, both of the Subdivision of "Lot 1 of Lot 7 of the southwest one-quarter of Section 1, the southwest one-quarter of the northwest one-quarter of Section 1 and Government Lot 1 (or Mineral Lot 331) of Section 1, Township 89 North, Range 2 East of the fifth principal meridian". Lot 2 of the northwest one-quarter of the northwest one-quarter of Section 1, Township 89 North, Range 2 East of the fifth principal meridian, all in the city of Dubuque, Iowa, and Lot 16 of "John Deere Dubuque Tractor Works" in Dubuque Township, and Lot 2 of Lot 1 of Lot 1 of Lot 2 of Lot 2 of Section 2, both in Township 89 North, Range 2 East of the fifth principal meridian, according to the United States Government Survey and the recorded plats thereof, subject to easements of record.

Franklin Delano Roosevelt park: Lot 1 of the west half of the northeast one-quarter of Section 4, Township 88 North, Range 2 East of fifth principal meridian in Dubuque County, Iowa and Mineral Lots 272 and 273, Lot 1 of Mineral Lot 271, Lot 1 of Mineral Lot 274, and Lot 1 of Mineral Lot 276 in Dubuque Township, Dubuque County, Iowa.

Gay park: Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 in Young Primrose Place and Lots 3 and 4 in Grommersch Place, all in the city of Dubuque, Iowa.

Gerald "Red" McAleece park and recreation complex: Those portions of Mineral Lots 294, 295, Lots 1 and 2 of 296, 297, 298, 299 and 300 and Government Lot 1, located in Sections 17, 18, 19 and 20, Township 89 North, Range 3 East in the city of Dubuque, Dubuque County, Iowa, and bounded by Lake Peosta Channel and the Mississippi River.

Granger Creek nature trail: Area surrounding Dubuque Technology Park at corner of Highways 151/61 and Lake Eleanor Road.

Grant park: A triangularly shaped area bounded on the easterly side by Locust Street, on the westerly side by Bluff Street, and on the southerly side by Fifteenth Street.

Harvest View park: Lot A of Harvest View Estates First Addition.

Heritage trail: A linear piece of property from 22nd to 32nd Streets along Elm Street, in the city of Dubuque, Iowa.

Hillcrest park: Lot 1 of Lot 4 of Mineral Lot 261 in the city of Dubuque, Iowa.

Hilltop park: West one-half of Lot 1 of the south one-third of Lots 34 and 35; west 127 feet and 6 inches of Lot 1 of Lot 2 of the south one-third of Lots 34 and 35; west one-half of Lot 2 of Lot 2 of the south one-third of Lots 34 and 35; west one-half of the north one-half of Lot 36; west one-half of the south one-half of Lot 36; west one-half of Lot 2 of Lot 37; Lot 1 of Lot 1 of Lot 37; Lot 2 of Lot 2 of Lot 1 of Lot 37 all in Kelly's Subdivision in the city of Dubuque, Iowa.

Ice Harbor park: The area of the Port of Dubuque between the Portside Building and the National Mississippi River Museum and Aquarium.

Jackson park: An area bounded on the westerly side by Main Street, on the southerly side by Fifteenth Street, on the easterly side by Iowa Street and

on the northerly side by the south property line of city Lot 746 of the original township, all in the city of Dubuque, Iowa.

Jaycee Trail: A linear trail area paralleling the Peosta Channel from A.Y. McDonald Park to Pyatigorsk Park.

Jefferson park: Lots 38, 39, 40 and east 21 feet of Lot 41 of Farley's Subdivision in the city of Dubuque, Iowa.

John G. Bergfeld recreation area: Lot C of the Dubuque Industrial Center West.

Louis Murphy park: That part of Lots 1, 2 and 4 of Mineral Lot 37 lying southerly of Highway 61; that part of Lots 1, 2, 3, 4 and 5 of O'Connor's Subdivision lying southerly of Highway 61; westerly 42 feet of Lot 2 and the westerly 42 feet of Lot 2 of Lot 15 in Summer Hill Addition; Lots 14, 15, 16 and 17 in Rowan's Addition; Lot 1 of Lot 1 of the subdivision of Mineral Lot 36A; Lot 1 of Lot 2 of Mineral Lot 38; and that part of Lot 6 and all of Lots 7, 8, 9, 10, 11, 12 and 13 lying easterly of Highway 61, all in the city of Dubuque, Iowa.

Madison park: Lots 32, 33, and 34 of the Subdivision of Lots 676 and 677 in L.H. Langworthy Addition; Lot 5 of the Subdivision of Lot 674 in L.H. Langworthy Addition; Lot 1 of Lot 2 of the Subdivision of Lots 676 and 677 in L.H. Langworthy Addition; Lot 3 of Lot 3 of the Subdivision of Lots 676 and 677 in L.H. Langworthy Addition; and two (2) unnumbered Lots lying between Lots 677 and 678 in L.H. Langworthy Addition, all in the city of Dubuque, Iowa.

Marna Ridge children's forest: Lot A of Lot B, Block 1 of Marna Ridge Estates 2, as comprised of Mildreds Addition in the city of Dubuque, Iowa.

Marshall park: Northwest one-quarter of the southeast one-quarter of the southwest one-quarter of Section 10, Township 89 North, Range 2 East of the fifth principal meridian according to the United States Government Survey thereof, and the southwest quarter of the southwest quarter of Section 10, Township 89 North, Range 2 East of the fifth principal meridian according to the United States Government Survey thereof, also right-of-way over the westerly 20 feet of Lot 1 of the subdivision of Lot 1 of 1 of 1 of Mineral Lot 390, Lot 2 of 1 of Mineral Lot 386 and Lot 2 of Mineral Lot 380 according to the recorded plats thereof, all in the city of Dubuque, Iowa.

Medical Associates greenbelt: Lot 11 of Medical Associates Subdivision in the city of Dubuque, Iowa.

Miller-Riverview park: That part of Chaplain Schmitt Memorial Island located northerly of the Dubuque greyhound racing facility and easterly of the wetlands area extending easterly an average of approximately four hundred (400) feet more or less to the Mississippi River.

Mississippi Riverwalk: The walkway on the floodwall between the American Trust River's Edge Plaza and the Alliant Energy Amphitheater.

Nicholas J. Sutton swimming pool: Part of Lots 44, 45, 46, 47, 48, 331, 332 and 333 in Ham's Addition; that part of vacated Garfield Avenue lying adjacent to Lots 45, 46, 331 and 332 in Ham's Addition; that part of vacated Summer Street lying adjacent to Lots 44, 45, 46, 47, 48, 331, 332 and 333

in Ham's Addition; and that part of the vacated alley lying adjacent to Lots 46 and 47 in Ham's Addition, all in the city of Dubuque, Iowa. Northwest Arterial Trail A linear trail in the IDOT right-of-way paralleling the Northwest Arterial.

Oakwood park: Lot 2 Oakwood Park Subdivision and Lot 1 of Lot 1 of Lot 1 of Heim Subdivision, both in the city of Dubuque, Iowa.

Park Tree Farm: Lots 503 and 515 in Ham's Addition of the city of Dubuque, Iowa.

Pet park: Area on North Grandview Avenue, east of the Bunker Hill golf course and south of the water department pumping station.

Pinard park: Lots 138, 139 and 140 in Glendale Addition No. 2 in the city of Dubuque, Iowa.

Port of Dubuque Riverwalk: A linear trail area paralleling the Mississippi River in the Port of Dubuque.

Pyatigorsk park: Area located at the northeast corner of Sixteenth Street and Kerper Boulevard, west of the Jaycees trail and south of the Highway 151 Bridge.

Riley park: Lot E of Crescent Heights Subdivision.

Rocco Buda Jr. park: Lot 1 of 1 of 1 of 810 A. McDaniels Subdivision.

Southern park: Beginning at the NW Corner of Lot 1 of said John Breakey's Addition; thence S46°22$^{3}/_{4}$'W, 315.98 ft., along the Northwesterly line of said John Breakey's Addition; thence S81°01$^{1}/_{4}$'W, 12.72 ft.; thence S38°47$^{3}/_{4}$'E, 64.04 ft.; thence S51°12$^{1}/_{4}$'W, 46.36 ft.; thence N38°47$^{3}/_{4}$'W, 78.87 ft.; thence S68°57$^{3}/_{4}$'W, 111.56 ft.; thence S35°45'W, 84.25 ft.; thence S42°39'E, 218.28 ft.

Teddy Bear park: Lot 1 of Block 19, Sunnyslopes Estates in the city of Dubuque, Iowa.

Usha park: Lot 1 of Lot 2 of Lot 1 of Byrne's Subdivision in the city of Dubuque, Iowa.

Valentine park: Lot 1 of the Subdivision of Lot 1 of Lot 1 of Lot 1 of McLean Heights and Lot 4 in Block 2 of Marna Ridge Estates 2 in the city of Dubuque, Iowa.

Valley High park: Lot 2 of Lot 1 of Lot 1 of Lot 1 in Mineral Lot 337 and Lot 5 in Wiegand's Subdivision, all in the city of Dubuque, Iowa.

Veterans' Memorial park: Lot 2 of Mineral Lot 382, Lots 1 and 2 of Lot 1 of Mineral Lot 383, Mineral Lot 384 and part of Lot 1 of Lot 1 of Lot 2 of Mineral Lot 385 lying south of Thirty Second Street, all in the city of Dubuque, Iowa.

Waller-Cooper park: Lots 26, 27 and 28 in Cooper Heights Addition in the city of Dubuque, Iowa.

Washington park: An area bounded on the northerly side by West Seventh Street, on the westerly side by Bluff Street, on the southerly side by West Sixth Street, and on the easterly side by Locust Street.

Welu park: Lot 22 of Sunset Park Eighth Addition to the city of Dubuque, Iowa.

Westbrook park: Approximately three (3) acres within Lot A, Block 1 of Westbrook Subdivision.

BACKGROUND AND SUMMARY OF INFORMATION REGARDING DOGS IN PARKS DISCUSSION

PETITION PRESENTED

Kate Lydon brought a petition on behalf of the individuals interested in repealing the ban on dogs in city parks. The petition was presented to the City Council and was subsequently referred to the Park and Recreation Commission. That petition now has at least 1,101 (841 Dubuque) signatures.

HISTORY OF CURRENT ORDINANCE

Research shows section A of the current ordinance prohibiting dogs was adopted by the 1969 City Council. Since then sections B and C were added to allow dogs in few specific areas and added the dog park as unleashed area.

CURRENT ORDINANCE

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:

A. Unleashed Animals Prohibited: No person shall be permitted to bring into any park, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animals to run at large in any park. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.

B. Leashed Dogs And Cats Allowed In Certain Parks And Areas: Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following:

   Granger Creek Nature Trail
   John G. Bergfeld Recreation Area
   Medical Associates Greenbelt Park
   Miller Riverview Park

C. Unleashed Pets Allowed In Pet Park: Unleashed pets shall be permitted in the pet park. (Ord. 54-06, 7-5-2006)

CORRESPONDENCE ON ISSUE

The Park and Recreation Commission minutes attached compile all verbal comments (both for and against) made at the Commission meetings by the public as well as Commissioners.

As a department we received 47 letters, WebQA's and e-mails in support of the current ordinance and 10 supporting the change that would allow dogs in parks.

Jim Kress also has a petition that supports the current ordinance with a ban on dogs in parks. He had 1,057 signatures and has verbally reported receiving additional signatures.

The public has been very active in calling Parks and Recreation Commission members as well. All correspondence is attached for review.

CURRENT PET PARK INFORMATION

Daily Use Fee:	$1
Season Pass Resident:	$25
Season Pass Non-Resident:	$35
FY 12 Revenue:	$2979
FY 12 Season Passes:	65 resident passes sold resulting in $1625 revenue 0 non resident sold
Hours	8:00 am - 8:00 pm

Pets can be off leash in this park area.

OTHER DUBUQUE COUNTY LOCATIONS

Dubuque County Conservation Areas and Trails – Dogs are allowed on 6' leash.
Mines of Spain State Recreation Area – Dogs allowed on 6' leash.

IOWA'S OTHER LARGE CITIES

SUMMARY OF IOWA'S 11 LARGEST CITIES
Current Ordinance Related to Dogs in Parks

largest cities in Iowa	population www.infoplease.com (2010)	dogs allowed in all city parks and along all trails	dog park available
Des Moines	203,433	yes - must be leashed - no longer than 6 ft.	yes - 8.5 acres plus 1 acre for small dogs - all fenced; $20 fee
Cedar Rapids	126,326	yes - must be leashed	yes - 14 acres fenced; building a second one - fee
Davenport	99,685	yes - must be leashed	yes - 3 acres; no fee

largest cities in Iowa	population www.infoplease.com (2010)	dogs allowed in all city parks and along all trails	dog park available
Sioux City	82,684	yes - must be leashed	yes - 5 acres fenced; no fee
Waterloo	68,406	yes - must be leashed - no longer than 6ft.	yes - 5 acres fenced - $10 annual fee
Iowa City	67,862	yes - must be leashed	yes - (2) 14 acres fenced; fee
Council Bluffs	62,230	yes - must be leashed	no - but expect a dog park will be in the plan soon
Ames	58,965	yes - must be leashed	yes - 10 acres fenced; fee
Dubuque	57,637	no	yes - 2.5 acres fenced; $1daily, $25 annual fee
West Des Moines	56,609	yes - must be leashed	yes - 10 acres fenced; $10 annual fee
Cedar Falls	36,145	yes - must be leashed - no longer than 6ft or on voice command	yes - 3 acres fenced; $15 annual fee

In speaking with the other cities, for as long as we have had the ordinance of no dogs in parks the other cities have allowed them. No other city has had the discussion of changing their ordinance recently.

ANIMAL DEFINITIONS IN CITY OF DUBUQUE AND IOWA CODE

CITY OF DUBUQUE CODE DEFINITIONS

Cat: Both male and female animals in the family Felis catus whether neutered or not.

Dog: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.

Vicious Animal: A vicious cat or dog is deemed so when it shall have attacked or bitten any person on more than one occasion without provocation or when an attack or bite results in serious bodily injury.

Dangerous Animal: A. Any animal which is not naturally tame or gentle, and which is of a wild nature or disposition, and which is capable of killing, inflicting serious injury

upon, or causing disease among, human beings or domestic animals and having known tendencies as a species to do so;

A. Any animal(s) declared to be dangerous by the city manager or the city manager's designee; or

B. The following animals which shall be deemed to be dangerous animals per se:

1. Lions, tigers, jaguars, leopards, cougars, lynx and bobcats;
2. Wolves, coyotes and foxes;
3. Badgers, wolverines, weasels, skunks and mink;
4. Raccoons;
5. Bears;
6. All apes, baboons, macaques, monkeys and chimpanzees;
7. Alligators and crocodiles;
8. Scorpions;
9. Snakes and reptiles that are venomous;
10. Snakes that are constrictors, with the exception of sand boa constrictors;
11. Gila monsters;
12. Opossums; and
13. Any crossbreed of such animals which have similar characteristics of the animals specified above.

7-6D-2: DOGS, CATS EXEMPTED: (from the dangerous animal definition)
The provisions of this article shall not apply to domestic dogs or cats.

IOWA CODE DEFINITIONS

"**Domesticated Animal"** means an animal commonly referred to as a bovine, swine, sheep, goat, domesticated deer, llama, poultry, rabbit, horse, pony, mule, jenny, donkey, or hinny.

"**Dangerous Wild Animal**" means any of the following:
1. A member of the family canidae of the order carnivora, including but not limited to wolves, coyotes, and jackals. However, a dangerous wild animal does not include a domestic dog.
2. A member of the family hyaenidae of the order of carnivora, including but not limited to hyenas.
3. A member of the family felidae of the order carnivora, including but not limited to lions, tigers, cougars, leopards, cheetahs, ocelots, and servals. However, a dangerous wild animal does not include a domestic cat.
4. A member of the family ursidae of the order carnivora, including bears and pandas.
5. A member of the family rhinocero tidae order perissodactyla, which is a rhinoceros.
6. A member of the order proboscidea, which are any species of elephant.
7. A member of the order of primates other than humans, and including the following families: callitrichiadae, cebidae, cercopithecidae, cheirogaleidae, daubentoniidae, galagonidae, hominidae, hylobatidae, indridae, lemuridae, loridae, megaladapidae, or

tarsiidae. A member includes but is not limited to marmosets, tamarins, monkeys, lemurs, galagos, bushbabies, great apes, gibbons, lesser apes, indris, sifakas, and tarsiers.

8. A member of the order crocodilia, including but not limited to alligators, caimans, crocodiles, and gharials.

9. A member of the family varanidae of the order squamata, which are limited to water monitors and crocodile monitors.

10. A member of the order squamata which is any of the following:

(a) A member of the family varanidae, which are limited to water monitors and crocodile monitors.

(b) A member of the family atractaspidae, including but not limited to mole vipers and burrowing asps.

(c) A member of the family helodermatidae, including but not limited to beaded lizards and gila monsters.

(d) A member of the family elapidae, voperidae, crotalidae, atractaspidae, or hydrophidae which are venomous, including but not limited to cobras, mambas, coral snakes, kraits, adders, vipers, rattlesnakes, copperheads, pit vipers, keelbacks, cottonmouths, and sea snakes.

(e) A member of the superfamily henophidia, which are limited to reticulated pythons, anacondas, and African rock pythons.

11. Swine which is a member of the species sus scrofa linnaeus, including but not limited to swine commonly known as Russian boar or European boar of either sex.

(a) "Dangerous wild animal" includes an animal which is the offspring of an animal provided in paragraph "a", and another animal provided in that paragraph or any other animal. It also includes animals which are the offspring of each subsequent generation. However, a dangerous wild animal does not include the offspring of a domestic dog and a wolf, or the offspring from each subsequent generation in which at least one parent is a domestic dog.

DOG STATISTICS

Mary Rose Corrigan, Health Services Manager, reported the following statistics for 2011 related to dogs and animals:

6,215	dog licenses
9,066	total animal licenses
2,270	animal complaints (including bites and calls to Police)
124	animal bites (public and private property)

She also shared that according to the American Veterinary Medical Association Dubuque is estimated to have 12,312 dogs (based on 23,056 households in the city of Dubuque). As you can see many dogs are not licensed.

It was reported by Park Patrol and the Community Policing officers that most times the incidence of a dog in a park is not documented and the person is not charged. The officer asks for corrective action (leave the park) and people comply. This is the same in regards to an officer seeing a dog do his duty and the owner not picking it up.

DUBUQUE'S ANIMAL CONTROL DEPARTMENT BUDGET

The following is the actual expenses and revenue FY 11 for animal control:

Revenue:	
Dog License Revenue	$101,971
Cat License Revenue	$ 40,527
Expense:	
Animal Control	$282,333

DISCREPANCIES IN THE CURRENT ORDINANCE

The current ordinance calls out parks but doesn't list trails as areas for no dogs. Later in the ordinance there are some trails defined and others are not. Some trails have no pet signs but are not called out in the ordinance. The River Walk isn't listed on our parks/trails list although in a city policy it states no dogs allowed but no signs are posted there.

CURRENT SIGNAGE

Most but not all parks are signed for no pets. Some trails are signed and others are not currently.

DOG WASTE BAG DISPENSERS

Leisure Services provides dog bags through commercial dispensers at the Pet Park, A.Y. McDonald, Bergfeld Recreation Area and trail, the upper floodwall by Kerper Boulevard and the lower floodwall south of the Port. We currently go through about 20 cases a year or about 10,000 bags. The cost is $1,200 a year. The bag dispenser costs approximately $75 each. We found in other cities they generally only provide waste bags at the Pet Park.

LIABILITY

Legal Department said that if there are usage regulations in place, in other words if dogs are allowed in parks, the city would not be at risk for any greater liability; the liability would fall on the pet owner. Commissioners and/or would not personally be open to liability because they fall under the umbrella of the city and would not be liable unless there was willful, malicious intent.

ENFORCEMENT

Admittedly by our own police and park patrol officers, enforcement of the current ordinance is difficult. Enforcement will be difficult if a change is made as well. Supporters of the change share peer pressure can be used for a leash law and for

cleanup after your pet. We know from even our own employees and those in discussions that this can help but if a person doesn't want to follow the rules they won't and even with enforcement they won't. Many times our current enforcement is education, and a verbal reprimand, especially with Park Patrol and the COPS. They report most violations happen at Jackson, Grant, Flat Iron and A.Y. McDonald Parks for dog waste or dogs in parks.

It has been stated in many ways but the two best comments have been "it's not the dogs, it's the people" and "there are many responsible pet owners." We do find this to be true. There are many responsible pet owners. We understand that but as a public entity we deal with all pet owners – responsible and irresponsible.

FINES

There is no specific fee or fine structure defined within the Park and Recreation section of the Code of Ordinances. This means it becomes a municipal infraction which would be a minimum $50 fine + court costs + corrective action. The city goes by rates set by the state for municipal infractions: 1st offense is anywhere from $50 to $750; 2nd offense is up to $1,000 + court costs and corrective action; and 3rd offense is contempt of court with possible jail time. Pet waste not cleaned up by the owner falls under unlawful deposit under the littering ordinance and that fine structure would be the same. This is the fine structure unless commissioners and Council wanted to define a specific fine structure that would be for parks only. The Assistant City Attorney Crenna Brumwell shared fines are levied to gain compliance with rules. Commissioners felt this fine structure was appropriate.

HEALTH ISSUES OF FECES

The question has been raised if there are concerns or health issues related to dog feces/waste. According to Mary Rose Corrigan, Health Services Manager shared that feces is a source of disease causing pathogens. Feces can cause an issue for humans and other wild and domestic animals. Feces can have an overall negative impact on stormwater quality.

EDUCATION

It will be imperative that we do our best efforts at education. What we found is that there was already a great misunderstanding of what the current ordinance is. This also comes from newcomers and visitors coming to the community. For our local citizens we can use the press, website and Channel 8, as well as new signage.

NEW SIGNS

Signage would be updated and posted for all parks, open spaces and trails.

PARK AND RECREATION COMMISSION MEETING
Tuesday, June 12, 2012
4:30 p.m., City Council Chambers, Historic Federal Building

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge, Karen Lyness, Evelyn Nadeau and Dave Schlueter

OTHERS PRESENT: Staff present: Marie Ware, Pat Prevenas and Eileen Trimble

MINUTES APPROVED; VOTE: It was moved by Klinge, seconded by Lyness, to approve the minutes of the May 8, 2012, meeting. The motion passed unanimously.

RECREATION DIVISION REPORT: ■ Pool opened Saturday, May 26th except for the water playground at Flora because of a mechanical problem; swim lesson begin Monday. ■ Golf course had the best May since 2000 and best round for the last four years. ■ Summer programs start June 11th. Playgrounds are offered at fourteen sites with four free lunch programs and a new free breakfast at Comiskey. ■ The spring division report was sent to commissioners in agenda packet and may be found as part of the original minutes. There was one big drop in numbers from last year for the weekend open gym program but that was due to the good weather – people were outside instead of inside the gyms. ■ Registration for summer programs began April 11th and 50% of the registration was online, compared to 40% last year. ■ Facility rentals are now online but we still have a few bugs to work out. ■ Mike Denman's official last day of work is July 5th and he is using up vacation right now; Gerry Lange has been appointed Acting Golf Superintendent. The Civil Service test for the position has to be postmarked June 11th.

■ Leisure Services Manager Marie Ware told commissioners that Recreation Division Manager Pat Prevenas gave his formal retirement notice this week, effective the end of August.

PARK DIVISION REPORT: ■ Staff is busy planting flowers and doing general park maintenance. The new hanging flower baskets are up at Bee Branch and Historic Millwork District. Bee Branch has a watering system in the poles. ■ Historic Millwork District has ten planters and the hanging flower baskets with reservoirs which allow staff to water once every two to four days instead of once or twice per day. Our department will be responsible for maintaining baskets plus trash collection. ■ There are 18 people on the certified list for the **Natural Areas and Sustainable Practices Specialist**. We are getting applications now. ■ Manager Ware has reviewed the **Park Division Manager** applications.

MANAGER'S REPORT: ■ Three public meetings were held on site at the **three mini parks**, Creek Wood, Eagle Valley and Westbrook. A notification letter was sent to neighbors inviting them to the meeting so they could see the conceptual plans and we could get their feedback and comments. Creek Wood Park had two conceptual plans and neighbors liked Conceptual Plan A with the playground area. Most of the others had more detail oriented questions regarding lighting, security, et cetera. We hold the public meetings first to get neighbor feedback then take those comments to the designer for changes. We would come back to the neighbors again and if all is ok the plans would go to the Park and Recreation Commission

for approval. Eagle Valley had the highest turnout of neighbors.

- Commissioner Nadeau wanted it on the record that she objects to the development at this time of **Creek Wood** Park since there are other parks that came into the system before this one and it doesn't seem right to jump the line and get this one done first.
- A public meeting was held three weeks ago for the **North End Trail Lighting** project. The project provides lights for the Heritage Trail Extension that starts north of Comiskey Park and goes to 32nd. They will mirror the look of those in the Bee Branch. Letters were mailed to 739 residences in a three or four block radius of the area. There were mostly favorable comments. The City Council will initiate the bidding process for the project at the June 18th council meeting and we hope to complete the project in this calendar year. Commissioner Harris is also the North End Neighborhood President and he said most of the group was happy with the project.

RECEIVE AND FILE PETITION TO ALLOW DOGS IN PARKS:

It was moved by Lyness, seconded by Harris, to receive and file the petition for changing the city ordinance to allow pets in parks. The motion passed unanimously.

CURRENT ORDINANCE AND HISTORY:

Manager Ware shared the current ordinance has been in place since at least 1969 with few changes. In 1953 the Council established an ordinance prohibiting unleashed pets in public areas, including parks.

Commissioner Hoffmann asked if we were talking about dogs only or other animals too. Manager Ware said the Park and Recreation Commission has the right to recommend anything they want to the City Council, but what was presented to them was a petition limited to dogs. Commissioner Harris asked what the ordinance meant by other domestic animals. Ware told commissioner the ordinance says dogs, cats, and other domestic animals so if they want to include other animals it might be a good idea to get some input from Health Services Department. Commissioner Hoffmann said this meeting would focus on dogs.

OTHER INPUT RECEIVED OR REFERRED TO LEISURE SERVICES:

Manager Ware said the department has received letters, e-mails and phone calls that just came in to the office; there was no formal input gathering. The comments and communications from the public are ongoing. All comments are correspondence received by the department through Friday, June 8th were sent to Commissioners as part of the agenda packet and may be found as part of the original minutes.

WEB SURVEY:

Manager Ware told Commissioners since there was no formal gathering of information or request for comments, that we could put a survey on the city website. It would be done through Civic Plus Web Q/A and be very simple. A person could answer simple yes/no questions and then the comments would be compiled. A sample of what the survey might look like on the website was part of the agenda packet. Commissioners could tweak the sample and make specific questions. There would be no fee involved for the department because it would be done through the city website. Manager Ware just wanted commissioners to know the option was available.

Comments: Hoffman said commissioners received a lot of comments both for and against changing the ordinance and there were obviously strong feelings on both sides of the issue. He thinks they have a pretty good handle on the issues and doesn't know if we need a web survey or not. Nadeau thought it would be a good idea to get input from a larger group and maybe ask what they think the solutions are. Klinge said as long as the public understands it is just a survey to get input on people's feelings, not a vote looking for the highest numbers. Schlueter wants to make sure we are concerned about the issue not just the numbers because big numbers one way or the other doesn't solve the issue. Blocker said by the numbers on the "yes" paperwork, there are a lot of people that want pets in the park. Harris felt people who have strong feelings have already made their comments known and probably wouldn't go to website; no need for a survey.

INFORMATION RELATED TO DOGS IN PARKS IN OTHER CITIES:

Manager Ware distributed a handout that compared other large cities in Iowa with regard to pets in parks issue. A copy may be found as part of the original minutes.

- Are dogs allowed in your parks? All the cities asked were yes, except Dubuque. They all had their ordinance just as long as Dubuque had the ordinance prohibiting pets in parks.
- Do you have dog parks available? All were yes except Council Bluffs. Pets are not mentioned in their ordinances because their policy is to allow pets.
- Do you receive a lot of complaints? Some do, some don't. The city with the most issues is West De Moines.
- Do you offer waste bags? Most provided waste bags in the pet parks only, not all the rest of the parks.
- Do you have a leash law? All must be on a leash and many of them allowed a maximum 6' leash. One city did not allow pets within so many feet of a playground. Manager Ware said health officials, community police, park patrol, police, etc. say this would be very difficult to enforce.

Commissioner Klinge asked if there was any record of how many dog incidents there may have been in the past. Ware said they are not recorded very often and there is no way to go back and check. In Fiscal Year 2012 the Health Department had 2,270 animal-related complaints (all animals). In calendar year 2011 there were 124 bites but that included bites on private and public property. According to the American Veterinary Medical Association Dubuque is estimated to have 12,312 dogs. In calendar year 2011 only 6,215 animals were licensed. A lot of people do not license their pets.

Commissioner Klinge asked if there were fines in place now for dogs in parks. Recreation Division Manager Pat Prevenas said he thought it might be around $200 but Manager Ware said police and park patrol usually don't write tickets up for pets in parks, they warn the person.

PUBLIC INPUT REGARDING PETS IN PARKS:

- **James Kress**, 3090 Keokuk Street. I have lived in Dubuque all my life. I am retired, use the park every day and do not want dogs in parks. There will be problems with bites and dog waste – just take a look at the trail at Miller Riverview and A.Y. McDonald parks, the River Walk, Grandview Avenue and in neighborhoods and you will see dogs not on leashes and dog waste all

over. In January 2012 Linwood and Mt. Calvary cemeteries no longer allow dogs on their property due to noncompliance with the rules. There was an article in a Nebraska newspaper just the other day that listed five dog bites in parks in ten days and in three of those cases neither the dog nor owner could be located so the victims had to go through series of shots. When I Googled dog bites in city parks on the Internet there were 24,700,000 articles. If you can keep one child from getting bitten in city parks you will be doing a good job. Keep parks safe and do not allow dogs in parks.

- **Sandy Kohn**, 2491 Northstar Drive in Embassy West. I have a corner lot and I do not have to pick up dog waste; my neighbors are responsible and clean up after their dogs. I have had a dog my entire life and I enjoy socializing with my dog. If you take the dog to the Pet Park it is different. I am asking to take the dog with the family on outings and socialize – it's good for the dog too. I walk along Bergfeld pond/trail and on the floodwall and there is some waste but it's not bad. Pet owners are taxpayers too and they just want a chance to take dog to family outings in the park and socialize with their families. Maybe you could start out small and if don't want to allow in all parks, at least allow dogs in some. Please don't penalize all dog owners because of the ones that aren't responsible.
- **Lisa Johnson**, 206 Southgate Drive. I have lived in Dubuque since 1985 and I want to go in to Murphy Park when I'm walking on South Grandview Avenue. I always clean up after my dog and even carry extra bags with me. I take my dog to training classes. You could charge a hefty fine for those dogs not on leashes and for not picking up dog waste. I'm asking that you allow dogs in at least one or two parks as a trial and develop another bigger area for another dog park. I support hefty fines for those that don't have dogs on a leash and don't pick up after their dog.
- **Chris Piper**, 2820 Burlington Street. I am a lifelong Dubuquer and am not a dog owner. I was bitten as a child by a nice dog. I am at Eagle Point Park all the time and when I go to the park I don't want to see, feel, touch, hear or smell dogs. It would be ok in smaller neighborhoods or limit the areas but not in bigger parks, especially Friday through Sunday. If you were going to allow dogs in the parks, limit to certain hours and only on Monday through Thursday. Please do not allow dogs in the bigger parks, especially Eagle Point where you pay to get into the park and rent pavilions.
- **Jennifer Tigges**, 4927 Wildflower Drive. You should have a copy of the letter I sent to Marie. I live, own a home, pay taxes and run a business in the city. I am in favor of changing the ordinance to allow dogs in city parks. State parks allow dogs on leashes not to exceed 6' in length. This is exactly what should be allowed in Dubuque parks. It is a quality of life issue for our family, or fur children as I call them. Part of quality of life is retention of our young people and recruitment of young professions to our city. Some small things that help are attractive outdoor spaces and places to foster emotional connections with other people of a similar age. Dubuque is growing. We must be known as a pet friendly city and this includes city parks. The economic value of Dubuque Convention and Visitors' Bureau securing the national Dock dogs competition the next five years is expected to bring $1.5 million to Dubuque. We need to show this national group that we are a pet friendly community and city. The new public boat slips will be bringing visitors and tourists with their pets. We need this tourism for our economic development. We will soon have three new neighborhood parks that we talked about earlier. We must be known as a pet friendly city and community.

Greater Dubuque Development Corporation has shown us that Dubuque can grow and change. We have won numerous awards for our recruitment of businesses and employees. We have proven as a city that change is good. We can change and we can make this work for all. We must change the current ordinance and allow Dubuque to be known as a pet friendly city with dogs allowed on leashes in city parks. There are currently 1,105 signatures to the online petition in favor of allowing dogs in our parks and they were gathered during a two-week window. If you do a web survey, those that don't have Internet access should be given a chance to participate with some type of paper survey or through the Library.

COMMISSION DISCUSSION:

Commissioner Hoffmann told those present that they were welcome to stay and listen to discussion since it was a public meeting but no recommendation may be reached tonight and the City Council will be the body that decides whether to change the ordinance or not; what the Commission comes to is not binding.

Manager Ware informed commissioners that with an ordinance change the City Council has to enact three readings. Also, when she talked to the legal department about how the ordinance was written, it became apparent that we will need to do some clean-up of the ordinance language.

Harris: I am not totally opposed to the idea of dogs in parks but dogs will act differently when large groups of people are around. Maybe we could allow dogs in some of the neighborhood parks, but not the showcase parks. They would need to be on a leash and charge hefty fines if they aren't. It would be hard to enforce. We have 52 parks so we would need to pick which ones to allow dogs in and which ones not.

Schlueter: I am a lifelong dog owner and I would like to see some kind of compromise. I would not allow dogs in all of the parks, especially not Arboretum and Eagle Point until we see how it goes; scale down and allow in some parks. I am not opposed to Flora and Murphy to see how it goes. The problem is the ones that are not responsible. The potential for bites is scary but I would like to find a compromise. We need to put people first as much as we love our pets; safety first. Maybe have a trial period for one full year to base a decision on. Accumulate data to decide if it's a good idea or not. Some people are afraid of dogs but it doesn't seem fair to keep dogs out because of some people. I would like to try allowing dogs in certain areas on a leash with 6' length limit and police or patrol would need to ticket offenders.

Nadeau: I am a dog owner but as a parent I am afraid of unleashed dogs, but you can't make rules based on people that aren't responsible or respectful. I feel the Arboretum and Eagle Point should not have dogs. The Arboretum is a labor of love and taken care of by volunteers. Eagle Point could maybe allow dogs in certain area. I support hefty fines like $500 for not having dog on a leash and $100 for not picking up your dog's waste. I would agree with a trial period and feel there are ways to make it possible for all to enjoy the parks.

Hoffmann: I own two dogs that are well cared for and have gone to training classes but no matter what I do the one dog snaps at other dogs all the time. Dogs have become more popular in the last twenty years and people are getting more and more attached to their dogs. The Des Moines Register is running

articles on the detriment of having pets in parks. The last article had an interview with a State Farm Insurance agent and he said liability for dog bites is up 48% from last year. He thinks some cities will move away from having dogs in parks; children are attacked the most. My sister was attacked by a dog when she was young. I don't see a need to have pets in parks but after listening to everybody here tonight, maybe we can have an area to try. I think we must protect the population but also respect dog owners' desire to walk dogs in certain designated areas.

Blocker: When you look at the number of large cities in Iowa, Dubuque is the only one with an absolute ban on dogs in parks. I think the large number of names on the petition weights heavily. I think we should vote yes to change the ordinance but allow dogs in all parks on a leash, across the board on a trial basis. Setting only designated areas in only certain parks would be very confusing to people. I don't think we really need a web survey. There is a risk involved in allowing dogs in parks but you can't remove risk from life.

Lyness: I own two dogs so I see both sides of the issue. I would like to see dogs allowed on a 6' leash in designated parks except the Arboretum. I think pet owners have become more responsible in the last couple years which is evidenced by the fact that a lot of hotels now allow pets. I think waste bags should be provided in parks where dogs are allowed because people seem to use them if they are there. There should be some kind of compromise.

Klinge: I love dogs and have dogs of my own but dogs are unpredictable no matter how well trained they are and I'm worked about the safety of the kids in the parks if dogs are allowed. I would be in favor of a trial at some parks but not the Arboretum, Eagle Point, Murphy, the showcase parks. When I walk on Grandview there is waste around. If you set fines how would it be enforced? If you allow dogs then you would need to provide waste bags. I would not want dogs in the parks when there are a lot of people around because he is leery of what could happen. I think there is a lot more we need to talk about and maybe we shouldn't make a recommendation tonight.

Mr. Hoffmann said we need to work on a compromise. He asked that everyone come to the July meeting with their own ides/suggestions for a compromise and we can see if there is a trend in one direction or the other and then go from there. Mr. Blocker said it's a complex issue and there are going to be winners and losers. We don't want to go off half cocked and try and do anything in a big hurry without careful consideration. Ms. Lyness like's Hoffmann's idea of everyone bringing their ideas to the next meeting. Mr. Schlueter said we should come to the next meeting with some proposal but he doesn't want to be putting the issue off. He is hearing that some commissioners are kind of agreeable to a compromise so if they each bring their proposal in July, hopefully a recommendation can be decided. Mr. Klinge felt it will take more than one meeting to come up with a good recommendation to the City Council.

OTHER BUSINESS:

- Commissioner Blocker said he was asked about why there was no boat ramp access available for boaters during the **Catfish Festival** at A.Y. McDonald Park. He said there should be something on the news if the ramp is going to be closed, or it should not be closed. Commissioner Klinge said there are a

couple other ramps boaters could go to. Ware said the Catfish Festival has been getting bigger and bigger each year. Next year when they request their special event permit we will need to tell them.

- Blocker said he was walking in the **Port of Dubuque** and the new marina operation looks like it will be first class, and do we know opening date yet. He asked if there would be any free boat parking for a couple hours. Blocker recommends having some two-hour free boat parking spots.
- **Marina**: Manager Ware said there is no opening date. It is still a construction site and it belongs to the contractor. The boat slips are essentially done so people are using them as courtesy docks even though other areas are not done. The project is funded by federal grants and the marina operation cannot generate revenue until the grant is totally closed out. In order for that to happen, everything has to be finished.
- **MFC**. Commissioner Nadeau said she has been hearing from the Latino community that the person hired for the MFC was not required to speak Spanish. She is concerned that nobody will be able to communicate with the Spanish speaking community. Manager Ware said we have the applications for the Site Supervisor but have not begun the interview process. Speaking Spanish was not a requirement when the job was posted but it was listed as "preferred." There will be a review of the applicant pool and qualifications and look for the best skill set possible for the job the person will be doing.
- Commissioner Harris asked if it would be appropriate for us to have a public hearing regarding the pets in parks issue. Ware said commissioners could do that if they wanted to. The Commissioners would come up with a proposal and then have public hearing before the August meeting.
- Commissioner Hoffmann said this would be his last meeting as Chair and he wanted to thank commissioners for good attendance. He always encourages moving the meetings along and not dragging them out – stay focused.

ADJOURN; VOTE: It was moved by Schlueter, seconded by Klinge, that the meeting be adjourned at 6:30 p.m. The motion passed unanimously.

Chairperson

Attest

PARK AND RECREATION COMMISSION MEETING
Tuesday, July 10, 2012
4:30 p.m., City Council Chambers, Historic Federal Building

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge and Dave Schlueter

OTHERS: Staff present: Marie Ware, Pat Prevenas and Jolene Rettenberger. Twenty-two (22) people present in the chambers for public comment(s).

ADMINISTER OATH OF OFFICE AND SIGN PAPER FOR RE-APPOINTED COMMISSIONER BOB BLOCKER: At the start of our meeting (4:35 p.m.), Leisure Services Manager Marie Ware shared the Oath of Office paperwork with Paul Hoffmann to administer to our re-appointed commissioner, Bob Blocker. We welcome Bob Blocker to his extended term on the Park and Recreation Commission.

MINUTES APPROVED; VOTE: It was moved by Blocker, seconded by Harris, to approve the minutes of the June 12, 2012, meeting. The motion passed unanimously.

PUBLIC COMMENT (limited to three minutes per person): Prior to the start of public comments, Commissioner Hoffmann reminded the public speakers to address the commission by stating their name and address, as well as writing down that information for minutes. A time limit of three minutes per person was granted.

Kate Lydon, 123 Bluff Street. Moved to Dubuque three years ago. She is surprised and disappointed that no dogs are allowed in the parks. She addressed the chambers asking how many people were here to support dogs in the parks in which several people raised their hands. She has 1,677 signed supporters who are in favor of having dogs in the parks. She will continue to gather more supporters.

Nancy Winning, 2380 Trygg Drive. Has lived in Dubuque for four years. Has also lived in five states and eight cities. Dubuque is the only place that no dogs (leashed) are allowed in the parks. She is not aware of any problems with dogs in the park in the past. She sees dogs along the river walk and doesn't see any problems with people and/or dog waste. She wants to go to the park with her dog and sit and read a book. She commented on how the parks are not full with people during the week. Stated when she was at Murphy Park the other day, no one was at the park.

Robin McFarland, 390 Alpine Street. Moved to Dubuque last year (business owner). She travels a lot. She has not come across a place to walk her dog. She feels that having a discussion about limiting pets in the parks would be a mistake, especially for the tourists. This is not a good way to do business. In her opinion, responsible people will enjoy this; no enormous increases with problems.

continued

Terry Leibold, 2530 Millstone Drive. Has worked for the City of Dubuque as a park ranger and park employee for the past twenty-eight years. He has been a dog owner for thirteen years. In his opinion, NO dogs in parks due to safety reasons. It's not a good idea to mix people and dogs. No clean-up. Dogs are already allowed in certain places in Dubuque already, plus there will be an additional Pet Park opening along South Locust in the near future. His wife is very much afraid of dogs and will stand/walk behind him. He sees people carrying leashes in their hands and the dogs freely walking/running through the park. He would have no problem in getting petition signatures showing the amount of people who are not in favor of having pets in the parks. How do you think the IBM employees would feel about eating their lunch at Washington Park and having a dog do their duty while eating lunch? If we honor this, we should have certain rules and specific areas with dogs on leashes (not retractable leashes, 6' leashes). Have a 3-strike rule in effect – if you get caught twice, the third time you are banned. Terry also stated that as he served as a park ranger, if tourists came into the park with their dog, he talked with the pet owner to let them know about no pets in the parks, but as long as they were there, he didn't see any harm in the dog being allowed to come into the park and then back to their vehicle.

James Menson, 890 Rush Street. James stated that he is a responsible pet owner. He has a trained dog. He feels that the rules assume that people at the park are not responsible. His trained dog will always be on a leash. He considers his dog as a member of his family. Are people going to be responsible for their dog? There should be penalties if they are not responsible. He wants to be able to take his dog with his family to the park, but for the time being, he has to decide if taking the family members or his dog only (limited on where they can all go). Dubuque is a fast growing city. We need a system in place to monitor this.

Kathryn Hartman, 535 Candlewick Court. Has been a nurse for forty-one years; now retired. During her nursing years, it was her job to go on home visits. She has observed pet owners who love their pets and they treat them like family members. However, pets are unpredictable – their nature is to protect their owners and their territory. There are plenty of non-responsible pet owners. She was raised on a farm. During the last four weeks in her neighborhood, she has had to cleanup dog poop left on her lawn. She has noticed some people carrying a doggie bag to "look good". She commented on what a pleasure it is to take people to the park with having no fear of pets or the smell of pets. She commends the City of Dubuque for limited pets in the parks. Why are we willing to take on the liability?

William Kaiser, 3556 Keymont Drive. Against dogs. He walks everyday for about 1½ hours at Eagle Point Park. Sees a lot of dogs (leashed and

continued

unleashed) in the park before operating park hours, as well as dog waste left behind. He has also witnessed responsible dog owners drop their poop bags on the ground. He has talked with park maintenance employees and they are not in favor of dogs in the parks. Park employee comments have been "if you think it's bad now, I'm afraid to think what it will be like if dogs are allowed." If you're having a family gathering at the park, do you want to listen to dogs barking? We have a lot of wildlife in the parks (ducks/fox/deer/et cetera). It will take one severe dog bite… Parks are for people, not for pets.

Wanda Dossey, 901 Lincoln Avenue. Has been a Dubuque resident for sixteen years. It's a fact of life that we have responsible and irresponsible people in every factor of life. She is in favor of dogs in the parks. She has enrolled in American Kennel Club Obedience classes with her dog. It would be nice for people and their dogs to be able to take in the local sites (tourists) and enjoy the city. The dock dogs bring in an economic boost to the community. More people are traveling with their dogs. Look at the health benefits – keep walking and exercising. Do we have certain rules for motorcycles/motorcyclists that break the laws?

Paula Martens, no address listed. She is a responsible pet owner. When her dog is at their home, the dog is leashed in her own yard. She often stands over her dog while he's in the yard. What makes not other loose dogs from coming into her yard and attacking her dog? What do other cities do? Give it a chance.

Ryan Larson. Has a binder with handwritten petitions he shared with the Park and Recreation Commission. He owns a pit bull. He's a responsible pet owner. There are dog training facilities available in Dubuque. Penalize people if they are not responsible for picking up dog waste.

Jim Kress, 3090 Keokuk Court. Jim shared a typed note with the Park and Recreation Commission. About 1½ hours ago there was a volunteer at the Dubuque Arboretum who shared a story with him. The people were down in the Port of Dubuque (near the flood gates) when a pit bull ran out with his leash tied to a folding chair. The couple was fearful and ran back to their car. This is a safety issue – there are going to be lawsuits galore! We have to protect our children from the dogs. Who will enforce the leash ordinance since the park rangers don't come on duty until 4:00 p.m.? We have a tight budget. Don't allow dogs in the parks due to the safety of our children first. Dubuque received an award for an "All-America City".

John Betko, 1263 Jackson Street. Has lived in Dubuque for fourteen years. An "All-America City" has rights for everyone. He pays dog license tax. How can you say you can't go to any parks? Why is this a problem? Pit bulls…are

continued

they going to kill you, really? Enforce the laws that we have. Can't take your dog anywhere. Give us more options – people will be responsible.

Kim Daykin, 275 Southgate Drive. Kim is a former Park and Recreation Commissioner of 15 years. Is the owner of a Dalmatian. She has been all over the parks areas (Swiss Valley, Mines of Spain, et cetera) and has witnessed that most people do not have their dogs on a leash. Her dog has been attacked by other dogs. Mess all over – you'll step in dog poop. This will be a problem in the parks. People say that their dog is so nice and won't hurt anyone, but her dog will hurt them. Has a suggestion - if we allow dogs in the parks, limit the parks – not in Eagle Point, Murphy or Flora parks (if a tourist, OK as stated by Terry Leibold's comments above). Limit the times and parks for pets. Have an extra park ranger to enforce the rules and impose hefty fines.

Donald Koepke, 434 Emmett Street. New resident to Dubuque; moved two months ago from Milwaukee, Wisconsin. Moved to Dubuque due to the low unemployment rate. Surprised with the restrictions we have on dogs in the parks.

Sandy Kohn, 2194 North Star Drive. Owner of two mixed labs that she takes on walks. Doesn't go to the Pet Park because she sees the dog owners congregating around and the dogs have the run of the place. Eagle Point Park is a great place to go. She has noticed people dropping their dog waste bags on the ground, but they return back to pick them up as they walk back on their route. Give us a fair chance; nothing is 100% in life. Just give us a chance.

ELECT OFFICERS; VOTE:

It was moved by Schlueter, seconded by Klinge, to elect Bob Blocker as Chairperson, elect David Schlueter as Vice-Chairperson, and elect Chuck Harris as Secretary. All motions passed unanimously.

COMMISSIONERS PRESENT AND DISCUSS THEIR INDIVIDUAL PROPOSALS REGARDING DOGS IN PARKS AND LEISURE SERVICES AREAS:

At this part of the meeting, Commissioner Blocker took over as Chairperson. Below are statements from our commissioners about their proposals for dogs in the parks:

Commissioner Harris. Proposal is simple, but not. He has heard from people what they are saying. Allow dogs in all parks except for Eagle Point, Dubuque Arboretum and Botanical Gardens, Murphy, Washington, Jackson and Comiskey. Commissioner Harris lives across the street from Comiskey Park and owns two dogs. He feels that it would be too hard to enforce this since our personnel has enough work on their plates. We either do all parks, or no parks. He also added that if there is an issue in the neighborhood about dogs

continued

in the parks, add that park to the list for no pets allowed at all. Make the fine a minimum of $750, keep the leash at 6' and cleanup after your pet(s). We need to encourage responsibility.

Commissioner Schlueter. He proposals to look at the ordinance and make changes. Dave distributed copies of his amendments to 10-5B-4 as follows: A) Add the following: exception being the designated Pet Park(s); B) Revise: Leashed dogs and cats allowed in all parks and areas except the following: Eagle Point Park, Marshall Park (Dubuque Arboretum and Botanical Gardens), Louis Murphy Park and the Riverwalk by the Grand Harbor Resort/Grand River Center/Alliant Amphitheater. This will be on a one year trial period, with the City reserving the right to revoke said revision or alter. Leashes or tie outs must not be longer than 6' in length (not extend-a-leads) and owners are responsible for feces cleanup with proper disposal in an appropriate receptacle. Fines for violation of leash or feces are $200 per violation and will be administered by the park patrol and/or Dubuque Police Department; C) Delete as redundant.

Commissioner Hoffmann. He feels if people take dogs to the park, we should increase the park fees. If fines, add extra park ranger to staff and work longer hours. Have dog owners pay an extra fee ($35 or $50) for a tag for the dog to cover the costs. At Eagle Point, Flora and Murphy parks, set time limits – out by 9:00 a.m. He is concerned about the safety of the children. Possibly make an exception on the weekend during the America's River Festival when the Dock Dogs are in town. Send out *News Releases* during the times that pets are allowed in the parks.

Commissioner Klinge. He has received several telephone calls and letters regarding this topic. He spent five nights camping over the July 4th holiday at the Miller Riverview Campground. He doesn't take his dog to the parks because parks are for people. Not too long ago he went for a walk through Murphy Park and introduced himself to park patrons and brought up the issue about dogs in the parks. In doing so, he stated that most people are against the idea especially at Murphy, Flora and Eagle Point parks and the Dubuque Arboretum. Let's have a trial period. He is afraid and would feel terrible if someone gets mauled by a dog(s). He has gone on several walks throughout the city (along Grandview Avenue, Asbury Road and Carter Road) and has come across dog waste and waste bags. Keep it as is.

Commissioner Blocker. Both sides have argued their case. I don't think we can make rules and regulate them. Parks belong to us, the people. Let's compromise – dogs on 6' leashes, but not in the Arboretum. Have a trial period of 1-2 years. Take this to City Council. The thing is responsibility. He feels a fine of $750 is too high.

continued

With the absence of **Commissioner Evelyn Nadeau**, Commissioner Blocker shared her email with everyone. "Pets on a 6' leash accompanied by someone age 14 or older are allowed in city parks with the exceptions/limitations listed below:

Within the parks where they are allowed, pets may not be in playground areas, in areas where food is consumed such as picnic tables unless the pet belongs to those picnicking, and are not allowed in areas where sporting activities take place, such as athletic fields, skate areas, pools, disc golf courses and the like. All pets must be fully licensed and immunized with current tags, and pet owners are responsible for cleaning up after their animals. The exceptions/limitations are as follows:

Eagle Point Park – not allowed with the exception of the Trolley Line Trail and in the rest of the park only during open hours before 9:00 a.m. and after 9:00 p.m.

Marshall Park – not allowed in the Arboretum.

Fines for pets off leash (other than the Pet Park) up to $1,000 (I originally stated $500 and $300, but since the current Pet Park rules say up to $750 for not picking up, I upped the ante). Fine for dog waste not picked up at $750."

With the absence of **Commissioner Karen Lyness**, no report given.

Leisure Services Manager Marie Ware also shared with the commissioners to be thinking not only about dogs in parks, but trails, too. We have several trails in Dubuque (N.W. Arterial, North End Neighborhood, Mississippi Riverwalk and the Trolley Line Trail). We need to be specific about trails.

In the conversation about dogs on trails, Commissioner Harris agreed to allow all pets on all trails; Commissioner Schlueter agreed to all trails except for the Mississippi Riverwalk as stated above; Commissioner Hoffmann agreed with Schlueter stating it's not a good mix to have dogs and well-dressed people along the Riverwalk, especially since the Port of Dubuque is a highly used pedestrian area, and Commissioner Blocker shared that both sides to story and we need to compromise.

At this time, a gentleman from the chambers asked about a trial period. If we get one dog bite incident, cancel the trial period. Another person stated that we are taking the freedom away from the people. How do other cities do it? Why can't Dubuque figure it out? A lady shared that there is a website that shows dog bite statistics. Another lady asked if someone gets bit, who is liable

continued

for the dog bite? This is a legal issue.

Leisure Services Manager Marie Ware spoke and stated that we need a recommendation to be given to the City Council. Since there are so many versions, what is your recommendation as a commission? We need time to take this issue to staff for review. Since this would be an ordinance change, we need to get feedback from various departments. Time is needed for discussion.

Commissioner Hoffmann asked about scheduling a Workshop Session. At the Workshop Session, the general public can be in attendance, but will not be able to speak. We need to hear comments and have some feedback from commission members. We need to have a consensus from the Park and Recreation Commission. It will need review with the park patrol, COPS, Health Services, et cetera. I feel a Workshop Session is appropriate.

Commissioner Klinge asked how long the ordinance has been in effect – dates back to 1968. Commissioner Blocker's gut feelings are for this issue to not take place until the next season since we are half-way through the year now. Leisure Services Manager Marie Ware stated that this will take some time.

Leisure Services Manager Marie Ware stated that we either need to have a special meeting, put this item on the Park and Recreation Commission August agenda or schedule a Work Session before/after our commission meeting.

Commissioner Blocker shared that we can discuss this at the next meeting. Commissioner Hoffmann suggested to have a Work Session only. Commissioner Schlueter agreed with Hoffmann and said to have the Work Session scheduled soon. It was also stated to have the typed minutes of this meeting available this week so plenty of time is given to read and review the minutes prior to the scheduled Work Session on Tuesday, July 24th at 5:00 p.m. at the City Council Chambers, 2nd floor of the Historic Federal Building (if chambers are available). The meeting notice will be released to the media and again the public is invited to attend, but no public comments will be allowed during the Work Session.

Prior to ending this conversation, a lady in the chambers asked where does the money go to that are from the licensing of our dogs? Why can't we use this money for the different waste stations located in the parks and hiring staff to enforce the rules?

DISCUSS GOLF OUTING RATES:

Recreation Division Manager Pat Prevenas distributed a copy of the Bunker Hill Golf Course Outings proposal to all commissioners. Under the current policy, which was adopted in March of 2005, it reads that Golf Outings may be scheduled on weekdays before noon throughout the season, and weekends

continued

after 1:00 p.m. and any time in September and October. Eighteen hole rates for shotgun start during the above times include the following: 144 player minimum – league fee of $12.75; 120 player minimum – weekday 9-hole fee of $12.75; 100 player minimum – weekend 9-hole fee of $14.25 or less than 100 players – senior fee of $15. Requests for golf outings have become more numerous since 2005 and there is less competition between the golf courses to attract outings so the reduced rates are unnecessary. We also now have the ability to start outings earlier than 1:00 p.m. on the weekends because of fewer permanent tee times in the mornings which provides us greater scheduling flexibility.

To assist the Pro Shop staff with a less complicated pay rate schedule, it has been suggested that we consider the following for the 2013 season: 120 player minimum – senior fee of $15 or 80 player minimum – weekday 18 hole fee of $19. Outings with less than 80 players that do not require a shotgun start will be negotiated individually via the Golf Pro with the approval of the Leisure Services Department staff.

RECREATION DIVISION REPORT:

Recreation Division Manager Pat Prevenas shared the following recreation issues: ◆ According to the National Golf Foundation, golf rounds are nationally up 15-16% due to the weather; up 18% in the Midwest, but up 20% here at the Bunker Hill Golf Course. This is the best June Bunker Hill Golf Course has had in 11 years – year-to-date through June up 23%. ◆ FY12 golf ended with a surplus of $29,000. ◆ An all-time monthly record was set at Flora Pool with 37,000 swimmers. We have had the second highest monthly record at Sutton Pool with 19,900 swimmers. No single, daily records were set. ◆ The extreme heat has impacted the attendance to some of our programs (tennis, playground, baseball, softball). ◆ Online registration for activities has maintained 50% usage.

PARK DIVISION REPORT:

Leisure Services Manager Marie Ware spoke about the following park issues: ◆ We continue to water flower baskets and beds. Many thanks to all employees for all of their hard work in the extreme heat. ◆ The Miller Riverview Campground has been busy. ◆ Mowing weeds rather than lawns due to the extreme heat and dryness . ◆ Some of the flower baskets and beds look better than others. The self-water system with the flowering baskets is working out well. ◆ Bids were received for the North End Neighborhood Trail. We received a favorable low bidder below what the engineers estimated. ◆ Commissioner Hoffmann asked a question about the status of the house that was up for sale on South Grandview Avenue, outside of Murphy Park. Leisure Services Manager Marie Ware is looking into options related to moving the house or deconstruction. If the house gets demolished, we will have an open lot until plans are in place and money is budgeted as a CIP. ◆ Commissioner

continued

Blocker was very pleased as to how well the Miller Riverview Campground is being managed and handled. Blocker had a reservation at the campground during the July 4th holiday. Blocker asked why we do not have a hard-surfaced handicap camping site? According to the campground map, there is a handicap site available and the campground managers keep this area open for any handicap camper that needs it. Leisure Services Manager Marie Ware shared with the commissioners that the project of hard surfacing sites had been placed in the budget. With the new CIP's, they did get some money to hard-surface a few camping sites.

OTHER BUSINESS:

Commissioner Blocker asked about the status of the Port of Dubuque Marina and when that will become officially open. The new boat slips are beautiful, but there is no fuel, no rest rooms, et cetera. Since we have spent $5 million+ on the marina, why and/or when will we open? Leisure Services Manager Marie Ware explained to the commissioners that since the City received a $4 million grant, with the grant monies we cannot exchange money until the grant is completely closed due to the construction. When this becomes an acceptable project through the City Council, then you need to add 30 days for retainage and all things gathered and send to the grantee for final approval. The City of Dubuque has to follow the rules *unless* we want to pay for the entire project. The marina has docks as a courtesy currently.

ADJOURN; VOTE:

It was moved by Hoffmann, seconded by Klinge, that the meeting be adjourned at 6:24 p.m. The motion passed unanimously.

Chairperson

Attest

PARK AND RECREATION COMMISSION WORK SESSION
Tuesday, July 24, 2012
5:00 p.m., City Council Chambers, Historic Federal Building

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge, Karen Lyness, Evelyn Nadeau and Dave Schlueter

OTHERS PRESENT: Staff present: Marie Ware, Pat Prevenas and Eileen Trimble

Meeting began at 5:00 p.m.

INFORMATION FROM LEISURE SERVICES MANAGER: Leisure Services Manager Ware said she checked with the Legal Department on questions that had come up in previous meetings.

Fines: There is no specific fee or fine structure defined within the Park and Recreation section of the Code of Ordinances. This means it becomes a municipal infraction which would be a minimum $50 fine + court costs + corrective action. The city goes by rates set by the state for municipal infractions: 1st offense is anywhere from $50 to $750; 2nd offense is up to $1,000 + court costs and corrective action; and 3rd offense is contempt of court with possible jail time. Pet waste not cleaned up by the owner falls under unlawful deposit under the littering ordinance and that fine structure would be the same. This is the fine structure unless commissioners wanted to define a specific fine structure that would be for parks only. The Assistant City Attorney shared fines are levied to gain compliance with rules.

Liability: Ms. Ware asked the city Legal Department if the city would be open to liability if the ordinance was changed for pets to be allowed in parks and someone was bitten or attacked by a dog. She was told that if there are usage regulations in place, in other words if dogs are allowed in parks, the **city** would not be at risk for any greater liability; the liability would fall on the pet owner. **Commissioners** would not personally be open to liability because they fall under the umbrella of the city and would not be liable unless they had willful, malicious intent.

From department view: Iowa's other large cities have pets in parks and they get calls with concerns. If we change the ordinance the department will get the calls from people that didn't want the ordinance changed - they will expect workers to go clean up dog waste right away and tickets to be issued. Other Park and Recreation professionals would say they wished their city had it our way. Park staff is concerned about opening up parks to pets because some parks are bad now even though pets are not supposed to be there. If the ordinance is changed, and pets are allowed in parks, department staff will not clean up pet waste calls that come in; there is not the staff available for that duty.
• ***Compromise:*** If she was going to offer a compromise that hasn't been shared she would suggest allowing pets on only trails first to see how it goes. We have had people say they will police dog waste and help clean up other dog's waste. This is typically shortlived. • ***Limit to certain areas of parks:*** does not think allowing pets in only certain areas will work because people tend not to read

signs and it is more confusing. • ***Only certain parks:*** It has been said that a lot of people visit certain parks so let's not allow pets in those parks. The problem there is that those are the parks pet owners really want to go with their pets and families. • ***Leash:*** If you recommend allowing pets, Ware would suggest a maximum 6' leash, no retractables. • ***Getting hurt:*** Ware doesn't want to see anyone get hurt. People visit parks every day. There is inherent risk in participating in parks and recreation.

Ms. Ware said she observed people with pets on the Riverwalk - dogs running free; people holding leash in hand while dog ran ahead; a pile of dog waste in the middle of the Riverwalk, etc. as well as responsible pet owners. Ms. Ware thinks you have to be all in or all out with limited exceptions. The more exceptions you put on the rules, the harder it is for the public to follow and understand and the harder to explain. Whatever is decided, education of the public and consistent signage at all areas is important.

COMMISSIONER COMMENTS:

Commissioner **Blocker** said it looks like Dubuque is the odd man out in relation to other cities because their ordinances allow pets in parks and ours does not. He feels pets should be allowed in every park except Arboretum/ Marshall Park with a maximum 6' leash.

Commissioner **Schlueter** asked if there was anybody that wanted the ordinance to stay as it is currently written, and Hoffmann and Klinge both said yes. In regard to the suggestion about starting with trails only, he feels people already have trails now because they are not really addressed in the current ordinance - they are like a nondefined area.

Commissioner **Harris** thinks pets should be allowed in all parks except Eagle Point, Arboretum/Marshall, Comiskey, Jackson, Murphy and Washington. He is open to changing that but feels strongest about no pets in Eagle Point and Marshall/Arboretum. Maybe we could add Eagle Point in the future after some kind of trial period after we see how it goes.

Commissioner **Lyness** agrees with allowing pets in all parks except Arboretum/ Marshall Park but we should provide baggies and charge 25 cents per bag. There will be a cost but we are going to pay for new signs regardless of what we do. Pets should be on leashes with a maximum 6' length and we would need to educate the public on fines.

Commissioner **Blocker** said Eagle Point is the most popular park so that is where most people will want to go. He thinks pets should be allowed in all parks except the Arboretum/Marshall.

Commissioner **Nadeau** said originally she had thought to exclude pets from Eagle Point but now sees the value of consistency and thinks they should be allowed in all except Arboretum/Marshall Park. She is wondering if we should set some kind of age restriction for the person holding the pet's leash – she wouldn't want to see a 7 year-old holding a lease, for example.

Commissioner **Schlueter** said why don't we take a consensus on the parks that have been mentioned the most – Comiskey, Jackson, Eagle Point, Washington, Arboretum/Marshall, Murphy, Riverwalk and Flora. The consensus seemed to be to allow pets in all parks except the Arboretum/ Marshall Park and Eagle Point.

FURTHER DISCUSSION:

Commissioner **Hoffmann** said he was originally for some kind of compromise but after the last meeting he changed his mind. He is hearing more and more against allowing pets in parks. He was at a meeting the other day with 50 people and all 50 were against changing the ordinance to allow pets in parks. Commissioner **Harris** said he has experienced the opposite – he was at a meeting where over half the people were for changing the ordinance.

Mr. **Hoffmann** said he is not hearing any answers to the questions about who cleans up after irresponsible pet owners. Who will enforce the new ordinance and write tickets - the park patrol does not start until later in the day? Who is liable if the pet owner has no insurance and their pet bites or attacks someone in the parks? How do you collect fines if they have no money?
Mr. **Harris** said the city has general liability now if somebody goes into the park and gets injured on a piece of play equipment. Are there lawsuits out there now because of dog bites or dog -attacks in parks? How will be it any different than walking up and down a city street where dogs are? Mr. **Blocker** said if other cities don't like the ordinance, why haven't they rescinded it? Ms. **Lyness** said Mr. Harris was right on the liability, there are hazards everywhere. Ms. **Nadeau** said there are a lot of people that want the change. It would be wonderful if we could respond with a trial of two years and say "let's try it and see how it goes," then revisit. Mr. **Schlueter** feels pets should be allowed in all parks, trails, etc. except Eagle Point Park and the Arboretum/Marshall Park with a maximum 6' leash, no retractable.

Ms. **Nadeau** said we should give some kind of criteria of why pets are allowed in some parks and not in others. Mr. **Harris** said Eagle Point has some really large events including wedding receptions that are planned 23 months in advance.
Mr. **Schlueter** said the Arboretum is taken care of totally by volunteers and they put in a lot of hard work taking care of all the flowers and plants.

COMMISSIONER SCHLUETER PROPOSAL:

Mr. Schlueter proposes to change the current ordinance 10-5B-4 as follows:

A: Unleashed Animals Prohibited: No person shall be permitted to bring into any park, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animals to run at large in any park. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment. **Change to: Unleashed animals are allowed in designated pet parks.**

B: Leashed Dogs and Cats Allowed in Certain Parks and Areas: Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following: Granger Creek Nature Trail, John G. Bergfeld Recreation Area, Medical Associates Greenbelt Park, and Miller Riverview Park. **Change to: Leashed pets shall be allowed in all parks and on all trails and walkways except Eagle Point Park and the Arboretum/**

Marshall Park, on a maximum 6' leash (no retractables). Owners are responsible for their pets while in the parks, including behavior and unlawful deposits.

C: Unleashed Pets Allowed in Pet Park: Unleashed pets shall be permitted in the pet park. **Could be dropped since unleashed pets in pet park would be covered in new A.**

DISCUSSION

Nadeau thinks there is a value to a test period – it lets people know we are listening. **Hoffmann** asked about enforcement and financial aspect to changing ordinance. **Lyness** said there needs to be a time period to see how it goes. **Schlueter** said there is currently no enforcement and there are pets in all these parks now even though they are not supposed to be there. It will come down to the City Council making the decision. He does not want to see citizens going up to other citizens to try and enforce. **Klinge** said we need to recommend something as a commission and the City Council will have to make the decision. **Blocker** is open to a trial period.

SPECIAL GATED AREAS AND/OR AREAS WITHIN A PARK:

Manager Ware said we need to think about areas like McAleece – a gated facility; Flora Pool is a gated facility within a park. We have to call these types of areas out and specify.

Ms. **Nadeau** asked if we could go back to her original proposal and include the part which said pets should not be allowed in playground areas; areas where food is consumed such as picnic tables unless the pet belongs to those picnicking; areas where sporting activities take place, such as athletic fields, skate areas; pools, disc golf courses and the like.

Ms. Ware said we will work on what the commission has said tonight and create a draft, and she will take to other city departments and ask about their concerns because this issue crosses over into other departments like Police and Health and bring to the next commission meeting.

END WORK SESSION:

Work session concluded at 6:15 p.m.

PARK AND RECREATION COMMISSION MEETING
Tuesday, August 14, 2012
4:30 p.m., City Council Chambers, Historic Federal Building

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge, Karen Lyness, Evelyn Nadeau and Dave Schlueter. (NOTE: Paul Hoffmann left meeting at 4:34 pm to attend another meeting.)

OTHERS: Staff present: Marie Ware, Pat Prevenas and Jolene Rettenberger. Four (4) people present in the chambers.

MINUTES APPROVED; VOTE: It was moved by Klinge, seconded by Lyness, to approve the minutes of the July 10, 2012, meeting. The motion passed unanimously.

BEST WISHES TO PAT PREVENAS: Prior to the start of the Park and Recreation Commission meeting, all commissioners extended their *Best Wishes* to Pat Prevenas on his upcoming retirement after 31 years employed with the City of Dubuque, Leisure Services Department. A round of applause followed.

MINUTES APPROVED; VOTE: It was moved by Hoffmann, seconded by Schlueter, to approve the minutes of the July 24, 2012, work session. The motion passed unanimously.

DOGS IN PARK DRAFT ORDINANCE REVIEW: Please note that during the discussion, no public input was addressed.

Leisure Services Manager Marie Ware shared with the commissioners a preliminary draft of Ordinance #10-5B-4 on Dogs and Cats in Park, Trails and Open Spaces. Since commissioners last received their draft, changes have been recommended by Crenna Brumwell, Legal Services. (Updates appear in yellow on the copies that were distributed to commissioners at the meeting.)

The current ordinance covers domestic animals (pigs, cows, horses, etc.). The Commission would need to decide if these should be included or excluded. Commissioners are to consider what park(s) you are ***or*** are not able to bring your dog/cat into. Not all of the parks are currently listed in the ordinance. It was recommended by the commissioners to <u>add</u> a sentence covering new parks/trails not listed in ordinance but accepted. We will need to define trails. Manager Ware will be checking with other City departments such as Health and Police and will share those updates at our September commission meeting.

Commissioner Harris asked about creating language for new designated recreational areas as well. Commissioner Lyness agreed adding language to the ordinance about adding additions for new parks and asked if we do get new recreation fields built, signage can be posted at the site.

Commissioner Blocker shared that many people are asking him why can't we take our dogs to Eagle Point Park. Commissioner Nadeau responded to Blocker's question saying many events are held at Eagle Point Park. Manager

continued

Ware stated that the Commission's reasons will need to be shared with the City Council.

Commissioner Klinge asked about including domestic animals? Is there another ordinance for domestic animals? Commission Schlueter referred to rule #1 under 10-5B-4: Only dogs and cats will be allowed in city parks and open spaces and/or on city trails. Commissioner Lyness also agreed.

At the conclusion of this discussion, Manager Ware shared that it is our goal to incorporate the current draft, changes made with our discussion, feedback from other City staff/departments and type up a final format to share with all commissioners at the September commission meeting. We can then post the proposal for the public to see so that the public is aware of what the Ordinance is that is being reviewed and potentially recommended to the Council.

REVISE SWIMMINMG POOL RENTAL POLICY; VOTE:

Recreation Division Manager Pat Prevenas distributed a copy of the **Swimming Pool Rental Policy Revision** to all commissioners. Flora and Sutton swimming pools have been available for private rentals on Friday, Saturday and Sunday evenings from 7-9 pm since the mid 1990's. After the addition of the water playground pools in 2002, a rental policy was developed for use of these water playground pools on Saturdays and Sundays from 11 am to 1 pm. Currently these rentals require a reservation fee to be paid at the time of the reservation, with the remaining balance to be paid prior to June 1st of the pool season. Also, the evening pool rentals require a security deposit of $50.00 that is refunded following the rental. These policies were developed based upon what the department procedures were at the time with the park pavilion reservations done via paper and not using computer software until about 6-7 years ago. (Currently we offer online reservations for pavilions.) Our Aquatic Supervisor, Janna Beau, is responsible for collecting the remaining rental fees prior to June 1st and also returning the security deposits following the rentals. Unfortunately, there have been occasions this has not been done on time creating last minute issues collecting funds and/or not refunding deposits on a timely basis, primarily because of Janna's workload during the pool season. With the recent revisions to our Park Pavilion Policies during the past several years that currently require the entire rental fee be paid at the time of the reservation and the elimination of the security deposit for wedding receptions, it would be logical and consistent to follow the same policies for pool rentals. Pool rental fees are based on a sliding scale depending on the number of people that the renter tells us. Very rarely do we have rentals over 300 people where adequate lifeguard ratios become an issue. The rules could be revised indicating that a rental is for 300 people maximum, with larger groups requiring additional fees for increased number of lifeguards as determined by the Leisure Services Department for a set fee of $25 per guard.

It was moved by Schlueter, seconded by Nadeau, to approve the changes in the Swimming Pool Rental Policy to correlate with our park pavilion policies to be in effect for the 2013 pool season, requiring full payment at the time of reservation and not requiring a security deposit. The motion passed unanimously.

REVISE FEE POLICY FOR GOLF OUTINGS; VOTE:

Pat distributed a copy of the **Bunker Hill Golf Course Outings** proposal to all commissioners. Our current policy (adopted in March of 2005) reads: Golf outings may be scheduled on weekdays before noon throughout the season, and weekends after 1 pm, and any time in September and October. Eighteen-hole rates for shotgun start are as follows:

- 144 player minimum – league fee ($12.75)
- 120 player minimum – weekday 9-hole fee ($12.75)
- 100 player minimum – weekend 9-hole fee ($14.25)
- Less than 100 players – senior fee ($15.00)

Requests for golf outings have become more numerous since 2005 and there is less competition between golf courses to attract outings so reduced rates are unnecessary. At the Bunker Hill Golf Course, we average approximately 25-30 golf outings (special events) per year. The Bunker Hill Golf Course has the ability to start golf outings earlier than 1 pm on weekends because of fewer permanent tee times in the mornings which provides us greater scheduling flexibility.

To assist the Pro Shop staff with a less complicated pay rate schedule, we suggest the following be considered for the 2013 season:

- 120 player minimum – senior fee ($15.00)
- 80 player minimum – weekday 18-hole fee ($19.00)

Outings with less than 80 players that do not require a shotgun start will be negotiated individually via the Golf Pro with the Leisure Services Department staff approval.

Commissioner Lyness asked if we increase the rates, will we lose business? Recreation Manager Prevenas stated no. Commissioner Nadeau asked about the number of people and setting a fee. Pat said that we can negotiate with a group on pricing, whether it's 9 or 18 holes, cart rental(s), meal or catered meal event. Commissioner Nadeau is concerned with a negotiating rate; we need to have written guidelines. Manager Ware wants to bring us up to the range of where the majority is at – we do not want to "undercut." Commissioner Lyness shared that when people are looking to schedule a golf outing, they look at available dates and if the establishment can handle the group size.

It was moved by Schlueter, seconded by Lyness, to accept the pay rate schedule for the 2013 outings as listed above. The motion passed with Blocker, Harris, Klinge, Lyness and Schlueter voting yes; Nadeau abstaining due to the language/wording of negotiating.

RECREATION DIVISION REPORT:

Manager Prevenas shared the following:

Bunker Hill Golf Course had the highest July snack bar revenue ever. Our 2012 pool season was very good, too. In fact, Flora Pool had the third highest July attendance in 20 years and Sutton Pool's attendance was up 5%.

PARK DIVISION REPORT:

Last month, Leisure Services Manager Ware spoke briefly about Hilltop Park and how there is no street frontage. The house that was located at 735 Caledonia Place (near Hilltop Park) had a house fire. The Executor of the Estate has offered to donate the property at 735 Caledonia Place to the City "as is" as long as we agree to install an American flag on the site in memory of her father, who was a veteran. Funds are available for the deconstruction of this property and we are going through the process to update the abstract and accept the deed. With this donation, we will be able to create a handicap access and install a walkway to the playground area and offer an open field play area. This project will appear on an upcoming City Council agenda.

MANAGER REPORT:

◆ **Pet Park fees**. An information sheet was shared with all commissioners regarding the Pet Park Fees from July 1, 2011 through June 30, 2012. Total Treasurer's receipts show $2,979.14.

◆ **Skate Park enthusiasts**. A public hearing is scheduled for Tuesday, August 28th from 6:30 to 8:00 p.m. at the Carnegie-Stout Public Library Auditorium. We will be working on a long range plan for expanded skate parks in Dubuque. Group table discussions will take place.

◆ **Status on job vacancies**. We have four (4) full-time positions available at the Leisure Services Department. This coming weekend, you will see the job posting for Recreation Division Manager as Patrick Prevenas is retiring on August 31st, 2012. Telephone interviews for the Park Division Manager position will be taking place within the next two (2) weeks. In early September, we'll be conducting interviews for the Natural Resources position. We'll also be conducting interviews for the Bunker Hill Golf Course Superintendent's position in which Michael Denman retired on July 5th, 2012.

◆ **Budget talks**. In September, we'll be starting the budget process for next fiscal year.

◆ **Project Status Report for July 2012**. Copies were distributed on the Project Status Reports. Please read over and review the number of projects that are listed.

◆ On 5th Street. along Flexsteel Corporate Headquarters, we are working on a **landscape design** incorporating an area for benches and bikes.

◆ **Electronic trikes in Dubuque**. A few weeks ago, there was an article that appeared in the Telegraph Herald regarding a new Dubuque business in which you can rent and/or purchase electronic trikes. This new business is advertising trike tours in Dubuque along the Riverwalk and trails. According to the ordinance, we currently do not allow motorized vehicles on our trails. However, there is a waiver that the Leisure Services Department can allow trikes on trail areas. This is a very complicated issue and we are currently

continued

working on the issues, concerns and questions. In the near future, the Park and Recreation Commission will be working on this subject. At the present time, tours are allowed on the City sidewalks, but not on the streets.

OTHER BUSINESS:

◆ Commissioner Nadeau asked about the status of the new Pet Park. At the present time, no work has been done. *(Refer to the Project Status Report for July 2012 for more information.)*

◆ Manager Prevenas shared that we had 123 dogs participate in the *2012 Doggie Dip* at Sutton Pool on Monday, August 13th. The *2012 Doggie Dip* at Flora Pool is scheduled for Monday, August 20th.

◆ Please note that the date for the next Park and Recreation Commission is on **Tuesday, September 18th, 2012, at 4:30 p.m. at the Bunker Hill Golf Course Snack Bar**. It was suggested per Commissioner Schlueter to rotate the location of our commission meetings.

ADJOURN; VOTE:

It was moved by Lyness, seconded by Schlueter, that the meeting be adjourned at 5:33 p.m. The motion passed unanimously.

PARK AND RECREATION COMMISSION MEETING
Tuesday, November 13, 2012

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge, Karen Lyness, Evelyn Nadeau and David Schlueter

STAFF PRESENT: Marie Ware and Jolene Rettenberger

OTHERS PRESENT: Jim Kress and Terry Leibold

MINUTES APPROVED; VOTE: It was moved by Klinge, seconded by Harris, to approve the minutes of the September 18, 2012, meeting. The motion passed unanimously.

BUDGET RECOMMENDATION – FY 2014-2018 C.I.P.: Manager Ware shared with commissioners that Gil Spence and Pat Prevenas assisted on a temporary basis to help complete the Park Division and Recreation Division operating budgets during this transition period of both positions being vacant.

Capital Improvement Budget lists were sent to commissioners in advance of the meeting. Leisure Services Manager Marie Ware reminded commissioners that C.I.P. projects are for $10,000 or above. She reviewed the Fiscal Year 2014 through 2018 C.I.P. budget request with the commissioners. Item #74 (Parks Fleet Automatic Vehicle Locator-AVL) was placed in the FY 2018 budget request at a cost of $23,000 for twelve vehicles. It is a goal of the City Council to have all City vehicles installed with AVL, which is a device that determines the geographic location of a vehicle and transmits the information to a requester (similar to GPS). There are 25 Park Division vehicles that would have AVL installed if it is approved. This system has proven beneficial to Public Works and Transit vehicles that currently have AVL.

Under the Recreation Division CIP priority requests for the golf course, we continue to work on the irrigation system, improve the cart paths, and are requesting a new chemical storage building. Under swimming pools, items listed are for the maintenance/repairs/upkeep of the pools and waterslides, an addition of a family rest room to be built at Sutton Pool.

Commissioner Hoffmann asked about the condition of the pool tanks and the need for adding money to the budget for the swimming pools. Ware reported our maintenance practice has served the pools well. She will consider this during next year's budget.

Commissioner Nadeau is happy to see that Jackson and Usha Parks have been put into the budget and the community interest in skate parks was addressed.

Commissioner Blocker questioned item #18 (Miller Riverview Park-pave secondary roads/campsites for $25,000 each year). This cost will cover the paving of campsites and maintenance after flooding. Blocker also raised some

continued

concerns on the age and condition of the rest room facility at the campground, as well as the cost of electrical outlet boxes. Manager Ware shared that there is money available in FY 2013 for the rest rooms and money is requested in FY 2018 for the electrical outlet boxes.

BUDGET RECOMMENDATION – FY 2014 OPERATING BUDGET REQUEST:

Manager Ware shared information pertaining to the FY 2014 park and recreation operating budgets.

Fiscal Year 2014 request Equipment Priority List totals $221,120. Areas included in the Parks operating budget are: administration, forestry, park patrol, park areas, Port of Dubuque maintenance, Four Mounds maintenance, park equipment, downtown maintenance, greenhouse, Technology Park, Industrial Center West Maintenance, Lyons Peony Trust and storm area maintenance (which pays for the expenses of the Bee Branch).

Manager Ware reviewed the Recreation Division Expense and Revenue Summaries for golf maintenance, golf operations, swimming, adult athletics, McAleece concessions, children's activities, therapeutic recreation, recreation classes and neighborhood recreation programs (CD Target).

Fee changes required are:

Golf Operations. Soft drink beverage product prices will increase $ .25.

Golf Maintenance. Fee increases $ .25 for weekday and weekend 18 holes; no increases for weekday and weekend 9 hole and league play; $10 increase for Individual and Individual Weekday season golf passes; $10 increase for Family and Couples season golf passes and $5 increase for Junior season golf passes.

Adult Athletics. Softball team entry fees will increase $10 for summer leagues and $5 for fall leagues. Basketball team entry fees will increase $10 and tournament entry fee will increase $1.

Swimming, McAleece Concessions, Children's Activities, Therapeutic Recreation, Recreation Classes and CD Target - no fee increases.

BUDGET RECOMMENDATION – FEE CHANGES IN FY 2014 BUDGET REQUEST; VOTE:

It was moved by Harris, seconded by Nadeau, to approve the FY 2014-2018 Capital Budget, FY 2014 Operating Budget and Fee Changes in FY 2014 Budget Requests. The motion passed unanimously.

DOGS AND OTHER ANIMALS IN PARKS – DISCUSS DRAFT:

Manager Ware has had discussion with the City Attorney's office regarding the Dogs in Parks Ordinance. In reviewing the Administration, Use Regulations, Restrictions, Specific Parks and Trails, several recommendations have been made in the draft and are shown in red print. Another meeting will need to be scheduled to re-review the ordinance proposed by the Commission.

continued

Under Definitions (10-5B-1), make note of the recommendations stating City Manager or City Manager designee, as well as Leisure Services Manager or Leisure Services Manager designee. Also, note the recommendation listed under Parks or Parkways "MULTI-USE TRAIL" definition has been added.

A city special event permit requirement has been added to 10-5B-3. Section 10-5B-4 had many changes proposed. Section 10-5C-1 added: "Park descriptions for parks and trail descriptions for trails will be reviewed on a periodic basis and added, deleted and amended as necessary. Enforcement of use regulations will not be contingent on parks and trails being specifically listed in this provision to allow for use of any new facilities added between ordinance changes."

Commissioner Schlueter would like "no unleashed pets in Pet Park", as well as "trial period discussed" to be placed in the Ordinance. Manager Ware will make the change for unleashed in Pet Park as it had gotten dropped in edits. An ordinance can be changed so its trial period is until a change is proposed.

Commissioner Lyness asked about exercising of the dock dogs at the Five Flags Center this coming weekend. Manager Ware informed the commissioners that all participants received information on where they can and cannot walk their dog(s) at.

Commissioner Nadeau asked about the definition of an open space. Manager Ware will work on the definition of open spaces in the Ordinance.

Commissioner Blocker stated that we have spent many hours involved with this subject. It's time that we send it to the City Council and have them express their viewpoints on this subject.

Commissioner Hoffmann is concerned about dogs getting on the tennis courts. It is recommended to have signs posted or rules listed about no dogs on the tennis courts. There was no agreement from the commission on this at this time.

At the December 2012 Park and Recreation commission meeting Manager Ware will have the next version of Ordinance ready. No public input will be allowed during the commission meeting as agreed to by commission members.

In closing, Manager Ware is asking commissioners how they want to get this Ordinance out to the general public if changed. Several commissioners voiced their suggestions by doing news releases, newspaper articles, online information, put on City of Dubuque website, Channel 8 and post at parks.

continued

MANAGER REPORT – PERSONNEL OPENINGS UPDATE:

Manager Ware updated the commissioners on the following personnel openings/hirings:
◆ **Park Division Manager** position has been accepted, pending background check. ◆ **Recreation Division Manager** position is vacant at the present time. Questionnaires have been sent out and the process of scheduling interviews will be taking place soon. ◆ **Natural Resources and Sustainable Practices Specialist** position has been awarded to Jeffery Ahlers. With Jeff moving into his new position, his Assistant Horticulturalist position is now vacated and will be filled upon the hiring of our new Park Division Manager. ◆ **Golf Course Superintendent** position has been awarded to Jerry Lange. With Jerry moving into his new position, we have an opening for a Maintenance Worker at the Bunker Hill Golf Course. ◆ This past weekend we have advertised for the position of **Director of the Multicultural Family Center**. ◆ In addition to the above, there will be two additional jobs becoming available.

MANAGER REPORT – PROJECTS UPDATE:

Manager Ware updated the commissioners on the following projects:
◆ With the removal of the home on South Grandview Avenue, the entrance to Murphy Park will become a beautiful entry way. ◆ We have had a busy Fall season. Our plantings/flowers this past fall have been gorgeous. Currently flower baskets are being taken down and we continue to winterize. ◆ Staff has been busy working on budget.

OTHER BUSINESS:

◆ All commissioners were given a copy of the MFC 2011-2012 Annual Report. ◆ Commissioner Blocker asked about the status of the Port of Dubuque Marina and if it will offer any free marina parking. Manager Ware stated that it is under the jurisdiction of the Leisure Services Department and all slips would have a charge. It is the intention to open the marina in the Spring of 2013, as long as the Grant is closed out. At the present time, no rates and/or policies have been set. ◆ Commissioner Blocker asked about the Ice Harbor South Expansion and who is responsible for that area. Commissioner Harris has viewed the Port development and stated that they are currently brainstorming ideas on what the community is interested in doing with the 7.2 acres of land. ◆ Commissioner Harris asked about Comiskey improvements. Manager Ware had a meeting with Nikola Pavelic, Community Engagement Coordinator to begin to set a process. Money is available from FY 2012 and FY 2013. ◆ The North End Lighting Project is complete and we are awaiting a final walk-thru. Within the next month, the project should be accepted.

ADJOURN; VOTE:

It was moved by Hoffmann, seconded by Harris, that the meeting be adjourned at 5:42 p.m. The motion passed unanimously.

R J Blocker

PARK AND RECREATION COMMISSION MEETING
Tuesday, December 18, 2012
4:30 p.m., Snack Bar, Bunker Hill Golf Course

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge, Karen Lyness, Evelyn Nadeau and David Schlueter

STAFF PRESENT: Marie Ware and Jolene Rettenberger

MINUTES APPROVED; VOTE: It was moved by Ken Klinge, seconded by Evelyn Nadeau, to approve the minutes of the November 13, 2012, meeting. The motion passed unanimously.

FISCAL YEAR 2014 BUDGET HEARING – FEBRUARY 26, 2013: Manager Ware shared with commissioners that our Fiscal Year 2014 Budget Hearing is scheduled for Tuesday, February 26th with meal being served at 6:00 p.m., followed by budget presentations beginning at 6:30 p.m. Commissioners were asked to RSVP by calling Eileen Trimble. To date, Karen Lyness and Evelyn Nadeau will be attending the dinner and budget presentation.

FEEDBACK TO STAFF ON NORTH END TRAIL LIGHTING HOURS: Manager Ware shared discussion about the North End lighting on the trail between 22nd and 32nd Street. The light pole placements look good. We are looking at feedback from the public as to the hours the trail lights/Pinard Park lights will be on. With the addition of the trail lighting, the Safety Community Task Force is pleased, as well as the neighbors who live along the trail. The question Ware proposed to commissioners was do we have the trail lights on until 10:00 p.m. *or* do we have them on from dusk to dawn? Currently the lights are on from 5:00 to 10:00 p.m. The department received a citizen request (per email) asking that the lights also be on from 5:00 to 7:00 a.m. for those that are interested in a morning walk/jog/bike ride. To date, we have not received any complaint calls about the lights being on at night.

Commissioner Blocker and Commissioner Klinge walked the trail and are very pleased with the placement of the trail lights and the trail itself. Commissioner Harris asked about the lights along the Bee Branch. Manager Ware said that the lights along the Bee Branch are on all the time, however they are not in a residential neighborhood.

All commissioners were in agreement and felt that the lights along the North End Trail should be on all the time. After the snow cleanup, the timer on the lights along the trail will be set from dusk to dawn. Manager Ware also shared that additional trees will be planted along the trail in the future.

FISCAL YEAR 2014 BUDGET IMPROVEMENT PACKAGES: Manager Ware highlighted some of the decision packages in the Fiscal Year 2014 Park and Fiscal Year 2014 Recreation Improvement Packages with the commissioners.

Commissioner Nadeau questioned Decision package 5 of 5 listed under the Fiscal Year 2014 Recreation Improvement Packages regarding providing funds for payment of interns. She asked with the hiring of interns, if we are looking at hiring any Spanish speaking (or other language) interns? Ware shared it would be considered at the time of recruitment.

CHAPTER 5 PARKS AND RECREATION ORDINANCE REVIEW AND RECOMMENDATION (includes dogs in parks); VOTE:

Manager Ware discussed the background and summary of information regarding dogs in parks discussion, as well as the two copies of the Chapter 5, Parks and Recreation Article A showing track changes, as well as a final copy with all changes made.

Additional terminology has been added throughout Article A, as well as some deletions/revisions, especially with 10-5B-4: Dogs, Cats and Other Domestic Animals in Parks and on Multi-Purpose Use Trails. In reviewing 10-5B-3: Horsedrawn Vehicles, Riding of Animals Restricted, permission is granted by the Leisure Services Manager and thereafter authorized through the issuance of a City Special Event Permit under Title 10, Chapter 4.

Under 10-5B-5: Requirement for Dogs and Cats While in City Parks and Open Spaces and/or on City Trails, under D[6a], need to add cats to the paragraph.

Under 10-5C-1: Specific Park Areas, Open Spaces and Trails, we will be adding the following areas: Jaycee Trail (Peosta Channel), as well as the Port of Dubuque Riverwalk. As new parks and trails are added to the City of Dubuque park system, we will need to add them to the listing.

All of this information (correspondence, petitions, et cetera) will be forwarded on to the City Council with agenda item so the Council has full access to all input.

Commissioner Schlueter asked about the idea that was presented in an article regarding private pickup of dog waste. That will be shared as well.

It was moved by Klinge, seconded by Harris, to approve the Chapter 5 Parks and Recreation Ordinance Review and Recommendation (includes dogs in parks), with some revisions as noted above. The motion passed 6 – 1, with Blocker, Harris, Klinge, Lyness, Nadeau and Schlueter voting yes; Hoffmann voting no.

DEPARTMENT REPORT:

Manager Ware updated the commissioners on the following personnel openings/hirings:

• **Park Division Manager Steve Fehsal** will begin his position on December 27th. • We are currently interviewing four candidates for the position of **Director of the Multicultural Family Center**. • After the hiring of the Multicultural Family Center Director, we will begin the interview process for the position of **Recreation Division Manager**. • Our next position to fill is the **Assistant Director of the Multicultural Family Center**. • Soon we will begin the interview process for our **Part-time Secretary at the Leisure Services Department**. • Gil Spence will be working for an interim period of time at the Multicultural Family Center.

continued

Manager Ware updated commissioners on the following items:

◆ The **Parks Division** has been busy working on picnic tables and are awaiting the winter storm; as well as in the process of purchasing equipment (street sweeper, truck and mowers). ◆ The **Recreation Division** is currently working on the 2013 Winter/Spring brochure. Brochures will be available on December 27th with registration beginning on January 2nd. ◆ The **City Expo** will be held in the month of September, not in April. ◆ The Leisure Services Department will be researching the restructuring/definition of the **Family Season Swim Pass**.

OTHER BUSINESS:

◆ Dr. Hoffmann asked about the request from Jane McCall of the Dubuque Humane Society regarding interest in building a Pet Park along the far level-end of their new property on Chavenelle Road. ◆ Manager Ware met with the City Manager last week regarding the Operating Budget proposal.

ADJOURN; VOTE:

It was moved by Schlueter, seconded by Klinge, that the meeting be adjourned at 5:26 p.m. The motion passed unanimously.

Chapter 5
PARKS AND RECREATION

ARTICLE A. ADMINISTRATION

10-5A-1: PARK RANGERS:
Employees assigned duties from time to time as park rangers in the leisure services department are designated as law enforcement officers subject to the certification of the successful completion of training at an approved law training facility. (Ord. 54-06, 7-5-2006)

10-5A-2: PARK AND RECREATION ADVISORY COMMISSION:

A. Commission Created: There is hereby created a park and recreation advisory commission to have such powers and responsibilities as hereinafter provided.

B. Purpose: The purpose of the commission is to:

1. Contribute to the general beautification of the city and assist in providing facilities for active and passive recreation through landscaping and maintaining park land and facilities; and

2. Provide year round opportunities for organized recreation activities for residents of all ages and social groups.

C. Powers: The responsibilities of the commission are to advise the city council on:

1. Use Of Grounds And Facilities: The establishment of rules and regulations governing the use of all grounds and facilities that have been or may be set aside as public parks, playgrounds and other such park and recreation facilities. Such rules and regulations shall include, but are not limited to:

a. Opening and closing hours for the use of all park and recreation facilities by the general public.

b. Establishment of fees, including the issuance of permits for public use of all park and recreation facilities.

2. Recreational Programs: The establishment of rules and regulations for all recreational programs provided by the city, including the establishment of fees for participation by the public in such activities.

D. Cooperation With Other Agencies: In the conduct and operation of recreation grounds and recreation programs, the commission shall cooperate with the Dubuque Community School District, Holy Family school system and all other groups interested in the promotion and implementation of recreational activities which are in the best interest of the city.

E. Solicitation And Acceptance Of Donations: The commission may solicit donations and gifts of money, personal and real property and personal services. All such donations and gifts shall become the property of the city for the general support of park and recreation programs of the city unless such items have been designated by the donors for specific purposes.

F. Membership, Appointment:

1. Membership; Quorum: The commission shall comprise seven (7) persons who shall be appointed by the city council for terms of three (3) years. Four (4) members of the commission shall constitute a quorum for the transaction of business.

2. Terms: The expiration date for all terms of office shall be June 30 of the appropriate year.

G. Attendance:

1. Attendance Entered Upon Minutes: The attendance of all commission members shall be entered upon the minutes of all meetings by the secretary.

2. Failure To Attend; Declaration Of Vacancy: If a member does not attend at least two-thirds ($^2/_3$) of all regularly scheduled meetings within a twelve (12) month period, it shall be grounds for the commission to recommend to the city council that the position be declared vacant and a replacement appointed.

H. Compensation: Members of the commission shall serve without compensation except for reimbursement of necessary expenses.

I. Organization:

1. Officers: The officers of the commission shall be a chairperson, a vice chairperson and a secretary. All officers shall be members of the commission.

2. Election; Term: At the first meeting in July of each year, the commission shall elect officers to serve one year terms of office. All officers shall be eligible to serve successive terms of office.

J. Meetings:

1. Regular Meetings: The commission shall meet not less than bimonthly, after four thirty o'clock (4:30) P.M. on a regularly scheduled day.

2. Special Meetings: Special meetings may be called by the chairperson or at the written request of three (3) members.

3. Minutes Filed With City Clerk: A copy of the minutes of all regular and special meetings of the commission shall be filed with the city clerk within ten (10) working days after each such meeting. (Ord. 54-06, 7-5-2006)

ARTICLE B. USE REGULATIONS

10-5B-1: DEFINITIONS:

As used in this article, the following terms shall have the following meanings:

COMMISSION OR THE COMMISSION: The park and recreation advisory commission of the city.

PARKS OR PARKWAYS: Parks, parkways, buildings, park roads or driveways, and all public service facilities or grounds, buildings and structures in and adjacent to the city, which are under the responsibility of the commission. (Ord. 54-06, 7-5-2006)

10-5B-2: INTOXICATING BEVERAGES:

A. Possession, Consumption, Or Use Of Alcoholic Liquor, Wine, Beer, Or Other Intoxicating Beverages Prohibited:

1. The possession, consumption, or use of alcoholic liquors, wine, and beer as defined by chapter 123 of the code of Iowa or any other intoxicating beverages is prohibited on park roadways and recreational trails, in park and recreation facility parking lots, and in vehicles located within a park.

2. The possession, consumption, or use of alcoholic liquors, wine, and beer as defined by chapter 123 of the code of Iowa or any other intoxicating beverages is prohibited in any public park or park and recreation facility unless specifically exempted in subsection B of this section.

B. Exemptions:

1. Locations Exempt: Subsection A2 of this section shall not apply to the possession, consumption, or use of alcoholic liquors, wine, beer, or other intoxicating beverages at:

a. Alliant Energy Amphitheater events for which a special events permit has been issued;

b. American Trust River's Edge Plaza events for which a special events permit has been issued;

c. A.Y. McDonald Park;

d. Bunker Hill Golf Course;

e. Eagle Point Park;

f. Flora Park;

g. Four Mounds Park as approved by the Four Mounds Foundation;

h. John G. Bergfeld Recreation Area;

i. Marshall Park as approved by the Dubuque Arboretum Association, Inc.;

j. McAleece Park and Recreation Complex;

k. Miller Riverview Park;

l. Mississippi Riverwalk events for which a special events permit has been issued;

m. Murphy Park;

n. Veterans Park; and

o. Any other park with the prior written approval of the city manager.

2. Closed Containers: Subsection A of this section shall not apply to the transporting of closed containers of intoxicating beverages on park roadways, in park and recreation facility parking lots, in vehicles located within the park, and the public parks and park and recreation facilities listed in subsection B1 of this section.

3. Keg Beer: Notwithstanding subsection B1 of this section, beer in containers commonly referred to as "keg beer" shall only be permitted by a licensed holder of a beer permit who has obtained a permit from the city manager authorizing the use of such container. (Ord. 58-10, 11-1-2010)

10-5B-3: HORSEDRAWN VEHICLES, RIDING OF ANIMALS RESTRICTED:

Horsedrawn vehicles, riding horses or any other domesticated animal used for such purposes shall be prohibited in any park unless permission is granted by the park and recreation advisory commission of the city. (Ord. 54-06, 7-5-2006)

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:

Unleashed Animals Prohibited: No person shall be permitted to bring into any park, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animals to run at large in any park. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.

B. Leashed Dogs And Cats Allowed In Certain Parks And Areas: Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following:

Granger Creek Nature Trail
John G. Bergfeld Recreation Area
Medical Associates Greenbelt Park
Miller-Riverview Park

C. Unleashed Pets Allowed In Pet Park: Unleashed pets shall be permitted in the pet park. (Ord. 54-06, 7-5-2006)

10-5B-5: WALKING ON GRASS:

No person shall go on foot or otherwise upon the grass or turf of any park or parkway where any prohibitory sign is posted. (Ord. 54-06, 7-5-2006)

10-5B-6: THROWING STONES OR OTHER MISSILES:

No person shall throw any stone or any other missile within any park or parkway. (Ord. 54-06, 7-5-2006)

10-5B-7: INTERFERING WITH ANIMALS:

No person shall kill, trap, tease, annoy, disturb, feed or interfere with any bird or other fowl, animals or fish in any park or parkway. No person shall rob, injure or destroy the nest of any bird or any other fowl. (Ord. 54-06, 7-5-2006)

10-5B-8: UNLAWFUL DEPOSITS:

No person shall throw, deposit, place or leave in any park or parkway any paper, rubbish, waste or refuse

of any kind or nature, but shall deposit the same in the receptacles provided for such materials in the parks or parkways. (Ord. 54-06, 7-5-2006)

10-5B-9: OBSTRUCTIONS:

No person shall place or suffer to remain in any park or parkway any goods, wares, merchandise or other articles in the nature of any obstruction to the free use and enjoyment of such park or parkway without written permission from the park and recreation advisory commission of the city. (Ord. 54-06, 7-5-2006)

10-5B-10: POSTING BILLS, NOTICES OR SIGNS:

No person shall post, paste, fasten, paint or affix any placard, bill, notice or sign upon any structure, tree, stone, fence, thing, or enclosure along or within any park or parkway. (Ord. 54-06, 7-5-2006)

10-5B-11: SALES RESTRICTED:

No person shall sell or offer for sale any article or service whatsoever in any park or parkway. The provisions of this section shall not apply to sales of refreshments or any other articles from concession stands authorized by the commission. (Ord. 54-06, 7-5-2006)

10-5B-12: POSSESSION OF FIREARMS, WEAPONS AND FIREWORKS:

A. Prohibition: The possession of firearms, air rifles, bows and arrows, pellet guns or slingshots, or fireworks of any description by any person within the limits of any park or parkway is hereby prohibited.

B. Deer Hunting With Bow And Arrow: Nothing herein shall prohibit the hunting with bow and arrow of deer by persons licensed by and during the period of time authorized by the Iowa department of natural resources and issued a permit by the city. (Ord. 54-06, 7-5-2006)

10-5B-13: CLIMBING ON FENCES, ROOFS:

No person shall climb, damage, tamper with, stand or sit on any fence, rail or any other structure not intended for such use in any park or parkway. The climbing of buildings and going onto roofs, either with ladders or from the inside of the buildings through the windows or any other way is forbidden. Climbing over ledges in ledge gardens by any person is prohibited. (Ord. 54-06, 7-5-2006)

10-5B-14: MOVING BENCHES AND TABLES:

No person shall move benches, seats and tables from any building or to any building in any park or parkway without first securing permission of the city manager. (Ord. 54-06, 7-5-2006)

10-5B-15: USE OF SPOTLIGHTS, SEARCHLIGHTS:

It shall be unlawful for any person, except regular park employees, to operate or manipulate in any park or upon any parkway any spotlight or searchlight. (Ord. 54-06, 7-5-2006)

10-5B-16: MEETINGS AND GATHERINGS:

Buildings for group gatherings may be reserved during the open park season by contacting the park and recreation office. Such reservations can be made twenty three (23) months in advance. Buildings shall be cleaned up after use by the party reserving the same. Litter, cans, paper, waste and refuse shall be deposited in receptacles provided therefor. (Ord. 3-08, 1-22-2008)

10-5B-17: FIRES:

No person shall start any fire in any park or upon any parkway, except that small fires may be made in the places in parks provided by the city for that purpose. Every person who starts or uses any such fire is hereby charged with the duty of completely extinguishing such fire before leaving it. (Ord. 54-06, 7-5-2006)

10-5B-18: LOOSENING STONES FROM BLUFFS PROHIBITED:

No person shall loosen stones from bluffs or roll or throw the same down the face of the bluff. (Ord. 54-06, 7-5-2006)

10-5B-19: WASHING VEHICLES:

No person shall wash any motor vehicle, motorcycle or scooter in any city park. (Ord. 54-06, 7-5-2006)

10-5B-20: COMPLIANCE WITH MOTOR VEHICLE LAWS, ORDINANCES:

No person in a park or parkway shall fail to comply with all applicable provisions of the motor vehicle laws of the state in regard to equipment and operation of motor vehicles together with such regulations as are contained in this article and other ordinances of the city. (Ord. 54-06, 7-5-2006)

10-5B-21: REMOVAL OF UNATTENDED VEHICLES LEFT AFTER CLOSING HOURS:

Any motor vehicle left unattended in any of the parks after closing thereof shall be deemed abandoned and the city manager or the park ranger shall cause the same to be towed from such park and the same shall not be redeemed by the owner or the person responsible therefor until the reasonable towing charges and storage fees are paid. (Ord. 54-06, 7-5-2006)

10-5B-22: OPEN SEASON AND HOURS GENERALLY:

A. No person shall enter or remain in any park or park and recreation facility other than during the season and hours designated in this section.

B. For the purposes of this section, the regular park season shall mean from the first Saturday in May through the fourth Sunday of October. The pet park shall be open year round.

C. Eagle Point park and Louis Murphy park shall be open for use by the public from seven o'clock (7:00) A.M. to ten o'clock (10:00) P.M. Sunday through Thursday, and from seven o'clock (7:00) A.M. to eleven o'clock (11:00) P.M. Friday and Saturday during the regular park season.

D. Marshall park and the public use area of Franklin Delano Roosevelt park shall be open to the general public from seven o'clock (7:00) A.M. to sunset daily during the regular park season.

E. Gerald "Red" McAleece park and recreation complex and Veterans Memorial park shall be open for use by the public from seven o'clock (7:00) A.M. to twelve o'clock (12:00) midnight daily.

F. Bunker Hill golf course shall be open for use by the public from seven o'clock (7:00) A.M. to eleven o'clock (11:00) P.M. daily, March through November.

G. Flora park swimming pool and Nicholas J. Sutton swimming pool shall be open for use by the public from six o'clock (6:00) A.M. to ten o'clock (10:00) P.M. daily, June through August.

H. The following parks and park and recreation facilities shall be open for use by the public from seven o'clock (7:00) A.M. to ten o'clock (10:00) P.M. daily:

		Beginning at the NW Corner of Lot 1 of said John Breakey's Addition; thence S46°22$^{3}/_{4}$'W, 315.98 ft., along the

		Northwesterly line of said John Breakey's Addition; thence S81°01$^{1}/_{4}$'W, 12.72 ft.; thence S38°47$^{3}/_{4}$'E, 64.04 ft.; thence S51°12$^{1}/_{4}$'W, 46.36 ft.; thence N38°47$^{3}/_{4}$'W, 78.87 ft.; thence S68°57$^{3}/_{4}$'W, 111.56 ft.; thence S35°45'W, 84.25 ft.; thence S42°39'E, 218.28 ft.
Teddy Bear park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Teddy Bear park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lot 1 of Block 19, Sunnyslopes Estates in the city of Dubuque, Iowa.
Usha park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Usha park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lot 1 of Lot 2 of Lot 1 of Byrne's Subdivision in the city of Dubuque, Iowa.
Valentine park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Valentine park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lot 1 of the Subdivision of Lot 1 of Lot 1 of Lot 1 of McLean Heights and Lot 4 in Block 2 of Marna Ridge Estates 2 in the city of Dubuque, Iowa.
Valley High park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Valley High park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lot 2 of Lot 1 of Lot 1 of Lot 1 in Mineral Lot 337 and Lot 5 in Wiegand's Subdivision, all in the city of Dubuque, Iowa.
Veterans' Memorial park		The following described parcel of real estate is and shall be continued to be known, called and named as "Veterans' Memorial park" and placed under the jurisdiction of the park and recreation advisory commission:

		Lot 2 of Mineral Lot 382, Lots 1 and 2 of Lot 1 of Mineral Lot 383, Mineral Lot 384 and part of Lot 1 of Lot 1 of Lot 2 of Mineral Lot 385 lying south of Thirty Second Street, all in the city of Dubuque, Iowa.
Waller-Cooper park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Waller-Cooper park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lots 26, 27 and 28 in Cooper Heights Addition in the city of Dubuque, Iowa.
Washington park:		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Washington park" and placed under the jurisdiction of the park and recreation advisory commission:
		An area bounded on the northerly side by West Seventh Street, on the westerly side by Bluff Street, on the southerly side by West Sixth Street, and on the easterly side by Locust Street.
Welu park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Welu park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lot 22 of Sunset Park Eighth Addition to the city of Dubuque, Iowa.
Westbrook park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Westbrook park" and placed under the jurisdiction of the park and recreation advisory commission:
		Approximately three (3) acres within Lot A, Block 1 of Westbrook Subdivision.

(Ord. 54-06, 7-5-2006)

ORIGINAL

RECEIVED
6-11-12

Dear Parks and Recreation Commission Members,

Thank you for considering the request to allow leashed dogs in Dubuque city parks. It is an issue many dog-owners in the area, and beyond, feel strongly about.

We understand that if the ordinance were to change, it would likely mean more work for the parks department staff, but we believe the benefits will quickly begin to outweigh the potential negatives if it is approved.

Our petition now has more than 1,100 signatures, 814 of which are from Dubuque.

Simply put, the current 40-year old law ruins the park experience for many families and dog-owners who want to explore the parks with their pets.

Scruffy Shuffle, Murphy Park 2011

Both locals and tourists who take dogs there for the first time are saddened to see the "No Pets Allowed" signs, and have to return home to either drop off their dog or abandon the day trip altogether. If they continue into the park with the dog, they face being harassed by park-goers, being reported to police, or of course, approached and kicked out.

Even worse, many people are advised by park staff to leave their dogs in the car. In the busiest tourism months of the summer, no pet should be left in a vehicle where dangerous temperatures could cause serious overheating and even death.

Many newcomers from out of town have expressed shock and disappointment after learning that dogs aren't allowed in City Parks, and they are happy to sign the petition to change it.

The on-going presence of DockDogs, and the new promise of a 3 year World Championship contract with them is another valid reason to consider changing the law.

Dogs mean big business for Dubuque, not only in the tourism field, but for local veterinarians, groomers, boarders, pet stores, and trainers. They have shown overwhelming support of this issue, and the majority of dog-related businesses in Dubuque have been collecting signatures from their clientele for the past few weeks.

It's time Dubuque took a step toward being a more dog-friendly city, which starts with the #1 place most people associate with walking a dog: Our city parks.

Please consider making a recommendation to the City Council that ordinance 10-5B-4, part B, be amended. Collectively, our great ideas can turn this issue into a positive, and perhaps even generate more revenue for the parks department.
Thank you for your time and consideration!

Sincerely,
Kate Lydon and the Responsible, Friendly Intelligent Dog Owners (FIDO) of Dubuque

Attached, please find our responses to anticipated objections, an updated signature list of 1,100+, a supportive comments list, letters of support from Jennifer Tigges, a lifelong Dubuque resident and business owner, and Kristen Woodward, Executive Director and Founder of Two-by-Two Non-Profit Education.

Anticipated Objections & Responses:

Objection 1) "But you have a dog park, and other certain parks."

Response A) We appreciate the pet park, and it is a great option for many dogs to experience off-leash freedom and socialization, however, it's not a good fit for all dogs. Some have trouble socializing with other dogs.

B) The pet park doesn't offer the option for the owner to exercise with the dog in the way that running or hiking in a park does. It's not as enjoyable to run or walk laps in the dog park as it is at Murphy Park. Opening all parks to dog owners would increase physical activity for a healthier Dubuque.

C) The pet park doesn't offer the beautiful natural features that Eagle Point, Louis Murphy, and other parks enjoy. There is a desire to enjoy the scenic views of the Mississippi River with the family pet.

D) Bergfeld Recreation area is a 15 minute drive from Downtown Dubuque (City Hall).
E) Medical Associates Greenbelt Park is a 10 minute drive from Downtown Dubuque without a lot of scenery.
F) Granger Creek Trail is a 13 minute drive from Downtown Dubuque.
G) Miller Riverview Park is a busy campground, not an ideal place to walk dogs.
H) Dogs are not allowed on Dubuque's most popular trails, including Heritage Trail, and The Riverwalk at the Port of Dubuque. We'd like to see this lifted, too.
I) A.Y. McDonald is great. We appreciate that there is a dog waste station there.
J) By lifting the ban on dogs in parks, over-use of the dog park may be lifted, neighbors would be happier about the decrease in barking.

Objection 2) "Some irresponsible dog owners won't pick up their dog's waste."

Solution A) Dog Waste Stations

The city may investigate adding more dog pick-up stations with plastic baggies and garbage cans throughout the parks and along trails and other high-traffic areas. The City of Des Moines builds their own out of PVC pipe to save money.

Perhaps the stations could be stocked with used plastic grocery bags, which normally end up in the landfill. Des Moines has invested in biodegradable bags in some cases, as well.

B) Official and Community Enforcement

Enforcement of basic park rules by park and police staff should help curb the dog waste problem. If someone is able to enforce dogs being in the park, they should be able to instead enforce basic park-use rules, such as picking up dog waste, keeping pets leashed, and writing citations for those who don't. Fees from citations would generate revenue.

Responsible owners will also have a vigilante attitude toward those who don't pick up after their pets. We won't want to loose the privilege because of a few bad apples, so there will be some community policing, too.

C) License Revenue, Park fees and Pet Passes

We believe owners who can present a valid pet license should be permitted in city parks. This would create an incentive to license your pet, and potentially increase revenue for the city.

According to the City Council Meeting Agenda for May 7 2012, The City of Dubuque anticipates receiving $146,000 in net revenue from animal licensing. Could this help pay for enforcement and pet waste stations?

Based on U.S.Census population data for Dubuque, there are likely around 14,500 dogs in the city. (Pet Ownership Calculator at AVMA.org) However, According to the City of Dubuque Answer Center, only 6,215 dogs were licensed in 2011.

If all dogs were licensed at the minimum $12 licensing fee, it would generate an additional $99,400 for the city. If even half of the unlicensed dogs were licensed *at the minimum*, it would generate an additional $50,000 for the city.

An additional small fee per dog could be added to the Eagle Point entry fee to help pay for the waste stations for those without city licenses.

D) Area dog advocacy groups could sponsor pet clean-up days to ensure the parks stay clean. They could be on call for the city if there is an issue with pet waste.

Objection 3) "Okay, but no "vicious" breeds of dogs will be allowed."

Response A) There are no vicious breeds, only irresponsible owners. Dubuque has done a phenomenal job of not discriminating based on breed, but instead on the actions of dogs and their owners. All dogs enjoy a long, sunny walk in the park, which can help build confidence and character in any dog, making them better canine citizens.

B) It would be reasonable to require that pets stay off of playground equipment, picnic tables, and out of pavilion buildings.

Name	City	St8	Comment
Ryan Larson	Dubuque	IA	The parks are beautiful. I want to enjoy them with my dog.
Katie Nechodom	Platteville	WI	Allowing dogs to walk in these parks would be amazing. The ban is limiting activities that we enjoy. If you are able to enforce "no dogs" you should be able to enforce that people keep their dogs on a leash and to pick up dog poop.
Robin MacFarlane	Hazel Green	WI	We have gorgeous parks here. I would like to enjoy them with my dogs and invite my out of town friends and clients to do the same when they visit. Enforce responsible dog ownership laws but lets stop punishing every dog owner because of a few who "might" cause a problem.
Lisa Johnson	Dubuque	IA	I would love to be able to walk to a neighborhood city park and have my dog accompany me in the park.
cheri manternach	cascade	IA	I'm signing because I would love to bring my dog to the park. My dog and I are best friends and when I'm not working, my dog is with me. If the parks allowed dogs, the city would have more revenue from the parks because more pet owners would go...even those of us from small neighboring communities.
Jennifer Tigges	Dubuque	IA	I do not have a dog currently but want to see more dog opportunities.
David Oliver	Dubuque	IA	I am signing because I would like to be able to take my dog to the park instead of keeping him locked up when I go to enjoy the park. The dog park is a nice option but some owners have spoiled the pleasure of going there for me.
Ryan Newhard	Dubuque	IA	I am a responsible pet owner with licensed dogs, and they would love to see some of our great parks!
Connie Twining	Dubuque	IA	I would be happy to pay a per dog fee in order to bring my dog with us to the park! Let's pass an ordinance with a hefty fine for anyone caught NOT cleaning up after their dog(s). I'll keep an up to date copy of my dog's license in my car to show the attendant at the gate as well.
Marsha Corken	Dubuque	IA	My dog is part of the family.
Lisai Flores	Dubuque	IA	Rules like No Pets Allowed in public parks makes me feel discriminated against. Finding a landlord to rent from also felt like a form of discrimination. I do not understand this law because it seems very irrational in that it discourages people to walk in public. I would think that Dubuque would want to be more pet friendly in order to encourage positive community presence.
alicia mcmillan	galena	IL	I am signing because as a responsible dog owner, that my pets should be allowed to travel with me to Dubuque Ia. For an outing and not feel that my rights are being taken away from me.
Shannon Cantril	Dubuque	IA	I would love to go to the park with my entire family...including our family dog.

Amber Bettcher	Dubuque	IA	I would love to be able to take my dog to the park with the family!!
Cynthia Nelms-Byrne	Dubuque	IA	I want to be able to walk my dog at any park in Dubuque. Just put a HUGE fine on anyone who doesn't pick up after their pooch within city limits.
Susan Barnes	des moines	IA	I lived in Dubuque for many years and I still visit WITH MY DOGS....the one thing that keep me and many of my fello dockdogs competitors from staying longer is that the city is not very dog friendly with respouces for us.THis need to change...especially since Dubuque is hosting the WORLD dockdogs event for the next 3 years!
Jane Heiar	Dubuque	IA	Dogs are part of peoples family or are their family. But we can not take our "family" pets to enjoy the beauty of our parks? I agree there needs to be enforcement of cleaning up after your pet and possibley keeping them on a long line or leash, but they SHOULD be allowed to enjoy our parks too!
Elizabeth Hemenway	Peosta	IA	As long as pet owners are responsible for themselves and their dogs, there is no reason that dogs should not be able to accompany their owners to the park!
Vicki Stinson	Urbandale	IA	If a dog doesn't like other dogs or people, the owner certainly isn't going to walk in parks.
Chelsie Cruise	Dubuque	IA	Our pets are our family. They deserve to join us in our family outings to the parks. As responsible pet owners we should know to clean up after our pets, therefor doggy "oops!" bags should be provided near trashcans. If an owner loves their dog enough to bring them to a park they should be responsible enough to pick up after them aswell
Karen Weber	Dubuque	IA	My dog and I love to play outside together - but we can't play in the most beautiful places in Dubuque. Please let us enjoy the parks with our best friends!
Mary Erschen	Dubuque	IA	I own FidoFit on Main Street and believe this cause is important to pet-related business owners.
Barb Dempsey	dubuque	IA	So I can walk my dog in the parks in DBQ
Shay Birch	Dubuque	IA	Love my dogs!
Lynn Pape	Rickardsville	IA	My girl,Hope,is a member of my family and as a family we like to share activities/share time together. This would be a great start for Dubuque to become more dog-friendly. It is long over due!

Jon Schmitz	Dubuque	IA	I think my dog should have just as much right to roam around on all fours and bark in a public park as I do.
Josie Brannon	Dubuque	IA	i have three dogs and they are my life <3>s too risky to walk through unkept woods due to poisonous plants and dangerous insects like ticks to harm my dogs. i would greatly appreciate it, even if only certain sections of some parks allow dogs. take eagle point for example- it is definitely large enough to take a fraction to allow dogs in. thanks for consideration!
Maria Menster	Dubuque	IA	I do not have my own dog, but dogsit frequently. There are many responsible dog owners that pick up what is needed and want to share a walk in the park with their pets.
Annalissa Johnson	Rochester	MN	I used to live in the Dubuque area and is was disheartening that I was unable to enjoy the city (especially the parks) with my dogs.
Matt Walsh	Dubuque	IA	I am signing because I would love to be able to enjoy time with both my dog and my children at one of our beautiful parks.. I consider my boxer dog to be a part of my family. The dog park does not have any equipment to accomodate kids. By allowing pets in the parks, I would have the opportunity to keep my entire family entertained(including my dog).
brooke jenk	dubuque	IA	if dogs are on a leash it shouldn't matter where they are :)
Kendra Cross	Dubuque	IA	I'm tired of walking my dogs down the street and having unleashed dogs come running up barking and growling at my dogs. On one occasion the dog actually started attacking my dog. Animal control needs to start doing a better job patroling the streets and fining people who's dogs aren't leashed. If dogs were allowed in parks I would be able to walk them there and not have to deal with this problem.
William Peterson	Dubuque	IA	It would be terrific to stroll the beautiful parks of Dubuque with my loyal friend at my side.
Mary Ann Vandermille n	Dubuque	IA	I walk daily with my dog and would love to be able to walk in our beautiful parks. Most dog owners are very responsible for their pets. I would like to see our town become more dog friendly.
Tina Kemmerlin g	Cedar Rapids	IA	I may live in Cedar Rapids but my fiance and I walk our dogs in a park close to our home and if we couldn't do that, I would be devastated. We enjoy walking our dogs around the park, especially because we have a toddler that enjoys the park as well.
Emily Attwood	Decorah	IA	As a former citizen of Dubuque I always was irritated with the dog ban as I am a big lover of dogs. I could not take the kids and the dog to the park to play at the same time; something I always enjoyed growing up. I still visit Dubuque and believe this old city law should be abolished or less restrictive.

Joe Gau	Dubuque	IA	Responsible pet owner
Marianne Kirkendall	Dubuque	IA	I am a longtime resident of Dubuque, and an avid dog walker. I enjoy having my dogs with me as I walk. Growing up in Dubuque, I figured such a restriction was normal. When I left Dubuque for school, I found out that assumption was very wrong. Chicago, Ames, Des Moines, Los Angeles, Houston, San Antonio...all of these areas allowed you to take your dog with you to enjoy their parks. It was an amazing, eye-opening experience. If all of these cities can handle having dogs in their parks, why can't Dubuque? The dog park is NOT a substitute for being able to walk your dog. I don't want my dogs just running around in a public yard that doesn't have any interesting features about it. I want to be able to walk my dogs up along the bluff, down by the river and in the neighborhood park just one block away.
Isabelle Kirkendall	Dubuque	IA	It works in well in other cities (Ames), and is highly overdue.
Shelly Freiburger	Dubuque	IA	I like to walk around the path in Valentine park and it would be nice to walk with my dog. Plus it is safer than walking along the street.
Henry Haas	dubuque	IA	in the land of the so called free and we cannot bring a pet to the park
Charlotte Martin	Hazel Green	WI	I am signing this petition because we are moving to Dubuque in just a few short weeks and our new home boarders Flora Park. It would be wonderful to be able to just walk out my front door and take our Golden Retriever for a walk with my children in the park.
Jeanne Stoakes	Oxford	IA	It's unbelievable that dogs are not allowed in the park! If it can happen in NYC then why not Dubuque? They deserve to be out and about with their owners. This is the 21st century--the train has left the station on this one!
karen reiter	Dubuque	IA	A pet is a part of a family and should be allowed to enjoy a picnic with his/her family instead of having to be left at home alone. Also, if a family is planning a full day at the park, someone has to drive home to let the family pet out to do his/her duty and then leave and go back to the picnic. There is no need for this if the owner is responsible and cleans up after the pet and keeps the pet on a leash or chain in the area that the family is enjoying their picnic.
Sue Dillon	Dubuque	IA	A dog-friendly city is a people-friendly city. We all want to walk our dogs in the city parks. We want to welcome visitors who travel with their dogs. Please change this ordinance.
Shea Ricketts	Dubuque	IA	I should be able to take my dog any where. We buy dog licences for the city but we can't take them anywere?

Andrea Pierce-Kightlinger	Dubuque	IA	I am a pet lover and my dogs go everywhere with us.
Mark Kightlinger	Dubuque	IA	We love our pets and they go everywhere with us they are our family.
Stephanie Ohnesorge	Dubuque	IA	I think it is about time to let dogs into parks. If a dog has an issue then we need to look at the owner and they need to be responsible and not place their dog in that environment. Please do not punish all dogs for a few irresponsible dog owners.
Elaine Herman	Dubuque	IA	I would love to walk my dog around the park its right across the street. Yes i do carry two bags with me when i do walk him.
Paula Neuhaus	Dubuque	IA	responsible pet owners & leashed dogs should enjoy the park together!
Kristine Jubeck	Dubuque	IA	I live near flora park and want to be able to walk my dog through it.
Alice Hoerner	Dubuque	IA	I am not presently a dog owner, but I believe dogs should be allowed in the parks with their owners.
lisa Sandry	Dubuque	IA	i own 2 dogs!!!
Charles Collins	Dubuque	IA	White Front Feed & Seed
Cindy Caraway	Dubuque	IA	Because I am a responsible pet owner who would love to take my pet to picnics or enjoy a walk in the park with them.
Traci Welsh	Santa Clara	UT	Dubuque was my hometown for 40 years and now in Utah I am an animal advocate and also a manager of Wellness Resort. Making Dubuque a pet friendly community is a natural, and will encourage healthier dubuquer's. Tourists will come!!!
Laurel Davis	Las Vegas	NV	I love dogs and enjoy having my dogs with me when walking,playing or just hang out in the beautiful parks the city has to offer. Dogs bring people together. If Las Vegas can do it, so can Dubuque.
Tim Brechlin	Middleton	WI	I lived in Dubuque for eight years, and I still love the city with all my heart. I love its parks, and I would love to be able to walk them and see dogs walking
Jesse Mulert	Seattle	WA	Dubuque native.
Kerry Urell	Dubuque	IA	Want to be able to walk in the parks with my dog.

Shantel Ternes	Dubuque	IA	My family loves spending time together with our dog in the outdoors. There are so many parks we're unable to enjoy because of the ban on dogs in city parks. I believe in being a responsible owner, which means having a well-behaved dog in public and cleaning up after them. If the owner's are willing to be responsible, it seems the city would only benefit from having a more dog friendly environment.
Dayna Haverland	Dubuque	IA	So long as they clean up and are on a leash.
Connie Walker	Dubuque	IA	I love taking my Dog with me on walks and we always pick up after her.
Micahael Finn	Dubuque	IA	I'm a resident of Dubuque, IA and taking my dog to the park is immensely important to me.
Val Kevan	Phoenix	AZ	I lived in DBQ for many years! Let the dogs in the parks as long as they are leashed
Chelsea Johnsen	Ames		Because parks without dogs are not really parks. :)
Kari Voss	Dubuque	IA	Our dogs are part of our family.
Kim Jaeger	Dubuque	IA	I have two dogs that would love to play with us at the park!

May 22, 2012

Park and Recreation Commission
C/o Marie Ware
Leisure Services
2200 Bunker Hill Road
Dubuque, IA 52001

Dear Commissioners:

This letter is to give my support to allowing dogs in Dubuque City parks.

As a life long Dubuquer, I thought that the absence of dogs in a city park was the norm. Traveling outside this area I found out how different we really were. There are many tax paying, dog license paying citizens that would love to be able to take their dog to their local parks. Legally. I currently am not a dog owner.

This is also an economic issue. For years the Dubuque Kennel Club Dog Show has been held at Five Flags Center and dogs are not legally allowed in Washington park. Now that the Dubuque Convention and Visitors Bureau has secured the Dock Dogs World Competition for the next three years, we must show our support to the economic impact of our dog visitors and dog lovers alike. If we are to maintain ourselves on a regional, national and world toursim draw for animal lovers, we must show our support in our parks and our businesses.

Please vote in favor to recommend change to allow dogs in our city parks. I realize that this will take some time to come up with the details on how this can be accomplished to satisfy both the dog owners and park guests.

Sincerely,

Jennifer L Tigges

Character Partnerships

June 4, 2012

Dear City of Dubuque,

I am writing on behalf of the Petition to Allow Dogs in City Parks. As the founder of the nonprofit organization Two by Two and an active citizen in the tri-state area, I would like to see the City of Dubuque amend ordnance 10-5B-4 part B, to allow dogs in all city parks.

The educational nonprofit, Two by Two, provides character education to over 10,000 students per year within the tri-state area. The unique aspect of Two by Two's programming is that it includes the extraordinary, hands-on learning tool of animals. Our mission statement is simple, but profound: Two by Two is committed to developing responsible citizens of strong character who care for, respect and appreciate people, animals and the environment. By permitting our community and out-of-town visitors the privilege of walking their dog on a leash in a city park would help children and adults experience and understand the importance of treating all living creatures with kindness and respect. However, with this privilege, I do feel there should be safety measures in place for all involved (i.e. – specific areas for dog walking within the park, playground areas restricted to people only).

In 1933, the National Parent Teacher Association Congress said it best: "Children trained to extend justice, kindness, and mercy to animals become more just, kind, and considerate in their relations with each other. Character training along these lines will result in men and women of broader sympathies, more humane, more law-abiding – in every respect more valuable citizens."

What better way to start including animals and nature into our everyday lives than by including dogs into our beautiful parks. I hope you will consider amending the current ordinance to allow dogs in city parks.

Sincerely,

Kristin Woodward

To: City of Dubuque

Subject: **Dubuque: Repeal the Ban on Dogs in City Parks**

Letter: To Whom it May Concern,

Dubuque is an amazing place to live and play. It is quickly becoming a tourist destination, and aspires to be one of the top places to live and work in the U.S.

But one restriction prevents Dubuque from being #1. It's that we are banned from enjoying our favorite parks and trails with our canine companions.

This ordinance was passed more than four decades ago for unknown reasons, and Dubuque is the only major city in Iowa that outlaws dogs in their city parks.

We believe it's time to repeal the antiquated law. Families should be able to walk their leashed, licensed dogs in all of Dubuque's 50+ parks without feeling like criminals.

Owners who pay local taxes and dog licensing fees, especially, should get to enjoy the beauty of all parks with their pets.

People considering a move to Dubuque often look at what amenities are available for their pets. Dubuque does a great job of welcoming newcomers, and that should include the family dog.

Tourists should also be encouraged to experience our one-of-a-kind parks with their canine friends, especially with the recent announcement that DockDogs will hold their World Championships in downtown Dubuque for the next three years. After flying in from around the globe, do we really want to greet them with "NO PETS ALLOWED" signs in the one place they expect to be able to walk their athletes?

It's clear that dogs are becoming a major part of not only our culture, but our economy. Local veterinarians, trainers, groomers, and pet stores would agree.

It is for these reasons and more, that we respectfully ask that the Dubuque City Council amend ordinance 10-5B-4, part B, to allow dogs in all city parks, and make a step toward being a more dog-friendly community.

If bigger cities like Cedar Rapids and Des Moines can handle having dogs in parks, we know Dubuque can, too. With the city's cooperation, and effort and commitment from dog owners to be responsible, Dubuque can be one step closer to the #1 city it aspires to be.

Find us online at facebook.com/DBQdogs

Anticipated Objections & Responses:

Objection 1) "But you have a dog park, and other certain parks."

Response A) We appreciate the pet park, and it is a great option for many dogs to experience off-leash freedom and socialization, however, it's not a good fit for all dogs. Some have trouble socializing with other dogs.

B) The pet park doesn't offer the option for the owner to exercise with the dog in the way that running or hiking in a park does. It's not as enjoyable to run or walk laps in the dog park as it is at Murphy Park. Opening all parks to dog owners would increase physical activity for a healthier Dubuque.

C) The pet park doesn't offer the natural beauty that Eagle Point, Louis Murphy, and other parks enjoy. There is a desire to enjoy the scenic views of the Mississippi River with the family pet.

D) Bergfeld Recreation area is a 15 minute drive from Downtown Dubuque (City Hall).
E) Medical Associates Greenbelt Park is a 10 minute drive from Downtown Dubuque without a lot of scenery.
F) Granger Creek Trail is a 13 minute drive from Downtown Dubuque.
G) Miller Riverview Park is a busy campground, not an ideal place to walk dogs.
H) Dogs are not allowed on Dubuque's most popular trails, including Heritage Trail, and The Riverwalk at the Port of Dubuque. We'd like to see this lifted, too.
I) A.Y. McDonald is great. We appreciate that there is a dog waste station there.
J) By lifting the ban on dogs in parks, over-use of the dog park may be lifted, neighbors would be happier about the decrease in barking.

Objection 2) "Some irresponsible dog owners won't pick up their dog's waste."

Solution A) Dog Waste Stations

The city may investigate adding dog pick-up stations with plastic baggies and garbage cans throughout the parks and along trails and other high-traffic areas. These cost between $80 and $200 each. The City of Des Moines builds their own out of PVC pipe to save money.

Perhaps the stations could be stocked with used plastic grocery bags, which normally end up in the landfill. Des Moines has invested in biodegradable bags in some cases, as well.

B) Enforcement

Enforcement of basic park rules should help curb the dog waste problem. If there is a park ranger on duty that is able to enforce dogs being in the park, they should be able to instead enforce basic park-use rules, such as picking up dog waste, keeping pets leashed, and writing citations for those who don't. Fees from citations would generate revenue.

Responsible owners will also have a vigilante attitude toward those who don't pick up after their pets. We won't want to loose the priviledge because of a few bad apples, so there will be some community policing, too.

C) License Revenue, Park fees and Pet Passes

According to the City Council Meeting Agenda for May 7 2012, The City of Dubuque anticipates receiving $146,000 in NET revenue from animal licensing. This could help pay for enforcement and pet waste stations.

We believe owners who can present a valid pet license should be permitted in city parks. This would create an incentive to license your pet, and potentially increase revenue for the city.

Based on U.S.Census population data for Dubuque, there are likely around 14,500 dogs in the city. (Pet Ownership Calculator at AVMA.org) However, According to the City of Dubuque Answer Center, only 6,215 dogs were licensed in 2011. If all dogs were licensed at the minimum $12 licensing fee, it would generate an additional $99,400 for the city. If even half of the unlicensed dogs were licensed at the minimum, it would generate an additional $50,000 for the city.

An additional small fee per dog could be added to the Eagle Point entry fee to help pay for the waste stations for those without city licenses.

D) Area dog advocacy groups could sponsor pet clean-up days to ensure the parks stay clean. They could be on call for the city if there is an issue with pet waste.

Objection 3) "Okay, but no "vicious" breeds of dogs will be allowed."

Response: There are no vicious breeds, only irresponsible owners. Dubuque has done a phenomenal job of not discriminating based on breed, but instead on the actions of dogs and their owners. We applaud their stance on this issue and appreciate it SO much. All dogs enjoy a long, sunny walk in the park, and the exercise and socialization that come with a park walk can help build confidence and character in any dog, making them better canine citizens.

Name	City	State	Zip	Comment
Ryan Larson	Dubuque	IA	52001	The parks are beautiful. I want to enjoy them with my dog.
Katie Nechodom	Platteville	WI	53818	Allowing dogs to walk in these parks would be amazing. The ban is limiting activities that we enjoy. If you are able to enforce "no dogs" you should be able to enforce that people keep their dogs on a leash and to pick up dog poop.
Robin MacFarlane	Hazel Greei	WI	53811	We have gorgeous parks here. I would like to enjoy them with my dogs and invite my out of town friends and clients to do the same when they visit. Enforce responsible dog ownership laws but lets stop punishing every dog owner because of a few who "might" cause a problem.
Lisa Johnson	Dubuque	IA	52003	I would love to be able to walk to a neighborhood city park and have my dog accompany me in the park.
cheri manternach	cascade	IA	52033	allowed dogs, the city would have more revenue from the parks because more pet owners would go...even those of us from small neighboring communities.
Jennifer Tigges	Dubuque	IA	52002	I do not have a dog currently but want to see more dog opportunities.
David Oliver	Dubuque	IA	52001	I am signing because I would like to be able to take my dog to the park instead of keeping him locked up when I go to enjoy the park. The dog park is a nice option but some owners have spoiled the pleasure of going there for me.
Ryan Newhard	Dubuque	IA	52001	I am a responsible pet owner with licensed dogs, and they would love to see some of our great parks!
Connie Twining	Dubuque	IA	52001	I would be happy to pay a per dog fee in order to bring my dog with us to the park! Let's pass an ordinance with a hefty fine for anyone caught NOT cleaning up after their dog(s). I'll keep an up to date copy of my dog's license in my car to show the attendant at the gate as well.
Marsha Corken	Dubuque	IA	52003	My dog is part of the family.
Lisai Flores	Dubuque	IA	52001	do not understand this law because it seems very irrational in that it discourages people to walk in public. I would think that Dubuque would want to be more pet friendly in order to encourage positive community presence.
alicia mcmillan	galena	IL	61036	I am signing because as a responsible dog owner, that my pets should be allowed to travel with me to Dubuque Ia. For an outing and not feel that my rights are being taken away from me.
Shannon Cantril	Dubuque	IA	52001	I would love to go to the park with my entire family...including our family dog.
Amber Bettcher	Dubuque	IA	52003	I would love to be able to take my dog to the park with the family!!
Cynthia Nelms-Byrne	Dubuque	IA	52001	I want to be able to walk my dog at any park in Dubuque. Just put a HUGE fine on anyone who doesn't pick up after their pooch within city limits.
Susan Barnes	des moines	IA	50310	I lived in Dubuque for many years and I still visit WITH MY DOGS....the one thing that keep me and many of my fello dockdogs competitors from staying longer is that the city is not very dog friendly with respouces for us.THis need to change...especially since Dubuque is hosting the WORLD dockdogs event for the next 3 years!
Jane Heiar	Dubuque	IA	52002	Dogs are part of peoples family or are their family. But we can not take our "family" pets to enjoy the beauty of our parks? I agree there needs to be enforcement of cleaning up after your pet and possibley keeping them on a long line or leash, but they SHOULD be allowed to enjoy our parks too!
Elizabeth Hemenway	Peosta	IA	52068	As long as pet owners are responsible for themselves and their dogs, there is no reason that dogs should not be able to accompany their owners to the park!
Vicki Stinson	Urbandale	IA	50322	If a dog doesn't like other dogs or people, the owner certainly isn't going to walk in parks.
Chelsie Cruise	Dubuque	IA	52002	Our pets are our family. They deserve to join us in our family outings to the parks. As responsible pet owners we should know to clean up after our pets, therefor doggy "oops!" bags should be provided near trashcans. If an owner loves their dog enough to bring them to a park they should be responsible enough to pick up after them aswell

comments in support

Karen Weber	Dubuque	IA	52001	My dog and I love to play outside together - but we can't play in the most beautiful places in Dubuque. Please let us enjoy the parks with our best friends!
Mary Erschen	Dubuque	IA	52001	I own FidoFit on Main Street and believe this cause is important to pet-related business owners.
Barb Dempsey	dubuque	IA	52001	So I can walk my dog in the parks in DBQ
Shay Birch	Dubuque	IA	52001	Love my dogs!
Lynn Pape	Rickardsvill	IA	52039	My girl,Hope,is a member of my family and as a family we like to share activities/share time together. This would be a great start for Dubuque to become more dog-friendly. It is long over due!
Jon Schmitz	Dubuque	IA	52001	I think my dog should have just as much right to roam around on all fours and bark in a public park as I do.
Josie Brannon	Dubuque	IA	52003	I have three dogs and they are my life <3>s too risky to walk through unkept woods due to poisonous plants and dangerous insects like ticks to harm my dogs. i would greatly appreciate it, even if only certain sections of some parks allow dogs. take eagle point for example- it is definitely large enough to take a fraction to allow dogs in. thanks for consideration!
Maria Menster	Dubuque	IA	52002	I do not have my own dog, but dogsit frequently. There are many responsible dog owners that pick up what is needed and want to share a walk in the park with their pets.
Annalissa Johnson	Rochester	MN	55901	I used to live in the Dubuque area and is was disheartening that I was unable to enjoy the city (especially the parks) with my dogs.
Matt Walsh	Dubuque	IA	52002	I am signing because I would love to be able to enjoy time with both my dog and my children at one of our beautiful parks.. I consider my boxer dog to be a part of my family. The dog park does not have any equipment to accomodate kids. By allowing pets in the parks, I would have the opportunity to keep my entire family entertained(including my dog).
brooke jenk	dubuque	IA	52001	if dogs are on a leash it shouldn't matter where they are :)
Kendra Cross	Dubuque	IA	52001	I'm tired of walking my dogs down the street and having unleashed dogs come running up barking and growling at my dogs. On one occasion the dog actually started attacking my dog. Animal control needs to start doing a better job patroling the streets and fining people who's dogs aren't leashed. If dogs were allowed in parks I would be able to walk them there and not have to deal with this problem.
William Peterson	Dubuque	IA	52001	It would be terrific to stroll the beautiful parks of Dubuque with my loyal friend at my side.
Mary Ann Vandermille	Dubuque	IA	52003	I walk daily with my dog and would love to be able to walk in our beautiful parks. Most dog owners are very responsible for their pets. I would like to see our town become more dog friendly.
Tina Kemmerling	Cedar Rapic	IA	52404	I may live in Cedar Rapids but my fiance and I walk our dogs in a park close to our home and if we couldn't do that, I would be devastated. We enjoy walking our dogs around the park, especially because we have a toddler that enjoys the park as well.
Emily Attwood	Decorah	IA	52101	As a former citizen of Dubuque I always was irritated with the dog ban as I am a big lover of dogs. I could not take the kids and the dog to the park to play at the same time; something I always enjoyed growing up. I still visit Dubuque and believe this old city law should be abolished or less restrictive.
Joe Gau	Dubuque	IA	52001	Responsible pet owner

				I am a longtime resident of Dubuque, and an avid dog walker. I enjoy having my dogs with me as I walk. Growing up in Dubuque, I figured such a restriction was normal. When I left Dubuque for school, I found out that assumption was very wrong. Chicago, Ames, Des Moines, Los Angeles, Houston, San Antonio...all of these areas allowed you to take your dog with you to enjoy their parks. It was an amazing, eye-opening experience. If all of these cities can handle having dogs in their parks, why can't Dubuque?
Marianne Kirkendall	Dubuque	IA	52003	The dog park is NOT a substitute for being able to walk your dog. I don't want my dogs just running around in a public yard that doesn't have any interesting features about it. I want to be able to walk my dogs up along the bluff, down by the river and in the neighborhood park just one block away.
Isabelle Kirkendall	Dubuque	IA	52003	It works in well in other cities (Ames), and is highly overdue.
Shelly Freiburger	Dubuque	IA	52003	I like to walk around the path in Valentine park and it would be nice to walk with my dog. Plus it is safer than walking along the street.
Henry Haas	dubuque	IA	52001	in the land of the so called free and we cannot bring a pet to the park
Charlotte Martin	Hazel Greei	WI	53811	I am signing this petition because we are moving to Dubuque in just a few short weeks and our new home boarders Flora Park. It would be wonderful to be able to just walk out my front door and take our Golden Retriever for a walk with my children in the park.
Jeanne Stoakes	Oxford	IA	52322	It's unbelievable that dogs are not allowed in the park! If it can happen in NYC then why not Dubuque? They deserve to be out and about with their owners. This is the 21st century--the train has left the station on this one!
karen reiter	Dubuque	IA	52001-3567	A pet is a part of a family and should be allowed to enjoy a picnic with his/her family instead of having to be left at home alone. Also, if a family is planning a full day at the park, someone has to drive home to let the family pet out to do his/her duty and then leave and go back to the picnic. There is no need for this if the owner is responsible and cleans up after the pet and keeps the pet on a leash or chain in the area that the family is enjoying their picnic.
Sue Dillon	Dubuque	IA	52001	A dog-friendly city is a people-friendly city. We all want to walk our dogs in the city parks. We want to welcome visitors who travel with their dogs. Please change this ordinance.
Shea Ricketts	Dubuque	IA	52001	I should be able to take my dog any where. We buy dog licences for the city but we can't take them anywere?
Andrea Pierce-Kightlin	Dubuque	IA	52001	I am a pet lover and my dogs go everywhere with us.
Mark Kightlinger	Dubuque	IA	52001	We love our pets and they go everywhere with us they are our family.
Stephanie Ohnesorge	Dubuque	IA	52001	I think it is about time to let dogs into parks. If a dog has an issue then we need to look at the owner and they need to be responsible and not place their dog in that environment. Please do not punish all dogs for a few irresponsible dog owners.
Elaine Herman	Dubuque	IA	52001	I would love to walk my dog around the park its right across the street. Yes i do carry two bags with me when i do walk him.
Paula Neuhaus	Dubuque	IA	52001	responsible pet owners & leashed dogs should enjoy the park together!
Kristine Jubeck	Dubuque	IA	52001	I live near flora park and want to be able to walk my dog through it.
Alice Hoerner	Dubuque	IA	52001	I am not presently a dog owner, but I believe dogs should be allowed in the parks with their owners.
lisa Sandry	Dubuque	IA	52001	i own 2 dogs!!!
Charles Collins	Dubuque	IA	52003	White Front Feed & Seed
Cindy Caraway	Dubuque	IA	52001	Because I am a responsible pet owner who would love to take my pet to picnics or enjoy a walk in the park with them.
Traci Welsh	Santa Clara	UT	84765	Dubuque was my hometown for 40 years and now in Utah I am an animal advocate and also a manager of Wellness Resort. Making Dubuque a pet friendly community is a natural, and will encourage healthier dubuquer's. Tourists will come!!!
Laurel Davis	Las Vegas	NV	89122	I love dogs and enjoy having my dogs with me when walking,playing or just hang out in the beautiful parks the city has to offer. Dogs bring people together. If Las Vegas can do it, so can Dubuque.

Tim Brechlin	Middleton	WI	53562	I lived in Dubuque for eight years, and I still love the city with all my heart. I love its parks, and I would love to be able to walk them and see dogs walking

Park and Recreation Commission
C/o Marie Ware
Leisure Services
2200 Bunker Hill Road
Dubuque, IA 52001

Dear Commissioners:

This letter is to give my support to allowing dogs in Dubuque City parks.

As a life long Dubuquer, I thought that the absence of dogs in a city park was the norm. Traveling outside this area I found out how different we really were. There are many tax paying, dog license paying citizens that would love to be able to take their dog to their local parks. Legally. I currently am not a dog owner.

This is also an economic issue. For years the Dubuque Kennel Club Dog Show has been held at Five Flags Center and dogs are not legally allowed in Washington park. Now that the Dubuque Convention and Visitors Bureau has secured the Dock Dogs World Competition for the next three years, we must show our support to the economic impact of our dog visitors and dog lovers alike. If we are to maintain ourselves on a regional, national and world tourism draw for animal lovers, we must show our support in our parks and our businesses.

Please vote in favor to recommend change to allow dogs in our city parks. I realize that this will take some time to come up with the details on how this can be accomplished to satisfy both the dog owners and park guests.

Sincerely,

Jennifer L Tigges

Jennifer L Tigges, Owner

PETS IN PARKS ISSUE
comments by phone

today's date	last name	first name	address	phone	comments
06/11/12	Westemeyer	Donna			Mayor is gung ho on keeping city green - so Donna thinks if they allow dogs in parks we won't have a clean city. What is more important, clean or green? Has heard many comments about how horrible dog feces is at beautiful river walk-getting really out of hand. Don't want to listen to all the barking - make more dog parks and keep the regular parks for people only. She has walked through Flora Park grass areas and there is dog feces there now and there aren't even supposed to be dogs in that park.
06/11/12	Wickham	Tom	Peosta, IA		Stopped in person at Bunker Hill. IS in favor of dogs in parks.

Subject: Re: Dogs-in-Parks Supporters Update

Hi Chuck,

I live on lower Bluff Street, right by the Cathedral.Moved here 3 years ago from Des Moines, and before that Ames, which both allowed dogs with no problems.

I understand some North End residents aren't happy with the poo left on trails, etc, but I don't believe that should ruin the chance at taking dogs to Eagle Point, etc. It is likely people who live right near that trail who are leaving the dog poo behind.. Maybe we could empower community members to give civil citations or something?

I personally have not seen piles of poo in the places I walk. Riverwalk, Heritage Trail, Mines of Spain, Eagle Point.. I look, but I just don't see the "mountains" that people describe.

I wouldn't mind coming up to the park entrance there where people are complaining and picking up all the piles and see if it happens again. Maybe a sign with the posted fine for not cleaning up after your pet would help? I understand there are baggies already near that entrance??

I don't believe opening certain parks to dogs will really help, it's already confusing about where you can take your dog and where you can't. And because dog-owners would concentrate on those parks that were opened up to us, and that could lead to problems. I think everyone has their own neighborhood park, and they want to be able to walk their dogs there, based on the comments I got. Personally, living downtown, I want to explore Eagle Point and Murphy Park with my dog without feeling like a criminal, and hang out in Washington Park.

If you see at the very end of my "objections" section, we talk about keeping dogs off of playground areas, picnic tables, etc. I think this would solve the issue. there.

I think we can handle it, just like every other major city in Iowa does. :)

Thanks again, Chuck. Have a great week!

Kate

Message	Last thursday a group of us dog owners went down to the river walk. we enjoyed it so much and the dogs enjoyed the change in scenery also. At the pavilion there was three older individuals sitting there enjoying the river and they said to us that we could be their "entertainment" for the nite. We did basic obedience and did not disturb anyone. There are good dog owners out there, please give us an opportunity to enjoy the many nice parks and trails dubuque has to offer.

Dear Mr. Harris,

I'm writing to you in support of the new ordinance that would allow leashed dogs in city parks.

We live on Valentine Drive, and Valentine Park is our closest park area. There are quite a few elderly residents on our street, and I've always thought it a pity that they cannot walk their dogs there, where the walks are nice, even and level. They have to walk on the side walks , which we all know are uneven and due to the "invisible fences" can be quite a nuisance, as dogs shoot out from nowhere, get right up to the side walk and bark at our leashed pets, which in my opinion should not be allowed.

Our house has a long street front with side walk, and we have lived here for 18 years. There used to be some very irresponsible people who would let their dogs poop anywhere and not pick it up, but there has been a remarkable drop in this behavior within the last 10 years. People have become much more used to taking bags and picking up – it's the normal thing to do now.

I've lived in and visited many places, including Ames, where dogs are allowed in all city parks. People walking with dogs were always respectful of those walking without and made room etc, and the whole atmosphere was nice and relaxed. For many years I've lived in Europe, and there dogs are welcome everywhere, including street cafes, at fair grounds and certainly parks. Every park entrance had doggie bag dispensers and trash cans, and dogs were so used to walking in sometimes very crowded situations, it made them much calmer and better behaved .

I believe Dubuque is ready to take a step forward and allow leashed dogs in all parks. We who pay to have our pets licensed and take them to the vet regularly know how to pick up after them, and do so. Please vote to make Dubuque more dog friendly, both for the tourists, and us who live here.

Respectfully Yours,

Isabelle Kirkendall

Message	I am a dog owner an am very interested in opening the parks for Dogs. I am hoping with the partial repeal that this will include the walking trails. I live a block away from the walking trail near 22nd street and it frustrates me that I can not walk my dog on the path. I am also frustrated that this will not included Eagle Point Park. There is really no reason, if a dog needs to be leashed. Why can they not be allowed in a park? Responsible dog owners would not interrupt a wedding or other formal event. Also, I lived in Minneapolis and Iowa City and not a single one of their parks or trails are off limits to pets. It seems to me that Dubuque can do a little better at being a dog friendly city. Thank you.

Message	I moved to Dubuque a little over a year ago and along with many of my neighbors and coworkers at IBM are hoping to see a change in the NO DOGS in the PARKS ordinance. Dubuque is a great family orientated place to live but is definitely behind the times when it comes to a dog friendly place. We pay for a license that comes with no benefits except that their name is in a database... The vet offers the same service... The Merriam - Webster Dictionary defines the word License below... noun \Ë^lÄ«-sÉ™n(t)s\ Definition of LICENSE 1 a : permission to act b : freedom of action 2 a : a permission granted by competent authority to engage in a business or occupation or in an activity otherwise unlawful b : a document, plate, or tag evidencing a license granted c : a grant by the holder of a copyright or patent to another of any of the rights embodied in the copyright or patent short of an assignment of all rights . I hope this message finds its way to the City Council and will be considered when voting on this issue... Thank you..

That's My Dog

July 27, 2012
Robin MacFarlane
President
That's My Dog! Inc
5110 Wolff Rd
Dubuque, IA 52002

Dubuque City Council members, Mayor Buol, and Mr. Van Milligen

I am writing in regard to the proposal to repeal the ban on dogs from our Dubuque City Parks. I spoke in favor of the action at a previous council meeting and also at the Park Commission meeting on July 10th.

First I would like to volunteer my expertise if the council has questions or wishes to discuss issues of dangerous dogs or other pertinent matters that may be of concern while reviewing this proposal. The City of Dubuque Animal Control Dept. has contacted me in the past requesting my opinion on various dogs and issues and I am happy to assist in this discussion as well, if needed.

Secondly I would like to address a few key concepts that were mentioned at the parks commission meeting that are concerning to me as a Dubuque resident and as a business owner.

At the July 10th parks meeting it was discussed that there should be "compromise" on this issue. That going forward Dubuque dog owners may be allowed to visit "some" of the parks with their pets but our "marquee parks" such as Eagle Point and Murphy Park should remain off limits to dog owners. It was additionally suggested that dogs now be banned from the River Walk area as well (Alliant Amphitheater to south end Pavilion) because it has become a "ritzy area and even weddings are occurring there"

I would suggest that the dog owners of Dubuque have more than compromised since this ban was enacted over 50 years ago. Since that time, licensed, tax paying dog owners of this city have not been

allowed to walk their dog through our city parks. Additionally, to think that some of the Dubuque parks may be more pristine and of higher value than places such as Golden Gate Park, The Grand Canyon National Park, Rocky Mountain National Park, and Central Park (all places I have walked my personal dogs) seems a bit arrogant and makes it difficult for tourists traveling to our city who are accompanied by their dogs. Eagle Point and the River Walk in particular are destinations that should be dog friendly as it offers some of the most desirable views of the Mississippi River that our area has to offer.

I am very aware that change is disconcerting and that there are those who do not like dogs at all and therefore do not wish to share public space with them. I am also aware there are irresponsible dog owners who may create some problems. However, I do not believe creating restrictions and regulations to guard against the lowest common denominator is what our city strives to do. If it is "too big of a risk" (as some mentioned at the parks meeting) to allow dogs in these areas I would certainly think going back to two way traffic on some of our city streets after 50 years of them being one way passages would be cause for enormous concern for public safety.

The problems of unruly dogs and irresponsible owners who do not clean up their dogs waste can both be addressed by holding accountable the responsible parties. This will likely mean some increase in manpower, at least initially. However, it is my feeling if rules are strictly enforced early in the transition the message will be clear what will or will not be tolerated. If after an initial trial period the problems are significant then I believe there would be just cause to reverse a decision. I don't believe that will happen however. In May of this past year I volunteered with the Clean up Downtown Project and specifically requested to be assigned to the River Walk area. Myself and 3 other volunteers found 2 piles of dog waste in the **entire** Port of Dubuque area. This is an area that is currently heavily trafficked with visiting dogs. Conversely we retrieved numerous soda bottles, cigarette and snack packaging and literally 1000 cigarette butts, totaling 3 large bags of trash.

Quite simply, the city of Dubuque is changing. No longer does everyone own their own property with plenty of back yard space to play with and exercise their dog. We continue to work toward

attracting business and newcomers from other municipalities who are already accustom to taking their dogs to the park. These new area residents are dismayed to find the rules are dramatically different here.

Please allow me to share a few statistics (copies of resources attached)
There are approximately 74.8 million family dogs in the U.S.
39% of U.S. households own at least one dog.
The pet dog industry is currently a 50 Billion dollar industry with annual numbers continuing to grow despite the economic down turn.
Dogs are the most common type of pet to travel with (78% - 85% according to various surveys)
Of a survey of owners who do travel with their pet when possible 64% said they are likely to lengthen their stay if pets are welcome.
The July 15, 2012 issue of USA today reports that 44% of dog owners will spend an additional $50.00 – $150.00 to be able to travel with their pet, 43% will spend greater than $150.00

The data suggests that this trend in pet popularity is going to continue to rise. Becoming more pet friendly is an issue the city will face sooner or later. Adopting small changes for a "wait and see" attitude only delays further discussion that will happen in the future as dog owners continue to press for their right to walk their dogs in our city parks.

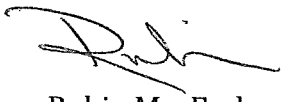
In regards to potential dog bite problems I would like to point out another statistic that 2/3 of bites occur on or near the victim's property, and most victims knew the dog. This bears out with my experience that dogs display the greatest likelihood for a potential bite when they are on their own property where they feel a sense of ownership (territorial)
Further it should be pointed out that when one is looking at dog bite statistics, a "dog bite" has a very broad classification and includes any tear of the skin caused by tooth or nail. This means that the statistics include puppy play biting, any nail scratch the tears skin, police canine apprehension bites, bites to dog professionals dealing with fearful or aggressive animals, accidental bites etc.

I am not attempting to suggest that dog bites are to be taken lightly or that our municipality should not be concerned, however I believe we have enforceable laws in place for dangerous or vicious dogs.

Individuals need to be held accountable rather than all dog owners being lumped into the "what could happen category" and therefore regulated against.

I hope the council will take this letter into consideration and vote in favor of repealing the ban on dogs in our city parks.

Respectfully,



Robin MacFarlane

States defiant, compliar — but mostly undecide

By Richard Wolf
USA TODAY

The Supreme Court's decision upholding Pr dent Obama's health care law but potent limiting its scope has created a stark polit divide among the nation's governors.

A 50-state survey by USA TODAY shows c Republican governors are refusing to expand M dicaid and only Democrats are vowing to expa it following the court's ruling that states can be penalized for failing to enlarge the progra More than half the governors are undecided.

The partisan gulf exposes problems for the law as it staggers from the 5-4 court decision, past GOP efforts to repeal it in Congress and toward a November election that could decide its fate. Wit out broad action by states, millions more Ame icans will remain uninsured, hospitals will fa continuing demands for uncompensated car and insurers may be forced to raise premiums.

▶ Sta breal

The survey found seven Republican governo refusing to expand Medicaid and 22 others doubt. Together, they represent nearly 10 millio people who were projected to join the program.

"While we absolutely need to address the cha lenges of the uninsured, expanding Medicaid ma not be the way to do it," says Utah Gov. Gar Herbert, a Republican. "Let's start this conversa tion over ... with the states at the table."

By contrast, 13 Democratic governors and independent Lincoln Chafee of Rhode Island

PET TRAVEL TRENDS AND STATISTICS

The Humane Society of the United States (March 2008)
- Approximately 74.8 million dogs and 88.3 cats live with families in the U.S.
- 39 percent of U.S. households own at least one dog and 34 percent own at least one cat

Travel Industry Association of America (January 2009)
- 14 percent of all U.S. adults (29.1 million) say they have traveled with a pet on a trip of 50 miles or more in the past three years
- The percentage of households traveling with pets increases during summer months when more families travel
- When traveling with pets, cars are the primary mode of transportation (76%), followed by RVs (10%), and airlines (6%)
- 29 percent of people traveling with pets stay at a hotel
- Dogs are the most common type of pet to travel with (78%)
- Other traveling animals include cats (15%), birds (2%) and either a ferret, rabbit, or fish (3%)

Survey of 400 Families With Pets Conducted by Lieberman Research Worldwide (August 2003)
- 78 percent of human companions consider their dog an equal member of the family
- 43 percent of travelers feel guilty about leaving their dog behind
- 37 percent of travelers would take dogs on more trips if more hotels were pet-friendly
- 75 percent said they would be more loyal to a hotel chain that accepted dogs, even when they weren't traveling with a pet
- 49 percent think about their dog 'very often' when they are away
- 94 percent of people with dogs said they ask how their dog is doing when they phone home
- 65 percent have brought a gift home for their dog following a trip

Hotel Online Special Report

Pet Travel Statistics Reported for Second Quarter of 2006

Knoxville, TN – September 12, 2006 - BringYourPet.com (www.bringyourpet.com), a leading pet friendly hotel and lodging directory continuously polls thousands of its Web site visitors, newsletter subscribers, and random households regarding their travel and purchase habits. All who participate in the surveys own at least one pet. A portion of the 2006 second quarter results are as follows:

- 82% stay at designated pet-friendly hotels or lodging each year.
- 75% take their pets with them when leaving town.
- 64% would be more likely to lengthen their stay if given the opportunity to travel with their pets.
- 85% travel with dogs.
- 6% travel with cats.
- 34% travel with dogs 50 pounds or more.
- 39% say it is 'difficult to find pet-friendly lodging'.
- 40% say their biggest grievance with pet-friendly lodging is it is difficult to find.

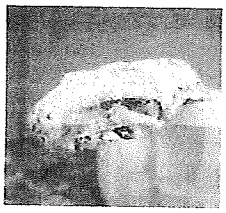
About.com Exotic Pets

American Pet Ownership Statistics

From Lianne McLeod, DVM, former About.com Guide

Numbers and statistics have always fascinated me. I found the following numbers particularly interesting, especially how many exotic pets are kept in the US and how much money is being spent on pets. Of course, the benefits of pet ownership make pets well worth the cost, and I think the numbers show that people increasingly treat their pets as a valued member of their families.



Boa Constrictor
Lianne McLeod

American Pet Products Manufacturers Association (APPMA)tracks consumer trends when it comes to pets. The 2007/2007 National Pet Owners Survey done by the APPMA found that pet ownership remains on the rise in the US. While dogs, cats, and fish remain the most popular, reptiles and other small pets are becoming more popular too. Here is the breakdown of the US pet population and a comparison to a couple of years ago:

- Reptiles - 13.4 million
  (11.0 million in 2006/2006 and 9 million in 2003/2004)
- Small animals - 24.3 million
  (18.2 million in 2006/2006 and 16.8 million in 2003/2004)
- Birds - 16 million
  (16.6 million in 2006/2006 and 17.3 million in 2003/2004)
- Cats - 88.3 million
  (90.5 million in 2006/2006 and 77.7 million in 2003/2004)
- Dogs - 74.8 million (73.9 million in 2006/2006 and 65 million in 2003/2004)
- Saltwater Fish - 9.6 million
  (9.6 million in 2006/2006 and 7 million in 2003/2004)
- Freshwater Fish - 142 million
  (139.0 million in 2006/2006 and 185 million in 2003/2004)

Source: AAPMA

Spending

According to the APPMA statistics on spending, Americans spend more on their pets year after year. Total pet industry expenditures in the US over the last few years are as follows:

- 2007: $41.2 billion
- 2006: $38.5 billion
- 2005: $36.3 billion
- 2004: $34.4 billion
- 2003: $32.4 billion
- 2002: $29.5 billion
- And for comparison, 1998: $17 billion

The APPMA reported the following breakdown for the areas in which money is spent on pets (2007 figures for the US):

- $16.2 billion for food
- $9.8 billion for supplies and OTC medications
- $10.1 billion for veterinarian care
- $2.1 billion for live animal purchases
- $3.0 billion for other services such as grooming and boarding

THE HUMANE SOCIETY
OF THE UNITED STATES

We're the nation's largest and most effective animal protection organization. more >>

AUGUST 12, 2011

U.S. Pet Ownership Statistics

The Humane Society of the United States

The following statistics were compiled from the American Pet Products Association 2011-2012 National Pet Owners Survey.

Dogs

- There are approximately 78.2 million owned dogs in the United States
- Thirty-nine percent of U.S. households own at least one dog
- Most owners (60 percent) own one dog

American Humane Association™
The nation's voice for the protection of children & animals

Dog Bites

Dog bite statistics

- An estimated 4.7 million dog bites occur in the U.S. each year[2,3]
- Nearly 800,000 dog bites require medical care[2]
- Approximately 92% of fatal dog attacks involved male dogs, 94% of which were not neutered[1]
- Approximately 25% of fatal dog attacks involved chained dogs1
- Approximately 71% of bites occur to the extremities (arms, legs, hands, feet)[2]
- Approximately two-thirds of bites occurred on or near the victim's property, and most victims knew the dog
- The insurance industry pays more than $1 billion in dog-bite claims each year[3]
- At least 25 different breeds of dogs have been involved in the 238 dog-bite-related fatalities in the U.S.[4]
- Approximately 24% of human deaths involved unrestrained dogs off of their owners' property[4]
- Approximately 58% of human deaths involved unrestrained dogs on their owners' property[4]

Breed-specific legislation (BSL)

- In response to these statistics, many communities have enacted breed-specific legislation (BSL) that prohibits ownership of certain breeds, such as pit bulls, Rottweilers and others.
- Any breed of dog can bite, and research suggests BSL does little to protect the community from dog-bite incidents.
- In fact, BSL can often have unintended consequences -- such as black-market interest and indiscriminant breeding practices -- resulting in subsequent breed overpopulation that leads to increases in the number of homeless, stray and euthanized dogs.
- Enforcement of BSL has been shown to be very costly and extremely difficult to enforce. One county in Maryland spent more than $560,000 maintaining pit bulls (not including payroll, cross-agency costs and utilities), while fees generated only $35,000.5
- Responsible breeding and ownership, public education and enforcement of existing laws are the most effective ways of reducing dog bites.
- American Humane supports local legislation to protect communities from dangerous animals, but does not advocate laws that target specific breeds of dogs.

Dog bites and children

- 50% of dog attacks involved children under 12 years old
- 82% of dog bites treated in the emergency room involved children under 15 years old[2]
- 70% of dog-bite fatalities occurred among children under 10 years old[5]
- Bite rates are dramatically higher among children who are 5 to 9 years old[2]
- Unsupervised newborns were 370 times more likely than an adult to be killed by a dog[5]
- 65% of bites among children occur to the head and neck[2]
- Boys under the age of 15 years old are bitten more often than girls of the same age[2]

What can parents do?

- Educate your children. Studies have found that the number-one dog-bite prevention measure is education. Children who understand how to act around dogs, how to play with dogs, when to leave dogs alone and how to properly meet a dog are much less likely to be bitten. To address this need, American Humane has created American Humane KIDS: Kids Interacting with Dogs Safely™, a dog-bite prevention program specifically for children ages 4 to 7.
- Supervise your children. Unsupervised children may innocently wander too close to a dangerous situation. Eighty-eight percent of fatal dog attacks among 2-year-olds occurred when the child was left unsupervised.[1] Supervision of children, especially around dogs, is one way to help ensure they are safe.

Safe rules of behavior for kids

Don't treat a dog unkindly.

- Never hit, kick, slap or bite a dog or pull on his ears, tail or paws.

Don't bother a dog when she is busy.

- Never bother dogs with puppies or dogs that are playing with or guarding toys, eating or sleeping. Always leave service dogs alone while they are working.

What is a dog bite?

- What is a dog bite?
- Types of dog bites
- The problems with dog bite studies
- Dog bite-related fatalities
- State-by-state information
- Dog Bites in Canada

To learn more about the topic of dog bites, click here to read *Dog Bites: Problems and Solutions*, Janis Bradley, an Animals & Society Institute Policy Paper.

What is a dog bite?

"What is a dog bite?": the question seems simple enough. Most of us would describe a dog bite as an incident where a dog deliberately inflicts an injury to a person. However, animal control and public health departments consider any incident in which a dog's tooth or nail breaks a person's skin - regardless of the circumstances or any characterization of the dog's intention - to be an animal exposure that merits their notice.

Based on this definition, animal control and public health departments classify *all* of the following types of animal exposures as dog bites:

• *Nips* from playful puppies.

• *Scratches* from a dog's nail.

• *Scrapes* from a dog's tooth.

• *Accidental bites* by dogs.

• Bites from injured or ill dogs receiving assistance or comfort from Good Samaritans (e.g. dogs hit by cars).

• Bites by working K-9 dogs delivered in the performance of police duties.

• Bites delivered to canine professionals such as veterinarians. These may have occurred under extreme duress, such as if the dog was in pain or otherwise unable to control its behavior. (e.g. a vet tech bitten while removing intubation tube from a dog's throat)

Dog Bites and "Statistics"

Dog bite statistics include a range of types of dog bites. The vast majority are not severe enough to warrant a trip to the emergency

Reading Suggestions

Good afternoon, my name is Jim Kress. I live at 3090 Keokuk St. in Dubuque. I am here again to speak to you about the issue to allow dogs in our city parks and to present a petition to you against this request. The petition is still active as we have only been collecting names for just over a week. We have been letting non residents sign also as tourists have been brought into the equation. Their response is, "Oh no don't let that happen."

I am not going to dwell on the subjects of dog bites, sanitary issues and loose dogs, which I am sure you are all aware of.

The sliding boards, teeter totters, and merry go rounds, have all been removed because of safety issues. The swings are still there, but the wooden seats have been replaced with a softer one to prevent injury. The wading pool no longer has water in it due to health issues. Allowing dogs in the parks would be going against everything we have already done to make it safer for children. In the late 70's Eagle Point Park become not family friendly and the one dollar admission fee was instituted and turned the park into a family park again. I believe allowing dogs into the parks will once again keep families away from the parks.

Who will enforce the leash ordinance? The Park Ranger does not come on duty until 4:00PM. Any calls to the police department will receive a low priority and answered when they have time. Has anyone asked the park maintenance workers how they feel?

Keeping the ban on dogs in city parks will not be detrimental to the city of Dubuque. Dubuque has attracted many new businesses to our city with the dog ban in effect, and many more local businesses have expanded. The Port of Dubuque was developed with tourists in mind, so apparently the ban has not affected tourism. The Dock Dog Competition signed a three year contract with the ban in effect.

Dubuque has been awarded the status of being an All American City, so why are we trying to follow what other cities are doing. Shouldn't they be following what we do?

Allowing dogs in parks will cost money is there even any money available for this? I believe the second dog park is waiting for the funding to be available before it can be established.

It has been mentioned to use the dog registration fee, but isn't that money earmarked for the Humane Society and the animal control office, which is already on a tight budget. Does the animal control officer even work on weekends?

Dogs are already allowed on many of the trails, and A.Y. McDonald Park in Dubuque.

Has anyone done any research on the reason why pets were banned in 1969?

Don't allow dogs in our city parks. The safety of children is first and foremost for me.

Don't try fixing what isn't broken.

Thank you.

Hello again. I am Jim Kress, I live at 3090 Keokuk St. in Dubuque. I have been out talking to people and getting signatures from people who are using the parks and Farmer's Market. Very few people have been in favor of changing our current ordinance to allow dogs in our city parks and want to keep our parks dog free. Please listen to them. People can take dogs to A.Y. McDonald Park, Miller Riverfront Park, Bergfeld Pond, the dog park, and all the bike paths and walking paths in Dubuque. So there are alternatives. I talked to John Hale, our former Park Superintendent, and he has also signed my petition and told me a story to pass onto you.
When the Superintendents from across the state would come to Dubuque for their annual conference at Eagle Point Park, they all thought it was a good idea that no pets were allowed in our parks and would love to be able to do the same in their city parks. I also talked to a woman who runs a Day care and said when she takes the kids to Flora Park to play, she has to take bags with her to pick up dog droppings before she lets the kids play. And this happens while dogs are not allowed in parks. I attend the Sunday night music at Marshall Park and people will call out to me to bring the petition to them to sign. Many people who have signed, told me they are dog owners and that dogs do not belong in city parks.

Thank you

RE: Dubuque Ordinance 10-5B-4

Dear Dubuque Park and Recreation Commission:

My family and I believe Dubuque Ordinance 10-5B-4 is appropriate for the safety and welfare of residents using the park system, and that the policy should continue to be enforced as currently written. I would like to share with you why we feel this way.

A few years ago my then five-year-old triplet daughters and I were enjoying a lovely day at A.Y. McDonald Park. I was seated on a picnic blanket while my children were playing on the nearby equipment. Too soon, however, this happy spell was broken when a father, two children and unleashed Rottweiler came bounding over to play.

Two of my daughters have never taken to large dogs, so when they saw the Rottweiler, they naturally panicked and ran to me. The dog, in turn, barked and chased them, jumping at the traumatized little girls. I was beside myself in fear wondering which one I could protect.

I screamed at my daughters to freeze, but of course they couldn't. Finally, the father got control of the dog and secured him with a choke collar. He apologized by saying his dog was always good around his kids.

I could have pointed out that dogs—especially unleashed dogs—were not allowed in the park and that owners were subject to a fine. But I let it go. I wasn't in a position to argue with a physically intimidating man, barely holding back his worked up, instinctively- aggressive pet. All I could get out was that many kids have a real fear of dogs.

This traumatic situation still haunts us to this day. Despite training by Two-by-Two, my daughters remain terrified of dogs. Even so we continue to enjoy all of Dubuque's scenic parks and have been active participants in many Leisure Services programs, including Tot Lot, Play Lot, Tennis and Art. But if you amend this ordinance to permit leashed animals near our playgrounds, it could result in a situation where kids are afraid to play at the park. That, we believe, would be among the most tragic results of all.

Thank you for considering our appeal.

Sincerely yours,

Liz and Mike Schmid

From: Leonard Diederichs, 1870 Carter Ct., Dubuque
Subject: "Petition" to amend dog ordinance

I'm opposed to the thought of amending the current well crafted ordinance dealing with dogs in the park. Ms. Lydon's request for a change represents more of a business interest than a community interest in my view.

Collecting 700 names from around the country hardly seems a groundswell of support with the expanse of the internet this is a small showing.

The enjoyment of a park visit with dog droppings and dogs running loose would surely be diminished. Yes assessing fines sounds good but with no police presence to enforce them is little help.

Please don't allow a special interest to intrude on the community good.

Sincerely,
Leonard Diederichs

PETS IN PARKS ISSUE
comments by phone

today's date	last name	first name	address	phone	comments
05/21/12	Tressel	Mildred		582-9911	Against dogs in parks; walking by harbor & dogs on the loose; poop on sidewalk and dirty; don't ruin parks.
05/21/12	Smrcina	Bob & Bobbi		582-7123	NO dogs in parks
05/23/12	Nemmers	Roger		583-7470	thinks it's a bad idea to allow dogs in parks; concerned for sanitary reasons - waste residue even if picked up; safety for small children - they run to dogs and don't know how dogs are going to react; need a safe place for kids to run
06/01/12	Richards	Tom		213-0336	(lives next to Flora). Keep ordinance as is related to dogs. He has a dog and lives next to a park but feels his dog is his responsibility. City should not have to pay the cost of blue bags, cleanup and enforcement. There is never a park ranger there to catch those that don't clean up after pet. The city has many miles of sidewalk for pets. He walks his dog along Asbury Road and sees dog piles every few feet.
06/04/12	Andresen	Paul		583-6673	Against letting dogs in park. Goes to Mines of Spain and dogs are running loose. No place to go where there aren't dogs running around. People have no control over their dogs and would like to keep it as it. Parks are nice and peaceful with no dogs barking in parks.
06/08/12	Sutton	S.A.	1875 Custer Street		Loves dogs but does not want them in the parks - people place. Don't want kids playing in urine or walking or falling in dog feces.

Message	We would just like to go on record to say keep the parks pet/dog free. Eagle Point Park is the one place in town where we can take a walk with out fear of barking/lunging dogs. In the winter people tend to bring their dogs in and they almost never keep them leashed. Unless someone is there to monitor the situation stiff fines are not going to fix problems or will end up costing $ for "policing" of dog owners. Thank You! We LOVE Eagle Point Park in particular!

Sent: Wed, May 23, 2012 12:52 pm
Subject: DOGS IN PARK

Hi Gil,

I don't know if you are still being consulted about dogs in the park, but if you are, these are my thoughts:

I saw the girl on the news who is pushing for this. She told the reporter that she thought it unfair that dogs were not allowed in all parks as she paid the license for her dogs and also paid her property taxes. She said that it should be up to all dog owners to police themselves and fellow dog owners if they do have the dogs on a leash or pick up after them. Herein lies a potential for a big problem.

If I am walking my dog and see another person who has an unlicensed, or unleashed dog, or fails to clean up after their dog, and I confront this person about the situation, what happens next? In most cases I would be either be ignored, told to mind my own business or get a punch in the nose. If the person who was not doing these things was responsible or cared, I would not have to say anything in the first place. It is the person who does not care who poses a problem.

I see this approach as being very confrontational and leading to either a verbal or physical altercation or both. This will just be another thing that law enforcement has to respond to and will take away time that could be better spent elsewhere to resolve these issues. I also feel that with the added duties that the park patrol has had put on them recently, that they don't need further duties of checking for dog licenses and permits on every dog that is brought into a park.

After many years of working as a park patrol officer I have seen numerous altercations

develop simply because someone told someone else that what they were doing is wrong and they should quit doing it. Therefore, I think well enough should be left alone and just allow dogs where they are now, and leave our major parks for the people to enjoy without stepping in it, getting bit or watching the fights that could stem from this idea.

These are just my thoughts on the matter.

Gary

Message: I am voicing my displeasure with the possibility of having city parks open to dogs. This would essentially make every park in Dubuque a dog park! We live in a neighborhood with 10 dogs and have to tolerate the barking and excrement in our yard. People have a right to have their pets on their property but I pay city taxes so I should not have to tolerate other residents animals in our parks. Our grandaughter has a fear of dogs so that will inhibit her ability to enjoy the parks. My husband and I recently walked the river walk and had to avoid piles of excrement left by pets so that shows how responsible some pet owners are. Also, we go to farmer's market and that has turned into a pet experience. Please I implore not to allow are parks to be open to pets. Thank you.

Dubuque, IA 52001

Regarding: Dogs in city parks, leashed and loose

The Dubuque Arboretum and Botanical Gardens Board of Directors would not approve of dogs in Marshall Park.

This is an arboretum and botanical garden.

Dogs mark their area and this would be hard on the plants.
Dogs digging in soft soil in our flower beds would do damage to the plants.
Dogs leave feces and it is very unsanitary for our visitors.

On May 20, 2012 we had a children's party with about 1,000 + children, parents, and grandparents. This would not mix well with dogs running free or on a leash. Sometimes we have visitors who are afraid of dogs. Some people have told us that they prefer to walk in the arboretum because it is a dog free area.

We feel that this arboretum and gardens are a unique attraction for the city of Dubuque and we hope to continue it in the future.

Sincerely,

Jack Frick

This letter is about allowing dogs, leashed and unleashed, in city parks. I retired to Dubuque nine years ago, because it had many things to do including many parks in which to walk and spend leisure time.

I enjoy walking the River Walk although many leashed dogs are walked there. You can tell by the feces on the grass and walks, more in the winter. I have had dogs as pets but have none now as I have many allergies. Dogs coats can carry pollen, dust, mold, etc.

I volunteer at the arboretum and have seen the dogs there in the winter. People will pull into a parking place and open the door for their dog. They don't even get out of their car. We have many visitors, including children. Some of them love to go barefoot in the lush grass. If dogs are allowed in the gardens, how can the areas be kept sanitary for visitors. The Lions Play Area has a sand floor where the playground equipment is. When I had a dog, she loved to dig in the soft garden soil. I can tell you that kills the plants!

If allowing dogs in the parks is necessary, there should be a larger fine and strict enforcement for those who don't cleanup after their animals. Many of us will have to do more of our walking inside the mall as being near dogs is not an option. Walking outside in the fresh air is good for overweight Dubuquers.

I chose to retire to Dubuque because it had many opportunities for entertainment. It has many places to go with friends, some free some not. The Dubuque Arboretum and Botanical Gardens is one of the best free places in the Dubuque area.

Marie

Just to follow up with this mornings phone call :
There are many miles of city sidewalk to walk dog.
There is a certain number of dog owners that will not pickup after their pets.
Ask the care takers at Linwood cemetery about this idea. They used to allow dog walking.
Is there extra cost to the city ? For bags and extra garbage pickup. Or will the dog waste sit in the hot sun and garbage can for a week .
If so how does that fit in with the Mayors sustainability plan ? They are talking about taking plastic bags out of the grocery stores
How can you enforce this. You can only do something if it is seen by a park ranger. What about after hours or after the parks close for the season.
I own a dog and I do not expect the city to provide anything for me and my dog. The cost of owning a dog are 100 % mine
Walk along the flood wall or along Asbury and Carter by the Sisters of the Presentation. Prof that not all pickup after there pets.
I know you have over 400 names on a petition. But there are approx 65000 people in Dubuque. How do the other 64600 people feel.

I am asking that you leave the no dog allowed in the parks as is. And strongly enforce it. The rule is being broke already. Please feel free to share these thoughts with the park board.

June 5, 2012

Hello, Marie –

I will make short my weigh-in on the issue of allowing dogs in parks. My perspective is fresh; my husband and I returned recently from a trip to NYC to babysit our son's family dog for ten days. They live in Park Slope, a brownstone neighborhood where response to city laws is probably about as good as it gets. What's more, nearly everyone has a dog. During the daylight hours (when people are watching), "pickups" are pretty good. We noticed, however, that when we took the dog out for its first morning walk, there was a lot more dog litter around (pickup is not so good when it is dark). This happens when there is a $250 fine for not picking up! (See enclosure) I am amazed at the amount of dumping off unwanted things, using the Arboretum dumpster, stealing, etc., that goes on at the Arboretum. Of course, there is often nobody around to observe these actions, so they happen. When animal actions can damage plants and when the area where the music presentations take place could be fouled, to name just a couple of reasons, I am against this change in the law.

Please add my voice to the "No changes."

Thanks,

Mary Reuland

Commissioner Doherty urges New Yorkers to comply with the Pooper-Scooper Law and clean up after their dogs

DOG WALKERS RESPONSIBILITY
Respect your community
By John J. Doherty, Commissioner of Sanitation

All of us take pride in keeping our homes clean and in good repair. Keeping a home clean is an every-day effort that requires constantly picking up after ourselves and reminding our children to do the same. When we visit our friends, we're also careful to treat their homes as our own and make a point of cleaning up after ourselves.

This is why average New Yorkers are both puzzled and outraged by the inconsiderate attitude of those who fail to pick up after their dogs, creating obstacles on our streets and sidewalks where every step carries a potentially unpleasant surprise. We all feel that those who fail to comply with the pooper-scooper law show a complete lack of respect for their neighbors and our communities.

The "Pooper Scooper" law -- officially known as Section 1310 of the New York State Public Health Code – became law in New York City on August 1, 1978. With its enactment, the Big Apple became the first major American city requiring dog walkers to be responsible for picking up and disposing of their dog's waste. Many other cities across the country – and around the globe – have since followed suit with similar 'pooper scooper' laws.

We all know the MO of those flouting the law. They walk their dog, and when the pooch gets the 'call of nature,' they stand by trying to look casual -- all the while carefully looking left and right, checking for possible witnesses. Even before their dog has finished its business, it's apparent they've decided not to bother to clean up after it. They think that what they do is no big deal…unless they themselves step into another lawbreaker's mess!

Sanitation's enforcement agents have a very different view and consider failure to pick up after a dog a punishable violation of the law. And while selfish dog walkers react with some embarrassment when getting caught in the act by their neighbors, they always seem to mind when embarrassment turns into a fine.

The fact is that -- whether scofflaws choose to acknowledge it or not -- failure to clean up after your dog is a violation of a State law and it carries a **fine of $250.**

I'm proud to say we've made New York City the cleanest it's been in over three decades. However, no matter how much our dedicated Sanitation Workers clean or merchants and residents sweep their sidewalks and pedestrians comply with Sanitation regulations, inconsiderate dog walkers can spoil a clean block, not to mention a pair of shoes, with their blatant disregard for the law, turning their fellow New Yorkers' daily walks into a challenge. With that in mind, the Sanitation Department's ongoing citywide outreach and enforcement efforts aim at increasing compliance with the "pooper scooper" law and, when necessary, impose fines.

It's time for all responsible dog walkers to make sure they clean up after their pets and keep them on a leash, and for all New Yorkers to reclaim their streets, sidewalks and parkland. The simple pleasure of long walks with no unpleasant surprises along the way, and most particularly… under foot , must be preserved.

The bottom line is that canine waste is not only an unsightly nuisance, but it can also pose health hazards when it's not cleaned up.

To report issues of canine waste in your area, call 311. We'll send our Canine Enforcement Agents there to try to catch these inconsiderate lawbreakers in the act. Remember: It is important for everyone to be a considerate neighbor. Respect your community and pick up after your dogs.

ORIGINAL

6-512

I grew up on a farm and love animals, but I am opposed to allowing dogs in our city parks (if allowed, I hope dogs are totally excluded from Eagle Point Park). I have many concerns about dogs in our parks. Dogs will

A. Interrupt enjoyment of special events

1. Dogs will bark during concerts or weddings, e.g., Tri-State Wind Symphony (certain instruments cause dogs to howl).
2. Dogs will interrupt concentration at a music performance or a wedding, no matter how well behaved the dog. Even well-behaved dogs tend to bark when seeing other dogs or animals such as squirrels.

B. Create problems with hygiene and safety

1. Dogs will contaminate eating areas near and inside pavilions and near picnic tables. Dogs for most people do not belong at the "dinner table."
2. Dogs may startle and cause accidents for unsteady ambulators and those using assistive devices. (I recently had a relative fall and was injured due to a dog.)

C. Diminish opportunities for peace and beauty

1. Dogs will spoil the park for those (like me) who go to the park for peace and quiet and enjoyment of the outdoors (it is one place I can get away from the barking dogs and unleashed dogs present in my neighborhood).
2. Dogs in the park will mean I can't walk without careful attention for dog feces. Many people never clean up after their dog has soiled the ground.
3. Dogs will pollute areas of the park with unsightly clumped (urine-soaked) grass.
4. Dogs may sniff people and jump on them. This happens to many people currently while walking on sidewalks. Not all people love dogs and want dogs sniffing or jumping on them. Dog owners just smile and say he/she won't bite and don't realize the dog is not welcome that close at any time and especially if the dog has dirty paws.

Not all dog owners will follow the rules (leashing and cleaning up). Rules are useless unless they are enforced; this will be costly if done adequately. Currently on city streets some dog owners just carry the unattached leash. I have not yet seen a dog owner leash his/her dog when I indicate that the dog should be leashed, no matter how courteously I express it.

Enforcing the rules adequately when allowing dogs in our parks would be costly and I'm guessing unlikely to happen. In the short time I was at Washington Park for Dubuquefest where the sign indicates No Pets, I saw more than a dozen people freely walking their dogs, and many stayed in the park with their dogs for extended periods. Since the current rules are not being enforced I doubt enforcement would occur with more access. I am opposed to my tax dollars paying for the policing and cleaning up that would be necessary if dogs are allowed in our parks. Our parks should be first of all for people. Please keep our parks quiet, safe, clean, and beautiful for the many people who use them. Dogs and their owners already have most of the city available. We already have to listen to dogs barking while we are in our homes; why should dog owners be allowed to spoil our parks? It is not progress or moving forward by allowing dogs in all of our parks, as suggested by some, but would be moving backward. Just because other cities allow it does not mean it is the right thing to do for our citizens and taxpayers. Our parks without dogs are more welcoming for people.

Message: Dear Council Member
I would like to encourage you to vote against opening the parks for dog use. I observed a person using the apartment complex that I live in with no provisions for her dogs droppings. While there are some responsible dog owners in city, there are many who are not. I feel that the dog parks we have are more than adequate, I wold like to be able to use the parks without having to worry about some ones pet. I feel the parks should be for people. Thank you for your no vote on this issue.

Marie Ware
Manager, Leisure Services
2200 Bunker Hill Road
Dubuque, IA 52001

Dear Marie,

As a member of the Green Team at the Dubuque Arboretum and Botanical Gardens, I was surprised to learn that the request to open up Dubuque parks to dogs would include the arboretum! I am a dog owner myself, but I have *never* considered bringing him to the arboretum. And I certainly don't want to have to watch out for other people's dogs while I am there working.

Our botanical garden is not a "park" like the others. It contains many collections of special--and sometimes rare--plants, which visitors come to learn about and photograph. Mowers and other heavy equipment operate almost continuously at one site or another on any given summer day, and several weddings take place every weekend, not to mention other special events. We struggle to keep the plants watered, weeded, and undamaged by insects and wild animals. We don't need them "watered" by every dog that comes by, as dogs will do. And we certainly do not have time to pick up dog waste *or* patrol for the inevitable violators of the pickup rule. There will be no way for civilians to enforce that rule, and lazy dog owners will realize that.

Thank you for considering these points as the decision to open up the parks to dogs is made.

Sincerely,

Kennie Harris

June 11, 2012

Park and Recreation Commission

2200 Bunker Hill Road

Dubuque, IA 52001

Dear Commissioners:

My purpose in writing is to comment on the Dogs in the Parks issue you are dealing with. It seems dogs have taken a great deal of time over the years as dog owners are very passionate about their pets and other citizens do not want to be impacted by their dogs.

Not allowing dogs in parks has always been a health and safety issue. Picture Eagle Point Park on a busy weekend where 2,500 people are in the park and 500 of them have a dog with them. You call your 3 year old children for lunch and the trip and fall in dog waste. Or picture that same 3 year old walking up to what appears to be a friendly dog and the dog is spooked and bites the child. Or think of you going to a park for a quiet picnic and a dog is there barking the entire time you are attempting to have this quiet lunch. All of these three examples are not only possible, they are likely to happen at some point.

There are many good dog owners that control their pet and would pick up after them but there are also many not so good dog owners. People have a right to own a dog but they do not have a right to take that dog with them anywhere they want to. Other cities may allow dogs in their parks but few cities (if any) have a park like Eagle Point Park. The quiet enjoyment of our parks will be very much be impacted by allowing dogs in them.

No dogs in the parks has long been the policy and for good reason. We have had complaints over the years but very few. Out of town users have understood the policy and kept their dogs in their vehicle while they visited the parks.

I urge you to continue the policy of not allowing dogs in our parks.

Best wishes,

Gil Spence

PETS IN PARKS ISSUE
comments by phone

today's date	last name	first name	address	phone	comments
06/11/12	Westemeyer	Donna			Mayor is gung ho on keeping city green - so Donna thinks if they allow dogs in parks we won't have a clean city. What is more important, clean or green? Has heard many comments about how horrible dog feces is at beautiful river walk-getting really out of hand. Don't want to listen to all the barking - make more dog parks and keep the regular parks for people only. She has walked through Flora Park grass areas and there is dog feces there now and there aren't even supposed to be dogs in that park.
06/11/12	Wickham	Tom	Peosta, IA		Stopped in person at Bunker Hill. IS in favor of dogs in parks.

Message	I am concerned about letting dogs into our city parks. Our parks now are so beautiful and well kept, do you want these parks go to the dogs? You know when these dogs need to go, they'll lift there leg and urinate on the first bush or flower that they see and it will burn out and die. His owner has no control over that. Don't get me started on the solid waste. Did you walk the flood wall, McDonald's Park and the bike path and see the dog's waste there? Our parks will look just like that. By leaving the dogs into the city parks, is the city responsible for dog bites, this will happen. Will this increase our city parks budget by replacing bushes, flowers, sod and other damage that these dogs will do? I thought the city had a dog park and the Humane Society will have one also at their new location. Now no pets are allowed into the parks. By passing this ordinance will this allow all pets into the parks?

Message	I am very concerned about dogs in our city parks. Not all dogs have been to school at That's My Dog. Already this spring, my husband and I have seen dogs running lose at Eagle Point Park. I worry about my grandchildren running and playing and stepping in dog waste or worse yet being attacked by a dog. If dogs are in our parks, the city better have more park officers to control the barking and fighting. Better yet, let the families have their parks and the dogs have theirs.

I wish to add my voice to those expressing the opinion that the parks are funded and maintained for and by people. Let us keep the people in the parks and the dogs out.

Message	Please no dogs in parks. 1.My son was bitten twice in his life before he was 8 years old and is deathly afraid of dogs. 2. There are many responsible dogs owners in town but there are also many irresponsible dog owners. I 'd hate to see our beautiful parks littered with dog droppings. 3. Our parks should be safe for children and humans. We pay the taxes to keep them clean and safe. It would be a shame if dogs were left to run and children were afraid to play. 4. Would the city be responsible legal for dog bites or would the owner? 5. What additional costs would the city incur if they has to hire someone to clean up after the dogs? 6. If many cities already allow dogs in parks then our dog owners should go there. I drive by the dog park every day and it seems like an appropriate space for dogs, safe and clean. 7. An article in the Telegraph Herald,two pages after the dog article this morning, is about a dog attack in WI. Ask that person how he feels about dogs in parks. 8. Parks are a place to relax not a place to worry about a dog biting you. Dog owners know that dogs aren't allowed in parks, if they don't agree with that rule then they shouldn't get a dog.

Message	This week I have attended several functions and the topic of DOGS in CITY PARKS comes up. All that I seem to meet with say NO, we do not need. We have been free of dogs in parks for many years and want it to stay that way. When you walk on the Flood Wall, McDonald Park, up to the Lock & Dam, folks have there dogs, many run loose, many do not clean up after. There is food on picnic tables at the park and best not to have dogs around. Thanks for your consideration. Dave Howe 6/15/12

Eileen Trimble - Fwd: Dogs in parks

From: Marie Ware
To: Trimble, Eileen
Date: 6/19/2012 6:53 AM
Subject: Fwd: Dogs in parks

To add to the file for Commis and Council.

>>> Janann Sjobakken <jrssjo@me.com> 6/18/2012 9:35 PM >>>
We are writing to voice our concerns about the latest news which is considering allowing dogs in our city parks. Our thoughts are first and foremost for the safety of children around dogs who have owners that do not comply with the leash law. How many park patrol will be there be to assure compliance?
Second, owners that do not clean up after the animals, and the health consequences....same compliance issue.
Third, barking.
Fourth, city liability that we pay for as homeowners and taxpayers.
We cannot believe that visitors expect to bring their dogs to our city parks, or that they feel rejected or offended because it is not allowed.

Thank you for allowing us to voice our concerns,

John and Janann Sjobakken

Marie. Another thought I had. What if a family is having a picnic at the park and bring there dog and have it tied to a picnic table while they are near by and the dog is barking. Just another unpleasant situation for the people living near by. I have heard rumors of a compromise. Please don't. Please leave it as is. There are lots of places to walk a dog. Let's leave the parks as pristine as possible. Thank You.

I won't be able to attend the meeting Tues. aft., but I am totally opposed to dogs or pets in the parks. Dogs have their own park which I don't resent one bit, but they do not belong in our parks. There is no way to monitor the behavior of either the dogs or their owners. It is bad enough they are allowed at the farmers market, but I accept that, but please, please, please keep them out of our parks. People who are not dog lovers should not be forced to put up withl them in the park.

Attn: Park District Board, Leisure Services Department

ORIGINAL

Re: Permitting Pets in Dubuque Parks.

I have worked for almost ten years as a seasonal employee for the Leisure Services Department. I understand that some individuals wish to have existing policy changed so that they may bring their pets into Dubuque parks.

Please take no action.
Please maintain the status quo.
Spend no more time on this issue.

Once the rules are extended to allow dogs in parks, many owners will be bending to the rules further and allowing their dogs off the leash. I already see too many dogs off the leash in areas where dogs are permitted, particularly the trail on the levee along the Peosta Channel. The grass alongside the trail by the Channel Inn is covered with dog turds.

Throughout my lifetime, I have seen unresponsible behavior by dog owners. Even when I asked them to control their dogs, the response is usually silence. I ask that the Board also remain silent on the issue of pets in parks. Please do not take any action in response to their request to permit pets in parks. Many dog owners make no communication other than stating "he won't bite", and stand motionless while their dog chases me.

Each summer, I have worked at Flora Park as the Supervisor of the outdoor volleyball league. I believe that permitting dogs in Flora Park would be detrimental to a large scale gathering such as the Leisure Services volleyball league. I expect that there will always be a couple people that will bring their dog(s) to the park for extended periods of time. Even if the dogs do not bite, they will likely be barking while others are at the park to enjoy other activities.

I do not recall ever seeing a dog turd in Flora Park. If dogs are permitted in Flora Park, there will be turds left behind. I wish to continue employment at Flora Park in such an environment that is free of dog turds and barking dogs.

If dogs are going to be allowed in any parks, please consider a ban specific to Flora Park, which has heavy use by non-dog owners for activities such as horseshoes, volleyball, pickleball, tennis, and swimming.

Sincerely,

Steven M. Fuchs

GOOD AFTERNOON. MY NAME IS JAMES KRESS I HAVE BEEN A CITZEN OF DUBUQUE AND LIVED AND WORKED IN DUBIQUE ALL MY LIFE. I HAVE LIVED AT 3090 KEOKUK ST. SINCE 1969, I AM NOW RETIRED AND HAVE USED THE CITY PARKS ALMOST ON A DAILY BASIS. WALKING AND PICNICKING WITH MY FAMILY ON WEEKENDS AND HOLIDAYS. PLEASE DO NOT ALLOW DOGS IN THE CITY PARKS.

THERE ARE NUMEROUS REASONS WHY NOT TO ALLOW DOGS IN CITY PARKS. THE FIRST ONE BEING DOG BITES. AND NOT EVERYONE PICKS UP AFTER THEIR DOG. IT IS A MESS TO CLEAN OFF SHOES AND IF YOU NEED EVIDENCE JUST WALK THE PEOSTA CHANNEL FLOOD WALL, GRANDVIEW AVENUE, McDONALD PARK, MILLER PARK, EVEN THE RIVER WALK AT THE PORT OF DUBUQUE. OR JUST WALK THROUGH ANY NEIGHBORHOOD IN DUBUQUE. NOT ALL DOGS ARE ON A LEASH. NOT EVERY DOG HAS ALL THE SHOTS REQUIRED AND NOT EVERY DOG IS REGISTERED WITH THE CITY AS REQUIRED. IT IS NOT A GOOD IDEA TO PUT PIT BULLS, ROTTWEILERS, GERMAN SHEPHERDS EVEN SMALL DOGS WHERE CHILDREN PLAY.

EFFICTIVE JAN. 1, 2012 LINWOOD CEMETERY AND MOUNT CALVARY CEMETERY NO LONGER ALLOWS DOGS IN THE CEMETERY DUE TO NON COMPLIANT OWNERS.

I GOOGLED DOG BITES IN CITY PARKS AND HAVE PRINTED OFF A NEWSPAPER REPORT FROM NEBRASKA DATED MARCH 12TH, 2012. THE NEBRASKA HUMANE SOCIETY HAS REPORTED FIVE DOG BITES IN CITY PARKS IN TEN DAYS, IN THREE OF THE INCIDENTS THE DOG OR OWNER HAVE NOT BEEN LOCATED. THERE ARE MANY STORIES ON THIS SUBJECT BUT I JUST PICKED ONE.

IF YOU CAN PREVENT ONE CHILD FROM BEING BITTEN WHILE PLAYING IN THE PARK YOU WILL HAVE DONE A GOOD JOB. KEEP OUR CITY PARKS SAFE FOR EVERYONE. PLEASE DO NOT ALLOW DOGS IN OUR CITY PARKS.

THANK YOU FOR YOUR TIME

Update: Dog Bites In Public Parks

The warm weather has sped up the time table for a number of events, some good others not so good.

The pollen "explosion" is weeks ahead of schedule but many are weeks into their outdoor workouts and dog bites in the area are at mid-season levels.

Lucky, Molly and Buddy know exactly where they are and like most dogs, can't wait to be unleashed and set free inside Hefflinger Dog Park.

Maureen Krejci says, "Whenever it is a nice day we bring them here because it is great for them as well as they sleep."

The dogs love it and it burns off any excess energy so they're more obedient but Maureen and Devyn enjoy this time almost as much as the dogs.

Unfortunately some of the more recent dog outings have resulted in injury. The Nebraska Humane Society reports five dog bites over the past ten days.

ADVERTISEMENT

Mark Langan says, "The vast majority of these situations could have been prevented. One, by people not allowing there dogs to run around loose in parks and two, by those people who have their dogs on a leash, be cautious of little kids running up to pet those dogs."

They're common sense rules that some people may have forgotten. Maureen and her fiancé remain vigilant while the dogs are interacting with any other person or animal.

Maureen says everyone should.

Maureen Krejci says, "I would definitely tell the parents to watch out for the child and if they are near a dog teach them the proper way to go up to a dog. Don't approach a dog, put your hand out and let the dog come up and sniff you first."

Any other approach and the dog may become scared or feel threatened.

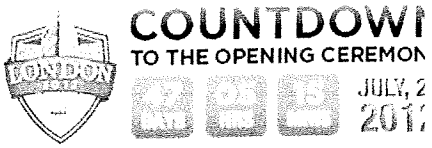
Maureen Krejci says, "Seems like all dogs are very social whether it is with people or with other dogs they are all very social."

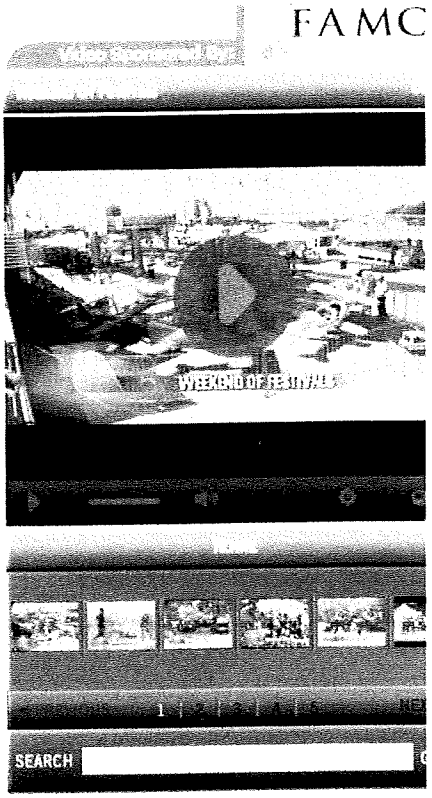
But you have to let dogs warm up to others at their own pace.

Langan says even though the bite may be traumatic someone should get the dog owner's information at the scene. That will help the Nebraska Humane Society follow up on the status of shots and licensing for the dog as well as check for any prior incidents.

Here's a recap of dog bites in parks, in the past 10-days:

3/5/12: A five-year old boy was walking in Gifford Park, 33rd and Cass Street, when he went to pet a large black and white dog that was being walked by a male. The boy asked if he could pet the dog and the owner said yes. The large dog jumped and bit the boy on the lip. The owner of this dog has not yet been





located.

3/7/1: A twenty-year old male was in Hefflinger Dog Park at 114th and West Maple when his dog and a black German Shepherd began fighting. Both the twenty-year old and his dog sustained injuries. The owner of the Shepherd has not yet been located.

3/10/12: Two adults were in Miller Park, 30th and Redick, when a large dog, possibly a Border collie, ran up to them and bit them on their hands and wrist. The dog was running stray in the park. This dog has not yet been located.

3/13/12: A five-year old girl and mother were in Aspen Park, 7300 South 53rd Street. A man was walking a dog, unknown breed. The child ran to pet the dog, and the dog bit her near the left eye and on a finger. Neither the dog nor the owner has been located.

3/14/12: A three-year old female was with her mother in Conoco Park, 84th and Papillion Parkway. A dog (Dalmatian/Dachshund mix) was tied to a tree, near its owners. The 3 year old girl was given permission to pet the dog, and when she did the dog jumped and bit her in the chin. This dog was located, and is current on rabies vaccinations.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City 2007

TO: Dubuque City Council

FROM: Park and Recreation Commission

DATE: February 22, 2013

SUBJECT: Park Ordinance Regarding Pets in Parks

INTRODUCTION

The purpose of this memo is to share our research, public input and recommendation related to the dogs in parks petition and issue forwarded to us by you.

BACKGROUND

Extensive research and public input has been involved in the topic of dogs in parks. The information we reviewed is attached in the Background and Summary of Information Regarding Dogs in Parks Discussion.

The public has been involved in this discussion from the start. The minutes of our meetings, also attached, summarize the feedback and input received at meetings. We received 47 letters, WebQA's and e-mails in support of the current no dogs ordinance and 10 supporting the change to allow dogs. A petition which started the discussion to allow dogs had at last count 1,101 signatures and a petition of 1,057 signatures to keep the ordinance as is with no dogs was also received. The public has also been very active in calling by phone each of us as Commission members.

DISCUSSION

We have studied this topic extensively. There are persons on each side of the dog issue and are passionate in their beliefs. As you see from all the documents there are many views but most fall into two camps - allow dogs or don't allow dogs.

RECOMMENDATION

The Commission voted to allow dogs in parks and on trails except for Eagle Point Park and Mashall Park and Arboretum, Bunker Hill Golf Course, Sutton and Flora Pools and inside the fence of the McAleece Park and Recreation Complex. Please see ordinance for all the changes to put this into affect.

The vote of the Commission for approval and recommendation of an Amended Chapter 5 Parks and Recreation Ordinance was 6-1. The affirmative votes were Blocker, Harris, Klinge, Lyness, Nadeau and Schlueter. The dissenting vote was Hoffmann. This is our recommendation to you.

Prepared by:

P&R C:et

BACKGROUND AND SUMMARY OF INFORMATION REGARDING DOGS IN PARKS DISCUSSION

PETITION PRESENTED

Kate Lydon brought a petition on behalf of the individuals interested in repealing the ban on dogs in city parks. The petition was presented to the City Council and was subsequently referred to the Park and Recreation Commission. That petition now has at least 1,101 (841 Dubuque) signatures.

HISTORY OF CURRENT ORDINANCE

Research shows section A of the current ordinance prohibiting dogs was adopted by the 1969 City Council. Since then sections B and C were added to allow dogs in few specific areas and added the dog park as unleashed area.

CURRENT ORDINANCE

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:

A. Unleashed Animals Prohibited: No person shall be permitted to bring into any park, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animals to run at large in any park. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.

B. Leashed Dogs And Cats Allowed In Certain Parks And Areas: Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following:

   Granger Creek Nature Trail
   John G. Bergfeld Recreation Area
   Medical Associates Greenbelt Park
   Miller Riverview Park

C. Unleashed Pets Allowed In Pet Park: Unleashed pets shall be permitted in the pet park. (Ord. 54-06, 7-5-2006)

CORRESPONDENCE ON ISSUE

The Park and Recreation Commission minutes attached compile all verbal comments (both for and against) made at the Commission meetings by the public as well as Commissioners.

As a department we received 47 letters, WebQA's and e-mails in support of the current ordinance and 10 supporting the change that would allow dogs in parks.

Jim Kress also has a petition that supports the current ordinance with a ban on dogs in parks. He had 1,057 signatures and has verbally reported receiving additional signatures.

The public has been very active in calling Parks and Recreation Commission members as well. All correspondence is attached for review.

CURRENT PET PARK INFORMATION

Daily Use Fee:	$1
Season Pass Resident:	$25
Season Pass Non-Resident:	$35
FY 12 Revenue:	$2979
FY 12 Season Passes:	65 resident passes sold resulting in $1625 revenue 0 non resident sold

Pets can be off leash in this park area.

OTHER DUBUQUE COUNTY LOCATIONS

Dubuque County Conservation Areas and Trails – Dogs are allowed on 6' leash.
Mines of Spain State Recreation Area – Dogs allowed on 6' leash.

IOWA'S OTHER LARGE CITIES

SUMMARY OF IOWA'S 11 LARGEST CITIES
Current Ordinance Related to Dogs in Parks

largest cities in Iowa	population www.infoplease.com (2010)	dogs allowed in all city parks and along all trails	dog park available
Des Moines	203,433	yes - must be leashed - no longer than 6 ft.	yes - 8.5 acres plus 1 acre for small dogs - all fenced; $20 fee
Cedar Rapids	126,326	yes - must be leashed	yes - 14 acres fenced; building a second one - fee
Davenport	99,685	yes - must be leashed	yes - 3 acres; no fee

largest cities in Iowa	population www.infoplease.com (2010)	dogs allowed in all city parks and along all trails	dog park available
Sioux City	82,684	yes - must be leashed	yes - 5 acres fenced; no fee
Waterloo	68,406	yes - must be leashed - no longer than 6ft.	yes - 5 acres fenced - $10 annual fee
Iowa City	67,862	yes - must be leashed	yes - (2) 14 acres fenced; fee
Council Bluffs	62,230	yes - must be leashed	no - but expect a dog park will be in the plan soon
Ames	58,965	yes - must be leashed	yes - 10 acres fenced; fee
Dubuque	57,637	no	yes - 2.5 acres fenced; $1daily, $25 annual fee
West Des Moines	56,609	yes - must be leashed	yes - 10 acres fenced; $10 annual fee
Cedar Falls	36,145	yes - must be leashed - no longer than 6ft or on voice command	yes - 3 acres fenced; $15 annual fee

In speaking with the other cities, for as long as we have had the ordinance of no dogs in parks the other cities have allowed them. No other city has had the discussion of changing their ordinance recently.

ANIMAL DEFINITIONS IN CITY OF DUBUQUE AND IOWA CODE

CITY OF DUBUQUE CODE DEFINITIONS

Cat: Both male and female animals in the family Felis catus whether neutered or not.

Dog: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.

Vicious Animal: A vicious cat or dog is deemed so when it shall have attacked or bitten any person on more than one occasion without provocation or when an attack or bite results in serious bodily injury.

Dangerous Animal: A. Any animal which is not naturally tame or gentle, and which is of a wild nature or disposition, and which is capable of killing, inflicting serious injury

upon, or causing disease among, human beings or domestic animals and having known tendencies as a species to do so;

A. Any animal(s) declared to be dangerous by the city manager or the city manager's designee; or

B. The following animals which shall be deemed to be dangerous animals per se:

1. Lions, tigers, jaguars, leopards, cougars, lynx and bobcats;
2. Wolves, coyotes and foxes;
3. Badgers, wolverines, weasels, skunks and mink;
4. Raccoons;
5. Bears;
6. All apes, baboons, macaques, monkeys and chimpanzees;
7. Alligators and crocodiles;
8. Scorpions;
9. Snakes and reptiles that are venomous;
10. Snakes that are constrictors, with the exception of sand boa constrictors;
11. Gila monsters;
12. Opossums; and
13. Any crossbreed of such animals which have similar characteristics of the animals specified above.

7-6D-2: DOGS, CATS EXEMPTED: (from the dangerous animal definition)
The provisions of this article shall not apply to domestic dogs or cats.

IOWA CODE DEFINITIONS

"**Domesticated Animal"** means an animal commonly referred to as a bovine, swine, sheep, goat, domesticated deer, llama, poultry, rabbit, horse, pony, mule, jenny, donkey, or hinny.

"**Dangerous Wild Animal**" means any of the following:
1. A member of the family canidae of the order carnivora, including but not limited to wolves, coyotes, and jackals. However, a dangerous wild animal does not include a domestic dog.
2. A member of the family hyaenidae of the order of carnivora, including but not limited to hyenas.
3. A member of the family felidae of the order carnivora, including but not limited to lions, tigers, cougars, leopards, cheetahs, ocelots, and servals. However, a dangerous wild animal does not include a domestic cat.
4. A member of the family ursidae of the order carnivora, including bears and pandas.
5. A member of the family rhinocero tidae order perissodactyla, which is a rhinoceros.
6. A member of the order proboscidea, which are any species of elephant.
7. A member of the order of primates other than humans, and including the following families: callitrichiadae, cebidae, cercopithecidae, cheirogaleidae, daubentoniidae, galagonidae, hominidae, hylobatidae, indridae, lemuridae, loridae, megaladapidae, or

tarsiidae. A member includes but is not limited to marmosets, tamarins, monkeys, lemurs, galagos, bushbabies, great apes, gibbons, lesser apes, indris, sifakas, and tarsiers.

8. A member of the order crocodilia, including but not limited to alligators, caimans, crocodiles, and gharials.

9. A member of the family varanidae of the order squamata, which are limited to water monitors and crocodile monitors.

10. A member of the order squamata which is any of the following:

(a) A member of the family varanidae, which are limited to water monitors and crocodile monitors.

(b) A member of the family atractaspidae, including but not limited to mole vipers and burrowing asps.

(c) A member of the family helodermatidae, including but not limited to beaded lizards and gila monsters.

(d) A member of the family elapidae, voperidae, crotalidae, atractaspidae, or hydrophidae which are venomous, including but not limited to cobras, mambas, coral snakes, kraits, adders, vipers, rattlesnakes, copperheads, pit vipers, keelbacks, cottonmouths, and sea snakes.

(e) A member of the superfamily henophidia, which are limited to reticulated pythons, anacondas, and African rock pythons.

11. Swine which is a member of the species sus scrofa linnaeus, including but not limited to swine commonly known as Russian boar or European boar of either sex.

(a) "Dangerous wild animal" includes an animal which is the offspring of an animal provided in paragraph "a", and another animal provided in that paragraph or any other animal. It also includes animals which are the offspring of each subsequent generation. However, a dangerous wild animal does not include the offspring of a domestic dog and a wolf, or the offspring from each subsequent generation in which at least one parent is a domestic dog.

DOG STATISTICS

Mary Rose Corrigan, Health Services Manager, reported the following statistics for 2011 related to dogs and animals:

6,215	dog licenses
9,066	total animal licenses
2,270	animal complaints (including bites and calls to Police)
124	animal bites (public and private property)

She also shared that according to the American Veterinary Medical Association Dubuque is estimated to have 12,312 dogs (based on 23,056 households in the city of Dubuque). As you can see many dogs are not licensed.

It was reported by Park Patrol and the Community Policing officers that most times the incidence of a dog in a park is not documented and the person is not charged. The officer asks for corrective action (leave the park) and people comply. This is the same in regards to an officer seeing a dog do his duty and the owner not picking it up.

DUBUQUE'S ANIMAL CONTROL DEPARTMENT BUDGET

The following is the actual expenses and revenue FY 11 for animal control:

Revenue:	
Dog License Revenue	$101,971
Cat License Revenue	$ 40,527
Expense:	
Animal Control	$282,333

DISCREPANCIES IN THE CURRENT ORDINANCE

The current ordinance calls out parks but doesn't list trails as areas for no dogs. Later in the ordinance there are some trails defined and others are not. Some trails have no pet signs but are not called out in the ordinance. The River Walk isn't listed on our parks/trails list although in a city policy it states no dogs allowed but no signs are posted there.

CURRENT SIGNAGE

Most but not all parks are signed for no pets. Some trails are signed and others are not currently.

DOG WASTE BAG DISPENSERS

Leisure Services provides dog bags through commercial dispensers at the Pet Park, A.Y. McDonald, Bergfeld Recreation Area and trail, the upper floodwall by Kerper Boulevard and the lower floodwall south of the Port. We currently go through about 20 cases a year or about 10,000 bags. The cost is $1,200 a year. The bag dispenser costs approximately $75 each. We found in other cities they generally only provide waste bags at the Pet Park.

LIABILITY

Legal Department said that if there are usage regulations in place, in other words if dogs are allowed in parks, the city would not be at risk for any greater liability; the liability would fall on the pet owner. Commissioners and/or would not personally be open to liability because they fall under the umbrella of the city and would not be liable unless there was willful, malicious intent.

ENFORCEMENT

Admittedly by our own police and park patrol officers, enforcement of the current ordinance is difficult. Enforcement will be difficult if a change is made as well. Supporters of the change share peer pressure can be used for a leash law and for

cleanup after your pet. We know from even our own employees and those in discussions that this can help but if a person doesn't want to follow the rules they won't and even with enforcement they won't. Many times our current enforcement is education, and a verbal reprimand, especially with Park Patrol and the COPS. They report most violations happen at Jackson, Grant, Flat Iron and A.Y. McDonald Parks for dog waste or dogs in parks.

It has been stated in many ways but the two best comments have been "it's not the dogs, it's the people" and "there are many responsible pet owners." We do find this to be true. There are many responsible pet owners. We understand that but as a public entity we deal with all pet owners – responsible and irresponsible.

FINES

There is no specific fee or fine structure defined within the Park and Recreation section of the Code of Ordinances. This means it becomes a municipal infraction which would be a minimum $50 fine + court costs + corrective action. The city goes by rates set by the state for municipal infractions: 1st offense is anywhere from $50 to $750; 2nd offense is up to $1,000 + court costs and corrective action; and 3rd offense is contempt of court with possible jail time. Pet waste not cleaned up by the owner falls under unlawful deposit under the littering ordinance and that fine structure would be the same. This is the fine structure unless commissioners and Council wanted to define a specific fine structure that would be for parks only. The Assistant City Attorney Crenna Brumwell shared fines are levied to gain compliance with rules. Commissioners felt this fine structure was appropriate.

HEALTH ISSUES OF FECES

The question has been raised if there are concerns or health issues related to dog feces/waste. According to Mary Rose Corrigan, Health Services Manager shared that feces is a source of disease causing pathogens. Feces can cause an issue for humans and other wild and domestic animals. Feces can have an overall negative impact on stormwater quality.

EDUCATION

It will be imperative that we do our best efforts at education. What we found is that there was already a great misunderstanding of what the current ordinance is. This also comes from newcomers and visitors coming to the community. For our local citizens we can use the press, website and Channel 8, as well as new signage.

NEW SIGNS

Signage would be updated and posted for all parks, open spaces and trails.

PARK AND RECREATION COMMISSION MEETING
Tuesday, June 12, 2012
4:30 p.m., City Council Chambers, Historic Federal Building

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge, Karen Lyness, Evelyn Nadeau and Dave Schlueter

OTHERS PRESENT: Staff present: Marie Ware, Pat Prevenas and Eileen Trimble

MINUTES APPROVED; VOTE: It was moved by Klinge, seconded by Lyness, to approve the minutes of the May 8, 2012, meeting. The motion passed unanimously.

RECREATION DIVISION REPORT: ■ Pool opened Saturday, May 26th except for the water playground at Flora because of a mechanical problem; swim lesson begin Monday. ■ Golf course had the best May since 2000 and best round for the last four years. ■ Summer programs start June 11th. Playgrounds are offered at fourteen sites with four free lunch programs and a new free breakfast at Comiskey. ■ The spring division report was sent to commissioners in agenda packet and may be found as part of the original minutes. There was one big drop in numbers from last year for the weekend open gym program but that was due to the good weather – people were outside instead of inside the gyms. ■ Registration for summer programs began April 11th and 50% of the registration was online, compared to 40% last year. ■ Facility rentals are now online but we still have a few bugs to work out. ■ Mike Denman's official last day of work is July 5th and he is using up vacation right now; Gerry Lange has been appointed Acting Golf Superintendent. The Civil Service test for the position has to be postmarked June 11th.

■ Leisure Services Manager Marie Ware told commissioners that Recreation Division Manager Pat Prevenas gave his formal retirement notice this week, effective the end of August.

PARK DIVISION REPORT: ■ Staff is busy planting flowers and doing general park maintenance. The new hanging flower baskets are up at Bee Branch and Historic Millwork District. Bee Branch has a watering system in the poles. ■ Historic Millwork District has ten planters and the hanging flower baskets with reservoirs which allow staff to water once every two to four days instead of once or twice per day. Our department will be responsible for maintaining baskets plus trash collection. ■ There are 18 people on the certified list for the **Natural Areas and Sustainable Practices Specialist**. We are getting applications now. ■ Manager Ware has reviewed the **Park Division Manager** applications.

MANAGER'S REPORT: ■ Three public meetings were held on site at the **three mini parks**, Creek Wood, Eagle Valley and Westbrook. A notification letter was sent to neighbors inviting them to the meeting so they could see the conceptual plans and we could get their feedback and comments. Creek Wood Park had two conceptual plans and neighbors liked Conceptual Plan A with the playground area. Most of the others had more detail oriented questions regarding lighting, security, et cetera. We hold the public meetings first to get neighbor feedback then take those comments to the designer for changes. We would come back to the neighbors again and if all is ok the plans would go to the Park and Recreation Commission

for approval. Eagle Valley had the highest turnout of neighbors.

- Commissioner Nadeau wanted it on the record that she objects to the development at this time of **Creek Wood** Park since there are other parks that came into the system before this one and it doesn't seem right to jump the line and get this one done first.
- A public meeting was held three weeks ago for the **North End Trail Lighting** project. The project provides lights for the Heritage Trail Extension that starts north of Comiskey Park and goes to 32nd. They will mirror the look of those in the Bee Branch. Letters were mailed to 739 residences in a three or four block radius of the area. There were mostly favorable comments. The City Council will initiate the bidding process for the project at the June 18th council meeting and we hope to complete the project in this calendar year. Commissioner Harris is also the North End Neighborhood President and he said most of the group was happy with the project.

RECEIVE AND FILE PETITION TO ALLOW DOGS IN PARKS:

It was moved by Lyness, seconded by Harris, to receive and file the petition for changing the city ordinance to allow pets in parks. The motion passed unanimously.

CURRENT ORDINANCE AND HISTORY:

Manager Ware shared the current ordinance has been in place since at least 1969 with few changes. In 1953 the Council established an ordinance prohibiting unleashed pets in public areas, including parks.

Commissioner Hoffmann asked if we were talking about dogs only or other animals too. Manager Ware said the Park and Recreation Commission has the right to recommend anything they want to the City Council, but what was presented to them was a petition limited to dogs. Commissioner Harris asked what the ordinance meant by other domestic animals. Ware told commissioner the ordinance says dogs, cats, and other domestic animals so if they want to include other animals it might be a good idea to get some input from Health Services Department. Commissioner Hoffmann said this meeting would focus on dogs.

OTHER INPUT RECEIVED OR REFERRED TO LEISURE SERVICES:

Manager Ware said the department has received letters, e-mails and phone calls that just came in to the office; there was no formal input gathering. The comments and communications from the public are ongoing. All comments are correspondence received by the department through Friday, June 8th were sent to Commissioners as part of the agenda packet and may be found as part of the original minutes.

WEB SURVEY:

Manager Ware told Commissioners since there was no formal gathering of information or request for comments, that we could put a survey on the city website. It would be done through Civic Plus Web Q/A and be very simple. A person could answer simple yes/no questions and then the comments would be compiled. A sample of what the survey might look like on the website was part of the agenda packet. Commissioners could tweak the sample and make specific questions. There would be no fee involved for the department because it would be done through the city website. Manager Ware just wanted commissioners to know the option was available.

Comments: Hoffman said commissioners received a lot of comments both for and against changing the ordinance and there were obviously strong feelings on both sides of the issue. He thinks they have a pretty good handle on the issues and doesn't know if we need a web survey or not. Nadeau thought it would be a good idea to get input from a larger group and maybe ask what they think the solutions are. Klinge said as long as the public understands it is just a survey to get input on people's feelings, not a vote looking for the highest numbers. Schlueter wants to make sure we are concerned about the issue not just the numbers because big numbers one way or the other doesn't solve the issue. Blocker said by the numbers on the "yes" paperwork, there are a lot of people that want pets in the park. Harris felt people who have strong feelings have already made their comments known and probably wouldn't go to website; no need for a survey.

INFORMATION RELATED TO DOGS IN PARKS IN OTHER CITIES:

Manager Ware distributed a handout that compared other large cities in Iowa with regard to pets in parks issue. A copy may be found as part of the original minutes.

- Are dogs allowed in your parks? All the cities asked were yes, except Dubuque. They all had their ordinance just as long as Dubuque had the ordinance prohibiting pets in parks.
- Do you have dog parks available? All were yes except Council Bluffs. Pets are not mentioned in their ordinances because their policy is to allow pets.
- Do you receive a lot of complaints? Some do, some don't. The city with the most issues is West De Moines.
- Do you offer waste bags? Most provided waste bags in the pet parks only, not all the rest of the parks.
- Do you have a leash law? All must be on a leash and many of them allowed a maximum 6' leash. One city did not allow pets within so many feet of a playground. Manager Ware said health officials, community police, park patrol, police, etc. say this would be very difficult to enforce.

Commissioner Klinge asked if there was any record of how many dog incidents there may have been in the past. Ware said they are not recorded very often and there is no way to go back and check. In Fiscal Year 2012 the Health Department had 2,270 animal-related complaints (all animals). In calendar year 2011 there were 124 bites but that included bites on private and public property. According to the American Veterinary Medical Association Dubuque is estimated to have 12,312 dogs. In calendar year 2011 only 6,215 animals were licensed. A lot of people do not license their pets.

Commissioner Klinge asked if there were fines in place now for dogs in parks. Recreation Division Manager Pat Prevenas said he thought it might be around $200 but Manager Ware said police and park patrol usually don't write tickets up for pets in parks, they warn the person.

PUBLIC INPUT REGARDING PETS IN PARKS:

- **James Kress**, 3090 Keokuk Street. I have lived in Dubuque all my life. I am retired, use the park every day and do not want dogs in parks. There will be problems with bites and dog waste – just take a look at the trail at Miller Riverview and A.Y. McDonald parks, the River Walk, Grandview Avenue and in neighborhoods and you will see dogs not on leashes and dog waste all

over. In January 2012 Linwood and Mt. Calvary cemeteries no longer allow dogs on their property due to noncompliance with the rules. There was an article in a Nebraska newspaper just the other day that listed five dog bites in parks in ten days and in three of those cases neither the dog nor owner could be located so the victims had to go through series of shots. When I Googled dog bites in city parks on the Internet there were 24,700,000 articles. If you can keep one child from getting bitten in city parks you will be doing a good job. Keep parks safe and do not allow dogs in parks.

- **Sandy Kohn**, 2491 Northstar Drive in Embassy West. I have a corner lot and I do not have to pick up dog waste; my neighbors are responsible and clean up after their dogs. I have had a dog my entire life and I enjoy socializing with my dog. If you take the dog to the Pet Park it is different. I am asking to take the dog with the family on outings and socialize – it's good for the dog too. I walk along Bergfeld pond/trail and on the floodwall and there is some waste but it's not bad. Pet owners are taxpayers too and they just want a chance to take dog to family outings in the park and socialize with their families. Maybe you could start out small and if don't want to allow in all parks, at least allow dogs in some. Please don't penalize all dog owners because of the ones that aren't responsible.
- **Lisa Johnson**, 206 Southgate Drive. I have lived in Dubuque since 1985 and I want to go in to Murphy Park when I'm walking on South Grandview Avenue. I always clean up after my dog and even carry extra bags with me. I take my dog to training classes. You could charge a hefty fine for those dogs not on leashes and for not picking up dog waste. I'm asking that you allow dogs in at least one or two parks as a trial and develop another bigger area for another dog park. I support hefty fines for those that don't have dogs on a leash and don't pick up after their dog.
- **Chris Piper**, 2820 Burlington Street. I am a lifelong Dubuquer and am not a dog owner. I was bitten as a child by a nice dog. I am at Eagle Point Park all the time and when I go to the park I don't want to see, feel, touch, hear or smell dogs. It would be ok in smaller neighborhoods or limit the areas but not in bigger parks, especially Friday through Sunday. If you were going to allow dogs in the parks, limit to certain hours and only on Monday through Thursday. Please do not allow dogs in the bigger parks, especially Eagle Point where you pay to get into the park and rent pavilions.
- **Jennifer Tigges**, 4927 Wildflower Drive. You should have a copy of the letter I sent to Marie. I live, own a home, pay taxes and run a business in the city. I am in favor of changing the ordinance to allow dogs in city parks. State parks allow dogs on leashes not to exceed 6' in length. This is exactly what should be allowed in Dubuque parks. It is a quality of life issue for our family, or fur children as I call them. Part of quality of life is retention of our young people and recruitment of young professions to our city. Some small things that help are attractive outdoor spaces and places to foster emotional connections with other people of a similar age. Dubuque is growing. We must be known as a pet friendly city and this includes city parks. The economic value of Dubuque Convention and Visitors' Bureau securing the national Dock dogs competition the next five years is expected to bring $1.5 million to Dubuque. We need to show this national group that we are a pet friendly community and city. The new public boat slips will be bringing visitors and tourists with their pets. We need this tourism for our economic development. We will soon have three new neighborhood parks that we talked about earlier. We must be known as a pet friendly city and community.

Greater Dubuque Development Corporation has shown us that Dubuque can grow and change. We have won numerous awards for our recruitment of businesses and employees. We have proven as a city that change is good. We can change and we can make this work for all. We must change the current ordinance and allow Dubuque to be known as a pet friendly city with dogs allowed on leashes in city parks. There are currently 1,105 signatures to the online petition in favor of allowing dogs in our parks and they were gathered during a two-week window. If you do a web survey, those that don't have Internet access should be given a chance to participate with some type of paper survey or through the Library.

COMMISSION DISCUSSION:

Commissioner Hoffmann told those present that they were welcome to stay and listen to discussion since it was a public meeting but no recommendation may be reached tonight and the City Council will be the body that decides whether to change the ordinance or not; what the Commission comes to is not binding.

Manager Ware informed commissioners that with an ordinance change the City Council has to enact three readings. Also, when she talked to the legal department about how the ordinance was written, it became apparent that we will need to do some clean-up of the ordinance language.

Harris: I am not totally opposed to the idea of dogs in parks but dogs will act differently when large groups of people are around. Maybe we could allow dogs in some of the neighborhood parks, but not the showcase parks. They would need to be on a leash and charge hefty fines if they aren't. It would be hard to enforce. We have 52 parks so we would need to pick which ones to allow dogs in and which ones not.

Schlueter: I am a lifelong dog owner and I would like to see some kind of compromise. I would not allow dogs in all of the parks, especially not Arboretum and Eagle Point until we see how it goes; scale down and allow in some parks. I am not opposed to Flora and Murphy to see how it goes. The problem is the ones that are not responsible. The potential for bites is scary but I would like to find a compromise. We need to put people first as much as we love our pets; safety first. Maybe have a trial period for one full year to base a decision on. Accumulate data to decide if it's a good idea or not. Some people are afraid of dogs but it doesn't seem fair to keep dogs out because of some people. I would like to try allowing dogs in certain areas on a leash with 6' length limit and police or patrol would need to ticket offenders.

Nadeau: I am a dog owner but as a parent I am afraid of unleashed dogs, but you can't make rules based on people that aren't responsible or respectful. I feel the Arboretum and Eagle Point should not have dogs. The Arboretum is a labor of love and taken care of by volunteers. Eagle Point could maybe allow dogs in certain area. I support hefty fines like $500 for not having dog on a leash and $100 for not picking up your dog's waste. I would agree with a trial period and feel there are ways to make it possible for all to enjoy the parks.

Hoffmann: I own two dogs that are well cared for and have gone to training classes but no matter what I do the one dog snaps at other dogs all the time. Dogs have become more popular in the last twenty years and people are getting more and more attached to their dogs. The Des Moines Register is running

articles on the detriment of having pets in parks. The last article had an interview with a State Farm Insurance agent and he said liability for dog bites is up 48% from last year. He thinks some cities will move away from having dogs in parks; children are attacked the most. My sister was attacked by a dog when she was young. I don't see a need to have pets in parks but after listening to everybody here tonight, maybe we can have an area to try. I think we must protect the population but also respect dog owners' desire to walk dogs in certain designated areas.

Blocker: When you look at the number of large cities in Iowa, Dubuque is the only one with an absolute ban on dogs in parks. I think the large number of names on the petition weights heavily. I think we should vote yes to change the ordinance but allow dogs in all parks on a leash, across the board on a trial basis. Setting only designated areas in only certain parks would be very confusing to people. I don't think we really need a web survey. There is a risk involved in allowing dogs in parks but you can't remove risk from life.

Lyness: I own two dogs so I see both sides of the issue. I would like to see dogs allowed on a 6' leash in designated parks except the Arboretum. I think pet owners have become more responsible in the last couple years which is evidenced by the fact that a lot of hotels now allow pets. I think waste bags should be provided in parks where dogs are allowed because people seem to use them if they are there. There should be some kind of compromise.

Klinge: I love dogs and have dogs of my own but dogs are unpredictable no matter how well trained they are and I'm worked about the safety of the kids in the parks if dogs are allowed. I would be in favor of a trial at some parks but not the Arboretum, Eagle Point, Murphy, the showcase parks. When I walk on Grandview there is waste around. If you set fines how would it be enforced? If you allow dogs then you would need to provide waste bags. I would not want dogs in the parks when there are a lot of people around because he is leery of what could happen. I think there is a lot more we need to talk about and maybe we shouldn't make a recommendation tonight.

Mr. Hoffmann said we need to work on a compromise. He asked that everyone come to the July meeting with their own ides/suggestions for a compromise and we can see if there is a trend in one direction or the other and then go from there. Mr. Blocker said it's a complex issue and there are going to be winners and losers. We don't want to go off half cocked and try and do anything in a big hurry without careful consideration. Ms. Lyness like's Hoffmann's idea of everyone bringing their ideas to the next meeting. Mr. Schlueter said we should come to the next meeting with some proposal but he doesn't want to be putting the issue off. He is hearing that some commissioners are kind of agreeable to a compromise so if they each bring their proposal in July, hopefully a recommendation can be decided. Mr. Klinge felt it will take more than one meeting to come up with a good recommendation to the City Council.

OTHER BUSINESS:

- Commissioner Blocker said he was asked about why there was no boat ramp access available for boaters during the **Catfish Festival** at A.Y. McDonald Park. He said there should be something on the news if the ramp is going to be closed, or it should not be closed. Commissioner Klinge said there are a

couple other ramps boaters could go to. Ware said the Catfish Festival has been getting bigger and bigger each year. Next year when they request their special event permit we will need to tell them.

- Blocker said he was walking in the **Port of Dubuque** and the new marina operation looks like it will be first class, and do we know opening date yet. He asked if there would be any free boat parking for a couple hours. Blocker recommends having some two-hour free boat parking spots.
- **Marina**: Manager Ware said there is no opening date. It is still a construction site and it belongs to the contractor. The boat slips are essentially done so people are using them as courtesy docks even though other areas are not done. The project is funded by federal grants and the marina operation cannot generate revenue until the grant is totally closed out. In order for that to happen, everything has to be finished.
- **MFC**. Commissioner Nadeau said she has been hearing from the Latino community that the person hired for the MFC was not required to speak Spanish. She is concerned that nobody will be able to communicate with the Spanish speaking community. Manager Ware said we have the applications for the Site Supervisor but have not begun the interview process. Speaking Spanish was not a requirement when the job was posted but it was listed as "preferred." There will be a review of the applicant pool and qualifications and look for the best skill set possible for the job the person will be doing.
- Commissioner Harris asked if it would be appropriate for us to have a public hearing regarding the pets in parks issue. Ware said commissioners could do that if they wanted to. The Commissioners would come up with a proposal and then have public hearing before the August meeting.
- Commissioner Hoffmann said this would be his last meeting as Chair and he wanted to thank commissioners for good attendance. He always encourages moving the meetings along and not dragging them out – stay focused.

ADJOURN; VOTE: It was moved by Schlueter, seconded by Klinge, that the meeting be adjourned at 6:30 p.m. The motion passed unanimously.

Chairperson

Attest

PARK AND RECREATION COMMISSION MEETING
Tuesday, July 10, 2012
4:30 p.m., City Council Chambers, Historic Federal Building

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge and Dave Schlueter

OTHERS: Staff present: Marie Ware, Pat Prevenas and Jolene Rettenberger. Twenty-two (22) people present in the chambers for public comment(s).

ADMINISTER OATH OF OFFICE AND SIGN PAPER FOR RE-APPOINTED COMMISSIONER BOB BLOCKER: At the start of our meeting (4:35 p.m.), Leisure Services Manager Marie Ware shared the Oath of Office paperwork with Paul Hoffmann to administer to our re-appointed commissioner, Bob Blocker. We welcome Bob Blocker to his extended term on the Park and Recreation Commission.

MINUTES APPROVED; VOTE: It was moved by Blocker, seconded by Harris, to approve the minutes of the June 12, 2012, meeting. The motion passed unanimously.

PUBLIC COMMENT (limited to three minutes per person): Prior to the start of public comments, Commissioner Hoffmann reminded the public speakers to address the commission by stating their name and address, as well as writing down that information for minutes. A time limit of three minutes per person was granted.

Kate Lydon, 123 Bluff Street. Moved to Dubuque three years ago. She is surprised and disappointed that no dogs are allowed in the parks. She addressed the chambers asking how many people were here to support dogs in the parks in which several people raised their hands. She has 1,677 signed supporters who are in favor of having dogs in the parks. She will continue to gather more supporters.

Nancy Winning, 2380 Trygg Drive. Has lived in Dubuque for four years. Has also lived in five states and eight cities. Dubuque is the only place that no dogs (leashed) are allowed in the parks. She is not aware of any problems with dogs in the park in the past. She sees dogs along the river walk and doesn't see any problems with people and/or dog waste. She wants to go to the park with her dog and sit and read a book. She commented on how the parks are not full with people during the week. Stated when she was at Murphy Park the other day, no one was at the park.

Robin McFarland, 390 Alpine Street. Moved to Dubuque last year (business owner). She travels a lot. She has not come across a place to walk her dog. She feels that having a discussion about limiting pets in the parks would be a mistake, especially for the tourists. This is not a good way to do business. In her opinion, responsible people will enjoy this; no enormous increases with problems.

continued

Terry Leibold, 2530 Millstone Drive. Has worked for the City of Dubuque as a park ranger and park employee for the past twenty-eight years. He has been a dog owner for thirteen years. In his opinion, NO dogs in parks due to safety reasons. It's not a good idea to mix people and dogs. No clean-up. Dogs are already allowed in certain places in Dubuque already, plus there will be an additional Pet Park opening along South Locust in the near future. His wife is very much afraid of dogs and will stand/walk behind him. He sees people carrying leashes in their hands and the dogs freely walking/running through the park. He would have no problem in getting petition signatures showing the amount of people who are not in favor of having pets in the parks. How do you think the IBM employees would feel about eating their lunch at Washington Park and having a dog do their duty while eating lunch? If we honor this, we should have certain rules and specific areas with dogs on leashes (not retractable leashes, 6' leashes). Have a 3-strike rule in effect – if you get caught twice, the third time you are banned. Terry also stated that as he served as a park ranger, if tourists came into the park with their dog, he talked with the pet owner to let them know about no pets in the parks, but as long as they were there, he didn't see any harm in the dog being allowed to come into the park and then back to their vehicle.

James Menson, 890 Rush Street. James stated that he is a responsible pet owner. He has a trained dog. He feels that the rules assume that people at the park are not responsible. His trained dog will always be on a leash. He considers his dog as a member of his family. Are people going to be responsible for their dog? There should be penalties if they are not responsible. He wants to be able to take his dog with his family to the park, but for the time being, he has to decide if taking the family members or his dog only (limited on where they can all go). Dubuque is a fast growing city. We need a system in place to monitor this.

Kathryn Hartman, 535 Candlewick Court. Has been a nurse for forty-one years; now retired. During her nursing years, it was her job to go on home visits. She has observed pet owners who love their pets and they treat them like family members. However, pets are unpredictable – their nature is to protect their owners and their territory. There are plenty of non-responsible pet owners. She was raised on a farm. During the last four weeks in her neighborhood, she has had to cleanup dog poop left on her lawn. She has noticed some people carrying a doggie bag to "look good". She commented on what a pleasure it is to take people to the park with having no fear of pets or the smell of pets. She commends the City of Dubuque for limited pets in the parks. Why are we willing to take on the liability?

William Kaiser, 3556 Keymont Drive. Against dogs. He walks everyday for about 1½ hours at Eagle Point Park. Sees a lot of dogs (leashed and

continued

unleashed) in the park before operating park hours, as well as dog waste left behind. He has also witnessed responsible dog owners drop their poop bags on the ground. He has talked with park maintenance employees and they are not in favor of dogs in the parks. Park employee comments have been "if you think it's bad now, I'm afraid to think what it will be like if dogs are allowed." If you're having a family gathering at the park, do you want to listen to dogs barking? We have a lot of wildlife in the parks (ducks/fox/deer/et cetera). It will take one severe dog bite… Parks are for people, not for pets.

Wanda Dossey, 901 Lincoln Avenue. Has been a Dubuque resident for sixteen years. It's a fact of life that we have responsible and irresponsible people in every factor of life. She is in favor of dogs in the parks. She has enrolled in American Kennel Club Obedience classes with her dog. It would be nice for people and their dogs to be able to take in the local sites (tourists) and enjoy the city. The dock dogs bring in an economic boost to the community. More people are traveling with their dogs. Look at the health benefits – keep walking and exercising. Do we have certain rules for motorcycles/motorcyclists that break the laws?

Paula Martens, no address listed. She is a responsible pet owner. When her dog is at their home, the dog is leashed in her own yard. She often stands over her dog while he's in the yard. What makes not other loose dogs from coming into her yard and attacking her dog? What do other cities do? Give it a chance.

Ryan Larson. Has a binder with handwritten petitions he shared with the Park and Recreation Commission. He owns a pit bull. He's a responsible pet owner. There are dog training facilities available in Dubuque. Penalize people if they are not responsible for picking up dog waste.

Jim Kress, 3090 Keokuk Court. Jim shared a typed note with the Park and Recreation Commission. About 1½ hours ago there was a volunteer at the Dubuque Arboretum who shared a story with him. The people were down in the Port of Dubuque (near the flood gates) when a pit bull ran out with his leash tied to a folding chair. The couple was fearful and ran back to their car. This is a safety issue – there are going to be lawsuits galore! We have to protect our children from the dogs. Who will enforce the leash ordinance since the park rangers don't come on duty until 4:00 p.m.? We have a tight budget. Don't allow dogs in the parks due to the safety of our children first. Dubuque received an award for an "All-America City".

John Betko, 1263 Jackson Street. Has lived in Dubuque for fourteen years. An "All-America City" has rights for everyone. He pays dog license tax. How can you say you can't go to any parks? Why is this a problem? Pit bulls…are

continued

they going to kill you, really? Enforce the laws that we have. Can't take your dog anywhere. Give us more options – people will be responsible.

Kim Daykin, 275 Southgate Drive. Kim is a former Park and Recreation Commissioner of 15 years. Is the owner of a Dalmatian. She has been all over the parks areas (Swiss Valley, Mines of Spain, et cetera) and has witnessed that most people do not have their dogs on a leash. Her dog has been attacked by other dogs. Mess all over – you'll step in dog poop. This will be a problem in the parks. People say that their dog is so nice and won't hurt anyone, but her dog will hurt them. Has a suggestion - if we allow dogs in the parks, limit the parks – not in Eagle Point, Murphy or Flora parks (if a tourist, OK as stated by Terry Leibold's comments above). Limit the times and parks for pets. Have an extra park ranger to enforce the rules and impose hefty fines.

Donald Koepke, 434 Emmett Street. New resident to Dubuque; moved two months ago from Milwaukee, Wisconsin. Moved to Dubuque due to the low unemployment rate. Surprised with the restrictions we have on dogs in the parks.

Sandy Kohn, 2194 North Star Drive. Owner of two mixed labs that she takes on walks. Doesn't go to the Pet Park because she sees the dog owners congregating around and the dogs have the run of the place. Eagle Point Park is a great place to go. She has noticed people dropping their dog waste bags on the ground, but they return back to pick them up as they walk back on their route. Give us a fair chance; nothing is 100% in life. Just give us a chance.

ELECT OFFICERS; VOTE:

It was moved by Schlueter, seconded by Klinge, to elect Bob Blocker as Chairperson, elect David Schlueter as Vice-Chairperson, and elect Chuck Harris as Secretary. All motions passed unanimously.

COMMISSIONERS PRESENT AND DISCUSS THEIR INDIVIDUAL PROPOSALS REGARDING DOGS IN PARKS AND LEISURE SERVICES AREAS:

At this part of the meeting, Commissioner Blocker took over as Chairperson. Below are statements from our commissioners about their proposals for dogs in the parks:

Commissioner Harris. Proposal is simple, but not. He has heard from people what they are saying. Allow dogs in all parks except for Eagle Point, Dubuque Arboretum and Botanical Gardens, Murphy, Washington, Jackson and Comiskey. Commissioner Harris lives across the street from Comiskey Park and owns two dogs. He feels that it would be too hard to enforce this since our personnel has enough work on their plates. We either do all parks, or no parks. He also added that if there is an issue in the neighborhood about dogs

continued

in the parks, add that park to the list for no pets allowed at all. Make the fine a minimum of $750, keep the leash at 6' and cleanup after your pet(s). We need to encourage responsibility.

Commissioner Schlueter. He proposals to look at the ordinance and make changes. Dave distributed copies of his amendments to 10-5B-4 as follows: A) Add the following: exception being the designated Pet Park(s); B) Revise: Leashed dogs and cats allowed in all parks and areas except the following: Eagle Point Park, Marshall Park (Dubuque Arboretum and Botanical Gardens), Louis Murphy Park and the Riverwalk by the Grand Harbor Resort/Grand River Center/Alliant Amphitheater. This will be on a one year trial period, with the City reserving the right to revoke said revision or alter. Leashes or tie outs must not be longer than 6' in length (not extend-a-leads) and owners are responsible for feces cleanup with proper disposal in an appropriate receptacle. Fines for violation of leash or feces are $200 per violation and will be administered by the park patrol and/or Dubuque Police Department; C) Delete as redundant.

Commissioner Hoffmann. He feels if people take dogs to the park, we should increase the park fees. If fines, add extra park ranger to staff and work longer hours. Have dog owners pay an extra fee ($35 or $50) for a tag for the dog to cover the costs. At Eagle Point, Flora and Murphy parks, set time limits – out by 9:00 a.m. He is concerned about the safety of the children. Possibly make an exception on the weekend during the America's River Festival when the Dock Dogs are in town. Send out *News Releases* during the times that pets are allowed in the parks.

Commissioner Klinge. He has received several telephone calls and letters regarding this topic. He spent five nights camping over the July 4th holiday at the Miller Riverview Campground. He doesn't take his dog to the parks because parks are for people. Not too long ago he went for a walk through Murphy Park and introduced himself to park patrons and brought up the issue about dogs in the parks. In doing so, he stated that most people are against the idea especially at Murphy, Flora and Eagle Point parks and the Dubuque Arboretum. Let's have a trial period. He is afraid and would feel terrible if someone gets mauled by a dog(s). He has gone on several walks throughout the city (along Grandview Avenue, Asbury Road and Carter Road) and has come across dog waste and waste bags. Keep it as is.

Commissioner Blocker. Both sides have argued their case. I don't think we can make rules and regulate them. Parks belong to us, the people. Let's compromise – dogs on 6' leashes, but not in the Arboretum. Have a trial period of 1-2 years. Take this to City Council. The thing is responsibility. He feels a fine of $750 is too high.

continued

With the absence of **Commissioner Evelyn Nadeau**, Commissioner Blocker shared her email with everyone. "Pets on a 6' leash accompanied by someone age 14 or older are allowed in city parks with the exceptions/limitations listed below:

Within the parks where they are allowed, pets may not be in playground areas, in areas where food is consumed such as picnic tables unless the pet belongs to those picnicking, and are not allowed in areas where sporting activities take place, such as athletic fields, skate areas, pools, disc golf courses and the like. All pets must be fully licensed and immunized with current tags, and pet owners are responsible for cleaning up after their animals. The exceptions/limitations are as follows:

Eagle Point Park – not allowed with the exception of the Trolley Line Trail and in the rest of the park only during open hours before 9:00 a.m. and after 9:00 p.m.

Marshall Park – not allowed in the Arboretum.

Fines for pets off leash (other than the Pet Park) up to $1,000 (I originally stated $500 and $300, but since the current Pet Park rules say up to $750 for not picking up, I upped the ante). Fine for dog waste not picked up at $750."

With the absence of **Commissioner Karen Lyness**, no report given.

Leisure Services Manager Marie Ware also shared with the commissioners to be thinking not only about dogs in parks, but trails, too. We have several trails in Dubuque (N.W. Arterial, North End Neighborhood, Mississippi Riverwalk and the Trolley Line Trail). We need to be specific about trails.

In the conversation about dogs on trails, Commissioner Harris agreed to allow all pets on all trails; Commissioner Schlueter agreed to all trails except for the Mississippi Riverwalk as stated above; Commissioner Hoffmann agreed with Schlueter stating it's not a good mix to have dogs and well-dressed people along the Riverwalk, especially since the Port of Dubuque is a highly used pedestrian area, and Commissioner Blocker shared that both sides to story and we need to compromise.

At this time, a gentleman from the chambers asked about a trial period. If we get one dog bite incident, cancel the trial period. Another person stated that we are taking the freedom away from the people. How do other cities do it? Why can't Dubuque figure it out? A lady shared that there is a website that shows dog bite statistics. Another lady asked if someone gets bit, who is liable

continued

for the dog bite? This is a legal issue.

Leisure Services Manager Marie Ware spoke and stated that we need a recommendation to be given to the City Council. Since there are so many versions, what is your recommendation as a commission? We need time to take this issue to staff for review. Since this would be an ordinance change, we need to get feedback from various departments. Time is needed for discussion.

Commissioner Hoffmann asked about scheduling a Workshop Session. At the Workshop Session, the general public can be in attendance, but will not be able to speak. We need to hear comments and have some feedback from commission members. We need to have a consensus from the Park and Recreation Commission. It will need review with the park patrol, COPS, Health Services, et cetera. I feel a Workshop Session is appropriate.

Commissioner Klinge asked how long the ordinance has been in effect – dates back to 1968. Commissioner Blocker's gut feelings are for this issue to not take place until the next season since we are half-way through the year now. Leisure Services Manager Marie Ware stated that this will take some time.

Leisure Services Manager Marie Ware stated that we either need to have a special meeting, put this item on the Park and Recreation Commission August agenda or schedule a Work Session before/after our commission meeting.

Commissioner Blocker shared that we can discuss this at the next meeting. Commissioner Hoffmann suggested to have a Work Session only. Commissioner Schlueter agreed with Hoffmann and said to have the Work Session scheduled soon. It was also stated to have the typed minutes of this meeting available this week so plenty of time is given to read and review the minutes prior to the scheduled Work Session on Tuesday, July 24th at 5:00 p.m. at the City Council Chambers, 2nd floor of the Historic Federal Building (if chambers are available). The meeting notice will be released to the media and again the public is invited to attend, but no public comments will be allowed during the Work Session.

Prior to ending this conversation, a lady in the chambers asked where does the money go to that are from the licensing of our dogs? Why can't we use this money for the different waste stations located in the parks and hiring staff to enforce the rules?

DISCUSS GOLF OUTING RATES:

Recreation Division Manager Pat Prevenas distributed a copy of the Bunker Hill Golf Course Outings proposal to all commissioners. Under the current policy, which was adopted in March of 2005, it reads that Golf Outings may be scheduled on weekdays before noon throughout the season, and weekends

continued

after 1:00 p.m. and any time in September and October. Eighteen hole rates for shotgun start during the above times include the following: 144 player minimum – league fee of $12.75; 120 player minimum – weekday 9-hole fee of $12.75; 100 player minimum – weekend 9-hole fee of $14.25 or less than 100 players – senior fee of $15. Requests for golf outings have become more numerous since 2005 and there is less competition between the golf courses to attract outings so the reduced rates are unnecessary. We also now have the ability to start outings earlier than 1:00 p.m. on the weekends because of fewer permanent tee times in the mornings which provides us greater scheduling flexibility.

To assist the Pro Shop staff with a less complicated pay rate schedule, it has been suggested that we consider the following for the 2013 season: 120 player minimum – senior fee of $15 or 80 player minimum – weekday 18 hole fee of $19. Outings with less than 80 players that do not require a shotgun start will be negotiated individually via the Golf Pro with the approval of the Leisure Services Department staff.

RECREATION DIVISION REPORT:

Recreation Division Manager Pat Prevenas shared the following recreation issues: ◆ According to the National Golf Foundation, golf rounds are nationally up 15-16% due to the weather; up 18% in the Midwest, but up 20% here at the Bunker Hill Golf Course. This is the best June Bunker Hill Golf Course has had in 11 years – year-to-date through June up 23%. ◆ FY12 golf ended with a surplus of $29,000. ◆ An all-time monthly record was set at Flora Pool with 37,000 swimmers. We have had the second highest monthly record at Sutton Pool with 19,900 swimmers. No single, daily records were set. ◆ The extreme heat has impacted the attendance to some of our programs (tennis, playground, baseball, softball). ◆ Online registration for activities has maintained 50% usage.

PARK DIVISION REPORT:

Leisure Services Manager Marie Ware spoke about the following park issues: ◆ We continue to water flower baskets and beds. Many thanks to all employees for all of their hard work in the extreme heat. ◆ The Miller Riverview Campground has been busy. ◆ Mowing weeds rather than lawns due to the extreme heat and dryness . ◆ Some of the flower baskets and beds look better than others. The self-water system with the flowering baskets is working out well. ◆ Bids were received for the North End Neighborhood Trail. We received a favorable low bidder below what the engineers estimated. ◆ Commissioner Hoffmann asked a question about the status of the house that was up for sale on South Grandview Avenue, outside of Murphy Park. Leisure Services Manager Marie Ware is looking into options related to moving the house or deconstruction. If the house gets demolished, we will have an open lot until plans are in place and money is budgeted as a CIP. ◆ Commissioner

continued

Blocker was very pleased as to how well the Miller Riverview Campground is being managed and handled. Blocker had a reservation at the campground during the July 4th holiday. Blocker asked why we do not have a hard-surfaced handicap camping site? According to the campground map, there is a handicap site available and the campground managers keep this area open for any handicap camper that needs it. Leisure Services Manager Marie Ware shared with the commissioners that the project of hard surfacing sites had been placed in the budget. With the new CIP's, they did get some money to hard-surface a few camping sites.

OTHER BUSINESS:

Commissioner Blocker asked about the status of the Port of Dubuque Marina and when that will become officially open. The new boat slips are beautiful, but there is no fuel, no rest rooms, et cetera. Since we have spent $5 million+ on the marina, why and/or when will we open? Leisure Services Manager Marie Ware explained to the commissioners that since the City received a $4 million grant, with the grant monies we cannot exchange money until the grant is completely closed due to the construction. When this becomes an acceptable project through the City Council, then you need to add 30 days for retainage and all things gathered and send to the grantee for final approval. The City of Dubuque has to follow the rules *unless* we want to pay for the entire project. The marina has docks as a courtesy currently.

ADJOURN; VOTE:

It was moved by Hoffmann, seconded by Klinge, that the meeting be adjourned at 6:24 p.m. The motion passed unanimously.

Chairperson

Attest

PARK AND RECREATION COMMISSION WORK SESSION
Tuesday, July 24, 2012
5:00 p.m., City Council Chambers, Historic Federal Building

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge, Karen Lyness, Evelyn Nadeau and Dave Schlueter

OTHERS PRESENT: Staff present: Marie Ware, Pat Prevenas and Eileen Trimble

Meeting began at 5:00 p.m.

INFORMATION FROM LEISURE SERVICES MANAGER: Leisure Services Manager Ware said she checked with the Legal Department on questions that had come up in previous meetings.

Fines: There is no specific fee or fine structure defined within the Park and Recreation section of the Code of Ordinances. This means it becomes a municipal infraction which would be a minimum $50 fine + court costs + corrective action. The city goes by rates set by the state for municipal infractions: 1st offense is anywhere from $50 to $750; 2nd offense is up to $1,000 + court costs and corrective action; and 3rd offense is contempt of court with possible jail time. Pet waste not cleaned up by the owner falls under unlawful deposit under the littering ordinance and that fine structure would be the same. This is the fine structure unless commissioners wanted to define a specific fine structure that would be for parks only. The Assistant City Attorney shared fines are levied to gain compliance with rules.

Liability: Ms. Ware asked the city Legal Department if the city would be open to liability if the ordinance was changed for pets to be allowed in parks and someone was bitten or attacked by a dog. She was told that if there are usage regulations in place, in other words if dogs are allowed in parks, the **city** would not be at risk for any greater liability; the liability would fall on the pet owner. **Commissioners** would not personally be open to liability because they fall under the umbrella of the city and would not be liable unless they had willful, malicious intent.

From department view: Iowa's other large cities have pets in parks and they get calls with concerns. If we change the ordinance the department will get the calls from people that didn't want the ordinance changed - they will expect workers to go clean up dog waste right away and tickets to be issued. Other Park and Recreation professionals would say they wished their city had it our way. Park staff is concerned about opening up parks to pets because some parks are bad now even though pets are not supposed to be there. If the ordinance is changed, and pets are allowed in parks, department staff will not clean up pet waste calls that come in; there is not the staff available for that duty.
• ***Compromise:*** If she was going to offer a compromise that hasn't been shared she would suggest allowing pets on only trails first to see how it goes. We have had people say they will police dog waste and help clean up other dog's waste. This is typically shortlived. • ***Limit to certain areas of parks:*** does not think allowing pets in only certain areas will work because people tend not to read

signs and it is more confusing. • ***Only certain parks:*** It has been said that a lot of people visit certain parks so let's not allow pets in those parks. The problem there is that those are the parks pet owners really want to go with their pets and families. • ***Leash:*** If you recommend allowing pets, Ware would suggest a maximum 6' leash, no retractables. • ***Getting hurt:*** Ware doesn't want to see anyone get hurt. People visit parks every day. There is inherent risk in participating in parks and recreation.

Ms. Ware said she observed people with pets on the Riverwalk - dogs running free; people holding leash in hand while dog ran ahead; a pile of dog waste in the middle of the Riverwalk, etc. as well as responsible pet owners. Ms. Ware thinks you have to be all in or all out with limited exceptions. The more exceptions you put on the rules, the harder it is for the public to follow and understand and the harder to explain. Whatever is decided, education of the public and consistent signage at all areas is important.

COMMISSIONER COMMENTS:

Commissioner **Blocker** said it looks like Dubuque is the odd man out in relation to other cities because their ordinances allow pets in parks and ours does not. He feels pets should be allowed in every park except Arboretum/ Marshall Park with a maximum 6' leash.

Commissioner **Schlueter** asked if there was anybody that wanted the ordinance to stay as it is currently written, and Hoffmann and Klinge both said yes. In regard to the suggestion about starting with trails only, he feels people already have trails now because they are not really addressed in the current ordinance - they are like a nondefined area.

Commissioner **Harris** thinks pets should be allowed in all parks except Eagle Point, Arboretum/Marshall, Comiskey, Jackson, Murphy and Washington. He is open to changing that but feels strongest about no pets in Eagle Point and Marshall/Arboretum. Maybe we could add Eagle Point in the future after some kind of trial period after we see how it goes.

Commissioner **Lyness** agrees with allowing pets in all parks except Arboretum/ Marshall Park but we should provide baggies and charge 25 cents per bag. There will be a cost but we are going to pay for new signs regardless of what we do. Pets should be on leashes with a maximum 6' length and we would need to educate the public on fines.

Commissioner **Blocker** said Eagle Point is the most popular park so that is where most people will want to go. He thinks pets should be allowed in all parks except the Arboretum/Marshall.

Commissioner **Nadeau** said originally she had thought to exclude pets from Eagle Point but now sees the value of consistency and thinks they should be allowed in all except Arboretum/Marshall Park. She is wondering if we should set some kind of age restriction for the person holding the pet's leash – she wouldn't want to see a 7 year-old holding a lease, for example.

Commissioner **Schlueter** said why don't we take a consensus on the parks that have been mentioned the most – Comiskey, Jackson, Eagle Point, Washington, Arboretum/Marshall, Murphy, Riverwalk and Flora. The consensus seemed to be to allow pets in all parks except the Arboretum/ Marshall Park and Eagle Point.

FURTHER DISCUSSION:

Commissioner **Hoffmann** said he was originally for some kind of compromise but after the last meeting he changed his mind. He is hearing more and more against allowing pets in parks. He was at a meeting the other day with 50 people and all 50 were against changing the ordinance to allow pets in parks. Commissioner **Harris** said he has experienced the opposite – he was at a meeting where over half the people were for changing the ordinance.

Mr. **Hoffmann** said he is not hearing any answers to the questions about who cleans up after irresponsible pet owners. Who will enforce the new ordinance and write tickets - the park patrol does not start until later in the day? Who is liable if the pet owner has no insurance and their pet bites or attacks someone in the parks? How do you collect fines if they have no money?
Mr. **Harris** said the city has general liability now if somebody goes into the park and gets injured on a piece of play equipment. Are there lawsuits out there now because of dog bites or dog -attacks in parks? How will be it any different than walking up and down a city street where dogs are? Mr. **Blocker** said if other cities don't like the ordinance, why haven't they rescinded it? Ms. **Lyness** said Mr. Harris was right on the liability, there are hazards everywhere. Ms. **Nadeau** said there are a lot of people that want the change. It would be wonderful if we could respond with a trial of two years and say "let's try it and see how it goes," then revisit. Mr. **Schlueter** feels pets should be allowed in all parks, trails, etc. except Eagle Point Park and the Arboretum/Marshall Park with a maximum 6' leash, no retractable.

Ms. **Nadeau** said we should give some kind of criteria of why pets are allowed in some parks and not in others. Mr. **Harris** said Eagle Point has some really large events including wedding receptions that are planned 23 months in advance.
Mr. **Schlueter** said the Arboretum is taken care of totally by volunteers and they put in a lot of hard work taking care of all the flowers and plants.

COMMISSIONER SCHLUETER PROPOSAL:

Mr. Schlueter proposes to change the current ordinance 10-5B-4 as follows:

A: Unleashed Animals Prohibited: No person shall be permitted to bring into any park, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animals to run at large in any park. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment. **Change to: Unleashed animals are allowed in designated pet parks.**

B: Leashed Dogs and Cats Allowed in Certain Parks and Areas: Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following: Granger Creek Nature Trail, John G. Bergfeld Recreation Area, Medical Associates Greenbelt Park, and Miller Riverview Park. **Change to: Leashed pets shall be allowed in all parks and on all trails and walkways except Eagle Point Park and the Arboretum/**

Marshall Park, on a maximum 6' leash (no retractables). Owners are responsible for their pets while in the parks, including behavior and unlawful deposits.

C: Unleashed Pets Allowed in Pet Park: Unleashed pets shall be permitted in the pet park. **Could be dropped since unleashed pets in pet park would be covered in new A.**

DISCUSSION

Nadeau thinks there is a value to a test period – it lets people know we are listening. **Hoffmann** asked about enforcement and financial aspect to changing ordinance. **Lyness** said there needs to be a time period to see how it goes. **Schlueter** said there is currently no enforcement and there are pets in all these parks now even though they are not supposed to be there. It will come down to the City Council making the decision. He does not want to see citizens going up to other citizens to try and enforce. **Klinge** said we need to recommend something as a commission and the City Council will have to make the decision. **Blocker** is open to a trial period.

SPECIAL GATED AREAS AND/OR AREAS WITHIN A PARK:

Manager Ware said we need to think about areas like McAleece – a gated facility; Flora Pool is a gated facility within a park. We have to call these types of areas out and specify.

Ms. **Nadeau** asked if we could go back to her original proposal and include the part which said pets should not be allowed in playground areas; areas where food is consumed such as picnic tables unless the pet belongs to those picnicking; areas where sporting activities take place, such as athletic fields, skate areas; pools, disc golf courses and the like.

Ms. Ware said we will work on what the commission has said tonight and create a draft, and she will take to other city departments and ask about their concerns because this issue crosses over into other departments like Police and Health and bring to the next commission meeting.

END WORK SESSION:

Work session concluded at 6:15 p.m.

Chairperson

Attest

PARK AND RECREATION COMMISSION MEETING
Tuesday, August 14, 2012
4:30 p.m., City Council Chambers, Historic Federal Building

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge, Karen Lyness, Evelyn Nadeau and Dave Schlueter. (NOTE: Paul Hoffmann left meeting at 4:34 pm to attend another meeting.)

OTHERS: Staff present: Marie Ware, Pat Prevenas and Jolene Rettenberger. Four (4) people present in the chambers.

MINUTES APPROVED; VOTE: It was moved by Klinge, seconded by Lyness, to approve the minutes of the July 10, 2012, meeting. The motion passed unanimously.

BEST WISHES TO PAT PREVENAS: Prior to the start of the Park and Recreation Commission meeting, all commissioners extended their *Best Wishes* to Pat Prevenas on his upcoming retirement after 31 years employed with the City of Dubuque, Leisure Services Department. A round of applause followed.

MINUTES APPROVED; VOTE: It was moved by Hoffmann, seconded by Schlueter, to approve the minutes of the July 24, 2012, work session. The motion passed unanimously.

DOGS IN PARK DRAFT ORDINANCE REVIEW: Please note that during the discussion, no public input was addressed.

Leisure Services Manager Marie Ware shared with the commissioners a preliminary draft of Ordinance #10-5B-4 on Dogs and Cats in Park, Trails and Open Spaces. Since commissioners last received their draft, changes have been recommended by Crenna Brumwell, Legal Services. (Updates appear in yellow on the copies that were distributed to commissioners at the meeting.)

The current ordinance covers domestic animals (pigs, cows, horses, etc.). The Commission would need to decide if these should be included or excluded. Commissioners are to consider what park(s) you are ***or*** are not able to bring your dog/cat into. Not all of the parks are currently listed in the ordinance. It was recommended by the commissioners to <u>add</u> a sentence covering new parks/trails not listed in ordinance but accepted. We will need to define trails. Manager Ware will be checking with other City departments such as Health and Police and will share those updates at our September commission meeting.

Commissioner Harris asked about creating language for new designated recreational areas as well. Commissioner Lyness agreed adding language to the ordinance about adding additions for new parks and asked if we do get new recreation fields built, signage can be posted at the site.

Commissioner Blocker shared that many people are asking him why can't we take our dogs to Eagle Point Park. Commissioner Nadeau responded to Blocker's question saying many events are held at Eagle Point Park. Manager

continued

Ware stated that the Commission's reasons will need to be shared with the City Council.

Commissioner Klinge asked about including domestic animals? Is there another ordinance for domestic animals? Commission Schlueter referred to rule #1 under 10-5B-4: Only dogs and cats will be allowed in city parks and open spaces and/or on city trails. Commissioner Lyness also agreed.

At the conclusion of this discussion, Manager Ware shared that it is our goal to incorporate the current draft, changes made with our discussion, feedback from other City staff/departments and type up a final format to share with all commissioners at the September commission meeting. We can then post the proposal for the public to see so that the public is aware of what the Ordinance is that is being reviewed and potentially recommended to the Council.

REVISE SWIMMINMG POOL RENTAL POLICY; VOTE:

Recreation Division Manager Pat Prevenas distributed a copy of the **Swimming Pool Rental Policy Revision** to all commissioners. Flora and Sutton swimming pools have been available for private rentals on Friday, Saturday and Sunday evenings from 7-9 pm since the mid 1990's. After the addition of the water playground pools in 2002, a rental policy was developed for use of these water playground pools on Saturdays and Sundays from 11 am to 1 pm. Currently these rentals require a reservation fee to be paid at the time of the reservation, with the remaining balance to be paid prior to June 1st of the pool season. Also, the evening pool rentals require a security deposit of $50.00 that is refunded following the rental. These policies were developed based upon what the department procedures were at the time with the park pavilion reservations done via paper and not using computer software until about 6-7 years ago. (Currently we offer online reservations for pavilions.) Our Aquatic Supervisor, Janna Beau, is responsible for collecting the remaining rental fees prior to June 1st and also returning the security deposits following the rentals. Unfortunately, there have been occasions this has not been done on time creating last minute issues collecting funds and/or not refunding deposits on a timely basis, primarily because of Janna's workload during the pool season. With the recent revisions to our Park Pavilion Policies during the past several years that currently require the entire rental fee be paid at the time of the reservation and the elimination of the security deposit for wedding receptions, it would be logical and consistent to follow the same policies for pool rentals. Pool rental fees are based on a sliding scale depending on the number of people that the renter tells us. Very rarely do we have rentals over 300 people where adequate lifeguard ratios become an issue. The rules could be revised indicating that a rental is for 300 people maximum, with larger groups requiring additional fees for increased number of lifeguards as determined by the Leisure Services Department for a set fee of $25 per guard.

It was moved by Schlueter, seconded by Nadeau, to approve the changes in the Swimming Pool Rental Policy to correlate with our park pavilion policies to be in effect for the 2013 pool season, requiring full payment at the time of reservation and not requiring a security deposit. The motion passed unanimously.

REVISE FEE POLICY FOR GOLF OUTINGS; VOTE:

Pat distributed a copy of the **Bunker Hill Golf Course Outings** proposal to all commissioners. Our current policy (adopted in March of 2005) reads: Golf outings may be scheduled on weekdays before noon throughout the season, and weekends after 1 pm, and any time in September and October. Eighteen-hole rates for shotgun start are as follows:

- 144 player minimum – league fee ($12.75)
- 120 player minimum – weekday 9-hole fee ($12.75)
- 100 player minimum – weekend 9-hole fee ($14.25)
- Less than 100 players – senior fee ($15.00)

Requests for golf outings have become more numerous since 2005 and there is less competition between golf courses to attract outings so reduced rates are unnecessary. At the Bunker Hill Golf Course, we average approximately 25-30 golf outings (special events) per year. The Bunker Hill Golf Course has the ability to start golf outings earlier than 1 pm on weekends because of fewer permanent tee times in the mornings which provides us greater scheduling flexibility.

To assist the Pro Shop staff with a less complicated pay rate schedule, we suggest the following be considered for the 2013 season:

- 120 player minimum – senior fee ($15.00)
- 80 player minimum – weekday 18-hole fee ($19.00)

Outings with less than 80 players that do not require a shotgun start will be negotiated individually via the Golf Pro with the Leisure Services Department staff approval.

Commissioner Lyness asked if we increase the rates, will we lose business? Recreation Manager Prevenas stated no. Commissioner Nadeau asked about the number of people and setting a fee. Pat said that we can negotiate with a group on pricing, whether it's 9 or 18 holes, cart rental(s), meal or catered meal event. Commissioner Nadeau is concerned with a negotiating rate; we need to have written guidelines. Manager Ware wants to bring us up to the range of where the majority is at – we do not want to "undercut." Commissioner Lyness shared that when people are looking to schedule a golf outing, they look at available dates and if the establishment can handle the group size.

It was moved by Schlueter, seconded by Lyness, to accept the pay rate schedule for the 2013 outings as listed above. The motion passed with Blocker, Harris, Klinge, Lyness and Schlueter voting yes; Nadeau abstaining due to the language/wording of negotiating.

RECREATION DIVISION REPORT:

Manager Prevenas shared the following:

Bunker Hill Golf Course had the highest July snack bar revenue ever. Our 2012 pool season was very good, too. In fact, Flora Pool had the third highest July attendance in 20 years and Sutton Pool's attendance was up 5%.

PARK DIVISION REPORT:

Last month, Leisure Services Manager Ware spoke briefly about Hilltop Park and how there is no street frontage. The house that was located at 735 Caledonia Place (near Hilltop Park) had a house fire. The Executor of the Estate has offered to donate the property at 735 Caledonia Place to the City "as is" as long as we agree to install an American flag on the site in memory of her father, who was a veteran. Funds are available for the deconstruction of this property and we are going through the process to update the abstract and accept the deed. With this donation, we will be able to create a handicap access and install a walkway to the playground area and offer an open field play area. This project will appear on an upcoming City Council agenda.

MANAGER REPORT:

◆ **Pet Park fees**. An information sheet was shared with all commissioners regarding the Pet Park Fees from July 1, 2011 through June 30, 2012. Total Treasurer's receipts show $2,979.14.

◆ **Skate Park enthusiasts**. A public hearing is scheduled for Tuesday, August 28th from 6:30 to 8:00 p.m. at the Carnegie-Stout Public Library Auditorium. We will be working on a long range plan for expanded skate parks in Dubuque. Group table discussions will take place.

◆ **Status on job vacancies**. We have four (4) full-time positions available at the Leisure Services Department. This coming weekend, you will see the job posting for Recreation Division Manager as Patrick Prevenas is retiring on August 31st, 2012. Telephone interviews for the Park Division Manager position will be taking place within the next two (2) weeks. In early September, we'll be conducting interviews for the Natural Resources position. We'll also be conducting interviews for the Bunker Hill Golf Course Superintendent's position in which Michael Denman retired on July 5th, 2012.

◆ **Budget talks**. In September, we'll be starting the budget process for next fiscal year.

◆ **Project Status Report for July 2012**. Copies were distributed on the Project Status Reports. Please read over and review the number of projects that are listed.

◆ On 5th Street. along Flexsteel Corporate Headquarters, we are working on a **landscape design** incorporating an area for benches and bikes.

◆ **Electronic trikes in Dubuque**. A few weeks ago, there was an article that appeared in the Telegraph Herald regarding a new Dubuque business in which you can rent and/or purchase electronic trikes. This new business is advertising trike tours in Dubuque along the Riverwalk and trails. According to the ordinance, we currently do not allow motorized vehicles on our trails. However, there is a waiver that the Leisure Services Department can allow trikes on trail areas. This is a very complicated issue and we are currently

continued

working on the issues, concerns and questions. In the near future, the Park and Recreation Commission will be working on this subject. At the present time, tours are allowed on the City sidewalks, but not on the streets.

OTHER BUSINESS:

◆ Commissioner Nadeau asked about the status of the new Pet Park. At the present time, no work has been done. *(Refer to the Project Status Report for July 2012 for more information.)*

◆ Manager Prevenas shared that we had 123 dogs participate in the *2012 Doggie Dip* at Sutton Pool on Monday, August 13th. The *2012 Doggie Dip* at Flora Pool is scheduled for Monday, August 20th.

◆ Please note that the date for the next Park and Recreation Commission is on **Tuesday, September 18th, 2012, at 4:30 p.m. at the Bunker Hill Golf Course Snack Bar**. It was suggested per Commissioner Schlueter to rotate the location of our commission meetings.

ADJOURN; VOTE:

It was moved by Lyness, seconded by Schlueter, that the meeting be adjourned at 5:33 p.m. The motion passed unanimously.

PARK AND RECREATION COMMISSION MEETING
Tuesday, November 13, 2012

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge, Karen Lyness, Evelyn Nadeau and David Schlueter

STAFF PRESENT: Marie Ware and Jolene Rettenberger

OTHERS PRESENT: Jim Kress and Terry Leibold

MINUTES APPROVED; VOTE: It was moved by Klinge, seconded by Harris, to approve the minutes of the September 18, 2012, meeting. The motion passed unanimously.

BUDGET RECOMMENDATION – FY 2014-2018 C.I.P.: Manager Ware shared with commissioners that Gil Spence and Pat Prevenas assisted on a temporary basis to help complete the Park Division and Recreation Division operating budgets during this transition period of both positions being vacant.

Capital Improvement Budget lists were sent to commissioners in advance of the meeting. Leisure Services Manager Marie Ware reminded commissioners that C.I.P. projects are for $10,000 or above. She reviewed the Fiscal Year 2014 through 2018 C.I.P. budget request with the commissioners. Item #74 (Parks Fleet Automatic Vehicle Locator-AVL) was placed in the FY 2018 budget request at a cost of $23,000 for twelve vehicles. It is a goal of the City Council to have all City vehicles installed with AVL, which is a device that determines the geographic location of a vehicle and transmits the information to a requester (similar to GPS). There are 25 Park Division vehicles that would have AVL installed if it is approved. This system has proven beneficial to Public Works and Transit vehicles that currently have AVL.

Under the Recreation Division CIP priority requests for the golf course, we continue to work on the irrigation system, improve the cart paths, and are requesting a new chemical storage building. Under swimming pools, items listed are for the maintenance/repairs/upkeep of the pools and waterslides, an addition of a family rest room to be built at Sutton Pool.

Commissioner Hoffmann asked about the condition of the pool tanks and the need for adding money to the budget for the swimming pools. Ware reported our maintenance practice has served the pools well. She will consider this during next year's budget.

Commissioner Nadeau is happy to see that Jackson and Usha Parks have been put into the budget and the community interest in skate parks was addressed.

Commissioner Blocker questioned item #18 (Miller Riverview Park-pave secondary roads/campsites for $25,000 each year). This cost will cover the paving of campsites and maintenance after flooding. Blocker also raised some

continued

concerns on the age and condition of the rest room facility at the campground, as well as the cost of electrical outlet boxes. Manager Ware shared that there is money available in FY 2013 for the rest rooms and money is requested in FY 2018 for the electrical outlet boxes.

BUDGET RECOMMENDATION – FY 2014 OPERATING BUDGET REQUEST:

Manager Ware shared information pertaining to the FY 2014 park and recreation operating budgets.

Fiscal Year 2014 request Equipment Priority List totals $221,120. Areas included in the Parks operating budget are: administration, forestry, park patrol, park areas, Port of Dubuque maintenance, Four Mounds maintenance, park equipment, downtown maintenance, greenhouse, Technology Park, Industrial Center West Maintenance, Lyons Peony Trust and storm area maintenance (which pays for the expenses of the Bee Branch).

Manager Ware reviewed the Recreation Division Expense and Revenue Summaries for golf maintenance, golf operations, swimming, adult athletics, McAleece concessions, children's activities, therapeutic recreation, recreation classes and neighborhood recreation programs (CD Target).

Fee changes required are:

Golf Operations. Soft drink beverage product prices will increase $ .25.

Golf Maintenance. Fee increases $ .25 for weekday and weekend 18 holes; no increases for weekday and weekend 9 hole and league play; $10 increase for Individual and Individual Weekday season golf passes; $10 increase for Family and Couples season golf passes and $5 increase for Junior season golf passes.

Adult Athletics. Softball team entry fees will increase $10 for summer leagues and $5 for fall leagues. Basketball team entry fees will increase $10 and tournament entry fee will increase $1.

Swimming, McAleece Concessions, Children's Activities, Therapeutic Recreation, Recreation Classes and CD Target - no fee increases.

BUDGET RECOMMENDATION – FEE CHANGES IN FY 2014 BUDGET REQUEST; VOTE:

It was moved by Harris, seconded by Nadeau, to approve the FY 2014-2018 Capital Budget, FY 2014 Operating Budget and Fee Changes in FY 2014 Budget Requests. The motion passed unanimously.

DOGS AND OTHER ANIMALS IN PARKS – DISCUSS DRAFT:

Manager Ware has had discussion with the City Attorney's office regarding the Dogs in Parks Ordinance. In reviewing the Administration, Use Regulations, Restrictions, Specific Parks and Trails, several recommendations have been made in the draft and are shown in red print. Another meeting will need to be scheduled to re-review the ordinance proposed by the Commission.

continued

Under Definitions (10-5B-1), make note of the recommendations stating City Manager or City Manager designee, as well as Leisure Services Manager or Leisure Services Manager designee. Also, note the recommendation listed under Parks or Parkways "MULTI-USE TRAIL" definition has been added.

A city special event permit requirement has been added to 10-5B-3. Section 10-5B-4 had many changes proposed. Section 10-5C-1 added: "Park descriptions for parks and trail descriptions for trails will be reviewed on a periodic basis and added, deleted and amended as necessary. Enforcement of use regulations will not be contingent on parks and trails being specifically listed in this provision to allow for use of any new facilities added between ordinance changes."

Commissioner Schlueter would like "no unleashed pets in Pet Park", as well as "trial period discussed" to be placed in the Ordinance. Manager Ware will make the change for unleashed in Pet Park as it had gotten dropped in edits. An ordinance can be changed so its trial period is until a change is proposed.

Commissioner Lyness asked about exercising of the dock dogs at the Five Flags Center this coming weekend. Manager Ware informed the commissioners that all participants received information on where they can and cannot walk their dog(s) at.

Commissioner Nadeau asked about the definition of an open space. Manager Ware will work on the definition of open spaces in the Ordinance.

Commissioner Blocker stated that we have spent many hours involved with this subject. It's time that we send it to the City Council and have them express their viewpoints on this subject.

Commissioner Hoffmann is concerned about dogs getting on the tennis courts. It is recommended to have signs posted or rules listed about no dogs on the tennis courts. There was no agreement from the commission on this at this time.

At the December 2012 Park and Recreation commission meeting Manager Ware will have the next version of Ordinance ready. No public input will be allowed during the commission meeting as agreed to by commission members.

In closing, Manager Ware is asking commissioners how they want to get this Ordinance out to the general public if changed. Several commissioners voiced their suggestions by doing news releases, newspaper articles, online information, put on City of Dubuque website, Channel 8 and post at parks.

continued

MANAGER REPORT – PERSONNEL OPENINGS UPDATE:

Manager Ware updated the commissioners on the following personnel openings/hirings:
◆ **Park Division Manager** position has been accepted, pending background check. ◆ **Recreation Division Manager** position is vacant at the present time. Questionnaires have been sent out and the process of scheduling interviews will be taking place soon. ◆ **Natural Resources and Sustainable Practices Specialist** position has been awarded to Jeffery Ahlers. With Jeff moving into his new position, his Assistant Horticulturalist position is now vacated and will be filled upon the hiring of our new Park Division Manager. ◆ **Golf Course Superintendent** position has been awarded to Jerry Lange. With Jerry moving into his new position, we have an opening for a Maintenance Worker at the Bunker Hill Golf Course. ◆ This past weekend we have advertised for the position of **Director of the Multicultural Family Center**. ◆ In addition to the above, there will be two additional jobs becoming available.

MANAGER REPORT – PROJECTS UPDATE:

Manager Ware updated the commissioners on the following projects:
◆ With the removal of the home on South Grandview Avenue, the entrance to Murphy Park will become a beautiful entry way. ◆ We have had a busy Fall season. Our plantings/flowers this past fall have been gorgeous. Currently flower baskets are being taken down and we continue to winterize. ◆ Staff has been busy working on budget.

OTHER BUSINESS:

◆ All commissioners were given a copy of the MFC 2011-2012 Annual Report. ◆ Commissioner Blocker asked about the status of the Port of Dubuque Marina and if it will offer any free marina parking. Manager Ware stated that it is under the jurisdiction of the Leisure Services Department and all slips would have a charge. It is the intention to open the marina in the Spring of 2013, as long as the Grant is closed out. At the present time, no rates and/or policies have been set. ◆ Commissioner Blocker asked about the Ice Harbor South Expansion and who is responsible for that area. Commissioner Harris has viewed the Port development and stated that they are currently brainstorming ideas on what the community is interested in doing with the 7.2 acres of land. ◆ Commissioner Harris asked about Comiskey improvements. Manager Ware had a meeting with Nikola Pavelic, Community Engagement Coordinator to begin to set a process. Money is available from FY 2012 and FY 2013. ◆ The North End Lighting Project is complete and we are awaiting a final walk-thru. Within the next month, the project should be accepted.

ADJOURN; VOTE:

It was moved by Hoffmann, seconded by Harris, that the meeting be adjourned at 5:42 p.m. The motion passed unanimously.

PARK AND RECREATION COMMISSION MEETING
Tuesday, December 18, 2012
4:30 p.m., Snack Bar, Bunker Hill Golf Course

PRESENT: Bob Blocker, Chuck Harris, Paul Hoffmann, Ken Klinge, Karen Lyness, Evelyn Nadeau and David Schlueter

STAFF PRESENT: Marie Ware and Jolene Rettenberger

MINUTES APPROVED; VOTE: It was moved by Ken Klinge, seconded by Evelyn Nadeau, to approve the minutes of the November 13, 2012, meeting. The motion passed unanimously.

FISCAL YEAR 2014 BUDGET HEARING – FEBRUARY 26, 2013: Manager Ware shared with commissioners that our Fiscal Year 2014 Budget Hearing is scheduled for Tuesday, February 26th with meal being served at 6:00 p.m., followed by budget presentations beginning at 6:30 p.m. Commissioners were asked to RSVP by calling Eileen Trimble. To date, Karen Lyness and Evelyn Nadeau will be attending the dinner and budget presentation.

FEEDBACK TO STAFF ON NORTH END TRAIL LIGHTING HOURS: Manager Ware shared discussion about the North End lighting on the trail between 22nd and 32nd Street. The light pole placements look good. We are looking at feedback from the public as to the hours the trail lights/Pinard Park lights will be on. With the addition of the trail lighting, the Safety Community Task Force is pleased, as well as the neighbors who live along the trail. The question Ware proposed to commissioners was do we have the trail lights on until 10:00 p.m. *or* do we have them on from dusk to dawn? Currently the lights are on from 5:00 to 10:00 p.m. The department received a citizen request (per email) asking that the lights also be on from 5:00 to 7:00 a.m. for those that are interested in a morning walk/jog/bike ride. To date, we have not received any complaint calls about the lights being on at night.

Commissioner Blocker and Commissioner Klinge walked the trail and are very pleased with the placement of the trail lights and the trail itself. Commissioner Harris asked about the lights along the Bee Branch. Manager Ware said that the lights along the Bee Branch are on all the time, however they are not in a residential neighborhood.

All commissioners were in agreement and felt that the lights along the North End Trail should be on all the time. After the snow cleanup, the timer on the lights along the trail will be set from dusk to dawn. Manager Ware also shared that additional trees will be planted along the trail in the future.

FISCAL YEAR 2014 BUDGET IMPROVEMENT PACKAGES: Manager Ware highlighted some of the decision packages in the Fiscal Year 2014 Park and Fiscal Year 2014 Recreation Improvement Packages with the commissioners.

Commissioner Nadeau questioned Decision package 5 of 5 listed under the Fiscal Year 2014 Recreation Improvement Packages regarding providing funds for payment of interns. She asked with the hiring of interns, if we are looking at hiring any Spanish speaking (or other language) interns? Ware shared it would be considered at the time of recruitment.

CHAPTER 5 PARKS AND RECREATION ORDINANCE REVIEW AND RECOMMENDATION (includes dogs in parks); VOTE:

Manager Ware discussed the background and summary of information regarding dogs in parks discussion, as well as the two copies of the Chapter 5, Parks and Recreation Article A showing track changes, as well as a final copy with all changes made.

Additional terminology has been added throughout Article A, as well as some deletions/revisions, especially with 10-5B-4: Dogs, Cats and Other Domestic Animals in Parks and on Multi-Purpose Use Trails. In reviewing 10-5B-3: Horsedrawn Vehicles, Riding of Animals Restricted, permission is granted by the Leisure Services Manager and thereafter authorized through the issuance of a City Special Event Permit under Title 10, Chapter 4.

Under 10-5B-5: Requirement for Dogs and Cats While in City Parks and Open Spaces and/or on City Trails, under D[6a], need to add cats to the paragraph.

Under 10-5C-1: Specific Park Areas, Open Spaces and Trails, we will be adding the following areas: Jaycee Trail (Peosta Channel), as well as the Port of Dubuque Riverwalk. As new parks and trails are added to the City of Dubuque park system, we will need to add them to the listing.

All of this information (correspondence, petitions, et cetera) will be forwarded on to the City Council with agenda item so the Council has full access to all input.

Commissioner Schlueter asked about the idea that was presented in an article regarding private pickup of dog waste. That will be shared as well.

It was moved by Klinge, seconded by Harris, to approve the Chapter 5 Parks and Recreation Ordinance Review and Recommendation (includes dogs in parks), with some revisions as noted above. The motion passed 6 – 1, with Blocker, Harris, Klinge, Lyness, Nadeau and Schlueter voting yes; Hoffmann voting no.

DEPARTMENT REPORT:

Manager Ware updated the commissioners on the following personnel openings/hirings:

• **Park Division Manager Steve Fehsal** will begin his position on December 27th. • We are currently interviewing four candidates for the position of **Director of the Multicultural Family Center**. • After the hiring of the Multicultural Family Center Director, we will begin the interview process for the position of **Recreation Division Manager**. • Our next position to fill is the **Assistant Director of the Multicultural Family Center**. • Soon we will begin the interview process for our **Part-time Secretary at the Leisure Services Department**. • Gil Spence will be working for an interim period of time at the Multicultural Family Center.

continued

Manager Ware updated commissioners on the following items:

◆ The **Parks Division** has been busy working on picnic tables and are awaiting the winter storm; as well as in the process of purchasing equipment (street sweeper, truck and mowers). ◆ The **Recreation Division** is currently working on the 2013 Winter/Spring brochure. Brochures will be available on December 27th with registration beginning on January 2nd. ◆ The **City Expo** will be held in the month of September, not in April. ◆ The Leisure Services Department will be researching the restructuring/definition of the **Family Season Swim Pass**.

OTHER BUSINESS:

◆ Dr. Hoffmann asked about the request from Jane McCall of the Dubuque Humane Society regarding interest in building a Pet Park along the far level-end of their new property on Chavenelle Road. ◆ Manager Ware met with the City Manager last week regarding the Operating Budget proposal.

ADJOURN; VOTE:

It was moved by Schlueter, seconded by Klinge, that the meeting be adjourned at 5:26 p.m. The motion passed unanimously.

ORDINANCE NO. ____ 13

AMENDING CITY OF DUBUQUE CODE OF ORDINANCES TITLE 10 PUBLIC WAYS AND PROPERTY, CHAPTER 5 PARKS AND RECREATION BY ADDING DEFINITIONS RELATING TO ANIMALS; RESTRICTING HORSEDRAWN VEHICLES; PERMITTING DOGS, CATS, AND DOMESTICATED ANIMALS IN CERTAIN PARKS, OPEN SPACES, AND TRAILS SUBJECT TO CONDITIONS; ESTABLISHING LEASH AND WASTE CLEAN-UP REQUIREMENTS; PROHIBITING ANIMALS RUNNING AT-LARGE WITHIN PARKS, OPEN SPACES, OR TRAILS; PERMITTING THE EXERCISING OF DOGS OFF LEASH IN CERTAIN AREAS; AND REVISING PARK, OPEN SPACES AND TRAIL DESCRIPTIONS

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. Title 10, Chapter 5 of the City of Dubuque Code of Ordinances is amended to read as follows:

Chapter 5
PARKS AND RECREATION

ARTICLE A. ADMINISTRATION

. . . .

10-5A-2: PARK AND RECREATION ADVISORY COMMISSION:

. . . .

C. Powers: The responsibilities of the commission are to advise the city council on:

1. Use Of Grounds And Facilities: The establishment of rules and regulations governing the use of all grounds and facilities that have been or may be set aside as public parks, playgrounds, open spaces, trails, and other such park and recreation facilities. Such rules and regulations shall include, but are not limited to:

. . . .

ARTICLE B. USE REGULATIONS

10-5B-1: DEFINITIONS:

As used in this article, the following terms shall have the following meanings:

AT LARGE: Any dog or cat found off a leash and unattended by an owner or keeper.

CAT: Both male and female animals in the family Felis catus whether neutered or not.

CITY MANAGER: City manager or city manager's designee.

COMMISSION OR THE COMMISSION: The park and recreation advisory commission.

DOG: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.

DOMESTICATED ANIMAL: An animal commonly referred to as a bovine, swine, sheep, goat, domesticated deer, llama, poultry, rabbit, horse, pony, mule, jenny, donkey, or hinny.

KEEPER: A person other than the owner keeping, sheltering, having control or custody of or harboring an animal.

LEISURE SERVICES MANAGER: Leisure services manager or leisure services manager's designee.

MULTI-PURPOSE USE TRAIL OR TRAILS: A hardened trail of asphalt, concrete or other impervious surface, typically ten (10) to twelve (12) feet wide and physically separated from the motorized vehicular traffic by an open space or barrier and either within highway public right-of-way or private property within an independent alignment for use by pedestrians, skaters, joggers, bicyclists, and city maintenance vehicles.

OPEN SPACES: Open spaces available to the public for passive recreational use in and adjacent to the city, which are under the responsibility of the commission.

OWNER: A person owning a cat, dog, or other animal.

PARKS OR PARKWAYS: Parks, parkways, buildings, park roads or driveways, and all public service facilities or grounds, buildings and structures in and adjacent to the city, which are under the responsibility of the commission.

10-5B-2: INTOXICATING BEVERAGES:

A. Possession, Consumption, Or Use Of Alcoholic Liquor, Wine, Beer, Or Other Intoxicating Beverages Prohibited:

1. The possession, consumption, or use of alcoholic liquors, wine, and beer as defined by chapter 123 of the code of Iowa or any other intoxicating beverages is prohibited on park roadways and trails, in park and recreation facility parking lots, and in vehicles located within a park.

. . . .

B. Exemptions:

1. Locations Exempt: Subsection A2 of this section shall not apply to the possession, consumption, or use of alcoholic liquors, wine, beer, or other intoxicating beverages at:

a. Alliant Energy Amphitheater events for which a special events permit has been issued under Title 10, Chapter 4;

b. American Trust River's Edge Plaza events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

l. Mississippi Riverwalk events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

10-5B-3: HORSEDRAWN VEHICLES, RIDING OF ANIMALS RESTRICTED:

Horsedrawn vehicles or the riding of horses or any other domesticated animals used for such purposes is prohibited in any park unless permission is granted by the Leisure Services Manager and thereafter authorized through the issuance of a city special event permit under Title 10, Chapter 4.

10-5B-4: DOGS, CATS AND DOMESTIC ANIMALS IN PARKS, OPEN SPACES, OR ON TRAILS:

A. Dogs And Cats.

1. Dogs and cats are allowed in parks, open spaces, and on trails with the exception of:

a. Bunker Hill Golf Course;

b. Marshall Park and Dubuque Arboretum and Botanical Gardens;

c. Eagle Point Park;

d. Nicholas J. Sutton Swimming Pool;

e. Flora Park Swimming Pool; or

f. McAleece Park and Recreation Complex, inside the fence.

New or modified parks, open spaces, trails, or recreational facilities which have not yet been evaluated by the Parks and Recreation Commission and a recommendation for usage approved by the city council.

2. The exceptions in section 1 do not apply to service animals used by persons with disabilities.

3. Animals may be allowed in parks, open spaces, or on trails as part of an approved and permitted special event under Title 10, Chapter 4.

B. Domesticated Animals are not allowed in parks, open spaces, or on trails except for:

1. Service animals used by persons with disabilities;

2. As part of an approved and permitted special event under Title 10, Chapter 4; and

3. Animals which are part of the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park.

10-5B-5: REQUIREMENT FOR DOGS AND CATS WHILE IN CITY PARKS, OPEN SPACES, OR TRAILS:

A. Leashes.

1. Dogs and cats must be leashed.

2. The leash or other similar restraint may be no more than six feet (6') in length.

3. No retractable leashes or wireless electronic and/or electric leashes are allowed.

4. All leashes must be of sufficient strength to restrain the animal when the leash is held by a person capable of restraining and controlling the dog or cat.

5. The determination as to whether a leash is of sufficient strength will be made by the city manager.

B. The owner or keeper must pick up and dispose of or take away the cat or dog's waste.

C. The owner or keeper is responsible for the actions of the cat or dog.

D. No owner or keeper may permit such dog or cat to run at-large in any park, open space, or trail.

1. A dog or cat found at-large is subject to seizure and impoundment in a place provided by the city.

2. Whenever any licensed dog or cat has been seized or impounded pursuant to this article, notice of such action must be given to the dog or cat's licensed owner.

3. Except as otherwise provided, the possession of any licensed dog or cat seized or impounded pursuant to this article may be obtained by the owner or keeper by paying an impoundment fee as established by the city manager, together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time that such dog or cat is impounded. Upon the second subsequent impoundment of the same animal within three hundred sixty five (365) consecutive days, an impoundment fee as established by the city manager will be assessed together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time which said dog or cat is impounded.

4. Upon proper identification the owner or keeper may redeem an unlicensed dog or cat seized or impounded pursuant to this article after licensing the animal or agreeing to purchase a license within ten (10) working days. Failure to do so will result in an additional fee as established by the city manager, added to the license fee.

5. Disposition of Animals.

a. Licensed Dog Or Cat: If the owner or keeper of a licensed dog or cat impounded pursuant to this article does not redeem such animal within five (5) days after the mailing of the notice provided for in this article, the license will automatically be revoked and the animal disposed of as directed by the city manager.

b. Unlicensed Dog Or Cat: Any unlicensed dog or cat not redeemed by the owner within three (3) days after it has been seized or impounded will be disposed of as directed by the city manager.

6. Exceptions.

a. An owner or keeper who is working or exercising a dog by tossing a retrieval dummy or other object for out-and-back exercise at Bee Branch Recreation Area, 16th Street pond, and Bergfeld Recreation Area pond may allow the dog or cat to go unleashed. At all other times the dog or cat must be leashed in these areas.

b. An owner or keeper who is visiting a pet park where dogs or cats are allowed to be unleashed within a designated area may allow the dog or cat to go unleashed.

10-5B-6: WALKING ON GRASS:

No person may go on foot or otherwise upon the grass or turf of any park, parkway, or trail where any prohibitory sign is posted.

10-5B-7: THROWING STONES OR OTHER MISSILES:

No person may throw any stone or any other missile within any park, parkway, or trail.

(SECTIONS 10-5B-8 THROUGH 10-5B-22 ARE RENUMBERED)

10-5B-23: OPEN SEASON AND HOURS GENERALLY:

. . . .

H. The following parks and park and recreation facilities will be open for use by the public from seven o'clock (7:00) A.M. to ten o'clock (10:00) P.M. daily:

A.Y. McDonald park
Allison-Henderson park
Avon park
Burden park
Cancer Survivor park
Caledonia park
Center Grove open space
Cleveland park
Comiskey park
Eagle Valley park
Elmwood Green park
Falk park
Flat Iron park
Flora park
Gay park
Granger Creek nature trail
Grant park
Harvest View park
Heritage trail
Hillcrest park
Hilltop park
Ice Harbor park
Jackson park
Jefferson park
John G. Bergfeld recreation area

Madison park
Marna Ridge children's forest
Medical Associates Greenbelt
Northwest Arterial trail
Oakwood park
Pet park
Pinard park
Pyatigorsk park
Riley park
Rocco Buda Jr. park
Southern park
Teddy Bear park
Usha park
Valentine park
Valley High park
Waller-Cooper park
Washington park
Welu park
Westbrook park

. . . .

ARTICLE C. SPECIFIC PARKS, OPEN SPACES AND TRAILS

10-5C-1: SPECIFIC PARK AREAS, OPEN SPACES AND TRAILS DESCRIBED:

Park descriptions for parks, open space descriptions for open spaces and trail descriptions for trails will be reviewed on a periodic basis and added, deleted and amended as necessary. Enforcement of use regulations will not be contingent on parks, open spaces, and trails being specifically listed in this provision.

The following described parcels of real estate are and will be used for public park purposes and will continue to be known as set forth below and placed under the jurisdiction of the park and recreation advisory commission:

A.Y. McDonald park: Blocks 1, 2, 3, 4 and 5 in River Front Subdivision No. 3.
Alliant Energy Amphitheater: The area of the Port of Dubuque west of the Mississippi Riverwalk, south of the railroad tracks east of Bell Street, and adjacent to the former Dubuque Star Brewery.
Allison-Henderson park: Lots 1, 18, 19, 20, 21 and 22 of Pinehurst Subdivision in the city of Dubuque, Iowa.
American Trust River's Edge Plaza: That area, including the flat area, steps and ramp, outside the floodwall at the Port of Dubuque at the south end of the Mississippi Riverwalk.
Avon park: Lots 6 through 10 of Mary Ann McDaniel's Subdivision of parts of Lots 823 and 824 of A. McDaniel's Subdivision in the city of Dubuque, Iowa.

Bunker Hill golf course: Part of Lot 2 in Highland Farms Addition; Lot 16 in Pfohl's Subdivision; Mineral Lots 189, 200, 201, 202, 210, 270, 336 and 370, and parts of Mineral Lots 190, 265 and 340, all in the city of Dubuque, Iowa.

Burden park: Lot 1 of Lot 1 of Lot 3 northeast quarter, Section 13, Township 89 North, Range 2 East in the city of Dubuque, Iowa.

Caledonia park: Lot 38 of Kelly's Subdivision in the city of Dubuque, Iowa.

Center Grove open space: East one fourth of City Lot 500

Cleveland park: South two-thirds of city Lot 695 and Lots 35, 36, 37 and east 20 feet of Lot 38 of Union Addition in the city of Dubuque, Iowa.

Comiskey park: Lots 1 through 23, Lots 24 through 46 and the intervening alley in Boulevard Addition of the city of Dubuque, Iowa.

E.B. Lyons Prairie/Woodland Preserve: Lots 2 and 3 of the northeast one-quarter of the southeast one-quarter of section 1, township 88 north, range 2 east of fifth prime meridian; Lots 2 and 3 of the northwest one-quarter of the southwest one-quarter, Lots 2 and 3 of the northeast one-quarter of the southwest one-quarter, and Lot 2 of Lot 1 of the southwest one-quarter of the southwest one-quarter; of section 6, township 88 north, range 3 east of the fifth prime meridian in Dubuque County, Iowa, according to the respective recorded plats thereof.

Eagle Point park and Ham House Museum: Lot 1 through Lot 7 in Berendes Subdivision; Lot 2 in Chris Braun's Place; Lot 1 of Lot 1 of Lot 2 of Lot 2A in Clark's Subdivision; Lot 2 of Lot 1, Lot 2 of Lot 1 of Lot 1, and Lot 2 in Eagle Point View; Lot 2 of Lot 6, Lot 2 of Lot 1 of Lot 6, and Lot 107 through Lot 124 in Fountain Hill Resubdivisions; Lot 529 through Lot 534 in Ham's Addition; Lot 503 through Lot 515 in Ham's Addition (Eagle Point); Lot 2 of Lot 221, Lot 1 of Lot 222, Lot 223 and Lot 224 in Julien Addition; Lot 1 of Lot 6 in Katherine Place; Lot 2 of Lot 1 of Lot 1 of Lot 1 in Potter Place; Lot 1 through Lot 10 in Potter's Shiras Avenue Place; Lot 1 of Lot 2 of Lot 2 of Lot 3 and Lot 2 of Lot 3 in Shiras Subdivision; and parts of Mineral Lots 305A, 308, 309A, 310, 311 and 312, all in the city of Dubuque, Iowa.

Eagle Valley park: Lot C of Block 3 of Eagle Valley Subdivision.

Elmwood Green park: Lot 2-2-2 of Mineral Lot 349 in the city of Dubuque, Iowa.

Falk park: Lot 23 in Falks Subdivision in the city of Dubuque, Iowa.

Flat Iron park: A triangularly shaped area bounded on the easterly side by Main Street, on the southerly side by Jones Street and on the westerly side by Shields Street.

Flora park: Except for the appurtenant easements of right of way and a strip along Pennsylvania Street twenty feet (20') in width, the following real estate in the west end of the city; Sylvester Place: Lot 1 of 4 of Mineral Lot 260; Lot 2 of 1 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of Mineral Lot 259; Lot 1 of 2 of Mineral Lot 259; Lot 1 of 1 of 1 of 1 of 1 of 2 of J.P. Metel's Subdivision.

Four Mounds: Lot 1 of Lot 1 of Lot 2 of Lot 1 of Lot 1, and Lot 1 of Lot 1 of Lot 2 of Lot 1, both of the Subdivision of "Lot 1 of Lot 7 of the southwest one-quarter of Section 1, the southwest one-quarter of the northwest one-

quarter of Section 1 and Government Lot 1 (or Mineral Lot 331) of Section 1, Township 89 North, Range 2 East of the fifth principal meridian". Lot 2 of the northwest one-quarter of the northwest one-quarter of Section 1, Township 89 North, Range 2 East of the fifth principal meridian, all in the city of Dubuque, Iowa, and Lot 16 of "John Deere Dubuque Tractor Works" in Dubuque Township, and Lot 2 of Lot 1 of Lot 1 of Lot 2 of Lot 2 of Section 2, both in Township 89 North, Range 2 East of the fifth principal meridian, according to the United States Government Survey and the recorded plats thereof, subject to easements of record.

Franklin Delano Roosevelt park: Lot 1 of the west half of the northeast one-quarter of Section 4, Township 88 North, Range 2 East of fifth principal meridian in Dubuque County, Iowa and Mineral Lots 272 and 273, Lot 1 of Mineral Lot 271, Lot 1 of Mineral Lot 274, and Lot 1 of Mineral Lot 276 in Dubuque Township, Dubuque County, Iowa.

Gay park: Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 in Young Primrose Place and Lots 3 and 4 in Grommersch Place, all in the city of Dubuque, Iowa.

Kevin S. Firnstahl, City Clerk

EFFECT OF AMENDMENT

Chapter 5
PARKS AND RECREATION

ARTICLE A. ADMINISTRATION

. . . .

10-5A-2: PARK AND RECREATION ADVISORY COMMISSION:

. . . .

C. Powers: The responsibilities of the commission are to advise the city council on:

1. Use Of Grounds And Facilities: The establishment of rules and regulations governing the use of all grounds and facilities that have been or may be set aside as public parks, playgrounds, open spaces, trails, and other such park and recreation facilities. Such rules and regulations shall include, but are not limited to:

. . . .

ARTICLE B. USE REGULATIONS

10-5B-1: DEFINITIONS:

As used in this article, the following terms shall have the following meanings:

AT LARGE: Any dog or cat found off a leash and unattended by an owner or keeper.

CAT: Both male and female animals in the family Felis catus whether neutered or not.

CITY MANAGER: City manager or city manager's designee.

COMMISSION OR THE COMMISSION: The park and recreation advisory commission ~~of the city~~.

DOG: Both male and female animals of the canine species whether neutered or not, but not including a law enforcement dog.

DOMESTICATED ANIMAL: An animal commonly referred to as a bovine, swine, sheep, goat, domesticated deer, llama, poultry, rabbit, horse, pony, mule, jenny, donkey, or hinny.

KEEPER: A person other than the owner keeping, sheltering, having control or custody of or harboring an animal.

LEISURE SERVICES MANAGER: Leisure services manager or leisure services manager's designee.

MULTI-PURPOSE USE TRAIL OR TRAILS: A hardened trail of asphalt, concrete or other impervious surface, typically ten (10) to twelve (12) feet wide and physically separated from the motorized vehicular traffic by an open space or barrier and either within highway public right-of-way or private property within an independent alignment for use by pedestrians, skaters, joggers, bicyclists, and city maintenance vehicles.

OPEN SPACES: Open spaces available to the public for passive recreational use in and adjacent to the city, which are under the responsibility of the commission.

OWNER: A person owning a cat, dog, or other animal.

PARKS OR PARKWAYS: Parks, parkways, buildings, park roads or driveways, and all public service facilities or grounds, buildings and structures in and adjacent to the city, which are under the responsibility of the commission.

10-5B-2: INTOXICATING BEVERAGES:

A. Possession, Consumption, Or Use Of Alcoholic Liquor, Wine, Beer, Or Other Intoxicating Beverages Prohibited:

1. The possession, consumption, or use of alcoholic liquors, wine, and beer as defined by chapter 123 of the code of Iowa or any other intoxicating beverages is prohibited on park roadways and ~~recreational~~ trails, in park and recreation facility parking lots, and in vehicles located within a park.

. . . .

B. Exemptions:

1. Locations Exempt: Subsection A2 of this section shall not apply to the possession, consumption, or use of alcoholic liquors, wine, beer, or other intoxicating beverages at:

a. Alliant Energy Amphitheater events for which a special events permit has been issued under Title 10, Chapter 4;

b. American Trust River's Edge Plaza events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

l. Mississippi Riverwalk events for which a special events permit has been issued under Title 10, Chapter 4;

. . . .

10-5B-3: HORSEDRAWN VEHICLES, RIDING OF ANIMALS RESTRICTED:

Horsedrawn vehicles or the~~,~~ riding of horses or any other domesticated animals used for such purposes ~~shall be~~is prohibited in any park unless permission is granted by the Leisure Services Manager and thereafter~~park and recreation advisory commission of the city~~ authorized through the issuance of a city special event permit under Title 10, Chapter 4.

~~10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:~~
~~A. Unleashed Animals Prohibited: No person shall be permitted to bring into any park, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animals to run at large in any park. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.~~
~~B. Leashed Dogs And Cats Allowed In Certain Parks And Areas: Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following:Granger Creek Nature TrailJohn G. Bergfeld Recreation AreaMedical Associates Greenbelt ParkMiller-Riverview Park~~
~~C. Unleashed Pets Allowed In Pet Park: Unleashed pets shall be permitted in the pet park.~~
10-5B-4: DOGS, CATS AND DOMESTIC ANIMALS IN PARKS, OPEN SPACES, OR ON TRAILS:

A. Dogs And Cats.

1. Dogs and cats are allowed in parks, open spaces, and on trails with the exception of:

a. Bunker Hill Golf Course;

b. Marshall Park and Dubuque Arboretum and Botanical Gardens;

c. Eagle Point Park;

d. Nicholas J. Sutton Swimming Pool;

e. Flora Park Swimming Pool; or

f. McAleece Park and Recreation Complex, inside the fence.

New or modified parks, open spaces, trails, or recreational facilities which have not yet been evaluated by the Parks and Recreation Commission and a recommendation for usage approved by the city council.

2. The exceptions in section 1 do not apply to service animals used by persons with disabilities.

3. Animals may be allowed in parks, open spaces, or on trails as part of an approved and permitted special event under Title 10, Chapter 4.

B. Domesticated animals are not allowed in parks, open spaces, or on trails except for:

1. Service animals used by persons with disabilities;

2. As part of an approved and permitted special event under Title 10, Chapter 4; and

3. Animals which are part of the Storybook Hill Petting Zoo at Franklin Delano Roosevelt Park.

10-5B-5: REQUIREMENT FOR DOGS AND CATS WHILE IN CITY PARKS, OPEN SPACES, OR TRAILS:

A. Leashes.

1. Dogs and cats must be leashed.

2. The leash or other similar restraint may be no more than six feet (6') in length.

3. No retractable leashes or wireless electronic and/or electric leashes are allowed.

4. All leashes must be of sufficient strength to restrain the animal when the leash is held by a person capable of restraining and controlling the dog or cat.

5. The determination as to whether a leash is of sufficient strength will be made by the city manager.

B. The owner or keeper must pick up and dispose of or take away the cat or dog's waste.

C. The owner or keeper is responsible for the actions of the dog or cat.

D. No owner or keeper may permit such dog or cat to run at-large in any park, open space, or trail.

1. A dog or cat found at-large is subject to seizure and impoundment in a place provided by the city.

2. Whenever any licensed dog or cat has been seized or impounded pursuant to this article, notice of such action must be given to the dog or cat's licensed owner.

3. Except as otherwise provided, the possession of any licensed dog or cat seized or impounded pursuant to this article may be obtained by the owner or keeper by paying an impoundment fee as established by the city manager, together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time that such dog or cat is impounded. Upon the second subsequent impoundment of the same animal within three hundred sixty five (365) consecutive days, an impoundment fee as established by the city manager will be assessed together with the separate daily fee for keeping such dog or cat each day or fraction thereof during the time which said dog or cat is impounded.

4. Upon proper identification the owner or keeper may redeem an unlicensed dog or cat seized or impounded pursuant to this article after licensing the animal or agreeing to purchase a license within ten (10) working days. Failure to do so will result in an additional fee as established by the city manager, added to the license fee.

5. Disposition of Animals.

a. Licensed Dog Or Cat: If the owner or keeper of a licensed dog or cat impounded pursuant to this article does not redeem such animal within five (5) days after the mailing of the notice provided for in this article, the license will automatically be revoked and the animal disposed of as directed by the city manager.

b. Unlicensed Dog Or Cat: Any unlicensed dog or cat not redeemed by the owner within three (3) days after it has been seized or impounded will be disposed of as directed by the city manager.

6. Exceptions.

a. An owner or keeper who is working or exercising a dog by tossing a retrieval dummy or other object for out-and back exercise at Bee Branch Recreation Area, 16th Street pond, and Bergfeld Recreation Area pond may allow the dog or cat to go unleashed. At all other times the dog or cat must be leashed in these areas.

b. An owner or keeper who is visiting a pet park where dogs or cats are allowed to be unleashed within a designated area may allow the dog or cat to go unleashed.

10-5B-65: WALKING ON GRASS:

No person mayshall go on foot or otherwise upon the grass or turf of any park, ~~or~~ parkway, or trail where any prohibitory sign is posted.

10-5B-76: THROWING STONES OR OTHER MISSILES:

No person mayshall throw any stone or any other missile within any park, ~~or~~ parkway, or trail.

(SECTIONS 10-5B-8 THROUGH 10-5B-22 ARE RENUMBERED)

10-5B-232: OPEN SEASON AND HOURS GENERALLY:

. . . .

ARTICLE C. SPECIFIC PARKS, OPEN SPACES AND TRAILS

10-5C-1: SPECIFIC PARK AREAS, OPEN SPACES AND TRAILS DESCRIBED:

Park descriptions for parks, open space descriptions for open spaces and trail descriptions for trails will be reviewed on a periodic basis and added, deleted and amended as necessary. Enforcement of use regulations will not be contingent on parks, open spaces, and trails being specifically listed in this provision.

The following described parcels of real estate are and will be used for public park purposes and will continue to be known as set forth below and placed under the jurisdiction of the park and recreation advisory commission:

A.Y. McDonald park: Blocks 1, 2, 3, 4 and 5 in River Front Subdivision No. 3.
Alliant Energy Amphitheater: The area of the Port of Dubuque west of the Mississippi Riverwalk, south of the railroad tracks east of Bell Street, and adjacent to the former Dubuque Star Brewery.
Allison-Henderson park: Lots 1, 18, 19, 20, 21 and 22 of Pinehurst Subdivision in the city of Dubuque, Iowa.
American Trust River's Edge Plaza: That area, including the flat area, steps and ramp, outside the floodwall at the Port of Dubuque at the south end of the Mississippi Riverwalk.

Avon park: Lots 6 through 10 of Mary Ann McDaniel's Subdivision of parts of Lots 823 and 824 of A. McDaniel's Subdivision in the city of Dubuque, Iowa.

Bunker Hill golf course: Part of Lot 2 in Highland Farms Addition; Lot 16 in Pfohl's Subdivision; Mineral Lots 189, 200, 201, 202, 210, 270, 336 and 370, and parts of Mineral Lots 190, 265 and 340, all in the city of Dubuque, Iowa.

Burden park: Lot 1 of Lot 1 of Lot 3 northeast quarter, Section 13, Township 89 North, Range 2 East in the city of Dubuque, Iowa.

Caledonia park: Lot 38 of Kelly's Subdivision in the city of Dubuque, Iowa.

Center Grove open space: East one fourth of City Lot 500.

Cleveland park: South two-thirds of city Lot 695 and Lots 35, 36, 37 and east 20 feet of Lot 38 of Union Addition in the city of Dubuque, Iowa.

Comiskey park: Lots 1 through 23, Lots 24 through 46 and the intervening alley in Boulevard Addition of the city of Dubuque, Iowa.

E.B. Lyons Prairie/Woodland Preserve: Lots 2 and 3 of the northeast one-quarter of the southeast one-quarter of section 1, township 88 north, range 2 east of fifth prime meridian; Lots 2 and 3 of the northwest one-quarter of the southwest one-quarter, Lots 2 and 3 of the northeast one-quarter of the southwest one-quarter, and Lot 2 of Lot 1 of the southwest one-quarter of the southwest one-quarter; of section 6, township 88 north, range 3 east of the fifth prime meridian in Dubuque County, Iowa, according to the respective recorded plats thereof.

Eagle Point park and Ham House Museum: Lot 1 through Lot 7 in Berendes Subdivision; Lot 2 in Chris Braun's Place; Lot 1 of Lot 1 of Lot 2 of Lot 2A in Clark's Subdivision; Lot 2 of Lot 1, Lot 2 of Lot 1 of Lot 1, and Lot 2 in Eagle Point View; Lot 2 of Lot 6, Lot 2 of Lot 1 of Lot 6, and Lot 107 through Lot 124 in Fountain Hill Resubdivisions; Lot 529 through Lot 534 in Ham's Addition; Lot 503 through Lot 515 in Ham's Addition (Eagle Point); Lot 2 of Lot 221, Lot 1 of Lot 222, Lot 223 and Lot 224 in Julien Addition; Lot 1 of Lot 6 in Katherine Place; Lot 2 of Lot 1 of Lot 1 of Lot 1 in Potter Place; Lot 1 through Lot 10 in Potter's Shiras Avenue Place; Lot 1 of Lot 2 of Lot 2 of Lot 3 and Lot 2 of Lot 3 in Shiras Subdivision; and parts of Mineral Lots 305A, 308, 309A, 310, 311 and 312, all in the city of Dubuque, Iowa.

Eagle Valley park: Lot C of Block 3 of Eagle Valley Subdivision.

Elmwood Green park: Lot 2-2-2 of Mineral Lot 349 in the city of Dubuque, Iowa.

Falk park: Lot 23 in Falks Subdivision in the city of Dubuque, Iowa.

Flat Iron park: A triangularly shaped area bounded on the easterly side by Main Street, on the southerly side by Jones Street and on the westerly side by Shields Street.

Flora park: Except for the appurtenant easements of right of way and a strip along Pennsylvania Street twenty feet (20') in width, the following real estate in the west end of the city; Sylvester Place: Lot 1 of 4 of Mineral Lot 260; Lot 2 of 1 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of 4 of Mineral Lot 260; Lot 2 of 2 of Mineral Lot 259; Lot 1 of 2 of Mineral Lot 259; Lot 1 of 1 of 1 of 1 of 1 of 2 of J.P. Metel's Subdivision.

Four Mounds: Lot 1 of Lot 1 of Lot 2 of Lot 1 of Lot 1, and Lot 1 of Lot 1 of Lot 2 of Lot 1, both of the Subdivision of "Lot 1 of Lot 7 of the southwest one-quarter of Section 1, the southwest one-quarter of the northwest one-quarter of Section 1 and Government Lot 1 (or Mineral Lot 331) of Section 1, Township 89 North, Range 2 East of the fifth principal meridian". Lot 2 of the northwest one-quarter of the northwest one-quarter of Section 1, Township 89 North, Range 2 East of the fifth principal meridian, all in the city of Dubuque, Iowa, and Lot 16 of "John Deere Dubuque Tractor Works" in Dubuque Township, and Lot 2 of Lot 1 of Lot 1 of Lot 2 of Lot 2 of Section 2, both in Township 89 North, Range 2 East of the fifth principal meridian, according to the United States Government Survey and the recorded plats thereof, subject to easements of record.

Franklin Delano Roosevelt park: Lot 1 of the west half of the northeast one-quarter of Section 4, Township 88 North, Range 2 East of fifth principal meridian in Dubuque County, Iowa and Mineral Lots 272 and 273, Lot 1 of Mineral Lot 271, Lot 1 of Mineral Lot 274, and Lot 1 of Mineral Lot 276 in Dubuque Township, Dubuque County, Iowa.

Gay park: Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 of Lot 1 in Young Primrose Place and Lots 3 and 4 in Grommersch Place, all in the city of Dubuque, Iowa.

Gerald "Red" McAleece park and recreation complex: Those portions of Mineral Lots 294, 295, Lots 1 and 2 of 296, 297, 298, 299 and 300 and Government Lot 1, located in Sections 17, 18, 19 and 20, Township 89 North, Range 3 East in the city of Dubuque, Dubuque County, Iowa, and bounded by Lake Peosta Channel and the Mississippi River.

Granger Creek nature trail: Area surrounding Dubuque Technology Park at corner of Highways 151/61 and Lake Eleanor Road.

Grant park: A triangularly shaped area bounded on the easterly side by Locust Street, on the westerly side by Bluff Street, and on the southerly side by Fifteenth Street.

Harvest View park: Lot A of Harvest View Estates First Addition.

Heritage trail: A linear piece of property from 22nd to 32nd Streets along Elm Street, in the city of Dubuque, Iowa.

Hillcrest park: Lot 1 of Lot 4 of Mineral Lot 261 in the city of Dubuque, Iowa.

Hilltop park: West one-half of Lot 1 of the south one-third of Lots 34 and 35; west 127 feet and 6 inches of Lot 1 of Lot 2 of the south one-third of Lots 34 and 35; west one-half of Lot 2 of Lot 2 of the south one-third of Lots 34 and 35; west one-half of the north one-half of Lot 36; west one-half of the south one-half of Lot 36; west one-half of Lot 2 of Lot 37; Lot 1 of Lot 1 of Lot 37; Lot 2 of Lot 2 of Lot 1 of Lot 37 all in Kelly's Subdivision in the city of Dubuque, Iowa.

Ice Harbor park: The area of the Port of Dubuque between the Portside Building and the National Mississippi River Museum and Aquarium.

Jackson park: An area bounded on the westerly side by Main Street, on the southerly side by Fifteenth Street, on the easterly side by Iowa Street and

on the northerly side by the south property line of city Lot 746 of the original township, all in the city of Dubuque, Iowa.

Jaycee Trail: A linear trail area paralleling the Peosta Channel from A.Y. McDonald Park to Pyatigorsk Park.

Jefferson park: Lots 38, 39, 40 and east 21 feet of Lot 41 of Farley's Subdivision in the city of Dubuque, Iowa.

John G. Bergfeld recreation area: Lot C of the Dubuque Industrial Center West.

Louis Murphy park: That part of Lots 1, 2 and 4 of Mineral Lot 37 lying southerly of Highway 61; that part of Lots 1, 2, 3, 4 and 5 of O'Connor's Subdivision lying southerly of Highway 61; westerly 42 feet of Lot 2 and the westerly 42 feet of Lot 2 of Lot 15 in Summer Hill Addition; Lots 14, 15, 16 and 17 in Rowan's Addition; Lot 1 of Lot 1 of the subdivision of Mineral Lot 36A; Lot 1 of Lot 2 of Mineral Lot 38; and that part of Lot 6 and all of Lots 7, 8, 9, 10, 11, 12 and 13 lying easterly of Highway 61, all in the city of Dubuque, Iowa.

Madison park: Lots 32, 33, and 34 of the Subdivision of Lots 676 and 677 in L.H. Langworthy Addition; Lot 5 of the Subdivision of Lot 674 in L.H. Chapter 5
PARKS AND RECREATION

ARTICLE A. ADMINISTRATION

10-5A-1: PARK RANGERS:
Employees assigned duties from time to time as park rangers in the leisure services department are designated as law enforcement officers subject to the certification of the successful completion of training at an approved law training facility. (Ord. 54-06, 7-5-2006)

10-5A-2: PARK AND RECREATION ADVISORY COMMISSION:

A. Commission Created: There is hereby created a park and recreation advisory commission to have such powers and responsibilities as hereinafter provided.

B. Purpose: The purpose of the commission is to:

1. Contribute to the general beautification of the city and assist in providing facilities for active and passive recreation through landscaping and maintaining park land and facilities; and

2. Provide year round opportunities for organized recreation activities for residents of all ages and social groups.

C. Powers: The responsibilities of the commission are to advise the city council on:

1. Use Of Grounds And Facilities: The establishment of rules and regulations governing the use of all grounds and facilities that have been or may be set aside as public parks, playgrounds and other such park and recreation facilities. Such rules and regulations shall include, but are not limited to:

a. Opening and closing hours for the use of all park and recreation facilities by the general public.

b. Establishment of fees, including the issuance of permits for public use of all park and recreation facilities.

2. Recreational Programs: The establishment of rules and regulations for all recreational programs provided by the city, including the establishment of fees for participation by the public in such activities.

D. Cooperation With Other Agencies: In the conduct and operation of recreation grounds and recreation programs, the commission shall cooperate with the Dubuque Community School District, Holy Family school system and all other groups interested in the promotion and implementation of recreational activities which are in the best interest of the city.

E. Solicitation And Acceptance Of Donations: The commission may solicit donations and gifts of money, personal and real property and personal services. All such donations and gifts shall become the property of the city for the general support of park and recreation programs of the city unless such items have been designated by the donors for specific purposes.

F. Membership, Appointment:

1. Membership; Quorum: The commission shall comprise seven (7) persons who shall be appointed by the city council for terms of three (3) years. Four (4) members of the commission shall constitute a quorum for the transaction of business.

2. Terms: The expiration date for all terms of office shall be June 30 of the appropriate year.

G. Attendance:

1. Attendance Entered Upon Minutes: The attendance of all commission members shall be entered upon the minutes of all meetings by the secretary.

2. Failure To Attend; Declaration Of Vacancy: If a member does not attend at least two-thirds ($^2/_3$) of all regularly scheduled meetings within a twelve (12) month period, it shall be grounds for the commission to recommend to the city council that the position be declared vacant and a replacement appointed.

H. Compensation: Members of the commission shall serve without compensation except for reimbursement of necessary expenses.

I. Organization:

1. Officers: The officers of the commission shall be a chairperson, a vice chairperson and a secretary. All officers shall be members of the commission.

2. Election; Term: At the first meeting in July of each year, the commission shall elect officers to serve one year terms of office. All officers shall be eligible to serve successive terms of office.

J. Meetings:

1. Regular Meetings: The commission shall meet not less than bimonthly, after four thirty o'clock (4:30) P.M. on a regularly scheduled day.

2. Special Meetings: Special meetings may be called by the chairperson or at the written request of three (3) members.

3. Minutes Filed With City Clerk: A copy of the minutes of all regular and special meetings of the commission shall be filed with the city clerk within ten (10) working days after each such meeting. (Ord. 54-06, 7-5-2006)

ARTICLE B. USE REGULATIONS

10-5B-1: DEFINITIONS:

As used in this article, the following terms shall have the following meanings:

COMMISSION OR THE COMMISSION: The park and recreation advisory commission of the city.

PARKS OR PARKWAYS: Parks, parkways, buildings, park roads or driveways, and all public service facilities or grounds, buildings and structures in and adjacent to the city, which are under the responsibility of the commission. (Ord. 54-06, 7-5-2006)

10-5B-2: INTOXICATING BEVERAGES:

A. Possession, Consumption, Or Use Of Alcoholic Liquor, Wine, Beer, Or Other Intoxicating Beverages Prohibited:

1. The possession, consumption, or use of alcoholic liquors, wine, and beer as defined by chapter 123 of the code of Iowa or any other intoxicating beverages is prohibited on park roadways and recreational trails, in park and recreation facility parking lots, and in vehicles located within a park.

2. The possession, consumption, or use of alcoholic liquors, wine, and beer as defined by chapter 123 of the code of Iowa or any other intoxicating beverages is prohibited in any public park or park and recreation facility unless specifically exempted in subsection B of this section.

B. Exemptions:

1. Locations Exempt: Subsection A2 of this section shall not apply to the possession, consumption, or use of alcoholic liquors, wine, beer, or other intoxicating beverages at:

a. Alliant Energy Amphitheater events for which a special events permit has been issued;

b. American Trust River's Edge Plaza events for which a special events permit has been issued;

c. A.Y. McDonald Park;

d. Bunker Hill Golf Course;

e. Eagle Point Park;

f. Flora Park;

g. Four Mounds Park as approved by the Four Mounds Foundation;

h. John G. Bergfeld Recreation Area;

i. Marshall Park as approved by the Dubuque Arboretum Association, Inc.;

j. McAleece Park and Recreation Complex;

k. Miller Riverview Park;

l. Mississippi Riverwalk events for which a special events permit has been issued;

m. Murphy Park;

n. Veterans Park; and

o. Any other park with the prior written approval of the city manager.

2. Closed Containers: Subsection A of this section shall not apply to the transporting of closed containers of intoxicating beverages on park roadways, in park and recreation facility parking lots, in vehicles located within the park, and the public parks and park and recreation facilities listed in subsection B1 of this section.

3. Keg Beer: Notwithstanding subsection B1 of this section, beer in containers commonly referred to as "keg beer" shall only be permitted by a licensed holder of a beer permit who has obtained a permit from the city manager authorizing the use of such container. (Ord. 58-10, 11-1-2010)

10-5B-3: HORSEDRAWN VEHICLES, RIDING OF ANIMALS RESTRICTED:

Horsedrawn vehicles, riding horses or any other domesticated animal used for such purposes shall be prohibited in any park unless permission is granted by the park and recreation advisory commission of the city. (Ord. 54-06, 7-5-2006)

10-5B-4: DOGS, CATS AND OTHER DOMESTIC ANIMALS:

Unleashed Animals Prohibited: No person shall be permitted to bring into any park, any dog, cat or other domestic animal, nor shall any person permit such dog, cat or other domestic animals to run at large in any park. Any unattended animal shall be impounded and its owner may redeem the same upon paying the reasonable costs of such impoundment.

B. Leashed Dogs And Cats Allowed In Certain Parks And Areas: Notwithstanding the foregoing, leashed dogs and cats shall be permitted in the following:

Granger Creek Nature Trail
John G. Bergfeld Recreation Area
Medical Associates Greenbelt Park
Miller-Riverview Park

C. Unleashed Pets Allowed In Pet Park: Unleashed pets shall be permitted in the pet park. (Ord. 54-06, 7-5-2006)

10-5B-5: WALKING ON GRASS:

No person shall go on foot or otherwise upon the grass or turf of any park or parkway where any prohibitory sign is posted. (Ord. 54-06, 7-5-2006)

10-5B-6: THROWING STONES OR OTHER MISSILES:

No person shall throw any stone or any other missile within any park or parkway. (Ord. 54-06, 7-5-2006)

10-5B-7: INTERFERING WITH ANIMALS:

No person shall kill, trap, tease, annoy, disturb, feed or interfere with any bird or other fowl, animals or fish in any park or parkway. No person shall rob, injure or destroy the nest of any bird or any other fowl. (Ord. 54-06, 7-5-2006)

10-5B-8: UNLAWFUL DEPOSITS:

No person shall throw, deposit, place or leave in any park or parkway any paper, rubbish, waste or refuse

of any kind or nature, but shall deposit the same in the receptacles provided for such materials in the parks or parkways. (Ord. 54-06, 7-5-2006)

10-5B-9: OBSTRUCTIONS:

No person shall place or suffer to remain in any park or parkway any goods, wares, merchandise or other articles in the nature of any obstruction to the free use and enjoyment of such park or parkway without written permission from the park and recreation advisory commission of the city. (Ord. 54-06, 7-5-2006)

10-5B-10: POSTING BILLS, NOTICES OR SIGNS:

No person shall post, paste, fasten, paint or affix any placard, bill, notice or sign upon any structure, tree, stone, fence, thing, or enclosure along or within any park or parkway. (Ord. 54-06, 7-5-2006)

10-5B-11: SALES RESTRICTED:

No person shall sell or offer for sale any article or service whatsoever in any park or parkway. The provisions of this section shall not apply to sales of refreshments or any other articles from concession stands authorized by the commission. (Ord. 54-06, 7-5-2006)

10-5B-12: POSSESSION OF FIREARMS, WEAPONS AND FIREWORKS:

A. Prohibition: The possession of firearms, air rifles, bows and arrows, pellet guns or slingshots, or fireworks of any description by any person within the limits of any park or parkway is hereby prohibited.

B. Deer Hunting With Bow And Arrow: Nothing herein shall prohibit the hunting with bow and arrow of deer by persons licensed by and during the period of time authorized by the Iowa department of natural resources and issued a permit by the city. (Ord. 54-06, 7-5-2006)

10-5B-13: CLIMBING ON FENCES, ROOFS:

No person shall climb, damage, tamper with, stand or sit on any fence, rail or any other structure not intended for such use in any park or parkway. The climbing of buildings and going onto roofs, either with ladders or from the inside of the buildings through the windows or any other way is forbidden. Climbing over ledges in ledge gardens by any person is prohibited. (Ord. 54-06, 7-5-2006)

10-5B-14: MOVING BENCHES AND TABLES:

No person shall move benches, seats and tables from any building or to any building in any park or parkway without first securing permission of the city manager. (Ord. 54-06, 7-5-2006)

10-5B-15: USE OF SPOTLIGHTS, SEARCHLIGHTS:

It shall be unlawful for any person, except regular park employees, to operate or manipulate in any park or upon any parkway any spotlight or searchlight. (Ord. 54-06, 7-5-2006)

10-5B-16: MEETINGS AND GATHERINGS:

Buildings for group gatherings may be reserved during the open park season by contacting the park and recreation office. Such reservations can be made twenty three (23) months in advance. Buildings shall be cleaned up after use by the party reserving the same. Litter, cans, paper, waste and refuse shall be deposited in receptacles provided therefor. (Ord. 3-08, 1-22-2008)

10-5B-17: FIRES:

No person shall start any fire in any park or upon any parkway, except that small fires may be made in the places in parks provided by the city for that purpose. Every person who starts or uses any such fire is hereby charged with the duty of completely extinguishing such fire before leaving it. (Ord. 54-06, 7-5-2006)

10-5B-18: LOOSENING STONES FROM BLUFFS PROHIBITED:

No person shall loosen stones from bluffs or roll or throw the same down the face of the bluff. (Ord. 54-06, 7-5-2006)

10-5B-19: WASHING VEHICLES:

No person shall wash any motor vehicle, motorcycle or scooter in any city park. (Ord. 54-06, 7-5-2006)

10-5B-20: COMPLIANCE WITH MOTOR VEHICLE LAWS, ORDINANCES:

No person in a park or parkway shall fail to comply with all applicable provisions of the motor vehicle laws of the state in regard to equipment and operation of motor vehicles together with such regulations as are contained in this article and other ordinances of the city. (Ord. 54-06, 7-5-2006)

10-5B-21: REMOVAL OF UNATTENDED VEHICLES LEFT AFTER CLOSING HOURS:

Any motor vehicle left unattended in any of the parks after closing thereof shall be deemed abandoned and the city manager or the park ranger shall cause the same to be towed from such park and the same shall not be redeemed by the owner or the person responsible therefor until the reasonable towing charges and storage fees are paid. (Ord. 54-06, 7-5-2006)

10-5B-22: OPEN SEASON AND HOURS GENERALLY:

A. No person shall enter or remain in any park or park and recreation facility other than during the season and hours designated in this section.

B. For the purposes of this section, the regular park season shall mean from the first Saturday in May through the fourth Sunday of October. The pet park shall be open year round.

C. Eagle Point park and Louis Murphy park shall be open for use by the public from seven o'clock (7:00) A.M. to ten o'clock (10:00) P.M. Sunday through Thursday, and from seven o'clock (7:00) A.M. to eleven o'clock (11:00) P.M. Friday and Saturday during the regular park season.

D. Marshall park and the public use area of Franklin Delano Roosevelt park shall be open to the general public from seven o'clock (7:00) A.M. to sunset daily during the regular park season.

E. Gerald "Red" McAleece park and recreation complex and Veterans Memorial park shall be open for use by the public from seven o'clock (7:00) A.M. to twelve o'clock (12:00) midnight daily.

F. Bunker Hill golf course shall be open for use by the public from seven o'clock (7:00) A.M. to eleven o'clock (11:00) P.M. daily, March through November.

G. Flora park swimming pool and Nicholas J. Sutton swimming pool shall be open for use by the public from six o'clock (6:00) A.M. to ten o'clock (10:00) P.M. daily, June through August.

H. The following parks and park and recreation facilities shall be open for use by the public from seven o'clock (7:00) A.M. to ten o'clock (10:00) P.M. daily:

A.Y. McDonald park
Allison-Henderson park
Avon park
Burden park
Cancer Survivor park
Caledonia park
Cleveland park
Comiskey park
Eagle Valley park
Elmwood Green park
Falk park
Flat Iron park
Flora park
Gay park
Granger Creek nature trail
Grant park
Harvest View park
Heritage trail
Hillcrest park
Hilltop park
Ice Harbor park
Jackson park
Jefferson park
John G. Bergfeld recreation area
Madison park
Marna Ridge children's forest
Medical Associates Greenbelt
Oakwood park
Pet park
Pinard park

		Beginning at the NW Corner of Lot 1 of said John Breakey's Addition; thence S46°22$^{3}/_{4}$'W, 315.98 ft., along the

		Northwesterly line of said John Breakey's Addition; thence S81°01$^{1}/_{4}$'W, 12.72 ft.; thence S38°47$^{3}/_{4}$'E, 64.04 ft.; thence S51°12$^{1}/_{4}$'W, 46.36 ft.; thence N38°47$^{3}/_{4}$'W, 78.87 ft.; thence S68°57$^{3}/_{4}$'W, 111.56 ft.; thence S35°45'W, 84.25 ft.; thence S42°39'E, 218.28 ft.
Teddy Bear park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Teddy Bear park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lot 1 of Block 19, Sunnyslopes Estates in the city of Dubuque, Iowa.
Usha park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Usha park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lot 1 of Lot 2 of Lot 1 of Byrne's Subdivision in the city of Dubuque, Iowa.
Valentine park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Valentine park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lot 1 of the Subdivision of Lot 1 of Lot 1 of Lot 1 of McLean Heights and Lot 4 in Block 2 of Marna Ridge Estates 2 in the city of Dubuque, Iowa.
Valley High park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Valley High park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lot 2 of Lot 1 of Lot 1 of Lot 1 in Mineral Lot 337 and Lot 5 in Wiegand's Subdivision, all in the city of Dubuque, Iowa.
Veterans' Memorial park		The following described parcel of real estate is and shall be continued to be known, called and named as "Veterans' Memorial park" and placed under the jurisdiction of the park and recreation advisory commission:

		Lot 2 of Mineral Lot 382, Lots 1 and 2 of Lot 1 of Mineral Lot 383, Mineral Lot 384 and part of Lot 1 of Lot 1 of Lot 2 of Mineral Lot 385 lying south of Thirty Second Street, all in the city of Dubuque, Iowa.
Waller-Cooper park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Waller-Cooper park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lots 26, 27 and 28 in Cooper Heights Addition in the city of Dubuque, Iowa.
Washington park:		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Washington park" and placed under the jurisdiction of the park and recreation advisory commission:
		An area bounded on the northerly side by West Seventh Street, on the westerly side by Bluff Street, on the southerly side by West Sixth Street, and on the easterly side by Locust Street.
Welu park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Welu park" and placed under the jurisdiction of the park and recreation advisory commission:
		Lot 22 of Sunset Park Eighth Addition to the city of Dubuque, Iowa.
Westbrook park		The following described parcel of real estate is and shall be used for public park purposes and shall be continued to be known, called and named as "Westbrook park" and placed under the jurisdiction of the park and recreation advisory commission:
		Approximately three (3) acres within Lot A, Block 1 of Westbrook Subdivision.

(Ord. 54-06, 7-5-2006)

ORIGINAL

RECEIVED
6-11-12

Dear Parks and Recreation Commission Members,

Thank you for considering the request to allow leashed dogs in Dubuque city parks. It is an issue many dog-owners in the area, and beyond, feel strongly about.

We understand that if the ordinance were to change, it would likely mean more work for the parks department staff, but we believe the benefits will quickly begin to outweigh the potential negatives if it is approved.

Our petition now has more than 1,100 signatures, 814 of which are from Dubuque.

Simply put, the current 40-year old law ruins the park experience for many families and dog-owners who want to explore the parks with their pets.

Scruffy Shuffle, Murphy Park 2011

Both locals and tourists who take dogs there for the first time are saddened to see the "No Pets Allowed" signs, and have to return home to either drop off their dog or abandon the day trip altogether. If they continue into the park with the dog, they face being harassed by park-goers, being reported to police, or of course, approached and kicked out.

Even worse, many people are advised by park staff to leave their dogs in the car. In the busiest tourism months of the summer, no pet should be left in a vehicle where dangerous temperatures could cause serious overheating and even death.

Many newcomers from out of town have expressed shock and disappointment after learning that dogs aren't allowed in City Parks, and they are happy to sign the petition to change it.

The on-going presence of DockDogs, and the new promise of a 3 year World Championship contract with them is another valid reason to consider changing the law.

Dogs mean big business for Dubuque, not only in the tourism field, but for local veterinarians, groomers, boarders, pet stores, and trainers. They have shown overwhelming support of this issue, and the majority of dog-related businesses in Dubuque have been collecting signatures from their clientele for the past few weeks.

It's time Dubuque took a step toward being a more dog-friendly city, which starts with the #1 place most people associate with walking a dog: Our city parks.

Please consider making a recommendation to the City Council that ordinance 10-5B-4, part B, be amended. Collectively, our great ideas can turn this issue into a positive, and perhaps even generate more revenue for the parks department.
Thank you for your time and consideration!

Sincerely,
Kate Lydon and the Responsible, Friendly Intelligent Dog Owners (FIDO) of Dubuque

Attached, please find our responses to anticipated objections, an updated signature list of 1,100+, a supportive comments list, letters of support from Jennifer Tigges, a lifelong Dubuque resident and business owner, and Kristen Woodward, Executive Director and Founder of Two-by-Two Non-Profit Education.

Anticipated Objections & Responses:

Objection 1) "But you have a dog park, and other certain parks."

Response A) We appreciate the pet park, and it is a great option for many dogs to experience off-leash freedom and socialization, however, it's not a good fit for all dogs. Some have trouble socializing with other dogs.

B) The pet park doesn't offer the option for the owner to exercise with the dog in the way that running or hiking in a park does. It's not as enjoyable to run or walk laps in the dog park as it is at Murphy Park. Opening all parks to dog owners would increase physical activity for a healthier Dubuque.

C) The pet park doesn't offer the beautiful natural features that Eagle Point, Louis Murphy, and other parks enjoy. There is a desire to enjoy the scenic views of the Mississippi River with the family pet.

D) Bergfeld Recreation area is a 15 minute drive from Downtown Dubuque (City Hall).
E) Medical Associates Greenbelt Park is a 10 minute drive from Downtown Dubuque without a lot of scenery.
F) Granger Creek Trail is a 13 minute drive from Downtown Dubuque.
G) Miller Riverview Park is a busy campground, not an ideal place to walk dogs.
H) Dogs are not allowed on Dubuque's most popular trails, including Heritage Trail, and The Riverwalk at the Port of Dubuque. We'd like to see this lifted, too.
I) A.Y. McDonald is great. We appreciate that there is a dog waste station there.
J) By lifting the ban on dogs in parks, over-use of the dog park may be lifted, neighbors would be happier about the decrease in barking.

Objection 2) "Some irresponsible dog owners won't pick up their dog's waste."

Solution A) Dog Waste Stations

The city may investigate adding more dog pick-up stations with plastic baggies and garbage cans throughout the parks and along trails and other high-traffic areas. The City of Des Moines builds their own out of PVC pipe to save money.

Perhaps the stations could be stocked with used plastic grocery bags, which normally end up in the landfill. Des Moines has invested in biodegradable bags in some cases, as well.

B) Official and Community Enforcement

Enforcement of basic park rules by park and police staff should help curb the dog waste problem. If someone is able to enforce dogs being in the park, they should be able to instead enforce basic park-use rules, such as picking up dog waste, keeping pets leashed, and writing citations for those who don't. Fees from citations would generate revenue.

Responsible owners will also have a vigilante attitude toward those who don't pick up after their pets. We won't want to loose the privilege because of a few bad apples, so there will be some community policing, too.

C) License Revenue, Park fees and Pet Passes

We believe owners who can present a valid pet license should be permitted in city parks. This would create an incentive to license your pet, and potentially increase revenue for the city.

According to the City Council Meeting Agenda for May 7 2012, The City of Dubuque anticipates receiving $146,000 in net revenue from animal licensing. Could this help pay for enforcement and pet waste stations?

Based on U.S.Census population data for Dubuque, there are likely around 14,500 dogs in the city. (Pet Ownership Calculator at AVMA.org) However, According to the City of Dubuque Answer Center, only 6,215 dogs were licensed in 2011.

If all dogs were licensed at the minimum $12 licensing fee, it would generate an additional $99,400 for the city. If even half of the unlicensed dogs were licensed *at the minimum*, it would generate an additional $50,000 for the city.

An additional small fee per dog could be added to the Eagle Point entry fee to help pay for the waste stations for those without city licenses.

D) Area dog advocacy groups could sponsor pet clean-up days to ensure the parks stay clean. They could be on call for the city if there is an issue with pet waste.

Objection 3) "Okay, but no "vicious" breeds of dogs will be allowed."

Response A) There are no vicious breeds, only irresponsible owners. Dubuque has done a phenomenal job of not discriminating based on breed, but instead on the actions of dogs and their owners. All dogs enjoy a long, sunny walk in the park, which can help build confidence and character in any dog, making them better canine citizens.

B) It would be reasonable to require that pets stay off of playground equipment, picnic tables, and out of pavilion buildings.

Name	City	St8	Comment
Ryan Larson	Dubuque	IA	The parks are beautiful. I want to enjoy them with my dog.
Katie Nechodom	Platteville	WI	Allowing dogs to walk in these parks would be amazing. The ban is limiting activities that we enjoy. If you are able to enforce "no dogs" you should be able to enforce that people keep their dogs on a leash and to pick up dog poop.
Robin MacFarlane	Hazel Green	WI	We have gorgeous parks here. I would like to enjoy them with my dogs and invite my out of town friends and clients to do the same when they visit. Enforce responsible dog ownership laws but lets stop punishing every dog owner because of a few who "might" cause a problem.
Lisa Johnson	Dubuque	IA	I would love to be able to walk to a neighborhood city park and have my dog accompany me in the park.
cheri manternach	cascade	IA	I'm signing because I would love to bring my dog to the park. My dog and I are best friends and when I'm not working, my dog is with me. If the parks allowed dogs, the city would have more revenue from the parks because more pet owners would go...even those of us from small neighboring communities.
Jennifer Tigges	Dubuque	IA	I do not have a dog currently but want to see more dog opportunities.
David Oliver	Dubuque	IA	I am signing because I would like to be able to take my dog to the park instead of keeping him locked up when I go to enjoy the park. The dog park is a nice option but some owners have spoiled the pleasure of going there for me.
Ryan Newhard	Dubuque	IA	I am a responsible pet owner with licensed dogs, and they would love to see some of our great parks!
Connie Twining	Dubuque	IA	I would be happy to pay a per dog fee in order to bring my dog with us to the park! Let's pass an ordinance with a hefty fine for anyone caught NOT cleaning up after their dog(s). I'll keep an up to date copy of my dog's license in my car to show the attendant at the gate as well.
Marsha Corken	Dubuque	IA	My dog is part of the family.
Lisai Flores	Dubuque	IA	Rules like No Pets Allowed in public parks makes me feel discriminated against. Finding a landlord to rent from also felt like a form of discrimination. I do not understand this law because it seems very irrational in that it discourages people to walk in public. I would think that Dubuque would want to be more pet friendly in order to encourage positive community presence.
alicia mcmillan	galena	IL	I am signing because as a responsible dog owner, that my pets should be allowed to travel with me to Dubuque Ia. For an outing and not feel that my rights are being taken away from me.
Shannon Cantril	Dubuque	IA	I would love to go to the park with my entire family...including our family dog.

Amber Bettcher	Dubuque	IA	I would love to be able to take my dog to the park with the family!!
Cynthia Nelms-Byrne	Dubuque	IA	I want to be able to walk my dog at any park in Dubuque. Just put a HUGE fine on anyone who doesn't pick up after their pooch within city limits.
Susan Barnes	des moines	IA	I lived in Dubuque for many years and I still visit WITH MY DOGS....the one thing that keep me and many of my fello dockdogs competitors from staying longer is that the city is not very dog friendly with respouces for us.THis need to change...especially since Dubuque is hosting the WORLD dockdogs event for the next 3 years!
Jane Heiar	Dubuque	IA	Dogs are part of peoples family or are their family. But we can not take our "family" pets to enjoy the beauty of our parks? I agree there needs to be enforcement of cleaning up after your pet and possibley keeping them on a long line or leash, but they SHOULD be allowed to enjoy our parks too!
Elizabeth Hemenway	Peosta	IA	As long as pet owners are responsible for themselves and their dogs, there is no reason that dogs should not be able to accompany their owners to the park!
Vicki Stinson	Urbandale	IA	If a dog doesn't like other dogs or people, the owner certainly isn't going to walk in parks.
Chelsie Cruise	Dubuque	IA	Our pets are our family. They deserve to join us in our family outings to the parks. As responsible pet owners we should know to clean up after our pets, therefor doggy "oops!" bags should be provided near trashcans. If an owner loves their dog enough to bring them to a park they should be responsible enough to pick up after them aswell
Karen Weber	Dubuque	IA	My dog and I love to play outside together - but we can't play in the most beautiful places in Dubuque. Please let us enjoy the parks with our best friends!
Mary Erschen	Dubuque	IA	I own FidoFit on Main Street and believe this cause is important to pet-related business owners.
Barb Dempsey	dubuque	IA	So I can walk my dog in the parks in DBQ
Shay Birch	Dubuque	IA	Love my dogs!
Lynn Pape	Rickardsville	IA	My girl,Hope,is a member of my family and as a family we like to share activities/share time together. This would be a great start for Dubuque to become more dog-friendly. It is long over due!

Jon Schmitz	Dubuque	IA	I think my dog should have just as much right to roam around on all fours and bark in a public park as I do.
Josie Brannon	Dubuque	IA	i have three dogs and they are my life <3>s too risky to walk through unkept woods due to poisonous plants and dangerous insects like ticks to harm my dogs. i would greatly appreciate it, even if only certain sections of some parks allow dogs. take eagle point for example- it is definitely large enough to take a fraction to allow dogs in. thanks for consideration!
Maria Menster	Dubuque	IA	I do not have my own dog, but dogsit frequently. There are many responsible dog owners that pick up what is needed and want to share a walk in the park with their pets.
Annalissa Johnson	Rochester	MN	I used to live in the Dubuque area and is was disheartening that I was unable to enjoy the city (especially the parks) with my dogs.
Matt Walsh	Dubuque	IA	I am signing because I would love to be able to enjoy time with both my dog and my children at one of our beautiful parks.. I consider my boxer dog to be a part of my family. The dog park does not have any equipment to accomodate kids. By allowing pets in the parks, I would have the opportunity to keep my entire family entertained(including my dog).
brooke jenk	dubuque	IA	if dogs are on a leash it shouldn't matter where they are :)
Kendra Cross	Dubuque	IA	I'm tired of walking my dogs down the street and having unleashed dogs come running up barking and growling at my dogs. On one occasion the dog actually started attacking my dog. Animal control needs to start doing a better job patroling the streets and fining people who's dogs aren't leashed. If dogs were allowed in parks I would be able to walk them there and not have to deal with this problem.
William Peterson	Dubuque	IA	It would be terrific to stroll the beautiful parks of Dubuque with my loyal friend at my side.
Mary Ann Vandermille n	Dubuque	IA	I walk daily with my dog and would love to be able to walk in our beautiful parks. Most dog owners are very responsible for their pets. I would like to see our town become more dog friendly.
Tina Kemmerlin g	Cedar Rapids	IA	I may live in Cedar Rapids but my fiance and I walk our dogs in a park close to our home and if we couldn't do that, I would be devastated. We enjoy walking our dogs around the park, especially because we have a toddler that enjoys the park as well.
Emily Attwood	Decorah	IA	As a former citizen of Dubuque I always was irritated with the dog ban as I am a big lover of dogs. I could not take the kids and the dog to the park to play at the same time; something I always enjoyed growing up. I still visit Dubuque and believe this old city law should be abolished or less restrictive.

Joe Gau	Dubuque	IA	Responsible pet owner
Marianne Kirkendall	Dubuque	IA	I am a longtime resident of Dubuque, and an avid dog walker. I enjoy having my dogs with me as I walk. Growing up in Dubuque, I figured such a restriction was normal. When I left Dubuque for school, I found out that assumption was very wrong. Chicago, Ames, Des Moines, Los Angeles, Houston, San Antonio...all of these areas allowed you to take your dog with you to enjoy their parks. It was an amazing, eye-opening experience. If all of these cities can handle having dogs in their parks, why can't Dubuque? The dog park is NOT a substitute for being able to walk your dog. I don't want my dogs just running around in a public yard that doesn't have any interesting features about it. I want to be able to walk my dogs up along the bluff, down by the river and in the neighborhood park just one block away.
Isabelle Kirkendall	Dubuque	IA	It works in well in other cities (Ames), and is highly overdue.
Shelly Freiburger	Dubuque	IA	I like to walk around the path in Valentine park and it would be nice to walk with my dog. Plus it is safer than walking along the street.
Henry Haas	dubuque	IA	in the land of the so called free and we cannot bring a pet to the park
Charlotte Martin	Hazel Green	WI	I am signing this petition because we are moving to Dubuque in just a few short weeks and our new home boarders Flora Park. It would be wonderful to be able to just walk out my front door and take our Golden Retriever for a walk with my children in the park.
Jeanne Stoakes	Oxford	IA	It's unbelievable that dogs are not allowed in the park! If it can happen in NYC then why not Dubuque? They deserve to be out and about with their owners. This is the 21st century--the train has left the station on this one!
karen reiter	Dubuque	IA	A pet is a part of a family and should be allowed to enjoy a picnic with his/her family instead of having to be left at home alone. Also, if a family is planning a full day at the park, someone has to drive home to let the family pet out to do his/her duty and then leave and go back to the picnic. There is no need for this if the owner is responsible and cleans up after the pet and keeps the pet on a leash or chain in the area that the family is enjoying their picnic.
Sue Dillon	Dubuque	IA	A dog-friendly city is a people-friendly city. We all want to walk our dogs in the city parks. We want to welcome visitors who travel with their dogs. Please change this ordinance.
Shea Ricketts	Dubuque	IA	I should be able to take my dog any where. We buy dog licences for the city but we can't take them anywere?

Andrea Pierce-Kightlinger	Dubuque	IA	I am a pet lover and my dogs go everywhere with us.
Mark Kightlinger	Dubuque	IA	We love our pets and they go everywhere with us they are our family.
Stephanie Ohnesorge	Dubuque	IA	I think it is about time to let dogs into parks. If a dog has an issue then we need to look at the owner and they need to be responsible and not place their dog in that environment. Please do not punish all dogs for a few irresponsible dog owners.
Elaine Herman	Dubuque	IA	I would love to walk my dog around the park its right across the street. Yes i do carry two bags with me when i do walk him.
Paula Neuhaus	Dubuque	IA	responsible pet owners & leashed dogs should enjoy the park together!
Kristine Jubeck	Dubuque	IA	I live near flora park and want to be able to walk my dog through it.
Alice Hoerner	Dubuque	IA	I am not presently a dog owner, but I believe dogs should be allowed in the parks with their owners.
lisa Sandry	Dubuque	IA	i own 2 dogs!!!
Charles Collins	Dubuque	IA	White Front Feed & Seed
Cindy Caraway	Dubuque	IA	Because I am a responsible pet owner who would love to take my pet to picnics or enjoy a walk in the park with them.
Traci Welsh	Santa Clara	UT	Dubuque was my hometown for 40 years and now in Utah I am an animal advocate and also a manager of Wellness Resort. Making Dubuque a pet friendly community is a natural, and will encourage healthier dubuquer's. Tourists will come!!!
Laurel Davis	Las Vegas	NV	I love dogs and enjoy having my dogs with me when walking,playing or just hang out in the beautiful parks the city has to offer. Dogs bring people together. If Las Vegas can do it, so can Dubuque.
Tim Brechlin	Middleton	WI	I lived in Dubuque for eight years, and I still love the city with all my heart. I love its parks, and I would love to be able to walk them and see dogs walking
Jesse Mulert	Seattle	WA	Dubuque native.
Kerry Urell	Dubuque	IA	Want to be able to walk in the parks with my dog.

Shantel Ternes	Dubuque	IA	My family loves spending time together with our dog in the outdoors. There are so many parks we're unable to enjoy because of the ban on dogs in city parks. I believe in being a responsible owner, which means having a well-behaved dog in public and cleaning up after them. If the owner's are willing to be responsible, it seems the city would only benefit from having a more dog friendly environment.
Dayna Haverland	Dubuque	IA	So long as they clean up and are on a leash.
Connie Walker	Dubuque	IA	I love taking my Dog with me on walks and we always pick up after her.
Micahael Finn	Dubuque	IA	I'm a resident of Dubuque, IA and taking my dog to the park is immensely important to me.
Val Kevan	Phoenix	AZ	I lived in DBQ for many years! Let the dogs in the parks as long as they are leashed
Chelsea Johnsen	Ames		Because parks without dogs are not really parks. :)
Kari Voss	Dubuque	IA	Our dogs are part of our family.
Kim Jaeger	Dubuque	IA	I have two dogs that would love to play with us at the park!

Park and Recreation Commission
C/o Marie Ware
Leisure Services
2200 Bunker Hill Road
Dubuque, IA 52001

Dear Commissioners:

This letter is to give my support to allowing dogs in Dubuque City parks.

As a life long Dubuquer, I thought that the absence of dogs in a city park was the norm. Traveling outside this area I found out how different we really were. There are many tax paying, dog license paying citizens that would love to be able to take their dog to their local parks. Legally. I currently am not a dog owner.

This is also an economic issue. For years the Dubuque Kennel Club Dog Show has been held at Five Flags Center and dogs are not legally allowed in Washington park. Now that the Dubuque Convention and Visitors Bureau has secured the Dock Dogs World Competition for the next three years, we must show our support to the economic impact of our dog visitors and dog lovers alike. If we are to maintain ourselves on a regional, national and world toursim draw for animal lovers, we must show our support in our parks and our businesses.

Please vote in favor to recommend change to allow dogs in our city parks. I realize that this will take some time to come up with the details on how this can be accomplished to satisfy both the dog owners and park guests.

Sincerely,

Jennifer L Tigges

June 4, 2012

Dear City of Dubuque,

I am writing on behalf of the Petition to Allow Dogs in City Parks. As the founder of the nonprofit organization Two by Two and an active citizen in the tri-state area, I would like to see the City of Dubuque amend ordnance 10-5B-4 part B, to allow dogs in all city parks.

The educational nonprofit, Two by Two, provides character education to over 10,000 students per year within the tri-state area. The unique aspect of Two by Two's programming is that it includes the extraordinary, hands-on learning tool of animals. Our mission statement is simple, but profound: Two by Two is committed to developing responsible citizens of strong character who care for, respect and appreciate people, animals and the environment. By permitting our community and out-of-town visitors the privilege of walking their dog on a leash in a city park would help children and adults experience and understand the importance of treating all living creatures with kindness and respect. However, with this privilege, I do feel there should be safety measures in place for all involved (i.e. – specific areas for dog walking within the park, playground areas restricted to people only).

In 1933, the National Parent Teacher Association Congress said it best: "Children trained to extend justice, kindness, and mercy to animals become more just, kind, and considerate in their relations with each other. Character training along these lines will result in men and women of broader sympathies, more humane, more law-abiding – in every respect more valuable citizens."

What better way to start including animals and nature into our everyday lives than by including dogs into our beautiful parks. I hope you will consider amending the current ordinance to allow dogs in city parks.

Sincerely,

Kristin Woodward

To: City of Dubuque

Subject: **Dubuque: Repeal the Ban on Dogs in City Parks**

Letter: To Whom it May Concern,

Dubuque is an amazing place to live and play. It is quickly becoming a tourist destination, and aspires to be one of the top places to live and work in the U.S.

But one restriction prevents Dubuque from being #1. It's that we are banned from enjoying our favorite parks and trails with our canine companions.

This ordinance was passed more than four decades ago for unknown reasons, and Dubuque is the only major city in Iowa that outlaws dogs in their city parks.

We believe it's time to repeal the antiquated law. Families should be able to walk their leashed, licensed dogs in all of Dubuque's 50+ parks without feeling like criminals.

Owners who pay local taxes and dog licensing fees, especially, should get to enjoy the beauty of all parks with their pets.

People considering a move to Dubuque often look at what amenities are available for their pets. Dubuque does a great job of welcoming newcomers, and that should include the family dog.

Tourists should also be encouraged to experience our one-of-a-kind parks with their canine friends, especially with the recent announcement that DockDogs will hold their World Championships in downtown Dubuque for the next three years. After flying in from around the globe, do we really want to greet them with "NO PETS ALLOWED" signs in the one place they expect to be able to walk their athletes?

It's clear that dogs are becoming a major part of not only our culture, but our economy. Local veterinarians, trainers, groomers, and pet stores would agree.

It is for these reasons and more, that we respectfully ask that the Dubuque City Council amend ordinance 10-5B-4, part B, to allow dogs in all city parks, and make a step toward being a more dog-friendly community.

If bigger cities like Cedar Rapids and Des Moines can handle having dogs in parks, we know Dubuque can, too. With the city's cooperation, and effort and commitment from dog owners to be responsible, Dubuque can be one step closer to the #1 city it aspires to be.

Find us online at facebook.com/DBQdogs

Anticipated Objections & Responses:

Objection 1) "But you have a dog park, and other certain parks."

Response A) We appreciate the pet park, and it is a great option for many dogs to experience off-leash freedom and socialization, however, it's not a good fit for all dogs. Some have trouble socializing with other dogs.

B) The pet park doesn't offer the option for the owner to exercise with the dog in the way that running or hiking in a park does. It's not as enjoyable to run or walk laps in the dog park as it is at Murphy Park. Opening all parks to dog owners would increase physical activity for a healthier Dubuque.

C) The pet park doesn't offer the natural beauty that Eagle Point, Louis Murphy, and other parks enjoy. There is a desire to enjoy the scenic views of the Mississippi River with the family pet.

D) Bergfeld Recreation area is a 15 minute drive from Downtown Dubuque (City Hall).
E) Medical Associates Greenbelt Park is a 10 minute drive from Downtown Dubuque without a lot of scenery.
F) Granger Creek Trail is a 13 minute drive from Downtown Dubuque.
G) Miller Riverview Park is a busy campground, not an ideal place to walk dogs.
H) Dogs are not allowed on Dubuque's most popular trails, including Heritage Trail, and The Riverwalk at the Port of Dubuque. We'd like to see this lifted, too.
I) A.Y. McDonald is great. We appreciate that there is a dog waste station there.
J) By lifting the ban on dogs in parks, over-use of the dog park may be lifted, neighbors would be happier about the decrease in barking.

Objection 2) "Some irresponsible dog owners won't pick up their dog's waste."

Solution A) Dog Waste Stations

The city may investigate adding dog pick-up stations with plastic baggies and garbage cans throughout the parks and along trails and other high-traffic areas. These cost between $80 and $200 each. The City of Des Moines builds their own out of PVC pipe to save money.

Perhaps the stations could be stocked with used plastic grocery bags, which normally end up in the landfill. Des Moines has invested in biodegradable bags in some cases, as well.

B) Enforcement

Enforcement of basic park rules should help curb the dog waste problem. If there is a park ranger on duty that is able to enforce dogs being in the park, they should be able to instead enforce basic park-use rules, such as picking up dog waste, keeping pets leashed, and writing citations for those who don't. Fees from citations would generate revenue.

Responsible owners will also have a vigilante attitude toward those who don't pick up after their pets. We won't want to loose the priviledge because of a few bad apples, so there will be some community policing, too.

C) License Revenue, Park fees and Pet Passes

According to the City Council Meeting Agenda for May 7 2012, The City of Dubuque anticipates receiving $146,000 in NET revenue from animal licensing. This could help pay for enforcement and pet waste stations.

We believe owners who can present a valid pet license should be permitted in city parks. This would create an incentive to license your pet, and potentially increase revenue for the city.

Based on U.S.Census population data for Dubuque, there are likely around 14,500 dogs in the city. (Pet Ownership Calculator at AVMA.org) However, According to the City of Dubuque Answer Center, only 6,215 dogs were licensed in 2011. If all dogs were licensed at the minimum $12 licensing fee, it would generate an additional $99,400 for the city. If even half of the unlicensed dogs were licensed at the minimum, it would generate an additional $50,000 for the city.

An additional small fee per dog could be added to the Eagle Point entry fee to help pay for the waste stations for those without city licenses.

D) Area dog advocacy groups could sponsor pet clean-up days to ensure the parks stay clean. They could be on call for the city if there is an issue with pet waste.

Objection 3) "Okay, but no "vicious" breeds of dogs will be allowed."

Response: There are no vicious breeds, only irresponsible owners. Dubuque has done a phenomenal job of not discriminating based on breed, but instead on the actions of dogs and their owners. We applaud their stance on this issue and appreciate it SO much. All dogs enjoy a long, sunny walk in the park, and the exercise and socialization that come with a park walk can help build confidence and character in any dog, making them better canine citizens.

Name	City	State	Zip	Comment
Ryan Larson	Dubuque	IA	52001	The parks are beautiful. I want to enjoy them with my dog.
Katie Nechodom	Platteville	WI	53818	Allowing dogs to walk in these parks would be amazing. The ban is limiting activities that we enjoy. If you are able to enforce "no dogs" you should be able to enforce that people keep their dogs on a leash and to pick up dog poop.
Robin MacFarlane	Hazel Greei	WI	53811	We have gorgeous parks here. I would like to enjoy them with my dogs and invite my out of town friends and clients to do the same when they visit. Enforce responsible dog ownership laws but lets stop punishing every dog owner because of a few who "might" cause a problem.
Lisa Johnson	Dubuque	IA	52003	I would love to be able to walk to a neighborhood city park and have my dog accompany me in the park.
cheri manternach	cascade	IA	52033	allowed dogs, the city would have more revenue from the parks because more pet owners would go...even those of us from small neighboring communities.
Jennifer Tigges	Dubuque	IA	52002	I do not have a dog currently but want to see more dog opportunities.
David Oliver	Dubuque	IA	52001	I am signing because I would like to be able to take my dog to the park instead of keeping him locked up when I go to enjoy the park. The dog park is a nice option but some owners have spoiled the pleasure of going there for me.
Ryan Newhard	Dubuque	IA	52001	I am a responsible pet owner with licensed dogs, and they would love to see some of our great parks!
Connie Twining	Dubuque	IA	52001	I would be happy to pay a per dog fee in order to bring my dog with us to the park! Let's pass an ordinance with a hefty fine for anyone caught NOT cleaning up after their dog(s). I'll keep an up to date copy of my dog's license in my car to show the attendant at the gate as well.
Marsha Corken	Dubuque	IA	52003	My dog is part of the family.
Lisai Flores	Dubuque	IA	52001	do not understand this law because it seems very irrational in that it discourages people to walk in public. I would think that Dubuque would want to be more pet friendly in order to encourage positive community presence.
alicia mcmillan	galena	IL	61036	I am signing because as a responsible dog owner, that my pets should be allowed to travel with me to Dubuque Ia. For an outing and not feel that my rights are being taken away from me.
Shannon Cantril	Dubuque	IA	52001	I would love to go to the park with my entire family...including our family dog.
Amber Bettcher	Dubuque	IA	52003	I would love to be able to take my dog to the park with the family!!
Cynthia Nelms-Byrne	Dubuque	IA	52001	I want to be able to walk my dog at any park in Dubuque. Just put a HUGE fine on anyone who doesn't pick up after their pooch within city limits.
Susan Barnes	des moines	IA	50310	I lived in Dubuque for many years and I still visit WITH MY DOGS....the one thing that keep me and many of my fello dockdogs competitors from staying longer is that the city is not very dog friendly with respouces for us.THis need to change...especially since Dubuque is hosting the WORLD dockdogs event for the next 3 years!
Jane Heiar	Dubuque	IA	52002	Dogs are part of peoples family or are their family. But we can not take our "family" pets to enjoy the beauty of our parks? I agree there needs to be enforcement of cleaning up after your pet and possibley keeping them on a long line or leash, but they SHOULD be allowed to enjoy our parks too!
Elizabeth Hemenway	Peosta	IA	52068	As long as pet owners are responsible for themselves and their dogs, there is no reason that dogs should not be able to accompany their owners to the park!
Vicki Stinson	Urbandale	IA	50322	If a dog doesn't like other dogs or people, the owner certainly isn't going to walk in parks.
Chelsie Cruise	Dubuque	IA	52002	Our pets are our family. They deserve to join us in our family outings to the parks. As responsible pet owners we should know to clean up after our pets, therefor doggy "oops!" bags should be provided near trashcans. If an owner loves their dog enough to bring them to a park they should be responsible enough to pick up after them aswell

comments in support

Karen Weber	Dubuque	IA	52001	My dog and I love to play outside together - but we can't play in the most beautiful places in Dubuque. Please let us enjoy the parks with our best friends!
Mary Erschen	Dubuque	IA	52001	I own FidoFit on Main Street and believe this cause is important to pet-related business owners.
Barb Dempsey	dubuque	IA	52001	So I can walk my dog in the parks in DBQ
Shay Birch	Dubuque	IA	52001	Love my dogs!
Lynn Pape	Rickardsvill	IA	52039	My girl,Hope,is a member of my family and as a family we like to share activities/share time together. This would be a great start for Dubuque to become more dog-friendly. It is long over due!
Jon Schmitz	Dubuque	IA	52001	I think my dog should have just as much right to roam around on all fours and bark in a public park as I do.
Josie Brannon	Dubuque	IA	52003	I have three dogs and they are my life <3>s too risky to walk through unkept woods due to poisonous plants and dangerous insects like ticks to harm my dogs. i would greatly appreciate it, even if only certain sections of some parks allow dogs. take eagle point for example- it is definitely large enough to take a fraction to allow dogs in. thanks for consideration!
Maria Menster	Dubuque	IA	52002	I do not have my own dog, but dogsit frequently. There are many responsible dog owners that pick up what is needed and want to share a walk in the park with their pets.
Annalissa Johnson	Rochester	MN	55901	I used to live in the Dubuque area and is was disheartening that I was unable to enjoy the city (especially the parks) with my dogs.
Matt Walsh	Dubuque	IA	52002	I am signing because I would love to be able to enjoy time with both my dog and my children at one of our beautiful parks.. I consider my boxer dog to be a part of my family. The dog park does not have any equipment to accomodate kids. By allowing pets in the parks, I would have the opportunity to keep my entire family entertained(including my dog).
brooke jenk	dubuque	IA	52001	if dogs are on a leash it shouldn't matter where they are :)
Kendra Cross	Dubuque	IA	52001	I'm tired of walking my dogs down the street and having unleashed dogs come running up barking and growling at my dogs. On one occasion the dog actually started attacking my dog. Animal control needs to start doing a better job patroling the streets and fining people who's dogs aren't leashed. If dogs were allowed in parks I would be able to walk them there and not have to deal with this problem.
William Peterson	Dubuque	IA	52001	It would be terrific to stroll the beautiful parks of Dubuque with my loyal friend at my side.
Mary Ann Vandermille	Dubuque	IA	52003	I walk daily with my dog and would love to be able to walk in our beautiful parks. Most dog owners are very responsible for their pets. I would like to see our town become more dog friendly.
Tina Kemmerling	Cedar Rapic	IA	52404	I may live in Cedar Rapids but my fiance and I walk our dogs in a park close to our home and if we couldn't do that, I would be devastated. We enjoy walking our dogs around the park, especially because we have a toddler that enjoys the park as well.
Emily Attwood	Decorah	IA	52101	As a former citizen of Dubuque I always was irritated with the dog ban as I am a big lover of dogs. I could not take the kids and the dog to the park to play at the same time; something I always enjoyed growing up. I still visit Dubuque and believe this old city law should be abolished or less restrictive.
Joe Gau	Dubuque	IA	52001	Responsible pet owner

				I am a longtime resident of Dubuque, and an avid dog walker. I enjoy having my dogs with me as I walk. Growing up in Dubuque, I figured such a restriction was normal. When I left Dubuque for school, I found out that assumption was very wrong. Chicago, Ames, Des Moines, Los Angeles, Houston, San Antonio...all of these areas allowed you to take your dog with you to enjoy their parks. It was an amazing, eye-opening experience. If all of these cities can handle having dogs in their parks, why can't Dubuque?
Marianne Kirkendall	Dubuque	IA	52003	The dog park is NOT a substitute for being able to walk your dog. I don't want my dogs just running around in a public yard that doesn't have any interesting features about it. I want to be able to walk my dogs up along the bluff, down by the river and in the neighborhood park just one block away.
Isabelle Kirkendall	Dubuque	IA	52003	It works in well in other cities (Ames), and is highly overdue.
Shelly Freiburger	Dubuque	IA	52003	I like to walk around the path in Valentine park and it would be nice to walk with my dog. Plus it is safer than walking along the street.
Henry Haas	dubuque	IA	52001	in the land of the so called free and we cannot bring a pet to the park
Charlotte Martin	Hazel Greei	WI	53811	I am signing this petition because we are moving to Dubuque in just a few short weeks and our new home boarders Flora Park. It would be wonderful to be able to just walk out my front door and take our Golden Retriever for a walk with my children in the park.
Jeanne Stoakes	Oxford	IA	52322	It's unbelievable that dogs are not allowed in the park! If it can happen in NYC then why not Dubuque? They deserve to be out and about with their owners. This is the 21st century--the train has left the station on this one!
karen reiter	Dubuque	IA	52001-3567	A pet is a part of a family and should be allowed to enjoy a picnic with his/her family instead of having to be left at home alone. Also, if a family is planning a full day at the park, someone has to drive home to let the family pet out to do his/her duty and then leave and go back to the picnic. There is no need for this if the owner is responsible and cleans up after the pet and keeps the pet on a leash or chain in the area that the family is enjoying their picnic.
Sue Dillon	Dubuque	IA	52001	A dog-friendly city is a people-friendly city. We all want to walk our dogs in the city parks. We want to welcome visitors who travel with their dogs. Please change this ordinance.
Shea Ricketts	Dubuque	IA	52001	I should be able to take my dog any where. We buy dog licences for the city but we can't take them anywere?
Andrea Pierce-Kightlin	Dubuque	IA	52001	I am a pet lover and my dogs go everywhere with us.
Mark Kightlinger	Dubuque	IA	52001	We love our pets and they go everywhere with us they are our family.
Stephanie Ohnesorge	Dubuque	IA	52001	I think it is about time to let dogs into parks. If a dog has an issue then we need to look at the owner and they need to be responsible and not place their dog in that environment. Please do not punish all dogs for a few irresponsible dog owners.
Elaine Herman	Dubuque	IA	52001	I would love to walk my dog around the park its right across the street. Yes i do carry two bags with me when i do walk him.
Paula Neuhaus	Dubuque	IA	52001	responsible pet owners & leashed dogs should enjoy the park together!
Kristine Jubeck	Dubuque	IA	52001	I live near flora park and want to be able to walk my dog through it.
Alice Hoerner	Dubuque	IA	52001	I am not presently a dog owner, but I believe dogs should be allowed in the parks with their owners.
lisa Sandry	Dubuque	IA	52001	i own 2 dogs!!!
Charles Collins	Dubuque	IA	52003	White Front Feed & Seed
Cindy Caraway	Dubuque	IA	52001	Because I am a responsible pet owner who would love to take my pet to picnics or enjoy a walk in the park with them.
Traci Welsh	Santa Clara	UT	84765	Dubuque was my hometown for 40 years and now in Utah I am an animal advocate and also a manager of Wellness Resort. Making Dubuque a pet friendly community is a natural, and will encourage healthier dubuquer's. Tourists will come!!!
Laurel Davis	Las Vegas	NV	89122	I love dogs and enjoy having my dogs with me when walking,playing or just hang out in the beautiful parks the city has to offer. Dogs bring people together. If Las Vegas can do it, so can Dubuque.

Tim Brechlin	Middleton	WI	53562	I lived in Dubuque for eight years, and I still love the city with all my heart. I love its parks, and I would love to be able to walk them and see dogs walking

Dogs are not allowed in most of Dubuque's 50+ City Parks. We responsible dog owners are petitioning the city to change that.

Park and Recreation Commission
C/o Marie Ware
Leisure Services
2200 Bunker Hill Road
Dubuque, IA 52001

Dear Commissioners:

This letter is to give my support to allowing dogs in Dubuque City parks.

As a life long Dubuquer, I thought that the absence of dogs in a city park was the norm. Traveling outside this area I found out how different we really were. There are many tax paying, dog license paying citizens that would love to be able to take their dog to their local parks. Legally. I currently am not a dog owner.

This is also an economic issue. For years the Dubuque Kennel Club Dog Show has been held at Five Flags Center and dogs are not legally allowed in Washington park. Now that the Dubuque Convention and Visitors Bureau has secured the Dock Dogs World Competition for the next three years, we must show our support to the economic impact of our dog visitors and dog lovers alike. If we are to maintain ourselves on a regional, national and world tourism draw for animal lovers, we must show our support in our parks and our businesses.

Please vote in favor to recommend change to allow dogs in our city parks. I realize that this will take some time to come up with the details on how this can be accomplished to satisfy both the dog owners and park guests.

Sincerely,

Jennifer L Tigges

06/11/12	Westemeyer	Donna			Mayor is gung ho on keeping city green - so Donna thinks if they allow dogs in parks we won't have a clean city. What is more important, clean or green? Has heard many comments about how horrible dog feces is at beautiful river walk-getting really out of hand. Don't want to listen to all the barking - make more dog parks and keep the regular parks for people only. She has walked through Flora Park grass areas and there is dog feces there now and there aren't even supposed to be dogs in that park.
06/11/12	Wickham	Tom	Peosta, IA		Stopped in person at Bunker Hill. IS in favor of dogs in parks.

Subject: Re: Dogs-in-Parks Supporters Update

Hi Chuck,

I live on lower Bluff Street, right by the Cathedral.Moved here 3 years ago from Des Moines, and before that Ames, which both allowed dogs with no problems.

I understand some North End residents aren't happy with the poo left on trails, etc, but I don't believe that should ruin the chance at taking dogs to Eagle Point, etc. It is likely people who live right near that trail who are leaving the dog poo behind.. Maybe we could empower community members to give civil citations or something?

I personally have not seen piles of poo in the places I walk. Riverwalk, Heritage Trail, Mines of Spain, Eagle Point.. I look, but I just don't see the "mountains" that people describe.

I wouldn't mind coming up to the park entrance there where people are complaining and picking up all the piles and see if it happens again. Maybe a sign with the posted fine for not cleaning up after your pet would help? I understand there are baggies already near that entrance??

I don't believe opening certain parks to dogs will really help, it's already confusing about where you can take your dog and where you can't. And because dog-owners would concentrate on those parks that were opened up to us, and that could lead to problems. I think everyone has their own neighborhood park, and they want to be able to walk their dogs there, based on the comments I got. Personally, living downtown, I want to explore Eagle Point and Murphy Park with my dog without feeling like a criminal, and hang out in Washington Park.

If you see at the very end of my "objections" section, we talk about keeping dogs off of playground areas, picnic tables, etc. I think this would solve the issue. there.

I think we can handle it, just like every other major city in Iowa does. :)

Thanks again, Chuck. Have a great week!

Kate

Message	Last thursday a group of us dog owners went down to the river walk. we enjoyed it so much and the dogs enjoyed the change in scenery also. At the pavilion there was three older individuals sitting there enjoying the river and they said to us that we could be their "entertainment" for the nite. We did basic obedience and did not disturb anyone. There are good dog owners out there, please give us an opportunity to enjoy the many nice parks and trails dubuque has to offer.

Dear Mr. Harris,

I'm writing to you in support of the new ordinance that would allow leashed dogs in city parks.

We live on Valentine Drive, and Valentine Park is our closest park area. There are quite a few elderly residents on our street, and I've always thought it a pity that they cannot walk their dogs there, where the walks are nice, even and level. They have to walk on the side walks , which we all know are uneven and due to the "invisible fences" can be quite a nuisance, as dogs shoot out from nowhere, get right up to the side walk and bark at our leashed pets, which in my opinion should not be allowed.

Our house has a long street front with side walk, and we have lived here for 18 years. There used to be some very irresponsible people who would let their dogs poop anywhere and not pick it up, but there has been a remarkable drop in this behavior within the last 10 years. People have become much more used to taking bags and picking up – it's the normal thing to do now.

I've lived in and visited many places, including Ames, where dogs are allowed in all city parks. People walking with dogs were always respectful of those walking without and made room etc, and the whole atmosphere was nice and relaxed. For many years I've lived in Europe, and there dogs are welcome everywhere, including street cafes, at fair grounds and certainly parks. Every park entrance had doggie bag dispensers and trash cans, and dogs were so used to walking in sometimes very crowded situations, it made them much calmer and better behaved .

I believe Dubuque is ready to take a step forward and allow leashed dogs in all parks. We who pay to have our pets licensed and take them to the vet regularly know how to pick up after them, and do so. Please vote to make Dubuque more dog friendly, both for the tourists, and us who live here.

Respectfully Yours,

Isabelle Kirkendall

Message	I am a dog owner an am very interested in opening the parks for Dogs. I am hoping with the partial repeal that this will include the walking trails. I live a block away from the walking trail near 22nd street and it frustrates me that I can not walk my dog on the path. I am also frustrated that this will not included Eagle Point Park. There is really no reason, if a dog needs to be leashed. Why can they not be allowed in a park? Responsible dog owners would not interrupt a wedding or other formal event. Also, I lived in Minneapolis and Iowa City and not a single one of their parks or trails are off limits to pets. It seems to me that Dubuque can do a little better at being a dog friendly city. Thank you.

Message	I moved to Dubuque a little over a year ago and along with many of my neighbors and coworkers at IBM are hoping to see a change in the NO DOGS in the PARKS ordinance. Dubuque is a great family orientated place to live but is definitely behind the times when it comes to a dog friendly place. We pay for a license that comes with no benefits except that their name is in a database... The vet offers the same service... The Merriam - Webster Dictionary defines the word License below... noun \Ë^lÄ«-sÉ™n(t)s\ Definition of LICENSE 1 a : permission to act b : freedom of action 2 a : a permission granted by competent authority to engage in a business or occupation or in an activity otherwise unlawful b : a document, plate, or tag evidencing a license granted c : a grant by the holder of a copyright or patent to another of any of the rights embodied in the copyright or patent short of an assignment of all rights . I hope this message finds its way to the City Council and will be considered when voting on this issue... Thank you..

That's My Dog

July 27, 2012
Robin MacFarlane
President
That's My Dog! Inc
5110 Wolff Rd
Dubuque, IA 52002

Dubuque City Council members, Mayor Buol, and Mr. Van Milligen

I am writing in regard to the proposal to repeal the ban on dogs from our Dubuque City Parks. I spoke in favor of the action at a previous council meeting and also at the Park Commission meeting on July 10th.

First I would like to volunteer my expertise if the council has questions or wishes to discuss issues of dangerous dogs or other pertinent matters that may be of concern while reviewing this proposal. The City of Dubuque Animal Control Dept. has contacted me in the past requesting my opinion on various dogs and issues and I am happy to assist in this discussion as well, if needed.

Secondly I would like to address a few key concepts that were mentioned at the parks commission meeting that are concerning to me as a Dubuque resident and as a business owner.

At the July 10th parks meeting it was discussed that there should be "compromise" on this issue. That going forward Dubuque dog owners may be allowed to visit "some" of the parks with their pets but our "marquee parks" such as Eagle Point and Murphy Park should remain off limits to dog owners. It was additionally suggested that dogs now be banned from the River Walk area as well (Alliant Amphitheater to south end Pavilion) because it has become a "ritzy area and even weddings are occurring there"

I would suggest that the dog owners of Dubuque have more than compromised since this ban was enacted over 50 years ago. Since that time, licensed, tax paying dog owners of this city have not been

allowed to walk their dog through our city parks. Additionally, to think that some of the Dubuque parks may be more pristine and of higher value than places such as Golden Gate Park, The Grand Canyon National Park, Rocky Mountain National Park, and Central Park (all places I have walked my personal dogs) seems a bit arrogant and makes it difficult for tourists traveling to our city who are accompanied by their dogs. Eagle Point and the River Walk in particular are destinations that should be dog friendly as it offers some of the most desirable views of the Mississippi River that our area has to offer.

I am very aware that change is disconcerting and that there are those who do not like dogs at all and therefore do not wish to share public space with them. I am also aware there are irresponsible dog owners who may create some problems. However, I do not believe creating restrictions and regulations to guard against the lowest common denominator is what our city strives to do. If it is "too big of a risk" (as some mentioned at the parks meeting) to allow dogs in these areas I would certainly think going back to two way traffic on some of our city streets after 50 years of them being one way passages would be cause for enormous concern for public safety.

The problems of unruly dogs and irresponsible owners who do not clean up their dogs waste can both be addressed by holding accountable the responsible parties. This will likely mean some increase in manpower, at least initially. However, it is my feeling if rules are strictly enforced early in the transition the message will be clear what will or will not be tolerated. If after an initial trial period the problems are significant then I believe there would be just cause to reverse a decision. I don't believe that will happen however. In May of this past year I volunteered with the Clean up Downtown Project and specifically requested to be assigned to the River Walk area. Myself and 3 other volunteers found 2 piles of dog waste in the **entire** Port of Dubuque area. This is an area that is currently heavily trafficked with visiting dogs. Conversely we retrieved numerous soda bottles, cigarette and snack packaging and literally 1000 cigarette butts, totaling 3 large bags of trash.

Quite simply, the city of Dubuque is changing. No longer does everyone own their own property with plenty of back yard space to play with and exercise their dog. We continue to work toward

attracting business and newcomers from other municipalities who are already accustom to taking their dogs to the park. These new area residents are dismayed to find the rules are dramatically different here.

Please allow me to share a few statistics (copies of resources attached)
There are approximately 74.8 million family dogs in the U.S.
39% of U.S. households own at least one dog.
The pet dog industry is currently a 50 Billion dollar industry with annual numbers continuing to grow despite the economic down turn.
Dogs are the most common type of pet to travel with (78% - 85% according to various surveys)
Of a survey of owners who do travel with their pet when possible 64% said they are likely to lengthen their stay if pets are welcome.
The July 15, 2012 issue of USA today reports that 44% of dog owners will spend an additional $50.00 – $150.00 to be able to travel with their pet, 43% will spend greater than $150.00

The data suggests that this trend in pet popularity is going to continue to rise. Becoming more pet friendly is an issue the city will face sooner or later. Adopting small changes for a "wait and see" attitude only delays further discussion that will happen in the future as dog owners continue to press for their right to walk their dogs in our city parks.

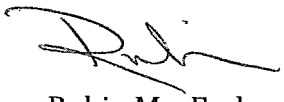
In regards to potential dog bite problems I would like to point out another statistic that 2/3 of bites occur on or near the victim's property, and most victims knew the dog. This bears out with my experience that dogs display the greatest likelihood for a potential bite when they are on their own property where they feel a sense of ownership (territorial)
Further it should be pointed out that when one is looking at dog bite statistics, a "dog bite" has a very broad classification and includes any tear of the skin caused by tooth or nail. This means that the statistics include puppy play biting, any nail scratch the tears skin, police canine apprehension bites, bites to dog professionals dealing with fearful or aggressive animals, accidental bites etc.

I am not attempting to suggest that dog bites are to be taken lightly or that our municipality should not be concerned, however I believe we have enforceable laws in place for dangerous or vicious dogs.

Individuals need to be held accountable rather than all dog owners being lumped into the "what could happen category" and therefore regulated against.

I hope the council will take this letter into consideration and vote in favor of repealing the ban on dogs in our city parks.

Respectfully,



Robin MacFarlane

States defiant, compliar — but mostly undecide

By Richard Wolf
USA TODAY

The Supreme Court's decision upholding Pr dent Obama's health care law but potent limiting its scope has created a stark polit divide among the nation's governors.

A 50-state survey by USA TODAY shows c Republican governors are refusing to expand M dicaid and only Democrats are vowing to exp it following the court's ruling that states can be penalized for failing to enlarge the progra More than half the governors are undecided.

The partisan gulf exposes problems for the law as it staggers from the 5-4 court decision, past GOP efforts to repeal it in Congress and toward a November election that could decide its fate. Wit out broad action by states, millions more Ame icans will remain uninsured, hospitals will fa continuing demands for uncompensated car and insurers may be forced to raise premiums.

▶ Sta breal

The survey found seven Republican governo refusing to expand Medicaid and 22 others doubt. Together, they represent nearly 10 millio people who were projected to join the program.

"While we absolutely need to address the cha lenges of the uninsured, expanding Medicaid ma not be the way to do it," says Utah Gov. Gar Herbert, a Republican. "Let's start this conversa tion over ... with the states at the table."

By contrast, 13 Democratic governors and independent Lincoln Chafee of Rhode Island

PET TRAVEL TRENDS AND STATISTICS

The Humane Society of the United States (March 2008)
- Approximately 74.8 million dogs and 88.3 cats live with families in the U.S.
- 39 percent of U.S. households own at least one dog and 34 percent own at least one cat

Travel Industry Association of America (January 2009)
- 14 percent of all U.S. adults (29.1 million) say they have traveled with a pet on a trip of 50 miles or more in the past three years
- The percentage of households traveling with pets increases during summer months when more families travel
- When traveling with pets, cars are the primary mode of transportation (76%), followed by RVs (10%), and airlines (6%)
- 29 percent of people traveling with pets stay at a hotel
- Dogs are the most common type of pet to travel with (78%)
- Other traveling animals include cats (15%), birds (2%) and either a ferret, rabbit, or fish (3%)

Survey of 400 Families With Pets Conducted by Lieberman Research Worldwide (August 2003)
- 78 percent of human companions consider their dog an equal member of the family
- 43 percent of travelers feel guilty about leaving their dog behind
- 37 percent of travelers would take dogs on more trips if more hotels were pet-friendly
- 75 percent said they would be more loyal to a hotel chain that accepted dogs, even when they weren't traveling with a pet
- 49 percent think about their dog 'very often' when they are away
- 94 percent of people with dogs said they ask how their dog is doing when they phone home
- 65 percent have brought a gift home for their dog following a trip

Hotel Online Special Report

Pet Travel Statistics Reported for Second Quarter of 2006

Knoxville, TN – September 12, 2006 - BringYourPet.com (www.bringyourpet.com), a leading pet friendly hotel and lodging directory continuously polls thousands of its Web site visitors, newsletter subscribers, and random households regarding their travel and purchase habits. All who participate in the surveys own at least one pet. A portion of the 2006 second quarter results are as follows:

- 82% stay at designated pet-friendly hotels or lodging each year.
- 75% take their pets with them when leaving town.
- 64% would be more likely to lengthen their stay if given the opportunity to travel with their pets.
- 85% travel with dogs.
- 6% travel with cats.
- 34% travel with dogs 50 pounds or more.
- 39% say it is 'difficult to find pet-friendly lodging'.
- 40% say their biggest grievance with pet-friendly lodging is it is difficult to find.

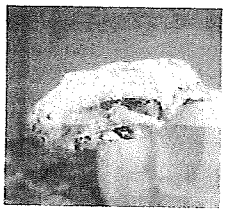
About.com Exotic Pets

American Pet Ownership Statistics

From Lianne McLeod, DVM, former About.com Guide

Numbers and statistics have always fascinated me. I found the following numbers particularly interesting, especially how many exotic pets are kept in the US and how much money is being spent on pets. Of course, the benefits of pet ownership make pets well worth the cost, and I think the numbers show that people increasingly treat their pets as a valued member of their families.



Boa Constrictor
Lianne McLeod

American Pet Products Manufacturers Association (APPMA)tracks consumer trends when it comes to pets. The 2007/2007 National Pet Owners Survey done by the APPMA found that pet ownership remains on the rise in the US. While dogs, cats, and fish remain the most popular, reptiles and other small pets are becoming more popular too. Here is the breakdown of the US pet population and a comparison to a couple of years ago:

- Reptiles - 13.4 million
  (11.0 million in 2006/2006 and 9 million in 2003/2004)
- Small animals - 24.3 million
  (18.2 million in 2006/2006 and 16.8 million in 2003/2004)
- Birds - 16 million
  (16.6 million in 2006/2006 and 17.3 million in 2003/2004)
- Cats - 88.3 million
  (90.5 million in 2006/2006 and 77.7 million in 2003/2004)
- Dogs - 74.8 million (73.9 million in 2006/2006 and 65 million in 2003/2004)
- Saltwater Fish - 9.6 million
  (9.6 million in 2006/2006 and 7 million in 2003/2004)
- Freshwater Fish - 142 million
  (139.0 million in 2006/2006 and 185 million in 2003/2004)

Source: AAPMA

Spending

According to the APPMA statistics on spending, Americans spend more on their pets year after year. Total pet industry expenditures in the US over the last few years are as follows:

- 2007: $41.2 billion
- 2006: $38.5 billion
- 2005: $36.3 billion
- 2004: $34.4 billion
- 2003: $32.4 billion
- 2002: $29.5 billion
- And for comparison, 1998: $17 billion

The APPMA reported the following breakdown for the areas in which money is spent on pets (2007 figures for the US):

- $16.2 billion for food
- $9.8 billion for supplies and OTC medications
- $10.1 billion for veterinarian care
- $2.1 billion for live animal purchases
- $3.0 billion for other services such as grooming and boarding

THE HUMANE SOCIETY
OF THE UNITED STATES

We're the nation's largest and most effective animal protection organization. more >>

AUGUST 12, 2011

U.S. Pet Ownership Statistics

The Humane Society of the United States

The following statistics were compiled from the American Pet Products Association 2011-2012 National Pet Owners Survey.

Dogs

- There are approximately 78.2 million owned dogs in the United States
- Thirty-nine percent of U.S. households own at least one dog
- Most owners (60 percent) own one dog

American Humane Association™
The nation's voice for the protection of children & animals

Dog Bites

Dog bite statistics

- An estimated 4.7 million dog bites occur in the U.S. each year[2,3]
- Nearly 800,000 dog bites require medical care[2]
- Approximately 92% of fatal dog attacks involved male dogs, 94% of which were not neutered[1]
- Approximately 25% of fatal dog attacks involved chained dogs1
- Approximately 71% of bites occur to the extremities (arms, legs, hands, feet)[2]
- Approximately two-thirds of bites occurred on or near the victim's property, and most victims knew the dog
- The insurance industry pays more than $1 billion in dog-bite claims each year[3]
- At least 25 different breeds of dogs have been involved in the 238 dog-bite-related fatalities in the U.S.[4]
- Approximately 24% of human deaths involved unrestrained dogs off of their owners' property[4]
- Approximately 58% of human deaths involved unrestrained dogs on their owners' property[4]

Breed-specific legislation (BSL)

- In response to these statistics, many communities have enacted breed-specific legislation (BSL) that prohibits ownership of certain breeds, such as pit bulls, Rottweilers and others.
- Any breed of dog can bite, and research suggests BSL does little to protect the community from dog-bite incidents.
- In fact, BSL can often have unintended consequences -- such as black-market interest and indiscriminant breeding practices -- resulting in subsequent breed overpopulation that leads to increases in the number of homeless, stray and euthanized dogs.
- Enforcement of BSL has been shown to be very costly and extremely difficult to enforce. One county in Maryland spent more than $560,000 maintaining pit bulls (not including payroll, cross-agency costs and utilities), while fees generated only $35,000.5
- Responsible breeding and ownership, public education and enforcement of existing laws are the most effective ways of reducing dog bites.
- American Humane supports local legislation to protect communities from dangerous animals, but does not advocate laws that target specific breeds of dogs.

Dog bites and children

- 50% of dog attacks involved children under 12 years old
- 82% of dog bites treated in the emergency room involved children under 15 years old[2]
- 70% of dog-bite fatalities occurred among children under 10 years old[5]
- Bite rates are dramatically higher among children who are 5 to 9 years old[2]
- Unsupervised newborns were 370 times more likely than an adult to be killed by a dog[5]
- 65% of bites among children occur to the head and neck[2]
- Boys under the age of 15 years old are bitten more often than girls of the same age[2]

What can parents do?

- Educate your children. Studies have found that the number-one dog-bite prevention measure is education. Children who understand how to act around dogs, how to play with dogs, when to leave dogs alone and how to properly meet a dog are much less likely to be bitten. To address this need, American Humane has created American Humane KIDS: Kids Interacting with Dogs Safely™, a dog-bite prevention program specifically for children ages 4 to 7.
- Supervise your children. Unsupervised children may innocently wander too close to a dangerous situation. Eighty-eight percent of fatal dog attacks among 2-year-olds occurred when the child was left unsupervised.[1] Supervision of children, especially around dogs, is one way to help ensure they are safe.

Safe rules of behavior for kids

Don't treat a dog unkindly.

- Never hit, kick, slap or bite a dog or pull on his ears, tail or paws.

Don't bother a dog when she is busy.

- Never bother dogs with puppies or dogs that are playing with or guarding toys, eating or sleeping. Always leave service dogs alone while they are working.

To learn more about the topic of dog bites, click here to read *Dog Bites: Problems and Solutions*, Janis Bradley, an Animals & Society Institute Policy Paper.

What is a dog bite?

"What is a dog bite?": the question seems simple enough. Most of us would describe a dog bite as an incident where a dog deliberately inflicts an injury to a person. However, animal control and public health departments consider any incident in which a dog's tooth or nail breaks a person's skin - regardless of the circumstances or any characterization of the dog's intention - to be an animal exposure that merits their notice.

Based on this definition, animal control and public health departments classify *all* of the following types of animal exposures as dog bites:

• *Nips* from playful puppies.

• *Scratches* from a dog's nail.

• *Scrapes* from a dog's tooth.

• *Accidental bites* by dogs.

• Bites from injured or ill dogs receiving assistance or comfort from Good Samaritans (e.g. dogs hit by cars).

• Bites by working K-9 dogs delivered in the performance of police duties.

• Bites delivered to canine professionals such as veterinarians. These may have occurred under extreme duress, such as if the dog was in pain or otherwise unable to control its behavior. (e.g. a vet tech bitten while removing intubation tube from a dog's throat)

Dog Bites and "Statistics"

Dog bite statistics include a range of types of dog bites. The vast majority are not severe enough to warrant a trip to the emergency

Reading Suggestions

Good afternoon, my name is Jim Kress. I live at 3090 Keokuk St. in Dubuque. I am here again to speak to you about the issue to allow dogs in our city parks and to present a petition to you against this request. The petition is still active as we have only been collecting names for just over a week. We have been letting non residents sign also as tourists have been brought into the equation. Their response is, "Oh no don't let that happen."

I am not going to dwell on the subjects of dog bites, sanitary issues and loose dogs, which I am sure you are all aware of.

The sliding boards, teeter totters, and merry go rounds, have all been removed because of safety issues. The swings are still there, but the wooden seats have been replaced with a softer one to prevent injury. The wading pool no longer has water in it due to health issues. Allowing dogs in the parks would be going against everything we have already done to make it safer for children. In the late 70's Eagle Point Park become not family friendly and the one dollar admission fee was instituted and turned the park into a family park again. I believe allowing dogs into the parks will once again keep families away from the parks.

Who will enforce the leash ordinance? The Park Ranger does not come on duty until 4:00PM. Any calls to the police department will receive a low priority and answered when they have time. Has anyone asked the park maintenance workers how they feel?

Keeping the ban on dogs in city parks will not be detrimental to the city of Dubuque. Dubuque has attracted many new businesses to our city with the dog ban in effect, and many more local businesses have expanded. The Port of Dubuque was developed with tourists in mind, so apparently the ban has not affected tourism. The Dock Dog Competition signed a three year contract with the ban in effect.

Dubuque has been awarded the status of being an All American City, so why are we trying to follow what other cities are doing. Shouldn't they be following what we do?

Allowing dogs in parks will cost money is there even any money available for this? I believe the second dog park is waiting for the funding to be available before it can be established.

It has been mentioned to use the dog registration fee, but isn't that money earmarked for the Humane Society and the animal control office, which is already on a tight budget. Does the animal control officer even work on weekends?

Dogs are already allowed on many of the trails, and A.Y. McDonald Park in Dubuque.

Has anyone done any research on the reason why pets were banned in 1969?

Don't allow dogs in our city parks. The safety of children is first and foremost for me.

Don't try fixing what isn't broken.

Thank you.

Hello again. I am Jim Kress, I live at 3090 Keokuk St. in Dubuque. I have been out talking to people and getting signatures from people who are using the parks and Farmer's Market. Very few people have been in favor of changing our current ordinance to allow dogs in our city parks and want to keep our parks dog free. Please listen to them. People can take dogs to A.Y. McDonald Park, Miller Riverfront Park, Bergfeld Pond, the dog park, and all the bike paths and walking paths in Dubuque. So there are alternatives. I talked to John Hale, our former Park Superintendent, and he has also signed my petition and told me a story to pass onto you.
When the Superintendents from across the state would come to Dubuque for their annual conference at Eagle Point Park, they all thought it was a good idea that no pets were allowed in our parks and would love to be able to do the same in their city parks. I also talked to a woman who runs a Day care and said when she takes the kids to Flora Park to play, she has to take bags with her to pick up dog droppings before she lets the kids play. And this happens while dogs are not allowed in parks. I attend the Sunday night music at Marshall Park and people will call out to me to bring the petition to them to sign. Many people who have signed, told me they are dog owners and that dogs do not belong in city parks.

Thank you

RE: Dubuque Ordinance 10-5B-4

Dear Dubuque Park and Recreation Commission:

My family and I believe Dubuque Ordinance 10-5B-4 is appropriate for the safety and welfare of residents using the park system, and that the policy should continue to be enforced as currently written. I would like to share with you why we feel this way.

A few years ago my then five-year-old triplet daughters and I were enjoying a lovely day at A.Y. McDonald Park. I was seated on a picnic blanket while my children were playing on the nearby equipment. Too soon, however, this happy spell was broken when a father, two children and unleashed Rottweiler came bounding over to play.

Two of my daughters have never taken to large dogs, so when they saw the Rottweiler, they naturally panicked and ran to me. The dog, in turn, barked and chased them, jumping at the traumatized little girls. I was beside myself in fear wondering which one I could protect.

I screamed at my daughters to freeze, but of course they couldn't. Finally, the father got control of the dog and secured him with a choke collar. He apologized by saying his dog was always good around his kids.

I could have pointed out that dogs—especially unleashed dogs—were not allowed in the park and that owners were subject to a fine. But I let it go. I wasn't in a position to argue with a physically intimidating man, barely holding back his worked up, instinctively- aggressive pet. All I could get out was that many kids have a real fear of dogs.

This traumatic situation still haunts us to this day. Despite training by Two-by-Two, my daughters remain terrified of dogs. Even so we continue to enjoy all of Dubuque's scenic parks and have been active participants in many Leisure Services programs, including Tot Lot, Play Lot, Tennis and Art. But if you amend this ordinance to permit leashed animals near our playgrounds, it could result in a situation where kids are afraid to play at the park. That, we believe, would be among the most tragic results of all.

Thank you for considering our appeal.

Sincerely yours,

Liz and Mike Schmid

Date: 5/18/2012 1:50 PM
Subject: Dubuque Ordinance 10-5B-4 To Remain as Is
CC: "Mike Schmid" <mschmid@cesco.com>
Attachments: Park & Rec Letter.docx

Dear Park & Recreation Commission: I understand that you are investigating whether to allow leashed dogs in city parks. My family and I are not in favor of this measure, and I have explained why in the attached letter. A copy of this will also be sent to the City Council.

I am available to discuss the matter with you if you need additional information.
Thank you for your consideration.

Liz and Mike Schmid

To: Park & Recreation Department
Date: 18 May 2012

From: Leonard Diederichs, 1870 Carter Ct., Dubuque
Subject: "Petition" to amend dog ordinance

I'm opposed to the thought of amending the current well crafted ordinance dealing with dogs in the park. Ms. Lydon's request for a change represents more of a business interest than a community interest in my view.

Collecting 700 names from around the country hardly seems a groundswell of support with the expanse of the internet this is a small showing.

The enjoyment of a park visit with dog droppings and dogs running loose would surely be diminished. Yes assessing fines sounds good but with no police presence to enforce them is little help.

Please don't allow a special interest to intrude on the community good.

Sincerely,
Leonard Diederichs

PETS IN PARKS ISSUE
comments by phone

today's date	last name	first name	address	phone	comments
05/21/12	Tressel	Mildred		582-9911	Against dogs in parks; walking by harbor & dogs on the loose; poop on sidewalk and dirty; don't ruin parks.
05/21/12	Smrcina	Bob & Bobbi		582-7123	NO dogs in parks
05/23/12	Nemmers	Roger		583-7470	thinks it's a bad idea to allow dogs in parks; concerned for sanitary reasons - waste residue even if picked up; safety for small children - they run to dogs and don't know how dogs are going to react; need a safe place for kids to run
06/01/12	Richards	Tom		213-0336	(lives next to Flora). Keep ordinance as is related to dogs. He has a dog and lives next to a park but feels his dog is his responsibility. City should not have to pay the cost of blue bags, cleanup and enforcement. There is never a park ranger there to catch those that don't clean up after pet. The city has many miles of sidewalk for pets. He walks his dog along Asbury Road and sees dog piles every few feet.
06/04/12	Andresen	Paul		583-6673	Against letting dogs in park. Goes to Mines of Spain and dogs are running loose. No place to go where there aren't dogs running around. People have no control over their dogs and would like to keep it as it. Parks are nice and peaceful with no dogs barking in parks.
06/08/12	Sutton	S.A.	1875 Custer Street		Loves dogs but does not want them in the parks - people place. Don't want kids playing in urine or walking or falling in dog feces.

Message	We would just like to go on record to say keep the parks pet/dog free. Eagle Point Park is the one place in town where we can take a walk with out fear of barking/lunging dogs. In the winter people tend to bring their dogs in and they almost never keep them leashed. Unless someone is there to monitor the situation stiff fines are not going to fix problems or will end up costing $ for "policing" of dog owners. Thank You! We LOVE Eagle Point Park in particular!

Subject: DOGS IN PARK

Hi Gil,

I don't know if you are still being consulted about dogs in the park, but if you are, these are my thoughts:

I saw the girl on the news who is pushing for this. She told the reporter that she thought it unfair that dogs were not allowed in all parks as she paid the license for her dogs and also paid her property taxes. She said that it should be up to all dog owners to police themselves and fellow dog owners if they do have the dogs on a leash or pick up after them. Herein lies a potential for a big problem.

If I am walking my dog and see another person who has an unlicensed, or unleashed dog, or fails to clean up after their dog, and I confront this person about the situation, what happens next? In most cases I would be either be ignored, told to mind my own business or get a punch in the nose. If the person who was not doing these things was responsible or cared, I would not have to say anything in the first place. It is the person who does not care who poses a problem.

I see this approach as being very confrontational and leading to either a verbal or physical altercation or both. This will just be another thing that law enforcement has to respond to and will take away time that could be better spent elsewhere to resolve these issues. I also feel that with the added duties that the park patrol has had put on them recently, that they don't need further duties of checking for dog licenses and permits on every dog that is brought into a park.

After many years of working as a park patrol officer I have seen numerous altercations

develop simply because someone told someone else that what they were doing is wrong and they should quit doing it. Therefore, I think well enough should be left alone and just allow dogs where they are now, and leave our major parks for the people to enjoy without stepping in it, getting bit or watching the fights that could stem from this idea.

These are just my thoughts on the matter.

Gary

Message: I am voicing my displeasure with the possibility of having city parks open to dogs. This would essentially make every park in Dubuque a dog park! We live in a neighborhood with 10 dogs and have to tolerate the barking and excrement in our yard. People have a right to have their pets on their property but I pay city taxes so I should not have to tolerate other residents animals in our parks. Our grandaughter has a fear of dogs so that will inhibit her ability to enjoy the parks. My husband and I recently walked the river walk and had to avoid piles of excrement left by pets so that shows how responsible some pet owners are. Also, we go to farmer's market and that has turned into a pet experience. Please I implore not to allow are parks to be open to pets. Thank you.

Dubuque, IA 52001

Regarding: Dogs in city parks, leashed and loose

The Dubuque Arboretum and Botanical Gardens Board of Directors would not approve of dogs in Marshall Park.

This is an arboretum and botanical garden.
Dogs mark their area and this would be hard on the plants.
Dogs digging in soft soil in our flower beds would do damage to the plants.
Dogs leave feces and it is very unsanitary for our visitors.

On May 20, 2012 we had a children's party with about 1,000 + children, parents, and grandparents. This would not mix well with dogs running free or on a leash. Sometimes we have visitors who are afraid of dogs. Some people have told us that they prefer to walk in the arboretum because it is a dog free area.

We feel that this arboretum and gardens are a unique attraction for the city of Dubuque and we hope to continue it in the future.

Sincerely,

Jack Frick

Marie Ware

This letter is about allowing dogs, leashed and unleashed, in city parks. I retired to Dubuque nine years ago, because it had many things to do including many parks in which to walk and spend leisure time.

I enjoy walking the River Walk although many leashed dogs are walked there. You can tell by the feces on the grass and walks, more in the winter. I have had dogs as pets but have none now as I have many allergies. Dogs coats can carry pollen, dust, mold, etc.

I volunteer at the arboretum and have seen the dogs there in the winter. People will pull into a parking place and open the door for their dog. They don't even get out of their car. We have many visitors, including children. Some of them love to go barefoot in the lush grass. If dogs are allowed in the gardens, how can the areas be kept sanitary for visitors. The Lions Play Area has a sand floor where the playground equipment is. When I had a dog, she loved to dig in the soft garden soil. I can tell you that kills the plants!

If allowing dogs in the parks is necessary, there should be a larger fine and strict enforcement for those who don't cleanup after their animals. Many of us will have to do more of our walking inside the mall as being near dogs is not an option. Walking outside in the fresh air is good for overweight Dubuquers.

I chose to retire to Dubuque because it had many opportunities for entertainment. It has many places to go with friends, some free some not. The Dubuque Arboretum and Botanical Gardens is one of the best free places in the Dubuque area.

Marie

Just to follow up with this mornings phone call :
There are many miles of city sidewalk to walk dog.
There is a certain number of dog owners that will not pickup after their pets.
Ask the care takers at Linwood cemetery about this idea. They used to allow dog walking.
Is there extra cost to the city ? For bags and extra garbage pickup. Or will the dog waste sit in the hot sun and garbage can for a week .
If so how does that fit in with the Mayors sustainability plan ? They are talking about taking plastic bags out of the grocery stores
How can you enforce this. You can only do something if it is seen by a park ranger. What about after hours or after the parks close for the season.
I own a dog and I do not expect the city to provide anything for me and my dog. The cost of owning a dog are 100 % mine
Walk along the flood wall or along Asbury and Carter by the Sisters of the Presentation. Prof that not all pickup after there pets.
I know you have over 400 names on a petition. But there are approx 65000 people in Dubuque. How do the other 64600 people feel.

I am asking that you leave the no dog allowed in the parks as is. And strongly enforce it. The rule is being broke already. Please feel free to share these thoughts with the park board.

June 5, 2012

Hello, Marie –

I will make short my weigh-in on the issue of allowing dogs in parks. My perspective is fresh; my husband and I returned recently from a trip to NYC to babysit our son's family dog for ten days. They live in Park Slope, a brownstone neighborhood where response to city laws is probably about as good as it gets. What's more, nearly everyone has a dog. During the daylight hours (when people are watching), "pickups" are pretty good. We noticed, however, that when we took the dog out for its first morning walk, there was a lot more dog litter around (pickup is not so good when it is dark). This happens when there is a $250 fine for not picking up! (See enclosure) I am amazed at the amount of dumping off unwanted things, using the Arboretum dumpster, stealing, etc., that goes on at the Arboretum. Of course, there is often nobody around to observe these actions, so they happen. When animal actions can damage plants and when the area where the music presentations take place could be fouled, to name just a couple of reasons, I am against this change in the law.

Please add my voice to the "No changes."

Thanks,

Mary Reuland

Commissioner Doherty urges New Yorkers to comply with the Pooper-Scooper Law and clean up after their dogs

DOG WALKERS RESPONSIBILITY
Respect your community
By John J. Doherty, Commissioner of Sanitation

All of us take pride in keeping our homes clean and in good repair. Keeping a home clean is an every-day effort that requires constantly picking up after ourselves and reminding our children to do the same. When we visit our friends, we're also careful to treat their homes as our own and make a point of cleaning up after ourselves.

This is why average New Yorkers are both puzzled and outraged by the inconsiderate attitude of those who fail to pick up after their dogs, creating obstacles on our streets and sidewalks where every step carries a potentially unpleasant surprise. We all feel that those who fail to comply with the pooper-scooper law show a complete lack of respect for their neighbors and our communities.

The "Pooper Scooper" law -- officially known as Section 1310 of the New York State Public Health Code – became law in New York City on August 1, 1978. With its enactment, the Big Apple became the first major American city requiring dog walkers to be responsible for picking up and disposing of their dog's waste. Many other cities across the country – and around the globe – have since followed suit with similar 'pooper scooper' laws.

We all know the MO of those flouting the law. They walk their dog, and when the pooch gets the 'call of nature,' they stand by trying to look casual -- all the while carefully looking left and right, checking for possible witnesses. Even before their dog has finished its business, it's apparent they've decided not to bother to clean up after it. They think that what they do is no big deal…unless they themselves step into another lawbreaker's mess!

Sanitation's enforcement agents have a very different view and consider failure to pick up after a dog a punishable violation of the law. And while selfish dog walkers react with some embarrassment when getting caught in the act by their neighbors, they always seem to mind when embarrassment turns into a fine.

The fact is that -- whether scofflaws choose to acknowledge it or not -- failure to clean up after your dog is a violation of a State law and it carries a **fine of $250.**

I'm proud to say we've made New York City the cleanest it's been in over three decades. However, no matter how much our dedicated Sanitation Workers clean or merchants and residents sweep their sidewalks and pedestrians comply with Sanitation regulations, inconsiderate dog walkers can spoil a clean block, not to mention a pair of shoes, with their blatant disregard for the law, turning their fellow New Yorkers' daily walks into a challenge. With that in mind, the Sanitation Department's ongoing citywide outreach and enforcement efforts aim at increasing compliance with the "pooper scooper" law and, when necessary, impose fines.

It's time for all responsible dog walkers to make sure they clean up after their pets and keep them on a leash, and for all New Yorkers to reclaim their streets, sidewalks and parkland. The simple pleasure of long walks with no unpleasant surprises along the way, and most particularly… under foot , must be preserved.

The bottom line is that canine waste is not only an unsightly nuisance, but it can also pose health hazards when it's not cleaned up.

To report issues of canine waste in your area, call 311. We'll send our Canine Enforcement Agents there to try to catch these inconsiderate lawbreakers in the act. Remember: It is important for everyone to be a considerate neighbor. Respect your community and pick up after your dogs.

I grew up on a farm and love animals, but I am opposed to allowing dogs in our city parks (if allowed, I hope dogs are totally excluded from Eagle Point Park). I have many concerns about dogs in our parks. Dogs will

A. Interrupt enjoyment of special events

1. Dogs will bark during concerts or weddings, e.g., Tri-State Wind Symphony (certain instruments cause dogs to howl).
2. Dogs will interrupt concentration at a music performance or a wedding, no matter how well behaved the dog. Even well-behaved dogs tend to bark when seeing other dogs or animals such as squirrels.

B. Create problems with hygiene and safety

1. Dogs will contaminate eating areas near and inside pavilions and near picnic tables. Dogs for most people do not belong at the "dinner table."
2. Dogs may startle and cause accidents for unsteady ambulators and those using assistive devices. (I recently had a relative fall and was injured due to a dog.)

C. Diminish opportunities for peace and beauty

1. Dogs will spoil the park for those (like me) who go to the park for peace and quiet and enjoyment of the outdoors (it is one place I can get away from the barking dogs and unleashed dogs present in my neighborhood).
2. Dogs in the park will mean I can't walk without careful attention for dog feces. Many people never clean up after their dog has soiled the ground.
3. Dogs will pollute areas of the park with unsightly clumped (urine-soaked) grass.
4. Dogs may sniff people and jump on them. This happens to many people currently while walking on sidewalks. Not all people love dogs and want dogs sniffing or jumping on them. Dog owners just smile and say he/she won't bite and don't realize the dog is not welcome that close at any time and especially if the dog has dirty paws.

Not all dog owners will follow the rules (leashing and cleaning up). Rules are useless unless they are enforced; this will be costly if done adequately. Currently on city streets some dog owners just carry the unattached leash. I have not yet seen a dog owner leash his/her dog when I indicate that the dog should be leashed, no matter how courteously I express it.

Enforcing the rules adequately when allowing dogs in our parks would be costly and I'm guessing unlikely to happen. In the short time I was at Washington Park for Dubuquefest where the sign indicates No Pets, I saw more than a dozen people freely walking their dogs, and many stayed in the park with their dogs for extended periods. Since the current rules are not being enforced I doubt enforcement would occur with more access. I am opposed to my tax dollars paying for the policing and cleaning up that would be necessary if dogs are allowed in our parks. Our parks should be first of all for people. Please keep our parks quiet, safe, clean, and beautiful for the many people who use them. Dogs and their owners already have most of the city available. We already have to listen to dogs barking while we are in our homes; why should dog owners be allowed to spoil our parks? It is not progress or moving forward by allowing dogs in all of our parks, as suggested by some, but would be moving backward. Just because other cities allow it does not mean it is the right thing to do for our citizens and taxpayers. Our parks without dogs are more welcoming for people.

June 7, 2012

Marie Ware
Manager, Leisure Services
2200 Bunker Hill Road
Dubuque, IA 52001

Dear Marie,

As a member of the Green Team at the Dubuque Arboretum and Botanical Gardens, I was surprised to learn that the request to open up Dubuque parks to dogs would include the arboretum! I am a dog owner myself, but I have *never* considered bringing him to the arboretum. And I certainly don't want to have to watch out for other people's dogs while I am there working.

Our botanical garden is not a "park" like the others. It contains many collections of special--and sometimes rare--plants, which visitors come to learn about and photograph. Mowers and other heavy equipment operate almost continuously at one site or another on any given summer day, and several weddings take place every weekend, not to mention other special events. We struggle to keep the plants watered, weeded, and undamaged by insects and wild animals. We don't need them "watered" by every dog that comes by, as dogs will do. And we certainly do not have time to pick up dog waste *or* patrol for the inevitable violators of the pickup rule. There will be no way for civilians to enforce that rule, and lazy dog owners will realize that.

Thank you for considering these points as the decision to open up the parks to dogs is made.

Sincerely,

Kennie Harris

June 11, 2012

Park and Recreation Commission

2200 Bunker Hill Road

Dubuque, IA 52001

Dear Commissioners:

My purpose in writing is to comment on the Dogs in the Parks issue you are dealing with. It seems dogs have taken a great deal of time over the years as dog owners are very passionate about their pets and other citizens do not want to be impacted by their dogs.

Not allowing dogs in parks has always been a health and safety issue. Picture Eagle Point Park on a busy weekend where 2,500 people are in the park and 500 of them have a dog with them. You call your 3 year old children for lunch and the trip and fall in dog waste. Or picture that same 3 year old walking up to what appears to be a friendly dog and the dog is spooked and bites the child. Or think of you going to a park for a quiet picnic and a dog is there barking the entire time you are attempting to have this quiet lunch. All of these three examples are not only possible, they are likely to happen at some point.

There are many good dog owners that control their pet and would pick up after them but there are also many not so good dog owners. People have a right to own a dog but they do not have a right to take that dog with them anywhere they want to. Other cities may allow dogs in their parks but few cities (if any) have a park like Eagle Point Park. The quiet enjoyment of our parks will be very much be impacted by allowing dogs in them.

No dogs in the parks has long been the policy and for good reason. We have had complaints over the years but very few. Out of town users have understood the policy and kept their dogs in their vehicle while they visited the parks.

I urge you to continue the policy of not allowing dogs in our parks.

Best wishes,

Gil Spence

Message	Please vote no to allowing dogs in more parks. We were in Eagle Point Sunday and it was very crowded. If dogs were allowed, it would have been complete chaos; with possible danger of dog bites and fights. This would open up many more problems. It would also drive many people away from the parks.

PETS IN PARKS ISSUE
comments by phone

today's date	last name	first name	address	phone	comments
06/11/12	Westemeyer	Donna			Mayor is gung ho on keeping city green - so Donna thinks if they allow dogs in parks we won't have a clean city. What is more important, clean or green? Has heard many comments about how horrible dog feces is at beautiful river walk-getting really out of hand. Don't want to listen to all the barking - make more dog parks and keep the regular parks for people only. She has walked through Flora Park grass areas and there is dog feces there now and there aren't even supposed to be dogs in that park.
06/11/12	Wickham	Tom	Peosta, IA		Stopped in person at Bunker Hill. IS in favor of dogs in parks.

Message	I am concerned about letting dogs into our city parks. Our parks now are so beautiful and well kept, do you want these parks go to the dogs? You know when these dogs need to go, they'll lift there leg and urinate on the first bush or flower that they see and it will burn out and die. His owner has no control over that. Don't get me started on the solid waste. Did you walk the flood wall, McDonald's Park and the bike path and see the dog's waste there? Our parks will look just like that. By leaving the dogs into the city parks, is the city responsible for dog bites, this will happen. Will this increase our city parks budget by replacing bushes, flowers, sod and other damage that these dogs will do? I thought the city had a dog park and the Humane Society will have one also at their new location. Now no pets are allowed into the parks. By passing this ordinance will this allow all pets into the parks?

Message	I am very concerned about dogs in our city parks. Not all dogs have been to school at That's My Dog. Already this spring, my husband and I have seen dogs running lose at Eagle Point Park. I worry about my grandchildren running and playing and stepping in dog waste or worse yet being attacked by a dog. If dogs are in our parks, the city better have more park officers to control the barking and fighting. Better yet, let the families have their parks and the dogs have theirs.

Message	Please no dogs in parks. 1.My son was bitten twice in his life before he was 8 years old and is deathly afraid of dogs. 2. There are many responsible dogs owners in town but there are also many irresponsible dog owners. I 'd hate to see our beautiful parks littered with dog droppings. 3. Our parks should be safe for children and humans. We pay the taxes to keep them clean and safe. It would be a shame if dogs were left to run and children were afraid to play. 4. Would the city be responsible legal for dog bites or would the owner? 5. What additional costs would the city incur if they has to hire someone to clean up after the dogs? 6. If many cities already allow dogs in parks then our dog owners should go there. I drive by the dog park every day and it seems like an appropriate space for dogs, safe and clean. 7. An article in the Telegraph Herald,two pages after the dog article this morning, is about a dog attack in WI. Ask that person how he feels about dogs in parks. 8. Parks are a place to relax not a place to worry about a dog biting you. Dog owners know that dogs aren't allowed in parks, if they don't agree with that rule then they shouldn't get a dog.

Message	This week I have attended several functions and the topic of DOGS in CITY PARKS comes up. All that I seem to meet with say NO, we do not need. We have been free of dogs in parks for many years and want it to stay that way. When you walk on the Flood Wall, McDonald Park, up to the Lock & Dam, folks have there dogs, many run loose, many do not clean up after. There is food on picnic tables at the park and best not to have dogs around. Thanks for your consideration. Dave Howe 6/15/12

Eileen Trimble - Fwd: Dogs in parks

From: Marie Ware
To: Trimble, Eileen
Date: 6/19/2012 6:53 AM
Subject: Fwd: Dogs in parks

To add to the file for Commis and Council.

>>> Janann Sjobakken <jrssjo@me.com> 6/18/2012 9:35 PM >>>
We are writing to voice our concerns about the latest news which is considering allowing dogs in our city parks. Our thoughts are first and foremost for the safety of children around dogs who have owners that do not comply with the leash law. How many park patrol will be there be to assure compliance?
Second, owners that do not clean up after the animals, and the health consequences....same compliance issue.
Third, barking.
Fourth, city liability that we pay for as homeowners and taxpayers.
We cannot believe that visitors expect to bring their dogs to our city parks, or that they feel rejected or offended because it is not allowed.

Thank you for allowing us to voice our concerns,

John and Janann Sjobakken

Marie. Another thought I had. What if a family is having a picnic at the park and bring there dog and have it tied to a picnic table while they are near by and the dog is barking. Just another unpleasant situation for the people living near by. I have heard rumors of a compromise. Please don't. Please leave it as is. There are lots of places to walk a dog. Let's leave the parks as pristine as possible. Thank You.

I won't be able to attend the meeting Tues. aft., but I am totally opposed to dogs or pets in the parks. Dogs have their own park which I don't resent one bit, but they do not belong in our parks. There is no way to monitor the behavior of either the dogs or their owners. It is bad enough they are allowed at the farmers market, but I accept that, but please, please, please keep them out of our parks. People who are not dog lovers should not be forced to put up withl them in the park.

Attn: Park District Board, Leisure Services Department

ORIGINAL

Re: Permitting Pets in Dubuque Parks.

I have worked for almost ten years as a seasonal employee for the Leisure Services Department. I understand that some individuals wish to have existing policy changed so that they may bring their pets into Dubuque parks.

Please take no action.
Please maintain the status quo.
Spend no more time on this issue.

Once the rules are extended to allow dogs in parks, many owners will be bending to the rules further and allowing their dogs off the leash. I already see too many dogs off the leash in areas where dogs are permitted, particularly the trail on the levee along the Peosta Channel. The grass alongside the trail by the Channel Inn is covered with dog turds.

Throughout my lifetime, I have seen unresponsible behavior by dog owners. Even when I asked them to control their dogs, the response is usually silence. I ask that the Board also remain silent on the issue of pets in parks. Please do not take any action in response to their request to permit pets in parks. Many dog owners make no communication other than stating "he won't bite", and stand motionless while their dog chases me.

Each summer, I have worked at Flora Park as the Supervisor of the outdoor volleyball league. I believe that permitting dogs in Flora Park would be detrimental to a large scale gathering such as the Leisure Services volleyball league. I expect that there will always be a couple people that will bring their dog(s) to the park for extended periods of time. Even if the dogs do not bite, they will likely be barking while others are at the park to enjoy other activities.

I do not recall ever seeing a dog turd in Flora Park. If dogs are permitted in Flora Park, there will be turds left behind. I wish to continue employment at Flora Park in such an environment that is free of dog turds and barking dogs.

If dogs are going to be allowed in any parks, please consider a ban specific to Flora Park, which has heavy use by non-dog owners for activities such as horseshoes, volleyball, pickleball, tennis, and swimming.

Sincerely,

Steven M. Fuchs

GOOD AFTERNOON. MY NAME IS JAMES KRESS I HAVE BEEN A CITZEN OF DUBUQUE AND LIVED AND WORKED IN DUBIQUE ALL MY LIFE. I HAVE LIVED AT 3090 KEOKUK ST. SINCE 1969, I AM NOW RETIRED AND HAVE USED THE CITY PARKS ALMOST ON A DAILY BASIS. WALKING AND PICNICKING WITH MY FAMILY ON WEEKENDS AND HOLIDAYS. PLEASE DO NOT ALLOW DOGS IN THE CITY PARKS.

THERE ARE NUMEROUS REASONS WHY NOT TO ALLOW DOGS IN CITY PARKS. THE FIRST ONE BEING DOG BITES. AND NOT EVERYONE PICKS UP AFTER THEIR DOG. IT IS A MESS TO CLEAN OFF SHOES AND IF YOU NEED EVIDENCE JUST WALK THE PEOSTA CHANNEL FLOOD WALL, GRANDVIEW AVENUE, McDONALD PARK, MILLER PARK, EVEN THE RIVER WALK AT THE PORT OF DUBUQUE. OR JUST WALK THROUGH ANY NEIGHBORHOOD IN DUBUQUE. NOT ALL DOGS ARE ON A LEASH. NOT EVERY DOG HAS ALL THE SHOTS REQUIRED AND NOT EVERY DOG IS REGISTERED WITH THE CITY AS REQUIRED. IT IS NOT A GOOD IDEA TO PUT PIT BULLS, ROTTWEILERS, GERMAN SHEPHERDS EVEN SMALL DOGS WHERE CHILDREN PLAY.

EFFICTIVE JAN. 1, 2012 LINWOOD CEMETERY AND MOUNT CALVARY CEMETERY NO LONGER ALLOWS DOGS IN THE CEMETERY DUE TO NON COMPLIANT OWNERS.

I GOOGLED DOG BITES IN CITY PARKS AND HAVE PRINTED OFF A NEWSPAPER REPORT FROM NEBRASKA DATED MARCH 12TH, 2012. THE NEBRASKA HUMANE SOCIETY HAS REPORTED FIVE DOG BITES IN CITY PARKS IN TEN DAYS, IN THREE OF THE INCIDENTS THE DOG OR OWNER HAVE NOT BEEN LOCATED. THERE ARE MANY STORIES ON THIS SUBJECT BUT I JUST PICKED ONE.

IF YOU CAN PREVENT ONE CHILD FROM BEING BITTEN WHILE PLAYING IN THE PARK YOU WILL HAVE DONE A GOOD JOB. KEEP OUR CITY PARKS SAFE FOR EVERYONE. PLEASE DO NOT ALLOW DOGS IN OUR CITY PARKS.

THANK YOU FOR YOUR TIME

Update: Dog Bites In Public Parks

The warm weather has sped up the time table for a number of events, some good others not so good.

The pollen "explosion" is weeks ahead of schedule but many are weeks into their outdoor workouts and dog bites in the area are at mid-season levels.

Lucky, Molly and Buddy know exactly where they are and like most dogs, can't wait to be unleashed and set free inside Hefflinger Dog Park.

Maureen Krejci says, "Whenever it is a nice day we bring them here because it is great for them as well as they sleep."

The dogs love it and it burns off any excess energy so they're more obedient but Maureen and Devyn enjoy this time almost as much as the dogs.

Unfortunately some of the more recent dog outings have resulted in injury. The Nebraska Humane Society reports five dog bites over the past ten days.

ADVERTISEMENT

Mark Langan says, "The vast majority of these situations could have been prevented. One, by people not allowing there dogs to run around loose in parks and two, by those people who have their dogs on a leash, be cautious of little kids running up to pet those dogs."

They're common sense rules that some people may have forgotten. Maureen and her fiancé remain vigilant while the dogs are interacting with any other person or animal.

Maureen says everyone should.

Maureen Krejci says, "I would definitely tell the parents to watch out for the child and if they are near a dog teach them the proper way to go up to a dog. Don't approach a dog, put your hand out and let the dog come up and sniff you first."

Any other approach and the dog may become scared or feel threatened.

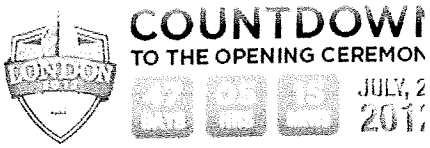
Maureen Krejci says, "Seems like all dogs are very social whether it is with people or with other dogs they are all very social."

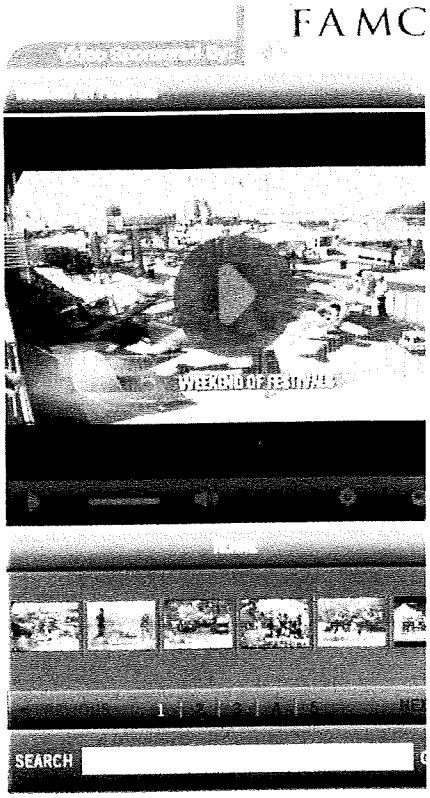
But you have to let dogs warm up to others at their own pace.

Langan says even though the bite may be traumatic someone should get the dog owner's information at the scene. That will help the Nebraska Humane Society follow up on the status of shots and licensing for the dog as well as check for any prior incidents.

Here's a recap of dog bites in parks, in the past 10-days:

3/5/12: A five-year old boy was walking in Gifford Park, 33rd and Cass Street, when he went to pet a large black and white dog that was being walked by a male. The boy asked if he could pet the dog and the owner said yes. The large dog jumped and bit the boy on the lip. The owner of this dog has not yet been





located.

3/7/1: A twenty-year old male was in Hefflinger Dog Park at 114th and West Maple when his dog and a black German Shepherd began fighting. Both the twenty-year old and his dog sustained injuries. The owner of the Shepherd has not yet been located.

3/10/12: Two adults were in Miller Park, 30th and Redick, when a large dog, possibly a Border collie, ran up to them and bit them on their hands and wrist. The dog was running stray in the park. This dog has not yet been located.

3/13/12: A five-year old girl and mother were in Aspen Park, 7300 South 53rd Street. A man was walking a dog, unknown breed. The child ran to pet the dog, and the dog bit her near the left eye and on a finger. Neither the dog nor the owner has been located.

3/14/12: A three-year old female was with her mother in Conoco Park, 84th and Papillion Parkway. A dog (Dalmatian/Dachshund mix) was tied to a tree, near its owners. The 3 year old girl was given permission to pet the dog, and when she did the dog jumped and bit her in the chin. This dog was located, and is current on rabies vaccinations.

Dear All-

I meant to include Murphy Park along with the other 3 in the statement about the uniqueness of the specific parks being respected by the Commission. That sentence should read:

Notably, the Park and Rec Commission vote was unanimous….even though some members may have favored a change, they voted to keep the ordinance the same out of respect for the uniqueness of Eagle Point, Marshall, Murphy Park and the Aboretum, and the input the Commission received from the citizens of Dubuque."

Thank you.

Arthur F. Gilloon

Subject: FW: Council Discussion tonight 6/2/25 re Action Item #1- Dogs in parks

Dear Mayor Cavanaugh and Council Members Jones, Resnick, Farber, Sprank, Wethal, and Rousell-

As always, I hope this email finds you all well, and thanks for your service to the citizens of Dubuque.

I see Action Item #1 will revisit the question of whether all city parks should allow the presence of cats and dogs. I wrote to you last Fall re this, and I set out that letter of September 3, 2024 below. If there is no public comment allowed tonite, let me to offer a few thoughts based on what has occurred since.

1. **I have attended every Park and Rec meeting since your direction to them last Fall to advise you on this issue. Your Commissioners now recommend that Eagle Point, Murphy, Marshall, and the Arboretum remain human parks only.**

2.) **The Commission worked very hard seeking public input, and most respondents favored no change in the ordinance. Notably, the Park and Rec Commission vote was unanimous….even though some members may have favored a change, they voted to keep the ordinance the same out of respect for the uniqueness of Eagle Point, Marshall, and the Aboretum, and the input the Commission received from the citizens of Dubuque.**

3**.) The City is spending $396,000.00 for the Leisure Services Kimley Horn consultation over the next year (See attached). Why would we change the ordinance before that consultation is complete?**

I will speak tonight if allowed, and I thank you for your consideration. Keep these three parks human only parks.

Arthur F. Gilloon
535 Heritage Dr.
Dubuque, Iowa

Here is the substance of my 9/3/24 letter to all of you:

Currently, the following locations are protected:

1.Bunker Hill golf course.
2.Marshall Park and Dubuque Arboretum and Botanical Gardens.
3.Eagle Point Park.
4.Murphy Park.
5.Nicholas J. Sutton Swimming Pool.
6. Flora Park Swimming Pool.
7.The Veterans Memorial Plaza within the Gerald “Red” McAleece Park and Recreation Complex.
8. Fenced-in sporting areas, including, but not limited to, courts, fields, rinks, arenas, and skate parks.
9. Buildings or facilities within parks which are listed on the National Register of Historic Places.
10.On playground and recreational areas designed for use by children.
11.Where a prohibitory sign is posted.

These should remain as people-only parks and other areas.

While my thoughts below apply to all 11 categories, in the interest of brevity, let me speak only as to Eagle Point Park.

Please look at the attached two items that were part of the March 3, 2020 Council Meeting that amended the dog ordinance protect Murphy Park, Eagle Point, and other special areas from pet intrusion.

Attachment #1 refers to the Eagle Point Environmental Restoration Project. Dubuque spent more than $290,000 on this project, enhancing the "ecological systems" of the park, which is on the National Register of Historic Places. See the highlighted portions on both pages, please.

Attachment #2 is from the City Manager's memo on the Pet Ordinance for the March 3, 2020 Council Meeting , making it clear that the dog and cat excrement that remains in a park each day will **NOT** be cleaned up or addressed by park staff, and no citizen complaints re same will be addressed by the city. That means the feces left by inconsiderate dogs owners and inadequate clean up by others will be continually present in the picnic, walking areas, green spaces, and roads of the park.

It seems incongruous to spend hundreds of thousands of dollars protecting Eagle Point environmentally, and then open it up to dogs and cats defecating on every concrete and green space, which will spread to the groundwater. In addition, feces is treated as a biohazard in airplanes by the FAA. Shouldn't we consider it the same way? If a dog or cat defecated anywhere in the city council chambers, the staff would clean it, spray it with chemicals, and keep people away from it for at least 8 hours. Why should human beings be exposed to untreated dog and cat feces in our protected parks? Using doggie bags does not address these issues.

Also, if the City expands the ordinance to allow dogs in the current protected areas, the same sign currently posted in the dog parks under Dubuque's current ordinance would have to be posted. (These posted rules are taken from the City website.)

- "Owners are legally responsible for their dogs and any injuries caused by their dog(s)
- Owners must remain within the fenced area at all times
- Dogs must be leashed prior to entering and upon leaving the area. Gates to the area must remain closed at all times
- Owners must immediately clean up after their dogs. Failure to do so can result in a fine up to $750
- Dogs with known history of, or who exhibit dangerous behavior are prohibited
- Dogs must be healthy, fully immunized, de-wormed, and wearing license and rabies tags
- An adult must accompany children under 14; young children must be closely supervised
- Puppies under four months old and female dogs in heat are prohibited
- Only two dogs per adult are allowed
- Dogs must be watched at all times
- Cooperation between dog owners is essential
- Enter at your own risk (Colorization added.)

The warning "Enter at your own risk" seems wildly inappropriate for a park on the National Register of Historic Places.

Lastly, please take a moment to review Dubuque's 2017 successful 103-page application to place Eagle Point Park on the National Register of Historic Places.

https://www.cityofdubuque.org/DocumentCenter/View/35243/Eagle-Point-Park-Historic-District?bidId=

This appears on page 38:

"*FEELING*

Eagle Point Park is considered both a community park and a regional park because of its size, ***abundant recreational facilities, and many visitors from Dubuque County and the tri-state region.***

Eagle Point Park is a community asset and a regional destination where visitors and residents can reconnect with nature by experiencing the natural, cultural and ecological aspects of the environment through cultured grounds and natural areas. Key park amenities experienced by generations of area residents, such as those listed below, remain intact. Previous generations of park-users would recognize these features, making the integrity of feeling excellent for this historic park. **(Highlighting added.)**

Why would we ever want dogs and cats in to defecate on the "cultured grounds" of this masterpiece?

For these and other reasons to be offered at the appropriate time, I urge you not curtail the list of protected areas in Dubuque.

Thank you for taking the time to read this, and I look forward to your favorable consideration of these ideas. Dubuque is an All-America City and our Masterpiece on the Mississippi….we have achieved this lofty status while still preserving some areas just for people. It is not necessary to change the decision that was wise in 2022 and remains so today.

SUBJECT: **Eagle Point Park Environmental Restoration Project – Phase 2) Bioretention Basin Construction, Tree Removal, and Native Vegetation Establishment – Public Hearing for Approval of Plans and Specs (CIP #720-2301)**

DATE: February 25, 2020

INTRODUCTION

The purpose of this memo is to provide the City Council with information for the Public Hearing for Approval of Plans and Specs for Phase 2) Bioretention Basin Construction, Tree Removal, and Native Vegetation Establishment to continue construction work implementing the Eagle Point Park Environmental Restoration Management Plan (CIP #720-2301). Supporting documentation and a resolution are enclosed.

BACKGROUND

The Eagle Point Park Environmental Restoration Management Plan, approved by the City Council in January 2017, outlines the unique nature and value of this park and the importance of making the site more resilient. The report focuses on the restoration of native plants to improve the health of the ecosystem and enhance ecological functions such as water purification, groundwater recharge and pollinator support. Another major area of focus is the reduction of stormwater runoff and the use of stormwater best practices to reduce soil erosion and improve water quality.

The City Council approved a $185,244 Contract with Emmons and Olivier Resources, Inc. (EOR) in October 2018 for Project Design, Construction Management, and Grant Administration Services. EOR is assisting the City with implementing best practices outlined in the Environmental Restoration Management Plan as well as grant administration and Section 106 historic preservation review. . EOR was also awarded an additional $16,466.08 for design and archaeological monitoring relating to the federal review process. EOR's total budget is $201,710.08.

DISCUSSION

The City team for this project includes staff from Leisure Services, Engineering, and Planning Services Departments. City Staff and the EOR team are receiving guidance from the Iowa Department of Natural Resources (IDNR) and the Iowa Department of

Eagle Point Park is listed in the National Register of Historic Places. The park has been determined to possess historic, architectural, cultural, and archeological resources. The commentary from the State Historic Preservation Office (SHPO) required additional information from our consultants re: design aspects of bio-retention basins along the park road and the question of removal of potential legacy trees in that specific basin area. This in turn generated additional design work by EOR and archeological monitoring by Bear Creek Archeology. The bio-retention basin work recently was cleared by SHPO and the National Park Service.

Consequently, City staff have been working with EOR consultants and IDNR and IDALS staff to move the project forward through two bidding packages. Phase 1) Turf Conversion and Soil Quality Restoration (SQR) was initiated in July 2019. Phase 2) Bioretention Basin Construction, Tree Removal, and Native Vegetation Establishment was delayed until February 2020. Due to the different type of the work involved for these phases, we expect to receive favorable bids by separating the construction work.

The general nature of the work involved with Phase 2 is: grading, drainage pipes and structures, erosion and sediment control, native landscaping, vegetation establishment and maintenance. EOR estimated Phase 2 will cost $290,665.65 as shown below.

Phase 2 - Cost Estimate	**Amount**
Construction Total	$264,241.50
Construction Contingency (10%)	$26,424.15
Total	**$290,665.65**

PROJECT SCHEDULE

The proposed project schedule for Phase 2 is summarized below:

Post Notice to Bidders	February 20, 2020
Notice of Public Hearing on Plans and Specs	February 20, 2020
Pre-Bid Meeting	February 27, 2020
Public Hearing on Plans and Specs	March 2, 2020
Receipt of Bid Proposals (Bid Opening)	March 9, 2020
Award Construction Contract	March 16, 2020
Project Substantial Completion Date	June 30, 2020

BUDGET IMPACT

The IDNR is a major funding partner with $801,300 in state and federal pass-through grants awarded for this project, leveraged by $79,597 from the Leisure Services Department's FY14 Capital Improvement Project (CIP) #7202301 for Eagle Point Park.

The City has two Resource Enhancement and Protection (REAP) grants from IDNR, a $175,000 Land and Water Conservation Fund (LWCF) federal pass-through grant from the National Park Service (NPS) to the IDNR, and a State Revolving Fund (SRF) Sponsored Project of $259,722 from the IDNR. Total project funding is $832,452.00 as set forth below:

AGREEMENT
BETWEEN
THE CITY OF DUBUQUE, IOWA
AND

KIMLEY-HORN AND ASSOCIATES, INC.
FOR PROFESSIONAL SERVICES

THIS AGREEMENT is made this 16th day of December, 2024, by and between City of Dubuque ("Client" or "City") and KIMLEY-HORN AND ASSOCIATES, INC. ("Consultant").

NAME OF PROJECT: City of Dubuque Leisure Services Comprehensive Master Plan ("Project.")

The Client and the Consultant agree as follows:

1) Scope of Services and Additional Services. The Consultant will perform only the services specifically described in Exhibit A, which is made a part of this Agreement ("Services"). Any services that are not set forth in the scope of Services described in Exhibit A will constitute additional services ("Additional Services"). If requested in writing in advance by the Client and agreed to by the Consultant, the Consultant will perform Additional Services, which shall be governed by these provisions. Unless otherwise agreed to in writing, the Client shall pay the Consultant for any Additional Services an amount based upon the Consultant's then-current hourly rates plus an amount to cover certain direct expenses including telecommunications, in-house reproduction, postage, supplies, project related computer time, and local mileage. Other direct expenses will be billed at 1.15 times cost.

2) Client's Responsibilities. In addition to other responsibilities herein or imposed by law, the Client shall:
   a) Designate in writing a person to act as the Client's representative, such person having complete authority to transmit instructions, receive information, and make or interpret the Client's decisions.
   b) Provide all criteria and information as to the Client's requirements, objectives, and expectations for the Project, and all standards of development, design, or construction.
   c) Provide the Consultant all available studies, plans, or other documents pertaining to the Project, such as surveys, engineering data, environmental information, etc., all of which the Consultant may rely upon.
   d) Arrange for access to the site and other property as required for the Consultant to provide its services.
   e) Review all documents or reports presented by the Consultant and communicate decisions pertaining thereto within a reasonable time so as not to delay the Consultant.
   f) Furnish approvals and permits for all government authorities having jurisdiction over the Project and approvals and consents from other parties as may be necessary.

g) Obtain any independent accounting, legal, insurance, cost estimating, and feasibility services required by the Client.

h) Give prompt written notice to the Consultant whenever the Client becomes aware of any development that affects the Consultant's services, or any defect or nonconformance in any aspect of the Project.

3) Period of Services. Unless otherwise stated herein, the Consultant shall begin work after receipt of a properly executed copy of this Agreement. This Agreement assumes conditions permitting orderly and continuous progress of the Project through completion of the Services which shall be not later than April 2026. Times for performance shall be extended as necessary for delays or suspensions due to circumstances that the Consultant does not control. If such delay or suspension extends for more than six months, the Consultant's compensation shall be renegotiated.

4) Compensation for Services.

a) The Consultant's compensation shall be as stated herein, unless otherwise provided in Exhibit A. The Client shall pay the Consultant an amount based upon the Consultant's then-current hourly rates plus an amount to cover certain direct expenses including telecommunications, in-house reproduction, postage, supplies, project related computer time, and local mileage. Other direct expenses will be billed at 1.15 times cost.

b) If the Consultant's compensation is on an hourly basis, the parties may have estimated in Exhibit A costs and expenses for the various portions of the scope of Services. Services undertaken or expenses incurred by the Consultant exceeding any estimates shall be the liability of the Client.

5) Method of Payment.

a) Invoices will be submitted periodically for services performed and expenses incurred. Payment of each invoice will be due within 25 days of receipt. The Client shall also pay any applicable sales tax. All retainers will be held by the Consultant and applied against the final invoice. Interest will be added to accounts not paid within 25 days at the maximum rate allowed by law. If the Client fails to make any payment due the Consultant under this or any other agreement within 30 days after the Consultant's transmittal of its invoice, the Consultant may, after giving notice to the Client, suspend services and withhold deliverables until all amounts due are paid in full.

b) The Client will remit all payments electronically.

c) The Client will send the project number, invoice number and other remittance information by e-mail to payments@kimley-horn.com at the time of payment.

d) If the Client relies on payment or proceeds from a third party to pay Consultant and Client does not pay Consultant's invoice within 60 days of receipt, Consultant may communicate directly with such third party to secure payment.

e) If the Client objects to an invoice, it must advise the Consultant in writing giving its reasons within 14 days of receipt of the invoice or the Client's objections will be waived, and the invoice shall conclusively be deemed due and owing. If the Client objects to only a portion of the invoice, payment for all other portions remains due.

f) If the Consultant initiates legal proceedings to collect payment, it shall recover, in addition to all amounts due, its reasonable attorneys' fees, reasonable experts' fees, and other expenses related to the proceedings. Such expenses shall include the cost, at the Consultant's normal hourly billing rates, of the time devoted to such proceedings by its employees.

g) The Client agrees that the payment to the Consultant is not subject to any contingency or condition. The Consultant may negotiate payment of any check tendered by the Client, even if the words "in full satisfaction" or words intended to have similar effect appear on the check without such negotiation being an accord and satisfaction of any disputed debt and without prejudicing any right of the Consultant to collect additional amounts from the Client.

6) Use of Deliverables. All documents, data, and other deliverables prepared by the Consultant are related exclusively to the services described in this Agreement and may be used only if the Client has satisfied all of its obligations under this Agreement. They are not intended or represented to be suitable for use or reuse by the Client or others on extensions of this Project or on any other project. Any modifications by the Client to any of the Consultant's deliverables, or any reuse of the deliverables without written authorization by the Consultant will be at the Client's sole risk and without liability to the Consultant, and the Client shall indemnify, defend and hold the Consultant harmless from all claims, damages, losses and expenses, including but not limited to attorneys' fees, resulting therefrom. The Consultant's electronic files and source code remain the property of the Consultant and shall be provided to the Client only if expressly provided for in this Agreement. Any electronic files not containing an electronic seal are provided only for the convenience of the Client and use of them is at the Client's sole risk. In the case of any defects in the electronic files or any discrepancies between them and the hardcopy of the deliverables prepared by the Consultant, the hardcopy shall govern.

7) Intellectual Property. Consultant may use or develop its proprietary software, patents, copyrights, trademarks, trade secrets, and other intellectual property owned by Consultant or its affiliates ("Intellectual Property") in the performance of this Agreement. Intellectual Property, for purposes of this section, does not include deliverables specifically created for Client pursuant to the Agreement and use of such deliverables is governed by section 6 of this Agreement. Unless explicitly agreed to

in writing by both parties to the contrary, Consultant maintains all interest in and ownership of its Intellectual Property and conveys no interest, ownership, license to use, or any other rights in the Intellectual Property to Client. Any enhancements of Intellectual Property made during the performance of this Agreement are solely owned by Consultant and its affiliates. If Consultant's services include providing Client with access to or a license for Consultant's (or its affiliates') proprietary software or technology, Client agrees to the terms of the Software License Agreement set forth at https://www.kimley-horn.com/khts-software-license-agreement ("the License Agreement") which terms are incorporated herein by reference.

8) Opinions of Cost. Because the Consultant does not control the cost of labor, materials, equipment, or services furnished by others, methods of determining prices, or competitive bidding or market conditions, any opinions rendered as to costs, including but not limited to the costs of construction and materials, are made solely based on its judgment as a professional familiar with the industry. The Consultant cannot and does not guarantee that proposals, bids or actual costs will not vary from its opinions of cost. If at any time the Client wishes greater assurance as to the amount of any cost, it shall employ an independent cost estimator. Consultant's services required to bring costs within any limitation established by the Client will be paid for as Additional Services.

9) Termination. The obligation to provide further services under this Agreement may be terminated by either party upon seven days' written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof, or upon thirty days' written notice for the convenience of the terminating party. The Consultant shall be paid for all services rendered and expenses incurred to the effective date of termination, and other reasonable expenses incurred by the Consultant as a result of such termination. The Client may also terminate this Agreement with or without cause upon thirty (30) days' written notice delivered to the Consultant.

10) Standard of Care. The standard of care applicable to Consultant's services will be the degree of care and skill ordinarily exercised by consultants performing the same or similar services in the same locality at the time the services are provided. No warranty, express or implied, is made or intended by the Consultant's performance of services, and it is agreed that the Consultant is not a fiduciary with respect to the Client.

LIMITATION OF LIABILITY. In recognition of the relative risks and benefits of the Project to the Client and the Consultant, the risks are allocated such that, to the fullest extent allowed by law, and notwithstanding any other provisions of this Agreement or the existence of applicable insurance coverage, that the total liability, in the aggregate, of the Consultant and the Consultant's officers, directors, employees, agents, and subconsultants to the Client or to anyone claiming by, through or under the Client, for any and all claims, losses, costs, attorneys' fees, or damages whatsoever arising out of or in any way related to the services under this Agreement for breach of contract or any

warranty, express or implied, of the Consultant or the Consultant's officers, directors, employees, agents, and subconsultants shall not exceed twice the total compensation received by the Consultant under this Agreement or $50,000, whichever is greater. Higher limits of liability may be negotiated for additional fee. This Section is intended solely to limit the remedies available to the Client or those claiming by or through the Client, and nothing in this Section shall require the Client to indemnify the Consultant. The Consultant agrees to defendant, indemnify and hold harmless the Client, its officers and employees from and against any and all claims or damages of any kind arising out or related to the negligence of the Consultant, its officers, employees or agents.

11) Mutual Waiver of Consequential Damages. In no event shall either party be liable to the other for any unforeseeable consequential, incidental, punitive, or indirect damages including but not limited to loss of income or loss of profits for breach of contract.

12) The Consultant shall provide insurance as described in the attached Insurance Schedule at all times during the performance of this Agreement.

13) Construction Costs. Under no circumstances shall the Consultant be liable for extra costs or other consequences due to changed or unknown conditions or related to the failure of contractors to perform work in accordance with the plans and specifications. Consultant shall have no liability whatsoever for any costs arising out of the Client’s decision to obtain bids or proceed with construction before the Consultant has issued final, fully approved plans and specifications. The Client acknowledges that all preliminary plans are subject to substantial revision until plans are fully approved and all permits obtained.

14) Certifications. All requests for the Consultant to execute certificates, lender consents, or other third-party reliance letters must be submitted to the Consultant at least 14 days prior to the requested date of execution. The Consultant shall not be required to execute certificates, consents, or third-party reliance letters that are inaccurate, that relate to facts of which the Consultant does not have actual knowledge, or that would cause the Consultant to violate applicable rules of professional responsibility.

15) Dispute Resolution. All claims arising out of this Agreement shall be submitted first to nonbinding mediation in accordance with the American Arbitration Association as a condition precedent to litigation.

16) Construction Phase Services.
    a) If the Consultant prepares construction documents and the Consultant is not retained to make periodic site visits, the Client assumes all responsibility for interpretation of the documents and for construction observation, and the Client waives any claims against the Consultant in any way connected thereto.

Proposal for the City of Dubuque

LEISURE SERVICES COMPREHENSIVE MASTER PLAN

Prepared for

CITY OF DUBUQUE

RE: PROPOSAL FOR THE CITY OF DUBUQUE LEISURE SERVICES COMPREHENSIVE MASTER PLAN

Dear Mr. Fehsal and Members of the Selection Committee:

The City of Dubuque (City) has been strategically investing in community assets that serve diversified interests and make experiencing the outdoors easily accessible, making Dubuque a highly desirable place to live, work, visit and play. The City is seeking a qualified professional team to develop the City's first Leisure Services Comprehensive Master Plan. The Kimley-Horn team is uniquely positioned to help the City achieve its goal and provide direction for the advancement of leisure services in the city over the next 10 years and beyond.

A well-crafted parks and recreation master plan tells the story of a city, where they were, and where they are going. **Kimley-Horn has assembled a very strong, proven team of qualified professionals that bring the technical expertise, national experience, and passion required to develop a unique and thoughtful world-class parks and recreation master plan for the City.** We are prepared and excited for the opportunity to help you tell your story. Realizing the full potential of a parks and recreation system requires a robust public engagement process; innovative, forward-thinking, and creative solutions; and experience in envisioning and implementing successful strategies for character-rich, multi-use, user-friendly environments. When you think of the Kimley-Horn team, please consider the following special qualities we bring to the City:

Expertise in Parks and Recreation. Specializing in parks and recreation projects, the Kimley-Horn team offers specific expertise in both system-wide and site-specific master planning. We understand how to meet your project-specific objectives and advance your long-term vision for your community. Our team is highly experienced in comprehensive master planning, consensus building, placemaking, and designing parks that have been successfully implemented for communities to enjoy. We have led and contributed to dozens of parks and recreation master plans nationally, including the Scottsdale Parks and Recreation Master Plan in Scottsdale, Arizona and the Gurnee Parks and Recreation Master Plan in Gurnee, Illinois. Together with our outstanding subconsultants, Ballard*King (B*K) and ETC Institute (ETC), **Kimley-Horn brings you a team with the highest caliber of relevant expertise—a team that provides creative and realistic ideas that are grounded in best parks and recreation planning practices.**

Multidiscipline Approach. Kimley-Horn brings the multidiscipline capabilities required for this master planning project—from parks and recreation planning and design to natural resources planning to public and stakeholder involvement, Geographic Information Systems (GIS), environmental services, visualization, technical editing, graphics and website design, civil engineering, and infrastructure design. **Kimley-Horn has it all under one roof, which means enhanced efficiency, improved communication, and a unified vision for your project.**

A Tailored Team to Meet Your Needs. You have the assurance of knowing that our Project Manager, **Marissa Pellegrini, PLA, ASLA, CLARB**, is dedicated to providing you with a tailored comprehensive parks and recreation master planning experience. **We are dedicated to understanding your system and your unique opportunities and challenges.** We believe this level of personalization translates to technical excellence and means that the City will receive the highest quality level of service. The members of our team are available immediately and are in an excellent position to handle the workload required.

The Kimley-Horn team is ready and excited to help the City complete the Leisure Services Comprehensive Master Plan. We possess the understanding and expertise you need to deliver a quality master plan on-time and within budget. Marissa Pellegrini is our Project Manager and your primary point of contact. She can be reached at Marissa.Pellegrini@kimley-horn.com, 602.906.1153, or at our Scottsdale office at 14648 North Scottsdale Road, Suite 200, Scottsdale, AZ 85254. We acknowledge Addendum No. 1, dated November 7, 2024.

Sincerely,
KIMLEY-HORN

Marissa Pellegrini, PLA, ASLA
Project Manager/Point of Contact

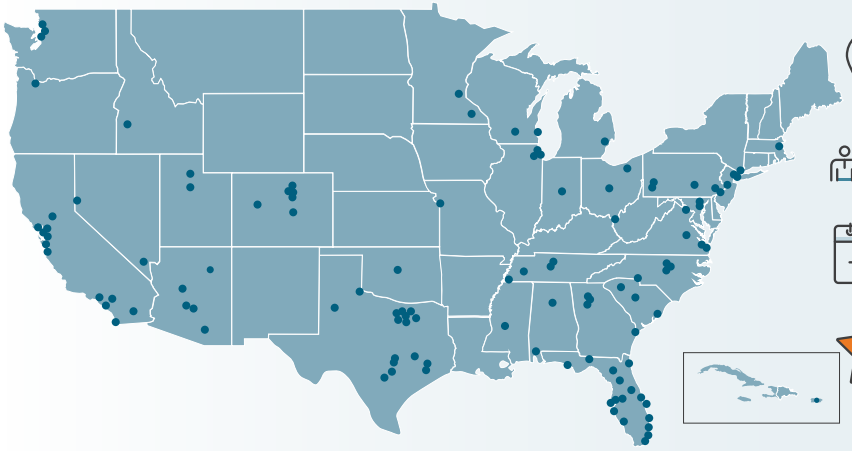
Brian Smalkoski, PE, AICP, PTP, PTOE
Vice President/Authorized Signer

PROFILE OF FIRM

GENERAL FIRM INFORMATION

Founded in 1967, Kimley-Horn is a national multidisciplinary planning and engineering firm that has provided innovative, high-quality consulting services across the U.S. for over 57 years. With more than 8,000 professionals in over 135 offices nationwide, municipalities across the country turn to Kimley-Horn for professional services, including master planning; public participation and consensus building; parks and recreation design; trail design; design and maintenance guidelines; environmental studies; feasibility studies; and cost analysis, including life-cycle assessments. **Work on this project will be completed from our Scottsdale, Arizona and Chicago, Illinois suburban offices.**

Kimley-Horn's integrated approach to the master planning process is guided by the needs of the constituents who live, work, and play in the communities. We approach complex site planning and civil engineering issues from a multidisciplinary perspective to ensure the final plan achieves your needs today and well into the future. The team of experts we have assembled for this master planning project bring experience and expertise extending from a wide range of parks, recreation, and open space projects that vary from systemwide parks master plans and recreation center master plans to the design and construction of regional, community, neighborhood, and pocket parks and recreation facilities.



135+ offices

8,000+ employees

57+ years of client service

17 years as a **FORTUNE Best Company** to Work For

ARPA FUNDING EXPERIENCE

The Kimley-Horn team is skilled at efficiently guiding our clients through the requirements of federally funded projects, including projects utilizing American Rescue Plan Act (ARPA) funding. Over the years, Marissa Pellegrini and Kimley-Horn have managed multiple ARPA-funded projects for municipal clients that equitably benefited communities across the country. These projects include the City of Scottsdale WestWorld Multi-Use Path Connections and City of Surprise Countryside Park. New ARPA Flex rules allow for spending in new expenditure categories, including natural disaster relief, transportation infrastructure, and Community Development Block Grant (CDBG) programs.

Our project team has experience working through all of these federal funding categories and can work with the City to manage ARPA funds on this project. We can also utilize this knowledge to identify future parks and recreation projects and recommendation that could utilize these funding sources, should they become available in the future. On the Goodyear Game Plan Parks and Recreation Master Plan, we identified recommendations that would be eligible for the utilization of ARPA and CDBG funding sources.

EXPERIENCE AND SUCCESS WITH SIMILAR PROJECTS

Kimley-Horn has a long history of completing similar comprehensive parks and recreation master planning projects. As we are nationally recognized in this field, we recently presented an education session on Systemwide Parks and Recreation Master Plans with our client, the City of Scottsdale. **We understand from our vast experience that no two communities are alike; therefore, no parks and recreation master plans should be alike.**

A robust community engagement process is a cornerstone of our approach and is what we believe will make your plan successful. When a planning project is transparent, guided by the community, and for the community, it results in plans that have community buy-in and departments that have earned the trust of their community. We strive to immerse our team in our clients' parks systems to create tailored, bespoke plans that will be practical, functional, and implementable in the short

term and for years to come. **We strive to make our experience working together a really positive one, with a focus on providing exceptional service and solutions.**

With a portfolio of impressive parks and recreation planning experience, we are confident that our team of qualified professionals will successfully address your comprehensive master planning project needs. The consultants on this team have worked together on numerous notable parks and recreation projects, delivering high-quality results. We are a proven team with demonstrated success. We have included some of our team's most relevant and notable projects in the Relevant Projects/Client References section beginning on page 20.

CAPACITY AND AVAILABILITY

Kimley-Horn is in an excellent position to handle the workload of this master planning project. We have strategically assembled our team based on technical ability, experience, and their availability to meet the City's goals and expectations. In the event workload demands additional staff, we have additional qualified professionals firmwide that can be brought into the team to meet special project requirements.

To ensure we meet our client commitments, Kimley-Horn uses a proactive management system, called castaheads, that details every project's personnel needs and determines each staff member's availability. Based on review of our castaheads, we can assure you that the staff members selected for this team are available to serve you and are in an excellent position to handle the workload for this master planning project.

As the lead consultant, we assembled our team by carefully selecting the top firms we have previously collaborated with on similar master planning projects. These firms have consistently delivered exceptional results and we have established strong working relationships with them. Both of our subconsultant firms have confirmed availability.

Kimley-Horn has a superior track record of achieving results—and we are committed to do the same for you on this project. We know how to maintain schedules, and we know how to produce quality deliverables. Every member of our team is committed to exceeding your quality expectations on this assignment. The graphic to the right indicates each team member's commitment to this Leisure Services Comprehensive Master Plan.

SCOPE OF SERVICES

PROJECT WORK PLAN

The Kimley-Horn team's tailored work plan is shown on page 12. The following tasks have been identified from the City's developed scope of work and sequenced to allow the team to identify concurrent tasks within the data collection, analysis, and engagement processes.

TASK 1: Project Initiation and Conduct a Needs Assessment

Kick-off Meeting and Project Management

The Kimley-Horn team will be in close contact with the City's designated project manager throughout the project ensuring constant feedback and timeliness of project deliverables. Detailed steps of this task include:

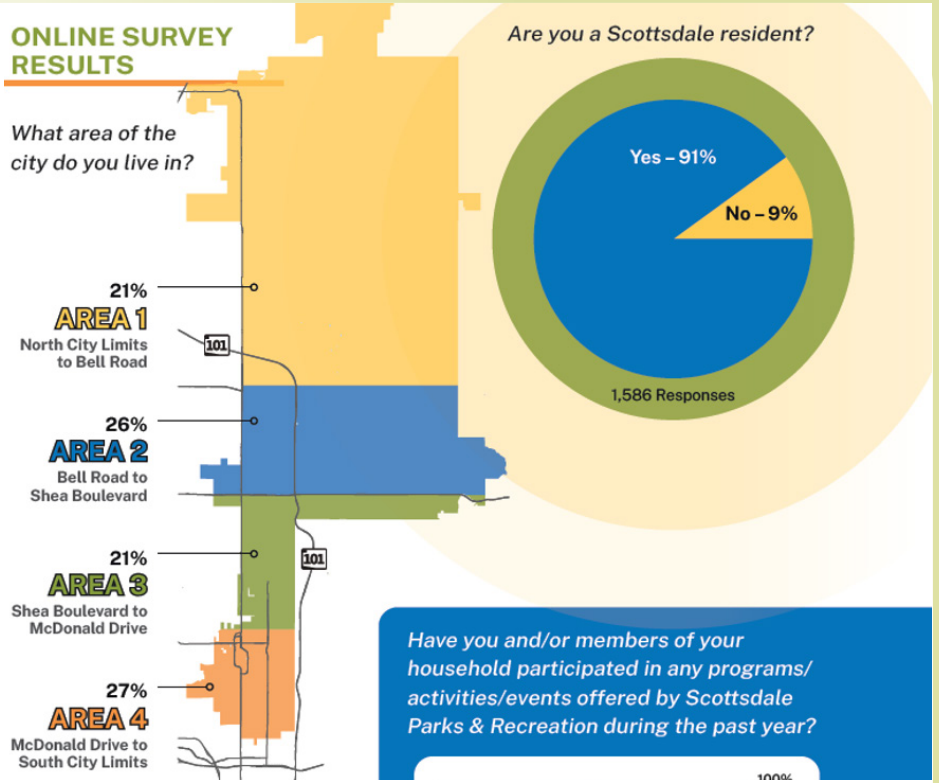
- **Confirmation and Outcome Expectations:** The project goals, objectives, scope, and schedule will be confirmed by discussing the expectations of the completed project.
- **Communications:** We will confirm lines of communication, points of contact, level of involvement by Leisure Services Department (Department) staff and local leaders, and other related project management details.
- **Progress Reporting:** The Kimley-Horn team will maintain close contact with the City's designated project coordinator throughout the performance of the project.

We will develop and supply the City with status reports on a monthly basis. Until the plan is approved, the Kimley-Horn team will hold progress meetings bi-weekly, or as often as needed.

Conduct A Needs Assessment

The Kimley-Horn team will take steps to set up needs assessment tasks. These include the following:

Data Request: The Kimley-Horn team will provide the City with a list of data requests. This will include existing GIS, existing relevant plans, and studies, financial data, organization chart, program offerings and information, and maintenance logs, among other items. These items will be utilized to help the team understand the Dubuque system, help tailor internal focus group questions, and for reference in creation of subsequent task deliverables.



Planning Area Map

Planning Area Identification: The team will work with the City to understand the geography and makeup of the city and identify distinct planning areas, see example above. These planning areas may be used for community outreach marketing purposes, community outreach venue selection, survey cross-tabulation, and demographics and trends studies.

TASK 2: Develop and Implement Public Engagement Strategy

> *Kimley-Horn has exceeded the City's expectations. Their master planning process was comprehensive and inclusive of all user groups and stakeholders. Their attention to detail is exceptional. The City has really appreciated their creativity, ability to listen and incorporate all stakeholders' interest and level of professionalism they bring to the project every day."* — **Walt Kinsler, City of Goodyear Capital Improvement Director**

Public Engagement Plan

The community and stakeholder engagement process is at the heart of this plan. We believe the success of a well-crafted master plan process lies in the ability to actively engage the community and stakeholders. The team will work with the City to coordinate strong project branding, a project launch plan, and a public engagement plan. Community participation through key leadership meetings, inter-departmental city meetings, focus group meetings, community workshops, pop-up events, and citizen surveys will provide a complementary blend of quantitative and qualitative data (See the graphic to the right). Kimley-Horn will assemble and apply this information to the overall planning process to accurately identify unmet needs, address key issues, and provide the strongest recommendations through strategies moving the department forward for optimum results.

A public engagement plan will be created in tandem with the City to ensure a comprehensive platform is used eliciting the most engagement from the City's diverse stakeholders. The plan will include the stakeholder group, method(s) used to engage, and the party responsible for the engagement. The public engagement process will work hand in hand with the development of an advocacy strategy for the Master Plan. This strategic process is a series of workshops at each milestone of the phase as follows:

- **Workshop Series #1** – Overview of project and processes to achieve successful, sustainable implementation and determine community needs and priorities
- **Workshop Series #2** – Present Key Public Needs Assessment Findings
- **Workshop Series #3** – Present Key Technical Findings
- **Workshop Series #4** – Present Recommendations and Implementation Plan

Each Workshop Series includes outreach/presentations and opportunities for feedback to a staff/steering committee, the community, boards/commissions, and City Council.

Community Participation – Multi-faceted Outreach Approach

Broad-based Outreach Strategy

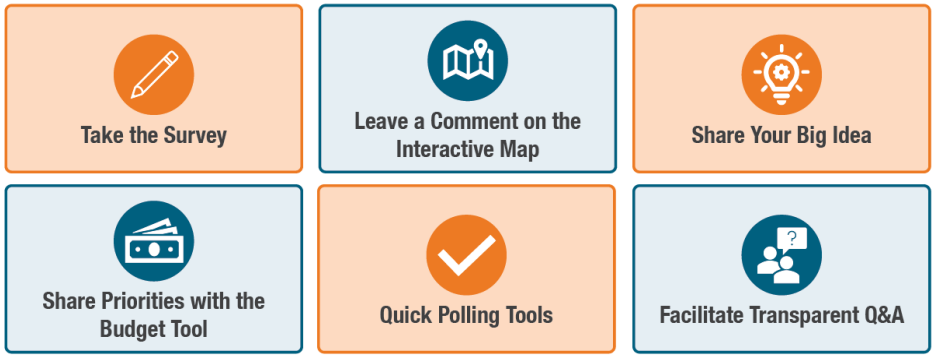
The Kimley-Horn team will utilize a robust community engagement process that is consistent with community values and procedures to obtain input from stakeholders, interest groups, and the community to validate recommendation of the Master Plan. This community engagement process will include the following strategies:

Virtual Presence and Creating a Branded Identity. The public engagement planning meeting will be critical at the project onset. This meeting will develop the outreach plan and create a branded identity for this project. The project branding can relate to existing Dubuque Leisure Services branding, another existing theme, or can be unique to parks and recreation and this project. Creating a project identity helps residents with project recognition and understanding.

Achieving broad-based participation requires a hybrid approach to outreach that includes both in-person and virtual opportunities to provide input. A dedicated project website with a variety of virtual engagement tools will reach more residents and a more diverse demographic. The ability to advertise the project by simply directing residents to the project website via web address, link, and QR code can provide the City with the ability to set up A-frame signs with the QR code in parks and facilities,

distribute paper or virtual flyers to local businesses and schools, and gain participation in new ways. Social media presence is an important advertising tool. Creating relevant content and leveraging the City's various social media accounts is a great way to promote the project awareness and participation.

Kimley-Horn has a full in-house graphics and public engagement team that can develop project branding concepts; build and maintain a dedicated project website; create interactive maps, exhibits, and videos; and work with the City to create and schedule social media content. Kimley-Horn's team will create project-specific and department-specific templates and marketing collateral that can be used over the course of this project and beyond. The goal will be to develop a kit-of-parts for the City to use in their branding for years to come. Our in-house translation services can also translate project material and marketing collateral to any language required to meet the needs of the community. Ownership of the project website and any tools created can be shifted to the City at the end of the project. Kimley-Horn's software team can be available as an extension of staff to interpret and solve issues related to the web-based tools on an as-needed basis. Our team plans to utilize the tools shown below in order to gain feedback from the public for the parks and recreation master plan.



Virtual Outreach Tools

Leadership Interviews

Key Leadership and Stakeholder Interviews. Early in the project, the Kimley-Horn team will perform interviews with key community leaders and stakeholders to evaluate the future vision for the Master Plan, including community values, strengths and challenges, trends, and the level-of-service (LOS) provided. Various commissions, City Council, school officials, sports and recreation associations, leaders and officials in neighboring communities, key partners/philanthropic groups, and others as mutually determined could be included in the interviews.

Community Focus Groups and User Groups. The Kimley-Horn team will conduct multiple group meetings with key community leaders and stakeholders to evaluate their vision for parks and recreation in Dubuque. These interviews/focus groups will help the Kimley-Horn team gain an understanding of the community values, strengths and weaknesses of the park and recreation system, and LOS provided.

Staff Focus Group

Youth Engagement. To engage the large youth segment of the population, we will deliver an online survey administered through the City's website and/or conduct separate pop-up outreach events at schools, youth groups, and recreation facilities. These surveys will provide Dubuque youth a medium to share their input as it relates to parks, recreation programs, and facility needs.

Youth Engagement

Public Workshops. We propose to conduct three in-person and three virtual public workshops and one follow-up meeting conducted during the final briefing component of the plan. These meetings will ensure the community has the opportunity to discuss their options and perceptions regarding parks, trails, recreation, natural resources, and open space. New ideas and alternative approaches from within the city and around the nation will be brought forward to help spark creative thinking. A variety of virtual tools like Social Pinpoint, Google Boards, and Mentimeter can be used to collect additional data and provide other mechanisms for virtual engagement such as using real-time interactive polling to solicit feedback.

Interactive Public Workshop

Pop-up Events. We propose to conduct three pop-up events and provide the City with materials to conduct their own pop-up events as desired. These pop-up events provide the opportunity to meet people where they are. These types of events target both users and non-users of the parks system and let the public know about the project in a unique environment. Pop-up events could include special events put on by the City or could be coordinated with local partners and businesses to allow for a booth, tent, or passing out business cards to direct attendees to the project website.

Pop-Up Events

Electronic Survey. The Kimley-Horn team will create an online survey administered through SurveyMonkey or Social Pinpoint that will be promoted through the project website and the City's outreach mediums to maximize outreach and response rates. The surveys will provide non-statistically valid data complementing the stakeholder and focus group recommendations for park amenities, specific programs, trail linkages, indoor recreation facility components, usage, and pricing strategies.

Multilingual Crowd-Sourcing Project Website. The Kimley-Horn team will develop a customized, multilingual, mobile-friendly website for this project that provides ongoing project updates, allows users to participate using multiple engagement tools in real time, and serves as the avenue to crowd-source information for the entire community. The website will be branded in conjunction with the City and project branding that will be developed. This virtual outreach method has proven to be a very effective tool in engaging the community on an ongoing basis, as well as maximizing outreach to a more diverse demographic that may not traditionally attend public meetings or choose to respond to a phone or mail survey.

Project Website Example

TASK 3: Collect and Analyze Data

Relevant Plan and Document Review

We will collect, log, and create electronic copies as appropriate (MS Word/Excel and Adobe Acrobat) of key data to facilitate dissemination of information. This will assess the long-term goals as expressed in relevant existing plans and studies. Relatively recent planning documents will be key resources and help inform the Master Plan process. These relevant long-range plans and documents include but are not limited to:

- Imagine Dubuque Comprehensive Plan
- Chaplain Schmitt Island Master Plan and Place Making Plan
- Central Avenue Corridor Initiative
- Historic Millwork District Revitalization Plan
- 50% by 2030 Community Climate Action and Resiliency Plan
- 2015 Park Division Review
- Eagle Point Park Environmental Restoration Management Plan

Statistically Valid Needs Analysis Survey

We will perform a random, scientifically valid community-wide household survey to quantify the knowledge; needs; unmet needs; priorities; and support for system improvements, including park, facility, programming, arts, and trail needs of the city. The survey would be administered by phone or by a combination of a mail/phone survey and will have a 95% level of confidence and a confidence interval of +/- 5%. Prior to the survey being administered, it would be reviewed and approved by the City staff.

Facility and Amenity Prioritization by Sub Park Planning Area

High Priority Facilities and Amenities	County-Wide	Ashburn	Dulles	Leesburg	Northwest	Potomac	Route 15 N	Route 15 S	Route 7 W	Sterling	Southwest
Trails-Paved (for recreation)	●	●	●	●	●	●	●	●	●	●	●

Statistically Valid Survey Cross Tabulation Table

Statistically valid surveys offer the following:

1. Scientific Methods of Understanding Community Needs
2. Geographic Distribution Validity
3. Age Segmentation Validity
4. Cross Tabulation by Geographic Location
5. Cross Tabulation by Household Type

Demographic and Trends Analysis

The Kimley-Horn team will utilize the City's projections and supplement with census tract demographic data obtained from Environmental Systems Research Institute, Inc. (ESRI), the largest research and development organization dedicated to GIS and specializing in population projections and market trends; for comparison purposes data will also be obtained from the U.S. Census Bureau. This analysis will provide an understanding of the demographic environment for the following reasons:

- To understand the market areas served by the park and recreation system and distinguish customer groups
- To determine changes occurring in the city and the region, and assist in making proactive decisions to accommodate those shifts
- To provide the basis for Equity Mapping and Service Area Analysis

From the demographic base data, sports, recreation, and outdoor trends are applied to the local populace to assist in determining the potential participation base within the community. For the sports and recreation trends, the Kimley-Horn team utilizes the Sports and Fitness Industry Association's (SFIA) Study of Sports, Fitness and Leisure Participation, ESRI local market potential, as well as participation trends from the Outdoor Foundation on outdoor recreation trends.

Parks and Facilities Inventory and Assessment

We will document the existing City parks and recreation facilities via photographs and written summaries. The Kimley-Horn team will compile, inventory, and asses existing parks, trails, open space, and facilities. We will develop tables which generally identify and evaluate quality of facilities based on field visits to each park to determine the conditions of buildings, grounds, equipment, and overall appearance. We identify any major deferred maintenance items and provide a general assessment of the accessibility of the facilities. We also address the adequacy for stated purposes and use and the potential for expansion based on previously prepared master plans (if applicable) and document the current hours of operation. We will also examine the

functionality of the existing park site plans and make observations related to vehicular and pedestrian flow, operations, and efficiency. This assessment will consider the capacity of each amenity found within the system (e.g., playgrounds, ball fields, trails, natural areas, special facilities, etc.), as well as functionality, accessibility condition, comfort, and convenience.

Inventory Assessment with On-site Input from Park and Recreation Staff

Natural Resources Inventory and Analysis

We will document existing natural resources and open spaces via mapping, photographs, and written summaries. The Kimley-Horn team will provide an analysis of lands that should be preserved due to their natural and cultural benefits and identify areas where invasive species and other environmental issues exist. We have included an arborist and environmental planners on our team to handle this specific element of the plan. The team will provide recommendations and best practices on how to preserve and maintain these lands that have high intrinsic values.

Park Classifications and Level of Service Standards

The Kimley-Horn team will work with the City to review and confirm, and modify or add to existing park classifications and preferred facility standards for all park sites, trails, and open space amenities, including common areas and indoor and outdoor facilities. The classifications will consider size, population served, length of stay, and amenity types/services. Facility standards include LOS standards and the population served per recreational facilities and park amenities. Any new or modified classification or standard will be approved as required. These are based on regional, statewide or nationally accepted parks and recreation standards, as well as Kimley-Horn's national experience and comparison with peer/survey agencies. Standards will be adapted based on the needs and expectations of the City.

Task 4: Determine the Leisure Services Department's Strategic Direction and Analysis of Forecasted Needs

Park-by-Park Workshop

Visioning Workshop and Park-by-Park Workshops

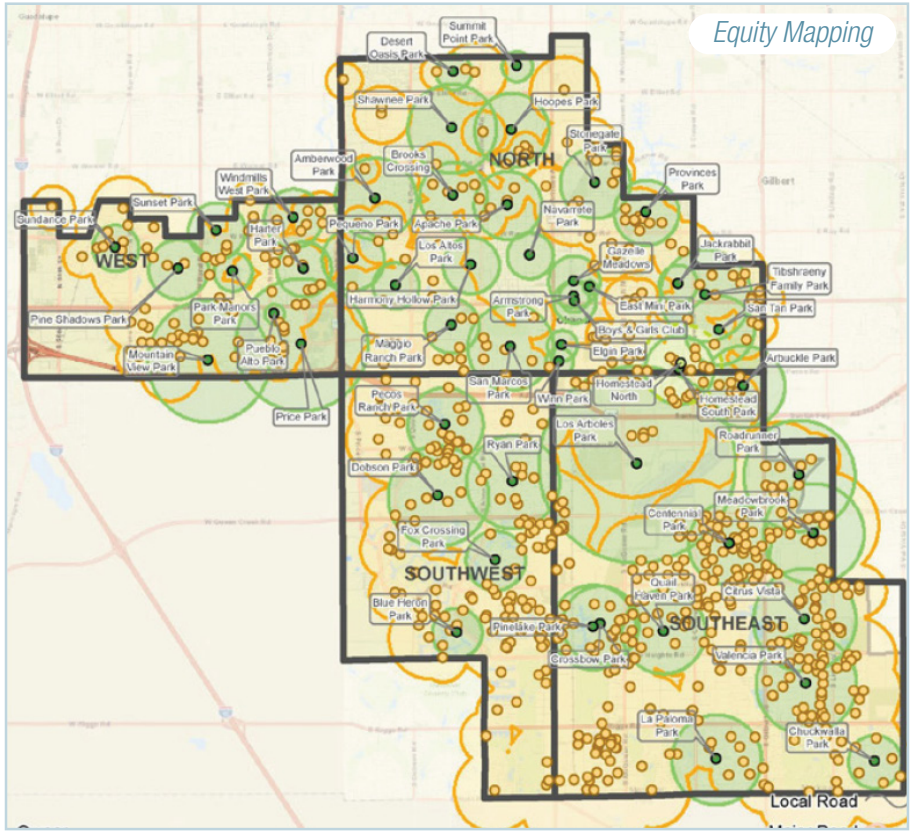
We will conduct full-day workshops, as needed, with various groups within the Department staff to understand the park system, long-range goals, big ideas as well as more detailed elements of the system like park use, access, and condition characteristics for a substantial selection of the City's park sites. These workshops will be a valuable resource allowing us to draw on the experience of the staff and expand our understanding beyond a reading of the available data. The workshop is designed to make good use of staff time; therefore, preparation prior to the meeting is essential.

Prioritized Facility and Program Priority Rankings

The Kimley-Horn team will synthesize the findings from the community input, survey results, standards, demographics and trends analysis, park and facility inventory, recreation services assessment, and the service area mapping into a quantified facility and program priority ranking. The priority listing will be compared against gaps or surplus in recreation services, parks, facilities, and amenities, and will also provide guidance for a future Capital Improvement Plan (CIP). The analysis will include probable future parks, recreation facilities, open spaces, and trail needs based on community input, as well as state and national user figures and trends. A set of prioritized recommendations for maintenance and renovation of parks, trails, and recreation facilities will also be developed. To review the findings and make necessary revisions, we will conduct a work session with staff.

Geographical Analysis through Mapping

We will work with the City to determine appropriate GIS mapping. The Kimley-Horn team can utilize GIS to perform geographical mapping to identify service area analysis for specific facilities and programs, including mapping by classification and major amenities by facility standards as applied to population density and geographic areas. A service area is defined as a measured area around a park or amenity whose radius encompasses the population associated with the appropriate facility standard for each park classification and amenity. Using the facility standards and service areas provided by the Kimley-Horn team for each park and major facility type (amenity), we will prepare a series of maps by each park classification and major amenity (see example below). We will provide maps in digital format and can work with the City's GIS staff to ensure we are returning updated GIS layers in the correct format so they may be utilized and updated by the City moving forward.



Tasks 5 and 6: Develop Recommendations and Implementation Strategies and Create Action Plan – Strategic, Capital and Financial

Capital Improvement Plan

The Dubuque Leisure Services Comprehensive Plan is an outstanding opportunity to enhance the value and importance of parks and recreation as the shaping amenity and backbone of community development. The master plan document is meant to be a living and evolving tool for the City to use as a roadmap in order to implement its vision. To assist in this implementation, we recommend the development of a three-tier CIP that will assist the City in the inevitable and continuous rebalancing of priorities and their associated expenditures.

Each tier reflects different assumptions about available resources:

- The **Critical Alternative** has plans for prioritized spending within existing budget targets and focuses on deferred maintenance and life cycle replacement of assets and amenities within the existing parks system. The intention of this alternative is to refocus and make the most of existing resources with the primary goal being the City maintaining its high-quality services.
- The **Sustainable Alternative** describes the extra services or capital improvement that should be undertaken when additional funding is available. This includes strategically enhancing and renovating existing parks and facilities to better meet the park and recreational needs of Dubuque residents that would require additional operational or capital funding. In coordination with the City's financial department, the Parks and Recreation Department would evaluate and analyze potential sources of additional revenue, including but not limited to capital bond funding, partnerships, grants, and existing or new taxes.
- The **Visionary Alternative** represents the complete set of services and facilities desired by the community. It is fiscally unconstrained but can help provide policy guidance by illustrating the ultimate goals of the parks and recreation system and by providing a long-range look to address future needs and deficiencies. In the Master Plan, the Visionary Alternative addresses complete renovations of aging parks and facilities and the development of new parks and facilities. Funding for visionary projects would be derived from partnerships, private investments, and new tax dollars.

Funding and Revenue Strategies

Funding strategies will be developed based in part to our review and analysis of the facilities, as well as the national experience brought by the Kimley-Horn team. We have identified numerous funding options that can be applied to the Master Plan based on community values. The funding strategies to be evaluated for recommendations will include at a minimum:

Fees and charges options and recommendations:

- Endowment/non-profit opportunities for supporting operational and capital costs
- Sponsorships to support programs, events, and facilities
- Partnerships with public/public partners, public/not-for-profit partners, and public/private partnerships
- Dedicated funding sources to support land acquisition and capital improvements
- Development agreements to support park acquisition, open space, and park and facility development
- Earned income options to support operational costs
- Land or facility leases to support operational and capital costs
- Identify grant opportunities and resources to construct parks and facilities identified in the Master Plan including suggested timelines

Strategic Action Plan

The Master Plan will be framed and prepared through a series of workshops with staff. The overall vision and mission statements will be affirmed or modified, and direction for the City will be established along with individual action strategies that were identified from all the research work completed. Key recommendations and tactics that support each action strategy to its fullest outcome will be outlined in a strategy matrix with priorities, timelines, measurement, and teams within the City for external partners to focus on.

Develop Vision, Mission, and Goals/Objectives

The supporting vision and mission statements will be affirmed or developed with senior staff in a work session. Following this effort, goals/objectives and policies will be established and prioritized. A status briefing will be presented to gain input and consensus on direction.

Strategic Action Plan Development

Upon consensus of all technical work, the remaining action plan will be completed with supporting strategies, actions, responsibilities, priorities/timelines, and cost estimates. These strategies will be classified as short-term, mid-term, or long-term strategies and priorities. This will be reviewed with senior City staff in a half-day workshop. The Kimley-Horn team will propose a prioritization schedule and methodology used on successful master plans across the United States from their work. Action plans will be established in the following key areas:

Park and Land Acquisition: Recommendations that provide for short- and long-term enhancement of parkland acquisition in the city. This will include usable and workable definitions and recommendations for designated park and facilities with acreages and parameters defined as appropriate.

Park and Facility Operations and Maintenance: Recommendations that provide for short- and long-term enhancement of park and facility management practices of the Department.

Programs and Services: Recommendations that provide for short- and long-term development and maintenance of programs and services provided by the Department, including opportunities to improve meeting user needs.

Financial and Budgetary Capacity Development: Recommendations that provide for short- and long-term enhancement of the financial and budgetary capacity of the Department related to parks and lands.

Policies and Practices: Specific policies and practices for the Department that will support the desired outcomes of the Master Plan will be detailed.

Task 7: Final Report and Presentation

Draft Report Preparation and Briefings

The Kimley-Horn team will prepare a Master Plan draft with strategies addressing all analyses performed and consider the fiscal and operational impacts to the City's park system. The recommendations and prioritization of needs will be reviewed and discussed with the City.

Final Master Plan Presentations, Preparation, and Production

Upon comment by all senior City staff and City Council, the Kimley-Horn team will revise the Master Plan draft to reflect all input received. Once the Master Plan draft is approved, the Kimley-Horn team will prepare a final summary report and present for final approval and adoption.

WORK PLAN

TASK 1: Project Initiation

Kick-off Meeting

- Establish Core Team
- Executive Advisory Committee
- Stakeholder ID
- Define Project Vision and Goals
- Project Milestone Schedule
- Schedule Development
- Data Request

Public Outreach Plan
- Participants
- Venue Locations
- In-Person/Virtual Meeting Formats
- Notifications
- Presentation Content
- Intercept Surveys

Demographic and Trends Analysis
- Planning Areas
- Population Density
- Age Distribution
- Households
- Sex/Gender
- Ethnicity
- Household Income

Individual Interviews
- City Council
- Key Stakeholders

Focus Group Meetings
- School Districts
- Youth Sports Partner Groups
- Dubuque Area Youth Leadership Council (DAYLC)
- Senior Groups
- Aquatics
- Adaptive Sports
- Youth/Adult Sport Leagues
- Parks and Rec Staff/Maintenance
- Planning and Zoning
- Engineering
- Water
- Trail Users
- GIS
- Tourism/Travel Dubuque

TASK 2: Workshop Series No. 1 - Project Overview

Staff Workshop Meeting No. 1
- Project Overview
- Interview Summary
- Focus Group Summary
- Survey Update
- Identify Benchmark Communities
- Initial Needs Discussion

Design Team Work Period No. 1
- Review Existing Planning Documents
- Community Workshop Materials

PROJECT TEAM QUALIFICATIONS

Kimley-Horn has earned a reputation for combining creative ideas, technical excellence, and client collaboration resulting in dynamic projects that are harmonious with their environments and positively impact their communities. The organization flow chart below demonstrates our team structure and specific individual roles and responsibilities followed by individual resumes for our team members. We offer the City a streamlined team with recent experience working together and leading similar municipal parks and recreation master plans.

CITY OF DUBUQUE

PROJECT MANAGER
Marissa Pellegrini, PLA, ASLA, CLARB

DEPUTY PROJECT MANAGER
Joe Cogswell, PLA, ISA CA

PRINCIPAL-IN-CHARGE
Sean Wozny, PE, PLA, LEED AP BD+C

Subconsultants
ETC Institute
Ballard*King

Key Personnel

SUBCONSULTANTS

Located in Columbia, Missouri and leading Strategic Planning, **Ballard*King** is a recreation planning and operations consulting firm that provides services and expertise to the recreation and leisure industry. Through their commitment and collaboration with community leaders, staff, stakeholders, elected officials, and corporate partners, they have developed loyal and long-term relationships with a variety of both public-sector and private agencies. Their vast practical experience in the recreation industry enables them to guide clients through the challenges of developing master plans and recreation facilities and services. They have completed over 1,000 recreation facility projects in 50 states, of which more than 100 were master plan studies.

Located in Olathe, Kansas and leading the statistically valid survey, **ETC Institute** is a market research firm that specializes in the design and administration of market research for governmental organizations. Their major areas of emphasis include citizen satisfaction, parks and recreation, community planning, business, transportation, employee, and voter opinion surveys; focus groups; and stakeholder interviews. ETC has designed and administered more than 3,500 statistically valid surveys, and their team of professional researchers has moderated more than 1,000 focus groups and 2,000 stakeholder meetings. In recent years, ETC has administered surveys in more than 700 cities and counties across the U.S., including more than 600 surveys for parks and recreation systems in 46 states for a wide variety of projects including parks and recreation master plans, strategic plans, and feasibility studies.

MARISSA PELLEGRINI, PLA, ASLA, CLARB

Project Manager/Public Engagement/Parks Inventory, Analysis, and Assessment

14 YEARS OF EXPERIENCE • 13 YEARS WITH KIMLEY-HORN

Marissa is a landscape architect and urban designer with more than 14 years of professional experience in landscape architecture and planning. She possesses a deep portfolio of parks, recreation, and active transportation experience and she specializes in parks and recreation projects. She has managed, served as lead landscape architect, and led community outreach on a wide range of multidiscipline projects including park revitalization, waterway revitalization, multi-use paths, and neighborhood, community, and regional parks and recreation facilities. Marissa will use her strong professional knowledge and insight on systemwide parks and recreation planning, site-specific parks and active transportation planning, and consensus building to ensure this project reflects the City's vision and remains grounded in long-term sustainability.

SEAN WOZNY, PE, PLA, LEED AP BD+C

Principal-in-Charge/Public Engagement

24 YEARS OF EXPERIENCE • 10 YEARS WITH KIMLEY-HORN

Sean's project experience has primarily been within the public sector with a focus on parks and recreation projects. Sean is both a licensed civil engineer and landscape architect providing a tailored skill set to meet the needs of parks and recreation planning, design, and construction projects. His project experience over the past 24 years includes master planning, final design, and construction administration for regional, community, neighborhood parks, trails/pathway, and sport complex facilities.

DARIN BARR

BALLARD*KING & ASSOCIATES LTD
Recreation Planning and Operations Consultants

Strategic Planning

Education/Credentials: MA, Public Administration, State University of New York, Brockport • BS, Parks, Recreation, and Tourism, University of Missouri

Bio: Darin has 25 years of experience within the recreation industry and over 15 years of experience with B*K. This broad background of practical, in-field, and operational experience, combined with his experience as a consultant, helps shape the approach Darin brings to each project. During his time with B*K, he has completed master plans, feasibility studies, and operational assessments and provided operational and management solutions to numerous clients nationwide. Darin's client-focused approach, attention to detail, and depth of knowledge give clients comprehensive insight to help guide them through their projects.

RYAN MURRAY

ETC INSTITUTE

Statistically Valid Survey

Education: BS, Public Administration, University of Kansas

Bio: Ryan has 20 years of experience in survey administration, development, supervision, and research analysis. Throughout his tenure at ETC Institute, he has had the pleasure of working on survey projects that cover a wide variety of topics, including parks and recreation, community planning, customer satisfaction, transportation, employee, library, comprehensive planning, parks and recreation master plans, water and utility, and business development. Ryan's current role as Assistant Director of Community Research includes survey design, developing sampling plans, quantitative and qualitative data analysis, interpretation of results, and presentation of findings. **In Iowa, Ryan has managed Community Satisfaction surveys for the cities of West Des Moines, Davenport, Des Moines, Johnston, Pleasant Hill, and Norwalk; and has managed Parks and Recreation surveys for the City of Winterest, City of Ankeny, City of Carroll, and Dallas County.**

PROJECT EXPERIENCE

- **City of Goodyear, Goodyear Gameplan: Systemwide Parks and Recreation Master Plan, Goodyear, AZ —** *Statistically Valid Survey*
- **City of Scottsdale, Parks and Recreation Master Plan, Scottsdale, AZ —** *Statistically Valid Survey*
- **City of Buckeye, Parks and Recreation Master Plan, Buckeye, AZ —** *Statistically Valid Survey*

EMILY HILBY

Graphic and Website Design

Education: BA, Graphic Design, Southern University at Carbondale

Bio: With more than 13 years of professional graphic design experience, Emily approaches her work thoughtfully and strategically to create designs that combine form and function to achieve clients' communicative goals. Experienced in web design, brand development, and print layout, Emily has provided design services for public engagement materials, project websites, brochures, final reports, and more.

- **City of Goodyear, Goodyear Game Plan: Systemwide Parks and Recreation Master Plan, Goodyear, AZ —** *Graphic Designer*
- **City of Scottsdale, Parks and Recreation Master Plan, Scottsdale, AZ —** *Graphic Designer*
- **City of Buckeye, Parks and Recreation Master Plan, Buckeye, AZ —** *Graphic Designer*

MELISSA ALVAREZ

Technical Editing

Education: MBA, University of Phoenix • BA, Marketing, University of Arizona

Bio: Melissa is a senior marketing professional with more than 17 years of marketing experience in the civil engineering and planning industry. Her experience includes technical writing, editing, formatting, quality control (QC) and compliance reviews, and proposal strategy development. She has provided marketing support for hundreds of Kimley-Horn projects, consistently applying her passion for ensuring the highest quality client deliverables.

RELEVANT PROJECTS/CLIENT REFERENCES

City of Scottsdale, Systemwide Parks and Recreation Master Plan

Scottsdale, AZ

Kimley-Horn partnered with the City of Scottsdale to develop a long-range plan that identifies key initiatives, policies, and implementation strategies to guide Scottsdale's Parks and Recreation Department projects, services, and organization over the next 10+ years. The master plan effort included a robust public outreach program including a dedicated project website with several virtual engagement tools, in-person meetings and pop-up events, and focus groups.

Similar Key Project Elements:

- Community and Stakeholder Outreach, including Outreach Workshops
- Review of Existing Related Parks and Recreation planning Documents and Recent Survey Responses
- Coordination with Ongoing Projects Related to the City Parks and Recreation Activities
- Review of Demographics and Trends, Community Needs Ranking, LOS Assessment, and Recommended Implementation Plan
- Coordination with City Parks and Recreation Leadership on the Ultimate Master Plan Deliverable

Contract Dates: 5/2023 – 9/2024

Team Members Involved: Marissa Pellegrini, *Project Manager* • Sean Wozny, *Project Engineer* • Randall Kopff, *Landscape Architect* • Jason Getz, *GIS* • Emily Hilby, *Graphic Designer* • Melissa Alvarez, *Technical Editor* • Ryan Murray (ETC), *Statistically Valid Survey*

Client Reference: Nick Molinari, City of Scottsdale, 480.312.1011, nmolinari@scottsdaleaz.gov

Village of Gurnee, Gurnee Park District, Strategic and Comprehensive Master Plan

Gurnee, IL

Kimley-Horn was part of the team that prepared an updated strategic and comprehensive master plan for the Gurnee Park District (GPD) to guide their future decisions and investments. As a former Gold Medal Agency winning district, GPD looks to not only meet current expectations and trends but exceed them and be ahead of the curve. Kimley-Horn evaluated the District's 400+ acres of parks and open space, inventorying their existing assets to provide important insight on how their parks and facilities are serving their residents, and where there were opportunities or needs for improvements. Kimley-Horn helped the team translate the GIS data collected into an LOS and prepared a detailed CIP for the next five years.

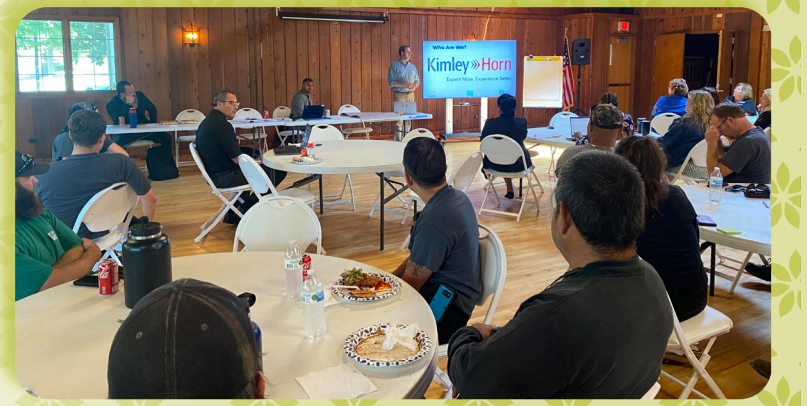
Similar Key Project Elements:

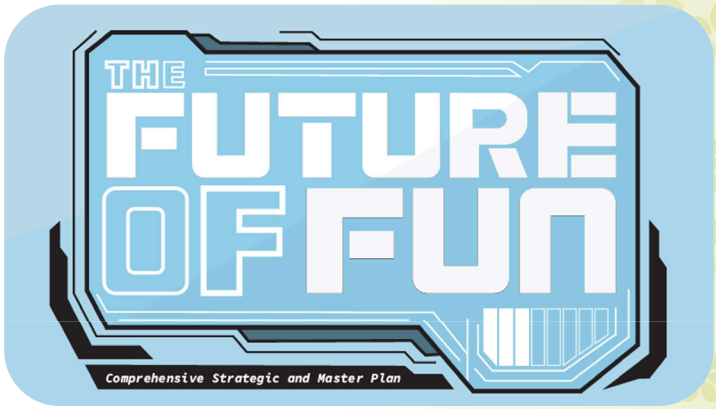
- Community and Stakeholder Outreach, including Outreach Workshops
- Review of Existing Related Parks and Recreation planning Documents and Recent Survey Responses
- Inventory and Assessment of Existing Parks
- GIS Mapping
- Capital Improvement Plan
- Asset Management Plan

Contract Dates: 8/2023 – Ongoing

Team Members Involved: Joe Cogswell, *Landscape Architect*

Client Reference: Kraig Owens, Director of Parks & Planning • 847.599.3763 • kowens@gurneeparkdistrict.com





City of Goodyear, Goodyear Game Plan: Systemwide Parks and Recreation Master Plan

Goodyear, AZ

Kimley-Horn partnered with the City of Goodyear to develop a comprehensive 10-year Parks and Recreation Needs Assessment and Master Plan. The Master Plan provides clear guidance on how to meet the demands for future recreational, programming, environmental, and maintenance needs, as well as establishes priorities for facility improvements, future park development, and land acquisitions. Kimley-Horn collected and analyzed data to develop a clear set of goals, policies, and standards for the City's park system, open space, trails, preserves, recreation facilities, and program development for the next 10 years.

Similar Key Project Elements:

- Dedicated Project Website
- Project Branding
- Hybrid Outreach Approach (In-Person/Virtual)
- Coordination with General Plan
- Statistically Valid Survey
- Youth Outreach
- Social Media Content Creation
- QR Code Advertisement
- Intercept Surveys at Pop-Up Events
- GIS Mapping
- Capital Improvement Plan
- Land Acquisition Analysis
- Operations and Maintenance Assessment
- Programming Assessment

Contract Dates: 4/2022 – 9/2023

Team Members Involved: Sean Wozny, *Project Manager* • Marissa Pellegrini, *Deputy Project Manager* • Randall Kopff, *Landscape Architect* • Jason Getz, *GIS* • Emily Hilby, *Graphic Designer* • Melissa Alvarez, *Technical Editor* • Ryan Murray (ETC), *Statisically Valid Survey*

UNDERSTANDING FINAL CONTRACT TERMS

Kimley-Horn is confident that we can negotiate a mutually agreeable contract with the City of Dubuque. After reviewing the City's Contract Terms and Conditions and Insurance Schedule J in the RFP, we respectfully request the following modifications to the terms of the Agreement and the provisions of Insurance Schedule J.

Page 17 of 29, 6.Errors & Omissions. If the work product prepared by the Consultant is found to be in error, due to their negligence, and revision or reworking the work product is necessary, the Consultant agrees that it shall do such revisions without expense to the City, even though final payment may have been received.

Page 19 of 29, D. Information and Reports. The contractor shall provide all information and reports required by the Regulation or directives issued pursuant thereto, and shall permit reasonable access to its books, records, accounts, other sources of information and its facilities as may be determined by the City of Dubuque, Iowa Department of Transportation, or appropriate Federal Agency to be pertinent to ascertain compliance with such Regulation, orders and instructions.

CERTIFICATE OF INSURANCE

Kimley-Horn has read and confirm that we can meet the Insurance Requirements provided in the RFP; however, we respectfully request the following modifications:

Page 21 of 29, Line 11. ~~The City of Dubuque reserves the right to require complete, certified copies of all required insurance policies, including endorsements, required by this Schedule at any time.~~

Page 22 of 29, Exhibit I, A) Commercial General Liability, line 4). The City of Dubuque, including all its elec ted and appointed officials, all its employees ~~and volunteers~~, all its boards, commissions, and/or authorities and their board members, employees ~~and volunteers.~~ USE ISO form CG 20 26.

LITIGATION

Kimley-Horn and its subsidiaries have provided services in all fifty states and numerous countries. Because of the many and varied projects we have completed, we are subject to various legal proceedings from time to time and in the ordinary course of business. It is not practical to provide a complete list as part of this proposal. None of the pending matters, if decided against Kimley-Horn, would have a material impact on our financial statements or impair in any way our ability to serve our clients. Generally, these matters are covered by insurance, and we consider them to be without merit. If you would like to discuss our legal matters in more detail, please contact Kimley-Horn's General Counsel, Richard Cook, at 919.677.2058.

PROPOSED PROJECT SCHEDULE

Attached as the following page.

FEES AND COMPENSATION

Provided as separate electronic document.

CONTRACT

Exceptions to the City's Contract Terms and Conditions are provided in the Understanding Final Contract Terms section above and we have attached our standard contract provisions. We look forward to negotiating a mutually agreed-upon contract with the City.

Task Name	Duration (Days)
Task 1: Project Initiation and Conducting a Needs Assessment	**16**
Project Kickoff Meeting	0
Summary of Existing Relevant Planning Documents	16

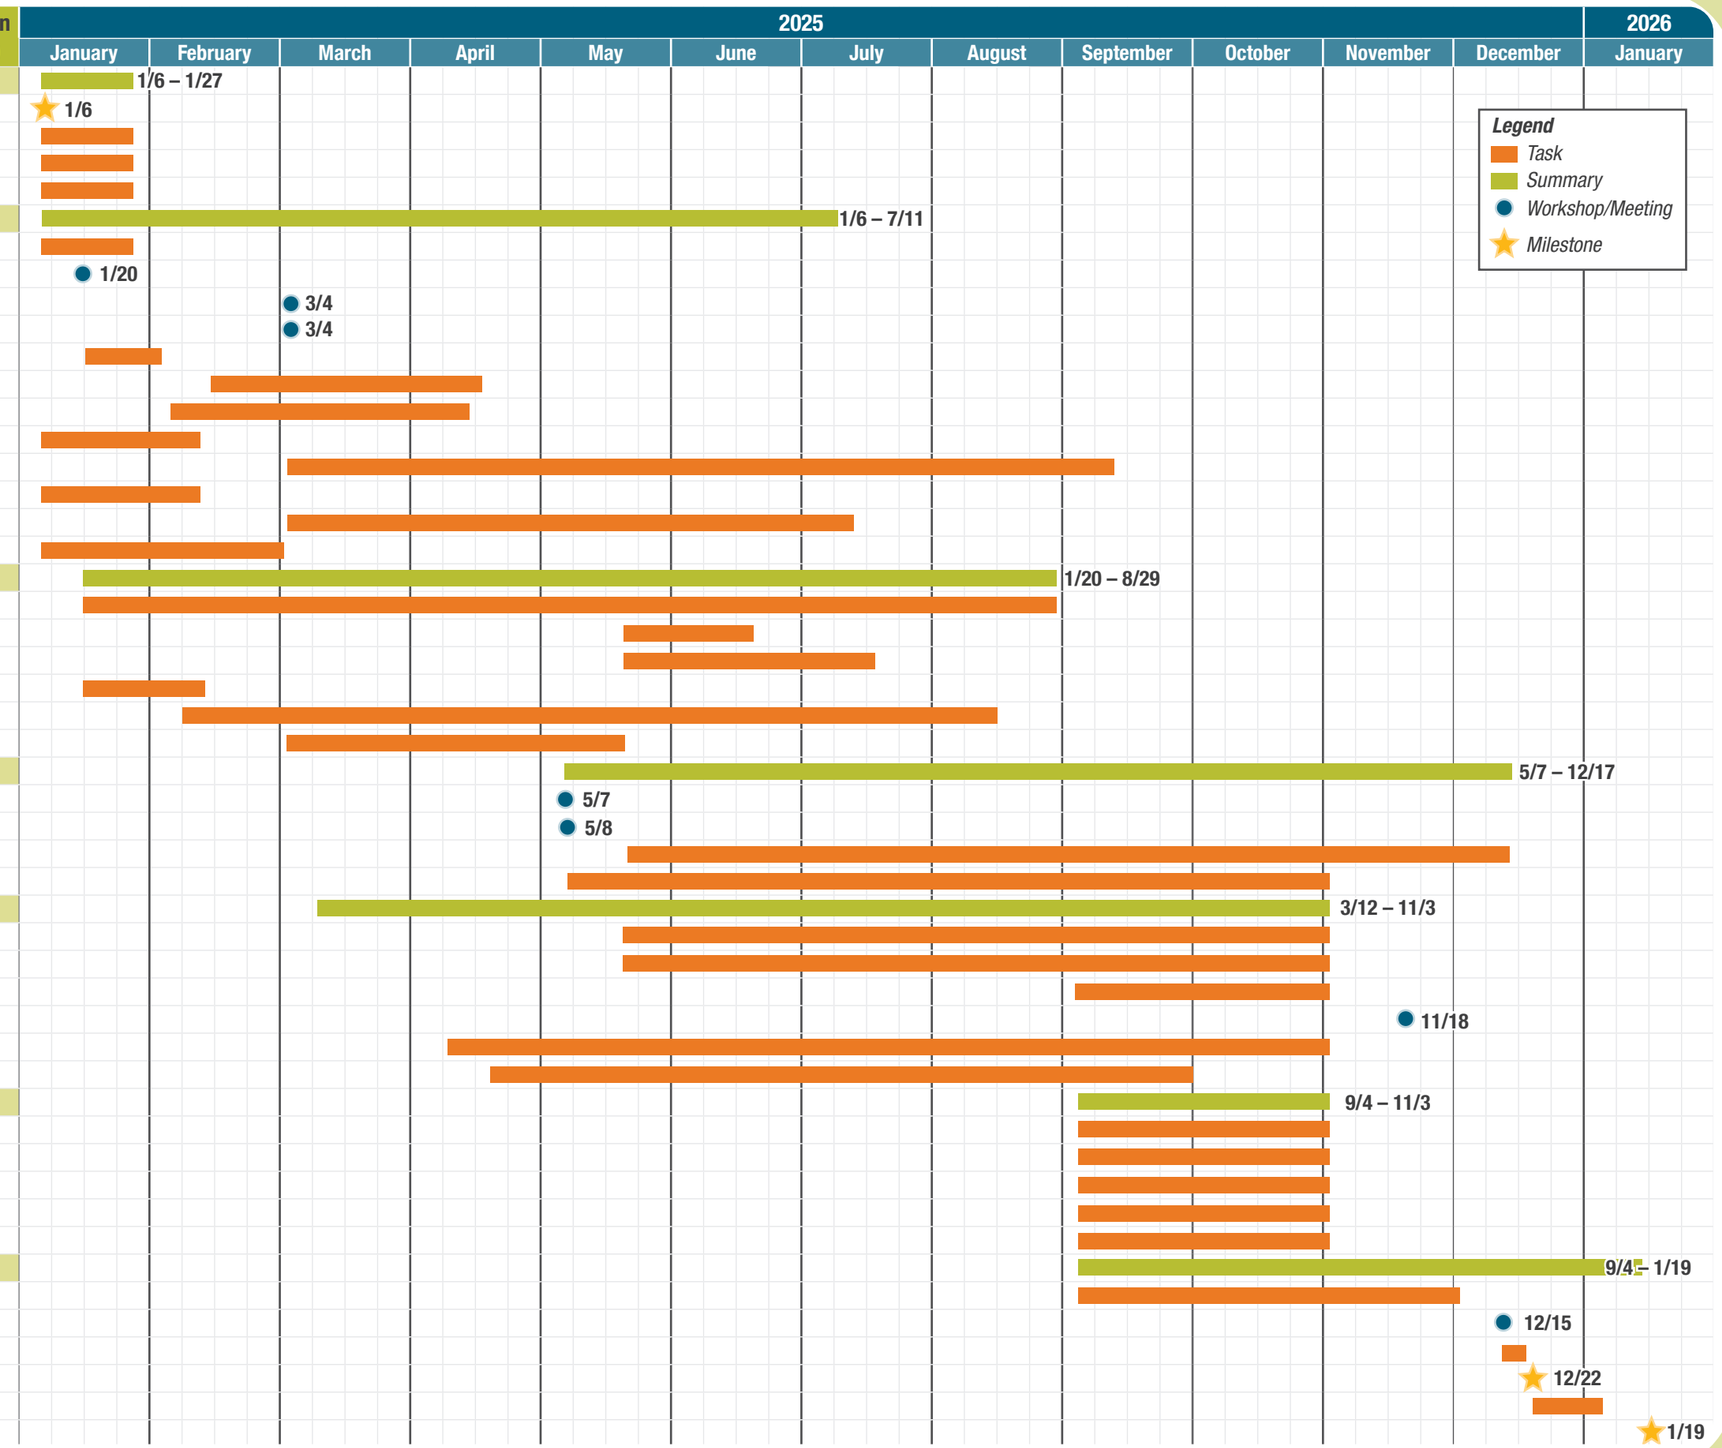
Final Adoption of Master Plan	1



KIMLEY-HORN AND ASSOCIATES, INC.
STANDARD PROVISIONS

1) **Kimley-Horn's Scope of Services and Additional Services.** Kimley-Horn will perform only the services specifically described in this Agreement ("Services"). Any services that are not set forth in the scope of Services described herein will constitute additional services ("Additional Services"). If requested by the Client and agreed to by Kimley-Horn, Kimley-Horn will perform Additional Services, which shall be governed by these provisions. Unless otherwise agreed to in writing, the Client shall pay Kimley-Horn for any Additional Services an amount based upon Kimley-Horn's then-current hourly rates plus an amount to cover certain direct expenses including telecommunications, in-house reproduction, postage, supplies, project related computer time, and local mileage. Other direct expenses will be billed at 1.15 times cost.

2) **Client's Responsibilities**. In addition to other responsibilities herein or imposed by law, the Client shall:
   a. Designate in writing a person to act as its representative, such person having complete authority to transmit instructions, receive information, and make or interpret the Client's decisions.
   b. Provide all information and criteria as to the Client's requirements, objectives, and expectations for the project and all standards of development, design, or construction.
   c. Provide Kimley-Horn all available studies, plans, or other documents pertaining to the project, such as surveys, engineering data, environmental information, etc., all of which Kimley-Horn may rely upon.
   d. Arrange for access to the site and other property as required for Kimley-Horn to provide its services.
   e. Review all documents or reports presented by Kimley-Horn and communicate decisions pertaining thereto within a reasonable time so as not to delay Kimley-Horn.
   f. Furnish approvals and permits from governmental authorities having jurisdiction over the project and approvals and consents from other parties as may be necessary.
   g. Obtain any independent accounting, legal, insurance, cost estimating, and feasibility services required by Client.
   h. Give prompt written notice to Kimley-Horn whenever the Client becomes aware of any development that affects Kimley-Horn's services or any defect or noncompliance in any aspect of the project.

3) **Period of Services**. Unless otherwise stated herein, Kimley-Horn will begin work after receipt of a properly executed copy of this Agreement. This Agreement assumes conditions permitting continuous and orderly progress through completion of the services. Times for performance shall be extended as necessary for delays or suspensions due to circumstances that Kimley-Horn does not control. If such delay or suspension extends for more than six months, Kimley-Horn's compensation shall be renegotiated.

4) **Method of Payment.** Client shall pay Kimley-Horn as follows:
   a. Invoices will be submitted periodically for services performed and expenses incurred. Payment of each invoice will be due within 25 days of receipt. The Client shall also pay any applicable sales tax. All retainers will be held by Kimley-Horn and applied against the final invoice. Interest will be added to accounts not paid within 25 days at the maximum rate allowed by law. If the Client fails to make any payment due under this or any other agreement within 30 days after Kimley-Horn's transmittal of its invoice, Kimley-Horn may, after giving notice to the Client, suspend services and withhold deliverables until all amounts due are paid.
   b. The Client will remit all payments electronically to:
      Account Name: KIMLEY-HORN AND ASSOCIATES, INC.
      Bank Name and Address: WELLS FARGO BANK, N.A., SAN FRANCISCO, CA 94104
      Account Number: 2073089159554
      ABA#: 121000248
   c. The Client will send the project number, invoice number and other remittance information by e-mail to payments@kimley-horn.com at the time of payment.
   d. If the Client relies on payment or proceeds from a third party to pay Kimley-Horn and Client does not pay Kimley-Horn's invoice within 60 days of receipt, Kimley-Horn may communicate directly with such third party to secure payment.
   e. If the Client objects to an invoice, it must advise Kimley-Horn in writing giving its reasons within 14 days of receipt of the invoice or the Client's objections will be waived, and the invoice shall conclusively be deemed due and owing. If the Client objects to only a portion of the invoice, payment for all other portions remains due.
   f. If Kimley-Horn initiates legal proceedings to collect payment, it shall recover, in addition to all amounts due, its reasonable attorneys' fees, reasonable experts' fees, and other expenses related to the proceedings.

Such expenses shall include the cost, at Kimley-Horn's normal hourly billing rates, of the time devoted to such proceedings by its employees.

g. The Client agrees that the payment to Kimley-Horn is not subject to any contingency or condition. Kimley-Horn may negotiate payment of any check tendered by the Client, even if the words "in full satisfaction" or words intended to have similar effect appear on the check without such negotiation being an accord and satisfaction of any disputed debt and without prejudicing any right of Kimley-Horn to collect additional amounts from the Client.

5) **Use of Deliverables.** All documents, data, and other deliverables prepared by Kimley-Horn are related exclusively to the services described in this Agreement and may be used only if the Client has satisfied all of its obligations under this Agreement. They are not intended or represented to be suitable for use or reuse by the Client or others on extensions of this project or on any other project. Any modifications by the Client to any of Kimley-Horn's deliverables, or any reuse of the deliverables without written authorization by Kimley-Horn will be at the Client's sole risk and without liability to Kimley-Horn, and the Client shall indemnify, defend and hold Kimley-Horn harmless from all claims, damages, losses and expenses, including but not limited to attorneys' fees, resulting therefrom. Kimley-Horn's electronic files and source code remain the property of Kimley-Horn and shall be provided to the Client only if expressly provided for in this Agreement. Any electronic files not containing an electronic seal are provided only for the convenience of the Client and use of them is at the Client's sole risk. In the case of any defects in the electronic files or any discrepancies between them and the hardcopy of the deliverables prepared by Kimley-Horn, the hardcopy shall govern.

6) **Intellectual Property.** Kimley-Horn may use or develop its proprietary software, patents, copyrights, trademarks, trade secrets, and other intellectual property owned by Kimley-Horn or its affiliates ("Intellectual Property") in the performance of this Agreement. Intellectual Property, for purposes of this section, does not include deliverables specifically created for Client pursuant to the Agreement and use of such deliverables is governed by section 5 of this Agreement. Unless explicitly agreed to in writing by both parties to the contrary, Kimley-Horn maintains all interest in and ownership of its Intellectual Property and conveys no interest, ownership, license to use, or any other rights in the Intellectual Property to Client. Any enhancements of Intellectual Property made during the performance of this Agreement are solely owned by Kimley-Horn and its affiliates. If Kimley-Horn's services include providing Client with access to or a license for Kimley-Horn's (or its affiliates') proprietary software or technology, Client agrees to the terms of the Software License Agreement set forth at https://www.kimley-horn.com/khts-software-license-agreement ("the License Agreement") which terms are incorporated herein by reference.

7) **Opinions of Cost.** Because Kimley-Horn does not control the cost of labor, materials, equipment or services furnished by others, methods of determining prices, or competitive bidding or market conditions, any opinions rendered as to costs, including but not limited to the costs of construction and materials, are made solely based on its judgment as a professional familiar with the industry. Kimley-Horn cannot and does not guarantee that proposals, bids or actual costs will not vary from its opinions of cost. If the Client wishes greater assurance as to the amount of any cost, it shall employ an independent cost estimator. Kimley-Horn's services required to bring costs within any limitation established by the Client will be paid for as Additional Services.

8) **Termination.** The obligation to provide further services under this Agreement may be terminated by either party upon seven days' written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof, or upon thirty days' written notice for the convenience of the terminating party. Kimley-Horn shall be paid for all services rendered and expenses incurred to the effective date of termination, and other reasonable expenses incurred by Kimley-Horn as a result of such termination.

9) **Standard of Care.** The standard of care applicable to Kimley-Horn's services will be the degree of care and skill ordinarily exercised by consultants performing the same or similar services in the same locality at the time the services are provided. No warranty, express or implied, is made or intended by Kimley-Horn's performance of services, and it is agreed that Kimley-Horn is not a fiduciary with respect to the Client.

10) **LIMITATION OF LIABILITY.** In recognition of the relative risks and benefits of the Project to the Client and Kimley-Horn, the risks are allocated such that, to the fullest extent allowed by law, and notwithstanding any other provisions of this Agreement or the existence of applicable insurance coverage, that the total liability, in the aggregate, of Kimley-Horn and Kimley-Horn's officers, directors, employees, agents, and subconsultants to the Client or to anyone claiming by, through or under the Client, for any and all claims,

losses, costs, attorneys' fees, or damages whatsoever arising out of or in any way related to the services under this Agreement from any causes, including but not limited to, the negligence, professional errors or omissions, strict liability or breach of contract or any warranty, express or implied, of Kimley-Horn or Kimley-Horn's officers, directors, employees, agents, and subconsultants, shall not exceed twice the total compensation received by Kimley-Horn under this Agreement or $50,000, whichever is greater. Higher limits of liability may be negotiated for additional fee. This Section is intended solely to limit the remedies available to the Client or those claiming by or through the Client, and nothing in this Section shall require the Client to indemnify Kimley-Horn.

11) **Mutual Waiver of Consequential Damages.** In no event shall either party be liable to the other for any consequential, incidental, punitive, or indirect damages including but not limited to loss of income or loss of profits.

12) **Construction Costs.** Under no circumstances shall Kimley-Horn be liable for extra costs or other consequences due to changed or unknown conditions or related to the failure of contractors to perform work in accordance with the plans and specifications. Kimley-Horn shall have no liability whatsoever for any costs arising out of the Client's decision to obtain bids or proceed with construction before Kimley-Horn has issued final, fully approved plans and specifications. The Client acknowledges that all preliminary plans are subject to substantial revision until plans are fully approved and all permits obtained.

13) **Certifications.** All requests for Kimley-Horn to execute certificates, lender consents, or other third-party reliance letters must be submitted to Kimley-Horn at least 14 days prior to the requested date of execution. Kimley-Horn shall not be required to execute certificates, consents, or third-party reliance letters that are inaccurate, that relate to facts of which Kimley-Horn does not have actual knowledge, or that would cause Kimley-Horn to violate applicable rules of professional responsibility.

14) **Dispute Resolution.** All claims arising out of this Agreement or its breach shall be submitted first to mediation in accordance with the American Arbitration Association as a condition precedent to litigation. Any mediation or civil action by Client must be commenced within one year of the accrual of the cause of action asserted but in no event later than allowed by applicable statutes.

15) **Hazardous Substances and Conditions.** Kimley-Horn shall not be a custodian, transporter, handler, arranger, contractor, or remediator with respect to hazardous substances and conditions. Kimley-Horn's services will be limited to analysis, recommendations, and reporting, including, when agreed to, plans and specifications for isolation, removal, or remediation. Kimley-Horn will notify the Client of unanticipated hazardous substances or conditions of which Kimley-Horn actually becomes aware. Kimley-Horn may stop affected portions of its services until the hazardous substance or condition is eliminated.

16) **Construction Phase Services.**
   a. If Kimley-Horn prepares construction documents and Kimley-Horn is not retained to make periodic site visits, the Client assumes all responsibility for interpretation of the documents and for construction observation, and the Client waives any claims against Kimley-Horn in any way connected thereto.
   b. Kimley-Horn shall have no responsibility for any contractor's means, methods, techniques, equipment choice and usage, equipment maintenance and inspection, sequence, schedule, safety programs, or safety practices, nor shall Kimley-Horn have any authority or responsibility to stop or direct the work of any contractor. Kimley-Horn's visits will be for the purpose of observing construction and reporting to the Client whether the contractors' work generally conforms to the construction documents prepared by Kimley-Horn. Kimley-Horn neither guarantees the performance of contractors, nor assumes responsibility for any contractor's failure to perform its work in accordance with the contract documents.
   c. Kimley-Horn is not responsible for any duties assigned to it in the construction contract that are not expressly provided for in this Agreement. The Client agrees that each contract with any contractor shall state that the contractor shall be solely responsible for job site safety and its means and methods; that the contractor shall indemnify the Client and Kimley-Horn for all claims and liability arising out of job site accidents; and that the Client and Kimley-Horn shall be made additional insureds under the contractor's general liability insurance policy.

17) **No Third-Party Beneficiaries; Assignment and Subcontracting.** This Agreement gives no rights or benefits to anyone other than the Client and Kimley-Horn, and all duties and responsibilities undertaken pursuant to this Agreement will be for the sole benefit of the Client and Kimley-Horn. The Client shall not assign or transfer any rights under or interest in this Agreement, or any claim arising out of the performance

of services by Kimley-Horn, without the written consent of Kimley-Horn. Kimley-Horn reserves the right to augment its staff with subconsultants as it deems appropriate due to project logistics, schedules, or market conditions. If Kimley-Horn exercises this right, Kimley-Horn will maintain the agreed-upon billing rates for services identified in the contract, regardless of whether the services are provided by in-house employees, contract employees, or independent subconsultants.

18) **Confidentiality.** The Client consents to the use and dissemination by Kimley-Horn of photographs of the project and to the use by Kimley-Horn of facts, data and information obtained by Kimley-Horn in the performance of its services. If, however, any facts, data or information are specifically identified in writing by the Client as confidential, Kimley-Horn shall use reasonable care to maintain the confidentiality of that material.

19) **Miscellaneous Provisions.** This Agreement is to be governed by the law of the State where the Project is located. This Agreement contains the entire and fully integrated agreement between the parties and supersedes all prior and contemporaneous negotiations, representations, agreements, or understandings, whether written or oral. Except as provided in Section 1, this Agreement can be supplemented or amended only by a written document executed by both parties. Any conflicting or additional terms on any purchase order issued by the Client shall be void and are hereby expressly rejected by Kimley-Horn. If Client requires Kimley-Horn to register with or use an online vendor portal for payment or any other purpose, any terms included in the registration or use of the online vendor portal that are inconsistent or in addition to these terms shall be void and shall have no effect on Kimley-Horn or this Agreement. Any provision in this Agreement that is unenforceable shall be ineffective to the extent of such unenforceability without invalidating the remaining provisions. The non-enforcement of any provision by either party shall not constitute a waiver of that provision nor shall it affect the enforceability of that provision or of the remainder of this Agreement.

b) The Consultant shall have no responsibility for any contractor's means, methods, techniques, equipment choice and usage, equipment maintenance and inspection, sequence, schedule, safety programs, or safety practices, nor shall Consultant have any authority or responsibility to stop or direct the work of any contractor. The Consultant's visits will be for the purpose of observing construction and reporting to the Client whether the contractors' work generally conforms to the construction documents prepared by the Consultant. Consultant neither guarantees the performance of contractors, nor assumes responsibility for any contractor's failure to perform its work in accordance with the contract documents.

c) The Consultant is not responsible for any duties assigned to it in the construction contract that are not expressly provided for in this Agreement. The Client agrees that each contract with any contractor shall state that the contractor shall be solely responsible for job site safety and for its means and methods; that the contractor shall indemnify the Client and the Consultant for all claims and liability arising out of job site accidents; and that the Client and the Consultant shall be made additional insureds under the contractor's general liability insurance policy.

17) Hazardous Substances. Consultant shall not be a custodian, transporter, handler, arranger, contractor, or remediator with respect to hazardous substances and conditions. Consultant's services will be limited to analysis, recommendations, and reporting, including, when agreed to, plans and specifications for isolation, removal, or remediation. The Consultant shall notify the Client of unanticipated hazardous substances or conditions of which the Consultant actually becomes aware. The Consultant may stop affected portions of its services until the hazardous substance or condition is eliminated.

18) Assignment and Subcontracting This Agreement gives no rights or benefits to anyone other than the Client and the Consultant, and all duties and responsibilities undertaken pursuant to this Agreement will be for the sole benefit of the Client and the Consultant. The Client shall not assign or transfer any rights under or interest in this Agreement, or any claim arising out of the performance of services by Consultant, without the written consent of the Consultant. The Consultant reserves the right to augment its staff with subconsultants as it deems appropriate due to project logistics, schedules, or market conditions. If the Consultant exercises this right, the Consultant will maintain the agreed-upon billing rates for services identified in the contract, regardless of whether the services are provided by in-house employees, contract employees, or independent subconsultants.

19) Confidentiality. The Client consents to the Consultant's use and dissemination of photographs of the Project and to the use by the Consultant of facts, data and information obtained by the Consultant in the performance of its services. If, however, any facts, data or information are specifically identified in

writing by the Client as confidential, the Consultant shall use reasonable care to maintain the confidentiality of that material.

20) Miscellaneous Provisions. This Agreement is to be governed by the law of the State of Iowa. Venue for any action related to or arising out of this Agreement shall be exclusively in the Iowa District Court for Dubuque County, Iowa. This Agreement contains the entire and fully integrated agreement between the parties, and supersedes all prior and contemporaneous negotiations, representations, agreements, or understandings, whether written or oral. Except as provided in Section 1, this Agreement can be supplemented or amended only by a written document executed by both parties. Any conflicting or additional terms on any purchase order issued by the Client shall be void and are hereby expressly rejected by the Consultant. If Client requires Consultant to register with or use an online vendor portal for payment or any other purpose, any terms included in the registration or use of the online vendor portal that are inconsistent or in addition to these terms shall be void and shall have no effect on Consultant or this Agreement. Any provision in this Agreement that is unenforceable shall be ineffective to the extent of such unenforceability without invalidating the remaining provisions. The non-enforcement of any provision by either party shall not constitute a waiver of that provision or affect the enforceability of that provision or the remainder of this Agreement.

21) The Leisure Services Comprehensive Plan RFP, Kimley Horn Leisure Services Comprehensive Master Plan Proposal and ARPA Form are incorporated herein by this reference.

22) The Consultant for itself, its officers and employees , as a part of the consideration hereof, does hereby agree that (1) no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the furnishing of services. With respect to the Agreement, in the event of breach of any of the above non-discrimination covenants, City of Dubuque will have the right to terminate the Agreement.

23) During the performance of this Agreement, the Consultant, , for itself, its officers and employees, agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:
    a) Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21;
    b) The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
    c) Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), (prohibits discrimination on the basis of sex);

d) Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27;

e) The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seq), (prohibits discrimination on the basis of age);

f) Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex);

g) The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of th

h) e Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms “programs or activities” to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);

i) Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 - 12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38;

j) The Federal Aviation Administration’s Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);

k) Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, winch ensures non-discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;

l) Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100);

m) Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq).

City of Dubuque

Leisure Services Comprehensive Master Plan

Scope of Work
Exhibit A

December 16, 2024

Prepared for:
City of Dubuque

Prepared by:
Kimley»Horn
Expect More. Experience Better.

SCOPE OF SERVICES

Task 1.0 Project Initation 2

Task 2.0 Develop and Implement Public Engagement Strategy 3

Task 3.0 Collect and Analyze Data 6

Task 4.0 Strategic Direction and Analysis of Forecasted Needs 12

Task 5.0 Develop Recommendations and Implementation Strategies 13

Task 6.0 Create Action Plan: Strategic,Capital and Financial 14

Task 7.0 Final Report and Presentation 15

Task 1.0 PROJECT INITIATION

TASK 1.1 PROJECT KICK-OFF MEETING

Kimley-Horn and Team will meet with the City Core Team to kick-off the Leisure Services Comprehensive Master Plan process. The team shall define the project core team and establish the executive advisory committee for the project. The group will discuss the City's initial project vision and goals for the plan. The scope of work and project schedule as well as the lines of communication will be discussed.

Stakeholder Identification:

The consultant design team will work with the City to identify key stakeholders that will be involved in the City of Dubuque Leisure Services Comprehensive Master Plan.

Project Schedule

The consultant design team will clarify any assumptions with City of Dubuque to develop the overall baseline project schedule. The Consultant will present the project schedule based on this identified scope of work for the City of Dubuque Leisure Services Comprehensive Master Plan to achieve project goals and objectives and to deliver the project. The outlined process should be organized and mapped to show the relationship between tasks to allow effective and timely planning of tasks and designate key project milestones and deliverable dates for each phase. The level of involvement and roles for each task and phase will also be identified. The important milestone dates will be proposed by the Consultant and refined and approved by City of Dubuque.

Communication Protocol

The project lines of communication will be established between the consultant design team, City of Dubuque, and others as necessary. The Consultant point of contact will be Marissa Pellegrini, Kimley-Horn, Project Manager. Communications to the design team will copy the design core team of Sean Wozny and Joe Cogswell, Kimley-Horn. Design team communication to discipline team members and subconsultants will be distributed by Marissa Pellegrini.

Project Involvement Matrix

The consultant design team will compile a listing of contact information containing phone numbers and email addresses, and agency/firm and role on project. This contact list will be the project involvement matrix and will include the entire project team including the design team and City staff as well as key stakeholders and additional agencies.

TASK 1.2 PRIOR PLANNING DOCUMENTS COLLECTION & REVIEW

City staff will identify and provide previously completed studies and master plan documents that will be useful to the team in helping understand the historical context of strategic planning completed for the City. The documents will be reviewed and summary notes for each that can help inform the master planning process will be compiled.

TASK 1.3 CONDUCT CITY DATA REQUEST

The project team will conduct a city data request and review city data. The following is a list of documents or data that the team is requesting as available in electronic format, to assist with the master planning process.

- Previously completed City of Dubuque Citizen Surveys
- GIS mapping data for the City
- Park and recreation budgets by department for the last five years (and including current year)
- Any public opinion information related to parks and recreation completed in the last three years
- Copies of existing program policies/procedures for review and comment
- Current ordinances and policies related to parks and recreation desired for review and comment
- Staff organizational structure with names/roles
- Breakdown of revenue streams used to help support the operational budget
- The last two years of annual reports (if available)
- Capital improvements completed in the last five years and capital budget for next five years
- Any partnership agreements in place along with partnership contact information
- Current inventory and classification system used for park land, facilities, and amenities
- Any available park visitation and program participation data (multi-year if possible, showing trends)
- Any physical assessment reports completed on park facilities/infrastructure or asset management
- Any management or operating agreements with for-profits and non-profits
- Existing master plans for parks/trails where future improvements/additions are planned
- Any available planning documents related to open space, future growth/land use, trails, etc.
- List of all parks (including addresses and amenities) that will have lifecycle assessments conducted
- Parks and recreation maintenance standards

TASK 1.4 IDENTIFY PLANNING AREAS

The consultant design team will work with the City to develop a planning areas. These areas will be used throughout the project to keep track of community outreach input, demographics and trends analysis, equity analysis, and inventory and assessment trends.

Task 2.0 DEVELOP AND IMPLEMENT PUBLIC ENGAGEMENT STRATEGY

TASK 2.1 PROJECT BRANDING DEVELOPMENT

Kimley-Horn and Team will work with the City to develop an overall brand for the project. The branding shall include the development of a project logo, project tag line, and stationary materials for correspondence, meeting notices, reports, outreach materials, social media and website theme and look.

TASK 2.2 PUBLIC INVOLVEMENT PLANNING MEETING

The City will confirm the key stakeholders that the City would like to engage during the master planning process. Kimley-Horn and Team will work with the City to develop a detailed Community Engagement Program to help plan and guide the master planning process, including internal city and external stakeholder meetings, meeting formats and deliverables. The outreach plan will be developed to create advocacy for the plan. The team has identified the following meetings for community and stakeholder outreach and are further defined within this project scope document:

TASK 2.3 CONDUCT PUBLIC WORKSHOPS/MEETINGS

Kimley-Horn and Team will work with the City to facilitate and conduct up to three project-dedicated public workshops. The team will conduct an in-person meetings at a City of Dubuque venue. City of Dubuque will identify and coordinate the venue. The agendas for the three workshops may include:

- Workshop #1: Project overview and purpose, engagement process, needs assessment data collection and initial community real-time feedback
- Workshop #2: Needs assessment opportunity for feedback, park-by-park commentary, initial findings
- Workshop #3: Key recommendations of the plan and key findings of the plan

TASK 2.4 CONDUCT VIRTUAL PUBLIC WORKSHOPS/MEETINGS

Kimley-Horn and Team will work with the City to facilitate and conduct up to three project-dedicated virtual public workshops. These workshops will be separate from the in-person workshop dates and will take place via Teams or Zoom. The agendas for the three workshops may include:

- Workshop #1: Project overview and purpose, engagement process, needs assessment data collection and initial community real-time feedback
- Workshop #2: Needs assessment opportunity for feedback, park-by-park commentary, initial findings
- Workshop #3: Key recommendations of the plan and key findings of the plan

TASK 2.5 ELECTRONIC SURVEYS AND PAPER-BASED COMMUNITY SURVEYS (ENGLISH/SPANISH/TRANSLATED AS NEEDED)

Kimley-Horn and Team will create up to three online surveys administered through www.surveymonkey.com. The electronic survey will provide periodic touches to identify who is using facilities, understand the needs and gain interest and invitation to the project.

Kimley-Horn and Team will create up to one invite-only electronic survey targeted toward major project stakeholders, leadership, and parks directors in other nearby/regional municipalities.

TASK 2.6 FOCUS GROUP MEETINGS (UP TO 10 MEETINGS)

Kimley-Horn and Team will conduct up to ten focus group meetings with key user groups and committees. Meeting shall include questions to encourage discussion within the group and will be thirty to sixty minutes in duration. The team will conduct up to 10 focus group meetings with key stakeholders to evaluate their vision and recommendations for the Leisure Services department and the parks, recreation, and trails systems. These interviews/focus groups will help the consultant team gain an understanding of the community values, strengths and weaknesses of the park and recreation system, and level of service provided.

TASK 2.7 LEADERSHIP INTERVIEWS

Kimley-Horn will work with the City to conduct initial individual interviews with key City leaders and/or stakeholders to help with the development of the plan vision and goals. These may include:

- City Council Members –interviewed individually or in small groups
- City Management Members – interviewed individually or in small groups
- Parks and Recreation Commission Members - interviewed individually or in small groups

TASK 2.8 PROJECT WEBSITE DEVELOPMENT AND COORDINATION

Kimley-Horn and Team will develop and operate a project dedicated web site for the Leisure Services Comprehensive Master Plan. The site will establish the project brand and will be linked to the City's web site to enhance connectivity and use. All public documents generated during the master planning process will be posted and available. The website will include various Social Pinpoint links to provide the website users with multiple ways to provide input and interact with the project.

TASK 2.9 PUBLIC ENGAGEMENT SUMMARIES

Kimley-Horn will prepare summaries documenting workshop, focus group, and individual interview meeting outcomes.

TASK 2.10 DEVELOPMENT OF MARKETING COLLATERAL/SOCIAL MEDIA/FLYERS/CARDS

The consultant design team will work with City of Dubuque Public Information Office and others as needed to develop project branded social media posts, videos, and stories in order to help build public interest, advertise public engagement opportunities, and collect data via polls, survey links, etc. Kimley-Horn will provide up to five posts/videos/stories for social media inclusion. This content will be provided in the various size and resolution formats required for the City's social media platforms. The consultant team will also provide a calendar outlining when to share specific content consistent with the project schedule. The City will be responsible for posting this content to their various social media platforms. Kimley-Horn will also develop a project flyer and business cards with the website QR code to be distributed as appropriate throughout the community. Kimley-Horn will print up to 2,000 business cards as part of this task.

TASK 2.11 POP-UP EVENTS/COMMUNITY EVENTS INTERCEPT SURVEYS

Kimley-Horn will perform intercept surveys or pop-up events at up to three (3) community events or parks to administer the resident and user feedback. Kimley-Horn will provide the city will boards and marketing collateral to host additional pop-up events as needed utilizing City personnel.

TASK 2.12 BI-WEEKLY PROJECT PROGRESS MEETINGS

Kimley-Horn and Team will lead bi-weekly project progress meetings with the City core team. The standing agenda will include a project progress overview, project schedule and next steps. In addition, any special topics will be added based on work-in-progress. This task assumes bi-weekly meetings for approximately 12 months. Meetings will predominantly take place via Teams.

Task 3.0 Collect and Analyze Data

TASK 3.1 STATISTICALLY VALID NEEDS ANALYSIS SURVEY

ETC Institute will work with Kimley-Horn and Team and the City Core Team to develop the survey format and questions.

The City has identified the need for one statistically relevant survey for this project. The City and consultant team will ascertain community needs through our comprehensive community outreach. The City and consultant will ensure all demographics have an opportunity to participate and provide feedback.

ETC Institute will meet with City staff via phone to discuss the goals and objectives for the project. To facilitate the survey design process, ETC Institute will provide the City of Dubuque with sample surveys created for similar projects. At this time, ETC Institute's analysis tool will also be discussed, and ETC will suggest which tools would be best for the City to use. Based on input from the City, ETC Institute will develop a first draft of the survey.

ETC Institute will work closely with City staff to ensure their input is utilized to create a survey that best fits the needs of the City. This includes ensuring the survey instrument is worded to obtain statistically valid and reliable results, fine-tuned to shorten the survey instrument yet obtain the vital information needed, and formatted to meet all coding requirements. It is anticipated that 3-4 drafts of the survey will be prepared before the final draft is approved by the City.

As part of this task, the sampling plan for the survey will be finalized and the project manager will discuss which methodology is best to conduct the surveys. ETC Institute recommends administering the survey to a random sample of resident households in the City of Dubuque. A random sample surveys would have a precision of at least +/- 5% at the 95% level of confidence; it would also allow the results of the survey to be analyzed and cross-tabulated by sociodemographic and geographic characteristics. ETC Institute will ensure that the results of the survey will be statistically representative of Dubuque residents. ETC will also ensure that the survey results are statistically significant based on the population of the City.

Once the final survey instrument is approved, ETC Institute will administer the survey methodology finalized by the City. ETC Institute has the capabilities of administering the survey by mail, phone, or internet alone. However, ETC Institute recommends using a combination of mail, internet, and phone. Given the negative impact Caller ID has had on phone survey response rates in recent years and the need to ensure diverse populations are well represented, we offer the combination mail/internet/phone to

maximize the overall level of response. Even if people do not respond by mail or online, people who receive the mailed version of the survey are significantly more likely to respond to the survey by phone because they know the survey is legitimate. As needed, multiple contact attempts at various times during the week, including weekends will be made to contact adult residents. The mailed survey will include a cover letter (on City letterhead) that will explain the importance of the survey, encourage participation, and include a link to complete the survey online for citizens who prefer that option. All mailed surveys, including the cover letter, will be printed by ETC Institute. All attempts to contact respondents will be tracked to accurately calculate the number and rates for refusals, ineligible contact information, eligible contact information, and completed interviews. These rates can also be reported in the final report.

The following are the procedures that will take place for the mail/internet/phone combination methodology. All of the procedures described below would be delivered in-house at our main office:

- ETC will work with the City to develop a communication plan for the survey. As part of this task, ETC Institute will provide the City with sample press releases that can be used to notify the public about the survey. Advance publicity can significantly enhance the response rate.
- Phone interviewers working in ETC Institute's call center will rehearse the phone version of the survey. In addition, all ETC Institute interviewers will complete our in-house training program (described in more detail later in this scope of work) and will review the protocol for the administration of the survey with a supervisor. Special attention will also be paid to the treatment of non-English speaking respondents, particularly those who speak Spanish. ETC Institute has over 20 Spanish speaking interviewers that will be assigned to work on this project.
- ETC Institute will mail a copy of the survey instrument and a postage-paid return envelope to each of the households that were selected for the survey. The survey will include a letter on City letterhead that explains the purpose of the survey and that indicates all survey responses will remain anonymous. Even if residents do not respond to the mailed version of the survey, sending the survey prior to contacting residents by phone increases the response rate because residents know the survey is legitimate. Portions of the cover letter and survey can be translated into Spanish to provide Spanish speaking residents with assurances about the legitimacy of the survey.
- The cover letter will list a toll-free number that residents can call if they have questions about the survey. The cover letter will also contain a link to an online version of the survey for those who prefer to complete the survey online.
- Approximately 10-14 days after the surveys are mailed, ETC Institute will e-mail a link to the online version of the survey to households that received a survey in the mail. These e-mail follow-ups will significantly increase the response rate. This will greatly reduce the probability that the results are affected by non-response bias. Non-response bias can be a major drawback to surveys that are administered by mail alone or phone alone. When completing the online survey, residents are required to enter their home address at the end of the survey to validate their response. This is how ETC Institute can track and only include responses from residents who were randomly selected for the survey. This will also ensure that one survey is completed per household.
- Phone follow-ups will be concentrated on demographic and geographic areas where the response to the mail and online survey is low. This will ensure the survey is representative of the entire City both demographically and geographically.
- Open Internet (Non-Random Sample Survey): In addition to offering the survey to randomly sampled residents, ETC Institute can offer the same web survey to the City. This would provide the City with a comparable survey to offer as part of the City's public outreach process. Through the use of specific design features, ETC can distinguish between the random sample responses and the general public responses.

ETC Institute is prepared to work with the City to determine the methodology that best suits the needs of the City.

Ensuring Representation for Non-English-Speaking Populations: ETC Institute has designed and administered surveys in some of the nation's most diverse communities including San Bernardino County (CA), Arlington County (VA), Miami-Dade County (FL), Cameron County (TX), Yuma County (AZ), and Long Beach (CA). More than one-third of the residents in several of these communities were foreign-born.

We will guarantee the results of the survey are statistically representative of the City.

In order to ensure the non-English speaking residents of a community are well represented, ETC Institute is able to do the following:

- The cover letter that is sent with the mailed version of the survey can contain information translated into other languages.
- ETC Institute will establish a toll-free number non-English (and English) speaking residents can call. Non-English-speaking interviewers from our firm will be available to administer the survey over the phone. Other languages can be made available if needed.
- A demographic question will be included in the survey asking which languages other than English are spoken in the home. This will allow us to ensure non-English speaking populations are well represented in the sample.
- The development of a final written report that includes, at a minimum, the following:
    - An executive summary that includes a background of the survey, a description of the survey methodology, major findings, how the results are applicable to the City, any trends within the data, and comments and recommendations on the use of the current survey instrument and methodology for future applications
    - Charts and graphs for all questions on the survey, including comparisons to previous surveys
    - Benchmarking analysis that shows how the City compares to other communities throughout the U.S.
    - Tables showing the results for all questions on the survey, including all demographic questions and any open-ended questions
    - Cross tabulations of selected results by sociodemographic (gender, income, household type, and race/ethnicity) and respondent characteristics (full or part time residents, guests, and employees) as well as by specific planning areas.
    - Copy of the survey instrument
- ETC Institute will ensure all deliverables will be developed to help assist City leadership and staff in allocating resources in order to best meet the current and anticipated needs of Dubuque residents.
- The final deliverables will also give City leaders and staff insight on how to increase the effectiveness and efficiency of efforts to meet the needs of Dubuque residents.
- Depending on the survey options selected by the City, the final report may also contain other forms of analysis such as GIS Maps.

- ETC Institute will facilitate virtual workshops with the City: one to meet with City staff to develop the final survey questions before beginning the survey administration (kick-off meeting), and again for a formal on-site presentation of the survey results to city staff and to help interpret the results.
- ETC Institute can also prepare a 1-2-page press briefing document that the City can use to discuss the findings with the press and other interested groups. This may include a consultation on the use and dissemination of the data after the survey and report is complete.

TASK 3.2 LEVEL OF SERVICE STANDARDS

Kimley-Horn and Team will work with the Department to review and confirm, modify or add to existing park classifications, and preferred facility standards for all park sites, trails, open space amenities including common areas and indoor and outdoor facilities. These classifications will consider size, population served, length of stay, and amenity types/services. Facility standards include level of service standards and the population served per recreational facilities and park amenities. Any new or modified classification or standard will be approved as required. These are based on regional, statewide or nationally accepted standards, as well as the design team's national experience and comparison with peer/survey agencies. These standards will be adapted based on the needs and expectations of the City.

The Team will incorporate the information gathered through the inventory and community input meetings to measure the level of service currently being provided to the residents, stakeholders, and users of the City's parks and recreation system. The Team will analyze how this information reconciles with community demographics, social determinants of health, active transportation systems, administrative boundaries, neighborhoods, etc. As part of the level of service analysis, the Team will analyze and include relevant alternative recreation facilities and providers within the study area, i.e., schools, homeowners' associations, commercial recreational and fitness providers, and park and recreation facilities in adjacent cities (to a two-mile buffer), to provide an analysis of duplication of services and to identify opportunities for collaborative efforts. The Level of Service analysis will identify:

- The community's access to parks facilities
- Alternate providers' facilities (such as homeowner associations, schools or other government agencies) that provide recreation access for the City's residents
- Trail access and future trailhead development
- Issues of equity in accessibility, sustainability, and resiliency
- The Team will develop a recreation value model and apply to existing park facilities.

A practical and meaningful standard reflects the variety of recreational experiences within a large, diverse city and promotes positive recreational outcomes, such as safe, accessible, active parks. The Recreational Value-Based Park (Value Standard) standard establishes a point value to represent recreational opportunities within the different classification of parks.

Recreation value emphasizes the activities and experiences that residents can enjoy, rather than the amount of parkland in each area. It measures the inherent benefits of park spaces – their ability to support active recreation and exercise; encourage socializing; link people to transit, bike facilities, trails, and active public areas; and invite activity throughout the day.

Since it stresses the amenities and features within a space, rather than its size alone, the standard recognizes the value of parks appropriate for diverse communities, from a large field park for active recreation to trails within a regional park or a small, lively public urban gathering space.

A focus on value also recognizes opportunities to upgrade existing parks by adding amenities and introducing new recreational activities.

TASK 3.3 MARKET GAP ANALYSIS AND EQUITY MAPPING

Kimley-Horn and Team will meet with the City of Dubuque GIS team to discuss how to best integrate the plan and data into the City GIS system and framework. We will work with the City to determine appropriate and best use of GIS mapping. The Consulting Team will utilize GIS to perform geographical mapping to identify service area analysis for specific facilities and programs. Mapping to be completed as overlay on existing City map layers. These maps will demonstrate gaps in the system and areas of service.

Kimley-Horn and Team will compare Dubuque amenities to five similar types of communities locally, regionally, and nationally to compare the City of Dubuque's Leisure Services offerings to other relevant peer agencies. The Consulting Team will identify up to six key metrics to be surveyed and analyzed.

TASK 3.4 DEMOGRAPHIC AND RECREATION TRENDS ANALYSIS

Kimley-Horn and Team will provide City of Dubuque demographic data and trends analysis that will help inform the master planning process and to understand the market areas served by the park and recreation system and distinguish customer groups. The team will add tapestry segmentation to the demographic analysis provided by the City. Demographic and Trend Analysis can be conducted for City as a whole and for specific park planning areas.

TASK 3.5 PROGRAMMING OPERATIONS ASSESSMENT AND REPORT

Kimley-Horn and Team will review and evaluate the current City programs, services and maintenance. This assessment will review how well the City of Dubuque aligns itself with community needs. The goal of this process is to provide programming operations enhancements and organizational structure operational enhancements that result in the delivery of successful and innovative system. The process includes analysis of the various departments within the Leisure Services division and the programs offered by Leisure Services.

TASK 3.6 INVENTORY AND ASSESSMENT OF PARKS, FACILITIES, AND NATURAL RESOURCES

Kimley-Horn and Team will evaluate the quality of existing parks and facilities based on field visits to each park to document existing conditions including, but not limited to park infrastructure, amenities, and buildings. The team will walk each City park site and meet with City staff to better understand history, use, maintenance/operations, and issues. The team is to document the existing park facilities to establish a baseline in order to create a uniform City standard. The evaluation shall document lighting levels, field dimensions and sizes/areas, amenities offered, and ensure facilities are ADA compliant. The team will examine the functionality of the existing park site plans and make recommendations for improved utilization, vehicular and pedestrian flow, operations, and efficiency. The team will document the park facilities and provide overall park descriptions. The team will utilize an existing condition scoring matrix to score the condition of the existing park facilities. The team will utilize the evaluations to provide recommendations for facility improvements.

The team will also evaluate existing up to 10 privately-held parks and recreation facilities within or adjacent to the City of Dubuque to include with the overall recreation system inventory. The team will conduct an inventory of the HOA parks, but not on an assessment of park amenities. Inventory will include type of amenities and areas but will not include a condition assessment.

Consultant shall review all existing mapping and data provided by the city prior to conducting an assessment. Data, such as the City's current Trail System Master Plan, shall be reviewed for gaps and accuracy. The location of destinations and key decision points shall be assessed and evaluated, along with other key factors such as ADA, transportation/ traffic data, vehicular conflicts, pedestrian and bicycle safety, maintenance/ vandalism concerns, fire/ emergency access, drainage/ stormwater quality, utilities, location of existing and proposed park and recreation facilities, overall visual aesthetic and user experience. The inventory and assessment will be presented to, and vetted by, staff and project stakeholders to ensure that the direction proposed supports the key planning goals of the project. The amalgamation of this detailed assessment will form the underpinning of the visual representation of the results.

3.6.1 ON-SITE INVENTORY

The park elements for each site will be inventoried and quantified. Inventory elements to be evaluated in the site conditions assessment will be determined by the design team and City prior to conducting on-site analysis documentation.

3.6.2 ON-SITE ANALYSIS DOCUMENTATION

The park elements and conditions will be photographed and identified on an aerial photo background. The team will utilize this information for the development of the Asset Management Plan. The City project team will walk at least one site with the design team in order to collectively establish a baseline for condition assessment. The team will also provide this data within GIS layers to provide park element locations that will be incorporated into the existing City GIS data previously compiled for each park site.

3.6.3 PARKS ASSETS ASSESSMENT MATRIX

A comprehensive matrix will be developed that identifies all park assets and condition assessment criteria that will include the age of the park facilities, current value of the facilities and life cycle status. The team will provide a 2026 monetary value for the entire existing park system.

3.6.4 EXISTING PARKS AND TRAILS IMPROVEMENT RECOMMENDATIONS (IMPROVEMENT, RENOVATIONS, MODIFICATIONS, ETC.)

Based on the existing park assessments and assets assessment matrix the team will provide park by park recommendations identifying potential improvements, renovations, and modifications. Based on the evaluations, the goal is to provide recommendations that are impactful modifications to improve usage for the park.

Utilizing the results of the inventory and analysis in the task above, the Consultant shall develop a high-level plan and program outlining the location of proposed trail corridors, and an implementation cost summary analysis. The alignment of proposed trails will be depicted, along with locations of existing points of interest and connectivity to key destinations. The findings outlined in the City's current Transportation Master Plan and Trail System Master Plan will be integrated whenever possible so that all documents have a seamless transition of recommendations. The plan will illustrate programmatic requirements and aspirations on an overall map of the City. Additional written narrative and an outline of the implementation cost impacts will describe the overarching connectivity concept that will influence the recommendations outlined in the master plan and its future implementation process.

TASK 4.0 STRATEGIC DIRECTION AND ANALYSIS OF FORECASTED NEEDS

TASK 4.1 VISIONING WORKSHOP

Kimley-Horn will conduct a visioning workshop with the City project team and stakeholders. This workshop will include a review of community input and key takeaways from various segments of the plan development to identify key themes of the plan and key short-, mid-, and long- term recommendations. These workshops will be a valuable resource allowing us to draw on the experience of the staff and expand our understanding beyond a reading of the available data. The workshop is designed to make good use of staff time; therefore, preparation prior to the meeting is essential.

TASK 4.2 PARK-BY-PARK WORKSHOP

Kimley-Horn will conduct full-day workshops, as needed, with various groups within the Leisure Services staff to understand the park system, long-range goals, big ideas, and more detailed elements of the system like park use, access, and condition characteristics for a substantial selection of the City's park sites. These workshops will be a valuable resource allowing us to draw on the experience of the staff and expand our understanding beyond a reading of the available data. The workshop is designed to make good use of staff time; therefore, preparation prior to the meeting is essential.

TASK 4.3 GEOGRAPHICAL ANALYSIS THROUGH MAPPING

The Team will work with the City to determine appropriate GIS mapping. The Team can utilize GIS to perform geographical mapping to identify service area analyses for specific facilities and programs. This includes mapping by classification and major amenities by facility standards as applied to population density and geographic areas. A service area is defined as a measured area around a park or amenity whose radius encompasses the population associated with the appropriate facility standard for each park classification and amenity. Using the facility standards and service areas provided by the Department for each park and major facility type or amenity, a series of maps by each park classification and major amenities will be prepared. The Team will provide maps as GIS files as well as in digital PDF format (and by hard copy when requested).

TASK 4.4 PRIORITIZED FACILITY AND PROGRAM RANKINGS

Kimley-Horn and Team will synthesize the findings from the community input, survey results, standards, demographics and trends analysis, park and facility inventory, and operations assessment into a quantified facility and program priority ranking. This priority listing will be compared against gaps or surplus in recreation services, parks, facilities and amenities. This will list and prioritize facility, infrastructure, amenities, and program needs for the community services system and provide guidance for a future Capital Improvement Plan. The Team will conduct a work session with staff to review the findings and make revisions as necessary and will provide a summary of work for each task at the completion of all the identified sub-task items.

TASK 5.0 DEVELOP RECOMMENDATIONS AND IMPLEMENTATION STRATEGIES

TASK 5.1 CAPITAL IMPROVEMENT PLAN DEVELOPMENT

Based on the system inventory and analysis, asset management matrix and programing and facility priorities the team will work with the City to develop a three-tier capital improvement plan that will assist the City in the inevitable and continuous rebalancing of priorities and their associated expenditures. The three tiers shall include:

- Critical Alternative Projects
- Sustainable Alternatives Projects
- Visionary Alternative Projects

The team will work with the City to develop a list and Capital Improvement Project and classify the identified projects. The projects shall include capital / operational estimates. Once finalized with the City and team the identified projects will be presented to City Council for comment and prioritization for phase II site specific master planning.

TASK 5.2 ROUGH ORDER OF MAGNITUDE (ROM) COST DEVELOPMENT

Based on the list of prioritized capital improvement projects, the consultant team will develop detailed ROM costs for up to ten projects. Cost models may include soft costs and escalation projections.

TASK 5.3 STRATEGIES FOR IMPLEMENTATION AND FUNDING

Funding strategies will be developed based on our review and analysis, as well as the national experience brought by the Consulting Team, including full grant opportunity listing, future bond initiatives and potential partnerships.

TASK 5.4 PRESENTATION TO CITY LEADERSHIP

Kimley-Horn will prepare for and conduct a presentation of the key master plan findings with the following stakeholders:

- Executive Advisory Committee
- Parks and Recreation Commission
- City Council Meeting

TASK 5.5 ORGANIZATIONAL STRUCTURE ASSESSMENT

Kimley-Horn and Team will review and evaluate the current City programs, services and maintenance. This assessment will review how well the City of Dubuque aligns itself with community needs. The goal of this process is to provide organizational structure and operational enhancements that result in the delivery of successful and innovative system. The process includes analysis of the various departments within the Leisure Services division.

TASK 5.6 OPERATIONS AND MAINTENANCE STANDARDS

Kimley-Horn and Team will work with the City to develop operations and maintenance standards to provide overarching guidance and guidelines to achieve a universal standard for parks, trails, and open space. These operations and maintenance standards will include the following components:

- Development of Standards
- Creation of Procedure
- Establish Performance Measures
- Establish Reporting Mechanism/Process

TASK 6.0 CREATE ACTION PLAN: STRATEGIC, CAPITAL AND FINANCIAL

TASK 6.1 IMPLEMENTATION PLAN

Kimley-Horn and Team will build the implementation plan based on the previous analysis and results community engagement. The team will work with the City to develop vision and mission statement; develop goals, objectives and policies; prioritize future CIP projects with the development of cost estimates and sequencing timelines with plan implementation strategies. An asset management plan will also be included as part of the implementation plan.

Kimley-Horn and Team will provide the following parks system and amenities recommendations. The team will present the systemwide parks inventory & analysis with recommendations based on the asset management matrix and findings. The team will review, analyze and provide recommendations for the current asset management plan. The asset management plan shall include:

- Perform a detailed facility condition inventory and assessment for all Department assets, including but not limited to buildings and surrounding sites, multi-use fields and courts, playgrounds, aquatic facilities, natural areas, parking lots and trails.
- Document the overall system's condition and evaluate the required cost to renovate or replace individual facilities that fall short of meeting park user expectations.
- Produce a GIS ready shapefile and associated maps for use by the City and integration with the City's GIS system
- Provide year-by-year projections of capital budget requirements for the next twelve (10) years
- Work with Department Staff to prioritize facility improvements and additions based on the life cycle data and needs assessment and present the findings to the Boards and/or Fiscal Bodies in the public participation process.

TASK 6.2 IDENTIFICATION OF POTENTIAL PARTNERSHIPS AND COLLABORATING OPPORTUNITIES

The identification of potential partnerships and collaborating opportunities will be developed based on our review and analysis, as well as the national experience brought by the consultant team.

TASK 6.3 ESTABLISH A MECHANISM FOR REGULAR REPORTING AND COMMUNICATION WITH STAKEHOLDERS

The consultant team will work with the Public Information Office to identify potential mechanisms for future communication with stakeholders and the community.

TASK 6.4 DEVELOP AN EVALUATION FRAMEWORK TO ASSESS THE EFFECTIVENESS AND IMPACT OF THE PLAN

The consultant team will work with the City project team to develop an evaluation framework and matrix to assess the effectiveness and impact of the plan and to track the implementation of plan recommendations.

TASK 6.5 RECOMMEND STRATEGIES FOR ONGOING MONITORING AND UPDATING OF THE MASTER PLAN

The consultant team will work with the City project team to develop strategies for ongoing monitoring and updating of the master plan.

TASK 7.0 FINAL REPORT AND PRESENTATION

TASK 7.1 COMPREHENSIVE MASTER PLAN – DRAFT DOCUMENT DEVELOPMENT

Kimley-Horn and Team will develop the Preliminary Comprehensive Master Plan consisting of the documented results of the above tasks included in the master plan process. The plan format will be discussed with the City core team prior to layout and production.

The plan shall include the following sections:

- Demographics
- Recreation Trends
- Community Outreach Process, Summaries and Feedback
- Park Classifications
- Level of Service with Facilities, Programs, Operations & Maintenance
- Staffing
- Facilities Assessments
- Policies and Practices
- Operations Program
- Maintenance Program
- Programs and Services
- Partnership Plan
- Capital Improvement Plan
- Funding and Revenue Plan
- Strategic Action Plan
- Implementation Plan

TASK 7.2 PRESENTATION TO CITY LEADERSHIP/WORK SESSION

Kimley-Horn and Team will prepare for and conduct a presentation of the draft master plan with the following stakeholders.

- Executive Advisory Committee
- Parks and Recreation Commission
- City Council Meeting or Work Session

TASK 7.3 REFINEMENT OF MASTER PLAN DOCUMENT

This is a work period for Kimley-Horn and Team to implement the comments received from the project team and during the presentations outlined in task 7.2.

TASK 7.4 COMPREHENSIVE MASTER PLAN – FINAL MASTER PLAN DOCUMENT DEVELOPMENT

Kimley-Horn and Team will develop the Final Comprehensive Master Plan consisting of the documented results of the above tasks included in the master plan process. The final Comprehensive Master Plan will address all Preliminary Master Plan comments from the City core team, City Council and the Parks & Recreation Commission.

The plan shall include the following sections:

- Demographics
- Recreation Trends
- Community Outreach Process, Summaries and Feedback
- Park Classifications
- Level of Service with Facilities, Programs, Operations & Maintenance
- Staffing
- Facilities Assessments
- Polies and Practices
- Operations Program
- Maintenance Program
- Programs and Services
- Partnership Plan
- Capital Improvement Plan
- Funding and Revenue Plan
- Strategic Action Plan
- Implementation Plan

TASK 7.5 DIGITAL FORMATTING FOR PDF AND ACCESSIBILITY

Kimley-Horn will prepare a digital version of the master plan PDF for easy website navigation and accessibility on the project website.

TASK 7.6 FINAL ADOPTION OF MASTER PLAN

Kimley-Horn and Team will prepare for and support the City to conduct a presentation of the final master plan with City Council for final adoption.

Appendix A

American Rescue Plan Act Compliance

CITY OF DUBUQUE, IOWA

Consultant

By: Kimley-Horn and Associates, Inc.

Domestic Preferences for Procurement

As appropriate and to the extent consistent with law, the Contractor, to the greatest extent practicable, shall provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (50% US or more) as noted in 2 CFR § 200.322, including but not limited to iron, aluminum, steel, cement, and other manufactured products. The requirement of this section must be included in all subawards per §200.322 including all contracts and purchase orders for work or products under ARPA.

A. "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

B. "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

Contract Work Hours and Safety Standards Act

Contracts awarded in excess of $100,000 that involve the employment of mechanics or laborers must comply with 40 U.S.C. 3702 and 3704.

A. Each contractor is required to compute the wages of every mechanic and laborer based on a standard work week of 40 hours. Work exceeding the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week.

B. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or

under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Byrd Anti-Lobbying Amendment
Byrd Anti-Lobbying Amendment. Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-federal award.

Clean Air Act and The Federal Water Pollution Control Act
Contracts in excess of $150,000 must contain a provision that requires compliance with all applicable standards, orders or regulations issued pursuant to the Clean Air Act and the Federal Water Pollution Control Act. Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

Equal Employment Opportunity
During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another

employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and sub-contractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and sub-contractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

Contracting with small and minority businesses, women's business enterprises, and labor surplus area firms

If the awarded contractor (prime) uses subcontractors, it must take all necessary affirmative steps to assure that small and minority businesses, women’s enterprises, and labor surplus area firms are used. The following affirmative steps are required of the prime contractor:

(1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

(2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

(3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;

(4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;

(5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce;

(6) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (1) through (5) of this section.

Suspension and Debarment

This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

System for Award Management (SAM)

A contract award will not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM). SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Procurement of Recovered Materials

In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

a. Competitively within a timeframe providing for compliance with the contract performance schedule;
b. Meeting contract performance requirements; or
c. At a reasonable price.

(2) Information about this requirement, along with the list of EPA designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensiveprocurement-guideline-cpg-program

(3) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

Comments	For those of us who regularly walk through Eagle Point Park, we'd like to see the rules that don't allow dogs to remain in place. For us, it's a matter of safety and cleanliness. Dubuque allows dogs in so many places-Eagle Point Park is one place where we are able to walk outdoors and enjoy the wildlife without having to worry about "friendly" dogs, especially those that are unleashed (and there are those). And it takes only one dog walking several times a week to make a stinky mess over which park workers will have to mow. We love dogs, but we have always respected and appreciated the "no dogs allowed" restriction in Eagle Point Park. Thank you! John & Nancy Ferry

Subject: People with disabilities and dogs in public places

Mayor Brad and Ric -

I saw another article in today's TH about dogs in parks. I would like to share with you the email I sent to Danny in September of 2024 on this issue regarding persons with disabilities and their comfort level with animals, especially dogs in public places.

Sharing this with you two as you were mentioned in the article about still considering this issue. As I sit here on a Saturday morning still unable to attend Farmers Market due to the vast number of dogs in attendance and my Joshua's extreme fear of dogs (I can't carry out my 70 lb son when he starts screaming when he sees all the dogs).

Most people tell me to just help Joshua get over his fear. He attends Washington, and they have a comfort dog there, and even after 2 years, he is still afraid of this dog, and covers his ears and screams when he sees the dog and the teacher needs to steer him well away from that dog.

Thanks for reviewing below what I sent to Danny, and considering prioritizing the safety and comfort of humans, especially those most vunerable, in our public spaces.

Sincerely -

Nicole Gantz

Hi Nicole thanks for reaching out.
I do appreciate your thoughts and point of view.
I am still fairly flexible on this.
I do look forward to conversation that will happen at tonight’s meeting.
Thanks for sharing your story with Joshua.

Hi Danny -

I saw the article in the Telegraph Herald today about renewing the discussion of dogs in parks, bars, restaurants, etc.

My 12-year-old son, Joshua, who is autistic and has Down syndrome, is terrified of all dogs, big and small. Whenever a customer brings a dog into an outdoor restaurant, we need to be asked to move inside as Josh starts screaming and covers his ears. Never has the person who brought the dog offered to not be seated and move on. They believe their right to bring this dog to an outdoor restaurant supersedes my son's safety and comfort. So then the wait staff must reseat us inside because they don't want to upset the dog owner. They are choosing this pet over my disabled son.

Can you imagine witnessing a family with a Down syndrome/autisitc child being reseated to accommodate a dog at a restaurant? It happens to us often when we travel outside of Dubuque. You would think I would protest, but I don't want to embarrass our family further so we move inside to accommodate the dog owner.

I cannot, at all, take Joshua to Dubuque's Farmers Market because of the dozens of dogs who roam up and down the aisles on leashes that easily reach other people. We know the parks dogs are allowed, which is fine, therefore we do not go to them.

Getting a child with special needs comfortable with animals is a long process and quite frankly, one we don't prioritize because we have other issues we need to address (communication, toilet training, education, behavior, etc.), and this is the bottom of the list with Josh. All dogs look different so even if we got him comfortable with one, another dog is going to look and act different.

Also, the other evening, we were eating at an outdoor restaurant and a customer's dog threw up onto the patio. I couldn't finish my meal; it was so gross.

In all the years I've known you I've never reached out to you about an issue. So I wanted to do so this time to consider kids and adults with developmental disabilities who may not feel comfortable around animals in public spaces, that they should have the freedom and ability to feel safe while dining out or enjoying a park meant for the entire human community to enjoy.

I know the City of Dubuque prioritizes inclusivity, and folks with special needs should be considered and prioritized with the pets in public places issue.

Appreciate the consideration of this point-of-view. Feel free to share this email with your colleagues.

Sincerely -

Nicole Gantz

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Resolutions of Support for Workforce Housing Tax Credit Applications for Housing Developments

DATE: May 28, 2025

Economic Development Director Jill Connors is recommending approval of the attached resolutions supporting the aforementioned applications for Iowa Workforce Housing Tax Credits for housing development in Dubuque. A Community Input Form also accompanies each resolution and requires signature.

When developers submit an application to the Iowa Economic Development Authority for Workforce Housing Tax Credits, they are required to attach both a Resolution of Support from the municipality – and new this year, a Community Input Form. This allows the municipality to provide insight into the impact each project will have on the City's housing goals.

440 W 3rd St, LLC (440 W 3rd Street)
Developer is proposing to create six (6) new residential units in a vacant and underutilized building. The site of the first Mercy Hospital in Dubuque, 440 W 3rd Street has deteriorated and is in need of significant repair. This project will include considerable interior restoration and reconfiguration at an estimated cost of One Million Seven Hundred Thousand Dollars ($1,700,000.00). The project intends to use historic tax credits preserving a historic structure and piece of Dubuque's history.

CCI5, LLC (300-320 Cedar Cross Road)
The City of Dubuque and CCI5, LLC have entered into a Development Agreement for the creation of One Hundred Eighty (180) new residential units along Cedar Cross Road. At this time, Developer is applying for workforce housing tax credits for Phase I of the project, which represents 60 new residential rental units. The anticipated investment for this project is approximately Ten Million Five Hundred Thousand Dollars ($10,500,000.00).

I concur with the recommendation and respectfully request Mayor and City Council approval.

SUBJECT: Resolutions of Support for Workforce Housing Tax Credit Applications for Housing Developments

DATE: May 28, 2025

INTRODUCTION

This memorandum presents for City Council approval individual resolutions of support for Workforce Housing Tax Credit Applications to the Iowa Economic Development Department being submitted by two developers for redevelopment of properties in Dubuque.

BACKGROUND

The Iowa Workforce Housing Tax Credit program provides tax benefits to developers to provide housing in Iowa communities, focusing especially on those projects using abandoned, empty, or dilapidated properties. Total program benefits are limited to one million dollars ($1,000,000) per project.

From 2010 to 2020, according to the US Census Bureau, of the 99 counties in the State of Iowa only 30 grew in population, and only 8 of those grew by more than 5,000 people. Of those 8 counties that grew by more than 5,000 people, only Dubuque County (City of Dubuque) and Scott County (City of Davenport) were outside the Polk County (City of Des Moines)/Story County (City of Ames) and Johnson County (City of Iowa City)/ Linn County (City of Cedar Rapids) corridors.

From 2020 to 2024, according to the US Census Bureau's Vintage 2024 population estimates, only 7 counties in the State of Iowa showed a population increase of more than 900 people, and only Dubuque County (+934, total population 100,200) was outside the Polk County/Story County and Johnson County/Linn County corridors. Scott County, which

was mentioned above as growing from 2010 to 2020, experienced a 19 person decline in this 4 year period.

This means that according to the US Census Bureau, Dubuque County population grew by almost 6,000 people from 2010 to 2024, exceeding 100,000 population for the first time ever.

Since July 1, 2022 Greater Dubuque Development Corporation reports there has been over $805 million in new construction in Dubuque County creating over 1,000 jobs.

DISCUSSION

When developers submit an application to the Iowa Economic Development Authority for Workforce Housing Tax Credits, they are required to attach both a Resolution of Support from the municipality – and new this year, a Community Input Form. This allows the municipality to provide insight into the impact each project will have on the City's housing goals. The following projects have approached City staff requesting support to apply. Most of these projects are located in Dubuque's downtown area, with one on the west end.

440 W 3rd St, LLC (440 W 3rd Street)

Developer is proposing to create six (6) new residential units in a vacant and underutilized building. The site of the first Mercy Hospital in Dubuque, 440 W 3rd Street has deteriorated and is in need of significant repair. This project will include considerable interior restoration and reconfiguration at an estimated cost of One Million Seven Hundred Thousand Dollars ($1,700,000.00). The project intends to use historic tax credits preserving a historic structure and piece of Dubuque's history.

CCI5, LLC (300-320 Cedar Cross Road)

The City of Dubuque and CCI5, LLC have entered into a Development Agreement for the creation of One Hundred Eighty (180) new residential units along Cedar Cross Road. At this time, Developer is applying for workforce housing tax credits for Phase I of the project, which represents 60 new residential rental units. The anticipated investment for this project is approximately Ten Million Five Hundred Thousand Dollars ($10,500,000.00).

Given the already demonstrated dearth of housing units in Dubuque – which as described above has had an increase in population since 2010 of nearly 6,000 residents – and with the pending need to house an additional several hundred students, faculty, and staff of the proposed college of osteopathic medicine scheduled to open in 2028, it is imperative that we support the construction of additional affordable housing options. The projects meet one or more of these City Council goals: creation of additional affordable housing; located in Dubuque's downtown; and the rehabilitation of an existing structure.

The addition of the Iowa Workforce Housing Tax Credit to the capital stack improves the viability of these projects, increasing the developers' ability to adequately address the shortage of housing in the community.

RECOMMENDATION

I respectfully request City Council approval of the attached resolutions supporting the aforementioned applications for Iowa Workforce Housing Tax Credits for housing development in Dubuque. A Community Input Form also accompanies each resolution and requires signature.

WORKFORCE HOUSING TAX INCENTIVE PROGRAM

COMMUNITY INPUT FORM

IOWA Economic Development

Communities supporting a Workforce Housing Tax Incentive Program application are to complete this form. This is to be filled out by the city where the project is being proposed and signed by a city official.

Community Name: City of Dubuque

Project Name: 440 W 3rd Street

Developer Name: 440 W 3rd St, LLC

Printed Name of City Official Completing the Form: Jill Connors, Economic Development Director

Is the type of housing proposed in this project a priority for the community? ☑ Yes ☐ No

If so, explain why:

The City of Dubuque has long prioritized the rehabilitation and reuse of its existing historic architecture. The property at 440 W 3rd Street, originally the site of the first Mercy Hospital in Dubuque, would revitalize an existing structure that is vacant and underutilized by bringing six new residential rental units to the street. This project meets 3 City Council goals: addition of housing to the community, downtown location, and rehabilitation of an existing building.

Describe recent or planned business expansions that created a need for additional housing in the community and the number and types of jobs to be created because of these expansions.

Since 2021, twelve local businesses have expanded their operations in Dubuque creating an additional 575 new full time jobs. The University of Dubuque is opening the first new medical school in the state of Iowa in over 125 years. This new osteopathic college is scheduled to open in downtown Dubuque in 2028, adding over 700 hundred faculty and staff over the next decade. The University of Dubuque invested $60 million dollars to expand its flight school, increasing enrollment from 250 to over 400 students. Dubuque County has seen over $800 million in industrial and commercial investment over the past 3.5 years

How will the project impact the local economy?

The City of Dubuque is in a housing shortage crisis. According to the US Census Bureau, the population of Dubuque County grew by almost 6,000 people from 2010 to 2024, nearing a population total of 100,000 for the first time ever. Through creating new residential housing, this project will have a tremendous impact on the economy by reducing the strain on the current housing stock.

Describe how housing is a barrier to job growth in the neighborhood or community.

Dubuque is currenty experiencing a severe housing shortage. In 2022, Greater Dubuque Development Corporation hired a constultant to perform a housing study. The annual homeowner vacancy rate is 0.5% and the annual rental vacancy rate is 1.3%. However, the projected employment growth by 2030 is estimated to be 7.6%. The study found that Dubuque will need 1,192 new workofrce housing units by 2030 in order to meet the demand created by business growth. Approximately 42% of businesses interviewed said that housing should be a priority.

Describe how this project addresses the needs of the local housing market.

This project creates new workforce housing units at a time when the City is in dire need of additional housing. Dubuque also has a large amount of historic or historic contributing structures making redevelopment that much more difficult. This project is layering state and federal tax credits to create new housing while preserving the significant architecture that sets Dubuque apart from other Iowa communities. Additionally, this project will create new housing, contributing to a more livable and walkable neighborhood.

Describe the impact of this project on the neighborhood and how it meets the needs of the community.

This project is revitalizing a vacant and underutilized building in the Cathedral Historic District in the downtown. By bringing the property back into use and creating additional housing for the neighborhood, this project meets the neighborhood needs for the downtown as identified in the Imagine Dubuque Comprehensive Plan.

WORKFORCE HOUSING TAX INCENTIVE PROGRAM

COMMUNITY INPUT FORM

IOWA Economic Development

Communities supporting a Workforce Housing Tax Incentive Program application are to complete this form. This is to be filled out by the city where the project is being proposed and signed by a city official.

Community Name: City of Dubuque

Project Name: 300-320 Cedar Cross Road

Developer Name: CCI5, LLC

Printed Name of City Official Completing the Form: Jill Connors, Economic Development Director

Is the type of housing proposed in this project a priority for the community? ☑ Yes ☐ No

If so, explain why:

This project proposes new construction of 60 residential units along the busy corridor of Cedar Cross Road on Dubuque's west end. Amenities being constructed to support the new residential units include a clubhouse, gym, and pickleball court, which is not currently found in other rental complexes in Dubuque. This project meets the City Council priority of the addition of housing to the community.

Describe recent or planned business expansions that created a need for additional housing in the community and the number and types of jobs to be created because of these expansions.

Since 2021, twelve local businesses have expanded their operations in Dubuque creating an additional 575 new full time jobs. The University of Dubuque is opening the first new medical school in the state of Iowa in over 125 years. This new osteopathic college is scheduled to open in downtown Dubuque in 2028, adding over 700 hundred faculty and staff over the next decade. The University of Dubuque invested $60 million dollars to expand its flight school, increasing enrollment from 250 to over 400 students. Dubuque County has seen over $800 million in industrial and commercial investment over the past 3.5 years

How will the project impact the local economy?

The City of Dubuque is in a housing shortage crisis. According to the US Census Bureau, the population of Dubuque County grew by almost 6,000 people from 2010 to 2024, nearing a population total of 100,000 for the first time ever. Through creating new residential housing, this project will have a tremendous impact on the economy by reducing the strain on the current housing stock. Additionally, CCI5, LLC is a local, family owned business employing all local subcontractors. The project will be along a highly visible corridor near shopping and the west end industrial park.

Describe how housing is a barrier to job growth in the neighborhood or community.

Dubuque is currenty experiencing a severe housing shortage. In 2022, Greater Dubuque Development Corporation hired a constultant to perform a housing study. The annual homeowner vacancy rate is 0.5% and the annual rental vacancy rate is 1.3%. However, the projected employment growth by 2030 is estimated to be 7.6%. The study found that Dubuque will need 1,192 new workofrce housing units by 2030 in order to meet the demand created by business growth. Approximately 42% of businesses interviewed said that housing should be a priority.

Describe how this project addresses the needs of the local housing market.

This project will create sixty (60) new workforce housing units at a time when the City is in dire need of additional housing, so this project takes a large "bite" out of the housing shortage.

Describe the impact of this project on the neighborhood and how it meets the needs of the community.

This project is located along a highly visible corridor and will act as a transitional piece that connects commercial uses to single family residential, while standing independent of its neighbors through elevation differences. This infill project will create additional housing for the west end, near the west end industrial park and shopping centers.

SUBJECT: Pet licensing system selection

DATE: May 28, 2025

Public Health Director Mary Rose Corrigan is recommending City Council approval to proceed with contract discussions and execution with Docupet for the Pet Licensing System.

The switch to Docupet will produce an estimated $35,928 in annual savings, reduce the administrative burden, and offer a more modern and responsive experience for pet owners.

I concur with the recommendation and respectfully request Mayor and City Council approval.

RE: Pet licensing system selection

INTRODUCTION

This memorandum outlines the benefits of selecting Docupet as the City's new outsourced pet licensing system, with an emphasis on cost savings and improved service value for both residents and the City.

BACKGROUND

The City has contracted with PetData for pet licensing services since 2009. While PetData was the sole provider at the time, residents and staff have increasingly reported issues with accuracy, inefficiency, and customer service. As a result, the City Council authorized a Request for Proposals (RFP) process in December to identify a more cost-effective and user-friendly alternative.

A selection committee consisting of staff from Health Services, IT, Finance, and Animal Control reviewed two proposals. The committee who wrote the RFP and reviewed the proposals consisted of:

Mary Rose Corrigan, Public Health Director
Connie Mueller, Health Services Administrative Assistant
McKinzie Flanagan, Animal Control Officer
Scott Schlichte, Lead Application Network Analyst
Kate Weidemann, Finance Department Accountant

DISCUSSION

Docupet emerged as the most advantageous vendor based on functionality, support, and especially cost efficiency.

COST BENEFITS TO THE CITY

Docupet offers significant operational savings compared to the current provider:

Cost Category	PetData (FY25 Estimate)	Docupet (Projected)
Annual Contract	$56,964	$16,836
Overdue Mailing	N/A provided by City Health Services Department Staff Time & Postage	$4,200
Total Annual Cost	**$56,964**	**$21,036**
Estimated Savings		**$35,928 annually**

- No software implementation cost (other than staff training)
- 63% reduction in software and maintenance expenses
- No per-license fees or collection surcharges, unlike PetData
- Staff time savings by eliminating the need to prepare and send financial reports to PetData
- These efficiencies allow more Health Department resources to be reallocated to enforcement and customer assistance.

COST BENEFITS TO RESIDENTS

Docupet's platform is more user-friendly, which may encourage higher compliance and improve licensing revenues, while reducing costs for residents:

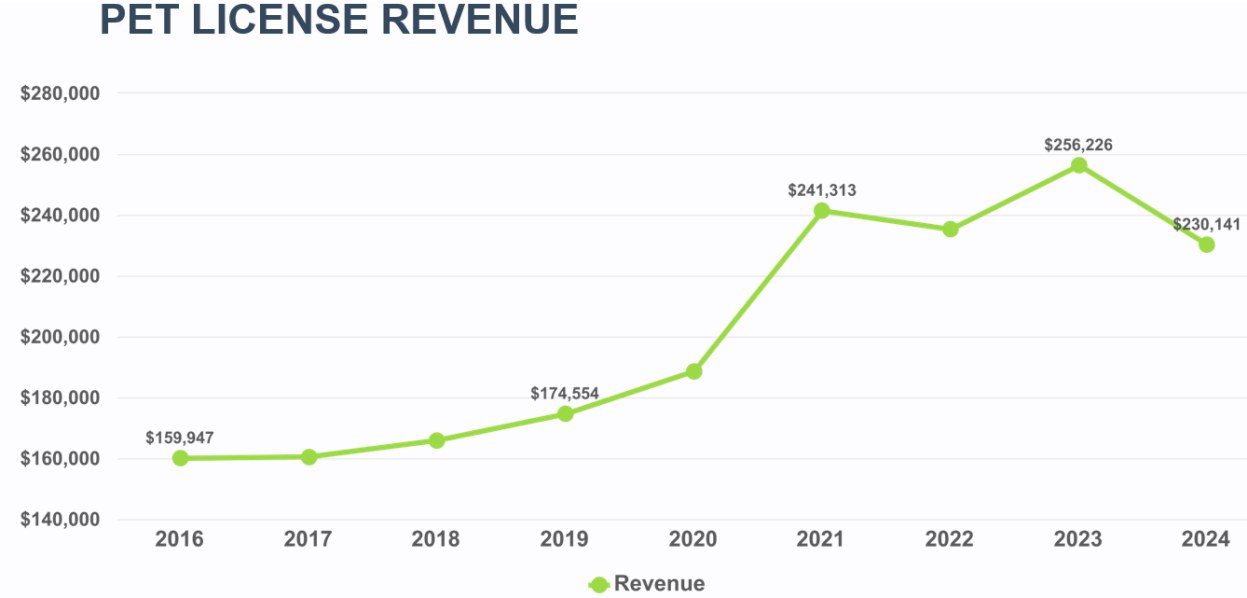
- Lower online payment fees:
    - Docupet: 2.65% + $0.25 per transaction
    - PetData: $2.00 per pet
- Convenient multi-channel renewal reminders via email, mail, and phone (text reminders in development)
- Faster processing: Web-based updates occur in real-time, allowing residents to see account changes instantly
- Optional custom pet tags, adding value without additional City cost

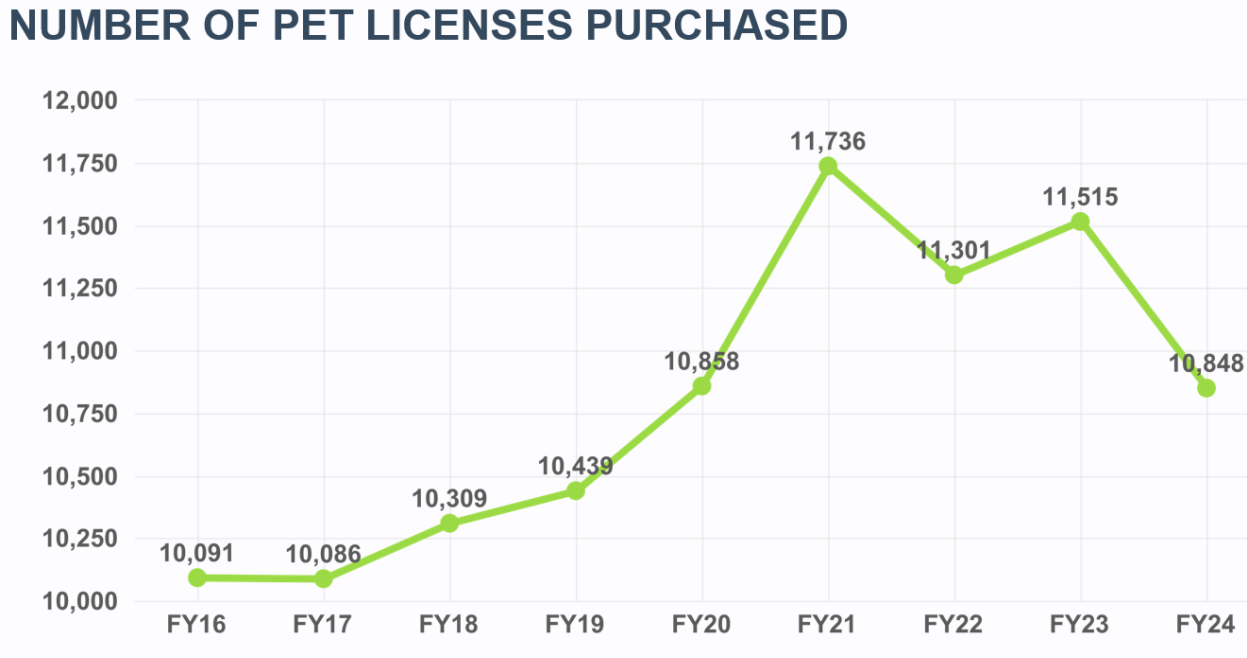
Residents will experience fewer barriers to compliance, and streamlined support reduces their frustration and time spent navigating the system.

ADDITIONAL CONSIDERATIONS

While Docupet does not support handwritten rabies records (240 received annually from one local vet which city staff would have to enter into the system), and requires staff to review uploaded rabies records, these drawbacks are minor compared to the system's financial and functional benefits.

The past several years showed a downward trend in license revenue—partially due to an outdated and unfriendly system. Docupet's improved interface and communication tools are expected to increase participation and revenue, improving the City's bottom line.





.

Similar to when PetData was first contracted, we have limited abilities to project the amount of staff time necessary to ensure a successful transition and system that will meet or exceed revenue projections and provide optimal customer satisfaction. The Health Services Administrative Assistant spends approximately 65% of her time on animal licensing, which is not sustainable. The Animal Control Officers also spend a considerable amount of time on animal licensures, which decreases time spent enforcing the Animal Control Ordinance, protecting public safety, and promoting responsible pet ownership.

Regardless of what pet licensing system is used, the Administrative Assistant will have to receipt in- house license payments to Tyler, and along with the Animal Control Officers, prepare and issue civil citations for failure to license, and review rabies vaccination records.

Initially, the amount of staff time spent on licensing with Docupet may be similar to current estimates. The goal is with an improved web-based licensing system, along with staff and customer support, the pet license delinquency rate will decline, and staff time for administering pet licenses will be minimal, while the number of pet licenses increases to a more realistic amount for Dubuque's size.

RECOMMENDATION

The switch to Docupet will produce an estimated $35,928 in annual savings, reduce the administrative burden, and offer a more modern and responsive experience for pet owners. I recommend moving forward with contract negotiations with Docupet.

Please advise authorization for proceeding with contract discussions and execution with Docupet.

INTRODUCTION

The attached resolution authorizes the award of the construction contract for the Old Mill Road Lift Station and Force Main Project - Phase I.

BACKGROUND

The older sections of the Catfish Creek Sanitary Sewer (CCSS) that deliver wastewater to the Catfish Creek Pump Station (CCPS) were constructed circa late 1960s. It is common for sanitary sewer pipes to remain in service for 60 years or longer. However, when sizing an interceptor sewer, it is not common to design it to handle predicted flows more than 50 years into the future, most often a 25-year timespan is considered. The CCPS was last upgraded in 1995 based on predicting growth over the next 20-30 years, consistent with a 25-year life for a lift station.

Despite challenges due to terrain (i.e. steep slopes, bluffs, shallow rock, etc.), the City has experienced significant growth within the Catfish Creek sewer shed in the last 20 years. Based on land use mapping in GIS,and only considering development that has occurred over the last twenty years, within the tributary area, the design flow to the CCSS and the CCPS has grown by 6.5 MGD (million gallons per day) since the pump station was last upgraded in 1995 to a capacity of 8.0 MGD.

Due to potential development area within the CCSS tributary area, the City hired Strand Associates, Inc. (Strand) in late 2018 to develop a better understanding of the hydraulic capacity of the Catfish Creek Sanitary Sewer collection system. The analysis of the CCSS and the CCPS involved the implementation of a flow metering program and the development of a sanitary sewer model. One of the things that the computer model revealed is that some wet weather events will result in the flow rising above the top of the pipe, at certain locations, such that the sanitary system becomes pressurized which is an indicator of possible SSO’s

In late December of 2020, Strand provided the City with final drafts of both the study, for Catfish Creek Sanitary Sewer collection system, and a more focused technical memo which evaluated the effect of adding new industrial flow to the existing system.

On January 4, 2021, a State Revolving Fund (SRF) Planning and Design Loan Intended Use Plan (IUP) application in the amount of $350,000 was submitted to the State for the "Catfish Creek Lift Station & Force Main Project (that) involves system improvements to address wet-weather related overflows at the Catfish Creek Lift Station and provide capacity for future development within the Catfish Creek sewer shed".

On April 28, 2021, the City authorized Strand Task Order One, which provided for the development of a facility plan and design of the Old Mill road lift station to a 30% level. This level of design provided the City with a basis of design, a refined cost estimate, and the necessary information to allow the City to submit a facility Plan to IDNR to begin the SRF construction loan process. The 30% design followed the recommended improvement option identified in the January 7, 2021, memo regarding the results of the Catfish Creek Sanitary Sewer Interceptor system study, which evaluated the existing system capacity and identified improvements to ensure that it has adequate capacity for existing developments and for growth throughout the tributary area.

The City of Dubuque submitted a facility plan to Iowa Department of Natural Resources (IDNR), in May of 2021, for the construction of a 20 MGD sanitary sewer lift station and 30" dual force mains. The facility plan is based on the results of an intensive evaluation of the existing interceptor collection and pumping systems that transport sewage to the Water Resource Recovery Center (WRRC). Several options were considered, and the City chose to proceed with the design and construction of the Old Mill Road Lift Station and Force Main Project, a recommended option. At the June 7, 2021, the City Council meeting, the City Council approved the facility plan and IUP application for the Old Mill Rd. Lift Station and Force Main Project.

Part of the SRF process is to complete an environmental review for the effected project area, which is conducted by IDNR staff along with other state agencies. One of the items that is looked at is the history of the area to determine the historical significance of the area, if any. The Office of the State Archaeologist (OSA) conducted a phase I archaeological study, due to a portion of the project alignment running through the old Town of Rockdale. Some artifacts, from the settlement, were recovered and it was determined that a more in-depth phase II study was warranted. OSA and the State Historic Preservation Office (SHPO) directed the City to complete a Phase II archeological study. Due to the results of the phase II study, it was determined that an alternate alignment needed to be evaluated to avoid the Town of Rockdale. Once the alternate alignment was selected, a second phase II archeological study was completed for the alternate alignment. The alternate alignment was cleared by SHPO and the design was able to be completed for the entire project.

Due to available funding and the funding being spread over five fiscal years, a revised facility plan was submitted in May of 2024, that split the project into two phases. The first phase being the lift station and site development and the second phase being the force

main, from the lift station to WRRC, along with the force main structures. The revised facility plan was approved by IDNR in June of 2024. The phased approach allowed the City to begin with the longest duration portion of the project, currently under construction, and start the second phase of the project a year later, when the remainder of the funding becomes available in FY26 and FY27. The completion for both phases is December 18, 2026.

DISCUSSION

The Old Mill Road Lift Station and Force Main Project is the first of several improvements that are needed, within the Catfish Creek Interceptor Sewer system, to provide adequate capacity to serve existing and future development within the City, and to allow for future additional flow from future growth areas.

Once constructed and in service, the 20 MGD Old Mill Road Lift Station will intercept over 80% of the flow which is currently conveyed to the undersized 8 MGD Catfish Creek Lift Station. With the reduction in flow coming from the Catfish Creek Interceptor System (West end of town), the Catfish Creek Lift Station will then be primarily dedicated to the Key West area and the growth areas along US Highway 151/61, to the airport, which is served by the Granger Creek Interceptor Sewer. Currently, IDNR has issued sanitary sewer permits with peak flows totaling approximately 3.5 MGD, for the areas south of town, since 2017.

RECOMMENDATION

I recommend awarding the construction contract for the Old Mill Rd. Lift Station & Force Main Project – Phase II, to Top Grade Excavating, Inc., in the amount of $11,779,540.65.

BID RESULTS

Six sealed bids were received on May 15, 2025, for the Old Mill Rd. Lift Station & Force Main Project – Phase II. Top Grade Excavating, Inc. of Farley, Iowa, submitted the low bid in the amount of $11,779,540.65 which is 7.25% under the Engineer's estimate of $12,700,082.86.

Contractor Name	Bid Amount
Top Grade Excavating, Inc	$11,779,540.65
Tricon General Construction, Inc	$12,600,184.50
Portzen Construction, Inc.	$12,662,248.80
Langman Construction, Inc.	$12,678,873.07
Boomerang Corp	$12,893,929.35
S.M. Hentges & Sons. Inc.	$15,330,000.00

BUDGET IMPACT

Project Phases I & II have been funded over multiple fiscal years, FY22 thru FY27. The total project funding provides for design, property acquisition, and construction. The funding consists of a combination of ARPA, Sewer Fund Cash, and SRF loans. Both phases have a completion date set for December of 2026. The table below details how the complete project is funded through multiple Fiscal Year appropriations:

Old Mill Rd. Lift Station and Force Main Project - Total Project Funding			
FY 22	5581500006 ARPA	Old Mill Road Lift Station and Force Main Project - Phases I & II Design	$ 3,546,614.00
FY 23	5581500006 SRF Loan	Old Mill Road Lift Station and Force Main Project - Phase I Construction	$ 1,131,320.00
FY 24	5581500006 SRF Loan	Old Mill Road Lift Station and Force Main Project - Phase I Construction	$ 6,161,306.00
FY 25	5581500006 Fund Cash	Old Mill Road Lift Station and Force Main Project - Phases I&II Design	$ 300,000.00
FY 25	5581500006 SRF Loan	Old Mill Road Lift Station and Force Main Project - Phase I Construction	$12,304,327.00
FY 26	5581500006 SRF Loan	Old Mill Road Lift Station and Force Main Project - Phase I Construction	$ 8,685,353.00
FY 26	5581500054 SRF Loan	Old Mill Road Lift Station and Force Main Project - Phase II Construction	$ 7,491 547.00
FY 27	5581500006	Old Mill Road Lift Station and Force Main Project - Phase I Construction	$ 1,009,221.00
FY 27	5581500054 SRF Loan Loan	Old Mill Road Lift Station and Force Main Project - Phase II Construction	$ 4,477,103.00
		Total Project Funding	**$45,106,791.00**

The tables below detail how the funding for each phase is being applied toward each the two SRF Construction loans being utilized to construct the project.

.

Old Mill Rd. Lift Station and Force Main Project Phase I Construction Project Funding & SRF Construction Loan Amount			
FY 23	5581500006 SRF Loan	Old Mill Road Lift Station and Force Main Project - Phase I Construction	$ 1,131,320.00
FY 24	5581500006 SRF Loan	Old Mill Road Lift Station and Force Main Project - Phase I Construction	$ 6,161,306.00
FY 25	5581500006 SRF Loan	Old Mill Road Lift Station and Force Main Project - Phase I Construction	$12,304,327.00
FY 26	5581500006 SRF Loan	Old Mill Road Lift Station and Force Main Project - Phase I Construction	$ 8,685,353.00
FY 27	5581500006 SRF Loan	Old Mill Road Lift Station and Force Main Project - Phase I Construction	$ 1,009,221.00
		Total Phase I Project Funding	**$29,291,572.00**
FY 27	5581500006 SRF Loan	Phase I - SRF Construction Loan Amount	$26,221,000.00
		Remaining Phase I Funding (Applied to Phase II Construction)	$ 3,070,572.00

Old Mill Rd. Lift Station and Force Main Project Phase II Construction Project Funding & SRF Construction Loan Amount			
FY 26	5581500054 SRF Loan	Old Mill Road Lift Station and Force Main Project - Phase II Construction	$ 7,491 547.00
FY 27	5581500054 SRF Loan Loan	Old Mill Road Lift Station and Force Main Project - Phase II Construction	$ 4,477,103.00
		FY26-27 Project Funding	**$11,968,650.00**
FY 27	5581500006 SRF Loan	Remaining Phase I Funding	$ 3,070,572.00
		Total Phase II Project Funding	**$15,039,222.00**

The estimate of probable cost and Award amounts ,for the Old Mill Road Lift Station and Force Main Project - Phase II, is summarized as follows:

Description	**Estimate**	**Award**
Construction	$ 12,700,000.00	$ 11,779,540.65
Contingency	$ 1,270,000.00	$ 1,270,000.00
Contract Admin / Construction Engineering	$ 600,000.00	$ 600,000.00
0.5% SRF Loan Origination Fees *	$ 72,850.00	$ 72,850.00
Total Project Cost	**$ 14,642,850.00**	**$ 13,722,390.65**
Total SRF Loan (rounded to nearest $1,000)	**$ 14,643,000.00**	**$ 13,723,000.00**

ACTION TO BE TAKEN

I respectfully request that the City Council Award the construction contract for the for the Old Mill Rd. Lift Station & Force Main Project – Phase II, through the adoption of the enclosed resolution, to Top Grade Excavating, Inc. of Farley, Iowa, in the amount of $11,779,540.65.

Re: Old Mill Lift Station and Force Main Project - Phase II
Our File No. 430411-20

Dear Jenny:

We have prepared and attach proceedings related to the receipt and consideration of bids and award of a construction contract for the Old Mill Lift Station and Force Main Project - Phase II.

The materials attached include the following items:

1. Minutes of the June 2, 2025, City Council meeting to show the filing of the report with respect to the construction bids received for the Project. In the event the City Council desires to consider the proposals for a longer period of time, the minutes include a motion to adjourn the meeting to a later time. If the Council desires to award the contract immediately, this adjournment may be stricken from the minutes by drawing a line through it and the following two paragraphs which convene the subsequent meeting.

2. Resolution awarding the contract and fixing the amount of the performance and/or payment bonds. This resolution also authorizes the execution of the contract, subject to the receipt of the performance and payment bonds and a written determination by the Project Engineers that such bonds and other contract documents are satisfactory.

3. Attestation Certificate with respect to the validity of the transcript.

As these proceedings are completed, please return one fully executed copy to our office.

If you have any questions, please contact Emily Hammond or me.

Best regards,

David D. Grossklaus

John P. Danos

MINUTES OF MEETING TO CONSIDER BIDS

430411-20 (L)

Dubuque, Iowa

June 2, 2025

The City Council of the City of Dubuque, Iowa, met on June 2, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, pursuant to posted notice. The Mayor presided and the roll was called showing the following members of the Council present and absent:

Present: _____

Absent: _____.

• • Other Business• •

The Mayor announced that bids for the construction of the Old Mill Lift Station and Force Main Project - Phase II had been received before 2:00 p.m., on May 15, 2025, in the office of the City Clerk, City Hall – First Floor, 50 West 13th St, Dubuque, Iowa, and that on the same day, at the same time, in the City Hall – Conference Room A, 50 West 13th Street, in the City, such bids had been opened and read, and that this was the time and place set for the consideration of such bids.

Thereupon, the results of the bidding were reported, and Strand Associates, Inc. (the "Project Engineers") made their recommendations thereon to the City Council. The bids received for the construction of the Old Mill Lift Station and Force Main Project - Phase II are as follows:

Name and Address of Bidder	Amount of Bid

(List here or attach a sheet listing proposals received.)

It was moved by Council Member _____ and seconded by Council Member _____ that this meeting be adjourned to _____, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, Dubuque, Iowa, at which time and place the City Council will meet to further consider such proposals.

The Mayor put the question on the motion and the roll being called, the following named Council Members voted:

Ayes: _____

Nays: _____.

Whereupon, the Mayor declared the said motion duly carried and the meeting was adjourned to the said time and place.

_____
Mayor

Attest:

_____
City Clerk

MINUTES OF MEETING TO AWARD CONTRACT

430411-20

Dubuque, Iowa

_____, 2025

The City Council of the City of Dubuque, Iowa, met on _____, 2025, at 6:30 p.m., at the Historic Federal Building, 350 W. 6th St, Second Floor Council Chambers, Dubuque, Iowa, pursuant to adjournment and the rules of this Council.

The Mayor presided and the roll was called showing the following members of the Council present and absent:

Present: _____

Absent: _____.

• • Other Business• •

The City Council further considered proposals received for the proposed Old Mill Lift Station and Force Main Project - Phase II and embodied its findings in the resolution next hereinafter referred to.

MOTION TO APPROVE RESOLUTION

Council Member _____ introduced the resolution next hereinafter set out, and moved that the said resolution be adopted; seconded by Council Member _____; and after due consideration thereof by the City Council, the Mayor put the question upon the motion and the roll being called, the following named Council Members voted:

Ayes: _____

Nays: _____.

Whereupon, the Mayor declared the said motion duly carried and the said resolution duly adopted.

RESOLUTION NO. ____

Resolution awarding contract for the Old Mill Lift Station and Force Main Project - Phase II

WHEREAS, pursuant to notice duly posted in the manner and form prescribed by resolution of the City Council of the City of Dubuque, Iowa, and as required by law, bids and proposals were received by this Council for the Old Mill Lift Station and Force Main Project - Phase II (the "Project"); and

WHEREAS, all of the said bids and proposals have been carefully considered, and it is necessary and advisable that provision be made for the award of the contract for the Project;

NOW, THEREFORE, Be It Resolved by the City Council of the City of Dubuque, Iowa, as follows:

Section 1. The bid for the Project submitted by the following contractor is fully responsive to the plans and specifications for the Project, is heretofore approved by the City Council, and is the lowest responsible bid received, such bid being as follows:

Name and Address of Contractor	Amount of Bid
_____	
_____	$_____
_____	
_____	
_____	

Section 2. The contract for the Project is hereby awarded to such contractor at the total estimated cost set out above, the final settlement to be made on the basis of the unit prices therein set out and the actual final quantities of each class of materials furnished, the said contract to be subject to the terms of the aforementioned resolution, the notice of hearing and letting, the plans and specifications and the terms of the bidder's written proposal.

Section 3. The Mayor and City Clerk are hereby authorized and ordered to enter into a written contract with said contractor for the Project, but only after the contractor submits the performance and/or payment bonds which are required by the contract documents, and after the Project Engineers submit a written determination that such surety bonds and the other contract documents are satisfactory. No additional City Council action shall be required to approve the executed contract or surety bonds.

Section 4. The amount of the contractor's performance and/or payment bonds is hereby fixed and determined to be 100% of the amount of the contract.

Section 5. All resolutions or parts of resolutions in conflict herewith are hereby repealed to the extent of such conflict.

Passed and approved _____, 2025.

_____
Mayor

Attest:

_____
City Clerk

Award	44	7040-108-I-0	Curb and Gutter - Removal	280	LF	$ 5.00	$ 1,400.00
						Sub Total	$ 80,067.50
			Division 8010 - Traffic Signals & Lighting				
Award	45	8010-108-D-0	Fiber Vault, PC, Square, FVS 48-48	1	EA	$ 8,276.00	$ 8,276.00
Award	46	8010-108-E-0	Fiber Vault, Composite, Cone, FVR 36-48	2	EA	$ 2,957.00	$ 5,914.00
Award	47	8010-108-G-0	Connections, Existing Handholes and Vaults	4	EA	$ 1,000.00	$ 4,000.00
Award	48	8010-108-H-0	Conduit, PVC, 2"	400	LF	$ 32.00	$ 12,800.00
Award	49	8010-108-H-0	Conduit, HDPE, 2"	1700	LF	$ 25.00	$ 42,500.00
Award	50	8010-108-J-0	Wiring and Cable - Tracer	2100	LF	$ 1.70	$ 3,570.00
Award	51	8010-108-J-0	Wiring and Cable - Fiber Optics, 12 Strand	350	LF	$ 12.00	$ 4,200.00
						Sub Total	$ 81,260.00
			Division 8020 - Pavement Marking				
Award	52	8020-108-B-0	BCY4: Broken Centerline (Yellow)	36	STA	$ 50.00	$ 1,800.00
Award	53	8020-108-B-0	DCY4: Double Centerline (Yellow)	8	STA	$ 100.00	$ 800.00
Award	54	8020-108-B-0	ELW4: Edge Line Right (White)	88.9	STA	$ 52.89	$ 4,701.92
						Sub Total	$ 7,301.92
			Division 8030 - TemporaryTraffic Control				
Award	55	8030-108-A-0	Temporary Traffic Control	1	LS	$ 19,874.00	$ 19,874.00
						Sub Total	$ 19,874.00
			Division 9010 - Seeding				
Award	56	9010-108-A-1	Conventional - Seeding, Type 1, by SY	12007	SY	$ 0.28	$ 3,361.96
Award	57	9010-108-A-1	Conventional - Seeding, Type 2, by SY	42408	SY	$ 0.24	$ 10,177.92
Award	58	9010-108-A-1	Conventional - Seeding, Type 6, by SY	4127	SY	$ 0.33	$ 1,361.91
Award	59	9010-108-A-1	Conv. - Seeding, Native Grass & Wildflower Seeding, by AC	7.7	AC	$ 1,800.00	$ 13,860.00
Award	60	9010-108-A-3	Mulching, by SY	58542	SY	$ 0.09	$ 5,268.78
Award	61	9010-108-A-3	Mulching, by AC	7.7	AC	$ 450.00	$ 3,465.00
						Sub Total	$ 37,495.57
			Division 9040 - Erosion and Sediment Control				
Award	62	9040-108-A-2	Stormwater Pollution Prevention Plan (SWPPP) Management	1	LS	$ 5,100.00	$ 5,100.00
Award	63	9040-108-D-1	Filter Socks, 12"	10750	LF	$ 2.25	$ 24,187.50
Award	64	9040-108-D-2	Filter Socks, Removal	10750	LF	$ 0.10	$ 1,075.00
Award	65	9040-108-J-0	Rip Rap	1700	TON	$ 39.00	$ 66,300.00
Award	66	9040-108-O-2	Stabilized Construction Entrance by Ton	500	TON	$ 24.00	$ 12,000.00
Award	67	9040-108-T-1	Inlet Protection Device, Installation	6	EA	$ 175.00	$ 1,050.00
Award	68	9040-108-T-2	Inlet Protection Device, Maintenance	6	EA	$ 25.00	$ 150.00
						Sub Total	$ 109,862.50
			Division 9060 - Chain Link Fence				
Award	69	9060-108-B-0	Gates	1	EA	$ 22,000.00	$ 22,000.00
Award	70	9060-108-D-0	Removal and Reinstallation of Existing Fence, Chainlink, 8'	40	LF	$ 46.00	$ 1,840.00
Award	71	9060-108-F-0	Temporary Fence	1520	LF	$ 9.50	$ 14,440.00
						Sub Total	$ 38,280.00

Contract Award Item	LINE NO.	REFERENCE NUMBER	DESCRIPTION	PLAN QUANTITY	UNIT	UNIT PRICE	TOTAL PRICE
			Division 11,010 - Construction Survey				
Award	72	11010-108-A-0	Construction Survey	1	LS	$ 25,000.00	$ 25,000.00
						Sub Total	$ 25,000.00
			Division 11,020 - Mobilization				
Award	73	11020-108-A-0	Mobilization	1	LS	$ 230,490.00	$ 230,490.00
						Sub Total	$ 230,490.00
			Division 11,050 - Concrete Washout				
Award	74	11050-108-A-0	Concrete Washout	1	LS	$ 2,000.00	$ 2,000.00
						Sub Total	$ 2,000.00
			Special Provisions - Non-Standard Project Items				
Award	75	SP	Air Release Structure, STA: 126+02.61	1	LS	$ 484,000.00	$ 484,000.00
Award	76	SP	Junction Structure, STA: 155+64.44	1	LS	$ 326,750.00	$ 326,750.00
Award	77	SP	Air Release Structure, STA: 167+53.18	1	LS	$ 529,600.00	$ 529,600.00
Award	78	SP	WRRC Headworks Structure Addition, STA: 175+27	1	LS	$ 556,900.00	$ 556,900.00
Award	79	SP	WRRC Temporary East Access	1	LS	$ 4,395.00	$ 4,395.00
Award	80	SP	Fittings, DI, MJ Tee, 30"	1	EA	$ 20,100.00	$ 20,100.00
Award	81	SP	Wiring and Cable - Fiber Optics, 288 Strand	3650	LF	$ 5.00	$ 18,250.00
Award	82	SP	Dewatering - Lowering Subsurface Groundwater Level	1	LS	$ 400,000.00	$ 400,000.00
						Sub Total	$ 2,339,995.00
						Contract Award Amount:	$ 11,779,540.65

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Old Mill Road Lift Station Phase 3 Sanitary Interceptor Project (Catfish Creek Middle Fork); Consulting Engineering Services RFQ Authorization

DATE: May 28, 2025

City Engineer Gus Psihoyos is recommending City Council approval to release a Request For Qualifications (RFQ) to hire a consultant to assist with the development of the Old Mill Road Lift Station Phase 3 Sanitary Interceptor Project (Catfish Creek Middle Fork).

The Fiscal Year 2026 proposed CIP Catfish Creek Sewershed Interceptor Sewer Improvements – Middle Fork (now referred to as "Old Mill Road Lift Station Phase 3 Sanitary Interceptor Project (Catfish Creek Middle Fork)") [CIP# 5581500053] budget includes a total budget $23,800,00.00 for the project design and construction, with revenue from State Revolving Fund Loans and Sanitary Sewer Construction Funds. The initial project efforts in FY26 will be for the design and permitting of the project.

This project provides for systematic upgrades to the Catfish Creek Sanitary Interceptor Sewer system which branches out along the Middle Fork Catfish creek. The system will also be upsized along the Middle Fork Catfish Creek from Old Mill Road 9.9 miles to the Dubuque Industrial Center West. The Catfish Creek Interceptor Sewer was constructed circa 1960. Extending westward from the Water & Resource Recovery Center, it has allowed for the development of nearly 2,500 acres over the last two decades which includes residential subdivisions, the Dubuque Industrial Center West, and service to the Dubuque Metro Solid Waste Agency. The existing sanitary sewer was identified as being at or exceeding capacity. The funding request will provide for the design, permitting, and easement acquisition for sewer upsizing along the Middle Fork interceptor from Old Mill Road to Brunskill Road.

I concur with the recommendation and respectfully request Mayor and City Council approval.

Michael C. Van Milligen

SUBJECT: Old Mill Road Lift Station Phase 3 Sanitary Interceptor Project (Catfish Creek Middle Fork); Consulting Engineering Services RFQ Authorization

INTRODUCTION

The purpose of this memorandum is to request authorization to release a request for qualifications (RFQ) for the Old Mill Road Lift Station Phase 3 Sanitary Interceptor Project (Catfish Creek Middle Fork).

BACKGROUND

The Fiscal Year 2026 proposed CIP Catfish Creek Sewershed Interceptor Sewer Improvements – Middle Fork (now referred to as "Old Mill Road Lift Station Phase 3 Sanitary Interceptor Project (Catfish Creek Middle Fork)") [CIP# 5581500053] budget includes a total budget $23,800,00.00 for the project design and construction, with revenue from State Revolving Fund Loans and Sanitary Sewer Construction Funds. The initial project efforts in FY26 will be for the design and permitting of the project.

This project provides for systematic upgrades to the Catfish Creek Sanitary Interceptor Sewer system which branches out along the Middle Fork Catfish creek. The system will also be upsized along the Middle Fork Catfish Creek from Old Mill Road 9.9 miles to the Dubuque Industrial Center West. The Catfish Creek Interceptor Sewer was constructed circa 1960. Extending westward from the Water & Resource Recovery Center, it has allowed for the development of nearly 2,500 acres over the last two decades which includes residential subdivisions, the Dubuque Industrial Center West, and service to the Dubuque Metro Solid Waste Agency. The existing sanitary sewer was identified as being at or exceeding capacity. The funding request will provide for the design, permitting, and easement acquisition for sewer upsizing along the Middle Fork interceptor from Old Mill Road to Brunskille Road.

DISCUSSION

The RFQ has been prepared with the input of various city staff members. The following staff members will review the qualifications of those firms that respond and formulate a recommendation:

1. Maxwell O'Brien, Engineering (City Project Manager for project)
2. Todd Irwin, Engineering
3. Alex Stein, Engineering
4. Tony Steffen, Information Technology
5. Jason Duba, Planning Services
6. Marie Ware, Parks & Recreation

The desired project schedule is as follows:

City Council Authorization	April 3, 2025
P&D Loan Application	April 7, 2025
SRF IUP	June 2025
City Council RFQ Initiate	June 2, 2025
Design Service RFQ Advertise:	June 6, 2025
Questions Due:	June 25, 2025
Response Addendum Due:	July 2, 2025
Qualifications Due:	July 10, 2025
Committee Review & Shortlist:	July 14, 2025 thru July 18, 2025
Shortlist Interviews:	July 21, 2025 thru July 25, 2025
Recommendation to City Manager:	July 29, 2025
City Council Award:	August 4, 2025
Contract Scope Submittal:	August 22, 2025
Recommendation to City Manager:	August 26, 2025
City Council Approval:	September 2, 2025
SRF Facility Plan Submittal Due:	December 1, 2025
Final Contract Documents Complete:	October 26, 2026
All Permits Acquired:	October 26, 2026
Council Initiate:	November 2, 2026
Bid Advertisement:	November 6, 2026
Council set Public Hearing:	November 16, 2026
Council Advertise for Public Hearing:	November 20, 2026
Public Hearing:	December 7, 2026
Bid Opening:	December 10, 2026
Council Bid Award:	December 21, 2026
Construction/Contract Start:	January 1, 2027
Construction End:	December 31, 2028

RECOMMENDATION

I recommend releasing an RFQ for the implementation of the Old Mill Road Lift Station Phase 3 Sanitary Interceptor Project (Catfish Creek Middle Fork).

BUDGET IMPACT

The total SRF Planning and Design loan request that was approved by Council during the April 7, 2025 meeting is summarized as follows:

Description	Estimate
Administrative, Financial & Legal expenses	$ 100,000
Engineering Planning & Design expenses	$ 2,650,000
Land (only after Environmental Review Clears)	$ 500,000
Archaeological/Environmental $	$ 300,000
Equipment	$ 50,000
Total Planning & Design Loan Request	**$ 3,600,000**

The total project funding requested in the FY26 CIP budget is summarized as follows:

Old Mill Road Lift Station Phase 3 Sanitary Interceptor Project (Catfish Creek Middle Fork) Funding					
Fund Source	**FY26**	**FY27**	**FY28**	**FY29**	**TOTAL**
Sanitary Sewer Construction Fund	$ 250,000	$ 250,000	$ 0	$ 0	**$ 500,000**
SRF Loan	$1,000,000	$6,300,000	$7,500,000	$8,500,000	**$23,300,000**
TOTAL	**$1,250,000**	**$6,550,000**	**$7,500,000**	**$8,500,000**	**$23,800,000**

ACTION TO BE TAKEN

I respectfully request approval to release an RFQ to hire a consultant to assist with the development of the Old Mill Road Lift Station Phase 3 Sanitary Interceptor Project (Catfish Creek Middle Fork).

Prepared by Maxwell O'Brien, Civil Engineer

RE: 2025 Iowa Law Enforcement Accreditation Program Award

INTRODUCTION

The purpose of this memo is to notify you of the Dubuque Police Department being awarded accreditation with the Iowa Law Enforcement Accreditation Program (ILEAP).

BACKGROUND

In 2023/2024, the Iowa Chiefs of Police Association and the Iowa Sheriff's and Deputies Association, applied for and received a Department of Justice Grant, to establish an accreditation program within the State of Iowa. Iowa was one of the few states that did not have a state accreditation program. In 2025, agencies were allowed to begin applying for ILEAP accreditation. The Iowa accreditation program was designed to help law enforcement agencies establish and maintain over 100 standards that represent current and professional law enforcement best practices; increase the effectiveness and efficiency in the deliver of law enforcement services; and to establish standards that address and reduce liability for the agency and its members. Additionally, the grant allows agencies that do not have the funding nor the staff or resources to maintain an accreditation program such as CALEA, to receive a form of accreditation for their agencies. For Dubuque this may seem redundant, since the standards essentially mirror those of CALEA, however, the ILEAP accreditation for the Dubuque Police Department shows solidarity with agencies within the State of Iowa by promoting best practices. Additionally, a commitment to this program is in line with our culture of leading the way and serving by example for other agencies. I currently serve on the board that administers ILEAP within the state.

The Dubuque Police Department has been accredited with CALEA since 1993 and was the first agency accredited in Iowa. There are less than 15 total agencies that are CALEA accredited in the State of Iowa. CALEA accreditation requires the review of 484 standards. Approximately 120 standards are reviewed annually, with all 484

standards being reviewed in year four. Upon successful review in year four, CALEA can re-accredit an organization. The Dubuque Police Department was fully accredited in July 2024 for the 10th time.

The ILEAP award gives us dual accreditation, with ILEAP essentially accepting the CALEA accreditation as proof of the standards review. An ILEAP assessor was assigned to review proof of CALEA accreditation and that we were in good standing with CALEA. In the first year of ILEAP, 35 agencies in Iowa are working towards ILEAP accreditation, with the goal in year two to be 55.

CONCLUSION

It is with my great pleasure that I am reporting on April 8, 2025, the Dubuque Police Department was one of the first eight departments in the State of Iowa to receive the ILEAP accreditation. Attached is a photo of the award presented to the Department at the Iowa Chiefs of Police Association conference on May 21, 2025.

ACTION REQUESTED

I am recommending giving a short presentation to the City Council on this dual accreditation.

May 22, 2025

Mayor Brad M. Cavanagh and Members of the City Council,

The Mayor and City Council Compensation Task Force convened on May 21, 2025, to review and discuss potential adjustments to the compensation for the Mayor and City Council.

During the meeting, the Task Force considered several factors, including the roles and responsibilities of the Mayor and Council Members, the time elapsed since the last compensation adjustment, salary comparisons with peer communities in Iowa, and the Consumer Price Index (CPI).

After thorough discussion, the Task Force reached consensus on a recommendation to increase the salaries of the Mayor and City Council Members based on the cumulative CPI over the past two years:

Year	CPI
2023	3.4%
2024	2.9%
Total:	**6.3%**

Based on this cumulative CPI increase, the Task Force recommends the following salary adjustments:

Position	Current Annual Salary	Proposed Increase	New Annual Salary
Mayor	$14,800	$932	$15,732
City Council	$11,100	$699	$11,799

If approved by the City Council, the City Clerk will prepare an ordinance amendment for formal adoption at a future meeting. In accordance with Iowa Code §372.13, the adjusted salaries would take effect on January 1, 2026.

Respectfully submitted,
Mayor and City Council Compensation Task Force

Sincerely,

Mayor Brad M. Cavanagh and Members of the City Council,

The Mayor and City Council Compensation Task Force convened on May 21, 2025, to review and discuss potential adjustments to the compensation for the Mayor and City Council.

During the meeting, the Task Force considered several factors, including the roles and responsibilities of the Mayor and Council Members, the time elapsed since the last compensation adjustment, salary comparisons with peer communities in Iowa, and the Consumer Price Index (CPI).

After thorough discussion, the Task Force reached consensus on a recommendation to increase the salaries of the Mayor and City Council Members based on the cumulative CPI over the past two years:

Year	CPI
2023	3.4%
2024	2.9%
Total:	**6.3%**

Based on this cumulative CPI increase, the Task Force recommends the following salary adjustments:

Position	Current Annual Salary	Proposed Increase	New Annual Salary
Mayor	$14,800	$932	$15,732
City Council	$11,100	$699	$11,799

If approved by the City Council, the City Clerk will prepare an ordinance amendment for formal adoption at a future meeting. In accordance with Iowa Code §372.13, the adjusted salaries would take effect on January 1, 2026.

Respectfully submitted,
Mayor and City Council Compensation Task Force

Sincerely,

Roy Buol
Representing Ric Jones

Kristin Dietzel

MAYOR AND CITY COUNCIL COMPENSATION TASK FORCE

DATE: Wednesday, May 21, 2025

TIME: 4:00 PM

PLACE: City Hall, Conference Room A
50 W. 13th Street, Dubuque, Iowa

Notice is hereby given that the above identified governmental body will meet at the time, date and place as set forth above. The agenda for the meeting is as follows:

A. CALL TO ORDER

B. ROLL CALL AND INTRODUCTIONS

C. STAFF REPORTS

1) Summary of Legal Parameters for Adjusting Mayor and City Council Compensation

2) Overview of Mayor and City Council Responsibilities and Compensation

3) Consumer Price Index (CPI) Data

D. ACTION ITEMS

1) Discuss Recommendations for Mayor and City Council Compensation

E. ADJOURNMENT

This notice is given pursuant to Chapter 21, Code of Iowa and applicable local regulations of the City of Dubuque and/or the governmental body holding the meeting. If you have any questions or comments concerning this notice, please contact the City Clerk's Office, City Hall, 50 W. 13th Street, Dubuque, IA 52001, (563) 589-4100. Individuals requiring special assistance should contact the City Clerk's Office 48 hours

prior to the meeting. Deaf or hard-of-hearing individuals can use Relay Iowa by dialing 711 or (800) 735-2942.

than population head counts, except as required by the Constitution and the laws of the United States.

8. By ordinance, the council shall prescribe the compensation of the mayor, council members, and other elected city officers, but a change in the compensation of the mayor does not become effective during the term in which the change is adopted, and the council shall not adopt an ordinance changing the compensation of the mayor, council members, or other elected officers during the months of November and December in the year of a regular city election. A change in the compensation of council members becomes effective for all council members at the beginning of the term of the council members elected at the election next following the change in compensation. Except as provided in section 362.5, an elected city officer is not entitled to receive any other compensation for any other city office or city employment during that officer's tenure in office, but may be reimbursed for actual expenses incurred. However, if the mayor pro tem performs the duties of the mayor during the mayor's absence or disability for a continuous period of fifteen days or more, the mayor pro tem may be paid for that period the compensation determined by the council, based upon the mayor pro tem's performance of the mayor's duties and upon the compensation of the mayor.

9. A council member, during the term for which that member is elected, is not eligible for appointment to any city office if the office has been created or the compensation of the office has been increased during the term for which that member is elected. A person who resigns from an elective office is not eligible for appointment to the same office during the time for which that person was elected if during that time, the compensation of the office has been increased.

10. A council member, during the term for which that member is elected, is not precluded from holding the office of chief of the volunteer fire department or from serving the volunteer fire department in any other position or capacity. A person holding the office of chief of such a volunteer fire department at the time of the person's election to the city council may continue to hold the office of chief of the fire department during the city council term for which that person was elected.

11. *a.* Council members shall be elected according to the council representation plans under sections 372.4 and 372.5. However, the council representation plan may be changed, by petition and election, to one of those described in this subsection. Upon receipt of a petition meeting the requirements of section 362.4, requesting a change to a council representation plan, the council shall submit the question at a special election. If a majority of the persons voting at the special election approves the changed plan, it becomes effective at the beginning of the term following the next regular city election. If a majority does not approve the changed plan, the council shall not submit another proposal to change a plan to the voters within the next two years.

b. Eligible electors of a city may petition for one of the following council representation plans:

(1) Election at large without ward residence requirements for the members.

(2) Election at large but with equal-population ward residence requirements for the members.

(3) Election from single-member, equal-population wards, in which the electors of each ward shall elect one member who must reside in that ward.

(4) Election of a specified number of members at large and a specified number of members from single-member, equal-population wards.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

CITY GOVERNMENT 101

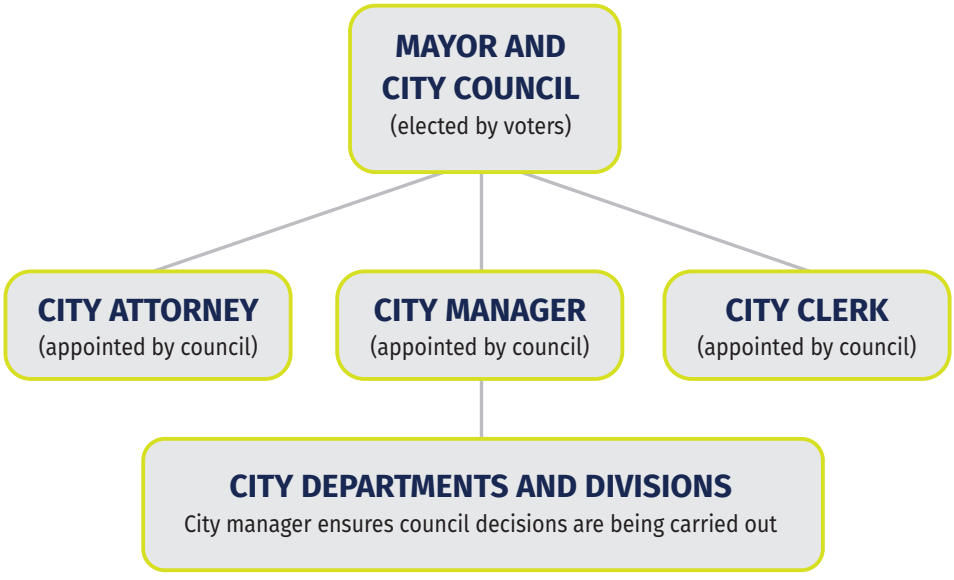
A DUBUQUE RESIDENT'S GUIDE TO CITY GOVERNMENT

FORM OF GOVERNMENT

Dubuque operates under the council-manager form of local government, which combines the political leadership of elected officials in the form of a city council, with the managerial experience of an appointed local government manager, the city manager (Mike Van Milligen, ctymgr@cityofdubuque.org, 563-589-4110.) The council-manager form of government was adopted by citizen referendum in 1920.

Mayor Brad Cavanagh and the Dubuque City Council members are the leaders and policy makers elected to represent the community and to concentrate on policy issues that are responsive to citizens' needs and wishes. The city manager is appointed by the city council to carry out policy. The city council also appoints the city attorney (Crenna Brumwell, cbrumwel@cityofdubuque.org, 563-589-4113) and city clerk (Adrienne Breitfelder, abreitfe@cityofdubuque.org, 563-589-4100.)

The council is the legislative body; its members are the community's decision makers. Power is centralized in the elected council, which approves the budget and determines the city portion of the tax rate, for example. The council also focuses on the community's goals, major projects, and such long-term considerations as community growth, land use development, capital improvement plans, capital financing, and strategic planning. The council hires a professional manager to carry out the administrative responsibilities and supervises the manager's performance.



CITY COUNCIL

The Dubuque City Council consists of seven elected representatives: a mayor and two council members elected at large, and one council member elected from each of Dubuque's four wards. The mayor and other council members serve four-year staggered terms.

City council positions are considered part-time positions. The mayor is a member of the city council and may vote on all matters before the council. Additional information, including city council goals and priorities, biographies, and a city ward map, is available at www.cityofdubuque.org/citycouncil.

The Dubuque City Council meets on the first and third Monday of each month in the Council Chambers on the second floor of the Historic Federal Building at 350 West Sixth Street. The meetings begin at 6:30 p.m. and are broadcast live on CityChannel Dubuque, the local government access channel (Mediacom channel 8 or digital 117.2 and ImOn channel 5). Meetings are also streamed live and archived on the City website at www.cityofdubuque.org/media and on the City's Facebook page. Agendas and minutes from city council meetings are available from the city clerk and on the City website at www.cityofdubuque.org/agendas. Sign up to receive the agendas via email at www.cityofdubuque.org/notifyme.

City council agenda items are due in the city clerk's office in City Hall by noon on the Wednesday preceding the council meeting. Copies of the agenda are available after 9:00 a.m. on the Friday preceding the meeting at www.cityofdubuque.org/agendas and in the city clerk's office. For more information on city council meetings, call the city clerk's office at 563-589-4100.

Public Input at City Council Meetings

The public can share input with the City Council within the Public Hearings and Public Input sections of City Council meetings in three ways:

- In-Person: Attend a public meeting and approach the podium when public input is allowed.
- Online: Join the virtual meeting (www.cityofdubuque.org/virtualmeeting) through instructions on the agenda and provide input when prompted.
- Ahead of Time: Submit written communication to City Council members via email, letter, or phone before the meeting.

Please note that live public input is limited to 5 minutes per person and 30 minutes in total at City Council meetings. Members of the public who intend to provide in-person or virtual public input are encouraged to contact the City Clerk (ctyclerk@cityofdubuque.org or 563-589-4100) at least 24 hours prior to the meeting.

PUBLIC MEETINGS

In accordance with the Iowa Public Meetings Law, the City of Dubuque posts public notices of all city council and City board and commission meetings at least 24 hours in advance of each meeting at City Hall. The City's legal notices and notices of public hearing are published in the Legal Notices section of the Telegraph Herald in accordance with state and local code. All these meetings are also listed on the City website and promoted on CityChannel Dubuque.

Interested residents and stakeholders can also subscribe to be notified of meetings by email or text through the Public Meeting Notices Notify Me category on the City's website at www.cityofdubuque.org/notifyme.

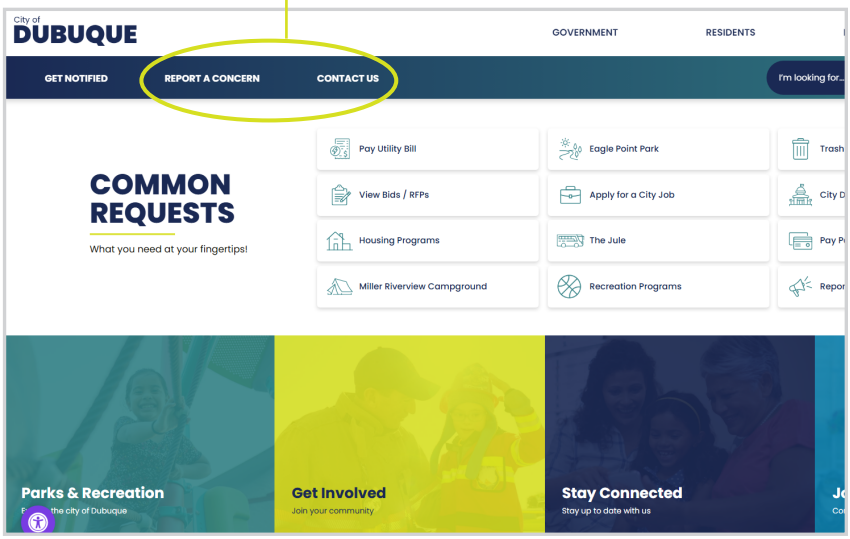
CONNECT WITH THE CITY

Dubuque residents and community stakeholders have numerous options to connect with their city government. They can, of course, contact city council members regarding city policies, city council meeting agenda items, or any other issue related to city government. Individual council members can be contacted directly by phone, email, or letter (information at www.cityofdubuque.org/citycouncil) or as a group through the "Contact Us" link on the City website, www.cityofdubuque.org.

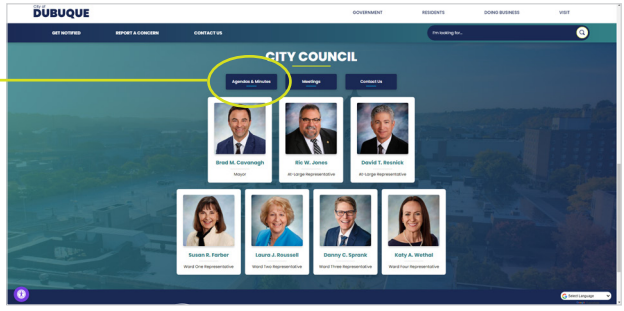
Residents with questions about city policies, services, and programs, are always welcome to visit a city facility or contact the city departments directly. The City website also features a service request module that allows residents to submit requests for a wide variety of city services or provide input and feedback on issues. Access a complete list of service requests at www.cityofdubuque.org/citizensupport.

Report a Concern or Contact Us

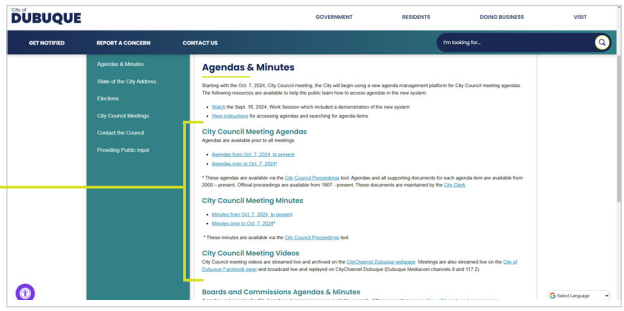


PUBLIC RECORDS & REQUESTS

Click here for Agendas & Minutes



Then Choose



In addition to the Agendas & Minutes quick link, the City website features a "Public Documents" page at www.cityofdubuque.org/documents which provides access to public documents available in three categories:

City Council Agendas & Proceedings, City Code, and City Ordinances - Use this tool to search city council agendas with related documents (2000 - present) and official proceedings (1908 - present), City ordinances, and the City Code online. These documents are maintained by the city clerk.

Document Center - Access public documents including forms, applications, handouts, brochures, and other material from City departments and divisions.

Archive Center - Access agendas and minutes for all City boards and commissions as well as archived documents from City departments and divisions including newsletters, reports, and other publications. Requests for other documents can be facilitated by the public information office, 563.589.4151 or publicinfo@cityofdubuque.org.

QUESTIONS?

For additional information on accessing information or becoming involved in city government, please contact the City of Dubuque Public Information Office at 563-589-4151 or publicinfo@cityofdubuque.org.

THE CITY OF DUBUQUE
Masterpiece on the Mississippi

Dubuque All-America City NATIONAL CIVIC LEAGUE 2007•2012•2013 2017★2019

TO: Adrienne Breitfelder, City Clerk

FROM: Jennifer Larson, Chief Financial Officer

SUBJECT: Council Compensation Task Force – Budget Impact

DATE: May 8, 2025

INTRODUCTION

The purpose of this memorandum is to provide information requested related to the property tax levy and funding for expenditures after budget adoption.

DISCUSSION

Iowa Code sections 384.1 and 384.2 establishes general authority for cities to levy property taxes and the general fund levy, which is the main levy used to fund the city's general operations.

A city cannot adjust their property tax levy mid-year once the budget has been certified. Iowa cities operate on an annual budget cycle. The property tax levy is determined as part of this annual budget process. Cities are required to hold public hearings on their proposed budgets and levies before adopting them. Once the City Council adopts the budget and sets the levy rates, the budget is certified to the Iowa Department of Management and the County Auditor by April 30th each year. The County Auditor uses these certified levy rates, along with the assessed value of properties, to calculate the individual property tax bills. The first installment of property tax bills is then issued to property owners in March, and the amounts are based on the certified levies. Therefore, once the levy is certified, the city cannot go back and change the levy rate for that tax year.

A mid-year increase to Council compensation would require City staff to identify existing funds to fund the increase.

It is my recommendation that any future Council compensation review is aligned with the budget process so that it is not necessary for City staff to identify funding outside of the budget process. To do this, the Council compensation task force would need to be convened a year earlier so that the recommendation can be prepared for Fiscal Year 2030. In August/September 2028, the Council compensation task force would be convened and would make their recommendation to City Council. This recommendation would be factored into the Fiscal Year 2030 budget process. Wage increases for the City Council would take effect January 1, 2030.

While the City Council salary review was not aligned with the budget process this year, any change in compensation related to Fiscal Year 2026 would have a minimal impact on the City budget, especially since the impact on Fiscal Year 2026 would only be for six months. Historically, the City ends each year with a general fund budget surplus, and the minimal increase could be absorbed by the General Fund.

CONSUMER PRICE INDEX – APRIL 2025

The Consumer Price Index for All Urban Consumers (CPI-U) increased 0.2 percent on a seasonally adjusted basis in April, after falling 0.1 percent in March, the U.S. Bureau of Labor Statistics reported today. Over the last 12 months, the all items index increased 2.3 percent before seasonal adjustment.

The index for shelter rose 0.3 percent in April, accounting for more than half of the all items monthly increase. The energy index also increased over the month, rising 0.7 percent as increases in the natural gas index and the electricity index more than offset a decline in the gasoline index. The index for food, in contrast, fell 0.1 percent in April as the food at home index decreased 0.4 percent and the food away from home index rose 0.4 percent over the month.

The index for all items less food and energy rose 0.2 percent in April, following a 0.1-percent increase in March. Indexes that increased over the month include household furnishings and operations, medical care, motor vehicle insurance, education, and personal care. The indexes for airline fares, used cars and trucks, communication, and apparel were among the major indexes that decreased in April.

The all items index rose 2.3 percent for the 12 months ending April, after rising 2.4 percent over the 12 months ending March. The April change was the smallest 12-month increase in the all items index since February 2021. The all items less food and energy index rose 2.8 percent over the last 12 months. The energy index decreased 3.7 percent for the 12 months ending April. The food index increased 2.8 percent over the last year.

Changes to leased cars and trucks source data and methodology

Effective with this release, the Bureau of Labor Statistics (BLS) has replaced the survey data collected for the CPI's leased cars and trucks index with transaction data purchased from a vendor to increase the accuracy of the index.

The Measuring Price Change in the CPI: Leased cars and trucks factsheet at www.bls.gov/cpi/factsheets/leased-cars-and-trucks.htm has been updated to reflect these changes.

1 Not seasonally adjusted.

Food

The index for food decreased 0.1 percent in April, after rising 0.4 percent in March. The food at home index fell 0.4 percent over the month, the largest decline in that index since September 2020. Five of the six major grocery store food group indexes decreased in April. Driven primarily by a 12.7-percent decrease in the index for eggs, the index for meats, poultry, fish, and eggs fell 1.6 percent in April after rising in recent months. The fruits and vegetables index decreased 0.4 percent over the month and the cereals and bakery products index declined 0.5 percent. The index for other food at home decreased 0.1 percent in April and the index for dairy and related products fell 0.2 percent. In contrast, the nonalcoholic beverages index increased 0.7 percent over the month.

The food away from home index rose 0.4 percent in April. The index for full service meals rose 0.6 percent over the month and the index for limited service meals rose 0.3 percent.

The index for food at home rose 2.0 percent over the last 12 months. The meats, poultry, fish, and eggs index rose 7.0 percent over the last 12 months as the eggs index increased 49.3 percent. The index for nonalcoholic beverages increased 3.2 percent over the same period, while the index for other food at home rose 0.7 percent. The dairy and related products index increased 1.6 percent over the 12 months ending in April. The cereals and bakery products index was unchanged over the year, while the index for fruits and vegetables decreased 0.9 percent over the same period.

The food away from home index rose 3.9 percent over the last year. The index for full service meals rose 4.3 percent and the index for limited service meals rose 3.4 percent over the same period.

Energy

The energy index increased 0.7 percent in April, after falling 2.4 percent in March. The index for natural gas rose 3.7 percent over the month and the index for electricity increased 0.8 percent. The gasoline index decreased 0.1 percent over the month. (Before seasonal adjustment, gasoline prices increased 2.9 percent in April.)

The index for energy decreased 3.7 percent over the past 12 months. The gasoline index fell 11.8 percent over this 12-month span and the fuel oil index fell 9.6 percent over that period. In contrast, the index for electricity increased 3.6 percent over the last 12 months and the index for natural gas rose 15.7 percent.

All items less food and energy

The index for all items less food and energy rose 0.2 percent in April, following a 0.1-percent increase in March. The shelter index increased 0.3 percent over the month. The index for owners' equivalent rent rose 0.4 percent in April and the index for rent increased 0.3 percent. The lodging away from home index fell 0.1 percent in April.

The index for household furnishings and operations increased 1.0 percent in April, after being unchanged in March. The motor vehicle insurance index rose 0.6 percent in April. The index for education increased 0.1 percent over the month, as did the index for personal care. In contrast, the airline fares index fell 2.8 percent in April, after declining 5.3 percent in March. The index for used cars and trucks fell 0.5 percent over the month, and the indexes for communication and apparel also declined. The new vehicles index and the recreation index were unchanged in April.

The medical care index increased 0.5 percent over the month. The index for hospital services increased 0.6 percent in April and the index for physicians' services rose 0.3 percent over the month. The prescription drugs index rose 0.4 percent in April.

The index for all items less food and energy rose 2.8 percent over the past 12 months. The shelter index increased 4.0 percent over the last year. Other indexes with notable increases over the last year include medical care (+2.7 percent), motor vehicle insurance (+6.4 percent), education (+3.8 percent), and recreation (+1.6 percent).

Not seasonally adjusted CPI measures

The Consumer Price Index for All Urban Consumers (CPI-U) increased 2.3 percent over the last 12 months to an index level of 320.795 (1982-84=100). For the month, the index increased 0.3 percent prior to seasonal adjustment.

The Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) increased 2.1 percent over the last 12 months to an index level of 314.243 (1982-84=100). For the month, the index increased 0.3 percent prior to seasonal adjustment.

The Chained Consumer Price Index for All Urban Consumers (C-CPI-U) increased 2.1 percent over the last 12 months. For the month, the index increased 0.3 percent on a not seasonally adjusted basis. Please note that the indexes for the past 10 to 12 months are subject to revision.

The Consumer Price Index for May 2025 is scheduled to be released on Wednesday, June 11, 2025, at 8:30 a.m. (ET).

Rebasing of Selected Consumer Price Index Series

With the publication of July 2025 data on August 12, 2025, several CPI series will be rebased to December 2024 = 100. When new base years are introduced, BLS recalculates each index back to the beginning of that series to ensure continuity. A complete list of indexes to be rebased is available at www.bls.gov/cpi/additional-resources/rebased-series.htm.

Technical Note

Brief Explanation of the CPI

The Consumer Price Index (CPI) measures the change in prices paid by consumers for goods and services. The CPI reflects spending patterns for each of two population groups: all urban consumers and urban wage earners and clerical workers. The all urban consumer group represents over 90 percent of the total U.S. population. It is based on the expenditures of almost all residents of urban or metropolitan areas, including professionals, the self-employed, the poor, the unemployed, and retired people, as well as urban wage earners and clerical workers. Not included in the CPI are the spending patterns of people living in rural nonmetropolitan areas, farming families, people in the Armed Forces, and those in institutions, such as prisons and mental hospitals. Consumer inflation for all urban consumers is measured by two indexes, namely, the Consumer Price Index for All Urban Consumers (CPI-U) and the Chained Consumer Price Index for All Urban Consumers (C-CPI-U).

The Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) is based on the expenditures of households included in the CPI-U definition that meet two requirements: more than one-half of the household's income must come from clerical or wage occupations, and at least one of the household's earners must have been employed for at least 37 weeks during the previous 12 months. The CPI-W population represents approximately 30 percent of the total U.S. population and is a subset of the CPI-U population.

The CPIs are based on prices of food, clothing, shelter, fuels, transportation, doctors' and dentists' services, drugs, and other goods and services that people buy for day-to-day living. Prices are collected each month in 75 urban areas across the country from about 6,000 housing units and approximately 22,000 retail establishments (department stores, supermarkets, hospitals, filling stations, and other types of stores and service establishments). All taxes directly associated with the purchase and use of items are included in the index. Prices of fuels and a few other items are obtained every month in all 75 locations. Prices of most other commodities and services are collected every month in the three largest geographic areas and every other month in other areas. Prices of most goods and services are obtained by personal visit, telephone call, web, or app collection by the Bureau's trained representatives.

In calculating the index, price changes for the various items in each location are aggregated using weights, which represent their importance in the spending of the appropriate population group. Local data are then combined to obtain a U.S. city average. For the CPI-U and CPI-W, separate indexes are also published by size of city, by region of the country, for cross-classifications of regions and population-size classes, and for 23 selected local areas. Area indexes do not measure differences in the level of prices among cities; they only measure the average change in prices for each area since the base period. For the C-CPI-U, data are issued only at the national level. The CPI-U and CPI-W are considered final when released, but the C-CPI-U is issued in preliminary form and subject to three subsequent quarterly revisions.

The index measures price change from a designed reference date. For most of the CPI-U and the CPI-W, the reference base is 1982-84 equals 100. The reference base for the C-CPI-U is December 1999 equals 100. An increase of 7 percent from the reference base, for example, is shown as 107.000. Alternatively, that relationship can also be expressed as the price of a base period market basket of goods and services rising from $100 to $107.

Sampling Error in the CPI

The CPI is a statistical estimate that is subject to sampling error because it is based upon a sample of retail prices and not the complete universe of all prices. BLS calculates and publishes estimates of the 1-

month, 2-month, 6-month, and 12-month percent change standard errors annually for the CPI-U. These standard error estimates can be used to construct confidence intervals for hypothesis testing. For example, the estimated standard error of the 1-month percent change is 0.03 percent for the U.S. all items CPI. This means that if we repeatedly sample from the universe of all retail prices using the same methodology, and estimate a percentage change for each sample, then 95 percent of these estimates will be within 0.06 percent of the 1-month percentage change based on all retail prices. For example, for a 1-month change of 0.2 percent in the all items CPI-U, we are 95 percent confident that the actual percent change based on all retail prices would fall between 0.14 and 0.26 percent. For the latest data, including information on how to use the estimates of standard error, see www.bls.gov/cpi/tables/variance-estimates/home.htm.

Calculating Index Changes

Movements of the indexes from 1 month to another are usually expressed as percent changes rather than changes in index points, because index point changes are affected by the level of the index in relation to its base period, while percent changes are not. The following table shows an example of using index values to calculate percent changes:

	Item A	Item B	Item C
Year I	112.500	225.000	110.000
Year II	121.500	243.000	128.000
Change in index points	9.000	18.000	18.000
Percent change	9.0/112.500 x 100 = 8.0	18.0/225.000 x 100 = 8.0	18.0/110.000 x 100 = 16.4

Use of Seasonally Adjusted and Unadjusted Data

The Consumer Price Index (CPI) program produces both unadjusted and seasonally adjusted data. Seasonally adjusted data are computed using seasonal factors derived by the X-13ARIMA-SEATS seasonal adjustment method. These factors are updated each February, and the new factors are used to revise the previous 5 years of seasonally adjusted data. The factors are available at www.bls.gov/cpi/tables/seasonal-adjustment/seasonal-factors-2025.xlsx. For more information on data revision scheduling, please see the Factsheet on Seasonal Adjustment at www.bls.gov/cpi/seasonal-adjustment/questions-and-answers.htm and the Timeline of Seasonal Adjustment Methodological Changes at www.bls.gov/cpi/seasonal-adjustment/timeline-seasonal-adjustment-methodology-changes.htm.

How to Use Seasonally Adjusted and Unadjusted Data

For analyzing short-term price trends in the economy, seasonally adjusted changes are usually preferred since they eliminate the effect of changes that normally occur at the same time and in about the same magnitude every year—such as price movements resulting from weather events, production cycles, model changeovers, holidays, and sales. This allows data users to focus on changes that are not typical for the time of year.

The unadjusted data are of primary interest to consumers concerned about the prices they actually pay. Unadjusted data are also used extensively for escalation purposes. Many collective bargaining contract agreements and pension plans, for example, tie compensation changes to the Consumer Price Index

before adjustment for seasonal variation. BLS advises against the use of seasonally adjusted data in escalation agreements because seasonally adjusted series are revised annually for five years.

Intervention Analysis

The Bureau of Labor Statistics uses intervention analysis seasonal adjustment (IASA) for some CPI series. Sometimes extreme values or sharp movements can distort the underlying seasonal pattern of price change. Intervention analysis seasonal adjustment is a process by which the distortions caused by such unusual events are estimated and removed from the data prior to calculation of seasonal factors. The resulting seasonal factors, which more accurately represent the seasonal pattern, are then applied to the unadjusted data.

For example, this procedure was used for the motor fuel series to offset the effects of the 2009 return to normal pricing after the worldwide economic downturn in 2008. Retaining this outlier data during seasonal factor calculation would distort the computation of the seasonal portion of the time series data for motor fuel, so it was estimated and removed from the data prior to seasonal adjustment. Following that, seasonal factors were calculated based on this “prior adjusted” data. These seasonal factors represent a clearer picture of the seasonal pattern in the data. The last step is for motor fuel seasonal factors to be applied to the unadjusted data.

For the seasonal factors introduced for January 2025, BLS adjusted 63 series using intervention analysis seasonal adjustment, including selected food and beverage items, motor fuels and vehicles.

Revision of Seasonally Adjusted Indexes

Seasonally adjusted data, including the U.S. city average all items index levels, are subject to revision for up to 5 years after their original release. Every year, economists in the CPI calculate new seasonal factors for seasonally adjusted series and apply them to the last 5 years of data. Seasonally adjusted indexes beyond the last 5 years of data are considered to be final and not subject to revision. For January 2025, revised seasonal factors and seasonally adjusted indexes for 2020 to 2024 were calculated and published. For series which are directly adjusted using the Census X-13ARIMA-SEATS seasonal adjustment software, the seasonal factors for 2024 will be applied to data for 2025 to produce the seasonally adjusted 2025 indexes. Series which are indirectly seasonally adjusted by summing seasonally adjusted component series have seasonal factors which are derived and are therefore not available in advance.

Determining Seasonal Status

Each year the seasonal status of every series is reevaluated based upon certain statistical criteria. Using these criteria, BLS economists determine whether a series should change its status from "not seasonally adjusted" to "seasonally adjusted", or vice versa. If any of the 81 components of the U.S. city average all items index change their seasonal adjustment status from seasonally adjusted to not seasonally adjusted, not seasonally adjusted data will be used in the aggregation of the dependent series for the last 5 years, but the seasonally adjusted indexes before that period will not be changed. For 2025, 34 of the 81 components of the U.S. city average all items index are not seasonally adjusted.

Contact Information

[1] Foods, fuels, and several other items are priced every month in all areas. Most other goods and services are priced as indicated: M - Every month. 1 - January, March, May, July, September, and November. 2 - February, April, June, August, October, and December.

[2] Regions defined as the four Census regions.

[3] Indexes on a December 1996=100 base.
[4] Indexes on a December 2017=100 base.
[5] Indexes on a December 1986=100 base.
[6] 1998 - 2017 indexes based on substantially smaller sample.
[7] Indexes on a December 2001=100 base.
[8] Indexes on a 1987=100 base.
NOTE: Local area indexes are byproducts of the national CPI program. Each local index has a smaller sample size than the national index and is, therefore, subject to substantially more sampling and other measurement error. As a result, local area indexes show greater volatility than the national index, although their long-term trends are similar. Therefore, the Bureau of Labor Statistics strongly urges users to consider adopting the national average CPI for use in their escalator clauses.

Table 5. Chained Consumer Price Index for All Urban Consumers (C-CPI-U) and the Consumer Price Index for All Urban Consumers (CPI-U): U.S. city average, all items index, April 2025

[Percent changes]

April 2025	0.3	0.3	2.1	2.3

[1] The C-CPI-U is designed to be a closer approximation to a cost-of-living index in that it, in its final form, accounts for any substitution that consumers make across item categories in response to changes in relative prices. Since the expenditure data required for the calculation of the C-CPI-U are available only with a time lag, the C-CPI-U is issued first in preliminary form using the latest available expenditure data at that time and is subject to four revisions.

Indexes are issued as initial estimates. Indexes are revised each quarter with the publication of January, April, July, and October data as updated expenditure estimates become available. The C-CPI-U indexes are updated quarterly until they become final. January-March indexes are final in January of the following year; April-June indexes are final in April of the following year; July-September indexes are final in July of the following year; October-December indexes are final in October of the following year.

Personal care	2.455	0.1	0.002	0.15	S-Jan.2025	-0.5

[1] The 'effect' of an item category is a measure of that item's contribution to the All items price change. For example, if the Food index had an effect of 0.40, and the All items index rose 1.2 percent, then the increase in food prices contributed 0.40 / 1.2, or 33.3 percent, to that All items increase. Said another way, had food prices been unchanged for that month the change in the All items index would have been 1.2 percent minus 0.40, or 0.8 percent. Effects can be negative as well. For example, if the effect of food was a negative 0.1, and the All items index rose 0.5 percent, the All items index actually would have been 0.1 percent higher (or 0.6 percent) had food prices been unchanged. Since food prices fell while prices overall were rising, the contribution of food to the All items price change was negative (in this case, -0.1 / 0.5, or minus 20 percent).

[2] A statistic's margin of error is often expressed as its point estimate plus or minus two standard errors. For example, if a CPI category rose 0.6 percent, and its standard error was 0.15 percent, the margin of error on this item's 1-month percent change would be 0.6 percent, plus or minus 0.3 percent.

[3] If the current seasonally adjusted 1-month percent change is greater than the previous published 1-month percent change, then this column identifies the closest prior month with a 1-month percent change as (L)arge as or (L)arger than the current 1-month change. If the current 1-month percent change is smaller than the previous published 1-month percent change, the most recent month with a change as (S)mall or (S)maller than the current month change is identified. If the current and previous published 1-month percent changes are equal, a dash will appear. Standard numerical comparisons are used. For example, 0.8% is greater than 0.6%, -0.4% is less than -0.2%, and -0.2% is less than 0.0%. Note that a (L)arger change can be a smaller decline, for example, a -0.2% change is larger than a -0.4% change, but still represents a decline in the price index. Likewise, (S)maller changes can be increases, for example, a 0.6% change is smaller than 0.8%, but still represents an increase in the price index. In this context, a -0.2% change is considered to be smaller than a 0.0% change.

[4] Not seasonally adjusted.

[5] Indexes on a December 1997=100 base.

[6] Special indexes based on a substantially smaller sample. These series do not contribute to the all items index aggregation and therefore do not have a relative importance or effect.

[7] Indexes on a December 2007=100 base.
[8] Indexes on a December 2005=100 base.
[9] Indexes on a December 1986=100 base.
[10] Indexes on a December 1993=100 base.
[11] Indexes on a December 2009=100 base.
[12] Indexes on a December 1990=100 base.
[13] Indexes on a December 1983=100 base.
[14] Indexes on a December 2001=100 base.
[15] Indexes on a December 2019=100 base.
[16] Indexes on a December 1982=100 base.
[17] Indexes on a December 1996=100 base.
[18] Indexes on a December 1988=100 base.

Other goods and services	2.939	3.6	0.104	0.39	S-Feb.2025	3.3
Personal care	2.455	2.8	0.067	0.44	S-Feb.2025	2.5

[1] The 'effect' of an item category is a measure of that item's contribution to the All items price change. For example, if the Food index had an effect of 0.40, and the All items index rose 1.2 percent, then the increase in food prices contributed 0.40 / 1.2, or 33.3 percent, to that All items increase. Said another way, had food prices been unchanged for that year the change in the All items index would have been 1.2 percent minus 0.40, or 0.8 percent. Effects can be negative as well. For example, if the effect of food was a negative 0.1, and the All items index rose 0.5 percent, the All items index actually would have been 0.1 percent higher (or 0.6 percent) had food prices been unchanged. Since food prices fell while prices overall were rising, the contribution of food to the All items price change was negative (in this case, -0.1 / 0.5, or minus 20 percent).

[2] A statistic's margin of error is often expressed as its point estimate plus or minus two standard errors. For example, if a CPI category rose 2.6 percent, and its standard error was 0.25 percent, the margin of error on this item's 12-month percent change would be 2.6 percent, plus or minus 0.5 percent.

[3] If the current 12-month percent change is greater than the previous published 12-month percent change, then this column identifies the closest prior month with a 12-month percent change as (L)arge as or (L)arger than the current 12-month change. If the current 12-month percent change is smaller than the previous published 12-month percent change, the most recent month with a change as (S)mall or (S)maller than the current month change is identified. If the current and previous published 12-month percent changes are equal, a dash will appear. Standard numerical comparison is used. For example, 2.0% is greater than 0.6%, -4.4% is less than -2.0%, and -2.0% is less than 0.0%. Note that a (L)arger change can be a smaller decline, for example, a -0.2% change is larger than a -0.4% change, but still represents a decline in the price index. Likewise, (S)maller changes can be increases, for example, a 0.6% change is smaller than 0.8%, but still represents an increase in the price index. In this context, a -0.2% change is considered to be smaller than a 0.0% change.

[4] Indexes on a December 1997=100 base.

[5] Special indexes based on a substantially smaller sample. These series do not contribute to the all items index aggregation and therefore do not have a relative importance or effect.

[6] Indexes on a December 2007=100 base.

[7] Indexes on a December 2005=100 base.

MINUTES FOR MAYOR AND CITY COUNCIL COMPENSATION TASK FORCE

DATE: May 21, 2025
TIME: 4:00 P.M.
PLACE: City Hall, 50 W. 13 St., Conference Room A

City Clerk Breitfelder called the meeting to order at 4:00 p.m.

Present: Roy Buol (representing Ric Jones), Kristin Dietzel (representing Brad Cavanagh), Kevin Firnstahl (representing Laura Roussell), Joe Gonzalez (representing David Resnick), Katherine Sorenson (representing Danny Sprank), Malissa Sprenger (representing Katy Wethal), Carrie Tedore (representing Susan Farber), and members of the media from the Telegraph Herald and KCRG.

Breitfelder provided a high-level summary of documents provided to the Task Force, including Iowa Code requirements for adjusting Mayor and City Council compensation, overview of Mayor and City Council responsibilities and compensation, and Consumer Price Index (CPI) data.

The Task Force discussed several factors, including the roles and responsibilities of the Mayor and Council Members, the time elapsed since the last compensation adjustment, salary comparisons with peer communities in Iowa, and the CPI. The Task Force also considered whether the Mayor's salary should be equal to that of City Council Members. After reviewing the differences in responsibilities between the two roles, a majority of Task Force members concluded that the Mayor's compensation should remain higher. The group reviewed the CPI over the past four years, which totaled 19.8%, but ultimately chose to base their recommendation on the two most recent CPI figures, totaling 6.3%.

By a vote of 7 to 0, the Task Force recommended a 6.3% increase in compensation, which would set the annual salary at $15,732 for the Mayor and $11,799 for City Council members, effective January 1, 2026.

Breitfelder outlined the next steps, noting that the recommendation will be compiled into a memo for the Task Force to review and sign. The recommendation will then be scheduled for inclusion on either the June 2 or June 16, 2025, City Council meeting agenda.

ADJOURNMENT

Motion by Firnstahl to adjourn at 5:27 p.m. Seconded by Tedore. Motion carried 7 to 0.
