

CITY OF DUBUQUE, IOWA
CITY COUNCIL MEETING
Historic Federal Building: 350 W. 6th
Street - Second-Floor Council
Chambers.
November 4, 2024 at 6:30 PM

Council meetings are streamed live and archived at
www.cityofdubuque.org/media and broadcast on CityChannel Dubuque
Mediacom cable channel 8 or digital 117.2 and ImOn channel 5.

PROVIDING VIRTUAL PUBLIC INPUT

Log into GoToMeeting using the information listed below. If you are joining by computer, use the chat function to indicate the item you would like to speak on or state your intention to speak during the appropriate section. If you are joining by phone, indicate the item you would like to speak on during the appropriate section. All comments, whether audio or written, must include your name and address.

Use the following link to join the meeting from your computer, tablet or smartphone.
www.CityOfDubuque.org/VirtualMeeting

You can also dial in using your phone:

United States (Toll Free): 1-877-568-4106

United States: +1 (571) 317-3129

Access Code: 337-661-181

ROLL CALL ORDER FOR MEETING

Cavanagh, Wethal, Jones, Sprank, Resnick, Roussell, Farber

WORK SESSION

5:30 PM - Microsoft Co-Pilot Implementation

Chief Information Officer Chris Kohmann will discuss the City of Dubuque's strategy and plans for the implementation of Microsoft CoPilot.

6:00 PM - Update on Grant Initiatives and Grant Funding

Andrew Seth of Sustainable Strategies DC will join City Technical Grant Analyst/Assistant Justin Thiltgen and Director of Strategic Partnerships Teri Goodmann for an update on Grant Initiatives and Grant Funding.

REGULAR SESSION

6:30 PM

PLEDGE OF ALLEGIANCE

PROCLAMATIONS

1. **Hospice and Palliative Care Month (November 2024)**
On behalf of Hospice of Dubuque.
2. **National League of Cities Centennial Day (November 7, 2024)**
On behalf of the City of Dubuque.
3. **The 150th Anniversary Year of the Sisters of the Presentation (November 13, 2024)**
On behalf of the Sisters of the Presentation of the Blessed Virgin Mary of Dubuque, Iowa.
4. **Pancreatic Cancer Awareness Day (November 21, 2024)**
On behalf of the Michael W. Oglesby Foundation.

CONSENT ITEMS

1. **Minutes and Reports Submitted**
Airport Commission of September 24, 2024; Arts & Cultural Affairs Advisory Commission of September 24, 2024; Cable Television Commission of February 28, 2024; Community Development Advisory Commission of September 4, 2024; Equity and Human Rights Commission of September 10, 2024; Five Flags Civic Center Commission of June 13, 2024; Historic Preservation Commission of September 19, 2024; Housing Commission of July 23, 2024; Park and Recreation Commission of August 13 and September 10, 2024; Resilient Community Advisory Commission of September 5, 2024.
Suggested Disposition: Receive and File
2. **Notice of Claims and Suits**
Jacqueline Fetter for personal injury; Roger Wilming for vehicle damage; State Farm Mutual Insurance a/s/o Casey Smith for vehicle damage.
Suggested Disposition: Receive and File; Refer to City Attorney
3. **Disposition of Claims**
City Attorney advising that the following claims have been referred to Public Entity Risk Services of Iowa, the agent for the Iowa Communities Assurance Pool: Jacqueline Fetter for personal injury; Roger Wilming for vehicle damage.
Suggested Disposition: Receive and File; Concur
4. **Approval of City Expenditures**
City Manager recommending City Council approval for payment of City expenditures.
RESOLUTION Authorizing the Chief Financial Officer/City Treasurer to make certain payments of bills that must be paid and approved for payment in

accordance with City procedures

Suggested Disposition: Receive and File; Adopt Resolution(s)

5. Reimbursement Resolution – Fire Facilities and Equipment

City Manager recommending City Council approval of a reimbursement resolution to serve as “official intent” to reimburse the project expenditures for Fire Department facilities and equipment capital expenditures, as required under the federal tax-exempt bond regulation.

RESOLUTION Relating to the financing of proposed projects and acquisitions to be undertaken by the City of Dubuque, Iowa; establishing compliance with reimbursement bond regulations under the Internal Revenue Code

Suggested Disposition: Receive and File; Adopt Resolution(s)

6. Tschiggfrie Parcel

City Manager recommending City Council adopt the resolution accepting the deed to a parcel owned by Edward and Joan Tschiggfrie.

RESOLUTION Accepting The Deed To Certain Real Estate In Dubuque County, Iowa From Edward And Joan Tschiggfrie

Suggested Disposition: Receive and File; Adopt Resolution(s)

7. City Hall Annex Roof Replacement Project - Project Code: 5565000001

City Manager recommending City Council adopt the attached resolution to accept the Public Improvement Construction Contract and to authorize the payment of the contract amount of \$182,160.00 to Giese Roofing Company for the City Hall Annex Roof Replacement Project.

RESOLUTION Accepting The City Hall Annex Roof Replacement Project And Authorizing Final Payment To The Contractor

Suggested Disposition: Receive and File; Adopt Resolution(s)

8. 2024-2026 Dubuque City Council Goals & Priorities Handout

City Manager providing a copy of the 2024-2026 Dubuque City Council Goals and Priorities Handout. The publication will be mailed with City utility bills from Nov. 13 through Dec. 11.

Suggested Disposition: Receive and File

9. Updated Housing Incentives - New Units Handout

City Manager providing a copy of the updated handout on new housing units approved, under review, under construction, or completed recently in Dubuque.

Suggested Disposition: Receive and File

10. Housing Commission Cross Representation Appointment

Housing Commission requesting City Council approval on the appointment of commissioner Renee Kehoe, 1209 Lincoln Ave., to the Cross Representation term on the Community Development Advisory Commission that will expire on August 17, 2027.

Suggested Disposition: Receive and File; Approve

11. Grass and weed cutting and garbage collection assessments

City Manager recommending City Council adopt the attached resolution authorizing the City to certify grass and weed cutting and garbage collection charges to the Dubuque County Treasurer in order to establish real property liens for collection of such charges.

RESOLUTION Authorizing The City To Collect Delinquent Grass And Weed Cutting And Garbage Collection Charges In Accordance With Title 6-4-3A And Title 6-8-2 Of The Code Of Ordinances Of The City Of Dubuque, Iowa

Suggested Disposition: Receive and File; Adopt Resolution(s)

12. School Resource Officer Contract with Dubuque Community School District

City Manager recommending City Council approve and sign the 2024-2025 contract for School Resource Officer services between the City of Dubuque and Dubuque Community School District.

Suggested Disposition: Receive and File; Approve

13. Iowa Department of Transportation HMA Resurfacing and Paved Shoulders Project Notification

Correspondence from Jesse Tibodeau, Assistant District Engineer, notifying the City Council of HMA resurfacing and HMA paved shoulders on US-20 from Swiss Valley to Old Highway Road.

Suggested Disposition: Receive and File

14. Signed Contract(s)

Tricon General Construction, Inc. for the Old Mill Road Lift Station and Force Main Project - Phase 1

Suggested Disposition: Receive and File

15. Improvement Contracts / Performance, Payment, and Maintenance Bonds

Eastern Iowa Excavating & Concrete, LLC for the Iowa Amphitheater at Schmitt Island Bid Package 1: Site Preparation

Suggested Disposition: Receive and File; Approve

16. Approval of 2023 City Council Official Proceedings

City Clerk recommending City Council approval of the completed and indexed 2023 City Council Official Proceedings for calendar year 2023.

Suggested Disposition: Receive and File; Approve

17. Approving a Third Amendment to Development Agreement by and between the City of Dubuque, Iowa and Union at the Marina, LP adding Impact Housing Indiana Corp. as a Party

City Manager recommending City Council adopt the attached resolution approving a Third Amendment to Development Agreement adding Impact Housing Indiana Corp. as a party and providing that the Property Acquisition Grants provided for in the Development Agreement will be paid to Impact Housing Indiana Corp. which will loan the proceeds of the Grants to Union at the Marina, LP as part of a

separate financing agreement between those two parties.

RESOLUTION Approving A Third Amendment To Development Agreement By And Between The City Of Dubuque, Iowa And Union At The Marina, LP

Suggested Disposition: Receive and File; Adopt Resolution(s)

ITEMS SET FOR PUBLIC HEARING

These agenda items are being scheduled for a future public hearing on the date indicated.

1. Resolution Setting a Public Hearing on a Proposed Development Agreement by and between the City of Dubuque and Dubuque Racing Association, Ltd. Providing for the Issuance of Urban Renewal Tax Increment Revenue Grant Obligations Pursuant to the Development Agreement

City Manager recommending City Council adopt the attached resolution setting a November 18, 2024, public hearing on the Development Agreement providing for the issuance of Urban Renewal Tax Increment Revenue Grant Obligations for the development of a PinSeekers facility on Chaplain Schmitt Island.

RESOLUTION Fixing The Date For A Public Hearing Of The City Council Of The City Of Dubuque, Iowa On A Development Agreement By And Between The City Of Dubuque, Iowa And Dubuque Racing Association, Ltd., Including The Proposed Issuance Of Urban Renewal Tax Increment Revenue Obligations Relating Thereto And Providing For The Publication Of Notice Thereof

Suggested Disposition: Receive and File; Adopt Resolution(s), Set Public Hearing for November 18, 2024

2. Iowa Amphitheater on Schmitt Island Project - Bid Package No. 2 (Utilities, Paving & Amphitheater Stage) - Initiate Public Bidding Process and Setting Date for Public Hearing

City Manager recommending City Council authorize initiating the public bidding process and set a public hearing on November 18th, 2024, and to preliminarily approve the plans, specifications, form of contract and estimated cost of \$9,702,000.00 for the Iowa Amphitheater on Schmitt Island Project - Bid Package No. 2 through the adoption of the attached resolution.

RESOLUTION Iowa Amphitheater On Schmitt Island Project - Bid Package No. 2 (Utilities, Paving & Amphitheater Stage): Preliminary Approval Of Plans, Specifications, Form Of Contract, And Estimated Cost; Setting Date Of Public Hearing On Plans, Specifications, Form Of Contract, And Estimated Cost; And Ordering The Advertisement For Bids

Suggested Disposition: Receive and File; Adopt Resolution(s), Set Public Hearing for November 18, 2024

3. Initiate Bid Process and Set Public Hearing for the Bunker Hill Irrigation Replacement Project Phase 3

City Manager recommending City Council approval of the construction plans and specifications; estimated construction cost of \$360,000; and establish November

18, 2024, as the date of the public hearing and hereby authorize the Recreation Division Manager to advertise bids for the Bunker Hill Irrigation Replacement Project Phase 3 through adoption of the attached resolution.

RESOLUTION Bunker Hill Golf Course – Phase 3 Irrigation Project: Preliminary Approval Of Plans, Specifications, Form Of Contract, And Estimated Cost; Setting Date Of Public Hearing On Plans, Specifications, Form Of Contract, And Estimated Cost

Suggested Disposition: Receive and File; Adopt Resolution(s), Set Public Hearing for November 18, 2024

BOARDS/COMMISSIONS

1. Boards and Commission Appointments

Appointments to the following commissions to be made at this meeting

Catfish Creek Watershed Management Authority

One, 4-Year term through July 16, 2028 (Vacant term of McGovern)

Applicant:

William H. Hendricks, 1801 S. Grandview

Equity and Human Rights Commission

One, 3-Year term through January 1, 2026 (Vacant term of Sanchez)

Applicants:

Luselena Bravo, 781 Cottage Place

Traci Phillipson, 2120 Rhomberg Ave

PUBLIC HEARINGS

Residents are invited to address the City Council on the following agenda items. Please come to the podium and state your name and address when the item you wish to speak to is being considered.

1. 2024 SRF Green Alley Project Public Hearing

Proof of publication on notice of public hearing to consider City Council approve the plans, specifications, form of contract, and estimated cost of \$1,342,614.00 for the 2024 SRF Green Alley Project through the adoption of the enclosed resolution, and City Manager recommending approval.

RESOLUTION Approval Of Plans, Specifications, Form Of Contract, And Estimated Cost For The 2024 SRF Green Alley Project

Suggested Disposition: Receive and File; Adopt Resolution(s)

2. 2024 SRF Green Alley Project Special Assessments

Proof of publication on notice of public hearing to consider City Council approve the Schedule of Assessments for the 2024 SRF Green Alley Project through the adoption of the enclosed resolutions, and City Manager recommending approval.

RESOLUTION With Respect To The Adoption Of The Resolution Of Necessity Proposed For The SRF Green Alley Bid 2024 SRF Green Alley Project

RESOLUTION Approving Schedule Of Assessments And Estimate Of Total Cost For The 2024 SRF Green Alley Bid Project

Suggested Disposition: Receive and File; Adopt Resolution(s)

3. Petition to Vacate the Alley Right of Way in the block bounded by Finley Street, Green Street, and Bunker Hill Road in Finley's Addition in the City of Dubuque, Iowa For Vacating Petition (Agreement Between City of Dubuque and Interstate Power and Light)

Proof of publication on notice of public hearing to consider City Council approve the vacating and disposal of the alley right of way property described as Lot 186A Finley's Addition in the City of Dubuque, Iowa in response to a request from adjacent property owner Interstate Power and Light Company be approved through the adoption of the enclosed resolutions, and City Manager recommending approval.

RESOLUTION Vacating The Alley Between The West Line Of Finley Street And The East Line Of Bunker Hill Road, In Finley's Addition To The City Of Dubuque, In The City Of Dubuque, Iowa, To Be Known As Lot 186A Finley's Addition In The City Of Dubuque, Iowa

RESOLUTION Disposing Of City Interest In Lot 186A Finley's Addition In The City Of Dubuque, Iowa

Suggested Disposition: Receive and File; Adopt Resolution(s)

4. Kerper Boulevard Lift Station Project Public Hearing

Proof of publication on notice of public hearing to consider City Council approve the plans, specifications, form of contract and estimated cost of \$1,626,615.00 for the Kerper Boulevard Lift Station Project through the adoption of the attached resolution, and City Manager recommending approval.

RESOLUTION Approval Of Plans, Specifications, Form Of Contract, And Estimated Cost For The Kerper Blvd Lift Station Project

Suggested Disposition: Receive and File; Adopt Resolution(s)

5. Broadway Sanitary Sewer Improvements Project Public Hearing

Proof of publication on notice of public hearing to consider City Council approve the plans, specifications, form of contract and estimated cost of \$321,946.00 for the Broadway Sanitary Sewer Improvements Project through the adoption of the attached resolution, and City Manager recommending approval.

RESOLUTION Approval Of Plans, Specifications, Form Of Contract, And Estimated Cost For The Broadway Street Sanitary Sewer Improvement Project

Suggested Disposition: Receive and File; Adopt Resolution(s)

6. Ruby Sutton Building 2nd Floor Renovation Project Public Hearing

Proof of publication on notice of public hearing to consider City Council approve the plans, specifications, form of contract and estimated cost of \$840,000.00 for the Ruby Sutton Building 2nd Floor Renovation Project through adoption of the attached resolution, and City Manager recommending approval.

RESOLUTION Approval Of Plans, Specifications, Form Of Contract, And

Estimated Cost For The Ruby Sutton Building 2nd Floor Renovation Project
Suggested Disposition: Receive and File; Adopt Resolution(s)

7. Resolution Approving a Development Agreement by and between the City of Dubuque, Iowa and Dubuque Housing, LLC

Proof of publication on notice of public hearing to consider City Council adopt a resolution approving a Development Agreement by and between the City of Dubuque, Iowa and Dubuque Housing, LLC for the creation of 48 new Low- and Moderate-Income (LMI) housing units, and City Manager recommending approval.
RESOLUTION Approving A Development Agreement By And Between The City Of Dubuque, Iowa And Dubuque Housing, LLC, Including The Issuance Of Urban Renewal Tax Increment Revenue Obligations

Suggested Disposition: Receive and File; Adopt Resolution(s)

8. Public Hearing to approve the revised Administrative Plan for the Housing Choice Voucher Program

Proof of publication on notice of public hearing to consider City Council approve the revised Administrative Plan for the Housing Choice Voucher Program, and City Manager recommending approval.

RESOLUTION Resolution Approving The Revision Of The Public Housing Authority (PHA) Administrative Plan For The Housing Choice Voucher Program

Suggested Disposition: Receive and File; Adopt Resolution(s)

PUBLIC INPUT

At this time, anyone in the Council Chambers may address the City Council on the Action Items on the agenda or on matters under the control of the City Council. Residents are asked to approach the podium and state their name and address before proceeding with their comments. Individual remarks are limited to 5 minutes and the overall Public Input period is limited to 30 minutes. Under the Iowa Open Meetings Law, the City Council can take no formal action on comments given during Public Input which do not relate to Action Items on the Agenda.

ACTION ITEMS

These are items where discussion is held by the City Council - public comments are not allowed except where authorized by the Mayor.

1. Commercial Banking Services Recommendation

City Manager recommending City Council approval of Dubuque Bank and Trust as the bank to provide financial services to the City of Dubuque for a five-year period. Chief Financial Officer Jennifer Larson will make a presentation.

Suggested Disposition: Receive and File; Approve; Presentation

2. Proposed Modification to the Downtown Rehabilitation Program Awards

City Manager recommending City Council approval of a proposed modification to the Downtown Rehabilitation Program awards to blend the Façade, Planning &

Design, and Financial Consultant Grants to create one, \$35,000 Rehabilitation Grant.

RESOLUTION Authorizing The City Manager To Amend The City Of Dubuque Downtown Rehabilitation Grant Award Program

Suggested Disposition: Receive and File; Adopt Resolution(s)

3. Resolution Authorizing the Submission of an Iowa Economic Development Authority Business Financial Assistance Application by Universal Tank & Fabrication Inc.

City Manager recommending City Council adopt the attached resolution approving the Economic Development Assistance Application on behalf of Universal Tank & Fabrication, Inc. for the proposed investment of approximately \$4,925,000 for the expansion of its operations in Dubuque.

RESOLUTION Authorizing The Filing Of An Application With The Iowa Economic Development Authority For Business Financial Assistance On Behalf Of Universal Tank & Fabrication, Inc.

Suggested Disposition: Receive and File; Adopt Resolution(s)

4. Pest Infestation Enforcement, Including Bed Bugs

City Manager recommending City Council approval of the attached ordinance to provide a clearer direction regarding pest elimination for occupants and owners of structures within the City of Dubuque.

ORDINANCE Amending City Of Dubuque Code Of Ordinances Title 14 Building And Development, Chapter 1 Building Codes, Article J Property Maintenance Code, Section 14-1J-2 International Property Maintenance Code Amendments

Suggested Disposition: Receive and File; Motion B; Motion A

5. Work Session Request: Introduction to the Office of Community Impact and Review of the Equitable Fine and Fee Service Program

City Manager recommending City Council schedule a work session on November 18, 2024, at 5:15 p.m. to introduce the newly established Office of Community Impact and to provide an update on the equitable fines and fees service program.

Suggested Disposition: Receive and File; Council

6. New Housing Projects Update Video

Public Information Office staff will show a video featuring footage of examples of new housing projects throughout the community. The video can be seen

at: <https://youtu.be/0PHmgW1v-Ro?si=YTr6tpUnoZa6BHUL>

Suggested Disposition: Receive and File; Video

COUNCIL MEMBER REPORTS

CLOSED SESSION

Purchase or Sale of Real Estate – Chapter 21.5(1)(j) Code of Iowa

ADJOURNMENT

The agenda with supporting documents may be accessed at www.cityofdubuque.org or at the City Clerk's Office at ctyclerk@cityofdubuque.org or by mail to 50 W. 13th Street, during regular business hours.

This notice is given pursuant to Chapter 21, Code of Iowa, and applicable local regulations of the City of Dubuque, Iowa and/or governmental body holding the meeting.

Written comments regarding the above items may be submitted to the City Clerk's Office at ctyclerk@cityofdubuque.org or by mail to 50 W. 13th St., Dubuque, IA 52001, before said time of meeting.

Individuals requiring special assistance should contact the City Clerk's Office as soon as feasible at (563) 589-4100, ctyclerk@cityofdubuque.org. Deaf or hard-of-hearing individuals can use Relay Iowa by dialing 711 or (800) 735-2942.

WORK SESSION #

ITEM TITLE:

5:30 PM - Microsoft Co-Pilot Implementation

SUMMARY:

Chief Information Officer Chris Kohmann will discuss the City of Dubuque's strategy and plans for the implementation of Microsoft CoPilot.

**SUGGESTED
DISPOSITION:**

ATTACHMENTS:

1. MVM Memo
2. Staff Memo to City Manager Microsoft CoPilot Implementation Strategy
3. Presentation-Uploaded 11.4.24

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Microsoft Co-Pilot Implementation

DATE: October 31, 2024

Chief Information Officer Chris Kohlmann is submitting information for the Work Session on Microsoft Co-Pilot Implementation held on November 4, 2024, at 5:30 p.m.

Michael C. Van Milligen

Chris Kohlmann, Chief Information Officer

TO: Michael C. Van Milligen, City Manager
FROM: Chris Kohlmann, Information Services Manager
SUBJECT: Microsoft Co-Pilot Implementation
DATE: October 31, 2024

INTRODUCTION

The purpose of this memo will be to introduce and provide background information as content for a work session of the City Council to discuss the City of Dubuque's strategy and plans for the implementation of Microsoft CoPilot. The presentation will introduce some proposed direction on governance and best practices in the city on application and use of Artificial Intelligence (AI) also referred more specifically as "Generative AI."

BACKGROUND

Artificial Intelligence or AI has been around since the early 50's and is known for the concept of "machine learning" using patterns of data to anticipate predicted outcomes. In the city of Dubuque, AI using these concepts is currently deployed in the city for technologies such as:

- Cybersecurity - recognizing patterns of malicious data traffic, such as ransomware and stopping it.
- STREETS - patterning vehicular traffic and predicting future needs for transportation.
- Smarter Cities pilots and programs – applying large amounts of data to assist residents in making better, more informed reasons about water, electricity, discards, transportation, and health.

Generative AI is a set of technologies that leverages large (very large) volumes of data along with machine learning (ML) techniques to produce content based on inputs from the users known as prompts. Generative Artificial Intelligence (AI) can generate text, images, code, or other types of content based on the patterns they've "learned" using Large Language Learning models (LLM.) These tools are evolving rapidly and are still the subject of active research: improving our understanding of how they work, and the impacts of their use in society. These tools are not actual intelligence in the human sense, rather, they are very sophisticated models that predict what the language, text,

or video that satisfies the prompt should be. (Source: City of Boston Interim Guidelines for Using Generative AI Version 1.1 Prepared by Santiago Garces, Chief Information Officer, City of Boston Published: 5/18/2023 Applies to: all City agencies and departments.)

As we continue to explore innovative solutions to advance our operations and services, through a lens of being an equitable, data-driven high-performance government, the integration of Microsoft Copilot presents a significant opportunity to enhance our capabilities.

Microsoft 365 Copilot for Government Community Cloud (GCC) leverages large language models (LLMs) with an organization's data to enhance productivity for government entities. This AI-powered assistant is designed to automate routine tasks, provide data-driven insights, and enhance collaboration, allowing staff to focus on what matters most—serving residents effectively. Through integration with the Microsoft applications already used by staff, Copilot offers real-time intelligent assistance to boost creativity, productivity, and skills.

It's important to note that LLMs have been trained on an extensive body of information, some of which has been retained, giving them a broad understanding of language, the world, reasoning, and text manipulation. However, we should use them as engines rather than stores of knowledge.

DISCUSSION

What is Copilot?

Microsoft 365 Copilot is a generative artificial intelligence (AI) support element for Microsoft 365 productivity applications (such as Excel, the "new Outlook," PowerPoint and Word.) A version made for US governments has not yet been made available for licensing. Per Microsoft, the Government Community Cloud (GCC) enterprise licensing is planned with two rollouts.

The first of two scheduled launch phases for Copilot for Microsoft 365 GCC is provisionally set to happen sometime in Q4 of 2024. The deadline is still subject to approvals from the US government. This phase will include:

- Microsoft App Copilots for Word, Excel, PowerPoint,
- Outlook (Mail and Calendar) streamlining email and calendar management
- Teams Chat/Channel Copilot enhancing collaboration across departments via messaging
- Intelligent Meeting Recap generating a comprehensive summary of your meetings, including key points, action items, and decisions mad

The second phase planned for some time in Q1 of 2025 will introduce Copilot in additional services to further streamline workflow and services including Teams Meetings, OneNote, Stream, Planner, OneDrive and Loop. Per Microsoft, these

additional tools will deepen AI integration within your organization, enabling more advanced task management, content creation, and collaboration capabilities as you continue your journey toward digital transformation.

Ecosystem of CoPilot

When a user enters a query into Copilot, the following things happen:

1. The user's prompt is **grounded** on Microsoft Graph data, and a *modified prompt* is created (pre-processing)
2. The *modified prompt* is then sent to the LLM for a *response or app command* (processing)
3. The *response* is then **grounded** again against the Microsoft Graph (post-processing)
4. Finally, the *response* is sent back to the user.

Why is “**Grounded**” in bold? The issue is that LLMs have a “hallucination” problem, they come up with an answer even if they don’t know the answer. For certain queries, this is probably fine – but for some contexts such as government ordinance or budgets it can be quite harmful. Because LLMs are designed to be predictive, they “predict” responses. Grounding is designed to prevent this risk. The primary motivation for grounding is that LLMs are not databases, even if they possess a wealth of knowledge. Microsoft has implemented Retrieval Augmented Generation (RAG) as the primary technique for grounding. RAG is a process for retrieving information relevant to a task,

providing it to the language model along with a prompt, and relying on the model to use this specific information when responding.

Benefits and Applications of Microsoft Co-Pilot

Microsoft 365 Copilot GCC is designed to enhance productivity and streamline workflows across various public sector use cases. Here are some potential use cases to consider:

1. **Efficiency Improvements:** Reduction in manual tasks and streamlined workflows.
2. **Policy Analysis:** Quickly synthesize vast amounts of data to inform decision-making. Organizations could use Copilot to analyze trends and draft evidence-based policy recommendations, allowing them to respond more effectively to emerging issues.
3. **Citizen Services:** Improve response times and accuracy in addressing citizen inquiries. Copilot can help draft personalized responses to common questions about government services, permits, or regulations, ensuring that citizens receive timely and accurate information.
4. **Enhanced Decision-Making:** Copilot in Excel can be used to perform complex scenario analyses and generate easy-to-understand reports and executive summaries for stakeholders.
5. **Project Management and Increased Collaboration:** Copilot can help create project timelines, assign tasks, and generate progress reports, keeping multi-agency efforts on track and ensuring that projects are completed on time and within budget.
6. **Training and Knowledge Sharing:** Facilitate continuous learning within your organization. Use Copilot to create training materials, FAQs, and knowledge bases, ensuring your staff stays up to date with the latest procedures and regulations, and fostering a culture of ongoing professional development.

Governance and Policy Considerations

I've had an opportunity to do some high-level research/discussion/education around Generative AI using resources from the National League of Cities (NLC,) T-Mobile, Google, and Microsoft along with review of other local governments as we anticipate implementation of Generative AI. The inclination is to look first at the application of available technologies; however, this is a technology that will require the governance of generative AI to ensure its ethical and responsible deployment.

Toward this effort, The National League of Cities through NLC RESOLUTION 2024-42 Adopted at the 2023 City Summit has outlined Local Principles for The Governance of Generative Artificial Intelligence.

In addition, for AI governance to be effective it is vital to include:

Accountability and Transparency

- **Accountability** in AI entails establishing mechanisms to assign clear roles and responsibilities for the system's actions, outcomes, and overall organizational impact.
- **Transparency** is the clear and open disclosure of how AI systems operate and make decisions. Stakeholders should be informed about the AI system's capabilities, limitations, and the data it uses.

Equity and Inclusiveness

- **Equity and Inclusion** must be considered in all aspects of tools such as AI when used to engage residents, analyze data, assess risk, and provide data driven decisions. Inclusiveness in AI signifies the commitment to designing systems that understand, respect, and serve the diverse needs of a global user base without bias.

Privacy and Security

- **Security** encompasses safeguarding the entire AI system, including the model, infrastructure, and associated data, from unauthorized access and malicious intents.
- **Privacy** relates to protecting user data, ensuring interactions remain confidential, and that the AI does not unintentionally divulge sensitive or personal information.

Robustness and Safety

- **Robustness** refers to the ability of an AI system to continue to function even when faced with unexpected or adverse conditions.
- **Safety** refers to the ability of an AI system to operate without causing harm to humans, property, or the environment.

Explainability and Interpretability

- **Explainability** refers to the ability to describe in human terms why a model made a particular decision.
- **Interpretability** refers to the ability to understand the inner workings of a model. An interpretable model is one where we can understand the process it uses to arrive at a decision.

Applying these principles on governance would result in Best Practices of Generative AI including:

- 1) The use of AI should support the work of our employees to deliver better, safer, more efficient, and equitable services and products to our residents. There is value to be had in the use of technology, particularly new generative AI, but there are also risks, some of which will not be apparent or fully understood upfront.
- 2) Embracing a culture of responsible experimentation, where we maintain control and understanding of the use of new AI tools while we develop new uses that drive efficiency, civic engagement, high performance data driven governance or other outcomes in service of our residents.
- 3) Fact checking and reviewing all generative AI outputs is vital to the use of AI. Humans are ultimately responsible for whatever products or outcomes they publish, regardless of whether AI is used. This can be a valuable tool for local leaders. However, like human-made decisions, AI systems have the potential for bias and discrimination depending on their training, the data they use, and their ultimate application.
- 4) Artificial intelligence is not a magical solution. AI utilizes statistical processes designed to find patterns in data. Extra care should be exercised when AI is used to inform consequential decisions or to provide risk assessments that impact people's lives. The best known of these new tools are developed for commercial purposes. While they can be adapted for mission-driven work by public professionals, it is important to maintain service to the public at the center of our work.
- 5) Disclosure when generative AI has been used. Residents expect transparency from their local government. Regardless of the tools, use of technologies such as generative AI are a reflection of the City and ourselves. We are stewards of the public trust, and we will use tools respectfully and responsibly.
- 6) Equity and inclusion must be considered in all aspects of tools such as AI when used to engage residents, analyze data, assess risk, and provide data driven decisions. Our work should uplift these communities and connect them more effectively with the resources they need to thrive.
- 7) Every technology tool that we use has an impact on the security of our overall environment, and the privacy and digital rights of our residents. The core data stewardship principal is: "Do not share sensitive or private information." The information input into generative AI prompts is not inherently private and therefore could be vulnerable to security threats or could be taken by the vendor providing the model to further train their technology.

ACTION STEP

Please review and let me know if you have any additional questions. The presentation will cover the background outlined in this memo along with the next steps proposed for implementation of CoPilot in the City of Dubuque.

Microsoft Copilot Implementation Strategy

Dubuque City Council Work Session

November 4, 2024

Summary

/A.I. TIMELINE

1950

TURING TEST

Computer scientist Alan Turing proposes a test for machine intelligence. If a machine can trick humans into thinking it is human, then it has intelligence

1955

A.I. BORN

Term 'artificial intelligence' is coined by computer scientist, John McCarthy to describe "the science and engineering of making intelligent machines"

1961

UNIMATE

First industrial robot, Unimate, goes to work at GM replacing humans on the assembly line

1964

ELIZA

Pioneering chatbot developed by Joseph Weizenbaum at MIT holds conversations with humans

1966

SHAKY

The 'first electronic person' from Stanford, Shakey is a general-purpose mobile robot that reasons about its own actions

A.I. WINTER

Many false starts and dead-ends leave A.I. out in the cold

1997

DEEP BLUE

Deep Blue, a chess-playing computer from IBM defeats world chess champion Garry Kasparov

1998

KISMET

Microsoft Copilot for Microsoft 365 architecture

Why Grounding?

- **Large Language Models - LLMs Have a “Hallucination” Problem**
 - LLM’s come up with an answer even if they don’t know the answer.
 - Because LLMs are designed to be predictive, they “predict” responses.
 - Grounding is designed to prevent this risk.
 - The primary motivation for grounding is that LLMs are not databases, even if they possess a wealth of knowledge.
 - Microsoft has implemented Retrieval Augmented Generation (RAG) as the primary technique for grounding. RAG is a process for retrieving information relevant to a task, providing it to the language model along with a prompt, and relying on the model to use this specific information when responding.

“Generative AI is a tool. We are responsible for the outcomes of our tools. For example, if autocorrect unintentionally changes a word – changing the meaning of something we wrote, we are still responsible for the text. Technology enables our work, it does not excuse our judgment nor our accountability.”

Santiago Garces, CIO, Boston

Policy Principles of AI

PRIVACY AND
SECURITY

PUBLIC PURPOSE

What does this mean?

- Supporting our staff to deliver better, safer, more efficient and equitable services and products to our residents
- We are stewards of the public, and we will use AI tools respectfully and responsibly.
- When we act transparently, we build trust, and we gain the ability to learn collectively and be accountable for actions
- There is value to be had in the use of technology, particularly new generative AI, but there are also risks
- Understanding that there is an impact on the security of our overall environment, and the privacy and digital rights of our residents are most important.
- It is important to maintain service to the public at the center of our work

Licensing - Why Not Yet?

Office 365 Government Cloud Community - GCC

To meet the unique and evolving requirements of the United States Federal, State, Local, and Tribal governments, as well as contractors holding or processing data on behalf of the US Government, Microsoft offers the Office 365 Government GCC environment.

Available through multiple channels including Volume Licensing, interested organizations go through a validation process to ensure eligibility before an environment is established. Trials are available to only US Government entities currently.

Microsoft 365 Copilot GCC Phase 1 End of Q4

- **Microsoft 365 App Copilots (Word, Excel, PowerPoint):** Embedded within your favorite productivity apps, these intelligent assistants help you craft documents, analyze data, and create presentations faster and with greater precision.
- **Outlook (Mail and Calendar):** Manage communications and interagency meetings efficiently. Copilot in Outlook streamlines email and calendar management by drafting responses, summarizing email threads, and suggesting optimal meeting times.
- **Teams Chat/Channel Copilot:** Enhance collaboration across departments. Integrate AI into your daily team interactions, summarizing threads, and helping manage conversations with contextual awareness.
- **Intelligent Meeting Recap:** Automatically capture key points from important policy discussions or public hearings, capturing crucial details facilitating transparent governance. The Intelligent Meeting Recap feature generates a comprehensive summary of your meetings, including key points, action items, and decisions made.

Achievement of Council Priorities

ACHIEVED or ADVANCEMENT of TOP PRIORITIES – 2020-2026

- **2024 – 2026 Top Priorities:**

- ✓ Air Service Future Strategy and Action Plan: Major Airline Hub Connections (2022-2026)
- ✓ Construction of 14th Street Railroad Overpass and 16th Street Corridor Complete Streets Improvements: RAISE Grant and Matching Funds
- ✓ Police Department Staffing and Hiring

- **2024 – 2026 High Priorities):**

- ✓ Catfish Creek Sanitary Sewer Project: Old Mill Road Lift Station Project

- **2022-2024 Top Priorities:**

- ✓ Chaplain Schmitt Island Master Plan implementation (2020-2024)
- ✓ City workforce retention and attraction
- ✓ Climate Action Plan implementation
- ✓ Street program -- direction and funding (2020-2024)

- **2020 – 2022 Top Priorities:**

- ✓ Affordable Housing Creation: Direction and City Actions
- ✓ Dream Center Facilities and Programs: Additional Funding
- ✓ Equitable Poverty Prevention Plan Implementation: Outcomes, Report with Options, City Role, Direction, and City Actions
- ✓ Fountain of Youth: Additional Funding

- **2020 – 2022 Management Agenda Top Priorities:**

- ✓ Bee Branch Creek Project: Next Steps
- ✓ Dubuque Riverfront Master Plan (US Army Corps of Engineers)

Achieved Funding for Council Goals

ACHIEVED or ADVANCEMENT of GOALS (2020-2026)

(Over the Past 24 Months)

Total number of grants secured in past 24 months: **22 grants**

Total funding received in past 24 months: **\$128M**

The Downtown Dilemma: Where Workers Returned | C

CityLab | Environment

Inside NYC’s Playbook for Getting Federal Grant Funds

New York City has won billions under Biden's infrastructure and climate laws. Now it's sharing strategies with other cities struggling to compete.

New York City won a grant for a restoration project at the Brooklyn Marine Terminal, one of a number of awards it has received under the federal climate and infrastructure laws. *Photographer: Craig Warga*

October 28, 2024 at 8:01 AM CDT

Copy Link

One of the city's most critical steps has been to create a central task force of about 20 city agencies to team up on funding proposals, said Meera Joshi, New York's deputy mayor for operations.

“We've been pushing them to think creatively, to combine on grant applications, and then break a few norms that had previously been sort of set in stone,” Joshi said. “This is a really rare opportunity. Let's have everyone apply for everything.”

That practice isn't typical in most city governments. Andrew Kimball, president of the New York Economic Development Corporation (EDC), said most cities have “more of a 'Hunger Games' approach, where every agency is out on their own and running across conflict over limited dollars.”

Even in New York, just two offices – the EDC and the Department of Transportation – have historically done most of the city's grant applications, Joshi said.

An application developed by multiple city agencies is also more likely to appeal to federal decisionmakers because it shows a higher likelihood that the money will be spent efficiently, according to Kimball.

Another strategy Joshi shared: When the city has been turned down for a grant, it's met with federal officials to understand what went wrong.

“Those are extremely helpful because they help position you for the next time you apply,” Joshi said. For example, last month New York won a \$96 million grant to build a waterfront greenway in Upper Manhattan, but it took three tries to get that funding, according to Joshi.

“For most municipalities, securing federal funding is foreign terrain,” said James Anderson, who leads Bloomberg Philanthropies' government innovation program. “A majority have never before received funding from a competitive federal grant. Yet that's exactly what this moment is asking of our smaller urban, suburban, and rural communities.”

Dubuque’s historically proven model of civic success still leads!

Infrastructure Teams

Grant Procedures & Strategies In Place

Monthly Meetings

- BUILT Infrastructure Team – Primarily City Staff and Regional Transportation Director (*+Alignment of Master Infrastructure Project List*)
- HUMAN Infrastructure Team – City Staff and local nonprofit organizations (*in alignment with City Council Goals & Priorities*)

Topic Teams (28 teams)

- Topic Team meetings include staff, partners, and residents with an emphasis on specific grant subject matter (i.e. roads, trails, housing, transit, arts & culture, water, child-care, health/wellness, brownfields, brain health, food/food systems, job training, etc.)
- Some Topic Teams meet regularly, but all are intended to be activated when applicable funding & grant opportunities become available

FUTURE FUNDING OPPORTUNITIES FOR DUBUQUE

**CITY OF DUBUQUE
PRESENTATION
NOVEMBER 4, 2024**

BACKGROUND ON SUSTAINABLE STRATEGIES DC

- Government affairs, grant writing, and strategic consulting firm
- Work with local governments nationwide to identify, pursue, and secure funding
- 25+ years of experience and \$5+ billion of results
- Expertise with infrastructure, economic development, environmental, public safety, health, arts/cultural, and other resources

FUNDING OPPORTUNITIES IN 2025 AND BEYOND

Appropriations

- FY 2025 appropriations will include significant non-defense discretionary funding
 - Continuing Resolution through December 20, 2024
 - New budget expected to be passed after the election
- Includes Dubuque earmarks

FUNDING OPPORTUNITIES IN 2025 AND BEYOND

Appropriations

- Many existing federal programs will have funding for Dubuque priorities:
 - Railroad crossing improvements – FRA CRISI
 - Transit upgrades – FTA Bus & Bus Facilities
 - Complete Street planning – DOT RAISE
 - Public safety needs – DOJ COPS Hiring, FEMA SAFER & Assistance to Firefighters
 - Arts and Culture – NEA Our Town & Grants for Arts Projects

FUNDING OPPORTUNITIES IN 2025 AND BEYOND

Appropriations

- New Administration and Congress will establish priorities for FY 2026 spending
- Dubuque should advocate for new federal spending that aligns with its needs
- Another opportunity to new earmark funding too for infrastructure, public works, community development projects
 - February/March expected deadline for requests

FUNDING OPPORTUNITIES IN 2023 AND BEYOND

Infrastructure Bill

- A few years left of competitive grants from the bipartisan infrastructure legislation
- Opportunities in sustainable transportation, water infrastructure, recycling, etc.
- Funding available through state & federal governments

FUNDING OPPORTUNITIES IN 2023 AND BEYOND

Inflation Reduction Act

- Competitive grant funding mostly expended
- A few remaining opportunities for local governments to invest in carbon reduction efforts
- Strong focus on projects that benefit low-income and minority residents

NEXT STEPS

- Identify specific projects for upcoming grant opportunities
- Advance design and engineering efforts to be shovel ready
- Be prepared with local matching funds
- Build community and political support

PROCLAMATIONS # 1.

ITEM TITLE: Hospice and Palliative Care Month (November 2024)
SUMMARY: On behalf of Hospice of Dubuque.
**SUGGESTED
DISPOSITION:**

ATTACHMENTS:
1. Proclamation

PROCLAMATION

WHEREAS, Hospice of Dubuque is the only local, nonprofit hospice serving the greater Dubuque area since 1983; and

WHEREAS, Hospice of Dubuque's team of healthcare professionals and dedicated volunteers are your tri-state neighbors who have provided this life-honoring care for 41 years; and

WHEREAS, Hospice of Dubuque provides a service that comes to you in your time of need in the place you call home, in hometowns and rural areas throughout our tri-state area; and

WHEREAS, Hospice of Dubuque's care is individualized, focused on patient goals and support for family members, and this care brings hope, comfort, dignity, and quality of life; and

WHEREAS, Hospice of Dubuque is identified by Medicare as the only 5-star hospice in the tri-state area.

NOW THEREFORE, I, BRAD M. CAVANAGH, MAYOR OF THE CITY OF DUBUQUE, IOWA, ON BEHALF OF THE CITY COUNCIL, STAFF, AND RESIDENTS OF DUBUQUE, DO HEREBY PROCLAIM THE MONTH OF NOVEMBER 2024 AS

“HOSPICE AND PALLIATIVE CARE MONTH”

IN THE CITY OF DUBUQUE, IOWA.

IN WITNESS THEREOF, I have hereunto set my hand and caused the Great Seal of the City of Dubuque to be affixed this 4th day of November 2024.

PROCLAMATIONS # 2.

ITEM TITLE: National League of Cities Centennial Day (November 7, 2024)

SUMMARY: On behalf of the City of Dubuque.

**SUGGESTED
DISPOSITION:**

ATTACHMENTS:

1. Proclamation

PROCLAMATION

- WHEREAS, the National League of Cities was founded in 1924 in Lawrence, Kansas, as the American Municipal Association by state municipal leagues seeking more coordination and national representation as cities, towns, and villages expanded rapidly; and
- WHEREAS, the nonpartisan National League of Cities is the oldest and largest organization representing municipal governments throughout the United States, representing the interests of more than 19,000 cities, towns, and villages across the country; and
- WHEREAS, the National League of Cities works in partnership with 49 state municipal leagues across the country to strengthen local leadership, drive innovation, and influence the federal policies that impact local programs and operations; and
- WHEREAS, as the voice of cities, towns, and villages in Washington, DC, the National League of Cities has successfully championed federal legislative solutions that support municipalities and has worked closely with Congress and the Executive Branch to educate policymakers on the realities of local implementation; and
- WHEREAS, the City of Dubuque is a proud member of the National League of Cities, and has benefited from the organization's research, technical expertise, federal advocacy and opportunities to learn from other local governments; and
- WHEREAS, local governments are the bedrock of American democracy, providing 336 million residents with the most accountable, responsive, inclusive, ethical, and transparent government in the world; and
- WHEREAS, from the nation's smallest villages to its largest cities, America's local governments have been essential in transforming the United States of America into the greatest, most influential nation in world history; and
- WHEREAS, the National League of Cities is celebrating its 100th anniversary with a Centennial Digital Roadshow featuring 100 communities to spotlight the unique stories of municipalities nationwide and celebrate the contributions of local governments and their residents to our country over the last century; and
- WHEREAS, the National League of Cities will feature Dubuque on Thursday, November 7th, 2024, as an official stop on its Centennial Digital Roadshow, and will celebrate Dubuque's history, resilience, and commitment to advancing community goals through the league's social media platforms.

NOW THEREFORE, I, BRAD M. CAVANAGH, MAYOR OF THE CITY OF DUBUQUE, IOWA, ON BEHALF OF THE CITY COUNCIL, STAFF, AND RESIDENTS OF DUBUQUE, DO HEREBY PROCLAIM THE 7TH OF NOVEMBER 2024 AS

“National League of Cities Centennial Day”

IN THE CITY OF DUBUQUE, IOWA IN CELEBRATION OF AMERICA'S LOCAL GOVERNMENTS AND THE NATIONAL LEAGUE OF CITIES' HISTORIC CENTENNIAL ANNIVERSARY.

IN WITNESS THEREOF, I have hereunto set my hand and caused the Great Seal of the City of Dubuque to be affixed this 4th day of November 2024.

PROCLAMATIONS # 3.

ITEM TITLE: The 150th Anniversary Year of the Sisters of the Presentation
(November 13, 2024)

SUMMARY: On behalf of the Sisters of the Presentation of the Blessed
Virgin Mary of Dubuque, Iowa.

**SUGGESTED
DISPOSITION:**

ATTACHMENTS:

1. Proclamation

PROCLAMATION

WHEREAS, by tradition, the Sisters of the Presentation of the Blessed Virgin Mary of Dubuque, Iowa, have designated November 13 as their Foundation Day; and

WHEREAS, on October 30, 1874, Mother Vincent Hennessy, accompanied by three companions, embarked on a daunting journey from Mooncoin, Ireland. Their mission, urged by Bishop John Hennessy, was to establish a foundation in America, answering the call to educate and serve immigrant children in the Dubuque diocese; and

WHEREAS, upon their arrival on November 13, 1874, with no housing available, our founding mothers were graciously welcomed by the Sisters of the Visitation, finding temporary refuge in their home due to the unavailability of a convent; and

WHEREAS, on January 7, 1875, the Presentation Sisters relocated to a newly-built convent in Key West, Iowa, marking the establishment of their first motherhouse. Despite facing countless obstacles, they embraced their call to serve the Dubuque community; and

WHEREAS, over the past 150 years, Presentation Sisters have ministered in schools, parishes and organizations, planting seeds of faith, education, hospitality and service that have transformed countless lives. Today, their ministry extends far beyond traditional classrooms, serving in various capacities across the United States and beyond. They address both immediate needs through direct service and systemic issues that perpetuate poverty, always with a special emphasis on serving women and children; and

WHEREAS, guided by their mission, they go where need calls loudly, striving to make a meaningful impact wherever they are needed most.

NOW THEREFORE, I, BRAD M. CAVANAGH, MAYOR OF THE CITY OF DUBUQUE, IOWA, ON BEHALF OF THE CITY COUNCIL, STAFF, AND RESIDENTS OF DUBUQUE, DO HEREBY PROCLAIM THE 13TH OF NOVEMBER 2024 AS

“The 150th Anniversary Year of the Sisters of the Presentation”

IN THE CITY OF DUBUQUE.

IN WITNESS THEREOF, I have hereunto set my hand and caused the Great Seal of the City of Dubuque to be affixed this 4th day of November 2024.

Brad M. Cavanagh, Mayor

City Council**

PROCLAMATIONS # 4.

ITEM TITLE: Pancreatic Cancer Awareness Day (November 21, 2024)
SUMMARY: On behalf of the Michael W. Oglesby Foundation.
**SUGGESTED
DISPOSITION:**

ATTACHMENTS:

1. Proclamation

PROCLAMATION

- WHEREAS, Pancreatic Cancer Awareness Month is recognized each November to bring understanding and awareness to the disease and the individuals and families affected by it; and
- WHEREAS, Pancreatic cancer has become one of the most devastating diseases, surpassing breast cancer to become the third leading cause of cancer deaths in the United States and projected to become the second leading cause of cancer deaths by the year 2030; and
- WHEREAS, in 2024 over 66,440 people will be diagnosed with pancreatic cancer in the United States and 51,750 will die from the disease; and
- WHEREAS, it is projected that in 2025 approximately 650 Iowans will be diagnosed with pancreatic cancer and 470 deaths will occur; and
- WHEREAS, currently there is no cure for pancreatic cancer and there have been no significant improvements in survival rates at only 13% over the last 50 years; and
- WHEREAS, the long-term health and well-being of the residents of Dubuque are enhanced as a direct result of increased awareness about pancreatic cancer and ongoing research into early detection, effective, comprehensive treatments, and a cure; and
- WHEREAS, The Michael W. Oglesby Foundation is committed to Funding the Cure and bringing public awareness to Pancreatic Cancer Research.

NOW THEREFORE, I, BRAD M. CAVANAGH, MAYOR OF THE CITY OF DUBUQUE, IOWA, ON BEHALF OF THE CITY COUNCIL, STAFF, AND RESIDENTS OF DUBUQUE, DO HEREBY PROCLAIM THE 21st OF November 2024 AS

“Pancreatic Cancer Awareness Day”

IN THE CITY OF DUBUQUE, IOWA.

IN WITNESS THEREOF, I have hereunto set my hand and caused the Great Seal of the City of Dubuque to be affixed this 4th day of November 2024.

Brad M. Cavanagh, Mayor

**DUBUQUE REGIONAL AIRPORT
COMMISSION MEETING**

Tuesday, September 24, 2024

4:00 p.m.

Dubuque Regional Airport
Terminal Conference Room

PRESENT: RJ Blocker, Doug Brotherton, Sue Clemenson, Mariann Kurtz Weber, Mike Phillips

ABSENT: None

STAFF: Todd Dalsing, Mark Beasley, Dan Klaas (on phone), Cheryl Sheldon

GUESTS: Nine University of Dubuque students, Eric Scott (on phone)

PUBLIC INPUT

None.

AIRPORT COMMISSION MINUTES

Commissioner Blocker moved to approve the minutes of the August 27, 2024, meeting, and Commissioner Brotherton seconded the motion. This motion passed unanimously.

OLD BUSINESS

01. REVIEW AIRPORT STATISTICS

Director Dalsing mentioned that aviation fuel sales were down slightly from the previous year.

NEW BUSINESS

ACTION ITEMS

02. CEDAR VALLEY PROPERTIES, LLC PUBLIC HEARING RESOLUTION

Commissioner Brotherton made a motion to open the public hearing for the proposed lease assignment with Cedar Valley Properties, LLC. Commissioner Blocker seconded the motion. This motion passed unanimously.

After discussion, Commissioner Brotherton made a motion to close the public hearing and Commissioner Blocker seconded this motion. This motion passed unanimously.

Commissioner Kurtz Weber made a motion to accept Resolution No. A800-2-2024 Proposed Lease Assignment with Cedar Valley Properties, LLC. Commissioner Brotherton seconded the motion. This motion passed unanimously.

This authorizes a 35-year land lease agreement with Cedar Valley Properties, LLC where they have constructed a large corporate aviation hangar.

03. TITLE VI APPROVAL RESOLUTION

Commissioner Blocker made a motion to accept Resolution No. A1300-1-2024 Authorizing the Airport Director to Sign Federal Aviation Administration (FAA) Civil Rights Act of 1964 Title VI Plan for the Dubuque Regional Airport. Commissioner Clemenson seconded the motion. This motion passed unanimously.

As a recipient of Federal financial assistance, DBQ is required by the FAA to comply with statutory obligations to ensure against discrimination. An approved Title VI plan is required to remain eligible for Federal grant funding.

Commissioner Kurtz Weber asked if we would be liable if an airline flying into DBQ commits a violation of this act. Yes, we would.

DISCUSSION

04. AIRPORT PROJECTS UPDATE

Director Dalsing reported that the GA Apron construction project is going well and is scheduled to be completed by December. A ribbon cutting will be held for the public on October 9th for the recently completed terminal solar project.

Denver Air Connection's first flight is scheduled for November 4th on a 50-seat regional jet. This will be once a day, for seven days a week to/from DBQ/ORD. Commissioner Kurtz Weber noted that the DBQAir team is continuing to have conversations with other regional airlines. The current flight time was the best that was offered and there are several connecting flights available from ORD during the late afternoon. Airport Director Dalsing mentioned that one-on-one educational meetings are being held with close to 60 local businesses regarding the new service.

The University of Dubuque is hosting a flight competition with other aviation programs the week of October 14th.

07. CORRESPONDENCE RECEIVED SINCE JUNE 6, 2024, COMMISSION MEETING

There were several articles about the upcoming Denver Air service.

NEXT COMMISSION MEETING

The next scheduled Commission meeting tentative date is October 22, 2024.

Commissioner Blocker moved to adjourn the meeting, and the motion was seconded by Commissioner Clemenson. This motion passed unanimously.

The meeting was adjourned at 4:39 p.m.

Minutes respectfully submitted by Cheryl Sheldon.

ARTS & CULTURAL AFFAIRS ADVISORY COMMISSION MEETING MINUTES

DATE: Tuesday, September 24, 2024

TIME: 3:36 PM

LOCATION: Multicultural Family Center, 1157 Central Ave., Dubuque, IA 52001

Regular Meeting

Commissioners Present: Nicholas HALDER (chair); Shirley DAVIS-ORWOLL; Franco MENCHACA; Doug DONALD; Sue RIEDEL;

Commissioners Absent: Tom ROBBINS;

Staff Present: Bonnie SPURLING (Arts & Cultural Affairs Manager); Mike WILLIAMS (Intern)

Public Present: Ali Levasseur;

HALDER called the meeting to order following staff assurance of Iowa Open Meeting compliance at 3:36 PM.

Roll Call & Review of Minutes

Roll call was skipped due to familiarity with commissioners, City staff and public present.

RIEDEL motions to accept minutes of July 2024 minutes with changes, DAVIS-ORWOLL seconds. Vote unanimously passed. No further discussion.

MENCHACA abstained from voting due to absence.

Officer and Committee Appointments

Commission discussed officers and sub-committee makeup. Commissioners are ok with current assignments, HALDER will meet with MENCHACA to explain commission strategic plan.

Status Reports from Staff

SPURLING reports for Office of Arts & Cultural Affairs:

Creative Café committee will be meeting to re-ignite and plan upcoming Creatives Café.

The public Art policy working group has a draft they will be meeting and sharing with Dubuque's City Manager.

SPURLING advises she will be submitting a very similar improvement package for the Office of Arts & Cultural Affairs.

Updates From Master Plan Working Groups

None

Old Business – Commission Strategic Plan Goals – Reporting and Discussion

Grants committee had recent meeting.

New Business

Commission meeting for December was rescheduled from December 24th to December 17th.

Grants Eligibility Requirements

HALDER reports grants subcommittee has met recently and reviewed feedback received regarding eligibility for Operational Support Grants.

Grants Final Reports

SPURLING reported three organizations who have received grants have not submitted their final reports before the deadline.

Commission discussed whether organizations are eligible for future grants, HALDER verifying with Iowa Arts Council for options on how to deal with this issue.

Public Comment/Correspondence

SPURLING read personal letter to commission from Dubuque Chorale, The Dubuque Children's Choir, and the Dubuque Symphony Orchestra, thanking the Commission for their recent support through grant awards.

Levasseur with the Fine Art Society also thanks commission for grant award, and also suggests commission could extend deadline for final reports to keep organizations in good standing.

Events and Engagement Reporting from Commissioners

RIEDEL advises Bell Tower Theatre will be showing new play "Love, Lies and the Lottery" showing from October 11-27.

Next Regular Meeting: Tuesday, September 24, 2023, at 3:30 PM at the Multicultural Family Center

Respectfully submitted:

Bonnie Spurling

Arts & Cultural Affairs Manager, City of Dubuque

APPROVED MINUTES OF CABLE TV COMMISSION MEETING

Feb. 28, 2024

CITY COUNCIL CHAMBERS, 350 W. SIXTH ST.

MEMBERS PRESENT: Jennifer Tigges (Chair), Georgina Guerrero Galvan, Pauline Maloney, Ron Tigges

MEMBERS ABSENT: None

OTHERS PRESENT:

- Randy Gehl, City of Dubuque Public Information Officer
- Felicia Carner, City of Dubuque Multimedia Specialist

JTigges called the meeting to order at 3:46 p.m.

Acceptance of the Agenda

- Upon a motion by RTigges, seconded by Maloney, the agenda was accepted by a vote of 4 - 0.

Approval of the Minutes of Jan. 24, 2024, Meeting

- Upon a motion by Maloney, seconded by Guerrero Galvan, minutes of the Jan. 24, 2024, meeting were approved 4 - 0.

Public Input

- There was no public input.

Public Access Channel Management Update

- Gehl said staff have been spending a significant amount of time on management of the public access channel. He introduced Carner who explained her efforts to develop processes for programming submissions, scheduling programs and responding to broadcast scheduling requests, and developing a brand for the channel. She proposed calling the channel Dubuque Public Access. Carner mentioned efforts to assist one organization having difficulty uploading programs and also discussed plans to have policies and dedicated time slots for programs considered a series. Commissioners expressed support for staff efforts and encouraged them to manage scheduling as they saw fit.

Review of PEG Equipment Fund Request Process and Recipient Agreement

- Gehl summarized some of the challenges related to processing the equipment requests and related quotes for the two most recent PEG Fund Grant requests and shared his opinion that the grant program, application process, and recipient agreement process need to be evaluated and modified to better meet the current video production and distribution environment. He also asked if the commission would agree to pausing the acceptance of new grant applications to allow staff and the commission time to thoroughly review the process and consider changes to improve it. Commissioners

agreed to pausing for a month or so.

- Discussion among commissioners and staff then shifted to current challenges and potential solutions for the grant program as well as a variety of considerations to incorporate into the program. There was significant discussion around the application process and questions to require additional information about the applicant's plans for programming, such as the number and duration of programs, types of events covered, etc. Commissioners also suggested touching base with recipients after they receive equipment to remind them of the requirement to produce programming for the public access channel and to remind them of deadlines for doing so. Carner explained challenges related to purchasing software and software subscriptions through the grant program and possible alternatives were discussed.
- Gehl asked the commission to consider approving a revised version of the grant recipient user agreement with the City in order to allow staff to distribute recently purchased equipment for the last two grant recipients. (User agreements are required before equipment can be disbursed.) Commissioners reviewed and, following some questions and discussion, approved (Upon a motion by Maloney, seconded by RTigges, approved 4-0) the revised agreement for these two grants with the understanding the agreement will be further revised during the program pause.
- Discussion on this agenda item concluded with agreement between commissioners and staff that staff would work on suggested changes/amendments to the process and all related policies and provided recommendations for their consideration at the next commission meeting, likely in late March but no deadline was set.

Process for City Expenditures Related to PEG Channel Operation

- Following up on the discussion at the last commission meeting, Gehl and Carner reviewed their request for the commission's support to allow the City to charge its expenses directly related to cable channel operation/management to the PEG Equipment fund without prior commission approval. Staff gave several examples of such expenses and occasional needs, including closed captioning of programming for CityChannel Dubuque and a recent cabling project at City Hall Annex related to broadcast of the public access channel. Commissioners discussed the possibility of limiting such purchases to a specific amount per year or maximum per purchase and how such expenses should be reported to the commission. Consensus was not reached on a solution but the commission did approve funding the cabling project for up to \$1,000. (Upon a motion by Maloney, seconded by Guerrero Galvan, approved 4-0). Staff offered to explore additional solutions and commissioners agreed to continue discussion at future meetings.

PEG Programming Reports

- Following the request sent to PEG Equipment Fund recipients over the last two years, three of the four recipients provided reports on the amount and type of programming that they have produced for PEG channels over the last 12 months. Gehl distributed printed

copies of reports from the City of Dubuque, Loras College, and the Dubuque Community School District. The National Mississippi River Museum and Aquarium did not respond to two requests. Commissioners reviewed the reports and JTigges offered to contact NRMA staff again.

Adjournment

- Upon a motion by RTigges, seconded by Guerrero Galvan, and 4-0 vote, the meeting adjourned at 5:20 p.m.

**MINUTES
COMMUNITY DEVELOPMENT ADVISORY COMMISSION
(APPROVED)**

DATE: Wednesday, September 4, 2024
TIME: 5:30 p.m.
PLACE: Housing and Community Development Department
350 W 6th Street, Conference Room 250, Dubuque, IA 52001

Chairperson Julie Woodyard called the meeting to order at 5:39 p.m. following staff assurance of compliance with Iowa Open Meeting Law.

Commissioners Present: Michelle Hinke, Dean Boles, Renee Kehoe, Kelly Fox, Julie Woodyard.

Commissioners Absent: Jerry Hammel (excused absence), Dominique Jeter (excused absence), Gabriel Mozena (excused absence), Sasha Williams (excused absence)

Staff Present: Mary Bridget Corken-Deutsch and Tami Ernster

Certification of Minutes – July 17, 2024

Commissioner Boles motioned to approve the Minutes for the July 17, 2024, Community Development Advisory Commission Meeting. Commissioner Fox seconded. Motion carried 5-0.

Correspondence/Public Input

There was no correspondence or public input.

Old Business

a. Community Development and Loan Portfolio Updates

Corken-Deutsch distributed an updated memo from Maddy Haverland to provide answers to the questions from the last meeting.

New Business

a. Public Hearing for FY2024/PY2023 CAPER

Commissioner Hinke motioned to open the public hearing for FY2024/PY2023 CAPER. Seconded by Commissioner Boles. Motion passed 5-0. Corken-Deutsch provided a quick slide presentation summary of the last year's CAPER funding distributions. Commissioner Hinke motioned to close the public hearing for FY24/PY 2023 CAPER. Commissioner Fox seconded. Motion passed 5-0. Commissioner Hinke motioned to approve the public hearing for FY2024/PY2023 CAPER. Seconded by Commissioner Kehoe. Motion passed 5-0.

b. Approve Purchase, Rehab, Resale Activity

Corken-Deutsch provided information on approving petition and voluntary acquisition of properties. Corken-Deutsch shared there is an owner that is voluntarily requesting sale of her property to the City. Commissioner Boles expressed concern regarding competing with other outside or public purchasers. This activity will be added to the FY25 Amendment #1 which is on the City Council Agenda for a public hearing on September 16, 2024. Commissioner Woodyard motioned to approve activity of

Purchase, Rehab, Resale as an activity in FY25 Amendment #1 with \$350,509.79 allocation. Seconded by Commissioner Fox. Motion passed 4-1 with Commissioner Boles voting no.

c. Lead Grant Match - \$300,000/year for 4 years – FY26, FY27, FY28, FY29

Motion by Commissioner Fox to approve \$300,000 over 4 years if awarded lead grant. Seconded by Commissioner Kehoe. Motion passed 5-0.

Reports

a. Housing Commission

Commissioner Kehoe reported the Commission met in July, but minutes are not yet available.

b. Resilient Community Advisory Commission

Commissioner Boles distributed a map of the census tracts that are slated for free tree grants. Those tracts are 1, 3, 5 and 12.02.

c. Equity and Human Rights Commission

There are no minutes available. Habitat for Humanity is currently working on a plan to build 14 new homes.

Information Sharing

a. Public Hearing for FY25 Annual Action Plan Amendment #1 – September 16, 2024

b. Basically CDBG – Chapter 7 Discussion

Corken-Deutsch provided highlights for this chapter on Public Services.

c. Basically CDBG-Chapter 8 – Homework

<https://www.hudexchange.info/trainings/basically-cdbg-online/economic-development-and-section-108/>

d. Tuesday, September 10, 2024 – Boards and Commission Annual Picnic

e. Thursday, September 26, 2024 – Open House 3:30-6:00 p.m. for Lincoln Wellness Project

Commissioner Boles asked that an agenda item be placed to review environmental issues and to consider spending additional funds for other schools.

f. Resilient Community Advisory Commission Recruitment Flyer

g. Commissioner Fox informed the group that this would be her last meeting as she was resigning.

Adjournment

Commissioner Fox motioned to adjourn the meeting at 6:58 p.m. Commissioner Hinke seconded. Motion carried 5-0.

Minutes prepared by:

Tami Ernster
Permits Clerk

EQUITY AND HUMAN RIGHTS COMMISSION MEETING MINUTES
September 10, 2024

DATE: Tuesday, September 10, 2024

TIME: 4:30 PM

LOCATION: Multicultural Family Center, 1157 Central Avenue, Dubuque, IA 52001

The meeting was called to order at 4:31 pm.

Commissioners Present: Jake Kurczek, Dave Heiar, Nikkole Nutter (virtual), Rick Baumhover, Maita Jolet, Michaela Freiburger (virtual)

Commissioners Absent: Matthew Zanger, Enoch Sanchez, Theresa Sampson-Brown

Staff Present: Gisella Aitken-Shadle, Ann Marie Jannette, Crenna Brumwell (virtual)

Approval of Meeting Minutes

Heiar motioned, Baumhover seconded, to approve the minutes as corrected from the August 13, 2024. All in favor.

Public Input

No members of the public were present to provide input.

Reports

Caseload Report

The Equity & Human Rights Commission's August 2024 report indicates two new complaints were logged during the month, with 18 active investigations ongoing. The fiscal year 2025 has seen three cases closed so far. An example case from August 2024 involved allegations of discrimination leading to harassment and denied accommodation based on race and age at a local higher education institution.

Director's Report

There are three upcoming outreach events: Senior Expo, LatinX Fiesta, and Kids Expo. Baumhover offered to volunteer for the Senior Expo and Nutter volunteered for the LatinX Fiesta, and the Kids Expo. FY26 budget planning is underway. Reminder that if any commissioners would like to attend the upcoming League of Iowa Civil and Human Rights Agencies conference in Davenport on 9/24-9/25 they should contact Jannette by the end of this week.

Chairperson's Report

No report.

Old Business:

A red-lined updated ordinance was provided by Brumwell. Subcommittee members Heiar and Sampson-Brown will meet to discuss the proposed changes.

Motion to send a recommendation to City Council to remove Sanchez from the commission due to lack of attendance. Sanchez has not attended the last eight meetings. Motioned by Freiburger, seconded by Heiar. All in favor. Kurczek to draft a letter and forward to Aitken-Shadle to put before City Council.

New Business:

Discussions about next steps to be taken towards planning a commission event. Agreed that it will not take place this Fall, rather next spring or summer as long as the funds are spent by June 30, 2026. Jannette provided a FY25 budget of \$6,000 and informed that they will not be carrying forward any budget money from the FY24 budget.

Kurczek to put together a poll for commissioners to list what they think the greatest need in Dubuque is, who the audience should be, what are the goals of the event, what is the timing, where is the location, and what the budget should be. The poll would also ask commissioners what their skills and passions are and how they can best contribute to the planning of the event. A subcommittee was formed and comprised of Heiar, Freiburger, and Baumhover.

Reflections and Updates

Heiar attended a Better Together event recently that was intended to introduce international students from all area colleges and provide any assistance they might need. The event was successful. They are trying to recruit medical interpreters, primarily in Spanish and Marshallese, and have grants for 20 interpreters in each language. Training for interpreters begins in October.

Adjournment:

Motion to adjourn by Jolet, seconded by Heiar. All in favor. The meeting ended at 5:32 p.m.

The next regularly scheduled meeting is scheduled for Tuesday, October 8, at 4:30 p.m., at the Multicultural Family Center.

**MINUTES
HISTORIC PRESERVATION COMMISSION
REGULAR SESSION**

5:30 p.m.

Thursday, September 19, 2024

City Council Chambers, Historic Federal Building

Commissioners Present: Acting Chairperson Janice Esser, Bill Doyle, Tim Gau, Christina Monk, Heidi Pettitt

Commissioners Excused: Rick Stuter

Commissioners Unexcused: none

Staff Members Present: Wally Wernimont and Chris Happ Olson

CALL TO ORDER: The meeting was called to order by at 5:38 p.m.

Staff Member Chris Happ Olson noted that Thea Dement was not able to join us tonight because she has recently become employed by the City of Dubuque. She explained that service on a Commission by an City employee would violate our City code. Chairperson Dement has stepped down as a result. Happ Olson requested that Chairperson Janice Esser temporarily chair the meeting.

Happ Olson also noted that at the next meeting the Commissioners will be asked to perform mid-term elections.

MINUTES: Motion by Monk, seconded by Pettitt, to approve the minutes of August 15, 2024 meeting as submitted. Motion carried by the following vote: Aye – Doyle, Esser, Gau, Monk, Pettitt; Nay – none.

ACTION ITEMS:

DEMOLITION REVIEW

Applicant: Joshua Mohr, Mohr's Way, LLC

Owner: James T. Armbrrecht

Address: 2071 Elm Street

Project: Removal of chimney on north side of roof

District: Washington Neighborhood Conservation District

Staff Member Happ Olson presented the staff report noting the historical and architectural significance of the structure. She went through historical records, photos

and maps of the site. She stated the structure is not eligible for individual listing on the National Register and is not in a potential historic district, but the request to remove the chimney and repair the roof is coming before the Commission because the structure is in a conservation district.

Owner James Armbrrecht, 2330 Hempstead Street, noted that the chimney is leaking. Commissioners Doyle and Monk noted that the chimney is not a defining characteristic or feature.

Motion by Gau, seconded by Doyle, to approve the application as submitted. Motion carried 5-0 by the following vote: Aye – Doyle, Esser, Gau, Monk, Pettitt; Nay – none.

DEMOLITION REVIEW

Applicant: Jake Roth, Wise Guys Properties
Owner: Dennis Copeland
Address: 2463 Central Avenue
Project: Removal of garage at rear of property
District: Broadway Neighborhood Conservation District

Staff Member Happ Olson presented the staff report noting the applicant wishes to demolish the garage, which is deteriorated. She referenced historical records, photos and maps of the site. She noted the structure has been surveyed in 1979 and 2002 and is not eligible for individual listing on the National Register and is not in a potential historic district, but the request to remove the chimney and repair the roof is coming before the Commission because the structure is in a conservation district. The garage was built between 1909 and 1936 according to Sanborn maps. She noted that the garage is not easily visible from the public right of way. She also noted that the main structure had recently suffered a fire, but the garage was not affected.

Applicant Jake Roth, 541 Greenwood Court, noted the property is dilapidated, with a sagging roof. Commissioner Doyle noted that the structure appears to be in poor condition.

Motion by Pettitt, seconded by Gau, to approve the application as submitted. Motion carried 5-0 by the following vote: Aye – Doyle, Esser, Gau, Monk, Pettitt; Nay – none.

DESIGN REVIEW

Applicant: Jon Clingman
Owner: Jon and Julie Clingman
Address: 195 Alpine Street
Project: Build out enclosed porch, replace garage
District: Langworthy Historic District

Staff Member Happ Olson presented the staff report noting the application was looking to build out an enclosed porch off the rear and replace the garage on slightly different and larger footprint. All parts of the application are visible from Langworthy Avenue. She

noted that the applicants were looking to create a safer entrance to the rear from the car, as Mrs. Clingman is visually impaired, and to create a more useful and enjoyable residence. Happ Olson referred to historical documents, maps, and photographs of the site, as well as the applicant's drawings and visual renderings. She described the removal of a wide, curved, brick entrance and replacement with a more traditional and appropriate entrance and the glassed in porch. She referred to the staff report comparison of the project to the relevant architectural guidelines.

Doyle asked if the garage would have similar rafter tails as currently present.

Jon and Julie Clingman, 195 Alpine Street, approached the podium. Mr. Clingman noted the structure will have rafter tails. Mrs. Clingman noted she is legally blind and described the reasons for the work, including bringing more light into the house.

Commissioners discussed the flat roof of the new structure, and noted that the design was appropriate. Clingman noted that the garage will be painted to match the house.

Motion by Gau, seconded by Pettitt, to approve the application as submitted, based on architectural drawings and with the inclusion of rafter tails. Motion carried 5-0 by the following vote: Aye – Doyle, Esser, Gau, Monk, Pettitt; Nay – none.

DESIGN REVIEW

Applicant: Joe Ungs

Owner: Joe Ungs

Address: 208-210 Bluff Street

Project: Remove awning and build new double porch at front

District: Cathedral Historic District

Staff Member Happ Olson presented the staff report noting these Queen Anne style row houses and discussed the significance of the property based on surveys and historical information. She referenced maps, surveys, historical and contemporary photographs and the applicant's drawings developed by the neighboring property owner Jeff Morton. She noted that she recently worked with the applicant to approve in-house the conversion of an enclosed porch at the rear, and not visible from Bluff Street, into a traditional open porch using cues from the building.

Joe Ungs, 2305 Simpson Street, provided samples of the crown molding and cornice beading. The Commission and owner discussed older photos provided by the applicant and looked at the drawings that were forwarded to the Commission by staff after the initial staff report. Mr. Ungs noted that the revised details including the flat double roof and pointed single roof of the neighboring 206 Bluff Street property. Because of the non-visibility of the flat roof, the Commission did not have a requirement for whether metal or EPDM was used.

Happ Olson asked whether the Commission would be comfortable with her working with Jeff Morton to approve a new porch for his adjacent building, 206 Bluff St. The

Commission was in consensus this could be approved in house using the architectural guidelines.

Motion by Doyle, seconded by Monk, to approve the application as showing in the revised drawings submitted by email to the Commission, with the revised flat roof as shown in the historic photo. Motion carried 5-0 by the following vote: Aye – Doyle, Esser, Gau, Monk, and Pettitt; Nay – none.

ITEMS FROM PUBLIC: None.

ITEMS FROM COMMISSION: None.

ITEMS FROM STAFF:

Staff Member Happ Olson noted the upcoming presentations Heritage Works and City staff at the Library on September 25, inviting owners, residents and the public, referencing the enclosed flyer.

Happ Olson noted the upcoming Dubuque Area History Expo in celebration of National Archives Day. The event is free and open to the public and takes place on Sunday, October 20, 2024 at Steeple Square, referencing the enclosed flyer.

ADJOURNMENT: Motion by Pettitt, seconded by Monk to adjourn the September 19, 2024 Commission meeting. Motion carried 5-0 by the following vote: Aye – Doyle, Esser, Gau, Monk, Pettitt; Nay – none.

The meeting adjourned at 7:37 p.m.

Respectfully submitted,

Wally Wernimont, Planning Services Director

October 17, 2024

Adopted

MINUTES FOR HOUSING COMMISSION MEETING

DATE: Tuesday, July 23, 2024
TIME: 4:00 p.m.
PLACE: Housing and Community Development Department
350 West 6th Street; Dubuque, IA 52001

Chairperson Rick Baumhover called the meeting to order at 4:04 p.m. following staff assurance of compliance with Iowa Open Meeting Law.

Commissioners Present:	Rick Baumhover	Ross Janes	Julietta Scott
	Cathy Dickens	Renee Kehoe	Sam Wooden
	Amy Eudaley	Rick Merfeld	

Commissioners Absent: *None*

Staff Present:	Alexis Steger	Tonya England
	Gina Hodgson	Hollie Ohnesorge

Public Present: *None*

Landlords Serving on Housing Commission

Alexis Steger, Department Director, asked the Housing Commissioners to confirm whether they are landlords. During roll call for the eight (8) Housing Commissioners, two (2) confirmed they were current landlords—Commissioner Cathy Dickens and Commissioner Julietta Scott. During the second roll call, Commissioner Dickens and Commissioner Scott verbally confirmed they will contact the Department if they decide to accept a housing assistance participant and submit their respective resignations.

Certification of Minutes – January 23, 2024, Housing Commission Meeting

Commissioner Sam Wooden moved to approve the Minutes for the January 23, 2024 Housing Commission Meeting. Commissioner Renee Kehoe seconded. Eight (8) in favor. Zero (0) not in favor. Zero (0) abstained. Motion passed.

Correspondence/Public Input

There was no correspondence nor public input.

New Business

a) Analysis of Impediments to Fair Housing RFP

Steger reported one response went out for the Analysis of Impediments to Fair Housing RFP; it is in the process of being signed. The Department will be looking to obtain comments; it will be placed on the Agenda for the next quarterly Housing Commission Meeting. A Public Hearing will be held in January 2025; Mary Bridget Corken-Deutsch will be presenting the information.

b) HCV Briefing Update

Hollie Ohnesorge, Assisted Housing Coordinator, spoke about the Housing Choice Voucher (HCV) briefing, which is a tool the Department uses to provide information regarding the rules and regulations for the housing assistance programs. A 45-minute video was created to replace the in-person briefing during the COVID-19 pandemic. Assisted Housing is working to recreate the video by the end of the year so that it is approximately 20 minutes long.

c) Deposit Assistance Fund Update

Gina Hodgson, Assisted Housing Supervisor, spoke about the Community Development Block Grant (CDBG) funding for the security deposit assistance program. She explained that \$50,000 was received from Iowa Finance Authority (IFA) and \$25,000 was received as matching funds grant from the Community Foundation. Of the grant, \$29,000 has been spent

MINUTES FOR HOUSING COMMISSION MEETING

and the balance is committed. Thirty-eight (38) applications have been completed or are in the process of being completed. The timeline is from January to December for offering the grant funding. If the Department decides to apply for additional funding, the application is due by October 2024.

Steger added preference is given to homeless or at-risk for homelessness. The Commission will be notified if the waiting list is reopened for the program.

d) Resident Advisory Board (RAB) Attendance

Hodgson stated the Resident Advisory Board had thirteen (13) people to attend the last quarterly meeting; there was a great discussion.

e) Delivering Dubuque Video Announcement

Mayor Brad Cavanagh and Alexis Steger completed a video regarding housing as part of the Delivering Dubuque video series. Also, LaMetra Murdock, Family Self-Sufficiency Coordinator, and a program participant completed a video that promoted the Next Level Savings Program.

Reports

a) Community Development Advisory Commission Report

Commissioner Renee Kehoe reported on the meeting held on June 26, 2024 for the Community Development Advisory Commission (CDAC). The Commission reviewed the by-laws. Kehoe explained the meetings will change from being held monthly to being held when necessary.

b) Assisted Housing Waiting List Statistical Summary

Ohnesorge stated the report dated 4/1/24 to 6/30/24 showed the most recent data for the Housing Choice Voucher Waiting List. During May 2024, all applicants (174) were selected and placed on the waiting list. In June 2024, all 190 applicants who applied for the HCV program were selected and placed on the waiting list.

One hundred eighty-four (184) voucher holders are actively looking for units; 106 were from the selection in May and June. Of all the applicants selected during May and June, twenty-one (21) are already leased up and using their respective vouchers. Four (4) applicants leased in place in June. One hundred sixty (160) applications were still being processed.

c) Housing Choice Voucher Participant Statistical Summary

Ohnesorge did not report additional information related to the Household Composition Report.

Information Sharing

a) Hodgson stated there were two (2) open seats on the Housing Commission.

b) Commissioner Wooden announced his term was ending prior to the next meeting and he was not planning to apply for reappointment to the Housing Commission.

c) Commissioner Baumhover distributed information on meeting days/times for the neighborhood associations in Dubuque.

d) National Night Out will be held in Comisky Park on August 6, 2024.

Adjournment

There being no further business to come before the Commission, Commissioner Wooden moved to adjourn the meeting. Commissioner Dickens seconded. Motion passed by voice vote. Meeting adjourned at 4:52 p.m.

CALL TO ORDER: Kennicker called meeting to order at 4:32pm.

MINUTES APPROVED VOTE:

It was moved by Tigges, seconded by Axtell, to approve the minutes of the July 9, 2024, meeting. Unanimous.

PUBLIC INPUT:

None

TOUR OF SUTTON POOL FOLLOWED BY FLORA POOL

ADJOURNMENT:

It was moved by Axtell, seconded by Ollendick, to adjourn the meeting 6:38 p.m. Unanimous.

PARK AND RECREATION COMMISSION MEETING
Tuesday, September, 10, 2024
Eagle Point Park – Eagle’s View Pavilion
2601 Shiras Avenue, Dubuque, Iowa 52001

PRESENT: Jennifer Tigges, Josh Jorgenson, Robin Kennicker, Ron Axtell, and Lori Ollendick(via phone)

ABSENT: Jess Ochoa, Jason Henkel

STAFF PRESENT: Steve Fehsal, Dan Kroger, Marie Ware, and Angie Metcalf.

CALL TO ORDER: Tigges called meeting to order at 4:37pm.

MINUTES APPROVED; VOTE:

It was moved by Axtell, seconded by Kennicker, to approve the minutes of the August 13, 2024, meeting. Unanimous.

PUBLIC INPUT:

None

SCHMITT ISLAND DEVELOPMENT PLAN INFORMATION AND DISCUSSION:

Director of Leisure Services Ware presented updates on the Schmitt Island Development Plan. Ware provided print copies of the City Council Work Session to the council members present and mailed print copies to Ochoa and Henkel.

DISCUSS AND RECOMMENDATION OF 897 CENTRAL PARK SUBLEASE AND OPERATIONS AGREEMENT WITH DUBUQUE FORWARD LLC:

Kinnicker made a motion to recommend 897 Central Park Sublease and operations agreement with Dubuque Forward LLC. Axtell seconded. Unanimous.

CITY COUNCIL GOALS AND PRIORITIES REVIEW:

Kroger reviewed City Council Goals Top Priorities and High Priorities related to Leisure Services. Committee had no questions.

LEASE WITH STONE CLIFF WINERY TO USE THE ALLIANT AMPHITHEATER IN THE PORT OF DUBUQUE, RECENTLY UPDATED AND APPROVED BY THE CITY COUNCIL:

Ware provided details regarding the new lease that was signed and implemented.

PROJECT UPDATES:

Fehsal provided updates on the 3 mini parks started and are remaining on track to be completed. Jefferson park wall should be mobilized this week and fully completed by mid to late October. Welu park, finalized structure based on community input and working on contracts and working with playground vendor to get playground purchased. Might not get completed by the end of this year. Working on the comprehensive plan RFP hopefully funded by ARPA and has to have a consultant hired by the end of the year. Hopeful to post that RFP the first week in October. Working with a vendor to replace the sand at Flora Park playground with rubber surfacing. October 7th is the date they will be on site. Jared will be back October 14th.

MANAGER REPORTS:

None.

COMMISSION COMMUNICATIONS/QUESTIONS:

Ware, Fehsal and Kroger provided detail on the upcoming discussion of dogs in parks that was brought up in the City Council Meeting on 9/3/2024. Further discussion with the Commission will occur during the October or November meeting with data provided from Fehsal and Kroger. Axtel asked if the Alliant Amphitheater will be large enough to accommodate the music that used to be housed at the Arboretum. Ware explained she asked the organizer about the number of attendees and did not see a concern.

ADJOURNMENT:

It was moved by Axtell, seconded by Kinnicker, to adjourn the meeting 6:10 p.m. Unanimous.

MINUTES APPROVAL: Evans motioned to approve the August minutes. Boles seconded. Motion carried. Jayawickrama abstained

PUBLIC COMMENT: N/A

NEW BUSINESS

- Unified Development Code Update by Sheena Moon
 - Planning staff met with consultant (Camiros) on Sept 3, 2024 to make sure the City and the consultants were on the same page. This meeting's purpose was to Identify who are the key stakeholders, what info the consultant needs, share the Climate Action Plan, share the Imagine Dubuque plan,
 - Striking a balance between promoting development and holistic city interests
 - Stakeholder engagement is key
 - Community engagement, technical advisory committee, developers round table, city boards, city commissions, and committees (Long Range planning advisory committee, Zoning board of adjustment, housing commission, resilient community advisory commission, development review)
 - Parking is going to be a huge discussion, especially when it comes to sustainability
- Dubuque colleges Sustainability coalition update by Ashley Noonan
 - It's a collection of 7 area colleges who are all coming together and working on issues of sustainability.
 - Strong focus on economic benefits and funding of sustainability measures
 - Looking at capacity constraints that make sustainable measures difficult
 - Partnering with community groups and making sure that there is an feasible way to follow through with sustainable measures after the sustainable colleges coalition gives a donation or etc.

- They have been doing a lot of info sharing between the stakeholders. What's working and what isn't?
- How are people addressing barriers within their institutional structure
- At UD there are a couple of pilot efforts and have been info sharing with the other colleges
 - Two students are doing waste research, waste education, assessing the flow of waste through the institution
 - How do we minimize our waste?
- Using EnergyStar – metering is weird! Asking questions and digging to understand why things are the way they are
- Sept 19th à International Day of Peace
- Oct 2nd à Waste panel at Clark University: starting conversations around food waste. How do we know our recycling and compost programs are effective? How do we continue to assess and measure that. Talking more about hard to recycle materials.
- Oct 7th-9th à Iowa waste and recycling conference
- Emmaus, NICC, Loras colleges have some native vegetation gardens that could possibly be good to do pesticide free garden tours in.
- Sustainability staff will be working on our budget request
 - Permanency for Michelle's position
 - Does the commission have anything that they want us to consider?
 - Street maintenance, Chaplain Schmitt development, parks maintenance à is there a way that the Office of Sustainability can support these priorities? There seems to be so many missed opportunities for small sustainable changes. Thinking holistically about street maintenance.
 - The commission might have interest in some of these goals if the commission understood the details a little more
 - Sustainability staff are being realistic about what they have capacity to take on
- SD Grant Subcommittee
 - Gina will send out the applications and the rubric to subcommittee 9/16
 - Robyn, Jake, and Sandra are willing to be on the subcommittee
- State & Federal Legislative Priorities
 - Net metering is going away in Illinois, it's expecting that that's going to come back to Iowa. We need to flag this. Solar companies are worried about this as well
 - What are you seeing at the state level that we want to advocate for?
 - Adopting a more robust energy code than 2012
 - Using solar farms as an opportunity to plant natives for pollinators
 - Water sense all buildings, but this needs to start with the city. City needs to start these things in city buildings and then show data on how much \$ is saved
 - We will leave this on the agenda for future discussions

OLD BUSINESS

- a. Urban Ag Guide
 - a. Josh wrote the letter to city council supporting the additions to the urban ag guide
 - b. Commission did some minor edits on the letter

HOW DID I SHOW UP? COMMISSIONER REPORTS:

Dean: Community development advisory commission had a public meeting for the consolidated action plan report

Robin: Parks and recs commission had tours of some pools, these pools need maintenance or to be replaced. There's a lot of discussion for a new aquatic center, possibly need to be put in the North end

Lalith: Sponsored a free community library in his home country with hopes to propagate this to other areas.

Josh: Met with City Councilman David Resnick, continues to advocate for City Council and Mayor to meet with RCAC.

NEXT MEETING: The next commission meeting will occur on October 3, 2024, at 5pm at the Jule Operations and Training Center (JOTC) in the Circle Conference Room, 949 Kerper Blvd.

ADJOURNMENT: The Commission adjourned at 6:38 pm.

Minutes approved by: 
Jacob Kohlhaas, Commission Chair

Prepared by: 
Michelle Kim, Climate Action Coordinator

CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
SPECIAL SESSION

The Dubuque City Council met in special session at 6:30 p.m. on September 30, 2024, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick (attended virtually), Roussell, Sprank, Wethal; City Manager Van Milligen, City Attorney Brumwell.

Mayor Cavanagh read the call and stated this is a special session of the City Council called for the purpose of conducting a work session on the Central Avenue and White Street Corridor Traffic Study.

WORK SESSION

Central Avenue and White Street Corridor Traffic Study

Traffic Engineer Justine Hull introduced Bolton and Menk Senior Traffic Engineer Jennifer McCoy and Urban Planner Andrew Dresdner, who presented on the progress of the Central Avenue and White Street Corridor Traffic Study and outlined four potential scenarios for traffic routing. The consultants addressed a range of questions from the City Council, covering topics such as interpreting conflict points, congestion level timeframes, state design standard requirements, connectivity, and the city's input on scenarios. In response to questions, City Manager Van Milligen noted that the 14th Street overpass, officially named the Building Bridges to Employment and Equity (B2E2) Project, is projected for completion in 2030. He also mentioned that he advised the consultants not to request any decisions from the City Council tonight, given that it was the first time the information was being presented and the session was meant for discussion. Van Milligen indicated that the timeline for implementing any updates to traffic routing is contingent on the funding source, pointing out that any major changes will likely result in a projected completion date of 2030. In response to a question about why costs were not included with each scenario, the consultants explained that they deliberately chose not to present cost information at this point in the study to focus on guiding principles. If the traffic routing scenarios are narrowed down to two options, they will be able to share cost details at their next presentation to the City Council on November 18th, 2024. The City Council offered feedback on several topics, including gathering public input from various stakeholders, enhancing connectivity to key locations and routes, addressing parking concerns, and determining how to achieve the desired vehicle speeds.

ADJOURNMENT

There being no further business, Mayor Cavanagh declared the meeting adjourned at 7:49 p.m.

CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
SPECIAL SESSION

The Dubuque City Council met in special session at 5:30 p.m. on October 7, 2024, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen, City Attorney Brumwell.

Mayor Cavanagh read the call and stated this is a special session of the City Council called for the purpose of conducting a work session on the Smart Parking Mobility Management Plan.

WORK SESSION

Smart Parking Mobility Management Plan

Director of Transportation Services Ryan Knuckey introduced Kevin White from Walker Consulting, who together presented the progress of the Smart Parking Mobility Management Plan. White responded to City Councils questions on transaction fees, strategies for the system to financially sustain itself, and registration options for parking ramps. In response to a question about data retention timeframes for license plates, White explained that the Information Technology (IT) department had consulted with vendors to ensure Payment Card Industry (PCI) compliance. Collaboration will occur with the City Attorneys Office to establish appropriate retention periods. He also noted that users could opt not to store their license plate information in the system. Addressing inquiries about potential updates to city code, White and Knuckey indicated that changes to on-street parking locations and certain rate adjustments would be necessary. Once the contract with the chosen vendor for ramp parking technology is finalized, staff will proceed with the relevant code updates. City Council members voiced their support for the variety of payment options available for parking meters and ramps, as well as the use of data to guide informed decision-making.

There being no further business, Mayor Cavanagh declared the meeting adjourned at 6:25 p.m.

BOARDS/COMMISSIONS

Applications were reviewed for the following Boards and Commissions. Applicants were invited to address the City Council regarding their desire to serve on the following Boards/Commissions.

1. Resilient Community Advisory Commission: One, 3-Year term through July 1, 2027 (Vacant term of Hoffman). Applicant: Rachel Schmidt Boeke, 1241 Jackson St. Boeke spoke in support of their application.

2. Zoning Advisory Commission: One, 5-Year term through July 1, 2027 (Vacant term of Sempf). Applicant: Troy Froistad, 477 West 3rd St. City Clerk Breitfelder announced that Froistad submitted written input in support of their application.

Appointments were made to the following boards/commissions.

1. Civic Center Advisory Commission: One, 3-Year term through June 29, 2027 (Expired term of Jacobs). Applicant: Danielle Jacobs, 3130 Shiras Ave. Motion by Roussell to appoint Jacobs to the term. Seconded by Sprank. Motion carried 7-0.

2. Community Development Advisory Commission: One, 3-Year term through February 15, 2026 (Vacant At-Large term of Mozena); One, 3-Year term through February 15, 2027 (Vacant Low to Moderate Income Representative term of Woodyard). Applicants: Gabriel Mozena, 196 Bluff St. (Qualifies for Low to Moderate Income Representative and At-Large); Julie Woodyard, 1950 Coates St. (Qualities for At-Large). Motion by Jones to appoint Woodyard to the At-Large term. Seconded by Wethal. Motion carried 7-0. Motion by Farber to appoint Mozena to the Low to Moderate Income Representative term. Seconded by Sprank. Motion carried 7-0.

PUBLIC HEARINGS

1. Iowa Amphitheater on Schmitt Island Project Bid Package No. 1 (Site Demolition & Mass Grading) Public Hearing: Motion by Jones to receive and file the documents and adopt Resolution No. 317-24 Approval of Plans, Specifications, Form of Contract, and Estimated Cost for the Iowa Amphitheater on Schmitt Island Project Bid Package No. 1 (Site Demolition & Mass Grading). Seconded by Sprank. Responding to a question from the City Council, City Manager Van Milligen stated that city staff will confirm the actual cost of the project once they receive bids. Civil Engineer Nathan Steffen explained the

project estimates. Motion carried 7-0.

ACTION ITEMS

1. Off-Premises Sign Regulations: Motion by Roussell to receive and file the documents and refer to the City Council for discussion. Seconded by Sprank. Planning Services Director Wally Wernimont explained that the recent rezoning of the former Bridge restaurant, along with concerns raised by Washington St. residents, prompted staff to present options on off-premises sign regulations for City Council's consideration. Mr. Wernimont provided an overview of the history of the City's Unified Development Code (UDC), discussed the upcoming UDC revision process, and highlighted differences in sign regulations in other cities. City Council members expressed support for the ordinance imposing a temporary moratorium on new off-premises signs and initially proposed holding the first reading of the ordinance at this meeting, as it is a new proposal. Motion by Jones to receive and file the communications and approve first reading of a proposed ordinance Amending City of Dubuque Code of Ordinances Title 14 Building and Development, Chapter 2 Building Construction, Demolition and Moving, Section 14-2-4 Moratorium for Construction or other work on certain streets, areas, or facilities by adding Section B Off Premises Sign Study Area. Seconded by Sprank. After discussion, the City Council concluded that allowing a two-week window for businesses to submit applications for new off-premises signs could lead to an increase in applications. The Council agreed that adopting the ordinance during this meeting would be the most effective way to prevent that. Motion withdrawn by Jones, who then motioned to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Sprank. Motion carried 7-0.

Motion by Jones for final consideration and passage of Ordinance No. 58-24 Amending City of Dubuque Code of Ordinances Title 14 Building and Development, Chapter 2 Building Construction, Demolition and Moving, Section 14-2-4 Moratorium for Construction or other work on certain streets, areas, or facilities by adding Section B Off Premises Sign Study Area. Seconded by Sprank. Motion carried 7-0.

2. Request for Proposals (RFP) for Historic Millwork District Outdoor Community Space Engagement, Design, Construction Management: Motion by Roussell to receive and file the documents and approve the RFP for Historic Millwork District Outdoor Community Space Engagement, Design, and Construction Management, and then direct staff to post the RFP and initiate the consultant selection process. Seconded by Wethal. In response to a City Council question, Wernimont explained that the proposed cost covers hiring the contractor, conducting community engagement, and developing the concept plan. He also outlined the role of the steering committee and emphasized that the park will be accessible to the entire community. City Manager Van Milligen added that the cost includes constructing the new park, noting that the final cost will be determined after public engagement. Van Milligen also stated that it will be the City Council's decision on transitioning the current parking lot into a park. Motion carried 7-0.

3. Public Safety Software Recommendation: Motion by Wethal

to receive and file the documents and approve entering into a contract with CentralSquare Technologies for public safety software for the City of Dubuque and its partner public safety agencies and give authorization to the Mayor to sign the contract. Seconded by Farber. In response to questions from the City Council, Police Chief Jeremy Jensen explained that the City's IT Department manages IT services for both the City Police Department and the Dubuque County Sheriff, and that the cost is comparable to the City's current software. Addressing a concern about some of the software developers being located overseas, City Attorney Brumwell noted that Chief Information Officer Chris Kohlmann and Senior Counsel Barry Lindahl reviewed the contract. While the City can suggest changes, they often must agree to the contract terms. The IT Department reviews the technical aspects, while the City Attorneys Office evaluates the legal components. City Council members expressed appreciation for the ongoing collaboration with Dubuque County and highlighted the importance of modernization. Motion carried 7-0.

4. Work Session Request: Automated License Plate Reader (ALPR) Update: Motion by Roussell to receive and file the documents and schedule the work session for October 21, 2024, at 5:30 p.m. Seconded by Resnick. Motion carried 7-0.

COUNCIL MEMBER REPORTS

Council Member Wethal congratulated Mayor Cavanagh on his appointment as President of the Iowa League of Cities (ILC). Wethal also reported on her attendance at an ILC conference, touring the Dubuque Arboretum and Botanical Gardens, attending the Connecting Communities in Americas Conference, and the upcoming Twenty Dirty Hands Pottery Tour.

Council Member Farber reported on attending meetings related to her service on committees with the Federal Communications Commission (FCC) and National League of Cities (NLC).

Council Member Jones reported on attending Kwik Stars ribbon-cutting for their new location, the groundbreaking for Wanderwood Gardens, speaking with the Surveyors Historical Society during their visit to Dubuque, a tree planting memorial in honor of former Council Member Joyce Connors, touring the Field of Dreams with Travel Dubuques Outreach Committee, the ribbon-cutting for the new playground at Lincoln Elementary School, the Denver Air Connection event at the Dubuque Regional Airport, and the Telegraph Herald's Salute to Women awards ceremony. Jones also mentioned the recent publication of Greater Dubuque Development Corporations (GDDC) new relocation guide.

Council Member Sprank reported on also attending the tree planting memorial, recent meetings attended as part of serving on the Dubuque Racing Association (DRA) and GDDC boards, the Northend Neighborhood Association's annual yard sale, the Latinx Festival, and a Bluff Strokes event.

Council Member Roussell reported on a tree planting event at Four Mounds.

Mayor Cavanagh reported on attending a recent performance of the Dubuque Symphony and the Denver Air Connection event. Cavanagh also expressed that he was honored to be elected as ILC President.

CLOSED SESSION

Motion by Jones to convene in closed session at 7:57 p.m. to discuss Purchase or Sale of Real Estate Chapter 21.5(1)(j) Code of Iowa. Seconded by Resnick. Mayor Cavanagh stated for

the record that the attorney who will consult with City Council on the issues to be discussed in the closed session is City Attorney Brumwell. Motion carried 7-0.

The City Council reconvened in open session at 8:54 p.m. stating that staff had been given proper direction.

ADJOURNMENT

There being no further business, Mayor Cavanagh declared the meeting adjourned at 8:54 p.m.

CONSENT ITEMS # 4.

ITEM TITLE: Approval of City Expenditures

SUMMARY: City Manager recommending City Council approval for payment of City expenditures.
RESOLUTION Authorizing the Chief Financial Officer/City Treasurer to make certain payments of bills that must be paid and approved for payment in accordance with City procedures

SUGGESTED DISPOSITION: Receive and File; Adopt Resolution(s)

ATTACHMENTS:

1. Memo Council for 11.4.24
2. Resolution_Approving_Expenditures (40)
3. Expenditure Report - Approvals
4. Expenditure Report - Exceptions

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Expenses Submitted for City Council Approval

DATE: October 28, 2024

Finance is submitting the following expenses to City Council for approval at the November 4, 2024, meeting. Payments on these expenses will be made November 6, 2024.

In addition, Finance is submitting expenses paid since October 23, 2024, to City Council for review. The payments for these claims were approved either by prior City Council action or meet the criteria as an exemption to prior City Council approval.

Pursuant to Iowa Code §372.13A *Payments without prior authorization of council*, all expenses are submitted to City Council for approval before payment, except if approved by prior City Council action or are exempt under City Council resolution 142.18.

RESOLUTION NO.

AUTHORIZING THE CHIEF FINANCIAL OFFICER / CITY TREASURER TO MAKE CERTAIN PAYMENTS OF BILLS THAT MUST BE PAID AND APPROVED FOR PAYMENT IN ACCORDANCE WITH CITY PROCEDURES

Whereas, Section 1-7-7(E) of the Municipal Code of the City of Dubuque provides that the Finance Director-City Treasurer shall keep an accurate account of all disbursements, money, or property, specifying date, to whom, and from what fund paid; and

Whereas, the invoices, presented by those firms and persons providing such goods and services have been pre-audited by Finance Department personnel in accordance with generally accepted internal control procedures and have been determined to have been requisitioned for a lawful municipal purpose; and

Whereas, the Chief Financial Officer-City Treasurer has provided a list of Expenditures attached hereto, and by this reference made a part hereof, to be drawn to pay for goods and services provided for City purposes; and

Whereas, the City Council of the City of Dubuque has heretofore, by Resolution 142-18 adopted May 7, 2018, authorized the Chief Financial Officer-City Treasurer to issue checks in payment of certain expenditures known as Exception Expenditures prior to City Council approval and such list is attached hereto.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The Chief Financial Officer-City Treasurer is hereby authorized to issue payment for goods and services provided for City purposes in response to the purchase orders and contracts issued in compliance with state and municipal code requirements as requested by designated requisitioning authorities in accordance with approved budget appropriations.

Section 2. In accordance with Iowa Code Section 372.13(6), the City Clerk and Chief Financial Officer are hereby authorized and directed to provide the statement of receipts and disbursements to the City Council, and to publish a summary thereof.

Passed, approved, and adopted this _____ day of _____, 20__.

Brad M. Cavanagh, Mayor

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Reimbursement Resolution – Fire Facilities and Equipment

DATE: October 30, 2024

Chief Financial Officer Jennifer Larson recommends City Council approval of a reimbursement resolution to serve as “official intent” to reimburse the project expenditures for Fire Department facilities and equipment capital expenditures, as required under the federal tax-exempt bond regulation. The resolution will allow reimbursement of project costs from a tax-exempt bond issued at a later date and allows the general fund to be reimbursed for all Fire Department facilities and equipment capital expenditures, from bonds that will be issued in the future.

I concur with the recommendation and respectfully request Mayor and City Council approval.

INTRODUCTION

The purpose of this memorandum is to provide a reimbursement resolution to serve as “official intent” to reimburse the project expenditures for Fire Department facilities and equipment capital expenditures, as required under the federal tax-exempt bond regulation.

DISCUSSION

The resolution will allow reimbursement of project costs from a tax-exempt bond issued at a later date and allows the general fund to be reimbursed for all Fire Department facilities and equipment capital expenditures, from bonds that will be issued in the future.

RECOMMENDATION

I respectfully recommend the adoption of the enclosed resolution.

Re: Reimbursement Regulation Resolution
Our file: 430411-10

Dear Jenny:

We have prepared the attached resolution which may be adopted by the City Council on November 4, 2024 (or a later date of your choosing) in order to comply with federal regulations and to preserve the City's eligibility to be reimbursed from future tax-exempt bond proceeds for undertaking fire protection facilities improvements and equipment acquisition.

Please return one fully executed copy of the resolution to us for our files. Please contact Dave Grossklaus or me with questions.

Best regards,

John P. Danos

ADOPT FEDERAL REIMBURSEMENT
RESOLUTION

430411-10

Dubuque, Iowa

November 4, 2024

The City Council of the City of Dubuque, Iowa, met on November 4, 2024, at _____
o'clock __.m., at _____, Dubuque, Iowa.

The meeting was called to order by the Mayor, and the roll was called showing the
following Council Members present and absent:

Present: _____

Absent: _____.

The City Clerk reported that, in order to preserve the City's eligibility to issue tax-exempt
bonds for undertaking fire protection facilities improvements and equipment acquisition, it would
be necessary for the City Council to adopt a resolution declaring the Council's intent to expend
current cash on-hand and to later reimburse those expenses from the proceeds of a bond issue.
Council Member _____ introduced the resolution next hereinafter set out,
related to financing the projects, and moved its adoption, seconded by Council Member
_____. After due consideration and discussion, the Mayor put the question
upon the adoption of said resolution, and the roll being called, the following Council Members
voted:

Ayes: _____

Nays: _____.

Whereupon, the Mayor declared the resolution duly adopted as hereinafter set out.

• • • •

At the conclusion of the meeting, and upon motion and vote, the City Council adjourned.

Mayor

Attest:

City Clerk

RESOLUTION NO. _____

Resolution relating to the financing of proposed projects and acquisitions to be undertaken by the City of Dubuque, Iowa; establishing compliance with reimbursement bond regulations under the Internal Revenue Code

BE IT RESOLVED by the City Council (the “Council”) of the City of Dubuque, Iowa (the “City”), as follows:

Section 1. Recitals.

(a) The Internal Revenue Service has issued Section 1.150-2 of the Income Tax Regulations (the “Regulations”) dealing with the issuance of bonds, all or a portion of the proceeds of which are to be used to reimburse the City for project expenditures made by the City prior to the date of issuance.

(b) The Regulations generally require that the City make a prior declaration of its official intent to reimburse itself for such prior expenditures out of the proceeds of a subsequently issued borrowing and that the borrowing occur and the reimbursement allocation be made from the proceeds of such borrowing within a certain period after the payment of the expenditure or the date the projects are placed in service; and

(c) The City desires to comply with requirements of the Regulations with respect to certain projects and acquisitions hereinafter identified.

Section 2. Official Intent Declaration.

(a) The City proposes to undertake the following projects and acquisitions and to make original expenditures with respect thereto prior to the issuance of bonds, notes or other obligations (the “Bonds”) and reasonably expects to issue the Bonds for such projects and acquisitions in the maximum principal amount shown below:

<u>Projects/Acquisitions</u>	<u>Maximum Amount of Bonds Expected to be Issued for Projects/Acquisitions</u>
Undertaking capital improvements to municipal fire protection buildings and facilities and acquiring vehicles and equipment for the municipal fire department	\$4,000,000

(b) Other than (i) expenditures to be paid or reimbursed from sources other than the Bonds or (ii) expenditures made not earlier than sixty days prior to the date of this Resolution or (iii) expenditures amounting to the lesser of \$100,000 or 5% of the proceeds of the Bonds or (iv) expenditures constituting preliminary expenditures as defined in Section 1.150-2(f)(2) of the Regulations, no expenditures for the projects and acquisitions have heretofore been made by the City for which the City will seek reimbursement from the proceeds of the Bonds.

(c) This declaration is a declaration of official intent adopted pursuant to Section 1.150-2 of the Regulations.

Section 3. Budgetary Matters.

As of the date hereof, there are no City funds reserved, allocated on a long term basis or otherwise set aside (or reasonably expected to be reserved, allocated on a long term basis or otherwise set aside) to provide permanent financing for the expenditures related to the projects and acquisitions, other than pursuant to the issuance of the Bonds. This resolution, therefore, is determined to be consistent with the City's budgetary and financial circumstances as they exist or are reasonably foreseeable on the date hereof, all within the meaning and content of the Regulations.

Section 4. Reimbursement Allocations.

The City's finance officer shall be responsible for making the "reimbursement allocations" described in the Regulations, being generally the transfer of the appropriate amount of proceeds of the Bonds to reimburse the source of temporary financing used by the City to make payment of the prior costs of the projects and acquisitions. Each allocation shall be evidenced by an entry on the official books and records of the City maintained for the Bonds, shall specifically identify the actual prior expenditure being reimbursed or, in the case of reimbursement of a fund or account, the fund or account from which the expenditure was paid, and shall be effective to relieve the proceeds of the Bonds from any restriction under the bond resolution or other relevant legal documents for the Bonds, and under any applicable state statute, which would apply to the unspent proceeds of the Bonds.

Section 5. Repealer.

All resolutions, parts of resolutions, or actions of the City Council in conflict herewith are hereby repealed, to the extent of such conflict.

Passed and approved November 4, 2024.

RE: Tschiggfrie Parcel

Attached is a letter from Attorney John C. O'Connor requesting that the City accept a deed to a parcel owned by Edward and Joan Tschiggfrie. The parcel was the subject of an Acquisition Plat in 2002. The intent, according to Mr. O'Connor, was that the parcel would be transferred to the City in connection with what is now the ITC Trail.

Attached is a map showing the location of the parcel.

I recommend the attached Resolution accepting the deed be submitted to the City Council for consideration and approval.

TO: Michael C. Van Milligen, City Manager
FROM: Gus Psihoyos, City Engineer
DATE: October 30, 2024
SUBJECT: City Hall Annex Roof Replacement Project
Project Code: 5565000001

INTRODUCTION

The attached resolution provides for the acceptance of the public improvement construction contract for the City Hall Annex Roof Replacement Project.

BACKGROUND

The City Hall annex roof on the building was more than 20 years old and was in a significant state of deterioration. The Facilities Management Team (FMT) had twice over that past 3 months hired roofing contractors to patch the existing roof to prevent water from leaking into the building. That work was only marginally successful and during heavy intensity rain events water still leaked into the building. Since the top floor of the Annex is home of the City's Information Services Department, water leaking in the building can lead to a critical disruption of services. During a heavy rain event the computer training lab and two employee workspaces became temporarily unusable.

In response to permanently addressing the active roof leaks, the FMT expedited receiving emergency informal bid quotations from two local contractors for replacing the roof on the building. The based bid solicited pricing to replace the roof in kind with a single ply ketone ethylene ester flexible membrane product that provided a 20-year warranty. The bid documents also required pricing for an alternative bid to provide a metal roof with a 20-year warranty but would have a 50-year life expectancy. Based on the bid results, since the cost differential between the base bid and the alternate bid was only 8% while the life expectancy of the alternate bid roof is 30 additional years longer, Giese Roofing Company was awarded the alternate bid. Replacement of the roof has been coordinated with the Planning Services Department to ensure compliance with Historic Preservation District requirements.

DISCUSSION

The City Hall Annex Roof Replacement Project was completed by Giese Roofing Company in the final contract amount of \$182,160.00 which is a 4.8% decrease above the original contract amount of \$191,395.00.

RECOMMENDATION

I recommend that the City Council accept the Public Improvements and authorize the payment of \$182,160.00 to Giese Roofing Company of the City Hall Annex Roof Replacement Project.

BUDGET IMPACT

The project cost for the City Hall Annex Roof Replacement is \$182,160.00 and will be funded as follows:

Funding Code	Funding Description	Award	Final
5565000001	City Annex Roof Replacement	\$ 82,500	\$ 82,413.02
5565000008	City Annex Window Replacement	75,000	75,000.00
100-55-5514-60-650-5505-00-01-63100	City Hall Building Maintenance	4,975	4,116.43
100-55-5515-60-650-5505-00-01-63100	City Annex Building Maintenance	13,775	13,775.00
100-55-5515-60-650-5505-00-01-65045	City Annex Building Maintenance	8,000	6,855.55
Total Project Funding:		\$191,395	\$182,160.00

ACTION TO BE TAKEN

The City Council is requested to adopt the attached resolution to accept the Public Improvement Construction Contract and to authorize the payment of the contract amount of \$182,160.00 to Giese Roofing Company for the City Hall Annex Roof Replacement Project.

Prepared by: Kerry Bradley, Project Support Specialist
cc: Justin Hogan, Facilities Manager

RESOLUTION NO. -24

**ACCEPTING THE CITY HALL ANNEX ROOF REPLACEMENT PROJECT AND
AUTHORIZING FINAL PAYMENT TO THE CONTRACTOR**

WHEREAS, the Public Improvement Contract for the City Hall Annex Roof Replacement Project (the Project) has been completed by the contractor, Giese Roofing Co. (Contractor), and the City Engineer has examined the work and recommends that the Project be accepted; and

WHEREAS, the final contract amount for the Project is \$182,160.00;

WHEREAS, the Contractor has previously been paid \$173,052.00, leaving a balance of \$9,108.00; and

WHEREAS, the City Council finds that the recommendation of the City Engineer should be accepted.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

SECTION 1. The recommendation of the City Engineer is approved, and the Project is hereby accepted.

SECTION 2. The Director of Finance and Budget is hereby directed to pay the balance of the retainage of \$9,108.00 as provided in Iowa Code chapter 573, and to pay such retainage in accordance with the provisions of Iowa Code chapter 573 or Iowa chapter 26.13.

Passed, approved and adopted this 4th day of November 2024.

Brad M. Cavanagh, Mayor

Attest:

Adrienne N. Breittfelder, CMC City Clerk

CITY ENGINEER'S CERTIFICATE OF FINAL COMPLETION OF THE CITY HALL ANNEX ROOF REPLACEMENT PROJECT

The undersigned City Engineer of the City of Dubuque, Iowa, hereby certifies that he has inspected the City Hall Annex Roof Replacement Project and work has been performed in compliance with the terms of the Public Improvement Contract, and that the total cost of the completed work is \$182,160.00.

2024–2026

DUBUQUE CITY COUNCIL

GOALS & PRIORITIES

LOOKING AHEAD

Over the course of three sessions in August, City Council members affirmed the 15-year vision statement and mission statement and identified eight five-year goals for the city.

They also identified top and high priorities for a 2024–2026 policy agenda as well as in-progress projects and capital projects for 2024–2026.

POLICY AGENDA

Policy agenda items are issues that need direction or a policy decision by the City Council, or need a major funding decision by the City Council, or issues that need City Council leadership in the community or with other governmental bodies. The policy agenda is divided into top priorities and high priorities.

2024 – 2026 Top Priorities *(in alphabetical order)*

VISION STATEMENT

Dubuque 2039 is a sustainable and resilient city and an inclusive and equitable community where ALL are welcome. Dubuque 2039 has preserved our Masterpiece on the Mississippi, has a strong diverse economy and expanding connectivity. Our residents experience healthy living and active lifestyle; have a choice of quality, livable neighborhoods; and have an abundance of fun things to do; and are engaged in the community.

MISSION STATEMENT

Dubuque city government is progressive and financially sound with residents receiving value for their tax dollars and achieving goals through partnerships. Dubuque city government's mission is to deliver excellent municipal services that support urban living; contribute to an equitable, sustainable city; plan for the community's future; and facilitate access to critical human services.

FIVE-YEAR GOALS: 2024 – 2026

- **Vibrant Community:**
Healthy and Safe
- **Financially Responsible, High-Performance City Organization:**
Sustainable, Equitable, and Effective Service Delivery
- **Robust Local Economy:**
Diverse Businesses and Jobs with Economic Prosperity
- **Livable Neighborhoods and Housing:**
Great Place to Live
- **Sustainable Environment:**
Preserving and Enhancing Natural Resources
- **Connected Community:**
Equitable Transportation, Technology Infrastructure, and Mobility
- **Diverse Arts, Culture, Parks, and Recreation Experiences and Activities**
- **Partnership for a Better Dubuque:**
Building Our Community that is Viable, Livable, and Equitable

MANAGEMENT IN PROGRESS & MAJOR PROJECTS

Under each City Council goal are items listed as **Management in Progress** and **Major Projects**. These are items and projects that are underway and budgeted. Staff is implementing and providing updates to City Council.

Vibrant Community

Management in Progress

CONSENT ITEMS # 10.

ITEM TITLE:	Housing Commission Cross Representation Appointment
SUMMARY:	Housing Commission requesting City Council approval on the appointment of commissioner Renee Kehoe, 1209 Lincoln Ave., to the Cross Representation term on the Community Development Advisory Commission that will expire on August 17, 2027.
SUGGESTED DISPOSITION:	Receive and File; Approve

ATTACHMENTS:

1. Kehoe Appointment Letter Request
2. DBQ Housing Commission Code

October 23, 2024

Dear City Council Members:

The Housing Commission voted on October 22, 2024, to re-appoint Commissioner Renee Kehoe as the Housing Commission Liaison to the Community Development Advisory Commission.

The Housing Commission hereby requests City Council to approve Commissioner Kehoe's assignment to the Community Development Advisory Commission.

Thank you for your consideration.

Rick Baumhover
Chairperson, Housing Commission

ARTICLE B. HOUSING COMMISSION

SECTION:

2-5B-1: Commission Created

2-5B-2: Purpose

2-5B-3: Internal Organization And Rules

2-5B-4: Procedures For Operation

2-5B-5: Membership

2-5B-6: Oath

2-5B-7: Terms

2-5B-8: Vacancies

2-5B-9: Officers/Organization

2-5B-10: Meetings

2-5B-11: Compensation

2-5B-12: Removal

2-5B-13: Powers

2-5B-14: Project Approval

2-5B-15: Monitor Housing Program; Conduct Hearings On Grievances

2-5B-1: COMMISSION CREATED:

There is hereby created the housing commission. (Ord. 67-15, 10-19-2015)

2-5B-2: PURPOSE:

The purpose of the commission is to undertake and carry out studies and analysis of housing needs and the meeting of such needs; to recommend proposed projects in the area of low and moderate income housing for the citizens of the city; to monitor the city's housing programs; and to conduct grievances regarding the rental assistance program, except in the area of property maintenance code enforcement. (Ord. 31-16, 6-20-2016, eff. 7-1-2016)

2-5B-3: INTERNAL ORGANIZATION AND RULES:

The commission may adopt rules and regulations to govern its organizational procedures as may be necessary and which are not in conflict with this code or the Iowa Code. (Ord. 67-15, 10-19-2015)

2-5B-4: PROCEDURES FOR OPERATION:

All administrative, personnel, accounting, budgetary, and procurement policies of the city govern the commission in all its operations. (Ord. 67-15, 10-19-2015)

2-5B-5: MEMBERSHIP:

- A. Number: The commission comprises ten (10) residents of the city.
- B. Age: Residents must be eighteen (18) years of age or older.
- C. Special Qualifications:
 1. At least three (3) members must be selected specifically on the basis of experience in real estate development, banking, finance, accounting, funds management, or other related areas of expertise.
 2. One (1) member must be a person who is a recipient of tenant based rental assistance under section 8 of the United States Housing Act of 1937, whose name appears on a lease of section 8 property. If such member ceases to be a recipient of rental assistance under section 8, the term of such member is deemed terminated and a new member who meets the requirements of this subsection must be appointed for the remainder of the term.
 3. The remaining members are at-large members.
 4. No property owner or landlord accepting Housing Choice Vouchers may serve pursuant to 24 CFR 982.161 and Section 18 of the Annual Contributions Contract.
 5. Cross-Representation:
 - a. One (1) member must be appointed by the commission, with city council approval, to serve on the community development advisory commission.
 - b. One (1) member must be appointed by the commission, with city council concurrence, to serve on the long range planning advisory commission. (Ord. 74-15, 12-7-2015; amd. Ord. 5-21, 2-15-2021; Ord. 54-23, 12-4-2023)

2-5B-6: OATH:

Each person, upon appointment or reappointment to the commission, must execute an oath of office at the first meeting of the commission following the appointment or reappointment or at the city clerk's office any time prior to the first meeting of the commission. (Ord. 67-15, 10-19-2015)

2-5B-7: TERMS:

The term of office for commissioners is three (3) years or until such commissioner's successor is appointed and qualified. The terms of the cross representative appointees to the community development advisory commission and the long range planning advisory commission must coincide with their terms on the housing commission. (Ord. 67-15, 10-19-2015; amd. Ord. 5-21, 2-15-2021)

2-5B-8: VACANCIES:

Vacancies must be filled in the same manner as original appointments. (Ord. 67-15, 10-19-2015)

2-5B-9: OFFICERS/ORGANIZATION:

The commissioners must choose annually a chairperson and vice chairperson, each to serve a term of one year. The chairperson must appoint a secretary, who need not be a member of the commission. The commissioners must fill a vacancy among its officers for the remainder of the officer's unexpired term. (Ord. 67-15, 10-19-2015)

2-5B-10: MEETINGS:

- A. Regular Meetings: The commission must meet quarterly.
- B. Special Meetings: Special meetings may be called by the chairperson or at the written request of a majority of the commissioners.
- C. Open Meetings: All meetings must be called and held in conformance with the Iowa open meetings law.
- D. Attendance:
 - 1. In the event a commissioner has been absent for three (3) or more consecutive meetings of the commission, without being excused by the chairperson, such absence will be grounds for the commission to recommend to the city council that the position be declared vacant and a replacement appointed.
 - 2. Attendance must be entered upon the minutes of all meetings.
- E. Minutes: A copy of the minutes of all regular and special meetings of the commission must be filed with the city council within ten (10) working days after each meeting, or by the next regularly scheduled city council meeting, whichever is later.
- F. Quorum: Six (6) commissioners constitute a quorum for the transaction of business. The affirmative vote of a majority of the commissioners present and voting is necessary for the adoption of any motion or resolution. (Ord. 67-15, 10-19-2015; amd. Ord. 38-21, 11-1-2021)

2-5B-11: COMPENSATION:

Commissioners serve without compensation, provided that they may receive reimbursement for necessary travel and other expenses while on official commission business within the limits established in the city administrative policies and budget. (Ord. 67-15, 10-19-2015)

2-5B-12: REMOVAL:

Except as provided in subsection 2-5B-10D1 of this chapter, the city council may remove any commissioner for good cause. (Ord. 67-15, 10-19-2015)

2-5B-13: POWERS:

The commission has the following powers, duties, and responsibilities:

- A. To contribute as appropriate in the planning, coordinating, and review of housing development;
- B. To conduct public hearings to ensure meaningful citizen input in the planning, implementation, and assessment of the city's housing programs;
- C. To provide for and encourage the participation of low and moderate income persons in the planning, implementation, and assessment of housing programs;
- D. To provide input into the community planning process and to assist in accomplishing a coordinated and consistent housing development program of the city in accordance with present and future housing needs;
- E. To request and review ongoing surveys assessing housing needs and identifying future community housing needs, particularly the needs of persons of low and moderate income;
- F. To support the efforts of the city council and other city commissions in the assessment of the general housing needs of the community;
- G. To undertake from time to time other specific ongoing housing planning which may be referred to it by the city council;
- H. To research and recommend to the city council policies and programs facilitating the development of affordable housing;
- I. To undertake public information efforts to educate citizens of the availability of federal, state, and locally funded housing assistance programs;
- J. To assist in the preparation of the housing element of the city comprehensive plan and the annual consolidated plan; and
- K. Undertake such additional duties, upon the request of the City Council. (Ord. 67-15, 10-19-2015; amd. Ord. 54-23, 12-4-2023)

2-5B-14: PROJECT APPROVAL:

Any proposed low rent housing project is subject to the approval of the city council and any project requiring a referendum as provided in the Iowa Code must be submitted to the voters of the city in accordance with the Iowa Code. (Ord. 67-15, 10-19-2015)

2-5B-15: MONITOR HOUSING PROGRAM; CONDUCT HEARINGS ON GRIEVANCES:

The commission monitors the city's housing program and conducts hearings on grievances arising out of the operation of such program with the exception of property maintenance code enforcement which is handled by the housing board of appeals. (Ord. 31-16, 6-20-2016, eff. 7-1-2016)

TO: The Honorable Mayor and City Council Members

FROM: Michael C. Van Milligen, City Manager

SUBJECT: Grass and weed cutting and garbage collection assessments

DATE: October 31, 2024

Housing & Community Development Director Alexis Steger is recommending City Council adopt the attached resolution authorizing the City to certify grass and weed cutting and garbage collection charges to the Dubuque County Treasurer in order to establish real property liens for collection of such charges.

I concur with the recommendation and respectfully request Mayor and City Council approval.

Tami Ernster, Permit Clerk

TO: Michael C Van Milligen, City Manager

FROM: Alexis M Steger, Housing and Community Development Director

DATE: October 23, 2024

SUBJECT: Grass and weed cutting and garbage collection assessments

INTRODUCTION

The purpose of this memorandum is to request City Council to adopt the attached resolution authorizing the City to certify grass and weed cutting and garbage collection charges to the Dubuque County Treasurer in order to establish real property liens for collection of such charges.

INTRODUCTION

Title 6-4-3A of the Code of Ordinances provides that overgrown weeds and grass and garbage are considered a substandard condition requiring abatement. Title 6-8-2 provides that the City may have the conditions abated and provides that the City Clerk shall certify such cost for abatement to the County Treasurer and it shall then constitute a lien against said property and be collected with and in the same manner as general property taxes on said properties.

RECOMMENDATION

It is recommended that the grass and weed cutting and garbage collection charges identified in the attached resolution be certified to the Dubuque County Treasurer for collection with, and in the same manner, as general property taxes. The action step is for the City Council to adopt the attached resolution authorizing the City Clerk to certify the grass and weed cutting and garbage collection charges to the Dubuque County Treasurer.

Prepared by: Tami Ernster, Permit Clerk
cc: Crenna Brumwell, City Attorney

RESOLUTION NO. _____-24

RESOLUTION AUTHORIZING THE CITY TO COLLECT DELINQUENT GRASS AND WEED CUTTING AND GARBAGE COLLECTION CHARGES IN ACCORDANCE WITH TITLE 6-4-3A and TITLE 6-8-2 OF THE CODE OF ORDINANCES OF THE CITY OF DUBUQUE, IOWA

WHEREAS, residential properties in the City of Dubuque are considered substandard if any conditions exist to an extent that endanger life, limb, health, property, safety or welfare of the public or the occupants thereof; and

WHEREAS, whenever in the judgment of the Housing Officer, a nuisance that is “palpably and indisputably such” exists which requires immediate action to protect the public health, safety or welfare of the public, the Housing Officer may order the emergency abatement of such; and

WHEREAS, delinquent grass and weed cutting and garbage collection charges shall be certified by the City Clerk to the Dubuque County Treasurer for collection with, and in the same manner as general property taxes;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the persons listed on the attached Grass/Weed/Garbage Assessment Schedule are delinquent in the payment of grass and weed cutting and garbage collection charges:

Section 2. That the City Clerk be and is hereby ordered and directed to certify to the County Treasurer of Dubuque County, Iowa, that the persons named on the attached Grass/Weed/Garbage Assessment Schedule are delinquent in the payment of grass and weed cutting and garbage collection charges in the amount set aside of the respective names, and that said amounts shall be collected in the same manner as general property taxes against the respective parcels of property set opposite the names of the owners.

Passed, approved and adopted this 4th day of November 2024.

Brad M Cavanagh
Mayor

Attest:

Adrienne N. Breitfelder
City Clerk

NOTICE OF FILING OF DELINQUENT GRASS AND WEED CUTTING AND GARBAGE COLLECTION CHARGES IN ACCORDANCE WITH TITLE 6-4-3A; TITLE 6-4-5A & TITLE 6-4-5B OF THE CODE OF ORDINANCES OF THE CITY OF DUBUQUE, IOWA.

Title 6-4-3A of the Code of Ordinances provides that garbage is considered a public nuisance that requires that such conditions be ordered to be remedied.

Title 6-8-2 provides that the City shall have the authority to correct a nuisance that is “palpably and indisputably such,” without notice and provides that the City Clerk shall certify such cost for the abatement of situations where the nuisance is “palpably and indisputably such” to the County Treasurer and it shall then constitute a lien against said property and be collected with and in the same manner as general taxes on said properties.

As of October 12, 2024, the costs for a nuisance that are “palpably and indisputably such,” such as delinquent grass and weed cutting and garbage collection charges, shall be certified by the City Clerk to the Dubuque County Treasurer for collection with, and in the same manner as, general property taxes.

The persons listed on the attached Grass/Weed/Garbage Assessment Schedule have unpaid grass and weed cutting or garbage collection charges in the amount set out and said charges are delinquent.

The assessments may be paid in full or in part without interest at the Housing and Community Development Department, 350 W 6th Street, Suite 312, Dubuque, Iowa, at any time within 30 days after the date of the first publication of the notice of the filing of the Schedule of Assessments with the County Treasurer. After 30 days, unpaid assessments are payable at the County Treasurer’s Office, Dubuque County Courthouse, 720 Central Avenue, Dubuque, Iowa, and charges shall be collected in the same manner as general property taxes against the respective parcels of the property set forth on the attached schedule.

You are hereby notified that the City Clerk be and is hereby ordered and directed to certify to the County Treasurer of Dubuque County, Iowa, that the persons named on the attached Grass/Weed/Garbage Assessment Schedule are delinquent in the payment of grass and weed cutting and garbage collection charges in the amount set aside of the respective names, and that said amounts shall be collected in the same manner as general property taxes against the respective parcels of property set opposite the names of the owners.

This notice given by direction of the City Council of the City of Dubuque, Iowa, as provided in Section 384.60 of the Code of Iowa.

Adrienne N. Breitfelder
City Clerk

RE: School Resource Officer Contract with DCSD

INTRODUCTION

This memo will discuss the finalization of the School Resource Officer (SRO) between the City of Dubuque and the Dubuque Community School District (DCSD) for the 2024-2025 school year.

BACKGROUND

The City of Dubuque (City) and the Dubuque Community School District (DCSD) have partnered for decades for Dubuque Police Department (DPD) SRO's in the district's schools. In FY2019 and prior years, there were 4 SRO's and 1 DARE Officer. After many years of discussions, the City and the DCSD agreed to expand the SRO program. Beginning in FY2020, the parties agreed to expand the SRO program by adding three additional SRO's. The total goal is to have eight (8) SRO's. Due to police staffing issues this has not come to fruition. However, the Police Department has maintained six (6) SRO's, which includes the supervisor, with the plan to add #7 in this school year if staffing allows.

In 2024-2025, the DCSD has determined that the DARE curriculum or curriculum similar could be taught within the district and not by SRO's. This allowed for the transition of the DARE officer into a full-time SRO role. Also new this school year, is the requirement that each high school be assigned an SRO that generally is not split between other schools. A new agreement was also created for reimbursement schedules, with a final arrangement of a 50/50 split between the parties for the SRO's and the DCSD paying 75% of 50% of the SRO supervisor.

The City and DCSD enter into an annual contract for reimbursement. The annual contract for SRO for the 2024-2025 school year is up for renewal.

The 2024-2025 contract was presented, passed and signed by the DCSD School Board.

With the DCSD in agreement on the contracts, the contracts now await the City's agreement and signatures.

CONCLUSION

The longstanding partnership between the City of Dubuque, DPD, and DCSD remains strong for providing the safest learning environment possible for Dubuque's children, and the district's staff. The current contract provides for continuation of the existing levels of services for the current school year. Subsequent years will hopefully show the continuation of the expansion plan as well as any recommendations from the committee to improve equity.

ACTION REQUESTED

Review, approve and sign the 2024-2025 contract for SRO services between the City of Dubuque and Dubuque Community School District.

**AGREEMENT
BETWEEN
CITY OF DUBUQUE
AND
DUBUQUE COMMUNITY SCHOOL DISTRICT
FOR
SCHOOL RESOURCE OFFICERS
FOR
SCHOOL YEAR 2024-2025**

This Agreement, dated for reference purposes the 20th day of August 2024, is made and entered into by and between the City of Dubuque, through its Police Department (City) and the Dubuque Community School District (School District).

WHEREAS, School District and City have a strong desire and commitment to continue the services of the School Resource Officers (SRO); and

WHEREAS, it is necessary to define the roles of the parties in providing such services to the elementary, middle, and senior high schools.

NOW, THEREFORE, it is agreed by and between the parties as follows:

SECTION 1. ROLE OF SRO.

1.1 Five (5) SRO and one (1) SRO supervisor will be assigned by City to School District if Police staffing levels allow. SRO will, at the sole direction of the Chief of Police:

- (a) Act as liaison between the law enforcement community and the School District;
- (b) Maintain campus awareness, identify imminent problems, and serve as safety consultants for the School District;
- (c) Visit classrooms;
- (d) Make presentations and answer questions;
- (e) Instruct D.A.R.E. (Drug Abuse Resistance Education Cooperative Program) curriculum if requested to do so by the School District;
- (f) Inform school officials and staff of current police involvement with students and/or student's families;
- (g) Investigate appropriate cases involving students as victims or suspects except those cases handled by a specialized unit;
- (h) Assist with prevention patrol for students in route to and from school;

- (i) Take appropriate action with respect to on-site occurrences, including but not limited to, fights, vandalism, theft, accidents, traffic violations, disorderly conduct, narcotics offenses, weapons, unauthorized persons on school property, and other occurrences as appropriate;
- (j) Assist with in-servicing other School District security staff;
- (k) Interact with patrol and investigative divisions on matters of mutual concern, including but not limited to, indecent exposure, gang activity, traffic hazards, sex offenses, suspicious persons, and other matters as appropriate;
- (l) Attend School District staff and faculty meetings and training sessions when requested;
- (m) Act as a resource person to School District staff;
- (n) Attend School District sponsored extra-curricular activities when requested;
- (o) Interact with students to promote and reinforce basic life skills, self-control, and accountability;
- (p) Maintain confidential records on student contacts;
- (q) Maintain working knowledge of Dubuque Community School Board policies, School District Administrative Regulations and Student Handbooks; and
- (r) Conduct other duties as approved or assigned by the Chief of Police.

1.2 The hours and work day of SRO will be determined by the Chief of Police based on School District building schedules and extra-curricular activities. Uniforms will be worn at the discretion of SRO and the Chief of Police.

SECTION 2. COMPENSATION. School District will pay to City, support costs as follows:

Personnel Costs			
-----------------	--	--	--

Officers:	2024-2025 Cost	DCSD Contribution Rate	DCSO 2023-2024 Support
SRO1	\$117,107.00	50%	\$58,554.00
SRO2	\$117,577.00	50%	\$58,789.00
SRO3	\$87,830.25*	50%	\$43,916.00*
SRO4	\$118,043.00	50%	\$59,022.00
SRO5 (Supervisor)	\$164,669.00	75% of 50%	\$61,752.00
SRO6	\$119,915.00	50%	\$59,958.00
TOTAL PERSONNEL			\$341,991.00
Additional Support Costs			
Initial Training	\$0 (unfilled position)	50%	\$0
Position Equipment	\$0 (unfilled position)	50%	\$0
00Support Costs	\$0 (unfilled position)	50%	\$0
Ongoing Training	\$0 (unfilled position)	50%	\$0
TOTAL ADD'L SUPPORT			\$0
DCSD SRO SUPPORT			\$341,991.00

*Reflects a 3-month discount for time the position was vacant

Personnel and Support costs reflect approximately the same staffing levels as 2023-2024 but there has been a change to the structure of the unit. - In April 2024, SRO #3 left the unit dropping the total number of traditional SROs to three plus the DARE SRO position (SRO #6) and the SRO Supervisor (SRO #5). City anticipates filling the vacant SRO #3 position in October 2024.

Additionally, the School District request that the DARE SRO position (SRO #6) becomes a traditional SRO position and no longer teaches DARE curriculum/ The 2024-2025 school year will then start with four traditional SRO positions and one SRO supervisor (SRO #1, SRO #2, SRO #4, SRO #6 & SRO #5) with the vacant SRO #3 position filled in October.

A planned expansion of the School Resource Officer program, SRO #7 and initial training funding and support of the next SRO position may occur in the 2024-2025 school year but will depend on other departmental staffing. SRO#8 will be delayed until at least City of Dubuque Fiscal Year 2026. Position equipment is specific to the SRO position, and support costs includes personal equipment and transportation costs. This will need to be funded as positions are added.

School District will pay to City fifty percent (50%) of the salary of five (5) SRO's, seventy-five percent (75%) of fifty percent (50%) of the SRO Supervisor, in the total amount of Three Hundred Forty-One Thousand, Nine Hundred Ninety-One dollars (\$341,991.00), payable as follows:

- (a) City will invoice to School District by November 13, 2024
School District payment to City by December 13, 2024.
Amount due is 50% of the Agreement (\$170,995.50)
- (b) City will invoice to School District by March 1, 2025.
School District payment to City by April 14, 2025.
Amount due is 50% of the Agreement (\$170,995.50)

SECTION 3. TERMINATION. School District or City may cancel this Agreement by giving the other party not less than thirty (30) days written notice of intent to cancel. However,

under emergency or exigent circumstances, either party may cancel this Agreement by giving the other party not less than ten (10) days written notice.

SECTION 4. TERM. The term of this Agreement is from August 23, 2024, through June 14, 2025.

SECTION 5. APPLICABLE LAWS. City and School District will not engage in discriminatory hiring or any other employment practices that conflict with any local, state, or federal laws.

SECTION 6. INSURANCE AND INDEMNIFICATION.

6.1 City must maintain its membership in the Iowa Communities Assurance Pool and add School District as an Additional Member. If City discontinues its membership in ICAP, City must provide proof of a policy of commercial general liability form coverage in the amount of \$2,000,000, naming School District as an additional insured on a primary and non-contributory basis.

6.2 School District must provide proof of a policy of commercial general liability form coverage in the amount of \$2,000,000, naming City as an additional insured on a primary and non-contributory basis.

6.3 City will indemnify and hold School District, its staff, and students harmless from and against any and all claims, liability, and causes of action arising from or related to City's negligence in the performance of this agreement and the negligence by City officers, agents, or employees.

6.4 School District will indemnify and hold City, its staff, employees, and agents harmless from and against any and all claims, liability, and causes of action arising from or related to School District's negligence in the performance of this Agreement and the negligence by School District's officers, agents, students or employees.

Dear City Council:

This is official notification to your City Council that the Iowa Department of Transportation (DOT) proposes to let the projects as referenced above. These projects, or portions thereof, lies within your city. The projects are proposed for construction during 2025 and will consist of HMA resurfacing and HMA paved shoulders on US-20 from Swiss Valley to Old Highway Rd.

The work will be done in accord with the current Form 810034 "Agreement for Primary Road Extension Maintenance and Operation". Project costs will be paid from the Primary Road Fund and no charges will be made against the city.

The contract will be administered by the Manchester Resident Construction Engineer's Office. If the City would like to be notified of the preconstruction meeting schedule, contractor's proposed work schedule, or has any other questions and/or concerns, please contact Hugh Holak, P.E., Resident Construction Engineer of the Manchester RCE Office by calling 563-927-2397, or by email at hugh.holak@iowadot.us

We would appreciate this project notification being included on your next City Council meeting agenda as a matter of information for the Council members. If you have any questions concerning the work involved, please contact this office as soon as possible to expedite any possible changes.

Sincerely yours,

Jesse Tibodeau, P.E.
Assistant District Engineer

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location(s) Of Covered Operations
ANY PERSON OR ORGANIZATION WHOM YOU BECOME OBLIGATED TO INCLUDE AS AN ADDITIONAL INSURED AS A RESULT OF ANY CONTRACT OR AGREEMENT YOU HAVE ENTERED INTO.	PER THE CONTRACT OR AGREEMENT.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service,

maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

C. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or
2. Available under the applicable limits of insurance;

whichever is less.

This endorsement shall not increase the applicable limits of insurance.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED - OWNERS, LESSEES OR CONTRACTORS - COMPLETED OPERATIONS

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location And Description Of Completed Operations
ANY PERSON OR ORGANIZATION WHOM YOU BECOME OBLIGATED TO INCLUDE AS AN ADDITIONAL INSURED AS A RESULT OF ANY CONTRACT OR AGREEMENT YOU HAVE ENTERED INTO.	PER THE CONTRACT OR AGREEMENT.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury" or "property damage" caused, in whole or in part, by "your work" at the location designated and described in the Schedule of this endorsement performed for that additional insured and included in the "products-completed operations hazard".

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance**:

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or
2. Available under the applicable limits of insurance;

whichever is less.

This endorsement shall not increase the applicable limits of insurance.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

PRIMARY AND NONCONTRIBUTORY - OTHER INSURANCE CONDITION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
LIQUOR LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

The following is added to the **Other Insurance** Condition and supersedes any provision to the contrary:

Primary And Noncontributory Insurance

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured under your policy provided that:

(1) The additional insured is a Named Insured under such other insurance; and

(2) You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to the additional insured.

WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US (WAIVER OF SUBROGATION)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
ELECTRONIC DATA LIABILITY COVERAGE PART
LIQUOR LIABILITY COVERAGE PART
POLLUTION LIABILITY COVERAGE PART DESIGNATED SITES
POLLUTION LIABILITY LIMITED COVERAGE PART DESIGNATED SITES
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART
RAILROAD PROTECTIVE LIABILITY COVERAGE PART
UNDERGROUND STORAGE TANK POLICY DESIGNATED TANKS

SCHEDULE

Name Of Person(s) Or Organization(s):
Pursuant to applicable written contract or agreement you enter into.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

The following is added to Paragraph 8. **Transfer Of Rights Of Recovery Against Others To Us** of Section IV – Conditions:

We waive any right of recovery against the person(s) or organization(s) shown in the Schedule above because of payments we make under this Coverage Part. Such waiver by us applies only to the extent that the insured has waived its right of recovery against such person(s) or organization(s) prior to loss. This endorsement applies only to the person(s) or organization(s) shown in the Schedule above.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

CONTRACTUAL LIABILITY - RAILROADS

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Scheduled Railroad:	Designated Job Site:
Any railroad organization whom has granted you an easement for any job site to permit you to perform work as a result of any contract or agreement you have entered into.	

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

With respect to operations performed for, or affecting, a Scheduled Railroad at a Designated Job Site, the definition of "insured contract" in the Definitions section is replaced by the following:

9. "Insured Contract" means:

- a. A contract for a lease of premises. However, that portion of the contract for a lease of premises that indemnifies any person or organization for damage by fire to premises while rented to you or temporarily occupied by you with permission of the owner is not an "insured contract";
- b. A sidetrack agreement;
- c. Any easement or license agreement;
- d. An obligation, as required by ordinance, to indemnify a municipality, except in connection with work for a municipality;
- e. An elevator maintenance agreement;
- f. That part of any other contract or agreement pertaining to your business (including an indemnification of a municipality in connection with work performed for a municipality) under which you assume the tort liability of

another party to pay for "bodily injury" or "property damage" to a third person or organization. Tort liability means a liability that would be imposed by law in the absence of any contract or agreement.

Paragraph f. does not include that part of any contract or agreement:

- (1) That indemnifies an architect, engineer or surveyor for injury or damage arising out of:
 - (a) Preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
 - (b) Giving directions or instructions, or failing to give them, if that is the primary cause of the injury or damage;
- (2) Under which the insured, if an architect, engineer or surveyor, assumes liability for an injury or damage arising out of the insured's rendering or failure to render professional services, including those listed in Paragraph (1) above and supervisory, inspection, architectural or engineering activities.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

GOVERNMENTAL IMMUNITY ENDORSEMENT-IOWA JURISDICTION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Iowa Jurisdiction:

City of Dubuque
50 W 13th Street
Dubuque, IA 52001

Description Of Project;

Any project

The following is added to SECTION IV - **COM-MERCIAL GENERAL LIABILITY CONDITIONS:**

10. IOWA GOVERNMENTAL IMMUNITY

- a.** For any claim or "suit" seeking damages from the Iowa jurisdiction scheduled in this endorsement because of "bodily injury", "property damage", "personal injury" or "advertising injury" caused by "your work" on or for any project that is scheduled in this endorsement and located in such Iowa jurisdiction, this insurance applies only to the extent that such claim or "suit" is not subject to any defense of governmental immunity under Iowa Code Section 670.4 and any amendment to that section.
- b.** For any claim or "suit" seeking damages from the Iowa jurisdiction scheduled in this endorsement because of "bodily injury", "property damage", "personal injury" or "advertising injury" to which this insurance applies and caused by "your work" on or for any project that is scheduled in this endorsement and located in such Iowa jurisdiction, that Iowa jurisdiction will be responsible for asserting any defense of governmental immunity and must do so if requested in writing by us. Nothing contained in this endorsement shall prevent us from asserting any defense of governmental immunity on behalf of that Iowa jurisdiction.
- c.** For any claim or "suit" seeking damages from the Iowa jurisdiction scheduled in this endorsement because of "bodily injury", "property damage", "personal injury" or "advertising injury" to which this insurance applies and caused by "your work" on or for any project that is scheduled in this endorsement and located in such Iowa jurisdiction, we agree that:
 - (1) The purchase of this policy and including the Iowa jurisdiction as an additional insured under this policy does not waive any defense of governmental immunity available to such Iowa jurisdiction under Iowa Code Section 670.4 and any amendment to that section; and
 - (2) We will take the position that this insurance does not apply because of governmental immunity only after a court of law having jurisdiction over such claim or "suit" has ruled in favor of any defense of governmental immunity asserted by such Iowa jurisdiction.
- d.** This preservation of governmental immunity does not change the coverage otherwise available under this policy.

ENDORSEMENT

This endorsement, effective 12:01 A.M. 04/01/2024

forms a part of Policy No. 956-61-02

issued to TRICON GENERAL CONSTRUCTION, INC.

by NATIONAL UNION FIRE INSURANCE COMPANY OF PITTSBURGH, PA.

AMENDMENT OF LIMITS OF INSURANCE (Per Project or Per Location Aggregate Limit)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE FORM

- I. Your policy is amended to include either a Per Project General Aggregate Limit, a Per Location General Aggregate Limit or a Per Project and Per Location General Aggregate Limit. Please select only *one* of the following:

☐ Per Project General Aggregate Limit	\$
☐ Per Location General Aggregate Limit	\$
☒ Per Project and Per Location General Aggregate Limit	\$ 4,000,000

IF NEITHER OF THESE BOXES ARE CHECKED, THIS ENDORSEMENT IS VOID. IF MORE THAN ONE OF THE THESE BOXES ARE CHECKED, THIS ENDORSEMENT IS VOID.

II. SECTION III - LIMITS OF INSURANCE , is amended to include the following:

1. The Limits of Insurance and the rules below fix the most we will pay regardless of the number of:
 - a. Insureds;
 - b. Claims made or "suits" brought; or
 - c. Persons or organizations making claims or bringing "suits".
2. The General Aggregate Limit is the most we will pay for the sum of:
 - a. Medical expenses under Coverage C;
 - b. Damages under Coverage A, except damages because of "bodily injury" or "property damage" included in the products-completed operations hazard"; and
 - c. Damages under Coverage B.
3. The Products-Completed Operations Aggregate Limit is the most we will pay under Coverage A for damages because of "bodily injury" and "property damage" included in the "products-completed operations hazard".
4. Subject to 2. above, the Personal and Advertising Injury Limit is the most we will pay under Coverage B for the sum of all damages because of all "personal and advertising injury" sustained by any one person or organization.
5. Subject to 2. or 3. above, whichever applies, the Each Occurrence Limit is the most we will pay for the sum of:
 - a. Damages under Coverage A; and
 - b. Medical expenses under Coverage C

because of all "bodily injury" and "property damage" arising out of any one "occurrence".

6. Subject to 5. above, the Damage to Premises Rented To You Limit is the most we will pay under Coverage A because of "property damage" to any one premises, while rented to you, or in the case of damage by fire, while rented to you or temporarily occupied by you with permission of the owner.
7. Subject to 5. above, the Medical Expense Limit is the most we will pay under Coverage C for all medical expenses because of "bodily injury" sustained by any one person.
8. Subject to 2., 4., 5., 6., and/or 7. above, the Per Project Aggregate Limit is the most we will pay under Coverages A, B, and C combined for the sum of:
 - a. Damages under Coverage A;
 - b. Damages under Coverage B; and
 - c. Medical Expenses under Coverage C

arising out of any single Project described above.

9. Subject to 2., 4., 5., 6., and/or 7. above, the Per Location Aggregate Limit is the most we will pay under Coverages A, B, and C combined for the sum of:
 - a. Damages under Coverage A;
 - b. Damages under Coverage B; and
 - c. Medical expenses under Coverage C

arising out of the any single Location described above.

The Limits of Insurance of this Coverage Part apply separately to each consecutive annual period and to any remaining period of less than 12 months, starting with the beginning of the policy period shown in the Declarations, unless the policy period is extended after issuance for an additional period of less than 12 months. In that case, the additional period will be deemed part of the last preceding period for purposes of determining the Limits of Insurance.

- III. The Limits of Insurance shown in the Declarations are deleted in their entirety and replaced by the Limits of Insurance set forth below.

	Limits of Insurance
General Aggregate Limit	\$ 10,000,000
Each Occurrence	\$ 2,000,000
Products-Completed Operations Aggregate Limit	\$ 4,000,000
Personal & Advertising Injury Limit	\$ 2,000,000
Damage to Premises Rented to	\$ 500,000
Medical Expense Limit	\$ 25,000
Per Project General Aggregate Limit, Per Location	\$ 4,000,000
General Aggregate Limit or Per	
Project and Per Location General Aggregate Limit	

IV. SECTION V - DEFINITIONS, is amended to include the following:

23. "Location" means premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway, or right-of-way railroad.

All other terms and conditions of this policy remain the same.

ADDITIONAL INSURED - WHERE REQUIRED UNDER CONTRACT OR AGREEMENT

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

SCHEDULE

ADDITIONAL INSURED:

ANY PERSON OR ORGANIZATION FOR WHOM YOU ARE CONTRACTUALLY BOUND TO PROVIDE
ADDITIONAL INSURED STATUS BUT ONLY TO THE EXTENT OF SUCH PERSON'S OR
ORGANIZATION'S LIABILITY ARISING OUT OF THE USE OF A COVERED "AUTO".

I. SECTION II - COVERED AUTOS LIABILITY COVERAGE, A. Coverage, 1. - Who Is Insured, is
amended to add:

- d. Any person or organization, shown in the schedule above, to whom you become obligated to include as an additional insured under this policy, as a result of any contract or agreement you enter into which requires you to furnish insurance to that person or organization of the type provided by this policy, but only with respect to liability arising out of use of a covered "auto". However, the insurance provided will not exceed the lesser of:

- (1) The coverage and/or limits of this policy, or
- (2) The coverage and/or limits required by said contract or agreement.

WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

Section IV - Business Auto Conditions, A. - Loss Conditions, 5. - Transfer of Rights of Recovery Against Others to Us, is amended to add:

However, we will waive any right of recover we have against any person or organization with whom you have entered into a contract or agreement because of payments we make under this Coverage Form arising out of an "accident" or "loss" if:

- (1) The "accident" or "loss" is due to operations undertaken in accordance with the contract existing between you and such person or organization; and
- (2) The contract or agreement was entered into prior to any "accident" or "loss".

No waiver of the right of recovery will directly or indirectly apply to your employees or employees of the person or organization, and we reserve our rights or lien to be reimbursed from any recovery funds obtained by any injured employee.

This policy is amended as follows:

In the event that the **Insurer** cancels this policy for any reason other than non-payment of premium, and

1. the cancellation effective date is prior to this policy's expiration date;
2. the **First Named Insured** is under an existing contractual obligation to notify a certificate(s) holder(s) when this policy is canceled (hereinafter, the "Certificate Holder(s)") and has provided the **Insurer**, either directly or through its broker of record, either:
 - (a) the name of the entity shown on the certificate, a contact name at such entity and the U.S. Postal Service mailing address of each such entity; or
 - (b) the email address of a contact at each such entity; and
3. prior to the effective date of cancellation, the **First Named Insured** confirms to the **Insurer**, either directly or through its broker of record, that the persons or organizations set forth in the Schedule above, as well as their respective addresses listed, should continue to be a part of the Schedule and, if not, the names of the persons or organizations that should be deleted,

the **Insurer** will provide advice of cancellation (the "Advice") to each such Certificate Holder(s) confirmed by the **First Named Insured** in writing to be correctly a part of the Schedule within **30** days after the **First Named Insured** confirms the accuracy of the Schedule above with the **Insurer**; provided, however, that if a specific number of days is not stated above, then the Advice will be provided to such Certificate Holder(s) as soon as reasonably practicable after the **First Named Insured** confirms the accuracy of the Schedule above with the **Insurer**.

Proof of the **Insurer** emailing the Advice, using the information provided and subsequently confirmed by the **First Named Insured** in writing, will serve as proof that the **Insurer** has fully satisfied its obligations under this endorsement.

This endorsement does not affect, in any way, coverage provided under this policy or the cancellation of this policy or the effective date thereof, nor shall this endorsement invest any rights in any entity not insured under this policy.

The following Definitions apply to this endorsement:

1. **First Named Insured** means the Named Insured shown on the Declarations Page of this policy.
2. **Insurer** means the insurance company shown in the header on the Declarations Page of this policy.

All other terms, conditions and exclusions shall remain the same.

SCHEDULE:

Name of Person(s) or Organization(s): As required by written contract, prior to a loss to which this insurance applies.

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

A. SECTION II - WHO IS AN INSURED is amended to include as an additional insured the persons or organizations shown in the Schedule, but only with respect to liability for injury or damage, to which this insurance applies, caused in ,whole or in part, by:

1. Your acts or omissions; or
 2. The acts or omissions of those acting on your behalf;
- in the performance of your ongoing operations for the additional insureds.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following exclusion is added:

Exclusions

This insurance does not apply to injury or damage occurring after:

- a. All work or operations, including materials, parts or equipment furnished in connection with such work or operations, on the project (other than service, maintenance or repairs) to be performed by you or on your behalf at the site of the covered operations has been completed; or
- b. That portion of **your work** out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for the additional insured as a part of the same project.

C. With respect to the insurance afforded to these additional insureds, the following is added to SECTION III – LIMITS OF INSURANCE:

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

- 1.** Required by the contract or agreement; or
 - 2.** Available under the applicable Limits of Insurance shown in the Declarations;
- whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

All other terms and conditions of this policy remain unchanged.

WAIVER OF OUR RIGHT TO RECOVER FROM OTHERS ENDORSEMENT

This endorsement changes the policy to which it is attached effective on inception date of the policy unless a different date is indicated below.

This endorsement, effective 12:01 AM 04/01/2023 forms a part of Policy No. WC 043-17-2159

Issued to TRICON GENERAL CONSTRUCTION, INC.

By NATIONAL UNION FIRE INSURANCE COMPANY OF PITTSBURGH, PA.

We have the right to recover our payments from anyone liable for an injury covered by this policy. We will not enforce our right against the person or organization named in the Schedule. This agreement applies only to the extent that you perform work under a written contract that requires you to obtain this agreement from us.

This agreement shall not operate directly or indirectly to benefit any one not named in the Schedule.

Schedule

ANY PERSON OR ORGANIZATION TO WHOM YOU BECOME
OBLIGATED TO WAIVE YOUR RIGHTS OF RECOVERY
AGAINST, UNDER ANY WRITTEN CONTRACT OR AGREEMENT
YOU ENTER INTO PRIOR TO THE OCCURRENCE OF LOSS.

This form is not applicable in Kansas for private construction contracts as defined in K.S.A. 16-1801 through K.S.A. 16-1807 or public construction contracts as defined in K.S.A. 16-1901 through 16-1908, except where permitted by statute or other applicable law, such as for use in wrap-up insurance programs.

Any person or organization for which the employer has agreed by written contract, executed prior to loss, may execute a waiver of subrogation. However, for purposes of work performed by the employer in Missouri, this waiver of subrogation does not apply to any construction group of classifications as designated by the waiver of right to recover from others (subrogation) rule in our manual.

This form is not applicable in California, Kentucky, New Hampshire, New Jersey, Texas, or Utah.

LIMITED ADVICE OF CANCELLATION TO SCHEDULED ENTITIES (WORKERS' COMPENSATION ONLY)

This policy is amended as follows:

In the event that the **Insurer** cancels this policy for any reason other than non-payment of premium, and

1. the cancellation effective date is prior to this policy's expiration date;
2. the **Named Insured** or, if applicable, any other employers named in Item 1 of the Information Page is under an existing contractual obligation to notify a certificate holder(s) when this policy is canceled (hereinafter, the "Certificate Holder(s)") and the **Named Insured** has provided the **Insurer**, either directly or through its broker of record, either:
 - (a) the name of the entity shown on the certificate, a contact name at such entity and the U.S.Postal Service mailing address of each such entity; or
 - (b) the email address of a contact at each such entity; and
3. prior to the effective date of cancellation, the **Named Insured** confirms to the **Insurer**, either directly or through its broker of record, that the persons or organizations set forth in the Schedule below, as well as their respective addresses listed, should continue to be a part of the Schedule and, if not, the names of the persons or organizations that should be deleted,

the **Insurer** will provide advice of cancellation (the "Advice") to each such Certificate Holder(s) confirmed by the **Named Insured** in writing to be correctly a part of the Schedule within 30 days after the **Named Insured** confirms the accuracy of the Schedule below with the **Insurer**; provided, however, that if a specific number of days is not stated above, then the Advice will be provided to such Certificate Holder(s) as soon as reasonably practicable after the **Named Insured** confirms the accuracy of the Schedule below with the **Insurer**.

Proof of the **Insurer** emailing the Advice, using the information provided and subsequently confirmed by the **Named Insured** in writing, will serve as proof that the **Insurer** has fully satisfied its obligations under this endorsement.

This endorsement does not affect, in any way, coverage provided under this policy or the cancellation of this policy or the effective date thereof, nor shall this endorsement invest any rights in any entity not insured under this policy.

The following Definitions apply to this endorsement:

1. **Named Insured** means the first named employer in item 1 of the Page of this policy.
2. **Insurer** means the insurance company shown in the header on the Page of this policy.

**NOTICE TO BIDDERS
CITY OF DUBUQUE PUBLIC IMPROVEMENT PROJECT**

OLD MILL ROAD LIFT STATION AND FORCE MAIN PROJECT–PHASE 1

IDNR SRF #W2021-0394A

Time and Place for Filing Sealed Proposals. Sealed Bids for the work comprising each improvement as stated below must be filed before 2 P.M. on Thursday, August 22, 2024, in the Office of the City Clerk, City Hall–First Floor, 50 West 13th Street, Dubuque, IA 52001.

Time and Place Sealed Proposals Will be Opened and Considered. Sealed Proposals will be opened and Bids tabulated at 2 P.M. on Thursday, August 22, 2024, at City Hall–Conference Room A, 50 West 13th Street, Dubuque, IA, 52001, for consideration by the City Council (Council) on Tuesday, September 3, 2024, or at such later date as may be set at said meeting. The City of Dubuque, Iowa, reserves the right to reject any and all Bids.

Time for Commencement and Completion of Work. Work shall be commenced after Notice to Proceed has been issued and shall be fully completed in accordance with the requirements listed in the Agreement.

Bid Security. Each Bidder shall accompany its Bid with a bid security as security that the successful Bidder will enter into a Contract for the work bid upon and will furnish after the award of Contract a corporate surety bond, acceptable to the governmental entity, for the faithful performance of the Contract, in an amount equal to one hundred percent of the amount of the Contract. The bid security shall be in the amount of 10 percent (10%) of the amount of the Contract and shall be in the form of a cashier's check or certified check drawn on a state-chartered or federally chartered bank, or a certified share draft drawn on a state-chartered or federally chartered credit union, or the governmental entity may provide for a Bidder's Bond with corporate surety satisfactory to the governmental entity. The Bid Bond shall contain no conditions excepted as provided in this section.

Contract Documents. Bids are to be addressed to the City of Dubuque, Iowa, 50 West 13th Street, Dubuque, IA 52001, and shall be marked "Sealed Bid–Old Mill Road Lift Station and Force Main Project–Phase 1, IDNR SRF #W2021-0394A."

A copy of the Contract Documents may be viewed at the City Clerk's Office, City Hall, 50 West 13th Street, Dubuque, IA 52001. Complete digital Contract Documents will also be available, for download on the City's website at www.cityofdubuque.org/bids.aspx. No plan deposit is required.

Each Bidder shall accompany its bid with bid security as defined in Iowa Code Section 26.8, as security that the successful Bidder will enter into a Contract for the work bid upon and will furnish after the award of Contract a corporate Surety Bond, in a form acceptable to the City of Dubuque, for the faithful performance of the Contract, in an amount equal to one hundred percent (100%) of the amount of the Contract. The Bidder's security shall be in the amount fixed in the Instructions

to Bidders and shall be in the form of a cashier's check or a certified check drawn on an FDIC insured bank in Iowa or on a FDIC insured bank chartered under the laws of the United States; or a certified share draft drawn on a credit union in Iowa or chartered under the laws of the United States; or a Bid Bond on the form provided in the Contract Documents with corporate surety satisfactory to the City of Dubuque. The Bid shall contain no condition except as provided in the Specifications.

Bidder will execute and file the Agreement and 100% Performance and Payment Bonds within 15 days after the Notice of Award.

The City of Dubuque reserves the right to reject any or all Bids, to waive any technicality, and to accept any Bid which it deems advantageous. All Bids shall remain subject to acceptance for 60 days after the time set for receiving Bids.

Contract award shall be made based on the lowest responsive and responsible Bidder.

Any Contract or Contracts to be awarded are expected to be funded entirely or in part by a loan from Iowa Clean Water State Revolving Fund. This procurement will be subject to regulations contained in appropriate State Statutes and 40 CFR Parts 31, 33, and 35 of the Federal Statutes. Award of IDNR SRF #W2021-0394A may be dependent on loan securement.

A Federal Davis-Bacon Wage rate determination will prevail for this Project. General Decision Number IA-20240026 03/01/2024 shall apply.

Women and Minority-owned businesses are encouraged to submit Bids for this Project.

Bidders must demonstrate positive efforts to utilize women's and minority owned businesses. This procurement will be subject to regulations contained in 40 CFR 35.3145(d), and P.L. 102-389 and 100-590. In addition, Bidder shall comply with Executive Orders 11625, 12138, and 12432.

General Nature of Public Improvement

Old Mill Road Lift Station and Force Main Project-Phase 1, IDNR SRF #W2021-0394A.

Project consists of the construction of one 20 MGD (expandable to 30 MGD) dry pit submersible pumping station, the installation of (2) 250 LF 30-inch-diameter PVC force mains, 90 LF of 48-inch-diameter RCP gravity sewer, 200 LF of 54-inch-diameter RCP gravity sewer (3) 7-foot by 7-foot manholes, (2) 8-foot by 8-foot manholes. The project will include four borings across Canadian National railroad tracks: (1) 180 LF of 48-inch steel casing, (2) 150 LF of 42-inch steel casing and (1) 8-inch directional drill with four 2-inch conduits. The project also includes CIPP lining of the 48-inch and 54-inch gravity sewers along with epoxy coating of the manholes. Construction of the pumping station will include the site development work consisting of; electrical service, water service, gas service,

storm sewer, retaining walls, PCC sidewalk, PCC pavement, site lighting, security cameras, fiber optic lines, vegetative surface restoration, and other miscellaneous elements.

Preference for Iowa Products and Labor. By virtue of statutory authority, preference will be given to products and provisions grown and coal produced within the State of Iowa. In accordance with Iowa statutes, a resident Bidder shall be allowed a preference as against a nonresident bidder from a state or foreign country if that state or foreign country gives or requires any preference to Bidders from that state or foreign country, including but not limited to, any preference to Bidders, the imposition of any type of labor force preference, or any other form of preferential treatment to Bidders or laborers from that state or foreign country. The preference allowed shall be equal to the preference given or required by the state or foreign country in which the nonresident Bidder is a resident. In the instance of a resident labor force preference, a nonresident Bidder shall apply the same resident labor force preference to a public improvement in this state as would be required in the construction of a public improvement by the state or foreign country in which the nonresident Bidder is a resident.

Sales Tax. The Bidder should not include sales tax in its Bid. A sales tax exemption certificate will be available for all material purchased for incorporation in the Project.

Pre-Bid Construction Conference. A Pre-Bid Conference is planned on Tuesday, August 6, 2024. Representatives of OWNER and ENGINEER will be present to discuss the Project. Bidders are encouraged to attend and participate in the conference.

Contact Information. The Bidders shall contact either Randy Langer (randy.langer@strand.com or 608-251-4843) at Strand Associates, Inc.® or Todd Irwin (tirwin@cityofdubuque.org or 563-589-4278) at the City of Dubuque, or both parties with their questions associated with this project. Todd Irwin may be contacted for Civil aspects of design. Randy Langer may be contacted for all other questions.

Title VI–Non-Discrimination Clause. The City of Dubuque in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d-2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all Bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit Bids in response to this invitation and will not be discriminated against on the grounds of race, color, national origin, sex, age, or disability in consideration for an award.

On the following date, July 17, 2024 this Notice was posted at the following locations:

1. Posted on the City of Dubuque Website: www.cityofdubuque.org/bids
2. Posted to Construction Update Network: www.mbionline.com

ARTICLE 1–DEFINED TERMS

1.01 Terms used in these Instructions to Bidders have the meanings indicated in the General Conditions. Additional terms used in these Instructions to Bidders have the meanings indicated below which are applicable to both the singular and plural thereof:

- A. Issuing Office–The office from which the Bidding Documents are to be issued.

Name: City of Dubuque
Engineering Department
Address: 50 West 13th Street
Dubuque, IA 52001
Phone: (563) 589-4270

ARTICLE 2—COPIES OF BIDDING DOCUMENTS

2.01 A copy of the Contract Documents may be viewed at the City Clerk's Office, City Hall, 50 West 13th Street, Dubuque, IA 52001. Complete digital Contract Documents will also be available, for download on the City's website at <http://www.cityofdubuque.org/bids.aspx>. No plan deposit is required.

2.02 Complete sets of the Bidding Documents may be obtained digitally or by paper copy as stated in the Notice to Bidders.

2.03 Complete sets of Bidding Documents shall be used in preparing Bids; neither OWNER nor ENGINEER assume any responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bidding Documents.

2.04 OWNER and ENGINEER in making copies of Bidding Documents available on the above terms do so only for the purpose of obtaining Bids for the Work and do not confer a license for any other use.

ARTICLE 3—QUALIFICATIONS OF BIDDERS

3.01 To demonstrate Bidder's qualifications to perform the Work, the apparent lowest responsive Bidder shall submit Contractor Background Information within 72 hours of Bid opening.

3.02 Bidder must also submit evidence of Bidder's qualifications to do business in the state where the Project is located by completing the Bidder Status Form, as required by Iowa Administrative Code 875, Chapter 156, included as part of the Bid.

3.03 No requirement in this Article 3 to submit information will prejudice the right of OWNER to seek additional pertinent information regarding Bidder's qualifications.

3.04 Bidder is advised to carefully review those portions of the Bidding Documents requiring Bidder's representations and certifications.

ARTICLE 4—SITE AND OTHER AREAS; EXISTING SITE CONDITIONS; EXAMINATION OF SITE; OWNER'S SAFETY PROGRAM; OTHER WORK AT THE SITE

4.01 Site and Other Areas

A. The Site is identified in the Bidding Documents. By definition, the Site includes rights-of-way, easements, and other lands furnished by OWNER for the use of CONTRACTOR. Any additional lands required for temporary construction facilities, construction equipment, or storage of materials and equipment, and any access needed for such additional lands, are to be obtained and paid for by CONTRACTOR.

4.02 Existing Site Conditions

A. Subsurface and Physical Conditions; Hazardous Environmental Conditions

1. The General Conditions identify,

a. Those reports known to OWNER of explorations and tests of subsurface conditions at or contiguous to the Site.

b. Those drawings known to OWNER of physical conditions relating to existing surface and subsurface structures at the Site (except Underground Facilities).

c. Reports and drawings known to OWNER relating to Hazardous Environmental Conditions that have been identified at or adjacent to the Site.

d. Technical Data contained in such reports and drawings.

2. Copies of reports and drawings referenced in Paragraph 4.02.A, which are not included with the Bidding Documents, will be made available by OWNER to any Bidder on request. Reports and drawings, whether included in the Bidding Documents or not, are not part of the Contract Documents, but the "technical data" contained therein upon which Bidder is entitled to rely as provided in Paragraphs 5.03 and 5.06 of the General Conditions has been identified and established. Bidder is responsible for any interpretation or conclusion Bidder draws from any "technical data" or any other data, interpretations, opinions, or information contained in such reports or shown or indicated in such drawings.

3. If the General Conditions do not identify Technical Data, the default definition of Technical Data set forth in Article 1 of the General Conditions will apply.

B. Underground Facilities: Information and data shown or indicated in the Bidding Documents with respect to existing Underground Facilities at or contiguous to the Site are set forth in the Contract Documents and are based upon information and data furnished to OWNER and ENGINEER by owners of such Underground Facilities, including OWNER, or others.

C. Adequacy of Data: Provisions concerning responsibilities for the adequacy of data furnished to prospective Bidders with respect to subsurface conditions, other physical conditions, and Underground Facilities, and possible changes in the Bidding Documents due to differing or unanticipated subsurface or physical conditions appear in Paragraphs 5.03, 5.04, and 5.05 of the General Conditions. Provisions concerning responsibilities for the adequacy of data furnished to prospective Bidders with respect to a Hazardous Environmental Condition at the Site, if any, and possible changes in the Contract Documents due to any Hazardous Environmental Condition uncovered or revealed at the Site which was not shown or indicated in the Drawings or Specifications or identified in the Contract Documents to be within the scope of the Work, appear in Paragraph 5.06 of the General Conditions.

4.03 Site Visit and Testing by Bidders

A. Bidder shall conduct the required Site visit during normal work hours, and shall not disturb any ongoing operations at the Site.

B. Bidder is not required to conduct any subsurface testing, or exhaustive investigations of Site conditions.

C. On request in advance and after submittal of Bidder's evidence of insurance coverage meeting the requirements designated in the General Conditions for CONTRACTOR, and to the extent OWNER has control over the Site, and schedule permitting, OWNER will provide Bidder access to the Site to conduct such additional examinations, investigations, explorations, tests, and studies as Bidder deems necessary for preparing and submitting a successful Bid. OWNER will not have any obligation to grant such access if doing so is not practical because of existing operations, security or safety concerns, or restraints on OWNER's authority regarding the Site.

D. Bidder shall comply with all applicable Laws and Regulations regarding excavation and location of utilities, obtain all permits, and comply with all terms and conditions established by OWNER

or by property owners or other entities controlling the Site with respect to schedule, access, existing operations, security, liability insurance, and applicable safety programs.

E. Bidder shall fill all holes and clean up and restore the Site to its former condition upon completion of such explorations, investigations, tests, and studies.

4.04 OWNER's Safety Program

A. Site visits and work at the Site may be governed by an OWNER safety program. If any OWNER safety program exists, it will be noted.

4.05 Other Work at the Site

A. Reference is made to Article 8 of the General Conditions for the identification of the general nature of other work of which OWNER is aware (if any) that is to be performed at the Site by OWNER or others (such as utilities and other prime contractors) and relates to the Work contemplated by these Bidding Documents. If OWNER is party to a written contract for such other work, then on request, OWNER will provide to each Bidder access to examine such contracts (other than portions thereof related to price and other confidential matters), if any.

ARTICLE 5–BIDDER’S REPRESENTATIONS

5.01 It is the responsibility of each Bidder before submitting a Bid to:

A. Examine and carefully study the Bidding Documents, and any data and reference items identified in the Bidding Documents and any Addenda;

B. Visit the Site, conduct a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfy itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work;

C. Become familiar with and satisfy itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work;

D. Carefully study all:

1. reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the General Conditions, especially with respect to Technical Data in such reports and drawings, and

2. reports and drawings related to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the General Conditions, especially with respect to Technical Data in such reports and drawings;

E. Consider the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and the Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on

1. the cost, progress, and performance of the Work;

2. the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and

3. Bidder's safety precautions and programs;

F. Agree, based on the information and observations referred to in the preceding paragraph, that at the time of submitting its Bid no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of its Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents;

G. Become aware of the general nature of the work to be performed by OWNER and others at the Site that relates to the Work as indicated in the Bidding Documents;

H. Promptly give ENGINEER written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder discovers in the Bidding Documents and confirm that the written resolution thereof by ENGINEER is acceptable to Bidder;

I. Determine that the Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work; and

J. Agree that the submission of a Bid will constitute an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents, and that the Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performing and furnishing the work.

5.02 Existing Site Conditions

A. Subsurface and Physical Conditions; Hazardous Environmental Conditions

1. The General Conditions identify the following regarding existing conditions at or adjacent to the Site:

a. Those reports of explorations and tests of subsurface conditions at or adjacent to the Site that contain Technical Data.

b. Those drawings known to OWNER of existing physical conditions at or adjacent to the Site, including those drawings depicting existing surface or subsurface structures at or adjacent to the Site (except Underground Facilities), that contain Technical Data.

c. Reports and drawings known to OWNER relating to Hazardous Environmental Conditions that have been identified at or adjacent to the Site.

d. Technical Data contained in such reports and drawings.

2. OWNER will make copies of reports and drawings referenced above available to any Bidder on request. These reports and drawings are not part of the Contract Documents, but the Technical Data contained therein upon whose accuracy Bidder is entitled to rely, as provided in the General Conditions, has been identified and established in the General Conditions. Bidder is responsible for any interpretation or conclusion Bidder draws from any Technical Data or any other data, interpretations, opinions, or information contained in such reports or shown or indicated in such drawings.

3. If the General Conditions do not identify Technical Data, the default definition of Technical Data set forth in Article 1 of the General Conditions will apply.

B. Underground Facilities: Underground Facilities are shown or indicated on the Drawings, pursuant to Paragraph 5.05 of the General Conditions, and not in the drawings referred to in Paragraph 5.02.A of these Instructions to Bidders. Information and data regarding the presence or location of Underground Facilities are not intended to be categorized, identified, or defined as Technical Data.

ARTICLE 6–PRE-BID CONFERENCE

6.01 A Pre-Bid Conference will be held on Tuesday, August 6, 2024, at 10 A.M. in the Jule Operations and Training Center, 949 Kerper Boulevard, Dubuque, IA 52001. Representatives of OWNER and ENGINEER will be present to discuss the Project. Bidders are encouraged to attend and participate in the conference. ENGINEER will transmit to all prospective Bidders of record such Addenda as ENGINEER considers necessary in response to questions arising at the conference. Oral statements may not be relied upon and will not be binding or legally effective.

ARTICLE 7–INTERPRETATIONS AND ADDENDA

7.01 All questions about the meaning or intent of the Bidding Documents are to be submitted to ENGINEER in writing. Interpretations or clarifications considered necessary by ENGINEER in response to such questions will be issued by Addenda mailed or delivered to all parties recorded by Issuing Office as having received the Bidding Documents.

7.02 All requests for interpretation must be received at least five days prior to the day set for receiving Bids. Addenda will be issued not later than three days prior to the day set for receiving Bids. Failure of any Bidder to receive any such Addendum or interpretation shall not relieve such Bidder from any obligations under the Bid as submitted. All Addenda so issued shall become part of the Contract Documents.

7.03 Only questions answered by Addenda will be binding. Oral and other interpretations or clarifications will be without legal effect.

7.04 Addenda may also be issued to clarify, correct, or change the Bidding Documents as deemed advisable by OWNER or ENGINEER.

7.05 Receipt of all addenda must be acknowledged in space provided in the Bid.

ARTICLE 8–BID SECURITY

8.01 A Bid must be accompanied by Bid security made payable to OWNER in an amount of 10% of the Bidder's maximum Bid price and in the form of a certified check, bank money order, or a Bid Bond (on form attached) issued by a surety meeting the requirements of Paragraph 6.01 of the General Conditions.

8.02 The Bid security of the apparent Successful Bidder will be retained until such Bidder has executed the Contract Documents, furnished the required contract security, and met the other conditions of the Notice of Award. If the Successful Bidder fails to execute and deliver the Contract Documents and furnish the required contract security within 15 days after the Notice of Award, OWNER may annul the Notice of Award and the Bid security of the Bidder will be forfeited. Such forfeiture shall be OWNER's exclusive remedy if Bidder defaults.

8.03 Bid security of Bidders will be retained unless requested to be returned and will not be returned until after Contract has been awarded.

ARTICLE 9—CONTRACT TIMES

9.01 The numbers of days within which, or the dates by which, Milestones, if any, are to be achieved and the Work is to be substantially completed and ready for final payment are set forth in the Agreement (or incorporated therein by reference to the attached Bid Form).

ARTICLE 10—AGREED COSTS OF DELAY

10.01 Provisions for agreed costs of delay, if any, are set forth in the Agreement.

ARTICLE 11—SUBSTITUTE OR “OR EQUAL” ITEMS

11.01 The Contract, if awarded, will be on the basis of materials and equipment specified or described in the Bidding Documents without evaluation of Equipment Alternatives listed in the Lump Sum Base Bid, if any, and without evaluation of possible substitute or “or equal” items. Whenever it is specified or described in the Bidding Documents that an Equipment Alternative listed in the Lump Sum Base Bid or that a substitute or “or equal” item of material or equipment may be furnished or used by CONTRACTOR if acceptable to ENGINEER, application for such acceptance will not be evaluated by ENGINEER until after the Effective Date of the Contract.

ARTICLE 12—SUBCONTRACTORS, SUPPLIERS, AND OTHERS

12.01 A Bidder shall be prepared to retain specific Subcontractors, Suppliers, or other individuals or entities for the performance of the Work if required by the Bidding Documents (most commonly in the Specifications) to do so. If a prospective Bidder objects to retaining any such Subcontractor, Supplier, or other individual or entity, and the concern is not relieved by an Addendum, then the prospective Bidder should refrain from submitting a Bid.

12.02 Subsequent to the submittal of the Bid, OWNER may not require the Successful Bidder or CONTRACTOR to retain any Subcontractor, Supplier, or other individual or entity against which CONTRACTOR has reasonable objection.

12.03 The apparent Successful Bidder, and any other Bidder so requested, shall within five days after Bid opening, submit to OWNER a list of the Subcontractors or Suppliers proposed for the Work. If requested by OWNER, such list shall be accompanied by an experience statement with pertinent information regarding similar projects and other evidence of qualification for each such Subcontractor, Supplier, or other individual or entity. If OWNER or ENGINEER, after due investigation, has reasonable objection to any proposed Subcontractor, Supplier, individual, or entity, OWNER may, before the Notice of Award is given, request apparent Successful Bidder to submit an acceptable substitute, in which case apparent Successful Bidder shall submit a substitute, Bidder's Bid price will be increased (or decreased) by the difference in cost occasioned by such substitution, and OWNER may consider such price adjustment in evaluating Bids and making the Contract award.

12.04 If apparent Successful Bidder declines to make any such substitution, OWNER may award the Contract to the next lowest Bidder that proposes to use acceptable Subcontractors, Suppliers, or other individuals or entities. Declining to make requested substitutions will constitute grounds for forfeiture of the Bid security of any Bidder. Any Subcontractor, Supplier, individual, or entity so listed and against which OWNER or ENGINEER makes no written objection prior to the giving of the Notice of Award will be deemed acceptable to OWNER and ENGINEER subject to subsequent revocation of such acceptance as provided in Paragraph 7.06 of the General Conditions.

ARTICLE 13—PREPARATION OF BID

13.01 The Bid Form is included with the Bidding Documents.

A. All blanks on the Bid Form shall be completed in ink and the Bid Forms signed in ink. Erasures or alterations shall be initialed in ink by the person signing the Bid Form. A Bid price shall be indicated for each section, Bid item, alternate, adjustment unit price item, and unit price item listed therein.

B. If the Bid Form expressly indicates that submitting pricing on a specific alternate item is optional, and Bidder elects to not furnish pricing for such optional alternate item, then Bidder may enter the words “No Bid” or “Not Applicable.”

13.02 A Bid by a corporation shall be executed in the corporate name by a corporate officer (whose title must appear under the signature), accompanied by evidence of authority to sign. The corporate address and state of incorporation shall be shown.

13.03 A Bid by a partnership shall be executed in the partnership name and signed by a partner (whose title must appear under the signature), accompanied by evidence of authority to sign. The official address and state of incorporation shall be shown.

13.04 A Bid by a limited liability company shall be executed in the name of the firm by a member, if the LLC is member-managed, or by a manager, if manager-managed, and accompanied by evidence of authority to sign. The state of formation of the firm and the official address of the firm shall be shown.

13.05 A Bid by an individual shall show the Bidder’s name and official address.

13.06 A Bid by a joint venture shall be executed by an authorized representative of each joint venturer in the manner indicated on the Bid form. The official address of the joint venture shall be shown.

13.07 All names shall be printed below the signatures.

13.08 The Bid shall contain an acknowledgment of receipt of all Addenda, the numbers of which must be filled in on the Bid form.

13.09 Postal and e-mail addresses and telephone number for communications regarding the Bid shall be shown.

13.10 The Bid shall contain evidence of Bidder’s authority and qualification to do business in the state where the Project is located, or Bidder shall covenant in writing to obtain such qualification prior to award of the Contract. Bidder’s state contractor license number for the state of the Project, if any, shall also be shown on the Bid Form.

13.11 All Bids shall be signed in the presence of and be notarized by a Notary Public or other Officer authorized to administer oaths.

ARTICLE 14—BASIS OF BID

14.01 Unit Price

A. Bidders shall submit a Bid on a Unit Price basis for each item of Work listed in the Unit Price section of the Bid Form. The price for the Base Bid equipment for each alternative equipment item shall be included in the Lump Sum Base Bid for Bid Item 113 and 114.

B. The "Bid Price" (sometimes referred to as the extended price) for each Unit Price Bid item will be the product of the "Estimated Quantity" (which OWNER or its representative has set forth in the Bid Form) for the item and the corresponding "Bid Unit Price" offered by the Bidder. The total of all Unit Price Bid items will be the sum of these "Bid Prices;" such total will be used by OWNER for Bid comparison purposes. The final quantities and Contract Price will be determined in accordance with Paragraph 13.03 of the General Conditions.

C. The name of the Base Bid Equipment Manufacturer, which Bidder shall include in the Lump Sum Base Bid for Bid Items 113 and 114, is listed for each equipment item. When more than one Base Bid Equipment Manufacturer name is listed for an item, Bidder shall circle the name of the equipment manufacturer selected for the Lump Sum Base Bid for Bid Items 113 and 114 and write in the price for the selected equipment.

D. Where a Requested Alternative Equipment Manufacturer is listed in the Bid Form, Bidder shall include an add or deduct to the price of the Base Bid equipment that Bidder included in the Lump Sum Base Bid for Bid Items 113 and 114. The add or deduct price shall include the cost of any changes, including engineering changes, necessary to accommodate the alternative equipment including, but not limited to, process, structural, mechanical, and electrical work.

E. Where spaces are provided, Bidder may write in Other Alternative Equipment Manufacturers into the blank(s) provided on the Bid Form and include an add or deduct to the price of the Base Bid equipment that Bidder included in the Lump Sum Base Bid for Bid Items 113 and 114. The add or deduct price shall include the cost of the engineering services required for review of the alternative equipment in comparison to the Base Bid equipment and shall include the cost of any changes, including engineering changes, necessary to accommodate the alternative equipment including, but not limited to, process, structural, mechanical, and electrical work.

F. Whether or not an Alternative Equipment Manufacturer is offered to one or more Base Bid Equipment Manufacturers provided in the Bid Form, Bidder shall write (in numbers) the price for providing the Base Bid Equipment Manufacturer, as included in the Lump Sum Base Bid for Bid Items 113 and 114.

G. Failure to provide a separate price for each Base Bid equipment item may result in OWNER declaring Bid nonresponsive. Consideration of Alternative Equipment Manufacturers will be made by OWNER within 60 days after the Effective Date of the Contract.

14.02 Discrepancies between the multiplication of units of Work and unit prices will be resolved in favor of the unit prices. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum. For Bids submitted on a Lump Sum basis, discrepancies between words and figures will be resolved in favor of the words.

14.03 For cash allowances the Contract Price shall include such amounts as the Bidder deems proper for Contractor's overhead, costs, profit, and other expenses on account of cash allowances, if any, named in the Contract Documents as provided for in Paragraph 13.02.B of the General Conditions. The final Contract Price will be adjusted to reflect actual costs on account of cash allowances.

14.04 The following cash allowances shall be included in the Bid for Contract(s). See Drawing D.01 for delineation between lump sum and price work.

ARTICLE 15–SUBMITTAL OF BID

15.01 Bids will be received for all divisions of the Specifications and all other provisions of the Bidding Documents.

15.02 Bidder is furnished one copy of the Bidding Documents with one separate unbound copy of the Bid Forms and the Bid Bond form. The Bidding Documents may be retained by Bidder. The unbound copy of the Bid Forms is to be completed and submitted with the Bid security along with any data required by the Bidding Documents to be attached to and made a condition of the Bid. Additional copies may be obtained from the Issuing Office.

15.03 A Bid shall be submitted no later than the date and time prescribed and at the place indicated in the Notice to Bidders.

15.04 The Bid Proposal Form (SECTION 00401) and Bid Bond (SECTION 00450) must be enclosed in separate sealed envelopes and clearly labeled. The two separate sealed envelopes can be submitted in one larger envelope.

1. The envelope containing the Bid Proposal Form and Schedule of Values Form must be labeled as follows:

**OLD MILL ROAD LIFT STATION AND FORCE MAIN PROJECT–PHASE 1
“SEALED BID”**

(CONTRACTOR NAME)

And addressed to Location for Filing Bid:

City of Dubuque
Office of City Clerk
City Hall, 50 W 13th Street
Dubuque, IA 52001

2. The envelope containing the Bid Bond must be labeled as follows:

**OLD MILL ROAD LIFT STATION AND FORCE MAIN PROJECT–PHASE 1
BID BOND”**

(CONTRACTOR NAME)

And addressed to Location for Filing Bid:

City of Dubuque
Office of City Clerk
City Hall, 50 W 13th Street
Dubuque, IA 52001

15.05 The Bidder Status Form must be included in the envelope with the Bid.

15.06 Bids submitted after the date and time for filing sealed proposals as listed in the Notice to Bidders shall not be considered and will be returned to the Bidder unopened.

15.07 The City may reject any irregular or non responsive Bid.

15.08 If the Contract is awarded, it will be awarded by the City as required by law to the lowest responsive, responsible Bidder. The Contract will require the completion of work according to the Contract Documents.

15.09 Each Bidder must include in the Bid, in the appropriate spaces therefore, the proposed cost of performing said work in compliance with the Contract Documents including all items of labor, equipment, materials and overhead costs.

ARTICLE 16—MODIFICATION AND WITHDRAWAL OF BIDS

16.01 A Bid may be modified or withdrawn by an appropriate document duly executed in the manner that a Bid must be executed and delivered to the place where Bids are to be submitted prior to the date and time set for receiving Bids.

16.02 A Bid may be withdrawn by an appropriate document duly executed in the same manner that a Bid must be executed and delivered to the place where Bids are to be submitted prior to that date and time for the opening of Bids. Upon receipt of such notice, the unopened Bid will be returned to the Bidder.

16.03 If a Bidder wishes to modify its Bid prior to Bid opening, Bidder must withdraw its initial Bid in the manner specified in Paragraph 16.01 and submit a new Bid prior to the date and time for the opening of Bids.

ARTICLE 17—OPENING OF BIDS

17.01 Bids will be opened at the time and place indicated in the Notice to Bidders and, unless obviously nonresponsive, read aloud publicly. An abstract of the amounts of the base bids and major alternatives and components, if any, will be made available to Bidders after the opening of Bids.

ARTICLE 18—BIDS TO REMAIN SUBJECT TO ACCEPTANCE

18.01 All Bids will remain subject to acceptance for the period of time stated in the Bid Form, but OWNER may, in its sole discretion, release any Bid and return the Bid security prior to the end of this period.

ARTICLE 19—EVALUATION OF BIDS AND AWARD OF CONTRACT

19.01 OWNER reserves without limitation the right to reject any or all Bids, to waive any and all informalities not involving price, time or changes in the work and to negotiate Contract terms with the Successful Bidder; and the right to accept or reject all incomplete, nonconforming, nonresponsive, unbalanced, obscure, or conditional Bids, or Bids which contain additions not called for, erasures, alterations, or irregularities of any kind, or which do not comply with the Instructions to Bidders. OWNER reserves the right to reject the Bid of any Bidder if OWNER believes that it would not be in the best interest of the Project to make an award to that Bidder, whether because the Bid is not responsive or the Bidder is unqualified or of doubtful financial ability or fails to meet any other pertinent standard or criteria established by OWNER. OWNER further reserves the right

to reject the Bid of any Bidder whom it finds, after reasonable inquiry and evaluation, to be nonresponsible.

19.02 More than one Bid for the same Work from an individual or entity under the same or different names will not be considered. Reasonable grounds for believing that any Bidder has an interest in more than one Bid for the Work may be cause for disqualification of that Bidder and the rejection of all Bids in which that Bidder has an interest.

19.03 In evaluating Bids, OWNER will consider whether or not the Bids comply with the prescribed requirements, and such alternatives, unit prices, and other data as may be requested in the Bid Form or prior to the Notice of Award.

19.04 In evaluating Bids, OWNER will consider the qualifications of Bidders and may consider the qualifications and experience of Subcontractors, Suppliers, and other individuals or entities proposed for those portions of the Work for which the identity of Subcontractors, Suppliers, and other individuals or entities must be submitted as provided in the General Conditions. OWNER also may consider the operating costs, maintenance requirements, performance data, and guarantees of major items of materials and equipment proposed for incorporation in the work when such data is required to be submitted prior to the Notice of Award.

19.05.1 OWNER may conduct such investigations as OWNER deems necessary to assist in the evaluation of any Bid and to establish the responsibility, qualifications, and financial ability of Bidders, proposed Subcontractors, Suppliers, individuals or entities to perform the Work in accordance with the Contract Documents to OWNER's satisfaction within the prescribed time. Bidder shall furnish to OWNER all such information and data for this purpose as OWNER may request. OWNER reserves the right to reject any Bid if the evidence submitted by, or investigation of, such Bidder fails to satisfy OWNER that such Bidder is properly qualified to carry out the obligations of the Contract Documents and to complete the work contemplated therein.

19.05.2 OWNER shall be satisfied that Bidder involved (1) maintains a permanent place of business, (2) has adequate plant and equipment to do the work properly and expeditiously, (3) has a suitable financial status to meet obligations incident to the work, (4) has appropriate technical experience, and (5) can submit a satisfactory performance record.

19.06.1 If a Contract is to be awarded, it will be awarded to the responsible Bidder with the lowest responsive Bid whose evaluation by OWNER indicates to OWNER that the award will be in the best interests of the Project.

19.06.2 OWNER reserves the right to accept or reject any Alternative Equipment Manufacturers to the Lump Sum Base Bid for Bid Items 113 and 114. Consideration of Alternative Equivalent Manufacturers of the selected Bidder will be made by OWNER within 60 days after the Effective Date of the Contract.

19.07 If a Contract is to be awarded, OWNER will give the successful Bidder a Notice of Award within 30 days after the time set for opening Bids.

ARTICLE 20—CONTRACT SECURITY AND INSURANCE

20.01 Article 6 of the General Conditions, as may be modified by the General Conditions, sets forth OWNER's requirements as to performance and payment bonds and insurances. When the Successful Bidder delivers the executed Agreement to OWNER, it must be accompanied by the required performance and payment bonds and insurances.

ARTICLE 21–SIGNING OF AGREEMENT

21.01 When OWNER gives a Notice of Award to the Successful Bidder, it shall be accompanied by the required number of unexecuted counterparts of the Agreement along with all other Contract Documents which are identified in the Agreement as attached thereto. Within 15 days thereafter, Successful Bidder shall execute and deliver the required number of counterparts of the Agreement and attached documents to ENGINEER with the required Bonds and insurances. Within 15 days after receipt of properly executed documents and Bonds and insurances which meet all requirements of the Contract Documents, ENGINEER will deliver one fully signed counterpart to Successful Bidder.

ARTICLE 22–RETAINAGE

22.01 Provisions concerning retainage are set forth in the Agreement.

ARTICLE 23–WAGE RATE DETERMINATION

23.01 Davis-Bacon federal wage rate determination will be inserted as a part of the Bidding Documents and/or will be on file at the office of OWNER. Bidder shall inspect the wage rate determination and shall incorporate its requirements into its Bid.

23.02 See Section 01 41 00 of the General Requirements for additional information.

ARTICLE 24–OTHER TAXES

24.01 See the City of Dubuque, Iowa Sales and Use Tax Exemption Certificate at the end of the General Conditions for information regarding OWNER's tax exempt status. The executed certificate must be delivered to OWNER with the executed Agreement.

ARTICLE 25–LAWS, ORDINANCES, AND REGULATIONS

25.01 Bidder must familiarize itself with all laws, ordinances, and regulations by federal, state, city, or other governmental agency, which by reason of being neglected or violated may affect the Work contemplated and must secure and pay the fee required for any permits which may be necessary unless such fees are otherwise indicated to be paid in the Bidding Documents.

25.02 See the Special Provisions Notice at the end of the General Requirements for information regarding bonding required of out-of-state contractors under Iowa Code.

25.03 Contracts in excess of \$150,000 must contain a provision that requires compliance with all applicable standards, orders or regulations issued pursuant to the Clean Air Act and the Federal Water Pollution Control Act. Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

25.04 A Contract award must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM). SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

25.05 Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. 1352.

Each tier must also disclose any lobbying with non-federal funds that takes place in connectin with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award.

ARTICLE 26—EEO REQUIREMENTS

26.01 Bidder shall abide by the requirements under Executive Order No. 11246, as amended, including specifically the provisions of the Equal Opportunity Clause set forth in the General Conditions.

ARTICLE 27—FUNDING

27.01 The Bidder agrees that he/she shall make a “good faith effort” to subcontract with DBEs for the project. Documentation of this “good faith effort” is required to be submitted with the Bid.

27.02 Failure to demonstrate a good faith effort to do so may lead to rejection of bids. For the purpose of this program, the term “subcontract” includes all construction, modification, and service work contracted for by the Bidder in the execution of the work under this Contract.

27.03 Bidders on this work will be required to comply with the President’s Executive Order No. 11246. The requirements for Bidders and Contractors under this order are explained in the specifications.

27.04 See the section labeled “Laws and Regulations” in the General Conditions for further details regarding these regulations.

27.05 Each Bidder must fully comply with the Disadvantaged Business Enterprises, and Affirmative Action requirements, as identified in the SRF Required Front-End Specifications attached to the end of the Bid Section. Bidder shall submit all forms from this packet with the Bid but is only required to complete and sign Attachments 1, 2, 3, 4, 5, and 10 as applicable.

27.06 Bidders shall certify to its Bid that all iron and steel products used on the project be produced in the United States and comply with the American Iron and Steel requirements. Refer to Section 01 41 00—Regulatory Requirements for additional information.

ARTICLE 28—BIDDING PREFERENCE

28.01 The State of Iowa, its agencies, and its political subdivisions, including cities, school districts and public utilities are required by Iowa Code Section 8A.311B to require a reciprocal resident Bidder and resident labor force preference.

28.02 Nonresident Bidders are advised that when a contract for a public improvement is to be awarded to the lowest responsible Bidder that per Iowa law a resident Bidder shall be allowed a preference over a nonresident Bidder from a state or foreign country if that state or foreign country gives or requires any preference to Bidders from that state or foreign country. Preferences include but not limited to any preference to Bidders, the imposition of any type of labor force preference, or any other form of preferential treatment to Bidders or laborers from that state or foreign country. The preference allowed shall be equal to the preference given or required by the state or foreign country in which the nonresident Bidder resides. In the instance of a resident labor force preference, a nonresident Bidder shall apply the same resident labor force preference to a public improvement in this state as would be required in the construction of a public improvement by the state or foreign country in which the nonresident Bidder is a resident.

28.03 Nonresident Bidder is defined as a person or entity authorized to transact business and having a business address for transacting business outside the State of Iowa at which it is conducting and has conducted business.

28.04 Resident Bidder is defined as a person or entity authorized to transact business and having a business address for transacting business within the State of Iowa at which it is conducting and has conducted business for a minimum of three years prior to the date of the first advertisement for the public improvement. If the nonresident Bidder's state or foreign country defines resident Bidder more stringently than the State of Iowa then the more stringent definition shall apply to the nonresident Bidder's Bid.

ARTICLE 29—OPINION OF PROBABLE COST

29.01 The opinion of probable cost for the Project as of June 2024 is \$18,720,314.

ARTICLE 9.	DEFINED TERMS
ARTICLE 10.	COMMUNICATIONS
ARTICLE 11.	BID SUBMITTAL

ARTICLE 1-BID RECIPIENT

1.01 Bids to be received until 2 P.M., local time, August 22, 2024.

1.02 Submit Bid to: City of Dubuque
Office of the City Clerk, City Hall-First Floor
50 West 13th Street
Dubuque, IA 52001

1.03 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with OWNER in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2-BIDDER'S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Advertisement or Invitation to Bid and Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 60 days after the Bid opening or for such longer period of time that Bidder may agree to in writing upon request of OWNER.

2.02 Bidder will sign and deliver the required number of counterparts of the Agreement with the bonds, insurance certificates and other documents required by the Bidding Requirements within 15 days after the date of OWNER's Notice of Award.

G. Bidder is aware of the general nature of work to be performed by OWNER and others at the Site that relates to the Work as indicated in the Bidding Documents.

YES X RR Date 08/22/2024

H. Bidder has given ENGINEER written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and the written resolution thereof by ENGINEER is acceptable to Bidder.

YES X RR Date 08/22/2024

I. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance of the Work for which this Bid is submitted.

YES X RR Date 08/22/2024

Failure to acknowledge these representations may, at OWNER's discretion, disqualify Bidder from consideration.

ARTICLE 4-BIDDER'S CERTIFICATIONS

4.01 Bidder certifies that:

A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;

B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;

C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and,

D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the Bidding process;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the Bidding process to the detriment of OWNER, (b) to establish bid prices at artificial noncompetitive levels, or (c) to deprive OWNER of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of OWNER, a purpose of which is to establish bid prices at artificial noncompetitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

ARTICLE 5—BASIS OF BID

5.01 Bidder will complete the Work in accordance with the Contract Documents for the following price(s):

The following abbreviations may be used in this Bid:

AC	-	Acre	LS	-	Lump Sum
CIP	-	Complete in Place	LT	-	Left
CY	-	Cubic Yard	MGAL	-	Thousand Gallons
DI	-	Ductile Iron	MBF	-	Thousand Board Feet
DIA	-	Diameter	MFOB	-	Thousand Freight-On-Board
EA	-	Each	MH	-	Manhole
EST	-	Estimate(d)	NTE	-	Not to Exceed
EXCL	-	Excluding	RCP	-	Reinforced Concrete Pipe
FT	-	Feet	RT	-	Right
GAL	-	Gallon	SF	-	Square Foot
HERCP	-	Horizontal Elliptical RCP	STA	-	Station
HRS	-	Hours	SY	-	Square Yard
IN	-	Inch	T	-	Ton
INCL	-	Including	VF	-	Vertical Foot
LBS	-	Pounds	W/	-	With
LF	-	Linear Foot	W/O	-	Without

BIDDERS SHOULD NOT ADD ANY CONDITIONS OR QUALIFYING STATEMENTS TO THIS BID OR THE BID MAY BE DECLARED IRREGULAR AS NOT BEING RESPONSIVE TO THE INSTRUCTIONS TO BIDDERS.

City of Dubuque, Iowa
Bid Proposal Schedule

BIDDER NAME: Tricon General Construction, Inc.

DATE: 8/22/2024

Project Title: Old Mill Rd. Lift Station and Force Main Project - Phase I

LINE NO.	REFERENCE NUMBER	BID ITEM DESCRIPTION	PLAN QUANTITY	UNIT	BID UNIT PRICE	TOTAL PRICE

BID

CITY OF DUBUQUE DUBUQUE, IOWA OLD MILL ROAD LIFT STATION AND FORCE MAIN PROJECT-PHASE 1 IDNR SRF #W2021-0394A

CASH ALLOWANCES

The following Cash Allowances shall be included in the Lump Sum Base Bid for Bid Item 113. The Cash Allowances for non-Lump Sum items shall be equal to the product of the quantity included in the Lump Sum Base Bid and the Unit Price. The Cash Allowances will be adjusted in the event that estimated quantities to be included in the Lump Sum Base Bid are different from final measured quantities. A single Unit Price shall be bid for each item. Failure to include one or more of the following Unit Price items may result in rejection of the entire Bid as nonconforming. For items with a quantity of 1, the Cash Allowance shall be adjusted based on actual final costs.

Item Number	Description	Estimated Quantity Included in the Lump Sum Base Bid	Unit	Bid Unit Price	Total Bid Price Included in the Lump Sum Base Bid
1.	Face Brick (Section 04 20 00-Unit Masonry System)		MFOB	\$1,000	\$ 1,000
2.	Unsuitable Foundation Materials (Section 31 23 01-Excavation, Fill, and Backfill for Structures and Retaining Walls)	100	CY	\$ 100	\$ 10,000
3.	Rock Removal (Section 31 23 16.26-Rock Removal)	50	CY	\$ 200	\$ 10,000

EQUIPMENT ALTERNATIVES

CITY OF DUBUQUE
DUBUQUE, IOWA
OLD MILL ROAD LIFT STATION AND FORCE MAIN PROJECT-PHASE 1
IDNR SRF #W2021-0394A

The name of the Base Bid Equipment Manufacturer, which Bidder shall include in the Lump Sum Base Bid for Bid Item 113 and 114, is listed for each equipment item. When more than one Base Bid Equipment Manufacturer name is listed for an item, Bidder shall circle the name of the equipment manufacturer selected for the Lump Sum Base Bid for Bid Item 113 and 114 and write in the price for the selected equipment.

Where a Requested Alternative Equipment Manufacturer is listed in the Bid Form, Bidder shall include an add or deduct to the price of the Base Bid equipment that Bidder included in the Lump Sum Base Bid for Bid Item 113 and 114. The add or deduct price shall include the cost of any changes, including engineering changes, necessary to accommodate the alternative equipment including, but not limited to, process, structural, mechanical, and electrical work.

Where spaces are provided, Bidder may write in Other Alternative Equipment Manufacturers into the blank(s) provided on the Bid Form and include an add or deduct to the price of the Base Bid equipment that Bidder included in the Lump Sum Base Bid for Bid Item 113 and 114. The add or deduct price shall include the cost of the engineering services required for review of the alternative equipment in comparison to the Base Bid equipment and shall include the cost of any changes, including engineering changes, necessary to accommodate the alternative equipment including, but not limited to, process, structural, mechanical, and electrical work.

Whether or not an Alternative Equipment Manufacturer is offered to one or more Base Bid Equipment Manufacturers provided in the Bid Form, Bidder shall write (in numbers) the price for providing the Base Bid Equipment Manufacturer, as included in the Lump Sum Base Bid for Bid Item 113 and 114.

INCLUDE AS AN ATTACHMENT AN AUDITED BALANCE SHEET FOR
EACH OF THE LAST 3 YEARS

11. CONSTRUCTION EXPERIENCE:**Current Experience:**

List on **Schedule A** all uncompleted projects currently under contract.

Previous Experience:

List on **Schedule B** at least three (3) projects, with description of materials and equipment used, completed within the last eight (8) years that include:

- A) Work under active railroads
- B) Steel pipe jacking (or similar technology)
- C) Pipe jacking (or similar technology) of a diameter greater than 84 inches
- D) Dewatering of a major infrastructure project
- E) Handling and disposal of contaminated groundwater and soil
- F) Line and tamp restoration of existing Canadian Pacific Railroad tracks.

*If a subcontractor will be responsible for performing any of the work items listed above, list that subcontractor's name on Schedule B and describe their work experience.

In the past eight (8) years has the firm listed in Section 1 ever failed to complete a construction contract awarded to it?

☐ NO ☐ YES

If YES, add an Attachment that provides details of the circumstances and include Project Owner's contact information.

Have you ever been found not to be a responsible bidder under Iowa Code Chapter 26?

☐ NO ☐ YES

If YES, add an Attachment that provides details of the circumstances and include Project Owner's contact information.

Have you performed work in accordance with Canadian Pacific safety requirements?

☐ NO ☐ YES

In the past eight (8) years has any Corporate Officer, Partner, Joint Venture participant or Proprietor ever failed to complete a construction contract awarded to them in their name or when acting as a principal of another entity?

☐ NO ☐ YES

If YES, add an Attachment that provides details of the circumstances and include Project Owner's contact information.

Are there any judgments, claims, disputes or litigation pending or outstanding with an individual value greater than 75,000 involving the firm listed in Section 1 or any of its officers (or any of its partners if a partnership or any of the individual entities if a joint venture)?

☐ NO ☐ YES

If YES, add an Attachment that provides details of the circumstances and include Project Owner's contact information.

- A. Have you ever been declared in default under a performance bond in the last five (5) years?

☐ NO ☐ YES

- B. If YES, add an Attachment that provides details of the circumstances and include the name and contact person of the owner(s) of the project and the contact person at the surety/bonding company.

Are you currently being investigated for or have previously violated in the last five years any of the following state or federal laws: Iowa Minimum Wage Act, Iowa Non-English Speaking Employees Act, Iowa Child Labor Act, Iowa Labor Commissioner's Right to Inspect Premises, Iowa Compensation Insurance Act, Employment Security Act, Iowa Competition Act, Iowa Income, Corporate and Sales Tax Code, Iowa or Federal Occupational Safety and Health Act, Iowa Employee Registration Requirements, Iowa Hazardous Chemical Risks Act, Iowa Wage Payment Collection Act, Federal Income and Corporate Tax Code, The National Labor Relations Act, The Drug-Free Workplace Act, the Employee Retirement Insurance Security Act, The Fair Labor Standards Act:

☐ NO ☐ YES

Note: Addresses are to be used for giving any required notice.

Provide execution by any additional parties, such as joint venturers, if necessary.

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. Payment of the penal sum is the extent of Bidder's and Surety's liability. Recovery of such penal sum under the terms of this Bond shall be Owner's sole and exclusive remedy upon default of Bidder.
2. Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents.
3. This obligation shall be null and void if:
 - 3.1 Owner accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents, or
 - 3.2 All Bids are rejected by Owner, or
 - 3.3 Owner fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by Paragraph 5 hereof).
4. Payment under this Bond will be due and payable upon default of Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from Owner, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.
5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.
6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety and in no case later than one year after the Bid due date.
7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.
8. Notices required hereunder shall be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier, or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.
9. Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent, or representative who executed this Bond on behalf of Surety to execute, seal, and deliver such Bond and bind the Surety thereby.
10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.
11. The term "Bid" as used herein includes a Bid, offer, or proposal as applicable.

SWISS RE CORPORATE SOLUTIONS

SWISS RE CORPORATE SOLUTIONS AMERICA INSURANCE CORPORATION ("SRCSAIC")
SWISS RE CORPORATE SOLUTIONS PREMIER INSURANCE CORPORATION ("SRCSPIC")
WESTPORT INSURANCE CORPORATION ("WIC")

GENERAL POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS, THAT SRCSAIC, a corporation duly organized and existing under laws of the State of Missouri, and having its principal office in the City of Kansas City, Missouri, and SRCSPIC, a corporation organized and existing under the laws of the State of Missouri and having its principal office in the City of Kansas City, Missouri, and WIC, organized under the laws of the State of Missouri, and having its principal office in the City of Kansas City, Missouri, each does hereby make, constitute and appoint:

THOMAS O. CHAMBERS, TODD SCHAAP, KIMBERLY S. RASCH, and PAUL JACOBSEN

JOINTLY OR SEVERALLY

Its true and lawful Attorney(s)-in-Fact, to make, execute, seal and deliver, for and on its behalf and as its act and deed, bonds or other writings obligatory in the nature of a bond on behalf of each of said Companies, as surety, on contracts of suretyship as are or may be required or permitted by law, regulation, contract or otherwise, provided that no bond or undertaking or contract or suretyship executed under this authority shall exceed the amount of:

UNLIMITED

This Power of Attorney is granted and is signed by facsimile under and by the authority of the following Resolutions adopted by the Boards of Directors of both SRCSAIC and SRCSPIC at meetings duly called and held on the 18th of November 2021 and WIC by written consent of its Executive Committee dated July 18, 2011.

"RESOLVED, that any two of the President, any Managing Director, any Senior Vice President, any Vice President, the Secretary or any Assistant Secretary be, and each or any of them hereby is, authorized to execute a Power of Attorney qualifying the attorney named in the given Power of Attorney to execute on behalf of the Corporation bonds, undertakings and all contracts of surety, and that each or any of them hereby is authorized to attest to the execution of any such Power of Attorney and to attach therein the seal of the Corporation; and it is

FURTHER RESOLVED, that the signature of such officers and the seal of the Corporation may be affixed to any such Power of Attorney or to any certificate relating thereto by facsimile, and any such Power of Attorney or certificate bearing such facsimile signatures or facsimile seal shall be binding upon the Corporation when so affixed and in the future with regard to any bond, undertaking or contract of surety to which it is attached."

END OF SECTION

Bidder Status Form

To be completed by all bidders

Part A

Please answer "Yes" or "No" for each of the following:

☒ Yes ☐ No

My company is authorized to transact business in Iowa.
(To help you determine if your company is authorized, please review the worksheet on the next page).

☒ Yes ☐ No

My company has an office to transact business in Iowa.

☒ Yes ☐ No

My company's office in Iowa is suitable for more than receiving mail, telephone calls, and e-mail.

☒ Yes ☐ No

My company has been conducting business in Iowa for at least 3 years prior to the first request for bids on this project.

☒ Yes ☐ No

My company is not a subsidiary of another business entity or my company is a subsidiary of another business entity that would qualify as a resident bidder in Iowa.

If you answered "Yes" for each question above, your company qualifies as a resident bidder. Please complete Parts B and D of this form.

If you answered "No" to one or more questions above, your company is a nonresident bidder. Please complete Parts C and D of this form.

To be completed by resident bidders

Part B

My company has maintained offices in Iowa during the past 3 years at the following addresses:

Dates: 03 / 01 / 21 to ____ / ____ / ____

Address: 1230 East 12th St
City, State, Zip: Dubuque, IA 52001

Dates: 09 / 01 / 12 to ____ / ____ / ____

Address: 746 58th Avenue Ct SW
City, State, Zip: Cedar Rapids, IA 52406

Dates: ____ / ____ / ____ to ____ / ____ / ____

Address: ____
City, State, Zip: ____

You may attach additional sheet(s) if needed.

City, State, Zip: ____

To be completed by non-resident bidders

Part C

1. Name of home state or foreign country reported to the Iowa Secretary of State:

2. Does your company's home state or foreign country offer preferences to resident bidders, resident labor force preferences or any other type of preference to bidders or laborers?

☐ Yes ☐ No

3. If you answered "Yes" to question 2, identify each preference offered by your company's home state or foreign country and the appropriate legal citation.

You may attach additional sheet(s) if needed.

To be completed by all bidders

Part D

I certify that the statements made on this document are true and complete to the best of my knowledge and I know that my failure to provide accurate and truthful information may be a reason to reject my bid.

Firm Name: Tricon General Construction, Inc

Signature:  Date: 08/22/2024

Worksheet: Authorization to Transact Business

This worksheet may be used to help complete Part A of the Resident Bidder Status form. If at least one of the following describes your business, you are authorized to transact business in Iowa.

- ☒ Yes ☐ No My business is currently registered as a contractor with the Iowa Division of Labor.
- ☐ Yes ☐ No My business is a sole proprietorship and I am an Iowa resident for Iowa income tax purposes.
- ☐ Yes ☐ No My business is a general partnership or joint venture. More than 50 percent of the general partners or joint venture parties are residents of Iowa for Iowa income tax purposes.
- ☐ Yes ☐ No My business is an active corporation with the Iowa Secretary of State and has paid all fees required by the Secretary of State, has filed its most recent biennial report, and has not filed articles of dissolution.
- ☐ Yes ☐ No My business is a corporation whose articles of incorporation are filed in a state other than Iowa, the corporation has received a certificate of authority from the Iowa secretary of state, has filed its most recent biennial report with the secretary of state, and has neither received a certificate of withdrawal from the secretary of state nor had its authority revoked.
- ☐ Yes ☐ No My business is a limited liability partnership which has filed a statement of qualification in this state and the statement has not been canceled.
- ☐ Yes ☐ No My business is a limited liability partnership which has filed a statement of qualification in a state other than Iowa, has filed a statement of foreign qualification in Iowa and a statement of cancellation has not been filed.
- ☐ Yes ☐ No My business is a limited partnership or limited liability limited partnership which has filed a certificate of limited partnership in this state, and has not filed a statement of termination.
- ☐ Yes ☐ No My business is a limited partnership or a limited liability limited partnership whose certificate of limited partnership is filed in a state other than Iowa, the limited partnership or limited liability limited partnership has received notification from the Iowa secretary of state that the application for certificate of authority has been approved and no notice of cancellation has been filed by the limited partnership or the limited liability limited partnership.
- ☐ Yes ☐ No My business is a limited liability company whose certificate of organization is filed in Iowa and has not filed a statement of termination.
- ☐ Yes ☐ No My business is a limited liability company whose certificate of organization is filed in a state other than Iowa, has received a certificate of authority to transact business in Iowa and the certificate has not been revoked or canceled.

Attachment 1
SRF Required Front-End Specifications

(This form must be completed and signed by Prime Contractor and submitted with the bid.)

U.S. Environmental Protection Agency
Certification of Non-Segregated Facilities

(Applicable to contracts, subcontracts, and agreements with applicants who are themselves performing federally assisted construction contracts, exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity clause.)

By the submission of this bid, the bidder, offeror, applicant, or subcontractor certifies that he does not maintain or provide for his employees any segregated facilities at any of his establishments, and that he does not permit his employees to perform their services at any location, under his control, where segregated facilities are maintained. He certifies further that he will not maintain or provide for his employees any segregated facilities at any of his establishments, and that he will not permit his employees to perform their services at any location, under his control, where segregated facilities are maintained. The bidder, offeror, applicant, or subcontractor agrees that a breach of this certification is a violation of the Equal Opportunity clause in this contract. As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, restrooms and washrooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, creed, color, or national origin, because of habit, local custom, or otherwise. He further agrees that (except where he has obtained identical certifications from proposed subcontractors for specific time periods) he will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity clause; that he will retain such certifications in his files; and that he will forward the following notice to such proposed subcontractors (except where the proposed subcontractors have submitted identical certifications for specific time periods):

**NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENT FOR
CERTIFICATIONS OF NON-SEGREGATED FACILITIES**

A Certification of Non-segregated Facilities, as required by the May 9, 1967, order (33 F.R. 7808, May 28, 1968) on Elimination of Segregated Facilities, by the Secretary of Labor, must be submitted prior to the award of a subcontract exceeding \$10,000 which is not exempt from the provisions of the Equal Opportunity clause. The certification may be submitted either for each subcontract or for all subcontracts during a period (i.e., quarterly, semiannually, or annually).

Attachment 2
SRF Required Front-End Specifications

(This form must be completed and signed by the Prime Contractor and submitted with the bid.)

Debarments and Suspensions

Any bidder or equipment supplier whose firm or affiliate is listed in on the U.S. General Services Administration Excluded Parties List will be prohibited from the bidding process. The excluded parties records search engine is located at the System for Award Management (SAM) website: <https://sam.gov>. Pursuant to 2 CFR Part 180, as supplemented by 2 CFR 1532, any entity submitting a bid while the SAM website lists that entity as having an active exclusion will be determined by the DNR to be a non-responsive bidder and will not be able to receive SRF funding.

United States Environmental Protection Agency Washington, DC 20460

**Certification Regarding Debarment, Suspension,
and Other Responsibility Matters**

The prospective participant certifies to the best of its knowledge and belief that it and the principals:

- (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
- (b) Have not within a three year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction: violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
- (c) Are not presently indicted or otherwise criminally or civilly charged by a government entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1) (b) of this certification; and
- (d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.

I understand that a false statement on this certification may be grounds for rejection of this proposal or termination of the award. In addition, under 18 U SC Sec. 10 01, a false statement may result in a fine of up to \$10,000 or imprisonment for up to 5 years, or both.

☐ I am unable to certify to the above statements. My explanation is attached.

Attachment 3
SRF Required Front-End Specifications

(This form must be completed and signed by Prime Contractor and submitted with the bid.)

Disadvantaged Business Enterprise (DBE) Solicitation

It is EPA's policy that recipients of EPA financial assistance through the State Revolving Fund programs award a "fair share" of subagreements to small, minority and women-owned businesses, collectively known as Disadvantaged Business Enterprises (DBEs). Iowa's Fair Share goals are:

	Minority-Owned Business Enterprise (MBE) Goal	Women-Owned Business Enterprise (WBE) Goal
Construction	1.7%	2.2%
Supplies	0.6%	5.6%
Services	2.5%	11.3%
Goods/Equipment	2.5%	10.4%
Average	1.8%	7.4%

Only work performed by certified DBEs can be counted toward the goals. In Iowa, DBEs must be certified through the Iowa Department of Transportation (IDOT). Information on certification requirements and a list of certified DBEs is on the IDOT website at <https://secure.iowadot.gov/DBE/Home/Index/>.

Prime contractors' DBE requirements for SRF projects include:

- Taking affirmative steps for DBE participation
- Documenting the efforts and the proposed utilization of certified DBEs

PROJECT INFORMATION

SRF Applicant: City of Dubuque Bidder: Tricon General Construction, Inc.
Address: 1230 East 12th St
City: Dubuque State: Iowa Zip: 52001
Contact Person: Ron Richard
Phone Number: 563.588.9516 Email: ronrichard@triconcg.com
Check if Prime Contractor is: ☐ Minority-Owned ☐ Women-Owned

1. Do you agree to use the good faith efforts checklist to ensure the DBEs have the opportunity to compete for procurements funded by EPA financial assistance funds?

☒ Yes ☐ No

2. At this point in time, has the prime contractor begun to solicit work opportunities to subcontractors for this project?

☒ Yes ☐ No ☐ N/A

3. If yes, was a DBE chosen by the prime contractor to be utilized for this project?

☐ Yes ☒ No

Signature: _____

GOOD FAITH EFFORTS CHECKLIST

Please complete the checklist to determine if you have complied with the requirement to make good faith efforts to ensure that certified DBEs have the opportunity to compete for procurements funded by EPA financial assistance funds. Bidders/offers must make good faith efforts prior to submission of bids/proposals.

1. Did you ensure that DBEs are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities?
☒ Yes ☐ No
2. Did you make information on forthcoming opportunities available to DBEs and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by DBEs in the competitive process? This includes, whenever possible, posting solicitation for bids or proposals for a minimum of 30 calendar days before the bid or proposal closing date.
☒ Yes ☐ No
3. Did you consider in the contracting process whether firms competing for large contracts could subcontract with DBEs? This will include dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by DBEs in the competitive process.
☒ Yes ☐ No
4. Did you encourage contracting with a consortium of DBEs when a contract is too large for one of these firms to handle individually?
☒ Yes ☐ No
5. Did you use the services of the Small Business Administration and the Minority Business Development Agency of the Department of Commerce to identify potential subcontractors?
☒ Yes ☐ No
6. List the potential DBE subcontractors that were contacted. Only list those that are certified through the Iowa Department of Transportation.

Name	How Contacted (e.g. letter, phone call, fax, e-mail)	Response (e.g. did not respond, not interested, not competitive)
Advanced Traffic Control	e-mail	No response
Bonnie's Barricades, Inc.	e-mail	No response
Collins Concrete	e-mail	No response
DeLong Construction	e-mail	No response
Swift & Swift, LLC	e-mail	No response
Taylor Construction	e-mail	No response

PROPOSED UTILIZATION OF DBE SUBCONTRACTORS

Please include Attachments 4 and 5 to document the proposed utilization of certified DBE subcontractors.

CONTRACT ADMINISTRATION PROVISIONS

Several contract provisions are required to prevent unfair practices that adversely affect DBEs. These include:

1. Prime Contractor must pay its Subcontractor for satisfactory performance no more than 30 days from the Prime Contractor's receipt of payment from the SRF loan recipient.

2. Prime Contractor must notify the SRF loan recipient in writing prior to termination of a DBE subcontractor for convenience.
3. Prime Contractor must employ the six Good Faith Efforts to solicit a replacement subcontractor if a DBE subcontractor fails to complete work under a subcontract for any reason.

Attachment 4

SRF Required Front-End Specifications

(This form must be completed and signed by Prime and DBE Subcontractor for each subcontract and submitted with the bid.)

* If no DBE was chosen by the Prime Contractor to be utilized for this project, then this form is not required to be submitted.

Disadvantaged Business Enterprise Program DBE Subcontractor Performance Form

This form is intended to capture the DBE¹ subcontractor's² description of work to be performed and the price of the work submitted to the prime contractor. An EPA Financial Assistance Agreement recipient must require its prime contractor to have its DBE subcontractors complete this form and include all completed forms in the prime contractor's bid or proposal package.

Attachment 7
SRF Required Front-End Specifications

Other Federal Requirements Language

A. Standard Federal Equal Employment Opportunity Construction Contract Specifications (Executive Order 11246)

1. As used in these specifications:
 - a. "Covered area" means the geographical area described in the solicitation from which this contract resulted;
 - b. "Director" means Director, Office of Federal Contract Compliance Programs, United States Department of Labor, or any person to whom the Director delegates authority;
 - c. "Employer identification number" means the Federal Social Security number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941.
 - d. "Minority" includes:
 - i. Black (all persons having origin in any of the Black African racial groups not of Hispanic origin);
 - ii. Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish Culture or origin, regardless of race);
 - iii. Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Sub-continent, or the Pacific Islands); and
 - iv. American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).
2. Whenever the Contractor, or any Subcontractor at any tier subcontracts a portion of the work involving any construction trade, it shall physically include in each subcontract in excess of \$10,000 the provisions of these specifications and the Notice which contains the applicable goals for minority and female participation and which is set forth in the solicitations from which this contract resulted.
3. If the Contractor is participating (pursuant to 41 CFR 6-4.5) in a Hometown Plan approved by the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades which have unions participating in the Plan. Contractors must be able to demonstrate their participation in and compliance with the provisions of any such Hometown Plan. Each Contractor or Subcontractor participating in an approved Plan is individually required to comply with its obligations under the EEO clause, and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by other Contractors or Subcontractors toward a goal in an approved Plan does not excuse any covered Contractor's or Subcontractor's failure to take good faith efforts to achieve the Plan goals and timetables.
4. The Contractor shall implement the specific affirmative action standards provided in paragraphs 7a through p of these specifications. The goals set forth in the solicitation from which this contract resulted are expressed as percentages of the total hours of employment and training of minority and female utilization the Contractor should reasonably be able to achieve in each construction trade in which it has employee in the covered area. Covered construction contractors performing construction work in geographical areas where they do not have a Federal or federally assisted construction contract shall apply the minority and female goals established for the geographical area where the work is being performed. Goals are published periodically in the Federal Register in notice form, and such notices may be obtained from any Office of Federal Contract Compliance Programs office or from Federal procurement contracting officers. The Contractor is expected to make substantially uniform progress in meeting its goals in each craft during the period specified.

5. Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the Contractor has a collective bargaining agreement, to refer either minorities or women shall excuse the Contractor's obligations under these specifications, Executive Order 11246, or the regulations promulgated pursuant thereto.
6. In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.
7. The Contractor shall take specific affirmative actions to ensure equal employment opportunity. The evaluation of the Contractor's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:
 - a. Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the Contractor employees are assigned to work. The Contractor, where possible will assign two or more women to each construction project. The Contractor shall specifically ensure that all foremen, superintendents, and other on-site supervisory personnel are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.
 - b. Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available and maintain a record of the organizations' responses.
 - c. Maintain a current file of the names, addresses and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefore, along with whatever additional actions the Contractor may have taken.
 - d. Provide immediate written notification to the Director when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's effort, to meet its obligations.
 - e. Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the source complied under 7b above.
 - f. Disseminate the Contractor's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the Contractor in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on bulletin boards accessible to all employees at each location where construction work is performed.
 - g. Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination or other employment decisions including specific review of these items with onsite supervisory personnel such as Superintendents, General Foremen, etc., prior to the initiation of construction work at any job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.
 - h. Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the

Contractor's EEO policy with other Contractors and Subcontractors with whom the Contractor does or anticipates doing business.

- i. Direct its recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving the Contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above, describing the openings, screening procedures, and test to be used in the selection process.
 - j. Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer and vacation employment to minority and female youth both on the site and in other areas of a Contractor's workforce.
 - k. Validate all tests and other selection requirements where there is an obligation to do so under 41 CFR Part 60-3.
 - l. Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.
 - m. Ensure that seniority practices, job classifications work assignments and other personnel practices, do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Contractor's obligations under these specifications are being carried out.
 - n. Ensure that all facilities and company activities are nonsegregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.
 - o. Document and maintain a record of all solicitations of offers for subcontracts from minority and female construction contractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.
 - p. Conduct a review, at least annually, of all supervisors' adherence to and performance under the Contractor's EEO policies and affirmative action obligations.
8. Contractors are encouraged to participate in voluntary associations which assist in fulfilling one or more of their affirmative action obligations (7a through p). The efforts of a contractor association, joint contractor-union, contractor-community, or other similar group of which the contractor is a member and participant, may be asserted as fulfilling any one or more of its obligations under 7a through p of these Specifications provided that the contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the program are reflected in the Contractor's minority and female workforce participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.
9. A single goal for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation of the Executive Order if a particular group is employed in a substantially disparate manner (for example, even though the Contractor has achieved its goals for women generally, the Contractor may be in violation of the Executive Order if a specific minority group of women is underutilized).
10. The Contractor shall not use the goals and timetable or affirmative action standards to discriminate against any person because of race, color, religion, sex, or national origin.
11. The Contractor shall not enter into any Subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246.

12. The Contractor shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause, including suspension, termination and cancellation of existing subcontracts as may be imposed or ordered pursuant to Executive Order 11246, as amended, and its implementing regulations, by the Office of Federal Contract Compliance Programs. Any Contractor who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order 11246, as amended.
13. The Contractor, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps at least as extensive as those standards prescribed in paragraph 7 of these specifications so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR 60-4.8.
14. The Contractor shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the Government and to keep records. Records shall at least include for each employee the name, address, telephone numbers, construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g., mechanic, apprentice, trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, contractors shall not be required to maintain separate records.
15. Nothing herein provided shall be construed as a limitation upon the application of other laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents (e.g., those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

Federal Register, Vol. 43, No. 68 - Friday, April 7, 1978 (Corrected May 5, 1978).

Effective Date: May 8, 1978

Federal Register, Vol. 45, No. 194. Paragraph 4, revised October 3, 1980

Effective Date: September 30, 1980

APPENDICES A and B-80
Notice of Requirement for Affirmative Action to Ensure Equal Employment Opportunity
 (Executive Order 11246)

1. The Offeror's or Bidder's attention is called to the "Equal Opportunity Clause" and the "Standard Federal Equal Employment Specifications" set forth herein.
2. The goals and timetables for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work in the covered area, are as follows:

(See Appendix B-80 and Appendix A Below)

These goals are applicable to all the Contractor's construction work (whether or not it is Federal or federally assisted) performed in the covered area. If the contractor performs construction work in a geographical area located outside of the covered area, it shall apply the goals established for such geographical area where the work is actually performed. With regard to this second area, the contractor also is subject to the goals for both its federally involved and non-federally involved construction.

The Contractor's compliance with the Executive Order and in the regulations in 41 CFR Part 60 - 4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required by the specifications set

forth in 41 CFR 60 - 4.3(a), and its efforts to meet the goals. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade, and the contractor shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from Contractor to Contractor or from project to project for the sole purpose of meeting the Contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60 - 4. Compliance with the goals will be measured against the total work hours performed.

- 3. The Contractor shall provide written notification to the Director of the Office of Federal Contract Compliance Programs within 10 working days of award of any construction subcontract in excess of \$10,000 at any tier for construction work under the contract resulting from this solicitation. The notification shall list the name, address and telephone number of the subcontractor, employer Identification number of the subcontractor, estimated dollar amount of the subcontract, and the geographical area in which the subcontract is to be performed.
- 4. As used in this Notice, and in the contract resulting from this solicitation, the "covered area" is (State of Iowa).

APPENDIX A

The following goals and timetables for female utilization shall be included in all Federal and federally assisted construction contracts and subcontracts in excess of \$10,000. The goals are applicable to the contractor's aggregate on-site construction workforce whether or not part of that workforce is performing work on a Federal or federally assisted construction contract or subcontract.

Area covered: Goals for Women apply nationwide.

Timetable Goals (percent)

From Apr. 1, 1978 until March 31, 1979	3.1
From Apr. 1, 1979 until March 31, 1980	5.0
From Apr. 1, 1980 until March 31, 1981	6.9

Published, Federal Register May 5, 1978

APPENDIX B-80

Until further notice, the following goals for minority utilization in each construction craft and trade shall be included in all Federal or federally assisted construction contracts and subcontracts in excess of \$10,000 to be performed in the respective geographical areas. The goals are applicable to each nonexempt contractor's total onsite construction workforce, regardless of whether or not part of that workforce is performing work in a Federal, federally assisted or nonfederally related project, contract or subcontract. Construction contractors which are participating in an approved Hometown Plan (see 41 CFR 60 - 4.5) are required to comply with the goals of the Hometown Plan with regard to construction work they perform in the area covered by the Hometown Plan. With regard to all their other covered construction work, such contractors are required to comply with the applicable SMSA of EA goal contained in this appendix B-80.

B. Federal Labor Standards Provisions (including Davis-Bacon prevailing wage rates) Applicability

The Project or Program to which the construction work covered by this contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

(1) Minimum wages.

- (i) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in Sec. 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.
- (ii) (A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:
 - (1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
 - (2) The classification is utilized in the area by the construction industry; and
 - (3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.
- (B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized

representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

- (C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.
 - (D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.
 - (iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
 - (iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided that the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.
- (2) Withholding. The EPA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the EPA may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.
- (3) Payrolls and basic records.
- (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.
 - (ii) (A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the (write in name of appropriate federal agency) if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant, sponsor, or owner, as

the case may be, for transmission to the (write in name of agency). The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/whd/programs/dbra/forms.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the (write in name of appropriate federal agency) if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit them to the applicant, sponsor, or owner, as the case may be, for transmission to the (write in name of agency), the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, sponsor, or owner).

- (B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:
 - (1) That the payroll for the payroll period contains the information required to be provided under Sec. 5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under Sec. 5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;
 - (2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;
 - (3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.
- (C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.
- (D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.
- (iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the EPA or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees

- (i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where

appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

- (ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
- (iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.
- (5) Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.
- (6) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the (write in the name of the Federal agency) may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.
- (7) Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

- (8) Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.
- (9) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (and any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.
- (10) Certification of eligibility.
- (i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).
 - (ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).
 - (iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.
- (b) Contract Work Hours and Safety Standards Act. The Agency Head shall cause or require the contracting officer to insert the following clauses set forth in paragraphs (b)(1), (2), (3), and (4) of this section in full in any contract in an amount in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by Sec. 5.5(a) or 4.6 of part 4 of this title. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.
- (1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
 - (2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.
 - (3) Withholding for unpaid wages and liquidated damages. The loan recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.
 - (4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.
- (c) In addition to the clauses contained in paragraph (b), in any contract subject only to the Contract Work Hours and Safety Standards Act and not to any of the other statutes cited in Sec. 5.1, the Agency Head shall cause

or require the contracting officer to insert a clause requiring that the contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. Further, the Agency Head shall cause or require the contracting officer to insert in any such contract a clause providing that the records to be maintained under this paragraph shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the EPA and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

C. Preservation of Open Competition and Government Neutrality Towards Government Contractors' Labor Relations on Federal and Federally Funded Construction Projects (Executive Order 13202, as amended by Executive Order 13208)

Executive Order 13202, signed February 17, 2001 and amended April 4, 2001, requires all executive agencies that issue grants to ensure Government neutrality toward contractors' labor relations. This applies to recipients of SRF assistance. The Executive Order prohibits discrimination against contractors and their employees in construction contracts based upon labor affiliation or lack thereof.

SRF assistance recipients and any construction managers acting on their behalf must ensure that bidding specifications, project agreements, and other controlling documents do not require, prohibit, or otherwise discriminate, with respect to labor affiliation or lack thereof.

D. Historical and Archeological Finds

If, during the course of construction, evidence of deposits of historical or archeological interest is found, the contractor shall cease operations affecting the find. The owner shall then notify the State Revolving Fund Environmental Review Specialist, who shall in turn notify the State Historic Preservation Office. The SRF shall consult with the SHPO and other interested parties to determine the proper course of action regarding the discovery. No further disturbance of the deposits shall ensue until the SRF Environmental Review Specialist determines that the project activities in that area may proceed. Compensation to the contractor, if any, for lost time or changes in construction to avoid the find, shall be determined in accordance with changed conditions or change order provisions of the specifications.

Authority for this derives from the National Historic Preservation Act (16 U.S.C. §§ 470 *et seq.*) and 36 CFR Part 800. If human remains are discovered then state law also applies IC 263B.

E. Prohibitions on Procurement from Violating Facilities (Section 306, Clean Air Act; Section 508, Clean Water Act; Executive Order 11738)

Both the Clean Water Act and the Clean Air Act prohibit federal agencies from extending assistance by way of loans or contracts to persons who have been convicted of violations of either law. Executive Order 11738 was issued to coordinate enforcement by the U.S. Environmental Protection Agency, which shall designate facilities which have given rise to a conviction for an offense under the criminal provisions of the Clean Air Act and the Clean Water Act.

The Executive Order also prohibits agencies from extending assistance to facilities that are not in compliance with either Act.

SRF assistance recipients may not procure goods, services, or materials from suppliers listed by the EPA as violators.

The Excluded Parties Listing search engine is located at the System for Award Management (SAM) website:
<https://sam.gov>.

Attachment 8

SRF Required Front-End Specifications

Right of Entry and Records Retention

The recipient shall provide access at all times for the Department of Natural Resources, the Iowa Finance Authority, the state auditor, and the U.S. EPA Office of the Inspector General to all project records and documents for inspection and audit purposes for a period of three years after the date of last loan payment. The same access to the project site(s) shall be provided for inspection purposes.

567 Iowa Administrative Code paragraph 92.8 (2).e. State inspections. Personnel of the department shall have the right to examine all construction aspects of the project, including materials and equipment delivered and stored on site for use on the project.

Attachment 9

SRF Required Front-End Specifications

“American Iron and Steel” Requirements

H.R. 3547, the “Consolidated Appropriations Act, 2014,” enacted January 17, 2014 by the U.S. Congress, includes “American Iron and Steel” provisions that require Clean Water and Drinking Water State Revolving Fund assistance recipients of these funds to use iron and steel produced in the United States.

H.R. 3547 includes the following language in Division G, Title IV, under the heading, “Use of American Iron and Steel”:

Sec. 436. (a)(1) None of the funds made available by a State water pollution control revolving fund as authorized by title VI of the Federal Water Pollution Control Act (33 U.S.C. 1381 et seq.) or made available by a drinking water treatment revolving loan fund as authorized by section 1452 of the Safe Drinking Water Act (42 U.S.C. 300j-12) shall be used for a project for the construction, alteration, maintenance, or repair of a public water system or treatment works unless all of the iron and steel products used in the project are produced in the United States.

(2) In this section, the term “iron and steel products” means the following products made primarily of iron and steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and construction materials.

(b) Subsection (a) shall not apply in any case or category of cases in which the Administrator of the Environmental Protection Agency (in this section referred to as the “Administrator”) find that—

- 1) Applying subsection (a) would be inconsistent with the public interest;
- 2) Iron and steel products are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quantity; or
- 3) Inclusion of iron and steel products produced in the United States will increase the cost of the overall project by more than 25 percent.

(c) If the Administrator receives a request for a waiver under this section, the Administrator shall make available to the public on an informal basis a copy of the request and information available to the Administrator concerning the request, and shall allow for informal public input on the request for at least 15 days prior to making a finding based on the request. The Administrator shall make the request and accompanying information available by electronic means, including on the official public Internet Web site of the Environmental Protection Agency.

The final guidance and any published waivers are found at: <https://www.epa.gov/cwsrf/state-revolving-fund-american-iron-and-steel-ais-requirement>. In particular the contractor should pay attention to the guidance for documentation of

compliance. There is also a waiver for incidental items; in order to qualify for this waiver the total materials and costs for the project must be tracked and incidental items identified.

Sample "American Iron and Steel" Contract Language

In order to fulfill the requirements, the assistance recipient must in good faith design the project and solicit bids for construction with U.S.-made iron and steel. The following information will be included in any contracts resulting from this request for bids:

The Contractor acknowledges to and for the benefit of the City of Dubuque ("Purchaser") and the State of Iowa (the "State") that it understands the goods and services under this Agreement are being funded with monies made available by the Clean Water State Revolving Fund and/or Drinking Water State Revolving Fund and such law contains provisions commonly known as "American Iron and Steel;" that requires all of the iron and steel products used in the project to be produced in the United States ("American Iron and Steel Requirement") including iron and steel products provided by the Contractor pursuant to this Agreement.

The Contractor hereby represents and warrants to and for the benefit of the Purchaser and the State that (a) the Contractor has reviewed and understands the American Iron and Steel Requirement, (b) all of the iron and steel products used in the project will be and/or have been produced in the United States in a manner that complies with the American Iron and Steel Requirement, unless a waiver of the requirement is approved, and (c) the Contractor will provide any further verified information, certification or assurance of compliance with this paragraph, or information necessary to support a waiver of the American Iron and Steel Requirement, as may be requested by the Purchaser or the State.

Notwithstanding any other provision of this Agreement, any failure to comply with this paragraph by the Contractor shall permit the Purchaser or State to recover as damages against the Contractor any loss, expense, or cost (including without limitation attorney's fees) incurred by the Purchaser or State resulting from any such failure (including without limitation any impairment or loss of funding, whether in whole or in part, from the State or any damages owed to the State by the Purchaser). While the Contractor has no direct contractual privity with the State, as a lender to the Purchaser for the funding of its project, the Purchaser and the Contractor agree that the State is a third-party beneficiary and neither this paragraph (nor any other provision of this Agreement necessary to give this paragraph force or effect) shall be amended or waived without the prior written consent of the State.

Sample Certifications

As indicated in the contract language, it will be the responsibility of the Contractor to obtain certifications that the products and materials used in the project are U.S.-made. EPA recommends the use of a step certification process for documenting compliance with AIS requirements, similar to one used by the Federal Highway Administration. Step certification creates a paper trail which documents the location of the manufacturing process involved with the production of steel and iron materials. Each handler (supplier, fabricator, manufacturer, processor, coater, etc.) of the iron and steel products certifies that their step in the process was domestically performed.

The following information is provided as a sample letter of step certification for AIS compliance. Documentation must be provided on company letterhead. In this example, there may be multiple letters from different manufacturers if one manufacturer did not perform all of the steps.

Date

Company Name

Company Address

City, State Zip

Subject: American Iron and Steel Step Certification for Project (XXXXXXXXXX)

I, (company representative), certify that the (melting, bending, coating, galvanizing, cutting, etc.) process for (manufacturing or fabricating) the following products and/or materials shipped or provided for the subject project is in full compliance with the American Iron and Steel requirement as mandated in EPA's State Revolving Fund Programs.

Item, Products and/or Materials:

1. Xxx

2. Xxx

3. Xxx

Such process took place at the following location:

If any of the above compliance statements change while providing material to this project we will immediately notify the prime contractor and the engineer.

Signed by company representative

Alternatively, the final manufacturer that delivers the iron or steel product to the worksite, vendor, or contractor, may provide a certification asserting that all manufacturing processes occurred in the US and providing detailed information on the steps involved.

The following is a template for this type of final certification.

Template American Iron and Steel Certification Letter

On Manufacturer's Letterhead

IRON & STEEL, INC.

MATERIAL CERTIFICATION

April 30, 2015

RE: Job Name: Waterprojectville, Iowa – 2015 State Revolving Fund Water
Infrastructure Project
SRF Project Number: CS1920999 01

References the SRF Project

I certify that the processes for manufacturing or fabricating the following products
and/or materials provided for the subject project took place at the following U.S.
locations:

Quantity	Description	Manufacturing Processes	Location Where Processes Occurred
3 count	AB123456 4" Gate Valve	Melting, poured, machined	Ironville, OH
60 count	XY654321 Reinforced Concrete Manhole	Melted, rolled, fabricated	Steel City, IA
60 count	XZ123456 Manhole Cover	Melted, cast, finished	Stainless, MS
1200 linear feet	AB654321 4" Ductile Iron Water Pipe	Melted, rolled, finished	Pipetown, CA

I further certify that the products and/or materials are in full compliance with the American Iron and Steel requirements as mandated in the U.S. Environmental Protection Agency's State Revolving Fund programs. If any of the above compliance statements change while providing material to this project we will immediately notify the supplier, prime contractor, consulting engineer, or project owner.

Specifies the Manufacturing Processes and the U.S. Locations Where They Were Performed

Covered and Non-Covered Items

The EPA issued a waiver for De Minimis incidental components of eligible water and wastewater infrastructure projects. Funds used for such De Minimis incidental components cumulatively may comprise no more than a total of 5% of the total cost of the materials used in and incorporated into a project. The cost of an individual incidental item may not exceed 1% of the total cost of the materials used in and incorporated into a project.

De Minimis incidental items include miscellaneous, generally low-cost components that are essential for, but incidental to, the construction and are incorporated into the physical structure of the project. For many of these incidental components, the country of manufacture and the availability of alternatives are not readily or reasonably identifiable prior to procurement in the normal course of business. For others, the country of manufacture may be known but the miscellaneous character in conjunction with the low cost, individually and (in total) as typically procured in bulk, mark them as properly incidental.

Examples of incidental components could include small washers, screws, fasteners (i.e., nuts and bolts), miscellaneous wire, corner bead, ancillary tube, etc. Examples of items that are clearly not incidental include significant process fittings (i.e., tees, elbows, flanges, and brackets), distribution system fittings and valves, force main valves, pipes, treatment and storage tanks, large structural supports, etc.

In consultation with their contractors, assistance recipients should determine the items to be covered by this waiver, and must retain relevant documentation (i.e. invoices) as to those items. Assistance recipients must summarize in reports to the State of Iowa the types and/or categories of items to which this waiver is applied, the total cost of incidental components for each type or category, and the calculations by which they determined the total cost of materials used in and incorporated into the project.

The successful bidder will fill out the materials spreadsheet (shown below) and submit it to the assistance recipient to indicate iron and steel items proposed to be procured for the project.

American Iron and Steel Materials Spreadsheet - to be Submitted by Successful Bidder
Iowa Department of Natural Resources - January 2021
Based on EPA Memorandum (4/15/2014): De Minimis Waiver of Section 436 of P.L. 113-76, Consolidated Appropriation Acts (CAA), 2014

Project: _____
Bidder: _____ Date: _____

*Covered Product Categories include: Uncoated or unlined pipes or fittings; manhole covers; municipal castings; pipe clamps and restraints; valves; structural steel hydrants, tanks; flanges; reinforced precast concrete; construction materials.

**Incidental items are miscellaneous, generally low-cost items, often procured in bulk, such as washers, screws, fasteners, small amounts of wire, etc.

	Covered Products Category*	Description of Covered Products	Documentation Will be Obtained	Item is Incidental and will be claimed under De Minimis Waiver**	Bid Amount Covered Products	Bid Amount Incidentals
1	Choose an item.					
2	Choose an item.					
3	Choose an item.					
4	Choose an item.					
5						

At the end of construction, the contractor will submit a final list showing covered items being claimed as incidental components under the De Minimis Waiver. Assistance recipients will complete a De Minimis Waiver Incidental Components List for the entire project to demonstrate compliance with the De Minimis Waiver cost requirements outlined above.

American Iron and Steel - De Minimis Waiver Incidental Components List

Iowa Department of Natural Resources - January 2021

Based on EPA Memorandum (4/15/2014): De Minimis Waiver of Section 436 of P.L. 113-76, Consolidated Appropriation Acts (CAA), 2014

This form is to be used by the State Revolving Fund (SRF) applicant to identify all non-domestic iron and steel incidental components permanently incorporated into an SRF project that meet the requirements of the public interest De Minimis Waiver. This form can also be used by individual contractors to submit their final incidental components list to the SRF applicant.

Attachment 10
SRF Required Front-End Specifications

(This form must be completed and signed by Prime Contractor and submitted with the bid.)

**PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE
SERVICES OR EQUIPMENT**

This term and condition implements 2 CFR 200.216 and is effective for obligations and expenditures of EPA financial assistance funding on or after 8/13/2020. EPA recipients and subrecipients, including borrowers under EPA funded revolving loan fund programs, are prohibited from obligating or expending loan or grant funds to:

- (a) Procure or obtain, extend or renew a contract to procure or obtain;
- (b) Enter into a contract (or extend or renew a contract) to procure; or
- (c) Obtain the equipment, services, or systems that use "covered telecommunications equipment or services"

identified in the regulation as a substantial or essential component of any system, or as critical technology as part of any system.

Certain equipment, systems, or services, including equipment, systems, or services produced or provided by entities subject to the prohibition are recorded in the System for Award Management exclusion list, website: <https://sam.gov>.

- (1) As described in Public Law 115-232, section 889, covered telecommunications equipment or services includes:
 - (i) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - (ii) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - (iii) Telecommunications or video surveillance services provided by such entities or using such equipment.
 - (iv) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.
- (2) Consistent with 2 CFR 200.471, costs incurred for telecommunications and video surveillance services or equipment such as phones, internet, video surveillance, and cloud servers are allowable except for the following circumstances:
 - (i) Obligating or expending EPA funds for covered telecommunications and video surveillance services or equipment or services to procure (enter into, renew or extend contracts) or obtain the equipment, services, or systems as described in 2 CFR 200.216.

I understand the above prohibitions and certify that the project will be in compliance with all the requirements.

SECTION 00 52 00

AGREEMENT

THIS AGREEMENT is by and between **CITY OF DUBUQUE, IOWA**

(hereinafter called OWNER) and **TRICON CONSTRUCTION GROUP**

(hereinafter called CONTRACTOR).

OWNER and CONTRACTOR, in consideration of the mutual covenants set forth herein, agree as follows:

Article 1. WORK

1.01 CONTRACTOR shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

OLD MILL ROAD LIFT STATION AND FORCE MAIN PROJECT-PHASE 1

Article 2. THE PROJECT

2.01 The Project for which the Work under the Contract Documents may be the whole or only a part is generally described as follows:

CONTRACT IDNR SRF #W2021-0394A

Article 3. ENGINEER

3.01 The Project has been designed by Strand Associates, Inc.®

3.02 OWNER has retained Strand Associates, Inc.® (“ENGINEER”) to act as OWNER’s representative, assume all duties and responsibilities, and have the rights and authority assigned to ENGINEER in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

Article 4. CONTRACT TIMES

4.01 Time of the Essence

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 Dates for Substantial Completion and Final Payment

A. The Work will be substantially complete on or before October 30, 2026, and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions on or before December 18, 2026.

B. In addition to the required substantial and final completion times, there are milestones by which certain items of work must be completed. See General Requirements for milestone requirements.

Milestone 1 July 1, 2025

4.03 Agreed Costs of Delay

A. CONTRACTOR and OWNER recognize that time is of the essence of this Agreement and that OWNER will suffer financial loss if the Work is not completed within the times specified in Paragraph 4.02 above, plus any extensions thereof allowed in accordance with Article 4 of the General Conditions. The parties also recognize the delays, expense and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by OWNER if the Work is not completed on time. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as agreed costs of delay that does not result in adjustment of the contract time pursuant to Section 14.05 of the General Conditions (but not as a penalty), CONTRACTOR shall pay to OWNER the following daily charge:

CONTRACTOR shall pay to OWNER agreed costs of delay of \$2,000 per day.

Agreed costs of delay shall be applied separately to each of the milestone, substantial and final completion dates.

B. The CONTRACTOR and the CONTRACTOR's surety shall be liable for and shall pay the OWNER for any extra costs for engineering or architectural services, construction observation services and related expenses, and attorney's fees necessitated by the delayed prosecution of the work by the CONTRACTOR beyond the date of Final Completion required by the Agreement. Such costs are in no way a penalty, but represent additional expenses to the OWNER caused by the CONTRACTOR's delay in completing the Work.

C. Agreed costs of delay will be assessed as follows:

1. Completion Date Contracts.

The amount of agreed costs of delay specified in the proposal form will be assessed, not as a penalty but as predetermined and agreed cost of delay, for each calendar day that any work remains uncompleted beyond the Completion Date or any extension authorized by OWNER. Assessment of cost of delay will be based only on the number of calendar days required to complete the contract beyond the completion date, plus authorized extensions.

The final payment will be withheld until the amount of agreed costs of delay are agreed upon.

This provision for the assessment of the agreed costs of delay for failure to complete work within the contract period does not constitute a waiver of the OWNER's right to collect any additional damages other than time delays which the OWNER may sustain by failure of the CONTRACTOR to carry out the terms of the contract.

4.04 Delays to Contractor and Extension of Time

A. If CONTRACTOR is delayed in the performance or progress of the Work by fire, flood, epidemic, abnormal weather conditions, acts of God, acts or failures to act of utility owners not under the control of OWNER, or other causes not the fault of and beyond control of OWNER and CONTRACTOR, then CONTRACTOR shall be entitled to an equitable adjustment in Contract Times, if such adjustment is essential to CONTRACTOR's ability to complete the Work within the Contract Times. Such an adjustment shall be CONTRACTOR's sole and exclusive remedy for the delays described in this Paragraph.

Article 5. CONTRACT PRICE

5.01 OWNER shall pay CONTRACTOR for completion of the Work in accordance with the Contract Documents an amount in current funds as follows, subject to adjustment under the Contract:

TWENTY-TWO MILLION, SEVEN HUNDRED SIXTY THOUSAND DOLLARS AND 00/100 (\$22,760,000)

A. For all Work, at the prices stated in CONTRACTOR's Bid, attached hereto as an exhibit.

Article 6. PAYMENT PROCEDURES

6.01 Submittal and Processing of Payments

A. CONTRACTOR shall submit Applications for Payment in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by ENGINEER as provided in the General Conditions.

6.02 Progress Payments; Retainage

A. OWNER shall make progress payments on account of the Contract Price on the basis of CONTRACTOR's Applications for Payment as established at the preconstruction conference during performance of the Work as provided in Paragraph 6.02.B below. All such payments will be measured by the schedule of values established in Paragraph 2.05.A of the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no schedule of values, as provided in the General Requirements.

B. Retainage: OWNER shall retain an amount equal to 5% of each progress payment application. The 5% retainage shall be withheld from all applications for progress payments until 100% of the work is complete. All punchlist items shall be finished before the work shall be deemed 100% complete. CONTRACTOR shall not submit an application for progress payment that indicates a work item as being 100% complete based on a claim that the retainage withholding amount covers the cost of the outstanding work included on the punchlist.

1. Retained funds shall be retained by OWNER for a period of 30 calendar days after the completion and final acceptance of the improvements by OWNER. If at the end of the 30 calendar day period claims are on file as provided in Iowa Code Ch. 573, OWNER shall also continue to retain from the unpaid funds, a sum equal to double the total amount of all

claims on file. The remaining balance of the unpaid fund, or if no claims are on file and the Work is complete, the entire unpaid fund shall be released and paid to CONTRACTOR.

2. Upon Substantial Completion of all Work, however, and in accordance with Iowa Code 573.28, CONTRACTOR may request the release of all or part of the retained funds owed. The request shall be accompanied by a sworn statement of CONTRACTOR that, ten calendar days prior to filing the request, notice was given as required to all known subcontractors, sub-subcontractors, and suppliers.

a. Prior to applying for release of retained funds, CONTRACTOR shall send a notice to all subcontractors, sub-subcontractors, and suppliers that provided labor or materials for the public improvement project. the notice shall be substantially similar to the following:

"NOTICE OF CONTRACTOR'S REQUEST FOR EARLY RELEASE OF RETAINED FUNDS

You are hereby notified that [name of CONTRACTOR] will be requesting an early release of funds on a public improvement project designated as [name of project] for which you have or may have provided labor or materials. The request will be made pursuant to Iowa Code section 573.28. The request may be filed with the [name of governmental entity or department] after ten calendar days from the date of this notice. The purpose of the request is to have [name of governmental entity or department] release and pay funds for all work that has been performed and charged to [name of governmental entity or department] as of the date of this notice. This notice is provided in accordance with Iowa Code section 573.28."

b. If at the time of the request for the release of the retained funds labor or material are yet to be provided, an amount equal to two hundred percent of the value of the labor or materials yet to be provided, as determined by ENGINEER, may be withheld until such labor or materials are provided.

3. CONTRACTOR shall release retained funds to subcontractor or subcontractors in the same manner as retained funds are released to CONTRACTOR by OWNER. Each subcontractor shall pass through each lower tier subcontractor all retained fund payments from CONTRACTOR.

6.03 Final Payment

A. Upon final completion and acceptance of the Work in accordance with Paragraph 15.06 of the General Conditions, OWNER shall pay the remainder of the Contract Price as recommended by ENGINEER as provided in said Paragraph 15.06.

Article 7. HIERARCHY

7.01 In resolving inconsistencies among two or more sections of the Contract Documents, precedence shall be given in the following order:

- | | |
|----------|---|
| First: | WRITTEN AMENDMENTS |
| Second: | CHANGE ORDERS/FIELD ORDERS/WORK CHANGE DIRECTIVES |
| Third: | ADDENDA |
| Fourth: | AGREEMENT |
| Fifth: | SUPPLEMENTARY CONDITIONS |
| Sixth: | GENERAL CONDITIONS |
| Seventh: | SPECIFICATIONS |
| Eighth: | DRAWINGS |

For categories that have the same order of precedence, the document that includes the latest date shall control. Figure dimensions (numerical) on Drawings shall take precedence over dimensions measured utilizing a scale.

Article 8. CONTRACTOR'S REPRESENTATIONS

8.01 In order to induce Owner to enter into this Contract, Contractor makes the following representations:

A. CONTRACTOR has examined and carefully studied the Contract Documents, and any data and reference items identified in the Contract Documents.

B. CONTRACTOR has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. CONTRACTOR is familiar with and is satisfied as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. CONTRACTOR has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the General Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the General Conditions, especially with respect to Technical Data in such reports and drawings.

E. CONTRACTOR has considered the information known to CONTRACTOR itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Contract Documents; and the Site-related reports and drawings identified in the Contract Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by CONTRACTOR; and (3) CONTRACTOR's safety precautions and programs.

F. Based on the information and observations referred to in the preceding paragraph, CONTRACTOR agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.

G. CONTRACTOR is aware of the general nature of work to be performed by OWNER and others at the Site that relates to the Work as indicated in the Contract Documents.

H. CONTRACTOR has correlated the information known to CONTRACTOR, information and observations obtained from visits to the Site, reports and drawings identified in the Contract Documents, and all additional examinations, investigations, explorations, tests, studies, and data with the Contract Documents.

I. CONTRACTOR has given ENGINEER written notice of all conflicts, errors, ambiguities, or discrepancies that CONTRACTOR has discovered in the Contract Documents, and the written resolution thereof by ENGINEER is acceptable to CONTRACTOR.

J. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

K. CONTRACTOR's entry into this Contract constitutes an incontrovertible representation by Contractor that without exception all prices in the Agreement are premised upon performing and furnishing the Work required by the Contract Documents.

Article 9. CONTRACT DOCUMENTS

9.01 Contents

A. The Contract Documents consist of the following:

1. This Agreement (pages 00 52 00-1 through 00 52 00-11, inclusive);
2. ~~Performance bond (pages to 00 61 13.13-1 through 00 61 13.13-3, inclusive);~~
3. ~~Payment bond (pages 00 61 13.16-1 through 00 61 13.16-3, inclusive);~~
4. Other bonds
 - a. **PERFORMANCE, PAYMENT AND MAINTENANCE BOND** (pages 00 60 00-1 to 00 60 00-5 , inclusive);
 - b. NA (pages NA to NA , inclusive);
 - c. NA (pages NA to NA , inclusive);
5. General Conditions (pages 00 ~~72~~ 70 00-1 through 00 ~~72~~ 70 00-86, inclusive);
6. Specifications as listed in the table of contents of the Project Manual;
7. Drawings—Sheets No. 1 through No. 53

inclusive incorporated herein by reference with each sheet bearing the following general title:

OLD MILL ROAD LIFT STATION AND FORCE MAIN PROJECT—PHASE 1,

CONTRACT IDNR SRF #W2021-0394A, CITY OF DUBUQUE, IOWA

as well as drawings listed in the table of contents that are bound at the back of these specifications.

8. Addenda (**NO 1., DATED AUGUST 9, 2024, AND NO. 2, DATED AUGUST 20, 2024 (ON FLASH DRIVE)**).
9. Consent Decree agreement per Case No. 2:1-CV-01011-EJM Document 6, dated June 27, 2011, located at the end of the Agreement.

10. Exhibits to this Agreement (enumerated as follows:)

- a. CONTRACTOR's Bid (pages 00 41 00-1 to 00 41 00-30);
- b. Documentation submitted by CONTRACTOR prior to Notice of Award
(NA);
- c. (EROSION CONTROL CERTIFICATION, PAGE 00 55 51-1);

11. Special Attachments as follows:

- a. Out of State Bond Requirements.
- b. Consent Decree.
- c. Schedule F Insurance Requirements.
- d. Safety Requirements.
- e. Permits.

12. The following may be delivered or issued on or after the Effective Date of the Contract:

- a. Notice to Proceed (page 00 55 00-1, inclusive);
- b. Work Change Directives (not attached to this Agreement);
- c. Change Order(s) (not attached to this Agreement).

B. The documents listed in Paragraph 9.01.A are attached to this Agreement (except as expressly noted otherwise above).

C. There are no Contract Documents other than those listed above in this Article 9.

D. The Contract Documents may only be amended, modified, or supplemented as provided in Paragraph 11.01 of the General Conditions.

Article 10. MISCELLANEOUS

10.01 Terms

A. Terms used in this Agreement will have the meanings stated in the General Conditions.

10.02 Assignment of Contract

A. No assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and specifically but without limitation, monies that may become due and monies that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment,

no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

10.03 Successors and Assigns

A. OWNER and CONTRACTOR each binds itself, its partners, successors, assigns and legal representatives to the other party hereto, its partners, successors, assigns and legal representatives in respect of all covenants, agreements, and obligations contained in the Contract Documents.

10.04 Severability

A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon OWNER and CONTRACTOR, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 CONTRACTOR's Certifications

A. CONTRACTOR certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 10.05:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process or in the Contract execution;
2. "fraudulent practice" means the intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of OWNER, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive OWNER of the benefits of free and open competition;
3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of OWNER, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and
4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

10.06 Integration

A. The parties' entire agreement is contained in the Contract Documents, and the provisions of the Contract Documents supersede all prior discussions or writings between the parties.

10.07 Attorney's Fees

A. In the event the Owner should prevail in any legal action arising out of the performance or non-performance of this Agreement, the Contractor shall pay, in addition to any damages, all expenses of such action including reasonable attorney's fees, all expert witness fees, costs, and litigation expenses incurred by the Owner, including those incurred on appeal. The term "legal action" shall be deemed to include any arbitration, administrative proceedings, and all actions at law or in equity, including appeals.

IN WITNESS WHEREOF, OWNER and CONTRACTOR have signed this Agreement in duplicate. One counterpart each has been delivered to OWNER and CONTRACTOR. All portions of the Contract Documents have been signed or identified by OWNER and CONTRACTOR or identified by ENGINEER on their behalf.

This Agreement will be effective on September 19, 2024 (which is the Effective Date of the Contract).

INSTRUCTIONS FOR EXECUTING CONTRACT

The full name and business address of CONTRACTOR should be inserted and the Agreement should be signed with CONTRACTOR's official signature. Please have the name of the signing party printed under all signatures to the Agreement.

If CONTRACTOR is operating as a partnership, each partner should sign the Agreement. If the Agreement is not signed by each partner, there should be attached to the Agreement a duly authenticated power of attorney evidencing the signer's (signers') authority to sign such Agreement for and on behalf of the partnership.

If CONTRACTOR is an individual, the trade name (if CONTRACTOR is operating under a trade name) should be indicated in the Agreement and the Agreement should be signed by such individual. If signed by other than CONTRACTOR, there should be attached to the Agreement a duly authenticated power of attorney evidencing the signer's authority to execute such Agreement for and on behalf of CONTRACTOR.

If CONTRACTOR is operating as a limited liability company, and it is member-managed, each member should sign the Agreement, or an authorized member should sign. If the LLC is manager-managed, an authorized manager should sign. If the Agreement is not signed by each member, there should be attached to the Agreement a duly authenticated power of attorney evidencing the signer's (signers') authority to sign such Agreement for and on behalf of the LLC.

If CONTRACTOR is a corporation, the Secretary of the corporation should sign the certificate below. If the Agreement itself is signed by the Secretary of the corporation, the certificate below should be executed by some other officer of the corporation, under the corporate seal. In lieu of the following certificate, there may be attached to the Agreement copies of so much of the records of the corporation which will show the official character and authority of the officers signing, duly certified by the Secretary or Assistant Secretary under the corporate seal to be true copies.

I, Cindy Gotto, certify that I am the Office Manager
(Print Name) (Title of Officer Signing Certificate)

of the corporation named as CONTRACTOR herein above; that Ron Richard
(Print Name of Officer Signing Agreement)

who signed the foregoing Agreement on behalf of CONTRACTOR was then
Owner of said corporation; that said Agreement was duly signed
(Title of Officer Signing Agreement)

for and on behalf of said Corporation by authority of its governing body, and is within the scope of its corporate powers.

END OF SECTION

**CONSENT DECREE
RELATING TO THE
CITY OF DUBUQUE, IOWA
WATER & RESOURCE RECOVERY CENTER
AND
SANITARY SEWER COLLECTION SYSTEM**

NO CONTRACTOR OR CONSULTANT MAY PERFORM ANY WORK FOR THE CITY OF DUBUQUE RELATED TO THE WATER & RESOURCE RECOVERY CENTER OR THE SEWER COLLECTION SYSTEM UNLESS COPY OF THIS DOCUMENT IS RETURNED TO THE CITY OF DUBUQUE ENGINEERING DEPARTMENT

The City of Dubuque, Iowa has entered into a Consent Decree in the case of The United States of America, and the State of Iowa v. The City of Dubuque, Iowa, Civil Action No. Case 2:11-cv-01011-EMJ, Civil Action Number 2008V00041, DOJ Case Number 90-5-1-1-09339, United States District Court for the Northern District of Iowa. The provisions of the Consent Decree apply to and are binding upon the City and its officers, directors, employees, agents, servants, successors, assigns, and all persons, firms and corporations under contract with the City to perform the obligations of the Consent Decree.

The City is required to provide a copy of the Consent Decree to any contractor or consultant retained to perform work required by the Consent Decree.

A copy of the Consent Decree can be found at <http://www.cityofdubuque.org/DocumentCenter/Home/View/3173>. A paper copy is available upon request from the City of Dubuque Engineering Department.

The City must condition any contract to perform work required under the Consent Decree upon performance of the work in conformity with the provisions of the Consent Decree.

The Consent Decree also provides that until five years after the termination of the Consent Decree, the City shall retain, and shall instruct its contractors and agents to preserve, all non-identical copies of all documents, reports, data, records, or other information (including documents, records, or other information in electronic form) in its or its contractors' or agents' possession or control, or that come into its or its contractors' or agents' possession or control, and that relate in any manner to the City's performance of its obligations under this Consent Decree, including any underlying research and analytical data. This information-retention requirement shall apply regardless of any contrary City, corporate or institutional policies or procedures. At any time during this information-retention period, upon request by the United States or the State, the City shall provide copies of any documents, reports, analytical data, or other information required to be maintained under the Consent Decree. At the conclusion of

the information-retention period, the City shall notify the United States and the State at least ninety (90) Days prior to the destruction of any documents, records, or other information subject to such requirements and, upon request by the United States or the State, the City shall deliver any such documents, records, or other information to the EPA or IDNR.

CERTIFICATION BY CONTRACTOR OR CONSULTANT

The undersigned, on behalf of the Contractor or Consultant, with full authority to act on behalf of the Contractor or Consultant, certifies to the City of Dubuque as follows:

1. I have received a copy of the Consent Decree in the case of The United States of America, and the State of Iowa v. The City of Dubuque, Iowa, Civil Action No. Case 2:11-cv-01011-EMJ, Civil Action Number 2008V00041, DOJ Case Number 90-5-1-1-09339, United States District Court for the Northern District of Iowa.

2. All work performed will be in conformity with the provisions of the Consent Decree.

3. All documents, reports, data, records, or other information (including documents, records, or other information in electronic form) that relate in any manner to the performance of obligations under the Consent Decree, including any underlying research and analytical data, will be retained as required by the Consent Decree.

The Contractor or Consultant agrees to defend, indemnify, and hold harmless the City, its officers, agents, or employees from and against any claims, including penalties, costs and fees as provided in the Consent Decree, relating to or arising out of the Contractor's or Consultant's failure to comply with the Consent Decree.

Dated: September 19, 2024

City: CITY OF DUBUQUE, IOWA

Address: 50 WEST 13TH STREET
DUBUQUE, IA 52001

Project: OLD MILL ROAD LIFT STATION FORCE MAIN PROJECT-PHASE 1

Contract No. IDNR SRF #W2021-0394A

Description: CITY OF DUBUQUE, IOWA, OLD MILL ROAD LIFT STATION FORCE MAIN
PROJECT-PHASE 1, CONTRACT IDNR SRF #2021-0394A

I certify under penalty of law that I understand the terms and conditions of the National Pollutant Discharge Elimination System (NPDES) Permit that authorizes the storm water discharges associated with industrial activities from the construction site and as detailed in the Contract Documents. Further, by my signature, I understand that I am becoming a co-permittee, along with the owner(s) and other contractors and subcontractors signing such certifications, to the Iowa Department of Natural Resources NPDES General Permit No. 2 for "Storm Water Discharge Associated with Industrial Activity for Construction Activities" at the project site. As a co-permittee, I understand that I, and my company, are legally required under the Clean Water Act and the Code of Iowa, to ensure compliance with the terms and conditions of the storm water pollution prevention plan developed under this NPDES permit and the terms of this NPDES permit.

I agree to indemnify and hold the City harmless from any claims, demands, suits, causes of action, settlements, fines, or judgments and costs of litigation, including, but not limited to, reasonable attorneys fees and costs of investigation and arising from a condition, obligation, or requirement assumed or to be performed by CONTRACTOR for storm water pollution and erosion control.

Fines and other costs incurred against the City for CONTRACTOR's failure to provide the required erosion control practices will be paid by CONTRACTOR.

OLD MILL ROAD LIFT STATION AND FORCE MAIN PROJECT-PHASE 1
IDNR SRF #W2021-0394A
CITY OF DUBUQUE, IOWA

PERFORMANCE, PAYMENT AND MAINTENANCE BOND

KNOW ALL BY THESE PRESENTS:

That we, Tricon General Construction, Inc.,
as Principal (hereinafter the "Contractor" or "Principal" and
Swiss Re Corporate Solutions America Insurance Corporation, as Surety are held and firmly
bound unto the City of Dubuque, Iowa, as Obligee (hereinafter referred to as "the
Owner"), and to all persons who may be injured by any breach of any of the conditions of
this Bond in the penal sum of
Twenty-Two Million Seven Hundred Sixty Thousand and 00/100-- dollars
(\$ 22,760,000.00), lawful money of the United States, for the payment of which
sum, well and truly to be made, we bind ourselves, our heirs, legal representatives and
assigns, jointly or severally, firmly by these presents.

The conditions of the above obligations are such that whereas said Contractor entered
into a contract with the Owner, bearing date the 19th day of September,
2024, hereinafter the "Contract") wherein said Contractor undertakes and agrees to
construct the following described improvements:

Old Mill Road Lift Station and Force Main Project-Phase 1, IDNR SRF #W2021-0394A.

Project consists of the construction of one 20 MGD (expandable to 30 MGD) dry pit
submersible pumping station, the installation of (2) 250 LF 30-inch-diameter PVC force
mains, 90 LF of 48-inch-diameter RCP gravity sewer, 200 LF of 54-inch-diameter RCP
gravity sewer (3) 7-foot by 7-foot manholes, (2) 8-foot by 8-foot manholes. The project
will include four borings across Canadian National railroad tracks: (1) 180 LF of 48-inch
steel casing, (2) 150 LF of 42-inch steel casing and (1) 8-inch directional drill with four
2-inch conduits. The project also includes CIPP lining of the 48-inch and 54-inch gravity
sewers along with epoxy coating of the manholes. Construction of the pumping station
will include the site development work consisting of; electrical service, water service,
gas service, storm sewer, retaining walls, PCC sidewalk, PCC pavement, site lighting,
security cameras, fiber optic lines, vegetative surface restoration, and other
miscellaneous elements.

and to faithfully perform all the terms and requirements of said Contract within the time
therein specified, in a good and workmanlike manner, and in accordance with the
Contract Documents.

Section 00 60 00-1
1154.087/W2021-0394A

It is expressly understood and agreed by the Contractor and Surety in this bond that the following provisions are a part of this Bond and are binding upon said Contractor and Surety, to-wit:

1. **PERFORMANCE:** The Contractor shall well and faithfully observe, perform, fulfill, and abide by each and every covenant, condition, and part of said Contract and Contract Documents, by reference made a part hereof, for the above referenced improvements, and shall indemnify and save harmless the Owner from all outlay and expense incurred by the Owner by reason of the Contractor's default of failure to perform as required. The Contractor shall also be responsible for the default or failure to perform as required under the Contract and Contract Documents by all its subcontractors, suppliers, agents, or employees furnishing materials or providing labor in the performance of the Contract.
2. **PAYMENT:** The Contractor and the Surety on this Bond hereby agreed to pay all just claims submitted by persons, firms, subcontractors, and corporations furnishing materials for or performing labor in the performance of the Contract on account of which this Bond is given, including but not limited to claims for all amounts due for labor, materials, lubricants, oil, gasoline, repairs on machinery, equipment, and tools, consumed or used by the Contractor or any subcontractor, wherein the same are not satisfied out of the portion of the contract price the Owner is required to retain until completion of the improvement, but the Contractor and Surety shall not be liable to said persons, firms, or corporations unless the claims of said claimants against said portion of the contract price shall have been established as provided by law. The Contractor and Surety hereby bind themselves to the obligations and conditions set forth in Chapter 573 of the Iowa Code, which by this reference is made a part hereof as though fully set out herein.
3. **MAINTENANCE:** The Contractor and the Surety on this Bond hereby agree, at their own expense:
 - A. To remedy any and all defects that may develop in or result from work to be performed under the Contract within the period of 2 year (s) from the date of acceptance of the work under the Contract, by reason of defects in workmanship or materials used in construction of said work;
 - B. To keep all work in continuous good repair; and
 - C. To pay the Owner's reasonable costs of monitoring and inspection to assure that any defects are remedied, and to repay the Owner all outlay and expense incurred as a result of Contractor's and Surety's failure to remedy any defect as required by this section.

Contractor's and Surety's agreement herein made extends to defects in workmanship or materials not discovered or known to the Owner at the time such work was accepted.

4. GENERAL: Every Surety on this Bond shall be deemed and held bound, any contract to the contrary notwithstanding, to the following provisions:

- A. To consent without notice to any extension of time to the Contractor in which to perform the Contract;
- B. To consent without notice to any change in the Contract or Contract Documents, which thereby increases the total contract price and the penal sum of this bond, provided that all such changes do not, in the aggregate, involve an increase of more than 20% of the total contract price, and that this bond shall then be released as to such excess increase; and
- C. To consent without notice that this Bond shall remain in full force and effect until the Contract is completed, whether completed within the specified contract period, within an extension thereof, or within a period of time after the contract period has elapsed and the liquidated damage penalty is being charged against the Contractor.

The Contractor and every Surety on the bond shall be deemed and held bound, any contract to the contrary notwithstanding, to the following provisions:

- D. That no provision of this Bond or of any other contract shall be valid that limits to less than five years after the acceptance of the work under the Contract the right to sue on this Bond.
- E. That as used herein, the phrase "all outlay and expense" is not to be limited in any way, but shall include the actual and reasonable costs and expenses incurred by the Owner including interest, benefits, and overhead where applicable. Accordingly, "all outlay and expense" would include but not be limited to all contract or employee expense, all equipment usage or rental, materials, testing, outside experts, attorney's fees (including overhead expenses of the Owner's staff attorneys), and all costs and expenses of litigation as they are incurred by the Owner. It is intended the Contractor and Surety will defend and indemnify the Owner on all claims made against the Owner on account of Contractor's failure to perform as required in the Contract and Contract Documents, that all agreements and promises set forth in the Contract and Contract Documents, in approved change orders, and in this Bond will be fulfilled, and that the Owner will be fully indemnified so that it will be put into the position it would have been in had the Contract been performed in the first instance as required.

In the event the Owner incurs any "outlay and expense" in defending itself against any claim as to which the Contractor or Surety should have provided the defense, or in the enforcement of the promises given by the Contractor in the Contract, Contract Documents, or approved change orders, or in the enforcement of the promises given by the Contractor and Surety in this Bond, the Contractor and Surety agree that they will make the Owner whole for all such outlay and expense, provided that the Surety's obligation under this bond shall not exceed 125% of the penal sum of this bond.

In the event that any actions or proceedings are initiated regarding this Bond, the parties agree that the venue thereof shall be the Iowa District Court for Dubuque County, State of Iowa. If legal action is required by the Owner to enforce the provisions of this Bond or to collect the monetary obligation incurring to the benefit of the Owner, the Contractor and the Surety agree, jointly, and severally, to pay the Owner all outlay and expense incurred therefor by the Owner. All rights, powers, and remedies of the Owner hereunder shall be cumulative and not alternative and shall be in addition to all rights, powers, and remedies given to the Owner, by law. The Owner may proceed against surety for any amount guaranteed hereunder whether action is brought against the Contractor or whether Contractor is joined in any such action(s) or not.

NOW THEREFORE, the condition of this obligation is such that if said Principal shall faithfully perform all the promises of the Principal, as set forth and provided in the Contract, in the Contract Documents, and in this Bond, then this obligation shall be null and void, otherwise it shall remain in full force and effect.

When a work, term, or phrase is used in this Bond, it shall be interpreted or construed first as defined in this Bond, the Contract, or the Contract Documents; second, if not defined in the Bond, Contract, or Contract Documents, it shall be interpreted or construed as defined in applicable provisions of the Iowa Code; third, if not defined in the Iowa Code, it shall be interpreted or construed according to its generally accepted meaning in the construction industry; and fourth, if it has no generally accepted meaning in the construction industry, it shall be interpreted or construed according to its common or customary usage.

Failure to specify or particularize shall not exclude terms or provisions not mentioned and shall not limit liability hereunder. The Contract and Contract Documents are hereby made a part of this Bond.

Witness our hands, in triplicate, this 19th day of September,
2024.

OUT-OF-STATE CONTRACTOR BOND

SECTION 00 60 10

An out-of-state Contractor must either file a surety Bond, as provided in Iowa Code section 91C.7, with the Iowa Division of Labor Services in the amount of twenty-five thousand dollars (\$25,000) for a one (1) year period or must provide a statement to the Iowa Division of Labor Services that the contractor is prequalified to Bid on projects for the Iowa Department of Transportation pursuant to Iowa Code Section 314.1

An out-of-state Contractor, before commencing a contract in excess of five thousand dollars (\$5,000) in value of Iowa, must file a Bond with the Iowa Division of Labor Services of the Iowa Department of Workforce Development. A Surety Bond filed pursuant to Iowa Code section 91C.2 must be executed by a surety company authorized to do business in this state, and the Bond must be continuous in nature until canceled by the Surety with not less than thirty (30) days; written notice to the contractor and to the Division of Labor Services of the Iowa Department of Workforce Development in dictating the surety's desire to cancel the Bond. The Surety company is liable under the Bond for any contract commenced after the cancellation of the Bond. The Bond must be in the sum of the greater of the following:

- (1) One thousand dollars (\$1,000.00); or
- (2) Five percent (5%) of the contract price

An out-of-state Contractor may file a blanket Bond in an amount at least equal to fifty thousand dollars (\$50,000) for a two (2) year period in lieu of filing an individual Bond for each Contract. The Division of Labor Services of the Iowa Department of Workforce Development may increase the Bond amount after a hearing.

ARTICLE 1 – DEFINITIONS AND TERMINOLOGY

1.01 *Defined Terms*

- A. Wherever used in the Bidding Requirements or Contract Documents, a term printed with initial capital letters, or with all capital letters, including the term's singular and plural forms, will have the meaning indicated in the definitions below. In addition to terms specifically defined, terms with initial capital letters in the Contract Documents include references to identified articles and paragraphs, and the titles of other documents or forms.
1. *Addenda*—Written or graphic instruments issued prior to the opening of Bids which clarify, correct, or change the Bidding Requirements or the proposed Contract Documents.
 2. *Agreement*—The written instrument, executed by Owner and Contractor, that sets forth the Contract Price and Contract Times, identifies the parties and the Engineer, and designates the specific items that are Contract Documents.
 3. *Application for Payment*—The form acceptable to Engineer which is to be used by Contractor during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Contract Documents.
 4. *Bid*—The offer of a Bidder submitted on the prescribed form setting forth the prices for the Work to be performed.
 5. *Bidder*—An individual or entity that submits a Bid to Owner.
 6. *Bidding Documents*—The Bidding Requirements, the proposed Contract Documents, and all Addenda.
 7. *Bidding Requirements*—The ~~advertisement or invitation to bid~~Notice to Bidders, Instructions to Bidders, Bid Bond or other Bid security, if any, the Bid Form, and the Bid with any attachments.
 8. *Change Order*—A document which is signed by Contractor, Engineer, and Owner and authorizes an addition, deletion, or revision in the Work or an adjustment in the Contract Price or the Contract Times, or other revision to the Contract, issued on or after the Effective Date of the Contract.
 9. *Change Proposal*—A written request by Contractor, duly submitted in compliance with the procedural requirements set forth herein, seeking an adjustment in Contract Price or Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Contract Documents or the acceptability of Work under the Contract Documents; challenging a set-off against payments due; or seeking other relief with respect to the terms of the Contract.
 10. *Claim*—(a) A demand or assertion by Owner directly to Contractor, duly submitted in compliance with the procedural requirements set forth herein: seeking an adjustment of Contract Price or Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Contract Documents or the acceptability of Work under the Contract Documents; contesting Engineer's decision regarding a Change Proposal; seeking resolution of a contractual issue that Engineer has declined to

address; or seeking other relief with respect to the terms of the Contract; or (b) a demand or assertion by Contractor directly to Owner, duly submitted in compliance with the procedural requirements set forth herein, contesting Engineer's decision regarding a Change Proposal; or seeking resolution of a contractual issue that Engineer has declined to address. A demand for money or services by a third party is not a Claim.

11. *Constituent of Concern*—Asbestos, petroleum, radioactive materials, polychlorinated biphenyls (PCBs), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to (a) the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §§9601 et seq. ("CERCLA"); (b) the Hazardous Materials Transportation Act, 49 U.S.C. §§5501 et seq.; (c) the Resource Conservation and Recovery Act, 42 U.S.C. §§6901 et seq. ("RCRA"); (d) the Toxic Substances Control Act, 15 U.S.C. §§2601 et seq.; (e) the Clean Water Act, 33 U.S.C. §§1251 et seq.; (f) the Clean Air Act, 42 U.S.C. §§7401 et seq.; or (g) any other federal, state, or local statute, law, rule, regulation, ordinance, resolution, code, order, or decree regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.
12. *Contract*—The entire and integrated written contract between the Owner and Contractor concerning the Work.
13. *Contract Documents*—Those items so designated in the Agreement, and which together comprise the Contract.
14. *Contract Price*—The money that Owner has agreed to pay Contractor for completion of the Work in accordance with the Contract Documents. .
15. *Contract Times*—The number of days or the dates by which Contractor shall: (a) achieve Milestones, if any; (b) achieve Substantial Completion; and (c) complete the Work.
16. *Contractor*—The individual or entity with which Owner has contracted for performance of the Work.
17. *Cost of the Work*—See Paragraph 13.01 for definition.
18. *Drawings*—The part of the Contract that graphically shows the scope, extent, and character of the Work to be performed by Contractor. The following Drawings are part of the Contract Documents: Drawings titled "Old Mill Road Lift Station and Force Main Project—Phase 1, IDNR Project Number W2021-0394A", Sheets A.01 through RR.06, prepared by Strand Associates, Inc.®; "Old Mill Road Pumping Station", Sheets 00-G0.01 through 99-E7.01, prepared by the City of Dubuque; and "Old Mill Road Lift Station and Force Main Project—CC&P Railroad Crossing Permit Plan Set, IDNR Project Number CS1921034", Sheets RR-A.01 through RR.06, and Drawings listed in the table of contents that are bound at the back of these Specifications prepared by the City of Dubuque. Electronic files were provided for the convenience of Contractor. The data on which Contractor may rely is limited to the paper copy.
19. *Effective Date of the Contract*—The date, indicated in the Agreement, on which the Contract becomes effective.
20. *Engineer*—The individual or entity named as such in the Agreement.

21. *Field Order*—A written order issued by Engineer which requires minor changes in the Work but does not change the Contract Price or the Contract Times.
- ~~22. *Hazardous-Special Environmental Condition*~~—The presence at the Site of Constituents of Concern in such quantities or circumstances that may present a danger to persons or property exposed thereto. The presence at the Site of materials that are necessary for the execution of the Work, or that are to be incorporated in the Work, and that are controlled and contained pursuant to industry practices, Laws and Regulations, and the requirements of the Contract, does not establish a ~~Hazardous-Special Environmental Condition~~.
- ~~23. *Hazardous Environmental Condition*~~—The presence at the Site of Asbestos, PCBs, Petroleum, Hazardous Waste, or Radioactive Material in such quantities or circumstances that may present a substantial danger to persons or property exposed thereto.
- ~~24. *Hazardous Substance*~~—The term Hazardous Substance shall have the meaning provided in the Comprehensive Environmental Response, Compensation and Liability Act, Section 101, and the rules promulgated thereunder (42 USC 9601).
- ~~22-25. *Laws and Regulations; Laws or Regulations*~~—Any and all applicable laws, statutes, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.
- ~~23-26. *Liens*~~—Charges, security interests, or encumbrances upon Contract-related funds, real property, or personal property.
- ~~24-27. *Milestone*~~—A principal event in the performance of the Work that the Contract requires Contractor to achieve by an intermediate completion date or by a time prior to Substantial Completion of all the Work.
- ~~25-28. *Notice of Award*~~—The written notice by Owner to a Bidder of Owner's acceptance of the Bid.
- ~~26-29. *Notice to Proceed*~~—A written notice by Owner to Contractor fixing the date on which the Contract Times will commence to run and on which Contractor shall start to perform the Work.
- ~~30. *Owner*~~—The individual or entity with which Contractor has contracted regarding the Work, and which has agreed to pay Contractor for the performance of the Work, pursuant to the terms of the Contract.
- ~~30A. *OWNER's Representative*~~—The individual or entity identified in the Agreement with authority to act on behalf of OWNER within a defined range of issues and circumstances.
- ~~31. *Physical Condition*~~—Any existing man made or natural obstruction, structure, or utility that may be encountered during the course of the Work.
- ~~27-32. *Progress Schedule*~~—A schedule, prepared and maintained by Contractor, describing the sequence and duration of the activities comprising the Contractor's plan to accomplish the Work within the Contract Times.
- ~~28-33. *Project*~~—The total undertaking to be accomplished for Owner by engineers, contractors, and others, including planning, study, design, construction, testing,

commissioning, and start-up, and of which the Work to be performed under the Contract Documents is a part.

34. *Project Manual*—The written documents prepared for, or made available for, procuring and constructing the Work, including but not limited to the Bidding Documents or other construction procurement documents, geotechnical and existing conditions information, the Agreement, bond forms, General Conditions, Supplementary Conditions, and Specifications. The contents of the Project Manual may be bound in one or more volumes.
35. *Request for Information*—Written request submitted by Contractor to Engineer on a form supplied by Engineer requesting clarification, interpretation, or additional information pertaining to Contract Documents.
- ~~29.~~36. *Resident Project Representative*—The authorized representative of Engineer Owner assigned to assist Owner and Engineer at the Site. As used herein, the term Resident Project Representative or “RPR” includes any assistants or field staff of Resident Project Representative.
- ~~30.~~37. *Samples*—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and that establish the standards by which such portion of the Work will be judged.
- ~~31.~~38. *Schedule of Submittals*—A schedule, prepared and maintained by Contractor, of required submittals and the time requirements for Engineer’s review of the submittals and the performance of related construction activities.
- ~~32.~~39. *Schedule of Values*—A schedule, prepared and maintained by Contractor, allocating portions of the Contract Price to various portions of the Work and used as the basis for reviewing Contractor’s Applications for Payment.
- ~~33.~~40. *Shop Drawings*—All drawings, diagrams, illustrations, schedules, and other data or information that are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work. Shop Drawings, whether approved or not, are not Drawings and are not Contract Documents.
- ~~34.~~41. *Site*—Lands or areas indicated in the Contract Documents as being furnished by Owner upon which the Work is to be performed, including rights-of-way and easements, and such other lands furnished by Owner which are designated for the use of Contractor.
- ~~35.~~42. *Specifications*—The part of the Contract that consists of written requirements for materials, equipment, systems, standards, and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable to the Work.
- ~~36.~~43. *Subcontractor*—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work.
- ~~37.~~44. *Substantial Completion*—The time at which the Work ~~(or a specified part thereof)~~ has progressed to the point where, in the opinion of Engineer, the Work ~~(or a specified part thereof)~~ is sufficiently complete, in accordance with the Contract Documents, so that the Work ~~(or a specified part thereof)~~ can be utilized for the purposes for which it is intended. The terms “substantially complete” and

“substantially completed” as applied to all or part of the Work refer to Substantial Completion thereof.

~~38-45.~~ Successful Bidder—The Bidder whose Bid the Owner accepts, and to which the Owner makes an award of contract, subject to stated conditions.

~~39.~~ Supplementary Conditions—~~The part of the Contract that amends or supplements these General Conditions.~~

~~40-46.~~ Supplier—A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or a Subcontractor.

~~41-47.~~ Technical Data—Those items expressly identified as Technical Data in the Supplementary Conditions, with respect to either (a) subsurface conditions at the Site, or physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities) or (b) Hazardous Environmental Conditions at the Site. If no such express identifications of Technical Data have been made with respect to conditions at the Site, then the data contained in boring logs, recorded measurements of subsurface water levels, laboratory test results, and other factual, objective information regarding conditions at the Site that are set forth in any geotechnical or environmental report prepared for the Project and made available to Contractor are hereby defined as Technical Data with respect to conditions at the Site under Paragraphs 5.03, 5.04, and 5.06.

~~42-48.~~ Underground Facilities—All underground pipelines, conduits, ducts, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or attachments, and any encasements containing such facilities, including but not limited to those that convey electricity, gases, steam, liquid petroleum products, telephone or other communications, fiber optic transmissions, cable television, water, wastewater, storm water, other liquids or chemicals, or traffic or other control systems.

~~43-49.~~ Unit Price Work—Work to be paid for on the basis of unit prices.

~~44-50.~~ Work—The entire construction ~~or the various separately identifiable parts thereof~~ required to be provided under the Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Contract Documents.

51. Work Change Directive—A written directive to Contractor issued on or after the Effective Date of the Contract, signed by Owner and Contractor and recommended by Engineer, ordering an addition, deletion, or revision in the Work.

1.02 Terminology

- A. The words and terms discussed in the following paragraphs are not defined but, when used in the Bidding Requirements or Contract Documents, have the indicated meaning.
- B. *Intent of Certain Terms or Adjectives:*
 - 1. The Contract Documents include the terms “as allowed,” “as approved,” “as ordered,” “as directed” or terms of like effect or import to authorize an exercise of professional

judgment by Engineer. In addition, the adjectives “reasonable,” “suitable,” “acceptable,” “proper,” “satisfactory,” or adjectives of like effect or import are used to describe an action or determination of Engineer as to the Work. It is intended that such exercise of professional judgment, action, or determination will be solely to evaluate, in general, the Work for compliance with the information in the Contract Documents and with the design concept of the Project as a functioning whole as shown or indicated in the Contract Documents (unless there is a specific statement indicating otherwise). The use of any such term or adjective is not intended to and shall not be effective to assign to Engineer any duty or authority to supervise or direct the performance of the Work, or any duty or authority to undertake responsibility contrary to the provisions of Article 10 or any other provision of the Contract Documents.

C. *Day:*

1. The word “day” means a calendar day of 24 hours measured from midnight to the next midnight.

D. *Defective:*

1. The word “defective,” when modifying the word “Work,” refers to Work that is unsatisfactory, faulty, or deficient in that it:
 - a. does not conform to the Contract Documents; or
 - b. does not meet the requirements of any applicable inspection, reference standard, test, or approval referred to in the Contract Documents; or
 - c. has been damaged prior to Engineer’s recommendation of final payment (unless responsibility for the protection thereof has been assumed by Owner at Substantial Completion in accordance with Paragraph 15.03 or 15.04).

E. *Furnish, Install, Perform, Provide:*

1. The word “furnish,” when used in connection with services, materials, or equipment, shall mean to supply and deliver said services, materials, or equipment to the Site (or some other specified location) ready for use or installation and in usable or operable condition.
2. The word “install,” when used in connection with services, materials, or equipment, shall mean to put into use or place in final position said services, materials, or equipment complete and ready for intended use.
3. The words “perform” or “provide,” when used in connection with services, materials, or equipment, shall mean to furnish and install said services, materials, or equipment complete and ready for intended use.
4. If the Contract Documents establish an obligation of Contractor with respect to specific services, materials, or equipment, but do not expressly use any of the four words “furnish,” “install,” “perform,” or “provide,” then Contractor shall furnish and install said services, materials, or equipment complete and ready for intended use.

- F. Unless stated otherwise in the Contract Documents, words or phrases that have a well-known technical or construction industry or trade meaning are used in the Contract Documents in accordance with such recognized meaning.

ARTICLE 2 – PRELIMINARY MATTERS

2.01 *Delivery of Bonds and Evidence of Insurance*

- A. ~~*Bonds:* When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner such bonds as Contractor may be required to furnish. When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner such bonds, insurance certificates, insurance endorsements, sales and use tax exemption certificate, and other documents as Contractor may be required to furnish.~~
- B. ~~*Evidence of Contractor's Insurance:* When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner, with copies to each named insured and additional insured (as identified in the Supplementary Conditions or elsewhere in the Contract), the certificates and other evidence of insurance required to be provided by Contractor in accordance with Article 6. Contractor shall deliver to Owner with Agreement and Bonds consistent with the Agreement, with copies to each additional insured or loss payee identified in Paragraph 6.03 , Owner approved copies of certificates of insurance, copies of endorsements, and other evidence of insurance which either of them or any additional insured or loss payee may reasonably request, which Contractor is required to purchase and maintain in accordance with Paragraph 6.03. Owner shall deliver to Contractor with copies to each additional insured or loss payee identified in these General Conditions certificates of insurance, copies of endorsements, and other evidence of insurance which either of them or any additional insured or loss payee may reasonably request, which Owner is required to purchase and maintain in accordance with Paragraph 6.05.~~
- C. *Evidence of Owner's Insurance:* After receipt of the executed counterparts of the Agreement and all required bonds and insurance documentation, Owner shall promptly deliver to Contractor, with copies to each named insured and additional insured (as identified in the Supplementary Conditions or otherwise), the certificates and other evidence of insurance required to be provided by Owner under Article 6.

2.02 *Copies of Documents*

- A. Owner shall furnish to Contractor four printed copies of the Contract (including one fully executed counterpart of the Agreement), and one copy in electronic portable document format (PDF). Additional printed copies will be furnished upon request at the cost of reproduction.
- B. Owner shall maintain and safeguard at least one original printed record version of the Contract, including Drawings and Specifications signed and sealed by Engineer and other design professionals. Owner shall make such original printed record version of the Contract available to Contractor for review. Owner may delegate the responsibilities under this provision to Engineer.

2.03 *Before Starting Construction*

- A. *Preliminary Schedules:* Within 10 days after the Effective Date of the Contract (or as otherwise specifically required by the Contract Documents), Contractor shall submit to Engineer for timely review:

1. a preliminary Progress Schedule indicating the times (numbers of days or dates) for starting and completing the various stages of the Work, including any Milestones specified in the Contract Documents present in detail, the Contractor's planned work for the first 90 calendar days of the project. The balance of the contract duration may be summary in nature.

a. The preliminary Progress Schedule will be a critical path schedule prepared utilizing acceptable industry standard scheduling software.

b. Each activity will include the planned quantities of work in place and the planned man-hours to complete the work.

c. The preliminary Progress Schedule submittal shall include:

1) PDF printout of the Contractor's schedule.

2) A written narrative identifying the Contractor's plan to execute the work, including the planned critical path, major equipment required, and major phasing/sequence required to complete the work.

3) Electronic copy of the schedule submittal file in native backup format (*.mpp, *.xer, *.stx, *.prx etc.);

2. a preliminary Schedule of Submittals for the project's full duration; and

3. a preliminary Schedule of Values for all of the Work which includes quantities and prices of items which when added together equal the Contract Price and subdivides the Work into component parts in sufficient detail to serve as the basis for progress payments during performance of the Work. Such prices will include an appropriate amount of overhead and profit applicable to each item of Work.

4. a proposed listing of subcontractors and major material and equipment suppliers. The list shall include any proposed substitutions in accordance with Paragraph 7.05.

2.04 *Preconstruction Conference; Designation of Authorized Representatives*

A. Before any Work at the Site is started, a conference attended by Owner, Contractor, Engineer, and others as appropriate will be held to establish a working understanding among the parties as to the Work and to discuss the schedules referred to in Paragraph 2.03.A, procedures for handling Shop Drawings, Samples, and other submittals, processing Applications for Payment, electronic or digital transmittals, and maintaining required records.

B. At this conference Owner and Contractor each shall designate, in writing, a specific individual to act as its authorized representative with respect to the services and responsibilities under the Contract. Such individuals shall have the authority to transmit and receive information, render decisions relative to the Contract, and otherwise act on behalf of each respective party.

2.05 *Initial Acceptance of Preliminary Schedules*

A. At least 10 days before submission of the first Application for Payment a conference, attended by Contractor, Engineer, and others as appropriate, will be held to review for

acceptability to Engineer as provided below the schedules submitted in accordance with Paragraph 2.03.A. Contractor shall have an additional 10 days to make corrections and adjustments and to complete and resubmit the schedules. No progress payment shall be made to Contractor until acceptable schedules are submitted to Engineer.

1. The Preliminary Progress Schedule will be acceptable to Engineer if it provides an orderly progression of the Work to completion within the Contract Times and meets the requirements of Paragraph 2.03.A. Such acceptance will not impose on Engineer responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the Work, nor interfere with or relieve Contractor from Contractor's full responsibility therefor.
2. Contractor's Schedule of Submittals will be acceptable to Engineer if it provides a workable arrangement for reviewing and processing the required submittals. The schedule for shop drawings shall show all submittals complete before 50% of completion of the Work and the schedule for maintenance manuals shall show all submittals complete before 75% of completion of the Work.
3. Contractor's Schedule of Values will be acceptable to Engineer as to form and substance if it provides a reasonable allocation of the Contract Price to the component parts of the Work.

2.06 Final Schedule

A. Within 45 calendar days after the Effective Date of the Agreement-Contract (unless otherwise specified in the General Requirements), Contractor shall submit to Engineer for timely review:

1. A final Progress Schedule indicating the times (numbers of days and dates) for starting and completing the various stages of the Work, including any Milestones specified in the Contract Documents representing in detail, the Contractor's planned work for the duration of the project.
 - a. The final Progress Schedule will be a critical path schedule prepared utilizing acceptable industry standard scheduling software.
 - b. Each activity will include the planned quantities of work in place and the planned man-hours to complete the work.
 - c. The preliminary Progress Schedule submittal shall include:
 - 1) PDF printout of the Contractor's schedule.
 - 2) A written narrative identifying the Contractor's plan to execute the work, including the planned critical path, major equipment required, and major phasing/sequence required to complete the work.
 - 3) Electronic copy of the schedule submittal file in native backup format (*.mpp, *.xer, *.stx, *.prx etc.)

2.07 Acceptance of Final Schedule

A. Within 14 calendar days of the Final Schedule submission a conference attended by Contractor, Engineer, and others as appropriate will be held to review the schedules submitted in accordance with Paragraph 2.06.A. Contractor shall have an additional 10 calendar days to make corrections and adjustments and to complete and resubmit the

schedules. No progress payment shall be made to Contractor until acceptable schedules are submitted to Engineer.

1. The final Progress Schedule will be acceptable to Engineer if it:

- a. Provides an orderly progression of the Work to completion within the Contract Times. Such acceptance will not impose on Engineer responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the Work, nor interfere with or relieve Contractor from Contractor's full responsibility therefor and
- b. Meets the requirements outlined in Paragraph 2.06.A

2.062.08 Electronic Transmittals

- A. Except as otherwise stated elsewhere in the Contract, the Owner, Engineer, and Contractor may transmit, and shall accept, Project-related correspondence, text, data, documents, drawings, information, and graphics, including but not limited to Shop Drawings and other submittals, in electronic media or digital format, either directly, or through access to a secure Project website.
- B. If the Contract does not establish protocols for electronic or digital transmittals, then Owner, Engineer, and Contractor shall jointly develop such protocols.
- C. When transmitting items in electronic media or digital format, the transmitting party makes no representations as to long term compatibility, usability, or readability of the items resulting from the recipient's use of software application packages, operating systems, or computer hardware differing from those used in the drafting or transmittal of the items, or from those established in applicable transmittal protocols.

ARTICLE 3 – DOCUMENTS: INTENT, REQUIREMENTS, REUSE

3.01 Intent

- A. The Contract Documents are complementary; what is required by one is as binding as if required by all.
- B. It is the intent of the Contract Documents to describe a functionally complete project (or part thereof) to be constructed in accordance with the Contract Documents.
- C. Unless otherwise stated in the Contract Documents, if there is a discrepancy between the electronic or digital versions of the Contract Documents (including any printed copies derived from such electronic or digital versions) and the printed record version, the printed record version shall govern.
- D. The Contract supersedes prior negotiations, representations, and agreements, whether written or oral.
- E. Engineer will issue clarifications and interpretations of the Contract Documents as provided herein.

3.02 Reference Standards

- A. Standards Specifications, Codes, Laws and Regulations
 - 1. Reference in the Contract Documents to standard specifications, manuals, reference standards, or codes of any technical society, organization, or association, or to Laws or

Regulations, whether such reference be specific or by implication, shall mean the standard specification, manual, reference standard, code, or Laws or Regulations in effect at the time of opening of Bids (or on the Effective Date of the Contract if there were no Bids), except as may be otherwise specifically stated in the Contract Documents.

2. No provision of any such standard specification, manual, reference standard, or code, or any instruction of a Supplier, shall be effective to change the duties or responsibilities of Owner, Contractor, or Engineer, or any of their subcontractors, consultants, agents, or employees, from those set forth in the part of the Contract Documents prepared by or for Engineer. No such provision or instruction shall be effective to assign to Owner, Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, any duty or authority to supervise or direct the performance of the Work or any duty or authority to undertake responsibility inconsistent with the provisions of the part of the Contract Documents prepared by or for Engineer.

3.03 *Reporting and Resolving Discrepancies*

A. *Reporting Discrepancies:*

1. *Contractor's Verification of Figures and Field Measurements:* Before undertaking each part of the Work, Contractor shall carefully study the Contract Documents, and check and verify pertinent figures and dimensions therein, particularly with respect to applicable field measurements. Contractor shall promptly report in writing to Engineer any conflict, error, ambiguity, or discrepancy that Contractor discovers, or has actual knowledge of, and shall not proceed with any Work affected thereby until the conflict, error, ambiguity, or discrepancy is resolved, by a clarification or interpretation by Engineer, or by an amendment or supplement to the Contract Documents issued pursuant to Paragraph 11.01.
2. *Contractor's Review of Contract Documents:* If, before or during the performance of the Work, Contractor discovers any conflict, error, ambiguity, or discrepancy within the Contract Documents, or between the Contract Documents and (a) any applicable Law or Regulation, (b) actual field conditions, (c) any standard specification, manual, reference standard, or code, or (d) any instruction of any Supplier, then Contractor shall promptly report it to Engineer in writing. Contractor shall not proceed with the Work affected thereby (except in an emergency as required by Paragraph 7.15) until the conflict, error, ambiguity, or discrepancy is resolved, by a clarification or interpretation by Engineer, or by an amendment or supplement to the Contract Documents issued pursuant to Paragraph 11.01.
3. Contractor shall not be liable to Owner or Engineer for failure to report any conflict, error, ambiguity, or discrepancy in the Contract Documents unless Contractor had actual knowledge thereof.
4. Contractor shall report apparent discrepancies to Engineer using a Request for Information form on a form supplied by Engineer. The Request for Information form shall:
 - a. be submitted by Contractor only;
 - b. be legible and complete;

- c. not be used for the purposes of only confirming or verifying issues; and,
- d. be prioritized by Contractor in the event that multiple Requests for Information are outstanding.

Requests for Information that are not in conformance with the requirements above shall be returned to Contractor without response.

- 5. Contractor shall not be relieved of its responsibility to coordinate the Work to prevent adverse impacts to Contractor's Project Schedule while submitting Requests for Information.
- 6. If Contractor believes the Scope of Work included in the Request for Information has a cost and/or time impact, Contractor should submit a claim in accordance with Article 12 of these General Conditions.
- 7. If Contractor proceeds with work when Contractor had actual knowledge or should have known that a conflict, error, ambiguity, or discrepancy existed as indicated above, correction of work constructed without such notification to Engineer shall be at Contractor's expense, (except in an emergency as authorized by Paragraph 7.15.A).

B. *Resolving Discrepancies:*

- 1. Except as may be otherwise specifically stated in the Contract Documents, the provisions of the part of the Contract Documents prepared by or for Engineer shall take precedence in resolving any conflict, error, ambiguity, or discrepancy between such provisions of the Contract Documents and:
 - a. the provisions of any standard specification, manual, reference standard, or code, or the instruction of any Supplier (whether or not specifically incorporated by reference as a Contract Document); or
 - b. the provisions of any Laws or Regulations applicable to the performance of the Work (unless such an interpretation of the provisions of the Contract Documents would result in violation of such Law or Regulation).

3.04 *Requirements of the Contract Documents*

- A. During the performance of the Work and until final payment, Contractor and Owner shall submit to the Engineer all matters in question concerning the requirements of the Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Contract Documents, as soon as possible after such matters arise. Engineer will be the initial interpreter of the requirements of the Contract Documents, and judge of the acceptability of the Work thereunder.
- B. Engineer will, with reasonable promptness, render a written clarification, interpretation, or decision on the issue submitted, or initiate an amendment or supplement to the Contract Documents. Engineer's written clarification, interpretation, or decision will be final and binding on Contractor, unless it appeals by submitting a Change Proposal, and on Owner, unless it appeals by filing a Claim.
- ~~C. If a submitted matter in question concerns terms and conditions of the Contract Documents that do not involve (1) the performance or acceptability of the Work under the Contract Documents, (2) the design (as set forth in the Drawings, Specifications, or~~

~~otherwise), or (3) other engineering or technical matters, then Engineer will promptly give written notice to Owner and Contractor that Engineer is unable to provide a decision or interpretation. If Owner and Contractor are unable to agree on resolution of such a matter in question, either party may pursue resolution as provided in Article 12.~~

3.05 *Reuse of Documents*

- A. Contractor and its Subcontractors and Suppliers shall not:
 - 1. have or acquire any title to or ownership rights in any of the Drawings, Specifications, or other documents (or copies of any thereof) prepared by or bearing the seal of Engineer or its consultants, including electronic media editions, or reuse any such Drawings, Specifications, other documents, or copies thereof on extensions of the Project or any other project without written consent of Owner and Engineer and specific written verification or adaptation by Engineer; or
 - 2. have or acquire any title or ownership rights in any other Contract Documents, reuse any such Contract Documents for any purpose without Owner's express written consent, or violate any copyrights pertaining to such Contract Documents.
- B. The prohibitions of this Paragraph 3.05 will survive final payment, or termination of the Contract. Nothing herein shall preclude Contractor from retaining copies of the Contract Documents for record purposes.

ARTICLE 4 – COMMENCEMENT AND PROGRESS OF THE WORK

4.01 *Commencement of Contract Times; Notice to Proceed*

- A. The Contract Times will commence to run on the thirtieth day after the Effective Date of the Contract or, if a Notice to Proceed is given, on the day indicated in the Notice to Proceed. A Notice to Proceed may be given at any time within 30 days after the Effective Date of the Contract. In no event will the Contract Times commence to run later than the sixtieth day after the day of Bid opening or the thirtieth day after the Effective Date of the Contract, whichever date is earlier.

4.02 *Starting the Work*

- A. Contractor shall start to perform the Work on the date when the Contract Times commence to run. No Work shall be done at the Site prior to such date.

4.03 *Reference Points*

- A. Owner shall provide engineering surveys to establish reference points for construction which in Engineer's judgment are necessary to enable Contractor to proceed with the Work. Contractor shall be responsible for laying out the Work, shall protect and preserve the established reference points and property monuments, and shall make no changes or relocations without the prior written approval of Owner. Contractor shall report to Engineer whenever any reference point or property monument is lost or destroyed or requires relocation because of necessary changes in grades or locations, and shall be responsible for the accurate replacement or relocation of such reference points or property monuments by professionally qualified personnel.
- B. Contractor is referred to the General Requirements for additional requirements for laying out the Work.

4.04 *Progress Schedule*

- A. Contractor shall adhere to the Progress Schedule established in accordance with Paragraph 2.05 as it may be adjusted from time to time as provided below.
- B. Contractor shall prepare a monthly schedule update which captures for each activity:
 - 1. Actual start and finish dates.
 - 2. Percent complete and remaining duration for incomplete activities that have commenced but not completed.
 - 3. Actual quantities of work in place.
 - 4. Actual man-hours expended.
- ~~1-5.~~ Contractor shall submit to Engineer for acceptance (to the extent indicated in Paragraph 2.05) proposed adjustments in the Progress Schedule that will not result in changing the Contract Times.
- ~~2-6.~~ Proposed adjustments in the Progress Schedule that will change the Contract Times shall be submitted in accordance with the requirements of Article 11.
- C. Contractor's monthly schedule update submittal will include:
 - 1. PDF printout of the Contractor's schedule.
 - 2. A written narrative identifying:
 - a. The current status of the project completion date(s),
 - b. The current critical path,
 - c. Any approved schedule revisions in accordance with Paragraph 6.04.B.5, and
 - d. Any potential delays or problems.
 - 3. Electronic copy of the schedule submittal file in native backup format (*.mpp, *.xer, *.stx, *.prx etc.).
- D. Upon request of Owner, Contractor shall submit electronic copies of any and all versions of Contractor's schedule in the original software files.
- ~~B-E.~~ Contractor shall carry on the Work and adhere to the Progress Schedule during all disputes or disagreements with Owner. No Work shall be delayed or postponed pending resolution of any disputes or disagreements, or during any appeal process, except as permitted by Paragraph 16.04, or as Owner and Contractor may otherwise agree in writing.

4.05 *Delays in Contractor's Progress*

- A. If Owner, Engineer, or anyone for whom Owner is responsible, or Railroad delays, disrupts, or interferes with the performance or progress of the Work, then Contractor shall be entitled to an equitable adjustment in the Contract Times ~~and Contract Price~~. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.
- B. Contractor shall not be entitled to an adjustment in Contract Price or Contract Times for delay, disruption, or interference caused by or within the control of Contractor. Delay,

disruption, and interference attributable to and within the control of a Subcontractor or Supplier shall be deemed to be within the control of Contractor.

- C. If Contractor's performance or progress is delayed, disrupted, or interfered with by unanticipated causes not the fault of and beyond the control of Owner, Contractor, and those for which they are responsible, or Railroad, then Contractor shall be entitled to an equitable adjustment in Contract Times. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times. Such an adjustment shall be Contractor's sole and exclusive remedy for the delays, disruption, and interference described in this paragraph. Causes of delay, disruption, or interference that may give rise to an adjustment in Contract Times under this paragraph include but are not limited to the following:
1. severe and unavoidable natural catastrophes such as fires, floods, epidemics, and earthquakes;
 2. abnormal weather conditions;
 3. acts or failures to act of utility owners (other than those performing other work at or adjacent to the Site by arrangement with the Owner, as contemplated in Article 8); and
 4. acts of war or terrorism.
- D. Delays, disruption, and interference to the performance or progress of the Work resulting from the existence of a differing subsurface or physical condition, an Underground Facility that was not shown or indicated by the Contract Documents, or not shown or indicated with reasonable accuracy, and those resulting from Hazardous Environmental Conditions, are governed by Article 5.
- E. Paragraph 8.03 governs delays, disruption, and interference to the performance or progress of the Work resulting from the performance of certain other work at or adjacent to the Site.
- F. Contractor shall not be entitled to an adjustment in Contract Price or Contract Times for any delay, disruption, or interference if such delay is concurrent with a delay, disruption, or interference caused by or within the control of Contractor.
- G. If the Contractor is delayed at any time in the commencement or progress of the Work by an act or neglect of the Owner or Architect, or of any employee of either, or of a separate contractor employed by Owner; or by the Railroad.
- H. Changes ordered in the Work; or by labor disputes, fire, unusual delay in deliveries, unavoidable casualties or other causes beyond the Contractor's control; or by delay authorized by the Owner pending mediation and arbitration; or by other causes that the Architect determines may justify delay, then the Contract Time shall be extended by Change Order for such reasonable time as the Architect may determine.
- I. Claims relating to time shall be made in accordance with applicable provisions of Article 15.
- F.J. Contractor must submit any Change Proposal seeking an adjustment in Contract Price or Contract Times under this paragraph within 30 days of the commencement of the delaying, disrupting, or interfering event.

**ARTICLE 5 – AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; ~~HAZARDOUS SPECIAL~~
ENVIRONMENTAL CONDITIONS**

5.01 *Availability of Lands*

- A. Owner shall furnish the Site. Owner shall notify Contractor of any encumbrances or restrictions not of general application but specifically related to use of the Site with which Contractor must comply in performing the Work.
- ~~B. Upon reasonable written request, Owner shall furnish Contractor with a current statement of record legal title and legal description of the lands upon which permanent improvements are to be made and Owner's interest therein as necessary for giving notice of or filing a mechanic's or construction lien against such lands in accordance with applicable Laws and Regulations.~~
- ~~C.B.~~ Contractor shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.

5.02 *Use of Site and Other Areas*

- A. *Limitation on Use of Site and Other Areas:*
 - 1. Contractor shall confine construction equipment, temporary construction facilities, the storage of materials and equipment, and the operations of workers to the Site, adjacent areas that Contractor has arranged to use through construction easements or otherwise, and other adjacent areas permitted by Laws and Regulations, and shall not unreasonably encumber the Site and such other adjacent areas with construction equipment or other materials or equipment. Contractor shall assume full responsibility for (a) damage to the Site; (b) damage to any such other adjacent areas used for Contractor's operations; (c) damage to any other adjacent land or areas; and (d) for injuries and losses sustained by the owners or occupants of any such land or areas; provided that such damage or injuries result from the performance of the Work or from other actions or conduct of the Contractor or those for which Contractor is responsible.
 - 2. If a damage or injury claim is made by the owner or occupant of any such land or area because of the performance of the Work, or because of other actions or conduct of the Contractor or those for which Contractor is responsible, Contractor shall (a) take immediate corrective or remedial action as required by Paragraph 7.12, or otherwise; (b) promptly attempt to settle the claim as to all parties through negotiations with such owner or occupant, or otherwise resolve the claim by arbitration or other dispute resolution proceeding, or at law; and (c) to the fullest extent permitted by Laws and Regulations, indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against any such claim, and against all costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any claim or action, legal or equitable, brought by any such owner or occupant against Owner, Engineer, or any other party indemnified hereunder to the extent caused directly or indirectly, in whole or in part by, or based upon, Contractor's performance of the Work, or because of other actions or conduct of the Contractor or those for which Contractor is responsible.

- B. *Removal of Debris During Performance of the Work:* During the progress of the Work the Contractor shall keep the Site and other adjacent areas free from accumulations of waste materials, rubbish, and other debris. Removal and disposal of such waste materials, rubbish, and other debris shall conform to applicable Laws and Regulations.
- C. *Cleaning:* Prior to Substantial Completion of the Work Contractor shall clean the Site and the Work and make it ready for utilization by Owner. At the completion of the Work Contractor shall remove from the Site and adjacent areas all tools, appliances, construction equipment and machinery, and surplus materials and shall restore to original condition all property not designated for alteration by the Contract Documents.
- D. *Loading of Structures:* Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent structures or land to stresses or pressures that will endanger them.

5.03 *Subsurface and Physical Conditions*

- A. *Reports and Drawings:* ~~The Supplementary~~ These General Conditions identify:
 - 1. those reports known to Owner of explorations and tests of subsurface conditions at or adjacent to the Site as located in Paragraph 5.03.D;
 - 2. those drawings known to Owner of physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities) as listed in Paragraph 5.03.D; and
 - 3. Technical Data contained in such reports and drawings.
- B. *Reliance by Contractor on Technical Data Authorized:* Contractor may rely upon the accuracy of the Technical Data expressly identified in the ~~Supplementary~~ General Conditions with respect to such reports and drawings, but such reports and drawings are not Contract Documents. If no such express identification has been made, then Contractor may rely upon the accuracy of the Technical Data (as defined in Article 1) contained in any geotechnical or environmental report prepared for the Project and made available to Contractor. Except for such reliance on Technical Data, Contractor may not rely upon or make any claim against Owner or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, with respect to:
 - 1. the completeness of such reports and drawings for Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor, and safety precautions and programs incident thereto; or
 - 2. other data, interpretations, opinions, and information contained in such reports or shown or indicated in such drawings; or
 - 3. any Contractor interpretation of or conclusion drawn from any Technical Data or any such other data, interpretations, opinions, or information.
- C. Contractor represents and warrants to the Owner that Contractor (a) is experienced and skilled in the construction of structures and improvements of the type described in the Contract Documents, and (b) has, by careful examination, satisfied itself as to and has taken into account (i) the nature, location and character of the Project site, including,

without limitation, the surface and subsurface (by review of available reports and information) condition of the land and all structures and obstructions thereon, both natural and man-made, and all surface and subsurface (to the extent reasonably identified by review of available reports and information) water conditions of the Project site and the surrounding area; (ii) the nature, location and character of the general area in which the Project site is located; and (iii) all other matters or things which, in the reasonable judgment of the Contractor, could in any manner affect the performance of the Work.

- D. The following reports of explorations and tests of subsurface conditions at or contiguous to the Site were relied on by Engineer and Owner in the preparation of the Contract Documents:

Report dated November 23, 2021, prepared by Terracon Consultants, Inc. of Bettendorf, Iowa, titled: Geotechnical Engineering Report–Old Mill Road Pumping Station and Force Main, Dubuque, Iowa, consisting of 73 pages.

Report dated August 24, 2023, prepared by Terracon Consultants, Inc. of Bettendorf, Iowa, titled: Sewer Main Crossings of CN Railway Right-of-Way Geotechnical Engineering Report, consisting of 48 pages.

The technical data in the above report(s) consists of boring methods, level of subsurface water, boring logs, laboratory test methods and results, and boring locations all as of the date made.

Engineer accepts no responsibility for accuracy of the soil data or water level information. Soil information, included with these Contract Documents, was not obtained for the purposes of designing excavations and trenches. Soil information was used by Engineer for design purposes only. Contractor shall assure itself by personal examination as to subsurface conditions and shall provide its own investigations and make its own assumptions to comply with OSHA and any other applicable laws and regulations regarding excavation and trenching requirements.

- E. The following drawings and reports of physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities) are known to Owner:

~~C.F.~~ Owner has collected data on groundwater elevations in piezometers installed in previous geotechnical explorations. Data was collected from April 2023 through November 2024 and is included on the Appendix.

- G. The reports, drawings, and piezometric data identified above are not part of the Contract Documents, but the “technical data” contained therein, as expressly identified and established above, are incorporated in the Contract Documents by reference. Contractor is not entitled to rely upon any other information and data known to or identified by Owner or Engineer

- H. Copies of reports, drawings, flow data, and piezometric data identified in paragraph 5.03.D through G—will be provided in electronic format with the drawings and specifications.

5.04 *Differing Subsurface or Physical Conditions*

- A. *Notice by Contractor:* If Contractor believes that any subsurface or physical condition that is uncovered or revealed at the Site either:
1. is of such a nature as to establish that any Technical Data on which Contractor is entitled to rely as provided in Paragraph 5.03 is materially inaccurate; or
 2. is of such a nature as to require a change in the Drawings or Specifications; or
 3. differs materially from that shown or indicated in the Contract Documents; or
 4. is of an unusual nature, and differs materially from conditions ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents;

then Contractor shall, promptly after becoming aware thereof and before further disturbing the subsurface or physical conditions or performing any Work in connection therewith (except in an emergency as required by Paragraph 7.15), notify Owner and Engineer in writing about such condition. Contractor shall not further disturb such condition or perform any Work in connection therewith (except with respect to an emergency) until receipt of a written statement permitting Contractor to do so.

- B. *Engineer's Review:* After receipt of written notice as required by the preceding paragraph, Engineer will promptly review the subsurface or physical condition in question; determine the necessity of Owner's obtaining additional exploration or tests with respect to the condition; conclude whether the condition falls within any one or more of the differing site condition categories in Paragraph 5.04.A above; obtain any pertinent cost or schedule information from Contractor; prepare recommendations to Owner regarding the Contractor's resumption of Work in connection with the subsurface or physical condition in question and the need for any change in the Drawings or Specifications; and advise Owner in writing of Engineer's findings, conclusions, and recommendations.
- C. *Owner's Statement to Contractor Regarding Site Condition:* After receipt of Engineer's written findings, conclusions, and recommendations, Owner shall issue a written statement to Contractor (with a copy to Engineer) regarding the subsurface or physical condition in question, addressing the resumption of Work in connection with such condition, indicating whether any change in the Drawings or Specifications will be made, and adopting or rejecting Engineer's written findings, conclusions, and recommendations, in whole or in part.
- D. *Possible Price and Times Adjustments:*
1. Contractor shall be entitled to an equitable adjustment in Contract Price or Contract Times, or both, to the extent that the existence of a differing subsurface or physical condition, or any related delay, disruption, or interference, causes an increase or decrease in Contractor's cost of, or time required for, performance of the Work; subject, however, to the following:
 - a. such condition must fall within any one or more of the categories described in Paragraph 5.04.A;
 - b. with respect to Work that is paid for on a unit price basis, any adjustment in Contract Price will be subject to the provisions of Paragraph 13.03; and,

- c. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.
2. Contractor shall not be entitled to any adjustment in the Contract Price or Contract Times with respect to a subsurface or physical condition if:
 - a. Contractor knew of the existence of such condition at the time Contractor made a commitment to Owner with respect to Contract Price and Contract Times by the submission of a Bid ~~or becoming bound under a negotiated contract~~, or otherwise; or
 - b. the existence of such condition reasonably could have been discovered or revealed as a result of any examination, investigation, exploration, test, or study of the Site and contiguous areas expressly required by the Bidding Requirements or Contract Documents to be conducted by or for Contractor prior to Contractor's making such commitment; or
 - c. Contractor failed to give the written notice as required by Paragraph 5.04.A.
3. If Owner and Contractor agree regarding Contractor's entitlement to and the amount or extent of any adjustment in the Contract Price or Contract Times, or both, then any such adjustment shall be set forth in a Change Order.
4. Contractor may submit a Change Proposal regarding its entitlement to or the amount or extent of any adjustment in the Contract Price or Contract Times, or both, no later than 30 days after Owner's issuance of the Owner's written statement to Contractor regarding the subsurface or physical condition in question.

5.05 *Underground Facilities*

- A. *Contractor's Responsibilities:* The information and data shown or indicated in the Contract Documents with respect to existing Underground Facilities at or adjacent to the Site is based on information and data furnished to Owner or Engineer by the owners of such Underground Facilities, including Owner, or by others. ~~Unless it is otherwise expressly provided in the Supplementary Conditions:~~
 1. Owner and Engineer do not warrant or guarantee the accuracy or completeness of any such information or data provided by others; and
 2. the cost of all of the following will be included in the Contract Price, and Contractor shall have full responsibility for:
 - a. reviewing and checking all information and data regarding existing Underground Facilities at the Site;
 - b. locating all Underground Facilities shown or indicated in the Contract Documents as being at the Site;
 - c. coordination of the Work with the owners (including Owner) of such Underground Facilities, during construction; and
 - d. the safety and protection of all existing Underground Facilities at the Site, and repairing any damage ~~thereto~~ to Underground Facilities remaining upon completion resulting from the Work.

- B. *Notice by Contractor:* If Contractor believes that an Underground Facility that is uncovered or revealed at the Site was not shown or indicated in the Contract Documents, or was not shown or indicated with reasonable accuracy, then Contractor shall, promptly after becoming aware thereof and before further disturbing conditions affected thereby or performing any Work in connection therewith (except in an emergency as required by Paragraph 7.15), identify the owner of such Underground Facility and give written notice to that owner and to Owner and Engineer.
- C. *Engineer's Review:* Engineer will promptly review the Underground Facility and conclude whether such Underground Facility was not shown or indicated in the Contract Documents, or was not shown or indicated with reasonable accuracy; obtain any pertinent cost or schedule information from Contractor; prepare recommendations to Owner regarding the Contractor's resumption of Work in connection with the Underground Facility in question; determine the extent, if any, to which a change is required in the Drawings or Specifications to reflect and document the consequences of the existence or location of the Underground Facility; and advise Owner in writing of Engineer's findings, conclusions, and recommendations. During such time, Contractor shall be responsible for the safety and protection of such Underground Facility.
- D. *Owner's Statement to Contractor Regarding Underground Facility:* After receipt of Engineer's written findings, conclusions, and recommendations, Owner shall issue a written statement to Contractor (with a copy to Engineer) regarding the Underground Facility in question, addressing the resumption of Work in connection with such Underground Facility, indicating whether any change in the Drawings or Specifications will be made, and adopting or rejecting Engineer's written findings, conclusions, and recommendations in whole or in part.
- E. *Possible Price and Times Adjustments:*
 - 1. Contractor shall be entitled to an equitable adjustment in the Contract Price or Contract Times, or both, to the extent that any existing Underground Facility at the Site that was not shown or indicated in the Contract Documents, or was not shown or indicated with reasonable accuracy, or any related delay, disruption, or interference, causes an increase or decrease in Contractor's cost of, or time required for, performance of the Work; subject, however, to the following:
 - a. Contractor did not know of and could not reasonably have been expected to be aware of or to have anticipated the existence or actual location of the Underground Facility in question;
 - b. With respect to Work that is paid for on a unit price basis, any adjustment in Contract Price will be subject to the provisions of Paragraph 13.03;
 - c. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times; and
 - d. Contractor gave the notice required in Paragraph 5.05.B.
 - 2. If Owner and Contractor agree regarding Contractor's entitlement to and the amount or extent of any adjustment in the Contract Price or Contract Times, or both, then any such adjustment shall be set forth in a Change Order.

3. Contractor may submit a Change Proposal regarding its entitlement to or the amount or extent of any adjustment in the Contract Price or Contract Times, or both, no later than 30 days after Owner's issuance of the Owner's written statement to Contractor regarding the Underground Facility in question.

5.06 ~~Hazardous~~ Special Environmental Conditions at Site

A. *Reports and Drawings:* The ~~Supplementary Conditions~~ following identify:

1. those reports and drawings ~~known to Owner~~ relating to ~~Hazardous~~ Special Environmental Conditions that have been identified at or adjacent to the Site; are known to and under the control of Owner; and
2. Technical Data contained in such reports and drawings.
3. In the preparation of Drawings and Specifications, Engineer relied upon the following reports known by and under control of Owner for Special Environmental Conditions at the Site.
 - a. Report dated September 13, 2021, prepared by Blackstone Environmental, Moline, Illinois titled: Phase 1 Environmental Site Assessment, Old Mill Road Lift Station & Force Main, consisting of 239 pages.
 - b. The technical data in the above reports consists of test results as of the date made. Copies of reports identified in Paragraph 5.06.A will be provided in electronic format with the drawings and specifications. These reports and drawings are not part of the Contract Documents.
 - c. Other reports or technical analysis, that are not currently possessed by Owner, may be available at Iowa DNR and EPA offices.

B. *Reliance by Contractor on Technical Data Authorized:* Contractor may rely upon the accuracy of the Technical Data expressly identified in ~~the Supplementary Conditions Paragraph 5.06.A~~ with respect to such reports and drawings, but such reports and drawings are not Contract Documents. If no such express identification has been made, then Contractor may rely on the accuracy of the Technical Data (as defined in Article 1) contained in any geotechnical or environmental report prepared for the Project and made available to Contractor. Except for such reliance on Technical Data, Contractor may not rely upon or make any claim against Owner or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors with respect to:

1. the completeness of such reports and drawings for Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by Contractor and safety precautions and programs incident thereto; or
2. other data, interpretations, opinions and information contained in such reports or shown or indicated in such drawings; or
3. any Contractor interpretation of or conclusion drawn from any Technical Data or any such other data, interpretations, opinions or information.

C. Contractor shall not be responsible for removing or remediating any ~~Hazardous~~ Special Environmental Condition encountered, uncovered, or revealed at the Site unless such

removal or remediation is expressly identified in the Contract Documents to be within the scope of the Work.

- D. Contractor shall be responsible for controlling, containing, and duly removing all Constituents of Concern brought to the Site by Contractor, Subcontractors, Suppliers, or anyone else for whom Contractor is responsible, and for any associated costs; and for the costs of removing and remediating any Hazardous Environmental Condition created by the presence of any such Constituents of Concern.
- E. If Contractor encounters, uncovers, or reveals a ~~Hazardous~~ Special Environmental Condition whose removal or remediation is not expressly identified in the Contract Documents as being within the scope of the Work, or if Contractor or anyone for whom Contractor is responsible creates a ~~Hazardous~~ Special Environmental Condition, then Contractor shall immediately: (1) secure or otherwise isolate such condition; (2) stop all Work in connection with such condition and in any area affected thereby (except in an emergency as required by Paragraph 7.15); and (3) notify Owner and Engineer (and promptly thereafter confirm such notice in writing). If necessary, Owner will contact relevant regulatory agencies to report a Special Environmental Condition and obtain required permits. If the Special Environmental Condition encountered by Contractor was not identified or indicated in the "technical data" listed in Paragraph 4.06.A, Owner shall promptly consult with Engineer concerning the necessity for Owner to retain a qualified expert to evaluate such condition or take corrective action, if any. Promptly after consulting with Engineer, Owner shall take such actions as are necessary to permit Owner to timely obtain required permits and provide Contractor the written notice required by Paragraph 5.06.F. If Contractor or anyone for whom Contractor is responsible created the Hazardous Environmental Condition in question, then Owner may remove and remediate the Hazardous Environmental Condition, and impose a set-off against payments to account for the associated costs.
- F. Contractor shall not resume Work in connection with such Hazardous Environmental Condition or in any affected area until after Owner has obtained any required permits related thereto, and delivered written notice to Contractor either (1) specifying that such condition and any affected area is or has been rendered safe for the resumption of Work, or (2) specifying any special conditions under which such Work may be resumed safely. Contractor shall not be allowed any adjustment to Contract Price or Contract Time if such condition was caused by Contractor or anyone for whom Contractor is responsible for.
- G. If Owner and Contractor cannot agree as to entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times, or both, as a result of such Work stoppage or such special conditions under which Work is agreed to be resumed by Contractor, then within 30 days of Owner's written notice regarding the resumption of Work, Contractor may submit a Change Proposal, or Owner may impose a set-off.
- H. If after receipt of such written notice Contractor does not agree to resume such Work based on a reasonable belief it is unsafe, or does not agree to resume such Work under such special conditions, then Owner may order the portion of the Work that is in the area affected by such condition to be deleted from the Work, following the contractual change procedures in Article 11. Owner may have such deleted portion of the Work performed by Owner's own forces or others in accordance with Article 8.
- I. To the fullest extent permitted by Laws and Regulations, If the introduction onto the Project Site of a Hazardous Substance is identified or exacerbation of unknown Special

Environmental Conditions was not caused by Contractor or any of its subcontractors or suppliers of any tier, or any person or entity under the control of Contractor or any of its subcontractors or suppliers of any tier, Owner shall indemnify and hold harmless Contractor, Subcontractors, and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to a Hazardous Environmental Condition, provided that such Hazardous Environmental Condition (1) was not shown or indicated in the Drawings, Specifications, or other Contract Documents, identified as Technical Data entitled to limited reliance pursuant to Paragraph 5.06.B, or identified in the Contract Documents to be included within the scope of the Work, and (2) was not created by Contractor or by anyone for whom Contractor is responsible the performance of the Work in any area affected by Hazardous Substance. Nothing in this Paragraph 5.06.H shall obligate Owner to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

- J. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to the failure to control, contain, or remove a Constituent of Concern brought to the Site by Contractor or by anyone for whom Contractor is responsible, or to a Hazardous-Special Environmental Condition created by Contractor or by anyone for whom Contractor is responsible. Nothing in this Paragraph 5.06.J shall obligate Contractor to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.
- K. Regardless of fault and regardless of any other clause in this Agreement, the Contractor shall not, as a result of the Hazardous Substance encountered on Site, be entitled to any compensatory damages, including without limitation, damages for delay, disruption, liquidated damages, including without limitation, damages for delay, disruption, agreed costs of delay, or consequential damages or any type, including lost profits. If the Hazardous Substance introduction is caused by Owner or was located at the Project Site before Work commenced on the Project, Contractor shall only be entitled to an extension of the Contract Time or and Owner shall assume responsibility for the remediation of such substances."
- L. If Contractor, or any of its subcontractors or suppliers of any tier, or any person or entity under the control of Contractor or any of its subcontractors or suppliers of any tier, is responsible for (i) introducing and discharging Hazardous Substance onto the Site which was not otherwise specified by the Contract Documents; and/or (ii) disturbing Hazardous Substance clearly identified in the Contract Documents, Contractor shall hire a qualified remediation contractor at Contractor's sole cost to eliminate the condition as soon as possible. Under no circumstances shall the Contractor perform Work for which it is not qualified. Owner, in its sole discretion, may require Contractor to retain at its cost an independent testing laboratory.

- M. Contractor shall indemnify and hold harmless Owner, and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges or engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or resulting from (a) use, disturbance or storage of Hazardous Substance or execution of the Work; and (b) disturbing any Hazardous Substance found on the Site, provided that the Contractor had prior notice of the existence and location of the Hazardous Substance.
- N. When Contractor notifies Owner of Hazardous Substance at the Project Site, Contractor shall include with its notice a written and pictorial delineation of the affected area where Contractor claims that the Work must stop. If Owner objects to the delineation of the affected area, Owner shall respond to Contractor in writing within one business day explaining the objections and providing Owner's delineation, if any, of the affected area.
- ~~±O.~~ The provisions of Paragraphs 5.03, 5.04, and 5.05 do not apply to the presence of Constituents of Concern or to a Hazardous Environmental Condition uncovered or revealed at the Site.

ARTICLE 6 – BONDS AND INSURANCE

6.01 *Performance, Payment, and Other Bonds*

- A. Contractor shall furnish a performance bond and a payment bond, each in an amount ~~at least~~ equal to the Contract Price, as security for the faithful performance and payment of all of Contractor's obligations under the Contract. These bonds shall remain in effect ~~until one for two years after the date when final payment becomes due or until completion of the correction period specified in Paragraph 15.08, whichever is later~~ following the date of Substantial Completion of the Project, except as provided otherwise by Laws or Regulations, ~~the Supplementary Conditions,~~ or other specific provisions of the Contract. Contractor shall also furnish such other bonds as are required by the Supplementary Conditions or other specific provisions of the Contract.
- B. All bonds shall be in the form prescribed by the Contract ~~except as provided otherwise by Laws or Regulations,~~ and shall be executed by such sureties as are named in "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 (as amended and supplemented) by the Financial Management Service, Surety Bond Branch, U.S. Department of the Treasury. A bond signed by an agent or attorney-in-fact must be accompanied by a certified copy of that individual's authority to bind the surety. The evidence of authority shall show that it is effective on the date the agent or attorney-in-fact signed the accompanying bond. Furnish performance and payment bond on the form attached hereto.
- C. Contractor shall obtain the required bonds from surety companies that are duly licensed or authorized in the jurisdiction in which the Project is located to issue bonds in the required amounts.
- D. If the surety on a bond furnished by Contractor is declared bankrupt or becomes insolvent, or its right to do business is terminated ~~in any state or jurisdiction where any part of the Project is located,~~ or the surety ceases to meet the requirements above, then Contractor shall promptly notify Owner and Engineer and shall, within 20 days after the

event giving rise to such notification, provide another bond and surety, both of which shall comply with the bond and surety requirements above.

E. The form of the performance, payment, and maintenance bonds attached hereto shall be used for the Contract. Note instructions thereon as to the form applicable. Each form contemplates one corporate surety only. In case corporate sureties or individual sureties will be furnished, proper forms therefore shall be obtained. Besides the stipulations of Paragraphs 6.01 through 6.03, the surety on the Bonds shall provide a certificate indicating surety is licensed to underwrite contracts in the jurisdiction of the project location which shall be attached to the Bonds.

E.F. If Contractor has failed to obtain a required bond, Owner may exclude the Contractor from the Site and exercise Owner's termination rights under Article 16.

F.G. Upon request, Owner shall provide a copy of the payment bond to any Subcontractor, Supplier, or other person or entity claiming to have furnished labor or materials used in the performance of the Work.

6.02 Insurance—General Provisions

- A. Owner and Contractor shall obtain and maintain insurance as required in this Article and in the Supplementary Conditions attached Insurance Schedule.
- B. All insurance required by the Contract to be purchased and maintained by Owner or Contractor shall be obtained from insurance companies that are duly licensed or authorized, in the state or jurisdiction in which the Project is located, to issue insurance policies for the required limits and coverages. ~~Unless a different standard is indicated in the Supplementary Conditions, a~~All companies that provide insurance policies required under this Contract shall have an A.M. Best rating of A-VII or better.
- C. Contractor shall deliver to Owner, with copies to each named insured and additional insured (as identified in this Article, ~~in the Supplementary Conditions~~, or elsewhere in the Contract), certificates of insurance establishing that Contractor has obtained and is maintaining the policies, coverages, and endorsements required by the Contract. Upon request by Owner or any other insured, Contractor shall also furnish other evidence of such required insurance, including but not limited to copies of policies and endorsements, and documentation of applicable self-insured retentions and deductibles. Contractor may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.
- D. Owner shall deliver to Contractor, with copies to each named insured and additional insured (as identified in this Article, ~~the Supplementary Conditions~~, or elsewhere in the Contract), certificates of insurance establishing that Owner has obtained and is maintaining the policies, coverages, and endorsements required of Owner by the Contract (if any). Upon request by Contractor or any other insured, Owner shall also provide other evidence of such required insurance (if any), including but not limited to copies of policies and endorsements, and documentation of applicable self-insured retentions and deductibles. Owner may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.
- E. Failure of Owner or Contractor to demand such certificates or other evidence of the other party's full compliance with these insurance requirements, or failure of Owner or

Contractor to identify a deficiency in compliance from the evidence provided, shall not be construed as a waiver of the other party's obligation to obtain and maintain such insurance.

- F. If either party does not purchase or maintain all of the insurance required of such party by the Contract, such party shall notify the other party in writing of such failure to purchase prior to the start of the Work, or of such failure to maintain prior to any change in the required coverage.
- G. If Contractor has failed to obtain and maintain required insurance, Owner may exclude the Contractor from the Site, impose an appropriate set-off against payment, and exercise Owner's termination rights under Article 16.
- H. Without prejudice to any other right or remedy, if a party has failed to obtain required insurance, the other party may elect to obtain equivalent insurance to protect such other party's interests at the expense of the party who was required to provide such coverage, and the Contract Price shall be adjusted accordingly.
- I. Owner does not represent that insurance coverage and limits established in this Contract necessarily will be adequate to protect Contractor or Contractor's interests.
- J. The insurance and insurance limits required herein shall not be deemed as a limitation on Contractor's liability under the indemnities granted to Owner and other individuals and entities in the Contract.

6.03 Contractor's Insurance

- A. *Workers' Compensation:* Contractor shall purchase and maintain workers' compensation and employer's liability insurance for:
 - 1. claims under workers' compensation, disability benefits, and other similar employee benefit acts.
 - 2. United States Longshoreman and Harbor Workers' Compensation Act and Jones Act coverage (if applicable).
 - 3. claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees (by stop-gap endorsement in monopolist worker's compensation states).
 - 4. Foreign voluntary worker compensation (if applicable).
- B. *Commercial General Liability—Claims Covered:* Contractor shall purchase and maintain commercial general liability insurance, covering all operations by or on behalf of Contractor, on an occurrence basis, against:
 - 1. claims for damages because of bodily injury, sickness or disease, or death of any person other than Contractor's employees.
 - 2. claims for damages insured by reasonably available personal injury liability coverage.
 - 3. claims for damages, other than to the Work itself, because of injury to or destruction of tangible property wherever located, including loss of use resulting therefrom.
- C. *Commercial General Liability—Form and Content:* Contractor's commercial liability policy shall be written on a 1996 (or later) ISO commercial general liability form (occurrence form) and include the following coverages and endorsements:

1. Products and completed operations coverage:
 - a. Such insurance shall be maintained for three years after final payment.
 - b. Contractor shall furnish Owner and each other additional insured ~~(as identified in the Supplementary Conditions or elsewhere in the Contract)~~ evidence of continuation of such insurance at final payment and three years thereafter.
2. Blanket contractual liability coverage, to the extent permitted by law, including but not limited to coverage of Contractor's contractual indemnity obligations in Paragraph 7.18.
3. Broad form property damage coverage.
4. Severability of interest.
5. Underground, explosion, and collapse coverage.
6. Personal injury coverage.
7. Additional insured endorsements that include both ongoing operations and products and completed operations coverage through ISO Endorsements CG 20 10 10 01 and CG 20 37 10 01 (together); or CG 20 10 07 04 and CG 20 37 07 04 (together); or their equivalent. All additional insureds shall be endorsed on the policy as required in this paragraph. Endorsements shall not exclude supervisory and inspection services.
- ~~8. For design professional additional insureds, ISO Endorsement CG 20 32 07 04, "Additional Insured—Engineers, Architects or Surveyors Not Engaged by the Named Insured" or its equivalent.~~
8. Railroad Protective Liability Policy—Contractor shall provide a Railroad Protective Liability Policy for bodily injury, property damage liability, and physical damage to property liability, per limits, duration, and conditions noted in the documents provided by the Railroad bound at the end of Division 01.
- D. *Automobile liability*: Contractor shall purchase and maintain automobile liability insurance against claims for damages because of bodily injury or death of any person or property damage arising out of the ownership, maintenance, or use of any motor vehicle. The automobile liability policy shall be written on an occurrence basis.
- E. *Umbrella or excess liability*: Contractor shall purchase and maintain umbrella or excess liability insurance written over the underlying employer's liability, commercial general liability, and automobile liability insurance described in the paragraphs above. Subject to industry-standard exclusions, the coverage afforded shall follow form as to each and every one of the underlying policies.
- F. *Contractor's pollution liability insurance*: Contractor shall purchase and maintain a policy covering third-party injury and property damage claims, including clean-up costs, as a result of pollution conditions arising from Contractor's operations and completed operations. This insurance shall be maintained for no less than three years after final completion.
- G. *Additional insureds*: The Contractor's commercial general liability, automobile liability, umbrella or excess, and pollution liability policies shall include and list as additional insureds Owner and Engineer, the Protected Parties, and any individuals or entities ~~identified in the Supplementary Conditions~~; include coverage for the respective officers,

directors, members, partners, employees, agents, consultants, and subcontractors of each and any of all such additional insureds; and the insurance afforded to these additional insureds shall provide primary coverage for all claims covered thereby (including as applicable those arising from both ongoing and completed operations) on a non-contributory basis. Contractor shall obtain all necessary endorsements to support these requirements.

- H. *Contractor's professional liability insurance:* If Contractor will provide or furnish professional services under this Contract, through a delegation of professional design services or otherwise, then Contractor shall be responsible for purchasing and maintaining applicable professional liability insurance. This insurance shall provide protection against claims arising out of performance of professional design or related services, and caused by a negligent error, omission, or act for which the insured party is legally liable. It shall be maintained throughout the duration of the Contract and for a minimum of two years after Substantial Completion. If such professional design services are performed by a Subcontractor, and not by Contractor itself, then the requirements of this paragraph may be satisfied through the purchasing and maintenance of such insurance by such Subcontractor.
- I. *General provisions:* The policies of insurance required by this Paragraph 6.03 shall:
1. include at least the specific coverages provided in this Article.
 2. be written for not less than the limits of liability provided in this Article and in the attached Insurance Schedule ~~and in the Supplementary Conditions~~, or required by Laws or Regulations, whichever is greater.
 3. contain a provision or endorsement that the coverage afforded will not be canceled, materially changed with respect to coverage on the project, or renewal refused until at least ~~10-30~~ days prior written notice has been given to Contractor, Owner, and Railroad. Within three days of receipt of any such written notice, Contractor shall provide a copy of the notice to Owner, Engineer, and each other insured under the policy.
 4. remain in effect ~~at least until final payment (and longer if expressly required in this Article) for three (3) years from the date of Substantial Completion of the project~~ and at all times thereafter when Contractor may be correcting, removing, or replacing defective Work as a warranty or correction obligation, or otherwise, or returning to the Site to conduct other tasks arising from the Contract Documents.
 5. be appropriate for the Work being performed and provide protection from claims that may arise out of or result from Contractor's performance of the Work and Contractor's other obligations under the Contract Documents, whether it is to be performed by Contractor, any Subcontractor or Supplier, or by anyone directly or indirectly employed by any of them to perform any of the Work, or by anyone for whose acts any of them may be liable.
 6. Waiver of Subrogation: Contractor's commercial general liability, automobile liability, umbrella or excess, and pollution liability policies shall provide a waiver of subrogation covering Owner and Engineer, and any individuals identified. Contractor shall obtain all necessary endorsements to support these requirements.
 7. Include the following:

- a. Contractors General Liability insurance coverage as required in Insurance Schedule.
- b. All insurance specified herein must be placed with insurance companies rated A or better by Best's Key Rating Guide and which are authorized and licensed to do business in Iowa.
- c. Contractor's commercial general liability policy shall include a per project endorsement providing that the limits of such insurance specified in the Contract Documents shall apply to the Project without erosion of such limits by other claims or occurrences.
- d. Additional insured coverage afforded to Owner pursuant to Contractor's CGL policy shall apply as primary insurance and Owner's liability insurance shall apply as excess.
- e. The (lower tier parties') primary CGL coverage shall be enclosed to include the (upper-tier parties) as an additional insured pursuant to ISO form CG2010 0704 and CG2037 0704 or an endorsement providing equivalent coverage to the (upper-tier parties) with respect to the (lower-tier parties') ongoing operations and completed operations of the (lower-tier parties) for a period of at least three (3) years following the completion of the Project.
- f. Contractor's CGL policy shall be endorsed to specify that any person or organization that the named insured has agreed in writing to name as an additional insured is entitled to coverage as an additional insured under this policy.
- g. Prior to commencing work on the Project, Contractor shall provide the Owner with a certificate of insurance reflecting Owner's status as an additional insured and a summary of coverage provided under Contractor's CGL and umbrella policies. In addition, Contractor shall provide Owner with a copy of his CGL and umbrella policies applicable to the Project, including a copy of the endorsement pursuant to which the Owner is afforded additional insured status, within seven (7) days of issuance by the insurer.
- h. If the Railroad demands a certified copy of any required policy, Contractor shall provide such copy within 10 working days after the Owner shall give written notice to the Contractor demanding such copy.
- a.i. Contractor shall pay, at its sole cost and expense, all deductibles under the builder's risk policy.

- J. The policies of insurance required by this Paragraph 6.03 shall contain the following endorsements when including the Owner as an additional insured:
1. CANCELLATION AND MATERIAL CHANGE ENDORSEMENT: Thirty (30) days Advance Written Notice of Cancellation, Non-Renewal, Reduction in insurance coverage and/or limits and ten (10) days written notice of non-payment of premium shall be sent to the City of Dubuque, Iowa at the office and attention of the Certificate Holder. This endorsement supersedes the Standard Cancellation Statement on Certifications of Insurance to which this endorsement is attached.
 2. ADDITIONAL INSURED ENDORSEMENT: The City of Dubuque, Iowa, including all its elected and appointed officials, all its employees and volunteers, all its boards, commissions and/or authorities and their board members, employees, and volunteers, and all its officers, agents, and consultants, are named as Additional Insureds with respect to liability arising out of the contractor's work and services performed for the Owner. Commercial General Liability and Automotive Liability coverage shall be primary to the Additional Insureds, and not contributing with any other insurance or similar protection available to the Additional Insureds, whether other available coverage be primary, contributing or excess.
 3. GOVERNMENT IMMUNITIES ENDORSEMENT:
 - a. Nonwaiver of Government Immunity. The insurance carrier expressly agrees and states that the purchase of this policy and the including of the City of Dubuque, Iowa as an Additional Insured does not waive any defenses of government immunity available to the City of Dubuque, Iowa under Code of Iowa Section 670.4 as it now exists and as it may be amended from time to time.
 - b. Claims Coverage. The insurance carrier further agrees that this policy of insurance shall cover only those claims not subject to the defense of governmental immunity under the Code of Iowa Section 670.4 as it now exists and as it may be amended from time to time. Those claims not subject to Code of Iowa Section 670.4 shall be covered by the terms and conditions of this insurance policy.
 - c. Assertion of Government Immunity. The City of Dubuque, Iowa shall be responsible for asserting any defense of governmental immunity, and may do so at any time and shall do so upon the timely written request of the insurance carrier.
 - d. Non-Denial of Coverage. The insurance carrier shall not deny coverage under this policy and the insurance carrier shall not deny any of the rights or benefits accruing to the City of Dubuque, Iowa under this policy for reasons of governmental immunity unless and until a court of competent jurisdiction has ruled in favor of the defense(s) of governmental immunity asserted by the City of Dubuque, Iowa.
 - e. No Other Change In Policy. The insurance carrier and the Jurisdiction agree that the above preservation of governmental immunities shall not otherwise change or alter the coverage available under the policy
 4. In addition, renewal certificates shall be provided 10 days prior to the expiration date shown in the previous certificate.

K. The limits of liability for the insurance required by Paragraph 6.03, and Insurance Schedule attached, shall provide coverage for not less than the following amounts or greater where required by Laws and Regulations. The types of insurance and the limits of liability indicated are the minimum required. Neither Owner nor Engineer warrant the adequacy of the types of insurance or the limits of liability required. Any policy exclusions shall be indicated on the insurance certificate. Contractor shall provide verification of all coverages with or on the insurance certificate. Coverages shall be in accordance with Insurance Schedule-B.

L. Additional Insured Endorsements

1. In addition to Owner and Engineer, Contractor shall include Terracon Consultants, Inc. as additional insureds.

M. Contractor shall also provide an Additional Insured Endorsement for the automobile policy. Endorsement form shall be CA 2048, or equal.

N. Contractor shall also fulfill all requirements in- the Insurance Schedule. The Insurance Schedule supersedes Section 6.03 in the event of a conflict between the two.

O. In addition to the requirements listed in this section, Contractor shall require subcontractors to provide insurance meeting, at a minimum, the City's requirements listed within the documents titled Insurance Schedule. Evidence of said insurance shall be provided to Contractor. The City of Dubuque, Terracon Consultants, Inc., and Strand Associates Inc., shall also be included as additional insureds on the subcontractors policies required herein and Owner upon request.

P. Insurance Schedule shall apply to the Contractor and all of its subcontractors and sub-subcontractors. If the Contractor uses a subcontractor, the Contractor shall provide the required policies and shall, in addition, either require the subcontractor to provide insurance equivalent to that described herein or obtain endorsements to the Contractor's policies naming the subcontractor as an additional insured party. If a subcontractor uses a sub-subcontractor, the sub-subcontractor shall either provide insurance equivalent to that required of the subcontractor or shall be named as an additional insured party on the Contractor's or subcontractor's policies.

6.04 *Owner's Liability Insurance*

A. In addition to the insurance required to be provided by Contractor under Paragraph 6.03, Owner, at Owner's option, may purchase and maintain at Owner's expense Owner's own liability insurance as will protect Owner against claims which may arise from operations under the Contract Documents.

B. Owner's liability policies, if any, operate separately and independently from policies required to be provided by Contractor, and Contractor cannot rely upon Owner's liability policies for any of Contractor's obligations to the Owner, Engineer, or third parties.

6.05 *Property Insurance*

A. Builder's Risk: Unless otherwise provided in the Supplementary Conditions, Contractor Owner shall purchase and maintain builder's risk insurance upon the Work on a completed value basis, in the amount of the full insurable replacement cost thereof (subject to such deductible amounts as may be provided in the Supplementary these General Conditions or required by Laws and Regulations). Owner's Builders Risk coverage

will convert to property coverage at the date of Substantial Completion. This insurance shall:

1. include the Owner and Contractor as named insureds, and all Subcontractors, and any individuals or entities required by ~~the Supplementary~~ these General Conditions to be insured under such builder's risk policy, as insureds or named insureds. For purposes of the remainder of this Paragraph 6.05, Paragraphs 6.06 and 6.07, ~~and any corresponding Supplementary Conditions,~~ the parties required to be insured shall collectively be referred to as "insureds." (Insurance certificates shall specifically indicate by name the loss payees which are to include Contractor as well as other individuals or entities so identified.)
2. be written on a builder's risk "~~all risk~~cause of loss special form" policy form that shall at least include insurance for physical loss or damage to the Work, temporary buildings, falsework, and materials and equipment in transit, and shall insure against at least the following perils or causes of loss: fire; lightning; windstorm; riot; civil commotion; terrorism; vehicle impact; aircraft; smoke; theft; vandalism and malicious mischief; mechanical breakdown, boiler explosion, and artificially generated electric current; earthquake; volcanic activity, and other earth movement; flood; collapse; explosion; debris removal; demolition occasioned by enforcement of Laws and Regulations; water damage ~~(other than that caused by flood)~~ including that caused by flood and hydrostatic pressure; and such other perils or causes of loss as may be specifically required by ~~the Supplementary~~ these General Conditions. If insurance against mechanical breakdown, boiler explosion, and artificially generated electric current; earthquake; volcanic activity, and other earth movement; or flood, are not commercially available under builder's risk policies, by endorsement or otherwise, such insurance may be provided through other insurance policies acceptable to Owner and Contractor.
3. cover, as insured property, at least the following: (a) the Work and all materials, supplies, machinery, apparatus, equipment, fixtures, and other property of a similar nature that are to be incorporated into or used in the preparation, fabrication, construction, erection, or completion of the Work, including Owner-furnished or assigned property; (b) spare parts inventory required within the scope of the Contract; and (c) temporary works which are not intended to form part of the permanent constructed Work but which are intended to provide working access to the Site, or to the Work under construction, or which are intended to provide temporary support for the Work under construction, including scaffolding, form work, fences, shoring, falsework, and temporary structures.
4. cover expenses incurred in the repair or replacement of any insured property (including but not limited to fees and charges of engineers and architects).
5. extend to cover damage or loss to insured property while in temporary storage at the Site or in a storage location outside the Site (but not including property stored at the premises of a manufacturer or Supplier).
6. extend to cover damage or loss to insured property while in transit.
7. allow for partial occupation or use of the Work by Owner, such that those portions of the Work that are not yet occupied or used by Owner shall remain covered by the builder's risk insurance.

8. allow for the waiver of the insurer's subrogation rights, as set forth below.
 9. provide primary coverage for all losses and damages caused by the perils or causes of loss covered.
 10. not include a co-insurance clause.
 11. include an exception for ensuing losses from physical damage or loss with respect to any defective workmanship, design, or materials exclusions.
 12. include performance/hot testing and start-up.
 13. be maintained in effect, subject to the provisions herein regarding Substantial Completion and partial occupancy or use of the Work by Owner, until the Work is complete.
- B. *Notice of Cancellation or Change:* All the policies of insurance (and the certificates or other evidence thereof) required to be purchased and maintained in accordance with this Paragraph 6.05 will contain a provision or endorsement that the coverage afforded will not be canceled or materially changed or renewal refused until at least ~~10-30~~ days prior written notice has been given to the purchasing policyholder. Within three days of receipt of any such written notice, the purchasing policyholder shall provide a copy of the notice to each other insured.
- C. *Deductibles:* ~~The purchaser of any required builder's risk or property insurance shall pay for costs not covered because of the application of a policy deductible. Owner's property insurance including \$25,000 deductible for which Contractor shall be responsible.~~
- D. *Partial Occupancy or Use by Owner:* If Owner will occupy or use a portion or portions of the Work prior to Substantial Completion of all the Work as provided in Paragraph 15.04, then Owner (directly, if it is the purchaser of the builder's risk policy, or through Contractor) will provide notice of such occupancy or use to the builder's risk insurer. The builder's risk insurance shall not be canceled or permitted to lapse on account of any such partial use or occupancy; rather, those portions of the Work that are occupied or used by Owner may come off the builder's risk policy, while those portions of the Work not yet occupied or used by Owner shall remain covered by the builder's risk insurance.
- E. *Additional Insurance:* Prior to commencing work, Contractor shall obtain and review Owner's insurance policies and advise Owner of the adequacy of the policy to meet Contractor's requirements. If Contractor elects to obtain requests in writing that other special insurance to be included in or supplement the builder's risk or property insurance policies provided under this Paragraph 6.05, it may do so at Contractor's expense. Owner shall, if possible, include such insurance, and the cost thereof will be charged to Contractor by appropriate Change Order. Prior to commencement of the Work at the Site, Owner shall in writing advise Contractor whether or not such other insurance has been procured by Owner. If Contractor does not advise Owner in writing of special insurance needs, Contractor relinquishes any claim against Owner for any loss Contractor may incur during the course of completing the Work.
- F. *Insurance of Other Property:* If the express insurance provisions of the Contract do not require or address the insurance of a property item or interest, such as tools, construction equipment, or other personal property owned by Contractor, a Subcontractor, or an employee of Contractor or a Subcontractor, then the entity or

individual owning such property item will be responsible for deciding whether to insure it, and if so in what amount.

6.06 Waiver of Rights

- A. ~~All policies purchased in accordance with Paragraph 6.05, expressly including the builder's risk policy, shall contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any insureds thereunder, or against Engineer or its consultants, or their officers, directors, members, partners, employees, agents, consultants, or subcontractors. Owner and Contractor waive all rights against each other and the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, or resulting from any of the perils or causes of loss covered by such policies and any other property insurance applicable to the Work; and, in addition, waive all such rights against Engineer, its consultants, all Subcontractors, all individuals or entities identified in the Supplementary Conditions as insureds, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, under such policies for losses and damages so caused. None of the above waivers shall extend to the rights that any party making such waiver may have to the proceeds of insurance held by Owner or Contractor as trustee or fiduciary, or otherwise payable under any policy so issued.~~ Not used.
- B. ~~Owner waives all rights against Contractor, Subcontractors, and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them, for:~~
- ~~1. loss due to business interruption, loss of use, or other consequential loss extending beyond direct physical loss or damage to Owner's property or the Work caused by, arising out of, or resulting from fire or other perils whether or not insured by Owner; and~~
 - ~~2. loss or damage to the completed Project or part thereof caused by, arising out of, or resulting from fire or other insured peril or cause of loss covered by any property insurance maintained on the completed Project or part thereof by Owner during partial occupancy or use pursuant to Paragraph 15.04, after Substantial Completion pursuant to Paragraph 15.03, or after final payment pursuant to Paragraph 15.06.~~
- C. ~~Any insurance policy maintained by Owner covering any loss, damage or consequential loss referred to in Paragraph 6.06.B shall contain provisions to the effect that in the event of payment of any such loss, damage, or consequential loss, the insurers will have no rights of recovery against Contractor, Subcontractors, or Engineer, or the officers, directors, members, partners, employees, agents, consultants, or subcontractors of each and any of them.~~
- D. ~~Contractor shall be responsible for assuring that the agreement under which a Subcontractor performs a portion of the Work contains provisions whereby the Subcontractor waives all rights against Owner, Contractor, all individuals or entities identified in the Supplementary Conditions as insureds, the Engineer and its consultants, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, relating to, or resulting from any of the perils or causes of loss covered by builder's risk insurance and any other property insurance applicable to the Work.~~

6.07 *Receipt and Application of Property Insurance Proceeds*

- A. Any insured loss under the builder's risk and other policies of insurance required by Paragraph 6.05 will be adjusted and settled with the named insured that purchased the policy. Such named insured shall act as fiduciary for the other insureds, and give notice to such other insureds that adjustment and settlement of a claim is in progress. Any other insured may state its position regarding a claim for insured loss in writing within 15 days after notice of such claim.
- B. Proceeds for such insured losses may be made payable by the insurer either jointly to multiple insureds, or to the named insured that purchased the policy in its own right and as fiduciary for other insureds, subject to the requirements of any applicable mortgage clause. A named insured receiving insurance proceeds under the builder's risk and other policies of insurance required by Paragraph 6.05 shall distribute such proceeds in accordance with such agreement as the parties in interest may reach, or as otherwise required under the dispute resolution provisions of this Contract or applicable Laws and Regulations.
- C. If no other special agreement is reached, the damaged Work shall be repaired or replaced, the money so received applied on account thereof, and the Work and the cost thereof covered by Change Order, if needed.

ARTICLE 7 – CONTRACTOR'S RESPONSIBILITIES

7.01 *Supervision and Superintendence*

- A. Contractor shall supervise, inspect, and direct the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with the Contract Documents. Contractor shall be solely responsible for the means, methods, techniques, sequences, and procedures of construction.
- B. At all times during the progress of the Work, Contractor shall assign a competent resident superintendent who shall not be replaced without written notice to Owner and Engineer except under extraordinary circumstances.

7.02 *Labor; Working Hours*

- A. Contractor shall provide competent, suitably qualified personnel to survey and lay out the Work and perform construction as required by the Contract Documents. Contractor shall at all times maintain good discipline and order at the Site.
- B. Except as otherwise required for the safety or protection of persons or the Work or property at the Site or adjacent thereto, and except as otherwise stated in the Contract Documents, all Work at the Site shall be performed during regular working hours, Monday through Friday. Contractor will not perform Work on a Saturday, Sunday, or any legal holiday. Contractor may perform Work outside regular working hours or on Saturdays, Sundays, or legal holidays only with Owner's written consent, which will not be unreasonably withheld.
- C. See the General Requirements concerning working hours.

7.03 *Services, Materials, and Equipment*

- A. Unless otherwise specified in the Contract Documents, Contractor shall provide and assume full responsibility for all services, materials, equipment, labor, transportation, construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water, sanitary facilities, temporary facilities, and all other facilities and incidentals necessary for the performance, testing, start up, and completion of the Work, whether or not such items are specifically called for in the Contract Documents.
- B. All materials and equipment incorporated into the Work shall be of good quality and new, except as otherwise provided in the Contract Documents. All special warranties and guarantees required by the Specifications shall expressly run to the benefit of Owner. If required by Engineer, Contractor shall furnish satisfactory evidence (including reports of required tests) as to the source, kind, and quality of materials and equipment. Suppliers shall be deemed to impliedly warrant that their products and all component materials incorporated into them are suitable and fit for the intended use of such products and shall be free from defect in material, workmanship or design, such warranty to run to the benefit of Owner and Engineer. The foregoing applies whether the products or their component materials are specified in the Contract Documents or are of Supplier's design. Extended warranties for specific materials and equipment shall be noted in the Specifications for those items.
- C. All materials and equipment shall be stored, applied, installed, connected, erected, protected, used, cleaned, and conditioned in accordance with instructions of the applicable Supplier, except as otherwise may be provided in the Contract Documents.

7.04 *"Or Equals"*

- A. Whenever an item of material or equipment is specified or described in the Contract Documents by using the name of a proprietary item or the name of a particular Supplier, the Contract Price has been based upon Contractor furnishing such item as specified. The specification or description of such an item is intended to establish the type, function, appearance, and quality required. Unless the specification or description contains or is followed by words reading that no like, equivalent, or "or equal" item is permitted, Contractor may request that Engineer authorize the use of other items of material or equipment, or items from other proposed suppliers under the circumstances described below.
 - 1. If Engineer in its sole discretion determines that an item of material or equipment proposed by Contractor is functionally equal to that named and sufficiently similar so that no change in related Work will be required, Engineer shall deem it an "or equal" item. For the purposes of this paragraph, a proposed item of material or equipment will be considered functionally equal to an item so named if:
 - a. in the exercise of reasonable judgment Engineer determines that:
 - 1) it is at least equal in materials of construction, quality, durability, appearance, strength, and design characteristics;
 - 2) it will reliably perform at least equally well the function and achieve the results imposed by the design concept of the completed Project as a functioning whole;

- 3) it has a proven record of performance and availability of responsive service; and
 - 4) it is not objectionable to Owner.
- b. Contractor certifies that, if approved and incorporated into the Work:
- 1) there will be no increase in cost to the Owner or increase in Contract Times; and
 - 2) it will conform substantially to the detailed requirements of the item named in the Contract Documents.
- B. *Contractor's Expense*: Contractor shall provide all data in support of any proposed "or equal" item at Contractor's expense.
- C. *Engineer's Evaluation and Determination*: Engineer will be allowed a reasonable time to evaluate each "or-equal" request. Engineer may require Contractor to furnish additional data about the proposed "or-equal" item. Engineer will be the sole judge of acceptability. No "or-equal" item will be ordered, furnished, installed, or utilized until Engineer's review is complete and Engineer determines that the proposed item is an "or-equal", which will be evidenced by an approved Shop Drawing or other written communication. Engineer will advise Contractor in writing of any negative determination.
- D. *Effect of Engineer's Determination*: Neither approval nor denial of an "or-equal" request shall result in any change in Contract Price. The Engineer's denial of an "or-equal" request shall be final and binding, and may not be reversed through an appeal under any provision of the Contract Documents.
- E. *Treatment as a Substitution Request*: If Engineer determines that an item of material or equipment proposed by Contractor does not qualify as an "or-equal" item, Contractor may request that Engineer consider the proposed item as a substitute pursuant to Paragraph 7.05.

7.05 Substitutes

- A. Unless the specification or description of an item of material or equipment required to be furnished under the Contract Documents contains or is followed by words reading that no substitution is permitted, Contractor may request that Engineer authorize the use of other items of material or equipment under the circumstances described below. To the extent possible such requests shall be made before commencement of related construction at the Site.
1. Contractor shall submit sufficient information as provided below to allow Engineer to determine if the item of material or equipment proposed is functionally equivalent to that named and an acceptable substitute therefor. Engineer will not accept requests for review of proposed substitute items of material or equipment from anyone other than Contractor.
 2. The requirements for review by Engineer will be as set forth in Paragraph 7.05.B, as supplemented by the Specifications, and as Engineer may decide is appropriate under the circumstances.

3. Contractor shall make written application to Engineer for review of a proposed substitute item of material or equipment that Contractor seeks to furnish or use. The application:
 - a. shall certify that the proposed substitute item will:
 - 1) perform adequately the functions and achieve the results called for by the general design,
 - 2) be similar in substance to that specified, and
 - 3) be suited to the same use as that specified.
 - b. will state:
 - 1) the extent, if any, to which the use of the proposed substitute item will necessitate a change in Contract Times,
 - 2) whether use of the proposed substitute item in the Work will require a change in any of the Contract Documents (or in the provisions of any other direct contract with Owner for other work on the Project) to adapt the design to the proposed substitute item, and
 - 3) whether incorporation or use of the proposed substitute item in connection with the Work is subject to payment of any license fee or royalty.
 - c. will identify:
 - 1) all variations of the proposed substitute item from that specified, and
 - 2) available engineering, sales, maintenance, repair, and replacement services.
 - d. shall contain an itemized estimate of all costs or credits that will result directly or indirectly from use of such substitute item, including but not limited to changes in Contract Price, shared savings, costs of redesign, and claims of other contractors affected by any resulting change.
- B. *Engineer's Evaluation and Determination:* Engineer will be allowed a reasonable time to evaluate each substitute request, and to obtain comments and direction from Owner. Engineer may require Contractor to furnish additional data about the proposed substitute item. Engineer will be the sole judge of acceptability. No substitute will be ordered, furnished, installed, or utilized until Engineer's review is complete and Engineer determines that the proposed item is an acceptable substitute. Engineer's determination will be evidenced by a Field Order or a proposed Change Order accounting for the substitution itself and all related impacts, including changes in Contract Price or Contract Times. Engineer will advise Contractor in writing of any negative determination.
- C. *Special Guarantee:* Owner may require Contractor to furnish at Contractor's expense a special performance guarantee or other surety with respect to any substitute.
- D. *Reimbursement of Engineer's Cost:* Engineer will record Engineer's costs in evaluating a substitute proposed or submitted by Contractor. Whether or not Engineer approves a substitute so proposed or submitted by Contractor, Contractor shall reimburse Owner for the reasonable charges of Engineer for evaluating each such proposed substitute. Contractor shall also reimburse Owner for the reasonable charges of Engineer for making changes in the Contract Documents (or in the provisions of any other direct contract with Owner) resulting from the acceptance of each proposed substitute.

- E. *Contractor's Expense*: Contractor shall provide all data in support of any proposed substitute at Contractor's expense.
- F. *Effect of Engineer's Determination*: If Engineer approves the substitution request, Contractor shall execute the proposed Change Order and proceed with the substitution. The Engineer's denial of a substitution request shall be final and binding, and may not be reversed through an appeal under any provision of the Contract Documents. Contractor may challenge the scope of reimbursement costs imposed under Paragraph 7.05.D, by timely submittal of a Change Proposal.
- G. All requirements of Paragraph 7.06 shall apply to review and acceptance of Other Alternative Equipment Manufacturers listed on the Equipment Alternatives form of the Lump Sum Base Bid for Bid Items 108 and 109 for Requested Alternative Equipment Manufacturers that were provided within the Bidding Documents, all requirements of Paragraph 7.06 shall apply, except for Paragraph 7.06.D—Reimbursement of Engineer's Cost.

7.06 *Concerning Subcontractors, Suppliers, and Others*

- A. Contractor may retain Subcontractors and Suppliers for the performance of parts of the Work. Such Subcontractors and Suppliers must be acceptable to Owner.
 - 1. Within one week of the Bid opening, Contractor shall submit detail summaries of qualifications for the following subcontractors:
 - a. Trenchless Subcontractor.
 - b. Soil Retention/Sheeting Contractor.
 - c. Dewatering Subcontractor.
 - 2. Trenchless Subcontractor
 - a. EPBM:
 - 1) All EPBM pipejacking work shall be performed by an experienced Contractor who meets the qualification requirements of this specification. Failure to meet the qualification requirements is failure to fulfill the contract and Contractor will be required to obtain a subcontractor that meets the qualification requirements.
 - 2) All EPBM pipejacking work shall be performed by an experienced Contractor who has at least five (5) years of experience in performing EPBM work under live railroad tracks and has completed at least five (5) similar projects. At least one of the projects shall have an individual drive of 100 feet or greater in length. At least two of the projects shall have used jacking pipe with a diameter equal or greater than 48 inches. Contractor shall submit a description of referenced projects including Owner's name and current contact information, project superintendent, and machine operators.
 - 3) The project superintendent shall have at least five (5) years of experience supervising EPBM pipejacking construction under live railroad tracks. Contractor shall submit a description of referenced projects including Owner's name and contact information, project superintendent, and machine operators.

- 4) The EPBM operator(s) shall have technical training in the operation of the proposed EPBM equipment and shall have completed, as a primary operator, at least five (5) similar EPBM pipejacking projects under live railroad tracks. At least one of the projects shall have an individual drive of 100 feet or greater in length. At least two of the projects shall have used jacking pipe with diameter equal or greater than 48 inches. Contractor shall submit a description of referenced projects including Owner's name and contact information, project superintendent, and machine operators.
 - 5) The site safety representative and personnel responsible for air quality monitoring shall be experienced in tunnel construction and shall have current certification by OSHA.
 - 6) The surveyor responsible for line-and-grade control shall be a Licensed Surveyor registered in the State of Iowa who has prior experience on utility projects.
- b. Microtunneling: All microtunneling work shall be performed by an experienced contractor who has at least five (5) years of experience in performing microtunneling work and has completed at least five (5) similar projects under live railroad tracks. At least two of the projects shall have used jacking pipe with 84 inches or greater diameter and individual drives equal to or greater in length than the longest drive on this project. The project superintendent shall have at least five (5) years of experience supervising microtunneling construction under live railroad tracks. The microtunneling machine operator(s) shall have technical training in the operation of the proposed microtunneling equipment and shall have completed, as a primary operator, at least five (5) similar microtunneling projects under live railroad tracks. At least two of the projects shall have used jacking pipe with 48 inches or greater diameter and individual drives equal to or greater in length than the longest drive on this project. The site safety representative and personnel responsible for air quality monitoring shall be experienced in tunnel construction and shall have current certification.
3. Soil Retention/Sheeting Subcontractor:
- a. At least 10 years of continuous operation.
 - b. Successfully completed at least five sheeting/soil retention projects in the last 5 years with each having at least 5,000 VSF of sheeting/soil retention.
 - c. Experience, equipment, and materials for placement of driven interlocking steel sheeting, drilled or driven soldier pile and lagging, and soil anchors.
4. Dewatering Subcontractor:
- a. At least 10 years of continuous operations.
 - b. Dewatered at least five sites in the last 5 years within 2,500 feet of a river or lake having alternating sand and clay layers.
 - a-c. Experience and equipment utilizing high capacity deep wells, well point, and vacuum dewatering systems.
 - d. Experience dewatering within 50 feet of a railroad.

- B. Contractor shall retain specific Subcontractors, Suppliers, or other individuals or entities for the performance of designated parts of the Work if required by the Contract to do so.
- C. Subsequent to the submittal of Contractor's Bid or final negotiation of the terms of the Contract, Owner may not require Contractor to retain any Subcontractor, Supplier, or other individual or entity to furnish or perform any of the Work against which Contractor has reasonable objection.
- D. Prior to entry into any binding subcontract or purchase order, Contractor shall submit to Owner the identity of the proposed Subcontractor or Supplier (unless Owner has already deemed such proposed Subcontractor or Supplier acceptable, during the bidding process or otherwise). Such proposed Subcontractor or Supplier shall be deemed acceptable to Owner unless Owner raises a substantive, reasonable objection within five days.
- E. Owner may require the replacement of any Subcontractor, Supplier, or other individual or entity retained by Contractor to perform any part of the Work. Owner also may require Contractor to retain specific replacements; provided, however, that Owner may not require a replacement to which Contractor has a reasonable objection. If Contractor has submitted the identity of certain Subcontractors, Suppliers, or other individuals or entities for acceptance by Owner, and Owner has accepted it (either in writing or by failing to make written objection thereto), then Owner may subsequently revoke the acceptance of any such Subcontractor, Supplier, or other individual or entity so identified solely on the basis of substantive, reasonable objection after due investigation. Contractor shall submit an acceptable replacement for the rejected Subcontractor, Supplier, or other individual or entity.
- F. ~~Not used. If Owner requires the replacement of any Subcontractor, Supplier, or other individual or entity retained by Contractor to perform any part of the Work, then Contractor shall be entitled to an adjustment in Contract Price or Contract Times, or both, with respect to the replacement; and Contractor shall initiate a Change Proposal for such adjustment within 30 days of Owner's requirement of replacement.~~
- G. ~~Not used. No acceptance by Owner of any such Subcontractor, Supplier, or other individual or entity, whether initially or as a replacement, shall constitute a waiver of the right of Owner to the completion of the Work in accordance with the Contract Documents.~~
- H. On a monthly basis Contractor shall submit to Engineer a complete list of all Subcontractors and Suppliers having a direct contract with Contractor, and of all other Subcontractors and Suppliers known to Contractor at the time of submittal.
- I. Contractor shall be fully responsible to Owner and Engineer and Railroad for all acts and omissions of the Subcontractors, Suppliers, and other individuals or entities performing or furnishing any of the Work just as Contractor is responsible for Contractor's own acts and omissions.
- J. Contractor shall be solely responsible for scheduling and coordinating the work of Subcontractors, Suppliers, and all other individuals or entities performing or furnishing any of the Work.
- K. Contractor shall restrict all Subcontractors, Suppliers, and such other individuals or entities performing or furnishing any of the Work from communicating with Engineer or

Owner, except through Contractor or in case of an emergency, or as otherwise expressly allowed herein.

- L. The divisions and sections of the Specifications and the identifications of any Drawings shall not control Contractor in dividing the Work among Subcontractors or Suppliers or delineating the Work to be performed by any specific trade.
- M. All Work performed for Contractor by a Subcontractor or Supplier shall be pursuant to an appropriate contractual agreement that specifically binds the Subcontractor or Supplier to the applicable terms and conditions of the Contract Documents for the benefit of Owner and Engineer.
- N. Owner may furnish to any Subcontractor or Supplier, to the extent practicable, information about amounts paid to Contractor on account of Work performed for Contractor by the particular Subcontractor or Supplier.
- O. Nothing in the Contract Documents:
 - 1. shall create for the benefit of any such Subcontractor, Supplier, or other individual or entity any contractual relationship between Owner or Engineer and any such Subcontractor, Supplier, or other individual or entity; nor
 - 2. shall create any obligation on the part of Owner or Engineer to pay or to see to the payment of any money due any such Subcontractor, Supplier, or other individual or entity except as may otherwise be required by Laws and Regulations.

7.07 *Patent Fees and Royalties*

- A. Contractor shall pay all license fees and royalties and assume all costs incident to the use in the performance of the Work or the incorporation in the Work of any invention, design, process, product, or device which is the subject of patent rights or copyrights held by others. If a particular invention, design, process, product, or device is specified in the Contract Documents for use in the performance of the Work and if, to the actual knowledge of Owner or Engineer, its use is subject to patent rights or copyrights calling for the payment of any license fee or royalty to others, the existence of such rights shall be disclosed by Owner in the Contract Documents.
- B. To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Contractor, and its officers, directors, members, partners, employees, agents, consultants, and subcontractors from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device specified in the Contract Documents, but not identified as being subject to payment of any license fee or royalty to others required by patent rights or copyrights.
- C. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement

of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device not specified in the Contract Documents.

7.08 *Permits*

A. Unless otherwise provided in the Contract Documents, Contractor shall obtain and pay for all construction permits and licenses. Owner shall assist Contractor, when necessary, in obtaining such permits and licenses. Contractor shall pay all governmental charges and inspection fees necessary for the prosecution of the Work which are applicable at the time of the submission of Contractor's Bid (or when Contractor became bound under a negotiated contract). ~~Owner shall pay all charges of utility owners for connections for providing permanent service to the Work. See General Requirements and technical specification sections for utility charge provisions.~~

B. See General Requirements for additional permit information.

7.09 *Taxes*

A. Contractor shall pay all sales, consumer, use, and other similar taxes required to be paid by Contractor in accordance with the Laws and Regulations of the place of the Project which are applicable during the performance of the Work.

B. Contractor shall refer to Sales and Use Tax Exemption Certificate at the end of Division 01 for information regarding Owner's tax exempt status.

7.10 *Laws and Regulations*

A. Contractor shall give all notices required by and shall comply with all Laws and Regulations applicable to the performance of the Work. Except where otherwise expressly required by applicable Laws and Regulations, neither Owner nor Engineer shall be responsible for monitoring Contractor's compliance with any Laws or Regulations.

B. If Contractor performs any Work or takes any other action knowing or having reason to know that it is contrary to Laws or Regulations, Contractor shall bear all resulting costs and losses, and shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such Work or other action. It shall not be Contractor's responsibility to make certain that the Work described in the Contract Documents is in accordance with Laws and Regulations, but this shall not relieve Contractor of Contractor's obligations under Paragraph 3.03.

C. Owner or Contractor may give notice to the other party of any changes after the submission of Contractor's Bid (or after the date when Contractor became bound under a negotiated contract) in Laws or Regulations having an effect on the cost or time of performance of the Work, including but not limited to changes in Laws or Regulations having an effect on procuring permits and on sales, use, value-added, consumption, and other similar taxes. If Owner and Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times resulting from such changes, then within 30 days of such notice Contractor may submit a Change Proposal, or Owner may initiate a Claim.

~~C.D.~~ This project is financed in whole or in part by the Iowa Department of Natural Resources State Revolving Fund (SRF). Municipalities constructing projects must comply with all applicable state and federal laws, rules, and regulations and must ensure that their contractor(s) also comply with these laws, rules, and regulations. Federal laws can be found in the SRF Required Front-End Specifications attached to the end of the Bid Section.

~~D.E.~~) also comply with these laws, rules, and regulations. Federal laws can be found in the SRF Required Front-End Specifications attached to the end of the Bid Section.

7.11 *Record Documents*

- A. Contractor shall maintain in a safe place at the Site one printed record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, written interpretations and clarifications, and approved Shop Drawings. Contractor shall keep such record documents in good order and annotate them to show changes made during construction. These record documents, together with all approved Samples, will be available to Engineer for reference. Upon completion of the Work, Contractor shall deliver these record documents to Engineer.

7.12 *Safety and Protection*

- A. Contractor shall be solely responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the Work. Such responsibility does not relieve Subcontractors of their responsibility for the safety of persons or property in the performance of their work, nor for compliance with applicable safety Laws and Regulations. Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury, or loss to:
 - 1. all persons on the Site or who may be affected by the Work;
 - 2. all the Work and materials and equipment to be incorporated therein, whether in storage on or off the Site; and
 - 3. other property at the Site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, other work in progress, utilities, and Underground Facilities not designated for removal, relocation, or replacement in the course of construction.
- B. Contractor shall comply with all applicable Laws and Regulations relating to the safety of persons or property, or to the protection of persons or property from damage, injury, or loss; and shall erect and maintain all necessary safeguards for such safety and protection. Contractor shall notify Owner; the owners of adjacent property, Underground Facilities, and other utilities; and other contractors and utility owners performing work at or adjacent to the Site, when prosecution of the Work may affect them, and shall cooperate with them in the protection, removal, relocation, and replacement of their property or work in progress.
- C. Contractor shall comply with the applicable requirements of Owner's safety programs, if any, and the CN Customer Safety Handbook, September 2022 attached at the end of Division 01. ~~The Supplementary Conditions identify any Owner's safety programs that are applicable to the Work.~~

- D. Contractor shall inform Owner and Engineer of the specific requirements of Contractor's safety program with which Owner's and Engineer's employees and representatives must comply while at the Site.
- E. All damage, injury, or loss to any property referred to in Paragraph 7.12.A.2 or 7.12.A.3 caused, directly or indirectly, in whole or in part, by Contractor, any Subcontractor, Supplier, or any other individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, shall be remedied by Contractor at its expense (except damage or loss attributable to the fault of Drawings or Specifications or to the acts or omissions of Owner or Engineer or anyone employed by any of them, or anyone for whose acts any of them may be liable, and not attributable, directly or indirectly, in whole or in part, to the fault or negligence of Contractor or any Subcontractor, Supplier, or other individual or entity directly or indirectly employed by any of them).
- F. Contractor's duties and responsibilities for safety and protection shall continue until such time as all the Work is completed and Engineer has issued a notice to Owner and Contractor in accordance with Paragraph 15.06.B that the Work is acceptable (except as otherwise expressly provided in connection with Substantial Completion).
- G. Contractor's duties and responsibilities for safety and protection shall resume whenever Contractor or any Subcontractor or Supplier returns to the Site to fulfill warranty or correction obligations, or to conduct other tasks arising from the Contract Documents.
- H. Contractor shall post safety plan and contact information at job trailer.
- I. Contractor's Safety Plan/Program shall be submitted to Owner at least 14 days prior to the Notice to Proceed being issued.
- J. Contractor shall be solely responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the Work. The Owner and Engineer will not have such responsibility. No action under taken by the Owner or Engineer under General Conditions paragraphs 15.01 or 15.02, or Article 9 will constitute a transfer of this responsibility or acceptance of this responsibility by the Owner or Engineer.
- K. Contractor shall enroll the project in the Iowa Occupational Safety and Health Administration & Master Builders of Iowa WORKSAFE Recognition Program. Contractor's health and safety officer shall coordinate and schedule WORKSAFE visits, verify the onsite safety surveys have taken place, and ensure the survey reports are issued to its Subcontractors and Owner.

7.13 *Safety Representative*

- A. Contractor shall designate a qualified and experienced safety representative at the Site whose duties and responsibilities shall be the prevention of accidents and the maintaining and supervising of safety precautions and programs. Contractor shall designate a qualified and experienced health and safety officer or representative (HSO) for the Site whose duties and responsibilities shall be the prevention of accidents and the maintaining and supervising of health and safety precautions and programs. The HSO shall have at least 3 years of experience as a safety officer in the construction or similar industry to include the direction, approval, development, implementation, and enforcement of safety and health programs, personnel protection programs, and health

monitoring programs. The HSO shall have formal training in occupational safety and health. The HSO shall visit the site on a regular basis and attend the monthly meetings.

B. The phone number of the safety representative for the project shall be posted on the interior of Contractor's job trailer for 24/7 response/availability. Contractor will provide Owner and Engineer with 24 hour contact information for the safety representative.

C. Contractor shall keep at the Site at all times during the progress of the Work a competent person to comply with OSHA trenching and excavation requirements. The competent person shall be one who is capable of identifying existing and predictable hazards in the surroundings, or working conditions that are unsanitary, hazardous or dangerous to employees, and who has authorization to take prompt corrective measures to eliminate them. Twenty-four hour contact information for this person shall be posted outside the construction trailer.

D. Contractor shall comply with Owner's Hazardous Communication Program.

7.14 *Hazard Communication Programs*

A. Contractor shall be responsible for coordinating any exchange of material safety data sheets or other hazard communication information required to be made available to or exchanged between or among employers at the Site in accordance with Laws or Regulations.

7.15 *Emergencies*

A. In emergencies affecting the safety or protection of persons or the Work or property at the Site or adjacent thereto, Contractor is obligated to act to prevent threatened damage, injury, or loss. Contractor shall give Engineer prompt written notice if Contractor believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby or are required as a result thereof. If Engineer determines that a change in the Contract Documents is required because of the action taken by Contractor in response to such an emergency, a Work Change Directive or Change Order will be issued.

B. Contractor shall immediately notify Owner's Representative and Engineer of all emergency situations associated with Contractor's Work.

7.16 *Shop Drawings, Samples, and Other Submittals*

A. *Shop Drawing and Sample Submittal Requirements:*

1. Before submitting a Shop Drawing or Sample, Contractor shall have:
 - a. reviewed and coordinated the Shop Drawing or Sample with other Shop Drawings and Samples and with the requirements of the Work and the Contract Documents;
 - b. determined and verified all field measurements, quantities, dimensions, specified performance and design criteria, installation requirements, materials, catalog numbers, and similar information with respect thereto;
 - c. determined and verified the suitability of all materials and equipment offered with respect to the indicated application, fabrication, shipping, handling, storage, assembly, and installation pertaining to the performance of the Work; and

- d. determined and verified all information relative to Contractor's responsibilities for means, methods, techniques, sequences, and procedures of construction, and safety precautions and programs incident thereto.
 2. Each submittal shall bear a stamp or specific written certification that Contractor has satisfied Contractor's obligations under the Contract Documents with respect to Contractor's review of that submittal, and that Contractor approves the submittal.
 3. With each submittal, Contractor shall give Engineer specific written notice of any variations that the Shop Drawing or Sample may have from the requirements of the Contract Documents. This notice shall be set forth in a written communication separate from the Shop Drawings or Sample submittal; and, in addition, in the case of Shop Drawings by a specific notation made on each Shop Drawing submitted to Engineer for review and approval of each such variation.
- B. *Submittal Procedures for Shop Drawings and Samples:* Contractor shall submit Shop Drawings and Samples to Engineer for review and approval in accordance with the accepted Schedule of Submittals. Each submittal will be identified as Engineer may require.
1. *Shop Drawings:*
 - a. Contractor shall submit the number of copies required in the Specifications.
 - b. Data shown on the Shop Drawings will be complete with respect to quantities, dimensions, specified performance and design criteria, materials, and similar data to show Engineer the services, materials, and equipment Contractor proposes to provide and to enable Engineer to review the information for the limited purposes required by Paragraph 7.16.D.
 2. *Samples:*
 - a. Contractor shall submit the number of Samples required in the Specifications.
 - b. Contractor shall clearly identify each Sample as to material, Supplier, pertinent data such as catalog numbers, the use for which intended and other data as Engineer may require to enable Engineer to review the submittal for the limited purposes required by Paragraph 7.16.D.
 3. Where a Shop Drawing or Sample is required by the Contract Documents or the Schedule of Submittals, any related Work performed prior to Engineer's review and approval of the pertinent submittal will be at the sole expense and responsibility of Contractor.
- C. *Other Submittals:* Contractor shall submit other submittals to Engineer in accordance with the accepted Schedule of Submittals, and pursuant to the applicable terms of the Specifications.
- D. *Engineer's Review:*
1. Engineer will provide timely review of Shop Drawings and Samples in accordance with the Schedule of Submittals acceptable to Engineer. Engineer's review and approval will be only to determine if the items covered by the submittals will, after installation or incorporation in the Work, conform to the information given in the Contract

Documents and be compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents.

2. Engineer's review and approval will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions or programs incident thereto.
3. Engineer's review and approval of a separate item as such will not indicate approval of the assembly in which the item functions.
4. Engineer's review and approval of a Shop Drawing or Sample shall not relieve Contractor from responsibility for any variation from the requirements of the Contract Documents unless Contractor has complied with the requirements of Paragraph 7.16.A.3 and Engineer has given written approval of each such variation by specific written notation thereof incorporated in or accompanying the Shop Drawing or Sample. Engineer will document any such approved variation from the requirements of the Contract Documents in a Field Order.
5. Engineer's review and approval of a Shop Drawing or Sample shall not relieve Contractor from responsibility for complying with the requirements of Paragraph 7.16.A and B.
6. Engineer's review and approval of a Shop Drawing or Sample, or of a variation from the requirements of the Contract Documents, shall not, under any circumstances, change the Contract Times or Contract Price, unless such changes are included in a Change Order.
7. Neither Engineer's receipt, review, acceptance or approval of a Shop Drawing, Sample, or other submittal shall result in such item becoming a Contract Document.
8. Contractor shall perform the Work in compliance with the requirements and commitments set forth in approved Shop Drawings and Samples, subject to the provisions of Paragraph 7.16.D.4.

E. *Resubmittal Procedures:*

1. Contractor shall make corrections required by Engineer and shall return the required number of corrected copies of Shop Drawings and submit, as required, new Samples for review and approval. Contractor shall direct specific attention in writing to revisions other than the corrections called for by Engineer on previous submittals.
2. Contractor shall furnish required submittals with sufficient information and accuracy to obtain required approval of an item with no more than three submittals. Engineer will record Engineer's time for reviewing a fourth or subsequent submittal of a Shop Drawings, sample, or other item requiring approval, and Contractor shall be responsible for Engineer's charges to Owner for such time. Owner may impose a set-off against payments due to Contractor to secure reimbursement for such charges.
3. If Contractor requests a change of a previously approved submittal item, Contractor shall be responsible for Engineer's charges to Owner for its review time, and Owner may impose a set-off against payments due to Contractor to secure reimbursement for such charges, unless the need for such change is beyond the control of Contractor.

7.17 *Contractor's General Warranty and Guarantee*

- A. Contractor warrants and guarantees to Owner that all Work will be in accordance with the Contract Documents and will not be defective. Engineer and its officers, directors, members, partners, employees, agents, consultants, and subcontractors shall be entitled to rely on Contractor's warranty and guarantee.
- B. The Contractor warrants to the Owner that materials and equipment furnished under the Contract will be new, merchantable, of good quality, and that the Work will be free from defects, and that the Work will conform to the Contract Documents.
- C. The Contractor warrants to the Owner that materials and equipment furnished under the Contract will be of good quality and new unless otherwise required or permitted by the Contract Documents, that the workmanship will be free from defects not inherent in the quality required or permitted, that the workmanship will comply with all applicable laws, building codes, rules and regulations, and that the workmanship will conform to the requirements of the Contract Documents.
- ~~B.D.~~ Contractor's warranty and guarantee hereunder excludes defects or damage caused by:
 - 1. abuse, modification, or improper maintenance or operation by persons other than Contractor, Subcontractors, Suppliers, or any other individual or entity for whom Contractor is responsible; or
 - 2. normal wear and tear under normal usage.
- ~~C.E.~~ Contractor's obligation to perform and complete the Work in accordance with the Contract Documents shall be absolute. None of the following will constitute an acceptance of Work that is not in accordance with the Contract Documents or a release of Contractor's obligation to perform the Work in accordance with the Contract Documents:
 - 1. observations by Engineer;
 - 2. recommendation by Engineer or payment by Owner of any progress or final payment;
 - 3. the issuance of a certificate of Substantial Completion by Engineer or any payment related thereto by Owner;
 - 4. use or occupancy of the Work or any part thereof by Owner or Railroad;
 - 5. any review and approval of a Shop Drawing or Sample submittal;
 - 6. the issuance of a notice of acceptability by Engineer;
 - 7. any inspection, test, or approval by others; or
 - 8. any correction of defective Work by Owner or Railroad.
- F. If the Contract requires the Contractor to accept the assignment of a contract entered into by Owner, then the specific warranties, guarantees, and correction obligations contained in the assigned contract shall govern with respect to Contractor's performance obligations to Owner for the Work described in the assigned contract.

7.18 *Indemnification and Liability*

- ~~A. To the fullest extent permitted by Laws and Regulations, and in addition to any other obligations of Contractor under the Contract or otherwise, Contractor shall indemnify~~

~~and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to the performance of the Work, provided that any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom but only to the extent caused by any negligent act or omission of Contractor, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work or anyone for whose acts any of them may be liable.~~

To the fullest extent permitted by law, Contractor shall defend, indemnify and hold harmless Owner, Engineer, Railroad, their agents, representatives, and employees ("Indemnitees") from and against all claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of or resulting from or in connection with the performance of the Work, provided that any such claim, damage, loss or expense is caused in whole or in part by any act or omission of Contractor, anyone directly or indirectly employed by it or anyone for whose acts any of them may be liable. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity or contribution which would otherwise exist as to any or person described in the Contract Documents.

In addition, Contractor shall indemnify, hold harmless, and pay for the defense of Owner, Railroad, Engineer, and Engineer's subconsultants from and against claims, losses, or damages in regard to any act or failure to act by Owner or Engineer in connection with general supervision, inspection and/or coordination of Contractor's operations. Contractor shall, at its own expense, appear, defend, and pay all fees of attorneys and all costs and other expenses arising therefrom or incurred in connection therewith; and, if any judgments shall be rendered against any individual or entity indemnified hereunder in any such action, Contractor shall, at its own expense, satisfy and discharge same. Contractor expressly understands and agrees that any Letter of Credit or insurance protection required by the Contract, or otherwise provided by Contractor, shall in no way limit the responsibility to indemnify, keep and, save harmless, and defend any individual or entity indemnified hereunder as herein provided.

A.B. In any and all claims against Owner or Engineer or Railroad or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors by any employee (or the survivor or personal representative of such employee) of Contractor, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, the indemnification obligation under Paragraph 7.18.A shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for Contractor or any such Subcontractor, Supplier, or other individual or entity under workers' compensation acts, disability benefit acts, or other employee benefit acts.

~~B.C.~~ The indemnification obligations of Contractor under Paragraph 7.18.A shall not extend to the liability of Engineer and Engineer's officers, directors, members, partners, employees, agents, consultants and subcontractors arising out of:

- ~~1. the preparation or approval of, or the failure to prepare or approve maps, of Drawings, opinions, reports, surveys, Change Orders, designs, or Specifications; or Property Surveys.~~
- ~~2. giving directions or instructions, or failing to give them, if that is the primary cause of the injury or damage.~~

D. For any matter for which Owner, Railroad, and Engineer are indemnified under Paragraph 7.18.A, Contractor shall pay for Owner's, Railroad's and Engineer's reasonable defense, including, but not limited to, all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs or awards until Owner, Railroad, or Engineer are found negligent.

7.19 *Delegation of Professional Design Services*

- A. Contractor will not be required to provide professional design services unless such services are specifically required by the Contract Documents for a portion of the Work or unless such services are required to carry out Contractor's responsibilities for construction means, methods, techniques, sequences and procedures. Contractor shall not be required to provide professional services in violation of applicable Laws and Regulations.
- B. If professional design services or certifications by a design professional related to systems, materials, or equipment are specifically required of Contractor by the Contract Documents, Owner and Engineer will specify all performance and design criteria that such services must satisfy. Contractor shall cause such services or certifications to be provided by a properly licensed professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, and other submittals prepared by such professional. Shop Drawings and other submittals related to the Work designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to Engineer.
- C. Owner and Engineer shall be entitled to rely upon the adequacy, accuracy, and completeness of the services, certifications, or approvals performed by such design professionals, provided Owner and Engineer have specified to Contractor all performance and design criteria that such services must satisfy.
- D. Pursuant to this paragraph, Engineer's review and approval of design calculations and design drawings will be only for the limited purpose of checking for conformance with performance and design criteria given and the design concept expressed in the Contract Documents. Engineer's review and approval of Shop Drawings and other submittals (except design calculations and design drawings) will be only for the purpose stated in Paragraph 7.16.D.1.
- E. Contractor shall not be responsible for the adequacy of the performance or design criteria specified by Owner or Engineer.

ARTICLE 8 – OTHER WORK AT THE SITE

8.01 *Other Work*

- A. In addition to and apart from the Work under the Contract Documents, the Owner may perform other work at or adjacent to the Site. Such other work may be performed by Owner's employees, or through contracts between the Owner and third parties. Owner may also arrange to have third-party utility owners perform work on their utilities and facilities at or adjacent to the Site.
- B. Owner intends to complete an additional project named "OLD MILL ROAD LIFT STATION AND FORCE MAIN PROJECT-PHASE 2" that will connect to the downstream end of this phase's force main.
- C. If Owner performs other work at or adjacent to the Site with Owner's employees, or through contracts for such other work, then Owner shall give Contractor written notice thereof prior to starting any such other work. If Owner has advance information regarding the start of any utility work at or adjacent to the Site, Owner shall provide such information to Contractor.
- D. Contractor shall afford each other contractor that performs such other work, each utility owner performing other work, and Owner, if Owner is performing other work with Owner's employees, proper and safe access to the Site, and provide a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such other work. Contractor shall do all cutting, fitting, and patching of the Work that may be required to properly connect or otherwise make its several parts come together and properly integrate with such other work. Contractor shall not endanger any work of others by cutting, excavating, or otherwise altering such work; provided, however, that Contractor may cut or alter others' work with the written consent of Engineer and the others whose work will be affected.
- E. If the proper execution or results of any part of Contractor's Work depends upon work performed by others under this Article 8, Contractor shall inspect such other work and promptly report to Engineer in writing any delays, defects, or deficiencies in such other work that render it unavailable or unsuitable for the proper execution and results of Contractor's Work. Contractor's failure to so report will constitute an acceptance of such other work as fit and proper for integration with Contractor's Work except for latent defects and deficiencies in such other work.

8.02 *Coordination*

- A. If Owner intends to contract with others for the performance of other work at or adjacent to the Site, to perform other work at or adjacent to the Site with Owner's employees, or to arrange to have utility owners perform work at or adjacent to the Site, the following will be ~~set forth in the Supplementary Conditions~~applicable or provided to Contractor prior to the start of any such other work:
 - 1. the identity of the individual or entity that will have authority and responsibility for coordination of the activities among the various contractors;
 - 2. an itemization of the specific matters to be covered by such authority and responsibility; and
 - 3. the extent of such authority and responsibilities.

- B. ~~Unless otherwise provided in the Supplementary Conditions, Owner shall have sole authority and responsibility for such coordination. Contractor and its Subcontractors shall cooperate and coordinate their work with adjacent work and shall give due notice to other contractors and subcontractors of intersecting work to assure that all items are installed at an agreeable time and to facilitate general progress of the Work.~~

8.03 *Legal Relationships*

- A. If, in the course of performing other work at or adjacent to the Site for Owner, the Owner's employees, any other contractor working for Owner, or any utility owner causes damage to the Work or to the property of Contractor or its Subcontractors, or delays, disrupts, interferes with, or increases the scope or cost of the performance of the Work, through actions or inaction, then Contractor shall be entitled to an equitable adjustment in the Contract Price or the Contract Times, or both. Contractor must submit any Change Proposal seeking an equitable adjustment in the Contract Price or the Contract Times under this paragraph within 30 days of the damaging, delaying, disrupting, or interfering event. The entitlement to, and extent of, any such equitable adjustment shall take into account information (if any) regarding such other work that was provided to Contractor in the Contract Documents prior to the submittal of the Bid or the final negotiation of the terms of the Contract. When applicable, any such equitable adjustment in Contract Price shall be conditioned on Contractor assigning to Owner all Contractor's rights against such other contractor or utility owner with respect to the damage, delay, disruption, or interference that is the subject of the adjustment. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.
- B. Contractor shall take reasonable and customary measures to avoid damaging, delaying, disrupting, or interfering with the work of Owner, any other contractor, or any utility owner performing other work at or adjacent to the Site. If Contractor fails to take such measures and as a result damages, delays, disrupts, or interferes with the work of any such other contractor or utility owner, then Owner may impose a set-off against payments due to Contractor, and assign to such other contractor or utility owner the Owner's contractual rights against Contractor with respect to the breach of the obligations set forth in this paragraph.
- C. When Owner is performing other work at or adjacent to the Site with Owner's employees, Contractor shall be liable to Owner for damage to such other work, and for the reasonable direct delay, disruption, and interference costs incurred by Owner as a result of Contractor's failure to take reasonable and customary measures with respect to Owner's other work. In response to such damage, delay, disruption, or interference, Owner may impose a set-off against payments due to Contractor.
- D. ~~If Contractor damages, delays, disrupts, or interferes with the work of any other contractor, or any utility owner performing other work at or adjacent to the Site, through Contractor's failure to take reasonable and customary measures to avoid such impacts, or if any claim arising out of Contractor's actions, inactions, or negligence in performance of the Work at or adjacent to the Site is made by any such other contractor or utility owner against Contractor, Owner, or Engineer, then Contractor shall (1) promptly attempt to settle the claim as to all parties through negotiations with such other contractor or utility owner, or otherwise resolve the claim by arbitration or other dispute resolution proceeding or at law, and (2) indemnify and hold harmless Owner and Engineer, and the~~

~~officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against any such claims, and against all costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such damage, delay, disruption, or interference.~~ Should Contractor cause damage to the work or property of any other contractor at the Site, or should any claim arising out of Contractor's performance of the Work at the Site be made by any other contractor against Contractor, Owner, Railroad, Engineer, or the construction coordinator, then Contractor (without involving Owner, Railroad, Engineer, or construction coordinator) shall either (1) remedy the damage, (2) agree to compensate the other contractor for remedy of the damage, or (3) remedy the damage and attempt to settle with such other contractor by agreement, or otherwise resolve the dispute by arbitration or at law.

- E. Contractor shall, to the fullest extent permitted by Laws and Regulations, indemnify and hold harmless Owner, Railroad, Engineer, the construction coordinator and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them from and against all claims, costs, losses and damages (including, but not limited to, fees and charges of engineers, architects, attorneys, and other professionals and court and arbitration costs) arising directly, indirectly, or consequentially out of any action, legal or equitable, brought by any other contractor against Owner, Railroad, Engineer, consultants, or the construction coordinator to the extent said claim is based on or arises out of Contractor's performance of the Work. Should another contractor cause damage to the Work or property of Contractor or should the performance of work by any other contractor at the Site give rise to any other Claim, Contractor shall not institute any action, legal or equitable, against Owner, Railroad, Engineer, or the construction coordinator or permit any action against any of them to be maintained and continued in its name or for its benefit in any court or before any arbiter which seeks to impose liability on or to recover damages from Owner, Railroad, Engineer, or the construction coordinator on account of any such damage or Claim.
- D-F. If Contractor is delayed at any time in performing or furnishing Work by any act or neglect of another contractor, and Owner and Contractor are unable to agree as to the extent of any adjustment in Contract Times attributable thereto, Contractor may make a Claim for an extension of times in accordance with Article 12. An extension of the Contract Times shall be Contractor's exclusive remedy with respect to Owner, Railroad, Engineer, and construction coordinator for any delay, disruption, interference, or hindrance caused by any other contractor. This paragraph does not prevent recovery from Owner, Engineer, or construction coordinator for activities that are their respective responsibilities.

8.04 Claims Between Contractors

- A. Should Contractor cause damage to the work or property of any other contractor at the Site, or should any claim arising out of Contractor's performance of the Work at the Site be made by any other contractor against Contractor, Owner, Railroad, Engineer, or the construction coordinator, then Contractor (without involving Owner, Railroad, Engineer, or construction coordinator) shall either (1) remedy the damage, (2) agree to compensate the other contractor for remedy of the damage, or (3) remedy the damage and attempt

to settle with such other contractor by agreement, or otherwise resolve the dispute by arbitration or at law.

- B. Contractor shall, to the fullest extent permitted by Laws and Regulations, indemnify and hold harmless Owner, Railroad, Engineer, the construction coordinator and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them from and against all claims, costs, losses and damages (including, but not limited to, fees and charges of engineers, architects, attorneys, and other professionals and court and arbitration costs) arising directly, indirectly, or consequentially out of any action, legal or equitable, brought by any other contractor against Owner, Railroad, Engineer, consultants, or the construction coordinator to the extent said claim is based on or arises out of Contractor's performance of the Work. Should another contractor cause damage to the Work or property of Contractor or should the performance of work by any other contractor at the Site give rise to any other Claim, Contractor shall not institute any action, legal or equitable, against Owner, Railroad, Engineer, or the construction coordinator or permit any action against any of them to be maintained and continued in its name or for its benefit in any court or before any arbiter which seeks to impose liability on or to recover damages from Owner, Railroad, Engineer, or the construction coordinator on account of any such damage or Claim.
- C. If Contractor is delayed at any time in performing or furnishing Work by any act or neglect of another contractor, and Owner and Contractor are unable to agree as to the extent of any adjustment in Contract Times attributable thereto, Contractor may make a Claim for an extension of times in accordance with Article 12. An extension of the Contract Times shall be Contractor's exclusive remedy with respect to Owner, Railroad, Engineer, and construction coordinator for any delay, disruption, interference, or hindrance caused by any other contractor. This paragraph does not prevent recovery from Owner, Railroad, Engineer, or construction coordinator for activities that are their respective responsibilities.

ARTICLE 9 – OWNER'S RESPONSIBILITIES

9.01 *Communications to Contractor*

- A. Except as otherwise provided in these General Conditions, Owner shall issue all communications to Contractor through Engineer.

9.02 *Replacement of Engineer*

- A. Owner may at its discretion appoint an engineer to replace Engineer, provided Contractor makes no reasonable objection to the replacement engineer. The replacement engineer's status under the Contract Documents shall be that of the former Engineer.

9.03 *Furnish Data*

- A. Owner shall promptly furnish the data required of Owner under the Contract Documents.

9.04 *Pay When Due*

- A. Owner shall make payments to Contractor when they are due as provided in the Agreement.

9.05 *Lands and Easements; Reports, Tests, and Drawings*

- A. Owner's duties with respect to providing lands and easements are set forth in Paragraph 5.01.
- B. Owner's duties with respect to providing engineering surveys to establish reference points are set forth in Paragraph 4.03.
- C. Article 5 refers to Owner's identifying and making available to Contractor copies of reports of explorations and tests of conditions at the Site, and drawings of physical conditions relating to existing surface or subsurface structures at the Site.

9.06 *Insurance*

- A. Owner's responsibilities, if any, with respect to purchasing and maintaining liability and property insurance are set forth in Article 6.

9.07 *Change Orders*

- A. Owner's responsibilities with respect to Change Orders are set forth in Article 11.

9.08 *Inspections, Tests, and Approvals*

- A. Owner's responsibility with respect to certain inspections, tests, and approvals is set forth in Paragraph 14.02.B.

9.09 *Limitations on Owner's Responsibilities*

- A. The Owner shall not supervise, direct, or have control or authority over, nor be responsible for, Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Owner will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.

9.10 *Undisclosed ~~Hazardous-Special~~ Environmental Condition*

- A. Owner's responsibility in respect to an undisclosed ~~Hazardous-Special~~ Environmental Condition is set forth in Paragraph 5.06.

9.11 *Evidence of Financial Arrangements*

- A. ~~Not used. Upon request of Contractor, Owner shall furnish Contractor reasonable evidence that financial arrangements have been made to satisfy Owner's obligations under the Contract Documents (including obligations under proposed changes in the Work).~~

9.12 *Safety Programs*

- A. While at the Site, Owner's employees and representatives shall comply with the specific applicable requirements of Contractor's safety programs of which Owner has been informed.
- B. Owner shall furnish copies of any applicable Owner safety programs to Contractor.

ARTICLE 10 – ENGINEER’S STATUS DURING CONSTRUCTION

10.01 *Owner’s Representative*

- A. Engineer will be Owner’s representative during the construction period. The duties and responsibilities and the limitations of authority of Engineer as Owner’s representative during construction are set forth in the Contract.

10.02 *Visits to Site*

- A. Engineer will make visits to the Site at intervals appropriate to the various stages of construction as Engineer deems necessary in order to observe as an experienced and qualified design professional the progress that has been made and the quality of the various aspects of Contractor’s executed Work. Based on information obtained during such visits and observations, Engineer, for the benefit of Owner, will determine, in general, if the Work is proceeding in accordance with the Contract Documents. Engineer will not be required to make exhaustive or continuous inspections on the Site to check the quality or quantity of the Work. Engineer’s efforts will be directed toward providing for Owner a greater degree of confidence that the completed Work will conform generally to the Contract Documents. On the basis of such visits and observations, Engineer will keep Owner informed of the progress of the Work and will endeavor to guard Owner against defective Work.
- B. Engineer’s visits and observations are subject to all the limitations on Engineer’s authority and responsibility set forth in Paragraph 10.08. Particularly, but without limitation, during or as a result of Engineer’s visits or observations of Contractor’s Work, Engineer will not supervise, direct, control, or have authority over or be responsible for Contractor’s means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work.

10.03 *Project Representative*

- A. If Owner and Engineer have agreed that Engineer will furnish a Resident Project Representative to represent Engineer at the Site and assist Engineer in observing the progress and quality of the Work, then the authority and responsibilities of any such Resident Project Representative will be as provided in the Supplementary Conditions herein, and limitations on the responsibilities thereof will be as provided in Paragraph 10.08. If Owner designates another representative or agent to represent Owner at the Site who is not Engineer’s consultant, agent, or employee, the responsibilities and authority and limitations thereon of such other individual or entity will be as provided in the Supplementary Conditions herein.
- B. The duties and responsibilities of the resident project representative include the following:
 - 1. Review schedules as required in Paragraph 2.06.A and amendment thereto.
 - 2. Attend conferences and meetings with Contractor.
 - 3. Serve as liaison between Engineer and Contractor and help Engineer serve as liaison between Owner and Contractor.
 - 4. Conduct on site observation of the work.

5. Observe tests, equipment, and system startups.
6. Report to Engineer when clarifications and interpretations of the Contract Documents are needed. Consider, evaluate, and report to Engineer, Contractor's requests for modification.
7. Maintain orderly records, keep a daily log (when on a part time basis, keep log for days visiting site), and furnish periodic reports to Engineer of the progress of the Work.
8. Before project completion, prepare final list of items to be completed or corrected and make recommendations to Engineer concerning acceptance of the Work.

C. The resident project representatives shall not:

1. Authorize any deviation from the Contract Documents or substitutions of materials or equipment.
2. Exceed limitations of Engineer's authority as set forth in the Contract Documents.
3. Undertake any of the responsibilities of Contractor, Subcontractor, Suppliers or Contractor's superintendent.
4. Advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences, or procedures of construction.
5. Advise on, issue directions regarding, or assume control over safety precautions and programs in connection with the Work.
6. Accept shop drawing or sample submittals from anyone other than Contractor.
7. Authorize Owner to occupy the Project in whole or in part.
8. Participate in specialized field or laboratory tests or inspections conducted off site by others except as specifically authorized by Engineer.

10.04 *Rejecting Defective Work*

- A. Engineer has the authority to reject Work in accordance with Article 14.

10.05 *Shop Drawings, Change Orders and Payments*

- A. Engineer's authority, and limitations thereof, as to Shop Drawings and Samples, are set forth in Paragraph 7.16.
- B. Engineer's authority, and limitations thereof, as to design calculations and design drawings submitted in response to a delegation of professional design services, if any, are set forth in Paragraph 7.19.
- C. Engineer's authority as to Change Orders is set forth in Article 11.
- D. Engineer's authority as to Applications for Payment is set forth in Article 15.

10.06 *Determinations for Unit Price Work*

- A. Engineer will determine the actual quantities and classifications of Unit Price Work performed by Contractor as set forth in Paragraph 13.03.

10.07 *Decisions on Requirements of Contract Documents and Acceptability of Work*

- A. Engineer will render decisions regarding the requirements of the Contract Documents, and judge the acceptability of the Work, pursuant to the specific procedures set forth

herein for initial interpretations, Change Proposals, and acceptance of the Work. In rendering such decisions and judgments, Engineer will not show partiality to Owner or Contractor, and will not be liable to Owner, Contractor, or others in connection with any proceedings, interpretations, decisions, or judgments conducted or rendered in good faith.

10.08 *Limitations on Engineer's Authority and Responsibilities*

- A. Neither Engineer's authority or responsibility under this Article 10 or under any other provision of the Contract, nor any decision made by Engineer in good faith either to exercise or not exercise such authority or responsibility or the undertaking, exercise, or performance of any authority or responsibility by Engineer, shall create, impose, or give rise to any duty in contract, tort, or otherwise owed by Engineer to Contractor, any Subcontractor, any Supplier, any other individual or entity, or to any surety for or employee or agent of any of them.
- B. Engineer will not supervise, direct, control, or have authority over or be responsible for Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Engineer will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.
- C. Engineer will not be responsible for the acts or omissions of Contractor or of any Subcontractor, any Supplier, or of any other individual or entity performing any of the Work.
- D. Engineer's review of the final Application for Payment and accompanying documentation and all maintenance and operating instructions, schedules, guarantees, bonds, certificates of inspection, tests and approvals, and other documentation required to be delivered by Paragraph 15.06.A will only be to determine generally that their content complies with the requirements of, and in the case of certificates of inspections, tests, and approvals, that the results certified indicate compliance with the Contract Documents.
- E. The limitations upon authority and responsibility set forth in this Paragraph 10.08 shall also apply to the Resident Project Representative, if any.

10.09 *Compliance with Safety Program*

- A. While at the Site, Engineer's employees and representatives will comply with the specific applicable requirements of Owner's and Contractor's safety programs (if any) of which Engineer has been informed.

ARTICLE 11 – AMENDING THE CONTRACT DOCUMENTS; CHANGES IN THE WORK

11.01 *Amending and Supplementing Contract Documents*

- A. The Contract Documents may be amended or supplemented by a Change Order, a Work Change Directive, or a Field Order.
 - 1. *Change Orders:*
 - a. If an amendment or supplement to the Contract Documents includes a change in the Contract Price or the Contract Times, such amendment or supplement must

This document is a MODIFIED version of EJCDC® C-700, Copyright © 2013 by the National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers, or is based in part on excerpts from copyrighted EJCDC documents. Those portions of the text that originated in copyrighted EJCDC documents remain subject to the copyright. Page 60 of 86

be set forth in a Change Order. A Change Order also may be used to establish amendments and supplements of the Contract Documents that do not affect the Contract Price or Contract Times.

- ~~b. Owner and Contractor may amend those terms and conditions of the Contract Documents that do not involve (1) the performance or acceptability of the Work, (2) the design (as set forth in the Drawings, Specifications, or otherwise), or (3) other engineering or technical matters, without the recommendation of the Engineer. Such an amendment shall be set forth in a Change Order.~~
2. *Work Change Directives:* A Work Change Directive will not change the Contract Price or the Contract Times but is evidence that the parties expect that the modification ordered or documented by a Work Change Directive will be incorporated in a subsequently issued Change Order, following negotiations by the parties as to the Work Change Directive's effect, if any, on the Contract Price and Contract Times; or, if negotiations are unsuccessful, by a determination under the terms of the Contract Documents governing adjustments, expressly including Paragraph 11.04 regarding change of Contract Price. Contractor must submit any Change Proposal seeking an adjustment of the Contract Price or the Contract Times, or both, no later than 30 days after the completion of the Work set out in the Work Change Directive. Owner must submit any Claim seeking an adjustment of the Contract Price or the Contract Times, or both, no later than 60 days after issuance of the Work Change Directive.
 3. *Field Orders:* Engineer may authorize minor changes in the Work if the changes do not involve an adjustment in the Contract Price or the Contract Times and are compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. Such changes will be accomplished by a Field Order and will be binding on Owner and also on Contractor, which shall perform the Work involved promptly. If Contractor believes that a Field Order justifies an adjustment in the Contract Price or Contract Times, or both, then before proceeding with the Work at issue, Contractor shall submit a Change Proposal as provided herein.

11.02 *Owner-Authorized Changes in the Work*

- A. Without invalidating the Contract and without notice to any surety, Owner may, at any time or from time to time, order additions, deletions, or revisions in the Work. Such changes shall be supported by Engineer's recommendation, ~~to the extent the change involves the design (as set forth in the Drawings, Specifications, or otherwise), or other engineering or technical matters.~~ Such changes may be accomplished by a Change Order, if Owner and Contractor have agreed as to the effect, if any, of the changes on Contract Times or Contract Price; or by a Work Change Directive. Upon receipt of any such document, Contractor shall promptly proceed with the Work involved; or, in the case of a deletion in the Work, promptly cease construction activities with respect to such deleted Work. Added or revised Work shall be performed under the applicable conditions of the Contract Documents. Nothing in this paragraph shall obligate Contractor to undertake work that Contractor reasonably concludes cannot be performed in a manner consistent with Contractor's safety obligations under the Contract Documents or Laws and Regulations.

11.03 *Unauthorized Changes in the Work*

- A. Contractor shall not be entitled to an increase in the Contract Price or an extension of the Contract Times with respect to any work performed that is not required by the Contract Documents, as amended, modified, or supplemented, except in the case of an emergency as provided in Paragraph 7.15 or in the case of uncovering Work as provided in Paragraph 14.05.

11.04 *Change of Contract Price*

- A. The Contract Price may only be changed by a Change Order. Any Change Proposal for an adjustment in the Contract Price shall comply with the provisions of Paragraph 11.06. Any Claim for an adjustment of Contract Price shall comply with the provisions of Article 12.
- B. An adjustment in the Contract Price will be determined as follows:
 - 1. where the Work involved is covered by unit prices contained in the Contract Documents, then by application of such unit prices to the quantities of the items involved (subject to the provisions of Paragraph 13.03); or
 - 2. where the Work involved is not covered by unit prices contained in the Contract Documents, then by a mutually agreed lump sum (which may include an allowance for overhead and profit ~~not necessarily~~ in accordance with Paragraph 11.04.C.2 unless Owner and Contractor agree that these allowances are not appropriate for the Work involved); or
 - 3. where the Work involved is not covered by unit prices contained in the Contract Documents and the parties do not reach mutual agreement to a lump sum, then on the basis of the Cost of the Work (determined as provided in Paragraph 13.01) plus a Contractor's fee for overhead and profit (determined as provided in Paragraph 11.04.C).
- C. *Contractor's Fee*: When applicable, the Contractor's fee for overhead and profit shall be determined as follows:
 - 1. a mutually acceptable fixed fee; or
 - 2. if a fixed fee is not agreed upon, then a fee based on the following percentages of the various portions of the Cost of the Work:
 - a. for costs incurred under Paragraphs 13.01.B.1 and 13.01.B.2, the Contractor's fee shall be 15 percent;
 - b. for costs incurred under Paragraph 13.01.B.3, the Contractor's fee shall be five percent;
 - c. where one or more tiers of subcontracts are on the basis of Cost of the Work plus a fee and no fixed fee is agreed upon, the intent of Paragraphs 11.01.C.2.a and 11.01.C.2.b is that the Contractor's fee shall be based on: (1) a fee of 15 percent of the costs incurred under Paragraphs 13.01.A.1 and 13.01.A.2 by the Subcontractor that actually performs the Work, at whatever tier, and (2) with respect to Contractor itself and to any Subcontractors of a tier higher than that of the Subcontractor that actually performs the Work, a fee of five percent of the amount (fee plus underlying costs incurred) attributable to the next lower tier

Subcontractor; provided, however, that for any such subcontracted work the maximum total fee to be paid by Owner shall be no greater than 27 percent of the costs incurred by the Subcontractor that actually performs the work;

- d. no fee shall be payable on the basis of costs itemized under Paragraphs 13.01.B.4, 13.01.B.5, and 13.01.C;
- e. ~~the amount of credit to be allowed by Contractor to Owner for any change which results in a net decrease in cost will be the amount of the actual net decrease in cost plus a deduction in Contractor's fee by an amount equal to five percent of such net decrease; and the amount of credit to be allowed by Contractor to Owner for any change which results in a net decrease in cost will be the amount of the actual net decrease in cost; and~~
- f. when both additions and credits are involved in any one change, the adjustment in Contractor's fee shall be computed on the basis of the net change in accordance with Paragraphs 11.04.C.2.a through 11.04.C.2.e, inclusive.

11.05 *Change of Contract Times*

- A. The Contract Times may only be changed by a Change Order. Any Change Proposal for an adjustment in the Contract Times shall comply with the provisions of Paragraph 11.06. Any Claim for an adjustment in the Contract Times shall comply with the provisions of Article 12.
- B. An adjustment of the Contract Times shall be subject to the limitations set forth in Paragraph 4.05, concerning delays in Contractor's progress.

11.06 *Change Proposals*

- A. Contractor shall submit a Change Proposal to Engineer to request an adjustment in the Contract Times or Contract Price; appeal an initial decision by Engineer concerning the requirements of the Contract Documents or relating to the acceptability of the Work under the Contract Documents; contest a set-off against payment due; or seek other relief under the Contract. The Change Proposal shall specify any proposed change in Contract Times or Contract Price, or both, or other proposed relief, and explain the reason for the proposed change, with citations to any governing or applicable provisions of the Contract Documents.
 - 1. *Procedures:* Contractor shall submit each Change Proposal to Engineer promptly (but in no event later than 30 days) after the start of the event giving rise thereto, or after such initial decision. The Contractor shall submit supporting data, including the proposed change in Contract Price or Contract Time (if any), to the Engineer and Owner within 15 days after the submittal of the Change Proposal. The supporting data shall be accompanied by a written statement that the supporting data are accurate and complete, and that any requested time or price adjustment is the entire adjustment to which Contractor believes it is entitled as a result of said event. Engineer will advise Owner regarding the Change Proposal, and consider any comments or response from Owner regarding the Change Proposal.
 - 2. *Engineer's Action:* Engineer will review each Change Proposal and, within 30 days after receipt of the Contractor's supporting data, either deny the Change Proposal in whole, approve it in whole, or deny it in part and approve it in part. Such actions shall be in writing, with a copy provided to Owner and Contractor. If Engineer does not take

action on the Change Proposal within 30 days, then either Owner or Contractor may at any time thereafter submit a letter to the other party indicating that as a result of Engineer's inaction the Change Proposal is deemed denied, thereby commencing the time for appeal of the denial under Article 12.

3. *Binding Decision:* Engineer's decision will be final and binding upon Owner and Contractor, unless Owner or Contractor appeals the decision by filing a Claim under Article 12.

~~B. *Resolution of Certain Change Proposals:* If the Change Proposal does not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters, then Engineer will notify the parties that the Engineer is unable to resolve the Change Proposal. For purposes of further resolution of such a Change Proposal, such notice shall be deemed a denial, and Contractor may choose to seek resolution under the terms of Article 12.~~

11.07 *Execution of Change Orders*

- A. Owner and Contractor shall execute appropriate Change Orders, recommended by Engineer, covering:
 1. changes in the Contract Price or Contract Times which are agreed to by the parties, including any undisputed sum or amount of time for Work actually performed in accordance with a Work Change Directive;
 2. changes in Contract Price resulting from an Owner set-off, unless Contractor has duly contested such set-off;
 3. changes in the Work which are: (a) ordered by Owner pursuant to Paragraph 11.02, (b) required because of Owner's acceptance of defective Work under Paragraph 14.04 or Owner's correction of defective Work under Paragraph 14.07, or (c) agreed to by the parties, subject to the need for Engineer's recommendation if the change in the Work involves the design (as set forth in the Drawings, Specifications, or otherwise), or other engineering or technical matters; and
 4. changes in the Contract Price or Contract Times, or other changes, which embody the substance of any final and binding results under Paragraph 11.06, or Article 12.
- B. If Owner or Contractor refuses to execute a Change Order that is required to be executed under the terms of this Paragraph 11.07, it shall be deemed to be of full force and effect, as if fully executed.

11.08 *Notification to Surety*

- A. If the provisions of any bond require notice to be given to a surety of any change affecting the general scope of the Work or the provisions of the Contract Documents (including, but not limited to, Contract Price or Contract Times), the giving of any such notice will be Contractor's responsibility. The amount of each applicable bond will be adjusted to reflect the effect of any such change. Contractor shall be responsible for notifying the surety of any assignment, modification, or change of the work covered thereby, or extension of time for the project. Failure to provide notice to the surety of any such change shall not exonerate the surety from its obligations under the bond.

ARTICLE 12 – CLAIMS

12.01 *Claims*

- A. *Claims Process:* All claims, except those waived pursuant to Paragraph 15.07, shall be referred to Engineer for decision. A decision by Engineer shall be required as a condition precedent to any exercise by Owner or Contractor of any rights or remedies either may otherwise have under the Contract Documents or by Laws and Regulations in respect of such Claims. The following disputes between Owner and Contractor shall be submitted to the Claims process set forth in this Article:
1. Appeals by Owner or Contractor of Engineer's decisions regarding Change Proposals;
 2. Owner demands for adjustments in the Contract Price or Contract Times, or other relief under the Contract Documents; and
 3. ~~Disputes that Engineer has been unable to address because they do not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters.~~
- B. *Submittal of Claim:* The party submitting a Claim shall deliver it directly to the other party to the Contract promptly (but in no event later than 30 days) after the start of the event giving rise thereto; in the case of appeals regarding Change Proposals within 30 days of the decision under appeal. The party submitting the Claim shall also furnish a copy to the Engineer, for its information only. The responsibility to substantiate a Claim shall rest with the party making the Claim. In the case of a Claim by Contractor seeking an increase in the Contract Times or Contract Price, or both, Contractor shall certify that the Claim is made in good faith, that the supporting data are accurate and complete, and that to the best of Contractor's knowledge and belief the amount of time or money requested accurately reflects the full amount to which Contractor is entitled.
- C. *Review and Resolution:* The party receiving a Claim shall review it thoroughly, giving full consideration to its merits. The two parties shall seek to resolve the Claim through the exchange of information and direct negotiations. The parties may extend the time for resolving the Claim by mutual agreement. All actions taken on a Claim shall be stated in writing and submitted to the other party, with a copy to Engineer.
- D. *Mediation:*
1. At any time after initiation of a Claim, Owner and Contractor may mutually agree to mediation of the underlying dispute. The agreement to mediate shall stay the Claim submittal and response process.
 2. If Owner and Contractor agree to mediation, then after 60 days from such agreement, either Owner or Contractor may unilaterally terminate the mediation process, and the Claim submittal and decision process shall resume as of the date of the termination. If the mediation proceeds but is unsuccessful in resolving the dispute, the Claim submittal and decision process shall resume as of the date of the conclusion of the mediation, as determined by the mediator.
 3. Owner and Contractor shall each pay one-half of the mediator's fees and costs.

- E. *Partial Approval*: If the party receiving a Claim approves the Claim in part and denies it in part, such action shall be final and binding unless within 30 days of such action the other party invokes the procedure set forth in Article 17 for final resolution of disputes.
- F. *Denial of Claim*: If efforts to resolve a Claim are not successful, the party receiving the Claim may deny it by giving written notice of denial to the other party. If the receiving party does not take action on the Claim within 90 days, then either Owner or Contractor may at any time thereafter submit a letter to the other party indicating that as a result of the inaction, the Claim is deemed denied, thereby commencing the time for appeal of the denial. A denial of the Claim shall be final and binding unless within 30 days of the denial the other party invokes the procedure set forth in Article 17 for the final resolution of disputes.
- G. *Final and Binding Results*: If the parties reach a mutual agreement regarding a Claim, whether through approval of the Claim, direct negotiations, mediation, or otherwise; or if a Claim is approved in part and denied in part, or denied in full, and such actions become final and binding; then the results of the agreement or action on the Claim shall be incorporated in a Change Order to the extent they affect the Contract, including the Work, the Contract Times, or the Contract Price.

ARTICLE 13 – COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK

13.01 Cost of the Work

- A. *Purposes for Determination of Cost of the Work*: The term Cost of the Work means the sum of all costs necessary for the proper performance of the Work at issue, as further defined below. The provisions of this Paragraph 13.01 are used for two distinct purposes:
 - 1. To determine Cost of the Work when Cost of the Work is a component of the Contract Price, under cost-plus-fee, time-and-materials, or other cost-based terms; or
 - 2. To determine the value of a Change Order, Change Proposal, Claim, set-off, or other adjustment in Contract Price. When the value of any such adjustment is determined on the basis of Cost of the Work, Contractor is entitled only to those additional or incremental costs required because of the change in the Work or because of the event giving rise to the adjustment.
- B. *Costs Included*: Except as otherwise may be agreed to in writing by Owner, costs included in the Cost of the Work shall be in amounts no higher than those prevailing in the locality of the Project, shall not include any of the costs itemized in Paragraph 13.01.C, and shall include only the following items:
 - 1. Payroll costs for employees in the direct employ of Contractor in the performance of the Work under schedules of job classifications agreed upon by Owner and Contractor. Such employees shall include, without limitation, superintendents, foremen, and other personnel employed full time on the Work. Payroll costs for employees not employed full time on the Work shall be apportioned on the basis of their time spent on the Work. Payroll costs shall include, but not be limited to, salaries and wages plus the cost of fringe benefits, which shall include social security contributions, unemployment, excise, and payroll taxes, workers' compensation, health and retirement benefits, bonuses, sick leave, and vacation and holiday pay applicable thereto. The expenses of performing Work outside of regular working hours, on

Saturday, Sunday, or legal holidays, shall be included in the above to the extent authorized by Owner.

2. Cost of all materials and equipment furnished and incorporated in the Work, including costs of transportation and storage thereof, and Suppliers' field services required in connection therewith. All cash discounts shall accrue to Contractor unless Owner deposits funds with Contractor with which to make payments, in which case the cash discounts shall accrue to Owner. All trade discounts, rebates, and refunds and returns from sale of surplus materials and equipment shall accrue to Owner, and Contractor shall make provisions so that they may be obtained.
3. Payments made by Contractor to Subcontractors for Work performed by Subcontractors. If required by Owner, Contractor shall obtain competitive bids from subcontractors acceptable to Owner and Contractor and shall deliver such bids to Owner, who will then determine, with the advice of Engineer, which bids, if any, will be acceptable. If any subcontract provides that the Subcontractor is to be paid on the basis of Cost of the Work plus a fee, the Subcontractor's Cost of the Work and fee shall be determined in the same manner as Contractor's Cost of the Work and fee as provided in this Paragraph 13.01.
4. Costs of special consultants (including but not limited to engineers, architects, testing laboratories, surveyors, attorneys, and accountants) employed for services specifically related to the Work.
5. Supplemental costs including the following:
 - a. The proportion of necessary transportation, travel, and subsistence expenses of Contractor's employees incurred in discharge of duties connected with the Work.
 - b. Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office, and temporary facilities at the Site, and hand tools not owned by the workers, which are consumed in the performance of the Work, and cost, less market value, of such items used but not consumed which remain the property of Contractor.
 - c. Rentals of all construction equipment and machinery, and the parts thereof, whether rented from Contractor or others in accordance with rental agreements approved by Owner with the advice of Engineer, and the costs of transportation, loading, unloading, assembly, dismantling, and removal thereof. All such costs shall be in accordance with the terms of said rental agreements. The rental of any such equipment, machinery, or parts shall cease when the use thereof is no longer necessary for the Work.
 - d. Sales, consumer, use, and other similar taxes related to the Work, and for which Contractor is liable, as imposed by Laws and Regulations.
 - e. Deposits lost for causes other than negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, and royalty payments and fees for permits and licenses.
 - f. Losses and damages (and related expenses) caused by damage to the Work, not compensated by insurance or otherwise, sustained by Contractor in connection with the performance of the Work (except losses and damages within the deductible amounts of property insurance established in accordance with

Paragraph 6.05), provided such losses and damages have resulted from causes other than the negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable. Such losses shall include settlements made with the written consent and approval of Owner. No such losses, damages, and expenses shall be included in the Cost of the Work for the purpose of determining Contractor's fee.

- g. The cost of utilities, fuel, and sanitary facilities at the Site.
- h. Minor expenses such as communication service at the Site, express and courier services, and similar petty cash items in connection with the Work.
- i. The costs of premiums for all bonds and insurance that Contractor is required by the Contract Documents to purchase and maintain.

C. *Costs Excluded*: The term Cost of the Work shall not include any of the following items:

- 1. Payroll costs and other compensation of Contractor's officers, executives, principals (of partnerships and sole proprietorships), general managers, safety managers, engineers, architects, estimators, attorneys, auditors, accountants, purchasing and contracting agents, expeditors, timekeepers, clerks, and other personnel employed by Contractor, whether at the Site or in Contractor's principal or branch office for general administration of the Work and not specifically included in the agreed upon schedule of job classifications referred to in Paragraph 13.01.B.1 or specifically covered by Paragraph 13.01.B.4. The payroll costs and other compensation excluded here are to be considered administrative costs covered by the Contractor's fee.
- 2. Expenses of Contractor's principal and branch offices other than Contractor's office at the Site.
- 3. Any part of Contractor's capital expenses, including interest on Contractor's capital employed for the Work and charges against Contractor for delinquent payments.
- 4. Costs due to the negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective Work, disposal of materials or equipment wrongly supplied, and making good any damage to property.
- 5. Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in Paragraph 13.01.B.

D. *Contractor's Fee*: When the Work as a whole is performed on the basis of cost-plus, Contractor's fee shall be determined as set forth in the Agreement. When the value of any Work covered by a Change Order, Change Proposal, Claim, set-off, or other adjustment in Contract Price is determined on the basis of Cost of the Work, Contractor's fee shall be determined as set forth in Paragraph 11.04.C.

E. *Documentation*: Whenever the Cost of the Work for any purpose is to be determined pursuant to this Article 13, Contractor will establish and maintain records thereof in accordance with generally accepted accounting practices and submit in a form acceptable to Engineer an itemized cost breakdown together with supporting data.

13.02 Allowances

- A. It is understood that Contractor has included in the Contract Price all allowances so named in the Contract Documents and shall cause the Work so covered to be performed for such sums and by such persons or entities as may be acceptable to Owner and Engineer.
- B. *Cash Allowances*: Contractor agrees that:
 - 1. the cash allowances include the cost to Contractor (less any applicable trade discounts) of materials and equipment required by the allowances to be delivered at the Site, and all applicable taxes; and
 - 2. Contractor's costs for unloading and handling on the Site, labor, installation, overhead, profit, and other expenses contemplated for the cash allowances have been included in the Contract Price and not in the allowances, and no demand for additional payment on account of any of the foregoing will be valid.
- C. *Contingency Allowance*: Contractor agrees that a contingency allowance, if any, is for the sole use of Owner to cover unanticipated costs.
- D. Prior to final payment, an appropriate Change Order will be issued as recommended by Engineer to reflect actual amounts due Contractor on account of Work covered by allowances, and the Contract Price shall be correspondingly adjusted.

13.03 Unit Price Work

- A. Where the Contract Documents provide that all or part of the Work is to be Unit Price Work, initially the Contract Price will be deemed to include for all Unit Price Work an amount equal to the sum of the unit price for each separately identified item of Unit Price Work times the estimated quantity of each item as indicated in the Agreement.
- B. The estimated quantities of items of Unit Price Work are not guaranteed and are solely for the purpose of comparison of Bids and determining an initial Contract Price. Payments to Contractor for Unit Price Work will be based on actual quantities.
- C. Each unit price will be deemed to include an amount considered by Contractor to be adequate to cover Contractor's overhead and profit for each separately identified item.
- D. Engineer will determine the actual quantities and classifications of Unit Price Work performed by Contractor. Engineer will review with Contractor the Engineer's preliminary determinations on such matters before rendering a written decision thereon (by recommendation of an Application for Payment or otherwise). Engineer's written decision thereon will be final and binding (except as modified by Engineer to reflect changed factual conditions or more accurate data) upon Owner and Contractor, subject to the provisions of the following paragraph.
- E. ~~Within 30 days of Engineer's written decision under the preceding paragraph, Contractor may submit a Change Proposal, or Owner may file a Claim, seeking an adjustment in the Contract Price if:~~
 - 1. ~~the quantity of any item of Unit Price Work performed by Contractor differs materially and significantly from the estimated quantity of such item indicated in the Agreement;~~
 - 2. ~~there is no corresponding adjustment with respect to any other item of Work; and~~

~~3. Contractor believes that it is entitled to an increase in Contract Price as a result of having incurred additional expense or Owner believes that Owner is entitled to a decrease in Contract Price, and the parties are unable to agree as to the amount of any such increase or decrease.~~

~~E. The unit price of an item of Unit Price Work shall be subject to reevaluation and adjustment under the following conditions:~~

~~1. If the Bid price of a particular item of Unit Price Work amounts to 15% or more of the Contract Price and the variation in the quantity of that particular item of Unit Price Work performed by Contractor differs by more than 25% from the estimated quantity of such item indicated in the Agreement; and~~

~~2. If there is no corresponding adjustment with respect to any other item of Work; and~~

~~3. If Contractor believes that it has incurred additional expense as a result thereof; or~~

~~4. If Owner believes that the quantity variation entitles it to an adjustment in the unit price,~~

~~either Owner or Contractor may make a Claim for an adjustment in the Contract Price in accordance with Article 10 if the parties are unable to agree as to the effect of any such variations in the quantity of Unit Price Work performed.~~

ARTICLE 14 – TESTS AND INSPECTIONS; CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

14.01 Access to Work

A. Owner, Engineer, their consultants and other representatives and personnel of Owner, independent testing laboratories, and authorities having jurisdiction will have access to the Site and the Work at reasonable times for their observation, inspection, and testing. Contractor shall provide them proper and safe conditions for such access and advise them of Contractor's safety procedures and programs so that they may comply therewith as applicable.

14.02 Tests, Inspections, and Approvals

A. All Work is subject to testing to indicate compliance with Contract Document requirements. Duplicate copies of test results of all tests required shall be submitted to Engineer. Testing laboratories are subject to the approval of Engineer. Tests and inspection of work may be conducted by Owner or an independent laboratory employed by Owner. Tests may also be performed in the field by Engineer as a basis for acceptance of the Work. Contractor shall give Engineer timely notice of readiness of the Work (or specific parts thereof) for all required inspections and tests, and shall cooperate with inspection and testing personnel to facilitate required inspections and tests. Samples required for testing shall be furnished by Contractor at no cost to Owner. In the event that completed Work does not conform to specification requirements during the initial test, the Work shall be corrected and retested for conformance. The entire cost of retesting completed Work shall be borne by Contractor. This shall include the extra cost for inspection to Owner which will be deducted from the final amount due Contractor.

B. Owner shall retain and pay for the services of an independent inspector, testing laboratory, or other qualified individual or entity to perform all inspections and tests

expressly required by the Contract Documents to be furnished and paid for by Owner, except that costs incurred in connection with tests or inspections of covered Work shall be governed by the provisions of Paragraph 14.05.

- C. If Laws or Regulations of any public body having jurisdiction require any Work (or part thereof) specifically to be inspected, tested, or approved by an employee or other representative of such public body, Contractor shall assume full responsibility for arranging and obtaining such inspections, tests, or approvals, pay all costs in connection therewith, and furnish Engineer the required certificates of inspection or approval.
- D. Contractor shall be responsible for arranging, obtaining, and paying for all inspections and tests required:
 - 1. by the Contract Documents, unless the Contract Documents expressly allocate responsibility for a specific inspection or test to Owner;
 - 2. to attain Owner's and Engineer's acceptance of materials or equipment to be incorporated in the Work;
 - 3. by manufacturers of equipment furnished under the Contract Documents;
 - 4. for testing, adjusting, and balancing of mechanical, electrical, and other equipment to be incorporated into the Work; and
 - 5. for acceptance of materials, mix designs, or equipment submitted for approval prior to Contractor's purchase thereof for incorporation in the Work.

Such inspections and tests shall be performed by independent inspectors, testing laboratories, or other qualified individuals or entities acceptable to Owner and Engineer.

- E. If the Contract Documents require the Work (or part thereof) to be approved by Owner, Engineer, or another designated individual or entity, then Contractor shall assume full responsibility for arranging and obtaining such approvals.
- F. If any Work (or the work of others) that is to be inspected, tested, or approved is covered by Contractor without written concurrence of Engineer, Contractor shall, if requested by Engineer, uncover such Work for observation. Such uncovering shall be at Contractor's expense unless Contractor had given Engineer timely notice of Contractor's intention to cover the same and Engineer had not acted with reasonable promptness in response to such notice.

14.03 Defective Work

- A. *Contractor's Obligation:* It is Contractor's obligation to assure that the Work is not defective.
- B. *Engineer's Authority:* Engineer has the authority to determine whether Work is defective, and to reject defective Work.
- C. *Notice of Defects:* Prompt notice of all defective Work of which Owner or Engineer has actual knowledge will be given to Contractor.
- D. *Correction, or Removal and Replacement:* Promptly after receipt of written notice of defective Work, Contractor shall correct all such defective Work, whether or not fabricated, installed, or completed, or, if Engineer has rejected the defective Work, remove it from the Project and replace it with Work that is not defective.

- E. *Preservation of Warranties*: When correcting defective Work, Contractor shall take no action that would void or otherwise impair Owner's special warranty and guarantee, if any, on said Work.
- F. *Costs and Damages*: In addition to its correction, removal, and replacement obligations with respect to defective Work, Contractor shall pay all claims, costs, losses, and damages arising out of or relating to defective Work, including but not limited to the cost of the inspection, testing, correction, removal, replacement, or reconstruction of such defective Work, fines levied against Owner by governmental authorities because the Work is defective, and the costs of repair or replacement of work of others resulting from defective Work. Prior to final payment, if Owner and Contractor are unable to agree as to the measure of such claims, costs, losses, and damages resulting from defective Work, then Owner may impose a reasonable set-off against payments due under Article 15.

14.04 *Acceptance of Defective Work*

- A. If, instead of requiring correction or removal and replacement of defective Work, Owner prefers to accept it, Owner may do so (subject, if such acceptance occurs prior to final payment, to Engineer's confirmation that such acceptance is in general accord with the design intent and applicable engineering principles, and will not endanger public safety). Contractor shall pay all claims, costs, losses, and damages attributable to Owner's evaluation of and determination to accept such defective Work (such costs to be approved by Engineer as to reasonableness), and for the diminished value of the Work to the extent not otherwise paid by Contractor. If any such acceptance occurs prior to final payment, the necessary revisions in the Contract Documents with respect to the Work shall be incorporated in a Change Order. If the parties are unable to agree as to the decrease in the Contract Price, reflecting the diminished value of Work so accepted, then Owner may impose a reasonable set-off against payments due under Article 15. If the acceptance of defective Work occurs after final payment, Contractor shall pay an appropriate amount to Owner.

14.05 *Uncovering Work*

- A. Engineer has the authority to require special inspection or testing of the Work, whether or not the Work is fabricated, installed, or completed.
- B. If any Work is covered contrary to the written request of Engineer, then Contractor shall, if requested by Engineer, uncover such Work for Engineer's observation, and then replace the covering, all at Contractor's expense.
- C. If Engineer considers it necessary or advisable that covered Work be observed by Engineer or inspected or tested by others, then Contractor, at Engineer's request, shall uncover, expose, or otherwise make available for observation, inspection, or testing as Engineer may require, that portion of the Work in question, and provide all necessary labor, material, and equipment.
 - 1. If it is found that the uncovered Work is defective, Contractor shall be responsible for all claims, costs, losses, and damages arising out of or relating to such uncovering, exposure, observation, inspection, and testing, and of satisfactory replacement or reconstruction (including but not limited to all costs of repair or replacement of work of others); and pending Contractor's full discharge of this responsibility the Owner shall be entitled to impose a reasonable set-off against payments due under Article 15.

2. If the uncovered Work is not found to be defective, Contractor shall be allowed an increase in the Contract Price or an extension of the Contract Times, or both, directly attributable to such uncovering, exposure, observation, inspection, testing, replacement, and reconstruction. If the parties are unable to agree as to the amount or extent thereof, then Contractor may submit a Change Proposal within 30 days of the determination that the Work is not defective.

14.06 *Owner May Stop the Work*

- A. If the Work is defective, or Contractor fails to supply sufficient skilled workers or suitable materials or equipment, or fails to perform the Work in such a way that the completed Work will conform to the Contract Documents, then Owner may order Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of Owner to stop the Work shall not give rise to any duty on the part of Owner to exercise this right for the benefit of Contractor, any Subcontractor, any Supplier, any other individual or entity, or any surety for, or employee or agent of any of them.

14.07 *Owner May Correct Defective Work*

- A. If Contractor fails within a reasonable time after written notice from Engineer to correct defective Work, or to remove and replace rejected Work as required by Engineer, or if Contractor fails to perform the Work in accordance with the Contract Documents, or if Contractor fails to comply with any other provision of the Contract Documents, then Owner may, after seven days written notice to Contractor, correct or remedy any such deficiency.
- B. In exercising the rights and remedies under this Paragraph 14.07, Owner shall proceed expeditiously. In connection with such corrective or remedial action, Owner may exclude Contractor from all or part of the Site, take possession of all or part of the Work and suspend Contractor's services related thereto, and incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere. Contractor shall allow Owner, Owner's representatives, agents and employees, Owner's other contractors, and Engineer and Engineer's consultants access to the Site to enable Owner to exercise the rights and remedies under this paragraph.
- C. All claims, costs, losses, and damages incurred or sustained by Owner in exercising the rights and remedies under this Paragraph 14.07 will be charged against Contractor as set-offs against payments due under Article 15. Such claims, costs, losses and damages will include but not be limited to all costs of repair, or replacement of work of others destroyed or damaged by correction, removal, or replacement of Contractor's defective Work.
- D. Contractor shall not be allowed an extension of the Contract Times because of any delay in the performance of the Work attributable to the exercise by Owner of Owner's rights and remedies under this Paragraph 14.07.

ARTICLE 15 – PAYMENTS TO CONTRACTOR; SET-OFFS; COMPLETION; CORRECTION PERIOD

15.01 *Progress Payments*

- A. *Basis for Progress Payments:* The Schedule of Values established as provided in Article 2 will serve as the basis for progress payments and will be incorporated into a form of

Application for Payment acceptable to Engineer. Progress payments on account of Unit Price Work will be based on the number of units completed during the pay period, as determined under the provisions of Paragraph 13.03. Progress payments for cost-based Work will be based on Cost of the Work completed by Contractor during the pay period.

B. *Applications for Payments:*

1. At least 20 days before the date established in the Agreement for each progress payment (but not more often than once a month), Contractor shall submit to Engineer for review an Application for Payment filled out and signed by Contractor covering the Work completed as of the date of the Application and accompanied by such supporting documentation as is required by the Contract Documents. If payment is requested on the basis of materials and equipment not incorporated in the Work but delivered and suitably stored at the Site or at another location agreed to in writing, the Application for Payment shall also be accompanied by a bill of sale, invoice, or other documentation warranting that Owner has received the materials and equipment free and clear of all Liens, and evidence that the materials and equipment are covered by appropriate property insurance, a warehouse bond, or other arrangements to protect Owner's interest therein, all of which must be satisfactory to Owner.
2. Beginning with the second Application for Payment, each Application shall include an affidavit of Contractor stating that all previous progress payments received on account of the Work have been applied on account to discharge Contractor's legitimate obligations associated with prior Applications for Payment.
3. The amount of retainage with respect to progress payments will be as stipulated in the Agreement.
4. No advanced payment for shop drawing preparation will be made. Shop drawing costs will be paid when equipment and materials are delivered and suitably stored on the site.
5. All stored equipment and materials for which payment is requested shall have two copies of invoices included with the pay request. Equipment shall be identified thoroughly on the invoices, including serial numbers.
6. Payment for the stored equipment and material which are on the site shall not exceed the invoiced amount for each item, less the Contract retainage. The overhead and profit for the stored items shall not be invoiced until the item is installed.
7. Payment for off site storage is normally reserved for sensitive or very large pieces of equipment that in Engineer's opinion would not be practical to have stored on the site. Payment for off site stored items shall be limited to 75% of the invoiced value of the item, less Contract retainage. Contractor shall reimburse Owner the cost of inspecting off site stored items. When off site storage is approved, Contractor shall provide Insurance Certificates and Document of Ownership to Owner.
8. Contractor shall submit certified payrolls to Owner on a weekly basis or as otherwise required by the Davis Bacon Act or the State Revolving Fund Program.
9. Partial payments shall be based on the Work completed regardless of the overall partial payment retainage.

10. By submitting an Application for Payment based in whole or in part on furnishing equipment or materials, Contractor certifies that such equipment and materials are compliant with American Iron and Steel requirements. Manufacturer's Certification letter for materials satisfy this requirement.

C. *Review of Applications:*

1. Engineer will, within 10 days after receipt of each Application for Payment, including each resubmittal, either indicate in writing a recommendation of payment and present the Application to Owner, or return the Application to Contractor indicating in writing Engineer's reasons for refusing to recommend payment. In the latter case, Contractor may make the necessary corrections and resubmit the Application.
2. Engineer's recommendation of any payment requested in an Application for Payment will constitute a representation by Engineer to Owner, based on Engineer's observations of the executed Work as an experienced and qualified design professional, and on Engineer's review of the Application for Payment and the accompanying data and schedules, that to the best of Engineer's knowledge, information and belief:
 - a. the Work has progressed to the point indicated;
 - b. the quality of the Work is generally in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, the results of any subsequent tests called for in the Contract Documents, a final determination of quantities and classifications for Unit Price Work under Paragraph 13.03, and any other qualifications stated in the recommendation); and
 - c. the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work.
3. By recommending any such payment Engineer will not thereby be deemed to have represented that:
 - a. inspections made to check the quality or the quantity of the Work as it has been performed have been exhaustive, extended to every aspect of the Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in the Contract; or
 - b. there may not be other matters or issues between the parties that might entitle Contractor to be paid additionally by Owner or entitle Owner to withhold payment to Contractor.
4. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment, including final payment, will impose responsibility on Engineer:
 - a. to supervise, direct, or control the Work, or
 - b. for the means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or

- c. for Contractor's failure to comply with Laws and Regulations applicable to Contractor's performance of the Work, or
 - d. to make any examination to ascertain how or for what purposes Contractor has used the money paid on account of the Contract Price, or
 - e. to determine that title to any of the Work, materials, or equipment has passed to Owner free and clear of any Liens.
5. Engineer may refuse to recommend the whole or any part of any payment if, in Engineer's opinion, it would be incorrect to make the representations to Owner stated in Paragraph 15.01.C.2.
 6. Engineer will recommend reductions in payment (set-offs) necessary in Engineer's opinion to protect Owner from loss because:
 - a. the Work is defective, requiring correction or replacement;
 - b. the Contract Price has been reduced by Change Orders;
 - c. Owner has been required to correct defective Work in accordance with Paragraph 14.07, or has accepted defective Work pursuant to Paragraph 14.04;
 - d. Owner has been required to remove or remediate a Hazardous Environmental Condition for which Contractor is responsible; or
 - e. Engineer has actual knowledge of the occurrence of any of the events that would constitute a default by Contractor and therefore justify termination for cause under the Contract Documents.

D. *Payment Becomes Due:*

1. ~~Ten~~Thirty days after presentation of the Application for Payment to Owner with Engineer's recommendation, the amount recommended (subject to any Owner set-offs) will become due, and when due will be paid by Owner to Contractor.

E. *Reductions in Payment by Owner:*

1. In addition to any reductions in payment (set-offs) recommended by Engineer, Owner is entitled to impose a set-off against payment based on any of the following:
 - a. claims have been made against Owner on account of Contractor's conduct in the performance or furnishing of the Work, or Owner has incurred costs, losses, or damages on account of Contractor's conduct in the performance or furnishing of the Work, including but not limited to claims, costs, losses, or damages from workplace injuries, adjacent property damage, non-compliance with Laws and Regulations, and patent infringement;
 - b. Contractor has failed to take reasonable and customary measures to avoid damage, delay, disruption, and interference with other work at or adjacent to the Site;
 - c. Contractor has failed to provide and maintain required bonds or insurance;
 - d. Owner has been required to remove or remediate a Hazardous Environmental Condition for which Contractor is responsible;

- e. Owner has incurred extra charges or engineering costs related to submittal reviews, evaluations of proposed substitutes, tests and inspections, or return visits to manufacturing or assembly facilities;
 - f. the Work is defective, requiring correction or replacement;
 - g. Owner has been required to correct defective Work in accordance with Paragraph 14.07, or has accepted defective Work pursuant to Paragraph 14.04;
 - h. the Contract Price has been reduced by Change Orders;
 - i. an event that would constitute a default by Contractor and therefore justify a termination for cause has occurred;
 - j. liquidated damages have accrued as a result of Contractor's failure to achieve Milestones, Substantial Completion, or final completion of the Work;
 - k. Liens-Claims pursuant to Iowa Code Chapter 573 have been filed in connection with the Work, ~~except where Contractor has delivered a specific bond satisfactory to Owner to secure the satisfaction and discharge of such Liens;~~
 - l. there are other items entitling Owner to a set off against the amount recommended.
2. If Owner imposes any set-off against payment, whether based on its own knowledge or on the written recommendations of Engineer, Owner will give Contractor immediate written notice (with a copy to Engineer) stating the reasons for such action and the specific amount of the reduction, and promptly pay Contractor any amount remaining after deduction of the amount so withheld. Owner shall promptly pay Contractor the amount so withheld, or any adjustment thereto agreed to by Owner and Contractor, if Contractor remedies the reasons for such action. The reduction imposed shall be binding on Contractor unless it duly submits a Change Proposal contesting the reduction.
 3. Upon a subsequent determination that Owner's refusal of payment was not justified, the amount wrongfully withheld shall be treated as an amount due as determined by Paragraph 15.01.C.1 and subject to interest as provided in the Agreement.

15.02 *Contractor's Warranty of Title*

- A. Contractor warrants and guarantees that title to all Work, materials, and equipment furnished under the Contract will pass to Owner free and clear of (1) all Liens-claim pursuant to Iowa Code Chapter 573 and other title defects, and (2) all patent, licensing, copyright, or royalty obligations, no later than seven days after the time of payment by Owner.

15.03 *Substantial Completion*

- A. When Contractor considers the entire Work ready for its intended use Contractor shall notify Owner and Engineer in writing that the entire Work is substantially complete and request that Engineer issue a certificate of Substantial Completion. Contractor shall at the same time submit to Owner and Engineer an initial draft of punch list items to be completed or corrected before final payment.
- B. Promptly after Contractor's notification, Owner, Contractor, and Engineer shall make an inspection of the Work to determine the status of completion. If Engineer does not

consider the Work substantially complete, Engineer will notify Contractor in writing giving the reasons therefor.

- C. If Engineer considers the Work substantially complete, Engineer will deliver to Owner a preliminary certificate of Substantial Completion which shall fix the date of Substantial Completion. Engineer shall attach to the certificate a punch list of items to be completed or corrected before final payment. Owner shall have seven days after receipt of the preliminary certificate during which to make written objection to Engineer as to any provisions of the certificate or attached punch list. If, after considering the objections to the provisions of the preliminary certificate, Engineer concludes that the Work is not substantially complete, Engineer will, within 14 days after submission of the preliminary certificate to Owner, notify Contractor in writing that the Work is not substantially complete, stating the reasons therefor. If Owner does not object to the provisions of the certificate, or if despite consideration of Owner's objections Engineer concludes that the Work is substantially complete, then Engineer will, within said 14 days, execute and deliver to Owner and Contractor a final certificate of Substantial Completion (with a revised punch list of items to be completed or corrected) reflecting such changes from the preliminary certificate as Engineer believes justified after consideration of any objections from Owner.
- D. At the time of receipt of the preliminary certificate of Substantial Completion, Owner and Contractor will confer regarding Owner's use or occupancy of the Work following Substantial Completion, review the builder's risk insurance policy with respect to the end of the builder's risk coverage, and confirm the transition to coverage of the Work under a permanent property insurance policy held by Owner. Unless Owner and Contractor agree otherwise in writing, Owner shall bear responsibility for security, operation, protection of the Work, property insurance, maintenance, heat, and utilities upon Owner's use or occupancy of the Work.
- E. After Substantial Completion the Contractor shall promptly begin work on the punch list of items to be completed or corrected prior to final payment. In appropriate cases Contractor may submit monthly Applications for Payment for completed punch list items, following the progress payment procedures set forth above.
- F. Owner shall have the right to exclude Contractor from the Site after the date of Substantial Completion subject to allowing Contractor reasonable access to remove its property and complete or correct items on the punch list.

15.04 *Partial Use or Occupancy*

- A. Prior to Substantial Completion of all the Work, Owner may use or occupy any substantially completed part of the Work which has specifically been identified in the Contract Documents, ~~or which Owner, Engineer, and Contractor agree constitutes a separately functioning and usable part of the Work that can be used by Owner for its intended purpose without significant interference with Contractor's performance of the remainder of the Work,~~ subject to the following conditions:
 - 1. At any time Owner may request in writing that Contractor permit Owner to use or occupy any such part of the Work that Owner believes to be substantially complete. If and when Contractor agrees that such part of the Work is substantially complete, Contractor, Owner, and Engineer will follow the procedures of Paragraph 15.03.A through E for that part of the Work.

~~2. At any time Contractor may notify Owner and Engineer in writing that Contractor considers any such part of the Work substantially complete and request Engineer to issue a certificate of Substantial Completion for that part of the Work.~~

2. Within a reasonable time after either such request, Owner, Contractor, and Engineer shall make an inspection of that part of the Work to determine its status of completion. If Engineer does not consider that part of the Work to be substantially complete, Engineer will notify Owner and Contractor in writing giving the reasons therefor. If Engineer considers that part of the Work to be substantially complete, the provisions of Paragraph 15.03 will apply with respect to certification of Substantial Completion of that part of the Work and the division of responsibility in respect thereof and access thereto.

3. No use or occupancy or separate operation of part of the Work may occur prior to compliance with the requirements of Paragraph 6.05 regarding builder's risk or other property insurance.

15.05 Final Inspection

A. Upon written notice from Contractor that the entire Work or an agreed portion thereof is complete, Engineer will promptly make a final inspection with Owner and Contractor and will notify Contractor in writing of all particulars in which this inspection reveals that the Work, or agreed portion thereof, is incomplete or defective. Contractor shall immediately take such measures as are necessary to complete such Work or remedy such deficiencies.

15.06 Final Payment

A. Application for Payment:

1. After Contractor has, in the opinion of Engineer, satisfactorily completed all corrections identified during the final inspection and has delivered, in accordance with the Contract Documents, all maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance, certificates of inspection, annotated record documents (as provided in Paragraph 7.11), and other documents, Contractor may make application for final payment.

2. The final Application for Payment shall be accompanied (except as previously delivered) by:

- a. all documentation called for in the Contract Documents;
- b. consent of the surety, if any, to final payment;
- c. satisfactory evidence that all title issues have been resolved such that title to all Work, materials, and equipment has passed to Owner free and clear of any Lien claims or other title defects, or will so pass upon final payment.
- d. a list of all disputes that Contractor believes are unsettled; and
- e. complete and legally effective releases or waivers (satisfactory to Owner) of all Lien rights arising out of the Work, and of Lien claims filed in connection with the Work.

3. In lieu of the releases or waivers of Lien claims specified in Paragraph 15.06.A.2 and as approved by Owner, Contractor may furnish receipts or releases in full and an affidavit of Contractor that: (a) the releases and receipts include all labor, services,

material, and equipment for which a ~~Lien-claim~~ could be filed; and (b) all payrolls, material and equipment bills, and other indebtedness connected with the Work for which Owner might in any way be responsible, or which might in any way result in ~~liens-claims~~ or other burdens on Owner's property, have been paid or otherwise satisfied. If any Subcontractor or Supplier fails to furnish such a release or receipt in full, Contractor may furnish a bond or other collateral satisfactory to Owner to indemnify Owner against any ~~Lienclaim~~, or Owner at its option may issue joint checks payable to Contractor and specified Subcontractors and Suppliers.

B. *Engineer's Review of Application and Acceptance:*

1. If, on the basis of Engineer's observation of the Work during construction and final inspection, and Engineer's review of the final Application for Payment and accompanying documentation as required by the Contract Documents, Engineer is satisfied that the Work has been completed and Contractor's other obligations under the Contract have been fulfilled, Engineer will, within ten days after receipt of the final Application for Payment, indicate in writing Engineer's recommendation of final payment and present the Application for Payment to Owner for payment. Such recommendation shall account for any set-offs against payment that are necessary in Engineer's opinion to protect Owner from loss for the reasons stated above with respect to progress payments. At the same time Engineer will also give written notice to Owner and Contractor that the Work is acceptable, subject to the provisions of Paragraph 15.07. Otherwise, Engineer will return the Application for Payment to Contractor, indicating in writing the reasons for refusing to recommend final payment, in which case Contractor shall make the necessary corrections and resubmit the Application for Payment.

C. *Completion of Work:* The Work is complete (subject to surviving obligations) when it is ready for final payment as established by the Engineer's written recommendation of final payment.

~~D. *Payment Becomes Due:* Thirty days after the presentation to Owner of the final Application for Payment and accompanying documentation, the amount recommended by Engineer (less any further sum Owner is entitled to set off against Engineer's recommendation, including but not limited to set-offs for liquidated damages and set-offs allowed under the provisions above with respect to progress payments) will become due and shall be paid by Owner to Contractor.~~

1. Except as provided in subparagraph (2), retained funds shall be retained by Owner for a period of 30 calendar days after the completion and final acceptance of the improvement by Owner. If at the end of the 30 calendar day period claims are on file as provided, Owner shall continue to retain from the unpaid funds, a sum equal to double the total amount of all claims on file. The remaining balance of the unpaid fund, or if no claims are on file, the entire unpaid fund, shall be released and paid to Contractor.
2. If Contractor requests an early release of retained funds, payment shall be in accordance with Iowa Code Section 573.28. Retained funds will not be released prior to Substantial Completion of all Work on the project, regardless as to whether Owner takes partial utilization of the Work.

15.07 *Waiver of Claims*

- A. The making of final payment will not constitute a waiver by Owner of claims or rights against Contractor. Owner expressly reserves claims and rights arising from unsettled Liens, from defective Work appearing after final inspection pursuant to Paragraph 15.05, from Contractor's failure to comply with the Contract Documents or the terms of any special guarantees specified therein, from outstanding Claims by Owner, or from Contractor's continuing obligations under the Contract Documents.
- B. The acceptance of final payment by Contractor will constitute a waiver by Contractor of all claims and rights against Owner other than those pending matters that have been duly submitted or appealed under the provisions of Article 17.

15.08 *Correction Period*

- A. ~~If within one year after the date of Substantial Completion~~ If within two years of the date of substantial completion or from the date of partial substantial completion for a designated portion of the Work, (or such longer period of time as may be prescribed by the terms of any applicable special guarantee required by the Contract Documents, or by any specific provision of the Contract Documents), any Work is found to be defective, or if the repair of any damages to the Site, adjacent areas that Contractor has arranged to use through construction easements or otherwise, and other adjacent areas used by Contractor as permitted by Laws and Regulations, is found to be defective, then Contractor shall promptly, without cost to Owner and in accordance with Owner's written instructions:
 - 1. correct the defective repairs to the Site or such other adjacent areas;
 - 2. correct such defective Work;
 - 3. if the defective Work has been rejected by Owner, remove it from the Project and replace it with Work that is not defective, and
 - 4. satisfactorily correct or repair or remove and replace any damage to other Work, to the work of others, or to other land or areas resulting therefrom.
- B. If Contractor does not promptly comply with the terms of Owner's written instructions, or in an emergency where delay would cause serious risk of loss or damage, Owner may have the defective Work corrected or repaired or may have the rejected Work removed and replaced. Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or repair or such removal and replacement (including but not limited to all costs of repair or replacement of work of others).
- C. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the Work, the correction period for that item may start to run from an earlier date if so provided in the Specifications.
- D. Where defective Work (and damage to other Work resulting therefrom) has been corrected or removed and replaced under this paragraph, the correction period hereunder with respect to such Work will be extended for an additional period of one year after such correction or removal and replacement has been satisfactorily completed.

- E. Contractor's obligations under this paragraph are in addition to all other obligations and warranties. The provisions of this paragraph shall not be construed as a substitute for, or a waiver of, the provisions of any applicable statute of limitation or repose.
- F. If Substantial Completion for the entire Work is never requested by Contractor, the correction period shall commence after final payment.

ARTICLE 16 – SUSPENSION OF WORK AND TERMINATION

16.01 *Owner May Suspend Work*

- A. At any time and without cause, Owner may suspend the Work or any portion thereof for a period of not more than 90 consecutive days by written notice to Contractor and Engineer. Such notice will fix the date on which Work will be resumed. Contractor shall resume the Work on the date so fixed. Contractor shall be entitled to an adjustment in the Contract Price or an extension of the Contract Times, or both, directly attributable to any such suspension. Any Change Proposal seeking such adjustments shall be submitted no later than 30 days after the date fixed for resumption of Work.

16.02 *Owner May Terminate for Cause*

- A. The occurrence of any one or more of the following events will constitute a default by Contractor and justify termination for cause:
 - 1. Contractor's persistent failure to perform the Work in accordance with the Contract Documents (including, but not limited to, failure to supply sufficient skilled workers or suitable materials or equipment or failure to adhere to the Progress Schedule);
 - 2. Failure of Contractor to perform or otherwise to comply with a material term of the Contract Documents;
 - 3. Contractor's disregard of Laws or Regulations of any public body having jurisdiction; or
 - 4. Contractor's repeated disregard of the authority of Owner or Engineer.
- B. If one or more of the events identified in Paragraph 16.02.A occurs, then after giving Contractor (and any surety) ten days written notice that Owner is considering a declaration that Contractor is in default and termination of the contract, Owner may proceed to:
 - 1. declare Contractor to be in default, and give Contractor (and any surety) notice that the Contract is terminated; and
 - 2. enforce the rights available to Owner under any applicable performance bond.
 - 3. complete the Work as Owner may deem expedient at the expense of Contractor and surety;
 - 4. apply the amounts retained from partial payments to the completion of the Work; and
 - 5. authorize the surety to complete the steps in Paragraph 16.02.B.1 through 4 above.
- C. Subject to the terms and operation of any applicable performance bond, if Owner has terminated the Contract for cause, Owner may exclude Contractor from the Site, take possession of the Work, incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere, and

complete the Work as Owner may deem expedient at the expense of Contractor and surety.

- D. Owner may not proceed with termination of the Contract under Paragraph 16.02.B if Contractor within seven days of receipt of notice of intent to terminate begins to correct its failure to perform and proceeds diligently to cure such failure.
- E. If Owner proceeds as provided in Paragraph 16.02.B, Contractor shall not be entitled to receive any further payment until the Work is completed. If the unpaid balance of the Contract Price exceeds the cost to complete the Work, including all related claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals) sustained by Owner, such excess will be paid to Contractor. If the cost to complete the Work including such related claims, costs, losses, and damages exceeds such unpaid balance, Contractor shall pay the difference to Owner. Such claims, costs, losses, and damages incurred by Owner will be reviewed by Engineer as to their reasonableness and, when so approved by Engineer, incorporated in a Change Order. When exercising any rights or remedies under this paragraph, Owner shall not be required to obtain the lowest price for the Work performed.
- F. Where Contractor's services have been so terminated by Owner, the termination will not affect any rights or remedies of Owner against Contractor then existing or which may thereafter accrue, or any rights or remedies of Owner against Contractor or any surety under any payment bond or performance bond. Any retention or payment of money due Contractor by Owner will not release Contractor from liability.
- G. If and to the extent that Contractor has provided a performance bond under the provisions of Paragraph 6.01.A, the provisions of that bond shall govern over any inconsistent provisions of Paragraphs 16.02.B and 16.02.D.

16.03 *Owner May Terminate For Convenience*

- A. Upon seven days written notice to Contractor and Engineer, Owner may, without cause and without prejudice to any other right or remedy of Owner, terminate the Contract. In such case, Contractor shall be paid for (without duplication of any items):
 - 1. completed and acceptable Work executed in accordance with the Contract Documents prior to the effective date of termination, including fair and reasonable sums for overhead and profit on such Work;
 - 2. expenses sustained prior to the effective date of termination in performing services and furnishing labor, materials, or equipment as required by the Contract Documents in connection with uncompleted Work, plus fair and reasonable sums for overhead and profit on such expenses; and
 - 3. other reasonable expenses directly attributable to termination, including costs incurred to prepare a termination for convenience cost proposal.
- B. Contractor shall not be paid on account of loss of anticipated overhead, profits, or revenue, or other economic loss arising out of or resulting from such termination.
- C. Contractor shall require similar provisions contained in Paragraph 16.03 in each of its subcontracts to protect Contractor from claims by subcontractors arising from Owner's termination for convenience, or to minimize claims by such subcontractors. The remedy

provided to Contractor under this Paragraph 16.03 shall be Contractor's sole remedy in the event of termination for convenience by Owner.

16.04 Contractor May Stop Work or Terminate

- A. If, through no act or fault of Contractor, (1) the Work is suspended for more than 90 consecutive days by Owner or under an order of court or other public authority, or (2) Engineer fails to act on any Application for Payment within 30 days after it is submitted, or (3) Owner fails for 30 days to pay Contractor any sum finally determined to be due, then Contractor may, upon seven days written notice to Owner and Engineer, and provided Owner or Engineer do not remedy such suspension or failure within that time, terminate the contract and recover from Owner payment on the same terms as provided in Paragraph 16.03.
- B. In lieu of terminating the Contract and without prejudice to any other right or remedy, if Engineer has failed to act on an Application for Payment within 30 days after it is submitted, or Owner has failed for 30 days to pay Contractor any sum finally determined to be due, Contractor may, seven days after written notice to Owner and Engineer, stop the Work until payment is made of all such amounts due Contractor, including interest thereon. The provisions of this paragraph are not intended to preclude Contractor from submitting a Change Proposal for an adjustment in Contract Price or Contract Times or otherwise for expenses or damage directly attributable to Contractor's stopping the Work as permitted by this paragraph.

ARTICLE 17 – FINAL RESOLUTION OF DISPUTES

17.01 Methods and Procedures

- A. *Disputes Subject to Final Resolution:* The following disputed matters are subject to final resolution under the provisions of this Article:
 - 1. A timely appeal of an approval in part and denial in part of a Claim, or of a denial in full; and
 - 2. Disputes between Owner and Contractor concerning the Work or obligations under the Contract Documents, and arising after final payment has been made.
- B. *Final Resolution of Disputes:* For any dispute subject to resolution under this Article, Owner or Contractor may:
 - ~~1. elect in writing to invoke the dispute resolution process provided for in the Supplementary Conditions; or~~
 - ~~2.1. agree with the other party to submit the dispute to another mutually agreed to dispute resolution process; or~~
 - ~~3.2. if no dispute resolution process is provided for in the Supplementary Conditions or mutually agreed to, give written notice to the other party of the intent to submit the dispute to a court of competent jurisdiction.~~

ARTICLE 18 – MISCELLANEOUS

18.01 *Giving Notice*

- A. Whenever any provision of the Contract Documents requires the giving of written notice, it will be deemed to have been validly given if:
 - 1. delivered in person, by a commercial courier service or otherwise, to the individual or to a member of the firm or to an officer of the corporation for which it is intended; or
 - 2. delivered at or sent by registered or certified mail, postage prepaid, to the last business address known to the sender of the notice.

18.02 *Computation of Times*

- A. When any period of time is referred to in the Contract by days, it will be computed to exclude the first and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day will be omitted from the computation.

18.03 *Cumulative Remedies*

- A. The duties and obligations imposed by these General Conditions and the rights and remedies available hereunder to the parties hereto are in addition to, and are not to be construed in any way as a limitation of, any rights and remedies available to any or all of them which are otherwise imposed or available by Laws or Regulations, by special warranty or guarantee, or by other provisions of the Contract. The provisions of this paragraph will be as effective as if repeated specifically in the Contract Documents in connection with each particular duty, obligation, right, and remedy to which they apply.

18.04 *Limitation of Damages*

- A. With respect to any and all Change Proposals, Claims, disputes subject to final resolution, and other matters at issue, neither Owner nor Engineer, nor any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, shall be liable to Contractor for any claims, costs, losses, or damages sustained by Contractor on or in connection with any other project or anticipated project.

18.05 *No Waiver*

- A. A party's non-enforcement of any provision shall not constitute a waiver of that provision, nor shall it affect the enforceability of that provision or of the remainder of this Contract.

18.06 *Survival of Obligations*

- A. All representations, indemnifications, warranties, and guarantees made in, required by, or given in accordance with the Contract, as well as all continuing obligations indicated in the Contract, will survive final payment, completion, and acceptance of the Work or termination or completion of the Contract or termination of the services of Contractor.

18.07 *Controlling Law*

- A. This Contract is to be governed by the law of the state in which the Project is located.

18.08 *Headings*

- A. Article and paragraph headings are inserted for convenience only and do not constitute parts of these General Conditions.

01526122-1\10422-183

INSURANCE SCHEDULE
THE CITY OF DUBUQUE, IOWA
AND
CHICAGO CENTRAL AND PACIFIC RAILROAD

INSURANCE SCHEDULE

THE CITY OF DUBUQUE, IOWA AND CHICAGO CENTRAL AND PACIFIC RAILROAD

1. Contractor shall furnish a signed certificate of insurance and copies of all policies and endorsements to the Finance Department for the coverage required prior to commencing work and at the end of the project if the term of work is longer than 60 days. Contractors presenting annual certificates shall present a certificate at the end of each project with the final billing. Each certificate shall be prepared on the most current ACORD form approved by the Iowa Department of Insurance or an equivalent approved by the City's Finance Director.
2. All policies of insurance required hereunder shall be with an insurer authorized to do business in Iowa and all insurers shall have a rating of A or better in the current A.M. Best's Rating Guide.
3. Each Certificate required shall be furnished to the Finance Department of the City of Dubuque.
4. Failure to provide the coverages described in this Insurance Schedule shall not be deemed a waiver of these requirements by the City of Dubuque. Failure to obtain or maintain the required insurance shall be considered a material breach of this contract.
5. Contractor shall require all subcontractors and sub-subcontractors to obtain and maintain during the performance of work insurance for the coverages described in this Insurance Schedule and shall obtain certificates of insurance from all such subcontractors and sub-subcontractors. Contractor agrees that it shall be liable for the failure of a subcontractor and sub-subcontractor to obtain and maintain such coverage. Contractor shall provide City with a copy of such certificates.
6. All required policies and endorsements to various policies shall be attached to the certificate of insurance.
7. Whenever an ISO form is referenced, the current edition must be provided.
8. Contractor shall be required to carry the minimum coverage/limit, or greater if required by law or other legal agreement described below. If Contractor's limits of liability are higher than the required minimum limits, then Contractor's limits shall be this agreement's required limits.
9. The Contractor shall be responsible for deductibles and self-insured retentions.

Contractor shall procure and maintain in effect at any time when the (Old Mill Road Lift Station and Force Main Project) work is being performed, the following insurance:

The policy shall by its wording or by endorsement insure those liabilities and obligations which this Agreement contemplates will be assumed by the Contractor including liabilities and obligations to indemnify the Indemnified Parties (as defined below).

A) COMMERCIAL GENERAL LIABILITY

General Aggregate Limit	\$4,000,000
Products-Completed Operations Aggregate Limit	\$4,000,000
Personal and Advertising Injury Limit	\$2,000,000
Each Occurrence	\$2,000,000
Fire Damage Limit (any one occurrence)	\$50,000
Medical Payments	\$5,000

- 1) Coverage shall be written on an occurrence, not claims made, form. The general liability coverage shall be written in accord with ISO form CG0001 or business owners form BP0002. All deviations from the standard ISO commercial general liability form CG 0001 or business owners form BP 0002 shall be clearly identified.
- 2) Include ISO endorsement form CG 25 04 "Designated Location(s) General Aggregate Limit" or CG 25 03 "Designated Construction Project(s) General Aggregate Limit" as appropriate.
- 3) Include endorsement indicating that coverage is primary and non-contributory.
- 4) Include Preservation of Governmental Immunities Endorsement. (Sample attached).
- 5) Include an endorsement that deletes any fellow employee exclusion.
- 6) Include an endorsement to the Commercial General Liability policy equal to ISO CG 2417 10 01(Contractual Liability-Railroads). A copy of this endorsement shall be attached to the certificate of insurance.
- 7) Include additional insured endorsement for:
The City of Dubuque, including all its elected and appointed officials, all its employees and volunteers, all its boards, commissions and/or authorities and their board members, employees and volunteers, Strand Associates, Inc., and Chicago Central & Pacific Railroad, and its Parents. Use ISO form CG 20 10 (Ongoing operations). The additional insured endorsement shall include completed operations under ISO form CG 2037 during the project term and for a period of three years after the completion of the project.
- 8) Policy shall include Waiver of Right to Recover from Others endorsement against the Protected Parties.
- 8) The policy shall be endorsed to require that the City of Dubuque, Strand Associates, Inc., and Chicago Central & Pacific Railroad, and its Parents be given not less than 30 days written notice in advance of cancellation or termination of the policy or of any change or amendment to the policy that restricts or reduces coverage.

B) WORKERS' COMPENSATION & EMPLOYERS LIABILITY

Statutory Benefits covering all employees injured on the job by accident or disease as prescribed by Iowa Code Chapter 85.

Coverage A	Statutory—State of Iowa	
Coverage B	Employers Liability	
	Each Accident	\$100,000
	Each Employee-Disease	\$100,000
	Policy Limit-Disease	\$500,000

- 1) Policy shall include Waiver of Right to Recover from Others endorsement against the Protected Parties.
- 2) Coverage B limits shall be greater if required by the umbrella/excess insurer.
- 3) Nonelection of Workers' Compensation or Employers' Liability Coverage under Iowa Code sec. 87.22

___ yes ___ form attached.

- 4) The policy shall be endorsed to require that the City be given not less than 30 days written notice in advance of cancellation or termination of the policy or of any change or amendment to the policy that restricts or reduces coverage.

C) AUTOMOBILE LIABILITY AND PROPERTY DAMAGE INSURANCE

Combined Single Limit: \$1,000,000

- 1) The policy shall be endorsed to require that the City and Strand Associates, Inc. be given not less than 30 days written notice in advance of cancellation or termination of the policy or of any change or amendment to the policy that restricts or reduces coverage.
- 2) Policy shall include Waiver of Right to Recover from Others endorsement.

D) UMBRELLA/EXCESS LIABILITY \$10,000,000

- 1) Policy shall be over the General Liability, Business Auto and Employers Liability, requirements may be satisfied with a combination of primary and Umbrella or Excess Liability Insurance. If the umbrella or excess Liability Insurance policy does not follow the form of the primary policies, it shall include the same endorsements as required of the primary policies including but not limited to waiver of subrogation and primary and non-contributory in favor of the City and Strand Associates, Inc.
- 2) The policy shall be endorsed to require that the City and Strand Associates, Inc. be given not less than 30 days written notice in advance of cancellation or termination of the policy or of any change or amendment to the policy that restricts or reduces coverage.

E) RAILROAD PROTECTIVE LIABILITY

- 1) Railroad protective liability insurance (occurrence form), in the name of Chicago Central & Pacific Railroad, and its Parents, with limits of no less than \$5,000,000 per occurrence and \$10,000,000 aggregate for the term of the policy with respect of bodily injury liability, property damage liability and physical damage to property.
- 2) The policy must name Chicago Central & Pacific Railroad, and its Parents as the insured, and shall provide for not less than ten (10) days prior written notice to Chicago Central & Pacific Railroad, and its Parents as cancellation of, or any material change, in the policy. The policy must provide City with 30-day notice of cancellation.

F) ENVIRONMENTAL IMPAIRMENT LIABILITY OR POLLUTION LIABILITY

Pollution liability coverage shall be required. Pollution product and complete operations coverage shall also be covered.

Each Occurrence \$5,000,000
Policy Aggregate \$5,000,000

- 1) Policy to include premises and transportation coverage.
- 2) Include Preservation of Governmental Immunities Endorsement.
- 3) Provide evidence of coverage for 5 years after completion of project.
- 4) The policy shall be endorsed to require that the Chicago Central & Pacific, and its Parents, the City of Dubuque, and Strand Associates, Inc. be given not less than 30 days written notice in advance of cancellation or termination of the policy or of any change or amendment to the policy that restricts or reduces coverage.
- 5) The policy shall be endorsed with a cross liability (severability of interest) endorsement in substantially the following form: "This policy shall insure each person, firm, or corporation hereunder in the same manner and to the same extent as if a separate policy had been issued to each, but the inclusion herein of more than one insured shall not operate to increase the limits of the insurance company's liabilities."
- 6) The policy shall be endorsed to add Chicago Central & Pacific, and its Parents, the City of Dubuque, including all its elected and appointed officials, all its employees and volunteers, all its boards, commissions and/or authorities and their board members, employees and volunteers, and Strand Associates, Inc. as additional insureds and to waive subrogation rights against such parties.

PRESERVATION OF GOVERNMENTAL IMMUNITIES ENDORSEMENT

1. Nonwaiver of Governmental Immunity. The insurer expressly agrees and states that the purchase of this policy and the including of the City of Dubuque, Iowa as an Additional Insured does not waive any of the defenses of governmental immunity available to the City of Dubuque, Iowa under Code of Iowa Section 670.4 as it is now exists and as it may be amended from time to time.
2. Claims Coverage. The insurer further agrees that this policy of insurance shall cover only those claims not subject to the defense of governmental immunity under the Code of Iowa Section 670.4 as it now exists and as it may be amended from time to time. Those claims not subject to Code of Iowa Section 670.4 shall be covered by the terms and conditions of this insurance policy.
3. Assertion of Government Immunity. The City of Dubuque, Iowa shall be responsible for asserting any defense of governmental immunity, and may do so at any time and shall do so upon the timely written request of the insurer.
4. Non-Denial of Coverage. The insurer shall not deny coverage under this policy and the insurer shall not deny any of the rights and benefits accruing to the City of Dubuque, Iowa under this policy for reasons of governmental immunity unless and until a court of competent jurisdiction has ruled in favor of the defense(s) of governmental immunity asserted by the City of Dubuque, Iowa.

No Other Change in Policy. The above preservation of governmental immunities shall not otherwise change or alter the coverage available under the policy.

SPECIMEN

(DEPARTMENT MANAGER: FILL IN ALL BLANKS AND CHECK BOXES)

SPECIFICATIONS

SECTION 01 11 00

SUMMARY OF WORK

PART 1–GENERAL

1.01 DIVISION ONE

- A. The requirements of Division 01 apply to all sections of the Contract.
- B. Where CN or CC&P are noted in the Contract Documents, they shall refer to Canadian National Railway (CN) and Chicago Central, and Pacific Railroad (CC&P). CC&P is a subsidiary of CN.

1.02 PROJECT SCOPE

- A. CONTRACTOR shall provide all items, articles, materials, operations or methods mentioned or scheduled on the Drawings or herein specified: including all labor, supervision, equipment, incidentals, taxes, and permits necessary to complete the Work as described within the Contract Documents. CONTRACTOR shall install all items provided by OWNER as mentioned or scheduled on the Drawings or herein specified.

1.03 CONTRACT DOCUMENTS–INTENT AND USE

- A. Intent of Documents:
 - 1. Singular notations and specifications shall be considered plural where application is reasonably inferred.
 - 2. Mention or indication of extent of work under any division or Specification section is done only for convenience of CONTRACTOR and shall not be construed as describing all work required under that division or section.
 - 3. Some individual sections may contain a list of related sections. The list of related sections in individual sections is provided for the convenience of CONTRACTOR and is not necessarily all-inclusive. CONTRACTOR may not rely upon this listing for determination of scope of work. Other sections of the Specifications not referenced in individual sections shall apply as required for proper performance of the Work.
 - 4. Command type sentences may be used in the Contract Documents. These sentences refer to and are directed to CONTRACTOR.
 - 5. Symbols for various elements and systems are shown on the Drawings. Should there be any doubt regarding the meaning or intent of the symbols used, a written interpretation shall be obtained from ENGINEER.
- B. Use of Documents:
 - 1. CONTRACTOR shall examine all Specifications and Drawings for the Work, including those that may pertain to Work CONTRACTOR does not normally perform with its own forces.
 - 2. CONTRACTOR shall use all of the Project Drawings and Specifications:
 - a. For a complete understanding of the Project.
 - b. To determine the type of construction and systems required.
 - c. For coordination with other contractors.

- d. To determine what other work may be involved in various parts or phases.
 - e. To anticipate and notify others when work by others will be required.
 - f. And all other relevant matters related to the project.
3. CONTRACTOR is also bound by all requirements of the Contract Documents which are applicable to, pertain to, or affect its Work as may be shown or inferred by the entire set of Project Drawings and Specifications.

1.04 CONSTRUCTION REQUIREMENTS

- A. In general, the following contract completion Milestones shall be followed. See Agreement for specific dates. Milestone 1 Completion: CONTRACTOR shall by that date, have completed and placed in service all site gravity sewer and force main work.
- B. General Information and Requirements:
- 1. Wastewater treatment during construction must be continuous and the treatment efficiency must be equal to that achieved prior to the start of construction.
 - 2. It shall be the responsibility of CONTRACTOR to not in any way impair the normal treatment or operating efficiency of the facilities, regardless of the work underway. No bypassing of raw or partially treated wastewater to receiving stream shall occur at any time as a result of construction. In general, this requires that new facilities be complete and ready for service or that temporary facilities be provided prior to removing existing units from service for modification or repair. CONTRACTOR shall provide all temporary piping, bypass pumping, and temporary construction required to complete the Work.
 - 3. Operation of existing treatment facilities will be the responsibility of OWNER. CONTRACTOR shall cooperate with OWNER's staff at all times. A minimum of 48 hours prior to making any process or electrical connections to existing facilities or modification or demolition of existing facilities, CONTRACTOR shall notify OWNER in writing. At the time of notification, CONTRACTOR shall submit a schedule for completion of the Work, including a description of measures that will be taken to minimize the impact to existing facilities.
 - 4. Access: CONTRACTOR shall maintain roadways open at all times to meet OWNER's requirements, including access for sludge hauling vehicles and chemical deliveries. CONTRACTOR shall be responsible for maintaining roadways in drivable condition, including placement of temporary stone and gravel and providing drainage as necessary. OWNER's roadways around the treatment facility shall be cleaned of construction site materials, soil, and debris as necessary.
- C. Construction Sequence:
- 1. The following construction sequence is provided as a general guideline for the information and for the benefit of CONTRACTOR. This construction sequence is not intended to dictate means, method of construction, or direct construction activities. This construction sequence is a conceptual general construction sequence with minimum recommended outage, shutdowns, and operating units to be maintained in service. The general construction sequence is projected to allow the Work to be completed while maintaining operation of the sanitary sewer system. It is not intended to be all inclusive and does not list all work elements or details that are required to complete the Work, complete treatment processes, or place unit processes in service. CONTRACTOR shall be responsible for implementing any additional details required, including temporary piping, bypass pumping, or temporary construction at no additional cost to OWNER.

2. CONTRACTOR may propose alternate sequence or modifications to this sequence. OWNER will review the proposed modification and determine if such modification of the sequence interferes with the proper operation of the sanitary sewer system. Any modifications to this general construction sequence shall be proposed in writing and shall be approved by OWNER prior to their implementations.
3. General Construction Sequence:
 - a. Construct access drive as shown on sheet A.07 prior to deep excavation. CONTRACTOR shall maintain access to adjacent property at all times.
 - b. Force Main: Work on the force main may begin at any time once CONTRACTOR has necessary permits from Railroads and other Agencies. CONTRACTOR shall coordinate with City prior to any road closures.
 - c. Old Mill Pumping Station: The driveway and storm sewer shall be constructed prior to all other work on OMPS. Borings under the railroad tracks shall be completed prior to construction of the OMPS shoring system. CONTRACTOR shall maintain access to shared driveway to nearby home. The Generator shall be online prior to startup of OMPS.
 - d. Influent Piping: Work on 48-inch gravity sanitary sewer and 54-inch gravity sanitary sewer may begin at any time. Connections to the existing sanitary sewer in new manholes SAN S 08636 and SAN S 08643 may not begin until the Old Mill Pumping Station, force main, and Screening Building are substantially complete.

1.05 CONTRACTOR USE OF SITE

A. General:

1. The "area of the site" referred to in these Specifications shall be as shown on the Drawings. If the "area of the site" is not shown, OWNER's property lines, the Project right-of-way and/or any easements obtained for the Project shall be considered the "area of the site."
2. Construction activities shall be confined within the "area of the site" limits.
3. From the start of work to completion CONTRACTOR is responsible for the care of the site and the premises which are affected by operations of Work of this Contract.
4. Except for permanent site improvements provided under the Contract, CONTRACTOR shall restore property disturbed during the Work, to the conditions which previously existed.
5. Work in occupied spaces shall be restricted to specified Work and essential activities, such as making necessary connections and extending services or constructing temporary access ways. Such work shall be scheduled in advance with OWNER.

B. Parking and Deliveries:

1. CONTRACTOR is responsible for control of traffic by vehicles and persons within the limits of its operations.
2. Parking for employees, subcontractors, and agents of CONTRACTOR shall be in areas subject to approval of OWNER.
3. Access to the site for delivery of construction material or equipment shall be subject to approval of OWNER.

1.06 EXISTING SERVICES, OVERHEAD UTILITIES, AND UNDERGROUND FACILITIES INCLUDING STRUCTURES

- A. Interruption of existing services and systems including heating, ventilating, air conditioning, water, sanitary, lighting and power, signal and security systems, and similar work shall be kept to an absolute minimum and shall be limited to times approved by OWNER.
- B. If deemed necessary by OWNER, such work shall be accomplished after OWNER's normal office hours.
- C. Work shall not commence until all labor, materials, and equipment are available so Work can continue without interruption or delay.
- D. Should uncharted or incorrectly charted services or Underground Facilities be encountered during installation, notify OWNER and consult with utility owner immediately.
- E. Cooperate with OWNER and utility companies in keeping respective services and Underground Facilities in operation and repair any damage.
- F. CONTRACTOR shall not interrupt existing services and Underground Facilities occupied and used by OWNER or others, except when permitted in writing by OWNER.
- G. Any accidental interruption of services and Underground Facilities shall be repaired immediately, including provision of temporary facilities until permanent repairs can be made.
- H. Iowa Law (Chapter 480, Iowa Code) requires, among other provisions, that before excavation or demolition begins, reasonable advance notice (not less than 48 hours prior to the start of the excavation or demolition) of the intent to excavate or demolish be provided to the owners of the Underground Facilities in and near the construction area whose facilities may be affected by the excavation or demolition. As part of this notification requirement, CONTRACTOR shall contact Iowa One Call (811 or 1-800-292-8989). CONTRACTOR shall be aware that not all owners participate in the Iowa One Call program. A call to this agency shall not absolve CONTRACTOR of the requirements of this statute. CONTRACTOR shall comply with all others provisions of the statute though not enumerated herein.
- I. Locations and elevations of services and Underground Facilities as shown on the Drawings are approximate. It shall be CONTRACTOR's responsibility to determine their exact location when in their vicinity. To this end, CONTRACTOR shall proceed with caution in the excavation and preparation of the Site so the exact location of services and Underground Facilities can be determined. CONTRACTOR shall include in the Contract Price any costs for temporary or permanent relocations of such services and Underground Facilities required to complete the Work unless specifically indicated otherwise in the Specifications.
- J. Where potential grade conflicts might occur with existing services and Underground Facilities, CONTRACTOR shall uncover such services and Underground Facilities sufficiently in advance of construction so that elevations may be determined to allow any necessary adjustments to be made.

- K. CONTRACTOR shall coordinate with overhead utility companies prior to the Work. CONTRACTOR shall provide all necessary temporary and permanent support relocation or temporary and permanent restraint to maintain overhead utilities in service.
- L. CONTRACTOR shall keep an accurate and complete record of all such services and Underground Facilities encountered and shall provide OWNER a copy of this record. The record shall include a description of the item encountered, opinion as to conditions, and adequate measurements and depths so that the item can be located in the future.
- M. CONTRACTOR shall inspect all services and Underground Facilities for condition and soundness. Unsound conditions shall be reported to OWNER immediately after exposing. CONTRACTOR shall not proceed with the Work until the service or facility owner has been notified. Service or facility owner shall then be given time to inspect and correct, if required, the service or Underground Facility. CONTRACTOR may make claim under the provisions of Articles 11 and 12 of the General Conditions should CONTRACTOR feel a price or time adjustment is justified.
- N. Any additional costs incurred because of failure of CONTRACTOR to report the condition of any and all existing services and Underground Facility encountered shall be paid for by CONTRACTOR.
- O. Whenever ENGINEER feels it is necessary to explore and excavate to determine the location of existing services and Underground Facilities, CONTRACTOR shall make explorations and excavations for such purposes. If CONTRACTOR is required to perform additional Work in making the explorations and excavations, extra compensation will be allowed as provided for in the General Conditions.

1.07 PROTECTION OF WORK AND IMPROVEMENTS

- A. CONTRACTOR shall protect the property of OWNER, existing improvements, and the Work installed by CONTRACTOR and others from abuse, damage, dust, debris, and other objectionable materials resulting from construction activities.
- B. CONTRACTOR shall provide suitable covers, partitions, or other dust and fume containment devices to suit construction operations.
- C. CONTRACTOR shall keep property, existing improvements, and the Work including structures, mains, fittings, and accessories free from dirt and foreign matter at all times.
- D. CONTRACTOR shall provide temporary plugging of openings, holes, and pipe ends that are existing or that CONTRACTOR has installed.
- E. Property, improvements, and Work damaged by CONTRACTOR shall be repaired or replaced by CONTRACTOR to the satisfaction of OWNER.
- F. If more than one contractor is responsible, the cost shall be shared. ENGINEER will determine responsibility for damages. All repair and replacement methods shall be acceptable to OWNER.

- G. CONTRACTOR is cautioned that existing public and private streets, alleyways, and roads may not hold up to typical construction traffic or activities. CONTRACTOR shall repair or replace streets, alleyways, roads, and shoulders damaged by its construction activities to their original condition at CONTRACTOR's expense.

1.08 AVAILABILITY OF LANDS

- A. Easements were obtained for this Project and identified on sheet A.06. CONTRACTOR shall confine its operations, equipment and storage areas to the easements, lands and rights-of-way in which the Project is to be located. CONTRACTOR may enter into written agreements with property owners for use of other lands during construction. Copies of such agreements shall be provided to OWNER.

1.09 OPERATIONS ON AND ADJACENT TO CN RIGHT-OF-WAY

- A. This project will require construction adjacent to and under CN tracks. All work within or adjacent to CN right-of-way shall be in conformance with the CN Permits attached to the end of this Division.
- B. Railroad tracks within and adjacent to the Work are active and rail traffic over these tracks shall be maintained throughout the Contract. Railroad traffic and operations may occur continuously throughout the day and night on these tracks and shall be maintained at all times. CONTRACTOR shall coordinate and schedule the Work so that construction activities do not interfere with CN operations. CN will have the right to order CONTRACTOR to temporarily cease operations in the event of an emergency, or if in the opinion of CN, CONTRACTOR's operations could endanger CN operations.
- C. Railroad inspection Requirements: It is expected that CN will provide the services of qualified railroad employees to observe construction during active work within CN right-of-way. Any cost associated with these services shall be paid by OWNER.
- D. Railroad Flagging and Locating Requirements: Railway flagging and utility locating shall be provided in accordance with the CN Permits, Flagging request forms, and CN Safety Requirements attached to the end of this Division. CONTRACTOR will reimburse CN for all flagging and locating costs incurred by CN on this project. OWNER shall reimburse CONTRACTOR for its payment of these costs through the CN Flagging Services Cash Allowance included in the Unit Price Bid.
- E. Railroad Safety Training Requirements: CONTRACTOR shall provide CN eRailsafe training for each employee engaged in work on CN property. After successful completion of such safety orientation, Contractors must be able to produce company identification or an eRailsafe photo identification badge authorizing access to CN property for the purposes of conducting work.

The eRailsafe identification card shall be worn or be made visible at all times, or produced upon request and cannot be transferred under any circumstances. CONTRACTOR shall comply with all other CN safety requirements provided by CN during construction.

- F. Questions about safety enrollment procedures, costs, and technical support: contact eRailsafe at 1-800-923-2322 or visit www.erailsafe.com.

Other questions regarding CN's eRailsafe Policy, contact:

David Smith

SECTION 01 29 00

CONTRACT CONSIDERATIONS

PART 1-GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Cash Allowances.
 - 2. Measurement and Payment–Unit Prices.
 - 3. Measurement and Payment–Lump Sum for Bid Items 113 and 114.

1.02 CASH ALLOWANCES

- A. See Paragraph 13.02 of the General Conditions for costs to be included in allowances.
- B. Refer to sections of the specifications identified in the Bid Form for specific information on use of cash allowances.
- C. The Bid shall include the amount equal to the specified quantity times the unit price.

1.03 MEASUREMENT AND PAYMENT–UNIT PRICES

- A. Measurement methods are delineated in the individual Specification sections.
- B. CONTRACTOR shall take measurements and compute quantities. ENGINEER will check measurements and quantities.
- C. Incidental Items of Work: Any items of Work shown on the Drawings or called for in the Specifications, but not included in the Bid Form, shall be considered incidental items of Work. The cost of incidental items of Work shall be included in the prices bid for adjacent Work.

1.04 MEASUREMENT AND PAYMENT–LUMP SUM FOR BID ITEMS 113 AND 114

- A. Payment for Lump Sum Bid items will be based on the accepted schedule of values for the project.
- B. An acceptable schedule of values will include the following features:
 - 1. Schedule shall list the installed value of the component parts of the work in sufficient detail to serve as a basis for computing values for progress payments during construction. Schedule shall be subdivided as necessary by specification section and work area.
 - 2. Identify each line item with the number and title of the respective Specification Section.
 - 3. For each major line item list sub-values of major products or operations under the item.

4. For the various portions of the work:
 - a. Each item shall include a directly proportional amount of CONTRACTOR's overhead and profit.
 - b. For items on which progress payments will be requested for stored materials, break down the value into:
 - (1) The cost of the materials, delivered and unloaded, with taxes paid. Paid invoices are required for materials upon request by ENGINEER.
 - (2) The total installed value.
 5. The sum of all values listed in the schedule shall equal the total Lump Sum Bid item.
 6. Schedule shall include a separate listing of general items such as bonds, insurance, mobilization, demobilization, field supervision, record document, and cash allowances.
- C. Once a schedule of values is accepted, it shall not be revised, except for changes associated with subsequently executed change orders.
- D. No separate measurement for payment will be performed for Lump Sum Work in the indicated Bid items.
- E. CONTRACTOR shall estimate percentage of Work completed. ENGINEER will review CONTRACTOR's estimate of quantity of Work completed.
- F. Payment will be made based on the percentage of the Contract completed less retainage and/or liquidated damages.
- G. Unless noted otherwise, Work described in the Specifications and/or shown on the Drawings shall be included in the Lump Sum Bid items.
- H. Some technical specification sections may include payment provisions. These provisions are in addition to the provisions of this section which apply to all of the Work.

PART 2-PRODUCTS

NOT APPLICABLE

PART 3-EXECUTION

NOT APPLICABLE

END OF SECTION

SECTION 01 31 00

COORDINATION, FIELD ENGINEERING, AND MEETINGS

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Coordination.
 - 2. Field Engineering.
 - 3. Progress Meetings.
 - 4. Preinstallation Meeting.
 - 5. Staking.
 - 6. Preconstruction Video.
 - 7. Preinstallation Videoconference.

1.02 COORDINATION

- A. CONTRACTOR shall coordinate scheduling, submittals, and work of the various sections of the work to provide an efficient and orderly sequence of installation of interdependent construction elements, with provisions for accommodating items installed later. See Section 01 11 00–Summary of Work for specific construction sequence.
- B. CONTRACTOR shall verify utility requirements and characteristics of operating equipment are compatible with building utilities and coordinate Work of various sections having interdependent responsibilities for installing, connecting to, and placing in service such equipment.
- C. CONTRACTOR shall coordinate space requirements and installation of mechanical and electrical work which are indicated diagrammatically on the Drawings and shall follow routing shown for pipes, ducts, and conduit as closely as practicable; place runs parallel with line of building. Utilize spaces efficiently to maximize accessibility for other installations, for maintenance, and for repairs.
- D. In finished areas, except as otherwise indicated, CONTRACTOR shall conceal pipes, ducts, and wiring within the construction and coordinate locations of fixtures and outlets with finish elements.
- E. CONTRACTOR shall coordinate completion and cleanup of Work of separate sections in preparation for substantial completion and for portions of Work designated for OWNER's occupancy.
- F. After OWNER occupancy of premises, CONTRACTOR shall coordinate access to Site for correction of defective Work and Work not in accordance with Contract Documents to minimize disruption of OWNER's activities.

1.03 FIELD ENGINEERING

- A. CONTRACTOR shall locate and protect property stakes, legal survey monuments, benchmarks, and survey control and reference points. CONTRACTOR shall pay for replacement of disturbed property stakes and legal survey monuments by a Registered Land

Surveyor acceptable to OWNER and for replacement of benchmarks and survey control and reference points provided by ENGINEER.

- B. CONTRACTOR shall convene a general preinstallation meeting prior to commencing work on Division 40, 41, 43, 44, and 46 items.
- C. Unless otherwise noted, CONTRACTOR shall provide field engineering services as required to establish elevations, lines, and levels utilizing recognized engineering survey practices.
- D. CONTRACTOR shall furnish all required plummets and graduated poles to check all Work.
- E. If stakes and boards have to be reset because of negligence of CONTRACTOR, CONTRACTOR shall bear the cost of such work.
- F. If laser beam is used, CONTRACTOR shall check its Work against intermediate grade stakes provided between manholes. Prior to initial use of the laser, CONTRACTOR shall set up laser on ground surface and check line and gradient controls. Lasers not functioning properly shall be immediately removed.
- G. CONTRACTOR shall be responsible for all lines, elevations, and measurements of buildings, structures, piping, utilities, and other work executed by CONTRACTOR under the Contract. CONTRACTOR must exercise proper precaution to verify figures before laying out the Work and will be held responsible for any error resulting from its failure to exercise such precaution.

1.04 PROGRESS MEETINGS

- A. Progress meetings will be held throughout progress of the Work at intervals agreed to by OWNER, ENGINEER, and CONTRACTOR. Interval will generally be biweekly. Attendance by Railroad Representative will be at the discretion of railroad.
- B. CONTRACTOR's project manager, job superintendent, major subcontractors, and suppliers shall attend as appropriate to address agenda topics for each meeting. CONTRACTOR's representatives shall have authority to bind CONTRACTOR to decisions at the meetings.
- C. The project schedule shall be updated monthly and shall be reviewed at each progress meeting.
- D. CONTRACTOR shall also provide the following information in written form at each meeting.
 - 1. Construction progress, including:
 - a. Activities completed this reporting period.
 - b. Activities in progress this reporting period.
 - c. Activities scheduled to commence this reporting period.
 - 2. Description of problem areas.
 - 3. Current and anticipated delays.
 - a. Cause of the delay.
 - b. Corrective action and schedule adjustments to correct the delay.
 - c. Impact of the delay on other activities, on milestones, and on completion dates.
 - 4. Changes in construction sequence.
- E. ENGINEER will prepare and distribute minutes to all attending parties.

1.05 PREINSTALLATION MEETING

- A. When required in individual specification sections, CONTRACTOR shall convene a preinstallation meeting at Work Site prior to commencing Work of the section.
- B. CONTRACTOR shall require attendance of parties directly affecting or affected by work of the specific section.
- C. CONTRACTOR shall notify ENGINEER seven days in advance of meeting date.
- D. CONTRACTOR shall prepare agenda and preside at meeting:
 - 1. Review conditions of installation, preparation, and installation procedures.
 - 2. Review coordination with related work.
- E. CONTRACTOR shall record minutes and distribute copies to participants and those affected by decisions made within one week after meeting.
- F. CONTRACTOR shall notify CN 7 days in advance of meeting date for work on or impacting CN R/W.

1.06 STAKING

- A. ENGINEER shall provide control stakes for CONTRACTOR's use. The location, number, and offsets for stakes shall be coordinated with CONTRACTOR. CONTRACTOR shall provide 48-hour notice to ENGINEER for new staking. Damaged or disturbed stakes shall be reset by ENGINEER at CONTRACTOR's expense.

1.07 PRECONSTRUCTION VIDEO

- A. Prior to mobilization at the site, CONTRACTOR shall furnish to ENGINEER a high-resolution color audio-video recording of all planned construction areas, including but not limited to streets, driveways, sidewalks, curbs, fencing, visible utilities, retaining structures, and adjacent building structures. The purpose of the video is to document existing conditions and to provide a fair measure of required restoration. Care should be taken to record all existing conditions that exhibit deterioration, imperfections, structural failures, or situations that would be considered substandard.
- B. The video recording shall be performed by a professional firm specializing in audio-video work. The videos shall be high quality, color, and high-resolution. The video shall be provided in a digitized format that is supported by Window Media Player. The videos shall be provided via DVD, thumb drive, or other media requested by OWNER. Temporary lighting shall be provided as necessary to properly video areas where natural lighting is insufficient (indoors, shadows, etc.). The videos shall include an audio soundtrack, to provide the following information:
 - 1. Detailed description of location being viewed referenced to Contract Drawings (i.e., station number, building designation, pipeline route, etc.).
 - 2. Direction (N, S, E, W, looking up, looking down, etc.) of camera view.
 - 3. Date, time, temperature, and environmental conditions at time of video.
- C. Video recording shall not be performed during inclement weather or when the ground is covered partially or totally with snow, ice, leaves, etc.

- D. As many videos as are necessary to satisfy the requirements of this section shall be prepared. The original videos shall be submitted to ENGINEER accompanied by a detailed log of the contents of each video. The log should include location descriptions to facilitate the quick location of information contained in the videos. The videos will be maintained by ENGINEER during construction and may be viewed at any time by CONTRACTOR upon request. Upon final acceptance, the videos will become permanent property of OWNER.
- E. All costs associated with this shall be included in the Unit Price Bid for this Work.

1.08 PREINSTALLATION VIDEOCONFERENCE

- A. When required in Section 26 09 00—Controls and Instrumentation, CONTRACTOR shall convene a preinstallation videoconference prior to the on-site functional acceptance testing.
- B. CONTRACTOR shall require attendance of CONTRACTOR, System Supplier, Division 26 contractor, OWNER, ENGINEER, and all other parties responsible for the equipment and controls schedules for on-site functional acceptance testing.
- C. CONTRACTOR shall arrange videoconference two months prior to the anticipated on-site functional acceptance testing. CONTRACTOR shall arrange an additional videoconference one month prior to the date for on-site functional acceptance testing of each group of equipment.
- D. Additional requirements for the videoconference can be found in Section 26 09 00—Controls and Instrumentation.

SECTION 01 33 00

SUBMITTALS

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Whenever possible throughout the Contract Documents, the minimum acceptable quality of workmanship and materials has been defined either by manufacturer's name and catalog number or by reference to recognized industry standards.
 - 2. To facilitate CONTRACTOR's understanding of the design intent, procedures have been established for advance submittal of design data and for its review or rejection by ENGINEER.
 - 3. The type of submittal requirements specified in this section include construction progress schedule, submittal schedule, shop drawings, product data, samples, maintenance manuals, and other miscellaneous work-related submittals.
- B. Related work described elsewhere: More detailed requirements for submittals are described in other sections of these specifications for some materials and equipment. They are to be considered additional requirements to supplement the requirements specified in this section. Submittals shall conform to Article 7 of the General Conditions.
- C. Definitions: "Electronic Submittal" is defined as any submittal transmitted electronically to ENGINEER for review.
- D. All materials and methods for work on CN R/W or within the zone of influence from railroad loading shall be subject to review and approval by CN and OWNER. CONTRACTOR shall include additional time in the review process for items subject to CN review.

1.02 IDENTIFICATION OF SUBMITTALS

- A. CONTRACTOR shall completely identify each submittal and resubmittal by showing at least the following information:
 - 1. Name and address of submitter, plus name and telephone number of the individual who may be contacted for further information.
 - 2. Name and location of project and identification number.
 - 3. Drawing number and specifications section number to which the submittal applies.
 - 4. Include the date of each submittal or resubmittal.

1.03 GROUPING OF SUBMITTALS

- A. Unless otherwise specifically permitted by ENGINEER, CONTRACTOR shall make all submittals in groups containing all associated items so that information is available for checking each item when it is received.
- B. Partial submittals may be rejected as not complying with the provisions of the Contract Documents.

1.04 TIMING OF SUBMITTALS

- A. CONTRACTOR shall make all submittals far enough in advance of scheduled dates of installation to provide required time for reviews, for securing necessary approval, for possible revision and resubmittal, and for placing orders and securing delivery.
- B. The review period for submittals that are received after 3 P.M. shall commence on the following business day.

1.05 CONSTRUCTION PROGRESS AND SUBMITTAL SCHEDULES

- A. Submit preliminary schedules within 10 days of the Effective Date of the Contract.
- B. Revise schedules incorporating any comments provided at the schedule review conference required in GC-2.05 and resubmit.
- C. As a minimum, the construction progress schedule shall consist of a horizontal bar chart with a separate line for each major portion of Work or operation, identifying first workday of each week.
- D. Show complete sequence of construction by activity, identifying Work of separate stages and other logically grouped activities. Indicate the early and late start, early and late finish, float dates, and duration for each activity. Identify activities that are on the critical path.
- E. Include line items for milestones (if any), Substantial, and Final Completion.
- F. Submit updated schedules with each Application for Payment, identifying changes since previous version.
- G. Indicate estimated percentage of completion for each item of Work at each submission.
- H. Indicate submittal dates required for shop drawings, product data, samples, and product delivery dates.

1.06 SHOP DRAWINGS

- A. Shop drawings shall include specially prepared technical data for this project including drawings, diagrams, performance curves, data sheets, schedules, templates, patterns, reports, calculations, instructions, measurements, and similar information not in standard printed form for general application to a range of similar projects. Shop drawings shall be submitted for all manufactured or fabricated items. See individual technical sections for special requirements.
- B. CONTRACTOR shall make all shop drawings accurately to scale and sufficiently large to show all pertinent aspects of the item and its method of connection to the work.
- C. Shop drawings shall be checked, approved, and stamped by CONTRACTOR in accordance with the General Conditions before transmittal to ENGINEER for review and approval.
- D. Complete shop drawings and descriptive data shall be submitted on all manufactured or fabricated items prior to 50% completion of the Work. Applications for payment beyond 50% of the Contract amount will not be recommended for payment until all shop drawings

are submitted, including color hard copies if requested by OWNER or a revised schedule for any remaining submittals is agreed to by OWNER and ENGINEER.

- E. CONTRACTOR shall submit shop drawings following the electronic submittal procedure described below.
- F. Shop drawings submitted to ENGINEER will be reviewed and stamped "Approved," "Approved as Noted," "Approved as Noted-Resubmit," or "Not Approved." CONTRACTOR shall resubmit, shop drawings stamped "Approved as Noted-Resubmit" and "Not Approved" and will continue this process until shop drawings are stamped "Approved" or "Approved as Noted." If drawings are stamped "Approved as Noted-Resubmit," fabrication may proceed in accordance with the marked-up shop drawings. Installation shall not proceed until shop drawings have been resubmitted and stamped "Approved" or "Approved as Noted."
- G. If shop drawings are stamped "Approved as Noted" or "Approved as Noted-Resubmit" and CONTRACTOR does not agree with revisions or cannot conform with revisions, fabrication shall not proceed and shop drawings shall be resubmitted with explanation of CONTRACTOR's position.
- H. All shop drawings used for construction site activities shall bear the "Approved" or "Approved as Noted" stamp of ENGINEER.
- I. Electronic Submittal Procedures:
 - 1. Summary:
 - a. Shop drawing and product data submittals shall be transmitted to ENGINEER in electronic (PDF) format using Submittal Exchange, or equal, a website service designed specifically for transmitting submittals between construction team members, or equal.
 - b. The intent of electronic submittals is to expedite the construction process by reducing paperwork, improving information flow, and decreasing turnaround time.
 - c. The electronic submittal process is not intended for color samples, color charts, or physical material samples.
 - 2. Procedures:
 - a. CONTRACTOR shall review and apply electronic stamp certifying that the submittal complies with the requirements of the Contract Documents including verification of manufacturer/product, dimensions and coordination of information with other parts of the work.
 - b. CONTRACTOR shall transmit each submittal to ENGINEER using the Submittal Exchange website, www.submittalexchange.com, or equal.
 - c. ENGINEER review comments will be made available on the Submittal Exchange website for downloading. CONTRACTOR will receive email notice of completed review.
 - d. Distribution of reviewed submittals to subcontractors and suppliers is the responsibility of CONTRACTOR.
 - e. Electronically submitted shop drawings shall follow the following format:
 - (1) Filenames for the shop drawing submittals shall follow a XX XX XX.YYY-Z. Description convention where XX XX XX is the specification section number, YYY is the submittal number, .Z is the resubmittal number, and description is a short description of what the submittal includes. Submittals shall be consecutively numbered in direct sequence of submittal. Resubmittals shall be consecutively numbered with the first submittal numbered with a -0 and the first resubmittal numbered with a -1. Example file name: 03 20 00.016-1.

Structure 10 Concrete Reinforcement. This would be the first revision of the sixteenth submittal and contain information on concrete reinforcement.

- (2) All files shall be delivered in PDF format with a minimum resolution of 300 dpi unless otherwise requested by ENGINEER. Scanned in material shall be scanned in color and any markings by CONTRACTOR shall be made in red. Pages shall be rotated to the appropriate position for easy reading on a computer monitor such that the majority of text is vertical.
 - (3) Files shall be delivered without security features activated.
 - (4) Shop Drawings shall be uploaded as individual files. Files combined into a zip drive are not acceptable. All pages of one submittal should be contained in one file.
 - (5) The file shall open to a cover page containing, at a minimum, the following information:
 - (a) CONTRACTOR's stamp.
 - (b) Name, e-mail, and telephone number of the individual who may be contacted for further information.
 - (c) Project number.
 - (d) Submittal number.
 - (e) Submission date, if resubmittal, all previous submission dates.
 - (f) Index detailing contents and the total number of pages in the submittal.
- f. Once a shop drawing has been "Approved" or "Approved as Noted," CONTRACTOR shall provide one hard color copy of the "Approved" or "Approved as Noted" shop drawings to ENGINEER. CONTRACTOR is responsible for the hard copy color replication of ENGINEER's "Approved" or "Approved as Noted" shop drawings for use by CONTRACTOR. Hard copy shop drawings shall be submitted in 3-ring binders or 3-tab report covers.
3. Costs:
- a. CONTRACTOR shall include the full cost of Submittal Exchange, or equal, project subscription in their proposal. This cost shall be included in the Contract amount. Contact Submittal Exchange at 1-800-714-0024 to verify cost prior to Bid.
 - b. At CONTRACTOR's option, training is available from Submittal Exchange regarding use of website and PDF submittals. Contact Submittal Exchange at 1-800-714-0024.
 - c. Internet Service and Equipment Requirements:
 - (1) Email address and Internet access at CONTRACTOR's main office.
 - (2) Adobe Acrobat (www.adobe.com), Bluebeam PDF Revu (www.bluebeam.com), or other similar PDF review software for applying electronic stamps and comments.

J. CONTRACTOR is fully responsible for obtaining any and all copyright permission associated with conversion of shop drawing information to electronic format.

K. Shop drawings shall include verification that the item meets applicable codes and standards.

1.07 COLORS AND PATTERNS

- A. Unless the precise color and pattern is specifically described in the Contract Documents, whenever a choice of color or pattern is available in a specified product, CONTRACTOR shall submit accurate color charts and pattern charts to ENGINEER for OWNER's review and selection.

- B. Unless all available colors and patterns have identical wearing capabilities and are identically suited for the installation, CONTRACTOR shall completely describe the relative capabilities of each.

1.08 SAMPLES AND FIELD MOCKUPS

- A. CONTRACTOR shall provide samples and field mockups where noted or specified.
- B. Samples are physical examples which illustrate materials, equipment, or workmanship and establish standards by which the work will be judged.
- C. Samples shall be of sufficient size and quantity to clearly illustrate the functional characteristics of the product and full range of color, texture, and pattern.
- D. Samples shall have labels firmly attached, bearing the following information:
 - 1. Name of project.
 - 2. Description of product and finish.
 - 3. Name of CONTRACTOR.
 - 4. Trade name and number of product.
 - 5. Standards met by the product.
- E. Approval of samples must be obtained prior to proceeding with any work affected by material requiring sample approval.
- F. Samples, unless otherwise noted, become the property of OWNER.
- G. In situations specifically approved by ENGINEER, the retained sample may be used in the construction as one of the installed items.
- H. Field Mockups:
 - 1. CONTRACTOR shall erect field mockups at the project site in a location acceptable to ENGINEER and OWNER.
 - 2. When accepted by ENGINEER, the mockup will become the basis for comparison of the actual work.
 - 3. Remove mockup at conclusion of the work if it was not incorporated into the work.

1.09 PRODUCT DATA

- A. CONTRACTOR shall provide product data as required to supplement shop drawings.
- B. Product data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams, and other information furnished by CONTRACTOR to illustrate a material, product, or system for some portion of the work.
- C. CONTRACTOR shall collect required product data into one submittal for each unit of work or system.
- D. CONTRACTOR shall include manufacturer's standard printed recommendations for application and use, compliance with standards, performance characteristics, wiring and piping diagrams and controls, component parts, finishes, dimensions, required clearances, and other special coordination requirements.

- E. CONTRACTOR shall mark each copy of standard printed data to identify pertinent products, models, options, and other data.
- F. CONTRACTOR shall supplement manufacturer's standard data to provide information unique to the work.

1.10 RESUBMISSION REQUIREMENTS

- A. Make any corrections or changes in the submittals required by ENGINEER.
- B. Shop Drawings and Product Data:
 - 1. Revise initial drawings or data and resubmit as specified for initial submittal.
 - 2. Itemize in a cover letter any changes which have been made other than those requested by ENGINEER.

1.11 MANUFACTURER'S DIRECTIONS

- A. Manufactured articles, materials, and equipment shall be stored, commissioned, operated, applied, installed, connected, erected, used, cleaned, and conditioned as directed by the manufacturer, unless specified to the contrary.
- B. Wherever specifications call for work to be performed or materials to be installed in accordance with the manufacturer's printed instructions or directions, CONTRACTOR shall furnish copies as required for shop drawings of those instructions or directions to ENGINEER before installing the material or performing the work.

1.12 MAINTENANCE MANUAL

- A. Prior to 75% completion of the Contract or at a minimum of 45 days prior to the scheduled start-up date of any individual item of equipment, whichever is earlier, CONTRACTOR shall furnish to ENGINEER two complete color hard copies of a maintenance manual for all equipment furnished. Applications for payment beyond 75% of the contract amount will not be recommended for payment until all maintenance manuals are submitted or a revised schedule for remaining maintenance manuals is agreed to by OWNER and ENGINEER.
- B. The manuals shall include manufacturer's instructions for maintenance and operation for each item of mechanical and electrical equipment. Manuals shall be specific for the equipment as installed; provide project specific inserts as required. Manuals shall contain: operation instructions, lubrication schedules, types and quantities, preventative maintenance program, spare parts list, parts lists, I.D. No. and exploded views, assembly instructions, parts supplier location, trouble shooting and startup procedures and, where applicable, test data and curves.
- C. All sheets shall have reduced dimensions as described for shop drawings, and shall be furnished in 3-ring binders or 3-tab report covers.
- D. CONTRACTOR is responsible for producing an electronic version of the Equipment Operations and Maintenance (O&M) Manuals Manual. The Electronic Equipment O&M Manual shall be delivered in Portable Document Format (PDF). The entire manual may be converted to PDF via scanning or other method of conversion. Drawings or other graphics must be converted to PDF format and made part of the PDF document. CONTRACTOR shall provide all Equipment O&M Manuals in the electronic format as defined below.

- E. The filename for the Equipment O&M Manual submittal will be provided with the request for final Equipment O&M Manuals. Filenames use the “eight dot three” convention (XX XX XX_YY.PDF) where XX XX XX is the specification section number and YY is an ID number. No one file shall be larger than 10 MB. If technical problems require that the submittal be divided into more than one file, a letter extension shall be added to the end of each filename.
- F. The number of files shall be kept to a minimum. Equipment O&M Manuals that span more than one file shall have the final Bookmark “Return to Table of Contents” which shall take the User to the first file on the Equipment O&M Manual.
- G. All text (word processed), spreadsheets, and electronic graphics shall be delivered in portable document format (*.PDF). The resolution of all scanned images shall be a minimum of 300 dpi unless otherwise requested by ENGINEER. Scanned images shall be processed with the “original image with hidden text” option (Adobe Acrobat 6 or higher). This results in a clear image and provides for optical character recognition (OCR) and word search functionality. Graphical files shall be fully searchable. All submittals must be indexed with the Adobe Catalog feature. Placement and structure of index files shall be in accordance with Adobe's recommendations to minimize problems when transferring files. Successful searches for words or strings in the PDF document shall demonstrate proof of OCR.
- H. Rotate pages viewed in landscape to the appropriate position for easy reading on a computer monitor.
- I. Bookmarks shall be created in the navigation frame for each entry in the Table of Contents. Three levels deep is usually enough (i.e., “Chapter,” “Section,” “Subsection”); however, complex submittals like instrumentation and electrical may be required at the discretion of ENGINEER. When setting bookmarks for Chapter level heading, the page shall be displayed at Full Page. Section and Subsection level heading pages shall be displayed as a magnified view. Bookmarks shall be displayed as subordinate to other bookmarks in their hierarchy set so that only the Chapter level headings are displayed.
- J. Thumbnails shall be generated and embedded in each PDF file.
- K. Files shall be delivered without Security features activated. Password protected files will be unacceptable.
- L. The opening view for PDF files shall be set as follows:
 - 1. Initial View: Bookmarks and Page
 - 2. Magnification: Fit In Window
 - 3. Page Layout: Single Page
- M. The file shall open to the cover page of the Equipment O&M Manual with bookmarks to the left. The first bookmark shall be the name of Equipment O&M Manual.
- N. O&M Manual PDFs shall be delivered electronically.
- O. CONTRACTOR shall reprocess any portion of the document that does not view or print to OWNER's satisfaction.
- P. CONTRACTOR is fully responsible for obtaining any and all copyright permissions associated with conversion of this information to electronic format.

- Q. Each maintenance manual shall include a completed equipment maintenance summary form for each type and size of equipment being furnished that requires power, lubrication, or maintenance. Equipment Summary forms are located at the end of this section.

SECTION 01 41 00
REGULATORY REQUIREMENTS

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. OSHA Requirements.
 - 2. Roadway Limits.
 - 3. Permits.
 - 4. Wage Rates.
 - 5. American Iron and Steel Requirements.

1.02 OSHA REQUIREMENTS

- A. All work including site safety, equipment, materials, and fabricated items provided under the Contract shall comply with the provisions of the "Occupational Safety and Health Act."
- B. CONTRACTOR shall comply with Canadian National Railway Customer Safety Handbook, September 2022, which is included as an attachment to this Division.

1.03 ROADWAY LIMITS

- A. CONTRACTOR shall comply with roadway weight restrictions including seasonal weight restrictions.

1.04 PERMITS

- A. The following permits were obtained by OWNER: Canadian National Railway Permits.
- B. The permits are included as an attachment to this division or as available at OWNER's office. CONTRACTOR shall comply with all provisions of the permits and shall be responsible for notifications as required by the permit. CONTRACTOR shall obtain all other permits required for the Work. Where the requirements of any permit is more restrictive than the Drawings or the Specifications, the permit requirements shall govern.
- C. A building permit will be required from OWNER. However, OWNER will waive fees associated with the permit.
- D. Any permits required for dewatering operations shall be obtained and paid for by CONTRACTOR.
- E. CONTRACTOR shall obtain Site Disturbance/Erosion Control Permits as necessary to accommodate CONTRACTOR's specific means and methods for completing the Work. CONTRACTOR and subcontractors shall comply with all requirements of the Stormwater Pollution Prevention Plan (SWPPP) which will be provided electronically to CONTRACTOR. SWPPP must be signed by all subcontractors disturbing soil on the project.
- F. CONTRACTOR shall obtain right of entry permit from Canadian National Railway.

1.05 WAGE RATES

- A. CONTRACTOR shall comply with the attached Federal Wage Rates, bound at the end of Division 01.
- B. Not less than the prevailing wage rates for this area shall be paid to the workers employed to do the Work under this Contract.
- C. See Wage Rate Forms bound at the end of Division 01.

1.06 AMERICAN IRON AND STEEL REQUIREMENTS

- A. CONTRACTOR shall comply with the American Iron and Steel (AIS) requirements of the Consolidated Appropriations Act of 2014. CONTRACTOR shall submit, with each shop drawing, step certification that regulated iron and steel products meet AIS requirements. A sample certification letter is included in the SRF Required Front-End Specifications located at the end of the Bid section. Certification letters shall include the following at minimum:
 - 1. Identification of the product.
 - 2. City and State where the product was manufactured.
 - 3. Reference to OWNER and/or project.
 - 4. Signature of authorized manufacturer employee.
 - 5. Reference to current AIS requirements.
- B. The Consolidated Appropriations Act of 2014 does grant the possibility of waivers and exclusions if certain conditions are met. Products that qualify for the AIS national de minimis waiver, dated April 2014, individually may comprise no more than one percent of the total project materials cost and cumulatively may comprise no more than five percent of the total project materials cost. Other conditions can be found in the referenced waiver.
- C. CONTRACTOR shall provide required AIS documentation prior to installation of regulated iron and steel product.

SECTION 01 42 00

REFERENCE STANDARDS AND DEFINITIONS

PART 1-GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Reference Standards:
 - a. Throughout the Contract Documents, reference is made to codes and standards which establish qualities and types of workmanship and materials, and which establish methods for workmanship and materials, and which establish methods for testing and reporting on the pertinent characteristics.
 - b. Where materials or workmanship are required by these Contract Documents to meet or exceed the specifically named code or standard, it is CONTRACTOR's responsibility to provide materials and workmanship which meet or exceed that specifically named code or standard.
 - c. It is also CONTRACTOR's responsibility, when so required by the Contract Documents, to deliver to ENGINEER all required proof that the material or workmanship, or both, meet or exceed the requirements of the specifically named code or standard.
 - 2. Definitions:
 - a. A substantial amount of specification language constitutes definitions for terms found in other Contract Documents, including the Drawings which must be recognized as diagrammatic in nature and not completely descriptive of requirements indicated thereon.
 - b. Certain terms used in the Contract Documents are defined generally in this section to supplement definitions of the Agreement, General Conditions, Supplementary Conditions, and other general contract documents.
 - c. Definitions and explanations of this section are not necessarily either complete or exclusive, but are general for the Work.
- B. Related Work Described Elsewhere: The specific naming of codes or standards occurs on the Drawings and in other sections of these Specifications.

1.02 QUALITY ASSURANCE

- A. Familiarity with Pertinent Codes and Standards:
 - 1. It is CONTRACTOR's responsibility to verify the requirements of the specifically named codes and standards and to verify that the items procured for use in this Work meet or exceed the specified requirements.
 - 2. When required by individual sections of these specifications, CONTRACTOR shall obtain a copy of each pertinent code or standard and maintain the copies at the job site during submittals, planning, and progress of the Work until Substantial Completion of the Work is attained.
- B. Overlapping or Conflicting Requirements:
 - 1. Where compliance with two or more industry standards or sets of requirements are specified, and the overlapping of those standards or requirements establishes different or conflicting minimums or levels of quality, the most stringent requirement (which is

generally recognized to be also most costly) is intended and will be enforced, unless more detailed language written directly into Contract Documents clearly indicates that a less stringent requirement is acceptable.

2. Refer all uncertainties to ENGINEER for decision before proceeding.

1.03 REFERENCE STANDARDS

- A. Applicable standards of the construction industry are made a part of the Contract Documents by reference as if copied directly into the Contract Documents, or as if published copies were bound herewith. See Article 3.02 of the General Conditions for additional provisions regarding references.
- B. Standards referenced directly in the Contract Documents or by governing regulation, have precedence over nonreferenced standards which are recognized in industry for applicability to the Work.
- C. Nonreference standards are hereby defined to have no particular applicability to the work except as a general measurement of whether the Work complies with standards recognized in the construction industry.
- D. Reference standards and codes listed in these specifications may include, but are not necessarily limited to, standards or codes published by the following agencies and organizations:

1. AA Aluminum Association
 900 19th Street, NW, Washington, DC 20006
2. AAMA American Architectural Manufacturer's Association
 1827 Walden Office Square, Schaumburg, IL 60173
3. AASHTO American Association of State Highway & Transportation Officials
 444 North Capitol Street, NW, Washington, DC 20001
4. ACI American Concrete Institute
 38800 Country Club Drive, Farmington Hills, MI 48331
5. AI Asphalt Institute
 Research Park Drive, P.O. Box 14052, Lexington, KY 40512-4052
6. AISC American Institute of Steel Construction
 One East Wacker Drive, Suite 3100, Chicago, IL 60601-2001
7. AISI American Iron and Steel Institute

30200 Detroit Rd., Cleveland, OH 44145-1987
- 48. SIGMA Sealed Insulating Glass Manufacturers Assoc.
401 N. Michigan Avenue, Chicago, IL 60611-4267
- 49. SJI Steel Joist Institute
3127 10th Ave. North Ext., Myrtle Beach, SC 29577-6760
- 50. SMACNA Sheet Metal and Air Conditioning
Contractor's National Association
4201 Lafayette Center Drive, Chantilly, VA 20151-1209
- 51. SSPC Society for Protective Coatings
40 24th Street, 6th Floor, Pittsburgh, PA 15222-4656
- 52. TCA Tile Council of America
100 Clemson Research Blvd., Anderson, SC 29625
- 53. UBC Uniform Building Code
5360 Workman Mill Road; Whittier, CA 90601-2298
- 54. UL Underwriters' Laboratories
333 Pfingston Road; Northbrook, IL 60062

1.04 SUBMITTALS

- A. For OWNER's records, CONTRACTOR shall submit copies of permits, licenses, certifications, inspection reports, and similar documents, correspondence and records established in conjunction with compliance with standards and regulations bearing upon performance of the Work.

1.05 DEFINITIONS

- A. Indicated:
 - 1. The term "indicated" is a cross-reference to details, notes, or schedules on the drawings, to other paragraphs or schedules in the specifications and to similar means of recording requirements in the Contract Documents.

2. Where terms such as “shown,” “noted,” “scheduled,” and “specified” are used in lieu of “indicated,” it is for the purpose of helping the reader locate cross-reference, and no limitation is intended except as specifically noted.
- B. Approve (or Words of Similar Nature):
1. Where used in conjunction with ENGINEER's response to submittals, requests, applications, inquiries, reports, and claims by CONTRACTOR, the meaning of the term “approve” will be held to the limitation of ENGINEER's responsibilities and duties as specified in Paragraph 1.02.B of the General Conditions.
 2. In no case will “approval” by ENGINEER be interpreted as a release of CONTRACTOR from responsibility to fulfill requirements of the Contract Documents.
- C. Minimum Requirements:
1. Indicated requirements are for a specific minimum acceptable level of quality or quantity, as recognized in the industry.
 2. Actual work must comply with (or within specified tolerances) or exceed minimums.
 3. CONTRACTOR shall refer uncertainties to ENGINEER before proceeding.
- D. Abbreviations: Abbreviations, where not defined in the Contract Documents, will be interpreted to mean the normal construction industry terminology.

QUALITY CONTROL

PART 1—GENERAL

1.01 SUMMARY

- A. Work Includes:
 - 1. Quality Assurance—Control of Installation.
 - 2. Tolerances.
 - 3. Manufacturers' Field Services and Reports.

1.02 QUALITY ASSURANCE—CONTROL OF INSTALLATION

- A. CONTRACTOR shall monitor quality control over suppliers, manufacturers, products, services, site conditions, and workmanship to produce Work of specified quality.
- B. CONTRACTOR shall comply with manufacturers' instructions, including each step in sequence.
- C. Should manufacturers' instructions conflict with Contract Documents, CONTRACTOR shall request clarification from ENGINEER before proceeding.
- D. CONTRACTOR shall comply with specified standards as minimum quality for the Work except where more stringent tolerances, codes, or specified requirements indicate higher standards or more precise workmanship.
- E. Work shall be performed by persons qualified to produce workmanship of specified quality.
- F. CONTRACTOR shall secure products in place with positive anchorage devices designed and sized to withstand stresses, vibration, physical distortion, or disfigurement.

1.03 TOLERANCES

- A. CONTRACTOR shall monitor tolerance control of installed products to produce acceptable work and shall not permit tolerances to accumulate.
- B. CONTRACTOR shall comply with manufacturers' tolerances. Should manufacturers' tolerances conflict with Contract Documents, CONTRACTOR shall request clarification from ENGINEER before proceeding.
- C. CONTRACTOR shall adjust products to appropriate dimensions; position before securing products in place.

1.04 MANUFACTURERS' FIELD SERVICES AND REPORTS

- A. When specified in individual specification sections or when requested by ENGINEER, CONTRACTOR shall require material or product suppliers or manufacturers to provide qualified staff personnel to observe site conditions, conditions of surfaces and installation, and quality of workmanship.

- B. CONTRACTOR shall submit qualifications of observer to ENGINEER 30 days in advance of required observations.
- C. CONTRACTOR shall report observations and site decisions or instructions given to applicators or installers that are supplemental or contrary to manufacturers' written instructions.
- D. CONTRACTOR shall submit report in duplicate within 30 days of observation to ENGINEER for information.

SECTION 01 50 00

TEMPORARY FACILITIES

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Temporary Utilities.
 - 2. Temporary Stairs and Access.
 - 3. Temporary Support Facilities.
 - 4. Removal of Temporary Facilities.
- B. CONTRACTOR shall arrange for and provide temporary facilities as required for proper and expeditious prosecution of the Work.
- C. CONTRACTOR shall pay all costs, except as otherwise specified, until final acceptance of the Work unless OWNER makes arrangements for use of completed portions of the Work after substantial completion in accordance with the provisions of the General Conditions.
- D. CONTRACTOR shall make all temporary connections to utilities and services in locations acceptable to OWNER and local authorities having appropriate jurisdiction.
 - 1. Furnish all necessary labor and materials.
 - 2. Make all installations in a manner subject to the acceptance of such authorities and OWNER.
 - 3. Maintain such connections.
 - 4. Remove temporary installation and connection when no longer required.
 - 5. Restore services and sources of supply to proper operating conditions.

1.02 TEMPORARY UTILITIES

- A. Temporary Toilets: CONTRACTOR shall provide and maintain sanitary temporary chemical toilets located where approved by OWNER and in sufficient number required for the work force employed by CONTRACTOR.
- B. Temporary Electrical Services:
 - 1. CONTRACTOR shall make all necessary arrangements, furnish, install, and maintain necessary temporary electrical services at the Site. Services shall be a minimum of 200 amperes, 1 phase, 3 wire, 120/240 volt temporary power and lighting system adequate for the construction of this Project and in accordance with OSHA Requirements for Construction Projects. Installation of the temporary power and lighting system is to begin upon notification to proceed and shall be installed and routed in a manner so as not to interfere with construction of the Project. CONTRACTOR shall remove all temporary services when Project is complete.
 - 2. The temporary light and power system shall include temporary service poles, metering facilities, driven ground, fused main disconnect switch, panelboards, branch circuits, outlets and lamps, and the maintenance thereof.
 - 3. Construction areas, aisles, stairs, and ramps shall be illuminated to 5 fc. Construction shops, storerooms, mechanical, and electrical rooms shall be illuminated to 10 fc. Offices illuminated to 30 fc.

4. Temporary lights shall be equipped with heavy-duty electric cords and lamp guards. They must not be suspended by the power supply cord unless it is designed for this use.
 5. Provide one general purpose, 20 ampere, 120 volt, single phase, grounding type receptacle outlet for every 1,000 feet of floor space and tank area. The maximum length of a 20 ampere, 120 volt lighting or power circuit shall not be greater than 200 feet from panelboard to farthest outlet. All single-phase receptacle outlet circuits shall have approved ground-fault circuit interrupter protection.
 6. All utility charges for installation of the temporary services shall be paid for by CONTRACTOR. All metering installation charges and all energy charges for electric current used for temporary lighting and power are to be paid by CONTRACTOR.
 7. No permanent electrical equipment or wiring shall be used without express written permission of OWNER. Such approval, if given, shall not affect guarantee period. If OWNER authorizes use of permanent service facilities, CONTRACTOR shall pay all metering costs until acceptance or occupancy (whichever occurs first) of building by OWNER.
- C. Weather Protection and Temporary Heat:
1. CONTRACTOR shall provide weather protection to protect the Work from damage because of freezing, rain, snow, and other inclement weather.
 2. CONTRACTOR shall provide temporary heat within buildings, without cost to OWNER, from the time the buildings or portions thereof are enclosed until the Project is accepted or occupied by OWNER, whichever occurs first. The building work is to be heated during construction so a minimum temperature of 50°F is maintained at all times. Temporary heating equipment shall be properly vented.
 3. No permanent heating equipment shall be used on a temporary basis without express written permission by OWNER. Such approval, if given, shall not affect the guarantee period. If OWNER authorizes use of permanent heating equipment, CONTRACTOR shall pay all related energy costs until acceptance or occupancy (whichever occurs first) of the building by OWNER.
- D. Temporary Telephone Service: CONTRACTOR shall provide, without extra cost to OWNER, telephone services at the Site for phones and computer modems specified in Section 01 52 13—Field Offices and Sheds for the duration of the Work at the Site. Also provide service as required for CONTRACTOR's use. Party making toll calls shall pay for same.
- E. Temporary Water: CONTRACTOR shall supply its own water during construction. CONTRACTOR shall also provide its own piping, valves, and appurtenances for its requirements. Connection to the existing water system shall be coordinated with OWNER and shall meet all code requirements including disinfection and backflow prevention.
- F. Temporary Fire Protection: CONTRACTOR and Subcontractor(s) who maintain or provide an enclosed shed or trailer shall provide and maintain in operating order in each shed or trailer a minimum of one fire extinguisher. More extinguishers shall be provided as necessary. Fire extinguishers shall be minimum dry chemical, nonfreezing-type, UL rating 2A-30BC, with 10-pound capacity for Class A, B, and C fires.
- G. CONTRACTOR's and Subcontractor(s)' personnel shall refrain from smoking during excavation, laying pipe, backfilling, and other work at the Site which may involve potential contact with explosive vapors or gasoline products.

1.03 TEMPORARY STAIRS AND ACCESS

- A. CONTRACTOR shall provide and maintain all equipment such as temporary stairs, ladders, ramps, runways, chutes, and so on as required for proper execution of the Work. CONTRACTOR shall be responsible for providing its own scaffolds, hoists, etc.
- B. All such apparatus, equipment, and construction shall meet all requirements of OSHA, the labor laws, and other applicable State and local laws. Provide stairs with handrails. As soon as possible and where applicable, permanent stairs shall be installed.
- C. As soon as permanent stairs are created, provide temporary protective treads, handrails, and shaft protection.
- D. Provide barricades at hazardous locations, complete with signs, temporary general lighting, warning lights, and similar devices as required.

1.04 TEMPORARY SUPPORT FACILITIES

- A. CONTRACTOR shall provide whatever facilities and services which may be needed to properly support primary construction process and meet compliance requirements and governing regulations.
- B. CONTRACTOR shall not use permanent facilities except as otherwise indicated, unless authorized by OWNER.

1.05 REMOVAL OF TEMPORARY FACILITIES

- A. Remove temporary materials, equipment, services, and construction as soon as practicable but no later than just prior to final completion inspection.
- B. Clean and repair damage caused by installation or use of temporary facilities and restore existing facilities used during construction to specified, or to original, condition.
- C. Minor temporary facilities which interfere with OWNER's operations shall be removed at the end of each Work period.

PART 2-PRODUCTS

NOT APPLICABLE

PART 3-EXECUTION

NOT APPLICABLE

END OF SECTION

SECTION 01 52 13
FIELD OFFICES AND SHEDS

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Materials, Equipment, and Furnishings.
 - 2. Construction.
 - 3. Environmental Control.
 - 4. CONTRACTOR Office and Facilities.
 - 5. ENGINEER Office.
 - 6. Storage Areas and Sheds.
 - 7. Preparation.
 - 8. Installation.
 - 9. Maintenance and Cleaning.
 - 10. Removal.

PART 2–PRODUCTS

2.01 MATERIALS, EQUIPMENT, AND FURNISHINGS

- A. Materials, equipment, and furnishings shall be serviceable, new or used, and adequate for required purpose.

2.02 CONSTRUCTION

- A. Portable or mobile buildings or buildings shall be constructed with floors raised above ground, securely fixed to foundations, with steps and landings at entrance doors.
- B. CONTRACTOR shall provide structurally sound, secure, weathertight enclosures for office and storage spaces.
- C. Temperature transmission resistance of floors, walls, and ceilings shall be compatible with occupancy and storage requirements.
- D. Exterior materials shall be weather resistant.
- E. Interior materials in offices shall consist of sheet type materials for walls and ceilings, prefinished or painted; resilient floors and bases.
- F. Lighting for offices shall be 50 footcandles minimum at desk top height, with exterior lighting at entrance doors.
- G. Provide appropriate type fire extinguisher at each office and each storage area.
- H. Interior materials in storage sheds shall be as required to provide specified conditions for storage of products.

2.03 ENVIRONMENTAL CONTROL

- A. Heating, cooling, and ventilating for offices shall consist of automatic equipment to maintain comfort conditions; 70°F heating and 78°F cooling.
- B. Heating and ventilation for storage spaces shall be as needed to maintain products in accordance with Contract Documents and to provide adequate lighting for maintenance and observation of products.

2.04 CONTRACTOR OFFICE AND FACILITIES

- A. CONTRACTOR shall provide facilities to meet CONTRACTOR's needs and to provide space for Project meetings.
- B. Provide telephone as required for CONTRACTOR's needs.
- C. Provide furnishings in meeting area. As a minimum, provide conference table and chairs to seat at least eight persons; racks and files for Contract Documents, submittals, and project record documents.

2.05 ENGINEER OFFICE

- A. CONTRACTOR shall provide separate trailer for sole use of ENGINEER, with separate entrance door with new lock and two keys.
- B. Minimum area shall be 200 square feet, minimum dimension 8 feet.
- C. Minimum total area of windows shall be 10% of floor area, with operable sash and insect screens. Provide operable blinds on all windows. Locate to provide views of construction area.
- D. Electrical distribution panel shall have two circuits minimum, 110-volt, 60 Hz service. Provide minimum four 110 volt duplex convenience outlets, one on each wall.
- E. Provide cellular phone with voicemail service. Include cellular service for phone until final completion.
- F. Provide the following personal computer items:
 - 1. One desktop or laptop PC, Windows compatible, with minimum, 3.0 GhZ Multi Core (latest or previous generation) Intel i5, i7, or i9 processor, 16 GB RAM (or larger), 500 GB Solid State Drive (or larger), GB Ethernet and WiFi NIC, Six USB 3.0 or higher ports, current Windows version, and CDR/DVDR Drive.
 - 2. Video Card with 1024 MB RAM capable of displaying a minimum resolution of 1920 x 1080.
 - 3. External 500 GB (or larger) USB 3.0 hard drive with software for backing up computer.
 - 4. Setup software and verify software backups and restores the computer and its data files.
 - 5. Minimum of two LCD displays, minimum 24-inch capable of displaying 1920 x 1080 or higher resolution.
 - 6. All in one color multi-function device (print, copy, fax, scan) with USB and WiFi connectivity. Must accommodate both 8.5-inch by 11-inch and 11-inch by 17-inch paper. Replenish paper, cartridges, and other supplies before fully expended. Spare or refill cartridges shall be supplied at all times.

7. Current Microsoft Office version compatible with supplied operating system and hardware.
 8. Current version of Antivirus software with subscription to new updates.
 9. A broadband high speed internet service provider with minimum download speeds of 100 Mbps; minimum upload speeds of 25 Mbps or best available in area including satellite connections.
 10. K Slot or Kensington lock and cable system to deter theft.
 11. Webcam suitable and certified for web-conferencing with a resolution of 1080p or better.
 12. All necessary cables for system configurations.
 13. PC, monitor, and printer to be set up, configured, and fully functional for use with communications and Microsoft Office Software. Security lock system installed.
- G. Provide bottled drinking water dispenser and refill as necessary.
- H. Provide the following furnishings:
1. One desk, minimum 54-inch by 30-inch, with three drawers.
 2. One drafting table, 36-inch by 72-inch, with one equipment drawer.
 3. Plan rack to hold working drawings, shop drawings, and record documents.
 4. One standard four-drawer legal size metal filing cabinet.
 5. Six linear feet of metal bookshelves.
 6. One swivel armchair.
 7. Two straight chairs.
 8. One drafting table stool.
 9. One tackboard, 36-inch by 30-inch.
 10. One wastebasket.

2.06 STORAGE AREAS AND SHEDS

- A. Provide storage areas and sheds of size to meet storage requirements for products of individual sections, allowing for access and orderly provision for maintenance and for observation of products to meet requirements of Section 01 60 00–Materials and Equipment.

PART 3–EXECUTION

3.01 PREPARATION

- A. CONTRACTOR shall fill and grade sites for temporary structures to provide drainage away from buildings.

3.02 INSTALLATION

- A. CONTRACTOR shall install office spaces ready for occupancy 15 days after date fixed in Notice to Proceed or as agreed upon by ENGINEER.
- B. Provide two hard surfaced parking spaces for use by ENGINEER, connected to office by hard surfaced walk.

3.03 MAINTENANCE AND CLEANING

- A. CONTRACTOR shall maintain approach walks free of mud, water, and snow.

3.04 REMOVAL

- A. Upon final acceptance and completion of the Work, CONTRACTOR shall remove field offices, foundations, utility services, and debris and shall restore areas.

END OF SECTION

SECTION 01 57 00

TEMPORARY CONTROLS

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Dust Control.
 - 2. Water, Erosion, and Sediment Control.
 - 3. Noise Control.
 - 4. Traffic Control.
 - 5. Site Security.
 - 6. Daily Cleanup.

PART 2–PRODUCTS

NOT APPLICABLE

PART 3–EXECUTION

3.01 DUST CONTROL

- A. CONTRACTOR shall execute the Work by methods to minimize raising dust from construction operations per City Ordinance.
- B. CONTRACTOR shall provide positive means to prevent airborne dust from dispersing into atmosphere.
- C. CONTRACTOR shall provide partitions, enclosures, etc., within buildings as necessary to confine dust and protect adjacent areas.

3.02 WATER, EROSION, AND SEDIMENT CONTROL

- A. CONTRACTOR shall grade site to drain and shall maintain excavations free of water. Provide, operate, and maintain pumping equipment.
- B. CONTRACTOR shall protect Site from puddling or running water.
- C. Minimum erosion control provisions are shown on the Drawings. These provisions are general in nature and are not intended to accommodate all aspects of CONTRACTOR's specific means and methods. CONTRACTOR shall provide additional erosion control measures as necessary to control discharge of sediment laden water to surface waters and wetlands associated with the specific means and methods utilized in completing the Work.
- D. Except as provided for in the document, overland discharge of water from dewatering operations shall not be allowed. Depending on water quality, such water shall either be piped directly to the surface water or shall be directed to sedimentation basins or other such

structures or features prior to discharge to surface waters so as not to cause damage to existing ground and improvements, erosion, or deposition in the discharge area.

- E. CONTRACTOR shall use jute or synthetic netting, silt fences, straw bales, dikes, channels, and other applicable measures to prevent erosion of soils disturbed by its construction operation.
- F. Restoration of the Site shall proceed concurrently with the construction operation. See Drawings and Specifications for erosion control measures in addition to that which may be required above.
- G. Erosion control measures shall comply with BMP and Iowa DNR Construction Site Erosion Control Manual.

3.03 NOISE CONTROL

- A. Provide methods, means, and facilities to minimize noise produced by construction operations to meet City of Dubuque ordinance requirements. Requirements are listed below for construction and pile drivers, pneumatic hammers:
 - 1. Construction: The creation of any loud or excessive noise resulting from erection, excavation, demolition, alteration or repairs related to any structure, infrastructure, or building except between the hours of 7 A.M. and 8 P.M., Monday through Friday, and 9 A.M. and 6 P.M., Saturday and Sunday.
 - 2. Pile Drivers, Pneumatic Hammers: The operation of any pile drive, pipe ramming, pneumatic hammer, or similar construction equipment, except between the hours of 8 A.M. and 6 P.M., Monday through Friday, and 9 A.M. and 6 P.M., Saturday and Sunday, and when so permitted, only if equipped with effective muffling device.

3.04 TRAFFIC CONTROL

- A. Minimum traffic control requirements are identified on the drawings. CONTRACTOR shall be responsible for providing all signs, barricades, flagmen, and other traffic control devices in the construction zone necessary to accommodate CONTRACTOR's operations while maintaining required traffic operations.
- B. All traffic control measures shall meet the requirements of the 2003 Manual on Uniform Traffic Control Devices, except for exceptions noted in Iowa Admin. 760-130.1.
- C. Do not close or obstruct roadways without approval of OWNER. CONTRACTOR shall notify OWNER in writing a minimum of 5 days prior to closing or obstructing roadways.

3.05 SITE SECURITY

- A. CONTRACTOR shall have the sole responsibility of safeguarding the Site perimeter to prevent unauthorized entry to the Site throughout the duration of the Project. CONTRACTOR shall at all times provide such permanent and temporary fencing or barricades or other measures as may be necessary to restrict unauthorized entry to its construction area including construction in public rights-of-way or easements. Site security measures shall include safeguards against attractive nuisance hazards as a result of construction activity.

- B. CONTRACTOR shall at all times be responsible for the security of the Work including materials and equipment. OWNER will not take any responsibility for missing or damaged equipment, tools, or personal belongings. CONTRACTOR shall have the sole responsibility of safeguarding the Work and the Site throughout the duration of the Project.
- C. CONTRACTOR shall provide a neat appearing protective fence where indicated on the drawings, constructed of 6-foot-high cyclone fence. Provide gates, properly constructed and braced, complete with hinges, hasps, and padlocks in number and location required for proper control delivery and distribution of material and equipment. Gate posts shall be adequately back tied and anchored for rigid installation. All protective fencing shall be maintained in an upright, orderly fashion throughout the construction schedule. In areas where existing trees are to be protected, the area inside the protective fencing shall not be used for any purpose related to construction activities, such as material storage, vehicle parking, portable toilets or other disruptive activities that would result in damage of any kind to the site inside the fence. Fence shall be moved during construction to facilitate construction phasing where required at no extra cost to OWNER.
- D. Orange safety fence shall be provided adjacent to the railroad tracks per drawing A.06.

3.06 DAILY CLEANUP

- A. CONTRACTOR shall clean up the Site and remove all rubbish on a daily basis.
- B. CONTRACTOR shall clean up public streets and highways and remove any dirt, mud, or other materials due to project traffic on daily basis and shall comply with all local and state ordinances and permit requirements.
- C. CONTRACTOR shall be responsible for all cleanup, including sediment removal from all existing and proposed stormwater and sanitary sewer conveyance elements within the project limits.

END OF SECTION

SECTION 01 60 00

MATERIALS AND EQUIPMENT

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included: CONTRACTOR shall be responsible for the delivery, handling, storage and protection of all material and equipment required to complete the Work as specified herein.
- B. Related Sections and Divisions: Specific requirements for the handling and storage of material and equipment are described in other sections of these Specifications.

1.02 PRODUCTS

- A. Components required to be supplied in quantity within a Specification section shall be the same, and shall be interchangeable.
- B. CONTRACTOR shall not use materials and equipment removed from existing construction, except as specifically required, or allowed, by the Contract Documents.
- C. When any construction deviations from the Drawings and/or Specifications necessary to accommodate equipment supplied by CONTRACTOR, result in additional costs to CONTRACTOR or other contractors, such additional costs shall be borne by CONTRACTOR. CONTRACTOR shall also pay any additional costs necessary for revisions of Drawings and/or Specifications by ENGINEER.
- D. Each major component of equipment shall bear a nameplate giving the name and address of the manufacturer and the catalogue number or designation.

1.03 TRANSPORTATION AND HANDLING

- A. Materials, products and equipment shall be properly containerized, packaged, boxed, and protected to prevent damage during transportation and handling.
- B. CONTRACTOR shall not overload any portion of the structure in the transporting or storage of materials.
- C. CONTRACTOR shall not damage other construction by careless transportation, handling, spillage, staining or impact of materials.
- D. CONTRACTOR shall provide equipment and personnel to handle products, including those provided by OWNER, by methods to prevent soiling and damage.
- E. CONTRACTOR shall provide additional protection during handling to prevent marring and otherwise damaging products, packaging, and surrounding surfaces.
- F. CONTRACTOR shall handle product by methods to avoid bending or overstressing. Lift large and heavy components only at designated lift points.

1.04 DELIVERY AND RECEIVING

- A. CONTRACTOR shall arrange deliveries of products in accordance with the Progress Schedule, allowing time for observation prior to installation.
- B. CONTRACTOR shall coordinate deliveries to avoid conflict with the Work and conditions at the Site; work activities of other contractors or OWNER; limitations on storage space; availability of personnel and handling equipment and OWNER's use of premises.
- C. CONTRACTOR shall deliver products in undamaged, dry condition, in original unopened containers or packaging with identifying labels intact and legible.
- D. CONTRACTOR shall clearly mark partial deliveries of component parts of equipment to identify equipment and contents to permit easy accumulation of parts and to facilitate assembly.
- E. Immediately on delivery, CONTRACTOR shall inspect shipment to review that:
 - 1. Product complies with requirements of Contract Documents and reviewed submittals.
 - 2. Quantities are correct.
 - 3. Accessories and installation hardware are correct.
 - 4. Containers and packages are intact and labels legible.
 - 5. Products are protected and undamaged.

1.05 STORAGE AND PROTECTION

- A. General:
 - 1. CONTRACTOR shall store products, immediately on delivery, in accordance with manufacturer's instructions, with all seals and labels intact and legible.
 - 2. Any additional off-site space required shall be arranged by CONTRACTOR.
 - 3. CONTRACTOR shall allocate the available storage areas and coordinate their use by the trades on the job.
 - 4. CONTRACTOR shall arrange storage in a manner to provide access for maintenance of stored items and for observation.
- B. In enclosed storage, CONTRACTOR shall:
 - 1. Provide suitable temporary weather tight storage facilities as may be required for materials that will be damaged by storage in the open.
 - 2. Maintain temperature and humidity within ranges stated in manufacturer's instructions.
 - 3. Provide ventilation for sensitive products as required by manufacturer's instructions.
 - 4. Store unpacked and loose products on shelves, in bins, or in neat groups of like items.
 - 5. Store solid materials such as insulation, tile, mechanical and electrical equipment, fittings, and fixtures under shelter, in original packages, away from dampness and other hazards.
 - 6. Store liquid materials away from fire or intense heat and protect from freezing.
- C. At exterior storage, CONTRACTOR shall:
 - 1. Store unit materials such as concrete block, brick, steel, pipe, conduit, door frames, and lumber off ground, out of reach of dirt, water, mud and splashing.
 - 2. Store tools or equipment that carry dirt outside.
 - 3. Store large equipment so as not to damage the Work or present a fire hazard.
 - 4. Cover products subject to discoloration or deterioration from exposure to the elements, with impervious sheet material and provide ventilation to avoid condensation.

5. Completely cover and protect any equipment or material which is prime coated or finish painted with secured plastic or cloth tarps. Store out of reach of dirt, water, mud and splashing.
6. Store loose granular materials on clean, solid surfaces such as pavement, or on rigid sheet materials, to prevent mixing with foreign matter.
7. Provide surface drainage to prevent erosion and ponding of water.
8. Prevent mixing of refuse or chemically injurious materials or liquids.
9. Cover aggregates such as sand and gravel in cold wet weather.
10. Remove all traces of piled bulk materials at completion of work and return site to original or indicated condition.

1.06 MAINTENANCE OF STORAGE

- A. CONTRACTOR shall periodically inspect stored products on a scheduled basis.
- B. CONTRACTOR shall verify that storage facilities comply with manufacturer's product storage requirements, and verify that manufacturer required environmental conditions are maintained continually.
- C. CONTRACTOR shall verify that surfaces of products exposed to the elements are not adversely affected and that any weathering of finishes is acceptable under requirements of Contract Documents.
- D. CONTRACTOR shall perform scheduled maintenance of equipment in storage as recommended by the manufacturer. A record of the maintenance shall be kept and turned over to ENGINEER when the equipment is installed.

1.07 INSTALLATION REQUIREMENTS

- A. Manufactured articles, materials, and equipment shall be applied, installed, connected, erected, used, cleaned, and conditioned as directed by the respective manufacturers, unless otherwise specified.
- B. After installation, CONTRACTOR shall protect all materials and equipment against weather, dust, moisture, and mechanical damage.
- C. CONTRACTOR shall be responsible for all damages that occur in connection with the care and protection of all materials and equipment until completion and final acceptance of the Work by OWNER. Damaged material and equipment shall be immediately removed from the Site.

1.08 EQUIPMENT WARRANTIES

- A. Warranties shall be nonprorated, include all parts and labor, and be in written form. Warranties shall specifically exclude buyer's indemnification language. Warranty language shall not eliminate manufacturer's responsibility for sizing of the equipment. During warranty period, manufacturer shall be responsible for any travel expenses, outside contractor fees, and rental equipment fees associated with providing warranty service. Manufacturer shall pay expenses incurred for repairs and parts replacement not made by manufacturer if manufacturer's response is not within 72 hours of notification by OWNER. Warranty language shall be provided with the shop drawings.

1.09 CONCRETE EQUIPMENT BASE

- A. Cast-in-place concrete equipment bases shall be provided for all new and relocated equipment including electrical control panels, motor control centers, switchgear, etc. Concrete equipment bases shall be provided by CONTRACTOR except where specifically noted to be provided by others. Bases shall be 3 1/2-inch minimum height and shall be a minimum of 3 inches larger than equipment being supported. Grouting of equipment bases shall be as recommended by equipment manufacturer.
- B. Concrete and grout shall meet applicable sections of the specifications.
- C. Provide all anchor bolts, metal shapes and templates to be cast in concrete or used to form concrete for support of equipment.

PART 2-PRODUCTS

NOT APPLICABLE

PART 3-EXECUTION

NOT APPLICABLE

END OF SECTION

SECTION 01 73 29

CUTTING, PATCHING, AND ALTERATIONS

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included: CONTRACTOR shall be responsible for all cutting, fitting, patching, and other alterations required to complete the Work as specified herein or to:
 - 1. Make its several parts fit together properly.
 - 2. Uncover portions of the Work to install improperly sequenced Work.
 - 3. Remove and replace defective Work.
 - 4. Remove and replace Work not conforming to requirements of the Contract Documents.
 - 5. Remove samples of installed Work as specified for testing.
 - 6. Provide penetrations of surfaces for installation of piping and electrical conduit.
 - 7. Rehabilitate or renovate existing spaces.

1.02 REFERENCES

- A. ANSI A10 Safety Requirements for Construction and Demolition.

1.03 QUALITY ASSURANCE

- A. CONTRACTOR shall perform all cutting, patching, and alterations in strict accordance with pertinent requirements of these Specifications.
- B. Except as modified by governing codes, CONTRACTOR shall comply with the applicable provision and recommendations of ANSI A10.

1.04 SUBMITTALS

- A. CONTRACTOR shall submit a written request to OWNER well in advance of executing any cutting or alteration which affects the following:
 - 1. Work of OWNER or any separate contractor.
 - 2. Structural value or integrity of any element of the Project.
 - 3. Integrity or effectiveness of weather-exposed or moisture-resistant elements or systems.
 - 4. Efficiency, operational life, maintenance, or safety of operational elements.
 - 5. Visual qualities of sight-exposed elements.
- B. The request shall include:
 - 1. Description of affected work.
 - 2. The necessity for cutting, patching, or alteration.
 - 3. Effect on work of OWNER, any separate contractor, or on the structural or weather-proof integrity of the Project.
 - 4. Description of proposed work to include:
 - a. Scope of cutting, patching, or alteration.
 - b. Trades who will execute the Work.
 - c. Products proposed to be used.
 - d. Extent of refinishing to be done.

- 5. Alternatives to cutting and patching.
 - 6. Written permission of any separate contractor whose work will be affected.
- C. Submit written notice to OWNER designating the date and the time the Work will be uncovered or executed.

1.05 SCHEDULING AND COORDINATION

- A. All work under this section shall be coordinated with OWNER's work forces and those of other contractors and shall be accomplished at times acceptable to OWNER.
- B. Before starting any work relating to existing utilities (electrical, sewer, water, heat, gas, fire lines, etc.) that will temporarily discontinue or disrupt service to any existing facilities, notify ENGINEER and OWNER 72 hours in advance and obtain OWNER's approval before proceeding with this phase of the Work. Temporary facilities, if required, shall be in place prior to disruption of service.

PART 2-PRODUCTS

2.01 NEW MATERIALS

- A. For replacement of work removed, CONTRACTOR shall use materials which comply with the pertinent sections of these Specifications.
- B. All new materials for patching and extending work shall match existing products and work.
- C. CONTRACTOR shall determine type and quality of existing products by inspection and any necessary testing and workmanship by use of existing as the standard.

PART 3-EXECUTION

3.01 INSPECTION

- A. CONTRACTOR shall inspect existing conditions including elements subject to movement or damage during cutting, patching, and other alterations.
- B. After uncovering the Work, CONTRACTOR shall inspect conditions affecting installation of new products or performance of new work.
- C. CONTRACTOR shall report unsatisfactory or questionable conditions to ENGINEER in writing.
- D. CONTRACTOR shall not proceed with work until unsatisfactory or questionable conditions are resolved.
- E. Beginning of cutting, patching, and alterations work means acceptance of existing conditions by CONTRACTOR.

3.02 PREPARATION AND PROTECTION

- A. CONTRACTOR shall provide temporary bracing, shoring, needling, and support of the structure during alterations work as necessary to prevent collapse, settling, or deflection and to protect persons and property from injury or damage.
- B. Temporary supports must adequately carry all existing and imposed load.
- C. CONTRACTOR shall provide and maintain temporary protection of surface finishes, equipment, and adjacent work designated to remain where demolition, removal, and new work is being done, connections are being made, materials are being handled, or equipment is being removed.
- D. CONTRACTOR shall provide temporary partitions or barriers to contain all dust, dirt, and debris from entering into finished areas or areas where OWNER is operating, storing, or manufacturing products.
- E. CONTRACTOR shall provide adequate fire protection in accordance with local Fire Department requirements.
- F. CONTRACTOR shall provide waterproofing, weather protection, heat, and other facilities for that portion of the Work which may be exposed by cutting and patching, demolition, or other alterations.
- G. CONTRACTOR shall cut, move, or remove items as necessary for access to alterations and renovations work and replace and restore at completion of the Work.
- H. CONTRACTOR shall prepare surfaces and remove surface finishes to provide for proper installation of new work and new finishes.
- I. CONTRACTOR shall be responsible for any damage to the existing structure or its contents directly or indirectly by its crews or those of its subcontractors.

3.03 PERFORMANCE

- A. CONTRACTOR shall accomplish all work of cutting, removal, demolition, patching, or other alterations using only persons skilled in the appropriate trade.
- B. CONTRACTOR shall execute the Work in a careful and orderly manner with the least possible disturbance to the public and to the occupants of the building.
- C. CONTRACTOR shall execute cutting and demolition by methods which will prevent damage to other work and will provide proper surfaces to receive installation of repairs.
- D. CONTRACTOR shall execute fitting and adjustment of products to provide a finished installation to comply with specified products, functions, tolerances, and finishes.
- E. CONTRACTOR shall fit work airtight to pipes, sleeves, ducts, conduit, and other penetrations through surfaces.
- F. CONTRACTOR shall thoroughly clean and prepare all surfaces to receive new finish or covering to completely remove all dirt, dust, grease, oil, paint, loose materials, and soil.

- G. CONTRACTOR shall refinish entire surface as necessary to provide an even finish to match adjacent finishes:
 - 1. For continuous surfaces, refinish to nearest intersection.
 - 2. For an assembly, refinish entire unit.

3.04 DEMOLITION, CUTTING, AND REMOVAL

- A. Cutting and removal of construction shall be performed by CONTRACTOR so as not to cut or remove more than is necessary and so as not to damage adjacent work.
- B. CONTRACTOR shall cut out embedded anchorages and attachment items as required to properly provide for patching and repair of the respective finishes.
- C. CONTRACTOR shall not cut structural work in a manner resulting in a reduction of load-carrying capacity or load/deflection ratio.
- D. CONTRACTOR shall not cut operational elements and safety components in a manner resulting in decreased performance, shortened useful life, or increased maintenance.
- E. CONTRACTOR shall not cut work exposed to view (exterior or interior) in a manner resulting in noticeable reduction of visual qualities as determined by OWNER.
- F. Construction that is to remain which is loosened, cracked, or otherwise damaged or defaced as a result of careless cutting or demolition and is unsuitable for use intended shall be removed and replaced at no additional cost to OWNER.
- G. CONTRACTOR shall clean demolished areas and remove debris, waste, and rubbish from the building at the conclusion of each day's work.
- H. CONTRACTOR shall not let piled waste material endanger the structure.

3.05 PATCHING, EXTENDING, AND MATCHING

- A. Patching work shall conform to the standards of the Specifications where applicable, and where not specified, work shall conform to the highest standards of the applicable trade.
- B. CONTRACTOR shall patch construction to match adjacent work unless noted otherwise.
- C. Patching or restoration shall be carried to natural breaks (e.g., corners) wherever possible.
- D. CONTRACTOR shall provide adequate support to substrate for patching finishes.
- E. At locations in existing areas where partitions are removed, CONTRACTOR shall patch floors, walls, and ceiling with finish material to match adjacent surfaces.
- F. Transitions:
 - 1. Where new work abuts or finishes flush with existing work, CONTRACTOR shall make the transition as smooth as possible.
 - 2. Patched work shall match adjacent work in texture and appearance so as to make the patch or transition invisible to the eye at a distance of 3 feet.
 - 3. Where masonry, tile, plaster, metal, or other finished surface is cut in such a way that a smooth transition is not possible, CONTRACTOR shall terminate the existing surface in

a neat fashion along a straight line at a natural line of division and provide trim appropriate to the finished surface.

4. CONTRACTOR shall restore existing work that is damaged during patching operations to a condition equal to its construction at the time of the start of the Work.

3.06 UNANTICIPATED MECHANICAL AND ELECTRICAL WORK EXPOSED

- A. Where unanticipated mechanical piping or electrical conduit is exposed during removal of partitions or walls, removal or rerouting shall be accomplished by CONTRACTOR as applicable.
 1. Rerouted piping shall be located and shall be connected to maintain all functions in proper operations.
 2. Abandoned piping may be left in place where it is buried in floors or walls, providing that it is completely disconnected from its source.
 3. There shall be no "dead end" gas, water, sewer, or vent piping existing in the completed work.
 4. Unless otherwise shown, abandoned piping, ductwork, conduit, or other mechanical or electrical items in chases, vertical enclosures, or concealed above ceilings shall be completely removed.
- B. Removals, capping, or otherwise terminating services which are abandoned shall be accomplished without additional cost to OWNER.
- C. Relocation of services resulting from unanticipated conflicts of new and existing work in concealed spaces shall be paid for in accordance with the General Conditions.

END OF SECTION

SECTION 01 77 00

CONTRACT CLOSEOUT

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Closeout Procedures.
 - 2. Final Cleaning.
 - 3. Adjusting.
 - 4. Project Record Documents.
 - 5. Warranties.

1.02 CLOSEOUT PROCEDURES

- A. CONTRACTOR shall provide submittals to ENGINEER that are required by governing or other authorities.
- B. CONTRACTOR shall comply with General Conditions and Supplementary Conditions and complete the following before requesting ENGINEER's observation of the Work or designated portion thereof for substantial completion.
 - 1. Submit executed warranties, workmanship bonds, maintenance agreements, inspection certificates, and similar required documentation for specific units of Work, enabling OWNER's unrestricted occupancy and use.
 - 2. Submit record documentation, maintenance manuals, tools, spare parts, keys, and similar operational items.
 - 3. Submit consent of surety (if surety required in Contract).
 - 4. Complete final cleaning, touch-up work of marred surfaces, and remove temporary facilities and tools.

1.03 FINAL CLEANING

- A. It is CONTRACTOR's responsibility to completely clean up the inside and outside of all buildings and the construction site at the completion of the Work.
- B. CONTRACTOR shall clean areas of the building in which painting and finishing work is to be performed just prior to the start of this work and maintain these areas in satisfactory condition for painting and finishing. This cleaning includes:
 - 1. Removal of trash and rubbish from these areas.
 - 2. Broom cleaning of floors.
 - 3. Removal of any plaster, mortar, dust, and other extraneous materials from finish surfaces, including but not limited to exposed structural steel, miscellaneous metal, masonry, concrete, mechanical equipment, piping, and electrical equipment.
- C. In addition to the cleaning specified above and the more specific cleaning that may be required in various technical sections of the Specifications, CONTRACTOR shall prepare the Project for occupancy by a thorough cleaning throughout, which shall include the following:
 - 1. Clean interior and exterior glass surfaces exposed to view; remove temporary labels, stains and foreign substances, polish transparent and glossy surfaces, vacuum carpeted and soft surfaces.

2. Clean equipment and fixtures to a sanitary condition with cleaning materials appropriate to the surface and material being cleaned.
3. Replace filters of operating equipment.
4. Clean debris from roofs, gutters, downspouts, and drainage systems.
5. Clean site; sweep paved areas, rake clean landscaped surfaces.
6. Remove waste and surplus materials, rubbish, and construction facilities from the Site.

1.04 ADJUSTING

- A. CONTRACTOR shall adjust operating products and equipment to provide smooth and unhindered operation.

1.05 PROJECT RECORD DOCUMENTS

- A. CONTRACTOR shall maintain on Site one set of the following record documents to record actual revisions to the Work:
 1. Drawings.
 2. Specifications.
 3. Addenda.
 4. Change orders and other modifications to the Contract.
 5. Reviewed shop drawings, product data, and samples.
 6. Manufacturer's instruction for assembly, installation, and adjusting.
- B. CONTRACTOR shall make entries that are complete and accurate, enabling future reference by OWNER.
- C. CONTRACTOR shall store record documents separate from documents used for construction.
- D. CONTRACTOR shall record information concurrent with construction progress.
- E. Specifications: CONTRACTOR shall legibly mark and record at each Product section description of actual products installed, including the following:
 1. Manufacturer's name and product model and number.
 2. Product substitutions or alternates utilized.
 3. Changes made by addenda and modifications.
- F. Record Drawings: CONTRACTOR shall legibly mark each item to record actual construction including:
 1. Measured depths of foundations in relation to finish floor datum.
 2. Measured horizontal and vertical locations of underground utilities and appurtenances referenced to permanent surface improvements.
 3. Measured locations of internal utilities and appurtenances concealed in construction referenced to visible and accessible features of the Work.
 4. Field changes of dimension and detail.
 5. Details not on original Contract Drawings.

1.06 WARRANTIES

- A. CONTRACTOR shall provide warranties beyond project two-year warranty as required by technical sections.

- B. Submit warranty information as follows:
1. Provide original copies bearing authorized signatures.
 2. Execute and assemble transferable warranty documents from subcontractors, suppliers, and manufacturers, and provide Table of Contents and assemble in three-ring binder with durable cover.
 3. Submit with request for certificate of Substantial Completion.
 4. For items of work delayed beyond date of Substantial Completion, provide updated submittal within 10 days after acceptance listing date of acceptance as start of warranty

PART 2-PRODUCTS

NOT APPLICABLE

PART 3-EXECUTION

NOT APPLICABLE

END OF SECTION

SECTION 01 91 00
STARTING OF SYSTEMS

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. General.
 - 2. Equipment and System Installation.
 - 3. Starting Equipment and Systems.
 - 4. Demonstration, Instructions, and Operator Training.
 - 5. Start-Up and Testing.
 - 6. Equipment Systems Requiring Certification of Proper Installation.
 - 7. Equipment Systems Requiring Additional Documentation.
- B. CONTRACTOR shall perform the Work described in the following subsections.

1.02 GENERAL

- A. The number of days for manufacturer's services stated in the Specifications shall be considered as the minimum number of days. Should additional time be required for services because of equipment malfunction or other problem, such time shall be at the expense of CONTRACTOR, with no change in Contract Price.
- B. "Days" specified shall consist of 8-hour days on-site, excluding travel time.
- C. CONTRACTOR shall designate and provide one person to be responsible for scheduling, coordinating, and expediting the specified services. Scheduling the services shall be done in cooperation with, and with the prior approval of ENGINEER and OWNER. Such schedule shall be arranged with the appropriate subcontractors, manufacturers, and suppliers with sufficient time to allow their compliance with the service requirements.
- D. CONTRACTOR shall manage equipment checkout such that checkout has been completed and deficiencies addressed prior to demonstration and training. Scheduling training prior to checkout may result in cancellation when checkout cannot be completed prior to training.

1.03 EQUIPMENT AND SYSTEM INSTALLATION

- A. Competent and experienced technical personnel shall represent the manufacturers of all equipment and systems for as many days as may be necessary to provide proper installation and to resolve assembly or installation problems at the site that are attributable to, or associated with, the equipment furnished. This requirement applies to manufacturers for all equipment furnished, whether or not specifically set forth in the Specifications.
- B. Where a Certificate of Proper Installation is called for in this Specification Section, the manufacturer's representative shall provide the attached Certificate of Proper Installation stating that the equipment or system has been installed in accordance with the manufacturer's instructions and has been inspected by a manufacturer's authorized representative, that it has been serviced with the proper initial lubricants, that applicable

safety equipment has been properly installed, that the proper electrical and mechanical connections have been made, and that any other manufacturer requirements have been met. This certification shall be provided to ENGINEER and OWNER prior to the start-up. This certificate is in addition to the manufacturer's standard startup reports, checklists, and other pertinent information.

- C. Functional (or run) testing is required for all equipment and systems. The manufacturer's representative shall supervise the functional test, which shall include checking for proper rotation, alignment, speed, excessive vibration, and noisy operation. The Manufacturer's Certificate of Proper Installation shall state that proper adjustments have been made and that the equipment or system is ready for start-up.
- D. Manufacturer shall demonstrate, using laser alignment equipment, if appropriate, that the installed equipment has been aligned properly. Final acceptance of equipment will not be granted until manufacturer has demonstrated to ENGINEER that acceptable alignment to tolerances have been achieved. For pumps with motors 7.5 hp and larger, the acceptable shaft alignment tolerances shall be as recommended in the pump manufacturer's written instructions and shall include parallel offset and angular gap measurements.

1.04 STARTING EQUIPMENT AND SYSTEMS

- A. Where field testing and start-up services are called for in the Specifications, or when technical assistance is necessary as a result of any malfunction of the equipment or system furnished, the manufacturer's representative shall provide such services.
- B. Manufacturer's representative shall also conduct and/or assist with performance testing, as required by the Specifications. These services shall continue until such times as the applicable equipment or system has been successfully tested for performance and has been accepted by OWNER for full-time operation.
- C. Coordinate schedule for start-up of various equipment and systems. Coordination includes, but is not limited to, communication with subcontractors, suppliers, OWNER, and ENGINEER. CONTRACTOR shall confirm that all necessary work is complete and that the equipment and systems can be operated in conjunction with all associated processes.
- D. Notify ENGINEER and OWNER a minimum of 7 days prior to start-up of each item using the attached Equipment Startup and O&M Training Scheduling form. CONTRACTOR shall submit form to ENGINEER.
- E. Verify that each piece of equipment or system has been checked for proper lubrication, drive rotation, belt tension, control sequence, or for other conditions that may cause damage.
- F. Verify that tests, meter readings, and specified electrical characteristics agree with those required by the equipment or system manufacturer.
- G. Verify wiring and support components for equipment are complete and tested.
- H. Execute start-up under supervision of applicable manufacturer's representative and CONTRACTOR's personnel in accordance with manufacturers' instructions.
- I. Require manufacturer to provide authorized representative to be present at site to inspect, check, and approve equipment or system installation prior to start-up and to supervise

placing equipment or system in operation. Authorized representative shall provide approval for starting of systems in writing where specified.

- J. Equipment manufacturer shall provide a written report covering checkout, testing, inspections, and start-up and shall identify any deficiencies noted. Report shall be submitted to ENGINEER. CONTRACTOR shall be responsible for correcting all deficiencies noted in report. In addition, CONTRACTOR shall submit a fully executed Certificate of Proper Installation form if required in Paragraph 3.01 of this section.

1.05 DEMONSTRATION, INSTRUCTIONS, AND OPERATOR TRAINING

- A. For all mechanical equipment and systems and where called for in the Specifications, provide a qualified technical representative to provide detailed instructions to OWNER's personnel for operation and maintenance of equipment and associated instrumentation. Training services shall include pre-start-up classroom instruction and start-up on-site instruction, as stated in the Specifications.
- B. Refer to the Specifications for additional training requirements.
- C. CONTRACTOR shall coordinate the pre-start-up training periods with OWNER's operating personnel and manufacturers' representatives.
 - 1. Schedule training dates and times with OWNER, that are acceptable to the OWNER, using equipment, startup, and O&M training form. Normal hours available for training are between 7:30 A.M. to 2 P.M., Monday through Friday, except for holidays.
 - 2. Submit outline and presentation to ENGINEER at least 7 days in advance of training.
 - 3. Provide name, contact information, and brief synopsis of qualifications of the trainer.
 - 4. If materials above are not provided at least 7 days in advance, training may be canceled.
 - 5. Failure of supplier's or manufacturer's representative to appear for scheduled training, failure to notify OWNER 24 hours in advance of need to cancel scheduled training or failure to arrive within 30 minutes of start of scheduled training shall result in reimbursement to OWNER for time lost by OWNER's personnel in waiting for arrival of manufacturer's representative. Except in case of failure to arrive on time, time will not exceed 1 hour for each employee scheduled to receive training. Failure to arrive on time will be reimbursed by actual time late, up to 1 hour, after 1 hour, training will be rescheduled. CONTRACTOR shall reimburse OWNER via a change order.
 - 6. During the training, instructor will dedicate its time solely to training and not start-up services.
 - 7. Utilize operation and maintenance manuals as basis for instruction. Review contents of manual with OWNER's personnel in detail to explain all aspects of operation and maintenance.
 - 8. Demonstrate start-up, operation, control, adjustment, troubleshooting, servicing, maintenance, and shutdown of each item of equipment.
 - 9. Prepare and insert additional data in operation and maintenance manuals when need for additional data becomes apparent during instruction.
 - 10. OWNER may videorecord the training for future internal use. Provide to OWNER paper and electronic copies of any media used as part of training.
 - 11. Provide training handouts for each of OWNER's personnel present.

- D. CONTRACTOR shall provide attached Certificate of Operator Training cosigned by OWNER and supplier's representative verifying training was accomplished to satisfaction of all parties.
- E. Operation and maintenance manual submitted in accordance with Section 01 33 00–Submittals shall be provided prior to operator training.
- F. For equipment or systems requiring seasonal operation, perform demonstration for dormant season at start of dormant season.
- G. Final payment for various items of equipment will not be made by OWNER until the equipment is operating to OWNER's satisfaction.
- H. Where items of equipment are placed into service at different times or sequence, manufacturer's services for start-up, field testing, and supervision shall be provided for each time or sequence. Training shall be provided prior to or at the time the first similar item of equipment is placed in service.

1.06 START-UP AND TESTING

- A. Prior to acceptance of any portion of the Work, start-up and testing of all equipment and testing of all materials furnished on the Project by CONTRACTOR shall have been conducted in the presence of representatives of CONTRACTOR, OWNER, and ENGINEER and also manufacturer if requested by OWNER or ENGINEER.
- B. CONTRACTOR shall provide whatever temporary installations and conditions are necessary in order to perform start-up and testing operations on all equipment and materials furnished under the Contract. Temporary connections and equipment necessary during start-up and testing operations shall include, but not be limited to, temporary piping and electrical power and control equipment and devices, temporary connection from various parts of the systems and any other labor, materials, fuel, devices, or items that may be required for start-up and testing operations. Temporary conditions shall include filling with water, if necessary, to check equipment and materials.
- C. All temporary installations and conditions shall be removed by CONTRACTOR upon completion of start-up and testing.

PART 2–PRODUCTS

NOT APPLICABLE

PART 3–EXECUTION

3.01 EQUIPMENT SYSTEMS REQUIRING CERTIFICATION OF PROPER INSTALLATION

- A. All space and process related heating, cooling, and ventilation equipment and systems specified in Division 23.
- B. Section 26 09 00–Controls and Instrumentation (Gas Detectors and Monitoring Systems).
- C. Section 26 32 13–Standby Power System.

- D. Section 26 32 14–Switchboard-Style Automatic Transfer Switches.
- E. Section 40 05 59.23–Slide Gates.
- F. All Conveying Systems specified in Division 41.
- G. All equipment specified in Divisions 43 and 46.

3.02 EQUIPMENT SYSTEMS REQUIRING ADDITIONAL DOCUMENTATION

- A. Section 26 09 00–Controls and Instrumentation: Documented date(s) of CONTRACTOR written request for Factory Acceptance Test.
- B. Section 26 09 00–Controls and Instrumentation: Documented date(s) of CONTRACTOR written request for On-Site Acceptance Test.

CANADIAN NATIONAL RAILWAY PERMITS

CN System Engineering

Ben Beatty
Design and Construction
Field Engineer
17641 Ashland Ave
Homewood, IL 60430

December 27, 2023

Todd Irwin
City of Dubuque
50 W 13th Street
Dubuque, IA 52001

Subject: P-12129: Chicago, Central & Pacific Railroad Company, DUBUQUE Subdivision, MP 186.61 - 186.61

CN Engineering Design & Construction has reviewed the request to install a 30-inch PVC sanitary sewer force main carrier pipe in a 42-inch steel casing and abandon and grout in place the existing 24-inch sanitary sewer carrier pipe. There are no engineering objections provided the following occurs:

- 1.) CN Utility Locate Required.
- 2.) CN's operations are not to be impaired or effected by any of the described work.
- 3.) A flagman, railroad representative is to be present during any and all work on, over, under or near railroad property.
- 4.) All employees of contractors not hired by CN that will work on, over, under or near CN property are required to have, at a minimum, safety certification with www.contractororientation.com and the railroad representative will be responsible for verifying and documenting said certifications.
- 5.) Installer must monitor top of rail elevations via daily surveying for borings greater than 6 in. in size and that occur under CN tracks. A log of top of rail elevations may be requested at any time throughout the duration work.
- 6.) Any work that involves temporary traffic control plans or railroad grade crossings should follow the requirements of the current edition of MUTCD Section 8A.08 Temporary Traffic Control Zones and MUTCD Section 6. Traffic plan to be presented and discussed with Railroad Flagman / Railroad representative during every briefing.
- 7.) Boring will not be paused within zone of influence

This letter shall be valid for a period of two (2) years from the date herein. If the work has not been completed by then, the application will need to be reviewed again to ensure it is in accordance with all applicable regulatory requirements and standards.

Sincerely,

Ben Beatty
CN Field Engineer

This is not valid unless it indicates that Chicago, Central & Pacific Railroad Company has received all the information requested. If any of the boxes are checked that information must be provided before the project is approved and valid.

CHECKLIST

It appears that your notification is deficient in the following aspects: (When returning information checked in the boxes please refer to the document number.)

- ☐ Before the construction can begin, we must receive a certificate of insurance from the contractor/facility owner. The limits are as follows:
- (a) Statutory Workers' compensation and Employer's Liability insurance.
 - (b) Automobile Liability in an amount not less than \$1,000,000 combined single limit.
 - (c) Comprehensive General Liability in an amount not less than \$5,000,000 combined single limit. In the event the policy is a Claims Made policy, coverage shall include an aggregate of \$10,000,000.
- Before commencing work, the contractor shall provide and maintain the following insurance, in form and amount and with companies satisfactory to, and as approved by, the RAILROAD.
- (a) Statutory Worker's Compensation and Employer's Liability insurance.
 - (b) Automobile Liability in an amount not less than \$1,000,000 combined single limit.
 - (c) An occurrence form Railroad Protective Policy with limits of not less than \$5,000,000 per occurrence for Bodily Injury Liability, Property Damage Liability and Physical Damage to Property, with \$10,000,000 aggregate for the term of the policy with respect to Bodily Injury, Liability, Property Damage Liability and Physical Damage to Property.

BOTH POLICIES MUST NAME:

Chicago, Central & Pacific Railroad Company and its Parents
17641 South Ashland Avenue
Homewood, IL 60430
Reference Document No. P-12129

as the insured, and shall provide for not less than ten (10) days prior written notice to the Railroad as cancellation of, or any materials change, in the policy.

- ☐ Please complete and return the enclosed application form.
- ☐ This notification is not subject to the rules adopted pursuant to Chapter 42 of the Iowa Administrative Code. All of the items marked below must be resolved before the Railroad will begin processing your submittals as satisfactory notification. Please send the requested information to:

Chicago, Central & Pacific Railroad Company
Attn: CN Utilities
17641 South Ashland Avenue
Homewood, IL. 60430

Notification does not include:

- ☐ A legible scaled drawing.
- ☐ A legible detailed cross section.
- ☐ Legal description.
- ☐ An emergency contact and telephone number as required by Chapter 42
- ☐ Who will perform construction (e.g. internal labor, contractor)?
- ☐ The owner of the proposed facility.
PLEASE PROVIDE THE NAME, ADDRESS, TELEPHONE NUMBER AND CONTACT PERSON FOR THE OWNER OF THE FACILITY.
- ☐ Description of materials involved. (e.g. type of wire, cable, pipe crossing) - install a 30-inch PVC sanitary sewer force main carrier pipe in a 42-inch steel casing and abandon and grout in place the existing 24-inch sanitary sewer carrier pipe.
- ☐ Type and size of facility.
- ☐ **Because of the lack of data submitted with your notification, or your specifications do not meet railroad construction requirements; the railroad does not accept it as meeting the requirements of notification. Your notification will be complete upon receipt of the information requested and the required documents will be processed. Any attempt to construct before the documents are prepared and executed, will be viewed as trespassing and the construction will be halted and _____ (Consultant/Contractor) and _____ (Facility Owner) will be prosecuted to the fullest extent of the law.**
- ☐ A \$750.00 deposit is required to begin permit processing. (PAID)
- ☐ Please provide vicinity map showing cross streets and the location of the project.
- ☐ Profile of crossing.
- ☐ Is this being installed at an existing public road crossing?
- ☐ The casing shall extend a minimum of the entire width of Railroad right of way. In addition, the casing pipe shall be a minimum of 5'6" below the track and extend a minimum of 3' beyond the toe or top of a slope or ditch and must be sealed.
- ☐ A steel casing pipe with an E-80 loading capacity is required for installation of a PVC or PLASTIC CONDUIT. The casing pipe must be bored and jacked with a minimum depth of 5.5' from the bottom of the rail to the top of the casing and shall extend the entire width of the Railroad right of way. In addition, the casing pipe shall be sealed and vented on each side of the tracks outside of the railroad right of way line (see enclosed specifications).
- ☐ The tracks have been removed but the right of way is still owned by Chicago, Central & Pacific Railroad Company and construction is required as though rails are still there.
- ☐ Road right of way width.
- ☐ Construction is not permitted until both parties agree procedures and all fees are paid.
- ☐ You are proposing to directionally bore a _____ " natural gas main without a casing pipe, Chicago, Central & Pacific Railroad Company requires that any uncased gas mains be installed in accordance with Part 5, Section 5.2 of the American Railway Engineering and Maintenance Associations Manual for Railway Engineering.
- X **You must CONTACT Chicago, Central & Pacific Railroad Company five (5) working days prior to construction. The contact information can be found below.**
- X **PER CHAPTER 42 YOU ARE REQUIRED TO PROVIDE THE RAILROAD NOTICE OF CONSTRUCTION A MINIMUM OF FIVE (5) WORKING DAYS PRIOR TO CONSTRUCTION. NOTE: CHICAGO, CENTRAL & PACIFIC RAILROAD COMPANY IS NOT ASSOCIATED WITH DIGGERS / JULIE / MISS DIG / GOLPHER ON CALL.**
- X **Signal Wire Location**
- X **Flagger**

Signal Wire Location & Railroad Flagger:

Subject: P-12130: Chicago, Central & Pacific Railroad Company, DUBUQUE Subdivision, MP 185.68 - 185.68

CN Engineering Design & Construction has reviewed the request to install 28 strand of FOC with 2 inch HDPE (4) with 7 HDPE inner ducts each. There are no engineering objections provided the following occurs:

- 1.) CN Utility Locate Required.
- 2.) CN's operations are not to be impaired or effected by any of the described work.
- 3.) A flagman, railroad representative is to be present during any and all work on, over, under or near railroad property.
- 4.) All employees of contractors not hired by CN that will work on, over, under or near CN property are required to have, at a minimum, safety certification with www.contractororientation.com and the railroad representative will be responsible for verifying and documenting said certifications.
- 5.) Installer must monitor top of rail elevations via daily surveying for borings greater than 6 in. in size and that occur under CN tracks. A log of top of rail elevations may be requested at any time throughout the duration work.
- 6.) Any work that involves temporary traffic control plans or railroad grade crossings should follow the requirements of the current edition of MUTCD Section 8A.08 Temporary Traffic Control Zones and MUTCD Section 6. Traffic plan to be presented and discussed with Railroad Flagman / Railroad representative during every briefing.
- 7.) Boring will not be paused within zone of influence
- 8.) Bore shall not be greater than 1" larger than the utility diameter

This letter shall be valid for a period of two (2) years from the date herein. If the work has not been completed by then, the application will need to be reviewed again to ensure it is in accordance with all applicable regulatory requirements and standards.

Sincerely,

Ben Beatty

This is not valid unless it indicates that Chicago, Central & Pacific Railroad Company has received all the information requested. If any of the boxes are checked that information must be provided before the project is approved and valid.

CHECKLIST

It appears that your notification is deficient in the following aspects: (When returning information checked in the boxes please refer to the document number.)

- ☐ Before the construction can begin, we must receive a certificate of insurance from the contractor/facility owner. The limits are as follows:
- (a) Statutory Workers' compensation and Employer's Liability insurance.
 - (b) Automobile Liability in an amount not less than \$1,000,000 combined single limit.
 - (c) Comprehensive General Liability in an amount not less than \$5,000,000 combined single limit. In the event the policy is a Claims Made policy, coverage shall include an aggregate of \$10,000,000.
- Before commencing work, the contractor shall provide and maintain the following insurance, in form and amount and with companies satisfactory to, and as approved by, the RAILROAD.
- (a) Statutory Worker's Compensation and Employer's Liability insurance.
 - (b) Automobile Liability in an amount not less than \$1,000,000 combined single limit.
 - (c) An occurrence form Railroad Protective Policy with limits of not less than \$5,000,000 per occurrence for Bodily Injury Liability, Property Damage Liability and Physical Damage to Property, with \$10,000,000 aggregate for the term of the policy with respect to Bodily Injury, Liability, Property Damage Liability and Physical Damage to Property.

BOTH POLICIES MUST NAME:

Chicago, Central & Pacific Railroad Company and its Parents
17641 South Ashland Avenue
Homewood, IL 60430
Reference Document No. P-12130

as the insured, and shall provide for not less than ten (10) days prior written notice to the Railroad as cancellation of, or any materials change, in the policy.

- ☐ Please complete and return the enclosed application form.
- ☐ This notification is not subject to the rules adopted pursuant to Chapter 42 of the Iowa Administrative Code. All of the items marked below must be resolved before the Railroad will begin processing your submittals as satisfactory notification. Please send the requested information to:

Chicago, Central & Pacific Railroad Company
Attn: CN Utilities
17641 South Ashland Avenue
Homewood, IL. 60430

Notification does not include:

- ☐ A legible scaled drawing.
- ☐ A legible detailed cross section.
- ☐ Legal description.
- ☐ An emergency contact and telephone number as required by Chapter 42
- ☐ Who will perform construction (e.g. internal labor, contractor)?
- ☐ The owner of the proposed facility.
PLEASE PROVIDE THE NAME, ADDRESS, TELEPHONE NUMBER AND CONTACT PERSON FOR THE OWNER OF THE FACILITY.
- ☐ Description of materials involved. (e.g. type of wire, cable, pipe crossing) - install 28 strand of fiber optic cable with 2 inch HDPE (4) with 7 HDPE inner ducts each
- ☐ Type and size of facility.
- ☐ **Because of the lack of data submitted with your notification, or your specifications do not meet railroad construction requirements; the railroad does not accept it as meeting the requirements of notification. Your notification will be complete upon receipt of the information requested and the required documents will be processed. Any attempt to construct before the documents are prepared and executed, will be viewed as trespassing and the construction will be halted and _____ (Consultant/Contractor) and _____ (Facility Owner) will be prosecuted to the fullest extent of the law.**
- ☐ A \$750.00 deposit is required to begin permit processing. (PAID)
- ☐ Please provide vicinity map showing cross streets and the location of the project.
- ☐ Profile of crossing.
- ☐ Is this being installed at an existing public road crossing?
- ☐ The casing shall extend a minimum of the entire width of Railroad right of way. In addition, the casing pipe shall be a minimum of 5'6" below the track and extend a minimum of 3' beyond the toe or top of a slope or ditch and must be sealed.
- ☐ A steel casing pipe with an E-80 loading capacity is required for installation of a PVC or PLASTIC CONDUIT. The casing pipe must be bored and jacked with a minimum depth of 5.5' from the bottom of the rail to the top of the casing and shall extend the entire width of the Railroad right of way. In addition, the casing pipe shall be sealed and vented on each side of the tracks outside of the railroad right of way line (see enclosed specifications).
- ☐ The tracks have been removed but the right of way is still owned by Chicago, Central & Pacific Railroad Company and construction is required as though rails are still there.
- ☐ Road right of way width of Mines of Spain Road (DOT#306952G)
- ☐ Construction is not permitted until both parties agree procedures and all fees are paid.
- ☐ You are proposing to directionally bore a _____ " natural gas main without a casing pipe, Chicago, Central & Pacific Railroad Company requires that any uncased gas mains be installed in accordance with Part 5, Section 5.2 of the American Railway Engineering and Maintenance Associations Manual for Railway Engineering.
- X **You must CONTACT Chicago, Central & Pacific Railroad Company five (5) working days prior to construction. The contact information can be found below.**

CN Engineering Design & Construction has reviewed the request to install a 30-inch PVC sanitary sewer force main carrier pipe in a 42-inch steel. There are no engineering objections provided the following occurs:

- 1.) CN Utility Locate Required.
- 2.) CN's operations are not to be impaired or effected by any of the described work.
- 3.) A flagman, railroad representative is to be present during any and all work on, over, under or near railroad property.
- 4.) All employees of contractors not hired by CN that will work on, over, under or near CN property are required to have, at a minimum, safety certification with www.contractororientation.com and the railroad representative will be responsible for verifying and documenting said certifications.
- 5.) Installer must monitor top of rail elevations via daily surveying for borings greater than 6 in. in size and that occur under CN tracks. A log of top of rail elevations may be requested at any time throughout the duration work.
- 5.) Any work that involves temporary traffic control plans or railroad grade crossings should follow the requirements of the current edition of MUTCD Section 8A.08 Temporary Traffic Control Zones and MUTCD Section 6. Traffic plan to be presented and discussed with Railroad Flagman / Railroad representative during every briefing.
- 7.) Once the bore commences, it must continue, without stopping, until it reaches the receiving pit.
- 8.) A Professional Engineer must be on site during the entire boring process. The PE will certify that the amount of material removed for the bore does not exceed the volume of the casing installed, and that the total as-built length of the casing does not exceed the sum of its parts.

This letter shall be valid for a period of two (2) years from the date herein. If the work has not been completed by then, the application will need to be reviewed again to ensure it is in accordance with all applicable regulatory requirements and standards.

Sincerely,

Ben Beatty
CN Field Engineer

FEDERAL WAGE RATES

Superseded General Decision Number: IA20230003

State: Iowa

Construction Type: Heavy Sewer/Water Treating Plant

Counties: Iowa Statewide.

EXCEPT SCOTT COUNTY

SEWER AND WATER TREATMENT PLANTS ONLY

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(1).

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022:	. Executive Order 14026 generally applies to the contract. . The contractor must pay all covered workers at least \$17.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2024.
If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022:	. Executive Order 13658 generally applies to the contract. . The contractor must pay all covered workers at least \$12.90 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2024.

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at <http://www.dol.gov/whd/govcontracts>.

POWER EQUIPMENT OPERATOR CLASSIFICATIONS

CLASS A: Asphalt laydown machine, Asphalt Plant Operator, Asphalt heater-planer unit, Backhoe, Bulldozer, Central Mix Plant, Concrete Pump, Crawler Tractor Pulling Scraper, Dredge Engineer, Dredge Leverman, Front-end Loader (over 2 yds), Group Equipment Greaser (unsupervised), Horizontal boring machine, Master Mechanic, Milling Machine, Motor Patrol, Portland Concrete Paver, Power Shovel, Crane & Dragline, Pushcat, Scraper (10 yards & over or finish), Self-propelled Elevation Grader or Similar Machine, Sideboom Tractor, Subgrader (or equivalent), Tow Push Boat

or Work Boat, Trenching Machine (Cleveland 80 or similar capacity).

CLASS B: Asphalt Distributor, Asphalt Finish Roller, Asphalt Screed, Belt Loader or Similar Machine, Bullfloat, Churn or Rotary Drill, Concrete Widening Machine, Concrete Curbing Machine, Conveyor, Crawler Tractor - Pulling ripper, Disc, Sheepsfoot or Roller, Deckhand/Oiler, Finishing Machine (on concrete), Flex-plane, forklift, Form Grader, Front-end Loader (under 2 years), Group greaser (supervised), Haiss loader or similar, Mechanic-welder, Offroad articulated hauler, Paving breaker pumps (over 3"), Screening & wash plant, Skid loader, Spreader Operator, Self-propell Roller (other than asphalt), Self-propelled vibrating compactor, shoulder machine, Trenching Machine (other than above), Water wagon on compaction.

CLASS C: Asphalt Roller (other than finish), Boiler, Boom & Winch Truck, Compressor, Concrete Spreader, Belt Placer, Farm Type or Utility Tractor with attachments (under 50 hp), Group Greaser Light plant, Mechanical Broom, Mechanical Heater, Oiler, Pile Hammer Power Unit, Pump (Other than Dredge), Pumps (3" and under), Pumps on well points & deep wells for dewatering, Safety Boat, Truck Crane combination Driver Oiler, Welding Machine.

FOOTNOTE:

IRONWORKERS: (Setting of all structural steel and reinforcing steel installation)

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

=====

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is

based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

END OF GENERAL DECISION"

Superseded General Decision Number: IA20230065

State: Iowa

Construction Type: Building

County: Dubuque County in Iowa.

BUILDING CONSTRUCTION PROJECTS (does not include single family homes or apartments up to and including 4 stories).

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(1).

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022: 	. Executive Order 14026 generally applies to the contract. . The contractor must pay all covered workers at least \$17.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2024.
If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022: 	. Executive Order 13658 generally applies to the contract. . The contractor must pay all covered workers at least \$12.90 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2024.

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at <http://www.dol.gov/whd/govcontracts>.

=====
Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within

the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those

classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

State Adopted Rate Identifiers

Classifications listed under the ""SA"" identifier indicate that the prevailing wage rate set by a state (or local) government was adopted under 29 C.F.R. 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 01/03/2024 reflects the date on which the classifications and rates under the ?SA? identifier took effect under state law in the state from which the rates were adopted.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

END OF GENERAL DECISION"

CN REQUEST FOR FLAGGING SERVICES AND CABLE LOCATION FORM

CN Request for Flagging Services and Cable Location

Project Information:	
Please fill in each cell for processing	
Is this a new project?	Select answer
List CN Project # (Example SO# 123456, Network# R1234, PSC-132):	
Contractor's Right of Entry (ROE), License, or Permit #:	
Date of Agreement for ROE, License or Permit:	
Termination Date of Agreement for ROE, License or Permit (if applicable):	
Does the scope of work include underground, pile driving, excavation or other activities which would require a Railroad Cable Locate? Note: railroad cables and fibers are not part of any state utility locate programs. If a contractor shows up on site to perform work that requires a cable locate and it was not requested, the flagger will shut down the project	
Does your project require vehicular traffic to be shifted out of its intended lane against the current of traffic at a railroad grade crossing?	Select answer
Railroad Subsidiary (listed on your agreement):	Select Railroad Subsidiary
Licensee and/or their contractor shall request, prepay, and secure Railroad Company signal facility locates by written notice to Railroad Company along with submission of CN's "Request for Flagging Services" form at least 10 business days in advance of proposed performance of any work or access to Railroad Company property. Dates requested are subject to Flagging's availability. Notice to Railroad Company does not fulfill or satisfy any other notification requirements for utility locates for non-railroad facilities. <i>You must have an agreement with a CN railroad subsidiary, such as a Right of Entry, Permit, License or Formal Agreement in addition to any necessary flagging before you may enter CN property.</i>	
Flagging Protection Schedule:	
Requested Dates for Flagger Protection: Dates requested are subject to Flagging Co. availability and any project needing a cable locate will need 10 days minimum advance notice. This should be considered when requesting dates for flagging.	
Estimated Duration (in days) for Flagger:	
Estimated Work Schedule (example Mon. – Sat.)	
Daily Start Time / End Time (example 0700 to 1700 etc.): (Flagger start and end time may vary based on type of protection)	
Flagging Protection Location:	
Railroad Mile Post (MP):	
Railroad Subdivision:	
Project's Location (Street location/intersection):	
Project - City / State:	
Project Description (example HDD, Jack and Bore, Encroachment, Underground or Overhead Pipeline / Wireline crossing, etc.):	
Location for flagger to report:	
Field Contact Person(s):	1st Alternate
Mobile Phone Number(s):	1st Alternate
Email Addresses:

CN required online training must be completed before Flagging Protection will be scheduled.
Prepayment must be received before Flagging Protection will be scheduled.
There is an 8-hour minimum per day. The base rate for Flagging Protection is \$2,500 for 11 hours. Additional overtime hours must be prepaid at the rate of \$275.00 per hour. Weekends and Holidays must be prepaid at the overtime rate of \$3,025 / 11 hour minimum. (Rates Effective October 1, 2023.)
If additional days of flagging protection are required, they must be prepaid in advance.
Any prepayment not used can be refunded.
Railroad Cable Location must be prepaid, the cost is \$975.00 per locate.

This completed form must be sent with a map, confirmation of electronic prepayment, and proof of insurance to US_Flagging@cn.ca.

SPECIAL PROVISIONS

SPECIAL PROVISIONS

An out-of-State contractor, before commencing a contract in excess of \$5,000.00, shall, pursuant to Iowa Code 91C.7(2), file a bond with the Division of Labor Services of the Department of Employment Services. The Surety Bond shall be executed by a Surety Company authorized to do business in the State of Iowa, and the bond shall be continuous in nature until canceled by the Surety with not less than 30 days written notice to the contractor and to the Division of Labor Services of the Department of Employment Services indicating the Surety's desire to cancel the bond. The bond shall be in the sum of the greater of the following amounts:

- a. \$1,000.00
- b. 5% of the contract price

Release of the bond shall be conditioned upon the payment of all taxes, including contributions due under the unemployment compensation insurance system, penalties, interest, and related fees, which may accrue to the State of Iowa or its subdivision on account of the execution and performance of the contract. If any time during the term of the bond the Department of Revenue and Finance determines that the amount of the bond is not sufficient to cover the tax liabilities accruing to the State of Iowa or its subdivision, the Department will require the bond to be increased by an amount the Department deems sufficient to cover the tax liabilities accrued and to accrue under the contract, as provided under Iowa Code 91C.7(2).

If it is determined that this subsection may cause denial of Federal Funds which would otherwise be available, or would otherwise be inconsistent with requirements of Federal law, this section shall be suspended, but only the extent necessary to prevent denial of the funds or to eliminate the inconsistency with Federal requirements.

CN CUSTOMER SAFETY HANDBOOK, SEPTEMBER 2022

CUSTOMER SAFETY HANDBOOK

SEPTEMBER 2022

SUMMARY OF CHANGES

September 2022		
Page 9	Keeping Equipment Clear of Other Tracks	Added definitions for fouling point, foul zone, and clearance marker.
Page 19	Switches	Added an image featuring a switch cube indicator.
Page 27	Monthly Customer Safety Checklist	Updated the track inspection guideline, to state that the track gauge should be between 56 and 57.5 inches.
July 2022		
Page 9	Keeping Equipment Clear of Other Tracks	Added CN's recommendation for customers to use bright green paint as a clearance marker for the foul zone.
Page 19	Switches	Added a section on best practices for switches, and CN's recommendation for the use of a switch direction cube indicator.
Page 20	Safe Clearance Envelope for Spurs & Industrial Tracks	Added definition of vertical clearance specifications as well as the indication that government regulations may require more stringent clearance requirements. It is imperative that are customers are aware of the regulations for their respective areas.
Page 24	Best Practices for Dangerous Goods/Hazardous Materials	Added a resource for general guidelines and procedures for the securement of tank cars.
Page 28	Monthly Customer Safety Checklist	Added the checklist.

LIFE CRITICAL RULES

There are nine areas where Life Critical Rules apply to our customers. You can find the groups below and each rule described in more detail within the pages of the Customer Safety Handbook. Each rule has been identified with a Life Critical Rule icon.

Let's continue to work together to ensure that we all go home safely, every single day. The Life Critical Rules are:

- Leaving Equipment in the Clear
- Going Between Equipment
- Protective Measures When Working on or Near Tracks
- Securing Unattended Equipment
- Derails properly positioned, locked, and free of defect
- Proper Loading/Unloading Procedures
- Restricted Clearances
- Non-Accidental Release of Dangerous Goods / Hazardous Materials
- Switches Properly Aligned and Free of Defects and Ice

EMERGENCY SITUATIONS – 24-HOUR KEY CONTACTS

CN 24 HR EMERGENCY LINE

1-800-661-3963

CN POLICE

1-800-465-9239 (option 3)

- Trespassers, vandalism, damage to CN property.
- Railroad crossing concerns, violations, accidents.
- An accident poses an immediate threat to the public.
- Equipment or materials within the CN main track or CN siding (10 m/30 ft from the side gauge of a CN main track or CN siding)
- Equipment, materials or obstructions within the Industrial siding clearance envelope (1.83 m/6 ft from the side gauge of the nearest industry track or spur).
- Damage to any switch, derail, sign, rail, or track structure.
- Any other condition or situation which might cause injury, damage, or derailment.

CN CUSTOMER SERVICE

1-866-926-7245

- Changes to any structures, ramps, loading docks, ground conditions, temporary piles, parked vehicles, etc., within the track clearance envelope:
 - Within 1.83m/6 ft from the side gauge of the nearest industry track
 - Equipment, materials, or obstruction within 10 m/30 ft of the nearest CN main track or CN siding except in the presence of a CN representative or unless explicitly permitted by CN,
- Derails left unlocked or in a non-derailing position.
- Railcars that are fit for loading but have incurred damage or damage has been observed.

OUR SAFETY STRATEGY

Safety is a core value at CN. We all have an important role to play—we need to look out for each other. This means keeping our railroad, our employees, our communities, our customers, and their goods safe.

At CN we integrate safety into daily operations. It includes developing a strong safety culture, and having safety goals, performance targets, risk assessments, safety rules and procedures, and evaluation processes.

We promote our culture of safety knowledge and practices with safety summits, peer-to-peer communication, on-boarding, and intensive training programs for new and existing employees. We have two facilities: in Winnipeg and Homewood, specifically for training our new generation of safety-minded railroaders. Our training doesn't stop there. We have a structured on-the-job training program in which a trainee's progress is captured, ensuring trainers identify employees for special recognition or focused coaching.

Railroading is a demanding job, it requires constant focus and attention to detail. We rely on our railroaders to teach one another to be safety leaders to ensure we all get home safely at the end of the day. The rules and guidelines in this handbook are only as good as our commitment to following them.

CN is focused on and committed to safe operating practices, as well as a safety culture that drives continuous improvement. All unsafe conditions/practices noted should be reported immediately to CN Customer Service 1-866-926-7245. If you believe you have observed an unsafe condition or behaviour associated with our service, please note your observations, and report it immediately to our Customer Service team. These incidents will be escalated to our Assistant Vice President of Safety for investigation and corrective measures.

We must all be engaged and responsible for practicing safety and protecting one another.

Working With Rail Equipment

MOVING RAILCARS THE RIGHT WAY

1. Knowing The Rules Helps Keep Everyone Safe

The Rail Operating Rules and internal CN operating instructions apply to railway operations.

2. Make Sure Everyone is Trained and Certified to Move Railcars

You must be qualified in CN Operating Rules to operate on CN tracks. If you move railcars on property owned by CN, you must be trained to do so by CN, or by a third-party trainer who has been certified by CN. If you or your employees have not received proper certification, you are not permitted to move railcars by any means including winches, front-end loaders, forklifts, track mobiles, locomotives, pry bars, gravity, etc. The movement of railcars by untrained personnel can result in serious injury, derailment, or damage to the railcar, so please seek proper training and stay safe.

3. Safe Work Procedures Protect Us All

The movement of railcars by mechanical methods (i.e. loaders, cables, winches, pulleys, etc.) requires the development of safe work procedures specific to each operation. It is important that you document and train your employees in safe car movement.

IMPORTANT POINTS

When developing your operating standards, here are some key points that you should integrate into your own procedures:

- No car can be moved while people are working in or around that piece of equipment.
- Continuous awareness and inspection—like walking around the car and being on the lookout for the removal of all dock plates, loading/unloading equipment, connecting hoses or cables or obstructions of any kind.
- Clearly indicate the method of controlling and signaling that will be used during car movement activities.
- Before coupling to any car, ensure it is properly secured and observe the couplers to ensure they line up and that one knuckle is open.
- Ensure one anglecock is left open after moving cars with coupled air lines. For uncoupled cars, ensure car is not left with both anglecocks closed.
- Do not adjust drawbars, knuckles, hoses or angle cocks when the cars are about to couple.
- Before moving a string of railcars, confirm that they are all coupled together and make sure all handbrakes have been removed.
- Someone must always be in a position to observe the leading end of the movement and relay signals to the equipment operator.
- Railcars must never be moved foul of the CN main track, sidings or other tracks.
- Railcars must not be moved at any time with hand brakes applied. Hand brakes are only to be used to hold cars in a stationary position.
- Ensure the brakeshoes are tight against the wheels and push or pull to test brakes.
- Handbrakes must not be released until it is clearly identified how the movement will be controlled and stopped.
- Never lift railcars by any means.
- Do not push or pull on the car by the handrail, ladder or any other part of the car not designed for that purpose.
- Notify CN immediately in the event of any derailment or rail accident
- Always leave unattended railcars with sufficient handbrakes applied.
- Equipment (such as front-end loaders, etc.) must not be operated within 30 feet (10 metres) of the nearest rail of any CN main track or siding, without the presence of a CN flag person.
- Never operate a handbrake while standing on a drawbar head, other coupling mechanism, or rail.
- Lighting at your facility must be sufficient to allow operating crews riding railcars, at night, the ability to see without relying on flashlights.

Think Safety Every Time

More detailed information regarding the safety of your operations can be obtained from Transport Canada, the Federal Railroad Administration, or the regulatory body that governs your industry.

Rail Equipment

KEEPING EQUIPMENT CLEAR OF OTHER TRACKS

Whenever moving railcars, please ensure they are not left “foul” of another track where it will be a hazard to other movements on adjacent tracks. “Fouling” is leaving equipment on a track too close to a switch, or within the turnout, such that a movement on an adjacent track does not have sufficient clearance to pass safely, including any personnel riding the side ladder of a car.

1

Fouling point: The point at a railroad switch or turnout, beyond which equipment must be placed to prevent a collision with railcars or equipment on an adjacent track from which the switch diverges.

The fouling point is located where the adjacent track centres are a minimum of 13 feet 6 inches apart (for curved tracks add 2 inches per degree of curve) or where the tracks become parallel.

2

Foul zone: The portion of track between the switch points and the fouling point. Equipment should never be left in the foul zone.

3

Clearance marker: A visual cue that clearly identifies how far back equipment needs to be placed on the track, to avoid “fouling” equipment on an adjacent track.

CN recommends painting a bright green line across the entire rail tie, 16 feet after, or as far back as reasonably possible, from the fouling point.

- Do not use water-based paint, this will wash off with rail and snow, and will require more frequent marking
- Create a plan to remove snow and debris that may cover up this marking.

Leaving Equipment in the Clear

“In the clear” means that equipment cannot make contact with equipment on an adjacent track. When equipment is left in a turnout, another railcar can collide with it or it could cause serious injury or a fatality for a crew member riding equipment. CN strongly recommends identifying the fouling point, that is, the point beyond which cars must not be placed, with bright green paint.

OPENING & CLOSING RAILCAR DOORS

The doors of railcars may not always be the most straightforward to operate. That's why it's important to be aware of the key safety issues related to railcar doors:

- Gear mechanism on plug doors can cause the handle to spin resulting in employee injury.
- Plug doors must be securely closed prior to the car being moved.
- A shifted load against a door may cause the door to jump outward when released.
- Lading may fall out when opening any doors.
- Check that door hinges are secure in track, top and bottom, before opening.

All doors should be closed and secured before railcars are moved, including bottom doors and top hatch covers. Cars that have open plug doors cannot be moved by train crews. Also be aware of OSHA 29 CFR 1910.178, which states:

A safe distance should be maintained from the edge of ramps or platforms while on any elevated dock, platform or freight car. Powered industrial trucks equipped with a specific device to open and close railroad freight car doors can be used.

GOING BETWEEN EQUIPMENT

When going in between railcars there should be a minimum 50-foot clearance and when going in front of railcars there should be at least a 25-foot clearance.

Going Between Equipment

Equipment must be respected as it can move unexpectedly. Without a safe distance between a person and the equipment, a person could be seriously injured or killed, as they will not have enough time to react to the moving equipment.

PROTECTIVE MEASURES

To ensure everyone's safety, railcar loading and unloading operations may require that specific protective measures are put in place so equipment is not moved while employees are working on or near that equipment.

Any time people are working on or around railcars on CN property, they require "positive" protection from CN yard or train movements. This can be done by various means such as securing a non-main track switch with a private lock to prevent equipment from gaining access to that track or by installing a private lock on a derail set in the derailling position. The exact method for each location will be determined after a consultation with your local CN Transportation Supervisor.

DANGEROUS GOODS/HAZARDOUS MATERIALS SHIPPERS

If you handle dangerous goods/hazardous materials, track protection is required while loading and unloading, as per the TDG Act in Canada and the 49 CFR regulation in the U.S. Ensure that loading and unloading tracks are protected by locked switches or locked derails that are controlled by the person conducting the operation.

WORKING WITH BLUE FLAGS

If you handle dangerous goods/hazardous materials, caution signs must be displayed by loading and unloading tracks, as per the TDG Act in Canada and the 49 CFR regulation in the U.S.

How does CN use them? At CN, the use of blue flags is restricted to Mechanical and Intermodal personnel who are the only ones authorized to put up or remove such flags. In order to uphold this protective measure for CN personnel, you are not permitted to put up or remove blue flags on CN property. In special situations such as "Team Tracks," a specific protection procedure must be developed with CN divisional personnel.

How can you use them? CN recommends the use of blue flags on your own property to protect work (such as railcar loading or unloading) being performed on or about the tracks, but be sure to have clear written procedures pertaining to their use. To ensure employee safety, CN will not perform work under your blue flag until it is confirmed that proper procedures are in place.

When using blue flags:

- Keep flags clean on both sides with the paint in good condition, so they are clearly visible.
- Keep switches lined away from the protected track and locked with a special lock to prevent access.
- Do not display them between adjacent railcars which can block them from view of employees.
- Flags are to be displayed between the rails and not on the equipment.
- Develop safety procedures for flag protection and removal.
- High-visibility bluelights should be used along with flags during evenings or in bad weather.
- Blue flags can only be removed by the customer who installed them. CN employees cannot remove blue flags that protect employees working around equipment.

Protective Measures When Working on or Near Tracks

Keep your employees and CN's employees safe by following some basic procedures. Without blue flag protection in place, our crews will come into your facility expecting the track to be clear and can collide with equipment or personnel that is not expected to be on the track.

RAILCAR SECUREMENT: ALL ABOUT BRAKES

Air brakes are designed for train control and operate through air pressure when railcars are hooked to the locomotive. They are not intended for long-term railcar securement as air brakes will release over time.

Handbrakes secure railcars in place, when not coupled to a train, to avoid unintentional movement.

How do handbrakes work? Handbrakes apply force against the wheels by taking up slack on a chain which is linked by a series of rods, levers, and gears, to brake shoes. Once a handbrake is properly applied, it takes considerable force to move that piece of equipment.

How many brakes are required? The minimum number of handbrakes required is one, with one additional handbrake for every 10 railcars, to a maximum of 5 in total. On tracks with a grade greater than 0.4%, please refer to the Appendix on page 32.

Number of Railcars	Minimum Number of Handbrakes Required
1-9	1
10-19	2
20-29	3
30-39	4
40 (or more)	5

In many instances, due to grade and other factors, more brakes may need to be applied. It's exceptionally important to be familiar with these minimum brake requirements. For additional information, please contact your local transportation supervisor.

Securing Unattended Equipment

Without the proper number of handbrakes applied, railcars can move freely on to another track, a main line, over a crossing, or into facilities. This unexpected railcar movement can cause a railcar to collide with a train, other railcars, or with a person on the track, resulting in serious injury or a fatality.

HOW DO YOU OPERATE A HANDBRAKE?

Always use the correct hand position:

- Use one hand to operate the brake and the other to firmly grip the equipment.
- When applying, maintain a firm grip on the grab iron with the left.
- When releasing wheel-type handbrakes, keep hands and fingers clear of the wheel.

Always keep the correct body position:

- Do not apply or release handbrakes located on the end of railcars from a position on the ground.
- Be alert while climbing on a railcar, operating the handbrake, and climbing down the railcar.
- Be aware of other equipment in the area.
- Avoid applying handbrakes on the leading platform of a moving railcar.
- Maintain 3-point contact when applying or releasing a handbrake, except with standing equipment with a low side-mounted brake, which may be operated from the ground.
- Never operate a handbrake while standing on a drawbar head, other coupling mechanism or rail.
- Be on guard against sudden impacts. Anticipate starts and stops.
- Observe lading for tonnage and type of load.
- Be cautious of a surge or shift of load (e.g., tank cars will surge due to lading shifting inside).

WHAT DO YOU NEED TO CONSIDER BEFORE RELEASING THE HANDBRAKE?

- Is there anyone working on or around the equipment?
- Is the equipment on a slope? Will it start to roll if the handbrake is removed?
- Are any dock plates, loading chutes, hoses, or other attachments connected to the railcars?
- Are any hoses, cables or extension cords, or any other obstructions lying across the rails?
- Can the railcars be safely moved, stopped, and handbrakes reapplied?
- Are the operators familiar with safe methods of railcar movement?
- Are there derails in the vicinity?

WHAT HAPPENS IF YOU FORGET TO TAKE OFF A HANDBRAKE?

Moving a railcar while the handbrake is fully applied is very destructive. They apply sufficient force against the railcar's wheels so that they do not turn when the railcar is pushed or pulled, resulting in excessive heating and the wheels skidding along the track. Skidding a wheel as little as 15 cm (6 in) can cause small cracks on the tread of the wheel, which leads to shelling and cracking deep within the wheel. This structural damage can go undetected until the wheel, under the weight and stress of train operations, suddenly breaks apart. Railcars should not be moved with the handbrakes applied, even if they are only partially applied.

Derails

DERAILS: THE DOS AND DON'TS

A derail is designed to force the wheels of a railcar off the track. As damaging as this is to the wheels and track, derails are installed to protect people and operations from unattended railcar movements.

- DO** Rely on railroad personnel for applying and removing derails—it is their responsibility.
- DO** Have clearly written procedures to support the possible specific cases where derails are to be operated by non-railroad personnel.
- DO** Be familiar with the location of derails on the tracks you use.
- DO** Keep a minimum distance of 25 feet between equipment and a rail stop block or derail in the derailing position.
- DON'T** Leave unattended derails unlocked and in the non-derailing position, whether there are railcars on the track or not.
- DON'T** Employ private locks on CN derails.

**Derails properly positioned, locked, free of defect**

Derails are meant to protect against an uncontrolled movement. Without derails positioned to secure the track, equipment can move freely on to another track, the main line, over a crossing, or into facilities. This unexpected railcar movement can cause a railcar to collide with a train, other railcars, or with personnel on the track, resulting in serious injury or a fatality.

A full-page photograph of a railroad worker. The worker is a man with a beard, wearing a dark baseball cap, sunglasses, an orange high-visibility safety vest over a black t-shirt, and dark pants. He is climbing a metal ladder attached to the side of a large, weathered metal train car. He is holding onto the rungs of the ladder with both hands. A red tool box is attached to his belt. The background shows a blurred view of the train tracks and some vegetation. The text "Railroad Infrastructure and Design" is overlaid in white, sans-serif font in the lower right quadrant of the image.

Railroad Infrastructure and Design

SHIPMENT QUALITY TEAM

Whether you ship with boxcars or intermodal containers, our Shipment Quality team can help you prepare for safe, damage-free shipping. Our team is adept in safe loading standards; they will work with you to ensure your freight is loaded in compliance with AAR Loading Guidelines, Transport Canada and Federal Railroad Administration (FRA) regulations. The Shipment Quality team has everyone's safety in mind; they are a part of the AAR's Quality Lead Teams, working collaboratively, with members of other Class 1 railroads, to review and finalize the rail rules and regulations used throughout North America.

Contact our Shipment Quality experts at loadplan@cn.ca for assistance with:

- Load planning and securement
- Teaching safety practices to you and your employees
- Reviewing or creating customer load plans to ensure AAR compliance
- Investigating repetitive damage issues and making recommendations for improvements
- Conducting AAR audits on contractors, customers, and auto compounds
- Closed Car and Intermodal Trailer / Container loading.

For further information please visit www.cn.ca/shipmentquality.

Ben Cates, Shipment Quality Officer

LOADING AND UNLOADING PROCEDURES

Loading and unloading procedures play a critical role in everyone's safety. The way in which a railcar or container is loaded makes all the difference when it comes to railroad safety. Help keep us all safe by ensuring all of the rules and regulations are followed.

Loading Rules & Guidelines are established by the Railway Association of Canada (RAC) and the Association of American Railroads (AAR).

- Specific instructions and requirements for intermodal, closed and open top loading rules are contained in their circulars, figures, commodity pamphlets, best practices, and general information series publications.
- Follow the loading rules for the type of lading and railcars being used. This applies to all types of railcars, and intermodal containers and trailers.
- Mandatory requirements for proper load distribution can be found in, but are not limited to AAR Circular #42-M, #43-G, Closed Car Loading Guide - CCLG part 1 and in the General Information Bulletin #5, which can be found on the AAR website free of charge. www.aar.com/standards/damage-publications.php
- The circulars, figures, commodity pamphlets, best practices and general information series publications are reviewed and updated regularly; please ensure you have the most current ones.
- Other information and standards may be found through organizations, such as, but not limited to, the Canadian General Standards Board (CGSB), Transport Canada, and the U.S. Department of Transportation (DOT).

Proper Loading / Unloading Procedures

Proper loading and unloading procedures will ensure that your cargo, and the trains that carry that cargo, are safe for the entire journey. Improperly loaded railcars can cause in-train forces to push a railcar off the rails, which can cause a derailment. Serious physical injuries have resulted from trains moving with unsecured cables, as well as when unloading railcars where the product was not properly secured.

CARLOAD SERVICE

Before loading, please check that the railcar is in good mechanical condition:

- Weathertight/leakproof.
- Interior floors and walls in good condition (no holes).
- Doors and locking mechanisms in good condition, closed properly and sealed.
- Safety appliances such as ladders, steps, railings are not broken.
- No signs of any other conditions that do not appear normal.

Load balance and securement affects the railcar's performance in train service. An even balance of weight is a key factor in preventing train derailments. Ensure that loads are evenly distributed throughout the railcar, regardless of the product being loaded. Securing your load is equally important as it can shift and put the railcar off balance during transport if done incorrectly.

Closed railcar loading must be in conformance with Published AAR Closed Car Regulations. If they do not appear to apply, please contact the CN Shipment Quality team to assist you in developing applicable Safe Loading Standards for your shipment.

NEVER use a forklift, or similar machine to apply direct pressure to open or close a boxcar door. This force damages the door and its tracks and can result in the door falling out of its tracks.

Open top loading must be in conformance with the published AAR Figure or RAC circulars. Railcars moving in the United States and interchanged from a Canadian railroad must be loaded to an AAR Figure. If they do not appear to apply, our Open Top Specialist can assist you with the development of applicable Safe Loading Standards for your shipment.

Prior to releasing a railcar, it's important to ensure that the load is properly blocked and secured for all types of lading and railcars being used. All loose materials should be removed, and any banding, chains or cables are removed or secured.

Unsecured or loose cables on centerbeam flat cars are a significant safety issue in the railroad industry, and can cause equipment damage, derailments and employee injury. Loaders and unloaders can easily avoid these problems by following required procedures and making sure their employees are aware of and trained in proper cable securement methods and take adequate time to carry out securement functions. We encourage you to watch CN's Securing Cables video using the link below: <https://www.cn.ca/en/customer-centre/safety-guidelines-and-regulations/>

INTERMODAL SERVICE

Before loading, verify that the container is in good condition and in compliance with the most current AAR Mechanical Division specifications (AAR-600, M930, and M931). CN has set additional rules and regulations to complement the AAR guidelines, they can be found in tariff CN 6800. Be sure to consult Ministry of Transportation (MOT) / Department of Transportation (DOT) road and highway regulations for the trucking portions of your shipments.

Load balance and securement is important to railway safety, as an even balance of weight is a key factor in preventing train derailments. Securing your load is equally important as it can shift and put the container off balance during transport if done incorrectly.

Prior to releasing a loaded container, it's important to ensure that the contents have been loaded in compliance with CN's tariff CN 6800 and the AAR Intermodal Loading Guide issued in 2016, and revisions thereto. If specific loading requirements appear not to be covered in the AAR Intermodal Loading Guide, CN's Shipment Quality Department is available to provide acceptable loading and securement procedures.

For more details on loading rules, as well as links to the AAR guidelines, consult our website at: <https://www.cn.ca/en/customer-centre/safety-guidelines-and-regulations/loading-rules-instructions/>

TRACK STRUCTURE & SUPPORTING ROADBEDS

Track structure & supporting roadbeds must be maintained correctly by qualified people to keep our employees, you and your shipments safe and to prevent derailments. The roadbed is designed to support the weight of the railcar while keeping the tracks evenly spaced. The track structure is carefully engineered around curves to "bank" the outside rail and counter lateral forces, which maintains an even weight distribution on both rails. **Track centres measuring less than 13 feet (4 metres) in any location should immediately be reported to CN for furtherance to the attention of CN's Regional Chief Engineer.**

SWITCHES

Switches must be properly maintained, well lubricated, and easily thrown in either direction, without too much exertion that could lead to injury. All debris, snow, ice should be removed underneath and around the switch handle, as well as between the open switch point and the rail.

- NEVER use your hands or feet to remove debris from between switch points.
- Once the switch is thrown, the switch point MUST be tight against the rail.
- Don't leave an open switch point unattended.

CN strongly recommends the use of a switch cube direction indicator, that is, a mounting platform that clearly displays, with arrows and colors (green, red, yellow), how the switch is positioned.

Switches Properly Aligned and Free of Defects and Ice

Keep Switches lined away from protected tracks and locked with a special lock to prevent access. Without switches being properly aligned, equipment can unexpectedly move on to the wrong track causing a railcar to collide with other railcars or with a person on the track, resulting in serious injury or a fatality.

RAILCAR DESIGN SAFETY ISSUES

Railcar design safety issues are a concern for everyone. The frame or body of a railcar sits on two centreplates, which allow the truck to rotate beneath the body and permits rail equipment to turn without excessive force on the gauge between the rails. Neither the railcar body nor the wheels are fastened to the trucks. Each component sits in place, primarily by weight. When a car is lifted, CN personnel must be called to inspect and ensure it is correctly positioned on the centreplate and bearings.

OVERLOADS

Overloads must be avoided in two ways:

- Observe the load limit stenciled on the side of the railcar.
- Ensure that the gross weight of the railcar and lading does not exceed the maximum weight capacity for the route to be travelled.

WHEELS & BEARINGS

Wheels and bearings need to be inspected by CN Mechanical personnel any time a railcar is derailed. Reporting all occasions when a railcar has derailed ensures that a proper inspection is arranged. Failing to report a derailed railcar and subsequently moving it without inspection could lead to injuries and even a train derailment. Please don't compromise safety.

MAINTAINING THE SAFETY ENVELOPE AROUND TRACKS

A safe clearance envelope protects the safety of people and equipment when serving customer facilities.

SAFE CLEARANCE ENVELOPE FOR SPURS & INDUSTRIAL TRACKS

In general, all equipment, materials, or obstructions of any kind, including temporary piles of stock, refuse containers, parked vehicles or other equipment, and buildings, must be kept a minimum of 1.83 metres (6 feet) from the gauge side of the nearest rail or 2.62 metres (8 feet 6 inches) from the centerline of the track. There must be a vertical clearance of 7 meters (23 feet) from the top of the rail to the nearest obstruction above, or 8.23 metres (27 feet) vertical clearance from the top of the rail to overhead wire lines. **Government regulations may require more stringent requirements be met in addition to CN's requirements. You are responsible for determining what additional requirements must be met.**

PERMANENT RESTRICTED/CLOSE CLEARANCE

Personnel are restricted from riding equipment in locations where infrastructure (for instance, a permanent structure, platform, or light standard) is within CN's safe clearance envelope. Such locations must be identified with "restricted" (close) clearance signage. Customers are also required to account for this clearance envelope when making physical changes to their site, and immediately report to CN any that would then infringe on this envelope.

RESTRICTIONS FOR MAIN TRACK & SIDINGS

Machinery and equipment cannot be operated 10 metres (30 feet) from the side gauge of a CN main track or CN siding without CN authority and protection. This applies to all types of equipment, including snow clearing machinery.

Restricted Clearances

Without proper distance between the track and any obstruction, either overhead or beside the track, CN crew members cannot safely serve your facility, as riding equipment and/or walking beside the track, could result in injury or a fatality. This includes maintaining a walkway, clear of obstruction.

Notify CN Customer Service of the following cases:

- Any emergency situation causing an obstruction within the 1.83 metres (6 foot) clearance envelope,
- Any alterations to track-side loading platforms or change of location to loading ramps, unloading augers and other equipment,
- Holes, trenches and other ground obstructions,
- When protection arrangement is required,

Clear sight lines at railroad crossings are a necessary part of railroad and community safety. Obstructions, such as snow piles, materials or equipment may affect the visibility of approaching train traffic at public or private railroad crossings.

CUSTOMER GATE SAFETY

For various security reasons, customers have gates limiting access to their property and this includes where the rail enters the property.

Customers are reminded that it is their responsibility to ensure that gates are maintained and in good working order, to protect our crews from potential injuries. Gate configurations must not create tripping hazards for crews required to manually open and close gates.

Customers are also reminded that it is their responsibility to ensure that there is a post with chain and/or hook or door pins with clearly marked holes that serve as a means to securing a gate or gates in the open position. Different conditions such as grade or wind can cause gates to close as railcars and engines pass by. This puts our crews at risk and could result in damage to your gates. Customers will be wholly responsible for damages incurred due to inadequately secure gates.

TAKING CARE OF YOUR TRACKS

INSPECT REGULARLY

It's important to inspect your track regularly for signs of defects and notify CN of any issues that would prevent the safe delivery or pickup of railcars. In Canada, most customer tracks are provincially regulated, and provinces typically require non-main track to be inspected, at minimum, on a monthly basis by a qualified track inspector. Records of inspections, defects found, and repairs made, should be maintained and accessible to CN if required.

TRACK GAUGE

The standard track gauge is 56 1/2 inches. This is measured 5/8 of an inch under the top ball of the rail. The gauge cannot be any tighter than 56 inches. If you find your gauge approaching the 57.5 inch mark you must notify CN Operations immediately before the next railcar or engine goes over it.

(Source: CN Industry Inspection Guide)

BE ON THE LOOKOUT

A key safety concern is the accumulation of snow, ice, vegetation, or debris at customer sites. It is critical for the safety of shipping and railroad personnel that your tracks be maintained and always in a safe condition, free of walking and operating obstructions that may cause a tripping hazard or railcar derailment. **It is especially important that flangeways at road crossings be clean and clear.**

Seasonal changes and periods of severe weather such as spring thaw and heavy rain can negatively impact track conditions. Standing and flowing water are the greatest hazards to track stability. Drainage systems are designed to channel water away from the track structure.

It is important to continuously monitor and maintain the track structure. Blocked culverts, water undercutting the track, or standing pools of water adjacent to any track must be reported immediately to **CN's 24-hour emergency line at 1-800-661-3963.**

WORK WITH US

The safest and most efficient way to operate is to perform regular inspections to identify potential risks and address them, before they cause damage, a derailment, or serious injury. These tracks are your responsibility, but we are your partner. We will be happy to work with you and advise you on any safety concerns or potential issues.

To find more information on maintaining your tracks during seasonal changes, please visit:
www.cn.ca/seasonalsafety

TRANSPORTATION OF DANGEROUS GOODS & HAZARDOUS MATERIALS

If you ship dangerous goods/hazardous materials, complying with applicable regulations is a must, as it reduces the potential of exposure to people, communities, and the environment.

When shipping security-sensitive materials:

- Review storage locations and procedures to ensure appropriate security for various threat or alert levels.
- Notify your CN Customer Service Representative and arrange to expedite the acceptance and delivery of the shipment.

Security-sensitive materials are those that pose a significant risk to national security when being transported as defined by all applicable Canadian and U.S. federal rules and regulations. Current U.S. definitions include Class 1.1, 1.2 or 1.3 explosives; Class 7 (radioactive) material; and poisonous inhalation hazard (PIH) or toxic inhalation hazard (TIH) commodities.

TIH / PIH materials are gases or liquids that are known or presumed to be toxic to humans (such as chlorine, anhydrous ammonia and sulfur dioxide).

Non-Accident Release of Dangerous Goods / Hazardous Materials

All cargo has to be secured, but especially dangerous goods and hazardous materials. Leaking dangerous goods/hazardous materials can result in serious health and often deadly consequences for our customers, our crews, and the communities we operate in.

KEY DANGEROUS GOODS & HAZARDOUS MATERIALS SAFETY INITIATIVES

CN's Safe Handling Awards Program

Launched in 1992, exclusive awards are presented to customers that load railcars with dangerous goods and meet strict standards for the safe handling and shipment of regulated products.

North American Non-Accident Release (NAR) Task Force

With the goal of reducing NARs (an industry term to describe a tank car that has been found leaking, but has not been involved in an accident) on railroads; shippers, industry associations and railroads represent the task force.

CN 911 Training Tank Car

CN 911 Training Tank Car and Training Trailers are valuable tools used to assist with training first responders in railway emergency preparedness and planning, and to increase understanding of the precautions taken to safely transport dangerous goods.

TransCAER (Transportation Community Awareness and Emergency Response)

A training program for communities situated near rail lines where dangerous goods are transported. CN and partner chemical companies conduct information sessions for community leaders and first responders.

BEST PRACTICES: DANGEROUS GOODS/HAZARDOUS MATERIALS

1. Develop and implement a policy for loading securement

- Resources such as the Bureau of Explosives (BOE) *Pamphlet 34, Recommended Methods for the Safe Loading and Unloading of Non-Pressure and Pressure Tank Cars*, provides general guidelines for the securement of tank cars and recommended procedures.

2. Properly prepare closures and fittings on railcars for transportation

- Inspect valves and manways for proper securement (a leading cause of leaks in rail transportation incidents).
- After loading, conduct a pressure test consistent with industry standards.
- All valves, packing gland nuts, closures and flanges should be checked with a leak detection solution or appropriate metering equipment.
- After completing the leak test, pressure should be released.
- If a pressure test is impractical or unsafe, the railcar should be held and reinspected after 24 hours, and valves and fittings retightened as needed to ensure proper securement.

3. Ensure data is complete on shipping papers

- Bill of Lading and Shipping Instructions are required for your loaded railcar before movement (see CN Shipping Regulations and Optional Services Tariff (Carload) CN 9000).
- You can submit this information electronically to CN. Contact CN's eBusiness Support Team at 1-800-361-0198 with any questions regarding CN's online tools or EDI.

- 4. Have proper placarding, markings, stenciling (when required), in place for all Dangerous Goods/Hazardous Materials shipments**
- 5. Ensure that the Emergency Response Plan is correct and updated for plant sites and transportation-related releases**
 - Have an Emergency Response drill annually.
 - Show a proper Emergency Response Assistance Plan (ERAP) number and associated phone numbers on dangerous goods documentation subject to ERAP requirements of Transport Canada (not applicable in the U.S.).
 - Ensure that emergency contacts and phone numbers for the railroad and plant site are correct and updated regularly.
- 6. Follow key training activities**
 - All railroad personnel who enter your plant site must be properly trained and/or receive orientation (especially for emergency actions).
 - Implement a tank car securement training program with reporting procedures for poor securement and hard to operate valves.
 - Establish preventive maintenance practices for tank cars and educate staff on those practices.
- 7. Verify that rail crossings within the plant site are properly marked with warning signs**
- 8. All rail lines are clear, switches are aligned properly, and railcar brakes are always released before moving railcars**
- 9. Have plant personnel closely observe rail crews when they are operating to ensure plant and rail safety are being maintained**
- 10. Implement a documented process for providing feedback to the rail carrier**
- 11. Ensure consignees/end users handle your products in a manner that is consistent with Responsible Care ®**

Please see the Appendix on page 32 for information regarding the application of handbrakes for railcars containing dangerous goods.

PREPARE FOR WINTER

Winter can be a very challenging time for a railroad, which is why we have undertaken many initiatives to minimize its impact on operations. But we need your help to ensure that the service we provide you can remain safe and seamless. Many service disruptions are due to the accumulation of snow and ice. On the track, snow mostly constitutes a problem in switches, as well as at crossings – so once the snow is cleared, the problem is solved.

Seeing to these issues before our crews arrive to service you will minimize any delays and will also minimize the risk of injuries and derailments. If you have a turnout on your property, please keep the point area clear as snow can hold a point open enough to cause it to gap and cause a derailment, this is a major concern in the flangeway of road crossings as well.

When you are dealing with snow and ice conditions please think of the safety of our crews as they will be dropping off and picking up equipment on your property. Please ensure you remove ice, snow, and debris in the walkways, as well.

Help ensure our crew remains safe while on your property:

- Clear snow which has slipped from adjacent roof tops onto the siding track.
- Trackside walkways should be salted or sanded with snow cleared by 4-5 ft to allow our crews to safely walk by railcars during inspections.
- Inspect the siding before service by train crews.
- Keep all switches and flangeways free of snow, ice, and debris (this includes the switch points and the area in which employees stand to operate switches).
- Flangeways must be cleared to a minimum depth of 1.5 inches to ensure equipment can be carefully operated through the track.
- Maintaining switches prior to and through the winter season will help keep switches less resistant and easier to line up. Attempting to line up a stiff switch can lead to back, leg and arm injuries.
- Remove ice and apply sand or salt to walking areas.
- Derails need space to open so they must be cleared of surrounding snow, ice, and debris. If a derail is not completely flipped open, it can sit high and strike moving equipment, cause damage and even a derailment.

Safety
Resources

MONTHLY CUSTOMER SAFETY CHECKLIST

For CN to provide service to your facility we require monthly safety inspections. We all have an important role to play in safety, as railroading requires constant focus and attention to detail. Non-compliance with safety protocols may result in immediate suspension of your service, until a safety action plan, to correct the issue, is agreed to and implemented. The safest and most efficient way to operate is to perform regular inspections to identify potential risks and address them, before they cause damage, a derailment, or serious injury.

Track Safety

☐	Track has no defect, track gauge is between 56 and 57 ½ inches, and has uniform alignment.
☐	Switches are well lubricated and can be thrown easily in either direction without too much exertion that could lead to injury. CN strongly recommends the use of a switch cube direction indicator, to clearly display how the switch is aligned.
☐	Switch points are tight against the rail. A credit card must not be able to fit within the first 6 inches of the switch point.
☐	Derail is painted bright yellow, clearly visible, has a functional handle, and is locked in the derailing position.
☐	Flangeways are clear of vegetation, snow, ice, and other material. All flangeways must be clear to a minimum of 1.5 inches depth and 3 inches width from the rail.
☐	Bumping posts must be properly maintained. If earthen bumping posts are used, they should be located 10 feet from the end of track, with 10 ties in front of and all ties behind it fully anchored.
☐	There must be adequate drainage, with special attention at the following locations: switches, frogs, diamond crossings, grade crossings, and other places with limited vertical and side clearance.
☐	Fouling points are identified with bright green paint to clearly identify the point beyond which railcars must not be placed.

Railcar Spotting/Placement/Securement

☐	Railcars have proper number of handbrakes applied (see CN Customer Safety Handbook for more details).
☐	No railcars are left foul, that is, too close to a switch or within the turnout such that a movement on an adjacent track does not have sufficient clearance to pass safely, including personnel riding the side ladder of a railcar.
☐	No railcars are placed within the last 25 feet of the end of track, derail, or rail stop block.

Facility Safety

☐	All equipment, materials or obstructions of any kind must be kept a minimum of 1.83 metres (6 feet) from the gauge side of the nearest rail. There should be no side or overhead restrictions. Any restricted clearance hazards must have proper signage.
☐	Walkways, particularly trackside, must be free of debris, material, tripping hazards.
☐	Adequate lighting must be provided for train crews working at night. Work areas near switches, gates, and buildings must be illuminated to prevent walking and tripping hazards. Lighting levels must be sufficient to allow operating crews riding railcars the ability to see without relying on use of a flashlight.
☐	Fences/Gates into customer property can be mechanically secured in the closed and open position to ensure the gates cannot move unintentionally. The gate should also be equipped with a shared lock to ensure access is available to CN upon arrival.
☐	Rail crossings within the plant site must be properly marked with warning signs.
☐	Blue flag protection is recommended to alert CN not to enter the facility or a portion of the track if there is ANY work being done on, around, or between the tracks at any given time.

WHILE ON OUR PROPERTY

To reduce risk, the following safety rules apply to everyone on CN property—including our employees, you our customer, and the personnel of all contractors.

Hard hats

Required on CN property (except when in a vehicle or building).

Reflective apparel (vests, clothing)

Required on CN property (except when in a vehicle or building.)

Safety belts

Required in all equipped vehicles.

Fall protection equipment

Required when working at a height (e.g. top of railcars). Proper training in its application is required as well.

Special circumstances

Such as in confined spaces or overly noisy workplaces, additional protection (e.g. ear plugs, respirators, etc.) may be needed. Winter conditions may require further measures such as anti-slip footwear.

Safety glasses

With permanent side shields are required in all areas (except for buildings).

Safety boots

Required on CN property (excluding offices). Protective footwear shall meet or exceed the standards set out in Canadian Standard Association – CSA Z195 and/or American Society for Testing and Material – ASTM F 2413. Protective footwear must support and cover the ankle, have a defined heel, have toe and compression protection, puncture resistance protection, and must have the appropriate standard markings on the footwear.

Details on our safety rules are available from, your Customer Service Representative or CN's Safety department. In addition to being compliant with the requirements of CN's Customer Safety Handbook, customers and their contract personnel working on CN property must receive qualification under CN's Contractor Orientation course, at www.contractororientation.com

IN THE EVENT OF AN EMERGENCY

If an incident occurs on your property:

- **If a railcar is foul of the CN line:**
 - Immediately advise CN Police at **1-800-465-9239 Option 3**,
and
 - Advise CN Customer Service at **1-866-926-7245**

- **If there is an immediate danger to the public**
 - Immediately advise CN Police at **1-800-465-9239 Option 3**,
and
 - Advise CN Customer Service at **1-866-926-7245**

- **If there is no immediate danger to the public**
 - Advise CN Customer Service at **1-866-926-7245**

Responsible Care®

CN is a partner, both in Canada and the United States, in Responsible Care®, an ongoing performance improvement initiative established by the Chemistry Industry Association of Canada (CIAC), and the American Chemistry Council (ACC). Transportation partners commit themselves to continuous improvement in the areas of employee and public health and safety, and to environmental quality. The principles of Responsible Care® recognize the importance of minimizing risks, meeting or exceeding regulations and standards, and communicating openly with employees and communities. The principles are applied to all of CN's activities, while protecting the environment for the communities we serve.

Responsible Care® Model for Transportation Partners

The Responsible Care® Transportation Partnership initiative is designed to support customers in improving the performance of chemical transportation. Partner companies commit to the same general guiding principles as other members from the CIAC and the ACC. The Partnership initiative is tailored to focus on four major themes directly relevant to the nature of partner company operations: Health and Safety, Environment, Security and TransCAER.

APPENDIX

HOW MANY BRAKES ARE REQUIRED?

The minimum number of handbrakes required is one, with one additional handbrake for every 10 railcars, to a maximum of 5 in total.

- 1 railcar = 1 handbrake
- 2 railcars = 1 handbrake
- 10 railcars = 2 handbrakes

When the grade is greater than 0.4% apply a minimum number of handbrakes as indicated in the table below.

	Average Grade is Equal to Or Less than											
Total Trailing Tons:	0.6%	0.8%	1.0%	1.2%	1.4%	1.6%	1.8%	2.0%	2.2%	2.4%	> 2.4%	
= 0 - 2000	2	4	6	6	8	10	10	12	12	14	100% Handbrakes	
> 2000 - 4000	4	6	8	12	14	16	18	20	22	26		
> 4000 - 6000	6	10	14	16	20	24	28	30	34	38		
> 6000 - 8000	8	12	18	22	26	32	36	42	46	52		
> 8000 - 10 000	10	16	22	28	34	40	46	52	58	66		
> 10 000 - 12 000	12	20	26	34	40	48	56	64	72	80		
> 12 000 - 14 000	14	22	30	40	48	58	66	76	84	96		
> 14 000 - 16 000	16	26	36	46	56	66	76	88	98	110		
> 16 000 - 18 000	18	28	40	50	62	74	86	100	112	126		
> 18 000 - 20 000	20	32	44	58	70	84	98	112	128	146		
> 20 000 - 22 000	22	36	50	64	78	94	110	100% Handbrakes				
> 22 000 - 24 000	24	38	54	70	86	104	122					
> 24 000 - 26 000	26	42	58	76	94	112	134					
> 26 000 - 28 000	28	46	64	82	104	124	148					
> 28 000 - 30 000	30	50	68	90	110	136	162					
> 30 000	34	52	74	96	120	148	172					

RAILCARS PLACED FOR LOADING OR UNLOADING OF DANGEROUS GOODS (IN CANADA)

This instruction is also applicable on tracks where the use of handbrakes is not required. Unless further restricted by special instructions, handbrakes must be applied on railcars spotted for loading/unloading of dangerous goods.

The following are the minimum handbrakes required:

When more than 2 railcars are spotted, at least 1 handbrake must be applied on each end of a cut.

Number of Railcars	Minimum Number of Handbrakes Required
1	1
2-9	2
10-19	3
20 or more	1 additional handbrake for every 10 railcars or part

SALES AND USE TAX EXEMPTION CERTIFICATE

SALES AND USE TAX EXEMPTION CERTIFICATE

SECTION 00750

The City of Dubuque, as a designated exempt entity awarding construction contracts, will issue special exemption certificates to contractors and subcontractors, allowing them to purchase, or withdraw from inventory, materials for the Contract free from sales tax pursuant to Iowa Code Sections: 422.42 (15) & (16), and 422.47 (5). The special exemption certificate will also allow a manufacturer of building materials to consume materials in the performance of a construction contract without owing tax on the fabricated cost of those materials.

1. These tax exemption certificates and authorization letters are applicable only for the work under the contract. The Contractor and each subcontractor shall comply with said Iowa Code Sales Tax requirements, shall keep records identifying the materials and supplies purchased and verify that they were used on the contract, and shall pay tax on any materials purchased tax-free and not used on the contract.

2. Upon award of Contract the City will register the Contract, Contractor, and each subcontractor with the Iowa Department of Revenue and Finance; and distribute tax exemption certificates and authorization letters to the Contractor and each subcontractor.

**PROJECT INFORMATION REQUIREMENTS FOR
STATE OF IOWA SALES TAX EXEMPTION CERTIFICATES
FOR CONTRACTORS & SUBCONTRACTORS**

Submitting Department: Engineering Department

Department Contact: Todd Irwin

Project CIP Number(s): _____

Please complete this form in its entirety and submit along with the executed Contract, Bonds and Certificate of Insurance. Upon receipt, the City Finance Department will work with the Iowa Department of Revenue to issue Sales Tax Exemption Certificates to the approved contractor(s) to allow for the purchase or inventory withdrawal of materials for the specified Project free from State of Iowa Sales Tax.

Sales tax exemption certificates are not provided to material suppliers.

The Contractor and subcontractors can provide copies of the sales tax exemption certificates issued by the City to individual material suppliers.

Project Name:	Old Mill Road Lift Station and Force Main Project
---------------	---

Project Description:	Project consists of the construction of one 20 MGD (expandable to 30 MGD) dry pit submersible pumping station, the installation of (2) 250 LF 30-inch-diameter PVC force mains, 90 LF of 48-inch-diameter RCP gravity sewer, 200 LF of 54-inch-diameter RCP gravity sewer (3) 7-foot by 7-foot manholes, (2) 8-foot by 8-foot manholes. The project will include four borings across Canadian National railroad tracks: (1) 180 LF of 48-inch steel casing, (2) 150 LF of 42-inch steel casing and (1) 8-inch directional drill with four 2-inch conduits. The project also includes CIPP lining of the 48-inch and 54-inch gravity sewers along with epoxy coating of the manholes. Construction of the pumping station will include the site development work consisting of; electrical service, water service, gas service, storm sewer, retaining walls, PCC sidewalk, PCC pavement, site lighting, security cameras, fiber optic lines, vegetative surface restoration, and other miscellaneous elements.

==== END OF SECTION 00750 ====

SECTION 03 11 00
CONCRETE FORMWORK

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Forms for cast-in-place concrete.
 - 2. Form accessories.
 - 3. Openings for other work.
 - 4. Form stripping.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. ACI 117–Tolerances for Concrete Construction.
- B. ACI 301–Structural Concrete for Buildings.
- C. ACI 318–Building Code Requirements for Reinforced Concrete.
- D. ACI 347–Recommended Practice for Concrete Formwork.
- E. PS1–Construction and Industrial Plywood.

1.03 DESIGN

- A. All formwork shall comply with ACI 347 and ACI 301.
- B. CONTRACTOR shall assume the responsibility for the complete design and construction of the formwork.

1.04 SUBMITTALS

- A. Submit shop drawings in accordance with Section 01 33 00–Submittals for form ties, form coatings, form liners (if any), and any other form accessories.
- B. Submit geometry of forms for circular structures.

PART 2–PRODUCTS

2.01 FORMS

- A. Forms shall be of wood, plywood, steel, fiberboard lined, or other approved materials which will produce concrete which meets the specified requirements. The type, size, quality, and shape of all materials of which the forms are made are subject to the review of ENGINEER.

- B. Caution shall be exercised in the use of wood or composition forms or form liner to be certain that no chemical reaction will take place which causes a damaging effect on the concrete surface.

2.02 FORM TIES—NONREMOVABLE

- A. Internal wall ties shall contain positive stops at the required wall thickness. The exterior clamp portions of the tie shall be adjustable in length. Ties shall have cones on the water side of water-containing structures. Ties shall also have cones on the exterior side of all structures which have PVC water-stopped construction joints. Ties shall provide a positive disconnection on both ends 1 to 1 1/2 inches inside the finished face of the concrete.
- B. All wall ties used in the placement of structures which have PVC or hydrophilic water-stopped construction joints shall contain integral waterstops. All such ties shall be crimped or deformed in such a manner that the bond between concrete and tie cannot be broken in removal of the outer units. This portion of the tie shall not be removed prior to 24 hours after completion of the concrete placement.
- C. The use of wood spacers and wire ties will not be approved.

2.03 FORM TIES—REMOVABLE

- A. Taper ties which are designed to be removed entirely from the wall may be used with forms designed for this tie type and spacing.
- B. Tie holes shall be plugged with either a neoprene plug, Sure-Plug by Dayton Superior, Inc., or an EPDM rubber plug, X-Plug by Sika Greenstreak, or equal.
- C. Cementitious waterproofing material for patching taper tie holes shall be Hey Di K-11, Xypex Patch-N-Plug, or equal. Taper tie holes above the normal operating water surface shall be patched with mortar mix as specified in Section 03 30 00—Cast-In-Place Concrete for patching tie holes.

2.04 FORM COATINGS

- A. Provide commercial formulation form-coating compounds that will not bond with, stain, nor adversely affect concrete surfaces requiring bond or adhesion, nor impede the wetting of surfaces to be cured with water or curing compounds.

2.05 CHAMFER STRIPS

- A. Provide 3/4-inch by 3/4-inch wood or plastic chamfer strips at all exposed corners, except as noted.

2.06 KEYWAYS

- A. Keyways shall be formed with wood inserts.

PART 3-EXECUTION

3.01 CONSTRUCTION

- A. Forms shall conform to the shape, line, grade, and dimensions as shown on the drawings. They shall be mortar-tight and sufficiently rigid to prevent displacement or sagging between supports and shall support the loads and pressures without deflection from the prescribed lines. They shall be properly braced or tied together so as to maintain position and shape. Spacing of ties shall be recommended by the tie manufacturer.
- B. Formwork and finished concrete construction shall meet the tolerances specified in ACI 117.
- C. All exposed curved surfaces shall be formed to the continuous surface of the radius specified. Where segmented forms are proposed, a form system which deviates more than 3/8 inch from a circle through pan edges will not be allowed.
- D. Architectural surfaces and surfaces to be fitted with equipment shall be formed to match the shape intended. Where indicated on the drawings, the form shall be lined with minimum 3/8-inch masonite and shimmed as required.
- E. When forms are placed for successive concrete placement, thoroughly clean concrete surfaces, remove fins and laitance, and tighten forms to close all joints. Align and secure joints to avoid offsets.
- F. At the request of ENGINEER, temporary openings shall be provided at the base of column forms and wall forms and at other points where necessary to facilitate cleaning and observation immediately before depositing concrete.
- G. Provide inserts and provide openings in concrete form work to accommodate work of other trades. Verify size and location of openings, recesses, and chases with the trade requiring such items. Securely support items to be built into forms.
- H. Provide top forms for inclined surfaces where the slope is too steep to place and vibrate concrete.
- I. Bevel wood inserts for forming keyways (except in expansion joints where inserts shall have square edges), reglets, recesses, and the like to allow for ease of removal. Inserts shall be securely held in place prior to concrete placement. Unless otherwise shown, chamfer strips shall be placed in the angles of the forms to provide 3/4-inch bevels at exterior edges and corners of all exposed concrete.
- J. The forms shall be oiled with a field-applied commercial form oil or a factory-applied nonabsorptive liner. Oil shall not stain or impede the wetting of surfaces to be cured with water or curing compounds. The forms shall be coated prior to placing reinforcing steel. Oil on reinforcement will not be permitted.
- K. All form surfaces shall be thoroughly cleaned, patched, and repaired before reusing and are subject to review of ENGINEER.

3.02 FORM REMOVAL

- A. Supporting forms and shoring shall not be removed until the member has acquired sufficient strength to support its own weight and the construction live loads on it.
- B. All form removal shall be accomplished in such a manner that will prevent injury to the concrete.
- C. Forms shall not be removed before the expiration of the minimum times as stated below or until the concrete has attained its minimum 28-day design strength as confirmed by concrete cylinder tests, unless specifically authorized by ENGINEER.
 - 1. Wall and vertical faces: 24 hours.
 - 2. Columns: 24 hours.
 - 3. Beams and elevated slabs: 14 days.

END OF SECTION

SECTION 03 20 00

CONCRETE REINFORCEMENT

PART 1—GENERAL

1.01 SUMMARY

- A. Work includes providing complete, in-place, all steel and fibers required for reinforcement of cast-in-place concrete as shown on the drawings.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. Applicable standards listed in this section include, but are not necessarily limited to the following:
 - 1. ACI 315—Manual of Standard Practice for Detailing Reinforced Concrete Structures.
 - 2. ACI 318—Building Code Requirements for Reinforced Concrete.
 - 3. ASTM A1064—Standard Specifications for Carbon-Steel Wire and Welded Wire Reinforcement, Plain and Deformed, for Concrete.
 - 4. ASTM A615—Standard Specification for Deformed and Plain Billet-Steel Bars for Concrete Reinforcement.
 - 5. ASTM A996—Standard Specification for Rail-Steel and Axle-Steel Deformed Bars for Concrete Reinforcing.
 - 6. ASTM C1116—Standard Specification for Fiber-Reinforced Concrete.
 - 7. CRSI—Manual of Standard Practice.

1.03 SUBMITTALS

- A. Comply with pertinent provisions of Section 01 33 00—Submittals.
- B. Provide complete shop drawings of all material to be furnished and installed under this section:
 - 1. Before fabrication of the reinforcement is begun, CONTRACTOR shall obtain the approval of ENGINEER on reinforcing bar lists and placing drawings.
 - 2. These drawings and lists shall show in detail the number, size, length, bending, and arrangement of the reinforcing. Reinforcing supports shall also be located on the shop drawings.
 - 3. Shop drawings shall be in accordance with ACI 315.

1.04 PRODUCT HANDLING

- A. Delivery:
 - 1. Deliver reinforcement to the job site bundled, tagged, and marked.
 - 2. Use metal tags indicating bar size, lengths, and other information corresponding to markings shown on placement diagrams.
- B. Storage: Store reinforcement at the job site on blocks and in a manner to prevent damage and accumulation of dirt and excessive rust.

PART 2-PRODUCTS

2.01 MATERIALS

- A. Reinforcing bars shall comply with ASTM A615 or A996 Type R, Grade 60. Reinforcing bars required to be welded shall be ASTM A706 low alloy.
- B. Steel wire and welded wire fabric shall comply with ASTM A1064. Fabric shall be provided in flat sheets. Rolled fabric shall not be used.
- C. Reinforcement supports including bolsters, chairs, spacers, and other devices for spacing, supporting, and fastening reinforcement in place shall be:
 - 1. Wire bar-type supports complying with CRSI recommendations, unless otherwise indicated.
 - 2. For slabs on grade, supports with sand plates, or horizontal runners where base material will not support chair legs.
 - 3. For exposed-to-view concrete surfaces or where the concrete surface will be exposed to weather or moisture, where legs of supports are in contact with forms, supports with either hot-dipped galvanized or plastic protected legs.
 - 4. When supports bear directly on the ground and it is not practical to use steel bar supports, precast concrete blocks may be used to support only the bottom lift of reinforcement. The precast blocks must be solid, be of an equal or higher strength than the concrete being placed, must provide adequate support to the reinforcement, and be of proper height to provide specified reinforcing cover. The use of face bricks, hollow concrete blocks, rocks, wood blocks, or other unapproved objects will not be permitted.
- D. Fibrous Reinforcing:
 - 1. Fibrous concrete reinforcement shall be Fibermesh 300, manufactured by Propex Concrete Systems, or equal.
 - 2. Reinforcement shall be 100% virgin polypropylene fibrillated, multi-length graded fiber containing no reprocessed olefin materials and specifically manufactured for use as concrete secondary reinforcement.
 - 3. Physical Characteristics:
 - a. Specific Gravity: 0.91.
 - b. Fiber Length: Multidesign gradation.
- E. Mechanical Splices and Threaded Couplers:
 - 1. Mechanical splices shall be Zap Screwlok by Bar Splice Products, Inc., or equal.
 - 2. Threaded couplers and dowel bar replacements shall be Dowel Bar Splicer System by Dayton/Richmond, or equal.
 - 3. Mechanical splices and couplers shall be capable of developing at least 125% of the yield strength of the reinforcing bar.

2.02 FABRICATION

- A. General:
 - 1. Fabricate reinforcing bars to conform to required shapes and dimensions with fabrication tolerances which comply with CRSI Manual.
 - 2. In case of fabricating errors, do not rebend or straighten reinforcement in a manner that will injure or weaken the material.
 - 3. Unless otherwise shown on the drawings, all end hook dimensions shall conform with "ACI Standard Hooks."

- B. Reinforcement with any of the following defects shall be deemed unacceptable and will not be permitted in the work:
 - 1. Bar lengths, depths, and bends exceeding specified fabrication tolerances.
 - 2. Bend or kinks not indicated on drawings or final shop drawings.
 - 3. Bar with reduced cross section because of excessive rusting or other cause.

PART 3—EXECUTION

3.01 INSPECTION

- A. Examine the substrate, formwork, and the conditions under which concrete reinforcement is to be placed.
- B. Correct conditions detrimental to the proper and timely completion of the work.
- C. Do not proceed until unsatisfactory conditions have been corrected.

3.02 INSTALLATION

- A. General:
 - 1. Comply with the specified standards for details and methods of placing reinforcement and supports.
 - 2. Clean reinforcement to remove loose rust, mill scale, earth, and other materials which reduce or destroy bond with concrete.
- B. Placing Reinforcement:
 - 1. All reinforcing shall be placed in accordance with Contract drawings and with shop drawings stamped and approved by ENGINEER.
 - 2. Position, support, and secure reinforcing against displacement by formwork, construction, or concrete placement operations.
 - 3. Support reinforcing by metal chairs, runners, bolsters, spacers, and hangers as needed.
 - 4. Unless otherwise shown on the drawings, the reinforcement is to be so detailed and placed as to allow the following concrete protection:
 - a. Three inches of cover where the concrete is placed directly against ground.
 - b. Two inches of cover where the concrete is placed in forms but is to be exposed to weather, liquid, or the ground.
 - c. One-inch cover in slabs and walls not exposed to weather, liquid, or the ground.
 - d. One and one-half-inch cover in beams, girders, and columns not exposed to weather, liquid, or the ground. This cover applies to beam stirrups and column ties where applicable.
 - 5. Reinforcement shall be positioned within $\pm 3/8$ inch for members with depth to tension reinforcing from compression face less than or equal to 8 inches. Tolerance shall be $\pm 1/2$ inch for members with depth to tension reinforcing from compression face greater than 8 inches. Tolerance on dimension between adjacent bars in slab and wall reinforcing mats shall be 1 inch. Secure against displacement by anchoring at the supports and bar intersections with wire or clips.
 - 6. Bars shall be securely tied at all intersections except where spacing is less than 1 foot in each direction when alternate intersections shall be tied. To avoid interference with embedded items, bar spacing may be varied slightly if acceptable to ENGINEER. Tack welding of reinforcing will not be permitted.
 - 7. Set wire ties so that twisted ends are directed away from exposed concrete surfaces.

8. If reinforcing must be cut because of openings or embedded items in the concrete, additional reinforcing must be provided adjacent to the opening at least equal in cross sectional area to that reinforcing which was cut, and it shall extend a minimum of 36 bars diameters beyond the opening on each side or as shown on the drawings. At sumps or depressions in slabs, bars shall be bent and/or extended under sumps or depressions.
 9. Wall reinforcing mats shall be secured in a vertical plane by providing clearance from forms with bar supports and by using Z-shaped bars at ± 4 feet on center wired between two mats of steel, spacing and staying both of them. Nails shall not be driven into the forms to support reinforcement and neither shall wire for this purpose come in contact with the forms. Alternate top transverse bars in slab shall be supported by individual bar chairs at approximately 3-foot 0-inch centers. Bottom longitudinal bars shall be supported by continuous bar chairs at approximately 4-foot 0-inch centers.
 10. If carrier bars are to be used, CONTRACTOR shall provide reinforcing bars for this purpose in addition to the reinforcing called for by the drawings and specifications.
- C. Reinforcement Supports:
1. Strength and number of supports shall be sufficient to carry reinforcement.
 2. Do not place reinforcing bars more than 2 inches beyond the last leg of any continuous bar support.
 3. Do not use supports as bases for runways for concrete-conveying equipment and similar construction loads.
- D. Welded Wire Fabric:
1. Install welded wire fabric in as long of lengths as practicable.
 2. Lap adjoining pieces at least one full mesh.
 3. Fabric shall be supported with bar supports.
- E. Splices:
1. Provide standard reinforcement splices by lapping ends, placing bars in contact, and tightly wire tying.
 2. Lap splices in reinforcing shall be provided as shown on the drawings. Where lap splice lengths are not shown on the drawings, provide Class B, Category 1 lap splices in accordance with ACI 318.
 3. Adjacent splices of tangential bars in circular slabs and horizontal bars in circular walls shall be staggered a minimum of one full lap splice length or 3 feet, whichever is greater, unless otherwise shown. Stagger dimension shall be measured from center to center of lap splices.
 4. For circular walls, horizontal bar lap splices shall not coincide in vertical arrays more frequently than every third bar.
 5. Mechanical splices and threaded dowel bar inserts may be used where acceptable to ENGINEER.
- F. Embedded Items:
1. Allow other trades to install embedded items as necessary.
 2. Particularly after bottom layer of reinforcing is placed in slabs, allow electrical contractors to install conduit scheduled for encasement in slabs prior to placing upper layer of reinforcing.
- G. Minimum Reinforcing: Where reinforcing is not shown, provide a minimum of No. 4 at 8-inch centers each way in members 10 inches or less in thickness and No. 5 at 12-inch centers each way in each face in members greater than 10 inches thick.

H. Fibrous Reinforcing:

1. Fibrous concrete reinforcing shall be used in all building interior slab-on-grade concrete and all precast concrete topping, and where shown on the drawings.
2. Add fibers at a minimum rate of 1.5 pounds per cubic yard.
3. Mix concrete in strict accordance with reinforcement manufacturer's recommendations.

END OF SECTION

SECTION 03 30 00

CAST-IN-PLACE CONCRETE

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. All cast-in-place concrete as shown except as noted otherwise.
 - 2. PVC and hydrophilic waterstops, expansion joint fillers, bonding agents, patching mortars, curing compounds, nonshrink grout, floor sealer, and other related items and accessories.
- B. Related Sections and Divisions:
 - 1. Applicable provisions of Division 01 shall govern work in this section.
 - 2. See Section 03 70 00—Mass Concrete for special requirements for walls and slab with a thickness equal to or greater than 3 feet 0 inches.

1.02 REFERENCES

- A. ACI 211.1—Standard Practice for Selecting Proportions for Normal, Heavyweight, and Mass Concrete.
- B. ACI 301—Specifications for Structural Concrete.
- C. ACI 304R—Guide for Measuring, Mixing, Transporting, and Placing Concrete.

- V. ASTM C494—Standard Specification for Chemical Admixtures for Concrete.
- W. ASTM C595—Standard Specification for Blended Hydraulic Cements.
- X. ASTM C618—Standard Specification for Coal Fly Ash and Raw or Calcined Natural Pozzolan for Use in Concrete.
- Y. ASTM C652—Standard Specification for Hollow Brick (Hollow Masonry Units Made From Clay or Shale).
- Z. ASTM D994—Standard Specification for Preformed Expansion Joint Filler for Concrete (Bituminous Type).
- AA. ASTM D1752—Standard Specification for Preformed Sponge Rubber Cork and Recycled PVC Expansion Joint Fillers for Concrete Paving and Structural Construction.

1.03 SUBMITTALS

- A. Submit shop drawings in accordance with Section 01 33 00—Submittals.
- B. Submit the following information:
 - 1. Gradation of fine and coarse aggregate—ASTM C33.
 - 2. Specific gravity and dry rodded density of each aggregate.
 - 3. Test of deleterious substances in fine and coarse aggregate—ASTM C33.
 - 4. Design mix of each individual concrete mix to be used.
 - 5. Previous test results or trial batch results with 7- and 28-day compressive strengths for each concrete mix proposed.
 - 6. Certified mill test results for cement identifying brand, type, and chemistry of cement to be used.
 - 7. Brand, type, principal ingredient, and amount of each admixture to be used.
- C. It is important that the above data be submitted to ENGINEER well in advance of anticipated concreting operations to avoid any delay in construction.

PART 2-PRODUCTS

2.01 CEMENT

- A. Cement shall be Portland cement Type I/II conforming to ASTM C150 or Portland limestone cement Type 1L conforming to ASTM C595. All cement shall be the product of one reputable manufacturer and mill.
- B. Cement shall be stored in a dry, weathertight, properly ventilated structure with the floor raised not less than 1 foot above the ground.

2.02 FLY ASH

- A. All fly ash used as an admixture in Portland cement or Portland limestone cement concrete shall be Class C or F conforming to the requirements of ASTM C618.

2.03 AGGREGATE

- A. All aggregates shall be washed and shall consist of natural sand, gravel, or crushed rock and shall have clean, hard, durable, uncoated grains of strong minerals. The amounts of deleterious substances present in the fine and coarse aggregate expressed in percentages by weight shall not exceed the following:

Deleterious Substance	Aggregate	
	Fine	Coarse
Clay Lumps and Friable Particles	3.0	3.0
Coal and Lignite	0.5	0.5
Mineral finer than No. 200 sieve	3.0	
Soft Fragments	3.0	3.0
Chert*	---	5.0
Sum of Chert and Clay Lumps		5.0

* Material classified as chert and having a bulk specific gravity of less than 2.45. The percentage of chert shall be determined on the basis of the weight of chert in the sample retained on a 3/8-inch sieve divided by the weight of the total sample.

- B. The combined amount of all deleterious substances in an aggregate shall not exceed 5% of the weight of the aggregate.
- C. If requested by ENGINEER, sodium sulfate soundness tests (ASTM C88) shall be performed on the aggregate. When the aggregate is subjected to 5 cycles, the weight loss shall not exceed 12%. Samples of proposed aggregates shall be submitted to an independent laboratory for testing in advance of concrete work. All testing shall be performed in accordance with ASTM C33. Certified test results shall be submitted to ENGINEER confirming that aggregate complies with all stated specifications. Report shall identify source of aggregate and absorbed water.

- D. Fine aggregate shall be well-graded from coarse to fine and shall conform to the following requirements:

Percentage by Weight	
Passing 3/8-inch sieve	100
Passing No. 4 sieve	95-100
Passing No. 8 sieve	80-100
Passing No. 16 sieve	50-85
Passing No. 30 sieve	25-60
Passing No. 50 sieve	5-30
Passing No. 100 sieve	0-10

- E. Gradation of fine aggregate shall be reasonably uniform and not subject to the extreme percentages of gradation specified above. The fineness modulus shall be not less than 2.3 or more than 3.1, nor shall the fineness modulus of any sample vary by more than +0.20 from the fineness modulus of the representative sample used in proportioning the concrete.
- F. If requested by ENGINEER, fine aggregate shall be subjected to the color-metric test for organic impurities (ASTM C40) and shall not produce a color darker than Figure 1, unless they pass the mortar strength test. Aggregate producing color darker than Figure 2 shall not be used in any event.
- G. Coarse aggregate shall be well-graded from coarse to fine, and when tested by laboratory sieves having square openings, shall conform to the following requirements:

	Percentage by Weight Aggregate	
	3/4-Inch Stone	1 1/2-Inch Stone
Passing 2-inch sieve	---	100
Passing 1 1/2-inch sieve	---	90-100
Passing 1-inch sieve	100	20-55
Passing 3/4-inch sieve	90-100	0-15
Passing 3/8-inch sieve	20-55	0-5
Passing No. 4 sieve	0-10	---
Passing No. 8 sieve	0-5	---

- H. The 3/4-inch aggregate shall be used in concrete members no thinner than 4 inches and less than 10 inches thick. A blend of 3/4-inch and 1 1/2-inch aggregate shall be used in members 10 inches thick and thicker with the 3/4-inch aggregate comprising between 35% and 65% of the total coarse aggregate. When members thinner than 10 inches are placed monolithically with members thicker than 10 inches, the aggregate requirements for the thinner member shall apply.
- I. Aggregates must be allowed to drain for at least 12 hours before being used. The ground upon which aggregates are stored must be hard, firm, well-drained, and free from all vegetable matter. Various sizes of aggregates must be stored separately, and if they have become contaminated or merged with each other, they shall not be used.

2.04 WATER

- A. Water used in mixing concrete shall be clean and free from injurious amounts of oil, alkali, organic matter, or other deleterious substances.

2.05 ADMIXTURES

- A. Water Reducing Admixture shall be Master Pozzolith® 200 by Master Builders Solutions, Daracem 19 by Grace, or equal. Water reducing admixture shall conform to ASTM C494, Type A and Type F. Water reducing admixture shall not reduce durability, shall increase strength 10%, and shall not affect bleeding characteristics over reference mix.
- B. Air-Entraining Admixture shall be equal to MasterAir® AE 90 by Master Builders Solutions, Darex by Grace Construction Products, or equal. Air-entraining admixture shall conform to ASTM C260.
- C. Anti-Microbial Admixture:
 - 1. Antimicrobial admixture shall be Con^{mic}Shield®, or equal, as manufactured by ConShield Technologies, Inc.
 - 2. The liquid antibacterial admixture shall be an EPA registered material and the registration number shall be submitted for approval prior to use in the project.
 - 3. The amount to be used shall be as recommended by the manufacturer of the antibacterial additive. This amount shall be included in the total water content of the concrete mix design.
 - 4. The admixture shall be added into the concrete mix water for even distribution of the admixture throughout the concrete mixture.
 - 5. The ready-mix supplier shall submit a letter of certification to the project owner stating that the correct amount and correct mixing procedure were followed for all antimicrobial concrete.
 - 6. The antibacterial admixture shall have successfully demonstrated prevention of MIC in sanitary sewers for ten or more years. After the concrete takes initial set, Con^{mic}Shield® color identifier-indicator (CS IDENTIFIER) shall be applied to the interior surface.
 - 7. The concrete producer shall retain two cured pieces of concrete from each batch made with Con^{mic}Shield® for possible verification by an independent lab. The pieces must have a minimum dimension of 1 square inch but they need not be uniform. Pieces may be obtained from remnants of cylinder break tests. The specimens shall be placed in plastic baggies and clearly labeled with the date, batch number, pipe or manhole dimension and specific project.
- D. No other admixture will be allowed without written approval of ENGINEER. All admixture shall be compatible with cement, aggregate, and water used.

2.06 PROPORTIONING

- A. The proportions of aggregate to cement shall be such as to produce a workable mixture that can be thoroughly compacted and that will work readily in the forms and around reinforcement without permitting materials to segregate or excess water to collect on the surfaces. The combined aggregates shall be such that when separated on the No. 4 sieve, the weight passing the sieve shall not be less than 30% nor greater than 50%.
- B. Concrete of various classes shall have the following maximum water/cement or water/(cement + fly ash) ratio minimum compressive strengths at 28 days and minimum cement and fly ash contents:

Class	Maximum Water/ Cement or Water/ (Cement+Fly Ash)	Minimum 28 Day Strength-Pounds per Square Inch	Cement Content-Pounds per Cubic Yard	Fly Ash- Pounds per Cubic Yard		Anti-Microbial Admixture— Ounces per Cubic Yard
				Type C	Type F	
A	0.42	4,500	611	---	---	---
A-FA	0.42	4,500	520	120	135	---
A-X	0.42	4,500	611	---	---	140
A-FA-X	0.42	4,500	520	120	135	140

- C. Except as otherwise indicated on the drawings or specified, all concrete shall be Class A or Class A-FA concrete. Provide Class A-X or A-FA-X at locations indicated on the Drawings. See Section 03 30 13 for crystalline waterproofing admixture.
- D. All concrete mixes shall be designed for a strength of 15% above that specified to allow for job variations. All mixes shall be designed in accordance with ACI 211.1 by a competent concrete engineer or competent laboratory technician. Required materials test data shall be submitted with design mixes for review and approval by ENGINEER. Mix computations shall be submitted if requested by ENGINEER.
- E. The slump for all concrete shall be 3 inches and concrete with a slump within the range of 2 to 3 1/2 inches will be acceptable unless otherwise stated.
- F. A water-reducing admixture shall be used in all concrete. A qualified representative of the manufacturer shall be available to assist in proportioning the concrete, advise on the proper addition of the admixture to the concrete, and advise on adjustments of concrete proportions to suit job conditions.
- G. An air-entraining admixture shall be used in all concrete except as noted. Air content shall be tested by the pressure method as outlined in ASTM C231 and shall be between 4% to 7% by volume. An air-entraining admixture is not required for concrete patching and for concrete floors, equipment pads, and supports in interior heated buildings where the concrete will be protected from freezing during and after construction.
- H. CONTRACTOR shall submit to ENGINEER concrete cylinder compressive strength results from previous projects for the same concrete mixes proposed on the current project. If this information is not available, one cubic yard trial batches of each individual mix proposed for use shall be made prior to use in the work. Four test cylinders shall be made for each trial batch, two to be tested at 7 days and two at 28 days. The trial batches shall be made preceding actual placement operations so that the results of the 7-day tests can be obtained. All costs for material, equipment, and labor incurred during design of concrete mixes shall be borne by CONTRACTOR.
- I. All aggregates shall be measured by weight. The concrete mixer is to be equipped with an automatic water-measuring device that can be adjusted to deliver the desired amount of water.

2.07 WATERSTOPS

- A. PVC waterstops shall be as manufactured by Greenstreak, Inc., W.R. Meadows, Durajoint, or equal. Provide serrated center bulb-type, nontapered 3/8 inch minimum thickness waterstops manufactured from virgin polyvinyl chloride with no reclaimed/scrapped material

or pigment whatsoever conforming to Corps of Engineers CRD-C-572. The waterstop shall have an integral fastening system consisting of hogrings or grommets. For 6-inch PVC waterstops in construction joints, use Greenstreak, Inc. Profile No. 732, or equal. For expansion joints, use Greenstreak, Inc. Profile No. 735, or equal. Where 4-inch PVC waterstops are called for in the drawings, use Greenstreak, Inc. Profile No. 702, or equal.

- B. Hydrophilic waterstop shall be a flexible hydrophilic natural rubber strip composed of nonvulcanized rubber and urethane polymer hydrophilic agent creating a moisture-activated, self-healing waterproofing compound.
- C. The hydrophilic waterstop shall be NSF Certified for potable water use (Adeka MC-2010MN).
- D. Hydrophilic waterstop shall be Adeka Ultraseal, or equal, products as follows:
 - 1. Construction Joints:
 - a. Wall/slab thickness greater than 9 inches with double mat of reinforcing: MC-2010MN (3/4 inch by 3/8 inch) with embedded stainless steel wire mesh for expansion control. The waterstop shall develop a minimum of 400 psi expansion pressure and withstand a minimum 150-foot hydrostatic head. Expansion amount shall not exceed 120%.
 - b. Wall/slab thickness between 4 inches and 9 inches with 1-inch minimum cover and single or double mat of reinforcing: KBA-1510FP (9/16 inch by 3/8 inch). Expansion amount shall not exceed 30%.
 - 2. Pipe Penetrations:
 - a. Wall/slab thickness between 4 inches and 9 inches and pipe diameter greater than 4 inches and less than or equal to 24 inches: KBA-1510FP (9/16 inch by 3/8 inch).
 - b. Wall/slab thickness greater than 9 inches with double mat of reinforcing and pipe diameter greater than 4 inches and less than or equal to 24 inches: MC-2005T (3/4 inches by 3/16 inches).
 - c. Wall/slab thickness greater than 9 inches with double mat of reinforcing and pipe diameter greater than 24 inches: MC-2010MN (3/4 inch by 3/8 inch) with embedded stainless steel wire mesh for expansion control.

2.08 JOINT FILLER

- A. Expansion joints shall have standard 1/2-inch-thick cork expansion joint filler, W. R. Meadows, or equal, meeting ASTM D1752–Type II. Exceptions to this are expansion joints in exterior concrete walks and between concrete walks and other structures which shall be asphalt expansion joint filler, 1/2-inch-thick, Grace, W.R. Meadows, or equal, meeting ASTM D994.

2.09 BONDING AGENT

- A. Bonding agent for bonding new concrete to existing concrete at construction joints and for bonding concrete overlays to existing concrete shall be a liquid latex product meeting ASTM C1059, Type II. Acceptable products include Euroweld 2.0 by Euclid Chemical, Acrylic Bonding Agent J40 by Dayton Superior, or equal.

2.10 PATCHING ADDITIVE

- A. Acceptable manufacturers include MasterEmaco® A 660 by Master Builders Solutions, Sonocrete by Sonneborn Contech Co., or equal.

2.11 NONSHRINK GROUT

- A. Acceptable manufacturers include Dayton Superior, Master Builders Solutions, or equal. Grout shall be nonshrink, nonmetallic and shall achieve a strength of 7,500 psi in 28 days.

2.12 CURE-SEAL HARDENER

- A. Penetrating sealer for interior building floors shall be Ashford Formula by Curecrete Chemical Company, Inc., or equal. See finish schedule for locations to be used.

PART 3-EXECUTION

3.01 MIXING

- A. Ready-mixed concrete shall be batched, mixed, and delivered in accordance with ASTM C94 and ACI 304R. In general, concrete shall be mixed 50 revolutions at plant, 20 upon arrival at site, and 20 each time water is added; maximum of 110 revolutions at mixing speed. Concrete shall be delivered and discharged within 1 1/2 hours or before the drum has revolved 300 times after introduction of water to the cement and aggregates or the cement to the aggregates. Truck mixers shall be equipped with drum revolution counters. In no event shall concrete which has taken its initial set be allowed to be used. Retempering of concrete is not permitted.
- B. A representative of ENGINEER may be at the batching plant periodically to observe the batching and mixing.
- C. No water shall be added on the job unless required by CONTRACTOR and with the knowledge of ENGINEER; the amount of water, if added, shall be recorded on all copies of the delivery tickets. If water is added, CONTRACTOR shall verify that the required water-cement ratio is not exceeded.
- D. Concrete shall have a temperature not less than 60°F nor more than 80°F as delivered to the jobsite.
- E. With each load of concrete, CONTRACTOR shall obtain delivery tickets and shall make these tickets available for review by ENGINEER. Delivery tickets shall provide the following information:
 - 1. Date.
 - 2. Name of ready-mix concrete plant, job location, and CONTRACTOR.
 - 3. Type of cement and admixtures, if any.
 - 4. Specified cement content in sacks per cubic yard of concrete and approved concrete mix number or designation.
 - 5. Amount of concrete in load, in cubic yards.
 - 6. Water-cement ratio.
 - 7. Water added at job, if any.
 - 8. Truck number and time dispatched.
 - 9. Number of mixing drum revolutions.
- F. For job-mixed concrete, all concrete materials shall be mixed in a machine batch mixer for at least 1 1/2 minutes after all ingredients are in the mixer and shall continue until there is a uniform distribution of the materials and the mass is uniform in color and homogeneous. The mixer shall not be loaded beyond the capacity given by the manufacturer and shall be rotated at the speed recommended by the manufacturer. The mixer is to be provided with positive

timing device that will positively prevent discharging the mixture until the specified mixing time has elapsed.

3.02 JOINTS

- A. CONTRACTOR shall place all joints as shown on the drawings or specified herein. If acceptable to ENGINEER, CONTRACTOR may, at its own expense, place construction joints in addition to and at places other than those shown on the drawings. Unless otherwise shown, all joints shall be straight, truly vertical or horizontal, and proper methods shall be employed to obtain this result.
- B. Where construction joints are not shown on the drawings or specified elsewhere, CONTRACTOR shall provide construction joints in walls as follows:
 - 1. Vertical construction joints at 60 feet on center maximum but not more than 15 feet from corners or intersections.
 - 2. Horizontal construction joints at 18 feet on center maximum for walls 12 inches or more in thickness.
 - 3. Horizontal construction joints of 8 feet on center maximum for walls 10 inches or less in thickness.
- C. Immediately after completion of the first pour at a joint, the concrete surface, reinforcement, and waterstop projecting beyond the joint shall be thoroughly cleaned and laitance removed. The waterstops shall not be disturbed after the concrete in the first pour at a joint has set. Concrete around waterstops shall be thoroughly compacted by hand spading and vibrating. Immediately before the second pour, all extraneous matter shall be removed from the joint, the waterstop and steel cleaned, and the surface thoroughly wetted.
- D. Concrete at all joints shall have been in place at least 48 hours before abutting concrete is placed. At least two hours must elapse after depositing concrete in columns or walls before depositing in beams, girders, or slab supported thereon. Beams, girders, brackets, column capital, and haunches shall be considered as part of the floor system and shall be placed integrally therewith.

3.03 WATERSTOPS

- A. Unless noted otherwise, PVC waterstops shall be provided at all expansion joints and at construction joints in floors and walls of structures exposed to ground or liquid on one side and occupied by personnel or nonsubmerged equipment on the other side.
- B. PVC waterstops shall be made continuous by splicing. Waterstops shall be spliced using a corner, tee, or cross splice, as applicable, at intersections. Waterstops shall be mitered to maintain the continuity of the ribs and center bulb. Splices shall be made using a hot metal plate or an electric splicer and full butt weld. Direct flame will not be allowed. Sample field-splices shall be submitted to ENGINEER for review prior to construction.
- C. PVC waterstops placed in all joints shall be securely held in place by an acceptable method or as shown on the drawings. PVC waterstops shall be installed and secured prior to concrete placement. PVC waterstops shall not be inserted into wet concrete. No nails will be permitted through the waterstop. Great care shall be taken when concrete is placed so that the waterstop remains erect and is not bent over.
- D. Either hydrophilic or PVC waterstop shall be provided at all construction joints in liquid holding tanks and channels that are not adjacent to areas occupied by personnel and at joints between new and existing concrete. Waterstop shall be placed as shown on drawing

details, if any, and in accordance with the manufacturer's recommendations. Where not shown on drawings, waterstops shall be approximately centered in walls and slabs.

3.04 BONDING TO EXISTING CONCRETE

- A. When placing new concrete adjacent to existing concrete, the existing concrete shall be thoroughly roughened, cleaned, and saturated with water 24 hours before pouring new concrete. Existing concrete is defined as concrete more than six months old. At time of new pour, remove any standing water and apply bonding agent. Bonding agent shall be applied in accordance with manufacturer's recommendations.

3.05 PATCHING EXISTING CONCRETE

- A. When patching existing concrete, remove poor concrete until firm hard concrete is exposed; roughen and clean surface of the existing concrete, clean any exposed reinforcing bars, and pour new concrete. Concrete finish shall match existing concrete. New concrete shall be 4,000 psi 28-day strength mixed with patching additive, mixed according to manufacturer's instructions. Concrete shall not be air-entrained.

3.06 EMBEDDED ITEMS IN CONCRETE

- A. All sleeves, inserts, anchors, and embedded items required for adjoining work or for its support shall be placed prior to concreting.
- B. All contractors whose work is related to the concrete or must be supported by it shall be given ample notice and opportunity to introduce and/or furnish embedded items before the concrete is placed.
- C. Embedded items shall be positioned accurately and supported against displacement. Reinforcing bars shall clear embedded items a minimum of 2 inches.

3.07 PLACING CONCRETE

- A. Before placing concrete, all equipment, forms, ground, reinforcements, and other surfaces with which the concrete will come in contact are to be thoroughly cleaned of all debris, ice, and water. Ground shall be wetted prior to placement of concrete on it.
- B. After reinforcement is placed and before concrete is placed over it, ENGINEER shall be allowed sufficient time to observe the reinforcing.
- C. Unless otherwise authorized by ENGINEER, all concrete shall be placed in the presence of ENGINEER.
- D. Concrete shall be conveyed from the mixer to the place of final deposit as rapidly as practicable by methods that will prevent the segregation or loss of materials. Chuting for conveying purposes must be accomplished in such a manner as to prevent segregation or loss of materials. Receiving hoppers shall be installed at the chute discharge and at no point in its travel from the mixer to place of final deposit shall the concrete pass through a free vertical drop of more than 3 feet. Elephant trunks or tremies shall be used in all wall pours to prevent coating of forms and reinforcing bars.
- E. Care shall be taken to avoid an excess of water on the concrete surface. Excess water shall be drained or otherwise removed from the surface. Dry cement or a mixture of cement and sand shall not be sprinkled directly on the surface to absorb water.

- F. Concrete in wall and beam pours shall be deposited in approximately horizontal layers not to exceed 18 inches in thickness. Each layer shall be well worked into the preceding layer while both layers are still soft.
- G. Concrete shall be deposited as nearly as practicable in its final position to avoid segregation from rehandling or flowing. The maximum allowable lateral movement of the concrete after being deposited is 3 feet. Once concreting is started, it shall be carried on as a continuous operation until the placing of the section or panel is completed.
- H. All concrete shall be placed with the aid of mechanical vibrating equipment in accordance with ACI 309. In congested areas, vibration shall be supplemented by hand spading adjacent to the forms. Vibration should secure the desired results within 5 to 15 seconds at intervals of 18 inches apart maximum. The vibrator shall penetrate the preceding layer of concrete. Vibrators shall have a frequency of not less than 10,000 impulses per minute when in operation submerged in concrete.
- I. A sufficient number of spare vibrators shall be kept in ready reserve to provide adequate vibration in case of breakdown of those in use.
- J. In placing concrete in beams where it is intended to be continuous and monolithic with the slab above, a delay to provide for settlement of the deep concrete shall be scheduled before placing the upper concrete in the slab. The length of delay shall be as long as possible and still permit the revibration of the deep concrete.
- K. Concrete is not to be placed under water. A suitable means shall be provided for lowering the water level below surfaces upon which concrete is to be placed. This may require excavating approximately 12 inches below the bottom of the concrete surface and refilling with gravel and compacting. The groundwater shall not be allowed to rise to the bottom of the concrete until 24 hours after the concrete pour has been completed. Water shall not be allowed to fall upon or run across the concrete during this period.
- L. No extra payment will be allowed for dewatering, undercutting, and gravel fill.

3.08 MOIST CURING

- A. All concrete shall be maintained in a moist condition for at least 7 days after being deposited except that for high-early strength concrete, a 3-day period will be sufficient. Moist curing shall be accomplished by one of the following methods:
 - 1. Wood forms left in place and kept wet at all times. If wood forms are not going to be kept wet or if metal forms are used, they shall be removed as soon as practicable and other methods of moist curing shall be started without delay.
 - 2. Use of a curing compound conforming to ASTM C309, Type I as approved by ENGINEER. Curing compound shall be applied at a uniform rate as indicated by the manufacturer sufficient to comply with the requirements of the test water retention of ASTM C156. Curing compound applied to vertical concrete surfaces after forms are removed shall be specially adapted to provide required coverage on the vertical surface. On nonformed surfaces, the curing compound shall be applied immediately after the disappearance of the water sheen after finishing of the concrete. Curing compound shall not be used on concrete surfaces that are to be painted, receive ceramic tile or resilient flooring, or be waterproofed. Care shall be taken not to get curing compound on construction joints, reinforcing steel, and other surfaces against which new concrete will be poured.
 - 3. Use of plastic film. Plastic film shall have a minimum thickness of 4 mils. It shall be placed over the wet surface of the fresh concrete as soon as possible without marring the surface and shall be weighted so that it remains in contact with all exposed surfaces

of the concrete. All joints and edges shall be lapped and weighted. Any tears in the film shall be immediately repaired.

4. Application of wet coverings weighing 9 ounces per square yard such as burlap, cotton mats, or other moisture-retaining fabrics. The covering system shall include two layers and shall be kept continuously moist so that a film of water remains on the concrete surface throughout the curing period.
5. Use of an approved waterproof curing paper. Edges of adjacent sheets shall be overlapped several inches and tightly sealed.
6. Ponding of water or continuous sprinkling of water is permitted. Sprinkling at intervals will not be permitted.
7. Construction joints shall be moist cured by one of the methods listed above except by Method "2."

- B. The use of moist earth, sand, hay, or another method that may discolor hardened concrete will not be permitted.

3.09 HOT WEATHER CONCRETING

- A. When the atmospheric temperature exceeds 80°F during concrete placement, this section and ACI 305 shall apply in addition to all other sections of the specifications.
- B. The temperature of the delivered concrete shall not exceed 85°F.
- C. Care shall be exercised to keep mixing time and elapsed time between mixing and placement at a minimum. Ready-mix trucks shall be dispatched so as to avoid delay in concrete placement, and the work shall be organized to use the concrete promptly after arrival at the jobsite.
- D. The subgrade, forms, and reinforcing shall be sprinkled with cool water just prior to placement of concrete. Prior to placing concrete, there shall be no standing water or puddles on the subgrade.
- E. If approved by ENGINEER, an admixture for retarding the setting of the concrete may be used.
- F. Exposed concrete surfaces shall be carefully protected from drying. Continuous water curing is preferred. Curing compounds shall be white pigmented.

3.10 COLD WEATHER CONCRETING

- A. Conditions of this section shall apply, in addition to all other sections of the specifications, when placing concrete in cold weather. Cold weather is defined as a period when, for more than three successive days, the average daily temperature drops below 40°F. When temperatures above 50°F occur during more than half of any 24-hour period, the period will no longer be regarded as cold weather. The average daily temperature is the average of the highest and lowest temperature during the period from midnight to midnight. Cold weather concreting shall conform to all requirements of ACI 306.1, except as modified by the requirements of these specifications.
- B. Detailed procedures for the production, placement, protection, curing, and temperature monitoring of concrete during cold weather shall be submitted to ENGINEER. Cold weather concreting shall not begin until these procedures have been reviewed for conformance with ACI 306.1.

- C. All concrete materials, forms, ground, mixing equipment, and other surfaces with which the concrete is to come in contact shall be free from frost, and the temperature of contact surfaces shall be 35°F or above. Ground upon which concrete is to be placed shall not be frozen at any depth.
- D. The mixing water and aggregates shall be heated and when entering the mixer shall have temperatures not exceeding 175°F and 80°F, respectively. Concrete temperature as mixed shall not exceed 80°F and shall typically be between 55°F and 70°F. Concrete, when placed in the forms, shall have a temperature of not less than 50°F.
- E. Freshly placed concrete shall be protected by adequate covering, insulating, or housing and heating. If heating is used, ambient temperature inside the housing shall be maintained at a minimum of 70°F for 3 days or 50°F for 5 days. The maximum ambient temperature during curing shall not exceed 80°F. If insulating methods are used, recommendations contained in ACI 306R shall be followed. Surface temperature shall be maintained at 50°F for 7 days. After the curing period, the temperature of the concrete shall be reduced uniformly at a rate not to exceed 40°F per 24 hours until outside air temperature is reached. Heating of enclosure shall continue if it is anticipated that the outside air temperature will drop more than 20°F in the next 24 hours. The concrete temperature shall be obtained by attaching a thermometer provided by CONTRACTOR to the concrete surface. Concrete shall be kept moist.
- F. If heating is used, the housing shall be constructed weathertight and shall be constructed in a manner that will provide uniform air circulation and air temperatures over the complete concrete area that is being cured. Special attention shall be given to the edges and ends of a concrete pour with the housing extending at least 5 feet beyond any concrete surface being protected. The housing shall be in place and heat applied within 2 hours after concrete placement.
- G. Heating may be by steam or hot air. Heaters shall be vented to outside of the housing. Open burning salamanders will not be permitted. Heating devices shall not be placed so close to the concrete as to cause rapid drying or discoloration from smoke.
- H. If heating is used, CONTRACTOR shall provide sufficient 24-hour inspection of the heaters to provide compliance with the above-specified temperature requirements during the curing period. CONTRACTOR shall provide maximum-minimum thermometers for ENGINEER's use.
- I. The use of calcium chloride, salts, or other chemical admixtures for the prevention of freezing is prohibited.
- J. Salts or other deleterious materials shall not be used on temporary or permanent structures above concrete surfaces that are being placed, finished, or cured.

3.11 FINISHING

- A. Flat Work:
 - 1. Floated Finish: Place, consolidate, strike off, and level concrete eliminating high spots and low spots. Do not work concrete further until it is ready for floating. Begin floating with a hand float, a bladed power float equipped with float shoes, or a powered disk float when the bleed water sheen has disappeared and the surface has stiffened sufficiently to permit the operation. Immediately refloat the slab to a uniform texture.
 - 2. Light Troweled Finish: Float concrete surface, then power trowel the surface. Hand trowel the surface smooth and free of trowel marks.

3. Hard Troweled Finish: Float concrete surface, then power trowel the surface. Hand trowel the surface smooth and free of trowel marks. Continue hand troweling until a ringing sound is produced as the floor is troweled.
 4. Tolerance for concrete floors shall be 1/4 inch within 10 feet in any direction. Straight edge shall be furnished by CONTRACTOR.
 5. Broom or Belt Finish: Immediately after concrete has received a floated finish, give the concrete surface a coarse transverse scored texture by drawing a broom or burlap belt across the surface.
 6. The above finishes shall be used in the following locations:
 - a. Float Finish: Surface to receive roofing, waterproofing, or sand bed terrazzo.
 - b. Light Troweled Finish: Submerged tank slabs.
 - c. Hard Troweled Finish: Building floors.
 - d. Broom or Belt Finish: Exterior slabs, sidewalks, tops of walls, and tank slabs to receive grout topping.
- B. Formed Surfaces:
1. Within 2 days after removing forms and prior to application of a curing compound, all concrete surfaces shall be observed and any poor joints, voids, stone pockets, or other defective areas shall be patched at once before the concrete is thoroughly dry. Defective areas shall be chipped away to remove all loose and partially bonded aggregate. The area shall be thoroughly wetted and filled with as dry as practical mortar mix placed to slightly overfill the recess. Mortar shall include a bonding agent. After partial set has taken place, the excess mortar shall be removed flush with the surface on the concrete using a wood float. All patching shall be cured, protected, and covered as specified for concrete. All cracks, leaks, or moist spots that appear shall be repaired. No extra compensation will be allowed CONTRACTOR for such work.
 2. The exterior or removal portion of nonremovable ties shall be removed with the use of a special tool designed for this purpose. Cutting or chipping of concrete to permit removal of exterior portion will not be permitted.
 3. For nonremovable ties, tie rod holes left by the removal of the exterior portion of the tie and cone shall be thoroughly wetted and filled by ramming with as dry as practical mortar mix in such a manner such that it completely fills the hole. Mortar shall include a bonding agent. All patching shall be cured, protected, and covered as specified for concrete. The holes are to be filled immediately after removal of the exterior portion of the tie.
 4. Holes left by removable ties shall be filled by installing a neoprene plug near the center of the wall. The balance of the hole shall be filled with mortar as specified above to within 1 inch of the face of the wall. The remainder of the hole shall be filled with a waterproofing compound.
 5. All finished or formed surfaces shall conform accurately to the shape, alignment, grades, and sections as shown or prescribed by ENGINEER. All surfaces shall be free from fins, bulges, ridges, offsets, honeycombing, or roughness. All sharp angles, where required, shall be rounded or beveled. Any formed surface to be painted shall be free of any material that will be detrimental to the paint. The surface of the concrete shall be given one of the following finishes immediately after form stripping:
 - a. Finish A shall be referred to as a sack finish. Surfaces shall be free of contaminants prior to sacking. After wetting the surface, a grout shall be rubbed in using a rubber float or burlap. After the grout hardens sufficiently, it shall be scraped from the surface with the edge of a steel trowel without disturbing the grout in the air holes. After further drying, the surface shall be rubbed with burlap to remove all surface grout. The entire surface shall be finished to secure a continuous, hard, dust-free uniform texture surface free from pinholes and other minor imperfections. Finish A will be required for all unpainted surfaces (See Section 09 91 00 for painted surfaces), interior surfaces of equipment rooms, operation areas, and permanently exposed vertical surfaces. Where steel-faced forms are used to form walls, the

- portion of wall to receive the sack finish shall first be roughened by brush blasting or other acceptable method to achieve a texture similar to 40 to 60 grit sandpaper.
- b. Finish B shall be the same as Finish A, except that the final burlap rubbing may be omitted, providing the steel trowel scraping removes the loose buildup from the surface. Finish B shall be provided for waterproof- and moistureproof-coated surfaces.
 - c. Finish C shall be referred to as a finish that has surface imperfections less than 3/8 inch in any dimension. Surface imperfections greater than 3/8 inch shall be repaired or removed and the affected areas neatly patched. Finish C or smoother shall be provided for interior surfaces of wet wells, tanks, and channels from 1 foot below minimum water surfaces and down and otherwise unfinished interior surfaces.
 - d. Finish D shall be the finish for surfaces that may be left as they come from the forms, except that tie holes shall be plugged and defects greater than 1/2 inch in any dimension shall be repaired. Finish D shall be provided for surfaces to be buried or covered by other construction such as masonry veneer.
- C. All precautions shall be taken to protect the concrete from stains or abrasions, and any such damage shall be removed or repaired under this Contract.

3.12 LOADING OF CONCRETE STRUCTURES

- A. No concrete structure or portion thereof shall be loaded with its design load until the concrete has obtained its specified 28-day compressive strength. This shall include but not be limited to vertical live load, equipment loading, water loading, groundwater loading, and backfill load. Concrete strength at time of loading shall be determined by testing field-cured concrete cylinders.
- B. Extreme care shall be taken so that construction loads do not exceed design loading of the structure.

3.13 WATER TEST

- A. All liquid-retaining structures shall be water-tested by CONTRACTOR before being faced with masonry or backfilled. The structure shall be filled with water, kept full for at least 24 hours, leaks or moist areas marked, and the structure or surrounding area drained. Repairs shall be made from the face of the concrete that is subjected to water pressure. Method of repair shall be reviewed by ENGINEER.
- B. Testing of the structure shall not take place until the last concrete placed in the structure has developed 28-day design strength as determined by testing field-cured concrete cylinders.
- C. After repair, the structure shall again be tested as above. Testing and repair shall continue until all leaks or moist spots have disappeared. Unless otherwise stated, water for testing shall be supplied by CONTRACTOR.

3.14 NONSHRINK GROUT

- A. Nonshrink, nonmetallic grout shall be used for filling recesses and pockets left for equipment installation and for setting of base plates. The material used shall be approved by ENGINEER. Store, mix, and place the nonshrinking compound as recommended by the manufacturer. The minimum compressive strength shall be 5,000 psi at age 7 days and 7,500 psi at age 28 days.

3.15 TESTING AND SAMPLING

- A. The following tests of fresh concrete shall be performed by the SPECIAL INSPECTOR. The SPECIAL INSPECTOR shall prepare, protect, transport, and have tested all cylinders at its expense.
 - 1. Sampling of concrete for slump tests, air tests, temperature tests, and for making concrete test cylinders shall be performed in accordance with ASTM C172.
 - 2. Cylinders:
 - a. Three test cylinders shall be made for each pour less than 25 cubic yards, four test cylinders shall be made for each pour between 25 and 100 cubic yards, and eight test cylinders shall be made for each pour in excess of 100 cubic yards. Each concrete mix shall be represented by at least four cylinders for the entire job. Concrete for cylinders shall be collected near the middle of the load and/or as requested by ENGINEER.
 - b. Cylinders shall be made and tested in accordance with ASTM C31 and ASTM C39, respectively. The cylinders must be kept moist and at temperatures between 60°F and 80°F and shall remain undisturbed and stored in a location free from vibration. In hot weather, the cylinders shall be covered with wet burlap and stored in a shaded area. It is CONTRACTOR's responsibility to provide a suitable protected location for storing cylinders on the jobsite.
 - c. After 24 hours, the cylinders shall be transferred to an independent testing laboratory acceptable to OWNER. The cylinders shall be packed in sawdust or other cushioning material for transit to avoid any bumping or jarring of the cylinders.
 - d. Cylinders shall be broken at 7 and 28 days or as requested by ENGINEER. Test results shall be transmitted immediately and directly to ENGINEER and OWNER. Test data shall include date and location of pour and concrete mix used.
 - 3. Slump Test: The SPECIAL INSPECTOR shall make one slump test near the beginning of all pours with two tests being made for all pours in excess of 25 yards or as requested by ENGINEER. Slump tests shall conform to ASTM C143.
 - 4. Air Test:
 - a. When air-entrained concrete is used, the air content shall be checked by CONTRACTOR near the beginning of all pours with at least two checks being made for all pours in excess of 25 cubic yards, or as requested by ENGINEER.
 - b. The air contents shall be checked using the pressure method in accordance with ASTM C231. The pocket-sized alcohol air indicator shall not be used unless it is first used in conjunction with the pressure method test.
- B. All costs of additional testing and sampling of fresh or hardened concrete needed because of suspected or actual violation of the specifications shall be borne by CONTRACTOR.

3.16 RECORDS

- A. A record is to be kept of all concrete work. The record shall include the date, location of pour, concrete mix, slump, air content, test cylinder identification, concrete temperature, and ambient air temperature. In addition, for cold weather concreting the record shall include the daily maximum-minimum thermometer readings of all thermometers during the entire curing period for all concrete pours. The Resident Project Representative will keep this record, and CONTRACTOR shall assist in obtaining needed information.

3.17 CONCRETE REMOVAL AND PATCHING

- A. All areas disturbed as a result of concrete removal or repair shall be patched as specified in Bonding to Existing Concrete.

3.18 CURING AND SEALING INTERIOR BUILDING FLOORS

- A. Install cure-seal hardener product in accordance with manufacturer's instructions. Apply only to those floors noted to be sealed in the finish schedule.
- B. Where product will be used for moist curing, sealing and hardening, apply to new concrete as soon as the concrete is firm enough to walk on after troweling. Where product will be used for sealing and hardening only, surface must be free of dust, dirt, laitance, curing compounds, and any material that would inhibit the penetration of the product. In some instances, the floor may need to be stripped and neutralized before application.
- C. Spray on at rate of 200 square feet per gallon.
- D. Keep surfaces wet with cure-seal hardener for minimum soak-in period of 30 minutes, without allowing drying out or becoming slippery. In hot weather, slipperiness may appear before the 30-minute time period has elapsed. If that occurs, apply more cure-seal hardener as required to keep entire surface in a nonslippery state for the first 15 minutes. For the remaining 15 minutes, mist the surface as needed with water to keep the material in a nonslippery state.
- E. After this period, when treated surface becomes slippery, lightly mist with water until slipperiness disappears.
- F. Wait for surface to become slippery again and then flush entire surface with water removing all residue of cure-seal hardener.
- G. Squeegee surface completely dry, flushing any remaining slippery areas until no residue remains.
- H. Wet vacuum or scrubbing machines may be used to remove residue, provided manufacturer's instructions are followed.
- I. Protect installed floors until chemical reaction process is complete; at least 3 months.
- J. Clean up spills immediately and spot-treat stains with good degreaser or oil emulsifier.
- K. Protection and cleaning of floors are the responsibility of CONTRACTOR until final completion. Replace concrete that becomes stained because of improper precautions or lack of cleaning.

END OF SECTION

SECTION 03 30 13

CRYSTALLINE ANTIMICROBIAL ADMIXTURE

PART 1—GENERAL

1.01 SUMMARY

- A. Work Includes: Crystalline antimicrobial admixture for concrete.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. U.S. Army Corps of Engineers CRD-C48—Permeability of Concrete.
- B. European Standard EN-12390-8—Testing hardened concrete— Depth of Penetration of Water Under Pressure.
- C. U.S. Bureau of Reclamation—Procedure for Length Change of Hardened Concrete Exposed to Alkali Sulfates.
- D. ASTM C666—Standard Test Method for Resistance of Concrete to Rapid Freezing and Thawing.
- E. ASTM C672—Standard Test Method for Scaling Resistance of Concrete Surfaces Exposed to Deicing Chemicals.
- F. ASTM C39—Standard Test Method for Compressive Strength of Cylindrical Concrete Specimens.
- G. ASTM C157—Standard Test Method for Length Change of Hardened Hydraulic-Cement Mortar and Concrete.
- H. ISO 9001—Quality Management Systems Requirements.

1.03 SYSTEM DESCRIPTION

- A. Crystalline antimicrobial admixture shall be of the crystalline type, defined by the ACI 212.3R–10 Report on Chemical Admixtures for Concrete as a “PRAH” type hydrophilic admixture. It shall react such that it chemically controls and permanently fixes a non-soluble crystalline structure throughout the capillary voids of the concrete. The system shall cause the concrete to become sealed against the penetration of liquids from any direction, and shall protect the concrete from deterioration due to harsh environmental conditions, including microbial induced corrosion in the presence of Thiobacillus Novellus (sewer bacteria) with H₂S concentrations up to 70 parts per million.

1.04 SYSTEM PERFORMANCE REQUIREMENTS

- A. Testing Requirements: Crystalline antimicrobial admixture system shall be tested in accordance with the following standards and conditions, and the testing results shall meet or exceed the performance requirements as specified herein. Independent tests verifying these results shall be submitted prior to approval.
- B. Independent Laboratory: Testing shall be performed by an independent laboratory meeting the requirements of the recognized specifying body of the country in which the testing is performed. Testing laboratory shall obtain all concrete samples and waterproofing product samples.
- C. Crystalline Formation: Crystallizing capability of waterproofing system shall be evidenced by independent SEM (Scanning Electron Microscope) photographs showing crystalline formations within the concrete matrix at a magnification no greater than 2000 times.
- D. Water Permeability: Independent testing shall be performed in accordance with U.S. Army Corps of Engineers CRD-C48–Mod “Permeability of Concrete” and the European Standard EN-12390-8. Under CRD-C48 treated concrete samples shall be pressure tested to 150 psi (350 foot head of water) or 1.05 MPa (106 m head of water). The treated samples shall exhibit no measurable leakage against control samples which shall exhibit full saturation and measurable leakage. EN-12390-8 testing shall show at least a 75% reduction in depth of water penetration for Admixture treated concrete as compared to the control concrete.
- E. Petroleum Product Permeability: Independent testing shall be performed in accordance with the European EN–12390-8. Treated samples shall show a more than an 80% reduction in depth of penetration for both diesel and unleaded gasoline as compared to a control concrete.
- F. Acid Resistance: Independent testing shall be performed to determine “Sulfuric Acid Resistance of Concrete Specimens.” Treated concrete samples (dosage rates of 3%) shall be and tested against untreated control samples after 40 days of curing. All samples shall be immersed in 7% sulfuric acid and weighed daily until a control sample reaches a weight loss of 50%. At this time on final weighing the percentage weight loss of the 3% treated samples shall be 40% or lower.
- G. Sulfate Resistance: Independent testing shall be performed in accordance with US Bureau of Reclamation–Procedure for Length Change of Hardened Concrete Exposed to Alkali Sulfates for weight loss and length change. Samples exposed to Ammonium Sulfate solution for 25 weeks shall show a weight loss of at least 25% less than the control concrete and a length change of –0.01% or less than the control.
- H. Freeze Thaw Resistance Testing: Independent testing in accordance with ASTM C666 for durability of air entrained treated samples shall show at least a 60% improvement for treated concrete versus that of a control concrete when subjected to 250 freeze thaw cycles.
- I. Salt Scaling Resistance: Independent testing in accordance with ASTM C672 for salt scaling resistance shall show no visible scaling for treated sample versus a control sample which shall show showing scaling to a depth of at least 0.5 mm when samples are subjected to 25 freeze thaw cycles.

- J. Compressive Strength: Independent testing shall be performed in accordance with ASTM C39 "Compressive Strength of Cylindrical Concrete Specimens." Concrete samples containing the crystalline waterproofing additive shall be tested against untreated control sample. At 28 days, the treated samples shall exhibit an increase in compressive strength over the control sample.
- K. Concrete Shrinkage: Independent testing in accordance with ASTM C157 for concrete shrinkage shall show neutral to reduced shrinkage for admixture modified concrete as compared to a control sample.
- L. Fire Testing: Independent testing in accordance with a recognized international standard for fire testing shall show negligible difference between admixture treated concrete versus control concrete when slabs are exposed to a hydrocarbon fire.

1.05 SUBMITTALS

- A. General: Submittals shall be in accordance with Section 01 33 00–Submittals.
- B. Product Data: Submit product data, including manufacturer's specifications, installation instructions, and general recommendations. Also include manufacturer's certification or other data substantiating that products comply with requirements of Contract Documents.
- C. Test Reports: Submit, for acceptance, complete test reports from approved independent testing laboratories certifying that antimicrobial admixture conforms to performance characteristics and testing requirements specified herein.
- D. Manufacturer's Certification: Provide certificate signed by manufacturer or manufacturer's representative certifying that the materials to be installed comply in all respects with the requirements of this specification.

1.06 QUALITY ASSURANCE

- A. Manufacturer Qualifications: Manufacturer to have no less than 10 years' experience in manufacturing the crystalline antimicrobial admixture for the required work, and be capable of providing field service representation during construction phase. Manufacturers that cannot provide the performance test data specified herein will not be considered for the project. Manufacturer to be ISO 9001 certified.

1.07 DELIVERY, STORAGE, AND HANDLING

- A. Ordering: Comply with manufacturer's ordering instructions and lead time requirements to avoid construction delays.

PART 2–PRODUCTS

2.01 MATERIALS

- A. Crystalline antimicrobial admixture shall be Bio-San C500 by Xypex Chemical Corporation, or equal.

- B. Substitutions: No substitutions will be considered without submission of test data proving that performance of requested substitute product is equal or better than the specified materials and meets the specification requirements of this section.
- C. Source Quality: Obtain proprietary crystalline antimicrobial admixture from a single manufacturer.

2.02 DOSAGE AND MIXING

- A. Dosage Rate: Dosage rate shall be 1% of Bio-San C500 by weight of Portland cement content.

PART 3–EXECUTION

3.01 MANUFACTURER'S INSTRUCTIONS

- A. Compliance: Comply with manufacturer's product data regarding installation, including technical bulletins, product catalogue, installation instructions and product packaging labels.

3.02 PROJECT CONDITIONS

- A. Setting Time and Strength: Some retardation of set may occur when using concrete containing crystalline antimicrobial admixture. The amount of retardation will depend upon the concrete mix design, the dosage rate of the Admix, temperature of concrete and climatic conditions. Concrete containing crystalline antimicrobial admixture may develop higher ultimate strengths than plain concrete. Conduct trial mixes under project conditions to determine setting time and strength of the concrete. Consult with manufacturer or manufacturer's representative regarding concrete mix design, project conditions and proper dosage rate.

3.03 APPLICATION

- A. General: Crystalline antimicrobial admixture shall be added to the concrete mix at time of batching. Thorough blending of the crystalline waterproofing admixture throughout the concrete mix is essential for correct performance of the product and, therefore, care should be taken so that a homogeneous mixture is obtained.
- B. Concrete Batching and Mixing: Procedures for mixing will vary according to type of batch plant operation and equipment.
 - 1. Ready Mix Plant–Dry Batching Operation: Add crystalline antimicrobial admixture powder to drum of ready-mix truck, then add 60% to 70% of required water along with 300 to 500 pounds of aggregate. Mix the materials for 2 to 3 minutes so that the Admix is distributed evenly throughout the mix water. Add balance of materials to the ready-mix truck and mix in accordance with standard batch practices.
 - 2. Ready Mix Plant - Central Mix Operation: Mix crystalline antimicrobial admixture with water to form a very thin slurry (e.g., 15 to 20 pounds or 6.75 to 9 kg of powder mixed with 3 gallons or 13.6 liters of water). Pour the required amount of material in drum of ready-mix truck. The aggregate, cement and water should be batched and mixed in the plant in accordance with standard practices (taking into account the quantity of water that has already been placed in the ready-mix truck). Pour the concrete into the truck

and mix for at least 5 minutes to provide even distribution of the crystalline antimicrobial admixture throughout the concrete.

3. Pre-cast Batch Plant–Pan Type Mixer: Add crystalline antimicrobial admixture to the rock and sand, then mix thoroughly for 2 to 3 minutes before adding the cement and water. The total concrete mass should be blended using standard practices.

3.04 CURING

- A. General: Concrete containing crystalline antimicrobial admixture shall be moist cured in accordance with ACI Reference 308, "Standard Practice for Curing Concrete."
- B. Curing Compounds: Curing compounds may be used in the event that project requirements or conditions prevent moist curing. Curing compounds shall comply with ASTM C-309.

3.05 PROTECTION

- A. Protection: Protect installed product and finished surfaces from damage during construction.

3.06 INTERFACE WITH OTHER MATERIALS

- A. Backfilling: Normal backfilling procedures may be used after concrete has been cured for at least seven days. If backfill takes place within seven days after concrete placement, then backfill material shall be moist so as not to draw moisture from the concrete. In no event shall backfilling take place before concrete has gained sufficient strength to withstand the applied load.
- B. Grout or concrete topping: Because concrete containing crystalline admixture forms a relatively smooth surface and the resulting crystalline formation fills the concrete pores thereby reducing suction characteristics of the concrete, it may be necessary to use a suitable bonding agent for proper bonding of cementitious systems.
- C. Where concrete containing crystalline antimicrobial admixture will be covered with coatings or other surface-applied materials, it shall be the responsibility of the installer of the surface-applied material that is to be applied over concrete containing crystalline antimicrobial admixture, to take whatever measures are necessary, including testing, to promote acceptance by or adhesion to the waterproofing treatment.

END OF SECTION

SECTION 03 41 13

PRECAST CONCRETE HOLLOW CORE PLANKS

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Precast concrete hollow core planks.
 - 2. Connection plates and hangers.
 - 3. Grouting plank joint keys.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. ACI 318-Building Code Requirements for Reinforced Concrete.
- B. ASTM C150-Portland Cement.
- C. AWS D1.1-Structural Welding Code.
- D. AWS D1.4-Structural Welding Code-Reinforcing Steel.
- E. PCI-Manual For The Design of Hollow Core Slabs.
- F. PCI MNL-116—Manual for Quality Control for Plants and Production of Precast and Prestressed Concrete Products.
- G. PCI MNL-120—Design Handbook—Precast and Prestressed Concrete.
- H. PCI MNL-123—Manual on Design of Connections for Precast Prestressed Concrete.
- I. PCI-Design Handbook-Precast and Prestressed Concrete.
- J. PCI-Tolerances for Precast and Prestressed Concrete.

1.03 DESIGN REQUIREMENTS

- A. Size components to withstand design loads in an unrestrained condition as follows for roof assembly: All dead loads plus 21 psf snow load plus concentrated and equipment loads shown on the drawings. Increased loading due to snow drifting at obstructions and changes in roof elevation shall be included in the design.
- B. Plank shall be designed in accordance with the PCI-Manual For The Design of Hollow Core Slabs and PCI-Design Handbook.
- C. Plank shall be capable of resisting shear forces as a diaphragm. Diaphragm chords will be the masonry bond beams.

1.04 SUBMITTALS

- A. Professional Engineer: All plank designs shall bear the name and seal of a State of Iowa licensed structural engineer. CONTRACTOR shall be responsible for submitting the required additional copies of plank drawings with original stamp and signature for submittal to the State of Iowa. These materials must be submitted prior to installation.
- B. Shop Drawings: Indicate plank locations, unit identification marks, connection details, edge conditions, bearing requirements, support conditions, dimensions, openings, openings intended to be field cut, and relationship to adjacent materials.
- C. Product Data: Indicate standard component configuration, design loads, deflections, and cambers.

1.05 QUALIFICATIONS

- A. Fabricator: Company specializing in manufacturing the work of this section with 3 years experience. Maintain plant records and quality control program during production of precast planks. Make records available upon request.
- B. Erector: Company specializing in erecting the work of this Section approved by fabricator.
- C. Design precast concrete members in accordance with PCI Manual For The Design of Hollow Core Slabs under direct supervision of a professional engineer experienced in design of this work and licensed in the State of Iowa.
- D. Welder: Qualified within previous 12 months in accordance with AWS D1.1.

1.06 REGULATORY REQUIREMENTS

- A. Conform to ACI 318 and the 2018 International Building Code for design load and on-site construction requirements.
- B. CONTRACTOR shall submit additional copies of shop drawings for submittal to the building code official by ENGINEER.

1.07 PREINSTALLATION CONFERENCE

- A. Convene minimum one week prior to commencing work of this section under provisions of Section 01 31 00–Coordination, Field Engineering, and Meetings.
- B. Discuss anchor and weld plate locations, sleeve locations, and cautions regarding cutting or core drilling.

1.08 DELIVERY, STORAGE, AND HANDLING

- A. Lifting or handling devices shall be capable of supporting member in positions anticipated during manufacture, storage, transportation, and erection.
- B. Mark each member with date of production and final position in structure.

1.09 COORDINATION

- A. Coordinate the work of framing components not post tensioned but directly associated with the work of this section.
- B. Coordinate field cut openings with affected section.
- C. Coordinate location of hanger tabs and devices for mechanical and electrical work.
- D. Coordinate location of anchors to be placed in masonry walls.

PART 2-PRODUCTS

2.01 FABRICATORS

- A. The plank shall be prestressed hollow-core precast concrete plank as fabricated by the Spancrete Company, Flexicore Company, or equal.

2.02 MATERIALS

- A. Materials shall comply with provisions of ACI 318.
- B. Cement grout for grouting joints shall be one part Portland Cement per ASTM C150, three parts sand and water.

2.03 ACCESSORIES

- A. Connecting and supporting devices shall be 304 stainless steel unless noted otherwise.
- B. Bearing pads shall be high-density plastic, 1/8 inch thick.
- C. Caulk as approved by plank manufacturer.

2.04 FABRICATION

- A. Conform to AWS D1.4., PCI MNL-116, and PCI MNL-120, and PCI MNL-123.
- B. Embed anchors, inserts, plates, angles, and other items at locations indicated.
- C. Cut exposed ends flush.

2.05 FINISHES

- A. Plank to be painted shall be field abrasive blasted and painted as specified in Section 09 91 00-Painting.
- B. Connecting and supporting steel devices shall be prime painted per Section 09 91 00-Painting. Do not paint surfaces in contact with concrete or surfaces requiring field welding.

2.06 FABRICATION TOLERANCES

- A. Conform to PCI-Tolerances for Precast and Prestressed Concrete.

PART 3-EXECUTION

3.01 EXAMINATION

- A. Verify that site conditions and supporting structure are ready to receive work and field measurements are as indicated on shop drawings.

3.02 PREPARATION

- A. Prepare support devices for the erection procedure and temporary bracing.

3.03 ERECTION

- A. Erect members without damage to structural capacity, shape, or finish. Replace or repair damaged members.
- B. Align and maintain uniform horizontal and end joints as erection progresses.
- C. Maintain temporary bracing in place until final connection is made. Protect members from staining.
- D. Install bearing pads at bearing ends of planks as indicated.
- E. Adjust differential camber between precast members to tolerance before final attachment and grouting.
- F. Adjust differential elevation between precast members to tolerance before final attachment.
- G. Grout plank joints, trowel smooth. Any grout that may have seeped through to the ceiling below shall be removed before it hardens. Grout shall also be placed between masonry and underside of roof plank in spaces created by roof plank camber over all exterior walls and bearing walls. On nonbearing interior walls, a void over 1/2 inch shall be filled with 1/2-inch expansion material and grout the remainder. This grout shall be applied following roofing. It is the intent that a space of 1/4 inch to 1/2 inch be left for caulking as required in Section 07 90 00-Caulking and Sealants.
- H. Underside of joints between planks that remain exposed shall be caulked as required in Section 07 90 00-Caulking and Sealants.
- I. Where open cores at end of planks are to remain exposed to view. The cores shall be grouted full for a minimum 6-inch depth to provide finished end of plank.
- J. Secure units in place. Perform welding, where shown, in accordance with AWS D1.1.

3.04 ERECTION TOLERANCES

- A. Erect members level and plumb within allowable tolerances. Conform to PCI MNL-116.

3.05 CUTTING OPENINGS

- A. Cooperation shall be extended to all trades in permitting the insertion of anchors, hangers, vents, electrical outlets, etc. Holes needed for such devices shall be cut in the field by the various trades. Cuts shall be made with a masonry saw or core drill. The various trades shall be present during installation of the roof deck. All openings not dimensioned or shown on the drawings shall be located by the trades requiring the openings. All openings larger than 8 inches in any dimension shall be made by the roof slab supplier, and where necessary, hangers shall be furnished by the supplier. All spalling shall be repaired by the roof plank supplier prior to caulking. It is essential that plank which will remain exposed from below have a neat finished surface. Particular care shall be given to appearance of holes and openings.

END OF SECTION

SECTION 03 70 00

MASS CONCRETE

PART 1—GENERAL

1.01 SUMMARY

- A. This section covers mass concrete, defined as concrete elements (slabs, walls, footings, or other) with least dimension greater than or equal to 3 feet 0 inch), and includes supplemental requirements to concrete specification Section 03 30 00—Cast-In-Place Concrete.
- B. The Work covered by this section shall be all concrete walls and slabs on the project with thickness greater than or equal to 3 feet 0 inch.

1.02 REFERENCES

- A. ACI 207.2R-Report on Thermal and Volume Change Effects on Cracking of Mass Concrete.
- B. ACI 318-Building Code Requirements for Reinforced Concrete.
- C. ASTM C33-Standard Specification for Concrete Aggregates.
- D. ASTM C595-Standard Specification for Blended Hydraulic Cements.
- E. ASTM C618-Standard Specification for Coal Fly Ash and Raw or Calcined Natural Pozzolan for Use in Concrete.
- F. ASTM C937-Standard Specification for Grout Fluidifier for Preplaced-Aggregate Concrete.
- G. ASTM D4791-Standard Test Method for Flat Particles, Elongated Particles, or Flat and Elongated Particles in Coarse Aggregate.

1.03 GENERAL

- A. Concrete Temperature Requirements:
 - 1. The maximum concrete temperature at any location shall not exceed 158°F and the maximum temperature difference between any two monitored locations shall not exceed 35°F.
 - 2. The maximum concrete temperature at time of delivery and placement shall be as indicated in Table 1 at the end of this section, and shall not be less than 35°F. Mass concrete shall be gradually cooled so that the temperature drop in any concrete surface during the specified period does not exceed 20°F in any 24-hour period.

1.04 SUBMITTALS

- A. Submittals shall be provided in accordance with Section 01 33 00—Submittals and in accordance with Table 2 at the end of this section.

- B. All drawings and calculations shall bear the seal of a Professional Engineer licensed in the state of Iowa, qualified in the monitoring of mass concrete construction and placement.
- C. Following ENGINEER review of concrete ingredients and proposed mixture proportions, a second set of submittal data shall be provided that includes:
 - 1. Thermal Analysis and Model.
 - 2. Thermal Control Plan.
 - 3. Thermal Monitoring Plan.
 - 4. Curing and Heat Removal Methods.
 - 5. Construction Joints.

1.05 QUALITY ASSURANCE

- A. Preconstruction Meeting: At least 14 days prior to mass concrete placement, and after all applicable submittals have been reviewed by ENGINEER, CONTRACTOR shall conduct a meeting to review the detailed requirements for the work. Site conditions, surface preparation, proposed equipment, procedures, material mixing, placing and finishing procedures, and curing methods shall be discussed. CONTRACTOR shall require the attendance of all involved parties, including, but not limited to, CONTRACTOR's superintendent, concrete supplier, concrete placement and finishing subcontractor, manufacturer's field representatives and ENGINEER. Minutes of the meeting shall be recorded, typed and printed by CONTRACTOR and distributed to all parties within 5 days after the meeting.
- B. Monitoring System and Sensor Handling and Storage:
 - 1. Thermal monitoring and sensors shall be properly handled and stored to prevent damage during construction. Thermal monitoring devices and data collectors shall be stored in a moisture proof enclosure and shall not be subjected to weather conditions that affect the functioning of the equipment.
 - 2. Thermal monitoring equipment and devices shall be provided with a continuous power source and with a battery backup system with a 24-hour capacity. Electrical sensors and thermocouple wires shall be properly protected and shielded from interference for accurate monitoring. Thermocouple wires shall not be cut. In locations subject to high traffic and heavy equipment, thermocouple wires shall be placed in electrical conduit and buried below grade.

PART 2-PRODUCTS

2.01 LIMITING REQUIREMENTS

- A. Limiting requirements for mass concrete shall be as indicated in Table 1 at the end of this section, and as follows.
- B. Cementitious Materials Content Limits:
 - 1. The minimum quantity of cementitious material in the concrete shall be as indicated in Table 1 at the end of this section.
 - 2. Portland cement shall have low heat of hydration properties or shall incorporate Class F fly ash or slag cement. The use of Type I cement alone will not be acceptable. The selected cementitious material(s) shall have a heat of hydration less than 70 cal/g at 7 days.
 - 3. Type II cement shall contain no more than 8% tricalcium aluminate (C3A).

4. Cement shall be low-alkali containing less than 0.60% alkalis calculated as the percentage of Na₂O plus 0.658 times the percentage of K₂O.
- C. Maximum Water-Cementitious Material Ratio: The maximum water-cementitious material ratio shall be as indicated in Table 1 at the end of this section.
- D. Coarse Aggregate:
1. Nominal maximum coarse aggregate size for mass concrete shall be as indicated in Table 1 at the end of this section and shall comply with limitations of ACI 318, Chapter 3. Coarse aggregate for pumped concrete shall be limited to a nominal maximum size of 1 1/2 inches.
 2. The quantity of flat and elongated particles in the separate aggregate size groups shall not exceed 25%, as determined by ASTM D4791. Flat and elongated particles shall be defined as having a width to thickness ratio and length to width ratio of 3:1.
 3. Coarse aggregate absorption shall be less than 3% and have a specific gravity greater than 2.5.
 4. The maximum allowable percentages of deleterious substances shall be as indicated in Table 1 at the end of this section.
 5. The acceptable percentages of aggregates in each size range shall be as follows:

Nominal Maximum Size, inches	Percent of Cleanly Separated Coarse Aggregate			
	Coarse	Medium	Fine	
	3 to 1 1/2 inch (larger dimension inclusive)	1 1/2 to 3/4 inch (larger dimension inclusive)	3/4 to 3/8 inch (larger dimension inclusive)	3/8 inch to No. 4 (larger dimension inclusive)
3	20% to 40%	20% to 40%	15% to 25%	10% to 15%
1 1/2	---	40% to 55%	30% to 35%	15% to 25%
3/4	---	---	30% to 70%	20% to 45%

6. The gradation for coarse aggregates shall be as follows:

Test Sieve Size, Square Mesh	Percent by Weight Passing Designated Test Sieve		
	Coarse	Medium	Fine
	3 to 1 1/2 inch (larger dimension inclusive)	1 1/2 to 3/4 inch (larger dimension inclusive)	3/4 inch to No. 4 (larger dimension inclusive)
4 inches	100	---	---
3 inches	90 to 100	---	---
2 inches	20 to 55	100	---
1 1/2 inches	0 to 15	90 to 100	---
1 inch	0 to 5	20 to 55	100
3/4 inch	---	0 to 10	90 to 100
3/8 inch	---	0 to 5	20 to 55
No. 4	---	---	0 to 10
No. 8	---	---	0 to 5

- E. Fine Aggregate:
1. The maximum allowable percentages of deleterious substances shall be as indicated in Table 1 at the end of this section.

2. The gradation for fine aggregates shall be as follows:

Sieve Designation	Percentage Passing, Individual by Weight
3/8 inch	100
No. 4	95 to 100
No. 8	80 to 95
No. 16	60 to 80
No. 30	35 to 65
No. 50	15 to 30
No. 100	5 to 10
No. 200	0 to 5

F. Chemical Admixtures:

1. Mass concrete shall utilize a water reducing admixture to facilitate concrete placement.
2. Unless indicated otherwise, the use of accelerating admixtures shall not be permitted.

G. Strength: Concrete strength in the laboratory and field shall be determined at 7 and 56 days.

2.02 MATERIALS

- A. Unless otherwise specified or authorized by ENGINEER, materials shall conform to the requirements specified herein. Types of materials not specified herein shall be as specified in other sections, as indicated on the drawings or, in the absence of any definite requirement, as recommended by the manufacturer's field representative and acceptable to ENGINEER.

Fly Ash	ASTM C618, Class F (No Exceptions)
Blended Cement	ASTM C595

2.03 MIX DESIGN AND PROPORTIONING

- A. Mass concrete proportions and testing shall comply with the requirements of the Cast-in-Place Concrete section except as modified herein. Proportioning on the basis of field experience will not be acceptable.

2.04 BATCHING AND MIXING

- A. Precooling methods may be used by CONTRACTOR to reduce the concrete placement temperature.

2.05 BLOCKOUT CONCRETE

- A. Blockout concrete shall be provided where a portion of the concrete element is to be blocked out and filled at a later date. Blockout concrete shall be composed of Portland cement, water, fine and coarse aggregate, and admixtures. The concrete mixture proportions, including admixtures, shall be submitted to ENGINEER for review. An expansive admixture conforming to ASTM C937 for grout fluidifier shall be used to allow blockout concrete to fit snugly into the confining space.

PART 3-EXECUTION

3.01 PERFORMANCE AND DESIGN REQUIREMENTS

A. Thermal Analysis and Model:

1. CONTRACTOR shall calculate and submit a Thermal Analysis and Model based on guidelines of ACI 207.2R or USACE ETL 1110-2-542 for each mass concrete pour, demonstrating that the proposed concrete mix does not exceed the temperature limitations.
2. All thermal control measures and assumptions used in the Thermal Analysis and Model shall be indicated in the submittal and employed during testing, construction and curing.
3. The Thermal Analysis and Model shall accurately reflect the concrete pouring conditions and shall indicate the anticipated ambient temperature, concrete placement temperature, concrete constituent material mass and temperature, curing method, and control measures.
4. The Thermal Analysis and Model shall predict the adiabatic temperature rise of the concrete and the maximum temperature in the concrete based on expected conditions at the time of placement.
5. The Thermal Analysis and Model shall be made using software acceptable to ENGINEER, e.g., ConcreteWorks (latest edition) by the Concrete Durability Center.

B. Thermal Control Plan:

1. CONTRACTOR shall develop and submit a Thermal Control Plan describing curing and heat removal procedures that will be used following concrete placement, so the temperature differential between the interior of the section and the outside surface of the section does not exceed the specified limits.
2. The Thermal Control Plan may address a single concrete placement or a series of similar placements that use the same concrete mixture. The Thermal Control Plan shall include, but not be limited to, the following:
 - a. Testing lab results to determine the adiabatic heat generation for the concrete mix to be used.
 - b. Upper limit for concrete temperature at time of placement.
 - c. Proposed construction practices to maintain concrete temperature and temperature differentials within the specified limits.
 - d. Detailed contingency procedures to be used in the event temperature and temperature differential appear to be trending towards non-compliance. Include threshold values of parameters that will be used to trigger contingency action in time to prevent actual violation of the specifications.
 - e. Description of the procedures and equipment that will be used to log temperatures and temperature differences.
 - f. Design of a cooling system, if used, consisting of noncorrosive piping to be embedded in the mass concrete.
 - g. Mass concrete placement plan.
 - h. Description of concrete curing procedures including materials, methods, and planned curing duration.
 - i. Description of formwork removal procedures.
3. If the concrete design mixture is altered or modified, a new Thermal Control Plan shall be submitted for review by ENGINEER.

C. Thermal Monitoring Plan:

1. CONTRACTOR shall develop and submit a Thermal Monitoring Plan describing curing and heat removal procedures that will be used following each concrete placement.
2. Initial temperature readings shall be taken at 15-minute intervals for the first hour after the concrete placement to verify the monitoring system and temperature sensors are properly functioning. Temperatures shall then be recorded at regular intervals, not exceeding 1 hour, for a minimum of 7 days, and until monitored temperature readings indicate the maximum internal temperature has been reached and the temperature of the concrete is declining.
3. CONTRACTOR shall submit daily reports for each mass concrete placement for review by ENGINEER for the full monitoring period.
4. CONTRACTOR shall use a commercially available system to measure and record concrete temperatures. The system shall provide uninterrupted and unalterable data, and shall be capable of measuring a temperature range from 30°F to 215°F to an accuracy of 2°F. The monitoring system shall be centrally located and protected from damage during construction.
5. Mass concrete pours shall have temperatures monitored using a primary and secondary (backup) sensor in at least five locations within the concrete and at one exterior location away from the concrete to measure ambient on-site temperature. Two of the five internal sensor locations shall be placed as follows:
 - a. One sensor at the center of the mass of the concrete placement.
 - b. One sensor at the nearest exterior edge of the center of mass placement and placed 2 inches below the concrete surface.
6. Temperature sensors shall be located to measure the greatest maximum temperature difference in the concrete and shall be acceptable to ENGINEER. The ambient temperature sensor shall be placed in a location that reflects project conditions and is not directly impacted by thermal heating because of sunlight or concrete heat loss. Additional temperature sensors shall be required if deemed necessary by the Thermal Analysis and Model and locations shall be acceptable to ENGINEER.
7. Temperature sensors using thermocouple wire shall be protected during concrete placement. Thermocouple wire shall be replaced if frayed or damaged. Wire may be tied directly to concrete reinforcement but shall be insulated from direct contact with metal or any surface which alters or interferes with the concrete temperature readings.

D. Temperature Control and Corrective Measures:

1. CONTRACTOR shall incorporate all temperature control measures used in the Thermal Analysis and Model. Concrete placed in cold weather shall meet the requirements for cold weather concreting specified in Section 03 30 00—Cast-in-Place Concrete.
2. Surfaces between mass concrete pours shall be properly protected. Protection measures shall begin as quickly as possible after initial set of the concrete. Thermal control measures shall be properly protected from damage from protruding reinforcement and other embedded items.
3. Comparisons of monitoring locations shall be reviewed at least once for each working day.
4. If the concrete temperature requirements of this section are exceeded, CONTRACTOR shall take immediate corrective action as determined in the Thermal Control Plan. Corrective actions shall continue until the concrete temperature complies with the requirements. A revised Thermal Control Plan shall be submitted to ENGINEER for review, and additional placements of mass concrete may be suspended by ENGINEER during the review period. If suspended, mass concrete placement shall not resume without written acceptance by ENGINEER.

5. Control measures shall account for differential concrete temperatures of adjacent concrete pours.

3.02 CONSTRUCTION AND JOINTS

- A. CONTRACTOR shall consider early age implications on concrete cylinder handling, setting times, formwork removal, formwork pressures, and curing duration for mass concrete placements.
- B. Concrete Formwork:
 1. All formwork shall be designed by CONTRACTOR for additional form pressures because of delayed set times of mass concrete placements.
 2. All temperature sensors shall be in place and accessible for review prior to final enclosure of the formwork.
 3. Formwork removal procedures shall be submitted by CONTRACTOR so that the concrete temperature difference at temporarily exposed concrete surfaces does not exceed the temperature difference limit. Alternately, the concrete splitting strength may be measured to determine an appropriate point for formwork removal.
- C. Construction Joints:
 1. Construction joint surfaces shall be properly prepared prior to fresh concrete placement.
 2. Large concrete placements may be divided into multiple smaller concrete placements using lifts. When concrete lifts are used, they shall be considered in the Thermal Analysis and Model and as part of the Thermal Control Plan. Each concrete lift shall be divided into convenient working units and permit installation of embedded items, including sensors. The minimum required number of sensors shall apply for each individual lift.
 3. Concrete shall be placed in horizontal layers of approximately 18 inches thickness within each lift, and shall be placed in stepped progression at a rate that will prevent formation of cold joints. Construction joint spacing shall not exceed 5 feet vertically unless CONTRACTOR submits an alternative placement plan acceptable to ENGINEER. A minimum of three horizontal layers shall be used for 5-foot joint spacing. CONTRACTOR shall provide sufficient time between vertical lifts for adequate dissipation of heat.
 4. Concrete surfaces to which other concrete is to be bonded shall be cleaned by sandblasting or high-pressure water jet. The cleaned surface shall be free of all laitance and inferior concrete so that clean, well bonded coarse aggregate particles are exposed uniformly over the lift surface. The exposed aggregates shall not be undercut. The concrete surface shall be kept continuously wet for the first 12 hours of the 24 hours prior to placing concrete, except that the surface shall be damp with no free water at the time of placement.
 5. Thermal cracking of the existing concrete at construction joints or inadequate bonding to existing concrete will not be acceptable. Concrete inadequately bonded to existing concrete shall be removed.
- D. Pumping: Pumping equipment shall be piston- or squeeze-pressure type. The pipeline shall be rigid steel pipe or heavy-duty flexible hose. The inside diameter of the pipe shall be at least three times the maximum nominal size of the coarse aggregate in the concrete but not less than 4 inches.

- E. Vibrating: An adequate number of vibrators shall be available to meet placing requirements, and spare vibrators shall be available to maintain production in the event of breakdown. The vibrator frequency shall be between 5,500 and 8,500 vpm.
- F. Blockout Concrete: Prior to installation of embedded items, the blockouts or recesses shall be cleaned in accordance with the Construction Joints paragraph above. After installation of embedded items and prior to placing forms, all surfaces of the blockouts, recesses, and items to be embedded shall be thoroughly cleaned of all loose material, oil, grease, and other contaminants which might reduce the bond with the new concrete. Extreme caution shall be exercised in placing blockout concrete to avoid distortion or movement of the embedded items. Any blockout concrete not placed within 30 minutes after contact of the cement and fluidifier shall not be used. The blockout shall be confined on all sides.

3.03 CURING AND HEAT REMOVAL METHODS

- A. When the Thermal Control Plan and Thermal Monitoring Plan indicate the concrete has attained its specified strength and the thermal heat of hydration gradient is decreasing, CONTRACTOR may submit to ENGINEER a request to discontinue curing and heat removal procedures. Concrete curing and heat removal procedures shall not discontinue unless it is deemed acceptable to ENGINEER.
- B. Curing Methods:
 - 1. Unless otherwise acceptable to ENGINEER, mass concrete shall be cured according to the requirements of the Concrete Placing, Finishing, and Curing section except as indicated herein.
 - 2. Curing methods shall be identified in the Thermal Control Plan and shall be properly reflected in the Thermal Analysis and Model.
- C. Insulation Methods:
 - 1. Insulating methods may utilize one or any combination of insulating blankets, spray-applied polyurethane closed-cell foam insulation, and sandwich construction. Insulation blankets shall have an R-value range between 2 to 5°F hr ft²/Btu [0.35 to 0.9 m²•K/W]. Sandwich construction shall be rigid polystyrene between high-density plywood (interior side) and rough plywood (exterior side).
 - 2. When insulation methods are used for more than 7 days, CONTRACTOR may temporarily remove insulation to perform other work. Insulation may only be removed when the temperature difference between the interior of the placement and surface is less than the specified temperature difference limit.
- D. Heat Removal Methods:
 - 1. CONTRACTOR may utilize heat removal methods to reduce the concrete temperature.
 - 2. Cooling piping used for heat removal shall not exceed 1 inch in diameter and shall be of a suitable material acceptable to ENGINEER. Pipes shall be properly secured to avoid damage and movement during concrete placement and shall be leak tested prior to concrete placement. During concrete placement, cooling pipes shall be filled with water to avoid flotation in the forms.
 - 3. For cooling piping installations, shut-off valves shall be used to isolate individual pipes for large configurations and shall be acceptable to ENGINEER prior to concrete placement. Cooling pipe configurations shall be evenly spaced to provide uniform cooling. Configurations which cool concrete placements more rapidly in certain

locations will not be acceptable. Following construction, the cooling piping shall be filled with nonshrink grout.

3.04 FIELD CONTROL TESTING

- A. Field control tests shall comply with the requirements in the Cast-in-Place Concrete section. Cylinders shall not be moved from the site until achieving final set.

3.05 OWNER ACCEPTANCE

- A. Concrete will be evaluated for compliance with all requirements of the specifications. Concrete strength will be only one of the criteria used for evaluation and acceptance of the concrete. The results of all tests performed on the concrete, including thermal monitoring, and other data and information concerning the procedures for handling, placing, and curing concrete will be used to evaluate the concrete for compliance with the specified requirements.
- B. Thermal Monitoring System and Sensors: Both scheduled and unscheduled visits by ENGINEER prior to and during mass concrete placements and curing shall be accommodated. ENGINEER shall be allowed access to thermal monitoring equipment and temperature sensors including all thermocouple wiring and attachments.

TABLE 1

LIMITING REQUIREMENTS FOR MASS CONCRETE

1.	Minimum Cement Content , lbs/cubic yard [kg/m ³]; based on maximum slump and maximum water-cementitious material ratio.	
	Maximum Nominal Aggregate Size, ASTM C33 aggregate (#)	
	Size No. 467 (1 1/2 inch) [38 mm]	480
	Size No. 57 (1 inch) [25 mm]	500
	Size No. 67 (3/4 inch) [19 mm]	520
	Size No. 7 (1/2 inch) [12.5 mm]	555
	Size No. 8 (3/8 inch) [9.5 mm]	---
2.	Compressive Strength , minimum; psi [MPa]	
	Field, 7 days;	1,800
	Field, 56 days; f'_c	4,500
	Laboratory, 56 days; f'_{cr}	5,700
3.	Maximum water-cementitious material ratio	0.45
4.	Maximum nominal coarse aggregate size ; inches [mm].	3
5.	Maximum slump , inches [mm]	
	Slump before superplasticizer added	5
	Slump after adding superplasticizer	8
6.	Total air content , percent ($\pm 1.5\%$)	5.5
7.	Fly ash replacement , percent	Range 15-35
8.	Slag cement replacement , percent	Range 25-70
9.	Testing limits	
	Sand equivalent, min.	75
	Chloride ion, max. percent	0.15
	Shrinkage, max. percent; 4- x 4- x 11-inch specimen	
	Laboratory	0.048
	Field	0.064

	Coarse Aggregate:	
	Clay and shale combined particles shall not exceed, max. percent	3
	Material finer than No. 200 sieve shall not exceed, percent	3
	Coal and lignite shall not exceed, percent	0.5
	Fine Aggregate	
	Material finer than No. 200 sieve shall not exceed, percent	0.5
	Lightweight material shall not exceed, percent	2
	Clay lumps shall not exceed, percent	0.5
	Other deleterious materials shall not exceed, percent	1.5
10.	Concrete temperature, max °F	
	Temperature at time of delivery	85
	Temperature at time of placement	85

TABLE 2

SUBMITTAL REQUIREMENTS FOR MASS CONCRETE

1.	Aggregate reports	
	Fine aggregate	
	Source and type	X
	Gradation	X
	Deleterious materials	X
	Fineness modulus	X
	Alkali-aggregate reactivity	X
	Sand equivalent	X
	Coarse aggregate	
	Source and type	X
	Gradation	X
	Deleterious materials	X
	Abrasion loss	X
	Soundness test	X
	Alkali-aggregate reactivity	X
	Combined aggregate gradation	X
2.	Cement , mill report w/ heat of hydration	X
3.	Cementitious material , type, data sheet, and test report, including heat of hydration (fly ash, slag cement)	X
4.	Admixtures	
	Data sheets and certifications for each required	X
	Manufacturer's approval letter required	X
5.	Mixture proportions , reports	
	Mixture proportions report using field test data (prior experience) acceptable	---
	Job-specific laboratory trial mix required	X
	Three point curves required	X
	Compressive strength at 7 and 56 days	X

	Mixture proportions report	X
	Slump	X
	Water content	X
	Water-cementitious materials ratio	X
	Brand, type, composition, and quantity of cement	X
	Brand, type, composition, and quantity of fly ash and/or slag cement	X
	Specific gravity of each aggregate	X
	Ratio of fine to total aggregates	X
	Air content	X
	Temperature	X
	Unit weight	X
	Time of final set at 70°F and 90°F [21°C and 32°C].	X
6.	Water-soluble Chloride ion	X
7.	Shrinkage	X
8.	Field Compression Test Evaluation Reports taken at End of Delivery Truck Chute	X

END OF SECTION

SECTION 04 05 13
MORTAR AND MASONRY GROUT

PART 1–GENERAL

1.01 SUMMARY

- A. The work includes mortar and grout for masonry.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. 2018 International Building Code.
- B. ASTM C91–Masonry Cement.
- C. ASTM C144–Aggregate for Masonry Mortar.
- D. ASTM C150–Portland Cement.
- E. ASTM C207–Hydrated Lime for Masonry Purposes.
- F. ASTM C404–Aggregates for Masonry Grout.
- G. ASTM C476–Grout for Masonry
- H. ASTM C979–Pigments for Integrally Colored Mortar/Concrete.

1.03 SUBMITTALS

- A. Submit under provisions of Section 01 33 00–Submittals.
- B. Submit information on Portland cement, integral waterproofing compound, and hydrated lime for mortar. Include design mix with proportions of materials being used. Submit gradation on aggregates.
- C. Submit design mix for grout including gradation of aggregates.
- D. Manufacturer's certificate: Certify that products meet or exceed specified requirements.

1.04 DELIVERY, STORAGE, AND HANDLING

- A. All cement shall be stored in a dry, weatherproof, properly ventilated structure which will protect it from dampness and freezing.

1.05 ENVIRONMENTAL REQUIREMENTS

- A. See Section 04 20 00–Unit Masonry System, for cold weather requirements.

PART 2-PRODUCTS

2.01 MORTAR

- A. Provide Portland cement-lime mortar or masonry cement mortar with proportion restrictions as stated in the 2018 International Building Code. Provide Type N mortar for exterior non-load bearing brick and split face block veneer. Provide Type S mortar for all other masonry. Provide integral waterproofing compound in mortar for all exterior masonry.
- B. Portland cement shall conform to ASTM C150, Type I or III.
- C. Hydrated lime shall conform to ASTM C207, Type S.
- D. Masonry cement shall conform to ASTM C91.
- E. Integral waterproofing compound shall be Dry-Block by W.R. Grace Company, or equal.
- F. Mortar aggregate for ordinary tile, brick, stone, and block shall consist of clean, sharp sand, conforming to ASTM C144. The sand shall be graded within the following limits:

Sieve Number	Percent by Weight Passing
4	100
8	95 to 100
16	70 to 100
30	40 to 75
50	10 to 35
100	2 to 15
200	---

- G. Sand from any one source shall not vary over the extreme limits shown above. For unusually thin joints, such as occur with a unit having cut or ground edges, the aggregate used shall conform to these specifications except that 95% shall pass a No. 16 sieve.
- H. Water used in mixing water shall be clean and free of injurious materials.
- I. Mortar shall be thoroughly mixed until of uniform color and consistency. Only sufficient mortar to meet the immediate requirements of the work shall be mixed at one time. No mortar shall be retempered after it has begun to set, and no partially set mortar shall be used. No antifreeze material shall be used in the mortar to lower the freezing point.
- J. Colored mortar shall be provided for split face block mortar. Colored mortar shall be Western Colored Masons Blend, premixed and colored as manufactured by Western Lime and Cement Company or equal. Color shall be selected by OWNER. White cement and sand will not be required.

2.02 GROUT

- A. Grout shall conform to ASTM C476-Mortar and Grout for Reinforced Masonry.
- B. Aggregates shall conform to ASTM C404-Aggregates for Masonry Grout.

- C. Grout shall have a minimum 28-day compressive strength of 2,500 psi with the following proportions:
 - 1. Fine Grout: 1 Portland Cement: 0 to 1/10 lime: 2 1/2 to 3 fine aggregate.
 - 2. Coarse Grout: 1 Portland Cement: 0 to 1/10 lime: 2 1/2 to 3 fine aggregate: 1 to 2 coarse aggregate.
- D. Fine grout shall be used in spaces with least horizontal dimension greater than 3/4 inch and less than 2 1/2 inches. Coarse grout shall be used in all spaces with least dimensions 2 1/2 inches or greater.

PART 3—EXECUTION

3.01 INSTALLATION

- A. Brace masonry for wet grout pressure.
- B. Work grout into masonry cores and cavities.
- C. Where joints occur in grout, they shall be made 2 inches below the block joint so that a key is provided.
- D. Grout full masonry walls from top of floor to underside of all lintels at openings for a distance of 16 inches adjacent to each side of opening, unless shown otherwise on the drawings.

END OF SECTION

SECTION 04 20 00

UNIT MASONRY SYSTEM

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Concrete block.
 - 2. Brick.
 - 3. Reinforcement, anchorage, control joints, and accessories.
 - 4. Cold weather requirements.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 ALLOWANCES

- A. The bricks to be used shall be of the following size, bond, and assumed net price to purchase and deliver. Modular size (7 5/8 by 2 1/4 by 3 5/8) running bond assumed price of \$1,000 per MFOB Installation shall be included in the Lump Sum Bid Item.
- B. Face brick shall be included in CONTRACTOR's proposal at assumed net price as indicated per MFOB delivered to the job site. Should net cost of brick be more or less than assumed amount, OWNER will adjust amount of Contract at time of final payment based on number of bricks used in the work and actual net price paid to supplier by CONTRACTOR for brick delivered as noted above.

1.03 REFERENCES

- A. 2018 International Building Code.
- B. ASTM C67—Standard Test Methods for Sampling and Testing Brick and Structural Clay Tile.
- C. ASTM C90—Standard Specification for Loadbearing Concrete Masonry Units.
- D. ASTM C216—Standard Specification for Facing Brick (Solid Masonry Units Made from Clay or Shale).
- E. UL—Fire Resistance Directory.

1.04 QUALITY ASSURANCE

- A. Variation from the plumb in the lines and surfaces of columns and walls shall not exceed 1/4 inch in 10 feet, 3/8 inch in a story height or 20 feet maximum or 1/2 inch in 40 feet or more. Variation from plumb for external corners, expansion joints, and other conspicuous lines shall not exceed 1/4 inch in any story or 20 feet maximum or 1/2 inch in 40 feet or more.

- B. Variation from the level of the grades indicated on the drawing for exposed lintels, sills, parapets, horizontal grooves, and other conspicuous lines shall not exceed 1/4 inch in any bay or 20 feet or 1/2 inch in 40 feet or more.
- C. Variation of the linear building line from an established position in plan and related portion of columns, walls, and partitions shall not exceed 1/2 inch in any bay or 20 feet maximum or 3/4 inch in 40 feet or more.
- D. Variation in cross-sectional dimensions of columns and thickness of walls shall not exceed minus 1/4 inch or plus 1/2 inch from the dimensions indicated on the drawings.

1.05 DELIVERY, STORAGE, AND HANDLING

- A. Masonry units, when delivered to the site, shall be thoroughly cured and shall be dry. When stored on the site, they shall not be in contact with the ground, shall be kept clean and covered.

1.06 COLD WEATHER REQUIREMENTS

- A. All masonry units delivered to use in freezing weather shall be fully protected by a weathertight covering to prevent accumulation of ice on the units. Loose board covering will not be permitted.
- B. Cold Weather Protection:
 - 1. Remove any ice or snow formed on masonry bed by carefully applying heat until top surface is dry to the touch.
 - 2. Remove all masonry determined to be frozen or damaged by freezing conditions.
 - 3. Perform the following construction procedure while the work is progressing. When air temperature is from 40°F (4°C) to 32°F (0°C), heat sand or mixing water to produce mortar temperature between 40°F (4°C) and 120°F (49°C):
 - a. When air temperature is from 32°F (0°C) to 25°F (-4°C), heat sand or water to produce mortar temperature between 40°F (4°C) and 120°F (49°C); maintain temperature of mortar on boards above freezing.
 - b. When air temperature is from 25°F (-4°C) to 20°F (-7°C), heat sand and mixing water to produce mortar temperatures between 40°F (4°C) and 120°F (49°C); maintain temperature of mortar on boards above freezing; use salamanders or other heat sources on both sides of walls under construction; use wind breaks when wind is in excess of 15 mph.
 - c. When air temperature is from 20°F (-7°C) and below, heat sand and mixing water to produce mortar temperatures between 40°F (4°C) and 120°F (49°C); provide enclosures and auxiliary heat to maintain air temperature above 32°F (0°C); do not lay units which have a surface temperature of 20°F (-7°C).
 - 4. Perform the following protections for completed masonry and masonry not being worked on:
 - a. When the mean daily air temperature is from 40°F (4°C) to 32°F (0°C), protect masonry from rain or snow for at least 24 hours by covering with weather-restrictive membrane.
 - b. When the mean daily air temperature is from 32°F (0°C) to 25°F (-4°C), completely cover masonry with weather-restrictive membrane for at least 24 hours.
 - c. When the mean daily air temperature is from 25°F (-4°C) to 20°F (-7°C), completely cover masonry with insulating blankets or similar protection for at least 24 hours.

- d. When mean daily temperature is 20°F (-7°C) and below, maintain masonry temperature above 32°F (0°C) for 24 hours using enclosures, blankets, and supplementary heat.

PART 2-PRODUCTS

2.01 CONCRETE BLOCK

- A. Concrete block shall be load bearing and shall conform to the requirements of ASTM C90 and the 2018 International Building Code. Bond shall be running bond. Concrete block shall be the two-cell type and shall be made with normal weight aggregate.
- B. Unless otherwise indicated, interior concrete block at window sills and lintels, pilasters, and the top course of walls at roof lines shall be constructed of solid concrete block, lintel block filled with grout, or the cores of the block filled with grout. Interior block at window sills shall be solid concrete block unless otherwise noted. Bullnose block shall be used at all door, window, and wall corners that remain exposed.
- C. All interior concrete block walls shall extend to the underside of roof deck or floor above unless noted otherwise.
- D. Provide sash units with integral dovetail slots at masonry control joints.

2.02 BRICK

- A. Face brick shall be ASTM C216, latest edition, Grade SW, Type FBS, made from clay, shale, fine clay, or mixture thereof. All brick shall be free from cracks, laminations, and other defects that may interfere with proper laying of brick or impair the strength or permanence of the structure.
- B. A certificate of conformance as to grade and type shall be supplied by the manufacturer.
- C. CONTRACTOR shall submit brick samples to ENGINEER for selection. The bricks to be used shall be of modular size (7 5/8 by 2 1/4 by 3 5/8) and running bond.
- D. Provide all brick masonry to complete work.

2.03 DECORATIVE CONCRETE BLOCK

- A. Split Face and Smooth Face Block:
 - 1. Split face units shall be used for all structures. Smooth face units shall be used where shown on the drawings. Nominal face size of units shall be 8 inches by 16 inches. Nominal thickness shall be as shown on the drawings.
 - 2. The block shall be made with an integral coloring compound and an integral waterproofing compound. The block shall be made with normal weight aggregate and shall meet ASTM C33 and ASTM C90.
 - 3. The integral waterproofing compound shall be DRY-BLOCK SYSTEM, Block Admixture as manufactured by W.R. Grace & Co., Cambridge, MA, or equal. The admixture manufacturer shall determine the amount of compound to be used. The admixture used in the block shall be of the same manufacture as used in the mortar.
 - 4. Block colors shall be selected by OWNER.

2.04 REINFORCEMENT AND ANCHORAGE

- A. For concrete block walls, masonry wall reinforcement shall be 220 Ladder-Mesh manufactured by Hohmann & Barnard, Inc., Ladder Wire, manufactured by Wire-Bond, or equal.
- B. For cavity walls, masonry wall reinforcement shall be 265 Ladder Adjustable or manufactured by Hohmann & Barnard, Inc., Ladder Adjustable Tab by Wire-Bond, or equal.
- C. Wall reinforcement and ties shall be hot-dipped galvanized having a minimum 1.50 ounce/square foot zinc coating in accordance with ASTM A153 Class B2.
- D. Side rods shall be 9 gauge wire, and cross rods and tabs shall be 9 gauge wire. Maximum spacing of tabs shall be 24 inches.
- E. Prefabricated corner and tee sections shall be used to form continuous reinforcement around corners and for anchoring abutting walls and partitions.
- F. Masonry Ties To Concrete Backing: For tying masonry to concrete, unless noted otherwise, use individual dove-tail flat bar or wire anchors, the equivalent of not less than 3/16-inch-diameter steel rods, inserted in slots built into concrete with one tie for not more than 4 1/2 square feet of wall area. Ties in alternate courses shall be staggered. The maximum vertical distance shall not exceed 16 inches. The maximum horizontal distance shall not exceed 36 inches. Ties shall be galvanized.
- G. Reinforcing Bar Positioners: Where vertical reinforcing bars are required, provide bar positioners by Hohmann and Barnard, or equal.

2.05 ACCESSORIES

- A. Cellular or honeycomb cell vents, 2 1/2 inches high, shall be provided at weep holes. Cell vents shall be UV-resistant polypropylene, QV-Quadro-Vent, or equal.
- B. Vertical expansion control joints shall be located as shown on the drawings. Control joints shall be constructed with a factory-extruded section of rubber equal to RS Series—Rubber Control Joint by Hohmann & Barnard, Inc., Rubber Control Joint by Wire-Bond, or equal, and shall extend for the entire height of the wall. Care shall be taken so that the gap is free of mortar or debris. Control joint shall be caulked on exposed faces with caulk of a color to match mortar.
- C. See Section 05 50 00—Metal Fabrications for masonry veneer support system at lintels.
- D. See Section 07 26 00—Air Barrier for air barrier on masonry walls.
- E. See Section 07 62 00—Flashing and Sheet Metal for masonry flashing specifications.

PART 3-EXECUTION

3.01 MASONRY WORKMANSHIP

- A. All masonry shall be laid plumb and true to lines. Brick shall be laid with complete full mortar joints. Mortar beds shall be spread smooth or only slightly furrowed. The ends of brick shall be buttered with sufficient mortar to fill the end joint.
- B. All masonry shall be laid in running bond, unless specified otherwise.
- C. Avoid over-plumbing and pounding of the corners and jambs to fit stretcher units after being set in position. Where an adjustment must be made after the mortar has started to harden, the mortar shall be removed and replaced with fresh mortar.
- D. In building cavity walls, the cavity shall be kept clean by slightly beveling the mortar bed to incline toward the cavity or by placing wood strips with attached wire pulls on the metal ties. The strips shall be withdrawn and cleaned before placing the next row of metal ties. Any mortar fins that protrude into the cavity space as the wall is built shall be troweled flat onto the inner face of the wythe.
- E. Where cutting of exposed masonry is necessary, the cuts shall be made with a motor-driven masonry saw or by other methods that provide cuts that are straight and true.
- F. Where flashing is to be laid on or against masonry, the surface of the masonry shall be smooth and free from projections that might puncture the flashing material. Through-wall flashing shall be placed on a bed of mortar, and mortar shall be placed above the flashing.
- G. Weep holes spaced 32 inches on center 2 1/2 inches high shall be provided in the first course immediately above all flashing. Weep holes shall be kept free of mortar droppings.
- H. Outside joints around the perimeter of exterior door and window frames or other wall openings shall be not less than 1/4 inch nor more than 3/8 inch wide and shall be cleaned out to a uniform depth of at least 3/4 inch ready for placement of caulk.
- I. All walls shall be adequately braced until they are completed and anchored to the roof construction.
- J. All brick having initial rates of absorption in excess of 0.25 ounce per square inch per minute shall be wetted sufficiently so that the rate of absorption when laid does not exceed this amount. Wetting of units shall be such so that each unit is nearly saturated, surface dry when laid. During freezing weather, units that require wetting shall be sprinkled with warm water just before laying.

3.02 MORTAR JOINTS

- A. All joints shall be laid plumb to lines. Unless specified otherwise, mortar beds shall be full 3/8 inch thick and shall be spread smooth or only slightly furrowed. Vertical joints shall be shoved not over 3/8 inch thick, unless otherwise shown. All joints shall be completely filled.
- B. Interior and exterior joints shall be tooled concave. All joints shall be tooled to uniform depth and shall be straight and true. Mortar joints shall be cut flush with masonry where rigid thermal insulation will be applied to interior masonry surfaces.

3.03 REINFORCEMENT AND ANCHORAGE

- A. Reinforcement shall be installed in the first and second bed joint 8 inches apart immediately above lintels and below sills at openings. Elsewhere, spacing shall be at 16-inch vertical intervals or as shown on the drawings. Extend reinforcement in the second joint above and below openings 2 feet beyond the jambs. All other reinforcing shall be continuous.
- B. Side rods shall be lapped 6 inches minimum at splices. Reinforcement units shall be of widths required for wall thicknesses as shown. Reinforcement shall be placed to allow for a 5/8-inch mortar cover on the exterior face of walls and 1/2-inch mortar cover on interior faces.
- C. Vertical reinforcing bars shall be installed using prefabricated bar positioners. Provide one positioner at the top of the first course of block and one additional positioner at a maximum spacing of 200 bar diameters.

3.04 BUILT-IN WORK

- A. As work progresses, install all built-in work (such as window and door frames, anchor bolts, plates, and lintels) to be provided by other sections.
- B. Install built-in items plumb and level.
- C. Bed anchors of metal door frames in adjacent mortar joints. Grout all steel door frames full with mortar except those called for to be "removable."
- D. Do not use built-in organic materials subject to deterioration.
- E. Steel members embedded in exterior masonry shall be "battered" with not less than 1/2 inch of setting mortar on all surfaces.

3.05 JOINING OF WORK

- A. Where fresh masonry joins masonry that is partially set or totally set, the exposed surface of the set masonry shall be cleaned and lightly wetted so as to obtain the best possible bond with the new work. All loose brick and mortar shall be removed. If it becomes necessary to "stop-off" a horizontal run of masonry, this shall be done only by racking back brick in each course, and if grout is used, stopping grout 4 inches back of the rack. Tothing will not be permitted.

3.06 PROTECTION OF WORK

- A. During erection, all walls shall be kept dry by covering at the end of each day or shutdown period with a canvas or waterproof covering. Partially completed walls not being worked on shall be similarly protected at all times. All covering shall overhang at least 2 feet on each side of the wall and shall be securely anchored.

3.07 MASONRY CONTROL JOINTS

- A. Provide vertical masonry control joints as detailed on the drawings.

- B. Where control joint locations are not shown on the drawings, they shall be provided as follows:
1. Brick veneer:
 - a. Distance from wall corner (maximum): at or near corners.
 - b. Spacing between joints (maximum): 25 feet for panels without openings; 20 feet for panels with openings.
 - c. Additional locations: at changes in wall height.
 2. Block veneer:
 - a. Distance from wall corner (maximum): at inside corners and within 4 inches of outside corners.
 - b. Spacing between joints (maximum): 20 feet or 1.5 times veneer height, whichever is less.
 - c. Additional locations: at changes in wall height.
 3. Block backup walls and single-wythe block walls:
 - a. Distance from wall corner or intersection (maximum): 12 feet or 0.75 times wall height, whichever is less.
 - b. Spacing between joints: 25 feet or 1.5 times wall height, whichever is less.
 - c. Additional locations: at changes in wall height, at steps on top of foundation walls, and at junctions between shallow and deeper.
- C. Where possible, joints shall be located at one or both edges of door, window, and louver openings and at changes in wall height.

3.08 CLEANING NEW WORK

- A. Masonry faces to remain exposed shall be wiped with a damp cloth as the work progresses and thoroughly cleaned and pointed upon completion. If stiff brushes and water will not suffice, the surface shall be thoroughly wetted with plain water and then scrubbed with a 5% or 10% solution of hydrochloric acid. Alternatively, a commercial cleaner such as Sure Klean, or equal, may be used. Immediately after, the surface shall be washed to remove all traces of acid. All surfaces not being cleaned shall be protected from the acid. All mortar shall be removed from surfaces other than masonry.

END OF SECTION

SECTION 05 50 00

METAL FABRICATIONS

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Shop-fabricated carbon steel, stainless steel, and aluminum items.
 - 2. Stair treads and risers.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

- R. ASTM B221—Aluminum and-Alloy Extruded Bars, Rods, Wire, Profiles and Tubes.
- S. AWS A2.0—Standard Symbols for Welding, Brazing, and Nondestructive Examination.
- T. AWS A5.4—Stainless Steel Electrodes for Shielded Metal Arc Welding.
- U. AWS D1.1—Structural Welding Code—Steel.
- V. AWS D1.2—Structural Welding Code—Aluminum.
- W. AWS D1.6—Structural Welding Code—Stainless Steel.
- X. ASTM F593—Standard Specifications for Stainless Steel Bolts, Hex Cap Screws, and Studs.
- Y. ASTM F594—Standard Specification for Stainless Steel Nuts.

1.03 DESIGN REQUIREMENTS

- A. All fabrications shall meet applicable code requirements including OSHA.

1.04 SUBMITTALS FOR REVIEW

- A. Comply with pertinent provisions of Section 01 33 00—Submittals.
- B. Shop Drawings: Indicate profiles, sizes, connection attachments, reinforcing, anchorage, size and type of fasteners, and accessories. Include erection drawings, sections, elevations, and details where applicable.
- C. Mill Test Reports: Submit indicating structural strength and composition.
- D. Indicate welded connections using standard AWS A2.0 welding symbols. Indicate net weld lengths.

1.05 QUALITY ASSURANCE

- A. Fabricate steel members in accordance with AISC Code of Standard Practice.
- B. Welders Certificates: Certify welders employed on the work, verifying AWS qualification within the previous 12 months.

1.06 QUALIFICATIONS

- A. Qualify welding processes and welding operators in accordance with AWS *Standard Qualifications Procedures*.

1.07 DELIVERY, STORAGE, AND HANDLING

- A. Deliver all materials to job site properly marked to identify the structure for which it is intended and at such intervals to allow uninterrupted progress of the work. Marking shall correspond to markings indicated on the shop drawings.
- B. Store all members off the ground using pallets, platforms, or other supports.
- C. Do not store materials on the structure in a manner that might cause distortion or damage to the members of the supporting structures.
- D. In the event of damage, immediately make all repairs and replacements necessary at no additional cost to OWNER.

PART 2-PRODUCTS

2.01 MATERIALS-CARBON STEEL

- A. Steel Sections:
 - 1. ASTM A36 (channels, angles, plates).
 - 2. ASTM A992 (wide flange sections).
 - 3. Pipe: ASTM A53, Grade B.
 - 4. Tubes: ASTM A500, Grade B.
 - 5. Silicon content of steel members to be hot-dipped galvanized shall be in the range of 0 to 0.04%. Submit mill test reports confirming compliance.
- B. Sheet Steel: ASTM A1011.
- C. Plain Washers: Round carbon steel complying with FS FF-W-92.
- D. Bolts, Threaded Rods, and Nuts: ASTM A307 Grade A, or galvanized to ASTM A153 for galvanized components for exterior use and where built into exterior walls.
- E. Lock Washers: Helical spring-type carbon steel complying with FS FF-W-84.
- F. Welding Electrodes: Comply with AWS D1.1. E70XX electrodes for carbon steel. For ASTM A992 steel and any other steel with 50 ksi or greater yield strength, use only E7018 or other E70XX electrodes specifically permitted by AWS D1.1.
- G. Select fasteners for the type, grade, and class required.

2.02 MATERIALS-STAINLESS STEEL

- A. Unless otherwise noted, all stainless steel bars and shapes shall meet the requirements of ASTM A276 and shall be Type 316L.
- B. Unless otherwise noted, all stainless steel bolts shall meet the requirements of ASTM F593 and shall be Type 316L.
- C. Unless otherwise noted, all stainless steel nuts shall meet the requirements of ASTM F594 and shall be Type 316L.

- D. If components are not available in Type 316L, other 300 Series type shall be used as approved by ENGINEER.
- E. Welding Electrodes:
 - 1. Comply with AWS D1.6.
 - 2. Use ER316L electrodes for 316L stainless steel.
 - 3. Use ER308L electrodes for 304L stainless steel.

2.03 MATERIALS—ALUMINUM

- A. Extruded Aluminum: ASTM B221, Alloy 6061, Temper T6.
- B. Sheet Aluminum: ASTM B209, Alloy 3005.
- C. Aluminum-Alloy Bars: ASTM B211, Alloy 6061, Temper T6.
- D. Bolts, Nuts, and Washers: Stainless steel.
- E. Welding Materials: AWS D1.2; type required for materials being welded.

2.04 ACCESSORIES

- A. Stair Treads: Stair treads for aluminum stairs shall be constructed of 1/4-inch thick aluminum checkered plate bent 1 1/2 inches at nose and riser. Risers shall be constructed of 1/8-inch thick aluminum plate secured to treads.
- B. Fall Protection Anchor: Shall be Guardian Fall Protection Model CB-1-B, or equal, comprised of steel plate with integral D-ring with holes for mounting to steel beam, and with 5,000-pound safe working load. Mount to support beam with fasteners per manufacturers requirements.
- C. Alternating Tread Stair: Shall be a prefabricated aluminum alternating tread stair as manufactured Lapeyre Stair, or equal. Stair angle from horizontal shall be 68 degrees. Overall stair width shall be 23 inches, and riser height shall be between 7.2 inches and 9.6 inches. Provide OSHA compliant railing and terminate top of railing slightly above top stair tread to fit within depth of roof access hatch. Install per manufacturer's requirements.
- D. Masonry Veneer Support System:
 - 1. For exterior masonry cavity wall construction, provide prefabricated, hot-dip galvanized steel masonry veneer support system to support brick or split face block veneer from concrete masonry backup wall.
 - 2. System shall be Hohmann and Barnard TBS Thermal Brick Support System, Fero Fast Thermal Bracket system, Halfen Brickwork Support System, or equal.
 - 3. When shelf angle size is not indicated on the drawings, shelf angle design shall be provided by manufacturer. Manufacturer's design shall bear the seal of a professional engineer licensed in the state the project is located in.
 - 4. Fasten veneer support system to masonry backup wall using manufacturer standard adjustable brackets and 304 stainless steel masonry anchors. Fastener type and sizing shall be provided by the manufacturer. Manufacturer's fastener design shall bear the seal of a professional engineer licensed in the state the project is located in.
 - 5. Submit product details, shop drawings including overall layout, shelf angle sizes, bracket locations, and connections details, and design calculations bearing the seal of

a professional or structural engineer, as appropriate, and licensed in the state the project is located in.

2.05 FABRICATION

- A. Fabrication and Assembly:
 - 1. Fabricate items of structural steel in accordance with AISC Specifications and as indicated on the approved shop drawings.
 - 2. Properly mark and match-mark materials for field assembly and for identification as to structure and site for which intended.
 - 3. Fabricate for delivery sequence which will expedite erection and minimize field handling of materials.
 - 4. Where finishing is required, complete the assembly, including welding of units, before start of finishing operation.
 - 5. Provide finish surfaces of members exposed in the final structure free of markings, burrs, and other defects.
- B. Connections:
 - 1. Bolts and washers of all types and sizes shall be provided for completion of all field erection.
 - 2. Comply with AWS Code for procedures, appearance, and quality of welds used in correcting welded work.
 - 3. Assemble and weld built-up sections to produce true alignment of axes without warp.
 - 4. Welding shall be done by the shielded arc process.
 - 5. All welds shall be chipped, ground smooth, and primed immediately after fabrication.
- C. Workmanship:
 - 1. Use materials of size and thickness shown or, if not shown, of size and thickness to produce strength and durability in the finished product.
 - 2. Work to dimensions shown or accepted on the Shop drawings using proven details of fabrication and support.
 - 3. Form exposed work true to line and level, with accurate angles and surfaces, and with straight sharp edges.
 - 4. Form bent metal corners to smallest radius possible without causing grain separation or otherwise impairing works.
 - 5. Cap all open ends of pipe and structural tubing.
 - 6. Weld corners and seams continuously, complying with AWS recommendations. At exposed connections, grind exposed welds smooth and flush; match and blend with adjoining surfaces.
 - 7. Provide for anchorage of the type shown. Coordinate with supporting structures. Fabricate and space the anchoring devices to provide adequate support for intended use.
 - 8. Cut, reinforce, drill, and tap miscellaneous metal work as indicated to receive hardware and similar items.

2.06 MISCELLANEOUS METAL FABRICATION

- A. Metal Stairs:
 - 1. Fit and shop-assemble components in largest practical sections for delivery to site.
 - 2. Fabricate components with joints tightly fitted and secured.

3. Supply components for anchorage of fabrications. Fabricate anchors and related components of same material and finish as fabrication, except where specifically noted otherwise.
4. Treads and risers for metal pan stairs shall be fabricated with 14 gauge sheet steel, closed risers, treads ready to receive concrete.
5. Aluminum checkered plate stair treads shall supported by and fastened to 1 1/2-inch by 1 1/2-inch by 3/16-inch aluminum support angles welded or fastened to stringers with stainless steel bolts.

2.07 FINISHES

- A. Carbon steel surfaces shall be prepared by abrasive blasting to SSPC-SP10 as specified in Section 09 91 00–Painting.
- B. Do not prime surfaces where galvanizing or field welding is required.
- C. Immediately after surface preparation, prime paint carbon steel items with one coat in accordance with manufacturer's instructions and Section 09 91 00–Painting.
- D. Structural Steel Members: Galvanize after fabrication to the requirements in this section and ASTM A123.
- E. Surfaces that will be inaccessible after assembly or erection shall be finish painted prior to assembly or erection.
- F. Galvanizing:
 1. All items, except piping designated to be galvanized, shall be hot-dipped galvanized in accordance with ASTM Specification A123 and A153. Piping shall be hot-dipped galvanized in accordance with ASTM A53. Furnish a Certificate of Compliance stating that the galvanizing complies with ASTM Specifications and Standards and all other applicable requirements specified herein.
 2. Fabrication of items to be galvanized shall be in accordance with ASTM A143, A384, and A385. Structural steel shall be fabricated generally in accordance with Class 1 guidelines as shown in *Recommended Details for Galvanized Structures* as published by the American Hot Dip Galvanizer's Association, Inc.
 3. Galvanized items shall be handled, transported, and stored to prevent damage or staining to the coating. Maintain adequate ventilation and continuous drainage.
 4. Silicon content for steel to be hot-dipped galvanized shall be in the range of 0 to 0.04%.
 5. Steel work shall be precleaned utilizing a caustic bath, acid pickle and flux, or shall be blast cleaned and fluxed. In either case, all surface contaminants and coatings shall be removed.
 6. All welding shall be performed in accordance with the American Welding Society publication D19.0-72, *Welding Zinc Coated Steel*. All uncoated weld areas shall be touched up.
- G. Aluminum shall have a mill finish unless otherwise specified. Any aluminum in contact with concrete or dissimilar metal shall be coated with multiple coats of bituminous paint, minimum 10 mils dry.

PART 3-EXECUTION

3.01 EXAMINATION

- A. Correct conditions detrimental to the proper and timely completion of the work.
- B. Do not proceed until unsatisfactory conditions have been corrected.

3.02 PREPARATION

- A. Furnish setting drawings, diagrams, templates, instructions, and directions for installation of anchorages such as concrete inserts, anchor bolts, and miscellaneous items having integral anchors which are to be embedded in concrete construction.
- B. Coordinate delivery of such items to project.
- C. Clean and strip primed steel items to bare metal where site welding is required.

3.03 INSTALLATION

- A. Setting Precast Anchorages:
 - 1. Clean bearing surfaces free from bond-reducing materials and roughen to improve bond to surfaces. Clean the bottom surface of bearing plates.
 - 2. After the bearing members have been positioned and plumbed, tighten and anchor bolts. Do not remove wedges or shims, but if protruding, cut off flush with the edge of the bearing plate before packing with grout.
 - 3. Pack grout solidly between bearing surfaces and plates so that no voids remain.
- B. Fastening to In-Place Construction: Provide anchorage devices and fasteners where necessary for securing miscellaneous metal fabrications to in-place construction including threaded fasteners for concrete inserts, toggle bolts, through bolts, lag bolts, wood screws, and other connectors.
- C. Cutting, Fitting, and Placement:
 - 1. Perform cutting, drilling, and fitting for installation of miscellaneous metal fabrications.
 - 2. Set work accurately in location, alignment, and elevation and make plumb, level, true, and free from rack measured from established lines and levels.
 - 3. Fit exposed connections accurately together to form tight hairline joints.
 - 4. Weld connections that are not to be left as exposed joints, grind joints smooth, and touchup shop paint coat or galvanizing repair.

3.04 FIELD WELDING

- A. Comply with AWS Code for procedures of manual shielded metal arc welding (steel, stainless steel) and gas metal arc welding (aluminum), appearance and quality of weld made, and methods in correcting welding work.

3.05 TOUCH-UP PAINTING

- A. Immediately after erection, clean field welds, bolted connections, and abraded areas of shop paint, and paint exposed areas with same material as used for shop painting in accordance with Section 09 91 00-Painting.

3.06 GALVANIZING REPAIR

- A. Areas damaged by welding, flame-cutting, or during handling, transport, or erection shall be repaired by one of the following methods whenever damage exceeds 3/16 inch in width.
 - 1. Cold Galvanizing Compound:
 - a. Surfaces to be reconditioned with zinc-rich paint shall be clean, dry, and free of oil, grease, and corrosion products.
 - b. Areas to be repaired shall be power disc-sanded to bright metal. So that a smooth reconditioned coating can be effected, surface preparation shall extend into the undamaged galvanized coating.
 - c. Touch-up paint shall be an organic cold-galvanized compound having a minimum of 94% zinc dust in the dry film.
 - d. The paint shall be spray- or brush-applied in multiple coats until a dry film thickness of 8 mils minimum has been achieved. A finish coat of aluminum paint shall be applied to provide a color blend with the surrounding galvanizing.
 - e. Coating thickness shall be verified by measurements with a magnetic or electromagnetic gauge.
 - 2. Zinc-Based Solder:
 - a. Surfaces to be reconditioned with zinc-based solder shall be clean, dry, and free of oil, grease, and corrosion products.
 - b. Areas to be repaired shall be wire-brushed.
 - c. Heat shall be applied slowly and broadly close to but not directly onto the area to be repaired. The zinc-based solder rod shall be rubbed onto the heated metal until the rod begins to melt. A flexible blade or wire brush shall be used to spread the melt over the area to be covered. The zinc-based solder shall be applied in a minimum thickness of 2 mils.
 - d. Coating thickness shall be verified by measurements with a magnetic or electromagnetic gauge.

3.07 SCHEDULE

- A. The following schedule is a list of principal items only. Refer to Drawing details for items not specifically scheduled.
- B. Guard Posts: Steel pipe, concrete-filled, crowned cap, as detailed-galvanized and field finish paint in accordance with Division 09.
- C. Monorail beams, fall protection support members, and related connections: Prepare and paint per Division 09.
- D. Door Frames for Overhead Door Openings: Jamb angle sections-galvanized and field finish paint in accordance with Division 09. Sill angle sections-galvanized finish.
- E. Aluminum stairs, aluminum treads and risers. Mill finish.

END OF SECTION

SECTION 05 52 00
HANDRAILS AND RAILINGS

PART 1–GENERAL

1.01 SUMMARY

- A. Work includes aluminum handrails, railings, and fittings.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. ASTM B241–Standard Specification for Aluminum and Aluminum-Alloy Seamless Pipe and Seamless Extruded Tube.

1.03 DESIGN REQUIREMENTS

- A. Railings and handrails shall be designed in accordance with and meet the applicable requirements of the Occupational Safety and Health Act and the 2018 International Building Code.
- B. Submit engineering calculations for all rails, posts, and connections demonstrating compliance with the design requirements. Calculations shall be stamped by a State of Iowa Professional Engineer.

PART 2–PRODUCTS

2.01 ALUMINUM RAILING SYSTEM

- A. Provide a mechanically joined pipe railing system, Tabco 2500 Railing System as manufactured by Tuttle Aluminum and Bronze Co. or equal.
- B. Rails shall be ASTM B241, Aluminum Alloy 6063-T6, 6005-T5, or 6105-T5, Schedule 40, 1 1/2-inch-diameter pipe extrusion.
- C. Posts shall be ASTM B241, Aluminum Alloy 6063-T6, 6005-T5, or 6105-T5, Schedule 40, 1 1/2-inch-diameter pipe.
- D. Furnish and install 4-inch by 1/4-inch toeboards where shown or noted on the drawings, or where required by OSHA 1910.29(k).
- E. Furnish and install self-closing aluminum gates with stainless steel torsion springs at openings in railings providing points of access as shown on the drawings.
- F. Provide expansion joints in railing and toeboards at expansion joints in structures and as necessary to prevent buckling or buildup of stresses. Expansion joints shall occur within 1 foot of posts.

- G. Finished joints shall be smooth.
- H. All rails, posts, toeboards, and connectors shall have a M10C22A41 clear anodized finish.
- I. Posts shall be anchored to the top of walls and decks with a flange base plate. Base plate shall reinforce the bottom end of the post as required to meet OSHA design criteria.
- J. Stainless steel expansion bolt anchoring system, in accordance with manufacturer's recommendations, shall be used.

PART 3-EXECUTION

3.01 INSTALLATION

- A. Install all railing in accordance with approved shop drawings and manufacturer's instructions providing a complete installation.
- B. Install components plumb and level, accurately fitted, and free from distortion or defects.
- C. Clean all components as recommended by railing manufacturer.
- D. Self-closing gates shall be installed to slide or swing away from the open edge (toward platform or walking surface).

END OF SECTION

SECTION 05 52 10

FALL PROTECTION RAILING

PART 1—GENERAL

1.01 SUMMARY

- A. Work includes collapsible, non-penetrating roof edge fall protection guardrails.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. Occupational Safety & Health Administration (OSHA):
 - 1. 29 CFR 1910.23—Guarding Floor and Wall Openings and Holes.
 - 2. 29 CFR 1926.500—Scope, Application, And Definitions Applicable to this Subpart.
 - 3. 29 CFR 1926.501—Duty to Have Fall Protection.
 - 4. 29 CFR 1926.502—Fall Protection Systems Criteria and Practices.

1.03 SUBMITTALS

- A. Submit under provisions of Section 01 33 00—Submittals.
- B. Product Data: Manufacturer's data sheets on each product to be used, including:
 - 1. Preparation instructions and recommendations.
 - 2. Storage and handling requirements and recommendations.
 - 3. Installation methods.
- C. Shop Drawings: Drawings showing plans, elevations, sections, and details of components.

1.04 DELIVERY, STORAGE, AND HANDLING

- A. Deliver materials to the job site in good condition and adequately protected against damage as handrails are a finished product.
- B. Inspect rail sections for damage before signing the receipt from the trucking company. Truck driver must note damaged goods on the bill of lading if damaged product is found.
- C. Store products in manufacturer's unopened packaging until ready for installation.

1.05 PROJECT CONDITIONS

- A. Field Measurements: Where handrails and railings are indicated to fit to other construction, check actual dimensions of other construction by accurate field measurements before fabrication.

1.06 WARRANTY

- A. Warranty: Provide manufacturer's two-year warranty.

PART 2–PRODUCTS

2.01 MANUFACTURERS

- A. Acceptable Manufacturer: BlueWater Mfg., Inc., distributed by Dakota Safety, or equal.

2.02 SYSTEMS

- A. SafetyRail 2000 Roof Edge Protection: Provide non-penetrating guardrail system.
 - 1. Approved Product: SafetyRail 2000, or equal.
 - 2. Standards: System shall have top and mid rail in accordance with OSHA Standards–29 CFR 1910.23 (a)(2).
 - 3. Structural Load: 200 lbs, minimum, in any direction to all components in accordance with OSHA Regulation 29 CFR 1926.502.
 - 4. Height: 42 inches, minimum.
 - 5. Railings: 1 5/8-inch O.D. hot rolled pickled electric weld tubing, free of sharp edges and snag points.
 - 6. Mounting Bases: Class 30 gray iron material cast with four receiver posts. Provide rubber pads on bottom of bases.
 - 7. Receiver Posts: Shall have a positive locking system into slots that allow rails to be mounted in any direction. Friction locking systems are not allowed. Receiver posts shall have drain holes.
 - 8. Hardware: Securing pins shall be 1010 carbon steel, zinc plated and yellow chromate dipped. Pins shall consist of collared pin and lanyard that connects to lynch pin.
 - 9. Finish for Rails: Powder coat paint over hot dipped galvanized steel.
 - 10. Finish for Bases: Powder coat paint.
- B. Collapsible Guard Rails: Provide collapsible portable guard rail section with one-way pivot assembly that allows guardrail to fold down to horizontal surface for clean sightlines; requires no penetrations in substrates for installation. Rails shall be compatible with SafetyRail 2000 Guardrail System.
 - 1. Approved Product: Stealth Rail, or equal.
 - 2. Standards: Guardrail system shall meet or exceed OSHA (Standards–29 CFR) 1926.501 and 1926.502.
 - 3. Hardware: Detent pin on each pivot assembly shall lock rail in upright position.

PART 3–EXECUTION

3.01 INSTALLATION

- A. Install in accordance with manufacturer's instructions.

3.02 PROTECTION

- A. Protect installed products until completion of project.
- B. Touch-up, repair or replace damaged products before Substantial Completion.

END OF SECTION

SECTION 05 53 00

GRATING, FLOOR PLATES, AND FLOOR PLANK

PART 1-GENERAL

1.01 SUMMARY

- A. Work includes floor grating, checkered floor plate, and aluminum floor plank.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. NAAMM Metal Bar Grating Manual ANSI NAAMM MBG531 and MBG532.
- B. ASTM B221-Standard Specification for Aluminum and Aluminum-Alloy Extruded Bars, Rods, Wire, Profiles, and Tubes.

1.03 PERFORMANCE REQUIREMENTS

- A. Floor grating and plank shall be designed for a maximum deflection of 1/4 inch when supporting a 100 psf uniform load.
- B. Checkered floor plate thickness shall be determined based on a maximum deflection of L/150 of the short side or a stress of 28,000 psi under a 100 psf uniform load. The larger plate thickness shall govern. Where plate thickness does not meet these requirements, or where a thinner plate is desired, CONTRACTOR shall design and provide welded aluminum stiffeners that, in combination with the provided floor plate, meet these load and deflection requirements.

1.04 FIELD MEASUREMENTS

- A. Take all field measurements prior to preparation of shop drawings. Verify that field measurements are as indicated on shop drawings.

PART 2-PRODUCTS

2.01 ALUMINUM FLOOR GRATING

- A. All grating, unless otherwise specified, shall be rectangular bar style, swage-locked aluminum floor grating with serrated surface.
- B. Acceptable manufacturers include the following or equal: Harsco Industrial, IKG Type S-19-4-BS.
- C. All edges of the grating and all openings in the grating for pipe and miscellaneous equipment shall be banded by welding on minimum 1/8-inch-thick bars. The band shall have less depth than the bearing bars to permit drainage.

- D. Individual sections shall be of a size to permit ease in handling with a maximum length not in excess of 8 feet. Weight of individual sections shall not exceed 75 pounds.
- E. Where possible, provide a 12-inch-wide section of grating over each stop gate and over each valve operating nut.
- F. All aluminum grating support angles shall be aluminum. Support angles shall be provided at the bearing ends of all grating. This includes locations such as wall openings and corners. Support angles shall also be provided at the nonbearing ends of grating where shown on the drawings.
- G. Provide 4-inch by 1/4-inch toeboards anchored to edge of grating at all slide gates in grated areas.

2.02 ALUMINUM CHECKERED FLOOR PLATE

- A. Aluminum checkered plate shall be manufactured from aluminum alloy 6061-T6.
- B. Support angles for floor plate shall be aluminum.
- C. Provide hand hole in each plate.

2.03 ALUMINUM FLOOR PLANK

- A. Aluminum plank shall be unpunched heavy duty extruded aluminum plank as manufactured by Ohio Gratings, Inc., or equal.
- B. Plank shall have a striated top surface to increase slip-resistance.
- C. Planks shall be six inches wide with support bars spaced 1.2 inches on center, and shall be fabricated with banding into panels of standard width to fill areas shown on the Drawings. Plank depth shall be based on loading requirements and clear span.
- D. Fabricate cutouts in plank sections for penetrations indicated. Arrange cutouts to permit plank removal without disturbing items penetrating plank. Band ends and cuts in plank with 3/16-inch-thick bars of same depth as the plank.
- E. Materials: Plank and banding shall be aluminum type 6063-T6.
- F. Fabrication Tolerances shall be in accordance with ANSI/NAAMM MBG 531-09 Metal Bar Grating Manual.
- G. Finish: Gratings shall be Mill finish.
- H. Provide stainless steel ADA plank lug fasteners at each end of plank into supports.
- I. Individual sections of plank shall be of a size to permit ease in handling with a maximum length not in excess of 8 feet. Weight of individual sections shall not exceed 75 pounds.
- J. All aluminum plank support angles shall be aluminum. Support angles shall be provided at the bearing ends of all plank. This includes locations such as wall openings and corners.

Support angles shall also be provided at the nonbearing ends of grating where shown on the drawings.

- K. Provide one 1 1/4-inch finger hole centered along each bearing end of each plank panel. Locate hole 2 inches from end of panel. Provide PVC or rubber plugs for holes.
- L. Provide 4-inch by 1/4-inch toeboards anchored to edge of plank at all slide gates in plank areas.

2.04 FINISHES

- A. Protection of Aluminum from Dissimilar Materials:
 - 1. Where aluminum surfaces come into contact with dissimilar metals, surfaces shall be kept from direct contact by painting the dissimilar metal with multiple coats of bituminous paint, minimum 10 mils dry, or other approved insulating material.
 - 2. Where aluminum surfaces come into contact with dissimilar materials such as concrete, masonry, or lime mortar, exposed aluminum surfaces shall be painted with multiple coats of bituminous paint, minimum 10 mils dry, or other approved insulating material.

PART 3-EXECUTION

3.01 EXAMINATION

- A. Verify that opening sizes and dimensional tolerances are acceptable.
- B. Prior to installation, CONTRACTOR shall inspect supports for correct size, layout, and alignment. Any inconsistencies between contract drawings and supporting structure deemed detrimental to placement shall be reported in writing to ENGINEER prior to placement.

3.02 INSTALLATION

- A. Place embedded frames and supports in correct position, plumb and level. Provide blocking as required to maintain alignment of sections.
- B. Seal small gaps between embedded angles at face of wall with backer rod to prevent concrete entry.
- C. All aluminum floor grating and plank shall be secured to supporting members with aluminum or stainless steel saddle clips supplied by the grating manufacturers. Stud bolts and other hardware shall be supplied by CONTRACTOR.
- D. Install in accordance with shop drawings and standard installation clearances as recommended by the NAAMM Metal Bar Grating Manual.
- E. Cutting, Filling, and Placement:
 - 1. Perform all cutting and fitting required for installation.
 - 2. Cutouts for circular obstructions are to be at least 2 inches larger in diameter than the obstruction. Cutouts for all piping 4 inches or less shall be made in the field.
 - 3. All rectangular cutouts are to be made to the next bearing bar beyond the penetration with a clearance not to exceed bearing bar spacing.

4. Utilize standard panel widths wherever possible.

END OF SECTION

SECTION 05 56 00

ANCHOR BOLTS AND POST-INSTALLED ANCHORS

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included: Anchor bolts, expansion bolts, adhesive anchors, and screw anchors.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. ASTM A36/A36M—Standard Specification for Carbon Structural Steel.
- B. ASTM F1554—Anchor Bolts, Steel, 36, 55, and 105-ksi yield strength.
- C. ICC-ES International Code Council—Evaluation Service.
- D. AC 193—Acceptance Criteria for Mechanical Anchors in Concrete Elements.
- E. AC 308—Acceptance Criteria for Post-Installed Adhesive Anchors in Concrete.
- F. ACI 355.2—Qualification of Post-Installed Mechanical Anchors in Concrete and Commentary.
- G. ACI 355.4—Qualification of Post-Installed Adhesive Anchors in Concrete and Commentary.

PART 2—PRODUCTS

2.01 GENERAL

- A. Unless indicated otherwise on the drawings or specified, use the following bolt material for the various installation situations:
 - 1. Stainless Steel: For all submerged locations, below final grade, and in contact with aluminum appurtenances and other items not to be painted. Also for anchoring equipment, unless otherwise specified.
 - 2. Steel: In other locations in contact with items to be painted or encased in concrete.

2.02 ANCHOR BOLTS

- A. Anchor bolts complete with washers and nuts shall be fabricated as shown or as specified by the equipment manufacturer and unless otherwise indicated shall be hot-dip galvanized carbon steel or 316 stainless steel. Anchor bolts shall, as a minimum, conform to the requirements of ASTM F1554-Grade 36.
- B. Stainless steel anchor bolts shall be used in all submerged locations, below final grade, and in contact with aluminum and other items not to be painted. Galvanized anchor bolts shall be used elsewhere.

2.03 EXPANSION BOLTS

- A. Expansion bolts shall be KWIK Bolt TZ by Hilti, Inc., Power-Stud+ SD2, SD4, or SD6 by DeWalt, Strong-Bolt or Strong-Bolt 2 by Simpson Strong-Tie Anchor Systems, or approved equal.
- B. All expansion bolts shall comply with the 2018 International Building Code, AC 193, and ACI 355.2. They shall be ICC-ES approved for use in cracked and uncracked concrete.
- C. Expansion bolts will not be permitted as substitutes for embedded anchor bolts except with the prior written acceptance of ENGINEER or where otherwise specifically called for.

2.04 ADHESIVE ANCHORS

- A. Adhesive anchors shall be HIT HY 200 by Hilti, Inc., Red Head C6+ or Red Head A7+ by ITW, Pure 110+ or AC200+ by DeWalt, Set-XP by Simpson Strong-Tie Anchor Systems, or approved equal.
- B. All adhesive anchors shall comply with the 2018 International Building Code, AC 308, and ACI 355.4. They shall be ICC-ES approved for use in cracked and uncracked concrete.

2.05 SCREW ANCHORS

- A. Screw anchors shall be KWIK HUS-EZ by Hilti, Inc., Screw-Bolt by DeWalt, Titen-UD by Simpson Strong-Tie Anchor Systems, or approved equal.
- B. All screw anchors shall comply with the 2018 International Building Code. They shall be ICC-ES approved for use in cracked and uncracked concrete.

PART 3-EXECUTION

3.01 ANCHOR BOLTS

- A. Anchor bolts for structural members shall be located as shown and specified.
- B. Anchor bolts for mechanical equipment shall have embedment length, edge distances, and spacing as required by the equipment manufacturer.
- C. All dirt or foreign materials shall be removed prior to embedding into concrete. After anchor bolts have been embedded, their threads shall be protected by grease and by installing the nuts or by other means until the time of installation of the equipment or metal work.

3.02 EXPANSION BOLTS

- A. Unless otherwise noted on the drawings, expansion bolt edge distance and spacing shall be in accordance with manufacturer's printed installation instructions.
- B. Bolt embedment shall at least equal 6-bolt diameters.
- C. Installation procedures shall be in accordance with the manufacturer's printed installation instructions.

- D. Where location of bolts is adjustable, reinforcing steel shall be located prior to drilling holes and bolts shall be located to clear reinforcing steel.

3.03 ADHESIVE ANCHORS

- A. At locations shown on the drawings, reinforcing bars or threaded rod shall be provided in existing concrete by drilling holes, injecting epoxy adhesive, and inserting the reinforcing bar.
- B. All existing surfaces to receive adhesive anchors, including the entire area in contact with the new concrete, shall be cleaned and roughened to amplitude of 1/4 inch.
- C. Installation procedures shall be in accordance with the manufacturer's printed installation instructions.
- D. Where location of anchors is adjustable, reinforcing steel shall be located prior to drilling holes and anchors shall be located to clear reinforcing steel.
- E. CONTRACTOR shall arrange an anchor manufacturer's representative to provide on-site installation training for installation of their adhesive anchor system products. Submit documentation that all CONTRACTOR's personnel or subcontractors who install adhesive anchors have been trained prior to the announcement of anchor installation.
- F. Adhesive anchors in horizontal and upwardly inclined orientations to resist sustained tension loads are subject to the following requirements:
 - 1. They shall be installed by personnel certified by an applicable certification program. Certification shall include written and performance tests in accordance with the ACI/CRSI Adhesive Anchor Installer Certification program, or equivalent, as approved by ENGINEER.
 - 2. They require continuous special inspection during installation. CONTRACTOR shall notify ENGINEER and SPECIAL INSPECTOR of the schedule for these anchor installations to permit coordination of inspections.

3.04 SCREW ANCHORS

- A. Unless otherwise noted on the drawings, screw anchor edge distance and spacing shall be in accordance with manufacturer's recommendations.
- B. Anchor embedment shall at least equal 6-bolt diameters.
- C. Installation procedures shall be in accordance with the manufacturer's printed installation instructions.
- D. Where location of anchors is adjustable, reinforcing steel shall be located prior to drilling holes and anchors shall be located to clear reinforcing steel.

END OF SECTION

SECTION 06 11 10
WOOD BLOCKING AND CURBING

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Roof curbs and cants.
 - 2. Wood blocking.
 - 3. Wood furring and grounds.
 - 4. Preservative treatment of wood.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. ALSC–American Lumber Standards Committee.
- B. AWWA–American Wood Preservers Association.
- C. NFPA–National Forest Products Association.
- D. NLGA–National Lumber Grades Authority.
- E. SPIB–Southern Pine Inspection Bureau.
- F. WCLIB–West Coast Lumber Inspection Bureau.
- G. WWPA–Western Wood Products Association.

1.03 SUBMITTALS

- A. Submittals shall be in accordance with Section 01 33 00–Submittals.
- B. Certification of type of wood and wood treatment to be used.

1.04 DELIVERY, STORAGE, AND HANDLING

- A. All materials shall be thoroughly sealed and protected from weather during transport and at the jobsite. Protect from dampness.

PART 2–PRODUCTS

2.01 MATERIALS

- A. Lumber for roof curbs, cants, blocking, furring, and grounds shall be “standard” grade Douglas Fir, No. 2 Southern Pine, or better, graded in accordance with the WWPA, WCLIB, NLGA, or SPIB grading rules as applicable. Lumber shall bear the grading agency’s stamp.

- B. Wood shall be kiln-dried with moisture content not to exceed 19% at time of installation.
- C. All lumber furnished under this section shall be pressure-treated with a chromated copper arsenate (CCA) waterborne preservative to a minimum retention of 0.40 pounds per cubic foot. Acceptable products include Hoover Treated Wood Products CCA, Wood Preserving Co. Osmose CCA, or equal. Cuts shall be treated in the field with a brush-on waterborne preservative compatible with the pressure treatment.

PART 3–EXECUTION

3.01 INSTALLATION

- A. Provide and install wood curbs, cants, blocking, furring, and grounds of proper size and shape where shown on the Drawings and where required to secure other work or equipment in place.
- B. Members shall be installed true to lines, level, plumb, and secure.
- C. Connections and nailing shall be in accordance with the details shown and/or the 2018 International Building Code minimum requirements, whichever is more restrictive.
- D. Apply brush-on wood preservative treatment to cuts in accordance with manufacturer's recommendations.

END OF SECTION

SECTION 07 13 26

RUBBERIZED ASPHALT MEMBRANE

PART 1–GENERAL

1.01 SUMMARY

- A. Work includes self-adhesive rubberized asphalt sheet membrane waterproofing system for use on junction structure (Structure 5) top slab/wall joints.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 SUBMITTALS

- A. Submittals shall be in accordance with provisions of Section 01 33 00–Submittals.
- B. Shop drawings shall include product data, layout plan, joint and termination details, details of interface with other materials, and copy of manufacturer's warranty.

1.03 QUALITY ASSURANCE

- A. The manufacturer of the waterproofing membrane system shall have 10 years experience producing self-adhesive sheet membrane waterproofing.
- B. Waterproofing system shall be installed by an applicator who is thoroughly familiar with the system and has experience in performing the work of this section.
- C. Manufacturer's representative shall be on-site periodically during membrane waterproofing work to review installation procedures.

1.04 WARRANTY

- A. Provide manufacturer's written 5-year material warranty to OWNER at successful completion of the project.

PART 2–PRODUCTS

2.01 MANUFACTURER

- A. Acceptable manufacturers include the following, or equal: W.R. Grace & Co., Connecticut.

2.02 MATERIALS

- A. Self-adhesive, cold-applied composite sheet membrane shall be 65 mils total thickness consisting of a high-strength, heat-resistant woven polypropylene mesh embedded in a layer of rubberized asphalt; Bituthene 5000, or equal. Rubberized asphalt membrane shall be covered with release paper which is removed during installation. No special adhesive or heat shall be required to form laps.

- B. Primer, mastic, liquid membrane, and accessories shall be provided by or acceptable to the membrane manufacturer.

PART 3-EXECUTION

3.01 EXAMINATION

- A. Examine surfaces to receive waterproofing membrane for conditions that may be detrimental to the proper completion of the work. Do not commence work until all defects are remedied.

3.02 PREPARATION

- A. Substrates shall be prepared as recommended by manufacturer. Surfaces shall be structurally sound and free of voids, spalled areas, loose aggregate and sharp protrusions. Remove contaminants such as grease, oil, and wax from exposed surfaces. Remove dust, dirt, loose stone, and debris. Use repair materials and methods which are acceptable to manufacturer of sheet membrane waterproofing.
- B. Treat joints and install flashings as recommended by waterproofing manufacturer.

3.03 INSTALLATION

- A. Membrane shall be installed in accordance with manufacturer's recommendations, including but not limited to, the following:
 - 1. Apply primer at the rate recommended by manufacturer. Recoat areas not waterproofed if contaminated by dust. Mask and protect adjoining exposed finish surfaces to protect those surfaces from excessive application of primer.
 - 2. Delay application of membrane until primer is completely dry. Dry time will vary with weather conditions.
 - 3. Seal daily terminations with troweled bead of mastic.

3.04 CLEANING AND PROTECTION

- A. Remove any masking materials after installation. Clean any stains on materials which would be exposed in the completed work.
- B. Protect completed membrane waterproofing from subsequent construction activities as recommended by manufacturer.

END OF SECTION

SECTION 07 14 00

FLUID-APPLIED WATERPROOFING

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included: Fluid-applied elastomeric waterproofing membrane for belowgrade walls. Fluid-applied waterproofing membrane is required on the earth side of concrete walls that are below grade, have earth on one side, and are common with rooms, tunnels, or galleries to be occupied by equipment, piping, or personnel. This includes the full height of the drywell and valve rooms and the portion of the influent channel walls above elevation 604.75. Membrane is not required for walls that are poured directly against an excavated surface.
- B. Fluid-applied elastomeric waterproofing membrane for belowgrade structures.
- C. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. NRCA (National Roofing Contractors Association)—Waterproofing Manual.

1.03 SUBMITTALS

- A. Submit two samples of coating system applied to 1/4-inch plywood or similar rigid base.
- B. Submit list of at least five projects of similar nature by waterproofing applicator that have been installed within the last 5 years, identified with project name, location, and date.
- C. Submit letter from membrane manufacturer stating that applicator is an approved or certified applicator of its product.
- D. Submit copies of warranty.

1.04 QUALIFICATIONS OF APPLICATOR

- A. Membrane applicator shall be approved by the manufacturer and shall have a minimum of 5 years experience in application of fluid-applied waterproofing coatings.

1.05 ENVIRONMENTAL CONDITIONS

- A. No waterproofing work shall be performed at ambient temperatures below 40°F.
- B. No waterproofing work shall be performed during inclement weather or when such weather is imminent.

1.06 WARRANTY

- A. Provide installer's 2-year total system warranty of watertightness covering cost (labor and materials) to repair any leaks in the waterproofing membrane, including cost to remove backfill material or other materials concealing the membrane, if required.
- B. Provide manufacturer's standard 5-year product warranty.

PART 2-PRODUCTS

2.01 MEMBRANE

- A. Membrane shall be a one-part, moisture curing, high solids, VOC-compliant, modified polyurethane waterproofing membrane that can be applied to damp and green concrete.
- B. Acceptable products include the following, or equal: Tremproof 250 GC, manufactured by Tremco.

2.02 ACCESSORIES

- A. Cleaners and conditioners, primers, sealants, backer rod, flashing and flashing reinforcements, and other accessories related to the membrane application shall be provided as required by the membrane manufacturer.
- B. Provide 1/8-inch-thick protection board, Tremco Protection Mat by Tremco, or equal.

PART 3-EXECUTION

3.01 SURFACE PREPARATION

- A. Surface preparation shall be in accordance with the membrane manufacturer's recommendations.
- B. Verify that curing methods used for concrete are compatible with the membrane system.
- C. Concrete surfaces shall be free of laitance, loosely adhering materials, oil, curing compounds, and all other contaminants prior to membrane application. Prepare all concrete surfaces by sandblasting followed by vacuum cleaning or by acid etching.

3.02 PRODUCT APPLICATION

- A. Preparatory work (priming and flashing) must be fully cured in accordance with manufacturer's recommendations prior to coating application.
- B. Apply coating in accordance with manufacturer's recommendations using approved squeegee, trowel, or spray equipment to produce a 60 mil wet film thickness. This is in addition to the primer and flashing coats. Extend coating over all previously flashed and primed areas.

- C. The membrane shall be cured as recommended by the manufacturer prior to water testing, backfilling, or allowing foot traffic on surfaces.
- D. Horizontal surfaces shall be flooded to a depth of 2 inches maintained over a 12-hour period. Any leaks evident after this period shall be repaired and the leaky areas retested until leaks are stopped.
- E. Apply protection board to all surfaces prior to backfilling.

END OF SECTION

SECTION 07 21 12

BOARD INSULATION

PART 1–GENERAL

1.01 SUMMARY

- A. Work includes board insulation for cavity wall construction and for perimeter foundation walls.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

PART 2–PRODUCTS

2.01 CAVITY WALL INSULATION

- A. Cavity wall insulation shall be 3-inch-thick polyisocyanurate foam board with foil facing on both sides. Aged thermal resistance (R-value) at 72°F shall be a minimum of 19.0.
- B. Acceptable products include the following, or equal. Thermax Sheathing by DuPont.
- C. Adhesive for adhering insulation to backup wall shall be as recommended by the insulation manufacturer.

2.02 FOUNDATION INSULATION

- A. Foundation insulation shall be 2-inch-thick extruded polystyrene closed cell rigid foam board with continuous skins on both sides. Aged thermal resistance (R-value) at 75°F shall be a minimum of 10.0.
- B. Acceptable products include the following, or equal:
 - 1. Styrofoam Square Edge by DuPont.
 - 2. Foamular NGX 250 by Owens Corning.

PART 3–EXECUTION

3.01 INSTALLATION–CAVITY WALLS

- A. Insulation shall be installed horizontally within the cavity space between masonry wythes.
- B. Take care during installation so that all insulation boards are butted and installed between ties and fit flush against inner wythe or backup wall.
- C. Cut insulation neatly to fit around obstructions across the cavity such as vents, louvers, pipes, and conduits.

- D. Secure insulation in place against backup wall with mastic adhesive and observe label directions.

3.02 INSTALLATION-FOUNDATION WALLS

- A. Rigid insulation shall be laid dry against the foundation walls as backfill is placed. Insulation shall be located at all perimeter foundation walls.
- B. Insulation shall extend to a minimum depth of 10 feet below finished grade.

END OF SECTION

SECTION 07 26 00

AIR BARRIER

PART 1–GENERAL

1.01 SUMMARY

- A. Work includes: Air barrier in masonry double wythe walls on concrete block backup wall.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

PART 2–PRODUCTS

2.01 MATERIALS

- A. Permeable air barrier for masonry cavity wall construction shall be fluid applied membrane, ExoAir 230 by Tremco, or equal. Apply to outside face of inner wythe of concrete block prior to installation of rigid insulation. Apply in strict accordance with manufacturer's instructions. Air barrier shall be included in all new cavity wall construction on the project.

PART 3–EXECUTION

3.01 INSTALLATION OF AIR BARRIER

- A. Install air barrier on outside face of inner wythe of concrete block in cavity wall construction.
- B. Install air barrier per manufacturer's recommendations and approved details.

END OF SECTION

SECTION 07 54 23

THERMOPLASTIC POLYOLEFIN ALLOY SINGLE-PLY ROOFING SYSTEM

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included: This section includes the materials and application procedures for a TPA FB (thermoplastic polyolefin alloy with fleece backer) Single-Ply Roof System:
 - 1. Vapor retarder.
 - 2. Rigid roof insulation.
 - 3. Protection board.
 - 4. TPA membrane roofing and related accessories.
 - 5. See drawings for locations of adhered roofing.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 DESCRIPTION

- A. A TPA FB Roof Membrane consists of a white single ply roof membrane comprised of thermoplastic polyolefin alloy, polyester reinforced with wick resistant non-woven polyester and a fleece backer. TPA Roof Membrane is an elastomeric membrane that accepts roof movement and thermal shock. TPA Roof Membrane is lapped and seamed using hot air heat welding equipment.
- B. TPA Roof Membrane meets the Energy Star Roof Products Program guidelines for energy efficiency.

1.03 DEFINITIONS

- A. Roofing Terminology: Refer to ASTM D1079 and glossary of NRCAs *The NRCA Roofing and Waterproofing Manual* for definition of terms related to roofing work in this Section.

1.04 PERFORMANCE REQUIREMENTS

- A. General: Install a watertight, fully adhered single ply thermoplastic roofing system with compatible components that will not permit the passage of liquid water and will withstand wind loads, thermally induced movement, and exposure to weather.
- B. The membrane must be manufactured by the material supplier. Manufacturer's supplying membrane made by others are not acceptable.
- C. Unless otherwise noted in this specification, the roofing contractor must strictly comply with the manufacturer's current specifications and details.
- D. The roofing system must be installed by an applicator authorized and trained by the manufacturer in compliance with shop drawings as approved by the manufacturer. The roofing applicator shall be thoroughly experienced and upon request be able to provide evidence of having at least 5 years successful experience installing single-ply roofing

systems and having installed at least one roofing application or several similar systems of equal or greater size within one year.

- E. Provide adequate number of experienced workmen regularly engaged in this type of work who are skilled in the application techniques of the materials specified. Provide at least one thoroughly trained and an experienced superintendent on the job at all times roofing work is in progress.
- F. Upon completion of the installation, the applicator shall arrange for an inspection to be made by a non-sales technical representative of the membrane manufacturer in order to determine whether or not corrective work will be required before the warranty will be issued. Notify the building owner 72 hours prior to the manufacturer's final inspection.
- G. The roofing system must achieve a UL Class B.
- H. Flashings: Provide base flashings, perimeter flashings, detail flashings, and component materials that comply with requirements and recommendations of the following:
 - 1. FMG 1-49 Loss Prevention Data Sheet for Perimeter Flashings.
 - 2. FMG 1-29 Loss Prevention Data Sheet for Above Deck Roof Components.
 - 3. NRCA Roofing and Waterproofing Manual (Fifth Edition) for construction details and recommendations.
 - 4. SMACNA Architectural Sheet Metal Manual (Fifth Edition) for construction details.

1.05 REFERENCES

- A. ASTM—American Society for Testing and Materials, West Conshohocken, PA.
- B. NRCA—National Roofing Contractors Association, Chicago, IL.
- C. TRC—Tremco Inc. Research Center—Beachwood, OH.
- D. UL—Underwriter's Laboratory, Northbrook, IL.

1.06 PROJECT CONDITIONS

- A. Weather Limitations: Proceed with roofing work only when existing and forecasted weather conditions permit roofing to be installed. TPA Systems shall not be installed during periods of precipitation.
- B. Applications that involve known, severe exposures require a complete review by the manufacturer before their acceptance. This includes, but is not limited to, unusual building exposure to wind, unusual roof slope, unusual roof use, unusual exposure to contaminants, openings in the structure (greater than 10% of the wall surface), which could be left open in a storm, roofs subject to positive pressure conditions and roofs greater than 45 feet in height.

1.07 WARRANTY

- A. Special Warranty: Manufacturer's standard form, without monetary limitation, in which manufacturer agrees to repair or replace components of membrane roofing system that fail in materials or workmanship within specified warranty period. Failure includes roof leaks.
 - 1. Special warranty includes roofing membrane, base flashings, roofing membrane accessories, roof insulation, fasteners, cover boards, all roofing related sheet metal, and other components of membrane roofing system.
 - 2. Roof system manufacturer shall provide annual inspection and Preventative Maintenance with condition assessment for the life of the warranty at no additional cost to OWNER. This inspection information and condition assessment shall be made available via a password protected WEB based portal with customer access for the life of the warranty at no additional cost to OWNER.
 - 3. Warranty Period: 15 years from date of Substantial Completion.
- B. Special Project Warranty: Submit roofing installer's warranty, signed by installer, covering Work of this Section, including all components of roofing system such as roofing membrane, base flashing, roof insulation, fasteners, cover boards, substrate boards, vapor retarders, roof pavers, and/or walkway products, for the following warranty period: Two years from date of Substantial Completion.

PART 2-PRODUCTS

2.01 MANUFACTURERS

- A. Manufacturers: Subject to compliance with requirements, provide products by the following:
 - 1. Tremco Inc. (Basis of Specification)
 - 2. Approved Equal.

2.02 VAPOR RETARDER

- A. Vapor retarder shall be a 3-ply laminate combining two layers of fire retardant linear low density polyethylene and a high-strength cord grid. Vapor retarder shall conform to UL construction No. 1 fire-resistance requirements.
- B. Vapor retarder shall be approved by roofing manufacturer for use in the roofing system. Unless prohibited by the roofing manufacturer, acceptable products include the following, or equal: Griffolyn Tx-1200 FR by Reef Industries.

2.03 ROOF INSULATION

- A. Roof insulation shall be tapered polyisocyanurate foam board insulation. Aged thermal resistance (R-value) at 75°F shall be a minimum of 6.0 per inch of thickness.
- B. Roof insulation shall be approved by roofing manufacturer for use in the roofing system.

2.04 PROTECTION BOARD

- A. Protection board shall be minimum 1/2-inch structural wood fiberboard approved by the roofing manufacturer for use in this system.

2.05 ADHESIVES

- A. Membrane Adhesive: Roofing system manufacturer's low VOC solvent based contact-type bonding adhesive. Asbestos free.

Property	Test Method	Typical Value
Viscosity	Brookfield Rut spindle #3	2500 L 1000
VOC	California Rule 1168	Compliant

2.06 WHITE THERMOPLASTIC MEMBRANE

- A. Thermoplastic polyolefin alloy, polyester reinforced with wick resistant non-woven polyester and a fleece backer.

Thermoplastic Roofing System-White		
Property	Test Method	Typical Value
Thickness	ASTM D 751-00	1.52 mm
Tensile	ASTM D 751-00	350 lbf
Elongation at Fabric Break	ASTM D 751-00	40% MD 30% XMD
Tear Strength	ASTM D 751-00	100 lbf
Dimensional Stability	ASTM D 1204	.3%
Low Temp Flexibility	ASTM D 2137	-40°F
Reflectivity	ASTM C 1549-02	85.78%
Thermal Emittance	ASTM C 1371-98	.86

2.07 AUXILIARY ROOFING MATERIALS

- A. General Auxiliary materials recommended by roofing system manufacturer for intended use and compatible with membrane roofing. Liquid-type auxiliary materials shall meet VOC limits of authorities having jurisdiction.
- B. Sheet Flashing: Manufacturer's standard sheet flashing of same material, type, reinforcement, and color as sheet membrane.
- C. Metal Termination Bars: Manufacturer's standard pre-drilled stainless steel or aluminum bars, approximately 1 by 1/8-inch thick; with anchors.
- D. Metal Battens: Manufacturer's standard aluminum-zinc-alloy-coated or zinc-coated steel sheet, approximately 1 inch wide by 0.05-inch thick, pre-punched.
- E. Miscellaneous Accessories: Provide pourable sealers, preformed cone and vent sheet flashings, preformed inside and outside corner sheet flashings, T-joint covers, termination reglets, cover strips, and other accessories.

2.08 WALKWAY

- A. TPA Walkway Roll by Tremco Inc., or equal.
1. TPA Walkway Roll is a gray thermoplastic membrane comprised of an elastomeric tri-polymer alloy. TPA Walkway Roll is reinforced with a high strength, wick resistant

polyester fabric and has a serrated, slip resistant surface. TPA Walkway Roll is asbestos free.

2. Roll Size: 3 feet by 60 feet by 80 mil thick.
3. Color: Gray.

2.09 MEMBRANE FASTENERS AND PLATES

- A. All screw-type fasteners shall be a minimum #15 shank diameter for membrane securement. Hex head fasteners are not permitted for insulation or membrane securement. Membrane fastener shall include a minimum 2 3/8-inch-diameter barbed seam plate.
- B. Membrane to Concrete Decks:
 1. Olympic HD or CD-10 fastener and XHD membrane plate.
 2. Deckfast #15 HS fastener and 2 1/2-inch HS membrane plate.
 3. ITW Buildex #15 Roofgrip fastener and 2 3/8-inch barbed seam plate.

PART 3—EXECUTION

3.01 EXAMINATION

- A. Examine substrates, areas, and conditions under which roofing will be applied, with installer present, for compliance with requirements.
- B. Verify that roof openings and penetrations are set in place and braced.
- C. Verify that roof drains are properly clamped into position.
- D. Verify that wood blocking, curbs, and nailers are securely anchored to roof deck at roof penetrations and terminations and match the thickness of insulation required.

3.02 PREPARATION

- A. Clean substrate of dust, debris, and other substances detrimental to roofing installation according to roofing system manufacturer's written instructions. Remove sharp projections.
- B. Prevent materials from entering and clogging roof drains and conductors and from spilling or migrating onto surfaces of other construction. Remove roof-drain plugs when no work is taking place or when rain is forecast.

3.03 JOB CONDITIONS

- A. Prior to the use of any TPA roofing material, consult Material Safety Data Sheets for applicable cautions and warnings.
 1. Do not use oil or bituminous base roof cement with TPA materials.
 2. Do not install TPA membrane directly in contact with new or resaturated asphalt.
 3. Do not expose membrane or accessories to temperatures of 180°F or above.
 4. Do not allow waste products (such as petroleum grease, oil, or solvents) or direct steam venting to come in contact with the TPA roofing system. Any exposures not typical for normal roofing installation must be presented to roof manufacturer for assessment of any impact on the performance of the roofing system.
 5. Do not install TPA membrane directly in contact with coal tar roof surfaces.

6. Install polyethylene vapor barrier ply under new insulation layer when mechanically attached TPA membrane system is installed over existing coal tar roofs.
7. Ponding conditions will adversely affect performance of the roofing system. Where positive drainage does not exist, water removal from roof surface should be facilitated by lowering drains and/or installing additional drains, tapered insulation, or an approved lightweight insulating concrete slope system.

3.04 GENERAL INSTALLATION REQUIREMENTS

- A. Install thermoplastic roofing membrane system according to roofing system manufacturer's written instructions and applicable recommendations of ARMA/NRCA's *Quality Control Guidelines for the Application of Thermoplastic Roofing*.
- B. Install roofing system according to manufacturer's published specifications manual.
- C. Coordinate installation of roofing system components so insulation and roofing plies are not exposed to precipitation or remain exposed at the end of the workday or when rain is forecast.
- D. Provide water cutoffs at end of each day's work to cover exposed ply sheets and insulation. Watertightness of the water cutoffs is the subcontractor's responsibility.
- E. Complete terminations and base flashings and provide temporary seals to prevent water from entering completed sections of roofing system.
- F. Remove and discard temporary seals before beginning work on adjoining roofing.
- G. Substrate-Joint Penetrations: Prevent adhesive from penetrating substrate joints, entering building, or damaging roofing system components or adjacent building construction.
- H. Wood nailers shall be provided around all roof projections and penetrations except drains, as required by the roof manufacturer. Wood nailers shall be in accordance with Section 06114-Wood Blocking and Curbing. Height of nailers shall be matched to the thickness of the insulation being used. Nailers shall be firmly anchored to the deck to resist a force of 200 pounds per linear foot. A minimum of three anchors shall be used to anchor each length of nailer, with 1/2-inch vent left between length of nailers. Provide approved nailing strip at perimeter of roof.
- I. The thermal insulation and fiberboard shall be anchored to the metal deck or concrete deck with fasteners approved by the roofing manufacturer. The insulation shall be neatly cut to fit around all roof penetrations and projections. Any other requirements of the roofing manufacturer shall be complied with.
- J. Flashing shall be provided at all vertical surfaces, roof interruptions, and penetrations in accordance with membrane manufacturer's recommendations and Contract Documents. All flashings and terminations shall be securely fastened in the plane of the roof deck with fasteners recommended by the system manufacturer. Membrane edges or flashing shall be mechanically fastened to the nailer at maximum of 8-inch centers.
- K. No unit having defects shall be installed. In no event shall more insulation be placed on the surface to be roofed than can be covered with roofing membrane prior to the onset of inclement weather or termination of the day's work. Water must not be allowed beneath any completed section of roof. Temporary water cutoffs may be made by extending the

membrane beyond the insulation and setting the end of the membrane in a sealant. All water cutoffs shall be removed prior to proceeding with the next day's work.

3.05 INSULATION INSTALLATION

- A. Coordinate installing roofing system components so insulation is not exposed to precipitation or left exposed at the end of the workday.
- B. Comply with roofing system manufacturer's written instructions for installing roofing insulation.

3.06 ADHERED TPA ROOF MEMBRANE INSTALLATION

- A. Install membrane according to roofing system manufacturer's written instructions, starting at low point of roofing system. Place ply sheets so that water will flow over or parallel to, but never against exposed edges. Shingle in direction to shed water.
- B. Surfaces to receive adhesives must be clean, dry, and free from oil, grease, or other contaminants.
- C. Perimeter/Projection Attachment: Mechanically attach roofing membrane at roof perimeters, curbs, and pipe/stack penetrations greater than 12 inches in diameter on both sides of expansion joints and other areas where the membrane must be anchored to prevent movement, stress, or damage to the roofing membrane.
- D. Roof Drain Detail: Prepare substrate around each roof drain to prevent membrane bridging or distortion and to provide a smooth transition from the roof surface to the drain clamping ring.
- E. Membrane Seaming: Clean seam areas, overlap roofing membrane, and hot air weld side and end laps of roofing membrane according to manufacturer's written instructions to provide a watertight seam installation. Seam edges per manufacturer's recommendations.
- F. Membrane End Laps:
 - 1. Abut end laps. Gap width between membrane sheets shall not exceed 1/8 inch.
 - 2. Install 6-inch-wide cover strip membrane over end lap. Cut cover strip corners round. Heat-weld cover strip over end lap.

3.07 GENERAL FLASHING REQUIREMENTS AND STRIPPING INSTALLATION

- A. Install sheet flashings and preformed flashing accessories and adhere to substrates according to membrane roofing system manufacturer's written instructions.
- B. All flashings shall be installed as shown on the detail drawings. All TPA membrane flashings shall be installed concurrently with the roof membrane as the project progresses. No temporary flashings shall be allowed without prior written approval of the authorized TPA membrane manufacturer. If any water is allowed to enter under the new roofing because of incomplete flashings, the affected area shall be removed and replaced at subcontractor's expense.

- C. Flashings shall not be applied over existing thru-wall flashings or weep holes. All flashings shall extend a minimum of 8 inches above roof level unless previously accepted by OWNER's representative and an authorized TPA membrane manufacturer representative. All existing flashings shall be removed before applying a new flashing. Install flashings in a neat and uniform manner with a "rounding" of all exposed corners.
- D. Flash all pipes with TPA Prefabricated Flashing Boots where possible. Field fabricate pipe flashings with TPA Flashing Membrane (unreinforced flashing) according to TPA manufacturer's standard roofing systems details when a premolded flashing is not feasible.
- E. Fabricate all metal flanged flashings using TPA Membrane Coated Metal. Hot air weld a 6-inch-wide TPA cover strip to flashing membrane and coated metal flange.
- F. Membrane base flashings shall consist of fully adhered TPA Perimeter Sheet membrane.
 - 1. The TPA base flashing membrane shall be fully adhered to a dry, smooth solvent-resistant and compatible substrate using approved bonding adhesive.
 - 2. Over the prepared substrate, adhere flashing sheeting completely to flashing surface with Sheeting Bond adhesive at a rate of 20 square feet per gallon using 1/8-inch notched trowel. Rates will vary depending on ambient temperature and actual surface conditions.
 - 3. Bonding adhesive shall not be applied to lap (seam) areas that are to be welded to flashings or adjacent membrane sheets by means of hot air welding procedures. If contamination occurs, remove any contaminants prior to hot air welding seams.
 - 4. After application of flashing adhesive, allow adhesive to remain open for 15 minutes minimum to flash off solvent prior to setting elastomeric sheeting into the flashing adhesive.
 - 5. When the TPA membrane has been cut to correct width and length, embed the flashing into the substrate adhesive, taking care to avoid wrinkles.
 - 6. Care should be taken so that the flashing does not bridge where there is a change of direction.
 - 7. Apply consistent pressure to entire surface of elastomeric sheeting using a steel hand roller to achieve full adhesion of the sheet to the flashing substrate. Provide complete bond and continuity without wrinkles or voids.
 - 8. Clean seam areas and weld side and end laps to provide a watertight seam installation.
 - 9. The top of the installed flashing shall be fastened under metal counterflashing, coping cap, or through wall metal reglet. The maximum distance between fasteners for TPA flashings shall be 8 inches through flat bar or 12 inches through metal reglet. Install TremFlash (TF) Tape between masonry walls and top edge of TPA flashing membrane prior to fastening.
 - 10. Install TPA prefabricated universal corners for sealing all inside and outside corners.
- G. Prefabricated Pipe Boots:
 - 1. Remove existing pipe flashing.
 - 2. Install plates and fasteners that secure field sheet as close to the penetration as possible.
 - 3. Each boot is stepped in increments that will fit standard pipes. The top of the boot should be cut around the "step" which allows a stretch fit between the top of the boot over the stack.
 - 4. Place the boot over the vent pipe.
 - 5. Pull the flange down to the roof, stretching the collar portion around the vent pipe.

6. Inside the top of the boot shall be caulked to prevent water entry and a stainless steel hose clamp must be installed to secure the top edge of the boot to the vent pipe.
7. The flange of the boot is prescored and shall be cut at the circular score and then heat-welded (minimum 2 inches) onto the TPA field membrane.
8. Do not split the boot. If the boot cannot be installed intact, use field-fabricated flashing according to manufacturer's details.
9. Vent pipe boots can only be installed by hot air heat welding.

H. Prefabricated Universal Corners:

1. The TPA prefabricated corners must be used for sealing the corners of all pitch pans, curbs, and walls. They are uniform in shape and size and provide water-tightness at corners formed by TPA-coated metal and flashing membrane.
2. The corners shall be cut at the scored lines to form either an inside or outside corner.
3. Use proper heat welding techniques to fully weld the corner to the flashing following published Tremco specifications and details.
4. Universal Corners can only be installed by hot air heat welding.

I. TPA Scuppers:

1. Install tapered edge strip around scupper to create sump.
2. Fabricate scupper to fit scupper opening using TPA membrane coated metal.
3. Install base flashings over wall and scupper opening.
4. Install 3/8-inch backer rod behind metal scupper to seal.
5. Install TPA-coated metal scupper. Attach scupper flanges to wall.
6. Strip-in flanges with a 6-inch-wide TPA cover strip heat-welded to field membrane, flashing membrane, and coated metal edge flashing.
7. Install TPA prefabricated corners.

3.08 WALKWAY PAD APPLICATION

- A. Install walkway pads at roof access ladders, doors, around maintained mechanical equipment, and where shown on drawings.
- B. Heat weld walkway pad to field membrane.
 1. Clean smooth membrane ply surface with soap and water. Allow to dry. All surfaces must be clean and dry prior to walkway application.
 2. For heat welding, allow the hot air welder to warm up. Insert the nozzle tip of the hot air welder to the attachment area. Move nozzle at a steady speed, immediately applying pressure behind the air nozzle with a neoprene roller or weighted wheel to maintain positive contact of the heated TPA Walkway Roll to the roof membrane.
 - a. Minimum width of welded lap shall be 2 inches and 6 inches long when performing hand welds.
 - b. Spot weld Walkway Roll to roof membrane. Attachment of walkway roll should not impede drainage.
 3. Field test heat welded laps to verify proper construction.
 4. Perform field test after lap area cools to ambient temperatures. Properly constructed heat welds will not separate at the lap interface when tested.

3.09 FIELD QUALITY CONTROL

- A. Project Inspection: A minimum of 2 site inspections per week shall be performed by a full time employee of the roofing manufacturer.

- B. Final Roof Inspection: Arrange for roofing system manufacturer's technical personnel to inspect roofing installation on completion and submit report to OWNER. Notify OWNER 48 hours in advance of date and time of inspection.
- C. Repair or remove and replace components of membrane roofing system where test results or inspections indicate that they do not comply with specified requirements.
- D. Additional testing and inspecting, at CONTRACTOR's expense, shall be performed to determine compliance of replaced or additional work with specified requirements.
- E. After project is complete, an infrared inspection shall be performed to verify that OWNER is receiving a dry roof system from Day 1. The cost of this infrared inspection shall be included in the base bid.

3.10 PROTECTING AND CLEANING

- A. Protect roofing membrane from damage and wear during remainder of construction period. When remaining construction will not affect or endanger roofing, inspect roofing for deterioration and damage, describing its nature and extent in a written report, with copies to ENGINEER and CONTRACTOR.
- B. Prior to performing work on a completed roof area that may cause damage to the new roof, the roofing membrane and flashing shall be protected from physical damage. Proper and adequate protection includes installing a slip-sheet in the work area overlaid with plywood or OSB Board to dissipate the effects of traffic on the finished roof surface and to prevent impact damage to the system caused by dropped tools and/or equipment. If damage does occur to the roof system, it must be immediately repaired to preserve the integrity of the roof insulation.
- C. Correct deficiencies in or remove roofing that does not comply with requirements, repair substrates, reinstall roofing, and repair base flashings to a condition free of damage and deterioration at the time of Substantial Completion and according to warranty requirements.
- D. Clean overspray and spillage from adjacent construction using cleaning agents and procedures recommended by manufacturer of affected construction.
- E. Subcontractor shall be responsible for vehicles and other property that is contaminated by adhesive overspray or drippage.

END OF SECTION

SECTION 07 62 00
FLASHING AND SHEET METAL

PART 1–GENERAL

1.01 SUMMARY

- A. Work includes masonry wall flashing, custom-fabricated sheet metal flashing and counter flashing at: Parapet walls; roof-mounted equipment; vent stacks; and other locations.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. ASTM A653–Steel Sheet, Zinc-Coated (Galvanized) or Zinc Iron Alloy-Coated (Galvanealed) by the Hot-Dip Process.
- B. ASTM A924–General Requirements for Steel Sheet, Metallic Coated by the Hot-Dip Process.
- C. ASTM B32–Solder Metal.
- D. ASTM B209–Aluminum and Alloy Sheet and Plate.
- E. ASTM D4586–Asphalt Roof Cement, Asbestos-Free.
- F. SMACNA–Architectural Sheet Metal Manual.

1.03 SUBMITTALS

- A. See Section 01 33 00–Submittals for general submittal requirements.
- B. Shop drawings: Submit fabrication details, jointing details, fastening methods, and termination details.

1.04 QUALITY ASSURANCE

- A. Perform work in accordance with SMACNA standard details and requirements.

1.05 QUALIFICATIONS

- A. Fabricator and installer shall be a company specializing in sheet metal fabrication work with a minimum of 5 years of verifiable experience in that field.

1.06 WARRANTY

- A. Kynar 500 coating shall be provided with a 20-year guarantee against cracking, chipping, peeling, and fading.

PART 2-PRODUCTS

2.01 MATERIALS

- A. Masonry wall flashing and flashing around windows, doors, and other openings shall be 32 mil of self-adhesive rubberized asphalt integrally bonded to 8 mil of cross-laminated, high-density polyethylene film to provide a minimum 40 mil thick membrane. Flashing shall be PERM-A-BARRIER wall flashing as manufactured by Grace Construction Products, or equal. Provide primer or surface conditioner as recommended by manufacturer.
- B. Galvanized Steel Sheet: 26 gauge meeting ASTM A525, Grade A with G90 zinc coating.
- C. Aluminum Sheet: 0.032 inch thick meeting ASTM B209.
- D. Fasteners: Same material and finish as flashing sheet. Stainless steel fasteners may be used with any flashing material. Provide soft neoprene washers with fasteners.
- E. Primer: Zinc chromate type.
- F. Protective Backing Paint: Bituminous type.
- G. Sealant: See Section 07 90 00—Caulking and Sealants.
- H. Bedding Compound: Rubber asphalt or butyl type.
- I. Plastic Cement: ASTM D4586, Type I or II.
- J. Reglets: Galvanized steel or PVC, surface-mounted or recessed, or as shown on the drawings.
- K. Solder: ASTM B32. Soldering is not permitted on aluminum or stainless steel sheet.

2.02 FABRICATION

- A. All flashing and fascia shall be formed to the configurations shown on the drawings and/or the applicable manufacturer's details, or in accordance with SMACNA standard details where not shown on the drawings, or in manufacturers details. Form sections true to shape, accurate in size, square, and free from buckles, kinks, or other defects.
- B. All exposed edges shall be folded or returned on themselves at least 1/2 inch. Corners shall be mitered and seamed.
- C. Form pieces in the longest possible lengths. Form material with flat lock seams.
- D. All sections shall be provided with slip joints at 8 feet on center.
- E. Cleats shall be fabricated of the same materials as the flashing sheets and shall be interlockable with the sheets.
- F. Fabricate vertical faces with bottom edge formed outward 1/4 inch and hemmed to form a drip.

- G. Fabricate corners from one piece with minimum 18-inch-long legs. Seam or solder for rigidity and seal with sealant.

2.03 FINISH

- A. Back paint all sheet metal with asphaltum paint where sheet metal surfaces come in contact with masonry or steel.
- B. Flashing and fascia shall be painted where exposed to view from the ground. Galvanized steel shall be painted in accordance with Section 09 91 00–Painting. Aluminum shall be coated with a Kynar 500 coating system.

PART 3–EXECUTION

3.01 INSTALLATION

- A. Through-wall flashing shall be installed 1/2 inch back of the outside face of the wall, carried through the outside wythe, turned up in the collar, and adhered to back-up wall as shown on the drawings. At no time should any portion of the flashing be allowed to hang or drape beyond the width of the wall. All laps shall be sealed and shall not be less than 3 inches in width. Flashing around openings shall extend at least 3 inches beyond each side of opening.
- B. Fit flashing tight in place. Make corners square, surfaces true and straight in planes, and line accurate to profiles. Seal metal joints watertight.
- C. Secure flashings in place using concealed fasteners. Use exposed fasteners only where permitted by ENGINEER.
- D. Insert flashings into reglets where shown on the drawings. Seal flashings into reglets with sealant.
- E. Counter flashing shall be provided at all vertical masonry and/or concrete walls which extend above the roof line. The counter flashing shall be installed in a reglet unless otherwise shown. Surface-mounted reglets shall be used where noted.
- F. CONTRACTOR shall provide copper sleeves for hot pipes penetrating the roof as approved by the roofing manufacturer. The annular space between the sleeve and the pipe shall be packed with insulation capable of withstanding the maximum temperature of the pipe. CONTRACTOR to provide a galvanized steel rain collar welded to the hot pipe.

END OF SECTION

SECTION 07 71 00

MANUFACTURED ROOF SPECIALTIES

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included: Metal coping.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. SMACNA–Architectural Sheet Metal Manual.

1.03 SUBMITTALS

- A. Submittals shall comply with requirements of Section 01 33 00–Submittals.
- B. Submit sample panels for selection of anodized or Kynar 500 finish colors.

1.04 QUALITY ASSURANCE

- A. Perform work in accordance with SMACNA standard details.

1.05 WARRANTY

- A. Kynar 500 coating shall be provided with a 20-year guarantee against cracking, chipping, peeling, and fading.

PART 2–PRODUCTS

2.01 COPING

- A. Coping cap on masonry wall construction shall be constructed of 24 gauge Kynar-coated steel. Provide hold-down cleats or continuous clip and fully concealed joint covers. Provide mitered corners.
- B. Acceptable products include the following, or equal:
 - 1. PAC-LOC or TITE-LOC by Peterson Aluminum Corporation.
 - 2. Permasnap by the W.P. Hickman Company.

2.02 FINISHES

- A. Finish on all products shall be a 1.0 mil DFT two-coat factory-applied 70% Kynar 500 fluoropolymer coating over an epoxy prime coat. Colors shall be selected by OWNER. All exposed fasteners shall be provided with the same finish as the sheet metal products.

PART 3-EXECUTION

3.01 INSTALLATION

- A. Install components in accordance with the drawings and the manufacturer's instructions.
- B. Installation details shall be such as to allow for thermal expansion and contraction of the components and to provide for a complete weatherproof installation.

END OF SECTION

SECTION 07 22 33

ROOF HATCHES

PART 1—GENERAL

1.01 SUMMARY

- A. Work includes prefabricated roof hatches with integral support curb and operable hardware.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

PART 2—PRODUCTS

2.01 ROOF HATCHES

- A. Roof hatches shall consist of the following: a 12-inch-high, 11 gauge insulated aluminum curb with integral cap flashing of same material and thickness; an insulated cover with 11 gauge aluminum exterior liner, and 18 gauge aluminum interior liner; zinc-plated hinges, compression-spring operators, latches, and other associated hardware.
- B. Roof hatch shall have exterior aluminum or stainless steel padlock hasp.
- C. Acceptable manufacturers include the following, or equal: Bilco Company.

2.02 ACCESSORIES

- A. Provide Bilco Ladder-up, or equal, at all roof hatches which have a ladder access. Materials and finish shall be aluminum, mill finished.
- B. Where noted, provide handrail on underside of hatch leaf so that when open, the rail is an extension of the stair rail below.

PART 3—EXECUTION

3.01 INSTALLATION

- A. Install roof hatches in accordance with manufacturer's recommendations and Contract Drawings. Coordinate installation with roofing work of this division.

3.02 SCHEDULE

- A. The roof hatches are scheduled in the Door Schedule on the Drawings.

END OF SECTION

SECTION 07 84 00

FIRESTOPPING

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Silicone firestopping foam for sealing annular spaces around ductwork penetrations through fire-rated assemblies.
 - 2. Silicone firestopping sealant for sealing annular spaces around piping and conduit penetrations through fire-rated assemblies and to seal gaps at intersections of walls and floors/ceilings.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. UL 1479–Fire Tests of Through-Penetration Fire Stops.
- B. UL–Fire Hazard Classifications.

1.03 REGULATORY REQUIREMENTS

- A. Firestopping materials and installation shall conform to the 2018 International Building Code requirements, including fire-resistance ratings and surface-burning characteristics.
- B. Provide certificate of compliance from local building inspector indicating approval of firestopping materials and installation.

1.04 ENVIRONMENTAL REQUIREMENTS

- A. A small amount of hydrogen gas is released as the firestopping foam cures. Use forced-air ventilation when installing if areas of installation have less than 2 cubic feet of free air for each pound of liquid mixture being formed.

PART 2–PRODUCTS

2.01 FIRESTOPPING FOAM

- A. Firestopping foam for duct penetrations through fire-rated assemblies shall be a foamed-in-place silicone elastomer produced from two liquid components.
- B. Acceptable products include the following, or equal: Fire Barrier Rated Foam, FIP 1 Step by 3M Corporation.

2.02 FIRESTOPPING SEALANT

- A. Firestopping sealant for piping and conduit penetrations through fire-rated assemblies shall be a single-component silicone elastomer.
- B. Acceptable products include the following, or equal: Fire Barrier Silicone Sealant 2000 by 3M Corporation.

2.03 DAMMING MATERIAL

- A. Damming material shall be fire-resistant mineral fiber (if left in place) or other combustible material (if removed), as directed by the appropriate fire-tested designs.

2.04 PRIMER AND WRAP STRIP

- A. Primer for firestopping sealant shall be 3M Corporation, or equal.
- B. Wrap strip for firestopping sealant shall be 3M Fire Barrier FS-195 Wrap/Strip, or equal.

PART 3-EXECUTION

3.01 INSTALLATION

- A. Firestopping foam and sealant shall be applied according to manufacturer's written instructions and shall achieve a fire rating equal to rating of construction which is penetrated. Substrate shall be free of all combustible materials (except damming material for later removal), loose impediment, oil, and other free liquids.
- B. Install damming material to establish the thickness and hold the firestopping foam/sealant in place. Follow the manufacturer's installation instructions. All gaps or cracks left after damming materials are in place must be sealed.
- C. Firestopping Foam: Immediately after mixing, dispense liquid foam into the penetration opening in accordance with manufacturer's installation instructions. Do not overfill penetration openings with liquid foam. Foam expands approximately three times its original volume during cure. Follow manufacturer's guidelines. If the opening is not filled when the cured foam has completed its expansion, repeat the installation and cure procedure until the opening is filled to the desired level. Allow 15 minutes between application of each shot.
- D. Firestopping Sealant: Apply primer and wrap strip in accordance with manufacturer's instructions prior to installing sealant. Apply sealant to a minimum depth of 1 1/2 inches and with uniform density and texture.
- E. Remove combustible damming material after foam/sealant has cured. Noncombustible damming material may be left in place.

3.02 QUALITY CONTROL

- A. Firestopping Foam:
 - 1. Perform manufacturer's four-step in-line quality control check at least once daily and upon changing to a new lot of material in order to review performance of both dispensing

equipment and foam product prior to installing penetration seals. The four-step quality check includes evaluation for: snap time (cure rate); foam color and uniformity; foam cell structure; and foam density (weight).

2. Check cured penetration seal after 24-hour cure by removing damming materials to examine seal.
3. Cured foam should completely fill penetration. Fill all remaining gaps with freshly mixed foam or firestopping sealant.
4. Recheck after added material has cured 24 hours.
5. Damming materials required to achieve a fire rating must be returned to the penetration.
6. Clean up spills of liquid components with high-flash mineral spirit solvent, following manufacturer's instructions.
7. If necessary, trim excess cured foam with a sharp knife or blade.

B. Firestopping Sealant:

1. Check completed work for complete adhesion and seal 48 hours after sealant application.
2. Clean adjacent surfaces of excess sealant using a compatible solvent in accordance with the manufacturer's instructions.

END OF SECTION

SECTION 07 90 00
CAULKING AND SEALANTS

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included: Caulking and sealants on the project, including primers and backer rod material.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. ASTM C920–Elastomeric Joint Sealants.

1.03 SUBMITTALS

- A. Submittals shall comply with provisions of Section 01 33 00–Submittals.
- B. Submit color chart for each sealant used on project. Colors will be selected by ENGINEER.
- C. Submit copies of warranty.

1.04 WARRANTY

- A. Caulked joints shall be weathertight and guaranteed watertight by installer for two years from the earlier of either the date established for partial utilization in accordance with GC15.03 and 15.04, as modified in the Supplementary Conditions, or Substantial Completion of the project. Deliver original guarantee to OWNER with copies to ENGINEER.

PART 2–PRODUCTS

2.01 CAULK–NONSUBMERGED AND SUBMERGED NON-POTABLE APPLICATIONS–GENERAL

- A. Caulk for nonsubmerged and submerged non-potable water contact applications in all locations except floor joints shall be a one-part or two-part polyurethane sealant.
- B. Acceptable products include the following, or equal:
 - 1. Masterseal NP1 by Master Builders Solutions.
 - 2. Vulkem 116 by Tremco, Inc. (exterior applications only).
 - 3. Dymonic 100 by Tremco, Inc.
 - 4. Sikaflex-2c NS EZ Mix by Sika Products.

2.02 CAULK–NONSUBMERGED AND SUBMERGED NON-POTABLE APPLICATIONS–FLOOR JOINTS

- A. Caulk for floor joints in nonsubmerged and submerged non-potable water contact applications shall be a one-part, self-leveling, polyurethane sealant.
- B. Acceptable products include the following, or equal:
 - 1. MasterSeal SL1 by Master Builders Solutions.
 - 2. Vulkem 45 SSL by Tremco, Inc.
 - 3. Sikaflex-2c SL by Sika Products.

2.03 CAULK–SUBMERGED APPLICATIONS

- A. Caulk at vertical expansion joints in nonsubmerged and submerged non-potable water contact applications shall be a one-part or two-part polyurethane sealant.
- B. Caulk shall be capable of $\pm 50\%$ joint movement.
- C. Acceptable products include the following, or equal:
 - 1. Dymonic 100 by Tremco, Inc.
 - 2. Sikaflex-2c NS EZ Mix by Sika Products.

2.04 CAULK–EXPANSION JOINTS–FLOORS

- A. Caulk at floor expansion joints in nonsubmerged and submerged non-potable water contact applications shall be a one-part or two-part polyurethane sealant.
- B. Caulk shall be capable of $\pm 50\%$ joint movement.
- C. Acceptable products include the following, or equal: Sikaflex-2c SL by Sika Products.

2.05 CAULK–SUBMERGED POTABLE WATER CONTACT APPLICATIONS

- A. Caulk in all submerged potable water contact applications shall be an NSF/ANSI Standard 61-approved two-part, polysulfide base synthetic rubber sealant or a one-part or two-part polyurethane sealant.
- B. Acceptable products include the following, or equal:
 - 1. Thiokol 2235M by PolySpec.
 - 2. Sika Duoflex NS by Sika Products.
 - 3. Sikaflex-1A by Sika Products.
 - 4. Sikaflex-2c NS EZ Mix by Sika P.

2.06 ACCESSORIES

- A. Backer rod shall be flexible, closed-cell polyethylene rod stock sized to be under at least 25% compression when positioned in the joint. In shallow joints and where backer rod is not used, polyethylene bond breaker tape shall be used. It is essential that the caulk bond to the side of the joint but not to the base of the joint.

- B. Primer(s) shall be used where required by the manufacturer for the specific product(s) used and the specific application(s) intended. Specific product(s) shall be as recommended by the manufacturer.
- C. Cleaning fluid shall be methyl ethyl ketone (MEK), methyl isopropyl ketone (MIK), or similar solvent material which will not etch or mar metal finishes and shall be the product of a nationally recognized manufacturer, of type expressly recommended for use with the caulking or sealant compound used.

PART 3-EXECUTION

3.01 INSTALLATION

- A. Seal completely all joints around entire perimeter of all openings in all exterior walls (inside and outside faces), including joints at all exterior doors, windows, louvers, sills, and elsewhere as noted on the drawings and as necessary to seal all open joints in the building in a complete manner. Joints in exterior walls shall be caulked in a completely weathertight manner. Joints between interior walls and concrete ceilings and other interior joints shall be caulked as indicated on the drawings. Caulking not specified in other sections shall be performed under this heading.
- B. All caulking shall be done in accordance with manufacturer's specifications. Allow minimum 28-day curing period for concrete, grout, or mortar prior to caulking unless requested otherwise. Caulking work shall be done before the final coat of paint is applied except at moving joints which shall be finish painted before caulking or caulking shall be protected during painting. All caulking shall occur only when the temperature is above 40°F.
- C. Joints shall be thoroughly cleaned and primed before caulking in accordance with manufacturer's instructions. Unless otherwise shown, joints shall be square in cross section 1/2-inch by 1/2-inch and shall comply with manufacturer's joint width/depth ratio limitations.
- D. Backer rod shall be used in all openings 3/4 inch or more in depth and shall be tightly packed to completely fill the space to 1/2 inch back of face. The 1/2 inch shall then be filled with caulking compound.
- E. Caulking shall be done by hand gun. Compound shall be driven into joint grooves with sufficient pressure to force out all air and fill joint grooves solidly. Caulking where exposed shall be free of wrinkles and shall be uniformly smooth.
- F. At completion of caulking, clean off all excess material from adjoining surfaces and material. Entire installation shall be left in a perfect appearing weathertight condition.

END OF SECTION

SECTION 08 11 00

STANDARD STEEL DOORS AND FRAMES

PART 1–GENERAL

1.01 SUMMARY

- A. Work included: Thermally-insulated and fire-rated steel doors and frames.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. ANSI/SD1-100–Standard Steel Doors and Frames.
- B. UL 10B–Fire Tests of Door Assemblies.

1.03 SUBMITTALS

- A. Submittals shall be in accordance with provisions of Section 01 33 00–Submittals.
- B. In addition to shop drawings and product data, indicate type of primer paint to be used and verify compatibility with field paint system specified.

1.04 REGULATORY REQUIREMENTS

- A. Fire-Rated Door and Frame Construction: Conform to UL 10B.

PART 2–PRODUCTS

2.01 THERMALLY-INSULATED DOORS

- A. Thermally-insulated doors shall be hollow full flush, 1 3/4-inch-thick, 16 gauge steel sheet in accordance with ANSI/SD1-100 with polyurethane core rigid reinforcing full thickness.
- B. Acceptable products include the following, or equal:
 - 1. Ceko Imperial.
 - 2. Curries 707 Series.

2.02 FIRE-RATED DOORS

- A. Fire-rated doors shall be hollow full flush, 1 3/4-inch-thick, 16 gauge steel sheet in accordance with ANSI/SD1-100 with honeycomb or steel stiffened rib core for full thickness of door. Fire doors shall carry Underwriters label on the door.
- B. Acceptable products include the following, or equal:
 - 1. Ceko Regent.
 - 2. Curries 747 Series.

2.03 FABRICATION–DOORS

- A. Doors shall be fully-sealed, continuously-welded construction with all surface welds, joints, and seams filled and ground smooth.
- B. Tops and bottoms of doors shall be completely closed with 16 gauge channels. Outside edges of doors shall be flush without depressions. No inverted channels will be allowed.
- C. Mortise, reinforce, drill, and tap doors to receive hardware. Reinforcement shall be welded within the stiles and rails. Reinforce top rails to accommodate closers on either side and reinforce bottom for kickplate.
- D. All Underwriters fire doors shall be constructed to meet Underwriters Laboratories specific approval according to current procedure for the indicated class.
- E. Glass in exterior doors shall be 1 inch thick.

2.04 FRAMES

- A. Steel door frames shall be made of 14 gauge, cold-rolled, prime-quality steel in accordance with ANSI/SD1-100.
- B. Fire-rated frames shall carry Underwriters label on the frame.

2.05 FABRICATION–FRAMES

- A. Fabricate frames as welded unit. Weld joints continuously through full throat width of frames, including rabbets, soffits, and stops; grind, fill, dress, and make smooth, flush, and invisible.
- B. Welded frames shall be provided with two steel spreaders temporarily attached to the bottom of both jambs to serve as a brace during shipping and handling. Spreader bars are for bracing only and shall not be used to size the frame opening.
- C. Frames shall be 2 inches by 5 3/4 inches. Frames shall have 4-inch head member at 7 feet 0 inch doors in masonry walls.
- D. Fabricate frames with hardware reinforcement plates welded in place.
- E. All Underwriters fire-rated frames shall be constructed to meet Underwriters Laboratories specific approval according to current procedure for the indicated class.
- F. Provide anchors appropriate to wall type.
- G. Provide frames for all steel doors.

2.06 FINISH

- A. Doors and frames shall receive one coat of rust-inhibitive, shop-applied primer paint. Primer paint must be compatible with field-paint system specified.
- B. Frames shall be finish-painted as specified in Section 09 91 00–Painting prior to installation. This includes back sides of door frames.

PART 3-EXECUTION

3.01 INSTALLATION-FRAMES

- A. Install frames in accordance with ANSI/SD1-100.
- B. Coordinate installation of frames with wall construction for anchor placement.
- C. Coordinate installation of frames with installation of doors, hardware, joint sealers, and field painting.
- D. Set all frames as supplied by manufacturer.
- E. Frames in masonry walls shall be grouted full.

3.02 INSTALLATION-DOORS

- A. Install doors in accordance with ANSI/SD1-100.
- B. Coordinate installation of doors with installation of frames, hardware, glass and glazing, and field painting.
- C. Set all doors as supplied by manufacturer. Hang all doors allowing for expansion and contraction at time of setting.
- D. Set all hardware in accordance with templates as supplied by hardware supplier.
- E. Cover all exposed hardware until completion of painting and finishing.
- F. Examine hardware at completion; test, oil, grease, and adjust for perfect operation.

3.03 SCHEDULE

- A. See Door Schedule on drawings.

END OF SECTION

SECTION 08 17 43

FIBERGLASS DOORS AND ALUMINUM FRAMES

PART 1—GENERAL

1.01 SUMMARY

- A. Work includes thermally-insulated fiberglass doors and aluminum frames.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 WARRANTY

- A. Provide 10-year warranty on doors and frames signed by manufacturer, installer, and CONTRACTOR.

PART 2—PRODUCTS

2.01 FIBERGLASS DOORS

- A. Thermally-insulated fiberglass doors shall be 1 3/4 inches total thickness with a 1 1/2-inch rigid polyurethane core.
- B. Acceptable products include the following, or equal: Special-Lite, Inc., SL-17.

2.02 DOOR FRAMES

- A. Frames shall have 4-inch head member at 7 foot 0 inch doors in masonry walls.
- B. Aluminum frames shall be tube-type, minimum 0.125-inch-thick.

2.03 FABRICATION

- A. Face sheets shall be laminated to the polyurethane core. Face sheets shall be 0.120-inch-thick reinforced polyester. Face sheets shall be Spec Lite 3, Inc., as manufactured by Special-Lite, Inc.
- B. Stiles and rails shall be minimum 2 5/16 inches depth by 0.125-inch-thick aluminum, 6063-T5 aluminum alloy.
- C. All doors shall be mortised and reinforced to receive hardware.
- D. Frames shall be prepared for all door hardware.
- E. Door lights shall be factory installed and glazed prior to shipment. See Section 08 81 00-Glazing for lights.

2.04 FINISH

- A. Color of fiberglass door face sheets shall be chosen by OWNER from manufacturer's standard colors. Aluminum frames and door extrusions shall have a Kynar® two-coat finish chosen from manufacturer's standard, 20 color. Color as chosen by OWNER.

PART 3—EXECUTION

3.01 INSTALLATION

- A. Set all doors and frames as supplied by manufacturer. Use masonry anchors to support frame.
- B. Hang all doors allowing for expansion and contraction at time of setting.
- C. Set all hardware in accordance with templates as supplied by hardware supplier.
- D. Cover all exposed hardware until completion of painting and finishing.
- E. Examine hardware at completion; test, oil, grease, and adjust for perfect operation.

3.02 SCHEDULE

- A. See Door Schedule on the drawings.

END OF SECTION

SECTION 08 31 13

ACCESS DOORS AND FRAMES

PART 1—GENERAL

1.01 SUMMARY

- A. Work included: Aluminum floor doors and frame units.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

PART 2—PRODUCTS

2.01 ALUMINUM FLOOR DOORS AND FRAMES

- A. Acceptable products include the following, or equal: The Bilco Company, Type JD-H20 as scheduled.
- B. Type JD-H20 doors shall be designed to support an HS20 wheel load with a maximum deflection of 1/150 of span.
- C. Doors shall be constructed of stiffened 1/4-inch aluminum diamond-pattern plate.
- D. Channel frame for Type JD-H20 doors shall be 1/4-inch extruded aluminum with bend-down anchor tabs. A continuous EPDM gasket shall be mechanically attached to the frame around the entire perimeter.
- E. Hinges shall be through bolted to the door and frame with tamper-proof Type 316 stainless steel lock bolts.
- F. Provide 1 1/2-inch drain coupling located in corner of channel frame for Type JD-H20 doors.
- G. Type JD-H20 doors shall be equipped with required number and size of compression spring operators for door to operate easily and smoothly. Provide heavy-forged cam-action hinges to open door so edge of door does not open into channel.
- H. Provide hold-open arm that automatically locks in open position. Provide snap lock with fixed handle mounted to underside of cover. Provide removable exterior turn/lift handle with spring-loaded ball detent to open cover. All hardware shall be Type 316 stainless steel for corrosive environment.

2.02 FINISH

- A. Aluminum floor doors and frames shall have mill finish. Apply bituminous coating to portions of frames in contact with concrete.

2.03 ACCESSORIES

- A. All aluminum floor/door openings shall be fitted with a permanently installed, fall-through prevention grating system that is easily retractable for access to the opening below. Grating system shall be factory installed by access door manufacturer.
- B. Performance Characteristics:
 - 1. Grating panel(s) shall be high visibility safety yellow in color.
 - 2. Grating panel(s) shall lock automatically in the full open position.
 - 3. Grating system shall have a twenty-five year warranty.
 - 4. Grating panel(s) shall have a provision for locking to prevent unauthorized opening.
- C. Grating: Panels shall be aluminum with a powder coat paint finish and designed to meet OSHA 1926.502(c) and 1910.29 requirements for fall protection.
- D. Hold Open Feature: A Type 316 stainless hold open device shall be provided to lock the cover in the fully open 90 degree position.
- E. Hardware: All hardware shall be Type 316 stainless steel.

PART 3-EXECUTION

3.01 INSTALLATION

- A. Installation shall be in accordance with manufacturer's instructions and approved submittals. Locate units level, plumb, and in proper alignment with adjacent work.
- B. Provide piping from channel frames for Type JD-H20 floor doors from outlet to base of wall nearest floor drain or through wall to ground for tank structures. Terminate pipe in minimum 1 cubic foot of clear stone if termination is below ground.

3.02 ADJUSTING AND CLEANING

- A. Clean exposed surfaces using methods acceptable to the manufacturer that will not damage finish.
- B. Test units for proper function and adjust until proper operation is achieved.
- C. Repair finishes damaged during installation.
- D. Restore finishes so no evidence remains of corrective work.

3.03 SCHEDULE

- A. See Door Schedule on the drawings.

END OF SECTION

SECTION 08 33 23
OVERHEAD COILING DOORS

PART 1—GENERAL

1.01 SUMMARY

- A. Work includes insulated overhead coiling door with manual and electric operation, operating hardware, controls, and supports.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REGULATORY REQUIREMENTS

- A. Conform to the 2018 International Building Code for motor and motor control requirements.
- B. Products requiring electrical connection shall be listed and classified by Underwriters' Laboratories, Inc. as suitable for the purpose specified and indicated.

1.03 SUBMITTALS

- A. Submit under provision of Section 01 33 00—Submittals.
- B. Project-specific wiring diagrams for power, signal, and control.

PART 2—PRODUCTS

2.01 MANUFACTURERS

- A. Acceptable manufacturers include the following, or equal: Overhead Door Co. Series 625 Insulated Stormtite door, Raynor Series IF, or equal.

2.02 MATERIALS

- A. Curtain:
 - 1. Curtain slats shall be Type F-265I flat crown, pitch 2 5/8 inches, 0.040-inch aluminum. Back cover shall be 0.024-inch aluminum.
 - 2. Slat system shall be integral and foamed in place with polyurethane foam nominal 2-pound density applied between the slat and back cover, rising to bond the slat and back cover into an integral member with a thickness of 3/4 inch.
 - 3. End locks shall be used on alternate slats. Provide wind locks as required for 25 psf design wind load.
- B. Bottom Bar: The bottom bar shall be two aluminum angles, minimum thickness 1/8 inch, bolted back-to-back to reinforce the curtain in the guides, and have a loop-type weather seal.

- C. Guides:
1. Guides shall be three structural steel aluminum angles with a minimum thickness of 3/16 inch.
 2. Guides shall be equipped with full door height PVC weather seals contacting the exterior and interior curtain surfaces to minimize air flow.
 3. Guides shall be insulated full height and shall be equipped with wind lock bars to meet 25 psf design wind load.
- D. Brackets:
1. Brackets shall be minimum 3/16-inch-thick steel plate to support the barrel, counterbalance, and hood.
 2. Provide intermediate support brackets as necessary.
- E. Counterbalance:
1. Counterbalance shall be helical torsion springs housed in a steel pipe barrel, supporting the curtain with a deflection limited to 0.03 inch per foot of width.
 2. Counterbalance shall be adjustable by means of an external adjusting tension wheel and designed for minimum 20,000 cycles.
- F. Hood:
1. The hood shall be aluminum minimum.
 2. The hood shall have an internal baffle and an external lintel baffle to retard air infiltration.
- G. Locking: Manual chain hoist-operated doors shall have chain-keeper locks suitable for padlocking.
- H. Manual Operator: Chain hoist.
- I. Electric Components:
1. Electric operator shall be Model RHX Explosion Proof by Overhead Door Corp., or equal, in Class I Division 1 locations. Operator shall be 1/2 horsepower, 115 volts, single-phase. Operator shall be equipped with quick-release equipment for manual operation in case of emergency or power failure.
 2. Provide one interior NEMA 7 3-button control station for each door, open/close/stop, 24-volt circuit in Class I Division 1 locations.
 3. Each door with electric operator shall have electric sensing edge to stop and reverse the door upon contacting an object while closing. Sensing edge shall be powered from the electric operator and monitored in accordance with UL 325:2010. Sensing edge shall be as manufactured by Miller Edge Model MGO20Y, with 25 feet of factory-provided cable, or equal. When used with explosionproof electric operators in Class I rated spaces, provide intrinsically safe NEMA 7 control panel, Miller Edge Model FSIS-25-4, or equal.
 4. Interior operator and controls for doors as noted on schedule shall be NEMA 7 Class 1, Division 1, Group D, explosionproof construction in Class I Division 1 locations. All devices and controls shall be provided by door manufacturer and be powered from control panel transformer(s) provided with the unit. If CONTRACTOR provides intrinsically safe controls, all boxes and enclosures, including intrinsically safe control stations shall be NEMA 4X.
 5. Overhead door operator shall be configured to accept a maintained dry contact signal from the SCADA system for remote open/close control of the door. The door shall remain open until the maintained contact is de-energized. Interior 3-button control station shall

operate in parallel with the controls from the SCADA system such that either system will control the overhead door.

6. Overhead door operator shall be provided with auxiliary dry contacts for remote indication of door open and door closed status at the SCADA system.

2.03 FINISHES

- A. The curtain and hood shall receive a UV-resistant powder-coat finish with color selected from manufacturer's standard colors.
- B. All nongalvanized, exposed ferrous surfaces shall receive one coat of manufacturer's standard factory-applied rust-inhibitive primer compatible with field paint.
- C. All nongalvanized, ferrous surfaces that will become inaccessible after installation shall be finish painted as specified in Section 09 91 00—Painting prior to installation.

PART 3—EXECUTION

3.01 INSTALLATION

- A. Door shall be installed in accordance with manufacturer's instructions and standards by an authorized representative.
- B. Upon completion of installation, operating devices and controls shall be adjusted and lubricated to operate properly.

3.02 SCHEDULE

- A. See Door Schedule on the drawings.

END OF SECTION

SECTION 08 39 19

WATERTIGHT DOORS

PART 1–GENERAL

1.01 SUMMARY

- A. Work included:
 - 1. Steel Flood Secure Doors suitable for full height flood protection against on-seating water pressure
 - 2. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.
- B. Submittals shall be in accordance with provisions of Section 01 33 00–Submittals.
- C. Submit the following:
 - 1. Manufacturers data including installation and maintenance instructions.
 - 2. Calculations proving the barriers' ability to withstand the design pressure loading.
 - 3. Dimensional plans and elevations, sections, connections and anchorage, and parts list.

1.02 REFERENCE STANDARDS

- A. ASCE/ SEI 24-05, 6.2 Dry Proofing
- B. ASCE 24-14 (Flood Resistant Design and Construction)
- C. FEMA Technical Bulletin 3-93 Non-Residential Flood proofing
- D. FEMA Flood Proofing Non-Residential Structures #102
- E. FEMA Recommendations on Dry Proofing
- F. NFIP Title 44 US Code of Federal Regulations, Section 60.3
- G. SEI / ASCE 7-16 – Minimum Design Loads for Buildings and other Structures
- H. AISE Manual and Specifications

1.03 QUALIFICATIONS

- A. The manufacturer of the flood doors shall have provided flood doors on at least five (5) installations similar to the requirements of this project.
- B. Vendor must demonstrate compliance and certification of a Quality Management System administered by the International Organization for Standardization (ISO 9001). Documentation of current certification status to be provided upon request.

1.04 REQUIREMENTS

- A. Hydrostatic Pressure Resistance—Flood Doors shall conform to the criteria for resisting lateral forces due to hydrostatic pressure from Freestanding Water as set forth by FEMA Technical Bulletin 3-93.
- B. Force Resistance—Flood Doors shall conform to the criteria for resisting lateral forces due to moving flood waters at a minimum Velocity of 8 Feet per second, unless otherwise noted, as set forth by FEMA Technical Bulletin 3-93.
- C. Debris Impact Force Resistance—Flood Doors shall conform to the criteria for resisting a 1000-pound object at minimum Velocity of 8 Feet per second unless otherwise noted, as prescribed by FEMA Technical Bulletin 3-9.

1.05 PERFORMANCE

- A. The flood doors are to withstand the design forces as outlined in this document, up to full height flood protection as standard.
- B. The maximum amount of leakage to be permitted through the flood door is to be 0.08 gallons / foot (width) / hour.

PART 2—PRODUCTS

2.01 MANUFACTURERS

- A. Basis of Design is 'Flood Secure Door' as supplied by Flood Control International Inc, 7 Elk Street, Lower Level, New York, or equal.

2.02 REQUIREMENT AND FEATURES

- A. Flood door shall provide an effective seal against short term and long term high water situations, to the protection level indicated on the drawings, up to full height of door. Flood heights above top of door may be accommodated subject to confirmation of details.
- B. The flood door shall incorporate a secure three-point locking system.
- C. The flood door shall use an adjustable gasket retainer around the perimeter of the frame. Provide a 3/4-inch raised threshold across the opening. Gaskets shall be easily replaceable.
- D. The flood door shall incorporate a door closer, such that it locks/ seals when closed with no secondary operation required to make the door floodproof.
- E. The flood door shall incorporate dog-bolt protection to prevent removal even if hinges are cut.
- F. The door is to be outward opening.
- G. Double doors shall incorporate a fully removable center mullion.

2.03 MATERIALS

- A. Door Leaf– Steel framed door, 2 1/8-inches thick, 1/16-inch Zintec steel skins and insulated core.
- B. Door Frame–3/16-inch pressed carbon steel profile. Security strip to outside perimeter of door.
- C. Sills–Carbon steel not less than 0.25 inches in thickness.
- D. Hinges–Each leaf to be hung on a minimum of 3nr HD stainless steel hinges. Hinges to incorporate 'dog bolt' protection.
- E. Sill–As frame profile. Total upstand of seal retainer and ground fixing plate 3/4 inch.
- F. Finish on gate ends and panel to be polyester powder coat. Color to be selected by OWNER.
- G. Gaskets– Adjustable seal holder with shaped skinned EPDM rubber gasket. Gasket position fixed after fitment of door and frame to provide watertight seal and correct compression when closed. All gaskets shall be field replaceable.
- H. Fasteners–All anchor bolts shall be stainless steel Hilti load-rated fixings.
- I. Sealants–Sealants shall be a one part polysulphide gun-applied sealant and shall be compatible with all substrates and field applied in accordance with the manufacturers' recommendations.

2.04 HARDWARE

- A. Three-point locking system to be Surelock McGill 'Slimline' system.
- B. External access options include: no access / keyed handle (standard) / electronic locking with emergency keyed override.
- C. Internal options include: emergency escape bar(standard) / lever handle / push pad.
- D. For double doors, the passive leaf is bolted to the removable center mullion.
- E. Heavy duty door closer to Active Leaf.
- F. Various key / cylinder options are available. Where client suited cylinders are required, these are to be provided at commencement of manufacture to be incorporated into locking system at manufacture.

PART 3–EXECUTION

3.01 EXAMINATION / PREPARATION

- A. Do not begin installation until substrates have been properly prepared.
- B. Surfaces to be clean solid and free from water and grease prior to fitting.

- C. Base materials shall be checked to be able to withstand the forces applied by the flood doors.

3.02 INSTALLATION

- A. Install in accordance with manufacturer's installation instructions, approved shop drawings, shipping, handling and storage instructions.
- B. Doors shall be installed level, square, plumb and rigid.
- C. Only the designed and provided fixings are to be used in accordance with manufacturers' installation instructions.
- D. Sealants to be applied per product application directions and in accordance with manufacturers' instructions.

3.03 FIELD QUALITY CONTROL

- A. Flood door to be operated and field verified including the sealing surfaces to check they maintain the correct level of contact at all points.
- B. A 'paper pull-out test' to be performed on all sealing surfaces to verify a tight fit.
- C. Verify that the door operates freely without undue force in swinging in both directions.
- D. Verify all anchors are installed correctly.

END OF SECTION

SECTION 08 62 50

GLASS GLAZED SKYLIGHTS

PART 1—GENERAL

1.01 SUMMARY

- A. This Section includes the following: Aluminum-framed square pyramid skylights.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 PERFORMANCE REQUIREMENTS

- A. General: Provide metal-framed skylights capable of withstanding loads and thermal and structural movements indicated without failure. Failure includes the following:
 - 1. Deflection exceeding specified limits.
 - 2. Thermal stresses transferred to the building structure.
 - 3. Skylight framing members transferring stresses, including those caused by thermal and structural movement, to glazing.
 - 4. Weakening of fasteners, attachments, and other components.
- B. Deflection Limits: As follows: Deflection of the entire length of framing members in direction normal to glazing plane is limited to 1/175 of clear span.
- C. Lateral Support: Compression flanges 75% of flexural members requiring lateral be laterally braced by cross members with minimum depths equal to flexural member depth and by anchors to the building structure. Glazing material does not provide lateral support.
- D. Structural Loads: Provide metal-framed skylights, including anchorage, capable of withstanding the effects of the following design loads when supporting full dead loads:
 - 1. Roof Loads.
 - a. Concentrated Load: 250 pounds applied to framing members at location that produces the most severe stress or deflection.
 - b. Snow Loads: As indicated.
 - c. Roof Loads: As indicated.
 - 2. Seismic Loads: As indicated.
- E. Structural Performance: Provide metal-framed skylights, including anchorage, capable of withstanding test pressure indicated without material and deflection failures and permanent deformation of structural members exceeding 0.2 percent of span when tested according to ASTM E 330. Test Pressure: 60 psf of positive and 30 psf of negative wind-load design pressures.
- F. Thermal Movement: Provide metal-framed skylights that allow for thermal movements resulting from the following maximum change (range) in ambient temperatures by preventing buckling, sealant failure, and other detrimental effects. Temperature Change (Range): 100°F.

- G. Air Infiltration: Provide metal-framed skylights with maximum air leakage of 0.06 cfm/sq. ft. (0.03 L/s per sq. m) of surface when tested according to ASTM E 283 at a minimum static-air-pressure differential of 6.24lb/sq. ft. (300 Pa).
- H. Water Penetration: Provide metal-framed skylights that do not evidence water penetration when tested according to ASTM E 331 at a minimum differential static pressure of 20 percent of positive design wind pressure, but not less than 12 lb/sq. ft. (718 Pa).
- I. Condensation Resistance: Provide aluminum-framed systems that when tested with fixed glazing, have a frame condensation-resistance factor (CRF) of not less than 45 when tested according to AAMA 1503 when clear over clear insulated glass is used.

1.03 SUBMITTALS

- A. Comply with Section 01 33 00–Submittals.
- B. Product Data: Include construction details, material descriptions, dimensions and profiles of components, and finishes for metal-framed skylights.
- C. Shop Drawings: For metal-framed skylights. Include plans, elevations, sections, details, and attachments to other work as required.
- D. Samples for Initial Selection: Manufacturer's color charts consisting of sections of units showing the full range of colors available for factory-finished aluminum.
- E. Samples for Verification: Provide 12-inch-long sections of extrusions or formed shapes in same thickness and material indicated for the Work. Mill finished sampler to be provided on piece of 2-inch by 3-inch aluminum sheet.
- F. Installer Certificates: If required, signed by manufacturer certifying that installers comply with requirements.
- G. Product Test Reports: From a qualified testing agency indicating skylights comply with requirements, based on comprehensive testing of current products.
- H. Sealant Compatibility and Adhesion Test Reports: From sealant manufacturer indicating that materials forming joint substrates and joint sealant backings have been tested for compatibility and adhesion with sealants; include sealant manufacturer's interpretation of test results for sealant performance and recommendations for primers and substrate preparation needed for adhesion.

1.04 QUALITY ASSURANCE

- A. Installer Qualifications: An experienced installer who has specialized in installing metal-framed skylights similar to those indicated for this Project and who is acceptable to manufacturer.
- B. Professional Engineer Qualifications: A professional engineer who is experienced in providing engineering services of the kind indicated. Engineering services are defined as those performed for installations of skylights that are similar to those indicated for this Project in material, design, and extent.

- C. Testing Agency Qualifications: An independent testing agency with the experience and capability to conduct the testing indicated, as documented according to ASTM E 548.
- D. Pre-construction Testing: Not required.
- E. Pre-construction Sealant Compatibility and Adhesion Testing: Not required.
- F. Welding: Qualify procedures and personnel according to AWS D1.2, "Structural Welding Code--Aluminum."

1.05 PROJECT CONDITIONS

- A. Field Measurements: Where metal-framed skylights are indicated to fit to other construction, verify dimensions of other construction by field measurements before fabrication and indicate measurements on Shop Drawings. Coordinate fabrication schedule with construction progress to avoid delaying the Work. Established Dimensions: Where field measurements cannot be made without delaying the Work, establish dimensions and proceed with fabricating skylights without field measurements. Coordinate construction so that actual dimensions correspond to established dimensions.

1.06 WARRANTY

- A. Warranty: Written warranty, executed by manufacturer agreeing to repair or replace components of metal-framed skylights that fail in materials or workmanship within specified warranty period. Failures include, but are not limited to, the following:
 - 1. Structural failures.
 - 2. Failure of systems to meet performance requirements.
 - 3. Deterioration of metals, metal finishes, and other materials beyond normal weathering.
 - 4. Water leakage; defined as uncontrolled water appearing on normally exposed interior surfaces of skylights from sources other than condensation, resulting from defects in skylight materials or workmanship. (Water controlled by flashing and gutters and drained back to the exterior and that cannot damage adjacent materials or finishes is not water leakage). Water leakage resulting from improper installations not part of this warranty.
 - 5. Warranty Period: Five years from date of shipment from the manufacturer.
- B. Glass Warranty: Provide written warranty signed by manufacturer agreeing to repair or replace work that has or develops defects in the insulating glass. "Defects" is defined as seal failure or delamination.
- C. Warranty Period for Insulating or Laminated Glass: Five years from date of shipment.

PART 2--PRODUCTS

2.01 MANUFACTURERS

- A. Manufacturers: Subject to compliance with requirements, provide model CCPQ Square Pyramid Skylight by Wasco Products, Inc., Commercial Division, Sanford, ME (800-388-0293), or equal.

2.02 FRAMING MATERIALS

- A. Framing Members: Extruded aluminum alloy 6063-T5 or T6, ASTM B 221 with minimum effective thickness of 0.109 inch. Provide integral condensation gutter system with comers fully welded for waterproof quality. Sill frame to have glass fiber reinforced polymer thermal break. Poured and de-bridged polyurethane thermal breaks are not acceptable.
- B. Exterior Pressure Caps: Extruded aluminum alloy 6063-T5 or T6, ASTM B 221 with minimum effective thickness of 0.090 inch.
- C. Concealed Flashing: Manufacturer's standard corrosion-resistant, non-staining, non-bleeding flashing; compatible with adjacent materials.
- D. Exposed Flashing and Closures: Aluminum sheet alloy and temper of 1100-H14, thickness as required for proper performance.
 - 1. Minimum Thickness: 0.032-inch apron flashing.
 - 2. Minimum Thickness: 0.062-inch closures.
- E. Fasteners and Accessories: Manufacturer's standard corrosion-resistant, non-staining, non-bleeding fasteners and accessories; compatible with adjacent materials.
 - 1. Aluminum Retaining Cap Fasteners and Framing Members Fasteners: ASTM A 193/A 193M, Series 300 stainless-steel screws; type as recommended by manufacturer.
 - 2. Connections to Supporting Structure: Series 300 Stainless Steel or ASTM A 307, hot dipped galvanized steel fasteners by installer.
- F. Framing-System Sealants: Single-component, non-sag, high performance, non-priming, gun-grade elastomeric polyurethane sealant furnished by skylight manufacturer.
 - 1. Sealant complies with ASTM C920, Type S, Grade NS, Class 25, Use T, NT, M, A, G, and O. Canadian Specification CAN/CGSB-19.13-M87, Classification MCG-2-25-A-N.
 - 2. Sealant conforms to USDA approval standards.
 - 3. Color: Gray or Dark Bronze.
- G. Bituminous Paint: Cold-applied asphalt mastic paint complying with SSPC-Paint 12, except containing no asbestos, and formulated for 30-mil thickness per coat.

2.03 GLAZING MATERIALS

- A. Insulating Glass: 1 1/8 inch consisting of 1/4-inch clear tempered exterior lite, 1/2-inch sealed air space and 3/8-inch clear laminated safety glass interior lite. (*Other as required-specify). Laminated interior lite shall consist of two 3/16-inch lites separated by 0.03-inch white PVB layer.

*Glass must meet the requirements of the AAMA for the project.

- B. Glazing Gaskets: Manufacturer's proprietary pressure-glazing gaskets of elastomer type and hardness selected by the skylight manufacturer to comply with requirements. Glazing gaskets to be extruded thermoplastic elastomer by the skylight manufacturer.
- C. Spacers, Edge Blocks, and Setting Blocks: Manufacturer's standard permanent non-migrating type of elastomer type and hardness selected to comply with requirements. Spacers, Edge Blocks, and Setting Blocks to be extruded thermoplastic elastomer by the skylight manufacturer.

- D. Glazing Weatherseal Sealant: Neutral-curing silicone sealant recommended by skylight and sealant manufacturers for this use and furnished by skylight manufacturer.
 - 1. Sealant is capable of withstanding 50 percent movement in both extension and compression (total of 100 percent movement) when tested for adhesion and cohesion under maximum cyclic movement according to ASTM C 719.
 - 2. Sealant complies with ASTM C 920 for Type S, Grade NS, Class 25, Uses NT, G, A, and, as applicable to substrates including other sealants with which it comes in contact, O.
 - 3. Color: Black.
- E. Flashing Sealant: Single-component, non-sag, high performance, non-priming, gun-grade elastomeric polyurethane sealant furnished by skylight manufacturer.
 - 4. Sealant complies with ASTM C920, Type S, Grade NS, Class 25, Use T, NT, M, A, G, and O. Canadian Specification CAN/CGSB-19.13-M87, Classification MCG-2-25-A-N.
 - 5. Sealant conforms to USDA approval standards.
 - 6. Color: Gray or Dark Bronze.

2.04 FABRICATION

- A. Framing Components: As follows:
 - 1. Factory fit and assemble components, where practical.
 - 2. Glaze units where size allows.
 - 3. Fabricate components that, when assembled, will have accurately fitted joints with ends coped or mitered to produce hairline joints free of burrs and distortion.
 - 4. Fabricate components to drain water passing joints and to drain condensation and moisture occurring or migrating within skylight system to the exterior.
 - 5. Fabricate components to accommodate expansion, contraction, and field adjustment, and to provide for minimum clearance and shimming at skylight perimeter.
 - 6. Fabricate components so that glazing is thermally and physically isolated from framing members.
 - 7. Form shapes with sharp profiles, straight and free of defects or deformations, before finishing.
 - 8. Fit and assemble components to greatest extent practicable before finishing.
 - 9. Fit and secure joints by heliarc welding.
 - 10. Reinforce members as required to retain fastener threads.
 - 11. Attach retainer bars with gasketed stainless steel fasteners spaced at a maximum of 12 inches on center.
 - 12. Weld components before finishing and in concealed locations to greatest extent practicable to minimize distortion.
 - 13. Before shipping, shop assemble, mark, and disassemble components that cannot be permanently shop assembled.
- A. Provide continuous aluminum curb with weatherproof splice joints and locked and sealed or fully welded corners. Locate weep holes in the curb at each rafter connection to drain condensation.
- B. Prepare framing to receive anchor and connection devices and fasteners.
- C. Field Glazing: Locate and size extruded elastomeric setting blocks and spacers in accordance with the glazing manufacturer's recommendations. At no point shall the glazing come in contact with the skylight frame or fasteners.

2.05 ALUMINUM FINISHES

- A. General: Comply with NAAMM's "Metal Finishes Manual for Architectural and Metal Products" for recommendations for applying and designating finishes.
- A. Finish designations prefixed by AA comply with the system established by the Aluminum Association for designating aluminum finishes.
- B. Class I, Color Anodic Finish: AA-M10C22A42/A44 (Mechanical Finish: as fabricated; Chemical Finish: etched, medium matte; Anodic Coating: Architectural Class I, integrally colored or electrolytically deposited color coating 0.7 mil or thicker) complying with AAMA 606.1 or AAMA 608.1. Color: To be selected by OWNER.

PART 3-EXECUTION

3.01 EXAMINATION

- A. Examine substrates and conditions, with Installer present, for compliance with requirements for installation tolerances and other conditions affecting skylight performance. Proceed with installation only after unsatisfactory conditions have been corrected.

3.02 PREPARATION

- A. Metal Protection as follows:
 - 1. Where aluminum will contact dissimilar metals, protect against galvanic action by painting contact surfaces with primer or by applying sealant or tape recommended by manufacturer for this purpose.
 - 2. Where aluminum will contact concrete or masonry, protect against corrosion by painting contact surfaces with bituminous paint.
 - 3. Where aluminum will contact pressure-treated wood, separate dissimilar materials by methods recommended by manufacturer.

3.03 INSTALLATION

- A. General: Comply with manufacturer's written instructions for protecting, handling, and installing skylight components.
 - 1. Fit frame joints to produce hairline joints free of burrs and distortion.
 - 2. Rigidly secure non-movement joints.
 - 3. Accommodate thermal and mechanical movements.
 - 4. Install framing components to drain water passing joints and to drain condensation and moisture occurring or migrating within skylight system to the exterior.
 - 5. Coordinate installation of flashings at skylight perimeters to maintain continuity of water barriers.
 - 6. Set continuous curbs and flashings in a full sealant bed, unless otherwise indicated.
 - 7. Comply with requirements in Specification Section 07 90 00-Caulking and Sealants.

- B. Erection Tolerances: Install skylight components true in plane, accurately aligned, and without warp or rack. Adjust framing to comply with the following tolerances:
 - 1. Variation from Plane: Limit variation from plane or location shown to 1/8 inch in 10 feet; 1/4 inch over total length.
 - 2. Alignment: Where surfaces abut in line and at corners and where surfaces are separated by less than 3 inches, limit offset from true alignment to less than 1/32 inch; otherwise, limit offset from true alignment to 1/8 inch.
- C. Field Glazing: Locate and size extruded elastomeric setting blocks and spacers in accordance with the glazing manufacturer's recommendations. At no point shall the glazing come in contact with the skylight frame or fasteners
- D. Install secondary-sealant weatherseal according to sealant manufacturer's written instructions to provide weatherproof joints. Install joint fillers behind sealant as recommended by sealant manufacturer.

3.04 CLEANING

- A. Clean skylights inside and outside, immediately after installation and after sealants have cured, according to manufacturer's written recommendations. Remove temporary protective coverings and strippable coatings from pre-finished metal surfaces. Remove labels and markings from all components.
- B. Remove excess sealant according to sealant manufacturer's written recommendations.

END OF SECTION

SECTION 08 71 00

DOOR HARDWARE

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Hardware to fully equip all doors.
 - 2. Thresholds and weatherstripping.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. NFPA 80–Fire Doors and Windows.

1.03 REGULATORY REQUIREMENTS

- A. Hardware shall conform to the 2018 International Building Code for requirements applicable to fire-rated doors and frames. Hardware shall comply with NFPA 80 and shall be properly stamped or labeled for easy identification.
- B. Hardware shall comply with barrier-free requirements.

PART 2–PRODUCTS

2.01 LOCKSETS AND LATCHSETS

- A. Marine grade mortise locksets and latchsets with stainless steel (ss) finish, as indicated in Paragraph 3.02 Schedule shall be Accurate Lock 9100M Series, Schwepper 3800 Series, or equal.
- B. Mortise locksets and latchsets with stainless steel (ss) finish, as indicated in Paragraph 3.02 Schedule shall be Sargent mortise type Series 8200 line, Style L, Schlage L9000 Series, or equal.
- C. Locksets and latchsets without stainless steel (ss) finish shall be Sargent cylindrical type Series 10L, Schlage D Line, Best Access Systems 9K Series, or equal.
- D. Locksets and latchsets shall have 2 3/4-inch backset. Strikes shall be curved lip.
- E. Lockset and latchset numbers listed in Paragraph 3.02 Schedule are Sargent or Accurate (listed first) followed by Schlage or Schwepper number (listed second in parentheses).
- F. Provide removable core brass 6- or 7-pin cylinders for all locksets and latchsets.

2.02 EXIT DEVICES

- A. Exit devices shall be Sargent 8813 x ETL Series, or equal, and shall be equipped with reinforced cross bars and functions as indicated on the hardware sets. The exit device shall be operated by a lockable lever from the exterior side.

2.03 HINGES

- A. Butt hinges shall be Stanley FBB 191, Hager BB 1191, or equal, full mortise, ball bearing, nonferrous, nonremoveable, loose pin, and flat bottom tip, unless otherwise specified. Provide three 4 1/2-inch by 4 1/2-inch hinges per door for doors 7 feet or less in height with one additional hinge for each additional 30 inches or fraction thereof, unless otherwise specified. Provide additional hinges or heavyweight hinges for all doors that are over 36 inches wide, unless specified otherwise. Finish on aluminum entrance doors shall match framing.

2.04 DOOR CLOSERS

- A. Door closers shall be LCN Series 1460 or 4110 for exterior doors and 1461 for interior doors, or equal. Provide aluminum finish on closers. Provide full covers. Door closers for locations noted as (ss) shall have the SRI primer for corrosion resistance. Door closers specified in paragraph 3.02 are LCN. (H-Hold Open).

2.05 KICKPLATES

- A. Kickplates shall be Rockwood, or equal, 6 inches high. Kickplate width shall be 2 inches less than door width.

2.06 DOOR STOPS

- A. Provide wall- or floor-mounted door stops at all interior doors. Stops shall be Glynn Johnson GJFB-13, GJ60C, or GJ60W for locations noted as (ss), or equal.

2.07 THRESHOLD AND WEATHERSTRIPPING

- A. All exterior doors shall be weatherstripped with Reese DS75, National Guard Products, Inc. 156, or equal, weatherstripping. Provide Reese 323C, Pemko 315AN, or equal, sweeps; and Reese S425A, Pemko 171A (provide Reese S439A, Pemko 273A, for areas with thicker flooring on one side), or equal, thresholds. Exterior doors without mullion shall have Reese No. 87, Pemko 352A, or equal, positive sealing astragal.

2.08 KEYING

- A. Door keys shall be keyed per OWNER requirements. Provide two keys per lock. Doors shall have temporary construction cylinders. Provide permanent cylinders at project completion.

2.09 LATCH PROTECTION PLATE

- A. Latch protection plate shall be 3 inches by 11 inches for use with cylindrical or mortised locksets with a 2 3/4-inch backset. Protection plate shall be steel with finish to match door hardware, Hager 345D, or equal.

2.10 ELECTRIC STRIKE

- A. Electric strike shall be HES 1006 J option for standard cylindrical locks. Provide with 12-volt DC continuous operation.

2.11 FINISH

- A. Finish for all hardware, except as noted below, shall be US 26D or US 32D where stainless steel (ss) hardware is specified in paragraph 2.
- B. Finish for surface bolts shall be US 26D; finish for kickplates shall be 32D.
- C. Where stainless steel (ss) is specified, all hardware, including threshold and weatherstripping, shall be installed with stainless steel fasteners.

PART 3-EXECUTION

3.01 INSTALLATION

- A. Provide finish hardware to fully equip all doors.
- B. Install hardware in accordance with manufacturer's instructions.

3.02 SCHEDULE

- A. Provide the following hardware groups in the amounts indicated on the door schedule or required for a complete and proper installation:

Group 1

Lockset-8205LNL (SS) (L9050)
Door Closer-1460 (SS)
(Parallel Arm)
Hinges and Kickplate (SS)
Electric Strike
Latch Protection Plate

Group 2

Lockset-9124M (SS) (3811 wc)
Door Closer-1460 (SS) (Parallel Arm)
Hinges and Kickplate (SS)
Electric Strike
Latch Protection Plate

Group 3

Lockset 8215LNL (SS) (L9010)
Door Closer-1460 BF (SS) (Regular Arm)
Hinges and Kickplate (SS)

Group 4

Lockset 9125M (ss) (3811F)
Door Closer–1460 BF (SS) (Regular Arm)
Hinges and Kickplate (SS)

Group 5

Lockset 10U65 (ND40S)
Hinges

Group 6

Exit Device 8813 ETL
Door Closer–1460 BF (Regular arm)
Hinges and Kickplates

Group 7

Lockset 8205LNL (SS) (L9050)
Door Closer–1460 (SS)
Hinges and Kickplate
Latch Protection Plate

Group 8

Lockset 124M (SS) (3811 WC)
Door Closer–1460 (SS) (Parallel Arm)
Hinges and Kickplate (SS)
Latch Protection Plate

END OF SECTION

SECTION 08 81 00

GLAZING

PART 1–GENERAL

1.01 SUMMARY

- A. Work includes mirror glass.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

PART 2–PRODUCTS

2.01 MIRROR GLASS

- A. Mirror glass shall be Type 1, Class 1, Quality q², 1/4-inch thick.

PART 3–EXECUTION

3.01 INSTALLATION

- A. Comply with “Glazing Manual” by Glass Association of North America (GANA), except as specifically recommended otherwise by manufacturers of the glass and glazing materials.

END OF SECTION

SECTION 09 91 00

PAINTING

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included: Surface preparation and application of paints and coatings.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. ASTM B117—Standard Practice for Operating Salt Spray (Fog) Apparatus.
- B. ASTM D2247—Standard Practice for Testing Water Resistance of Coatings in 100 % Relative Humidity.
- C. ASTM D3363—Standard Test Method for Film Hardness by Pencil Test.
- D. ASTM D4060—Standard Test Method for Abrasion Resistance of Organic Coatings by the Taber Abraser.
- E. ASTM D4541—Standard Test Method for Pull-Off Strength of Coatings Using Portable Adhesion Testers.
- F. ASTM D4585—Standard Practice for Testing Water Resistance of Coatings Using Controlled Condensation.
- G. Federal Register—Code of Federal Regulations (CFR).
- H. Federal Register—Resource Conservation and Recovery Act (RCRA).
- I. Federal Register—Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA).
- J. ICRI—International Concrete Repair Institute.
- K. NACE—National Association of Corrosion Engineers.
- L. SSPC—The Society for Protective Coatings—Steel Structures Painting Manual.

1.03 SUBMITTALS

- A. Submittals shall be in accordance with provisions of Section 01 33 00—Submittals.
- B. Shop primer proposed for use shall be submitted with all material and equipment submittals. All shop primers shall be of the same generic type and quality as those specified herein.

- C. Submit manufacturer's Safety Data Sheets (SDS) for each type of paint with each shop drawing submittal. SDS sheets shall be posted at the construction site at all times painting is in progress.
- D. Substitution submittals shall include performance test data, as certified by a qualified testing laboratory, for the ASTM tests specified in Paragraph 2.01.

1.04 QUALITY ASSURANCE

- A. Regulatory Requirements: All paints, surface preparation, and application methods shall conform to federal requirements for allowable exposure to lead and other hazardous substances.
- B. Prepainting Meeting:
 - 1. A prepainting meeting shall be held immediately following the project preconstruction conference. The prepainting meeting is to be held prior to any material and equipment that requires painting is delivered to the site.
 - 2. CONTRACTOR, the paint subcontractor, and the paint manufacturer's representative shall be present to review the specifications and project scope.
 - 3. The paint manufacturer's representative shall review progress at the site as requested by ENGINEER. These are generally expected to be prior to monthly progress meetings.

1.05 FIELD QUALITY CONTROL

- A. Furnish testing apparatus as applicable for observing surface preparation, testing atmospheric conditions and testing coatings, prior to beginning surface preparation. Provide the following apparatus:
 - 1. One set of U.S. Department of Commerce thickness calibration plates, certified by the National Bureau of Standards, to test dry film thickness.
 - 2. One wet-film thickness gauge.
 - 3. One dry-film thickness gauge, Mikrotest III, 0-40 mils with calibration standard approved by the Bureau of Standards.
 - 4. One Bacharach Sling Psychrometer, Model 12-7011.
 - 5. Tinker and Razor Model M-1 Holiday Detector and recommended wetting agent.
 - 6. One set of SSPC-VIS 1-89 Visual Standards for Abrasive Blast Cleaned Steel.
- B. Provide access via scaffolding or staging for inspection.
- C. Entire surface of coated submerged concrete shall be tested with holiday detector. Mark and repair all pinholes, then retest until no pinholes are found.
- D. CONTRACTOR shall provide documentation to ENGINEER of conditions before and during painting operations for each area and each day's work. Documented conditions shall include the following at a minimum: date, area of work, system used, preparation methods, environmental conditions, quantity and thickness of coating placed, noted conditions, and nonconforming items. ENGINEER can provide sample report form if CONTRACTOR does not have their own.

1.06 DELIVERY, STORAGE, AND HANDLING

- A. Materials shall be delivered to the site in original containers with labels intact and seals unbroken.

- B. Drop cloths shall be used in all areas where painting is done to fully protect other surfaces.
- C. Oily rags and waste must be removed from the building each night or kept in an appropriate metal container.

1.07 ENVIRONMENTAL REQUIREMENTS

- A. CONTRACTOR shall dry-heat, dehumidify, and ventilate to obtain painting conditions recommended by the paint manufacturer during surface preparation, application, and cure.
- B. Relative humidity conditions as specified by the paint manufacturer's data sheet shall be adhered to. This includes times in which supplemental heat is used. Supplemental heat shall be indirect-fired hot air furnaces or electric heat. Open-flame heaters shall not be used.
- C. No unprotected, unheated exterior painting shall be undertaken when damp weather appears probable, nor when the temperature of the substrate is below 55°F, unless approval in writing is received from the paint manufacturer.

1.08 COLOR SELECTIONS

- A. Provide color charts for all coatings being used on the project. After initial selection of colors by OWNER, provide draw down samples of selected colors for OWNER's final approval. For stained wood, provide specified wood species sample with selected color for final approval.
- B. CONTRACTOR shall provide a summary sheet at the completion of the project listing the finish paint products used and the manufacturer's color identification for each item painted. This summary sheet should be submitted to ENGINEER and OWNER for review.

PART 2-PRODUCTS

2.01 ACCEPTABLE MANUFACTURERS

- A. All materials required for painting shall be types and quality as manufactured by Tnemec Company, Inc., Sherwin Williams Company, Carboline, PPG Protective and Marine Coatings, or equal, unless noted otherwise in the schedule.
- B. Where thinning is necessary, only the products of the manufacturer furnishing the paint will be allowed. All such thinning shall be done strictly in accordance with the manufacturer's instructions.
- C. Paint and paint products of Tnemec Company and Sherwin Williams, listed in the following specifications, are set up as standard of quality. Carboline and PPG Protective and Marine Coatings have preapproved equivalent products that shall be used. Other manufacturer's products will be considered as a substitution if CONTRACTOR and paint manufacturer certify that the products offered are recommended for the service intended, are compatible with the shop primers used, are equal in solids content and composition, and are of the same type. Submittal shall include the following performance data as certified by a qualified testing laboratory. ASTM Specifications shall be the latest revision:
 - 1. Abrasion-ASTM D4060, CS-17 Wheel, 1,000 grams load.
 - 2. Adhesion-ASTM D4541.
 - 3. Hardness-ASTM D3363.
 - 4. Humidity-ASTM D2247 and D4585.

5. Salt (Fog) Spray–ASTM B117.

PART 3–EXECUTION

3.01 SURFACE PREPARATION

A. General:

1. All surfaces to be painted shall be prepared as specified herein and by the manufacturer's published data sheet and label directions. The objective shall be to obtain a uniform, clean, and dry surface.
2. No field painting shall be done before the prepared surfaces are observed by ENGINEER. Surfaces painted without such observation shall be abrasive-blast-cleaned and repainted.
3. Prior to field-blasting, a sample of the blast abrasive shall be provided to ENGINEER for pH testing. Additional samples of subsequent deliveries or batches of blast abrasive shall be provided to ENGINEER for pH testing.
4. For on-site abrasive-blasting, low-dust, low-silica content material shall be used. Coal slag abrasive shall be used on pipe and ferrous materials. Staurolite abrasive shall be used on concrete and concrete block.
5. Quality of surface preparations listed below are considered a minimum. If paint manufacturer requires a better preparation for a particular application, it shall be considered a requirement of this specification.
6. All concrete surfaces shall be tested for moisture in accordance with ASTM D4263 and, if necessary, F1869. Surfaces shall also be verified that the pH of the cleaned concrete surface to be coated is within the range of 8 to 11.

B. Ferrous Metal:

1. All ferrous metal to be primed in the shop shall have all rust, dust, and mill scale, as well as all other foreign substances, removed by abrasive blasting. Cleaned metal shall be primed or pretreated immediately after cleaning to prevent new rusting.
2. All ferrous metals not primed in the shop shall be abrasive-blasted in the field prior to application of the primer, pretreatment, or paint.
3. Abrasive blasting of metals in the shop shall be in accordance with SSPC-SP 10 Near White Blast Cleaning. Abrasive blasting of metals in the field for immersion service shall be in accordance with SSPC-SP 10 Near White Blast Cleaning. Abrasive blasting of metals in the field for nonimmersion service shall be in accordance with SSPC-SP6 Commercial Blast Cleaning.
4. Solvent cleaning in accordance with SSPC-SP1 shall precede all abrasive-blasting operations.
5. Ductile iron pipe shall be prepared by abrasive blasting per National Association of Pipe Fabricators NAPF 500-03-04 Abrasive Blast Cleaning.
6. Prior to finish coating, all primed areas that are damaged shall be cleaned and spot-primed.

C. Concrete:

1. All concrete surfaces, including precast concrete to be painted, shall be cleaned of all form oil, curing compound, and other foreign matter. Concrete floors containing oil and grease residues shall be cleaned with detergent to remove all residues.
2. All new concrete and precast concrete walls, floors, and ceilings shall be abrasive-blast cleaned in accordance with SSPC-SP13/NACE No. 6 in order to prepare the surfaces for adherence of the painting systems as specified. Abrasive blasting of concrete shall result in a surface profile in accordance with ICRI No. 03732 at CSP-3 to CSP-5.

3. Bug holes, pits, voids, and cracks shall be filled as specified in Section 03 30 00—Cast-In-Place Concrete without placing a friable sand-cement surface overall. The dried surface shall be stoned down.
 4. Paint manufacturer shall observe and approve the surface preparation method and the prepared surface prior to painting.
 5. After cleaning, the surface shall be washed and all dust, sand, and loose particles shall be removed by vacuuming. If CONTRACTOR elects to blow the surfaces off with air, it shall be oil-free air, and the methods shall conform to OSHA requirements.
- D. Galvanized: Where galvanized items are not submerged or buried, they shall be cleaned with nonhydrocarbon solvent cleaner (such as Clean N Etch, or equal) in accordance with SSPC-SP1 and shall be abrasive-blasted in accordance with SSPC-SP16 Brush-Off Blast Cleaning.
- E. Copper: Where copper piping is not submerged or buried, it shall be solvent-cleaned in accordance with SSPC-SP1 and shall be lightly sanded.
- F. PVC and CPVC: All PVC and CPVC to be painted shall be solvent-cleaned in accordance with SSPC-SP1 and shall be lightly sanded.
- G. Aluminum: Where listed in the Schedule to be painted, it shall be solvent-cleaned in accordance with SSPC-SP1 and shall be lightly sanded.

3.02 APPLICATION

- A. All materials shall be used as specified by the manufacturer's published data sheets and label directions.
- B. No paint shall be applied on a wet or damp surface and in no case until the preceding coat is dry and hard. Each coat shall be allowed to dry in accordance with manufacturer's data sheets before the next coat is applied.
- C. Drying time shall be construed to mean "under normal conditions." Where conditions are other than normal because of the weather or because painting must be done in confined spaces, other drying times will be necessary.
- D. Additional coats of paint shall not be applied, nor shall units be returned to service until paints are thoroughly dry and cured.
- E. Steel that will be inaccessible in the completed work shall receive the final coat before enclosure.
- F. Paint shall be applied to provide an opaque, smooth surface of uniform finish, color, appearance, and coverage. Cloudiness, spotting, holidays, laps, brush marks, runs, sags, or other surface imperfections will not be acceptable. Tops and bottoms of walls and areas that are "cut-in" by brush prior to rolling shall have a uniform appearance in comparison with adjoining surfaces.
- G. Concrete block walls shall be back-rolled to achieve a pinhole-free surface coat.
- H. Walls and ceiling surfaces shall receive a minimum of one coat of paint before surface-mounted items such as conduits, boxes, piping, etc., are installed on these surfaces.

- I. Crevices and other hard-to-apply areas shall be back-rolled/back-brushed in conjunction with application of the first field coat of primer or intermediate coat. This includes, but is not limited to, between pipe flanges, pipe flange/pipe barrel joints, equipment fittings, and other narrow openings.
- J. No paint shall be applied to new or existing surfaces until joints have been caulked according to Section 07 90 00–Caulking and Sealants requirements, except at moving joints which shall be finish-painted before caulking or caulking shall be protected during painting.
- K. For PVC and CPVC piping, unions and valves shall not be painted.

3.03 FIELD QUALITY CONTROL

- A. Examination of work on the site by the manufacturer's representative shall be performed when requested by ENGINEER.

3.04 CLEANING

- A. All stains and marks shall be removed from other surfaces upon completion of the work.

3.05 SCHEDULE

- A. General:
 - 1. At the completion of the project, all painted surfaces which have been damaged shall be repainted or touched-up.
 - 2. See Finish Schedule on the drawings for an additional reference for areas to be painted.
 - 3. The painter shall use some discretion in what should and should not be painted. Do not paint over labels and other information, bronze, machined surfaces, moving parts where painting may impair movement, hot surfaces which may peel, etc. If in doubt whether a part should be painted, ask ENGINEER.
 - 4. Products listed first are Tnemec and second are Sherwin Williams.

- B. New Work:
 - 1. All new work done by all trades shall be painted by CONTRACTOR in accordance with the following schedule and in accordance with paint manufacturer's recommendation. It is the intent of these specifications that all non-galvanized ferrous metal items scheduled for painting be shop-primed. If items are not shop-coated, surfaces shall be prepared and painted in the field as specified. If any items of new construction are not listed, CONTRACTOR shall request paint system from ENGINEER, and the items shall be painted as part of this Contract without additional cost.
 - 2. Interior concrete block walls: One filler coat of Epoxoblock WB 1254, Kem Cati-Coat HS, and two coats Series N69 Hi-Build Epoxoline II, Macropoxy 646.

Note: Paint shall be roller- or brush-applied to concrete sound-absorptive block.

- 3. Interior concrete walls above elevation 624.00:
 - a. One filler coat (1/16-inch minimum thickness) Mortarclad 218, Duraplate 2300.
 - b. Two coats of Series N69 Hi-Build Epoxoline II, Macropoxy 646.

Note: Interior face of concrete tank walls and floors channels and pipe trenches are not to be painted.

4. All exposed concrete ceilings (ceilings of water-containing tanks are not considered exposed): Two coats of Series N69 Hi-Build Epoxoline, Macropoxy 646.
5. Cast or ductile iron; not submerged or buried (including pipes to be insulated):
 - a. One shop coat of N69-1255 Hi-Build Epoxoline, Macropoxy 646 Beige as primer;
 - b. Touch-up prime coat prior to finish coating; and apply either:
 - (1) Two coats of N69 Hi-Build Epoxoline II, Macropoxy 646 for interior surfaces, or
 - (2) One coat of N69 Hi-Build Epoxoline II, Macropoxy 646, and one coat of 1074 Endura-Shield, Acrolon 218HS for exterior surfaces.
6. Cast or ductile iron, tar coated; buried: Not painted.
7. Cast or ductile iron, submerged:
 - a. One shop coat Series 1 Omnithane (20HS or N69-1255 Epoxoline), Dura-Plate 235 Beige as primer.
 - b. Touch-up prime coat prior to finish coating and one stripe coat on all edges of N69 Epoxoline, Dura-Plate 235.
 - c. Two coats of Series N69-Hi-Build Epoxoline II, (one coat) Sher-Glass FF.
8. Steel, machinery, and equipment; not submerged (including pipes to be insulated):
 - a. One shop coat of N69-1255 Hi-Build Epoxoline, Macropoxy 646 Beige as primer.
 - b. Touch-up primer prior to finish coat, and either:
 - (1) Two coats of N69 Hi-Build Epoxoline II, Macropoxy 646 for interior surfaces; or
 - (2) One coat of N69 Hi-Build Epoxoline II, Macropoxy 646; and one coat of 1074 Endura-Shield, Acrolon 218HS for exterior surfaces.

FIRST FIELD COAT SHALL BE APPLIED PRIOR TO INSTALLATION TO SURFACES INACCESSIBLE AFTER INSTALLATION INCLUDING BACK SIDES OF DOOR FRAMES. SEE DIVISION 08 FOR FACTORY-APPLIED DOOR PRIMERS.

9. Motors, gear drives, and doors delivered with nonepoxy primers:
 - a. Degrease per SSPC-SP1.
 - b. Lightly hand-sand per SSPC-SP2.
 - c. Apply one coat 135-1255 Chembuild Beige, Macropoxy 646 Beige.
 - d. Apply two finish coats as follows:
 - (1) Two coats of N69 Hi-Build Epoxoline II, Macropoxy 646 for interior surfaces, or
 - (2) One coat of N69 Hi-Build Epoxoline II, Macropoxy 646, and one coat of 1074 Endura-Shield, Acrolon 218HS for exterior surfaces.
10. Steel, machinery, and equipment, submerged:
 - a. One shop coat Series 1 Omnithane (20HS or N69-1255 Epoxoline), Dura-Plate 235 Beige as primer.
 - b. Touch-up prime coat prior to finish coating, and one stripe coat on all edges of N69 Hi-Build Epoxoline, Dura-Plate 235.
 - c. Two coats of N69 Hi-Build Epoxoline, (one coat) Sher-Glass FF.
11. Galvanized (except for metal building framing), copper, brass, CPVC, and PVC; not submerged or buried:
 - a. One coat of N69-1255 Hi-Build Epoxoline II, Macropoxy 646, and either:
 - b. Two coats of N69 Hi-Build Epoxoline, Macropoxy 646 for interior surfaces, or
 - c. One coat of N69 Hi-Build Epoxoline, Macropoxy 646, and one coat of 1074 Endura-Shield, Acrolon 218HS for exterior surfaces.
12. Insulation of equipment, pipes, and ductwork:
 - a. Two coats of Series 1029 Endurotone, DTM Acrylic B66100.
 - b. Colored PVC jacketing shall not be painted.

13. Galvanized, copper, CPVC, and PVC; submerged or buried: Not painted.
14. Aluminum items:
 - a. Exposed areas of structural items such as railings and grating shall not be painted.
 - b. For structural items in contact with concrete, See Division 05.

C. Coverage:

1. Dry mil thickness shall conform to those specified. Mil test measurement shall conform to SSPC Steel Structures Painting Manual. Dry Film Thickness (DFT) shall be verified in accordance with SSPC-PA2.
2. The coatings listed will provide the mil thickness given when applied at the coverages listed. Upon the request of ENGINEER, such surfaces shall be checked by the painter with a calibrated mil thickness gauge and any deficiencies found in the film shall be remedied by additional coat(s) at the expense of CONTRACTOR.
3. On masonry, application rates will vary according to surface texture; however, in no case shall the manufacturer's stated coverage rate be exceeded. On porous surfaces, it shall be the painter's responsibility to achieve a protective and decorative pinhole-free finish either by decreasing the coverage rate or by applying additional coats of paint.
4. Coverages reflect manufacturer's recommendations using spray application techniques. Where brushing or rolling is specified or performed at the discretion of the painter, one additional coat, minimum, will be required to achieve total DFT as specified and recommended by the manufacturer.

	Sq. Ft.** Coverage	Dry Mil** Thickness Per Coat
Products		
1029 Endurotone, DTM Acrylic B66100	200	
N69 Hi-Build Epoxoline II, Macropoxy 646		
Steel or Impervious Substrate Primer Coat	---	4.0
Steel or Impervious Substrate Intermediate Coat(s)	---	5.0
Steel or Impervious Substrate Finish coat	---	5.0
135-1255 Chembuild, Macropoxy 646	335	4.0
Steel Doors	---	3.0
1074 Endura-Shield II, Acrolon 218HS	---	2.5
201 Epoxoprime, ArmorSeal 1000 HS Epoxy	250	
280 Tneme-Glaze, ArmorSeal 1000 HS Epoxy	250	
Epoxoblock WB 1254, Kem Cati-Coat HS	80	
N69 Hi-Build Epoxoline, Macropoxy 646 (Masonry and Concrete)	250	
Series1 Omnithane, DuraPlate 235 (Primer)		3.0, 5.0
N69 Hi-Build Epoxoline II (Submerged)		6.0
Sher-Glass FF (Submerged)		12.0

** Roller or brush application requires two or more coats to obtain recommended film thickness. No allowance is made here for overspray, waste in handling, mixing, or application. Final total DFT shall be equal to that specified. Paint submittals shall note where roller or brush application is proposed and the paint manufacturer's recommendations of number of coats to achieve the required thickness shall be noted.

Primer, intermediate and/or final surface colors shall be of contrasting colors to promote coverage.

- D. Pipe Colors: Colors are to be selected by OWNER, with the following piping colors used where applicable. Pipe color shall be in accordance with the requirements of the Ten States Standards.

Pipe Type	WASTEWATER PIPING COLORS
	10 States Standards
Natural gas	Red
Potable water	Blue
Sewage (wastewater)	Gray
Plumbing drains and vents	Black
Nonpotable water	Purple
Raw Water	-
Electrical Conduit	-

Section 653.120 Piping Identification:

- 1) Piping in a water treatment facility shall be identified clearly by legends and color coding as described in the Standards or American National Standards Institute (ANSI) Standard A-13.1. A consistent standard shall be used throughout the system.
 - 2) Potable water lines shall be clearly and permanently identified where dual water lines or pressure sewer systems exist.
- E. Shop Finish Painting: The following items shall have factory-applied finishes and will not require field painting. CONTRACTOR shall field touch-up any damaged areas with factory-provided touch-up coating.
1. Overhead coiling doors.
 2. Hoists, trolleys, and cranes.
 3. Factory-finished HVAC equipment. Rooftop units are to be field-painted.
 4. Submersible pumps.
 5. Propeller submersible pumps.
 6. Screening equipment.
 7. Screenings wash press.
 8. Compressed air systems (air compressors, after coolers and refrigerant dryer).
 9. Motor control centers.
 10. Supervisory control centers.
 11. Switchgear.
 12. 5 kV standby power system.
 13. Sump pumps.

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included: Lockout/tagout centers.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

PART 2–PRODUCTS

2.01 LOCKOUT/TAGOUT CENTERS

- A. CONTRACTOR shall provide one lockout/tagout kit. Kit shall be located at MCC-8615. Kit shall include one carrying case, five colored padlocks, five safety locks, and five lockout tags.
- B. Lockout/tagout kits shall be Seton Model No. 42469.

PART 3–EXECUTION

3.01 INSTALLATION

- A. Install accessories in accordance with manufacturer's instructions.

END OF SECTION

SECTION 10 14 00
PLASTIC AND METAL SIGNS

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included: Bronze plaque, room signs, site signs, fire wall signs, and caution signs.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 SUBMITTALS

- A. Submit under provisions of Section 01 33 00—Submittals.
- B. Shop Drawings: Indicate sign styles, lettering font, foreground and background colors, locations, and overall dimensions of each sign.

PART 2—PRODUCTS

2.01 BRONZE PLAQUE

- A. Bronze plaque shall be 20 inches wide by 24 inches high.
- B. Raised surfaces and borders shall be satin-polished natural color. Background shall be brown-colored contrast. Plaque edges shall be single-edge bevel.
- C. Lettering shall be Helvetica Medium with a maximum number of 360 characters.
- D. Plaque will have name of project, list of officials, ENGINEER, CONTRACTOR, etc. Actual wording, layout, and final location will be determined by ENGINEER.
- E. Mount plaque by concealed fastening, using studs on back, set in cement.
- F. Plaque shall be equal to those manufactured by Metal Arts, Mandan, North Dakota; A.R.K. Ramos Signage Systems, Oklahoma City, Oklahoma, or equal.

2.02 ROOM SIGNS

- A. Provide room signs, W.H. Brady Co., B-909, or equal. OWNER shall select color.
- B. Sign shall also incorporate handicap-accessible symbol.

2.03 SITE SIGNS

- A. Provide site signs as shown on the drawings. Signs shall be reflective sheeting on 0.070-inch aluminum, W.H. Brady Co., B-959, or equal. Signs shall be mounted on steel U-channel posts, W.H. Brady Co., 97205, or equal.

2.04 FIRE WALL SIGNS

- A. Marking and identification of all fire walls, fire barriers, fire partitions, smoke barriers, and smoke partitions or any other wall required to have protected openings shall be effectively and permanently identified with signs or stenciling and shall meet the three following requirements:
 - 1. Shall be located in accessible concealed floor, floor-ceiling, or attic spaces.
 - 2. Shall be repeated at intervals not exceeding 30 feet measured horizontally along the wall or partition. Shall be located within 15 feet of the end of each wall and at intervals not exceeding 30 feet measured horizontally along the wall or partition.
 - 3. Shall include lettering not less than 1/2 inch in height, incorporating the suggested wording: "FIRE AND/OR SMOKE BARRIER-PROTECT ALL OPENINGS" or other wording. Shall include lettering not less than 3 inches in height with a minimum 3/8-inch stroke in a contrasting color incorporating the suggested wording: "FIRE AND/OR SMOKE BARRIER-PROTECT ALL OPENINGS" or other wording.
- B. Sign shall indicate fire rating of wall or partition. Refer to code review drawing, included in drawing set, for fire rated partition locations and rating. See schedule below.

2.05 CAUTION SIGNS

- A. CONTRACTOR shall provide caution signs complying with OSHA requirements. Wording on signs shall be as shown on the drawings
- B. Signs shall be fiberglass, Brady Systems, or equal, minimum size 7 inches by 10 inches. Colors shall be red and black on white.
- C. Provide signs where indicated on drawings.

2.06 NON-POTABLE WATER HYDRANT SIGNS

- A. Non-potable Water Signs: Place non-potable water signs permanently mounted at every hose bib, hydrant, or faucet on the non-potable water system. Sign shall include as a minimum the wording "NOTICE, NON-POTABLE WATER, NOT FOR DRINKING OR COOKING USE." Signs shall be Brady Safety sign, or equal, minimum size 6 inches by 10 inches, constructed of fiberglass. Mount signs on building wall or structures with stainless steel screws or fasteners. At yard hydrant, provide post-mounted signs on steel U-channel posts.
- B. Provide signs where indicated on drawings.

PART 3-EXECUTION

3.01 INSTALLATION

- A. Install in accordance with manufacturer's instructions.
- B. Install signs after surfaces are finished in locations as shown on the drawings.

3.02 SCHEDULES

- A. Provide one bronze plaque mounted where indicated by OWNER.
- B. Provide CAUTION signs affixed to floor doors above wet wells and screening channels.
Provide six total.

END OF SECTION

SECTION 10 28 00
TOILET AND BATH ACCESSORIES

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included:
 - 1. Toilet, bath, shower, and washroom accessories.
 - 2. Grab bars.
 - 3. Attachment hardware.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. ANSI A117.1–Safety Standards for the Handicapped.
- B. ASTM A123–Zinc (Hot-Dip Galvanized) Coatings on Iron and Steel Products.
- C. ASTM A269–Seamless and Welded Austenitic Stainless Steel Tubing for General Service.
- D. ASTM A1008–Standard Specification for Steel, Sheet, Cold-Rolled, Carbon, Structural, High-Strength Low-Alloy, High-Strength Low-Alloy with Improved Formability, Solution Hardened, and Bake Hardenable.
- E. ASTM B456–Electro-deposited Coatings of Copper Plus Nickel Plus Chromium and Nickel Plus Chromium.

1.03 REGULATORY REQUIREMENTS

- A. Conform to ANSI A117.1 and Federal ADA-AG code and the 2018 International Building Code for access for the handicapped.

PART 2–PRODUCTS

2.01 TOILET TISSUE DISPENSERS

- A. Multiroll dispensers shall be surface-mounted. Bobrick B-288, Bradley 5402, or equal. Provide total of one.
- B. Unit shall be Type 304 stainless steel with satin finish.

2.02 HOOKS

- A. Heavy-duty hooks shall be Bobrick B-2116, Bradley Model 911, or equal. Provide total of one.

- B. Hook and flange shall be brass castings with satin nickel-plated finish.

2.03 SOAP DISPENSER

- A. Surface-mounted liquid soap dispensers shall be Bobrick B-86, Bradley 657, or equal. Provide total of one.
- B. Unit shall be chrome-plated brass with plastic container.
- C. Install one above each toilet room sink and one at general purpose room sink.

2.04 TOWEL DISPENSERS

- A. Surface-mounted, 400 single-fold towel dispensers shall be Bobrick B-263, Bradley 251-15, or equal. Provide total of one.
- B. Unit shall be Type 304 stainless steel with satin finish.
- C. Locate near toilet room sink.

2.05 WASTE RECEPTACLE

- A. Waste receptacles shall be swing-type, free-standing Bobrick B-2250, Bradley 377, or equal. Provide total of one.
- B. Units shall be stainless steel with satin finish.

2.06 MIRRORS

- A. Mirrors shall be shelfless mirrors with frames, 24 inches by 36 inches high. Bobrick B-290-2436, Bradley Model 780, or equal. Provide total of one.
- B. Mirrors shall have heavy gauge 304 stainless steel frame with satin finish and No. 1 quality, 1/4-inch float plate-glass mirror.

2.07 GRAB BARS

- A. Provide stainless steel, peen grip with satin finish, 1 1/4-inch-diameter grab bars. Bars shall be concealed mounted-type, Bobrick B-550.99X18, B-550.99X36 and B-550.99X42; Bradley 832-00118, 832-00136 and 832-00142, or equal.
- B. Provide stainless steel, peen grip with satin finish 1 1/4-inch-diameter grab bar. Bar shall be concealed mounted-type, Bobrick B-58616, Bradley 832-059, or equal.
- C. See drawings for configuration of grab bars.

2.08 UNDERSINK PROTECTIVE PIPE COVERS

- A. ADA-conforming, wheelchair-accessible lavatory P-trap and angle valve assemblies shall be covered with molded, antimicrobial undersink protective pipe covers, TRUE BRO, INC. LAV GUARD 2 No. 103 E-Z and No. 402 with 105 E-Z accessory, 1-800-340-5969, or equal.

- B. Cover shall be secured with reusable fasteners and access covers.
- C. Coordinate protective pipe covers for tailpiece and extensions to fit lavatories.
- D. Standard color to be selected by OWNER.

2.09 KEYING

- A. Supply two keys for each accessory to OWNER.
- B. Key all accessories alike.

PART 3-EXECUTION

3.01 INSTALLATIONS

- A. Install accessories in accordance with manufacturers' instructions, ANSI A117.1, Federal ADA-AG, and the 2018 International Building Code.
- B. Install plumb and level securely and rigidly anchored to substrate.

END OF SECTION

SECTION 10 43 16

FIRST AID KIT

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included: First aid kit.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

PART 2–PRODUCTS

2.01 MANUFACTURER

- A. First aid kit shall be SmartCompliance First Aid Cabinet Model No. 90580 wall-mounted (50-person 202-item kit). First aid only Model No. 225AN (50 person 196-item kit)., or equal.

PART 3–EXECUTION

3.01 INSTALLATION

- A. First aid kit shall be wall-mounted.
- B. Mount in the screening room where requested by OWNER.

END OF SECTION

SECTION 10 71 19

REMOVABLE ALUMINUM FLOOD BARRIERS

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included: Removable aluminum flood barriers.
 - 1. Product engineering and fabrication techniques, shop drawings, structural calculations, and Professional Engineering Stamps State of Iowa in accordance with the FEMA design manual requirements for Non-Residential Flood proofing and the 2012 International Building Code.
 - 2. Factory fabrication and installation of aluminum flood barriers as shown on drawings.
 - 3. Finish of flood barrier assembly.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. FEMA Technical Bulletin 3-93 Non-Residential Flood proofing.
- B. FEMA Flood Proofing Non-Residential Structures #102.
- C. FEMA Design Manual for Retrofitting Flood-Prone Residential Structures #114.
- D. American Architectural Manufacturers Association (AAMA) 501, 603.8, 605.2, 607.1.
- E. NFIP Title 44 US Code of Federal Regulations, Section 60.3.
- F. FIRM (Flood Insurance Rate Map).
- G. ASCE 24-98, ASCE/SEI 24-05.

1.03 QUALITY ASSURANCE

- A. Provide for a flood barrier and application that is structurally sound, impact resistant, and conforming to applicable performance requirements described herein.
- B. Except as otherwise indicated, requirements for aluminum flood barriers, terminology, tolerances, standards of performance, and workmanship are those specified in NFIP Section 60.3.
- C. All barrier heights shall be finished to the elevations shown on the drawings.
- D. Provide Flood Proofing Certificate for compliance and approval.

1.04 REGULATORY REQUIREMENTS

- A. Design Criteria: Assembly shall conform to the requirements A to AE Zones as set forth by the NFIP.
- B. Performance:
 - 1. Hydrostatic Pressure Resistance: Flood barriers shall conform to the criteria for resisting lateral forces due to hydrostatic pressure from freestanding water as set forth by FEMA Technical Bulletin 3-93.
 - 2. Hydrodynamic Force Resistance: Flood barriers shall conform to the criteria for resisting lateral forces due to moving flood waters at a minimum velocity of 8 feet per second, unless otherwise noted, as set forth by FEMA Technical Bulletin 3-93.
 - 3. Debris Impact Force Resistance: Flood barriers shall conform to the criteria for resisting a 1,000-pound object at minimum velocity of 8 feet per second unless otherwise noted, as prescribed by FEMA Technical Bulletin 3-93.

1.05 SUBMITTALS

- A. Comply with pertinent provisions of Section 01 33 00–Submittals.
- B. Shop Drawings: Submit scaled shop drawings including all conditions of construction, location diagrams including identification of and spacing of anchorage, framing members, joinery, and sealant details.
- C. Structural Calculations: Provide structural calculations by a professional engineer, licensed in the State of Iowa, demonstrating structural compatibility with project requirements.
- D. Warranties:
 - 1. Provide manufacturer's warranty in accordance with the Contract Documents.
 - 2. Provide installation warranty in accordance with the Contract Documents.

1.06 WARRANTY

- A. Stating that flood barriers for above project will be free from defects and workmanship for a period of five years from the earlier of either the date established for partial utilization in accordance with GC15.03 and 15.04, as modified in the Supplementary Conditions, or Substantial Completion of the project.

PART 2–PRODUCTS

2.01 MATERIALS

- A. Acceptable Flood Barrier Product: Super Flood Log™ by Architecture Metals Ltd. Co., Juniper, Florida, STE-100 Stackable Flood Barrier by Sak Enterprises, Inc., Bradenton, Florida, or equal. Specification is written based on Super Flood Log product.
- B. Aluminum:
 - 1. Extruded aluminum structural frame members, support angles and mullions shall be 3063-T6 alloy and temper and not be less than 0.125-inch wall thickness.
 - 2. Aluminum sheet skin shall be 3003-H16 alloy and temper and not less than 0.125-inch wall thickness on exterior sheet and not less than 0.024-inch on interior sheet.

3. Extruded aluminum brace plates shall be 6063-T6 alloy and temper and not be less than 0.125-inch wall thickness.
 4. Finishes on all components shall be mill finish.
- C. Gaskets: All gaskets shall be a dense 20 durometer rubber, not neoprene.
- D. Fasteners: All anchor bolts to be 304 series stainless steel.
- E. Sealants: Use only sealants that are compatible with all substrates and field-applied in accordance with the manufacturer's recommendations.

2.02 FABRICATION

- A. Dimensions and elevations shall be field-verified by CONTRACTOR prior to fabrication.
- B. Fabricate flood barriers to comply with requirements indicated for design, dimensions, materials joinery, and performance. Assemble flood barriers at manufacturer's factory where feasible. Assemble in the largest possible sections according to job site conditions and clearly mark units for reassembly.
- C. Fabricate frames to fit openings of size indicated with allowances made for fabrication and installation tolerances of barriers, adjoining construction, and perimeter rubber gasket joints.
- D. Supports, anchorages, and accompanying accessories required to complete assembly shall be supplied by CONTRACTOR.

2.03 REMOVABLE ALUMINUM FLOOD BARRIERS

- A. Removable flood barriers and frames shall be designed to restrain the force of water and debris by means of structural tubular and cladding members in a compression set against a smooth substrate utilizing rubber gasket seals in either an inset or face mounted application.
- B. Flood barriers shall be specifically engineered and designed to meet a minimum safety factor based on yield strength to provide for an effective seal against site specific and specified flood forces.
- C. Attachment anchors shall be permanent drop-in threaded type, to accommodate repeatable put up and take down as required for mitigation.
- D. OWNER shall provide for onsite storage of removable flood barrier system for quick access.

PART 3-EXECUTION

3.01 INSTALLATION

- A. CONTRACTOR shall see to it that all surfaces to receive flood barriers shall be "paper smooth," plumb, true, and level before installation can begin. Grind and patch concrete surfaces as required.
- B. After verification of field conditions and properly prepared openings, install flood barriers in strict accordance with approved submittal drawings.

- C. Attach only to smooth surfaces providing for proper and compatible infill for gaps in substrate.
- D. Existing slabs and walls adjacent to openings where flood barriers are to be installed shall be given a waterproof sealer surface treatment prior to installation of flood barriers by CONTRACTOR.
- E. Protect all dissimilar metals with a heavy coat of zinc chromate or bituminous paint.
- F. Install true and plumb without warping or racking.
- G. Apply appropriate sealants where indicated on shop drawings and in accordance with manufacturer's recommendations.
- H. Flood shield installer shall install barriers one at a time, for fitting and anchoring. Installer shall uninstall and CONTRACTOR shall then move barriers to storage location designated by OWNER.

3.02 CLEANING, PROTECTION, AND STORAGE

- A. Clean all exposed surfaces and remove all labels from barriers.
- B. CONTRACTOR shall move all flood barriers to location as designated, and shall store in such a manner as to protect the sealing gaskets from any damage.

END OF SECTION

SECTION 12 48 43

FLOOR MATS

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included: Carpeted walk-off mats and equipment mats.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

PART 2–PRODUCTS

2.01 WALK-OFF MATS

- A. Walk-off mats shall be 3 feet wide cut nylon carpet pile permanently bonded to rubber backing.
- B. Mats shall be of a thickness that does not impede door swing.
- C. Acceptable manufacturers include the following, or equal: Wilen Company of Georgia.
- D. Color and length of segments shall be as requested by ENGINEER.

2.02 DIAMOND-PLATE EQUIPMENT MATS

- A. Equipment mats shall be diamond-plate, high-performance, nonconductive, equipment matting. Matting shall conform to ANSI/ASTM D-178-01, Type II, Class 2.
- B. Acceptable manufacturers shall include the following, or equal: Wearwell Carpet, No. 701. Mats shall be 3 feet wide and extend the full length of the equipment.

PART 3–EXECUTION

3.01 INSTALLATION

- A. Install mats after cleaning of finish flooring.
- B. Provide mats for all motor control centers, switchboards, and any other free-standing or pad-mounted electrical equipment.

END OF SECTION

SECTION 20 05 53

IDENTIFICATION FOR PLUMBING AND HVAC PIPING AND EQUIPMENT

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included: Perform all work required to furnish and install equipment, pipe, and wire identification with supplementary items necessary for proper installation as specified herein or shown on the Drawings. CONTRACTOR shall identify including, but not limited to, all equipment, piping, ductwork, dampers, pumps, and wires.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 SUBMITTALS

- A. Submit shop drawings and product data in accordance with provisions of Section 01 33 00–Submittals.

1.03 REFERENCES

- A. The latest published edition of a reference shall be applicable to this Project unless identified by a specific edition date.
- B. All material, installation, and workmanship shall comply with the applicable requirements and standards addressed within the following references.
 - 1. ASME A13.1–Scheme for the Identification of Piping Systems.
 - 2. 2018 International Plumbing Code.

1.04 DELIVERY, STORAGE, AND HANDLING

- A. Store products in manufacturer's unopened packaging with labels clearly identifying product name and manufacturer until ready for installation.
- B. Storage: Store materials in clean, dry area indoors until ready for installation.
- C. Handling: Protect materials and finish from damage during handling and installation.

PART 2–PRODUCTS

2.01 MANUFACTURERS

- A. Equipment tags and pipe markers shall be manufactured by Marking Services, Incorporated, Seton Name Plate Company, WH Brady Company, or Graphic Products, Inc.

2.02 EQUIPMENT TAGS

- A. Plastic Labels for Equipment (Indoor Application):
 - 1. Use: All equipment purchased by CONTRACTOR or OWNER and CONTRACTOR installed included in Divisions 21, 22, or 23.

2. Materials and Thickness: Multilayer, multicolor, plastic labels for mechanical engraving, 1/16 inch thick.
 3. Character Color: Black.
 4. Background Color: White.
 5. Minimum Label Size: Length and width vary for required label content, but not less than 1 inch by 3 inches.
 6. Minimum Letter Size: 1/4 inch.
 7. Adhesive: Contact-type permanent adhesive, compatible with label and with substrate.
- B. Plastic Labels for Equipment (Outdoor Application):
1. Use: All equipment purchased by CONTRACTOR or OWNER and CONTRACTOR installed included in Divisions 21, 22, or 23.
 2. Material: MS-215 Max-Tek with printed graphics protected by a chemical and UV resistant MS-3000 top laminate.
 3. Letter Color: Black.
 4. Background Color: White.
 5. Minimum Label Size: Length and width vary for required label content, but not less than 1 inch by 3 inches.
 6. Minimum Letter Size: 1/4 inch.
 7. Adhesive: Contact-type permanent adhesive, compatible with label and with substrate.

2.03 LABELING TAGS

A. Labeling Tags:

Use: Field-mounted devices (Limit switches, Natural gas pressure regulators, etc.).

Size: 1-inch by 3-inch.

Material: 1/32-inch-thick stainless steel.

Character Size: 1/4 inch.

Engraving: As requested by ENGINEER.

2.04 WIRE MARKERS

- A. Wire markers shall be permanently attached wraparound adhesive, sleeve- or heat-shrink-type labels. Wire numbering preprinted on the conductor, flag-type labels, and individual wraparound numbers (such as Brady preprinted markers) are not acceptable.
- B. Wire markers shall be specifically printed for this project using a wire marker printer. Handwritten markers are not acceptable.

2.05 PIPE MARKERS

- A. Manufacturers: Marking Systems, Inc., Seton Name Plate Company, W.H. Brady Company, or equal.
- B. Pipe markers shall conform to ANSI A13.1. Arrow markers must have same ANSI background colors as their companion pipe markers or be incorporated into the pipe identification marker.
- C. Plastic Pipe Markers: Factory-fabricated, flexible, semirigid plastic, preformed to fit around pipe or pipe covering; minimum information indicating flow direction arrow and identification of fluid being conveyed.

- D. Pipe markers and arrow markers also shall be provided for all piping systems.
- E. Use Seton Setmark type SNA or Brady Snap-on type identification for all piping systems, up through 6 inches. For piping systems larger than 6 inches, use Seton or Brady strap-on markers, or similar, by Marking Services, Inc. Self-adhesive labels that stick directly to the pipe or insulation jacketing are not acceptable. Provide lettering in accordance with the following table.

PIPE MARK SIZE CHART

Outside Pipe Diameter (Including Covering)	Minimum Length of Label Field Color (Inch)	Minimum Height of Letters (Inch)
3/4 inch to 1 1/4 inch	8	1/2
1 1/2 inch to 2 inch	8	3/4
2 1/2 inch to 6 inch	12	1 1/4
8 inch to 10 inch	24	2 1/2
Over 10 inch	32	3 1/2

PART 3—EXECUTION

3.01 INSTALLATION

- A. Installation shall meet or exceed all applicable federal, state, and local requirements and referenced standards and conform to code and ordinances of authorities having jurisdiction.
- B. Degrease and clean surfaces to receive nameplates.
- C. Install nameplates parallel to equipment lines.
- D. Affix nameplates with stainless steel screws or sticky-back adhesive.
- E. Affix labeling tags with permanent bonding cement or locking wire ties. Provide 3/8-inch hole to accommodate wire tie.
- F. Prepare and install neatly typed directions in all panels, including existing panels, where work is done under this Contract.

3.02 WIRE IDENTIFICATION

- A. Provide wire markers on each conductor in panelboard gutters, pull boxes, control panels, thermostats, junction boxes, and at load connection. Identify with branch circuit or feeder number for power circuits and with control wire number as indicated on schematic and interconnection diagrams for control wiring. Wire markers shall be permanently attached wraparound adhesive or heat-shrink-type markers. Wire numbering preprinted on the conductor, individual wraparound numbers, and flag-type labels are not acceptable.
- B. Conductors in pull boxes, motor control centers, control panels, cabinets, and panelboards shall be grouped as to circuits and arranged in a neat manner. All conductors of a feeder or branch circuit shall be grouped, bound together with nylon ties, and identified. Phase identification shall be consistent throughout the system.

3.03 PIPE MARKERS

- A. Install pipe markers in accordance with manufacturer's instructions.
- B. Install in clear view and align with axis of piping.
- C. All pipes shall be labeled with a minimum of two labels in each room, crawl space, or compartment. Locate identification at maximum 20-foot centers on straight runs, including risers and drops adjacent to each valve and tee, at each side of penetration of structure or enclosure, and at each obstruction. Labels shall be abbreviated as noted under fluid abbreviations on drawings.
- D. Labels shall identify fluid being conveyed and include flow direction arrow. Provide a double-ended arrow marker when flow can be in either or both directions.
- E. Indicate delivered water temperature on domestic hot water supply lines.
- F. CONTRACTOR shall include a schedule in its submittal identifying the various pipe designations, abbreviations, and labeling scheme. Colors, text, and piping abbreviations are to be selected by OWNER, with the following piping marker scheme used where applicable.

Pipe Contents	Label Colors (Background/Text)
Water Lines	
Non-potable water (NPW, HPHW)	Green/White
Potable water (DCW, DHW)	Green/White
Other Lines	
Natural gas	Brown/White
Plumbing drains and vents (SAN, ST, and V)	Green/White

END OF SECTION

SECTION 22 05 00

COMMON WORK RESULTS FOR PLUMBING

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included: This section includes information common to two or more technical plumbing specification sections or items that are of a general nature, not conveniently fitting into other technical sections.
- B. Related Sections and Divisions: Applicable provisions of Division 01 govern work under this section.

1.02 SUBMITTALS

- A. See Section 01 33 00–Submittals for shop drawing submittal procedures.

PART 2–PRODUCTS

2.01 ACCESS PANELS AND DOORS

- A. Masonry Walls, Gypsum Board And Plaster Walls And Ceilings: 16-gauge frame with not less than a 20-gauge hinged door panel, prime coated steel for general applications, stainless steel for use in toilets, showers, and similar wet areas, concealed hinges, screwdriver operated cam latch for general applications, key lock for use in public or secured areas, UL listed for use in fire rated partitions if required by the application. Use the largest size access opening possible, consistent with the space and the item needing service; minimum size is 12-inch by 12-inch.

2.02 SEALING AND FIRE STOPPING

- A. Non-Rated Penetrations:
 - 1. In exterior wall openings below grade, use a modular mechanical type seal consisting of interlocking synthetic rubber links shaped to continuously fill the annular space between the uninsulated pipe and the cored opening or a water-stop type wall sleeve. The operating bolts of the mechanical type seal shall be accessible from the interior of the building.
 - 2. At pipe penetrations of non-rated interior partitions, floors and exterior walls, use urethane caulk in annular space between pipe insulation and sleeve. For non-rated drywall, plaster or wood partitions where sleeve is not required use urethane caulk in annular space between pipe insulation and wall material

PART 3-EXECUTION

3.01 SLEEVES AND OPENINGS

- A. Pipe penetrations in new poured concrete horizontal construction requiring F and T rating: Form opening using hole form or core drill opening. Alternatively provide cast in place fire stopping devices/sleeves.
- B. Pipe penetrations in new poured concrete horizontal construction requiring F rating but no T rating: Same as pipe penetrations in new poured concrete construction requiring F and T ratings except that Schedule 40 steel sleeves may also be used.
- C. Pipe penetrations in new poured concrete horizontal construction that do not require F or T ratings: Provide Schedule 40 steel pipe sleeve, form opening using hole form or core drill opening.
- D. Pipe penetrations in existing concrete floors: Core drill openings.
- E. Pipe penetrations through existing floors located in food service areas that do not require a T rating: Core drill sleeve opening large enough to insert schedule 40 sleeve, extend sleeve 2 inches above the floor and grout area around sleeve with hydraulic setting, non-shrink grout. Size sleeve to allow insulated pipe to run through sleeve and paint the sleeve.
- F. Where penetrating pipe or conduit weight is supported by floor, provide manufactured product or structural bearing collar designed to carry load.

3.02 SEALING

- A. Non-Rated Partitions:
 - 1. In exterior wall openings below grade, assemble rubber links of mechanical seal to the proper size for the pipe and tighten in place, in accordance with manufacturer's instructions. . The bolt heads for the mechanical seal shall face the inside of the building to facilitate repair or replacement of the seal.
 - 2. At all interior partitions and exterior walls, pipe penetrations are required to be sealed. Apply sealant to both sides of the penetration in such a manner that the annular space between the pipe sleeve or cored opening and the pipe or insulation is completely blocked.
- B. Penetrations Subject to Water Intrusion. For penetrations (both rated and non-rated) in floors subject to water intrusion or in rooms housing electrical equipment (but not within walls) provide one of the following:
 - 1. Pipe penetration where steel pipe sleeve is used extend steel sleeve 2 inches above the floor.
 - 2. Pipe penetration where cast in place fire stopping device/sleeve is used, extend device/sleeve 2 inches above the floor (provided it meets the device's UL listing).
 - 3. Pipe penetration where there is no steel sleeve or cast in place fire stopping device/sleeve, provide 2-inch by 2-inch by 1/8-inch galvanized steel angles fastened to floor surrounding the penetration or group of penetrations to prevent water from getting to penetration. Provide urethane caulk between angles and floor and fasten angles to floor minimum 8 inches on center. Seal corners watertight with urethane caulk.

- C. Floors subject to water intrusion or rooms housing electrical equipment include the following locations:
1. Restrooms.
 2. Mechanical/plumbing equipment rooms.
 3. Electrical equipment rooms.

END OF SECTION

SECTION 22 05 19

GENERAL PLUMBING PIPING SPECIALTIES

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included: Piping specialties for all plumbing piping systems unless noted otherwise.
- B. Related Sections and Divisions: Applicable provisions of Division 01 govern work under this section.

1.02 REFERENCES

- A. The latest published edition of a reference shall be applicable to this Project unless identified by a specific edition date.
- B. All materials, installation and workmanship shall comply with the applicable requirements and standards addressed within this specification.

1.03 QUALITY ASSURANCE

- A. All equipment or components of this specification section shall meet or exceed the requirements and quality of the items herein specified, or as denoted on the drawings.
- B. Equipment provider shall be responsible for providing certified equipment start-up and, when noted, an in the field certified training session. New start-up shall be for the purpose of determining alignment, lubrication, voltage, and amperage readings. All proper electrical connections, discharge and suction gauge readings. A copy of the start-up report shall be made and sent to both CONTRACTOR and ENGINEER.

1.04 SUBMITTALS

- A. Submit under provisions of Section 01 33 00—Submittals.
- B. Include data concerning dimensions, required clearances, capacities, materials of construction, ratings, weights, manufacturer's installation requirements, manufacturer's performance limitations, and appropriate identification.
- C. Submittals for motors associated with equipment specified in this section shall include data sheets from the motor manufacturer. Data sheets from the equipment manufacturer or supplier are not acceptable.
- D. Submit manufacturer's installation instructions.
- E. Submittals must be specific to this project. Generic submittals will not be accepted.

1.05 DELIVERY, STORAGE AND HANDLING

- A. Deliver materials to the site in such a manner as to protect the materials from shipping and handling damage. Provide materials on factory provided shipping skids and lifting lugs, if required for handling.
- B. Materials that could be damaged by the elements should be packaged in such a manner that they could withstand short-term exposure to the elements during transportation.
- C. Store materials in a clean, dry place and protect from weather and construction traffic. Handle carefully to avoid damage.
- D. Use all means necessary to protect equipment before, during, and after installation.
- E. All scratched, dented, and otherwise damaged units shall be repaired or replaced at no additional cost to OWNER.

1.06 OPERATION AND MAINTENANCE DATA

- A. Include installation instructions, assembly views, lubrication instructions, recommended maintenance schedule and activities.
- B. Include replacement and spare parts lists.

1.07 WARRANTY

- A. Standard Two-Year Warranty: Unless otherwise stated below, manufacturer shall warrant the equipment to be free from defects in material and workmanship for a period of two years from the earlier of either the date established for partial utilization in accordance with GC15.03 and 15.04, as modified in the Supplementary Conditions, or Substantial Completion of the project.

PART 2-PRODUCTS

2.01 TEST WELLS

- A. Similar to thermometer sockets except with a brass cap that threads into the inside of the test well to prevent dirt from accumulating. Secure cap to body with a short chain. Furnish with extension necks, where appropriate, to accommodate the pipe insulation.

2.02 TEST PLUGS

- A. Brass threaded pressure and temperature test plug with neoprene self-closing valve, valve retainer, brass threaded cap, rated for 150 psi and 0 to 200°F.

2.03 WATER HAMMER ARRESTORS

- A. Manufacturer: Sioux Chief, Wade, or Watts.
- B. ANSI A112.26.1, ASSE 1010; sized in accordance with PDI WH-201, precharged piston type constructed of hard drawn Type K copper, threaded boss adapter, brass piston with O-ring

seals, FDA-approved silicone lubricant, suitable for operation in temperature range 35°F to 150°F, maximum 250 psig working pressure, 1500 psig surge pressure, Watts Series LF15M2 or LF15M2S, or equal.

2.04 BACKFLOW PREVENTERS

- A. Backflow Preventers– Reduced Pressure Zone (RPZ) Type:
 - 1. Manufacturers: Watts, or equal.
 - 2. The assembly shall meet the requirements of ASSE 1013, AWWA C511.
 - 3. The assembly shall consist of a pressure differential relief valve located in a zone between two positive seating check valves and captured springs. Back siphonage protection shall include provision to admit air directly into the reduced pressure zone via a separate channel from the water discharge channel. The assembly shall include two tightly closing shutoff valves before and after the valve and test cocks.
 - 4. Test cocks.
 - 5. Seats: Bronze, removable and replaceable, without removing valve from the line.
 - 6. Checks: Independently operating.
 - 7. Relief Valve: Independently operating, located between the two check valves.
 - 8. Rated 175 psi maximum working pressure with continuous temperature range of 33°F to 140°F.
 - 9. Unit to be complete with vent-port funnel to maintain the air gap and to provide a drain connection point.
 - 10. Sizes 2 1/2 inch through 10 inches: FDA epoxy-coated cast iron body, FDA epoxy-coated strainer, upstream and downstream OSY-UL/FM outside stem and yoke resilient seated gate valves, flange connections: Watts Regulator Series LF-909.

2.05 WALL HYDRANTS

- A. Manufacturer: Watts, Woodford, or Zurn.
- B. WH-1: Freezeproof automatic draining wall hydrant in flush mounted cast brass wall box with locking door, 3/4-inch inlet, 3/4-inch hose thread ASSE 1019-93 backflow preventer outlet, loose key operator, polished brass finish. Woodford model B65, or equal.

2.06 HOSE BIBBS (HB)

- A. Manufacturer: Woodford, Watts, or Wade.
- B. HB-1: Hose bibbs shall be Woodford Model 24, Watts, HB-1, or Wade HB-1. Provide 3/4-inch garden hose thread, 3/4-inch inlet, and ASSE 1011 approved backflow preventer outlet. Interior hose valves shall be equipped with approved vacuum breaker, Watts 8A, Model 34H, or equal. Provide metal handle and chrome plate finish. Hose bibbs providing non-potable water shall be provided with a removable key handle.
- C. HB-2: Hose bibb connection shall be 2-inch NPT for connection to OWNER's 2-inch hose. Coordinate final connection type with OWNER.
- D. HB-3: Hose bibb connection for high pressure wash water system. Connection type shall be quick connect style and be compatible with pressure washer wand and hose provided by hot water pressure washer system as specified under section 22 37 00–Hot Water Pressure Washer.

2.07 NON-POTABLE WATER SIGNS

- A. Non-potable Water Caution Signs: Place non-potable water signs permanently mounted at every hose bib or faucet on the non-potable water system. Sign shall include as a minimum the wording "CAUTION, NON-POTABLE WATER, DO NOT DRINK" or similar standard language. Signs shall be Brady Safety sign, or equal, minimum size 7 inches by 10 inches, constructed of fiberglass. Mount signs on building wall or structures with stainless steel screws or fasteners.

2.08 ROOF HYDRANTS (RH)

- A. RH-1: Roof hydrant hose valves shall be Woodford Model SRH-MS, or equal, freezeless sanitary roof hydrant with integral ASSE 1052 double check backflow preventer. Provide with mounting system and coordinate with roofing contractor for flashing requirements.

PART 3-EXECUTION

3.01 INSTALLATION

- A. Install water hammer arrestors where indicated and at quick closing valve installations.
- B. Install backflow preventers in accordance with International Plumbing Code requirements maintaining minimum clearance distances for servicing and testing. Provide indirect waste piping with air gap installation from relief opening to above hub drain or floor drain.
- C. Mount wall hydrants recessed in exterior wall construction with valve plug extended beyond interior side of building insulation. Slope to drain to exterior. Install so discharge is 18 inches minimum above finished grade. Set wall box in grout or caulk and fill exterior wall penetration with insulation.
- D. Mount hose bibbs securely fastened to wall where indicated. Provide water hammer arrestor in line to hose bibb. Hose bibbs providing non-potable water shall be provided with non-potable water warning signage as outlined in this section.

END OF SECTION

SECTION 22 05 23

GENERAL DUTY VALVES FOR PLUMBING PIPING

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included: Valves of all descriptions except where indicated elsewhere.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. The latest published edition of a reference shall be applicable to this Project unless identified by a specific edition date.
- B. All materials, installation and workmanship shall comply with the applicable requirements and standards addressed within this specification.

1.03 QUALITY ASSURANCE

- A. Quality assurance shall be in accordance with Section 01 45 00—Quality Control.

1.04 SYSTEM DESCRIPTIONS

- A. Performance Requirements:
 - 1. Lead-Free Requirements: All materials that contact potable water shall be lead free. Lead free refers to the wetted surface of pipe, fittings and fixtures in potable water systems that have a weighted average lead content $\leq 0.25\%$ per the Federal Safe Drinking Water Act as amended January 4th, 2011 Section 1417. All products used in potable water systems shall be UL classified in accordance with ANSI/NSF 61 for potable water service and shall meet the low lead requirements of NSF-372.
 - 2. Where valve types (ball, etc.) are specified for individual plumbing services (i.e., domestic water, gas, etc.), each valve type shall be of the same manufacturer unless prior written approval is obtained from OWNER.
 - 3. Valves shall be line size unless specifically noted otherwise.

1.05 SUBMITTALS

- A. Submit shop drawings and product data in accordance with provisions of Section 01 33 00—Submittals.
- B. Schedule of all valves indicating type of service, dimensions, materials of construction, and pressure/temperature ratings for all valves shall be used on the project. Temperature ratings specified are for continuous operation.

1.06 OPERATION AND MAINTENANCE DATA

- A. All operations and maintenance data shall comply with the submission and content requirements specified under Section 01 33 00—Submittals.

PART 2-PRODUCTS

2.01 WATER SYSTEM VALVES (DCW, DHW, NPW)

- A. All water system valves to be rated at not less than 125 psig water working pressure at 240°F unless noted otherwise.
- B. Provide valve extensions for valves installed in all piping with insulation.
- C. All valves on potable water supplies shall be suitable for potable water applications.
- D. Shutoff valves in copper piping 3 inches in diameter and smaller shall be two-piece bronze body, solder joint or threaded ends, chrome plated bronze ball, glass filled Teflon seat, Teflon packing and threaded packing nut, blowout-proof stem, 600 psi. Apollo 70LF-200, Milwaukee UPBA150, Nibco S580-80-LF.
- E. Shutoff valves in CPVC piping 3 inches and smaller shall be hand-operated 150 psi union-type CPVC ball valves, Chemtrol TU Series Tru-bloc, Hayward, Walworth, or equal. Valves and all components including o-rings shall be compatible with potable water in piping. CPVC valves and union shall not be painted.

2.02 WASTE SYSTEM VALVES (SPD)

- A. Ball Valves (PVC) 3 Inches and Smaller: Hand-operated 150 psi union-type PVC ball valves, Chemtrol TU Series Tru-bloc, Hayward, Walworth, or equal. Valves and all components including O-rings shall be compatible with chemicals in piping. PVC valves and union shall not be painted.
- B. Check Valves (PVC): 2 inches and smaller: PVC body, socket weld ends union type, suitable for installation in a vertical line with flow upward, Chemtrol U45BC-E, or equal.

2.03 HIGH PRESSURE WATER SYSTEM VALVES (HPHW)

- A. Shutoff valves in stainless steel HPHW piping two inches in diameter and smaller shall be two-piece carbon steel body, threaded, ends 316SS ball and stem, UHMWPE trim, blowout-proof stem, 3000 psi, Apollo 72-140, Milwaukee, or Nibco.

PART 3-EXECUTION

3.01 GENERAL

- A. Properly align piping before installation of valves. Install and test valves in strict accordance with valve manufacturer's installation recommendations. Do not support weight of piping system on valve ends.
- B. Mount valves in locations which allow access for operation, servicing, and replacement.
- C. Provide valve handle extensions for all valves installed in insulated piping.

- D. Install all valves with the stem in the upright or horizontal position. If possible, install butterfly valves with the stem in the horizontal position. Valves installed with the stems down will not be accepted.
- E. Prior to flushing of piping systems, place all valves in the full-open position.

3.02 SHUT-OFF VALVES

- A. Install shut-off valves at each piece of equipment, at each branch take-off from mains for isolation or repair and elsewhere as indicated.

3.03 DRAIN VALVES

- A. Provide drain valves for complete drainage of all systems. Locations of drain valves include low points of piping systems, downstream of riser isolation valves, equipment locations specified or detailed, other locations required for drainage of systems and elsewhere as indicated.

3.04 BALL CHECK VALVES

- A. Provide check valves at sanitary sump pump discharges.

END OF SECTION

SECTION 22 05 29

HANGERS AND SUPPORTS FOR PLUMBING PIPING AND EQUIPMENT

PART 1–GENERAL

1.01 SUMMARY

- A. Work Included: Hangers and supports for Plumbing Piping and Equipment.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. The latest published edition of a reference shall be applicable to this Project unless identified by a specific edition date.
- B. All materials, installation and workmanship shall comply with the applicable requirements and standards addressed within this specification.

1.03 QUALITY ASSURANCE

- A. Quality assurance shall be in accordance with Section 01 45 00–Quality Control.

1.04 SUBMITTALS

- A. Submit shop drawings and product data in accordance with provisions of Section 01 33 00–Submittals.

1.05 OPERATION AND MAINTENANCE DATA

- A. All operations and maintenance data shall comply with the submission and content requirements specified under Section 01 33 00–Submittals.

PART 2–PRODUCTS

2.01 MANUFACTURERS

- A. Anvil, B-Line, Pate, G-Strut, Piping Technology, Roof Products & Systems or approved equal.

2.02 STRUCTURAL SUPPORTS

- A. Provide all supporting steel required for the installation of mechanical equipment and materials, including angles, channels, beams, etc. to suspended or floor supported tanks and equipment. All of this steel may not be specifically indicated on the Drawings.

2.03 PIPE HANGERS AND SUPPORTS

- A. Hangers for Pipe Sizes 1/2-Inch through 2 Inches:
 - 1. Carbon steel, adjustable swivel ring. B-Line B3170, Anvil 69 or 70.
 - 2. Carbon steel, adjustable clevis, standard. B-Line B3100, Anvil 260.
- B. Hangers for Pipe Sizes 2 Inches and Larger: Carbon steel, adjustable clevis, standard. B-Line B3100, Anvil 260.
- C. Multiple or Trapeze Hangers: Steel channels with welded spacers and hanger rods.
- D. Wall Support:
 - 1. Carbon steel welded bracket with hanger. B-Line B3068 Series, Anvil 194 Series.
 - 2. Perforated, epoxy painted finish, 16-12 gauge, minimum, steel channels securely anchored to wall structure, with interlocking, split-type, bolt secured, galvanized pipe/tubing clamps. B-Line type S channel with B-2000 series clamps, Anvil type AS 200 H with AS 1200 clamps. When copper piping is being supported, provide flexible elastomeric/thermoplastic isolation cushion material to completely encircle the piping and avoid contact with the channel or clamp, equal to B-Line B1999 Vibra Cushion or provide manufacturers clamp and cushion assemblies, B-Line BVT series.
- E. Vertical Support: Carbon steel riser clamp. B-Line B3373, Anvil 261 for above floor use.
- F. Copper Pipe Supports: All supports, fasteners, clamps, etc. directly connected to copper piping shall be copper plated or polyvinylchloride coated. Where steel channels are used, provide isolation collar between supports/clamps/fasteners and copper piping.

2.04 PIPE HANGER RODS

- A. Steel Hanger Rods:
 - 1. Hanger rod shall be continuously threaded, complete with adjusting and lock nuts.
 - 2. Size rods for individual hangers and trapeze support as indicated in the following schedule.
 - 3. Total weight of equipment, including valves, fittings, pipe, pipe content, and insulation, shall not exceed the limits indicated.

Maximum Load (pounds)	Rod Diameter (inches)
(650°F Maximum Temperature)	
610	3/8
1,130	1/2
1,810	5/8
2,710	3/4
3,770	7/8
4,960	1
8,000	1 1/4

2.05 CONCRETE INSERTS

- A. Poured in Place:
 - 1. MSS SP-58 Type 18 wedge type to be constructed of a black carbon steel body with a removable malleable iron nut that accepts threaded rod to 7/8-inch diameter. Wedge

design to allow the insert to be held by concrete in compression to maximize the load carrying capacity. B-Line B2505, Anvil 281.

2. MSS SP-58 Type 18 universal type to be constructed of black malleable iron body with a removable malleable iron nut that accepts threaded rod to 7/8 inch diameter. B-Line B3014N, Anvil 282.

- B. Drilled Fasteners: Carbon steel drop-in type expansion anchors, vibration resistant, with ASTM B633 zinc plating. Use drill bit of same manufacturer as anchor. Hilti, Rawl, Redhead.

2.06 CONTINUOUS CONCRETE INSERT CHANNELS

- A. Steel inserts with an industry standard pre-galvanized finish, nominally 1 5/8-inch wide by 1 3/8-inch deep by length to suit the application, designed to be nailed to concrete forms and provide a linear slot for attaching other support devices. Installed channels to provide a load rating of 2,000 pounds per foot in concrete. Manufacturer's standard brackets, inserts, and accessories designed to be used with the channel inserts may be used. Select insert length to accommodate all pipe in the area.

2.07 ANCHORS

- A. Use welding steel shapes, plates, and bars to secure piping to the structure.

2.08 CORROSIVE ATMOSPHERE SUPPORTS

- A. Where piping is installed at exterior locations or locations indicated on the Drawings as Class 1, Division 1, supports shall be fiberglass construction as manufactured by Aickinstrut. Supports shall meet all requirements listed above. See Section 40 05 00—Piping and Appurtenances for additional requirements.

PART 3—EXECUTION

3.01 INSTALLATION

- A. Size, apply and install supports and anchors in compliance with manufacturers recommendations.
- B. Install supports to allow free expansion of the piping system. Support all piping from the structure using concrete inserts, ceiling plates, wall brackets, or floor stands. Fasten ceiling plates and wall brackets securely to the structure and test to demonstrate the adequacy of the fastening.
- C. Coordinate hanger and support installation to properly group piping of all trades.
- D. Where piping can be conveniently grouped to allow the use of trapeze type supports, use standard structural shapes or continuous insert channels for the supporting steel. Where continuous insert channels are used, pipe supporting devices made specifically for use with the channels may be substituted for the specified supporting devices provided that similar types are used and all data is submitted for prior approval.
- E. Size and install hangers and supports, except for riser clamps, for installation on the exterior of piping insulation. Where a vapor barrier is not required, hangers may be installed either on the exterior of pipe insulation or directly on piping.

- F. Perform welding in accordance with standards of the American Welding Society.

3.02 HANGER AND SUPPORT SPACING

- A. Install hangers to provide minimum 1/2-inch space between finished covering and adjacent work.
- B. Place a hanger within 12 inches of each horizontal elbow, valve, strainer, or similar piping specialty item.
- C. Use hangers with 1 1/2-inch minimum vertical adjustment.
- D. Where several pipes can be installed in parallel and at the same elevation, provide multiple or trapeze hangers.
- E. Support riser piping independently of connected horizontal piping.
- F. Adjust hangers to obtain the slope specified in the piping section of these specifications.
- G. Space hangers for pipe as follows:

Pipe Material	Pipe Size	Maximum Horizontal Spacing	Maximum Vertical Spacing
Copper	1/2" through 3/4"	5'-0"	10'-0"
Copper	1" through 1 1/4"	6'-0"	10'-0"
Copper	1 1/2" through 2 1/2"	8'-0"	10'-0"
Copper	3"	10'-0"	10'-0"
CPVC/PVC	All	4'-0"	10'-0"
Ductile Iron	All	10'-0"	10'-0"

- H. Any piping materials not explicitly listed above shall have pipe support provided at maximum spacing intervals as noted in the applicable code or manufacturer recommendations, whichever is more restrictive.

3.03 RISER CLAMPS

- A. Support vertical piping with clamps secured to the piping and resting on the building structure or secured to the building structure below at each floor.

3.04 CONCRETE INSERTS AND CONTINUOUS INSERT CHANNELS

- A. Select size based on the manufacturer's stated load capacity and weight of material that will be supported. Locate continuous insert channels on 6 feet 0 inch maximum centers and 2 feet 0 inch from corners. Furnish inserts to Division 03 for placement in concrete formwork. Use inserts for suspending hangers from reinforced concrete slabs and sides of reinforced concrete beams. Provide hooked rod to concrete reinforcement section for inserts carrying pipe over 4-inch size. Where concrete slabs form finished ceiling, provide inserts that are flush with the slab surface.

3.05 ANCHORS

- A. Install where indicated on the drawings and details. Where not specifically indicated, install anchors at ends of principal pipe runs and at intermediate points in pipe runs between expansion loops. Make provisions for preset of anchors as required to accommodate both expansion and contraction of piping.

END OF SECTION

SECTION 22 07 16

EQUIPMENT INSULATION FOR PLUMBING

PART 1—GENERAL

1.01 SUMMARY

- A. Work includes insulation for all equipment provided under Division 22—Plumbing:
 - 1. Flexible closed cell insulation.
 - 2. Adhesives, mastic, sealants, and reinforcing materials.
 - 3. Jacketing.
 - 4. Accessories.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. The latest published edition of a reference shall be applicable to this Project unless identified by a specific edition date.
- B. All material, installation, and workmanship shall comply with the applicable requirements and standards addressed within the following references.
 - 1. ASTM B117—Standard Practice for Operating Salt Spray (Fog) Apparatus.
 - 2. ASTM C168—Standard Terminology Relating to Thermal Insulation.
 - 3. ASTM C518—Standard Test Method for Steady-State Thermal Transmission Properties by Means of the Heat Flow Meter Apparatus.
 - 4. ASTM C591—Unfaced Preformed Rigid Cellular Polyisocyanurate Thermal Insulation.
 - 5. ASTM C1427—Standard Specification for Extruded Preformed Flexible Cellular Polyolefin Thermal Insulation in Sheet and Tubular Form.
 - 6. ASTM D1000—Methods for Pressure-Sensitive Adhesive-Coated Tapes Used for Electrical and Electronic Applications.
 - 7. ASTM E84—Standard Test Method for Surface Burning Characteristics of Building Materials.
 - 8. ASTM E96—Standard Test Methods for Water Vapor Transmission of Materials.
 - 9. FED L-P-535E: Plastic Sheet (Sheeting): Plastic Strip: Poly (Vinyl Chloride) And Poly (Vinyl Chloride-Vinyl Acetate), Rigid.
 - 10. EPA Method 8260B—Volatile Organic Compounds By Gas Chromatography/Mass Spectrometry (Gc/Ms).
 - 11. NFPA 262—Standard Method of Test for Flame Travel and Smoke of Wires and Cables for Use in Air-Handling Spaces.

1.03 SUBMITTALS

- A. Submit under provisions of Section 01 33 00—Submittals.
- B. Submit a schedule of all insulating materials to be used on the project, including adhesives, fastening methods, and fitting materials, along with safety data sheets and intended use of each material. Include manufacturer's technical data sheets indicating density, thermal characteristics, jacket type, and manufacturer's installation instructions.

1.04 QUALITY ASSURANCE

- A. All insulation or components of this specification section shall meet or exceed the requirements and quality of the items herein specified, or as denoted on the drawings.
- B. Label all insulating products delivered to the construction site with the manufacturer's name and description of materials.
- C. Insulation systems shall be applied by experienced contractors. Within the past five years, CONTRACTOR shall be able to document the successful completion of a minimum of three projects of at least 50% of the size and similar scope of the work specified in this section.

1.05 DELIVERY, STORAGE AND HANDLING

- A. Deliver, store and handle materials in accordance with Section 01 60 00–Materials and Equipment.
- B. Deliver materials to the site in such a manner as to protect the materials from shipping and handling damage.
- C. Materials that could be damaged by the elements should be packaged in such a manner that they could withstand short-term exposure to the elements during transportation.
- D. Store materials in a clean, dry place and protect from weather and construction traffic. Handle carefully to avoid damage.
- E. Use all means necessary to protect insulation before, during, and after installation.
- F. All scratched, dented, and otherwise damaged insulation shall be repaired or replaced without additional cost to OWNER.

1.06 GENERAL REQUIREMENTS

- A. Unless otherwise indicated, all equipment covering, jackets, insulation, vapor barriers, adhesive, and mastics shall have flame spread rating of 25 or less and smoke spread rating of 450 or less when tested in accordance with ASTM E84.

PART 2–PRODUCTS

2.01 FLEXIBLE CLOSED CELL INSULATION

- A. Acceptable manufacturers are K-flex Insul-tube, Nomaco ArcticFlex, or equal.
- B. Insulation shall be flexible closed cell type conforming to ASTM C1427, Type 1, Grade 1.
- C. Minimum nominal density shall be between 3 to 6 lbs/ft³.
- D. K-factor shall not exceed 0.25 (btu-in)/(hr-ft²-°F) at 75°F mean.
- E. Insulation shall be rated for service range of -20°F to 220°F on piping or 180°F where adhered to equipment.

2.02 ADHESIVES, MASTIC, SEALANTS, AND REINFORCING MATERIALS

- A. Products shall be compatible with surfaces and materials on which they are applied, and shall be suitable for use at operating temperatures of systems to which they are applied.
- B. Vapor Retarding Mastic:
 - 1. Acceptable Manufacturers: Foster 30-65 Vapor Fas, Childers CP-34, and Vimasco 749.
 - 2. For equipment insulation operating below 50°F, mastic water vapor permeance shall be less than 0.03 perms at 45 mils dry film thickness conforming to ASTM E96.
 - 3. Use insulation joint sealant at all joints. Acceptable manufacturers are Foster 95-50 Flextra, Childers CP-76 Chil-Byl, or Pittsburgh Corning CW Sealant.
- C. Weather Barrier Breather Mastic:
 - 1. Acceptable Manufacturers: Foster 46-50 Weatherite, Childers Vi-Cryl CP-10/CP-11, or Vimasco WC-5.
 - 2. For equipment insulation operating at 50°F or above, mastic water vapor permeance shall be greater than 1.0 perms at 1/16-inch dry film thickness conforming to ASTM E96.

2.03 JACKETING

- A. PVC Jackets (PVJ):
 - 1. PVC film, gloss finish one side, semi-gloss other side.
 - 2. PVC film shall conform to FED L-P-535e, Composition A, Type II, Grade GU.
 - 3. Jacket thickness shall be minimum 0.03 inch.

2.04 ACCESSORIES

- A. All products shall be compatible with surfaces and materials on which they are applied, and be suitable for use at operating temperatures of the systems to which they are applied.
- B. Adhesives, sealants, and protective finishes shall be as recommended by insulation manufacturer for applications specified.
- C. Insulation bands shall be 3/4 inch wide, constructed of aluminum or stainless steel. Minimum thickness shall be 0.015 inch for aluminum and 0.010 inch for stainless steel.
- D. Staples shall be clinch style.
- E. Tack fasteners shall be stainless steel ring grooved shank tacks.
- F. Joint sealants and metal jacketing sealants shall be non-shrinking and permanently flexible.

PART 3—EXECUTION

3.01 GENERAL

- A. All insulation damaged during construction shall be replaced in accordance with these specifications.

- B. All insulation shall be applied in accordance with the manufacturer's written recommendations. Destructive methods such as sheet metal screws are not acceptable. All insulation shall be installed with joints butted firmly together.
- C. All valves shall be insulated with mitered sections of insulation equal in density and thickness to adjoining insulation or with "Zeston"-type, premolded PVC fittings installed in accordance with the manufacturer's instructions.
- D. Install insulation with smooth and even surfaces. Poorly fitted joints or use of filler in voids will not be accepted. Provide neatly beveled and coated terminations at all nameplates, uninsulated fittings, or at other locations where insulation terminates.

3.02 VAPOR BARRIER INSTALLATION

- A. For systems operating at 50°F or above, jackets on insulation may be stapled using outward clinch staples spaced 3 inches apart at least 1/4-inch in from the lap edge.
- B. For systems operating below 50°F, laps shall be vapor-sealed using self-sealing lap, lap-seal tape gun, or adhesive.
- C. Install fabric reinforcing without wrinkles. Overlap seams a minimum of 2 inches.
- D. Use full length material (as delivered from manufacturer) wherever possible. Scrap piecing of insulation or pieces cut undersize and stretched to fit will not be accepted.
- E. All insulation ends shall be tapered and sealed regardless of service.
- F. Vapor barrier jackets shall be applied with a continuous, unbroken vapor seal. Vapor barrier jackets shall not be broken at supports.
- G. Vapor retarding jacket shall be maintained continuously through all penetrations.

3.03 FLEXIBLE CLOSED CELL INSULATION INSTALLATION

- A. Miter cut fittings allowing sufficient length to prevent stretching. Completely seal seams and joints for vapor tight installation. Apply full bed of adhesive to both surfaces. Cover flexible closed cell insulation on systems operating below 40°F with vapor retarding mastic.

3.04 PROTECTIVE JACKET INSTALLATION

- A. PVC Fitting Covers and Jackets (PVJ): Lap seams and joints a minimum of 2 inches and continuously seal PVC with welding solvent recommended by jacket manufacturer. Lap slip joint ends 4 inches without fasteners where required to absorb expansion and contraction. For sections where vapor retarding jacket is not required and jacket requires routine removal, tack fasteners may be used. Secure PVC fitting covers with tack fasteners. For systems requiring a vapor retarding jacket, apply a 1 1/2-inch band of mastic over ends, throat, seams and penetrations.

3.05 EQUIPMENT INSULATION

- A. Insulation shall not cover equipment access manholes, fittings, nameplates or ASME stamps. Bevel and seal insulation at these locations.

B. Provide insulation on equipment as outlined in the schedule below:

Equipment	Insulation	Jacket	Thickness
Water Meters	Flexible Closed Cell	PVJ	0.5"
Reduced Pressure Backflow Preventers	Flexible Closed Cell	PVJ	0.5"

END OF SECTION

SECTION 22 07 19

PIPING INSULATION FOR PLUMBING

PART 1—GENERAL

1.01 SUMMARY

- A. Work includes insulation for all piping provided under Division 22—Plumbing.
 - 1. Rigid formed fiberglass insulation.
 - 2. Flexible closed cell pipe insulation.
 - 3. Adhesives, mastic, sealants, and reinforcing materials.
 - 4. Jacketing.
 - 5. Insulation inserts and pipe shields.
 - 6. Accessories.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 REFERENCES

- A. The latest published edition of a reference shall be applicable to this Project unless identified by a specific edition date.
- B. All material, installation, and workmanship shall comply with the applicable requirements and standards addressed within the following references.
 - 1. ASTM C168—Standard Terminology Relating to Thermal Insulation.
 - 2. ASTM C272—Standard Test Method for Water Absorption of Core Materials for Sandwich Constructions.
 - 3. ASTM C518—Standard Test Method for Steady-State Thermal Transmission Properties by Means of the Heat Flow Meter Apparatus.
 - 4. ASTM C533—Standard Specification for Calcium Silicate Block and Pipe Thermal Insulation.
 - 5. ASTM C547—Standard Specification for Mineral Fiber Pipe Insulation.
 - 6. ASTM C591—Unfaced Preformed Rigid Cellular Polyisocyanurate Thermal Insulation.
 - 7. ASTM C612—Standard Specification for Mineral Fiber Block and Board Thermal Insulation.
 - 8. ASTM C1427—Standard Specification for Extruded Preformed Flexible Cellular Polyolefin Thermal Insulation in Sheet and Tubular Form.
 - 9. ASTM D1000—Standard Test Methods for Pressure-Sensitive Adhesive-Coated Tapes Used for Electrical and Electronic Applications.
 - 10. ASTM E84—Standard Test Method for Surface Burning Characteristics of Building Materials.
 - 11. ASTM E96—Standard Test Methods for Water Vapor Transmission of Materials.
 - 12. FED L-P-535E: Plastic Sheet (Sheeting): Plastic Strip: Poly (Vinyl Chloride) And Poly (Vinyl Chloride-Vinyl Acetate), Rigid.
 - 13. NFPA 262—Standard Method of Test for Flame Travel and Smoke of Wires and Cables for Use in Air-Handling Spaces.

1.03 SUBMITTALS

- A. Submit under provisions of Section 01 33 00–Submittals.
- B. Submit a schedule of all insulating materials to be used on the project, including adhesives, fastening methods, and fitting materials, along with safety data sheets and intended use of each material. Include manufacturer's technical data sheets indicating density, thermal characteristics, jacket type, and manufacturer's installation instructions.

1.04 QUALITY ASSURANCE

- A. All insulation or components of this specification section shall meet or exceed the requirements and quality of the items herein specified, or as denoted on the drawings.
- B. Label all insulating products delivered to the construction site with the manufacturer's name and description of materials.
- C. Insulation systems shall be applied by experienced contractors. Within the past five years, CONTRACTOR shall be able to document the successful completion of a minimum of three projects of at least 50% of the size and similar scope of the work specified in this section.

1.05 DELIVERY, STORAGE AND HANDLING

- A. Deliver, store and handle materials in accordance with Section 01 60 00–Materials and Equipment.
- B. Deliver materials to the site in such a manner as to protect the materials from shipping and handling damage.
- C. Materials that could be damaged by the elements should be packaged in such a manner that they could withstand short-term exposure to the elements during transportation.
- D. Store materials in a clean, dry place and protect from weather and construction traffic. Handle carefully to avoid damage.
- E. Use all means necessary to protect insulation before, during, and after installation.
- F. All scratched, dented, and otherwise damaged insulation shall be repaired or replaced as requested by OWNER without additional cost to OWNER.

1.06 GENERAL REQUIREMENTS

- A. Unless otherwise indicated, all pipe covering, jackets, insulation, vapor barriers, adhesives, and mastics shall have flame spread rating of 25 or less and smoke spread rating of 450 or less when tested in accordance with ASTM E84.
- B. All insulation and associated materials shall be free of asbestos.

PART 2-PRODUCTS

2.01 RIGID FORMED FIBERGLASS INSULATION

- A. Acceptable manufacturers are Johns Manville Micro-Lok, or equal.
- B. Insulation shall be mineral fiber type conforming to ASTM C547, Type IV.
- C. Minimum nominal density shall be of 3.0 lbs/ft³.
- D. K-factor shall not exceed 0.23 (btu-in)/(hr-ft²-°F) at 75°F mean.
- E. Insulation shall be rated for service to 850°F.

2.02 FLEXIBLE CLOSED CELL PIPE INSULATION

- A. Acceptable manufacturers are K-flex Insul-tube, Armacell AP/Armaflex, or equal.
- B. Insulation shall be flexible closed cell type conforming to ASTM C534, Type 1, Grade 1.
- C. K -factor shall not exceed 0.25 (btu-in)/(hr-ft²-°F) at 75°F mean.
- D. Insulation shall be rated for service range of -20°F to 220°F on piping or 180°F where adhered to equipment.

2.03 ADHESIVES, MASTIC, SEALANTS, AND REINFORCING MATERIALS

- A. Products shall be compatible with surfaces and materials on which they are applied, and shall be suitable for use at operating temperatures of systems to which they are applied.
- B. Fiberglass Insulation Adhesive: Acceptable Manufacturers: Foster 85-60, Childers CP-127, and Duro Dyne SSG.
- C. Sealant for Metal Jacketing: Acceptable Manufacturers: Foster 95-44 Elastolar, Childers CP-76 Chil-Byl, Pittsburgh Corning 727.

2.04 JACKETING

- A. PVC Jackets (PVJ):
 - 1. PVC film, gloss finish one side, semi-gloss other side.
 - 2. PVC film shall conform to FED L-P-535D, Composition A, Type II, Grade GU.
 - 3. Jacket thickness shall be minimum 0.03 inch.
- B. ADA Accessible Lavatory Insulation: Provide Truebro, Inc. Lav-Guard, or equal, undersink piping cover. Piping cover shall meet applicable ADA requirements. The P-trap, angle valve assemblies, supply piping, and tailpiece shall be covered with the molded vinyl, antimicrobial pipe cover. Cover shall be secured with flush reusable fasteners; angle stop shall have locking access cover.

2.05 INSULATION INSERTS AND PIPE SHIELDS

- A. Acceptable manufacturers are B-Line, Pipe Shields, or Value Engineered Products.

- B. Construct inserts with calcium silicate or polyisocyanurate with minimum 140 psi compressive strength. Piping 12 inches and larger shall be supplemented with high density 600 psi structural calcium silicate insert. Provide 16-gauge galvanized steel shield, 12 inches long. Insert and shield shall include minimum 180 degree coverage on bottom supported piping and full 360 degree coverage on clamped piping. On roller mounted piping and piping designed to slide on support, provide additional load distribution stainless steel plate. In hazardous (Class I, Division 1) environments, shields and distribution plates shall be constructed of 316 stainless steel.
- C. Where contractor proposes shop/site fabricated inserts and shields, submit schedule of materials, thicknesses, gauges and lengths for each pipe size to demonstrate equivalency to pre-engineered/premanufactured product described above. On low temperature systems, high density rigid polyisocyanurate may be substituted for calcium silicate provided insert and shield length and shield gauge are increased to compensate for lower insulation compressive strength.
- D. Wood blocks will not be accepted.
- E. All pipe shields shall be banded to the jacketing using stainless steel bands. One band is required on each side of the support.

2.06 ACCESSORIES

- A. All products shall be compatible with surfaces and materials on which they are applied, and be suitable for use at operating temperatures of the systems to which they are applied.
- B. Adhesives, sealants, and protective finishes shall be as recommended by insulation manufacturer for applications specified.
- C. Insulation bands shall be 3/4 inch wide, constructed of stainless steel. Where metal jackets are used, band material shall match jacket material. Minimum thickness shall be 0.015 inch for aluminum and 0.010 inch for stainless steel.
- D. Load distributing metal shields shall be constructed of stainless steel. Where metal jackets are used, shield material shall match jacket material. Minimum thickness shall be 0.015 inch for aluminum and 0.010 inch for stainless steel.
- E. Staples shall be clinch style.
- F. Tack fasteners shall be stainless steel ring grooved shank tacks.
- G. Joint sealants and metal jacketing sealants shall be non-shrinking and permanently flexible.

PART 3—EXECUTION

3.01 GENERAL

- A. All insulation damaged during construction shall be replaced in accordance with these specifications.

- B. All insulation shall be applied in accordance with the manufacturer's written recommendations. Destructive methods such as sheet metal screws are not acceptable. All pipe insulation shall be installed with joints butted firmly together.
- C. All valves and fittings shall be insulated with mitered sections of insulation equal in density and thickness to adjoining insulation.
- D. Install insulation with smooth and even surfaces. Poorly fitted joints or use of filler in voids will not be accepted. Provide neatly beveled and coated terminations at all nameplates, uninsulated fittings, or at other locations where insulation terminates.
- E. All pipe insulation shall be continuous through walls, ceiling or floor openings and through sleeves.
- F. All un-insulated penetrations through the insulation system shall be insulated along their length to a minimum distance of four times the insulation thickness. To prevent moisture migration behind the insulation, these penetrations shall be sealed with a sealant as recommended by the manufacturer and flashed to shed water.

3.02 SUPPORT INSTALLATION

- A. For each pipe hanger, provide a hanger block on the bottom half of the pipe in place of the insulation.
- B. Pipe hangers and supports shall be sized large enough to be installed over the outer surface of the insulation.
- C. Load distributing metal shields shall be installed around the lower one-third circumference of the insulation and jacket.
- D. Blocks and shields shall be provided at all supports regardless of orientation, except inserts may be omitted on 3/4 inch and smaller copper piping provided 12-inch long 22 gauge pipe shields are used.

3.03 RIGID FORMED FIBERGLASS INSULATION INSTALLATION

- A. Fittings, valves, unions, flanges, couplings and specialties shall be insulated with factory molded insulation of the same thickness as adjoining insulation. Secure insulation sections with two wraps of nylon filament tape 9-inch to 12-inch on center. On single insulation layer systems and on the outer layer of double insulation layer systems, apply a thin coat of flexible closed cell joint sealant rated for system operating temperatures to all longitudinal and butt insulation joints covering entire face of joint. Allow sealant to fully cure before applying protective covering. Where two layers of insulation are used, do not use sealant on the inner layer or adhere the inner layer to the outer layer. Apply vapor stop bead of joint sealant between pipe and insulation on both sides of valves, expansion/contraction joints, flanges, thermometers/gauges, attached vent and drain lines. Insulate attached non-circulated lines, control lines, vents, etc., for a minimum distance of 6 inches from pipe. Cover insulation with a protective jacket as specified below. Do not penetrate protective covering or insulation with mechanical fasteners.

3.04 FLEXIBLE CLOSED CELL INSULATION INSTALLATION

- A. Where practical, slip insulation on piping during pipe installation while pipe ends are open. Miter cut fittings allowing sufficient length to prevent stretching. Completely seal seams and joints for vapor tight installation. Apply full bed of adhesive to both surfaces. Cover flexible closed cell insulation on systems operating below 40°F with vapor retarding mastic.

3.05 PROTECTIVE JACKET INSTALLATION

- A. PVC Fitting Covers and Jackets (PVJ): Lap seams and joints a minimum of 2 inches and continuously seal PVC with welding solvent recommended by jacket manufacturer. Lap slip joint ends 4 inches without fasteners where required to absorb expansion and contraction. For sections where vapor retarding jacket is not required and jacket requires routine removal, tack fasteners may be used. Secure PVC fitting covers with tack fasteners. For systems requiring a vapor retarding jacket, apply a 1 1/2-inch band of mastic over ends, throat, seams and penetrations.
- B. Vapor Barriers: On systems operating at 50°F and above, pipe insulation jackets may be stapled using outward clinch staples spaced 3 inches apart at least 1/4 inch in from the lap edge. Mastics used shall be "breather" type allowing passage of water vapor.

3.06 PIPING INSULATION

- A. Provide insulation on new piping as indicated in the following schedule:

SERVICE	INSULATION	JACKET	INSULATION THICKNESS BY PIPE SIZE				
			< 1"	1" to < 1 1/2"	1 1/2" to < 4"	4" to < 8"	8" and Larger
Piping within Slabs and Masonry Walls	Flexible Closed Cell	N/A	1/2"	1/2"	1/2"	-	-
Liquid-Carrying Piping Located in Exterior or Unconditioned Spaces (Unless Specified Elsewhere)	Rigid Formed Fiberglass	PVJ	2"	2"	2"	2"	2"
Cooling Coil Condensate Drain	Rigid Formed Fiberglass	PVJ	1"	1"	1"	1"	1"
Cold Water (DCW, NPW)	Rigid Formed Fiberglass	PVJ	1"	1"	1"	1"	1"
Hot Water (DHW, HPHW)	Rigid Formed Fiberglass	PVJ	1"	1"	1.5"	1.5"	1.5"
Above Grade Stormwater/Roof Drains	Rigid Formed Fiberglass	PVJ	1"	1"	1"	1"	1"

- B. For systems with operating fluid temperatures 65°F or less, furnish and install removable flexible closed cell insulation covers, plugs or caps for all mechanical equipment and devices that require access by balancing contractors or service and maintenance personnel. Covers shall be tight fitting to provide a complete vapor retarding barrier.

3.07 SPECIAL AREAS

- A. All areas indicated on the Drawings as "Hazardous", Class I Division 1 shall include PVJ jackets.

END OF SECTION

Section 22 07 19-6
1154.087/W2021-0394A

SECTION 22 11 00

FACILITY WATER DISTRIBUTION PIPING

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included: All pipe, fittings, and appurtenances for domestic (hot and cold) potable and non-potable water within and to 5 feet beyond building perimeter.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work under this section.

1.02 REFERENCES

- A. The latest published edition of a reference shall be applicable to this Project unless identified by a specific edition date.
- B. All materials, installation and workmanship shall comply with the applicable requirements and standards addressed within this specification.

1.03 QUALITY ASSURANCE

- A. Order all pipe with each length marked with the name or trademark of the manufacturer and type of pipe; with each shipping unit marked with the purchase order number, metal or alloy designation, temper, size, and name of supplier.
- B. Any installed material not meeting the specification requirements must be replaced with material that meets these specifications without additional cost to OWNER.

1.04 SUBMITTALS

- A. Submit under provisions of Section 01 33 00—Submittals.
- B. CONTRACTOR shall provide schedule indicating the ASTM, AWWA, or CISPI specification number of the pipe being proposed along with its type and grade if known at the time of submittal, and sufficient information to indicate the type and rating of fittings for each service.
- C. CONTRACTOR shall provide statement from manufacturer on their letterhead that pipe furnished meets the ASTM, AWWA, or CISPI specification contained in this section.

1.05 DELIVERY AND STORAGE

- A. CONTRACTOR shall promptly inspect shipments to review that the material is undamaged and complies with specifications.
- B. CONTRACTOR shall cover pipe to prevent corrosion or deterioration while allowing sufficient ventilation to avoid condensation. Materials shall not be stored directly on grade. Pipe, tube, and fitting ends shall be protected so they are not damaged. Where end caps are provided or specified, CONTRACTOR shall take precautions so the caps remain in

place. Protect fittings, flanges, and unions by storage inside or by durable, waterproof, above ground packaging.

- C. Offsite storage agreements will not relieve CONTRACTOR from using proper storage techniques.
- D. Deliver, store, and protect in accordance with Section 01 60 00—Materials and Equipment.

PART 2—PRODUCTS

2.01 DOMESTIC WATER (INCLUDES COLD, HOT, AND NON-POTABLE)

- A. Copper Piping and Fittings: Piping smaller than 3 inches in diameter shall be Type K copper water tube, H (drawn) temper, ASTM B88; wrought copper pressure fittings, ANSI B16.22; lead free (<.2%) solder, ASTM B32; flux, ASTM B813; copper phosphorous brazing alloy, AWS A5.8 BCuP. Mechanically formed brazed tee connections may be used in lieu of specified tee fittings for branch takeoffs up to one-half the diameter of the main.
- B. CPVC Piping:
 - 1. Except as otherwise specified, non-potable water piping in wet well and screening rooms shall be constructed of CPVC.
 - 2. CPVC piping shall be CPVC 4120, Schedule 80, high-impact conforming to ASTM F441. Piping and fittings shall be approved for use by the National Sanitation Foundation. All pipe delivered to the jobsite shall be properly marked for type, grade, and design stress rating. Expansion joints shall be provided as required. In general, all joints shall be solvent weld, except where flanges are shown on the Drawings. All piping shall be supported at spacing not exceeding that recommended by the manufacturer.
 - 3. Solvent cement for CPVC piping shall be specifically designed for piping systems receiving chemical resistance. Cement shall be Oatey EP42, IPS Weld-On ZZ724, or equal.
 - 4. CPVC Schedule 80 pressure fittings shall meet requirements of ASTM F437 (threaded type) and ASTM F439 (solvent weld socket type). All internal threads shall be machine-taped to the requirements of ANSI/ASME B1.20.1. The quick burst strength of the fittings shall be equal to or greater than the burst strength of the equivalent Schedule 80 CPVC pipe. Fittings shall be made of CPVC 23447-B, or better.
 - 5. All exterior or CPVC piping in open tanks shall be formulated with sufficient ultraviolet light screeners to provide for long-term outdoor exposure with no deleterious effects.

2.02 HIGH PRESSURE HOT WATER PIPING (HPHW)

- A. Stainless Steel Piping and Fittings:
 - 1. Pipe ANSI/ASME 36.19M, schedule 80, stainless steel, seamless.
 - 2. Fittings: ANSI B1.20.1, ASME A182, ASME B16.11, Class 3000 threaded fittings.
 - 3. Unions: ANSI B1.20.1, ASME A182, ASME B16.11, Class 3000 threaded fittings.

2.03 DIELECTRIC UNIONS AND FLANGES (DCW, NPW)

- A. Watts Regulator Company, Lochinvar, Wilkins or EPCO Sales, Inc., dielectric unions 2 inches and smaller; dielectric flanges 2 inches and larger; with iron female pipe thread to copper solder joint or brass female pipe thread end connections, non-asbestos gaskets, having a pressure rating of not less than 175 psig at 180°F.

2.04 UNIONS AND FLANGES (DCW, NPW)

- A. Unions, flanges and gasket materials to have a pressure rating of not less than 150 psig at 180°F. Gasket material for flanges and flanged fittings shall be Teflon type. Treated paper gaskets are not acceptable.
- B. 2 1/2-Inch and Smaller Copper: ANSI B16.18 cast bronze union coupling or ANSI B15.24 Class 150 cast bronze flanges.
- C. 3-Inch and Larger Steel: ASTM A181 or A105, grade 1 hot forged steel flanges of threaded, welding neck, or slip-on pattern on black steel and threaded only on galvanized steel. Use raised face flanges ANSI B16.5 for mating with other raised face flanges or equipment with flat ring or full face gaskets. Use ANSI B16.1 flat face flanges with full face Teflon gaskets for mating with other flat face flanges on equipment. Gaskets shall be Teflon type.

PART 3-EXECUTION

3.01 GENERAL

- A. Install pipe and fittings in accordance with reference standards, manufacturers' recommendations, and recognized industry practices.

3.02 PREPARATION

- A. Cut pipe ends square. Ream ends of piping to remove burrs. Clean scale and dirt from interior and exterior of each section of pipe and fitting prior to assembly.

3.03 ERECTION

- A. Install all piping parallel to building walls and ceilings and at heights which do not obstruct any portion of a window, doorway, stairway, or passageway. Where interferences develop in the field, offset or reroute piping as required to clear such interferences. Coordinate locations of plumbing piping with piping, ductwork, conduit and equipment of other trades to allow sufficient clearances. In all cases, consult drawings for exact location of pipe spaces, ceiling heights, door and window openings, or other architectural details before installing piping.
- B. Where copper or steel piping is embedded in masonry or concrete, provide protective sleeve covering of elastomeric pipe insulation.
- C. Maintain piping in clean condition internally during construction.
- D. Provide clearance for installation of insulation, access to valves, and piping specialties.
- E. Provide anchors, expansion joints, swing joints, and/or expansion loops so that piping may expand and contract without damage to itself, equipment, or building.
- F. Do not route piping through transformer vaults or above transformers, panelboards, or switchboards, including the required service space for this equipment, unless the piping is serving this equipment.
- G. Tracer wire shall be installed on all underground pipe as specified.

3.04 THREADED PIPE JOINTS

- A. Use a thread lubricant when making joints; no hard setting pipe thread cement or caulking shall be allowed.

3.05 DOMESTIC WATER

- A. Maintain piping system in clean condition during installation. Remove dirt and debris from assembly of piping as work progresses. Cap open pipe ends where left unattended or subject to contamination.
- B. Provide thrust restraints for 3-inch and larger exterior water piping joints, hydrants, caps, plugs, fittings, and bends of 22-1/2 degrees or more. Field apply continuous anti-corrosion coating to rodded restraint components. Protect mechanical joints, nuts and bolts from concrete cover. Cover with 8 mil sheet or tube polyethylene material sleeve.
- C. Install interior water piping with drain valves where indicated and at low points of system to allow complete drainage. Install shutoff valves where indicated and at the base of risers to allow isolation of portions of system for repair. Do not install water piping within exterior walls.

3.06 DIELECTRIC UNIONS AND FLANGES

- A. Install dielectric unions or flanges at each point where a copper-to-steel pipe connection is required in domestic water systems.

3.07 UNIONS AND FLANGES

- A. Install a union or flange at each connection to each piece of equipment and at other items which may require removal for maintenance, repair, or replacement. Where a valve is located at a piece of equipment, locate the flange or union connection on the equipment side of the valve. Concealed unions or flanges are not acceptable.

3.08 TESTING AND CLEANING

- A. General:
 - 1. All new piping shall be tested. All piping, interior or exposed, shall be subject to test before being covered with insulation or paint. All piping and appurtenances shall be watertight or airtight and free from visible leaks.
 - 2. All piping shall be flushed or blown out after installation and prior to testing. CONTRACTOR shall provide all necessary piping connections, water, air, test pumping equipment, water meter, bulkheads, valves, pressure gauge and other equipment, materials, and facilities necessary to complete the specified tests, flushing, sterilization. CONTRACTOR shall also provide all temporary sectionalizing devices and vents as required.
 - 3. All new plumbing system piping shall be tested for leaks and defects. Piping being tested shall not leak nor show any loss in test pressure for duration specified.
 - 4. In cases of minor installation and repairs where specified water and/or air test procedures are deemed impractical, CONTRACTOR shall perform alternate testing procedures if acceptable to ENGINEER. Alternate testing procedures for minor installation and repairs may include visual evaluation of installed components by ENGINEER during a simulation of use.
 - 5. The water used for tests shall be obtained from a potable source of supply.

6. Prepare testing reports. If testing is performed in segments, submit separate report for each segment, complete with diagram or clear description of applicable portion of piping. After testing has been accepted for portions thereof, certify in writing the time, date, name, and title of the persons reviewing the test. This shall also include the description of what portion of the system has been accepted. A complete record shall be maintained of all testing that has been accepted and shall be made available at the jobsite. Upon completion of the work, all records and certifications regarding testing shall be submitted to ENGINEER before final payment is made.
7. Verify systems are complete, flushed, and clean prior to testing. Isolate or remove components subject to damage or not rated for test pressure. Test for leaks and defects in new piping and parts of existing piping that have been altered, extended, or repaired. Leave piping uninsulated, uncovered, and unconcealed until it has been tested. Where any portion of piping system must be concealed before completion of entire system, the portion shall be tested separately as specified for the entire system prior to concealment. CONTRACTOR shall expose all untested covered or concealed piping.
8. Gauges used for testing shall have increments as follows:
 - a. Tests requiring a pressure of 10 psi or less shall use a testing gauge having increments of 0.10 psi or less.
 - b. Tests requiring a pressure of greater than 10 psi but less than or equal to 100 psi shall use a testing gauge having increments of 1 psi or less.
 - c. Tests requiring a pressure of greater than 100 psi shall use a testing gauge having increments of 2 psi or less.
9. Separately test above- and belowground piping.
10. Do not introduce test water into piping systems when exposure to freezing temperatures is possible.
11. Do not introduce test water into sections of piping located above existing sensitive areas and/or equipment that may be damaged or contaminated by water leakage. Coordinate with OWNER to determine areas and/or equipment considered as being sensitive.
12. Defective work or material shall be reworked and replaced and test repeated. Repairs shall be made with new materials. Pipe dope, caulking, tape, dresser couplings, etc., shall not be used to correct deficiencies.
13. CONTRACTOR shall be responsible for cleaning up any leakage during flushing, testing, repairing, and disinfecting to the original condition any building parts subjected to spills or leakage.
14. If required for the additional pressure load under test, provide temporary restraints at fittings or expansion joints. Backfill underground pressure mains prior to testing with the exception of thrust restrained valves that may be exposed to isolate potential leaks.
15. For hydrostatic tests, use clean water and remove all air from the piping being tested by means of air vents or loosening of flanges/unions. Measure and record test pressure at the high point in the system.
16. For air or nitrogen tests, gradually increase the pressure to not more than one-half of the test pressure; then increase the pressure in steps of approximately one-tenth of the test pressure until the required test pressure is reached. Examine all joints and connections with a soap bubble solution or equivalent method. System will not be accepted until it can be demonstrated that there is no measurable loss of test pressure during the test period.

B. Domestic Water System:

1. Subject piping system to a hydrostatic pressure of at least 100 pounds per-square-inch gauge, but not less than the operating pressure under which it is to be used. During test period, all pipe, fittings and accessories in the particular piping system that is being tested shall be carefully observed. If leaks are detected, such leaks shall be stopped

and the hydrostatic test shall again be applied. This procedure shall be repeated until no leaks are detected. EXCEPTION: Piping located above sensitive areas and/or equipment that may be damaged or become contaminated due to test water leakage shall be tested with oil-free air in lieu of water.

2. After completion of the testing, all new and/or altered water piping systems shall be thoroughly sterilized with a solution containing not less than 50 parts per million of available chlorine. Do not exceed 150 parts per million at any time. Introduce chlorine into the supply stream at a rate sufficient to provide a uniform concentration throughout the system. All outlets shall be opened and closed several times. When the specified level of chlorine is detected at every outlet in the system, close all valves to prevent release of water from the system for 24 hours. At the completion of the 24-hour disinfection period, test every outlet for a minimum chlorine residual of 50 parts per million. This minimum residual must be present to proceed with flushing. Flush the system with clean water at a sufficient velocity until the residual chlorine detected at every outlet is within 0.2 parts per million or the normal water supply's level.
3. Sufficient samples must be taken no sooner than 24 hours after sterilization and flushing to represent the extent and complexity of the affected water system, along with a control sample to indicate municipal water quality at the time of testing. Send water samples to an accredited and/or certified laboratory to perform qualitative and quantitative bacteriological analysis in accordance with AWWA C651 or in accordance with Plumbing Code. CONTRACTOR shall obtain written certification from the independent testing agency stating that the water samples meet federal and state guidelines for safe drinking water. Failure to fully comply with the above procedures will result in a requirement to repeat the procedure until acceptable results are achieved, at no additional cost to OWNER.
4. Isolate or bypass equipment that would be detrimentally affected by disinfecting solution. Isolate all other sections of the domestic water system not being disinfected to prevent migration of chlorine.
5. Prior to injection of chlorine into the piping system, strategically place signs stating "Heavily Chlorinated Water-Do Not Drink," and protect all outlets to prevent use during disinfection and flushing procedures.
6. A bacteria test may not be necessary for small scale work. However, disinfection is required. Examples of small scale work are less than 20 feet of pipe, replacement and/or installation of a sink, drinking fountain, eyewash, backflow preventer, isolation valve, etc. Disinfect individual parts, fixtures, isolation valves, pipes, etc. by swabbing with full strength bleach (5.25%) or soaking for at least 30 minutes in a 500 ppm chlorine solution. Materials should then be thoroughly rinsed before putting into service.

System	Test Medium	Pressure	Final Test Duration
Belowground Domestic or Nonpotable Water	Water	200 psig	2 hours
Aboveground Domestic or Nonpotable Water	Water	100 psig	8 hours
High Pressure Hot Water	Water	150 psig	8 hours

END OF SECTION

SECTION 22 13 16

SANITARY WASTE AND VENT PIPING

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included: All plumbing pipe and pipe fittings for this project within and up to 5 feet from the building foundation wall.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work under this section.

1.02 QUALITY ASSURANCE

- A. Quality assurance shall be in accordance with Section 01 45 00—Quality Control.
- B. Order all copper, cast iron, steel, PVC, and polyethylene pipe with each length marked with the name or trademark of the manufacturer and type of pipe; with each shipping unit marked with the purchase order number, metal or alloy designation, temper, size, and name of supplier.
- C. Any installed material not meeting the specification shall be replaced with material that meets these specifications without additional cost to OWNER.

1.03 SUBMITTALS

- A. Submit under provisions of Section 01 33 00—Submittals.
- B. CONTRACTOR shall provide schedule indicating the ASTM or CISPI specification number of the pipe being proposed along with its type and grade if known at the time of submittal, and sufficient information to indicate the type and rating of fittings for each service.
- C. CONTRACTOR shall provide statement from manufacturer on manufacturer's letterhead that pipe furnished meets the ASTM or CISPI specification contained in this section.

1.04 DELIVERY, STORAGE, AND HANDLING

- A. Promptly inspect shipments to review that the material is undamaged and complies with specifications.
- B. Cover pipe to prevent corrosion or deterioration while allowing sufficient ventilation to avoid condensation. Do not store materials directly on grade. Protect pipe, tube, and fitting ends so they are not damaged. Where end caps are provided or specified, take precautions so the caps remain in place. Protect fittings, flanges, and unions by storage inside or by durable, waterproof, aboveground packaging.
- C. Offsite storage agreements will not relieve CONTRACTOR from using proper storage techniques.

- D. Storage and protection methods must allow observation to verify products.

1.05 DESIGN CRITERIA

- A. Use only new material, free of defects, rust, and scale, and meeting the latest revision of ASTM or CISPI specifications as listed in this specification.
- B. Construct all piping for the highest pressures and temperatures in the respective system.
- C. Non-metallic piping will be acceptable only for the services indicated. It will not be acceptable in ventilation plenum spaces, including plenum ceilings.
- D. Where weld fittings or mechanical grooved fittings are used, use only long radius elbows having a centerline radius of 1.5 pipe diameters.

PART 2-PRODUCTS

2.01 SANITARY WASTE AND VENT

- A. Aboveground PVC shall not be used where smoke generation, noise transmission, or physical abuse/durability are an issue.
- B. Interior Above Ground, Gravity: PVC plastic pipe, Schedule 40, Class 12454-B (PVC 1120), ASTM D1785; PVC plastic drain, waste and vent pipe and fittings, ASTM D2665; socket fitting patterns, ASTM D3311; primer, ASTM F656; solvent cement, ASTM D2564.
- C. Interior Above Ground, Pressurized: PVC plastic pipe, Schedule 40, Class 12454, ASTM D1784, ASTM D1785, with solvent cement joints, pressure rated, ASTM D2466, medium or long radius fittings; Primer, ASTM F656; Solvent, ASTM D2564.
- D. Interior Below Ground, Gravity: PVC plastic pipe, Schedule 40, Class 12454-B (PVC 1120), ASTM D1785; PVC plastic drain, waste and vent pipe and fittings, ASTM D2665; socket fitting patterns, ASTM D3311; primer, ASTM F656; solvent cement, ASTM D2564.

PART 3-EXECUTION

3.01 GENERAL

- A. Install pipe and fittings in accordance with reference standards, manufacturers recommendations and recognized industry practices.

3.02 PREPARATION

- A. Cut pipe ends square. Ream ends of piping to remove burrs. Clean scale and dirt from interior and exterior of each section of pipe and fitting prior to assembly.

3.03 ERECTION

- A. Install all piping parallel to building walls and ceilings and at heights which do not obstruct any portion of a window, doorway, stairway, or passageway. Where interferences develop in

the field, offset or reroute piping as required to clear such interferences. Coordinate locations of plumbing piping with piping, ductwork, conduit and equipment of other trades to allow sufficient clearances. In all cases, consult drawings for exact location of pipe spaces, ceiling heights, door and window openings, or other architectural details before installing piping.

- B. Maintain piping in clean condition internally during construction.
- C. Provide clearance for installation of insulation, access to valves and piping specialties.
- D. Provide anchors, expansion joints, swing joints and/or expansion loops so that piping may expand and contract without damage to itself, equipment, or building.
- E. Do not route piping through transformer vaults or above transformers, panelboards, or switchboards, including the required service space for this equipment, unless the piping is serving this equipment.
- F. Install all valves and piping specialties, including items furnished by others, as specified and/or detailed. Provide access to valves and specialties for maintenance. Make connections to all equipment, fixtures and systems installed by others where same requires the piping services indicated in this section.

3.04 THREADED PIPE JOINTS

- A. Use a thread lubricant or teflon tape when making joints; no hard setting pipe thread cement or caulking will be allowed.

3.05 SOLVENT WELDED PIPE JOINTS

- A. Install in accordance with ASTM D2855 "Making Solvent Cemented Joints With PVC Pipe and Fittings". Saw cut piping square and smooth. Tube cutters may be used if they are fitted with wheels designed for use with PVC/CPVC pipe that do not leave a raised bead on pipe exterior. Support and restrain pipe during cutting to prevent nicks and scratches. Bevel ends 10-15 degrees and deburr interior. Remove dust, drips, moisture, grease and other superfluous materials from pipe interior and exterior. Check dry fit of pipe and fittings. Reject materials which are out of round or do not fit within close tolerance. Use heavy body solvent cement for large diameter fittings.
- B. Maintain pipe, fittings, primer, and cement between 40 and 100 degrees during application and curing. Apply primer and solvent using separate daubers (3-inch and smaller piping only) or clean natural bristle brushes about half the size of the pipe diameter. Apply primer to the fitting socket and pipe surface with a scrubbing motion. Check for penetration and reapply as needed to dissolve surface to a depth of 4 to 5 thousandths. Apply solvent cement to the fitting socket and pipe in an amount greater than needed to fill any gap. While both surfaces are wet, insert pipe into socket fitting with a quarter turn to the bottom of the socket. Solvent cement application and insertion must be completed in less than 1 minute. Minimum of 2 installers is required on piping 4 inches and larger. Hold joint for 30 seconds or until set. Reference manufacturer recommendations for initial set time before handling and for full curing time before pressure testing. Cold weather solvent/cement may be utilized only under unusual circumstances and when specifically approved by OWNER.

3.06 PUSH-ON GASKETED PIPE CONNECTIONS

- A. Clean pipe end, bell, gasket seat and gasket of dirt or debris. Coat end of pipe and gasket with gasket lubricant. Pipe shall be supported off the ground so lubricant does not pick up dirt. Push spigot end into gasket bell with levered pipe joining tool recommended by pipe manufacturer. Large diameter exterior mains may be joined by pushing end of pipe section with backhoe against wood blocking over pipe end. Insert to fully seated position or to reference mark on pipe.

3.07 SANITARY WASTE AND VENT

- A. Verify invert elevations and building elevations prior to installation. Install exterior piping pitched to drain at indicated elevations and slope. Install interior piping pitched to drain at minimum slope of 1/4-inch per foot where possible and in no case less than 1/8-inch per foot for piping 3 inches and larger.
- B. Install exterior piping below predicted frost level and not less than 5-foot bury depth to top of pipe wherever possible. Where piping is located above predicted frost level, provide frost protection in accordance with IPC.
- C. Flush piping inlets (floor drains, hub drains, mop basins, fixtures, etc.) with high flow of water at completion of project to demonstrate full flow capacity. Remove blockages and make necessary repairs where flow is found to be impeded.

3.08 PIPING SYSTEM LEAK TESTS

- A. Drainage and Vent System:
 - 1. Subject gravity drainage and vent piping and joints to a test pressure and duration as outlined in the schedule at the end of this section. If, at end of indicated test duration, the level of the water has been lowered by leakage, the leaks must be found and stopped and the water level shall again be raised to the level described and the test repeated until, after another test duration period, there shall be no perceptible lowering of the water level in the system being tested.
 - 2. Piping located above sensitive areas and/or equipment that may be damaged or become contaminated because of test water leakage shall be tested with air. Air test may also be performed when allowed by ENGINEER. Isolate the test section from all other sections and slowly fill pipe with oil-free air until there is a uniform gauge pressure of 5 pounds per square inch. The air pressure shall be regulated to prevent the pressure inside the pipe from exceeding 5.0 psig. This pressure shall be held for a test period of at least 15 minutes. Any adjustments to the test pressure required because of changes in ambient temperature or the seating of gaskets shall be made prior to the beginning of the test period.
 - 3. Should the completion of these tests leave any reasonable question of a doubt relative to the integrity of the installation, additional tests or measures shall be performed to demonstrate the reliability of these systems to ENGINEER.
 - 4. Test plugs must extend outside the end of pipe to provide a visible indication for removal after the test has been completed.
 - 5. Each floor drain P-trap that has successfully passed pressure testing shall be proven clean and free of debris as follows:
 - a. A request shall be submitted to OWNER, identifying the quantity and location of drain(s) to be observed.

- b. Vacuum out each floor drain P-trap. An observation of the trap shall be performed to verify that the trap is debris free.
 - c. Perform a free-flowing test by pouring two 5-gallon buckets of water down the floor drain.
 - d. After confirming that the floor drain trap is clean and free of debris, review that the trap is filled with water.
 - e. At the discretion of ENGINEER, an observation of the trap using a sewer scope may be required in addition to, or in lieu of, a vacuum procedure.
 - 6. OWNER may require that any portion of the drainage, waste, and vent systems installed be proven undamaged, clean and free of debris. Verification of the interior condition of piping shall be accomplished using a sewer scope or other method as acceptable to ENGINEER.
- B. Isolate or remove components from system which are not rated for test pressure. Perform final testing for medical and lab gas with all system components in place. Test piping in sections or entire system as required by sequence of construction. Do not insulate or conceal pipe until it has been successfully tested.
- C. If required for the additional pressure load under test, provide temporary restraints at fittings or expansion joints.
- D. For hydrostatic tests, use clean water and remove all air from the piping being tested by means of air vents or loosening of flanges/unions. Measure and record test pressure at the high point in the system.
- E. Inspect system for leaks. Where leaks occur, repair the area with new materials and repeat the test; caulking will not be acceptable.
- F. Entire test shall be witnessed by OWNER or ENGINEER.

	Test	Final Test	
System	Medium	Pressure	Duration
Sanitary Waste and Vent	Water	10 feet water	2 hours
Pressurized Sanitary Waste and Vent	Water	100 psig	2 hours

END OF SECTION

SECTION 22 13 19

SANITARY WASTE PIPING SPECIALTIES

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included: This section includes specifications for floor drains, roof drains, cleanouts, hub drains, and other miscellaneous plumbing specialties.
- B. Related Sections and Divisions: Applicable provisions of Division 01 govern work under this section.

1.02 REFERENCES

- A. The latest published edition of a reference shall be applicable to this Project unless identified by a specific edition date.
- B. All materials, installation and workmanship shall comply with the applicable requirements and standards addressed within the following references.

1.03 QUALITY ASSURANCE

- A. All equipment or components of this specification section shall meet or exceed the requirements and quality of the items herein specified, or as denoted on the drawings.
- B. Equipment provider shall be responsible for providing certified equipment start-up and, when noted, an in the field certified training session. New start-up shall be for the purpose of determining alignment, lubrication, voltage, and amperage readings. New start-up shall confirm all proper electrical connections and discharge and suction gauge readings. A copy of the start-up report shall be made and sent to both CONTRACTOR and to ENGINEER.

1.04 SUBMITTALS

- A. Submit under provisions of Section 01 33 00—Submittals.
- B. Include data concerning dimensions, required clearances, capacities, materials of construction, ratings, weights, manufacturer's installation requirements, manufacturer's performance limitations, and appropriate identification.
- C. Submittals for motors associated with equipment specified in this section shall include data sheets from the motor manufacturer. Data sheets from the equipment manufacturer or supplier are not acceptable.
- D. Submit manufacturer's installation instructions.
- E. Submittals must be specific to this project. Generic submittals will not be accepted.

1.05 DELIVERY, STORAGE AND HANDLING

- A. Deliver materials to the site in such a manner as to protect the materials from shipping and handling damage. Provide materials on factory provided shipping skids and lifting lugs, if required for handling.
- B. Materials that could be damaged by the elements should be packaged in such a manner that they could withstand short-term exposure to the elements during transportation.
- C. Store materials in a clean, dry place and protect from weather and construction traffic. Handle carefully to avoid damage.
- D. Use all means necessary to protect equipment before, during, and after installation.
- E. All scratched, dented, and otherwise damaged units shall be repaired or replaced at no additional cost to OWNER.

1.06 OPERATION AND MAINTENANCE DATA

- A. Include installation instructions, assembly views, lubrication instructions, recommended maintenance schedule and activities.
- B. Include replacement and spare parts lists.

1.07 WARRANTY

- A. Standard Two-Year Warranty: Unless otherwise stated below, manufacturer shall warrant the equipment to be free from defects in material and workmanship for a period of two years from the earlier of either the date established for partial utilization in accordance with GC15.03 and 15.04, as modified in the Supplementary Conditions, or Substantial Completion of the project.

PART 2-PRODUCTS

2.01 FLOOR DRAINS (FD)

- A. All floor drains shall be furnished and installed with all options and accessories required for a leak-free installation within the particular construction in which they are to be mounted.
- B. FD-1: Floor drains in unfinished areas for piping 4 inches and under shall be Zurn ZN-550, Wade 1100-AX, or Josam 30900-9AD, and for piping larger than 4 inches Zurn ZN-505, Wade W-1240-1, or Josam 32200-1. Provide nickel bronze grate.
- C. FD-2: Stainless Steel Floor Drains: Floor drains where noted on Drawings shall be Kusel, KE-100, Jay R. Smith 9635-SRF, or AWI Manufacturing. Floor drain shall be 316 stainless steel with perforated-style basket strainer. Provide minimum 4-inch, no hub, Schedule 40 outlet, and standard industrial finish polished plate and solid cover.
- D. Each drain shall be provided with a trap. A minimum of one cleanout shall be provided for each single or common leader.

- E. Elevated floor drains above lower floor levels shall be installed with membrane flashing clamp to prevent water leakage to lower level. Install per manufacturer's recommendations.

2.02 TRAP GUARDS

- A. Manufacturer: ProSet Systems Trap Guard, Jay R. Smith Quad Close, Sure Seal or approved equal.
- B. Flexible elastomeric PVC construction diaphragm trap guard for installation in new floor drains, and hub drains. Trap guard to prevent trap evaporation and waste backflow. Size as applicable to the drain outlet size, up to 4-inch size.

2.03 HUB DRAINS

- A. Provide Kusel Equipment, AWI Manufacturing, or Jay R. Smith 304 stainless steel hub drain. Drain shall consist of fully welded components. Portions of drain visible in final installation shall be blasted clean to remove discoloration and provide a uniform finished appearance. All pipe shall be sourced from the United States. Pipe thickness shall be Schedule 40.

2.04 CLEANOUTS

- A. Manufacturers shall be Zurn, Wade, Jay R. Smith, Josam, or Kusel.
- B. Each cleanout shall be gas- and watertight.
- C. Cleanouts that are elevated shall include a membrane flashing flange to prevent leakage to the lower floor.
- D. Interior concrete floor areas: Enameled cast iron body with round or square adjustable scoriated polished nickel bronze cover, tapered threaded ABS closure plug. Zurn ZN-1400.
- E. Interior Horizontal Lines: PVC closure plug, or no-hub coupling and blind plug.
- F. Interior Classified Floor Areas: All Type 304 stainless steel cleanout body and plug with O-ring seal. Provide NSF certification with a load classification of Extra Heavy Duty based on ASME A112.36.2M with a load rating of between 7,500 and 10,000 lbs. ZURN Z1745, Kusel KEC Series, or equal.

2.05 ROOF DRAINS

- A. Roof drains shall be furnished and installed with all options and accessories required for a waterproof installation within the particular construction in which they are mounted.
- B. Roof drains shall be Zurn ZC-100, Wade W-3000, or Josam 21500. Drain shall include underdeck flashing clamp ring, adjustable extension, and gravel stop. All components, including dome, shall be made of cast iron.
- C. Provide roof drain leader and downspout of same size as roof drain or larger if required by code.
- D. All roof drain domes shall be cast iron.

2.06 SAFINGS

- A. Manufacturers: Noble, Oatey, or equal.
- B. Chlorinated polyethylene sheeting, 40 mils thick, ASTM D4068, joined with CPE solvent; or 3 lb./sq. ft. sheet lead.

PART 3—EXECUTION

3.01 INSTALLATION

- A. Coordinate location and setting of plumbing specialties with adjacent construction. Install in accordance with manufacturers recommendations.
- B. Set floor drains, roof drains, and cleanouts level and plumb adjusted to finished floor elevation, roof elevation or finished wall location. Locate where serviceable. Allow minimum of 18 inches clearance around cleanouts for rodding. Lubricate threaded cleanout plugs with graphite and oil, teflon tape or waterproof grease.
- C. Trap guards shall be provided as indicated on the drawings.
- D. Install safig at floor drains above grade. Extend 12 inches beyond drains in all directions. Install on concrete floor that is smooth and free of debris. Seal all joints and connect to drain body clamp. Safing is subject to standing water leak test. (Note: spray-on and brush applied liquid safing is not acceptable).

END OF SECTION

SECTION 22 13 29

SUBMERSIBLE PUMPS

PART 1—GENERAL

1.01 SUMMARY

- A. Work Included: The following pumping systems and associated accessories: Sump pumps.
- B. Related Sections and Divisions: Applicable provisions of Division 01 govern work under this section.

1.02 REFERENCES

- A. The latest published edition of a reference shall be applicable to this Project unless identified by a specific edition date.
- B. All materials, installation and workmanship shall comply with the applicable requirements and standards addressed within this specification.

1.03 QUALITY ASSURANCE

- A. All equipment or components of this specification section shall meet or exceed the requirements and quality of the items herein specified, or as denoted on the drawings.
- B. Equipment provider shall be responsible for providing certified equipment start-up and, when noted, an in the field certified training session. New start-up shall be for the purpose of determining alignment, lubrication, voltage, and amperage readings. Proper electrical connections, pump rotation, and discharge and suction gauge readings shall be provided in start-up report. A copy of the start-up report shall be made and sent to both CONTRACTOR and to ENGINEER.

1.04 SUBMITTALS

- A. Submit under provisions of Section 01 33 00—Submittals.
- B. Include data concerning dimensions, required clearances, capacities, materials of construction, ratings, weights, manufacturer's installation requirements, manufacturer's performance limitations, and appropriate identification.
- C. Submittals for motors associated with equipment specified in this section shall include data sheets from the motor manufacturer. Data sheets from the equipment manufacturer or supplier are not acceptable.
- D. Submit manufacturer's installation instructions.
- E. Submittals must be specific to this project. Generic submittals will not be accepted.

1.05 DELIVERY, STORAGE AND HANDLING

- A. Deliver materials to the site in such a manner as to protect the materials from shipping and handling damage. Provide materials on factory provided shipping skids and lifting lugs, if required for handling.
- B. Materials that could be damaged by the elements should be packaged in such a manner that they could withstand short-term exposure to the elements during transportation.
- C. Store materials in a clean, dry place and protect from weather and construction traffic. Handle carefully to avoid damage.
- D. Use all means necessary to protect equipment before, during, and after installation.
- E. All scratched, dented, and otherwise damaged units shall be repaired or replaced at no additional cost to OWNER.

1.06 OPERATION AND MAINTENANCE DATA

- A. Include installation instructions, assembly views, lubrication instructions, recommended maintenance schedule and activities.
- B. Include replacement and spare parts lists.

1.07 WARRANTY

- A. Standard Two-Year Warranty: Unless otherwise stated below, manufacturer shall warrant the equipment to be free from defects in material and workmanship for a period of two years from the earlier of either the date established for partial utilization in accordance with GC15.03 and 15.04, as modified in the Supplementary Conditions, or Substantial Completion of the project.

PART 2-PRODUCTS

2.01 PLUMBING EQUIPMENT

- A. Sump Pumps:
 - 1. Manufacturers: Submersible sump pump(s) shall be manufactured by Hydromatic (H), Myers (M), PACO (P), Zoeller (Z), or equal. Furnish and install complete sump pump system(s) as shown on the drawings and specified herein. The complete system shall include pumps, electric controls, level controls, and all accessories.
 - 2. Schedule:

Pump No.	Model No.	Capacity (gpm)	TD H (ft)	Discharge Diameter	RPM	Voltage	Phase	HP	Location
SP-8615-01	MSK100	50	29	2 inches	1,750	460	3	.5	Pump Rm
SP-8615-02	MSK100	50	29	2 inches	1,750	460	3	.5	Pump Rm

- 3. Type: Submersible pumps shall be constructed of epoxy-coated cast iron shell, cast iron volute, two-vane enclosed semiopen or recessed vortex nonclog cast iron pump.

Impeller shall be bronze with a stainless steel shaft and stainless steel fasteners and have upper and lower ball bearings. Pump shall be oil-lubricated or factory-sealed grease lubricated with a ceramic mechanical seal. Pump shall be capable of passing 1 1/2-inch solids.

4. Motors: The motor shall be submersible-type, ball-bearing design, and oil-filled with built-in thermal overload protection sized for nonoverloading over the entire pump curve. Motor housing shall be filled with dielectric pure, clean insulating oil. Motor shall have precision mechanical seal to prevent leakage into the housing. Seal faces shall be carbon and ceramic, super lapped for long leakproof life. Power cord and float switch cords shall be provided in lengths adequate to reach the control panel as provided by pump manufacturer. Pump motor shall be nonoverloading over the entire curve.
5. Controls:
 - a. Electrical components specified within this section shall be provided in accordance with Division 26–Electrical Specifications. All electrical equipment and controls specified to be furnished with the equipment shall comply with the requirements of Division 26.
 - b. Control Panel: A control panel with controls as indicated below shall be furnished. The control panel shall include combination starters for each pump, circuit breakers for each pump, H-O-A switches, green “Run,” and red “Fail” push-to-test indicating lights for each pump, elapsed time meters, red “HWL” push-to-test indicating light, and a duplex alternator. The alternator shall have a three-position selector switch to select either pump as the lead pump or auto alternation of the two pumps. Provide red beacon and horn.
 - c. Auxiliary Contact(s): There shall be an auxiliary contact from the HWL alarm signal for remote indication at the SCADA.
 - d. Float(s): Level sensing shall be by mercury-free float switches, one each for pump ON, one for common pumps OFF, and one for HWL alarm at each station provided. Float switches shall be wired intrinsically safe.
6. Accessories:
 - a. Rails: Dual stainless steel liftout guide rails with stainless steel wall, pump and sump brackets. Provide bronze and neoprene quick-disconnect fitting and corrosion-proof pull chain or cable.
 - b. Sump Cover: Cover shall be as indicated on Drawings.
 - c. Piping: Provide dual check valves, full port ball valves, union or flange for each pump discharge, and flexible connectors.

PART 3–EXECUTION

3.01 INSTALLATION

- A. Plumbing system shall be installed in accordance with local plumbing requirements and applicable portions of the 2018 International Plumbing Code. Where requirements conflict, the stricter standard shall apply.
- B. Install all piping, conduit, and accessories to permit access to equipment for maintenance. Coordinate the exact location of wall and ceiling access panels and doors with the general contractor, making sure that access is available for all equipment and specialties. Where access is required in plaster walls or ceilings, furnish the access doors to the general contractor.

- C. CONTRACTOR shall identify piping, valves, and outlets in accordance with Division 09 and Section 20 05 53—Identification for Plumbing and HVAC Piping and Equipment.
- D. Install plumbing equipment where indicated in accordance with manufacturer's recommendations. Coordinate equipment location with piping, ductwork, conduit, and equipment of other trades to allow sufficient clearances. Locate equipment and arrange plumbing piping to provide access space for servicing all components.
- E. Startup and test equipment, adjusting operating and safety controls for proper operation.
- F. Lubricate pumps before start-up. Adjust pumps for rated flow. Clean and blow down strainers after 8 hours of operation. Remove suction diffuser strainers after initial system flushing and cleaning. Turn over to OWNER.
- G. Install pumps in accordance with manufacturer's instructions. Set level and plumb.
- H. Test fixtures to demonstrate proper operation. Replace malfunctioning units or components.
- I. Provide isolation valves at plumbing equipment.

3.02 TESTING AND CLEANING

- A. General:
 - 1. The water used for tests shall be obtained from a potable source of supply.
 - 2. Prepare testing reports. If testing is performed in segments, submit separate report for each segment, complete with diagram or clear description of applicable portion of piping. After testing has been accepted for portions thereof, certify in writing the time, date, name, and title of the persons reviewing the test. This shall also include the description of what portion of the system has been accepted. A complete record shall be maintained of all testing that has been accepted and shall be made available at the jobsite. Upon completion of the work, all records and certifications regarding testing shall be submitted to ENGINEER before final payment is made.
 - 3. Gauges used for testing shall have increments as follows:
 - a. Tests requiring a pressure of 10 psi or less shall use a testing gauge having increments of 0.10 psi or less.
 - b. Tests requiring a pressure of greater than 10 psi but less than or equal to 100 psi shall use a testing gauge having increments of 1 psi or less.
 - c. Tests requiring a pressure of greater than 100 psi shall use a testing gauge having increments of 2 psi or less.
 - 4. Defective work or material shall be reworked and replaced and test repeated. Repairs shall be made with new materials. Pipe dope, caulking, tape, dresser couplings, etc., shall not be used to correct deficiencies.
 - 5. For hydrostatic tests, use clean water and remove all air from the piping being tested by means of air vents or loosening of flanges/unions. Measure and record test pressure at the high point in the system.

END OF SECTION

SECTION 22 14 00

FACILITY STORM DRAINAGE PIPING

PART 1–GENERAL

1.01 SUMMARY

- A. Scope: All pipe, fittings, and appurtenances for storm water and subsoil drainage within and to 5 feet beyond building perimeter.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work under this section.

1.02 SUBMITTALS

- A. See Section 01 33 00–Submittals for shop drawing submittal procedures.

1.03 DESIGN CRITERIA

- A. Use only new material, free of defects, rust and scale, and meeting the latest revision of ASTM, AWWA or CISPI specifications as listed in this specification.
- B. Construct all piping for the highest pressures and temperatures in the respective system.
- C. Where weld fittings or mechanical grooved fittings are used, use only long radius elbows having a centerline radius of 1.5 pipe diameters.

PART 2–PRODUCTS

2.01 STORM AND CLEARWATER WASTE AND VENT

- A. Interior Above Ground: PVC plastic pipe, Schedule 40, Class 12454 (PVC 1120), ASTM D1785; PVC plastic drain, waste and vent pipe and fittings, ASTM D2665; fitting patterns, ASTM D3311; primer, ASTM F656; solvent cement, ASTM D2564.

PART 3–EXECUTION

3.01 GENERAL

- A. Install pipe and fittings in accordance with reference standards, manufacturers recommendations and recognized industry practices.

3.02 PREPARATION

- A. Cut pipe ends square. Ream ends of piping to remove burrs. Clean scale and dirt from interior and exterior of each section of pipe and fitting prior to assembly.

3.03 ERECTION

- A. Install all piping parallel to building walls and ceilings and at heights which do not obstruct any portion of a window, doorway, stairway, or passageway. Where interferences develop in the field, offset or reroute piping as required to clear such interferences. Coordinate locations of plumbing piping with piping, ductwork, conduit and equipment of other trades to allow sufficient clearances. In all cases, consult drawings for exact location of pipe spaces, ceiling heights, door and window openings, or other architectural details before installing piping.
- B. Where copper or steel piping is embedded in masonry or concrete, provide protective sleeve covering of elastomeric pipe insulation.
- C. Install underground warning tape 6-inch to 12-inch below finished grade above all exterior below ground piping. Where existing underground warning tape is encountered, repair and replace.
- D. Maintain piping in clean condition internally during construction.
- E. Provide clearance for installation of insulation, access to valves and piping specialties.
- F. Do not route piping through transformer vaults or above transformers, panelboards, or switchboards, including the required service space for this equipment, unless the piping is serving this equipment.
- G. Install all valves and piping specialties, including items furnished by others, as specified and/or detailed. Provide access to valves and specialties for maintenance. Make connections to all equipment, fixtures and systems installed by others where same requires the piping services indicated in this section.

3.04 THREADED PIPE JOINTS

- A. Use a thread lubricant or teflon tape when making joints; no hard setting pipe thread cement or caulking will be allowed.

3.05 SOLVENT WELDED PIPE JOINTS

- A. Install in accordance with ASTM D2855 "Making Solvent Cemented Joints With PVC Pipe and Fittings." Saw cut piping square and smooth. Tube cutters may be used if they are fitted with wheels designed for use with PVC/CPVC pipe that do not leave a raised bead on pipe exterior. Support and restrain pipe during cutting to prevent nicks and scratches. Bevel ends 10-15 degrees and deburr interior. Remove dust, drips, moisture, grease and other superfluous materials from pipe interior and exterior. Check dry fit of pipe and fittings. Reject materials which are out of round or do not fit within close tolerance. Use heavy body solvent cement for large diameter fittings.
- B. Maintain pipe, fittings, primer and cement between 40 and 100 degrees during application and curing. Apply primer and solvent using separate daubers (3 inches and smaller piping only) or clean natural bristle brushes about one-half the size of the pipe diameter. Apply primer to the fitting socket and pipe surface with a scrubbing motion. Check for penetration and reapply as needed to dissolve surface to a depth of 4 to 5 thousandths. Apply solvent cement to the fitting socket and pipe in an amount greater than needed to fill any gap. While both surfaces are wet, insert pipe into socket fitting with a quarter turn to the bottom of the

socket. Solvent cement application and insertion must be completed in less than 1 minute. Minimum of two installers is required on piping 4 inches and larger. Hold joint for 30 seconds or until set. Reference manufacturers recommendations for initial set time before handling and for full curing time before pressure testing. Cold weather solvent/cement may be utilized only under unusual circumstances and when specifically approved by ENGINEER.

3.06 STORM AND CLEARWATER WASTE AND VENT

- A. Verify invert elevations and building elevations prior to installation. Install exterior piping pitched to drain at indicated elevations and slope. Install interior piping pitched to drain at minimum slope of 1/8 inch per foot where possible and in no case less than 1/16 inch per foot for piping 3 inches and larger.
- B. Install exterior piping below predicted frost level and not less than 5-foot bury depth to top of pipe wherever possible. Where piping is located above predicted frost level, provide frost protection.

3.07 PIPING SYSTEM LEAK TESTS

- A. Isolate or remove components from system which are not rated for test pressure. Test piping in sections or entire system as required by sequence of construction. Do not insulate or conceal pipe until it has been successfully tested.
- B. If required for the additional pressure load under test, provide temporary restraints at fittings or expansion joints.
- C. Inspect system for leaks. Where leaks occur, repair the area with new materials and repeat the test; caulking will not be acceptable.
- D. Entire test must be witnessed by OWNER and ENGINEER. All pressure tests are to be documented on forms to be provided to CONTRACTOR.

System	Test Medium	Final Test	
		Pressure	Duration
Storm And Clearwater Waste	Water	10' Water	2 Hr

END OF SECTION

SECTION 22 30 00
PLUMBING EQUIPMENT

PART 1—GENERAL

1.01 SCOPE

- A. This section includes specifications for water heaters and other equipment used for plumbing applications.
- B. Related Sections and Division: Applicable provisions of Division 01 shall govern work under this section.

1.02 QUALITY ASSURANCE

- A. Field inspection and testing to be performed under provisions of Section 01 45 00—Quality Control.
- B. Inspect completed installation for physical damage.

1.03 SHOP DRAWINGS

- A. Submit under provisions of Section 01 33 00—Submittals. Included in submittals shall be detailed control wiring diagrams that show logic circuits for the unit, as well as all external connections.

PART 2—PRODUCTS

2.01 WATER HEATERS

- A. Electric Instantaneous Water Heater (IWH-8615-01):
 - 1. Manufacturers: Eemax (E), or equal.
 - 2. Type: Wall-mounted, tankless, UL listed, instantaneous electric water heater with digital microprocessing temperature control capable of maintaining outlet temperature of one degree accuracy, LED temperature display, 150 psig pressure rating, and capable of supplying multiple lavatories. Model E AM005240T.
 - 3. Performance:
 - a. Storage: None.
 - b. Input: 208-volt, 17-amp, single-phase, 3.6 kW.
 - c. Minimum recovery rate: 49-degree temperature rise at 0.5 gpm.
 - 4. Element shall be replaceable cartridge insert nickel chrome material.
 - 5. Accessories:
 - a. Provide Watts LFTWH, or equal, tankless water heater service valve. Pipe service, shutoff, drain, and relief valves in accordance with manufacturer's recommendations. Service valve installation shall include provisions for water heater purge and vinegar wash. Hot side: Watts LFTWH-UT/UTS-H-RV, or equal. Cold side: Watts LFTWH-UT/UTS-C, or equal.
 - b. Set pressure relief valves in accordance with local regulations.

- B. Electric Instantaneous Water Heater (IWH-8615-02):
 - 1. Manufacturers: Eemax (E), or equal.
 - 2. Type: Wall-mounted, tankless, UL listed, instantaneous electric water heater with digital microprocessing temperature control capable of maintaining outlet temperature of one degree accuracy, LED temperature display, 150 psig pressure rating, and capable of supplying multiple lavatories. Model E AM007240T.
 - 3. Performance:
 - a. Storage: None.
 - b. Input: 208-volt, 24-amp, single-phase, 5 kW.
 - c. Minimum recovery rate: 68-degree temperature rise at 0.5 gpm.
 - 4. Element shall be replaceable cartridge insert nickel chrome material.
 - 5. Accessories:
 - a. Provide Watts LFTWH, or equal, tankless water heater service valve. Pipe service, shutoff, drain, and relief valves in accordance with manufacturer's recommendations. Service valve installation shall include provisions for water heater purge and vinegar wash. Hot side: Watts LFTWH-UT/UTS-H-RV, or equal. Cold side: Watts LFTWH-UT/UTS-C, or equal.
 - b. Set pressure relief valves in accordance with local regulations.

PART 3-EXECUTION

3.01 INSTALLATION

- A. Install plumbing equipment where indicated in accordance with manufacturer's recommendations. Coordinate equipment location with piping, ductwork, conduit and equipment of other trades to allow sufficient clearances. Locate equipment and arrange plumbing piping to provide access space for servicing all components.
- B. Adjust and level equipment.
- C. Connect equipment to water and drain piping using unions or flanges and isolation valves.
- D. Size temperature and relief valves per CSA ratings. Pipe temperature and pressure relief valves to floor drain or floor as indicated.
- E. Startup and test equipment adjusting operating and safety controls for proper operation.
- F. Provide isolation valves at plumbing equipment.

END OF SECTION

SECTION 22 37 00

HOT WATER PRESSURE WASHER

PART 1-GENERAL

1.01 SUMMARY

- A. Work Included: This section includes furnishing, installing, and placing into successful operation a high-pressure hot water washer system and associated appurtenances. The washer system and appurtenances shall be furnished by the same supplier.
- B. Related Sections and Divisions: Applicable provisions of Division 01 shall govern work in this section.

1.02 SYSTEM DESCRIPTION

- A. Design Requirements: System shall be designed to accept water and pressurize the water to 1,500 psig, minimum, 115°F temperature rise, minimum.
- B. Performance Requirements: System shall deliver 4 gpm minimum, at a pressure of 1,500 psig minimum. System shall be capable of cleaning dirt, oil, and grease completely from metal surfaces without damaging the finish painting.

1.03 SUBMITTALS

- A. Submit product data under provisions of Section 01 33 00–Submittals.

1.04 DELIVERY, STORAGE, AND HANDLING

- A. Deliver, store and handle products in accordance with manufacturer's recommendations and Section 01 60 00–Materials and Equipment.

1.05 WARRANTY

- A. Standard Two-Year Warranty: Unless otherwise stated below, manufacturer shall warrant the equipment to be free from defects in material and workmanship for a period of two years from the earlier of either the date established for partial utilization in accordance with GC15.03 and 15.04, as modified in the Supplementary Conditions, or Substantial Completion of the project.

PART 2-PRODUCTS

2.01 MANUFACTURERS

- A. The hot water pressure washing system and appurtenances shall be as manufactured by Hotsy Cleaning Systems, Inc., Englewood, Colorado, or equal.
- B. The Drawings and Specifications were prepared based on Hotsy Cleaning Systems, Inc. model 945N washer and appurtenances. CONTRACTOR shall include in the Bid and shall be responsible for the cost of any changes to accommodate other equipment including, but

not limited to, structural, mechanical, and electrical work. CONTRACTOR shall also pay any additional costs necessary for revisions of drawings and/or specifications by ENGINEER.

2.02 HOT WATER PRESSURE WASHER

A. Components:

1. Frame: Construction shall be heavy gauge steel, angle-iron framing type. Unit shall have dimensions of 56 inches by 29 inches by 50 inches (L by W by H) maximum.
2. Pump:
 - a. Pump shall be Hawk triplex positive-displacement pump with ceramic plungers, brass manifold, and oil-bath crankcase.
 - b. Pump shall be capable of accepting 4 gpm of water and delivering the water at 2,000 psig, minimum at the application point.
 - c. Provide a 8-horsepower, 460-volt, three-phase, 60-Hertz, open dripproof electric motor.
3. Water Heater:
 - a. Heater shall be natural gas fired with a minimum capacity of 338,000 btu/hr.
 - b. Heater shall be capable of heating water from 50°F to 140°F with minimal pressure loss.
 - c. Gas controls shall be AGA listed. Heater shall feature a ring-type burner with aspirating spuds. In addition, the unit shall be equipped with an electronic spark ignition kit.
4. Heating Coil:
 - a. Provide Schedule 80, ASTM A53 close-coiling pipe. Unit shall be hydrostatically pressure tested to the manufacturer's prescribed burst pressure.
 - b. Heating coil shall be sheathed in a full-length sheet metal wrap.
 - c. Equip heating coil with an independently welded heat-retention baffle plate.
5. Float Tank: Provide a removable polyethylene float tank with an approved air gap or vacuum breaker connection as allowed by International Plumbing Code.
6. Power Dampener: Provide a power dampener suitable for vertical venting. Vent piping shall be class A, double wall, 8-inch galvanized steel as specified by the manufacturer.
7. Draft Diverter: Provide a draft diverter on the system exhaust piping to prevent freezing of the coils during shutdown.
8. Piping and Appurtenances:
 - a. Provide all necessary high pressure couplings, fitting, valves, and accessories as required for a complete installation as specified herein and as shown on the drawings.
 - b. Valves, fitting, and couplings shall be rated for 5,000 psi, minimum, and shall be schedule 80 stainless steel.
 - c. All valves, fitting, and couplings shall have screw-type connections to MNPT standards.
 - d. All valves, fitting, and couplings shall be rated for 300°F minimum.

B. Accessories:

1. Wand Assembly: Provide a trigger gun control with cool grip and heavy-duty dual lance wand with insulated grips. Provide a stainless steel holster to store the wand assembly when not in use. Stainless steel holster shall be mounted on the Odor Control Room wall at OWNER'S discretion. Provide a 0 degree, 15 degrees, and 40 degrees stainless steel/color coded nozzle. CONTRACTOR shall supply a nozzle cabinet to be installed in the Odor Control Room.
2. Hose: Provide a minimum of 50 feet of 3/8-inch, wire-braided, 3,000 psig working pressure rated hose. Hose shall have a burst pressure at least four times working

pressure, and be oil- and chemical-resistant. Provide swivel fittings and hose guards on both ends. In addition, provide a Strahman model HR-100 hose rack with mounting accessories. Hose rack shall be capable of storing a maximum of 150 feet of 3/8-inch pressure wash hose.

3. Provide in-line thermometer for water temperature measurement.
4. Provide pressure gauge in system outlet piping with 0 to 3,000 psig measurement and a 4 1/2-inch dial face.
5. Unit shall have safety pressure relief valve and high/low pressure switch per manufacturer's recommendations.

2.03 CONTROLS

- A. Adjustable temperature controller: Provide an adjustable temperature controller on the system to adjust the water discharge temperature.
- B. Time Delay Shutdown: Provide a time delay shutdown that will shut down the system after approximately 4 minutes to prevent damage to the system.

2.04 FINISHES

- A. It is the intent of these specifications that equipment, support and accessories be furnished shop-primed and factory-finished painted. Equipment and appurtenances shall be prepared in accordance with commercial grade SSPC specifications No. 6. Priming and finish painting shall be as recommended by manufacturer. Touch-up paint shall be provided by manufacturer.

PART 3-EXECUTION

3.01 GENERAL

- A. Refer to requirements specified in Division 01 for field installation, testing, quality assurance, and start-up.

3.02 EQUIPMENT INSTALLATION AND COORDINATION

- A. Gas Service: CONTRACTOR is responsible for field verifying the natural gas system supply pressure to the hot water pressure washer. CONTRACTOR shall include in their Bid the cost of regulating the system pressure to correspond with the manufacturer's requirements.

END OF SECTION

SECTION 22 42 00

COMMERCIAL PLUMBING FIXTURES

PART 1—GENERAL

1.01 SCOPE

- A. This section includes specifications for plumbing fixtures, faucets and trim.

1.02 REFERENCE

- A. Applicable provisions of Division 01 shall govern work under this section.

1.03 QUALITY ASSURANCE

- A. Substitution of Materials: Refer to Section GC—General Conditions of the Contract, Equals and Substitutions.

1.04 SHOP DRAWINGS

- A. Include data concerning sizes, utility sizes, rough in-dimensions, capacities, materials of construction, ratings, weights, trim, finishes, manufacturer's installation requirements, manufacturer's performance limitations, and appropriate identification.

1.05 ENERGY EFFICIENCY REQUIREMENTS

- A. Plumbing fixtures must meet the following maximum water usage requirements which are based upon Federal Energy Management Program (FEMP) performance requirements.
 - 1. Lavatory Faucets: Flow of 2 gpm or less and .25 gallon per cycle or less (based on inlet pressure of 60 psi.)
 - 2. Water Closet Flush Valves: 1.6 gallons per flush or less.

PART 2—PRODUCTS

2.01 PLUMBING FIXTURES

- A. Manufacturers: Fixture descriptions establish fixture type, quality, materials, features and size. Products of the following manufacturers determined to be equal by ENGINEER will be accepted.
 - 1. Water Closets: American Standard, Kohler, Zurn.
 - 2. Water Closet Seats: Bemis, Beneke, Centoco, Olsonite Sperzel.
 - 3. Lavatories: American Standard, Kohler, Zurn.
 - 4. Faucets: Chicago Faucet, Kohler, or Zurn.
- B. Water Closet (WC-1): Wall hung back outlet white vitreous china siphon jet water closet with elongated bowl, 1 1/2-inch top spud, 2 1/4-inch passageway and 1.6-gallon flush. Flush valve handle 22 inches above rim.
 - 1. Fixture: Kohler Kingston K-4330.

2. Flush Valve: Sloan Royal 116-1.5-YK.
 3. Seat: Bemis 1655-SS/C white solid plastic open front seat.
- C. Lavatories (L-1): K-2030 (20-inch by 18-inch), A 0356.015, wall-hung with pop-up drain, supplies, and cast iron hanger. Faucet: Provide ADA-approved, Chicago Faucet 2200-4E2805 ABCP, or equal, with 0.5 gpm vandalproof nonaerating spray, polished chrome-plated solid brass construction, and temperature limit stop.
- D. Service Sinks (SS-1): Floor-mounted, stainless steel, single-compartment sink with stainless steel legs. Secure to floor.
1. Fixture: Elkay SS18242.
 2. Faucet: Chicago Faucet No. 540-ABCP.
 3. Trap: 1 1/2-inch by 1 1/2-inch 17 ga. cast brass trap and tubular wall bend, with tailpiece.

PART 3-EXECUTION

3.01 INSTALLATION

- A. Install plumbing fixtures in accordance with manufacturer's instructions. Set level and plumb. Secure in place to counters, floors and walls providing solid bearing and secure mounting. Bolt fixture carriers to floor and wall. Secure rough-in fixture piping to prevent movement of exposed piping.
- B. Install each fixture with trap easily removable for servicing and cleaning. Install fixture stops in readily accessible location for servicing.
- C. Install barrier free fixtures in compliance with IBC 1108 and 3408, COMM 52, 69 and Federal ADA Accessibility Guidelines. Install barrier free lavatory traps parallel and adjacent to wall and supplies and stops elevated to 27 inches above floor to avoid contact by wheelchair users.
- D. Each fixture shall have a stop valve installation to control the fixture. Stop valves shall be heavy duty type with brass stems and screwed or sweat inlet connections. Compression type inlets are not acceptable.
- E. Cover pipe penetrations with escutcheons. Exposed traps, stops, piping and escutcheons to be chrome plated brass, same items in concealed locations may be of rough brass finish.
- F. Seal openings between walls, floors and fixtures with mildew-resistant silicone sealant same color as fixture.
- G. Test fixtures to demonstrate proper operation. Replace malfunctioning units or components. Adjust valves for intended water flow rate to fixtures without splashing, noise or overflow.
- H. Protect fixtures during construction. At completion clean plumbing fixtures and trim using manufacturer's recommended cleaning methods and materials.

ITEM TITLE: Improvement Contracts / Performance, Payment, and Maintenance Bonds

SUMMARY: Eastern Iowa Excavating & Concrete, LLC for the Iowa Amphitheater at Schmitt Island Bid Package 1: Site Preparation

SUGGESTED DISPOSITION: Receive and File; Approve

ATTACHMENTS:

1. Iowa Amphitheater - Eastern Iowa Excavating Concrete - Signed ContractBond

AIA® Document A101® – 2017

Standard Form of Agreement Between Owner and Contractor where the basis of payment is a Stipulated Sum

AGREEMENT made as of the 22nd day of October in the year 2024
(In words, indicate day, month and year.)

BETWEEN the Owner:

(Name, legal status, address and other information)

City of Dubuque

50 W. 13th Street, Dubuque, IA 52001

PH: 563.589.1734

and the Contractor:

(Name, legal status, address and other information)

Eastern Iowa Excavating & Concrete, LLC

121 Nixon St SE, P.O. Box 189, Cascade, IA 52033

PH: 563.852.5120

for the following Project:

(Name, location and detailed description)

Iowa Amphitheater at Schmitt Island

Bid Package 1: Site Preparation

The Architect:

(Name, legal status, address and other information)

RDG Planning & Design, Inc. (R3002.227.01)

301 Grand Avenue, Des Moines, IA 50309

515.288.3141

The Owner and Contractor agree as follows.

TABLE OF ARTICLES

- 1 THE CONTRACT DOCUMENTS
- 2 THE WORK OF THIS CONTRACT
- 3 DATE OF COMMENCEMENT AND SUBSTANTIAL COMPLETION
- 4 CONTRACT SUM
- 5 PAYMENTS
- 6 DISPUTE RESOLUTION
- 7 TERMINATION OR SUSPENSION
- 8 MISCELLANEOUS PROVISIONS
- 9 ENUMERATION OF CONTRACT DOCUMENTS

EXHIBIT A INSURANCE AND BONDS

ARTICLE 1 THE CONTRACT DOCUMENTS

The Contract Documents consist of this Agreement, Conditions of the Contract (General, Supplementary, and other Conditions), Drawings, Specifications, Addenda issued prior to execution of this Agreement, other documents listed in this Agreement, and Modifications issued after execution of this Agreement, all of which form the Contract, and are as fully a part of the Contract as if attached to this Agreement or repeated herein. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. An enumeration of the Contract Documents, other than a Modification, appears in Article 9.

ARTICLE 2 THE WORK OF THIS CONTRACT

The Contractor shall fully execute the Work described in the Contract Documents, except as specifically indicated in the Contract Documents to be the responsibility of others.

ARTICLE 3 DATE OF COMMENCEMENT AND SUBSTANTIAL COMPLETION

§ 3.1 The date of commencement of the Work shall be:

(Check one of the following boxes.)

- ☐ The date of this Agreement.
- ☒ A date set forth in a notice to proceed issued by the Owner.
- ☐ Established as follows:
(Insert a date or a means to determine the date of commencement of the Work.)
Not applicable.

If a date of commencement of the Work is not selected, then the date of commencement shall be the date of this Agreement.

§ 3.2 The Contract Time shall be measured from the date of commencement of the Work.

§ 3.3 Substantial Completion

§ 3.3.1 Subject to adjustments of the Contract Time as provided in the Contract Documents, the Contractor shall achieve Substantial Completion of the entire Work:

(Check one of the following boxes and complete the necessary information.)

☐ Not later than (not applicable) (N/A) calendar days from the date of commencement of the Work.

☒ By the following date: January 16, 2025

§ 3.3.2 Subject to adjustments of the Contract Time as provided in the Contract Documents, if portions of the Work are to be completed prior to Substantial Completion of the entire Work, the Contractor shall achieve Substantial Completion of such portions by the following dates:

Portion of Work
Not applicable.

Substantial Completion Date
Not applicable.

§ 3.3.3 If the Contractor fails to achieve Substantial Completion as provided in this Section 3.3, liquidated damages, if any, shall be assessed as set forth in Section 4.5.

ARTICLE 4 CONTRACT SUM

§ 4.1 The Owner shall pay the Contractor the Contract Sum in current funds for the Contractor's performance of the Contract. The Contract Sum shall be Eight Hundred and Nineteen Thousand, Six Hundred Seventy-Six and 45/100 Dollars (\$819,676.45), subject to additions and deductions as provided in the Contract Documents.

§ 4.2 Alternates

§ 4.2.1 Alternates, if any, included in the Contract Sum:

Item
Not applicable.

Price
Not applicable.

§ 4.2.2 Subject to the conditions noted below, the following alternates may be accepted by the Owner following execution of this Agreement. Upon acceptance, the Owner shall issue a Modification to this Agreement.
(Insert below each alternate and the conditions that must be met for the Owner to accept the alternate.)

Item
Not applicable.

Price
Not applicable.

Conditions for Acceptance
Not applicable.

§ 4.3 Allowances, if any, included in the Contract Sum:
(Identify each allowance.)

Item No.	Description	Estimated Quantity Included in Lump Sum Base Bid	Unit	Bid Unit Price	Total Bid Price Included in Lump Sum Base Bid
1.	Replacement of Unsuitable Foundation Material for Structures and Roads	50	CU. YDS.	\$ 44.00	\$ 2,200.00
2.	Replacement of Unsuitable Foundation Material for Utility Trenches	30	CU. YDS.	\$ 44.00	\$ 1,320.00
3.	Removing, Hauling, and Disposing of Excavated Solid Waste Fill Material	50	TONS	\$ 55.00	\$ 2,750.00
4.	Excavating, Transferring, and Stockpiling Potentially Hazardous Waste	30	CU. YDS.	\$ 28.00	\$ 840.00
5.	Moving and Placing of Additional On-site Fill for Site Mass Grading	6,500	CU. YDS.	\$ 6.50	\$ 42,250.00
6.	Crushing Concrete from On-site Stockpile and Demolition of Structures and Surfaces	1,305	TONS	\$ 18.50	\$ 24,142.50
7.	Crushing Asphalt from Existing Surfaces	2,315	TONS	\$ 16.50	\$ 38,197.50

§ 4.4 Unit prices, if any:
(Identify the item and state the unit price and quantity limitations, if any, to which the unit price will be applicable.)

Item	Units and Limitations	Price per Unit (\$0.00)
<u>Not applicable.</u>	<u>Not applicable.</u>	<u>Not applicable.</u>

§ 4.5 Liquidated damages, if any:
(Insert terms and conditions for liquidated damages, if any.)

In accordance with Section 9.11 of AIA Document A201™–2017, General Conditions of the Contract for Construction.

§ 4.6 Other:
(Insert provisions for bonus or other incentives, if any, that might result in a change to the Contract Sum.)

Not applicable.

ARTICLE 5 PAYMENTS

§ 5.1 Progress Payments

§ 5.1.1 Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Contractor as provided below and elsewhere in the Contract Documents.

§ 5.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month, or as follows:

Not applicable.

§ 5.1.3 Provided that an Application for Payment is received by the Architect not later than the Wednesday before the last Tuesday of the day of a month, the Owner shall make payment of the amount certified to the Contractor ~~not later than on or before the 1st day of the following month~~. If an Application for Payment is received by the Architect after the application date fixed above, payment of the amount certified shall be made by the Owner not later than twenty (20) days after the Architect receives the Application for Payment.

~~(Federal, state or local laws may require payment within a certain period of time.)~~

§ 5.1.4 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form, and supported by such data to substantiate its accuracy, as the Architect may require. This schedule of values shall be used as a basis for reviewing the Contractor's Applications for Payment.

§ 5.1.5 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.

§ 5.1.6 In accordance with AIA Document A201™–2017, General Conditions of the Contract for Construction, and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

§ 5.1.6.1 The amount of each progress payment shall first include:

- .1 That portion of the Contract Sum properly allocable to completed Work;
- .2 That portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction, or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing; and
- .3 That portion of Construction Change Directives that the Architect determines, in the Architect's professional judgment, to be reasonably justified.

§ 5.1.6.2 The amount of each progress payment shall then be reduced by:

- .1 The aggregate of any amounts previously paid by the Owner;
- .2 The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A201–2017;
- .3 Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Contractor intends to pay;
- .4 For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A201–2017; and
- .5 Retainage withheld pursuant to Section 5.1.7.

§ 5.1.7 Retainage

§ 5.1.7.1 For each progress payment made prior to Substantial Completion of the Work, the Owner may withhold the following amount, as retainage, from the payment otherwise due:

(Insert a percentage or amount to be withheld as retainage from each Application for Payment. The amount of retainage may be limited by governing law.)

5%.

§ 5.1.7.1.1 The following items are not subject to retainage:

(Insert any items not subject to the withholding of retainage, such as general conditions, insurance, etc.)

Not applicable.

§ 5.1.7.2 Reduction or limitation of retainage, if any, shall be as follows:

(If the retainage established in Section 5.1.7.1 is to be modified prior to Substantial Completion of the entire Work, including modifications for Substantial Completion of portions of the Work as provided in Section 3.3.2, insert provisions for such modifications.)

Not applicable.

§ 5.1.7.3 Except as set forth in this Section 5.1.7.3, upon Substantial Completion of the Work, the Contractor may submit an Application for Payment that includes the retainage withheld from prior Applications for Payment pursuant to this Section 5.1.7. The Application for Payment submitted at Substantial Completion shall not include retainage as follows:

(Insert any other conditions for release of retainage upon Substantial Completion.)

Not applicable.

§ 5.1.8 If final completion of the Work is materially delayed through no fault of the Contractor, the Owner shall pay the Contractor any additional amounts in accordance with Article 9 of AIA Document A201–2017.

§ 5.1.9 Except with the Owner’s prior approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

§ 5.2 Final Payment

§ 5.2.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Contractor when

- .1 the Contractor has fully performed the Contract except for the Contractor’s responsibility to correct Work as provided in Article 12 of AIA Document A201–2017, and to satisfy other requirements, if any, which extend beyond final payment; and
- .2 a final Certificate for Payment has been issued by the Architect.

§ 5.2.2 The Owner’s final payment to the Contractor shall be made no later than 30 days after the issuance of the Architect’s final Certificate for Payment, or as follows:

Within 30 days of Acceptance of the Public Improvement Contract by Dubuque City Council.

§ 5.3 Interest

Payments due and unpaid under the Contract shall bear interest from the date payment is due at the rate stated below, or in the absence thereof, at the legal rate prevailing from time to time at the place where the Project is located.

(Insert rate of interest agreed upon, if any.)

 % In accordance with Iowa Code 573.

ARTICLE 6 DISPUTE RESOLUTION

§ 6.1 Initial Decision Maker

The Architect will serve as the Initial Decision Maker pursuant to Article 15 of AIA Document A201–2017, unless the parties appoint below another individual, not a party to this Agreement, to serve as the Initial Decision Maker.

(If the parties mutually agree, insert the name, address and other contact information of the Initial Decision Maker, if other than the Architect.)

Not applicable.

§ 6.2 Binding Dispute Resolution

For any Claim subject to, but not resolved by, mediation pursuant to Article 15 of AIA Document A201–2017, the method of binding dispute resolution shall be as follows:

(Check the appropriate box.)

- ☒ Arbitration pursuant to Section 15.4 of AIA Document A201–2017
- ☐ Litigation in a court of competent jurisdiction
- ☐ Other (Specify)

If the Owner and Contractor do not select a method of binding dispute resolution, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, Claims will be resolved by litigation in a court of competent jurisdiction.

ARTICLE 7 TERMINATION OR SUSPENSION

§ 7.1 The Contract may be terminated by the Owner or the Contractor as provided in Article 14 of AIA Document A201–2017.

§ 7.1.1 If the Contract is terminated for the Owner's convenience in accordance with Article 14 of AIA Document A201–2017, then the Owner shall pay the Contractor a termination fee as follows:

(Insert the amount of, or method for determining, the fee, if any, payable to the Contractor following a termination for the Owner's convenience.)

Not applicable.

§ 7.2 The Work may be suspended by the Owner as provided in Article 14 of AIA Document A201–2017.

ARTICLE 8 MISCELLANEOUS PROVISIONS

§ 8.1 Where reference is made in this Agreement to a provision of AIA Document A201–2017 or another Contract Document, the reference refers to that provision as amended or supplemented by other provisions of the Contract Documents.

§ 8.2 The Owner's representative:

(Name, address, email address, and other information)

Nathan Steffen, PE
Civil Engineer I, Engineering Department
City Hall
50 W. 13th Street, Dubuque, IA 52001
PH: 563.589.1734

§ 8.3 The Contractor's representative:

(Name, address, email address, and other information)

Chad Demmer, Owner
Eastern Iowa Excavating & Concrete, LLC
121 Nixon St. SE, Cascade, IA 52033
PH: 563.852.5120

§ 8.4 Neither the Owner's nor the Contractor's representative shall be changed without ten days' prior notice to the other party.

§ 8.5 Insurance and Bonds

§ 8.5.1 The Owner and the Contractor shall purchase and maintain insurance as set forth in AIA Document A101™ 2017, Standard Form of Agreement Between Owner and Contractor where the basis of payment is a Stipulated Sum, Exhibit A, Insurance and Bonds, and elsewhere in the Contract Documents.

§ 8.5.2 The Contractor shall provide bonds as set forth in AIA Document A101™–2017 Exhibit A, and elsewhere in the Contract Documents.

§ 8.6 Notice in electronic format, pursuant to Article 1 of AIA Document A201–2017, may be given in accordance with a building information modeling exhibit, if completed, or as otherwise set forth below:

(If other than in accordance with a building information modeling exhibit, insert requirements for delivering notice in electronic format such as name, title, and email address of the recipient and whether and how the system will be required to generate a read receipt for the transmission.)

Not applicable.

§ 8.7 Other provisions:

Not applicable.

ARTICLE 9 ENUMERATION OF CONTRACT DOCUMENTS

§ 9.1 This Agreement is comprised of the following documents:

- .1 AIA Document A101™-2017, Standard Form of Agreement Between Owner and Contractor
- .2 AIA Document A101™-2017, Exhibit A, Insurance and Bonds
- .3 AIA Document A201™-2017, General Conditions of the Contract for Construction
- .4 Building information modeling exhibit, dated as indicated below:
(Insert the date of the building information modeling exhibit incorporated into this Agreement.)

Not applicable.

- .5 Drawings

PERFORMANCE, PAYMENT AND MAINTENANCE BOND**SECTION 00 61 13.01**

KNOW ALL BY THESE PRESENTS:

That we, Eastern Iowa Excavating & Concrete, LLC, as Principal (hereinafter the "Contractor" or "Principal") and West Bend Insurance Company, as Surety are held and firmly bound unto the City of Dubuque, Iowa, as Obligee (hereinafter referred to as "Owner"), and to all persons who may be injured by any breach of any of the conditions of this Bond in the penal sum of Eight hundred nineteen thousand, six hundred seventy-six dollars and forty-five cents (\$ 819,676.45), lawful money of the United States, for the payment of which sum, well and truly to be made, we bind ourselves, our heirs, legal representatives and assigns, jointly or severally, firmly by these presents.

The conditions of the above obligations are such that whereas said Contractor entered into a contract with the Owner, bearing date the 22nd day of October, 2024, (hereinafter the "Contract") wherein said Contractor undertakes and agrees to construct the following project in accordance with the Contract Documents, and to faithfully perform all the terms and requirements of said Contract within the time therein specified, in a good and workmanlike manner, and in accordance with the Contract Documents. The Contract Documents for Iowa Amphitheater at Schmitt Island, Bid Package 1: Site Preparation Project detail the following described improvements:

Demolition and removal of existing structures, site clearing and preparation, mass grading for future amphitheater and minor storm water improvements at Schmitt Island, Dubuque, IA

It is expressly understood and agreed by the Contractor and Surety in this Bond that the following provisions are a part of this Bond and are binding upon said Contractor and Surety, to-wit:

1. **PERFORMANCE:** The Contractor shall well and faithfully observe, perform, fulfill, and abide by each and every covenant, condition, and part of said Contract and Contract Documents, by reference made a part hereof, for the project, and shall indemnify and save harmless the Owner from all outlay and expense incurred by the Owner by reason of the Contractor's default of failure to perform as required. The Contractor shall also be responsible for the default or failure to perform as required under the Contract and Contract Documents by all its subcontractors, suppliers, agents, or employees furnishing materials or providing labor in the performance of the Contract.
2. **PAYMENT:** The Contractor and the Surety on this Bond hereby agreed to pay all just claims submitted by persons, firms, subcontractors, and corporations furnishing materials for or performing labor in the performance of the Contract on account of which this Bond is given, including but not limited to claims for all amounts due for labor, materials, lubricants, oil, gasoline, repairs on machinery, equipment, and tools, consumed or used by the Contractor or any subcontractor, wherein the same are not satisfied out of the portion of the contract price the Owner is required to retain until completion of the improvement, but the

- E. That as used herein, the phrase "all outlay and expense" is not to be limited in any way, but shall include the actual and reasonable costs and expenses incurred by the Owner including interest, benefits, and overhead where applicable. Accordingly, "all outlay and expense" would include but not be limited to all contract or employee expense, all equipment usage or rental, materials, testing, outside experts, attorney's fees (including overhead expenses of the Owner's staff attorneys), and all costs and expenses of litigation as they are incurred by the Owner. It is intended the Contractor and Surety will defend and indemnify the Owner on all claims made against the Owner on account of Contractor's failure to perform as required in the Contract and Contract Documents, that all agreements and promises set forth in the Contract and Contract Documents, in approved change orders, and in this Bond will be fulfilled, and that the Owner will be fully indemnified so that it will be put into the position it would have been in had the Contract been performed in the first instance as required.

In the event the Owner incurs any "outlay and expense" in defending itself against any claim as to which the Contractor or Surety should have provided the defense, or in the enforcement of the promises given by the Contractor in the Contract, Contract Documents, or approved change orders, or in the enforcement of the promises given by the Contractor and Surety in this Bond, the Contractor and Surety agree that they will make the Owner whole for all such outlay and expense, provided that the Surety's obligation under this Bond shall not exceed one hundred twenty-five percent (125%) of the penal sum of this Bond.

In the event that any actions or proceedings are initiated regarding this Bond, the parties agree that the venue thereof shall be Dubuque County, State of Iowa. If legal action is required by the Owner to enforce the provisions of this Bond or to collect the monetary obligation incurring to the benefit of the Owner, the Contractor and the Surety agree, jointly, and severally, to pay the Owner all outlay and expense incurred therefor by the Owner. All rights, powers, and remedies of the Owner hereunder shall be cumulative and not alternative and shall be in addition to all rights, powers, and remedies given to the Owner, by law. The Owner may proceed against surety for any amount guaranteed hereunder whether action is brought against the Contractor or whether Contractor is joined in any such action(s) or not.

NOW THEREFORE, the condition of this obligation is such that if said Principal shall faithfully perform all the promises of the Principal, as set forth and provided in the Contract, in the Contract Documents, and in this Bond, then this obligation shall be null and void, otherwise it shall remain in full force and effect.

When a work, term, or phrase is used in this Bond, it shall be interpreted or construed first as defined in this Bond, the Contract, or the Contract Documents; second, if not defined in the Bond, Contract, or Contract Documents, it shall be interpreted or construed as defined in applicable provisions of the Iowa Code; third, if not defined in the Iowa Code, it shall be interpreted or construed according to its generally accepted meaning in the construction industry; and fourth, if it has no generally accepted meaning in the construction industry, it shall be interpreted or construed according to its common or customary usage.

Failure to specify or particularize shall not exclude terms or provisions not mentioned and shall not limit liability hereunder. The Contract and Contract Documents are hereby made a part of this Bond.

Bond No. 2627818

POWER OF ATTORNEY

Know all men by these Presents, that West Bend Insurance Company (formerly known as West Bend Mutual Insurance Company prior to 1/1/2024), a corporation having its principal office in the City of West Bend, Wisconsin does make, constitute and appoint:

Kim Hess

lawful Attorney(s)-in-fact, to make, execute, seal and deliver for and on its behalf as surety and as its act and deed any and all bonds, undertakings and contracts of suretyship, provided that no bond or undertaking or contract of suretyship executed under this authority shall exceed in amount the sum of: Thirty Million Dollars (\$30,000,000)

This Power of Attorney is granted and is signed and sealed by facsimile under and by the authority of the following Resolution adopted by the Board of Directors of West Bend Insurance Company by unanimous consent resolution effective the 1st day of January 2024.

Appointment of Attorney-In-Fact. The president or any vice president, or any other officer of West Bend Insurance Company may appoint by written certificate Attorneys-In-Fact to act on behalf of the company in the execution of and attesting of bonds and undertakings and other written obligatory instruments of like nature. The signature of any officer authorized hereby and the corporate seal may be affixed by facsimile to any such power of attorney or to any certificate relating therefore and any such power of attorney or certificate bearing such facsimile signatures or facsimile seal shall be valid and binding upon the company, and any such power so executed and certified by facsimile signatures and facsimile seal shall be valid and binding upon the company in the future with respect to any bond or undertaking or other writing obligatory in nature to which it is attached. Any such appointment may be revoked, for cause, or without cause, by any said officer at any time.

Any reference to West Bend Mutual Insurance Company in any Bond and all continuations thereof shall be considered a reference to West Bend Insurance Company.

In witness whereof, West Bend Insurance Company has caused these presents to be signed by its president undersigned and its corporate seal to be hereto duly attested by its secretary this 1st day of January 2024.

CONSENT ITEMS # 16.

ITEM TITLE:	Approval of 2023 City Council Official Proceedings
SUMMARY:	City Clerk recommending City Council approval of the completed and indexed 2023 City Council Official Proceedings for calendar year 2023.
SUGGESTED DISPOSITION:	Receive and File; Approve
ATTACHMENTS:	
	1. Staff Memo
	2. Proceedings

TO: Mayor Brad M. Cavanagh and City Council Members
FROM: Adrienne N. Breitfelder, City Clerk
DATE: October 31, 2024
SUBJECT: 2023 City Council Official Proceedings

The City Clerk's Office is submitting the 2023 City Council Official Proceedings for City Council approval.

Per the City of Dubuque Code of Ordinances Title 1-6A-4(D) Records, the City Clerk's Office must compile in book form the City Council proceedings for all regular and special meetings of the City Council held from January through December for each calendar year. These official proceedings include the standard minutes of each regular and special City Council meeting with the wording for each resolution and ordinance added, as well as a complete index by subjects of the contents thereof. The annual compilation is then submitted to the City Council for approval before being sent out for printing and binding. Once bound, said proceedings book shall constitute the permanent official record for the year.

Typically, five books are printed and bound. The official copy resides in the City Clerk's Office, with additional copies provided to the City Manager's Office and the Carnegie-Stout Public Library. Additional copies are provided to the Center for Dubuque History at Loras College and the Mayor at their request and expense.

A digital version of the Official Proceedings is also uploaded to the City of Dubuque Public Document's web portal for searching by the public and staff. Currently, the Official Proceedings are available on the city's website from 1907 to present.

I respectfully recommend City Council approval of the completed and indexed 2023 City Council Official Proceedings for calendar year 2023.

Regular meetings of the City Council were held on the first and third Monday
of each month (Tuesday pending holidays) at 6:30 p.m. in the Historic Federal Building.

**CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
SPECIAL SESSION
OFFICIAL**

The Dubuque City Council met in special session at 5:30 p.m. on January 3, 2023, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen, City Attorney Brumwell (attended virtually).

Mayor Cavanagh read the call and stated this is a special session of the City Council called for the purpose of conducting a work session on the Black Heritage Survey.

**WORK SESSION
BLACK HERITAGE SURVEY**

Planning Services Manager Wally Wernimont introduced Assistant Planner Chris Happ Olson, project coordinator for the Black Heritage Survey, who presented an update on the progress of the Black Heritage Survey. Responding to a question from the City Council, Ms. Olson stated that anyone with relevant information in support of the survey can contact her. Ms. Olson also outlined the goal of having the survey accessible to a variety of groups. City Council Members praised the survey and stressed its importance.

There being no further business, Mayor Cavanagh declared the meeting adjourned at 6:23 p.m.

/s/Adrienne N. Breitfelder, CMC, City Clerk

**CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
REGULAR SESSION
OFFICIAL**

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen, City Attorney Brumwell (attended virtually).

Mayor Cavanagh read the call and stated this is a regular session of the City Council called for the purpose of conducting such business that may properly come before the City Council.

PLEDGE OF ALLEGIANCE

PRESENTATIONS

1. COVID-19 Update: Public Health Director Mary Rose Corrigan provided an update on the COVID-19 pandemic and response activities.

PROCLAMATION(S)

1. Human Slavery and Human Trafficking Prevention Month (January 2023) was accepted by Sister Marilou Irons on behalf of the Tri-State Coalition Against Human Trafficking and Slavery.

CONSENT ITEMS

Council Member Jones requested Item No. 14 be held for separate discussion. Council Member Roussell requested Item No. 16 be held for separate discussion. Motion by Resnick to receive and file the documents, adopt the resolutions, and dispose of as indicated, except for Item Nos. 14 and 16. Seconded by Farber. Motion carried 7-0.

1. Minutes and Reports Submitted: Civil Service Commission of 12/21/22; City Council Proceedings of 12/19/22; Zoning Board of Adjustment of 12/15/22; Proof of Publication for City Council Proceedings of 11/30/22 and 12/5/22. Upon motion the documents were received and filed.

2. Notice of Claims and Suits: Rick Belser for property damage. Upon motion the documents were received, filed, and referred to the City Attorney.

3. Disposition of Claims: City Attorney advised that the following claims have been referred to Public Entity Risk Services of Iowa, the agent for the Iowa Communities Assurance Pool: Rick Besler for property damage. Upon motion the documents were received, filed, and concurred.

4. Expenses Submitted for City Council Approval: Upon motion the documents were received and filed, and Resolution No. 1-23 Authorizing the Director of Finance and Budget/City Treasurer to make certain payments of bills that must be paid and approved for payment in accordance with City procedures was adopted.

RESOLUTION NO. 1-23

AUTHORIZING THE DIRECTOR OF FINANCE AND BUDGET / CITY TREASURER TO MAKE CERTAIN PAYMENTS OF BILLS THAT MUST BE PAID AND APPROVED FOR PAYMENT IN ACCORDANCE WITH CITY PROCEDURES

Whereas, Section 1-7-7(E) of the Municipal Code of the City of Dubuque provides that the Finance Director-City Treasurer shall keep an accurate account of all disbursements, money, or property, specifying date, to whom, and from what fund paid; and

Whereas, the invoices, presented by those firms and persons providing such goods and services have been pre-audited by Finance Department personnel in accordance with generally accepted internal control procedures and have been determined to have been requisitioned for a lawful municipal purpose; and

Whereas, the Finance Director-City Treasurer has provided a list of Expenditures [provided] hereto, and by this reference made a part hereof, to be drawn to pay for goods and services provided for City purposes; and

Whereas, the City Council of the City of Dubuque has heretofore, by Resolution 142-18 adopted May 7, 2018, authorized the Finance Director-City Treasurer to issue checks in payment of certain expenditures known as Exception Expenditures prior to City Council approval and such list is [provided] hereto.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The Finance Director-City Treasurer is hereby authorized to issue payment for goods and services provided for City purposes in response to the purchase orders and contracts issued in compliance with state and municipal code requirements as requested by designated requisitioning authorities in accordance with approved budget appropriations.

Section 2. In accordance with Iowa Code Section 372.13(6), the City Clerk and Finance Director are hereby authorized and directed to

provide the statement of receipts and disbursements to the City Council, and to publish a summary thereof.

Passed, approved, and adopted this 3rd day of January, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

5. Finance Department Restructure: Upon motion the documents were received, filed, and approved.

6. Fleet Electrification Guidance & Cost of Carbon: Upon motion the documents were received, filed, and approved.

7. Mystique Ice Arena: Rubber Sport Flooring Removal and New Replacement Project - Acceptance of Equipment, Goods, and Services Contract: Upon motion the documents were received and filed, and Resolution No. 2-23 Accepting the Mystique Ice Arena Rubber Sport Flooring Removal and New Replacement Project and authorizing the payment to the vendor / service provider was adopted.

RESOLUTION NO. 2-23

ACCEPTING THE MYSTIQUE ICE ARENA RUBBER SPORT FLOORING REMOVAL AND NEW REPLACEMENT PROJECT AND AUTHORIZING THE PAYMENT TO THE VENDOR / SERVICE PROVIDER

Whereas, the Equipment, Goods, and Services Contract for the Mystique Ice Arena Rubber Sport Flooring Removal and New Replacement Project (the Project) has been completed by Becker Arena Products, Inc., (Vendor / Service Provider), and the City Engineer has examined the work and recommends that the Project be accepted; and

Whereas, the final contract amount for the Project is \$289,480.95; and

Whereas, Becker Arena Products, Inc. has previously been paid \$275,006.90, leaving a balance of \$14,474.05; and

Whereas, the City Council finds that the recommendation of the City Engineer should be accepted.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The recommendation of the City Engineer is approved, and the Project is hereby accepted.

Section 2. The Finance Director is hereby directed to pay to Becker Arena Products, Inc. the balance of the retainage of \$14,474.05 as provided in Iowa Code chapter 573, and to pay such retainage in accordance with the provisions of Iowa Code chapter 573 or Iowa Code chapter 26.13.

Passed, approved, and adopted this 3rd day of January 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

8. Mystique Community Ice Center Settlement Remediation Project: Acceptance of Public Improvement Construction Contract: Upon motion the documents were received and filed, and Resolution No. 3-23 Accepting the Mystique Ice Center Settlement Remediation Project and authorizing the payment to the contractor was adopted.

**RESOLUTION NO. 3-23
ACCEPTING THE MYSTIQUE ICE CENTER
SETTLEMENT REMEDIATION PROJECT
AND AUTHORIZING THE PAYMENT TO THE
CONTRACTOR**

Whereas, the public improvement contract for the Mystique Ice Center Settlement Remediation Project (the Project) has been completed by the Contractor, Keller North America, Inc., (Contractor), and the City Engineer has examined the work and recommends that the Project be accepted; and

Whereas, the final contract amount for the Project is \$1,822,443.00; and

Whereas, the Contractor has previously been paid \$1,731,320.85, leaving a balance of \$91,122.15; and

Whereas, the City Council finds that the recommendation of the City Engineer should be accepted.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The recommendation of the City Engineer is approved, and the Project is hereby accepted.

Section 2. The Finance Director is hereby directed to pay to the Contractor the balance of the retainage of \$91,122.15 as provided in Iowa Code chapter 573, and to pay such retainage in accordance with the provisions of Iowa Code chapter 573 or Iowa Code chapter 26.13.

Passed, approved, and adopted this 3rd day of January 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

9. Acceptance of a Grant of Easement for Water Main Utility over Barbara and Terrence Bahl property in Dubuque County, Iowa as part of the Briarwood Subdivision Water Connection Project: Upon motion the documents were received and filed, and Resolution No. 4-23 Accepting a Grant of Easement for water main utility through, over and across part of Lot 5 in Briarwood Subdivision, Dubuque County, Iowa was adopted.

**RESOLUTION NO. 4-23
ACCEPTING A GRANT OF EASEMENT FOR
WATER MAIN UTILITY THROUGH, OVER
AND ACROSS PART OF LOT 5 IN BRIAR-
WOOD SUBDIVISION, DUBUQUE COUNTY,
IOWA**

Whereas, Barbara J. Bahl and Terrence L. Bahl, have executed a Grant of Easement for Water Main Utility through, over and across part of Lot 5 in Briarwood Subdivision, Dubuque County, Iowa.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The City Council of the City of Dubuque, Iowa, hereby approves of, accepts and consents to the Grant of Easement for Water Main Utility through, over and across part of Lot 5 in Briarwood Subdivision, Dubuque County, Iowa as shown on the Grant of Easement for Water Main Utility, from Barbara J. Bahl and Terrence L. Bahl, a copy of which is [provided] hereto.

Section 2. The Mayor is hereby authorized and directed to execute and acknowledge on behalf of the City of Dubuque any instruments in connection herewith.

Section 3. The City Clerk is hereby authorized to and directed to record this resolution and Grant of Easement for Water Main Utility with the Dubuque County Recorder.

Passed, approved, and adopted this 3rd day of January, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

10. Accepting Deed from Jade Engineering for 1509-1511 Bluff Street: Upon motion the documents were received and filed, and Resolution No. 5-23 Accepting the deed to certain real estate in Dubuque County, Iowa from Jade Engineering LLC was adopted.

**RESOLUTION NO. 5-23
ACCEPTING THE DEED TO CERTAIN REAL
ESTATE IN DUBUQUE COUNTY, IOWA
FROM JADE ENGINEERING LLC**

Whereas, Jade Engineering LLC is the owner of certain real property in Dubuque County, Iowa, described as follows:

The northerly 48 ft. of the easterly 90 ft. of lot 4 in D. N. Cooley's Subdivision of Out Lots numbered 668 in the City of Dubuque, Iowa, according to the recorded plat thereof.

Whereas, as part of a court settlement, if the property was not sold prior to June 30, 2022, Jade Engineering LLC would deed the property to the City of Dubuque; and

Whereas, Jade Engineering LLC has executed a Deed conveying said real estate to the City of Dubuque; and

Whereas, the City Council finds that it is in the best interest of the City to accept such deed from Jade Engineering, LLC.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA, AS FOLLOWS:

Section 1. The City of Dubuque, Iowa, hereby accepts the Deed from Jade Engineering LLC, a copy of which Deed is [provided] hereto.

Section 2. The City Clerk is hereby authorized and directed to record this Resolution and the Deed with the Dubuque County Recorder.

Passed, approved, and adopted this 3rd day of January, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

11. The Hotel Dubuque, LLC, Seventh Amendment to Development Agreement: Upon motion the documents were received and filed, and Resolution No. 6-23 Approving the Seventh Amendment to the Development Agreement between the City of Dubuque and The Hotel Dubuque, LLC was adopted.

**RESOLUTION NO. 6-23
RESOLUTION APPROVING THE SEVENTH
AMENDMENT TO THE DEVELOPMENT
AGREEMENT BETWEEN THE CITY OF
DUBUQUE AND THE HOTEL DUBUQUE,
LLC**

Whereas, the City of Dubuque, Iowa (hereinafter "City") and Warehouse Trust, LLC, entered into a Development Agreement dated for reference purposes the 17th day of June 2013 which Development Agreement was subsequently assigned to Novelty Iron Landlord, LLC with the consent of the City; and

Whereas, the Hotel Dubuque, LLC has entered into a Purchase Agreement with Novelty Iron Landlord, LLC, to purchase the Condominium Units presently owned by Novelty Iron Landlord, LLC, and constituting the entirety of the assets of Novelty Iron Landlord, LLC.; and

Whereas, the Development Agreement was subsequently assigned to The Hotel Dubuque, LLC with the consent of the City; and

Whereas, the Sixth Amendment to Development Agreement established a Closing Date of December 30, 2022 on the Development Agreement between Novelty Iron Landlord, LLC and The Hotel Dubuque, LLC; and

Whereas, The City and The Hotel Dubuque, LLC now desire to extend the Closing Date to March 30, 2023 to allow The Hotel Dubuque, LLC to finalize its financing; and

Whereas, the City Council finds that the Seventh Amendment [provided] hereto should be approved.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The Seventh Amendment is hereby approved.

Section 2. The Mayor is hereby authorized and directed to sign the Seventh Amendment on behalf of the City of Dubuque.

Passed, approved, and adopted this 3rd day of January, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

12. First Amendment to Community Development Block Grant (CDBG) Subrecipient Agreement between the City of Dubuque and Dubuque Area Labor Harvest: Upon motion the documents were received and filed, and Resolution No. 7-23 Authorizing the First Amendment to the CDBG Subrecipient Agreement between the City of Dubuque and Dubuque Area Labor Harvest was adopted.

**RESOLUTION NO. 7-23
RESOLUTION AUTHORIZING THE FIRST
AMENDMENT TO THE CDBG SUBRECIPIENT
AGREEMENT BETWEEN THE CITY OF
DUBUQUE AND DUBUQUE AREA LABOR
HARVEST**

Whereas, the City of Dubuque and Area Labor Harvest entered into a CDBG Subrecipient Agreement dated October 3, 2022 with respect to food deliveries to Low- and moderate-income families and individuals in need and otherwise unable to access food independently; and

Whereas, the parties desire to modify the Subrecipient Agreement as set out in the First Amendment to the Subrecipient Agreement [provided] hereto; and

Whereas, Area Labor Harvest provides services to a majority low to moderate-income individuals.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the First Amendment to the CDBG Subrecipient Agreement be approved.

Section 2. That the City Manager or his designee of the City of Dubuque is hereby authorized and directed to execute said Amendment on behalf of the City of Dubuque, Iowa.

Passed, approved, and adopted this 3rd day of January 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne Breitfelder, City Clerk

13. Curbside Collection Cart Update - January Utility Bill Insert: Upon motion the documents were received and filed.

14. Marketing Update for Leisure Services Seasonal Employees: Council Member Jones shared information about the Leisure Services Seasonal Job Fair occurring on January 5, 2023 and encouraged residents to promote the

event. Motion by Jones to receive and file the documents. Seconded by Resnick. Motion carried 7-0.

15. Flora Pool Filter Tanks and Recirculation Pump Replacement – Award Public Improvement Contract: Upon motion the documents were received and filed, and Resolution No. 8-23 Awarding Public Improvement Construction Contract for the Flora Pool Filter Tanks and Recirculation Pump Replacement Project was adopted.

**RESOLUTION NO. 8-23
AWARDING PUBLIC IMPROVEMENT CONSTRUCTION CONTRACT FOR THE FLORA POOL FILTER TANKS AND RECIRCULATION PUMP REPLACEMENT PROJECT**

Whereas, Flora Park pool is an aging popular community amenity in need of repair to ensure availability to the community for years to come; and

Whereas, the residents of the City of Dubuque will benefit from this operational improvement; and

Whereas, sealed proposals have been submitted by contractors for the Project pursuant to Resolution No. 376-22 and Notice to Bidders published on the City of Dubuque, Iowa website on the 5th day of December 2022; and

Whereas, said sealed proposals were opened on the 19th day of December 2022 and it has been determined that Carrico Aquatics Resources, Oelwein, IA submitted the low bid in the amount of \$227,400 and is the lowest responsive, responsible bidder for the Project.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the Public Improvement Construction Contract for the Flora Pool Filter Tanks and Recirculation Pump Replacement Project is hereby awarded to Carrico Aquatic Resources and the City Manager is hereby directed to execute the Public Improvement Contract on behalf of the City of Dubuque for the project.

Passed, approved, and adopted this 3rd day of January 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

16. Certified Municipal Clerk Designation for City Clerk: Council Member Roussell and Mayor Cavanagh congratulated City Clerk Breitfelder on achievement of the International Institute of Municipal Clerks' (IIMC) designation of Certified Municipal Clerk (CMC). Motion by Roussell to receive and file the documents. Seconded by Farber. Motion carried 7-0.

17. Approval of Retail Alcohol Licenses: Upon motion the documents were received and filed, and Resolution No. 9-23 Approving applications for retail alcohol licenses, as required by City of Dubuque Code of Ordinances Title 4 Business and License Regulations, Chapter 2 Liquor Control, Article B Liquor, Beer and Wine Licenses and Permits was adopted.

**RESOLUTION NO. 9-23
APPROVING APPLICATIONS FOR RETAIL ALCOHOL LICENSES, AS REQUIRED BY CITY OF DUBUQUE CODE OF ORDINANCES TITLE 4 BUSINESS AND LICENSE REGULATIONS, CHAPTER 2 LIQUOR CONTROL, ARTICLE B LIQUOR, BEER AND WINE LICENSES AND PERMITS**

Whereas, applications for retail alcohol licenses have been submitted and filed with the City Council for approval, and the same have been examined, provisionally approved, and/or approved; and

Whereas, the premises to be occupied by such applicants were inspected and found to comply with the Ordinances of the City, and the applicants have filed the proper fees and bonds and otherwise complied with the requirements of the Code of Ordinances.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The City Clerk is hereby authorized and directed to cause to be issued the noted license types to the following applicants pending submission of the locally required documentation:

Renewals

Dubuque Mining Co., 555 John F. Kennedy Rd. Suite 600

Dubuque Wine & Spirit LLC, 3305 Asbury Rd.
Gold Standard Athletics, 555 John F. Kennedy Rd. Unit 415

Hammerheads Bar & Billiards, 2095 Kerper Blvd. Ste. 2

Hartig Drug Company 8, 1600 University Ave.

Hy-Vee Market Cafe 3, 400 Locust St. Cafe Area

The Clubhouse, 2364 Washington St.

Passed, approved, and adopted this 3rd day of January 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

BOARDS/COMMISSIONS

Applications were reviewed for the following Boards and Commissions. Applicants were invited to address the City Council regarding their desire to serve on the following Boards/Commissions.

1. Civic Center Advisory Commission: One, 3-Year term through June 29, 2024 (Vacant term of Daugherty). Applicants: Jesse Gavin, 1120 Main St.; Peter Gaul, 2311 Central Ave.; Danielle Jacobs, 3130 Shiras Ave. Mr. Gavin spoke in support of his application and provided a brief biography. Mr. Gaul and Ms. Jacobs virtually spoke in support of their applications, respectively, and provided brief biographies.

2. Community Development Advisory Commission: Two, 3-Year terms through February 15, 2026 (Expiring Low/Moderate Income term of Fox and At-Large term of Mozena). Applicants: Kelly Fox, 838 Althausen St. - Qualifies as Low/Moderate Income Rep. and At-Large; Gabriel Mozena, 196 Bluff St. - Qualifies as At-Large.

3. Housing Commission: One, 3-Year term through August 17, 2024 (Vacant term of Weitz). Applicant: Ross Janes, 2741 Muscatine St. Mr. Janes spoke in support of his application and provided a brief biography.

PUBLIC HEARINGS

1. Resolution Approving the Development Agreement by and between the City of Dubuque and McCoy Group, Inc., Including the Issuance of Urban Renewal Tax Increment Revenue Grant Obligations: Motion by Resnick to receive and file the documents and adopt Resolution No. 10-23 Approving a Development Agreement by and between the City of Dubuque, and McCoy Group, Inc., including the issuance of urban renewal tax increment revenue obligations. Seconded by Jones. Jim Connely, 501 Bell St., Director of Marketing for McCoy Group, Inc., spoke in support of the Development Agreement and provided an overview of the project. Council Members expressed support for the Development Agreement. Motion carried 7-0.

RESOLUTION NO. 10-23 APPROVING A DEVELOPMENT AGREEMENT BY AND BETWEEN THE CITY OF DUBUQUE, AND MCCOY GROUP, INC., INCLUDING THE ISSUANCE OF URBAN RENEWAL TAX INCREMENT REVENUE OBLIGATIONS

Whereas, McCoy Group, Inc. is the owner of the following described real property:

Tract I - Lot 2 of Lot 3 of Lot 3 of Southpark Addition No. 1, in the City of Dubuque, Iowa, according to the recorded plat thereof, subject to easements of record

Tract II- Lot 2 of Southpark Addition No. 2, in the City of Dubuque, Iowa, according to the recorded plat thereof,

subject to easements of record

Tract III - Lot 2 of Southpark Addition No. 1, in the City of Dubuque, Iowa, according to the recorded plat thereof, subject to easements of record (the "Property")

Tract IV - Lot 1 of Southpark Addition No. 2, in the City of Dubuque, Iowa, according to the recorded plat thereof, subject to easement of record

Tract V - Lots 1 and 2 of Gudenkauf Place, City of Dubuque, Iowa (the Property); and

Whereas, the City Council, by Resolution No. 392-22, dated December 19, 2022, declared its intent to enter into a Development Agreement by and between the City of Dubuque, and McCoy Group, Inc., including the issuance of Urban Renewal Tax Increment Revenue Obligations; and

Whereas, pursuant to published notice, a public hearing was held on the proposed Development Agreement on January 3, 2023 at 6:30 p.m.; and

Whereas, it is the determination of the City Council that approval of the Development Agreement for redevelopment of the Property by McCoy Group, Inc. according to the terms and conditions set out in the Development Agreement, is in the public interest of the City of Dubuque.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the Development Agreement by and between the City of Dubuque and McCoy Group, Inc., a copy of which is [provided] hereto, including the issuance of Urban Renewal Tax Increment Revenue Obligations, is hereby approved.

Section 2. That the Mayor is hereby authorized and directed to execute the Development Agreement on behalf of the City of Dubuque and the City Clerk is authorized and directed to attest to his signature.

Section 3. That the City Manager is authorized to take such actions as are necessary to comply with the terms of the Development Agreement as herein approved.

Passed, approved, and adopted this 3rd day of January, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

PUBLIC INPUT

Rick Dickinson, 205 Hill St., President and CEO of Greater Dubuque Development Corporation, spoke in support of Public Hearing No. 1, Action Item No's. 2, and 3.

Eric Ethier, 325 Monroe St., Member of the Key City Creative Center Board of Directors, spoke in support of Action Item No. 2 and

requested that the City Council support Option B for the gathering space proposed on 18th St.

Tim Hitzler, 2655 Fulton St.; and Bill Doyle, 1591 White St., also spoke in support of Action Item No. 2, respectively.

City Clerk Breitfelder announced receipt of written input from Jeff DiCicco, President of Key City Creative Center, regarding Action Item No. 2.

ACTION ITEMS

1. Mayor and City Council Appointments to Various Boards and Committees: Motion by Roussell to receive and file the documents and refer to the City Council. Seconded by Sprank. Council Member Wethal volunteered to assume the appointment on the Friends of the Mines of Spain Advisory Board in place of Council Member Sprank. Motion amended by Roussell to receive and file the documents, appoint Council Member Wethal to the Friends of the Mines of Spain Advisory Board, and maintain all other appointments as specified. Seconded by Sprank. Point of Order by Jones to include removing Council Member Sprank from the Friends of the Mines of Spain Advisory Board in the motion. Motion amended by Roussell and seconded by Sprank. Motion carried 7-0.

2. Central Avenue Corridor Streetscape Master Plan – Adoption: Motion by Sprank to receive and file the documents and adopt Resolution No. 11-23 Adopting the Central Avenue Corridor Streetscape Master Plan. Seconded by Jones. Responding to a question from the City Council, City Manager Van Milligen stated that the gathering space on 18th St., along with other specific decisions related to the plan, will be presented to the City Council at future meetings. City Council Members expressed enthusiasm for the plan and thanked everyone who provided input. Motion carried 7-0.

RESOLUTION NO. 11-23 RESOLUTION ADOPTING THE CENTRAL AVENUE CORRIDOR STREETSCAPE MASTER PLAN

Whereas, the City Council adopted Central Avenue Revitalization: Streetscape and Business Development as a Top Priority in its 2017-2019 Policy Agenda; and

Whereas, RDG Planning & Design and WHKS were hired to assist City staff to prepare a Master Plan for the Central Avenue Corridor; and

Whereas, several public meetings were held to provide input on the Master Plan, a steering committee composed of stakeholders was consulted on the Master Plan, and several City staff have provided input to the Master Plan; and

Whereas, the revitalization of the Central Avenue Corridor will create new housing, commercial, and retail development opportunities to enhance the economic development in the downtown; and

Whereas, the Central Avenue Corridor will be revitalized with an emphasis on embracing the Washington Neighborhood, pedestrian safety, integration of arts and culture, reduced maintenance, preservation of the corridor's architecture, a greener experience, economic vitality, and safety.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the Central Avenue Corridor Streetscape Master Plan prepared by RDG Planning & Design and WHKS is hereby approved.

Passed, approved, and adopted this 3rd day of January, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

3. Central Avenue / White Street Truck Route: Amend Commercial Motor Vehicles Ordinance to December 31, 2023: Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Sprank. Council Member Sprank suggested an additional ordinance amending the speed limit on Central Ave. and White St. from 25 miles per hour (mph) to 20 mph be considered. Responding to a question from the City Council, City Attorney Brumwell stated that the City Council was permitted to discuss Council Member Sprank's suggestion during this meeting. Council consensus on the suggestion would be required for City staff to present the proposed ordinance amendment on a future agenda for formal action. Responding to a question from the City Council, City Manager Van Milligen stated that traffic flow could be incorporated into the traffic study resulting from the Central Avenue Corridor Streetscape Master Plan. City Engineer Gus Psihoyos stated that traffic counts and speed counts help determine speed limits, and that downtown speed limits automatically default to 25 mph. Mr. Psihoyos also confirmed that speed limits can be reviewed as part of the traffic study. Council Members expressed support for the commercial motor vehicles ordinance amendment and recommended that Council Member Sprank's speed limit reduction suggestion be considered via the upcoming traffic study. Motion carried 7-0.

Motion by Jones for final consideration and passage of Ordinance No. 1-23 Amending City of Dubuque Code of Ordinances Title 9 Motor

Vehicles and Traffic, Chapter 16 Miscellaneous City Provisions, Division 2 Trucks and/or Machinery, Section 9-16-321.901 Motor Truck Routes. Seconded by Sprank. Motion carried 7-0.

**ORDINANCE NO. 1-23
AMENDING CITY OF DUBUQUE CODE OF
ORDINANCES TITLE 9 MOTOR VEHICLES
AND TRAFFIC, CHAPTER 16 MISCELLANE-
OUS CITY PROVISIONS, DIVISION 2
TRUCKS AND/OR MACHINERY, SECTION
9-16-321.901 MOTOR TRUCK ROUTES**

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. Section 9-16-321.901 of the City of Dubuque Code of Ordinances is amended to read as follows:

9-16-321.901: MOTOR TRUCK ROUTES:

A. Motor trucks registered for a gross weight limit exceeding ten thousand (10,000) pounds (5 tons) must travel over marked highways when operating in the city and may not depart from such marked highways, except that any motor truck whose destination is in the city may depart from such highway at that point on the highway nearest to its destination and then proceed directly to such destination.

B. Motor trucks whose trips originate within the city must travel by the most direct route to that point on a marked highway nearest to such point of origin.

C. Motor trucks entering the city on an unmarked highway must proceed to the nearest marked highway by the most direct route and then proceed to their destination, except when the destination lies between the point of entry into the city and the marked highway. This prohibition shall not apply to Central Avenue and White Street between 4th Street and 32nd Street from the de-designation of Central Avenue and White Street as the Iowa Highway 52 motor truck route through the city by the Iowa department of transportation and continue through December 31, 2023.

D. Motor trucks registered for a gross weight limit exceeding ten thousand (10,000) pounds (5 tons) must not travel over the following streets:

Ice Harbor Drive, from 1st Street to the 3rd Street Overpass.

Main Street, from 5th Street to 9th Street.

E. The city manager is authorized to designate and establish by appropriate signs alternate motor truck routes and to post signs limiting motor trucks registered with a gross weight limit exceeding ten thousand (10,000) pounds (5 tons) from operating on nonhighway streets and the streets designated in subsection D of this section.

F. The provisions of this section governing the travel of motor trucks on residential streets do not apply to public or private carriers of passengers on tour, fixed demand response, or dial-a-ride routes or school or church buses.

G. The scheduled fine for a violation of this section is fifty dollars (\$50.00).

Section 2. This ordinance shall take effect upon publication.

Passed, approved, and adopted this 3rd day of January, 2023.

/s/Brad M. Cavanagh, Mayor

Attest: /s/Adrienne N. Breitfelder, City Clerk

4. Work Session Request: Smart Parking & Mobility Master Plan and the Historic Millwork District Master Plan Update: Motion by Rousell to receive and file the documents and schedule the work session for Monday, January 30, 2023, beginning at 5:30 p.m. Seconded by Sprank. No schedule conflicts were expressed. Motion carried 7-0.

5. Work Session Request: Sustainable Dubuque Quarterly Sessions: Motion by Jones to receive and file the documents and schedule the work session for Monday, February 6, 2023, at 6:00 p.m.; Monday, May 15, 2023, at 6:00 p.m.; Monday, July 17, 2023, at 5:30 p.m.; and Monday, October 16, 2023, at 5:30 p.m. Seconded by Roussell. No schedule conflicts were expressed. Motion carried 7-0.

6. Delivering Dubuque: Police Department Video: Motion by Sprank to receive and file the documents and view the video. Seconded by Jones. Media Services showed the Delivering Dubuque episode featuring the Police Department. This video was produced by the Public Information Office and can be viewed at: <https://youtu.be/44L6843vTMQ>. Mayor Cavanagh emphasized the importance of advocating for the city's budget and subsequent community impact via these videos and other means during the upcoming state legislative session. Motion carried 7-0.

7. Delivering Dubuque: Arts and Culture Video: Motion by Roussell to receive and file the documents and view the video. Seconded by Farber. Media Services showed the Delivering Dubuque episode featuring Arts and Culture. This video was produced by the Public Information Office and can be viewed at: <https://youtu.be/Kjw7BOg01PY>. Motion carried 7-0.

8. Leisure Services Seasonal Job Fair Video: Motion by Jones to receive and file the documents and view the video. Seconded by Sprank. Media Services showed a video that promotes the Leisure Services Department's Seasonal Job Fair. This video was produced by the Public Information Office and can be viewed at: <https://www.youtube.com/watch?v=ucNmp-kgCFHc>. Motion carried 7-0.

COUNCIL MEMBER REPORTS

Council Member Jones reported that the Iowa Special Olympics are taking place in Dubuque next Monday and Tuesday.

Council Member Farber reported on speaking at the University of Dubuque's Winter Commencement ceremony.

Mayor Cavanagh wished everyone a happy new year.

CLOSED SESSION

Motion by Jones to convene in closed session at 8:16 p.m. to discuss Purchase or Sale of Real Estate – Chapter 21.5(1)(j) Code of Iowa. Seconded by Resnick. Mayor Cavanagh stated for the record that the attorney who will consult with City Council on the issues to be discussed in the closed session is City Attorney Brumwell. Motion carried 7-0.

The City Council reconvened in open session at 8:51 p.m. stating that staff had been given proper direction.

There being no further business, Mayor Cavanagh declared the meeting adjourned at 8:52 p.m.

/s/Adrienne N. Breitfelder, CMC, City Clerk

CITY OF DUBUQUE, IOWA CITY COUNCIL PROCEEDINGS SPECIAL SESSION OFFICIAL

The Dubuque City Council met in special session at 5:30 p.m. on January 17, 2023, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Pro Tem Roussell; Mayor Cavanagh (attended virtually); Council Members Farber, Jones, Resnick, Sprank, Wethal (attended virtually); City Manager Van Milligen, City Attorney Brumwell (attended virtually).

Mayor Pro Tem Roussell read the call and stated this is a special session of the City Council called for the purpose of conducting a work session on Federal and State Grant Updates.

WORK SESSION

FEDERAL AND STATE GRANT UPDATES

Director of Strategic Partnerships Teri Goodman; Technical Grant Analyst/Assistant Justin Thiltgen; ICMA Local Government Management Fellow Abhishek Rai; and Andrew Seth, President and Grant Writing Services Consultant of Sustainable Strategies DC, presented on the status of the City of Dubuque's efforts to secure grants. Responding to questions from the City Council, Mr. Seth stated that any projects receiving state funding could be considered for matching funds by the City and that Department of Transportation (DOT) funding could be utilized for implementation of the Central Avenue Streetscape Master Plan. Due to limited time remaining in the work session, Mayor Pro Tem Roussell requested the City Council email any additional questions to the presenters.

There being no further business, Mayor Pro Tem Roussell declared the meeting adjourned at 6:29 p.m.

/s/Adrienne N. Breitfelder, CMC, City Clerk

**CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
REGULAR SESSION
OFFICIAL**

PLEDGE OF ALLEGIANCE

PROCLAMATION(S)

1. Dubuque Eagles "Eyes on the Future" Month (January 2023) was accepted by Michael Duehr on behalf of the Dubuque Fraternal Order of Eagles.

CONSENT ITEMS

Motion by Resnick to receive and file the documents, adopt the resolutions, and dispose of as indicated. Seconded by Farber. Motion carried 7-0.

1. Minutes and Reports Submitted: Building Code Advisory and Appeals Board of 12/1/22; City Council Proceedings of 1/3/23; Historic Preservation Commission of 12/15/22; Library Board of Trustees Update of 12/15/22; Resilient Community Advisory Commission of 1/5/23; Zoning Advisory Commission of 1/4/23; Proof of publication for City Council Proceedings of 12/19/22. Upon motion the documents were received and filed.

2. Notice of Claims and Suits: Mark Laird for vehicle damage; Ashley Moore for vehicle damage; Denise Trieweiler for property damage. Upon motion the documents were received, filed, and referred to the City Attorney.

3. Disposition of Claims: City Attorney advised that the following claims have been referred to Public Entity Risk Services of Iowa, the agent for the Iowa Communities Assurance Pool: Ashley Moore for vehicle damage;

Denise Trieweiler for property damage. Upon motion the documents were received, filed, and concurred.

4. Approval of City Expenditures: Upon motion the documents were received and filed, and Resolution No. 12-23 Authorizing the Director of Finance and Budget/City Treasurer to make certain payments of bills that must be paid and approved for payment in accordance with City procedures was adopted.

**RESOLUTION NO. 12-23
AUTHORIZING THE DIRECTOR OF FINANCE AND BUDGET / CITY TREASURER TO MAKE CERTAIN PAYMENTS OF BILLS THAT MUST BE PAID AND APPROVED FOR PAYMENT IN ACCORDANCE WITH CITY PROCEDURES**

Whereas, Section 1-7-7(E) of the Municipal Code of the City of Dubuque provides that the Finance Director-City Treasurer shall keep an accurate account of all disbursements, money, or property, specifying date, to whom, and from what fund paid; and

Whereas, the invoices, presented by those firms and persons providing such goods and services have been pre-audited by Finance Department personnel in accordance with generally accepted internal control procedures and have been determined to have been requisitioned for a lawful municipal purpose; and

Whereas, the Finance Director-City Treasurer has provided a list of Expenditures [provided] hereto, and by this reference made a part hereof, to be drawn to pay for goods and services provided for City purposes; and

Whereas, the City Council of the City of Dubuque has heretofore, by Resolution 142-18 adopted May 7, 2018, authorized the Finance Director-City Treasurer to issue checks in payment of certain expenditures known as Exception Expenditures prior to City Council approval and such list is [provided] hereto.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The Finance Director-City Treasurer is hereby authorized to issue payment for goods and services provided for City purposes in response to the purchase orders and contracts issued in compliance with state and municipal code requirements as requested by designated requisitioning authorities in accordance with approved budget appropriations.

Section 2. In accordance with Iowa Code Section 372.13(6), the City Clerk and Finance Director are hereby authorized and directed to provide the statement of receipts and disbursements to the City Council, and to publish a summary thereof.

Passed, approved, and adopted this 17th day of January, 2023.

Laura J. Roussell, Mayor Pro Tem
Attest: Adrienne N. Breitfelder, City Clerk

5. Bee Branch Watershed Flood Mitigation Project Newsletter - January 2023 Issue: Upon motion the documents were received and filed.

6. 2022 Justice Assistance Grant (JAG) Approval and Acceptance of grant award: Upon motion the documents were received, filed, and approved.

7. Notice of Award and Request to Execute Grant Agreement for Volunteer DBQ 2023: Upon motion the documents were received, filed, and approved.

8. Acceptance of Certain Subdivision Improvements in Rustic Point Estates #2: Upon motion the documents were received and filed, and Resolution No. 13-23 Accepting Public Improvements in Rustic Point Estates #2, in the City of Dubuque, Iowa was adopted.

**RESOLUTION NO. 13-23
ACCEPTING PUBLIC IMPROVEMENTS IN
RUSTIC POINT ESTATES #2, IN THE CITY
OF DUBUQUE, IOWA**

Whereas, pursuant to Resolution 281-21, certain public improvements including street paving with curb, sanitary sewer main, water main, storm sewers and catch basins, street lighting, fiber optic conduit, accessible sidewalk ramps, sanitary sewer lift station, and storm water detention facilities were installed by the developer of Rustic Point Estates # 2 in the City of Dubuque, Iowa; and

Whereas, the improvements, except for accessible sidewalk ramps, sanitary sewer lift station, and storm water detention facilities, have been fully completed and the City Manager has examined the work and has filed a certificate stating that the same has been completed in accordance with the plans approved by the City Council and in conformance with City specifications, and has recommended that the improvements be accepted by the City Council.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the recommendation of the City Manager be approved and that said public improvements in Rustic Point Estates #2, except for except for accessible sidewalk ramps, sanitary sewer lift station, and storm water detention facilities, be and the same is hereby accepted.

Section 2. That a maintenance guarantee covering said public improvements shall be provided by the owners, Derby Grange LLC, for

a period of two (2) years from the date of this resolution.

Passed, approved, and adopted this 17th day of January, 2023.

Laura J. Roussell, Mayor Pro Tem
Attest: Adrienne N. Breitfelder, City Clerk

9. Stoneman Road Reconstruction Project Acceptance: Upon motion the documents were received and filed, and Resolution No. 14-23 Accepting the Stoneman Road Reconstruction Project and authorizing the payment of the contract amount to the contractor and Resolution No. 15-23 Adopting the Final Assessment Schedule for the Stoneman Road Reconstruction Project was adopted.

**RESOLUTION NO. 14-23
ACCEPTING THE STONEMAN ROAD RE-
CONSTRUCTION PROJECT AND AUTHORIZING THE PAYMENT OF THE CONTRACT
AMOUNT TO THE CONTRACTOR**

Whereas, the Public Improvement Contract for the Stoneman Road Reconstruction Project (the Project) has been completed by the contractor, McDermott Excavating (Contractor), and the City Engineer has examined the work and recommends that the Project be accepted; and

Whereas, the final contract amount for the Project is \$1,182,104.67; and

Whereas, the Contractor has previously been paid \$1,115,723.64, leaving a balance of \$66,381.04; and

Whereas, the City Council finds that the recommendation of the City Engineer should be accepted.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The recommendation of the City Engineer is approved, and the Project is hereby accepted.

Section 2. The Director of Finance and Budget is hereby directed to pay the balance of the retainage of \$66,381.04 as provided in Iowa Code chapter 573, and to pay such retainage in accordance with the provisions of Iowa Code chapter 573 or Iowa chapter 26.13.

Passed, approved, and adopted this 17th day of January 2023.

Laura J. Roussell, Mayor Pro Tem
Attest: Adrienne N. Breitfelder, City Clerk

**RESOLUTION NO. 15-23
ADOPTING THE FINAL ASSESSMENT
SCHEDULE FOR THE STONEMAN ROAD
RECONSTRUCTION PROJECT**

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. After full consideration, the Final Schedule of Assessments as shown on the

[provided] Exhibit A, is hereby approved for the Stoneman Road Reconstruction Project.

Section 2. There is hereby assessed and levied as a special tax against and upon each of the benefited properties, the respective sums indicated. The amounts shown in said Final Schedule of Assessments as deficiencies are found to be proper and levied conditionally against the respective properties benefited by the improvements as shown in the Final Schedule of Assessments, subject to the provisions of Iowa Code § 384.63. Said assessments against said lots are hereby declared to be in proportion to the special benefits conferred and not in excess of twenty-five percent of the value of same.

Section 3. The City Clerk be and is hereby directed to certify the Final Schedule of Assessments to the County Treasurer of Dubuque County, Iowa, and to publish notice of said certification once each week for two consecutive weeks in the manner provided in Iowa Code § 362.3, the first publication of which shall be not more than fifteen days from the date of filing of the Final Schedule of Assessments. On or before the date of the second publication of the notice, the City Clerk shall also mail a copy of said notice to property owners whose property is subject to assessment, as provided in Iowa Code § 384.60.

Section 4. The assessments may be paid in full or in part without interest at the office of the City Engineer, City Hall, 50 W. 13th Street, Dubuque, Iowa, at any time within 30 days after the date of the first notice of the Final Schedule of Assessments. Thereafter, unpaid assessments of \$500.00 or more are payable in 15 annual installments at the County Treasurer's Office, Dubuque County Courthouse, 720 Central Avenue, Dubuque, Iowa, and will draw annual interest at three percent (3%) computed to December 1 next following the due dates of the respective installments as provided in Section 384.65 of the Code of Iowa. Each installment will be delinquent from October 1 following its due date on July 1 of each year. However, when the last day of September is a Saturday or Sunday, that amount shall be delinquent from the second business day of October. Delinquent installments will draw the same delinquent interest as ordinary taxes. Property owners may elect to pay any annual installments semi-annually in advance.

Passed, approved, and adopted this 17th day of January 2023.

10. Asbury Road and John F. Kennedy Road Emergency Traffic Signal Repair: Upon motion the documents were received and filed, and Resolution No. 16-23 Accepting the

Asbury Rd & JFK Rd Emergency Traffic Signal Repair Project and authorizing the payment to the contractor was adopted.

**RESOLUTION NO. 16-23
ACCEPTING THE ASBURY RD & JFK RD
EMERGENCY TRAFFIC SIGNAL REPAIR
PROJECT AND AUTHORIZING THE PAY-
MENT TO THE CONTRACTOR**

Whereas, the public improvement contract for the Asbury Road and John F. Kennedy Emergency Traffic Signal Repair, (the Project) has been completed by the Contractor, McDermott Excavating. (Contractor), the City Engineer has examined the work and recommends that the Project be accepted; and

Whereas, the final contract amount for the Project is \$103,114.60; and

Whereas, the Contractor has previously been paid \$97,958.88, leaving a balance of \$5,155.74; and

Whereas, the City Council finds that the recommendation of the City Engineer should be accepted.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The recommendation of the City Engineer is approved, and the Project is hereby accepted.

Section 2. The Finance Director is hereby directed to pay to the Contractor the balance of the retainage of \$5,155.74 as provided in Iowa Code chapter 573, and to pay such retainage in accordance with the provisions of Iowa Code chapter 573 or Iowa Code chapter 26.13.

Passed, approved, and adopted this 17th day of January 2023.

Laura J. Roussell, Mayor Pro Tem
Attest: Adrienne N. Breitfelder, City Clerk

11. Industrial Pretreatment Coordinator Position: City Manager recommended City Council approval to create the Industrial Pretreatment Coordinator position, which will be funded by increasing the Industrial Pretreatment Customer fees and charges, as determined through the budget process. Upon motion the documents were received, filed, and approved.

12. Two (2) Parking Enforcement Officer Full-Time Position Recommendations: City Manager recommended the addition of two full-time Parking Enforcement Officers and reduce the number of part-time officers from six budgeted to three. Upon motion the documents were received, filed, and approved.

13. Contracted Services Agreement – Crescent Community Health Center: Upon motion the documents were received, filed, and approved.

14. Signed Contract(s): Strand Associates, Inc. for the Poly- and Perfluoralkyl Substances (PFAS) Treatment Evaluation. Upon motion the documents were received and filed.

15. Improvement Contracts / Performance, Payment, and Maintenance Bonds: 8th Street Paver Reconstruction; Green Alley Retaining Wall - 2406, 2408 & 2410 Queen Street between Queen Street and Windsor Avenue. Upon motion the documents were received, filed, and approved.

16. Approval of Retail Alcohol Licenses: Upon motion the documents were received and filed, and Resolution No. 17-23 Approving applications for retail alcohol licenses, as required by City of Dubuque Code of Ordinances Title 4 Business and License Regulations, Chapter 2 Liquor Control, Article B Liquor, Beer and Wine Licenses and Permits was adopted.

**RESOLUTION NO. 17-23
APPROVING APPLICATIONS FOR RETAIL
ALCOHOL LICENSES, AS REQUIRED BY
CITY OF DUBUQUE CODE OF ORDI-
NANCES TITLE 4 BUSINESS AND LICENSE
REGULATIONS, CHAPTER 2 LIQUOR CON-
TROL, ARTICLE B LIQUOR, BEER AND
WINE LICENSES AND PERMITS**

Whereas, applications for retail alcohol licenses have been submitted and filed with the City Council for approval, and the same have been examined, provisionally approved, and/or approved; and

Whereas, the premises to be occupied by such applicants were inspected and found to comply with the Ordinances of the City, and the applicants have filed the proper fees and bonds and otherwise complied with the requirements of the Code of Ordinances.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The City Clerk is hereby authorized and directed to cause to be issued the noted license types to the following applicants pending submission of the locally required documentation:

Renewals

Chopper's, 601 Rhomberg Ave.

Eagles Club, 1175 Century Dr.

17. Transfer of certain leases for City conduit from Comelec Internet Services to ImOn Communications: Upon motion the documents were received, filed, and approved.

ITEMS SET FOR PUBLIC HEARING

Motion by Resnick to receive and file the documents, adopt the resolutions, and set the public hearings as indicated. Seconded by Sprank. Motion carried 7-0.

1. Resolution Setting a Public Hearing on a Proposed Development Agreement by and between the City of Dubuque, Iowa, and Switch Development, LLC for the Issuance of Urban Renewal Tax Increment Revenue Grant Obligations Pursuant to the Development Agreement: Upon motion the documents were received and filed and Resolution No. 18-23 Fixing the date for a public hearing of the City Council of the City of Dubuque, Iowa on the Proposed Development Agreement by and between the City of Dubuque and Switch Development, LLC., including the proposed issuance of Urban Renewal Tax Increment Revenue Grant Obligations to Switch Development, LLC, and providing for the publication of notice thereof was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on February 6, 2023 in the Historic Federal Building.

RESOLUTION NO. 18-23 FIXING THE DATE FOR A PUBLIC HEARING OF THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA ON THE PROPOSED DE- VELOPMENT AGREEMENT BY AND BE- TWEEN THE CITY OF DUBUQUE AND SWITCH DEVELOPMENT, LLC., INCLUDING THE PROPOSED ISSUANCE OF URBAN RENEWAL TAX INCREMENT REVENUE GRANT OBLIGATIONS TO SWITCH DEVEL- OPMENT, LLC, AND PROVIDING FOR THE PUBLICATION OF NOTICE THEREOF

Whereas, Switch Development, LLC, as Developer, is the owner of the following described real property:

Lot 2 of Switch Development at JFK No. 1, in the City of Dubuque, Iowa, according to the recorded Plat thereof according to the Plat recorded as Instrument No. 2021-15183, records of Dubuque County, Iowa (the Property); and

Whereas, the Property is located in the John F. Kennedy Road Urban Renewal Area (the District) which is an economic development area (the Project Area) as defined by

Iowa Code Chapter 403 (the Urban Renewal Law); and

Whereas, Developer will be constructing an office/commercial building on the Property, and operating the same as a retail/commercial business during the term of this Agreement; and

Whereas, Developer will make an additional capital investment in building improvements, equipment, furniture, and fixtures in the Property (the Project); and

Whereas, City has determined that the Project will require certain traffic safety improvements to the public right of way of John F. Kennedy Road and West 32nd Street and Developer agrees that such Required Intersection Improvements are reasonable and necessary; and

Whereas, Developer is willing to pay for a portion of the traffic safety improvements at the intersection of John F. Kennedy Road and West 32nd Street required due to the additional traffic generated by the Project; and

Whereas, pursuant to Iowa Code Section 403.6(1), and in conformance with the Urban Renewal Plan for the Project Area, City has the authority to enter into contracts and agreements to implement the Urban Renewal Plan, as such Urban Renewal Plan may be amended; and

Whereas, the Development Agreement provides for the issuance by City of economic development grants to Switch Development, LLC, referred to therein as Urban Renewal Tax Increment Revenue Grant Obligations, payable from the tax increment revenues collected in respect of the Improvements to be constructed by Switch Development, LLC in accordance with the Development Agreement, for the purpose of carrying out the objectives of an Urban Renewal Plan as hereinafter described; and

Whereas, the Dubuque City Council believes it is in the best interests of the City to encourage Developer in the development of the Property; and

Whereas, before said Obligations may be approved, Chapter 403 of the Code of Iowa requires that the City Clerk publish a notice of the proposal and of the time and place of the meeting at which the City Council proposes to take action thereon and at which meeting the City Council shall receive oral and/or written objections from any resident or property owner of said City to such proposed action.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The City Clerk is hereby authorized and directed to cause this Resolution and a Notice to be published as prescribed by Iowa Code Section 364.7 of a public hearing on the City Council's intent to approve the proposed

Development Agreement, to be held on the 6th day of February, 2023 at 6:30 p.m.

Section 2. The City Council will also meet at said time and place for the purpose of taking action on the matter of authorizing Urban Renewal Tax Increment Revenue obligations, the proceeds of which obligations will be used to carry out certain of the special financing activities described in the Urban Renewal Plan for the John F. Kennedy Road Urban Renewal Area, consisting of the funding of economic development grants to Switch Development, LLC, pursuant to the Development Agreement under the terms and conditions of said Urban Renewal Plan. It is expected that the aggregate amount of the Tax Increment Revenue obligations will be approximately \$200,000.

Section 3. The City Clerk is hereby directed to cause at least one publication to be made of a notice of said meeting, in a newspaper, printed wholly in the English language, published at least once weekly, and having general circulation in said City, said publication to be not less than four days nor more than twenty days before the date of said meeting on the approval of the Development Agreement and the issuance of said obligations.

Section 4. That the Notice of the proposed action shall be in substantially the form [provided] hereto.

Passed, approved, and adopted this 17th day of January, 2023.

PUBLIC HEARINGS

1. Amend Unified Development Code Section 16-11-8 Subdivision Design Standards and Section 16-13-3 Site Development Requirements: Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Sprank. Planning Services Manager Wally Wernimont provided a staff report. Motion carried 7-0.

Motion by Jones for final consideration and passage of Ordinance No. 2-23 Amending City of Dubuque Code of Ordinances Title 16 Unified Development Code, Chapter 11 Land Subdivision, Section 16-11-8 by adding a new Subsection B Extension of Public Improvements; and amending Chapter 13 Site Design Standards, Section 16-13-3 by adding a new Section 16-13-3-1 Extension of Public Improvements and renumbering Sections 16-13-3-2 through 16-13-3-7. Seconded by Sprank. Motion carried 7-0.

ORDINANCE NO. 2-23

AMENDING CITY OF DUBUQUE CODE OF ORDINANCES TITLE 16 UNIFIED DEVELOPMENT CODE, CHAPTER 11 LAND SUBDIVISION, SECTION 16-11-8 BY ADDING A NEW SUBSECTION B EXTENSION OF PUBLIC IMPROVEMENTS; AND AMENDING CHAPTER 13 SITE DESIGN STANDARDS, SECTION 16-13-3 BY ADDING A NEW SECTION 16-13-3-1 EXTENSION OF PUBLIC IMPROVEMENTS AND RENUMBERING SECTIONS 16-13-3-2 THROUGH 16-13-3-7

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. City of Dubuque Code of Ordinances Section 16-11-8 is amended by deleting Subsection B and substituting the following in lieu thereof:

16-11-8: SUBDIVISION DESIGN STANDARDS:

...

B. Extension of Public Improvements:

1. Definitions: For purposes of this Chapter, the following terms have the following meanings:

Development: Any change to improved or unimproved real estate, including, but not limited to, buildings or other structures, mining, dredging, filling, grading, paving, excavation, or drilling operations for which necessary permits may be required.

Fiberoptic network conduit: A pipe, vault, or duct used to enclose fiberoptic cable facilities buried alongside a roadway or surface mounted on a bridge, overpass, or other facility where placement below ground is impossible or impractical. "Fiberoptic network conduit" does not include electronics or cable.

Public Improvement: Streets, sanitary sewers, water mains, streetlights, sidewalks, bike/hike trails, and fiberoptic network conduit.

2. Requirement of Developer: For all subdivision or site plan developments, the developer shall extend all public improvements within and through the subdivision or site development, and to the property lines, to provide for their extension to adjacent properties.

Public improvements shall be designed and installed in accordance with the current city standards and specifications and within the time frame specified in the resolution approving the final plat or improvement plan. The developer shall pay the total cost of engineering and construction of extensions of such public improvements.

Plans for such extensions must be approved by the city engineer. The city

engineer may grant a waiver of the extension requirements on such terms and conditions as the city engineer determines appropriate.

3. Water Mains:

a. Water mains must be sized to meet requirements for domestic plus fire flow water demands and in accordance with city. The city may require the design and construction of water mains with the ability to service lands other than the immediately adjoining land and may require installation of water mains sized larger than the minimum required to provide domestic and fire flow needs for the development. In this circumstance, the city will consider reimbursing the developer for the incremental difference in material cost above that of the cost for water main materials needed to provide domestic and fire flow needs subject to the availability of funds as determined by the city. The city will not reimburse the developer for water mains above 8-inch if larger diameter water main is needed to provide domestic plus fire flow water demands in the development.

b. Only mains sized larger than an 8-inch main may be considered eligible for reimbursement purposes. The reimbursement will be based on the difference in pipe and fitting costs only, and no allowance will be made for the difference in installation costs. The developer must provide the city engineer with a current pipe supplier price list for the water main pipe and appurtenances needed to serve the development and the price for the increased pipe size and appurtenances. The city engineer will calculate the reimbursement amount and will document the reimbursement amount in an agreement between the city and the developer.

c. In areas where water main may be extended by a developer past properties owned by others outside of the final plat so as to serve the area of the final plat, such extension shall be at no expense to the city. The city shall not be obligated to collect any portion of this cost for reimbursement to the developer.

4. Sanitary Sewers:

a. All sanitary sewers mains must be a minimum of 8-inch diameter pipe.

b. The sanitary sewer extension must be sized by the developer and approved by the city engineer to serve the development and the development of upstream sewershed property that may be served by the sewer extension.

c. When the upstream sewershed property would require the developer to increase the pipe diameter, the city will consider reimbursing the developer for the incremental cost difference in sanitary sewer pipe above the cost for sanitary sewer pipe needed to provide service for the development, as determined by the city engineer and subject to the availability of funds as determined the city. The reimbursement will be based on the difference in sanitary sewer pipe costs only and no allowance will be made for the difference in installation costs.

d. The city will not reimburse developers for any increase in sanitary sewer pipe diameter beyond 8-inch diameter if the increase in size is a direct result of the development needs.

5. The developer must provide the city engineer with a current pipe supplier price list for the sanitary sewer pipe needed to serve the development and the price for the increased sanitary sewer pipe size. The city engineer will calculate the reimbursement amount and will document the reimbursement amount in an agreement between the city and the developer.

6. When a developer is installing a sanitary sewer lift station to serve the development, the developer is responsible for proper capacity sizing of the lift station and force main to serve the development to accept flow from upstream sewershed properties.

7. When the upstream sewershed properties would require the developer to increase the sanitary sewer lift station capacity, the city will consider reimbursing the developer for the incremental cost difference in sanitary sewer lift station capacity above the cost for the sanitary sewer lift station needed to provide capacity for the development, as determined by the city engineer and subject to the availability of funds as determined by the city. The reimbursement will be based on the difference in sanitary sewer lift station costs only and no allowance will be made for the difference in installation costs.

8. The developer must provide the city engineer with a current supplier price list for the sanitary sewer lift station and force main needed to serve the development and a separate price list for the components needed for the increased lift station capacity. The city engineer will calculate the reimbursement amount and will document the reimbursement amount in an agreement between the city and the developer.

Section 2. City of Dubuque Code of Ordinances Title Section 16-13-3 is amended by adding a new Section 16-13-3-1 as follows:

16-13-3-1: EXTENSION OF PUBLIC IMPROVEMENTS:

A. Installation Of Improvements: Public improvements including streets, sanitary sewers, storm sewers, stormwater management facilities, water mains, street lighting, street trees, and sidewalks shall be installed in accordance with the city standards.

1. Definitions: For purposes of this Chapter, the following terms have the following meanings:

Development: Any change to improved or unimproved real estate, including, but not limited to, buildings or other structures, mining, dredging, filling, grading, paving, excavation, or drilling operations for which necessary permits may be required.

Fiberoptic network conduit: A pipe, vault, or duct used to enclose fiberoptic cable facilities buried alongside a roadway or surface mounted on a bridge, overpass, or other facility where placement below ground is impossible or impractical. "Fiberoptic network conduit" does not include electronics or cable.

Public Improvement: Streets, sanitary sewers, water mains, streetlights, sidewalks, bike/hike trails, and fiber conduit.

2. Requirement of Developer: For all subdivision or site plan developments, the developer shall connect all public improvements to other streets, sanitary sewers, water mains, streetlights, and fiber network conduit, and bike/hike trails within and through the subdivision or site development, and to the property lines, to provide for their extension to adjacent properties.

Public improvements shall be designed and installed in accordance with the current city standards and specifications and within the time frame specified in the resolution approving the final plat or improvement plan. The developer shall pay the total cost of engineering and construction of extensions of such public improvements.

Plans for such extensions must be approved by the city engineer. The city engineer may grant a waiver of the extension requirements on such terms and conditions as the city engineer determines appropriate.

3. Water Mains:

a. Water mains must be sized to meet requirements for domestic plus fire flow water demands and in accordance with city. The city may require the design and construction of water mains with the ability to service lands other than the immediately adjoining land and may require installation of water mains sized larger than the minimum required to provide domestic and fire flow needs for the development. In this circumstance, the city shall reimburse the developer for the incremental difference in material cost above that of the cost for water main materials needed to provide domestic and fire flow needs. The city will not reimburse the developer for water mains above 8-inch if larger diameter water main is needed to provide domestic plus fire flow water demands in the development.

b. Only mains sized larger than an 8-inch main may be considered eligible for reimbursement purposes. The reimbursement will be based on the difference in pipe and fitting costs only, and no allowance will be made for the difference in installation costs. The developer must provide the city engineer with a current pipe supplier price list for the water main pipe and appurtenances needed to serve the development and the price for the increased pipe size and appurtenances. The city engineer will calculate the reimbursement amount and will document the reimbursement amount in an agreement between the city and the developer.

c. In areas where water main may be extended by a developer past properties owned by others outside of the final plat so as to serve the area of the final plat, such extension shall be at no expense to the city. The city shall not be obligated to collect any portion of this cost for reimbursement to the developer.

4. Sanitary Sewers:

a. All sanitary sewers mains must be a minimum of 8-inch diameter pipe.

b. The sanitary sewer extension must be sized by the developer and approved by the city engineer to serve the development and the development of upstream sewershed property that may be served by the sewer extension.

c. When the upstream sewershed property would require the developer to increase the pipe diameter, the city shall reimburse the developer for the incremental difference in sanitary sewer pipe cost above the cost for sanitary

sewer pipe needed to provide service for the development. The reimbursement will be based on the difference in sanitary sewer pipe costs only and no allowance will be made for the difference in installation costs.

d. The city will not reimburse developers for any increase in sanitary sewer pipe diameter beyond 8-inch diameter if the increase in size is a direct result of the development needs.

5. The developer must provide the city engineer with a current pipe supplier price list for the sanitary sewer pipe needed to serve the development and the price for the increased sanitary sewer pipe size. The city engineer will calculate the reimbursement amount and will document the reimbursement amount in an agreement between the city and the developer.

6. When a developer is installing a sanitary sewer lift station to serve the development, the developer is responsible for proper capacity sizing of the lift station to accept flow from upstream sewershed properties.

7. When the upstream sewershed properties would require the developer to increase the sanitary sewer lift station capacity, the city shall reimburse the developer for the incremental difference in sanitary sewer lift station capacity cost above the cost for the sanitary sewer lift station needed to provide capacity for the development as determined by the city engineer. The reimbursement will be based on the difference in sanitary sewer lift station costs only and no allowance will be made for the difference in installation costs.

Section 3. Sections 16-13-3-1 through 16-13-3-6 are renumbered as follows:

2. Amend Dubuque Technology Park Planned Unit Development: Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Farber. Planning Services Manager Wally Wernimont provided a staff report. Responding to a question from the City Council, City Manager Van Milligen stated that ImOn Communications intends to create redundancy to respond to potential fiber cuts. Applicant Joe Myers, 683 6th Ave., Convoy, IA, stated that ImOn Communications intends to have north and south hubs in Dubuque. Motion carried 7-0.

Motion by Jones for final consideration and passage of Ordinance No. 3-23 Amending Title 16 Unified Development Code of the City of Dubuque Code of Ordinances by rescinding Ordinance 13-08 and adopting the Amended Dubuque Technology Park Planned Unit Development Ordinance with Planned Industrial Designation and Conceptual Plan. Seconded by Farber. Motion carried 7-0.

ORDINANCE NO 3 - 23

AMENDING TITLE 16 UNIFIED DEVELOPMENT CODE OF THE CITY OF DUBUQUE CODE OF ORDINANCES BY RESCINDING ORDINANCE 13-08 AND ADOPTING THE AMENDED DUBUQUE TECHNOLOGY PARK PLANNED UNIT DEVELOPMENT ORDINANCE WITH PLANNED INDUSTRIAL DESIGNATION AND CONCEPTUAL PLAN

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That Title 16 of the Dubuque Code of Ordinances, Unified Development Code, is hereby amended by rescinding Ordinance 13-08 and adopting amended Dubuque Technology Park Planned Unit Development with PI Planned Industrial designation ordinance and conceptual plan for the following property legally described, to wit:

Lots, A, B, C, D and E Lots 1, 3 and 4 of Block 1 Lots 1, 2, 3, 4, 5, 6, 7, 8, 1-10, 11, and 12 of Block 2 all in Dubuque Technology Park; Lots 1 and 2 of Dubuque Technology Park No. 2; Lot 1-1 and Lot 2-1 of Dubuque Technology Park No. 3; Lots 1 and 2-Dubuque Technology Park No. 4, and to the centerline of the adjoining public right-of-way, all in the City of Dubuque, IA.

B. Definitions

1. Building-Related Features: Building related features are defined as all constructed items which rise above the grade surface of the lot. These include:
 - a. The primary building.
 - b. All accessory or secondary buildings.
 - c. All exterior storage areas.
 - d. Exterior refuse collection areas.
 - e. Exterior mechanical equipment.
 - f. Containerized or tank storage of liquids, fuels, gases, and other materials.
2. Vehicle-Related Features: Vehicle-related features are defined as all areas used for the movement and parking of all vehicles within the lot. These include:
 - a. Employee and visitor parking spaces.
 - b. Driveways from the street right-of-way line to and from parking spaces.
 - c. Loading spaces outside of the building.
 - d. Maneuvering space and driveways to and from loading spaces.
 - e. Parking spaces for company-owned commercial vehicles.
 - f. Fire lanes.
3. Open Space Features: Open space features are defined as those exterior areas and developed features of the lot which include:
 - a. Landscaped space containing lawn areas and plantings.
 - b. Paved, hard-surfaced, pedestrian areas such as walkways, plazas, entryways, and courtyards.
 - c. Surface storm water detention areas not otherwise used for building-related or vehicle-related purposes.
 - d. Open recreation areas and recreational trail.
 - e. Other non-building and non-vehicular related space.
4. "Carry-out Restaurant" - shall mean an establishment where all of the meals or food are prepared for customers to take out of the establishment.
5. "Properties" shall mean and refer to each and every parcel, and all portions thereof, of the real property herein before described and such additions thereto as may be hereafter added.
6. "Lot" shall mean and refer to any plot of land, except Public Areas and public rights-of way, shown upon any

recorded Subdivision Plat of the Properties.

7. "Owner" shall mean and refer to the record titleholder, whether one or more persons or entities, of fee simple title to any Lot which is a part of the Properties, including contract sellers, but excluding those having such interest merely as security for the performance of an obligation.
 8. "Public Areas" shall mean and refer to the landscaped areas, recreational trail, park lands and storm water retention and detention areas as identified by the plat [provided] hereto as Lots D and E and hereby made a part of this Declaration the ownership of which shall be retained by the City of Dubuque. The Public Areas shall be open to the public for the use and enjoyment of the public.
- C. Use Regulations: The following regulations shall apply to all uses made of land in this PUD District:
- Zone A: General Purpose and Description: Properties denoted on Attachment A as Zone A are intended to provide space for corporate offices, professional offices, and technology-oriented companies involved with software development, information technologies and other emerging technologies.
1. Principal permitted uses within Zone A shall be limited to:
 - a. Public or quasi-public utilities including substations
 - b. General offices
 - c. Medical/dental lab
 - d. Mail order houses
 - e. Printing and publishing
 - f. Laboratories for research or engineering
 Parking shall be provided in accordance with Chapter 14 of the Unified Development Code.
 2. Conditional uses shall be limited to:
 - a. Licensed childcare center within the principal structure of a permitted use or in an accessory structure on the same lot. Licensed childcare centers are subject to state and local regulations;
 - 1) All applicable State requirements must be met;
 - 2) Such facility shall provide for the loading and unloading of children so as not to obstruct public streets or create traffic or safety hazards;
 - 3) All license(s) have been issued or have been applied for awaiting the outcome of the Board's decision;

- 4) The parking group requirements must be met;
 - 5) The conditional use applicant certifies that the premises on which the licensed child care center will be located complies with, and will for so long as the group day care center is so located, continue to comply with all local, state and federal regulations governing hazardous substances, hazardous wastes, and hazardous materials, including but not limited to Iowa Code Chapter 455B (1991); 42 U.S.C. Section 9601 of the Federal Comprehensive Environmental Response Compensation and Liability Act; 40 C.F.R. Section 302.4, and Section 302 of the Superfund Amendments and Reauthorization Act of 1986; and
 - 6) If the applicant is subject to the requirements of Section 302 of the Superfund Amendments and Reauthorization Act of 1986, the Emergency Management Director shall certify whether or not the applicant has submitted a current inventory of extremely hazardous substances kept or stored on the premises. If any such extremely hazardous substances are kept or stored on the premises, the applicant shall also post in a conspicuous place on the premises a notice indicating a description of the extremely hazardous substances, and the physical and health hazards presented by such substances.
3. Accessory uses shall be limited to:
- a. Retail outlets within the principal structure of a permitted use, selling products produced on-site and only as accessory to the principal use.
 - b. Any use customarily incidental and subordinate to the principal use it serves.
 - c. Licensed childcare centers shall not be allowed as an accessory use.
- Zone B: General Purpose and Description: Properties designated as Zone B can be developed for office and technology-oriented businesses as in Zone A or a limited amount of commercial development.

1. Principal permitted uses shall be limited to:
 - a. Public or quasi-public utilities, including substations.
 - b. General Offices
 - c. Medical/dental lab
 - d. Mail order houses
 - e. Printing and publishing
 - f. Laboratories for research or engineering
 - g. Business services
 - h. Retail/dry cleaner within a primary building only
 - i. Indoor restaurant
 - j. Carry-out restaurant within a primary building only
 - k. Drive-up automated bank teller within a primary building only
 - l. Banks, savings and loans, and credit unions within a primary building only

Parking shall be provided in accordance with Chapter 14 of the Unified Development Code.
2. Conditional uses shall be limited to:
 - a. Licensed childcare center
 - 1) All applicable State requirements must be met;
 - 2) Such facility shall provide for the loading and unloading of children so as not to obstruct public streets or create traffic or safety hazards;
 - 3) All license(s) have been issued or have been applied for awaiting the outcome of the Board's decision;
 - 4) The parking group requirements must be met;
 - 5) The conditional use applicant certifies that the premises on which the licensed child care center will be located complies with, and will for so long as the group day care center is so located, continue to comply with all local, state and federal regulations governing hazardous substances, hazardous wastes, and hazardous materials, including but not limited to Iowa Code Chapter 455B(1991); 42 U.S.C. Section 9601 of the Federal Comprehensive Environmental Response Compensation and Liability Act; 40 C.F.R. Section 302.4, and Section 302 of the Superfund Amendments and Reauthorization Act of 1986; and
 - 6) If the applicant is subject to the requirements of Section 302 of the Superfund Amendments

and Reauthorization Act of 1986, the Emergency Management Director shall certify whether or not the applicant has submitted a current inventory of extremely hazardous substances kept or stored on the premises. If any such extremely hazardous substances are kept or stored on the premises, the applicant shall also post in a conspicuous place on the premises a notice indicating a description of the extremely hazardous substances, and the physical and health hazards presented by such substances.

3. Accessory uses shall be limited to:

- a. Any use customarily incidental and subordinate to the principal use it serves.

4. Temporary uses shall be limited to:

- a. Any use listed as a permitted use within this PUD District of a limited duration as established and as defined in Chapter 3-19 of the Unified Development Code.

Zone C: General Purpose and Description: Properties designated as Zone C can be developed for public or quasi-public utilities.

1. Principal permitted uses shall be limited to:

- a. Public or quasi-public utilities, including substations and fiber optic hubs.

D. Lot and Bulk Regulations: Development of land in the PUD District shall be regulated as follows:

1. All building structures and activities shall be located in conformance with the [provided] conceptual development plan and all final site development plans shall be approved in accordance with provisions of the PUD District regulations of this ordinance and of Chapter 5-24 of the Unified Development Code.

2. All building-related features shall be in accordance with the following lot and bulk regulations:

- a. Maximum lot coverage shall be limited to 80%. All building and vehicle-related features shall be considered when calculating total land area coverage.

b. Setbacks:

- Minimum front yard setback along Highway 61/151=25 ft.
- Minimum front yard setback along Lake Eleanor Rd=50 ft.
- Minimum front yard setback

on internal streets = 50 ft.

- Minimum side yard setback = 25 ft.
- Minimum rear yard setback = 25 ft.
- Minimum front yard setback within Zone C = 15 ft.

c. Within required front, side, and rear setbacks, only driveways, fire lanes, open space features, and primary and secondary signage are allowed. Parking lots may encroach up to 25 ft. into a 50-foot front yard setback, provided additional screening is provided as required in the Landscaping Regulations section of this PUD Ordinance.

E. Parking Regulations

1. All vehicle-related features shall be surfaced with either asphalt or concrete.

2. Curbing and proper surface drainage of stormwater shall be provided.

3. All parking and loading spaces shall be delineated on the surfacing material by painted strips or other permanent means.

4. The number, size and design of parking spaces shall be governed by applicable provisions of City of Dubuque Ordinances enforced at the time of development of the lot.

5. The number, size, design, and location of parking spaces designated for persons with disabilities shall be according to the local, state, or federal requirements in effect at the time of development.

6. The location and number of private driveway intersections with public streets shall be established by the City of Dubuque. Access to all lots shall be limited to the internal streets of this PUD District.

7. No on-street maneuvering of delivery vehicles will be allowed on any type of through street. Lots adjoining through streets shall provide all necessary maneuvering space for delivery vehicles within the boundaries of the lots.

F. Landscaping Regulations

1. Plant Materials. The open space of each lot shall be planted with permanent lawn and ground covers, shrubs, and trees. It is the intent of these regulations that the development of required open spaces shall reflect a high quality of environmental design.

The following provisions shall apply for each lot.

- a. Landscape plans are required as part of submittals for site plan review. Landscape plans are to include type, number, and size of proposed plantings. As a minimum, the submitted landscape plan should include the following:
 - No vehicle-related features except driveways and fire lanes shall be allowed within 25 ft. of the of the property line.
 - For every one (1) acre of lot size, four (4) trees shall be required to a maximum of 40 trees. Each required tree shall be at least two (2) inches in diameter at planting.
 - Shrubs shall be used to screen parking areas and provide accent around buildings. Shrubs shall be of varieties approved for this PUD District and listed in the covenants for this PUD District.
 - Parking areas located in front yards shall be screened with a combination of trees, shrubs, or berms to provide a landscape screen of 25% opacity.
 - Parking areas located in front yards and encroaching up to 25 ft. into a 50- foot front yard setback shall be screened with a combination of trees, shrubs, and berms to provide a landscape screen of 50% opacity.
 2. The installation of required planting materials may be phased in direct proportion to the phasing of building construction. All exposed soil areas remaining after the construction of building and vehicle-related features shall be planted with a permanent ground cover to prevent erosion. Within one (1) year following completion of construction, or by the date that a building is issued an occupancy certificate by the Building Safety Department of the City of Dubuque, whichever first occurs, required landscaping shall be installed.
 3. The lot owner is required to replant any and all plant materials which have died due to any cause during the effective period of this PUD Ordinance.
 4. The area between the public street and the right-of-way line shall be planted with grass and maintained by the lot owner. In addition, the lot owner will maintain City installed street trees planted between the street and the right-of- way line, including replacing trees that have died due to any cause.
 5. Pedestrian access: Permanent hard-surfaced walkways shall be installed and maintained by the owner for purposes of pedestrian movement between all parking areas and functioning entries and exits of the buildings.
 6. PUD District landscaping: Landscaping of this PUD District shall be in accordance with the landscape plan, a copy of which is [provided] and made a part of this PUD Ordinance.
- G. Sign Regulations
1. Applicability of City of Dubuque Ordinances: Chapter 15 of the Unified Development Code Sign Regulations shall apply unless further regulated by this section.
 2. Off-Premise Signs: No off-premise signs shall be erected or constructed on the property of this PUD District or on any of the private lots or buildings within this PUD District.
 3. On-Premise Signs:
 - a. Allowable content: signs messages and graphics shall be limited to the following contents:
 - 1) PUD District signs
 - Entrance signs
 - Directory signs
 - Street address
 - 2) Primary signs
 - Identification of company name
 - Identification of company products or services by generic name only
 - Street address
 - Graphic symbol or logo identified with the company
 - 3) Secondary signs
 - Directional messages necessary for the safe and efficient flow of vehicular and pedestrian traffic on
 - Identification of visitor entrances to the building, shipping, and receiving docks and other delivery
 - Identification of assigned parking spaces and parking spaces accessible to persons with disabilities
 - Temporary announcements of pending or new construction
 - Commemorative messages
 - b. Allowable Structural Types:
 - 1) PUD District signs
 - Monument-style
 - 2) Primary signs

- Wall-mounted
- Monument-style
- 3) Secondary signs
 - Wall-mounted
 - Monument-style
- c. Maximum number of signs:
 - 1) PUD District signs
 - Not to exceed a total of six (6) signs in PUD District
 - 2) Primary signs
 - One (1) wall-mounted sign per street frontage per business
 - One (1) monument-style sign per lot location; restricted to frontages on interior streets only.
 - 3) Secondary signs
 - No maximum number
- d. Maximum Sign Area:
 - 1) PUD District signs
 - Entrance signs: 200 square ft. per sign face
 - Directory signs: 30 square ft. per sign face
 - 2) Primary signs
 - Wall-mounted sign: 15% of the area of the building wall upon which it is mounted
 - Monument-style signs: 100 square ft. per sign face
 - 3) Secondary signs
 - Limited to six (6) square ft.
- e. Height Regulations:
 - 1) PUD District sign
 - 12 ft., measured from average grade to top sign structure
 - 2) Primary signs
 - 10 ft., measured from average grade to top of structure
 - 3) Secondary signs
 - 6 ft., measured from average grade to top of sign structure
- f. Variance requests from sign requirements for sign, number and height shall be reviewed by the Zoning Board of Adjustment in accordance with Chapter 8-6 of the Unified Development Code.
- g. Lighting: PUD District Signs and primary and secondary signs may be illuminated only by means of indirect lighting whereby all light sources and devices are shielded from view by opaque or translucent materials, or internally illuminated by means of a light source

completely enclosed by the sign panel.

- h. Motion: No signs may include any device or means, mechanical, electrical, or natural, which shall cause any motion of the sign panel or any part thereof. No flashing lights or changing colors shall be allowed.

H. Performance Standards: The development and maintenance of uses in this PUD District shall be established in conformance with Chapter 13 of the Unified Development Code and the following standards:

1. Site Lighting

- a. Exterior illumination of site features shall be limited to the illumination of the following:
 - i. Parking areas, driveways and loading facilities.
 - ii. Pedestrian walkway surfaces and entrances to building.
 - iii. Screened storage areas.
 - iv. Building exterior.

b. Location and Design:

- i. All exterior lighting shall be designed, installed, and maintained so as not to cause glare or to shine into adjacent lots and streets.
- ii. No light source shall provide illumination onto adjacent lots, buildings, or streets in excess of 1.0-foot candle.
- iii. All exterior lighting luminaires shall be designed and installed to shield light from the luminaire at angles above 72 degrees from vertical.
- iv. A lighting plan shall be included as part of site plan submittals that indicates types of lights used and ground light pattern for building lighting of building and parking related features.
- v. Fixtures mounted on a building shall not be positioned higher than the roof line of the building.
- vi. The top of post mounted free-standing fixtures shall not be higher than 30 ft. above the ground.
- vii. Wooden utility type poles are acceptable only for temporary use during construction.

- viii. All electrical service lines to posts and fixtures shall be underground and concealed inside the posts.
2. Utility Locations
- a. Service lines: All electrical, telephone, cable and other similar utility lines serving the building and other site features shall be located underground.
 - b. Mechanical equipment: all electrical transformers, switching gear, relay boxes, meters, air conditioning units, heat pumps and other similar mechanical equipment, including roof mounted mechanical equipment, shall be screened from view. Mechanical equipment shall be screened in such a manner that it will appear to be an integral part of the building's overall architectural design. Fencing of at least 50% opacity, masonry walls, or plantings may be used to visually screen mechanical equipment.
3. The recreational trail shall be placed six (6) ft. behind the curb parallel to the street on the north side of the cul-de-sac street and the east side of the major street that runs north to south to link the perimeter recreational trail. The recreational trail shall be internal to this PUD District and shall not be placed on the north side of Lake Eleanor Road. The recreational trail shall be placed in accordance with the conceptual development plan.
4. Final site development plans shall be submitted in accordance with Chapter 12 of the Unified Development Code prior to construction of each building and vehicle-related feature unless otherwise exempted by Chapter 12.
5. Stormwater Conveyance: The developer of each lot shall be responsible for providing surface or subsurface conveyance(s) of storm water from the lot to existing storm sewers or to flow line of open drainageways outside the lot in a means that is satisfactory to the Public Works Department of the City of Dubuque.
6. Maintenance Assessments
- a. City shall levy against the Properties in each assessment year an annual assessment for the purpose of paying fifty percent (50%) of the actual costs of City's maintenance and repair of the Public Areas and the actual costs associated with maintaining and lighting entrance signs. Said assessment may also include the establishment of a capital improvements reserve fund for such purposes. Upon establishment of such assessment levy, each Owner shall pay to City a pro rata share (as hereinafter defined) of such assessment levy,
 - b. If such pro rata share is not paid within thirty (30) days of its due date, the amount of such pro rata share shall become a lien upon the Lot obligated to pay the same and shall bear interest from the due date at the highest legal contract rate applicable to a natural person. City may bring an action at law against any Owner obligated to pay the same or foreclose the lien against the Lot. The Owner shall also be obligated to City for City's costs and reasonable attorney's fees of any collection efforts. No Owner may waive or otherwise avoid liability for an assessment provided herein by non-use of the Public Areas or abandonment of a lot.
 - c. An Owner's pro rata share shall be equal to a fraction, the numerator of which shall be the gross square ft. area of the Lot owned by the Owner and the denominator of which shall be the gross square ft. area of the Properties exclusive of the Public Areas and public rights-of way.
 - d. Other applicable regulations enforced by the City of Dubuque relative to stormwater management and drainage shall apply to properties in this PUD District.
7. The conceptual development plan shall serve as the preliminary plat for this PUD District. Subdivision plats and improvement plans shall be submitted in accordance with Chapter 11 Land Subdivision, of the Unified Development Code.
8. Operations within enclosed buildings: All operations and activities shall be conducted or maintained within completely enclosed buildings, except:
- a. Off-street parking and loading spaces.
 - b. Employee recreational facilities.
 - c. Outdoor or exterior storage.
9. Noises generated within this PUD District shall be regulated by Title 6, Chapter 5 Noises, of the City of Dubuque Code of Ordinances.
10. All loading docks for shipping and receiving of raw and manufactured

goods shall be designed to provide for the direct movement of goods between the delivery vehicle and the interior of the building. Loading docks shall generally be restricted to the rear façade of a building. Loading docks may only be allowed on a side facade of a building with approval granted through the design review process provided in the Dubuque Technology Park covenants. Buildings located on corner lots shall provide screening that visually obscures the dock from both street frontages, including any trucks positioned at the dock. No visually exposed platform docks shall be allowed except within fully screened storage areas. An effective 50% screening of loading doors and docks, measured from ground level to a height of at least 20 ft., shall be provided through the use of earthen berms and plantings.

11. Exterior Storage:

- a. Exterior storage is prohibited in this PUD District.

12. Exterior Trash Collection Areas:

- a. The storage of trash and debris shall be limited to that produced by the principal permitted use, conditional uses, and accessory uses of the lot.
 - b. The ground area coverage of exterior trash collection areas shall be the area contained inside the required screening and this area shall be considered a building-related feature for purposes of calculating total land area coverages.
 - c. Exterior trash collection areas shall be located in the rear or side yards only.
 - d. All exterior trash collection areas and the materials contained therein shall be visually screened from view. The screening shall be completely opaque fence, wall or other feature not exceeding a height of 10 ft. measured from the ground level outside the line of the screen. Screens built on sloping grades shall be stepped so that their top line shall be horizontal. Exposed materials used to construct the opaque screen shall be similar in appearance to materials used for exterior building walls. All exterior entrances to a screened trash area shall be provided with a gate or door of similar design to that of the screen.
- If a 10-foot-high screen fails to

shield the exterior trash collection area from view from points inside or outside of the property, ever-green plantings may be required in addition to the screening. Ever-green plant materials shall be selected and designed so that they will screen the area from all off-site visibility within five (5) years.

- 13. Street lighting: Street lights shall be installed in accordance with City of Dubuque standards.

- 14. Flood Plain Regulations: The area of this PUD District that lies within the flood plain of Granger Creek shall be subject to the regulations of Chapter 6-4 of the Unified Development Code.

- 15. Phased Construction of Buildings and Parking Spaces: The construction of off-street parking spaces may be phased in proportion to the percentage of total building floor area constructed at any one time. Ground area set aside for future parking, loading spaces or driveways or for parking provided in excess of the minimum required number of parking spaces shall not reduce the minimum required area for open space.

- 16. Other Codes and Regulations: These regulations do not relieve an owner from other applicable city, county, state and federal codes, regulations, laws, and other controls relative to the planning, construction, operation and management of property in the Dubuque Industrial Center/South.

- I. Open Space and Recreation Area: These areas designated on the conceptual development plan as "open" shall be maintained as open space, as defined by Chapter 2 of the Unified Development Code by the property owner and/or association. The recreational trail shall be maintained by the property owner and/or association.

J. Ordinance History

- 1. Ord. 27-97: Rezoning from AG Agricultural District to Planned Unit Development with a Planned Industrial designation.
- 2. Ord. 13-08: Amend from Planned Unit Development to Planned Unit Development with conditions and changed the name of the PUD district to Dubuque Technology Park.

- K. Transfer of Ownership: Transfer of ownership or lease of property in this PUD District shall include in the transfer or lease agreement a provision that the purchaser or lessee acknowledges the existence of this PUD District and the

restrictions and conditions existing in this PUD District.

L. Modifications: Any modifications of this Ordinance must be approved by the City Council in accordance with zoning reclassification proceedings of Chapter 9-5 of the Unified Development Code.

M. Recording: A copy of this ordinance shall be recorded in the office of the Dubuque County Recorder as a permanent record of this amendment.

Section 3. The foregoing amendment has heretofore been reviewed by the Zoning Commission of the City of Dubuque, Iowa.

Section 4. The foregoing amendment shall take effect upon publication, as provided by law.

Passed, approved, and adopted this 17th day of January, 2023.

CITY OF DUBUQUE, IOWA CITY COUNCIL PROCEEDINGS SPECIAL SESSION OFFICIAL

The Dubuque City Council met in special session at 5:30 p.m. on January 30, 2023, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber (attended virtually), Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen, City Attorney Brumwell (attended virtually).

Mayor Cavanagh read the call and stated this is a special session of the City Council called for the purpose of conducting work sessions on the Smart Parking & Mobility Master Plan and the Historic Millwork District Master Plan.

WORK SESSIONS (2)

1. SMART PARKING & MOBILITY MASTER PLAN UPDATE

Director of Transportation Services Ryan Knuckey introduced Kevin White of Walker Consultants. Mr. White; Kenny Okigbo with RDG Planning & Design; and Eric Haggett with Walker Consultants, reviewed the status and findings of the Smart Parking & Mobility Master Plan.

Due to a technical issue, the work session paused at 5:46 p.m. and reconvened at 6:03 p.m. While reconvening the session, Mayor Cavanagh announced that the meeting would not be broadcast on the city's video feed and Facebook due to technical difficulties. The meeting remained virtually accessible through GoToMeeting and was being recorded via the platform.

Responding to questions from the City Council, the consultants summarized the outcomes of charging for parking, the possibility of reduced rate solutions, and outreach efforts conducted to obtain equitable input. Input received about transportation options for students and biking options were briefly outlined. Responding to a question from the City Council on whether the income ranges of survey respondents reflected Dubuque's income data, Mr. Okigbo stated that the consultants would provide that information to the City Council. The consultants summarized the current limitations and opportunities regarding the city's parking infrastructure and technology and stated that offering technologies that accept coin payments continue to be a prevalent

option. The consultants stated that one outcome of the study will be to issue a Request for Proposals (RFP) for parking technology, in which the City can specify all desired technology. While leasing technology is an option, the consultants stated that it could limit the number of vendor options. Mr. Okigbo stated that the online survey was closed, but the public can still visit the Move DBQ website to submit comments, and that Council Members could forward any comments they receive to the consultants.

This work session concluded at 7:28 p.m. The City Council recessed until 7:34 p.m.

2. HISTORIC MILLWORK DISTRICT MASTER PLAN UPDATE

Economic Development Director Jill Connors introduced Andrew Dresdner of Bolton & Menk. Mr. Dresdner and Chris Brewer, also of Bolton & Menk, presented on the current status of the Historic Millwork District Master Plan Update.

Responding to questions from the City Council, Mr. Dresdner discussed the possibility of either 7th Street or 10th Street serving as a thoroughfare to other Dubuque amenities and provided input on district naming. Responding to a question from the City Council, Ms. Connors stated that the initial Historic Millwork report was submitted in October and will be provided to the City Council. Ms. Connors also stated that marketing has not been included in the master plan, but that marketing is a discussion point in monthly stakeholder meetings regarding the district.

There being no further business, Mayor Cavanagh declared the meeting adjourned at 8:12 p.m.

/s/Adrienne N. Breitfelder, CMC, City Clerk

CITY OF DUBUQUE, IOWA CITY COUNCIL PROCEEDINGS SPECIAL SESSION OFFICIAL

The Dubuque City Council met in special session at 6:00 p.m. on February 6, 2023, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen, City Attorney Brumwell.

Mayor Cavanagh read the call and stated this is a special session of the City Council called for the purpose of conducting a work session on Sustainable Dubuque.

WORK SESSION SUSTAINABLE DUBUQUE WORK SESSION

Sustainable Community Coordinator Gina Bell provided an update of the Renew Dubuque Solar program. Responding to a question from the City Council, Ms. Bell stated that five-year maintenance of the solar panels is included in the contracts and is an industry standard.

There being no further business, Mayor Cavanagh declared the meeting adjourned at 6:17 p.m.

**CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
REGULAR SESSION
OFFICIAL**

The Dubuque City Council met in regular session at 6:30 p.m. on February 6, 2023, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen, City Attorney Brumwell.

Mayor Cavanagh read the call and stated this is a regular session of the City Council called for the purpose of conducting such business that may properly come before the City Council.

PLEDGE OF ALLEGIANCE

PRESENTATIONS

1. COVID-19 Update: Public Health Director Mary Rose Corrigan provided an update on the COVID-19 pandemic and response activities.

PROCLAMATION(S)

1. Kiwanis Club of Dubuque 103rd Anniversary Week (February 12-18, 2023) was accepted by Nora McCarville on behalf of the Kiwanis Club of Dubuque.

CONSENT ITEMS

Council Member Wethal requested Item No. 11 be held for separate discussion. Council Member Roussell requested Item No. 5 be held for separate discussion. Motion by Resnick to receive and file the documents, adopt the resolutions, and dispose of as indicated, except for Items No. 5 and 11. Seconded by Farber. Motion carried 7-0.

1. Minutes and Reports Submitted: Airport Commission of 11/29/22; City Council Proceedings of 1/17/23; Civil Service Commission of 1/11/23; Long Range Planning Advisory Commission of 1/18/23; Proof of Publication for City Council Proceedings of 1/3/23. Upon motion the documents were received and filed.

2. Notice of Claims and Suits: Tara Behnke for vehicle damage; Dubuque County for personal injury/property damage; Gerardo Flores for property damage; Richard and Julie Hardorff for property damage; Lindsey Hoyne for

vehicle damage; Laura Knabel for personal injury/vehicle damage; Kelly Otting for personal injury/property damage; Brian Ward for personal injury. Upon motion the documents were received, filed, and referred to the City Attorney.

3. Disposition of Claims: City Attorney advised that the following claims have been referred to Public Entity Risk Services of Iowa, the agent for the Iowa Communities Assurance Pool: Tara Behnke for vehicle damage; Dubuque County for personal injury/property damage; Gerardo Flores for property damage; Richard and Julie Hardorff for property damage; Lindsey Hoyne for vehicle damage; Laura Knabel for vehicle damage and personal injury; Mark Laird for vehicle damage; Kelly Otting for personal injury/property damage; Brian Ward for personal injury. Upon motion the documents were received, filed, and concurred.

4. Approval of City Expenditures: Upon motion the documents were received and filed, and Resolution No. 21-23 Authorizing the Director of Finance and Budget/City Treasurer to make certain payments of bills that must be paid and approved for payment in accordance with City procedures was adopted.

**RESOLUTION NO. 21-23
AUTHORIZING THE DIRECTOR OF FINANCE AND BUDGET / CITY TREASURER TO MAKE CERTAIN PAYMENTS OF BILLS THAT MUST BE PAID AND APPROVED FOR PAYMENT IN ACCORDANCE WITH CITY PROCEDURES**

Whereas, Section 1-7-7(E) of the Municipal Code of the City of Dubuque provides that the Finance Director-City Treasurer shall keep an accurate account of all disbursements, money, or property, specifying date, to whom, and from what fund paid; and

Whereas, the invoices, presented by those firms and persons providing such goods and services have been pre-audited by Finance Department personnel in accordance with generally accepted internal control procedures and have been determined to have been requisitioned for a lawful municipal purpose; and

Whereas, the Finance Director-City Treasurer has provided a list of Expenditures [provided] hereto, and by this reference made a part hereof, to be drawn to pay for goods and services provided for City purposes; and

Whereas, the City Council of the City of Dubuque has heretofore, by Resolution 142-18 adopted May 7, 2018, authorized the Finance Director-City Treasurer to issue checks in payment of certain expenditures known as Exception Expenditures prior to City Council approval and such list is [provided] hereto.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The Finance Director-City Treasurer is hereby authorized to issue payment for goods and services provided for City purposes in response to the purchase orders and contracts issued in compliance with state and municipal code requirements as requested by designated requisitioning authorities in accordance with approved budget appropriations.

Section 2. In accordance with Iowa Code Section 372.13(6), the City Clerk and Finance Director are hereby authorized and directed to provide the statement of receipts and disbursements to the City Council, and to publish a summary thereof.

Passed, approved, and adopted this 6th day of February, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

5. Council Member Susan R. Farber Appointment to National League of Cities' Information Technology and Communications Committee: City Council Members congratulated Council Member Farber on her committee appointment. Motion by Roussell to receive and file the documents. Seconded by Resnick. Motion carried 7-0.

6. City of Dubuque Named a Best-in-Class Employer: Upon motion the documents were received and filed.

7. 2023 Federal Legislative Priorities: Upon motion the documents were received, filed, and approved.

8. Map of Iowa Population by County – 2021: Upon motion the documents were received and filed.

9. "How to Avoid Right of Way Violation Charges" Public Works Flyer: Upon motion the documents were received and filed.

10. Second Amendment to Grant Agreement between the City of Dubuque, Iowa and Dub Jones Real Estate, LLC for the Redevelopment of 2900 Central Avenue: Upon motion the documents were received and filed, and Resolution No. 22-23 Approving the Second Amendment to Grant Agreement between the City of Dubuque, Iowa and Dub Jones Real Estate, LLC was adopted.

**RESOLUTION NO. 22-23
APPROVING THE SECOND AMENDMENT
TO GRANT AGREEMENT BETWEEN THE
CITY OF DUBUQUE, IOWA AND DUB
JONES REAL ESTATE, LLC**

Whereas, the City of Dubuque (City) and

Dub Jones Real Estate, LLC (Grant Recipient) previously entered into a Grant Agreement dated September 21, 2021, as amended, for the redevelopment of 2900 Central Avenue in the City of Dubuque, Iowa (the Project); and

Whereas, City and Grant Recipient desire to further amend the Grant Agreement as set forth in the [provided] Second Amendment to Grant Agreement.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the Second Amendment to Grant Agreement between the City of Dubuque, Iowa and Dub Jones Real Estate, LLC, a copy of which is [provided] hereto, is hereby approved.

Section 2. That the Mayor is hereby authorized and directed to execute the Second Amendment to Grant Agreement on behalf of the City of Dubuque and the City Clerk is authorized and directed to attest to his signature.

Section 3. That the City Manager is authorized to take such actions as are necessary to comply with the terms of the Second Amendment to Grant Agreement as herein approved.

Passed, approved, and adopted this 6th day of February, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

11. Amendment to Contracted Services Agreement – Greater Dubuque Development Corporation: Council Member Wethal announced she would abstain from voting on this item due to her father serving as President and CEO of Greater Dubuque Development Corporation. Motion by Jones to receive and file the documents and approve the agreement. Seconded by Sprank. Motion carried 6-0 with abstention from Wethal.

12. 2023 – Q1 Update on Childcare Challenges and Collaborations: Upon motion the documents were received and filed.

13. Intent to Apply for Bloomberg Philanthropies' Public Art Challenge: Upon motion the documents were received, filed, and approved.

14. Water Main Extension to Tamarack Park (Phase 2) Amendment to change date of project completion: Upon motion the documents were received, filed, and approved.

15. New Hazardous Materials Command Vehicle: Upon motion the documents were received and filed.

16. 2023 Asphalt Overlay Curb Ramp Project 1: Upon motion the documents were received, filed, and made a matter of record.

17. Mystique Ice Arena: Becker Arena Products - Dasher Board and Shielding System Project - Acceptance of Equipment, Goods, and Services Contract: Upon motion the documents were received and filed, and Resolution No. 23-23 Accepting the Mystique Ice Arena Dasher Board and Shielding System Project and authorizing the payment to the vendor / service provider was adopted.

**RESOLUTION NO. 23-23
ACCEPTING THE MYSTIQUE ICE ARENA
DASHER BOARD AND SHIELDING SYSTEM
PROJECT AND AUTHORIZING THE PAY-
MENT TO THE VENDOR / SERVICE PRO-
VIDER**

Whereas, the Equipment, Goods, and Services Contract for the Mystique Ice Arena Dasher Board and Shielding System Project (the Project) has been completed by Becker Arena Products, Inc., (Vendor / Service Provider), and the City Engineer has examined the work and recommends that the Project be accepted; and

Whereas, the final contract amount for the Project is \$332,998.00; and

Whereas, Becker Arena Products, Inc. has previously been paid \$316,348.10, leaving a balance of \$16,649.90; and

Whereas, the City Council finds that the recommendation of the City Engineer should be accepted.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The recommendation of the City Engineer is approved, and the Project is hereby accepted.

Section 2. The Finance Director is hereby directed to pay to Becker Arena Products, Inc. the balance of the retainage of \$16,649.90 as provided in Iowa Code chapter 573, and to pay such retainage in accordance with the provisions of Iowa Code chapter 573 or Iowa Code chapter 26.13.

Passed, approved, and adopted this 6th day of February 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

18. Mystique Ice Arena Construction Site Cleanup: Acceptance of Public Improvement Construction Contract: Upon motion the documents were received and filed, and Resolution No. 24-23 Accepting the Mystique Ice Arena Construction Site Cleanup was adopted.

**RESOLUTION NO. 24-23
ACCEPTING THE MYSTIQUE ICE ARENA
CONSTRUCTION SITE CLEANUP**

Whereas, the public improvement contract for the Mystique Ice Arena Construction Site Cleanup (the Project) has been completed by

the Contractor, All Clear, Inc., (Contractor), and the City Engineer has examined the work and recommends that the Project be accepted; and

Whereas, the final contract amount for the Project is \$23,830.96; and

Whereas, the Contractor has previously been paid \$22,639.41, leaving a balance of \$1,191.55; and

Whereas, the City Council finds that the recommendation of the City Engineer should be accepted.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The recommendation of the City Engineer is approved, and the Project is hereby accepted.

Section 2. The Finance Director is hereby directed to pay to the Contractor the balance of the retainage of \$1,191.55 as provided in Iowa Code chapter 573, and to pay such retainage in accordance with the provisions of Iowa Code chapter 573 or Iowa Code chapter 26.13.

Passed, approved, and adopted this 6th day of February 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

19. Mechanical Electrical and Plumbing (MEP) Systems Assessment and Design Project – Request to Distribute a Request for Qualifications (RFQ) and Create an RFQ Review Committee: Upon motion the documents were received, filed, and approved.

20. Stoneman Road Right of Way Platting and Dedication - Hills and Dales Child Development Center property in Dubuque, Iowa as part of the Stoneman Road Reconstruction Project: Upon motion the documents were received and filed, and Resolution No. 25-23 Approving the Acquisition Plat of Lot 2-2-1-2-1-2-2-2-2-A of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa was adopted.

**RESOLUTION NO. 25-23
APPROVING THE ACQUISITION PLAT OF
LOT 2-2-1-2-1-2-2-2-2-A OF THE NORTH-
EAST QUARTER OF THE NORTHEAST
QUARTER OF SECTION 28, T89N, R2E OF
THE 5TH P.M., IN THE CITY OF DUBUQUE,
IOWA**

Whereas, there has been presented to the City Council of the City of Dubuque, Iowa, an Acquisition Plat dated January 10, 2023 prepared by the City of Dubuque Engineering Department describing Lot 2-2-1-2-1-2-2-2-2-A of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa; and

Whereas, said plat conforms to the laws and statutes pertaining thereto; and

Whereas, upon said plat appears Lot 2-2-1-2-1-2-2-2-2-A, which Hills and Dales Child Development Center, by said plat has dedicated to the public forever.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the plat dated January 10, 2023, prepared by the City of Dubuque Engineering Department, relative to the real estate hereinabove described be and the same is hereby approved, and the Mayor and City Clerk be and they are hereby authorized and directed to execute said plat and on behalf of the City of Dubuque, Iowa.

Section 2. That the dedication of Lot 2-2-1-2-1-2-2-2-2-A of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa, for street Right of Way and public utility purposes, as it appears on said Acquisition Plat, be and the same are hereby accepted.

Section 3. That the City Clerk be and is hereby authorized and directed to file said plat and certified copy of this resolution in the office of the Recorder, in and for Dubuque County, Iowa.

Passed, approved, and adopted this 6th day of February, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breifelder, City Clerk

21. Acceptance of a Grant of Easement for Public Utilities over Hills and Dales Child Development Center property in Dubuque, Iowa as part of the Stoneman Road Reconstruction Project: Upon motion the documents were received and filed, and Resolution No. 26-23 Accepting a Grant of Easement for public utilities through, over and across part of Lot 2- 2-1-2-1-2-2-2-2-2 of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa was adopted.

**RESOLUTION NO. 26-23
ACCEPTING A GRANT OF EASEMENT FOR
PUBLIC UTILITIES THROUGH, OVER AND
ACROSS PART OF LOT 2-2-1-2-1-2-2-2-2-2
OF THE NORTHEAST QUARTER OF THE
NORTHEAST QUARTER OF SECTION 28,
T89N, R2E OF THE 5TH P.M., IN THE CITY OF
DUBUQUE, IOWA**

Whereas, Hills and Dales Child Development Center has executed a Grant of Easement for Public Utilities through, over and across part of Lot 2-2-1-2-1-2-2-2-2-2 of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The City Council of the City of Dubuque, Iowa, hereby approves of, accepts and consents to the Grant of Easement for Public Utilities through, over and across part of Lot 2-2-1-2-1-2-2-2-2-2 of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa, as shown on the Grant of Easement for Public Utilities, from Hills and Dales Child Development Center, a copy of which is [provided] hereto.

Section 2. The Mayor is hereby authorized and directed to execute and acknowledge on behalf of the City of Dubuque any instruments in connection herewith.

Section 3. The City Clerk is hereby authorized to and directed to record this resolution and Grant of Easement for Public Utilities with the Dubuque County Recorder.

Passed, approved, and adopted this 6th day of February, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breifelder, City Clerk

22. Proceedings for final action on the Issuance of Not to Exceed \$1,950,000, Sanitary Sewer Revenue Capital Loan Notes (State of Iowa – Water Quality Financing Program): Upon motion the documents were received and filed, and Resolution No. 27-23 Authorizing and providing for the issuance and securing the payment of \$1,950,000 Taxable Sewer Revenue Capital Loan Notes, Series 2023A by the City of Dubuque, Iowa under the provisions of Chapter 384 of the Code of Iowa, providing for a method of payment thereof, approving the Loan and Disbursement Agreement and other related matters was adopted.

**RESOLUTION NO. 27-23
SERIES RESOLUTION AUTHORIZING AND
PROVIDING FOR THE ISSUANCE AND SE-
CURING THE PAYMENT OF \$1,950,000
TAXABLE SEWER REVENUE CAPITAL
LOAN NOTES, SERIES 2023A BY THE CITY
OF DUBUQUE, IOWA UNDER THE PROVI-
SIONS OF CHAPTER 384 OF THE CODE OF
IOWA, PROVIDING FOR A METHOD OF
PAYMENT THEREOF, APPROVING THE
LOAN AND DISBURSEMENT AGREEMENT
AND OTHER RELATED MATTERS**

Whereas, the City Council of the City of Dubuque, Iowa (the "City") has heretofore established charges, rates and rentals for services which are and will continue to be collected as system revenues of the Municipal Sewer System, and said revenues are available for the payment of sewer revenue bonds or notes, subject to the following premises; and

Whereas, by Resolution No. 437-08 passed and approved on December 15, 2008 (the "Master Resolution"), the City Council heretofore authorized the issuance of \$2,000,000 Taxable Sewer Revenue Capital Loan Notes, Series 2009A, for the purpose of financing the construction of the Series 2009A Project described therein, and to pay related costs of issuance; and

Whereas, Issuer proposes to issue its Taxable Sewer Revenue Capital Loan Notes, Series 2023A, to the extent of \$1,950,000, for the purpose of defraying the costs of the Series 2023A Projects as set forth in Section 1.1 of this Resolution; and, it is deemed necessary and advisable and in the best interests of the City that a form of Loan and Disbursement Agreement by and between the City and the Iowa Finance Authority, be approved and authorized; and

Whereas, notice of the intention of the City Council to take action for the issuance of not to exceed \$1,950,000 Taxable Sewer Revenue Capital Loan Notes (the "Series 2023A Notes") has heretofore been duly published and no objections to such proposed action have been filed, and the City therefore deems it desirable to enter into a Loan and Disbursement Agreement and issue the Notes; and

Whereas, Section 8.3 of the Master Resolution authorizes the issuance of additional Senior Bonds, including Senior SRF Bonds, by the City from time to time, if all of the conditions set forth therein are satisfied; and

Whereas, for purposes of this issuance, the issuance of the Series 2023A Notes shall be deemed to be "Senior SRF Bonds" despite being issued to the Iowa Finance Authority under the Water Quality Financing Program; and

Whereas, the Council has determined to issue additional Senior SRF Bonds, and has determined that, upon passage of this Series Resolution all of the requirements of Article VIII of the Master Resolution with respect to the issuance of additional Senior SRF Bonds will have been satisfied.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IN THE COUNTY OF DUBUQUE, STATE OF IOWA:

ARTICLE I - DEFINITIONS

Section 1.1. Definitions. Except as otherwise provided below in this Article I, all words and terms defined in Article I of the Master Resolution shall have the same meanings in this Series Resolution as such defined words and terms are given in Article I of the Master Resolution. In addition, the following terms shall have the following meanings in this Series Resolution unless the text expressly or by necessary implication requires otherwise:

Additional Bonds shall mean any sewer revenue bonds or notes or other

obligations issued on a parity with the Notes in accordance with the provisions of Section 23 hereof. Provided, however, Additional Bonds which are SRF Obligations shall not be secured by the Reserve Fund and shall not be subject to the Reserve Fund Requirement.

Agreement shall mean Loan and Disbursement Agreement dated as of the Closing between the City and the Original Purchaser relating to the Loan made to the City under the Program.

City or Issuer shall mean the City of Dubuque, Iowa.

Closing shall mean the date of execution of the Agreement and delivery of the Series 2023A Notes to the Original Purchaser and the funding of the Loan.

Loan shall mean the total principal amount allocated by the Original Purchaser to the City under the Program, equal in amount to the aggregate principal amount of the Series 2023A Notes.

Master Resolution means the City Council Resolution No. 437-08, passed and approved on December 15, 2008, entitled Master Resolution relating to the issuance of Sewer Revenue Bonds by the City of Dubuque, Iowa under the provisions of Chapter 384 of the Code of Iowa, authorizing and providing for the issuance and securing the payment of \$2,000,000 Taxable Sewer Revenue Capital Loan Notes, Series 2009A, providing for a method of payment thereof, and related matters, as the same may be amended from time to time.

Original Purchaser means the Iowa Finance Authority, as the purchaser of the Series 2023A Notes from the City at the time of their original issuance.

Program shall mean the Iowa Water Quality Financing Program administered by the Original Purchaser.

Series 2023A Notes means the \$1,950,000 Taxable Sewer Revenue Capital Loan Notes, Series 2023A, dated the date of delivery, authorized to be issued pursuant to this Series Resolution.

Series 2023A Costs of Issuance Account means the account by that name within the Project Fund established in Section 5.1 of the Master Resolution.

Series 2023A Projects shall mean the Projects being financed with the proceeds of the Series 2023A Notes, consisting of costs of the acquisition, construction, reconstruction, extending, remodeling, improving, repairing and equipping all or part of the Municipal Sewer Utility, including those costs associated with force main stabilization improvements, as described generally in the Agreement and

more particularly in the plans and specifications on file from time to time with the City Clerk.

Series 2023A Projects Account means the account by that name within the Project Fund established in Section 5.1 of the Master Resolution.

Series Resolution means this Resolution of the Council.

ARTICLE II - THE SERIES 2023A Notes

Section 2.1. Series 2023A Notes - Authorization and Purpose. Pursuant to the provisions of the Master Resolution and in particular Section 8.3 thereof, there are hereby authorized to be issued, negotiable, serial, fully registered Taxable Sewer Revenue Capital Loan Notes, Series 2023A, in the aggregate principal amount of \$1,950,000, dated the date of delivery, for the purpose of constructing the Series 2023A Projects and paying Project Costs relating thereto, and to pay related Costs of Issuance. The Series 2023A Notes shall be issued as Senior SRF Bonds under the terms of the Master Resolution, shall be designated "City of Dubuque, Iowa, Taxable Sewer Revenue Capital Loan Notes, Series 2023A", for the purpose of paying costs of the Project. The Council, pursuant to Sections 384.24A and 384.83 of the Code of Iowa, hereby finds and determines that it is necessary and advisable to issue said Notes authorized by the Agreement and this Resolution.

The Series 2023A Notes and the Registrar's Certificate of Authentication shall be in substantially the form set forth in Exhibit A [provided] hereto, with such variations, omissions, substitutions, and insertions as are required or permitted by this Series Resolution.

The Series 2023A Notes shall be executed by the manual or facsimile signature of the Mayor and attested by the manual or facsimile signature of the City Clerk of the Council, and shall be fully registered as to both principal and interest as provided in this Series Resolution; principal, interest and premium, if any shall be payable at the office of the Paying Agent by mailing of a check, wire transfer or automated clearing house system transfer to the registered owner of the Series 2023A Notes. The Series 2023A Notes may be in the denomination of \$1,000 or multiples thereof and shall at the request of the Original Purchaser be initially issued a single note numbered R-1 in the amount of \$1,950,000.

Taxable Sewer Revenue Capital Loan Notes, Series 2023A, of the Issuer in the amount of \$1,950,000, shall be issued to evidence the obligations of the Issuer under the Agreement pursuant to the provisions of Sections 384.24A and 384.83 of the Code of Iowa for the aforesaid purpose.

The Series 2023A Notes shall be designated "Taxable Sewer Revenue Loan Note, Series 2023A", be dated the date of delivery, and bear interest at the rate of 1.00% per annum from the date of each advancement made under the Agreement, until payment thereof, at the office of the Paying Agent, said interest payable on June 1, 2023, and semi-annually thereafter on the 1st day of June and December in each year until maturity as set forth on the Debt Service Schedule [provided] to the Agreement as Exhibit A and incorporated herein by this reference. As set forth on said Debt Service Schedule, principal shall be payable on June 1, 2024 and annually thereafter on the 1st day of June in the amounts set forth therein until principal and interest are fully paid, except that the final installment of the entire balance of principal and interest, if not sooner paid, shall become due and payable on June 1, 2043. Notwithstanding the foregoing or any other provision hereof, principal and interest shall be payable as shown on said Debt Service Schedule until completion of the Project, at which time the final Debt Service Schedule shall be determined by the Original Purchaser based upon actual advancements, final costs, and completion of the Project, all as provided in the administrative rules governing the Program. Payment of principal and interest on the Notes shall at all times conform to said Debt Service Schedule and the rules of the Program.

In addition to the payment of principal of and interest on the Series 2023A Notes, the City also agrees to pay the origination fee as defined and in accordance with the terms of the Agreement.

Section 2.2. Issuance of Series 2023A Notes in Certificated Form. The Series 2023A Notes shall be issued as Bonds in Authorized Denominations and may at the request of the Original Purchaser be issued in the denomination of \$1,000 or multiples thereof, or as a single Series 2023A Note in the full authorized amount thereof and shall be registered in the name of the Original Purchaser.

Section 2.3. Appointment of Registrar. The Treasurer is hereby appointed as Registrar for the Series 2023A Notes under the terms of this Series Resolution.

Section 2.4. Execution, Authentication and Delivery of the Series 2023A Notes. Upon the adoption of this Series Resolution, the Mayor and City Clerk shall execute and deliver the Series 2023A Notes to the Registrar, who shall authenticate the same and deliver the same to or upon order of the Original Purchaser. No such Series 2023A Note shall be valid or obligatory for any purpose or shall be entitled to any right or benefit hereunder unless the Registrar

shall duly endorse and execute on such Series 2023A Note a Certificate of Authentication substantially in the form of the Certificate herein set forth. Such Certificate upon any such Series 2023A Note executed on behalf of the Issuer shall be conclusive evidence that the Series 2023A Note so authenticated has been duly issued under this Series Resolution and that the holder thereof is entitled to the benefits of this Series Resolution.

ARTICLE III - REDEMPTION OF BONDS

Section 3.1. Optional Redemption. The Series 2023A Notes are subject to optional redemption at a price of par plus accrued interest (i) on any interest payment date after the ten (10) year anniversary of the Agreement or (ii) in the event that all or substantially all of the Series 2023A Projects are damaged or destroyed. Any optional redemption of the Series 2023A Notes may be made from any funds regardless of source, in whole or from time to time in part, in inverse order of maturity, by giving not less than thirty (30) days' notice of redemption by certified or registered mail to the Original Purchaser (or any other registered owner of the Series 2023A Notes). The terms of redemption shall be par, plus accrued interest to date of call. The Series 2023A Notes are also subject to mandatory redemption as set forth in Section 6 of the Agreement.

ARTICLE IV - DELIVERY AND APPLICATION OF PROCEEDS

Section 4.1. Application of Series 2023A Note Proceeds. The Series 2023A Notes shall be delivered as provided in Sections 6.1 and 6.2 and the proceeds thereof shall be applied as follows:

- (i) An amount sufficient to pay the Costs of Issuance of the Series 2023A Notes shall be deposited into the Series 2023A Costs of Issuance Account.
- (ii) The balance of proceeds shall be deposited into the Series 2023A Projects Account of the Project Fund and applied thereafter to pay Project Costs of the Series 2023A Projects.

Section 4.2. No Adjustment to Debt Service Reserve Requirement. The Series 2023A Notes shall be issued as Senior SRF Bonds under the Master Resolution and shall not be secured by or payable from amounts held in the Debt Service Reserve Fund established in the Master Resolution. Upon issuance of the Series 2023A Notes, the amount to be accumulated and maintained in the Debt Service Reserve Fund, if any, shall not be increased, but shall continue to remain equal to 100% of the Debt Service Reserve Requirement computed on a basis which includes all Senior Bonds which will be Outstanding immediately after issuance of the Series 2023A Notes and which are not Senior SRF Bonds.

ARTICLE V - TAX PROVISIONS

Section 5.1. Taxable Note. The interest on the Series 2023A Notes is not excluded from gross income for federal income tax purposes under Section 103(a) of the Internal Revenue Code of 1986, as amended. The holders of the series 2023A notes should treat the interest thereon as subject to federal income taxation.

ARTICLE VI - MISCELLANEOUS PROVISIONS

Section 6.1. Delivery of Series 2023A Notes. The City shall deliver the executed Agreement and the Series 2023A Note to the Original Purchaser at the price of par on the date of Closing. Delivery of the executed Agreement and the Series 2023A Notes shall be made to the Original Purchaser as soon as practicable after the effective date of this Series Resolution.

Section 6.2. Approval of Agreement. The Agreement in substantially the form presented at this meeting of the Council is hereby authorized and approved, and the Mayor and City Clerk are authorized to execute and deliver the Agreement, with such changes therein as such officials deem appropriate, for and on behalf of the City, such officers' signatures thereon being conclusive evidence of such officials' and the City's approval thereof.

Section 6.3. General Authorization. From and after the date of adoption of this Series Resolution, the officers, employees, and agents of the City are hereby authorized to do all such acts and things and to execute and deliver any and all other documents, agreements, certificates, and instruments relating to the Series 2023A Notes, the investment of the proceeds thereof and the other transactions contemplated on the part of the City by this Series Resolution.

Section 6.4. Construction. Except to the extent set forth herein, all of the applicable terms, conditions, and provisions of the Master Resolution, as applicable to Senior SRF Bonds, shall be deemed and construed to apply to the Series 2023A Notes and are hereby incorporated by reference and made a part hereof to the same extent as if fully set forth herein. Except as may otherwise be provided herein, the Master Resolution shall remain in full force and effect.

Section 6.5. Severability. If any section, paragraph, or provision of this Series Resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions.

Section 6.6. Repeal of Conflicting Ordinances or Resolutions and Effective Date. All other ordinances, resolutions and orders, or parts thereof, in conflict with the provisions of this Series Resolution are, to the extent of such conflict, hereby repealed; and this Series

Resolution shall be in effect from and after its adoption.

Passed, and approved this 6th day of February, 2023.

23. Proposed Dark Fiber Licensing Authority for Interstate Power & Light/Alliant Energy: Upon motion the documents were received, filed, and approved.

24. Temporary Agreement Between the City of Dubuque and ITC Midwest, LLC to Operate an Electric Transmission System in the City of Dubuque: Upon motion the documents were received and filed, and Resolution No. 28-23 Approving an Agreement between the City of Dubuque and ITC Midwest, LLC to operate an Electric Transmission System in the City of Dubuque was adopted.

**RESOLUTION NO. 28-23
APPROVING AN AGREEMENT BETWEEN
THE CITY OF DUBUQUE AND ITC MID-
WEST, LLC TO OPERATE AN ELECTRIC
TRANSMISSION SYSTEM IN THE CITY OF
DUBUQUE**

Whereas, the City of Dubuque, Iowa (City) and ITC Midwest, LLC (ITC Midwest) have tentatively entered into an Agreement for the operation of an electric transmission system in the City of Dubuque until such time as City and ITC Midwest finalize a franchise agreement to operate the system; and

Whereas, the City Council finds that it is in the best interests of the City of Dubuque to approve the Agreement.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The [provided] Agreement is hereby approved.

Section 2. The City Manager is authorized and directed to sign the Agreement on behalf of the City of Dubuque.

Passed, approved, and adopted this 6th day of February, 2023.

Brad M. Cavanagh, Mayor

Attest: Adrienne N. Breifelder, City Clerk

25. Award of Calendar Year 2023 Family Self Sufficiency Coordinator Grant: Upon motion the documents were received and filed, and Resolution No. 29-23 Authorizing the Director of Housing and Community Development to execute the Acceptance of the Notice of Award for the HUD Family Self-Sufficiency Program Grant was adopted.

**RESOLUTION NO. 29-23
AUTHORIZING THE DIRECTOR OF HOUS-
ING AND COMMUNITY DEVELOPMENT TO**

**EXECUTE THE ACCEPTANCE OF THE NO-
TICE OF AWARD FOR THE HUD FAMILY
SELF-SUFFICIENCY PROGRAM GRANT**

Whereas, the U.S. Department of Housing and Urban Development has published a Notice of Funding Availability (NOFA) for the Family Self-Sufficiency Program to be utilized for the salaries of program coordinators combining the funding for the FSS coordinators that serve Housing Choice Voucher (HCV) participants and/or Public Housing (PH) participants for Calendar Year 2023; and

Whereas, the City of Dubuque has administered Project Self-Sufficiency since September 1987 that became the Family Self-Sufficiency (FSS) Program in July 1994; and

Whereas, the City of Dubuque has received funding for an FSS coordinator continuously from 1994 thru 2019, 2021 and 2022, and

Whereas, the City of Dubuque proposes to continue administering the FSS program.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1: That the Director of Housing and Community Development is hereby authorized and directed to execute the Notice of Award (HUD Form 1044) for the HUD FSS program grant.

Section 2: That the Director of Housing & Community Development is hereby authorized and directed to forward said grant award and resulting standard executed contract to the respective agencies in a timely fashion and as required by the U. S. Department of Housing and Urban Development.

Passed, approved, and adopted this 6th day of February 2023.

26. Adoption of Supplement Number 2023 S-9 to the City of Dubuque Code of Ordinances: Upon motion the documents were received and filed, and Resolution No. 30-23 Adopting Supplement No. 2023 S-9 to the Code of Ordinances of the City of Dubuque, Iowa was adopted.

**RESOLUTION NO. 30-23
ADOPTING SUPPLEMENT NO. 2023 S-9 TO
THE CODE OF ORDINANCES OF THE CITY
OF DUBUQUE, IOWA**

Whereas, under date of August 17, 2009, the City Council, pursuant to Ordinance No. 43-09, readopted the Code of Ordinances of the City of Dubuque, Iowa in its entirety; and

Whereas, since August 17, 2009, the City Council of the City of Dubuque, Iowa has adopted certain ordinances amending the Code of Ordinances and said amendments have been printed as supplements to the Code of Ordinance; and

Whereas, Section 380.8 of the Code of Iowa provides that supplements, by resolution, become part of the Code of Ordinance; and

Whereas, Code Supplements are prepared by the American Legal Publishing of Cincinnati, Ohio and filed in the Office of the City Clerk of the City of Dubuque Iowa.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE IOWA:

Section 1. That Supplement No. 2023 S-9 to the City of Dubuque Code of Ordinances, which codifies Ordinance Nos. 33-22 through 47-22 as approved by the City Council through December 19, 2022, is hereby adopted, and becomes part of the Code of Ordinances of the City of Dubuque, Iowa.

Passed, approved, and adopted this 6th day of February 2023.

ITEMS SET FOR PUBLIC HEARING

1. Set Public Hearing for Resolution Establishing Maximum Property Tax Dollars for Fiscal Year 2024: Motion by Roussell to receive and file the documents, listen to the presentation, and set the maximum property tax rate. Seconded by Wethal. City Manager Van Milligen summarized his recommendation for the Fiscal Year 2024 maximum property tax dollars. Responding to a question from the City Council, City Manager Van Milligen stated that a main difference in this year's recommendation is the wage increases he is recommending for employees in alignment with City Council's priority of employee recruitment and retention. Chief Financial Officer Jenny Larson and City Attorney Brumwell confirmed that proposed rate increases should be specified in total dollar amount per guidance by the Iowa Department of Management. The City Council and City Manager Van Milligen discussed the City Council's approach in the previous year of increasing the maximum property tax dollars prior to the public hearing but not adopting the full increase in the budget. City Manager Van Milligen also summarized the State of Iowa's error in the state rollback factor, which will result in less money for local governments to correct the error. City Manager Van Milligen stated that the Fiscal Year 2024 recommended budget incorporates the City's anticipated reduction from the rollback. City Council Members discussed the various options for the maximum property tax dollars. City Attorney Brumwell confirmed that any increase above 2% would require a super majority vote to pass and advised that changing the maximum property tax dollars be a motion to amend the budget

year total tax levy. Responding to a question from the City Manager, Ms. Larson stated that the total tax levy listed in the memos includes the service levy. Motion amended by Farber to increase the recommended levy by \$225,000. Seconded by Roussell. Motion carried 5-2 with Resnick and Cavanagh voting nay.

The City Council then returned to the original motion, which carried 7-0.

Motion by Jones to receive and file the documents, adopt Resolution No. 32-23 Setting a Public Hearing on the Fiscal Year 2024 Maximum Property Tax Dollars for the affected tax levy total, and set the public hearing for February 20, 2023. Seconded by Sprank. Motion carried 7-0.

**RESOLUTION NO. 32-23
SETTING A PUBLIC HEARING ON THE FISCAL YEAR 2024 MAXIMUM PROPERTY TAX DOLLARS FOR THE AFFECTED TAX LEVY TOTAL**

Whereas, pursuant to State of Iowa SF634, the City of Dubuque is required to hold a public hearing to consider the proposed Fiscal Year 2024 city maximum property tax dollars for the affected levy total; and

Whereas, the notice of hearing must be published not less than 10 days and not more than 20 days prior to the date of the hearing; and

Whereas, at said hearing, the City Council is required to pass a resolution adopting the fiscal year maximum property tax dollars for the affected levy total.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The Dubuque City Council will conduct a public hearing on February 20, 2023 at 6:30 p.m. at City Council Chambers, 350 W 6th St. and virtually.

Section 2. The Chief Financial Officer is hereby directed to prepare a Resolution of Maximum Property Tax Dollars for the Affected Tax Levy Total with the required information pursuant to SF634.

Section 3. The City Clerk is hereby directed to publish the notice of public hearing pursuant to SF634.

Passed, adopted, and approved this 6th day of February 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

For the remaining items set for public hearing, motion by Roussell to receive and file the documents, adopt the resolutions, and set the public hearings as indicated. Seconded by Jones. Motion carried 7-0.

2. Resolution Setting a Public Hearing on a Proposed Development Agreement by and

between the City of Dubuque and Seippel Warehouse, LLC providing for the Sale of City-owned Real Estate to Seippel Warehouse, LLC and the Issuance of Urban Renewal Tax Increment Revenue Grant Obligations Pursuant to the Development Agreement: Upon motion the documents were received and filed and Resolution No. 33-23 Intent to dispose of an interest in City of Dubuque real estate by sale to Seippel Warehouse, LLC pursuant to a Development Agreement by and between the City of Dubuque and Seippel Warehouse, LLC and fixing the date for a public hearing of the City Council of the City of Dubuque, Iowa on the Development Agreement including the proposed issuance of Urban Renewal Tax Increment Revenue Grant Obligations to Seippel Warehouse, LLC and providing for the publication of notice thereof was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on February 20, 2023, in the Historic Federal Building.

**RESOLUTION NO. 33-23
INTENT TO DISPOSE OF AN INTEREST IN CITY OF DUBUQUE REAL ESTATE BY SALE TO SEIPPEL WAREHOUSE, LLC PURSUANT TO A DEVELOPMENT AGREEMENT BY AND BETWEEN THE CITY OF DUBUQUE AND SEIPPEL WAREHOUSE, LLC AND FIXING THE DATE FOR A PUBLIC HEARING OF THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA ON THE DEVELOPMENT AGREEMENT INCLUDING THE PROPOSED ISSUANCE OF URBAN RENEWAL TAX INCREMENT REVENUE GRANT OBLIGATIONS TO SEIPPEL WAREHOUSE, LLC AND PROVIDING FOR THE PUBLICATION OF NOTICE THEREOF**

Whereas, the City of Dubuque, Iowa (City) is the owner of the following described real property:

Lot 2 of Dubuque Industrial Center South First Addition, City of Dubuque, Iowa (the Property); and

Whereas, City and Seippel Warehouse, LLC have entered into a Development Agreement, subject to the approval of the City Council, pursuant to which City will convey the Property to Seippel Warehouse, LLC, which will construct on the Property certain Improvements described in the Development Agreement; and

Whereas, the City Council has tentatively determined that it would be in the best interests of City to approve the Development Agreement, including the conveyance of the Property to Seippel Warehouse, LLC; and

Whereas, the Development Agreement provides for the issuance by City of economic development grants to Seippel Warehouse, LLC, referred to therein as Urban Renewal Tax Increment Revenue Grant Obligations,

payable from the tax increment revenues collected in respect of the Improvements to be constructed by Seippel Warehouse, LLC in accordance with the Development Agreement, for the purpose of carrying out the objectives of an Urban Renewal Plan as hereinafter described; and

Whereas, before said obligations may be approved, Chapter 403 of the Code of Iowa requires that the City Clerk publish a notice of the proposal and of the time and place of the meeting at which the City Council proposes to take action thereon and at which meeting the City Council shall receive oral and/or written objections from any resident or property owner of said City to such proposed action.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The City of Dubuque intends to dispose of its interest in the foregoing-described Property by Deed to Seippel Warehouse, LLC pursuant to the proposed Development Agreement.

Section 2. The City Clerk is hereby authorized and directed to cause this Resolution and a notice to be published as prescribed by Iowa Code Section 364.7 of a public hearing on the City's intent to dispose of the foregoing-described Property, to be held on the 20th day of February, 2023 at 6:30 p.m. in the form [provided] hereto.

Section 3. The City Council will also meet at said time and place for the purpose of taking action on the matter of authorizing Urban Renewal Tax Increment Revenue obligations and the execution of the Development Agreement relating thereto with Seippel Warehouse, LLC, the proceeds of which obligations will be used to carry out certain of the special financing activities described in the Urban Renewal Plan for the Dubuque Industrial Center Economic Development District, consisting of the funding of economic development grants to Seippel Warehouse, LLC, pursuant to the Development Agreement under the terms and conditions of said Urban Renewal Plan. It is expected that the aggregate amount of the Tax Increment Revenue obligations will be approximately \$4,348,046.

Section 4. The City Clerk is hereby directed to cause at least one publication to be made of a notice of said meeting, in a newspaper, printed wholly in the English language, published at least once weekly, and having general circulation in said City, said publication to be not less than four days nor more than twenty days before the date of said meeting on the disposal of the City's interest in the Property and the issuance of said obligations.

Section 5. That the notice of the proposed action shall be in substantially the form [provided] hereto.

Passed, approved, and adopted this 6th day of February, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

3. Setting a Public Hearing for the Adoption of the Public Housing Authority Annual Plan for Fiscal Year 2024: Upon motion the documents were received and filed and Resolution No. 34-23 Setting a public hearing to review and approve the Public Housing Authority Fiscal Year 2024 Annual Plan was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on April 3, 2023, in the Historic Federal Building.

**RESOLUTION NO. 34-23
SETTING A PUBLIC HEARING TO REVIEW
AND APPROVE THE PUBLIC HOUSING AUTHORITY FISCAL YEAR 2024 ANNUAL PLAN**

Whereas, the City of Dubuque is designated as a Public Housing Authority; and

Whereas, the City of Dubuque maintains a creates a Public Housing Authority Annual Plan each fiscal year; and

Whereas, the Housing Commission held a public meeting to review the Annual Plan on January 31, 2023; and

Whereas, the City desires to hold a public hearing to receive comment on the proposed Public Housing Authority Fiscal Year 2024 Annual plan.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the City Council will meet in the Historic Federal Building, Council Chambers, 2nd Floor, 350 West 6th Street, Dubuque, Iowa at 6:30 p.m. on April 3, 2023, for the purpose of holding a public hearing and taking action to approve the Public Housing Authority Fiscal Year 2024 Annual Action Plan.

Section 2. That the City Clerk is hereby authorized and directed to publish a notice of such public hearing and the City Council's intent to review and approve the Public Housing Authority Fiscal Year 2024 Annual Plan.

Passed, approved, and adopted this 6th day of February 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

BOARDS/COMMISSIONS

Applications were reviewed for the following Boards and Commissions. Applicants were invited to address the City Council regarding their desire to serve on the following Boards/Commissions.

1. Zoning Board of Adjustments: One, 5-Year term through March 25, 2027 (Vacant term of Golombeski). Applicant: Rena Stierman, 390 Moore Heights. This commission is subject to the State of Iowa Gender Balance Law, §69.16A. 5 Commissioners total; currently 3 males/1 female/ 1 opening. City Clerk Breitfelder stated that Ms. Stierman submitted written input to the City Council in support of her application.

Appointments were made to the following boards/commissions.

1. Civic Center Advisory Commission: One, 3-Year term through June 29, 2024 (Vacant term of Daugherty). Applicants: Jesse Gavin, 1120 Main St.; Peter Gaul, 2311 Central Ave.; Danielle Jacobs, 3130 Shiras Ave. Upon roll call vote, Mr. Gavin was appointed to the three-year term through June 29, 2024. Mr. Gaul received one vote (Resnick), Ms. Jacobs received two votes (Sprank and Cavanagh), and Mr. Gavin received the remaining four votes.

2. Community Development Advisory Commission: Two, 3-Year terms through February 15, 2026 (Expiring Low/Moderate Income term of Fox and At-Large term of Mozena). Applicants: Kelly Fox, 838 Althausen St. - Qualifies as Low/Moderate Income Rep. and At-Large; Gabriel Mozena, 196 Bluff St. - Qualifies as At-Large. Motion by Jones to appoint Ms. Fox to the Low/Moderate Income three-year term through February 15, 2026, and Mr. Mozena to the At-Large three-year term through February 15, 2026. Seconded by Sprank. Motion carried 7-0.

3. Housing Commission: Two, 3-Year terms through August 17, 2024 (Vacant At-Large term of Weitz and Vacant Section 8 Term of Turpin). Applicants: Ross Janes, 2741 Muscatine St. - Qualifies as At-Large; Calvin Jones, 522 Rhomberg Ave. - Qualifies as At-Large and Section 8 Rep. (Additional Applicant); Julietta Scott, 2455 Woodlawn St. - Qualifies as At-Large (Additional Applicant). Upon roll call vote, Mr. Jones was appointed to the Section 8 three-year term through August 17, 2024, and Mr. Janes was appointed to the At-Large three-year term through August 17, 2024. Mr. Jones received all seven votes for the Section 8 term. Regarding the At-Large term, Ms. Scott received three votes (Sprank, Wethal, Resnick), and Mr. Janes received the remaining four votes.

PUBLIC HEARINGS

1. Resolution of Adoption for the Proposed Urban Renewal Plan for the Twin Valley Urban Renewal Area: Motion by Jones to receive and

file the documents and adopt Resolution No. 35-23 Approving an Urban Renewal Plan for the Twin Valley Urban Renewal Area. Seconded by Resnick. Motion carried 7-0.

RESOLUTION NO. 35-23 APPROVING AN URBAN RENEWAL PLAN FOR THE TWIN VALLEY URBAN RENEWAL AREA

Whereas, by Resolution 393-22 on December 19, 2022, the City Council of the City of Dubuque, Iowa authorized the preparation of an Urban Renewal Plan for the Twin Valley Urban Renewal Area (the "District"); and

Whereas, the City of Dubuque's primary objective for the Urban Renewal Plan is to provide opportunities which will further economic development purposes and objectives in the District; and

Whereas, a consultation process has been undertaken with affected taxing entities in accordance with Chapter 403 of the Code of Iowa with no written objections or recommended changes to the Urban Renewal Plan received; and

Whereas, the City Council, in accordance with Chapter 403 of the Code of Iowa, has held a public hearing on the proposed Urban Renewal Plan.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the Urban Renewal Plan for the Twin Valley Urban Renewal Area, on file in the City Clerk's Office and made reference to herein, is hereby approved.

Section 2. That the City Clerk of the City of Dubuque, Iowa is hereby authorized and directed to file a certified copy of this Resolution in the office of the Dubuque County Auditor.

Passed, approved, and adopted this 6th day of February, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

2. Resolution Approving a Proposed Development Agreement by and between the City of Dubuque, Iowa, and Switch Development, LLC for the Issuance of Urban Renewal Tax Increment Revenue Grant Obligations Pursuant to the Development Agreement: Motion by Rousell to receive and file the documents and adopt Resolution No. 36-23 Approving a Development Agreement by and between the City of Dubuque and Switch Development, LLC, including the issuance of Urban Renewal Tax Increment Revenue Grant Obligations to Switch Development, LLC. Seconded by Farber. Motion carried 7-0.

**RESOLUTION NO. 36-23
APPROVING A DEVELOPMENT AGREEMENT BY AND BETWEEN THE CITY OF DUBUQUE AND SWITCH DEVELOPMENT, LLC, INCLUDING THE ISSUANCE OF URBAN RENEWAL TAX INCREMENT REVENUE GRANT OBLIGATIONS TO SWITCH DEVELOPMENT, LLC**

Whereas, Switch Development, LLC, as Developer, is the owner of the following described real property:

Lot 2 of Switch Development at JFK No. 1, in the City of Dubuque, Iowa, according to the recorded Plat thereof according to the Plat recorded as Instrument No. 2021-15183, records of Dubuque County, Iowa (the Property); and

Whereas, the City Council, by Resolution No. 18-23, dated January 17, 2023, declared its intent to enter into a Development Agreement by and between the City of Dubuque and Switch Development, LLC, including the issuance of Urban Renewal Tax Increment Revenue Obligations; and

Whereas, pursuant to published notice, a public hearing was held on the proposed Development Agreement on February 6, 2023 at 6:30 p.m.; and

Whereas, it is the determination of the City Council that approval of the Development Agreement for development of the Property by Switch Development, LLC, according to the terms and conditions set out in the Development Agreement, including the issuance of Urban Renewal Tax Increment Revenue Obligations, is in the public interest of the City of Dubuque.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the Development Agreement by and between the City of Dubuque and Switch Development, LLC, a copy of which is [provided] hereto, including the issuance of Urban Renewal Tax Increment Revenue Obligations, is hereby approved.

Section 2. That the Mayor is hereby authorized and directed to execute the Development Agreement on behalf of the City of Dubuque and the City Clerk is authorized and directed to attest to his signature.

Section 3. That the City Manager is authorized to take such actions as are necessary to comply with the terms of the Development Agreement as herein approved.

Passed, approved, and adopted this 6th day of February, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

PUBLIC INPUT

Regarding Action Item No. 3, Rob McDonald, 3399 Eagle Point Dr.; Tom Kedzie, 1810 Amella Dr.; and Neil Henson, 350 W. 6th St. No. 11, spoke in opposition to automated speed cameras. Paul Uzel, 61 N. Algona, spoke in support of Action Item No. 3. Ryan Sempf of the Dubuque Area Chamber of Commerce, 300 Main St., requested the City Council delay Action Item No. 3 so the organization can obtain feedback on the proposal from the business community.

City Clerk Breitfelder stated that written input was received regarding Action Item No. 3 from the following individuals: Paul Kern; Terry Mozena, 196 Bluff St.; Frank Belcastro; Paul Hemmer, 2375 Simpson St.; Tim and Amanda Powers, 255 Southgate Dr.; Rob McDonald; Jamie Carr, 945 Clarke Dr.; Keith Wolff, 3188 Highland Park Dr.; and Randy Hefel.

ACTION ITEMS

1. Dubuque Police Department Awards and Recognition Program: Motion by Jones to receive and file the documents and listen to the presentation. Seconded by Sprank. Police Chief Jeremy Jensen introduced Police Lieutenant Brendan Welsh, who made a presentation on the Dubuque Police Department Awards and Recognition Program. City Council Members commended the recognition program as an important opportunity to recognize police officers. Motion carried 7-0.

2. 2022 Police Recruiting, Hiring, and Retention: Motion by Jones to receive and file the documents and listen to the presentation. Seconded by Farber. Police Chief Jensen provided information on police department recruiting, hiring, and retention. Responding to questions from the City Council, Chief Jensen stated that he anticipates five upcoming retirements and that many challenges exist to the job that need to be addressed. City Council Members discussed the value of police officers and the importance of retention. Motion carried 7-0.

3. Automated Speed Cameras: Motion by Jones to receive and file the documents, listen to the presentation, and approve implementing automated speed cameras in the City of Dubuque. Seconded by Sprank. Police Chief Jensen made a presentation on automated speed cameras. Chief Jensen then introduced Dorian Grubaugh of Jenoptik who made a presentation on the technology of automated speed cameras. Responding to questions from the City Council, Chief Jensen summarized the process that occurs after fatal crashes, that public input would be incorporated in the

automated speed camera implementation process, and that various reporting options will be considered. Chief Jensen further stated that radar technology is a limited tool since it cannot cover all traffic lanes. Responding to a question regarding the Iowa legislature's previous interpretations on automated speed cameras and alternative measures to them, Chief Jensen stated he interprets police officers as an alternative measure to speed cameras. Responding to questions, Mr. Grubaugh stated that a revenue threshold for automated speed cameras does not exist, that the goal of automated speed cameras is about achieving the best value, that there is no minimum number of cameras required, and that the technology only registers license plates of vehicles classified as speeding. Mr. Grubaugh further stated that the average contact for automated speed cameras is five years, followed by automatic one-year renewals, and that contract language exists to address if automated speed cameras become illegal via state legislation. Responding to a question from the City Council, City Manager Van Milligen stated that tonight's recommendation is for City Council to continue the implementation process. Per that process, an ordinance would be drafted for the next City Council meeting, with City Council Members determining what requirements to include in the ordinance. After the ordinance follows the three-meeting procedure and is adopted, the City will issue a request for proposal (RFP) for the automated speed cameras. City Council Members discussed at length the importance of safety, the revenue collected from issuing tickets, and the process for considering this recommendation, with some City Council Members stating that additional time and more specific details to the recommendation were necessary. Motion carried 5-2 with Wethal and Resnick voting nay.

4. Teri Goodmann Appointment to National Capital Planning Commission: Motion by Farber to receive and file the documents. Seconded by Roussell. Motion carried 7-0.

5. Tax Increment Ordinance for the Twin Valley Urban Renewal Area: Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Roussell. Motion carried 7-0.

Motion by Jones for final consideration and passage of Ordinance No. 4-23 Providing that general property taxes levied and collected each year on all property located within the Twin Valley Urban Renewal Area of the City of Dubuque, County of Dubuque, State of Iowa, by and for the benefit of the State of Iowa, City

of Dubuque, County of Dubuque, Dubuque Community School District, and other taxing districts, be paid to a special fund for payment of principal and interest on loans, monies advanced to and indebtedness, including bonds issued or to be issued, incurred by said city in connection with the Twin Valley Urban Renewal Area Redevelopment Project. Seconded by Roussell. Motion carried 7-0.

ORDINANCE NO. 4-23

PROVIDING THAT GENERAL PROPERTY TAXES LEVIED AND COLLECTED EACH YEAR ON ALL PROPERTY LOCATED WITHIN THE TWIN VALLEY URBAN RENEWAL AREA OF THE CITY OF DUBUQUE, COUNTY OF DUBUQUE, STATE OF IOWA, BY AND FOR THE BENEFIT OF THE STATE OF IOWA, CITY OF DUBUQUE, COUNTY OF DUBUQUE, DUBUQUE COMMUNITY SCHOOL DISTRICT, AND OTHER TAXING DISTRICTS, BE PAID TO A SPECIAL FUND FOR PAYMENT OF PRINCIPAL AND INTEREST ON LOANS, MONIES ADVANCED TO AND INDEBTEDNESS, INCLUDING BONDS ISSUED OR TO BE ISSUED, INCURRED BY SAID CITY IN CONNECTION WITH THE TWIN VALLEY URBAN RENEWAL AREA REDEVELOPMENT PROJECT

Whereas, the City Council of the City of Dubuque, Iowa, after public notice and hearing as prescribed by law and pursuant to Resolution No. 35-23 adopted on February 6, 2023, adopted an Urban Renewal Plan for an urban renewal area known as the Twin Valley Urban Renewal Area (the "Project Area"), which Project Area includes the lots and parcels described in said Urban Renewal Plan; and

Whereas, expenditures and indebtedness are anticipated to be incurred in the future to finance urban renewal project activities carried out in furtherance of the foregoing Urban Renewal Plan; and

Whereas, the City Council desires to provide for the division of revenue from taxation in the Project Area in accordance with the provisions of Section 403.19 of the Code of Iowa, as amended; and

Whereas, the following enactment is necessary to accomplish the objectives described in the premises.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA, THAT:

Section 1: For purposes of this Ordinance, the following terms shall have the following meanings:

(a) Project Area shall mean that portion of the City of Dubuque, Iowa described in the Urban Renewal Plan for the Twin Valley Urban Renewal Area approved by Resolution No. 35-23 on February 6, 2023, which Project Area includes the lots and parcels

located within the area now legally described as follows:

Lot 2 of Southpark Addition No. 1, in the City of Dubuque Iowa; and

All of the right of way of Southpark Court as shown on the Final Plat of Southpark Addition No. 1, in the City of Dubuque Iowa; and

Lot 2-3-3 of Southpark Addition No. 1, in the City of Dubuque Iowa; and

Lot 1 of Southpark Addition No. 2, in the City of Dubuque Iowa; and

Lot 2 of Southpark Addition No. 2, in the City of Dubuque Iowa; and

Lot 1 and Lot 2 of Gudenkauf Place, in the City of Dubuque Iowa; and

All of the right of way of Twin Valley Drive lying between the southerly extension of the easterly line of Lot 1-3 of Southpark Addition No. 1 and the southerly extension of the easterly line of Lot 2 of Southpark Station No. 2, in the City of Dubuque, Iowa.

All in the City of Dubuque, Dubuque County, Iowa

Section 2: The taxes levied on the taxable property in the Project Area, legally described in Section 1 hereof, by and for the benefit of the State of Iowa, City of Dubuque, County of Dubuque, Dubuque Community School District, and all other taxing districts from and after the effective date of this Ordinance shall be divided as hereinafter in this Ordinance provided.

Section 3: That portion of the taxes which would be produced by the rate at which the tax is levied each year by or for each of the taxing districts taxing property in the Project Area upon the total sum of the assessed value of the taxable property in the Project Area, as shown on the assessment roll as of January 1 of the calendar year preceding the first calendar year in which the City of Dubuque certifies to the County Auditor the amount of loans, advances, indebtedness, or bonds payable from the division of property tax revenue described herein, shall be allocated to and when collected be paid into the fund for the respective taxing district as taxes by or for said taxing district into which all other property taxes are paid. The taxes so determined shall be referred herein as the "base period taxes" for such Project Area.

Section 4: That portion of the taxes each year in excess of the base period taxes for the Project Area, determined as provided in Section 3 of this Ordinance, shall be allocated to and when collected be paid into a special tax increment fund hereby established by the City of Dubuque to pay the principal of and interest on loans, monies advanced to, or indebtedness, whether funded, refunded, assumed or otherwise, including bonds issued under authority of Section 403.9 or Section 403.12 of

the Code of Iowa, incurred by the City of Dubuque, Iowa to finance or refinance, in whole or in part, urban renewal projects undertaken within the Project Area pursuant to the Urban Renewal Plan, except that taxes for the regular and voter-approved physical plant and equipment levy of a school district imposed pursuant to Section 298.2 and taxes for the instructional support program of a school district imposed pursuant to Section 257.19, but only to the extent authorized in Section 403.19(2), and taxes for the payment of bonds and interest of each taxing district and any other tax levy exceptions under Section 403.19 shall be collected against all taxable property within the Project Area without any limitation as hereinabove provided.

Section 5: Unless or until the total assessed valuation of the taxable property in the Project Area exceeds the total assessed value of the taxable property in said area as shown by the assessment roll referred to in Section 3 of this Ordinance, all of the taxes levied and collected upon the taxable property in the Project Area shall be paid into the funds for the respective taxing districts as taxes by or for the taxing districts in the same manner as all other property taxes.

Section 6: At such time as the loans, monies advanced, bonds and interest thereon and indebtedness of the City of Dubuque referred to in Section 4 hereof have been paid, all monies thereafter received from taxes upon the taxable property in the Project Area shall be paid into the funds for the respective taxing districts in the same manner as taxes on all other property.

Section 7. All ordinances or parts of ordinances in conflict with the provisions of this Ordinance are hereby repealed. The provisions of this Ordinance are intended and shall be construed so as to fully implement the provisions of Section 403.19 of the Code of Iowa, as amended, with respect to the division of taxes from property within the Project Area as described above. In the event that any provision of this Ordinance shall be determined to be contrary to law, it shall not affect other provisions or application of this Ordinance which shall at all times be construed to fully invoke the provisions of Section 403.19 of the Code of Iowa with reference to the Project Area and the territory contained therein.

Section 8: This Ordinance shall be in effect after its final passage, approval and publication as provided by law.

Passed and approved this 6th day of February, 2023.

/s/Brad M. Cavanagh, Mayor

6. National Endowment for the Arts (NEA) Local Arts Agency (LAA) American Rescue Plan Act (ARPA) Arts Operating Recovery Subgrant Funding Recommendation: Motion by Resnick to receive and file the documents and approve the funding recommendation from the Arts & Cultural Affairs Advisory Commission (Arts Commission) for awards to non-profit organizations through the NEA LAA ARPA-funded Arts Operating Recovery Subgrant program. Seconded by Sprank. Arts and Cultural Affairs Manager Jenni Petersen-Brant summarized the program. Motion carried 7-0.

7. Application Guidelines for the Creative Empowerment Subgranting Program funded by the National Endowment for the Arts American Rescue Plan Act: Motion by Resnick to receive and file the documents and approve the Creative Empowerment subgranting program administration materials. Seconded by Farber. Motion carried 7-0.

8. Proposed Amendment to Arts & Cultural Affairs Advisory Commission Ordinance Regarding Term Expirations: Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Wethal. City Council Members expressed support for the term changes. Motion carried 7-0.

Motion by Jones for final consideration and passage of Ordinance No. 5-23 Amending City of Dubuque Code of Ordinances Title 2 Boards and Commissions, Chapter 8 Arts and Cultural Affairs Advisory Commission, Section 2-8-7 Terms. Seconded by Wethal. Motion carried 7-0.

**ORDINANCE NO. 5-23
AMENDING CITY OF DUBUQUE CODE OF
ORDINANCES TITLE 2 BOARDS AND COM-
MISSIONS, CHAPTER 8 ARTS AND CUL-
TURAL AFFAIRS ADVISORY COMMISSION,
SECTION 2-8-7 TERMS**

Whereas, the Arts and Cultural Affairs Advisory Commission has seven (7) members who serve four-year terms; and

Whereas, three (3) members currently have terms which expire on June 30, 2024 and four (4) members currently have terms which expire June 30, 2025; and

Whereas, continuity is in the best interest of the Arts and Cultural Affairs Advisory Commission; and

Whereas, the Arts and Cultural Affairs Advisory Commission recommends that no more than three (3) members' terms expire each year; and

Whereas, the current member terms of the Commission expire as follows:

Name, Term Expires

Paula Neuhaus, 06/30/2024
Noelle Chesney, 06/30/2024
Thomas Robbins, 06/30/2024
Doug Donald, 06/30/2025
Shirley Davis-Orwoll, 06/30/2025
Nicholas Halder, 06/30/2025
Susan Riedel, 06/30/2025; and

Whereas, the Arts and Cultural Affairs Advisory Commission recommends that terms be adjusted to reflect expiration dates as follows:

Name, Change, Term Expires

Paula Neuhaus, No, 06/30/2024
Noelle Chesney, No, 06/30/2024
Thomas Robbins, Yes, 06/30/2025
Doug Donald, Yes, 06/30/2026
Shirley Davis-Orwoll, No, 06/30/2025
Nicholas Halder, No, 06/30/2025
Susan Riedel, Yes, 06/30/2026; and

Whereas, the City Council concurs with the recommendation of the Arts and Cultural Affairs Advisory Commission to adjust the members' terms.

NOW, THEREFORE, BE IT ORDAINED
BY THE CITY COUNCIL OF THE CITY OF
DUBUQUE, IOWA:

Section 1. Section 2-8-7 of the City of Dubuque Code of Ordinances is hereby amended to read as follows:

2-8-7: TERMS:

The term of office for commissioners is three (3) years or until such commissioner's successor is appointed and qualified.

The Arts and Cultural Affairs Commission terms shall expire as follows:

Name, Term Expires

Paula Neuhaus, 06/30/2024
Noelle Chesney, 06/30/2024
Thomas Robbins, 06/30/2025
Doug Donald, 06/30/2026
Shirley Davis-Orwoll, 06/30/2025
Nicholas Halder, 06/30/2025
Susan Riedel, 06/30/2026

Section 2. This ordinance shall take effect July 1, 2023.

Passed, approved, and adopted this 6th day of February, 2023.

/s/Brad M. Cavanagh, Mayor

9. Marketing and Staffing Update for Leisure Services Seasonal Employees: Motion by Rousell to receive and file the documents. Seconded by Resnick. City Council Members thanked City staff for their work on recruitment and shared that the City is hosting a Seasonal and Summer Job Fair at the Multicultural Family Center on February 8, 2023, from 5:30 p.m. to 7:30 p.m. Motion carried 7-0.

10. Water & Resource Recovery Center Odor Reduction Update: Motion by Resnick to receive and file the documents and listen to the presentation. Seconded by Farber. Water and Resource Recovery Manager William O'Brien provided an update on odor reduction efforts at the Water & Resource Recovery Center. Responding to questions from the City Council, Mr. O'Brien stated that more microbial action may occur in warmer weather and that hydrogen peroxide implementation can occur immediately, which is low-cost and efficient. City Council Members thanked Mr. O'Brien for the update and voiced their desire to accelerate the process of reducing and eliminating odors. Motion carried 7-0.

11. Update to the Administrative Plan for Assisted Housing Programs: Motion by Jones to receive and file the documents, listen to the presentation, and adopt Resolution No. 37-23 Approving the revision of the Public Housing Authority (PHA) Administrative Plan for the Housing Choice Voucher Program. Seconded by Roussell. Housing and Community Development Director Alexis Steger made a presentation on the updated Administrative Plan for the Public Housing Authority. Responding to questions from the City Council, Ms. Steger stated that her department has not received a response on the administrative plan from the United States Department of Housing and Urban Development (HUD) and that the city needs to spend its allocated funding. City Attorney Brumwell stated that the City is following the best guidance based on the available information. City Council Members suggested contacting HUD for an in-person meeting in March, as City Council Members will be taking trips to Washington, D.C. that month. City Manager Van Milligen stated that City staff will try to set up a meeting with HUD. Ms. Steger advised that the regional HUD office is in Kansas City, MO., and that City Council has the option to strike the residency preference from the plan but approve everything else. If City Council took that action, Ms. Steger could bring the residency preference back to the City Council later for approval. City Manager Van Milligen summarized the potential benefits of the local preference option. City Manager Van Milligen and Ms. Steger also spoke about the challenges of contractors and developers accepting housing choice vouchers. Motion carried 6-1 with Resnick voting nay.

**RESOLUTION NO. 37-23
APPROVING THE REVISION OF THE PUBLIC HOUSING AUTHORITY (PHA) ADMINISTRATIVE PLAN FOR THE HOUSING CHOICE VOUCHER PROGRAM**

Whereas, the City of Dubuque is designated as a Public Housing Authority; and

Whereas, the City of Dubuque maintains a comprehensive Public Housing Authority Administrative Plan; and

Whereas, the City of Dubuque desires to revise said Public Housing Authority Administrative Plan; and

Whereas, the Housing Commission held public meetings to review revisions of the plan in January and February 2023; and

Whereas, on January 31, 2023 the Housing Commission approved and recommended City Council adoption of the revised Administrative Plan; and

Whereas, the Resident Advisory Board convened on February 6, 2023, to review changes and accept the revised Administrative Plan; and

Whereas, the Housing & Community Development Department will submit the revised Administrative Plan to the U.S. Department of Housing & Urban Development for final approval, after City Council approval.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The Public Housing Authority (PHA) has revised the Administrative Plan for the Housing Choice Voucher Program and the City Council has approved all revisions to the Public Housing Authority Administrative Plan for the Housing Choice Voucher Program.

Section 2. The City Council has adopted the revision to the Public Housing Authority Administrative Plan for the Housing Choice Voucher Program.

Section 3. The Housing & Community Development Director is hereby directed to submit the revised Public Housing Authority Administrative plan to the U.S. Department of Urban Development as required.

Passed, approved, and adopted this 6th day of February 2023.

Brad M. Cavanagh, Mayor

CONSENT ITEMS

Motion by Resnick to receive and file the documents, adopt the resolutions, and dispose of as indicated. Seconded by Farber. Motion carried 7-0.

1. Minutes and Reports Submitted: City Council Proceedings of 1/30/23 and 2/6/23; Equity and Human Rights Commission of 8/8/22, 9/12/22, 11/14/22, and 12/12/22; Historic Preservation Commission of 1/19/23; Library Board of Trustees of 10/27/22, 11/16/22, and 12/15/22; Library Board of Trustees Update of 1/26/23; Zoning Advisory Commission of 2/1/23; Zoning Board of Adjustment of 1/26/23; Proof of publication for City Council Proceedings of 1/17/23 and 1/30/23. Upon motion the documents were received and filed.

2. Notice of Claims and Suits: Steven Grutmacher for mileage reimbursement; Michael Lange for vehicle damage; John Lockwood for vehicle damage.

Upon motion the documents were received, filed, and referred to the City Attorney.

3. Approval of City Expenditures: Upon motion the documents were received and filed, and Resolution No. 38-23 Authorizing the Director of Finance and Budget/City Treasurer to make certain payments of bills that must be paid and approved for payment in accordance with City procedures was adopted.

**RESOLUTION NO. 38-23
AUTHORIZING THE DIRECTOR OF FINANCE AND BUDGET / CITY TREASURER TO MAKE CERTAIN PAYMENTS OF BILLS THAT MUST BE PAID AND APPROVED FOR PAYMENT IN ACCORDANCE WITH CITY PROCEDURES**

Whereas, Section 1-7-7(E) of the Municipal Code of the City of Dubuque provides that the Finance Director-City Treasurer shall keep an accurate account of all disbursements, money, or property, specifying date, to whom, and from what fund paid; and

Whereas, the invoices, presented by those firms and persons providing such goods and services have been pre-audited by Finance Department personnel in accordance with generally accepted internal control procedures and have been determined to have been requisitioned for a lawful municipal purpose; and

Whereas, the Finance Director-City Treasurer has provided a list of Expenditures [provided] hereto, and by this reference made a part hereof, to be drawn to pay for goods and services provided for City purposes; and

Whereas, the City Council of the City of Dubuque has heretofore, by Resolution 142-18 adopted May 7, 2018, authorized the Finance Director-City Treasurer to issue checks in payment of certain expenditures known as Exception Expenditures prior to City Council approval and such list is [provided] hereto.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The Finance Director-City Treasurer is hereby authorized to issue payment for goods and services provided for City purposes in response to the purchase orders and contracts issued in compliance with state and municipal code requirements as requested by designated requisitioning authorities in accordance with approved budget appropriations.

Section 2. In accordance with Iowa Code Section 372.13(6), the City Clerk and Finance Director are hereby authorized and directed to provide the statement of receipts and disbursements to the City Council, and to publish a summary thereof.

Passed, approved, and adopted this 20th day of February, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

4. Authorized Depository Institutions: Upon motion the documents were received and filed, and Resolution No. 39-23 Naming Depositories was adopted.

**RESOLUTION NO. 39-23
RESOLUTION NAMING DEPOSITORIES**

Whereas, Chapter 12C.2 of the Code of Iowa states that the approval of a financial institution as a depository shall be by written resolution or order which shall be entered of record in the minutes of the approving board, and which shall distinctly name each depository approved, and specify the maximum amount which may be kept on deposit in each depository; and

Whereas, this procedure is required if a financial institution changes its name or home office location, if the maximum amount is changed, or if a financial institution is added or deleted.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the following financial institutions are approved to be depositories of the City of Dubuque, Iowa funds in conformance with all applicable provisions of the Iowa Code Chapter 12C.2

Section 2. The City Treasurer is hereby authorized to deposit City of Dubuque, Iowa funds in amounts not to exceed the maximum approved for each respective financial institution as set out below.

Depository Name, Location of Home Office,
Maximum Balance

MidWestOne Bank, Iowa City, Iowa,	\$60,000,000

5. 2022 Calendar year Certified Local Governments Annual Report and 2023 Historic Preservation Commission Annual Workplan: Upon motion the documents were received, filed, and approved.

6. Fiscal Year 2023 Certified Local Government Grant Agreements for Voelker Highlands Survey: Upon motion the documents were received and filed, and Resolution No. 40-23 Approving CLG Grant Agreement with the Iowa Department of Cultural Affairs for the Voelker Highlands Intensive Architectural Survey was adopted.

**RESOLUTION NO. 40-23
APPROVING CLG GRANT AGREEMENT
WITH THE IOWA DEPARTMENT OF CULTURAL AFFAIRS FOR THE VOELKER HIGHLANDS INTENSIVE ARCHITECTURAL SURVEY**

Whereas, the State Historical Society of Iowa (SHSI) under the Iowa Department of Cultural Affairs (IDCA) has allocated Certified Local Government Program (CLG) grant funds for projects that help to preserve, conserve, interpret, enhance, and educate the public about Iowa's historical assets; and

Whereas, the City of Dubuque has adopted the 2022 Historic Preservation Commission Workplan which includes the Voelker Highlands Intensive Architectural Survey in the goal: Surveys and Registration Projects; and

Whereas, this project helps support recommendations in the 2037 Imagine Dubuque Comprehensive Plan; and

Whereas, this project helps support recommendations in the 2016 Arts and Cultural Master Plan; and

Whereas, this project helps meet goals of the Dubuque City Council.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The Mayor is hereby authorized on behalf of the City of Dubuque to sign the FY 2023 CLG Grant Agreement with the Iowa Department of Cultural Affairs for the Voelker Highlands Intensive Architectural Survey.

Section 2. The Planning Services Manager is hereby authorized as the project manager for the CLG project.

Passed, approved, and adopted this 20th day of February 2023.

Brad M. Cavanagh, Mayor

9. Solar@Scale Letter of Support: Upon motion the documents were received, filed, and approved.

10. Signed Contract(s): Carrico Aquatic Resources, Inc. for the Sutton Pool Filter Replacement; McDermott Excavating for the Briarwood Subdivision Water Connection. Upon motion the documents were received and filed.

11. Improvement Contracts / Performance, Payment and Maintenance Bonds: Carrico Aquatic Resources for the Flora Pool Filter Tank & Recirculation Pump Replacement Project. Upon motion the documents were received, filed, and approved.

12. Chavenelle Road – NW Arterial to Radford Road Reconstruction Project: Upon motion the documents were received and filed, and Resolution No. 42-23 Accepting the Chavenelle Road – NW Arterial to Radford Road Reconstruction Project and authorizing the payment of the contract amount to the contractor and Resolution No. 43-23 Adopting the Final Assessment Schedule for the Chavenelle Road – NW Arterial to Radford Road Reconstruction Project were adopted.

**RESOLUTION NO. 42-23
ACCEPTING THE CHAVENELLE ROAD – NW ARTERIAL TO RADFORD ROAD RECONSTRUCTION PROJECT AND AUTHORIZING THE PAYMENT OF THE CONTRACT AMOUNT TO THE CONTRACTOR**

Whereas, the Public Improvement Contract for the Chavenelle Road – NW Arterial to Radford Road Reconstruction Project (the Project) has been completed by the contractor, Bard Materials Inc. (Contractor), and the City Engineer has examined the work and recommends that the Project be accepted; and

Whereas, the final contract amount for the Project is \$2,451,804.52; and

Whereas, the Contractor has previously been paid \$2,375,176.85, leaving a balance of \$76,627.67; and

Whereas, the City Council finds that the recommendation of the City Engineer should be accepted.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The recommendation of the City Engineer is approved, and the Project is hereby accepted.

Section 2. The Director of Finance and Budget is hereby directed to pay the balance of the retainage of \$76,627.67 as provided in Iowa Code chapter 573, and to pay such retainage in accordance with the provisions of Iowa Code chapter 573 or Iowa chapter 26.13.

Passed, approved, and adopted this 20th day of February 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breifelder, City Clerk

**RESOLUTION NO. 43-23
ADOPTING THE FINAL ASSESSMENT SCHEDULE FOR THE CHAVENELLE ROAD – NW ARTERIAL TO RADFORD ROAD RECONSTRUCTION PROJECT**

NOW, THEREFORE, BE IT RESOLVED

BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. After full consideration, the Final Schedule of Assessments as shown on the attached Exhibit A, is hereby approved for the Chavenelle Road – NW Arterial to Radford Road Reconstruction Project.

Section 2. There is hereby assessed and levied as a special tax against and upon each of the benefited properties, the respective sums indicated. The amounts shown in said Final Schedule of Assessments as deficiencies are found to be proper and levied conditionally against the respective properties benefited by the improvements as shown in the Final Schedule of Assessments, subject to the provisions of Iowa Code §384.63. Said assessments against said lots are hereby declared to be in proportion to the special benefits conferred and not in excess of twenty-five percent of the value of same.

Section 3. The City Clerk be and is hereby directed to certify the Final Schedule of Assessments to the County Treasurer of Dubuque County, Iowa, and to publish notice of said certification once each week for two consecutive weeks in the manner provided in Iowa Code § 362.3, the first publication of which shall be not more than fifteen days from the date of filing of the Final Schedule of Assessments. On or before the date of the second publication of the notice, the City Clerk shall also mail a copy of said notice to property owners whose property is subject to assessment, as provided in Iowa Code §384.60.

Section 4. The assessments may be paid in full or in part without interest at the office of the City Engineer, City Hall, 50 W. 13th Street, Dubuque, Iowa, at any time within 30 days after the date of the first notice of the Final Schedule of Assessments. Thereafter, unpaid assessments of \$500.00 or more are payable in 15 annual installments at the County Treasurer's Office, Dubuque County Courthouse, 720 Central Avenue, Dubuque, Iowa, and will draw annual interest at three percent (3%) computed to December 1 next following the due dates of the respective installments as provided in Section 384.65 of the Code of Iowa. Each installment will be delinquent from October 1 following its due date on July 1 of each year. However, when the last day of September is a Saturday or Sunday, that amount shall be delinquent from the second business day of October. Delinquent installments will draw the same delinquent interest as ordinary taxes. Property owners may elect to pay any annual installments semi-annually in advance.

Passed, approved, and adopted this 20th day of February 2023.

Brad M. Cavanagh, Mayor

15. Approval of Plat of Survey (ROW Vacation) of Lot 2-2-1-2-1-2-2-2-2-B of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa for Vacation Petition (to Hills and Dales Childhood Development Center) as part of the Stoneman Road Reconstruction Project: Upon motion the documents were received and filed, and Resolution No. 46-23 Approving Plat of Proposed Vacated Portion of Stoneman Road, in the City of Dubuque, Iowa, to be known as Lot 2-2-1-2-1-2-2-2-2-B of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa was adopted.

**RESOLUTION NO. 46-23
APPROVING PLAT OF PROPOSED VACATED PORTION OF STONEMAN ROAD, IN THE CITY OF DUBUQUE, IOWA, TO BE KNOWN AS LOT 2-2-1-2-1-2-2-2-2-B OF THE NORTHEAST QUARTER OF THE NORTHEAST QUARTER OF SECTION 28, T89N, R2E OF THE 5TH P.M., IN THE CITY OF DUBUQUE, IOWA**

Whereas, there has been presented to the City Council of the City of Dubuque, Iowa, a plat dated February 9, 2023 prepared by the City of Dubuque Engineering Department, showing the proposed vacated portion of Stoneman Road, in the City of Dubuque, Iowa and assigned a lot number thereto, to be known as Lot 2-2-1-2-1-2-2-2-2-B of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa; and

Whereas, said plat conforms to the laws and statutes pertaining thereto.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the plat dated February 9, 2023, prepared by the City of Dubuque Engineering Department, relative to the real estate hereinabove described be and the same is hereby approved, and the Mayor and City Clerk be and they are hereby authorized and directed to execute said plat for and on behalf of the City of Dubuque, Iowa.

Section 2. The City of Dubuque reserves a public utility easement over the entirety of the hatched area of said Lot 2-2-1-2-1-2-2-2-2-B of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa, as shown and denoted on the face of the plat.

Section 3. That the City Clerk be and is hereby authorized and directed to file said plat and certified copy of this resolution in the office of the Recorder in and for Dubuque County, Iowa.

Passed, approved, and adopted this 20th day of February, 2023.

16. Calendar Year 2022 Urban Revitalization Program Applications: Upon motion the documents were received and filed, and Resolution No. 47-23 Approving Property Tax Abatement Applications Submitted by Property Owners in Urban Revitalization Areas and Authorizing the transmittal of the approved applications to the City Tax Assessor was adopted.

**RESOLUTION NO. 47-23
APPROVING PROPERTY TAX ABATEMENT APPLICATIONS SUBMITTED BY PROPERTY OWNERS IN URBAN**

REVITALIZATION AREAS AND AUTHORIZING THE TRANSMITTAL OF THE APPROVED APPLICATIONS TO THE CITY TAX ASSESSOR

Whereas, Chapter 404 of the Code of Iowa, the Urban Revitalization Act, permits cities to abate property taxes for improvements made to properties in designated revitalization areas; and

Whereas the Urban Revitalization Act requires property owners to submit a written application for abatement by February 1, 2023, of the assessment year for which the abatement is first claimed and requires the City Council to approve all applications that meet the requirements of the adopted Urban Revitalization Plan. Copies of the Urban Revitalization applications are forwarded to the City Assessor for review by March 1, 2023; and

Whereas, pursuant to the requirements of said Urban Revitalization Act, the following Urban Revitalization Areas were established: Dubuque Urban Revitalization Area, Alta Vista, Radford Road, 210 Jones Street, Kunkel & Associates, Lange Estates; and

Whereas, the City of Dubuque, as of February 1, 2023, received tax abatement applications from the following property owners in the aforementioned urban revitalization districts eligible for tax exemption for the time period indicated:

District, Address, Property Owner, Type of Property, Exemption Period

DBQ UR Area, 2860 Central Ave, Justyna Miranda, Residential, 10-year

DBQ UR Area, 2619 Pinard, Amber Holbrook, Residential, 10-year

DBQ UR Area, 1494/1496 Jackson, Bolsinger Property Management, Residential, 10-year

DBQ UR Area, 2717 Central, Ronald Pluym, Residential, 10-year

DBQ UR Area, 629 Groveland, Jeffrey Robbins, Residential, 10-year

DBQ UR Area, 308 Hill, 308 Hill St LLC/Martin Froehlich, Residential, 10-year

DBQ UR Area, 611 West 17th, Darin & Christine Poll, Residential, 10-year

DBQ UR Area, 625 Rhomberg, Lakeside Investments, LLC, Residential, 10-year

DBQ UR Area, 2535 Central, TKWJ Estates, Residential, 10-year

DBQ UR Area, 935 Oxford, James Gonyer, Residential, 10-year

DBQ UR Area, 1470 Washington, Dubuque & Jackson Co. Habitat for Humanity, Residential, 10-year

DBQ UR Area, 1505 Montrose Terr., Secure Home Offers LC and B&H Investment Properties LLC, Residential, 10-year

DBQ UR Area, 2100 White St, UTZ,

LLC/Jeff Udelhofen, Commercial, 3-year
 DBQ UR Area, 1458 White St, Nia Neighborhoods Opportunity Zone Fund, Residential, 10-year
 DBQ UR Area, 1659 Iowa St, GT Development, Residential, 10-year
 DBQ UR Area, 1665 Iowa St, GT Development, Residential, 10-year
 DBQ UR Area, 1671 Iowa St, GT Development, Residential, 10-year
 DBQ UR Area, 1677 Iowa St, GT Development, Residential, 10-year
 DBQ UR Area, 1199 Central Ave, Virtual Velocity LLC, Residential, 10-year
 DBQ UR Area, 2414 Windsor Ave, City of Dubuque, Residential, 10-year
 DBQ UR Area, 2268 Prince, Michael & Karen Reiter, Residential, 10-year

Whereas, the Housing and Community Development Department has reviewed the above-described applications, verified required permits were obtained and inspected for applicable improvements, verified inspections of the properties, and determined the applications and the improvements conform to the requirements of the City of Dubuque's Urban Revitalization Plans.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the above-described tax abatement applications meet the requirements of the City of Dubuque's Urban Revitalization Plans.

Section 2. That the above-described tax abatement applications are hereby approved by the City Council, subject to the review and approval of the City Assessor.

Section 3. That the City Clerk is hereby authorized and directed to forward the above-described tax abatement applications to the City Assessor.

Passed, approved, and adopted this 20th day of February, 2023.

Brad M. Cavanagh, Mayor

17. First Amendment to Community Development Block Grant Subrecipient Agreement between the City of Dubuque and Four Mounds Foundation: Upon motion the documents were received and filed, and Resolution No. 48-23 Authorizing the First Amendment to the CDBG Subrecipient Agreement between the City of Dubuque and Four Mounds Foundation was adopted.

**RESOLUTION NO. 48-23
 AUTHORIZING THE FIRST AMENDMENT TO
 THE CDBG SUBRECIPIENT AGREEMENT
 BETWEEN THE CITY OF DUBUQUE AND
 FOUR MOUNDS FOUNDATION**

Whereas, the City of Dubuque and Four Mounds Foundation entered into a CDBG Subrecipient Agreement dated September 8, 2020 with respect to providing services to a presumed low-and moderate- income population; and

Whereas, the parties desire to modify the Subrecipient Agreement as set out in the First Amendment to the Subrecipient Agreement [provided] hereto; and

Whereas, Four Mounds Foundation provides services to a majority low to moderate-income individuals.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the First Amendment to the CDBG Subrecipient Agreement be approved.

Section 2. That the City Manager or his designee of the City of Dubuque is hereby authorized and directed to execute said Amendment on behalf of the City of Dubuque, Iowa.

Passed, approved, and adopted this 20th day of February 2023.

Brad M. Cavanagh, Mayor
 Attest: Adrienne N. Breifelder, City Clerk

18. Approval of Retail Alcohol Licenses: Upon motion the documents were received and filed, and Resolution No. 49-23 Approving applications for retail alcohol licenses, as required by City of Dubuque Code of Ordinances Title 4 Business and License Regulations, Chapter 2 Liquor Control, Article B Liquor, Beer and Wine Licenses and Permits was adopted.

**RESOLUTION NO. 49-23
 APPROVING APPLICATIONS FOR RETAIL
 ALCOHOL LICENSES, AS REQUIRED BY
 CITY OF DUBUQUE CODE OF ORDINANCES
 TITLE 4 BUSINESS AND LICENSE
 REGULATIONS, CHAPTER 2 LIQUOR CONTROL,
 ARTICLE B LIQUOR, BEER AND WINE
 LICENSES AND PERMITS**

Whereas, applications for retail alcohol licenses have been submitted and filed with the City Council for approval, and the same have been examined, provisionally approved, and/or approved; and

Whereas, the premises to be occupied by such applicants were inspected and found to comply with the Ordinances of the City, and the applicants have filed the proper fees and bonds and otherwise complied with the requirements of the Code of Ordinances.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The City Clerk is hereby authorized and directed to cause to be issued the noted license types to the following applicants pending submission of the locally required documentation:

ITEMS SET FOR PUBLIC HEARING

Motion by Roussell to receive and file the documents, adopt the resolutions, and set the public hearings as indicated. Seconded by Wethal. Motion carried 7-0.

1. Set Public Hearing Petition to Vacate and Dispose of City Interest in a portion of the Stoneman Road Right of Way, in the City of Dubuque, Iowa for Vacation Petition (to Hills and Dales Childhood Development Center) as part of the Stoneman Road Reconstruction Project: Upon motion the documents were received and filed and Resolution No. 50-23 Intent to vacate and dispose of city interest in a portion of Stoneman Road, in the City of Dubuque, Iowa, to be known as Lot 2-2-1-2-1-2-2-2-2-B of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on March 6, 2023 in the Historic Federal Building.

RESOLUTION NO. 50-23

RESOLUTION OF INTENT TO VACATE AND DISPOSE OF CITY INTEREST IN A PORTION OF STONEMAN ROAD, IN THE CITY OF DUBUQUE, IOWA, TO BE KNOWN AS LOT 2-2-1-2-1-2-2-2-2-B OF THE NORTHEAST QUARTER OF THE NORTHEAST QUARTER OF SECTION 28, T89N, R2E OF THE 5TH P.M., IN THE CITY OF DUBUQUE, IOWA

Whereas, per an agreement with Hills and Dales Childhood Development Center approved by Resolution No. 170-22, the City is to

vacate a portion of the Stoneman Road right of way originally platted as a cul-de-sac at the westerly end of Stoneman Road and is to convey the property to Hills and Dales for use as parking lot; and

Whereas, the City of Dubuque Engineering Department has prepared and submitted to the City Council a plat showing the proposed vacated right of way of Stoneman Road, in the City of Dubuque, Iowa and assigned a lot number thereto, to be known as Lot 2-2-1-2-1-2-2-2-2-B of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the City of Dubuque intends to vacate and dispose of its interest in Lot 2-2-1-2-1-2-2-2-2-B of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa, as shown on the [provided] Exhibit A.

Section 2. That a public hearing, and/or by virtual means, on the intent to vacate and dispose of City interest in Lot 2-2-1-2-1-2-2-2-2-B of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa, to Hills and Dales Childhood Development Center, is hereby set for the 6th day of March, 2023, at the Historic Federal Building, 350 W. 6th Street, Dubuque, Iowa, beginning at 6:30 p.m., and the City Clerk be and is hereby authorized and directed to cause a notice of public hearing on the intent to vacate said real estate to be published in the manner as prescribed by law.

Passed, approved, and adopted this 20th day of February, 2023.

Brad M. Cavanagh, Mayor

Attest: Adrienne N. Breitfelder, City Clerk

2. Set Public Hearing for Disposition of City-Owned Property at 612 Lincoln Avenue: Upon motion the documents were received and filed and Resolution No. 51-23 Intent to dispose of an interest in City of Dubuque real estate to Affordable Housing Network, Inc, setting a time and place for hearing, and providing for the publication of notice thereof was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on March 6, 2023 in the Historic Federal Building.

RESOLUTION NO. 51-23

INTENT TO DISPOSE OF AN INTEREST IN CITY OF DUBUQUE REAL ESTATE TO AFFORDABLE HOUSING NETWORK, INC, SETTING A TIME AND PLACE FOR HEARING, AND PROVIDING FOR THE PUBLICATION OF NOTICE THEREOF

Whereas, the City of Dubuque, Iowa (City) owns 612 Lincoln Avenue (the Property) legally

described as:

Southwesterly Half of Lot 53 and Lot 1 of Lot 54 in Cook's Addition to the City of Dubuque, Iowa, according to the recorded plat thereof

Whereas, the City acquired the property through petition for title to abandoned property; and

Whereas, it is the recommendation of the Housing and Community Development Department to approve the purchase agreement for the sale to Affordable Housing Network, Inc. according to the terms and conditions set out in the purchase agreement in the public interest of the City of Dubuque.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the City of Dubuque, Iowa, proposes to approve the purchase agreement of the above-described real estate to Affordable Housing Network, Inc.

Section 2. That the City Council shall conduct a public hearing on the proposed purchase agreement in the City Council Chambers at the Historic Federal Building, 350 W. 6th Street, Dubuque, Iowa on the 6th day of March, 2023, beginning at 6:30 PM.

Section 2. That the City Clerk be and is hereby authorized and directed to publish notice of the public hearing in the form [provided] hereto, according to law.

Passed, approved, and adopted this 20th day of February 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breifelder, City Clerk

3. Resolution of Necessity for the Amendment of the Dubuque Industrial Center Economic Development District Urban Renewal Plan, Version 2023.1: Upon motion the documents were received and filed and Resolution No. 52-23 Authorizing and directing the City Manager to prepare an Amended and Restated Urban Renewal Plan Version 2023.1 for the Dubuque Industrial Center Economic Development District, setting a date for the public hearing and directing the consultation process on the proposed Amended and Restated Urban Renewal Plan Version 2023.1 for said district was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on March 20, 2023 in the Historic Federal Building.

**RESOLUTION NO. 52-23
AUTHORIZING AND DIRECTING THE CITY
MANAGER TO PREPARE AN AMENDED
AND RESTATED URBAN RENEWAL PLAN
VERSION 2023.1 FOR THE DUBUQUE IN-
DUSTRIAL CENTER ECONOMIC DEVELOP-
MENT DISTRICT, SETTING A DATE FOR
THE PUBLIC HEARING AND DIRECTING
THE CONSULTATION PROCESS ON THE**

**PROPOSED AMENDED AND RESTATED
URBAN RENEWAL PLAN VERSION 2023.1
FOR SAID DISTRICT**

Whereas, the City Council of the City of Dubuque has heretofore approved the Amended and Restated Urban Renewal Plan Version 2022.3 (the "Plan" or "Urban Renewal Plan") for the Dubuque Industrial Center Economic Development District (the "District") in order to provide redevelopment opportunities which will further the purposes and objectives of the foregoing Urban Renewal Plan; and

Whereas, City staff has recommended that the Plan be further amended to remove property from Subarea E of the District and to add a project to the Public Purpose Activities as shown in the [provided] proposed Amended and Restated Plan Urban Renewal Plan Version 2023.1 for the Dubuque Industrial Center Economic Development District; and

Whereas, Iowa Code Chapter 403 requires that before a Plan may be modified, the City Council must follow the notification, consultation, and public hearing process set forth therein.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the City Manager is authorized and directed to prepare an Amended and Restated Urban Renewal Plan Version 2023.1 for the Dubuque Industrial Center Economic Development District to include in such Plan any appropriate project activities and details, and to determine an appropriate date for and conduct the consultation process required by law with affected taxing entities concerning the proposed amendment.

Section 2. That the City Council hold a public hearing on the adoption of the proposed Amended and Restated Urban Renewal Plan Version 2023.1 for the Dubuque Industrial Center Economic Development District on March 20, 2023 at 6:30 p.m. in the form [provided] hereto. The notice of said hearing shall generally identify the areas covered by the Plan Version 2023.1 and the general scope of the urban renewal activities planned for such areas and said notice shall be published in a newspaper having general circulation within the City not less than four days nor more than twenty days before the date of said meeting. A copy of the notice of public hearing shall be sent by ordinary mail to the affected taxing entities.

Section 3. That the Economic Development Department is further directed to send by ordinary mail a copy of said Plan Version 2023.1, the notice of public hearing, a notice of consultation, and, to the extent the Plan Version 2023.1 includes the use of tax increment revenues for a public building, an analysis of alternative development and funding options for such public buildings, to the Dubuque

Community School District and the Dubuque County Board of Supervisors, as the affected taxing entities.

Passed, approved, and adopted this 20th day of February, 2023.

Brad M. Cavanagh, Mayor

Attest: Adrienne N. Breitfelder, City Clerk

4. Resolution of Necessity for the Amendment of the Dubuque Industrial Center Economic Development District Urban Renewal Plan, Version 2023.2: Upon motion the documents were received and filed and Resolution No. 53-23 Authorizing and directing the City Manager to prepare an Amended and Restated Urban Renewal Plan Version 2023.2 for the Dubuque Industrial Center Economic Development District, setting a date for the public hearing and directing the consultation process on the proposed Amended and Restated Urban Renewal Plan Version 2023.2 for said district was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on March 20, 2023 in the Historic Federal Building.

RESOLUTION NO. 53-23

AUTHORIZING AND DIRECTING THE CITY MANAGER TO PREPARE AN AMENDED AND RESTATED URBAN RENEWAL PLAN VERSION 2023.2 FOR THE DUBUQUE INDUSTRIAL CENTER ECONOMIC DEVELOPMENT DISTRICT, SETTING A DATE FOR THE PUBLIC HEARING AND DIRECTING THE CONSULTATION PROCESS ON THE PROPOSED AMENDED AND RESTATED URBAN RENEWAL PLAN VERSION 2023.2 FOR SAID DISTRICT

Whereas, the City Council of the City of Dubuque has heretofore approved the Amended and Restated Urban Renewal Plan Version 2023.1 (the "Plan" or "Urban Renewal Plan") for the Dubuque Industrial Center Economic Development District (the "District") in order to provide redevelopment opportunities which will further the purposes and objectives of the foregoing Urban Renewal Plan; and

Whereas, City staff has recommended that the Plan be further amended to expand the District by creating Subarea S and to add a project to the Public Purpose Activities as shown in the [provided] proposed Amended and Restated Plan Urban Renewal Plan Version 2023.2 for the Dubuque Industrial Center Economic Development District; and

Whereas, Iowa Code Chapter 403 requires that before a Plan may be modified, the City Council must follow the notification, consultation, and public hearing process set forth therein.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the City Manager is authorized and directed to prepare an Amended and Restated Urban Renewal Plan Version 2023.2 for the Dubuque Industrial Center Economic Development District to include in such Plan any appropriate project activities and details, and to determine an appropriate date for and conduct the consultation process required by law with affected taxing entities concerning the proposed amendment.

Section 2. That the City Council hold a public hearing on the adoption of the proposed Amended and Restated Urban Renewal Plan Version 2023.2 for the Dubuque Industrial Center Economic Development District on March 20, 2023 at 6:30 p.m. in the form [provided] hereto. The notice of said hearing shall generally identify the areas covered by the Plan Version 2023.2 and the general scope of the urban renewal activities planned for such areas and said notice shall be published in a newspaper having general circulation within the City not less than four days nor more than twenty days before the date of said meeting. A copy of the notice of public hearing shall be sent by ordinary mail to the affected taxing entities.

Section 3. That the Economic Development Department is further directed to send by ordinary mail a copy of said Plan Version 2023.2, the notice of public hearing, a notice of consultation, and, to the extent the Plan Version 2023.2 includes the use of tax increment revenues for a public building, an analysis of alternative development and funding options for such public buildings, to the Dubuque Community School District and the Dubuque County Board of Supervisors, as the affected taxing entities.

Passed, approved, and adopted this 20th day of February, 2023.

Brad M. Cavanagh, Mayor

Attest: Adrienne N. Breitfelder, City Clerk

BOARDS/COMMISSIONS

Appointments were made to the following board.

1. Zoning Board of Adjustments: One, 5-Year term through March 25, 2027 (Vacant term of Golombeski); One, 5-Year term through March 25, 2028 (Expiring term of Mauss). Applicants: Matthew Mauss, 1540 N. Algona St. - Additional Applicant; Rena Stierman, 390 Moore Heights. This commission is subject to the State of Iowa Gender Balance Law, §69.16A. 5 Commissioners total; currently 2 males/1 female/ 2 opening. Motion by Jones to appoint Mr. Mauss to the five-year term through March 25, 2028 and to appoint Ms. Stierman to the five-year term through March 25, 2027. Seconded by Sprank. Motion carried 7-0.

PUBLIC HEARINGS

Public Hearing for Resolution Establishing Maximum Property Tax Dollars for Fiscal Year 2024: Motion by Roussell to receive and file the documents and adopt Resolution No. 54-23 Approval of the Fiscal Year 2024 Maximum Property Tax Dollars for the affected tax levy total. Seconded by Farber. Josh and Emily Chamberland, 2145 Delaware St.; and Rich Miescke, 3199 Sheridan Rd., spoke in opposition to property tax increases. City Clerk Breifelder stated that written input was received from Steve [no last name provided], 2667 Marywood Dr. City Council Members discussed the challenges of approving the maximum property tax dollars before the budget public hearings, as required by law, and justifications for their preferred maximum property tax dollars. Motion carried 5-2 with Cavanagh and Resnick voting nay.

**RESOLUTION NO. 54-23
APPROVAL OF THE FISCAL YEAR 2024
MAXIMUM PROPERTY TAX DOLLARS FOR
THE AFFECTED TAX LEVY TOTAL**

Whereas, pursuant to State of Iowa SF634, the City of Dubuque is required to hold a public hearing to consider the proposed Fiscal Year 2024 city maximum property tax dollars for the affected levy total; and

Whereas, the City Council have considered the proposed Fiscal Year 2024 city maximum property tax dollars for the affected levy total; and

Whereas, a notice concerning the proposed city maximum property tax dollars was published as required and posted on city web site and/or social media accounts if applicable; and

Whereas, a public hearing concerning the proposed city maximum property tax dollars was held on February 20, 2023.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The maximum property tax dollars for the affected tax levies for Fiscal Year 2024 shall not exceed the following total:

Total maximum levy for affected property tax levies \$26,546,601.

Section 2. The maximum property tax dollars requested in the total maximum levy for Fiscal Year 2024 represents an increase less than 102% from the maximum property tax dollars requested for Fiscal Year 2023.

Passed, adopted, and approved this 20th day of February 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breifelder, City Clerk

2. Amending Zone B of the Dubuque Industrial Center West Planned Unit Development to allow childcare centers, early learning centers, general office, data centers, and emergency call centers: Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Sprank. Planning Services Manager Wally Wernimont provided a staff report. Rick Dickinson, 205 Hill St., President and CEO of Greater Dubuque Development Corporation; and Ryan Sempf, 7819 Commerce Park, Unit 300, Vice President of Government and External Affairs of the Dubuque Area Chamber of Commerce and Zoning Advisory Commission Member; spoke in support of the amendment. City Clerk Breifelder stated that Tom Rauen submitted written input to the Planning Services Department. City Council Members expressed support for the amendment. Motion carried 7-0.

Motion by Jones for final consideration and passage of Ordinance No. 6-23 Amending Title 16, Unified Development Code of the City of Dubuque Code of Ordinances, by rescinding Ordinance No. 32-18 which established regulations for a PUD Planned Unit Development District with a PI Planned Industrial Designation and adopting an Amended PUD Ordinance to allow for Childcare Centers, Early Learning Centers, General Office, Data Centers, and Emergency Call Centers within the Zone B of the PUD Planned Development District. Seconded by Sprank. Motion carried 7-0.

Section 2. [provided] hereto and made a part of this zoning reclassification approval is an amended Conceptual Development Plan for the Dubuque Industrial Center West Planned Unit Development. It is recognized that minor shifts or modifications to the general plan layout may be necessary and compatible with the need to acquire workable street patterns,

grades, and usable building sites. The general plan layout, including the requirements shall be used as the implementation guide.

Section 3. Pursuant to Iowa Code Section 414.5 (2015), as amended, and as an express condition of the reclassification, the undersigned property owner(s) agree(s) to the following conditions, all of which the property owner(s) further agree(s) are reasonable and imposed to satisfy the public needs that are caused directly by the zoning reclassification:

A. Definitions

1. Building Related Features - Building related features are defined as all constructed items which rise above the grade surface of the lot. These include:

- a. The primary building
- b. All accessory or secondary buildings
- c. All exterior storage areas
- d. Exterior refuse collection areas
- e. Exterior mechanical equipment
- f. Containerized or tank storage of liquids, fuels, gases, and other materials.

2. Vehicle Related Features - Vehicle related features are defined as all areas used for the movement and parking of all vehicles within the lot. These include:

- a. Employee and visitor parking spaces.
- b. Driveways from the street right-of-way line to and from parking spaces.
- c. Loading spaces outside of the building.
- d. Maneuvering spaces outside of the building.
- e. Parking spaces for company-owned commercial vehicles.
- f. Fire lanes.
- g. Railroad tracks.

3. Open Space Features - Open space features are defined as those exterior areas and developed features of the lot which include:

- a. Landscaped space containing lawn areas and plantings.
- b. Paved, hard-surfaced, pedestrian areas such as walkways, plazas, entryways, and courtyards.
- c. Surface storm water detention areas not otherwise used for building-related or vehicle-related purposes.
- d. Open recreation areas and recreational trail.
- e. Other non-building and non-vehicular related space.

B. Use Regulations - The following regulations shall apply to all uses made of land in the above-described PUD District:

Zone A: General Purpose and Description. Zone A is intended to provide for a limited amount of commercial development that will serve industrial park employees with daily commercial and service needs. The development of Zone A shall resemble a small shopping center with shared access, parking, and signage to promote a unified commercial appearance. Exterior storage is prohibited.

1. Principal permitted uses shall be limited to:

- a. Public or quasi-public utilities including substations
- b. Business services
- c. Gas station/convenience/car wash
- d. Laundry/dry cleaner
- e. Indoor restaurant
- f. Drive-in/carry-out restaurant
- g. Drive-up automated bank teller
- h. Banks, savings and loans, and credit unions
- i. Group day care center

2. Conditional uses reserved for future use.

3. Accessory uses shall be limited to the following:

- a. Any use customarily incidental and subordinate to the principal use it serves.

4. Temporary uses shall be limited to the following:

Any use listed as a permitted use within the PUD District of a limited duration as established in Section 3-19 Temporary Uses of the Unified Development Code.

Zone B: General Purpose and Description. Zone B is intended to provide for a variety of uses primarily involving light manufacturing, assembly and fabrication, warehousing, wholesaling, office uses and business services. Exterior storage is prohibited.

1. Principal permitted uses shall be limited to:

- a. Railroads and public or quasi-public utilities
- b. General offices
- c. Medical/dental lab
- d. Mail-order houses
- e. Printing and publishing
- f. Laboratories for research and engineering
- g. Wholesale sales/distributor
- h. Vending/game machine sales/service
- i. Cold storage/locker plants
- j. Packing and processing of meat, dairy or food products, not to include stockyards or slaughter houses
- k. Tool, die, and pattern making
- l. Manufacture, assembly, repair or storage of electrical and electronic

products, components, or equipment

m. Warehousing and storage facilities, not to include mini-warehouses

n. Manufacturing, processing, fabrication, assembling, packaging or other comparable treatment of goods or materials, entirely within enclosed buildings

o. Childcare centers

p. Early learning centers

q. Data centers

r. Emergency call centers

2. Accessory uses shall be limited to the following:

a. Retail outlets within a primary office/industrial building, selling products produced on-site and only as accessory to the principal use.

b. Any use customarily incidental and subordinate to the principal use it serves.

3. Temporary uses shall be limited to the following:

Any use listed as a permitted use within the PUD District of a limited duration as established in Section 3-19 Temporary Uses of the Unified Development Code.

Zone C: General Purpose and Description. Zone C is intended to provide for a variety of uses primarily involving light manufacturing, assembly and fabrication, warehousing, wholesaling, and office uses. Exterior storage is allowed with some restrictions and must be screened from view from both the public right-of-way and surrounding privately owned property.

1. Principal permitted uses shall be limited to:

- a. Railroads and public or quasi-public utilities
- b. Corporate offices
- c. Medical/dental lab
- d. Mail-order houses
- e. Printing and publishing
- f. Laboratories for research and engineering
- g. Moving/storage facilities
- h. Wholesale sales/distributor
- i. Freight transfer facilities
- j. Vending / game machine sales/service
- k. Cold storage/locker plants
- l. Packing and processing of meat, dairy or food products, not to include stockyards or slaughter houses
- m. Tool, die, and pattern making
- n. Manufacture, assembly, repair or storage of electrical and electronic products, components, or

- equipment
- o. Warehousing and storage facilities, not to include mini-warehouses
- p. Manufacturing, processing, fabrication, assembling, packaging or other comparable treatment of goods or materials, entirely within enclosed buildings
- 2. Conditional uses shall be limited to the following:
 - a. Day care center, within a primary office/industrial building or as an accessory structure on the same lot. Day care centers are subject to state and local regulations.
 - 1) Indoor floor area (excluding halls and bathrooms) must be provided per child in areas occupied by cribs as per State Code.
 - 2) Indoor floor area (excluding halls and bathrooms) must be provided per child in areas not occupied by cribs times the licensed capacity as per State Code;
 - 3) Fenced outdoor recreation space, must be provided per child using the space at a given time as per State Code.
 - 4) Such facility shall provide for the loading and unloading of children so as not to obstruct public streets or create traffic or safety hazards.
 - 5) All licenses have been issued or have been applied for awaiting the outcome of the Board's decision.
 - 6) No group day care center may be located within the same structure as any gas station, bar/tavern, automated gas station or any facility selling, servicing, repairing, or renting vehicles.
 - 7) The parking group requirements can be met.
 - 8) The conditional use applicant certifies that the premises on which the group day care center will be located complies with, and will for so long as the group day care center is so located, continue to comply with all local, state and federal regulations governing hazardous substances, hazardous wastes, and hazardous materials, including, but not limited to Iowa Code chapter 455B (1991); 42 U.S.C. Section 9601 of the Federal Comprehensive Environmental

Response Compensation and Liability Act; 40 C.F.R. Section 3-2.4; and Section 302 of the Superfund Amendments and Reauthorization Act of 1986.

- 9) If the applicant is subject to the requirements of Section 302 of the Superfund Amendments and Reauthorization Act of 1986, the Emergency Management Director shall certify whether or not the applicant has submitted a current inventory of extremely hazardous substances kept or stored on the premises. If any such extremely hazardous substances are kept or stored on the premises, the applicant shall also post in a conspicuous place on the premises a notice indicating a description of the extremely hazardous substances, and the physical and health hazards presented by such substances.

3. Accessory uses shall be limited to the following:

- a. Retail outlets within a primary office/industrial building, selling products produced on-site and only as accessory to the principal use.
- b. Any use customarily incidental and subordinate to the principal use it serves.

4. Temporary uses shall be limited to the following - Any use listed as a permitted use within the PUD District of a limited duration as established in Section 3-19 Temporary Uses of the Unified Development Code.

Zone D: General Purpose and Description. Zone D is intended to provide appropriate locations for heavy industrial uses. Exterior storage is allowed, provided it is screened from view from public right-of-way.

1. Principal permitted uses shall be limited to:

- a. Railroads and public or quasi-public utilities
- b. Corporate offices
- c. Mail order houses
- d. Printing and publishing
- e. Laboratories for research and engineering
- f. Moving/storage facilities
- g. Wholesale sales/distributor
- h. Freight transfer facilities
- i. Fuel and ice dealers
- j. Cold storage/locker plants
- k. Packing and processing of meat, dairy or food products, not to include stockyards or slaughter

houses

- l. Compounding, processing, and packaging of chemical products
- m. Manufacture, assembly, repair or storage of electrical and electronic products, components, or equipment).
- n. Warehousing and storage facilities, not to include mini-warehouses
- o. Manufacturing, processing, fabrication, assembling, packaging or other comparable treatment of goods or materials

2. Conditional uses shall be limited to the following:

- a. Day care center, within a primary office/industrial building or as an accessory structure on the same lot. Day care centers are subject to state and local regulations.
 - 1) Indoor floor area (excluding halls and bathrooms) must be provided per child in areas occupied by cribs as per State Code.
 - 2) Indoor floor area (excluding halls and bathrooms) must be provided per child in areas not occupied by cribs times the licensed capacity as per State Code.
 - 3) Fenced outdoor recreation space must be provided per child using the space at a given time as per State Code.
 - 4) Such facility shall provide for the loading and unloading of children so as not to obstruct public streets or create traffic or safety hazards.
 - 5) All licenses have been issued or have been applied for awaiting the outcome of the Board's decision.
 - 6) No group day care center may be located within the same structure as any gas station, bar/tavern, automated gas station or any facility selling, servicing, repairing, or renting vehicles.
 - 7) The parking group requirements can be met.
 - 8) The conditional use applicant certifies that the premises on which the group day care center will be located complies with, and will for so long as the group day care center is so located, continue to comply with all local, state, and federal regulations governing hazardous substances, hazardous wastes, and

hazardous materials, including, but not limited to Iowa Code chapter 455B (1 991); 42 U.S.C. Section 9601 of the Federal Comprehensive Environmental Response Compensation and Liability Act; 40 C.F.R. Section 3-2.4; and Section 302 of the Superfund Amendments and Reauthorization Act of 1986.

- 9) If the applicant is subject to the requirements of Section 302 of the Superfund Amendments and Reauthorization Act of 1986, the Emergency Management Director shall certify whether or not the applicant has submitted a current inventory of extremely hazardous substances kept or stored on the premises. If any such extremely hazardous substances are kept or stored on the premises, the applicant shall also post in a conspicuous place on the premises a notice indicating a description of the extremely hazardous substances, and the physical and health hazards presented by such substances.

3. Accessory uses shall be limited to the following:

- a. Retail outlets within a primary office/industrial building, selling products produced on-site and only as accessory to the principal use.
- b. Any use customarily incidental and subordinate to the principal use it serves.

4. Temporary uses shall be limited to the following - Any use listed as a permitted use within the PUD District of a limited duration as established in Section 3-19 Temporary Uses of the Unified Development Code.

Zone E: General Purpose and Description. Zone is intended to provide a location for businesses that require exterior handling or storage of materials or equipment. Exterior handling or storage is allowed, except along Seippel Road, where it is prohibited.

1. Principal permitted uses shall be limited to:

- a. Public or quasi-public utilities
- b. Corporate offices
- c. Mail-order houses.
- d. Printing and publishing
- e. Laboratories for research and engineering
- f. Moving/storage facilities
- g. Wholesale sales/distributor
- h. Freight transfer facilities.

- i. Fuel and ice dealers
- j. Cold storage/locker plants
- k. Packing and processing of meat, dairy or food products, not to include stockyards or slaughter houses
- l. Compounding, processing, and packaging of chemical products
- m. Manufacture, assembly, repair or storage of electrical and electronic products, components, or equipment
- n. Warehousing and storage facilities, not to include mini-warehouses
- o. Manufacturing, processing, fabrication, assembling, packaging or other comparable treatment of goods or materials entirely within enclosed buildings
- p. Contractor's shop/yard
- q. Recycling industries entirely within enclosed buildings with no outdoor storage
- r. Timber processing
- 2. Conditional uses reserved for future use.
- 3. Accessory uses shall be limited to the following:
 - a. Retail outlets within a primary of-fice/industrial building, selling products produced on-site and only as accessory to the principal use.
 - b. Any use customarily incidental and subordinate to the principal use it serves.
- 4. Temporary uses shall be limited to the following - Any use listed as a permitted use within the PUD District of a limited duration as established in Section 3-19 Temporary Uses of the Unified Development Code.

Zone O: General Purpose and Description.
Zone O is intended to serve as an amenity to the industrial park, providing open space and control of storm water to protect downstream properties.

- 1. Principal permitted uses shall be limited to:
 - a. Railroads and public or quasi-public utilities
 - b. Parks, nature areas, playgrounds, and similar recreational uses
 - c. Picnic areas
 - d. Recreational trails
 - e. Club houses, shelter houses, tennis courts, or playground equipment, or other recreational buildings and structures when associated with parks, nature areas, playgrounds, recreational facilities

- f. Construction of dams, reservoirs, or detention ponds
- 2. Conditional uses reserved for future use.
- 3. Accessory uses shall be limited to the following:
 - a. Any use customarily incidental or subordinate to the principle use it serves.
- 4. Temporary uses reserved for future use.

C. Lot and Bulk Regulations.

Development of land in Zones A, B, C, D, E and O shall be regulated as follows:

- 1. All building structures and activities shall be located in conformance with the [provided] conceptual development plan and all final site development plans shall be approved in accordance with provisions of the PUD District regulations of this ordinance and of Section 5-24 PUD Planned Unit Development of the Unified Development Code.
- 2. All buildings related features in Zones A, B, C, D, E and O shall be in accordance with the following bulk regulations chart:

Zone, Minimum Lot area In Acres, Lot Frontage Minimum, Front Yard Setback Min. Ft., Side Yard Setback Min. Ft., Rear Yard Setback Min. Ft., Building Height Max. Ft.

A, 1/2 acre, 100, 20, 10*, 20, 30

B, 2 acres, 100, 50, 10, 25, 50

C, 2 acres, 100, 50, 25, 25, 75

D, 2 acres, 100, 50, 25, 50, 100

E, 2 acres, 100, 50, 10, 25, 50

O, N/A, N/A, N/A, N/A, N/A, N/A

*0-foot side yard setbacks from property lines shall be permitted for attached buildings.

- a. Lots smaller than minimum will be allowed if the parcel is consolidated or combined with a larger lot. Substations for public and quasi-public utilities shall be exempt from lot frontage and lot area requirements.
- b. Maximum lot coverage shall be 80 percent. All building and vehicle related features shall be considered when calculating total land area coverage, except fire lanes and railroad tracks.
- c. Maximum building height shall be as stipulated in the bulk regulations chart above, except the following may exceed the height limit: cooling towers, condensers, elevator bulkheads, stacks and other necessary mechanical equipment and their protective

housing. Heating, ventilating, and air conditioning (HVAC) equipment is limited to 10 ft. above height limitation, except in Zone A where 30 ft. maximum height includes HVAC equipment.

- d. Within required front, side, and rear setbacks, only driveways, fire lanes, railroad tracks, open space features, and primary and secondary signage are allowed. Parking lots may encroach up to 50% into a required front yard setback.

D. Parking and Loading Regulations

1. All vehicle-related features, except for railroad tracks, shall be surfaced with either asphalt or concrete.
2. All parking and loading spaces shall be delineated on the surfacing material by painted strips or other permanent means.
3. The number, size and design of parking spaces shall be governed by applicable provisions of City of Dubuque Unified Development Code.
4. The number, size and design and location of parking spaces designated for persons with disabilities shall be according to the local, state, or federal requirements in effect at the time of development.
5. The location and number of private driveway intersections with public streets shall be reviewed and approved by the City Engineer. Access shall generally be limited to internal streets.
6. No on-street maneuvering of delivery vehicles will be allowed on any street. Lots shall provide all necessary maneuvering space for delivery vehicles within the boundaries of the lots.
- 7 All loading docks for shipping and receiving of raw and manufactured goods shall be designed to provide for the direct movement of goods between the delivery vehicle and the interior of the building.

E. Sign Regulations

1. Applicability of Cit of Dubuque Ordinances: The provisions of Section 15 Signs of the Unified Development Code shall apply unless further regulated by this section.
2. Off-Premise Signs: Off-premise signs shall be prohibited.
3. On-Premise Signs: On-premise signs shall be erected or constructed in accordance with the following regulations.
 - a. Allowable content: signs, messages and graphics shall be limited to the following contents:
 - 1) Industrial Center signs: limited to identification of Dubuque

Industrial Center West

- a) Entrance signs
- b) Directory signs
- 2) Company primary signs: limited to identification of uses in Zones B, C, D and E
 - a) Identification of company name
 - b) Identification of company products or services by generic name only
 - c) Graphic symbol or logo identified with the company
- 3) Commercial primary signs: limited to identification of uses in Zone A
 - a) Identification of business name
 - b) Identification of business products or services by generic names only
 - c) Graphic symbol or logo identified with the business
- 4) Secondary signs: allowable in all zones
 - a) Street address
 - b) Directional messages necessary for the safe and efficient flow of vehicular and pedestrian traffic on the lot
 - c) Identification of visitor entrances to the building, shipping, and receiving docks and other delivery points
 - d) Identification of assigned parking spaces and parking spaces accessible to persons with disabilities
 - e) Temporary announcements of pending or new construction
 - f) Commemorative messages
- b. Schedule of sign regulations: allowable structural type, size, number, and height shall be limited to the following requirements.

Type of Sign, Max. Size, Max. Number, Allowable Structure Type, Max. Height*

Industrial Center Entrance Signs, 200 sq. ft. per sign face, Six (6) signs, Monument, 12 ft.

Industrial Center Directory Signs, 30 sq. ft. per sign face, Three (3) signs, Monument, 8 ft.

Company Primary Signs, 10% of building wall sign is mounted on or 400 total sq. ft. of sign area, whichever is less, 2 signs per street frontage per business, Wall mounted, Below eave or parapet

Company Primary Signs, 150 sq. ft. per sign face, 1 sign per business restricted to interior street frontages only, Monument, 10 ft.

Commercial Primary Signs, 100 sq. ft. per sign face, 2 signs per business provided only 1 sign may be a monument - style sign, Wall mounted, Below eave or parapet

Commercial Primary Signs, 100 sq. ft. per sign face, 2 signs per business provided only 1 sign may be a monument - style sign, Monument, 10 ft.

Secondary Signs, 6 sq. ft. per sign face, No maximum number, Wall mounted, Below eave or parapet

Secondary Signs, 6 sq. ft. per sign face, No maximum number, Monument, 6 ft.

*The height of monument-style signs shall be measured average grade to top of sign structures.

c. Variances: Variances from sign requirements for size, number and height may be requested. Such variances shall be reviewed by the Zoning Board of Adjustment in accordance with Section 86 Variance Procedure of the Unified Development Code.

d. Lighting: Signs may be illuminated only by means of indirect lighting, whereby all light sources and devices are shielded from view by opaque or translucent materials, or internally illuminated by means of a light source completely enclosed by the sign panel.

e. Motion: No signs may include any device or means, mechanical, electrical, or natural, which shall cause any motion of the sign panel or any part thereof. No flashing lights or changing colors shall be allowed.

F. Exterior Storage Regulations - Exterior storage shall be in accordance with the following regulations:

Zone, Allowable Products Stored, Allowable Location, Allowable Screening Materials, Minimum Opacity, Maximum Height of Screening

A, PROHIBITED

B, PROHIBITED

C, Finished Goods, Rear or side yards, Synthetic materials, wood, masonry, brick or stone similar to building color, 50%, 10 ft.

D, Raw or finished goods; equipment, Rear or side yards, Similar to building color, 50%, 12 ft., Raw or finished goods; equipment, Rear or side yards, Similar to building color, 100%, 15 ft.

O, PROHIBITED

*Exterior storage is prohibited on lots fronting Seippel Road.

1. Exterior storage of materials, which could be blown into the air or strewn about by the wind, shall be prohibited.

2. Exterior storage, where allowed, shall not encroach into a front yard. A front yard may exceed the required front yard setback.

3. The ground area coverage of exterior storage areas shall be the area contained inside the required screening. This area shall be considered to be a building-related feature for purposes of calculating total land area coverages.

4. Exterior storage (where allowed) must be screened from view from adjacent public right-of-way. In Zone C, exterior storage must be screened from both the public right-of-way and surrounding privately owned property.

5. The screening height shall be measured from the ground level outside the line of the screen. Screens built on sloping grades shall be stepped so that their top line shall be horizontal.

6. Required screening is intended to buffer surrounding property from the negative visual impact created by the storage of raw or finished goods, materials and equipment that can adversely impact the value of adjacent property.

7. The City Planner may grant a waiver for screening to exceed the maximum height allowed, when topography or height of individual finished products or equipment could make it impossible to completely screen a storage area from every vantage point. The City Planner may not grant waiver in maximum screening height for raw materials or stacked goods.

8. All exterior entrances to a screened storage area shall be provided with a gate or door of similar design to that of the screen.

9. Long-term storage of products or materials in semi-trailers or shipping containers is prohibited.

G. Exterior Trash Collection Area Requirements

1. Exterior trash collection areas shall include collection bins, dumpsters, and similar waste receptacles for the short-term storage and collection of trash. Trash shall include garbage, scrap, recyclables, debris, and similar materials.

2. The storage of trash shall be limited to that produced by the principal permitted use and accessory uses of the lot. Exterior storage of trash, which could be blown into the air or strewn

- about by the wind, shall be prohibited.
3. The ground area coverage of exterior trash collection areas shall be the area contained inside the required screening. This area shall be considered a building-related feature for purposes of calculating total land area coverages.
 4. Exterior trash collection areas shall be located in rear or side yards only. Exterior trash collection areas shall not encroach into a front yard. A front yard may exceed the required front yard setback.
 5. All exterior trash collection areas and the materials contained therein shall be screened from view from the adjacent public right-of-way.
 6. The screening shall be a completely opaque fence, wall or other feature not exceeding a height of 10 ft. measured from the ground level outside the line of the screen. Screens built on sloping grades shall be stepped so that their top line shall be horizontal.
 7. Exposed materials used to construct the opaque screen shall be similar in appearance to materials used for exterior building walls. All exterior entrances to a screened trash area shall be provided with a gate or door of similar design to that of the screen.
 8. If a 10-foot-high screen fails to shield the exterior trash collection area from view from the adjacent public right-of-way, evergreen plantings may be required in addition to the screening. Evergreen plant materials shall be selected and designed so that they will screen the area from the adjacent public right-of-way within five (5) years.
- H. Landscaping Regulations- The following Landscaping Regulations shall apply to each lot:
1. Plant Materials: The open space area of each lot shall be planted with permanent lawn and ground covers, shrubs, and trees. It is the intent of these regulations that the development of required open spaces shall reflect a high quality of environmental design.
 2. Landscaping: The following is the minimum requirement of trees and shrubs, by number and size, and the type of ground cover required. Street trees planted in public street right-of-way shall not be counted toward fulfillment of the minimum site requirements set forth below. Plant species to be used for landscaping shall be in accordance with the City of Dubuque

street tree policy. Existing trees and shrubs to be retained on site may be counted toward fulfillment of the landscaping requirements.

- a. Minimum tree planting requirements for any new development in the Dubuque Industrial Center West shall be one (1) tree of the following size per 1,600 square ft. of required open space:
 - 1) 40% minimum: 2-2 1/2" caliper diameter deciduous and/or 8-foot height or greater evergreen.
 - 2) Balance: 1 1/2 - 2" caliper diameter deciduous and/or 6-foot height evergreen.
 - b. Minimum shrub requirements at the time of planting for any development in the PUD District, shall be 6 shrubs, or 1 shrub per 1,000 square ft. of required open space, whichever is greater. Shrubs shall be a minimum of 18" height or minimum of one (1) gallon potted.
3. Landscape berms and/or plantings shall be required as screening for parking areas adjacent to public streets and shall be a minimum of three (3) ft. in height and can utilize natural grade changes to achieve the required 50% opacity landscaping screen. Parking lot screening is in addition to required landscaping of open space areas.
 4. Trees shall be provided in all parking lot islands, which are of sufficient size to ensure the growth and survival of the trees. Trees planted in parking lot islands may be counted toward the minimum tree planting requirements.
 5. The developer of any lot fronting Seippel Road and/or Chavanelle Road shall participate in the planting trees compatible in species and spacing with tree plantings, which have previously been completed by the City along said streets.
 6. The installation of required planting materials may be phased in direct proportion to the phasing of building construction. Required landscaping shall be installed by the date the Building Services Department issues an occupancy certificate, or if winter weather prevents planting, within six months of being issued an occupancy certificate.
 7. To reduce erosion, all disturbed open space areas shall have ground cover of grass or native vegetation, which is installed as sod, or seeded, fertilized, and mulched.
 8. The lot owner is required to replant

any and all plant materials, which have died due to any cause during the effective period of this PUD Ordinance.

9. A detailed landscape plan shall be required as part of submittal for final site development plan approval.
10. The area between the public street and the right-of-way line shall be planted with grass and maintained by the lot owner.
11. Industrial Center landscaping: Common areas and streetscapes of the PUD District shall be in accordance with the landscape plan, a copy of which is [provided] and made a part of this PUD ordinance.

I. Performance Standards - The development and maintenance of uses in this PUD District shall be established in conformance with the following standards:

1. Site Lighting: exterior illumination of site features and location and design of site lighting shall be in accordance with the following requirements:

- a. Exterior Illumination of site features shall be limited to the illumination of the following:

- 1) Parking areas, driveways and loading facilities
- 2) Pedestrian walkway surfaces and entrances to building
- 3) Screened storage areas
- 4) Building exterior

- b. Location and design of site lighting shall be in accordance with the following requirements:

- 1) All exterior lighting shall be designed, installed, and maintained so as not to cause glare or to shine in adjacent lots and streets.
- 2) No light source shall provide illumination onto adjacent lots, buildings, or streets in excess of 1 .0-foot candle.
- 3) All exterior lighting luminaries shall be designed and installed to shield light from the luminaire at angles above 72 degrees from vertical.
- 4) Fixtures mounted on a building shall not be positioned higher than the roofline of the building.
- 5) Wooden utility type poles are acceptable only for temporary use during construction.
- 6) All electrical service lines to posts and fixtures shall be underground and concealed inside the posts.

2. Utility Locations: Service lines and mechanical equipment for utilities shall

be located in accordance with the following requirements.

- a. Service Lines: All electrical, telephone cable and other similar utility lines serving the building and other site features shall be located underground.

- b. Mechanical Equipment: All ground-mounted electrical transformers, switching gear, relay boxes, meters, air conditioning units, heat pumps and other similar mechanical equipment shall be screened from view. Screening may consist of plantings or masonry walls. Plantings shall achieve 50% opacity after three (3) growing seasons and a masonry wall shall appear to be an integral part of the building's overall architectural design.

3. Site Plans: Final site development plans shall be submitted in accordance with Section 12 Site Plans of the Unified Development Code prior to construction of each building and vehicle-related feature unless otherwise exempted by Section 12 Site Plans.

4. Storm Water Conveyance: The developer of each lot shall be responsible for providing surface or subsurface conveyance(s) of storm water from the lot to existing storm sewers or to flow line of open drainage ways outside the lot in a means that is satisfactory to the Public Works Department of the City of Dubuque. Other applicable regulations enforced by the City of Dubuque relative to storm water management and drainage shall apply to properties in the PUD District.

5. Platting: The conceptual development plan shall serve as the preliminary plat for this PUD District. Subdivision plats and improvement plans shall be submitted in accordance with Chapter 11 Land Division of the City of Dubuque Unified Development Code.

6. Noises: Noises generated within the PUD District shall be regulated by Chapter 33, Article IV Noises, of the City of Dubuque Code of Ordinances.

7. Street Lighting: Streetlights shall be installed in accordance with City of Dubuque standards.

8. Flood Plain Regulations: The area of the PUD District that lies within the flood plain of Catfish Creek shall be subject to the regulations of Section 6-4 Flood Hazard Overlay Districts of the Unified Development Code.

9. Phased construction of Buildings and Parking Spaces: The construction of off-street parking spaces may be phased in proportion to the percentage of total building floor area constructed at any one time. Ground area set aside for future parking, loading spaces or driveways or for parking provided in excess of the minimum required number of parking spaces shall not reduce the minimum required area for open space.
10. Other Codes and Regulations: These regulations do not relieve an owner from other applicable City, County, State and Federal codes, regulations, laws, and other controls relative to the planning, construction, operation, and management of property in the PUD District.
- J. Open Space and Recreational Areas - Those areas not designated on the conceptual development plan as "open" shall be maintained as open space by the property owner and/or association. The recreational trail shall be maintained by the property owner and/or association.
- K. Ordinance History
 1. ORD 32-18: Rescinding Ord. No. 83-04, No. 07-02, and No. 14-98 and rezoning an approximately 124-acres of property from Agricultural District and approximately 36-acres of property from PI Planned Industrial to the regulations of the Dubuque Industrial Center West Planned Unit Development with a PI Planned Industrial designation.
 2. Ord. 83-04: Amending Ord. No. 14-98 and No. 07-02 by reclassifying hereinafter described property located east of Seippel Road and south of Middle Road from Agricultural District to PUD Planned Unit Development with a PI Planned Industrial designation and adopting a conceptual development plan.
 3. Ord. 07-02: Reclassifying an approximately 25-acre property located east of Seippel Road and North of the county farm from Agricultural designation to PUD Planned Unit Development District with a PI Planned Industrial designation and adopting an amended conceptual development plan, with conditions, for the Dubuque Industrial Center West.
 4. Ord. 14-98: Reclassifying property located east and west of Seippel Road and north of the county farm from Agricultural designation to PUD Planned Unit Development with a PI Planned

Industrial designation.

- L. Transfer of Ownership - Transfer of ownership or lease of property in this PUD District shall include in the transfer or lease agreement a provision that the purchaser or lessee acknowledges awareness of the conditions authorizing the establishment of the district.
- M. Modifications - Any modifications of this Ordinance must be approved by the City Council in accordance with zoning reclassification proceedings of Section 9 of the Unified Development Code.
- N. Recording - A copy of this ordinance shall be recorded at the expense of the property owner(s) with the Dubuque County Recorder as a permanent record of the conditions accepted as part of this reclassification approval within thirty (30) days after the adoption of this ordinance. This ordinance shall be binding upon the undersigned and his/her heirs, successors, and assigns.

Section 4. The foregoing amendment has heretofore been reviewed by the Zoning Advisory Commission of the City of Dubuque, Iowa.

Section 5. The foregoing amendment shall take effect upon publication, as provided by law.

Passed, approved, and adopted this 20th day of February, 2023.

/s/Brad M. Cavanagh, Mayor

Attest: /s/Adrienne N. Breitfelder, City Clerk

3. Resolution Approving the Disposition of an Interest in City-Owned Real Estate Pursuant to the Development Agreement by and between the City of Dubuque and Seippel Warehouse, LLC, Including the Issuance of Urban Renewal Tax Increment Revenue Grant Obligations: Motion by Jones to receive and file the documents and adopt Resolution No. 55-23 Approving the disposal of an interest in City of Dubuque owned real estate by sale to Seippel Warehouse, LLC, pursuant to a Development Agreement by and between the City of Dubuque and Seippel Warehouse, LLC, including the issuance of Urban Tax Increment Revenue Obligations to Seippel Warehouse, LLC. Seconded by Farber. Randy Schmitt, 3085 Castle Woods Ln., Chief Financial Officer of Gronen; and Shawn Hilborn, 17509 Alan Jackson Dr., Chief Operating Officer of Gronen, summarized the project and displayed a layout of the proposed updates. Rick Dickinson, 205 Hill St., President and CEO of Greater Dubuque Development Corporation, spoke in support of the development agreement. City Council Members thanked Gronen and Simmons Pet Food for their work. Motion carried 7-0.

**RESOLUTION NO. 55-23
APPROVING THE DISPOSAL OF AN INTEREST IN CITY OF DUBUQUE OWNED REAL ESTATE BY SALE TO SEIPPEL WAREHOUSE, LLC, PURSUANT TO A DEVELOPMENT AGREEMENT BY AND BETWEEN THE CITY OF DUBUQUE AND SEIPPEL WAREHOUSE, LLC, INCLUDING THE ISSUANCE OF URBAN TAX INCREMENT REVENUE OBLIGATIONS TO SEIPPEL WAREHOUSE, LLC**

Whereas, the City of Dubuque is the owner of the property legally described as follows:

Lot 2 of Dubuque Industrial Center South First Addition, City of Dubuque, Iowa (the Property); and

Whereas, the City Council, by Resolution No. 33-23, dated February 6, 2023, declared its intent to dispose of its interest in the Property by sale to Seippel Warehouse, LLC pursuant to a Development Agreement by and between the City of Dubuque and Seippel Warehouse, LLC, including the issuance of Urban Renewal Tax Increment Revenue Obligations to Seippel Warehouse, LLC.; and

Whereas, pursuant to published notice, a public hearing was held on the proposed Development Agreement on February 20, 2023 at 6:30 p.m.; and

Whereas, it is the determination of the City Council that sale of the Property and approval of the Development Agreement for redevelopment of the Property by Seippel Warehouse, LLC, according to the terms and conditions set out in the Development Agreement, is in the public interest of the City of Dubuque.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the Development Agreement between the City of Dubuque and Seippel Warehouse, LLC., a copy of which is [provided] hereto, including the sale of the Property and the issuance of Urban Renewal Tax Increment Revenue Obligations, is hereby approved.

Section 2. That the Mayor is hereby authorized and directed to execute the Development Agreement on behalf of the City of Dubuque and the City Clerk is authorized and directed to attest to his signature.

Section 3. That the City Manager is authorized to take such actions as are necessary to comply with the terms of the Development Agreement as herein approved.

Passed, approved, and adopted this 20th day of February, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

PUBLIC INPUT

Regarding Action Item No. 3, Clark Scholz, 2925 Burlington St.; James Stewart, 1425 University Ave.; and Jamie Carr, 945 Clark Dr., spoke in opposition to the proposed ordinance. Ryan Sempf, 7819 Commerce Park, Unit 300; spoke on behalf of the Dubuque Area Chamber of Commerce regarding Action Item No. 3, stating that the chamber has yet to determine their position on the item but advised City Council Members refer to the survey results of chamber members regarding the topic. City Clerk Breitfelder stated that written input was received regarding Action Item No. 3 from the following residents: Ed Dissell, 2208 Suzanne Dr.; Molly Grover, President and CEO of the Dubuque Area Chamber of Commerce; Lance Kirby, 440 Burch St.; Art and Karen Rokusek, 14248 Augusta Ct.; and James Ploessl, 825 Harlan St.

ACTION ITEMS

1. Resolution Approving First Amendment to Amended and Restated Development Agreement Between the City of Dubuque and Simmons Pet Food, Inc.: Motion by Jones to receive and file the documents and adopt Resolution No. 56-23 Approving the First Amendment to the Amended and Restated Development Agreement by and between the City of Dubuque and Simmons Pet Food, Inc. Seconded by Sprank. City Attorney Brumwell stated that there must be a motion to amend Section 6.1 of the Development Agreement due to a late change to the agreement to add language related to the additional jobs that will be created. The change in language indicates an additional 10 full-time equivalents for a total of 281 full-time equivalents may be divided between management and hourly production categories as dictated by Simmons's business needs from time to time. A motion to amend with the change needs to be done to include that language, and then City Council may approve the amended development agreement by returning to the original motion of approving the development agreement, as amended. Motion by Farber to amend the first amendment to the amended and restated development agreement by and between the City of Dubuque and Simmons Pet Food, Inc. to incorporate the updated language stated by Brumwell regarding Section 6.1 of the development agreement. Seconded by Roussell. Motion carried 7-0.

Returning to the original motion to receive and file and adopt the resolution, as amended, motion carried 7-0.

**RESOLUTION NO. 56-23
APPROVING THE FIRST AMENDMENT TO THE AMENDED AND RESTATED DEVELOPMENT AGREEMENT BY AND BETWEEN**

THE CITY OF DUBUQUE AND SIMMONS PET FOOD, INC.

Whereas, Simmons Pet Food, Inc. entered into an Amended and Restated Development Agreement dated December 9, 2020, with the City of Dubuque, Iowa, providing certain rights and obligations with respect to the property legally described as

Lot 5 of Dubuque Industrial Center South First Addition in the City of Dubuque, Iowa (Parcel A) and that part of Lot C of Dubuque Industrial Center South First Addition in the City of Dubuque, Iowa shown on Exhibit B (Parcel B) with all easements, tenements, hereditaments, and appurtenances belonging thereto so that Developer may further develop Lot 4, Lot 5, and that part of Lot C (hereinafter sometimes referred to as "the Property"), located in the Project Area, for the construction, use, and occupancy of the Facility in accordance with the uses specified in the Urban Renewal Plan and Developer agrees to comply with any amendments to the Urban Renewal Plan, in accordance with this Agreement (the Property); and

Whereas, the City of Dubuque and Simmons Pet Food, Inc. now desire to amend the Amended and Restated Development Agreement as set forth in the [provided] First Amendment to Amended and Restated Development Agreement; and

Whereas, the City Council finds that it is in the best interests of the City of Dubuque to approve the First Amendment to Amended and Restated Development Agreement.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the First Amendment to Amended and Restated Development Agreement by and between the City of Dubuque and Simmons Pet Food, Inc., a copy of which is [provided] hereto is hereby approved.

Section 2. That the Mayor is hereby authorized and directed to execute the First Amendment to Amended and Restated Development Agreement on behalf of the City of Dubuque and the City Clerk is authorized and directed to attest to his signature.

Section 3. That the City Manager is authorized to take such actions as are necessary to comply with the terms of the Development Agreement as herein approved.

Passed, approved, and adopted this 20th day of February, 2023.

Brad M. Cavanagh, Mayor

Attest: Adrienne N. Breiffelder, City Clerk

2. Naming Recognition Request – Multicultural Family Center: Motion by Resnick to receive and file the documents and approve the

naming recognition and naming signage request made by the Multicultural Family Center (non-profit) regarding the Multicultural Family Center. Seconded by Sprank. John Stewart, 2375 Coventry Park Unit A202, Multicultural Family Center Board Member, provided an overview of the proposal. City Council Members commended the request. Motion carried 7-0.

3. First Reading Proposed Ordinance Automated Speed Enforcement: Motion by Jones to move first reading of the following ordinance: Amending Title 9 Motor Vehicles and Traffic, Chapter 7 Operation, Division 5 Speed Restrictions by enacting a new Section 9-7-321.286 Automated Speed Enforcement regarding automated speed enforcement and the process for challenging an automated speed citation. Seconded by Sprank. Point of Order by Brumwell to add receive and file to the motion. So moved by Jones and seconded by Sprank. Responding to a question from the City Council, Police Chief Jeremy Jensen stated that the Engineering Department does not have any concrete data on speeding and the suggestions for speed camera placement were based on the high number of crashes at specific locations and the number of resident complaints regarding speeding at specific locations. City Engineer Gus Psihoyos stated that the department has devices that capture all vehicle speeds and advised they be installed in May to avoid potential damage from winter weather. Mr. Psihoyos stated the department currently owns 10 devices and may order more, making the total count up to 15. Responding to questions, City Manager Van Milligen stated that there will be signs notifying drivers of speed camera locations and that city staff intend to provide City Council will a quarterly report on speed camera data. After City Council Members deliberated automated speed enforcement at length, a suggestion was made to postpone the ordinance until baseline data is available on the number of vehicles speeding in the city. Responding to a question on the process to delay the ordinance, City Attorney Brumwell stated that postponement could be done definitely to a particular date, or indefinitely. If postponed definitely, then the item would automatically appear on the agenda on the date specified. City Manager Van Milligen suggested June 5, 2023, as the definite postponement date.

City Council Members also discussed amending the first offense civil fine within the ordinance. Motion by Farber to amend Section D, Item 2, of the proposed ordinance to have the first offense civil fine be \$0 for all first offenses, regardless of speeding range, thus deeming the first offense a courtesy ticket without a fine. Seconded by Roussell. Responding

to questions, City Attorney Brumwell stated that all the fines listed in the first offense column of the Item 2 table will be shifted to the second and subsequent offenses column, and that the ordinance does not contain a timeframe for issuing a second offense civil fine. Motion carried 6-1 with Resnick voting nay.

Motion by Jones to postpone discussion on the ordinance until a meeting in June of 2023 when staff is ready to present data to the City Council. Seconded by Farber. Point of Order by Brumwell that the motion should include to postpone the ordinance as amended. So moved by Jones and seconded by Farber. Regarding a specific date in June to postpone until, Jones stated that the June 5, 2023 meeting could be the date, or it could be the June 20, 2023 meeting, depending on when staff will have the data ready. City Attorney Brumwell confirmed that the first reading of the ordinance will remain the action that appears on the agenda if the item is postponed. Responding to a question regarding funeral processions being excused from offenses, City Attorney Brumwell stated that is consistent across ordinances and best practices throughout the state and was included in the ordinance for consistency. Motion carried 7-0.

4. Automated Speed Enforcement Policy: Responding to a question from the City Council, City Attorney Brumwell advised that based on the City Council's postponement of Action Item No. 3 until June of 2023, that the motion for this item be to receive and file and place on the June 5, 2023, agenda for further review. Motion by Roussell to receive and file the documents and place the draft Automated Speed Enforcement Policy on the June 5, 2023, agenda for further review. Seconded by Sprank. Motion carried 7-0.

5. Secondary Responder Model: Motion by Jones to receive and file the documents, approve the recommendations on utilizing the Internal Working Group as the backbone to a secondary responder model, allow for the exploration of co-locating services in the Federal Building, identify community partners to support the efforts of secondary responders, and continue to pursue funding for co-responder position(s), and listen to the presentation. Seconded by Roussell. Police Chief Jeremy Jensen made a presentation. City Council Members commended the recommendations and stated that this is a community issue that will take the community's support to address. Motion carried 7-0.

6. Fiscal Year 2024 Recommended Budget: Motion by Resnick to receive and file the documents and listen to the presentation.

Seconded by Roussell. City Manager Van Milligen made a presentation on the Fiscal Year 2024 recommended budget. Motion carried 7-0.

7. Fiscal Year 2024 Budget Hearing Schedule: Motion by Jones to receive and file the documents. Seconded by Roussell. Motion carried 7-0.

8. Sanitary Sewer Asset Management Plan Consulting Engineering Services: Motion by Roussell to receive and file the documents, approve releasing a request for qualifications (RFQ) to hire a consultant to assist with the development of the City's Sanitary Sewer Asset Management Plan, and listen to the presentation. Seconded by Farber. Civil Engineer Max O'Brien made a presentation. Responding to questions from the City Council, Mr. O'Brien stated that the goal of the plan is to develop quantifiable and data driven processes to aid in capital improvement planning and that social and economic impact is considered part of the critical assets. City Council Members stated that the plan will provide good information to share with the public. Motion carried 7-0.

9. Reschedule Sustainable Dubuque Quarterly Work Session: Motion by Roussell to receive and file the documents and reschedule the July 17th Sustainable Dubuque work session to Monday, August 7, 2023, at 5:30 p.m. Seconded by Jones. No schedule conflicts were expressed. Motion carried 7-0.

CLOSED SESSION

Motion by Jones to convene in closed session at 10:22 p.m. to discuss Purchase or Sale of Real Estate – Chapter 21.5(1)(j) Code of Iowa. Seconded by Roussell. Mayor Cavanagh stated for the record that the attorney who will consult with City Council on the issues to be discussed in the closed session is City Attorney Brumwell. Motion carried 7-0.

The City Council reconvened in open session at 10:37 p.m. stating that staff had been given proper direction.

There being no further business, Mayor Cavanagh declared the meeting adjourned at 10:37 p.m.

/s/Adrienne N. Breitfelder, CMC, City Clerk

**CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
SPECIAL SESSION
OFFICIAL**

The Dubuque City Council met in special session at 6:30 p.m. on February 21, 2023, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen.

Mayor Cavanagh read the call and stated this is a special session of the City Council called for the purpose of conducting public hearings on certain Fiscal Year 2024 Department Budgets.

PUBLIC HEARINGS

FISCAL YEAR 2024 DEPARTMENT BUDGETS

Fiscal Year 2024 City department budgets were presented by staff from the following departments:

1. City Attorney's Office (Legal Services)
Fiscal Year 2024 Budget Presentation: Crenna Brumwell, City Attorney;

2. City Clerk's Office Fiscal Year 2024 Budget Presentation: Adrienne Breitfelder, City Clerk;

3. Public Information Office Fiscal Year 2024 Budget Presentation: Randy Gehl, Public Information Officer and Nikki Rosemeyer, Geographic Information Systems (GIS) Coordinator;

4. Human Resources Fiscal Year 2024 Budget Presentation: Shelley Stickfort, Human Resources Director;

5. City Manager's Office Fiscal Year 2024 Budget Presentation: Cori Burbach, Assistant City Manager and Gina Bell, Sustainability Coordinator;

6. City Council Fiscal Year 2024 Budget Presentation: City Manager Van Milligen.

Staff responded to questions from the City Council following their respective presentation. Mayor Cavanagh confirmed the process for City Council Members to suggest amendments to the budget. A City Council Member may propose to add or remove something from a department's budget. Mayor Cavanagh will

conduct a straw poll of the City Council Members to determine if there is majority support for the suggestion. Any items with majority support will be discussed and acted upon at the final budget hearing to adopt the Fiscal Year 2024 budget. City Council Members discussed their interpretations of the budget recommendations and the straw poll process for amending the budget. Mayor Cavanagh advised that any changes to the City Council's budget amendment process be discussed at the City Council's annual goal setting. Council Member Farber requested feedback from the City Council on whether there was an interest in considering amending the budget to add the Public Information Office's Improvement Package requests for the GIS Application Specialist (Improvement Package No. 1) and the GIS Data Analyst Position (Improvement Package No. 4) which were not recommended by the City Manager. After discussion, City Council Members decided to consider the suggestions at a later date. City Council Members determined to conduct further budget hearings before discussing any amendments to add city staff positions to the budget. City Manager Van Milligen stated that recently adopted state legislation extends the deadline to certify the Fiscal Year 2024 budget until April of 2023, so the City Council has the option to reschedule the public hearing to adopt the final budget if additional time is needed to consider the budget recommendations.

There being no further business, Mayor Cavanagh declared the meeting adjourned at 10:13 p.m.

/s/Adrienne N. Breitfelder, CMC, City Clerk

**CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
SPECIAL SESSION
OFFICIAL**

The Dubuque City Council met in special session at 6:30 p.m. on February 27, 2023, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal (attended virtually); City Manager Van Milligen.

Mayor Cavanagh read the call and stated this is a special session of the City Council called for the purpose of conducting public hearings on certain Fiscal Year 2024 Department Budgets.

PUBLIC HEARINGS

FISCAL YEAR 2024 DEPARTMENT BUDGETS

Fiscal Year 2024 City department budgets were presented by staff from the following departments:

1. Health Services Fiscal Year 2024 Budget Presentation: Mary Rose Corrigan, Public Health Director.

2. Library Fiscal Year 2024 Budget Presentation: Nick Rossman, Library Director.

3. Airport Fiscal Year 2024 Budget Presentation: Todd Dalsing, Airport Director.

4. Office of Shared Prosperity and Neighborhood Support Fiscal Year 2024 Budget Presentation: Anderson Sainci, Director of the Office of Shared Prosperity and Neighborhood Support; and Temwa Phiri, Community Engagement Coordinator.

5. Office of Equity and Human Rights Fiscal Year 2024 Budget Presentation: Gisella Aitken-Shadle, Chief of Equity and Human Rights.

6. Finance Fiscal Year 2024 Budget Presentation: Jennifer Larson, Chief Financial Officer; and Rose Hoerner, Utility Billing Supervisor.

Staff responded to questions from the City Council following their respective presentation. Abhishek Rai, 3674 Pennsylvania Ave., provided input during Public Hearing No. 4 in support of the department's outreach efforts to minority businesses.

There being no further business, Mayor Cavanagh declared the meeting adjourned at 9:51 p.m.

/s/Adrienne N. Breittfelder, CMC, City Clerk

**CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
REGULAR SESSION
OFFICIAL**

The Dubuque City Council met in regular session at 6:30 p.m. on March 6, 2023, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen, City Attorney Brumwell.

Mayor Cavanagh read the call and stated this is a regular session of the City Council called for the purpose of conducting such business that may properly come before the City Council.

PLEDGE OF ALLEGIANCE

City Clerk Breitfelder announced that Public Hearing No. 2: Public Hearing for Sale of City-Owned Property at 612 Lincoln Avenue, was removed from the meeting.

PRESENTATION(S)

1. 2023 Governor's Arts Award for Arts Service Recognition for Arts & Cultural Affairs Manager Jenni Petersen-Brant: David Schmitz, Administrator with the Iowa Arts Council; and Nick Halder, Chair of the Arts and Cultural Affairs Advisory Commission, recognized Arts & Cultural Affairs Manager Jenni Petersen-Brant for receiving a 2023 Governor's Arts Award for Arts Service.

PROCLAMATION(S)

1. Irish American Heritage Month (March 2023) was accepted by Patrick Leonard on behalf of the Ancient Order of Hibernians Dubuque Division #2.

2. National Kidney Month (March 2023) was accepted by Mary and Barry Murphy on behalf of the National Kidney Foundation.

3. AmeriCorps Week (March 12 - 18, 2023) was accepted by AmeriCorps and Volunteer Services Coordinator Sarah Berna and Community Impact Director Heather Satterly on behalf of the City of Dubuque AmeriCorps Program.

4. Honeybee Day (March 16, 2023) was accepted by H.R. Cook on behalf of the Iowa Honey Producers Association and Swiss Valley Bee Club.

CONSENT ITEMS

Council Member Jones requested Item No. 5 be held for separate discussion. Motion by Resnick to receive and file the documents, adopt the resolutions, and dispose of as indicated, except for Item No. 5. Seconded by Wethal. Motion carried 7-0.

1. Minutes and Reports Submitted: City Council Proceedings of 2/20/23 and 2/21/23; Civil Service Commission of 2/8/23 and 2/20/23; Resilient Community Advisory Commission of 1/5/23 and 2/2/23; Proof of Publication for City Council Proceedings of 2/6/23. Upon motion the documents were received and filed.

2. Notice of Claims and Suits: Brenda Atkinson for property damage; Jacqueline Budde for vehicle damage; Colin Hollenback for vehicle damage; Victor Mowery for vehicle damage; Tonia Nicholson for vehicle damage; Wayne Ramaker for vehicle damage. Upon motion the documents were received, filed, and referred to the City Attorney.

3. Disposition of Claims: City Attorney advised that the following claims have been referred to Public Entity Risk Services of Iowa, the agent for the Iowa Communities Assurance Pool: Brenda Atkinson for property damage; Jacqueline Budde for vehicle damage; Steven Grutzmacher for property damage; Colin Hollenback for vehicle damage; Michael Lange for vehicle damage; John Lockwood for vehicle damage; Victor Mowery for vehicle damage; Tonia Nicholson for vehicle damage; Wayne Ramaker for vehicle damage. Upon motion the documents were received, filed, and concurred.

4. Approval of City Expenditures: Upon motion the documents were received and filed, and Resolution No. 57-23 Authorizing the Chief Financial Officer/City Treasurer to make certain payments of bills that must be paid and approved for payment in accordance with City procedures was adopted.

**RESOLUTION NO. 57-23
AUTHORIZING THE CHIEF FINANCIAL OFFICER / CITY TREASURER TO MAKE CERTAIN PAYMENTS OF BILLS THAT MUST BE PAID AND APPROVED FOR PAYMENT IN ACCORDANCE WITH CITY PROCEDURES**

Whereas, Section 1-7-7(E) of the Municipal Code of the City of Dubuque provides that the Finance Director-City Treasurer shall keep an accurate account of all disbursements, money, or property, specifying date, to whom, and from what fund paid; and

Whereas, the invoices, presented by those firms and persons providing such goods and services have been pre-audited by Finance Department personnel in accordance with generally accepted internal control procedures and have been determined to have been requisitioned for a lawful municipal purpose; and

Whereas, the Chief Financial Officer-City Treasurer has provided a list of Expenditures [provided] hereto, and by this reference made a part hereof, to be drawn to pay for goods and services provided for City purposes; and

Whereas, the City Council of the City of Dubuque has heretofore, by Resolution 142-18 adopted May 7, 2018, authorized the Chief Financial Officer-City Treasurer to issue checks in payment of certain expenditures known as Exception Expenditures prior to City Council approval and such list is [provided] hereto.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The Chief Financial Officer-City Treasurer is hereby authorized to issue payment for goods and services provided for City purposes in response to the purchase orders and contracts issued in compliance with state and municipal code requirements as requested by designated requisitioning authorities in accordance with approved budget appropriations.

Section 2. In accordance with Iowa Code Section 372.13(6), the City Clerk and Chief Financial Officer are hereby authorized and directed to provide the statement of receipts and disbursements to the City Council, and to publish a summary thereof.

Passed, approved, and adopted this 6th day of March, 2023.

Brad M. Cavanagh, Mayor

Attest: Adrienne N. Breitfelder, City Clerk

5. Announcement of Solid Waste Agency Administrator Ken Miller serving as incoming President of the North American Hazardous Materials Management Association (NAHMMA): Council Member Jones congratulated Solid Waste Agency Administrator Ken Miller for serving as incoming President of NAHMMA. Motion by Jones and receive and file the documents. Seconded by Roussell. Motion carried 7-0.

6. 2023 Asphalt Overlay Curb Ramp Project 2: Upon motion the documents were received, filed, and made a matter of record.

7. Submittal of Fiscal Year 2022/Program Year 2021 Community Development Block Grant Consolidated Annual Performance and Evaluation Report (CAPER): Upon motion the documents were received and filed, and Resolution No. 58-23 Acknowledging the

submission of a Consolidated Annual Performance and Evaluation Report (CAPER) for the period commencing July 1, 2021 and concluding June 30, 2022 was adopted.

RESOLUTION NO. 58-23

ACKNOWLEDGING THE SUBMISSION OF A CONSOLIDATED ANNUAL PERFORMANCE AND EVALUATION REPORT (CAPER) FOR THE PERIOD COMMENCING JULY 1, 2021 AND CONCLUDING JUNE 30, 2022

Whereas, the City of Dubuque, Iowa, is an entitlement grant recipient under the Community Development Block Grant (CDBG) Program of the U.S. Department of Housing and Urban Development (HUD); and

Whereas, the CDBG regulations require each entitlement recipient must submit a performance and evaluation report, Consolidated Annual Performance and Evaluation Report (CAPER); and

Whereas, the City has 1) prepared a CAPER for the program year commencing July 1, 2021 and concluding June 30, 2022; 2) published notice of availability of the CAPER in the Telegraph Herald and City of Dubuque website on February 1, 2023 and; 3) made copies of the CAPER available for public review; 4) held a public hearing pursuant to required 15-days published notice before the Community Development Advisory Commission on February 22, 2023.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the Consolidated Annual Performance and Evaluation Report (CAPER) for the period commencing July 1, 2021, and concluding June 30, 2022, is hereby approved for submission upon the completion of the Public Hearing held on February 22, 2023.

Section 2. That the Mayor of the City of Dubuque is hereby acknowledging the Consolidated Annual Performance and Evaluation Report (CAPER) was submitted on behalf of the City of Dubuque, Iowa.

Section 3. That the City Manager or his designee of the City of Dubuque is hereby acknowledging staff submitted the Consolidated Annual Performance and Evaluation Report (CAPER) along with any public comment to the U.S. Department of Housing and Urban Development.

Passed, approved, and adopted this 6th day of March 2023.

Brad M. Cavanagh, Mayor

Attest: Adrienne N. Breitfelder, City Clerk

8. Community Development Block Grant Fiscal Year 2023 Annual Action Plan Amendment #1: Upon motion the documents were received and filed, and Resolution No. 59-23 Adopting the Fiscal Year 2023 (Program Year

2022) Community Development Block Grant (CDBG) Annual Action Plan Amendment #1 was adopted.

**RESOLUTION NO. 59-23
ADOPTING THE FISCAL YEAR 2023 (PROGRAM YEAR 2022) COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) ANNUAL ACTION PLAN AMENDMENT #1**

Whereas, the City of Dubuque, through a series of public meetings and hearings, proposed a Fiscal Year 2023 (Program Year 2022) Community Development Block Grant Annual Action Plan for inclusion in the City Budget addressing housing and non-housing needs in the community; and

Whereas, the Community Development Advisory Commission held a public hearing on February 22, 2023 to receive community input on the first amendment to the Fiscal Year 2023 (Program Year 2022) Community Development Block Grant Annual Action Plan; and

Whereas, the Community Development Advisory Commission unanimously recommended the City Council approve Amendment #1 to the Fiscal Year 2023 (Program Year 2022) Community Development Block Grant Annual Action Plan on February 22, 2023.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the Community Development Block Grant Fiscal Year 2023 (Program Year 2022) Annual Action Plan Amendment #1, [provided] hereto and by this reference made a part hereof, is hereby approved.

Section 2. The City Manager or his designee of the City of Dubuque is hereby authorized to directed staff to prepare and submit to the United States Department of Housing and Urban Development the Fiscal Year 2023 (Program Year 2022) Annual Action Plan Amendment #1 with all related documents, for the use of Community Development Block Grant funds based on this adopted budget and execute standard contracts and agreements.

Passed, approved, and adopted this 6th day of March 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breifelder, City Clerk

9. Notice of Award and Request for Execution of Agreement for Volunteer DBQ: City Volunteer Engagement Initiative: Upon motion the documents were received, filed, and approved.

10. Assistance to Firefighters Grant: Upon motion the documents were received, filed, and approved.

11. Menard Inc. Property Tax Appeal Stipulation of Settlement: Senior Counsel transmitted notice of a stipulation of settlement and the

proposed settlement agreement for a property tax appeal filed by Menard Inc. for their property located at 5300 Westside Drive. Upon motion the documents were received and filed.

12. Mediacom Communications Corporation Correspondence on Rate Adjustments: Correspondence from Lee Grassley, Senior Manager of Government Relations for Mediacom Communications Corporation, informing the city of rate adjustments being implemented on or about April 1, 2023. Upon motion the documents were received and filed.

13. Approval of 2022 City Council Official Proceedings: Upon motion the documents were received, filed, and approved.

14. Approval of Retail Alcohol Licenses: Upon motion the documents were received and filed, and Resolution No. 60-23 Approving applications for retail alcohol licenses, as required by City of Dubuque Code of Ordinances Title 4 Business and License Regulations, Chapter 2 Liquor Control, Article B Liquor, Beer and Wine Licenses and Permits was adopted.

**RESOLUTION NO. 60-23
APPROVING APPLICATIONS FOR RETAIL ALCOHOL LICENSES, AS REQUIRED BY CITY OF DUBUQUE CODE OF ORDINANCES TITLE 4 BUSINESS AND LICENSE REGULATIONS, CHAPTER 2 LIQUOR CONTROL, ARTICLE B LIQUOR, BEER AND WINE LICENSES AND PERMITS**

Whereas, applications for retail alcohol licenses have been submitted and filed with the City Council for approval, and the same have been examined, provisionally approved, and/or approved; and

Whereas, the premises to be occupied by such applicants were inspected and found to comply with the Ordinances of the City, and the applicants have filed the proper fees and bonds and otherwise complied with the requirements of the Code of Ordinances.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The City Clerk is hereby authorized and directed to cause to be issued at the noted premise address to the following applicants pending submission of the locally required documentation:

ITEMS SET FOR PUBLIC HEARING

Motion by Roussell to receive and file the
documents, adopt the resolutions, and set the
public hearings as indicated. Seconded by Far-
ber. Motion carried 7-0.

1. Vacating of a portion of certain Sanitary
Sewer Easements across a Part of Lot 1 of
Dubuque Industrial Center 14th Addition, in the
City of Dubuque, Iowa: Upon motion the docu-
ments were received and filed and Resolution
No. 61-23 Intent to vacate and dispose of City
interest in a portion of Easements for Sanitary
Sewer Utilities over and across a part of Lot 1
of Dubuque Industrial Center 14th Addition, in
the City of Dubuque, Iowa was adopted setting
a public hearing for a meeting to commence at
6:30 p.m. on March 20, 2023 in the Historic
Federal Building.

**RESOLUTION NO. 61-23
INTENT TO VACATE AND DISPOSE OF
CITY INTEREST IN A PORTION OF EASE-
MENTS FOR SANITARY SEWER UTILITIES
OVER AND ACROSS A PART OF LOT 1 OF
DUBUQUE INDUSTRIAL CENTER 14TH AD-
DITION, IN THE CITY OF DUBUQUE, IOWA**

Whereas, per an agreement between the
City of Dubuque, Dubuque Initiatives, MAR
Holdings, and Geisler Family Realty Company,
the parties wish to set forth terms for the relo-
cation of a proposed public sanitary sewer util-
ity located in Part of Lot 1 of Dubuque Industrial
Center 14th Addition, in the City of Dubuque,
Dubuque County, Iowa; and

Whereas, that sanitary sewer easements
were included on the Plat of Survey recorded
as Instrument No. 10616-99 and the Final Plat
recorded as Instrument No. 2006-11108 in the
Dubuque County Recorder's Office; and

Whereas, a part of the City of Dubuque
sanitary sewer that had previously been con-
structed inside the easements provided on Plat
of Survey recorded as Instrument No. 10616-

99 and the Final Plat recorded as Instrument
No. 2006-11108 in the Dubuque County Re-
corder's Office have been relocated to a new
alignment by Geisler Family Realty; and

Whereas, per Resolution No. 272-22 the
City of Dubuque has inspected and tested and
accepted the newly constructed and relocated
sanitary sewer for ownership and maintenance
and as per Resolution No. 40-22 the City has
accepted a Grant of Sanitary Sewer for the
newly constructed and relocated sanitary
sewer; and

Whereas, per said agreement the City is re-
sponsible for vacating a portion of the former
sanitary sewer easement area through a part
of Lot 1 of Dubuque Industrial Center 14th Ad-
dition, in the City of Dubuque, Dubuque
County, Iowa.

NOW THEREFORE, BE IT RESOLVED BY
THE CITY COUNCIL OF THE CITY OF DUBU-
QUE, IOWA:

Section 1. That the City of Dubuque, in-
tends to vacate and dispose of its interest in a
portion of the sanitary sewer easements across
a part of Lot 1 of Dubuque Industrial Center 14th
Addition, in the City of Dubuque, Iowa, included
on the Plat of Survey recorded as Instrument
No. 10616-99 and the Final Plat recorded as
Instrument No. 2006-11108 in the Dubuque
County Recorder's Office.

Section 2. That a public hearing, and/or by
virtual means on the intent to vacate and dis-
pose of City interest in a portion of the sanitary
sewer easements across a part of Lot 1 of
Dubuque Industrial Center 14th Addition, in the
City of Dubuque, Iowa, included on the Plat of
Survey recorded as Instrument No. 10616-99
and the Final Plat recorded as Instrument No.
2006-11108 in the Dubuque County Re-
corder's Office, is hereby set for the 20th day of
March, 2023, at the Historic Federal Building,
350 W. 6th Street, Dubuque, Iowa, beginning at
6:30 p.m., and the City Clerk be and is hereby
authorized and directed to cause a notice of
public hearing on the intent to vacate and dis-
pose of said interest to be published in the
manner as prescribed by law.

Passed, approved, and adopted this 6th day
of March, 2023.

2. Resolution of Necessity for the Proposed
Amended and Restated Urban Renewal Plan
for the Greater Downtown Urban Renewal Dis-
trict, Version 2023.1: Upon motion the docu-
ments were received and filed and Resolution
No. 62-23 Authorizing and directing the City
Manager to prepare an Amended and Restated
Urban Renewal Plan, Version 2023.1 for the
Greater Downtown Urban Renewal District and
setting the date for public hearing and consul-
tation on the proposed Amended and Restated

Urban Renewal Plan, Version 2023.1 for said district was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on April 3, 2023 in the Historic Federal Building.

**RESOLUTION NO. 62-23
AUTHORIZING AND DIRECTING THE CITY
MANAGER TO PREPARE AN AMENDED
AND RESTATED URBAN RENEWAL PLAN,
VERSION 2023.1 FOR THE GREATER
DOWNTOWN URBAN RENEWAL DISTRICT
AND SETTING THE DATE FOR A PUBLIC
HEARING AND CONSULTATION ON THE
PROPOSED AMENDED AND RESTATED
URBAN RENEWAL PLAN, VERSION 2023.1
FOR SAID DISTRICT**

Whereas, the City Council of the City of Dubuque has heretofore approved the Amended and Restated Urban Renewal Plan (the "Plan" of "Urban Renewal Plan") for the Greater Downtown Urban Renewal District (the "District") in order to provide redevelopment opportunities which will further the purposes and objectives of the Urban Renewal Plan; and

Whereas, City staff has recommended that the Urban Renewal Plan be further amended and restated to add a project to the public purpose activities in the District; and

Whereas, Iowa Code Chapter 403 requires that before an Urban Renewal Plan may be modified, the City Council must follow the notification, consultation, and public hearing process set forth herein.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the City Manager is authorized and directed to prepare an Amended and Restated Urban Renewal Plan, Version 2023.1 for the Greater Downtown Urban Renewal District to accomplish the foregoing purposes and objectives, to include in such Amended and Restated Urban Renewal Plan, Version 2023.1 any appropriate project activities and details, to determine an appropriate date for and conduct the consultation process required by law with affected taxing entities concerning the proposed Amended and Restated Plan, Version 2023.1.

Section 2. That the City Clerk is directed to publish notice of a public hearing on the adoption of an Amended and Restated Urban Renewal Plan, Version 2023.1 for the Greater Downtown Urban Renewal District to be held on the 3rd day of April, 2023, at 6:30 p.m. in the form [provided] hereto. The notice of said hearing shall generally identify the areas covered by the proposed Amended and Restated Urban Renewal Plan, Version 2023.1 and the general scope of the urban renewal activities planned for such areas and said notice shall be published in a newspaper having general circulation within the City not less than four days nor

more than twenty days before the date of said meeting. A copy of the notice of public hearing shall be sent by ordinary mail to the affected taxing entities.

Section 3. That the Economic Development Director is directed to send by ordinary mail a copy of the proposed Amended and Restated Urban Renewal Plan, Version 2023.1, the notice of public hearing, a notice of consultation, and, to the extent the Amended and Restated Urban Renewal Plan, Version 2023.1 includes the use of tax increment revenues for a public building, an analysis of alternative development and funding options for such public buildings, to the Dubuque Community School District Board of Education and Dubuque County Board of Supervisors, as the affected taxing entities.

Passed, approved, and adopted this 6th day of March, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

PUBLIC HEARINGS

1. Petition to Vacate and Dispose of City Interest a portion of the Stoneman Road Right of Way, in the City of Dubuque, Iowa for Vacation Petition (to Hills and Dales Childhood Development Center) as part of the Stoneman Road Reconstruction Project: Motion by Resnick to receive and file the documents and adopt Resolution No. 63-23 Vacating a portion of Stoneman Road, in the City of Dubuque, IA., known as Lot 2-2-1-2-1-2-2-2-2-B of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa; and Resolution No. 64-23 Disposing of City interest in Lot 2-2-1-2-1-2-2-2-2-B of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, IA.. Seconded by Wethal. City Council Members expressed enthusiasm for the project and partnership with the Hills and Dales Childhood Development Center. Motion carried 7-0.

**RESOLUTION NO. 63-23
VACATING A PORTION OF STONEMAN
ROAD, IN THE CITY OF DUBUQUE, IOWA,
KNOWN AS LOT 2-2-1-2-1-2-2-2-2-B OF
THE NORTHEAST QUARTER OF THE
NORTHEAST QUARTER OF SECTION 28,
T89N, R2E OF THE 5TH P.M., IN THE CITY OF
DUBUQUE, IOWA**

Whereas, per an agreement with Hills and Dales Childhood Development Center approved by Resolution No. 170-22, the City is to vacate a portion of the Stoneman Road right of way originally platted as a cul-de-sac at the westerly end of Stoneman Road and is to convey the property to Hills and Dales for use as parking lot; and

Whereas, the City of Dubuque Engineering Department has prepared and submitted to the City Council a plat showing the proposed vacated right of way of Stoneman Road, in the City of Dubuque, Iowa and assigned a lot number thereto, to be known as Lot 2-2-1-2-1-2-2-2-B of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa; and

Whereas, pursuant to resolution and published notice of time and place of hearing, published in the Telegraph Herald, a newspaper of general circulation published in the City of Dubuque, Iowa on the 24th day of February 2023, the City Council of the City of Dubuque, Iowa met by public and/or virtual means on the 6th day of March, 2023, at 6:30 p.m. in the Historic Federal Building Council Chambers (second floor), 350 West 6th Street, Dubuque, Dubuque County, Iowa to consider the request to vacate; and

Whereas, the City Council of the City of Dubuque, Iowa overruled any and all objections, oral or written to the request to vacate; and

Whereas, the City Council of the City of Dubuque, Iowa, has determined that the proposed vacation of Lot 2-2-1-2-1-2-2-2-2-B of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa should be approved.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the real estate described as Lot 2-2-1-2-1-2-2-2-2-B of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa, be and the same is hereby vacated.

Passed, approved, and adopted this 6th day of March 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

**RESOLUTION NO. 64-23
DISPOSING OF CITY INTEREST IN LOT 2-2-1-2-1-2-2-2-2-B OF THE NORTHEAST QUARTER OF THE NORTHEAST QUARTER OF SECTION 28, T89N, R2E OF THE 5TH P.M., IN THE CITY OF DUBUQUE, IOWA**

Whereas, pursuant to resolution and published notice of time and place of hearing, published in the Telegraph Herald, a newspaper of general circulation published in the City of Dubuque, Iowa on the 24th day of February, 2023, the City Council of the City of Dubuque, Iowa met by in person and/or by virtual means on the 6th day of March, 2023, at 6:30 p.m. in the Historic Federal Building Council Chambers (second floor), 350 West 6th Street, Dubuque, Dubuque County, Iowa to consider the proposal for the sale of real estate described as:

Lot 2-2-1-2-1-2-2-2-2-B of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa; and

Whereas, the City Council of the City of Dubuque, Iowa overruled any and all objections, oral or written to the proposal to sell such real estate.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the conveyance of City of Dubuque real property described as Lot 2-2-1-2-1-2-2-2-2-B of the Northeast Quarter of the Northeast Quarter of Section 28, T89N, R2E of the 5th P.M., in the City of Dubuque, Iowa, to Hills and Dales Childhood Development Center be and the same is hereby approved. Conveyance shall be by Quit Claim Deed.

Section 2. That the Mayor be authorized and directed to execute a Quit Claim Deed, and the City Clerk be and is hereby authorized and directed to deliver said deed of conveyance to Hills and Dales Childhood Development Center.

Section 3. That the City Clerk be and is hereby authorized and directed to record a certified copy of this resolution in the offices of the City Assessor, Dubuque County Recorder and Dubuque County Auditor.

Passed, approved, and adopted this 6th day of March 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

ACTION ITEMS

The Dubuque City Council met in special session at 6:30 p.m. on March 8, 2023, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen.

Mayor Cavanagh read the call and stated this is a special session of the City Council called for the purpose of conducting public hearings on certain Fiscal Year 2024 Department Budgets.

PUBLIC HEARINGS

FISCAL YEAR 2024 DEPARTMENT BUDGETS

Fiscal Year 2024 City department budgets were presented by staff from the following departments:

Leisure Services Manager Marie Ware provided introductory remarks on behalf of the Leisure Services Department.

1. Parks Fiscal Year 2024 Budget Presentation: Marie Ware, Leisure Services Manager.
2. Multicultural Family Center Fiscal Year 2024 Budget Presentation: Umaru Balde, Multicultural Family Center Director.
3. Community Impact Division (formerly AmeriCorps) Fiscal Year 2024 Budget Presentation: Heather Satterly, Community Impact Director.
4. Recreation Fiscal Year 2024 Budget Presentation: Dan Kroger, Recreation Division Manager.

Staff responded to questions from the City Council following their respective presentation.

City Clerk Breitfelder announced that written input was received by Cathy Brimeyer regarding Public Hearing No. 1. Regarding Public Hearing No. 2, Heidi Zull, 1530 Jackson St.; Jessica (Indigo) Perry, 2920 Central Ave. #2; Olivia Neugel; Tessie Strohm, 1850 Avoca St.; and Yara Lopez respectively provided input in support of a full-time site supervisor position. City Clerk Breitfelder announced that written input was received by Kalee Kerper, 1071 Main St.; as well as from Ms. Zull and Ms. Strohm.

CLOSED SESSION

Motion by Jones to convene in closed session at 10:03 p.m. to discuss Purchase or Sale of Real Estate – Chapter 21.5(1)(j) Code of Iowa. Seconded by Wethal. Mayor Cavanagh stated for the record that the attorney who will consult with City Council on the issues to be discussed in the closed session is City Attorney Brumwell. Motion carried 7-0.

The City Council reconvened in open session at 11:07 p.m. stating that staff had been given proper direction.

There being no further business, Mayor Cavanagh declared the meeting adjourned at 11:08 p.m.

/s/Adrienne N. Breitfelder, CMC, City Clerk

CITY OF DUBUQUE, IOWA CITY COUNCIL PROCEEDINGS SPECIAL SESSION OFFICIAL

The Dubuque City Council met in special session at 6:30 p.m. on March 9, 2023, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen.

Mayor Cavanagh read the call and stated this is a special session of the City Council called for the purpose of setting the public hearing on the Fiscal Year 2024 City Budget and conducting public hearings on certain Fiscal Year 2024 Department Budgets.

ITEMS SET FOR PUBLIC HEARING

1. Set Public Hearing on Fiscal Year 2024 City Budget: Motion by Jones to receive and file the documents and adopt Resolution No. 65-23 Setting the date for the public hearing on the Fiscal Year 2024 Budget for the City of Dubuque; and Resolution No. 66-23 Setting the date for the public hearing on the Five-Year Capital Improvement Program for Fiscal Years 2024 through 2028 for the City of Dubuque. Seconded by Roussell. Motion carried 7-0.

Adoption of the resolutions sets a public hearing for a meeting to commence at 6:30 p.m. on March 23, 2023, in the Historic Federal Building.

RESOLUTION NO. 65-23 SETTING THE DATE FOR THE PUBLIC HEARING ON THE FISCAL YEAR 2024 BUDGET FOR THE CITY OF DUBUQUE

Whereas, Iowa Code Section 384.16 provides that the City Council shall set a time and place for a public hearing on the Fiscal Year 2024 budget before the final budget certification date and shall publish notice before the hearing as provided in Iowa Code Section 384.16.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the City Council shall conduct a public hearing on the proposed Fiscal Year 2024 budget for the City of Dubuque in the City Council Chambers and virtually on Thursday, March 23, 2023, beginning at 6:30 p.m.

Passed, approved, and adopted this 9th day of March 2023.

Brad M. Cavanagh, Mayor

Attest :Adrienne N. Breitfelder, City Clerk

**RESOLUTION NO. 66-23
SETTING THE DATE FOR THE PUBLIC
HEARING ON THE FIVE-YEAR CAPITAL IM-
PROVEMENT PROGRAM FOR FISCAL
YEARS 2024 THROUGH 2028 FOR THE
CITY OF DUBUQUE**

Whereas, a proposed Five-Year Capital Improvement Program for the City of Dubuque for Fiscal Years 2024 through 2028 has been prepared and submitted to the City Council; and

Whereas, the capital projects for the first year of the program are included in the Fiscal Year 2024 budget for the City of Dubuque; and

Whereas, it is deemed to be in the best interest of the City of Dubuque to conduct a public hearing and adopt the five-year Capital Improvement Program simultaneously with the public hearing and adoption of the Fiscal Year 2024 budget for the City of Dubuque.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the City Council shall conduct a public hearing on the five-year Capital Improvement Program for Fiscal Years 2024 through 2028 in the City Council Chambers and virtually on Thursday, March 23, 2023, beginning at 6:30 p.m.

Passed, approved, and adopted this 9th day of March 2023.

Brad M. Cavanagh, Mayor

Attest: Adrienne N. Breitfelder, City Clerk

**PUBLIC HEARINGS
FISCAL YEAR 2024 DEPARTMENT BUDGETS**

Fiscal Year 2024 City department budgets were presented by staff from the following departments:

1. Emergency Management Fiscal Year 2024 Budget Presentation: Tom Berger, Emergency Management Director.
2. Emergency Communications Fiscal Year 2024 Budget Presentation: Mark Murphy, Emergency Communications Manager.
3. Police Department Fiscal Year 2024 Budget Presentation: Jeremy Jensen, Police Chief.
4. Fire Department Fiscal Year 2024 Budget Presentation: Amy Scheller, Fire Chief.

Staff responded to questions from the City Council following their respective presentation.

Following City Council discussion on the Police Department's Improvement Package No. 2 on an automated license plate reader system, Mayor Cavanagh encouraged

residents to provide input on the recommendation prior to the March 23, 2023, final hearing to adopt the Fiscal Year 2024 budget. Mayor Cavanagh also stated that input would be welcomed on the city's camera policy, which the City Council would discuss amending after the March 23, 2023, final hearing.

Council Member Wethal recommended the City Council approve Improvement Package No. 2 for one additional full-time firefighter and made suggestions of how to fund the position from both one-time and ongoing funding sources. City Manager Van Milligen advised that the City Council avoid using one-time funding sources to fund recurring expenses. City Manager Van Milligen also stated his reason for not recommending the position, stating that the position will be dependent on what the City Council decides regarding future fire stations. Mayor Cavanagh suggested an agenda item at the next budget hearing for City Council to discuss any proposed changes to the budget. City Council Members also discussed that the March 23, 2023, final hearing to adopt the budget provides the opportunity for budget amendments. Per a suggestion from the City Council, Mayor Cavanagh stated that he would discuss the budget amendment process with City Attorney Brumwell and City Manager Van Milligen to determine the recommended approach for budget amendments. Mayor Cavanagh stated his intent to share the recommended approach at the March 21, 2023, budget hearing. City Council Members also agreed to a governance session in the future to discuss a recommended process for altering the budget.

CLOSED SESSION

Motion by Jones to convene in closed session at 10:06 p.m. to discuss Pending Litigation – Chapter 21.5(1)(c) Code of Iowa. Seconded by Sprank. Mayor Cavanagh stated for the record that the attorney who will consult with City Council on the issues to be discussed in the closed session is City Attorney Brumwell. Motion carried 7-0.

The City Council reconvened in open session at 11:13 p.m. stating that staff had been given proper direction.

There being no further business, Mayor Cavanagh declared the meeting adjourned at 11:14 p.m.

/s/Adrienne N. Breitfelder, CMC, City Clerk

**CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
SPECIAL SESSION
OFFICIAL**

The Dubuque City Council met in special session at 6:00 p.m. on March 20, 2023, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen (arrived at 6:02 p.m.), City Attorney Brumwell.

Mayor Cavanagh read the call and stated this is a special session of the City Council called for the purpose of conducting a work session on the Dubuque Regional Bicycle & Pedestrian Plan.

**WORK SESSION
DUBUQUE REGIONAL BICYCLE & PEDESTRIAN PLAN UPDATE**

Planning Services Manager Wally Wernimont introduced Laura Carstens and Dan Fox of the East Central Intergovernmental Association (ECIA). Ms. Carstens and Mr. Fox made a presentation on the status of the Dubuque Regional Bicycle and Pedestrian Plan. Due to limited time remaining in the work session, Mayor Cavanagh requested that the City Council contact the presenters with any questions.

There being no further business, Mayor Cavanagh declared the meeting adjourned at 6:29 p.m.

/s/Adrienne N. Breitfelder, CMC, City Clerk

**CITY OF DUBUQUE, IOWA
CITY COUNCIL PROCEEDINGS
REGULAR SESSION
OFFICIAL**

The Dubuque City Council met in regular session at 6:30 p.m. on March 20, 2023, in the second-floor Council Chambers of the Historic Federal Building, 350 W. 6th Street.

Present: Mayor Cavanagh; Council Members Farber, Jones, Resnick, Roussell, Sprank, Wethal; City Manager Van Milligen, City Attorney Brumwell.

Mayor Cavanagh read the call and stated this is a regular session of the City Council called for the purpose of conducting such business that may properly come before the City Council.

PLEDGE OF ALLEGIANCE

PRESENTATION(S)

1. COVID-19 Update: Public Health Director Mary Rose Corrigan provided an update on the COVID-19 pandemic and response activities. City Council Members suggested that the COVID-19 update change to a public health report that occurs every other month during flu season based on the forthcoming elimination of COVID-19 mandatory reporting and termination of the COVID-19 public health declaration.

CONSENT ITEMS

Motion by Resnick to receive and file the documents, adopt the resolutions, and dispose of as indicated. Seconded by Farber. Motion carried 7-0.

1. Minutes and Reports Submitted: Building Code Advisory and Appeals Board of 1/5/23; City Council Proceedings of 2/27/23, 3/06/23, 03/07/23, 03/08/23 and 03/09/23; Resilient Community Advisory Commission of 3/2/23; Zoning Advisory Commission of 3/1/23; Zoning Board of Adjustment of 2/23/23. Upon motion the documents were received and filed.

2. Notice of Claims and Suits: Nicolas Hayes for vehicle damage; Jeff Lehman for vehicle damage. Upon motion the documents were received, filed, and referred to the City Attorney.

3. Disposition of Claims: City Attorney advised that the following claims have been referred to Public Entity Risk Services of Iowa, the agent for the Iowa Communities Assurance

Pool: Nicole Hayes for vehicle damage; Jeff Lehman for vehicle damage. Upon motion the documents were received, filed, and concurred.

4. Approval of City Expenditures: Upon motion the documents were received and filed, and Resolution No. 67-23 Authorizing the Chief Financial Officer/City Treasurer to make certain payments of bills that must be paid and approved for payment in accordance with City procedures was adopted.

**RESOLUTION NO. 67-23
AUTHORIZING THE CHIEF FINANCIAL OFFICER / CITY TREASURER TO MAKE CERTAIN PAYMENTS OF BILLS THAT MUST BE PAID AND APPROVED FOR PAYMENT IN ACCORDANCE WITH CITY PROCEDURES**

Whereas, Section 1-7-7(E) of the Municipal Code of the City of Dubuque provides that the Finance Director-City Treasurer shall keep an accurate account of all disbursements, money, or property, specifying date, to whom, and from what fund paid; and

Whereas, the invoices, presented by those firms and persons providing such goods and services have been pre-audited by Finance Department personnel in accordance with generally accepted internal control procedures and have been determined to have been requisitioned for a lawful municipal purpose; and

Whereas, the Chief Financial Officer-City Treasurer has provided a list of Expenditures [provided] hereto, and by this reference made a part hereof, to be drawn to pay for goods and services provided for City purposes; and

Whereas, the City Council of the City of Dubuque has heretofore, by Resolution 142-18 adopted May 7, 2018, authorized the Chief Financial Officer-City Treasurer to issue checks in payment of certain expenditures known as Exception Expenditures prior to City Council approval and such list is [provided] hereto.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The Chief Financial Officer-City Treasurer is hereby authorized to issue payment for goods and services provided for City purposes in response to the purchase orders and contracts issued in compliance with state and municipal code requirements as requested by designated requisitioning authorities in accordance with approved budget appropriations.

Section 2. In accordance with Iowa Code Section 372.13(6), the City Clerk and Chief Financial Officer are hereby authorized and directed to provide the statement of receipts and disbursements to the City Council, and to publish a summary thereof.

Passed, approved, and adopted this 20th day of March, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

5. U.S. Environmental Protection Agency Solid Waste Recycling Grant: Upon motion the documents were received, filed, and approved.

6. Letter of Opposition to Iowa Senate File 479: City Manager provided a copy of a letter to Iowa Representative Chuck Isenhardt in opposition to Iowa Senate File 479, a bill for an act repealing energy conservation requirements for new construction. Upon motion the documents were received and filed.

7. Civil Service Commission - Certified Lists: Civil Service Commission submitted the certified lists for the positions of Police Officer and Fire Promotional ranks of Assistant Fire Chief, Assistant Fire Marshal, Fire Captain, EMS Supervisor, Fire Equipment Operator and Fire Lieutenant. Upon motion the documents were received, filed, and made a matter of record.

Respectfully submitted,
Civil Service Commissioner

8. Exclusive 3-Year Soft Drink Provider Agreement for Leisure Services: City Manager recommended City Council approval of the 3-year Pepsi agreement with Lime Rock Springs as the exclusive soft drink provider for the Bunker Hill Golf Course, McAleece Concession, Flora and Sutton Pools concession, Veterans Memorial Park, and the Port of Dubuque Marina. Upon motion the documents were received, filed, and approved.

9. Pre-Annexation Agreement – Terrence L. and Barbara Bahl: Upon motion the documents were received and filed, and Resolution No. 68-23 Approving a Pre-Annexation Agreement between the City of Dubuque, Iowa and Terrence L. and Barbara Bahl was adopted.

**RESOLUTION NO. 68-23
APPROVING A PRE-ANNEXATION AGREEMENT BETWEEN THE CITY OF DUBUQUE, IOWA AND TERRENCE L. AND BARBARA BAHL**

Whereas, Terrence L. and Barbara Bahl, the owner of the following described property located at 15461 Southwood Court in Dubuque County, Iowa (the Property) have submitted to the City Council of the city of Dubuque an application for voluntary annexation of the Property to the City of Dubuque:

Lot 5 in Briarwood Subdivision in Dubuque County, Iowa, according to the recorded plat thereof, subject to easements and restrictions of record

Whereas, Terrence L. and Barbara Bahl have entered into a Pre-annexation Agreement with the City of Dubuque, a copy of which is [provided] hereto governing the future annexation of the Property; and

Whereas, the Property is not subject to an existing annexation moratorium; and

Whereas, the Property does not include any state or railroad property; and

Whereas, Iowa Code Section 368.7 authorizes the voluntary annexation of property in Dubuque County, Iowa, and the extension of city limits by voluntary annexation; and

Whereas, the annexation of the Property is consistent with the Comprehensive Plan of the City of Dubuque, necessary for the future orderly growth and development of the City of Dubuque, and will promote efficient and cost-effective extension of municipal services; and

Whereas, the City Council finds that the annexation of the Property is in the public interest.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The Pre-annexation Agreement by and between Terrence L. and Barbara Bahl and the City of Dubuque is hereby approved.

Passed, approved, and adopted this 20th day of March 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

10. Signed Contract(s): Experience Roofing for the Central Storage Rubber Roof Repair; Sustainable Strategies DC for professional strategic funding services. Upon motion the documents were received and filed.

11. Menard Inc. Property Tax Appeal Stipulation of Settlement Approval: Senior Counsel recommended approval of the stipulation of settlement for a property tax appeal filed by Menard Inc. for their property located at 5300 Westside Drive. Upon motion the documents were received, filed, and approved.

12. Canadian Pacific Railway Acquisition of Kansas City Southern Railroad & Pending Merger Update: Upon motion the documents were received and filed.

13. Purchase Agreement for Temporary Detour Easement Across Lot 1 in Riverview Plaza No. 4 as Part of the Kerper Boulevard and Kerper Court Intersection Improvements Project with HWY 151 & 61 Development, LLC: Upon motion the documents were received and filed, and Resolution No. 69-23 Approving a Purchase Agreement Between the city of Dubuque, Iowa and HWY 151 & 61 Development, LLC for a Temporary Detour Easement Across Lot 1 in Riverview Plaza No. 4 in the city of Dubuque Iowa as Part of the Kerper Boulevard and Kerper Court Intersection Improvements Project was adopted.

**RESOLUTION NO. 69-23
APPROVING A PURCHASE AGREEMENT
BETWEEN THE CITY OF DUBUQUE, IOWA
AND HWY 151 & 61 DEVELOPMENT, LLC
FOR A TEMPORARY DETOUR EASEMENT
ACROSS LOT 1 IN RIVERVIEW PLAZA NO.
4 IN THE CITY OF DUBUQUE IOWA AS
PART OF THE KERPER BOULEVARD AND
KERPER COURT INTERSECTION IM-
PROVEMENTS PROJECT**

Whereas, per Resolution No. 387-22 the City of Dubuque has entered into an agreement with Kwik Trip, Inc. (KTI) for the construction of certain improvements at the intersection of Kerper Boulevard and Kerper Court; and

Whereas, HWY 151 & 61 Development LLC is the owner of property between Kerper Boulevard and 16th Street, being the former Dubuque Packing site, legally described as Lot 1 in Riverview Plaza No. 4 in the City of Dubuque, Iowa; and

Whereas, in order to reduce the time to construct the intersection improvements and limit disruption to the traffic on Kerper Boulevard and Kerper Court, the City is proposing to construct a temporary detour roadway through the HWY 151 & 61 Development, LLC property connecting Kerper Court at its west end to 16th Street. The detour will allow Kerper Court to be closed at its intersection with Kerper Boulevard during construction and allow traffic access to the Kerper Boulevard properties/businesses via 16th Street and detour roadway; and

Whereas, the City of Dubuque has negotiated a Purchase Agreement, subject to City Council approval, with Hwy 151 & 61 Development, LLC for a temporary detour easement thru Lot 1 in Riverview Plaza No. 4 in the City of Dubuque, Iowa to construct and use said detour roadway for the duration of the intersection improvements project; and

Whereas, the City Council finds that it is in the best interest of the City of Dubuque to approve the Purchase Agreement [provided] hereto.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. The Purchase Agreement [provided] hereto is hereby approved.

Section 2. The City Manager is authorized and directed to execute the Purchase Agreement on behalf of the City of Dubuque and to take such action as may be necessary to carry out the terms of the Purchase Agreement.

Passed, Approved, and Adopted this 20th day of March, 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

14. Amendment to Master Agreement and Project Statement - ImOn Communications LLC: Upon motion the documents were received, filed, and approved.

15. Master Agreement and Project Statement Amendment - Unite Private Network (UPN): Upon motion the documents were received, filed, and approved.

16. Tobacco Permit Application: Upon motion the documents were received and filed, and Resolution No. 70-23 Approving applications for retail cigarette/tobacco sales/nicotine/vapor permits, as required by Iowa Code Chapter 453A.47A was adopted.

**RESOLUTION NO. 70-23
APPROVING APPLICATIONS FOR RETAIL
CIGARETTE / TOBACCO SALES / NICOTINE
/ VAPOR PERMITS, AS REQUIRED BY
IOWA CODE 453A.47A**

Whereas, applications for Cigarette/Tobacco/Nicotine/Vapor Permit Sales have been submitted and filed with the City Council for approval, and the same have been examined and approved; and

Whereas, the premises to be occupied by such applicants were inspected and found to comply with the Ordinances of the City and the applicants have filed the proper fees and otherwise complied with the requirements of the Code of Ordinances.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA THAT:

Section 1. The City Clerk is hereby authorized and directed to cause to be issued the following named applicants and locations for Cigarette/Tobacco/Nicotine/Vapor sales permit.

Business Name, Business Address

Pink Cloud Smoke Shop, 3301 Pennsylvania Ave.

Passed, approved, and adopted this 20th day of March 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

ITEMS SET FOR PUBLIC HEARING

Motion by Roussell to receive and file the documents, adopt the resolutions, and set the public hearings as indicated. Seconded by Sprank. Motion carried 7-0.

1. Set Public Hearing - Disposition of City-Owned Property at 612 Lincoln Avenue: Upon motion the documents were received and filed and Resolution No. 71-23 Intent to dispose of an interest in City of Dubuque real estate to Affordable Housing Network, Inc, setting a time and place for hearing, and providing for the publication of notice thereof was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on April 3, 2023 in the Historic Federal Building.

**RESOLUTION NO. 71-23
INTENT TO DISPOSE OF AN INTEREST IN
CITY OF DUBUQUE REAL ESTATE TO AFFORDABLE HOUSING NETWORK, INC,
SETTING A TIME AND PLACE FOR HEARING, AND PROVIDING FOR THE PUBLICATION OF NOTICE THEREOF**

Whereas, the City of Dubuque, Iowa (City) owns 612 Lincoln Avenue (the Property) legally described as:

Southwesterly Half of Lot 53 and Lot 1 of Lot 54 in Cook's Addition to the City of Dubuque, Iowa, according to the recorded plat thereof; and

Whereas, the City acquired the property through petition for title to abandoned property; and

Whereas, it is the recommendation of the Housing and Community Development Department to approve the purchase agreement for the sale to Affordable Housing Network, Inc. according to the terms and conditions set out in the purchase agreement in the public interest of the City of Dubuque.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That the City of Dubuque, Iowa, proposes to approve the purchase agreement of the above-described real estate to Affordable Housing Network, Inc.

Section 2. That the City Council shall conduct a public hearing on the proposed purchase agreement in the City Council Chambers at the Historic Federal Building, 350 W. 6th Street, Dubuque, Iowa on the 3rd day of April, 2023, beginning at 6:30 PM.

Section 3. That the City Clerk be and is hereby authorized and directed to publish notice of the public hearing in the form [provided] hereto, according to law.

Passed, approved, and adopted this 20th day of March 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne Breitfelder, City Clerk

2. Set for Public Hearing - Brehm Acres Voluntary Annexation Request: Upon motion the documents were received and filed and Resolution No. 72-23 Setting a Public Hearing on an Application for Voluntary Annexation of Territory to the City of Dubuque, Iowa was adopted setting a public hearing for a meeting to commence at 6:30 p.m. on April 17, 2023 in the Historic Federal Building.

**RESOLUTION NO. 72-23
SETTING A PUBLIC HEARING ON AN APPLICATION FOR VOLUNTARY ANNEXATION OF TERRITORY TO THE CITY OF DUBUQUE, IOWA**

Whereas, the City Council of Dubuque has received a written application from John and Diane Brehm (property owners) and Seippel Warehouse LLC (applicant and future property owner) for the voluntary annexation of 2.804 acres of property. The property is comprised of agricultural land east of Cottingham Road and west of Dubuque Industrial Center South as shown on Exhibit A and legally described as:

Part of Lot 1 In Brehm Acres Plat 2. Dubuque County, Iowa, more particularly described as follows: Commencing at the East Quarter Corner of Section 36, Township 89 North, Range 1 East of the 5th P.M., Dubuque County, Iowa; thence S00°05'05"E, 394.29 ft. To along the east line of the Southeast quarter of said Section 36 to the Centerline of Cottingham Road and the point of beginning; thence continuing S00°05'05"E, 794.63 ft. along said East line; thence N66°16'22"W, 100.00 ft.; thence N46°30'28"W, 193.69 ft.; thence N20°13'45"W, 170.84 ft. to the centerline of Cottingham Road; thence N40°16'31"E, 176.53 ft. along said centerline to the beginning of a centerline curve tangent to said line; thence Northeasterly and Northerly, 255.77 ft. along the curve concave to the Northwest, having a radius of 740.82 ft. and a central angle of 19°46'53"; thence N20°30'25"E, 33.09 ft. along said centerline to the beginning of a centerline curve; thence Northerly and Northeasterly, 83.73 ft. along said curve having a radius of 325.00 ft., concave to the Southeast, a central angle of 14°45'38" and a chord which bears N25°10'38"E, 83.50 ft. to the point of beginning, containing 2.804 acres, which includes 0.402 acres of existing public road right of way.

Whereas, the annexation territory is not subject to an existing annexation moratorium agreement and does not include any railroad property; and

Whereas, the annexation territory does not include State owned property; and

Whereas, Chapter 368 of the Code of Iowa authorizes that the annexation territory be made part of the City of Dubuque, Iowa; and

Whereas, the annexation territory is consistent with the City's Comprehensive Plan; and

Whereas, the future growth and development of the City of Dubuque, Iowa makes it desirable that the annexation territory be made part of the City of Dubuque, Iowa; and

Whereas, the City of Dubuque has the capacity to provide substantial municipal services to the annexation territory; and

Whereas, the annexation is in the public interest.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

A public hearing will be held on the 17th day of April 2023, at 6:30 p.m. in the Historic Federal Building Council Chambers (second floor), 350 West 6th Street, Dubuque, Iowa, at which time interested persons may appear and be heard for or against the proposed annexation, and the City Clerk be and is hereby directed to cause the [provided] notice of the time and place of such hearing to be published in a newspaper having general circulation in the City of Dubuque, Iowa, which notice shall be published not less than fourteen days prior to the date of such hearing.

Passed, approved, and adopted this 20th day of March 2023.

Brad M. Cavanagh, Mayor

Attest: Adrienne Breitfelder, City Clerk

PUBLIC HEARINGS

1. Request to Amend Planned Unit Development 2600 Dodge Street, Plaza 20: Motion by Jones to receive and file the documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Roussell. Planning Services Manager Wally Wernimont provided a staff report. City Council members requested an update on resolving the current traffic pattern and barricades in Plaza 20 resulting from Starbucks to confirm those situations will be resolved before any additional development in Plaza 20 is approved. City Engineer Gus Psihoyos stated that the city's agreement with Starbucks resulted in the current traffic patterns. The Engineering Department is preparing to issue bids this spring to modify the traffic patterns. Motion carried 7-0.

Motion by Jones for final consideration and passage of Ordinance No. 7-23 Amending Title 16, The Unified Development Code of the City of Dubuque Code of Ordinances by rescinding Ordinance 51-16 which established regulations for the Plaza 20 PUD Planned Unit Development District with a Planned Commercial Designation and now being amended to allow for modification of the On-Premise Sign Regulations applied to Plaza 20. Seconded by Roussell. Motion carried 7-0.

ORDINANCE NO. 7-23

AMENDING TITLE 16, THE UNIFIED DEVELOPMENT CODE OF THE CITY OF DUBUQUE CODE OF ORDINANCES BY RESCINDING ORDINANCE 51-16 WHICH ESTABLISHED REGULATIONS FOR THE PLAZA 20 PUD PLANNED UNIT DEVELOPMENT DISTRICT WITH A PLANNED COMMERCIAL DESIGNATION AND NOW BEING AMENDED TO ALLOW FOR MODIFICATION OF THE ON-PREMISE SIGN REGULATIONS APPLIED TO PLAZA 20

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That Title 16, the Unified Development Code of the City of Dubuque Code of Ordinances is hereby amended by rescinding Ordinance 51-16 which established regulations for the Plaza 20 Planned Unit Development District with a Planned Commercial District designation, and now being amended to allow modification of the on-premise sign regulations applied to Plaza 20, to wit:

A. Use Regulations

The following regulations shall apply to all uses made of land in the above-described Planned Unit Development:

Principal permitted uses: The following uses are permitted in the Plaza 20 Planned Unit Development:

1. Regional shopping center, 2. Retail sales/service, 3. Indoor restaurant, 4. Drive-in/carry-out restaurant, 5. General offices, 6. Indoor recreation, 7. Outdoor recreation, 8. Auto sales and service, 9. Auto service centers, 10. Automated gas station, 11. Self-service car wash, 12. Business services, 13. Hotel, 14. Motel, 15. Auditorium or assembly hall

Accessory Uses: The following accessory uses are permitted in the Plaza 20 Planned Unit Development:

1. Any use customarily incidental and subordinate to the principal use it serves.
2. Outdoor seating as part of an indoor restaurant, bar, or tavern.

Conditional Uses: The following conditional uses are permitted in the Plaza 20 Planned

Unit Development, subject to the provisions of Section 8 of the Unified Development Code that establishes requirements for application to the Zoning Board of Adjustment for a conditional use permit, and any other specific conditions listed below for a conditional use.

1. Licensed childcare centers, provided that:
 - a. Such facility shall supply loading and unloading spaces so as not to obstruct public streets or create traffic or safety hazards;
 - b. All licenses have been issued or have been applied for and are awaiting the outcome of the state's decision; and
 - c. Such use shall not be located within the same structure as any gas station, bar/tavern, automated gas station or any facility selling, servicing, repairing, or renting vehicles.
 - d. The conditional use applicant certifies that the premises on which the licensed childcare center will be located complies with, and will for so long as the licensed child care center is so located, continue to comply with all local, state and federal regulations governing hazardous substances, hazardous conditions, hazardous wastes, and hazardous materials.
 - e. If the applicant is subject to the requirements of Section 302 of the Superfund Amendments and Reauthorization Act of 1986, as amended, the Emergency Management Director shall certify whether or not the applicant has submitted a current inventory of extremely hazardous substances kept or stored on the premises. If any such extremely hazardous substances are kept or stored on the premises, the applicant shall also post in a conspicuous place on the premises a notice indicating a description of the extremely hazardous substances, and the physical and health hazards presented by such substances.
 - f. Applicant shall submit an evacuation plan for approval by the City, both written and drawn, that details where the children will go in the event of a hazardous materials incident. The plan shall include a "house in place" scenario in which the children can be kept safely within a room of the building that has no penetration to the outside (windows, doors, etc.).
 - g. Applicant shall submit plans for approval by the City that indicate the installation of a main emergency shut-off switch for the heating, ventilation, and air conditioning (HVAC) system

to minimize the infiltration risk of airborne hazardous materials.

B. Lot and Bulk Regulations.

The following bulk regulations shall apply in the Plaza 20 Planned Unit Development, subject to the provisions of the Unified Development Code.

1. All shopping center buildings, structures, and activities shall be developed in substantial conformance with previously approved conceptual development plan(s).
2. All shopping center buildings and structures shall be limited to a maximum height of 40 ft..
3. All buildings and structures located on out lots shall be developed in compliance with the bulk regulations of the C-3 General Commercial district.

C. Sign Regulations.

1. The provisions of the City of Dubuque Unified Development Code, Section 15 Signs shall apply unless further regulated by this section.
2. On-premise signs: On-premise signs shall be regulated in accordance with the provisions of Exhibit A.
3. Off-premise signs: Off-premise signs shall be prohibited.
4. Variances: Variances from sign requirements for size, number, and height may be requested. Such variances shall be reviewed by the Zoning Board of Adjustment in accordance with Article 8-6 of the Unified Development Code.

D. Parking Regulations

1. Parking requirements for Plaza 20 shall be one space per 250 square ft. of retail space accessible to the general public.
2. All vehicle-related features shall be surfaced with standard or permeable asphalt, concrete, or pavers.
3. Curbing and proper surface drainage of storm water shall be provided.
4. All parking and loading spaces shall be delineated on the surfacing material by painted stripes or other permanent means.
5. The size and design of parking spaces shall be governed by applicable provisions of the Unified Development Code enforced at the time of development of the lot.
6. The number, size, design, and location of parking spaces designated for persons with disabilities shall be according to the local, state, or federal requirements in effect at the time of development.
7. Parking requirements for businesses located on out lots shall comply with

the provisions of Section 14 of the Unified Development Code.

E. Site Lighting

1. Exterior illumination of site features shall be limited to the illumination of the following:
 - a. Parking areas, driveways and loading facilities.
 - b. Pedestrian walkway surfaces and entrances to building.
 - c. Building exterior.
2. Location and Design
 - a. All exterior lighting luminaries shall be designed and installed to shield light from the luminaries at angles above 72-degrees from vertical.
 - b. Fixtures mounted on a building shall not be positioned higher than the roofline of the building.
 - c. All electrical service lines to posts and fixtures shall be underground and concealed inside the posts.

F. Exterior Trash Collection Areas

1. The storage of trash and debris shall be limited to that produced by the principal permitted use and accessory uses of the lot.
2. All exterior trash collection areas and the materials contained therein shall be visually screened from view. The screening shall be completely opaque fence, wall or other feature not exceeding a height of 10 ft. measured from the ground level outside the line of the screen. Screens built on sloping grades shall be stepped so that their top line shall be horizontal. All exterior entrances to a screened trash area shall be provided with a gate or door of similar design to that of the screen.

G. Performance Standards

The development and maintenance of uses in this Planned Unit Development shall be established in conformance with the following standards.

1. That the east side of Plaza 20 adjacent to the new retail space be planted with species of shade trees that will provide an effective screen in the future between the commercial plaza and residential properties to the east.
2. Platting: Subdivision plats shall be submitted in accordance with Section 11 Land Subdivision of the City of Dubuque Unified Development Code.
3. Site Plans: Final site development plans shall be submitted in accordance with Section 12 Site Plans and Section 13 Site Design Standards of the City of Dubuque Unified Development Code prior to construction of each building and vehicle-related

feature unless otherwise exempted by Article 12.

4. Storm Water Conveyance: The developer of each lot shall be responsible for providing surface or subsurface conveyance(s) of storm water from the lot to existing storm sewers or to the flow line of open drainage ways outside the lot in a means that is satisfactory to the Engineering Department of the City of Dubuque. Other applicable regulations enforced by the City of Dubuque relative to storm water management and drainage shall apply to properties in the Planned Unit Development.

H. Other Codes and Regulations

1. Service Lines. All electric, telephone, cable, or other similar utility lines serving the building and other site features shall be located underground, where feasible.
2. These regulations do not relieve the owner from other applicable city, county, state or federal codes, regulations, laws, and other controls relative to the planning, construction, operation, and management of property within the city of Dubuque.

I. Transfer of Ownership

Transfer of ownership or lease of property in the Plaza 20 PUD shall include in the transfer or lease agreement a provision that the purchaser or lessee acknowledges awareness of the conditions authorizing the establishment of the District PUD.

J. Recording

A copy of this PUD Ordinance shall be recorded, at the expense of the property owner, with the Dubuque County Recorder as a permanent record of the conditions accepted as part of this reclassification approval. This ordinance shall be binding upon the undersigned and his/her heirs, successors, and assigns.

Section 2. The foregoing amendment has heretofore been reviewed by the Zoning Advisory Commission of the City of Dubuque, Iowa.

Section 3. The foregoing amendment shall take effect upon publication, as provided by law.

Passed, approved, and adopted this 20th day of March 2023.

Brad M. Cavanagh, Mayor
Attest: Adrienne N. Breitfelder, City Clerk

2. Request to rezone the property of approximately 2.4-acre irregularly shaped site with frontage along Carter Road PIN 1015453009 property to a Planned Unit Development with PR-Planned Residential designation: Motion by Jones to receive and file the

documents and that the requirement that a proposed ordinance be considered and voted on for passage at two Council meetings prior to the meeting at which it is to be passed be suspended. Seconded by Farber. Planning Services Manager Wally Wernimont provided a staff report. Mike Jozefowicz, 2735 Hickory Hill; Dan Williams, 2710 Hickory Hill; Paula Lange, 3077 Westmore Dr.; and Paige Thomas, 3023 Westmore Dr.; spoke in opposition to the rezoning. Applicant Kevin Oberbroeckling of CK Construction spoke in support of the rezoning. Responding to questions from the City Council, Mr. Wernimont summarized the process for reviewing stormwater management plans and referenced studies that indicated the city's future housing needs. Mr. Wernimont also spoke about the process which determined that a traffic study was not required and how flooding complaints regarding private properties would be addressed. Responding to questions from the City Council, Zoning Advisory Commission Member Richard Russell stated that the Zoning Advisory Commission had three excused absences from the commission meeting in which this public hearing occurred, and that another commission member recused himself from the vote due to a conflict of interest. Mr. Russell stated that the commission expressed concerns on density during the hearing and discussed the other multi-family developments in the vicinity. City Manager Van Milligen stated that liability for stormwater property damage could not be determined without additional review. City Attorney Brumwell stated that the city's role in stormwater damage is limited to enforcement, with the city referring residents to private attorneys for legal guidance. City Council members discussed the need for additional housing and that traffic patterns at certain schools could potentially be reviewed in the future. Motion carried 7-0.

Motion by Jones for final consideration and passage of Ordinance No. 8-23 Amending Title 16 of The Unified Development Code of the City of Dubuque Code of Ordinances by Rescinding Ordinance 10-96 and Ordinance 45-93 and Adopting a PUD Planned Unit Development with a PR Planned Residential District Designation and Conceptual Development Plan for one 16-Unit and one 24-Unit Multi-Family Residential Building with a Detached Garage. Seconded by Farber. Motion carried 7-0.

ORDINANCE NO. 8 - 23
AMENDING TITLE 16 OF THE UNIFIED DEVELOPMENT CODE OF THE CITY OF DUBUQUE CODE OF ORDINANCES BY RESCINDING ORDINANCE 10-96 AND ORDINANCE 45-93 AND ADOPTING A PUD PLANNED UNIT DEVELOPMENT WITH A PR PLANNED RESIDENTIAL DISTRICT

DESIGNATION AND CONCEPTUAL DEVELOPMENT PLAN FOR ONE 16-UNIT AND ONE 24-UNIT MULTI-FAMILY RESIDENTIAL BUILDING WITH A DETACHED GARAGE

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DUBUQUE, IOWA:

Section 1. That Title 16 of the Unified Development Code of the City of Dubuque Code of Ordinances is hereby amended by reclassifying the hereinafter-described property from PUD with a PR Planned Residential District designation to PUD Planned Unit Development District with a PR Planned Residential District designation, and adopting a conceptual development plan, a copy of which is [provided] to and made a part hereof, is hereby adopted and approved for the following described property, to wit:

Lot 2 St. Mary's Place No. 4 and to the centerline of the adjoining public right-of-way, all in the City of Dubuque, Iowa.
